## VOTE FOR LOYAL CLEAN MEN FOR EVERY OFFICE

It is your Duty as a Voter to Know How Every Candidate Stands on Moral Issues—We have Endeavored to Find Out For You And Review The List in This Article for State Officers

In another part of this issue of the Avalanche our readers will find a copy of the Official ballot as it will be given you on the day of the primary. Read the test, and if you are not going to stand hitched, better not vote at all. We promised many of our readers that we would give a brief review of the ticket this week, not desiring to dictate who you should vote for, but merely to give you a line on the fellows running, and leave it up to you to select your man.

Morris Shepperd is the only one in the race for United States Senator, and he is a good one, true to all moral issues and to the interests of his constituency.

Two candidates appear for Governor—Hobby, the present governor, is an anti-prohibitionist, but is willing for the people to have a say in these matters where possible and is in harmony with the government in every way. He is making a good governor and we believe is a safe man, and Ferguson—the impeached governor, the governor who would not allow the prohibitionists any rights of legislation, and is making the race absolutely in contempt of the state authorities, and in our opinion, and we have the backing of some of the most brilliant legal talent of the United States, he cannot be seated if nominated.

For Lieutenant Governor: John H. Henderson, of Morris county we have every reason to believe is a good man, competent and worthy, is a pro and is for Hobby. Davidson, we know little about, except that men who recommend him are reliable, good men and we judge from that he is a clean man, but we doubt if he will be able to develop much strength. Bailey from Harris county, is an anti, but voted against Ferguson in the Legislature. Moore, of Anderson county is what might be termed a running mate of Ferguson. He has traveled over parts of the state with Ferguson, and pros and Hobby men had best not support him. Johnson, of Hall county is responsible for the impeachment proceedings against Ferguson, to a very large extent, and was subjected to very severe criticism by many people before the LIGHT was turned on. He is a true pro, a man with convictions and the backbone to stand by them. He is our choice for lieutenant governor, and hope he is yours. S. B. Cowell, we learn is a very excellent gentleman. He is a pro, a business man, and we know of no reason that a person cannot honorably vote for him.

Nelson Phillips is the only one on the ticket for Chief Justice of Supreme Court. He is a candidate to succeed himself, and has made good.

For Associate Justice of Supreme Court, J. D. Harvey, of Harris county, and Thomas B. Greenwood of Anderson county, are making the race. Greenwood is our choice in this race. He is now Associate Justice under appointment of Hobby. He is competent, has a good recommendation from the ministers and other reputable men. His opponent, Mr. Harvey, no doubt has the endorsement of the Ferguson crowd, as he recently wrote an opinion contending that Ferguson could legally hold the office if elected Governor. We could not support him under these conditions.

There are five aspirants to the office of Associate Justice of the Court of Criminal Appeals. Pierson, we believe shall receive our vote. He is a life-long pro, is now District Judge of the District in which he resides, and has been honored with hearing a number of the state cases, among which were the celebrated brewery cases. O. S. Latimore is also a life-long pro, and we believe is a good man for the place, and only personal choice of the men leads us to support Mr. Pierson. So far as the other men are concerned, comment would not do them justice, because of lack of information, hence we refrain from any suggestions.

For State Treasurer, we are for Jno. W. Baker. All the voters of this county know him to be a good clean Christian gentleman, worthy of the respect and confidence of the people of this state. He is a staunch pro-

hibitionist, against Ferguson and the whiskey gang. Edwards is a good man, from Runnels county, an anti, but opposed to the election of Ferguson. He is now running for a fourth term, better pass the pie around. We vote for Baker over here.

For Attorney General, we shall support Cureton of Bosque county. He has had much experience in the duties of Attorney General. Is an able lawyer, a life-long pro, an original woman suffragist and is much opposed to Ferguson's election. Marshall Spoons we understand is an anti, but has made a strong pro-secutor of violation of the law in Tarrant county. Jno. W. Woods was at one time speaker of the House, is a pro, but we hardly think he will develop much strength. He lives in Taylor county.

For Railroad Commissioner. We are not acquainted with the men of this race, except that Hurdleston was appointed to the office by Ferguson. We know nothing of Andrews. Clarence Gilmore has been state senator for quite awhile, is a newspaper man, lawyer and prohibitionist, and anti Ferguson, and a woman suffragist, guess we will vote for him.

For Comptroller there are three in the race. H. B. Terrill the present incumbent. He is an anti, and in his several newspapers over the state is strong editorially in favor of anti-prohibition. He has been senator for quite awhile, has made good in the office so far as we know. Goodlett has been a clerk in that office and is familiar with the duties. He is recommended highly by prominent people for the office. We do not know anything about Mr. Mayfield. We think we shall vote for Goodlett.

John T. Robinson has no opponent for Land Commissioner.

For Commissioner of Agriculture, we are of the opinion that Halbert is the proper man for the place, Davis has probably filled the office satisfactorily to many people. He is an anti, however, while Halbert is a pro, and a practical farmer. He will get our vote.

Doughty has made a good superintendent of Public Instruction so the educators say, but we believe has been mixed up a little too much with the University-Ferguson-A. & M. College mess. We believe, however, he is the best for the place. Trussell is practically unknown out of Wise county, and we do not think will develop enough strength to count much in the race. Miss Blanton, a sister of Congressman Blanton is a live wire, but we doubt if she is the one for the office. Guess we'll vote for Doughty, but really we believe he is aligned with the Ferguson bunch, and we may yet change our mind.

For Congressman of the 18th District. Marvin Jones is serving his first term. He was elected by a large majority over his several opponents before, and is ambitious, vows he is in sympathy with the government on all war measures, and is a pro, member of the Methodist church and, notwithstanding insinuations to the contrary is still with the president. We know little about Mr. Lackey. His platform is in this issue of the paper and you should look it up and see what he has to say. It reads alright. We are rather of the opinion we will vote for Jones.

W. H. Bledsoe has no opponent, and we are glad he has not. He has been faithful to his duties since elected to the office of Representative from this district, and took a prominent part in the impeachment of Ferguson, and will continue active on the job to keep him out. We will vote for Bledsoe full length.

Huff has no opponent for Chief Justice of Civil Appeals, 7th Supreme District. He is a good man so far as we know, for the place.

For State Senator, 29th Senatorial District, R. L. Templeton, of Wellington and W. S. Bell, of Foard County is in the race. Bell is a banker and good citizen. He at first believed that Ferguson could be legally seated as Governor if nominated, but has since declared against Ferguson. Templeton has been true blue against

## VICTORY FOR HOBBY AT THE CONVENTION

Dallas, Texas, July 8.—With victory at the polls on July 27 assured, Hobby forces throughout the State are urged to secure full and fair representation on election boards, competent judges and clerks of undoubted probity at each polling place, and to effective participation in their respective precinct convention meetings.

"A victory at the polls, not backed up by a victory at the precinct conventions, would be a calamity," said Walter J. Crawford of Beaumont, writing to Governor Hobby's friends in Dallas. "This is extremely important, and deserves careful attention. In the smaller places and in country districts the conventions are very frequently held in the afternoon; in the cities they are more often held at night. Every one entitled to vote is entitled to share in the precinct convention.

"Hobby forces are entitled to be represented at each voting box, with election officials, supervisors and clerks, men and women. This representation should be secured by all means. The presence of one or more women at the polling places will encourage women to enter and vote, and relieve them of any possible embarrassment.

"These matters should receive attention at once. It is dangerous to delay. Every friend of good government, every man and woman who believes in making Texas a cleaner, a better State, freer than ever from all sorts of crime and evils, should join us in this movement, taking part in both the election and the primary conventions on July 27."

## WOODY WESTER JOINS THE COLORS AT FT. LOGAN

Woody Wester, for the past eight months has been assisting in the Reporter office, and who has been managing the Reporter during the absence of the editor the past three months, left Friday for Fort Logan, being transferred here from Kansas City, where he was registered under the selective service draft. Twice rejected in different branches of service as a volunteer, Woody hopes to remain with the draft contingent and do his small part in this great war.

This makes the second and last brother of the editor in Uncle Sam's service, the other being a chief pharmacist mate in the navy.

Mrs. Woody Wester left the same day for the home of her parents in Culbertson, Neb., where she will remain for the present.—Acron (Colorado) Reporter.

Claud Burrus and family and J. E. Henderson and family spent Sunday at the farm home of Mr. Henderson's and Mrs. Burrus' mother. They report two nice showers of rain while out there—on Saturday night and again Sunday afternoon.

