

ANNOUNCEMENT---

On the first of April I will open a stock of FRESH GROCERIES, in the Lindsey Theatre Building, in the same place that G. C. Jones' Tailor Shop occupied. This store will be known as ED WILSON'S CASH GROCERY and while I will sell strictly for cash I expect to make my prices such as will pay you to pay cash for the difference. I respectfully invite my friends to call and see me—get my prices and if you buy from me I will appreciate your trade very much and will try to merit a continuation of the same.

On April the 1st I will be at your service.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

H. T. Austin of Falls was here the first of the week visiting with his wife, who recently underwent a very delicate operation here in one of the sanitariums and returned to his home Wednesday. Mrs. Austin is reported to be improving.

Mrs. R. E. Haynes of Tahoka, was here the first of the week shopping and visiting with acquaintances.

CANADIAN AVIATORS PROVED WISE BIRDS

When the members of the Royal Flying Corps, who trained in the Eleventh Federal War Savings District, returned to Canada, many of them had become enthusiastic buyers of War Savings Stamps. Having been given a taste of buying Government securities for small amounts, they became so insistent that the Canadian government inaugurated a system of War Savings Stamps, similar to that in the United States.

"The leading men of the world today," recently declared a Canadian financier, "those charged with directing its affairs, realize that the exercise of thrift is absolutely necessary for the restoration of normal conditions in all countries."

"It is to be observed also that these men consider it as necessary for the people of the United States and Canada—countries undamaged by the war—to save as it is for those of France and Belgium to do so. It is the condition on which financial and industrial recovery is based."

CENTER NEWS ITEMS OF THE PAST WEEK

Mr. and Mrs. W. H. Vaughn of Badger Lake, motored through this vicinity, one day last week enroute to Abernathy.

Miss Erma Goeth was hostess of quite a number of young people Friday evening. Everyone seemed to have a real nice time. They served candy and various games were played. The evening passed away very rapidly.

J. C. Newton was seen passing through these parts one day last week from his ranch near Hereford.

Miss Willie Jones is spending this week in Abernathy. Her schoolmates certainly miss her.

Those who were in Abernathy from this community Saturday were Messrs. W. A. Dunn and children, Dick Habbinge, Porter and Edgar Abney.

Most all the women are planting gardens and hatching off little chicks now. The weather has been very nice for baby chicks until this week, but they can afford to keep them up for a few days to get such a nice season, for planting a crop.

Mrs. Chas. Goeth returned to the West Texas Sanitarium for a few days treatment.

The trustees are having the old windmill tower at the school house torn down and a new one put up in its place.

Mrs. B. F. Struve is spending this week in Plainview.

Mrs. Louisa Allen of Badger Lake was the caller of Madge Abney Monday afternoon.

Mrs. W. D. Haney and son, W. D. and Miss Grace Homer, were visiting friends and relatives of this vicinity one day last week.

R. H. Haney is building an addition to his house this week.

Mrs. Edgar Abney returned home Wednesday from the Lubbock Sanitarium where she has been for some time.

The sheepmen of these parts attended the meeting at Lubbock Tuesday, which was given by an expert from the A. & M. College, on sheep raising.

Mr. Dick Habbinge and little brother Henry, were out rustling their horses Monday. Some one had left their pasture gate down and the horses left home.

Miss Attie Pool spent the week-end with her folks, of Bledsoe. She reports a real nice time.

Little Miss Anamonia Struve, is staying with her uncle and family, Mr. A. J. Fuchs, while her mother is away.

G. H. Webb, representative and solicitor for the Volunteer Home Relief for Orphan Children, was here this week in the interest of this institution which has homes in most of the large cities of the United States. Mr. Webb was very enthusiastic of the great response given this cause by the people of the Plains.

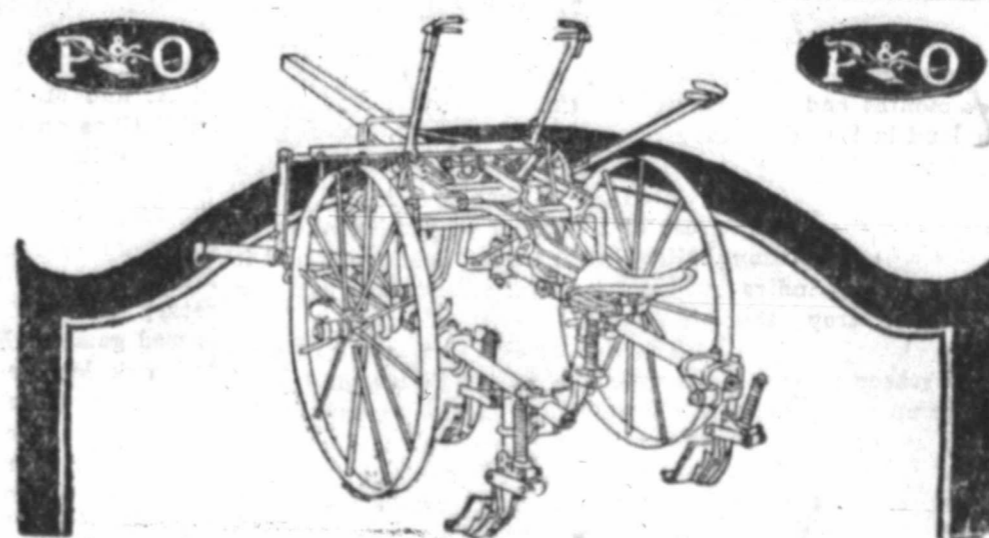

J. C. Duff went to Plainview the first of the week to attend the bedside of his wife who was very ill there for a few days, but was able to return home Wednesday.

W. D. Magee of Abernathy, was a business visitor here the first of the week.

CHAMBER OF COMMERCE NOTES

(F. D. Brown, Secretary.)

United War Work Collections.

As treasurer and collector for Lubbock County in the United War Work Organizations, I have collected from the pledges made in the campaign of November 11th to 18th, a total of \$5,524.95, leaving between seven and eight hundred dollars yet uncollected.

Among the unpaid pledges, I find the names of some who have left the country, and of some who are absolutely unable to meet this obligation. I also find the names of quite a few whom I know to be in a position to pay their pledges, but who either through negligence or forgetfulness have not done so.

These pledges are morally binding on the individuals making same, and should be so regarded. The final payment on your pledge was due March 1st. If you have not as yet discharged this obligation, please hand or mail check to this office at once.

Employment Bureau.

Although the U. S. Employment service has been severely cut down through the failure of Congress to pass the necessary appropriation for its maintenance, we expect to continue without interruption our employment service for returned soldiers and sailors, as well as for any others who desire positions. The manager regrets very much the loss of his salary of \$1.00 per year, but his motto will be "Business as Usual."

We are having quite a number of calls for farm hands, and expect, in view of the recent splendid rains,

that this demand will soon be materially increased. If you want work on a farm or ranch, or need a man for that class of work, call at the Chamber of Commerce office in the court house, and we will be glad to assist you in any way possible.

Credit Due.

In company with State School Inspector Duhmley, County Judge Moore, and County Agent Thompson, the secretary visited several of the rural schools of the county last week, and is very much impressed with the progressive school spirit prevalent throughout the county.

Inspector Dulaney repeated a statement we have often heard, though never before from an official source, that Lubbock County leads the entire State in its Rural School System. This fact should be a matter of pride to every citizen of Lubbock county, and will assist very materially in the future development of our section. The assurance of a good school, taken together with the other advantageous features of this country, provides an inducement the homeseeker can ill afford to pass over.

The credit for this splendid achievement belongs very largely to our county school superintendent, Judge J. H. Moore, whose untiring efforts in the interest of better schools, have earned for him the grateful appreciation of our citizenship.

Our Civic Morale.

Looking the situation over, we are impressed with the fact that one of the things most needed in Lubbock just now, is a revival of civic pride. Though naturally favored with facilities for keeping cleaned up, an immense amount of tin cans, dead weeds, and other rubbish has accumu-

lated in the alleys and on vacant lots, and many other unsightly objects detract from the attractiveness of our city.

A certain amount of confusion and disorder is to be expected in a growing town, but the kind above named could hardly be excused on that score. It's depressing. As a contribution to our own self respect, and a safeguard to the health of our families, we should clean up our back yards and alleys, and keep them clean. It's only a matter of a few days until the weeds will be coming again, let's use the hoe with a little more effect than heretofore in the neglected spots, and note the gratifying effect in keeping our city neat.

In this connection, Lubbock has potentially one among the most beautiful court yards in the State. Actually it now bears the appearance of a dumping ground for the refuse of the city. It would cost but little to beautify these grounds, while a more attractive advertisement to our visitors, or a more satisfactory contribution to our civic morale could not well be imagined.

J. E. Whisenant of Terry county, passed through here this week enroute home. Mr. Whisenant has been employed in the oil field near Ranger for the past few months, but on account of the recent good rains here he has decided that farming will be more attractive to him this year.

W. E. Earnest accompanied by Miss Beulah Nix and Miss Mary Long, of Plains, are here this week visiting with relatives and acquaintances.

