COMMISSIONERS' MONTHLY SESSION

THE GENERAL ROUTINE OF BUSINESS TRANSACTED AND OTHER MATTERS RECEIVE ATTENTION

PRAIRIE DOG ELECTION RESULTED FOR EXTERMINATION

Only Two Opposing Votes Cast, Though the Vote was Light—Crossing Ordered Built Across Street From W. Side of Court Yard to West Side Walk.

The Honorable Commissioners Court of Lubbock county, met in regular monthly session Monday with a full attendance, and the following business was transacted:

County Assessor, H. K. Porter was ordered paid \$388.25 as part pay for his services as tax assessor for the year 1913.

It was ordered that a cement crossing be built from the gate on the west side of the court yard to a connection with the walk in the alley between R. A. Rankins' Hardware building and the Lowrey building. The walk to be built right away, and Judge E. R. Haynes and Commissioner R. A. Barclay were selected to have the work done and oversee the construction of it.

The result of the election held Saturday all over Lubbock county, to determine whether or not the prairie dogs should be exterminated, was canvassed and resulted in a vote of 66 for and 2 against. A very light vote was polled and by precincts stood: Precinct 1, 12 votes for and 1 against; precinct 2, 6 votes for and 0 against; precinct 3, 4 votes for and 0 against; precinct 4, 3 for and 1 against; precinct 5, 23 for and 0 against; precinct 8, 8 votes for and 0 against.

The Court agreed to build a bridge at a probable cost of \$50 across the ditch that crosses the Slaton road in E. M. Klattenhoff's pasture allowing a passage-way under the lane for cattle to pass through from one

pasture to another.

The Court instructed the overseer on the Lamb county road to at once open the road, and clear it of all obstacles. Commissioner Wright being instructed to purchase six mattocks to be used in grubbing the road.

E. S. Bolado, Mexican, was allowed \$4.00 as part of the rent on his house, which is being occupied by the young Mexican that was shot last week.

Overseer, Ward Crim, was ordered to have the Abernathy road worked.

The twelve men who held elections in the prairie dog election were allowed \$2.00 each for their services, and G. H. Orr, of Slaton was allowed \$2.00 for bringing the returns in.

Judge E. R. Haynes, L. O. Burford and J. M. Wright, were allowed \$3.00 each for one day's work out on the Abernathy road.

The members of the court were allowed pay for one day at this sitting of the court.

It was agreed that the damage be paid the owners of the land taken by the opening of the Lamb county road on the following schedule: \$22.50 an acre on all land thus used from the point of beginning to the west line of the section 14, block A; \$18.00 an acre for all land used from the west line of the above section to the north line of section 35, block D5, and \$15.00 an acre for all land used from the latter point out to the end of the road.

Court adjourned.

PANHANDLE SHERIFFS MEET

After Two Day's Session With Tax Collectors, Agree to Meet Again in Amarillo

Amarillo, Tex., Oct. 10.—The Panhandle Sheriffs' and Tax Collectors' Association annual meeting came to a close here this evening after the appointment of various committees chief among which was one to confer with the State Sheriffs' Association in the interest of matters mutually desired. Various phases of criminology were discussed by different ones or the officers and a reassertion of co-operative endeavor for the suppression of crime through making practically impossible escape of the criminal was heard. The officers stood unanimously, as far as they voiced their views, against repeal of change of the law looking to diminution of the fees. The next annual meeting will be held in Amarillo.

Mr. and Mrs. E. P. Earhart left on the Wednesday afternoon train for Round Rock, Texas, to attend the annual session of the Synod, Cumberland Presbyterian Church, as representatives from the church at this place.

Attorney J. H. Moore returned Sunday morning from a business trip to the coast country, and left again Monday afternoon for Sweetwater, where he went to look after a case in the court.

SMITH FOR CONGRESS

Wires B. A. Cox No Foundation for Report That he had Resigned As Congressman

The press dispatches from Washington Sunday which stated that Hon. W. R. Smith would soon resign his seat in congress to accept a United States Judgeship, created considerable stir locally in Abilene.

During the forenoon it developed that in case Mr. Smith does resign that Hon. J. M. Wagstaff will immediately enter the race to fill out the unexpired term. Judge Thomas L. Blanton was also mentioned as a probable candidate, but when seen by a reporter for this paper did not commit himself definitely as to his intentions.

Hon. B. A. Cox wired Judge Smith Sunday afternoon for confirmation of the dispatches and received the following message:

Washington, D. C., Oct. 13, 1913.

B. A. Cox, Abilene, Texas.

"No foundation for report. Am a candidate for re-election to congress."

W. R. SMITH.

Abilene Reporter.

Mrs. M. P. Good and children who have been visiting Mrs. Good's aunt, Mrs. Kyle at Sweetwater, the past few weeks, returned home Wednesday.

THE TRADES DISPLAY

Given at the Lyric Theatre Last Tuesday Night Was Quite a Success.

The Trades Display given at the Lyric last Tuesday night under the direction of Miss Lula Campbell was quite a success. The little ones who participated in the performance did themselves credit and demonstrated their skillful training.

The ladies representing Jno. P. Lewis & Company and the Lubbock Mercantile Company, looked superbly beautiful in their elegant costumes from these firms' stores.

"Tee & Ted" in I. A. Whiteley's behalf captivated the audience.

Glen Hunt's song of Sam and Tidy, representing Jno. F. Robinson's firm won the hearts of his hearers.

The instrumental music furnished by Miss Huff and Mrs. King and the vocal solos by Mrs. Summers and vocal duet by Mrs. King and Mrs. Summers were very beautiful and greatly appreciated.

In fact all who participated in any way contributed much to the great success of the entertainment.

Miss Campbell, who has been a successful music teacher in Lubbock for a number of years, and who has done much to elevate the profession of music and to put a higher standard of the art of music before the people, is going to visit her old home at Glen Rose, Texas, and from there to McIntosh, Fla., to visit her aunt. She will be accompanied by her mother, Mrs. M. J. Campbell, and will leave Saturday.

An Appreciated Gift

The Avalanche editor and his family are faring sumptuously these days on genuine Pumpkin Yam potatoes, which Mr. J. T. Inmon presented us with from Mrs. Inmon's potato patch. It was only the products of one hill, but there were twelve handsome potatoes hanging to the vine besides a number of little fellows, making a very handsome bunch, and an appreciated gift. Mr. Inmon said that it had been reported to him that this variety of sweet potato would not grow in this soil, but he has the evidence to discredit this contention. They will grow, and do well too.

Big John Cafe Changed

John Puckett last Saturday closed a deal with G. H. Witt, who recently took charge of the Clyde Hotel, whereby he sold his cafe, known as Big John's Cafe. Mr. Witt now has charge of the business, and John is prospecting in the coast country.

J. H. Orr, of Slaton, was here Monday. He came up to deliver to the proper authorities the returns on the election held Saturday to determine whether or not the prairie dogs shall be exterminated in Lubbock county. Mr. Orr stated to the Avalanche man that the Slaton box polled 23 votes and they were all center shots against the prairie dogs.

Mrs. W. A. Craig, who had been in the Lubbock Sanitarium for several days following an operation, was permitted to return to her home last Sunday.

Clayton Standefer, who has been spending several months in the southern part of the state came in Monday morning, and is visiting his parents at this place.

Mrs. R. H. Arnett left Wednesday afternoon for Coke county where she will visit for several weeks.

ALLEGED BANK ROBBER

Man Giving Name as Bert Humphreys Arrested and Accused of Robbing Seminole Bank

Last Tuesday morning Sheriff J. M. Coker, of Seminole arrived on the 11:00 o'clock train from Sweetwater having in custody, one who gives his name as Bert Humphreys and who was arrested several days ago by the sheriff of Brewster county, and is being held for the robbery of the Seminole National Bank some time since.

He was arrested in Brewster county, near the Rio Grande river and the sheriff of Gaines county was notified to come and get him. Mr. Coker, the Gaines county sheriff met the Brewster county sheriff at Midland, where the prisoner was transferred, and Mr. Coker acting under the directions of Judge Spencer, who was at that time holding court in Gaines county, brought him to the Lubbock county jail where he is at present confined.

An attorney from Alpine, Van Cycle by name, came up Wednesday and will represent the defendant. He employed W. H. Bledsoe of this city, as local attorney for the defense, and returned home the same day.

We have not learned yet just what procedure will be asked for by the defense.

The prisoner, we understand stoutly denies any connection with the offense for which he is held, and says as soon as he can get a hearing that he will be promptly released.

Clark Moves His Store

In this issue of the Avalanche will be found the advertisement of W. S. Clark, which bears the information that he has moved his stock of groceries and dry goods to a new location, on the north side of the square, and asks you to call and see him. Mr. Clark stated to the Avalanche representative that he expected to add another line to his business soon, but was not just ready to make the formal announcement. Watch for his ad in future issues of this paper.

