## AMERICAN LEGION POST ORGANIZED

VERY ENTHUSIASTIC MEETING OF EX-SERVICE MEN WAS HELD AT COURT HOUSE WEDNESDAY EVENING

## POST WAS NAMED IN HONOR OF ALLEN BROTHERS

Officers Were Elected and Committees Appointed for Various Purposes and Another Meeting Will be Held on January Twenty-Eighth, to Which All are Invited.

The meeting of ex-service men in the court house last Wednesday evening for the purpose of organizing an American Legion Post at this point proved a highly successful and very promising event. About fifty-five ex-soldiers of Lubbock and the surrounding community, including several from other points in the County. It was originally planned to hold this meeting in the Farmers National Bank, but when the crowd had begun to assemble it at once became evident that more room would be necessary, so the place of the meeting was transferred to the Justice Court room of the court house.

At the opening of the meeting Colonel C. M. Mullican was elected temporary chairman, following which a general discussion of the purposes and aims of the Legion was held in which all those present were invited to take part. In connection with this it was moved and carried that the tentative constitution and by-laws of the State and National bodies of the Legion and the suggested constitution and by-laws for local posts be read. This was done and the matters and stipulations set forth therein were freely and fully discussed among those present.

The next matter to be taken up was the election of temporary post officers, whose election will become ratified and permanent upon ratification and return of the Post Charter by National Headquarters of the Legion at Indianapolis. Mr. Jno. J. Noone, Cashier of the Farmers National Bank, was elected Post Commander; Mr. E. B. Porter, Vice Commander; Mr. B. H. Meskimen, Post

Adjutant; Mr. H. L. Allen, Post Finance Officer; and Mr. B. C. Dickinson, Post Historian.

After a short discussion regarding a suitable name for this Post, it was voted to name this the Allen Brothers Post, in honor of Terrell and Phillip Allen, members of Co. "G" 142d Infantry, killed in action during the Meuse-Argonne offensive, October 7th and 8th, 1918.

A committee consisting of Messrs. C. M. Mullican, Emmett Porter and draft tentative constitution and by-laws which will be read and voted upon at the next meeting of the Post.

Social and membership committees were appointed. Before adjourning it was voted to hold a call meeting of the Post Wednesday evening, January 28th, at 7:00 P. M. to be held in the District Court Room of the Court house. It is planned to transact much important business at this meeting, and to perfect the organization of the post in every possible manner.

This next meeting will be an open one, at which a certain number of the front seats will be reserved for actual and prospective members. Business men and other citizens of Lubbock are cordially invited to attend this meeting and learn just what the American Legion is, what their principle objects are, and how they propose to achieve them. Ladies are also cordially invited to attend this meeting.

Over one hundred members have already enrolled and paid their dues, all of whom will be included as Charter members of this post.

### KNIGHT TEMPLARS HAVE BIG BANQUET

Last Monday night, the Knight Templars had an open installation of officers to which their wives and the Royal Arch members and their wives were invited, and there were present about two hundred persons, and a most enjoyable affair was the result. Past Commander Bledsoe was installing officer, and the following were installed in the elective chairs: Neil H. Wright, Eminent Commander, A. B. Conley, Jr., Generalissimo, B. L. Wright, Captain General, Louis F. Moore, Sr. Warden; O. E. Radford, Jr. Warden.

A splendid program was rendered in connection and addresses were made by Rev. A. A. Collins of the Cumberland Presbyterian church, and Rev. J. T. Griswold, pastor of the Methodist church, both of which addresses are reported to us as being very fine.

As a climax to the affair a banquet-royal was spread by the ladies of the K. T.'s superintended by Mrs. W. H. Bledsoe, Mrs. Roscoe Wilson, Mrs. B. L. Wright. Fourteen big fat turkeys are reported to have figured conspicuously in the feast together with all the accompaniments, accessories, etc., and it is reported that there are a number of fondered K. T. and Royal Arch members in the city this week.

Several guests were present from Slaton and visiting Commander Manning, of Waco, Texas, was also a welcome guest.

R. Weaver, of Cooke county, has moved to his new home near Idalou.

J. D. Larving, of the Monnig Dry Goods Co., Ft. Worth, was in the city Monday on business.

Jerry Smith, of Idalou, transacted business in Lubbock Wednesday.

Mrs. Jewel Kuykendall, of Slaton, returned home Wednesday, after a visit here with her father and mother.

J. S. Deason, of Dallas, spent some time in the city on business this week.

J. B. Bender, formerly of Ralls, passed through Lubbock on his way to Indiana, where he will reside in the future.

W. B. Looney, at Tahoka, spent Tuesday and Wednesday in Lubbock on business.

J. B. Bond, with the Neal Real Estate Co., of Brownfield, spent Wednesday in Lubbock on business.

Alex. Weaver, of Idalou, transacted business with the court in Lubbock Thursday.

R. L. Lamberson, of Donley county, came in Wednesday night looking for a location in this great country.

Charles Lampkin, of Hedley, is in the city looking for a location.

And still the people come. Yes, they are coming.

B. F. Hutson, W. T. Lassiter and W. D. Dawson, all of Idalou, passed through enroute to New Mexico, on business, Thursday.

### TEXAS TO THE FRONT IN MANUFACTURING

E. A. Covell, representing the Texas Motor Car Association, of Ft. Worth, Texas, is in the city this week and when a representative of this paper was given a few minutes of his time, we learned that this association is doing some really wonderful things in the way of developments in their factory at Fort Worth. It is now a proven fact that we have right here in Texas a large modern automobile factory, equal to any in the north, employing several hundred expert workmen, and turning out one of the most popular and substantial cars on the market.

This organization though only about two years old is now housed in large buildings located on a fine tract of land 135 acres in all, and buildings costing many thousands of dollars, all of which is paid for with not a dollar indebtedness, which is a record that few concerns of its kind and size have enjoyed, all going to show that the management is first class and has proven a wonderful investment for those who have availed themselves of the opportunity.

Mr. Covell has an interesting display at the Merrill Hotel, which shows the operations of the association from the beginning up to the present time, and from the endorsement in their own papers of prominent men all over the country as to the advisability of investing in stock in this concern, the future outlook for the Texas Motor Car Association is certainly bright. "This is a strictly Texas concern," says Mr. Covell. "The Texan is built in Texas, built with Texas money and by Texas people," he further states, "that everyone with a patriotic feeling for the State of Texas, and an interest in their own welfare, to make money, should buy a few shares of stock in this company. We need more factories in Texas, and by all joining hands together, we will not only enrich ourselves but will add greatly to the prosperity of the state in general."

Mr. Covell is enthusiastic over the success of the association and he has every right to be, for they have made a remarkable record, in getting their plant in operation and the actual delivery of cars in large numbers not only in Texas, but orders are coming in from many of the older states for numbers of car loads.

Recently they received telegraphic orders from The California Olympic Company, of Stockton, Calif., for twenty Texan cars. And from the Motor Distributing Company of Seattle, Wash., for three car loads.

They have also appointed their first foreign agent, Mr. T. Kitawago, of Hilo, Hawaiian Islands, he having made a contract with the company for the sale of Texas products.

Large shipments have already been made to these firms, all going to prove the bright prospect and that an investment in this company will not only result in the receiving of large dividends, but by buying a few shares of stock in the early beginning, will result in making fortunes for the stockholders.

Mr. Covell is here in the interest of the investment features of his company. He is offering you stock in the association which is now selling at above par. It is a proven and safe investment, and there is every probability of it making for its stockholders handsome dividends.

Speaking of this investment, Mr. Covell says: "I have no selling talk to make, and do not ask investment until full investigation has been made, and if the proposition looks worthy you are invited to become a stockholder in this splendid enterprise, and which we are confident will prove a magnificent investment."

We would suggest that you read Mr. Covell's announcement in this issue and get in communication with him and see his exhibits, and what he has to say.

### SPANELL CASE LIKELY TO GO TO JURY FRIDAY

Brownwood, Texas, Jan. 14.—Indications tonight were that the case of Harry J. Spanell, on trial here for killing Colonel M. C. Butler at Alpine, Texas, on July 20, 1916, would go to the jury Friday morning. Today's court session was devoted largely to arguments over admissibility of certain depositions and court records.

The defense expected to conclude its case at a session tonight and the prosecution planned to finish rebuttal testimony tomorrow.

Mrs. R. B. Haynes, of Tahoka, representing the Lynn County News, of that city, had business in the city Wednesday, returning home the same day.

Mrs. E. Lynn and little daughter, Naoma, came in Wednesday to join their husband and father. Mr. Lynn and family will reside on the C. S. Inman farm northeast of the city.

Rev. L. M. Lipscomb, pastor of Methodist church at Munday, Texas, passed through Lubbock Wednesday enroute home from Brownfield, where he attended to business.

J. H. Howell, of Petersburg, spent some time in Lubbock taking treatment in a local sanitarium. Mr. Howell returned home Thursday. He became a reader of the Avalanche.

R. W. Alexander, of this place, left Wednesday for Ft. Worth, Waxed hache, and other points east, where he will remain for some time on business.

E. L. Fain, brother of our townsman, E. C. Fain, is here this week from Oklahoma visiting his brother, whom he had not seen for ten years.

### COTTON GROWERS MEETING TO BE HELD IN DALLAS

A mass meeting in the interest of cotton growers will be held in Dallas at the City Hall Auditorium on January 27th under the call of the Texas Division of the American Cotton Association. It is the purpose of the meeting to perfect the Texas organization, which has been working under a temporary directorate formed by the Board of Directors.

The call for the meeting has been signed by the numerous organizations in Texas interested in the development of the Cotton Association and to further the work it has already inaugurated in getting a better price for cotton for the grower. A program has been arranged which includes some of the leading authorities of the country on the cotton question.

United States Senators Hoke Smith, E. D. Smith and Robert L. Owen and Congressman Heflin will be on the program as well as Harvie Jordan of Atlanta who has studied the cotton question in behalf of the government in foreign countries. Col. W. B. Thompson of New Orleans ex-president of the Cotton Exchange will also speak and the American Cotton Association will be represented by President J. Skottowe Wannamaker and Col. Thomas J. Shackelford.

A number of speakers from the State have also been placed on the program. President D. E. Lyday of the Farmer's Union has issued a call for the meeting of the Farmer's Union to be held on the same date in Dallas in order that its membership can benefit from the discussion on the cotton question. The State Chamber of Commerce and other organizations have consented to get behind the meeting and secure a large attendance.

