THANKSGIVING DAY NOVEMBER 27TH

PRESIDENT WILSON DESIGNATES THIS DATE BY VIRTUE OF HIS OFFICE AS THE NATIONAL DAY OF THANKS

LUBBOCK PEOPLE SHOULD HOLD THANKS SERVICE

The Nation as a Whole Has Been Prosperous and Texas Specially So, But Lubbock People Would Be Ungrateful to Let the Day Pass Without a Thanks Service for the Prosperity of our County.

November 27th is Thanksgiving day for 1913. It is not so far away but that the people of Lubbock should begin to plan for the greatest Thanksgiving service that this community has ever held.

There is not one of us who has not something that we should be truly thankful for.

True, we have had many ups and downs, and as the old fellow said in a Methodist love feast, "he had had more downs than ups but was still on praying terms," we are all indebted to the All Wise Creator for his never-failing attention and goodness to us, and if no other day in the year that we are religious enough to return thanks to Him for what we are permitted to see, we should on this date.

Let the churches hold a union service and have a roasting good "Thanksgiving" time.

Following is the Thanksgiving Proclamation as sent out by the President of the United States:

Washington, Oct. 23.—President Wilson today designated Thursday, Nov. 27, as Thanksgiving Day and issued the following—his first—Thanksgiving proclamation:

"The season is at hand in which it has been our long-respected custom as a people to turn in praise and thanksgiving to Almighty God for his manifold mercies and blessings to us as a Nation.

"The year that has just passed has been marked in a peculiar degree by manifestations of his gracious and beneficent providence. We have not only had peace throughout our own borders and with the Nations of the world, but that peace has brightened by constantly multiplying evidences of genuine friendship, of mutual sympathy and understanding, and of the happy operation of many elevating influences, both of ideal and of practice.

"The Nation has been prosperous, not only, but has proved its capacity to take calm counsel amidst the rapid movement of affairs and deal with its own life in a spirit of candor, righteousness and comity.

"We have seen the practical completion of a great work at the Isthmus of Panama, which not only exemplifies the Nation's abundant resources to accomplish what it will and the distinguished skill and capacity of its public servants, but also promises the beginning of a new age, of new contracts, new neighborhoods new sympathies, new bonds and new achievements of co-operation and peace.

"Righteousness exalted a Nation," and "Peace on earth, good will to men," furnish the only foundations upon which can be built the lasting achievements of the human spirit. The year has brought us the satisfactions of work well done and fresh visions of our duty which will make the

THE MEXICO SITUATION

Many Humors Afloat at Times War Between Mexico and United States Seems Certain.

There has been quite a good deal of interest manifested in the Mexico situation this week.

Tuesday information was given out through the daily press that President Wilson had sent Huerta orders to step down and out of the president's chair in Mexico, which was given out in the following language:

Mexico, City, Nov. 3.—President Huerta must resign the presidency of Mexico without loss of time, and must not leave as his successor General Aureliano Blanquet, his minister of war, or any other member of his official family or of an unofficial coterie whom he might be expected to control.

This ultimatum from Washington on behalf of the United States government was conveyed to Huerta through his private secretary, Senor Rabago, by Nelson O'Shaunesfy, American Charge d'Affaires, acting under instructions from the State Department.

Senor Rabago presented the memorandum to his chief late Sunday, but up to this evening President Huerta had returned no answer, and as far as could be learned, had guarded its contents from almost all his official and intimate counsellors.

Those who learned of the Washington note regarded Huerta's position as such that he will be forced to give one of two answers—refusal point blank to comply with the demand, possible going so far as to hand the diplomatic representative his passports—or elimination of himself officially.

Those who are most intimate with President Huerta insist that the latter course would not be taken for many reasons, chief among which is that such action would be tantamount to submission to the rebel forces.

Wednesday there comes another report from Washington to the effect that Secretary of State, William Jennings Bryan, denies that the communication sent to Huerta from the President was "ultimatum," however, the maneuvers of the war department are rather suspicious as will be seen by reading the following dispatches:

Washington, D. C., Nov. 4.—The Mexican situation was the subject of widespread comment in Washington today, but the day's developments in official quarters added little that was definite or of a tangible nature concerning the exact status of affairs.

Reports from Mexico that a new and somewhat startling and somewhat summary move had been made by the United States toward the elimination of Huerta, brought no response from the state department beyond the brief statement from Secretary Bryan that no "ultimatum" had been presented to the Mexican authorities in Mexico City.

Whether some other communication, less drastic than an ultimatum had been presented, Bryan positively declined to state.

In well informed quarters it is admitted that negotiations have been proceeding in pursuance with Wilson's determination to secure the elimination of Huerta as a factor in the Mexican situation. That this involved the delivery to the Mexican authorities of another communication was also admitted, though, it is said, this communication did not take the nature of an ultimatum.

Leavenworth, Kan., Nov. 4.—The second squadron of the

fifteenth cavalry will leave for Fort Huachuaca, Arizona, on November 7, complying with orders from the war department.

Chicago, Ill., Nov. 4.—Four troops of the Fifteenth United States Cavalry are preparing to leave Fort Sheridan, Illinois, for El Paso on November 7. The orders came from the War Department.

Vera Cruz, Mex., Nov. 4.—The third division of the United States Atlantic fleet, which is comprised of the battleships Rhode Island, Virginia, Nebraska and New Jersey, arrived here this evening and anchored at the breakwater.

His Hat in the Ring "Uncle" Sam Spikes tosses his hat in the ring this week as a candidate for the office of county tax assessor. It is useless for the Avalanche to devote space to eulogizing Mr. Spikes as he is too well known to the majority of our people to make such necessary in order for the voters to know him.

He is one of our oldest citizens and has done much for the development of the country and up-building of Lubbock.

He will make a first class officer if elected, and he asks that you consider well his claims before casting your vote in the July primary of 1914.

Moving to Lubbock Rev. G. O. Hubbert and family left Saturday morning for Lubbock where he has a pastorate and where they will reside in the future.—Blanket Signal.

Rev. Hubbert is the new pastor of the Cumberland Presbyterian church at his place having been chosen to take the place of Rev. J. L. Elliott who so faithfully filled that important position here for several years. We welcome Rev. Hubbert and family to our city.

The Weather.

Taking it as a whole the week has been a wet one so far. There has been more or less moisture falling all the time. And cloudy most all the time, even when not raining, hence we can sum the weather up for the week, to date as cloudy and raining, with occasional outbursts of sunshine. No freezing weather, but cool.

First Monday in November

The First Monday Trades Day was rather slim on account of the bad weather and also the fact that the farmers could not spare the time to come to town for anything. It is busy days with the average farmer and ranchman these days. There is much to be done yet to get the feed crops saved, and without the farmer has to come to town he is not seen here.

C. C. Cooper was up from his farm Wednesday. He came in to renew his subscription to the Avalanche, while in the city. He also had us send the paper to his daughter, Miss Anna, at Blum, where she is teaching school this year. Mr. Cooper says he has about thirty acres of feed stuff to gather yet and eight or nine bales of cotton. The wet weather is quite a hindrance to this kind of work, and he is unable to get any help to gather his crop when the weather is good.

C. A. Burrus has accepted a position as assistant cashier of the Citizens National Bank in the place of S. R. Pierce who has given up his position in the bank on account of his health. Claude's many friends will be delighted to have him return to Lubbock to make his home. He has been residing in Crosbyton the past few years, where he has been holding a position in the bank.

COUNTY COURT FINISHES WORK

FALL TERM CLOSES WITH LAST SATURDAY SESSION—MANY CASES CONTINUED TILL NEXT TERM

DISTRICT COURT CONVENES NOVEMBER 24TH

Long List of Jurors Being Summoned For the Term. There is Quite a Lot of Business on the Docket, Most of Which is Civil Cases.

The honorable County court finished its work for the fall term last Saturday afternoon.

Quite a bit of business was attended to in the last hours of the session. Since our last report the following business was given attention:

Robinson Bros. vs G. C. Merrill, continued.

O. C. Belt vs W. A. Custis, et al, judgment against Custis for amount of note; S. J. Winn being surety was released for reasons shown the court.

T. F. Lokey vs P. & N. T. Ry. Co., continued by agreement.

R. W. Higginbotham et al vs C. D. Rogers et al; continued.

L. B. Minor vs P. & N. T. Ry. Co., continued to next term of court.

A. E. Lichty, et al vs G. E. Lockhart, et al; continued.

Texas Drug Co. vs Lubbock Drug Company, dismissed at cost

of plaintiff.

B. M. Hunter vs Sam Bigger and Neil H. Bigger, continued to next term of court.

State vs Olin Tubbs, Wm. Tubbs and R. W. Glenn, suit to recover amount of Olin Tubbs' bond, which was forfeited, continued to next term.

The Seneca Co. vs Hugh Moore, continued.