Lubbock Hospital Improvements

Dr. Clayton informed the Avalanche reporter Wednesday that he had let the contract for considerable improvement in the radiation of the building. R. D. Walls was given the contract, and is to begin work at once, in fact has already commenced tearing out the old radiators preparatory to putting in the new heating plant.

He is to re-install the entire plant, and cover the pipes and boiler with asbestos increasing the radiation and in every way make the plant give entire satisfaction.

Short talks on, "Plans for the year," led by Miss Huff, Mrs. Overton and Mrs. Allie Hunt.

We earnestly solicit every mother to come out and assist in this good work.

Mrs. Perkins, of south of town left Wednesday for Tulsa, where Mr. Perkins is now. They will make that their home the coming year. Miss Annie Cooper accompanied her and will spend a few days there.

Mrs. H. N. Moore left Tuesday for Waco, where she goes to visit her daughter. She will probably spend the greater part of the fall and winter in that city.

CITY COUNCIL HAS BUSY SESSION

TWO ORDINANCES PASSED ON AND BECAME EFFECTIVE WHEN PUBLICATION IS MADE

STREET PEDDLERS MUST PAY LICENSE OR QUIT

Some Purchases of Additional Equipment for the Volunteer Fire Department Was Contracted for and a Number of Expense Accounts Ordered Paid.

At the meeting of the City Council last Tuesday morning the following business was transacted:

There was a full attendance present of the city officers, Mayor Wheelock presiding and L. H. W. Terry, W. A. Bacon, Raleigh Martin, W. E. Dickinson, Sr., and B. O. McWhorter, Aldermen. L. C. Fry, Marshal, and W. M. Shaw, Secretary, were participants in the proceedings.

The Council was called upon by a large representation of the retail merchants of the city and asked that an ordinance be passed taxing peddlers of fruit, vegetables, meat, etc., other than that produced by themselves, and making it a violation of the city laws to engage in such without the proper licenses.

The Council also contracted with the Eureka Hose Manufacturing Company for 500 feet of additional hose and an alarm bell with a forty-foot tower for the fire department, which was badly needed and will add greatly to the equipment of the department.

BILLS ALLOWED

The following bills were allowed and ordered paid:
Lubbock Iron Works, Fire Department bill, \$12.25.
Lubbock Iron Works, road bill, \$4.65.

E. Gilliland, filling sewer holes, \$8.00.

Oscar Tabbs, truck for hose cart, \$10.00.

J. W. Graves, for pumping out city water works sum, \$4.00.

Western Windmill Company, windmill, pipe and water works supplies, \$278.80.

Lubbock Light and Ice Company, for street and tower lights for quarter ending October 1st, \$68.85.

Lubbock Drug Company, for disinfectants and office sundries, \$6.10.

Alfalfa Lumber Company, cement and anchor posts, \$9.80.

Council adjourned.

PLAINVIEW HIGHS LOSE

Lubbock High School Football Team Wipe up Plainview in Saturday's Game

As announced in last weeks paper, the Plainview high school football team came down to Lubbock and played a game on the Lubbock grounds. It seemed easy picking for the Lubbock boys as the game was theirs from beginning to end and at the finish the score stood 27 to 0 in favor of Lubbock.

The Plainview boys are a nice set, and their visit to the city was greatly enjoyed, but it is plain to see that they are no match for the Lubbockites when it comes to playing football.

The basketball game was taken by the Plainview girls which was not a surprise as the Lubbock team had not been organized but a few days, and had had little practice. They will have it over some day soon, and the Lubbock girls are determined to play the Plainview basket ball players back with interest.

Wm Harvey, of Dallas, representing the Kansas City Senic Company, was here this week, getting up a curtain for the stage in the new Lyric Theatre. He has a very pretty curtain that he has contracted with Manager McElroy to put in the new building.

D. N. Arnett came up from Colorado Monday and went out to his ranch near Meadow, where he is spending the week.

J. K. Milwee, after spending several days on his ranch south of Lubbock, returned to his home at Plainview Monday afternoon.

Uncle Billie Howard, of Terry county, boarded the southbound Santa Fe Tuesday for Dallas.

ly to the equipment of the department.

The following bills were allowed and ordered paid:
Lubbock Iron Works, Fire Department bill, \$12.25.
Lubbock Iron Works, road bill, \$4.65.

E. Gilliland, filling sewer holes, \$8.00.

Oscar Tabbs, truck for hose cart, \$10.00.

J. W. Graves, for pumping out city water works sum, \$4.00.

Council adjourned.

R. M. CLAYTON FRACTURES LEG

Cracking Car, and Kick Knocks Him Over, Breaking Leg Just Above Ankle.

The many friends of Mr. R. M. Clayton, Sr., will be sorry to learn that he sustained a fractured bone in his right leg, Monday, which has put him in the hospital for a few days treatment.

Mr. Clayton was cranking his car, when it "kicked" giving him a lick in the face, which knocked him down, and in the operation he twisted his leg resulting in the fracture of the out side bone about three inches above the ankle.

He was taken to the Lubbock Sanitarium, where the injured member was treated, and he is resting as easily as possible now under the circumstances.

Outside of the time which he will have to be confined in the hospital there is no serious results anticipated, and it will likely be only a few days till he can get about by the aid of crutches.

Mr. and Mrs. R. F. Pool of Sherman, who have been visiting for a few days at Amarillo stopped off here Saturday and spent Sunday the guest of Mr. and Mrs. T. P. Gibson. Mr. Pool is an uncle of Mrs. Gibson. They left Monday for Merkel, where they will spend a few days before returning to Sherman.

H. O. Waters spent several days here the first of the week and the latter part of last week, with his family, returning to Abilene Wednesday where he is buying cotton this season.

Clark Smith, proprietor of the Crosbyton Inn was among the Crosby county people who returned from the Panhandle Fair the first of the week.

THAT STREET ROLLER

Now, if the city had a good heavy roller to go over the streets where the rock is being dumped, there would be some genuine pleasure in driving over them, while as it is it takes a person all his time to stay in the auto, buggy or wagon. We are fully convinced that this is one of the great needs of the city equipment, and would be money well spent to purchase a good roller, have one made or in some way get into possession of one, and keep it busy.

The silo is a God-send to this country. There is never a year in Lubbock county that a farmer cannot get his crop to the fireless cooker stage—large enough to put in a silo—it will be worth money once you get it packed in there.

WHITE NOT A CANDIDATE

I have received many urgent requests from friends in all parts of the 122nd. District to make the race for representative next year, and I take this method to reply, and will say that under no circumstance will I be a candidate.

My health will not permit my making an active campaign, and my business requires all my time. I will be ready to support any good man for the office, and would be exceedingly pleased to see a broad man make the race. One who has succeeded in his own business, and a man with progressive ideas and with the backbone to stand for PRINCIPLE. I will not be a candidate. Yours very truly, Frank E. White. —Crosbyton Review.

A CREDIBLE ISSUE

The Stanton Reporter came to our desk this week printed on high class book paper, and increased in size from a four page folio to twelve pages. It contains a goodly number of half-tones showing scenes around and in Stanton. It also contains quite a lot of good information about the town and the country, and the people that live there, and have been prominent in making Stanton what it is. The edition is certainly a credit to the town, and W. O. Kent, showed that he knows what he is doing when he gets hold of the pen and is at home in the mechanical department of the print shop. The Stanton people cannot appreciate him too much.

There are 7,698,325,461 kinds of trouble in the world, and if our exchange is to be believed, the married man who lets a girl sprinkle a few drops of her favorite perfume on his coat lapel is going to meet every blamed one of them.

WHY NOT SOME WHEAT?

While we are not much farmer, and probably not eligible to give advice, still we cannot refrain from suggesting that a good acreage of wheat would not be a bad idea this fall. There is now a fine season in the ground, and at this season of the year, will remain there for a long time even with no more moisture, but the winter months always bring more or less snow or rain, which will keep a good season going the entire time that the wheat is in the making.

It would make good winter pasture at least, and that alone will probably be worth much to the man with a few hundred head of cattle.

Plant wheat!

Colds

should be "nipped in the bud", for if allowed to run unchecked, serious results may follow. Numerous cases of consumption, pneumonia, and other fatal diseases, can be traced back to a cold. At the first sign of a cold, protect yourself by thoroughly cleansing your system with a few doses of

THEO'DOR'S BLACK- DRAUGHT

the old reliable, vegetable liver powder.

Mr. Chas. A. Ragland, of Madison Heights, Va., says: "I have been using Theo'Dor's Black-Draught for stomach troubles, indigestion, and colds, and find it to be the very best medicine I ever used. It makes an old man feel like a young one." Insist on Theo'Dor's, the original and genuine. —E-57

GET YOUR HAT IN THE RING

In the event that the fall rains may have sprouted some candidates for county, district or state offices who might want to let the people know about it, early in the game, through the columns of the Avalanche we publish our schedule of announcement fees in another part of this paper. We notice that a number have announced in other counties. Lubbock is never behind on anything, and we are inclined to think that a few are about ready to throw their hat in the ring.

