

THE MULESHOE JOURNAL

Dedicated to the Progress and Development of Bailey County and the South Plains of Texas

VOLUME 8.

MULESHOE, BAILEY COUNTY, TEXAS, FRIDAY, MAY 20, 1930

NUMBER 16

Bailey County Commended By Grand Jury

In the District Court of Bailey County, Texas, May Term, A. D. 1930.

To the Honorable Judge of said Court:

We, your Grand Jury for said Bailey County, Texas, at the above term of Court, hereby render our final report. We wish to commend the Sheriff's Department and the Justices of the Peace for their efforts in enforcing our laws. We feel that our county has been particularly fortunate in that we have had few law violations, and this we believe is due to the efforts of our peace officers. The good citizens should render all support possible in this program.

We wish to commend the County Attorney for keeping the docket clear as to all misdemeanors. Much of our time has been saved due to the fact that it has not been necessary for us to investigate misdemeanors. We want to thank the County and District Attorney for their assistance rendered to us in our deliberations.

We have inspected the Court House and Jail, and the grounds surrounding the same, and find these in good sanitary condition.

We have diligently inquired into all matters of law violations that have come to our knowledge, and having returned 6 true bills, all felonies, we are at the end of our labors for this term and ask to be discharged.

Respectfully submitted,

E. E. BOOTH, Foreman.

Garrison Protest Is Withdrawn In Motortruck Case

A protest, made by W. C. Garrison of Lubbock, operator of a motor truck M. via Littlefield, Amherst, Sudan Muleshoe and Farwell, to the Interstate Commerce Commission that with applications be denied for permits to operate over the same route, was withdrawn Tuesday before it was brought before that body which is now in session at the Hotel Lubbock in Lubbock. It is understood that conclusive evidence was presented by opposing counsel to the effect that such a line or lines were already in operation under temporary permits, and that such a protest is out of order.

J. E. Adams of Muleshoe and Judge Loken of Farwell, and perhaps others from various points along the route appeared at Lubbock Tuesday carrying petitions signed by patrons of W. C. Garrison requesting that other applications be denied, but since the protest of Mr. Garrison was withdrawn, they did not appear before the Commission.

The position taken by the signers of the petition was to the effect that W. C. Garrison is an efficient operator of a Class A Motor Truck which serves these points and is able to take care of the needs of the people along said line, and "it would be disadvantageous to the shipping public to grant too many certificates over the same route, serving the same towns because that would cause dissension between the operators which would not be conducive to the best interests of the shipping public" and it was recommended that other petitions be denied.

PLAINVIEW DISTRICT PIONEERS TO CELEBRATE ON FRIDAY

Several pioneer residents of this section will meet in Plainview today (Friday) in an annual get-together celebration sponsored by the Business and Professional Women's Club of Plainview.

A parade in the afternoon will open the celebration. Old time vehicles including the covered wagon, cowboys, and other reminders of the scenes of early days will be seen in the parade.

A dinner cooked by cowboy chefs will be served from a chuck wagon, and there will be a number of entertainment features including story telling of the early days, fiddling and old time dances.

Will Sponsor Boy Scout Organization Here At Early Date

Business men and members of the Kiwanis Club are to sponsor a Boy Scout troop for Muleshoe and steps will be taken to have the organization completed as soon as possible. Minor Huffman, Scout executive for the Eastern area, New Mexico, which also includes this section of Texas, has informed some of the business men that he will be glad to meet with the citizens here at any time to formulate plans.

Local Markets

This report is received each Thursday morning between the hours of 9 a. m. and 11:30 a. m., and is subject to change without notice. Markets are furnished by local dealers for the benefit of their patrons.

The Tale the Census Tells

By Albert T. Reid

Plateau Singing Convention To Be At Lockney

Lockney, Texas.—More than ten thousand singers and lovers of Sacred music from twenty-five counties of Eastern New Mexico and West Texas are expected to attend the annual Plateau Singing convention to be held here on June 14th and 15th, in what promises to be the largest singing convention ever held in the State of Texas or New Mexico, according to Jno. F. Taylor, Clovis, president of the association.

Plans are being made to accommodate the largest crowd ever assembled in Floyd county. Members of the Floyd county association have offered to throw open their homes to the visitors and the citizens of Lockney are busy with preparations for the convention. This event will be the culmination of a series of county conventions that are held semi-annually in Chaves, Roosevelt, DeBaca, Lea, Quay, Curry, Eddy and Union counties in New Mexico and Taylor, Farmer, Cochran, Lynn, Bailey, Deaf Smith, Terry, Randall, Lamb, Briscoe, Castro, Swisher, Hale, Floyd, Potter, Carson and Lubbock counties, Texas.

Old Liquor Prices Found In House During Repairs

An interesting old folder was brought into The Journal office this week which was found in one of the oldest houses in this part of the country while undergoing repairs. It was a "Special Wholesale Price List" of the Martin Distilling Company of Kansas City.

This firm tells the world that they are whiskey and wine brokers, and that all goods conform to the requirements of the U. S. and Pure Food laws. The feature goods for sale at that time was Warwick Club whiskey, old fashioned and mellow, quoted at \$2.65 per gallon. "Guckensheimer" Rye sold "in them days" for \$10 the dozen quarts, and satisfaction was guaranteed. It bought in large enough quantities, 5 quarts of California wine was given free, with a wide range of flavors to choose from. "Ress of Kentucky" was going at \$2.35 per gallon and all other brands of the day were priced in proportion.

LAMB COUNTY TO GIVE FAIR

Amherst.—Good progress is being made on the Lamb county fair grounds here and buildings are under construction to be completed in time for the fair in the fall. The buildings now under way include a baseball park, a race track and several exhibit buildings.

District Court Adjourns After Session Here

The May term of the District Court here closed last Saturday with the docket, both civil and criminal practically cleared. Visitors here during court from neighboring towns and counties commented upon the fact that Bailey county had less lawlessness than any they had visited. This speaks well for our officials and is something for which we should be proud.

Cases disposed of during criminal docket week were: Kenneth W. Dean and Sam McKee, who plead guilty to a charge of bringing stolen goods into Texas and drew three-year suspended sentences; Logan Rogers, 1 year in the penitentiary, transporting liquor; C. G. Breedlove, transporting liquor, hung jury; John Lacy, 2 years in the penitentiary, embezzlement; Wilson Melton, instructed verdict of not guilty on a charge of possession of material for manufacture of whiskey.