The members of the Texas Branch of the Association are Nathan Adams of Dallas; J. A. Kemp, Wichita Falls; J. T. Scott of Houston; J. K. Freeman, of Cameron; F. C. Weinert of Austin; J. A. Underwood of Honey Grove; and D. E. Lyday of Fort Worth.

### SOME LOCAL NEWS ITEMS FROM GAINES

Seminole Sentinel:

The first big snow of the season fell over Gaines county Wednesday and Thursday of this week. While the snow drifted considerably, it is estimated that from six to eight inches fell at this time.

W. W. Harbour sold 120 two and three-year-old steers to John McMurtrey, of Muleshoe, and loaded them at Seagraves, Thursday.

Fred Snyder, who has several thousand steers on the Graham & Price ranch for the winter is here looking after his interests.

Through our local postmaster we learn that J. H. Hawkins has been appointed census enumerator for the west half of Gaines county. Mr. Hawkins expects to begin making his rounds in the next few days.

It is reported that the warehouse belonging to Buri Holloway of Midland, located on a side track at Fiske, was totally destroyed by fire Wednesday night. The warehouse was full of cotton seed cake, which belonged to ranchmen in that section, and was valued at several thousand dollars. A Mexican section crew had piled dirt on the floor of a box car, and built a fire upon the dirt where they had warmed themselves during the day. It is supposed that they went away thinking the fire was out. The car was burned, the flames spreading consumed the building and contents.

LAMESA OIL WELL REACHING EXCITING POINT

The oil well is reaching an exciting point now. All that the geologist told them they would find, they are finding and every day brings the hopes higher as the truth dawns upon them that they are really about to get oil. May she shoot the top off. When the well comes in look out for a rise in real estate in Lamesa. They have changed the casing to take care of the flow and when she blows in we will get an extra to you in two hours after it.—Lamesa Reporter.

B. F. Foster, of Montague County, moved in this week and will be located in the New Hope community on the Reed farm. Mr. Foster is an old time friend of L. D. Boyd and S. D. Pate, prominent citizens of the New Hope community.

Mrs. C. J. Blanton of Whitewright, after spending some time visiting Mrs. G. C. McClain, of this city, left Wednesday for her home in Whitewright. Mrs. Blanton says she is very highly pleased with our country.

Jack Lankford, of this city, received a telegram Tuesday night stating that his wife who is visiting in Austin, was quite ill. Mr. Lankford left Wednesday morning for his wife's bedside.

Geo. L. Dotson, of this city, came into our office Wednesday and ordered the Avalanche sent to his father, H. G. Dotson, of Ringling, Okla. Geo. L. is planning to visit his father about the first of next week.

Mrs. C. A. Anderson and children, of Idalou, passed through Lubbock Wednesday enroute to Desdemonia, where they will spend some time visiting with Mrs. Anderson's mother.

M. M. Herring, of Fort Worth, came in Wednesday to spend some time in the city.

M. C. Crofford, of Hedley, Texas, spent some time in Lubbock this week looking about for a location.

## LUBBOCK PAVING CONTRACT LET

PANHANDLE CONSTRUCTION COMPANY OF PLAINVIEW SECURED CONTRACT BEING LOWEST OF THREE BIDS

## WORK BEGINS SOON AS NECESSARY BONDS ARE MADE

Job Must Be Completed Within Two Hundred and Fifty Days From Date of Acceptance of Bond by the City Commissioners. Program Covers Square and Lead Streets for Several Blocks.

Since the last issue of the Avalanche, the contract for paving according to the program outlined in previous issues of this paper was let by the City Commission, under direction of Henry Exall Elrod Co., General and Consulting Engineers, of Dallas, Texas. The contract was awarded to The Panhandle Construction Co., of Plainview, Texas, theirs being the lowest of three bids considered by the Commissioners. Other bids were received, but as they did not come under the requirements of the terms of bids to be received were eliminated. The bids were as follows:

Panhandle Construction Co., of Plainview, \$295,338.75.

James Construction Co., Ranger, Texas, \$310,334.75.

Jordan & Grant, Plainview, Texas, \$302,834.75.

The paving is to be of two and a half inch vertical brick with a five inch concrete base. This is a very hard brick and is said to be very fine for paving and is proven in its durability and worth as paving, and those who are the most familiar with it and also with figures in connection with labor and material used are of the opinion that the price contracted is exceedingly reasonable, and the commissioners are to be congratulated on having secured such a liberal contract.

The paving program as included in the bids covers the following streets: Beginning at the Santa Fe passenger depot on North First Street extending west to Mesquite or one half block east of the Original town plat. On Broadway or South First street beginning at the northeast corner of block 136 or Walnut Street west to Mesquite street or to the street running North and South between Drs. Hutchinson and Peeb-

ler's residences, Cedar street two blocks north from the square or to the West Texas Sanitarium and two blocks South or to the first street south of the Avalanche office. Single street one block north and one block south of square. Ash Street or the street between North First and South First between Fir Furniture Company and the C. H. Grollman Company. Poplar, the street west of O. L. Slaton residence. Mesquite street, or the street between Mrs. R. A. Barclay's residence and E. M. Jones home. This of course also includes the public square. The terms of the paving; property owners to pay for curb and three-fourths of the street and the city pays for the remaining one fourth, crossings, etc. Paving to be paid for one-third when work is completed; one-third on or before one year and the remainder two years from date of completion of the work, deferred payments bearing eight per cent interest from date.

Everything is in fine shape, according to our best information and it will only be a matter of a few weeks now until actual paving work will be started in Lubbock, and when once it is started, it will spread and property owners will put it down on their own account even if the city is not in position to take care of it, and Lubbock in place of having blocks of paving will have miles.

The beginning of this work will place Lubbock in position of having to furnish more homes for more people, and the matter of good tenant houses will be more in question than ever. Somebody should get busy on that apartment house and a number of good rent houses. Not shacks, but good buildings. They will prove a good investment.

### NO REAL ESTATE MEN HAVE HAD OPERATION

As we were going down the street one day this week, we noted a white looking rock, weighing perhaps two dozen pounds lying on the front gallery of a local land office. It was an ordinary looking lime rock, with a few wrinkles up and down its side, and seeing that it was tagged, we at first thought perhaps it was a huge petrified potato, and curiously getting the better of us, we threw the brakes on our walking ford, and alighted for closer inspection. The tag just said: "This is PART of a stone taken from the trail of a Lubbock Land Agent."

And this is all we know about the matter.—Terry County Herald.

So far as we have been able to learn, there has been no operations performed on Lubbock County Real Estate men at any of our sanitariums and there is a possibility of the above being a mistake as to where it came from.

### COUPLE MARRIED IN COURT HOUSE MONDAY

Chas. M. Francis, of Califorme, Okla., and Miss Cora May Hilton, of New Home, Lynn County, were quietly married by Squire Fain in the Lubbock County Courthouse Monday evening.

Miss Hilton is a niece of G. H. Hilton, of Lubbock, and has resided in Lynn county several years.

Mr. and Mrs. Francis left immediately for Oklahoma where they will make their permanent home.

### PROMISE RELIEF IN OUR FREIGHT CONGESTION

Austin, Jan. 12.—Traffic congestion in West Texas will be relieved by Feb. 1, according to expectations of E. L. Brown, assistant in charge of transportation in Texas for the Federal Administration who was here today. The situation is receiving direct attention, he said, and everything possible is being done to relieve it.

A telegram received by Commissioner C. E. Gilmore, from E. C. Niles, Assistant Director of Public Service, said:

"Have taken up West Texas car shortage situation with car service section and will do everything possible to afford substantial relief. Commissioner Gilmore has also received letters from Texas Congressmen assuring him that they were also working to relieve the situation."

### LOCAL ITEMS FROM THE SLATON SLATONITE

Bernice, 12-year-old daughter of Mr. and Mrs. J. V. Hollingsworth, was taken to a Lubbock sanitarium where she underwent an operation for appendicitis last Monday. She is improving nicely, which will be good news to many friends of the family.

Miss Frances Burton, of Lubbock, spent the holidays with homefolks here. She is now connected with the Security State Bank of that city.

Miss Lucy Evans, clerk at the Red Cross Pharmacy, was taken suddenly ill Tuesday night and was taken to a sanitarium in Lubbock the following day for treatment. Late reports state that she is improving nicely.

The Executive Board of the Brownfield Baptist Association met Tuesday, Dec. 30. Messengers from churches in the three counties were present as follows: Rev. J. Pat Horton, Ira Weekly, and Mr. Edwards from Post City; Rev. L. L. F. Parker of Tahoka; Rev. J. E. Anderson and Judge W. W. Price of Brownfield; Messrs. R. H. Timmons and J. G.

Stearns of Meadow; Rev. H. D. Heath wife and daughter, of Wilson. Pastor J. H. McCauley, of Slaton, is Moderator of the Board, and Rev. L. W. Williamson of this city is their Missionary Evangelist. Good reports came in from all their churches and mission field. Bro. Leverett of the Slaton church gave the best report of any board member in the Association. A number of visitors were present, including Pastor W. A. Bowen, of Lubbock.

Mrs. J. C. Giles, formerly of Phoenix, Arizona, after visiting for some time with Mrs. E. C. Abbott, and other friends in this city, left Monday for Snyder, where she will make home in the future. Mrs. Giles lived in this city for a number of years and stated she was acquainted with many of our people.

W. B. Duncan, of Estelline, passed through Lubbock Tuesday enroute to Mineral Wells. Mr. Duncan says Hall county is the best county in the State, of course he is mistaken, he doesn't know about Lubbock county, because he don't read the Avalanche.

### No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 50c per bottle.

E. R. Foster, roadmaster for the Santa Fe, was up from Slaton Tuesday on business. Mr. Foster subscribed for the Avalanche while in the city.

Mrs. C. R. Baldon, of Slaton came up Monday to visit her boy who is in school at this place. Mrs. Baldon returned home Tuesday.

## This Medicine Recommended by a Doctor

DR. J. H. WAGNER

When a doctor uses a medicine himself besides prescribing it to his patients, he must know that it has merit.

This is what Dr. J. H. Wagner, a prominent physician of Skate, Kentucky, has to say about Dr. Hartman's well-known remedy, PE-RU-NA: "I have used PE-RU-NA myself for catarrh and have given it to others for catarrh, bloating after eating and other ailments. It has proved a success in all cases with old and young men and women. All speak well of PE-RU-NA. It is the best of all tonics."

Dr. Wagner, out of the fullness of his own personal experience, for the good of all sick and suffering, recommends a medicine which he knows to be good. You may be sure a doctor would not endanger his professional reputation by endorsing PE-RU-NA unless satisfied beyond a doubt of its value.