Mrs. H. N. Moore vs Jno. R. McGee et al, suit on note, dismissed at cost of defendants.

Elna Moore vs Jno. R. McGee et al, suit on note dismissed at cost of defendant.

C. B. Moore vs J. L. Chase judgment for plaintiff for \$100.

November 24th is the opening date for the District Court and the sheriff is busily engaged summoning jurors for the term. We understand there is quite a bit of business on the docket but most of it is civil cases.

THE PRICE SHE PAID

Large Audience Sees this Striking Play Presented at the Opera House Last Night

Probably the largest crowd that has witnessed a play in the Opera House in this city for some time was in attendance at the play entitled "The Price She Paid" last night.

It was a play full of interest from the rising of the curtain till the curtain dropped for the last time, and those present felt well repaid for the time they spent there and the price of admission.

The characters were ideal, and the play carried with it some striking examples of life and a traid of thought that would be well to ponder in leisure hours. This company remains only one night, but many would be glad to see the same thing again, so well was it presented.

Uncle Billie Howard, of Brownfield, was here Tuesday. He came up from Dallas, where he had been with the Terry county exhibit at the fair. Uncle Billie was all clothed in smiles caused by the large number of ribbons, brought back by reason of his excellent exhibit. Even copped the second prize on cotton.

Geo. L. Davis went up to Tulia Tuesday morning. He will be absent from our city about three weeks. He has the contract to build a nice residence for H. C. Perkins, who recently moved from south of Lubbock to that section of the plains.

I. D. Scoggin, of Justiceburg, last Monday, sold 1,600 calves to S. Singleton at \$24.50 around. Mr. Singleton is shipping them to his ranch in Lynn county.

A. M. Hensley is busy finishing up a nice residence on the H. D. Beal ranch west of the city, which Mr. Beal is putting up for a tenant.

COTTON TURNS OUT WELL

Lamesa Gins are Kept Busy—Man Narrowly Escapes Injuries—Claude Burges Dies.

Public Weigher Conklin had weighed 968 bales of cotton up to last night. And it has really but just started to come. Both gins have all they can do. And the way maize is coming in! Our buyers continue to pay just a little more than those of other places—and our merchants sell goods just a little lower. Investigate and you will find our statement true.

Bro. Mitchell had a narrow escape from serious injury a few days ago. He was leading two horses behind his buggy and they started to pull back and Bro. Mitchell's feet got tangled in the rope, he was pretty severely hurt, but fortunately succeeded in quieting the animals.

Judge F. N. Oliver brought down 1500 pounds of seed cotton of the Maburn variety yesterday. It made a bale of 540 pounds. Pretty good cotton, that, even for Dawson county.

Claude Burges died at his brother's place in the Loop neighborhood last Friday and the body was brought here Saturday for burial. While Claude had been in poor health for some time, yet his death was entirely unexpected.

Mr. and Mrs. E. P. Earhart returned this week from Round Rock, where they had been attending the Synod of the Cumberland Presbyterian church as representatives from this church. Brother Earhart reports a most pleasant time, but the weather was wet and in the language of that good man "they couldn't keep that black mud off their feet and stay in the house."

William Little of Midland was found dead in his bed at Midland last Tuesday. It is stated that death resulted from an attack of heart failure.

LUBBOCK, TEXAS, THURSDAY, NOV., 6, 1913

The modern conveniences of rural free delivery of mail, rural telephones and trolley railroads, are rapidly annihilating the old time isolation of country life and rendering the social intercourse of farmers and their families one of the most delightful features of rural life. These modern conveniences are all educational in their character to a certain extent, and they all mean a more intelligent agricultural population for the future and a strong guarantee of better social economic conditions for all classes. We do not believe a stronger bulwark for the safety of American progress and liberty could be established than the practical education of American farmers.

The time for burning the leaves is again here and it is desirable

in the interest of health and safety alike that the burning be done in the morning instead of in the evening. The morning air dissipates the smoke and fumes arising from the burning leaves more rapidly than does that of the evening. The smoke and fumes of the burning leaves are injurious to health. There is also more danger from conflagration and accidents from night bonfires than those in the morning.

A serious wreck occurred on the Fort Worth and Denver near Giles, in Donley county, last Thursday morning. A freight engine ran over a cow on the track and the animal caused the engine to jump the track and roll down a steep embankment. The engineer, fireman and head brakeman were killed.

Speaking of the high cost of living, there is at least another year of it ahead of everyone. The short crops, not anything political, will be the cause. Everything for the table is going to cost high. Not even corn for the old fashioned Johnny cake will be cheap.

An empty brain and a tattling tongue are very apt to go together; the most silly and trivial items of news or scandal fill the former and are retailed by the latter.

Approaching Boundary Fight
Austin, Oct. 30.—Attorney General Looney will leave here early in November for El Paso, where he will represent the state in the hearing of the Texas-New Mexico boundary dispute. Taking of testimony will begin November 10.

The case finally will be heard by the federal supreme court.

Plainview Has Blaze

Plainview, Texas, Oct. 30.—The Boone Institute of Massage caught fire at eleven o'clock this morning and was partly destroyed before the firemen were able to extinguish the flames.

The fire was caused by the overturning of a gasoline stove by a child.

The building was the property of T. J. McGill of Olton and insured for \$5,100.00 which is not sufficient to cover the loss.

Most of the furniture belonging to the institute was saved.

Judge and Mrs. Gough returned Friday from the fair at Dallas and went over home, to Crosbyton the same afternoon.

FOOT BALL

Tell me not in mournful clauses
Foot ball is a passing dream!
For the "gheik" is dead who pines
In the on-rush of the game.

Foot ball is real! It is earnest!
And ten yards is not the goal.
In each heart a spirit burneth
Foot ball is eating up his soul.

Not enjoyment, but in sorrow
The ball is carried on its way:
That we may limp tomorrow
We play the game today.

The game is long; time is fleeting
And each player however brave
Knows by intention, he is beating
A vivid path-way to the grave.

On the gridiron's field of battles,
On the field of sport,
Be not like dumb, driven cattle
Or you will come up short.

Trust no player, how'er honest
For he plays a crooked game.
And the crown, the "star" doneth
May not shed rays of fame.

Lives of "champeens" all remind us
We can make the game a fight,
And departing leave behind us
Signs of combats, that affright.

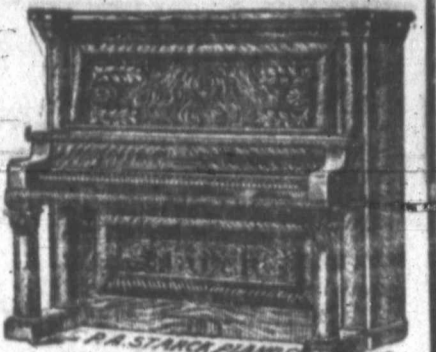

Combats, that perhaps another,
Flying down the white lined sward,
Seeing Will help his brother
Gain another yard.

Let us, then, be up and playing,
With a heart for any fate
Still gaining, still slaying,
Learn to crack any pate.

WONDERFUL PROGRESS MADE IN TEXAS DURING PAST TEN YEARS.

The World Wonders at Texas Progressiveness.

There is no state in the Union nor any country on the globe that has witnessed such remarkable growth and development as Texas. It stands today as the leader in the march of progress and is a shining example of what can be accomplished through co-operation and honest effort. A few years ago our state was one vast unutilized area where the buffalo and coyote ran at large and grazed contentedly beneath the slender shade of sage brush and mesquite. Texas was the rendezvous of bandits and travel was unsafe. Remarkable changes have transpired during the past few years and the evolution goes steadily onward. Our lands are producing bountiful crops which excel in quality and quantity any other country and the hills of Texas are covered with the homes of prosperous and contented farmers. The bad man of old has given way to the law-abiding peaceful citizen of today who is ever striving to assist in the welfare of his community. Cities and villages, connected by good roads and transportation facilities, are found on every hand and Texas is fast becoming an Empire within itself. Nature in all her glory has assisted in the development of Texas far more than our people is due, to a great extent to the use of RENALT, a purely vegetable compound that gives quick relief to Kidney, Bladder and Stomach Troubles, Bright's Disease, Catarrh, Rheumatism, Indigestion, Nervousness, Blood Disease or any breaking out-of-the-skin. RENALT is NATURE'S GIFT TO MANKIND and NEVER FAILS IN THE HOUR OF NEED.

In speaking of RENALT, A. C. Case, Master Mechanic, Stock Yards Company, Fort Worth, said: "I have used Renalt as put up by the Ferrel-Saunders Company and cheerfully recommend it to sufferers from kidney and stomach troubles. As a sufferer for years RENALT was recommended to me and has done more good than any or all of the doctors and other remedies tried." If your druggist cannot supply you accept no substitute, but send us \$1.00 in stamps, postoffice order or express order and full size bottle will be sent you prepaid. Items of Interest About What Cattlemen are Doing and Saving

Will Gates, who ranches near Shafter Lake, has been in the city this week. Besides reporting range and cattle in fine shape, he sold 150 calves recently at \$22.50 around.

