Such a Change

in feelings and looks! "After suffering pain, feeling nervous, dizzy, weak and dragged down by weaknesses of my sex—

my eyes sunken, black circles and pale cheeks—I was restored to health by the Favorite Prescription of Dr. Pierce." So write many women. Changed too in looks, for after taking Dr. Pierce's Favorite Prescription the skin becomes clear, the eyes brighter, the cheeks plump.

Druggists sell it in tablets or liquid. It's a woman's best temperance tonic, made from wild roots.

WHISLER, ALA.—"I was bothered with backache and headache and was not able to do my work until I tried Dr. Pierce's Favorite Prescription, and I can say I am now able to do all my work, such as cooking, washing and ironing, and even cutting wood, where before I used this medicine I was almost an invalid and did not care whether I lived or died."—MRS. ELIZABETH CANOVAN, Carr Street.

PUBLIC OPINION.

Fashion, Style, Pride, Vanity
Sensible fashion, good modest style and a pride in cleanliness, good things, good deeds and real gentleness and lady appearance are commendable, but vain show, unbecoming and foolish style, and selfish, egotistic, haughty domineering pride is absurd, ridiculous, abominable. We hear a great deal about the H. C. of L., but a great deal of our lack of real necessities of life is caused by high dressing, high style, high fashion and high foolish pride that reaches beyond necessity, comfort, modesty, good sense, and means of buying. The idea is to be up to date, first class, and in the highest and latest style, regardless of cost, good sense, or financial condition. Thus, many a farm has been lost and many children grown up in ignorance for it is an undeniable and well known fact that many children have been deprived of education because of poverty and because of fashion, style and unnatural and foolish pride. I am in favor of the cheap, common, uniform dressing of school children, so the poor can go to school, be at ease and their spirits free instead of being cowed down and disheartened by the haughty and richly dressed and I hope all sensible generous and gentlemanly, and lady-like school children will remember this fact and practice the golden rule. If you don't know what that is ask your teacher.

Remember, a wise man once said, "Vanity goeth before a fall," and only fools will ever make fun of the poverty stricken and unfortunate and a fool should never be regarded as a superior or worthy of notice. They only make themselves ridiculous to sensible people. I mean the willful or self-made fool. Two of the most hopeless, useless and detestable things in the world is overly ornamented, egotistic and matured dude and butterfly, and the poor imitation of such are to be pitied for their weakness. I really think the present style of dress, in the main, is better than some of the past, but the people have gone wild on costly material, regardless of price and the common people and poor can't keep up and it's foolish pride that makes them try to. And the H. C. of L. and high cost of dressing is no worse if as bad as the high cost of dying and burial. Medical science, or prices is soaring with the eagles, so we are nearly dead before calling a doctor, and often do without his aid when actually needed. He scribbles a few mysterious marks on a scrap of paper for a dollar and you take it to the druggist and get 10 cents worth of something

for perhaps another dollar or more. Or he will take your gizzard out for \$300 or perhaps cut your head off. Oh, well I don't know what that would be. Anyway, when you die a trust made coffin costs anywhere from \$50 to \$500, or more and a hearse, \$10, \$15, \$20, or more beside about the same ratio for shroud, embalming, etc., and when its all over frequently the family is not able to pay the bills, and will you permit me to say, perhaps most of it was for show and appearance. Of proof of this, I will say: When I was young Dr. bills were, as compared to the present, like dimes to dollars and Drs. carried their "pill bags" with them and instead of a prescription issued medicine and went back to their own drug store, usually, where you could find them and get such other medicine or advice as needed. The neighbors assisted in sickness and in case of death some one or two made a good plain coffin and box of lumber supplied by some one and others dug the grave in a free for all "grave yard" and the neighbors took the body in a farm wagon or hack, and usually about all the cost was for a cheap respectable shroud and some white cambric for lining and some black calico, cambric or sometimes velvet for covering and a little trimming, all costing from about \$10 to \$20, and just as good as a trust made coffin silk shroud and fine hearse, costing \$500.

And did you know that the millionaire, Andrew Carnegie, of library fame, was by his own sensible request, buried in one of those plain carpenter-made unpretentious coffins? He, though very wealthy, wanted a plain cheap burial, with no unnecessary display and thus shows the better elements of a great mind. Now, don't think for a moment that I do not believe in honoring and respect of the dead, but I have my ideas as to what real honoring and respect means.

There is much else to say on this line, but I defer for the present hoping some other may take an interest and say something.
T. J. Estes.

SOME LOCALS AROUND TAHOKA AND LYNN COUNTY

Lynn County News.
Rain! rain! rain! everywhere. Lynn county received the best general rain this year, which began last Monday morning and continued incessantly till Wednesday, a fall of 3 inches. The rain seems to have been general all over the South Plains and the greater portion of the state. The continued wet weather did some damage to grain crops in the county. Farmers are expected to begin to arrive regularly with their cotton to be ginned during the next week.

The first bale of cotton brought to Tahoka by L. C. Johnson, brought the owner, 28.60 cents a pound. The bale was bought by Knight & Brush-ear of this city. Mr. Johnson received quite a nice bonus on top of this amount, for having been the first man to bring in a bale this season.

A deal was made the first of the week whereby J. T. Bairdridge, of O'Donnell, became owner of the J. N. Adams residence property in the north part of town, consideration \$3500. Mr. Bairdridge and family are now occupying their newly acquired property. Mr. Adams moved with his family to the residence just north of the Charley Brown place.

Miss Leland Means, of Belton, arrived the first of the week and accepted the position as piano and voice teacher in the Tahoka High School.

On Friday, September 12th, at the home of I. S. Doak, in the eastern part of the city, occurred the marriage of Mr. Rayburn A. Metcalf and Miss Pearl Jones, Rev. L. L. F. Parker, pastor of the First Baptist church officiating. The young couple reside in the Draw community. Only a few friends witnessed the ceremony.

The three gins in Tahoka will soon be in operation ginning the bumper crop of cotton that is going to be made in Lynn county. Every effort is being put forth to secure cotton pickers and maize headers to help gather the crop in our county.

Mrs. Wayne Mullins and little son, Wayne Jr., arrived Tuesday afternoon from Lubbock. Mr. Mullins is employed with the Fuller Gin Co., in Tahoka, and has been here several weeks.

ITEMS FROM THE CROSBYTON REVIEW

Bill Gunn happened to quite a serious accident one day last week when something went wrong about the tractor he was running. He stopped to fix the trouble and the steam went off in his face, scalding him so badly that he had to wear bandages over his face for a few days.

Mr. Clarence Freeman and Miss Norb McDermett were married at the Methodist church last Sunday morning at 9:30 just before the opening of Sunday School. Rev. I. A. Smith officiating. Mr. Freeman is a well known young man of our town, while the bride resided in the Fairview community, is a daughter of Mr. and Mrs. H. H. McDermett, early settlers of the county, and a sister of our fellow-townsman, John D. McDermett. Congratulations and best wishes are extended the happy couple.

R. L. Dillard, of Callahan county, was here one or two days the first of this week prospecting for land in our county. Mr. Dillard says his county had one of their best farming years this year, and everything is prospering.

LAMESA PEOPLE IN AN AUTOMOBILE WRECK

Last Sunday afternoon while out car riding near G. A. Haney's place, Roy Simpson lost control of his car and had one of the most serious accidents which has happened from an auto.

Roy Simpson, his father-in-law, Mr. Rogers' brother-in-law, Mr. Elgood, were in the car and it being a foot feed the pedal stuck and refused to work. While Roy was trying to release it and slow it down the radius rods came loose and the car turned over head and then rolled on its side. Mr. Rogers had two ribs broken, his collar bone dislocated and other bruises while the other two were not seriously hurt. Mr. Rogers is in a serious condition. Dr. Ponton of Lubbock, was here to see him Monday, but did not operate. His injuries are internal. We hope to report him improving and out of danger by our next issue.—Lamesa Reporter.