"Ma" Ferguson Back In Texas Governor Race

"Ma" Ferguson, former petticoat governor of Texas, has thrown her old sunbonnet into the ring again and says she is asking to be elected to the office once more so that she may save the State from destruction and the ravages of "incompetent" officials.

"Ma" cites her last term in office as an example of efficiency and challenges anyone to show a better record. She made her announcement after the courts had refused to allow Jim's name to be placed on the ticket as a candidate. She will adopt the platform her husband had written and announced some weeks ago with the exception of the prohibition plank.

"Instead of promising to veto all liquor legislation," she says, "I want to strengthen our liquor laws and see if some improvement can not be made in their enforcement. We, who have been prohibitionist all these years have suffered much discouragement recently, and I want to see one honest effort made to outlaw the liquor traffic."

No mention is made in the literature sent out this week as to the policy to be followed in regard to the penitentiary system.

Muleshoe Team Defeats Bovina 8 to 0 Sunday

The Muleshoe baseball club came out on the long end of an 8 to 0 score in an errorless game with Bovina last Sunday on the local field. Only one hit was credited the Bovina team against Muleshoe. The local team has been progressing steadily since the opening of the season, and, according to Manager Garrett, has worked under a great handicap thus far. Recent results, however, have proved the wisdom of the hard and persistent training that has been given the team.

The lineup of the local team is as follows: Beasley Gwyn, p; Roy Carr, c; Pete McGee, 1b; Byron Gwyn, 2b; Buster Ragdsdale, 3b; Pete Blackshear, ss; Cap Needham, lf; Sy Soung, cf; Herschel Alsop, rf. The umpires were Nelson Pierce of Bovina and Kemp of Muleshoe.

Practically the same lineup will meet the Flags aggregation here next Sunday at 3 o'clock.

WHITE-LAWLER

Mr. Oscar White of Ruston, La., and Miss Louise Lawler of Muleshoe were married in Clovis Saturday evening by Rev. Nix of that place, returning to Muleshoe immediately to make their home. Miss Lawler is the daughter of Mr. and Mrs. J. J. Lawler of this place and has for some time been employed in the office of County Attorney Pat R. Bobo. Mr. White is now employed at the E. R. Hart Lumber Co.

The Journal joins with many friends in wishing for them much happiness.

City Well Test Shows Water Is OK, Report

Dr. A. R. Matthews, city health officer, has received a report on the laboratory test of the city well, which was sent to the State Board of Health a few days ago. The water shows no contamination as some people seemed to think. Other tests will be made from time to time and the citizens kept informed as to their city well.

L. S. AUTREY OF FAIRVIEW COMMUNITY PASSES AWAY

L. S. Autrey, of the Fairview community passed away Sunday night in a Lubbock hospital and was buried Tuesday in the Lubbock cemetery. The cause of his death was not learned from the report.

Mr. Autrey has been working for Tom Parris and lived on the A. L. Davis place with his sister, Mrs. Ruthford and daughter, and with his son, 16, and daughter, 14. His wife died several years ago.

Parmer County League Favors Health Nurse

Many parents and teachers in this county are thoroughly convinced that children's health is the true base from which all highly successful education work must proceed. Excellence of sight and hearing, readiness and precision of movement and exactness of understanding are qualities which in the child make parents grateful and happy. Intelligence, good will and an agreeable voice and manner, in friendship making, easily surpass sectarian religion and party politics in attractiveness and satisfaction. A cultivated personality is ever in order to wide and cordial welcome. A sense of beauty and of the eternal fitness of things properly rules the world.

To promote what is universally pleasing and acceptable among men is the chief business of religion and education. When Christ rose to his seat of power and glory on high, He gave gifts to men; and every one of them was a gift for teaching. The work of God, the Scriptures say, is exceeding quick and powerful; and the truth is put on record that men may be perfect and abound in every good work. To this divinity of character and purpose every family and nation is graciously called.

Very many persons are now feeling the force of these truths. As well, they see and deplore the handicaps that many of the young bear, when they come into competition with their more fortunate companions. Social life of every kind, whether of school or church or of mere pleasure party, discovers the unhappy differences. Half the teachers' time is to meet and help along the few whose progress is slow and uncertain. Only a generation ago a leading teacher said, "Our business is to take care of blockheads, the heads will take care of themselves." He thought, and almost everyone else thought, that he had said something unusually bright. But now a searching science has come on the field and is taking a full account of these delinquents, so mistakenly and unfairly called blockheads. It is being found that practically all the shortcomings is at bottom physical. Dullness of hearing, defectiveness of vision, pus in the system from diseased nasal passages, tonsils, teeth, digestive organs and toxins from sluggish excretory organs now certainly account for a large majority of the marks in teachers grade books strewn along from B to F. To make A's is the natural, normal and easy thing to do, where there is perfect soundness of body and honesty of effort.

Take the havoc chronic colds work in the head. One so suffering cannot have a pleasant voice. His enunciation is raucous and his articulation is imperfect. It is with difficulty that he can make himself understood. Hair that is spoken in public is unheeded.

At Canyon at the district meet of city senior high school students, a very few of the declaimers had effective voices. It was so with the majority of.

(Continued on page 7, col. 3.)

West Camp Will Rebuild School House Soon

According to information received here this week, adjustment has been made on the West Camp school which was destroyed by fire some weeks ago, and plans are going forward for rebuilding. New plans will be furnished by architects within the next few days and shortly thereafter bids will be received for the new structure. Trustees stated that the new building would be ready for the next term of school so that no time will be lost for lack of room.

Gets \$1,000 a Month

Gloria Caruso, daughter of the late Alois Caruso, to whom the courts have awarded \$1,000 a year from the royalties on her father's phonograph records.

Miss Ehabeth Hughes, youngest child of Chief Justice Hughes, whose engagement to William Thomas Goetz, young lawyer of New York, is announced.

International Sunday School Lesson for June 1

CONTRAST BETWEEN FAITHFULNESS AND SLIGHTHEARTEDNESS Matthew 23:14-30

Rev. Samuel D. Price, D. D. If any of those in and about Jerusalem put off hearing Jesus that Tuesday afternoon when He addressed a group on the Mount of Olives they forfeited their last chance of being in His audience.

