INEQUALITIES OF ASSES- MENTS OF TAXES IN TEXAS

Pointing out an instance of the
unfairness of the present system of
county assessments for taxation, Gus
Reininger, secretary of the Tax As-
sessor's Association of Texas, who is
here to confer with local citizens, yester-
day declared that Dallas county
contributes to the State fund of \$2,-
000,000 for the aid of rural schools
\$135,560 and receives from the same
fund \$16,540. This assessment is
made on a 33 per cent basis, he said.

Data compiled by Mr. Reininger
discloses the fact that the assess-
ments of the several counties of the
State range from below 15 per cent
of actual value to about 40 per cent,
with the result that the low assess-
ment counties are deficient approx-
imately \$2,300,000 in school reve-
nue. "The books of the Rural Aid
Fund," Mr. Reininger said, "show
these deficient counties to be absorb-
ing 65 per cent of the \$2,000,000 aid
fund.

"Anderson county, assessed on a
16 per cent basis, has contributed
to the aid fund \$11,923, and has re-
ceived \$21,365; Bell county, assessed
on a 20 per cent basis, has contribu-
ted \$23,756, and received \$25,535;
Cherokee county, on a 15 per cent
basis, paid \$11,072, and received
\$25,190; Coryell county, on a 13 per
cent basis, paid \$7,883 and received
\$14,945; Denton county, on a 20 per
cent basis, paid \$17,496 and received
\$23,475; Erath county, on a 17 per
cent basis, paid \$10,646 and received
\$19,245; Fannin county, on an 18
per cent basis, paid \$19,782 and re-
ceived \$36,202; Hopkins county, on
a 13 per cent basis, paid \$9,204 and
received \$32,175; Hunt county, on a
basis of 18 per cent, paid \$29,797
and received \$38,515; Red River
county, on a basis of 15 per cent,
paid \$12,272 and received \$16,938;
Van Zandt county, on a 13 per cent
basis, paid \$9,551 and received \$38,-
085, and Wise county, on a 20 per
cent basis, paid \$11,866 and received
\$20,095.

stated they were not certain their

LITTLE WINDY KNOCKS \$28,000.00 SALE

How would you like to have been a real estate dealer last Friday who had gone out with a prospector and looked at various pieces of property finding two sections that the owner would take \$28,000 for and then the prospector and you go back to town to draw a contract. Being a little late that evening you decide to wait until the next morning to fix the contract and have money put in the bank awaiting a good title to the land and awake the next morning to find the wind blowing strong and the sand sailing high and your prospect—customer enroute home? Not a very pleasant sensation. But that is what happened to T. J. Price, Brownfield land agent, according to close friends of Mr. Price who were here this week. Oh! Well he lost only \$1,400 commission by the little dust storm and the prospector went home to find that the wind had blown harder there and that the dust was much thicker.

PUT DOWN LAP DOG, TAKE UP THE BABY

Chicago, March 23.—In the opinion of Justice of the Peace John F. Boyer of Evanston, Ill., a lap dog's broken leg is not sufficient reason for the veterinary summoned to attend the injured member to ignore the traffic laws.

Dr. J. V. Lacroix, a veterinary surgeon, was arraigned in Justice Boyer's court because he did not stop his car at an intersection.

"I was hurrying to set a lap dog's leg," the doctor said. "I forgot the regulations, I suppose. It was an emergency call."

"Lap dogs may be important in their place, but they are not worth risking lives of citizens," Justice Boyer said as he fined Dr. Lacroix \$5 and costs.

REMOVAL OF ORPHANAGE TO PLAINVIEW IS DISCUSSED

Plainview, March 30.—Moving of the Baptist Orphanage from Decatur to Plainview was the principal matter discussed at the Bible Conference held last week under the auspices of Wayland College. The Rev. H. W. Virgin of Amarillo was one of the principal speakers favoring the change of location. It was finally determined to leave the matter up to the State Orphanage Board.

