## TEXAS MINERALS

In a recent pamphlet issued by the United States Geological Survey, Uncle Sam gives the Texas Legislature some good advice. At the expense of being considered impertinent by platform makers, we reproduce the following excerpt from the booklet:

"To express the statistical condition of the oil industry in Texas and connect the development of the last two years with a reasonable view of the future oil possibilities of the State, it would be fair to say that if the legislators of that great commonwealth could by any means be induced to provide an adequate geological survey of the State, Texas would soon rank next to California as an oil producer."

What the Federal Geological

authorities have to say on petroleum will apply with equal force to all minerals. Texas is the mineral vault of the earth, and Uncle Sam is trying hard to pry open the door.

Homer David says the successful office seeker of the future and the man who will be called higher, is the man who will pay more attention to laws with reference to improved highways and less to the tariff and other theoretical questions. The "dear people" are not interested in their legislators knowing the intricacies of the currency question, as they are in having them to enact laws that will give them relief from matters that are vital in their every day life. They want less buncombe and more sense, less smoke and more fire, less shooting and more game, fewer laws and better laws.

Harmonize yourself with your surroundings. Don't have any discords—they are the worst enemies to the progress of your town. If you are disgruntled take a dose of smile tablets found in any progressive store in our town—at the banks in the law offices and in the homes where the progressive spirit dwells.

We have talked with a few farmers recently who wish now that they had put up a silo. There will be multiplied numbers of them in this country next year—are a good thing and their value and importance is just now beginning to be realized.

If the United States had as good roads as there are in Europe, it would mean a saving in transportation of foreign products of \$250,000,000 per annum.

Up until the present time our land has been mined instead of farmed. Lets try farming it awhile.

Take time to be friendly. If everybody would do that this old world would take on an entirely different appearance, as we would all be the better for the time spent in passing a smile or a friendly good morning.

Uncle Sam's newest postoffice has been established in Reeves County, a few miles from Pecos. The new office is called Panama, and mail is received by rail at Pecos and thence to its destination by stage.

Adding the silo to the farm simply means applying one of first principles of modern manufacturing industry to the oldest of all industries. Build more silos next year.

When the farmer and merchant properly understand each other, then they will have no trouble in working together, and each will need what the other has.

Feeding livestock upon the farm establishes a home market for the crops. This is what the silos are doing for the Lubbock country.

Diversification—we haven't talked about it much lately, but it's a mighty good thing on the farm.

The ensilage cutters are working over time these days getting the crops stowed away for winter use.

It may be too late to build a silo, but it's never too late to boost for your town. Get busy.

Diversification is the highway to prosperity; use the diversification highway in Lubbock.

## Worn Out?

No doubt you are, if you suffer from any of the numerous ailments to which all women are subject. Headache, backache, sideache, nervousness, weak tired feeling, are some of the symptoms, and you must rid yourself of them in order to feel well. Thousands of women, who have been benefited by this remedy, urge you to

DON'T LET YOUR LIVER GET LAZY

Dodson's Liver Tone Will Keep it Working and Make You Feel Well and Clean—No Bad After-Effects

If you have allowed your fear of calomel to keep you from toning up your liver when it gets a little sluggish and lazy—try Dodson's Liver Tone, and note how quickly and harmlessly it starts the liver and relieves constipation and bilious attacks.

When you take Dodson's Liver Tone, you do not have to stay in the house all day. None of the weakening and harmful after-effects of calomel follows its use. Dodson's Liver Tone is a mild, pleasant vegetable liquid that cannot hurt either children or grown people. Yet it easily overcomes the most stubborn and inactive liver without making you quit eating or working.

These are not just claims. The Red Cross Pharmacy backs up every one of these statements and agrees to refund the price of Dodson's Liver Tone with a smile to any person who pays his 50 cents for a bottle and isn't satisfied that he got his money's worth.

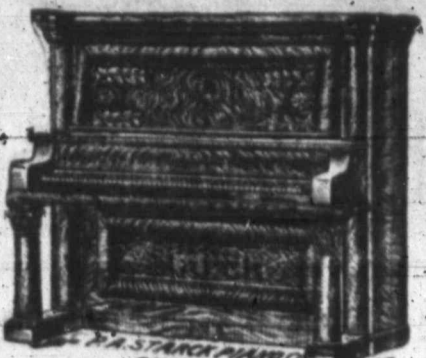

Imitations of Dodson's Liver Tone are another proof that it is a good thing. Nobody ever imitates a poor remedy. Be sure you get the genuine Dodson's Liver Tone—the kind that is guaranteed.

"Train the young right in the homes and they will be safe," the saloon gang say. Sensible mothers are doing that, while soters are creating saloons to catch the young as soon as they get away from their mother's influence. Saloons are training places, as well as homes. To blame sane mothers for the ruin of their children is as infamous as kicking the dead, as heartless as abusing infants. Whoever does it is rotten at heart, a trader of noble women.—Home and State.

## TO GRADE BUSINESS HOUSES

Pure Food Commissioner Plans to Grade Business Houses on Sanitation

Austin, Texas, Oct. 12.—State Pure Food Commissioner Abbott has given out the announcement that he has inaugurated a system of reeving the general sanitary conditions in Texas of various classes of business.

This is to be done in all of the larger cities of the state, and will be done by inspectors of the department aided by the ladies and civic organizations.

A score of below 85 is not creditable; below 70 the place is not passable and below 60 condemned. The score obtained may be posted by the proprietor of any establishment.

Commissioner Abbott will begin at Austin on this work this week and then will proceed to other cities in the state and in this way he expects to materially improve conditions.

Guy Hufstедler was a member of the party that went to Dallas on the Fair train.

W. H. Flynn returned last Saturday from a business trip to points in Oklahoma.

**HASTE MAKES WASTE!!**

That which is done in haste rarely represents our highest ability—none of us work to good advantage when crowded.

Stoves are like people in this respect. Crowded and kept under forced draft they waste your fuel.

Best results and greatest economy in service is obtained from a stove of correct design and perfect draft control—that burns steadily and evenly hour after hour.

**Cole's Radiant Hard Coal Heater**  
—with magazine feed

is the one Hard Coal Heater on the market in which perfect air control and perfect combustion is possible—it is the only Magazine Hard Coal Heater built without numerous leaking crevices and joints—it has an extremely sensitive heat radiating surface—it has no distant air flues as in the ordinary Base flued stove requiring a white-hot fire to get results.

A glowing cherry-red body of fire—maintained for hours under perfect control and the all steel surface which radiates all the heat from the burning fuel gives you the greatest possible returns for the money you spend. This efficiency you obtain in this wonderful heater and nowhere else.

Especially designed for hard coal or crushed coke—but with the magazine removed will satisfactorily burn soft coal, wood or lighter fuels. Come in and we will prove it.

See the name "Cole's" on the feed door of each stove. None genuine without it.

J. B. Thompson shipped three cars of 3 and 4-year-old steers last week to the Fort Worth market. Pat McHugh also shipped four cars of aged steers to the Kansas City market.

Hale Has 402 Autos

Hale county has an auto driven vehicle for every fifth family in its limits, says the Plainview Herald. This is indicated by figures compiled recently by County Clerk Towery. There are 402 automobiles and motorcycles in the county. Texas has 38,187 automobiles according to a recent report of the Commercial Secretaries, an average of one for each 110 persons. These cars represent an investment of \$43,983,750.

Mr. and Mrs. H. N. White, of Crosbyton, brought their daughter, Miss Sallie, over the latter part of last week and placed her in the Overton Sanitarium for treatment. Mrs. Geo. **Quality First**

QUALITY should be the first and main consideration in buying Lumber and Building Material.

Don't forget that Lumber that costs you \$2 a thousand more may really be worth \$20 more to you in the long run, because good lumber, in the first place, means less repair bills, but our lumber is no higher and carries the quality too.

True, there are certain parts of buildings where the cheaper grades of stock can be economically and successfully used, but when it comes to the outside and places that have lots of wear and tear on them, get the best lumber possible, and not the cheapest.

No matter what kind of Lumber you buy here—the cheaper or better grades—we always give you the highest quality for the price paid.

**THE EDUCATIONAL SPECIAL**

Santa Fe Will Run Educational Special Train—In Lubbock November 20th

The Santa Fe System has so scheduled its "Educational Special" train to make a stop in Lubbock from 2:10 to 4:10 o'clock in the afternoon, Thursday, November 20.

This announcement comes with much interest in view of the fact that the train is exceptional in many features including the equipment, demonstrations and addresses.