Ten years ago it was a rare thing to see a well kept lawn on a farm. Now such is the rule rather than an exception. So far as dollars and cents are concerned it does not pay to keep a lawn. A small amount of work properly directed will bring about great improvement in appearances that cannot be bought with money. We pass this way but once and he will be broader and nobler who passes in the midst of pleasant surroundings.

An automobile that won't turn turtle is another crying need.

NIX ON GOOD JUDGMENT

We learn through the columns of the Seymour Banner that Stamford is soon to have another newspaper. There seems to always be some fellow that is eager to wade in and get his feet wet. Stamford is a good town, but from all appearances is no newspaper town. For many months they had a very poor excuse for a newspaper. English finally got hold of the plant and has worked up a very nice business, but now some fellow with more experience than money, and more money than brains proposes to "butt" in and help the News starve to death.

Tax Collector, Flynn stated to the Avalanche representative that the tax rolls were now in readiness to receive taxes. We don't know whether this was a gentle reminder for us to "kick in" with our annual contribution to the county and state in the way of taxes or not, but anyway, he'll take the money if you give him a chance.

One very good way to keep the boys on the farm is to keep the girls there also. We tire of reading about, "How to keep the boys on the farm." Treat the boys right and they will not leave the farm. Some boys will be benefitted by leaving the farm, others will be better off stay. It depends on the boy and the advantages he has.

SKIDOO TAHOKA POOL HALL

Vote in Lynn County Says it Must Go. Small Sells Residence to Yoakum County Man.

Lynn County News.

Last Saturday was pool hall election day for Tahoka, and, as has been the case in every election we have heard of, the pool hall was voted out. The proportionate majority against the pool hall was the smallest here that we have heard of anywhere else in the State where such an election has been held. Did this prove that many people in Tahoka favor the pool hall? No, it merely proved that C. J. Wasson, the proprietor, had made many friends, while the pool hall in the ten months it has been here, has made none. Mr. Wasson himself said, "no one opposed the pool hall coming here." Yet after ten months trial, under the very best of management, the majority says "the pool hall must go." And it is a well known fact, that if the voting had been heavier, the majority against the pool hall would have been proportionately larger.

Dr. and Mrs. R. B. Hutchinson, of Slaton, came down the first of the week to attend to some business matters and visit friends here. Dr. Hutchinson is a brother of the Dr. Hutchinson, of Lubbock, whose card appears in the News. Mrs. Hutchinson was formerly Miss Ruby Black of this city.

G. W. Small, Sr., sold his

handsome residence in North Tahoka, last Saturday to Mr. Yates, of Yoakum county, for \$2,000 cash. The house has five rooms and a bath, nice barn and outhouses, well and windmill, two lots with nice little orchard and water piped everywhere. Mr. Yates moved in Monday.

Luke Riley has ginned over one hundred bales of cotton at O'Donnell this season.

The Tahoka cotton gin has turned out over 200 bales of cotton in spite of the damp rainy weather.

You Are Cordially Invited

We will be at the following

State Fairs: Texas at Dallas, Louisiana at Shreveport, and Arkansas at Hot Springs, also the East Texas State Fair at Tyler. We invite all our former students, their friends and those contemplating entering our school to visit our booth in the Exposition Building, and see our splendid exhibit, which has won first honors at all these state fairs. Our exhibit this year will be more extensive than ever before; it will be interesting and educational to old and young. We will have demonstrations on some of the most modern office appliances which are taught in our school. Speed demonstrations on the typewriter, adding machine contests, exhibit of students' work in bookkeeping, business training, shorthand, typewriting, penmanship and

telegraphy. A visit to our exhibit will show you why we have the largest school of the kind in America, when you are shown clearly why it is that we can make you a more practical and thorough stenographer in three and a half months, with the famous Byrne Simplified Shorthand than other schools teaching other systems can in seven months, and why it is with our original copyright system of bookkeeping and business training that we can give you both a course of bookkeeping and business training in less time than other schools can give you a mere theoretical course of bookkeeping, and why it is that our practical department of telegraphy, the largest in the United States, with a loop of the Cotton Belt train wire, giving every message to our students that goes from Mt. Pleasant to Waco; a loop of the Western Union wire; every station blank and record book that is used by the Western Union or Cotton Belt railroad, turns out practical operators and station men; and that we place our graduates promptly into good positions.

We had nearly 200 new enrollments during September, and yet they continue to come in from many different states. From present indications we will easily enroll 2000 students this year.

If you cannot see our exhibit at one of these state fairs, be sure to write for catalogue and read what we guarantee to give you, what our former students say we have given them, and their employers say of their proficiency. Address: Tyler Commercial College, Tyler, Texas. 15-11

Acuff Items

Acuff, Texas, Oct. 14, 1913. Happy Jack has been too busy to write any lately. Everybody is busy gathering crops, filling silos, punching cattle, etc.

Jno. L. Wortham is just back from Higgins, Texas, where he went on business.

L. O. Burford attended to Commissioners Court business Monday.

Acuff held an election Saturday and the prairie dog is doomed to die this winter. Hope every one will work in concert for the little pest is doing lots of damage.

Walter Burford has moved to the Lefholtz place where he has a crop this year.

Everybody is invited to attend the Singing Convention at Acuff the 26th of this month.

S. S. Rush and E. R. Davis had business in Lubbock Monday.

L. O. Burford has 14 acres of alfalfa up to a good stand, also 14 acres of wheat with a good season to start on.

P. F. Boast, father of West Texas, is out to see the folks.

Our school has been suspended for awhile for cotton picking, but will start again soon.

Happy Jack.

Hot Blast Heaters?

Yes, we have them, the Wyeth Hot Blast, and they are right at the head of the list in the matter of quality, which, after all, is the first consideration. They are constructed with heavy all-steel radiating surfaces, no joint at fire belt, air tight bottom. Heavy cast iron lining running putting in fresh fuel. High ash clean-out door under which a coal hod will stand allowing the removing of ashes without getting them all over the floor. Will hold fire longer than any other regular soft coal burner.

IT ALL DEPENDS

A collector came into the Byers community a few days ago having sixteen notes against sixteen different parties each note for \$41.50. In one day all these notes were paid in full and the collector went away happy. How is that for a hard times country?—Byers Herald.

This may be a good sign and it may not be. It depends entirely upon what the notes were for. If they were for buggies purchased from the traveling salesman at a high price, or for kitchen ranges sold by the same kind of firm, or for sewing machines that they paid two prices for from an agent, when they could have been bought

from the local man for less, it is a mighty poor sign, and if Byers is a "hard times country" now, it will always be as long as the people spend their money with those firms who are here today and gone tomorrow, and nothing more is seen of them till their representative calls with the "I promise to pay" credentials and presents them to the farmers who signed them a few months previous.

Successful city building consists in bringing the environment, geographic location and topography of a community to their loftiest standard of development, usefulness and comeliness.

From various parts of the state there is going up a protest to the Attorney General against further prosecution of the M. K. & T. Ry. The suits that are pending are no doubt holding back the building of railroad lines by this company in the state, and possibly others, who wish to enter, and in that way is retarding the development of the state to a degree. It seems to be the general opinion of the people, where the matter has been taken up that this prosecution be withdrawn, that the railroad effected may get up and do some more development in the way of building.

Acting Governor Will H. Mayes, prohibition candidate for governor, will open the Dallas state fair with an anti-prohibition staff, that of Governor Colquitt. Put-Off Town

Did you ever go to Put-Off Town. Where the houses are old and tumble-down, And everything carries and everything flags, With dirty streets and people in rags? On the street of flow lives Old Man Wait, And his two little boys, named Linger and Late, With unclean hands and tumbled hair, And a naughty sister named Don't Care. Grandmother Growl lives in this town With her two little daughters, Fret and Frown; And gentleman Laxy lives all alone Around the corner of street Postpone. Did you ever go to Put-Off Town, To play with the little girls Fret and Frown, Or visit the home of Old Man Wait, And call for his boys to come to the gate? To play all day in Tarry street, Leaving your errands for other feet, To stop, or shrink, or linger, or frown, Is the nearest way to this old town.

ABERNATHY SCHOOL BUILDING

School Formerly Opened and Building Dedicated Last Monday

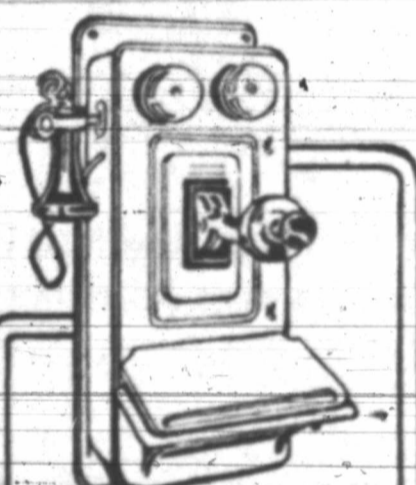

Plainview News

The new school building at Abernathy was dedicated Monday morning. It also being the beginning of this year's term of school. A number of patrons were in attendance. Principal J. E. Younger was master of ceremonies, and addresses were made by Judge W. B. Lewis, S. S. Sloneker and J. M. Adams of Plainview, Elder F. E. Wallace of Georgetown, and F. W. Struve and Mrs. Legg of Abernathy.