Among the important meetings in addition to the regular conference were three business meetings, an all-day session of the college trustees, and a pastors' conference. This conference includes Baptist pastors in forty-five counties of the Panhandle. The Rev. J. R. Hicks of Dalhart pre-

sided over the conference. Talks were made by Dr. F. S. Groner, general secretary of the executive board of Baptists in Texas, and by the Rev. Hal F. Buckner, head of Buckner's Orphan Home in Dallas.

NO "CHICK FOODS" ARE COMPLETE RATIONS

The term "chick food" means a mixture of cracked grains. Many commercial chick foods are on the market. Their chief advantage is in the fact that they are easily obtained. When one considers the labor involved in preparing a home-made mixture it is probable that their use is advisable, says H. L. Kempster of the University of Missouri College of Agriculture. Chick food of cracked corn is as satisfactory as any. Poultry keepers use a mixture of cracked corn and wheat while others prefer a more complex mixture. One should never feed chick foods which contain weed seed as such feeds are very objectionable, not only because a portion always remains uneaten but also because of the introduction of obnoxious weeds on the farm. One chick food is as good as another provided each contains wholesome feeds. No chick food furnishes the necessary nutrient unless properly supplemented with additional feeds.

OLTON MAN HAS SLEEPING SICKNESS AT TEMPLE NOW

According to our Sunshine correspondent, George Keenan, of Olton, is suffering from sleeping sickness at one of the Temple hospitals. His condition at present is reported to be very serious as he has been sleeping for several weeks. He was stricken in New Mexico.—Plainview Herald.

Lubbock's decision to increase her hotel facilities and enlarge the sanitarium indicates that this progressive South Plains city is going after things in the right manner. Good hotels are among the best assets a city can have. In fact, no pretensions can be made toward a real city until adequate hotel facilities are provided. A sanitarium is also important. These things are understood and appreciated by the Lubbock builders and their foresight will reap its reward in the shape of a large and better city.—Amarillo Tribune.

Alma Ruth Taylor

On March 16, death entered the home of Mr. and Mrs. Otis Taylor and claimed their little babe, Alma Ruth, aged 8 months and 26 days. The little one made a brave fight for life through three weeks of suffering, but finally passed to the Father's house on the date above mentioned. Our sincerest sympathy is with the bereaved parents.

METHODIST PREACHER CHALLENGES BAILEY FOR DEBATE

Rev. R. P. Shuler, well known pastor of the First Methodist church of Paris, Texas, has challenged Ex-Senator Bailey to a joint debate regarding the rights of Texas preachers to free speech.

