NUMBER 47

## ABOUT PROHIBITION AMENDMENT

### ANTI-PROHIBITIONISTS ENDEAVOR TO GET SYMPATHY OF DRUGGISTS AND FRIENDS IN FIGHT AGAINST PROS

## ATTORNEY GENERAL MAKES STATEMENT ON QUESTION

### The Amendment to the State Constitution Would Not Make the Rules Governing Sale of Medicines More Strict Than is at Present in Local Option Territory.

For some time there have been reports circulated about that the proposed amendment to the State Constitution making Texas dry by statutory prohibition, and the anti-prohibitionists have gone so far as to try to defeat the amendment by getting the druggists of the state lined up against it, under an impression that the amendment would place a law on the statute books that would work a hardship on the druggists that would result in putting them entirely out of business.

This report came to the ears of one of our staunch prohibitionists, Mr. John P. Lewis, and he at once started an investigation and we give the communications below answers to his inquiries:

The following letter is from M. M. Crane, Dallas, Texas, of the law firm of Crane, Crane and Umphres: Jno. P. Lewis, Esq., Lubbock, Texas.

Dear Sir: Yours of the 5th inst., in reference to the claim made by certain druggists that the Attorney General's Department has instructed the District Attorney of Travis County that no medicine containing any alcohol can be sold after the adoption of the pending prohibition amendment. I had the same report several weeks ago. I immediately took the matter up with the Attorney General's Department. They advised me that the statement was untrue, that no such advice had been given. The statement that was made to the District Attorney was to the effect that any alcoholic liquors sold as a beverage, bought as a beverage, or capable of being used as a beverage were then prohibited by the local option laws, and would be prohibited by the amendment if adopted. In other words, the amendment will not change the law in that respect.

It is a piece of presumption on the part of the liquor dealers to seek to use a lot of respectable people like the druggists in their fight. If you will communicate direct with the Attorney General's Department I am sure they will verify this statement of mine by giving you the same information they gave me.

Yours very truly,  
M. W. CRANE.

Another letter: This one from Atticus Webb, Superintendent of the Anti-Saloon League, of Texas: Mr. Jno. P. Lewis, Lubbock, Texas.

Dear Mr. Lewis: Your letter to Mr. J. B. Gambrell, Fort Worth, has been turned over to me for reply. I have the circular letter from Mr. Cousins that you refer to, and let me say that his statement there is absolutely false. The adoption of the dry amendment will not affect the drug business in Texas one iota. A full discussion of this question appeared in the last issue of the Home and State, which I am sending you, and a further discussion of it will be found in the Home and State now on the press, a copy of which I will send you. I wish you would read them both carefully and take them to your druggist and let him read them.

The facts in the case are these: Under cover, the liquorites have been conducting a campaign among the druggists with a view to defeating the amendment, but as usual have based their campaign upon falsehoods.

I trust that you will give careful attention to these articles in the Home and State and if you can use more, write me at once.

Most cordially yours,  
ATTICUS WEBB.

## MOTHER OF LOCAL CITIZENS SERIOUSLY ILL

Message was received here today from Jackboro, Texas, stating that the mother of George C. Wolfforth and Eastin Wolfforth of this place, was seriously ill at her home in Jackboro. Both men being in the oil fields near Ranger and Eastland the message was sent on to them. Mrs. J. W. Ayres of Crosbyton, their sister, passed through here this morning enroute there. She was accom-

panied from here by Mrs. George C. Wolfforth and Mrs. Homer Beall.

## SALESMEN CHANGE HEAD-QUARTERS THIS WEEK

Price Boyce arrived here the first of the week from Abilene, and will act as traveling salesman for the local house of Ed S. Hughes Hardware Company. J. I. Lanham who has been here some time serving in this capacity will go to Abilene and make that his headquarters in the future.

The following letter is from the attorney general's department which denies emphatically that the report being sent out of the radical changes in the laws: Mr. Jno. P. Lewis, Lubbock, Texas.

My dear sir: I take pleasure in handing you herewith copy of an opinion rendered to Dr. C. W. Goddard, State Health Officer, which answers your inquiry of May 12th.

Yours very truly,  
W. A. KEELING,  
Assistant Attorney General

Doctor C. W. Goddard, State Health Officer, Capitol.

Dear Sir: You direct our attention to a signed statement from the Secretary of the Texas Pharmaceutical Association which purports to have been mailed to the druggists of Texas asking to be advised if this statement correctly quotes the Attorney General's Department and if there has been any new law on the subject or any new ruling from this Department. The statement, in part, is as follows:

"The Attorney General has ruled that any merchant who sells any preparation containing alcohol is subject to prosecution. This ruling was given to the District Attorney of Travis County. We made a strong protest against the ruling and finally the Attorney General agreed to withhold this ruling and not give it to other District Attorneys until we had had a chance to get the Legislature to give us some kind of a relief." You are advised that the present Attorney General, nor any other Attorney General of Texas, ever gave such a ruling as the one above quoted. The Attorney General's opinion to Honorable C. E. McVey, quoting the definition of intoxicating liquor by the courts of this State, is the same opinion this Department has, at all times, given in regard to this subject. It has never been changed in any material way. The Department has never, at any time, ruled that "any merchant who sells any preparation containing alcohol is subject to prosecution," and this Department never, at any time, gave such ruling to the District Attorney of Travis County.

On the contrary, we have always held that the court's definition was the correct one, and that the liquor sold must be capable first, of being used as a beverage; second, capable of producing intoxication when so used—before its sale would be prohibited in prohibition territory. There has been no new law passed on this subject and no new ruling given by the Attorney General's Department which, in any way, changes the law from what it has been for more than twenty years.

Yours very truly,  
W. A. KEELING,  
First Assistant Attorney General.

We do not believe that if the amendment is passed that it will affect the druggists business one bit unless he is wanting to sell booze under an assumed name, and we are confident that there is a very small per cent of the druggists in Texas want to do that. It is very evident that the attorney general's department never gave out such a statement as has been made use of by the anti prohibition people.

Go to the polls next Saturday and vote for prohibition. Saloons will be opened right away in territory not already under local option as soon as the peace terms are signed if there is not a law written into our statutes prohibiting it before that time.

## RETURNS FROM SERVICE IN PANAMA ZONE

J. V. Stockton of Crosbyton, but for the past nine months stationed in the Panama zone, with the 33rd infantry, doing guard duty, passed through here the first of the week enroute to his home.

Mr. Stockton does not speak very favorably of the duty which he had been doing, on account of the excessive heat and rainfall that he was so unfamiliar with. Only ten and one-half feet is the average yearly rainfall for the country where he has been.

## THE CENTENARY DRIVE IS ON THIS WEEK

The great Centenary drive is on in full blast this week. The drive in which the Methodist people undertook to raise \$35,000,000 started at twelve o'clock last Sunday, and a well organized body of workers began out to the farm of J. E. Watson, whose farm is three miles north of Lubbock. We found Mr. Watson's place one of the best improved in this part of the country. Mr. Watson has three fine sections of land and he is going in for farming this year on a large scale. Early in the year he started two tractors to work and before planting time he had about seven hundred acres all in one body broken and ready for the planter. Of course the matter of planting this amount of land in row crops was a problem, but Mr. Watson and his associate in the crop, Roy Showalter, were equal to the task, and before long had a rig put together that made the planting of this big crop mere play. They arranged a trio of double row planters, attached to a long beam supported by a wheel on each end, and this outfit was tied on to a Fordson tractor, which completed equipment for planting six rows at a drag going down the long rows—a mile or more in length at the rate of ten or twelve miles per hour. Mr. Watson has a variety of row crops planted, kaffir, maize, feterita, haggaria, cane, cotton, etc., about six hundred acres in all, and much of it is up a fine stand now. This crop, with the equipment mentioned above was planted at the rate of seventy acres per day, having planted 560 acres in eight days. This is all new land, and with a reasonable season from now on, Mr. Watson will harvest an immense amount of grain.

Reports are being received from all over the district, and many places have fallen far below their quota, and it is beginning to look as though the Lubbock district will scarcely raise the quota, which makes it necessary that Lubbock church oversubscribe largely, as it is by far the strongest church in the Lubbock district.

Up to Thursday morning, Judge Moore, District chairman had received reports from the following places and the amounts subscribed as follows:

Place	Quota	Sub.
Lubbock	\$8250	\$7700
Slaton	3750	3000
Lamesa	2600	3700
Lorenzo	3410	2435
Crosbyton	4095	1850
Roaring Springs	3150	3150
Matador	4265	1811
Post	4095	750
Post Mission	2370	805
Tahoka	4095	717
Lamesa Mission	1630	1830
Brownfield	3350	
(No report except will raise quota)		
Ralls	3380	2096
Lubbock Mis. No. 1	2045	400
Lubbock Mis. No. 2	1020	170
TOTAL	\$51,425	\$30,394

## ACCIDENT AT CHAUTAUQUA TENT WEDNESDAY NIGHT

Mrs. Tom Easter, of Lorenzo, who was over one day this week visiting with Mrs. V. J. Easter of this place, and attending the program at the Chautauqua, Wednesday evening after seeing the program rendered by the Italian Band, happened to a very painful accident. While leaving the tent her foot was evidently caught in one of the guy ropes which threw her down against one of the stobs used to fasten the guy ropes, and cut an ugly wound on her forehead. The ladies who accompanied her there in a car, waited a few minutes, thinking that Mrs. Easter would come, but later decided that she had gotten out ahead of them and went on to the house, they left and went home. Mrs. Easter was accompanied by a small boy, and they evidently lost their bearing and stopped at the residence of R. B. Ingle, who called the lady where Mrs. Easter was visiting and had her come after her. Her clothes were stained with blood from the cut on her forehead. A physician was called after she had arrived at the home of Mrs. J. J. Easter and dressed the wound. Mrs. Easter is getting along nicely now, and returned to her home today.

## RUNNELS COUNTY SEEKS 1,000 HARVEST HANDS

San Angelo, May 19.—One community alone in Runnels County has sent to the Federal Employment Bureau here a call for 1,000 wheat and oats harvesters, who will be needed within ten days. Houses can be immediately provided at Winters for fifty families.

The wheat and oats crop in the northern portion of Runnels County is said to be one of the heaviest in history and by far the largest in ten years. Many West Texas farmers fear they will lose some of their crops because they are unable to obtain hands.

## WILL ATTEND GRADUATING EXERCISES IN FORT WORTH

Mrs. W. E. Lyon left this morning for Fort Worth where she will attend the graduating exercises at the Texas Woman's College. Mrs. Lyons' daughter, Mary, who has been attending school there for some time will graduate from this institution at the ending of this term.

## FARMING ON A BIG SCALE NEAR LUBBOCK

Last Monday the editor of this paper accepted an invitation to a seat in Mr. Karper's car in company with Carrol Thompson, County Agricultural Agent, and Mr. Dubose, staff correspondent of the Dallas News, for a spin out to the farm of J. E. Watson, whose farm is three miles north of Lubbock. We found Mr. Watson's place one of the best improved in this part of the country. Mr. Watson has three fine sections of land and he is going in for farming this year on a large scale. Early in the year he started two tractors to work and before planting time he had about seven hundred acres all in one body broken and ready for the planter. Of course the matter of planting this amount of land in row crops was a problem, but Mr. Watson and his associate in the crop, Roy Showalter, were equal to the task, and before long had a rig put together that made the planting of this big crop mere play. They arranged a trio of double row planters, attached to a long beam supported by a wheel on each end, and this outfit was tied on to a Fordson tractor, which completed equipment for planting six rows at a drag going down the long rows—a mile or more in length at the rate of ten or twelve miles per hour. Mr. Watson has a variety of row crops planted, kaffir, maize, feterita, haggaria, cane, cotton, etc., about six hundred acres in all, and much of it is up a fine stand now. This crop, with the equipment mentioned above was planted at the rate of seventy acres per day, having planted 560 acres in eight days. This is all new land, and with a reasonable season from now on, Mr. Watson will harvest an immense amount of grain.

## SANTA FE ASSISTANT ENGINEER MOVES TO CHICAGO

S. E. Ross Assistant Engineer of the Santa Fe Railway Company, who has for the past three years made Lubbock his headquarters while in charge of the construction of the line running from Lubbock to Seagraves, will leave Friday for Chicago where he will be in the office of the Chief Engineer. Mr. Ross' family will accompany him there.

We are very sorry to see this family leave our town, having made many friends among all acquaintances. And as Mr. Ross says, he will miss the good people of Lubbock, but the business which he follows will not allow him the privilege of selecting his own headquarters. Mr. Ross has made a record in handling the construction of the above railway, which is one of the best construction which the system owns, a fine roadbed with eighty pound rails. To give some idea of the efficiency which the construction worked, something near one hundred and fifty thousand dollars of freight was carried since construction started until received in the hands of the company; two thousand cars of cattle were hauled over the road without the loss of a single one. This construction was made in some ways under more favorable conditions than many, being one of the newest, there is not one piece of right of way in litigation, all being furnished by the citizens over which the right of way passed or bought outright by interested parties, which can not be said about many of the older roads.

Mr. Ross, since turning the road over to the company about a year ago has been employed in making a record of costs for the construction, and has finished this work. With the record that he has now we are expecting a fine future for him.

Mr. Ross' address will hereafter be 1033 Railway Exchange building, Chicago, Ill., office of chief engineer.

## NO MASS MEETING LAST SATURDAY NIGHT

A mass meeting for the discussion of the Woman Suffrage amendment was called for last Saturday night, but for some reason there was no audience showed up, and the idea of a mass meeting was abandoned, but the supporters of the amendment have been busy the past week distributing folders, and other literature for the enlightenment of the voters on the question.

## CHAUTAUQUA ATTRACTING CROWDS

### IT IS PROVING A MOST PLEASING ENTERTAINMENT AND LUBBOCK PEOPLE ARE RECEIVING GENUINE TREAT

## MANY OUT OF TOWN PEOPLE COME TO ATTEND

### Some of the Very Best Features are yet to be Presented—Many Say They Have More Than Got the Worth of Their Tickets Already And Are Anxious That it be Booked for Next Year.

This has indeed been Chautauqua week in Lubbock. The people have been talking it on the streets, in the business houses and at home and they have been attending every meeting. The large tent has been comfortably filled and the entertainers have been at their best all the week, with the exception of Thursday afternoon, when Granville Jones, who was to have lectured on the "Cred of Democracy," was unable to fill the engagement on account of a throat affection. Dr. Barker, however, took the platform in his stead and delivered a wonderful address.

This is the only change of program so far, and the people are certainly enjoying the entertainment. Lubbock people have never had an opportunity to attend as high class entertainment for a whole week at a time before in the history of the city, but it is very evident that they enjoy it just the same.

The Chamber of Commerce did a good days work when they signed a

contract with these people to come to Lubbock, and we are sure that they will not hesitate to make a return engagement of this company for next year.

The city that takes only the question of dollars and cents into consideration cannot possibly amount to a great deal and the intellectual faculties of the populace will dwindle away or we will become fossiliferous. Let not this be said of Lubbock people that they crave only the lighter literature of the ages, but may we bring such things into the community that will increase the intelligence of the young people of the community, rather than to fill their minds with blood curdling wild west scenes of murder and robbery and the coarser things of the underworld.

The Avalanche congratulates the Chamber of Commerce on having secured this entertainment, and the hearty co-operation of the people shows that it is generally appreciated by our citizenship.

## SEVERAL BRICK BUILDINGS BEING PLANNED

E. C. Fain has recently let a contract to Sam Dane for the construction of a modern one story brick building which will be erected on the north side of the square. This building will be occupied by Sam Daugherty, who will open up an up-to-date cafe. Work is expected to begin the last of this week or the first of next.

J. A. Hodges is planning the erection of a brick building 50 by 115, and the possibility is that only a few days will take to fix some details before definite steps are taken. We know of several other parties who are now working on plans for the erection of bricks, but as definite steps have not been made we will not mention them. There is also in course of planning, several nice homes for the residential section of the city.

## BROWNFIELD BOY CRUSHES HAND IN PLANTER

The little seven year old son of Mr. and Mrs. A. B. Bynum happened to a very painful accident late Tuesday evening at their home a few miles north of Brownfield. The little boy had just returned from school and went to the field where his older brother was planting. As he had often done in the past, he got up on the planter behind his brother to ride and the possibility is that he became overbalanced and grabbed the chain which drove the planter and caught between it and the sprockets, crushing the thumb very badly. The child was brought here Tuesday night by his parents to receive treatment from local doctors. It is thought that it will be necessary to amputate the thumb at the first joint.

## DISTRICT CONFERENCE AT CROSBYTON NEXT WEEK

District Conference of the Lubbock District will be held at Crosbyton, beginning June 3, at 8 o'clock. Rev. Lyon, presiding elder, has had printed a supply of folders containing the program, this week, which will be sent to all the preachers on the district and also to the several delegates to the conference.

This promises to be a very enthusiastic session, as there is much to be done along re-construction lines since the dry weather has ceased and many people are back at their places and want preaching services as often as possible.

## INTERIOR IMPROVEMENTS IN LUBBOCK SANITARIUM

Work is going on this week toward installing the Interphone system in the Lubbock Sanitarium. Sixteen rooms will be equipped with a regular phone system connecting with the various departments of the institution. These phones will not, however, be connected with the main system of the city, but the convenience which they will make by their installation will be another of the great helps toward making of an ideal sanitarium.

## MRS. GELIN'S MUSIC CLASS RECITAL LAST

Mrs. Gelin's music class gave a recital at the Baptist church last week, this being the commencement program for her class. It was a very fine program and those who availed themselves of the opportunity of being present at its rendition were highly pleased.

Lubbock is possibly the only town on the plains that has a music department, where all the teachers are working under one system, but it is proving most satisfactory to both teachers and pupils and when a pupil gets a diploma from the music department in Lubbock they can go right on into the colleges and get credits there in music the same as in literary work, and this alone gives the pupil considerable advantage over the former arrangements.