G. W. Bradley and wife of Post City were visiting here the first of the week.

A Good Time for House Cleaning

After the fine rain and the winding up of the sandstorm season you will want to clean up a bit. We have a large stock of house furnishings, furniture, rugs, floor coverings of various kinds, window shades, curtain goods, window rods, etc. Furniture and floor polishes.

RED CROSS ITEMS

The Red Cross Clothing Campaign.

The war is over, yes, but people in our allied countries are dying from the results of war just as surely as if they were still being mowed down by howitzers and Krupp guns. They must have food and clothing. In Northern France, Belgium, Italy, Roumania, Serbia, Greece, Montenegro, Palestine, Albania, Czechoslovakia and Poland, the field for relief is so vast that the main problem can be coped with only by government measures. But very valuable aid can be rendered by the Red Cross, and accordingly its millions of members, and the American people at large, will be asked to donate their cast-off clothing—clothing which will prove a genuine God-send to the war sufferers. Herbert Hoover, head of the European Relief Administration, and our Red Cross representatives abroad have cabled that a supply of every kind of clothing is immediately vital to the millions just freed from the German yoke. So, in March, the American Red Cross will conduct a mammoth collection of used clothing, shoes, and blankets, throughout the United States.

March is the psychological month for a salvage campaign. With the approach of Easter, when pale pink crocuses and sturdy tulips are stirring in their warm winter beds and preparing to change into gala summer attire, we likewise are changing our attire. Heavy coats, serge skirts, woolen suits which would be too out-of-style for a reappearance next year are doomed to be cast aside by their owners. Instead of a moth-balled senility for these garments, how much better to send them across the seas, where they will mean life to shivering women and frail children! Begin collecting your old winter clothes now, for the campaign will be held the week of March 24 to 31.

Every kind of garment is needed. Piece goods as well, light warm cotton flannel and other kinds of cloth from which to make garments for we babies. Ticking, sheeting, and blankets; woolen goods and shoes of every size are asked for. Any scrap leather can be advantageously used for repairing footwear. Since the clothes will get the hardest kind of wear only strong, durable garments should be sent. The refugees of Europe can find no use for ballet slippers or flimsy ball gowns! Make your gift practical. Garments, however, need not be in perfect condition. Thousands of destitute women are eager to make a few francs by repairing and adapting gift clothing to their needs. A quantity of useless articles has been turned in at former salvage collections. They increase the cost of handling, as such articles have to be picked out at the central collection point and they cause a deplorable expenditure for freight for which the

Red Cross must pay. So please do not send ball dresses, flimsy dresses, clocks, glassware, carpets, toys, collars, neckties, crutches, canes, parasols, pillows, crockery, rugs or food-stuffs.

In this campaign the Red Cross is going to assume entire charge from the time of collection to the time when the baled clothing is delivered to the ships of the European Relief Administration which will transport it to Europe. The minimum allotment for the entire country is 10,000 tons of clothing and it is hoped that much more than 10,000 tons will be realized.

This collection is not a task for individuals or a group of individuals. It is a task of the greatest magnitude, needing the co-operation of every man, woman and child in the country. Ten thousand tons of clothing! Just double the amount ever asked for in any previous collection. But surely America, with its millions of well-fed, well clothed, prosperous citizens will feel that in making this gift they are but paying a small part of the debt which they owe to these suffering peoples who for so many months fought their fight.

The quota of Lubbock County is 1000 pounds. Time in which to raise it is March 24 to 31. Place to bring your donation, Red Cross sewing room at Court House.

LOCAL NEWS FROM THE MONROE COMMUNITY

March 21.—We have had some rain and it looks like we will have some more soon.

The farmers are very busy tilling the soil.

A. E. Greenhill was in town Saturday.

Miss Leola Cox was in town Saturday.

Leslie Brazeal was in town Saturday.

A large number of people enjoyed a pleasant evening at the home of Mr. and Mrs. A. E. Greenhill. The young people played "42" and other games until a late hour and all departed declaring they had had the time of their lives.

There will be a bond election held at the school house Saturday and we would like for the people of the community to vote for the bonds.

Miss Gertrude Greenhill and Claude Hope spent the week-end at the home of Mr. and Mrs. Greenhill.

A good rain fell in our community during the past week and the farmers are all busy and hope to get through working soon.

Mr. Willie J. Collier was in town Saturday.

Mr. Ulysses Cone and Franz Hettler brought Miss Pearl Wright, Frances and Mary B. Hood to Monroe Saturday night to see the play, but as the Bledsoe people did not come they returned to Lubbock.

Perry Vaughn spent the week-end at his home in this community.

We were very sorry the people of Bledsoe did not come as a good crowd came through the rain to see the play and sure were disappointed. The people of this community did not hold the election Saturday.

W. L. Strickel from Lubbock, Texas, was in Jack County last week on a visit to his brother, B. F. Strickel, who lives near Vineyard. Both these gentlemen were in the city last Saturday and called on the News while here.—Jacksboro News.

Mr. and Mrs. Roscoe Wilson returned Monday from Dallas, where they have been visiting several days.

HELLO, BOYS!

Like every other American you are glad to see the young fellow who is just back from France. You are just as glad to see the disappointed youngster who got no farther than the training camp. Both represent our fighting force to you. That one failed to reach France doesn't lessen the warmth of your handclasp one whit. Nor the sincerity of your welcome. That was the fortunes of war. It's the willingness to fight that counts.

And you are just as proud of what the army did over there. You like to think of Chateau Thierry, Verdun, Belleau wood, the Argonne forest and all other places where the Yanks clashed with the Hun as samples of American pluck.

Nor has it all lessened your conviction that America is the greatest land under the sun. Breeds the gamest fighters; the most loyal citizens; the truest lovers and real appreciators of liberty.

Live up to your boast. Lend like a man to the Victory Liberty Loan.

G. N. Weathersby and wife came in this week from New Mexico, for a few days visit with relatives. Mr. Weathersby has been employed on the Santa Fe Railroad for several months. They will return there in a few days.

REPUBLICAN CONGRESS WILL PASS SUFFRAGE LAW

Washington, March 20.—One of the first acts of the Republican Congress will be to adopt the Susan B. Anthony nationwide woman's suffrage amendment resolution. This statement was made yesterday by Senator Curtis of Kansas, Republican whip of the Senate, after a survey of the suffrage situation in both houses.

Senator Curtis predicted that the vote in the Senate would favor the resolution by a margin of one or two.

The situation in the House, according to suffrage advocates, is even more favorable than in the Senate. Representative Mann of Illinois has announced that he will introduce the suffrage resolution on the opening day of the session.

RUSSELL PATTON IS KILLED AT AMARILLO

Amarillo News: Russell Patton, truckman, employed by the Santa Fe, was run over by an engine about 12 o'clock last night. He was hurrying to St. Anthony's sanitarium where he died about three hours later.

Patton was thirty years old and a widower with one child, a small boy about five years of age. He resided with his brother, E. L. Patton, who is an employee of the Panhandle Laundry, at 500 Wells street. He had been an employee of the Santa Fe in the capacity of a truckman for some time.

The body was taken to the Eakle undertaking parlors and the funeral arrangements have not yet been made.

T. J. Campbell of Littlefield, was here last Saturday trading and attending to other business matters.

Backache? Rheumatism?

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins, and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new prescription, "Auric," is found to give immediate results. It is many times more potent than iodoform, in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for "Auric" for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant arising from bed at night.

Send to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for a 10c. trial package.

MADRA, CAL.—I recommend Doctor Pierce's Auric very highly. I have suffered for the last three years with attacks of the bladder, having tried every remedy I heard of but without relief. I saw Auric advertised in the paper, and like a drowning man, grabbing at a straw, I thought I would try it also, which I did with great success, as it relieved me almost immediately, before I had taken all of the trial package, and having great confidence in the remedy I immediately sent to the drug store and bought a full-size package. I can say to all suffering from any disease of the kidneys or uric acid troubles, try this remedy and suffer no longer. I have great faith in Dr. Pierce's medicine.—A. F. HANSEN.

E. C. Fleming and family were here this week visiting their daughter who is ill in one of the sanitariums.

L. B. Ball of Plainview, was a business visitor here this week.

Sunday morning the rain continued through the Sunday School and preaching hour, so that there was no services. It is hoped the weather will be favorable next Sunday morning and that we may have a good attendance in the Sunday school. New literature will be distributed in many of the classes Sunday. Be there to get yours. The Sunday school will be opened at the usual time 9:15 by the new time which changes one hour faster Saturday night at midnight. Remember to change your time and come on time.

The Democratic party might as well pack its traps and close up show Senator Joseph Weldon Bailey has "denounced" it, and talks ugly about it in a recent speech at the Road Horse Association in Newark, N. J.

Joe seems to be sore mostly in the vicinity of the whiskey stomach, and does not want equal suffrage either.

During the high dry winds of the winter some shingles on the west side of the roof on the Methodist church were blown off and caused quite a leak Sunday morning during the rain. It was soon repaired and everything is ok again with no damage.

