## CULTURAL PROSPECTS BRIGHT

THE PLAINS AGRICULTURAL CONDITIONS ARE IDEAL THIS TIME. LARGE FARMS IN EVIDENCE

## SPACE SHOULD BE SECURED FOR THIS FALL

A Right Good Way to Advertise The Agricultural Interests of Any Country and Encourages The Farmers to Exhibit Their Plains Products.

indications Texas is coming out of the agricultural winter and the South Plains Panhandle seems to be fast graciously blessed in this respect. The seasons have been regular, through the fall, winter and spring, and our farmers were busy all during this time and as the result the land has been worked better this year than ever before, and the crop prospects are more flattering than they have ever appeared at this time of any previous year.

The country as a whole is in far better condition than in former years, and we look for one of the most prosperous years in the history of the Plains country. This condition seems to be pretty general all over the state, but the beauty of this section of the country is that our people have not had the burden of back crops, made necessary for the maintenance of life in their families, as has some of the less fortunate in other sections of the state.

The light crop of last season did not effect this section as it did the more densely settled parts of the state, and hence we are in better condition to begin this year in.

There seems to be a very bright future for this section of the Plains, from every view point. The range condition is good, stock of all kinds have pulled through the winter that has just passed, in the finest possible condition, and the price of all kinds of livestock is away up, which makes them very valuable to the owners, who when they turn them loose receive in return a handsome roll of greenbacks with which to replenish his bank account, and this puts the money into circulation, thereby helping the entire human

family. When the agricultural conditions are promising there is always something doing in the commercial world, building of every description is stimulated, the business of our merchants is much better when the farmers prospects are bright, and all other lines of industry are largely dependent upon these conditions to maintain their activities.

From all reports there is considerable activity in real estate circles, and it is largely due to the fact of the favorable conditions prevalent at this time, coupled with the very favorable light in which our fair city is held by the people generally all over the state and the east and north.

We would suggest under the favorable circumstances that exist in the country at the present time, that there should be a movement made to get suitable exhibit space in the fairs of the state in order to show the people of the different places just what we are doing in the Lubbock country. Agricultural exhibits are among the greatest advertising agencies that a country can employ for the presentation of the products of the soil. County fairs are not bad, and when properly conducted there can be accomplished great things locally. The people of the Amarrillo country are going right a head with a fair proposition to be known as the Panhandle Fair Association, and the people are taking hold of the proposition with a determination that will count for a good deal in the end.

The agricultural interests should be encouraged in every way possible, and especially in a country that is developing as this

## A BIG LAND DEAL CLOSED

Hundred Thousand Dollar Land Deal Closed—Always Something Doing in Lubbock

Last Saturday there was closed one of the biggest real estate deals that has been made in this section of the country for some time, which goes to show that there is something doing in this section of the plains. The deal in question amounted to the neat sum of \$100,000.

The deal consisted of J. W. Dalton—holdings twelve miles east of town, and the purchasers were B. O. McWhorter, C. E. Parks, Colby, Thomas and W. K. Dickinson, all of this place.

It is not known at this time what these gentlemen are going to do with this land, as they are undecided at this writing themselves, just what disposition they will make of it, but it is safe to say that they will use it in a way that the country will reap direct benefit, and shows that they have the greatest faith in this country.

Business along the line of real estate seems to have taken on renewed life, as there has been some good deals consummated during the past thirty days, that would suggest such. The people of this section of the plains have the utmost confidence in the future of country, and it is for this reason that these men have invested their money in Lubbock county lands, knowing that it will be a safe investment to say the least of it.

## Annie Elizabeth Hardy

Last Tuesday morning when the announcement was made over town that little Elizabeth Hardy had died, our hearts were made sad that this sweet little girl should be taken from our midst at so tender an age, a little over two and one-half years, but with the promises from the One who does all things well, we can not wish her back, and the many sorrowing friends and the grief stricken parents and relatives only have to look forward to the time when they will be re-united in a brighter and better world.

Little Elizabeth became ill about a week ago with a serious complication of diseases and suffered a great deal for several days, lingering between life and death, at times getting very low and then rallying. But the strong arm of the disease had too firm a hold on her frail little body, and all that medical skill and loving care could do was not sufficient to restore her to health, and death came to her at 3 o'clock, Tuesday morning.

Funeral services were held at the Methodist Church, conducted by Rev. G. B. Overton, assisted by Rev. Jos. P. Callaway, after which her little body was deposited in the Lubbock cemetery to await the Resurrection Morning.

Rev. and Mrs. Hardy have the sympathy of the entire community in these sad hours.

## Save Your Trees

The people of Lubbock did the right thing in putting out so many trees, but many have made mistakes by putting out trees too large, improper setting, untimely and bad trimming, failing to keep off undesirable sprouts, etc., and above all in not keeping them well watered.

If you buy trees and put them out you should attend to them and not let them dry out and die, but give them attention and nourishment and see that they grow. It will certainly pay you many fold to do so.

When you put out a lot of trees, you should put each one just where it ought to be, to do and look well, and everyone should be made to grow if possible, and if part, or even a very few fails to grow, it all looks bad; but with a full and perfect stand, they look nice and pay much better. Just a little neglect often causes a great deal of loss and disappointment.

You have done well in putting out trees, but you may neglect and let them die and lose trees, cost, trouble, etc., and still have no trees where you so much desired them. Don't neglect your trees.

## ICE IN LUBBOCK NEXT WEEK

Manager Ellis Informs Us Ice Will be Manufactured Here Next Week by Ice Plant

The latest information from the ice factory at this place is to the effect they will be prepared to begin the manufacture of ice by the first of next week. This will be good news to the people of this section as the time of year is rolling around when the ice man will be a welcome visitor, every day in the week, and every day in the month except pay day.

The Lubbock Ice and Light Company is composed of entirely home capital, men who are interested in the future of the city, who have spent their money liberally to develop the town. They have succeeded in putting into operation one of the finest electric light plants in the west, and they are going to do as much for the ice plant. Rest assured that the people of Lubbock will not be satisfied with anything short of the best and with this assurance at hand Lubbock people can depend on having the very best service possible.

The completion of the ice plant at this place will put the ice business in our neighboring towns in handy access to the trade, and will no doubt appreciate the arrangement very much.

## In Terry County

J. J. Lane has bought between 2500 and 3000 stock cattle in New Mexico.

The Masons of Yoakum county have applied for a dispensation permitting them to organize a lodge at Plains; District Grand Master, W. R. Spencer will probably be prepared to put the new lodge at work next week.

Mr. Alexander, proprietor of the Staked Plains Telephone Company, is making extensive improvements here this week. Ever since the high winds two weeks ago, the wires have been badly crossed and we are glad to see them being straightened out.

The Odd Fellows and Rebekahs are getting things in shape to pull off one of the greatest celebrations ever undertaken by a local lodge in a city the size of Brownfield. The Rebekahs are busy preparing their part of the program, and the brethren are ever alert to anything possible to make the meeting the best yet undertaken. With such harmony and accord, we cannot but believe that they that come will be well paid for their time and trouble. The supper will be limited to the Odd Fellows, Rebekahs and their invited guests, but the program will be rendered in the garage and will be free to all and everybody is invited.

As was reported in last week's paper, Rev. V. H. Tremmell left for the north Plains on business, and that business was to take unto himself a bride. Pro. Trammell, being a Bible scholar, and a firm believer in his commands, he heeded that injunction which says: "It is not good for man to be alone," and he therefore chose from among the charming and accomplished daughters of the Plains, a life companion, who was formerly Miss Essie Elam, of Floydada, Texas.

## Heavy Fruit Loss

On the 23rd heavy loss was sustained in eight Central West states of the fruit crop, and the losses are estimated at follows on the fruit alone, aside from other sources: Illinois, \$6,000,000; Iowa, \$10,000,000; Indiana, \$2,000,000; Kentucky, \$1,500,000; Missouri, \$2,000,000; and Nebraska, \$1,500,000.

The loss farther south was not so heavy, and in Texas the loss was very light, though some damage was done. The South Plains was about the most successful section of the state, for which we are truly thankful, and if there is no other calamity befalls us we will be enjoying a bountiful crop of fruit this year, such as only the Plains country can raise.

Mrs. Ralph Barnett of Hale Center, Mrs. C. E. Spath of Hereford, and Mrs. Claxton of Hale Center, spent a few days in Lubbock this week visiting Mrs. Dr. Adams and Mrs. B. O. McWhorter.