Ferguson all the while and is a pro all the time, a lawyer, three times elected to the House of Representatives. We are supporting Mr. Templeton.

This brings us down to home people, the District Attorney's office being the next in the line up. Here we leave it with you. They are close to you, and you can find out about them as well as we can. We know who we are going to vote for, and will vote our choice in the primary, but you should investigate both and put the man in this office that will perform his duties without fear or partialities.

The home bunch will give you all the information about themselves and why they should be elected. We urge that you vote for a bigger and better Texas. For loyal supporters of the government if possible, and for a cleaner state politically.

We specially urge that the ladies vote.

Go to the polls in the precinct in which you live. The judge of election will hand you a ballot. You retire to a place prepared for voting, marking your ticket by yourself. Scratch out all the names for each office except the one you wish to vote for, using a black pencil. You vote for all state and county officers no matter in what precinct you are voting, but for precinct officers you will scratch out all precinct officers except those in the precinct in which you vote. For Justice of the Peace, all those who vote within the Lubbock Independent School District vote for this office. This is also true as to Constable of Precinct No. two.

When you have voted fold your ticket and hand it back to the election judge or clerk, who will deposit it in the ballot box, and your name and number will be recorded.

He has engaged in the dry goods business here for a number of years.

An American Airdome in England, June 8.—(Correspondence of the Associated Press).—This is one of the numerous aviation camps in England where Americans are receiving their finishing touches as flyers. When they leave here for the battle front in France they know all that can be taught about flying. Only the school of experience can supply the post-graduate course that makes Guyne-mers and Lufburys.

The aredome is set in one of the beautiful spots that one calls to mind from classic pictures of England landscapes. It is early in June and the great level field that stretches away in front of the hangers is like a rich green carpet. Beyond there is a woodland, and in this distance is a range of low hills whose smooth contour recalls to western Americans the foothills of California.

It is a peaceful place and very quiet except for the droning of airplanes. At least a dozen are in the air and others are preparing for flight. Into one of these latter a young Kentuckian has just climbed. For the first time he is going up alone.

London, July 17.—The destruction

by fire of the new German airdome with 22 airplanes near Nivelle was attributed to German revolutionists in the army. Ten Belgians and two German soldiers have been arrested.

London, July 17.—Lient. Quentin Roosevelt, youngest son of Col. Theodore Roosevelt, was killed July 14th when his plane was shot down behind the German lines in the Chateau Thierry sector. Young Roosevelt was attacked by a German squadron, says the Exchange Telegraph.

Amsterdam, July 17.—By wireless—Premier Lennie is about to break diplomatic relations with England and any other country connected with the landing of armed forces on the Murman coast.  
Americans were also landed there.

**YES! LIFT A CORN  
OFF WITHOUT PAIN!**

Cincinnati authority tells how to dry up a corn or callus so it lifts off with fingers.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezeone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain. A small bottle of freezeone cost very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin. If your druggist hasn't any freezeone tell him to get a small bottle for you from his wholesale drug house. It is fine, stuff and acts like a charm every time.

**HOW FERGUSON ATTEMPTED  
RESIGNATION**

In a pamphlet edited and published by W. V. Howerton, of Austin, under caption of "Facts on Ferguson," appears the following in reference to the effort of ex-Governor Ferguson to escape from the jurisdiction of the Senate by attempting to resign:

Mr. Ferguson, in his speeches, is claiming that he is not disqualified from holding the office of Governor, for the reason that he had resigned from that office before the final judgment of the court of impeachment was pronounced against him, and that by that resignation he deprived the court of jurisdiction to pronounce against him the sentence of removal and disqualification from hereafter holding office.

Now, with regard to this contention, several facts should be noted,

to-wit:

1. The attempted resignation came after the conclusion of the trial, and after Mr. Ferguson had been convicted on ten counts by votes ranging from 27 to 21 down to 21 to 10. The final vote on the articles of impeachment was taken on Saturday, September 22; whereas the purported resignation was not filed until Monday night, Septem 24.

2. After the final vote of conviction on Saturday, September 22, the court of impeachment designated the Committee on Civil Jurisprudence as a committee to draft the final judgment which was to be pronounced on Tuesday, September 25. On Monday, while the committee were at work on their report, Mr. Hanger one of the attorneys for Governor Ferguson, appeared unofficially before the committee and told them that he had had Gov. Ferguson's resignation in his pocket, and would present it if the court of impeachment would adopt a judgment of censure, and not one of removal and disqualification.

In making this offer, Governor Ferguson and his counsel were catching at the last straw, and were seeking to induce the court not to disqualify him from holding office. The committee did not have the right or power to act on this offer, and so they proceeded to draw the final judgment removing Governor Ferguson from office and disqualifying him from hereafter holding any office of honor, trust or profit under the State of Texas.

This judgment the court of impeachment adopted on Tuesday, September 25, by a vote of 25 to 3, there being one pair and one absent.

3. Some time Monday night, after his offer to resign had been ignored by the Committee on Civil Jurisprudence, Mr. Ferguson filed his purported resignation with the Secretary of State.

4. This attempted resignation had no effect whatever in ousting the jurisdiction of the court of impeachment. There is no way known to the law of this or any other country by which a defendant in either a civil or a criminal case can remove himself from the jurisdiction of the court by resigning.

Even the death of the defendant in an ordinary civil suit, after the jury has rendered its verdict but before the final judgment has been entered, does not deprive the court of jurisdiction to enter final judgment against the estate of the deceased. So, too, in a criminal case where the

penalty was a fine, the court could pronounce judgment and collect the fine out of the estate of the deceased.

Doubtless there have been thousands of criminals in this State who, when caught with the goods and proved guilty, would have given all they had in the world if they could have put a stop to the whole proceedings by raising in court and saying, "Your Honor, please, I resign from this case."

That, in effect, is what Mr. Ferguson tried to put over the Senate.

**A Case in Point**

Fortunately, we are not without a case in point on the question of expunging from courts of impeachment by the resignation route. Such a subterfuge did not work in that case, even when the resignation was offered before the House had preferred the articles of impeachment.

The case was that of W. W. Belknap, Secretary of War under President Grant, who was impeached in 1876. A committee of the House of Representatives had found financial irregularities in the management of Belknap's department.

While the committee was formulating its report, recommending that articles of impeachment be preferred against Belknap, he filed with the committee his letter of resignation and also President Grant's letter accepting his resignation. But the House proceeded to prefer a bill of impeachment, nevertheless, and the Senate of the United States, sitting

and found guilty, as was true in the case of Governor Ferguson, but the resignation was tendered to the President and accepted before the Senate had taken jurisdiction, even before the House had preferred the bill of impeachment or heard the testimony upon which the impeachment was based.

In view of such a precedent established by the highest court of impeachment in the world, it is sheer folly for Mr. Ferguson to assert that he snatched himself from the jaws of political death by his eleventh-hour attempt at resignation.

as a court of impeachment, after an exhaustive three days' debate on the legal questions involved, held by a majority vote that Belknap's resignation was a nullity in so far as it affected the power of the House to prefer the charges and the power of the Senate to try them and declare the respondent, though only a private citizen at the time, forever disqualified from holding office under the Constitution of the United States.

In reporting this action back to the House of Representatives, the Managers for the House said:

"By this decision, it has been settled that persons who have held civil office in the United States are impeachable, and that the Senate has jurisdiction to try them, altho years may lapse before the discovery of the offense or offenses subjecting them to impeachment. To such as are may hereafter be among the civil officers of the United States who have no higher plane of integrity than the rule that 'honesty is the best policy,'

this decision will be a constant warning that impeachable offenses, though not discovered for years, may result in impeachment, conviction, and public disgrace."