Really great values were entrusted to servants and slaves in the Orient. An incident in fiction is the responsi-

bility of Simonides in 'Ben Hur,' and he so tended as to make the son of Hur the richest man in the world. From one to five talents were entrusted, in the parable, to three servants. Even the man who received one talent had a considerable responsibility for the would represent about 20,000, which in the Lord returned and demanded an accounting.

Everyone has at least one talent and most of us have more than the one, if we will be honest in evaluating what powers and opportunities have been given us by our Lord. Because we may have only one is no reason for not endeavoring it to the utmost.

And we do hereby notify all land owners and any and all persons owning lands through which said road may run, that we will at the same time proceed to assess the damages incidental to the opening and establishment of said road, when they may, either in person or by agent or attorney, present to us a written statement of the amount of damages, if any, claimed by them.

W. M. U. MEETING The W. M. U. Ladies of the Baptist church met Monday at the home of Mrs. Holland, with Mrs. Joiner and Mrs. Lamb as assistant hostesses. Mrs. Robertson led our devotional. The Scripture lesson was taken from the 13th chapter of 1st Corinthians. After the business was disposed of we enjoyed a number of games. Angel food cake and ice cream was served to the ladies. On account of the rain the ladies made a rush for home. We hope to meet with these ladies again when we can stay long as we want to.—Rep.

What Is Kiwanis?

INDIVIDUAL WORTH

By Henry J. Elliott, Montreal Canada
Past President Kiwanis International.

Tremendous problems do exist in the world and as the prejudices of men are considered, one wonders if the problems can be solved. If men have failed in the past it has been due solely to faint hearts.

Too often we expect outstanding men to be omnipotent and we heap burdens upon them. We forget our own individual power. Every one has a definite contribution to make toward the total of the world's happiness and prosperity. Each contribution is necessary to the stability and beauty of the fabric of life. Great and wonderful results come when precise men and women shake off the paralysis of faint hearts and believe in the reality of their power and the grandeur of their opportunities.

Happy is the man with great wealth and a generous heart. Happy is he, who by flow of eloquence in verse or prose, can rouse the popular interest. Not all, however, have the gifts of gold or of letters.

But there is the charm of personal gifts. We can throw the force of character into the vortex of life. We can offer the directive stabilizing energies of our mentality.

The glory of peace on earth, with good will toward men, the glory of commercial prosperity for the universal good, the glory of happy, harmonious vitality on the part of every soul, beckon men on, and inspire them to noble endeavor.

Kiwanis is devoted to such an ideal.

The Very Latest

By MARY MARSHALL

For several years women have been wishing for a radical change in fashions. They have grown impatient of the slow changes that have made it possible every season to wear last year's clothes with little or no alteration. Now the change has come, and

dresses, hats and wraps that we wear last spring look at least ten years out of date.

The task of lengthening a dress that has a deep hem that is not much worn is not at all difficult. If the mark of the first hem does not come out in the cleaning process it is possible to cover it by means of rows of stitching. Evening dresses and afternoon dresses with draped skirts can be lengthened by means of flounces or panels of contrasting material applied to the bottom of the skirt as shown in the picture. If the material of the dress cannot be exactly matched contrasting material may be used, which should be introduced somewhere else in the dress in order to disguise the utilitarian purpose of the hem ruffle.

TICKET APPEAL FAILS

Austin—The state supreme court Tuesday over ruled former Governor James E. Ferguson's motion for a rehearing on his application for a mandamus to compel the state democratic executive committee to place his name on the ballots as a candidate for governor in the party primaries.

Mountain Teacher

GOODLAND NEWS

There were forty present at Sunday school Sunday morning.
Mrs. Scott and children from Brownwood are visiting her parents, Mr. and Mrs. F. H. Wood.
Goodland school was out Friday. Most of the people in the Goodland

community were present. There were two ball games. In the early part of the afternoon Goodland and Watson played, the scores being 8-9 in favor of Goodland. Lemonade and cake were served. Then Goodland and Buis played the scores were also 8-9 in Goodland's favor.

Mr. Dennis Dunaway went to Lubbock this week.
Mrs. Squires sister from Littlefield is visiting her.

The program given by the school children Friday night was a success. After the program Mr. Bob Sammons sold a number of pies, the proceeds amounting to \$21.25 which will go to help the ball team.

Mrs. Harvey Curtis of Plainview visited friends in the Goodland community this week-end.

Mr. Kelton, Mr. Reed, Leonard Reed and Mr. Holloway went to Muleshoe on business Monday.

Mr. and Mrs. A. W. Early have returned from a short visit with their daughter at O'Donnell. They announced the arrival of a new granddaughter.

Mr. and Mrs. Pratt will move back to Oklahoma Wednesday.

Goodland went to Needmore to play ball Sunday evening. Goodland was defeated, the score being 11-17.

Grandpa Lawhon preached Sunday morning. He is 85 years old and can

move only when someone assists him. He wants to preach on his birthday, August 7. If he preaches on his birth-

day this year it will make the fortieth consecutive year he has preaced on his birth anniversary.—Reporter.

Let US Make Your Old Clothes Like New

Why spend a lot of money for new clothes when for a dollar or two we can clean your old clothes and make them look just like new.

Goodyear can give you greater tire values because Goodyear builds more than

1/4

of all the tires sold in America, the remainder being divided among some fifty manufacturers. "More people ride on Goodyear Tires than on any other kind."

BY NO MEANS "ONE OF THE STANDARD MAKES"

Guaranteed Tire Repairing

The leading tire companies are sometimes called "the big five"—their tires "the standard makes". We think this is a grand "break" for the other four, but something of a hardship on Goodyear. The fact is, Goodyear builds MILLIONS MORE tires than any other manufacturer. Goodyear gained this world-leadership by building tires that are emphatically and conspicuously SUPER-standard.

More people ride on Goodyears because Goodyears are better tires to ride on!

They are provably superior---super-standard! We will show you why before you buy. Low 1930 prices on all types. Will you call---or shall we?

A really STUNNING new tire you ought to see

New HEAVY DUTY

GOODYEAR

It gives you extra-style, extra-endurance; extra mileage, at ordinary heavy duty prices.

The charter night banquet was just about what it was advertised to be. In other words, it was a success from every angle, and was an eye-opener for the whole crowd, home folks and visitors alike.