H. M. Bainer, general agricultural demonstrator for the Santa Fe system will be in charge of this train. In an address by Mr. Bainer, he will deal with "Better Farming," taking occasion from this text to call attention to the worth of relying upon crops adapted to this section, together with preparation of lands and cultural methods bringing best results. This speaker has all of the qualifications of the agricultural Moses: He knows the farming game from every angle, being born and reared on a farm, educated in a school of scientific agricultural knowledge, he later taught the art in leading schools in the southwest and middle west, following which incumbency he came to the great Panhandle and Plains country of Texas in which latter station he has been for the past four years demonstrating crops and methods for their cultivation. He has great faith in this country, and declares that selection of crops and seeds handled after approved methods will make the former semi-desert blossom and yield as but few sections have done under haphazard handling.

"Our Farm poultry" is the subject chosen by L. L. Johnson, assistant agricultural demonstrator and poultry expert of the department. In this Mr. Johnson will make plain ways out of the entangling perplexion problems that have long confronted many who have thought of engaging, or who have already engaged in the poultry business.

Breeding, culling, selecting and feeding, will come forward for consideration at the hands of Mr. Johnson. Marketing of eggs and poultry will form a portion of the discussion, while proper housing, treating against diseases and insects will be dealt with briefly and to the point.

J. D. Tinsley, agricultural demonstrator for the Gulf, Colorado and Santa Fe at Brownwood, Texas, has been engaged for an address on "Dairying and Silos," the same being a blending of the various phases of this important subject. After talking about the profitable production of cream, milk and butter, Mr. Tinsley will branch into caring for the dairy cow. It is understood that he will also speak about the inclusion of live stock in a general way in the scheme of diversified and more highly intensified farming, leading to a few remarks on the production and handling of the beef animal as a distinctive from the dairy cow.

The ladies of Lubbock and surrounding vicinities have been given consideration in the planning of this train, by Mr. Bainer, and they will have opportunity to hear domestic science and home welfare lectures from experts, Miss Stoltraus and Miss Lowen, representatives of the extension department of the Texas University, Austin, Texas will have charge of a specialty furnished and equipped coach in to which they will invite ladies exclusively. These educators come with unqualified endorsements as among the foremost exponents of the sciences about which they lecture, in the United States. This being true, it will readily be seen how fortunate our ladies are that they will have opportunity to hear the lectures. Following the lectures and

Rev. C. D. Pipkin, pastor of the Methodist church at Crosbyton, was here a few minutes between trains, Tuesday enroute to Plainview. He has been troubled the past few months with a throat ailment and has been having a specialist at Plainview treat it. He says he is improving gradually and hopes to be fully cured.

Attorney W. D. Benson made a business trip to Amarillo the first of the week.

**Be Sure You Get What You Pay For**

There's more fraud in shoes than in almost any other article you wear.

Nearly 90% of all shoes retailed for less than \$4.00 have paper, composition, or other substitutes for leather in the heels, soles, and counters.

These substitutes are hidden where you can't see them. You can't detect the adulteration until you wear the shoes and find them unsatisfactory.

The "Our Family" shoe is made of fine box calf and run metal fasteners. Several styles, all sizes for every member of the family.

Last year 60,000 people bought this famous shoe. The top styles here illustrated will show the honest leather construction of the "Star Brand" and all other "Star Brand" shoes.

We have one of these shoes out up to prove its honest construction. Come and see it.

The "Our Family" shoe is priced at \$4.00. It is a good looking, business weight shoe for every day of Sunday.

All the shoes are "Star Brand" shoes with the name on the sole and the star on the heel. Every year is made of good leather. No substitutes for leather are ever used.

During the last six months Pure Shoe Mills have been introduced into Congress and several states, requesting that worn substitutes for leather be used. The fact that the shoes are made of leather is a guarantee of their quality.

Many manufacturers and a few merchants are dishonestly fighting these bills. From the "Star Brand" shoe manufacturers have fought and won and continue to produce shoes that they believe in this legislation because it gives you a square deal.

Their business has been built upon honest leather construction. We believe that this is one reason why they have grown so rapidly. If you want the best value for your money there would be lots of other shoe makers target than they are.

Every company should be in favor of a Pure Shoe law. Every "Star Brand" merchant believes in this great movement for pure leather shoes just as we do, because it means that the wearer gets what he pays for.

The United Pure Shoe Mills are pending in Congress should be passed into a law. The voters should be made cognizant of this in a good law. Write your Senator and Congressman and urge this.

On every heel

### THE UNDERGROUND SILO

Mr. Turner, of Abernathy, Texas, Tells How to Build it and Cost of Same.

In reply to a letter, asking Mr. J. M. Turner of Abernathy, how he built and the cost of his underground silos, he submits the following information:

"I dug two small ones, three feet apart, so I could use the same derrick to lift the dirt. I first dug out a circular 8x8 inches and filled it with concrete to make a collar or foundation, having it 10 feet, 8 inches in the clear. Then I dug 22 feet and 4 inches deep, stopping on a rock.

Now, as to the cost: the dig-

ging cost me \$62.00 for hired help, not including the work done by myself and son. I used 21 1-2 sacks of cement in making the collars and plastering the two silos. You can figure out this item.

"You ask for good points on the silo: 1st. The main thing is to save a large quantity of feed that we have been letting go to waste, such as kaffir, corn, maize and cane stalks. I find that the underground silo is a success in doing this, and is a good investment for the farmer.

—Plainview News.  
Miss Delle Snyder, R. N., of Abilene, arrived Tuesday morning, having accepted a position in the Overton Sanitarium.

### NEW STAR MAIL ROUTE

Established Last Week From Littlefield to Abernathy and Return Daily By Auto.

Littlefield, Tex., Oct. 18.—The Post Office Department has recently established Star Route No. 51129 between Littlefield and Abernathy, a distance of 31 miles, awarding the contract for carrying the mail to W. H. Willis, of this place. Mr. Willis made the initial trip today in his automobile. Round trips will be made daily except Sunday, leaving Littlefield at 9 a. m., arriving at Abernathy in time to make connections with trains each way; leaving Abernathy at 2 p. m., arriving here at 4 p. m. This gives Littlefield a splendid mail and passenger service until the trains are operated on the main line of the Santa Fe passing through here.

### Oxshar Buys Steers

Will H. Evans of the Evans Montague Commission Company, of Fort Worth, was a business visitor in this city Thursday. Mr. Evans reports closing a deal Wednesday wherein he sold to F. G. Oxshar of Ft. Worth, 4200 head of early-steer calves at private terms. This was an exceptionally fine bunch of cattle coming from the McCutchan Bros., Kingaton and McCutchan and Sons herds, and will be placed on Mr. Oxshar's Pecos county ranch. Delivery is to be made from Nov. 1, to Dec. 22, 1913.

District Attorney, G. E. Lockhart, was here Monday from Tahoka.

# THE HOOSIER CABINET SAVES MANY MILES OF STEPS

The Hoosier Cabinet beyond doubt is one of the greatest blessings to the housewife that has ever been offered for kitchen purposes. It saves them many steps and therefore saves their physical strength. I have a new shipment of these celebrated kitchen cabinets and want you to call and see them, learn all the good features about them and you will not want to be without one:

### EXCLUSIVE HOOSIER FEATURES

1. You can clean the metal flour bin without inconvenience of removing. No other bin has this feature. Easily filled, because the top is low. Holds 16 pounds more than any other. Best and fastest sifter.
2. Can't-break, can't-leak, metal, dust-proof sugar bin.
3. You can't lose the new swing lids on the twelve crystal glass spice, coffee, tea, salt and cereal jars.
4. You can open all doors freely, no matter what you pile on the table, because it slides out.
5. Crumbs can't stick in the new metal self-closing bread and cake box.
6. Flavoring extract bottles have special shelf.
7. Pure aluminum table at no extra charge; only acid-proof metal; costs manufacturers ten times as much as zinc. Enormous output keeps sale price low.
8. Sixteen inches extension over the base when you slide out the table. Plenty of knee room for sitting.
9. Comes apart to clean; closes tightly when not used.
10. Pick your choice of white or plain inside upper section. All-metal table, or oak side arms.
11. Interior construction that is not equaled anywhere—will last a lifetime.
12. And among the minor details—big cupboard; sliding shelf; drawers for linen, cutlery; pan racks; meat board; rolling pin rack; hooks; want list, and scores of practical conveniences. You can't begin to appreciate them all until you see them.

I wish to say that I also have a big lot of new and up-to-date Furniture, consisting of Dining Tables, Dining Chairs, Buffets, Rockers, China Closets, Etc. Remember we have a full line of Hardware, Enamel and China.

## How to Dress Well on a Limited Income

To dress well at moderate cost, to have the joy of knowing that the style of your costume is absolutely new and correct; that it is conservative and in good taste—select your new clothes from smart models we are showing from Bischof.

