Lario Testing Kent Prospect

Lario Oil & Gas Co. of Midland is making production tests in the Strawn at No. 1 J. N. Self, 3/4-mile east of the one-well Gar-Kent (Strawn) field of Kent County.

It pumped 30 barrels of oil and 50 barrels of water in 24 hours, through perforations at 7,276-7,278 feet.

Explorer Spotted In Howard Region

Miller Exploration Co. of Midland will drill No. 1 Clara Adams as a 9,200-foot prospect in extreme Northwest Howard County.

Location is 600 feet from south and east lines of section 37, block 34, T-3-N, R-2-P survey, 14 miles northwest of Big Spring, and 3/4 mile southwest of the depleted Brookling (Pennsylvanian reef) oil field.

Outposts Staked To Pecos Fields

Outposts to production have been scheduled in two Pecos County gas fields.

One of Co. will drill No. 65 Explorer Rotary Co. as a 7,000-foot prospect in the Edmore-Fusselman section of Pecos, 20 miles southwest of Fort Stockton.

The project has a projected depth of 12,900 feet and spots 120 feet from south and 200 feet from west lines of section 17, block D, G&S survey.

Shallow Outpost

Midland will drill a 1,000-foot prospect in the three-well Barthes survey gas field, 15 miles southwest of Bakerfield.

Location is 570 feet from north and 600 feet from east lines of section 14, block 125 T&N survey. Contract depth is 2,800 feet.

Wildcat Slotted In King Sector

Taubert, Steed, Gunn & Medders of Wichita Falls will drill No. 1 S. B. Burnett Estate, a 5,700-foot venture in King County, six miles southeast of Guthrie.

Location, one mile northwest of Strawn reef production in the Captain Burk field, is 1,220 feet from south and east lines of section 33, block 3, B&S-F survey. Ground elevation is 1,829 feet.

Weather

FORECAST: Partly cloudy with a slight chance of showers and thunderstorms this afternoon, becoming light and cooler tonight and Wednesday. High 80, low 55. Wind light S. High Wednesday, 80. Low Wednesday, 55. Wind from the south-southwest at 10 to 20 m.p.h. this afternoon and evening, increasing to 15 to 25 m.p.h. tonight. Probability of precipitation, 20 per cent this afternoon.

Auto Insurance Rates To Rise 17 Per Cent Jan. 1

AUSTIN (AP) — The State Insurance Board today requested the 17 per cent increase in automobile insurance rates by a statewide average of board's staff.

It is the largest auto rate increase ordered by the board in more than 15 years.

The insurance industry cited what it viewed as devastating losses that would continue for at least another year, had requested an almost 25 per cent rate increase.

Charles Edwards, a Dallas actuarial consultant retained by the board, said he had re-

viewed both the industry request and the 17 per cent increase recommended by the board's staff.

Edwards said the industry had assumed that a 40 per cent increase over an eight-month period in the cost of automobile repair parts would be followed by equally steep price rises in the future.

Edwards said the industry had assumed that a 40 per cent increase over an eight-month period in the cost of automobile repair parts would be followed by equally steep price rises in the future.

Some companies offer rates substantially lower than the uniform rate set by the board, but only after receiving approval of such price cuts.

The increases mean that rates will jump by \$8 to \$43 for the average motorist carrying a typical policy and by more than that for those who have additional coverage or are in such high-rated groups as unmarried males under 21.

Included in the overall average increase are these hikes for various categories of coverage: Full comprehensive, 8.8 per cent; \$100 deductible collision, 12 per cent; Bodily injury liability, 21 per cent; Property damage liability, 16 per cent; Uninsured motorist coverage, 32.4 per cent.

Supreme Court Declines Review Requested By FPC

WASHINGTON (AP) — The Supreme Court today declined to review a decision which the Federal Power Commission said hampered its efforts to meet critical natural gas shortages.

The court let stand a ruling of the U.S. Court of Appeals in Washington invalidating emergency procedures approved by the FPC two years ago.

In September 1973, the commission amended its regulations, without giving notice or holding a hearing, to give pipelines greater flexibility in purchasing gas during shortages.

For the prior three years, the pipelines had been authorized to buy gas for 60 days without commission certification in order to meet shortages.

The new regulation temporarily extended this to 180 days. It expired in March 1974.

A six-month sale is often necessary in order to justify the financial investment necessary to secure a sizable pack-

TIMES CHANGE — Midland fireman Eddie Klatt stands on the city's newest fire truck, No. 30, while his father, former fireman William Klatt, sits behind the wheel of Midland's first fire truck, No. 1. Story on Page 2A.

American, Russian Win Nobel Economics Prize

STOCKHOLM, Sweden (AP) — A Dutch-born American and a Russian were named winners today of the 1975 Nobel Prize in Economic Science.

The Swedish Royal Academy of Sciences made the award to American economist James D. Hicks of Yale University and Leonid Kantorovich of the Soviet Union.

The prize this year is worth \$140,000 and will be divided equally between Kantorovich and Hicks.

It was the second of the 1975 Nobel awards. The Peace Prize was awarded last Thursday to a Russian economist.

Another Soviet citizen, Andrei Sakharov, the nuclear physicist and leader of the fight for civil liberties in the Soviet Union, was named winner of the Nobel Peace Prize.

The citation for the two economists said that "largely independent of one another, they have developed methods for the analysis of economic problems and the determination of optimal economic activity."

Koopmans went to the University of Chicago in 1944, spent 11 years there, and since 1955 has been a professor of economics at Yale. From 1961 to 1967 he was director of the National Bureau of Economic Research.

Kantorovich worked at the Mathematics Institute of the Soviet Academy of Science in Novosibirsk, Siberia. He went to the United States in 1940, taught at New York University and Princeton, and represented the Soviet Union at the International Conference on Economic Problems in 1950.

U.S. Auto Makers Log Sharp Gains

DETROIT (AP) — Three U.S. auto makers beginning the 1976-model year on a strong note, reported today sharp gains in car sales over last year and their best performance for the first 10 days of a month in more than a year.

Industry giant General Motors Corp. reported a 17 per cent sales gain and credited its performance in part to strong initial sales of its new mini-Chevette. Ford Motor Co. was up 16 per cent and American Motors posted a 25 per cent increase.

AMC sales were depressed last year when its plants were shut by a nationwide strike by the United Auto Workers union.

LATE BULLETINS

WASHINGTON (AP) — Robert Strauss, chairman of the Democratic National Committee, today called on President Ford to fire his top economic advisers.