Lewis Byers, who ranches in Andrews county, has been with us this week. His report of the range is just fine. Says cattle are fat and there will be no range poverty this winter.

Claude Hearrell this week bought 210 head of dandy good cows of Geo. G. Gray, which he will put on his ranch south of Midland. The cattle are from Mr. Gray's ranch west, near Manahans.

Nute Snodgrass has lately traded his Andrews county land

to Carl Weiden. Billie Howell, of Florey, was in town this week, loading out with dipping supplies for the "5WLS" outfit. His report of the range is that everything is in A1 condition. Cattle are fat and grass abundant.

R. F. Kelton was here this week from Pecos. He ranches near there and reports that section just about as good as can be found in the west. He lately sold a string of steers to A. Cooksey, at private terms.

"Shorty" Cowden is in this week from his ranch at Cedar Lake, gives the usual fine range and cattle report. He has lately been busy moving 450 cows from Cedar Lake to the headquarters place.

O. S. Martin was recently here from Las Cruces, N. M. He got a shipment of 800 cows and calves from there this week and will trail them from here to his place in Upton county. He also reports that he recently shipped

2,000 steers to the Fort Worth market, and received good prices.

Sam Means, ranching near Pecos, was in this week to close up a deal with W. A. Hutchinson and deliver 1126 cows, calves and steers which Mr. Hutchinson will run on his ranch southeast of Midland. We did not learn particulars of the big deal.

W. H. Reynolds was in from "5WLS" ranch this week, looking for help to dip 5,000 head of cattle put there. He says the range could hardly be in any better shape for the winter.

H. L. Ham, in from his place near Shafter Lake, Monday, says everything in his neighborhood is fine. The winter has no terrors for anyone in that section.

E. W. Estes, one of the old-timers from the Monahans section, was here this week on business and visiting amongst his several relatives. He says that whole part of the country is in great shape. Cattle all fat.

The Scharbauer Cattle Company shipped two cars of fat cows to the Fort Worth market last Saturday.

Dr. W. K. Curtis shipped two cars of stuff to the Fort Worth market this week.

J. S. Means came in this week from his ranch in Andrews county and had a shipment of four cars of cows for the Fort Worth market.

Mr. and Mrs. F. W. Boerner left Tuesday for Waco, where they will attend the Cotton Palace and Mrs. Boerner will be the guest of her sister, Mrs. Craven, while in that city.

WOMEN'S RIGHTS!!

Honors—in the home are divided.
Likewise—the cares.

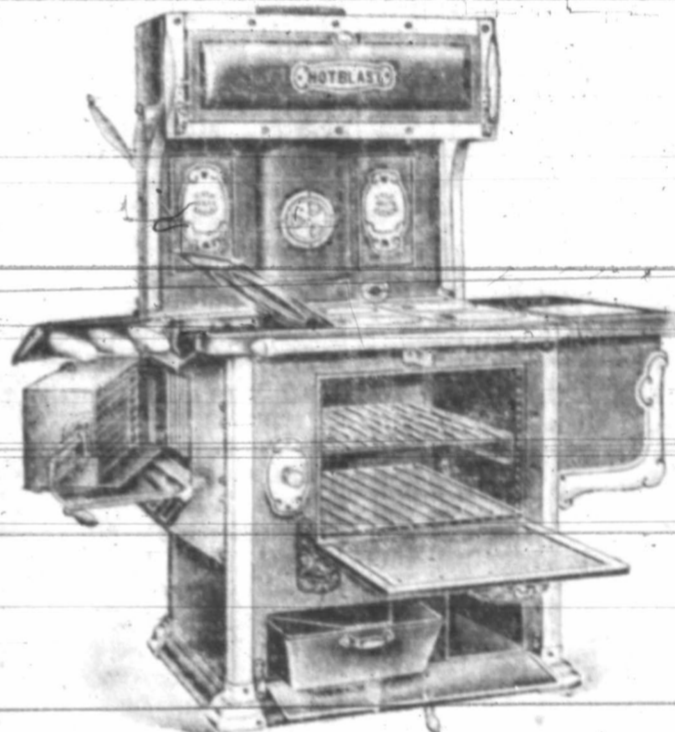

Father earns the money—but Mother must spend it carefully. Yes, we both agree to that.

All right—then don't handicap Mother with poor or useless tools—a cheaply built range, for instance.

Half your living expense is in fuel and foods.

Waste the fuel by allowing the gases to escape unburned or by forcing the fire in order to obtain the right oven heat as is done in most ranges; spoil expensive food materials by burning or improperly cooking them—and Mother makes a poor showing as a home-maker. Hardly fair—is it?

The family range is a mighty important factor and Mother is entitled to the best. Get her a

Cole's Hot Blast Range

With the Hot Blast Combustion that saves the gases in the fuel wasted by other ranges. It reduces your fuel bill at least one third.

Both top of Range and oven are heated just right by the steady burning fire, an even temperature being maintained for both the top and the oven as long as desired. Even, steady heat means no spoiling of expensive food stuffs—no money lost. Any fuel will do—soft coal, hard coal or wood.

Big Bargains Now Offered!

I have bought a stock of Gents' Furnishings and Shoes at a very low price and am closing the entire stock out at remarkably cheap prices. It is located in the Western Windmill Building on the South Side of the Square and if you need anything in this line it will certainly pay you to call and see the goods and get the prices.

IT'S A MONEY SAVING PROPOSITION TO YOU.

It's an excellent opportunity to get a nice Suit, Hat, Shoes, Gloves, Etc., at figures that will save you a large amount of money on your purchases. This is not a shelf worn old stock of goods, but good clean merchandise sold cheap by the former owner on account of his health breaking down so that he could no longer conduct the business.

Don't Fail to Investigate These Bargains Before You Buy.

The entire stock must be sold at some price, as it is not my intention to continue this line of business.

Lubbock Thirteen Years Ago

Items taken from the Lubbock Avalanche Nov. 9, 1900

Frost. Some ice first of the week, and stoves are in demand. Claud Green came in Sunday from Running Water, where he went to get two wagons, which he left there some days ago on account of the mud.

Barrett Penney came in from the Oxsheer ranch Wednesday to be here for the election.

John Chidister who has been at Hereford with the Brennand herd returned home Sunday.

Col. R. W. Lemond, of the Parnell ranch in the northwest part of the county, was attending the regular meeting of the Masons Friday night.

R. B. Shaw came in this week with a big load of lumber for his new house, which he expects to erect soon on his ranch.

Alec Jones brought in a big load of lumber this week for the livery stable that is soon to be erected here.

Captain Tom Franklin, one of the pioneers of Lubbock county was transacting business with

the county clerks office Wednesday. Tom says he discovered Lubbock and Garza county, and allowed a vote in Lubbock by right of his discovery.

The total votes cast in the election November 6th were as follows: Crump 185; Mobley 141, Anderson 100; Eastin Wolfarth 196; Caldwell 109, Penney 103; Bowles 143, Hollandsworth 72; Hunt 201. Crump was running for county judge, Eastin Wolfarth for sheriff, Mobley and Anderson for county and district clerk, Bowles and Hollandsworth for assessor, Caldwell and Penney for treasurer, Commissioner precinct No. 1 Hickerson 51 and Seeds 14; constable precinct No. 1, Robert Penney 69; commissioner precinct No. 2 R. C. Burns 36, commissioner precinct No. 3 Clark 22, Brown, 12 Vaughn 5, Bean 2; commissioner precinct No. 4, Beal 27, Groves.

The Republicans polled 40 votes in the county and the Populists 6.

J. A. Long this week authorizes us to send the Avalanche for one year to Mrs. W. F. Harrison, Woodville, Texas, and W. R. Killian, Bluffdale, Texas, so that they can keep posted as to what is really doing in this part of the great state of Texas.

STAY ON THE FARM

Mrs. E. P. Turner, Chairman, Homes and Schools Tex. Farm Life Com. Advance Idea

A great many boys and girls of the farm find their home environment so dull and lacking in resources and interest that, as a rule, they are drawn inevitably to the city. This is not necessarily an evil; save that it takes from the country some of the most energetic and wide-awake members of the younger generation whose places will be hard to fill later.

The remedy lies not so much in inaugurating a back-to-the-farm movement as in the institution of a stay-on-the-farm campaign. The theory of the traditional devil, "Give me their leisure and I'll get them regardless of whom they work for," is manifestly true, especially on the farm.

The social center plan, the establishment of country playgrounds and libraries will furnish legitimate amusement and should be advocated. The recreative needs of our boys and girls demand immediate attention and the office of Director of Public Recreation should be established in every Texas community.

