THE LUBBOCK FIRE DEPARTMENT

NEEDS BETTER EQUIPMENT AND EFFORT WILL BE MADE TO OBTAIN IT

NEEDED EQUIPMENT WOULD NOT BE HEAVY EXPENSE

Business Men Would Get it all Back in a Short Time From Difference on Insurance Rates According to an Insurance Man's Statement—Time Now to Act.

In conversation with some of the firemen, we find that they are anxious to get a better equipment. While some of their equipment is good, yet they need some better arrangement. Their plan is to build an automobile fire truck, somewhat after the model of the Amarillo company. This truck would be capable of holding about 1000 feet of hose, a part of the chemical outfit, several ladders, and carry the men on the running boards. The firemen say that the materials are at hand in Lubbock to build what they so much need at a comparatively small price for what Lubbock would get. The truck which they are now using is utterly inadequate for the purpose of fire protection. And insurance agents tell us that fire insurance rates would be materially lowered should such an apparatus as the firemen want

is installed. Why shouldn't this city have a better fire protection? Lubbock is a rapidly growing city. We are a city of distances, and we need apparatus such that will bring the firemen to the scene of the fire with all their equipment on shortest notice. A few minutes delay might cost us far more than the whole outfit for the desired outfit. Both the city fathers and the citizens should back these volunteer firemen, who do not even get paid for their service of protection, no matter how long a battle they are compelled to put up in case of fire. Chief W. E. Twitty and L. H. Simpson who were delegates to the Sweetwater convention can tell you of the needs. By the way Miss Model Simpson was elected mascot of the association at this convention.

BAPTIST MEETING CLOSED

Monday Morning Service was the Last of the Series—Big Ingathering of Members

As announced in the last issue of the Avalanche the big meeting that had been going on in the tabernacle under the auspices of the Baptist church for the past two weeks came to a close with the Monday morning service. Rev. L. E. Finney, who did the greater part of the preaching, during the meeting left for his home in Midland on the afternoon train, the singer Mr. Miller, leaving Sunday to go to another appointment. This was one of the most successful meetings that has ever been held in Lubbock, and the number of conversions is not known, nor will it ever be known. Sixty-eight joined the Baptist church either by letter or profession of faith and baptism, while others will join different churches of the town at first opportunity. The baptismal service was held at the Baptist church Sunday afternoon, and in the presence of a house-full of people, the ordinances of baptism were administered to 23 candidates, by the pastor assisted by Rev. Finney. Wednesday evening of this week another service of like manner was held and ten or twelve more candidates were baptized.

At the 11:00 o'clock hour Sunday morning an offering was taken for the expenses of the meeting, which included the salary of Rev. Finney and his wife, Mr. Miller and his wife, and other expenses. The offering was over \$400 was subscribed.

Following is a list of those uniting with the Baptist church as a result of the recent revival conducted by L. E. Finney of Midland by letter and otherwise: Mr. Geo. W. Morris, Mrs. Geo. W. Morris, Maxey Morris, Lula May Kilgove, Effie Norris, D. A. Dodson, Mrs. D. A. Dodson, Virgie Dodson, Arthur Wallace, W. D. Shaw, Mrs. W. D. Shaw, Gertie Nunnerly, Mr. A. W. Craig, Mrs. A. W. Craig, Frank V. Brown, Viola Mobley, Lela Fay Trent, Alma Summers, Pearl Hensley, W. G. Welborn, R. Scott Cochran, Mrs. R. Scott Cochran, Mrs. Lee, Bulah Stringer, Mrs. M. Hensley, Lillie Rich, Mrs. M. Hensley, Theo. Scroggins, Lelah Reberds, Mrs. Laura, Mrs. Tom Ivey, Geo. Ivey, Tom Ivey, Lottie Bole, Mrs. Roy, Mrs. J. T. Bullock, Mrs. Bullock, J. V. Roy, Mrs. Taylor, Gil-

mer Atkins, Claxton McCrummen, Foy McCrummen, C. C. Jones, Mrs. G. C. Jones, R. W. Burton, Mrs. W. N. Copeland, Mrs. G. M. Cosby, Mrs. F. V. Brown, L. I. Rouse, A. M. Hensley, Jean Barnett, John Atkins, Mrs. H. C. Harry, Miss Lula Campbell, J. L. Moore, Mrs. Mattie Ligon, C. M. Wallace, L. W. Lowe, Mrs. E. L. Crosser, C. C. Reed, Miss Mildred Moore, E. R. Haynes, Miss Nellie Curtis, L. L. Lee, Mrs. L. L. Lee, Mr. F. M. Loyd, Mrs. F. M. Loyd, Mrs. A. V. Hinds.

Lowrey Leases Buildings R. H. Lowrey informed us this week that he had closed a trade whereby he leases two of the three ground floor buildings just being completed, and the upper part of the building. The room on the alley, next to Rankin & Sons will be occupied by J. H. Moore, the close price store, and the next one south has been leased by Phillips, Mitchell and McElroy. Messrs Phillips and Mitchell will operate a cold drink and confectionery business in the front part of the building and E. McElroy the opera house man, will use the back part for his moving pictures. They all expect to be into their new quarters by the first of the month or very soon after.

The Odd Fellows have leased the upper story of the building next to the State Bank and will have it fixed up for a lodge hall.

Ripley News We would just like to know who said Mrs. Will Wright didn't know how to entertain, cause we know she does, for she entertained Mrs. J. M. Wright, Miss Katie Belle Crump, Lillian Brown, Nettie Stokes, Pearl Wright, Janie, Mary, and Cecile McCrummen, Eula Stokes and Marie Hill from four until six o'clock Saturday evening August 23. Mrs. Wright served sandwiches ice tea, ripe tomatoes, celery, banana and caramel cake and two kinds of ice cream. Everybody had the nicest time. Oh yes, took some lovely pictures too! Only wish she would entertain more often.