WASHINGTON (AP) — The White House today said all federal departments and agencies have been given spending ceilings for the new budget that total \$395 billion, the lid President Ford wants put on spending.

National Security Agency Spied On Dissidents For CIA, FBI

WASHINGTON (AP) — The National Security Agency intercepted the files of Operation CHAOS, which monitored the activities of domestic dissidents, sources said.

The NSA intercepts began in 1969 and continued for a two- or three-year period, detailing that Dr. Benjamin Spock, actress Jane Fonda, Black Panther leader Eldridge Cleaver and Chicago Seven defendants were targets of NSA intercepts.

Summaries of the intercepted communications were transmitted by courier from NSA headquarters at Ft. Meade, Md., to CIA offices in Langley, Va., where they became part of the files of Operation CHAOS, which monitored the activities of domestic dissidents, sources said.

Commissioners Okay Work On Streets In Southeast Midland

By DEBBIE FIERCE
Midland residents who live south of Highway 80 and east of Rankin Highway (census tracts 14 and 15) may soon see some improvements to their roads. County commissioners Monday approved allocating \$10,000 in federal grant money to streets in that section of town.

the governor's office for the improvement of rural roads in and around the city limits. Commissioners also approved using \$1,000 of the \$11,000 grant for development of the Valley View Community Center.

Commissioners approved the request unanimously. The Commissioners also agreed to accept a routine contract with Ector County officials on the fate of vehicular parking in courthouse areas. The proposed resolution, approved by the court, states that the north side of the courthouse will be restricted to passenger vehicles of no more than 20 feet in length belonging to private citizens on courthouse business for not over 20 minutes during regular business hours, and the remaining asphalt areas adjacent to the building will be reserved for moving vehicular traffic.

Engine No. 1 'Eased' Midland Firemen's Jobs In 1917

By COURTNEY BARBER

In Midland's early days of fire fighting, the job was a physically demanding operation. Men pulled the fire wagons to the site of the fire, organized bucket brigades, and pumped water when available.

Each year for the next four years one payment of \$1,160 was made. Midland's newest fire truck, No. 70, was purchased from La France for \$20,000, a 500 per cent increase in 46 years.

When Klatt was put on the payroll, he drove No. 1 and said it was "pretty rough riding." Klatt recalled the biggest fire he ever saw was the one that started in the office of Anderson-Surquest Lumber Yard in 1938.

The wheels are akin to a kid, I can remember getting up in the middle of the night — grumbling — as he No. 1 was housed in a garage until 1942, J. M. Little, fire marshal, explained.

Accurate records weren't kept until 1942, J. M. Little, fire marshal, explained. "They were daily journals," Little said.

Investigators Sift Goldsmith Fire Debris

By COURTNEY BARBER

Investigators sifting through the debris left after a fire at Goldsmith, Tex., Monday, Oct. 13, are looking for clues to help determine the cause of the blaze.

When the fire broke out at 4:15 p.m. on Monday, Oct. 13, it started in the kitchen of a home owned by Mrs. J. M. Little.

The Goldsmith Volunteer Fire Department, aided by firemen from Odessa, Andrews, Monahan, Gardendale and Kermit, put out the blaze in about two hours.

SPECIAL LEVIS—Midland United Way president Bill Malone, left, and general chairman Cecil Bybee, right, received special pairs of Levis Monday from employees at the Levi Strauss plant Herb Etheridge, center, plant manager.

Security Unit Reports Intercepts To FBI, CIA

By COURTNEY BARBER

This Would Help!

Millions of your tax dollars could be saved by federal agencies in mailing practices alone if they would use a bit of common sense.

The report estimated the Labor Department could save \$240,000 a year, Social Security \$102,000, and the U.S. Mint \$500,000, as examples.

Air Terminal Parking

As airports expand, so do the parking problems. The parking lot at the new terminal at Midland International Airport is a case in point.

Better Watch It!

The Washington Merry-Go-Round

By JACK ANDERSON with Les Whitten

WASHINGTON — We have spent months, as part of our watch on waste, digging out the details of a \$25 million Army boondoggle.

Jack Anderson

When the military brass squander the taxpayers' millions, they invariably spend more millions to cover it up.

The story is complex. Let's call it the Anatomy of a Boondoggle.

It began in December, 1961, when the Army awarded a \$136 million multi-year contract to General Motors to produce a fleet of "super trucks."

To win the contract, GM had to meet operating specifications for a truck far tougher than the commercial trucks that the Army had been using.

The generals were sufficiently pleased with GM's offer that they ignored a study from Kaiser Jeep, which claimed the company could meet all the performance specifications and still save the taxpayers millions.

Rep. John Brademas, D-Iowa, and the General Accounting Office, quite properly, demanded to know why the Army had overlooked a possible opportunity to save money.

The test results stated, for example, that the GM truck went more than twice as far between mechanical failures than the Kaiser model.

ART BUCHWALD

War Of The Stones As Told By Victim

WASHINGTON — Last week I had a kidney stone attack in Evansville, Ind. I wouldn't even have mentioned it except that an alert Associated Press urology correspondent picked up the story...

A kidney stone is about the size of a tiny pebble to everyone except the person who has one. To this person it is the size of the Rock of Gibraltar.

This is what seems to happen as far as the victim is concerned. He is going along minding his own business when suddenly, out of nowhere, a mountain forms in the kidney which, as I said, feels like the size of the Rock of Gibraltar.

The kidney reacts angrily to this interference with its function and tries to push the rock into what might be described as the Suez Canal.

warning war is declared between the kidney and the rock.

An urgent message is sent on the hot line from the kidney to the rock: "Unless you get out of our canal immediately, we will attack with everything we have in our organ."

The rock sends back a one-word reply, "NUTS!"

The patient, who is a horrified neutral spectator to this exchange, tries everything to achieve peace. He paces up and down, rolls to and fro and eventually tries to climb the wall in hopes that the kidney and the rock will come to their senses.

Using Kissinger diplomatic tactics, the patient tries to persuade the rock that if it will just move a few inches down the canal, the kidney will not try to break it up.

But the rock is adamant and demands tremendous concessions in exchange for withdrawing from its position.

"How do I know," the rock asks, "that if I move from where I am now I will not be driven into the sea?"

The victim assures the rock—the kidney has no intention of pushing it into the sea. All the kidney wants to do is live in peace with the lower part of the body.

If negotiations fail and the rock refuses to move, then a U.N. doctor is called in who immediately fires a volley of Demerol or some other painkiller into the bloodstream.

This does not stop the war between the rock and the kidney, but it gives some shelter to the innocent while the kidney tries to push the enemy out of its territory.