The building is of two rooms, is perfectly lighted, heated and ventilated, cost about \$2,500 and the funds were raised by private subscription, which shows that the people of Abernathy are liberal in support of their school. J. E. Younger is principal and Mrs. E. M. Legg is teacher of the primary department, and they have built up one of the best schools in the county. The county educational board has designated it as a high school.

Mrs. DeWald and other ladies of the town have taken upon themselves to provide a public school library.

KEEP YOURSELF POSTED.

In this day of progress the man who would succeed must be informed about the world's doings. The local paper gives him local information which is needful, but it cannot cover the whole field. Hence the man who would keep step with the march of the times will take a general newspaper also.

The Fort Worth Semi-Weekly Record has taken front rank among the great publications of the South and West. It is especially prepared for the reader who has not the time or the opportunity to read a daily paper.

First of all, it is a newspaper. The Record believes that the people of the country and the village are as much interested in current events as the people of the city.

In the next place, it carries features suitable for all members of the family—women and children as well as men. Last, but by no means least, the Record's editorial policy comprehends the economic welfare of the farmer and stock raiser. GAINES CATTLE MARKET

Shows a Number of Deals, Some of Which Represent Great Amount of Money

Seminole Sentinel

The local cattle market has been unusually active during the past two weeks and a number of large deals have been closed. In a majority of the trades steer yearlings have figured mostly. The demand for aged steers has also been strong.

T. C. Heard, livestock commission agent, was in Midland last week with John H. Harvey, a steer buyer from Denver, Colo., and he reports several deals in that country. Mr. Harvey purchased 1,000 head of steer calves of Chas. Goldsmith of Midland. Joe Lane of Terry, county purchased 250 head of steer yearlings from a Mr. Neil of Andrews county, 250 head from S. Shipp and Harry Houston, and 300 head from Will Terry.

G. L. O'Neal sold 250 head of 2 year old steers to J. B. Wozencraft. Mr. Wozencraft also purchased 200 head of 2's and 3's from Ellis & Bell.

J. C. Hart sold to H. B. Reed of Lubbock, 500 head of steer yearlings, delivery to be made next week.

Bert Ancil is delivering this week to C. J. Lyne 500 head of steer yearlings.

Corder & Son of Marfa are delivering to Trammel & Son, 800 head of big steers.

C. H. Eubank is delivering to Bert Ancil 150 heifers.

J. P. Montgomery of Memphis, Texas, is to receive 700 head of 2 and 3 year old steers which he purchased from A. J. Craft and E. R. Cruise.

Harry Braidfoot of Terry county received this week 1,000 head of black muley steers from M. S. Doss.

J. C. McDowell, a prominent steer buyer, is here today and is in the market for steers.

Rain and Hale at Littlefield.

Littlefield, Texas, October 14.—A heavy rain accompanied by some hail, fell in practically the entire county last week. It was the heaviest rain that has fallen in this section of the state this year. Farmers say that if frost will not fall in the next two weeks good yields of crops will be made.

Bank Closes at Tucumcari

Santa Fe, N. M., Oct. 3.—The First State Bank of Tucumcari voluntarily closed last evening and asked the state banking department to take charge of it. L. B. J. W. Kerley, of San Antonio, who is interested in Lubbock came up on the Monday morning train and is looking over the city. He notes many and great improvements that have been made since he was here three years ago.

DRILLING FOR OIL

Yellow House Ranch Owners Have Contracted for 2000 Foot Well —Knott & Baim Contractors.

Littlefield, Tex., Oct. 14.—Messrs Knott and Baim, oil well contractors, who have been busy the past month installing a well drilling apparatus, have started work on the drilling of a well 2000 feet deep in the southern part of the Yellow House ranch some 18 miles south of Littlefield. A well was put down at this point to a depth of 1350 feet and a sufficient amount of gas and oil found to warrant the owners of the ranch in having it tested out thoroughly. A great deal of interest will be manifested in the progress of this well in this section of the country.

* Small Blaze

Monday morning about 8:00 o'clock, the fire whistle blew and after a general survey of the town to locate the whereabouts of the fire, it was located in the Josh Young house, occupied by Ed Green, in the southeast part of the city. Soon enough men with buckets were present and fighting the flames, to extinguish them, and not a great deal of damage was done to the building. More or less damage was done the furniture by its hasty removal from the building. The fire started from the explosion of an oil cook stove.

H. B. Murray, editor of the Post City Post, and who is also connected with the State Agricultural Department under Commissioner Kone, was here Friday, returning home from Terry county, where he addressed the people in the interest of agriculture at the county fair which was held at Gomez. He stated to the Avalanche representative that they had a very credible exhibit and the country seemed to be in good condition.

I. L. Hunt came up from Lubbock Friday afternoon on business. Mr. Hunt says that things are in very good condition in his section of the Plains. The Avalanche is requested to announce that R. P. Littlepage, Primitive Baptist minister, of Tahoka, will be in Lubbock Saturday and will preach in the Cumberland Presbyterian church Saturday night, Sunday at 11:00 a. m., and Sunday night. All are cordially invited to hear him.

SOUTH SIDE CHRISTIAN CHURCH NOTES

The Bible School is growing steadily and new students are being enrolled at every service. The most hopeful sign is the instantly increased attendance of the adult classes. It has been

aptly suggested, "The best way to keep the boys in Sunday School is to build a wall of men around them." Our aim is, "Every member of the church enrolled in the Bible school, and as many more." Every officer, teacher and scholar should bring his bible, and strive to be on time. If not attending elsewhere you are cordially invited to enroll with the South Side Christian School. "The glad hand" of welcome will be extended you every Sunday morning.

The Wednesday evening Prayer meeting is one of the best services of the week. The Bible studies are growing in interest with each service. Come once and you will want to come again.

A new baptistry is one of the objects soon to be realized, as work is already underway preparatory to its installation. When completed it will be simple and convenient and add much to the beauty and sanctity of the Baptismal service. (Delayed)

Even in the days of primitive christianity the women of the church were engaged in the unselfish task of carrying forward the gospel enterprise. Paul wrote in commendation of her material assistance. All through the ages womanhood has been consecrated in a practical way to

the support of the church. A splendid demonstration of what women can do in practical service was seen Monday last, when in a carefully planned and superbly served dinner something like \$110.00 net was realized by the women of the South Side Christian church, which sum will be used in furtherance of the work this church has engaged to do.

In the performance of this task they were generously assisted by the good women from the other churches in town whose help is gratefully acknowledged.

There may lurk in some mind the ghost of a church "manned" by the women, but no such phantom fear trouble the minds of those who enjoy the fellowship of this splendid band of willing workers, whose zeal for Christ is matched only by their untiring efforts to work in support of His cause.

V. D. M.

A number of the young people of the Methodist church met at the church Sunday afternoon and organized a Senior League. All the officers were not elected, but they will meet again Sunday at 4:00 o'clock to perfect the organization and to lay further plans for their work. A good interest seems to be manifested among the seniors and it is to be hoped that a real live organization may result.

The Missionary Society of the First Presbyterian church met with Mrs. W. R. Spencer at her home on Broadway, Monday afternoon and there were quite a number present. Several interesting papers were read on the number and condition of missions in foreign countries also on the financial part of the work. The society will support a Bible woman, with whom they will get in touch, in some foreign field as a special work for the year. This work will be separate from the regular mission work.

How to Dress Well on a Limited Income

To dress well at moderate cost, to have the joy of knowing that the style of your costume is absolutely new and correct; that it is conservative and in good taste—select your new clothes from smart models we are showing from Bischof.

Then you know your costume has distinction and shows the modish notes of the season; that it is exquisitely tailored and perfect in finish and design—in short, that it comes to you fresh from the workrooms of America's foremost designers.

Come in and see the complete assortment of coats and suits we have just received. Notice how unusually lovely these models are. See how skillfully Bischof has developed all the charming new materials in the approved colors—how much attention is given to the important style features—the cutaway coat, the elongated panel back, the soft, graceful skirt draperies, the Mandarin sleeve—all the latest caprices of fashion are shown, after a manner that is most pleasing.

Bischof uses only the finest coat-canvas (the kind used by custom tailors); every yard of the material is tested, then sponged and shrunk; silk thread is used throughout; silk-covered shields protect the armholes; the buttons are reinforced by stay buttons inside the coat. Bischof garments keep their shape; they are fitted on living models—not molded or pressed into shape.

Select your costume from the models we are now displaying. In this splendid collection you will find that Bischof has thought out all your needs for this season. The costume you want is here, at a price to interest you.

Suits priced \$25.00, \$30.00, \$35.00 and up to \$60.00.