A Monkey. Rev. Ward Littlefield Littlefield, Aug. 27.—Rev. J. P. Word, pastor of the First Presbyterian church of Lubbock was in Littlefield Sunday and preached at the 11 o'clock hour and in the evening. This was the first Presbyterian minister represented in the town, the Baptist having had a minister here twice, the Methodist having been here to organize a church organization.

AT LUBBOCK CHURCHES

Announcements of Services at the Various Churches of our city. You are Cordially Invited

COME TO THE METHODIST SUNDAY SCHOOL If you are a Methodist or that church is your preference come and join our Sunday School. It's a live one and we want you for a member. The Busy Men's Bible Class have a separate class room where you can get the very best opportunity to recite the lesson. The Wesley class composed of ladies invites you to join them in their class room. The senior and junior Baraca classes both have class rooms and are anxious to have you come. The young ladies class is separate from the main school and would be glad to have you join them. In fact any class suited best to your size, age or grade in the literary school would rejoice to enlist you in the great work. If you are visiting in town come and visit us. If you are a traveling man and are here over Sunday come. We will welcome you as a visitor. We had a splendid service last Sunday: good attendance and good conduct, a deep interest and bubbling over with enthusiasm. Come. Sunday School Superintendent.

Rev. W. M. Lane will preach at 11:00 o'clock Sunday morning. No services Sunday night on account of the protracted meetings being conducted by the South Side Christian church and the Cumberland people.

We are requested to announce that Rev. Eason will occupy his pulpit at the Nazarene church Sunday at the 11:00 o'clock hour.

SUNBEAM PROGRAM Subject—Home Mission Heroes. Motto—"Blessed is that Nation Whose God is the Lord." Hymn. Scripture—Acts 20:18-24. Alma Simmons. Roll Call. Hymn. Recitation—Mildred King. Dialogue—Willette Waters and Verna Wilson. Leaders Talk. Offering—(Bring Mite Boxes.) Hymn. Prayer—Bro. Grumbles.

PRESBYTERY The Presbytery of El Paso, U. S., will meet at the First Presbyterian church, Tuesday, Sept. 16 at 8 p. m. All the meetings of Presbytery are open to the public and everybody is invited to attend.

The opening sermon will be preached by the retiring Moderator, Rev. F. S. Henderson, of Big Springs, at 8 p. m., Tuesday, Sept. 16.

The following committees have been appointed: Committee on correspondence—Mr. S. P. Robbins, Mr. Fred Spikes. Committee on reception—Judge W. R. Spencer, Mr. Clarence Symes, Mrs. H. A. Davidson, Mrs. Fred Spikes, Miss Ruby Ellis.

Committee on music—Mr. S. C. Wilson, Miss Margaret Huff, Mrs. B. L. Fain. Committee on entertainment.—Messrs. H. A. Davidson, H. A. Spencer, E. C. Priest, Simeon O'Neal, Mrs. H. A. Davidson.

MISSIONARY AUXILIARY NOTES The Bible Study Class was led by Bro. Overton. We had a good service. At our next meeting we are to decide which mission study book we will use this fall. Let us have a large class and become better informed on our work.

The September Circle will serve ice cream and cake in the court house yard Thursday evening, Sept. 4th. Come and eat with them and enjoy listening to the splendid music made by the Lubbock Band.

September is the month for membership campaign. It is possible to double our membership if each member will do her duty.

ONE DEACONESS' ESTIMATE OF SERVICE. "I often wonder if we really appreciate as we should the very great privilege we have of working for the Master. I am sure I try to, but feel that I do not know how. I prayed very earnestly yesterday morning that

Christ would teach me how to love humanity as he loved them, and I think I never had a busier day serving others than yesterday. Like the Master, I had not time so much as to eat. Last night, after I came home late, the thought came to me: That is Christ's way of loving humanity. And I said: 'O my Saviour, is this really one of the ways of loving?' I am sure he loves in other ways, and I do so want to love as he loves. Pray for me."

The Missionary Conference at Waynesville was a great meeting, a worthy successor of the one at New Orleans, and one that will to a large extent shape the future of our mission work. A collection of \$50,000 was taken at New Orleans, up to that time the largest amount that had ever been raised at one time in our church. The marvelous Bishop Galloway spoke on that Sunday night in his finest style, moving that vast audience with his eloquence. He managed the wonderful collection in his happiest mood. At Waynesville Dr. Pinson started the collection most successfully and Bishop Hendrix continued it (or them, for there were three of them), and in his peculiar apt, bright, hilarious manner led the audience into hilarious giving, making them feel that it was a joy to add \$150,000 and over to the treasury of our Mission Board. Bulletin, Publicity Sept.

There will be no services at the First Presbyterian church next Sunday. Bro. Wrd will preach at Shalwater at 11:00 Sunday School as usual.

Another Operation Necessary Mrs. H. N. Stone, who has been sick at the home of her parents, Mr. and Mrs. W. R. Slaton, at Seminole for several weeks arrived home last Tuesday, and was accompanied by her mother, Mrs. Slaton and daughter, little Elizabeth who will remain here till Mrs. Stone regains her strength. LATER Since writing the above it has developed that another operation is necessary and Mrs. Stone was taken to a hospital at Plainview, where she will undergo the operation we hope to be able to report the entire success of the operation and a speedy recovery to health. Mr. and Mrs. Stone have the deepest sympathy of our people in this time of trouble.

Firemen's Mascot At the recent meeting of the Panhandle Firemen's Association little Miss Model Simpson was chosen as mascot for the association by a large vote. In fact after a little consultation her opponent was withdrawn from the race and she was unanimously elected for that place. The Association made an excellent selection, and she will fill that office with all the grace of a South Plains girl, and to the delight of the members of the Association.

Kicked by a Horse The sixteen months old son of Mr. and Mrs. A. J. Bryant, of near Crosbyton, was kicked by a horse one day last week, fracturing the skull just above the eye. He was brought to the Lubbock Sanitarium for treatment, and a portion of the bone was removed. He is doing nicely at this writing, and will be alright again in the course of due time.