EXTENSION OF ORIENT RAILROAD CONSIDERED

Austin, Texas, Sept. 19.—It became known today at the office of the Railroad Commission that the Federal Government is considering the matter of extending the Kansas City, Mexico & Orient railroad from Alpine to the border, presumably for military purposes, as the chief engineer of the War Department is on the ground going over the proposed line with Chief Engineer De Bernardi of the Orient.

The owners of the road have the line located from Alpine to the border and into Mexico to a connection with the northern terminus of their line, which has an outlet at the Pacific port of Topolobampo.

It is approximately 120 miles from Alpine to the border over a mountainous country. The recent rescue of the two United States Army airmen who landed in Mexico and were held captives was made near where the Orient is projected to cross the Rio Grande. At this time there is no railroad south of the Southern Pacific. The proposed road would go to the very apex of the Big Bend section.

Every Dot represents Ten Satisfied Delco-Light Users

More Than 75,000 Satisfied Users

DELCO-LIGHT was designed and built by men who were raised in farm homes—who experienced the discomforts and inconveniences of farm life—and who set out deliberately years ago to develop an electric plant that would provide city advantages for rural communities.

They were the same men whose engineering talent had made DELCO Starting, Lighting and Ignition Equipment for automobiles the standard of the world—

They knew electricity—and they knew the needs and limitations of farm life—

They knew that an electric plant to give service in a farm home must be simple, so that it would not get out of order and require complicated repairs—

It must be easily operated and require little attention—

It must be very economical in operation—

It must be built to stand hard usage and it must last indefinitely—

It required five years to develop a plant that would measure up to these specifications.

There were five years of hard engineering effort back of DELCO-LIGHT before the first plant was put on the market three and a half years ago.

Today DELCO-LIGHT is furnishing the conveniences and comforts of electricity to more than Seventy-five Thousand farm homes.

It is providing an abundance of clean, bright, economical electric light for these homes. It is furnishing power to pump water, operate washing machine, churn, separator, vacuum cleaner, electric iron, milking machine, and other small machinery.

And everywhere it is demonstrating its wonderful efficiency—and actually paying for itself in time and labor saved.

LOCAL HAPPENINGS MENTIONED IN RALLS BANNER

A. A. Grant, of Denton, passed through Ralls Thursday enroute to Floydada, where he expects to construct an elevator. Mr. Grant was only recently discharged from the army, he being attached to the aviation corps. During the course of the war he was shot down twice, but in both instances he escaped without injury.

Misses Lillie and Bernice Brown went to Lubbock this week. Miss Lillie went for the purpose of having her throat treated. Brack Spiller was painfully injured one day this week when a piece of red hot steel he was cutting at the blacksmith shop flew up and hit him on the arm. It required three stitches to close up the wound.

The big rain that has fallen thru-out the country this week put a good season in the ground, and will afford ample moisture for sowing winter wheat. The rain continued, at intervals, for three days and nights, and at times, the downpour was heavy.

Pat Ramsour died Monday afternoon at 1 o'clock, at the home of Will Steward, in North Ralls, aged about 17 years.

Tom Lay happened to a very painful accident Saturday when a horse he was riding ran into a wire fence with him, cutting his leg and foot severely, the wire going to the bone in two places.

A. M. McElwee, of Fort Worth, representative of the American Seating Company, was in our city this week attending to business matters. The company which Mr. McElwee represents, has been well patronized in this city, having furnished the seats and furniture, etc., for the Methodist Church building and the court house.

J. P. Nichols, farmer-stockman, of Terry county passed through here last Monday enroute home after attending to business matters in the oil fields a few days. Mr. Nichols recently sold his farm, three miles south of Gomez for a consideration of \$20 per acre. He will probably buy more land on the south plains.

THE ECLIPSE MILL

Is the Mill for You---It is the Cheapest Pumping Power on Earth

Sold for 50 years—some of them erected 38 years ago still running. When you consider the life of an Eclipse mill it is certainly economy to buy one. Many ranchmen have used the Eclipse mill for years and it is no trouble to find mills which have been used for 10 to 20 years and good for many years to come.

The Eclipse is made from the best material that can be gotten, true to pattern, so that they are perfectly balanced. They have few working parts to wear out. The fans in the wheel are wider than any others, hence have more wind surface, consequently more power.

If you want satisfaction and service, you want the Eclipse.

You are hereby commanded to cause to be published (in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your County) at least once a week for three consecutive weeks previous to the return day hereof, copies of the following notice: THE STATE OF TEXAS.

To all persons interested in estate of Stencil Bagwell, a minor:

O. V. Bagwell has filed an application in the County Court of Lubbock County on the 3rd day of September, 1919, for Letters of guardianship, of estate of Stencil Bagwell, a minor, which said application will be heard by said Court on the 13th day of October, 1919, at the Court House of said County, in Lubbock, Texas, at which time all persons who are interested in said Stencil Bagwell or his estate, are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Lubbock, Texas, this 3rd day of September, 1919.

CADILLAC GARAGE INSTALLS NOVEL FILLING STATION

A filling station, constructed so that the customer can see the exact measurements of the gas he buys has recently been installed by Joe Hilton, manager of the Cadillac Garage, of this city.

This filling station apparently resembles other makes, but upon closer observation one finds many new and novel devices, one of which is the method of measurements, a glass bowl which has the measures marked on it, and into which only five gallons can be pumped at once. If the customer wishes less than five gallons, the tank can be emptied down to the exact amount that he wishes, and sees. If he should want more than one jar or five gallons, the matter of pumping five gallons into the tank is only a matter of a second, as the pump is electrically equipped, and fixed so that it is an expert with-

A Voice From Sioux City, Iowa, says

PE-RU-NA

Worth Its Weight in Gold

You cannot mistake the words of Mr. W. W. Northrup, of 908 Fourth Street, Sioux City, Iowa. He is enthusiastic about his present health and the merits of PE-RU-NA and wants everyone to know it. Here is a recent letter from him:

"PE-RU-NA is worth its weight in gold and then some. I used to think it only a woman's remedy but have changed my mind. I had a cough, especially in the morning. After using half a bottle of PE-RU-NA was much better. I would cough up chunks of phlegm and mucus, my eyes itched and bothered me. Judging from the symptoms given in your almanac it was catarrh. My stomach is in much better condition since using your medicine."

"Use this testimonial, if you wish. Don't hesitate to advertise the merits of PE-RU-NA."
(Signed) W. W. NORTHROP.

There are thousands just like Mr. Northrup, skeptical at first but convinced by a trial of PE-RU-NA. **DON'T BE AN UNBELIEVER.**

If your trouble is of a catarrhal nature, try PE-RU-NA, then tell your friends. It is fine after an attack of grip or Spanish Flu.

NEWS ITEMS FROM UNION COMMUNITY

Well, it is still cloudy and looks like rain, but we have had enough rain for now, and would be very glad it would fair off and give us a chance to gather the crops. Some of the maize that has been headed and piled on the ground is sprouting, and about to ruin from the wet weather we have been having the past week.

We had a little norther Sunday, which cooled the atmosphere considerably and made us stand around and shiver and feel like winter was drawing near.

Mr. Charlie Griffin is building a new barn to store away some of this fine maize crop he is making this year.

Some of the farmers have started to picking cotton around here, the dry weather, we had a while back cut the cotton a little short, but we will make around a half bale per acre yet in this part of the country.

Mr. Hop Sooter was out Tuesday morning hunting hands to work at the thrasher.

Everybody is trying to get the grain threshed before another rain. We are sorry to report that the health of Grandma Capp is no better. She has been sick about three weeks now, but we hope she will soon be up again.