Whether your trouble be a cough or a cold, or a more subtle catarrhal affection of the stomach, bowels or other organs, give PE-RU-NA a trial. The immediate improvement which you will see will satisfy beyond a doubt that PE-RU-NA is what you need.

PE-RU-NA may be purchased anywhere in tablet or liquid form.

Sep Smith and family, of Crosbyton, passed through Lubbock Thursday enroute to Ft. Worth, where they will spend some time visiting.

Mrs. W. H. Rampy, of this city, is spending some time with relatives near Memphis, Texas.

Judge G. E. Lockhart's little

daughter died rather suddenly at Tahoka last Wednesday evening. The little girl with other children was playing and it seems the little girl was attacked with apoplexy, probably caused from over exertion.

Mrs. J. P. Dean, formerly of this place, now of Cone, is taking treatment in a local sanitarium.

### SLIDE HAPPENINGS OF THE PAST WEEK

My! my! Old Mother Earth has her winter coat on at this writing. The snow is from 4 to 6 inches deep on a level to several feet deep in drifts, which makes travel very difficult.

Mrs. Lonnie Williams returned home from Seymour Wednesday, where she had been to spend the holidays.

Mr. Budd Abbott was in the community Wednesday. He came out after the thrasher hands, as it was too bad weather to thrash.

O. B. Blagg happened to a very bad accident Tuesday. He came in from Lubbock Tuesday morning about 3 o'clock and built a fire and went to bed. After awhile he woke up. He did not know how long he slept, but it was not day and the house was on fire and he could not get to the door so he kicked the window out and had just gotten out when the house top all fell in, which came very near being fatal to Mr. Blagg, but fortunately he was moving and had his family and most all his household goods moved. He had returned after his last load. He went to Temple O. K.

Mr. B. B. Ater returned Tuesday from near Ft. Worth where she went to visit with her mother during the holidays.

Mr. R. J. Owens and wife of the Ropes community were shopping at Slide Tuesday.

Mr. Dewey Farris and father were callers at Slide Friday evening.

Mr. J. W. Ellison started out to Slide Thursday evening and got

stuck up in a snow drift and stayed all night with Mr. Alvey and family. Grady Harrist went to Lubbock Friday evening and purchased himself a second hand Ford.

Claude Oxford and Tommie Cannon are pulling cotton bolls for C. L. Reiger.

Edd Sanders, Charley Moore, Mitch and Dick Crouch were all at Slide Friday evening.

It is very disagreeable at Slide since the big snow fell Thursday. The snow drifts are several feet deep. Almost impossible to get through them with a car.

B. M. Moore and wife spent Saturday night in the home of R. W. Harrist.

Emma Harrist and Floyd Harrist, Eugene Ellison, spent Sunday with B. M. Moore and wife.

Mrs. C. E. Moreman is spending the week end with her sisters at Amarillo and Tula.

Leonard, Herschel and Wonda Davis spent Sunday with the Posey girls.

J. C. Stanford and wife spent Sunday with P. P. Posey and family.

Miss Julia Posey spent Sunday night with Wonda Davis.

Eugene Ellison was a visitor at H. W. Harrists Sunday.

## You Were Asked Last Week to Watch This Space for This Week's Announcement and Here it is

Mr. S. Lester Guinn, Special Agent of The State Life Insurance Company, W. C. Rylander, formerly District Manager of Kansas City Life Insurance Company, and Fred C. Oliver, for past three years with Drovers National Bank, Kansas City, Mo., have pooled their strength, energy and ambitions to build a great Life Insurance Agency on the Plains of Texas. We have wisely selected and will earnestly represent—

## The State Life Insurance Co.

of Indianapolis—With Resources of Over \$21,000,000.00

We propose to offer to the people of this country one of the most attractive policies ever issued by any company in all the world.

Men are buying Life Insurance as they have never bought it before, and the wise man is waking up to the fact that a "Paid up Life Insurance" Estate is the SAFEST and BEST estate on earth.

Bankers, Lawyers, Merchants, Doctors, Ministers, Teachers, Stockmen, Farmers and Tradesmen are in need of more protection, for the liabilities of business life demand it, and their families are fully entitled to it. It's in the air, and we hesitate to even prophesy what the next five years will develop in this mighty field of opportunity.

Can any thoughtful man, who is fair with himself and to his good family, conceive of any other investment that requires ONLY about 2½ per cent of the purchase price of that investment to

be deposited annually, that will do this:

1st. Pay your annual deposit for you free of charge, if you become disabled from sickness or accident.

2nd. Will pay you a monthly income of \$100.00 (on a \$10,000.00 policy, and proportionate amount for more or less) so long as you live.

3rd. Will pay you an annual dividend of 10 per cent or more, increasing each year, even though they paid your premium, and the monthly income.

4th. PAY YOUR FAMILY the FULL FACE OF POLICY AT YOUR DEATH.

This policy protects you, while you are well. It takes care of you while you are totally disabled; and wholly disqualified for work. It does not desert your family because you die.

# As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

## Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

## Stock Raising on the Plains

For as many years as the Plains Country has known the white man it has been known as a cattle country. Prior to the advent of the white man this section was the buffalo hunting ground of the Indian. Its natural resources makes it ideal for the raising of animals which live and grow on the natural grasses which cover the Plains country.

Less than half a century ago this country was a part of a vast unbroken prairie. The well known Texas Longhorns grazed at will over thousands and thousands of acres. There was nothing to designate them from any other longhorns except the brand on their hip. The stock raiser in those days was satisfied to allow his stock to ramble at will, having the annual roundup to brand those new animals in the herd and to cut out those he wanted to market. There was no particular ambition to the early day stockman. Cattle propagated at will. There was no such thing as pure bred animals. There was no such thing as breeding to increase the grade of the stock. There was but one grade of stock and that was range cattle. If rustlers did not interfere and the stockman could find all his animals at the roundup his profits were gauged by the amount of development his herd had made. He was perfectly satisfied. He resented the suggestions that farmers would break up his ranges and plant feed stuffs. He thought this industry was ruined, but time has disproven his fears and contentions and today while the ranges are not so free and this is still a stock country but far different. Progress and science have had a hand in the reorganization of the Plains country. More stock is raised and better animals are produced and larger profits are realized. Scientific methods have been adopted. More stock can be grazed to the acre augmented by the large volume of feed stuffs produced for feed throughout the winter months. The stock man no longer is forced to send his cattle into the corn belt for feeding, hence that extensive expense is eliminated. He works on his agricultural lands while his cattle graze and raises the feed on time which before was wasted sitting around the ranch house waiting for the animals to multiply. He doubles the value of his time, the value of his animals and as a natural sequence the amount of his income.

In Lubbock county alone there is today 450,000 acres in round numbers of grazing lands. As such as fifteen years ago there was practically no land devoted to agricultural pursuits. Today the smaller ranches have been cut up into farms and these farms have been so divided that a large per cent of grazing lands are maintained and a percent is planted to forage crops. The soil is such as to encourage the raising of these crops which furnishes the feed for the animals during the winter months. Every year finds more acreage under cultivation yet the stock raising industry holds its own, although the tendency is for stock farming in conjunction with agriculture and the future will see few large herds. Naturally there will be a maximum reached some day but until this condition is reached the stock raising industry will continue to increase as will the agricultural production.

The Plains country is a stock raising country and this is one of the principle industries, coupled with grain and cotton raising, but instead of the longhorn his reign having been completed by the advent of the pure bred animal. Today the Hereford is the principle animal raised on the stock raising lands. The pure bred Herefords have been imported and today some of the best blooded animals are to be found on the Plains including animals that will bring on the market for breeding purposes prices as high as \$5,000.

The development of the stock raising industry to its high standard of importance was naturally met with many adverse conditions. To

begin with railroad facilities in the early days of the change from the scrub animal to the pure bred was an important question. The stock man could not market his stock without long drives which caused shrinkage and heavy expense. But still the Plainsmen were persistent and slowly made progress towards the high standard of stock production. Then the railroads came and the whole question was solved. Today Lubbock is directly connected with the leading stock markets which makes it possible again for the stock man to receive a higher percent of profit. In the early days when it took two yearlings to get a pair of cow boy boots, today one yearling will get these boots and a substantial handful of change is returned, yet the boots cost more than twice as much as they did in the early days.

Soon after the advent of the railroad several prominent stockmen on the Plains conceived the idea of shipping in pure bred cattle. These large herds were shipped to the Plains country and distributed over this section. One thriving little city on the Plains, the city of Hereford, was named after a large herd of these cattle which were shipped in at that time. The enormous number of cattle on the Plains today are all practically descendants from those herds shipped in in an early day. The pedigree of many of these animals has been brought down to date, hence the stockman who pays \$5,000 for a breeding animal knows by tradition just what his ancestors meant to the stock industry on the plains.

There are many large stock farms on the Plains near Lubbock where nothing but Herefords are produced. The Spade Ranch, operating in Lubbock, Hockley, Cochran and Palmer counties has more than 40,000 head of pure bred animals on it at this time and at that the herd is materially small compared to the herds which are generally raised on this ranch. These are all beef cattle and are in excellent condition. The Slaughter Cattle Company, fifty miles west of Lubbock have thousands of head of pure bred Herefords all range beef cattle. George Boles farm, four miles southeast of Lubbock is heavily stocked with hundreds of head of registered Herefords and the Mollie D. Abernathy and Sohs ranch have several hundred head of registered Herefords. These are but a few of the many large stock farms in this section stocked with Herefords and are mentioned to show that Lubbock is entirely surrounded with this class of stock and the entire Plains is covered with them.

Instead of the ranches as in the days gone by this country has adopted stock farming as an industry. That is to say the stock raiser makes a study of his animals in breeding. He has his animals set off and apart from his farm. He raises his feed and markets it on the hoof through his stock. In other words he virtually makes one hand feed the other and with the assistance of the department of agriculture has placed the industry on the same business basis with which the mercantile establishment is operated.

There are many reasons why a portion of the Plains country will always be a stock raising country. First the high and dry altitude is conducive to the good health and development of the animals. Again plenty of good pure water is always available for them. If surface water is not plentiful an inexhaustible supply can be secured within forty feet of the surface. There are no diseases common to animals and the Plains country is free from the tick.