With the exception of probably one or two tons, the impression had been that Muleshoe was still about what it was when the 1920 census was taken. It was well worth the money to watch some of the more distant visitors open their eyes as the evening passed on. Muleshoe folks will remember their friends among the big towns.

One commendable move which is to be made by the Kiwanis Club here is the effort to organize a Boy Scout troop. This is something that is needed above all things. It cannot be done by two or three people. Like any other worthy action, it will take the cooperation of every citizen of Muleshoe, especially the mothers and dads. When the time comes don't fall down on your duty to that boy. Boy Scout work gives the youngster a training that is worth more than dollars all through life.

Foe of Noise

Hiram Percy Maxim, inventor of the Maxim silencer for firearms, who says he will stop making guns silent and try to make cities noiseless.

CONSOLATION

By KUSSMAN BEY

Omar wrote, "A book of verses underneath the bow, a loaf of bread, a jug of wine and thou beside me singing in the wilderness; O wilderness where paradise enow." And the same poet to sing, "A cup of coffee, a sandwich and you." The latter just failed to possess the same nobility of expression.

It's the old, old story of the little rascal, Cupid, wielding the wicked bow which causes grown men to take on the expression of a dying calf in a rain storm and the women, God bless 'em, to forsake single blessedness and start mending sox and sewing buttons on the undercar of some Romeo of the 1930 variety.

Nevertheless, the one who wrote, "In the spring a young man's fancy—" and all that old rot apparently knew his proverbial onions, although we at times wonder just why he left the female of the species out of the song. Perhaps he couldn't make it rhyme just right.

But to proceed, the marrying season is now on in Muleshoe. The specified month of June is just around the corner, and some have decided that their Elysian rhapsodies might just as well start in May as in June, and are getting ahead of time. It must be the climate.

Recently, however, another obstacle precluding matrimony has presented itself. In the past about the only things that had to be taken into consideration were "Am I too conscientious to starve the lady to death?" "Do you reckon you can support a husband?" and a few minor details on that order, but since Monday night it develops that, for the bridegroom, getting married runs hand in hand with parading through Main street wearing a barrel synonomous with having been loser at a strip poker party, passing out dainty paper tokens, being rolled in the sand and having to take a plunge in ice cold water. The latter is bound to take away some of Love's ardor.

This article is written in protest of a bunch of hoodlums in Muleshoe and vicinity who delight in pulling bridegrooms of a few days out of bed and subjecting them to some of the ordeals mentioned above. We feel that this is nothing short of outrageous, and that steps should be taken to stop this deplorable practice.

Not only has this kind of torture been inflicted upon the newlyweds, but it is understood that a bridegroom of

two weeks and one of over a year, who now is the proud father of a fine boy, were taken to the swimming pool and urged to take a plunge; the latter merely because he changed to remark that he was not subjected to such an ordeal when he married. It is understood, too, that the ringleaders of this gang that disseminates such matrimonial greetings are ones who want to get married worst.

It seems to us like an outgrowth of jealousy, and it is suggested if they are ever fortunate enough to annex a bride, that a special committee be arranged to greet them. We demand that this evil practice should cease!

POETRY AND LIFE

The announcement that John Masefield has been appointed Poet Laureate of England, succeeding the late Robert Bridges, revives interest in poetry as a means of expression, as well as in the ancient office of Poet Laureate of the King of England.

The earlier Poets Laureate were a kind of glorified royal minstrels, who were supposed to sound the praises of the King on every occasion. Naturally, the necessity for being a sort of lyrical "yes-man" did not attract the poets of the highest genius, and there have been few holders of that title whose names are now remembered. But when Queen Victoria appointed Alfred Tennyson as Laureate a new style was set. Tennyson refused to write poetry to order. He did compose some verses in commemoration of the events in the life of royalty, but they rank among his poorest work. But Tennyson was the greatest poet of his day, one of the greatest who ever wrote in the English language, and he gave to the title of Poet Laureate a new dignity.

Tennyson's successor, Robert Bridges, was regarded in literary circles as a first-rate poet, but his work has never had the popular appeal that Tennyson's had. Few of his poems are known at all in America. For that matter, few of John Masefield's poems are known on this side of the water. The only living English poet whose work has had American popularity

comparable with Tennyson's is Rudyard Kipling, and Kipling is now an old man and probably would not have accepted the post of Poet Laureate even if it had been offered him.

SUIT IS FILED ON DISPUTED TEXAS LANDS NEAR BOUNDARY

Austin.—Litigation over possession of the strip of land comprising 28,800 acres along the eastern boundary of the Panhandle of Texas, claimed by Oklahoma for many years, is on now since Gus S. Wortham, one of the heirs of John L. Wortham of Houston, filed a petition in the Supreme Court in an effort to show ownership of the area. It was claimed that John L. Wortham in 1910 filed on the land, believing at the time it was Texas area, and his heirs now ask a writ of mandamus to compel the commissioner of the general land office to classify the acreage as grazing land and give title to the Wortham heirs.

The land was shifted from Oklahoma into Texas when the United States Supreme Court recently entered a final decree in a suit over the disputed area fixing the 100th meridian as located by a special commission as the boundary line between the states.

The King's Canary

John Masefield, former sailor, New York bar-boy and world-famous poet, appointed Poet Laureate of England, the poet Tennyson once held.

MULESHOE HIGH CLASS OF 'IT HOLDS REUNION PARTY

The Class of '27 of the Muleshoe High school held a reunion Monday night, April 27, in the form of a picnic at Horseshoe Bend. Eleven of the original class of 16 were present, and the usual good time was had, which included sand fights, water fights and an aesthetic dance by Herschel Alsop and Rufus Gilbreath.

Those present were Mildred Lee, Herschel Alsop, Jimmie Cox, Fred Lee, Rufus Gilbreath, Thurman Glasscock, Ray Moore, Vance Wagnon, Opal Haney, Mary Snyder, and Vera Mathiesen. The absent members of the

class were Beth Mardis, Bessie Mary Lassiter, Mildred McDorman, and Lewis Rice. The class sponsor was Taylor White.

When the poor man goes to renew his note at the bank and hears the institution murmur, "we have reduced the rate of interest," he will probably suspect that, maybe, there is prosperity somewhere.

As an editor, speaking frankly, we don't care two hoots whether you agree with what we write or not, but if we are wrong, don't wait for somebody to tell you. Think it out for yourself.

