

EXPERIMENT STATION FOR LUBBOCK

ONE OF THE GOOD THINGS ACQUIRED THROUGH EFFORTS OF THE COMMERCIAL SECRETARY AGAINST ODDS

SEVERAL TOWNS BID FOR IT—LUBBOCK THE WINNER

Lubbock Goes Strong After The Things That Count For Her Future Glory and She Never Gives up the Ship—Development Will Result

Lubbock gets the state experiment station, and it was not a valuable prize secured without strenuous opposition. It is the only experiment station established on the Plains, but Lubbock was not the only town making a strong fight for it, for it is something of immeasurable possibilities and importance. Texas is now awakening to the importance, in fact to the absolute necessity, of greater liberality and business methods in connection with its agricultural resources and the work necessary to educate the people and bring about proper and immediate development. Hereafter instead of spending a miserable twenty-five dollars for the maintenance of its agricultural department it will spend many times that amount. California today spends one hundred and fifty thousand dollars annually on its agricultural work, and Oklahoma spends about the same amount, and these two states rank first in the results of farming. Texas is five times as large as California, and its agricultural possibilities are fifty times as diversified, and fully as great in every particular. Should Texas care for its agricultural work as California does, considering the area of the two states, California spends thirty dollars where Texas spends one for this important public service. And futher, considering the relative sizes of the two states, if Texas should spend as liberally as does California it would take one million dollars to maintain its agricultural department on an equal footing with California, and no state gets better results from money expended than California does from that which it spends on its agricultural work. And Texas is waking up. A man in position to speak says that within two years the state will expend one hundred thousand dollars on the Lubbock station, and that it will be made one of the best in all the west. This will for sometime at least, be the supply and demonstration farm for all the Plains country, according to present arrangements and intentions. In fact this is made necessary by limited financial condition of the agricultural department. The experiment station and the Normal school at Canyon

are two incidences of the attention the Plains country is attracting, and of the effectiveness of united effort. The experiment station for Lubbock is solely the work of the Commercial Club, and the Normal at Canyon is in a great measure the result of the united efforts of the Federation of Commercial Clubs and Newspapers. Through these mediums the attention of the country was forcibly called to the possibilities of the Plains country and the wonderful enterprise and well directed determination of the people. No other part of the state ever secured two great institutions within the same area and within the same length of time, and no part of the state was ever more deserving, nor were state institutions ever more judiciously and more properly located. The experiment station locating committee were shown seven tracts of land from which to make a selection of 160 acres for the farm, and they have not yet designated which of these will be chosen, but the deed and abstract will be called for in a few days, and that will finally determine the matter. No country in the world has greater agricultural possibilities than the Plains, and particularly this part of the Plains. No country has a better climate, no country has better soil, no country has better water. In no country is a greater per cent of the land tillable nor is there a country where an inexhaustible supply of water is secured at a more shallow depth. If it never rained on the Plains and actual facts show that it rains plentifully here, and at the most desirable seasons, man could combine the natural resources and make this the greatest farming section of the Union without rain. If necessity required, every acre of land on the Plains could be irrigated and there would never be a scarcity of water, never a conflict of water rights. The skeptic who waits to be converted to the proposition that this is destined to be a great farming country, will have nothing but his conversion to boast of. The fellow that appreciates facts as they reasonably present themselves be do the demonstrating and get the benefits.

Real Estate Transfers

W. S. Posey, Cashier of the Lubbock State Bank, and another gentleman whose name we failed to learn, bought fifteen lots in Brownfield today as follows: Ten resident lots for \$650; two business lots on the north side of the square for \$1,100, and the three Alexander lots on the "T" of the same block for \$950. The deal was made through the real estate firm Heflin Land Company. This is another instant where a well known business man and a gentleman of worth, has absolute confidence in the future of our little city, and it is about time our few old rusty knockers were discarding their dad-blasted mallets.—Terry County Herald.

Enlarging Store

Greenhill Bros. expect to add to the size of their grocery store within the next few days. With the increased room they will be able to carry a larger stock and in this way be also enabled to get and give better bargains to the trade.

Drive to the Right

As there has been a number of complaints of late anent the side of the road one is supposed to take when driving it is well for the people to observe the fact that it is a law of nations that one drive to the right. If you get your auto or buggy torn up by driving to the left the right who is turning to the right can collect from you for any damage done. Turn to the right. Drive to the right of the highway. In this way you will avoid any collision with your fellow traveller and life will be more pleasant for all concerned.

H. B. White, of Chicago, is here on a prospecting tour. His mother owns property near town and Mr. White thinks it likely he will remain here for the winter.

B. F. Montgomery has purchased the Jno. Agnew residence in the South part of town, near the Holiness tabernacle.

Dr. Carter was here from Emma this week.

Social Events

BY MISS MILDRED MOORE
Phone No. 7.

[PUBLISHER'S NOTICE—Miss Mildred Moore has accepted a position as social editor of the Avalanche and all entertainments, parties, receptions, balls or socials will be reported by her. You will confer a favor on the management of this paper if you will report such news items to her, that she may be able to get up a good line of items along this line.]

THE WOMAN'S HOME MISSIONARY ITEMS.

"The weary ones had rest,
The sad had joy, that day
And wondered 'how'
A plowman, singing at his
Work had prayed:
'Lord help them now.'"

The week of prayer will be held Oct. 4-10. The offering will be given this year to the Sue Buerrett Memorial School, London, Ky. A new dormitory for girls, repairs on the old building old buildings and a heating plant are the imperative need there. Last year the proceeds from the week of prayer went to our own Dallas Home.

Mrs. J. I. Bloodworth has been elected President of the Board which controls the Woman's Building at Epworth.

A good report reached us of one District meeting at Plainview and with pride we heard of the "grace and dignity" of the presiding officer—Lubbock's Auxiliary President.

Mrs. Armstrong has had to resign as Supt. of supplies, because of failing health. She is a dear, faithful, good woman. Later, news reaches us of her death.

The Annual Meeting of the Board is Oct. 14-23, at Savannah Ga.

PRESS REPORTER.

HILLIN-BAGGETT.

Mr. Will Baggett, of Lubbock, and Miss Effie Hillin, of San Saba, were united in marriage at the Sixth St. Methodist Church, in Austin on Sept. 15th. Miss Hillin was one of San Saba's most popular young ladies. The groom is well known in and around Lubbock, where he has many friends. Mr. and Mrs. Baggett will make their home in Lubbock, after Oct. 1st. The Avalanche extends congratulations.