The stock raising industry this year is not what it will be a year from now or two years from now. The two year period of adversity which was visited on West Texas has in a measure been a favorable thing for the stock raising industry, while on the other hand it has materially decreased the number of cattle to be found in this country. The dry weather made it necessary for the stock men to send thousands of head of cattle to market and to ship them out of the country because of feeding conditions. In every instance however every stockman kept as many head as he could feed and in choosing these animals he topped his herds. The result is that the stock which is to be found on the Plains today is the highest grades of animals available. Many car loads of pure bred animals have been shipped in this year with the bountiful supply of feed but it will be next year at least before the stock raising industry will have gained back the time lost in its advancement by the dry period although wide strides have been made during that time towards the increasing of the standard of the breeds. The principle marketing points of this country are Ft. Worth, recognized as the most extensive stock market in the great Southwest and the west and Kansas City, which for many years has been a marketing center.

The dairying industry, which is an industry going hand in hand with stock raising has not been very extensively developed in the Plains country, which to the reader not familiar with the progress of this industry will probably appear peculiar. However recently much attention is being paid to the dairying industry and the county agent will next year organize a Dairymen's Association with the idea in mind of developing it. There are now a few fine herds of Holsteins and Jerseys in the county used for dairying purposes and in every instance the industry has proven remunerative and eventually this industry will occupy an important position in the resources of the Plains.

## Speed-Board.

Miss Daisy Delma Speed and Mr. Joe Hoard, both of this city, were quietly married last Saturday afternoon at 5:30, Rev. W. A. Bowen of the Baptist church performing the ceremony.

The bride is a niece of Mrs. Mattie Pierson, of Lubbock, and is one of the popular fourth grade teachers in our school. She has made many friends by her charming personality since coming into our midst.

The groom is employed in the McAdams Lumber Co., and is a young man of exemplary habits. He also has recently come to Lubbock from Sherman, where his father, Dr. Hoard, resides.

Mr. and Mrs. Hoard have rooms in the home of Mr. and Mrs. A. M. Rankin.

Mrs. John Jarrott was hostess to the Kolonial Kard Klub last Tuesday. A tempting two-course luncheon was served at the noon hour and the afternoon was devoted to playing Bridge. Mrs. L. T. Martin made high score and was presented with two lovely hand embroidered handkerchiefs. The following members were present: Mesdames Martin, McLarty, Slaton, Rush, Powell and guests Mrs. Peck, of Concordia, Kansas, and Miss Bernice Wolffarth.

Mrs. Neil Wright will entertain the Auction Bridge Club next Tuesday.

Mrs. J. B. Cole and Mrs. Dorsett, of Crosbyton, visited at the home of Mrs. E. R. Haynes last week.

Mrs. R. B. Haynes, form Tahoka, visited Tuesday with Mr and Mrs. E. R. Haynes.

Mrs. W. H. Dallas, and daughter, from Brownfield, visited in Lubbock during the week-end.

Mrs. Van Sanders returned to her home in Kansas City this week, after visiting her father, Mr. William Tubbs who is ill in a local sanitarium. Mrs. Sanders lived in Lubbock many years before moving to Kansas City and has a host of friends here who are always glad to see her.

Mrs. W. M. Lane, formerly of Lubbock, but now of Colorado City, is in a local sanitarium, having underwent an operation.

Miss Mary Elizabeth Barrier is a new member in the home of Mr. and Mrs. G. C. Barrier.

Mr. and Mrs. William Peck, of Concordia, Kansas, are guests of their daughter, Mrs. J. J. Noone.

Mr. and Mrs. Odum, of Slaton, have been the guests of Mrs. Odum's sister, Mrs. J. P. Posey.

The ladies of the Wednesday Needle Club were entertained this week by Mrs. C. J. Wagner and Mrs. Floyd Beal. Luncheon of hot chicken sandwiches, whipped cream and coffee was served to the following: Mesdames Maddox, Cole, Hall, Bacon, Pollard, Robbins, Briggs, Mast, Arnett, Mrs. White, of Coleman, was an appreciated visitor.

The 1911 Needle Club was delightfully entertained last Thursday afternoon by Mesdames Mast and Vick-

ers in the apartment of Mrs. Mollie D. Abernathy. A most pleasant afternoon was spent in conversation during which time needles were busy with dainty needle work. Refreshments were served the following ladies: Mesdames Duggan, Bledsoe, Beal, Oliver, Fenton, Johnson and the hostesses, Mrs. Mast and Mrs. Vickers.

The Friday Needle Club was entertained last week by Mesdames W. C. Bryan and G. W. Scott in the home of Mrs. Bryan. It was the annual election of officers and Mrs. Norman Payne was chosen president, Mrs. G. W. Scott, vice president, Mrs. W. E. Twitty sec-treas. Refreshments of cake, punch, coffee and whipped cream were served the following: Mesdames J. O. Jones, Newman Payne, W. E. Twitty, W. H. Long, Hoyt Agnew, G. W. Scott, F. C. Mitchell, W. A. Humble, and the two hostesses, Mesdames Scott and Bryan.

## A Good Investment

If you want to get the largest dividends out of your investment buy a share of stock in the Lambeth Automatic Engine and Tool Co., of Dallas. The first manufacturer of the South. Why let the North manufacture our supplies when we can do it here in the South. We will manufacture any and everything used in the oil field, coupled with the Lambeth Automatic Engine. Our engine, the most wonderful piece of machinery ever invented. It runs by air and pumps its own air from its own power, as it runs by the means of two air compressors which will keep the air tank filled as fast as the engine uses it.

Are you aware that there is a possibility of this company paying the largest dividends of any company operating in the world?

### LUBBOCK COUNTY WOMEN ARE YOU ALIVE?

To the fact that you can vote in the next primary for Presidential Elector, Congressman, Governor, all other State Officials, and County officials, if you pay your poll tax?  
To the fact that thirty-six States will most probably ratify the Federal Suffrage Amendment before election time, and you can vote in the election proper, if you pay your poll tax?  
To the fact that you will be prepared to defeat your opponents, who are working night and day to deprive you of both the primary vote and full suffrage, if you pay your poll tax?  
To the fact that you effectively contradict your opponents, who are asserting that the women of Texas do not want the ballot and will not pay poll taxes, if you pay your poll tax?  
To the fact that you will be always ready to protect hard won reforms, if you pay your poll tax?  
To the fact that you add one dollar to the school fund, if you pay your poll tax?  
To the fact that you can not meet your civic obligation, unless you pay your poll tax?  
January 31st is the last day in which you can pay your poll tax. Do not wait until then but pay today.

### LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Precosone costs but a few cents at any drug store. Apply a few drops on the corn, callus and "hard skin" on bottom of foot, then lift them off. When Precosone removes corns from the foot, the corns fall from the bottom of foot, leaving no scars, and the foot is healthy and comfortable.

## Briggs & Young

When a man chooses a family physician, he does so because he believes that the physician is competent to take care of the ills to which his family may be subject, and will give him real health service.

The same should be true, and is true, with many people, in their choice of an insurance agent. While the writer does not claim that fire insurance is of equal importance to health, yet the comparison is not out of place.

The average man who has property to insure, knows very little about fire insurance. He knows that he can get a firm to insure a certain piece of property for a given amount, but very few, even when they read the policy, understand the principles upon which the policy is written, or how the rate is figured. For the information of the reader, the following is the method by which the rate is arrived at in Lubbock.

This is based first upon the city itself, the amount of fire protection available, such as waterworks, and pressure of water at the hydrant; the equipment and kind of fire fighting force; and the general character of buildings; cleanliness, etc.

Upon these points is figured the key rate of the city, and upon this key rate is based the rate of all buildings. The key rate of Lubbock is 37c which is lower than in many cities of this size in the state.

In getting at the rate on any one building, the character of the building is taken into consideration; as to whether it is frame or brick, the location, distance from a fire plug, distance from and character of adjoining buildings, kind and condition of flues, occupancy; all have something to do with the figuring of the rate, so it is easily seen that the people of Lubbock can raise or lower their own rates by their own actions.

Insurance today is a real profession which requires considerable study, and close attention to details.

The firm of Briggs & Young was organized about four years ago, in the name of Briggs & McWhorter. A few months ago Mr. Young bought the interest of Mr. McWhorter.

During these four years they have paid close attention to their business, and have built up the largest agency in the city. They have done this by paying strict attention to their business and being always on the job. The firm has taken great interest in the improvement of fire risk conditions, and has co-operated with the citizens of Lubbock in their efforts to keep down fire hazards, and reduce the rate.

Briggs & Young believe in the present and future of Lubbock country, and have cast their lot with this city. They are always found backing every movement that is for the good of the community, and are always found upon every subscription list passed around for money to be used in the interest of Lubbock. They state that they are here to stay, a matter which is well worth considering when it comes to placing insurance. Hundreds of business men and citizens place their insurance with this firm, just as they place the health of their families in the hands of a physician, well knowing that their insurance interests will be well taken care of.

The slogan which they carry in their advertising, "Someone always on the job", is well chosen, and represents the standard upon which they do business.

# Do You Know, or Did You Ever Stop to Think

Why you would rather trade with one merchant in preference to another? It isn't necessarily that one merchant has better goods, or cheaper prices. If you have ever reasoned it out, you know it is because one merchant gives a little better SERVICE.

NOW THAT IS JUST WHERE WE SHINE. We can't give better prices. Most agents have good standard companies.

SO WE KNOW THE REASON SUCH A LARGE PERCENTAGE OF PEOPLE PREFER US TO WRITE THEIR INSURANCE, IS BECAUSE WE RENDER SERVICE ALL THE TIME.

## Texas Utilities Company

The Texas Utilities Company, of Lubbock, was purchased by this company in 1913, from the firm known as Malone Bros. This company has industrial plants all over North Texas, and is known over this territory as one of the strong institutions that strive to give to their customers the best obtainable in service.

In the plant operated in our city for lights, the power is derived from internal combustion engines installed in a cement block building. Here the engine room of the company embraces space of about 60 by 100 feet and the boiler room occupies a space of about 40 by 60 feet. The internal combustion engines used here are of the well known and famous make bearing the name of Deisel, developing about two-hundred horsepower. This engine burns crude oil, one of the cheapest fuels obtainable in this section and the one that is probably used more than any other. The oil burned is fed to the engine by automatic pumps. In addition to this internal combustion engine the Texas Utilities Company have in their plant in our city, two steam engines capable of developing one hundred horsepower each. These engines are not run regularly, but are held in reserve for the demand for power or other emergencies which oftentimes happen in these industries. In addition to these, the company is planning to install two new switch board panels and two more large motors for auxiliary purposes.

The Texas Utilities Company also maintain an ice plant here. They have successfully supplied ice to our city and to numerous other towns that are contributory to Lubbock. This particular trade develops to a great extent during the summer months. This plant is of 35 ton capacity daily, using the raw or plain water method. The plant will be overhauled, we are assured by the management, in preparation for the extension and maintaining high class service next season. New machinery will increase the output of the plant 10 tons daily.

