### 10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases, take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your drug store will keep your liver and bowels clear, stomach sweet and head clear for months. They work while you sleep.

L. M. Jenkins of Oklahoma City, was here the first of the week attending to his interests in this part of the country. Mr. Jenkins has several sections of fine land south of here.

If your dealings with Moore Bros. are satisfactory tell your neighbors. If not tell us. Always anxious to please. Give us a call. 371

M. V. Brownfield and family passed through Tuesday on their way to Fort Worth and Dallas.

H. A. Davidson made a business trip to Slaton Monday.

### ITEMS FROM THE UNION COMMUNITY

Well, we had a nice little shower Friday evening and everybody is feeling better. Maybe the sandstorms will not be so bad for awhile.

The people of Union community met at the school house Sunday morning and organized Sunday school. We hope they will have a good Sunday school.

Bud Capp and little Melvin, grandma, and Miss Lidia Copp, were all in Lubbock Saturday.

Mr. Teal and two little daughters, Vera and Ona Lee, were in Slaton Saturday.

Mrs. Teal was on the sick list last week. We are glad to report her better at this writing.

T. B. McDonald motored over to Lubbock with Mr. Copp's folks Saturday.

J. L. Coleman and family from the Joe Stokes community visited his daughter, Mrs. T. B. McDonald, Sunday.

Mr. Charley Griffin put in a phone on the Union and New Hope line last week. We are glad to have Mr. Griffin on our line.

Mr. Roberts' baby has been real sick the past week, but we are glad to report it better at this writing.

Mr. Little, of Lubbock, will move on the Gibson place soon. Mr. Little has been out plowing the past week. Most all the farmers of this community are through plowing and waiting for planting time to come.

The Union school will close next Friday. We are sorry to see it close so soon.

Therece M. Norton returned the first part of the week from England, where he has been confined to a hospital with pneumonia, since the company which he was with arrived in that country. Mr. Norton has been in service nearly 2 years, and was in training several months at Camp Bowie with the 132nd Field Artillery, and after all the training which he received here, and then just at the time when he was going to show the Hun how to fight, was a very bad time for him to get sick, he thinks.

Miss McCarty of Crosbyton has accepted a position here with A. B. Conley's Dry Goods Company, of this place.

### GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! It coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, capricious, restless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has sore throat, diarrhea, feel of cold, give a teaspoonful of "California Syrup of Figs," and in a few days all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

G. E. Wimberly of Center, Texas, is here this week visiting with relatives and acquaintances. Mr. Wimberly has recently received his discharge from duties in the aviation branch of the army after having been in service about one year.

Mrs. W. G. Andres is visiting with acquaintances here this week, and has just returned from Roswell, where she has been visiting with her daughter. Mrs. Andres will leave the last of the week, for her home in Kentucky.

Moore Bros. wants 100 more customers every month. 371

Mrs. R. T. Howard and baby of Farwell, Texas, were here this week visiting with her parents, Mr. and Mrs. J. A. Jordan.

If your dealings with Moore Bros. are satisfactory to your neighbors, if not tell us. Always anxious to please. Give us a call. 371

A. E. Crawford, of Texico, was one of the business visitors here Monday and Tuesday.

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

This, brittle, colorless and scrappy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and fall. Then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

BATCH OF NEWS FROM CANYON COMMUNITY

Canyon, March 10.
The weather was not favorable for the Social Center Friday night so it was postponed until Friday night, March 14. A good program is ready to be rendered and you will miss lots of fun if you are not present.
Mr. and Mrs. Jake Hufstedler and Misses Maud and Audrey Lee attended church at Acuff Sunday.
Miss Halsey came out to the school Wednesday morning and organized a canning and poultry club. Miss Tressie Jackson was elected president, Miss Hazel Green Secretary, Miss Thelma Thompson librarian. An interesting meeting was held and there was an enrollment of twenty-six members. This is the largest enrollment of any club we have heard of so far. All of the members seem to be very much interested and some one of them is sure to be winner. The next meeting will be held at the school house the first Wednesday in April. Miss Halsey is going to give the girls a cooking lesson which I am sure will be of some benefit to us all as she always has something good in store for her girls.
C. C. Forbs was shopping in Lubbock Saturday.
Mr. McNealy was visiting in Idalou last week.
Miss Deema Bradley was unable to be at school Monday on account of bad cold.

John Crim made a business trip to Lubbock Thursday.
A light rain fell Friday evening and was followed by a little snow.
The health in the community seems to be pretty good at this writing except for bad colds.
Bryan Sides and sister, Vada, were at Sunday School Sunday evening.
On account of the sand storm Friday evening the Canyon boys had to postpone their ball game with the Lubbock boys.
Messrs. Josephus Snail, Claude Newton and Roy Carr were at Canyon Sunday afternoon.
Most everyone is suffering from a bad cold this week.
Miss Viola Williams is very ill with pneumonia. She took sick Saturday and was unwell all day Sunday night until 12 o'clock. We miss her very much from school and hope she will soon recover.
Quite a number of Idalou and Canyon young folks attended the singing at Lorenzo Sunday and reported a nice time.
A number of young folks attended the singing at Mr. McCurdy's home southwest of Idalou.
Miss Carter Gammill spent Friday night and Saturday with Miss Hazel Green.
Misses Theola Crawford, Cecil Harry, and Truicy Thompson, spent Thursday night with Miss Evies Bevil.
C. F. Jackson and daughters, Tressie and Nealie were shopping in Lubbock Saturday.
Miss Hazel Green spent Wednesday night with Misses Nealie and Tressie Jackson.
Messrs. Richard and Forbs have purchased a Shetland pony for the children to drive to school.
We were sorry indeed to hear of the death of Mr. Hunt. Our hearts go out in sympathy for the loved ones left behind. We will miss the poems that he has been writing. He certainly sent out some excellent ones.
Mrs. F. W. Boardman, who underwent a very delicate operation here in one of the local sanitariums last week, is improving.

NEWS FROM THE LUBBOCK GYMNASIUM

A few weeks ago several of our young men started to organize a gymnasium. There seemed to be quite a little interest taken in the work and has been all along. The boys have a nice order of material on the way for the club now, and it will soon be in full swing. They were lucky in getting a number of good business men for members and they mean to show them a nice clean show for their money. The club is located in the basement of the Russell building formerly occupied by the Cave Cafe. All the boys need now is a few more members and they will have a first class place. As soon as warm weather is here they will have a swimming pool and two shower baths in the rear. On last Saturday night the boys got together and arranged a nice little show. The main event was a 10 round bout between (Bill) Honey of Lubbock and Robert Sledge of Slaton, who fought to a draw. We wish to thank Mr. Slaton for the nice talk he made to the audience which proved quite interesting in telling most of them something about boxing that they never knew before. We also take pleasure to thank Mr. Biffle for being the referee. Mr. Biffle has had quite a lot of experience in boxing and we are very glad to have him with us. He and Mr. Moore have agreed to box in the near future and this will be worth while to see. There will be another program on for Friday night the 14th and we hope to see each and everyone there. Membership cards can be secured at Sanitary Barber Shop or the Lubbock Drug by anyone who wishes to join and have a good time with the others. ## A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught, Relief From Headache, Malaria, Chills, Etc.

Ringsold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theodor's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the fever acted well, and we would soon be up and around again. We would not be without it for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theodor's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit. If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theodor's the original and genuine. B 79

## JUST A FEW WORDS TO LOYAL AND PATRIOTIC CITIZENS

(By the Postmaster.)

"When the United States Government authorized the issuance of Thrift Stamps and War Savings Stamps, the purpose of this action was to favor the people of the United States and it was indeed a favor, such as the average citizen had never had bestowed upon him. The granting of the right to purchase Thrift Stamps and War Stamps in small amounts at a splendid rate of interest was a beneficent act upon the part of our government, and thousands upon thousands of our people greeted the news with rare pleasure. Another purpose, of course, in issuing these Stamps was to provide our Government with funds to carry on the war, and again the people of the United States applauded the wisdom of those who outlined and put into operation this splendid plan. More than a billion dollars in these Stamps were sold, and thousands of people were praised as patriots for the unselfish manner in which they encouraged the plan by buying War Savings Stamps, and for the exercise of good judgment in fortifying themselves against the day of need by purchasing these unexcelled securities thus providing savings for themselves which perhaps, they would have never dreamed of otherwise.