If the good guy (kidney) wins, the rock will retreat and even sue for peace. If the rock is able to repulse the water attack and hold its own, then the kidney will have to surrender, which means handing over negotiations to the Blue Cross.

It would be hard to report that a kidney stone has had a battle others would learn their lesson. But unfortunately this is not the case.

An Army spokesman contended that the GM truck "exceeded minimum requirements" and didn't fit into the Army's "life cycle costs" budget.

Footnote: The waste, which we have carefully documented, doesn't include countless man hours that all the auditors have spent investigating, compiling and evaluating data for the super truck that was never built.

The Country Parson

COAL CASH: The Island Creek Coal Co., a subsidiary of Occidental Petroleum, has reported an unbelievable profit increase of 12,000 per cent since 1972 — a feat unmatched by any other American firm.

Its coal profits have gone up, acknowledged Occidental's president Joseph Baird, from 11 cents to \$12.93 per ton.

Wherefore, sirs, be of good cheer: for I believe God, that it shall be even as it was told me — Acts 27:25.

School Bomber Assessed Fine, Probated Term

COLUMBIA, Mo. (AP)— Lloyd R. H. has been sentenced to five years' probation and fined \$100 after pleading guilty to possession of a bomb that exploded in the Columbia High School cafeteria last year.

R.H. a senior at the school, was sentenced by the presiding judge in 9th District Court. The incident had given the bomb a 5-year-old who said he was going to use it to blow up a garage car in the cafeteria.

Instead, R.H. exploded the bomb by lighting the fuse and sent the bomb on a one-way trip to carry death.

R.H. Justice of Columbia, after two fingers and suffered other injuries when the bomb exploded in his hands as he tried to remove it.

First Employees Return To Work

SAN ANTONIO, Tex. (AP)— The first 75 employees of Ford's Manufacturing Co. plant here were returning to work.

The plant had been closed for 10 days.

KIDS LOVE 'EM: EAT 'EM ANYTIME, ANYWHERE — Alan Boyd, Mark Metz, Lynda Larsen and Sarah Metz discover Brownberry Ovens Croutons make a tasty after school snack. Pick up a box or two at your favorite food store. Brownberry Ovens Croutons are distributed by Martin Distributing Co., Midland Air Terminal. Businesses can place an order by calling 563-1450.

Martin Distributing Company Celebrates 36th Anniversary; Features Brownberry Croutons

Martin Distributing Company, Midland Air Terminal, celebrates its 36th Anniversary this month. The men at Martin can thank you to the customers in the area who have enabled Martin to serve this area for 36 years. Frank Martin, president, Fred E. Martin, vice president, and James E. "Bud" Martin, secretary, wish to thank their employees who have helped during these years to make Martin Distributing Co. the growing corporation that it is today. Martin Distributing Co. distributes specialty food items to supermarkets, convenience stores, schools, hospitals and restaurants. This month Martin is featuring Brownberry Ovens Croutons. Brownberry Ovens Croutons are available in five distinctly different flavors. Seasoned, Tossed, Cheddar Cheese, On-

Bodies Of Texas Couple Discovered In Plane Debris

BERNE, La. (AP)— The bodies of a Wichita Falls couple who had been missing since July 20 on a flight home from Tallahassee, Fla., have been found in the wreckage of their plane near Berne in extreme northern Louisiana.

The single-engine Piper Cherokee had disappeared during heavy thunderstorms.

Fredrick Bonnet of Berne discovered the wreckage Monday while hunting about five miles southwest of here. Wreckage of the plane was scattered about 100 yards in heavy timber and 100 yards in heavy timber and 100 yards in heavy timber. Stop at your favorite store and pick up a box of Brownberry Ovens Croutons. Call Martin Distributing Company, 563-1450.

Brownberry Ovens Croutons

Brownberry Ovens Croutons are great for casseroles. Serve them with nothing else. Cold cuts, soups and pickles. Kids love the sized Brownberry Ovens Croutons for after school snacks. A package will disappear in a hurry.

Brownberry Ovens Croutons are a flavorful substitute for bread or crackers in soups or salads. Surprise your family or guests with a tossed green salad sprinkled generously with Brownberry Ovens Croutons. This extra touch will make your salad a special addition to any meal. At your next party, put out a dish of Brownberry Ovens Croutons. Your guests will love them and they are a tasty accompaniment to any party fare. Perhaps you have tasted Brownberry Ovens Croutons at one of the fine restaurants in the area. Now you can serve the place was scattered about 100 yards in heavy timber and 100 yards in heavy timber. Stop at your favorite store and pick up a box of Brownberry Ovens Croutons. Call Martin Distributing Company, 563-1450.

SHERIFF'S SALE
 COUNTY OF MIDLAND TEXAS
 WHEREAS, by virtue of said judgment and said Order of Sale and the mandate thereof, I did on the 10th day of October, 1973, cause to be levied upon the property of the above defendant the following described property, situated in Midland County, Texas, to-wit:

Let 11, Block 4, Loma Linda Addition, Midland County, Texas as shown by deed from Ed Darnell, recorded in Vol. 114, Page 285 of the Deed Records of Midland County, Texas as dated January 4, 1958.

And I will, on the first Tuesday in the month of November, 1973, the same being the 6th day of the said month, proceed to sell all right, title, and interest of the defendant in and to said property in and to said county in the city or town of Midland, at 2:00 P.M. to the highest bidder for cash, provided, however, that none of said property shall be sold to any party other than a taxing authority or to anyone having an interest therein or to any party other than a party to this suit for less than the amount of said property or the aggregate amount of judgments against the defendant, whichever is lower, subject also to the right of the defendant to redeem same in the time and manner provided by law and subject also to the right of the defendant to have said property divided and sold in less divisions than the whole.

Said sale is to be made in order to satisfy the judgment rendered in the above styled and numbered cause, together with interest, and cost of suit, and the proceeds of said sale are to be applied to the satisfaction thereof, and the remainder, if any, to be applied to the satisfaction of the debt of the defendant, if any.

DATED at Midland, Texas, this 26th day of October, 1973.

A MEXICAN BAZAAR — Carmen's Mexican Import Shop, 306 E. Illinois, is filled with hundreds of Mexican imports and unusual items. Roy and Carmen Hearon, owners, make frequent buying trips to maintain a large selection of unusual imports for you. Stop and see for yourself. The Hearons will welcome you.

Carmen's Import Shop Has Unusual New Arrivals Daily

Carmen's Mexican Imports, 306 E. Illinois, has several new imported items. Stop in at Carmen's, a Mexican bazaar in itself, and have a look.