In the ice plant are two Stacy-Hedges boilers of 150 horsepower capacity. They are held in reserve for emergencies. During the summer months there are about fifteen men employed in this business and eight during the winter months. The plant does not run to full capacity during the winter months.

The Texas Utilities is under the management of Hubert L. Allen, of our city, a young man who recently returned from several months service in the army. Mr. Allen in his short time here has created an extensive friendship. He is a man of pleasant personality and other qualities that point him out as a thorough gentleman. Mr. Allen was employed with this company for four years prior to enlisting in the army.

### You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

**GROVE'S TASTELESS CHILL TONIC** restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

**GROVE'S TASTELESS CHILL TONIC** is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

### RETAIL MERCHANTS' ASSOCIATION MEETS

The regular monthly meeting of the Lubbock Retail Merchants' Association was held in the Justice Court room of the court house at 1:30 p. m. last Thursday. Due to the inclement weather, only about twelve business firms were represented at this meeting.

However, the meeting proved a very interesting one and much interest was evidenced by those who were present including several interesting talks. It was voted at this meeting to hold a call meeting of the Association next Thursday, January 15th, at 2:00 p. m., for the purpose of perfecting the organization of the Association, electing a board of directors, and attending to other important business. It is hoped to have a larger attendance at this meeting, and every local business man or firm is urged to be present or to send some one to represent his firm.

Mr. and Mrs. B. F. Hodges, left Tuesday for Lubbock, Texas, where they will spend several weeks. While there their small son will receive medical treatment.—Hereford Brand.

### 1919 INCOMES TAX ARE LESS THAN FOR 1918

Washington.—With the opening of the New Year comes the first date for the filing of income tax returns. Heavy penalties are imposed for those who fail to file their returns between Jan. 1 and March 15. The full tax may be paid in full at the time of filing the return or in payments in four installments. The first must be paid by March 15, second by June 15, third by Sept. 15, and fourth by Dec. 15.

The period for which the income tax is assessed is the calendar year of 1919.

The ordinary taxpayer will not be obliged to pay quite as much as last year, although the rate still is far greater than pre-war rates.

**Exemptions Unchanged.**

The exemptions of \$1,000 for single persons, and \$2,000 for married persons and heads of families, remain the same as for 1918. The normal rate for 1918 is 4 per cent on the first \$4,000 of net income above the exemptions, and 8 per cent on the remaining net income. Last year the normal rate was 6 and 12 per cent, respectively.

Besides the exemption of \$1,000 for single persons and \$2,000 for married there is an additional exemption of \$200 for each dependent under 18 years of age.

**All Must File Returns.**

Every person whose income equalled or exceeded \$1,000 for single persons, or \$2,000 for those who are married, must file a return regardless of whether the income is large enough to require the payment of the tax.

Forms for making returns will be available at offices of collectors of internal revenue and deputy collectors, postoffices and banks. What is known as form 1040 A is for use of those with incomes of \$5,000 or less, while form 1040 is for those with larger incomes.

Taxpayers must report under gross income salaries, including bonuses, interest received on notes and from bank deposits, dividends or stocks; profits from the sale of property; profits from stock market transactions, income from industries, partnership profits and royalties from mines, oil wells, patents, copyrights and franchises.

**Property Not Taxable.**

Items which are not taxable and need not be included in the return, are property received by gift or inheritance, proceeds of life insurance policies, returns of premiums on life insurance, endowment of annuity contracts, amounts received through accident or health insurance or under workmen's compensation acts, interest on obligations of any state or any city, town, county or village, interest on Liberty bonds to the par value of \$5,000, interest on securities issued under the Federal Farm Loan Act, and amounts received during the war by persons in the active military or naval forces up to \$3,500 in addition to personal exemption.

Deduction from gross income in determining net income includes all business expenses in the conduct of a business, trade or profession, a

It will lead because it gives so much more in smooth-flowing power, in ease of riding, in style and quality, than other light cars. Thousands of Cleveland Sixes are on the road right now, performing in every sense and in the last degree right up to expectations.

Dealers demanding much have driven Cleveland Sixes thousands of miles across country, over every kind of roads, putting the car to every conceivable test. And they say there is no other light car like it. No other that will do so much and do it so well and so economically.

Cleveland owners are enthusiastic about its ease of driving. "It handles like a feather." "You can drive it with one finger." "It just almost steers itself." These and hundreds of other

phrases of praise come from enthusiastic Cleveland owners.

"It steps out as fast as any car that was ever built." "The speedometer slips around to forty or fifty before you know it." "There's practically no vibration." "It fairly glides over long mountain climbs." Cleveland owners tell us all these things and they will tell you if you ask them.

To really know and appreciate the Cleveland, to understand all that we mean when we say it is so much better, you must ride in it and drive it.

## Why Brunswick Tires Win Preference

There are two main reasons—one, the name itself, which certifies superior value—the other, that time tells the same story.

Thus reputation and performance unite in giving you all you expect—and more.

Yet Brunswicks cost no more than like-type tires. Many motorists would pay more readily, but the Brunswick idea is to GIVE the utmost, rather than to GET the utmost. And this has been true since 1845. You can appreciate what Brunswick Standards mean by trying ONE Brunswick Tire. It will be a revelation. You'll agree that you could not buy a better, regardless of price.

And, like other motorists, you'll decide to have ALL Brunswicks. Then you'll know supreme satisfaction from your tires—longer life, minimum trouble, lower cost.

### CANYON HIGH SCHOOL NOTES OF JANUARY 5

Our school started last Monday  
morning, Dec. 29, after having two  
weeks vacation. We were glad to  
get started back into school.

Besides the old pupils there was  
a large number of new pupils. There  
are ten new pupils in the primary  
department, eight new pupils in the  
intermediate room, nine in the high  
school department. We are glad to  
have all these new pupils in our  
school.

We have enough girls to organize  
a splendid ball team and we are go-  
ing to defeat every team that we  
play.

Misses Laura and Bernice Forbes  
were visitors in our school Friday.

Little May Tom Simmons was a  
visitor at our school Monday.

We received quite a number of  
our new books this week.

We spent most of New Years af-  
ternoon cleaning our school yard, so  
the inspector will speak well of our  
school.

Mrs. Castle, our primary teacher,  
resigned her position teaching and  
moved to Brownfield. All her pupils  
were disappointed when she left. We  
have been unable to get another so  
far. Miss Evis Beville is teaching. All  
the pupils like Miss Beville just fine.

Miss Helen Barnett has come to  
take the primary room. She will  
teach the rest of the term of school.

There was quite a number of pu-  
pils absent from school Wednesday  
and Thursday on account of the bad  
weather.

Those absent Friday were: Theima  
and Willie Mae Thompson, Rena and  
Dessie Stricklin, Hazle and Ruth  
Green, Vada Sides.

Lucile and Emily Wagner were  
absent from school last week on ac-  
count of sickness in the family.

Mary Potts started back to school  
last Monday.

Those that were visitors at our  
school Friday were Messrs. John Be-  
vill and Melba Thompson and Miss  
Luvell Fowler.

Hazle Green was taken real sick  
Monday morning and was carried  
home. We were all very sorry.

Maud, Ora, and Ruth Hufstuffer,  
Cullen, Julia and Milton Richard,  
Annie and Hubert Richard, were ab-  
sent from school Friday.

We are expecting Miss Halsey out  
to our school to organize a canning,  
poultry and rabbit club.

There is quite a large number of  
Pupils in school and there is a large  
number coming in every morning.

### WOODMEN CIRCLE HAD AN ENJOYABLE MEETING

On Monday night, Jan. 5, occurred  
the annual joint installation of offi-  
cers of the Woodmen of the World  
and Woodmen Circle, elected for the  
year 1920.

Beautiful floor work exemplified  
by the drill team, with Mr. Willis as  
Captain, was an interesting feature  
and thoroughly enjoyed by those  
present as was also the numbers ren-  
dered by one of Lubbock's fine or-  
chestras with Mrs. Minnie Diffendaf-  
fer at the piano.

Rev. Collins was installing officer  
for the Woodmen and L. O. Griggs,  
escort. J. A. Jordan was installed as  
Council Commander, L. O. Griggs,  
Banker, L. C. Montgomery, Advisor  
Lieutenant. Rev. Collins, Past Coun-  
cil Commander; W. C. Bryan, K.  
Carter and H. D. Phillips, Managers.  
A. Judd, chaplain, Mr. Weed, watch-  
man and Earl Ince, escort.

Mrs. R. W. Heim was installing of-  
ficer for the Circle and Mrs. S. T.  
Hall, installing attendant. Through  
the courtesy of the Woodmen Drill  
Team the Circle officers were also  
escorted to their stations. Those  
elected for the new team were Ger-  
trude Bryan, Past Guardian, Maggie  
Mallard, Guardian; Claudie Heim,  
Advisor; Mabel Thorp, Clerk; W. B.  
Thorp, Banker; F. K. Mitchell, W. C.  
Bryan, and Marion Trimble, Man-  
agers, Anna Mallard, Attendant; Mrs.  
Lens McElroy, Assistant Attendant;  
Mrs. Essie Brown, Chaplain; Mrs. T.  
T. Carpenter, Inner Sentinel; Ada  
Hopper, Outer Sentinel; Adelaide  
Summers, Musician.

When all officers had been given  
their charges, an oyster supper was  
served in the banquet hall.—Sov.

Monday from Muleshoe. He had  
been out on his district rounds.

Robert Young, and his newly made  
bride, of Ralls, Texas, after spending  
some time on a honeymoon in Sweet-  
water, and other points east, passed  
through the city Monday enroute to  
Ralls where they go to begin making  
a home.

E. G. Cades, of Brown county,  
passed through the city Monday en-  
route to Plainview, where he is mov-  
ing to make his home.

Mrs. C. R. Woffard, of Ralls, was  
in Lubbock Thursday returning home  
from Wichita Falls, where she had  
been to visit.

# Will a Battery Freeze?

Yes, if the specific gravity is not above 1100.

BUT—a fully charged battery with the proper gravity reading  
will NOT freeze—even in Amarillo.