"But the most amazing part of it all is that, after the armistice was signed, many of our patriotic people felt that their obligation was ended. 'The war is over now,' they said, 'and we need our money.' But when the Stamps were bought, it was with at least a silent understanding that the Government should have the use of the money for at least five years, and every individual pledged to himself and to his nation that he would hold these Stamps until the date of redemption. The pledge was made in good faith and our Government accepted it in good faith and, on the strength of these pledges of its patriotic people to supply for this definite period of time the needs of our Government, made great plans for the conduct of the war and for the reconstruction period. This obligation is just as binding as it ever was and the need of the money is just as great, and our patriotism ought to be just as lofty, sincere and soulful as it ever was. We hear every day that there are greater things to accomplish now than ever before, and in this day and age of great requirements these things cannot be accomplished unless

the Government is provided with the necessary funds. Of course, there are instances where there is real need for the redemption of War Savings Stamps: the purchaser has come to a point where he cannot afford to hold them longer and finds it necessary to surrender these Stamps, just the same as he would any other securities; but this cannot apply to a particular number of well-to-do citizens known as patriotic men and women who are making application daily for the redemption of the War Savings Stamps which they hold. It may be possible that those who are asking to have their stamps redeemed have an opportunity to invest their money at what they think to be a higher rate of interest, and, perhaps, think now of withdrawing their support of the Government, in their personal interest—a support which they promised to give they propose to withdraw now, when the Government needs it most. Of course, when we thought we were in danger of invasion and oppression at the tyrant hands of Prussia, it was easy to rush to the defense of ourselves, but we are becoming too much inclined to think that now somebody else can furnish the funds for advancing the interests of our own country—our Victorious Nation—yours and mine.

"What would we think of a friend who, if he had loaned us a thousand dollars at four per cent interest and promised that we might keep it for five years, were to come to us in about ten days and say 'I want my money because I can get a better rate of interest by lending it to somebody else?' What kind of a friend would we consider him to be? Your best proven friend is the United States of America.

"The case is parallel with the one we have in mind now. What kind of a friend must our Government think we are, when we say now 'I must have my money! I tacitly agreed to lend it to you for five years but I find now I can make more money some other way!'

"A little reflection along these lines will make us hesitate, will appeal to our hearts, to our loyalty, to our feeling for humanity. After all, should we change the United States Government securities into private securities for investment, we may be the wiser later on when we find that, while for a short time we receive a higher rate of interest, the investment proving to be more remunerative, there may come a day when these other doubtful investments may react upon us and we shall learn that it would have paid us to have remembered our obligation to our country and to have profited by the lesson of THRIFT, which it was the intention of the War Savings Plan to teach us. Do you remember the history of the immortal patriot, Benjamin Franklin, he who was the Father of Thrift? When the United States of America was in critical need and passing through a most crucial period, Franklin loaned his entire fortune, approximately \$25,000, to our Government, without security, note or interest. Just think of the unselfish generosity of that patriotic act! It was such patriotic men as Franklin who saved our nation from failure, ignominy and destruction. He did not hesitate or falter when his duty was plain, and his name is now inscribed upon the tablet of eternal love and memory.

"We ought to hold our War Savings Stamps for ourselves, for our children, for the boys who are yet to be provided with positions when they do come home, for the families of these boys, to whom they have been allotting part of their salaries during their absence, and for our great Nation, which needs the money to further protect and safeguard us and for the advancement of our own interests and the preservation of the protection to life and human liberty which we fought and died to uphold.

"Do not sell your securities which are guaranteed by the best country in all the world, of which you are a prominent factor—Stand firm and steadfast and maintain your spirit of patriotism—Hold your War Savings Stamps and Save and Buy More—1919."

## GOVERNOR SIGNS SPECIAL VENIRE BILL AT AUSTIN

Austin, Texas, March 7.—Governor Hobby today signed the special bill fixing the method of selecting special venires in counties not having the jury wheel system and also signed the bill amending the law for printing, publishing and sale of reports of decisions of the higher courts. The senate committee on criminal jurisprudence reported favorably the bill by Dean of Walker county, which seeks to authorize the county and district attorneys to prosecute by injunction persons operating Sunday amusements, including moving picture shows. In the event these officers decline to prosecute the attorney general will be given power under the measure to institute injunction proceedings.

There are two kinds of patriots. The camouflaged patriot and the "real thing." The genuine patriot is investing in War Savings Stamps.

## WIND AIDS IN CONSTRUCTING SAND ROADS IN NEW MEXICO

(Engineering and Contracting)

A radical departure from old methods of building roads across extensive stretches of sand and has been employed successfully in the construction of some 80 miles of highway in New Mexico. The method, in brief, is to make a cut in the sand to the underlying clay and then let the wind widen this cut. The method was developed by D. W. Jones, district highway superintendent of Curry, DeBaca, Roosevelt and Gaudalupe counties, New Mexico, and was described by him in the January Highway Magazine.

The first highway constructed by this method was the Delphos Road in Roosevelt county. The route ran through a sand bed 9 miles long, 7 miles of which consisted of sand more than 30 inches deep with pockets of unknown depth. A state road outfit in charge of Mr. Jones handled the work. The right-of-way was cleared of weeds and grass and the sand excavated down to hard pan. Fresnoes were used for moving the sand, which was deposited in spoil banks, located as shown in the sketch. The width of the cut at the bottom was about 12 feet. A narrow strip of clay road between high walls of loose sand was constructed, and left to action of the wind. The spring and fall winds swept away the sand remaining on the clay surface and widened the highway from its original width of 12 feet to 35 feet for the entire length of 9 miles.

The surface of the clay was very irregular and there were sand pockets ranging from 30 inches to 5 feet in depth. This surface was not graded off until the waste piles had disappeared and the widening of the road by wind scouring had taken place. If the pockets were less than 30 inches deep they were left to the action of the wind and the wheels of vehicles. If they were more than 30 inches deep clay was hauled in and used to fill them.

The Delphos road was constructed in 1915. The illustration is made from a photograph taken last October and shows the eroded width of the sand on that date. The two stakes and the cross bar show the exact width (omitting the side slopes) and depth of the original excavation through the sand. The road cost less than \$500 per mile, which figures include some betterment work done during the following year. The maintenance cost in 1918 was only about 20 per cent of the cost of maintaining the adjoining Clovis-Portales roads "plated" road, the original cost of which was more than \$2,000 per mile.

The results obtained on the Delphos road were so successful that this method was adopted for a dozen different sand beds in eight counties in the state. After the Delphos job the others followed in rapid succession. The most important are: The Clovis-Melrose sand bed, 7 miles long the Kenna-Chaves county sand bed, 6.3 miles long; the Fort Sumner-Ricard sands, 10 miles; the Evanola-Near road, 9 miles; the Elida-Jenkins road, 10 miles; the Portales-Loving road and the Alamogordo-Newman (E. Paso) road. The latter two had more than 30 miles of sand beds, sand hills and sand dunes and other complications of this material. All

these roads are opened today and in almost every instance just where they were the worst before treatment they are now the best.

## THE FOUR PROPOSED CONSTITUTIONAL AMENDMENTS.

There will be four constitutional amendments submitted to the people in the special elections called for May 24. There can be no others submitted on that date by the present Legislature, because of the limited time for complying with the law's requirements in the matter of advertising.

Governor Hobby has said that he will call the Legislature in special session about June 17 to vitalize the amendments which may be adopted on May 24. The amendments are embraced in the following joint resolutions:

House joint resolution No. 1: To make Texas dry by prohibiting the manufacture, sale, barter, exchange and transportation of intoxicating liquors.

House joint resolution No. 19: Empowering the Legislature to enact laws permitting the State to lend money to heads of families to acquire and improve rural homes for farming and stock raising. It is the Governor's land for the landless platform.

Senate joint resolution No. 7: To permit women to vote in elections held in Texas. It is the equal suffrage amendment. It imposes the obligation of American citizenship to vote and requires women to otherwise be qualified electors.

Senate joint resolution No. 13: Increasing the salary of the Governor from \$4,000 to \$10,000 each year. At this time there are several State officials who draw more salary than the chief executive of the State.

Judge W. R. Spencer and C. H. Smith are in Tahoka this week attending to business matters.

Hugh L. Henry is looking after interests in the Rising Star Community this week.

### "Seven Year Locust" are Due in 1919

"The most interesting insect in the world" will be seen this spring and summer, perhaps in very large numbers, over large areas of the United States, says The Weekly News Letter of the United States Department of Agriculture. The insect referred to is the periodical cicada, commonly mislabeled the seventeen-year locust, to which some mystery has always attached and around which many superstitions have gathered. The periodical cicada spends either seventeen years or thirteen years, lacking a few weeks, in slow development underground. Then millions of individuals attain maturity almost at the same moment and emerge for a noisy and strenuous existence above ground, terminating in exhaustion and death after about five weeks. During that period, the females lay their eggs by chewing grooves in the small branches of trees. This results in apparently great injury to forest, orchard, and other trees, but, says the News Letter, "the fear aroused is out of proportion to the real damage likely to be done." Little permanent injury is wrought except to young orchards and nursery stock, and even in these cases precautionary measures can be taken that will obviate most of the injury. While the periodical cicada in some portion of the United States in almost every year, the 1919 year is expected to be one of the most numerous, as it will include the largest brood of the seventeen-year family and a small brood of the thirteen-year family. There are thirty broods in all. We read on:

"The United States Department of Agriculture has long kept close check on all of the broods of both families and is able to say with almost complete accuracy just when and over what territory any brood will appear. The work of classifying and locating the various broods with their periods of recurrence began a long while ago and was attended for some time with considerable confusion. It was generally believed that the period of recurrence was seventeen years, but every once in a while there would be an outbreak that failed to coincide with any possible seventeen-year period, and investigators were getting off-odd results, with periods apparently ranging all the way from ten years to seventeen years. All this work was done on the assumption that all periodical cicadas were alike, and the records were getting decidedly snarled before the discovery that the thirteen-year family is separate and distinct from the seventeen-year family.