## EIGHTEEN GRADUATES FROM LUBBOCK SCHOOL

There are eighteen in the graduating class from the Lubbock high school this year and are as follows: Class Roll: Selwyn Oliver Burford, Earl Dewey Farris, Herbert Charles Martin, Francis Latimer Murfee, Ross Allison McWhorter, Wirt Malcolm Norris, Carl Roberts, Jr., John P. Simpson, Johnnie Spikes, Leona Seeds Burns, Ouida Josephine Carter, Beulah Frank Dixon, Leslye Opal Ellis, Ruth Clayton Hussey, Olive Mabel Michael, Elma Maye Pierce, Gladys Elizabeth Shipman, Eulah Ellen Stokes.

## TELEPHONE OFFICIALS VISIT HERE THIS WEEK

F. T. Childress, formerly manager of the local telephone service, but several months back promoted to the office of Chief Traffic Manager of this district with headquarters at Amarillo, accompanied by R. W. White, District Commercial Manager, were here Wednesday of this week making a short business visit with the local manager, H. D. Phillips.

## TAKING VACATION WITH UNCLE NEAR SEAGRAVES

Misses Ella and Ruth Burson of Amarillo, stopped over here a few hours Wednesday enroute to Seagraves where they will spend the summer with their uncle, J. A. Burson, cattleman. These girls have many friends in Lubbock and have visited here several times before.

## LINDSEY THEATRE WILL OPEN MONDAY JUNE 2

Clifton Lindsey returned to Lubbock last Saturday and is arranging for the opening of the Lindsey Theatre again. During war times Mr. Lindsey closed this theatre and went to Pueblo, Colo., where he was city salesman for the M. A. Gunst Branch of the General Cigar Company. Mr. Lindsey says he will be ready for business on the afternoon of the 2nd of June, with his former film service.

# FOR SALE

The beautiful home of COL. T. L. FARRIS, on easy terms. About 3 acres land, house has hot air, double flooring and tiled bath rooms, and all modern conveniences.

One section of land in four miles of Abernathy. Will deed in quarters. One fourth cash, balance long time 6 per cent.

## H. T. KIMBRO

Office Lubbock State Bank Bldg.

LUBBOCK, TEXAS

### LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

### McLAUGHLINS SELL BANKING INTERESTS AT LORENZO

A deal was consummated last week by which W. E. Frank, Marvin and Ed McLaughlin transferred their stock in the First State Bank at Lorenzo to T. E. Bowers of Ralls, and parties at Lorenzo.

Frank McLaughlin, who has been cashier of this bank for some time, has resigned, and will hereafter be connected with the bank here. He has purchased H. O. Barlow's residence, and he and his family now occupy same. We understand Mr. Barlow contemplates moving away from Ralls.

Since the above was put in type, we learn that only W. E. and Marvin sold their interest.—Ralls Banner.

### CLAYTON, ELWOOD & ARNETT SHIPMENTS

Foreman Johnnie Abers returned the first of the week from Lamesa, where he superintended two shipments for Clayton, Elwood & Arnett, owners of the Clabber Hill ranch. The first shipment was 1000 twos to Puckett Bros., of Amarillo, and the other 1650 threes and up to W. D. Johnson, of Kansas.—Midland Reporter.

### ANNUAL RE-UNION OF TRAVIS FAMILY LAST FRIDAY

The annual Travis Re-union was held at the home of Mr. and Mrs. W. R. Richards on Friday, May 9. This was held in honor of Grandma Travis 83rd anniversary. Owing to the unfavorable condition of the weather and muddy roads, there was not as large crowd present as usual.

All the immediate Travis family were present, and Grandma Travis again enjoyed the privilege of sitting down to the table with all her children who are living. They were: D. L. Travis, of Cooper, Texas; W. W. Travis, of Hamby, Texas; Big Travis, Little Travis, C. L. Travis, and Mrs. W. R. Richards, of Ralls, and their immediate families. Other relatives were, Wakefield Price and family, of San Antonio; C. B. Travis, of Cone; Mrs. Ada Travis, Mrs. G. C. Pass and children, Mr. and Mrs. Hill Richards, Mr. and Mrs. Travis Richards, Mr. and Mrs. Clyde Travis and Mr. and Mrs. Henry Rutherford.

The visitors were: Will Marr and wife, Mrs. Cooper and children, Jim Newton and wife, Mrs. C. E. Dean, Roy Moses, Misses Ruby Moses and Rockie Graham, Lanford Bullock, Uncle Marion Reed, Wiley Reed and Big John Tarver.

The table was loaded with good "eats" of every kind, and a beautiful white birthday cake, with 83 pink candles burning on it, adorned the center.

The children's table was set on the back porch. After dinner music was furnished on the piano by some of the guests. Singing was the main feature of the afternoon, and was enjoyed by all.

Late in the afternoon supper was announced. It was served picnic style and all enjoyed waiting on themselves. After wishing Grandma many returns of her birthday, all departed for their respective homes, declaring this to be the most enjoyable re-union they had ever attended.—Ralls Banner.

### THE STATE OF TEXAS, County of Lubbock:

In the District Court of Lubbock County, Texas, June Term, A. D. 1919.

To the Sheriff or any Constable of Lubbock County, Greeting: You are hereby commanded to summon John B. Slaughter, the unknown stockholders of the First National Bank of Colorado, Texas, a defunct corporation, James H. Hill, A. S. Whiteman, Allen Gregory, Henry H. Cooley, and Lewis R. Hastings, composing the partnership firm of Gregory, Cooley and Company, the unknown heirs of Henry H. Cooley, the unknown heirs of Allen Gregory, Elizabeth Gregory and husband, Edward W. Gregory, Sarah G. Capps and husband, Charles E. Capps, Emma Gregory and husband, John W. Gregory, Margaret Gregory and husband, Lemuel Gregory, Lillie E. Gregory, Orrie Gregory, William Sherwood Gregory, Violet A. Gregory, Effie May Gregory, Effie Mary Gregory, Vena Grace Gregory, Verna Grace Gregory, the unknown heirs of

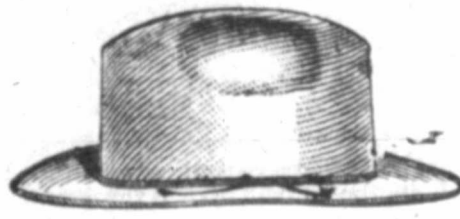

Verna Grace Gregory, the unknown heirs of Vena Grace Gregory, the unknown heirs of White Gregory, deceased, Rella Estelle Welsh, Julia Welsh and husband, Charles C. Welsh, Ella Gregory and husband, Dudley B. Gregory, Mary E. Baker and husband, Merton G. Baker, Ida G. Chamberlain and husband, Calvin Chamberlain, Ollie O'Brien and husband, Daniel O'Brien, Minnie S. Lazarus and husband, Charles Lazarus, Jay Lazarus, Alice Ellsworth and husband, Phineas C. Ellsworth, Ella I. Baker and husband, Byron P. Baker, Edna B. Middlesworth and husband, William S. Middlesworth, Ella B. Middlesworth and Cynthia A. Hastings, by making publication of this citation in some newspaper, published in the County of Lubbock, once in each week for four (4) successive weeks previous to the return date hereof, to be and appear at the next regular term of the District Court of Lubbock County, to be held in the Court House thereof in the city of Lubbock, Texas, on the second Monday in June, 1919, the same being the 9th day of June, 1919, then and there to answer a petition filed in said court on the 5th day of May, 1919, in a suit numbered on the docket of said court as number 1234, wherein W. L. Ellwood is plaintiff, and John B. Slaughter, the unknown stockholders of the First National Bank of Colorado, Texas, a defunct corporation, James H. Hill, A. S. Whiteman, Allen Gregory, Henry H. Cooley, and Lewis R. Hastings, composing the partnership firm of Gregory, Cooley and Company, the unknown heirs of Henry H. Cooley, the unknown heirs of Allen Gregory, Elizabeth Gregory and husband, Edward W. Gregory, Sarah G. Capps and husband, Charles E. Capps, Emma Gregory and husband, John W. Gregory, Margaret Gregory and husband, Lemuel Gregory, Lillie E. Gregory, Orrie Gregory, William Sherwood Gregory, Violet A. Gregory, Effie May Gregory, Effie Mary Gregory, Vena Grace Gregory, the unknown heirs of Vena Grace Gregory, the unknown heirs of White Gregory, deceased, Rella Estelle Welsh, Julia Welsh and husband, Charles C. Welsh, Ella Gregory and husband, Dudley B. Gregory, Mary E. Baker and husband, Merton G. Baker, Ida G. Chamberlain and husband, Calvin Chamberlain, Ollie O'Brien and husband, Daniel O'Brien, Minnie S. Lazarus and husband, Charles Lazarus, Jay Lazarus, Alice Ellsworth and husband, Phineas C. Ellsworth, Ella I. Baker and husband, Byron P. Baker, Edna B. Middlesworth and husband, William S. Middlesworth, Ella B. Middlesworth and Cynthia A. Hastings, are defendants; said petition alleging that plaintiff is the owner by regular chain of conveyances from the State of Texas, of the following described land, situated in Hockley County, Texas, to-wit: All of survey or Leagues number 9, being the Donley County School lands, having been patented to Donley County by Patent Number 130, Volume 24; that said lands were conveyed by Donley county to J. W. Nunn; that Nunn's interest was foreclosed in the Circuit Court of the United States for the Western District of Texas, by judgment rendered April 14, 1890, and his interest conveyed under said foreclosure decree by A. B. Robertson, Special Master in Chancery, to Allen Gregory, Henry H. Cooley and Lewis R. Hastings; that Gregory and Cooley died and their interest was conveyed by certain of the defendants above named and others as their heirs to Lucian G. North, Alfred S. Trude and Byron A. Hathaway as trustees, to whom Hastings likewise conveyed, said trustees later conveying to Richard C. Lake and Thomas B. Tomb, who conveyed to Isaac Ellwood, the father of plaintiff, and plaintiff holds as devise under the will of Isaac Ellwood, duly probated; that J. W. Nunn executed to the First National Bank of Colorado, Texas, which later became defunct, and to John B. Slaughter, James H. Hill, A. S. Whiteman and to Gregory, Cooley and Hastings, certain deeds of trust securing the payment of certain notes which have been paid but no sufficient releases appear of record; that the other defendants above named have purported to execute conveyances as the sole and only heirs at law of Allen Gregory and Henry H. Cooley, but some of such conveyances are irregularly executed as is also the instrument executed by Cynthia A. Hastings; that the defendants, the unknown heirs above referred to, are made parties because of the failure of the record to show the fact that the grantors in the instruments of record were the only heirs of the respective parties, which in truth and in fact they were; that none of said defendants have any interest or claim in and to said premises, and, if they ever had, the same has long since been barred by the Ten (10) year Statute of Limitation. Plaintiff brings this suit to remove any apparent claim of defendant as a cloud upon his title and prays that he be quieted in the title and possession of said premises. Herein fail not, but have you then and there before said court this writ with your return thereon showing how you have executed the same. Witness, Sam T. Davis, clerk of the District Court of Lubbock County, Texas. Given under my hand and seal of office at Lubbock County, Texas, this 5th day of May, A. D. 1919. SAM T. DAVIS, Clerk of the District Court of Lubbock County, Texas. 45-4

## CARTER'S

For Many Bargains

I have now consolidated my Brownfield stock with the Lubbock store which gives me a large stock of merchandise to offer the trade. In fact, I am very much over-crowded and shall offer much of this merchandise at very attractive prices. We are now busy arranging stocks and waiting on those that already know of our price making power. Our Shoe Prices are especially attractive at this time. Let us fit your feet.

### "FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross".

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

Lum Hudson, of Seagraves, is here this week visiting with his daughter, Mrs. Pete Beall.

J. J. Smith of Plains, was here the first of the week attending to business matters and visiting with friends.

### NEWS OF THE WEEK FROM THE CENTER COMMUNITY

The farmers of this district are certainly rushing to keep ahead of the weeds as well as to get the seed into the ground. The rains have caused them to have to plant a great deal over.

Miss Gertrude Fuchs was the caller of Misses Madge and Emma Abney last Friday afternoon. She was caught in the windstorm and lost her hat, but was fortunate enough to find it.

Mrs. A. W. Jones and daughter, Willie, left for Canyon last Thursday morning to attend the graduating exercises. They returned home accompanied by Mrs. Jones' other two daughters, Rosa Mae and Goldia, who have attended the normal for the past nine months. We understand that they made good this year and will probably go back next September. We are very glad to have them with us once more.

The singing at Mr. Habbinge's was enjoyed by a nice little crowd Sunday evening.

Richard Rieken happened to quite a little accident one day last week. While working on a planter, he dropped the can and it fell on three of his fingers and mashed them pretty badly, but it is nothing serious.

Mrs. Joe Burns seemed to be improving until Sunday morning, when she took real bad and was taken to the West Texas Sanitarium where she will probably undergo an operation. Her many friends and relatives hope to have her with them again soon.

Miss Theodor Goebel is preparing to go to Marble Falls to spend her summer vacation.

E. A. Abney and wife, of Badger Lake, were callers of the Edgar Abney home Sunday.

The people of the community met Sunday afternoon at three o'clock and organized a Sunday School. A real nice start was made and the following officers were elected: B. F. Taylor, Supt.; Edgar Abney, assistant Supt.; Mrs. Earnest Jones, Secy., and treasurer; R. H. Haney, teacher of Bible class; Mrs. R. W. Bowley, teacher of the young folks' class; Mrs. N. A. Myers, teacher of intermediate; Mrs. David Myers, teacher of the card class, and Earnest Jones leader in singing. It was decided that the Union Literature would be best as the community is so mixed as to denominations. We will also get some more song books. There were somewhere around sixty students enrolled, some were not present on account of illness, but we believe there will be more next Sunday.

Mr. John Schroeder and family of near Monroe, spent Sunday with Mrs. Schroeder's parents, Mr. and Mrs. R. W. Bowley.

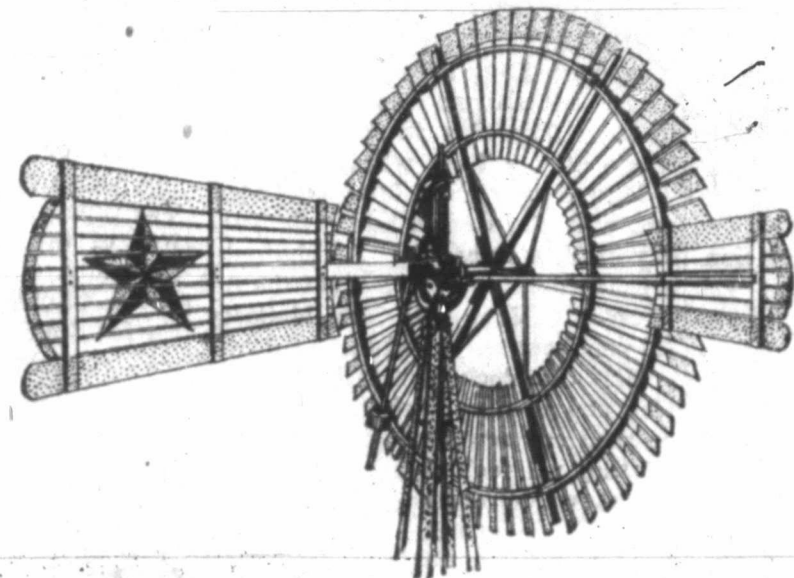

Mr. John Drachenberg from near Abernathy, was a caller of the R. Rieken home Sunday.

Mrs. Ernest Jones was out hunting a sod planter Monday morning.

Judge Gibson, of Rogers, Texas, stopped over here a few hours the first of the week to visit friends. Mr. Gibson has a daughter living near Lorenzo, and will visit there a few days before returning.

Simeon O'Neal, formerly of Lubbock, now living at Jacksonville, Texas, was here this week. Mr. O'Neal is traveling salesman in Texas for the Craddock-Terry Shoe Company, and says he is doing nicely.

# Star Windmills and Leader Windmills

You will always find every size of a Star Windmill in our stock, together with the Leader Windmills when you call. These mills will always do just what you will expect a windmill to do for you. Run light, last long and bring out a whirlpool of water for you. The Star windmill runs with the least amount of wind than any windmill on the market.

We carry a full line of repairs for these mills all of the time. So when you have wind storms do not be afraid, if the wind damages my mill I cannot secure repairs, for we have a good supply on hand at all times.

Come to see us when you are needing the old reliable windmills.

## R. A. Rankin & Sons

### Thanks to PERUNA

Mrs. Kate Marquis, Middleburg, Logan Co., Ohio, writes as follows:

"I have used Peruna with success. It has cured me of catarrh of the head and throat. It is the best medicine for catarrh that I have ever used. I am completely cured. Thanks to Peruna."

Mrs. Marquis is but one of many thousands who know the value of Peruna for that catarrhal condition of the membranes responsible for many of the human ills.

I Am Completely Cured

If you object to liquid remedies ask for Peruna in tablet form.

## MABE-KARR CO.

### ACT QUICKLY

Do the right thing at the right time.

Act quickly in time of danger.

In time of kidney danger, Doan's Kidney Pills are most effective.

Plenty of evidence of their worth in this vicinity.

Mrs. J. G. Davis, Colorado, Texas, says: "I have used Doan's Kidney Pills off and on for several years, whenever I have needed them, and nothing has ever done me so much good. At times my back was weak and ached and I could hardly bend down or lift anything. My kidneys acted irregularly and I had dizzy spells. Doan's Kidney Pills have never failed to relieve me. They have helped me when other medicines have failed."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Davis had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

### NOTICE

Notice is hereby given that the annual meeting of the stockholders of the South Plains and Santa Fe Railway Company will be held at the General Offices of said company in Lubbock, Texas, on Wednesday June 4, 1919, at the hour of eleven o'clock a. m., for the purpose of selecting a board of directors for the ensuing year and for such other business as may come before such meeting.

The annual meeting of the directors of this company will be held on the same date and at the same place

Immediately after the meeting of the stockholders.

S. P. & S. F. Ry. Co.  
Lubbock, Texas, May 3, 1919. 454

### TAKE OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and fall—when the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

Your complexion becomes—Yes! It is harmless and never irritates.

Read the date on the label. It tells when your subscription expires!