Magnificent, hand carved wooden ships with built in lights are new at Carmen's. Each has a secret hiding place. Other recent arrivals include a large variety of statues, Buddha, a pair of hand carved table lamps with wrought iron trim and amber glass shades, a wide selection of large and small planters including elephants and swans. Hand woven rattan round hamper in three more sizes are new arrivals as well as woven pitchers.

If you have not been to Carmen's you are in for a real treat. You will see wall plaques of wood, malachite, metal and bone. Magnificent black wrought iron, light fixtures, hanging flower pots, banks and an array of statues and planters.

In addition to the hundreds of Mexican Imports you will also find sewing machines. Roy Hearon, owner, offers service with the machines he sells and is an expert of 52 years.

A new stereo bar with flashing Middle Classes Gained Control. The three French revolutions resulted in the control of affairs by the middle rather than the lower classes.

Texas Tech Plays Will Represent Diversity Of Theater

LUBBOCK — A season of plays representing the diversity of American theater will be presented by the University Theatre of Texas Tech University in coming months.

A faculty of TTU's Department of Speech and Theatre Arts, the University Theatre is conceived as an environment in which the art of theater may occur and, in keeping with this conception, the 1975-76 Bicen-tennial season were selected for

of the richness of the theater ex-perience as well as the diversity of it.

A production of Lillian Hellman's famous play, "The Little Foxes," launched the season this past weekend, with performances to continue night-ly through Wednesday. This searing drama of one woman's avarice and ambition, and the disastrous effects upon family members, has become one of America's most honored and

most-often-performed stage works.

Another classic of American drama, although quite different, comes to the University Theatre stage Nov. 21-25. It is Elmer Rice's "The Adding Machine," outlining the life and death history of Mr. Zero, a cog in the vast machine of modern business. The play has gained international fame as one of America's finest expressionistic dramas.

Menagerie" or his "Streetcar Named Desire," the drama is nevertheless one of his most powerful plays.

Closing out the season in late April and early May will be "Camelot," the lavish musical by famed theatrical col-laborators Lerner and Loewe, based on the T. H. White novel, "The Once and Future King." The musical, while avoiding the consciously archaic and

cumbersome, contains won-derfully melodic and tender songs, such as "If Ever I Would Leave You," and a strong storyline.

In addition to the regular presentations scheduled, a number of special events will be offered University Theatre patrons during the season. They include the American College Theatre Festival, coming Dec. 3-6 and two evenings of percussion and dance Dec. 10-11, presented jointly by the women's health, physical education and recrea-tion at TTU, and the university music department. A third special event comes up March 6 and 7. It is "Image and Sound—New Theatre" and the pair of programs will place special emphasis on electronic

Additional information on the new theater season, including procedures for ordering tickets for performances, may be obtained by writing to the University Theatre, P. O. Box 4296, Texas Tech University, Lubbock 79408.

The Midland Reporter-Telegram AMUSEMENTS

11A—TUESDAY, OCTOBER 14, 1975

Coming in late February and early March is the third offering of the season, playwright Tennessee Williams' "The Rose Ta-lisman." The story of a restless widow for whom love is stronger than death. Although not as famous as Williams' "Glass Menagerie" or his "Streetcar Named Desire," the drama is nevertheless one of his most powerful plays.

Lee Youth Center Chatter

By JANA WILLIAMSON, JOLEE AYLESWORTH and LISA McDONALD

Hey, A parade!!! The 1975 Homecoming parade will be held downtown at 3 p.m. Friday. School will be dismissed at 2 p.m. so everyone can attend.

