PETITION FOR THE STREET PAVING

COMMITTEE APPOINTED TO DRAFT PETITION AND PROCURE SIGNERS REPORT THE FORM AGREED UPON

ABOUT FIFTY BLOCKS ARE TOUCHED BY PAVING PLAN

All of the Square is Effected and All Lead Streets, Which Would Mean Much to the Business Section of our City. Committee Says Property Owners are Willing.

Herewith is copy of a petition prepared and to be circulated by the Committee on Street Improvements appointed by the Chamber of Commerce for the purpose of asking the City Commissioners to pave the streets named in the petition. The Committee mentioned has already met and discussed with the Commissioners of the City several times the advisability of paving the streets of Lubbock, and the Commissioners, being thoroughly public spirited, are enthusiastic for the improvement, provided the people and property owners of the City evidence their desire for this improvement by signing the attached petition. It may be well to state that the City has ample power, under its new charter, to provide for such improvements without a petition, but the Commissioners desire to be backed by the will of the citizens. The Commissioners of the City have informally designated the streets mentioned in the petition as the ones mostly in need of paving, and unofficially state that they will order this paving if the people want it.

The Committee that is behind this work state that they have canvassed the town quite extensively in an effort to ascertain the sentiment of the people regarding the proposition, and are pleased to report that they find an almost uniform demand for immediate paving in keeping with the civic and commercial progress of the town.

The Committee suggests that considerable labor will be saved if citizens will sign the copy of the petition printed in this paper, and hand it immediately to one of the Committee consisting of W. K. Dickinson, Sr., L. T. Martin, Roscoe Wilson and E. L. Klett.

For the information of those not acquainted with the names and locations of streets, a description is here to annexed.

Petition for Street Paving.
Lubbock, Texas, July 28th, 1919.

To the Honorable Commissioners, City of Lubbock, State of Texas:

In consideration of the benefits to be derived from street improvements, the undersigned hereby petition the City of Lubbock to pave at once, as in their judgment may seem best, all or any part of the following streets in the City of Lubbock, Texas:

All of North First Street (commonly called "Post Office Street") from Santa Fe passenger station to Poplar Street; all of South First Street (commonly called "Broadway Street") to Walnut Street; all of Chesnut Street from North First Street to South First Street; all of Singer Street from Court House to South Second Street; all of Singer Street from Court House to North Second Street;

all of Cedar Street from South Third Street to North Third Street; all of Ash Street from North First to South First Street.

The property owners who have signed below, recognizing that the City of Lubbock has jurisdiction over the streets and power to provide for the improvement thereof, hereby authorize and direct said City to proceed with the work of cutting, filling, grading, draining and paving all or any part of said streets, as in their judgment may seem best, and agree that said City may charge the cost of making such improvements against the abutting property owner according to an assessment specially levied therefor in an amount not to exceed the special benefit any such property receives in enhanced value by reason of making such improvement and provide for the payment of same in assignable certificates which the owner of the abutting property agrees to pay in five equal annual installments, the first of which installments shall be due thirty days after the acceptance of the work by the city, at a rate of interest not exceeding 8 percent per annum, payable annually as it accrues, all payable at Lubbock, Texas, and each owner of such abutting property hereby gives a lien thereon to secure the payment of the special assessment levied against the property of such owner of abutting property, it being understood that not more than three fourths of the cost of such improvements shall be charged or made a lien against the abutting property owners, hereby waiving notice of any hearings with reference to the proceedings aforesaid and now confirming all that said City may do or cause to be done in and about the premises.

Description of Streets.
North First Street (commonly called "Post Office Street") runs East and West and is the first street north of the Court House square.

Poplar Street runs north and south, and is four blocks west of the Court House square.

South First Street (commonly called "Broadway Street") runs East and West, and is the first street south of the Court House square.

Walnut Street runs north and south, and is the second street east of the Court House square.

Chestnut Street runs north and south and is the first street east of the Court House square.

Singer Street runs north and south from the center of the Court House square.

Cedar Street runs north and south and is the first street west of the Court House square.

Ash Streets runs north and south and is the second street west of the Court House square.

RENT HOUSES BEING OCCUPIED FAST NOW
This week rent houses in Lubbock have been more in demand than any time, for many months. One man who conversed with Wednesday afternoon who makes it part of his business to rent houses, says that he had rented twelve places the first three days of this week, and had many more wanting places.

A FINE PEACH TREAT
BY MRS. S. S. RUSH
Mrs. S. S. Rush brought the Avalanche force a fine treat of delicious peaches and apples the latter part of last week. The fruit was very fine, and Mrs. Rush extended a most cordial invitation to "come out, there is plenty more where they came from."

Mr. and Mrs. Rush have a very fine orchard and have an abundance of fine fruit this year.

CLAYTON NEGRO IS SENTENCED TO BE HANGED
Clayton, N. M., July 26.—Edgar Allen, a negro from Duncan, Okla., was convicted in court here of killing his step-father in Greenville, N. M., on Nov. 17 1918, and was today sentenced to be hung in Clayton, August 22.

POSTOFFICE LOCATION WILL CHANGE OCTOBER FIRST

C. R. Naley, formerly of this city, has been awarded contract for erecting a building for the postoffice and the same is to be ready for occupancy by the first of October. Plans have already been drawn and approved and actual construction work will begin at once on the building, which will be located on the lot adjoining the Western Windmill building on South Cedar Street. The building will be 28 1-2x125 feet, modern and furnished with up-to-date fixtures. The contract for lease of this building is for a period of five years. It will have a modern front and revolving collapsible doors, such as are found in the public buildings in the cities.

The moving of the postoffice was occasioned by the owners of the present location being unwilling to continue the lease at the former price, and also that the present building is not large enough. The new building will contain between seven hundred and a thousand square feet more floor space.

The moving of the postoffice to this part of town will no doubt create a building spirit in this locality, and several other buildings will likely be erected at an early date.

POTTER COUNTY PRISONER ATTEMPTS TO END LIFE

Onie Turner, a prisoner in the Potter county jail, made an unsuccessful attempt Tuesday night to end his own life. Turner was transferred to the Potter county jail some time ago from Randall county and is being held on a murder charge and for larceny.

Early in the night other prisoners noticed that Turner was acting in an unusual manner, and knowing his case, watched him. It was soon learned that he was making an attempt to end his life. In some manner he had secured a nodule from a tin drinking cup, and with the sharp edge of the instrument cut an artery in his arm. After he had completed the work he retired and no doubt with an idea that in a short time he would die from the loss of blood.

Upon making the discovery the prisoners went to windows and called for help. The county health officer was summoned and after working some time left the patient resting. At this time it is not thought that the wound will prove fatal, though Turner would have been dead had not the other prisoners learned his intentions.

SEVERAL SALES MADE ON RANCHES AND CITY PROPERTY

W. H. Vaughn has recently purchased the five room dwelling of J. P. Tom in this city and will move the building to his farm near Badger Lake. Mr. Tom will build another residence.

Joe Powell has also sold his home in this city to Lon A. Mullican of Ellis county, who will move here in time to enter his children in the school.

Claude Denton recently sold his ranch and cattle, and purchased nine hundred and sixty acres from W. H. Flynn, located about a mile and one-half south of this city. Mr. Denton also bought the residence property of Mrs. Dees in the west part of town, and moved his family here Tuesday of this week.

REV. LYNN COMES HOME BECAUSE OF ILLNESS

Rev. C. E. Lynn of this city, who has been in O'Donnell conducting a revival meeting several days in the past, on account of a throat infection was forced to come home this week. Rev. Lynn reports a very successful meeting at O'Donnell and in case he recovers soon he may return and carry the meeting on a few days.

R. M. McCOLLUM DIDN'T SELL LUBBOCK HOME

Last week, on account of an error in information furnished us, we stated that R. M. McCollum had sold his home in this city to Dr. Bates, when we should have said that he had sold his half section of land near Shallowater to Dr. Bates.

ELDER LYON MAKES CLOSING ADDRESS AT PLAINVIEW

"The Challenge of Africa," is the title of the address that Elder Lyon of this city, will deliver at the closing of the Epworth League Conference of Hale county, that has been in session in Plainview for a few days. Rev. Lyon left here Wednesday afternoon and will make his address Wednesday night.

GRAND JURY'S REPORT FOR JUNE SESSION

Hon. W. R. Spencer, District Judge: We, your grand jury for the June, 1919, term of court, beg leave to report, that we have spent five days at the beginning of this term of court, and this day, in the investigation of crime in our county.

We have thoroughly investigated all matters brought to our attention, having before us all witnesses from whom we deemed information could be procured and have found four felony indictments.

Further than this, we have not had sufficient evidence to return other indictments, and there being no further matters before us, requiring our attention at this time, we beg to be finally discharged.

Respectfully submitted,
George M. Boles, Foreman.

MOTION FOR NEW TRIAL OVERRULED IN REYNOLD'S CASE

A hearing of the motion made for a new trial in the case of the State of Texas versus Florence Reynold's of Canyon, charged with the murder of her husband and which was tried in this term of court, resulting in a verdict of guilty and assessed punishment of five years in the State Penitentiary, was heard Monday morning of this week. A cross-examination of the jurors who served in the case was made. After this Judge Spencer overruled the motion.

We understand an appeal is being arranged, to be tried in the Court of Appeals and that the defendant will be released, awaiting the new trial, after furnishing a bond of \$3000.

BROTHERS MEET AFTER 26 YEARS SEPARATION

After twenty-six years separation J. L. Graves and his brother, W. T. Graves, met this year. J. L. has been a resident of this city for a number of years, while W. T. spent a number of years in Arkansas. He moved back to Texas however, last May, and located in Foard county, near Crowell, but is not intending to make that his permanent home. In fact he is out here now, looking around for a place that he can buy, on which to reside in the future.

Just a few weeks ago during a severe electrical storm a bolt of lightning struck the house in which he was living and shagged him considerably, from the effects of which he has not yet fully recovered, being slightly paralyzed in the left leg, and his hearing slightly impaired.

12 YEAR OLD BOY ACCIDENTALLY SHOT LAST SUNDAY

The 12 year old stepson, A. P. Cunningham, of a Mr. Lowe, and grandchild of Cunningham, well known farmer living about 15 miles southeast of the town of Brownfield, was accidentally shot with a thirty-three rifle, bullet penetrating the stomach, last Sunday afternoon at the home of Jack Bryant, well known cattleman of that county. The accident happened while the Bryant boy and the Cunningham boy were scuffling over the possession of the gun.

The body was buried Monday afternoon in the cemetery at Pride, in Dawson county.

C. A. WALTON BUYS LAND IN ARKANSAS

C. A. Walton returned this week from a trip to Arkansas. Mr. Walton purchased 120 acres of land in that state thirteen miles from Hot Springs, and he expects to move there with his family this fall, after he has finished gathering and marketing his crop. He says he expects to engage in the poultry business largely when he gets over to that country.

Mr. Walton says he traveled over eight hundred miles while he was gone, but saw no part of the country traversed that equaled this for crops.

GRANDPA K. T. SPARKS IS SERIOUSLY ILL

For the past two weeks grandpa K. T. Sparks has been very ill, and at this time is considered in a very serious condition, with very little hope of recovering. His three sons have been summoned to his bedside and two, Will Sparks of Crystal City, Texas, and John, of near Seminole, Texas, are here now and another son from Arizona, is expected in every day.

Grandpa is now 84 years of age and is afflicted with what physicians term old folk's pneumonia.

MOVEMENT ON FOR BETTER ROADS

CHAMBER OF COMMERCE WILL MEET WITH COMMISSIONERS COURT TO DISCUSS ROAD PLANS

THE QUESTION OF BONDS WILL BE INVESTIGATED

Lubbock County Could Have the Best Roads on the Plains and There is No Reason That We Should Not. Highway Demand Good Roads.

A movement is now on foot for better roads in Lubbock county. The Chamber of Commerce has accepted an invitation of the Commissioners Court to meet with them Monday, August 11th for the purpose of discussing road bonds and other matters pertaining to the betterment of the condition of the highways in this county.

Lubbock, as stated before, is on several important highway routes, and it behooves us to get the roads in order for the heavy travel that is sure to come this way when the highways have been properly logged and marked. Counties all over the State of Texas and in other states are improving their roads, and Lubbock County cannot afford to lag behind in the matter of road improvement.

