Company Will Turn Gas Into Muleshoe Mains This Week

Controversy Over Right-Of-Way Is Agreeably Settled, West Texas Gas Company To Begin Service Promptly

Controversies that have existed during the past 10 days over right-of-way for gas lines of the West Texas Gas Co., leading into Muleshoe, have been settled, according to R. F. Hinchey, vice-president of the company with headquarters at Lubbock, who telephoned the Journal Wednesday afternoon that gas would be turned into the city mains and service begun the latter part of this week.

More than 100 connections for gas service have already been made in Muleshoe and many other householders and property owners have been holding off on connections pending the certainty of service.

The assurance that service will be promptly forthcoming is received with rejoicing by Muleshoe citizens, many of whom have laid in no other fuel supply for the winter. Several new homes have been erected during the past summer and fall without chimneys, their dependence being entirely on the gas service. Franchise was granted several months ago to the West Texas gas co., to service this municipality.

and the company has been very prompt in meeting its obligations in this respect. There has been some slight delay in securing pipe, and another delay in securing right-of-way for part of their line, all of which was beyond the control of the company, they doing everything within their power to make ready for service before the cold of coming winter arrived.

The Journal is authorized to state that contemplating users of gas service should make immediate arrangements for their connections. Deposits for meters will be received here by Jess Williams, the company's local manager, at their office in the Muleshoe Hotel building. It will be a case of first come, first served, and prompt connection service is assured the patrons.

Littlefield Lad Victim of Attack By Show Leopard

James, Jr., the four year old child of Mr. and Mrs. James Evans, of Littlefield, was practically scalped and otherwise badly clawed last Saturday when a pet leopard, owned by a carnival company playing in that city, turned wild and attacked the boy who had entered a drug store there ahead of its father.

The spotted beast, about half grown, sighted the child as it came through the doorway, and apparently motivated by its wild instincts, crouched and sprang for the child, the uncovered claws of both front feet grabbing the child's head on either side and scrapping downward carried the flesh and hair with them.

A. C. Roper, standing nearby, grabbed the ferocious cat, pulling it from the lad, receiving a badly lacerated hand for his courage, but probably saving the boy's life.

Following treatment by a local physician, the lad in an unconscious condition was rushed to a Lubbock hospital, where it is said to be in a very serious condition. The owner of the leopard was lodged in jail, and the animal placed back in its cage.

COMMISSIONER GETS BUCK

County Commissioner D. W. Danielson, of this county, accompanied by A. L. Tandy, of Farwell, a commissioner in Parker county, returned Friday night bringing with them the trophies of a successful hunt in the Black Range of mountains west of Magdalena, N. M.

Danielson got a 10 point buck, while Tandy brought down a seven point one.

B. H. Howard, well driller from Portales, N. M., was here Tuesday investigating regarding the drilling of irrigation wells in this valley.

State Highway Dept May Straighten The No. Seven Highway

Recent press dispatches state that the State Highway department is soon to receive bids on 29 different highway projects totalling the sum of \$2,400,000. Several of the projects are named, but not all of them.

Just whether Bailey county is to receive any of this money for new roads is not positively known at this time. Two weeks ago a representative of the Highway department was in Muleshoe making investigations relative to straightening Highway No. 7, between Sudan and Muleshoe.

It is said the straightening of this highway would reduce the distance between these two points, and that negotiations are now in progress to that effect.

TERRACE SCHOOL WILL BE HELD IN MULESHOE IN DEC.

A terracing school for Bailey county will be held in Muleshoe Thursday, December 11. Every man in the county who is interested in saving all the rain that falls on his land, should be at this terracing school.

Officials from the Texas A. & M. college and the Federal Land Bank at Houston, will be present to speak. Various farm machinery representatives will be present to demonstrate the use of implements in building terraces.

More details of the school will be given in the columns of the Journal before December 11.

The Muleshoe High Loses Pair of Games In Friday Contests

The Muleshoe High school football team played with the Levelland team Friday of last week, the score being 44 to 0 in favor of the Hockley county lads.

The feature of the Muleshoe lads playing was their forward passes. Out of 17 passes, only four were incomplete.

The Muleshoe High school basketball team played their first game of the season Friday night of last week with the Littlefield girls team, the score being 42 to 4.

Notwithstanding the local girls lost they consider the game a victory in experience. They played against a much heavier and more experienced team. Also, some of the local girls played practically all through the game, while Littlefield ran in a big bunch of substitutes.

The football lads returned from Levelland in time to witness the basketball game at Littlefield.

B. Y. P. U. ASSOCIATION SOCIAL

The West Plains B. Y. P. U. Association, composed of organizations of Bailey and Lamb counties, was entertained with a social at the First Baptist church of Amherst Tuesday evening by the local union at that place. Delegates from all localities in the district numbered approximately 100, a group of 11 from Muleshoe, headed by Rev. and Mrs. C. A. Joiner, local Baptist pastor and wife, was present.

Judge and Mrs. Robert A. Stone, of Floydada, were the guests of Mrs. Connie Cupton Tuesday.

J. M. Bull, county attorney of Ochiltree county, was here Monday from Perryton.

Lamb County Split Over Proposed T. & P. N. Ry.; Building It Through Bailey Co. May Settle Controversy

AN EDITORIAL

With the culmination of any major project various angles enter into consideration of success, and the proposed building of another railroad across Lamb county by the Texas & Pacific Northern Co. again raises the issue of county seat location which has already been agitating the minds of citizens of that county for several years past.

It is a known fact that when the town of Amherst was laid out a few years ago it was placed within the proverbial five mile center radius of the county for strategic purposes, and the public generally was advised that this new town was to be the mature capital of the county. But Littlefield, an older and larger town of that county, also had aspirations in the same direction. A little more than a year ago the question came to issue when Littlefield made application for privilege to vote on moving the county seat from Otton, the present location, to that flourishing new municipality located on the Santa Fe railroad. Amherst promptly intervened, and asked the privilege of having her name on the ticket that citizens might also have the privilege of voting for Amherst as the new county seat. The result of the election, which was hotly contested by the three towns interested, was the remaining of the county seat at Otton.

Now, the proposed building of a new railroad through Lamb county, which will practically split the county in halves, as this road would run directly north and south through the county, has again raised the question as to what may be the future location of the county business site. According to available information, the proposed new line of the T. & P. N. will run about 17 miles east of Earth and seven and one-half miles west of Otton, passing through the community known as Pumpkin Center. Otton has intervened in the Interstate Commerce Commission hearing set to be held in Lubbock, Monday December 8, asking that the proposed line be routed through Otton. In this intervention she will be supported by Plainview, Lubbock and Amarillo. It is reported that the railroad backing the proposed line will stand pat on their present contemplated route, and what may be the attitude of the I. C. C., of course, unknown at this time, and will not be known until after the hearing and the

Tom Wright Makes Over \$5,000 From Irrigated Forty

Tom F. Wright, irrigation farmer in the Portales, N. M., valley, was in Muleshoe Tuesday prospecting in the Blackwater valley. He was loud in his praise regarding the future possibilities of development here and the big opportunities for money-making awaiting the farmers of this valley who are irrigators.

Mr. Wright has had considerable experience as an irrigation farmer and declares that practically all that is being done in the Portales valley can be duplicated here, some of them on even a better scale.

This past year Mr. Wright farmed 40 acres in the Portales valley, as follows: He had three acres of beans which he sold for \$800 cash in the field; three acres of tomatoes, making 45 tons, for which he received \$1,200; 12 acres of sweet potatoes, making 2,350 bushels, that were sold for \$1.40 per bushel; 10 acres of peanuts, averaging 50 bushels per acre, sold at \$ 3.30 per bushel, and about 12 acres in feed, a good crop, that has not yet been sold. His total receipts from the 40 acres this year, not counting the feed crop was \$4,575, from which he paid a rental of \$1,500. Besides this the family practically lived at home, he having cows, chickens and hogs, besides a good garden and fruit that supplied nearly all their needs. All the crops grown were irrigated.

Mr. Wright says there is no reason why irrigation farmers in the Blackwater valley may not do as well here each year.

Rev. W. B. Hicks Methodist Pastor Returned 4th Year

Members of the Muleshoe Methodist church and congregation are rejoicing this week over the return of Rev. W. B. Hicks as their pastor for the coming fiscal year, this being his fourth year as pastor of the local church.

Rev. Hicks returned at the first of the week from Sweetwater, where he attended the annual session of the Northwest Texas conference. He was very optimistic regarding the general future outlook of the Church and particularly so regarding the local congregation he is to serve another year. While there was considerable change made in the pastorate of the larger point churches, yet among the rank and file of pastorates the present minister was instructed by the Bishop and his cabinet to return for another year.

Rev. M. M. Beavers was retained as presiding elder of the Plainview district, and Rev. D. B. Doak was returned for another year to the pastorate of the Plainview First church, Rev. J. P. Patterson, from Amarillo being appointed to Plainview circuit. Rev. Lloyd H. Jones, pastor at YL last year, was released from regular work at attend S. M. U. this coming year. Rev. Cecil R. Matthews being appointed to the Earth and YL charge. Rev. A. A. Peacock was sent to Otton.

First Of Terracing Schools in Bailey Co. At Circleback

A two days terracing school will be held on the farm of Jesse Parks, five miles southeast of Circleback school, Monday and Tuesday, November 24 and 25, according to County Agent Fred S. Reynolds.
The purpose of this school is to teach a few of the neighbors of Mr. Parks how to terrace their own farms, although anyone from anywhere over the county is welcomed to attend. Numerous schools of this kind will be held in the county this winter, said Mr. Reynolds.