Then you know your costume has distinction and shows the modish notes of the season; that it is exquisitely tailored and perfect in finish and design—in short, that it comes to you fresh from the workrooms of America's foremost designers.

Come in and see the complete assortment of coats and suits we have just received. Notice how unusually lovely these models are. See how skillfully Bischof has developed all the charming new materials in the approved colors—how much attention is given to the important style features—the cutaway coat, the elongated panel back, the soft, graceful skirt draperies, the Mandarin sleeve—all the latest caprices of fashion are shown, after a manner that is most pleasing.

Bischof uses only the finest coat-canvas (the kind used by custom tailors); every yard of the material is tested, then sponged and shrunk; silk thread is used throughout; silk-covered shields protect the armholes; the buttons are reinforced by stay buttons inside the coat. Bischof garments keep their shape; they are fitted on living models—not molded or pressed into shape.

Select your costume from the models we are now displaying. In this splendid collection you will find that Bischof has thought out all your needs for this season. The costume you want is here, at a price to interest you.

- Suits priced \$25.00, \$30.00, \$35.00 and up to \$60.00.
- Coats \$17.50, \$20.00, \$25.00 and \$30.00.
- A cheaper line at \$6.50, \$7.50, \$10.00 to \$15.00.

**STEERS BRING \$85 AROUND**  
Bunch of JAL Grassers Bring Price Worth While—Upton Ranch Sale Aggregating \$60,000.

Midland Reporter: The "JAL" ranch had one car of steers in a shipment to the Fort Worth market this week that brought a price worth while. They were grass steers and brought \$85 around. The stockman, at least, has no kick coming along any line in the Midland country this year.

J. E. Cockerell was here Wednesday from San Antonio. He reports that he has lately bought the E. G. King ranching outfit in Upton county, which aggregates approximately \$60,000. Included in the deal were 1262 steers, 30 saddle horses and a lease on land not owned.

J. O. Reynolds last week shipped a car of mules to Brownwood which sold at satisfactory prices. He will also ship a car of horses to Dallas this week, and he and his wife will visit the fair at Dallas. They will be joined in Fort Worth by their

daughter, Miss Viola, and together they will spend a few days in Dallas.  
W. H. Tucker this week sold to C. W. Crowley, 40 head of coming twos. Mr. Crowley will feed this bunch of stuff for the spring market.

### San Angelo Fair

The San Angelo Fair and Carnival will be held this year from Nov. 4th to 8th inclusive. As usual the railroads in the state are offering very low rates for this attraction, and any of our readers who wish to visit their kindfolds, or want to take a look at the fairest portion of Western Texas should avail themselves of this opportunity. One of the fastest mile tracks

in the south is located at San Angelo, and the races this year promises to be first-class in every department. A fine agricultural display is assured showing visitors what can be done in Western Texas, in the way of farming, even in a dry year. The poultry exhibit is always a top notcher as this is a great poultry country. Then there is the carnival, motorcycle and cowpony races, foot ball matches, kennel show, flower show and the handsome Woman's Building with all that interests the eternal feminine. In fact you will enjoy every minute of your stay in San Angelo, the commercial center of Western Texas. For further particulars address Thos. F. Owen, San Angelo, Texas.

## EVANGELIST ATTACKS BOOK

Brands the Author as Unworthy of Having His Works Approved for Study in Public Schools.

The Elgin Courier last week contained the following which is attracting much attention among christian people:

"There was a bomb exploded in the camp at Elgin Sunday night when Evangelist Ham, who is conducting a union meeting for the community, came on the platform about 8 o'clock and spoke to Mr. Ramsey, the choirst, who immediately silenced the large choir. And Evangelist Ham opened a strange looking book, which he announced was one of the new text books for Texas schools—Physical Geography by R. S. Tar and read the following lines: 'Page 365, paragraph 243. Early Man—The origin of man is unknown, although scientists generally agree that he has developed by the process of evolution from some high form of animal. This belief is based

upon the close resemblance between the body of man and ape, and receives support from the fact that, in habits and mode of living, some savages are little above animals. But even the least civilized men have powers that no animal possesses, while civilized man is so far above the highest animals that some people believe it impossible that he is the decendent of an animal."

Then he read from Genesis 1:27, "And God created man in His own image, in the image of God created He him: male and female created He them." Now you mothers and fathers can understand why your children have so little respect for you and so little faith in God and the Bible. How can a child respect his ancestors when he has been taught that they are decendants of monkeys? How can he believe in God and the Bible when his school has taught him that it is absolutely false, fallacy and fiction.

"The statement, 'Scientists generally agree,' I challenge and brand as not only unworthy of a

scholar, but a barefaced lie which will be repudiated by the rank and file of reputable scientists the world over."

The evangelist then read the opinions of quite a number of noted scientists to uphold his opinion. Then he said: "I challenge any professor in the State University to produce one scientific fact in support of the Darwinian theory of the origin of man. I also say that a man who has not enough sense to distinguish between science and philosophy is disqualified as a scholar to be the author of a text book for our schools, and I further say that a board of education who will pass on such a book and hand it over to our school children is eternally disqualified for that office. They might be skilful enough to pick and grade cotton, but certainly they are unfit to select and grade school books for the schools. And an administration which will appoint such a board need never pose any more as an educative administration, for they have made themselves the ridicule of scholars, and, last but not least, they have insulted the christian conscience of the State to pass such blasphemous rot over to the youths of our State.

"I will advise the clean-up committee at Austin to turn their attention from the cesspools into which they are looking, toward the source of the stream and inspect the poison that is being poured in there.

"Following the evangelist's remarks Prof. Mallard, Superintendent of the Elgin Public schools, arose and said that book would not be taught in the schools here this year."

## TEXAS CROP CONDITIONS

Corn Reported 78 Per Cent Normal, Cotton 63 Per Cent Normal

Crop conditions in Texas as reported by the United States Department of Agriculture for October 1 are on the whole slightly better than the condition for the entire crop-growing section of the United States, and in the cases of one or two important products better than the October 1 average for Texas.

The regular monthly crop report issued Thursday from the Houston Weather Bureau, in cooperation with the Bureau of Statistics, shows the present Texas corn crop to be 78 per cent of the October normal, as against 73 per cent for October for the past ten years, and as against 65.3 per cent of normal for the United States for October. The Texas cotton condition showed a slight falling off in percentage at the beginning of the month, and was reported to be 63 per cent of the October normal, as against 66 per cent for the past ten years, and as against 64.1 per cent for the United States for October.

The Texas potato crop is slightly better than that for the United States as a whole, and the Texas rice crop for October is slightly below that of the United States.

## 3 LUMBER YARDS NOW 1

Consolidation Effected Last Week—Houston Acquires Control—Farmer Gets \$80 an Acre.

An important deal was made the first of the week when the A. C. Houston Lumber Company acquired control of the yards and interests of the Slaton and Alfalfa companies, consolidating the three yards. A general shakeup was made in local managers and all of these will be transferred, while a new manager will be sent here.

Dave Stokes sold his farm a mile west of Slaton the first of the week to a Mr. Pollock of Roscoe, Texas, consideration \$80 per acre. Mr. Pollock came here to buy another small farm which he had been told could be bought, but found out after arriving here that it was not for sale, although he offered \$160 an acre for it. The farm has only small improvements on it.

R. P. Littlepage, of Tahoka, primitive Baptist preacher, came up last Saturday and preached at the Cumberland Presbyterian church Saturday night, Sunday and Sunday night, returning home Monday morning.

Jim Nelson was noticed among those who went to the fair last Friday.

## City Building Notes

By L. M. Ward, Sherman, Pres. Texas Com. Executives Asso.

An empty jail is a valuable asset.

It must be either progression or retrogression, there is no middle ground of inactivity.

There are those who enjoy to occupy front seats on the band wagon while their comrades lift the wheels out of the ruts.

If sanitation, housing and recreative convictions are made right, half the difficulty or curing industries is removed.

The farmer who drives six miles to town is as much a citizen of the community as the man who walks six blocks to his office.

If you desire to know whether your commercial organization is accomplishing results, ask the man in the adjoining town; he can tell you.

If you pay taxes in your com-

munity you are a member of a great corporation, the board of directors of which is your commercial organization.

Health is the most vital factor in community development, therefore activities looking to the improvement of sanitary conditions are of vital importance.

Buck-shooting is a serious malady and has caused the downfall of many a city building organization. Concentration is the first law of successful accomplishment.

The man who is not an active member of the construction organization of his community is doing himself and his community a great injustice and is unmindful of his opportunity.

## ENJOIN SOCIAL CLUBS

Ten Judgments Taken by Default Against Clubs and Charters Declared Forfeited.