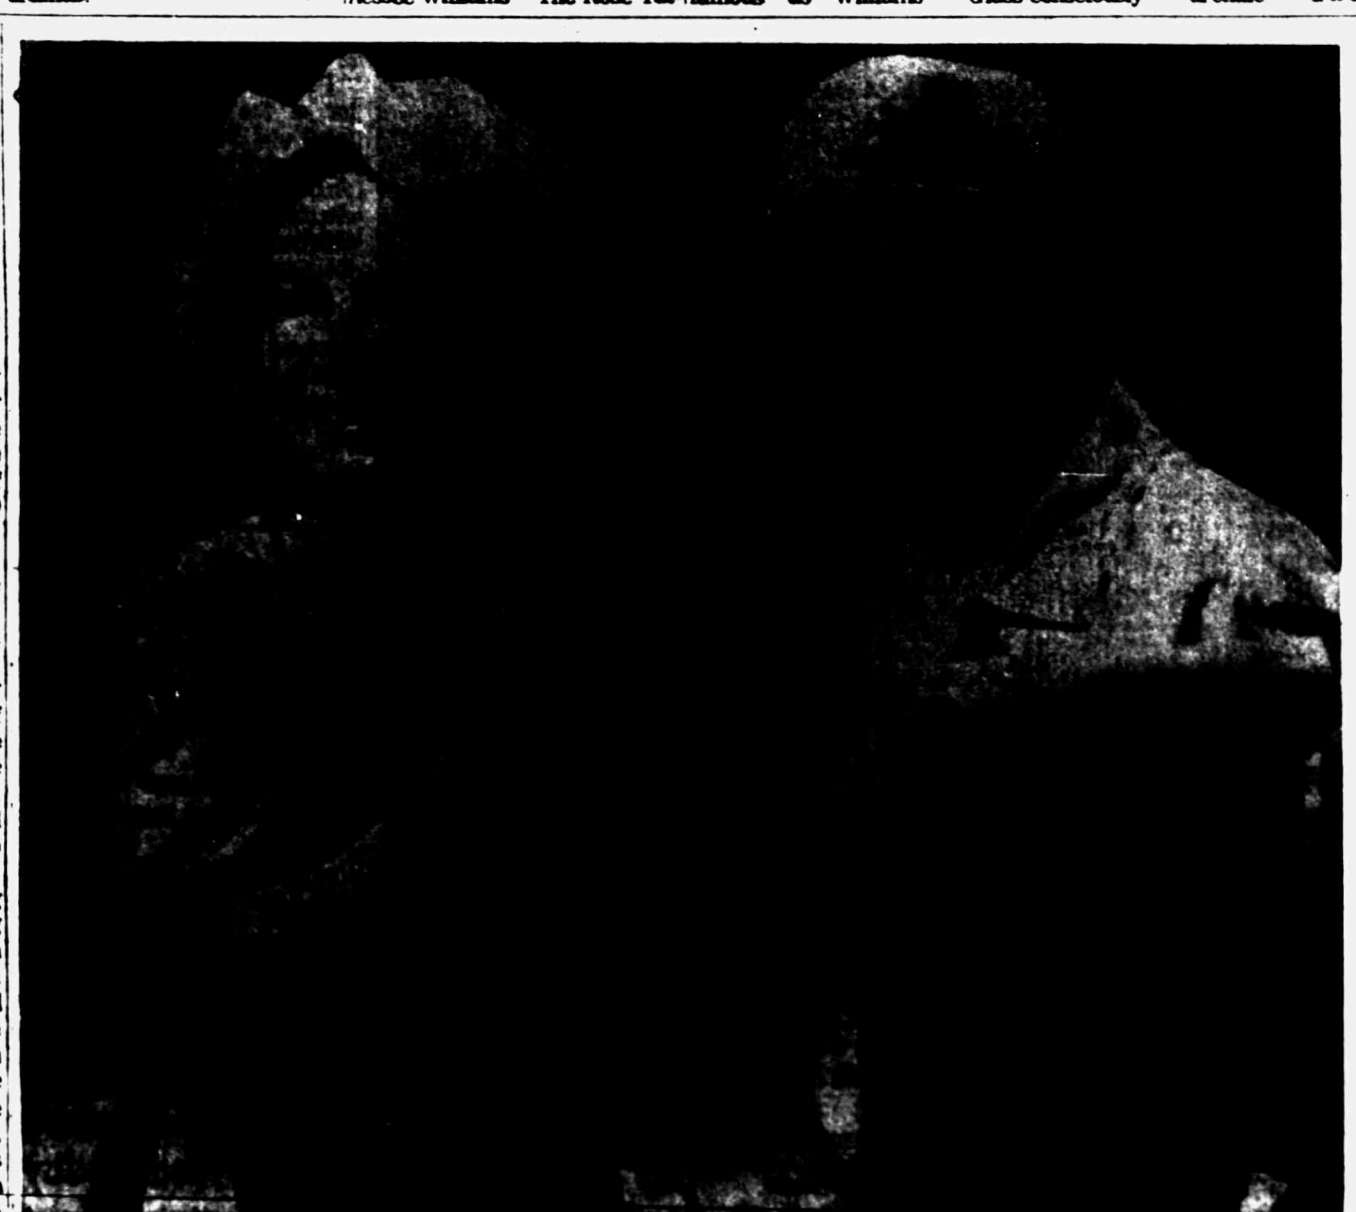

One last reminder, Wednesday the very last day to order Knees who's Boss! The Rebels are fine, they're super hot, as well as the bonfire in the parking lot. We're celebrating our Homecoming Victory early with a "Kittie roast" in the east parking lot at 7:30 p.m. Thurs-day. The mighty Maroon Platoon will be the guest of honor and the Key Club will be the hosts. Let's all turn out to boost the Rebel spirit and make Homecoming 1975 one to be remembered.

Speaking of Homecoming, the following Duchesses have been elected: Lisa McDonald, Lisa Welton, Vekta Wilder, Leslie Grado and Kelly Cooper.

The 1975 Homecoming Queen will be announced during the Homecoming ceremony at the game between Sweetheart and Band Sweetheart. Congratulations, as Kisses, Sponge Throw, Cake and the following Sweethearts have been elected: Carolyn Jones as French Sweetheart and June Seebay as Swimming Sweetheart. What an honor! For the first time ever, the Rebels have selected Sweetheart Congratulations, Sweet White!

That's all for now. Love, Jana, Lisa and Jolee.

P.S. To Bulldogs—ERADICATE THE EAGLES! P.S.S. President Tom Cloyd invites all Aviation Explorers and others interested to come to the meeting at 7:30 p.m. today in the Y.C. We are going to the Airport from the Y.C.

HOLLYWOOD'S TALKING ABOUT THIS MOVIE—Elizabeth Taylor and director George Cukor discuss a scene during filming of "The Blue Bird" in Leningrad—a production that inspired tall tales back in Hollywood of production problems and personalities. (AP Wirephoto)

Pentagon Official Reveals Head Plumber's Orders

The Washington Post

WASHINGTON — A former Pentagon investigator said last week that he was ordered to install a wire-tapping system in a home of a suspected homosexual relationship with a suspected news source even though there was no reason to believe that one existed.

W. Donald Stewart, who was in charge of an investigation into news leaks in late 1971, said the order was given to him by David Young, the Nixon Administration's top charge of the Plumbers, the White House unit created in July 1971 to investigate news leaks.

Stewart said in an interview that Young wanted him to show that Anderson and Navy Yeoman Charles Radford, who worked in the National Security Council, had a homosexual relationship.

"I refused the order," Stewart said. "Young told me he wanted me to develop and prove that there was a homosexual relationship between Jack Anderson and Radford."

Stewart said he refused because the nature of the order was "not to see what might be there, but to insure that I found a homosexual relationship."

Stewart said that Young got very upset when he refused the order.

"This came from the President," Stewart quoted Young as saying. "It's the President's order."

Stewart said he still refused the order.

There is or was no evidence that Anderson had a homosexual relationship with Radford or anyone else.

Rock, Not Bullet, Hits Car Window

SWEETWATER, Tex. (AP) — Police say a rock, rather than a bullet, shattered the car window of the general manager of the Sweetwater Reporter.

John McDougal and his family were returning home the night of Sept. 26 when McDougal said he heard a "loud report" and saw the glass break.

A police spokesman said Monday an investigation indicated the rock was thrown at the McDougal car by a 9-year-old neighbor boy.

McDougal said he had received threatening telephone calls before the car window was shattered.

Hobby Receives Research Award

HOUSTON (AP) — Lt. Gov. Bill Hobby was presented the City of Hope Spirit of Life Award at a dinner here Monday night to raise money for medical research.

Proceeds from the \$100-a-plate dinner were to establish the William P. Hobby research fellowship.

Hobby was singled out for the award this year for his achievements as a "humanitarian" representing the political and civic leadership of the state.

The award was presented by Frank P. Horlock, trustee of the City of Hope Hospital, and Rep. Barbara Jordan, D-Tex., who spoke briefly. Officials said 584 persons attended.

Ford To Seek Aid For Mideast Soon

WASHINGTON (AP) — President Ford will ask Congress for aid for the Middle East in a resolution that cleared economic aid as a sequel to the Congress last week and de-Israeli-Egyptian Sinai agreement.

In signing on Monday a resolution that will not accept stagnation of aid to the Middle East, the President said the United States must maintain a diplomatic offensive in the Mideast to sustain U.S. momentum toward peace negotiations with the Sinai agreement.

