

Gulf Exploration Swabs Oil, Water; Reentry Scheduled

Gulf Oil Corp. No. 10-M McElroy Ranch Co., c mile southwest offset to the Bend reopener in the King Mountain, North field of Upton County, swabbed 29 barrels of oil and 29 barrels of water in 10 hours. Recovery was through perforations at 9,852-9,916 feet.

The project also recovered 6,200 feet of oil and gas on a drillstem test at 8,608-8,759 feet in the Cisco.

Location is 990 feet from north and 660 feet from east lines of section 67, block Y, TCRR survey, 14 miles northeast of McCamey and 3/4 mile southeast of the two-well Cisco portion of the field.

Reentry Set
A G. Kaspar of Midland plans to reenter a former upper Bend producer and attempt recompleting from the Wolfcamp in the Amacker Tippet, South field.

No. 1A Weir spots 990 feet from south and west lines of the southwest quarter of section 14, block 2, MK&T survey, nine miles west of Rankin. It is to be plugged back to around 8,900 feet.

It is 1/2 mile southeast of the Wolfcamp operator, which according to the latest Railroad Commission production schedule is not producing.

Ellenburger Test Slated in Edwards

North American Royalties, Inc., operating from Midland, has scheduled a 3,200-foot Ellenburger wideout in Edwards County, 12 miles northwest of Rocksprings.

It is 1/2 mile south of the Whitworth-Pennsylvania field and a mile northeast of the nearest well in the Roy Baker (Canyon) field.

Drillsite is 467 feet from northeast and northwest lines of section 43, B&A survey, abstract 714.

Tom Green Draws Cambrian Wildcat

Robert M. Wenne, Midland, has scheduled a 3,000-foot Cambrian wildcat in Tom Green County, 1/2 mile north of Rankin.

Drillsite is 2 1/2 miles north of the Harbert field, 10 miles northeast of San Angelo.

Location is 2,173 feet from south and 660 feet from east lines of section 11, WCRB survey.

San Dunes Area Gains Gas Well

The Sand Dunes multiphase field of Eddy County, N.M., gained its second Morrow gas well and a one-mile north extension to that pay with completion of Skelly Oil Co. No. 1X-25 Todd-Federal, 22 miles east of Loving.

Calculated absolute open flow was for 842,000 cubic feet of dry gas per day, producing through perforations at 14,592-14,841 feet. No treatment has been reported.

Drilled to 15,714 feet; it has (Continued On Page 13A)

Weather

FORECAST Fair through Saturday with no important temperature changes. High today and Saturday low in mid 70s. Low tonight in low 40s. Northwesterly winds in 20 m.p.h. and gusty today. Light and variable tonight.

SLA Writings Claim Patty Converted Willingly

By ROBERT KISTLER and BILL HAZLETT The Los Angeles Times
LOS ANGELES — Patricia Hearst was not strong-armed into adopting the revolutionary ways of her Symbionese Liberation Army captors — including the terrorist band's multipartner sexual practices — captured SLA writings have claimed. Rather, the writings say, Hearst's conversion to the group which kidnaped her was "forged from a political rather than personal outlook" and was not the result of finding "some magical sexual satisfaction or because of a strong personal attachment to an individual."

The SLA writings, part of a mass of documents and written material seized at the San Francisco house where fugitive SLA members William and Emily Harris were arrested Sept. 18, also disclose: —That Hearst, "partly due to her own initiative, but also because of our growing love and respect for her," was invited to join freely in nonexclusive sexual activities of the group, even before she became a full-fledged member of the SLA. —That, even while they were subjects of one of the most intense manhunts in the history of the United States, women members of the small band which were acutely concerned about the male-dominated "sexism" in SLA. —That, in order to preserve "feminist self-determination,"

women in the SLA fought successfully to "smash the dependencies created by monogamial (sic) personal sexual relationships . . . in the degree of importance SLA members placed upon various kinds of problems female primary means of expression in their revolutionary lifestyle. The writings obtained by The Times include what appears to be a portion of a series of answers to questions submitted to the SLA by an unnamed person, similar to the kind of interrogatories a writer might submit in preparation for a book.

Other writings obtained in-clude a handwritten discourse Harris. However, the FBI has refused to say whether, handwriting analysis has proved her authorship. The message to Hearst, apparently typed about the time of the first anniversary of her abduction, is similarly uncertain at this time, but some of the investigators believe the "writing style" to be that of the mysterious outsider, William Harris.

WONDERFUL TIME OF YEAR — Autumn in the air, warm and sunny days, a walk in the woods, enjoying nature, they all help Joe Paunka and Joey Jr., 2, of Washington, D.C., get to know each other better. (AP Wirephoto)

Ford Refuses To Stave Off Default

WASHINGTON (AP) — President Ford's chief spokesman said today that the President will not take action to prevent a New York City default. "Further, Press Secretary Ron Nessen told newsmen that the President's chief Treasury Secretary William Simon was trying to persuade him to modify his long-standing opposition to federal aid for the city in its financial crisis." Ford and others at the White House held a series of meetings today to discuss New York's financial crisis, but Nessen said so far as he knew none involved discussion of possible federal moves to ease the situation.

The city's 11 major banks refused to press for redemption of another \$59 million in city notes due today. Fiscal experts said that without the banks' agreement, the city would have needed that much more to avoid default. At the city controller's office, a spokesman said holders of \$250 million in notes had already filed for redemption and that several firms, mostly brokers, showed up today with about \$30 million more in notes. He said they were given receipts saying they would be exchanged for cash at 2 p.m. — if the cash or its equivalent is available.

But within a week the city would face payrolls and welfare payments for which it would have little or no cash. Felix Rohatyn, who heads Big Mac, said that in that event, the city might furlough nonessential employees in order to conserve its resources for such critical functions as police and fire protection. Asked if teachers would be among the "nonessential" workers furloughed, Rohatyn said they would be first in line.

Panel Getting By On Impeachment Pay

AUSTIN (AP) — Eleven members of the House select committee have drawn \$900 a month, but they are not drawing their expenses since August. The committee members are: Rep. DeWitt Hale, D-Corpus Christi, chairman; Bob Maobeen, R-Dallas, vice-chairman; R-Dallas, Melchor Chavez, D-Harlingen; Jerry Donaldson, D-Gatesville; Bob Hendricks, D-McKinney; Jim Kaster, D-El Paso; Pete Lanev, D-Hale Center; Lynn special House session that resulted in impeachment articles Thompson, D-Houston, and Saganant Judge O. P. Carrillo of San Antonio.

Blocker To Head Midland Savings

Spencer Blocker, a native West Texan and a Midland resident since 1957, has been elected president of Midland Savings Association by its board of directors. Blocker, who assumed his new position early this week, succeeds Fred White, who is moving to Corpus Christi to become president of the First Savings Association of that city. Blocker was born in Martin County and was graduated from Stanton High School. He attended Schreiner Institute at Kerrville and was graduated from Texas Tech University in 1954 with a degree in finance. He served two years in the military, leaving the service in 1956 as a first lieutenant in the Army Engineers. He was in the insurance business here for several years before joining Citizens Savings & Loan Association in 1970. He resigned as a vice president of that firm to accept his new position. He has been active in civic affairs during his 18 years at Midland residence. He is a past president of Midland Jaycees, a member of the Midland Cubs Booster Club. He is a member of the student at Texas Tech and Sonja, a sophomore at Midland High School.

Spencer Blocker

commerce, and is a member of former director of the Downtown Rotary Club. He is treasurer of the Midland County Heart Association and chairman of the Midland County Easter Seal Sale. He also is a member of the Main Street Church of Christ. Mr. and Mrs. Blocker reside at 813 New St. They have two daughters: Gay, who is a senior student at Texas Tech and Sonja, a sophomore at Midland High School.

AP General Manager Says Press Needs To Turn To 'Accountability Reporting'

WILLIAMSBURG, Va. (AP) — The press needs to restore its sense of balance and turn to "accountability reporting" that sorts out and examines issues of genuine concern to readers, Wes Gallagher, president and general manager of The Associated Press, said today. "What we and the country need today might better be called accountability reporting instead of investigative," Gallagher said in a speech to the annual meeting of The Associated Press Managing Editors association.

Some reporters do not have the patience for it. "If the public is left confused, cynical and disillusioned, you can rest assured of one thing: A free press will disappear. But the responsibility is far greater than this. If a free press disappears, so will our other democratic institutions." In discussing his concept of accountability reporting, Gallagher said: "Accountability reporting must be done with accuracy, not innuendo, and be in an objective, impartial tone — a day — newspapers, radio and television, magazines, CATV, special journals and professional special interest letters." Speaking from the perspective of nearly 50 years as a journalist, Gallagher said this is a time when fundamental values and relationships are being questioned all around the world and when there is a declining faith in democratic institutions in this country. At the same time he said, the American public is under an information barrage, unprecedented in human history. It goes on ceaselessly, 24 hours a day — newspapers, radio and television, magazines, CATV, special journals and professional special interest letters.

LATE BULLETINS

LOS ANGELES (AP) — William and Emily Harris pleaded innocent today to 11 counts of kidnaping, assault and robbery in a crime spree.
WASHINGTON (AP) — Thomas S. Kleppe was sworn in today as Secretary of the Interior, promising "a movement from problems to accomplishments."
WASHINGTON (AP) — Housing Secretary Carla A. Hills announced today she is reactivating a program aimed at helping low and middle income families buy their own homes.

Ali Leads Marchers

TRENTON, N.J. (AP) — Heavyweight champion Muhammad Ali led a group of about 2,000 persons on a freedom march today for Rubin "Hurricane" Carter. Ali said the former boxer was "railroaded" into Trenton State Prison. At a press conference just before the march began, Ali said of Carter's conviction, "It's like the lynch days." Organizers of the movement seeking Carter's release originally hoped that 15,000 marchers would go to the prison. They agreed to march to the State House instead, however, after a power struggle among Muslim inmates Thursday left one prisoner dead and six others wounded.