Coats \$17.50, \$20.00, \$25.00 and \$30.00.

person a receipt therefor, which receipt shall be a license tax receipt, and shall authorize such person, or persons, to pursue such business within said city for the ensuing year from the date of such tax, which said tax is here levied and assessed as an annual tax aforesaid.

Section 3. That upon the payment of said license tax and procuring receipt therefor, as hereinbefore provided, it shall be the duty of the city collector to furnish such person with two numbers, corresponding with the number of the receipt so issued to such person by said collector, which shall be at least four inches high, which said numbers shall be placed securely one upon each side of said vehicle, wagon, or other conveyance, by such person so securing the same, in such place as may be readily seen, and such numbers shall be so furnished at the city's expense, provided, however, such person may furnish such numbers himself, but they shall conform to the requirements of this ordinance.

Section 4. Each and every person who shall comply with the preceding sections of this ordinance, and shall sell or offer for sale any of the articles of merchandise as specified, shall at all times keep the same in a sanitary condition, and shall also keep their wagons, vehicles, or other conveyance, in a clean and sanitary condition, and they shall not sell, or offer for sale any unsound or unwholesome articles of merchandise, nor shall they give, or make any false weights or measures of any of the various articles or merchandise as specified, and covered under section one of this ordinance.

Section 5. It is here made the duty of the city collector to procure and to keep a well bound book wherein all license taxes required to be paid under the provisions of this ordinance, and which are paid, and to enter therein the names of each person applying for and paying such license tax, together with the date of the issuance, when the same expires, with the number such license carries, and to make and enter such other and further entries as will fully identify such license, and to whom issued, and it is here made the duty of the city marshal, and all other peace officers of the city to diligently look into the regulations under this ordinance, and to make a report of each and every violation, which may come to his notice, to the city attorney or other prosecuting officer of the city, to the end that each and every provision of this ordinance may be fully observed.

Article 6. That any person who shall engage in the sale of

any of the articles of merchandise as specified in this ordinance without having first paid such tax and procured such license as herein provided, or who shall fail to procure said numbers and place the same on his wagon, vehicle or other conveyance, or who shall fail to keep his wagon, vehicle or other conveyance, in a clean and sanitary condition, or who shall sell or offer for sale any unsound or unwholesome articles or merchandise, or who shall give or make any false weights or measures of the various articles of merchandise as contemplated and provided for under the provisions of this ordinance, shall upon conviction be deemed guilty of a misdemeanor and fined in the sum of ten (\$10.00) dollars, provided the city shall have the right to collect any license tax as herein fixed and imposed, whenever the same may become due as herein provided, by suit in any court having jurisdiction over such amount.

Section 7. Each and every day's engaging in the business of peddling, as defined under this ordinance, without the payment of the tax due thereon and the procuring a receipt or license therefor and each and every day's failure to comply with any of the other provisions of this ordinance shall constitute a separate offense and the person guilty of such violation or failing to comply with the provisions hereof, shall, upon conviction, be punished therefor as hereinbefore provided. Provided that the court trying said cause shall have the right and power upon conviction of any person for violation of any

of the provisions of this ordinance to decree, and make the same a part of the judgment in such cause, a forfeiture of such license as such persons may have procured hereunder however, in the event of such forfeiture of license no part of such license tax as may have been paid shall be refunded to such person and no further license shall be issued to such person for the remaining period of such license year under this ordinance.

Section 8. This ordinance shall take effect from and after its passage and publication as required by law.

Passed and approved the 14th day of October, A. D. 1913.

WADDELL TALKS TO CATTLEMEN

Chairman of Livestock Sanitary Commission Addresses Communication to Cattlemen.

Fort Worth, Tex., Oct. 9, 1913. To the Cattlemen of Texas:

Federal and State officials, like individuals in private life, are always glad to herald an accomplishment, or an effort for the betterment of the enterprises or industries which they represent, especially when their personal efforts have contributed to that accomplishment, with that idea in view: this letter is addressed to the cattlemen of Texas, that they may have a slight insight to the work that has been done and is being done in their behalf by the Federal Government, under the able and efficient management of Dr. J. L. Allen, Inspector in charge, stationed at Fort Worth and the State of Texas, through your Live Stock Sanitary Commission.

In the first part of this year, Dr. Allen and myself conceived the idea that it was practical to entirely eliminate and eradicate the disease of scabies off of the ranges of Texas, and with that idea uppermost in our minds, we began systematically laying the foundation for a systematic effort to eradicate the scab off of the ranges of Texas. To accomplish this undertaking, many and seeming unsurmountable obstacles had to be overcome. First in importance of these obstacles, was to get the co-operation of the cattlemen of Texas interested in this work. Second, was to get the Legislature to pass a law putting the State of Texas on record as favoring the eradication of all contagious, infectious or communicable diseases of livestock. Third in importance of these obstacles, was getting the Legislature to make an appropriation sufficient to provide the means to carry on the work. In order to overcome the first mentioned obstacle and get the co-operation of the cattlemen of Texas interested in the

work of scab eradication, I called a meeting of the cattlemen of Texas at Amarillo, Tex., on July 16th, there the question of the possibility of eradicating the scab was thoroughly discussed—there the law passed by the last Legislature was read, discussed and unanimously approved. That meeting voted a unanimous endorsement of the work of the Live Stock Sanitary Commission of Texas, and by resolution instructed the Chairman of the Live Stock Sanitary Commission of Texas to proceed with the organization of a systematic effort looking to the eradication of the scab off of the ranges of Texas, according to his expressed ideas, and there pledged the chairman of this Commission their moral, financial and physical support in the undertaking. Meeting with this strong evidence of co-operation on the part of the cattlemen at this meeting, Dr. Allen and myself became surcharged with enthusiasm and from that day until this we have given this work the best thought at our command. We realized then, as we know now, that to carry on this work in a systematic manner that would guarantee success, necessitated a great number of inspectors to work in the field than had ever been contemplated by either the State or Federal authorities. In behalf of the Federal Government, Dr. Allen put the proposition up to the Bureau of Animal Industry at Washington and asked for help, the Bureau of Animal Industry very promptly replied, instructing Dr. Allen to secure the services of at least twenty additional inspectors, and more if necessary, to join the State in this undertaking. I proceeded to the Legislature which convened in extra session July 21st, and there made known the wants of the Live Stock Sanitary Commission, and it is with no small degree of gratification that I can state that the Legislature made every provision asked for by your Chairman. Having confidence in my ability to satisfy the Legislature of the justness of the demand of the Live Stock Sanitary Commission of Texas, I proceeded to employ extra men to co-operate with the Federal men, which Dr. Allen was employing to conduct a systematic scab eradication movement. The result of the judgment of Dr. Allen and myself as to the number of men necessary to prosecute this work, has been the placing of forty Federal inspectors and twenty-two State inspectors in the field. In other words, there are sixty-two men now working in the scab infected area in Texas, and our reports show that during the month of September, it having been agreed at the convention in Amarillo on the 16th of July, that this systematic work would commence about the 1st of September, as I said, our reports show that during the month of September, there has been dipped for eradication of scab 246,000 head of cattle, 145,000 have been dipped for exposure and only dipped once, while 101,000 head, constituting the herds in which infection was found have been dipped twice. I want to call your attention to this fact, that our inspectors have supervised the dipping

through the dipping vats of 346,000 head of cattle during the month of September.

This is an effort in the Live Stock Sanitary work unequalled in the history of our country, and it is a pleasure to chronicle the fact that we are meeting with almost universal hearty co-operation in this work. There are however, a few self-constituted men of importance in the country, and a few who have been vaccinated for lawyers, that who continue to offer their wise suggestions, as well as their criticism, not knowing enough really, or not realizing that their criticisms are in direct opposition, not only to the law, but to the safest and best of all laws, which is public opinion. While it affords me pleasure to know that I have the endorsement, the confidence and the co-operation of the men whose interest I am in my feeble way trying to serve, yet every sweet has its bitter and I am forced to the necessity of advising you of the fact that though the Legislature made a sufficient appropriation to defray all the expenses of this work, the Governor in his wisdom saw fit to veto part of our appropriation, which leaves the Live Stock Sanitary Commission with twelve or thirteen inspectors at work at \$83.33 per month each and \$25.00 a month expense account each, and no money in the treasury to pay them. In order to meet this contingency, I am glad to report that the Texas Cattle Raisers' Association, at the meeting of their executive committee, voted to appropriate \$500.00 towards defraying the expenses of the Sanitary Board, not provided for by the appropriation, and I have written about fifty cowmen in Texas, asking them for a donation to this fund, assuring them that whether they paid these inspectors salaries or not, the work would go on, if I had to pay their salaries myself. This however, I don't think I will be called on to do, as the honor roll of progressive cowmen grows daily, I mean by that, I am receiving daily letters with checks enclosed, and I believe when all the cowmen understand the situation, enough money will be subscribed to defray all the extra expenses which are incurring.

THE LUBBOCK IRON WORKS

J. A. CALDWELL, Manager

Chamber of Commerce Column

GEO. W. BRIGGS, Secretary.