GOOD MORNING DOCTOR

One day when I was working at my first job and was—needless to say—hard up, I developed a severe pain. A stranger in New York, I had read in the newspapers the name of a diagnostician who was internationally famous. I went to his office, which was in his beautiful home, at eight o'clock in the morning. The waiting room was already full. There was a rich man who tugged impatiently at his watch. There was a haughty woman. And there were also half a dozen shabbily dressed folk, including a poor mother with a very sick baby. Without favoritism, each was ushered into the consultation room in the order of his arrival.
Presently my turn came. I said to the doctor: "I can not afford to consult you, but my health is my entire business capital. Therefore, I feel that I simply must come to headquarters."
He gave me a careful examination, wrote a prescription, and told me that I would be all right again in a few days.
I pulled out my pocketbook, which contained two weeks' salary.
"How much are you earning?" he asked.
I told him \$25 a week.
"Well, if you'll promise not to tell anybody," he answered, "I'll charge you five dollars."
In the intervening years I have become the father of five children, and

my salary has been raised a couple of times. I have had occasion to employ several physicians and three different surgeons. Some of the Mills have amounted to hundreds of dollars. But I have never received a bill that seemed unreasonable or even inadequate, considering the importance of the service rendered.
I have known several doctors who have married rich wives, and some who have made money in real estate or the stock market. I have met a number who gained modest fortunes from their practice, but none who became really rich.
And the amount of free work done by even the biggest men in the profession has always been a marvel to me.
As an advertising man and a former sales manager, I feel that the health business is still too much an old-fashioned one.
I should like to see dozens of big clinics in every city, each with its group of specialists. I should like to see them use newspaper advertising, and draw most of their revenues from the healthy rather than from the seriously ill. I believe that if we Americans paid twice as much to good doctors every year it would be the best money we could possibly spend.
Some developments of this sort will come in the next generation. They are beginning already. Meanwhile, I feel a great sense of gratitude to the doctors. If my experience is typical, they are a swell group of men.

County Agent Starts Campaign To Destroy Rodents Of County

The poisoning of gophers, rabbits, ground squirrels and prairie dogs in Bailey county was discussed with J. M. Hill, of the Biological Survey, U. S. Department of Agriculture, by Fred S. Reynolds, county agent, Monday and Tuesday.

Several parts of the county were visited by Reynolds and Hill during the two days to see farmers and ranchers who were interested in killing any of the rodents that were doing harm.

Poison grain is the principal bait used. The county has a supply of this for sale at 8c per pound. Anyone may get it by applying to the office of J. E. Adams, county judge.

"Rats are perhaps the most difficult of all the rodents to kill," said Mr. Hill, "and it will require the use of several methods including poison baits." Red squill, barium carbonate, and lye are common poisons and all are effective, but neither one will get all the rats. To completely rid a place of rats where numerous, it will require a thoughtful campaign and more than one method, and some time to do it.

Mr. Hill will be in Bailey county the second week in December again to cooperate with County Agent Reynolds in poisoning prairie dogs and jack rabbits.

Old Expression Traced

The expression "robbing Peter to pay Paul" had its origin in the rivalry between St. Peter's cathedral, now Westminster abbey, and St. Paul's cathedral in London. In 1570 an appropriation was made from St. Peter's to make up for a deficit in the account at St. Paul's. The action met with opposition, the question being asked, "Why rob St. Peter to pay St. Paul?"

Historic Grecian Town

Kastoria, old Macedonian city, is the seat of an Orthodox archbishop. It is usually identified with the ancient Celsirum, captured by the Romans under Scipio, during the first Macedonian campaign, about 200 B. C., and better known for the defense maintained by Bryennius against Alexis I in 1084. A Byzantine wall with round towers runs across the peninsula.

**PRESENTING
THE NEW CHEVROLET SIX**

Today the Chevrolet Motor Company presents the Bigger and Better Chevrolet Six, a new model of the six-cylinder car which has enjoyed such wide popularity.

In both the chassis and body of this new six-cylinder Chevrolet you will find expressed, more impressively than ever before, Chevrolet's well-known policy of progress through constant improvement.

For—without departing from the basic features which have won the enthusiastic approval of over 2,000,000 buyers—Chevrolet has produced a six-cylinder car which represents an entirely new standard of quality, value and refinement in the low-price field.

Your first impression of the new Chevrolet will be one of striking fleetness, grace and beauty. The car is longer, lower and modernly smart. The radiator has been deepened and its appearance enhanced by a curving tie-bar and chrome-plated parabolic headlamps. The long hood

lines sweep back unbroken to blend gracefully into the new Fisher bodies. And never were Fisher's fine artistry and finished craftsmanship more evident than in the bodies of the new Chevrolet Six!

Not only are the bodies roomier and more comfortable, but as you study them you will discover many gratifying new features and pleasing refinements—many examples of that painstaking attention to detail which is the basis of true quality.

Mechanically, too, the new Chevrolet Six is a better automobile. The wheelbase is longer. The frame is stronger. The steering is easier. The clutch is more durable. There is a smoother, quieter, easier shifting transmission. In fact, wherever finer materials and more advanced design could add to Chevrolet quality or increase Chevrolet's traditional economy of ownership—improvement has been made. See the new Chevrolet Six—for here is *the Great American Value!*

The ladies of the church of Christ met Wednesday afternoon and finished a pretty quilt. They now have it for sale and will soon finish a nice wash quilt.

Despite the dreadful weather we had Sunday several faithful ones turned out for Sunday school and church, both at the Union Sunday school at the school house, and at the Church of Christ.

Misses Grace Jennings and Billy Jones spent the weekend with Mr. and Mrs. Ralph Disch. They all went shopping in Clovis, N. M., Saturday afternoon, accompanied by Mrs. Robert Beece.

Kills Deer
It is understood that a few people in this vicinity enjoyed a rare treat of venison last Tuesday. Mr. B. E. Bullock, of Texico, tried to best the proverbial bear story by telling a deer 15 minutes after the season opened. Anyway he was kind enough to bring some of it to Mr. and Mrs. Ralph Disch and Mr. and Mrs. W. H. Gammon and probably some others.

Mr. and Mrs. Disch shared their treat of deer meat with Mr. and Mrs. Loyal Lust. They had them come over for supper and afterward played bridge.

Delightful Party
Among the younger set a delightful party was given Saturday night by

Miss Gladys Treider in the home of Mr. and Mrs. Otto Treider, her father and mother. The evening was spent playing forty-two, bridge and other games, and listening to the radio. At the close of the evening hot chocolate and doughnuts were served to the following: Misses Faye Cheyne, Helen and Nerene Jennings, Geraldine Haskins, Joyce Julian, Roberta Burton, Marguerite Morgan, Lawrence Eaves, Lillian McCurdy, Mrs. Mamie Berger, Messrs. Leon and Edwin Julian, Arnes and Robert Candler, Lawrence Eaves, Robert and Clyde Prother, Bernie and Herbert Clyde, Orby Jarmon, Tony Ivy, Henry, Jimmie and Leon Ivy, Elvie Jennings, Charles Vaughn, Edear Vaughn, A. L. Eaves, Wayne Eubanks, Clarence Fritz, and Haskell McCurdy. Some of the older set, or rather the married folk, who went and played bridge and forty-two, with Mr. and Mrs. Treider were Messrs. and Mesdames E. R. Haskins, Juel Treider, Raymond Treider, George Treider, Loyal Lust, Rudolph Fritz, Leroy McCandless, Nelse McCurdy and Oren Jennings.

Aid The Needy On Thanksgiving Is Urge Of President Hoover's Annual Proclamation To People of The U. S.

President Hoover has called upon the people of the United States to observe Thanksgiving Day by extending aid to those who are in need and suffering from causes beyond their control.
 In his annual Thanksgiving Day proclamation, the chief executive said this country has many causes for Thanksgiving. He added that as a nation "we have suffered far less than other peoples from the present world difficulties."
 His proclamation follows:
 "Notwithstanding that our forefathers endured the hardships and privations of a primitive life, surrounded by dangers and solaced only with meagre comforts, they nevertheless bequeathed to us a custom of devoting one day of every year to universal Thanksgiving to Almighty God for the blessing of life itself and the means to sustain it for the sanctuary of home and the joys that pervade it, and for the mercies of his protection from accident, sickness or death.
 "Our country has many causes for Thanksgiving. We have been blessed with distinctive evidence of divine favor. As a nation we have suffered far less than other peoples from the present world difficulties. We have been free from civil and international

THE RICH YOUNG RULER, REFUSING A LIFE OF SACRIFICIAL SERVICE
 Mark 10:7-27
 Rev. Samuel D. Price, D. D.
 Here is a character in history from whom valuable lessons can be learned and yet his name is unknown to all. Knowledge of this rich young ruler persists because one day he crossed the path of Jesus and was identified with Him for a few minutes.
 With bumptious pride this young fellow who regarded himself as a model man said, "All these have I kept from my youth up." He claimed that he had never wronged anyone. There is no special credit in that kind of a life. It is just being ordinarily decent and each one should be able to pass that kind of an audit. That sort of clean living is merely a healthy foundation on which to build a worthy character. Every one of us should avoid doing the things which might get us behind the bars.