OBITUARIES

In Memoriam.

"There is no death, the stars go down And rise to shine on brighter lands."

What we call death is not the somber shadow that unbelief avenges its devotee with. But death is the King's highway to the City of Light and love. Thither has gone all we loved and seem to have lost for awhile. There they know even as they are known and loved by the good Saviour who Himself took the sting out of death and conquered all the hosts of sin and death.

But recently our friend, Mrs. Addie Vance of Shallowater, Texas, passed through the way of what we call death and up to the Father's House in Heaven. She was born November 20, 1880 in Montague county, Texas. Her maiden name was Miss Addie Hardy. While yet a child her parents removed to Oklahoma in that part of the state once belonging to the Chickasaw nation where this good woman grew to womanhood.

October the second, 1898, she gave her heart and hand in marriage to Mr. J. F. Vance with whom she lived joyfully until death took her from her loved home on earth to the eternal home above. After her marriage she with her husband lived in Green county, Okla., and in 1903 with her family removed to Lubbock county where she resided until her death.

In the midst of life's brightest day she felt yet the need of a new life from Heaven and sought mercys open door and entered into that holy relation to God that transforms men into children of God. Her heart ever held in sweetest comfort her christian hope and in the light and power of this hope she made her way in life and triumphed in this hope when death came to summon her to eternal rest with Jesus and all her Christian friends who preceded her to that holy clime.

To sister Vance and her husband were born three precious children, who survive their mother. These children have not lost their mother but she lives to greet them in the homeland of the soul, and some way the writer believes, to be a guardian spirit for them throughout their life journey here below. In all the waiting years they may sweeten and deepen their spiritual natures by thinking of mother as living and not dead, but living and by her Christian character calling them to the nobler and truer ways of this life. Whenever they may visit the mound in the Lubbock cemetery or shall think of that spot so sacred and dear to them; may it put point upward to the real and living home of mother. What we have called death and the grave are but

the crossing over from the land of parting and losing to the goodly land where they part no more, and suffering and death are not known.

May peace deep strong and sustaining fill the hearts of husband and children and may Divine comfort uphold them while faith in God shall guide them safely home to their loved one.

Very tenderly, J. B. Cole.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tonic is taking its place. "Calomel is dangerous and people know it, while Dodson's Liver Tonic is perfectly safe and gives better results," said a prominent local druggist. "Dodson's Liver Tonic is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask your druggist for Dodson's Liver Tonic. It is a pleasant-tasting, pure vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, neck headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tonic instead and feel fine full of vigor and ambition.

County Home Demonstration Department

Miss Lilian Hazle, Poultry Specialist, in charge Boys and Girls Poultry Club work in Texas, was here Monday, Tuesday and Wednesday to talk club work to the boys and girls.

On account of the muddy roads we reached only one rural school, but we tried to see as many interested people in Lubbock as possible.

Tuesday we visited both the high school and the George M. Hunt school. Our city superintendent, Prof. M. M. Dupre, very kindly gave us plenty of time to present the work, and added a word of encouragement to all boys and girls entering the poultry work. But he went further than that, he offered a prize of five dollars to the club member winning sweepstakes with his birds at our County Fair this fall. We feel sure that there is going to be some interesting competition among the club members to see who can be known as the best chicken raiser in Lubbock county.

You will probably see a notice from the secretary of the club at the George M. Hunt school, and some of these other clubs can expect a close race for the championship.

Sincerely,
MILIE M. HALSEY,
Home Demonstration Agent.

P. S.—Our present Poultry Club enrollment is about eighty-five. I wonder if we cannot pass the two hundred mark this year?

Schedule for Mr. Clapp's Demonstrations, April 14-18, 1919.

Monday April 14, at Hardy—1:30 p. m. Hardy, Shallowater, Pettit, Grovesville, Caldwell.

Tuesday April 15, Forenoon, at Slide—9:00 a. m. Slide, Woodrow, Primrose.

Afternoon at Carlisle—1:30 p. m. Carlisle, Schroeder, District 8.

Wednesday April 16, at Idalou—9:00 a. m. Idalou, Acuff, Canyon.

Wednesday night at Lubbock at 7:00 p. m.

Thursday, April 17, at Center—1:30 p. m. Center, Vaughn, Bledsoe, Monroe, Abernathy.

Friday 18, at Slaton—1:30 p. m. Slaton, New Hope, Union.

We have arranged for these demonstrations in a way that we believe that every person interested will have an opportunity to attend at least one of them. Come and bring your neighbors.

MILIE M. HALSEY,
Home Demonstration Agent.

Home Demonstrators Met.

Miss Milie M. Halsey, county home demonstration agent, returned Sunday from the District Short Course, which the Home Demonstration

Agents of the Panhandle held at the West Texas Normal College at Canyon last week.

Mrs. Dora R. Barnes of Clarendon, is District Home Demonstration Agent for this section of the State, and eleven counties were represented at this meeting.

Miss Laura F. Neale, State Home Demonstration Agent, was present, together with several specialists from the Extension Service of the A. & M. College.

The United States Department of Agriculture was ably represented by Miss Hannah L. Wessling, Miss Ola Powell, and Dr. Lefevre, and each gave demonstrations of value to all present.

The faculty, the student body, and the Y. W. C. A. extended every courtesy to County Home Demonstration Agents and specialists, so that the meeting was a most pleasant, as well as a profitable one.

Acuff Conservation Club.

The Acuff Conservation Club met with Mrs. J. W. Dalton on Wednesday, March 19, 1919. There was a good crowd present. Our membership being increased from nine to nineteen members. Miss Halsey being absent we did not have as interesting a meeting as we expected.

Mrs. W. P. Rush showed her fireless cooker which she had made since our last meeting.

Chickens and gardens were the general discussion.

A program committee has been appointed as follows: Mmes. Pounds, Proctor, Sharp and E. O. Evitt. The following members were present: Mmes. S. S. Rush, W. D. Davis, J. W. Dalton, W. P. Rush, Moore, Proctor, E. R. Davis, McClung, Patterson, Grimes, Harwood, O. E. Rush, L. S. Evitt, Bloyd, Elmer Rush, E. O. Evitt, Ashley Davis and Mrs. Pearl Mitchell.

Our next meeting will be with Mrs. C. B. McClung on Wednesday, April 16, 1919. Let every member be present if possible and bring some one with you.

Secretary.

The Slide Food Conservation Club met with Mrs. H. H. Nixon last Thursday afternoon. There were several new members and we hope to have several more next meeting.

Miss Halsey could not be with us which was a disappointment to all. Some of the members reported their success with the recipes for different uses of oatmeal. One gave a demonstration in making oatmeal snaps.

Instead of the next meeting with Mrs. P. P. Posey as announced at the club there will be a canning demonstration at the school building by a

canning specialist.

Those present were: Mesdames Bieger, Nail, Copeland, Harrist, Wilson, Moreman, Kirby, Stanford, Elmer Milsap, Chester Hubbard and Misses Hazel and Donna Milsap.

Some musical selections by Mrs. Chester Hubbard were enjoyed by all present.

Miss Lilian Hazle, specialist, in charge of Boys and Girls Poultry Club work in Texas is here this week meeting the Club members in company with Miss Halsey, County Home Demonstration Agent. Miss Hazle says this section is the best in the state for poultry and she hopes to see at least two hundred poultry club members in Lubbock County this year. Miss Hazle is also interested in what the men and women are doing and is urging everyone of them to join the County Poultry Association and work for better poultry in Lubbock County.

Important Measures Signed by the Governor

Austin, Texas, March 20.—A number of important bills were approved by Governor Hobby today, including the house bill providing for the recording of official discharges of soldiers and sailors by County Clerks, effective immediately, and the Senate bill amending the state wide statutory prohibition act of the Thirty-fifth Legislature so as to permit the shipment of wine in any quantity for sacramental purposes, effective ninety days after adjournment of the legislature.

Other general laws approved today by the governor included the following: Senate bill fixing venue in suits for damages and libel in the county where the plaintiff resides or in the county in which is the domicile of the defendant.

Senate bill fixing compensation of County Commissioners at \$1,200 per annum in counties having population of not less than 30,000 nor more than 40,000.

Senate bill limiting campaign expenses of candidate in primary elections.

Senate bill providing Commissioners' Courts shall be allowed to fix salaries of chief probation officers in counties of more than 75,000 population, the salary not to exceed \$2,400 per annum.

Senate bill declaring the pecan tree to be official State tree of Texas.

House bill to validate public school land on condition of settlement in cases failed to get his affidavit in the Land Office within time required by

law and in cases where the purchaser was forced drouth or was drafted into the service of the United States.

House bill providing Commissioners' Courts may provide restrooms in court houses for women.

House bill providing that women teachers in public schools shall receive same compensation as men for doing the same kind, grade and quantity of work.

House bill providing that women now widows, who were wives of Confederate soldiers and who after the death of such soldiers remarried, may be eligible to the grant of pension.

The following joint resolutions proposing amendments to the Constitution were signed:

Exempting independent and common school district from limitation of total tax of \$1, to be submitted first Monday in November, 1920.