Often Lost Sight Of

We call attention to a few of the points that are often overlooked when selecting a school to attend.

Typewriting is one of the most important parts of a business education. Most schools have different makes of typewriters in their school rooms, but the Tyler Commercial College of Tyler, Texas, is the only school in this part of the country that has the different makes of machines and teaches each and every student to operate accurately, by the touch method, the different standard makes of typewriters. No difference upon what machine the student may learn, when he goes into an office he may find an entirely different make of machine; therefore, it is very necessary that he learn to operate with speed and accuracy all the standard makes of machines.

System of shorthand: Most schools teach the old Pitmanic systems which were put out in 1832. The Tyler Commercial College teaches the famous Byrne Simplified, which is a modern system that produces greater speed than any other system and in less than half the time required by any other system of shorthand now in use.

Systems of bookkeeping: Most schools teach a theory course; the student reads about what some one else has done, and posts up his work theoretically. The students of the Tyler Commercial College have to transact every item of business for which they make an entry; they learn to do by doing; they buy and sell goods, write up

deeds, mortgages, drafts and all kinds of commercial papers, ship goods just as they would in actual business life. They not only learn a thorough course of bookkeeping, but they obtain a practical business training as well; this business training is worth as much to them as a course of bookkeeping. Bookkeeping through practical business transactions is much easier learned, and the student gets both the bookkeeping and the business training in much less time than he could get the bookkeeping along by the theory method used in other schools.

Positions: The Tyler Commercial College secures positions for every worthy graduate; it fully realizes that practical trained students placed in good paying positions are the strongest advertisement a school can put out, and that this kind of advertising brings in over 75 per cent of their new enrollment.

Write the Tyler Commercial College, Tyler, Texas, for large free catalog, giving facts and figures that will convince you of the wonderful cash producing education given by this America's largest business training school.

Fire Don'ts

The time of the year has again arrived when the fire fiend generally gets in his work. The following don'ts if strictly observed, will beat him at his own game.

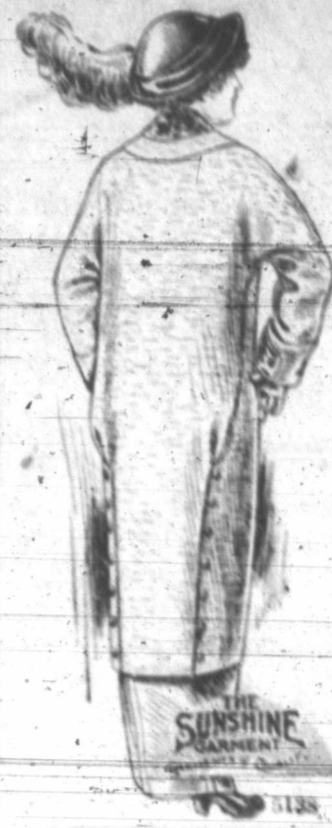

Don't go into closets looking for clothing with a lighted match.

Don't kindle fires, in stoves with kerosene.

Don't put hot ashes and coals in wooden barrels or boxes.

Don't thaw out frozen water

TERRY DISTRICT COURT

Nothing to do But to Open and Close in Due Form—Powell Sells Lambs

Terry County Herald: District court was opened Monday by Judge W. R. Spencer, who empaneled a grand jury, it was dismissed in a few hours as there was no work to do. There were no indictments and no petit jury was summoned. Court was adjourned on Tuesday. District attorney Lockhart was present. Yes, Terry county people are first rate folks, alright. Court is just a formality with them.

Jno. S. Powell has returned from Fort Worth, where he disposed of his 800 lambs at \$4.75. Mr. Powell is somewhat disappointed in the price received, but he found the market dull.

SOME FARM FACTS

Peter Radford, of the Texas Farmers' Union Drops a Few Interesting Thoughts.

Where there is a silo there is prosperity. Cheap money will solve many of the farmers' problems. Well kept farms are an index to the community's prosperity. Efficiency alone cannot bring success; with it must come co-operation. Keep everlastingly at it is the secret of success in any business. The average farmer is a genius at producing, but knows nothing about selling. Let us give more attention to the marketing side of farming and the world will be better off. The farmer is not in business on a basis of philanthropy, but wants all he can get for his labors. Scientific farming means putting the best thought into your cultivating, plowing and planting.

MANY NEW CLASSES.

Grass and Feeder Cattle and Jerseys Will Have Leading at Fort Worth Show From November 22 to 29.

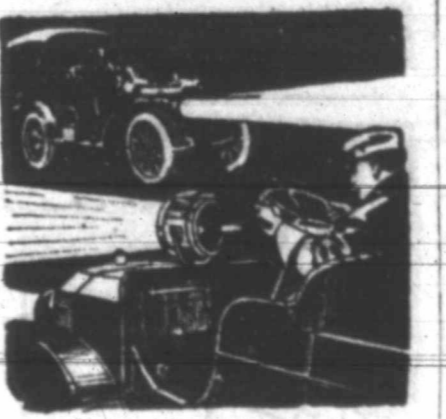

Every livestock producer in Texas will find something of interest to him at the National Feeders and Breeders Show, which will be held in Fort Worth November 22 to 29. Beginning on a comparatively small scale some eighteen years ago, the show has grown rapidly until today it is representative of every class and type of livestock that is produced in Texas. More improvements have been made within the past year than ever before in its history. Many classes in all divisions have been added. Prominent among the new classes are those for grass and feeder cattle. In previous years, the National Feeders and Breeders Show has specialized on fat cattle—the marketable kind—but it has been brought to the realization that the other classes had a right to substantial recognition. During the past two years, Fort Worth has leaped into prominence as the second greatest feeder market in the world. These added classes are expected to bring a host of new exhibitors and feeder buyers from all over the Southwest—in fact, the entire country—are being apprised of the exhibit and are expected to flock to Fort Worth by the hundreds during the show. Realizing the growing importance of the Jersey industry in the Southwest—particularly in Texas—the management of the show has created classes for this kind of cattle this fall for the first time. Already, a number of entries have been received and it is expected that the exhibit will be the finest in the Jersey line ever witnessed in Texas. The latter prize-winning herd, which has swept like wildfire through the shows of the North, will exhibit at Fort Worth alone of the big Texas shows this fall. More than \$17,000 in prizes will be awarded at the great livestock exposition this fall, to say nothing of a prize list of more than \$8,000, which will be offered in the night Horse Show. This is the largest premium list yet issued and the exhibitors throughout the State are showing their appreciation by sending in their entries earlier than ever before. Despite the fact that the change of date from spring to fall will interfere at first with the bull sales of the producer, the step has met with almost unqualified approval.

POSTOFFICE PRIMARY

Will be Held by Democratic Patrons of Local Office to Determine Choice for P. M.

Florida's Hoopster: A petition to J. N. Stalbird, chairman of the Democratic party of Floyd county, is being circulated and signed among the patrons of the Floyd postoffice, asking for a call of a preferential primary to be held at an early date to determine the choice of the patrons of the office for postmaster under the Democratic administration, succeeding Mr. J. D. Starks, whose commission expires in the early spring of 1914. It is understood that this primary will be held with the cognizance and advice of Mr. Stephens, whose nomination to the postoffice authorities and the President will be made according to the outcome of the primary. He is quoted as saying that the primary will be "fair to the patrons, fair to the aspirants, and fair to himself." This upon his recent visit to the city. Mr. Stephens has numerous personal friends in Floydada, all of whom agree that this primary should be a most excellent way to choose a postmaster.

Musings of a City Builder
(By L. M. Ward)

They took a little hustle
And they took a little grit.
A little optimism
And some get up and git.
A little thought and patience,
A little effort too,
A little get-together,
A little work to do.

They took some perseverance
And some persistency,
Some firm determination,
Some real consistency
Tenacity and courage
They added to the rest;
A little public spirit,
Some nerve to stand the test.

A little unremitting,
Unswerving confidence;
A little plucky plodding,
A bit of good horse sense;
A little careful planning,
A little civic pride
They said, "We'll build a city
Where this old town has died."

They organized their forces,
Put everyone to work,
They pushed the live one forward
Ignoring those that shirk,
They got a lot of members,
The kind that work and pay,
And they built a thriving city
That is growing day by day.

Mr. and Mrs. J. H. Eubanks left Monday for Rogers, Bell county, where they will spend a few weeks visiting relatives and old friends.

TEXAS MINERALS. Exhibits at the Dallas Fair to Be Instructive.

The Texas coal fields have long attracted the attention of Uncle Sam and he has given the world many glowing accounts of their possibilities in his geological reports, but the best evidence of value is the product taken from the mine.

There will be on display at the State Fair of Texas at Dallas, Oct. 18th to Nov. 2nd, exhibits of the more important products.