Phillip R. Sleadd, who has been here with his mother visiting at the home of Mr. and Mrs. G. W. Robertson, the past month, returned to his home at Shelbyville, Ky., leaving Wednesday forenoon. His mother will remain here possibly another month. She is under treatment of Dr. Overton, and we understand is getting along nicely and much improved in health since coming to this country.

Mrs. Hutchinson, of Georgetown, and Mrs. Harris, of Taylor, both cousins of Mrs. Jno. Baker, enroute to Hale Center to visit other relatives stopped off here for a two days visit with Mrs. Baker Tuesday and resumed their journey to Hale Center this morning.

C. C. Doniphan, of the Thomas Hardware Company, Canyon, was here Tuesday looking after business matters.

Mr. and Mrs. W. E. Hill are visiting relatives and old acquaintances in Ohio this week.

LUBBOCK SCHOOL OPENS MONDAY

SUPERINTENDENT URGES THAT PUPILS WHO EXPECT TO ENTER BE ON HAND FIRST DAY

PATRONS SHOULD SHOW INTEREST BY THEIR PRESENCE

Everything Points to 1913-14 Terms of This School as the Most Successful Ever Taught in This City—Program Outlined for Monday.

The Lubbock public school will open for the term of 1913-14 on Monday, September first. All pupils should report for enrollment and assignment to classes at nine-thirty in the morning. The morning hour will be taken up by talks from citizens of the town and in the afternoon a list of books will be given those whose promotion and assignment is definite, then they will be dismissed for the day so they may procure books, leaving the teachers free to give attention to new pupils. Patrons are urged to bring their children the first day, Monday, so that they may be assigned their work for the next day and given their seats. The regular recitations will begin Tuesday. Owing to the newly adopted books many changes will be made, however, the course of study is not affected. You may exchange the old books for the new ones by paying one-half the price of the book. Such books as readers, etc., may be exchanged even though they do not correspond with the grade of the book desired, which gives a pupil

a fair price for his last year's books, if they have all the pages, even though he would have not used them any more. Following is the program for the opening Monday morning: Music. Prayer—Bro. Word. Music. Address by Judge Geo. R. Bean, President of School Board. Talks by Rev. Liff Sanders, Jno. W. Baker, W. F. Schenck and others who may desire. Patrons and friends of the school are requested to be present. You might devote an hour or two to the school interest of your town once a year to encourage the teachers and pupils, then come and let us talk over school matters, understand each other better, that we may work in harmony for the educational interest of our town and children. All members of the faculty are requested to meet in the Superintendent's office at the high school building Saturday Aug. 30th, at 2:30 p. m. Trustees are invited to meet with them. J. K. Wester, Supt.

Robert Watson, who attended school here last term and who has been back to his home at Brenham during vacation came in this morning and will enter school again this term. He was accompanied by his sister who will teach the Idalu school this term.

Authorities in the drug business estimate the number of soda fountains in the United States at not less than 75,000, and they are said to represent an investment of \$50,000,000. The annual receipts of these supplies of soft drinks may total \$500,000,000.

R. P. Mull, of Crosbyton, returned Saturday morning from Fort Worth where he took a car load of fat hogs and a car of fat cattle to market. He stated that he disposed of both at very satisfactory figures.

A. D. Jones, who has been spending a few days here with his cousin Raleigh Martin, went over to Lockney Monday to spend a few days.

Mrs. N. W. Whatley, sister of T. E. Michael is visiting here this week. She arrived Saturday from Wichita Falls.

H. E. Allen of Fort Worth, arrived last week and will work at the plumbing business with E. L. Law.

Mrs. A. E. Whitehead has been visiting her parents, Mr. and Mrs. W. K. Dickinson this week.

Jno. R. Lewis, of Sweetwater, is visiting at the home of S. J. Winn this week.

A. B. Robertson and H. T. McGee were here Monday looking after business matters.

I. R. Powell and Earnest Witt, of Crosbyton, were here Saturday.

Miss Hazel Friedrich is visiting friends in Crosbyton this week.

A. B. Stanley was over from Ralls Saturday.

Briggs and Pool Robertson were here from Slaton Saturday.

COMMISSIONERS MET

Extra Session Attends to Road Matters for the Betterment of the County Among other things that the County Commissioner's Court did at their special session last Saturday J. H. Mullins, awarded the contract to grade the Lubbock and Plainview road beginning at the point where the road crosses the Crosbyton South Plains Railroad thence south to the point where it had been formerly graded. The same man was given a contract to grade the Lubbock and Estacado road thirty yards from the point where it intersects the Plainview and Lubbock road, and for which work he is to receive the sum of \$300.00.

C. A. Joplin was empowered with the authority to put the Lubbock and Slaton road in first class condition using his own judgment as to what work should be done on it.

C. L. Hettler, of Marion, Ind., accompanied by his son-in-law, C. L. Gard, and grand daughter, Miss Hazel Thomas, is visiting his son, Fred Hettler, for several days. While here Mr. Hettler had us send him the Avalanche for another year.

C. L. Taylor, of Henrietta, Texas, was here Saturday and Sunday, returning home Monday. He is liking the Lubbock country, the very best and will likely become a citizen of Lubbock in the near future.

Mrs. W. B. Downing entertained her Sunday School class last Monday afternoon. After an enjoyable time spent in appropriate games they enjoyed a watermelon feast.

The Mothers Club will serve dinner in the Lowrey building, west side square next Monday. Benefit school grounds fund. Eat all you want. Price a quarter.

Lillard Davis, a friend of several years, of E. L. Law, came out from Fort Worth last week and has secured work on a ranch and expects to make Lubbock county his home henceforth.

Mrs. J. P. Word is visiting her daughter, Mrs. Tom Clayton at Post this week.

POOR DEVILS!