At a hastily-announced Oval Office ceremony, Ford signed a resolution that cleared economic aid as a sequel to the Congress last week and de-Israeli-Egyptian Sinai agreement.

In signing on Monday a resolution that will not accept stagnation of aid to the Middle East, the President said the United States must maintain a diplomatic offensive in the Mideast to sustain U.S. momentum toward peace negotiations with the Sinai agreement.

Syria May Buy Captured U.S. Arms From Hanoi

By FRED S. HOFFMAN

WASHINGTON (AP) — Syria could lead to a significant reduction in Moscow's reported dependence on U.S. oil, U.S. intelligence sources say.

U.S. intelligence sources say Syria recently bought about 15 million rounds of 7.62 mm. caliber rifles and some 2,000 anti-aircraft missiles from Hanoi in North Vietnam.

It is the largest arms purchase by a Western country in more than 10 years.

White House Compiles List Of \$28 Billion In Budget Cuts

WASHINGTON (AP) — The White House has compiled a list of \$28 billion in proposed budget cuts to strengthen President Ford's hand in insisting that Congress combine a tax cut with matching cuts in federal spending.

However, Treasury Secretary William E. Simon denied today that the list includes cuts in Social Security or government programs for school lunches, child care, medicare or veterans benefits. The list, he said, is "not a cutback."

Paul H. O'Neill, deputy director of the Office of Management and Budget, said Monday an inch-thick compilation of proposed reductions is being circulated privately to Cabinet officers and agency heads for their comment.

Asked today whether the proposed cuts were in school lunches, Social Security, child care, medicare or veterans benefits, Simon declared: "No, that's not the case."

He said the proposed reductions are for "slowing down the growth of federal spending indicated

They are not a cutback." Simon was interviewed on NBC-TV's "Today Show."

President Ford last week proposed tax cuts for next year of \$28 billion, including a partial extension of this year's federal income tax reductions. But he insisted that the reductions be accompanied by an identical cut in federal spending in the fiscal year beginning next Oct. 1. He said he will propose specific spending reductions to Congress in January.

Congressional critics of Ford's program have complained that since the tax cuts would start Jan. 1 and the spending reductions he proposed would not come into effect until next October, the program would be "blindly setting a spending ceiling before getting around to actually voting on the next fiscal year's budget."

The list of specific reductions the lawmakers are seeking is in its first draft, but members of Congress won't get a chance to see it until Cabinet members have had a crack at it, O'Neill Nessen said at his daily news briefing.

He declined to elaborate on exactly what programs are being eyed for budget slashes, but he said, "we looked at all areas of government spending. Among the defense spending reductions already discussed publicly by the OMB are cuts in such areas as officer training programs and federal subsidies to military commissaries."

Meanwhile, the President's press secretary, Ron Nessen, said that congressmen who think the President's program is too vague should examine the spending reductions he proposed in the past as an indication of what cutbacks he would like in the future.

Nessen said these past spending reduction proposals, largely ignored by Congress, offer lawmakers "a pretty good idea" of Ford's plans for the next fiscal year.

"It seems to me Congress is suffering a case of amnesia," Nessen said at his daily news briefing.

Denver Named CMA Entertainer Of Year Beame Says Deficit Estimate May Be Much Too High

NEW YORK (AP) — Mayor Abraham D. Beame says New York City's three-year operating deficit of \$800 million may have been estimated as high as \$200 million too high.

Beame will present this optimistic revised estimate to the Emergency Financial Control Board on Wednesday.

His other non-negotiable award for best single of the year best album and best male vocalists.

Beame indicated Monday that he was ready only with the album award went to Ronny Milsap for "A Legend in My Time."

Waylon Jennings was named the best male vocalist with the album "Before the Next Teardrop Falls" and Dolly Parton's "I Will Love You Again" was named the best female vocalist award.

The state's widening fiscal year deficit, which takes into account a new three-year municipal wage freeze and other austerity moves, was disclosed Monday night at a private meeting of the Board of Estimate and City Council leadership.

Spacious Riverfront Holds Key To Series' Game Three

CINCINNATI (AP) — The track will be fast and the skies clear for tonight's third World Series game, and Cincinnati's thoroughbreds intend to run the Boston Red Sox right out of Riverfront Stadium.

"Everything's different now," said Joe Morgan. "Playing at home is going to make all the difference in the world for us."

At no time in recent World Series history has the home field advantage or weather conditions meant as much as in this one.

The Red Sox, although they split the first two games in Boston over the weekend, had a distinct advantage in their own Fenway Park. Now, they have an obvious disadvantage at Riverfront.

"The ball park had a lot to do with our performance," said Morgan, pointing to a meager total of three runs and a .188 team batting average in the two games.

The Reds, accustomed to their springy artificial turf at home, were slowed to a crawl by Fenway's much slower natural grass, not to mention heavy rains that bothered their famed

The Midwest Reporter-Telegram
SPORTS
18—TUESDAY, OCTOBER 14, 1975

running game. Also, there was too, because of the sleek playing the psychological disadvantage surface.

Of playing with "The Green Monster," the close left field getting hits," said Morgan, recall that just about dars right-handed hitters to swing at it.

None of the hitters on the Red Sox or the Reds reached the notorious wall on the fly, but that doesn't mean it didn't play a big part in the first two games.

"Mentally, it was kind of hard for us," Morgan said, "because our right-handed hitters were going for that wall. And I think it hurt us because it was always on our minds. Now that we're at Riverfront Stadium, baseballs are going to make a big difference the way our hitters attack it. The ball you'll see different hitters here."

The Red Sox will also see different runners in Cincinnati, and able to play in the

home park of the National League kings.

"Maybe the Reds don't realize it, but we're a great Astro-turf team," said Bill Lee, Boston's fine left-hander. "We play darn good baseball on artificial turf, just ask the Kansas City Royals."

Whley Herzog, manager of the Royals, agrees with that lofty assessment.

"The Red Sox can play on any surface," he said. "They're just a good ball club. The artificial turf at our ballpark in Kansas City didn't bother them much, if at all, this year. They won four out of six in our park."

Obviously thinking about that fast artificial turf, Boston Manager Darrell Johnson named Rick Wise as his starter to oppose Cincinnati's Gary Nolan.

"Rick is basically a highball pitcher and that should be helpful," Johnson said. "A sinkerball pitcher forces men to hit the ball on the ground. A highball pitcher, like Wise, gets many men on pops."

Rico Petrocelli, Boston's third baseman, had the artificial surface on his mind, too.

"I won't be able to play back on their right-handed hitters," Petrocelli said, grumacing. "They run too good."