The general lay of the land in this county is very favorable to the building of good roads, and expert road men have examined the soil and pronounced the white dirt in the

R. D. BENSON DIED SUDDENLY MONDAY AFTERNOON

R. D. Benson, well known cattleman of this country, died suddenly last Monday afternoon about 1:30 o'clock, at his ranch about two miles south of Shallowater. The cause given as being acute indigestion.

The deceased has not lived in this county more than three years, coming here from Fort Worth, where he had made his home for nearly twenty-five years, although having extensive cattle interests on the South Plains for many years before he moved to make his home here. He was a railroad man, or telegrapher by profession, having been employed in the dispatcher's office on the T. & P. railroad in Fort Worth for several years before coming here.

Besides his wife and little two-year old son, Donald Lee, who survive the deceased is: George Benson, oldest son, also a cattleman of this country, two step-sons, Henry and David Benson, Henry living here and David in Arlington, Ill., and daughter, Mrs. John Lynch of Detroit, Mich., and brother-in-law, Ralph Stewart, all of whom are here today to attend the funeral services which will be held at the home this afternoon, conducted by Rev. J. B. Cole, and interment to be made immediately following in the Lubbock Cemetery.

The Avalanche extends the deepest sympathy to the members of the family in their hour of loss and sorrow.

HUDSPETH SAYS FORM STABLE GOVT. IN MEXICO BY ARMS

Washington, July 26.—Military occupation of Mexico by the United States was advocated by Representative Hudspeth, Democrat, Texas, in an address today in the House.

He urged withdrawal of American recognition of the Carranza government, and said American troops should be kept in Mexico until a stable government had been established.

Mexicans Kidnap Boy for Ransom.

Washington, July 26.—Philip Thompson, 8 year old son of John West Thompson, an American citizen, was kidnapped from his father's ranch thirty miles from Mexico City and is being held by Mexican bandits for 1,500 pesos ransom, the State Department was advised today.

Urgent representations have been made to the Mexican Government, it was announced.

The bandits took a horse and revolver from the boy before taking him from the ranch, and they were said to have threatened to execute him unless the ransom was paid.

TASK OF GRADING TEACHERS' PAPERS BEGUN

Austin, July 28.—Grading of examination papers of more than 5,000 applicants for State teachers certificates was begun by the State Board of Normal Examiners here today. They estimated that several weeks will be devoted to the task.

MERCHANTS HAVE CASH FOR BAD CHECKS GIVEN

A woman has been arrested in Roswell, N. M., as a result of forged checks passed on a number of the business men of Plainview. The checks have practically all been made good with cash. The checks were made out on H. H. McDermott, of Ralls, and drawn on a Ralls bank and endorsed by the woman under a fictitious name. Sheriff J. C. Terry secured complete information concerning the checks before they were presented to the Ralls bank for payment. Plainview Herald.

Do you know when the first deed was filed in Lubbock county and the number of acres that deed transferred title to, or the consideration involved? The first deed made on land transferred in Lubbock county, was made by Thos. K. Ferguson, transferring five patented sections of Lubbock county land to J. H. Johnson and the consideration was 30 cents per acre, or about one thousand dollars for the five sections and filed for record in Baylor county (Lubbock being a part of that county at that time) July the 25th, 1881, or thirty eight years ago, by Joe Wood-year, clerk at that time.

There is more Catarrh in this section of the country than in all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of **GROVE'S TASTELESS CHILL TONIC** has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

"COTTON" RICHARDS TELLS OF HIS ENLISTMENT

The uniform of 18-year-old James A. Richards is decorated with a French croix de guerre with two silver stars, two battle stars, two gold wound stripes, a Victory ribbon, an expert rifleman's badge and two gold service stripes. He joined the United States Army when he was 16 years old, went to France in July, 1918, returned to this country in June 1919, and was recently discharged and permitted to enlist for four years in a Government vocational school. He is now residing with his mother, Mrs. W. O. Richards, at 4029 Gaston avenue, Dallas.

Young Richards was born in Vancouver, British Columbia, but has always shown preference for Texas, the former home of his parents. He was visiting in Texas when Uncle Sam declared war, and immediately made up his mind to fight with Texans, if possible. He did not want to tell the recruiting officer that he was a Canadian, believing that he would be rejected for that reason, and gave his residence as Camp County, Texas. He was enlisted and discharged as a resident of "Camp County, Texas."

Richards' hair is almost white and he is generally known as "Cotton." He said he grew two years older while standing in line at the recruiting office, having heard the officer say that no one would be accepted who was not 18 years old. He declared that if he enlisted in the army again he would be an aged grandfather.

When asked how he won the French war cross "Cotton" answered: "I dug in the quickest and deepest and stayed there the longest and ate the most beans." Later, he said, it was given him for his services as a runner in liaison work.

"It isn't what you tell 'em (meaning recruiting officers), it's what you make 'em believe," the young soldier said.

"Army life isn't bad, if you like it, and the day you enlist you'd better start learning to like it. My chest measurement increased four inches while I was in the army and my weight increased from 106 to 129 pounds."

"Cotton" can not keep from smiling when he tells how General Petain kissed him on both cheeks when he presented the croix de guerre to him the day after Christmas. Dallas News.

BROWNFIELD BUILDING MODERN SCHOOL PLANT

The little city of Brownfield, county seat of Terry County, is manifesting quite an interest along educational lines as is evidenced by the fact that one of the best equipped and most modern school buildings in the State is now in course of construction.

At a recent meeting of the local board it was decided to add the eleventh grade to the high school course and to begin the process of affiliation.

All teachers have been elected for the coming term, with the exception of a history teacher for the high school.

PERMITTING GALVESTON COUNTY AND CITY TO ISSUE BONDS FOR GRADE RAISING PURPOSES

SENATE JOINT RESOLUTION NO. 23

A Joint Resolution proposing and submitting to the people of the State of Texas, an amendment to Article sixteen of the Constitution of the State of Texas by adding thereto a new section and authorizing the City of Galveston and County of Galveston to issue bonds for protective works, irrespective of Constitutional limitation, in the aggregate of five million dollars for both city and county, as may be by the city or county deemed necessary for the raising of the grade, building seawalls and breakwaters, and doing any and all kinds of protective works in said city and county, and to levy and collect taxes to retire said bonds, principal and interest, providing for a sinking fund and creating an emergency.

Be it resolved by the Legislature of the State of Texas:

SECTION 1. The city of Galveston and the County of Galveston, and each of them are hereby authorized to issue bonds in such amounts not to exceed in the aggregate five million dollars, for both City and County, as may be by the city or county deemed necessary for the raising of the grade, building seawalls and breakwaters, and doing any and all other kinds of protective works in said city and county, without regard to any restriction of any provisions of the Constitution of the State of Texas limiting tax levies and covering bond issues, and for that purpose to levy and collect taxes to retire and pay same, principal and interest, but no debt shall ever be incurred for such purpose, unless provision is made at the time of creating same, for levying and collecting a sufficient tax to pay the interest thereon and to provide at least two per cent, as a sinking fund, this provision being cumulative, and authorizing the issuance of such bonds in addition to those heretofore issued for such purposes and still outstanding, the amount of such additional bonds to be issued by the county hereunder, not to exceed one million dollars, and the amount of such additional bonds to be issued by the city hereunder not to exceed four million dollars, but nothing herein shall apply to bonds heretofore, or hereafter issued for purposes other than those herein defined, provided however, that that portion of Galveston County not lying within the corporate limits of the City of Galveston shall not be taxed for the purpose of issuing bonds for any of the purposes herein provided within the corporate limits of the City of Galveston, unless such bond issue and tax levy be authorized by a majority of all the tax paying voters residing in Galveston County outside of the Corporate limits of the City of Galveston, provided that no such bonds issued by the city of Galveston shall be valid unless such bond issue

and tax levy be authorized by a majority of all qualified tax paying voters of the city of Galveston, voting at an election to be called for that purpose by the Mayor and Board of Commissioners of said City of Galveston.

SEC. 2. The Governor is hereby directed to issue the necessary proclamation for submitting an amendment to the Constitution to the qualified electors of the State of Texas on the first Tuesday in November, 1919, being the fourth day of November, 1919. Those favoring the amendment shall have written or printed on their ballots the words, "For the amendment to Article sixteen of the Constitution of the State of Texas, authorizing the issuance of bonds by the City and County of Galveston." And those opposed to the said amendment shall have written or printed on their ballots the words, "Against the amendment to Article sixteen of the Constitution of the State of Texas, authorizing the issuance of bonds by the City and County of Galveston."

SEC. 3. The sum of five thousand (\$5,000) dollars, or so much thereof as is necessary, out of the funds in the State Treasury not otherwise appropriated, is hereby appropriated to pay expenses for the carrying out of the provisions of this Resolution.

GEORGE F. HOWARD,
Secretary of State.

On the front page of this issue of the Avalanche is the form of petition that is being circulated by the committee asking for street paving. It is the wish of the city commissioners that the property owners against which the paving will be placed, by the first order signify their desire for the service before they order it put down. Sign your name on the lines left blank in the article and take it or mail it to any member of the committee with authority to place their name on the regular petition to go to the commissioners. Lubbock square needs paving and also the most used streets, and this plan affects about fifty blocks, which will be a fine start on the greatest town building proposition that was ever submitted.

Nobody has seemingly taken to our suggestion of a public tabernacle. Well, maybe it is the wrong thing to do. It might be that we are wrong. That we do not need a place where twenty-five hundred or three thousand people can gather and be comfortably seated. It is possibly best that we try to crowd the people into the small buildings that we have. Say three thousand people, try to put them in a building that was built for three hundred. That is possibly the way to encourage people to go to public speakings and preaching services. If it is, we withdraw our suggestion from public print, for Lubbock is well equipped with the three hundred capacity buildings.

The Amarillo News says Lubbock County boasts of the first woman in the county being convicted of murder in the last term of the district court. Well, the News did not state that this case was twice tried in Potter county before being finally transferred from Amarillo. We are not proud of the fact that this case was tried in Lubbock, but our jurors proposed to do the right thing according to the light before them.

Lubbock is famous for her rough streets and chug-hole square. Lets us remedy this in some way.

Mr. D. W. Gill and T. B. Morris were in Lubbock Friday.

Mrs. A. V. McCarty and little daughter, Beryl, left for Petersburg Monday where they will visit Mr. Arthur McCarty and family.

Mrs. J. W. S. Bevers left Sunday for Olney, where she will visit her daughter, Mrs. Doyle.

Messrs. Jno. P. Lewis and Fred Spikes have opened their office in the Farmers National Bank building and are again calling your attention to the fact that they are in the land business with propositions that should attract your attention. They cordially invite you to visit them in their spacious offices, and get acquainted with what they have. Read their ad.

Mrs. G. C. Henderson, of the Lakeview community, in Lynn county, after spending a few days with the family of J. E. Henderson, in Lubbock, left Tuesday morning, accompanied by her son, Jack, for Roaring Springs, where she will visit for a few weeks with her parents, Mr. and Mrs. Medlin, while her husband is off in the harvest fields near Happy.

Mrs. W. L. Sullivan and little daughter, Josephine, of McKinney, have gone to Floydada after spending a week with her brother, H. O. Waters, and family.

If those fellows who took the linberneck and left Lubbock county just because the worms eat up their crops, just because they did not clean the weeds out of it, just because they were too lazy, were to see the fine crops here now they would die of envy, and we wish some of them could see our crops now. The country would be better off without that kind of cattle anyway.

Hale County is assembling an exhibit for the State Fair this fall. The South Plains will show some wonderful things this fall, and the eyes of the world will open when they see the immense display of products from the farms, orchards and gardens of the great South Plains.

We will be handicapped this year for a building for the fair exhibits. This county should by all means provide a way to erect sufficient exhibition halls before the 1920 fair, and we believe the people will be ready to help in every way possible by that time.

Don't forget to be making ready for the County Fair. We should collect one of the finest agricultural exhibits this fall that has ever been shown on the plains. Mr. Farmer do your part, which is a big part in making the fair a great success.

S. B. Barrier, Jr., is just back from France this week, having been recently discharged from service at Camp Pike, after seeing about a year's service with the United States Army in France. He will be at the head of the shoe department in Barrier Brother's store here from now on. The many friends of the family are glad to see him back.

Rev. W. E. Lyon held the third quarterly conference of the Lubbock station last Monday night, and the reports by the various departments were most satisfactory, and showed progress on all lines. Rev. Lyon delivered a strong sermon Sunday morning.