In the Belknap case, the resignation came not after he had been tried

## Quit Laxatives, Purges; Try NR

NR Tonight—Tomorrow Feel Right

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purges and cathartics and force bowel action. It weakens the bowels and liver and makes constant dosing necessary. Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so. NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best. Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist. B. P. HOPKINS, LUBBOCK, TEXAS

**A FAMILY MEDICINE**

**In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.**

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theford's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theford's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Theford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theford's, the original and genuine. E 79

**UGH! CALOMEL MAKES YOU DEEPLY SICK**

**Stop using dangerous drug before it salivates you! It's horrible!**

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

**FORMER CROSBYTON PREACHER WRITES FROM CAMP BOWIE**

Dr. O. F. Sensabaugh, Presiding Elder of the Abilene District of the Methodist church, has received the following information concerning the work done by the Methodist Service Hall, Camp Bowie, Texas, which is under the supervision of Rev. Will M. Pearce, Camp Pastor. The hall is one of the best located halls at Camp Bowie and two people give their entire time to its management. Writing Rev. Sensabaugh, Rev. Pierce said:

"We have been literally run over in the last few days—thousands have been in our hall daily. Parents, wives, sisters, etc., have come to visit the boys before they left. They have come out early, brought their lunches and stayed long into the night, and some all night around the camp. We have witnessed some heart-breaking scenes. A woman fainted in our hall yesterday. We feel worn out, Mrs. Barb and I both, and now there is perfect stillness and we expect to close up the remainder of this week and rest by doing something else. I wish to do some repair work around here before the new men come, and go out one night fishing, if I can. Hawkins has closed doors for two weeks. As to the work again, the last few days efforts have repaid all that has been put into our hall in affording a place for visitors to meet their soldier friends, and the service that we have been able to render in the way of information and assistance. We held service every night last week except Thursday, and then on Monday night of this week and on Tuesday night, gave a splendid recreation program in the open to which we had 500 men."

Sincerely,  
 W. M. PEARCE,  
 Camp Pastor.

Anyone wishing to help in this repair work communicate with Rev. Sensabaugh.

**GERMANS BEGIN NEW OFFENSIVE SUNDAY NIGHT**

Indications are that the present attack will prove the most ambitious since March 21st when the Germans struck at the British from Arras to Laferre. The front in March was fifty-five miles, while this one is approximately fifty miles. A new feature of this attack is the use of big naval guns to shell towns far in the rear of the lines. The apparent purpose of the Germans in attacking Chateau-Thierry is they believe the allied line is less strong here than at other points. Victories would give Germans command of the communication system by which American and French troops at Verdun and St. Mihiel are supplied with food and munitions. Americans are engaged at Chateau-Thierry and eastward along the Marne northwest of Chateau-Thierry to Torcy and east along the Marne to Jaulgonne. Gen. Liggett has two hundred and twenty thousand men, of the first army corps, in this sector. No Americans are believed to be in the neighborhood of Rheims. Bulletin, 4:00 o'clock p. m.—The front of attack has extended to sixty-five and one-tenth miles, the greatest offensive of the year.

With the Americans on the Marne, July 15.—Conde, where Americans were encountered is probably Conde-

En-Brie, eight miles southeast of Chateau-Thierry. Reports from Vaux at 1:45 o'clock p. m. indicated that Americans were holding their lines in face of a determined enemy attack. The advance was seven hundred yards but Americans withdrew to their original line for strategic reasons. Americans took twenty-eight prisoners.

With the American army on the Marne, July 15.—Germans at daylight Monday launched a violent attack against Americans west of Chateau-Thierry near Vaux. The attack came after violent bombardment with high explosives and gas shells throughout the night. When enemy infantry appeared the Americans swarmed out and met them with withering machine gun fire. Enemy bombardment of towns in the rear of American lines is also under way. Heavy shells are falling on Meuz, twenty-five miles behind the American lines. Latest reports say Americans are holding their own.

With the Americans on the Marne, July 15.—Americans delivered a counter-attack in the Vaux region driving off the enemy. It is reported that the Americans have advanced their own lines several hundred yards, but this report is unconfirmed. Germans also attacked east of Rheims. American-French positions remain in tact. The Americans let them come near and then poured machine gun fire into close positions. Germans put three bridges over the river but were mowed down while passing over. It is clear the German attack at Vaux has been broken down by the Americans. Attack by Germans at Vaux appears to have been a failure.

Americans fought and died where they stood. At other places some Americans strategically retired. Germans made no progress east of Rheims.

Paris, July 15.—Germans began a new offensive last night between Rheims and the Argonne. On the front between Chateau-Thierry and Main De Massiges Germans have attacked, according to official announcement. French are meeting the attack with energy and the battle is a continued struggle on a front of fifty miles.

The following recipes for use of milk as a meat substitute are offered to the householders of Texas who are anxious to help win the war and help to keep strong our soldiers in the winning of the war.

Baptist Church

Troubles has always acted as a spur to send people to prayer and to urge upon men the need of Divine assistance. Never in the history of nations has there been a time when we needed to feel our way back to God and the "Old Time Religion," than at this time. Formal and ceremonial religion has been unmasked and found to be a dismal failure in every way. Simple Christian faith is winning its way in all our hearts. The Holy Spirit is having his way with men. The great central doctrines of the Bible are being rediscovered and emphasized. Man's need of a new heart and a new spirit is so outstanding as to be recognized by all of us. Man's inhumanity is so awful and disgusting as to call loudly for a new birth in man's nature. Like the days of the Reformation as well as the days of Jesus, we are feeling the need of the change spoken of so plainly and fervently by Jesus as he discoursed to Nicodemus on the deep need of the soul, "Verily, verily, Ye must be born again."

Formal and ceremonial religion has filled the churches with unsaved unregenerated, worldly and Godless members who know nothing of the Spirit of Christ and are incapable of holy and brotherly feeling and are as easily swept into hate and murder as are savages. Behold the religionists of Germany, waging the most brutal war in the world's history upon her fellow religionists! Christianity has not failed but Christ has long been driven from the lives of such men while they professed a religion they did not possess. Out of this blood fest will come a new day for simple, sincere, spiritual Christianity. The cold critical rationalistic, materialistic, lifeless and soulless forms and ceremonies must pass with the end of this awful war. Highest Criticism has had its day of boast and pretense and Jesus with his gentle life and spirit must come in to heal and bless the wounded and suffering world. Men are hungry for the higher life of the immortal soul and will heed the call of God's Holy Spirit. Across the sea is coming the constant insistent call for the noblest and best of the old-time preachers and our dear boys in the trenches are asking for the religion of their mother and grandmothers. While they stand for our material defense, let us pray for their salvation and for victory for the simple faith and love of him who calls us to a holy brotherhood of true reborn men who live for the universal good of the whole world.

Services at the Baptist church at

both hours Sunday. The pastor will preach at both hours. The protracted meeting will begin the fourth Sunday in July. Let us all prepare for it by prayer and consecration. Your brother, J. B. COLE.

WILLIAM PIERSON FOR CRIMINAL APPEAL COURT

A former West Texas man asks your support in his race for Judge of the Court of Criminal Appeals of Texas.

In seeking the office of Judge of the Court of Criminal Appeals, I beg to say this word:

I was born in Gilmore, Upshur County, Texas, and was raised partly in Rains County in East Texas, and partly in HASKELL COUNTY IN WESTERN TEXAS; was educated in Baylor University at Waco and took my law course in the State University at Austin; married in Liberty County; began the practice of law at Greenville in 1898; represented Hunt County in the Texas House of Representatives in the 27th and 28th Legislatures; am serving my sixth year as District Judge, holding court at Greenville, Sulphur Springs, Cooper and Emory and have tried in my court many cases of local and State importance, both civil and criminal.

My integrity, fairness and ability are best known to the people of my county and my district and to the many able lawyers of the State who have appeared in my court and to all of them I feel that I may refer, and in this connection I call attention to the endorsements of the Bars of my Judicial District.

I have always maintained that the LAW is supreme and should be administered entirely free from political views or expediency—looking to the established law, the constitution and statutes of our State.

As to my character and fitness for this position I invite inquiry and will cheerfully abide the report of those who know me.

I respectfully solicit your favorable consideration. (Pol adv.) WILLIAM PIERSON.

Mrs. R. A. Sowder, Phone 858

Mesdames F. L. and A. G. Hunt most delightfully entertained the 1916 Needle Club Tuesday afternoon at the home of the latter. This meeting should have been held at the Red Cross rooms but owing to the scarcity of work on hand at this time, the members thought it best to change meetings. Some of those present were working on their knitting for the Red Cross, others were crocheting or doing the fancy-work which appealed most to them. These ladies are patriotic enough to do very little of this kind of work but they took advantage of the moment to finish some articles. A business meeting was held at which Mrs. I. L. Hunt was elected president; Mrs. F. V. Brown, vice-president; Mrs. C. Reed secretary-treasurer. Mrs. Sam T. Davis was selected as a member. Dainty refreshments were served at the termination of the afternoon. Mesdames Squires, Laski, John and Pat Green, Shirley, Niblack and Ed Wilson were guests of the club. Twelve members were present. The next meeting will be at the Red Cross rooms.