Empowering the legislature to enact laws for dividing the net proceeds arising from operation of the prison system between the State and convicts or their dependents, to be submitted on Nov. 4, 1919.

END STOMACH TROUBLE GASES OR DYSPESIA

"Pape's Diapepsin" makes sick, sour, gassy stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach, or lies like a lump of lead, or you have gas and eructate sour, undigested food, or have a feeling of dizziness, constipation, flatness, nausea, bad taste in mouth and stomach-headache, you can get relief in five minutes by neutralizing acidity. Put an end to such stomach distress merely getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by food fermentation due to excessive acid in stomach.

A FEW SELECTED NEWS ITEMS FROM SLATONITE

H. T. McGee has closed his office in Slaton and is devoting his entire time to his office in Tucumcari, N. M., where he is looking after oil leases west of that city. He and associates have leased a large body of land in that part of the state after making thorough geological investigations and will develop the leases with a view to finding oil. Mr. McGee expects to start the first prospecting well this spring.

The Methodist Church of Slaton has completed building plans for this spring and expects soon to commence work on a new church building. The material of the present building will be utilized in the new building which will be of concrete and stucco style of architecture and it will be quite a handsome addition to Slaton. The new building will be seated with the most approved style of modern pews and the interior finish will be very attractive. It is expected that work will begin within a few days.

The Lubbock Slaton highway has filled with sand for about three hundred yards just about two miles this side of Lubbock, and was it for the Ford that gets "set" in that sand bed. Tuesday night we saw four cars all in one string located in that place, and it was an off night for cars too. That road must be cleaned out or clayed.

Silas Wilson went to Lubbock this week to accept a position with the Security State Bank and Trust company of that city.

The 133rd Field Artillery, Sgt. Briggs Robertson's company, is now expected to arrive at Camp Bowie to be disbanded some time in April.

T. S. Rucker was called to the bedside of his daughter, Miss Grace Rucker at Floydada last week and returned home Monday.

PUBLIC OPINION.

Grovesville, Texas, March 24, 1919.

I have noticed with much interest the words of our good editor, also those of our friend and neighbor, H. L. Zollars, on the recent road tax defeat and neither of them do I think explains the situation fully. People are not against good roads. We realize fully the attitude of a county commissioner. They cannot please everybody. We have been trustee on a school board for a number of years. But people do get so tired of being dictated to. Most of those I have talked to think that the petition asking for this election originated at the court house and by the commissioners themselves. In this, however, we may be mistaken. So many of our public officers are the servants of the "dear people" until they are elected. Then they become masters and dictators. The "dear people" and honorable farmers, have very little say now, in these latter days. We are told how much religion we must have and it is measured by dollars and cents that we pay into the church treasury. Our patriotism is measured by the amount of Liberty Bonds we buy or how loud we can hallow. We are even advised how to run our little \$1.00 clocks. What to plant and how to plant it. We must even go out and murder our innocent little prairie dogs in cold blood or our lands, we call our own, will be confiscated. We must pay for good roads, whether we get them or not. Then work hard all week for enough gasoline to run to Lubbock on Saturday and are arrested for not paying the \$7.80 to the State Highway Robbery or association as they call it. Our school trustees have very little to do with the control of schools and could very easily be dispensed with. Our teachers' competency are measured by the salary we pay, to a large extent, and we are admonished if we want better schools to pay bigger salaries. The teachers are our servants until they are employed, then they suddenly become dictators, and the trustees and patrons become servants. We must send our children to school regardless of how they are clothed or fed or the strong arm of the law will get them. "The Dear people," "The Honorable Farmer", I would rather not be so dear and so honorable, and have more liberty and freedom. It takes a strong full grown man with lots of nerve and foresight to manage his own private financial affairs economically. How much more of vim and backbone they does it require for a man to manage public funds? Our good editor says that some voted against this road tax from pure selfishness. He is right in

this as a whole we did, but if he meant that for the small amount of each individual tax they voted against it, I think he is wrong. We can't vote for everything that comes along, neither can we subscribe to every apparently good cause. Our commissioners are all good men, but they are not perfect. I consider the calling of this election at this time premature and uncalculated for. It is just another one of their mistakes. This hint to raise the valuation so as to procure the funds for the tax, if there be such intentions on the part of the commissioners we would consider great affrontery. If such a thing is done after the people have voted as they have, it will prove conclusively my statement of dictatorship.

Respectfully,
SMITH SHAW.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is sure evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing baldness and itching of the scalp, which if not remedied causes the hair roots to shrink loose and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

ITEMS FROM THE LYNN COUNTY NEWS

If the Lubbock High School bunch, which played at the Star Theater on Saturday night, receives the same kind of treatment elsewhere as they did while in Tahoka, they should "Get by." The hotel at which they stayed was kind enough to give a liberal discount on the meals and rooms during their stay in our city, and the News "donated" several inches of advertising space, as well as a nice little boost on the front page of our paper to their benefit. Oh well, perhaps the small house that heard the play kindly made a fellow feel downhearted, but we can't control the weather. Come back again, Lubbock, you will never find a more accommodating class of people than those who reside right here in Tahoka.

Mrs. J. H. Edwards went to Lamesa Wednesday in response to a message stating that her sister was suffering from an attack of the flu. Later, since writing the above, we learn that Mrs. Edwards' sister died before she reached her bedside.

Carl Montgomery, son of Mr. and Mrs. B. F. Montgomery, of Tahoka, arrived home on Wednesday of this week. Carl has seen several months service with the U. S. troops in France, and is quite enthusiastic about his many adventures across the waters. He landed back in the States last December, and received his honorable discharge at New Orleans, La.

Dick Crie was in town from Plainview this week. Dick has given up the printing trade for the present and entered the real estate business, he being connected with the Shook Land Co., in that city.

District Judge W. R. Spencer, who has presided over the session of the District Court here the past two weeks, left Monday for Lamesa to hold court in that city.

B. F. Montgomery had the misfortune to get slightly bunged up this week. Mr. Montgomery was alighting from a moving automobile, stepping on a stone, which threw him violently to the ground. With the exception of a few square inches of cuticle about the face he escaped uninjured.

While looking after business matters at Lockney, Texas, last week, S. E. Reid, of this city, was taken suddenly ill, and a phone message was sent his wife and Dr. E. E. Callaway to come to his bedside at once. It was thought by the attending physician at Lockney that an immediate operation would be necessary, but after a consultation with Dr. Callaway, it was decided to give the patient an X-ray examination. He was carried to Lubbock for the examination, and it was decided not to operate. Mr. Reid was able to return home the first of the week, and is looking after his oil business as usual.

K. Carter and daughter left the first of the week for Dallas on a business visit.

LOOK FORWARD NOT BACKWARD.

Will you sit and worry about the ravages of the war and the "flu" while other young people prepare to meet the demand of "Business"? Training is the one thing that makes a difference between the executive and the man in overalls. We are entering a period in which business training is more necessary than ever. The next five years in this country will be the most progressive, prosperous and successful in our history. It will mean to you much or little in accordance with the manner you will be prepared to meet it. There will be no time to train the unskilled in the business office.

Business is already moving ahead by leaps and bounds. Every paper is carrying many advertisements for commercially trained help. A country wide investigation of Employment conditions, to get information as to the help in greatest demand, shows the following results: 1338 of 2445 advertisements for help specified a business training and 524 of the remaining 1107 advertisements were for positions that office assistants grow into. No other profession can claim one fifth as great a demand. In fact, this proves that there is a greater demand for business training than all other trades and professions combined. Are you passing up a Business Training and its wonderful opportunities to become a day laborer, house maid, department store clerk, telephone operator, factory hand, etc? Uncle Sam did not send untrained soldiers to France to win the war. Neither will American business men place untrained men and women in their stores, banks, etc. to win in this great battle for business supremacy. If you want to work with the big men in business you must get a business education.

Remain as you are and you will occupy the same relative position ten years from now. Do not permit yourself to work under an unnecessary handicap all the rest of your life. Spend a few months with the Tyler Commercial College, Tyler, Texas, securing the training that means an opportunity to make a success of life. Do not permit any obstacle to stand in your way. WOODMAN CIRCLE HAVE A VERY INTERESTING MEETING

Lubbock Grove of Woodmen Circle held a very interesting meeting on Thursday night. The business portion of the session disposed of the question of sick or otherwise disabled member's fees. A social which will include the members of the Woodmen of the World was arranged and committees were appointed. The date will be published later. Mrs. Luna received the special prize.

We are wondering how many would be in attendance if our regular meeting night should be on an otherwise fine night after a big rain.

SAVED BY A FAITHFUL WIFE

Suffered Thirty Years With Stomach Trouble and Hemorrhages of the Bowels.

The Story of a Wonderful Recovery

There is hardly any one who does not experience some trouble with the stomach. It is so common that we frequently pay little or no attention to it. Yet, the stomach is very easily upset, and catarrhal inflammation of the mucous lining develops, grows worse—the pain and distress is incessant and the truth dawn that we have chronic stomach trouble.