### LEMON JUICE

FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quartet pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your complexion becomes—Yes! It is harmless and never irritates.

We live up to the name. You get quick service here, NIGHT and DAY and SUNDAY. We are here to serve you, and we propose to make our service so good that you will remember us and tell the other fellow.

A full line of Mohawk, American and McGaw auto casings and tubes, also other supplies, gas, oil, free air and water all the time. Eveready Batteries. We also have a Ford car for sale.

**WOODROW NEWS ITEMS OF THE PAST WEEK**

What fine weather we are having now, everybody is busy in their crops. A crowd of the young folks of this community went to a party at Mr. Osborne's at Union Saturday night. All reported a nice time.

Mrs. Tyson was shopping in Lubbock Tuesday.

The singing at the school house Sunday was good. A large crowd was present. Mr. Copeland will come back again the 3rd Sunday in June to sing with us.

Mrs. Boone visited her mother, Mrs. Bevers Saturday and Sunday. Mr. Shipman and Edd Teal from Union, were at singing Sunday afternoon.

Those who were in Lubbock Saturday were: Isaac Gill, Roy Teal, George Eubank and G. M. Eubank.

The young folks enjoyed a singing at Mrs. Pendleton's Sunday night.

Roy Teal entertained all the young people with a party Monday night. Several were over from Union. Everyone reported a fine time.

Miss Stella Mote spent Monday night with Ruby Marcy.

Mr. Eubank and George are going to leave Thursday for Foard county where they will cut wheat.

Miss Halsey and Miss Craddock met with the women and girls Tuesday at Mrs. Eubank's. All showed a great interest. We will meet the 3rd Tuesday in June with Mrs. McCarty. All members are urged to be present.

Miss Craddock met with the Caning and Poultry Club May 20. We finished our sewing bags. After the meeting we took some pictures and was shown by every member pre-played some games. Great interest. All were present except two.

Walter Gainer stopped over here one day this week, enroute to Plains where he is called to attend to business matters. Mr. Gainer has been making his home in McCulloch county since leaving the plains. He says like most of the counties in that part of the state, oil is the chief excitement. McCulloch has now several shallow wells from two to three hundred feet in depth producing from seven to thirty-five barrels per day. Drilling is now in progress for several holes to be dug several hundred feet deeper than other wells, thinking that more production could be found.

C. S. Mitchell, civil engineer of Lolita, Texas, spent several days here the past week prospecting. He has been over a large part of the western portion of the state, and says he is more favorably impressed with the Lubbock section than any other portion, and will probably locate in our city. He has done a great deal of civil engineering throughout the state, and would be a valuable addition to the South Plains and Lubbock should he decide to cast his lot with us.

J. J. Chauncey was here the first of the week from his farm near Shalwater. He is looking hale and hearty, and says he is having plenty to eat from his wife's garden now, and the chances seem good for the good cats to continue through the entire summer.

**PANHANDLE AND TEW MEXICO TO GET BIG OIL TESTS**

Fort Worth, May 10.—Following close upon the announcement that the Texas Panhandle is to be given a thorough testing for oil and gas during the summer, comes the announcement that northeastern Tew Mexico is also to be given a deep test.

Travis of Joplin has recently blocked a large acreage in Union county, and is arranging for the immediate sinking of a deep well.

The definite location has not been made but it is announced that, the well will be somewhere in the vicinity of Clayton, N. M.

C. H. Bridges, petroleum geologist of Tulsa and Fort Worth, has recently made some preliminary investigations in parts of the Panhandle of Texas and reports conditions there are very favorable. He looks for an extensive development program there this summer. The well of the Peerless Petroleum Company, northeast of the Duke well and near the Comanche-Erath county line seems to be increasing in production, according to the latest report from the field. Some reports Saturday morning placed the production as high as 1500 barrels while others ran as low as 800 barrels daily. This well is an offset to a number of wells. Among them are the Carruth of the Cosden Oil and Gas Company, the Duke extension well of the Comanche Iorthern Oil Company.

The Cosden Company is building a rig for a direct offset to the Peerless well, according to announcement Saturday. The Peerless will doubtless act as a stimulant to development in the northern part of the Desdemonia district.

F. A. Leovy, first vice president and general manager of the Gulf Oil Corporation, is on an inspection tour of his companies in the North Central Texas fields. He is accompanied by W. B. Pyron, in charge of the Texas office at Fort Worth and other minor officials.

Operators here today declared there should be no uneasiness over the price of crude with the likelihood that the Burk Burnett production will be doubled. It is declared that the foreign demand will fully hold up the price and that the demand from Germany alone with the resumption of trade will be enough to hold up the prices.

Mrs. R. E. Ketter, of Tahoka, who has been here a few days receiving treatment in one of the sanitariums, was able to return home Tuesday.

See Moore Brothers for harness.

L. H. Shelton has recently acquired the entire business of the firm of Blackwell and Shelton shoe repair shop.

Moore Brothers repair anything.

T. A. Beasley of Post City, is here in a sanitarium receiving medical treatment and will probably undergo an operation in a few days.

C. H. Grollman made a short business visit to Dallas the first of the week, returning home Wednesday.

Moore Brothers repair anything.

**EVER SALIVATED BY CALOMEL? HORRIBLE!**

Calomel is quicksilver and acts like dynamite on your liver.

Calomel lases you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bowels and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it lases you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

**STATE SUPT. WILL ASK FOR SPECIAL LAWS**

Rural school conditions were described yesterday by the Hon. Annie Webb Blanton, Superintendent of Public Instruction in Texas, as wasteful and appalling. Miss Blanton outlined the bills which are to come before the special session of the Legislature if permission can be obtained from the Governor for the benefit of rural schools of the State. She suggested remedies which may be used in regard to the present conditions.

"I have traveled over the entire State, practically, speaking on the rural school situation," said Miss Blanton. "I have lectured at several of the districts of the State Federation of Clubs, and also to conventions of the Congress of Mothers and the Teachers' Associations. I want to get the mothers interested in needs of the rural schools. It can be done if they realize what the situation is. They have the time to devote to the betterment of schools which business men can not give, and they are more directly interested."

"I am working to get the people behind this movement to pay enough salary to get good teachers. They will have to pay salaries which will encourage men and women to train themselves for the teaching profession. They must make it worth the while of capable men and women. I believe the situation is just right to get the people interested in the movement, as so many complaints are being registered over the country on account of the low salaries paid to school teachers. People are realizing that this situation is not right. Country schools do not attract the students in their districts and could not hold them if they desired to come."

**To Lengthen Terms.**

"We have made a big preparation toward the remedying of these conditions in the \$4,000,000 appropriation for schools. This will enable us to lengthen the terms of rural schools, will help the county boards to raise the salaries of the teachers who will stay in the same place for several years and to make other necessary changes. This bill also provides that the local school district must vote a local tax in order to get any of the fund during the second year. Our idea in this way that, if the school once obtained a vision of what might be done by a properly equipped rural school as a community center, the people would be too eager for it to continue by default. They will get the money during the first year to give them a taste, so to speak of what may be done, but they will have to levy a local tax during the second year to obtain any of the State appropriation."

"The next most pressing bill which we are interested in is the passage of the good roads bonds. I should advise every voter to cast his vote for the good roads bonds. The most expensive and the least effective school is the one-room, one teacher school. They occur in the districts which are sparsely populated and where the roads are unspeakable. We can not get the consolidated schools until we have the good roads. And the consolidated school is the solution to many of the problems of the rural school."

**School in One Room.**

"In some sections which I visited school was conducted in hovels of one room with only one teacher, who had far too much work. The mud was so deep in the school yard that the children could not step out without bogging up to their ankles. The teachers were young boys and girls without any special training. The best teachers would not accept positions under these conditions, and some places were so bad that no teachers could be obtained and the schools were forced to close. I also visited some sections where the children had never seen the inside of a school house. These sections were sparsely populated and the roads were so bad that the children were unable to reach the school. No attempt was made to send them, and a number of grown men and women of the dis-

**HORSE KILLS 7-YEAR-OLD CLYDE POGUE**

Little Clyde Pogue, junior, aged 7 years, grandson of Mrs. J. W. Hough, of Hereford, was killed last Tuesday, while riding a young horse on the farm of Raleigh Hough, his uncle, who lives southeast of town. Indications point to the fact that death was caused by kicks from the horse.

The small boy, who, with his brother and sister, lived with his grandmother, was visiting his uncle, and accompanied by his little cousin, near the same age, went for a horserack ride Tuesday morning. It appears that his hat was blown from his head, frightening the horse, which plunged and threw Clyde off, his leg catching in the stirrup leather. The horse ran some distance with the child in this position. The small cousin summoned his father and Clyde was dead when found. —Hereford Brand.

**SLATS' DIARY**

Friday.—The teacher ast Jake wot condishun was Benedick Arnold in at the end of his life & Jake answered & sed he was ded she laffed & sed well I gess yure rite at that. She dident Keep him in.

Saturday.—Me & Jake maid up 2 go a fishing & we found pas fishing tackle box so we opened it up & all we sed find was a nife with a cork screw on it & a pack of sensens & a little bitay glass with Old Crow printed on it.

Sunday.—teacher sed she wanted all us kids 2 give sum money fer misunarys wich we had earnt ourselves. I give a 2 bits peace & she ast me how I had earnt it & I sed I got it fer hikin. I explained & sed that I walked into the kitchen & seen pa pouring sum stuff into his spring Tonic & the stuff he was pouring was named Burben or sumthing like that & I sed pa wot are you doing and he slipped me 2 bits & sed now you hike. & I hiked.

Monday.—ma & me went 2 a tone test and heard a lady sing like a fongraff and etc. and when we was coming home we saw Jake setting out in front & he sed they was sun trubbel in his house & we ast him why

he sed his pa had just cum home from a foam fest and was inside & his ma was tawking.

Tuesday.—ma was telling pa how 2 peepul shud ack when they are married & liveing to gether & she sed they shud give & take & pa sed yes that is rite. He sed they all ways had ddi that a way he sed he gives ma all of his money & takes all the blame & all. Ma burnt a hole in his shirt which she was ironing.

Wednesday.—pa sed a nother fellow in the store paid him a grate compliment & ma ast wot it was & pa sed the fellow ast him wood he loan him ten \$.

Thursday.—The teacher ast me a question if 7 of us boys was out in the country & 2 boys went into a orchard for apples how many boys wood be left & I sed Nun & she sed yure rrog they wood be 5 left & I sed no teacher you may know numbers but you don't know us kids.

**LUBBOCK BANKS MAKE GOOD SHOWING**

Lubbock Banks show increase in deposits since March 4th, 1919, to the amount of \$73,969, loans have decreased since that time to the amount of \$17,200.

A. D. Payne of Abernathy, was down the first of the week looking after business matters.

**THOS. TRAMMELL OF SWEETWATER DIED MAY 18TH**

Sweetwater, Texas, May 19.—Thomas Trammell of this place, one of the most prominent citizens of west Texas, known as the father of the new Sweetwater, died at his home here Sunday night. The funeral will be held Tuesday afternoon at 2:00 o'clock.

For many years the deceased was head of the banking firm of Thomas Trammell & Company of Sweetwater and also owned large cattle and ranch interests. He was instrumental in bringing the Orient railroad to Sweetwater, in fact he furnished the money that built the first twenty miles of road from this place north. He also induced the Santa Fe officials to select the Sweetwater route for their gulf to California cut-off.

On account of failing health he retired from business about two years ago and since that time has been confined to his bed much of the time. The stores and business houses of the city will close during the funeral out of respect to his memory.

**Piles Cured in 6 to 14 Days**

### HOW METHODISTS WILL SPEND THE \$35,000,000

"Thirty-five million dollars! That's a lot of money. What will you do with it after you get it?"

This is the question that was asked by a well known Southern banker of a Methodist layman who had been telling him of the Methodist plan to raise \$35,000,000 in the Southern States in an eight-day drive May 18-25. The question was one of dozens of similar queries which have been made to the leaders of the Centenary Campaign regarding the drive and, because people seem interested to know where thirty-five million dollars is going here's the story, straight from headquarters, and every word true.

To begin with, the thirty-five million will be raised entirely by Methodists. No one outside of that church will be solicited for a cent of it and,

unless a man happens to be a member of a Methodist congregation, he will not be asked to donate anything towards the cause. If he feels particularly friendly towards Methodism and the things which his Methodist friends will do with the money he is, of course, privileged to give what he cares to, but otherwise, every cent of the \$35,000,000 will be raised by the members of the Methodist Church. The Methodists say they can do it and from the way they have lined up their teams and outlined their plans it looks as though they might more than do it by the closing date of the drive.

Working from the viewpoint of the optimist who is assured he is going to get what he goes after even before he goes after it, the Methodists have outlined a really rather wonderful survey which contains every detail of their plans for spending the thirty-five million. The survey is done into

neat form in a large, square book containing one hundred and eight pages and these books have been sent broadcast over the South. The church is working on the great democratic theory that there are to be "no secret pacts" and the spending of every one of those three billion five hundred million cents is accounted for. We will not attempt to account for all of these pennies here, because even the friendliest member of the Fourth Estate isn't willing to turn over his entire newspaper to one article. But, for the benefit of that enquiring banker—and the ten thousand other enquiring people in his city—here is a quickly summed-up outline of what Southern Methodists will do towards rebuilding the world.

Starting at home, as every great movement should do, the Methodists will spend over seven million dollars in the Southern and Southwestern States. This will be divided between the following forms of work; mountain, immigrant, Negro, Indian, cotton mill people, increasing salaries of underpaid pastors, in the promotion of Christian literature for all of them, and in various forms of city and rural work. In the inaccessible districts—the great plains of the West, the isolated mountain regions, the swamp lands—in places like these little mission schools will be "set up"—schools where children who, otherwise would have no opportunity, will be taught Christianity and arithmetic at one and the same time. The fact is, the drive means for children like these the addition of a fourth "r" to the curriculum—"reading, riting, rithmetic and righteousness," being the foundation of the church's plan for establishing mission schools.

The leaders of the movement declare that this educational program of theirs will go further towards ridding the next generation of the menace of Bolshevism than any other thing they know of because education, permeated with Christianity, means those who receive it will become good citizens in the largest and best meaning of the word. This educating of the negro, the mountain white, the immigrant and the Indian is one of the real services which they can do for their country, Methodists declare, and they are going about doing that service before America becomes embroiled in the unrest of Europe.

In addition to the mission schools which they will establish, Southern Methodists will spend a large part of their thirty-five million on settlement houses in the down and out districts of the large cities of the South. Plans for the various forms of settlement work which the Methodists will do includes work for the Negroes through their Wariora Settlements, and innumerable other enterprises down-and-outs in the cities of the for taking care of the derelicts and South. Several very large settlements will be built and others already established enlarged in practically every state in the South. Churches will be built in both the city and rural districts and the circuit rider, in particular, will receive a more livable salary. One of the most important and unique phases of uplift which the Methodists will undertake as a result of the Centenary will be an itinerant school for Indians, where the sons of former "braves" can go, after camp-meeting fashion, and learn hygiene, spelling and religion at one and the same time.

But the Methodists have opened the windows and looked further than America in their effort to spend the thirty-five million dollars to the best advantage at this time. Europe,

# PRINCE ALBERT

the national joy smoke

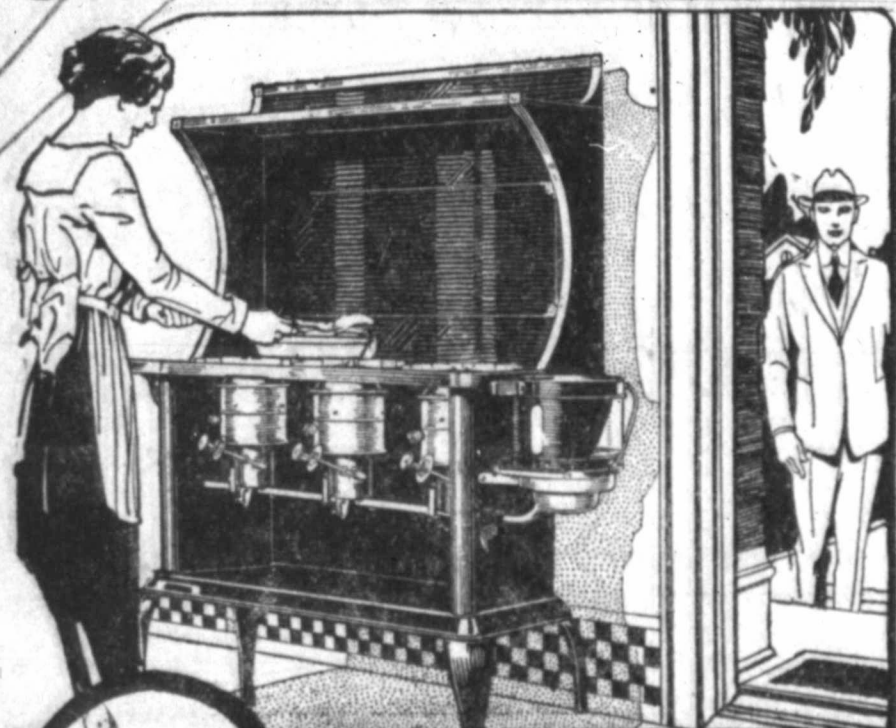

Topsy red bags, tidy red tins, handsome pound and half-pound tin humidors—and that classy, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

PUT it flush up to Prince Albert to produce more smoke happiness than you ever before collected! P. A.'s built to fit your smokeappetite like kids fit your hands! It has the jimdandiest flavor and coolness and fragrance you ever ran against!

Just what a whale of joy Prince Albert really is you want to find out the double-quickest thing you do next. And, put it down how you could smoke P. A. for hours without tongue bite or parching. Our exclusive patented process cuts out bite and parch.

Realize what it would mean to get set with a joy'us jimmy pipe or the papers every once and a while. And, puff to beat the cards! Without a comeback! Why, P. A. is so good you feel like you'd just have to eat that fragrant smoke! R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

## PURITAN OIL COOK STOVES

"THE right kind of help in the kitchen is the Puritan Oil Cook Stove—it works with you. Whatever your cooking purpose may be, the Puritan does its work well and on time."