A typographical error in last week's column made me state that the Chamber of Commerce is a social organization. What I meant to say was that the Chamber of Commerce was not a social organization, but mainly for the business of developing Lubbock and Lubbock county.

We understand that some important changes are being planned at our experiment station, which will make the station even more serviceable to Lubbock county.

We attended the Lubbock County Agricultural Association at the Canyon school house Monday afternoon. It was pleasing to see the interest shown by the farmers in this work. Though this is an exceedingly busy time, there was a fair attendance. Each farmer reported on the condition of his crops, which led to discussions on seed and methods. But the major portion of the time was spent in discussion of Sudan grass seed. Mr. Cory, secretary of the association reported a great demand for the seed from all over the country. He also reported that in some places the seed was selling for a dollar a pound. The association, however decided to stand by their price of 50 cents a pound, as that seemed a reasonable price.

We might suggest to farmers of this community that if they are intending to plant Sudan grass next year, it would be well

for them to put in their order immediately as it looks as though the demand will exceed the supply. About 9,000 pounds will be threshed in this county, which if sold at 50 cents a pound would mean \$4,500.00 in the pockets of the five or six farmers who planted the grass this year. It will not all be sold at this price, as members of the agricultural association get a discount of 25 per cent. But even if it were sold at half of 50 cents, it has proven a big money crop for the farmer, for besides the seed he has a good tonnage of hay. And farmers say that stock will leave every other kind of feed to eat the grass.

Those who seem to know, say that the demand for seed next year will exceed that of this year, as farmers are just finding out what a good thing Sudan grass is.

It might be interesting to the readers of this column to know the purpose of this association. It was organized by our live farm superintendent, Mr. Cory, for the purpose of growing pure seed and breeding pure bred stock. Monthly meetings are held in different parts of the county, where live questions on farming are discussed. Under the direction of Mr. Cory, the members plant nothing but the best seed, and endeavor by careful work to raise nothing but pure seed. The same purpose is held in stock. This means, that it will not be long before the members will have not only the

best seed, but the best stock in the country. The demand for pure seed is on the increase, and big prices are paid for it. We understand that the association will dispose of much other seed besides Sudan grass, at a price exceeding the ordinary market. Under Mr. Cory's direction the products grown for seed, are carefully rogued, and when thus handled, the guarantee of the association goes with the sale of it.

This of course means much extra money for the farmers raising the seed, besides the better crops it gives himself.

What is true of the seed question, is true of purebred stock. The farmer who has good stock, can always sell for breeding purposes, and on the market for better prices than the farmer who has nothing but scrubs and grades. We predict that this association is going to be a mighty good thing for the farmers of this county.

There ought to be a larger membership, and we believe that when farmers realize the benefits for themselves that there will be a large increase of members. Each meeting, new members are coming in. By such means Lubbock county will soon get a reputation for itself as a place to send for good seed and the best stock.

Gradually there is a strong sentiment growing up in favor of irrigation in Lubbock county. We hope that it will soon become more than a sentiment. Farmers are beginning to realize that while with the silo, they can do well on the average, but with the well, they can be sure of big crops each year. As a gentleman remarked at the association meeting last Monday, "it is worth while, alone, to have a well and know that you can furnish your own rain, without worrying and watching the clouds, hoping that nature will respond to your needs, and give you the water when it is needed."

It seems to us that a combination of irrigation and dry farming is the ideal for this country. There is no question, that take it year after year, such crops as Sudan grass, feterita, kaffir, maize, peanuts, cotton, fruit, etc., are a success in this county. Then with a silo and some stock, and a determination to work, the farmer can do well. But with a small irrigation well the farmer can not only raise other crops, which always have a sure market, but he can better the above crops by a judicious application of water, in a dry period. Thus the well is not only a comfort but a big money maker.

Irrigated land elsewhere, is sold for from \$150.00 to \$1,000.00 per acre. Now, taking the price of our land and the best can be bought around \$25.00, and adding the price of a well outfit, land here does not cost anywhere near what it does elsewhere. Two hundred acres can easily be irrigated with a twelve hundred gallon well. Such an outfit at the highest price, costs in the neighborhood of \$4,000.00 or about \$20.00 per acre. Price your land at \$25.00 and you have an irrigated farm at \$45.00 per acre, a price less than a third of the cost of irrigated land elsewhere. Can you get a better proposition than right here in Lubbock county, especially when you consider that our soil according to experts is well adapted for irrigation? Men who know, tell me that Lubbock county has the best adapted soil for irrigation on the Plains, not excepting Plainview, Hereford and Portales. The soil north of us is heavier and will necessitate careful handling or in few years will not be fit for irrigating. For in

heavy soil it is necessary to turn under constantly a green fertilizer or the soil will soon get into such shape that irrigation is not a success. Northwest of Lubbock the soil is more sandy and will in the future require much fertilization to keep it up. While in Lubbock county the soil is rich and has just enough sand in it to avoid all the above difficulties.

Experts tell us that a three inch irrigation with a good outfit costs about 65 cents per acre. A three inch irrigation is a good rain and ordinarily twice a year is sufficient in this county. But put it at \$1.00 per acre and you have the cost of irrigation, not over \$2.00 per acre per season. Then consider the fact that you can double and more than double most of your crops by irrigation and I believe you will agree that Lubbock county has a mighty good proposition. Other places near us have pushed irrigation much farther than we and are making a big success of it. And it only remains for our farmers to take hold of it to make this county an even better money-making county than any other.

The first cost of an irrigation well seems big and the farmer doesn't see where the money is to come from. That is the one thing which is holding many back. It isn't easy to pick up \$4,000.00 or even half that. But there are many farmers here who are trying to farm much more than they can handle well. Wouldn't it be better to cut one's section in half, sell one half and take the proceeds and put in a well on the other half? Of course at the present time the demand for land is not great, but

if a farmer sets out to sell a part of his holdings he would soon find a taker, for the country at large is becoming interested in Lubbock land and we predict that within a short time there will be a much bigger demand. Just as soon as it is known what a good thing it is to own Lubbock land you will find people flocking to us for it. This, by the way is just what the Chamber of Commerce is working for. We realize that the city has developed almost beyond the country and our greatest effort is to develop the country. Therefore we say, not only to the citizens of our city, but to the farmers, "join the Chamber of Commerce, and help us put before the world the great opportunities of Lubbock county. We are getting new members constantly, but we want every citizen of this county to take hold and help us. We are often asked how to join. All you have to do is to give your name to the secretary, and tell him how much you can afford to give to this work. We can use every dollar that we can get, and we are using it economically too. The more money we have the more we can do to help you. The amounts at present range from \$1.00 per month up to \$5.00. But there is no limit one way or the other. Almost everyone can give a dollar a month, and many more. Who's the next.

The readers of this column might be interested in the analysis of Sudan grass, so we give it. This analysis is from the Chillicothe station, taken when the plant was just past bloom. And by the way, it shows twice as much protein in it as the grass grown at the Arlington farm, Virginia, which shows that this country is better adapted for the growing of the grass than elsewhere.

Moisture 5.81
Ash 8.15
Ether extract 1.68
Protein 9.13
Crude fibre 26.75
Nitrogen free extract 48.48
It is interesting to note, that at the Arlington station that there was the most protein shown when the grass was cut before heading and the least when the seed was fully mature.

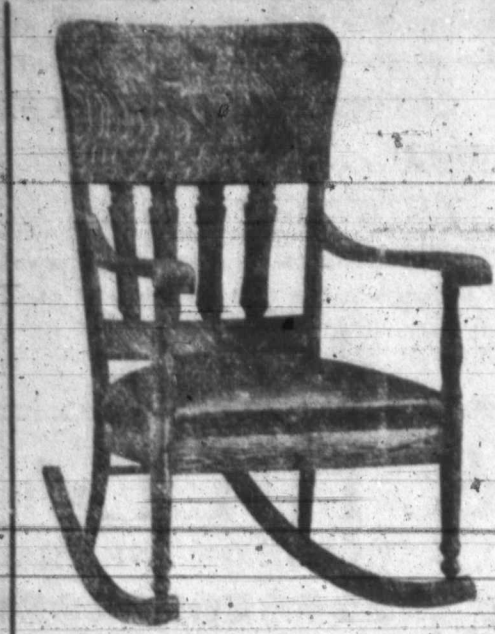

We also have the analysis of feterita and red kaffir. This analysis shows that the two are almost equal in feeding qualities.

SMITH ON PROMOTION LINE

Congressman From Sixteenth District May be Honored by Promotion

Washington, Oct. 11.—Commissioner Judson C. Clements of the Interstate Commerce commission, will soon retire, because of having arrived at the retirement age, and some of the more ardent friends of Congressman William R. Smith, of the El Paso district urged his name in connection with the succession. Congressman Smith admitted tonight that he had been approached on

the subject, but declared that he was not in any sense an applicant for the appointment.

That he will accept the high honor offered him by the president is generally understood, but he said that he was well pleased with his service as a member of congress from Texas and that he had expected to be a candidate for re-election.