## LUBBOCK TO BE THE LEADING CITY

TO BECOME THE LEADING TOWN OF THE SOUTHWEST IS ONE OF THE MANY HOPES OF HER CITIZENS

## GREAT REALIZATIONS OF THE TOWN'S FUTURE

Factories Make a Pay Roll and Adds To The General Welfare and Development of The Country. This Town Has the Location For Many Enterprises—Bid for Them

Every one interested in the growth of Lubbock will admit that a packing house would help. Not only this, but many other enterprises that might be secured by proper inducements will be needed to establish a pay roll. Every town that has succeeded has done so through the establishment of institutions that keep money at home and in circulation.

The ultimate destiny of the Plains is that it will eventuate into a stock farm. This will call for a packery at home. Now is the time to show this feature up in its true light and weld another link in the chain that binds enterprise, push, vim, determination and development in the same category.

There is today many towns on the map, and pushing towns too, that were unknown a few years ago. They succeeded through the faith and efforts of their citizens. None can complain at the work that has been done for this town up to the present moment, but there must be no let up in the work.

Another important addition that might be secured is a peanut factory and a cottonseed oil mill. That cotton will be produced here in great quantities is certain. Peanuts will be equally as well or better. A factory for the

handling of each of these products will add material growth to the town. Lets have them.

Then we have here adjacent to the town one of the best places to put a dam for the storage of a big body of water that could be found in the country. Just think for one moment what this would mean. Fish could be raised by the thousands. Boats could be used for pleasure. The city would develop a water supply that would be worth thousands of dollars. Lets have it.

Keep this town in the front ranks. She has paved her way to recognition and the pace has been swift. Keep it up. Many things can yet be done at small cost that will mean the future glory of the "Gem of all West Texas."

Do you catch the idea? Every time a proposition comes along look into its merits. If they appear good get busy for them. The combined efforts of all are needed in the work. A good sign to place at the entrance to the city would be—"No Drones Wanted."

Help Lubbock to grow by hitting the ball all the time. Are you not proud of the town? Are you not glad that you live among the liveliest people on earth? If you are not you had better move on. Lubbock must grow.

## FIRST PRESBYTERIAN

The First Presbyterian Church cordially invites all to be with them the second Sabbath in May. We have called Rev. J. P. Word to be our pastor for all of his time, and the Presbytery has appointed a commission consisting of Rev. O. G. Jones and Elder

Geo. H. Sparenberg, of Big Springs, to install him as pastor on the second Sabbath in May at 11 a. m.

This is an impressive and interesting ceremony. Everybody is invited to attend. Bro. Jones will also preach at 8:15, Sabbath night and every morning at 10 and nights at 8:15, during the week. Bro. Jones is a splendid preacher.

Let everyone come out to hear him and help us to have a good meeting.  
J. P. WORD, Pastor.

## A Shocking Tragedy

The most shocking tragedy in the history of Snyder occurred last Friday night, when by the explosion of an oil can three persons were so badly burned that death soon relieved their suffering. The unfortunate victims were: Mrs. Clara Phillips aged 23, wife of John Phillips; their little 17 months old daughter, Artalee, and Miss Myrtle Paxton, age 13, sister to Mrs. Phillips.

The family had just returned from church, and the weather being cool, it was decided to build a fire. In order to kindle the fire, the young girl poured coal oil from a large can on the wood, and instantly an explosion came, throwing burning oil over the three victims. Their screams brought the husband and others to the rescue, and in putting out the fire Mr. Phillips hands were badly burned. In their excitement Mrs. Phillips and her sister ran into the street, and the wind quickly fanned the flames and they were soon enveloped. Kind hands did all that was possible to no avail, and Miss Paxton died in horrible agony about 8 o'clock Saturday morning. Mrs. Phillips about 11 o'clock and the little prattling babe lingered until Saturday evening.—The Coming West.

Fred McDonald, who for the past few weeks, has been an employee at the Wright & Perdue hardware store, has now accepted a position with the Red Cross Pharmacy and invites his friends to call.

## ODD FELLOWS' ANNIVERSARY

The Local Lodge of Independent Order of Odd Fellows Celebrate Ninety-first Anniversary

The local lodge of Odd Fellows celebrated the ninety-first Anniversary of that great order, last Tuesday night, with an appropriate program for the occasion, and the same was largely attended by the members of the order, and their friends. The program consisted of speeches, music both vocal and instrumental, and was a great success from every point of view.

The Odd Fellows of this place are a hustling bunch, and the lodge has grown in number and interest from the very first meeting of the organization in this section of the South Plains:

The program for the occasion was as follows:

Music by the Orchestra.  
Prayer, by Rev. B. F. Dixon.  
Address, by Jno. W. Baker.  
Reading, by Miss Elsie Holt.

Orchestra.  
Address, by Hon. W. B. Lewis of Plainview.

Orchestra.  
Short Talks, by W. F. Schenck, D. W. Puckett and C. E. Parks.

Orchestra.  
Vocal Duet, by S. C. Wilson and D. Agnew.  
Orchestra.

Fred Pycatt of Yoakum county transacted business in our city this week.

## Work Progressing

Judge Jno. P. Marrs of Tahoko was in the city Saturday and paid our office a pleasant call. He informs us that railroad work is moving along nicely and the track layer was within about thirteen miles of Tahoka that day and with no accidents would lay steel into Tahoka within two weeks. He also stated that his town is figuring on getting up a celebration for the arrival of the trains into that town.

We know just how good they ought to feel by getting train service and we rejoice with them in a true neighborly spirit and wish them a steady growth.

The Avalanche is interested in the development of the entire South Plains, and while we devote almost our entire time to the building of Lubbock and vicinity still we have no desire to knock the props from under other towns that are striving hard to get in the same line with Lubbock.

## Improvements

Every hand one can see improvements, and this all looks mighty good to the man who lives here in search of a home. Every dollar's worth of improvements made on the premises adds that much to the value of a property, and we are glad to see the work along this line taken on such proportions, and trust that it will continue, till every home in the city is possessed with the most up to date flower gardens and trees that can be had. It is worth your time and the expense to give this matter your attention.

**A NATION'S CHARACTER**  
The moving, impelling or developing force of a nation is its character. This is essentially composed of units of the whole, in republics, and to the extent that the rights of the units are protected, to that extent does the nation as a whole safeguard its perpetuity. Any encroachment on the constitutional or vested rights of the units will work to the harm of the entire body.

Taking this as a basis it would seem that the tendencies of the

dict dire calamities for the future of this commonwealth. Others of a hardier optimism say let it alone. All seem agreed that the tendency toward centralization of power is not of the better making and yet no man has advanced a logical solution that would steer us past the shoals. America was founded on the hope of man's dream of Arcady developing into its fullest realism. The beginning embraced the rainbow's roseate hue; will the ending prove the never dis-

### STARTING RIGHT IN LIFE

One of the most serious mistakes usually made by young people is in taking advantage of their youthfulness to let the time pass unheeded. Life, if lived to its three score and ten years, is a long span, as regards time. We must travel the road. There is no escape. Life in the passing is not of our choosing. We must pass from time to eternity and here is where the responsibility begins.

Were you to start on a long journey you would take days in the preparation. Many things would have to be accomplished before the start. With the journey that takes us to the grave it is the same so far as essentials, or details are concerned. We should prepare for the journey.

Life is real. It is not given us to be frittered away by chasing butter flies. It should be occupied in the way that brings best results to ourselves and to the world, to which all mankind is indebted. Preparedness paves the way to success and the time of youth means the golden hours in which one may prepare for taking up the real battles of matured years.

Childhood should be the playful time of life. Childish glee helps in the development of

Yes, but that is the very question that has so many people in Texas out on a limb. It is hard to tell from the bunch in the race which one will do honor to the state or whether any of 'em will.

When you see residence houses going up all over town and wooden buildings being moved off lots and replaced with handsome bricks, you may know that the town is growing and her people prosperous.

Poor old Plainview. If some of her medlesome neighbors would let her alone, she might in the near future have a handsome court house and jail, but!—??

We are asked most every day who is the man for governor. We are frank to admit that we have been unable to decide. About as good luck as any, when the primary rolls around, is to shut your eyes and scratch.

