

PRIMARY RETURNS ARE AS FOLLOWS

A Heavy Vote Was Polled and Great Interest Was Taken in Submission, the Governor's Race and the Race for United States Senator.

It is all over with the majority of the candidates since the vote was cast Saturday. In a few instances the two highest men will be compelled to run it over especially in the races for United States Senator and county clerk where a majority rule was laid down by the county executive committee.

Submission Amendment— For 142,203 Against 139,353 United States Senator— Brooks 67,631 Campbell 55,162 Colquitt 99,146 Culberson 72,457 Henry 30,782 Chief Justice— Jenkins 115,907 Phillips 175,545 Associate Justice— Hall 142,272 Yantis 155,940 Governor— Ferguson 196,727 Marshall 16,483 Morris 136,653 Attorney General— Looney 146,508 Rowland 36,973 Woods 121,571 Railroad Commissioner— Daniel 49,399 Mayfield 167,206 Robbins 76,463 State Treasurer— Baker 97,200 Edwards 158,167 Munn 40,293 Judge Criminal Appeals— Harper 124,083 McGee 163,236 Comptroller— Terrell 193,653 White 102,098 Congressman at Large— Byrne 32,277 Cooley 19,601 Cox 12,599 Darwin 39,278 Davis 58,218 Firmin 10,013 Fitzgerald 55,398 Garrett 98,513 Harrington 8,319 Lackland 17,519 McLemore 87,700 Padelford 24,869 Portes 20,916 Robertson Law— For 138,253 Against 84,316

The above returns, representing a vote from 234 counties, complete in more than sixty instances and almost complete in many more, gives submission a lead of 2,850. Additional returns received after the total was struck and not included in the tabulation because of the lateness of the hour would, if included, reduce the lead of submission to 2,104. With submission and the Culberson-Brooks senatorial position continuing to remain in doubt, additional returns last night determined the renomination of Judge Yantis as Associate Justice of the Supreme Court, he having a majority of over 13,000 votes on last night's totals. This race has been in doubt heretofore. Submission is now leading by about 2,850 votes, although it was cut down at one time yesterday to a lead of only 1,800. Again, early last night, it went up to a lead of 4,000, but later returns brought it down again. Culberson continued to gain steadily on Brooks all yesterday and last night, as compilations were made of new reports coming in. Culberson is now about 4,800 ahead of Brooks, although the returns yesterday morning showed him only 300 votes ahead. He continued to increase his lead during the day, being about 4,000 votes ahead early last night, and running on up to a lead of 4,800 on the final compilations last night. Colquitt is running almost 27,000 votes ahead of Culberson. Morris Carries Bell. According to almost complete returns, Governor Ferguson failed to carry his home county (Bell), Morris leading him by 130 votes in that county with about ten small precincts to hear from. The total vote from Bell County last night was Morris 2,551 and Ferguson 2,421. Morris carried Hill County by about 700 plurality over Governor Ferguson, the returns last night from that county being Morris 2,803, Ferguson 2,111 and Marshall 79. Indications from last night's totals were that Governor Ferguson's plurality over Morris will be smaller than at first estimated, or about 70,000 or 75,000, and that his majority over both his opponents will be perhaps 35,000. Mr. Morris lost Camp County, where he formerly lived. Attorney General Looney carried Bexar County, which is overwhelming by anti-prohibition, by a 2 to 1 vote. Marvin Jones won the race for Congress from the Amarillo district over former congressman Stephens and Reuben Ellard almost two to one. Thos. L. Blanton has been elected to Congress in the place of Smith by probably less than a thousand votes.

CANYON PICNIC WAS A GREAT SUCCESS

Canyon, July 24.—The picnic last Friday was a big success in every way. About five hundred people were present and everything was well carried out. The morning and early afternoon were taken up with speaking and music in the school house auditorium. Later, came the races and the ball game. The latter was especially interesting, being played by the two well-matched teams, Lubbock and Lorenzo. The score was 7 to 2 in favor of Lorenzo.

We almost forgot to mention the dinner, which was bountiful, well prepared, and one of the most enjoyable features. In our opinion, these picnics which are being had in the various communities are proving inestimable value in that they serve to bring the people from the entire county together in a social way. J. P. Webb and daughter, Mrs. J. P. Willes, and Miss Wilda Warren returned last Thursday from Austin, where they went as delegates to the State Farmers' Institute. They report a very interesting trip. Mr. and Mrs. Terrell Phelps entertained the little folks of the community with a party last Friday night. Rev. D. C. Ross, assisted by Rev. Kelley, both of the Methodist church are conducting a revival meeting here this week. Misses Blanch Cox and Grace Green leave tomorrow for Curlew, Texas, where they will visit the latter's sister, Mrs. J. B. Houston. H. P. Webb and family of Plainview are visiting the former's parents, Mr. and Mrs. J. P. Webb. Mr. and Mrs. B. C. Warren and son, Dennis, leave tomorrow on a

TO THE VOTERS OF LUBBOCK COUNTY

Please accept my heartfelt thanks for both your support and influence in the last primary. A feeling of deep gratitude prompts me to take this method of publicity expressing my thanks and appreciation to the people of Lubbock County for another manifestation of their confidence in me. The trust you have given me shall I assure you, be handled to the best of my ability. Very respectfully yours, CHRIS HARWELL, County Treasurer.

Let's get acquainted at the ice cream supper Aug. 2nd at the Vaughn School House, given by the Mothers' Club. Dr. J. A. Craven of Waco was a business visitor here this week. The Cash Dry Goods Store buys for cash and sells for cash. This means cheaper and freer money.

AN INTERESTING BATCH OF LORENZO LOCALS

Lorenzo, July 25.—Julian M. Bassett, one of Crosbyton's most foremost citizens, was transacting business with the Lorenzo Hardware Company Monday. Mesdames Robert E. Hoops, Raymond Fonson, Misses Ray Huckab, and Bernice Berry motored over to Lubbock Monday in the Hoops car to take advantage of the sale in progress there. Deputy John A. Dillard had official business in Estacado Monday. Messrs. Charles H. Robertson and Jeff Moore left Tuesday on a prospecting tour through the west. They informed us that they would possibly "graze" through to Oregon. Dr. G. A. Lindsey, one of Ralls' most substantial citizens was a business visitor in Lorenzo. We understand that Dr. Lindsey has purchased the building occupied by Bird and Dean and contemplates putting in a complete line of general merchandise in the near future. Mrs. Jeff Spikes and children passed through Lorenzo Monday, en route home from a visit to relatives in Lubbock and Amarillo. They report splendid rains in and around Amarillo. Mr. and Mrs. W. P. Fullingim of Estacado entertained as their Sunday dinner guests, Mr. and Mrs. A. W. McKelvy, Mrs. Arthur Kelsey, Miss Pearle Boatner, and Master Cecil Gueat. Mr. McKelvy made special mention of the abundance of "fried chicken" they served. Mr. and Mrs. D. M. Jay made their weekly visit to Lorenzo Saturday. A. Detwiler and family attended church services in Lorenzo Sunday. Miss Lilla Cone of Cone visited her friend, Mrs. Alice McGuire Saturday. P. A. Carrel and Steve Black and families motored down to Crosbyton last Saturday afternoon. Mrs. H. S. Smyer saw the base ball game in Slaton Tuesday. Miss Lois Hanna of Floydada, spent several days of last week with her sister, Mrs. C. R. Cates. Mrs. N. Y. Bicknell and daughter, Miss Iona, returned to their home in Crosbyton after enjoying a most pleasant visit with Mr. and Mrs. Frank M. Magill. Mr. A. Lee Noble, and Misses Louise Stockton and Dell Howard of Estacado were pleasant shoppers in Lorenzo Saturday. Robert L. Smithers and family of South Lorenzo were in town Saturday. Miss Otha Choate of Ralls was the weekend guest of her sister, Mrs. J. J. Kerby. Mrs. Kerby accompanied her home for a few days visit. M. L. Patton went over to Lubbock Wednesday. Charles Jay, merchant of Petersburg was seen in Lorenzo the first of the week. C. Littlefield, E. English and G. C. Cook all substantial farmers of the Cone neighborhood transacted business in our town this week. Mr. and Mrs. A. Lee Noble of Estacado passed through Lorenzo Wednesday en route to Crosbyton.