J. T. Martin, former City Secretary of Temple, Texas, was indicted by the recent session of the Grand Jury, on a charge of embezzlement and misapplication of funds, in the amount of \$400. He was admitted bail in the sum of \$5,000.

Rev. J. B. Cole preached at Crosbyton last Sunday. He has accepted the pastorate of the church there, but for the present his family will remain in Lubbock, as he says he cannot get material to build a house in Crosbyton.

DEATHS

Mrs. S. B. Gentry of Lockney, Texas, oldest daughter of Mr. and Mrs. C. W. Mallard of this city, died at her home in Lockney last Thursday, following an illness of nearly six months, three of which she was confined to her bed. Mrs. Gentry is well known in Lubbock, having lived here with her parents before marriage. Beside her parents, she is survived by two brothers, T. C. Mallard of Dallas, and J. G. Mallard of Brownfield, and four sisters, Mrs. George McPeak, of Floydada, Mrs. George S. Dearman, of Ranger, and Misses Annie and Maggie Mallard of Lubbock, all of whom were present at the funeral services which were held last Friday morning at the Methodist church in Lockney, conducted by the pastor, Rev. Watts, and interment made immediately following, in the Lockney cemetery.

John E. Raymer—Age 38 years and for fifteen years a citizen of the South Plains, died Wednesday night at 11:15 following an illness of nearly a year, two months of which he was confined to bed. Deceased was a well known stockman of this country, having been manager of the F. ranch, near Meadow, for several years and lately a resident of Brownfield. He is survived besides his wife and little baby, by his father, A. D. Raymer, of Coke county, and two sisters, Mrs. Noah Bell, of Terry county, and Miss Tressie Raymer, all of whom will be present to attend the funeral services which will be held this afternoon, conducted by Rev. J. B. Cole, and interment to be made immediately following in the Lubbock Cemetery.

Eunice McInroe—Little daughter of Mr. and Mrs. McInroe, of Idalou, born August 17th, 1917, died July 24th, 1919. Interment was had in the Lorenzo cemetery last Friday afternoon.

Elbert Brown, age sixteen years, son of Dr. I. Z. Brown of Leuders, was killed by a falling timber from a bridge across the Clear Fork of the Brazos, near Stamford, last Monday. He was operating a gas engine on a storage dam when the accident occurred.

T. C. Ivy, of Yoakum county, well known cattleman and for some time a partner of R. D. Benson, deceased, is here this week extending condolence to members of the deceased's family, and to be present at the funeral services.

Mr. Franklin Moore, of Tennessee, is visiting at the home of Mr. and Mrs. B. L. Wright this week.

Mrs. C. H. Grollman is spending a few days in Mineral Wells visiting and taking a vacation.

CHURCH NOTES

First Presbyterian Church.

The pastor not only urges but appeals to every member of the church and congregation to be present next Sunday and the Sunday following at the 11 o'clock service, and he feels sure that all but the sick, the slackers, and those out of town will respond in view of the importance attached to these two services. The financial campaign for our educational institutions is upon us, and arrangements are now complete for the campaign in this church. Vital announcements will be made Sunday in regard to the services on the 10th of this month and in reference to the campaign as a whole, and in as much as the time is short, it is essential that every one understand the plans from the beginning.

Now, just a word about the campaign as a whole. It is a big thing—perhaps the biggest thing ever undertaken by any religious denomination in the State, or nation so far as I know. The Southern Presbyterians of Texas, are endeavoring to raise in eighteen months \$1,135,000.00 for the four synodical colleges, an average amount of between \$30 and \$35 for each man, woman and child in the Synod. This sum is to be used in paying off indebtedness, providing new buildings and equipment, and in giving to each of the institutions a permanent endowment. The Lubbock church is asked to raise \$4500.00 as its quota of the entire amount. "We can do it—if we will." "We can do it—and we will."

There will be no services Sunday evening, as the pastor will be in Post to present the educational campaign to that church.

We extend a cordial invitation to any who may desire to worship with us.
T. H. Pollard, Pastor.

EDGAR INMON LANDS IN CAMP PIKE, ARK.

J. T. Inmon Tuesday received a telegram from his son, Edgar, who has been in France the past nine months, stating that he had arrived in Camp Pike, Ark. Edgar was with the engineering corps. Mr. and Mrs. Inmon are anticipating his return home within a few days now, and we all rejoice with them for the safe return of their son to the home land.

Forrest Robbins and wife returned Sunday from Athens, where they have been spending a few weeks visiting relatives and spending Forrest's vacation from postal duties. He is back on the job again this week.

Mr. Ruby, the city manager, informed us this week that the public watering trough for livestock is being installed on the city square, northwest of the public square, and will be ready for use soon.

TENDERFOOT IS IN TROUBLE AGAIN

Grovesville, Texas, July 29, 1919.
To The Avalanche:

I just can't keep quiet any longer. Everything is looking so good. Had a nice rain last evening. Corn is exceptionally good this year. ^{MAIZE} Kaffir, Sorghum, Sudan, peas, beans, potatoes and all garden truck is just fine. Cotton making fine growth and "performing" nicely.

There is some talk of a gin being built at Shallowater. Everybody seems in the best of health and apparently happy.

Altogether I have never seen crop prospects better since I have lived on the plains.

Bro. Ross filled his appointment at the school house last Sunday. Had an attentive audience and preached us a fine sermon. Our meeting will begin Friday night before the fourth Sunday in August.

We have a very interesting Literary every second Thursday night. Next meeting will be Thursday night, August 7.

Mr. Ira Elliott is now hauling material to build a five room modern residence. He is also putting down a well. I understand that C. U. James, his son-in-law, will continue to occupy the present house.

We have many prospectors among us now, looking at our fine crops and nice homes, but our people are slow to turn loose their farms. They know what it takes now to buy raw land and improve it. I said above that everybody was happy. I mean everyone but myself. It seems that I have more trouble all the time.

This time it is with Mrs. Tenderfoot. That is with her mouth. I have all ways had more or less trouble with her mouth. She had a tooth troubling her. I took her to a Lubbock Dentist and he pulled all the teeth on one side of mouth before he got the right one. I got sight of her as she came out of the office. Never will I forget that look. That was four weeks ago. I never saw her any more. They say she looks scandalous. I thought perhaps if the other teeth on opposite side were removed it might make her look better. So last Thursday I took her back and had them removed. I looked again. She looked worse if possible. Now I have got to have her a whole plate made before I can ever look on her again. This dentist knew all this. He took me in. It will cost at least \$50 to fix her up so I can see her again. All this now because she had one bad tooth. These doctors know how to fix you. They either keep you while they have you or fix you so you will have to come back. All this work he is doing don't seem to have any effect on her tongue. I want to keep this wife looking well as long as I can. Most men don't seem to care how their wives look as long as they can work alright. But I do. I will tell you more when it gets so that I can see her. She is a fine woman alright. Looking for better things, I am, yours truly,

Tenderfoot.

PUBLIC OPINION.

For more than a hundred years the Democratic party has steadfastly in-

sisted that no constitution, and no amendment to any constitution, should be adopted except by the people; that principle has been written in every State constitution until there is not a single State today that will permit its Legislature to amend its constitution. Yet today we are told, and is being put in practice, that Congress and State Legislators, can amend any State constitution absolutely independent of the people. It seems if Congress should propose an amendment of the Federal Constitution, that no man not worth \$100,000 should have the legal right to vote; or that all men had to pay a poll tax of \$1000.00 before they could be qualified voters, and the State Legislatures should ratify the amendments, that said amendments would be valid as part of the Federal Constitution.

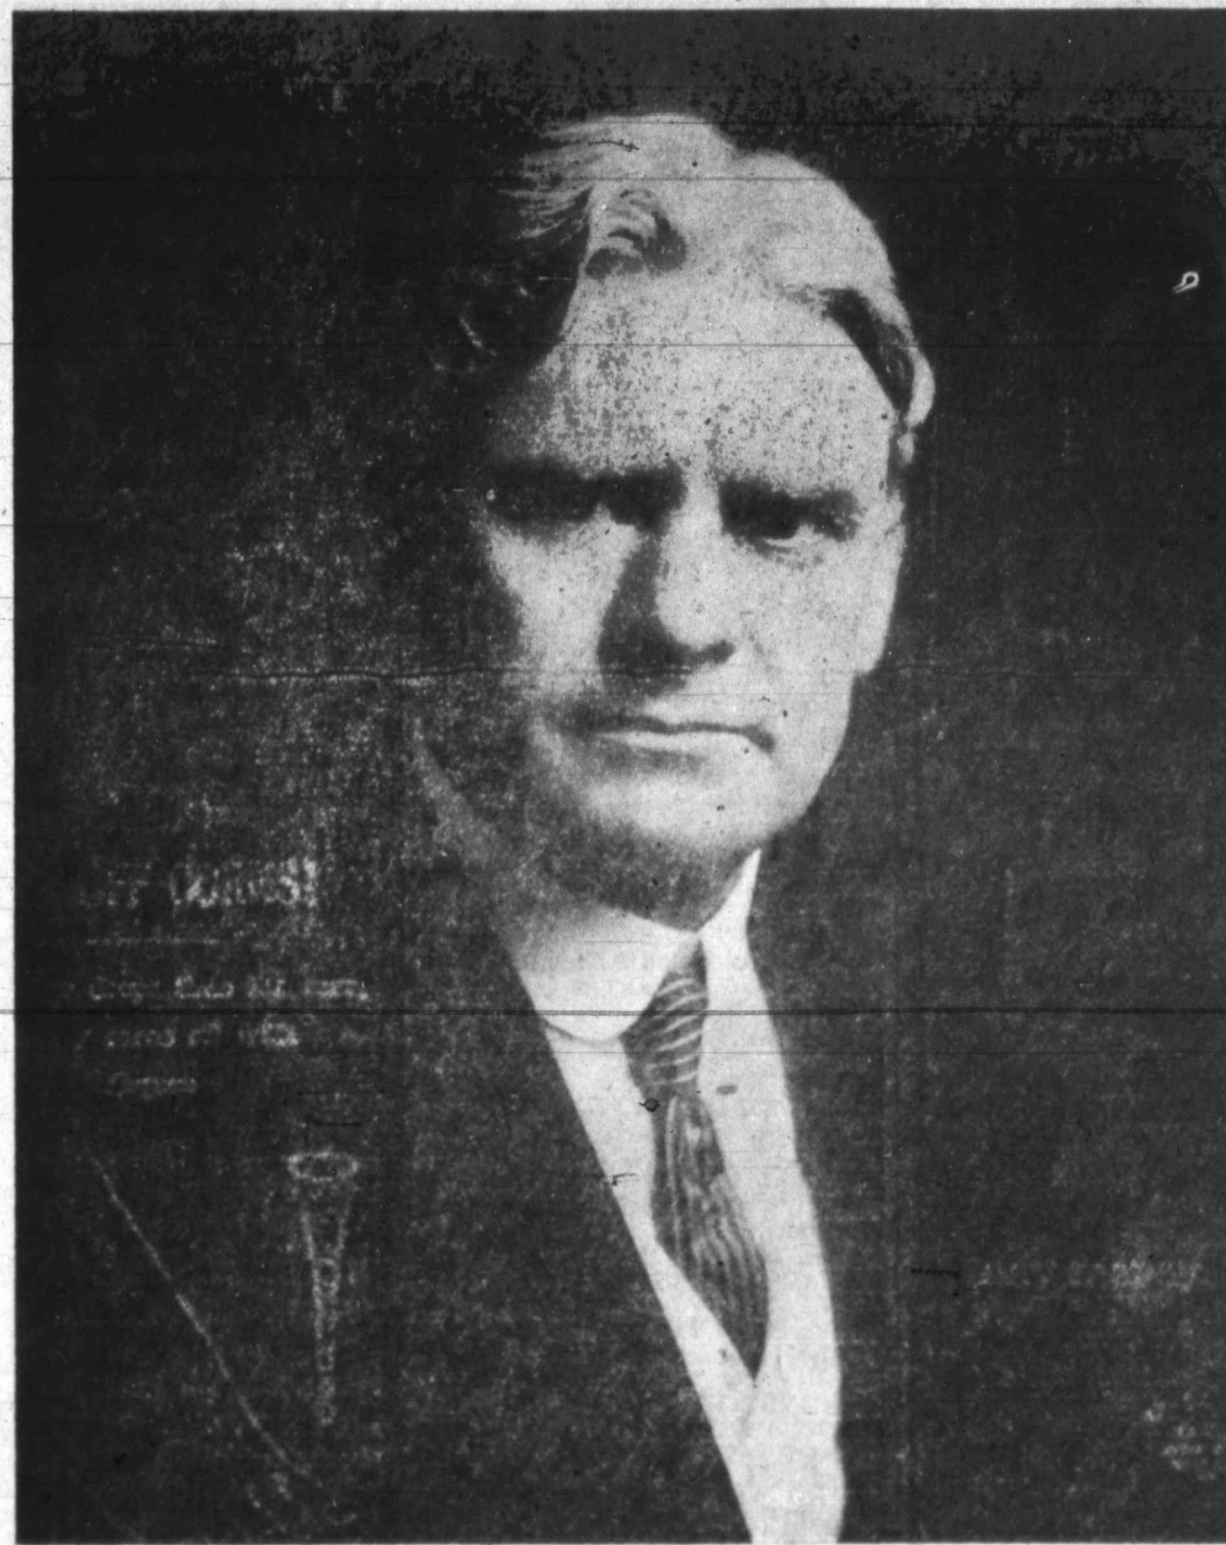

It now seems that Congress and the State Legislature have the legal power to blot out the State constitutions, independent of the people.