Lazbuddy News
 (Too late for last week)
 Mrs. Fimis Jennings charmingly entertained the Lazbuddy club last week in her home, on Thursday afternoon. Due to a mistake in dates Mrs. Jennings had planned on having the club on Thursday before Hallow'en. Not being willing to be loser in a practical joke, she went right ahead with plans she had made. All the appointments and refreshments were cleverly carried out in black and orange.
 A delightful program was rendered on "The Kitchen." Mrs. T. C. Roper gave a nice talk on "How I Could Make My Kitchen a More Livable place in Which to Live," giving as an important factor in decorating a kitchen, beautiful colors. About fourteen members answered roll call with "What I Have Done to Make My Kitchen More Convenient."
 A special guest at the meeting was

Don't forget the senior play, "The Prince of Liars," will be given at the YL auditorium Friday night, Nov. 21, at 8:30 p. m.

Piano Solo, Marguerite Hicks.
Piano Solo, Retta Mae Arnold.
After the program our president, Myrtis Burkhead, told the club about the district meeting at Lubbock. Then the sponsor, Miss Boone, gave the definite aim of the district meeting, and the value it would be to us to attend. She also read the program for the day. The club members voted to attend this meeting.
A school truck was obtained for conveyance. The girls found it very hard to get up early enough to catch the bus, at 6:30 a. m., but the club found their trip worth much more than a few hours of sleep.
Fifteen schools were represented with 303 girls present. Muleshoe ranked third in attendance.
During every minute of the day something was being said which thrilled each one through and through. One of the outstanding features of the day was a lecture given by the head of the Home Economics department of Tech college, the subject being "The Ideal Girl."
At the noon hour the girls assembled in the girls study hall and enjoyed a picnic lunch. After lunch, yells, stunts and songs were given by each school. Moore, Ruth Evans, Retta Mae Arnold, Adella Beavers, Margaret Reach, Marie Sutton, Carrie Agnes Lee, Iola Shirley, Bessie Wimberly, Lucille Long, Della Bearden, Lovine McCleskey, Beulah Tenyson, Margaret Gwyn, Neva Douglass and Marguerite Hicks.
The girls regretted that our president, Myrtis Burkhead, wasn't able to go. The club appreciated Mr. Jess Murrah taking them to Lubbock and each enjoyed having Dalton and Gordon accompany him.
The third grade wins the best attendance with 96%.

"Konjola Did Wonders For Me" Says This Lady.

Stomach Trouble And Headaches Are Banished When New Medicine Is Put To Test.

MRS. AVEY KESWSKI
"Konjola did wonders for me" said Mrs. Avey Keswiski, Box 205 A, Route 1, Galveston. "For several years I suffered dreadfully with stomach trouble. I had a severe and sickening headache almost constantly. Gas accumulated in my stomach after every meal and I had the cramping pains of indigestion. My nerves were so weak that I could not rest or sleep well at night."

"I am now on my fourth bottle of Konjola and I feel better than I have in five years. Pains and headaches have been banished and I have not had an attack of indigestion since I began taking Konjola. My nerves have quieted and I enjoy sound, restful sleep at night. My entire system has taken on new life and I will always praise Konjola for the good it did me."
Taken regularly after meals over a six or eight week period, this master medicine for ailments of the stomach, liver, kidneys and bowels, and rheumatism neuritis and nervousness has done as much for thousands as it did for Mrs. Keswiski.

Konjola is sold in Muleshoe at Collins Pharmacy, and by all the best druggists in all towns throughout this entire section.—Adv.

School Notes

Dramatic Club
The Dramatic club sent off for some material to work with the other day. In this order were some one-act, two-act and three-act plays. We are going to start work on them at our next meeting. Before long we plan to put on some entertainment for you folks at the school auditorium and show you what we are doing in our club.

The Seniors and Junior received their class rings and pins last week. They all seem to be very proud of them, that is, judging from the way they are putting them on exhibition.

There is more studying and not so much disturbance in school this week due to the fact that six-weeks exams are scheduled for Thursday and Friday.

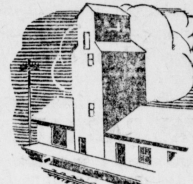

Miss Boone, "I will give a quarter to anyone who can tell what nothing is."

Marguerite, "I can."
Miss Boone, "All right, Marguerite."
Marguerite, "It is a burghole without a barrel around it."
Marguerite got the quarter.

At the beginning of James Arnold's six-weeks exam paper last month, in history, was the following:
"Lord God of Hosts, be with me yet, lest I forget, lest I forget."

At the close of his paper was this: "Lord God of hosts was with me not, for I forgot, for I forgot."

LAMB COUNTY IS SPLIT OVER PROPOSED T. & N. RY. BUILDING THRU BAILEY MAY RESULT

(Continued from page 1)
are persistent rumors that a farm of 150 acres has already been purchased or at least contracted for purchase, this farm lying some six miles south of Pumpkin Center and south of the sand range, which is to eventually be plotted as a town site and put on the market for sale as soon as the I. C. C. hearing results have been made public, if favorable.
This new townsite would be located in the "danger zone" of county seat probabilities. Being only a few miles west of Fieldton, it is probable that community center would move over to it, and being but a few miles northeast of Amberst, it is also probable there would be considerable deflection of population from that town to the new one, sufficient, in fact, perhaps,

to unify most of the warring factions of the county, and because of its generally central location meet with sufficient majority approval to thus settle the county seat question of that county.
Should the T. & N. R. Ry. grant a spur from its main line out to Olton, it would be of considerable commercial benefit to the present county seat now located in the northeast corner of the county, but, in all probabilities leave the question of the county seat's future location no nearer solved than it was a little over a year ago when the county was so decidedly split at the ballot boxes.
Just what percentage of the population of Lamb county would be willing to back the protests of Olton, Earth and Amberst is not now known, but apparently the railroad question, perhaps super-induced by the future county seat question now looming up on the background again, may pro-

duce such a turmoil and divergence of opinion that the Interstate Commerce Commission may be forced to take notice of it.
A probable solution to the Lamb county irritation has been suggested in that the proposed railroad be turned northwest at Levelland from its proposed route through Lamb county, and build through Bailey, Farmer and Deaf Smith counties into Vega. Bailey county has never taken any steps toward the deflection of this new railroad from its neighbor county, but in the interest of harmony among its fellow county citizens would suffer the building of such a transportation artery through its boundaries.
The building of this railroad through the three named counties would open up a much newer county than Lamb county now is. It would mean the developing of an area of county not now adequately served by any railroad. It would mean the building of more new towns in these three counties, towns that are really needed to serve the country population. The land of these three counties is just as rich as that of any of the other counties through which the proposed line desires to pass. Everything in these three counties is just as favorable to agricultural and other pursuits in common with the other counties. The citizens of these three counties would doubtless be a unit in accepting this new railroad. There would be no county seat question hinging upon its right-of-way. Its building would destroy no towns already flourishingly located. The new towns located because of the building of the railroad would be heartily welcomed by the county generally. The Interstate Commerce Commission might do itself a good turn, act in a larger benefit capacity for this western country, appease the objections of some of the intervening railroads, and at the same time become the recipients of numerous exclamations of praise and thanksgiving from the citizens of the central and northern part of Lamb county by giving the above suggestion their favorable consideration.

Dis't Court News

Bailey County district court, fall term, opened here Monday, Judge Charles Clements presiding, and assisted by District Attorney Meade F. Griffin and County Attorney Pat. R. Ebo. After empanelling the grand jury, of which A. L. Davis was elected foreman, the day was largely used in setting cases for hearings. This week will be devoted to hearing of civil cases, while next week cases principally of a criminal nature will be up for adjudication.
The following cases have been set for trial:
I. C. Enochs vs. Pauline L. Suggart Briscoe, Monday of next week.
Gordon Murray et al vs. W. T. Woods et al transferred to Federal court at Lubbock on motion of defendant.
Jim Butterfield vs. Lumberman's Reciprocal Association set for Monday of next week.
R. L. Brown vs. E. R. Hart et al set for hearing Wednesday of next week.
J. W. Gregory Jr. vs. Oliver Farm Equipment Sales Co. set for hearing Wednesday of this week.
Kathleen Carpenter vs. A. L. Carpenter, dismissed.

Muleshoe Pupils Attend Home Ec. Meet At Lubbock

There were 20 pupils from the Home Economics department of the Muleshoe school, accompanied by their teachers, who attended the district meeting of Home Economics clubs held Saturday at Lubbock. Fifteen schools were represented and there were more than 300 in attendance. Plainview was chosen as the next place of meeting.
A feature of the program was a luncheon served on the lawn of the High school, and a stunt in which the Muleshoe delegates took part. Later in the afternoon tea was served the delegates at the Tech college, after which the visitors were escorted through the Tech home economics building. Participants attending from Muleshoe report a very enjoyable and profitable occasion.

Scarbroough Is Head Of Baptists Again At Amarillo Meet

The State Baptist convention which was held at Amarillo last week was one of the most harmonious and consecrated meetings ever held in history of Southern Baptists, reports Rev. C. A. Joiner, local pastor of the First Baptist church, who, with Mrs. Joiner, attended all the sessions of that body. This marks the first time that Texas Baptists have brought the convention to this section of the state. Waco was chosen as the next meeting place.
One of the features of the convention, the pastor reported, was the hospitality shown delegates by the City of Amarillo, since nothing was spared by the City of Roses to make the guests feel welcome.
Dr. R. L. Scarbroough, of Ft. Worth, was re-elected president of the convention for another year.
Those attending the convention from this place and seated as messengers from the local Baptist church were: Rev. and Mrs. C. A. Joiner, Mr. and Mrs. Byron Griffiths, and Mrs. A. W. Coker.