**A Big Cattle Purchase**  
Nineteen cars, containing spayed heifers of the 4-year class, reached the yards at early hour this morning and after unloading and feeding, were loaded and started for Buffalo, N. Y. This string of cattle came from the Maddox ranch, near Lubbock, Texas. It was in charge of Vance Terrell, an employe of the ranch. They were Herefords, of the high grade class, and in very good flesh. After reaching Buffalo these heifers will be taken on short distance where they will be turned on pasture for the summer and will be sold right from grass late in the season for killing purposes.—Drovers Telegram.

**Texas Laws Good**  
B. F. Yoakum has said many wise and proper things about Texas, but none more fitting than the remark at the San Antonio industrial congress, to the effect that Texas laws are good but are misunderstood, that it is prejudice against the laws which should be overcome, and that no new laws are needed.

We cordially agree that some modifications of present laws may be advisable, but as to the great body of Texas statutes they need only to be understood to be fairly enforced, to be appre-

ceived upon the agreement that Texas laws are good enough and labor to remove the prejudice against them. — Fort Worth Record.

**Range Conditions Favorable**  
From all reports the condition of the range in this section of country is very satisfactory, and the ranchmen wear the smile of general contentment. Their cattle have wintered well, and the loss is far below the average, and with the present high price of cattle, there is a bright prospect for the man with the cattle at this time.

This section of the country has passed the stage when cattle raising can be carried on profitably in the old way of so many head of cattle to the section of

ciated and approved by every just man.

Every good citizen can indorse this position and Mr. Yoakum's declaration ought to have a wholesome influence in quieting the inconsiderate murmuring which we hear both at home and abroad. Mr. Yoakum doesn't take the work of others as the basis of his opinion; he founds his judgment upon knowledge and intelligent analysis, the statutes as they are written and interpreted.

Also, we agree that no new laws are needed as conditions now appear. This is what is meant by the demand for rest from agitation and new legislation. Texas faces a great era of development, which should have full play until curable evils are manifest. Until then let us pro-

nized with actual settlers. It is understood that the maximum size of the farms will be 160 acres.

**A FINE FRUIT SHOWING**

J. G. Hardy says Fruit Condition is Very Promising at this Time, and Brings the Evidence

J. G. Hardy of the northwest part of the county, was in to see us Saturday, and brought with him a branch from one of his plum trees, which shows very conclusively that there will be a very heavy plum crop. and Mr. Hardy states that his apple trees are loaded down with young fruit, much more than they can possibly carry to maturity. The peach crop is damaged to considerable extent in some places, but there will be quite a good deal of this variety of fruit raised on the plains this year, if nothing happens to it more than frost.

Mr. Hardy is a great believer in the smudge pot for the protection of fruit in this country, and says he believes when these pots are brought into use in this coun-

try that the fruit problem will be in a manner settled in this section, and he believes that this question should be thoroughly discussed before the next fruit season rolls around.

These pots have been tested in many orchards in the plains country, and the result will be watched with great interest. We hope that the result will be most satisfactory and that there will be a general awakening to the interests of the culture of fruit in this section.

There is no question that some of the most luscious fruit in the world will grow in Lubbock County, when it gets past the frost season, but it needs protection from the belated freezes, and until this is done, there will be years that we will have no fruit.

Dr. M. C. Overton made a business trip to Amarillo Monday.

**Telephone Improvements**

Mr. Phillips the manager for the local exchange at this place was a pleasant caller in our office this week. He informed the editor of this paper that he was preparing to put in quite a large number of new phones as soon as the necessary material arrives. He intimated that there would be considerable improvements made throughout the exchange at this place in the very near future, which he found would be necessary to accommodate the rapidly increased demand for phone service.

Mr. Phillips is greatly pleased with telephone conditions in our city seems to have the spirit of progression characteristic to the city to which he has moved and he thinks there is great things in store for the future of our city.

G. S. Farris and family of Plainview spent over Sunday in Lubbock visiting L. L. Farris and family.

**DR. RUMPH BUILDING HOME**

Work Soon to Begin on Handsome Residence South of Town—Putting in Farm

Dr. D. C. Rumph, who moved to Lubbock some weeks ago from Pototsi Taylor county, informed the Avalanche representative that work would soon begin on his new residence south of town. He has contracted for the erection of a modern eight room, story and a half house and the work-men have probably began work on the building by this time. The building will cost about \$4000 and will be modern in every position.

Dr. Rumph owns 320 acres of land one mile south of town and his new home will be built on this property. He has a force of men at work grubbing this land at present and will put as much of it in cultivation this year as the seasons will permit and expects to finally put the entire half section in a farm and orchard. The doctor is much pleased with the future outlook of this county and backs up his faith by his work.

Mrs. Dr. Adams spent a few days this week visiting parents at Hale Center.

D. H. Stovall and wife spent Sunday in Lubbock visiting Scott Cochran and wife.

Mrs. M. G. Scott of Minnesota, spent several days in Lubbock, last week looking after land interests.

**Citation by Publication**  
**THE STATE OF TEXAS**  
To the Sheriff or any Constable of Lubbock County—Greeting:  
You are hereby commanded to summon James Scullon, T. T. Jordan and G. W. Chumbley, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 64th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 64th Judicial District, to appear at the next regular term of the District court of Lubbock County, to be held at the Court House thereof, in the city of Lubbock, on the 5th Monday in May, A. D. 1910, the same being the 30th day of May, A. D. 1910, then and there to answer a cross-bill filed in said court on the 14th day of April, A. D. 1910, in a suit numbered on the docket of said Court No. 421, wherein W. H. Putman is plaintiff, and L. T. Lester, J. B. Holloway, R. H. Mitchell, James Scullon, T. T. Jordan and G. W. Chumbley are defendants; and in the cross-bill J. B. Holloway is cross-complainant and James Scullon, R. H. Mitchell, T. T. Jordan and G. W. Chumbley are

James Scullon and R. H. Mitchell and they assumed the payment of all of said notes; that on the 19th day of March, 1909, defendants R. H. Mitchell and James Scullon conveyed the said land to T. T. Jordan and G. W. Chumbley, who assumed the payment of all of said notes, except \$70.00 credited on the back of note No. 1; that by virtue of the assumption of said notes by the defendants James Scullon R. H. Mitchell G. W. Chumbley and T. T. Jordan they and each of them became liable and promised to pay this cross-complainant, J. B. Holloway all of said notes, that said Holloway shall be compelled to pay by virtue of having signed and assumed the payment of said notes.  
Prayer by Cross-complainant J. B. Holloway that defendants James Scullon, G. W. Chumbley and T. T. Jordan be cited, and that if W. H. Putman secures judgement against cross-complainant J. B. Holloway, that he have like judgment over and against his co-defendants last above named for all such sums of money as he may be compelled to pay by virtue of having signed the said notes, and by virtue of having assumed the payment of the same, and that the Vendor's Lien be first foreclosed against the land above described and that the same be decreed to be sold according to law before execution issued against the said Holloway, and for cost of suit and special and general relief.

Prof. G. N. Atkinson, of Burnet, Texas, who has been teaching history at the high school in this city left for home Wednesday. George is a boyhood friend of the writer and while at this place made many friends. We hope to see him return for the next session.  
L. E. Dow, who has been here the past few weeks looking over our country has returned to his home in Chicago. He purchased quite a large body of land while here, accounts of which have been given in this paper at different times before.  
J. Sid O'Keefe and family of Panhandle arrived Monday. Mr. O'Keefe informed us that he had purchased some city property and would make some improvement and move here and make Lubbock their permanent home.  
Mrs. S. R. Merrill of Amarillo, spent the first of the week in Lubbock visiting her parents Mr. and Mrs. M. E. Merrill, leaving Wednesday for a few days visit at Hale Center.  
The Philathia class of the Baptist church served ice cream and strawberries in the Wilson old land office last Saturday evening and realized quite a satisfactory amount of cash.  
One thing that makes Lubbock grow, and the people prosper, as they do, is because they are interested in the town, and want to go away ahead of any other town on the plains.  
Prof. Burke of Estacado, principal of the school at that place was in our city this week, and while here paid this office a pleasant call.  
W. P. Fullingim, one of Crosby county's prominent citizens was in our town Tuesday and paid this office a pleasant visit.