What is the object of a written constitution? All admit that it can be created and adopted only by the people and that it limits legislative power; there is no issue as to this fact. The object—intent—of a written constitution adopted by the people against any encroachment of the executive, legislative and judicial departments of government. But it seems that it has developed that comparatively a few men have unlimited governmental power, regardless of any constitutional limitations. I can now understand how the 13th, 14th and 15th amendments to the Federal constitution slip through so easy; for long years I was puzzled about how it was done.

Geo. L. Beatty.

Ira Jones and little brother, passed through here Wednesday morning enroute to their home near Gomez. Ira has been in the north plains working in the harvest fields for several weeks.

REVIVAL MEETING

Evangelist G. Dallas Smith, of Cleburne, Texas, will conduct a series of meetings for the Church of Christ, beginning on the first of August and continuing two weeks.

FAYETTE COUNTY FARMERS VISITING IN LUBBOCK

Emile Heinrich and father, F. Heinrich, of Fayette County, near Schulenberg, are here this week visiting, and looking after their land interests in this section. Emile Heinrich owns a fine tract of land near the Canyon School house. While here they are visiting their brother and son, respectively, F. K. Heinrich, near Slaton. On their trip to Lubbock they were accompanied by Carl Kahlick, who has a fine farm near Lofton Switch, between Slaton and Wilson.

He says he has very fine crop prospects at present, and a light rain fell in his community Tuesday afternoon.

J. E. Stokes, of Tahoka, was a visitor here the first of this week. Mr. Stokes reports business activities increasing in that section. The drilling of the oil well at that place which had been suspended for a time for repair of the boiler, was resumed Monday.

GRAND JURY IN SESSION ONE DAY THIS WEEK

The Grand Jury was in session Monday of this week. We understand no other bills of indictment were turned in to the court during the work of the grand jury this time. Altogether, only five bills of indictment were found during the entire session. The jury adjourned Monday afternoon.

J. R. Telford and son, of Terry county were among the many who came to Lubbock this week.

BAILEY COUNTY NEWS ITEMS TO DATE

A bountiful amount of rain has fallen on Bailey county in the last week which insures a good crop of everything.

The heavy rain and strong wind last Saturday damaged the crops and trees in the Y L neighborhood.

O. C. Snyder of Hurley, is visiting friends and relatives in Falls City, Nebraska, and other points in the north.

Mrs. Ed Hupp is visiting her parents and other relatives at Grandfield, Okla.

I. F. Willmann and family returned last Sunday from a few weeks visit with relatives and friends in and near Lincoln, Neb.

Charlie Walker, Cecil, Sylvan and Newton Robison and Ed Bearden, were dinner guests of Mr. and Mrs. H. E. Wilterding last Sunday.

Three auto loads of young people from the Y L community attended the ice cream social at West Camp

last Thursday. They report a good time.

Misses Morris and Johnston, and Messrs. Johnston and Morris of Petrolia, were dinner guests of Mr. and Mrs. Ira Hardin last Wednesday.

Chris Hensan who has been helping Wm. Mattheson with his farm work left last Sunday for his home in Iowa.

Leon Kropff and Frank Snyder enjoyed a week's fishing trip at Hereford. They found a number of good fish and plenty of rain and mud.

Some of the more advanced fields of maize, kafir, and cane, are heading; Indian corn is in the silk, a fine crop of oats is in the shock or stack; so why should we quarrel over roads and school districts.

Mr. and Mrs. J. Henson of Spring Lake, were interviewing some of the Bailey County trustees last week. This couple are excellent teachers and the school that gets them will be fortunate.

Albert Lavigne who has been stationed at the Vet. hospital at St. Nazaire, France, with the A. E. F., was discharged and came home last week. He was the last of our boys to be discharged. After visiting here a few days he left to visit homefolks at Auburn, Neb.

The County School Trustees held a meeting last week, and to even up the school districts a little, took a row of sections off the west side of the Liberty district and a section from New Hurley, adding them to Old Hurley District.

BAPTIST MEETING TO BEGIN AT CARLISLE FRIDAY

Baldwin is Strongly Endorsed for State Representative

IS CANDIDATE FROM 122ND REPRESENTATIVE DISTRICT TO SUCCEED HON. W. H. BLEDSOE, RESIGNED.

SPECIAL ELECTION CALLED FOR AUGUST 30, 1919.

Governor Hobby has issued a proclamation calling a special election in this, the 122nd Representative District of Texas for August 30, 1919, to elect a Representative to the Legislature in the place of Hon. W. H. Bledsoe, who resigned that office to become State Senator.

Honorable R. A. Baldwin of Slaton, is a candidate for the office of State Representative to succeed Judge Bledsoe. This is the first time Mr. Baldwin has ever been a candidate for any office, and that he will be elected by an overwhelming majority seems probable from the favorable reception the announcement of his candidacy has received from the beginning. Mr. Baldwin has resided in Lubbock County more than eight years past; he is a lawyer of exceptional ability, aggressive, conservative and liberal minded. He possesses those qualities of fidelity to public duty, conscientiousness and intellect so requisite in one who holds this important office. To the people of Slaton and Lubbock County his ability, patriotism and Americanism are too well known to need any comment. Mr. Baldwin has the courage of his convictions, and will, if elected, make this District a good representative. Perhaps no candidate for a state office ever received a stronger or more nearly unanimous endorsement from his home people than that accorded Mr. Baldwin. No better recommendation could be desired. It shows that Lubbock County unhesitatingly commends him to the citizenship of the 122nd District as the proper person to be our next Representative.

Lubbock County Endorsement

TO THE CITIZENS OF BRISCOE, FLOYD, CROSBY, GARZA, BORDEN, DAWSON, LYNN, ANDREWS, GAINES, TERRY, YOAKUM, LUBBOCK, HOCKLEY, AND COCHRAN COUNTIES, COMPOSING THE 122ND REPRESENTATIVE DISTRICT OF TEXAS.

We, the undersigned, hereby certify that we personally know the Honorable R. A. Baldwin, of Slaton, Lubbock County, Texas, who is a candidate for the office of Representative from the 122nd Representative District of Texas, to succeed the Honorable W. H. Bledsoe, resigned, and believing he will make us a faithful, conscientious and able Representative in the Legislature, do hereby earnestly commend him to your favorable consideration at the coming Special Election, August 30, 1919, and respectfully solicit your votes and influence in his behalf.

Mr. Baldwin is perhaps better known in Lubbock County than in most other counties in this Representative District. The above endorsement shows how he stands at home where he is best known. He can be depended upon to represent the interests of West Texas and of this Representative District in the Legislature with a fidelity and conscientiousness born of a high sense of public duty, moral responsibility and intellectual attainment. He has been for years past a close student of National and State problems, and is particularly familiar with the issues confronting the people of West Texas. He is equipped, we believe, to bring to bear on each problem as it arises a sound judgment and to make his influence felt on the right side of the important questions demanding solution. We believe that this District has no need to look further for a Representative who, if elected, will serve her honorably and well. A vote for him is a vote for the best interests of West Texas.

Very sincerely yours,

SLAUGHTER-EARNEST MARRIAGE MONDAY EVENING

R. L. Slaughter Jr., and Miss Katherine Earnest were married last Monday evening at 8 o'clock at the residence of Rev. J. B. Cole, who conducted the ceremony. We understand that Mr. Slaughter's home is El Paso, and has been here visiting at the Lazy S ranch for some time. Miss Earnest lived near Littlefield, going there from Plains, where she had lived for several years.

The couple left Monday night for El Paso where they will visit Mr. Slaughter's relatives.

Mrs. Jodie Rutap, daughter of William Tubbs of this place, is stopping over here a few days this week enroute to Los Angeles, Calif. Mr. and Mrs. Rutap have made their home in Houston for some time and are moving to Los Angeles to make their home.

S. G. W. Stacy and three of his neighbors of Carlisle community, were in town Wednesday with their teams and wagons to haul out material to erect an arbor for the Baptist protracted meeting that begins at Carlisle the first night in August.

THOMAS DIXON HAS HOME ON ISLAND

Thomas Dixon, author of "The One Woman" which Select Pictures will offer at the Lyric Theatre on Wednesday is the proud owner of Mackey's Island, which lies in the Atlantic Ocean just off Chesapeake Bay. The island covers a little over three thousand acres, and up to a very short time ago was in the same wild state of cultivation as it was when the American continent was discovered. Mr. Dixon has erected a thirty-seven room castle on one of its peaks which he uses as his summer home. The island abounds with game and is

used as a hunting preserve for Mr. Dixon and his friends.

OIL DEVELOPING COMPANIES HELP BIG SPRING BUSINESS

J. A. Rix and wife returned Tuesday afternoon from a short visit and business trip to Big Spring. Mr. Rix reports that the oil developing companies that are coming into that country, are spending lots of money, thereby helping the business conditions generally. There are at the present time about five different companies starting wild cat wells in the Big Spring country.

LUBBOCK, TEXAS

THE NORTHERN STATES HAVE OFFICIALLY ADOPTED THE 56" AUTO TRACK WAGON

Neither too Wide nor too Narrow
but Standard 56-Inch Auto-track

WEBER

Bought by Farmers Because of Its Known Qualities

REGARDLESS of all other considerations—the 60-inch wagon does not fit the road. Any advantages it might possess are offset by the fact that it is a stranger on its own roads. It rides the ridges, which causes broken axles, wheels and other parts, and the tongue whips about which is hard on the team.

The justly famous Weber wagon is built only in 56" auto-track because this is the standard approved tread of automobiles—and the automobile makes the ruts in mud or soft roads. If the farm wagon is not made to follow the same path it is out of date for road service. Automobiles are increasing among farmers because they are a time-saving necessity, and every farmer who hasn't an automobile intends to procure one at the earliest opportunity.

The Weber 56" auto-track wagon will do everything that the old 60" wagon would do. It will haul cotton bales as easily as the wide track wagon and the team can draw the load without having to pull every inch of the way. It lends itself just as readily to all kinds of farm work and in addition it fits the prevailing road tracks.

Besides the auto-track feature the new Weber has the patented Fifth Wheel and the "Safety First" Swivel Reach Coupling—two advantages that are worth \$20 apiece to the user during the life of the wagon.

By all means see our Weber wagons before you buy. We can offer you something that will save you money and give you service.

Brown-Guinn

On Saturday afternoon at the home of Mr. and Mrs. W. T. Thaxton, at four o'clock, occurred the marriage of Miss Tressie Guinn, of Abernathy, to Mr. Charles C. Brown, of Plainview, with Rev. A. A. Collins officiating.

The bride is the charming daughter of Mr. and Mrs. S. H. Guinn, and numbers her friends by her acquaintance.

Mr. Brown has just recently returned from overseas where he served twelve months with the famous Thirty-sixth division, being a member of the 11th ammunition train. Mr. and Mrs. Brown left for Abernathy Monday where they will spend a few days with friends. After August 1, they will be at home to their friends at Plainview. Contributed.

Mrs. Ed Wilson and Miss Lilah Porter entertained their Sunday school classes Friday afternoon on the court house lawn. The little girls enjoyed playing on the grass, taking pictures and other picnic stunts until a picnic lunch was served in the grandstand. Then they proceeded to appease their healthy young appetites with all sorts of good things until the evening shadows warned them that it was time to go home.