Little Katherine May entertained a number of her little friends at the home of her sister Mrs. W. B. Downing, last Saturday afternoon, from 3:30 to 6:30. The children played until they were tired and hungry, when refreshments of sandwiches, cake, lemonade, and watermelon, were served on the lawn in real picnic fashion. All reported a good time. Those present were: Bernice Kimbro, Lelah Roberts, Blanche Bean, Opal Ellis, Flo Benson, Katherine Farris, Lowree Peoples, Fannie B. Carter, Zell Richards, Ouida Carter, Florence Brooks, Yancie Lee and Katheline May.

The Fellowship meeting at the Baptist Church last Sunday night was well attended notwithstanding the threatening weather. The occasion was a most enjoyable one to the members of that church. An interesting program, consisting of special songs instrumental selections, and talks from several of the members, was rendered after which the congregation spent thirty minutes in hand-shaking and getting acquainted with one another.

W. C. T. U. ORGANIZED.

Several ladies met with Mrs. Dr. Westlake, Tuesday, Sept. 21, as previously arranged and organized a Woman's Christian Temperance Union, with eleven members. Mrs. Theodore Norton was unanimously elected president for the ensuing year, who gracefully accepted the office. Mrs. Sylvia Wheelock, wife of our Mayor, was elected Vice-President. Mrs. R. Y. Stubbs, Secretary and Mrs. Nellie Green Treasurer. On account of the distance and expense it was decided not to send a delegate to State Convention at Marlin, this year. Superintendents of De-

partments will be chosen at our next meeting which will be held later. Our program was necessarily shortened that we might not interfere with an important missionary meeting. Mrs. Kimbro read "The Story of the Crusade." Mrs. Westlake, a "Bow of White Ribbon." We hope to profit by these readings. The "Woman's Crusade" has been called the "Whirlwind of the Lord," out of which came the Woman's Christian Temperance Union. Which is frequently spoken of as organized "Mother Love." The "Bow of White Ribbon" tells of a dauntless little worker, who went into a missionary field to organize a Union. Going to the Church she rang the bell: The church was cold, she found a boy and a belated fire was kindled. She laid her aside her wraps and ascended the rostrum. She read the Scripture lesson and offered prayer. She felt the lack of an appreciative audience. Presently she noticed a lady on the front seat who was giving close attention. And Oh! joy, on her jacket gleamed a white ribbon, then came the inspiration of the hour and the rest of her task was easy. Success crowned her efforts, a Union was formed. When the meeting was over the lady on the front seat came forward shook her hand cordially, saying, "I hope you will pardon me. I saw your jacket lying there and as the church was cold I put it on." So it was her own white ribbon that inspired her. Let ours do the same. The paper "What the W.C.T.U. has accomplished," to have been read by Mrs. Lou Stubbs for lack of time omitted, but she says it will keep. The following is the list of members: Mrs. F. E. Wheelock, W. A. Farris, Sallie E. Richmond, Katie Spikes, Theodora Norton, Mrs. H. T. Kimbro, Mrs. W. C. Green, Mrs. J. C. Roberds, Mrs. F. E. Craig, Lou Stubbs, and Mrs. R. Y. Stubbs.

CELEBRATION DAY OCT. 8TH

Large Crowd Expected and a General Good Time Promised to All Present

The date of the celebration has been set for October the 8th and a large crowd is expected. It will be in the nature of a stock and farm exhibit and from the display made, a selection will be secured for the State Fair at Dallas. The people are urged to bring in what they have and to also read the list of premiums offered in this issue. The train service could not be satisfactorily arranged for and the Lubbock people had to forego the pleasure of the celebration as formerly planned but so soon as a service is secured it will then be taken up and perfected. Lubbock did her best in the premises and it is a great disappointment that the full program could not be carried out but it will be a success if the people will only contribute to the needs of the hour and bring in an exhibit in proportion to what they have done throughout this section within the last year. Lets all get together and make of this feature one more of the Lubbock successes.

Dismissal.

Mr. Pyeant, of Claude, was in the city this week. He was trying to trade for some residence property so he could move his family to Lubbock.

Editor White, of the Crosbyton Review, was over Wednesday.

PILE DRIVER CROSSES THE CANYON

THE RAILROAD IS BUILDING INTO TOWN—TRACKS AND SWITCHES ARE BEING LAID—WORKING RAPIDLY

TRAIN SERVICE TO BEGIN HERE NEXT MONTH

It Has Been A Slow Drag Part of The Time But The Good Work Has Continued Until the Final Touches are In Sight at Last

The Canyon has ben crossed and tracks and switches are being laid for the yards, Lubbock can now see the final touches in sight and a train service is promised for next month. This is indeed encouraging news for the business and other interests of the town who have been patiently waiting for the iron horse. Business will pick up in all lines and many improvements that have been waiting will get active. At some date in the future the people of Lubbock will give a big celebration of the event but not being able to secure train service at this time have caused them to delay same until some later date. There will be a stock and farm exhibit held here on the 8th of October, and this will prove quite an attraction as the people

are always willing to contribute to the success of such an undertaking. There are still other roads building into Lubbock and it will only be a question of time until we will be a sure enough railroad center. This will be one of the big days in the towns history but it is the logical sequence of the eternal fitness of things and is to be expected. Lubbock will get all those things incident to the large towns and her success is is but measured by a span of time to complete. Would your hopes as high as you say and Lubbock will go you one better. It is one of the pleasures of life to contemplate the future of this section and those who come this way are the ones who in after life will have much to be thankful for. Come to Lubbock.

LIGHTNING'S FATAL STROKE.

Two Men Dead, Two Knocked Down and Three Mules Killed By Lightning Saturday.

About 2:30 o'clock Saturday evening two men were killed while at work on the railroad dump in the east part of the city by a bolt of lightning. The same bolt knocked two Mexicans down, but they soon recovered, three mules were killed also. The men who were killed were M. M. Speers, whose home was formerly in Elkins, New Mexico, and George Wilson, of Knoxville, Tenn. The former gentleman had a family composed of his wife and two small children, his family being at this place at the time of his sudden death. His remains were laid to rest in the Lubbock Cemetery Sunday afternoon at three o'clock.

Mr. Wilson held an important position with the Moore & Harris grading outfits, who have been at work on the grade across the canyon north of town, he being one of the grade bosses. He was a young man unmarried, and his only relatives that are known of here is his mother, who at this time is living in Knoxville, Tenn. His body was held in the Robinson Undertaking establishment until Wednesday morning, when he was taken to Plainview in an automobile, to be shipped to Crandall, Ga., for burial. He held an insurance policy, the exact amount of which we failed to learn, the same being made to his mother.

These gentlemen were evidently held in high esteem by their employers, as they did everything within their power to give them the nicest burial, and all the attention possible, after their death.

We wish to call attention to the new "ads" of three hustling Lubbock firms who are using Herald space. The Western Windmill Company handles any thing in the hardware line. R. W. Heim is a tinner you don't meet every day, and the Lubbock Lumber and Grain Company can fit you up in either lumber, grain or coal. We advise our readers to patronize these people when in Lubbock as they show they want your trade, and tell them that you saw it in the Herald.—Terry County Herald.