Nobel Prizes For Chemistry, Physics Announced

STOCKHOLM, Sweden (AP) — Five scientists, including an American, won the 1975 Nobel Prizes for Chemistry and Physics on Friday for pioneer discoveries in their fields. The Swedish Academy of Science said the chemistry award is shared by John Warcup Cornforth, 58, a research professor at Sussex University in Brighton, England, and Yugoslavian-born Vladimir Prelog, 69, of Zurich. The physics award went to James Rainwater, 57, of Columbia University, and two Danes — Aage Bohr, 53, whose father Niels

Cornforth said he was "working at the bench" at Sussex University in Brighton when the "total surprise" announcement came. "I am very happy, and very happy to be sharing the prize with Professor Prelog," he said. He took the afternoon off to be "entertained by colleagues." Prelog, reached in Zurich at the Swiss Federal Institute of Technology, said he was "so his research into the chemistry of organic molecules and reactions." The two scientists, who have worked independently of each other, were awarded the prize because he was on a complex field of stereo-chemistry. Swedish professors said the field embraces geometry in three dimensions and is concerned with the delicate mechanism of important reactions in biological systems. Cornforth has been deaf since boyhood, one professor added. In Copenhagen, Bohr told newsmen of the physics prize: "I consider this a collective it."

fully share my gratitude and delight with the rest of my working comrades." In New York, Rainwater said that getting the award gave him "sort of a sense of unreal accomplishment. It was something that I had been doing research with Rainwater, and that seemed Bohr and Mottelson and the situation in nuclear physics from which it developed." At the end of the 1940s nuclear physics had advanced to a stage where a more detailed picture of the structure of the atom nucleus was beginning to emerge and it was possible to assess its properties. The mod-

and the development of the structure of the atomic nucleus based on this connection." The Academy of Science gave him "sort of a sense of unreal accomplishment. High-Speed Amtrak Service Would Necessitate Ban On Air Shuttles

By MARC CHARNEY
NEW YORK (AP) — The Air Shuttle train service to road and 1000 million more for equipment. That, however, said it would not sponsor a bill to build that. Coleman said that the public interest should be over the long run justifying the use of public money to provide air shuttle flights from Chicago, California, Florida, Texas and other states. "The other thing he said is, the decision that once made, that speed down to 210 mph, and an expected 17,000 added maintenance jobs should be used to reduce unemployment and retrained workers." Of air shuttle flights now operated on Washington-New York and Boston-New York routes, Coleman said.

Eliminating the shuttle could help using airport traffic and free up the airways to let the long-haul Chicago, California flights fly in time. He also said states involved should contribute 10 percent of the cost, and an expected 17,000 added maintenance jobs should be used to reduce unemployment and retrained workers. "The other thing he said is, the decision that once made, that speed down to 210 mph, and an expected 17,000 added maintenance jobs should be used to reduce unemployment and retrained workers."

public interest to shutter up the corporation, which has porpoises to San Francisco. Coleman said that the Northeast rail corridor as a potential showcase for high-speed rail service. But Coleman said the only recently learned fact was that the cost would be so high. Other rail corridors in which high-speed rail service could be justified under the right circumstances might be some hours and other trains where between the Cleveland and Cincinnati, Pittsburgh and Chicago area, and also perhaps the Boston-Washington route you could justify from Los Angeles to San Francisco.

Third Workshop On Drug Abuse Set For Saturday

Midland, Texas, will host the third annual workshop on drug abuse on Saturday. The sessions will include speakers on the subject of drug abuse. Speakers on the subject of drug abuse will include: Dr. J. B. Brinkman, Jr., Director of the Midland State Hospital; Dr. J. B. Brinkman, Jr., Director of the Midland State Hospital; Dr. J. B. Brinkman, Jr., Director of the Midland State Hospital; Dr. J. B. Brinkman, Jr., Director of the Midland State Hospital.

Texas Plane Crash Takes Four Lives

By The Associated Press
Seven died, including a pilot, in a crash of a single-engine Cessna airplane on the morning of Thursday in East Texas. The crash occurred on the route to Lufkin, Texas, near the town of Lufkin. The plane was flying from Lufkin to Houston. The pilot, a 42-year-old man, was killed. The other seven people on board, including a family of four, also died. The crash occurred at approximately 10:30 a.m. on Thursday. The plane was flying at an altitude of about 1,000 feet. The cause of the crash is still under investigation.

Rotary Club Discusses Junior Achievement

The Rotary Club of Midland, Texas, discussed the Junior Achievement program during a recent meeting. The program is designed to help young people learn about business and industry. The club members discussed the benefits of the program and how it can be implemented in the community. The Rotary Club of Midland, Texas, is a member of the International Brotherhood of Rotary.

UNITED WAY AWARD — Herb Ethelberg, plant manager for Levi Strauss & Co., receives an award of \$100,000 from the United Way for his company's contribution to the United Way campaign. Presenting the award is Robert K. Starnes, executive vice president of the United Way.

Mrs. Pickle Dies At Big Spring

Mrs. Pickle, 78, died at Big Spring, Texas, on Friday. She was born in Big Spring and had lived there most of her life. She was a member of the Big Spring Methodist Church and was active in church activities. She is survived by several family members. Her funeral will be held on Saturday.

Workshop Held By Midkiff Club

MIDKIFF — The Midkiff Study Club had a Federation Workshop under the direction of Mrs. R. R. Richardson and a covered dish luncheon.

Purpose of the workshop was to acquaint members with the goals and accomplishments of the Texas Federation of Women's Clubs.

Participating in the discussion with Mrs. Richardson were Mrs. Buddy Nograss, Mrs. Kirby Hester, Mrs. Ray R. Barrett Jr., Mrs. T. O. Midkiff and Mrs. Frank Feils.

CWF Conducts General Meeting

Christian Women's Fellowship of Memorial Christian Church met in the parlor of the church for a monthly general meeting.

It was announced that in December the CWF will participate in Meals-On-Wheels and the "Dress a Living Doll" project sponsored by the Salvation Army, and will join Church Women United of Midland in the "Least Com" project for 1975-76.

A book review, "Total Woman" by Marybelle Morgan, was presented by Mrs. David Leaverton, a member.

The next general CWF meeting will be Nov. 16 at the church. Marcia Ingram of Casa de Amigos will present the program.

Believe It Or Not
Balloons were once thought of as weapons that might end war.

TEAM SETTER — Anita Wilson, daughter of Mr. and Mrs. Jerald Wilson of Midland, is handling setter duties for the volleyball team at Texas Tech University. She is a freshman physical education major at Tech and one of 12 coeds selected to the squad. Janice Hudson, formerly of Midland, is coach for the squad.

Ronald Reagan Forum Speaker

WICHITA FALLS — The Woman's Forum is presenting Ronald Reagan as the speaker for a Bicentennial celebration. Reagan will speak on "What's Right with America?" at 8 p.m. Nov. 18 in Memorial Stadium. Tickets are on sale at the Woman's Forum, 2120 Speedway.

HOROSCOPE

Saturday, Oct. 18
GENERAL TENDENCIES — A day when you are able to find out more readily just where you are headed. It is advisable now that you handle any questionable matters in a formal manner.
ARIES (Mar. 21 to Apr. 19) Take time to make long range plans for the future. Be more sociable with persons of character and importance. Be poised.
Taurus (Apr. 20 to May 20) Engage in activities today that appeal to you most, but put prejudice aside for best results. Show devotion to mate.
GEMINI (May 21 to June 21) Getting together with good friends is fine today. Show that you are a kind and considerate person. Don't be too talkative.
MEAN CHILDREN (June 22 to July 21) Make sure you carry through with any agreements made with higher-ups. You can handle a civic affair wisely.
LEO (July 22 to Aug. 21) Ideal day to start building on a new foundation that could increase abundance. Be more willing to accept changes.
VIRGO (Aug. 22 to Sept. 22) Study well whatever promises you have made and then carry through conscientiously. Come to a fine understanding with mate.
LIBRA (Sept. 23 to Oct. 22) A good time to improve your surroundings. Don't permit an opponent to take advantage of you. Evening is fine for romance.
SCORPIO (Oct. 23 to Nov. 21) Take care of matters you were unable to do during busy work week. Engage in favorite hobby. Catch up on your reading.
SAGITTARIUS (Nov. 22 to Dec. 21) Engage in recreations that you really like. Showing more affection for mate safeguards your position with this person.
CAPRICORN (Dec. 22 to Jan. 30) If the situation is tense at home, don't make matters worse by sating the wrong words. A time to count your blessings.
AQUARIUS (Jan. 31 to Feb. 19) Handle any communications in a most intelligent way and remain cool at all times. Obtain the facts and figures you need.
PISCES (Feb. 20 to Mar. 30) Study new ways of advancing in your line of endeavor. Look to a successful person for new ideas. Relax at home tonight.

Record Budget Will Top Baptist Convention Agenda

DALLAS — A record \$23-million budget for the 222-church group in the state will be one of the top items on the agenda of the annual meeting of the Baptist General Convention of Texas here late this month.

The BGCT, largest Protestant denomination in the state, will debate the \$23-million budget, largest ever proposed by a state Baptist group, during the annual meeting of messengers, which will hold its meeting Oct. 28-30 in the Dallas Convention Center.

At the convocation, messengers will see debate on a proposal to reorganize the BGCT internal structure to provide better administration of hospitals, child-care facilities and colleges. Current convention sponsors four child care homes, five homes for the aged, eight hospitals, eight colleges and universities, and one academy.

Harold E. Davis

Two West Texans Receive Training

Two young men, one a Midlander and the other a former resident of the city, currently are receiving training in Salt Lake City prior to embarking on two-year missionary assignments for the Church of Jesus Christ of Latter-Day Saints.

Elder Harold E. Davis of Stanton, formerly of Midland, will be assigned to mission work in the Sacramento Calif. area while Elder Steve R. Souter of Midland will work in Harrisburg, Pa.

The pair flew to Salt Lake City this week where they entered the LDS Mission Home to begin a week's instruction and training by General Authorities of the LDS Church, after which they will report to their respective mission fields.

As with all LDS missionaries, the young men's two-year missions for their church will be financed solely by themselves and their parents.

Both young men will be remembered in Midland as winners of the Soap Box Derby contests formerly held here each summer. Davis won the 1968 contest in Midland and went on to place fourth in the national derby competition at Akron Ohio last year.

Souter won the 1969 Midland derby and then became the Soap Box Derby world champion in that year's Akron competition.

When parents are Mr. and Mrs. Leon Davis and Stanton was born in Pecos, Tex., and joined the LDS Church with his parents in 1964. The Davis family resided six years in Midland during which time the young man attended Bonham Elementary, Alamo Junior High, Austin High School and Lee High School. He is a 1975 graduate of Stanton High School. He

Revival Scheduled
 Midland Park Baptist Church, 3001 North A St., will hold special revival services Monday through Friday next week.

According to Bobby L. Sparks, lead pastor, the evangelist for the series will be the Rev. Carl Jones, Clarksville, Ark.

Services will begin at 7:30 p.m. daily. Mr. Sparks said special music will be a feature of all services and the public is invited to attend.

Religion

Newland To Conduct Revival Series

Melvin M. Newland, president of the Dallas Christian College, will be in the pulpit for the Deeper Life Crusade scheduled next week at the Christian Church of Midland, 2608 Neely St.

According to Billy Stewart, minister of the Midland church, the crusade will be launched at Sunday's 10:45 a.m. and 7 p.m. services continuing through Wednesday. The week-day services will begin at 7:30 p.m. The public is invited to attend the revival series.

Mr. Newland, the son of missionary educators, spent his childhood in the China-Tibet-Burma border region. He was sent to the U.S. for his education, graduating from Dallas Christian College in 1955 and later attending Missouri and Washington universities and an Ohio Christian Seminary.