(Delayed)

Mrs. John Penney entertained the Auction Bridge Club last Tuesday afternoon, July 22, in the home of Mrs. J. T. Woodbridge. A delicious salad course and angel food cake were served to the following ladies: Mesdames Peck, Noone, Doyle, Miller, Posey, Malone, Powell, Mast, Wilson, Griffin, McLarty, Woodbridge and Penney.

A jolly crowd composed of Judge and Mrs. Chauncey, of Wichita Falls, J. J. Chauncey and family, J. J. Blackwell and family, Mr. and Mrs. Lewis Murfee, Elzy McClendon and sister, Anna, and Mrs. Reaves, motored to the home of Mr. and Mrs. G. A. Gamill, near Canyon community, last Sunday. All report a delightful day.

Mrs. M. E. Merrill was hostess to the Auction Bridge Club last Tuesday afternoon. For various reasons not all members were present, but all who were present had a delightful time. The next meeting will be with Mrs. W. B. Powell.

The Eastern Star will meet in the Masonic hall next Tuesday night at which time members will be initiated.

A large crowd of young people enjoyed a most delightful dance at Martin's Cafe last Friday night.

Mr. and Mrs. Frank Maddox have returned from Ballinger, where they visited Mrs. Maddox's parents, Mr. and Mrs. Padgett. They were accompanied home by their little sons, Franklin and Padgett.

Miss Ada Ruth Carlton from Ringgold, and Miss Una Davis, from Lone Wolf, Okla., are visiting the family of their uncle, Mr. and Mrs. J. T. Carlton.

Roy Porter visited in Tulsa Sunday.

Carroll Bell, who has been visiting Ray Porter, has returned to Tulsa to visit his sister, Mrs. L. H. Sugars.

Harry Morris left Monday night to accept a position in Big Spring. Harry has been with the Lubbock Drug Company for several months and has made many friends by his pleasing manner. While we regret to lose him from our city, we wish him much success in his new work.

Mrs. John Simpson has returned from Farwell, where she visited her sister, Mrs. Dick Howard. She was accompanied home by Mr. and Mrs. Howard, who will make this their home again. Their many friends extend them a cordial welcome.

Miss Lucy Tubbs is home after visiting for several weeks in Corpus Christi, Mineral Wells, Austin and Dallas.

Miss Ollie Sone passed through here Tuesday enroute to Canyon. She has been spending the summer in the mountains and Hot Springs, of New Mexico, and is returning in time to enter the normal this fall.

Miss Lois Duff left Saturday for a month's visit in Austin, with Miss Madge Baker, daughter of Mr. Jno. W. Baker, State Treasurer.

BAKER-WHEELER MANUFACTURING CO. DALLAS, TEXAS

MURDER OF TEXAN AT K. C. IS SHROUDED IN MYSTERY

Kansas City, July 24.—After 24 hours of investigation by police officials, the sensational murder of Lieut. Fitzroy K. Simpson of Lamesa, Texas, here yesterday, remains as deeply shrouded in mystery as ever.

A man jumped on the running board of the electric coupe as it was being driven in the fashionable Mission Hills resident district by Miss Evelyn Hall, a young society girl.

The intruder opened the door and held a revolver in the face of Simpson. "Get out," ordered the man. "Get out quick."

Miss Hall, believing the man to be a highwayman, ripped a diamond brooch from her collar. As she was hiding it in the folds of the seat a shot rang out. Simpson staggered and fell against the fender of the coupe. He died almost instantly.

Harry Houston, a deputy marshal, of Johnson County, Kansas, who was driving in his car near by, heard a shot and investigated. Between his car and the coupe he saw a large car standing in the street. A man was sitting inside. As he passed the car a man rushed toward it, waving his hand and shouting: "Let's go. There's been a shooting."

Houston drove on until he reached the coupe, where he found Miss Hall holding Simpson in her arms. By that time the other car had disappeared.

Miss Hall is the daughter of the late W. M. Hall, a millionaire owner of downtown office buildings. She was greatly overcome by the tragedy and accused Houston of the shooting. Late yesterday she said she did not

realize what she was saying and that she probably could not identify the slayer.

On the strength of her statement Houston was taken to police headquarters here and his statement recorded. He reiterated his story mainly as given in the foregoing.

The police of this city and the officials of three counties where boundaries converge near the scene of the murder are at sea as to the identity of the slayer.

PROVIDING FOR THE SEPARATION OF THE STATE UNIVERSITY AND THE AGRICULTURAL AND MECHANICAL COLLEGE, AND FOR BOND ISSUES BY EACH

HOUSE JOINT RESOLUTION NO. 29
A Joint Resolution to amend Article 7, Sections 10, 11, 12, 13, 14 and 15 of the Constitution of the State of Texas, which Article relates to education, and which sections provide for the establishment and support of the University of Texas, the Agricultural and Mechanical College of Texas, and for a branch college for the instruction of colored youth; provides that the Texas State Medical College and the School of Mines at El Paso shall be branches of the University of Texas; provides that said University, said Agricultural and Mechanical College, and said College of Mines shall be separate state institutions and independent in organization; provides for the sale of lands belonging to the University of Texas permanent fund, and for the division of the proceeds of such sale and all accretions between the University of Texas, the Agricultural and Mechanical College of Texas, and the Prairie View Normal and Industrial College; provides that the respective parts of each shall become the permanent fund of each institution and shall be invested; provides that the University of Texas and the Agricultural and Mechanical College of Texas may use the permanent fund of each as a basis for the issuance of bonds for improvements, and for redemption of such bonds from the income of such permanent funds; provides that the governing board of the Agricultural and Mechanical College of Texas may make provisions for the permanent buildings of the Prairie View Normal and Industrial College from the proceeds of bond issues by the said Agricultural and Mechanical College and declares said Prairie View Normal and Industrial College a Constitutional branch of the Agricultural and Mechanical College; provides that the Legislature shall make provisions for appropriation for the maintenance and development of the University of Texas and the Agricultural and Mechanical College, and for the development and support of the College of Industrial Arts, the Normal Schools, the Prairie View State Normal and Industrial College, and the Agricultural and Mechanical College of Texas; provides that the University of Texas and the Agricultural and Mechanical College, pending disbursement of the permanent fund, shall issue bonds redeemable from the income of the endowment, and granting authority to the Legislature to make appropriations to supply any deficiency; provides that the Legislature shall give encouragement and direction to the development of a University of the first class, and an Agricultural and Mechanical College of the first class, and an Industrial Arts of the first class; provides for the submission of this proposed amendment of the Constitution to the people, fixing the date for election to be held, and making an appropriation to pay the expense of said submission.

Be it resolved by the Legislature of the State of Texas: That Sections 10, 11, 12, 13, 14 and 15 of Article VII of the Constitution of the State of Texas, which Article relates to education, and which sections provide for the establishment and support of the University of Texas, the Agricultural and Mechanical College of Texas, and for a branch college for the instruction of colored youth, be amended to read as follows: Section 10. In pursuance of constitutional authority and direction the State having established the University of Texas at Austin, in Travis County; the Agricultural and Mechanical College of Texas at Denton, in Denton County; and the Prairie View State Normal and Industrial College for the instruction of colored youth in Brazos County; and the Legislature having established the College of Industrial Arts at Denton, in Denton County, the said University of Texas, the said Agricultural and Mechanical College of Texas, and the said College of Industrial Arts, are hereby declared separate state institutions and independent in organization. The Texas State Medical College, located at Galveston, in Galveston County, and the School of Mines, located at El Paso, in El Paso County, are constituted branches of the University of Texas. The Prairie View State Normal and Industrial College for the instruction of colored youth is constituted a branch of the Agricultural and Mechanical College of Texas.

Section 11. To better enable the University of Texas and its constitutional branches, the Agricultural and Mechanical College of Texas, and the Prairie View State Normal and Industrial College, to fulfill the purposes for which created, all lands and other property heretofore set apart and appropriated for the establishment, endowment, and maintenance of the University of Texas and its constitutional branches, together with the proceeds of the sale of such lands heretofore made, or hereafter to be made, for the support and benefit of either institution, shall constitute a permanent fund for the University of Texas, the Agricultural and Mechanical College of Texas, and for the Prairie View State Normal and Industrial College; and the proceeds of such sale shall be included in or constitute a part of the permanent University fund.

Section 12. The Legislature shall provide by appropriation for the equipment, maintenance and development of the University of Texas, and the branches of the said institution named in this Article and such other branches as may hereafter be established by law; for the Agricultural and Mechanical College of Texas and its branches as now or hereafter may be established by law; for the College of Industrial Arts for the education of white girls; for State Normal Schools; and for the Prairie View State Normal and Industrial College for colored youth.

Section 13. The Legislature shall give encouragement and direction to and make provision for the educational activities of the respective State Institutions provided for in this Article, and as may be adequate for the promotion of literature and the arts and sciences, pure and applied, and for instruction in the first class; and for instruction in all those branches of learning which relate to agriculture, pure and applied, connected therewith, the mechanic arts and military science and tactics, requisite to the development of an Agricultural and Mechanical College of the first class; and for the education of white girls in the literary branches, the arts and sciences, and in social and domestic economy of the age, as may be necessary to establish and maintain a College of Industrial Arts of the first class for white girls, and for instruction in all the branches requisite to the development of normal schools of the first class.

Section 14. The Prairie View State Normal and Industrial College for the instruction of colored youth of the State, having been located at Denton, Texas; the San Houston Normal Institute at Huntsville, Texas; the North Texas State Normal at Denton, Texas; the Southwest Texas State Normal at San Marcos, Texas; the West Texas State Normal at Canyon, Texas; and the East Texas State Normal at Commerce, Texas; and other state educational institutions, and determining the interest, respectively, of the University of Texas, the Agricultural and Mechanical College of Texas, and the Prairie View State Normal and Industrial College in the University permanent fund; and providing for the support, direction and development of State Educational Institutions.

Those opposing the amendment shall have written, or printed on their ballots the words: "Against the amendments to Sections 10, 11, 12, 13, 14 and 15 of Article VII of the Constitution of the State of Texas, fixing the constitutional status of the University of Texas, the Agricultural and Mechanical College of Texas, the College of Industrial Arts at Denton, Texas; the San Houston Normal Institute at Huntsville, Texas; the North Texas State Normal at Denton, Texas; the Southwest Texas State Normal at San Marcos, Texas; the West Texas State Normal at Canyon, Texas; and the East Texas State Normal at Commerce, Texas; and other state educational institutions, and determining the interest, respectively, of the University of Texas, the Agricultural and Mechanical College of Texas, and the Prairie View State Normal and Industrial College in the University permanent fund; and providing for the support, direction and development of State Educational Institutions."

LOCAL NEWS ITEMS FROM LORENZO ENTERPRISE

The Baptist revival meeting will begin here Sunday at the 11 o'clock hour in the new tabernacle. Rev. Hembree, pastor of the church at this place will do the preaching in the revival unassisted. Rev. Hembree is an excellent preacher and the meeting promises to be the biggest and best of any previous one held here. It is hoped that the weather conditions will be favorable. The singing also will be an important factor and a large choir is being gotten together by Miss Powers. A good many of the singers will be taken from her Sunday School class of thirty-four young men and women.

Mr. W. N. Landers sold his farm and crop near here Wednesday for a consideration of \$90 per acre. The place contained 140 acres and was purchased by W. E. Terry of Deadebanks of this District are being removed.

More rain has fallen in this country within the last few weeks than probably ever before in that length of time and fields have become boggy. Farmers were held back from their cotton chopping and harvesting too, was delayed. Heavy rain begun to fall Saturday about dark and continued through the night with gorgeous displays of streaked lightning and heavy thundering. The skies were cleared Monday and with ten to twenty days of sunshine one of the biggest harvests on the plains will be gathered.

Five teachers will be employed by the board of trustees here to teach in the high school for the coming term which will begin at an early date in September. Four of the teachers have already been obtained but a good deal of difficulty is being experienced in getting number five. We

RABBITS CHEAPER TO RAISE THAN CHICKENS

It costs about 25 cents to raise a rabbit to the age of three months. At that time it may be marketed at the rate of 35 to 40 cents a pound and the pelts are worth from 15 to 75 cents, depending on the kind of rabbit and its size. Oats, cabbage, and water compose the basic diet used by most of the young growers. Compared with chicken raising, the points are in favor of the rabbits, for the hares are very hardy and require inexpensive feed.—Farm Bulletin.