Mr. and Mrs. Bentley came in Sunday. They will remain all fall and pick cotton. After the cotton picking is over they will return to their home in Oklahoma.

Mr. Holt and Mr. McDonald were in Slaton Thursday on business.

Mrs. Holt and Mrs. Griffin visited Grandma Copp Sunday afternoon.

Edgar and Jim Teal visited in the Woodrow community Sunday.

Labor is pretty high now. Mr. Teal and three sons made twenty-three dollars cutting and shocking corn for Mr. Stubbs last Friday.

News is scarce in this community at present as nobody has time to stop work to go visiting.

WOULD PUT DOWN ANOTHER WELL AT TAHOKA

The local stockholders of the Tahoka Oil & Gas Co., held a meeting at the court house Saturday afternoon. It was decided to appoint a committee to go to Tahoka and confer with the stockholders there, and those from Brownfield, with a view of taking over the company and drilling another well, provided the interests of Messrs. Shook and Herring could be secured. This committee, Messrs. W. W. Kirk, I. M. Blakemore, and Otis Reeves, went to Tahoka yesterday, and attended the meeting.—Plainview News.

H. A. Reed, local agent for the American Railway Express Company, of this city, recently returned from a few weeks vacation spent in Oklahoma. Mr. Reed will accept a position as agent for this company at Temple, and will move to that city soon.

Newell Bryant returned last Sunday from Detroit, Mich., where he had been for about six weeks, taking a mechanical course in the Ford school.

Messrs. Whaley and Jones, of Gainesville, were in the city the first of the week looking after their extensive interests in Lubbock county.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Lubbock.

Whereas, by virtue of an execution issued out of the District Court of Lubbock County, Texas, on a judgment rendered in said court on the 4th day of August, A. D. 1919, in favor of J. A. Hodges and against L. N. Simmons, A. Judd, W. D. Benson and Arthur Kelsey, No. 1194 on the Docket of said Court, and to me, as sheriff, directed and delivered, I did, on the 5th day of September, A. D. 1919, at 3 o'clock P. M., levy upon the following described tracts and parcels of land situated in Lubbock County, Texas, and belonging to Arthur Kelsey, to-wit:

Lot 9 in Block 150; Lots 5 and 7 in Block 195; Lots 11, 12 and 13 in Block 149 and East Half of Lots 6, 7, 8, 9, and 10 in Block 128, all said lots and blocks being situated in the town of Lubbock, in Lubbock County, Texas; also Surveys 117 in Block C, E. L. R. R. R. Co., in Lubbock County, Texas, containing 634.06 acres; and on the 7th day of October, 1919, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the Courthouse door of Lubbock County, Texas, in the town of Lubbock, I will offer for sale and sell at public auction, for cash, all the right, title and interest of said Arthur Kelsey in and to said property.

Witness my hand this the 4th day of September, A. D. 1919.

C. A. HOLCOMB, Sheriff of Lubbock County, Texas.

LUBBOCK BANKS HAVE OVER MILLION DOLLARS DEPOSITS

September the 12th this year there was \$1,176,390.29 on deposit in the local banks, compared with \$956,028.62 on deposit the 30th of June this year, or an increase over the June deposits of \$220,361.67.

Loans have increased since June 30th to the amount of \$131,487.14.

These figures have not been caused by the sale of farm products to any great extent. There has been some grain sold, but the sale of crops in this country has hardly started.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

LOCAL HAPPENINGS FROM THE SLIDE COMMUNITY

We are now having some very cool weather in this part of the country, which makes us begin to think of the winter months.

Mr. Harvey Moore came in Wednesday to spend a few days with homefolks.

Mr. Walter Reiger and son, J. H., from near Joe Stokes, were at the store Thursday.

Mr. Delbert White, from Lakeview, was at the store Thursday.

Mr. Claude Oxford left Thursday, after being with C. L. Reiger for a month. Joe Bailey Reiger carried him to Lubbock.

T. J. Davis and two boys were at Lubbock Thursday.

Mr. Henry, from Slaton, spent Wednesday night at P. P. Posey's, returning home Thursday.

Mrs. C. L. Reiger and son, Odell, are the guests of Mrs. Reiger's mother, Mrs. Cannon, from near Lubbock.

Messrs. Dick and Mitchell Crouch, from New Home, were at the store Thursday.

Mr. Lonnie Williams and M. C. and Jake Gresham and Lavenia Williams, Messrs. Chester Henderson and brother and Sam Moore, were at town last Thursday.

Mr. W. M. Millsap received a telegram Thursday that his sister was low and not expected to live.

Mr. Millsap and three girls left Friday morning for Rotan.

Mr. Edd Sanders and Jim Izard, from New Home, were in the community Friday.

The party at Mr. John Moore's last Thursday night was given in honor of Mr. Barton Moore and wife. Those present reported a nice time.

FIRST BALE COTTON BROUGHT TO IDALOU

The first bale for this season was brought to Idalou last week and ginned by E. T. Daniell gin. This cotton was raised by E. L. Sowder, 2 miles west of town, on first year ground. The merchants and patrons of the community gave Mr. Sowder a premium of \$23.50 and the bale was bought by E. T. Daniell at 35 cents per pound, thus the bale brought the neat sum of \$249.22, including the premium and seed. The price paid for this bale is better than any bale sold on the plains this season, and it is our hope and aim to furnish the farmers a better market here than they can get elsewhere, and make it to their interest to come to Idalou with their cotton and maize as well as to buy their supplies. A list of the donors to the premium is as follows: A. G. McAdams Lumber Co. \$10; T. L. Holt, \$5; B. M. Wheeler \$5; J. C. Morris \$1.50; W. R. Greer \$1; C. L. Carleton \$1.00.

MILLARD DESHAZO RETURNS FROM THE U. S. NAVY

Millard Deshazo, who has been in the radio service, stationed in Cuba, for some time, has been honorably discharged and returned home last week. Millard enlisted in the service for four years, but since the war is over all who desired were given an opportunity to return home. So after two years of service Mr. Deshazo preferred to return to civil life. He left the first of this week for Arkansas, where he has other relatives to remain for awhile before settling down to work again.

LUBBOCK IS HEADQUARTERS OF CO-OPERATIVE COMMITTEE

L. H. Simpson, Fire Chief of Lubbock, has recently received word from the Texas Mutual Association of Co-operative Fire Fighting and Standardization of Hose Couplings, Office at Austin, Texas, of his appointment as Fire Chief of the Lubbock district for this association. The Lubbock District takes in the towns of Post, Spur, Crosbyton, Plainview, Floydada and Lockney. This association was organized some three years ago, but on account of the war no developments were made. It is now the intention of the Association to proceed with their program of more co-operative methods among the different cities of the State. The State was divided into districts, the whole comprising about twenty-six, and Lubbock is numbered 24.

FT. WORTH MAN WOULD PURCHASE GIRLS' EXHIBITS

Miss Millie Halsey was rather surprised Monday afternoon of this week when A. M. McElwee, of Fort Worth, who is here this week, transacting business, stepped into her office, flashing \$150 in real coin, that he would pay for the exhibit of preserves, and jellies that she had put on display in her office. Miss Halsey readily rejected the offer.

The display consists of about fourteen pints of jelly and one hundred and thirty-five quarts of preserves, and canned vegetables. The offer, therefore was more than one dollar per quart, for the work done by Miss Halsey's club members.

The Delicious Flavor of Renown Tea Comes from the Blend—and that Blend Is a Breath of the Orient

Famous imported teas from the Isle of Ceylon and British India are used solely in every package of Renown Tea. They are the finest products of the Far East for tea-making, wrought into a perfect blend by experienced food specialists.

Know a Really Good Tea
You'll gain a new appreciation of tea if you order a package of Renown. Its wonderful flavor will certainly please you, while its bracing strength will banish fatigue. Hot or iced, Renown has a new delight awaiting you.