He served for 15 years as minister of a church at St. Ann, Mo., during which time more than 1,000 persons were added to the rolls and some 1 new congregations were established.

The Deeper Life Crusade is actually made up of more than two dozen performing units which tour not only throughout the U.S., but director of the North American in Europe and Asia as well. Christian Convention and he the units have performed in more than 20,000 churches around the world during the last 10 years. They also perform in school auditoriums and training of Christian leaders and in shopping centers, in teachers' hospitals, wards and elsewhere, celebrating its 25th anniversary.

The Government Players, widely known repertory drama group which has performed in several Midland churches in the past, will return here this weekend to present a performance for the Christian Church of Midland, 2608 Neely St.

The performance, the third to be presented for the Christian Fellowship here, will be in the Adult Forum scheduled for 10:45 a.m. Sunday. The public will be welcomed at the special presentation.

The Government Players head-quartered at Roswell, Calif., uses a variety of material, both humorous and serious, to challenge and stimulate people into taking a searching look at the complex world in which they live and the roles they play in it.

Baptist Group Meets Tuesday

Midland Baptist Association made up of Southern Baptist churches in Midland and elsewhere in the county, will hold an annual meeting Tuesday.

The event will be in South Memorial Baptist Church, 1700 A Carter St., with the Rev. Jimmy Stovall as host pastor. Election of new officers and committee heads will be a highlight of the gathering, along with annual reports.

At the opening session scheduled for 4 p.m. Tuesday, the featured speaker will be Dr. Cecil Ray from headquarters of the Baptist General Convention of Texas at Dallas.

Supper will be served at the church at 6 p.m., followed by an evening session at 6:45. Dr. Ray will give a report on state missions and a sermon will be delivered by the Rev. Doyle Darwin, pastor of Midland's Calvary Baptist Church.

Lee Rebs Battle Cooper In Homecoming Game

By BOB DILLON

Midland Lee entertains the rugged Abilene Cooper Cougars in a key District 5-4A football battle tonight and it will be homecoming for the Rebels.

Coach Jim Acree's Maroon Platoon faces the possibility of being eliminated from the 5-4A race as does Ray Overton's Cougars since both teams have one loss and both to the same team — San Angelo.

The Cougars lost to the Bobcats, 9-7, two weeks ago while last week, the Rebs took it on the chin, 39-19 to the Concho Cats who share the lead with Odessa Permian going into tonight's 8 p.m. kickoff.

It will be a tough task for Lee which has not beaten the Blue Crew since 1964 some 10 years ago, but Acree feels like his team still has a shot at the title, as does Cooper. A loss, however, will shoot down any chances for either team to win or share the title.

Cooper brings the leading rusher in the district in allback Mark Allen, a 180-

pound senior and the Cougs have a good passer in quarterback Kelly Gill, a 190-pound senior.

Lee counters with two junior signal-callers that can throw the football in Brad Wright and David Hobbs. Hobbs threw two touchdown strikes to tight receiver Robert Johnson last week against San Angelo.

Allen rushed for 181 yards against San Angelo two weeks ago and makes the Cougar attack go.

Lee tailback Clyde Gary has been hampered with injuries, but seems to be coming back and is ready for an outstanding performance tonight. In fact, the Rebels will have to have it in order to snap the 10-year jinx.

Lee sports a 4-1 season mark while Cooper stands 3-2 with its other ranked loss to state. Killeen, 21-17 Cooper lost to Killeen in the final 45 seconds of the game and to San Angelo in the final 30 seconds and could well be undefeated unbeaten at this time.

"They (Cooper) have a great ball club and a well-disciplined outfit and we will have our hands full," said Acree. Overton feels the same way about Lee. "The Rebels might have turned last week's game around if they could have scored when they were on the Bobcat seven and one-yard line in the first half last week."

While Lee is battling Cooper, Midland High will be in Abilene to take on the Eagles.

Up front is where it counts and the Cougars have good size and experience in the forward wall in the likes of tackles Kent Eaton (205) and Paul Morrison (200). Add Terry Pigg (205) center along with guards John Howle (198) and Rick Carroll (205) and the Cougars have uniform size.

Lee has some good help in the line too in Junior Miller, 225-pound tight end along with tackles Billy Skinner (215) and Brent Barney (200). Hobbs, Hamrick, a 205-pound junior, who has played at the tailback spot, also means to

tackle position on defense and Overton and his staff call him "outstanding."

Rusty Hamrick, 160-pound senior wingback and safety is a dandy for the Cougars. Hamrick picked off a Darrell Shepard pass and raced 100 yards for a TD last week in the 38-20 victory over Odessa High.

Nose guard Chuck Reed, a tough 200-pounder, leads the Cooper defense at the monster man slot along with linebackers Mark Griffith and Morrison.

Lee has solid linebacking in senior Bryan Webb (185) and Donald Salinas, an 180-pound junior who has shown great improvement.

Russell Kellner, 185-pound senior and tri-captain for the Rebs, returns to safety after missing three games. He was set to play last week against San Angelo, but was held out another week. Kellner was the starting quarterback for Lee in its first games. "Russell is the key to our defense and his leadership and experience will help out a lot for us," stated Acree.

Midland Lee's David Hobbs, junior quarterback sees action

ABILENE — Midland Coach Jim Acree and Abilene Coach Don Salinas agree on one quality of the Eagles. "We play good, sound defense and with a lot of energy," says Shipman who says Shipman had drive longer than against it this season. Shipman cites Linemen Greg Larry, Talley as athletes. "Our line good and we have in our secondary." The Eagles take into tonight's Midland High also. Showell Stadium. Shipman is in the

Dirk West Views 5-4A Grid Scene...

Pack Plays Eagles In 5-4A Road Game

ABILENE — One thing Midland Coach John Reddell and Abilene Coach Bill Shipman agree on and that's the quality of the Eagles' defense. "We play good, aggressive, sound defense and we play with a lot of enthusiasm," says Shipman, whose Abilene team hasn't had a scoring drive longer than 49 yards against it this season. Shipman cites his interior linemen Greg O'Neal and Larry Talley as exceptional athletes. "Our linebackers are good and we have lots of speed in our secondary. The Eagles take a 32 record into tonight's game with Midland High also 32 at P.E. Showell Stadium here and Shipman is in the process of

turning the Warbird football program around. "One thing about this team," says Shipman. "It isn't awed by people. They don't worry about any opponent." With 21 lettermen back and 16 starters, Abilene has a lot more experience than Midland, but Shipman has been impressed by films he has seen of the Bulldogs. "I watched the Midland-Perman game to scout it first and then I watched it for entertainment. Midland is just fun to watch, the enthusiasm with which they play the game is a delight to watch." Midland and Abilene, for comparison buffs, take 11 District 5-4A records into the

Cincinnati Takes World Series Lead With 6-2 Victory

CINCINNATI (AP) — Beaten Team captain Carl Yastrzemski did not play very well in the fifth game? Yes. Down 3-2, zenski, who led the Red Sox to the field, the Red Sox gave due credit to Cincinnati southpaw Don Gullett for a fine pitching performance which gave the Sox a 6-2 victory.

That summed up the general season as he looked ahead, Reds manager Durrill Johnson said today as they returned Cincinnati this weekend.

Yastrzemski, who led the Sox to the city's first World Series championship since 1918, was hit by a home run by Cincinnati's Bill Lee.

Johnson said the Sox were behind 3-2 in the sixth inning when Lee hit Yastrzemski.

Johnson said the Sox were behind 3-2 in the sixth inning when Lee hit Yastrzemski.

Johnson said the Sox were behind 3-2 in the sixth inning when Lee hit Yastrzemski.

land started his own downfall by walking Joe Morgan. Johnny Bench then grounded a single to right, just past second baseman Denny Doyle.

Perez, with the count one ball and two strikes, hoisted a high pitch off the wall of the first could get it with a lunge, but it was just out of my reach."

Finley To Offer Mauch Job

BIRMINGHAM, Ala. (AP) — Oakland A's owner Charles O. Finley will offer Manager Alvin Dark's job to Gene Mauch, a Birmingham newspaper reported in today's editions.

The Birmingham Post-Herald said Finley decided not to renew Dark's contract, which expired at the end of the 1975 season, partly because of the owner's displeasure with Dark's last two seasons.

Also, the sources quoted reliable sources as saying the club was up for sale for an estimated \$15 million, but there were no immediate offers.

The Post-Herald also said that Finley was upset over a comment made by Dark at a church service on the West Coast.

Dark told the congregation, the paper said, that Finley was "going to hell."

Also, the sources reportedly said, Finley complained that his manager had no control over his players.

Dark is in his second tenure as head of the club. After he was hired for the second time, Finley said "Yes, he has been manager of this club before. Yes, he was fired. Yes, he is back to manage this club. Yes, he expects to be fired again some day."

After a 14-season career as a major league infielder, Dark stopped playing in 1960 and began directing the San Francisco Giants the next year.

In 1962, he led the Giants to a National League pennant, but was fired just two years later.

He went to Kansas City and Finley in 1966 and lasted that year and part of the next before the owner fired him for the first time. From there he went to Cleveland, as skipper and general manager, but was dismissed with 2½ years left on his contract.

After a few seasons out of baseball, Dark returned to the Finley organization and took over the A's in 1972.

Blues' Robin Farmed Out

ST. LOUIS (AP) — Right wing Mitch Babn, used sparingly in the St. Louis Blues opening three games, was sent Thursday to the National Hockey League's minor league affiliate, Providence, in the American Hockey League.

The 20-year-old Babn, who had no points, spent his first professional season last year with Denver of the Central Hockey League, where he scored 30 goals and totaled 43 assists.

Scolnick Plans To Take Rest

NEW YORK (AP) — Dr. Anthony Scolnick, coach of all seven varsity basketball teams at Hunter College, announced Thursday he was taking a leave of absence but was remaining as the school's director of athletics.

Scolnick compiled a 96.67 record for a 568 winning percentage, leaving him as the highest ranking coach in the nine-school City University of New York system.

He said he was taking the leave in order to teach more courses and pursue writing interests.

Porkers Hold Good Workout

FAYETTEVILLE, Ark. (AP) — Coach Frank Broyles ran his Arkansas football team through a light "polishing" practice Thursday, as the Razorbacks prepared for Saturday's Southwest Conference game against Texas.

"We had a good practice Wednesday," he said. "The team showed a lot more quickness than at any time this year."

Broyles said Steve Little is improving daily after sustaining a pinched nerve in the Baylor game.

The Razorbacks may have lost defensive end Johnnie Meadors for the Texas game because of a severely bruised thigh.

Broyles said the Razorbacks have kept things simple this week in order to retain their aggressiveness.

Bosox Now On Critical List

The Birmingham Post-Herald said the Boston Red Sox are on a critical list because of their poor performance in the World Series.