Austin, Tex., Oct. 14.—Assistant Attorney General W. A. Keeling, yesterday took ten judgments by default against that number of social clubs for forfeiting their charters and permanently enjoining them and their officers from selling liquor. On tomorrow their will be argued the case of the State against Galveston and Houston Recreation Club for forfeiture and injunction. A fight is to be made in that case and attorneys and witnesses will reach here tomorrow for Galveston.

E. R. Cheesborough of Galveston, is here assisting the attorney general in the prosecution of the suits against the clubs.

The ten clubs against whom judgments by default were taken today for forfeiture and injunction are as follows: Galveston Social Club, Society of Scots, Island City Club, Galveston Checker Club, Galveston Progress Association, Ozark Club and Business Men's Club, all of Galveston; Port Arthur Literary Society and the Royal Boosters and Waiters and Porters Literary Club, both of Dallas.

## FARWELL WINS COUNTY SEAT

Judge Hamlin Decides Against Parmerton Since it Did Not Receive Majority

Farwell, Tex., Oct. 21.—There was a new turn in the county seat fight in this, Parmerton county this morning when County Judge J. D. Hamlin returned and canvassed the day, after which he declared the result a tie vote and had an order entered upon the minutes of the commissioners' court to that effect and also declared that Farwell was elected county seat of said Parmerton county by reason of the fact that the town of Parmerton failed to receive a majority of all the votes cast.

O. C. Sanders, of Hale Center, was here a few hours Tuesday, enroute to Crosbyton, where he was shipping some hogs to be placed on feed.

## Baptist Church at Plains

Rev. B. F. Dixon while here this week circulated a subscription list among our people asking for funds with which to build a Baptist Church in Plains. As usual our people contributed liberally. Brother Dixon stated to the Avalanche man that he was confident that there would be very little delay in the building of this church as he has secured within a few hundred dollars of the required amount and is assured that he can get enough funds to carry out his plans.

Another interesting item of information that he gave out was the fact that he and family were going to move back to Lubbock. When asked when he expected to return he stated "just as soon as I get this church built."

## MULL TO START MARKET

Crosbyton to Have Up-to-date Meat Market—Crosby Farmers Will Plant Spring Wheat

### Crosbyton Review

J. A. Mull us tells that he will open his market tomorrow. Mr. Mull is an experienced market man and has made good in Crosbyton and many of his good friends are delighted to know that he will engage in the Meat Market business.

The South Plains country is not planting as much wheat this fall as usual but we have been informed that there will likely be a heavy acreage planted in spring wheat.

Some at this time are planting wheat and with the good seasons already in the ground and the coming good snows this winter almost assures a bumper crop.

In a letter directed to Mr. E. G. Cherbonnier of our city the intelligence was made known that C. C. Cherbonnier who sustained injuries in a wagon accident in Crosbyton some weeks ago, was doing nicely in St. Louis. The bone had been fractured or "cracked" and it was necessary to have an operation which was made last week and now the limb is doing nicely and after two weeks it is hoped that Cam will be up and able to return home.

## TEXAS INDUSTRIAL CONGRESS

Have Secured a Booth at The State Fair and Want the People to Call and See Them

The Texas Industrial Congress, in order to meet its friends at the State Fair at Dallas, has taken a booth in the agricultural building and invites them to call there and register. It has installed a model to show the effects of surface washes on hillside farms. Two hillside are represented, one upon which a cover crop is growing, the other bare, with a lake at the foot of each. On the hillside with the cover crop the run-off water is small and the lake at the foot is clear; on the bare hillside the run-off is heavy and muddy, and the lake is also muddy, showing that in one case there is little or no loss of soil while in the other the farm is being stripped of its power to grow crops and the farmer of his chance to prosper. Thus the lesson is taught that sloping lands should not be left bare to the winter rains, but should be planted to barley, oats, wheat or other crops that will save the soil. The suggestion is also made that reservoirs can and should be constructed to impound the water for farm uses, for stock and for irrigation. Maps and pictures showing in a graphic way the work of the congress have a place in the

booth, and a representative is present to welcome visitors, explain the model, distribute farm bulletins, and show all who call every courtesy possible.

All boys shoes and underwear at cost. I am closing out these lines. J. E. Penney. 16 It

We're needing sunshine. Geo. W. Johnson, of the Dixie ranch was in town Sunday.

T. O. Earhart was in from the west part of the county Monday transacting business with part of the legal fraternity.

W. H. Hollinsworth, of the south part of the county, was in Lubbock looking after his land interests Monday.

Lieutenant Governor, F. D. Young, of Lynn county, was in Lubbock transacting business Saturday, of last week.

R. P. Bonner, of Petersburg, was transacting business pertaining to his land in the north part of the county.

Lee Acuff was in town Monday trading with our merchants.

Joe Earhart was in town soon Monday talking morning with the law force.

Mr. J. W. Stephenson, a prominent citizen of the northeast part of the country, was in town Saturday.

How is this for high? Messrs. J. R. Shackelford and T. Usleaman placed on exhibition in this office, one potato, which measured twenty-five inches in circumference, being two feet and one inch around.

M. S. Acuff was in Lubbock Saturday. M. S. has recently purchased some land in Crosby county.

M. A. Beaver, was among the many boys, who were caught in

town Saturday without their over coats.

Will Weaver left with the Brennan, herd for Hereford Monday of this week.

The little son of Mr. and Mrs. Geo. W. Johnson is quite sick at this writing, they have him at Mrs. J. D. Caldwell's for medical attention.

Capt. Sam Pharr, left for Canyon Monday for goods for the firm of J. A. Pharr.

Billy Clark, the honest farmer, was in town hunting news the first of the week.

In the announcement column we find the following names of people offering for

offices: County Judge, W. D. Crump; Sheriff and tax collector, Eastin Wolfarth; county and district clerk, J. B. Mobley and F. A. Anderson; tax assessor J. C. Bowles, Jno. M. Hollandsworth; commissioners, J. D. Caldwell, W. E. Penney, L. J. Hickerson and R. C. Burns.

## FEED SHIPMENTS HEAVY

Tahoka Has Shipped 75 Cars of Feed to Date—Postoffice in New Quarters

Lynn County News:

Tahoka has already shipped 75 cars of maize heads and Percy Woods, of Hubbard, who has bought 30 of them and shipped down to his part of the state, says he will ship at least 50 cars more before the season is over.

At the beginning of the season we made the statement that Lynn county would ship out \$30,000 worth of feed, and 125 cars at \$40.00, the average price so far means that Tahoka alone will ship that much.

Mr. Woods has bought and shipped two cars of baled sorghum at \$10 per ton and if it does not rain too much 8 or 10 cars more will be shipped from here.

About the last of this month Dr. S. H. Windham will put 49 or 50 head of white face, bull calves into a pen where he will feed them up for show purposes.

This is an exceptionally good bunch of coming year olds and Dr. Windham expects to take some prizes with them at the National Stock Show in March.

Saturday night of last week the postoffice fixtures were moved from the old wooden building on the north side of the square where it has been for years to the two story brick building about 200 feet west and north on the corner of Main and Harper streets. The new location for the postoffice is a great improvement over the old one.

C. W. Slover, of two miles south of Tahoka, arrived home Friday of last week with 400 head of sheep which he drove through a distance of 70 miles in five days. Mr. Slover has an ideal ranch for sheep; plenty of grass, water and dry rocky hills and with muttons selling at \$5 a head he should have no trouble making good.

Baxter Honey last week bought the Cox residence in the Overton Addition, formerly occupied by J. W. Ames and family and moved into same. Mr. Ames is now occupying the S. J. Winn old place in the southwest part of the city.

### RAILS RECEIVING MUCH COTTON

Expect 2,000 Bales This Season—Farmers are Ticked—Dr. Stark Visits Community.

The cotton yard is being enlarged this week, the present yard being entirely too small. Oh, you 2,000 bales.

W. D. Pickles was in town Saturday and was very optimistic over the crops he is making this year. He tells us that he has made plenty of feed, and that he expects to gather 25 bales of cotton, which at the present prices, is equal to a small fortune.

Dr. Presley reports the following births: Mr. and Mrs. C. S. Freeman, a boy; A. E. Davis, a girl; H. L. Driver, a girl, and C. A. Bennett and wife a boy.

### The Price She Paid

When Cardinal Farley of New York read David Graham Phillips' book, "The Price She Paid," he pronounced it one of the most striking stories ever written in the English language, and the many thousands who have seen the play of the same title agree that nowhere in the book will be found such a remarkably interesting and thrilling number of situations.

"The Price She Paid," presented by a metropolitan cast of players, headed by Miss Rachel Clark, will be seen at the Opera House on Nov. 5th for an engagement of one night only.

Jno. W. Baker, president of the First National Bank, informs us that he will go to Dallas the latter part of this week and will take a part in the prohibition meeting which will assemble in that city for the purpose of deciding if possible upon the best suited men for the race for governor from the prohibition wing of the Democratic party in the coming campaign.