The case of Mr. Louis Young, 205 Merrimac St., Rochester, N. Y., is typical. He writes: "I suffered for thirty years with chronic bowel trouble, stomach trouble and hemorrhages of the bowels. We bought a bottle of Peruna and I took it faithfully. I began to feel better. My wife persuaded me to continue and I did for some time as directed. Now I am a well man." Mr. Young's experience is not unusual.

If you suffer from catarrh in any form, whether of the head, stomach, bowels or any other part of the body, try Peruna. It may be just what you need. Peruna comes in either liquid or tablet form and is sold everywhere. Your dealer has it or will get it for you. Ask for Dr. Hartman's World-Famous Peruna Tonic and insist upon having it. If you want your health accept nothing else.

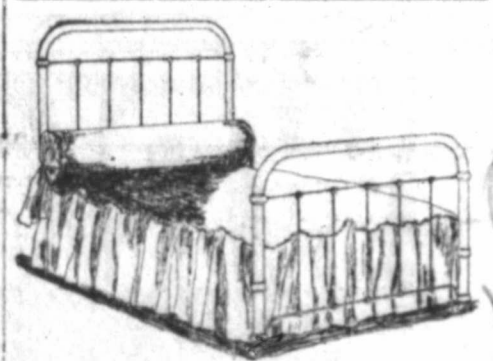

All the sick and suffering are invited to write The Peruna Company, Dept. 78, Columbus, Ohio, for Dr. Hartman's Health Book. The book is free and may help you. Ask your dealer for a Peruna Almanac.

LUBBOCK COUNTY BOYS AND GIRLS CLUB

Mr. Carroll Thompson visited the Woodrow school on March 13, 1919, and organized the boys agricultural club. There were ten members enrolled. The following officers were elected: President, McCarty, Delma; Vice President, Bevers Jake; Secretary Treasurer, Alvey Wardlow. Most of the boys have prepared their plots of ground. The boys say that they are all going to strive to make this club the king of all clubs of Lubbock County. The girls of Woodrow say that they are going to put the boys eyes out with heel dust in the club race this year. The boys say that their eyes have witnessed so many sandstorms that they have been hardened to it, and they are not the least bit uneasy.

Mr. and Mrs. Dick Free stopped over in Lubbock Saturday to visit for a day or so before going on to Plains where they will make their home. Mr. and Mrs. Free were married on March 9th and had been to Colorado, Texas, to visit his people before locating. While in Lubbock they were guests of Mrs. Free's aunts, Mesdames J. O. Jones and Mary Hinton.

Born—Tuesday morning, to Mr. and Mrs. Welton Winn, a boy.

The Put-It-Offs

My friends, have you heard of the town of Yawn,
On the banks of the River Slow,
Where blooms the Wait-a-while flower fair,
And the soft Go-easys grow?

It lies in the valley of Whats-the-use,
In the province of Letter-slide;
That tired feeling is native there,
It's the home of the listless I-don't-care,
Where the Put-it-offs abide.

The Put-it-offs smile when asked to insure,
And say they will do it tomorrow,
And so they delay from day unto day,
Till death cycles up and takes them away,
And their families beg, steal or borrow.

NOTED SINGER TO SING AT METHODIST CHURCH

Vernon Dalhart, the popular lyric tenor, will be heard in an unique recital at Methodist Church on the evening of April 25.

Mr. Dalhart is one of the growing body of splendid singers who boasts of his American birth and training. Until he was sixteen, Mr. Dalhart, lived and worked on a Texas cattle ranch. He then went to Dallas to work in a hardware store where he was overheard singing by a vocal teacher. He was induced to cultivate the gift that nature gave him, and after extensive study in New York, he made his debut in "The Girl of the Golden West." He created such a favorable impression that he was engaged to sing the leading role in the light opera "Pinafore" at the New York Hippodrome. There are few singers of either sex who can sing the

charming old southern melodies—as well as Mr. Dalhart. Admittance to the recital will be by card only. (391)

THE HOMECOMING
He's comin' home—our only son—
To maw an' me—we jest sit 'round
A waitin' for his happy shout
A tellin' us he's home—the sound
Of footsteps on the old brick walk.
Most allus gives us sudden starts,
An' other sounds at eventide
Find echoes in fast-beatin' hearts.
Seems like 'twas only yesterday
Since he was toddlin' o'er the floor;
But since he went away to war,
A million years have passed—and
more.
A million years? Yes, only folks
Whose hearth lacks one, once always
there,
Can live a million years in one—
Such magic has a vacant chair.
Somehow he'd allus been a kid—
To us at least—before he went
Away to war. Tho' he'd shot up
By inches toward the firmament,
To six feet one—yet all the while
His dad forgot the time was due
When son an' dad should be just pals
Close partners with one end in view.
They say that lots of farmers sons
Wan't be content to stay at home—
When back from war—but don't forget:
The boy who thinks he wants to roam
And leave the farm, will be content,
When dads make up for things un-
done,
Henceforth instead of "J. A. Jones"
Our firm will read, "J. Jones & Son."

GIRLS! WHITEN YOUR SKIN WITH LEMON JUICE

Make a beauty lotion for a few cents to remove tan, freckles, sallowness.

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of creamed white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the creamed white and shake well. This makes a quart pint of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant creamy lemon juice into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

LAMB COUNTY VOTED ROAD BONDS FIFTEEN TO ONE

At the ratio of fifteen to one Lamb County Road District number one voted a \$50,000 road bond in the recent election held in that district. The intention of the bond is to furnish funds wherewith Lamb county will build a highway paralleling the Santa Fe from Lubbock county line to the Bailey County line, and to complete the Ozark Trail from Hale county. Lamb is one of the progressive counties in road matters, and with the judicious expenditure of this \$50,000 they will be noted for their good roads. They have recently had good rains and immigrants are moving in.

E. C. Barnett was in town Monday buying equipments for the school.

Mr. Chris Harwell was in the community Monday looking after business interests.

Mr. Moore went to Lubbock on business Thursday.

W. B. Burford went to Idalou after some feed last Thursday.

March 21 was equinoctial day and it came a light shower and is cloudy and still showers on the 22, maybe we will have a good season to plant and will stay so from now on. Here's hoping.

On Tuesday afternoon the school doors were opened to Judge Moore, Messrs. Dulaney, Thompson, L. O. Burford, Bryan, J. P. Webb, J. B. Potts, John Allen, E. C. Barnett and Mrs. J. B. Potts. They were welcomed by the teachers and pupils in the auditorium. Close attention was given by all the pupils and the talks given by each one was enjoyed. We were in hopes that they would spend the whole afternoon with us. Mr. Dulaney was the state inspector. We hope he found our school up to date and will give us full credit for our work, of which he talked very favorable to our teachers.

C. A. Walton and Mrs. Estes and child were pleasant visitors at the school Friday afternoon. Mrs. Walton helped the girls to practice a song for the social center.

The social center met Friday night and a large crowd was present.

The Acuff basket ball players came to Canyon last Friday afternoon to give our boys a good game. The teachers of Acuff were present, Mr. McCasland and Miss Effie Eoff.

Quite a number of Canyon young folks were present to give yells. The girls and boys are both practicing and we hope to match a game with some of the other communities soon.

The Canyon school boys went to Lubbock last Friday and played baseball with the seventh grade.

Why Don't You Smile?

Everybody should be smiling since receiving such a nice rain. Just think of it—two and one-third inches—and every bit gone in the ground. And with it SPRING-TIME is here—the time to plant seeds in the ground. You watch the tiny plant grow from a sprout to a full grown stalk, and eventually the harvest time comes.

LIKEWISE, this is a good time to plant dollars in the bank; you may start with a tiny deposit, but give it the same attention you do the growing plant and you will soon have a substantial bank account.

PLANT a few Dollars with us TODAY—the harvest is sure to come.

SQUIBS FROM THE LAMESA REPORTER

With sorrow we are compelled to chronicle the death of J. R. Carpenter aged about 70 and his son 35, within a few hours of each last Sunday. Both from flu followed by pneumonia. Monday they were taken by auto to Roby, for burial.

C. T. Watson, county agent, reports 14 pigs bought by the boys pig club and 69 settings of eggs bought by the Poultry Boys and Girls. White Leghorn, Anonas, White P. Rocks, and R. I. Reds with the White Leghorns predominating. This is a good showing and means much in the way of better stock and poultry for Dawson county.

"We Will Make Right That Which is Not Right"

Mrs. J. A. Fowler, of Crosbyton, underwent a very delicate operation in one of our local sanitariums the latter part of last week and is reported to be doing fine.

Richard H. Banowsky, of Wichita Falls, passed through here last Saturday enroute to Brownfield. Mr. Banowsky has recently opened a commission business at Wichita Falls and will move his family from Brownfield there, to make his home in the future. He stated that his home here would be left so that he could come to it at once if necessary, which seems as though he hadn't quite lost confidence in this country.

SOME ITEMS FROM THE ABERNATHY BREEZE

W. W. Cotton and J. R. Reed of the Becton community were in town this week making the transfer of 320 acres which the latter has bought from the former. Jimmie Reed already owns a good farm and we are glad to note this further evidence of his prosperity.