The Red Sox, hoping to get the feel of the strange ballpark, worked out Monday night under the lights for Game No. 3. The weather for the third game was expected to be warm and clear.

"We're back where we started, all even," Johnson said. "It's a best-of-five series now. We just have to win three."

The fourth and fifth games of this 72nd World Series will also be played in Cincinnati on Wednesday and Thursday nights. If needed, the sixth and seventh games will take place back in Boston next Saturday and Sunday.

"We were a little anxious in Fenway Park," said Johnny Bench, Cincinnati's great catcher. "Everyone wanted to be the key too quickly. Maybe we'll be more relaxed here."

Morgan thinks so, obviously.

"We have more ways to beat you than any other team," said the brilliant second baseman. "Cut off our power and we can beat you with our running. Cut off our running and we can beat you with pitching and defense. You can shut off one of all the areas."

Cincinnati catcher Johnny Bench, left, and today's starting pitcher Gary Nolan will be battery mates tonight in the third game of the World Series at Riverfront Stadium. (AP Wirephoto)

'Skins Scalp Cards, 27-17

WASHINGTON (AP) — Joe Theismann knew all along what he was going to do with the ball. The only thing was, he didn't do it.

Washington's third-string quarterback and ball-holder on field goal attempts shocked St. Louis with a 30-yard scoring pass to John Pergine on a fake play and rookie Mike Thomas right sideline for the touchdown. The big this was that our bull's his way for 100 yards and two touchdowns.

Coach George Allen said his last two with the Cards, we Redskins to a 27-17 National Football League victory over the Cardinals Monday night.

"They came with a real hard rush and I knew I could get enough in that situation, with National Conference East title around 'em and run." Theis-mann said after the nationally televised game. "That's what I was going to do. Then I saw, in fact, they did just that. John all alone, and I certainly wasn't going to pass up that opportunity."

Pergine was delighted that Theismann didn't. "Yeah, Joe caught the ball at the Washington line for a first down, a few strides ahead of play. We went to the well once it was just a great thrill for me corner Mike Bass."

"But Washington came back to read it perfectly." But Hart insisted: "I minutes into the last quarter wouldn't give them all the credit during field goals."

The surprise score came after Terry Metcalf had battered running back Larry stunned Washington by blazing Brown, piovred in from one 93 yards with the second-half yard out, a burst set up by kickoff to tie the score 10-10.

Billy Kilmer passed 13 yards Charley Taylor and 18, 11 and 5 to Roy Jefferson while Thomas yards to Jefferson and Larry Brown alternated on Moseley's second field goal of

Americans Face Hostility In Pan American Contests

MEXICO CITY (AP) — One of the most stunning fail-ures by the U.S. runners was in the 10,000-meter run, where Mexican Luis Hernandez and Rodolfo Gomez trotted across with a throw of 190 meters to the finish line almost in tan shoes.

Coloradans Garry Bjorklund and John Gregorio, both of whom had cracked the Games' mark of 28:50.8, were rassing off Hernandez' win.

Heading into today's full schedule, in which 15 gold medals were at stake, the United States had collected four gold, four silvers, and two bronzes. The impetuous Cubans took five golds, three silvers and a bronze. The host Mexicans had two golds, a silver and three bronzes, followed by Canada at 0-1-3.

Today's finals included six in track and field, where the Americans have had the most trouble, and five in shooting, the saving grace of the U.S. effort so far.

To a chorus of catcalls and whistling, the Americans landed face first in most of Monday's track and field events.

The best any U.S. competitor could do there was a silver medal for Arnie Robinson of San Diego in the long jump. Al Lerner of Cincinnati won a bronze in the same event for only the second of a possible nine medals Monday in track and field.

The Cubans, with some help from the host Mexicans — decided the U.S. competitors until the increasingly sensitive Americans could stand it no longer. They retaliated with some vociferous Bronx cheers that seemed to quiet down their detractors.

But in other events later in the day, the anti-U.S. feeling was manifest again.

When the Cubans finally won in three consecutive games, the victors broke into a gleeful demonstration on the playing floor. Allen Coage, a bodyguard for singer Aretha Franklin, was one of two U.S. individual gold medal winners. Coage of East Orange, N.J., triumphed in the heavyweight judo finals.

Herschel Anderson of Columbus, Ga., broke his own Pan Am record in winning the free-hand pistol shooting competition with a score of 559 points of a possible 600.

American also won the team rifle under normal circumstances, a 41-point victory margin of 103-62 over Argentina would be a satisfying enough victory for the U.S. basketball team. But Coach Marv Harshbarn was morose. "If we play against the Cubans like we did against the Argentinians today, we'll probably lose."

He characterized the Argentine team as one that should have been beaten by far more than 41 points "to prove ourselves."

A crucial proving ground was Monday night to spark the United States' today, against the potent Mexican category, who devoured Venezuela 116-85 Monday.

WFL Executives Facing Severe Attendance Woes

NEW YORK (AP) — They've decided to be made here as to what will happen to the WFL. As far as the public or falstified attendance figures.

But the World Football League fighting a backcast from its horrid first year, is finding that honesty and promptness with the checkbook are not enough.

And so the league, which last year set records for losing money and missing payrolls, may give in to the apathy it has generated in its cities and fold before the week is out.

Faced with a continuing flow of lost jobs, the men who run the WFL are meeting in one of their cities' corporate skyscrapers. They have three alternatives: fold weaker teams and continue or shut down and they are expected to select one of them in the next day or two.

Representatives of each of the league's 10 teams met throughout the day and into the night here Monday. They were back at it today, trying to avoid what WFL President Chris Hemminger called the ultimate negative.

"We are exploring all directions to save the league," Hemminger said during a break in the meetings Monday. "We just don't want the league to go down the tubes."

The lords of the WFL, though the financing formula received by Hemminger to pay most players one per cent of each team's gate receipts would provide the basis for growth and allow the league to suffer through bleak times while it rebuilt credibility.

What they didn't believe could happen did — fans have stayed away in droves. No team is averaging as much as 20,000, not even Memphis with its celebrated trio of former Miami Dolphins. The league average is 13,323, and falling.

Hemminger said the key to the Kittens Rip Tech HOUSTON (AP) — Delrick Brown connected on a 71-yard scoring pass to Frederick Snell Monday night to spark the University of Houston Kittens to a 21-3 junior varsity football victory over the Texas Tech Pioneers.

Ali Insists He Has Just One Wife

NEW ORLEANS (AP) — Heavyweight champion Muhammad Ali stepped off a plane here with his wife Belinda and said, "I ain't got but one wife, despite all the publicity."