Dr. Treadaway, of Miles, spent Sunday in the city. He is looking over this section of the country with a view to locating.

RAISE NICE SUM OF MONEY

With Which to Build a Residence for Widow of M.M. Steers, Who Was Killed Here Saturday.

The people of Lubbock are probably the most liberal set of people on earth, when it comes to helping those who are in need. Last Saturday, Mrs. Steers was left a widow, penniless and with out a home, her husband being one of the unfortunate men killed by the bolt of lightning.

Monday morning C. E. Parks began work to raise a sufficient fund to build this lady a house in which to live, and kept up the work all day and part of the next giving most every man in town an opportunity to donate something to this fund, and but few refused to do something towards the cause. By Wednesday a fund sufficient to build a nice little house had been raised, amounting to \$666 in cash, and enough work donated to build the house, besides a lot was donated by Dr. M. C. Overton, on which to build the house. Work has already commenced, and before the Avalanche visits its readers again, the unfortunate lady and two little ones will have a home of their own in a desirable part of town, a gift by the people of Lubbock.

Good Will.

The following, from the Daily Panhandle, is appreciated for the note of good cheer it contained.

"The Daily Panhandle congratulates Lubbock on her success in securing one of the state experiment stations. To no town in the Panhandle could the prize have gone where it would have been more appreciated and where it will be more carefully nurtured than at Lubbock.

"Good for the hustling city of the South Plains, which will soon be on a trunk line of railroad reaching from ocean to ocean."

Mr. and Mrs. O. L. Phillips, of Rotan, are in the city this week, and will probably locate here. Mr. Phillips is a druggist by trade, and has been engaged in that line of business before coming here.

Mrs. Arthur Holman and Mrs. J. C. Arnett, of Abernathy, were shopping in Lubbock, Friday.

Ed Robinson and wife left Tuesday for Chicago where Ed goes to lay in more furniture for his large store at this place.

Foxy Grandpa

He Does the Handsome Thing by the Newly Wedded

They Come to Lubbock and Fit Themselves out For Housekeeping. Grandpa Gives Them the Benefit of His Experience and Foots The Bills

Miss Summers Polly I-er dear I." but the speaker took a header over bashfulness only to hear a sweet:

"Yes Charley."
"Can I aspire to-er-to-that is-"
"Again a lapse into silence followed by an encouraging:
"Yes Charley."

"Oh if I might only hope to-ere-to."

Another failure of language, it was seemingly a hopeless case and it might have been only for a demure "Charley I have said yes twice if you mean it, I mean it too and".

And to this day that young man insists that he popped the question.

All this happened away down east and it wasn't long before there was a wedding, not much longer before there came a letter from Polly's Foxy Grandpa out in Lubbock county who wrote effusively of his delight at her exhibition of what he called grit, and proposed that the young couple would locate at Lubbock, he would start them in life as a wedding gift.

Of course they accepted and were soon bidding their friends adieu. A few weeks subsequent to the above a travel stained party arrived in Lubbock. Our friend Foxy Grandpa was in charge and led them straight-away to the Nicolle Hotel. We will go there said he, because that's a popular place and strictly first-class. "I have known S. C. Low, the Prop., for years, and you will find him mine host in the fullest extent of the word, being endowed with that delightful intuition which makes a guest feel at home, comfortable and happy and in mighty good luck. The house is one of convenience, the apartments well furnished and as to the cuisine, well this hotel is noted for its excellent table, so we will engage rooms there until the new house is complete."

"After breakfast," remarked Foxy Grandpa, "we will go out and buy your outfit and to expedite matters, we will order a rig of Gus Pyron, Mgr., of Lubbock Livery Co." The carriage arrives and as Polly views the stylish turnout with fine horses and a neatly dressed driver at the reins she expressed her delight. "This stable," said Grandpa, is one of the best outfitted livery in this section and sports a swell auto among its outfit. If you ever want to run an off-rail-road town on pleasure bent, be sure and go to the Lubbock Livery Co., for a rig."

"The basis of a home," continued Foxy Grandpa, "is a bit of mother earth so we will lose no time in calling Jink Penney & Bill Payne of the South Singer Land Co., they control city property that is very desirable and always have excellent bargains on hand. It is worth your while to know them for if you ever want to buy, rent, or sell property they are the men to call on as what they tell you can be depended on." The visit resulted in interesting Charles in some very desirable city property and an engagement for a drive into the country to view some farm and ranch lands in which they offer some veritable bargains.

"The next thing is the lumber," said Grandpa, "so come with me and I'll introduce you to J. F. Cline, Mgr., of A. G. Mc-Adams Lumber Co., who are the principal dealers in that line of builders material in the county, everything from the sills for the foundation to the shingles for the roof, including lime, brick, cement, sash, doors, door and window screens, and the famous Hughes paint. They can also supply you with all kinds of interior decorations and at the most reasonable figures."

"The necessary material being purchased," added Grandpa, "we must now figure with a reliable contractor to build the home and H. W. Wright is the man to figure with. Honest workmanship and material are essential in building, you will find him using both and employing only first class workmen who know their business and exercise it.

He does contracting in all its branches including interior and brick work and gives you a turn-key job. When he takes a contract he pushes it through to completion without delay. You will be more than pleased with your new house when turned over to you from his hands."

"Nothing makes a home cosier or neater than to have it artistically painted and neatly decorated," said Grandpa, "and good material is desirable. Shropshire & Finley are headquarters in this line, they carry the finest stock of art wall paper in this section and all late patterns. They also carry the Famous Stockday marked paint together with white lead and oil, also brushes stains, dry colors, etc. You will find a fine line of frames and mouldings here and making frames is one of their specialties. In fact your home will be properly taken care of both on the out and inside if your paints and wall paper come from Shropshire & Finley."

"While the house is in the course of construction," continued Foxy Grandpa, "there will be tinning, roofing, guttering, etc., to be done, and my friend, R. W. Heim at the Jno. C. Cowart tin shop is the man for the work. You will want a galvanized iron tank, well casing, tubing, valves, ventilators, and I especially want you to have him look after the flues all over the house as winter is approaching, and look up the Monitor Gasolene Iron, its a daisy. He can supply you with the proper article at the right price. As no home is complete without a modern bathroom we will have him place one in the new home with all appurtenances and sanitary plumbing, together with a complete hot water heating system, prices always right at the old Jno. C. Cowart shop."