From Puritan advertising—Christian Herald—April 19, 1919.

Steady cooking heat—from simmering to boiling—and you set the utensil in a clean hot flame that comes up through the grate—like gas. Keeps the kitchen clean and cool. Flame indicator on each burner—and at full heat the burner's automatic wick stop prevents smoking. Brass burners—last for years.

### Reversible Glass Oil Reservoir

Every housewife will appreciate the convenience of the the reversible glass oil reservoir. It's a clean, quick way to handle the ideal cooking fuel—kerosene oil.

Puritan stoves are sold by reliable dealers everywhere. Look for the Triangle trade mark.

See your dealer or write for free Puritan booklet No. 23.

7210 Platt Avenue Cleveland, Ohio

DEALERS NOTE—The Magnolia Petroleum Company is the distributor of these products in your locality. Complete stocks are carried by them at conveniently located points.

## The Government Wants You to Build

Your government is encouraging building, and now is a fine time to build. You will need improvements on the farm and ranch. You will want a home in the city. We have all kinds of building material and fencing. These are days of reconstruction. Build what you need now. Prices will not be lower for a long time. You cannot afford to wait for them to get lower. We also have those fly preventatives too—SCREENS. Better to buy screens than medicine.

**A. G. McADAMS LUMBER COMPANY**  
LUBBOCK, TEXAS

particularly, needs help now, say the sons of Wesley, and Methodists will not falter in their responsibility there. Men of France and Belgium are returning to broken homes, shattered ideals. The church will seek to give these men something new to take hold of—churches for themselves, schools for their children, social gathering places where something of the warmth and cheer of life will be given them again. These are some of the ways in which the church will carry on in the regions where war has swept the land in Belgium, France, Italy, and Russia, for Russia is especially to receive the sympathetic and practical interest of the Methodists. Five million of the thirty-five will be put into rebuilding these needy regions in Europe, and the Methodists declare it is the best five million of the entire amount which they will spend.

The remaining millions are to be spent in the foreign fields of Africa, Brazil, China, Cuba, Japan, Korea and Mexico. In all of these countries the Methodists will establish medical schools, hospitals, mission schools and churches, and develop missionary work along every line which opens up. During the next few years a large portion of the money spent in these countries will go towards educating and training native teachers and evangelists because, once prepared to carry on the work, the native teacher is more effective than the foreigner.

In addition to training native evangelists and teachers and establishing schools, churches and hospitals, the Methodists will co-operate in every way possible with other missions and work with them for the furtherance of Christianity. Small printing plants in every foreign country are expected to play a large part in the great world reconstruction program of the Methodists, for in these plants millions of leaflets will be printed and distributed broadcast through each country.

But printing plants, missionaries, hospitals and schools mean money, and to do the things planned in the survey will cost nearly \$20,000,000—the remaining \$4,000,000 of the \$35,000,000 going to the annual conference missions and the Board of Church Extension. However, though it will take a great many million to do the things they have planned, once the money is raised and the work established in the various home and foreign fields, the whole world will cash in on the enterprise. For it is an enterprise, this Centenary move-

Probably if there was some way whereby a charge could be made to the visitors to hear some of the criminal cases that will be heard in Crosbyton this week, a nice sum of money would be realized. We understand a murder case will be held there this week and have heard many people say they were going to hear the evidence, and no doubt many who would otherwise have attended the Chautauqua here will go to Crosbyton.

Thrift is the yeast that swells pennies to dollars. Prove it with Thrift Stamps.

### SOME TASKS OF NEXT CONGRESSIONAL SESSION

Washington.—Tasks faced by the 66th Congress, meeting today in extraordinary session, threaten to match the tremendous duties the war Congress faced. The war Congress, in the case of most war measures, had a definite thing to do, and took the shortest cut to the goal.

The incoming Congress, however, has problems of peace to solve as momentous as those of war, but without the urge of making every day count for victory, or the patriotic incentive to unity which the war furnished.

Here are the chief tasks before the new Congress:

Adoption of an army and navy program on a peace basis, and appropriation of the money necessary to carry them into effect.

Solution of the railroad puzzle by legislation for the future control of the lines.

Settlements of the amounts to be paid the telephone and telegraph companies for the use of their lines by the Government during the emergency.

Decision as to the future of the merchant marine.

Legislation to aid business in getting back from a war to a peace basis.

Legislation to enforce national prohibition.

Legislation demanded by labor.

Legislation to curb Bolshevism.

This list includes only those things which Congress cannot escape considering. It does not include passage of many appropriation bills, which promises to be fruitful of much wrangling on the question of economy. Nor does it include self-imposed tasks, of which there are many.

Among the latter are revision of the internal revenue and tariff laws; revision of the court-martial system; creation of a budget system (which, however, may be made an administrative measure and take its place in the category of inevitable tasks); investigation of Government officials and agencies blamed by Republicans for war blunders; efforts to amend the constitution or pass laws to prevent, in future, the granting of broad blanket powers to the executive department, either in peace or war time.

In addition there will be efforts to repeal practically all the war measures passed by the last Congress, and, according to indications, no unusual number of "freak" reconstruction and readjustment schemes, financial, social and economic.

Add to this the fact that the Senate must consider and act on the peace treaty and League of Nations covenant, and the further fact that intense political rivalry will be in evidence in both houses from start to finish, and it will be evident why Capitol Hill observers are predicting a long, hot session, a session which, according to some of them, may last until the time for the national convention rolls around, in the summer of 1920.

Mrs. Joe George returned last Friday from Refills where she has been visiting with relatives and acquaintances for several days.

**No Worms in a Healthy Child**  
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is some or less stomach disturbance. GROVE'S LIME-BLUE CHILD TONIC gives relief; for two or three weeks will enrich the blood, improve the digestion and act as a General Strength-giving Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

### PRISONERS BREAK JAIL AT TEXICO

Last Saturday afternoon about five o'clock the two prisoners in the Parmer County jail held on the charge of burglarizing the Boxina Mercantile Company's store at Bovina on Wednesday night of last week and who were enjoying the freedom of the corridor, succeeded in burrowing through the brick wall and make their escape. However, they had not been gone but a few minutes when their joke was detected and the alarm was sounded.

Sheriff J. H. Aldridge soon had a posse organized and were hot on their trail and succeeded in locating the culprit out at the dumping grounds east of town reposing on a lot of rubbish common to such places. They were returned to the jail and since have been kept in the steel cages and a close watch kept on them by an armed guard.—State Line Tribune.

Mr. and Mrs. Staton and little grandson, Aubrie, visited relatives at Monroe from Saturday until Monday.

Mr. and Mrs. Randolph and Mrs. Dean were in town Wednesday of last week.

Mr. Curdison Bond spent Saturday night with Messrs. Matt and Oather Moore.

Mr. J. A. Moore left last Thursday for Arizona, where he will work.

Miss Anna Bond spent Friday night with Miss Ettie Heffington.

Mrs. Claud Brown, Misses Ettie Heffington and Arna oBnd were in town Saturday.

Messrs. Cecil Casey, Ernie and Alie Self took dinner with Messrs. Mart and Oather Moore Sunday.

J. B. Swan, of Brownfield, was up one day this week transacting business.

**NEWS ITEMS OF INTEREST AT NEW HOPE**

Anyway, if we fail to make a crop on account of too much rain, we won't have to feed our stock during the time. The cows and hens will pay the grocery bill and we learned during the war that we don't have to buy a new frock every season.

J. R. Reed and family, Misses Onita Pate and Edith Richardson, R. Huber and son and Cecil Richardson, attended church at Union Sunday.

Ben White of Delta County, is visiting at New Hope. He is thinking of again making his home on the plains.

Miss Effie Eoff, who taught at Acuff last term, is spending the summer at home.

Miss Beulah Evans spent the past week with Miss Neva Cowart.

What a pity the humdrum can't endure even the prospects of prosperity. Some of our people show their gratitude to the giver of all good things for the hope of a good crop and the close of the war by all night dances and Sunday desecration.

How we wish the Chautauqua had waited till we got the weeds all murdered, but if wishes were horses all beggars would ride.

Virgil Cowart came back from the oil fields more in love with the plains than ever. Such is often the case.

It isn't as stylish these days to have onions on your breath as it was when they were twelve cents per pound.

Frank Brown, of Lubbock, was at New Hope Sunday.

Mr. and Mrs. J. T. Richardson spent Sunday in the home of T. A. Battin.

Don't forget the election Saturday. Show your wife you are willing for her to be a helpmeet on all occasions. The men have been trying for about one hundred fifty years to make our laws, now let the women have a chance. Vote for your children when it comes to the saloon question.

Rev. Pollard, of Lubbock, will preach for us Sunday afternoon.

Miss Halsey will meet with the club boys and girls Friday afternoon.

Mr. and Mrs. T. C. Boyd spent Sunday in the Pate home.

At a conference of the Union Baptist church last Sunday, Rev. J. M. Earls, of Southland, was elected pastor, and Messrs. Brasfield and Huber, deacons.

Capt. W. S. Lockwood recently returned from overseas duty with the 36th Division, was over one day this week visiting with friends, and attending the Chautauqua. Capt. Lockwood is spending a few days in Lorenzo, visiting with Mr. and Mrs. H. S. Smyers.

Among the many out of town visitors here this week attending the Chautauqua are: J. P. Cates, Robert Marshall and Doyle Summit, of Plains; Misses Edna Davis and Lois Washburn and W. S. Davis, of Post City.

Mrs. G. C. Henderson, of Lyon County is here this week visiting with relatives and attending the Chautauqua. Mrs. Henderson closed a successful term of school last Friday evening at the Lakeview school building with a nice entertainment.

Misses Lillian and Katherine Earnest, accompanied by Mrs. Bowman, of Littlefield, are here this week visiting with friends and attending the Chautauqua.

Mr. Davis, of the firm of Davis and Mason Furniture Company, accompanied by his daughter, was in town one day this week attending to business and incidentally the Chautauqua.

R. K. Henderson made a short business visit to Amarillo the first of the week, returning home Tuesday.

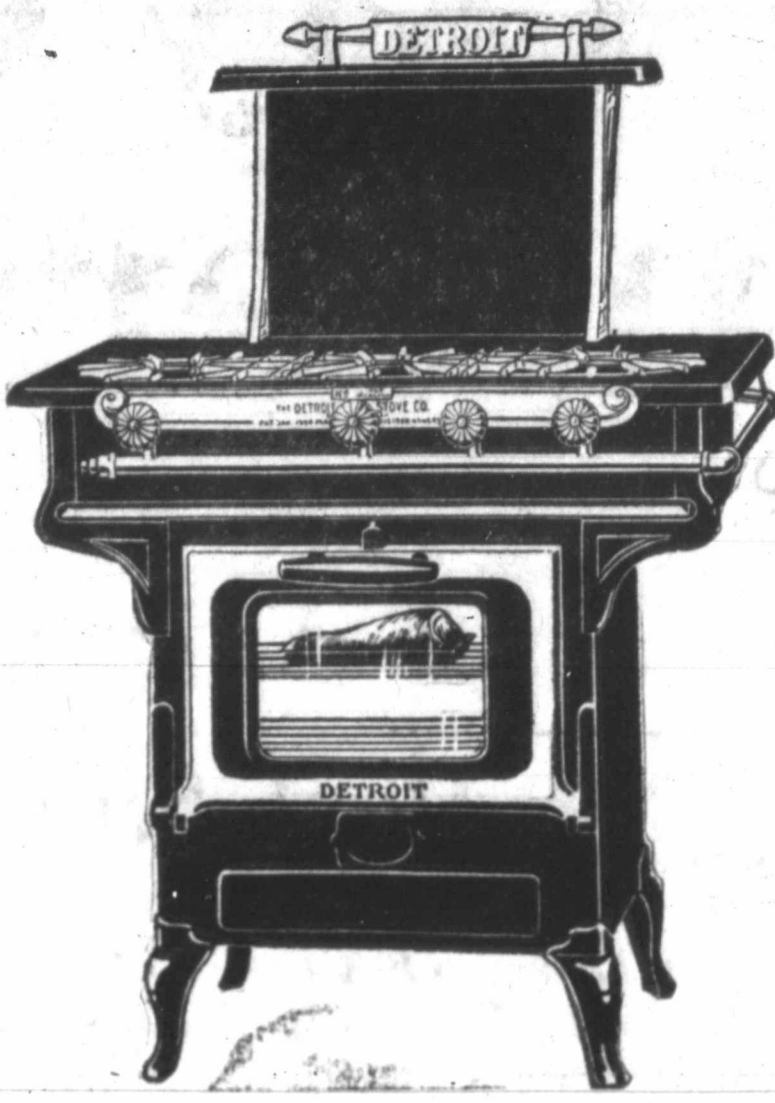

Mrs. J. C. Smith of Crosbyton is now in a local sanitarium receiving medical treatment.

Read the date on the label. It tells when your subscription expires!

**DETROIT**

A few reasons why you should buy a Detroit Vapor Range or Stove.

The Detroit No. 215 and 218 are the only Oil Burning Ranges on the market. They offer the home without gas every feature of the gas stove and every convenience in baking and cooking that can be expected from a gas range.

The above cut shows the Detroit Range with three burners on top and two burners under the oven. The oven in this range is equipped with two giant burners and will bake as fast as a gas range. Sanitary base—all parts easy to get at to clean—glass oven door—drip pan under burners—large roomy cooking top—high shelf—in all ways gas stove appearance and service.

Detroit Vapor stoves are wickless. There are no wicks; no asbestos rings or other substitutes. The Detroit Vapor Stove Burner works like an automobile carbureter. It mixes the liquid fuel with a sufficient quantity of air to form a gas.

Burns Oil, Gasoline or Distillate.

Each burner casting is of annealed grey iron, and the complete burner weighs 8 1/2 pounds. A heat ring concentrates the flame on the kettle. It will give service year after year.—There is nothing to wear out or replace.

The burners save fuel. They cost less to operate than other oil burners; less than coal or wood and do not heat up your kitchen. With one gallon of fuel, a burner will give 19 hours of cooking or baking.

See us for Detroit Vapor Stoves and other good goods.

**The Western Windmill Co.**

**Ford**  
THE UNIVERSAL CAR

The Ford one-ton truck may well be classified as an agricultural necessity. It fits into and fills so many wants on the farm. It is a reliable bearer of farm burdens, not only doing the work of several horses quicker and better than the horse, and does not "eat its head off" when not working. The aggressive farmer has only to consider the possibilities of the Ford truck and he is ready to buy one. We judge this to be so from the way farmers are buying them.

**CITATION BY PUBLICATION**  
To the Sheriff or any Constable of Lubbock County—Greeting:  
You are hereby commanded to Summon Carroll Drew by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 72nd Judicial District; to appear at the next regular term of the District Court of Lubbock County, Texas, to be held at the Court House thereof, in Lubbock on the 2nd Monday in June, A. D. 1919, the same being the 9th day of June, A. D. 1919, then and there to answer a petition filed in said Court on the 7th day of February, A. D. 1919, in a suit numbered on the docket of said Court, No. 1217, wherein Adelle Drew is Plaintiff and Carroll Drew is Defendant; the nature of plaintiff's demand being as follows:

Plaintiff alleges that she was married to the defendant in Lubbock county, Texas, on June 4, 1915, and that plaintiff and defendant continued to live together as husband and wife until about the month of February, 1917, since which time they have ceased living together; that shortly after said marriage defendant began a course of harsh, cruel and unkind treatment towards plaintiff and child of such a nature as to render their living together insupportable; that one child, a daughter named Nina May, now aged five years, was born unto said marriage, and that plaintiff should have the custody of said child awarded to her; that there is no community property, but that plaintiff is entitled in her own separate interest and estate to a series of six notes of \$141.66 each, executed by W. H. and J. A. Long, dated February 20, 1914, due on or before 5, 6, 7, 8, 9, 10 years after date, bearing 8 per cent annual interest, secured by a vendor's lien on the S. W. 1/4 of Section 4, Blk. D, Cert. 22, containing 160 acres of land, located in

### You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

**GROVE'S TASTELESS CHILL TONIC** restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

**GROVE'S TASTELESS CHILL TONIC** is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant, sweet, children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 50c per bottle.

### ALLIED PRISONERS SHIELD METZ FROM BOMBS

The City of Metz, capital of Alsace Lorraine is probably and has been the strongest position which the Germans had. The determination which the Allies worked toward taking this important holding can be better appreciated when it is known and spoken of by some of our own returning soldiers who participated in many of the drives. The Germans knew that they would be compelled to use many tactics, one of which were used was to place many of the prisoners of all the allied nations in a prominent position, a place which could easily be seen by allied airmen, thus forcing the allies to use other means, other than bombing. We are told by one gentleman who was there in the thick of it, that the allies were preparing to make a drive and try to take this place with rifles, of course such an undertaking would have resulted in the loss of many lives, but using other methods was only to endanger the lives of the prisoners which were held there.

Come to Lubbock.

### LOCAL ITEMS FROM THE SLATON SLATONITE

Sergeant M. W. Hollinger, of Portland, Ore., having received his discharge from the U. S. Marines, of the third brigade, located at Galveston, came by Slaton for a visit to his sister, Mrs. R. A. Baldwin and family, also his parents, who have been visiting their daughter the past six weeks.

Mr. and Mrs. M. W. Hollinger, of Portland, Ore., who came here from Long Beach, Calif., where they had been spending the winter, and have been guests of their daughter, Mrs. R. A. Baldwin, will leave this week on their return to Long Beach, and will probably return to Portland, next Spring.

Mrs. H. T. McGee and daughter, Virginia, expect to leave today for Tucumcari, N. M., where they will join Mc. McGee and make their future home. They will be accompanied by Mrs. McGee's mother, Mrs. Parker, who expects to go on to Chicago in a few days.

The Odd Fellows always have some thing doing around their hall but on last Tuesday night business was unusually good. Three candidates were given the first and second degrees. After the work was disposed of the banquet table was spread, all gathered around the festal board, and it is needless to say that the feast was highly enjoyed.