"The honor of this discovery belongs, perhaps, to Dr. D. L. Phares, an independent investigator of Woodville, Miss., who, on May 17,

and eastern Pennsylvania, another covering all of Indiana, the greater part of Ohio and southern Michigan, and a third covering western North Carolina, eastern Tennessee, and northern Georgia. The records of this brood have been kept from 1715 to 1902, the date of its last appearance. In 1902, for the first time since very careful study of the cicada began, it was not accompanied by a thirteen year brood, and its actual range was more nearly determined than before, altho the old limits of distribution were pretty generally confirmed. In the regions of greatest occurrence this brood will probably appear in dense swarms here and there, but will not cover the territory uniformly.

"Brood 18, the thirteen-year brood that comes out this year, is comparatively a small brood and is made up of scattered colonies rather than of the dense and compact swarms that mark the larger broods. Five States are affected by it--Alabama, Georgia, North Carolina, South Carolina, and Tennessee; but it touches only limited areas of these states. In Alabama only two counties are affected, Lowndes and Montgomery. Georgia counties affected are Cherokee, Cobb, Gordon, Agethorpe, and Screven; North Carolina counties are Anson, Lincoln, and Moore. In South Carolina, only one county, Edgefield, is affected. The Tennessee counties touched are Carroll, Dyer, Lauderdale, Lincoln, McNairy, Madison, and Stewart. This brood is an unimportant one and will probably appear in such scattering numbers as to generally escape observation.

"Overlapping of the two 1919 broods will occur only in the States of Tennessee, North Carolina, Georgia, and Alabama. The locust population will not be so dense along the border-line between the two races, neither will it be so wide-spread as in 1868, but it will be, nevertheless, one of the large locust years, unless weather and other conditions should serve to check the outbreak. It sometimes happens that a late spring freeze over varying areas destroys the greater part of the locusts before the time arrives for depositing eggs, and other natural causes frequently tend to diminish the possible devastation."

"The appearance of the cicada may be expected during the last week in May or the first week in June. A month later, the deposition of eggs in branches will have become general. The putting out of young orchards this spring is to be discouraged. Such plantings, The News Letter says, should be deferred until fall, when danger from the great cicada swarm will be past, and young trees already planted should not be pruned this winter or spring. Some other ameliorative measures are recommended, such as hand-picking the insects from young trees, spraying at the time of emergence, and whitewashing of trees at the beginning of the laying period.

### H. H. JONES TO LOCATE IN LUBBOCK

Lubbock will have a complete first class auto and sign painting business. Mr. Jones needs no introduction to the public as he was formerly in business here with Mr. A. J. Towle. Mr. Jones is a finished workman in all lines of the painting and sign writing business and guarantees to give the people of Lubbock the high grade work that few towns of this size can boast, and is only to be had in the larger cities. Mr. Jones thinks that Lubbock is sure to come back and is banking on Lubbock becoming a great better town, and if the people of Lubbock and surrounding territory can be loyal enough to support a first class home industry we can have him permanently with us. Mr. Jones will occupy the room directly opposite the Avalanche office and will be ready for business about March 24th or soon after.

"Will be in Lubbock during the month of April with a bunch of prospectors; if you want to sell your land send me full particulars regarding improvements, prices and terms. Please do this immediately. Jas. R. Robinson Jr., 714 Ohio Avenue, Wichita Falls, Texas." 373

L. A. Howard, who was employed here with A. B. Conley Jr., prior to enlistment with the 359 Infantry in the 90th Division, has returned and will resume work with the same firm. Mr. Howard spent about seven months overseas and participated in many ways in "The Huns Finish." Here are a few things the 90th Division did while there: Captured 25 pieces of Heavy Artillery, 36 trench mortars, 122 light machine guns, 72 heavy machine guns, 903 rifles and an immense amount of ammunition. 32 officers and 1844 men were taken prisoners.

### Income Tax Returns Explained By Bureau

Washington, Feb. 23.—Within the next three weeks, or by March 15, every unmarried man or woman who earned \$1,000 or more in the calendar year 1918 and every married person whose income amounted to \$2,000 or more must make a detailed report of his income to the Federal Revenue Collector of his district. On or before March 15 the first installment of the income tax must be paid, one-fourth of the entire amount due, or all of it if the taxpayer chooses.

This means that millions of Americans must get to work at once to prepare their returns, and for the guidance of taxpayers, the Internal Revenue Bureau has issued explicit instructions covering the preparation and filing of returns. This is the A-B-C of the procedure:

First, get a tax return form from the Revenue Collector's office or from a bank. There are many kinds of these forms. If a person's income was below \$5,000 he should ask for the form especially intended for the smaller incomes. It might be advisable to get two or three of these forms, since one may be spoiled in the preparation. The form is a six page printed sheet, with detailed instructions for reporting various items of income and for calculating the tax due. By following this form closely even an inexperienced person probably will have little difficulty, particularly if his source of income was not complicated or if it was in wages or salary rather than in business transactions.

**Exemption for Children.**

The tax rate for most individuals is 6 per cent. For a single person this is imposed on the difference between the total net income for the year and \$1,000, the so-called exempted amount. For a married man, or for the head of a family, the exemption is \$2,000 and the 6 per cent is imposed on the difference between that and the total income. There is provision for an additional exemption of \$200 for each child or other dependent person, under 18 years of age or incapable of self-support. Thus a married man with one child or an aged parent would pay tax on the difference between this and his net income. A man with two children would have an exemption of \$2,400; three children \$2,600 and so on.

To illustrate the calculation of tax: A single man with a net income last year of \$2,000 will be taxed \$60; income of \$3,000, tax \$120; income of \$4,000, tax \$180; income of \$5,000, tax \$240.

A married man without children and with an income of \$2,500 last year will pay a tax of \$30; income \$3,000, tax \$60; income of \$4,000, tax \$120; income of \$5,000, tax \$180.

The regular or normal tax is 12

per cent on incomes of more than \$5,000 in case of unmarried persons and more than \$6,000 in the case of married persons without children. In other words, the tax is doubled on incomes of \$4,000 more than the specific exemption. In addition, so-called surtaxes superimposed on the regular or normal tax are assessed on net incomes of more than \$5,000, the additional rate being 1 per cent for the first \$1,000 above that sum, 2 per cent for the next \$2,000, 3 per cent for the next \$2,000 and 1 per cent increase for each additional \$2,000. Both the 12 per cent rate and the surtaxes may be ignored by persons with incomes of less than \$5,000.

**Penalties for Delinquency.**

After the tax is figured, a person must count at least on paying one-fourth of the sum by March 15. The second installment of one-fourth is due June 15; the third quarter, Sept. 15, and the last installment, Dec. 15. Penalties are provided for failure to file on time or to pay the tax promptly and the tax officials welcome returns and payments before March 15. Payment in full by March 15 also will be welcomed on the ground that the Government needs the money.

A husband and wife whose combined net income for 1918 amounted to \$2,000 or more must file a return either separately or jointly. If separate returns are filed, either may claim the personal exemption of \$2,000, or this exemption may be divided. Earnings of dependent children must be included as part of the income of the head of the family. If an unmarried person supports either partially or wholly a parent or some other relative or friend, not living in the same household, this person is not considered the head of a family and is therefore entitled to the \$1,000 exemption. If the parent is wholly dependent, however, and lives in the taxpayer's household, this makes the unmarried person the "head of the household."

If, because of the special exemptions for children and dependents or because of the exemption of soldier's and sailor's pay, an unmarried person's income of more than \$1,000 or a married person's income of more than \$2,000 is found not to be taxable, this condition does not free the individual from filing a return. Thus many persons who do not have to pay a tax must file returns.

A head of a family is described officially as "a person who supports one or more persons closely connected with him by blood relationship, relationship by marriage, or by adoption."

**Exemption for Men in Service.**

The compensation in 1918 of a man in the military or naval service,

## THE INTERSCHOLASTIC MEETS AT CANYON, TEXAS

The meeting of the Interscholastic League for the Canyon District will be held at Canyon, Texas, April 18 and 19. The constitution of the league provides for county and district contests, and a final meet in athletics, debating, declamation, spelling, and essay-writing at the University of Texas. Membership in the League is thrown open to all the schools in the state below college rank. Its purpose is to organize and direct desirable school activities, and thereby assist in preparing pupils for citizenship.

All schools desiring to participate in these contests, should apply immediately for membership to Professor E. D. Shurter, State Chairman, University of Texas, Austin, Texas. Upon payment of the annual fee a school will be entitled to both the public speaking and the athletic contests, and to receive loan libraries and the special bulletins prepared for the assistance of schools in training for the contests.