A week ago last Sunday the first guests of the house-party, given by Mr. and Mrs. H. V. Edsell began to arrive at their ranch home a few miles north-east of Lubbock. The amusements offered the guests were such as every one, from town or country enjoys, swimming, boating, picnicing, playing croquet. Tuesday evening a party at which various amusements were offered was given in honor of the guests of the house-party. On this evening friends from Lubbock, Idalou and Badger Lake were present. This was followed Wednesday afternoon by a croquet match which included players from several near by places. Friday noon saw the close of this enjoyable occasion. The personnel of the party included Misses Alta Wood, Gladys Collins, Edna Shaw, Frances and Virginia Conley and Mr. and Mrs. J. D. Wood. Part of these were not present during the entire time, but each one named was present most of the time.

Mrs. J. E. Vickers was the delightful hostess of the Auction Bridge Club at the rooms of her mother, Mrs. Mollie D. Abernathy. Three tables were used by the players and the games were more enthusiastic than at many of the former meetings. Nothing is more interesting to one who enjoys playing, than an afternoon spent with congenial friends with the game. A brief business session was held at which Mesdames Roscoe Wilson, Rix and Cook were elected as members. At the close of this most pleasurable affair, the guests were taken to Martin's confectionery where delicious ham sandwiches and iced-tea were served. Mrs. Griffin will be the next hostess to this club.

Mr. and Mrs. E. Lee Brown were given a surprise party by a few of their friends last Friday evening. The time was spent with singing, reading, conversation and other forms of amusements. The hours passed very quickly and at their close, iced-lem-onade and cake were served to Mesdames Ellis, Trinkle; Mr. and Mrs. Wallace Barnes, Misses Jewell, Hamilton and Celeste Ellis; Mr. McKenzie and Dr. Ferguson.

Friday evening, Mrs. A. M. Rankin entertained her Sunday school class, which is class number seven of the Cumberland Sunday school. This class is composed of children from the third and fourth grades in the public school and though there are not many members yet they learn many of the important lessons of life. The class assembled at the home of the teacher and spent a most pleasant time playing games and roasting marshmallows. A delicious supper was served and at a late hour the teacher, assisted by Mr. Rankin accompanied the children to their homes. Each child expressed herself as having had a "good time."

The Peerless Auction Bridge Club was entertained Wednesday by Mrs. McLarty at her home. Three tables were arranged for the convenience of the players. The phenomenal luck of this coterie of players was at its height at this meeting and each of them went away with a good score. Mrs. W. P. Powell was a guest of the club on this occasion. At the conclusion of the afternoon, Liberty Sundaes were served. The next place of meeting was not announced.

Mr. and Mrs. W. H. Price and daughter, Miss Annie Belle, visited the sisters of Mrs. Price, Mesdames J. H. Rhea and H. C. Webb last week. Mr. and Mrs. McWilliams and daughter, also of Waco, joined them Sunday evening and the two families in their cars started on the return trip Monday morning. They expected to reach home about the last of the week.

Mr. and Mrs. Jack Robinson returned Friday from Fort Worth. They were accompanied home by their niece, Miss Gladys Babcock. The many friends will be sorry to learn that while they were gone Mrs. Robinson's mother, Mrs. C. A. Greer, of Fort-Worth, died at her home in that city.

J. W. Carr of this city is enjoying a visit this week from his two daughters, Meses Mallard of Lubbock and Read of Huston. Also his brother, J. A. Carr of Tipton, Okla.; and two old friends, J. M. and W. F. Gray of Byers, Texas. They like this part of the Panhandle.—Floydada Hesperian.

Hon. W. H. Bledsoe went to Tulia Wednesday in the interest of Gov. Hobby's candidacy.

Mrs. W. S. Bledsoe is visiting her mother, Mrs. Summers in Cleburne. Mrs. F. L. Childers was called to Hubbard City Tuesday by the illness of her father.

Miss Pauline Von Rosenberg is enjoying a vacation in Colorado.

Miss Tess Rhea left Sunday for Post City where she joined her brother and family and went to Waco and other Central Texas towns. The trip from Post City was made by auto.

Mrs. Amelia O'Neal is visiting at Hillsboro. She will return about the first.

Mrs. Esthie Lee P'Pool, of Munday, Texas, spent this week with her sister-in-law, Mrs. C. L. Fry. Last week Mr. and Mrs. Fry had as their guests Mr. and Mrs. W. L. Alford and family of Anson. Mrs. Alford is a sister of Mr. Fry.

Mrs. D. Robinson will leave soon for an extensive visit to friends in Virginia, Oklahoma and California.

Mr. and Mrs. Frank Winn spent a few days in Lubbock en route from their ranch in Colorado to Austin. Mr. Winn will enter the army at that place as a volunteer. While in the city they were Dr. and Mrs. Peebler's guests. Mr. Winn will go to Austin soon.

Miss Lebur, of Dallas, is the guest of Mrs. Wallace Barnes.

Miss Verbena Barnes, of Big Spring, spent Sunday in Lubbock, the guest of Rev. and Mrs. Lyon. Miss Barnes was returning home from a tour of the Western cities and towns in the interest of Gov. Hobby's candidacy.

Miss Carter, of Rockwall, is visiting Lilly Bradley.

Mr. and Mrs. Geo. M. Boles and family left Wednesday for San Antonio, where they will visit Buell Boles who is in training at Camp Travis.

Mrs. Grover C. Merrill has as her guests her mother, Mrs. I. J. Hicks, of Santo and Mrs. Ed Graves and baby of Fort Worth.

Mrs. N. A. Murray, of Warren, Ark., arrived last week and will spend several weeks with her son, Rev. and Mrs. A. A. Collins.

Mrs. J. E. Cannon went to Sweetwater Monday to meet her mother, Mrs. D. E. Cannon, of Sterling City, who will remain in Lubbock for an indefinite visit.

Mr. and Mrs. M. S. Ruby are visiting in Cameron and other points in that vicinity for a few weeks.

### THE SOLDIER'S FAREWELL

By Geo. M. Hunt, Lubbock, Texas

Good-bye sweetheart, I'm off for France,  
And soon will cross the Sea.  
I only ask, when I am gone,  
That you'll remember me.

We've met each other many times,  
In sunshine and in shade,  
And may we treasure in our hearts,  
The pledges we have made.

How often we have sought the shade,  
Of some old apple tree,  
And talked of happy days to come,  
That wait for you and me.

We've sat beneath its spreading boughs,  
And heard the rustling leaves,  
Where we have watched the evening star,  
On pleasant summer eves.

While ling'ring in the mellow light,  
Of Luna's smiling beams,  
That we would have a cottage home,  
Has been our fondest dreams.

We've listened to the nightingale,  
When singing in the trees,  
While sweet perfums from flow'ry land,  
Was borne on every breeze.

But now my country calls for me,  
And we must say good-bye,  
Perhaps we may not meet again,  
But darling do not cry.

I trust, when I am far away,  
That you may still be true,  
And when I hear the bugle call,  
My thots will turn to you.

I'll call to mind the happy days,  
Before we had to part,  
And when, beneath the silent stars,  
I've pressed you to my heart.

I know you will be proud of me,  
If I should bravely stand,  
And fight beneath the Stars and Stripes,  
That float in ev'ry land.

But now, as I am leaving you,  
'Tis sad to say good-bye,  
Yet with us still sweet thots remain,  
That true love can not die.

We want your infertile eggs and are paying thirty cents per dozen. Bring us all you have. Hunt Grocery Company 3-1

### GERMAN DEAD ARE PILED HIGH UPON MARNE FRONT

With the American Army on the Marne, July 15.—The German prisoners captured in the counter attack by the Americans at the bend on the Marne number between one thousand and fifteen hundred. They include a complete bigrade staff.

With the American Army on the Marne, July 15.—A strong American counter attack south of the river bend completely upset the Germans, who broke in retreat. The American troops drove the enemy back all the way to the railway, skirting the Marne in the region southwest of Jaulgonne. This position now is being held.

In the counter-attack many prisoners were taken. They included a major, two captains and 400 men so far counted.

The French general commanding the groups of armies on this sector sent a congratulatory message this evening to the American general commanding the forces which beat back the enemy.

At five o'clock this evening the Germans were heavily shelling the American forces, but were getting shell for shell in return, and their fire seemed to be diminishing.

The Vaux district is comparatively calm now. On the American right heavy fighting is in progress.