The article mentioned that the Sox were behind 3-2 in the sixth inning when Bill Lee hit Carl Yastrzemski.

The Sox were behind 3-2 in the sixth inning when Lee hit Yastrzemski.

The Sox were behind 3-2 in the sixth inning when Lee hit Yastrzemski.

TEXAS OPEN—

Two Share Lead After 1st Round

SAN ANTONIO, Tex. (AP)—Lee Trevino predicts that names and help the \$125,000 Woodlark Golf Club's dry, fast and wide open course will make the Texas Open a putting contest.

He repeated that opinion after shooting a one-under-par 71 Thursday, this time calling the 7,008-yard, par 72 course "a turkey shoot."

"I say it's a putting contest because there's no trouble anywhere else," Trevino said of the course, which has a lot of boards, markers, and little mounds, and is fast and dry for lack of appreciable rain since Sept. 1.

After a rain which delayed the play Tuesday, Trevino and Tom Weiskopf, who have been repeated often since he arrived here Tuesday, drew a consolation prize from veteran Major Barber, who tied at 66 with Weiskopf for the first round lead and defending champion, Terry Donlin.

After a rain which delayed the play Tuesday, Trevino and Tom Weiskopf, who have been repeated often since he arrived here Tuesday, drew a consolation prize from veteran Major Barber, who tied at 66 with Weiskopf for the first round lead and defending champion, Terry Donlin.

U.S. Captures Lead

MEXICO CITY (AP)—The U.S. equestrian team captured the lead in the VII Pan American Games without controversy.

As the fifth day of the problem-plagued Games began today, the United States tied the Cubans in gold medals, 26-26, and jumped out to a healthy 66-50 edge in total medals. The gold-silver-bronze count for Americans was 26-24-16 with the Cubans at 26-16-8. Next was Canada at 5-6-12 with host Mexico following with 3-5-11.

Thursday's schedule started out innocently enough, but just as it had each of the three previous days, officialdom came down with a case of foot-in-mouth disease.

This time it was in the women's 200-meter finals where young Americans Chandra Cheeseborough and Pamela Jiles finished 1-2 in a photo finish that took hours to sort out.

But just before the medals were to be handed out, a mis-informed official told Miss Jiles she had won. So she joyfully accepted what she thought was her second gold of the Games.

Later, when the mix-up was discovered, the medals were tearfully exchanged.

Two disputes left over from Wednesday's comedy of errors were mediated Thursday. A jury of appeal let stand the results in the men's discus, even though it was conceded the Cuban who won the silver medal used an illegal disc.

John Powell and Jay Silverstein took the gold and bronze medals.

The Yanks fared better in the three-day equestrian finals, where a protest had been lodged over the accidental disqualification of world champion Bruce Davidson of Unionville, Pa., in the middle of an impressive run. An official thought Davidson was Canadian Jim Day, who was ousted for a minor rules violation.

Davidson was allowed to resume his ride from the point of disqualification. He finished with a silver medal behind Tad in the high jump.

Both U.S. gold medals in track and field were Pan Am records. Miss Cheeseborough, with Miss Jiles four-hundredths of a second behind, traveled 200 meters in 22.77 seconds, bettering a mark Miss Jiles set in preliminaries, and Yori Woods, a senior at Oregon State, triumphantly cleared 7 feet 4 inches on his final try, with a silver medal behind Tad in the high jump.

Lee Girls Nab Volleyball Win

The Midland Lee girls volleyball team took a victory over the Class A Plains Cowgirls Friday night by scores of 15-7, 12-15 in the Golden Tornadoes, 13-0 night.

Good defensive play was turned in by Marie Dixon, Zolma Moxey, and Sharon Zachery, along with Susan Stapler.

The girls are entered in the Howard College Volleyball Tournament this weekend, and was set to meet Amarillo High at 9 a.m. today in the opening round in Big Spring. It was Amarillo that snuffed Midland High's hopes, winning 3-0 last year at the state playoffs in regional play.

Dunbar Blanks Lamesa

Lubbock's Dunbar Panthers raised their District 2AAA record to 2-0 at Lower Field Friday night by blanking the winless Lamesa Lee Gymnasium Thursday Golden Tornadoes, 13-0.

Dunbar is now 4-2 on the season while Lamesa fell to 0-6-1 on the year. The Panthers have an 8-0 record in district.

The Panthers scored all the points they needed in the first period when Althemer Betts broke off a 72-yard TD run and Dennis Gentry added the point after.

Dunbar did not strike again until the fourth period when quarterback Walter Asbrook hit Bourne Martin with a 19-yard scoring pass.

Lamesa did move to the Dunbar nine in the third quarter but quarterback Guy Price fumbled, one of four fumbles lost during the game.

Lamesa will host Brownfield next week while Dunbar takes on undefeated Lake View in a key district game.

Midlander Receives Honors At Mid-Continent Meeting

DALLAS—E. P. Hardin, president of Mobil Pipe Line Co., Dallas, Wednesday was named chairman of Texas Mid-Continent Oil & Gas Association's Oil Information Committee, according to Sherman Hunt, Association president.

FEA Proposal May Include Elimination Of \$2 Import Fee

WASHINGTON — The Federal Energy Administration is working on new domestic oil price decontrol proposals that President Ford could send to Congress early next month if, as now seems likely, House and Senate conferees fail to devise an acceptable pricing compromise for the pending energy bill.

Details of a new formula, to be submitted only if Mr. Ford decides to make another such effort to avoid instant decontrol, have not yet been settled on, FEA sources said Tuesday, but a new proposal is expected to be close to the administration's old 38-month timetable for phasing out controls.

Others worried about the impact of higher petroleum prices, however, a new administration proposal could include elimination of the present \$2 a barrel import fee on foreign oil, the sources said.

Mr. Ford, as part of the September compromise on a temporary extension of controls, pledged not to offer any new decontrol proposals before Nov. 15 if Congress would have all of October to work on the problem without pressure from the administration.

Thus far congressional efforts have centered on a comprehensive energy bill now being considered by a House-Senate conferees committee. The Senate has not adopted a complete price control measure but the pricing provision in the House bill which would roll back domestic oil prices sharply is considered totally unacceptable to the administration.

Conferees have not yet begun consideration of the bill's pricing provision and some congressional staff members still hope a new section can be worked out that would be acceptable to the White House as well as to a majority of Democrats.

In a breakfast meeting with reporters Tuesday, however, FEA chief Frank Zarb expressed doubt that a comprehensive energy bill such as the one being considered by the House-Senate conferees would become law this year, or even next.

"I have to modify my earlier optimism," Zarb said. "There is a better than even chance we will not get Congress to focus on the tough issues until after the election in 1976, he added, listing oil price controls as one such tough issue.

The appointment is effective closing day of the Association's 56th annual meeting, Wednesday and Thursday in Dallas. Hardin succeeds L. R. Johnston, vice president, Gulf Oil Corp., Houston, whose term expired. The OIC is the Texas oil and gas industry's organized public information and service program.

In other annual meeting action, the Oil Information Committee Wednesday honored 10 members for their public affairs activities. OIC Outstanding Performance Awards were presented to Judy Barbee, Atlantic Richfield Co., Corpus Christi; Shirley Holder, Amoco Production Co., Tyler; and Ward S. Logan, Phillips Petroleum Co., Sweeny.

Miss Barbee also was presented with the 25-program National Service Award, sponsored by the American Petroleum Institute, and Logan with the 50-program award.

Other winners of the 50-program NSA were W. F. Oxford, Jr., Sun Oil Co., Dallas; and A. D. Rippette, Shell Oil Co., Midland. Winners of the 25-program NSA were Luther Bartlett, Atlantic Richfield Co., Dallas; A. S. Cox, Sun Oil Co., McAllen; Joe Morris, Mobil Oil Corp., Midland; R. S. Phillips, Phillips Petroleum Co., Borger; and Dale Stice, Flag-Redfern Oil Co., Midland.

Hardin, a chemical engineering graduate of Texas A&M University, joined Mobil in 1947 at its Beaumont refinery. He became supervisor of facilities day in the center classrooms and planning in Mobil's Manufacturing Department, New York, in 1962, and later was named manager of analysis and controls.

After serving two years as manager of the Torrance, Calif., refinery, he returned to New York in 1969 as vice president of planning.

He was named president of Mobil Pipe Line Co. in 1972. Hardin also is president of Mobil Alaska Pipeline Co. and Cook Inlet Pipe Line Co., a director of Colonial Pipeline Co. and SEADOCK, Inc., is vice president and director of South Saskatchewan Pipe Line Co., and a director of the International Petroleum Exposition and Congress, Inc., and the Transportation Association of America.

He serves on the executive committee of Texas Mid-Continent Oil & Gas Assn., is a director of the general Mid-Continent Oil & Gas Assn. and is a member of the American Petroleum Institute.

Hardin also is chairman of the Association of Oil Pipe Lines.

Permian Basin OIL & GAS LOG

(Continued From Page 1A) a 5 1/2-inch liner set at 15,051 feet, and it is plugged back to 15,006 feet. It blew out in November 1974 at 14,595 feet.

Shell Reduces Gasoline Prices

CHICAGO (AP) — Shell Oil Co., the nation's second largest petroleum producer, has reduced gasoline prices by one cent a gallon, Herb Hugo, editor of the industry newsletter Platt's Oilgram, said Thursday.

Non-Geologist Course Slated

The Permian Basin Graduate Center in Midland announces a six-week course will begin Tuesday in the center classrooms at 119 N. Colorado St.

The instructor will be Dr. Jack G. Elam, consulting geologist, and the course will cover exploration philosophy, hydrocarbon accumulations, massaging the data, acquisition of the geological data, evaluation of geophysical data and evaluation of prospects.

Association President Says Politics May Be Taking Over

By MAX B. SKELTON Associated Press Writer DALLAS (AP) — The president of the Mid-Continent Oil and Gas Association says the nation may be on the brink of seeing politics taking over industry.

Zarb Predicts President Will Veto Gas Controls

DALLAS (AP)—Frank Zarb, conference committee also of the federal energy czar, said Friday an opportunity for Congress Thursday that President Gerald R. Ford will veto legislation that recommends for decontrol extends natural gas price controls to intrastate sales.

"But we've been at work on 'Veto,' was the one-word report that for 10 months and I can't say when the head of the Federal Energy Administration was asked: 'I'd say the chances are the outlook for any con- no more than 50-50 but the congressional measure that would change, nevertheless, are still broadened current interstate con- trols.'"

Should a decontrol program be passed, Zarb said he would support enactment of a windfall profits tax with a plowback provision designed to increase domestic oil production.

"We too frequently lose sight of the fact the test of any legislation is how many more barrels of oil can be produced," Zarb said.

Minutes later at a news conference, Zarb also forecast a veto that would roll back Golden Agers Meet prices for new crude oil.

"And it is very clear the veto would be sustained," Zarb said.