It tickles a plainsman "plum to death" when he reads an editorial like the following from the Aspermont Star, and then thinks of his own matchless highways that lead in every direction for hundreds of miles away from the cap-rock:

"If the shinnery belt in Stone-wall county had a good system of clay roads and the land put in a high state of cultivation, it would not be long until the land would be worth \$100 an acre."—Star.

While in many of the counties east of us farmers are toiling through sandbeds from ten inches to ten feet deep, fighting a worn-out pair of broom-tailed ponies with a mesquite club, the Plainsman on his way to town rolls smoothly along a road that rivals the famous Appian Way of ancient Rome. The Appian Way was called the Queen of Roads in Caesar's time, and was built by slaves. The Plains roads were made by God-A-mighty and He wasn't short on either brains or material either.—Crosbyton Review.

But—after all the roads on the plains could be made even better by a little attention now and then. The people of the Plains have a habit of trusting to "God-A-mighty" too much in some respects and entirely too little in many others. When it comes to working the roads or cultivating the crops He is the one that is trusted. But if it's loafing on the streets or sitting reared back in a cushion-seated auto God is left out of the deal and it's "Big I" and your name is spelled IT in capital letters—just because our roads are as a rule good—they could be made better and the town that over-looks the importance of having good roads leading to it from every direction possible is going to be the town that suffers from decreasing trade. Better build good roads. There are many things that "God A-mighty" will not do only through human agencies and road building is one of them. Build good roads.

HAVE YOU READ THE CATALOGUE?

The School Board is very desirous that you read every line in the school catalogue before the school begins. There has been a new supply placed at all the drug stores and other stores in the city and you can have one for the asking, by coming to this office.

This catalogue will assist you very much in getting ready for the opening day. It will acquaint you with the wishes of the board and the superintendent, and enable you to begin with the first day of school to co-operate and make this the greatest school year that Lubbock has ever had.

The people of Lubbock must not forget that it is very important that we keep the roads leading to our city in good shape. The marketing of the 1913 crop will commence now within a few days and attention should be given the roads. Farmers are going to market their feed where they have the best roads to travel over and if we lose trade on this account we are to blame.

Mr. Farmer keep your mind on the County Fair in October. Have a good exhibit on hand make it one of the greatest successes of the history of the county.

Silo filling is the order of the day, and there is splendid filling in this country, too. Silo fed cattle will be in evidence this winter.

The Avalanche is in receipt of an announcement of the opening of the Panhandle Fair at Amarillo, which will be October 6th, 7th, 8th, 9th, 10th and 11th.

Only three days till school commences. Are you ready to start your children in the first day?

Good roads are trade getters. Lets see that the roads are in good shape that lead to Lubbock.

New crop maize is now being offered for sale on the streets of Lubbock.

Deafness Cannot Be Cured

By local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by the insertion of a material into the ear to displace the fluid which causes the deafness. This is done by the use of the Eustachian Tube. When this tube is inflated, it has a purifying effect, and perfect hearing and vision is restored. The only way to do this is by the use of the Eustachian Tube. Elect Officers for Ensuing Year
Little Miss Simpson
Mascot

The Panhandle Firemen's Association finished its session Friday afternoon and its members were entertained same night by a ball at the Moose Hall, Pecos. City was selected as the next meeting place and the following officers elected: Dennis Zimmerman, president, and A. H. Estes, Dan Childress, Charles Hutchinson and E. B. Kizer, first, second, third and fourth vice presidents, respectively; W. H. Jobe, secretary; Quincey Wilson, treasurer; Model Simpson, mascot.

COATED TONGUE MEANS LAZY LIVER

A Lazy Liver Needs a Dose of Dodson's Liver Tonic—Guaranteed to Take Place of Calomel

When your doctor looks to see if your tongue is coated, he is trying to find out if your liver is working properly. A few years ago doctors had to prescribe calomel—there was nothing else to give.

Recently in many sections of the country Dodson's Liver Tonic has practically taken the place of calomel as a liver remedy. Dodson's Liver Tonic is a mild, pleasant tasting and harmless which makes it a fine medicine for use when your children become bilious and constipated. But the most remarkable feature of Dodson's Liver Tonic is the fact that the Red Cross Drug and Jewelry Store who sells it, guarantees it absolutely. The druggist will return your money without argument if a bottle fails to give entire satisfaction.

Price, 50 cents. We suggest that you get a bottle today and have it ready for the next member of your family whose liver goes wrong.

Traveling the Right Way Last year our people were hauling feed stuff from the railroad to the farms. Now they are hauling in from the farms to market.—Snyder Signal.

The people of Scurry county are traveling in the right direction this year. Lubbock people have been supplying the hungry for a number of years, and although our crop is the biggest yet, the territory bidding for feed is so large this fall that we will be taxed to the fullest extent to supply the demand. Lubbock farmers will be able to sell every grain of maize or kafir that they have to spare this fall and winter at a good price.

For Sale 260 acres of land, 18 miles from Lubbock, 4 1-2 miles from Petersburg and 1-2 miles from Estacado. 70 acres in cultivation. Balance all good tillable land. Price \$20.00 per acre. Would consider good second hand auto and \$1,000.00 cash, as first payment, and terms to suit purchaser on balance. If interested, write W. A. Pelfrey, Stamford, Texas. 6 4t

FILES ELECTION BILL

Will Likely Veto Penitentiary Bill as Unconstitutional

The governor Friday afternoon filed with the secretary of state, without his approval the bill providing for the election of United States senators by a direct vote of the people. It will become a law in 90 days.

He approved the bill creating a governing board for the state experiment station. The governor will more than likely veto the penitentiary bill passed at the last session of the legislature on the grounds that the act is unconstitutional. He is preparing to cut out about three million dollars from the general appropriation bill.

Ordinance No. 97

An ordinance requiring the owners of property within the city of Lubbock, Texas, to bury or otherwise properly dispose of all carcasses of dead fowls, cats, etc., dying or being on their premises.