The home beautiful is the slogan of almost every housewife to-day and what is more inviting than a swell lawn and fine walks and speaking of walks you must have concrete and the boss concrete walk producer here is J. P. Webb, manager of the Lubbock Concrete Co. He will place the sidewalks, lawn walks, curbing, etc., and place them in such a manner as to give the best of service in fact he guarantees all his work. You were speaking of putting up a store building on that business lot, so don't forget that the Lubbock Concrete Company builds, store buildings, residences, churches, schools, etc. of concrete and for artistic design and thorough workmanship are unexcelled and Mr. Webb will give you a square deal.

"Do you know," said Grandpa, "there are many pieces of property incumbered by a mortgage long paid off but not cancelled off record clouding title right here in Lubbock County, and bearing that in mind we will lose no time in calling at W. D. Benson's law and abstract office and have him make a complete abstract of title of your property. He will do it, do it right and don't charge a fortune for it either; and when he turns the title over to you, you can rest assured that its properly done and without defects. He also has complete abstracts of Hockley, Cochran, Terry and Yoakum counties and is 'yours' for business."

"One of the first things I want you to do and that right now," said Grandpa, "is to place a telephone in the new home. It will not be complete at this day and date without one and when you can get such equipment as that furnished by the Staked Plains Telephone Company you postively have no excuse for not using same. We will visit C. W. Alexander General Manager, and contract for the phone, and while here I want to introduce you to Miss Pokie Taylor, the chief operator whose prompt responses and ready wit have made her a favorite with subscribers. A telephone by all means in the new home said Charles, he got it 'pronto'."

"The new home being complete" said Foxy Grandpa, "we must now look to the furnishing

for it. Hereupon Polly declared she heard so much of W. E. Robinson's Furniture Store that she desired to go there. The result was they were ushered into such a fine display that the girl was puzzled at first how to select but she soon yielded to the seductiveness of a magnificent parlor suit, a bedroom suit in oak golden finish, to these she added brass iron and folding beds, pictures and wall ornaments, carpets, rugs, matings, linoleums and art squares, she purchased Sealy mattress throughout, adding a Steinway piano for the parlor, the Globe-Werrecke bookcase for the library, a White Sewing Machine for herself and an ornamental writing desk for hubby. While Mr. Robinson was explaining the merits of the Coloric Fireless Cooker to Polly, Charley remarked that prices here were below the very whisper of competition—especially the Roars-Sawbuck and Monkey Ward competition."

"A pretty good start," said Grandpa, "and now we will visit The Western Windmill Co's, big hardware and stove store where Polly's housewifely instructs will have full sway in the marvels of kitchen apparatus. There is not a more comprehensive stock of cooking machinery in this section," said he "every possible piece of kitchen furniture from a tin dipper to a cooking range is here in all styles and variety and Polly was not long in selecting a Bucks Range for general use, followed by a Buck's heater for the cold weather, she added a complete line of granite tinware, enamelware and diamond cutlery together with builders hardware and insisted on Charles working up an appetite on a Flyer washing machine which she purchased. She declared prices suited her at the Western Windmill Company's."

"As I am a firm believer in letting the other fellow carry the insurance" said Grandpa, "and the new home being complete and furnished we will lose no time in calling on D. J. Wood and have him insure the whole in one of his first class companies. He is prompt in writing insurance, sees to it that your policy does not lapse and then to places your risk in companies that in case of loss adjustment is prompt."

He also writes auto and livestock insurance and I want you take out a policy on your own life my boy, in the International life, in favor of the girl, when you do this you at once establish an estate for yourself which no bad luck or crop failure can take away."

At the grocery Foxy Grandpa waxed philosophical "never neglect your larder," said he, "that important adjunct of housekeeping controls masculine temper to that and you must patronize a grocery firm on whom you can depend for honest goods. For sometime I have found R. H. Lowery & Son perfectly reliable."

You are sure to find careful dealers always full stocked with everything in staple and fancy groceries fresh and first class including Capital flour, Yale coffee Swift's Brookfield creamery butter always on ice, Swift's Premium hams and bacon and a fine line of fruits and vegetables. No shelfworn goods at this store in fact its the up-to-the-minute grocery, quick delivery and prices down to brass tacks." While we are in this important topic of gastronomies, "continued Foxy Grandpa we must not forget bread and Uncle Billy Rowe's Bakery is in every ones thoughts when they think of bread. He makes the best bread on the market fresh and first class daily and his pies, cakes, pastry, etc., are top notches he also fills any special order promptly. He can also furnish you with a quick lunch, short order or regular meals and cleanliness and prompt service are his motto. Call for and insist on getting Uncle Billie's bakery goods, everytime, and get the best. "And say Grandpa," exclaimed Polly, "where will I go for dry goods, this dress of mine is hardly suitable I must admit."

"Well my girl if you want to select from one of the finest stocks of first class dry goods in this section I will direct you to the Lubbock Mercantile Co., who carry a line of dress goods, nobby belts and trimmings that for variety and real value are seldom seen outside of large metropolitan cities. They carry all the late weaves of fashionable dress (Continued on page 3)

CITATION BY PUBLICATION
The State of Texas.
To the Sheriff or any Constable of
Lubbock County—Greeting:
You are hereby commanded that
you summon the unknown heirs of
J. W. Haynes, whose names and
residences are unknown, to be and
appear before the next term of the
county court of Lubbock county,
Texas, to be held in the town of
Lubbock at the court house of
said county, then and there to
answer the petition of O. L.
Slaton, Van Sanders and W. A.
Carlisle, filed in the cause of the
Barnhart Type Foundry Co. vs
O. L. Slaton, W. D. Benson and
W. A. Carlisle in which said
plaintiff seeks to recover the al-
leged value of certain property
therein mentioned and said cross
bill seeks to foreclose a chattel
mortgage lien on said property
which consists of certain printing
press and materials used for
publishing a newspaper and which
said cross bill was filed in said
court on the 2nd day of Septem-
ber 1909, and which said cause is
numbered on the docket of said
court as number 61.

And you are further command-
ed to serve this Citation by
causing the same to be published
once each week for eight con-
secutive weeks prior to the return
day hereof.

Herein fail not, but have you
then and there this writ before
said court on the first day thereof
showing your return endorsed thereon
showing how you have executed,
the same.

Witness my official signature
hereon and the impress of the
seal of said court at my office in
Lubbock Texas on this the 2nd
day of September 1909.

Elizabeth Boyd, Clerk
County Court of Lubbock County.
9 8t

Lumber Yard Sold
The Knox Lumber Company
have sold their yard to the Cay-
lor-Leard Lumber Company.
We hate to see the Messrs Knox
leave this section but other busi-
ness matters made the move
necessary. These yards will be
merged into one we understand.
After all the yards now in con-
templation are built Lubbock
will have about twelve or fifteen.
This shows which way the wind
is blowing. Lubbock is going
to soon be a sure enough big city.