Besides this bulletin, each member of the League will receive, free on request, four copies of the bulletin on the subject for debate in the League, six lists of words for spelling, and also one or more copies of the bulletin on Literary Societies, Debating, etc. A copy of the bulletin containing the Constitution of the League will be sent on request to any person in the state.

The membership fee is graduated, according to the size of the school. The fee for schools having no more than three teachers and not in incorporated towns, is \$1.00; schools having four or more teachers and in districts having less than 600 white scholastics, \$2.00.

The following counties make up the Canyon District: Armstrong, Briscoe, Carson, Castro, Dallam, Deaf Smith, Donley, Gray, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher, Wheeler.—J. L. Dufort, District Director General, Canyon, Tex.

Among the visitors here the first of the week from Yoakum county were: W. E. Ernest and wife, Miss Beulah Nix, Mrs. P. A. Carr, W. B. Harris, Jess Merritt and J. C. Keller.

## ORDER OF COMMISSIONERS' COURT ON PETITION

STATE OF TEXAS,  
County of Lamb.

On this 10th day of February, A. ### SOME REPORTS ON LAST SATURDAY WEATHER

Cleburne, Texas, March 8.—Rain fell here for a couple of hours this morning.

Crowell, Texas, March 8.—A light snow and more than an inch of rain fell here last night.

Gainesville, Texas, March 8.—Rains totaling half an inch fell here last night, accompanied by hail and a greatly decreased temperature.

Haskell, Texas, March 8.—A good general rain fell over Haskell County Friday night and Saturday, a great benefit to the large wheat acreage.

Vernon, Texas, March 8.—Almost an inch of rain fell here last night. The temperature dropped, however, and the ground was covered with snow this morning.

Snyder, Texas, March 8.—Half an inch of rain fell here last night and will be of much benefit to wheat. A small amount of the wheat has died, but most of it looks well.

Sweetwater, Texas, March 8.—One inch of rain fell last night, followed by heavy sleet covering the ground, which remained the greater portion of today and doing an immense amount of good to growing crops.

Quanah, Texas, March 8.—A three inch snow fell here last night, following a light rain, which replenished the fine season in the ground and renew- ed confidence of the people for a bumper crop this year. The rescue grass on ranges and wheat pastures has been fine for several weeks and has been the salvation of the stock- men. Live stock of all kinds never looked better at this season of the year.

### NOTICE TO SHEEP RAISERS OF LUBBOCK COUNTY

Owing to the fact that there has always been a very poor market in this section for wool, and the sheep men have trouble in marketing their products; we are endeavoring to per- fect an organization of the sheep men in this county whereby we can in some way assist in bringing about a better marketing system. Hence, I am calling a meeting of all the sheep men of Lubbock County, to meet in my office in the Court House on Tuesday, March 25th, at 2 p. m.

We will have a sheep specialist from the U. S. Department of agri- culture with us, to assist in this or- ganization, and we especially urge you to come and give your views in regard to this work.

We are doing all in our power to help you, so do not fail to be with us on the above date.

CARROLL THOMPSON,  
372 County Agent.

### PROPOSED AMENDMENT TO THE STATE CONSTITUTION, GIVING THE LEGISLATURE POWER TO GIVE OR LEND, OR AUTHORIZE THE GIVING OR LENDING, OF THE CREDIT OF THE STATE FOR THE PURPOSE OF ASSISTING CITIZENS, HEADS OF FAMILIES TO ACQUIRE OR IMPROVE THEIR HOMES

HOUSE JOINT RESOLUTION NO. 19.  
To amend Section 50, Article 3, of the Con- stitution of the State of Texas, to provide that the Legislature shall have power to give or lend, or authorize the giving or lending, of the credit of the State for the purpose of assisting citizens who are heads of families to acquire or improve their homes; authorizing the State to acquire, improve, sell or lease real estate or as- sist such citizens to acquire or improve their homes upon terms and conditions pre- scribed by the Legislature; authorizing the Legislature to create such agencies as may be necessary to carry out the purposes of this section; providing that obligations created under this section shall never be taxed; and providing that the Legislature shall have authority to provide a method of ac- curing any delinquent payments for lands purchased hereunder, and that such obli- gations shall be secured in addition to the usual liens of the State by a lien in- flicted as a tax against the land; and pro- viding that the Legislature shall have no power to relieve any person from any ob- ligation entered into under this provision or any statute enacted thereunder; and providing for the classification of lands ac- quired under this Act, and limiting acreage sold to any one person where lands are classed as agricultural.

Be it resolved by the Legislature of the State of Texas:  
Section 1. That Section 50, of Article 3, of the Constitution of the State of Texas, be so amended, that the same will read and here- after be as follows:  
Sec. 50. The Legislature shall have no power to give or to lend, or to authorize the giving or lending, of the credit of the State in aid of or to any person, association, or corporation, whether municipal or other, or to pledge the credit of the State in any man- ner whatsoever, for the payment of the li- abilities, present or prospective, of any in- dividual, association of individuals, munic- ipal or other corporation, whatsoever, except that the Legislature shall have power to give or to lend, or to authorize the giving or lending, of the credit of the State for the

purpose of assisting native born or natural- ized citizens who are heads of families and who will become in good faith actual occu- pants, to acquire or improve their homes; and for this purpose the State is authorized to acquire, improve, sell or lease real estate or assist such citizens to acquire or im- prove their homes upon such terms and conditions and in such manner and subject to such im- limitations, as the Legislature may from time to time prescribe. Provided that no prop- erty shall be acquired by the State under the terms of this amendment to the Constitution until the said lands are examined, and the value of said lands is appraised and ascer- tained as to its actual value for agricultural purposes by a commission hereby authorized composed of the Governor, Attorney General, Land Commissioner, and two members of the State Board of Public Safety, and their report shall be available to all prospective land purchasers. The Legislature shall have authority to create by law such agencies as may be deemed necessary to effect the pur- poses of the Act. Obligations created under this section shall never be taxed, and the Legislature shall have authority to provide a method of securing delinquent payments for lands purchased hereunder, and in addition to the usual liens of the State to secure the same by an annual assessment collected as a tax against the land; provided, however, that the Legislature shall have no power to relieve any person from any obligation entered into with the State under this provision or any statute enacted hereunder. The terms of this Act shall not apply, or be extended to any person who is not a bona fide resident of the State of Texas and who has not been such citizen at least two years prior to the extension of such aid, nor shall the terms of this act ever be applied to any lands outside of the State of Texas. Provided fur- ther that all land acquired by the State under the provisions of this section for which the State may lend its credit shall be clas- sified as agricultural lands or otherwise, and if classified as agricultural lands, then no more than 20 acres shall be sold to any one person under the provisions herein.

Sec. 2. The foregoing constitutional amend- ment shall be submitted to a vote of the qualified electors of the State of Texas at an election to be held throughout the State on the 25th day of May A. D. 1919, at which elec- tion all voters favoring said proposed amend- ment shall write or have printed on their ballots the words: "For the amendment to Section 50, Article 3, of the Constitution of the State of Texas, providing that the Leg- islature shall have power to give or lend or authorize the giving or lending of the credit of the State for the purpose of assisting citi- zens who are heads of families to acquire or improve their homes," and all those opposed shall write or have printed on their ballots the words: "Against the amendment to Section 50, Article 3, of the Constitution of the State of Texas, providing that the Leg- islature shall have power to give or lend or authorize the giving or lending of the credit of the State for the purpose of assisting citi- zens who are heads of families to acquire or improve their homes."

Sec. 3. The Governor of the State is her- by directed to issue the necessary proclama- tion for said election and to have same published as required by the Constitution and existing laws of the State.  
Sec. 4. That the sum of \$5000.00, or so much thereof as may be necessary, is hereby ap- propriated out of any fund in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.  
GEORGE F. HOWARD,  
Secretary of State.

### DANGER IN DELAY

Kidney Diseases Are Too Dangerous for Lubbock People to Neglect.

The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. Backache, headache, nervousness, lameness, weakness, dizziness, urinary troubles, dropsy, gravel and Bright's disease often follow in careless succession. Don't neglect your kidneys. Help the kidneys with Doan's Kidney Pills, which are so strongly recommended right here in this locality.

W. G. Shackelford, carpenter, Alexandria St., Plainview, Tex., says: "I had been troubled for some time with my back being lame and weak. The kidney secretions had been too frequent in passage and highly colored. The first box of Doan's Kidney Pills helped me and continued use made a cure."

### ....Society Notes....

Mrs. Adelaide Summers, Phone 435

On Tuesday night the Wesley Class of the Methodist church was delightfully entertained in the attractive home of Mr. and Mrs. Hal Bradley in west Lubbock. At a short business session held the early part of the meeting plans were laid for real definite lines of work and the monthly social sessions are a means of adding new life to the important side of the work. Mrs. Bradley was assisted by her cousin, Mrs. Wm. J. Goldsworthy in arranging contests and various phases of entertainment which filled the time. Some musical selections by Mrs. Ellis, Solo by Miss Rhea and readings by Mrs. H. W. Sims were enjoyed. It was discovered that there were three who were enjoying this occasion as a birthday celebration. Mesdames W. J. Goldsworthy, A. B. Ellis, and S. L. Barnett. Before goodnights were in order a delicious angel food cake and brick ice cream was served. The color scheme was white and green. Favors of shamrock and flags of green. Every one left feeling they had been made happier with such cordial hospitality.