Practically every mineral known to the geological world is found in Texas, and we produce thirteen minerals in commercial quantities. According to the United States Geological Survey, the mine value of our available coal supply exceeds the Census Bureau valuation of all the farms of the United States, including their equipment, by ten billion dollars and is worth fifty times the value of the world's cotton crop of 1912.

The first mineral production of record in Texas was in 1882 and since that time products valued at \$227,000,000 have been taken from our mines and wells. The mine value of the output for 1912 was \$30,827,712.

The important mineral products in the order of their mine value are as follows: Petroleum, \$8,901,000; coal and lignite, \$3,213,288; clay products, \$2,600,000; natural gas, \$1,404,000; asphalt, \$786,785; stone, \$588,777; gypsum, \$491,685; and salt, \$300,000.

According to the report of the Bureau of Economic Geology and Technology of the University of Texas, we have 10,000 square miles of Texas land containing workable coal and it will take 15,000 years to exhaust our present supply at the current rate of mining. We rank 20th with other states in production. Our coal mines furnish employment to 3,350 men for 226 days in the year. We have 45 coal and lignite mines, and the annual average production per mine is 44,000 tons.

We have one of the largest petroleum areas in the United States. Our oil fields cover 400,000 square miles of territory. Texas petroleum and its products enter every market in the world. We export 120,000,000 gallons of crude and refined oil annually and their export value is \$8,500,000 dollars.

The mineral exhibits will portray many opportunities for investment and will be one of the most instructive departments of the Fair.

Helpful Remedies.

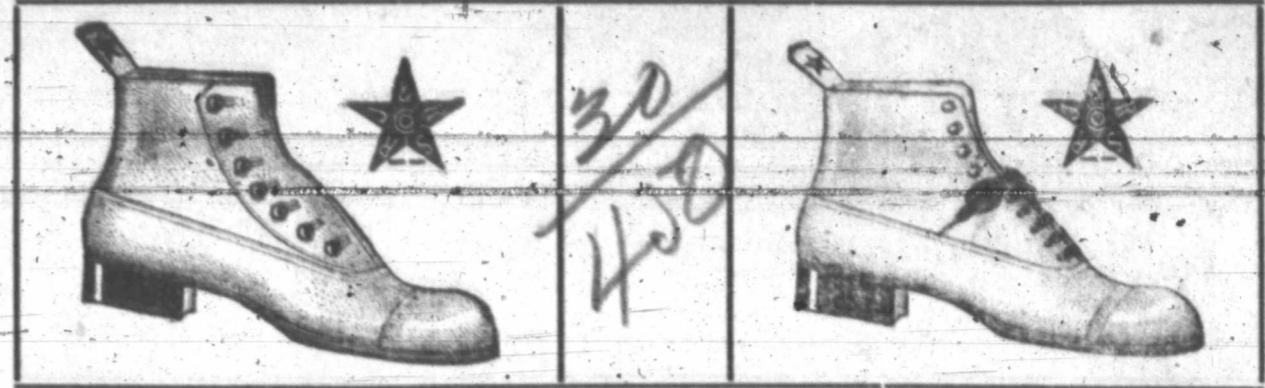

Do you know that equal parts of turpentine and ammonia will remove paint from clothing no matter how hard it may be? Saturate the paint two or three times and wash the spot with warm water and soap.

If the hands are covered with wash soap and it is allowed to dry before polishing the stove, the polish will not adhere to the hands and will wash off without any trouble.

To remove the dust from radiators is an easy task if you possess an electric fan. Place this article on the floor in front of the radiator and simply the current, move the fan up and down until every particle of dust has been blown from the crevices.

Depth of the Sea.

The loftiest mountains in the world are something over five miles high, but there are ocean depths of over six miles. The German survey ship Planet sends word that she has made the deepest sounding thus far taken. About forty sea miles off the north coast of Mindanao, the largest and most southerly of the important islands of the Philippines, the Planet found a depth of 32,075 feet. In other words, the Pacific where the sounding was taken has a depth of 6,07 miles, exceeding by 482 feet the greatest depth hitherto shown.—Dundee Advertiser

J. B. Easter Dead

J. B. Easter died at the home of his sister, Mrs. Clara Abney, at 8:10 Tuesday evening, after a lingering illness caused from tuberculosis and ueric poison.

Mr. Easter came here three months ago from Oklahoma, hoping that the change in location might give him some relief, but not so. He became weaker each day, and for the past month had been very low.

He was a comparatively young man, being 35 years and 11 days old at the time of his death.

His remains were shipped on the afternoon train, via Fort Worth to Davis, Oklahoma, where interment will be had.

His sister, Miss Della Easter accompanied the remains to Davis, and Mrs. Abney went as far as Fort Worth.

The family has the heartfelt sympathy of the people of Lubbock in their hours of sadness.

Mrs. Arnold Brown is in the city this week from the farm near Abernathy.

The Sanitary Market

In this issue will be found the announcement of the opening of the Sanitary Meat Market next Wednesday morning. This market will be located in the Mercantile building, in the department where Spikes & Son formerly had their grocery store, and where the old City Meat Market was located before its consolidation.

The new firm has purchased an entirely new outfit and have bought only the most modern equipment and everything is strictly sanitary, making it a very desirable place to trade.

Quite a number of our people have added rooms to their residences and made other improvements that donate prosperity and progress. Let the good work go on. If a number of the small houses that are vacant at this time were shaped up so that people could live in them they would not be vacant twelve hours.

Mrs. J. D. Caldwell and little Mac, left Tuesday for San Antonio, where they will spend the winter.

These are busy days with us—a fact for which we are grateful to our customers. But we hope to make the two remaining months the busiest of the year. We shall make this a season of great value giving.

Our stock of Men's and Boys' Suits and Overcoats is larger than usual, and we have priced them so as to make it to the interest of our customers to buy at home where they can see and thoroughly examine everything they buy before paying for it—where goods and prices are guaranteed to satisfy.

At a time when labor and raw materials are perhaps higher than ever before, we are making prices on ready to wear that touch new low records. We solicit a full investigation of goods and prices by all, especially the patrons of mail order houses. We believe the result will be found to result in our mutual interests, as otherwise we certainly do not expect their patronage. We solicit no one's patronage, unless we can serve equally as well or better than others, but we do ask a thorough investigation by our home people before sending their money away, for then we both lose.

The following are regular prices, please call and see these goods. Remember ten per cent off of these prices Monday.

Hensley Will Build

A. M. Hensley has purchased the John Dean building that was partially destroyed by fire some weeks ago, and will move it to a location on the block west of H. B. Reed's residence and will build a five or six room residence. He will use part of the old building and will add enough new material to make it a dandy good cottage. He does not expect to occupy it himself, but will offer it as a tenant house.

Notice Woodmen

All the members of the local camp of Woodmen are urged to be present at the next meeting of the camp, Monday night, November 10th. There is important matters to be voted on. If you are not there, a heavy increase of monthly dues may be imposed upon all members of the camp. Be there and vote your sentiments.

Number 1275

In the White Crest drawing at Martin & Wolcotts last Saturday 1275 was the number calling for the free sack of White Crest flour. If the holder of that ticket will present it at the store they will take pleasure in presenting them with the sack of flour.

Sheepmen Will Not Shear

San Angelo, Texas, Oct. 30.—Wool commission men of this section are advising sheep raisers not to gather their fall clip, but leave the wool on the backs of the sheep until spring.

One reason for doing this is the probable low prices of the short clip this fall. Another is to keep the sheep in a better condition throughout the winter.

The spring clip will be longer and command a better price. There will be a decided shortage of wool this fall if more than 3,000,000 pounds of the West Texas product is kept off the market.

Syrup That's Different
It looks different, smells different and tastes—well, its delicious, tempting flavor sets it above all other syrups made.

Farmers Jones SYRUP
SORGHUM BLEND
Fruit Cake
Our own Farmers Jones Syrup, three eggs, one cup sugar, one cup butter, one cup milk, two tea spoons soda, one-half cup molasses, one-half cup corn meal, one-half cup chopped English walnuts, one-half cup raisins, one-half cup currants, one-half cup blueberries, one-half cup cranberries, one-half cup small pieces of dried fruit, one-half cup small pieces of raisins, one-half cup small pieces of currants, one-half cup small pieces of cranberries, one-half cup small pieces of dried fruit. Bake in a greased pan at 350 degrees for 30 minutes. Cut into squares. Makes 12 cakes. Free. Farmers Jones Syrup is sold in regular.

It is made differently—treated differently—blended differently. First of all, only our own Sorghum is used, and we are the largest growers of Sorghum in the world. All foreign matter is carefully removed before the juice is treated. The juices are then boiled down in vacuum pans and are reduced to a heavy syrup without once coming in contact with the air. The natural purity is maintained absolutely unimpaired and is ensured by putting up the syrup in new, carefully sterilized tin, hermetically sealed.
Try it for yourself next time you sit down to your griddle cakes or waffles. You'll see the difference at once, and will create a new enjoyment for your appetite.
Packed in 5 and 10 pound friction-top tins for ease in carrying to your kitchen.