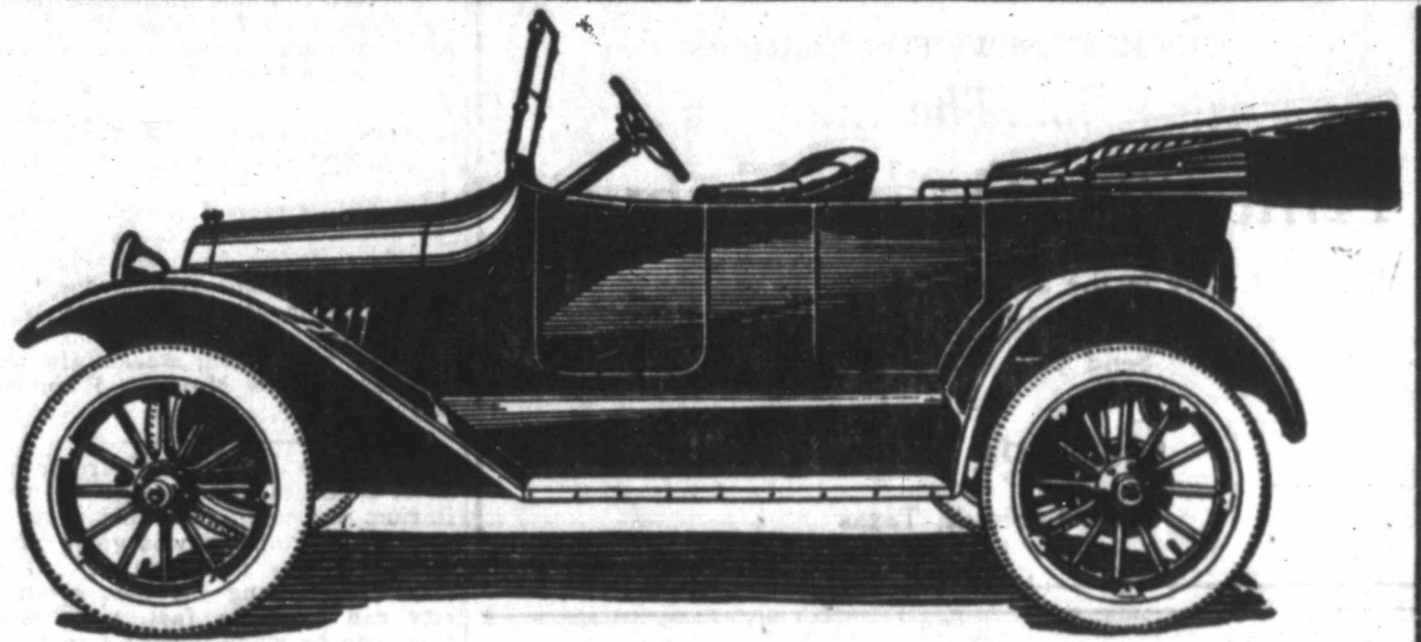

The following letter to the editor of the Houston Chronicle appeared in that paper on March 20, 1920: "I am today sending Mr. Luther Nickels a challenge, in which I am asking that he make good in the attack of Joseph Weldon Bailey upon the preachers of this State, which attack has been made by Mr. Bailey gratuitously, publicly and without real provocation.

"Mr. Bailey has challenged the rights of Texas preachers to free speech. To be sure, in his Dallas speech he has 'backed up' but all know that his position is the same as when a few weeks ago he notified Nickels a challenge, in which I am asking that a preacher has no right to public expression on governmental questions. I am a preacher. I hold that a preacher is a coward who will not express himself in behalf of right and truth on every question, whether moral, social, civic, governmental or religious. Moreover, I believe that nine-tenths of the preachers of Texas and ten-tenths of the real men within the pulpit agree with me. Therefore, since he has made this attack upon the preachers a part of his platform, I will give him \$1,000 in gold and pay all the expenses of speaking arrangements if he will debate this issue with me in Dallas, Houston, Austin and San Antonio.

The Democrats of Texas can and will take care of the attack made on the party by Mr. Bailey. The women, I am sure, will look after the insult hurled into their faces. Sober Texas can attend and will attend to his attack upon prohibition. Labor can answer him as it sees fit. But in behalf of the preachers of the state, I dare him to give me the opportunity of defense. I will agree for Luther Nickels to preside on every occasion and for only Bailey supporters to be seated on the platform. I will agree for him to have his own choice as to opening and closing on every occasion. All I ask is that he confine his utterances to the issue he has himself made: 'Have ministers of God the right of free speech on governmental questions and especially those affecting public morals'."

R. P. Shuler, Pastor First Methodist Church, Paris, Texas.

W. E. Walker, gentleman of the eastern part of New Mexico, was in town a short time the first of this week attending to business matters.

PUBLIC OPINION

Lubbock, Tex., Rt. No. 2, March 29th, 1920.