Miss Julia Jennings gave a Slumber Party Friday night in honor of Misses Esther, Mabel and Lena Bell Scudder who leave next week for Houston to join their parents who have been there some time. A number of the boys in their crowd spent awhile over with the group playing "42" the early part of the evening and after they left the girls had their usual round of fun. Saturday's breakfast was very much enjoyed and Misses Scudder will long remember this party. We regret to lose these young ladies but wish for them the most pleasant surroundings in their new home.

On March 6th the ladies of the Church of Christ had a very well attended special meeting at the home of Mrs. Liff Sanders in North Lubbock. Instead of the regular Bible Study class they discussed plans for the next year's work. They will continue to contribute their share to the Luling Orphans Home and some local Missionary work that has been their custom in the past. Their next social will be held at the home of Mrs. L. H. Simpson the first Thursday in April. These social meetings will be held every month on the first Thursday and the ladies of the church are urged to attend.

The Twentieth Century Club held a very interesting meeting Tuesday at Mrs. Ballinger's home. Miss Mamie Crump conducted the lesson on "Conrad's Youth." She was assisted by Mesdames Kinbro, W. R. Spencer, and Ballinger. Miss Mae Muffee held the attention of the Club by relating the story of "Gallegher." Mrs. Peck was a visitor for the afternoon. The Club decided to have their next meeting in the school building and to continue throughout the school term.

The Delphian Club met in regular session in the library of the Geo. M. Hunt School building March 5th. There were seven members present. Roll call was responded to with quotations about Athens. Some strict rules were made regarding absence or non-performance of duty. The lesson topic was Athens. Next lesson will be led by Mrs. Gus Niblack, the topic being "Athens and Greek Mythology." All members are urged to be present.

The Auction Bridge Club was received by Mrs. Lotspeich Tuesday afternoon at Mrs. Peebler's home. There were three tables of players. The next meeting will be with Mrs. W. B. Powell. Refreshments of brick ice cream and Angel food cake in the white and green colors emblematic of St. Patrick's day were served.

Misses Lena Bell, Mabel and Esther Scudder were the honor guests at another party Saturday night when Miss Margaret Dupree entertained Hubert Burgess, Charles Dupre and Maxey Morris enjoyed the early part of the evening with the young ladies playing "42". Refreshments of Hot chocolate, and cake were served. The following young ladies spent the night with Miss Margaret: Mary Alice Johnson, Julia Johnson, Myra Chase, Irene Lowery, Fern Parks, Irma Pryor, Maggie Hensley, Mabel Scudder, Lena Bell Scudder, Esther Scudder and Pearl Hensley.

On Wednesday of last week March 5, 1919, Little Johnnie and Lavernia Lamm celebrated Johnnie's eighth birthday by inviting a number of their friends to come and play. Those present were as follows: Bessie Stringer, Fay Hunt, Maxine Bradley, Virginia Nail, Lillian Harrington, Virginia Bacon, Eulala Henderson, Pauline Selman, Francis Nevill and Lenora Young; Boys were, Alvin Hunt, E. B. Green Jr., George Stringer, C. A. Holcomb, Jr., Roscoe Bayless Jr., I. A. Boyde, Young Lindsay, Eldon Young, and Billie Boyd.

The 1911 Needle Club met with Mesdames Arnett and Floyd Beall as hostesses. There were eighteen members present. They each carried their own hand work and were busily engaged during the hour. Before leaving refreshments of pressed chicken, olives, bread and butter sandwiches, jelly, pineapple salad, coffee and whipped cream were served. The next meeting will be with Mrs. L. T. Martin and Mrs. Conley Jr., at Mrs. Conley's home.

Friday P. M. Mesdames Rush, Powell and Penney entertained with Bridge at Mrs. W. B. Powell's home on Broadway. There were seven tables of players. During a social hour at the close of the game dainty refreshments of ice cream and cake were served. Plate favors were jonquils. Out of town guests were Mesdames Doss, Harper, Peck of Concordia, Kansas, and Spencer, of Crosbyton.

The Welfare Club had a meeting last Wednesday from two till four with Mrs. George Morris in her room at the West Texas Sanitarium. Mrs. Morris is one of their most appreciated Members but on account of ill health is unable to attend all meetings. Mr. Morris was present and assisted in serving the crowd to ice cream and cake the close of the session.

The Wednesday Night Bridge Club met with Mrs. O. F. Peebler. About twenty-four were present. A salad course with coffee and sandwiches was served to the members and following visitors: Mr. and Mrs. Doss and Mrs. Peck of Concordia, Kansas, and Mrs. Dick Howard, of Farwell, Texas.

Mrs. Raymond George entertained Thursday evening in honor of her sister, Miss Celeste Ellis. The evening was spent in playing 42. There were three tables of players. After the games player-piano music and victrola music were enjoyed. Refreshments of ice cream and cake were served.

The Ladies of the First Presbyterian Church will give a reception at the home of Mrs. W. R. Spencer Monday afternoon March 17th from 4 to 6 o'clock to meet Mrs. Frank McElroy of Luedo, Africa, who will tell her work there. Everyone is cordially invited.

Mrs. John Simpson entertained a group of friends with an informal dance at the home of Mrs. O. F. Peebler Monday night.

## NEW JUDICIAL DISTRICT HAS BEEN CREATED

The Legislature now in session has created a new judicial district embracing Stevens and Eastland counties. This bill just passed was urged by the lawyers in this district since the crowded condition of the dockets in both counties occasioned by the oil boom in both counties.

District Judge Joe Burkett of Eastland who was elected two years ago from the old district, embracing Taylor, Callahan, Shackelford, Stevens and Eastland county, will have the choice of place of the two districts.

## TEXAS PRIMARY LAW RULING BY OFFICIAL

The Texas state legislature can legally pass a law prohibiting all persons who can neither read, write nor speak the English language from participating in primary elections, according to an opinion given out by the attorney general's department of Texas Friday.

The legislature can not pass a law affecting voters in general elections, as the qualifications for voters in these elections are already set forth in the constitution.

J. E. Moore, Groceryman of Terry County, passed through here the first part of the week, enroute to Plainview to visit with relatives. Mr. Moore says that the farmers of his community were preparing their land now for early planting, and expectations were great for a good crop yield.

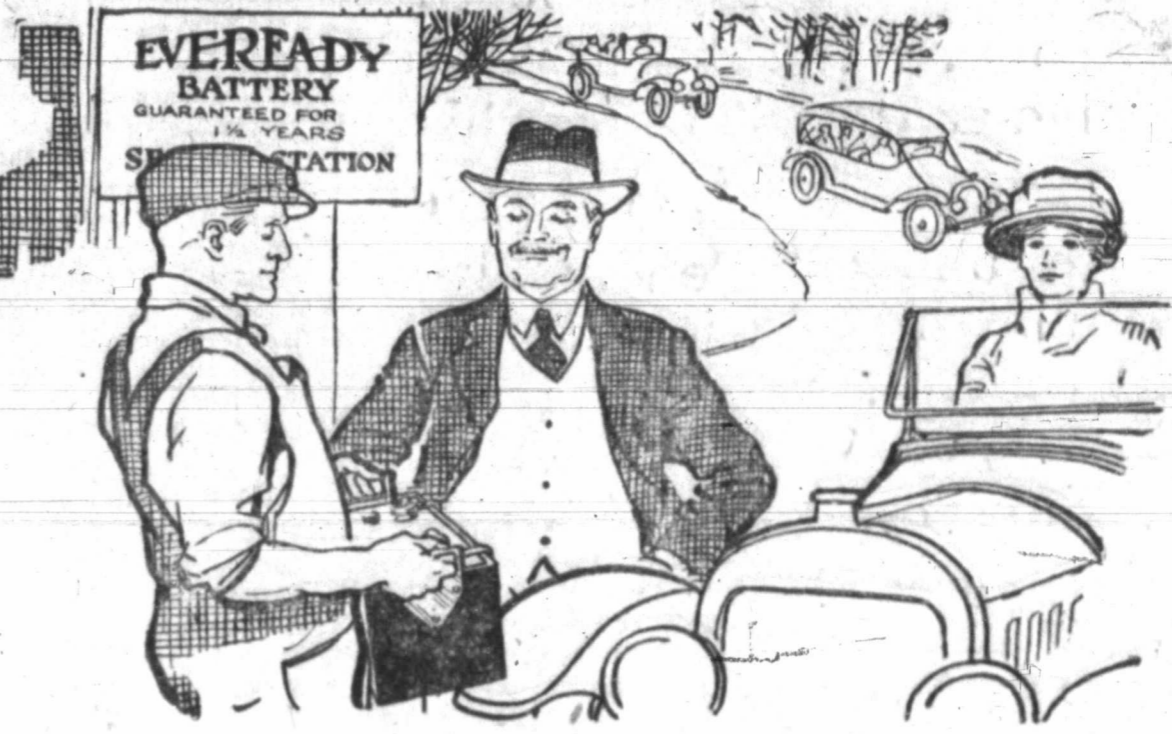

Sgt. C. H. Mangum returned Monday from San Antonio, Texas, where he has been in the mechanical service of the army the past several months. Mr. Mangum was acting as electrician there and has had some very valuable experience, which he states will be of great service to him in civil life.