KEEP YOURSELF POSTED.
In this day of progress the man who would succeed must be informed about the world's doings. The local paper gives him local information which is needful, but it cannot cover the whole field. Hence the man who would keep step with the march of the times will take a general newspaper also. The Fort Worth Semi-Weekly Record has taken front rank among the great publications of the South and West. It is especially prepared for the reader who has not the time or the opportunity to read a daily paper.
First of all, it is a newspaper. The Record believes that the people of the country and the village are as much interested in current events as the people of the city.
In the next place, it carries features suitable for all members of the family—women and children as well as men.
Last, but by no means least, the Record's editorial policy comprehends the economic welfare of the farmer and stock raiser. The Record is an acknowledged leader in the discussion of public questions in their relation to agricultural production.
In subscribing through this office you can get the Fort Worth Semi-Weekly Record together with the Lubbock Avalanche both papers one year for only \$1.75. Accept this remarkable offer today.

**Chamber of Commerce Column
Geo. W. Briggs, Secretary.**

Constantly we are asked, what are we doing. It is difficult to tell it, because the duties of a secretary are so varied that the editor of the Avalanche would refuse to print it. One of the things we have accomplished in the last two weeks is worth mentioning. In three of the most prominent farm papers of the south we have had articles with pictures describing Lubbock and its farming possibilities.
Others besides ourselves have received a number of inquiries about the county because of these articles.
Publicity work is comparatively slow, but it wins in the end.
Post cards of Lubbock are now on sale at the three drug stores and the Howard Hotel. Get some of them and send them to your friends. When you leave town for a few days get a few and distribute them where they will do the most good. The Chamber of Commerce has a large number on hand for such advertising purposes.
Why is it that we so often find suspicion between the town man and the farmer? And to be frank it seems to be most generally on the side of the farmer. I wish some one would tell us. Take the work of the secretary and the Chamber of Commerce for example. The Chamber of Commerce was organized for the development of Lubbock County. That means, for the development of the farmer as well as the city man. The secretary is working for that end. He wants to see better farming, more farming, and would gladly see fifty farmers come into Lubbock county this month and buy land and settle down upon it. It would help both city and country.
The business man is working for that end. He is putting in his money and time. Even the most maligned real estate dealer is not working altogether for his own pocket, and he would not willingly injure a farmer or a resident of the city.
There may have been cause once for the general suspicion between the two classes of people, but surely there is no such reason now. We are coming to realize that the business man of the town is dependent upon the success of the farmer. If crops are a failure, business is dull. The farmer is just as dependent upon the business man. For if their is not a live town full of live business men near by the farmer suffers, for he has not a good market for his produce, he can't buy the necessary tools, machinery food and clothing advantageously.
The two classes must deal with each other. Naturally when one has something to sell he wants to get as much as possible for it, and the one who buys wants to get it as low as possible. It works both ways. If the farmer has a horse which the business man wants, the farmer holds out for his price. If the business man has a piece of machinery that the farmer wants, the farmer has to pay

his price. That is all business. But why, because of the dealings, should one be suspicious of the other in everything. If one farmer sells stale eggs for fresh, there is no reason to think that all farmers are dishonest, and all business men are straight. And if one business man pulls off a shady deal, that is no sign that all business men are crooked, and that all farmers are honest. I believe that as a class both are straightforward in their dealings, and when one of either class is found otherwise he should be kept away from.
We have to admit that all men are more or less selfish, both the farmer and the business man. This is not a thing to be rejoiced at, but it is near the truth of the situation. Even the secretary is selfish. He wants to see this country develop, in one way because it will benefit him. We hope he also has a larger point of view. The real estate dealer is selfish in that he wants the county to develop so he can get a good price for his lands. The merchant, the lawyer, the doctor, etc., are selfish in wanting to see Lubbock county grow, it will increase their business. And even the farmer is selfish, he wants to see his farm developed, he wants to raise good crops, etc., he wants more land than he can farm, he wants the price of land to advance. Let us acknowledge it for the sake of argument, that all men are selfish, and will do the thing which is best for their individual selves. We have already stated that what benefits the farmer helps the business man, and what helps the business man benefits the farmer. Then are we not working for the same end? We sure are. Then why be afraid? In the phrase of athletics, "Let us do some team work." Certain baseball players are often accused of trying to "star" instead of working for the interests of the team. We want no such star performers in Lubbock county. We would rather have the "team work."
The following editorial from the Farm and Ranch hits the point.
FARMERS MAY BUILD TOWNS
A good town always stands for a good country surrounding it. But a good country is not always advertised by a good town. The country may be rich, capable of producing large crops, and it may be already yielding abundantly and still the town may not be prospering by it. There may be a lack of progressive farmers surrounding the town, and the business men may not see the advantages of building the town with the wealth from farms and ranches near by.
A good town is where there is a spirit of neighborliness among town people, and a mutual tone of co-operation between city people and country people. A live town cannot be had without live business men and progressive farmers who create the wealth of the community. Wealth that comes from other sections may be handled so that there is some profit to those in business, but it can never equal the wealth that is produced at home and ex-

changed for necessities that are to be consumed at home. This kind of exchange is necessary for the permanent prosperity of the people upon whom the town is dependent.
The business men of the town should never lose sight of the fact that it is the farmer's part of the wealth that must build the town, and whenever unnecessary means or expenses are encouraged in marketing the produce of the country, the town will sooner or later be the loser. And when the business men fail for any reason to offer the proper inducement for the farmer's trade, some other town will prosper at the local town's expense. This being true, it follows that co-operation is the way to build the town and advance the surrounding country.

Leading Drug Store Will Give Money Back Should There Ever be a Case Where Dodson's Liver Tonic Fails

Dodson's Liver Tonic is a mild vegetable Liver Tonic which operates so successfully in cases of constipation, torpid liver or biliousness that it has practically taken the place of calomel—the drug which is so often dangerous. The Red Cross Pharmacy who sells Dodson's Liver Tonic, recommends it as a reliever of constipation, sour stomach, biliousness and sluggish liver. It works gently, surely and harmlessly. If a bottle should

ever fail to give satisfaction the Red Cross Pharmacy will refund the price paid without question.

The price of Dodson's Liver Tonic is 50 cts. per bottle. Be sure you get Dodson's Liver Tonic and not some medicine put up in imitation that is not backed up by a guarantee and that may contain harmful drugs.

H. B. Wooldridge Dead

H. B. Wooldridge, father of J. T. Wooldridge, of this city died at his home in Greenville, Texas, Friday October 31 after a lingering illness of several weeks. His remains were laid to rest in the cemetery at Quinlin, Saturday.

Mr. Wooldridge, of our city who had been a close attendant at his bedside for the past two weeks was present at his death and burial, and returned home Monday.

Mrs. Wooldridge started and got as far on the way as Sweetwater and found that she could not get to her destination before the funeral so awaited the coming of her husband, and they returned home together.

Mr. Wooldridge has the sympathy of the people of this community.

Your Lumber Bill Won't Be Heavy

IF YOU BUY YOUR LUMBER FROM US.

It is plain to see that many farmers in the Lubbock country could use some lumber to good advantage. Some need new barns—some corrals, some fencing material, others new residences, while there are multiplied numbers of little repair jobs that should be looked after before they become too badly dilapidated.

If you need Lumber for any purpose we can fill the bill and the price will not be great either.

LUBBOCK, TEXAS, THURSDAY, NOV., 6, 1913

THIRTEEN YEARS AGO

In reviewing the happenings of Lubbock some thirteen years ago we find that about this time of the year the country was in the grasp of an election year. At that time there was not the rules and regulations and the whereas and wherefores to the elections, but it was a kin of free for all, and all run to the end of the track. Lubbock was at that time Democratic and has held her position along that line to this date.

We noticed in the issue of the Avalanche that the items in another column were taken contained ads of J. D. Caldwell who was handling a line of

general merchandise. Dr. J. C. Pharr was in the drug business here, A. J. Roe and Burton Lingo at Colorado were bidding for the trade of this territory and were getting the greater part of it too. Colorado being the main trading point to the south and Canyon to the north. Johnson and Collins the well known windmill and hardware house at Colorado were also after the business with an ad in the Avalanche. C. F. Fore was in the confectionery business in Lubbock. Bob Penney was the barber, J. R. Roberts was proprietor of the Locust Grove ranch, which was east of Lubbock, he said, S. A. Spears was

carpentering, G. W. Johnson was wanting to loan money in \$1,000 hunks and L. J. Hickerson was advertising himself as a contractor, builder and cabinet maker, while the Canyon National Bank was wanting the business of this section.