Mrs. F. F. Barnes is in a sanitarium at Lubbock. Her daughters, Mrs. Leslie Jones, of Coffeen, Illinois, Mrs. Brown of Amarillo, and Mrs. E. W. Walker of Weatherford, are here to be near her. We hope for her a speedy recovery.

R. K. Henderson and Sam Weaver of Lubbock called on the Breeze this week while here.

LOOMIS SELLS THE SLATONITE.

L. P. Loomis, who for seven years has been editor and owner of the Slaton-Slatonite, has sold that paper to W. Donald, who will have full charge of the Slatonite with the issue of this week. Mr. Loomis is introducing Mr. Donald says:

"The new proprietor of the Slatonite is Mr. W. Donald, formerly with the McKinney Daily Courier Gazette and publisher of the Princeton News. Mr. Donald is a competent newspaper man and we feel that he will give Slaton better newspaper service than we have been able to. He is a business man of high standing and will be a valuable addition to Slaton's business circles. We are glad to know that in stepping out of the Slatonite we are placing the mantle of proprietorship in such competent hands. Mr. Donald's family will soon be at home here."

In an effort to relieve the curiosity of many of the Slatonite readers Mr. Loomis says:

"The first question that comes to us from scores of friends, is: 'Why are you leaving Slaton?' Recently and entirely unexpectedly, the opportunity came to us to enter the newspaper business in a much larger field where the volume of business is several times larger than it is at Slaton. That tells the whole story. We are just stepping into a bigger job, and felt that we could not in justice to ourselves refuse the opportunity, although it means breaking up business associations and friendships that have been forming for years."

Mrs. J. A. Rix returned Monday morning from Whitesboro, where she has been visiting with her sister.

MUSIC.

Dr. R. H. Humphries, a prominent neurologist, has made the statement that 60 per cent of all those incapacitated for service in the late war are shell shock cases and that music is an invaluable aid in their cure.

This is a remarkable statement, yet it comes from an authority, as Dr. Humphries was consulting neurologist in Selective Service Headquarters of New York State.

It proves that wonderful as music is in inspiring courage and heroism on the battlefield, in stimulating effort in every branch of human endeavor, it has a curative power far greater than is appreciated by the general public. It stirs the nerves and it soothes them. It arouses them to great vigor and energy when it is desired to summon the faculties to unusual activity and it rests them when rest is needed.

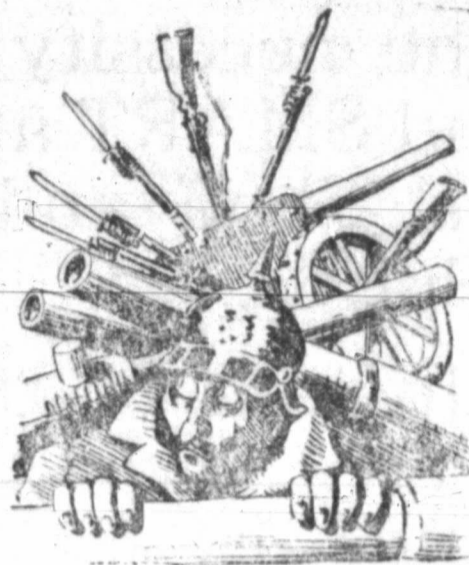

As a "cure-all" no patented medicine could justify broader claims, for no matter what your trouble, music will help you. If music itself could be patented and put up in packets, that which has been slightly called "canned music" could be sold for its medicinal effect alone with far greater success than any patented medicine. It would be included in the doctor's prescription.

Yet music is so closely associated with pleasure that we fail to realize that it has any other value.

Take music out of the world and you will take away one of the fundamental elements of nature. Take it away from the home and there will be an emptiness all else will not fill. Take music out of the heart and you will take the sunshine out of life.

Rev. H. S. Hughes, pastor of the Methodist church of Ralls, passed through here Tuesday enroute to Slaton to attend the pastors and laymen's conference which was held there Tuesday and Wednesday.

THE KAISER CRUSHED

And Uncle Sam in making it possible assumed a debt that is great beyond the average comprehension. A debt that runs into many thousands of millions of dollars. A debt that was unavoidable, yet the taking over of which put a quick end to the war.

Uncle Sam prepared beyond all precedent for this year's fighting. A tank for every seventy-five feet of the firing line. Gas shells at the rate of ten thousand for every one Germany had produced. Airplanes in droves. Guns, by thousands. Munitions of all kinds upon a scale heretofore unheard of.

He had obligated himself in advance of the collection of the money to pay for all this.

AND ONCE THE GERMANS KNEW WHAT HE HAD IN STORE THEY QUIT COLD.

IT'S TO PAY THESE DEBTS THAT THE VICTORY LIBERTY LOAN IS TO BE OFFERED.

TO PAY THE PRICE OF THE UNSHED BLOOD OF 500,000 AMERICAN BOYS.

AUTO THIEF SHOT WHILE RESISTING ARREST

A tramp who with two others, attempted to steal an automobile belonging to Joe W. Rice at Odessa, Texas, was seriously wounded when the car in which he and the others were riding was fired upon by deputies near Stanton. Two of the men were taken to Odessa and the wounded man was left at Stanton.—Big Spring Herald.

Guy H. Hooper of Ranger Lake, N. M., is here this week visiting with friends and acquaintances. Mr. Hooper has just recently returned from service in the quartermaster's department at Camp Shelby, where he was stationed for about 8 months.

Mr. and Mrs. R. L. Slaughter of the Lazy S. Ranch were here shopping and attending to other business matters this week.

NEWS ITEMS OF INTEREST FROM IDALOU COMMUNITY

Idalou, Texas, March 24, 1919. We have had one of the best rains here since last June and the farmers are certainly looking "helped up" over it, as we are all expecting to have the best crops this year since 1914.

A son was born to Mr. and Mrs. Edgar Ross last week. All doing fine but Edgar, who, we think, will soon be himself again.

A box supper was given at the school house Saturday night for the purpose of buying a library for the school. Owing to the fact that it was raining not many people were present but we made the neat sum of \$62.50 in all. The cake brought about \$12 and was given to Miss Virgie Wheeler as being the prettiest girl in the community. There will be a pie supper for the same purpose in about two weeks from Saturday night.

Mr. W. O. Barber who is just getting over a bad case of the pneumonia had the misfortune of getting two of his fine work horses cut very bad on the wire Sunday evening. It seems that the arm of fate has surely rested heavy on this good man.

Mr. Holt and Mr. Wheeler have been to the oil fields at Ranger, but we understand that they did not invest at this time, but sure come back telling wild stories of how quick we all could get rich if—Mr. Wheeler went on to Erath County, where he has some holdings.

Mrs. E. S. Kelly's sister-in-law, Mrs. Kelly, from Arkansas, visited Idalou this past week, and they are visiting their folks north of Ralls this week.

The trustees have put up the traps at the school house, and the boys are certainly enjoying it, and we think they will compete with any when it comes to "acting."

Idalou is to have another blacksmith pretty soon, he is moving in now and will start in working in a few days. He will put in the old Rush & Davis garage. This is a much needed enterprise for our little town, and we hope the community will appreciate it enough to patronize home people.

Frank Ross purchased the home of W. R. Greer last week. Mr. Greer will continue to live where he now is, for the present at least.

C. A. Anderson received this week a new Overland from his father, which was a gift from him. It is certainly fine to have kinfolks down in the oil fields, maybe our rich kin will come to our rescue before it is too late.

W. M. George and wife returned Sunday from Portales, N. M., where they have been visiting with their children a few days.

SOLDIERS' DISCHARGE RECORD MUST BE RECORDED

Austin, Texas, March 20.—The act of the legislature (house bill 278) providing for the recording of the discharge certificates of soldiers, sailors, etc., by County Clerks, at public expense, was approved by Governor Hobby today and took effect immediately. The text of the body of the act is as follows:

Sec. 1. The Commissioners' Court of each county of this state is hereby authorized, and it shall be their duty, to purchase out of the general fund of the county a well bound book, to be used by the County Clerk in recording the official discharge of each soldier, sailor or other person resident of the county, serving at home or abroad in the army or navy of the United States in the war with Germany and Austria-Hungary lately concluded by armistice.

Sec. 2. It is hereby made the duty of the County Clerk of each county to record in a well bound book the official discharge of each soldier, sailor or other person resident in the county who served at home or abroad in the army or navy forces of the United States in the war with Germany and Austria-Hungary lately concluded by armistice; and for such services the County Clerk shall be allowed, by the Commissioners' Court, out of the general fund of the county, not to exceed 15c for each 100 words so recorded.

WEST TEXAS OIL FIELD IN OWN CLASS

West Texas oil fields are not "mid-continent" fields, states a letter written to the director of the United States Geological Survey by C. C. Gum, manager of the Chamber of Commerce. The letter was a protest against Texas fields receiving this classification.