Frank Bowles made a business trip Tuesday to Monroe.  
J. E. Hill of Brownfield, was transacting business in Lubbock Saturday.  
C. D. Shaw and wife of Strip, were in Lubbock the first of the week.  
J. T. Price of Amarillo, spent Tuesday here on business matters.  
Mr. Higbee a real estate man of Brownfield was in our city Monday.  
W. J. Luna of Plains was a business visitor in our city last week.  
Howell Woffard was here Tuesday to attend the funeral of little Annie Elizabeth Hardy.  
Aubry McLarry made a business trip to Plainview the first of this week.  
Miss E. T. Dupree of Knob N. M., returned home Wednesday after spending several days here.  
G. B. Overton Jr., of Dallas, arrived Wednesday and will spend some time visiting relatives.  
Mrs. Franklin of Amarillo, who has been visiting her sister Mrs. K. Carter, returned to her home Wednesday.  
S. A. King of San Diego, Cal., who has been visiting A. W. Woffard for some time returned home Tuesday.  
J. M. Clayton one of Amarillo's progressive business men was a Lubbock visitor the first of the week.  
Miss Carrie Margeson left Tuesday for N. M. where she expects to make her future home.  
W. I. Vaughn, of Brewster County who has been visiting his father at this place for the past week, returned home Sunday.  
Mr. and Mrs. W. D. Benson went over to Brownfield the latter part of last week returning Sunday.  
A. B. Robertson, of Fort Worth was in the city this week and went out to his ranch a few miles southeast of town.  
Fred Woffard of Gomez, was here Tuesday to attend the funeral of his little niece, Elizabeth Hardy.  
Coleman has been in the toll of a race riot for a few days in which a number of people were seriously injured. About a dozen blacks were beaten and driven from the city by a mob of over five hundred whites. Coleman has not had any negro population till very recently.

## IT'S THE B FOR TH

ett of Meadow, arrived at the Spade ranch last Friday. Mr. Elwood will remain on the ranch until about the 27th. The rest of the party returning home Saturday.  
Howard Pearson who spent the winter at Olton, has returned to Bartonsite.  
Mr. Crow Shumate of Eskridge, Kans., is here this week to receive some steers he bought of W. L. Elwood.  
Stanford Arnett of Abernathy, visited his uncle G. M. Arnett, and family, Saturday until Monday.  
John Rayner of Brownfield,

several days at the Spade ranch this week.  
D. N. Arnett Jr. of Colorado, who once lived here, and has a number of cowboy friends in this country, was married on the 20th inst., to Miss Sadie Mae Hughes of Colorado. They will make their future home in Garza county, near Fluvanna. Here's wishing them a life of future happiness.  
G. M. Arnett and Mr. Shumate made a business trip to Plainview today.  
K. C. Stallings from Hockley county, was a visitor at the Spade

Said Cross-Bill alleging that on November 16th, 1908, defendants L. T. Lester and J. B. Holloway executed and delivered to plaintiff three certain promissory Vendor's Lien notes in part payment for survey No. 35, Block "C2", Lubbock County, Texas, and due on or before one, two and three years after said date, respectively, bearing 8 per cent interest per annum, payable annually, and the Vendor's lien was expressly retained in the deed and notes mentioned, securing the payment of said notes; that each note provides that failure to pay the same when due or any installment of interest at maturity should mature all notes of the series at the option of the holder or holders of them and each note provides that if after maturity, it should be placed in the hands of an attorney for collection or collected by suit or through the Probate Court that ten per cent on the amount due should be added as attorney's fees; that note No. 1 became due on November 16, 1909, and that one year's interest on all of said notes became due on said date and that said note No. 1 and all said interest is still due and unpaid; and plaintiff being the owner of said notes has elected to mature them all, principal, interest and attorney's fees and has filed suit for the collection; that on the 6th day of March, 1909, L. T. Lester conveyed his interest in the above described land to J. B. Holloway, and said Holloway assumed the payment of all of said notes, principal, interest and attorney's fees; that on the 16th day of March, 1909, defendant J. B. Holloway did sell said land to

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.  
Given under my hand and the Seal of said Court, at office in Lubbock, Lubbock county, Texas, this 25th day of April, A. D. 1910.  
[SEAL] ELIZABETH BOYD, Clerk, District Court, Lubbock County. 42-4t

W. B. Durham of Walker county Ala. who has been here for the past few days visiting his daughter Mrs. J. H. Smith left Tuesday for home. This was Mr. Durham first visit to Texas, but having heard of Texas since his earliest recollection he had created a desire to see the much talked of State. He was well pleased with this part of the State and only one thing he said would keep him from moving here and that was he had no claims he is living on borrowed time, being three score years.  
We are in receipt of the first issue of the Plains Baptist, published in Plainview, Texas, in the interest of the Baptist Churches of the plains. It is a neatly printed and well edited paper, and is worthy of patronage accorded it. We gladly place the Plains Baptist on our exchange list.  
T. L. Vaughn and wife made a trip to Lynn county this week, and when they returned they brought with them Mr. Vaughn's mother who is seventy-three years of age, and his niece, who will remain here about a month.

**STATE BOARD OF HEALTH**  
Adopt Provisions Recently Which  
Is Issued as a Supplement  
to Sanitary Code

The Advisory Code recently  
adopted by the State Board of  
Health for uses of city and  
county authorities makes provi-  
sion for the regulations by local  
health authorities of garbage  
and offal disposal, abatement of  
of nuisances detrimental to  
public health, removal of sources  
of filth and prevention of causes  
of sickness. Sanitary disposal  
of night soil, prevention of pol-  
lution of the soil and contamina-  
tion of water supplies, and the  
proper drainage of premises  
provided for.

Internment, disinfection and  
the transportation of the dead is  
regulated, and permits from  
local health officer in many in-  
stances required.

**SLAUGHTER HOUSES**  
Slaughter houses come under  
the ban and several good and  
wholesome sanitary require-  
ments are imposed. Adequate  
water-supply, water-tight floor,  
thorough washing of floors and  
sidewalks of house, sidewalks  
white-washed or painted at re-  
gular intervals, house screened  
against flies, all utensils, mach-  
inery, receptacles, etc., to be  
thoroughly cleaned daily if used,  
ice boxes kept sanitary, offal and  
refuse removed promptly after  
each day killing, pens and en-  
closures kept in sanitary con-  
dition. No slaughtering to be  
done in buildings not designed  
for such purpose, nor outside a  
building except in rural dist-  
ricts. When provision is made  
by local authorities for inspec-  
tion service, no meat is to be  
sold unless inspected.

Meat carts are to be washed  
daily, and meat and fish must  
not be conveyed through the  
streets unless protected from  
dust and flies.

Meat and fish markets and  
butcher shops must be complete-  
ly screened against flies, floor  
scrubbed at frequent intervals,  
refrigerators kept sweet and  
clean, and the market must be  
maintained in a thoroughly  
sanitary condition.

**DAIRIES**  
Dairies must be inspected  
frequently by local health  
authorities and milk-room, barn  
and premises are to be kept  
clean; barn to be white-washed  
every 12 months or painted  
every two years; premises are to  
be well drained, and accumula-  
tion of water or manure not to  
be allowed to collect thereon;  
fresh, pure water must be sup-  
plied in sufficient quantity for  
the cows; milk-room must be  
built separate and apart from the  
barn, it must be screened against  
flies and supplied with pure  
water and suitable facilities for  
straining and storing milk and  
sterilizing utensils and milk bot-  
tles, etc.; all cans, bottles, or  
other receptacles for handling  
milk must be sterilized (scalded  
with boiling water or live  
steam) daily and protected from  
flies. Many matters of detail  
in a sanitary way are set out,  
but not unreasonable in their  
requirements.

**TUBERCULOUS CATTLE BRANDED**  
All owners of dairy herds are  
given 90 days in which to have  
their cattle examined by a reput-  
able veterinary, or under the  
supervision of the local health  
authorities, for tuberculosis, and  
any found infected are to be  
branded T. B. on the left shoul-  
der in letters 4 inches in height,  
and isolated from the herd.  
Veterinary surgeons required  
to report infected cattle to local  
health authority.

There are several methods of  
disposal of these branded cattle,  
first, after being placed in  
separate pasturage, they may be  
used for breeding purposes,  
milk, after pasteurization, for  
calves or hogs; second, they

be fattened and killed (under  
proper inspection service) and if  
only one set of glands are involv-  
ed, these are extirpated and bal-  
ance used for beef-this is per-  
missible under our present  
federal inspection; third, if cow  
is found to be in advanced  
states of disease, it must be  
killed and carcass destroyed.