To The Avalanche:
Compulsory Military Training
I appeal to my countrymen who do not desire this law to be passed to write to their congressman at once asking him to use every effort to kill the bill. If there is not something done right away I fear that it will be made a law. I think we have had enough militarism. We have more compulsory laws now than we can possibly abide by. We have just passed through a siege of compulsory laws made by war measures that we all abided by cheerfully. We had during the war, and still yet, we have all kinds of patriotism. The biggest of these was "profiteering patriotism." Then we had "compulsory corn-bread patriotism." They eat corn bread gladly because they could get no other kind. Then we had the "compulsory common poor folks patriotism." These had to be because they were afraid not to be. Of course, we had the pure democratic patriotism which still prevails voluntarily. I merely mention a few of our compulsory laws. Woman suffrage. They must vote whether they or the people want them to or not. The school attendance law. Good or bad, it is compulsory. Compulsory high taxes. High profiteering prices on everything we buy and cheap starving prices on everything we sell. I speak of the farming class for they are the ones to bear the burden. For God's sake, let our boys alone now that the war is over and not pattern after Germany by forcing them to take military training. Besides, if we adopt the "League of Nations," we won't need them. Our bills at Washington now are more than generations to come can ever pay and accumulating by the billions. It looks as if everything now is becoming compulsory but honesty and fair dealing. The fathers and mothers of this land have had enough of this military business. It is the profiteering and big business class that want it. It will create lots of big jobs and salaries. What we need now most of all is rest from anything akin to war and more work and compulsory low prices for the bare necessities of life. Now call me a pessimist, socialist, Bolsheviki or anything you please, but if you do I will know you are a profiteer. The time is now if the common people raise their voices in defense of their rights, they are called all sorts of names. Now people, get busy or I fear this law will be passed. But still this is "free America" in our own "Sunny Southland," under a "Democratic Administration," where the people rule.

Oscar L. Cox, representative of the National Bank of Commerce of New York City, was here the latter part of last week. Sunday he visited in Estacado, the burial place of his father, Parish S. Cox, founder of the first colony of the Plains. Cox's father established his colony at the place now known as Estacado and resided there many years before his death in 1888.

SHRINERS VISIT LUBBOCK LAST SATURDAY

Amarillo Daily News
The Amarillo contingent of Nobles of the Mystic Shrine who journeyed to Lubbock on a special coach attached to the regular southbound Santa Fe train which left Amarillo Thursday morning at 6:25 and returned to Amarillo yesterday at 10:40 a. m. bearing a pleasant memory of a delightful trip and with 29 additional petitions for membership in Khiva Temple which, it is expected will be instituted at the Imperial Council that is to convene in Portland, Oregon, June 21, 22 and 23.

The party represented the interests of Khiva Shrine Temple and was composed of Nobles George Stapleton, R. H. Ames, W. T. Hudson, Harry Britt, G. Baum, Ted George, C. B. Johnson, G. Ed Smith, Otis Williams, R. E. Swift, H. E. Peery, O. W. Gano of Canyon, Ralph Young, Dr. R. P. Parcels, F. A. Winkler, Arthur Ball, R. R. Townes, Otto Peitz, F. R. Jamison, A. E. Ambrose, T. L. Peach of El Paso, and A. M. Mood.

By the time the train had reached Plainview the Drum Corps had donned their uniforms and went out upon the platform to give a jazz performance. Several Nobles were at the station to greet the passing brethren.

Upon arrival at Lubbock many members of the Lubbock Shrine Club were at the station to greet the visitors and carry them up town to reservations previously arranged by the Lubbock Nobles. From the time of arrival until the visitation had been completed evidences of Shrinism was on every hand which is to say that good will and good fellowship prevailed on every hand, according to those who made the trip.

The morning was spent in passing among the members of the Shrine division of Masonry, renewing old acquaintances and forming new ones. At 2:30 in the afternoon the Drum Corps passed around the court house block and formed in a circle at the northwest corner of the square, giving an exhibition with that pep and enthusiasm that has made them so popular everywhere they have appeared.