That Judge Smith is pre-eminent qualified for efficient service as a member of the Interstate Commerce commission will not be questioned. By temperament, equipment, training and experience, he is particularly well fitted for the character of work

devolving upon members of the commission and there is no doubt that he will find the duties very congenial.

The friends of the El Paso congressman are delighted with the new honor that will be given him. There are residents of his district here now who state that while the city of El Paso and the entire district will lose an excellent representative, yet the Interstate Commerce Commission will gain a talented member who will be in a position to see that justice is done the southwestern country.

It will be necessary to call an election in the El Paso district for the purpose of naming Congressman Smith's successor. It is believed here that Mayor C. E. Kelly of El Paso will be sure of election if he can be induced to run, and his friends are already beginning to plan for him.

The information with reference to Congressman Smith's new appointment while not official is authentic and other congressmen have confirmed the report.

LOCAL DRUGGIST

MAKES STATEMENT

Says Dodson's Liver Tonic is the Best Remedy for Constipation and Shaking Liver he has Ever Sold

Every person who has tried Dodson's Liver Tonic knows how surely and gently it starts the liver to working and relieves biliousness will bear out the Red Cross Pharmacy in this statement about Dodson's Liver Tonic.

"It is a purely vegetable liquid, that entirely takes the place of calomel, harmless and pleasant to the taste, that has proven itself the most satisfactory remedy for a slow-working liver that most of our customers have ever tried. A large bottle sells for fifty cents and we do not hesitate to give the money back to any person who tries a bottle on the strength of this statement and is not satisfied with the result."

In these days of doubtful medicines and dangerous drugs, a statement like the above is a pleasant assurance that Dodson's Liver Tonic is a reliable remedy for both children and grown-ups. In buying a bottle for immediate or future use it is well to make sure you are getting the genuine Dodson's Liver Tonic and not some spurious imitation that has copied our claims, but do not stand back of their guarantee. You may be certain of getting the genuine if you go to the Red Cross Pharmacy for it.

The local banks observed Columbus Day Monday of this week, Oct. 12th was the correct date, but as that date fell on Sunday, they used the following day.

YOAKUM COUNTY STOCK NEWS

T. C. Ivey Dipping Cattle This Week. Hamilton & Robinson Lease Big Range

T. C. Ivey commenced dipping cattle yesterday. Dr. Sam Weaver, the government's sanitary inspector is superintending the dipping, which will consume several days. Mr. Lee Almon of Brownfield has been employed to do the the firing for the work.

J. J. Kendrick made a trip to Lubbock Thursday in his new car, taking Miss Mattie Stanford and his brother, W. A. Kendrick, there to take the train, the former going to Edom, Texas, and the latter to Dickens City.

Messrs. Hamilton & Robinson have leased 30 sections of the Holloway pasture, which lies across the line in New Mexico, but joins their Bedford pasture in Texas. This gives them a range of 60 sections, and will run about 2000 cattle. They already have the pasture partly stocked and expect to buy more cattle in a short time.

J. F. Merritt has gone to Abernathy with a herd of 700 or 800

muttons which he is shipping to market.

Messrs. Belcher and Burleson have bought twelve car loads of fat cows and will start to the railroad with them next week. They will go to the Fort Worth market.

Citation By Publication

The State of Texas

To the sheriff or any constable of Lub-
bock county—Greeting:

You are hereby commanded, that by
making publication of this citation in
some newspaper published in the county
of Lubbock, if there be a newspaper
published in said county, (but if not,
then in the nearest county where a
newspaper is published) for eight suc-
cessive weeks previous to the return
day hereof, you summon the unknown
heirs of Mrs. Jessie F. Haslett, de-
ceased, and their heirs and legal repre-
sentatives, whose names and places of re-
sidence are unknown, to be and appear
before the honorable district court, at
the next regular term thereof, to be
held in the county of Lubbock, at the
court house thereof, in the town of
Lubbock, on the fourth Monday in
November, A. D. 1913, the same being
the 24th day of November, A. D. 1913,
then and there to answer the petition
of Sallie M. Brown, plaintiff, filed in
said court on the 9th day of September,
A. D. 1913, in a suit in which Sallie M.
Brown is plaintiff against the unknown
heirs of Mrs. Jessie F. Haslett, de-
ceased, and their heirs and legal repre-
sentatives, defendants, the file number
of said suit being No. 762 and the nature
of plaintiff's cause of action being as
follows, to-wit:

That plaintiff is the lawful and ab-
solute owner in fee simple of the follow-
ing described tract of land, to-wit:
Six hundred and forty (640) acres of
land situated in Lubbock county, Texas,
known as survey No. 67 block "A",
located by virtue of land scrip No. 3066
issued to the E. L. & R. R. Co., and
patented to Mrs. Jessie F. Haslett by
Patent No. 372 Vol. 60, and described by
metes and bounds as follows: Beginning
at a stake the S. W. corner of
Sur. No. 66, Bk. A for N. W. corner
of this survey; thence south 1900.8 fms.
to stake for S. W. corner this survey;
thence east 1900.8 fms. to stake for S. E.
corner of this survey; thence north
1900.8 fms. to stake for the N. E. corner
of this survey; thence west 1900.8 fms.
to the place of beginning.

That on, to-wit, the 1st day of Sep-
tember, A. D. 1913, plaintiff Sallie M.
Brown was lawfully in possession of
said land and premises and entitled to
the possession thereof; that on, to-wit,
said September 1st, 1913, said defend-
ants unlawfully entered upon said land
and premises and unlawfully ejected
plaintiff therefrom, and have since said
date unlawfully withheld from plaintiff
the possession thereof and still
unlawfully withhold from plaintiff the
possession thereof to plaintiff's damage
in the sum of \$207.50.

That plaintiff's title to said above
described land and premises is as fol-
lows, to-wit:

(a) Patent from the State of Texas
executed by G. M. Roberts, Governor,
and W. C. Walsh, Commissioner of the
General Land Office, to Mrs. Jessie F.
Haslett, Assignee of the E. L. & R. R.
Co., dated February 8th, A. D. 1882,
No. 372 Vol. 60, filed for record on the
23rd day of August, 1882, and recorded
in Vol. 1 pages 126 and 127 of the re-
cords of Lubbock county, Texas.

(b) Deed from C. A. Haslett and
wife, Jessie F. Haslett, to Arnold
Brown, dated June 20th, A. D. 1882,
filed for record Nov. 20, 1882, and re-
corded in Vol. 1 pages 116 and 117 of the
deed records of Lubbock county, Texas.

(c) The last Will of Arnold Brown,
deceased, and the proceedings of the
Probate Court of Montgomery county,
State of Ohio, in the estate of Arnold
Brown, deceased, and all other papers
and orders in said estate, certified
copies of all of which are recorded in
Vol. 29 p. 441 and Vol. 31, pp. 44-51 of
the deed records of Lubbock county,
Texas.

(d) That plaintiff and those, whose
estate she has, had and held peaceable,
continuous, uninterrupted and exclusive
adverse possession under title and color
of title from and under the sovereignty
of the soil of the land, and premises
hereinbefore described for a period of
more than three years before the com-
mencement of this suit, and that plain-
tiff claims title to said above described
land and premises under the Statute of
limitation of three years.

(e) That plaintiff and those, whose
estate she has, claiming the same under
deed duly registered, had and held
peaceable, exclusive, adverse and con-
tinuous possession of said land and
premises hereinbefore described, culti-
vating, using and enjoying the same
and paying all taxes thereon, for a
period of more than five years before
the commencement of this suit and that
plaintiff claims title to said land under
the statute of limitation of five years.

(f) That plaintiff and those, whose
estate she has, claiming to have good
and perfect right and title thereto, had
and held peaceable, continuous and ex-
clusive adverse possession of said land
and premises hereinbefore described,
cultivating, using and enjoying the
same, for a period of more than ten
years before the commencement of this
suit, and that plaintiff claims title to
said above described land and premises
under the statute of limitation of ten
years.

That the claim of the defendants' un-
known heirs of Mrs. Jessie F. Haslett,
deceased, and their heirs and legal
representatives, is, so far as plaintiff
knows, based upon the claim that the
hereinabove described land was the
separate property of Mrs. Jessie F.
Haslett, deceased, that the acknowl-
edgment of said Mrs. Jessie F. Has-
lett to the above described deed from
C. A. Haslett and wife, Jessie F. Has-
lett, to Arnold Brown is invalid and
that said conveyance did not divest said
Mrs. Jessie F. Haslett of her title to
said above described land and that the
same passed to the defendants upon the
death of said Mrs. Jessie F. Haslett on
or about, to-wit, the day of
A. D. 1882.

and answer herein in the manner pre-
scribed by law; that an attorney at law
be appointed by the court to defend this
suit for said defendants cited by pub-
lication; that upon final hearing hereof
plaintiff have judgment against all of
said defendants for the title to and
possession of said land and premises for
damages and for writ of possession; and
for all such other and further relief, both
at law and in equity, general and special
to which plaintiff may be entitled.