PROVIDING FOR AN ISSUE OF BONDS BY THE STATE FOR THE PURPOSE OF CONSTRUCTION OF HIGHWAYS.

HOUSE JOINT RESOLUTION NO. 13.
A Joint Resolution proposing to amend Section 49, Article 3 of the Constitution of the State of Texas relating to the power to create debts by or on behalf of the State so as hereafter to authorize the Legislature to enact such laws as may be necessary directing the Governor of the State to issue bonds in a sum not to exceed \$75,000,000; providing for the levy of a tax to create the necessary interest and sinking fund therefor; and providing that the proceeds from the sale of such bonds shall be used in the construction of durable, hard surfaced roads upon the public highways of the State.

Be it resolved by the Legislature of the State of Texas:

SECTION 1. Amend said Section 49 as to read after its adoption as follows:
Article 3. Section 49. No debt shall be created by or on behalf of the State, except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, or pay existing debt; and the debt created to supply deficiencies in the revenue shall never exceed in the aggregate at any one time, two hundred thousand dollars (\$200,000); provided, however, that the Legislature may enact such legislation as may be necessary to authorize and direct the Governor to issue bonds of the State in a sum not to exceed Seventy-five million (\$75,000,000) dollars, the proceeds to be used in the construction of durable, hard-surfaced roads upon the public highways of the State; provided that such proceeds shall be apportioned to the different counties of the State according to the needs of the State Highways in such counties; and, provided further, that under Legislative authority a tax not to exceed twenty cents on the one hundred dollars valuation of taxable property in the State may be levied, assessed and collected to provide the necessary interest and sinking fund therefor, and said taxes shall be in addition to the taxes authorized by Article 8, Section 9 of the Constitution.

SEC. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the first Tuesday in November, the same being the fourth day of November, A. D. 1919, and the Governor of this State is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the Constitution and laws of this State. Those favoring the amendment shall have written or printed on their ballots the words "For amendment to Section 49, Article 3 of the Constitution proposing to amend Section 49, Article 3 of the Constitution so as hereafter to authorize the Legislature to enact a law directing the issuance of bonds to create debts by or on behalf of the State, so as hereafter to authorize the Legislature to enact a law directing the issuance of bonds

BRADLEY TEAM WILL PLAY BROWNFIELD AUGUST 1-2

Arrangements have been made by Hal Bradley, manager of the Bradley baseball team of this place, to play two games of baseball in Brownfield, August 1st and 2nd. Mr. Bradley says he will have his regular nine down and expects to bring home the honor of winning both games. It is understood that Brownfield is working hard to get a fast line-up for the two games to be played there.

RENT HOUSES ARE IN DEMAND IN LUBBOCK

Houses to rent are in great demand in Lubbock just now, and we find that houses suitable to live in are very scarce and hard to get. There are numbers of houses in the city vacant, but most of them are very small, or else in bad state of repair, and hardly suitable for white folks to live in.

It would be a good investment if the owners would spend a few dollars repairing and cleaning up these houses. They can all be rented if put in proper condition.

Messrs. J. B. and A. D. Henry, of Enzee, N. M., were here this week.

Still stressing the fact that the quart jar is to be used for exhibit purposes, any kind of quart jar for women, but the square quart jar for club girls, I would again remind you that we have not a moment to lose in getting ready for the fair.

Another fact that I want to emphasize is that every jar of fruit or vegetables offered for exhibit must be edible. That means that only such articles as are fit for food should be canned and that everything canned should be put up in such a way that it can be eaten if desired. This absolutely bars the use of salicylic acid, benzoate of soda, every kind of "preserving powder" and the use of vinegar in canned goods. If vinegar is used the product must go in the pickle class. Also where more than one teaspoonful of salt is used to a quart of vegetables the product would be classed as a brined vegetable. The rules are very strict on these points, so let's get these facts clearly in mind and not be disappointed later. All of us know how to can fruits and vegetables so that they are attractive and will, at the same time keep well, so we do not want to spoil our chances of winning a prize by using any kind of adulterant.

The present interest in the Fair is fine. We must all work and work hard to make our Fair a success, but I am sure that every citizen of Lubbock county is going to put forth every effort to make ours the best county fair in the State. We should easily surpass all, for where in this great State, can one find a greater variety or a better quality of Agricultural products than is found right here in our own county?

Sides the required exhibit from each Club girl and the community exhibits from the various Home Demonstration Clubs over the county we are asking every individual in the county to contribute something for the county exhibit to be shown at the State Fair.

Lubbock County reached a place very near the top in the County Exhibits in 1917, a year of drouth. Why can't we go "over the top" this year? We can do it, and you will be glad that you had a part. Come on!

Sincerely,
MILIE M. HALSEY,
Home Demonstration Agent.

Mr. H. Grason had the misfortune to get caught some way while helping to move seats from the Cumberland Presbyterian church to the Church of Christ on Tuesday. One shoulder was dislocated and he also suffered other bruises. At last accounts he was resting easily at a local sanitarium.

The Wichita Falls Tribune of Sunday, July 13th, contained a very complimentary article concerning Hugh Mann, formerly of this city but now living at Wichita. Criticisms of the Average Country School

Geo. W. Roberts, Shallowater

July 21, 1919.

To the Avalanche.

Last week an effort was made to point out some of the more evident shortcomings of the average country school, and to show why a high school education for country boys and girls need not be expected under existing conditions. Some high school work in one and two teacher schools is attempted, but such so-called high school work is nothing more than a farce. There is no reason why country boys and girls should not have high school advantages equal to those enjoyed by children of the town or city.

That is simply a matter of justice. But how may they be given such advantages?

There are but two ways: Either these children must be sent away to a high school or a high school must be provided at home for them.

To take a boy or girl from the country and send him or her to a town school is not the best thing to do for many reasons. In the first place it is expensive. If a congenial boarding place be found, which is not always possible, the cost is too heavy for the average farmer to bear, and just a few, the more well-to-do, could give their children a high school edu-

action in this way. Moreover, the cost of keeping two or three children in school away from home would be sufficient to provide an additional teacher in the country school. This would not only benefit the children of the higher grades, but would help the smaller children as well. To put the same money into the country school would tend to develop that home school and make the country a more desirable place in which to live.

Patronizing the schools of town or city might be done indefinitely, but it would never result in building up the country schools.

Another objection is that the outcome of such a policy is too uncertain. Children who have just reached high school are not as a usual thing mature enough to send away out from under the home influence. You have a poor way of knowing with whom they associate. They may keep in good company or they may not. They may make the most of their opportunity or they may not. You cannot oversee their progress so well as is possible at home. To bring the school to country children is better than taking country children away to some town school. It is a wiser plan; a cheaper plan; a safer plan.

The proper thing to do then is to provide better schools in the country. In doing so you give all the children a chance and every child who is ready has an opportunity to do high school work. Such a high school then need not be patterned after the town schools. Its course of study may be better adapted to the needs of country children. It need not educate boys and girls away from the country, but train them to make country life the happiest and most desirable of all. At present country children when in town see much to envy town children and better schools is one of the most enviable features of town life.

Keep the boys and girls at home by making home and school life in the country as attractive as you can. Keep them, not by compulsion, but by attraction. Build good high schools at home for them, and make these schools the best possible. Provide such needed equipment and additional teachers as are necessary to make the work of standard quality. Introduce subjects of vital interest to country children, and provide them the means for obtaining a degree of culture as well as the more practical training. Your country schools then will revive and school life in the country will be the best in the world.

If then it is best to provide and maintain better schools in the country, there are three ways now that any rural school or group of them may do this. In the districts of Hardy, Grovesville and Shallowater, all these ways are open to provide better

schools. One way would be for each district to depend upon its individual resources to build up and maintain a high school of its own. Another way would be for these three schools to unite their resources by means of consolidation or union of the districts. Another plan would be for the three schools to unite their resources temporarily by any two of these schools transferring their upper grades to the other school each year, thus effecting temporary consolidation. Let us consider these plans in the order named.

The first plan, that of providing and maintaining a real high school in each of these districts, is impracticable for many reasons. Primarily there are not enough children of high school age in any one of these districts to make high school work as interesting and as profitable as it should be. Two or three in a grade are not enough to secure the best results for reasons pointed out last week.

School life loses much of its attractiveness if there are not enough of the higher grades to have that "class spirit" and that united, common interest resulting from team work in various games and contests. Lack of numbers usually means lack of enthusiasm, and school life without enthusiasm is dead. Such a plan would require more teachers, more room, and more equipment with no increase in the funds for providing these things, all of which are necessary if a standard high school is to be provided. Already each school is paying out all its State and local

funds in support of their two-teacher school. The room, equipment, and teachers necessary for a real high school would have to be paid for and the money could be raised only by popular subscription. This method is uncertain, and the expense is not equally or equitably shared. It is evident, therefore, that without the union of resources and the grouping of pupils a high school in these communities at present, however needed and desirable it may be, is impracticable.

The second plan, that of consolidation has its advantages, and some disadvantages. Consolidation of these three districts makes one school district instead of three. The advantages of such a plan may be stated briefly as follows: It would combine the financial resources and group the higher grades, thereby making a standard high school possible. It would be economical, for instead of three teachers teaching three ninth grades at three different schools, giving about 15 minutes to a class, there would be one high school teacher teaching one large ninth grade at one place and devoting about 45 minutes to the class. It would be economical, for it would be unnecessary then to have the same additional room, equipment, and teachers at each place. Instead of there being three high schools to make room for and to equip, and to provide teachers for, there would be only one. Economical? Of course.

Consolidation would put the rural high school on a sounder basis, it's

future would be more certain, and its improvement would be of a more permanent nature. The outlook for its future would be brighter, for plans for a bigger, a better, and a more valuable school plant could be made and worked out. The school authorities would have a definite end in view, something definite to do, and would know just how much would be available for making these improvements. Those schools, the two elementary and the high school would be under the same supervision, and the work of the primary and elementary grades could be brought up to a required standard and as thoroughly done at one place as at the other.

Consolidation, by putting these schools upon a sounder basis financially, and by avoiding a duplication of the same work and items of expense in each district would render the establishment of a rural high school of such a high degree of efficiency that the State Department of Education would classify it. Then it could be affiliated with the higher schools and colleges of the State. Pupils completing a certain amount of work in this classified high school could enter any of these institutions and receive credit for the work done in the rural high school. As it is, the work done in the country schools is not recognized because of its poor quality.

The establishment of a classified rural high school would put the district in line to receive both State and

Our Perfection, Jr. Rotary Churn--

has been installed and we are now making two hundred pounds of the best butter per churning, that modern, sanitary methods can possibly guarantee. Within a short time we will be moved to our new location on East Postoffice street and we will then extend a cordial invitation to the public to come and inspect our plant. We want your ice cream and butter trade. If your dealer does not handle our butter just use our phone. Keep this in mind and also our ice cream.

CRITICISMS OF THE AVERAGE RURAL SCHOOL

(Continued from page 1, this section)

Federal aid in the maintenance of departments of vocational education in agriculture and domestic science and household arts. The Federal government agrees to pay one-half the salary of such teachers, the State agrees to pay one-fourth, leaving but one fourth to be paid out of the local funds. It is possible to have two such teachers for the price of one-half of one teacher's salary. Is not this a generous proposition? And since all State and Federal aid is derived from a tax on all, are we not losing if we fail to get this aid for our home school?

If consolidation would make this great aid possible it is advantageous. Consolidation would place the central high school and the elementary schools maintained at these other school houses, upon a more democratic basis. Every man of the former districts would have a voice in electing trustees, and these trustees, of the larger district would be just as much your representatives as are the trustees of the smaller districts. You would have just as much to say in determining the direction of the school as you now have. Furthermore, it would reduce to the minimum those intense local contentions and even feuds that too often handicap the schools' progress and make the district a meaner place in which to live.