Ali participates today in ceremonies in the Louisiana Superdome honoring the late Elhaj Muhammad, former head of the Black Muslims — the Nation of Islam.

Youngsters in all public and parochial schools in the city had been invited to the Muhammad appreciation day, but New Orleans Roman Catholic Archbishop Philip Hannan withdrew his support because of Ali's recent marital problems.

"The archbishop believes too much of what he reads in the newspapers," said Ali. "This thing about my marriage has been overplayed in the press."

"My wife is standing right here beside me. I ain't got but one wife."

His wife, dressed in flowing Muslim garb, smiled while Ali talked to reporters Monday.

Minutes later, Ali hugged an unidentified young lady at the airport and departed in a car with his wife and companions.

Booster Clubs Meet Tonight

The Midwest Lee and Midland High Booster Clubs will meet at 7:30 p.m. today in their respective auditoriums to view last week's films and get scouting reports on their week's opponents.

Lee entertains Abilene Cooper in its annual homecoming tilt Friday while MEIS travels to Abilene to face the speedy Warbirds.

Stock Mart Moves Ahead In Fairly Active Trading

NEW YORK (AP) — Hopes for a recovery in the New York City stock market moved ahead in fairly active trading today.

The noon Dow Jones average of 30 industrial stocks was up 5.11 at 842.80, and gainers outnumbered losers by about a 3-1 margin on the New York Stock Exchange.

Analysts said fears of an immediate default by the city were eased with a New York State Supreme Court Judge's decision to prohibit investment of \$250 million in state pension funds in debt securities to provide the city with cash.

Philip Morris was actively traded, rising 1/4 to \$24. The company reported that its third quarter and nine months earnings were up 25 percent.

The NYSE's composite index of all its listed common stocks showed a 26 gain at 47.59.

Bensen Welcomes Rivals For Senate

HOUSTON (AP) - U.S. Sen. Lloyd Bensen, D-Tex., says he welcomes competition in his race for re-election as his party's nominee to Senate, which he is waging along with his campaign for the Democratic presidential nomination.

"I've stated I'm going to concentrate on re-election, along with the presidential campaign and along with fulfilling my responsibilities in the Senate," Bensen said Monday.

Bensen appeared at a news conference following a speech to the Tax Executive Institute.

He told newsmen he probably will enter presidential primaries in Ohio, California, Pennsylvania, Upstate New York and Downstate Illinois as well as Texas next year.

He noted he has raised "the third largest amount of money" of those seeking the Democratic presidential nomination and expects to be eligible for \$800,000 to \$900,000 in matching funds from the federal government.

Reagan Plans Radio Show

The Washington Post WASHINGTON - Former Gov. Ronald Reagan of California has contracted for his five-minute daily radio commentary to be heard over the Mutual radio network of more than 1,300 affiliated stations starting Oct. 20.

The show now heard over some 300 stations would have to be dropped by Reagan should he become a presidential candidate as now expected.

Federal Communications Commission regulators require that anytime one candidate is given air time his competitors must be given equal time.

However, a Reagan spokesman said Sunday it is planned to have a number of conservative guest commentators take over the show called "Viewpoint" in the event Reagan drops out. Among those named, said Harry O'Connor, Los Angeles media expert who syndicates the show, are Julie Nixon Eisenhower, daughter of former President Richard M. Nixon, columnist William F. Buckley, television host Art Linkletter, actors John Wayne and Efram Zimbalist Jr. and Reagan's daughter Maureen.

Reagan's spokesman denied that the arrangement was a hedge against failure in the former governor's expected drive for the 1976 Republican presidential nomination. But the continuation of the show using guests would give Reagan the option of returning to the lucrative show if he was not nominated.

O'Connor has estimated Reagan's salary was \$50,000 for the calendar year 1975 if Reagan is able to continue it to year's end.

School Cuts Off Pay Bus Routes

LAKE WORTH TEX. (AP) - Lake Worth schools have discontinued pay bus routes because there has been a question about their legality. Superintendents have announced.

Two routes have been operated in the past within a two-mile radius of the school and parents of students pay a fee for the service.

According to the Texas Education Agency any such bus route must be operated totally through local funds and no state funds can be used for bus-ing students less than two miles from their schools.

The school board felt that operating the routes strictly with local funds would be prohibitive, said Ethridge said.

Stress On Camps

LOGAN, Utah (AP) - President Ford's youngest son, Steve, says he won't talk with newsmen on campus because he wants to lead a normal life while attending Utah State University.

The 19-year-old freshman said Monday he will no longer make comments because he doesn't want to appear "a freak."

Steve said "nothing" on July 14, 1975, when the Bastille fell. Louis XVI wrote the single word, "nothing," in his hunting diary.

Mrs. Black Renews U.N. Friendships

UNITED NATIONS, N.Y. (AP) - "I still feel that it's the greatest parliamentary gathering and debating society in the world," said Shirley Temple Black, back for a visit to an old stomping ground.

Mrs. Black, 47, now U.S. ambassador to Ghana, was here Monday to renew friendships made while she was a U.N. delegate in 1969, 1970 and 1971.

LEGAL NOTICES

THE STATE OF TEXAS

And I will, on the first Tuesday in the month of November

Parents Deny They Gave Permission For Son's Death

FRESNO, Calif. (AP) — A repair man punctured the stomach of a youth who died after his life-support system was shut off by the system's doctor. The system did not give doctors anethetist a permission to unhook a mechanical respirator that kept the child alive after he was kept in a hospital for 18 days after his brain was destroyed through medical error.

Mr. and Mrs. Peter Krebs and Sandra, according to their 19-year-old son, Sam. This is a strange case of their 19-year-old son, Sam. This is a strange case of their 19-year-old son, Sam. This is a strange case of their 19-year-old son, Sam.

Three Women Convicts Teach Nursery School

LOS ANGELES (AP) — Three women convicted of murder are teaching a nursery school class in a prison. The women, who are serving life terms, are teaching the children about the Bible and the importance of good behavior.

The women, who are serving life terms, are teaching the children about the Bible and the importance of good behavior. The children are from the prison's day care center.

Parents Deny They Gave Permission For Son's Death

FRESNO, Calif. (AP) — A repair man punctured the stomach of a youth who died after his life-support system was shut off by the system's doctor. The system did not give doctors anethetist a permission to unhook a mechanical respirator that kept the child alive after he was kept in a hospital for 18 days after his brain was destroyed through medical error.

The report filed Sept. 11 from their son died by Valley Medical Center. It is a tragic situation.