Be it ordained by the City Council of the city of Lubbock, Texas:

Article 1. That the owner or owners of any premises within the corporate limits of the city of Lubbock, Texas, be and they are hereby required to bury, burn, or haul to the city's dumping ground the carcasses of all dead fowls, cats, and other small animals, dying or being upon their said premises, not allowing the same to become offensive or putrid, thereby endangering the health or comfort of the inhabitants of this city.

Article 2. That any person violating Article 1 of this Ordinance shall be deemed guilty of a misdemeanor, and, upon conviction, shall be fined in any sum not less than five dollars (\$5.00) nor more than twenty-five dollars (\$25.00).

Article 3. That this ordinance shall be in full force and effect from and after its passage and publication as required by law.

Should Have 15c For Cotton

Texas is a wonderful agricultural state. It produces a third of the cotton crop of the United States. It is contended that the Texas cotton yield can be increased 100 per cent.

Just how the lack of moisture in the earth is worrying the Texas cotton grower.

For days and days the sun has been scorching hot.

The August National Monthly has an interesting story on Texas' cotton yield.

In 1912 Texas cultivated 10,197,000 acres in cotton, getting 11-25 of a bale per acre, one of the best averages in recent years, and making a total of 4,850,000 bales.

The total crop of the United States in 1912 was 13,820,000 bales.

Spinners the world over are watching Texas this year. Their agents are here and there is plenty of guessing on the total crop of the state for the year 1913.

It is held that Texas could have cut its cotton acreage in half in 1911 and produced the same number of bales under industrial congress methods.

Last March more than 7,000 farmers, representing nearly every county in the state, had registered as contestants in model farm work.

By the time the list is closed there will be fully 10,000.

On the 1st of August it was predicted these 10,000 men would increase their acre production fully 100 per cent if last year's records were equaled.

Then came the drouth. And now even the wisest cotton expert at guessing is all at sea.

Peter Radford is authority for the statement that every place in the state with few exceptions is reporting a low yield and that cotton has been seriously damaged by the continuous drouth. He declares that there are places where the crops are normal. But they are few.

For this reason he insists that farmers should receive 15 cents for their cotton from the opening of the season.—Ft. Worth Record.

Mamma's Forty-Two

Be still children, stop your stow. Mamma's just in from forty-two. Her face is pale; her nerves all drawn. And life's been dreary the evening long. Her luck's been bum, her partner slow. The whole game cross for domino. She needs a rest, a quiet night To revive her health from this sad plight.

The dinner dishes are still not clean. Sand drifts through the unclosed screen; The bed's humped up like hubby makes Shows the part he always takes. Whole house is turned turtle, but hubby is here.

He must speak lightly, filled with fear, That Mamma's spats at forty-two. Might soon again begin to brew.

She left us early and came home late. Talked about games and player's fate. How she bid thirty and then went set. On an eighty-four hand—she failed to get.

How her partner bid high, when she knew Her lead was low, her offs wouldn't do; The head table tapped the bell in time To advance her opponents up the line. Three more games this week are billed, Mamma's appointment shall each be filled.

For supremacy gained in forty-two game. Elevates hubby and children the same. So tiptoe children, give Mamma rest. Lift toils of life, and cares, from her breast.

For she helps hubby, and she helps you. When daily she plays the game—Forty-two.

Hubby.

THE PROSPECT FOR HIGHER MEAT.

That higher prices are sure for all kinds of meat is the opinion of those who are keeping a close watch on the situation, and that by the coming spring prices are going to be so high as to be virtually prohibitive is the general opinion. A press dispatch from Chicago says: "What will people eat instead of meat or what other item will be cut off their bills of fare when the retail prices for steak and roast begin to show the effects of the deluge of live stock that has arrived at the Chicago and other live stock markets recently as the result of the drouths, short-water and high corn? That is what the wholesalers of the various commodities are figuring on right now, the certainty that live stock prices are going to skyrocket heights before spring being based upon the shortage that existed before the scorching began which has compelled farmers and ranchers to market hogs, cattle and sheep with a rush. The country has been despoiled of its live stock in a way that is believed to make an era of new high prices for all meats. That the big meat packers will come in for indicting and cussing is taken for granted by their attorney. They always get blamed for high meats. With receipts of hogs enormous and corn prices going up, range and

farm cattle and sheep coming to market by trainloads because feed will be lacking or exorbitant the situation of the big concerns which convert live stock into meats and by-products is not one envied by stock yard veterans. 'Between the upper and nether millstones' they say. With the discontent of sellers and buyers to contend with they will have their hands full as in other periods of readjustment. The shortage of hogs this spring was added by the enormous losses of them in Iowa and other states by cholera, and that of cattle and sheep was due to the passing of the range. With wheat and flour high, fish in the grip of a trust and many staple groceries scarce what can be substituted for meat? The retailer of meats is beginning to worry and 'he should.' "

PROFITS OF AUTOMOBILE MAKING

Just ten years ago the manufacture of a popular priced automobile was begun in Detroit at the recent birthday party of the corporation a cash dividend of \$10,000,000 was declared on the capital stock of \$2,000,000. The people who were fortunate enough to begin with this company have enjoyed profits that make the gains of railroads and public service promoters look like genteel poverty. It is not likely that this dividend represented the surplus of the company by any means for it is now doubling the size of the factory for the purpose of putting out next year 350,000 cars. In case the demand slackens it will be possible for this concern to stimulate consumption by still further reducing the price. A net profit of only \$10 a car would yield profits of \$3,500,000 a year, or more than 150 per cent. Some money has been lost in the automobile business, but a whole flock of new millionaires have been created by the development of the industry.

Good Roads

"How to keep the boys on the farm—build good roads.

A soft answer turneth away wrath, but a soft road turneth up wrath.

Conservation of energy concerns all. It is clearly and fully involved in the question of improved highways.

The fable of the hare and the tortoise would be a literal truth, if the hare was traveling on some of the Texas highways, and the tortoise upon one of the improved roads.