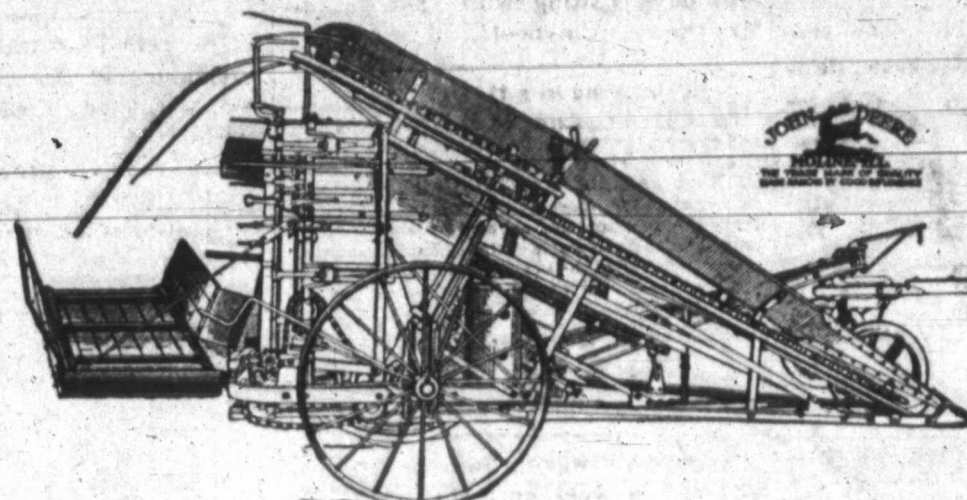

There is the other plan, that of a temporary union by means of transfer from one school to the other of the upper grades and their transportation at the district's and State's expense. I shall present some of its advantages as well as the disadvantages of both plans in my next article.

John Deere Corn Binder

The Binder With the Power Bundle Carrier

For harvesting a row crop the John Deere Corn Binder is the best binder on the market. Seventeen roller and ball bearings assure light draft, together with easy operation of all parts.

The Power Bundle Carrier, a distinctive feature of the John Deere machine, dumps all bundles beyond the path of the horses and practically parallel to the standing corn. All you have to do is simply press a foot trip lever—the bundle carrier does the rest.

The all steel, quick turn tongue truck relieves the horses of all neck weight and enables you to make a short turn. The axle of the tongue truck is flexible, allowing the wheels to follow the uneven ground.

Come in and see this better binder. We want to show you its other distinctive features—large, wide tired wheels, wide spread steel stub pole, case hardened Knotter parts, indestructible steel eveners, etc. We can make deliveries now.

NEWS FROM CANYON OF THE PAST WEEK

Most of the farmers are very busy this week, trying to kill out the weeds, before they get to where they will be impossible to kill.

Mr. Willie Rice, of Ft. Worth, and little son, spent the week-end with his father and mother, Mr. and Mrs. J. H. Rice.

Miss Evis Bevell spent Monday night with Miss Helen Baker.

Mrs. H. M. Williams is improving rapidly and is expected home soon. Miss Fervie Maud Harvey spent Saturday with Miss Nealie Jackson.

Mr. and Mrs. C. H. Gamill's daughter, of Dallas, is visiting them this week.

A few of the Canyon youngsters attended church at Idalou Sunday night and reported a splendid sermon. So we expect them to attend all this week.

Miss Evis Bevell delightfully entertained a few of her girl friends with a line and slumber party Saturday night. The girls arrived at six o'clock and at seven-thirty fruit salad and angel food cake were served. Enjoyable piano music was rendered by Miss Bessie McCarty, and Miss Bevell. Miss Evis being the most attractive entertainer of the Canyon community the girls reported that words could not express the enjoyable time they had. Games and music were enjoyed until a very late hour, and then retired. We all enjoyed ourselves very much until Miss Bevell announced that she was going to leave last of August for Temple, where she will visit her brother and other relatives, then go to Belton, Texas, where she will attend Baylor College next term. We regret very much to see Miss Bevell leave as her joyful words and smiling face will be missed very much during her absence. We all wish her a very successful year at college and long for the return of Canyon's most beloved girl whom everyone will miss. Those who enjoyed the slumber party were:

Misses Thelma Thompson, Allene Baker, Vada Martin, Lina and Rita Metcalf, Bessie McCarty, Nealie Jackson, Viola Williams, Johnnie and Laville Fowler, Feril Maud Harvey, Mable Rice, and the hostess and her mother.

SOME LOCAL NEWS ITEMS FROM TERRY COUNTY HERALD

E. R. Ivey, who formerly ran the old J. Cross ranch and the T4 in this county, but who now has a ranch in New Mexico, passed through this week on his way to Lubbock, where he will undergo an operation for a growth on his cheek. He informed us that while fishing recently, he was trimming some bait and did not notice that his little seven year old son was standing over him, when his knife passed through the bait with a thrust and the blade struck his little boy in the eye, and he fears that his eye is ruined. The little fellow is being treated by an eye specialist at Lubbock.

Elder D. C. Lofton, of Post, Texas, is at Tokio, together with his family, visiting his father-in-law, J. C. Doolley and family. He says he will begin his summer protracted meetings in about a week, the first one being at Idalou in Lubbock county.

Thelbert Brooks, who has been for some time in the Lubbock Sanitarium undergoing treatment for heart trouble, came in this week, and said he had greatly improved in health.

W. K. Dickinson, Sr., of Lubbock, who owns considerable ranch interests in this and Yoakum counties, was through this week making an inspection. He reports that grass is fine and that the cattle are in prime order.

Mrs. J. R. Burrus and grandchildren, returned Tuesday afternoon from Matador, where they spent a few days visiting Mrs. Burrus' daughter, Mrs. L. A. Stearns. While away they visited with E. N. Burrus in Lamb county, son of Mrs. Burrus.

All families who have moved to Lubbock from some other county since April first, and who have children in the scholastic age, please phone Supt. M. M. Dupre, immediately, so said children may be enrolled in school in this district and free text books provided for them. This must be attended to before August 15th. 5-2 M. M. DUPRE.

J. J. Fannings and family of Winnsboro, arrived here this week and will make their home in our city in the future. Mr. Fannings has a large family and will enter his children in the schools here this term.

Miss Maggie Pearl Hensley returned the latter part of last week from a 3-weeks stay in Roswell, N. M., visiting relatives and acquaintances. They report a very enjoyable trip.

W. C. Mathis of Brownfield, passed through here the first of the week enroute home, after spending a few days in Roswell, N. M., transacting business.

Dr. M. C. Overton and wife left Tuesday morning for Dallas, where they will spend a few days visiting with acquaintances.

F. H. Bauers, and little daughter and niece, Miss Marie Kelly drove over to Lorenzo last Saturday for a short visit and outing.

Mrs. S. T. Hally, bookkeeper of Barrier Bros., returned the first of this week from a visit in Galveston and Bowie, with friends and acquaintances.

Mr. and Mrs. R. E. Fain, of Cisco, were here one or two days this week visiting with friends and attending to business matters.

WHAT THE KIDNEYS DO
Their Unceasing Work Keeps Us Strong and Healthy

As the blood in the body passes through the kidneys every five minutes. The kidneys filter the blood. They remove about 500 grains of impurities daily, when the health of the body is in good condition. Left to the kidneys is the task of removing the waste and excess which vary widely. They may include such things as the acids, uric acid, gout, rheumatism, the waste, and the waste of the body. The kidneys are the regular filters of the body. If you are suffering from any of the above, it is a sign that your kidneys are not doing their work. Doan's Kidney Pills have proven an effective kidney medicine.

H. Cooper, Prop., Blacksmith shop, Sixth and Oak Sts., Lubbock, Tex., says: "I have used Doan's Kidney Pills several times in the past. I took them for trouble with my back and from the results obtained, I know they are a good, reliable medicine. I gladly recommend Doan's to anyone, for they have surely benefited me." Price, 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills. Same that Mr. Cooper had. Foster-Pollock Co., Mfgs., Buffalo, N. Y.

NEWS ITEMS FROM THE RALLS BANNER

During the storm last Thursday lightning killed a fine horse belonging to B. W. Fort. On the same day we understand that no less than 25 head of cattle were killed by lightning in Crosby County. Many outhouses were blown down and other damage done.

M. A. Moses went to Lubbock Sunday for the purpose of meeting his daughter, Miss Ruby, who has been attending the summer—normal at Denton.

Mrs. H. D. Carr and son, Price, were in town Saturday. Price is working a splendid farm near old Emma, and tells us this year he is getting splendid results from same. This is the second year that the farm has been worked, and as a consequence is yielding all there is in it. He has something over 90 acres of feed and 20 acres of cotton. The cotton will make from a bale to a bale and a half to the acre, while the feed will produce in such superabundance that he will have to use the cotton land to stack same on.

Travis Bros., our live real estate agents, report the sale of a quarter section of land, about 5 or 2 miles southwest of Ralls, to H. A. Ashley, of Cumby, Texas, the consideration being \$50 per acre.

The Lubbock baseball team came over last Saturday and played a match game with the Ralls team. Result, 14 to 2 in favor of Ralls.

LABOR SHORTAGE HALTS CONTRACTING WORK AT CISCO

Because of the many jobs that have been made by the development of the oil fields in Eastland county and other surrounding counties, contractors, especially those doing concrete work, have many times in the past six months been unable to carry on their work. This information we received while conversing with J. B. Pryor, contractor of this place who has been in Cisco and Ranger about eight months contracting work. Teamsters and truck drivers have been in great demand at flattering prices and most of the labor is employed in this work. Mr. Pryor is here visiting with homefolks and will remain about two weeks. "It is my intention to come back to Lubbock in a short time, as I think work in my line will be in great demand here in a few months."

The Great Force

MILWAUKEE ROW BINDERS

The row crops are often cut short with early frost. At this season of the year help is scarce and usually expensive. The best and cheapest way to harvest this crop will be to secure a MILWAUKEE ROW BINDER.

Milwaukee Row Binders are well made, light of draft, and thoroughly practical, evenly balanced. Gear driven insuring you a quick pick-up when you start the machine. No jerking on account of drive chains. Simple to operate, with all controlling levers within reach of your seat thereby insuring you perfect control without stopping the binder.

The Milwaukee Row Binder has three sets of gathering chains on each side to control your feed while going into the binder.

Come in and see our sample set up on the floor. This machine affords an unusual amount of advantages to you which are worth lots of money.

LAWRENCE DAVIS ILL IN GOVERNMENT HOSPITAL

In response to a message received last Sunday evening, George L. Davis left immediately for North Carolina, to attend the bedside of his son, Lawrence, who has been in a government sanitarium in that State for some time following a very severe gas attack that he received in France. Reports are that Lawrence's condition is considered very serious and hopes for his recovery are doubtful.

R. A. Holland, abstractor of this place, left Monday morning for Hillsboro, where he will attend the State Abstractor's convention that is being held at that place this week. Mr. Holland will probably go to Bryan, Texas, and visit with his parents a few weeks before returning home.

Elmer Herd and wife, of Cisco, who have been here several days attending the meeting of the Cumberland Presbyterian church and visiting with Mrs. Herd's parents, Mr. and Mrs. A. Judd, returned home Monday morning.

G. L. Mills and family returned this week from an extended trip into the markets of the north and east. Mr. Mills reports prices high and all lines of goods advancing. He will have some attractive prices to advertise in the near future.

FAMOUS GOODNIGHT RANCH SELLS TO TEXAS OIL MAN

Col. Chas. Goodnight has sold his ranch and buffalo herd, but the purchasers retain Col. Goodnight at a good salary for the remainder of his life to continue his scientific research in cross breeding of live stock. As is well known, Col. Goodnight has very successfully crossed the buffalo with the black Poll Angus cow and has a very fine animal, which he has named "cattalo." This cattalo is a very fine type of beef, a grown cow weighing fifteen and sixteen hundred pounds. The dressed robe from one of these cows will sell from \$250 to \$500.

Col. Goodnight is also cross breeding the Karakule sheep and red Jersey hogs. He has a number of these cross bred hogs and thinks he will develop a hog type that will produce a larger amount of meat and a grade of lard that will not be so greasy, having in it a percentage of tallow that will reduce its greasy effects, which so often is offensive to a delicate constitution.

On account of this splendid progress of cross breeding and the desire for perpetuating the herd of buffalo on the Goodnight ranch, a proposition was before the Texas Legislature last winter to buy the ranch and buffalo and establish there a breeding and feeding station under the supervision of the A. & M. College. The property was offered to the State for a consideration of \$120,000 and had the session of the Legislature been prolonged three weeks we believe the deal would have been consummated. Since the regular session, however, the ranch lands have been leased for oil development and a test well is now being put down on the ranch. This has had a tendency to increase the demand for the land and the sale consummated a few days ago was for a consideration of \$160,000.—Panhandle Herald.