Don't Be Misled!

Attractive offers from competitive dealers who are concentrating their efforts on Ford owners may not be as attractive as they seem at first glance. Understand the automotive field is open to everyone. For years and years there have been onslaughts against Ford supremacy. STILL FORD LEADS!

THE MODEL 'A' FORD

Has highest resale value of any car on the market. This is true whether you are trading for another Ford, another car or selling for cash. You see fewer Fords on used car lots than any other make of low or medium priced automobiles. The resale price of any car is a matter for serious consideration in the original purchase.

It's a Big Compliment

To Ford value, service and dependability that competitive dealers would almost invariably offer such attractive prices for used Fords, but don't be deceived. While your Ford car has a high resale value, the other types of cars do not have any such ratio of resale value.

Should you be offered an attractive trade on another make of car, it will be well to remember that you will in time want to trade or sell it as a used car. It is then that you may pay the folly of an attractive lure now.

Another big idea for you to think about is just why other dealers do not concentrate more often and more thoroughly on the owners of their own particular brand of cars.

Ford offers the greatest value in everything that is offered in the automotive field. Ford is such an outstanding value that it does not soon lose that value. Ask any auto dealer.

Town Talk

Miss Marjorie Moore has returned to her home in Mt. Vernon, Texas, after a visit with her sister, Mrs. J. C. Birdson.

Buford Butts made a trip to Lubbock last Sunday.

Mr. and Mrs. B. E. Alexander of Plainview were here Saturday.

Jno. Jenkins was here Friday from Friona.

Jack Johnson was over from Littlefield last Monday.

Mrs. D. L. Butts and daughter, Marie, of Sudan were in town Saturday.

Reuben Ellerd of Phoenix, Arizona, was here Friday.

Mrs. R. L. Patton and family spent the week in Amarillo.

Lon Helm of Borger was in town Tuesday.

Judge J. E. Adams made a trip to Lubbock Tuesday.

A. P. Stone returned Sunday from a visit with relatives in Temple.

J. M. Gay of McKinney was in town Saturday.

Mrs. Cooper Woodburn of Amarillo is visiting her parents, Mr. and Mrs. W. T. Elrod.

Anna Margaret Hart returned Saturday from Sherman where she has been attending Kidd-Key College.

Mr. and Mrs. A. V. McCarty of Lubbock spent the week-end with their sons, Delma and A. V. McCarty, Jr.

Mrs. Ashley of Rails is visiting her sister, Mrs. Wm. G. Kennedy.

Miss Helen Elrod returned Friday from Stiles, Texas, where she has been teaching school the past year.

Mrs. A. P. Stone and daughter, Florence, returned Sunday from a visit to Lamesa.

Jno. F. Lee of Aspermont is visiting his cousin, Joel Lee, Jr.

Chas. White and family were the guests of Mr. and Mrs. A. J. White last week.

W. E. Snow of Amarillo was a business visitor in Muleshoe Tuesday.

Judge C. D. Russell of Plainview was in town Tuesday.

L. S. Oneal and wife spent the week end in Tahoka with their parents.

Mr. and Mrs. J. A. White and Mr. and Mrs. Chas. White spent Sunday with Mr. and Mrs. C. H. Addington at Runningwater.

C. H. Tate was in Plainview last Monday.

Mrs. B. W. Carles, Mrs. C. C. Mardis, D. L. Kendrick and C. W. Pharies left Sunday for Houston, Mrs. Carles will attend the postmaster's convention.

Messrs. L. B. Mayes, Walter Davis and Carl Kenner of Itasca, Texas, were callers at The Journal office for a short visit last Friday. They were enroute to Roswell and other points in New Mexico.

Mrs. T. B. Morse of Farwell received the sad news of the death of Mrs. T. M. Morse at her home in Hapee, Ill., who passed away while her son, T. B. Morse and daughter, Mrs. W. H. Snyder, were on their way to her bedside.

Miss Leona Brown of Lubbock was here Saturday.

Mr. and Mrs. J. J. Lawler returned Tuesday from a visit with their brother, Mart Lawler, at Wilson, Texas. They also visited Mr. and Mrs. Yodert at White Face.

Mr. Vernice and Frank Snyder motored to Brownfield Sunday.

R. L. Brown was a business visitor in Lockney Monday.

CARD OF THANKS

We wish to take this means of expressing our heartfelt thanks to the friends and neighbors for their kindness in our hour of sorrow at the death of our baby. May God bless you all.

THE FAMILY DOCTOR

JOHN JOSEPH GAINES, M.D.

OLD REMEDIES—AND NEW

Fifty years ago, we demanded just one thing of a drug—it must produce results. No medicine survived that did not measure up to this one requirement. The patient expected action in return for his effort at swallowing the massive, obnoxious dose with often the abominable smell; if it cured the malady, one considered himself amply repaid for the awful experience of swallowing the mess dipped up by the rusty knife blade of the old family doctor. There were few drugs then that were of known reliability.

It is amazingly different today. About the most unpopular thing I know of is the coarse, unpalatable dose. The doctors who make a practice of giving medicines without a supreme regard for the patient's aesthetic taste will, in time, work himself out of a respectable clientele. No matter what its supposed virtue as an indicator of disease, people will have the doctor who dispenses the minute sugar-coated, often forceless thing.

Hence the bobbing up of the highly commercialized pharmaceutical "household" who have flooded the universe with their products—probably three-fourths of which might be done without a particle of risk! For all this stuff, people are supposed to be paying at the rate of a billion dollars a year! The business has grown and flourished until the larger half of our country is the manufacturing half; where will it end?

I have a patient, a little woman of thirty-five, who had thirteen quarts of dropsical fluid removed from her abdomen two weeks ago by a surgeon—the proper thing was done, but—the fluid is returning slowly!

A happy thought—the old "compound jalap powder." She had never heard of it. One dose daily is removing the stuff at the rate of a quart every 24 hours—while I am attending to the underlying cause of it. What a grand old remedy that just won't fit the discard! Let's honor the old remedies for a while yet, before throwing them all overboard.

QUESTION OVER ELECTION CERTIFICATE FOR BLANTON

AUSTIN, Texas, May 26th.—Whether the state canvassing board immediately will issue a certificate of election to Congressman Thomas L. Blanton of Abilene, winner in the special election of May 20, to fill the vacancy left by the death of Congressman R. Q. Lee of Cisco, or to wait until 40 days after the voting took place, was yet to be determined after a conference Tuesday.