AMUSEMENTS

14A FRIDAY, OCTOBER 17, 1975

IN HOLDOVER PERFORMANCES Three cast members of the musical "George M!" which goes into holdover performances this weekend at Odessa Permian Playhouse, are shown in a humorous scene in the production. From left, standing, are Barbara Acreman as a temperamental actress, Fay Tompkinson and Mark Miles as her agent. Seated is Ed Higgins as her maid. Reservations for performance at 8:30 p.m. today and Saturday, and for two performances on Oct. 24-25, may be made through the Playhouse box office, 302-2429.

Director Denies Film Had Problems

BY BOB THOMAS
LOS ANGELES — Mark Medoff, the 1974 Obie Award-winning playwright and screenwriter, said today he had no problems with the original production deal for his film "When You Comin' Back, Red" which was produced by the West Coast Film Company. The deal, Medoff said, was not as complicated as some press reports had suggested.

Medoff said he had no problems with the deal. He said the deal was not as complicated as some press reports had suggested. He said he had no problems with the deal.

Jaworski Differs With Prosecutors' Watergate Report

HOUSTON (AP) — Former Watergate special prosecutor Leon Jaworski says he disagrees with a final report by Watergate prosecutors that recommends a constitutional amendment that would clarify the question of whether a President can be indicted.

"There is no particular objective to be gained" from such an amendment, Jaworski said, and added that there are other issues bearing on the indictment of a President "apart from the question of whether you can."

Jaworski said the prosecutors' report did not address itself sufficiently to the problems related to a possible indictment of President Nixon.

These problems, he said, included the possible impact of a Nixon indictment on the cover-up trial of presidential aides John Mitchell, H. R. Haldeman, John D. Ehrlichman and Robert C. Marston.

Jaworski said there were other questions of fairness toward Nixon.

Every person would approach it differently," Jaworski said. "I was closer to the situation than the authors of the report."

Invented Submarine
The submarine was invented two centuries ago by David Bushnell.

Medoff, the 1974 Obie Award-winning playwright and screenwriter, said today he had no problems with the original production deal for his film "When You Comin' Back, Red" which was produced by the West Coast Film Company. The deal, Medoff said, was not as complicated as some press reports had suggested.

Medoff said he had no problems with the deal. He said the deal was not as complicated as some press reports had suggested. He said he had no problems with the deal.

Andrews Sister Goes It Alone

By BILL KAUFMAN
Despite the spontaneous applause and the crowd moans of recognition, the tunes only seemed the haunting wails of a different dog. The piano, bass and drum trio's arrangements, about a big brass swing band, and Andrews' voice needs two others to complete that all-too-familiar sound. There is a sadness there for some, but an Andrews said it's another time, another place.

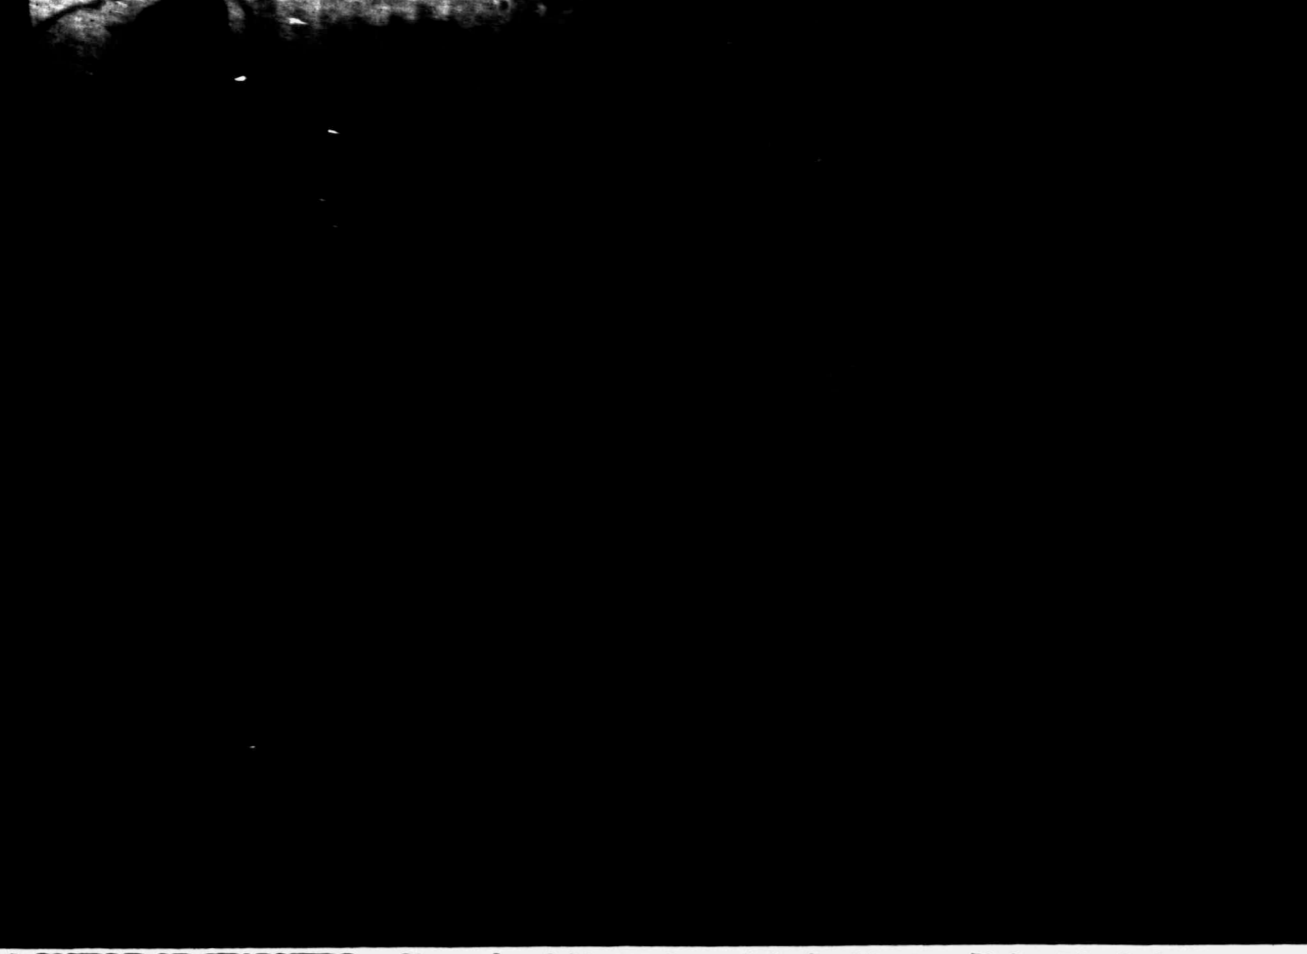

The dusty material notwithstanding, Andrews' voice is comfortable enough alone on that stage, but only a few small groups. In one way, the Andrews Sisters, but the RCA record album recently released that has all their old hits. This lady with the short-cropped hair is a new person.

Roswell Art Center Shows Ritz Paintings

ROSWELL, N.M. — Recent paintings by Lorna Ritz make up an exhibition currently under way at the Roswell Museum and Art Center.

The artist, who came to Roswell from Massachusetts last May, is now to complete a six-month grant as artist-in-residence at the Roswell Museum. She holds the B.A. degree from Pratt Institute in Brooklyn, N.Y., and the master of fine arts from Cranbrook Academy in Bloomfield Hills, Mich. She also has studied at the Stevens School in Manhattan, the St. James League in New York City, the Boston Museum of Fine Arts in Boston and the Worcester Art Museum in Worcester, Mass. She has exhibited work in the East and has had one-woman shows in Rochester, N.Y., Framingham, Mass., and in Connecticut.

Most of her work, the artist says, is painting in the style of the Impressionists. She has been painting since she was 12 years old. She has been painting since she was 12 years old. She has been painting since she was 12 years old.

A COUPLE OF CHARACTERS — Stagnasia, right, popular witch-about-town, will be joined by another charming type, seen left, at the Saturday night opening of "The Nightmare," Midland Community Theatre's own special spookhouse at 2914 W. Wall St. "The Nightmare," featuring more than a dozen blood-curdling exhibits, will be open nightly except Mondays through Halloween. MCT promises scary, but safe, family entertainment at all times. Admission will be \$1 per person.

Feliciano Still Has Goals To Reach

By MARY CAMPBELL
AP Newsfeatures Writer
Joe Feliciano, 36, has an idea that would make the road for blind persons and he has proposed it to the U.S. Mint. Who would make paper money with Braille-like bumps, different numbers of bumps for different denominations, no bumps for \$1 bills, one bump for \$5 bills, two bumps for \$10 bills, three bumps for \$20 bills, four bumps for \$50 bills, and five bumps for \$100 bills?

But when that mentioning that he tries to help blind people know that they can learn to use Braille, does it stress blindness? Feliciano does not stress being blind. He says that he is not blind. He says that he is not blind. He says that he is not blind.

Scandalous Era No Longer Exists

Nation's Industry Logs Best Gains In 11 Years

By R. GREGORY NOKES

WASHINGTON (AP) —

Government figures show that the nation's industry marched solidly away from recession in September but that welfare costs rose 20 per cent during the last fiscal year because of the recession.

The Federal Reserve Board said Thursday that the output of mines, factories and utilities increased 1.9 per cent in September, the fifth consecutive monthly increase and the largest gain since November 1964, when the advance was 2.8 per cent. The September increase was the biggest one-month jump in production in nearly 11 years.

More production by industry means more jobs for Americans, and the production report released Thursday clearly was part of the "very encouraging" economic news predicted Wednesday by President Ford. Additional good economic news is expected Monday when the Commerce Department will report a big increase in

economic output during the third quarter, as measured by the Gross National Product.

However, the Department of Health, Education and Welfare said Thursday that welfare expenditures increased 20 per cent during the 1975 fiscal year to a total of \$22.5 billion.

Nearly \$13 billion of the total was for medical care for the poor.

The number of persons receiving benefits under the Aid to Families with Dependent Children program increased 2.1 per cent to an average of nearly 11.1 million, of whom eight million were dependent children. But an HEW official, John A. Svahn, said the number of persons on AFDC rolls declined slightly in May and June, probably in part because of the improving economy.

James L. Pate, assistant secretary of commerce for economic affairs, said Thursday the GNP increased at least 9 per cent and possibly more than 10 per cent during the

July through September period.

But he said the encouraging figures may lead people to believe things are better than they are — "I'm afraid that in some respects these figures are overstating the strength of the recovery."

Pate said he believes the real growth rate in the economy will slow to about 7 per cent in the fourth quarter and slow even more during 1976.

In its report on industrial production, the Federal Reserve Board said the gains were widespread across the economy in September, with increases in autos, business equipment, household appliances, steel, textiles, paper, chemical materials and power.