A Very Interesting Program Given By P.-T. Association

There was an exceptionally good attendance at the meeting of the Parent-Teacher association held Monday night in the school auditorium, and a program of much interest rendered. Mrs. A. W. Coker presided at the meeting.
Mrs. J. C. Weaver spoke on the value and need of a girl scout organization in Muleshoe and it was voted that the association sponsor such a movement.
Dr. A. E. Lewis, local dentist, was appointed to examine the teeth of the school pupils.
Dr. A. R. Matthews gave a very interesting talk on health in general and in particular as it applies to school pupils.
It was voted that the association would serve luncheon during the teachers' institute to be held here December 6, and meal tickets will be offered to the public generally.
The third grade, Miss Beth Mardis teacher, won the record for attendance.

We did not have Sunday school Sunday on account of the awful sand storm.
Mrs. J. B. Warren and family from Sweetwater are here visiting her parents, Mr. and Mrs. Sam Brown.
J. H. Damron and Arbin Summerall went to Roswell, N. M., Friday.
Mr. Fred Boone, from Pettit, was here Tuesday visiting his sister, Miss Blanche Boone.
Miss Geraldine Berry had as her guest Saturday night, Miss LaVern Conner.
Mr. Groom, from Dallas, spent Sunday night with W. H. Walker.
There was a ball game at Circleback Friday afternoon, between the pupils on the north and south trucks, both boys' and girls' teams playing.
The score for the boys' game was 20-7 in favor of the South, and the girls' game was 6-2 in favor of the North.

W. M. U. MEETING

The W. M. U. met Monday afternoon at the Baptist church having eleven members present and one visitor. The president, Mrs. L. S. Barron, read the 17th chapter of John for the devotional. It is a beautiful chapter. To know God cares for His own even to the end. Mrs. Ray Griffiths had charge of the lesson, the subject being "A New Day in and Old World." The Bible study "All Things New," was discussed by Mrs. C. A. Joiner, which was well received. The lesson was unusually interesting. A vocal solo was rendered by Mrs. Byron Griffiths.
After dispensing with business we adjourned to meet next Monday afternoon for business and social. Don't forget to bring your needle, thimble, and favorite dish to Mrs. L. S. Barron's Wednesday, Nov. 26th, for an all-day quilting. Remember our Christmas Bazaar December 13th.—Rep.

Company Will Turn Gas Into Muleshoe Mains This Week

Controversy Over Right-Of-Way Is Agreeably Settled, West Texas Gas Company To Begin Service Promptly

Controversies that have existed during the past 10 days over right-of-way for gas lines of the West Texas Gas Co., leading into Muleshoe, have been settled, according to R. F. Hinchey, vice-president of the company with headquarters at Lubbock, who telephoned the Journal Wednesday afternoon that gas would be turned into the city mains and service begun the latter part of this week.

More than 100 connections for gas service have already been made in Muleshoe and many other householders and property owners have been holding off on connections pending the certainty of service.

The assurance that service will be promptly forthcoming is received with rejoicing by Muleshoe citizens, many of whom have laid in no other fuel supply for the winter. Several new homes have been erected during the past summer and fall without chimneys, their dependence being entirely on the gas service. Franchise was granted several months ago to the West Texas gas co., to service this municipality.

and the company has been very prompt in meeting its obligations in this respect. There has been some slight delay in securing pipe, and another delay in securing right-of-way for part of their line, all of which was beyond the control of the company, they doing everything within their power to make ready for service before the cold of coming winter arrived.

The Journal is authorized to state that contemplating users of gas service should make immediate arrangements for their connections. Deposits for meters will be received here by Jess Williams, the company's local manager, at their office in the Muleshoe Hotel building. It will be a case of first come, first served, and prompt connection service is assured the patrons.

Littlefield Lad Victim of Attack By Leopard

James, Jr., the four year old child of Mr. and Mrs. James Ewins, of Littlefield, was practically scalped and otherwise badly clawed last Saturday when a pet leopard, owned by a carnival company playing in that city, turned wild and attacked the boy who had entered a drug store there ahead of his father.

The spotted beast, about half grown, sighted the child as it came through the doorway, and apparently motivated by its wild instincts, crouched and sprang for the child, the uncovered claws of both front feet grabbing the child's head on either side and scrapping downward carried the flesh and hair with them.

A. C. Roper, standing nearby, grabbed the ferocious cat, pulling it from off the lad, receiving a badly lacerated hand for his courage, but probably saving the boy's life.

Following treatment by a local physician, the lad in an unconscious condition was rushed to a Lubbock hospital, where it is said to be in a very serious condition. The owner of the leopard was lodged in jail, and the animal placed back in its cage.

COMMISSIONER GETS BUCK

County Commissioner D. W. Danielson, of this county, accompanied by A. L. Tandy, of Farwell, a commissioner in Farmer county, returned Friday night bringing with them the trophies of a successful hunt in the Black Range of mountains west of Magdalena, N. M.

Danielson got a 10 point buck, while Tandy brought down a seven point one.

E. H. Howard, well driller from Portales, N. M., was here Tuesday investigating regarding the drilling of irrigation wells in this valley.

State Highway Dept May Straighten The No. Seven Highway

Recent press dispatches state that the State Highway department is soon to receive bids on 29 different highway projects totaling the sum of \$2,400,000. Several of the projects are named, but not all of them.

Just whether Bailey county is to receive any of this money for new roads is not positively known at this time. Two weeks ago a representative of the Highway department was in Muleshoe making investigations relative to straightening Highway No. 7, between Sudan and Muleshoe.

It is said the straightening of this highway would reduce the distance between these two points, and that negotiations are now in progress to that effect.

TERRACE SCHOOL WILL BE HELD IN MULESHOE IN DEC.

A terracing school for Bailey county will be held in Muleshoe Thursday, December 11. Every man in the county who is interested in saving all the rain that falls on his land, should be at this terracing school. Officials from the Texas A. & M. college and the Federal Land Bank, at Houston, will be present to speak. Various farm machinery representatives will be present to demonstrate the use of implements in building terraces.

More details of the school will be given in the columns of the Journal before December 11.

The Muleshoe High Loses Pair of Games In Friday Contests

The Muleshoe High school football team played with the Levelland team Friday of last week, the score being 44 to 0 in favor of the Hockley county lads.

The feature of the Muleshoe lads playing was the forward passes. Out of 17 passes, only four were incomplete.

Girls Play Littlefield The Muleshoe High school basketball team played their first game of the season Friday night of last week with the Littlefield girls team, the score being 42 to 4.

Notwithstanding the local girls lost they consider the game a victory in experience. They played against a much heavier and more experienced team. Also, some of the local girls played practically all through the game, while Littlefield ran in a big bunch of substitutes.

The football lads returned from Levelland in time to witness the basketball game at Littlefield.

B. Y. P. U. ASSOCIATION SOCIAL

The West Plains B. Y. P. U. Association, composed of organizations of Bailey and Lamb counties, was entertained with a social at the First Baptist church of Amherst Tuesday evening by the local union at that place. Delegates from all localities in the district numbered approximately 100, a group of 11 from Muleshoe, headed by Rev. and Mrs. C. A. Joiner, local Baptist pastor and wife, was present.

Judge and Mrs. Robert A. Soné, of Floydada, were the guests of Mrs. Connie Gupton Tuesday.

J. M. Bull, county attorney of Ochiltree county, was here Monday from Paris, Mo.

Lamb County Split Over Proposed T. & P. N. Ry.; Building It Through Bailey Co. May Settle Controversy

With the culmination of any major project various angles enter into consideration of success, and the proposed building of another railroad across Lamb county by the Texas & Pacific Northern Co. again raises the issue of county seat location which has already been agitating the minds of citizens of that county for several years past.

It is a known fact that when the town of Amherst was laid out a few years ago it was placed within the proverbial five mile center radius of the county for strategic purposes, and the public generally was advised that this new town was to be the mature capital of the county. But Littlefield, an older and larger town of that county, also had aspirations in the same direction. A little more than a year ago the question came to issue when Littlefield made application for privilege to vote on moving the county seat from Olton, the present location, to that flourishing newer municipality located on the Santa Fe railroad. Amherst promptly intervened, and asked the privilege of having her name on the ticket that citizens might also have the privilege of voting for Amherst as the new county seat. The result of the election, which was hotly contested by the three towns interested, was the remaining of the county seat at Olton.