Renown Peanut Butter is a pure, wholesome, cleanly-packed food, made of the finest peanuts — Texas-grown Spanish and Virginia. It comes in glass jars, retaining all its nutritious fats and original flavor. Renown Coffee brings you a well-balanced blend of nine different coffees of fine flavor — with Arabian Mocha and genuine Java at the top of the list. You cannot buy better coffee than Renown.

BIG INDUSTRY IS BEING WORKED UP AT RALLS

Ralls Banner.
There is now in process of organization in Ralls a company, to be known as the Continental Stamping & Manufacturing Co., which, should final organization be perfected, and this now seems certain, means more to our town than all the other enterprises we have yet secured.

This company proposes to do all kinds of sheet metal work on a large scale, the object being to cover all the Plains country, and probably all of West Texas, supplying retailers with every conceivable thing needed in this line.

We understand that the main factory building is to be 75x150, of brick and concrete, and work will be commenced on it as early in the spring as the weather will permit.

This building will house the shears and presses. There will be shears for square, oval, oblong, circle and curve work. The monster gap shears will weigh better than 30 tons, and one of the large presses more than 36 tons. Every machine will be equipped with double friction clutch. The entire plant will be steam heated, electric lighted and ventilated.

The promoters also contemplate establishing a galvanizing and enameling factory on the same site as soon as the first unit is done.

The first unit will cost, ready to run, \$75,000, and the last two units \$50,000. The first unit is to be in operation by October 1, 1920.

When the three units are in operation our town will have one of the largest and most complete factories of the kind in the world, and will go a long way toward making Ralls the city it is striving to be.

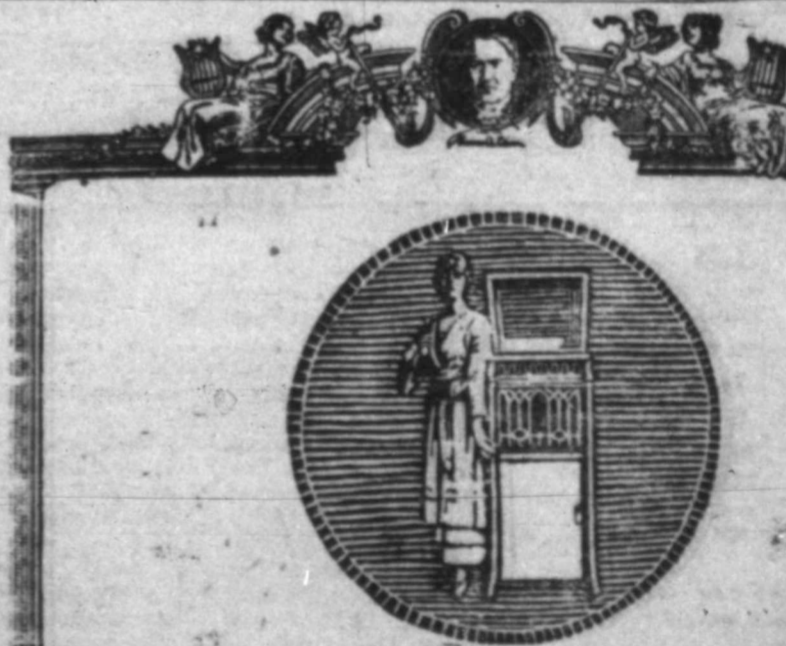

This will be the first factory of the kind in the southwest, and one of the most modern and up-to-date sheet and metal stamp mills in the country.

To start with, 75 skilled workmen would be employed, and the pay roll would amount to about \$3,000 per week.

An Edison Fact

If you grasp the fundamental fact that makes the New Edison the most wonderful instrument in the world you will never cease singing the praises of Thomas A. Edison for making it possible to have in your home real music of every kind and description.

The great fact about

The NEW EDISON

"The Phonograph with a Soul"

is its ability to RE-CREATE the art of the world's great artists with such fidelity that the RE-CREATIONS cannot be distinguished even when heard in direct comparison with the living artists. Over two thousand representative music critics have testified that this is true.

Hear this wonderful instrument at our store today.

Callus? "Gets-It" Will Peel It Off!

Nothing on Earth Like Simple "Gets-It" for Corns or Calluses.

A callus, or thickened skin on the sole of the foot, which often makes walking a misery is of the same nature as a corn. "Gets-It"

Use "Gets-It" and Dance. Even with Corns removes it as easily as it does the toughest corns. By using a few drops of "Gets-It" on the callus, you will be able to peel it off with your fingers, in one complete piece just as you would a banana peel. It leaves the skin free and smooth as though you never had a callus. You need no more fussy plasters, sticky tape, "package" bandages, knives or scissors for corns or calluses. "Gets-It" is the national corn remover, the biggest on earth, used by millions. It never fails. You'll work, play and dance at ease in spite of corns. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill.

Sold in Lubbock and recommended as the world's best corn remedy by Lubbock Drug Co.

AN ORDINANCE.

At meeting of City Commission, Sept. 9th, 1919, the following ordinance was made:

An Ordinance forbidding the placing of paper, lumber, stone, brick, weeds, boxes and all kinds of trash in the streets and alleys of the City of Lubbock, Texas, or such being allowed to remain thereon by the person in control, or owner of, of the abutting property; providing a penalty for the violation hereof; and declaring an emergency.

Be It Ordained by the City Council of Lubbock, Texas:

Sec. 1. Any person placing paper, boxes, weeds, lumber, stone, brick or other kind of trash in any public street or alley within the City of Lubbock, Texas, shall, upon conviction, be punished as hereinafter provided.

Sec. 2. Any person in control of any premises abutting a public street or alley within the City of Lubbock, Texas, whether as owner, tenant, manager or lessee, who shall permit any of the articles mentioned in Section 1 hereof to remain in such street or alley for a period of five days from the first accumulation thereof, shall, upon conviction, be punished as hereinafter provided.

Sec. 3. Any person found guilty of violating either of the preceding Sections of this Ordinance shall be punished by a fine of not less than Five Dollars, nor more than Twenty-five Dollars.

Sec. 4. The fact that such articles as herein referred to are liable to cause and spread fires, creates an emergency and public necessity, so that the provision requiring an Ordinance to be read at two several meetings should be suspended, and this to be adopted and enacted at the meeting of its introduction and reading, and it is so ordered.

This September 9th, 1919.

Bain Wagons

We are receiving a new stock of the old reliable Bain Wagons. In this shipment we have just the right sizes for your farm use, equipped with the long, cotton frame bed. Also, we have the "BAIN SPECIAL" with the 36 inch front wheels and the 44 inch rear wheels and 3 inch tire.

This is one of the most popular size wagons and is used by more people on the farm than any other size wagon on the account of the wagon being low and convenient to load. Cut fellows and fully warranted to be made of first class materials.

See us early before this shipment is all taken up. We are having another car to follow this one but it will not reach us before the last of September.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine. It is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, I would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of my family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

CLOTHING TRADE TO TELL PUBLIC THE PRICE FACTS

All that is now known about prices by wholesale and retail clothiers will be told to the public throughout the country shortly. The executive committee of the National Association of Clothiers, at a recent meeting, completed plans for a co-operative campaign of placing the facts about clothing prices before consumers in every part of the United States through a series of advertisements in the public press. In this effort the National Association of Clothiers is prompted by misleading statements about profiteering in the men's clothing industry, made by uninformed persons. It is also felt that considering the present national movement for lower prices and the advancing costs which are taking place in the manufacture of clothing, the public will want an explanation. Hence the decision to take the public into confidence and tell them the why and wherefores of the higher prices.