SO—if your battery freezes it is your own fault. Simply be-  
cause you would not avail yourself of our Free Testing and Filling

**HOW TO ORGANIZE A HOG IMPORTING CAMPAIGN**

The West Texas Chamber of Commerce has perfected co-operative plans with the Fort Worth Stockyards Co. of North Fort Worth, Texas, by which commercial organizations, banks and Units Organizations in West Texas may conduct along approved lines campaigns for the immediate importation of pure bred Poland China and Duroc Jersey hogs into West Texas. The plan follows:

Call a meeting of farmers and ascertain how many desire to import hogs for breeding purposes only. Take their orders and either checks representing their respective purchases or bank arrangements for the same. In many places, the banks will advance funds, payable in installments for this purpose. An order for at least one car load must be made up. We recommend the purchase of hogs weighing an average of 160 pounds. 50 to 65 such sized hogs will make up a carload, and in no event over 70 hogs, which is the maximum. After the orders have all been taken, and it has been ascertained that you have orders for one or more carloads, then have your bank notify O. W. Matthews, Secretary, Fort Worth Stock Yards Co., North Fort Worth, Texas, of the number desired, and that the bank will honor draft for said hogs upon arrival of the hogs at your nearest shipping point.

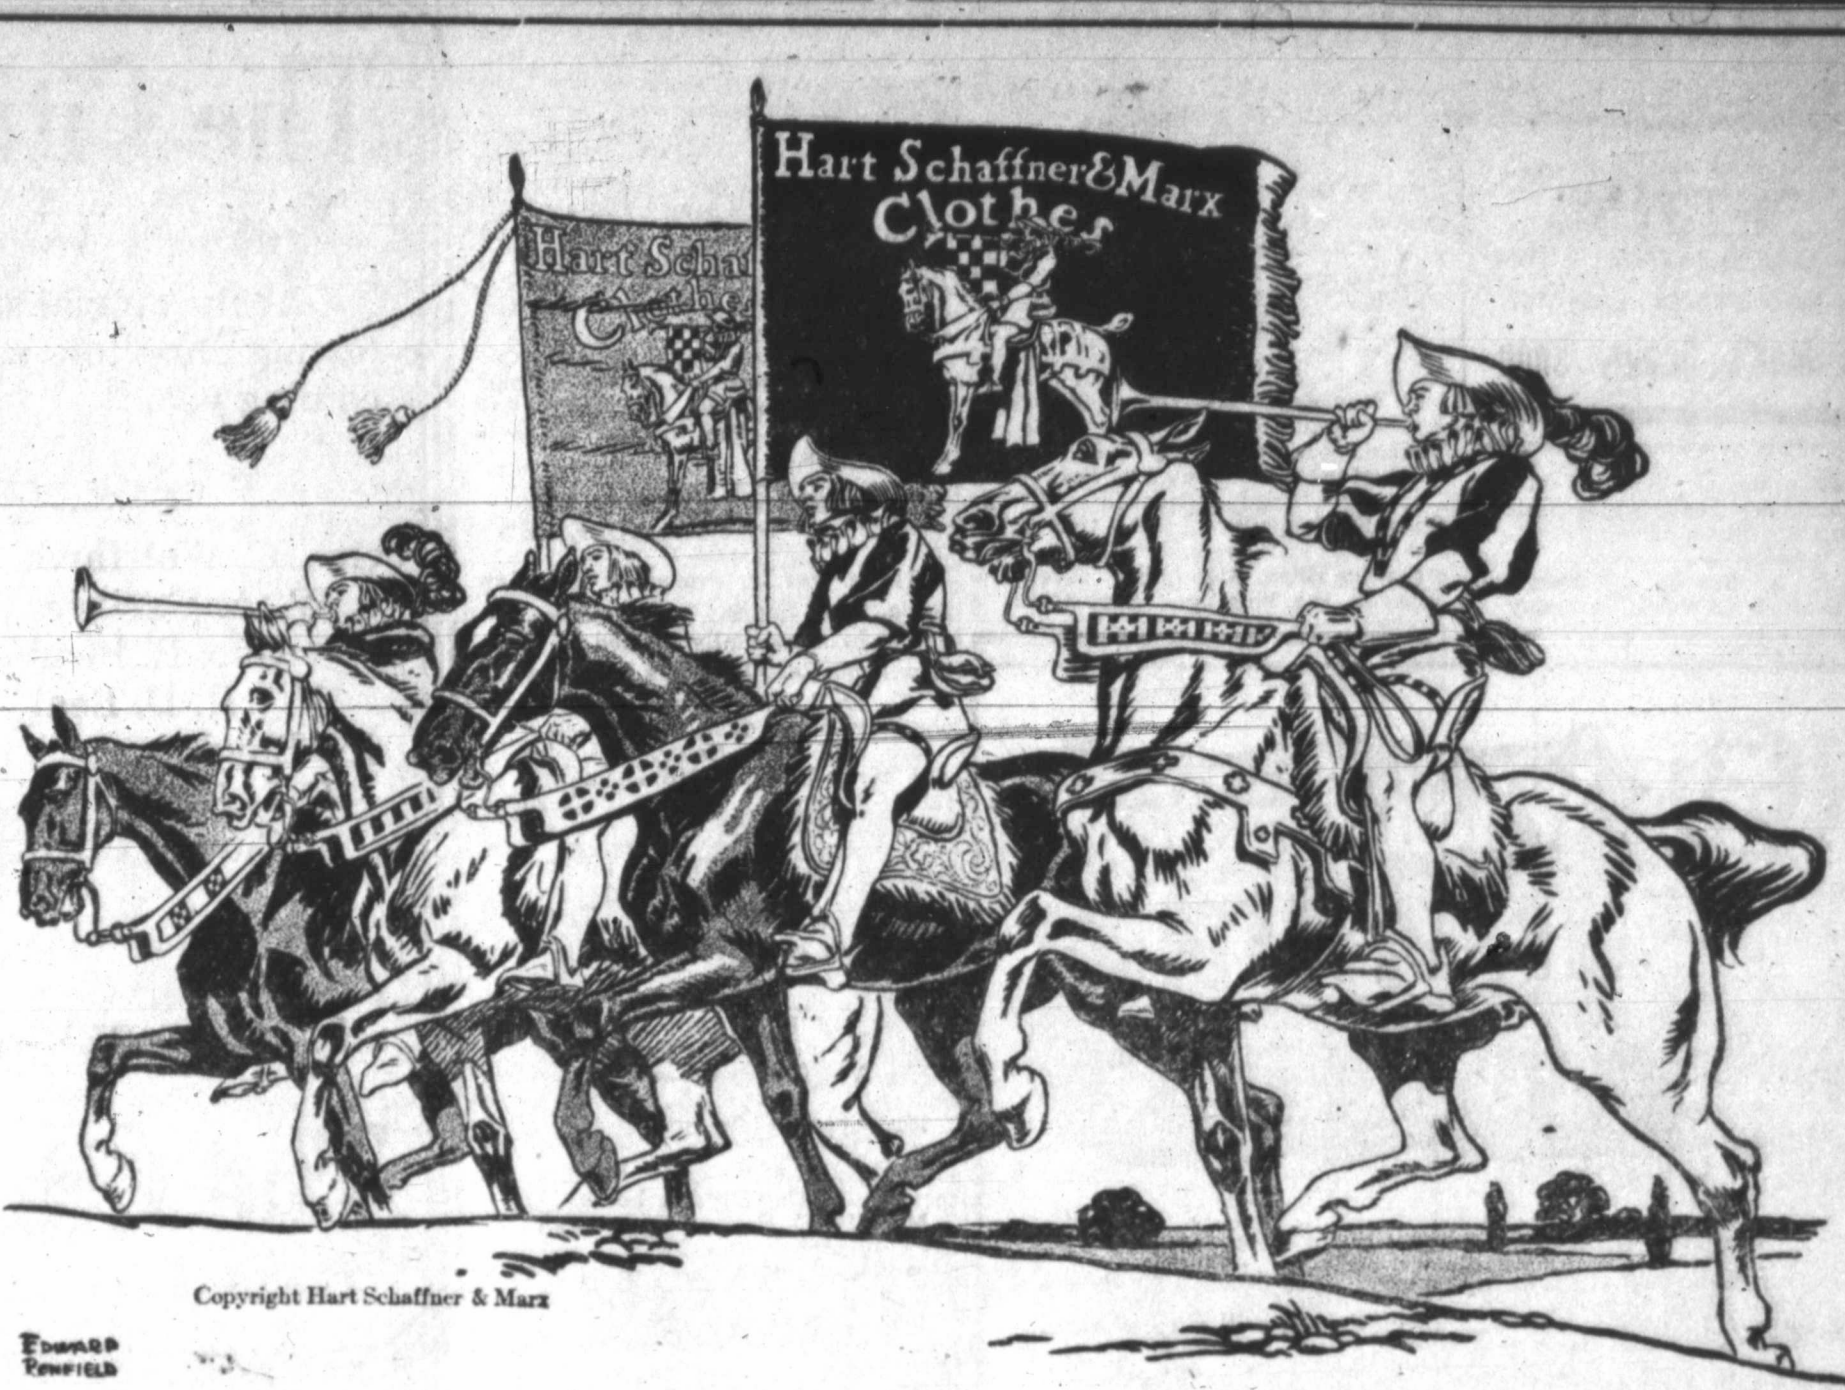

When the Stockyards Company receives your order, they will immediately pick from the best hogs on the stockyards market sufficient hogs to fill your order. These hogs will then be placed in quarantine for 30 days and fed. They will be given the simultaneous hog cholera treatment, and also immunized against hog flu, pneumonia, etc. They will also be tested and if they show fever, the Government Inspectors will throw them out. Before these hogs are shipped, they will again be inspected and if they show fever, will be thrown out. The cost of the hogs will be the exact price as shown by the daily livestock market, plus the feedings for 30 days and the cost of the immunization treatment. These hogs will not be registered but be pure bred Poland China or Duroc Jersey stock.

Mr. C. C. French, representing the Stockyards Company, is now making a tour of West Texas, in the plans for this campaign, but you can go ahead and put on a campaign without his aid, carrying out the plan as suggested above.

We think you will find that the farmers in your locality will be glad to join the movement, and have an opportunity to get some of these fine selected hogs for breeding purposes. If you desire further information, write to Mr. O. W. Matthews, Secretary, Fort. Worth Stockyards Co., North Fort Worth, Texas, West Texas Chamber of Com.

Ragged wounds are painful and cause much annoyance. If not kept clean they fester and become running sores. BALLARD'S SNOW LINIMENT is an antiseptic healing remedy for such cases. Apply it at night before going to bed and cover with a cotton cloth bandage. It heals in a few days. Sold by All Druggists.

Mrs. J. H. Rice, mother of Mrs. O. B. Trinkle, left last week for Fort Worth, where she goes for the purpose of making her home for at least several months. Mr. Rice will leave for Fort Worth to join Mrs. Rice as soon as he can wind up his business. We regret to see these good people go away.