Now, the proposed building of a new railroad through Lamb county, which will practically split the county in halves, as this road would run directly north and south through the county, has again raised the question as to what may be the future location of the county business site. According to available information, the proposed new line of the T. & P. N. will run about 12 miles east of Earth and seven and one-half miles west of Olton, passing through the community known as Pumpkin Center. Olton has intervened in the Interstate Commerce Commission hearing set to be held in Lubbock Monday December 8, asking that the proposed line be routed through Olton. In this intervention she will be supported by Plainview, Lubbock and Amarillo. It is reported that the railroad backing the proposed line will stand pat on their present contemplated route, and what may be the attitude of the I. C. C. is, of course, unknown at this time, and will not be known until after the hearing and the

review of evidence at Washington, D. C. It is also reported that the towns of Earth and Amherst have recently joined Olton in protesting against the T. & P. N. now being run through the center of Lamb County. The protest is based upon an alleged damage that would be done the three contending towns, since the proposed route does not touch a single existing town of any consequence between Littlefield and Dimmit. Each town fighting individually and collectively for its own future, feels sure if this railroad is permitted to pass through the center of the county in a north and south direction, they will surely be damaged. It is pointed out by some of the citizens of these towns that the building of a new town on the north side of the sand range and one on the south side would mean the changing of present school districts and forming new ones. Practically all the present school districts now have brick school buildings and are heavily in debt through bond issues. So serious is the condition, some of the citizens of the above named towns have declared it preferable that the towns involved be missed entirely and the railroad not be run through the county at all rather than pass either one or all of them just a few miles, thus causing them to suffer a deflected population which would contribute to the building of the two suggested new towns located north and south of the sand range. Meanwhile, interested citizens and political strategists of Lamb county are again discussing with vim and vigor the various merits and demerits of the proposed railroad and what effect it may have upon future development of that county in general and upon the future location of the county seat in particular. It is contended by some, if the proposed railroad is run through Lamb county as now indicated, it will probably mean the moving intact of the town of Earth to Pumpkin Center, with a considerable deflection of population from Olton to the growing Center which would be located on a railroad. But since Pumpkin Center is located north of the sand range running east and west through that county, its municipal growth and aspirations might not materially effect the county seat question. However, there

Tom Wright Makes Over \$5,000 From Irrigated Forty

Tom F. Wright, irrigation farmer in the Portales, N. M., valley, was in Muleshoe Tuesday prospecting in the Blackwater valley. He was loud in his praise regarding the future possibilities of development here and the big opportunities for money-making awaiting the farmers of this valley who are irrigators.

Mr. Wright has had considerable experience as an irrigation farmer and declares that practically all that is being done in the Portales valley can be duplicated here, some of them on even a better scale.

This past year Mr. Wright farmed 40 acres in the Portales valley, as follows: He had three acres of beans which he sold for \$800 cash in the field; three acres of tomatoes, making 45 tons, for which he received \$1,200; 12 acres of sweet potatoes, making 2,300 bushels, that were sold for \$140 per bushel; 10 acres of peanuts, averaging 50 bushels per acre, sold at \$3.00 per bushel, and about 12 acres in feed, a good crop, that has not yet been sold. His total receipts from the 40 acres this year, not counting the feed crop was \$4,575, from which he paid a rental of \$1,500. Besides this the family practically lived at home, he having cows, chickens and hogs, besides a good garden and fruit that supplied nearly all their needs. All the crops grown were irrigated.

Mr. Wright says there is no reason why irrigation farmers in the Blackwater valley may not do as well here each year.

Rev. W. B. Hicks Methodist Pastor Returned 4th Year

Members of the Muleshoe Methodist church and congregation are rejoicing this week over the return of Rev. W. B. Hicks as their pastor for the coming fiscal year, this being his fourth year as pastor of the local church.

Rev. Hicks returned the first of the week from Sweetwater, where he attended the annual session of the Northwest Texas conference. He was very optimistic regarding the general future outlook of the Church and particularly so regarding the local congregation he is to serve another year. While there was considerable change made in the pastorate of the larger point churches, yet among the rank and file of pastors the present minister was instructed by the Bishop and his cabinet to return for another year.

Rev. M. M. Beavers was retained as presiding elder of the Plainview district, and Rev. D. B. Doak was returned for another year to the pastorate of the Plainview First church, Rev. J. P. Patterson, from Amarillo being appointed to Plainview circuit. Rev. Lloyd H. Jones, pastor at YL last year, was released from regular work at attend S. M. U. the coming year. Rev. Cecil R. Matthews being appointed to the Earth and YL charge. Rev. A. A. Peacock was sent to Olton.

First Of Terracing Schools in Bailey Co. At Circleback

A two days terracing school will be held on the farm of Jesse Parks, five miles southeast of Circleback school, Monday and Tuesday, November 24 and 25, according to County Agent Fred S. Reynolds.
The purpose of this school is to teach a few of the neighbors of Mr. Parks how to terrace their own farms, although anyone from anywhere over the county is welcomed to attend.
Numerous schools of this kind will be held in the county this winter, said Mr. Reynolds.

GOOD MORNING DOCTOR

One day when I was working at my first job and was—needless to say—hard up, I developed a severe pain.
A stranger in New York, I had read in the newspapers the name of a diagnostician who was internationally famous. I went to his office, which was in his beautiful home, at eight o'clock in the morning. The waiting room was already full. There was a rich man who tugged impatiently at his watch. There was a haughty woman. And there were also half a dozen shabbily dressed folk, including a poor mother with a very sick baby.
Without favoritism, each was ushered into the consultation room in the order of his arrival.
Presently my turn came.
I said to the doctor: "I can not afford to consult you, but my health is my entire business capital. Therefore, I feel that, I simply must come to headquarters."
He gave me a careful examination, wrote a prescription, and told me that I would be all right again in a few days.
I pulled out my pocketbook, which contained two weeks' salary.
"How much are you earning?" he asked.
I told him \$25 a week.
"Well, if you'll promise not to tell anybody," he answered, "I'll charge you five dollars."
In the intervening years I have become the father of five children, and my salary has been raised a couple of times. I have had occasion to employ several physicians and three different surgeons. Some of the bills have amounted to hundreds of dollars. But I have never received a bill that seemed unreasonable or even inadequate, considering the importance of the service rendered.
I have known several doctors who have married rich wives, and some who have made money in real estate or the stock market. I have met a number who gained modest fortunes from their practice, but none who became really rich.
And the amount of free work done by even the biggest men in the profession has always been a marvel to me.
As an advertising man and a former sales manager, I feel that the health business is still too much an old-fashioned one.
I should like to see dozens of big clinics in every city, each with its group of specialists. I should like to see them use newspaper advertising, and draw most of their revenues from the healthy rather than from the seriously ill. I believe that if we Americans paid twice as much to good doctors every year it would be the best money we could possibly spend.
Some developments of this sort will come in the next generation. They are beginning already. Meanwhile, I feel a great sense of gratitude to the doctors. If my experience is typical, they are a swell group of men.

MAILS RUNNING LATE

If patrons don't get their mail on time for the next month and a half, they shouldn't blame Uncle Sam, according to Mrs. B. W. Carles, local postmaster.
Trains are now frequently running

late and will continue doing so until the holidays are past. The amount of mail is already perceptibly increasing. Rural route carriers will be unable to maintain their schedules during this period, and patrons must expect a little delay in service.

County Agent Starts Campaign To Destroy Rodents Of County

The poisonous "gophers," rabbits, round squirrels and prairie dogs in Bailey county was discussed with J. M. Hill, of the Biological Survey, U. S. Department of Agriculture, by Fred S. Reynolds, county agent, Monday and Tuesday.
Several parts of the county were visited by Reynolds and Hill during the two days to see farmers and ranchers who were interested in killing any of the rodents that were doing harm.
Poison grain is the principal bait used. The county has a supply of this for sale at 8c per pound. Anyone may get it by applying to the office of J. E. Adams, county judge.

"Rats are perhaps the most difficult of all the rodents to kill," said Mr. Hill, "and it will require the use of several methods including poison baits." Red squill, barium carbonate, and lye are common poisons and all are effective, but neither one will get all the rats. To completely rid a place of rats where numerous, it will require a thoughtful campaign and more than one method, and some time to do it.

Mr. Hill will be in Bailey county the second week in December again to cooperate with County Agent Reynolds in poisoning prairie dogs and jack rabbits.

Old Expression Traced

The expression "robbing Peter to pay Paul" had its origin in the rivalry between St. Peter's cathedral, now Westminster abbey, and St. Paul's cathedral in London. In 1550 an appropriation was made from St. Peter's to make up for a deficit in the account at St. Paul's. The action met with opposition, the question being asked, "Why rob St. Peter to pay St. Paul?"

Historic Grecian Town

Kastoria, old Macedonian city, is the seat of an orthodox archbishop. It is usually identified with the ancient Celetrum, captured by the Romans under Sulpicius, during the first Macedonian campaign, about 200 B. C., and better known for the defense maintained by Byzantius against Alexis I in 1084. A Byzantine wall with round towers runs across the peninsula.

**PRESENTING
THE NEW CHEVROLET SIX**

Today the Chevrolet Motor Company presents the Bigger and Better Chevrolet Six, a new model of the six-cylinder car which has enjoyed such wide popularity.

In both the chassis and body of this new six-cylinder Chevrolet you will find expressed, more impressively than ever before, Chevrolet's well-known policy of progress through constant improvement.

For—without departing from the basic features which have won the enthusiastic approval of over 2,000,000 buyers—Chevrolet has produced a six-cylinder car which represents an entirely new standard of quality, value and refinement in the low-price field.

Your first impression of the new Chevrolet will be one of striking fleetness, grace and beauty. The car is longer, lower and modernly smart. The radiator has been deepened and its appearance enhanced by a curving tie-bar and chrome-plated parabolic headlamps. The long hood

lines sweep back unbroken to blend gracefully into the new Fisher bodies. And never were Fisher's fine artistry and finished craftsmanship more evident than in the bodies of the new Chevrolet Six!

Not only are the bodies roomier and more comfortable, but as you study them you will discover many gratifying new features and pleasing refinements—many examples of that painstaking attention to detail which is the basis of true quality.