Only the plain, unvarnished truths about the conditions which have brought about the advanced clothing prices will be told to the consumer. The National Association of Clothiers feels that no more than that is necessary to vindicate the clothing industry of the country of the charge that it is profiteering. It will be recalled that the National Association of Clothiers recently offered every facility at its command to Attorney-General A. Mitchell Palmer for investigation of the conditions that now exist in connection with the production, distribution and the price of ready-made clothing.

To Lay all the Cards on the Table.
The plans of the National Association of Clothiers will be placed in detail before the convention of the National Association of Retail Clothiers in Chicago. They will point out that, while the movement of the government to lower prices and stabilize wages is a very commendable one, inexorable economic laws make lower prices of men's and boys' clothing this fall impossible, while these same economic laws indicate that next spring will see clothing prices at their peak.

All the cards will be laid on the table for the public to see. The consumer will be given an insight into the fact that a suit of good quality which cost manufacturers \$9 for conversion in 1914 now costs \$20.36; that the same suit, by conservative estimate, will cost \$27.36 for conversion for the spring of 1920. The consumer will be told of the radically curtailed working hours, namely, a reduction of from 55 to 44 hours per week, and the effect that this reduction has had in increasing the cost of the finished garment; also about the reduced production, which has taken place beyond the proportionate reduction in working hours.

To Prevent Mistaken Conclusions.
The public will be acquainted with the increased costs of woollens—that piece goods which formerly sold at \$1.50 and \$2 a yard now is selling at \$4 and \$5 a yard; the increased cost of trimmings and all the other score and one increases. All the difficulties in the clothing manufacturing industry which are so well known to wholesalers and retailers will be placed before the public. It is felt that this is but common justice to the manufacturers, retailer and consumer. Particularly in this imperative, it is felt, in view of the mistaken conclusions of profiteering likely to be drawn by the public from the prevailing prices at a time when such nation-wide senti-

No Lower Prices for a Year at Least
It is regarded by the National Association of Clothiers as extremely unfortunate that at such a time as this it is unable to see any promise for lower prices for at least another year. This position is based on the cost of piece goods for 1920 spring and summer clothing and the unpromising outlook of any reduction in labor.

As a matter of fact, it was again pointed out that the clothing prices this fall will be cheap, considering the costs under which they are now being produced. And the only reason for this cheapness is the post-armistice depression of last winter, when the prices of this fall's clothing were figured—and figured so incorrectly that a large number of manufacturers have been compelled to go hat in hand to the retailer for a 10 per cent increase on orders placed—an action that has brought the wrath of the retailer down upon his head. Those manufacturers who have not advanced their prices on orders placed admit that they are doing so at a positive loss.

For the spring, 1920, piece goods prices already have come out. These are vastly higher than the prices for the current fall season. It was estimated recently that they approximate an advance of 40 per cent. Labor costs, in addition to the advances during the last five or six months, are going still higher. And for the spring of 1920 manufacturers can hardly be expected to operate another season at a loss.

Beyond that the association cannot foresee. No other human agency can. But the public will be told why clothing prices are going up until fall, 1920, and not coming down in spite of the much desired reduction—desired as much by clothing manufacturers and retailers as anyone else. It is felt that the men's

clothing industry can well afford to state its case and stand in the light, and avoid the suspicion, dissatisfaction and ill feeling bred by rising prices, especially at a time like this, when the entire country is engaged in a movement to lower them.

Emphasis was stressed on the fact that the clothing industry is in hearty sympathy with the movement to lower prices and stabilize industrial conditions, and that if manufacturers could be shown a way whereby they could co-operate in this without serious injury, they would gladly embrace it. But the clothing industry is confronted with conditions, not

words, and until the fall of 1920, sees no way of bringing about any material downward trend in prices.

County Home Demonstration Department

Dear Club Members:

We hoped to see more of you at your Club Fair last Saturday. We feel that those who came and brought exhibits feel well repaid for their efforts, and we are sure that every girl and boy who joins next year will try hard to have at least one thing on exhibit at the Fair in the Fall. You know when you join one of the Clubs you sign a membership card which carries a pledge that you will make such an exhibit as your County Agent may direct, we hope it will be possible for every single member to keep that pledge next year.

To those who prepared exhibits, but for some reason did not get to bring them in I expect you to bring them to my office the first time you come to town. I want both canned goods and sewing, together with Record Book and History of the work. This is important.

To every other member, I expect your record book to be in my office by October 15. If you do not send it in I have no accurate information as to whether or not you have completed the year's work you were doing. You know our girls' work is arranged by years and no girl is entitled to do second year work unless she has done everything that is required of a first year girl, or the third year work unless she has done everything required of a second year girl. These are rules that govern the Club work in every State and we must all be governed by them.

Another thing: Every girl who wins out in Club work must be a worker. Last Saturday in our contests a little first year Club member

was found to be the Champion Canning Club member of the county. She had come nearer fulfilling all requirements of a Club member than any other, not only in her work throughout the year, but also in her exhibit. She won first place in her year because there was no other entry, but the quality of her exhibit was such that she might have won it had there been competition. This Canning Club Champion of our County is Thelma Stephenson, of Monroe, Club. The next best score in the county based on the entire year's work, together with the exhibit made Saturday, was won by Elsie Wilke, New Hope Club.

Poultry Club members (only those between the ages of ten and eighteen eligible for this) winning highest score were: Ellie Cowart, New Hope Club, and Goldie Potts, Canyon Club.

Those who won prizes in Saturday's contest, based on their exhibit were:

First year canning: Thelma Stephenson, Monroe.

Second year canning: Mae Cowart, New Hope.

Second year canning: Eva Pool, Bledsoe, second place.

We appreciate your interest, and I am sure that every one of you appreciate the great interest the Chamber of Commerce took in your work and the fact that they made it possible for you to have this Fair.

Sincerely,
MILLIE M. HALSEY,
Home Demonstration Agent.

Meat Canning.

A good rule is "start right, then go ahead," and this rule should be observed in canning an entire animal. The following equipment should be assembled:

- 1 galvanized tub for sterilizing cans.
- 1 galvanized tub for cooling cans;
- 3 iron pots, 15 or 20 gallons capacity.
- 2 steam pressure canners.

Supply of tin cans and one can arrive at the number to buy by dividing the live weight of the animal by four. The result equals required

number of cans. Have plenty of solder, wire and bar, flux and good soldering tools and have them bright and clean and well tinned. Tin cans should be standard packer's cans No. 2 or 3, the latter preferred, and with solder hemmed caps and opening 2 1-16 inches. Place the pots in a row about 12 or 15 inches apart so that one long fire will do for all and the fire can easily be changed from one to the other as the operator wishes to boil or simmer. The canners may be placed over an improvised open fireplace or an old stove may be used, or perhaps better than either, two charcoal furnaces may be used. If an open fire is used the writer suggests that the canners be suspended over the fire on tripods with a small block and tackle like a fence stretcher and when the fire is too hot the canners may be elevated above the fire and lowered as the pressure diminishes. This works fine. One filling of a charcoal furnace will usually suffice for two charges of the canners. Put in the tub about 30 cans and keep the water in the tub simmering all day so that you may always have clean, hot, sterile cans. When you take out cans place more in so that you will always have a supply in reserve. Having removed the brain, tongue, heart, kidney and stomach we will proceed to place them in cans. Soak the brain in a weak brine after first removing the membranes. They may be then fried in hot grease seasoned and packed into cans or they may be simmered until nearly done. In the first case fill can with the hot grease to which water has been added and in the latter case with the water in which they were cooked. The liquid must in all cases be at the boiling point. Cap, tip, process No. 2 cans 50 minutes, No. 3 cans 60 minutes at 15 pounds steam. Wash and clean tongue and skin, if preferred, also this may be done whenever it is used for the table. Cut in pieces or leave whole. Pack in glass jar add one teaspoon salt, 1 tablespoon vinegar, 1 tablespoon sugar, brown preferred, 3 cloves and a pinch of any other seasoning, sprig of thyme, shaving of garlic, fill with boiling water, seal loosely and process No. 2, 50 minutes No. 3 60 minutes, 15 pounds steam. We use glass for this because it contains vinegar which is an acid. Tongue may be salted and soaked before canning and cooked like brain and packed with the boiling water. Process as above. Kidney should be opened and the sack removed, then put to soak in weak brine. Cut into pieces to fit the can and place in stew pan and simmer and when cooked nearly done pack into cans and fill with the water in which it was cooked. Or slice and fry and pack in the cans with the hot grease to which water has been added. Fried onions may be placed in the cans. Cap, tip, process same as above. Rinse and clean the heart and remove the tubes and valve cords. Cut to fit cans and pack the raw meat in cans, add 4 teaspoon salt to quart and fill with boiling water, or cook until tender in water and then pack, always filling the cans with boiling liquid. Cap, tip and process as above. All of these products may be packed cold and raw and cans filled with boiling water. It is an easy way to can them and some times advisable, especially in warm weather. Clean tripe, soak in weak brine, simmer until nearly done and treat as the other products. When to be used any recipe book will give several methods for final preparation. Always add 1 teaspoon salt to each quart when packing meat in cans raw. Liver may be sliced, soaked in weak brine and fried until brown, but not done ready for the table, then packed hot into cans and fill with the grease in which the frying was done, to which enough water is added to make sufficient gravy to fill cans. Always leave one half inch at top of cans for expansion. Always fill to this point with hot liquid. Cap, tip, process as above.