Mrs. Jane Y. McCallum, secretary of State, said no decision would be made until returns from all of the 19 counties in the 17th congressional district had been received. Stephens county was the only county reporting so far. The county commissioners' courts were to canvass the returns of the respective counties and certify them to the secretary of state.

Mrs. McCallum, Governor Dan Moody and Attorney General R. L. Robbitt, members of the state canvassing board, discussed the matter but reached no conclusion. Governor Moody said in his opinion the board could declare the result and issue a certificate of election as soon as the returns were canvassed and the results known officially.

The law directs that in regular elections the state canvassing board meet no sooner than the 40th day after the election to declare the results. There was a question in the minds of members of the board if this would hold in special elections, and the matter was left undetermined.

Congressman Blanton presented himself to the National House of Representatives last week but was denied his seat until a certificate of election was received from Texas.

C. T. Garnett and family of East Texas were Muleshoe visitors the first of the week. They were also going into New Mexico for a short trip.

Progress News Notes

The Union missionary society met Monday at the school house with nine members and five visitors present. The hostesses, Mrs. Fowler and Gross, served sandwiches and cake. We will meet next week at the same place at 2:30. We invite everyone to come.

Mrs. Fowler and Mrs. Parker visited in Littlefield Tuesday.

Mr. and Mrs. Joe Hutchinson and son are visiting Mr. and Mrs. Brown.

Ruth Burton spent the week with Mrs. Cecil Robertson.

Mrs. M. S. Parker of Crosbyton is visiting her daughter, Mrs. Fowler.

Mr. Murrah took a number of young people to House, N. M., Sunday. Miss Emma Newman came back with them for a visit with friends here.

We had an attendance of 69 at Sunday school last Sunday.

Fern Gross took supper with Mary Snyder Sunday.

L. D. and Alwyn Chitwood of Brownfield have been visiting George and Arnold Gross.

Mrs. Vernice, Mrs. Frank Snyder and son, Miss Mary Snyder, L. D. and Alwyn Chitwood, George and Arnold Gross visited in Portales Sunday.

Mr. and Mrs. Gross and family visited in the T. L. Snyder home Sunday afternoon.

Mrs. T. B. Morse and children visited in the T. L. Snyder home Sunday.

CARD OF THANKS

The Baptist W. M. S. voted a special vote of thanks to all who so generously helped us in serving the Kiwanians' banquet last Thursday night. Especially do we wish to thank the Hart Lumber Company, Mr. and Mrs. McCarty, Henington Grocery and Gupion Grocery for their help.

CARLSBAD CAVERN ROUTE IS DESIGNATED NATIONAL HWY.

Carlsbad Cavern highway has been designated as a United States route through Lubbock, according to a telegram received by the Daily Journal Wednesday from J. H. Hankins of this city, who has been in Washington for several days in the interest of the federal designation.

Mr. Hankins is president of the Carlsbad Cavern Highway association.

A. B. Davis, manager of the Lubbock board of city development, accompanied Mr. Hankins to Washington.

Designation of the route through Lubbock is a conclusive victory for South Plains cities and Lovington, N. M., delegations who have repeatedly presented statistics seeking to prove that this is the most logical and direct route to the Caverns in New Mexico

and thence to El Paso.

Other factions had sought to have the route designated to pass through Clovis and Roswell, N. M.

No number has yet been given for the highway.—Lubbock Journal

CANYON LAYS CLAIM TO GRADUATE RECORD

CANYON, Texas.—Canyon with the population of 2,821 people, challenges any town in Texas of a similar population to show as great a number of high school graduates.

One hundred and five, or 3.7 per cent of the population, or one out of every 27 persons in Canyon is graduating from high school this year.

In addition Canyon will have more

than 100 college graduates at the West Texas State Teacher's college during the commencement season.

SEVEN MILLIONTH CAR IS BUILT BY CHEVROLET

Detroit Michigan.—The seven millionth car built by the Chevrolet Motor Company is on its way to its owner somewhere in America. The epochal car, which happened to be a coach, rolled off the assembly line Wednesday morning, May 26, in the Company's huge plant at Flint Mich. The car was the 1,845,938 six-cylinder car produced by Chevrolet since this model was brought out in January 1929.

Chevrolet's newest record-maker arrived without benefit of ceremony except for the cheers of workmen along the final assembly line who halted work long enough to give it welcome and watch it being driven to the loading docks for shipment. Then work was resumed and not many seconds later Car No. 7,000,001 went to join its historic companion.

Oldest Fireman

Tom Early, of Lakewood, N. J., who is 101 years old, claims, and probably correctly, that he is the oldest volunteer fireman in the world.

It's a  6 ply tire

AT 4 PLY PRICES!

It's the Goodrich Cavalier... highest quality at unheard-of low prices!

HERE'S news for you... big news! A 6-ply tire... made by Goodrich... priced at figures you're used to seeing on 4-ply casings of only ordinary quality!

Six plies... half again the carcass strength... not to mention bigger air cushion, thicker tread, tougher rubber compound... all for less money!

Goodrich didn't make this tire overnight. They've been working on it for years. Finding ways to bring production costs down while holding quality up.

Developing, in short, a tire for car owners who want to keep first cost low... without taking chances on second grade quality.

Here's the result... the 6-ply Cavalier. Bigger... thicker... tougher. Built to master any road. And on every tire... that familiar, meaningful name... "Goodrich!" A guarantee of quality... of ability to take punishment... of freedom from tire worries.

We're featuring Cavaliers right now. Putting special prices on them. Our line is complete... all passenger car sizes and two sizes for trucks.

Come in to see them... but come quickly. They're going to move fast at these prices... and we wouldn't want to be out of your size when you call. Make it tomorrow... and play safe.

A LETTER TO A YOUNG MAN

You ask me how you can get a better job. My answer is that you can't. All over the country are millions of young men who, in a vague sort of way, want a better job; and here and there among them are the worth-while few who want the better job.

And the millions wonder why the few move on, while they stand stationary year after year.

You must, first of all, pick out the better job—some particular job that is better than yours. Then train your guns on that and capture it.

You tell me that you are a bookkeeper and that you earn \$25 a week. I know certified public accountants who earn \$10,000 a year and more.