"It is now definitely settled," reads the letter, "in the minds of oil men that the mid-continent fields include Oklahoma and Kansas, but not Texas. The production of oil is great enough for the fields in the western part of this State to receive a classification of 'West Texas' oil fields," the letter continues.

LARGE APPROPRIATION FOR ERADICATION OF CATTLE T. B.

Austin, Texas, March 20.—An appropriation of \$25,000 is provided by the 36th Legislature for the eradication of tuberculosis among cattle in co-operation with the federal bureau of animal industry. The passage of this measure is highly desired by the cattle raisers in the western portion of the state. It is provided in the bill that if tubercular cattle are ordered killed, the owners shall be reimbursed to the extent of a part of the value of the animals killed.

....Society Notes....

Mrs. Adelaide Summers, Phone 435

The men of the First Presbyterian Church were the guests of the Official Board at a banquet given at the home of Mr. S. C. Wilson last Thursday night. This cozy home was decorated with cut flowers and pot plants and the aesthetic sensibilities were further appealed to by the silverware and cut glass that graced the tables. Plates were set for eighteen men, including one visitor, Rev. Ralph J. Hall, of Post. After the supper, which was prepared and served by six ladies of the church, and consisted of baked chicken with dressing, rice, gravy, sweet potatoes, bread, and fruit salad, coffee and whipped cream followed with pie, a program was rendered on "The Victorious Man" from the viewpoint of the business man, the layman, and the minister. Rev. Hall made an address on the essentials of a victorious church, and following this was a round table discussion in which each one present engaged, including the six ladies who served the supper, who appeared on the program on demand of the assembled banqueters. With many expressions of thanks to the hostess and of the enjoyment of the evening the men departed home between ten and eleven o'clock, declaring themselves in favor of a frequent repetition of the affair. Considerable embarrassment was caused as the men were taking their leave by the announcement that every man would be searched as some silver was missing. The men began emptying their pockets and quite a collection of nickles and dimes were on the table when it was announced that the lost knife and fork had been found.

The elegant home of Dr. and Mrs. J. T. Hutchinson was turned over to the ladies for a Library benefit reception March 21st. Despite the wintry weather from outside the pleasant manner in which they were greeted by Mrs. Hutchinson and the warmth from the cozy fire in the grate caused those that ventured out to realize that life was worth while. The splendid talk from Mrs. Griswold giving the history of the first library that ever existed and on down to the present time was very interesting and inspiring. The musical selections rendered by Misses Slagle and Murfee, Mesdames John Simpson and Raymond George, were a great pleasure of the afternoon. Miss Elizabeth Easter in her usual charming manner presided at the punch bowl. Special mention is given to Miss Mae Murfee's selection in the books of the hour and the books of the past, all of which were enchanting and uplifting. Many thanks to the doctor and his estimable wife for the pleasure they afforded the welfare library.

Mr. Jeff Hooker passed through Lubbock this week enroute to Dallas, where he will join his wife and little son, Jeff Jr. They will return the latter part of this week to visit relatives here.

Johnson-Eddleman.

A romance of Abilene Christian College life culminated in the wedding Tuesday 25th, of Mr. Roy V. Eddleman and Miss "Ted" Johnson, Elder Liff Sanders officiating. The bride is a daughter of Mr. and Mrs. J. R. Johnson of Shallowater and well known in this city. The groom was recently discharged from the army being with the 557th Field Artillery Band. He is at present linotype operator of one of the daily papers at Enid, Okla., and the young couple departed on the 1:05 P. M. Santa Fe Tuesday for that place to make their home. Their many friends wish for them all the happiness that Heaven can bestow.

The 1911 Embroidery Club met Thursday with Mrs. L. T. Martin and Mrs. A. B. Conley. Miss Marion Conley assisted these ladies in entertaining having met in the Conley home. Refreshments of sandwiches, fruit salad, coffee and whipped cream were served to the following: Mesdames Dick Arnett, J. S. Johnson, R. D. Benson, Granville Johnson, L. S. Mast, T. B. Duggan, Arvel Ponton, C. L. Griffin, Fred Oliver, and Floyd Beall. The guests were Mrs. Arnett of Colorado, Mrs. Abernathy of the ranch, Mrs. Williams of California, Mrs. Peck and daughter, Mrs. Noone, both of Concordia, Kansas. The next meeting will be at the home of Mrs. Mast with Mrs. Vickers as assistant hostess.

Two classes from the Methodist Sunday School were entertained Saturday evening in the home of Mrs. R. M. McCollum. The girls class of which Marcelle McCollum is secretary and Mrs. Sam T. Davis, teacher and Mrs. Earl Hunt's class of boys, including Noel McCollum, gathered early for their good time. The evening was filled with wholesome fun of games and music. Delicious punch with Marble Cake and Angel food cake were served to about twenty-five, and good-nights were said all too soon.

On last Saturday afternoon the sisters of the Church of Christ with a few intimate friends of the pastor gave Bro. Liff Sanders and family a surprise party, this being his forty-seventh birthday. They came from the church with a car loaded with many nice gifts. There were many little folks who took quite a hand in this which made it the more appreciated. This coming as a surprise made the givers enjoy it as much as the recipients. May God surprise each one with a blessing of a hundred fold in the sincere wish and prayer of Bro. and Sister Sanders.

The Auction Bridge Club met with Mrs. J. A. Rix Tuesday at her pretty home on West Broadway. There were two tables of players. Refreshments of brown bread sandwiches, pea salad and saratoga chips were served to the members present and two visitors, Mesdames Granville Johnson and McLarty. The next meeting will be with Mrs. Claude Smith.

Mr. and Mrs. C. H. Burrus spent the week-end at the ranch home of J. C. Stearns near Brownfield. These families are old time friends.

The Wednesday Afternoon Bridge Club met with Mrs. McLarty last week at the home of Mrs. J. D. Quick. Misses Lee, Wolfarth, Easter, Bellah, Conley; Mesdames Smith, Griffin, Simpson, Wheelock, Powell and Johnson enjoyed the games at the close of which Brick ice cream, angel food cake was served, with tiny favors of sweet peas.

Sunday night Bro. Sanders will talk to the little folks. Bible stories will be the main feature of this meeting. Fathers and mothers come and be with us as we know not how much our presence may be appreciated by these little ones. Every one is cordially invited.

Mr. K. Carter has gone to market. His daughter, Miss Ouida, accompanied him as far as Dallas, where she will visit for a few days.

Mrs. Roscoe Wilson returned Monday from Brazoria, Texas, where she had been visiting Mr. Wilson's father and family.

Mrs. O. T. Easter left on the Clovis train to visit her daughter, Mrs. J. C. Underwood, of Atoka, Okla.

Mr. and Mrs. Joe Powell and family left Sunday for Hubbard City to visit Mr. Powell's people.

Mrs. Maude Smith of Portales, N. M., is here visiting her mother, Mrs. I. G. Trimble.

The well at Tahoka was down a little less than 1,000 feet last week, according to competent authority. The drill has gone through only seven feet of shale, the entire log of the rest of the hole showing that the drill has gone through soft formation. If the formation continues, the driller states that digging additional wells there would be a very short job as the work is easy and after the first log is made a driller will know what to expect.—Slaton Slatonite.

OVER 12 MILLION BALES OF COTTON RAISED LAST YEAR

Washington, March 20.—Final statistics on the 1918 cotton crop were announced today by the census bureau. Its last ginning report places the production at 11,888,138 running bales of 12,022,601 500 pound bales. Both were exclusive of linters.

Texas led in the number of bales of cotton ginned, with 2,692,810 bales. Georgia was the only other state with over two million, being second, with 2,120,690 bales.

We have moved our tailoring establishment to the Robinson Building on the south side of the square. Phone us your orders. Prompt service. 391

RAINBOW DIVISION DIDN'T TAKE MANY PRISONERS

"It's pretty hard to take prisoners, when they do as those Germans did October 14, why they dressed up like nurses and would carry their machine guns on stretchers, setting their load down now and then and turn loose on us. They would stand there with their hands up yelling 'kamerad' and all the time they would be pulling the trigger on a machine gun that they had concealed, and those boys from Alabama wouldn't hardly ever take a prisoner, they thought it easier to shoot 'em down right there," is the way Private S. V. Smith who enlisted here in the early part of the war and served with the 168th Infantry in the famous Rainbow Division, expressed himself about his experience on the Argonne front. Mr. Smith was on the front line of battle 30 days and stated that he was for about ninety days under artillery fire, with an occasional rest of a few hours, and escaped without a scratch, although he suffered for some time from being gassed.

Mr. Smith was discharged from the services in the army a few weeks back, but re-enlisted later in Ohio, and arrived here Wednesday to visit with acquaintances here and at Crosbyton for a few days, when he will return to army duties.

DON'T TIE HIS HANDS

If any foreigner was to step up to you and declare that Uncle Sam wasn't sincere, didn't live up to his obligations, failed to make good his promises, you would probably try to knock his block off.

Uncle Sam is sincere, is honorable, tries always to make good, backs up to the letter his ideals and endeavors to attain his ambitions.

And when he fails anywhere along the line it's the folks at home who do not toe the line of duty. Who tie his hands.