**Deadly Bullet Stream**  
American machine gunners along the river assisted materially in breaking up the early Boch plans, for they stuck to their posts and poured deadly streams of bullets into the enemy and only withdrew when their guns were so hot they could not be fired. One group of machine gunners happened to be in a place where the Germans were anxious to erect a bridge, but their efforts were fruitless. The American bullets piled the German dead on the opposite side of the river and every time the enemy skirted to cross.

South of Jaulgonne, the enemy crossed the Marne this morning on six pontoon bridges hurriedly thrown over the stream and masses of infantry swarmed forward. The artillery constantly had the bridges under the heaviest fire and at least two direct hits were made, two of the bridges being blown up.

After sharp artillery work, German troops advanced behind a great cloud of smoke, which completely obscured them for a time from view. The low visibility also aided the enemy in his operations.

**Americans Are Best**  
The correspondent talked with some American soldiers now in the

hospital, who were in the thick of the fighting this morning. They were in complete agreement that the German infantry was no match for the Americans.

This is evidenced by the reports from all the American hospitals, there being only a few cases of wounded from rifles and machine gun fire, while most of the men are suffering from shrapnel wounds. Some of these cases are serious.

The fighting continues with fierce intensity in this district, while the battle rages with equal ferocity on the right, where the French and reported to have delivered a smashing blow against the enemy. From this section of the battle front it appears that the German offensive, at least for the time being, has been badly shattered.

The Americans now command the river front at the bend. At the left of the bend the famous German tenth division has made repeated attempts all day to cross, but all assaults have been smashed by the splendidly directed fire of the American gunners, and not a single German had

### Weekly Digest of the Latest War Reports

#### Photographs of Navy Heroes Wanted

The Navy Department is collecting photographs of enlisted men who lose their lives in the war that their memory may be perpetuated. Secretary Daniels asks relatives or others having such photographs to lend them to the Navy that copies may be made for the Navy's records. Originals will be returned to the owners as fast as copies can be made.

A photograph of each man is to be forwarded by the Navy Department to the training station where he began his career in the service. At each of such stations a memorial gallery of honor or a hero's corner is to be established so that for all time the face of the man of the Navy who has made the supreme sacrifice may be honored by the youth of the future sent to the station for training.

All pictures, loaned or contributed, should be securely wrapped for mailing after they have been marked with the name, branch of service, and training station the young man entered after enlistment. They should be addressed to the Recruiting Division, Bureau of Navigation, Navy Department, Washington, D. C. Care will be taken to return safely the photograph to the sender, when desired, together with one of the copies made of it.

#### Size of Army Camps and Cantonments Increased

More than \$22,000,000 have been expended during the past six months under the direction of the Construction Division of the Army in making additional improvements to camps and cantonments. This sum does not include the cost of additions to the hospital equipments or the improvements made at other Army stations. The improvement work consisted of additional buildings for housing the men and providing for their comforts and needs. Among buildings erected were quarters for officers and nurses, repair shops, additional barracks, coffee-roasting plants, kitchens, and bakeries, and theaters. New roads were laid and sanitation works improved and extended.

Many additional buildings are contemplated, and general construction work will be rushed to completion during the summer and fall. In some instances the camp work has been extended to drainage of an entire district surrounding the camp to remove danger of disease arising from the proximity of swamps.

Liberty theaters have been erected at all national Army cantonments. Each of these theaters has an average enclosed seating capacity of 2,000. Theaters and amusements halls have been erected also in the National Guard camps and at other points

#### Information Service Bureau Expands Rapidly

The Service Bureau of the Committee on Public Information has taken over various departmental independent information bureaus at Union Station, Washington, will consolidate and reorganize them and be prepared to give all visitors accurate information on Government business and the names and location of those clothed with authority to speak and act for the Government.

Since the service bureau opened offices May 1 it has built up a card-index system with 50,000 entries, many of the cards being subject to daily revision and correction. In a recent week the bureau handled 1,630 visitors seeking special information and answered an average of 150 query letters daily.

#### Newspapers Must Economize on Print Paper

Because of an acute shortage in the supply of paper the War Industries Board announced, effective July 15, the following preliminary economies to be enforced by newspapers publishing a daily and weekly edition:

Discontinue the acceptance of the return of unsold copies.

Discontinue the use of all samples or free promotion copies.

Discontinue giving copies to anybody, except for office-working copies or where required by statute law in the case of official advertising.

Discontinue giving free copies to advertisers, except not more than one copy each for checking purposes.

Discontinue the arbitrary forcing of copies on news dealers (i. e. compelling them to buy more copies than they can legitimately sell in order to hold certain territory).

Discontinue the buying back of papers at either wholesale or retail selling price from dealers or agents in order to secure preferential representation.

Discontinue the payment of salaries or commissions to agents, dealers, or newsboys for the purpose of securing the equivalent of return privileges.

Discontinue all free exchanges.

Southern farm boy-club members produced in 1917 food and feed valued at \$4,019,121, the Department of Agriculture reports. A total of 115,745 boys were enrolled in regular clubs in 14 States.

#### Student Nurses Enter Camp Schools

Three hundred applicants for student nurses to enter training schools in the base hospitals at cantonments were accepted recently. There have been more than a thousand applica-

tions for entrance to these Army schools of nursing since the Government sent out its call for student nurses.

The majority of those offering their services have been college women, or women with a complete high-school education. The training units will be assigned, it is expected during the present month. Each unit will number 25 to 30 student nurses and will be supervised by an accredited and competent nursing instructor and by a trained woman, who will be responsible for the physical welfare and recreation.

#### Crack Navy Gunner Stops Submarine

The fourth shot from a gun manned by a Navy armed guard on an American merchant ship struck the conning tower of a German submarine, which attacked the ship May 12 last at 1,000 yards distance. The submarine was compelled to submerge after having launched four torpedoes, two of which missed the steamer's bow by about 12 feet. Chief Gunner's Mate Harry R. Chambers, commanding the armed guard, was commended by Secretary Daniels for efficient conduct.

#### A LETTER FROM CLAUD W. BAILEY

American Red Cross Military Hospital No. 1, June 19.—Dear Father: I will write you a few lines to let you know that I am coming on fine, the doctor says. He says that I will soon be on my feet again; probably in two or three weeks. But my leg won't stand much walking for maybe two months. But believe me we are sure making the "Fritzes" jump around over here now, and I hope to make some more jump for this little spell in the hospital.

I sure thought for a while that you were going to get to collect my insurance, because it was hell for a while, but we soon put them on the run, and we can do it every day in the week. Although they may get some of us, we get four or five of them for every one of us that they get.

We thought when we first came up to this front that the huns were pretty good scrappers, but they are yellow, clean thru, and theacherous as a snake. When you get up pretty close to them they will throw up their hands and cry "Kamerad" and just as soon as you look the other way, they will throw a grenade under you if you don't watch them, but we soon got wise to them, and they don't start anything but what they get the worst of it. And they are learning to respect the Americans boys, more and more every day.

Well I hope that this finds you and all the kids all well and enjoying the best of health. And you must all write to me as often as you can, for I haven't had a letter in about a month now. I have been in the hospital about two weeks and I guess that my mail is still going to the company. Address all of my mail to this hospital now. I don't know what my address will be when I leave here. I don't know whether I will go back to my company or not.

Well I will close for this time, hoping to hear from you soon,  
Your son,  
CLAUD.

Mrs. McCombs, of Dallas County, sister to Mrs. J. W. Hooker, is visiting here for a few days.

### NEWS ITEMS ABOUT THE CENTER FOLKS

Crops are still growing, but very slowly, on account of the want of rain. Most everyone is up with his work now.

Our Social Center met last Wednesday night week, and a nice little program was rendered. There were also several candidates there, who spoke.

Young Bowley and family from New Mexico, are here visiting his father, Mr. R. W. Bowley. They report every thing very dry out there and crops are dried up. We think they are going to locate somewhere near our community.

Mr. Rainwater was through our community Monday buying eggs for setting purposes.

Elvis Abney and wife spent Sunday with the former's brother, Edgar, Sunday.

Mrs. Earnest Jones entertained the young people of our community Sunday evening with a singing given in honor of Velma Porter. Those present were: Misses Rosa Mae, Goldia and Willie Jones, Ada and Velma Voyles, Velma Porter and Madge Abney; Messrs Earl and Will Bowley, Homer, Verner and Royce Voyles, Alton Tedford, Robert Noyers, Dick, Habbinge and Floyd Shipman.

A good crowd attended Sunday school and a very entertaining lesson was rendered by all classes. We had five visitors and would like to have still more next Sunday.