A. W. McKelvy is transacting business in Tahoka this week. Mr. Jack Linn and Mrs. Charles Michael and daughters, of Estacado passed through Lorenzo Tuesday en route to Sweetwater, for a week's visit. W. E. McLaughlin prominent banker of Ralls was a Tuesday visitor in Lorenzo. Miss Annie Jones of New Mexico arrived in Lorenzo Tuesday and will visit with her cousin, Miss Mary Witt just east of town. H. S. Smyer and Wm. Guss Garren transacted business in Crosbyton Saturday. Messrs. Mike Webb and Robert Bledsoe left last week for various points in New Mexico, looking for grass range for their sheep and cattle. Messrs. S. J. Redman and R. L. Durham two of Lorenzo's most enterprising business men were in Lubbock between trains Tuesday. Mrs. E. P. Carrel, who has been visiting her son, P. A. Carrel, was called very unexpectedly to her home in Redman, New Mexico, last Tuesday in response to a message stating her to be quite ill. P. A. Carrel and family accompanied her home for a few days visit, returning to Lorenzo Friday, the trip was made in their new Dodge. Mrs. Belle Smith and Misses Mary and Belle Brown of Estacado were in Lorenzo Monday. Jake O. Easter is acting as "relief agent" at the Santa Fe depot, while agent George E. Wagner enjoys his summer vacation in Oklahoma and other places. It seems quite natural to have Mr. Easter serving the public in this capacity, for he holds the honor of being Lorenzo's first agent. Miss Fagn Shirley, who has been

visiting her parents, Mr. and Mrs. C. Shirley, just north of town, left Monday for Corsicana where she holds a very responsible position. Mr. and Mrs. R. L. Bowman of Cone were Tuesday visitors in the J. R. Terrell home. Lorenzo Base Ball News. The Lorenzo base ball team is still holding its percentage mark above .700, although they took a little trip last week and were defeated three times in succession. But our team came back on the plains, and won their first game by defeating Lubbock last Friday by a score of 7 to 3. The game was played for a purse of \$25. This makes the third consecutive time that Lorenzo has won the purse from Lubbock. Our team goes to Slaton today for a four game series. Standing of the Clubs. Percentage after Friday game at Lubbock: Lorenzo .745 Lubbock .525 Post .5 Ralls .45 Slaton .32 Crosbyton .14

ITEMS FROM THE IDALOU COMMUNITY

July 24.—The dry weather still continues. But our crops are doing exceedingly well. Mr. Jim Gregory and family from Jal, N. M., are visiting W. O. Burford and family. Judge E. R. Haynes was around seeing the voters last week. Dr. W. T. Glvens and son, Alex, were Thursday visitors in our community. W. R. McCarty and W. O. Burford tried to do some road grading the early part of last week but alas! was in vain as the ground was too hard. Mr. Clifford Hunt and our experimental man was out taking our crop and farm census last week in behalf of the Chamber of Commerce and Lubbock county in general. Most everybody has been short of water on account of there being so much still weather. Most of the Idalou people took in the Canyon picnic which was a grand success. Mr. Carl Embry left Friday for Tahoka, Lynn County. He will go from there to his home at Dublin. Miss Collins Greer has been visiting her cousin, Mrs. P. H. Herndon. A. G. Ross sold some hogs to Messrs. Hoops and Brown Friday. W. P. Parker and family visited their daughter, Mrs. W. O. Burford from Friday till Sunday. Mr. J. B. Mitchell's little girl is reported to be real sick. Frank and Albert Ross had business in the Petersburg neighborhood one day last week. Mr. H. L. Worthington's brother-in-law has been visiting him from Dallas.

LOCAL ITEMS ABOUT THE PETERSBURG FOLKS

Bledsoe, July 24.—Some of the Bledsoe folks attended the Methodist meeting at Estacado last week. Mrs. W. E. Bledsoe's brother, Mr. Smith of Oklahoma, is visiting her at present. Messrs. Price and J. O. Day were Lubbock visitors Friday. Misses Berda and Zora Pool visited at Mr. J. O. Day's Friday. On account of the still weather, water is getting scarce and the stockmen are having to use gasoline engines to pump water for their stock. Miss Bessie Chanie, of Ralls, has been visiting her sister, Mrs. Henry Cone the past two weeks. The Petersburg third base ball nine played the Bledsoe second Saturday in which the Petersburg boys were victors. The Bledsoe first played at Estacado and beat the Estacado boys. Mr. Henry Cone went to Plainview Saturday. The Baptist folks began a protracted meeting Sunday. Bro. Harvey Rankin is conducting the services at present, but expects his father to be here in a few days to take charge. Some of the Bledsoe people are attending the meeting at the Christian church at Petersburg this week. Mr. Henry Bledsoe and wife from Muleshoe, visited the home folks Saturday and Sunday, returning home Sunday evening. Mr. W. E. Bledsoe went to Lubbock Monday. Miss Jewel Gill, of the Mt. Vernon Optic-Herald, was a pleasant caller at this office during the week. Miss Gill is the machine operator on the above paper and is a very enthusiastic newspaper woman. She is visiting at the home of her sister while in the city.

PATRONIZE THE HOME MAN IF POSSIBLE

Business Men Pay More Toward Development and Charitable Subjects than Any Other Class and Are Entitled to Reasonable Profit.

It has been said that automobiles have taken more money out of our small town and rural communities than any other necessity or luxury in use today. Supporters of this argument cite the fact that over seventy-two per cent of the cars sold last year went to small town, village and farm folk. They then point out that but comparatively few purchases were made from small-town dealers or agents. Automobiles go a long way toward proving our persistent arguments in favor of standard, trade marked, advertised goods, as well as our contention that this class of merchandise can be purchased to as good or better advantage in your local markets than anywhere else.