This branding of infected cat-  
tle settles a serious problem  
which many health authorities of  
other states have had to face.  
No provision is made for repay-  
ing dairymen for cattle killed.  
This usually results in legal com-  
plications and opposition on the  
part of dairymen, the claim on  
their part being the confiscation  
of property. This is obviated in  
this instance by giving the own-  
er the above alternative, but in no  
event can the infected cow be  
kept with the healthy herd, or  
any of her dairy products be  
used for human consump-  
tion.

**SANITATION OF PUBLIC BUILD-  
INGS**  
Every public building, which  
includes all building used for  
public purposes, whether publicly  
or privately owned, are to be  
properly lighted and ventilated,  
and drinking water, when fur-  
nished, must be pure and whole-  
some; sweeping must be per-  
formed daily and in such a  
manner as to keep down clouds  
of dust—a premium being placed  
upon the vacuum process of  
sweeping; burlap and cocoa mat-  
ting is tabooed as floor covering;  
spitting on floors is unlawful;  
cuspidors with disinfectant solu-  
tion therein must be provided;  
urinals and water closets are to  
be kept in sanitary condition,  
and the sanitary disposal of  
night-soil in box-closets, and its  
protection from flies is expected;  
no janitor or other employe suf-  
fering with contagious diseases  
during the communicable stage  
can be employed; scrubbing of  
floors is required; screening of  
sleeping apartments, dining  
rooms, or other rooms where  
food is eaten or prepared, so as  
to prevent entrance of flies and  
mosquitoes is required; and  
rooms or apartments when vac-  
ated by one suffering with a  
contagious disease are to be dis-  
infected under the supervision  
of the local health authori-  
ties.

**STANDARD DISINFECTANTS**  
Certain standards are prescrib-  
ed and fixed for disinfectants,  
and their employment in proper  
quality and solution in the pre-  
vention and control of contagious  
diseases and as otherwise used  
under the requirements of the  
above regulations.  
A very wise precaution, for  
much harm has resulted from the  
careless use of the term dis-  
infectant, as many agents so-  
called, are merely deodorants  
and incapable of destroying the  
power of infectious materi-  
al. In consequence of their  
uses a false idea of securing  
against disease often ex-  
ists.  
It is to be hoped that the  
State Board will have the hearty  
co-operation of city and county  
authorities in this new under-  
taking, that they will adopt  
these regulations, and the local  
health authorities see that they  
are most rigidly enforced.

# LYNN COUNTY OPPORTUNITIES

Ten years ago Lynn County had ten voters and three women in it, and was attached to another county for judicial purposes. One could buy land here then for 50 cents to \$1.00 per acre. We were eighty miles from a railroad and one postoffice in the county supplied mail to the people for a hundred miles around. Today Lynn County has a population of Two Thousand Five Hundred, twelve organized schools, three postoffices and cotton gins, Four Hundred Voters, Four Hundred Fifty School Children, and thousands of acres of fine farming lands which produce a bale of cotton per acre with one hoeing and two plowings. Don't shake your head, for I can show you men right here who have done it. Our lands will grow sixty bushels of corn or oats per acre, sixty bushels of kaffir corn or maize, abundance of millet and alfalfa, big crops of sweet potatoes, two good crops of Irish potatoes per year, eighty pound watermelons, two pound tomatoes, twelve to fifteen pound cabbages and not half try. Lynn County soil grows fine grapes, several kinds of berries, squashes, pumpkins, cantaloupes and all vine products. Apples, Peaches, Plums and Apricots do well here and are freer from pests and diseases than east Texas fruit. Lynn County cannot be excelled as a corn and feed producing country, and it is well that such is the case, for the Great State of Texas spends twenty-five million dollars annually for imported corn, and several million for imported meat. The Plains country is destined to become the future bread basket of not only Texas but of a large part of the United States. She will also be expected to furnish a big per cent of beef and pork for the hungry millions. What country under the shining sun is better adapted to pork and beef production than this? There is none. It is easy to raise abundance of feed, and our water is as pure as God ever made. Our air is cool and bracing the year round, so that mister hog and miss cow grow to maturity under the most favorable conditions possible.

## OUR LAND IS CHEAP, FERTILE AND PLENTY

And is rising rapidly in value. It has doubled in value every three or four years without a railroad. Now, who can tell what it will do with a railroad, and maybe two or three? Young man, do you suppose this land will long remain at the present prices? Do you think it will ever be cheaper? Certainly it will not. Then why not buy now? Don't wait until you can pay for a whole section, but pay one-third down on a half or quarter section. Whether you have little money or much, invest it in good real estate, either city or country.

TAHOKA is the County Seat of Lynn County, and is the only town in the county. It is 28 miles from any other town, and has a territory 75 miles across to supply. It has a Thousand population, 250 school children and a good school employing four teachers, and a proposition on foot to issue bonds and erect a Fifteen Thousand Dollar brick school building just as soon as the railroad is completed to our town. We have three nice churches, two drug stores, two barber shops, a National Bank, hotel, livery stable, confectionery, hardware, telephone exchange with long distance connection to all important points, a number of dry goods and grocery stores, a cotton gin, grist mill, wagon yards, feed stores, blacksmith shops, tin shops and in fact everything that goes to make a town. The Santa Fe Railroad has its grade completed and will be running trains into our town within sixty days. We have offered the Texas Central, at their request, a bonus and right-of-way through Lynn County, and their surveyors are now running the preliminary survey from Rotan through our county. The Rock Island Railway is planning to build a line through our county to Roswell or El Paso, and the material is already ordered, and their charter is granted.

I have lived in this country twenty five years, and have seen our country change from a buffalo range to the greatest farming country west of the Mississippi. The change has been rapid, but I predict that our progress the next five years will be far greater than the last twenty five. And why not? Then, it was the ox team age. Now, it is the steam and electric age.

Let me sell you a beautiful building lot in North Tahoka, where the title is simple and clear as the blue sky, where water is pure and plenty, where the sand, dust and trash from the city never comes. I can sell you a lot NOW from \$100.00 to \$400.00 and guarantee abundance of good water. Think it over. Do it now.

### NORTH TAHOKA LOT

Tahoka is the Best Little City on the Plains and has the Brightest Future. North Tahoka Lots are the best and most desirable lots both for Business and Residence. Buy now while they are cheap. For they Will Double in value by the time the Santa Fe is completed to Tahoka.

I have made arrangements by which I will have the exclusive sale of all lots in North Tahoka. North Tahoka is the best and most desirable business and residence part of the town, and among the few of the many advantages are:

First. Perfect title, good as gold. The title is simple and short, being a patent of the State of Texas to the present owner, and from him to you. Can you ask more?

Second. An abundance of shallow, soft, cold water, and perfect drainage, it being a little higher than the old town section; and lying on the north side of the square, and west of the railroad, it is free from dust, smoke and soot.

It is the intention of the management of these lots, to put in as soon as practicable, a stand pipe and gasoline engine with plenty of hose, thereby insuring perfect fire protection and reducing insurance rates from fifty to seventy-five per cent, and also furnishing an abundance of water for the purpose of watering lawns, trees that will be planted along the streets, that are to be graded and cement sidewalks laid as fast as the sale of these lots will justify.

Everything that will add to the beauty and comfort of this part of the town will be done regardless of trouble and expense.

Already, the people are buying and building on this desirable location. If you want a home, buy it now. We can suit the most fastidious. The lots will be sold cheaper.

I also have some very desirable lots and blocks lying along beside the railroad track, making them very desirable locations for lumber, coal, wagon yards, etc. Tahoka needs all these things, and I invite you to come and see these desirable locations in a thriving first-class railroad town.

### JUST A FEW BARGAINS

I can sell you thousands of acres of good smooth farming land that will produce 50 bushels corn to the acre, 1-4 to 1 bale cotton, and kaffir maize and sorghum without limit. Where one can handle twice the amount of land he can in any other country with better results.

No. 1. 4000 acres of fine cat-claw and mesquite and sand land, wells and windmills, house, barns, lots, cross fenced, about 100 acres in cultivation, and fine water a depth of about 80 feet. Price \$11.00 per acre net, 1-3 cash, balance in 1, 2 and 3 years, at 8 per cent interest. Will be worth \$30.00 in three years.