I locate your lots and set all
corners, and guarantee to locate
them correctly for \$1 each. Also
will set grade levels for buildings
when desired. H. G. Guinn. 48 tf

Antis Carry Van Horn
Van Horn, Texas, September,
14—Complete returns from all
boxes in the prohibition election
held in this district yesterday
give the antis twenty-four ma-
jority.

I have some forty acre tracts of
land from one to 2 1-2 miles from
Lubbock, and will sell some of
them for \$40 an acre. See or
write Frank Bowles. 6-tf.

Lithographed warranty deeds
and vendor lien notes at Avalanche
office. Also promissory notes.

Several up-to-date four and
five room cottages.
Thomas & Cathey.

Jackson's dray is always ready
to serve you.

Foxy Grandpa

(Continued from page 2)

goods and a fine line of general
dress goods and you are sure to
be guided right in your selection.
You will find this firm pleasant to
deal with and the employers
polite and expert while as to
prices—well the Lubbock Mercan-
tile Co. are never undersold."

"Well scat my boy," said Foxy
Grandpa with a David Harum
accent as they reached the street
I must run around to the First
National Bank and get another
check book. Come along and get
acquainted with Dr. M. C. Over-
ton, Pres; L. T. Lester Vice-
Pres; H. T. Kimbro Cashier and
Jno. W. Baker Asst-Cashier; for
of course you will do business
with them and it is always more
pleasant to be personally ac-
quainted with the officers with
whom you come in touch. This
bank is managed on safe conserva-
tive lines and has a strong
working capital and surplus of
\$80,000.00. You will find them
ever ready to extend any accom-
modations compatible with busi-
ness principles." "Guess I'll
open an account with the First
National Bank at once," said
Charles to Grandpa—and he did.

At this point somewhat to
Charles confusion the old man
indulged in half serious criticism
of his personal appearance,
"you are decidedly off style for
a townsman," said he, "and
we'd better return to the Lub-
bock Mercantile Co's big clothing
and furnishing department. Af-
Charles had fitted himself out in
a neat, late style business suit
of Isaac Fallers Perfect System
clothes. Grandpa declared, "now
you look like a newly married
man and that us Texans can show
you Vermonters how to tone up
a bit."

Having found such a large as-
sortment of furnishings here at
such low prices, Charles invested
in Stetson and Lion Special hat,
a supply of Ferguson-McKinney
shirts, F Mck ties, underwear,
hosiery, etc., and added trunks
and gripes for both goods are
up-to-now and prices away down
at the Lubbock Mercantile Co.

"Halt!" commanded Foxy
Grandpa, as the party came front
of the Star Drug Co. "Walk
right in." "Why Grandpa, we're
not sick," "I knew that" laugh-
ed he, "but I suspect it won't be
long before this young man be-
gins to take an interest in mat-
ters of paregoric and." "G-r-a-
n-d-p-a!" "Well go in anyway,
besides Polly may find some
toilet articles she wants." Sure
enough the girl was soon loaded
down with combs, brushes, face
powders and several bottles of
fine perfumes. Their soda foun-
tain is strictly sanitary serving
all late drinks. Don't forget to
come here with your prescrip-
tions either, as none but compe-
tant pharmacists are to be found
at the Star Drug Co., using the
purest of drugs.

If there is one thing above
another that you young folks are
particular about it is your foot-
wear," said Grandpa, "and the
place for particular people to
have their wants anticipated is
at the Lubbock Mercantile Co's
shoe department. They have the
shoes here to fit your feet, your
fancy and your fiancées, said
he, and as to wear well your
Grandma and I have tried 'em
and we will guarantee their last-
ing qualities." Polly was not
long in selecting a handsome
walking boot, American Lady,
Charles a foot form last, Ameri-
can Gentleman, and while Polly
was casting shy glances at the
Life brand for the little tot
Grandpa purchased a pair of
stout boots with rubbers for the
crowd. No one needing footwear
or almost anything else can re-
sist the prices and styles at the
Lubbock Mercantile Co.

"Let's see I promised you a
gold watch didn't I," quired
Foxy Grandpa of Polly. "Well
the place of all places, is Wesson
& Hollands." Entering the pop-
ular jewelry store, Grandpa
gallantly acquitted himself of his
promise by presenting Polly
with a handsome timepiece and
then directed her attention to
the superior stock of jewelry,
silverware, diamonds, cut glass,
fancy china, novelties, etc., and
advised her to buy her family
clock here. Don't forget another
fact, if you ever need optical
goods, remember they carry
everything necessary to improve
afflicted eyes and to determine
their required treatment. Wesson
& Holland are also expert doc-
tors on sick watches and can
make an old dyspeptic time-piece
look and act like new.

"And where will I find the
leading milliner," asked Polly of
Grandpa. "Just a few blocks,"
said he, "and we will visit Mrs.
Grace Johnston, who, by the
(Continued on page 6)

way has on hand the smartest
dress patterns, street and picture
hats in this community. She has
that experience which guarantee
when you have once purchased
of her you have the proper thing
at the lowest cost and a few
minutes later there wasn't a
happier lady than Polly in the
proud possession of a tony affect
of Mrs. Johnstons own creation."

"There's an old saying that the
clothes don't make the man,"
said Grandpa, "they don't but
they help, and when they are
swell togs such as Selman &
Clemons of the Lubbock Tailor
Shop turn out they help mightily.
Their clothes have that snap to
'em which makes the man who
wears them feel that he is well
dressed and then too, you
have a fine line of samples to
select from. They also do all
kinds of cleaning, altering,
pressing, repairing and will
reblock your hat as good as new.
A good fit is their specialty. A
satisfied customer their slogan—
"a swell Sunday suit for me at
the Lubbock Tailor Shop," said
Charles, and he got it.

"I'll declare, Grandpa," said
Polly, "there goes a handsome
auto, I must have one like that
for the girl. That's a Ford,
and a winner, it's the mile ex-
terminator and handled exclu-
sively here by tde Phillips-Brad-
ley Auto Supply Co. As I prom-
ised you one for a wedding pre-
sent, you get it right now, with
all appliances. They handle all
kinds of auto supplies, and if at
any time your auto 'bucks,' take
it to them, they are and employ
experts who understand the
automobile fixing game, and
their prices are reasonable, in-
fact the Phillips-Bradley Auto
Supply Company are a mighty
institution in the community.

"A friend in need is a friend
indeed," said grandpa, "but
there are people and many of
them, who hardly know when
they are in need. To illustrate;
you remarked a while ago that
you wanted Mr Turner to go on
your bond which your firm
required of you, together with
myself. Now you needn't be
under any obligations to anyone
in that respect, as D. J. Wood is
agent here for the National
Surety Bonding company, and
your record will stand any test
they may require, and the cost
is so small you will hardly notice
it. Another point in this line,
you know, there are many build-
ings being and going to be built
in Lubbock, and the contractors
must give bond to the owner for
faithful fulfilling of contract,
and this is where D. J. Wood
and the National Bonding com-
pany shine. Have him to make
out your bond, and have your
friends do the same, he will
treat you right."