Bad roads are taxes upon all and they place an appalling limitation upon the business and social life of the people of the rural districts.

SCAB INFECTED TERRITORY
W. N. Waddell, Chairman of State Sanitary Commission Divides Territory

Amarillo, Tex., Aug. 23.—W. N. Waddell, chairman of the Live Stock Sanitary Commission of Texas, has been in Amarillo the past few days will be in Hereford tomorrow (Sunday) and Tuesday locating and designating inspectors to prosecute the work of the scab infection in the Panhandle. The scab infected territory has been divided up into the following districts:

The Dalhart District, includes Dallam, Hartley, Sherman, Moore and Hansford counties. Dr. C. C. Spence of Dalhart, will be in charge of the work, assisted by nine other inspectors.

The Amarillo District, includes Potter, Oldham, Carson, Gray, Randall, Hutchinson and Armstrong counties. There will be ten inspectors in this district. Dr. Chas. Pearson of Amarillo

will be in charge of the work.

The Hereford District includes Deaf Smith, Palmer, Bailey, west half of Castro and the west half of Lamb counties. There will be nine inspectors in this district, with Dr. L. L. Jones of Hereford in charge.

The Lubbock District includes Lubbock, Garza, Crosby, Lynn, Terry, Yoakum, Cochran, Hockley, Hale, Floyd, Briscoe, Dawson, Swisher, east half of Castro, and the east half of Lamb counties. In this district there will be seventeen inspectors. Dr. Irwin E. Barr and Dr. E. M. Riley, both of Lubbock, will be in charge of the work.

The Canadian District includes Lipscomb, Ochiltree, Hemphill and Roberts counties. There will be seven inspectors in this district with Dr. Jno. E. Smith of Canadian in charge.

In a great number of these counties all cattle will be expected to be dipped; in other counties where there is very little or no infection known, the inspectors in charge of the work will exercise their judgment as to

who will be required to dip and who will not. Would advise owners of the various herds in these districts to get in touch with the inspectors in charge to determine whether they will be expected to dip or not.

Again, I wish to assure the cattlemen of the Panhandle that the Livestock Sanitary Commission does not wish to impose any unnecessary burden or hardship on the cattlemen, and I realize that there exists today a drought over a part of this country where the bunching of cattle together in large herds might be attended with loss for the lack of water. Where this condition exists the cattlemen that satisfy the inspectors that these conditions exist and dipping will be deferred until the drought is broken.

In outlining this work and in instructions given to the inspectors exposed cattle will only be required to be dipped once unless infection is found to be in the herd. Where infection is found in a herd of cattle at the first dipping, at the second dipping of the entire herd all the cattle will

be required to be held in the dip approximately one minute, the visibly infected ones from two to four minutes according to the degree of the infection.

W. N. WADDELL.

Exchanges in the territory outlined above are requested to copy.

RAILROAD WORK SOON

Altus, Roswell and Pacific Line to be Extended to Roswell Next Year

Memphis, Texas, Aug. Judge J. M. Elliott, resident attorney here for the Altus, Roswell and Pacific railroad, has just been

officially advised that renewed construction will begin on this road on the 15th of next January. This road, when fully completed according to present plans will extend from Altus, Okla., to Roswell, N. M., and will have rails in the five Texas counties of Collinsworth, Hall, Briscoe, Floyd and Lubbock, and will give these counties direct Katy

and Santa Fe connections. Over 100 miles of grading on this line is already in place in Texas territory, which will, however, require considerable new work to fit it for tie laying. The new grading will probably be completed by the end of the county.

Drug Business Change

This week's transfer of the drug stock and business of the Red Cross Drug Store was made. Messrs. G. C. Johnson and W. M. Crawford, now being the owners, Mr. Johnson having the management of the business. Messrs. Copeland and Cosby, the former owners have not determined just what line of business they will follow in the future.

Geo. M. Slaughter, of Roswell, was here looking after business matters Saturday.

SPECIALS FOR FIRST MONDAY

Special Discounts on Low Footwear, Summer Suits, Skirts, and Other Lines

First Monday Only

15 per cent off on ALL SLIPPERS—Nettleton, Walk-Over, Queen Quality and others whether priced by us or the manufacturers.
20 per cent off on ALL SUMMER SUITS.
20 per cent off on ALL SKIRTS.

Remember our values in Suits and Shoes at regular prices are unmatched, also that it is not inferior qualities, but the best, that we now offer at discount. But you must hasten, already the lines are being broken.

We believe all men will like Nettleton and Walk-Over Shoes and all women will like Queen Quality Shoes, because there are certain things in these shoes they all want, namely: **STYLE**, which means right lines. **COMFORT**, which means right fit. **FLEXIBILITY**, **WEAR**, which means quality.

In most shoes you get some of these qualities, in those just mentioned you get all of them. That is why they are preferred—why discreet buyers the world around wear them—why we offer them to you.

There is considerable Slipper season yet. Come in and let us fit you up.

We announce the arrival of Bischof Tailored Suits and Coats for Fall and Winter, now on exhibition.

A handsome foot counts for nothing in an unshapely shoe. But if a woman's shoes look well, her feet will look well. A million women wear "Queen Quality" Shoes for this reason alone.

NEW GULF HIGHWAY

Colorado to New Orleans Roadway Has Been Completed

The long-talked-of automobile highway from Colorado to the Gulf has been established, so far as an agreement is concerned among the communities through which it is to pass. The route has been selected and nothing remains but to have it logged. The route is as follows: From Denver, via Colorado Springs, Pueblo and Walsenburg, to Trinidad, Colo.; Then from Trinidad to Raton, N. M., by the scenic Highway; Raton to Clayton, N. M., via Des Moines, Clayton to Dalhart, Tex., Dalhart to Amarillo, by Dumas; Amarillo to Lubbock, by Canyon City, Happy, Tulia, Plainview, Hale Center, Abernathy, Tahoka to Lamesa, via O'Donnell, Soash, Big Spring, Sterling, City, Water Valley, Carlsbad, San Angelo; San Angelo to Menard by Eden, Junction City, Kerrville, Boerne and San Antonio; thence south to Corpus Christi through Floresville, Karnes City, Beeville and Sinton.