J. J. Baker of Acuff Community, Reports Fine Farm Prospects in His Community  J. J. Baker of the Acuff community was in the city Saturday, and paid this office a pleasant call, he is at present nursing a badly bruised foot, caused by a harrow running over his foot. He is however getting along alright, and does not anticipate anything very serious from the accident. In conversation with Mr. Baker with regard to the prospects for a crop this year he stated that he had never seen better prospects for a bumper crop at this time of the year since he has been here, which covers a period of about seven years. Mr. Baker has never made a com-	W. E. Cope was in to see us Saturday and brings a good report from his community. He informs us that his fruit crop is safe, and will have plenty of all the varieties in his orchard so far as freezes are concerned. He also reports crop conditions most favorable, and he will have quite an acreage this year, and will practice diversified farming. Mr. Cope also believes in raising several good hogs, which he says can be kept up on the scraps and odds and ends of the farm, to within a few months of killing time, when a few bushels of grain can be fed them and make meat enough and furnish lard for the entire family for the year. Mr. Cope said last year he purchased ten hogs, fattened them, killed eight, which was enough meat to run his family twelve	Biggest Steel Reservoir on the Plains Being Erected Here by Santa Fe People  That the Santa Fe people are building for the future, is very substantially backed up by the developments that have materialized within the past few weeks in the way of an additional water supply for railroad use. This has been a watering point for the engines for this branch the road from the time the road was built into this place, but the supply will be greatly increased in the future by the building of one of the largest steel reservoirs for water on any of the Santa Fe system lines in the Panhandle. **COMMENCEMENT EXERCISES**

Lubbock Public School Closed Successful Term by Appropriate Exercises, Friday Night

The Lubbock High School closed for the term of 1909-10 last Friday evening, the Commencement Sermon was preached Sunday in the Baptist Church by Rev. G. B. Overton, in connection with one of the nicest programs of the year, consisting of vocal and instrumental music, etc.

Thursday night following was the date set for the Commencement exercises, but the weather interfered to such extent that this part of the program was postponed till Friday night, when it was carried out in full, and was greatly enjoyed by the large audience that had assembled to do honor to the occasion.

Following is the Program for the Commencement Exercises.

1. Opening Chorus "America," by High School Girls.
2. Talk by Prof. Wester, of Panhandle City.
3. Violin Duet, by Clyde Gib and Hazel Freiderich.
4. Piano Solo, Riechie Boyd.
5. Violin Music, by Orchestra.
6. Piano Solo, Moneta Abney.
7. Naoma Overture, Orchestra.
8. Piano Solo, Minnie Clayton.
9. Piano Solo, Virginia Rucker.
10. Recitation, Elsie Holder.
11. Presentation of Diplomas, Judge Bean.
12. Closing Chorus, "College Days From The Burgomaster."

By way of comment we will state that all did their part to make the entertainment a success and each one should have special mention if our space was not limited.

After the commencement exercises were concluded a four act drama, entitled "A Daughter of the Desert" was presented by members of the High school, the net proceeds of which were to be used toward the equipment of the School Library. This play was given under the management of Miss Willie Cowan, and was well rendered, and greatly enjoyed by the audience, who showed their appreciation of the splendid execution of the same, by frequent and loud applause.

The Lubbock Concert Orchestra with the following members, furnished splendid music for the occasion:

Fred Hettler, Violinist and Director; H. B. Thomas, first violin; Dr. J. E. Kane, first cornet; Edgar Inmon, second cornet; S. C. Wilson, trombone; Miss Willie Cowan, pianist.

Following was the cast of characters in the play, which was presented with honor to every member of the company.

THE STATE OF TEXAS: To the Sheriff or any Constable of Lubbock County:—Greeting:

You are hereby commanded to summon, by making publication of this citation and notice once in each week for eight consecutive weeks previous to the return day hereof in some newspaper published in Lubbock county, Texas, M. M. Burts, whose residence is unknown, the unknown heirs of M. M. Burts, whose names and residences are unknown, and all other unknown persons, whose names and residences are unknown, to whom the hereinafter described property belongs to be and appear before a sitting of the undersigned Special Commissioners, duly and legally appointed and qualified, to be held at the court room in the court house of Lubbock County, Texas, in the town of Lubbock, the county seat of said Lubbock county, Texas, on the 18th day of June A. D. 1910, at two o'clock p. m., then and there to answer the statement and petition for condemnation of the Pecos and Northern Texas Railway Company filed with the county Judge of Lubbock county, Texas, on the 11th day of April, A. D. 1910, in a suit wherein said The Pecos and Northern Texas Railway Company is plaintiff, and M. M. Burts, the unknown heirs of M. M. Burts and all other unknown persons to whom the hereinafter described property belongs, whose names and residences are unknown, are defendants.

The nature of plaintiff's suit is as follows, to-wit: Plaintiff alleges that: Plaintiff, The Pecos and Northern Texas Railway Company, is a corporation duly incorporated, organized and existing under and by virtue of the laws of the State of Texas for the purpose of locating, constructing, owning, maintaining and operating a railroad through the county of Lubbock, in the State of Texas, and through certain other counties in Texas, and that by the terms of its charter it is duly authorized to locate, construct, own, maintain and operate its railroad through said Lubbock county and through other counties in the State of Texas, and that it has its principal office and place of business in Potter county, Texas.

That said defendant, M. M. Burts, whose residence is unknown to plaintiff the unknown heirs of M. M. Burts, whose names and residences are unknown to plaintiff, and all other unknown persons whose names and residences are unknown to plaintiff, are the owners in fee simple of the following described parcel or lot of land to-wit: Lot Numbered Nineteen (19) in Block number Ninety-one (91) in the town of Lubbock, in Lubbock county, Texas. That Plaintiff, The Pecos and Northern Texas Railway Company, has located its railroad upon, over and across said above described lot, and that for the purposes of its incorporation and the transaction of its business, and for the purposes of locating, constructing, owning, maintaining and operating its said railroad, it is necessary that petitioner have said above described lot and each and every right and appurtenance thereto in any wise beneficial for the use of itself and its successors in perpetuity, for the right of way for its main line tracks, bridges, switches, spur tracks, passing track, depot and station buildings, water and fuel oil tanks and coal bins, and for each and every purpose necessary or convenient to its use as a common carrier, and that petitioner hereby seeks to condemn said parcel or lot of land for each and all of said purposes. That petitioner is unable to agree with defendants for the purchase of said above described lot of land, or upon the damages caused by the condemnation of the same for the purposes aforesaid and by the construction of said railroad. That petitioner and defendants have not agreed upon any Special Commissioners.

Wherefore, petitioner presents and files this statement and petition for condemnation and prays that your Honor will appoint three disinterested freeholders of said Lubbock county, Texas, as Special Commissioners to assess the damages occasioned by the condemnation of the aforesaid property and prays that said property be condemned for said purposes aforesaid in accordance with the Statutes of the State of Texas in such cases made and provided; and petitioner prays for all such other and further relief, general and special, to which petitioner may be entitled.

Herein fail not, but have you this writ with your return thereon showing how you have executed the same before us at the time and place aforesaid.  
 Witness our hands this 12th day of April, A. D. 1910.

**New Buildings**

The building of neat residence houses continues at a lively rate and one can find new buildings dotting the town in most any direction. It is encouraging indeed to see the town grow as rapidly and as steadily as Lubbock has for the past year. There has not been a lull in the work and no slacking up in sight.

W. E. Bledsoe, whose home is near Petersberg, has just completed five new cottages on the McWhorter and Roberts Addition, all of which will be for rent purposes. J. F. Merret has also completed five nice cottages in the east part of town, and a score or more other houses are now under construction. The good work continues and with the advent of another road into our city and the completion of the Santa Fe Texico-Coleman cut-off the number will be increased greatly.

**Died**

The little two year old child of Mr. and Mrs. Butler Reiger of Slide died Sunday night at 11:15 of Diphtheria. She had been complaining for several days, but until four o'clock Sunday evening she was not thought to be dangerous. Medical aid was then summoned but she died shortly after the physician arrived.

Interment was made in the Lubbock Cemetery Monday evening. The Avalanche joins with the many friends in extending sympathy to the bereaved.

The new residence of Geo. C. Wolforth on Broadway, just south of the Sanitarium is assuming stately proportion and will be a very handsome building when completed.