"We will now visit an institu-
tion where I know Polly will
come often," said Grandpa,
"and that's J. W. Hart's old
reliable Kandy Kitchen. He
carries, of course, a fine line of
candies, but when it comes to
the home-made candies, taffy,
etc., well, he is there with the
goods, and pure ingredients only
are used. His peanuts and pop-
corn are always fresh and his
fresh fruits the best to be had
on any market. Make the Kan-
dy Kitchen your headquarters
and meet your friends there,
you will always be assured of a
hearty welcome."

"As you are going to keep a
horse you will want harness,"
said Grandpa, "and the boss
horse milliner and mule jeweler
in this section is J. A. Moore.
He is an expert workman and
gives personal supervision to the
most minute detail of manufac-
ture. There isn't a thing in this
line that cannot be had of him.
Heavy and light, single and
double, plain and fancy work,
and buggy harness, he has 'em
in stock and makes 'em to order
and his handmade harness is
strickly in it. He also carries a
complete stock of saddles, whips,
fly-nets, dusters, laprobes, in-
fact anything a farmer or a gen-
tleman horse owner could possi-
bly desire and at right prices."

"I know you are particular
about that mare Kitty," said
Foxy Grandpa, "so I'd advise
you to take her to Caruthers
Blacksmith shop and have her
shod. He understands perfectly
the anatomy of a horses foot just
what kind of a shoe is needed
and how to make and put it on.
In fact he employs horse-shoeing
specialists, treats all diseases of
the feet, cures corns, quarters,
toe cracks, will balance gait, cure
faulty action and avoid friction
on most scientific and up-to-now
principles. He does all kinds of
railroad work, auto repairing,
rubbertiring, wagon and carriage
repairing, hot or cold tire shrink-
ing etc., in a dependable manner
and at right prices."

Drilling It In

Some people are so abominably dense that an idea has to be absolutely drilled into their knobbies before it finds lodgment. It is the one great bar to the development of the plains country. You may show them until their eyes ache and still some are not convinced. They have heard the plaint of the knocker and it was sweet music to their dwarfed souls. Those who have eyes and see not are of the hopeless blind. You might as well preach psalms to a dead horse. One gram of gray matter will convince any man that the plains country is the great American mecca. In the years to come you will find people standing around telling of what the country used to be and how much they could have made here if they had only known that it would turn out this way. Preach it to them until they fall dead though and they will not believe. Drilling it in is not a pleasant vocation but it seems the only way to get results. Come to the plains country all you who want to get on the hustle line of prosperity, peace and happiness.

Obituary

It is with sadness we chronicle the death of our dear sister, Mrs. J. P. Hansard. She departed this life at 1 o'clock p. m. Sunday, the 19th, at her home in Lubbock, with Typhoid fever. Myrtle, as we all called her, was 24 years old, she leaves a broken hearted husband and four small children, an aged mother, seven brothers and six sisters to mourn her loss. She was a daughter of Mrs. M. J. Burford, who lived with her at her death. She was a sister of L. O. and W. B. Burford of this county. Myrtle always had a smile for all whom she met. She is the first of fourteen children to be called to her long home. She was a member of the Church of Christ and we feel safe in saying that she will be among the redeemed of the Lord on that final day. How sad it seems to us for her to be called from us so early in life. We miss thee from our home dear Myrtle. We miss thee from thy place, a shadow o'er our life is cast. We miss the sunshine of thy face. We miss thy kind and willing hand, thy fond and earnest care. Our home is dark without thee.
A Loving Brother.

Monroe Items.

You may not know where Monroe is situated, but if you will look on the map, you will see that it is a railroad town ten miles north of Lubbock, Texas.
Mr. Ward Crim has erected a new windmill tower.
Guy Brown was kicked by a mule last week.
This community was visited by a light shower of rain Saturday.
Mr. Frank Bowles passed through this community last week, moving back to Lubbock his old home.
Cutting and baling hay seems to be the order of the day.
Mrs. J. C. Bowles and sister, Miss Bessie Todd of Ripley, visited Mrs. W. C. Brown, one day last week.
Mrs. I. P. Shipman came very near bleeding to death last week caused from a broken artery.
Miss Della Shaw left last week for Waco to attend school.
Mr. Tom Hollingsworth was in Monroe last week doing some windmill work.
Rain! did you say? Well I should say we did have a rain last Saturday.
Mr. I. P. Shipman's brother, from Old Mexico is here on a visit. It was nineteen years ago that they last met.
Mr. Roy Showalter and wife, are in Abernathy for a few days.
Mr. Charlie Vaughn sold and delivered his calves last week.
Miss Ada Bowles spent last week with her sister, Mrs. W. C. Brown.
Mr. Roy Showalter, of Monroe is to teach the Ripley school, Mr. Roy is a fine teacher.
Mr. Conner Parish purchased a fine young horse last Saturday.
Mr. O. B. Groves is doing all kinds of fancy painting.
Mr. Clell Showalter talks of going to New Mexico soon. Hurry back Clell.
Mr. Cleave George was in Monroe one day last week hunting lost cattle.
W. C. Brown and Willie Had-dock, captured a wolf Tuesday, "SLOW JIM."
Rev. J. P. Word was thrown from his buggy Monday and received several scratches and bruises. He is able to be about. The buggy was thoroughly demolished by the horse running away after turning the vehicle over.

Johnson Better

Rochester, Minn., Sept. 17.—Governor Johnson's condition today was reported as much more hopeful, and while danger from pneumonia and other complications incident to such an operation through which he passed is said by no means to be over, there is some promise of a speedy recovery.

The first bulletin issued by Dr. McNevin today indicated that the patient passed a very satisfactory night, sleeping five hours. His temperature was 98; pulse 105.

Jack White was here the early part of last week, from Marfa, where he has some ranch interests. He reports his section of country in pretty good condition. Stock are doing well, and they do not make very much pretensions at farming. He was very much pleased with the growth of this place, and though he has no financial interests here, he says he feels at home in Lubbock, and has a very friendly feeling towards the country and Lubbock.

The Midland Examiner has started on its third mile. Its editor, Morris J. Lynch, is one of the noble men of the profession. He has been unfortunate in his labors, having had to contend with failing health and also the effects of a burn-out. Mr. Lynch is a bundle of energy and it is a great pity that he should be handicapped in any way in his work. We wish for him and the Examiner just lots of goods things in the future, and that he may be restored to health and enjoy the fruits of his labors is our hope.

Around Gomez

From the Review. W. C. Mathis and family, of Lubbock, have been visiting relatives at Gomez. They left Monday evening for their home.