A Wichita Falls-San Angelo automobile highway, to serve as a connection between the two routes from Colorado to the Gulf is now a possibility. The route would come by way of Sweetwater, Stamford and up the Wichita Valley to San Angelo. El Paso Times.

Cleve George will have an opportunity to keep posted as to what is going on in this section by reading the Avalanche. His father being so considerate as to authorize us to send it to him for a year.

"FOR SUCCESS IN EVERY BAKING"

SPECIAL DEMONSTRATION

And Sale On

Great Majestic Ranges

ONE WEEK ONLY

Sept. 1st to Sept. 6th

ONE WEEK ONLY

SAVE \$8.00

As a special inducement during our demonstration week only, with every MAJESTIC RANGE sold (prices always the same) we will give free one handsome set of ware as illustrated here.

Every piece of this ware is the best of its kind. Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than \$8.00. This ware is on exhibition at our store. DON'T FAIL TO SEE IT.

SPECIAL

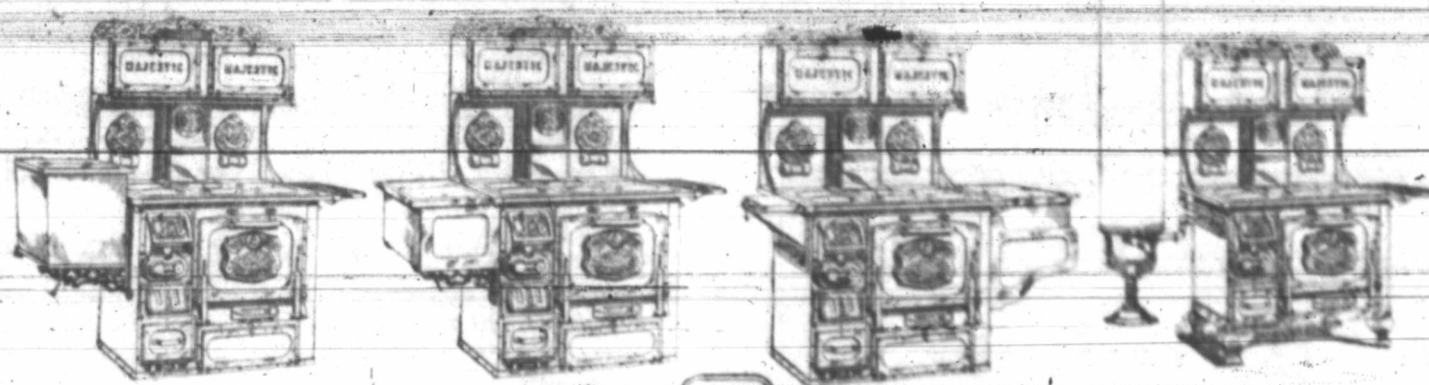

All during this week a special demonstrator direct from the MAJESTIC FACTORY will be glad to show you "ALL ABOUT RANGES"—SHOW YOU why the MAJESTIC is the best range on earth at any price.

COME, IF YOU INTEND TO BUY OR NOT

EDUCATION lies in KNOWING THINGS—KNOW why the oven of a range is heated—KNOW how the water is heated—HOW the top is heated—WHY the MAJESTIC uses so little fuel—KNOW how a range is made inside and outside. This education may serve you in the future. DON'T OVERLOOK a chance to KNOW THINGS shown by one who knows. COME.

SET OF WARE FREE

MAJESTIC RANGES ARE MADE IN ALL SIZES AND STYLES

ON-LEGS IF DESIRED

MAJESTIC NEVER-BURN COOKER

2 SMALL COFFEE POTS
CAN ALSO BE
USED AS
ROASTER

WHICH SHALL IT BE?

Do you intend to continue laboring, burning valuable fuel and destroying high-priced food with that old worn-out cook stove?

You know that old stove eats up a lot of fuel each year.

You know that you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while you know it costs considerable for yearly repairs.

Stop and think and figure.

Wouldn't it pay you to buy a good range—a range with a reputation

THE GREAT MAJESTIC MALLEABLE AND CHARCOAL IRON RANGE?

You make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and of the right kind of material MALLEABLE AND CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos board—parts being malleable can't break—has a movable reservoir and an oven that don't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (browns bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "unsight unseen," you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 300 per cent stronger than other ranges where most ranges are weakest.

Our Second Shipment of Deering Ideal Row Binders Has Arrived

I can now supply your orders for the celebrated Deering Row Binder. If you want one they are ready for you. All you have to do is hitch your team to one and pull it into your field and go to work harvesting your crop.

The Deering Ideal corn binder makes a big saving possible, not only in manual labor, but also in the number of hands required and wages and board for extra men. At the same time, the corn binder does from five to eight times as much work per day under average conditions as a man would do. Tall and short corn is handled with equal ease. The corn binder can pay for itself in a short time under such favorable conditions. When a corn grower becomes acquainted with the merits of the Deering corn binder, he would not be without one, as its great superiority over the old hand methods becomes quite apparent under actual observation in the field.

The corn binder will be found of special advantage when the green corn is to be cut for immediate feeding to stock, or put through the silo filler, as a large area can be cut quickly to conserve the plant juices when the corn is in just the right condition to cut for these purposes.

ROLLER AND BALL BEARINGS

Roller bearings and ball bearings are used on the Deering corn binder making it run much lighter than is generally supposed for a machine of this kind.