A Buick, Ford, Oakland, Hudson, or any other standard machine offers the identical same values regardless of where they are bought. The user's standpoint, in purchasing from big city dealers is a saving of time or money in case of needed repairs or the replacing of parts. While this was a condition earlier in the industry it is rapidly being equalized since the automobile is coming into such general use outside the centers of large populations. Then, too, small town automobile dealers, like other merchants, endeavor to carry stocks in proportion to the demand of their trade fields—in other words to take care of their customers and possible customers. Furthermore it is reasonable to suppose that repairs and new parts not carried locally can be procured quite as quickly and as cheaply through local

dealers or agents as when ordered direct. A few weeks ago an agent in one of our villages learned that a woman in the neighborhood contemplated purchasing an automobile right away. An effort to sell her one of the lines he represented failed for the reason that she had definitely decided upon another make not represented locally. Just before leaving for a nearby city to make her purchase, this woman called on the agent and asked if there was any way by which he could get a commission on the car in question. She wanted to trade at home if possible. He didn't think there was, but stated that he would appreciate an opportunity to investigate if she would wait a few days, which she gladly consented to do. During the conversation she mentioned the fact that one of her friends was thinking about buying a car and might possibly be induced to accept one of the same kind she was buying. She even offered to speak to her in his behalf. To make a long story short, this agent, through the co-operation of this well-meaning woman, sold both cars, which entitled him to commissions and agency representation. He advises that he has sold twelve automobiles in this community during the past few months. His commissions, amounting to quite a tidy sum, have been, or will eventually be spent with local institutions which constitute the backbone of the community. There is certainly a splendid opportunity right now for the application of home trading in automobile buying in our small-town localities.

LOCAL NEWS ITEM FROM BADGER LAKE

Badger Lake, July 26.—Mr. W. J. Pool returned home last Friday from Wichita Falls where he was called to the bedside of his daughter, Mrs. A. Smith who was dangerously ill, but was improving at the time Mr. Pool returned home. Singing Sunday night at the home of Mr. L. Cole was enjoyed by an immense crowd. Quite a number of the people from our community attended the picnic at Canyon Friday. Dr. and Mrs. H. C. Duering and Mr. and Mrs. J. L. Showalter attended church in Shallowater Sunday. Mr. W. H. INTERNATIONAL FARM CONGRESS AT EL PASO IN OCT.

Cash prizes and trophies of unusual value are offered by the International Farm Congress (the Dry Farming Congress), which will hold its annual sessions and Exposition at El Paso in October. The Exposition is known as the International Soil Products Exposition and is recognized as the leading event of its kind in the world. It was held at Denver last year.

In addition to the splendid offerings designed to interest individual farmer exhibitors, there are premiums being up for collection exhibits by states, counties, districts and experimental or demonstration stations which should call forth a more lively effort in this line, and result in the staging of a line of exhibits, especially of the Southwestern states, counties and districts, which will demonstrate the advantages and illustrate the resources of this section most convincingly.

Dry farmed products grown west of the 100th meridian or in sections having less than 25 inches annual rainfall, will have the privilege of entering in two separate classifications. There is a special list of premiums for this class of products, not open to other competition, but the products of the dry farmer can enter the general classes.

The best state exhibit will be awarded a silver trophy cup valued at five hundred dollars, \$200 in cash and an engraved certificate.

The second best state exhibit will draw down \$150 in cash, a \$200 trophy cup and an engraved certificate. The third prize in this class is a certificate and \$50 in cash.

Nearly a thousand dollars in cash and trophies are offered in the county collective classes.

The farmer exhibiting the best half bushel of wheat will receive \$100 in gold, in addition to the regular class prize of \$15, while the best collective exhibit by an individual farmer will win cash and trophies to the amount of nearly two hundred dollars.

The 1916 catalog and premium list is a most interesting book. Copies may be had free by addressing the secretary at El Paso.

The Exposition dates are October 17 to 26 inclusive. The annual sessions of the International Dry Farming Congress will be held October 19, 20 and 21.

AN IMPORTANT NOTICE TO STOCK RAISERS

The Experiment Farm at Big Springs, Texas, has been notified that hereafter and until further notice, all vaccine used in the State of Texas, will be distributed by Dr. L. J. Allen of Fort Worth, Texas.

All applications for vaccine should be sent direct to him. Dr. Allen is inspector in charge of the Fort Worth Stock yards, and has the proper facilities for keeping the vaccines in quantities, which will enable him to fill all orders promptly upon receipt of application. Attention is called to the following letter, which is self explanatory:

Washington, D. C., June 19, 1916.—
Mr. J. E. Mitchell,
Big Springs, Texas,

Dear Sir:—

In regard to the distribution of blackleg vaccine in Texas you are advised that Dr. L. J. Allen, inspector in charge, Room 217, Exchange building, Stock Yards Station, Fort Worth, Texas, has been instructed to take the work of distribution in Texas. This will relieve you of the work and you are requested to refer applicants to Dr. Allen. It is also requested that this change be given as wide publicity as possible in the state.

Final Arrangements Lubbock County Fair, September 28th, 29th and 30th

Following will be found a complete and final arrangement for the County Fair to be held in Lubbock City, September 28th, 29th and 30th.

It is the desire of the Fair Management that the Fair this year be, in all respects, equal to, if not better than any Fair held in this section of the country and to that end the committee is now working and from indications present at this time hopes will be realized.

The committee is now in communication with publishers and the premium list will be issued in book form.

They are also in communication with several large tent companies and it is thought that the Fair this year will be held under a large tent—providing ample space and room for each and every exhibit, as well as allowing for the elements prevailing at that time. The comfort and pleasure of both exhibitors and visitors will be considered from every stand point. It is planned to open the Fair this season with a very large parade demonstration and with that thought in mind invitations have been extended to the Governor, Lieutenant Governor, other state officials, officials of the Santa Fe, and a long list of men prominent financially, commercially and professionally from all parts of the state.

As to the manner in which the various classes will be judged, space prohibits publishing same, but that information, as well as all other data will be given in minute detail in the premium list. It is hoped that the premium list will be in hand either by the 1st, of August or during the first week of August. Be sure and secure such a premium list, study it carefully and avoid errors.

The railroads have been asked to put into effect reduced rates for the fair and following their past good co-operation, it is expected that this will be done.

The fullest co-operation of every man, woman and child in the county of Lubbock is desired and sought, that our fair will, in the eyes of those visiting from other localities, reflect credit upon the wonderful people and resources of this wonderful county.