Next week other parts of the beef will be taken up.

To the Sheriff or any Constable of Lubbock County, Greeting:

You are hereby commanded to summon Hazel Everline, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 72nd Judicial District, to appear at the next regular term of the District Court of Lubbock County, Texas, to be held at the Court House thereof, in Lubbock, Texas, on the 2nd Monday in December, A. D. 1919, the same being the 8th day of December, A. D. 1919, then and there to answer a petition filed in said Court on the 11th day of September, A. D. 1919, in a suit numbered on the docket of said Court, No. 1268, wherein George F. Everline is Plaintiff, and Hazel Everline is Defendant; the nature of plaintiff's demand being as follows:

That plaintiff has been an actual bona fide inhabitant of the State of Texas, for twelve months, and of Lubbock County for more than six months next preceding the filing of this suit. That on March 2, 1912, plaintiff was lawfully married to defendant, and cohabited with her as her husband until about September 14, 1914, when defendant left plaintiff with intention of abandonment, and did then and there abandon him, since which time plaintiff and defendant have not cohabited as husband and wife, and said abandonment took place more than three full years prior to the filing of this suit. That no children were born of said marriage and there are no property rights to litigate in this cause. Plaintiff prays for divorce from the defendant, costs of suit, etc.

Herein fail not, but have you before said court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Lubbock, Lubbock County, Texas, this 11th day of September, A. D. 1919.

PUBLIC OPINION.

Proposed Amendment of the Federal Constitution Should be Submitted to Conventions of the States; Those numbers are elected by the People for and against the Amendment.

The main intent of a written constitution is to limit legislative powers; if legislators can alter and amend constitutional laws, at will, independent of the people, then constitutional limitations, as to legislative powers, is a nullity. The power of the legislatures apparently exist, giving the Congress and States legislators unlimited power to amend and alter constitutional laws, Federal and State.

This great centralizing power, counters the American Democratic idea of government, the rule of reason, and the intent of the people, at the time they ratified and adopted the federal constitution.

As to intent, I go further, Art. 7, Federal constitution reads: "The ratification of the conventions of nine States shall be sufficient for the establishment of this constitution between States so ratifying the same."

This Art. 7 is evident proof that it was the intent of the fathers of the constitution, that the supreme power of the adopting of constitutional laws shall be retained by the people.

This great reserve right of the people's has just had a terrific knock-out in Texas, which calls for action. Fellow citizens, to arms, and let our battler be, an amendment of the Federal Constitution. To this effect, all proposed amendments of the federal constitution shall be submitted to conventions of the States.

In my articles on this subject it is not my intent to create a thunder storm, but as far as possible, to help get the people arrayed in line of battle, so they can crush the life out of centralism. Hamilton, the leader of centralism in the days of the formation of our government, who by art got words into our constitution that counter its intent, which has caused many long years of strife; yet he was

a patriot, and meant well. He honestly believed "that the people could be kept within proper bounds, only by the strong hand of a centralized government."

Today there are men who adhere to the Hamilton ideas of government. In Hamilton's days there was some excuse for his methods; our people were then engaged in the formation of new theories of a federal form of government, with no historical practice as a guide. England furnished the basis for our system of laws, but nothing as to new theories of a federal form of government.

LOCAL NEWS ITEMS FROM THE LORENZO ENTERPRISE

S. R. Williams, prominent farmer living on the Kirksey farm near here brought in the first bale of cotton last Friday and it was ginned by the Fuller Gin Co. The bale weighed 536 pounds and was sold to J. A. Dillard at 30c a pound. A premium of \$35 and one year's subscription to the Enterprise was given to him which made a total sum of \$195.80. There were 850 pounds of seed but no market. The cotton in this section is opening and ere many days the fleecy staple will be pouring in to Lorenzo.

The threshers which started here last Friday were compelled to postpone their work on account of the heavy rain storms which visited this section the former part of the week. The machines had hardly made a dint in the enormous ricks of maize piled up in Lorenzo and the grain poured in Friday and Saturday in constant streams. At this writing it is not known just how much damage will be sustained, but is estimated by some to be a great deal.

A deal was closed Wednesday whereby Miss Ethel Powers became owner of the twenty acres of land including house, formerly owned by Jim Russell, Jr.

J. J. Kirby suffered considerably the latter part of last week from poison in his right foot caused from a blister being rubbed there by his shoe. On this account he was unable to attend to the trade at his barber shop for several days but is now able to be at work again.

Mr. and Mrs. Jake Easter, of Lorenzo, and Miss Della Easter and nephew John Easter, of Lubbock, spent an enjoyable Sunday in the home of Mike Webb, one of the prominent farmers of this community.

DR. HUTCHINSON VICE PRESIDENT DENTAL SOCIETY

Dr. C. D. Wofford, of Plainview, was elected president of the West Texas Dental Society, at the close of its annual convention held here Friday and Saturday. Dr. B. B. Hutchinson, of Lubbock, was elected vice-president; Dr. Sid A. Harris, re-elected secretary and treasurer, and Dr. R. L. Rogers of Amarillo, elected as a new member of the executive committee. The next meeting will be held in Amarillo, next September, that place winning over Abilene by a vote of 10 to 9.

Friday afternoon, after the business program there was a watermelon feast for the visitors, and at night there was a banquet at the Ware hotel, with R. A. Underwood as toastmaster. About thirty covers were laid, for the visitors, the local dentists, several of the local medical doctors and newspapermen. Prof. Crabb, on the violin, Mrs. Arilla Peterson, vocal, Mrs. Tom Carter and Miss Mildred Farmer, at the piano, furnished several musical numbers, which were applauded, and they responded to encores. The toasts were responded to by Dr. Neal, of Abilene, Dr. Carl of Claude, C. B. Miller, Dr. A. H. Lansday and J. M. Adams, of Plainview.

Saturday morning there were clinics in the dental offices of Dr. Wofford and in the afternoon the members attended clinics at the Plainview Sanitarium.

At night, the visitors were guests of the local members at one of the picture shows, after which refreshments were served at Dye Drug Co.

Afterwards the final meeting was held at which the officers for the coming year were elected.—Plainview News.