## PROPOSED AMENDMENT TO THE STATE CONSTITUTION PROVIDING FOR AND RELATING TO EQUAL SUFFRAGE.

SENATE JOINT RESOLUTION NO. 7. Proposing to amend Section 2, Article 6, of the Constitution of the State of Texas so that it shall hereafter, in substance, provide that every person, male or female, subject to no constitutional disqualifications, who shall have attained the age of twenty-one years, and who shall be a citizen of the United States, and who shall reside in this State one year next preceding an election, and the last six months within the district or county in which he offers to vote, shall be deemed a qualified elector; provided electors shall vote in the county in which they reside, or in the county to which such county is attached for judicial purposes, provided such voter shall have paid a poll tax under the laws of the State of Texas shall have paid said tax before he or she shall offer to vote at any election in this State and hold a receipt showing said poll tax has been paid before the first day of February next preceding such election; and if said voter shall have lost or misplaced such tax receipt, he or she shall be entitled to vote, upon making affidavit that such tax receipt has been lost,

which affidavit must be in writing and left with the judge of the election. And declaring that all laws now on the statute books relating to qualified voters and governing and regulating elections shall apply to male and female voters alike; and all laws relating to elections shall remain in full force and effect until changed or modified by the Legislature, and declaring that this amendment to the Constitution shall be self-enacting. Be it enacted by the Legislature of the State of Texas: Section 1. That Section 2, of Article 6, of the Constitution of the State of Texas be amended so that hereafter said section shall read as follows: to-wit: Section 2. Every person, male or female, who shall have attained the age of twenty-one years, and who shall be a citizen of the United States, and who shall reside in this State one year next preceding an election, and the last six months within the district or county in which he offers to vote, shall be deemed a qualified elector; and all electors shall vote in the election precinct of their residence; provided, that electors living in any unorganized county may vote at any election precinct in the county to which such county is attached for judicial purposes; and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before he or she shall offer to vote at any election in this State and hold a receipt showing such poll tax paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be made in writing and left with the judge of the election. All laws now on the statutes of this State relating and relating to qualified voters in both primary and general elections shall apply to and govern and regulate both male and female voters, and shall be in effect until such statutes are changed or amended by the Legislature. And this amendment to the Constitution shall be self-enacting without the necessity of further legislation. Sec. 2. The foregoing constitutional amendment shall be submitted to the vote of the qualified electors for members of the Legislature at an election to be held for such purpose on the fourth Saturday in May, A. D. 1919, the same being the twenty-fourth day of said month; at said election, the vote shall be placed on an official ballot which shall have printed, or written, thereon the words: "For the amendment to Section 2, Article 6, of the Constitution of the State of Texas, providing qualifications for male and female voters; and also the words: "Against the amendment to Section 2, Article 6, of the Constitution of the State of Texas, providing qualifications for male and female voters," which said erasures shall be made by making a mark with a pencil, or pen through said words. All ballots cast, as above provided, shall be counted as cast for or against a proposed amendment, and if a majority shall be counted as cast for or against the proposed amendment, and if a majority shall be counted as cast for or against the proposed amendment, said amendment shall be lost. All provisions of the general election laws as amended and enforced at the time said election is held,

## BUY TODAY—USE TOMORROW

Is the advice we offer our customers. We are practicing as we preach in that we buy today and sell tomorrow. The pinnacle prices which prevailed at the end of the war yet prevail in absolutely all lines of manufactured goods—Shoes, Clothing, Hats, Shirts and all factory lines are without exception as high as the highest point reached before the end of the war.

Cotton Piece Goods have made slight declines and this decline we give to our customers.

In taking the leadership in price-making of Domestic, Cottons, Bedding, and other staple lines of merchandise, we assume that the sooner manufacturers and distributors of merchandise base prices upon cost under present day conditions, the sooner business will show activity that will promise well for prosperity.

First losses nearly always prove to be the best losses. All merchants will find that they are long on some goods bought at prices higher than to-day's market; that is natural, because it is necessary to carry a certain amount of stock in order to stay in business. During the past few years these same stocks have advanced in price far more than they are declining today.

**THE STORY THAT THE CONSUMER WANTS THE RETAIL MERCHANT TO TELL IS ONE ABOUT PRICES BEING REDUCED.** That is the one big thing the public has waited for, and the merchants who have taken the initiative and have made prices corresponding with current costs have done a large business.

A store gives out the impression either that it is high priced or fair priced; that it sells dependable merchandise or shoddy stuff.

We urge you to buy your requirements of us. We carry complete lines of desirable goods which you can buy with the assurance that you are getting the best values. Our aggressiveness in price-making deserves the whole-hearted support of every one in this country so that the benefits to be derived from our method of merchandising may be mutually profitable.

We believe that no other distributors carry such comprehensive lines of staples, all consistently priced. You cannot afford to buy elsewhere. Every article bought from others at higher prices means just that much loss to you.

Jno. B. Stetson Hat Co. announces under date of March 1st that present prices will prevail on Stetson Hats throughout this year. Shoes have made recent advances. We advise our customers to do as we are doing, buy only for immediate requirements. We announce the following reductions in staple merchandise:

Advertiser A. A. Bleached Domestic, reduced to yd. . . . .	25c	Best Overalls and Jumpers, per pair . . . . .	\$2.15
All Standard Ginghams reduced to yard . . . . .	25c	Best Unionalls, pair . . . . .	\$3.95
Toile Ginghams, reduced to yard . . . . .	30c	\$3.50 Khaki Pants, pair . . . . .	\$2.95
Standard Percales, reduced per yard . . . . .	25c	8 ounce Duck, per yard . . . . .	30c
Standard Madras, reduced to yard . . . . .	25c	\$3.50 Moleskin Pants . . . . .	\$3.15
Lad and Lassie Cloth, reduced to yard . . . . .	35c	\$6.00 Moleskin Pants, rubber lined, per pair . . . . .	\$5.50
Leather Palm Gauntlet Gloves, per pair . . . . .	35c	Men's Good Work Shirts, each . . . . .	\$1.00

Please note that this is not a sale, we are merely announcing the reductions that will remain permanent. In case of further declines we promise to immediately give you this decline.

Conley's Store is to Lubbock what a Wanamaker's is to Philadelphia or Sanger's to Dallas. No off-brands, no unknown manufacturers—we buy only from nationally known manufacturers whose brands are known from coast to coast. We especially invite you to call and see the new styles while they are new.

This we pledge to our customers that as the market declines our prices will be the first to follow. A true merchant follows the market. For the past 3 years every price trend has been upwards. In the opinion of the owner of this business the declining period is now on us. Please bear in mind that every, every bolt of staple cotton piece goods has already been reduced in price. We again urge that you buy only for present requirements and that these purchases be made at our store.

#### A LETTER OF EXPLANATION FROM W. D. BENSON

The following letter from Mr. W. D. Benson is in explanation of a report that was published in last week's issue of the Avalanche by which some people seemed to have construed in a different light than was intended. The Avalanche was sincere in its understanding of Mr. Benson, and we are glad to publish this letter, which will probably clear the matter up satisfactory to all.

Eastland, Texas, March 9, 1919.  
Mr. O. E. Radford, President,  
Lubbock Chamber of Commerce,  
Lubbock, Texas.

Dear Sir: Replying to yours of the 8th inst. in which you say "I note your advertisement in the Lubbock Avalanche of this week in which you state you are Official Immigration Agent for the Lubbock Chamber of Commerce" and what you say in regard thereto.

Now, Mr. Radford I am very sorry indeed that Mr. Dow made that kind of a statement in my advertisement. I talked to Mr. Dow as I did several members of the Directors of the Chamber of Commerce as to my plan and what I was trying to do. I tried to get a meeting of the Directors as you know but failed to do so for which I blame no one. I stated to Mr. Dow as I did to others that I was doing all I could to induce the people in this section that have sold or can sell their leases and royalties for a big price to go to Lubbock and buy lands as well as homes. I also stated

#### Little Russell Thaw Shows Real Talent

Little Russell Thaw, who appears with his mother, Evelyn Nesbit, in her latest and greatest photodramatic success, "Her Mistake," gives every promise of soon becoming a film star in his own right. Directors who have watched him act declare that not in several years has a juvenile actor with more real talent been seen on the screen and that it will be almost impossible to prevent his becoming an individually featured player--always assuming, of course, that his mother has not made other unalterable plans for his future.

#### LYRIC

Monday and Tuesday.