SEVEN TEAMS NOW WORKING ON RAILROAD GRADE

Seminole Sentinel:
The promoters of the Midland & Northwestern Railroad project are going right ahead with their work of grading the road bed, though up to date progress has been rather slow by reason that the engineer, G. W. Thaxter, required a bit more time in closing some details of his permanent survey at point of beginning. Then too, a little right of way trouble has also been encountered.
These hindrances have at last been mostly removed and nine more teams were added to the work of grading

this week. So President O'Donnell informs us, and as soon as the engineer gets sufficiently ahead it is the purpose of the grading contractor to swell the force to 40; and forty teams will put the grade through to Seminole in a hurry.
In connection with the building of the Midland & Northwestern, out of Midland to Seminole, we note an interesting Associated Press dispatch which appeared in recent issues of the

daily papers. It was dated at Snyder and conveys information that "announcement came from Lubbock that the citizens of that town have signed up with the Santa Fe Railway to construct a road from Lubbock to Seminole."
This is good news. We have no authentication of this report, but it is well known that the Santa Fe is interesting itself in that section of the country lying between Seminole and Lubbock or

THE HERALD EDITOR RIDES OUR HUMP

The Brownfield people are rejoicing over the prospects of a railroad into their town soon, and the Terry County Herald fills about in big bold faced type on the front page of its last issue, which is right and proper. The Herald was doing fine in its report of the assurance of the road, but all of a sudden a blowout occurred and lack went wild. He flew at the Avalanche and the Secretary of the Chamber of Commerce in the following manner:

M. V. Brownfield, head of our committee, came in one day last week and informed us that we could now let readers know all about it, as everything had been closed up, and there need no longer be any doubt that we were going to get our long desired railroad.

Readers will note that we have not tried to keep down the name of the town from which the road will come, as the Herald is too big hearted to stop at county lines, but we noticed that our esteemed contempo-

rary, the Lubbock Avalanche, and also the Chamber of Commerce, who sent telegrams to the dailies, refrained strenuously from mentioning any place gave Lubbock. Is that the way towns do that want to make a "wholesale center"? Hardly. Lubbock should be above little, tiny things like this, and most of the people there are above them, we are proud to say.

The Herald states that The Avalanche refrained from stating where the railroad was going from Lubbock and seemed to think that we were really jealous of that berg getting one road when we already had four, and are expecting two or three others, far from it, Herald. The Avalanche has done much to advertise Terry county in a favorable way to the people all over the country, telling more people about Terry every week than the Herald. The articles were handled in that way at the request of the railroad people, for the reason that they were not ready to give out the information. Now, Herald, you seem to have gotten the juice in your noggin muddled and like the radicalist you have proven to be in the past again proceeded to make yourself ridiculous and your little sarcastic article proves a boomerang and will slap you in the face like the sentiment of the sober-minded, clear-thinking people of your county would have it do.

Lubbock people are glad to have Brownfield connected up to us with a railroad, and the Avalanche as soon as we were permitted told our readers in heavy type on the front page of our issue of July 20th that the road would be built through Brownfield.

Now talk about your "tiny" things. From the way you have ranted around about this matter we have arrived at the conclusion that your wife has to use a magnifying glass to find you when she wants a line or two more of copy for the Herald, which paper she plays a very important part in making the good newspaper that it is.

Please call in a physician and see if you really have any heart at all next time before telling your readers of the "illness" of our life's pumping station.

Lubbock is one of the best towns in the west. We are expecting to be the biggest thing on the map in this part of the state from a standpoint of population within a few years and we are all ready at the head of the list commercially.

Lubbock is a railroad center that really means something and our people are co-operative along every line of industry. The Avalanche leads the van of boosters for the south plains, and we know that by connecting other important points to us with better shipping facilities that our importance as a wholesale center will increase.

People are coming to Lubbock, "The Hub of the Plains."

Lubbock High School desires to help all the young men and young ladies to get a good high school education, and those living in other districts who desire to transfer to our district and get the benefit of our high school are welcome, but we do not want any one to transfer when they can get good service at the home school. We are here to help all schools of the county, not to hinder.

Those who have used it in Lubbock are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-Lka. Because it acts on BOTH lower and upper bowel, ONE SPOONFUL Adler-Lka relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. B. P. Higgins, Druggist.

ONE BIRD AT A TIME SHOULD BE ENOUGH

Some people start life by trying to kill two birds with one stone and go down to their graves without having bagged either one.

It is a fatal mistake that has often made.

The young man begins his career and is anxious to get ahead. There are two ways that are commonly used to accomplish this end. The one is to do one thing at a time and do it well. The man who does this advances steadily. If at times slowly, but in the end he attains the goal he seeks. Patience and energy and faithfulness are rewarded by success. The other is impatient and wants to go forward by leaps and bounds. He wants to kill two birds with one stone. Sometimes he wants to bag a dozen at one throw. As a result his objects are confused, his aim is too quick and careless and he scores more misses than hits.

This is unsatisfactory to the employer and in time such a man generally finds himself looking for another job.

The wise employer is an excellent judge of men. It is a part of his business to be such, and it is because of his ability to gauge the capacity of his men that he succeeds in life.

He wants no drones, and the two-bird man does not appeal to him. He wants faithfulness, efficiency and steadiness, and that can only be secured by selecting the man who does one thing at a time and does it well.

It is a lesson every young man should learn on the threshold of life.

W. D. SHAW AND FAMILY PROSPECT IN NEW MEXICO

The following letter from W. D. Shaw was received by the Avalanche this week:

Mountainair, N. M., July 25.—To the Avalanche: I have just received a copy of the Avalanche published on Thursday, the 20th. It is a treat to us up here in the mountains. We have only been here hardly two weeks, but we left Lubbock two weeks today and have not had a word from there until we got your paper this evening. This country is having plenty of rain. I fear you all are heeding rain, as I never noticed about any rain in the paper. This country is noted for red beans. They have a fine crop that is practically made. Mrs. Shaw and I went up in the mountains one day last week and saw many high pine and lots of other timber. We are out here prospecting for a place and for Mrs. Shaw's health. We will be home about the first or 15th of August.

Yours truly,
W. D. SHAW.

PIANO AND PLAYER PIANO BAR- GAIN.

I have in Lubbock a fine new piano and player piano, both high grade, standard makes, and rather than ship back to factory, will sacrifice. This is a chance for some one to get a fine instrument at nearly half factory price. Will trade for live stock. Write to W. A. Leyhe, Factory Representative, Dallas, Texas. 4-2t

GOOD BUSINESS CHANCE.

A \$15,000.00 stock of clean merchandise, business and ware-houses, residents, etc., in a good town. Average annual merchandise sales \$55,000 to exchange for improved farm and ranch in Crosby, Lubbock, Lynn, Terry, Dawson or Yoakum. What have you? Write for list and full description. PAT AT THE GOLDEN GATE

About a week ago, an old time friend invited me to his residence to test his of mine beer and wine. We ate a lobster salad and a lot of other truck. And drank each other's health until the hour of three had struck. We drank until we didn't know. Which was wine or which was beer. Until our brains were clouded and our minds not very clear. How I got home, I do not know. My prayers: I think I said, But I know I was paralyzed when I got into bed. Well, I dreamed I died, and went to heaven. Repentance for me was now too late. When suddenly I was ushered before St. Peter at the golden gate.

"What brings you here?" said Peter. "Don't you know you can't get in?"

For you must surely suffer the greedy glutton's sin.

I said no word, but turned away, and hung my head in shame.

And Peter's clerk that stood close by. Wrote "Lost" against my name.

Next came an Italian, one whom I knew quite well, and waited patiently to what the dago had to tell.

"Dear-a Fadda Pedro, I come-a to you at last-a.

My peanut-ta days are over and my banana nights are pas-ta.

I treat-a my neighbor like-a myself. No beg-a, no rob-ba no steal.