J. H. Quinn, of Lubbock, stopped over in Gomez Sunday from a trip to East Texas, and continued on his way home Monday.

While roping a cow Thursday morning, J. J. Lane had the little finger jerked nearly off his right hand. In some way after catching the cow by her hind leg the rope made a half hitch on the finger and tightened sufficiently to take it off. Mr. Lane showed nerve while having the injured hand treated and while the pain was intense he did not require opiates.

W. T. Hubbard, a farmer living three miles east of Plains, exhibited specimens of corn and maize there. He said that while the corn crop has been damaged by the prolonged drouth the yield will be fair, and with the splendid maize and kaffir corn crops there will be ample feed-stuffs to supply the rapidly increasing demands of Yoakum county. Mr. Hubbard is working in the interest of a crop exhibit to the State Fair from this county.

The Terry County Fair Association was organized this week and the date for the first exhibition was set for Oct. 9th, 1909. The intention of this association is to advance the stock and agricultural interests of Terry county, and thereby to give annual fairs at Gomez, at which the Gomez Commercial Club has agreed to offer quite a number of prizes, consisting of cash and merchandise to be distributed among the exhibitors of the best of the products shown.

MAKE UP YOUR MIND NOW

That you will go into this matter of the price of daily necessities enough to assure yourself that you are buying at the right place.

DON'T FORGET QUALITY

That is what constitutes a bargain. No body will offer you better values than ours—every dollar of cost is represented in the goods. In these days of advancing prices the temptation to cheapen the quality is strong, but you'll find many low-priced goods that have been skinned to the point where quality ends and uselessness begins.

DRY GOODS AND GROCERIES

and nothing to do but sell them.

THE LUBBOCK MERCANTILE CO.

CITATION BY PUBLICATION

The State of Texas; To the Sheriff, or any Constable of Lubbock County Greeting: You are hereby commanded that you summon by making publication of this citation in some newspaper published in Lubbock county, for eight successive weeks previous to the return day hereof the Heirs of J. R. Robertson whose names and residences are unknown to be and appear before the next term of the District court of Lubbock county at the court house thereof at a regular term of said court to be held for said county on the sixteenth Monday after the first Monday in August A. D. 1909, then and there to answer the petition of J. F. Brothers filed in said court on the 25th day of August A. D. 1909, in a suit numbered on the docket of said court No 3-4 wherein J. F. Brothers is plaintiff and the unknown heirs of J. R. Robertson are defendants.

The nature of plaintiffs demand is as follows, that plaintiff is the owner of seven hundred and eighty acres of land in the south east corner of the J. R. Robertson survey of land in Lubbock county Texas and that he has good title thereto, and that he has been in actual possession of said land for more than five years before the filing of this suit using cultivating and enjoying the same and paying all taxes due thereon claiming and owning the same under a deed and deeds duly recorded and having perfect title thereto, and if not, that his title has been perfected by limitation but that persons claiming to be the heirs of the J. R. Robertson to whose heirs said tract of land was patented are claiming to own said land and the fact that there is no record in Lubbock county showing who the heirs of said patentee are creates a cloud on his title and he prays for judgment removing the same and establishing his title and making the same a matter of record.

Herein fail not but of this writ and how you have executed the same make due return as the law requires at the next term of our said court.

Given under my hand and the seal of the District court of Lubbock county Texas at Lubbock Texas on this the 25th day of August A. D. 1909.

Elizabeth Boyd
Clerk of the District Court of Lubbock County Texas. 7 St

CITATION BY PUBLICATION
State of Texas.

To the Sheriff or and Constable of Lubbock County Greeting—

You are hereby commanded to summon the unknown heirs of R. M. Whittle and Don Whittle, by making publication of this Citation once each week for eight successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 64th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 64th Judicial District, to appear at the next regular term of the District court of Lubbock, on the 4th Monday in November A. D. 1909 the same being the 22nd day of November A. D. 1909, then and there to answer a petition filed in said court on the 3rd day of September A. D. 1909 in a suit, numbered on the docket of said court No. 387, wherein, Viola Daugherty, joined by her husband, B. F. Daugherty, are plaintiffs and the unknown heirs of R. M. Whittle and Don Whittle are defendants, suit to remove cloud from title, by seeking to have the mistakes on the part of the scrivener who drew the deeds

constituting a part of the mesne conveyances in plaintiffs' chain of title, corrected and reformed.

Plaintiffs alleging that on or about the first day of September, 1909, that they were lawfully seized and possessed of the following described land and premises, situated in the town of Lubbock, Lubbock county, Texas, holding and claiming the same in fee simple, to-wit:

Lots 2, 3 and 4 in block 8, lot 20 in block 104, lot 10 in block 135, lot 16 in block 86, lots 17, 18, 19 and 20 in block 84, and lots 16, 17, 18 and 19 in block 198, as same are shown on the map of said town, recorded in Vol. 5, pages 384-5, Deed Records, Lubbock County, Texas.

Plaintiffs would here show to the court that there was a mistake on the part of the scrivener in describing lots 16, 17, 18 and 19 as in block 189, when they should have described them as in block 198, and other imperfect descriptions of the above described land and premises, in that it does not designate the town, county or state, in which said land and premises is located, which renders the above described land and premises uncertain as to its exact identity, and thereby casts a cloud on the title.

Wherefore plaintiffs pray judgment of the court the defendants, the unknown heirs of R. M. Whittle and Don Whittle, be cited to appear and answer this petition, and that plaintiffs have judgment reforming and correcting the mistakes and errors of the scrivener in the deeds constituting the plaintiffs' mense chain of title, and that plaintiffs be quieted in their title, for cost of suit, and for such other and further relief, special and general, in law and in equity, that they may be entitled to.

Herein fail not, but have before said court, at its afore said next regular term, this writ with your return thereon, showing how you have executed the same.

witness, Elizabeth Boyd, Clerk of the District court of Lubbock county.

Given under my hand and seal of said court, at office in Lubbock this the 3rd day of September, A. D. 1909.

Elizabeth Boyd, Clerk, of the District Court, Lubbock county. 9 10t

West side Square

Foxy Grandpa

(Continued from page 3)

"Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks and belies competition. The knowledge of the Windmill possessed by the Western Windmill Company and the facilities they have for bringing in large quantities enables them to get the very lowest figures and they are square enough to give their customers the benefit. They handle the Eclipse and Star Windmills and they are the water-go-getters, require less monkeying with and therefore less expense for repairs. They handle all kinds of fittings, pumps, pipe, gasoline engines etc, poultry, hog and general field fence and also John Deere Implements and McCormick harvesting machinery. They supplied their wants here and all three declared that S. C. Wilson the manager had treated them right just as he treats everybody.