Mesdames Eugene Emery and W. D. Haney were the guests of Mrs. R. H. Haney last Wednesday afternoon. Floyd Shipman, from near Slaton, spent Sunday afternoon with his Center friends.

Earl Bowles left Monday for Kansas, where he will work until the harvest is over.

Several of the people of our community started to the box supper at Monroe Saturday night, but the clouds looked too much like rain, so very few went.

We are very glad to hear that Mr. Norwood's family are almost over with the small-pox, and that it did not hurt them very badly.

Mr. and Mrs. Abney spent Tuesday afternoon with Mr. and Mrs. Voyles.

This section of the country was blessed with a nice shower Tuesday afternoon and every thing looks very favorable for a good rain and good crops. Some say they got over a half inch of rain, which was appreciated by all, but still more would be very useful toward the growth of the crops.

Ewell Haney is on the sick list this

week. Mrs. N. A. Myers and her sister, Mrs. David Myers were on the sick list Sunday.

This is a splendid recipe for putting up beets: Select nice tender beets about the size of a medium teacup and after peeling them as you do for any other kind of pickling, cut into quarters and put into a vessel, put equal parts of water, vinegar and sugar. Let strike a boil, then remove from fire. They are then ready to serve, but are better after they are cold. Another good hint to cause the beets to hold their color: Put them on to cooking in boiling water.

### LOCAL ITEMS FROM THE LITTLEFIELD NEWS

W. P. Soash, of San Austine, Florida, a man who has spent many of his best years in the development and settlement of the great plains country, came all the way from his Florida home to offer his services to our state as a member of the Texas National Guard and will make Littlefield his home until this company is called into service.

Captain Arthur P. Duggan and wife, Miss Alice and Master Arthur P. Jr., visited the family of T. E. Duggan, of Lubbock Sunday.

The News notes the fact that M. T. Jacobs, at one time one of the hustling Commercial Secretaries of Lubbock, has been appointed Secretary to the Chamber of Commerce of Florence, Alabama. Mr. Jacobs is a booster and a builder of the first class and will extend the trade influence of Florence beyond her natural confines if the board will follow his lead. We congratulate Florence, but must admit that Mr. Jacobs is "hooked up" with a fast little Miss that will make him hustle if he leads her.

Messrs Joe Tarwater, of Snyder, and B. L. Fain, of Lubbock, are with the Lubbock Dry Goods Company this week in the shoe department. These men are experts and will give you a fit while the big sale is going on. R. I. Castle and Miss Opal Ellis are also assisting in the sale.

O. R. Phillips is in San Angelo this week.

Come to Lubbock.

### TO THE VOTERS OF LUBBOCK AND ATTACHED COUNTIES:

The date of the Democratic primary is drawing near, and I find it will be impossible for me to see every voter personally, therefore I am using this method of giving you some facts concerning my qualifications for the office of County Treasurer.

I have been a resident of Lubbock county since June 1909, continuously. On October, 1912 I was employed by the city of Lubbock as an assistant to the City Secretary and had charge of the books and accounts of the city, in that capacity for a little over three years and when a vacancy occurred in December 1915 in the secretary's office, I was appointed by the "City Council" as City Secretary till an election could be held to elect a successor. This election was held on February 5, 1916, at which time I was elected over my two opponents by a majority of 87 votes and held the office till March 1, 1918, having no opponent in the general City election first preceding. At this time I resigned the office of secretary. With this record to back me, I believe you will readily agree that I am qualified to fill this office to the credit of myself and the people of these counties. I will appreciate very much your vote in the coming primary, and your influence among your friends and neighbors in my behalf.

J. W. LAMB,  
Candidate for County Treasurer.

We desire to express our very great appreciation to those who so lovingly and tenderly come to our assistance in the hour of our late bereavement in the death of our son, David Murton Judd.

Words fail us when we try to tell the appreciation of the touch of a sympathising hand or a comforting word from a true and loving heart. Especially do we appreciate interest shown by the T. O. F. and W. O. W., but more precious still, the grand old church of the Living God.

Thanking you one, and all, for every kind act and every flower bestowed, assuring you that it will always be remembered by,

#### Some Valuable Information Regarding Food Administration

The 5,000,000 people of Texas affected by the Food Control Act since the inauguration of the Voluntary Wheat, Meat and Sugar ration have shown an eagerness to learn in detail the origin of the Food Control Act and its application with respect to the distributor and to the consumer. For this purpose the Federal Food Administrator for Texas has prepared a set of food questions and answers, which will explain in a simple and direct manner, principles which underlie the food control act and its nation-wide application. This set of question and answers will appear from day to day in the newspapers of Texas beginning June tenth.

1. What is the United States Food Administration?

A government organization created as a war measure to meet all food problems, national and international.

2. How was it created?

Congress gave the president power to create it by executive order.

3. When was it created?

August 10, 1917.

4. What work was begun before this date?

On May 17, 1917, the president requested Mr. Herbert Hoover to take over the proposed task of food administration, and on June 12, 1917, he urged Mr. Hoover to begin assembling the voluntary forces of the country to save food.

5. What is the purpose of the Food Administration?

(a) To secure sufficient food for our civilian population, for our soldiers, for the soldiers and civilians of our associates in the war.

(b) To stabilize prices by abolishing speculation, hoarding and profiteering.

6. What does the Food Administration ask of the American people?

To save wheat, to save meat, to save sugar, to save fats, to save transportation, to eliminate waste, to substitute other foods for those we are asked to save, to eat only as much as we need.

7. How can these things be accomplished?

By increasing production, proper distribution, control of exports and checking of speculation; but chiefly by the voluntary effort of every man, woman and child in the United States.

8. Is the entire work of the Food Administration done from the central office in Washington?

No; the work is decentralized. Every state has its own Federal Food Administrator recommended by Mr. Hoover and appointed by the president.

9. What is the meaning of the term "Decentralized?"

Removing some of the functions of an organization from the central authority to local authorities.

10. Why cannot all administrative work be done in Washington?

Because state laws and local conditions vary so greatly; but the central authority remains there and all policies are decided by the United

States Food Administration.

11. How is the work in each state decentralized?

Through the appointment of its Federal Food Administrator in his work as a county chairman or administrator for each county.

12. What assistants has the Federal Food Administrator in his work? State and County Administrators are aided by home economic directors; by merchant representatives, who look after the stores; by hotel chairmen, who supervise hotels and restaurants; by library directors, who render service through the public libraries; by educational directors.

13. Do the Federal Food Administrators of the various states keep in touch with the United States Food Administrators in Washington?

Yes.

14. How?

By frequent conference and constant interchange of information relating to national policies and local conditions.

15. What salaries are received by the United States Food Administrator and the Federal Food Administrators of the different states?

They receive no salaries; they give their service to the government.

16. Why does the Food Administration seem to change its policy in many of its rulings?

Because, although the purpose remains the same, new factors constantly arise in our present disturbed condition, with method and policy to that purpose.

**Beef**

17. Why is beef one of the meats we are asked to save for the Allies? Because it is a concentrated food and keeps well.

18. Is there a shortage of beef in Europe?

Yes; there has been a large decrease of cattle in Europe since the war began.

19. Why is it difficult to raise cattle there?

Because of lack of men to tend cattle, insufficient fodder, and no means of growing enough fodder because much land has to be plowed up for grain or other human food.

20. Why is cattle shortage particularly serious?

Because it means not only less meat but also less milk.

**No Worms in a Healthy Child**

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or digest the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

P. Von Rosenburg and son, Wesley, left Wednesday for Austin. Wesley went to join the colors as a volunteer, and will take an eight weeks course with the engineering corps, after which he will enter the services of Uncle Sam wherever he is best suited and the department sees fit to place him.

#### GIRLS! WHITEN YOUR SKIN WITH LEMON JUICE

Make a beauty lotion for a few cents to remove tan, freckles, sallowness.

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quarter pint of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

#### Under the Tents at Camp Travis

From the moment the soldier's food enters the door of his company kitchen it is subject to the severest system of regulation, sanitation and economy. Perishable articles go at once to the huge refrigerator, where a whole quarter of beef can be hung without crowding. Potatoes, onions and similar vegetables to specially constructed bins, while canned goods and packages are aligned in rows on the storeroom shelves. The refrigerator is emptied once a day and scrubbed out thoroughly with boiling water and soap. The floor and shelves of the storeroom are treated likewise so that a linen handkerchief might be passed over either without being soiled.