An on da sidewalk-a no throw-a da banana pell."

"You be gone," said Peter, "thy goods were ill-begotten.

For your peanut shells were empty. And your bananas often rotten."

The Italian turned away and a tear stood in his eye.

So he came and stood beside me and heaved a heavy sigh.

Next came an aged Hebrew with a sachel in his hand.

And before the gate and old St. Peter. The sheeny took his stand.

"Ah, St. Peter, I come before you with jewelry fit for angels.

Dot I can sell to you sheep. I could sell dem on der installment plan.

But dot would be a sin; I will sell dem at halluf prices.

If you vill only let me in? Vile on earth I ran a clothing store. Mine goots vas nice and strong.

And just to show you, I have an overcoat—

But I forgot to bring it along."

"Then you did well," said Peter, "for very well you know.

There will be little use for an overcoat.

The place where you will go."

The Hebrew turned away and as he was a friend of mine,

Just like me and the dago, he took his place in line.

Next came a maiden lady, one bound to have her say.

And she began addressing St. Peter, in this peculiar way:

"O, goodness, gracious, me, here I am. After gossiping these many years, So hurry and let me in or I shall be catching cold out here.

Give me a first class pair of wings and a silver shield and then I won't be afraid of the naughty, naughty men."

"Wait," said Peter blandly, "no angels have gray hair.

And you have no sons nor daughters, So you would be a stranger there."

The poor old maiden wilted, she must ever more repine.

So like me and the other two, She waddled into line

Next came a German, now paralyzed with fear,

Who when on earth often paralyzed his customers,

With staid-lager beer.

"Dear Father St. Peter, I come to you Free from sin,

And I haf von favor to ask you, dot is,

Vill you let me in

Mine wife she run away and to hide mine shame I cried,

So I went down py der river and commit dot susanicide."

"Then you be gone," said Peter, "and suffer thy disgrace.

For you came before I sent for you And I cannot make a place."

The poor old German turned away and said "O Gott! O Mine!"

And like me and all the rest he took his place in line.

Next came an Irishman, a son of Erin's Isle.

And greeted old St. Peter with a very gracious smile:

"Arrah, an' its yerself St. Peter, looking so swate and so nate;

So hurry and git yez clerk to show me to me seat."

"You hold on," said Peter, "your case like all the rest must be tried.

You'll have to show a passport Before you get inside."

"But hurry up," said Paddy, "or 'supper I'll be late."

And purposely he took his old slouch hat

And threw it inside the gate.

"Go get that hat," said Peter, "thou sacrilegious lout."

So Pat went and slammed the gate and locked St. Peter out. Then through the key-hole, loud he yelled:

"I'm master now yez see—but O'll give up Heaven, gate and crown

If yez will set vould Ireland free." I toen woke up to find my head.

Between the bed and wall. My feet were tangled in the sheets,

T'was that lobster said that did it all.

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.

REGARDING CARE AND TILLAGE OF ORCHARDS

Washington, D. C., July 25.—After the young trees are in the ground, one of the first operations which demands the careful attention of the orchardist is to head the trees back to the desired height. Farmers' Bulletin 727, "Growing Fruit for Home Use in the Great Plains Area," states that under Great Plains conditions, the main stem or trunk of the trees should not exceed 2 or 2 1/2 feet in height, measuring from the surface of the ground after the tree is planted. In many cases the heads may well be formed even lower than this as trees with low heads are not as likely to be injured by the sun or wind. Although there is considerable difference of opinion as to the proper method of shaping the permanent head of the tree, conditions in the Great Plains Area are such, says the bulletin, that an open head which develops from a few main branches is preferable to one so managed that it becomes dense and bushy.

To develop an open head, only four to six branches should be left when the tree is pruned at the time it is planted, or when it is formed later if 1-year-old trees have been used. These branches should be selected with a view to their position on the trunk. They should be arranged symmetrically and spirally about the trunk and should start from different levels, thus leaving some space vertically between the different limbs. If two limbs branch from the trunk at the same level there is much more danger that they will split down in later years under the weight of a large crop of fruit or during a heavy wind than where the formation is as suggested above.

The branches selected for the permanent top of a 2-year-old tree should be cut back considerably at the time the tree is planted. If the trees have made a fairly vigorous growth in the nursery the preceding season, one-half or two-thirds of the length, as a rule, may be cut away. This will tend to make the branches strong and stocky rather than slender.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great.

No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

and "jerry" as when no cutting back is done.

Tillage Operations.
The tillage or cultivation of a fruit garden or orchard in the Great Plains region should be very thorough and should be gone over frequently enough to destroy weeds before they have made any considerable growth, to prevent the soil from blowing, and to insure against any run-off during heavy showers. The growing of cover crops and green manure crops is not recommended, as these crops draw so heavily on the moisture in the soil as to overbalance any benefits which they ordinarily give in maintaining the fertility of orchard soil in humid and irrigated sections. The humus furnished by such crops in sections where they can be grown must be supplied here by applying manure or vegetable matter in some other form.

For a similar reason the interplanting of crops between the rows of trees in young orchards, as is commonly done in commercial fruit-growing sections, can not be recommended in this area.

Pruning.

"Keep the top of the tree sufficiently open to admit air and sunshine freely" is a cardinal rule to follow in pruning fruit trees, says the bulletin. One of the commonest faults to be found with fruit trees on many ranches in the Great Plains Area, and elsewhere for that matter, is the density of the tops. This fault is the natural consequence of planting trees without properly forming the heads at the time they are set out, and of improper pruning or no pruning at all in later years. The bulletin gives the following reasons why systematic annual pruning should be done:

1. Every branch is reaching out for sunlight. If the top is sufficiently open so that every leaf receives its full complement of sunshine, there is less competition among the different branches than where the top is very dense.

2. With the decreased struggles for existence among the branches, the crowding of the weaker ones and the resulting deadwood in the top of the tree are largely eliminated.

3. The development of fruit-bearing spurs well within the center of the tree is encouraged because they receive sunlight, and sunlight in full measure is essential to healthy, vigorous growth.

4. When a tree reaches bearing age it can be sprayed thoroughly, and it is evident that spraying will be necessary in this area if good fruit is to be grown. Besides, the fruit can be picked with reasonable ease and comfort. But not so if the picker must crawl through a brush pile to reach it.

5. The above reasons are common to all fruit-growing regions. Another is of special significance on the Great Plains because of the limited rainfall. The conservation of the moisture in the soil is of the greatest importance. Great quantities of moisture are taken up by a tree and given off through the foliage. In general, the greater the amount of foliage the more rapidly is moisture given off. By proper pruning and thereby the holding of the top to a form or condition as to the number of branches and the amount of foliage which are most consistent with the objects for which the tree is desired, the less will be the

loss of moisture from the soil through the foliage. Hence, it follows that wise pruning helps to conserve soil moisture.

Damage from Insects and Rabbits.
The orchard pests in the Great Plains area are not known to be essentially different from those in other regions except as they are influenced by regional, primarily climatic, conditions.

Insects, such as the codling moth and surrant worm, may be expected to occur. It may be assumed that the methods of control that are effective in other regions will be equally effective in this area.