It said that during the past five months output of the nation's industry has risen 5.7 per cent from the recession low in April. But the production index, which stood at 116.2 of the 1969 average of 100, still was down 7.5 per cent from a year earlier.

Morocco Planning 'Peaceful' Invasion Of Spanish Sahara

RABAT, Morocco (AP) —

Rehearsals began today for a march of 350,000 unarmed Moroccan civilians into the Spanish Sahara to reinforce their government's claim to the northern part of the disputed territory and its rich phosphate deposits.

Announcing the "peaceful" invasion, King Hassan II said in a broadcast Thursday night that he would lead the columns into Morocco's southern neighbor.

The king did not indicate

when the walk would begin, but officials said preparations — particularly provision of drinking water — would take several weeks at least.

Hassan announced the march a few hours after the International Court of Justice in an advisory, nonbinding opinion said Morocco and Mauritania, the Spanish Sahara's neighbors to the east and south, had links to the desert territory's nomadic tribes when Spain took it in 1884.

But the court said it could not recognize Moroccan and Mauritanian claims to sovereignty over the territory itself, and that it had no evidence to invalidate the Spanish and Algerian proposal for the colony's 300,000 inhabitants to decide their future in a referendum.

The Spanish government viewed the ruling as an endorsement of its referendum proposal. There was no immediate reaction from Algeria or Mauritania.

The 105,000-square-mile northeastward dumping for stretch of barren Atlantic coastline contains one of the world's largest deposits of phosphate. Morocco, already the world's largest exporter of phosphate, claims the northern part and Mauritania the eastern and southern.

Algeria has 18 miles of border with the Spanish Sahara. Moroccan officials contend that the Algerians want a weak independent state in the hope of obtaining a corridor to the Atlantic, but the Algerians insist they are interested only in the principle of self-determination of the people.

Both Morocco and Algeria have moved sizable troop units to the borders of the Spanish Sahara. Several towns in Louisiana and Florida, and government sources in Madrid said the 150,000 Spanish troops would fight the Moroccan army invaded.

Hassan said all the marchers would be unarmed "since we do not want war with Spain."

and "no tyrant, not even one totally devoid of faith would dare to give an order to fire on 350,000 persons without arms."

He said the Moroccan army would not intervene if Spanish forces attacked the marchers, but "if we meet any forces other than Spanish forces, we will resort to self-defense."

However, Moroccan officials said the marchers would cross the border in the region of Tarfaya, on the coast 300 miles west of Algerian territory.

Soggy Depression, Low Pressure System Team Up

NEW ORLEANS (AP) — A

soggy tropical depression and a low pressure system teamed up over southern Mississippi today and began pushing northeastward dumping tor

rental rains. The storm left flooding along the Gulf Coast some evacuations and one death. Police said Elizabeth Crowley, 14 of Jackson Miss., drowned Thursday night when she fell into Town Creek near her home and was pulled under. Her body was recovered about two blocks downstream.

Twenty-five persons were evacuated from suburban Jackson homes and five families were forced from their homes in a flood-prone subdivision in Vicksburg Miss.

Bude Miss. was drenched 10 inches of rain Thursday and Jackson had seven inches. Several towns in Louisiana and Mississippi reported eight inches of rain.

Danger of flash flooding existed in Alabama, Northwest Florida parts of Mississippi and Southeast Louisiana the National Weather Service said.

Judge Delays Dallas Desegregation Plan

DALLAS (AP) — U.S. District

Court Judge William M. Taylor has delayed implementation of a new Dallas school desegregation plan pending approval of the plan by the 5th Circuit Court of Appeals which had ordered a plan implemented by January.

Taylor said Thursday he was delaying implementation until August because to carry out a desegregation plan in the middle of a school term would be "disruptive" to the educational process.

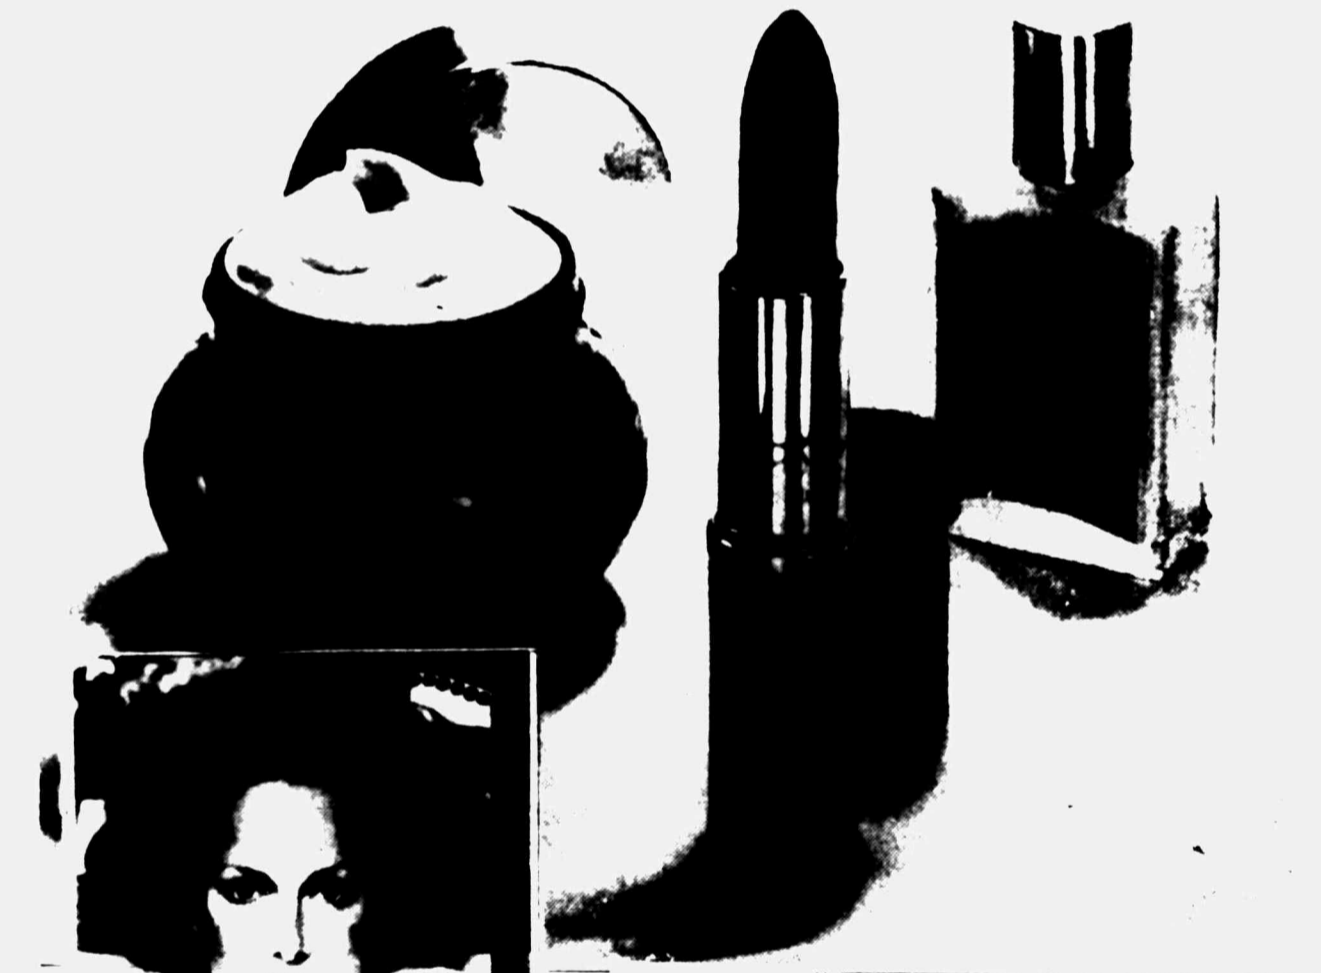

Taylor pointed out also that Congress passed law which prohibits mid-year implementation saying that the standards which desegregation plans by busing include such things as equal student-staff ratios are "difficult to maintain under the best circumstances."

and it is not an improper encroachment into the business of courts."

The judge also said that implementation of the plan would be disastrous to the school district which would run the risk of losing \$9 million in federal funds if it implemented a desegregation plan at mid-year.

He said the district could not maintain standards at schools now qualifying for assistance for economically and educationally deprived pupils if it were under a mid-year desegregation plan.

He quoted school officials as saying that the standards which include such things as equal student-staff ratios are "difficult to maintain under the best circumstances."

Dune Buggy Now Major West Coast Beach Sport

THE MIDLAND REPORTER-TELEGRAM, FRIDAY, OCT. 17, 1975-18
Fishing Lures Climate Different

By JOHN BREWER
OCEANO, Calif. (AP) — The glory are dune buggies of a dozen shapes, a hundred colors — flashes of apricot, Prussian blue, shell pink, jubilee grape, rust, salmon and sand all over the place.
And not just sixth grade teachers — but Marlon Brando, Nancy Sinatra, James Garner and other stars of stage, screen and dune. Brando pilots a rakish, custom-built, \$6,000 Porsche-powered buggy.
This is the mecca for dune buggy thrillers, this coastal dune complex — the largest on the West Coast. The beach bordering the churning Pacific is as wide as a four-lane highway, yielding gently to the rising hills of sand, built up by the west winds.

ing with their own gritty brush, the Nipomo dunes and beach — 100 square miles in all — are called affectionately by dune buggies the "Jolly Green Giant's Sandbox."
And for them, it is. Last Labor Day, more than 75,000 dune buggies swarmed over Oceano. There were 80,000 for the Fourth of July. Any good Saturday may find as many as 15,000 churning up the dunes, some from as far away as Rhode Island, attracted by stories in dune buggy magazines.
The dune buggy craze has grown like crazy in the last 10 years. Oceano is its capital. Offroad driving, exciting, challenging — a considered insult to the interstate — began

A vast tumble of sand cliffs and hills, mantled by heavy brush, the Nipomo dunes and beach — 100 square miles in all — are called affectionately by dune buggies the "Jolly Green Giant's Sandbox."
And for them, it is. Last Labor Day, more than 75,000 dune buggies swarmed over Oceano. There were 80,000 for the Fourth of July. Any good Saturday may find as many as 15,000 churning up the dunes, some from as far away as Rhode Island, attracted by stories in dune buggy magazines.
The dune buggy craze has grown like crazy in the last 10 years. Oceano is its capital. Offroad driving, exciting, challenging — a considered insult to the interstate — began

rising in popularity in the mid-1960s. There are several million aficionados estimated in the nation, and there are 300,000 dune buggies registered in Southern California alone. Add to that half a million four-wheel-drive vehicles and over two million motorcycles, and you can see what the Nipomo dunes and other wild tracks in various parts of the nation are in for.
Most dune buggies are homemade for about \$700 — slung together from the frame of a Volkswagen and the remains of other makes and driven by a VW's air-cooled, 36-horsepower engine mounted on the rear without a muffler.
Other buggies cost \$2,500 and up and sport alloy wheels and mirrors shaped like Iron

Crosses.
They have names like Sand Eagle, Bushwacker, Dune Lady II.
All ride on huge, 30-inch tires inflated to only three or four pounds' pressure.
They also sport 12-foot whips — masts topped with flags to warn others that they are coming through the dunes. For night cruising, the whips are hung with lights. The dunes explode with headlights, angry red tail and mast lights.
Authorities in Oceano smile upon the dune buggies.
State beach rangers and San Luis Obispo County sheriff's deputies handle law enforcement in hopped-up dune buggies equipped with sirens and flashing red lights.