**Citation by Publication**

THE STATE OF TEXAS  
To the Sheriff or any Constable of Lubbock County—Greeting:

You are hereby commanded to summon J. P. Maxwell by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 64th Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 64th Judicial District, to appear at the next regular term of the District Court of Lubbock County, to be holden at the Court House thereof, at Lubbock, on the 5th Monday in May, A. D. 1910, then and there to answer a petition filed in said Court on the 26th day of April, A. D. 1910, in a suit, numbered on the docket of said Court No. 34, wherein H. V. Edges is Plaintiff and J. P. Maxwell, C. E. Larson, Jno. F. Robinson and Frank Bowles are Defendants and said petition alleging that plaintiff and defendant Robinson and Bowles are resident citizens of Lubbock County, Texas, that defendant Larson resides in Benton County, State of Arkansas, and that the residence of defendant Maxwell is unknown and, after diligent inquiry, cannot be ascertained.

That on September 28th, 1908, and for a long time prior thereto, plaintiff was the owner in fee simple, except for 97 1/2 cents per acre to the State of Texas, at 2 per cent annual interest, of 160 acres of land in Lubbock County, Texas, and known as the Northeast one fourth of Survey No. 64 in Block A, and on said date, he, by his deed duly dated, executed, acknowledged and delivered, conveyed said tract of land to defendant Larson, and therein reserved a lien for the deferred purchase price, being eight notes, each of said date, for the sum of \$100.00 each, and all bearing interest at the rate of 8 per cent per annum, payable annually, and due at one, two, three, four, five, six, seven and eight years, respectively, from date and each note reciting that a failure to pay it, or any installment of interest thereon when due, would, at the election of the holder or holders, of any of said notes, mature the whole series and interest thereon; and each and all notes further provided that in event of default in their payment after maturity according to their several terms and conditions and said notes were placed with an attorney for collection, or that suit was brought to enforce the same, then an additional sum of 10 per cent on the amount of principal and interest due, should be added as attorney's fees.

That said deed is of record in Lubbock County, Texas, Deed Records, Book 21 at page 69, and plaintiff not being in possession of said deed, notice is given to produce it at the trial hereof, or other evidence will be offered of its contents, some of the defendants having the same.

That on about December 16th, 1908, defendant Larson conveyed said land to defendant Maxwell, who assumed the above described notes and interest thereon and to accrue, with terms and conditions of maturity and attorney's fees, and agreed to pay the same, which instrument is of record in Book 29 at page 289 of the Deed Records of Lubbock County, Texas, and is alleged to be in possession of some of the defendants, and notice is given to produce same at the trial hereof, or other evidence will be offered of its contents.

That all said notes were executed and delivered to plaintiff at about their dates, and each and all are now the property of the plaintiff herein, that the first note given has matured in due

course, and is, and remains, wholly unpaid as to any of its terms, and that plaintiff acting on the contract and stipulation whereby the other seven notes might be matured, has elected to mature them all, with the accumulated interest on the same; that default has been made in the payment of each and all of the same, and no part of said notes nor interest thereon has been paid; and, relying on the stipulation contained in said notes, plaintiff has placed them all in the hands of R. A. Sowder, an attorney of this Court, for collection, and has agreed to pay him the 10 per cent thereon stipulated as his fees therein and suit is here instituted to collect said amounts that it was necessary that plaintiff employ an attorney to collect his debt, and that said sum of 10 per cent is reasonable, just, proper and necessary compensation; plaintiff says that if his plea of estoppel as to said attorney's fees be not held valid and binding on the defendants above, then he says he has agreed to pay said attorney the sum of 10 per cent on all principal and interest as his fees herein for prosecuting this action, that said sum is reasonable just and proper and necessary in order that plaintiff may collect his said debt, and that the sum of 10 per cent on said principal and interest is necessary to indemnify him for his damages by forcing him to employ an attorney for said purpose and is unpaid.

That there is now due the sum of \$1,440.00 as principal the sum of \$187.58 as interest thereon, the sum of \$5.00 as interest on past due interest, and by reason of having placed said notes in the hands of an attorney for collection, the fees of said attorney in the just and proper sum of \$163.25.

He further says that he has been forced to pay the interest due to the State of Texas for the year 1909, of \$4.68, and the State and County taxes for said year, in the sum of \$4.00, on said land, in order that his security of said land may be held to him, that defendants aforesaid are bound for said sums and he asks that he have his judgment accordingly.

He says that defendants Bowles and Robinson claim some interest in said land, and prays they be cited herein and their claim, or interest, be decreed subordinate to his.

The foregoing being considered, he prays that he be given judgment for his said debt, interest and attorney's fees, and said sums he was forced to pay to protect said land, that said amounts be decreed a lien on said land, that the same be sold to satisfy said lien, and he have his joint and several judgment against defendants Larson and Maxwell, for any balance remaining after application thereof to his debt; that due service be made on all said defendants, and for such relief as he may show himself entitled at the Bar of this Court.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Lubbock, this 26th day of April, A. D. 1910.

**Acuff Items**

Acuff still on top and everything moving on as usual. Most everybody well up with their farm work.

The past week has been a little tough on young crops, high wind and cool nights.

The fruit crop seems assured now, and we expect lots of fruit of all kinds.

M. A. Evitt filled his regular appointment here last Sunday.

S. S. Rush spent last week at Amarillo attending court.

The whooping-cough is still raging in this community.

W. J. Drury and Mr. Danner are busy grubbing five sections of land for Mr. A. M. Ludeman.

A. M. Ludeman has a large force of hands at work building houses on his farm.

M. Haddock of north of Lubbock assisted J. T. Brown on his farm last week.

The election for a higher special school tax comes off next Saturday. Everybody come and show your colors on school matters.

J. F. Bacon attended county court at the capitol city last week.

Everybody invited to come to Acuff the 3rd Sunday in May. A big time expected.

W. J. Stalcup sold his home place to L. E. Dow of Chicago, at \$29 per acre, and purchased 320 acres from J. M. Dupree, seven miles northeast of Lubbock, the place where W. M. Cope now lives.

We learn that J. W. Dalton of Lubbock, sold his nine section ranch in this neighborhood to Lubbock parties.

—Happy Jack.

L. O. Burford of Acuff was in the city Monday.

**DO YOU REALIZE WHAT YOU MISS**

If you ignore an announcement such as we make below? Do you know there is a reason for such unusual underpricing?

**The Reason Is This**

We want to impress upon the public the fact that we can and do give better values every day in the year than anywhere else on the South Plains. And when we do this we know we are making new customers, adding to our already large volume of business, makes such value giving possible.

All through the store you will find every day necessities at lower prices than they have been offered before. We buy for two stores in immense quantities and get price concessions that will enable us to sell our goods far below the old time prices.

MRS. S. P. STUBBS, Editor

Disregard for law and its established modes of procedure is as serious a danger as can menace a democracy. The restraint of passion by respect for law is a distinguishing mark of civilized beings. A democracy which would endure must be as law abiding as it is liberty loving.

On investigation there is found to be a well nigh universal discrimination by officers as to which laws shall be enforced and by citizens as to which shall be obeyed. This being true our government is in danger.

If existing laws were enforced but few saloon keepers could make a living, and there would be no public gambling or prostitution in many states. Instead of these almost ideal conditions we find that saloons are run in defiance of all restrictive laws and that gambling and prostitution are allowed, usually under a system of fines which virtually amounts to license fees. Often when an effort is made to enforce these laws the court will interfere with an injunction, which is the death of the movement.

What makes possible this misinterpretation, nullification and nonenforcement of law? Lack of public sentiment, says the officer, whose sworn duty it is to see that all laws are enforced. Lack of public sentiment, is the excuse of the prosecuting attorney who neglects are refuses to do his duty. Lack of public sentiment, is the plea of the judge and jury who fail to render decisions according to the intent of

the law. Verily Abraham Lincoln spoke the truth when he said "With public sentiment nothing can fail; without it nothing can succeed. Everyone is responsible for public sentiment."

This should be the stronghold of woman's work and is of the Woman's Christian Temperance Union. When it concentrates its forces for any particular object, public sentiment sustains it and the result is many righteous laws enacted by national, state and municipal governments.

Laws can no more enforce themselves than enact themselves and yet systematic work for law enforcement has been done only in isolated places.

Many times officials fail to realize that their oath of office does not give them discretionary power in regard to which laws shall and shall not be enforced.