Rabbits are likely to injure young trees during the winter by gnawing the bark, and in some sections pocket gophers and prairie dogs may be troublesome. Information regarding the control of these pests can be obtained by addressing the Department of Agriculture.

Sun scald sometimes occurs during the winter on the south or southwest side of the trunks, especially in the case of high-headed trees. Injuries of this kind can be prevented by shading the trunks in some way during the winter. Binding laths, narrow strips of board, or cornstalks about the trunks, or even wrapping them with newspapers, will furnish all the protection needed. The material used should be removed in the spring.

A RAILWAY STRIKE WOULD BE GREAT CALAMITY

"There must be no railway strike," says the Pueblo Chieftain in a recent editorial. "The Chieftain has watched with keen interest and with entire impartiality the controversy between the four railway brotherhoods and the managers of the American railroads."

"We hoped through this controversy that some way would be found by which the foremost representatives of American trade unionism, on the one side, and the representatives of one of America's greatest business institutions, on the other side, would be able to reach an agreement through friendly discussion and conciliation, without resort to any form of expensive, dangerous, and disastrous industrial war."

"That hope at the present time seems less manifest than formerly, but we do not believe that a policy so false and so suicidal to all interests concerned will ultimately prevail."

"The controversy has now reached a stage where arbitration by a party outside of the controversy is the only practical way of settlement, and the Interstate Commerce Commission seems to be the best qualified to reach a decision that is fair to all parties concerned. We have read enough of the arguments on both sides to know that no person who is unfamiliar with railroad conditions and management can give a fair decision. That Commission is qualified to act, and it ought to act, with the consent of both parties if possible, but if not, without their consent."

"Public opinion will not warrant or justify a great railway strike in the United States at the present time, and it will sternly condemn any person or any organization that is responsible for bringing such a calamity upon the American people."

GIRL'S HAND SPROUTS A SMALL WHEAT FIELD

South Bend, Ind., July 18.—During a period of less than six weeks more than 200 wheat straws, measuring in length from one to thirteen inches came from two acres in the hand of Rosetta Irvin, 10 year old daughter of Mr. and Mrs. Francis Irvin, living 7 miles northwest of Bremen, Ind.

This is the assertion of members of the Irvin family, substantiated by several residents of Bremen and a sheaf of straws one and a half inches thick. The little Irvin girl was brought to South Bend several days ago and examined by several physicians, including Dr. C. C. Terry, Dr. Charles Hansel and Dr. R. C. Shanklin. No explanation for the phenomenon can be made by the medical experts.

Six weeks ago an infection, developed between the third and fourth fingers of the Irvin girl. This caused considerable pain and a physician was called. The sore was lanced twice. A few days later a straw appeared, issuing through the infection. This was followed by another and another during a period of several days until 170 straws were in the Irvin collection. Then the infection began to heal.

Hardly had this place healed until an infection appeared just at the base of the girl's thumb. More straws began to make their appearance. Thirty straws came from this infection. The frightened parents brought the child to Dr. Hansel for examination.

A box containing the straws were shown the physicians, who were called into consultation. Several X-ray pictures of the girl's hand and arm were taken, but Dr. Shanklin said there was no evidence of any foreign substances, shown by the photo graphs.

ARE WE MAKING A NAME FAR OUR TOWN ABROAD?

The citizens of every town have it within their power to make or mar their own municipal name. It will be good or bad, just as they choose to make it.

We of this town are no exceptions to the rule, and the citizen who loves his own home will always bear it in mind.

There are many good points in favor of this community, and when the stranger comes to our midst we should not fail to impress these facts upon his mind.

We should take him in hand, exhibit the community as you would a blooded horse, let him understand that he is among a fair minded, energetic and generous hearted people, and when he goes to other climes he will speak as he has been spoken to. That is the way reputations are made.

But there is another side, and it is there that mischief is too often done. The stranger enters our door and we immediately begin to complain of the community and the people. Nothing just suits us. Nothing is as it should be. Everything is wrong and the town is on the way to the dogs.

And again the stranger speaks as he sees and hears.

That is the way reputations are destroyed.

Which is it to be with us?

E. Butler and family left this week for Canyon, where they go to be present at the opening of the Normal, where they will place their daughter for the coming term. They will be at Canyon about two years, after which they will return to Lubbock to make their home.

W. C. T. U. COLUMN

Life insurance experts figure that each young man and woman of good habits and sound physique is an asset to the nation as a producer or conservator of wealth to the amount of \$8,000. There are in the United States 50,000,000 children and young people under twenty-five years of age. At \$8,000 apiece they are an asset of \$400,000,000,000. In mere dollars and cents the youth of our nation are worth more than our coal, our iron, our silver, our gold; more than the cattle on a thousand hills; more than the grain from a million fields. And the legalized liquor traffic is the ruthless destroyer of youth. It begins the work of destruction before birth, handicaps boys and girls physically and morally, and renders tens of thousands not only unable to conserve their quota of \$8,000, but makes of them dependants and undesirables, an economic loss to the nation and a menace to its stability.

A certain brewery product is advertised by its manufacturers as "brewed for the wise, goes in disguise." In the Samuel Hopkins Adams column of the New York Tribune a contributor thus aptly comments: "Goes in disguise—I wonder why. Are the brewers ashamed of their product, or is it because the users are such hypocrites that they want their neighbors to believe that they never use the stuff? This advertisement is one of the most telling anti-booze arguments before the public. It convicts every drinker of this particular brand of beer of moral cowardice."

"Kind of the brewing company, isn't it?" says a prohibition journal, "to so thoroughly spread abroad the

picture of its disguised beer crate that anybody half a block away can tell what is in the box."

Mary Has a Little Vote.

The voters of Illinois, working under a township option law, have driven the saloon from 1,240 of their 1,430 townships. Fifty-three of the 102 counties of the state are entirely dry. Under a county option law, which they will work for in the next legislature—the anti-liquor leaders claim that in the first round of the elections ninety-six counties will go dry. Wherever "Mary's vote" gets in, John Barleycorn gets out.

"Rum fights shy of suffrage extension," remarks the Chicago Tribune. "The drink demon always pays woman the compliment of being afraid of her."

Wet Territory Narrowing.

It is estimated that one-half the population living in wet territory lives in four states. One sixth of it lives in six cities. One half the saloons in the United States are in fourteen cities. In a list of thirty-six states there are fewer saloons than in New York City. There are fewer saloons south of the Mason and Dixon line than in the city of Chicago. There are about 2,900 counties in the United States and over 1,800 are now dry.

"I consider with eminent German authorities of enormous experience that beer is exceedingly injurious and dangerous as a beverage. It has no scientific medicinal endorsements of which I know."—Dr. Howard A. Kelly of Johns Hopkins University.

When the province of Ontario goes dry September 16 by act of the provincial legislature, Toronto, with 400,000 population, will be the largest dry city in the world.

AND ALL THESE THINGS LOOK RATHER BAD

When you walk along the streets and see the gutters strewn with refuse, it looks bad.

When you see empty bottles decorating the dark corners, that looks bad—and suspicious.