But, with the exception of an occasional litter problem and beach chases up to 100 m.p.h., "we've never had any real trouble with the dune buggies," says Wes Cater, local state beach supervisor.
But to some Oceano residents, dune buggies are the ultimate invaders of privacy.
For years, the town was a retirement community. The only persons on the beach were clam diggers or solitude-seeking artists.
One elderly resident, before being stopped by deputies, used to turn her two Greenland retrievers loose on roving dune buggies.

Some angler fish use lures. The climate at the bottom that look like a fishing rod and of a hill is appreciably different than at the top.

Budget Cuts Proposed

President Ford is anxious to cooperate with Congress in every way possible in reducing government spending.

Realizing that Congress presently in process has not had time to delve into this matter, he has compiled a list of \$28 billion in proposed budget cuts...

The proposed list, of course, strengthens Mr. Ford's hand in insisting that Congress combine a tax cut with matching cuts in federal spending.

Treasury Secretary William Simon in commenting on the list said it definitely "put us back" but rather the proposed budget cuts "following down the growth of federal government."

President Ford's proposal has a total of \$28 billion in cuts. However, the cuts are not equal. Some are more than others.

Impressive Saving

It is impressive that the savings program has been so successful. The savings program has been so successful that it has saved the government millions of dollars.

The savings program has been so successful that it has saved the government millions of dollars. The savings program has been so successful that it has saved the government millions of dollars.

Another impressive saving is the savings program. The savings program has been so successful that it has saved the government millions of dollars.

It is also impressive that the savings program has been so successful. The savings program has been so successful that it has saved the government millions of dollars.

NICK THIMMESCH

October, The Month Of Stinky Hypocrites

WASHINGTON — A month ago, the world was shocked by the news that the East German Communist regime had executed a man for a crime he committed in Spain...

So the argument is made that the East German Communist regime is a hypocrite. The East German Communist regime is a hypocrite because it executed a man for a crime he committed in Spain...

Europe still has a long way to go. It is not yet a free continent. It is not yet a continent of peace. It is not yet a continent of justice.

Anyway, whatever the reason, some European politicians feel for France, 40 years of strongman rule, what goes on inside Spain is Spain's business, not the concern of those puffing phrases.

Now before I am classified with the demons, I want to declare that I was against capital punishment when the U.S. government electrocuted Julius and Ethel Rosenberg...

I am pleased that, while the prevailing sentiment in the United States is against capital punishment, our State...

Vantage Point

The Washington Merry-Go-Round

By JACK ANDERSON with Les Whitten

WASHINGTON — Sardonically splenetic Rep. Tom Bevill, D-Ma, has mastered the art of turning public rage to private gain.

The tall, soft-spoken legislator has traveled the world at public expense. He has also traveled the world at private expense.

In addition, Bevill's files reveal that he has received a large number of gifts from constituents seeking help.

A former floor leader for Gov. George Wallace in the Alabama House, Bevill represents the industrial towns of the northern end of the state.

Bevill himself has pocketed \$5,000 in the last two years from his stipendiary job. It is all perfectly legal.

Bevill also has a large number of gifts from constituents. He has received a large number of gifts from constituents seeking help.

Bevill also has a large number of gifts from constituents. He has received a large number of gifts from constituents seeking help.

Bevill also has a large number of gifts from constituents. He has received a large number of gifts from constituents seeking help.

Carmichael Preaches The New Mississippi

By ROWLAND EVANS and ROBERT NOVAK

JACKSON, Miss. — Fueled by an unprecedented issue campaign with aggressive television exposure in the poorest of all states, Republican Gil Carmichael has tossed conventional orthodox overboard in his underdog race to become Mississippi's first Republican governor since carpetbagger Reconstruction days.

Carmichael's self-professed "new politics" is a breathtaking departure for a state long torn apart by the bloody race issue. That corrosive, overwhelming factor in the past century of Deep South politics here seems all but dead and buried.

Thus, with both Carmichael and Democrat Cliff Finch, his bland, shadowy opponent, courting black voters on newspaper front pages and television screens, Carmichael has zeroed in with courageous abandon on explosively controversial issues no Mississippi politician has dared confront.

Gun control, for example, Carmichael began airing a television spot three weeks ago calling for registration and licensing of all handguns.

in the face of an alarming Mississippi kill-rate from illegal Saturday night specials. In one small Delta town in the first half of 1975, 1,200 handguns were sold by a single pawnshop.

Statewide polls updated each week for Carmichael by Mississippi Opinion Research, founded and headed by Walter DeVries (a skilled political technician who once worked for former Michigan Gov. George Romney), indicate Carmichael's judgment about Mississippi voters may be right.

Or consider Carmichael's call for a new state constitution. To Eastland's Democratic party establishment, this has galvanized Democratic courthouse politicians, whose sinecures and prerequisites would be threatened by a new constitution streamlining a state government that has 60 separate agencies dealing with health.

Fading away of racial politics has created the political change that underpins Carmichael's hard-sell issue campaign. For example, his plan for compulsory education through the eighth grade in the only state still without compulsory education would have been suicidal ten years ago.

While racial politics dominated Mississippi compulsory education raised this spectre educating blacks for heightened political action. But Carmichael and some other politicians now see a different Mississippi, a state rich in agriculture and raw materials — oil, gas, cotton, rice — and abysmally poor in skilled labor.

It is clear from the evidence we have acquired, states the memo, "that millions and millions of dollars are being spent on these worthless products. Over \$34 million were spent in 1974 on sleeping aids alone."

In view of the lack of efficacy and the possible dangers from some of the ingredients, it is curious that the Federal Trade Commission has not moved against the advertising of these drugs," said the memorandum.

With little understanding of her feelings, the authors apparently felt she would be the editor most likely to give them a break.

THE BIBLE

Can you quote it?

By LAVINA ROSS FOWLER

1. Jesus knew that the woman taken in adultery was punishable by death with stoning, according to the law of Moses. Did He break the law or did the woman's accusers? John 8:7-10

2. Before healing the man "which had an infirmity for 38 years," what did Jesus ask him? John 5:6

3. How many Beatitudes are there in Matthew 5? See.

4. Chedorlaomer (Ked-or-lay-OH-mer) was prominent in the Battle of the Kings—Genesis 14

5. Quote one of the penalties for various forms of immorality as written in Leviticus 20

Four correct excellent. Three correct ... good.

Repression Of Dissidents In South Vietnam Increasing

By GEORGE GEDDA
 WASHINGTON (AP) — U.S. intelligence reports indicate that repressive measures against dissidents in South Vietnam are more intense now than at any time since the Communist takeover almost six months ago. According to American officials, a tightening of Communist control is believed to be the explanation for increasing reports that persons associated with the U.S.-backed regime have disappeared. Officials have no clue as to how many persons have been affected by the reported crackdown. But they say there has been a marked increase over the past month in reports of executions, of dissidents killed to a "bloodbath" against Communist dissidents. Soon after the collapse of the regime, American officials said they evacuated cities and large towns and people were marched, often at gunpoint, into the countryside. This was in sharp contrast to the situation in Cambodia, where, according to reports, thousands died as the new Khmer Rouge government consolidated its power. This is partially attributable to the fact that South Vietnam's population is more than three times that of Cambodia.

Stanton Church To Show Slides

STANTON — "Land of the Bible" is the title of a special slide show to be presented next Tuesday at Stanton's Christadelphian Chapel, 204 St. Francis St.
 The presentation by H. P. Zilmer of Des Plaines, Ill., will show scenes and historical landmarks photographed by Zilmer several years ago during an extensive trip to the Near and Middle East. He will provide narration and Biblical verses with the projections.
 The program is scheduled to begin at 7:30 p.m. Tuesday and the public is invited to attend without charge. Additional information on the program may be obtained by telephoning 682-1572 in Midland.

Isabel Peron To Address Rally

BUENOS AIRES, Argentina (AP) — The Peronist movement mustered supporters for a big rally amid heavy security precautions in the Plaza de Mayo today to demonstrate support for President Isabel Peron.
 Mrs. Peron, who resumed her office Thursday night after a 32-day rest in northern Argentina, was to address the crowd from the balcony of the presidential building, the podium traditionally used by her late husband, dictator Juan D. Peron. Political observers expected her to give some indication of new policies and her future course.
 Tight security was ordered following a threat, purportedly from radical Peronist guerrillas, to blow up the square. Police checked subway and sewer tunnels underneath the square for explosives but found none.
 Senate President Italo Luder, who was acting president during Mrs. Peron's absence, denied a newspaper report that she would take another leave of absence soon and said she was once more "firmly in power."

Charlie Rich, 43, Sued For Divorce

MEMPHIS, Tenn. (AP) — Country music star Charlie Rich, 43, is being sued for divorce by his wife of 24 years, Margaret Ann Greene Rich, 42, filed a divorce petition in Circuit Court here asking for alimony and child support and custody of the couple's minor son, Jack Michael Rich, 8.

Meanwhile, there was no let-up in the terrorism that has plagued the country during Mrs. Peron's 15½ months in office. Ten armed guerrillas up in the terrorism that has plagued the country during Mrs. Peron's 15½ months in office. Ten armed guerrillas up in the terrorism that has plagued the country during Mrs. Peron's 15½ months in office. Ten armed guerrillas up in the terrorism that has plagued the country during Mrs. Peron's 15½ months in office.

The Peronist rally is the movement's annual loyalty day, held on the anniversary of Peron's release from jail in 1945 after a vast outpouring of his supporters mustered by his second wife, Evita. It was the beginning of Peron's rise to power. Labor unions organizing the rally said more than 100,000 persons would turn out. But States Navy. Some security officials said the number would be smaller because of fears of violence.

Woman Charged With Attacking School Teacher

FORT WORTH, Tex. (AP) — A 44-year-old woman must, within 10 days, answer city charges that she assaulted a Wyatt High School teacher in his classroom this week.
 The woman's 16-year-old son also was arrested after the incident at the school.
 The woman was charged in municipal court with assault by contact on the teacher. The school district also filed charges against the woman saying that she disrupted the school, a violation of the Texas Education Code.
 The incident began when the teacher refused to allow the 16-year-old youth to enter his classroom because of a disturbance the day before. No serious injuries were reported.