Great are the changes, and old Lubbock is still climbing higher, and the Avalanche is becoming greater.

Come to Lubbock

THAT PRO CONFERENCE

Dr. G. C. Rankin has the following to say in a communication to Home and State relative to the recent meeting of prohibitionists at Dallas:

"It was my pleasure to attend the convolve of Prohibitionists at Woodman Hall last Saturday.

"While I signed my name to the petition that went out for signatures making the call, nevertheless I had no active part in bringing the clans together. Neither did I desire to take any prominent part in the proceedings. I felt a deep interest however, and witnessed what transpired.

"It was a remarkable gathering. Nearly all of those present were men of brawn and brain, men who love Texas and want Prohibition to triumph. They had no axe to grind, no candidate to boost, no convention to pack. There was not an "unprincipled schemer" among them, nor an "unscrupulous leader" in the bunch, not a "traitorous politician" mixing with them, and not a "hypocritical Prohibitionist" showing his head. All that class remained away. They had no part or lot at the Woodman Hall. They were off growling and finding fault in other quarters.

"All the members of the gathering were serious, painstaking members of the Progressive Prohibition Democrat movement. They are all men who stand behind great enterprises, who help to shape the destiny of Texas, who stand firm on moral and civic reform questions. They are not office seekers, trying to ride into public favor on their prohibition records, and making every possible effort to subordinate Prohibition to their own moribund and inflated ambi-

tion. They are not men of spiteful tongues and bitter pens attacking every man who does not exactly agree with them. They are not men with steeljacket heads, capable only of one small idea, and that idea revolving around a self-centered purpose to pre-empt the ground for leading offices. They did not meet last Saturday for any selfish purpose, but for the broad purpose of service to their State and to their kind.

"Therefore, they did nothing foolish as the Anti press had long hoped and prayed for. They denounced nobody, they nominated nobody, they recommended nobody. They simply met in a business way, submitted a plan for the people to pass upon, arranged for a committee to put the plan in operation, made a number of patriotic speeches, shook hands, mingled with each other as brothers and adjourned in fine spirit and in the best of humor.

"But they were determined men and they meant to put a plan before the masses of Progressive prohibition voters that would commend its fairness and its wisdom to the sensible people of Texas. They felt and still feel that Texas must have a big man for Governor next year, a man who will not only be true to Prohibition, but to every other great interest of the State. And under their suggestions they have indicated a day on which every precinct in every county can hold its meeting, elect delegates to a county convention following, and this county convention can elect delegates to the State convention which is to assemble in Dallas early next spring and then and there endorse or indicate the man to lead us in the primary vote of the State in July.

"This plan gives any and every man who wants to be Governor a chance to go before the precinct or county conventions and submit his claims. Could anything be fairer or more impartial than this proposed method? Can any ambitious office seeker, who wants to ride into the Governorship astride of his own swollen ambition, complain that he has been ruled out? If he is ruled out, he will rule himself out. Nobody else is going to do it for him. And one thing is certain, no Prohibition candidate, so-called,

2,500 PIANO VOTES

will ever get into the Governor's office who thrusts himself in the way of this movement. He may prevent the right man from getting in, but the Prohibition cause will not be responsible for his performances as a candidate. For if the prohibition voter, who has the good of the cause at heart, wants to vote for the right man for Governor, he will find him at the end of the

method proposed by the Woodman Hall convention last Saturday."

In this issue of the Avalanche will be found the professional card of Dr. R. B. Hutchinson, dentist, who is located in the Citizens National Bank building in the southeast corner of the building.

THE ART-GARLAND BASE BURNER

We especially invite your attention to the New Art-Garland Base Burners. The double-heating base burner. The Garland flues insure greater heating capacity and free draft of any stove made. Every inch of the outside of a Garland is heating surface and the large inside air-heating flue is entirely surrounded by heat. Provides expansive heat-radiating surface and air flues, and as a consequence develops better and more efficient results from the fuel used.

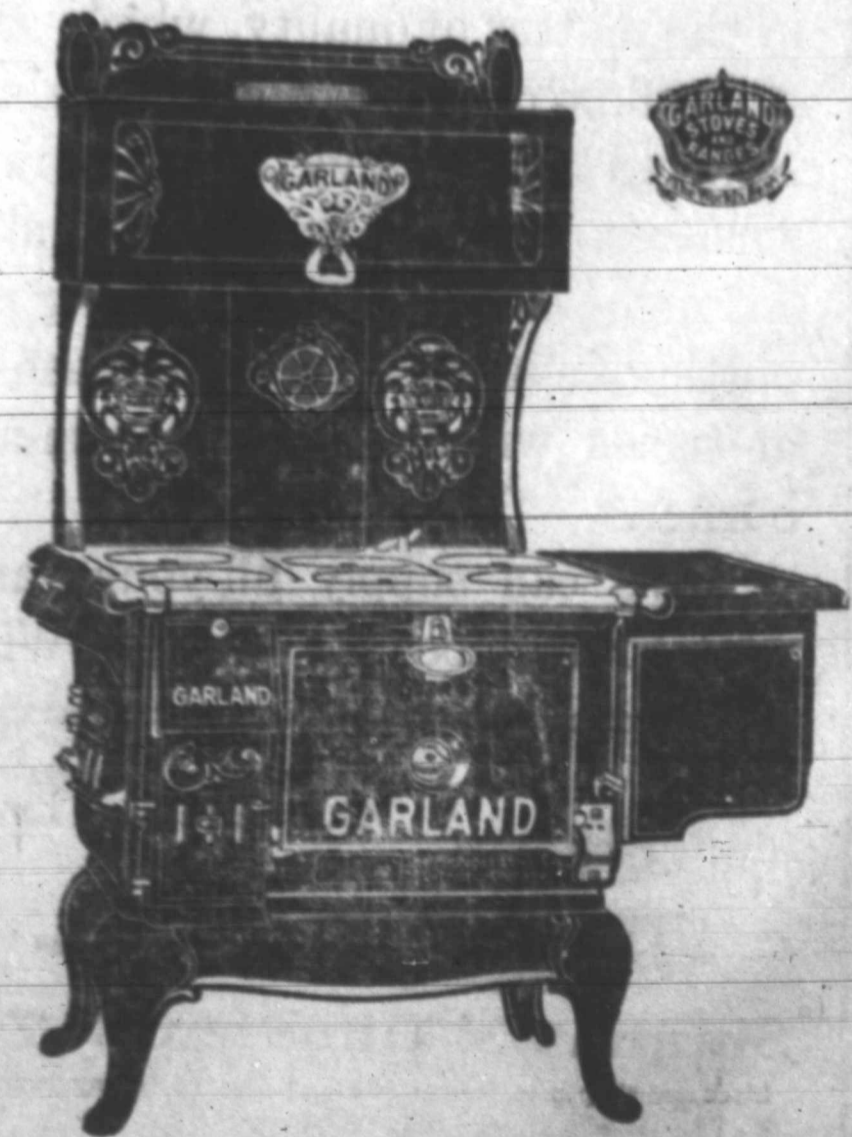

WILSON HOT BLAST HEATERS

This is the only hot blast heater that has the solid cast base, and cast lining up to the fire pot. The "Wilson" is the only heater in the world which actually burns all of the fuel put into it. Air-tight, heat can be regulated to any degree. Will save 40 per cent of your coal bill.

Garland Ranges

Some new ranges of the colonial type. No elaborate nickle ornament. Plain and easy to keep clean, yet presents an attractive appearance in the kitchen.

SOLD UNDER AN ABSOLUTE GUARANTEE

Medium price, every family can own one of these splendid Ranges.

LUBBOCK CO. TEACHERS' INSTITUTE

To Be Held in the Lubbock High School Building, Lubbock, Texas, December 18, 19, 20, 22, and 23, 1913.—E. R. Haynes, Co. Supt. of Schools.

INFORMATION

There will be four recitations each day aside from the regular discussions; one in Arithmetic, one in Grammar, one in Fought's American Rural School and one in Psychology. The greatest good to the greatest number has been the purpose in selecting these four subjects to be taught during the Institute. The supervisor is held responsible for the thorough and efficient work of all present. Each instructor should prepare an outline for the week and call especial attention to the parts to be stressed. This outline should be placed on the board the first day of the Institute and kept there through the week, if possible. At least make it clear what each days work will be. Teachers expect parents to buy books for their children in order that good and efficient work may be done. For the same reason teachers are expected to provide themselves with the adopted books, and prepare to do good honest work. You get full salary for the week provided you attend full time and do your duty. The County Superintendent has no authority to excuse any one. Teachers who shirk duty in the Institute will do the same in the school room. I am personally acquainted with all the teachers elected this year and I am proud of the list. We are gradually eliminating those who are content to hold low grade certificates, and those who take no interest in professional advancement. I look forward to the best Institute ever held in Lubbock. Trustees and members of the County School Board are urged to attend the meeting, and all friends of education are invited to be with us. All meetings will be held in the Lubbock High School building.
Respectfully,
E. R. HAYNES,
County Supt.