No meat is served in an army mess hall at Camp Travis until all bone has been removed. The bone is cut into suitable size and warmed up gradually in order to extract all juices for soup stock. The various cuts of meat are as well known to the kitchen force as to any butcher, and we be to the student cook who undertakes to make roast out of sirloin, or steak out of brisket.

In the mess hall, posted in prominent places, will be found signs such as "Take All You Can Eat—Eat All You Take." And thereby hangs a tale. As the men finish their meal they take their aluminum pan and cup, together with knife, fork and spoon that make up the army table equipment, to large galvanized iron cans, some of which are for refuse, and others contain hot water where each man washes his own utensils. At the refuse cans stands a guard who notes what goes into them and takes the name of every man who has failed to "lick his platter clean." The list of names goes to the mess sergeant eventually and the men on the list go to the kitchen as K. P. there to apply the hot water and soap, peel potatoes and onions and otherwise make themselves useful for two or three weeks each. The penalty seems severe for the mere matter of leaving a tiny crust of bread or bit of meat in the plate, but one or two examples among the newcomers usually puts a stop to all waste at the table.

In the use of leftovers army cooks are experienced and accomplished. One reason for their cleverness in this regard is that particular attention is paid to this in their training. Another is the fact that the big refrigerators allows them to keep leftover food for a day or so before it reappears on the menu, so that sameness in meals is avoided.

Even the garbage is arranged for and carefully sorted and disposed of. Tin cans are washed, labels soaked off, and the cans strung on wires for recovery of the tin by reclamation processes. Kitchen waste is divided into classes so that contractors who buy it may handle it to the best advantage. Bread which is unfit for human food forms one class, cooked meat of similar character—another class, raw fats and meats which have been condemned by health authorities

another. Cooked grease discarded as of no future value for human food, bones, and the like are also separated, while care is taken that broken glass and substances which might make garbage unsuitable or dangerous as animal food is otherwise disposed of.

After classification each class is weighed and record kept of the weight and forwarded to the camp conservation and reclamation officer. In this manner a complete statement of the waste accumulating at every company kitchen in camp is available and any excessive amounts are at once investigated. The very garbage containers themselves are subject to regulations, and in practically all organizations in Camp Travis are housed in screened-in sheds built for the purpose. In this manner flies are shut out from their happy hunting grounds, and recruits not infrequently remain in camp several weeks before they see their first specimen here of this household pest.

MOODY, TEXAS.—"I gladly recommend Dr. Pierce's Favorite Prescription and the Lotion Tablets. I believe I would be in my grave if I had not used these medicines. I was so nervous I was a wreck; was not able to do my housework. Dr. Pierce's Favorite Prescription was recommended to me. I had taken it but a day until my nerves were quieted down and I could sleep at night. I had not taken more than half a bottle before I noticed a marked improvement, so I continued. I then got stout and did as much work as five other women. I had a hurting in my side and a bearing-down, but the medicine put a stop to that. I am glad to recommend Doctor Pierce's medicines."—MRS. There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. We canned English peas, snap peas, corn, beets, squash, cabbage, Swiss chard, plums, and rhubarb. Some was cooked in steam pressure canner, and others by hot bath and three day process. Some was packed for home use, other jars was packed for exhibit.

**J. L. LACKEY PRESENTS HIS PLATFORM**

To the voters of Lubbock County: I have endeavored to meet each of you and present to you a card upon which is printed some of the main planks of my platform so that you might know the things for which I stand. But I find it utterly impossible to see all of you, so I am presenting it to you through the columns of your home paper:

"Increased production is Necessary to Win the War—We must win it. My plan to increase production is: Let the producer be paid WELL for his products and the worker be paid WELL for his work.

"I am against price-fixing on ANY necessity, unless it is fixed on ALL necessities.

"I am against the creation of any board that will take from the President any of his constitutional powers.

"I am for spending all the money necessary to win the war, but none to enrich corporations or individuals.

"WOMEN do not waste food; Congress should NOT waste any money.

"I am in favor of amending our immigration laws so that NO MORE undesirable aliens can get into our country.

"I am in favor of Congressmen paying the SAME AMOUNT of income tax on their salaries as OTHER people have to pay on incomes of the same amount.

"Our National Democratic Convention two years ago ordered by an overwhelming majority that women be given the right to vote; they now only have the right to vote in the Primaries. I shall strive to see that the mandate of the convention is carried out and that they be given full right of suffrage."

I have always thought a candidate for Congress should tell the people how he stands on national issues, so that they can judge him and I have done so.

So far as I am informed, Mr. Jones has no platform but his picture with a statement thereon that he is for winning the war in the shortest possible time, and in favor of subordinating all other issues. I will say that I heartily endorse the first part of the statement. But I cannot agree with Mr. Jones that the issues of vital interest to the farmers, stock-

Because the class of people above mentioned supply every essential implement of war, and without them the war cannot be won in a short time, or any time so far as that is concerned. So if I am elected, I will strive to help them so that they may be able to supply the necessities to carry on and win the war in the shortest time.

If I am elected, I promise you:

1. That I will not forget your interest.
2. That there will never be coming from me any peace talk, or peace resolutions, until Imperial Germany saks our commander upon what terms she may have peace.
3. That I will not speak one way and vote another.

I respectfully ask you to vote for me, if you think I am right.

### TO THE DEMOCRACY OF 72nd JUDICIAL DISTRICT

Ladies and Gentlemen:

In my candidacy for district attorney I wish I could see and talk to every voter in the district, but as our district covers eight organized and two unorganized counties, of course it is impossible for me to do so.

In entering and making this race, I have done so with a full realization of the effect the performance or non-performance of the duties of this office will have on our district, and my candidacy is based on my belief that I can satisfactorily serve you.

I feel that if I know anything it is Texas people. I was born in Texas, have lived here all my life, and about one half of that time in the West.

I know our people to be law abiding and strongly favoring and lending their assistance in the enforcement of law, and that with the officers manifesting the same spirit as our citizenship, our district will remain as it is now, 'an open door country', practically free of crime.

If you shall honor my ambitions with this office, I have just this one promise to make you: I shall take our laws as our Legislatures have made them, and, irrespective of person or place, devote my best efforts to vigorously prosecuting violations of these laws to the extent that our citizenship shall not be imposed on by a criminal class, but that every violator of law shall be dealt with as our laws provide, to the end that when my term of office shall expire I may return to your keeping as nearly as possible, a crime free district.

I have given nearly twenty years to the study of law, have been actively engaged in practice for fourteen years; the records of my cases will be found from the trial courts up to our Supreme Courts, civil and criminal, and with pleasure I refer you to those records as evidencing what qualifications I have.

Also, irrespective of any personal preference any lawyer in our district may have, I refer you to every one of them as to my record as a lawyer.

My home people, knowing me best, have given me the unqualified endorsement as a citizen and a lawyer, of every county officer of Dawson County, every city officer of Lamesa, and of every business firm and business man in Lamesa, my home town.

I trust I may be honored with your friendship and support in my candidacy for this office, and as such officer I shall always endeavor to have your verdict this—"He gave us one hundred per cent service".

Very truly yours,

GORDON B. McGUIRE.

### GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. "Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

### POST CITY POST EDITOR JOINS Y. M. C. A.

The Signal published last week that W. O. Kent, editor of the Post City Post had decided to go to war and take up Y. M. C. A. work and that Mrs. Kent would have charge of the Post. This week it is learned that Mr. Kent is gone and that their residence was destroyed by fire Saturday night and that the Post has suspended business.—Snyder Signal.

Miss Rankin will probably have no opposition for the republican nomination for senator, to succeed Senator Walsh, of Montana. Some other aspirants, elsewhere, would like to borrow her recipe for clearing the track.

### INTERESTING LETTER FROM NEW HOPE COMMUNITY

We are glad the price of ice has come down a button hole. At least, we can drink a glass of cool buttermilk with a clear conscience. We'd like to see some of the necessities lose some of their wing feathers, for instance, shoes. We farmers' receive from five to eight cents per pound for hides and pay from ten to fifteen dollars for a very ordinary looking pair of shoes—and very often they are both for the same foot. No wonder the farmer sneaks a bottle of acid through the Pearly Gates to try the gold in his harp. He had been fooled so much in this world he had lost confidence in all. But after all that has happened, we continually hear the cry: "Ferguson is a friend to the poor-tenant farmer" and "He has done more for the rural schools than any governor Texas ever had." But do you know that for every \$8. he helped our schools we paid about \$60 taxes. The taxes went about nine times higher during his administration than they should have been. He's trying, now, to win the vote of the country women by saying mean things to them about the city women.