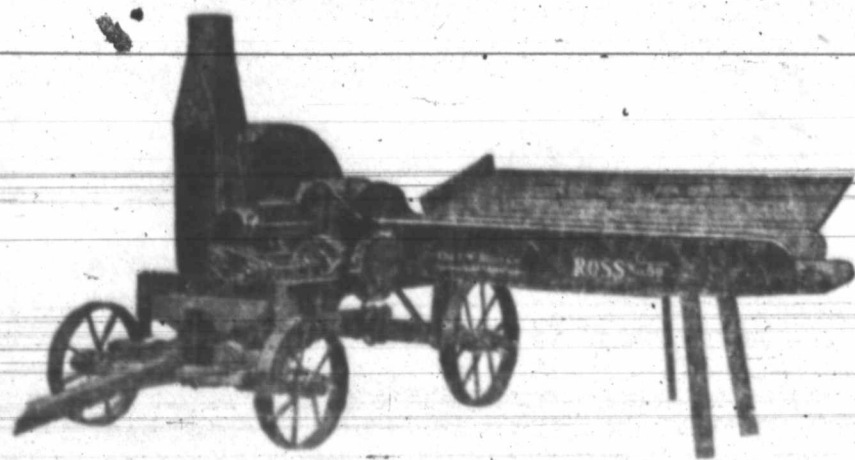

CUTTING DEVICE

The cutting mechanism on the Deering corn binder consists of a reciprocating and two stationary knives. The large reciprocating section cuts the stalks that are not completely cut by the stationary knives, and also cuts all tough weeds, vines, or green undergrowth between the hills.

BUNDLE CARRIER

The bundle carrier is of a large capacity, strongly and substantially built, and correctly located. It is tripped by means of a small foot lever convenient to the operator.

THE ROSS ENSILAGE CUTTER

After cutting your feed crop with the Deering Binder you will want to put a lot of it in a silo and the Ross Ensilage Cutter which I am offering for sale and now have on exhibition is the most practical and one of the very best on the market. Come in and get full particulars about it. See the machine now. We want to tell you more about it, but have not the space to devote to it here.

Other Features

The interference by stalks or weeds is eliminated by the use of several adjusting bell knuckles instead of rings, pins, cotters or ordinary knuckles.

The driver's seat is so located that he can see and control the entire machine and also give the proper attention to the team.

The conveyor chains carry the stalks in an upright position to the binding attachment immediately after the corn is cut, without any unnecessary handling. These chains can be adjusted to meet varying conditions of corn.

The Deering Corn Binder leaves a clean, even stubble.

The binder is of proper width so that neither the main wheel nor the grain wheel run on the rows of stubble.

The binding attachment can be adjusted forward or backward the same as on the grain binder.

A 3-horse evener is regularly furnished with each machine.

I am prepared to furnish you with Deering Binder Twine too, and it is recognized as the very best. If you own a binder you need a Deering Knife Grinder, which I have in stock. It's worth its weight in gold, but costs much less. Ask about them.

U. S. CROP MONEY READY

Secretary Issues Statement Showing how Distributing Centers Must Take Care of Banks

"Under date of August the 20th Secretary McAdoo issues a statement to the effect that the first deposits of the government's \$50,000,000 fund to aid crop movement, will be made in the southern states in August and September. All deposits in all states will be made in two equal allotments. Secretary McAdoo outlined the treasury department's requirements for security.

"Deposits will be made," says the statement, "only in national banks located in such of the principal cities of the several states as the secretary may designate. Such banks must have an outstanding circulation at the time of the deposit equal to at least 40 per cent of the amount authorized by law. It is understood that such deposits are made to prevent or mitigate the financial tension incident to the movement of crops, and that the funds received by the banks will be used in good faith for this purpose. The banks receiving deposits will be expected to

extend to the banks in smaller towns such accommodations as may be consistent with sound and conservative principles of banking, and it is expected that in all cases the rate of interest charged such banks will be moderate and reasonable.

"MUST PROTECT GOVERNMENT" As security for such deposits the banks must deposit with the treasurer of the United States bonds of the United States government of any issue equal in amount to at least 10 per cent of the amount of the deposit. The remaining 90 per cent may be secured first, by high-class state, municipal or other bonds which have been approved by the secretary, and which will be accepted as security at 75 per cent of their market value; second, by prime commercial or business paper approved by the secretary, which will be accepted at 65 per cent of its face value. All such paper must bear the indorsement of the bank using it. Commercial paper may consist of first-class business paper executed by individuals, firms or corporations of good standing.

No business or commercial paper will be approved by the secretary until it has been unanimously approved and recommended by a committee appointed for that purpose, to consist of six members, five of whom shall be selected by and be members of the Clearing House association of the city in which the bank applying for the deposit is located. The sixth will be designated by the secretary. In cities where there is a subtreasury of the United States, the assistant treasurer also will be ex-officio member, in addition to the other six members.

PAYABLE ON DEMAND All deposits will be payable on demand and without previous notice, but in order to afford the relief intended and to facilitate the marketing of crops, it is expected that 25 per cent of the total deposits will be withdrawn by the government on Dec. 15, 1913; 25 per cent on Jan. 15, 1914; 25 per cent on Feb. 15, 1914, and 25 per cent on March 1, 1914.

The banks shall have the right to return the deposits at an earlier date if they desire. They will be required to pay 2 per cent interest on the average dollar maintained during the period of the deposit and also must pay such expenses as are incidental to the deposits. Southern states were selected for the first deposits on account of the early movement of the cotton crop which has already begun."

Does the word reputation mean anything to you? Stop and think and figure and you will know why the Majestic range has the reputation of being not only the best, but the least expensive. Let the man from the factory show you. See our big ad in this paper. Western Windmill Co. 7 2t

Furnishing the Fuel

Two Irishmen were crossing the ocean on the way to America. On the voyage over Pat died. Preparations were made for burial at sea, but the lead weights customarily used in such cases were lost and chunks of coal were substituted. Everything was finally ready for the last rites, and long and earnestly did Michael look at his friend. Finally he blurted out, sorrowfully: "Well, Pat, I always knew ye were goin' there, but I'm hanged if I thought they'd make ye carry yer own coal!"—Tit-Bits.