Mechanically, too, the new Chevrolet Six is a better automobile. The wheelbase is longer. The frame is stronger. The steering is easier. The clutch is more durable. There is a smoother, quieter, easier shifting transmission. In fact, wherever finer materials and more advanced design could add to Chevrolet quality or increase Chevrolet's traditional economy of ownership—improvement has been made. See the new Chevrolet Six—for here is *the Great American Value!*

» » **AT NEW LOW PRICES** « «

Chevrolet has long been one of the lowest priced cars in the world. Yet due to the savings of volume production and increased manufacturing efficiency, the *Bigger and Better*

Chevrolet is offered at new low prices. Come in today. See and drive the new Chevrolet Six. Learn the *new economy* of owning a modern, fine quality, six-cylinder automobile.

CITY GREED Then some bright one of us suggests that we take a ride or go to a movie. No thought is required.

Every city is constantly reaching out, like a huge octopus, with its many deadly tentacles, for something new on which to feed. It must do this to sustain its growth.

There'll never be equality in marriage so long as it's the wife who has to get up in the middle of the night and get the extra blanket.

"PLAYING HOOKEY" Statistics show that 90 per cent of the criminals of today start on their criminal course by absenting themselves from school, or as older residents around Muleshoe would put it, "playing hookey."

Social workers and school teachers who have made a study of the subject are convinced that very often the trouble is in the home instead of in the child. Too often parents minimize the importance of education, and display an utter lack of interest in school work.

We seldom hear of a deliberate case of truancy in this community, for that we are thankful; but it is a subject that parents should not overlook. The seriousness of truancy must be constantly impressed upon the mind of every child who shows a tendency to slight school work.

There's another advantage in being poor. If you die suddenly nobody howls to have the estate audited.

Jaunty Journalettes Another type we can't warm up to is the Muleshoe man who thinks his wife got a prize when she got him.

The man who said the lesser could never contain the greater never sold a Muleshoe woman a pair of shoes.

One can't wonder at the dumbness of Muleshoe kids if they have parents dumb enough to blame it on the teacher.

No one ever saw a Muleshoe woman really excited unless they happened to be around when she discovered a bed bug had dropped in unexpectedly for a little free board.

With gas service being held up indefinitely, we know of nothing around Muleshoe that looks more pathetic than the depleted condition of the family coal bin.

Now and then you meet a man on the streets of Muleshoe who acts as though he might have had a happier married life if he had been a wild animal trainer.

THIS is a true story of "once upon a time there was a little boy." This boy worked out in the fields picking sweet corn through the long summer days.

Early Bird Catches Corn The boy used to get up in the "wee sma' hours," and while the dew was still on the corn tassels at 3 p.m., he was picking.

100 BAILEY COUNTY CITIZENS ARE INTERESTED IN SUITS AGAINST MATRIMONIAL INSURANCE CONCERNS

"If 10,000 Texans have lost around a half million dollars in birth and matrimonial insurance, as recently reported, that number includes between 75 and 100 investors in this type of insurance by policy holders in and around Muleshoe, according to Cecil H. Tate, local attorney.

Tate, who admitted he was a policy holder of this kind of insurance, had no comment to make regarding the probable outcome of charges preferred against companies writing this brand of insurance and who are now facing charges of fraud and lottery.

The number of policy holders of this kind of insurance in Bailey county is probably less than that of some other counties more thickly populated and which have larger towns and cities, for it is in the cities principally that the representatives of such companies operated, said Tate.

Just how many different companies there are writing in Bailey county could not be learned, but it is stated that most of the policies of this kind offered contemplated customers were more or less similar in their contract provisions.

Details of Policy Generally speaking, in large type is displayed the promise of the company to pay the policy holder a certain amount upon marriage or the marriage of the person upon whom he or she takes the policy.

Small Type Clauses Below in smaller type are listed the clauses which many purchasers fail to read. The applicant agrees to pay an initial premium of around \$15 and an assessment of \$1 to \$2 every time a member of his "group" weds.

NOTICE OF TRUSTEE'S SALE THE STATE OF TEXAS, COUNTY OF BAILEY.

WHEREAS, on September 9, 1929, E. T. Griffin and wife executed and delivered to Roscoe Wilson, Trustee, a Deed of Trust which is recorded in Volume 7, page 406 of the Deed of Trust Records of Bailey County, Texas, covering Labor No. Eleven (11), League No. One Hundred Twenty-two (122), Childress County School Land, containing 177.1 acres of land situated in Bailey County, Texas, to better secure the payment of thirteen (13) Vendor's Lien Notes for \$177.10, each, and one (1) for \$148.97, of even date with said Deed of Trust, executed by E. T. Griffin, payable to the order of I. C. Enochs on or before January 1, 1927, to 1940, respectively, with 6% per annum interest from their date until paid, interest payable annually on January 1st, of each year, beginning January 1, 1927, and providing that failure to pay either of said notes or any installment of interest when due shall, at the option of the holder, mature all of said notes, and providing for the payment of 10% additional as attorney's fees if placed in the hands of an attorney for collection, as fully described in said Deed of Trust, and also in the Deed from I. C. Enoch to E. T. Griffin, of even date with said notes, and said Deed of Trust also providing that the holder of said notes shall have the right and authority to foreclose on said land, and that the amount or amounts so paid should be applied in said Deed of Trust to the taxes, and interest on Childress County on said land, and that the amount or amounts so paid should have a valid lien under said Deed of Trust to secure the payment of the amount or amounts paid for taxes, and interest to Childress County; and

WHEREAS, said E. T. Griffin made default in the payment of the principal and interest of the notes due January 1, 1927, 1928, 1929, and 1930, and also the taxes, and interest due Childress County for the years 1928, 1929, 1930, 1927, 1928, and 1929, which were paid by said I. C. Enoch, said I. C. Enoch, the holder and owner of said notes, and the liens securing same, declared all of said notes due and demanded payment thereof, and the said E. T. Griffin failed and refused to pay the same or any part thereof, and the said I. C. Enoch placed the same in the hands of his attorneys for collection; and

WHEREAS, Roscoe Wilson, the Trustee named in said Deed of Trust, refused to act, and I. C. Enoch appointed me Substitute Trustee, September 19, 1930, and requested me to enforce said trust and sell said property as provided in said Deed of Trust.

NOW, THEREFORE, I, Jack M. Randall, Substitute Trustee, by virtue of the authority vested in me by said Deed of Trust and appointment, will offer for sale and sell the above described property at public sale, on the first Tuesday in December, 1930, the same being the 2nd day of said month, at the Court House door of Bailey County, in the Town of Muleshoe, Texas, to satisfy the above described notes, principal interest, and attorney's fees, interest paid to Childress County, and costs of sale.

WITNESS my hand this 4th day of November, A. D. 1930. JACK M. RANDALL, Substitute Trustee. Nov. 7, 14, 21, 1930.

METHODIST CHURCH

We will have all of our regular services Sunday and we desire that every member of the church be present.

We are starting our fourth year as pastor, and desire very much that this be the very best, and it can be so if every member will co-operate—this co-operation will be clearly demonstrated by your presence.

You cannot build a home by being present just when you want to, nor a community just when you have nothing else to do; this is certainly true of the church.

Come bring your friends and let us worship together.—W. B. Hicks, Pastor.

THE BEST GINNING IS NEVER TOO GOOD FOR ANY COTTON GROWER IN THIS SECTION

—And we give You the very best!

It would be impossible for us to do otherwise. With a brand new gin equipped with brand new machinery of the very latest type—all strictly modern and up-to-date, and in charge of capable workmen having had years of experience in ginning, we can assure the patrons of this section absolute satisfaction in the service rendered.

We Save You Dollars A dollar saved is just as good as a dollar made, and there is no need of working for that dollar twice. We get every dollar of lint possible from your load of seed cotton. Every dime saved you is an added dime to your crop returns.

It will help your bank account for us to gin your cotton.

THANKSGIVING TIME REMINDS US THAT OURS IS A NATION FOUNDED ON THRIFT

Faced with privations and hardships, in a new, uncultivated country, the Pilgrim settlers were forced to develop virtues in order to live. Each fall they stored away food for all, for the long hard New England winter.

Let us not forget that protection in the future, today as three hundred years ago, necessitates providing for it. A savings account is the best method.

Lazbuddy News Mrs. Disch Honored An artistically appointed occasion of last week was the three-course dinner given Friday evening by Mrs. Ralph Disch, honoring the birthday of her husband. Miss Betty Jennings and Miss Betty Bledsoe assisted Mrs. Disch with serving. After dinner tables were arranged for playing forty-two and bridge. After the games the candles were lighted on the beautiful birthday cake and presented by Mrs. R. L. Bledsoe. Each guest took a lighted candle, made a wish and blew out the light. Most of them wished the honoree many more such parties. The guests were Mr. and Mrs. E. R. Haskins, Mrs. O. E. Treider, Mr. and Mrs. R. L. Bledsoe, Mr. and Mrs. W. S. Menefee, Miss Billy Jones, Miss Grace Jennings and the honoree and hostess, Mr. and Mrs. Ralph Disch. Mr. and Mrs. Lawrence Mehl, of Frederick, Okla., were overnight visitors with the Steinbocks one night last week. They had been called to Okla. to attend the funeral of a close friend of the family. Mrs. Pina Jennings accompanied her mother, Mrs. Nina Noble, to Amarillo, where she will remain about one month taking chiropractic treatments. Mr. and Mrs. John Steinbock were in Muleshoe Saturday. Mrs. John Steinbock and Mrs. R. L. Bledsoe spent the day with Mrs. Otto Treider Wednesday. They worked on a quilt for Mrs. Steinbock. Bill Sherry went to Fort Worth Friday to see the game, and went on from there to Dallas and Anna to visit his father and other relatives. Mr. and Mrs. Chas. Julian entertained last week three boys from McFarland, Calif. Mentus, and Burdette Hammon and Bryant Fetterson. They are friends of Leon and Elwin. The boys considered the duck hunting a great sport and were having pretty good success at the last report.