Herein fail not, but have before said
court, at its aforesaid next regular term
this writ with your return thereon,
showing how you have executed the
same.

Given under my hand and the seal of
said court, at office in Lubbock, Texas,
this 9th day of September, A. D.
1913.

The State of Texas

To the Sheriff or any constable of Lub-
bock county—Greeting:

You are hereby commanded to sum-
mon R. E. Newlands by making pub-
lication of this citation once in each week
for four successive weeks previous to
the return day hereof, in some news-
paper published in your county if there
be a newspaper published therein, but
if not, then in any newspaper published
in the 72nd judicial district, but if there
be no newspaper published in said
judicial district, then in a newspaper
published in the nearest district to said
72nd judicial district; to appear at the
next regular term of the district court
of Lubbock county, to be held at the
court house thereof, in Lubbock, Texas,
on the fourth Monday in November, A.
D. 1913, the same being the 24th day
of November, A. D. 1913, then and there
to answer a petition filed in said court
on the 17th day of April, A. D. 1913; in
a suit, numbered on the docket of said
court No. 720, wherein Geo. W. Carter
is plaintiff, and J. R. Lanier, W. R.
Spencer and R. E. Newlands, are
defendants; and said petition alleging
that about Dec. 20th, 1911, defendant,
W. R. Spencer, made a conveyance to
defendant J. R. Lanier of section
seventy (70) in block "D" original
grantee Geo. W. Carter, situated in
Yoakum county, Texas; that in part
payment for said land defendant J. R.
Lanier, executed and delivered to de-
fendant W. R. Spencer his two prom-
issory notes; one of said notes being
for the sum of \$207.50, given in part
payment for the east 1-2 of said section,
thence being reserved in said note and
deed to said 1-2 section the vendor's lien
to secure payment of said note; and the
other note being for the sum of \$207.50,
given in part payment for the west 1-2
of said section, there being reserved in
said note and deed to said 1-2 section
the vendor's lien to secure payment of
said note; both notes being due one year
after date, signed by J. R. Lanier and
payable to the order of W. R. Spencer,
with interest from date until paid at
the rate of 8 per cent per annum, past
due interest to bear interest at the rate
of 10 per cent per annum and both notes
providing for the usual 10 per cent
collection fee; that in the deeds from
W. R. Spencer to J. R. Lanier the said
J. R. Lanier assumed payment of the
purchase money due the state of Texas
on said land.

That on January 2nd, 1912, defendant
W. R. Spencer transferred both of
said notes by blank endorsement to
plaintiff, and at the same time, ex-
ecuted and delivered to plaintiff a
written transfer of the vendor's lien on
said land.

That on or about March 6th, 1912,
defendant J. R. Lanier conveyed to R.
E. Newlands the west 1-2 of said sec-
tion in part payment for said land the
said R. E. Newlands assumed the pay-
ment of said vendors lien note of
\$207.50 against said east 1-2 of said
section, and as a further consideration
the said R. E. Newlands executed and
delivered to said J. R. Lanier one
vendor's lien note against said 1-2 sec-
tion for the sum of \$1198.00, due one
year after date, with interest at the
rate of 8 per cent per annum, which is
a lien that is inferior to the prior liens
held by plaintiff.

That on or about the 10th of March,
1912, defendant J. R. Lanier conveyed
the east 1-2 of said section to R. E.
Newlands and in part payment for said
land the said R. E. Newlands assumed
the payment of said vendors lien note
of \$207.50 against said east 1-2 of said
section, and as a further consideration
the said R. E. Newlands executed and
delivered to the said J. R. Lanier one
note for the sum of \$500.00, due nine
months after its date, with interest at
the rate of 8 per cent per annum, which
note is secured by a vendor's lien that
is subject to the liens hereinafter by plaintiff.

That on November 1st 1911 there was
due the state of Texas, as purchase
money, the following interest on said
section 70 the sum of \$57.47; that about
the 16th day of February, 1913 it became
necessary for plaintiff to pay said
interest to prevent a forfeiture of said
land and that defendants refused to pay
said interest and refused to reimburse
plaintiff for the interest paid by him.

That plaintiff is the owner and holder
of the notes sued on and that the same
are past due and unpaid and that de-
fendants though often requested have
failed and refused to pay the same, to
plaintiff's damage in the sum of \$2,000.

That plaintiff has placed said notes in
the hands of Bean & Klett, attorneys
and promised to pay them 16 per cent
on the amount due as attorney's fees,
which is a reasonable fee.

Plaintiff prays for judgment for the
principal, interest and attorney's fees
provided for in said notes and for the
amount of interest paid the state of
Texas with interest thereon from the
date of payment until paid at the rate
of 6 per cent per annum, together with
a foreclosure of his lien against all the
defendants for the respective amounts
due upon each separate tract as set out

above and that he have an
order of sale issued for the sale of each
of said tracts and for such other relief
to which he may be justly entitled.

Herein fail not, but have before said
court, at its aforesaid next regular
term, this writ with your return there-
on, showing how you have executed the
same.

Given under my hand and the seal of
said court, at office in Lubbock, Texas,
this 19th day of Sept. A. D. 1913.

A SURPRISE PARTY

We cannot stay the wheels of "Old Father Time" and birthdays will come in spite of all we can do. Such an inevitable event came into the quiet life of Mrs. W. T. Boone, October the 13th. Lalla, the loving and

lovable daughter planned a "surprise party" for the occasion.

Those present were Mesdames Bounds, Gibson, Eason, Agnew, E. P. Earhart, J. B. Mobley and Miss Ella Overton.

A salad course and delicious candy were served. Pleasant conversation made the hour pass too rapidly. Mrs. Boone was the recipient of many useful little gifts, which will serve as re-

minders of this pleasant occasion as other birthday's come and go. May this lovely christian

woman be spared many many years, "even down to old age." "He liveth long who liveth well; All other living is in vain."

Merrill Electric Company

After spending the afternoon in work and conversation, delicious refreshments of ham sandwiches, pickles, two kinds of cake, bananas, tea and coffee were served to the following guests: Mesdames J. M. Wright, Will Wright, Farris and Crump, Misses Nettie Stokes, Lillian Brown, Mamie and Katie Belle Crump. The next meeting will be with Mrs. Stokes.

Owing to sickness and bad weather the greater part of the members were kept from attending the meeting with Mrs. Lupton Sept. 25th. We hope she will give us another chance to meet with her real soon and perhaps the weather will be more favorable.

Ordinance No. 99

An Ordinance prohibiting any person from riding a bicycle, motor bicycle, or skating with roller or other skates on any sidewalk in the City of Lubbock and providing a penalty therefore.

Be it ordained by the City Council of the City of Lubbock, Texas:

Section 1. That hereafter it shall be unlawful for any person to ride a bicycle, or motor bicycle, on or along any sidewalk within the corporate limits of the City of Lubbock, Texas.

Section 2. That it shall be unlawful for any person to skate with roller skates or any other kind of skates on any sidewalk within the corporate limits of the city of Lubbock, Texas.

Section 3. That any person violating any of the provisions of this Ordinance shall, upon conviction, be fined in any sum not exceeding Twenty-five (\$25.00) Dollars.

Section 4. That this Ordinance shall be in full force and effect from and after its passage and publication as required by law.

Passed and approved this the 14th day of October, A. D. 1913.
[SEAL] F. E. WHEELLOCK, Mayor.

Attest: W. M. SHAW, City Secretary.

Money! Money!! Money!!!

We want to ask our customers whose accounts are more than 30 days old to please come in and take them up, as the time of the year has come for settlements to be made and it is not good business on your part or ours either to let these accounts run indefinitely.

We appreciate our many customers and we are glad to accommodate them through the summer by extending their bills during the dull season, and now we hope you will be as kind to us and pay up as we can meet our obligations, discount our bills and be able to furnish you goods at a better price.

Yours for business,
Martin & Wolcott.

Miss Ruby Jones has returned to the Lubbock hospital for treatment.

A. G. Cox, former agent at this place, now in the grain and feed business in Slaton, is in the city today.

P. F. Faulkner, of Slaton was here Saturday, transacting business with our merchants.

NOTICE

I wish to state to the public that the Picture Show will run every night, rain or shine. No attraction at the Opera House will conflict in any way with the daily program at the Lyric Theatre.

All attractions at Opera House will be advertised under name of Opera House, and all moving picture attractions under head of Lyric Theatre.

Lecture Recitals of Standard Music, interspersed with Drama and Song. Organized and coached by Louis O. Runner.

The friends of Judge Geo. R. Bean, are urging him to make

the race for Representative from this district, and feel that his candidacy will appeal to those in the district who desire that we be represented by a strong man. Judge Bean has not yet signified his willingness to enter the race, but his friends believe that since he is so eminently well qualified for the place, and his interests are such in the district that he should make it.

C. V. Corey went over to Cedric last Tuesday, to look after business for the State Experimental farm at Bryan.