For cut flowers see Mrs. J. C. Burns or phone 261.

Mrs. J. E. Simms, mother of Mrs. J. E. Garrison, who has been visiting here the past week, returned to her home in Clovis, N. M., Wednesday morning.

Mayor Wheelock loaded himself up with literature about Lubbock and the South Plains and left for the fair last Friday afternoon, returning Tuesday.

### YOAKUM DISTRICT COURT

Grand Jury Returns One Felony Bill—Mrs. H. H. Harris Badly Burned

District court convened last Monday morning with Hon. W. R. Spencer on the bench.

In organizing the grand jury the court appointed Mr. H. M. Haskew foreman, and then delivered to that body a very able charge, which received many favorable comments.

There were but few cases on the docket, and they were continued until next term. The grand jury adjourned Tuesday afternoon after returning one indictment for felony. The court then adjourned for the term.

Attorneys from abroad were G. E. Lockhart, district attorney, Percy Spencer, of Brownfield, and Judge Ferguson, of Lubbock.

J. Bird is receiving calves this week which he bought last summer from Holloway, Field, Cadenhead, Arthur Pendleton and others. We understand that Mr. Bird is turning these calves over to Kokernot and Johnson of Lubbock county.

F. W. McNight who shot and killed Claud Swegley last Friday has made no statement why he did the killing.

Mrs. H. H. Harris happened to a very serious accident last Wednesday morning by getting her hands badly burned and narrowly escaped being burned to death. She had some gasoline in a pan of water cleaning clothes and in some way it caught fire.

Rufe Roy sold to J. Bird 156 steer calves this week at \$20 around. Lee Roy McCreavey also sold same party 50 at same price. Mr. Roy has been offered \$20 around for his next years crop of calves by same party.

**JUDGE DALTON DIES**

Prominent Panhandle Attorney's Remains Shipped to Plainview. Dies in Local Sanitarium.  
 Judge L. W. Dalton, of Plainview, one of the most prominent and widely known lawyers of the Plains country, died at an early hour yesterday morning in a local sanitarium, following an operation for appendicitis.  
 Until noon Tuesday, Judge Dalton apparently was in his usual good health. He appeared in the Forty-seventh District Court during the forenoon. He

retired to his room at the hotel for a short rest after luncheon, and was stricken suddenly with a severe pain in the side. Physicians diagnosed the case as acute appendicitis, and an operation was performed at a late hour last night in the hope of providing relief.  
 Death occurred at 1:30 yesterday morning. The remains were taken in charge by the Eakle establishment and prepared for shipment this morning to Plainview, where interment will be made Sunday afternoon.  
 An escort from the Amarillo Bar and the Amarillo Lodge of Elks will attend the body at the station.  
 Judge Dalton at the time of his death was 45 years of age. He was born and reared to manhood in New Albany, Mississippi, where he was married. He was a graduate in both the Academic and Law departments of the University of Mississippi. Coming to Texas at the outset of his professional career, Judge Dalton settled at Seymour, removing from that point to Plainview ten years ago. Since that time he has held a prominent place in his profession, taking rank as one of the ablest attorneys in Northwest Texas.  
 His wife and five children, four daughters, and one son survive him. The children are Mrs. Fred Daily and Misses Hattie, Jennie and Lacey Dalton of Plainview, and Park Dalton, the son, who is now in school in Tennessee.  
 The body will be held at Plainview to await the arrival of the son, and two brothers, who reside in Oklahoma.  
 Judge Dalton was a member of the Baptist church and was affiliated with the masonic and Elks fraternities. As a man, citizen and attorney he commanded the love and respect of his fellows, and his untimely

passing away brings poignant sorrow to hundreds throughout this section of Texas.—Amarillo Daily News.

**What Crankiness Costs**

The following from one of our most valuable exchanges certainly contains more truth than poetry and is deserving of a place in our paper:  
 "An 18-year-old girl in New York, back from an adventure some joy-ride with a lad of 18 in a stolen auto, to a woman reporter who visited her in the lock-up:  
 "It was just a picnic. We never thought of it as anything else. I understand my father says he is going to have me sent away. I don't care, I don't want to go home. The old man is so cross and cranky he gets on my nerves."  
 This girl was once a pretty, smiling promising baby, father's pet and mother's joy; a baby not foredoomed to be unloving and wayward. Something between the ages of 2 to 16 happened to explain her change of character.  
 Without knowing in detail the family history, couldn't you pretty safely hazard a guess on

the basis of that one assertion: "The old man is so cross and cranky?"

The proper influence in a home is LOVE—patient, tender, long suffering love. It is a child's right. The child who is denied it is defrauded. Just as it takes the warm sunshine to bring out the beauty of the flower, so the soul of a child, and especially the soul of the woman-child, must have the warmth of affection, continuous and never-falling, to develop the graces which make it clean and sweet.  
 "We know not what cares, what sorrows, what aggravations, made this old man cross and cranky." It may be we'd forgive him if we knew him. In any event, he is profoundly to be pitied, for clearly his crossness and his crankiness, robbing the daughter of the home joys which were her due, sent her to the bad.  
 Amidst the worries, the stress, the disappointment of life it is often hard to preserve a sweetened temper at home, but it is what the parent must do, if the children are to have a fair chance.

In this day of progress the man who would succeed must be informed about the world's doings. The local paper gives him local information which is needful, but it cannot cover the whole field. Hence the man who would keep step with the march of the times will take a general newspaper also.  
 The Fort Worth Semi-Weekly Record has taken front rank among the great publications of the South and West. It is especially prepared for the reader who has not the time or the opportunity to read a daily paper.  
 First of all, it is a newspaper. The Record believes that the people of the country and the village are as much interested in current events as the people of the city.  
 In the next place, it carries features suitable for all members of the family—women and children as well as men.  
 Last, but by no means least, the Record's editorial policy comprehends the economic welfare of the farmer and stock raiser. The Record is an acknowledged leader in the discussion of public questions in their relation to agricultural production.  
 In subscribing through this office you can get the Fort Worth Semi-Weekly Record together with the Lubbock Avalanche both papers one year for only \$1.75. Accept this remarkable offer today.

## Chamber of Commerce Column

Geo. W. Briggs, Secretary.

Lubbock needs some one to build houses for rent. Almost every day we hear of some one looking for a house to rent. On talking with real estate men who handle houses for rent, I find that there is a constant demand for houses to rent. Why is not here a good opportunity for some one? Rental prices are increasing in Lubbock, and if some one would erect a few houses for this purpose, there is no doubt but it would be a good investment. One or two flat buildings would also pay. There is always a demand for apartments of three or four rooms heated and lighted. Here is another opportunity for some one.

A number of business men keep a supply of our folder on hand, and when they write a letter they enclose one with their letter. This is a good idea, which, if put into practice more largely, would result in some good advertising for Lubbock.

An observer remarks: "While I have always realized the ad-

vertising value that comes to a town or city that has its streets clean and lawns well kept and the entire town in a good sanitary condition, still I had that point very forcibly impressed upon me this summer. I was particularly impressed with the cleanliness of such cities as Portland, Salt Lake City and Battle Creek, Michigan. I feel sure that the advertising they are receiving, alone, more than repays them for the outlay in keeping their streets in such condition."

There is no question but that a neat looking city with pleasant homes and clean streets attracts people. You only have to walk along the street with a stranger and listen to him as he comments on what he says. You come to a neat home, with a well kept lawn like Mr. Earhart's and immediately there is a favorable comment. Then pass on to another place, where perhaps the house is good, but there is no effort made to keep things in good shape, and you hear a criticism. If the city pays little or no attention to its streets, and allows weeds to grow everywhere, and other conditions equal, no matter how much business that city has, or how rapidly it is growing, or how many advantages it has in other ways, it is hard to persuade the stranger that there isn't something wrong. On the other

hand, if the streets are kept in good shape, the homes are neat, there is a favorable impression made immediately upon the stranger.

Lubbock is handicapped in whatever effort it makes towards attractiveness by the large unoccupied spaces. This makes it difficult to achieve what a more compact city can easily do. But there is much that could be done towards making our city beautiful. More attention could be paid to keeping our streets clean. More lawns should be made. With the abundance of water it ought not to be a difficult thing to make our homes beautiful and attractive. A walk around the city shows a number of fine lawns, well kept up. What one can do, can be done again.

The work that the civic league has been doing this past summer cannot help but have its influence for better things. The Mothers Club did some good work when it put in new walks around the school yard and otherwise beautified it. This ought to encourage those in authority to likewise beautify the inside. The school is where our children get many ideas for the future, and if they can spend the hours of the day in an attractive building under the best conditions, they surely will be better prepared to do their share in life later.