October Weather Report
Lake last month there is an excess of cloudiness as compared to the normal, but the rainfall, 1.53 inches is nearer the normal than was the case in September. The rain was well distributed during the first 3 weeks of the first 4 decades, a term used in weather reports to express a period of 5 days, the sixth decade having more or less than 5 days depending upon the month. There were 8 days in which rain fell in measurable quantities, the heaviest precipitation in 24 hours was .59 of an inch on the 16th. The total rainfall for 1913 to date is 15.8 inches. The relative humidity averaged 52 per cent. The run of wind averaged 8.8 miles per hour, or slightly less than in September. There were only 8 days when the wind averaged more than 10 miles per hour. The maximum temperature was 88 degrees on the 23rd and the minimum 21 degrees on the 29th. There was a light frost on the 20th, but the first killing freeze was on the 26th, when the temperature dropped to 26 degrees. The greatest range in temperature was 51 degrees on the 23rd. There were 17 clear days, 7 partly cloudy and 7 cloudy.

PRE-NUPTIAL SHOWER
 Enjoyable indeed was the pre-nuptial shower given by the Agile Needle Club at the home of Mrs. F. E. Craig, with Mrs. Ed Vaughn as assistant hostess, to Miss Little Barclay, who is soon a bride to be.

The rooms were prettily decorated, and as it was dark and gloomy outside the curtains were drawn, and shaded candles threw a soft light on the scene. Beautiful instrumental music was furnished by Mrs. Hopkins, and we all enjoyed her solo, "All For You," so much. Upon the arrival of the honoree, she was blind folded and told to shoot at the heart of fortune, as the arrow sped on its way a door leading from the living room was opened and little Corene Rathff, appeared bearing a large basket, followed by Gladys Baker and Davis Vaughn pulling a prettily decorated wagon piled high with useful and dainty gifts.

Each guest was asked to add a good wish link to the chain of wishes, and when completed the chain was presented to Miss Barclay by Mrs. Vaughn.

After a few sweet and well chosen words of thanks from the honoree, refreshments—carrying out the color scheme of white and yellow, consisting of fruit and nut gelatin, with whipped cream, individual sponge cakes and tea were served to the following: Misses Little Barclay, Jewell Reed, Monita Abney; Mesdames Ballinger, W. O. Tubbs, Richmond, Rob Tubbs, Middleton, Downing, Ritchey, Quick, Posey, Hopkins, Biggers, Rathff, Parks, M. E. Elliott and Barclay.

Big Company Here all Next Week
 Angell's big repertoire company will be in our city for one week commencing November 10. This company has been making a big reputation in all the towns that they have played. The Angell company has the reputation of being in a class by themselves. They cater to the best people in the towns they play and they play a line of bills that are new and late city hits. They have one of the largest and best features that has ever been seen with a popular priced attraction "The Chicago Ladies Orchestra." This organization has been engaged at a big expense but without extra cost to the public. They give a half hour concert before the rise of the curtain at every performance that is worth going early to hear. Mr. Angell, says that after the first night he has no trouble to convince the public that his attraction at popular prices compares with the big one night stand attractions that charge \$1.50 and \$2.00 for a single ticket.

COTS FROM PLAINS
 Plains People and Others and What They are Doing and Saying

Yavapai County News:
 Presiding Elder W. H. Terry came in last Saturday and preached Sunday, and held quarterly conference Monday. The conference is said to have been a very satisfactory one; all the collections had been paid in except about \$16, and that was pledged. J. T. Gainer, R. D. Marshall and H. M. Haskew were elected trustees for the church, and the same parties, with the addition of John Pulliam, were made stewards for the coming year. The Presiding Elder will comply with the wish of the members of the church by recommending the return of Rev. S. B. Cox to this work.

Marvin Cox came in Saturday night on the mail hack, after an absence of six weeks spent in Hunt and Bell counties with a shipment of horses. He sold a portion of the bunch and left the balance on feed.

About one 1000 young steers, belonging to A. S. Johnson of Lubbock, passed just north of Plains today going to the old Oxshier pasture in Hockley county.

Messrs. Belcher and Burleson sold their herd of fat cows at Lubbock and made a fair profit on them.

Mr. and Mrs. Gibson and daughter, returned the latter part of last week from a visit with relatives at Ladonio and other parts of the state in that section, and also visited the State Fair at Dallas for a day or so.

J. B. Stone, who spent several days here this week looking after business matters, left Wednesday morning for his home in Oklahoma.

[We will be glad to make any announcements of Church Service, Programs, etc., in this column free of charge, where no revenue is received from the services.—Editor.]

MISSIONARY AUXILIARY NOTES
 Notwithstanding the dreary day, quite a number were present at the business session.

It was decided to have the dinner and bazaar Saturday, November —.

Our new Mission Study books, "Mexico, Today," were distributed and chapter I, assigned for the lesson the 4th Monday in November.

The Sewing Circle will meet with Mrs. Tom Atkins next Monday.

The Week of Prayer will be observed with an all-day service Monday, Nov. 17th. The morning session will be from 10:30 to 12:00. Then an hour's intermission for lunch, which will be served by the Auxiliary at the church. The afternoon session will be from 1:00 to 4:30. The latter part of the program will be in charge of the Juniors.

"Week of Prayer is an institution of our missionary work and only eternity will tell what the prayers offered during this special session mean to the work and the workers. Week of Prayer also means a special time for making thank offerings — if we made offerings commensurate with our blessings the coffers of our organization would be full to overflow all of the time. The funds this year will be directed in the home Department toward completing the Lucinda B. Helm Hall at Sue Bennett Memorial and for the enlargement of Ruth Hargrove Seminary, and the Foreign Department, for the girls school at Rio. If you do not know about these institutions come to the meeting and you will learn of them."—Publicity Supt.

SOUTH SIDE CHRISTIAN CHURCH NOTES.
 A protracted meeting is scheduled to begin on the evening of Nov. 27th, to continue for several nights. It is not too early to plan your work so that you may attend. A hearty invitation is extended to all. The preaching will be in charge of the pastor and arrangements are being made for a competent chorus leader to direct the music. There were three accessions to the church Sunday. One by statement; two by primary obedience.

We are rejoicing at the increased attendance at the services. New faces greet us at nearly every service. Glad to see you and hope you will come again.

The true christian looks with no jealous eye at the success of others. He has no time to spend pouring water on the others alter to keep the fires of

This company is claimed by the management to be the largest company of its kind on the road. They present a line of plays that are all new and the late city productions. Plays that the public have paid \$1.50 and \$2.00 for a ticket. Plays that have not been presented by traveling companies of this kind, plays that have a good story and are instructive as well as amusing, plays that any person can go and see and learn some good from its lesson. Mr. Angell the proprietor, says he is catering to the best class of people and has tried to get away from the old time idea of specializing between acts, and in its place, he has went to a very large expense and has engaged the Famous Chicago Ladies Orchestra. This high class musical organization gives a concert before the rise of the curtain at every performance and between the acts. This orchestra Mr. Angell says pleases the old as well as the young as their program is of such a variety and novelty. Mr. Angell says all he asks is for the public to turn out the first night and he can then convince them that his attraction is far and away head of any thing of the kind that has ever played this city.

BAPTIST CHURCH NOTES
 Our congregations are not so large, neither is our Sunday School so full since the "chilling blasts of Autumn" have settled down over our town and country; but "the elect," as Bro. Grumbles chooses to designate those who brave the elements Sunday after Sunday and fill their places, are fully repaid for doing so, not only by an approving conscience, but by our pastor's heart to heart sermons. They stir the soul and a more consecrated useful life is the result.

"That Only is Important Which is Eternal," was his subject in a nutshell last Sunday. How different our lives would be were they governed by this truth. Come to the Baptist church if you want to hear something that will inspire you to a higher nobler life.

READY FOR BUSINESS WEDNESDAY MORNING, NOV. 12TH

We are pleased to announce that we will soon be ready to handle your wants in the meat line. We will be ready for your orders bright and early Wednesday morning, Nov. 12th, and hope you will bear this in mind. We have purchased a brand new outfit from carving knives up, and our fixtures are the most modern and up-to-date to be had, insuring strict sanitary surroundings. We will endeavor to keep a splendidly assorted stock of fresh and cured meats of all kinds obtainable also of cured meats and such articles that are usually found in first class meat markets. We will also be well prepared for quick delivery to any part of town and solicit your phone orders, but will greatly appreciate a visit to our market and a close inspection of every part of the shop. Remember we will receive orders early Wednesday morning, November 12th.