MAN SEVERELY BURNED BY GASOLINE EXPLOSION

G. T. Willard, a farmer living near the Prairie View School house, or about twelve miles from this city, was severely burned Tuesday night, following the explosion of a bucket of gasoline which he was drawing from the car. Mr. Willard was brought to a local sanitarium for treatment. His condition is not considered serious by attending physicians at this time.

Lattie Rankin and Owen McWhorter went to the Willard home Tuesday evening late to get a car left at that place by Mr. McWhorter, and while they were trying to secure gasoline from the tank on the rear of the car, so that it could be primed for starting the accident happened. Mr. Willard was holding a bucket under the gas tank, catching the gas, while his son stood near by with a lantern, when the gas caught fire. He dropped the bucket and attempted to kick it away from the car, and the fire caught his clothing.

Keep Well

Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

BURN MORE AIR —LESS FUEL

600 Cubic feet of air are required, ordinarily, to burn one pound of coal

NATURE will give you, for the mere taking, a limitless amount of pure air. It costs you absolutely nothing—it is free. On the other hand, every pound of your coal or wood costs you money—hard earned money.

Your range literally chokes it's fire. It can not supply the required amount of air, and at the proper place. It is throwing ton after ton of your hard earned fuel up the chimney as unburned gas.

You cannot afford to go on year after year wasting so much of your fuel. Buy the range that is guaranteed to save you fuel, and that will actually pay for itself in the fuel saved—buy—

FAIR PRICE COMMITTEE WILL REMAIN INACTIVE

Instructions relative to the Fair Price Committees was received recently by the Chairman of the Lubbock County Fair Price committee. These instructions were read before a meeting of the committee last Thursday, which met with the County Food Administrator. Following the reading of the instructions sent out from State Food Administrator's office, it was agreed in the meeting last Thursday, to have the committee remain inactive, until at least more legislative power is vested in that body.

Under heading of instructions to the Fair Price Committee and to the

public, as sent out from Mr. Feden's office, were the following reasons for delay in the work of county organizations:

"With the exceptions of only one or two articles, no Government prices have yet been published, the delay caused by the following: 1st, we have no legal authority to enforce prices; 2nd: there is no definite rule for computing prices; 3rd: the legal authority evidently does not exist that did exist in the Hoover Cost plus plan.

"There was however, an anti-profiteering bill by Palmer, extending the food control act to penalize profiteering, as requested by President Wilson and Attorney-General Palmer, as a means of reducing the cost of living, passed by the Senate last Fri-

day and sent to conference." Other legislation is in course of being enacted, giving power to the Fair Price Committees, to enforce prices. This will include wearing apparel as well as edibles.

TAKES OFF TAN**

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons in to a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn, and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

W. C. Puckett, cousin of C. A. Holcomb, who was here the latter part of last week, is complimentary to this section of the country and not so with the section in which he now lives. We have often heard of the fine black land farm, in east Texas, and Mr. Puckett had more to tell us. "In practically all of the farms which we know as black land, boll worms have destroyed practically all of the cotton, and the blacker the land the worse the boll worms," is the way Mr. Puckett speaks of Collin county.

D. 1918, in a suit numbered on the docket of said Court No. 642, wherein A. G. McAdams Lumber Company, a corporation, is plaintiff and Ed. Middleton, is Defendant; the nature of plaintiff's demand being as follows:

Suit on account for lumber and building material sold to defendant by the plaintiff from January 23 to and including February 13th, 1918 to the amount of \$104.85.

And in which suit Writ of Attachment was on the 17th day of December, 1918, duly issued against the defendant for said debt, and for interest and costs of suit. And which writ was on the 20th day of December, 1918, duly levied on the following real estate, as the property of the defendant, Ed. Middleton, to-wit:

All those parts of survey No. 16, blk. "A", Beginning at N. E. cor. of said survey; thence W. 622 feet to right of way of P. & N. T. We can show you—and prove to you—that there is a genuine money saving in the use of United States Tires.

The extra miles they give mean just so many extra dollars counted in real money.

The reason of all this is in the tires themselves—their liveliness, ruggedness and sturdiness.

The train last Saturday was nearly six hours late getting into Lubbock on account of having to pick up so many cattle on the road. Among the shippers last Saturday, and the places from which they shipped, were from Seagraves: Thompson & Taylor, of Tokio, two loads, W. K. Dickinson, of Lubbock, two loads; W. M. Stovall, of Bovina, three loads; C. Shell, of Seminole, two loads. All were headed for market except the Stovall cattle, and they go to his ranch near Bovena. Brownfield: O. E. Adams, five loads; Pool & Goodman two loads, all for the Ft. Worth market. R. O. Wilson also had one load at Seagraves for Fort Worth. Meadow: Brown & Herrington, two and one-half loads for market. Ropes: C. K. Johnson, three loads for market.

Those who attended the picnic at Lovington, N. M., last week say that it was nothing to compare to the picnics that place has been staging heretofore. In fact they say, it lacked a great deal of being the whale among the minnows, that it was advertised to be, and that the Brownfield and Lubbock picnics discounted it every way except the possible open street gambling feature, which is not permitted in Texas. THE DISTRICT MISSIONARY CONFERENCE AT RALLS

Continued from page one on Mission Study was distributed. A letter from Mrs. A. L. Moore, of Plainview, conference superintendent, mission study, was read, in which she asked for more mission study classes and more reports. Rev. Lyon, Presiding Elder of district, and Rev. Hughes, pastor at Ralls, were introduced. Three babies of the Ralls baby division Mildred Bernice Schoolcraft, Johnnie J. Criswell and Sarah Gertrude Schoolcraft, were introduced. Then came the business of selecting a meeting place for next year. Post, Lamesa and Slaton were nominated. On first voting Post and Slaton each received the same number of votes. Lamesa then withdrew and after voting again it was discovered there was still a tie, so the delegates from Post and Slaton drew straws, Slaton being the fortunate one and obtaining the meeting for next year. Mrs. Griswold then conducted the round table, which proved very interesting. Mrs. Hughes told of the inspiration she had received from Mission study, and asked us to pray for her and Bro. Hughes, as they go to the foreign field. Sister Griswold responded that we were so proud of them it would be a great privilege to pray for them. Mrs. Griswold said that we needed inspiration in our Mission Study. Some noted man had said that inspiration was made up of perspiration and information, that if we get up perspiration getting information, we would be sure to get the inspiration. We were dismissed with a prayer by Bro. Lyon.

Wednesday Evening.

Services were opened by singing "Just Outside the Door." Mrs. Powell of Brownfield read the 96th Psalm and led us in the Lord's prayer. We then sang "Rock of Ages." Mrs. Griswold led in prayer, after which Mrs. Trinkle and Mrs. Woodriddle sweetly sang "In The Garden." Minutes were read and approved. Committee for Young Christian Worker reported five new subscriptions. The committee for Missionary Voice reported one new subscriber. Committee for King's Messenger, fifteen new subscribers. Committee on resolutions reported as follows:

First. Resolved that we delegates extend our thanks to the ladies of Ralls for their cordial welcome, and hospitality, also the dinner on the ground.