Country come into her own. When I returned to Lubbock last November I realized the conditions and that the people generally needed some relief. I conceived the idea, after I had visited this section where people sell out their leases and royalties for great sums of money, that they might be induced to go upon the plains and buy their homes and settle among us. I have been working here something like six weeks and have just begun to get people turned in that direction and by united efforts I realize the possibilities of Lubbock. So I talked and discussed the matter as I have outlined without any intention to hurt any one's feelings or intrude upon the rights or privileges of anyone, especially the Chamber of Commerce. What I did and said was for the purpose only and solely to avoid any friction. I am the only man from Lubbock county that I know of in this section that is trying to get the people to go to the plains, that is Lubbock, to spend their money. I realize after having worked among these people for the past six weeks that no time should be lost as they are going to go some place and buy them a home.

I am sending a copy of this letter to Mr. Dow and asking him to publish the same in the Lubbock Avalanche so as to correct any wrong impression that has been made by my advertisement and I am hereby appealing to the farmers and property owners of Lubbock county for a list of their lands with a full description and their co-operation to the extent that they will be able to sell a part of their holdings to people with money who will make good citizens for the Hub of the Plains.  
Yours very truly,  
W. D. BENSON.

"Will be in Lubbock during the month of April with a bunch of prospectors; if you want to sell your land send me full particulars regarding improvements, prices and terms. Please do this immediately. Jas. R. Robinson Jr., 714 Ohio Avenue, Wichita Falls, Texas." 373

#### CARD OF THANKS.

With hearts sad, yet full of gratitude, we wish publicly to express our very great appreciation of the kindness and sympathy shown us by our many friends, during the sickness and death of our father. Such sympathetic expressions and deeds of kindness by loving hands, certainly helped to lift from our hearts the burden of sorrow. We especially want to thank you for the tokens of regard manifested by many beautiful floral offerings.

May Heaven's richest blessings follow you as the years go by, and when at last you have drifted away into life's evening twilight may you be surrounded by helping hands and sympathetic friends, is the prayer of,

#### TUCUMCARI WINS CATTLEMEN'S VOTE

El Paso, March 6.—Luke C. Brite of Marfa, Texas, was re-elected president of the Panhandle and Southwestern Stockmen's Association which closed its convention here today. Thomas L. Moody of Canadian was elected first vice president and H. I. Lawson of Tucson second vice president.

Resolutions were adopted urging congressional legislation to fix control of grazing lands, approving the work of the Texas livestock sanitary board and asking the Texas Legislature to maintain the high standard prevailing on cotton seed cake.

Tucumcari, N. M., was nominated for the next meeting.

#### WEST TEXAS INSANE ASYLUM GETS BIG APPROPRIATION

Austin, March 7.—Senate bill providing a uniform system of warehouse receipts was passed finally in the senate this afternoon. Also passed finally senate bill carrying an appropriation of \$350,000 to complete and equip the Northwest Texas insane asylum at Wichita Falls, Texas.

There was also passed finally senate bill seeking to allow county attorneys in bringing suits for delinquent taxes \$4 for abstract to each tract of land.

#### JAMES WILSON NAMED AS NEW FEDERAL JUDGE

Washington, March 6.—Congressman Wilson was getting some recreation on a golf course after the strenuous session of Congress when Attorney General Palmer announced his appointment as judge of the Northern District of Texas. He was expected to return to the city late in the afternoon.

It is not known when Wilson will go to Texas, but it is understood that he will resign at once in order that a special election may be held and a representative chosen in time for the special session.

Other members of Congress said that the appointment gratifies a long desire of Wilson to sit on the bench.

#### INCOME TAX RETURNS ARE EXPLAINED

Continued from page one, this section

either as an enlisted man or an officer, is wholly exempt from taxation, provided this did not exceed \$3,500. Income of soldiers or sailors from private sources is taxable, however, if it exceeds the exemptions.

In figuring net income, deductions may not be made for personal, family or living expenses.

The law does provide for a number of deductions, however, from gross income, and these are of interest mainly to men who made a living out of business enterprises. These allowable deductions include the following items:

Expenses paid or incurred during the year for interest paid or accrued in 1918, except on indebtedness incurred for the purchase of tax-exempt stocks or bonds.

Taxes paid or accrued, except income, war profits and excess profits taxes and those assessed against local benefits of a kind tending to improve the value of the property.

Losses in business or trade, if not compensated for by insurance or otherwise.

Losses in any transactions entered into for profit in some side line of business.

Losses of property not connected with the taxpayer's regular business of arising from fires, storms or other casualties, if not covered by insurance.

Allowance for Depletions. Worthless debts charged off during the year.

A reasonable allowance for depreciation of property used in business or trade.

A reasonable allowance for depletion as well as depreciation of property in the case of mines, oil and wells and other natural deposits.

Contributions to concerns operated exclusively for charitable, religious, educational or scientific purposes, not in excess of 15 per cent of the taxpayer's net income.

Amortization on buildings, machinery, equipment or other facilities constructed or acquired for the production of articles contributing to the prosecution of the war.

The preceding items must be reported in the return and deducted according to the method set forth in the return blank form.

The following items are exempt from taxation and need not be included in the returns:

Proceeds of life insurance policies,

returns of premium on life endowment, and annuity policies; gifts, bequests or inheritances (income from gifts taxable, however); interest on bonds of any State, county or municipality; interest on farm loan bonds; interest on \$5,000 or less of Liberty bonds, and on larger amounts in certain cases provided by the bond act; payments on account of accident or health insurance or under workmen's compensation acts.

#### Returns to Be Verified.

To detect inaccuracies or fraud in returns, the Internal Revenue Bureau has instituted a system of checking returns with other reports required from all persons or interests which paid out \$1,000 or more to any individual during the year. The latter reports, constitute the tax collecting machinery's "information at the source," which proved so valuable last year in preventing tax dodging.

In addition to income taxes, there is a multiplicity of other taxes to be assembled this year. Incorporated businesses are required to pay taxes on net incomes at the rate of 12 per cent, with an exemption of \$2,000. War profits and excess profits taxes are assessed against corporations only.

The Revenue Bureau has made a provision for accepting tentative estimates of income in cases where taxpayers are not able to figure accurately their incomes before March 15. In these cases, however, an installment payment of one-fourth of the estimated amount is required of the date and tax officials will guard against any attempt to evade or minimize the tax payment then through setting an unreasonably low estimate.

In 1848 Sir Arthur Garrod proved that in gout (also true in rheumatism) there is deficient elimination on the part of the kidneys and the poisons within are not thrown off.

Prof. H. Strauss attributes a gouty attack to the heaping up of poisons where there is an abundance of uric acid which is precipitated in the joints and sheaths, setting up inflammation. Before the attack of gout or rheumatism there is sometimes headache, or what is thought to be neuralgia, or rheumatic conditions, such as numbness, pain in the back of the neck, or sciatica. As Prof. Strauss says: "The retention of uric acid we are able to effect by exciting diuresis." Drink copiously of water, six or eight glasses per day, hot water before meals, and obtain Anuric tablets, double strength, for 60 days, at the nearest drug store and take them three times a day. If you want a trial package send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

"Anuric" (anti-uric) is a recent discovery of Dr. Pierce and much more potent than lithia, for it will dissolve uric acid as hot tea dissolves sugar.

### THE WEEKLY NEWS LETTER FROM IDALOU

Mr. and Mrs. Hutson's baby has been sick this week but at this time is doing fine. It seems that it had a light attack of flu or something like that.

A large crowd attended the singing at C. S. McCurdy's Sunday night. In Saturday's election it seems that the issue was very badly defeated at Idalou. Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will stain your liver just as surely as calomel, but it doesn't make you sick and can't get rid of you.

Children and grown folks can take Dodson's Liver Tonic because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tonic acts better than horrible calomel your money is waiting for you.

### LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezeone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Freezeone removes-corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

"I have suffered for the last two winters with that terrible disease, LaGrippe. Having often heard of the great value of Peruna I decided to try it. I have only used four bottles and I do not now have any bad effects from the Grippe as it has just about entirely disappeared, and my general health is good. I am satisfied that Peruna is a wonderful remedy, and I do most heartily endorse and recommend it for LaGrippe."

### RED CROSS ITEMS

**Disabled Soldiers and Sailors.**  
"The future usefulness and happiness of the disabled man depend upon his decision to take advantage of the offer of the Government to give him training. It is the duty of the friend and family to help him make this decision definitely and quickly."—The Vocational Summary. "The co-operation and interest of our citizens is essential to this program of duty, justice and humanity. It is not a charity.—It is merely the payment of a draft of honor which the United States of America accepted when it selected these men, and took them in their health and strength to fight the battles of the nation. They have fought the good fight; they have kept the faith; and they have won. Now we keep faith with them, and every citizen is indorse on the general obligation."—President Wilson.