## HIGH SCHOOL NOTES

(By Irene Lowrey.)  
Wednesday morning Mr. Dupre  
gave us a little talk in chapel on  
having a good time in the snow. Sev-  
eral of the boys acted on Mr. Dupre's  
suggestion to have a good time by  
washing Mr. Slagle's and Mr. Starch-  
er's faces in the snow.

Miss Speed, the fourth grade  
teacher, was married to Mr. Hoard  
last Saturday. Mr. Dupre is looking  
for another teacher again.

Friday morning the choral club  
conducted the chapel exercises. Be-  
sides two songs rendered by the  
Choral Club, there were two solos,  
one sung by Lawrence Martin, the  
other by Ellen Blomquist. Everyone  
enjoyed the singing. Mrs. Gelin is

to be congratulated for the success  
she has made of the Choral Club.

Friday afternoon Miss Cole rush-  
ed the Seniors through their civics  
lesson so that they might have a "pro-  
gram". Each senior was to have  
taken part, but there was not time  
enough for all of them. The "pro-  
gram" consisted of a speech by Da-  
vid Benson and a song by Mary Dick-  
inson.

The Seniors are greatly elated by  
the news that their class jewelry has  
been shipped and will arrive in a few  
days.

The Sophomore girls sang in chap-  
el Tuesday morning. The Sopho-  
more boys promised that they will  
sing the next time without the help  
of the girls.

## THE WEEKLY BATCH OF NEW HOPE NEWS

There will be preaching at New  
Hope, next Sunday afternoon. Ev-  
ery body is cordially invited to come.  
It will be Rev. Pollard's last Sunday.  
We are having some 'real winter  
weather these days.

with Mr. and Mrs. W. D. Dryden.

Mr. and Mrs. E. J. Cowart were  
Lubbock visitors Friday.

Mr. M. Keesee left Monday with  
his household goods. We regret to  
lose these good people from our  
community.

Mr. S. P. Eoff and sons, Messrs.  
Calvin and Ealy were Lubbock vis-  
itors Friday and also Saturday.

Mr. Virgil Cowart was in town  
Friday.

Mr. Lynn Wylie was in town Fri-  
day.

Mr. Ealy Eoff spent Sunday af-  
ternoon at the Dryden home.

Mr. Virgil Cowart was seen in  
town Saturday afternoon.

Mr. L. C. Boyd was in Lubbock  
Monday.

Messrs. Bevers and Anthony, who  
live on the R. Huber place, are haul-  
ing lumber to build another house  
on the place.

It has been so bad that people  
could not go anywhere, therefore  
news is scarce in this part of the  
world.

## John Deere Disc Plow---John Deere Pony Disc Plow Especially Built for Texas

The John Deere Disc Plow opens a full width furrow of uni-  
form depth the first and every time around the field, and makes  
deep, square corners, turning either right or left—convenient  
levers make this fine work possible.

Cut of each disc can be set at 8, 10 or 12 inches—the design  
of the frame permits this.

Plow is held to its work by weight of driver and down-pull  
of team on the hitch—not by useless weight on the frame.

Adjustable scrapers keep discs clean and assist in turning  
and pulverizing the soil.

The John Deere Disc Plow is furnished as a one, two or  
three-disc plow.

24-inch discs are the regular size discs for the John Deere.

The John Deere Pony Disc Plow is built so that positive and  
even penetration is assured at all times.

This is a strong light plow, especially adapted for use with  
small mules or light horses. Genuine John Deere materials and  
workmanship throughout.

Weight of operator, down-pull of team on high hitch and  
setting of discs force discs into the hardest ground.

Special hanging lever controls furrow wheel. Plow can be  
made to take more or less land quickly and easily.

Spring hitch plate—advantageous when plowing in rough,  
uneven ground or across irrigation ditches. Plow does not  
jump out of ground.

Best quality steel discs. Set to insure best work, easy pen-  
etration and perfect pulverizing of the ground.

Scrapers prevent excessive pressure on discs. Give turning  
effect of moldboard and improve the quality of work. Adjust-  
able up or down, forward or back.

Cast wheels with V-shaped tires hold plow to work. Equip-  
ped with oil-tight, dustproof boxes. Flanged tire wheels fur-  
nished when wanted.

The John Deere Pony Disc Plow is made in single and dou-  
ble-disc sizes.

### KINDERGARTEN HELPS FOR PARENTS

Concerning Manners. (By Eva March Tappan, Ph. D.) "I assert confidently that it is in the power of one American mother to make as many gentlemen as she has sons."—Marion Harland. My text is the manners of two little children who called upon me, each with her mother. When Three-year-old was introduced, she put out her tiny hand and said with a charming smile, "How do you do? My mamma said you liked little girls." "Mamma" opened her bag and out came three-year-old's best beloved doll. In two minutes Three-year-old was playing happily in the bay window, while her mother and I had the long talk that we wanted. When Four-year-old called and her mother said, "This is my little

daughter," she made no response to my greeting, but promptly seized my prettiest sofa pillow, threw it on the floor, and trampled over and over its delicate silk with her dusty sandals. Her mother said nothing, but when she rose to leave, she was quite severe with little Four-year-old because she neglected to make the formal courtesy that she had been taught. "Evidently her home training in good manners consists in learning to make that courtesy," said a friend who was present; but I fancied there was something more than that back of the difference between the two children. Of course calls on grown ups are dull matters for small folk, but little Three-year-old had, by the thoughtful word of her mother, been put in a mood to please and be pleased, which is the foundation of pleasure in society. Poor little Four-year-old was "at odds with her environment," and her mother had not said the thoughtful word that might have helped her.

Whatever life may bring to a person, there is one thing certain, he will have to mingle with other people; and good manners which have their rise in a kindly feeling toward others will be a great help. Of whatever follies kings and queens have been guilty, they have generally realized that much of their popularity must rest upon the impression that their manners make upon people. Long before Queen Victoria could speak plainly, she was taught to make a little bow and say, "Morning, lady," or "Morning, sir," when anyone approached her little carriage. Years later, a sailor lifted her small daughter on board the royal yacht, saying as he set her down, "There you are, my little lady." "I'm a princess," the child retorted. "I'm not a little lady." The watchful mother said, "That is true. Tell the kind sailor that you are not a lady yet, but that you hope to be one some day."

How can children be taught courtesy? The foundation, of course, is to teach them by word and example to feel kindly towards the people around them. Show them the little ways of thoughtfulness by which they can express this kindliness of feeling. Teach them not to save up their good manners for strangers, and emphasize this by treating them with the same courtesy that you wish them to manifest. "I like to have the Blanks come to play with my children," said a mother, "for they are never rude and rough in their games." I was interested to ask the mother of the Blanks how she had brought this about. "I really believe it is due to our after-supper hour," she replied thoughtfully. "For an hour after supper I do whatever the children choose and as one of them. We read aloud, we go to walk, we make candy, we snowball one another, we play games, sometimes wild, rellicking

games and I do not ask for any special privilege on the ground of being a grown up. But of course the children would not think of "tagging mother" too roughly or making hard snowballs when one might happen to be thrown at her; and they won't quarrel about who shall stir the candy when they know that mother is waiting for her turn. If they practice self-control and courtesy with me, they will be more likely to practice it with others."

### NOTICE TO CONTRACTORS.

Sealed proposals will be received by the Board of Directors of the Lubbock Sanitarium, Lubbock, Texas, until 12 o'clock, noon, of the 16th day of February, 1920, for the letting of the contracts for the building of the additions to the Lubbock Sanitarium building and the heating of the same.

Plans and specifications may be seen at the office of the Sanitarium in Lubbock, Texas, and a deposit of \$25.00, or a certified check, will be exacted for the safe return of the plans on the date agreed upon.

Each separate proposal must be accompanied by a check to be certified by the President or Cashier of the bank upon which it is drawn, for \$500.00 on the building contract or \$100.00 on the heating contract made payable to Dr. A. R. Ponton, President of the Lubbock Sanitarium, Lubbock, Texas, and to be forfeited to the Sanitarium for damages sustained in case the bidders, within five days, fail to enter into contract for the work bid upon and to give a satisfactory surety bond, as required by the laws of Texas on public works, for the faithful performance of the contract, and to secure the owners against loss from damages or mechanic's liens within five days, in case award is made to him.

The Directors reserve the right to reject any part of or all bids.

The bids are to be sealed and addressed to Dr. A. R. Ponton, Lubbock, Texas, and must be plainly marked on the outside "Proposal for building the Additions to the Sanitarium at Lubbock, Texas" or "Proposal for Additions to the Steam Heating Plant in the Lubbock Sanitarium at Lubbock, Texas."

## LAMBS SELL UP TO \$19.10 HOGS OPENED HIGHER

On a 15 to 25 cent advance lambs today sold up to \$19.10, the first time that the January top ever reached or exceeded \$19. The hog market opened strong to 10 cents higher, with the top price \$15.00. Later the trade weakened and closing prices were 10 to 15 cents under Saturday. Active demand prevailed in cattle and prices were steady to 25 cents higher. Feeders were in active demand.

**Today's Receipts.**  
Receipts today were 17,000 cattle, 16,000 hogs, 8000 sheep, compared with 20,000 cattle, 15,000 hogs and 700 sheep a week ago, and 30,300 cattle, 23,650 hogs, and 9350 sheep a year ago. Arrivals included few western cattle or sheep.

**Beef Cattle.**  
Butcher cattle and yearlings attracted buyers attention first today and trade in them was active at strong to 25 cents higher prices. Steers opened slowly but later became active and fully steady. Average quality was much the same as last week. The bulk of the offerings were short fed grades from Kansas, Nebraska, and Missouri. Prime steers were lacking. Short fed to good steers sold at \$10.50 to \$15.75, and yearling grades \$10 to \$13.50. Prime yearlings would have brought more. Cows sold \$5.50 to \$12.50, and heifers \$7.50 to \$13.50. Veal calves were steady at \$8.50 to \$6.50 and bulls strong \$5.75 to \$10.50.

**Stockers and Feeders.**  
Trade in stock and feeding cattle was active with offerings showing quality bringing stronger prices. Plain and ordinary kinds were about steady. A good many choice quality half fat steers went back to the country at \$12 to \$13. Lighter weight feeders brought \$9 to \$11.50. Stockers sold at \$8 to \$11.25.

**Hogs.**  
The hog market opened strong to 10 cents higher, top \$15, but later eased off and late prices were 10 to 20 cents lower. Packers top was \$14.80, and the bulk of the offerings sold at \$14.40 to \$14.75. A close clearance was effected. The Chicago and other markets ruled 15 to 25 cents lower. Chicago's top was \$14.70. Stock hogs and pigs sold readily at \$13 to \$14.25.