The governor of a great state spoke the truth when he said: "There is but one thing for an officer to do and that is to obey his oath; there is but one thing for a citizen to do and that is to obey the law."

Our watchword: Education needs to be emphasized; educate women who are leaders in making public sentiment; educate men who have taken citizenship as an hereditary right without studying its problems; educate the children on whom the future of this nation depends; educate officials.

An educated public will have an intelligent sentiment which will render the juggling of laws by politicians and officials unpopular and dangerous to their positions.

To be successful educators, knowledge is necessary. The

need of this knowledge and education will be shown by illustrations which can be paralleled in every license state.

If the fight for God and home and native land is ever won, men and women must understand laws and see that they are enforced. Lawlessness is our danger.

Reverence for the law and obedience to her mandates are our safety. This should be taught in our public schools by the press, by the pulpit, and on the forum.

The Woman's Christian Temperance Union must be able to use its influence intelligently, not only in the halls of legislation but in the city councils, in the court room and at the ballot box. We must study that we may serve.

People allow their sons and their neighbor's sons to become cigarette fiends, gamblers and drunkards, rather than enter a legal complaint, go to court and have the violators of law punished.

This reluctance to use the law comes largely through lack of knowledge of the modes of procedure.

### Citation By Publication

THE STATE OF TEXAS  
To the the Sheriff or any Constable of Lubbock County—Greeting:

You are hereby commanded to summon James Scullon, G. W. Chumbley, and T. T. Jordan; by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county; if there be a newspaper published therein, but if not, then in any newspaper published in the 64th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 64th Judicial District, to appear at the next regular term of the District Court of Lubbock County, to be holden at the Court House thereof, in the city of Lubbock, on the 5th Monday in May A. D. 1910, the same being the 30th day of May A. D. 1910, then and there to answer a petition filed in said Court on the 23rd day of March, A. D. 1910, in a suit, numbered on the docket of said Court No. 421, wherein W. H. Putman is Plaintiff, and L. T. Lester, J. B. Holloway, G. W. Chumbley, T. T. Jordan, R. H. Mitchell and James Scullon are Defendants, and said petition alleging that on November 16th, 1908, the defendants L. T. Lester and J. B. Holloway executed and delivered to plaintiff three certain Vendor's Lien notes in part payment for survey No. 35, Block "C2" in Lubbock County, Texas, said notes dated November 16, 1908, and due on or before one, two and three years after their dates respectively, bearing 8 per cent interest per annum, payable annually, and a Vendor's Lien was expressly retained in the deed and notes above mentioned, securing the payment of said notes each notes provides that failure to pay the same when due, or any installment of interest at maturity, matures all notes of the series at option of the holder or holders, and each note further stipulates that if after maturity it is placed in the hands of an attorney for collection or collected by suit or through the Probate Court that ten per cent on the amount then due shall be added as collection fees; that note No. 1 became due November 16th, 1909 and that one year's interest on all of said notes became due on said date; that said note No. 1 is still due and unpaid and all interest accrued is due and unpaid, and plaintiff being owner of said notes has elected to mature all of them, principal, interest and attorney's fees.

That on the 6th day of March 1909, L. T. Lester conveyed his interest in the land above described to J. B. Holloway, who assumed the payment of all of said notes; that on the 16th day of March, 1909, the defendant Holloway, did sell and convey said land to James Scullon and R. H. Mitchell, who as a part of the consideration, assumed the payment of all of said notes; that on the 19th day of March, 1909, the defendants, R. H. Mitchell and James Scullon conveyed said land to T. T. Jordan and G. W. Chumbley, said Jordan and Chumbley assumed the payment of all said notes, except \$70.00, which is credited on the back of note No. 1, that by virtue of the execution of said notes by defendants, Lester and Holloway, and by virtue of the assumption of said notes by J. B. Holloway, James Scullon, R. H. Mitchell, G. W. Chumbley and T. T. Jordan, they became liable and promised to pay plaintiff the amount of all of said notes, together with attorney's fees.

Plaintiff prays that the defendants be cited and that he have judgement against L. T. Lester and J. B. Holloway for the amount of his debt, interest and attorney's fees, allowing a credit for \$70.00 on note No. 1, and against the defendants, G. W. Chumbley R. H. Mitchell, T. T. Jordan and James Scullon, on their assumption of the payment of said notes and all of said indebtedness, and that the Vendor's Lien be foreclosed against the land above described, and that the same be

sold according to law, and for cost of suit, and general and special relief.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Lubbock, Lubbock County, Texas, this the 23th day of April, A. D. 1910.

### Citation By Publication

THE STATE OF TEXAS  
To the Sheriff or any Constable of Lubbock County—Greeting:

You are hereby commanded to summon James Scullon, T. T. Jordan and G. W. Chumbley by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county; if there be a newspaper published therein, but if not, then in any newspaper published in the 64th Judicial District; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 64th judicial district, to appear at the next regular term of the district court of Lubbock County, to be holden at the court house thereof, in city of Lubbock, on the 5th Monday in May A. D. 1910, the same being the 30th day of May A. D. 1910, then and there to answer a cross bill filed in said court on the 14th day of April A. D. 1910 in a suit, numbered on the docket of said court No. 421, wherein W. H. Putman is plaintiff and L. T. Lester, J. B. Holloway, R. H. Mitchell, James Scullon, T. T. Jordan and G. W. Chumbley are defendants; and in the cross bill L. T. Lester is cross complainant and J. B. Holloway, James Scullon, T. T. Jordan, R. H. Mitchell and G. W. Chumbley are cross defendants and said cross bill alleging as follows:

That on November 16th, 1908, defendants, L. T. Lester and J. B. Holloway executed and delivered to plaintiff three certain Vendor's Lien notes in part payment for survey No. 35, in block "C2" in Lubbock County, Texas, and due on or before one, two and three years after said date respectively, bearing eight per cent interest per annum from their date, payable annually, and a Vendor's Lien was expressly retained in the deed and notes above mentioned, securing the payment of said notes, that each note provided that failure to pay the same when due, or any installment of interest at maturity, matures all notes of the series at option of the holder or holders, and each note further provides that if after maturity it is placed in the hands of an attorney for collection, or collected by suit or through the probate court, that ten per cent on the amount due shall be added as collection fees, that note No. One became due on November 16th, 1909, and that one year's interest on all of said notes became due on said date, and that said note No. One and all said interest is still due and unpaid, and plaintiff being the owner of said notes has elected to mature all of them, principal, interest and attorney's fees; That on the 6th day of March, 1909, L. T. Lester conveyed his interest in the land above described to J. B. Holloway and J. B. Holloway assumed the payment of all of said notes, that on the 16th day of March, 1909 defendant J. B. Holloway did sell and convey said land to James Scullon and R. H. Mitchell, who assumed the payment of all of said notes, except \$70.00 which is credited on the back of note No. One; that by virtue of the assumption of said notes by the defendants J. B. Holloway, James Scullon, R. H. Mitchell, G. W. Chumbley

and T. T. Jordan, they each and all of them became liable and promised to pay cross complainant, L. T. Lester all said notes as said Lester shall be compelled to pay by virtue of having signed said notes at the date of their execution.

Prayer by L. T. Lester that J. B. Holloway, James Scullon, G. W. Chumbley and T. T. Jordan be cited, and that if W. H. Putman secure judgment against cross complainant Lester, that he have like judgment over against his co-defendants for all such sums of money as he may be compelled to pay by virtue of being signor of said notes and that the Vendor's Lien be first foreclosed against the land above described and that the same be decreed to be sold according to law before execution issue as against L. T. Lester, and for cost of suit and special and general relief.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Lubbock, Lubbock County, Texas, this the 28, day of April A. D. 1910.

### Lubbock Girls Entertain

Last Saturday evening three of Lubbock girls went over to Brownfield and entertained a nice audience of Brownfield people with a recital Saturday evening. They report a royal time, and quite satisfactory returns from entertainment. The party was composed of Misses Patterson, McGee and Word.

After the entertainment they were given a reception at the home of Miss Copeland, assisted by Miss Harris, and the ladies speak very highly of the way they were entertained by those young ladies.

We ask the patrons of the Avalanche to read the ad of the Lubbock Bottling Works, in this issue. This Company will try for the trade of this section and have showed their faith in Lubbock by putting in a fine plant and it is but right that they receive the consideration that their efforts merit. In connection with the bottling works they will also install an ice cream factory in the very near future.