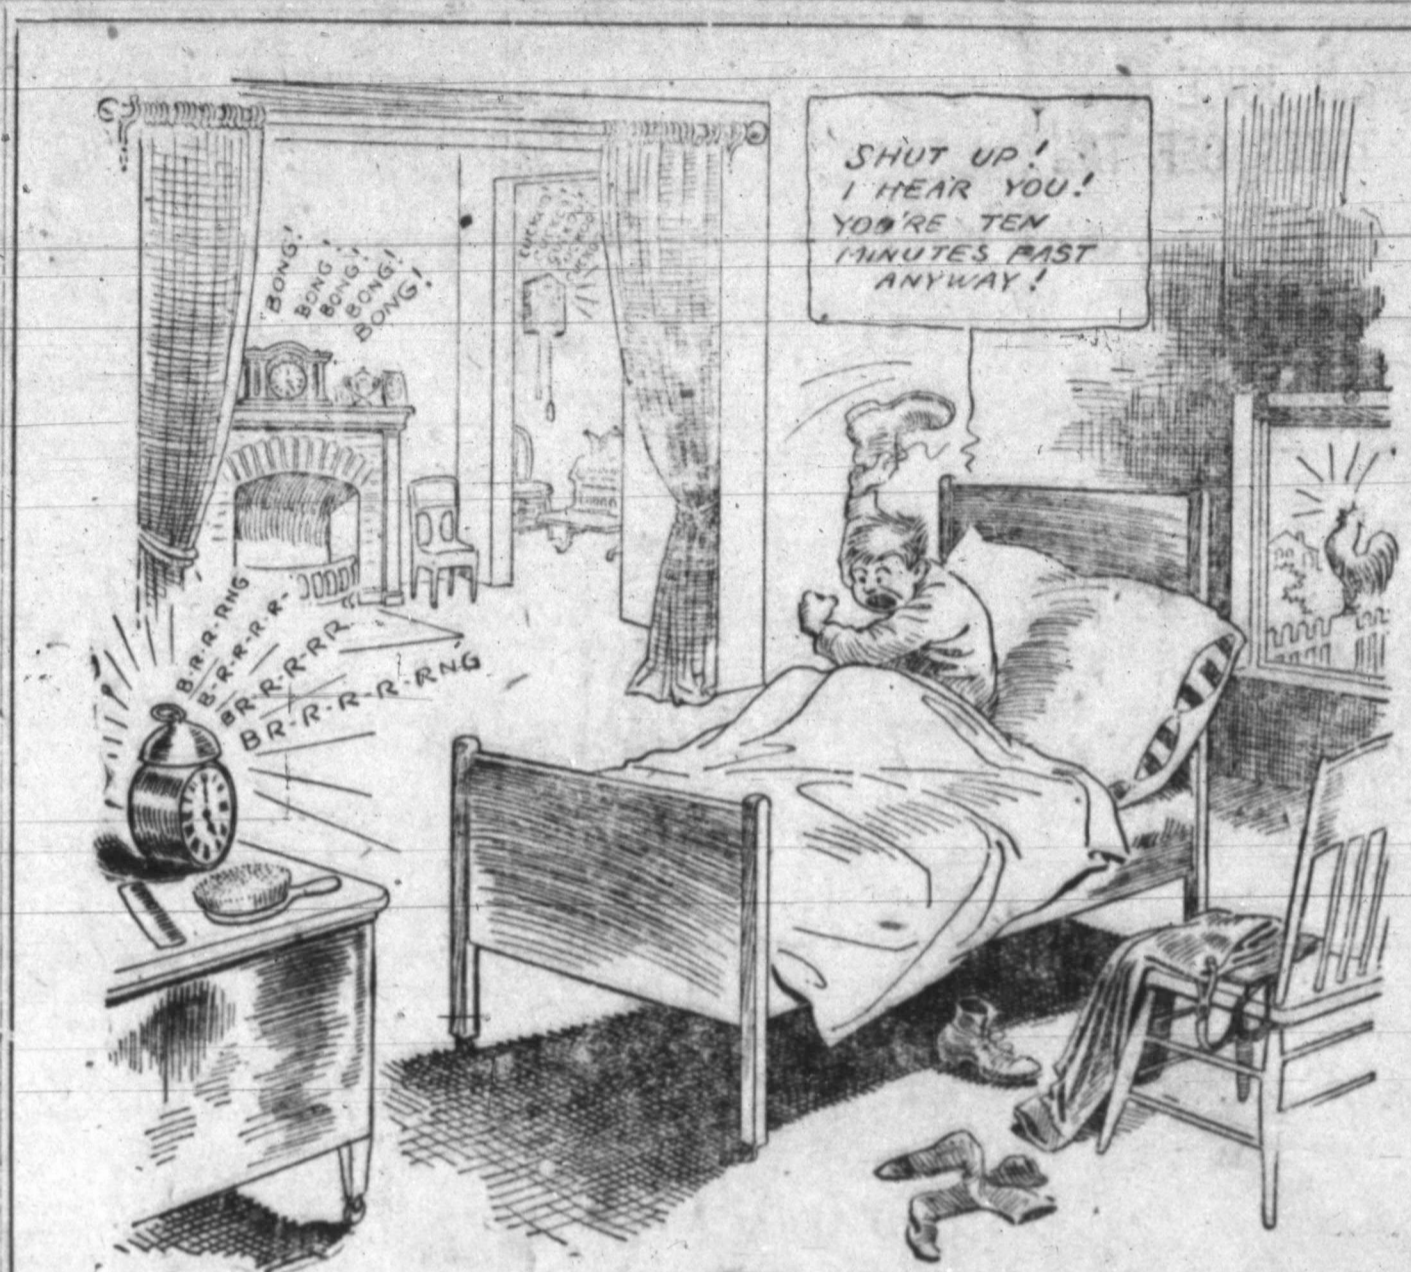

Resolved, Second, that we express our appreciation to our district secretary, Mrs. Lyon, for the splendid way in which she conducted each meeting, and for her help and encouragement at all times.

Resolved, third, Our appreciation of the presence and co-operation of our Presiding Elder, Bro. Lyon.

Fourth resolve, Our appreciation to the Juniors for the beautiful and interesting program rendered by them on Tuesday evening.

Fifth resolved, we devoutly thank our Heavenly Father and His Son, Jesus Christ, for calling Bro. and Sister Hughes from our district to go into foreign fields, and represent us in Japan. Committee, Mrs. Griswold, Mrs. Tremble, Mrs. Odum.

Mrs. Lyon stated that she would like to add our thanks to Mrs. Griswold, our conference officer, for her presence and great help during the meeting. Mrs. Griswold being one

A Clock Story

How can you expect to know the time, or be on time without a good clock? Speaking of time reminds us of a story we heard the other day: A tramp had been convicted of stealing a watch. The judge asked him if he had anything to say as to why he had committed the crime. The tramp said he wanted to know the TIME. The judge told him it would be two years. Now, if you need a clock, or need another clock, or need a better clock, we hope you will take the time to come in and look at our clock stock.

of the committee and being modest left herself out. With this correction the report was adopted. Mrs. Hughes read the following resolution:

Whereas, two young ladies so kindly took me for a jirrikisha ride and Mrs. Trinkle sang a lovely jirrikisha song. And whereas, the ladies of the Lubbock District so kindly and generously dressed me in silk, etc., et cetera, in order that I might be fittingly dressed in Japan. And whereas, it is felt that prayers for our Japanese work accompanied these gifts, be it resolved,

1. That most hearty thanks be extended to Mrs. Lyon, and all the ladies of the district;

2. That the continued prayers of our friends be asked;

3. That a copy be read before the district missionary meeting.

Mrs. H. L. Hughes, Ralls, Tex.

This was adopted—A story, "How Mission Study Came to Bentonville" was efficiently given by Mrs. Sims, of Lubbock. What more fitting close to a great meeting could we have had than the wonderful message brought to us by our beloved Mrs. Griswold? Her talk was about Miss Bennett's Message. It gave us such an inspiration and made us feel that we must go home and do our very best during the coming year. She told of the battles fought and victories won and challenged us to use to the very best of our ability the new privileges and opportunities we enjoy. She asked us the searching question: Were we going to hear and heed the cry from the numerous fields which need our help. She closed by saying that "we thank God that He is with us, for He is calling workers from our own midst. He has called two from Ralls, and has chosen from Lubbock one of our fairest and sweetest flowers." A collection was taken to defray expenses incurred by the meeting. "Nearer My God to Thee" was sung, after which we were dismissed by Bro. Lyon.