In conversation with W. H. McKirahan of the Santa Fe railroad here, he stated that the railroad boys had subscribed a total of \$29,550 to the Fifth Liberty Loan for Slaton proper, which is in excess of the town's quota. This certainly speaks well for employees of the Santa Fe and the committee having that part of the work in charge are to be highly commended.

Mr. and Mrs. Gus Robertson of V-ranch have returned from a several weeks' visit to friends in Fort Worth and Mineral Wells.

Ervin Fertsch of Wilson, has returned from overseas where he has been serving his country in Uncle Sam's army.

### THINKS PLAINS WHEAT WILL MAKE 40 BUSHELS

District Judge W. R. Spencer, in speaking of the condition of crops over the south plains one day last week, remarks "that without some unknown harm comes to the wheat of the south plains, there will be something near 40 bushels raised to the acre. Judge Spencer is in a position to know about the general crop conditions over the south plains as most anyone having been in this country for years, seeing the results of the different crops of small grain of these years and their approximate yield in bushels per acre. Judge Spencer makes many trips in his car to the different places where he presides over district court and it was just after one of these trips that he made the above statement.

John D. McDermott, of Crosbyton, was here the first of the week as a business visitor.

W. E. Pool was here the first of the week transacting business and visiting friends.

### Habitual Constipation Cured in 14 to 21 Days

"LAX-NOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

### RAIN AND HAIL DESTROYS CROPS IN HOWARD COUNTY

A destructive hailstorm and excessive rains visited portions of our county Wednesday afternoon, causing considerable damage to crops.

In some instances crops were literally wiped out, either by hail or by the flood waters which swept the fields. From an inch and a half to ten inches of rain was reported in some spots and the hail was reported several inches deep in some places. In a swag just south of John Curtis' home a two-acre tract was covered with hail, which was washed in, to a depth of more than a foot to three feet. Entire fields were completely submerged, and from a point near Moore schoolhouse east, past Center Point schoolhouse, and from a mile or so north of town to a point sixteen miles north, this entire section resembled a huge lake of water; and there will be but few farms where crops escaped total destruction.

The men within this region are hit hard indeed, as most of them had planted early and their crops were well advanced and they must now make a new start. With the liveness of the season, the shortage of farm labor and the scarcity and high cost of seed, they are going to be handicapped in getting their crops replanted.

To have the best prospects for crops they ever had, thus blotted out, without warning, is enough to dishearten one, but our citizens are not quitters and all of them are planning to replant, just as soon as they can get into their fields.

The rain was light in Big Spring and did not extend west or south of here, and only to a point six or eight miles east; but northward it extended past Lamesa.—Big Spring Herald.

### DISTRICT COURT IN SESSION AT CROSBYTON

The regular spring term of District Court for Crosby county convened in the court house here Monday with Judge W. R. Spencer, of Lubbock on the bench and District Attorney Gordon B. McGuire, of Lamesa, at his post.

The Grand Jury returned an indictment Tuesday against B. T. Graves for the murder of Joe Wrotan on the east plains some weeks ago and his trial is set for next Monday. A number of civil cases that are of very little interest to the general public have been disposed of during the week.

### STRONG HARDY SWEET POTATO PLANTS.

Nancy Hall, Porto Rico, Pumpkin Yam, Bunch Yam, Southern Queen; Postpaid, 500 for \$1.75; 100, \$3.00. By express collect, 5000, \$2.40; 10,000, \$2.75; 20,000, \$2.10. Wire for special prices on larger quantities. Prompt service, full count, careful pack. Liberty Plant Company, Crystal City, Texas. 464

It does the work, use SANOL ECZEMA REMEDY to get rid of those Black Heads, Pimples, or Rough Bumpy Skin. Leave skin smooth. Cures any case of Eczema. Is pleasant to use. A trial will convince you. 50c and \$1.00 at the drug store. 8-52

### "SOME MAN" HERE MONDAY AND TUESDAY

Monday and Tuesday the regular town "highockets, moon greasers and skyrockets" whose height had conferred these titles upon them, sunk to the very depths of insignificance when R. E. Madsen, of Omaha, Neb., arrived in our city. Measuring seven feet and six inches in stocking feet he was a giant among these men to whom it has fallen lot to "look up" to. Mr. Madsen was born in Nebraska in 1897 and weighs now 250 pounds, his father was of moderate weight and stood six feet and 2 inches, his mother was 5 feet and 2 inches, each standing in stocking feet 72 inches. He has a moving picture film which he travels over the county and exhibits which was made at the world's round-up in Oregon several months back. The picture was shown at Slaton Monday and here Tuesday. Several pictures were made here of him with some of our "mutts" and a few "skyrockets" who very easily could stand under Mr. Madsen's arm. We do not think that this gentleman will remain of the plain long, for with our three or more thousand feet of altitude, he will find a rather cool climate near his face.

Ed E. Talmadge of the Feed Control Service of College Station, was here the first of the week looking after interests regarding feed conditions in this part of the country.

Jim Caudle of Midland, was here the first of the week looking after his property interests in Lubbock county.

### CROPS ARE COMING ALONG NICELY NOW

With the numerous rains that have fell over the entire south plains country the past several weeks, there is to be found some of the obstacles which the farmers have to contend with toward making this the bumper year. Some were fortunate enough to have much of their fields planted before the rains of the past recent days fell and are now fighting the weeds, while there are others who were delayed in the planting and are now working every hour possible to get the seed in the ground so they might get to the weeds.

Many of the small grains, such as kaffir corn, maize and cane are up and can be seen from one end of the rows to the other, cotton is rather slow coming up, as one farmer whom we talked to this week remarked, "no wonder it is slow when you have to sleep with two or more quilts over you these nights. Of course the cool nights are familiar characteristics of this country, but the rainy weather has caused the nights to be cooler than usual.

We have predicted that many of the people who have realized money from oil development in the North Texas fields would invest much of this "velvet" in the best farming and stock country of the state. Now it is evident that they will, every day men are here and coming, many are buying while some are just looking, and as B. F. Walker, of San Saba County, who is here this week prospecting says, "no one could hardly have reason for not buying here after coming to look for property for an in-

## SERVICE

That sounds good, and the right kind of SERVICE is good. But there should be something more than service. We have service and QUALITY GROCERIES TOO, which makes a fine combination.

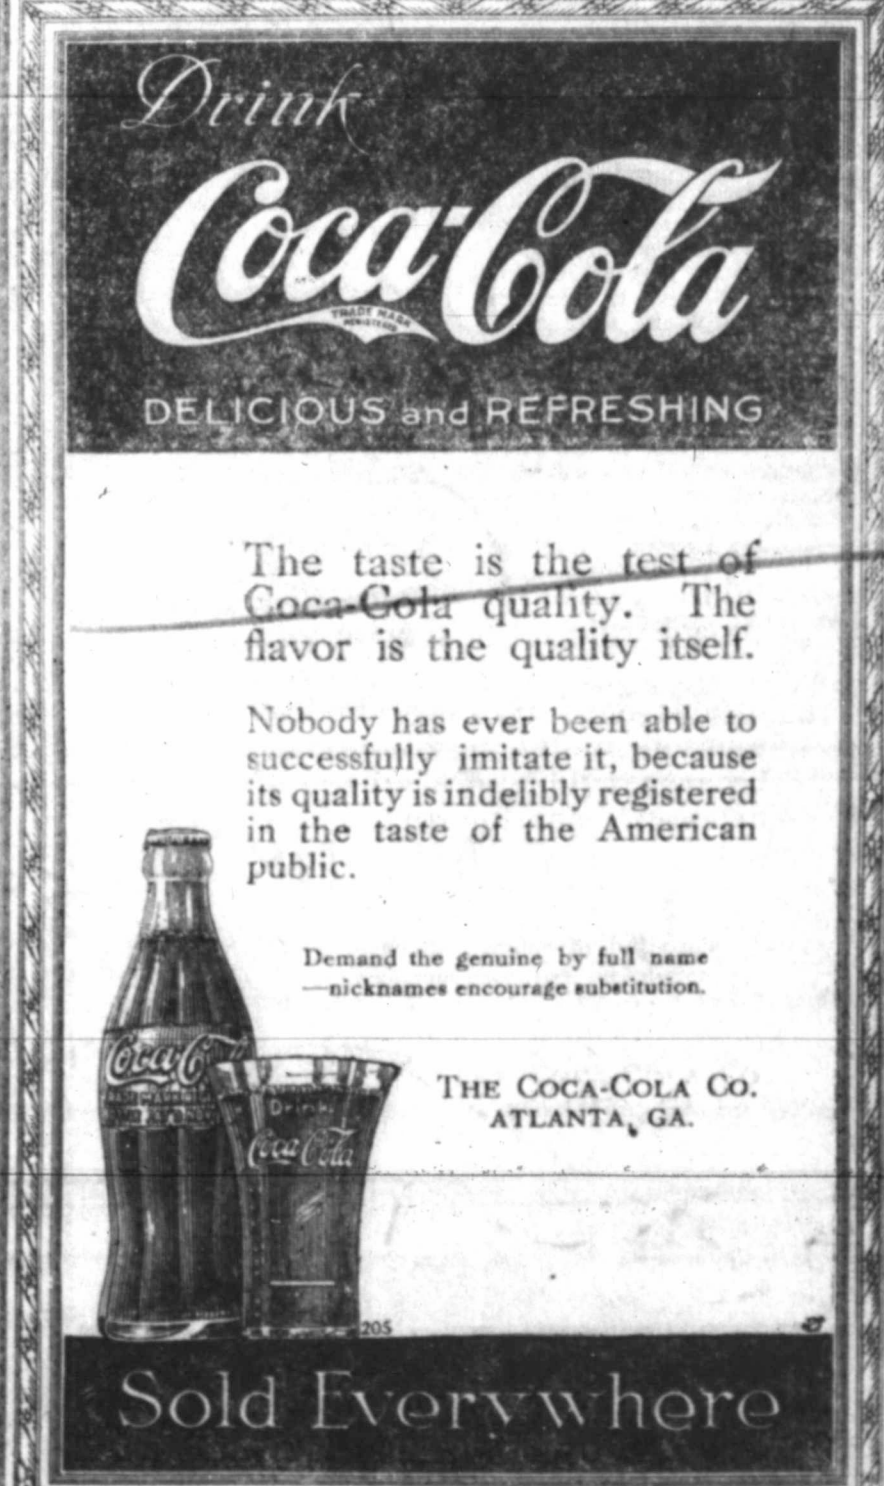

You discount your bill too, when you trade with us and get those S. & H. Green Trading Stamps. We give them with every cash purchase and with all accounts when paid by the fifth of each month.

vestment the condition that the country it is in the present." And he is right. One looking for grass could not find better than what we now have, and for a small farm, prettier setting could not be found with better land and water, and the temptations which the prospector for a home will find here now are too great to risk passing up by these men.

Jimmy Bossey is here this week from Fort Worth, visiting with his family and attending to business matters.

CITATION FOR PUBLICATION

THE STATE OF TEXAS.

To the Sheriff or any Constable of Lubbock County, Greeting:

You are hereby commanded to summon Bismarck Ferguson by making publication by citation once in each week for four (4) successive weeks, previous to the return day hereof in some newspaper published in your county, to appear at the next regular term of the District Court of Lubbock County to be held at the courthouse thereof in the town of Lubbock, on the second Monday in June, 1919, same being the 9th day of June, 1919, then and there to answer a petition filed in said court on the 14th day of April, 1919, in a suit numbered on the docket of said court No. 1228, wherein M. Fulton is plaintiff and Bismarck Ferguson and others are defendants, said petition alleging that in November, 1915, the plaintiff purchased from the defendant, H. C. Ferguson, Lot 8 in Block 105, Original Town of Lubbock, Texas for a consideration of \$3000.00 for which 3 notes were executed by the plaintiff payable to H. C. Ferguson; that in the deed of conveyance by said Ferguson to said Fulton reciting said consideration, the said H. C. Ferguson agreed and bound himself to clear the title to said lot of all liens and incumbrances whatsoever as well as remove any cloud upon the title existing or claimed by any person whatsoever on the date of said deed, which same to be done within a reasonable time from the date of said deed, thereby to prevent loss and damage to the plaintiff, M. Fulton.

That said Bismarck Ferguson is now claiming to be the owner and holder of said notes and that he took the same with knowledge of the provisions of said deed relating to the clearing of the title to said lot by the grantor.

That at the time of the making and execution of said deed and notes there were, and are now, incumbrances against the said property, as follows: One of the defendants, The City of Lubbock, \$144.50; and accruing interest; Mrs. Mattie Fain, \$572.92 and accruing interest; the Conway-Leeper Lumber Co. \$1691.18 and accruing interest, now owned by defendant, A. R. Eckert; W. F. Schenck, \$506.75 and accruing interest; the land records of Lubbock County, Texas, showing indebtedness existing against said property of \$2912.50, and which indebtedness and record is a cloud upon the plaintiff's title to said lot which liens and clouds the said defendant, H. C. Ferguson obligated himself to remove or cause to be removed from the title to said property and that he and the said Bismarck Ferguson have not complied with the terms and conditions of said deed and are seeking and demanding payment of said indebtedness evidenced by said notes. Judgment is sought by the plaintiff requiring the defendants and the several defendants holding claims to appear and present evidence thereof, and for judgment adjudicating the amounts due on each and which amounts when so found to be subtracted or deducted from the indebtedness evidenced by said notes or to be paid in full by the said defendants, H. C., and Bismarck Ferguson, and the plaintiff's title to said lot be quieted and he have credit for the amount adjudged to be paid on each of said claims

**MY EXPERIENCE IN ARMY SERVICE FOR UNCLE SAM**

The following was written by Waïdo Michael, at the request of a number of Lubbock people, and we publish it for the information of his many friends in this section of the country.

An outline of my experience of two years in the Marine Corps:

I will start in at the beginning of the war against the United States, which started on April 6th, 1917. On the 7th day of April I tried to enlist in the Marine Corps Reserve, under Homer Merrill. His bunch fell through so I had to find some other

means of getting in the service so we went to Shelby Robbins, the postmaster of Lubbock. He wired McCauley at Houston to come to Lubbock that he had at least 20 men for him. McCauley arrived here Sunday morning at 5 o'clock of April 15. At 1 o'clock we left Lubbock for Houston for examination. We arrived there on the morning of April 16th and took our examination. Spent the night in Houston and left for New Orleans on the morning of the 17th. We thought we were going into training at that place, but we just passed on through as though there was no such place on the map. After leaving New Orleans we went to Atlanta Georgia, and took more examinations, spent the night in Atlanta and then started for the Hell of America, Paris Island, known by all the Marines on the east coast. It sure is not what you would call a paradise. The train only goes to a place they call Port Royal, S. C. and then we had to get on a tug and float to the island. First we went to the quarantine camp and unloaded. It was then about ten o'clock at night and we had nothing to eat since noon and we were getting pretty hungry. So they gave us a tin plate of a looking outfit to eat out of. They called it "mess gear." It looked as though it had never had a washing. There then was the first time we tasted the army stum. It didn't look very good but as we were pretty hungry we thought we could try anything once. We were kept in the wire corral for about 5 days before we were sworn into the service. They gave us another examination, an inoculation in the right arm and a vaccination in the left. It sure does make a persons arm sore for a few days. We were sworn in then and told we were not

a Marine. They gave us our clothes and equipment which consisted of the following articles: rifle, bayonet and scabbard, sight cover, sling brush oiler, thong and case, belt and pack, and pouch, canteen, cup, and cover, pack, carrier, bacon, meat and accondiment can, mess gear and lid, knife, fork, and spoon, shelter half, poles and pens, poncho, and three blankets. There were toilet articles and a few other things too numerous to mention. We were then ready to begin to do squads right and left. We went through quite a few drills before we left there for the maneuver grounds which is a part of the island. There we got a little bayonet drill which was not very pleasant. We were there for about two weeks and then moved to the old barracks near Port Royal and the main land. We had quite a number of drills and parades. Was on the island for a little over a month when we went to Beaufort, S. C., for a real holiday parade, which was on the 31st of May, 1917. After an all day parade we went back to the island and that night I took down with the measles and was in the hospital for 21 days and lost my old company. When I returned to duty I was put in another company to finish my drill on the island. I then went to the rifle range to learn to shoot and handle the army rifle. Was on the rifle range until the middle of July. I qualified as a marksman. We then awaited orders to move to Quantico, Va., where we knew that they were shaping companies, getting them ready for transportation to France. We left for Quantico the 31st day of July, and got there on the 1st of August. We had been there 4 days when we got a ten days furlough, the first leave any of us had had since we had been taken to the island in the middle of April. I took my ten days in Washington, D. C., for I had never been there and I wanted to see the place. After my ten days was up I reported back to my company for duty. While I was gone they had converted my company from an infantry company to a machine gun company. I then trained as a machine gunner for 4 months. During that time I was getting liberty to Washington every Saturday and Sunday. That was nothing like as bad as the island had been. On December 8th, 1917, we left Quantico and went to Newport News to go aboard a transport for France. We stayed in harbor at Newport News for a few days and then sailed for Hoboken, arriving there and awaiting the convoy that was to es-

cort us across the pond. We sailed from Hoboken the 14th of December. After we had been out at sea for two or three days there were quite a number of the fellows that got sea sick. As luck would have it I never got sick. We had been at sea eleven days when we spotted a submarine chasing us, so we opened fire on them and one of the destroyers, that was with us, sank it. On board this ship, which was one of the German interned ships, the Eitel Friedrich, we had what they call abandon ship drill where everyone has come up on deck with a life preserver on. Next we landed in St. Nazaire, France, on the 26th day of December, 1917. After landing at St. Nazaire, we went aboard one of those fast French trains and went up into the Alsace Loraine sector, where we drilled for two months and a half. We were billeted in a small French town. When we got there it was snowing and the snow was about six or seven inches deep. It had been raining for God only knows how long before it snowed for the mud was almost shoe mouth deep. When the snow melted off we had to hike from 10 to 20 miles a day on preliminary hikes. It rained or snowed there every day. On March 17th, which was St. Patrick's day, we went aboard a train and moved again to a different part of the sector. There we went into the trenches where the cooties and big rats were. We enjoyed their company until the latter part of May 1918. They then started us on a long hike. We hiked for about seven days at an average of twenty-seven miles a day. We moved somewhere near a hundred and ninety or ninety-five miles. We were west of Paris, about 75 or 80 miles. We arrived there on the 27th day of May, 1918, and were to get a month's rest, but on the 30th day of May, 1918, we received orders to stand by to go to the lines, that the Germans were making a bit of headway on the French and English. On the morning of the 31st of May, 1918, we went aboard a train and started but no one knew where except the brigade commander. We were on these trucks from six o'clock of the morning of the 31st until four of the afternoon of the 1st. When we unloaded off the trucks we were on the battle lines ready to fight. We took our positions for the first time on the firing line on the Chateau Thierry sector. We hadn't much more than got into our positions when the French retreated through our lines and told us to retreat, that the Germans were coming seven to our one, and one of our commanders told the French Colonel, "hell no, we won't retreat, for that has never been in the American Army Regulations in training," and that we were going to hold the lines if it cost us every man we had. That was the beginning of the Americans in battle against the Germans. For the first four or five days we had nothing to eat except the reserve rations we carried on our backs in our packs and that wasn't very much as you may well know. There is the place that the American boy suffered for the want of food and water, also for sleep and rest. We were moved from place to place on the lines where we were needed most, were among the dead of both sides, and believe me it was not very pleasant for any person. Of course in time we got used to it until it didn't bother us very much. We stayed on the lines for 29 days. On the 29th of June we were relieved and went back three or four miles and stopped and rested for six days. Then we were sent to dig and build a trench

**Graduation Day**

Will soon be here, and you will want to dress up. We are prepared to supply your wants whether it be suits, dresses, shoes or anything to wear.