It has been our experience and the experience of all observers, that where an effort is made to make a town or city attractive, a better citizenship is developed, a better spirit prevails and strangers are more easily influenced to make their home there, and many other advantages accrue.

In the hurry of handling the fair one thing was overlooked, the premium awarded to Mr. W. B. Casey for the best Indian town, should have gone to Mr. Wm. Collins. Mr. Collins rais-

Several have come in and gotten their ribbons. Those who have not may get them at my office.

We repeat our request, that every one leaving Lubbock on a trip come to see us and get some literature to use on the trip. It doesn't take much room, and anyone can carry a few folders in their pocket. And then when you get into conversation with some one about this country hand him a folder or a post card.

When that is done, you are sewing seed in good ground, and it will bring forth fruit, some thirty, some sixty and some an hundred fold.

In a few days there will be on sale at all the drug stores, and at the Howard Hotel, twelve views of Lubbock. These views have been carefully selected, and very good use can be made of them by

the public. We suggest that you keep a few on hand and slip one in your letters. We will be glad to furnish them in quantities.

They were here Monday in large numbers. They came in to get their checks cashed, and to spend their money. It seems they were more liberal with the coin this time than usual, probably due to the approaching cold weather season. They bought heavily of clothing and also of groceries, and as a result they left several thousand dollars in town, which they exchanged for supplies.

## PEN PICTURE OF OUR NEXT GOVERNOR

J. H. Lowry, one of the great level-headed editors of Texas, gives the following pen picture of Will H. Mayes, candidate for governor: "Speaking from an acquaintance of nearly twenty years the writer gives this as his picture of Will H. Mayes: A man of small stature, large brain, rather homly features, rich in energy, careful, yet progressive in business, sound in judgment, courteous always yet firm in purpose, quiet and rather timid, a despiser of spotlight and gallery-playing methods, a prohibitionist who always votes the ticket and never drinks intoxicants, a Christian gentleman who goes to church every Sunday, supports the church's enterprise and lives righteously all the week. In our opinion Will H. Mayes, as Governor of Texas, would take to the chief executive's office a dignity, poise, ability, energy, fairness and patriotic impulse that would quiet disturbed conditions and conduce to the peace and prosperity of the people and to the development of the State's many interests."

### NO BOOZE ADS

Under the Allison liquor law, now in effect in Texas, it is a question whether newspapers

are allowed to carry whiskey and beer ads. The law prohibits the soliciting of orders by "letter circular, or other writing or printed matter." It is contended by some that it will apply to newspapers which circulate in dry territory. This will, if the courts uphold it, cause some of the big daily papers to lose a large revenue which they now receive from liquor advertising. —Plainview News.

It will not affect the Avalanche one bit. We have not carried a whiskey ad under the present management and have had the privilege of saying no to several hundred dollars worth of this kind of business since we have been in Lubbock. It will be a reason for great gratitude on the part of the people who do not want the stuff to have the circulars frequently mailed to them setting forth the great bargains in booze if the Allison bill puts a stop to such. On with the battle and some day old Texas will vote whiskey entirely out of her territory and many other states will follow. The saloon is doomed!

### OLD SISTER CACKLE

A dispatch from Ballinger to the daily press reads:

"Chickens in the Ballinger country have scratched up more than \$50,000 for farmers within a year. They did not literally dig the money out of the ground

but farmers here received that amount for poultry they sold inside of twelve months and practically all of it was profit. This figure represents poultry shipped out and with local consumption the receipts are probably double that amount, \$100,000. Buyers are here now from Eastern and Northern markets contracting for shipments."

Old Sister Cackle pays her way every time, and when there is more attention given to the poultry department of the farm there will be more money on deposit in the names of the farmer. Chickens of every description have brought a fancy price all this year, in the Lubbock country, and eggs, well, at this time it is almost a sure sign of insanity for a person to ask a merchant for the cherished hen fruit. There will always be a big demand for poultry of every kind in this country, and as it is a healthy climate for this class of produce, why not raise more chickens, turkeys, etc.

### ANYBODY WOULD DO THAT

Ike Reagan slipped an eagle in our hands Saturday and said "let'er come." Taking it for granted he meant the Banner, we thankfully registered him our slate a year ahead and good for more. —Ralls Banner.

We would do that Banner. Ten dollars for one year's subscription is going some, and we are inclined to believe that the dollar just simply looked so big to the Banner man that he thought it was an eagle—\$10.

The Avalanche is in receipt of a season ticket from the Directors of the National Feeders and Breeders Show to the Eighteenth Annual Fat Stock Show and Horse Show to be held in Fort Worth, Texas, Nov. 22 to 28, 1913.

Mrs. Orville Moody, leaves this week for Waco, where she will make her home in the future, Mr. Moody having accepted a position with a prominent dry goods firm there as salesman.

#### REJECTED

A mother, old and feeble and gray,  
Stood at the station on a winter's day:  
Her form was bent by years of work,  
—For a mother's duty she'd never shirk.  
Her eyes had lost their vision keen,  
By years of loving labor seen;  
Out there she stood in the bitter cold,  
A witness for the love of a mother's soul.  
This dear old mother feeble and gray,  
Had come to the station this winter's day:  
With a heart beating strong with pride  
and joy,  
To bid farewell to her only boy.  
The boy stood near in vigorous youth,  
The image of another she'd loved in  
truth:

As about them gathered the busy throng,  
They together picked their way along.  
The train came in and the time drew near,  
And the dear old mother with a sigh  
and tear:  
Raised up her face for a farewell kiss,  
Expecting a moment of motherly bliss.  
Then sorrow shook her feeble form,  
As back she drew from the car platform;  
He had turned away so unexpected,  
A mother's kiss he had rejected.  
A mother old and feeble and gray,  
Returned from the station that winter day:  
Her heart was filled with bitterest woe,  
O! why had he treated her so?  
What kind of a boy is this I pray,  
Who turns his loving mother away?  
He is the one who surely should meet,  
In all life's battles, nothing but defeat.

## THE ART-GARLAND BASE BURNER

We especially invite your attention to the New Art-Garland Base Burners. The double-heating base burner. The Garland flues insure greater heating capacity and free draft of any stove made. Every inch of the outside of a Garland is heating surface and the large inside air-heating flue is entirely surrounded by heat. Provides expansive heat-radiating surface and air flues, and as a consequence develops better and more efficient results from the fuel used.

## WILSON HOT BLAST HEATERS

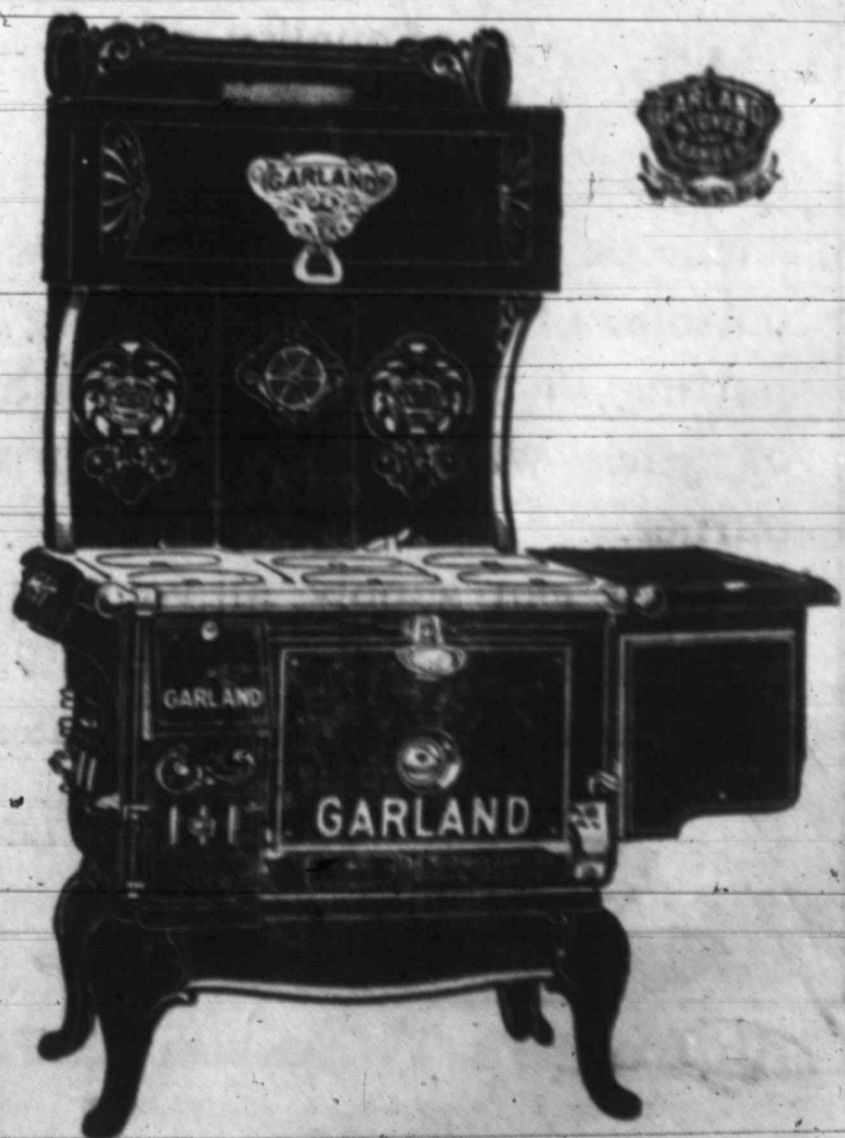

This is the only hot blast heater that has the solid cast base, and cast lining up to the fire-pot. The "Wilson" is the only heater in the world which actually burns all of the fuel put into it. Air-tight, heat can be regulated to any degree. Will save 40 per cent of your coal bill.