Mr. and Mrs. Chas. Julian were shipping in Dimmitt, Monday. Mr. and Mrs. Albert Carroll have been gone to Oklahoma for the past week. They will visit while there friends and relatives in Seminole, Central and Maud. Mr. and Mrs. Roy Daniel and baby daughter, Joy Elaine, and Mr. Garvin Thorn, returned the first of the week from a trip to Shawnee and Maud, Okla. Mr. Daniels visited his twin brother, Ralph, who is in very bad health. Johnnie Gammon, from Texas Tech at Lubbock, spent the weekend with home folks. The ladies of the church of Christ met Wednesday afternoon and finished a pretty quilt. They now have it for sale and will soon finish a nice wash quilt. Despite the dreadful weather we had Sunday several faithful ones turned out for Sunday school and church, both at the Union Sunday school at the school house, and at the Church of Christ. Misses Grace Jennings and Billy Jones spent the weekend with Mr. and Mrs. Ralph Disch. They all went shopping in Clovis, N. M., Saturday afternoon, accompanied by Mrs. Robert Beene. Kills Deer It is understood that a few people in this vicinity enjoyed a rare treat of venison last Tuesday. Mr. B. E. Bullock, of Texco, tried to beat the proverbial bear story by telling a deer 15 minutes after the season opened. Anyway he was kind enough to bring some of it to Mrs. Ralph Disch and Mr. and Mrs. W. H. Gammon and probably some others. Mr. and Mrs. Disch shared their treat of deer meat with Mr. and Mrs. Loyall. They had them come over for supper and afterward played bridge. Delightful Party Among the younger set a delightful party was given Saturday night by Miss Gladys Treider in the home of Mr. and Mrs. Otto Treider, her father and mother. The evening was spent playing forty-two, bridge and other games, and listening to the radio. At the close of the evening hot chocolate and doughnuts were served to the following: Misses Faye Chesney, Helen and Nerene Jennings, Geraldine Haskins, Joyce Julian, Roberta Burton, Marguerite Morgan, Gladys Treider, Lillian McCurdy, Mrs. Mamie Berger, Messrs. Leon and Elwin Julian, Arnes and Robert Candler, Lawrence Eaves, Robert and Clyde Parham, Bennie and Herbert Dyck, Orby Jarmon, Tony Ivy, Henry, Jimmie and Leon Ivy, Elvie Jennings, Charles Vauin, Edgar Vauin, A. L. Eaves, Wayne Eubanks, Clarence Fryz, and Hasckel McCurdy. Some of the older set, or rather the married folk, who went and played bridge and forty-two with Mr. and Mrs. E. R. Haskins, Juel Treider, Raymond Treider, George Treider, Loyall Last, Rufoloh Pritez, Leroy McDaniels, Nelse McCurdy and Oras Jennings. Progress News Notes Mr. and Mrs. Kill are the proud parents of a baby daughter. The Ackinsons spent Saturday night in the Charlie Alexander home. Miss Euna Newman and Miss Rachel Alexander, from House, N. M., visited in the Charlie Alexander home. Mrs. McDorman, Velma, Lois and Mrs. Pence, were shopping in Clovis, N. M., Saturday. Mr. and Mrs. Kozan and family were shopping in Clovis, N. M., Saturday. There was no league Sunday night, but a small crowd enjoyed singing. According to Warden C. T. Jambason, only one of 591 prisoners received at the South Dakota state prison in the last two years had a college education.

Aid The Needy On Thanksgiving Is Urge Of President Hoover's Annual Proclamation To People of The U. S.

President Hoover has called upon the people of the United States to observe Thanksgiving Day by extending aid to those who are in need and suffering from causes beyond their control.

In his annual Thanksgiving Day proclamation, the chief executive said this country has many causes for Thanksgiving. He added that as a nation "we have suffered far less than other peoples from the present world difficulties."

His proclamation follows: "Notwithstanding that our forefathers endured the hardships and privations of a primitive life, surrounded by dangers and solaced only with meagre comforts, they nevertheless bequeathed to us a custom of devoting one day of every year to universal Thanksgiving to Almighty God for the blessing of life itself and the means to sustain it for the sanctuary of home and the joys that pervade it, and for the mercies of his protection from accident, sickness or death."

"Our country has many causes for Thanksgiving. We have been blessed with distinctive evidence of divine favor. As a nation we have suffered far less than other peoples from the present world difficulties. We have been free from civil and industrial

International Sunday School Lesson for November 23 THE RICH YOUNG RULER, REFUSING A LIFE OF SACRIFICIAL SERVICE Mark 10:7-27

Rev. Samuel D. Price, D. D. Here is a character in history from whom valuable lessons can be learned and yet his name is unknown to all. Knowledge of this rich young ruler persists because one day he crossed the path of Jesus and was identified with Him for a few minutes.

With blumphant pride this young fellow who regarded himself as a model man said, "All these have I kept from my youth up." He claimed that he had never wronged anyone. There is no special credit in that kind of a life. It is just being ordinarily decent and each one should be able to pass that kind of an audit. That sort of clean living is merely a healthy foundation on which to build a worthy character. Every one of us should avoid doing the things which might get us behind the bars.

Lazbuddie News (Too late for last week) Mrs. Finis Jennings charmingly entertained the Lazbuddie club last week in her home, on Thursday afternoon. Due to a mistake in dates Mrs. Jennings had planned on having the club on Thursday before Halloween. Not being willing to be loser in a practical joke, she went right ahead with plans she had made. All the appointments and refreshments were cleverly carried out in black and orange. A delightful program was rendered on "The Kitchen." Mrs. T. C. Roper gave a nice talk on "How I Could Make My Kitchen a More Livable place in Which to Live" giving as an important factor in decorating a kitchen, beautiful colors. About fourteen members answered roll call with "What I Have Done to Make My Kitchen More Convenient." A special guest at the meeting was

After the program our president, Myrtis Burkhead, told the club about the district meeting at Lubbock. Then the sponsor, Miss Boone, gave the definite aim of the district meeting, and the value it would be to us to attend. She also read the program for the day. The club members voted to attend this meeting.
A school truck was obtained for conveyance. The girls found it very hard to get up early enough to catch the bus, at 6:30 a. m., but the club found their trip worth much more than a few hours of sleep.
Fifteen schools were represented with 303 girls present. Muleshoe ranked third in attendance.
During every minute of the day something was being said which thrilled each one through and through. One of the outstanding features of the day was a lecture given by the head of the Home Economics department of Tech college, the subject being "The Ideal Girl."
At the noon hour the girls assembled in the girls study hall and enjoyed a picnic lunch. After lunch, yells, stunts and songs were given by each school. Moore, Ruth Evans, Retta Mae Arnold, Adella Beavers, Margaret Reach, Marie Sutton, Carrie Agnes Lee, Iola Shirley, Bessie Wimberley, Lucille Long, Della Bearden, Lovine McCleskey, Beulah Tenyson, Margaret Gwyn, Neva Douglass and Marguerite Hicks.
The girls regretted that our president, Myrtis Burkhead, wasn't able to go. The club appreciated Mr. Jess Murrah taking them to Lubbock and each enjoyed having Dalton and Gordon accompany him.

"Konjola Did Wonders For Me" Says This Lady.

Stomach Trouble and Headaches Are Banished When New Medicine Is Put To Test.

MRS. AVEY KESWSKI
"Konjola did wonders for me," said Mrs. Avey Keswski, Box 205 A, Route 1, Galveston. "For several years I suffered dreadfully with stomach trouble. I had a severe and sickening headache almost constantly. Gas accumulated in my stomach after every meal and I had the cramping pains of indigestion. My nerves were so weak that I could not rest or sleep well at night."

"I am now on my fourth bottle of Konjola and I feel better than I have in five years. Pains and headaches have been banished and I have not had an attack of indigestion since I began taking Konjola. My nerves have quieted and I enjoy sound, restful sleep at night. My entire system has taken on new life and I will always praise Konjola for the good it did me."

"Taken regularly after meals over a six or eight week period, this master medicine for ailments of the stomach, liver, kidneys and bowels, and rheumatism neuritis and nervousness has done as much for thousands as it did for Mrs. Keswski."

Konjola is sold in Muleshoe at Collins Pharmacy, and by all the best druggists in all towns throughout this entire section.—Adv.

School Notes

Dramatic Club

The Dramatic club sent off for some material to work with the other day. In this order were some one-act, two-act and three-act plays. We are going to start work on them at our next meeting. Before long we plan to put on some entertainment for you folks at the school auditorium and show you what we are doing in our club.

The Seniors and Junior received their class rings and pins last week. They all seem to be very proud of them, that is, judging from the way they are putting them on exhibition.

There is more studying and not so much disturbance in school this week due to the fact that six-weeks exams are scheduled for Thursday and Friday.

Miss Boone, "I will give a quarter to anyone who can tell what nothing is."