**We are Receiving New Goods Almost Daily**

And you will find everything you need for Spring and Summer wear. Just received a new shipment of Men's and boys' suits in Palm Beach, Mohair and Worsteds. Our shoe stock is complete.

**Spring and Music**

NATURE chose the most alluring time of the year for the mating of birds, the bursting of buds and the re-awakening of the brooks. A season full of overflowing of promise for plenty.

Spring manifests its presence by the song notes of birds, and the music of rippling brooks. How wonderful and inspiring is this period. The pity of it is its transitory happiness, its melodies that are all too short lived.

Mendelssohn's Spring Song revives in our mind the beauties of spring. And does this throughout the year irrespective of seasons. In like manner countless other songs will conjure up thoughts of this enchanted time if you own

**1/3 of a Hog Extra**

By feeding Purina Pig Chow with corn, middlings or other feeds, you can produce from 25% to 40% more live hog than is obtained by the same number of pounds of other feeds alone—because:

- Purina Pig Chow builds a large frame (contains adequate bone-forming elements).
- Purina Pig Chow insures maximum growth, (provides an abundance of elements for flesh, hair, blood, etc.)
- Purina Pig Chow puts on fat during the growing period (is rich in fattening elements.)

**PURINA Pig Chow**

is made of digester tankage, corn molasses and alfalfa, with a small percentage of humus and salt. Every ingredient is a feed of recognized growth-producing or fattening value. Write for further information.

reserve. On the afternoon of the 18th of July, 1918, we were on the hike again until about midnight when a truck train met us and we all loaded on and road until late the afternoon of the 17th, when again we unloaded and started on the hike. We hiked all night of the 17th and till about five o'clock the morning of the 18th. We were then in the Soissons sector. Around five that morning we began the scrap again and on the following morning. On the morning of the 19th of July, 1918, near a little village they call Vierzy, I was wounded. From there I went to first aid station about a mile and a half from where I was wounded. There I had my wounds attended to, and left for the nearest field hospital, which was about fifteen miles from the lines. Then I went about 20 miles to a base hospital and stayed there for the night. From there we traveled near on to twenty-five miles to an evacuation hospital of the French. Then we were put aboard a French hospital train and sent into the central part of France. I went to Tours and was in the hospital there for six weeks. We never could get any liberty so we went without leave and of course that was against regulations but we didn't care for that. After I left Tours I went to a replacement camp called St. Aignan, and was there for a little over a month and a half. Was there doing guard duty in the detention camp. From St. Aignan I went to Blois. There I was put in a guard Co. to chase German prisoners of war. I was there until near the 5th of October, and was then sent to Brest on the coast. There we did guard in a hospital till the 12th of December, 1918. We then moved to an embarkation camp called the Pondezaxen barracks. It was the old Napoleon

barracks. Was in these barracks until the morning of the 26th of December, 1918, when we went aboard the good ship North-Carolina, and started back to the good old U. S. A. We landed in Hoboken, N. J., on the morning of the 6th of January, 1919. Was then sent back to Quantico, Va. there to be examined, classified and discharged, according to classification. We were in Quantico until the 14th of January, then we got thirty day furlough to go home. I reported back to camp the 15th of February and they gave me 30 days extension. I worked in Washington, D. C. until the 17th of March and reported in again, this time to stay. They put me to shoveling coal and doing straight guard duty. I filed my applications for discharge and was discharged on the 4th day of April, 1919. That winds up my history of experience from April 7, 1917 until April 4th, 1919, almost two years. Served with 2nd Division A. E. F., 6th regiment U. S. Marines.

**10 CENT "CASCARETS" FOR LIVER AND BOWELS**

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.

**KANSAS CITY LIVESTOCK MARKET LETTER MONDAY**

Kansas City Stockyards, May 17.—Hog prices rose 20 to 40 cents today, and the top touched \$21 again. Cattle prices were firm and sheep sold lower. Demand for pork product seems to be the most urgent factor in the market. The sheep market is being depressed because of liberal receipts and a narrow outlet for mutton.

**Today's Receipts.**

Chicago received 21,000 cattle today, the largest supply for some time past. Elsewhere receipts were about normal. Here receipts were 11,000 cattle, 15,000 hogs, and 7,000 sheep, 4000 fewer cattle, 3000 fewer hogs, and 7000 fewer sheep than a week ago, and 4000 fewer hogs, and 11,000 fewer sheep than a year ago.

**Beef Cattle.**

Supplies were drawn from a wide area including many of Pacific Coast and inter-mountain origin. Steers predominated. Trade opened fairly early, and soon became active. Nebraska steers sold up to \$17.15, Colorado steers \$16.75, and the bulk of the other, Western steers sold at \$13 to \$14.50. Native steers brought \$12.00 to \$17.15, yearling steers and mixed grades brought \$11.50 to \$15.75. Short fed grades were plentiful and a good many are showing strong grass fills. Cows are quoted at \$7.50 to \$14.25, heifers \$8.50 to \$15.50, bulls \$7.50 to \$10.00, and calves \$8.00 to \$13.75.

**Stockers and Feeders.**

Receipts of thin cattle were comparatively small and trade was active at strong prices. Demand was largely from Kansas and Missouri. Feeders are quoted at \$11.50 to \$16.25, stockers \$9.50 to \$15.75, stock cows and heifers \$7.50 to \$10.50, and stock calves \$9.00 to \$13.50.

**Hogs.**

Moderate receipts resulted in a jump of 25 to 40 cents in hog prices today. Packers paid up to \$20 and the bulk of the hogs sold at \$20.40 to \$20.95, the highest on record. Demand was urgent, and came from packers as well as shippers. Compared with a week ago, prices are 15 to 25 cents higher.

**Sheep and Lambs.**

About 4,000 sheep that arrived Saturday swell today's offerings to 11,000, and the market was quiet with prices steady to 25 cents lower. Spring lambs sold at \$17.00 to \$18, clipped lambs \$13 to \$13.75. Texas sheep \$10 to \$10.50. A large band of Arizona spring lambs brought \$18. Wooled fed lambs have all been marketed. Charles M. Pipkin, Market Correspondent

**MAJOR GREENE VISITING RELATIVES IN LUBBOCK**

Major Jesse L. Greene, formerly of Post City, but more recently from France, is here this week visiting with the family of W. D. Mayfield.

Since enlisting in the services of his country a little more than a year ago, Major Greene has made a record that anyone might well be proud of. In training for only a few weeks with the 90th Division at Camp Travis, San Antonio, he received his commission from the ranks to a 2nd Lieutenant, this rank he held only a short time, being transferred to the Tank Corps and promoted to rank of 1st Lieutenant. With this commission he went to France and after months of intensive training there he was promoted to the rank of major. The Tank Corps under his command was ready to take the front lines of battle on the 14th day of last November, three days after the armistice.

Major Greene was in service on the front lines of battle 10 days, in detached service.

The Major will make his home in the future in New York City, where he will enter the newspaper game.

**LUBBOCK MAN TAKES AN ABILENE BRIDE**

H. C. Scott, of Lubbock and Miss Katherine Kauffman of Abilene, were married at the home of the bride's parents, Mr. and Mrs. David S. Kauffman, Second and Elm Streets, Sunday night, the Rev. R. C. Pender, officiating. The couple left at once for Lubbock where they will make their future home. Mr. Scott is wire chief of the Southwestern Telegraph and Telephone Company at Lubbock. The Reporter joins the many friends of the couple in extending congratulations and best wishes.—Abilene Reporter.

Mrs. Chas. H. Boyd, and little son, George, returned home Monday from a two weeks visit with relatives in Hamlin and Stamford.

**SENIOR CLASS HAS WONDERFUL TIME**

The most wonderful event in the history of the Senior Class of 1919, took place at the Lazy P ranch on the 9th, 10th and 11th of May. On the evening of the eighth, the following, (is what) each Senior found waiting for him at the post office:

"Hark ye Seniors, one and all, To the Juniors' hasty call, Meet us at the entrance door, But be there Friday four o'clock sharp."

To the Lazy P ranch we'll start Not returning 'till Sunday morn, So be there when we honk our horn."

And accordingly, about four o'clock Friday afternoon six or seven cars filled with Juniors and Seniors, left the school building for the Lazy P ranch. That evening the supper was spread upon the green grass beside the tank, and under the stately trees through which the moon shone, and nearby burned a big bon-fire. Next morning, a most delicious breakfast was cooked on the camp fire, and a delightful time was spent in eating it in the open. Then, about 10:30, we were hied away by a few of the Juniors to spend the day at Rich Lake. And a day of events that was! The young Senior, circumnavigated the lake, which is six miles in circumference, on foot. And the supposed to be dignified Senior boys let their childish impulse to wade take advantage of them, and they went wading, also explored an island. When they returned, we heard about an unusually interesting animal, the "gar-tho". But they are the only ones that can tell you satisfactorily about this strange creature.

At noon, the Juniors brought our lunch, and guess what it was! It was good old navy beans, lightbread and onions—then, last of all, some cake.

About 5:30 we were permitted to return to the house. And now, the mystery of the day was solved. And you could never guess what it was. It was the most complete banquet ever. The place cards were little college girls carrying the Latin book, and dressed in the Senior class colors, green and white. The Victrola was played, and the evening was the most pleasant of all evenings. The next morning was Sunday, and everything was all frowns, for it was the day to go back to town. However, the wonderful time which the Juniors and their teacher had made possible for us will never be forgotten by their most grateful friends, the Seniors.

**LOCA NEWS FROM THE BLEDSOE COMMUNITY**

Mrs. Eggert, of Houston, is visiting her sister, Mrs. R. L. Bledsoe of this community.

Miss Birds Pool spent Monday and Tuesday with Mrs. W. E. Bledsoe.

The mothers club entertained all the graduates from this school with a party Saturday, given at the home of Mrs. D. L. Lorry. Everyone enjoyed themselves immensely.

A crowd from Abernathy came out to Mrs. W. E. Bledsoe's and had a basket picnic Tuesday night.

Messrs. W. E. Bledsoe and R. L. Bledsoe motored to Brownfield Tuesday on business.

There was a singing at Mr. King's Sunday night.

**Cold Cause Grip and Influenza**

LAXATIVE BRIMO QUININE Tablets remove the cause. This is only one "Bromo Quinine." E. W. GROVE'S signature on box. 3c.

Moore Brothers can make your auto top or paint your car. 471

Albert Cook, manager of the Ed S. Hughes Hardware Company here made a short visit to Brownfield and neighboring territory last Sunday. Mr. Cook speaks very highly of the grass and crop condition in that part of the country.

Moore Brothers will buy your second hand furniture. 471

The latest song hits at De Luxe Minstrels Slaton Movie Theatre, Wednesday, May 21. 471p

**NEW CIVIL CASES ON DISTRICT COURT DOCKET**

**CATTLE DROWNED IN ABILENE CLOUDBURST**

Abilene, May 19.—A cloudburst Sunday afternoon covered a wide stretch of country to the southeast of Abilene with from three to six inches of rain. Seven head of cattle were drowned on one ranch. Creeks are out of banks. It is raining heavily here today.

A reproduction of old folk songs and dances—De Luxe Minstrels, Slaton, Wednesday, May 28. 471p

W. J. Morris of Slaton, was a business visitor here Tuesday and Wednesday.

**WILL SPIKES RETURNED HOME LAST SATURDAY**

W. J. Spikes, son of Sam Spikes, returned home last Saturday after receiving an honorable discharge from the army. Will enlisted some time in April, 1918, and was in training in the States only thirty days until he was sent overseas with Company B, 360th Infantry in the 90th division.

After about six weeks intensive training in France behind the line of battle he was placed on the firing line. Ninety days of fighting at St. Mihiel and the Argonne forest and gassed in one of the drives on the latter front, is some of the experience he had while in France. He was taken to the hospital after being gassed and reports received here by his parents and also published in the papers stated that he was severely wounded. On account of the severity of the gas and the extent he was affected by it, is given as the reason of the other report.

Moore Brothers will buy your second hand furniture. 471

H. A. Davidson is in Galveston this week attending the State meeting of the Grain Dealers Association.

**A TWO-FOLD DUTY**

Many thoughtful mothers first give their children Scott's Emulsion regularly—and then take it themselves. It is a tonic-food that contains elements as needful to an adult as to a child. Build up your strength—try Scott's. Scott & Bowne, Elm St., N. J. 29-4

W. Donald, editor of the Slatonite, at Slaton, was a pleasant caller at the Avalanche office last Friday. Mr. Donald has just recently come into possession of the Slatonite, and is preparing to make some marked improvements in the plant.

### LOCAL HAPPENINGS

**AROUND SLIDE**  
The farmers are busy plowing and planting and cutting weeds during the sunshiny weather.  
Mr. W. D. Arnett motored to Lubbock Thursday.  
Mr. T. J. Davis was at Brownfield Thursday and Lubbock last Friday.  
Mr. and Mrs. J. H. Rieger were out visiting relatives Thursday.  
Mr. Walter Reiger and two children from near the Joe Stokes school house were at the store Thursday.  
Mrs. E. C. Morman called at the home of Mrs. M. L. Williams Thursday afternoon.  
Mr. P. P. Posey and brother-in-law went to Slaton Tuesday.  
Mr. J. N. Farris and wife from Lubbock were in the community on Thursday.  
Mr. C. E. Morman and family left Saturday for Memphis. Mr. Marmon's father and Mrs. Lavenia Williams accompanied them.  
Mr. Ivans from Lakeview passed through the community Monday on his way to Lubbock.  
Mr. Owen Estes came in last Monday from Ft. Payne, Ala., and is now working for Mr. C. E. Morman.  
Mr. P. J. Nettles was in the community Saturday on his way to Lubbock.  
Mr. J. H. Rieger from Lubbock was in the community Saturday.  
Several of the young folks attended the program at Lakeview Friday night. All reported a fine program.  
Messrs. Mitchell and Jack Crouch were at the store Saturday.  
Mr. J. J. St. Clair from near Lubbock, was in the community Sunday.  
Messrs. Carson and Clyde Smith, from M'New Home, were at Slide Sunday afternoon.

### GIVES WIFE ADLER-I-KA!

"My wife was pronounced incurable by physicians unless operated (complicated bowel trouble). I began giving Adler-i-ka and she is improving. I shall continue until she is cured." (Signed) J. H. Underwood, Marion, Ala.  
Adler-i-ka empties BOTH upper and lower bowels, flushing ENTIRE alimentary canal. Removes ALL foul matter which poisons system. Often CURES constipation. Prevents appendicitis. We have sold Adler-i-ka buckhorn, cascara, glycerine and nine other simple drugs. City Drug Store.

### SHALLOWATER NEWS ITEMS OF THE PAST WEEK

Mrs. Anderson, from New Mexico, is visiting with E. E. Stringer.  
Rev. Ross filled his appointment at this place Sunday. There was to have been dinner on the ground, but through some misunderstanding it was not announced.  
Miss Thompson, of the Cay community spent the week-end with her friend, Opal Warren.  
The ice cream social was well attended Saturday night at the school house. \$24 was taken in. This was paid on the piano. Two-thirds of the amount has been paid on the piano up to this date.  
Pete Kents "from overseas" arrived Sunday morning for a few days visit with his brother, John Kents.  
Rev. Chase will preach both morning and afternoon at the school house Sunday. Also there will be dinner on the grounds. Everyone be sure and come.  
The school program will be given Friday night. Come out and enjoy home talent.  
Mrs. E. E. Stringer spent a few days in Lubbock the first of the week.

### CAR STOLEN AT SWEETWATER RECOVERED

Sweetwater, Texas, May 10.—D. E. Bardwell, sheriff of Nolan county, has just returned from Littlefield, Texas, with the Ford car that was stolen from G. E. Bradford of Sweetwater, April 3rd.  
The car was sold to a party at Littlefield by four parties, two men and two women, who are now being held in New Mexico.  
Miss Grace Hawkins stopped over here one day this week enroute to Clovis, where her mother resides. Miss Hawkins has just recently ended a successful term of school teaching at Lockney.