When you see papers blowing around over town it indicates that people are thoughtless and careless. It is bad.

When you see broken glass around under foot it is pure negligence, is both bad and dangerous.

When you see kitchen garbage dumped into the back yard or tossed over the fence, it looks bad and smells worse.

When you see vacant property littered with debris of every nature, it looks bad—is offensive to the mind as well as to the eye.

When you see a back yard littered with the accumulations of months and for years, it looks worse than bad.

When you see a front yard down at the heels and going to seed, you wonder—but then we'll let you finish the sentence.

Just how bad are we, any way? Our town could be improved. Let's clean up.

Pipkin, and against U. G. Moore, No. 970 on the Docket of said Court, and to me, as Sheriff, directed and delivered, I did, on the 6th day of July, A. D. 1916, at 8:45 o'clock, A. M. levy upon the following described tracts and parcels of land situated in Lubbock County, Texas, and belonging to U. G. Moore, to-wit: Lots No. 20 in block 93; lot No. 17 in block 125; lots Nos. 5 and 6, block 151; lots Nos. 11, 12 and 13 in block 82; lots Nos. 3 and 5 in block 29; lots Nos. 8, 9 and 10, in block 195; lot No. 16 in block 201; lot No. 10 in block 235; lot No. 19 in block 111, and an undivided one-half interest in the following lots, No. 11 in block 129; lot No. 18 in block 237 and lot No. 14 in block 235; all of said lots being a part of the original town of Lubbock in said county on the first day of August, A. D. 1916, being the first Tuesday of said month, between the hours of 10 o'clock, A. M. and 4 o'clock, P. M. on said day, at the Court House door of Lubbock County, Texas, in the town of Lubbock, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said U. G. Moore in and to said property.

Witness my hand, this the sixth day of July, A. D. 1916.

W. H. FLYNN, Sheriff, Lubbock County, Texas.

SHERIFF'S SALE.

The State of Texas, County of Lubbock.

Whereas, by virtue of an execution issued out of the District Court of Deaf Smith County, Texas, on a judgment rendered in said Court on the 7th day of May, 1916, in favor of W. W. Gatewood, et al, and against J. W. Williams, et al, for the sum of \$6,953.34, together with interest thereon at the rate of ten per cent per annum from the date of judgment, together with all costs. No. 264 on the Docket of said Court. And to me, as sheriff, directed and delivered, I did, on the 21st day of July, A. D. 1916, at 11:20 o'clock, A. M. levy upon the following described tracts and parcels of land situated in Lubbock county, Texas, and belonging to L. T. Lester, to-wit: Known and described as lot No. 15, in Block 105 and Lot No. 16 in Block No. 122, both situated in the original town of Lubbock, Lubbock county, Texas, and

Whereas, I was prevented from making a sale of said real estate by a writ of injunction issued out of the District Court of Randall County, Texas, which injunction suit has been dissolved and, whereas, a writ of venditioni exponas dated June 17th 1916, and to me directed issued out of the District Court of Deaf Smith County, Texas, commanding me to proceed to sell the above described property, therefore, I, W. H. Flynn, Sheriff of Lubbock County, Texas, will on August 1st, 1916, offer for sale the above described property between the hours of 10 a. m. and 4 p. m. on said day at the court house door of Lubbock County, Texas, in the town of Lubbock, for sale at public auction for cash, all the rights, title and interest of the said L. T. Lester in and to said property on July 21, 1916, or any time thereafter.

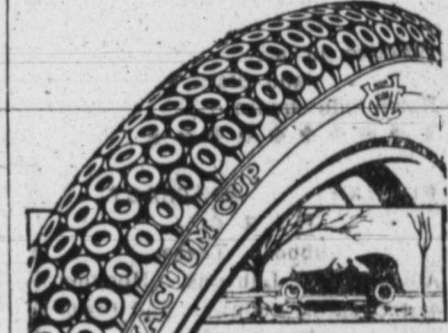

Witness my hand this the 6th day of July, A. D. 1916.

Food For Thought for Parents

Food For Health for Children

--that's BUTTERFLAKE

You are careful to see that the clothes your children wear are clean and comfortable. You are quick to note if their little feet are warm and dry. You are watchful that their sleeping room is well ventilated, and when they are hungry you are tenderly eager to soothe and satisfy the call of their appetite—But are you particular that the food your children eat does more than satisfy hunger?

Bread Is the Staff

of life. BUTTERFLAKE is the KING of quality bread. It is bread of character because we stand up to every loaf with our individual knowledge that it is good—we put character into its every feature of bread manufacture, from the selection of the flour clear through to the perfectly baked product. And—

Arkady Yeast Food

is one of the elements that enter Butterflake to make it a better loaf because Arkady Yeast Food is a preparation approved and patented by U. S. patents. After Arkady Yeast was proven to be the best on the market we did not delay a minute to get this Yeast Food for Butterflake. Our motto has ever been—"Butterflake must be the best."

Therefore the Reason

why you are perfectly safe in serving Butterflake on the table, to the invalid, to the infant—to the whole family all the time, all through their lives. Ask your grocer to send you Butterflake. You're entitled to the best—that's BUTTERFLAKE.

**Suffered From Lame Back, Weak
 Kidneys and Dizziness.**

Dear Editor:
 "Last winter I suffered terribly from
 lame back, weak kidneys and dizziness,
 and uric acid in the blood caused rheu-
 matic pains. I sent to Dr. Pierce of
 Buffalo, N. Y., for his new remedy,
 "Anuric." As soon as the box of tablets
 came by mail I commenced taking them,
 and reaped untold good from their use."
 (Signed) Mrs. KATE THOMPSON.

Note.—This "Anuric" is adapted espe-
 cially for kidney complaints and diseases
 arising from disorders of the kidneys and
 bladder, such as backache, weak back,
 rheumatism, dropsy, congestion of the
 kidneys, inflammation of the bladder,
 scalding urine and urinary troubles. The
 physicians and specialists at Dr. Pierce's
 "Invalids' Hotel," in Buffalo, N. Y., have
 thoroughly tested this prescription, and
 found it 37 times more potent than lithia.

SOCIETY
 Mrs. R. A. Sowder
 Phone 338

The Ladies Aid Society met Mon-
 day with Mrs. Ed Vaughn at the
 Sunshine Ranch, northwest of Lub-
 bock. The members went out in the
 morning with well filled lunch bas-
 kets. At twelve o'clock lunch was
 spread under the beautiful trees. In
 the afternoon, a visit was made to
 the irrigation wells. Later ice
 cream and cake were served under
 the trees. Those present were Mes-
 dames Richmond, Barclay, Lindsey,
 Johnston, Bryan, Twitty, Wester, Mc-
 Cullough, Thomson, George Murfee,
 Boren, Montgomery, Morris, Mallard,
 Langsford, Bigger, Outhouse, R. C.
 Burns, Harris, Ed Twitty and Cook.
 Rev. and Mrs. Cole, the following la-
 dies with their children: Mesdames
 Rose Winn, W. O. Tubbs, Helm, War-
 ren, Jott Smith, Pallenger, Simmons,
 Arnett, Faulk, Will Wright, Add
 Clark, Munley and McCrummen.