New Satellite To Track Storms

CAPE CANAVERAL, Fla. (AP) — A weather satellite designed to track tornadoes and hurricanes is headed toward a stationary orbit 22,300 miles above the equator.
 The 1,300-pound satellite thundered away from Cape Canaveral exactly on time Thursday night aboard a Delta rocket.
 "Everything looks good," said a spokesman at the Kennedy Space Center.
 A spacecraft motor was to be fired today to place the satellite in orbit. From there it will transmit electronic data to produce pictures every 30 minutes day and night.

Saigon Becomes Ho Chi Minh City

Agence France-Press
 HONG KONG — Saigon has become Ho Chi Minh City as far as South Vietnam's official radio is concerned.
 Radio Hanoi came on the air with a new program grid — the third since the end of the war — and emphasized that it was broadcasting from Ho Chi Minh City.
 Formerly the radio had used either Saigon or Ho Chi Minh City as the name of the capital. The name of the late North Vietnamese president was given to Saigon shortly after its fall on April 30.

Congress Effectively Scuttles Ag Department Computer Plan

WASHINGTON (AP) — A \$62 million deal to buy computers for the Agriculture Department has been killed after congressional criticism that it might lead to federal snooping into the private lives of farmers and other citizens.
 The computer plan was scuttled after Congress a week ago approved a \$10.8 billion department appropriations bill that reduced a "working capital" fund intended to help pay for the computers.
 Joseph R. Wright Jr., assistant secretary of agriculture for administration, said Thursday that he had notified three computer companies — final bid on the contract — that the project was canceled. Delivery of the computers was to have begun in December.
 Identical letters to the companies said the cancellations were a result of Congress reducing the working capital fund.
 Until now, there has been no limit on the fund. But in looking over Agriculture appropriations, Congress fixed an initial bid of \$47 million. That was cut to \$37 million by House-Senate conferees, a level officials said is too small to begin paying for the new computers.
 Wright said on Thursday that the limit ordered by Congress will not prevent individual agricultural agencies from buying new computers to keep pace with rising demands in such programs as rural housing and timber sales.
 Wright said costs would be "substantially more" than \$62 million because of the delay and because Agriculture cannot now buy new computers in a one-shot deal.
 The department began planning a centralized computer network several years ago, initially to keep track of the mountain of information then involved in federal farm programs for controlling crops.
 When the General Services Administration, the government's procurement agency, got wind of the plan, it developed a much more ambitious blueprint for a nationwide computer network called FEDNET. It ultimately was scrapped as a result of congressional concern that it posed a serious threat to the privacy of individuals.

Future Financing Presents Growing Problem For Cities

By The Associated Press

The nation's cities say they are struggling with forces beyond their control in trying to balance the urban budget and they argue that solutions will have to come from beyond the municipal boundary lines.

Analysts prescribe a large dose of federal and state money for the ailing cities. They urge better fiscal management by big city officials and greater cooperation from suburban areas.

There is an ever-widening gap between the cost of operating and the amount of money coming in," said Mayor Moon

Shannon, the commission's assistant director of fiscal research. "Over the long term, the cities are going to have to shove up to the state and national governments some of the responsibilities they've been taking."

The only one of the advisory commission's suggestions that has been enacted is revenue sharing and the U.S. Conference of Mayors has put top priority on making sure it is continued.

The present five-year, \$30.2-billion program expires Dec. 31, 1976. Congress is considering a \$39.8 billion extension to run for five years and nine months.

Is it possible for the cities to survive? "It's not only possible, it's necessary," said commission fiscal expert Shannon. "They're going to. The prophets of doom notwithstanding."

Recovery In Jeopardy

"If reenactment of general revenue sharing is delayed or if the program is not continued, actions taken at the local level to adjust budgets would be of such magnitude that this nation's economic recovery would be placed in serious jeopardy," said a Democratic aide to a House subcommittee.

Civil War Now Raging In Northeast Ethiopia

By JEAN VINCENT

Agence France Presse

ADDIS ABABA (AP) — A regular soldier killed a rebel leader in a battle and captured back from the rebels a large area of land in the northeast of Ethiopia.

Although the fighting is still going on, the government forces have captured a large area of land in the northeast of Ethiopia.

Meawit, the rebel leader, was killed in a battle with government forces in the northeast of Ethiopia.

SLA Writings Claim Patty Converted Willingly

By ROBERT KISTLER and BILL HAZLETT The Los Angeles Times LOS ANGELES — Patricia Hearst was not strong-armed into adopting the revolutionary ways of her Symbionese Liberation Army captors — including the terrorist band's multiparty sexual practices — captured SLA writings have claimed.

Other writings obtained in to have been written by Emily Harris. However, the FBI has refused to say whether handwriting analysis has proved her authorship. The message to Patty Hearst, apparently typed about the time of the first anniversary of her abduction, is similarly uncertain at this time, but some investigators believe the written answers to questions "writing style" to be that of from the mysterious outsider William Harris.

New York City Totters On Brink Of Bankruptcy

NEW YORK (AP) — New York City tottered on the brink of financial collapse today, its treasuries virtually empty and a rescue plan shattered by the last-minute refusal of a teachers' union to allow the use of pension funds.

TAIL ME ANOTHER — Take one overzealous dog, introduce three raccoons and when the dust settles, the result looks something like this. The freed (telephone-poled?) trio was in no hurry to abandon its perch, but Port Angeles, Wash., humane society and telephone company officials agreed the raccoons would climb down when they were ready. (AP Wirephoto)

Nobel Prizes For Chemistry, Physics Announced

STOCKHOLM, Sweden (AP) — Bohr, 53, whose father, Niels Bohr was one of the founders of modern nuclear physics and Bohr's collaborator Benjamin Mottelsson 49.

At the end of the 1940s nuclear clear physics had advanced to a stage where a more detailed picture of the structure of the atom nucleus was beginning to emerge and it was possible to assess its properties. The Soviet scientists were working with the individual nucleons definitely affect the behavior of the nucleus. This discovery, demonstrating the connection between collective motion and particle motion in atomic nuclei, was announced for the physics prize.

CIA Offered Up To \$100,000 To Mafia For Death Of Castro

By DAVID C. MARTIN WASHINGTON (AP) — The CIA was prepared to pay the Mafia as much as \$100,000 to kill Cuban premier Fidel Castro at the time of the 1961 Bay of Pigs invasion, according to informed investigators.

LATE BULLETINS

High-Speed Amtrak Service Would Necessitate Ban On Air Shuttles

By MARC CHARNEY
NEW YORK (AP) — Developing a major high-speed train route for Amtrak would be so expensive that a ban on air shuttle flights on the same route would be needed to justify it, says Transportation Secretary William T. Coleman.

Washington train service to 150 miles per hour. But Coleman said it would take billions of dollars, and that if the public invests that much, the government should shut down air shuttle flights from New York run by private airlines.

He said traffic generated by shuttle flights jams New York's airports and adds 20 per cent to time spent on a flight from Chicago — which Coleman called "a legitimate plane trip."

Metroliner trains capable of 120 m.p.h. now take three hours from New York to Washington. From New York to Boston, where track is not as good, the fastest train takes more than four hours, and other trains more than five. Coleman said 150 m.p.h. trains could run the entire Boston-Washington route in 5 1/2 hours.

Third Workshop On Drug Abuse Set For Saturday

Midland College will be the workshop sessions will resume Saturday of the third in a series of drug abuse workshops sponsored by the Permian Basin Regional Therapeutic Drug Community Planning Commission.

Open to the public free of charge, the workshop will begin at 8:30 a.m. in the college's student center. The program will be oriented toward awareness of the drug abuse problem with emphasis on alternatives within the community.

CLEANING UP — Fritz the parrot was out of a job when a trained bird show ended at Overton Park in Memphis, Tenn. To earn his daily crackers, Fritz was transferred to the park's leaf-raking detail. Immediately after having his picture taken as he reported for his new job, Fritz showed his enthusiasm by eating the handle of his rake. (AP Wirephoto.)

Dallas Theatre Three Launches 'Celebration Season'

DALLAS — Theatre Three season to stress the joy of that Dallas' up-and-coming young professional theater company. Opening the new season launched this week on Wednesday night was a new play, "When You Comin' Back, Red?" by Norman Corwin. According to the season's artistic director, Norma Varney, the play is "a celebration of the varied and lasting quality of this spellbinder achievement." "What happens next? How will we live with it? And there is the even more poignant question of how we will live with it." The play speaks vividly to all of us living in this decade of ac-

he do to us?)" celebrating individual alienation. "When You Comin' Back, Red?" won its author, Mark Medoff, the 1974 Obie Award for distinguished playwriting and the Outer Critics' Circle award as best playwright. The drama is a taut story of confrontation in its rawest aspects. Into a run-down diner in a small New Mexico town comes a mysterious and ominous figure, Teddy, with his girl Cheryl. He has run out of funds. In the diner he finds Angel and Stephen, who work there; the crippled Lyle, and Richard and Clarisse, a successful businessman and his violinist wife. Teddy terrorizes this group, and the portrayal of his machinations provides on the surface a suspense story of

great impact, but the viewer will find in the play, also, a deeper and different experience. In addition, there will be twilight performances at 7 p.m. this Sunday and next. Theatre Three's new season forces his captives into a new now on sale at the box office look at themselves. and may be ordered by The drama will run through telephoning 214-748-5191. Nov. 16 in the Theatre Three Information on availability of playhouse in The Quadrangle, single tickets for upcoming 2800 Routh St. Performances also is obtainable are scheduled for 8:30 p.m. each from that number.

The festival will feature a wide variety of arts and crafts, including pottery, jewelry, quilts, and more. Admission is free. For more information, call 646-1234.

Jaworski Differs With Prosecutors' Watergate Report

HOUSTON (AP) — Former Watergate special prosecutor Leon Jaworski says he disagrees with a final report by Watergate prosecutors that recommends a constitutional amendment that would clarify the question of whether a President can be indicted. There is no particular objective to be gained "from such an amendment," Jaworski said, and added that there are other issues bearing on the indictment of a President "apart from the question of whether you can." Jaworski said the prosecutors' report did not address itself sufficiently to the problems related to a possible indictment of President Nixon. These problems, he said, included the possible impact of a Nixon indictment on the coverage of presidential aides John Mitchell, H. R. Haldeman, John D. Ehrlichman and Robert C. Marlow. Jaworski said there were only two questions of fairness toward Nixon. "Every person would appear differently," Jaworski said. "I was asked to be fair to the author of the report." Invented Submarine. The submarine was invented by the late David Bushnell.

IN HOLDOVER PERFORMANCES — Theatre Three's "When You Comin' Back, Red?" is still running at the Theatre Three playhouse. The play is a celebration of the varied and lasting quality of this spellbinder achievement. "What happens next? How will we live with it? And there is the even more poignant question of how we will live with it." The play speaks vividly to all of us living in this decade of ac-