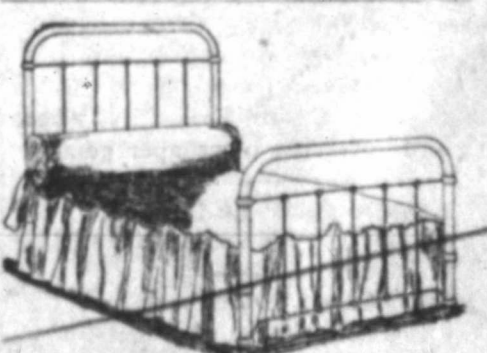

**Backache? Rheumatism?**  
Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new prescription, "Anuric," is bound to give immediate results as it is many times more potent than lithia, in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for "Anuric" for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant arising from bed at night.  
Send to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for a 10c trial package.  
MADRA, CAL.—"I recommend Doctor Pierce's Anuric very highly. I have suffered for the last three years with catarrh of the bladder, having tried every remedy I heard of but without relief. I saw Anuric advertised in the paper, and like a drowning man grabbing at a straw I thought I would try it also, which I did with great success, as it relieved me almost immediately, before I had taken all of the trial package, and having great confidence in the remedy I immediately went to the drug store and bought a full-size package. I can say to all suffering from any disease of the kidneys or uric acid troubles, try this remedy and suffer no longer. I have great faith in Dr. Pierce's remedy."—G. F. Hester.

### This Corn Will Peel Right Off!

"Gets-It" Makes Corns Come Off The "Banana-Peel" Way!  
Why have to flop on the floor, squeeze yourself up like the letter "Z", and with bulging eyes draw your face up into a wrinkly knot while you yooze and pull at the "quick" of a tender corn? That's

2 or 3 Drops Applied in a Few Seconds—There's No Fussing or Cutting. "Gets-It" Always Works!  
The old, savage way. "Gets-It" is the modern, business, simple way. Lean over and put two drops of "Gets-It" on the corn, put your stocking and shoe right on again, and forget the corn. Pain is eased. "Gets-It" has revolutionized the treatment of corns. It never irritates, it never stings. You'll stop limping on the side of your shoe, and go away with gray hair, budding bosoms, black warts and painful methods. Use "Gets-It", it's common sense.  
"Gets-It" the guaranteed money-back corn remover. The only sure way, costs but a trifle at any drug store. M'd by E. Lawrence & Co., Chicago, Ill.

**We Handle Everything for the Home New or Second Hand Riley Duff & Co.**  
PHONE 284 LUBBOCK, TEXAS  
M. V. Brownfield passed through here Tuesday enroute to Amarillo, where he will attend to business matters a few days.

**Last Call Sat. May 24. Last Day of Our 3rd Anniversary Sale C. H. Grollman & Co.**

# Statement to the Public!

Complying with a request from the president of the Lubbock Chamber of Commerce, we the undersigned dealers of Lubbock, Texas, signed an agreement to close our respective places of business each day [Saturday excepted] during Chautauqua, from 3:30 p. m., re-opening immediately after close of the afternoon session.

As we understand it, this was to allow our salespeople to attend the afternoon sessions and to further the interest of the Chamber of Commerce. In order that our service to customers might not be impaired the agreement provided that we were to be allowed to remain open an additional 30 minutes each day during the life of this agreement.

The undersigned have complied with both the spirit and the letter of this agreement.

This explanation is in order that the Lubbock public may know why we were closed during the afternoons throughout Chautauqua week. Signed:

L. E. HUNT & CO.  
K. CARTER

A. B. CONLEY, JR.

## County Home Demonstration Department

### A Better Market for Eggs

During the past two winters in Lubbock eggs have been so scarce and hard to get that they have sold for anywhere from fifty to ninety cents per dozen, and could hardly be had for that. From time to time through the local papers, and constantly through our Club meetings I have urged the preserving of eggs for home use that we might have plenty of eggs to use when the price is high.

But there is another phase of egg production and marketing that I wish to call your attention to just now. In the summer when eggs are plentiful they are also very cheap, and often we serve them morning, noon, and night, until we become almost disgusted with eggs, because the market price is so low that we do not think it worth while to carry them to market. You wonder why merchants in Lubbock are not just as anxious to get your eggs in July as they were in March, and you think the large supply is responsible for the low prices. It is in part. But why should the merchants not be glad to buy the eggs and ship them to some large city in ear lots? This is why: very few people in Lubbock county produce fertile eggs; most of the eggs from the farms are anywhere from one to eight days old when brought to town; they may sit uncovered in the warm sunshine all the way; and all of them may not have been perfectly fresh when gathered. Then it takes several days for the merchants to collect a quantity sufficient to ship profitably. Lubbock has no cold storage plant where the eggs can be kept until ready for shipment. Result, probably as high as 75 per cent to 90 per cent of the eggs would show blood rings and be unfit for use by the time they were ready to ship.

Remedy: Produce infertile eggs.

All the grocers of Lubbock have agreed that they can afford to pay a little more for guaranteed infertile eggs, the wholesale man says that he can afford to ship guaranteed infertile eggs. Do your part, and there is no good reason why Lubbock cannot furnish you a good market for your eggs the year round.

May 29 has been designated as "infertile egg day" in Texas and I am sure that Lubbock county will do her part to help save the \$1,000,000 which our State loses each year through waste caused by the spoiling of fertile eggs. Read the letter below from Mr. F. W. Kazmeier, then begin to get rid of your "scrub" roosters and pen your standard bred ones that you want to carry over for another season. You will notice that some of our dealers are offering you the highest market price for your old roosters. If you do not wish to sell them fatten them and we shall be glad to assist you in canning them. If canned in a steam pressure canner the meat can be cooked tender and will add greatly to the family meat supply.

Yours for a better grade of market eggs in Lubbock County.  
Sincerely,  
MILIE M. HALSEY,  
Home Demonstration Agent.

### "250,000 Texas Roosters."

(F. W. Kazmeier, Poultry Husbandman Extension Service A. & M. College of Texas)

A conservative estimate, places the figures at 250,000 Texas roosters, that each year at the end of the breeding season pass the period of usefulness, eat perfectly good feed, and directly cause the loss of over one million dollars worth of eggs. Is not that sufficient evidence to condemn the rooster. If kept for six

months, before any further usefulness can be realized from him he eats over \$250,000 worth of feed.

The Texas roosters are a dead loss to the poultry business unless sold immediately after breeding season.

The Texas rooster is responsible for the low price of Texas eggs.

Remove the Texas roosters, cockerels, cocks or male birds, from the pens, at the end of the breeding season.

Confine him in a roomy yard, in the orchard, woodlot or some other shady place. Provide a cheap dry goods box for roosting quarters. If he is an old bird or not a valuable breeder, fatten and sell him. The butcher is really the man that should have the majority of the Texas roosters after the breeding season.

"The Texas rooster causes fertile eggs.

Fertile eggs will not keep.

Fertile eggs will rot and decay.

The hens will lay better without roosters.

Infertile eggs will not rot.

Fertile eggs will spoil in a temperature of 68 degrees or above.

Infertile eggs will keep in hot weather, fertile eggs will spoil.

Swat the rooster.

Texas roosters spoil one million dollars worth of eggs.

Texas roosters eat \$250,000.00 worth of feed, for which they give no returns.

Are you going to let a little trouble, and neglect on your part cause such an enormous loss?

Save food, save money, produce infertile eggs."

Dear Club Members.

During the eleventh, twelfth and thirteenth of June, the Canning and Poultry Club girls of Lubbock County are to be offered a Short Course in cooking, sewing and other club work. I am sure that each of you will be eager to take advantage of this opportunity. The course will be given in Lubbock so that it will be possible for each of you to attend.

We shall have several specialists with us, one of whom is Miss Alder-

son, the Domestic Economy specialist.

We are going to see which community shows the most enthusiasm and works the hardest. Each of you must strive to make your community the leading one of the county.

We shall give further information in regard to the course in the Avallanche. So be sure to read the paper.

Sincerely,

MOZELLE CRADDOCK

Asst. Home Demonstration Agent.

### SOME SOUTH PLAINS HISTORY BY OLD TIMER

"Even the dogs did not bark at you then, so sociable were conditions here." This was the statement of Mrs. Florence G. Armstrong, who came to Plainview in August, 1900, and has seen it grow and develop.

As an illustration, Mrs. Armstrong told of a trip she and her husband made down near Hale Center, and as they returned they were caught in a thunder storm. They entered a dug-out at the side of the road, some one's home, and found that there was no one at home. It was then that the dogs even failed to bark in protest.

There were between 300 and 400 people in Plainview when Mrs. Armstrong came, nineteen years ago. The hotel, the only hotel in town, stood where the Wayland Building now stands, and the business part of town was about the wooden court house, especially on the north, west and south sides of the "square." There wasn't even alfalfa in the court house yard then, for alfalfa was unknown in the country at that time, Mrs. Armstrong asserted.

There were two physicians in the town, Dr. J. H. Wayland and Dr. L. L. Dye. Their practice covered a radius of sixty miles, and there were no automobiles here then. The journey was made with a team and buggy, usually.

"There never has been a saloon in Plainview," proudly stated Mrs. Armstrong. And she went on to tell how Plainview was divided denominationally when she first came here. There was a Methodist section and a Baptist

section then, and the lines were strictly drawn, almost feudal. Other feuds were common, and Mrs. Armstrong can tell of men being killed in the business part of town. She said the only big building in town was a two-story wooden structure on the southwest corner of the present square, across from the hotel then, and she never looked at it without thinking of the time a man was killed in front of that building.

The Baptist Church stood near the present laundry site. The Methodist church was in the eastern part of town, and the Christian church was west of what is now Broadway.

Nineteen hundred was very similar to this year, according to Mrs. Armstrong. The lakes were full, and crops were abundant. Labor was scarce. Peaches were plentiful. Dr. E. M. Harp, who lived near what is now Abernathy, was feeding large peaches to his pigs that year.

Canyon was the nearest railroad point at that time. Thread, flour, coal oil, and coal famines were common. Everything was freighted from Canyon. Mrs. Armstrong came to Plainview in August, and it was November before her household goods reached Plainview. It was almost impossible to find a home here then.

Many of the homes were dug-outs right in town. "Plainview was a place of magnificent distances," Mrs. Armstrong declared, "as was the whole country. One time I made a trip in the buggy 62 miles each way, and I met one man on that trip." So sparsely settled was the country at that time that mirages were very common, and the Yellow House Canyon and Hale Center were plainly visible every morning.

There were two papers here then, the Herald, run by J. M. Shafer, and another paper, owned and operated by J. W. Hunt, now of Abilene, who visited here a few days ago in the interests of the Centenary Movement.

The Wayland building was the first building constructed with any pretention of being modern. To the time it was built the Citizens National Bank operated in a small wooden

structure. When the Wayland building was completed the bank moved into it. The First National Bank was in a small wooden building where it is now. The first school house in the town, and the only one for years, was on the present Lamar school grounds. R. B. C. Howell, according to Mrs. Armstrong's remembrance, taught the first school in Plainview. The post office was on the corner across the street from the hotel, and the mail was brought every

day, when the roads were passable, by stage from Canyon. Passengers were also brought here by that stage.

The first deep water was discovered on the Slaton place west of town, and Mrs. Armstrong said there was a perfect stream of buggies, and conveyances going to that well all of the day it was discovered. Plainview's first mayor was J. R. DeLay, who went into office in 1907. Plainview first club was the Mystic Club, which was organized in November, 1906, at the suggestion of some school teachers who were employed here then.

On January 1, 1907, the first railroad came to Plainview. It came from Canyon, and went no farther than Plainview. The coming of the railroad was a great event and a big barbecue was held that day. Mrs. L. A. Knight drove the gold spike to proclaim the "coming of the cars." After the railroad came, people poured into the country and into Plainview by the hundreds. The W. P. Soash Land Company established its office near the railroad, in the present Speed building, and by that time automobiles had made their appearance too. Mrs. Armstrong said regular processions of people would leave the Soash offices for the country every day. Under the direction of Mr. Soash, Lamb county was settled, as well as a large part of Hale county.

There are many old timers here, who could tell you more of Plainview's growth than I can, for all the old landmarks are gone, and it is really hard to remember the Plainview of 1906," Mrs. Armstrong concluded.—Plainview Herald.

GRANVILLE G. JOHNSON, Prop.

Phone No. 152

### ....Society Notes....

Mrs. Adelaide Summers, Phone 435

The pretty home of Mr. and Mrs. G. C. Barrier was the scene of a lovely event Wednesday afternoon, May 14th, the occasion was a surprise kitchen shower in honor of Miss Mattie Paylor, who left that night for her home in Cisco, Texas. Mrs. J. E. Garrison assisted as hostess. At 4:30 all the guests were present and Mrs. W. D. Mayfield accompanied by Miss Winnie Bates started out in search of Miss Paylor. First stop at Mrs. Garrison's, from thence to Barrier's Store, to the washwoman's home and back by the dress maker's where she was at last found. Under false pretense these ladies persuaded her to drive by to bid farewell to Mrs. Barrier. Upon arriving at the Barrier home all was quiet but further investigation proved a social gathering in full swing; there being about sixty guests present. Miss Paylor was still altogether "in the dark" as to the nature of the affair. She was led into the dining room where punch was served, Mrs. Fullbright Mayes presiding at the punch bowl. They then escorted Miss Paylor to a beautifully decorated chair in the center of the living room and to her astonishment she at last realized that she was the honor guest. Little Louise Garrison, daintily clad in white with pink accessories marching by the side of G. C. Barrier Jr., in white suit, served as fairies drawing a gift laden wagon before the blindfolded Miss Paylor and presented her with beautiful bouquets of pink and white carnations. So overcome with joy Miss Paylor gave a brief but sincere expression of appreciation for surprise of these useful gifts and the thoughtfully planned affair. Misses Eddy Garrison, Margaret Robbins and Oleene Bates sang "I'm always chasing rainbows"; Mrs. E. B. Wheelock sang the favorite song of Carrie Jacobs Bond, "I love you truly," followed by appropriate toasts by Mesdames J. T. Griswold and H. W. Sims. The trio of girls gave "Till we meet again", and the program was concluded by an amusing reading given by Mrs. H. W. Sims, who responded to an encore giving a recipe on "How to cook husbands." Those present were as follows: Misses Bates, Garrison, Robbins, Easter, Bates, Bellah, Porter, Mesdames Robbins, Davidson, Henderson, Maedgen, Embry, Quick, Johnson, Mayfield, Lyon, George, Sims, Reed, Darby, Brown, Reed, Wheelock, Davis, Carter, Triplett, Witherspoon, Pollard, Griswold, Jones, and Wilson. Out of town guests were: Mrs. N. W. Mayes, of Dallas, and Miss Rhoda Barrier, of Floydada.

Davis Vaughn, youngest son of Mr. and Mrs. Ed Vaughn, celebrated his eighth birthday with a party and invited the following children to enjoy the afternoon with him: Evelyn and Newell Porter, Shelby Robbins, William Davidson, Allen and Lawrence Showalter. Eugene and Davis Vaughn. The time was spent in games, jokes and all kinds of fun children enjoy. Before leaving for their homes sandwiches and milk, salad and cream puffs, strawberries and whipped cream were served.

Mrs. Vickers entertained the Auction Bridge Club Tuesday morning at the home of Mrs. W. B. Powell, from 9:30 till 11:30. Four tables of players were kept busy. Cream chicken, potato chips, hot rolls with jelly and a cup of tea were served. The club enjoyed having with them Mrs. Stoneroad, of Colorado, Texas. The next week's affair will be at the home of Miss Delia Wilkinson, on South Cypress street.

The 1911 Needle Club had a well attended and quite an enjoyable meeting Thursday with Mesdames W. H. Blodsoe and W. B. Powell, as joint hostesses at the home of the latter. Their out-of-town guest was Mrs. C. O. Collins of Ft. Worth. They meet with Mrs. Boerner at the home of Mrs. Fred Oliver next week.

Mr. and Mrs. W. H. Finn left Wednesday morning for California and other points in the west before returning to their home in Monticello, Arkansas. They have been visiting in Lubbock the past two weeks.

Mrs. J. L. Green went to Amarillo Tuesday where she met Mr. Green, who has just returned from overseas. They arrived in Lubbock that night.

Mrs. Nannie Davie left on the southbound train Tuesday for Midland, Texas, where she will visit her daughter.

Mrs. J. E. Ramsey, of Channing, Texas, passed through Lubbock Tuesday enroute to Amarillo. Mrs. Ramsey has been visiting her sister, Mrs. J. C. Barron of Ralls.

Misses Winnie Davis and Head, of Lamesa, are guests in the home of Mr. and Mrs. Sam T. Davis this week.

Mrs. Stoneroad of Colorado, Texas, is visiting relatives in Lubbock this week.

Mrs. C. O. Collins returned last week to her home in Ft. Worth, after visiting here with relatives.

The guests arrived at the home of Miss Wilcox. The guests arrived at the home of Mrs. W. L. Baugh, the past three weeks returned last Saturday to her home at Mercury, Texas.

Mr. and Mrs. J. J. Green, of Brownwood, are visiting with their daughter, Mrs. W. L. Baugh.

Mrs. L. O. Burford has as her guest this week her mother, Mrs. M. E. Mitchell and an aunt Mrs. N. B. Womack, from Corpus Christi, Texas.

Mesdames O. E. Rush, W. A. Davis and G. C. Davis, of Acuff, came in Monday to do some shopping and attend Chautauquas.

Blevins Tidwell passed through here today enroute to Brownfield, to visit with his family. Mr. Tidwell has been in the oil business since last November in and near Ranger. He has had his share of hard luck along with the rest, having spent more than a month in a sanitarium with a very bad case of small pox.