### Citation By Publication

The State of Texas  
To the sheriff or any constable of Lubbock county—Greeting:  
You are hereby commanded, that by making publication of this citation in some newspaper published in the county of Lubbock, if there be a newspaper published in said county, but if not, then in the nearest county where a newspaper is published) for eight successive weeks previous to the return day hereof, you summon the unknown heirs of Mrs. Jessie F. Haslett, deceased, and their heirs and legal representatives, whose names and places of residence are unknown, to be and appear before the honorable district court at the next regular term thereof, to be holden in the county of Lubbock, at the court house thereof, in the town of Lubbock, on the fourth Monday, in November, A. D. 1913, the same being the 24th day of November, A. D. 1913, then and there to answer the petition of Sallie M. Brown, plaintiff, filed in said court on the 9th day of September, A. D. 1913, in a suit in which Sallie M. Brown is plaintiff against the unknown heirs of Mrs. Jessie F. Haslett, deceased, and their heirs and legal representatives, defendants, the file number of said suit being No. 792 and the nature of plaintiff's cause of action being as follows, to-wit:

That plaintiff is the lawful and absolute owner in fee simple of the following described tract of land, to-wit: A Six hundred and forty (640) acres of land situated in Lubbock county, Texas, known as survey No. 67 block 'A', located by virtue of land scrip No. 926 issued to the E. L. & R. R. Co., and patented to Mrs. Jessie F. Haslett by Patent No. 372 Vol. 60, and described by metes and bounds as follows: Beginning at a stake the S. W. corner of Sur. No. 96, Blk. A for N. W. corner of this survey; thence south 1900.8 vrs. to stake for S. W. corner this survey; thence east 1900.8 vrs. to stake for S. E. corner of this survey; thence north 1900.8 vrs. to stake for the N. E. corner of this survey; thence west 1900.8 vrs. to the place of beginning.

That on, to-wit, the last day of September, A. D. 1913, plaintiff Sallie M. Brown was lawfully in possession of said land and premises and entitled to the possession thereof; that on, to-wit, said September last, 1913, said defendants unlawfully entered upon said land and premises and unlawfully ejected plaintiff therefrom, and have since said date unlawfully withheld from plaintiff the possession thereof and still unlawfully withhold from plaintiff the possession thereof to plaintiff's damage in the sum of \$5000.00.

That plaintiff's title to said above described land and premises is as follows, to-wit:  
(a) Patent from the State of Texas executed by O. M. Roberts, Governor, and W. C. Walsh, Commissioner of the General Land Office, to Mrs. Jessie F. Haslett, Assignee of the E. L. & R. R. Co., dated February 8th, A. D. 1882, No. 372 Vol. 60, filed for record on the 22nd day of August, 1882, and recorded in Vol. 1 pages 109 and 110 of the records of Lubbock county, Texas.

(b) Deed from C. A. Haslett and wife, Jessie F. Haslett, to Arnold Brown, dated June 20th, A. D. 1882, filed for record Nov. 20, 1882, and recorded in Vol. 1 pages 116 and 117 of the deed records of Lubbock county, Texas.  
(c) The last Will of Arnold Brown, deceased, and the proceedings of the Probate Court of Montgomery county, State of Ohio, in the estate of Arnold Brown, deceased, and all other papers and orders in said estate, certified copies of all of which are recorded in Vol. 26 p. 441 and Vol. 31, pp. 44-51 of the deed records of Lubbock county, Texas.

(d) That plaintiff and those, whose estate she has, had and held peaceable, continuous, uninterrupted and exclusive adverse possession under title and color of title from and under the sovereignty of the soil of the land and premises hereinbefore described for a period of more than three years before the commencement of this suit, and that plaintiff claims title to said above described land and premises under the statute of limitation of three years.

(e) That plaintiff and those, whose estate she has, claiming the same under deed duly registered, had and held peaceable, exclusive, adverse and continuous possession of said land and premises hereinbefore described, cultivating, using and enjoying the same and paying all taxes thereon, for a period of more than five years before the commencement of this suit and that plaintiff claims title to said land under the statute of limitation of five years.

(f) That plaintiff and those, whose estate she has, claiming to have good and perfect right and title thereto, had and held peaceable, continuous and exclusive adverse possession of said land and premises hereinbefore described, cultivating, using and enjoying the same, for a period of more than ten years before the commencement of this suit, and that plaintiff claims title to said above described land and premises under the statute of limitation of ten years.

That the claim of the defendants unknown heirs of Mrs. Jessie F. Haslett, deceased, and their heirs and legal representatives, in so far as plaintiff knows, based upon the claim that the hereinabove described land was the separate property of Mrs. Jessie F. Haslett, deceased; that the acknowledgment of said Mrs. Jessie F. Haslett to the above described deed from C. A. Haslett and wife, Jessie F. Haslett, to Arnold Brown is invalid and that said conveyance did not divest said Mrs. Jessie F. Haslett of her title to said above described land and that the same passed to the defendants upon the death of said Mrs. Jessie F. Haslett on or about, to-wit, the day of

Wherefore, plaintiff brings this suit and prays that said defendants be each and all duly and legally cited to appear

and answer herein in the manner prescribed by law; that an attorney ad litem be appointed by the court to defend this suit for said defendants cited by publication; that upon final hearing hereof, plaintiff have judgment against all of said defendants for the title to and possession of said land and premises; for damages and for writ of possession; and for all such other and further relief, both at law and in equity, general and special, to which plaintiff may be entitled.

Herein fail not, but have before said court, at its aforesaid next regular term this writ with your return thereon, showing how you have executed the same.  
Given under my hand and the seal of said court, at office in Lubbock, Texas, this 9th day of September, A. D. 1913.  
J. A. WILSON, Clerk,  
District Court, Lubbock County,  
By C. F. STUBBS, Deputy.

### SALOON MEN IN DANGER

#### Of Losing Their License Recent Ruling of Attorney General's Department Affects Grocery Stores

A recent ruling of the Attorney General's Department in regard to the regulation of saloons, coupled with the fact that one Houston saloon man was refused a renewal of his license, has caused many saloon men to become interested.

Assistant Attorney General W. A. Keeling in a letter to the county attorney of a West Texas county, gives some facts about the law that are not generally understood and that will cause material changes to be made in a number of the saloons in Houston and Harris county.

The latter states that no grocery store which sell liquor, unless the bar is partitioned off, will be allowed to keep open on Sundays or election days, allow women or minors about the premises, or do anything a saloon is not allowed to do. Saloons in which all night restaurants are run will also be affected, the restaurants being required to close at 9:30, when the bar is closed. All bars must be left unobscured, giving an unobstructed view of them from the outside. In this respect it was stated bottles would not be allowed in the show windows to keep the passer by from seeing the bar and customers in it.

Cigar stores and bootblack stands in the building a saloon is in will also be affected by the law and will be required to close when the saloon closes.  
150 SALOONS MAY BE HIT  
It is said that a strict applica-

tion of the law will be made and that this will affect about 150 saloons in Houston alone, other cities being affected in about the same ratio.

However, the saloons now licensed will not be affected, the trouble being delayed until they make application for renewal of their license. It is thought many of the saloons in Houston could not procure a renewal of their license at this time under existing circumstances.

Hardly any of the beer saloons run in connection with grocery stores have the bar partitioned and practically all of them allow women and children to come into their places of business every day. This angle of the law has never been understood to prohibit the sale of anything except intoxicating liquor to women and minors.

HOTELS ALSO VIOLATORS  
Hotels which permit both pool rooms and saloons to be run in the same building also are violators of the law, according to the ruling from the Attorney General's Department, and that will affect some of the Houston hotels. It is said that all service bars in hotels will be abolished.