Right now Uncle Sam is asking you to help him meet the greatest obligation he has ever faced.

The task of finishing this war job rightly.

He asks it in his name, in the name of every khaki clad soldier in the land.

In the name of every one of those 70,000 boys who never came back!

And the size of your bond measures the depth of your gratitude for all they have saved to you.

GOVERNMENT TO BUY SITES OF FIFTEEN CAMPS

Washington, March 21.—Definite decision by the War Department to purchase fifteen original cantonment sites for use as permanent military camps was announced today by Acting Secretary Crowell. He said also that as a general policy the so-called National Guard camps would be abandoned, with the exception of Camps Kearney, Cal., and Sevier, S. C.

The cantonments to be retained are Camps Bragg, Custer, Devens, Dix, Dodge, Gordon, Grant, Jackson, Knox, Lee, Meade, Pike, Sherman, Taylor and Upton.

In addition to the cantonments, Secretary Crowell said the general staff has recommended that the following camps be included in the War Department's program for various special uses:

Camps Doniphan, Okla.; Eustis, Va.; Funston, Kan.; Jesup, Ga.; Johnston, Fla.; Kearney, Cal.; Lewis, Wash.; McClellan, La.; Normoyle, Texas; Pike, Ark.; Sill, Okla.; Travis, Texas, and Benning, Ga.

Aviation and balloon fields now owned by the Government to be retained are:

Langley field and Lee Hall, Va.; Kelley No. 1, Texas; Post Field, Okla.; Rockwell Field, Cal.; and Fort Crook, Neb.

WAR DEPARTMENT LENDS R. R. HUNDRED MILLION

Washington, March 21.—One hundred million dollars was advanced by the War Department to the Railroad Administration today to assist in tidying the railroads over the period until additional funds are made available by Congress. It was announced that approximately fifty per cent of this sum was due the administration on the current bills and that the remainder represented an advance on bills yet to fall due.

All obligations of the War Department will be paid, Acting Secretary Crowell said today, in spite of the failure in Congress of the big deficiency appropriation bill carrying funds to meet claims amounting to millions of dollars.

Payment of every obligation, Crowell said, would involve the "shifting" of the department's accounts to a great degree. "We may all have to go to jail," he said, "but we will pay every obligation of the department when due."

The obligations referred to involve chiefly claims in the cancellation of war contracts. Such payments were stopped temporarily after Congress failed to pass the deficiency bill.

RAIN REPORTS FROM VARIOUS TEXAS POINTS

Under date of March 25, the following rain reports are given:

Athens—This section was visited by a heavy rain last night.

Waxahachie—The rainfall here last night amounted to 1.25 inches.

Denton—A slow rain fell over Denton County yesterday afternoon and last night which will be of benefit to wheat and corn.

Farmersville—An inch of rain fell here last night which will be beneficial to the grain crop.

Terrell—A slow rain fell here nearly all last night, which further retards farm work in this section.

Benjamin—It has been raining here almost continuously for the last forty-eight hours. The rain is general.

Knox City—One and one-half inches of rain has fallen in the last three days. There is a large acreage of wheat.

Mexia—The heaviest rain since December fell here last night and this morning, accompanied by light hail. Precipitation 1.38 inches.

Waco—The rainfall here last night was 1.95 inches. Reports received today indicate that the precipitation was fairly general throughout McLennan county.

McKinney—More than an inch of rain fell here last night. Oats will be especially benefitted. Considerable corn has been planted and it will also be helped.

Port Lavaca—Dry weather of the last few weeks was broken by several hours rain yesterday. The government gauge registered 3.55 inches this morning.

Memphis—A slow gentle rain has been falling over this section for forty-eight hours. The farmers claim they now have the best season they have had for years.

Claude—Claude and the surrounding country has had a good rain, one and one-half inches. The wheat outlook is fine. The prospect for a general crop never was better.

Only One Corn Peeler, "Gets-It"

Stop Corn Pains; See Corn Peel Off. It is just when a corn hurts that you want to feel surest about getting rid of it. Why take chances of keeping the corn and having the pain grow worse? You'll use "Gets-It."

The Only Peel-Off Way Is "Gets-It." It's anybody sooner or later, might as well use it sooner. Then you are absolutely sure that the corn will loosen from your toe so that you can peel the whole thing off painlessly with your fingers, in one complete piece—just like peeling a banana. It takes a second or two to apply "Gets-It." There's no fussing or putting. Corn-pains will vanish—that'll keep you sweet while the "Gets-It" does the rest. Nothing new for corns has been discovered since "Gets-It" was born. Follow the judgment of the millions: use "Gets-It" and be sure to be corn and pain free! You'll say it's magic. "Gets-It" is the surest, money-back corn-remover. The only sure way, costs but a trifle at any drug store. Mfg'd by E. Lawrence & Co., Chicago, Ill.

Sold in Lubbock and recommended as the world's best corn remedy by Lubbock Drug Co.

CHURCH NOTES

Baptist Church.

Last Sunday was a shut-in day and many of us learned how lonely and heavy hearted we would be if we were deprived of the teaching worship and social touch we get from our church life. Dull and heavy would our days drag on if we were never to gather again in glad some congregations.

Let us often thank our Good Father for the privilege of the house of worship. Soon our earthly pilgrimage will bring us into the blessed home where "Congregations never break up and Sabbaths never end." Until then let us be glad when it is said to us "Let us go up to the house of the Lord."

Sunday morning let us gather promptly for our happy Sunday school and later for the preaching hour. In the morning the subject will be "Three Pictures of One Man and at night, "Proper Style of Dress"

Our good ladies are in a campaign to brighten up the inside of our church building and to make some needed changes and repairs. Let us stand by them in this good work. We greatly need to build a new house but we waited loyally for the war work to be done and now we will wait for the high prices of materials and a good crop which seems almost sure, and then we can build more worthily and at less expense.

The great rains and the warmer days tell of growing time and brighter prospects for all our people. Our boys are coming home and are to the home and native land more and more and will enter joyfully into the service of the Prince of Peace. Let us hope and pray that the world is to enter upon a long and happy period of genuine Christian growth and progress. Let all of us who wish to be builders and real helpers rise to our best and forget that there are any grumblers, grouches and hinderers in the world.

See you next Sunday with a happy face and cheerful smile.

Yours for better things in life,
J. B. COLE.

First Presbyterian Church.

Last Sunday was a great day—such a fine rain fell on this drought stricken section! It will mean many dollars to us. Let thanks be given to Him from whom every good and every perfect gift comes, and let His people strive to enlarge His kingdom, even as He has made prospects so bright for an enlarged crop. Services at the usual hours next Sunday, but attention is called to the fact that the clocks will be advanced one hour next Saturday night. Instead of the regular preaching service at the morning hour there will be a special program on the Christianization of the immigrant in our midst, and an offering taken for this cause.

Remember the services will be according to the new time-schedule, as follows: Sunday School 10:00 a. m.; special program 11 a. m.; preaching service at 8:00 p. m.

PUBLIC HEALTH

Care of the Teeth.

To prevent decay of teeth says Dr. Warabasse, the child must be born with a good organism to start with. Care of teeth, however, plays a vital part in preserving them.

Healthy children, as soon as they have teeth enough should have foods which give some resistance to the jaws. Dates, nuts, dry bread, fruits, a meat bone—these are some of the things which should constitute a part of the daily ration. Children should early begin to work for their living with their teeth. The profession of dentistry is an outgrowth of the tendency to pamper the mouths of in-

fants with soft and fermentable foods.

Decay of teeth begins in openings in the enamel, in which bacteria penetrate. Such openings are usually the result of the breaking down of the enamel by the products of fermentation in the mouth. They may be caused by wounds, by strongly acid foods, or cracks may be caused by taking into the mouth extremely hot or extremely cold materials. The deposit precipitated upon the teeth from the secretions of the mouth which increases in a ratio with ill health, is a culture bed for bacteria. Particles of food lodged at the bases of the teeth also act in the same way. The acid products of fermentation in these substances have the power of dissolving the enamel of the teeth.

The removal of these destructive substances from the teeth is best ac-

complished by mechanical means. The tooth brush should be used frequently and as much of the surface of the teeth as is accessible should be brushed. Particles of food should not be allowed to remain between the teeth. They may be removed by means of a silk thread engaged between the teeth. Once daily, or every other day some cleansing substance should be used with the tooth brush. For this purpose the following tooth powder is recommended: Calcium carbonate (pure, fine, precipitated) 100, powdered castile soap 25, orris root 100, myrrh 100 and oil of wintergreen 10.

Besides the disease entering thru the enamel of the crown, infections often begin at the root of the tooth. Such infection destroys the nerve and blood channel entering the root and the tooth becomes dead. These are the teeth which sometimes give trouble after being filled or crowned. Rheumatism sometimes results.

Teeth should be examined every six months by a dentist so that disease may be discovered and checked.

H. L. Smith, field manager of the Beaver Valley Oil and Gas Co., of Cicoo, was here this week in the interest of that company.

Oral Adams of Terry county is a business visitor here this week.