Marguerite, "I can."
Miss Boone, "All right, Marguerite."
Marguerite, "It is a burghole without a barrel around it."
Marguerite got the quarter.

At the beginning of James Arnold's six-weeks exam paper last month, in history, was the following:
"Lord God of Hosts, be with me yet, lest I forget, lest I forget."
At the close of his paper was this:
"Lord God of hosts was with me not, for I forgot, for I forgot."

Home Economics Club
The Home Economics club met Thursday morning in the High school auditorium at 8:40, with 20 members present. The following program was rendered:
Reading, Retta Mae Arnold.

Baileyboro News

The worst sand storm of the season visited this place last Saturday and Sunday, doing much damage to the crops that are still in the fields.

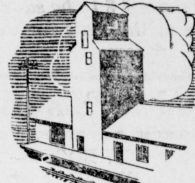

The W. M. U. held its regular meeting last Thursday. The main thing done was the collection of many articles to be given to Mr. and Mrs. Boren who are expecting to have their home visited by a stork in the near future. The next meeting will be one month from the above date at the school house, immediately after four o'clock.

It has been learned that Bro. Both did not accept the pastorate of the Baileyboro Baptist church. We regret to see him leave as he has been a fearless proclaimer of the gospel. It is not known who will take his place. It is also rumored that the Methodists will have a minister at Baileyboro for at least one Sunday out of each month. Let's all wake up to our religious duty and carry this phase of community activity.

About a dozen citizens of this vicinity were called before the grand jury Tuesday. Everyone was turned out alive, but rather pale.
School will reopen next Monday, November 24. This ends eight weeks of intermission. It is hoped all will be able to fall right back into their places in the work. Some few have withdrawn during this intermission. We are sorry to lose them.
The rural aid inspector was very favorably impressed with the condition of our school system and its work. He allowed us \$1,000 which is the limit for any one school our size.
Industrial aid to the amount of \$300 has already been received to cover cost of equipment purchased. An additional \$100 to carry on this work will be received later in the year, it is hoped.
The girls have done some canning and hope to do more soon.
The boys would like to know when you plan to call the county agent to have those terraces and irrigation ditches laid off. This work is very practical and beneficial. Your cooperation will be greatly appreciated, and we hope of some profit to you.

Requirements for WII
While there are exceptions, the requirements in most of the states is that a will must be in writing, signed by the testator, or by some person in his presence, and attested by two witnesses who must subscribe their names thereto in the presence of the testator.

Hard to Escape Hawk
The hawk has a wonderful power of vision, and from a dizzy height, almost beyond range of the human eye, it will detect a mouse scampering over a field. With a velocity which is almost uncanny, it sweeps down and, with unerring aim, pounces upon its prey.

LAMB COUNTY IS SPLIT OVER PROPOSED T. P. & N. RY. BUILDING THRU BAILEY MAY RESULT

(Continued from page 1)
are persistent rumors that a farm of 160 acres has already been purchased or at least contracted for purchase, this farm lying some six miles south of Pumpkin Center and south of the sand range, which is to eventually be plotted as a town site and put on the market for sale as soon as the I. C. C. hearing results have been made public, if favorable.
This new townsite would be located in the "danger zone" of county seat probabilities. Being only a few miles west of Fieldton, it is probable that community center would move over to it, and being but a few miles northeast of Amherst, it is also probable there would be considerable deflection of population from that town to the new one, sufficient, in fact, perhaps,

to unify most of the warring factions of the county, and because of its generally central location meet with sufficient majority approval to thus settle the county seat question of that county.
Should the T. & P. N. Ry. grant a spur from its main line out to Otton, it would be of considerable commercial benefit to the present county seat now located in the northeast corner of the county, but, in all probabilities leave the question of the county seat's future location no nearer solved than it was a little over a year ago when the county was so decidedly split at the ballot boxes.
Just what percentage of the population of Lamb county would be willing to back the protests of Otton, Earth and Amherst is not now known, but apparently the railroad question, perhaps super-induced by the future county seat question now looming up on the background again, may pro-

duce such a turmoil and divergence of opinion that the Interstate Commerce Commission may be forced to take notice of it.
A probable solution to the Lamb county irritation has been suggested in that the proposed railroad be turned northwest at Levelland from its proposed route through Lamb county, and build through Bailey, Farmer and Deaf Smith counties into Vega. Bailey county has never taken any steps toward the deflection of this new railroad from its neighbor county, but in the interest of harmony among its fellow county citizens would suffer the building of such a transportation artery through its boundaries.
The building of this railroad through the three named counties would open up a much newer county than Lamb county now is. It would mean the developing of an area of county not now adequately served by any railroad. It would mean the building of more new towns in these three counties, towns that are really needed to serve the country population. The land of these three counties is just as rich as that of any of the other counties through which the proposed line desires to pass. Everything in these three counties is just as favorable to agricultural and other pursuits in common with the other counties. The citizens of these three counties would doubtless be a unit in accepting this new railroad. There would be no county seat question hinging upon its right-of-way. Its building would destroy no towns already flourishingly located. The new towns located because of the building of the railroad would be heartily welcomed by the counties generally. The Interstate Commerce Commission might do itself a good turn, act in a larger benefit capacity for this western country, appear to the sections of some of the intervening railroads, and at the same time become the recipients of numerous exclamations of praise and thanksgiving from the citizens of the central and northern part of Lamb county by giving the above suggestion their favorable consideration.

Dis't Court News

Bailey County district court, fall term, opened here Monday, Judge Charles Clements presiding, and assisted by District Attorney Meade F. Griffin and County Attorney Pat. R. Bobo. After empanelling the grand jury, of which A. L. Davis was elected foreman, the day was largely used in setting cases for hearings. This week will be devoted to hearing of civil cases, while next week cases principally of a criminal nature will be up for adjudication.
The following cases have been set for trial:
I. C. Enoch vs. Pauline L. Suggart, Briscoe, Monday of next week.
Gordon Murrah et al vs. W. T. Woods et al transferred to Federal court at Lubbock on motion of defendant.
Jim Butterfield vs. Lumberman's Reciprocal Association set for Monday of next week.
R. L. Brown vs. E. R. Hart et al set for hearing Wednesday of next week.
J. W. Gregory Jr., vs. Oliver Farm Equipment Sales Co., set for hearing Wednesday of this week.
Kathleen Carpenter vs. A. L. Carpenter, dismissed.

Muleshoe Pupils Attend Home Ec. Meet At Lubbock

There were 20 pupils from the Home Economics department of the Muleshoe school, accompanied by their teachers, who attended the district meeting of Home Economics clubs held Saturday at Lubbock. Fifteen schools were represented and there were more than 200 in attendance. Plainview was chosen as the next place of meeting.
A feature of the program was a luncheon served on the lawn of the High school, and a stunt in which the Muleshoe delegates took part. Later in the afternoon tea was served the delegates at the Tech college, after which the visitors were escorted through the Tech home economics building. Participants attending from Muleshoe report a very enjoyable and profitable occasion.

Circleback News

George Damron lost his car Friday night when it caught fire and burned. The young people of this community enjoyed a party at the home of Mr. and Mrs. Walter Damron Friday night. Mrs. Otha Brown has been sick this last week, but is much improved now. Alva Patton went to Ralls on a business trip Saturday.
We did not have Sunday school Sunday on account of the awful sand storm.
Mrs. J. B. Warren and family from Sweetwater are here visiting her parents, Mr. and Mrs. Sam Brown.
J. H. Damron and Arbin Summerall went to Roswell, N. M., Friday.
Mr. Fred Boone, from Pettit, was here Tuesday visiting his sister, Miss Blanche Boone.
Miss Geraldine Berry had as her guest Saturday night, Miss LaVern Connor.
Mr. Groom, from Dallas, spent Sunday night with W. H. Walker.
There was a ball game at Circleback Friday afternoon, between the pupils on the north and south trucks. Both boys' and girls' teams playing. The score for the boys' game was 20-7 in favor of the South, and the girls' game was 6-2 in favor of the North.

Scarbroough Is Head Of Baptists Again At Amarillo Meet

The State Baptist convention which was held at Amarillo last week was one of the most harmonious and consecrated meetings ever held in history of Southern Baptists, reports Rev. C. A. Joiner, local pastor of the First Baptist church, who, with Mrs. Joiner, attended all the sessions of that body. This marks the first time that Texas Baptists have brought the convention to this section of the state. Waco was chosen as the next meeting place.
Dr. R. L. Scarbroough of Ft. Worth was re-elected president of the convention for another year.
Those attending the convention from this place and seated as messengers from the local Baptist church were: Rev. and Mrs. C. A. Joiner, Mr. and Mrs. Byron Griffiths, and Mrs. A. W. Coker.

A Very Interesting Program Given By P. - T. Association

There was an exceptionally good attendance at the meeting of the Parent-Teacher association held Monday night in the school auditorium, and a program of much interest rendered. Mrs. A. W. Coker presided at the meeting.
Mrs. J. C. Weaver spoke on the value and need of a girl scout organization in Muleshoe and it was voted that the association sponsor such a movement.
Dr. A. E. Lewis, local dentist, was appointed to examine the teeth of the school pupils.
Dr. A. R. Matthews gave a very interesting talk on health in general and in particular as it applies to school pupils.
It was voted that the association would serve luncheon, during the teachers' institute to be held here December 6, and meal tickets will be offered to the public generally.
The third grade, Miss Beth Mardis teacher, won the record for attendance.