**Sheep and Lambs.**  
The 8000 sheep offered today were snapped up quickly at 15 to 25 cents higher prices. Lambs sold mostly at \$18.75 to \$19.10. Killers found the supply short of requirements. The top price today \$19.10 is \$2.50 above the top price paid in January last year. Ewes sold at \$10 to \$10.75 with prime grades lacking. Feeding lambs were scarce.

**Horses and Mules.**  
Active demand greeted a liberal supply of horses and mules today and prices ruled steady. A large number of buyers were here and they wanted all classes and kinds. Good mares fat mules, and all purpose work grades sold freely.

Charles M. Pipkin,  
Market Correspondent.

**BREAKS A COLD**

**IN A FEW HOURS**

"Pape's Cold Compound" instantly relieves stuffiness and distress

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

**REV. LANE ENTERTAINED HIS BOARD OF STEWARDS**

The Stewards of the M. E. Church and their wives had an unusual treat Tuesday evening when their new pastor, Rev. Lane and his good wife, had them to the parsonage to a turkey dinner. The decorations were of holiday colors and the cooking was of the best. The affair was entirely informal and a most enjoyable event it was. Officers of the M. E. church showed a fondness for turkey, as well as the proverbial chicken.—Colorado Record.

**SECOND CHILD IN SAME FAMILY DIES SUNDAY**

Charles, the four-year-old son of Mr. and Mrs. S. B. Caldwell, of the Sunshine community died Sunday night from diphtheria. His body was shipped to Decatur for burial. This is the second child to die in the family in the last ten days. A seven year old girl died last week. Mr. Caldwell has only recently moved to Hale county from Decatur.—Plainview News.

**UPHOLD ACT GIVING JUDGES NEW WAGES**

Austin, Jan. 9.—Constitutionality of the act of the Thirty-sixth legislature which gave judges of district and appellate courts salary increases was upheld by the special court sitting as a third court of civil appeals today.

All three judges concurred. In this case A. H. King of Throckmorton sought to enjoin the state comptroller from issuing warrants covering these increases and the court refused an injunction. The plaintiff has fifteen days to file a motion for a re-hearing.

**BACK BAD TODAY?**

Backache is usually kidney ache and makes you dull, nervous and tired. Use Doan's Kidney Pills for weak kidneys—the remedy recommended by your friends and neighbors. Ask your neighbor.

L. J. Akers, farmer, Plainview, Texas, says: "Some years ago my back was all out of whack and caused me a lot of trouble. My back was weak, sore and lame and ached most all the time. When I stooped over sharp pains would catch me in the small of my back so I could hardly straighten up. In fact, my back bothered me all the time and mornings when I first got up it was so sore and lame I could hardly get around. My kidneys were weak and irregular in action and bothered me a great deal. A neighbor advised me to try Doan's Kidney Pills. I used one box of this medicine and they relieved the pain in my back and fixed my kidneys up in good shape. I use Doan's Kidney Pills occasionally to keep my kidneys in good condition."

Mr. and Mrs. Henry Wade, of Oklahoma, who have been visiting Mr. Wade's sister, Mrs. Floyd West, left Sunday for their home. Enroute home they will visit relatives in Lubbock, Texas.—Hereford Brand.

**PAINTING AND REPAIRING FARM MACHINERY**

This is the time of year that the machinery on the farm should be painted and repaired. Machines should be repaired and put in first class operating condition before they are painted.

One of the first things to do is to look the implement over thoroughly and see if any parts are broken or worn out. Make a list of the needed parts so that they can be purchased or ordered from the dealer the next trip to town. After the new parts have been put on, the tool should be adjusted for field operation so that it will be ready to operate when it is needed. All tillage tools should be sharpened early. If the tools are taken to the blacksmith early, he will usually have more time and can do a better job than if he is rushed. It will save time when spring work opens.

Implements that need painting should be put in a dry place and thoroughly cleaned with a fine steel wire bristle brush. A smoother job can be done if the surface that is to be painted be sanded. However, very good results can be obtained if all the loose scales of paint and iron rust are scraped off, then the surface can be scoured with a steel wire bristle brush.

It is best to give implements a priming coat of red lead and linseed oil, mixed in these proportions: to one quart of linseed oil add two and one-half quarts of red lead and one-fourth of a pint of turpentine, stir thoroughly and apply in a thin, even coat. This paint will stick to iron and wood alike. It will also stick to old paint. It should be allowed to thoroughly dry. If the painting is done during dry, warm weather, the paint will dry in two days.

Following the priming coat of paint, any good, ready mixed implement paint can be used. The priming coat is a light red color, and is not very pleasing to the eye. The ready mixed paints can be secured in any of the standard colors. A ready mixed implement paint will usually not require a coat of clear varnish, for the last coat, to give the job a varnished appearance, because most implement paints are mixed with varnish. When the ready mixed paints dry, they possess a glossy finished appearance. It is better to apply two coats of ready mixed paint on the finishing coat, because of the wearing properties. However, one coat of the ready mixed paint is to be preferred to a second coat or priming.

Stripping applied to an implement increases the finished appearance, if it is properly done, but requires the services of an expert. The inexperienced man will usually spoil a neat job of painting by attempting to handle the stripping brush.

A tool that has been exposed to the weather or strong sunlight in a warehouse can usually be freshened up by applying a coat of clear implement varnish—however, the varnish will not suffice if the paint is cracked or scaled or if the iron parts are much worn and rusty.

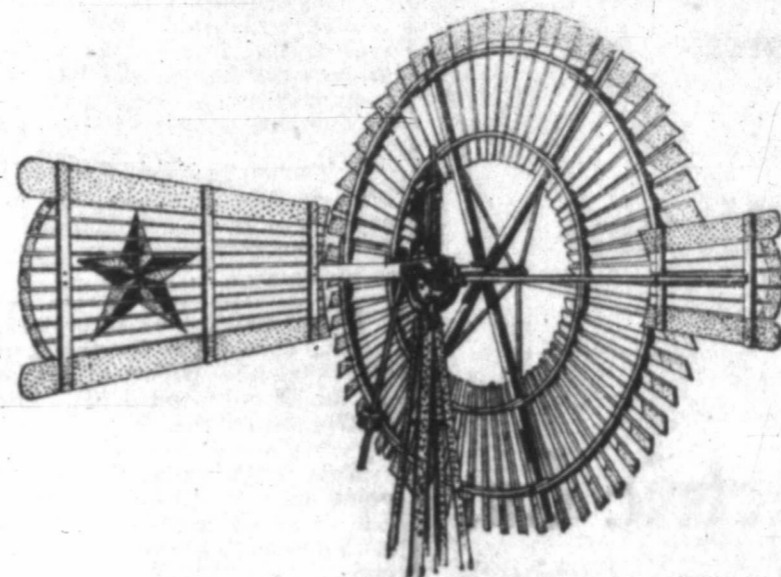

Paint will lengthen the period of usefulness of all farm implements, especially ones with wooden and steel parts, because it prevents the wood from rotting, and the steel from rusting.—E. C. Gee, A. and M. College of Texas.

**The Best Music Is None Too Good For Your Children**

Your kiddies should have music. They should have good music.

How can you be sure that they have good music, the best music? One way is to be sure that your phonograph is

**The NEW EDISON**  
"The Phonograph with a Soul"

There is a reason and a very good reason why your phonograph should be the New Edison. You are extremely careful what kind of food your children eat, what kind of associates they make and what kind of books they read. Shouldn't you be equally as careful what kind of music they hear, especially in the home?

Just as you can be certain that when you buy a New Edison you are giving your children access to the best music obtainable, Mr. Edison keeps a staff of 30 artists traveling all over the United States and Canada singing and playing in direct comparison with the New Edison and proving that their singing and playing cannot be distinguished from the New Edison's Re-Creation of their voices or instrumental performances.

Come to our store, hear the New Edison and see if it doesn't give you the kind of music you want your children to hear and to love.

**SHERIFF'S NOTICE OF ELECTION**

THE STATE OF TEXAS, County of Lubbock.

Notice is hereby given that an election will be held on the 26th day of January, 1920, at the residence of R. L. Slaughter in Common School District No. 14 of Cochran County, as established by order of the Commissioners Court of Lubbock County, Cochran county being attached to Lubbock County, of date the 12th day of February, 1912, which is of record in the minutes of said court, in Book 2, page 25 to determine whether a majority of the legally qualified property taxpaying voters of that district desire to tax themselves for the purpose of supplementing the State School Fund apportioned to said district and to determine whether the commissioners court of Lubbock County shall be authorized to levy, assess and collect annually a tax of and at the rate of not exceeding ten cents on the \$100 valuation of taxable property in said district for said purpose.

J. W. Robinson has been appointed presiding officer for said election and he shall select two judges and the two clerks to assist him in holding the same, and he shall within five days after said election has been held make due return thereof to the commissioners court of Lubbock County as is required by law for holding a general election.

All persons who are legally qualified voters of this State and of Cochran County and who are resident property taxpayers in said district shall be entitled to vote at said election and all voters who favor taxation for school purposes shall have written or printed on their ballots the words: "For School Tax." And those opposed to such taxation shall have written or printed on their ballots the words: "Against School Tax."

Said election was ordered by the County Judge of Lubbock county, to which county Cochran County is attached, by order made on the 30th day of December, 1919, and this notice is given in pursuance of said order.

Dated the 30th day of December, 1919. C. A. HOLCOMB, Sheriff, Lubbock County, Texas. (279)

**NEW BAPTIST CHURCH WILL BE ERECTED**

In an interview with Rev. W. A. Bowen, pastor Baptist church of this city, it was learned his church had decided on building a splendid church plant to cost from \$50,000 to \$65,000. The building committee has been appointed. The following active and enterprising gentlemen are on that committee: Dr. C. M. Ballenger, W. B. Atkins, Judge E. L. Klett, Elmo Wall, E. L. Law, E. R. Haynes, B. Quinn, M. L. Waldrop, J. P. Lewis.

When the organization is completed and plans perfected a soliciting committee will be put in the field to gather funds in addition to several thousand dollars that has been voluntarily subscribed.

It is the purpose of this enterprising congregation to rush right forward and bring to completion as soon as possible this most worthy enterprise.

O. K. McKinney, of Ft. Worth, is transacting business in the city this week. Mr. McKinney is master mechanic for the Texas Motor Car Association of Ft. Worth.

If Constipated, Bilious or Headachy, take "Cascarets"

Sick headache, biliousness, coated tongue, or sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the system, is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache. Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases; take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep.