NEW BRICK SCHOOL BUILDING FOR DISTRICT SIX

Another step toward making the rural schools of Lubbock county the best in the State, was taken recently when J. F. McDonald, Romeo Claypool, and C. F. Buske, trustees of the Caldwell school, let a contract to Chas. H. Lewis, for the construction of a one story, three room brick building to cost \$5680 and to be completed by October the 15th this year.

Harry Morris has recently resigned his position with the Lubbock Drug Company of this place and left the first of the week for Big Spring, where he will accept a position in a confectionery. Mr. Bruce Spencer who is employed with the same company prior to his enlistment in the army has accepted the position held by Harry Morris.

Paris has notified the world that there will be no substitutes accepted for former kaiser bill. His own rotten hide is the only thing that will satisfy those Frenchies, and they promise to do a plenty for it when the proper time comes to do the work.

H. W. Shaw and wife, of Crosbyton, were among the many out of town visitors here this week, attending to business interests and visiting with acquaintances.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramps and nausea.

If you feel tired, drowsy, constipated and all backed out, just get your druggist and get a bottle of Calomel's Liver Laxative. For a few cents it is a harmless, vegetable substitute for dangerous calomel. Makes you feel and if it doesn't start your liver, and straighten you up better and quicker than any other calomel and without making you sick, you just look and get your money.

If you take calomel today, you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

METHODIST SOLDIER MEMORIAL BUILDING-PLAN

Methodist preachers in Texas, Oklahoma, Louisiana and New Mexico, opened the Soldiers' Memorial Building campaign last Sunday for the memorial building to be erected at Southern Methodist University in Dallas. The building when completed, will cost approximately \$250,000 and is being financed through ten dollar subscriptions from parents and friends for each soldier's name to be placed on bronze memorial tablets. Preliminary reports received in the campaign headquarters indicate that the fund is meeting with success.

The erection of the Memorial Hall will start immediately upon completion of the campaign the fifth week in August. The building will be used entirely for religious and patriotic purposes and the campaign is being waged along these lines. When completed it will reflect these sentiments both in architecture and use. The religious life of the University will be centered in the new memorial hall and meetings of all kinds will be held there. Church services, chapel services, preachers, assemblies and conferences of Sunday school workers are provided for in the auditoriums and halls, and the installation of several expensive pipe organs are included in the architects plans.

Numerous communities have advised the campaign headquarters that upon launching of the campaign sufficient funds will be remitted to provide for every boy from their towns who were in the service, in order that their communities may be 100 per cent honored. Many of the Methodist Churches have reported similar intentions. Subscriptions, however, are not limited to Methodists alone. The slogan adopted for the campaign is "Ten dollars for each of our sons in the service."

Field workers, conference heads and presiding elders in each of the four States report a widespread and popular interest in the erection of the Memorial as a commemoration to those in the service. General campaign headquarters have been established at the Adolphus Hotel in Dallas.

J. C. Whaley and wife and W. T. Lewis, of Gainesville, Texas, arrived here Monday morning to spend a few days attending to business interests and visiting friends.

ADLER-I-KA HELPS SON

"My son had inflammation of bowels and was greatly bloated. (Simple drugs.) City Drug Store.

"Completely Discouraged"

Is the feeling and plaint of women who are "run-down" so low that work drags, head aches, back aches, dragging down feelings, dizzy, pale and weak, little things annoy and "everything goes wrong."

Look the other way just a minute and see what Dr. Pierce's Favorite Prescription has done for more than a million women in the last fifty years. What it has done for others it can do for you. A helping hand to lift up weak, tired, over-taxed women—that's what you'll find in Dr. Pierce's Favorite Prescription. It gives you just the help that you need. It can be had in liquid or tablet form. 60 cents, at all drug stores.

It is a medicine that made especially to build up women's strength and to cure women's ailments—an invigorating, restorative tonic, soothing, cooling and bracing nerve; purifying, sweetening, non-alcoholic, and perfectly harmless.

P. McCann, Ky., after becoming a mother, I was in miserable health. I developed a severe case of woman's trouble, and suffered with backaches and pains in my side. I got so bad that I was a complete nervous wreck and physical wreck and had given up hope of getting better when I began taking Dr. Pierce's Favorite Prescription. I soon started to improve and was convinced that I had found the right medicine for my trouble. I kept on taking the "Prescription" and my health was completely restored. I am always ready to speak a good word for this wonderful woman's medicine. —MRS. ANNIE MCCANN, 1119 N. 12th Street.

POST CITY DEFEATS BRADLEY TEAM HERE SUNDAY

Despite the fact that the Bradley team of this place had only three of their regular players in their lineup last Sunday afternoon, an air-tight game was played for seven innings and looked as though the game would be played without a score. Humble did the pitching for the Bradley team and Karr caught. Wright catching for Post City and Lucy tossing the ball. Featuring the game was the pitchers on each side, which held the score down until the ninth inning when Humble began to weaken and let two scores in. Hunt then relieved Humble and let two scores in on the ninth inning.

Dick Howard arrived here Monday morning from Texico, and we understand he will make his home here permanently in the future.

LUBBOCK AUGUST 1 A GOOD SHOW

"A Texas Ranger" has been on the road for seven years. This show is said to be one of the best of its kind on the road today and their company includes the Cowboys, the Cowboy girls, the Indians, the Mexicans, the U. S. Soldiers, and the Texas Rangers. All these characters take part in the performance, which lasts more than 2 1/2 hours. The show represents life on the ranch near a frontier military post on the Texas-Mexican border during an Indian uprising and is founded on fact. Some of the big scenes include the patrolling of the border along the Rio Grande by the Texas Rangers; the camp of the Indians; the famous pipe of peace scene; the Apache war dance led by Chief Lone Wolf; the sports of the Cowboys and Cowboy girls, the Mexicans and the Indians; the U. S. troops; the attack on the stockade; the thrilling ride of Captain Jack Hallam of the Texas Rangers through the camp of the Mexicans and Indians to bring reinforcements and the rescue by the Rangers after the big battle.

The big tent has comfortable seats for more than 2,000 people and the performance will positively take place on the date advertised in this city, rain or shine. The Cowboy band will play a concert in front of the big tent at 7 p. m. when the doors are open and the performance starts at 8:30 p. m. 5-1p

County Clerk, Lubbock County.

LUBBOCK SHOULD HAVE FINE EXHIBIT AT FAIR

The general expressions prevalent among the men who are boosting, pushing and otherwise working for the interest of Lubbock's County exhibit which will be taken to the State Fair for competition this year for the blue ribbon is: "If we do not take the first prize it will not be the fault of the crops that are being grown this year nor the land on which they grow, but the fault of the people at large who carelessly or otherwise neglect to take the proper attitude toward this exhibit, and bring in their products to the proper parties." And this is true. Demonstrations of the productions of the entire South Plains country could not have been better in the past than the present conditions justify.

Lubbock County's booth at the State fair is one of the youngest in the state, having a very interesting and fine exhibit, in which prizes were taken each, in 1915, 1916 and 1917. In 1918 no exhibit of products or a booth was shown in the State Fair for under the pressure of two or more years of drouth and the fact of the war being in full blast our energies were directed to other places. The year 1915 being the first official county booth from Lubbock County, and under the direction of our present local Chamber of Commerce Secretary, George W. Briggs, brought back the prize and ribbon for the fifth best booth in a State which has two hundred and fifty counties (and most all progressive counties were represented) and remember this was Lubbock County's first attempt.

The other two years, 1916-17 in which we had an exhibit at the State fair of course all know about the condition of the times and the extreme hardships which all were going thru. Possibly no time in the past and probably none in the future will we be handicapped in production of crops as we were those years. But nevertheless under the supervision of M. T. Jacobs we maintained our booth in Dallas. The year 1917, coming back again with the 7th premium. Also under his supervision in the year 1917, (another drouth year) we came stronger than ever, bringing home the 4th premium. Pictures of these booths are now in the office of the Chamber of Commerce. Any person looking over these pictures of the year 1915 and then to '16 and '17, we see the improvements that were made in each, although the drouth was against us. For by education of the people who were interested the better results of the last two exhibits is clearly shown.

Now the year 1919 we will send to Dallas, if co-operation is manifested as should be, an exhibit that should bring to our county the blue ribbon. Let us get busy and begin to work and throw our surplus energies in that direction, then hereafter a picture that will be seen by hundreds of people interested in this section of the country can be hung on the walls of the office of the Chamber of Commerce with a first prize blue ribbon attached. It is possible, and more probable, this year than heretofore, not only account of our own education in this line and the better season but because one of the factors that has been keeping us back in the ranks with our booth has been taken out of the regulations of the fair. For instance, manufacturing displays that were carried in most of the higher prize winning counties, that not only this county fails to have, but most all the Plains country, have succeeded in taking our first place. This will be cut out this year as shown by the new regulations for entry into this competition.

For the information of those interested in the different classification, which the booths will carry for competition we show the following, remembering that one thousand points can be made by a perfect display.

1st 250 Points—1st Classification, corn: 10 samples, of ten ears each. Kaffir (including milo, Kaffir and Feterita) 10 samples, of ten heads each or four samples of 50 heads each. Or five samples of corn and two samples of 50 heads each.

2nd 250 points—2nd classification, cotton: 4 samples of twenty open bolls each. Wheat: 4 pecks or 4 bundles of wheat.

3rd 50 points—Barley and Oats: 2 pecks and two bundles of each or either.

4th 50 Points—Alfalfa and clover: 2 pecks or two bundles of each.

5th 50 Points—Peanuts and cow feeds: 2 pecks and 2 vines of each.

6th 50 Points—Forage Crops: 1 bundle Sudan grass, 4 bundles sorghum (varieties); 1 peck of Sudan grass seed and 1 peck of sorghum seed.

7th 50 points—Fruits: 5 plates of 5 specimens each; 5 qts. jars of canned fruit.

8th 50 Points—Fresh vegetables: 10 bunches, bushels or pecks of different varieties.

9th 50 Points—Others crops, 5 exhibits of 1 specimen each.

Those sending grapes must remember that only baskets are used, holding about three pounds.

Things That You Ought to Know

WE ARE NOT SPEAKING TO YOU AS AN ALARMIST—It is our policy and desire to acquaint you with facts. Every quotation we get for fall merchandise shows substantial advances. Everything bought now is higher priced. Why, we can not explain. It's a wheel within a wheel and we are not even a spoke. Unfortunately we cannot control the situation. But we saw the trend months ago, pitched in and bought abundantly and today are placed in the enviable position of owning goods very much less than they are worth today. You can actually save more money by buying right now than by later purchasing. Why not anticipate your wants—as we have done—and buy for future use? It will pay you handsomely.

An Opportunity to Buy now the Things You Need at Prices Considerably Under the Present Market Values

Owing to the upward trend of the wholesale market prices, after Saturday, August 2nd, we will cease to give the reduction on all staple merchandise, that has prevailed throughout the sale. But will continue the present reduction on all summer merchandise. We cannot well deal on description of the many bargains we have to offer. You all know what Conley's Sale means. No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHU-TONE given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

R. M. Clayton, of Gail, Texas, was here last week visiting with his son, A. M., and transacting business.

F. F. Mays was in Sweetwater, the first of this week on a short business trip.

Which Back Yard is Yours?

The Modern Washing Machine is just another wonderful example of household efficiency. What the reaper and binder does in two weeks for the farmers in the fields, the washing machine does fifty-two weeks in the year for his partner, the housewife.

Besides the comfort and convenience and the saving of time, worry and the hardest kind of work, as a cold-blooded business proposition, a good washing machine will soon pay for itself and the help problem has no terror for the housewife who owns a Modern Washing Machine.

Come in and let us demonstrate one to you. You are more than welcome whether you buy or not.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

Every Farmer Needs One

The Ford truck is really a greater necessity to the farmer than is a team of horses. Certainly it is a greater utility and economy for him. It saves time, it gives prompt and almost unlimited service along the entire line of farm work from carrying the milk to marketing the products of the farm. It is not expensive to maintain and has all the Ford simplicity in mechanism that makes it easy to operate. The price, too, is attractive, about the price of a team of horses; \$550, without body, f. b. b. Detroit.

Citizens Nat'l Bank Bldg. Lubbock, Texas

Many former patrons of corner saloons are discovering to their surprise that they have dirigible thirsts.

Under the old English dictum a man's house is his castle, but it is also his distillery and brewery?

This is one ante presidential year in which few of the States seem to think much of their favorite sons.

For the wets there remain a cup of sorrow and the weepers jug.