At this point Polly began to think seriously of her household duties and remarked, "Grandpa I am not going to kill myself over the washtub so tell me of a good laundry." Here was a good chance to recommend Robert Bedwell's Lubbock Steam Laundry. This is a home institution, makes a specialty of ladies and gentlemen's fine laundry and prides itself on being able to satisfy the most particular customer in this line, and its prices are consistent with the very best that can be turned out.

"Kool, Kool," thats one thing you must not neglect," said Grandpa, "you know most people wait until the winter is right at hand, and coal a necessity, then rush and roast the coal dealer because he don't get there at once we will eliminate all of that by calling on J. D. Quick, manager of the Lubbock Lumber and Grain Co., and make arrangements for your winter supply. They handle the famous nigger head coal and deliver in any quantity from a bushel to a car load and correct weight every time. They can furnish you with any quantity of cedar posts to fence that farm and would be pleased to have you call any time whether on business or pleasure, as this firm were all home people and home institutions should be given preference. "At this day and date a man must be onto his job" said Grandpa, "and whether it be a little peanut stand or a large mercantile business the man who attends to it in the proper manner wins out. Now you know I must have that old house of mine moved to that lot we bought closer in and I have no hesitency in leaving the work with G. W. Altizer he has a complete outfit and also the experience in moving anything and no job to small or none to large for him to undertake and fulfill to a T, best of all Altizer's prices are at the lowest possible notch."

"Our visit about town would be incomplete," said Foxy Grandpa did we fail to call on O. B. Spradling proprietor of The Fair. But the average reader need not be told what an array the girl had to select from. There isn't a thing in crockery, glassware, tinware, enamelware, queensware, table cuttery, fancy china in sets and odd pieces, stationery, novelties, beautiful toilet sets etc that cannot be had here in great variety and at wonderfully low prices. "Its cash buying and selling that does it," said Grandpa, Polly purchased her family lamp, selected many articles from their 5, 10 and 15 cent counters which she declared she couldn't purchase elsewhere for twice the

amount and left declaring she would certainly come often to Spradlings Fair."

"Now, said the old gentleman, now for a picture of this crowd and a view of the new home. In good old fashion we will visit Frank Shirley's Studio. His pictures are wonderful in fidelity and finish. I want a fulsized photo for my study and some smaller ones for my friends. I want to give you a life sized representation of yours truly for the new home and Mr. Shirley is up-to-now on mounts, etc., does kodak finishing, post card new work, etc. He has the soul of the true artist and will not stop short of perfection in any of his work."

Enroute home the gentleman stopped at the Avalanche office and left wherewithal for a years subscription. On rejoining Polly she expressed her thanks. This is indeed a happy event and one we never can forget you have bought us everything," she exclaimed. "Except one thing," said Grandpa but I left the order on the sly with my friend W. E. Robinson and you can get it whenever you want it, its the best in Lubbock county.

"Why what can it be," exclaimed Polly. A handsome rubber-tired collapsable go-cart," said Foxy Grandpa.

—But Polly had fainted,

Premiums for Products

Plainview, Texas, September 14.—The business men of Plainview are preparing a premium list with appropriate prizes for the best agricultural and garden displays for October 4. From the interest manifested it appears that premiums amounting to about \$200 will be subscribed.

Big Revival of Trade.

As the railroad draws nearer to Lubbock, one can easily see its effects in the channels of trade. During the past few days there has been reported about fifty thousand dollars in land deals. Everybody seems anxious to get in on the ground floor. Lubbock has long been the mecca of the prospector and now that we are about to get train service, they are coming in even more rapidly. Trade in all lines is reported as being brisk and the past few days have been especially so. Railroads are building this way from almost every direction and it is only a question of a short time until this will be one of the important railway centers of the state. The making of this point the division of several roads, as now seems assured, and with the building of shops, Lubbock will be made a pay roll proposition. Then after the farmer gets to moving along the line of battle ship hogs and other kinds of stock and produce, of which this country will produce an abundance, it is then the dreams of the optimist will materialize. Planning for the future is a pleasure, if one only has promise of success. In the Lubbock country, success will crown the efforts of all who will come here and labor. Come to Lubbock. It is the call of those who have a good thing to share with their fellows. There are no fakes in the builders of this section. The claims of future greatness for Lubbock are based on concrete facts. The lucky ones will come while the invitation is yet new. Prices are advancing all along the line. Now is the time to come.

Notice.

All parties are warned not to place any dead animals of any kind on the Dillard Section west of town. Any parties found guilty of violating this notice will be prosecuted. J. J. Dillard.

"Daddy" Bryan in The Ring

W. J. Bryan stirred up a hornets nest at Dallas the other day by telling a good sized audience that Texas is not represented in a democratic way at the Nations capitol. While his speech hit a number of democrats it was aimed, primarily, at Joseph W. Bailey. News advices state that Bailey answered the attack on Saturday, Sept., 18th. At this writing we are unable to say just how Bailey defended his position but suppose he satisfied his adherents. With these two intellectual giants fighting an issue it is reasonable to suppose that the fun will be fast and furious. Bailyism is a proposition equalled only by Bancho's ghost. It refuses to stay put. Bryanism has long infected the country and it has about palled on the average layman. Bryan no doubt, done many things to the betterment of the public in general, but like most men, he has at last arrived at the conclusion that his services are indispensable. This is one of the erroneous frailties of mankind. Success puffs one until self importance overshadows the seeming good accomplished. Texas has been unfortunate in that she has been torn from center to circumference with political wrangles for the past fifteen years and the end is not in sight. The only logical sequence would seem to be in the challenge—"Ply on, McDuff." Let the battle rage fast and furious, until exhausted by their own efforts, it will sink to earth to rise no more, and the final returns will deem it an abortion. Let the demons of discontent howl. The night winds will echo their puny thursts, while democracy will soar triumphant, and its banner will float, without smirch or hindrance, an emblem of truth's eternal symbol.

Just think! 250 lots for sale. Big bargain for next ten days. Robinson Bros., Lubbock, Texas. Read our ad in this issue. 6-1f.

Agricultural Exhibit

AND

STOCK SHOW

Lubbock, Texas, October The 8th & 9th

On this occasion it is also expected to have with us some of the most prominent speakers of the State. According to present arrangements, among these speakers will be Senator Bailey and Judge L. Gough.

The Final Program Will be Announced Later, but in Ample Time

On this occasion there will be collected and exhibited a first class collection of Lubbock county livestock and farm products, it being the desire of the Commercial Club to take from the agricultural exhibit, products to be taken to the Dallas State Fair. Every farmer in the county is urged to take an active part in this exhibit, and to contribute in every way possible to its success. To encourage the farmers in this matter, and as evidence of the earnestness of the Commercial Club and the business men of Lubbock, the following premiums are offered, and this is certainly sufficient to stimulate any enterprising farmer to take a reasonable interest in the proposition. - - - - -