Perfect in every detail was the en-
 tertainment given by Mrs. A. V.
 Weaver in honor of her house-guest,
 Mrs. W. E. Meredith, of Joplin, Mo.
 It was in the form of an Auction
 Bridge party and the hour was four
 o'clock. A number of games of ab-
 sorbing interest were played at the
 conclusion of which an ice course
 was served. In the games, Mrs. C.
 L. Griffin won high score and was
 given two beautiful crepe de chine
 handkerchiefs, while the guest of
 honor was given a beautiful pair of
 silk hose. Those present were the
 guest of honor and Mesdames Rush,
 Slaton, Griffin, Morton J. Smith,
 John Penney, Lidell, of Terrell and
 Misses Dona Sue Evans of Los An-
 geles, Calif., and Ruby Rogers, of
 Waco.

Regardless of the fact that this
 summer is making a name for itself
 as being the hottest summer known
 to the oldest of "old timers," the
 clubs meet on their stated days. Last
 Thursday was the day for the 1911
 Needle Club, and Mesdames Baugh
 and Bullock were the charming host-
 esses at the home of the latter. The
 afternoon was spent with pleasure
 and profit and at its close ice cream
 with water was served to Mes-
 dames W. R. and Percy Spencer, D.
 Robinson, Pain, Ballenger, Royalty
 and Lewin, of Miles; Johnston, Mast,
 and Misses Hennie and Mary Lou
 Meriwether and Alice Heberlein.
 Mesdames Percy Spencer and Down-
 ing will be the next hostesses of the
 Club.

The Priscilla Needle Club met last
 Wednesday with Mrs. Settle and Mrs.
 Jim Robinson at the beautiful home
 of the former. The dining room was
 beautiful and tastefully decorated
 with cut flowers and potted plants.
 The hours were spent with needle-
 work and social conversation. Delic-
 ious refreshments consisting of pine-
 apple and lemon sherbet were serv-
 ed, with dainty wafers to the follow-
 ing members: Mesdames Frank
 Brown, Crosthwaite, Clark, J. C.
 Wayland, Bullock, J. E. Garrison; out
 of town guests were Mrs. Coppedge, of
 Plano; and Mrs. Lidell, of Terrell.
 The next meeting will hold at the
 home of Mrs. Lillie Farrell and Mrs.
 Hall at the residence of the former,
 date Wednesday, August 2nd.

Tuesday afternoon at two o'clock
 a Mr. H. Dubois and Miss Clara Winn
 and Mr. J. P. Myrick and Miss Cecil
 B. Straight were married at the
 home of Rev. and Mrs. Cole with
 Rev. Cole as officiating clergyman.
 Both couples live south of town and
 both Mr. Dubois and Myrick are
 stockmen well known in their local-
 ity. Misses Winn and Straight are
 attractive, accomplished young wo-
 men and have many friends in their
 community. The Avalanche extends
 congratulations and best wishes for a
 happy life together.

Tuesday morning the Auction
 Bridge Club held one of its most del-
 ightful meetings of the mid-summer
 season at the home of Mrs. Roscoe
 Wilson. The guests arrived before
 the heat became so oppressive and
 devoted an unusually interesting time
 to this thoroughly interesting game.
 Mrs. Arnold Brown won high score.
 A delicious salad course was served
 to Mesdames Brown, Smith, Thomas,
 Fain, Griffin, Weaver, Mast, Cagle,
 of Stephenville; Collins, of Ft. Worth;
 Jacobs, Radford and Miss Dona Sue
 Evans, of Los Angeles.

Mesdames Claude Burrus and J. B.
 Laski entertained the Wednesday
 Needle Club this week at the home
 of the former. These enthusiastic
 needle-workers are some of the most
 industrious ladies of our town and of
 the fair this fall they will bid high
 for first places. An ice course was
 served at the close of the afternoon
 to Mesdames Reed, Canite, Fain, G.
 C. Merrill, Woodriddle, McKey, W. B.
 Atkins, Henderson, and Miss Mary
 Colquitt, of Reno Vista.

Friday afternoon Mesdames J. E.
 Chage and A. J. Hicks entertained in

honor of the tenth birthday of Edwin
 Chase son of the former and Aubrey
 Klien, nephew of the latter. The
 home of Mrs. Hicks was chosen as
 the scene of the festivities and the
 hour was from three till six. About
 sixteen little boys were present and
 spent a delightful time playing out-
 door games. Cake with ice cream,
 melon and fruit were served. Edwin
 and Aubrey received many gifts and
 wishes for many returns of the day.

The Lubbock Welfare Club in bus-
 iness session voted to ask co-opera-
 tion of the Lubbock Library Associa-
 tion in establishing a library and
 rest room in the new court house.
 We having already secured two
 rooms. As we realize in union there
 is strength, and if you unite with us
 we can all work for a better and
 greater Lubbock and merit our
 name. The Lubbock Welfare Club.
 Done by order of the Lubbock Wel-
 fare Club.
 Mrs. Annie Pearson, Sec.

Friday evening the W. C. T. U.
 held a rally on the lawn of the court
 house. Short talks were made on
 submission by several, Rev. J. E.
 Chase being among the number and
 his talk showed much previous study
 and thought. Another entertaining
 feature of the evening was Victrola
 music, the machine being furnished
 by the Robinson Furniture Co. In-
 terest in this work is growing and it
 is hoped that a good crowd will be
 present at the next regular meeting.

Mr. and Mrs. J. Herbert Clarke are
 entertaining the following friends:
 Mr. and Mrs. J. P. Coppedge, of Pla-
 no; Mrs. J. D. McBride, of Lone Oak,
 and Miss Mattie Mae Barnes, of Dal-
 las, Texas.

Mr. and Mrs. Pancho Arnett, Mrs.
 Annie Pierson and son, Howard, are
 on a camping trip in New Mexico this
 week.

The Mystic Weavers did not meet
 this week. Mrs. B. Stubbelfield will
 entertain them next Wednesday.

Mrs. W. E. Meredith of Joplin, Mo.,
 spent last week with Mrs. A. V.
 Weaver.

Mr. and Mrs. E. W. Jones of Okla-
 homa City visited Mrs. Annie Pierson
 last week.

Mrs. Bruce Carr, of Stephenville,
 is visiting Mrs. C. A. Rush and other
 relatives.

Mr. and Mrs. C. A. Rush and Mrs.
 Cagle went to Plains the last of the
 week.

Emmet Davis of Ft. Worth, Texas,
 visited Rev. and Mrs. E. H. Davis last
 week.

There Are Many Reasons

Why you should show a preference for the
KEROGAS oil stove. One reason is its
 economic value. **KEROGAS** oil stoves
 burn air as well as kerosene. **JUST THINK**
OF THIS: with each gallon of oil you con-
 sume you utilize four hundred gallons of air.

This Means Economy

Another reason why you should use the **KEROGAS** is because
 of its perfect construction. **YOU CAN ACTUALLY COOK ON**
A KEROGAS RANGE. Let us show you, this economy stove.
 Every home should have one and we can easily prove this to you if you
 will call.