If I were a bookkeeper earning \$25 a week, I should go out for a public accountant's job. I might die on the road, but whoever found my body would notice that my face was toward the summit.

Second: You can never make anybody pay you more money until you have more to sell.

I can advertise in a newspaper tomorrow morning and have a hundred bright young men here at eight o'clock. Each one will have just as much to offer me as you have; the same two years of high school; the same experience in keeping books, the same good record. Every one of them will be will-

ing to work for \$25, and some for \$18. The only way you can lift yourself out of the \$25 class is by giving yourself an equipment that the rest of the fellows in that class do not have. In other words, by study—by education—by specialized training.

Third: When you have picked out the one particular better job that you want, when you have fitted yourself for it then be careful of your letter of application.

Your letter is your representative. For heaven's sake, if you have any spark of originality that other men have not, make your letter a tiny bit different from other letters that the other men will write.

Fourth: I receive many letters of application. In one form or another, they usually say something like this: "I want a better job; I am thinking of getting married" or, "I have a mother to support"; or, "I have been three years in this place without a raise and see no future."

All of which interests me not at all. The only letter that I read with interest is the letter of the young man who has studied my business and who points out to me how I can make more money for my employer by employing him.

Ideas are the keys that unlock big men's doors.

When you have fitted yourself for the better job, let your letter of application contain an idea.

IF HE WERE GOVERNOR

There is hardly a man who can drive an automobile who when he is riding in a car being driven by some one else doesn't think he can beat the one driving. He has nothing to do but sit there and take notice of all the little mistakes and blunders the driver makes and never thinks one time he would do the same thing if he had the wheel—and maybe worse.

And it seems that all of Texas is of the same mind about the Governor's office. I can't understand why every body is taking a notion all at once that they would be a better driver in the Governor's seat than the man who is driving. The Governor's office is no more important now than it has been for years, but it seems that the fever has broke out worse this year than common. There are so many of them seeking the office I don't see how they are going to hatch up a different spell to convince the people they are the man. They are all going to reduce taxes, eradicate ticks, build better penitentiaries, enforce all the laws, stop married people from separating, make everybody get religion and join the church, and sell the court house and jail houses for kindling wood before their term of office is out. They will make you think that everybody will get rich under their administration and that the man who holds the office now is the biggest rascal on the face of the earth, and that before they are ready to hand the office over to their successor such a thing as a poor man will only be kept in museums, and that such a thing as a tall light—(patches) on a pair of overalls will be unknown. But, gentle reader, don't you believe all that for you will have to study just as hard one week to know how in the Sam Funch you are to get by the next week as you have this year. If I were to run for Governor I would collect my four thousand dollars per year and do the best I could with that bunch of mullet heads I had to work with down there, and I bet I would come nearer telling the truth than any man that ever run for governor. It is often up to the governor to say whether a man shall live or die and I would not have the responsibility for four thousand dollars, much less having to bear the blame for everything from a bad crop to the fall of Babylon.—Coon Creek in Mt. Vernon Optic-Herald.

PARMER COUNTY NURSE

(Continued from First page)

the rural high school declaimers at the Austin State meet. Some of the presiding teachers were equally imperfect. The winners in the finals had only this to their credit, that their vocal organs and freely working facial muscles were in fit condition to express the thought and sentiment of their pieces. The will to do well was in all. No one can speak well and effectively without clean nasal passages, mouths and throats, and freely and naturally acting digestive organs. It should be seen that bodily organs functioning health are indispensable to success and happiness in the higher degrees.

Health has much to do with moral character and spiritual aspirations. There is far more devilry in torpid livers than in all the fiddles that ever jiggered out their foot lifting melodies. A blood full of toxins is a very fountain of stormy emotions from pervasiveness to cold-blooded murder. The majority of the inmates of prisons and reformatories are there because of mental delinquencies rising from physical causes. It is not an accident that Christianity has healing as the first step to a life redeemed and useful. The first consideration of every state should be the conservation of the personality of its citizenship. On the vital powers depend health, wealth and wisdom. The decline of every nation begins in neglect and abuse of the vitalities conditioning unity, loyalty and honorable success.

How much is health worth? He who prefers wealth to health will have neither. The grave is his home. He who sells his life for gold is insane. The country that yields to the clamor for strong drink, narcotics and sensual indulgence will go down in every way. It is pitiful to hear taxpayers, who share in the spending of billion for artificially created appetites and idle pleasures, pleading against the expense of education, religion and manhood. Can a being really human deny his own God-made nature and withhold the cost of means and measures that make the most of it? Money spent for the gifts and powers of manliness is the money that is best spent for home and country and humanity. Many thousands of dollars are spent in this country for immediate relief from disease in neglect and abuse of the vitalities cost still more. Why not spend a few hundreds for prevention? As pounds to ounces so is prevention to cure. Wisdom is justified of her children.

Heaven wrote the law of self preservation not on tables of stone, but on the fleshy tables of the heart. It is the first law of nature and strange to say the easiest to be neglected. Heaven ever recalls men to think of their physical duty to themselves and by virtue of Christian grace to others as well. God's love involves love for others and for generations yet to rise. Inferiority must be bred out and superiority must be bred in. Children are of far more worth than birds and beasts. They who have been saved from the

grave and spared to see and walk in the light and hope of life plead with men and pray to God that the like good may be extended to others. Science has given eyes to the blind and college education to thousands who else would know little or nothing of letters and the wisdom of the ages stored up in sacred and secular lore. Sanitation and hygiene have saved other thousands of millions in the great business of life. Millions are yet to profit through deliverance from body and soul debasing conditions.

Shall the children of this country have means to a nearer approach to perfect manhood and womanhood through the services of proper and competent health officers? The child at Bovina whose eyes were tested by Miss Moore last year and finally fitted with glasses and who, looking up into the stars in all their glory should answer, "Yes, let all children be made to see and hear, to learn all that God would have them know."

If what some teachers say is true, there are hundreds of school children in this county who are hindered in their progress by causes that can be wholly or in part removed. One of the most noticeable of these is the lack of variety of easily digested food. No child can have the power of sustained attention and retentive memory without proper food, rest and exercise.

Now some will say, "That is the work of a home demonstrator." No, it is the work of a home health demonstrator. The conditions to health are wholly within the scope of duty of the health nurse.