**Fraud!**  
The latest type of fraud which has been called to our attention by one of the Home Service Sections in the Southwestern Division is the offer of some eastern organization (name unknown) to bring back the bodies of the deceased members of the American Expeditionary Forces in France at the rate of \$10 per body. This company evidently is writing to the families direct and is suggesting that the \$10 be enclosed by return mail. Home Service Sections must be prepared to warn soldiers' families against such a practice and to advise them that this question can be taken up only with the Government through

the office of the Adjutant General, U. S. Army, Washington, D. C.  
The other day a Home Service Section wrote us asking what to do for a certain disabled soldier. We found on file a letter which we had sent that same Home Service Section two weeks before, our letter having been returned to us with the Home Service Section's reply on the back explaining that the man could not be found. This may seem like a small matter but it shows the importance of keeping a record of every letter received and of replies sent. It is also very important to use the Home Service Record forms in all cases where assistance is given to anyone. Read again the last chapter in the "Manual of Home Service" (A. R. C. 201) where Home Service Record forms are explained. The large form is called "H. S. Number 1," the others, "C. R. F. Numbers 1, 2 and 3." You can secure these forms without expense by writing to the Division Director Civilian Relief.

FRED R. JOHNSON,  
Director, Civilian Relief.

### BATTLE CASUALTIES

TOTALED 240,197  
Washington, March 8.—Battle casualties of the American army in France is shown by revised divisional records announced today by General March totals 240,197. These include killed in action, wounded, missing in action and prisoners. There probably will be some slight further revision as final reports are received.  
The second regular division showed the greatest losses in the revised list, with 24,429. The first division came next with 23,973. The Twenty-Eighth (Pennsylvania, Delaware, District of Columbia, Virginia and Maryland) led National Guard and National Army divisions, being fourth in the list with 14,417. The Thirty-Second (Michigan and Wisconsin) was fifth with 14,268.  
In the new list the Forty-Second Division (Rainbow) reported a total of battle casualties of 12,252, the Seventy-Seventh (New York Metropolitan National Army) 9,423, the Twenty-Sixth (New England) 8,940, the Thirtieth (Tennessee, North Carolina, South Carolina) 5,893.

The battle casualty figures now announced include the totals of wounded, which were not included in the tables of major casualties recently made public by the War Department. The new list includes:

- Ninetieth, (Texas and Oklahoma), 9,710.
- Eighty-Second (Georgia, Alabama, Tennessee), 8,300.
- Thirty-Fifth (Missouri, Kansas), 7,745.
- Eighty-Ninth (Kansas, Missouri, South Dakota, Nebraska, Colorado, New Mexico, Arizona), 7,093.
- Thirty-Sixth (Texas, Oklahoma), 2,397.
- Ninety-Second (Negro, National Army), 1,399.
- Third (Regular), 16,355.
- Fourth (Regular), 12,948.
- Fifth (Regular), 8,280.
- Seventy-Eighth (Western New York, New Jersey, Delaware), 8,133.
- Thirty-Third (Illinois), 7,860.
- Twenty-Ninth (New Jersey, Delaware, Virginia, Maryland, District of Columbia) 5,972.
- Ninety-First (Alaska, Washington, Oregon, California, Idaho, Nevada, Montana, Wyoming, Utah), 5,838.
- Eightieth (Virginia, West Virginia, West Pennsylvania), 5,133.
- Thirty-Seventh (Ohio), 4,363.
- Eighty-Ninth (Pennsylvania, Eastern Maryland, District of Columbia) 3,233.
- Seventh (Regular), 1,546.
- Eighty-Eighth (North Dakota, Minnesota, Iowa, West Illinois), 63.

J. E. Quigg and family of Lorenzo passed through here the first part of the week, enroute to Sutton county to visit relatives.

### MARKET REPORT AS SHOWN LAST MONDAY

Kansas City Stock Yards, March 10.—Cattle receipts today 17000 head, market steady on native steers, others slow at 10 to 15 cents lower, top \$16.50. Hog supply 13000 market 15 to 25 cents higher, top \$18.50 bulk \$17.60 to \$18.15. Sheep receipts 10000 head, market 15 to 25 lower; top on lambs \$19.10, ewes at \$13.50.

**Beef Cattle.**  
Choice to prime steers continue very scarce regardless of the fact that receipts were 17000 head. With this number of cattle on the market one would expect a few loads of choice steers. However, the bulk runs to the plain medium weight kind. Colorado pulpers topped the market today, 44 head from Fort Collins averaging 1235 lbs. sold for \$16.50, the top. Good choice steers are in demand while others are closing 10 to 15 lower. Butcher grades about steady, good cows selling from \$12 to \$15, canners from \$5.50 to \$6.50, bulls steady at \$9.50 to \$12.50, veal calves steady, selling from \$11.50 to \$14, others dull.

**Stockers and Feeders.**  
Stockers and feeders slow and irregular. There is a good demand for the good kind, others are slow to move, feeders selling from \$11.50 to \$15, stocker steers from \$10.50 to \$14.50, stock cows and heifers selling from \$8 to \$10.

**Hogs.**  
Hog supply today 13000, market opened 10 to 20 cents higher over Friday's close and closed 15 to 25 cents higher with a good clearance. Top today \$18.50, mediums and butchers selling from \$17.75 to \$18.35, lights from \$17.50 to \$18, bulk selling from \$17.60 to \$18.15, pigs at \$13 to \$17.

**Sheep and Lambs.**  
With 10,000 here today bulk being Californians of the feeder kind, market closed 1 5 to 25 cents lower, top lambs today \$19.10, ewes \$13.50, no yearlings or wethers on the market.

### GEO. M. HUNT DIED

#### SATURDAY MARCH 8TH

Continued from page one, this section

in the Federal Army, George volunteered and returned to West Elton, to await a pass from the recruiting officer at Columbus, Ohio; but he waited in vain, for an older brother by shrewd management defeated him in his purpose, and while he was greatly disappointed at the time, he has ever since been thankful for his brother's interference. He continued teaching in Preble and Butler Counties, until the Spring of 1864, when he with his youngest sister emigrated to Iowa, and located near Iowa Falls, in Hardin County, to which place some of the family had preceded him. Here he met Lydia Ann Wildman, the youngest daughter of Seneca and Jane Wildman, prominent people, and former neighbors of his father's family in Ohio. She was an accomplished girl, and now was teaching school before she was seventeen. Relations with the family were such that George often met this young lady, his brother having married her older sister. Their associations together, soon grew into mutual attachment, and on April 26th of the following year, they were united in marriage. To this union were born two children—Ernie J. and Homer B. Hunt, who was an infant of three weeks when his mother died. He and his young wife had lived happily together on a farm, given them by her father. During this time, he took up the work of surveying and soon became proficient in this line. In the spring of '68, he returned to Ohio and studied for awhile under the Civil Engineer of Xenia. In the fall of that year, he began teaching again.

On December 31st he married Lina Taylor, daughter of Lewis and Martha Ann Taylor, a prominent woman minister in the Friend's Church. To this union, six children were born, Irvin L., Sylvia B., Myrta E., Lottie A., Alvan G., and Clifford E. Hunt. Early in 1870, George, with his new wife, returned to Iowa, where he engaged in farming to some extent, but mainly in teaching. During his stay in Iowa, he served one term as Assessor, where every tract of land, from two and a half acres to a Section or more, had to be accurately platted on the proper scale. He also served one term as County Surveyor.

He now returned with his family to Ohio, where he teaches for about three years, and in August of '82, he moved to Denver, Colo., principally for his wife's health. He remained there for one year, and in August '83, moved to Sterling, Kansas, where several of his relatives lived. He taught one year in the Sterling High School, where he rounded out One-hundred and sixty-two months of teaching. Late in the fall, he with his family and other parties, made the famous

overland journey, from Sterling, Kansas, to the Panhandle of Texas.

After locating at Estacado, on the line of Lubbock and Crosby county, Mr. Hunt engaged in the hotel and mercantile business, establishing the first hotel, known as the Llano Hotel, and had a store in connection. He remained there for a number of years and when Lubbock was first started he moved to the old site on the north side of the Canyon, built a hotel and operated there till the county was organized and the county seat was changed to the present location. He moved the hotel, and operated it at this place for a time, also doing surveying and was engaged in the mercantile business at times.

When he came to the plains he was a member of the Quaker church, and remained a member for a number of years later connecting himself with the Methodist church. He was faithful to the church and was one of the first Sunday School Superintendents in Lubbock county, and was teacher in the Sunday School at Lubbock for a number of years, being teacher of the Wesley Bible class composed of women, for several years, to which he dedicated his book in connection with his family. His life was a blessing to everybody, and he will be greatly missed in this community.

His second wife, Lina Taylor Hunt, died November 25, 1903, and was buried in the Lubbock cemetery, by whose side, his remains were likewise laid to rest. His oldest son, I. L. Hunt, died January 14, 1919, of influenza-pneumonia. The balance of the family as named in his biography and family history survive him.

The pall bearers were composed of the following: Active—Geo. M. Boles, Chris Harwell, J. A. Wilson, Joe Boyd, Geo. R. Bean and Joe Penney. Honorary—Jno. R. McGee, W. D. Crump, S. A. Richmond, E. P. Earhart, M. E. Merrill, W. A. Carlisle, R. C. Burns, J. B. Green, W. N. Green, J. M. Slagle.