Grandma Quiet expects to leave in a few days to spend the summer with her son in Arkansas.

Rudolph Huber and family spent Wednesday with Rev. and Mrs. J. M. Earles at Southland.

Dave Hoffman and family, of Slaton, visited his sister, Mrs. T. A. Batten, Sunday.

Mark Kinkler continues to improve the convenience and comfort of his home place by additional buildings. He is now working on a large barn.

Rev. D. C. Ross will begin a protracted meeting at New Hope on Friday night before the second Sunday in August. He will be assisted by Rev. T. C. Willett, of Slaton. It is to be hoped that the dances and Sunday forty-two games will be waning by that time.

### SPECIAL TAX FOR MAINTENANCE OF PUBLIC SCHOOLS AND FURNISHING FREE TEXT BOOKS.

House Joint Resolution No. 27. Proposing an amendment to Art. 7 of the Constitution of the State of Texas by changing Sec. 3, providing for a thirty-five cent tax levy for the maintenance of the public schools of Texas, and providing free text books in public schools of the State of Texas, and making an appropriation therefor.

### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 3, Article 7 of the Constitution of the State of Texas be changed as follows (creating a new section 3):  
"Sec. 3. One-fourth of the revenue derived from the State occupation taxes and a poll tax of one (\$1.00) dollar on every male inhabitant of this State, between the ages of twenty-one and sixty years, shall be set apart annually for the benefit of the public free schools; and, in addition thereto, there shall be levied and collected an annual ad valorem State tax of such an amount not to exceed thirty-five cents on the one hundred (\$100.00) dollar valuation, as, with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this State for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this State; provided, however, that should the limit of taxation herein named be insufficient, the deficit may be met by appropriation from the general funds of the State; and the Legislature may also provide for the formation of school districts by general or special law without the local notice required in other cases of special legislation; and all

# Lubbock Dry Goods Co's. CLEARANCE SALE

## Special Values in all Departments

Our 20 days Special Sale began on time and is doing fine. A large, varied stock of reliable merchandise from which to secure anything you want, with 10 to 75 per cent discount off regular prices make it easy for shrewd money-savers to decide what they should do. Although we have lots of goods of which we wish to dispose during this sale, it is almost certain that many lines must be broken before the sale closes. It is important therefore, that you come early for the choice of selection. However, it is our purpose, as far as possible, to keep our lines full and our prices down during the sale, for we wish you to know this is not a "quit-business sale" but a great profit-sharing with those who patronize us. It's a trite old story about the scarcity and continuous rise of merchandise, but it's truth is becoming more and more realized.

#### A MAN

Never before in history has there been a demand for a man, as there exists at this time. A man, a real man, is the need of the hour and the manhood of this nation certainly has the opportunity of a life time to prove themselves sterling. Just any old thing that wears pants does not suffice, but real tested and tried manhood is the kind that it takes to make good and keep the machinery of this great nation moving along. Every department must work together, just like the wheels in the watch, the clock or the larger and more powerful machines, and if they do not, the result is the handicap, hindrance, delay, which might cause defeat.

Let every man stand fast—with a determination to do or die. The war must be won. We must all have a part in the winning of it. We are at least a cog in some wheel of the great governmental machine that is in motion to overthrow the kaiser in his mad ride over the smaller and defenseless nations of the land. We must stand in defense of our country, in defense of humanity, in defense of civilization. We may never be called upon to shoulder a rifle, but we have a duty to perform if we are a true citizen of the great United States, and let us be willing to do that duty. If it is conserving food, if it is buying thrift stamps, if it is buying liberty bonds, we can do the manly thing and receive the reward of the faithful. Be a man!

The federal penitentiary at Atlanta is to be equipped with machinery for the manufacture of cotton fabrics and other cloths, to be sold to the War and Navy Departments.

The Lubbock Avalanche says, "It doesn't look good nor right to see the women folks working all the time at home or in the Red Cross rooms, and see a bunch of big strapping fellows running a 42 game in some office down town. We believe that more profitable occupations might occupy the attention of the people in these drouth and war times. It is no time for idleness and the men folks should be putting in all the time at more profitable jobs." To all of which we say amen. And we can go further and say that more of the women could employ their time better by working for the Red Cross than by pulling off social stunts. The Red Cross work room here needs more workers every day, but can't get them. Many women are engaged in some kind of business and have no time for Red Cross work, but there are many others who have nothing to do but look pretty who could be helping to win the war by doing some good war work.—Wellington Leader.

This is no time to be electing men of unobtainable qualifications to the offices of the state. Elect men who have been found true to the cause of the nation, in the hours of war, and eliminate all the wrangle as to whether or not certain men may be legally qualified to take his seat if elected. Gov. Hobby has proven himself in perfect harmony with the Federal Government, and is willing for the people to have a chance to choose for themselves in those issues that concern them. What better could we want. Vote for Mr. Hobby for Governor, and the long drawn out litigation that would be sure to follow the nomination of Ferguson, will be eliminated.

### MANHATTAN PARLOR

O. R. PHILLIPS, Proprietor

Why is it, may we inquire, that if Jim Ferguson isn't cutting any figure in the gubernatorial race, are the organization politicians and organs taking on so about his candidacy?—Roaring Springs Reporter. Wouldn't you take on, Ward, if you had the belly ache? The idea of Ferguson again having a chance to make a "ramp out of himself as governor of Texas gives all honest people the belly ache—hence the "taking on."—Matador News.

It is just like Jim Ferguson to expect the women to vote for him after he has tried his best to keep the right of suffrage from them, and treated them with scorn, when they visited him in his office on a mission of humanity. The women of Texas should rise up in their might and resent such treatment. He should be MADE TO RESPECT THE WOMEN, if he has not enough manhood left to do so without being forced to.

Thanks to the German press, the people of that nation are lead to believe that America only has a handful of men over in France and we are not in the way of a great German victory. So long as they continue to believe that, the easier they will be to lick. Eat 'em up Sammies. We believe there are more than a million fighting American in France, and the German soldiers believe there are twice that many.

It cost Germany \$16,405 to bribe Italian sailors to blow up the Italian battleship Benedetto-Brin. What this country would like to know is how much it cost the Hun to start those \$10,000,000 fires in New York and Baltimore; also the cost to the Hun of financing political campaigns in America. What a showing it would be if the world could get a look at the Hun pay roll.

Jim Ferguson is credited with saying that he would rather associate with his cattle and hogs on his ranch than the politicians at Austin. We are taught to love our enemies and for that reason we hope that he will get his choice in this instance and we believe more than 156,500 majority against him will give him a free pass up salt river to his ranch.

Senator Swanson, of Virginia, who succeeds Tillman as chairman of the Senate committee on naval affairs, has been for many years an advocate of a great American navy. On June 8, 1912, in a speech in the Senate, he described the naval preparations which Germany was making, and asked whether this was merely "for show and parade."

Secretary of the Interior, Franklin K. Lane, has outlined a plan whereby the soldier who returns from war may, if he so elects, acquire a farm out of the 15,000,000 acres of public land still owned by the government, and have it equipped, and would be given forty years to pay for it.

Inquiry is to be made, in accordance with a Senate resolution, as to the advisability of connecting Chesapeake bay, Delaware river, New York bay, and Massachusetts and Buzzard's bay by a series of canals. This project would open an inland water route from Washington to New York and Boston.

The Russellites who were arrested for obstructing war preparations, have fixed the millennium for 1925. One, Emperor Charles, author of the letter to "my dear Sixtus," would like to know why they have put it off so far. He is ready for it, right now.

"We have learned," said Secretary Daniels to an audience at the Y. M. C. A., in New York, "that if a man would shoot straight, he must live straight." Fighting straight, living straight and shooting straight, America is going to win straight away.

Hon. J. W. Crudington has withdrawn from the race for Congressman from this district, thus leaving the race to Marvin Jones, the present incumbent, and J. L. Lackey, of Claude, Armstrong County.

Siberia, once the prison house of Russia, seems to offer the best hope for its rehabilitation. Which seems to indicate that the empire was in the habit of sending its best brains into exile.

The admission that more than 300,000 Austro-Hungarian soldiers have deserted since the beginning of the war is an ominous sign of conditions there. The dual monarchy is tottering to its fall.

### THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength, and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a small bottle of Knowlton's Danderine from any drug store and just try it.