The County Federation of Women's Clubs, sponsoring this article, feels deeply the need of a health visitor and counselor in the schools and homes of the people to aid and direct the preservation of vital capital and the recovery of the ailing of the sick. They invite everyone to carefully consider this matter with a view to whatever relief may be obtained by state authority and cooperation. We are helping other counties in this respect and shall continue to do so. What should we do for ourselves?

ROAD NOTICE TO NON-RESIDENT LAND OWNERS

THE STATE OF TEXAS, County of Bailey.

We the undersigned Jury of freeholders citizens of said Bailey County, Texas, duly appointed by the Commissioners' Court of Bailey County, Texas, at its second April Term, 1930, to view and establish a 60 foot, first class road, and having been duly sworn as the law directs, hereby give notice that we will on the 14th day of June, 1930, assemble at a place convenient to all and thence proceed to survey, locate view, mark out and establish said road, beginning at the northeast corner of Labor No. 23, the same being to the southwest corner of Labor No. 22, League No. 177, thence south on the Labor lines between Labors No. 22 and 23 of League No. 177, Labors No. 2 and 3, 8 and 9, 12 and 13, 18 and 19, 22 and 23 of League No. 178 and 22 of League No. 179, which is the north boundary of T. W. Coffman's place, to the southwest corner of Labor No. 9, the same being the southeast corner of Labor No. 8, League No. 179.

And we do hereby notify all land owners and any and all persons owning lands through which said road may run, that we will at the same time proceed to assess the damages incidental to the opening and establishment of said road, when they may, either in person or by agent or attorney, present to us a written statement of the amount of damages, if any, claimed by them. Witness our hands this 17th day of May, 1930.

Fritters Tempt Spring Appetite
Fritters are one of those appetizing small things of the table that add an air to an otherwise rather ordinary meal. Here are some good recipes for fritters for any one of the three meals.

Peach Fritters
Dip halved canned peaches in sweetened fritter batter and then fry them in deep fat. Drain them thoroughly on brown paper, roll them in powdered sugar and serve them hot.

Cheese Fritters
Add grated cheese to fritter batter, drop by spoonfuls into the hot fat, drain on soft paper and serve with a little grated cheese sprinkled over each.

Apple Fritters
Pare and core several apples. Cut crosswise in thin slices so each will be doughnut shaped. Dip in lemon juice and then sprinkle with brown sugar, cinnamon and nutmeg. Finally dip in the usual fritter batter and fry quickly in hot fat. Sprinkle with powdered sugar just as served.

Thirty Thousand W. O. W. Veterans Honored

Celebrating 40 Years of Service

Thirty thousand members of the Woodmen of the World have received service medals signifying that they have been members of the Woodmen of the World for twenty-five years or more, W. A. Fraser, president of the Woodmen of the World, announced today.

The thirty thousandth medal was recently presented at a meeting of the Fort King Camp, No. 14, at Ocala, Florida.

The Woodmen of the World will be forty years old on June 6 of this year.

The twenty-five year medals have been given out to veterans of the Woodmen of the World for the past fourteen years, the first medal being given in 1916.

"When we first started giving medals out to veterans of our association, we never dreamt that we would be using thirty thousand of the service pins," said

W. A. Fraser, "Our association has had a great growth since it was first organized with 135 members forty years ago."

"The pioneers of the Woodmen of the World had an inspiring vision of the future of their organization but never dreamt of the tremendous size and wealth that the society now has," said Mr. Fraser. "Today the Woodmen of the World is the strongest fraternal organization in existence. It was recently declared

104.6% solvent. It holds investments and securities of more than \$100,000,000 with gross assets totaling approximately \$128,000,000."

Membership Half Million
The membership of the Woodmen of the World is now estimated at approximately one-half million and the organization has paid in death losses and disability benefits during its forty years of existence approximately \$175,000,000. Two of the largest enterprises that have placed the Woodmen of the World in the foremost ranks of progressive fraternal insurance societies are the War Memorial Hospital at San Antonio, Tex., and the radio station WOW in the headquarters building at Omaha, Neb.

The War Memorial Hospital is a million dollar structure and has taken in thousands of sick members and turned them out healthy and able to go back to their families to enjoy life.

The Woodmen of the World Radio Station was built in 1923. It has become one of the most popular radio stations in the United States. President Fraser developed the idea of the Woodmen of the World Radio Congregation, a religious congregation of radio listeners, which is the largest in the world, estimated at one-half million.

Hopes to Issue 100,000 Pins
"I hope that the Woodmen of the World will some day issue 100,000 twenty-five year service pins to its members," said President Fraser. "Our association is growing rapidly. It is becoming larger and of greater service to its members."

The Preference for Sixes is Growing Every Day

Back in 1925, less than 40% of all cars produced were sixes. Then year by year this proportion increased until today, as shown above, the public is buying more six-cylinder cars than any other type. And this preference for sixes is growing every day!

Why? The answer is perfectly clear. The six operates with a smoothness that it is impossible to obtain with fewer cylinders—and smoothness is one of the big things that buyers have learned to demand in motor car performance.

Six-cylinder smoothness means enjoyable motoring. It means no vibration in the steering wheel—no rattling in the floor boards—no disturbing body rumble or "drumming." Six-cylinder smoothness means longer car life and higher resale value—because it saves the chassis and body from the harmful effect of continuous vibration.

When you buy a low-priced car—buy a Chevrolet Six and get the modern performance you have a right to expect.

The Chevrolet Six costs little to buy—

just a few dollars more than the cheapest car. The down payment is low—the terms are easy. And it costs no more to operate for gas, oil and upkeep!

And think of the other quality features you get! A big, roomy Body by Fisher with low, smart, graceful lines, genuine Duco finish, adjustable driver's seat, non-glare windshield and hardwood-and-steel construction. A deep, rugged frame that supports the body throughout its entire length. Four semi-elliptic springs mounted in the direction of car travel and controlled by four Lovejoy Hydraulic Shock Absorbers. A safety gasoline tank located in the rear outside the body. A banjo-type rear axle that need not be taken apart in order to clean or inspect it. Big, non-locking, internal four-wheel brakes—and many other features that indicate up-to-date design and quality construction.

When you buy a low-priced car, buy a modern car with modern features—buy a Chevrolet Six. Come in—get a demonstration—and bring in your present car for our appraisal!