Bootblacks who are minors will be compelled to stay away from the premises of saloons and that will affect a number of places in Houston where shining stands are run at the saloon entrances.

A representative of the Comptroller's Department was in Houston some time ago and made a general inspection of the saloons. His opinion at that time was that but few of them would be granted a renewal of their licenses unless material changes were made before their applications were filed. Several of the most expensive saloons in Houston failed to come up to the requirements, he said.—Houston Post.

Notice of Sale of Real Estate Under Execution and Order of Sale  
The State of Texas, county of Lubbock.  
L. A. Knight vs. W. D. Kincannon and Isaac Howard.

Whereas by virtue of an execution and order of sale issued out of the District Court of Hale county, Texas, on a judgment rendered in said court on the 13th day of January, A. D. 1913, in favor of L. A. Knight against W. D. Kincannon and Isaac Howard, No. 194 on the docket of said court, and to me as sheriff of Lubbock county, Texas, directed and delivered, I did on the 4th day of October, A. D. 1913, at 9 o'clock a. m., levy upon the following described tracts or parcels of land situated in the county of Lubbock and state of Texas, and belonging to said defendants, to-wit:

BY MRS. D. ROBINSON

**MERRY BIDDERS**  
The Merry Bidders met with Mrs. Adkins and Mrs. Middleton at the home of the former, last Thursday afternoon. A profusion of flowers added their grace and beauty to the charm of the occasion. After a most enjoyable series of "42," the hostess assisted by Miss Margaret Adkins served delicious refreshments of marshmallow pudding with whipped cream, Welsh rabbit and crackers, coffee and cake to Mesdames Kimbro, McWhorter, Schenck, Hargess, King, Rankin, Chase, Gehde, Penney, Powell, Barnes, Woolbridge, Posey, Moody, Richey, Adams, Sowder, Thomas, Johnson, Hutchinson, Magee, Fain, Hutchinson, Cate, James O'Neal, Rush and Misses Von Rosenberg and Dees.

**A FAREWELL PARTY**  
Mrs. Orville Moody left Wednesday to make her home in Waco, and she entertained her friends Oct. 15th, with a farewell party. As the guests arrived they were met by Mrs. Moody and conducted to the dining room where the hostess, assisted by Miss Monita Abney, served a delicious one-course luncheon. The house was tastefully decorated in pot plants and cut flowers; which added their fragrant charm to the pleasant afternoon. In the series of "42"

Mesdames McWhorter, Rush and Downing won high score. The guests departed with many wishes for a pleasant sojourn in her new home and that she would soon return to her home town.

Among those invited were Mesdames Sanders, Ballinger, Lemond, Chase, Rankin, Biedsoe, Downing, James O'Neal, Schenck, Cosby, Thomas, Carter, Ellis, Jim Robinson, Kimbro, E. Wolfarth, Magee, Cate, Taylor, Grover, Merrill, Palmer, Benson, Baugh, Rush, Dalton, Smith, Priest, Summers, Fain, Gehde, Wortham, Penney, Howell, Boerner, Posey, Robbins, McWhorter, Griffin, Sowder, M. **1911 NEEDLE CLUB**  
The 1911 Needle Club was entertained by Mrs. Grover Merrill and Mrs. Palmer, Oct. 16th. A pleasant afternoon was spent after which apple pie with whipped cream, cake and tea were served. Those present were Mesdames Ballinger, Farris, Robbins, Stone, Henry, Biddle, of Mississippi, Boerner, J. R. Robinson and Misses Heberling and Summers.

**AUCTION BRIDGE CLUB**  
The Auction Bridge Club met with Mrs. O. F. Peebler Tuesday afternoon. Mrs. Gehde won high score. After the game sandwiches and coffee were served to Mesdames Gehde,

Penney, Powell, McWhorter, Moody, Rush, Fain, Slaton, Boerner, Merrill and Griffin. The next meeting will be with Mrs. Priest.

**EASTERN STAR MEETING**  
The Eastern Star held its regular meeting Tuesday evening, Oct. 21st. Miss Margaret Huff, Mrs. Virgie Tubbs and J. W. Lamb were added to the piano committee. The time of meeting will be 7:30 p. m. during the winter season. All members are asked to remember the time and cordially invited to attend. The regular meetings are on the 1st and 3rd Tuesday nights in each month.

**AGILE NEEDLE CLUB**  
The Agile Needle Club met with Mrs. M. C. Overton, Friday, Oct. 16th. Quite a lovely display of embroidery was enjoyed by the ladies. Delicious refreshments of pressed chicken on lettuce leaves, potato chips, hot rolls with butter and jam, tea, biscuits, hot chocolate with whipped cream were served to Mesdames Atkins, John Baker, Biggers, Barnes, Craig, Elliott, Baker, Dow, Downing Lane, Middleton, Rob Tubbs and Misses Overton and Burns. Visitors present, Mesdames Quick, Wagner, Ballinger, Griffin, Greenhill, Barnes, Fain, Jordan, Miss E. Robertson. Mrs. Richie was made a member. The club will hold their next meeting with Mrs. Craig.

[We will be glad to make any announcements of Church Service, Programs, etc., in this column free of charge, where no revenue is received from the services.—Editor.]

**MISSIONARY AUXILIARY NOTES**  
After a very interesting and instructive devotional meeting led by Mrs. Barnes, a brief business session was held Monday evening.

It was decided to organize a Mission Study Class, the book to be used is, "Mexico Today," by Winton. The leader is Mrs. Fred Boerner, with Mrs. H. T. Kimbro as assistant.

Instead of having the week of prayer service for one hour each day during the week, we will have an all-day meeting which we hope will be a blessing to everyone attending.

**LEST OUR EARS ARE DEAF**  
But lest our ears are too deaf to hear the call from the other side of the earth, lest our love has such a "broken wing" that it cannot fly across the ocean, God speaks to us from conditions on our own shores. This is the mightiest moments of migration the long ages have ever known. There are one million immigrants pouring in upon our land every year. Two ever minute and this has been going on for the last ten years—whether we wake or sleep—whether we pray or play golf. And there are enough here at this moment to displace every man, woman and child in nineteen whole states in this country. The negro is here ten million strong and the sole question is will he be a good negro or a bad negro—and the white man must help him answer the question.

Two and a half million children under sixteen years of age are slave somewhere instead of playing and studying. Five and a half million women and girls over ten years of age are making a living instead of living a life. How will our land meet its test? Nothing but a new mind to see the new necessities, and an alert will to sacrifice in meeting them, can insure a social and moral prosperity commensurate with its material prosperity, lacking which she must go down into "the graveyard of dead civilizations" as did Aseveria and Babylonia and Rome.

Land that we love, thou future of the world,  
Thou art not for thyself, but for mankind.  
And to despair of thee were to despair of man,  
Of man's high destiny, of God!  
To despair of thee, An, no. For thou thyself art Hope;  
Hope of the world thou art.  
—Council Daily.

E. A. Butterfield pastor of the Kress mission preached at the Methodist Church last night. There were only a few who heard him, but we are sure they enjoyed the disclosure. ## THE Play-Singers

AT THE LYRIC THEATRE  
MONDAY, OCTOBER 27th.

The Play-Singers have a mission in the lyceum, a mission well worth the best efforts of so capable an organization. Music to be enjoyed must be understood—understood both by the artist and the listener. The music, the artist, and the audience form a perfect triangle, and when any of these three essential parts is imperfect, the best results are not attained. We have seen the effect of music upon an audience when the music is below the appreciation of the artist and the listener; we have seen a like effect when the music and the artist are in accord but not the listener; and we have also seen the effect of the music and the audience being on the same plane, but the artist below the standard. Few of us, however, have met with the happy combination of the three in perfect understanding and harmony.

In accomplishing this end, the Play-Singers have taken a unique place in the lyceum history. The best in music can be so rendered as to be intelligible to the unversed in music, provided that facts of the composer's life, the circumstances of the writing of the number rendered, its purpose, and its place in the realm of music is attractively presented. It is a high-class lecture recital company playing musical masterpieces, with the attractive features of solos, readings, vocal numbers, and small orchestra added.

Florence Carey heads the company—a violinist whose name is among the best known in the entire lyceum field. Her study includes three years with the eminent Swiss violinist, Henri Ern. Kathryn Firebaugh, the reader and raconteur of the musical numbers, is a graduate of the Elias Day School of Dramatic Art, and is an accomplished cellist. Theodosia Hryden, violinist and soprano, is also an experienced pianist, and an exceedingly capable musician in all three branches of music. Dora Hershonow, the young Russian pianist, is one of the most brilliant pianists ever graduated from the advanced department of the Chicago Musical College, being a protegee of Arthur Reeh.