D. B. Adams, of Blythe, is in a local sanitarium, having recently underwent a very delicate operation,

### PUBLIC OPINION.

To Owners of Automobiles, Trucks

Fellow sufferers in a great affliction, Greeting:—

Do you ever have car troubles? Do you ever have to call on the automobile doctor, when your car gets sick? You have a wonderful car or you are an expert mechanic, if you do not. Now, fellow sufferers, I have had experience that may be of some benefit to some of you, especially one who has just started on the road of experience of manipulating the wheel to a four, six or eight gas consumer. When you get a little trouble with your machine, the first thing you do is to go to doctor so and so, expert in all car troubles, and it is "oh, yes" he knows all that is wrong and he will guarantee to make it as good as new, but does not know how much "time" it will take, so like a lamb going to slaughter you trust your patient to this wise one and when you call, pay your bill, take your patient out for an airing, same trouble and if not more sick, you are in luck. You then of course take patient back to "doctor" and he will find more trouble and guarantees to make all as good as new, and when you go to pay the bill, does he credit the account with the amount of the first guarantee job? Not on your life but he adds on more cost, charging by time and not for work. Say you pay \$10 on first proposition, when you pay on the second for same trouble you will more than likely have a twenty spot out on guarantee worth about six-bits. A job on a car that started at seven dollars, wound up at \$34.00 for the same trouble. Car sanitariums takes a patient and commences to desect the "ninarads," and in rushes another patient, and away rushes the expert doctor and all his assistants, and inspect complaint of we will say number two, and lets number one suffer, then back to number one and number one is in luck if one hour is faithfully put in, no clock, no time card kept, so number one suffers and back and forth go "doctors and nurses and eight hours time" is charges made for patients numbers one and two, and number three case overlooked and prescription made thrown in and will appear in bill tomorrow. Now brother sufferers is it not time for us to call a halt and combine and take our patients to the "sanitarium," that will mean what they say when guaranteeing their work? What is a guarantee, if not worth a pinch of snuff? I was told by a party that the "time" should be paid for. Now it was not to be paid for honest work, but for time, time only. I understand that it is time charges, and this must be paid regardless of service. The charges are made for gasoline bath, every time your patient undergoes treatment for the same illness and it appears to this car owner, the idea is the service be d—d.

If the patient back-fires and kicks they find that something is wrong with the muffler and so much for looking wise. My patient's last illness had a bad case of oil flow, which would empty crank case in a run of five miles. One of the "doctors" prescribed for the trouble, charged up time, gasoline washing etc and still the oil flowed out. Carried it back, and the head surgeon pronounced another cause of the flow and again the same old story, more gas for bath, more time and by that time from seven dollars the bill became twenty-five dollars. Having paid ten dollars on the bill, agreed to pay balance when ever the contract guaranteed for trouble was done and the flow of oil was stopped and writ-

ten notice was given to that effect. The patient was taken to the doctoring shop and the bill added to for parts, washing gas, gas to try their job, extras, etc. There was nothing to complain of in engine running and it has not improved by those extras, but they had to appear to save face of those experts so my bill made another bound and from first to last the same cause cost all told \$34.00. Again I say to all car owners, let us meet and bind ourselves to patronize only the Sanitarium for sick cars, the one that can say "we guarantee our work for full service and if this does not cure the disease bring her back and we will make it good."

Better still, find a thorough mechanic who when he looks into the matter can say such and such is the matter and to cure it such and such parts must be got and the cost will be so much. There is not an owner of a car but would say go to it or reject the case. Now I believe there is some conscientious "auto doctors and surgeons" but if they do not make it a rule to mark the time down from first minute and stay on the job till completed, they can not hope to keep the patronage of a thinking public, but this time racket is a fraud unless they give service for the money paid them. Better still, go and learn the business thoroughly, so they can upon examination know what is the matter with the patient and let the patron know exactly the trouble and what it is going to cost, then there can be no reflection on the said "doctor of automobiles."

J. B. MOBLEY,

Lubbock, Texas, May 19, 1919.

To the Avalanche.

The Bible, God's Commandment to man, positively forbids woman to take part in public affairs. This is so plain that no sensible person has attempted to controvert this fact. Years ago when woman suffrage was opposed from a Bible standpoint, an attempt was made to refute the Bible by what was called the "Woman's Bible". One of the prominent leaders of Woman suffrage said: "we need a religion based on science, we have made a fetish of the Bible long enough" Christ regarded not as Di-

vine, (Woman's Bible Vol. 11, page 114). Another person equally as prominent said: "By law, public sentiment and religion from the time of Moses down to the present day, woman has never been thought of other than "as a piece of property" to be disposed of at the pleasure of man." This woman's Bible so disgusted christians throughout the country and so discredited the Woman Suffrage movement that in 1897 by a vote of 53 to 41 against the vigorous protest of one of the most prominent persons known in the history of the Woman Suffrage movement, the national suffrage association passed a resolution that it has no official connection with the so-called "Woman's Bible." Mark you, it is history, the most prominent persons known in the woman suffrage movement at one time endorsed this so-called Woman's Bible. Today there is still no direct denial of God's commandments, the excuse (pretext) to justify it: times have changed and that the Bible, and what is therein recorded as to woman, don't refer to present time (day.) Here I can only repeat what I have already said: "Times change and men often change with them, but God's Laws never". Nor can there be an excuse for disobedience no matter how plausible, but the conditions of woman has changed from what it was before crucifixion of our Savior, here times have changed, and woman with them and God's laws have done it. Christianity has made woman the crowning glory of this world, the greatest power today known to man is that of true womanhood. Motherhood, this plan was laid by Christ, why not let it remain as he laid it? He was good, alwise and Divine. He knew what was best for man and woman, there is only one right way and that is to accept the scripture just as it reads, word for word, it will never grow old and out of date.

Now, don't get the idea that I want to pose as a saint, I am un-winged; even in the practice of (man laws) law, I learned that it was best to take the law just as it read and not try to twist it to suit my cause.

About all great and good men who live in history, said in words to

this effect: "All that I am, I owe to my mother." Did not these mothers have a great power for good? Do they not live in history as great and good women? When those men were playing their part in politics, was not the effects of mother there prompting? It was the early training, as to the rules of right and reason, and not altogether brains, that made these men great.

As to the right of woman suffrage from a Bible standpoint the first excuse was an attempt to refute the Bible; this failed. The second excuse (present time) is that the commandment in the Bible as to women, don't apply to present times, that by long years conditions have changed.

In my judgment the first excuse is more approbate and less harmful, than the second excuse.

GEO. L. BEATTY.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! It coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, bill of cold, give a teaspoonful of California Syrup of Figs, and in a few hours all the foul constipated waste, undigested food and sour bile gently moves out of his little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

John Estes and family who have been here visiting with their children for several days left the first of the week for a short visit in Hillboro and points in the southern part of the State before returning to their home in Hereford.

Mrs. and Mrs. Noah Bell were here Monday and Tuesday from the northern part of Terry county, shopping and visiting with acquaintances.

### ABERNATHY MAN UNDERGOES OPERATION

N. C. Hix became ill Saturday and on Monday went to Amarillo where he immediately submitted to an operation for appendicitis. He recovered rapidly and at last accounts was doing nicely. Dr. McBride accompanied him and his mother and brothers joined them at Canyon. The entire community was intensely interested and hope for a speedy recovery for Hix. Carl Goodman is filling the place occasioned by his absence.—Abernathy Breeze.

B. W. Wilkins, pastor of the Methodist church at Lorenzo, was over Monday and reported to the district manager of the Centenary of the Lubbock District, Judge J. H. Moore, and is very hopeful of his people putting over the entire quota and possibly more before the week-end.

Oliver Todd of the New Home community was here Monday. He is farming this year and reports crops up and growing nicely.

Mrs. Walter Scudday of Brownfield, is here this week visiting with her mother, Mrs. B. F. Dixon.

### ORGANIZERS OF JOINT STOCK LAND BANK HERE

S. P. Smith, formerly Federal Land Appraiser and John C. Burns, of the Live Stock Department of the Department of Agriculture, also with the A. and M. College, of Texas, were here this week in the interest of an organization which will be a Joint Stock Land bank.

It has been found that the Federal Land Banks do not in many cases fill the needs of many of the West Texas ranchers, on account of the provision in that institution which limits the amount of a loan for not more than ten thousand dollars. There is men especially in the cattle raising portions of the state when wishing to make a loan upon their large holdings, want more than ten thousand dollars. The new institution which is being perfected will cater to this class. One of the provisions under which they will work is to make a loan for not less than ten thousand dollars and for not more than fifty thousand.

The capital of the Joint Land bank will be two hundred and fifty thousand dollars, which is being furnished by all classes of people who are interested in a good solid investment, most of the stock will be bought by cattlemen—and bankers. Another of the advantages which the organization will offer will be to allow the loan to be paid after being carried five years, the limited time will be forty years, with interest charged at the rate of 6 per cent, which means that by paying about six and one half per cent on the loan, will pay interest and principal at the end of forty years.

This institution will be located at Sweetwater that place being now the largest buyer of the stock, having bought \$75,000, altogether one hundred and seventy-five thousand dollars of the stock has been bought, and it is the intention of the men here to sell at least \$25,000 in Lubbock. The first day they were in our city resulted in the sale of approximately \$13,000 and they are very enthusiastic over the prospect of placing the other \$12,000.

### CHAMBER OF COMMERCE HELPED BY CHAUTAUQUA

"Over the top" with the sale of Season tickets to the Chautauqua was reported Monday, the first day of the performance here. The Chamber of Commerce's guarantee of \$1400 was accounted for in the sale of Chautauqua season tickets. The contract which they come here under provides that after the sale of season tickets has stopped, one-fourth of the receipts taken in at the tent will go to the Chamber of Commerce. No doubt several hundred dollars will go into the treasury of the Chamber of Commerce through the sale of single tickets.

**MAN WANTED TO SELL GROCERIES—SELLING EXPERIENCE NOT NECESSARY**—One of World's largest Grocers, (Capital over \$1,000,000) wants ambitious man in this locality to sell direct to consumer nationally known brand of groceries, teas, coffees, spices, paints, oils, stock foods, etc. Fine line, easy sales. ### CITATION BY PUBLICATION.

THE STATE OF TEXAS.  
To the Sheriff or any Constable of Lubbock County, Greeting:

You are hereby commanded to summon the unknown heirs of L. M. Jay, deceased, William Jay, Thomas Jay, Stella Sandell, W. H. Sandell, Etta Jay, now married to a man whose name is unknown, and the husband of the said Etta Jay, and the unknown heirs of Etta Jay, if deceased, Lucy Grice, Joe Grice, Laura Howe, Robert Howe and the unknown heirs of Laura Howe and Robert Howe, if deceased, Hattie Goodall, and the unknown heirs of Hattie Goodall, if deceased, Oliver Howe, Robert Howe, Loretta Chapel and Albert Chapel, and the unknown heirs of each of them, if deceased, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not then in any newspaper published in the 72nd judicial district; to appear at the next regular term of the District Court of Lubbock County, Texas, to be held at the courthouse thereof in the town of Lubbock, Texas, on the ninth day of June, A. D. 1919; then and there to answer a petition filed in said suit on the 15th day of May, 1919, in cause No. 1242 on the docket of said court, wherein D. M. Jay is plaintiff and the defendants above named, together with Mrs. Etta Jay, Merl Jay, John Goodall, Thomas Goodall, Ruby Benton, Willie Benton, Ralph Goodall, Bonnie Goodall, Marie Goodall, Mrs. Myrtle Webb and Pearl Webb are defendants, the nature of plaintiff's demand being an action brought to quiet the title to Survey No. 152 in Block C and Survey No. 10 in Block D-7 in Lubbock County, Texas, in the said D. M. Jay and the parties to whom he has sold the same, petitioner alleging that he was heretofore divorced from the said L. M. Jay and the lands so described set apart to him, but the decree of divorce through oversight failed to recite the same. Petitioner alleging that he has conveyed parts of said land to different persons and is the owner of vendor's lien notes upon certain parts thereof, and defendants are claiming some sort of an interest therein, when in truth and in fact they have none, and are threatening to institute suits to establish such pretended interest, which would subject your plaintiff to many vexatious lawsuits, and he prays that defendants be perpetually enjoined from asserting any claim to said lands.

Herein fail not, but have you before said court on the first day of the next term this writ with your return thereon, showing how you have executed the same.

Witness my hand and seal of said court this May 15th, 1919.  
(Seal) SAM T. DAVIS,  
Clerk, District Court, Lubbock County, Texas.

## RURAL SCHOOL INSPECTOR HERE THIS WEEK

Earl DuLaney, of Austin, State Rural School inspector, stopped over two days this week in Lubbock to attend to personal business matters enroute to Dalhart.

Mr. DuLaney is still very complimentary of the Lubbock County rural schools, stating that we have among the very best. Mr. DuLaney has several times since he was here last tried to have rallies in different counties, but has not met with the success which Lubbock County did. He will probably come here in July and August to try and arouse enthusiasm over the possibility of more and better libraries.

Moore Brothers will buy your second hand furniture. 471

The grounds around the courthouse yard are being put in fine shape this week. Plows have broken up the hard ground and turned the weeds under, in fact with a little more care we will have a park that will be the envy of the whole country.

See Moore Brothers for harness.

Jim Johnson and family have recently moved here from Justiceburg. Mr. Johnson has been in the gravel business there since leaving here a year or more back.

## DEATHS.

Chloma Dean Bragg—Born September 20th, 1918 at Brownfield, Texas, child of Mr. and Mrs. George Bragg, died here May 21st after a sickness lasting nearly six weeks. The child has not been in very good health since birth, but was thought for a time that with proper care and medical aid that it would get better. Wednesday morning the child grew worse, and the father was called here only a few hours before death. The body was carried to Brownfield today where interment will be made.

Lubbock now has a fine "white way." Wednesday evening the lights were turned on the new circuit which has been under construction for some time around the court house square. More will be constructed in the near future.

Mrs. Eddie Kendrick, of Waco, who has been visiting her daughter, Mrs. Goldsworthy for the past week, has gone to Hamlin to visit her son and other relatives. Mrs. Goldsworthy accompanied her mother to Hamlin.

Attorney Loyd A. Wicks, of Crosbyton, is here today on a short business visit.

## INTERESTING BATCH OF CENTER NEWS ITEMS

There is an old saying that it never rains on the plains, but that must be changed because we have had rain, rain, rain until the ground stays so wet that they have to stay out of the fields.

The hail which fell last week did not do any serious damage for the farmers but the gardens look butchered up to a great extent.

Mr. and Mrs. Carl Allen of Badger Lake, were callers of this vicinity Tuesday afternoon.

Mr. Derris Guinn from near Abernathy was seen in this section one day last week.

A. L. Cone, of Badger Lake, was attending to business matters here. Messrs. Bill Haddock and Burrel Warren were through here hunting cotton seed one day last week.

Edgar Abney took a bunch of hens to Lubbock Monday. He says that he got a little more than a dollar apiece for them.

Mr. Norwood and son, Earnest, were looking after business matters here one day last week.

Hall Looney was through this locality hunting a sod planter Tuesday. Mr. Sanford has made a purchase of a milk cow.

No. Norwood was in Lubbock one day this week.

Mrs. Joe Burns has been seriously ill since last Friday. We haven't learned what the trouble is at this writing. We are very anxious to hear of her recovery.

Eugene Emery motored through this section one day this week enroute to Abernathy.

Mr. Bill Emery and family from west of Abernathy were the week-end guests of Mr. and Mrs. R. H. Haney.

Brother Emery preached a good sermon at the school house Sunday afternoon. He will preach for us every second Sunday. The attendance was very good Sunday, but would have been better if it had not been for illness.

The people of the Community will meet at the school house next Sunday at three o'clock for the purpose of organizing a Sunday School. We hope that everyone will be interested and willing to lend a helping hand.

Mrs. R. W. Bowley says that she is willing to give vocal lessons to all who the community if everyone will only go to her home on Saturday evenings. This will be a great help to try to make it a success.

Madge Abney returned home from the Lubbock sanitarium where she underwent an operation for appendicitis. Everyone was surprised to see her up and looking well as she does, so soon after the operation, but we are certainly proud for her.

## EPIDEMIC OF SMALL POX IN TERRY COUNTY

J. L. Randal, druggist of Brownfield, arrived here today on a short business trip and visit with his daughter, Mrs. Percy Spencer. Mr. Randal says that in their town the smallpox epidemic which the western part of the county has had for several weeks has not been so numerous. Only one case being reported in Brownfield when he left. There is also several cases of mumps in and around Brownfield, but it seems to be a rather light attack.

Miss Johnnie Reeves, of Plainview, underwent a successful operation for appendicitis in a local sanitarium the first of the week.

## TWELVE ARMY CAMPS SOLD BY GOVERNMENT

Washington.—Approval of the sale of twelve army camps—eight National guard concentration sites and four small miscellaneous camps—for a total of more than \$548,000, was announced today by Acting Secretary Crowell.

War Department officials evidenced satisfaction with the results obtained, the material covered by the sale consisting almost exclusively of hastily constructed buildings and some stored equipment. The Government had reserved for its own use the base hospitals and storage warehouses.

Forty-two bids were received from thirty-five individuals and corporations, the largest single proposal being from one large wrecking company, which offered to take all the camps for a price approximating \$540,000. This proposal was rejected largely because of the desire of the department to turn over to cities adjacent to certain camps the sanitary and other utilities which could be used advantageously for the benefit of their populations.

No satisfactory bid having been received for Camp Sevier, South Carolina, it was announced that this camp would be offered at another sale.

Henry Marks & Son of Indianapolis is the purchaser of the Camp Bowie improvements. The consideration or conditions of sale were not made public.

Reports are that the new Plat System which has been in course of installation in the records of the county, will be finished within probably thirty days. It is expected this system will be valuable to the county in handling of the delinquent taxes.

Some of our exchanges are discussing whether or not a visit from the stork is properly classified as society news. We would add this suggestion that the stork is not a very popular bird in society, to say the least of it.

K. Carter received the stock of Dry Goods that he recently purchased at Brownfield, and has consolidated it with this Lubbock stock, and is busy this week, getting things arranged.

J. P. Elliott, of Hale Center, who advertised his place south of the school house for sale, writes us to discontinue the ad, that Mrs. H. W. Brown has purchased that home.

O. B. Bagwell is here this week from Comanche, visiting with home folks and attending to business matters. Mr. Bagwell will probably take his family to the coast to spend the summer.

Marriage licenses issued this week as shown by the clerks records were: C. E. Branch and Edna Cowan, Henry C. Scott and Katherine Kaufman.

Mr. and Mrs. M. Butler returned Sunday from Belleville, Texas, where they have spent several weeks visiting with relatives and friends.

John Denman returned the first of the week from a short vacation and visit with relatives in Hood County. Mrs. Denman will remain here for several days before returning home.

See Moore Brothers for harness.