At 7 o'clock the visitors were invited to a banquet spread in the splendid rooms of the Masonic fraternity. Just before the dinner was served the members and visitors were invited to the lodge room where Vice President A. B. Conley of the Lubbock Shrine Club No. 1 called the assembly to order and proceeded with the program of the evening. Judge W. H. Bledsoe, State Senator from this district, and Judge R. A. Sowder acted as spokesmen from the Lubbock contingent while George Stapleton, Alec Mood and F. R. Jamison were the speakers for Khiva Club.

The days' visit ended with a delightful spread in the dining room of the lodge rooms which came to a close over a service of coffee made by Chris Harwell, who is declared a coffee "postgraduate."
Twenty-six of the Lubbock boys identified themselves with the Khiva Shrine movement and the Khiva members declared that pleasure and fellowship abounded to such an extent that when it came time to retire that some undertook to "induce the courtships of sweet Morpheus with shoes on their feet."

CARRIGAN NOW CLAIMS ANDERSON DID STEALING

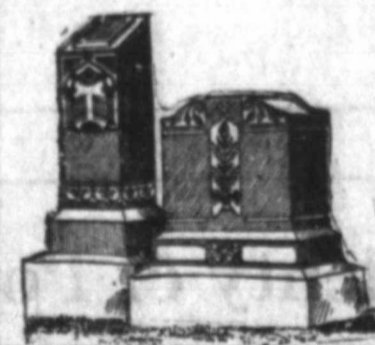

Fred Carrigan, young man who is being held in Lubbock county jail, now claims that he is not guilty and that Clyde Anderson, his associate who was released from jail here a short time after arrest, is the one that did the stealing of the clothes from L. E. Hunt & Co.'s Men's Furnishing Store last July or thereabouts. A preliminary investigation that was held here shortly after the two boys were arrested and brought to the Lubbock jail, resulted in the release of Anderson. In this investigation, we are informed, both boys claimed Anderson innocent and it was for this reason that he was released. Anderson remained in Dallas and other parts of the State until a short time before Grand Jury met here recently. After it was found that Carrigan now claims Anderson guilty a warrant was made out for him but until yet no trace has been found of his whereabouts.

Carrigan claims now that it was because of Anderson's mother and little brother that he accepted the guilt, resulting in Anderson's release.

MEN WHO ARE INMATES OF LUBBOCK'S JAIL

The following parties are now inmates of the Lubbock county jail; Fred Carrigan, who is held on a charge of burglary and has been detained in the jail here about eight months; Sam Cates, who is charged with the killing of Judge Burton of Crosby county, and Fred Towery, another prisoner being held for Crosby county, who is charged with theft of an automobile.

HOTEL MAN HAS POKER GAME BROKE UP

The noise occasioned by eight young men participating in a lively game of poker about 12 o'clock Saturday night, resulting in keeping inmates of the Santa Fe Hotel awake, caused Mr. Randolph, proprietor of this place to investigate and call Sheriff Holcomb over and have the game stopped. All eight of the boys and young men were arrested and fined \$27.50. Mr. Holcomb believes if all people who have reason to believe the law is being violated would call his attention that much of the wrong-doing would be stopped in our city.

 Sweetwater, Texas, March 26.—Fifteen wool growers of Nolan and adjoining counties met in Sweetwater today and organized a wool and mohair association. R. A. Wetherby was chosen president and W. C. Calvert secretary. A second meeting was called for

next Saturday when a warehouse association will be organized with a view to caring for a half million pounds of wool. W. T. Minge of A. & M. College and G. H. Bedell of the Bureau of Animal Industry addressed the meeting.

AMARILLO PLANS TO BUILD CHEAP HOMES FOR POOR
 Amarillo, March 29.—Local real estate men seek to raise \$100,000 locally, and borrow another \$100,000 for a building and loan association to erect residences for laborers and people of small or limited means. The local housing problem has been acute ever since the oil boom start-

ed, and it is constantly growing worse. Real estate dealers frankly admit that the laboring men cannot afford to stay here at prevailing rental prices. It is the plan to build moderate sized houses, which will be sold at only enough profit to prevent loss to subscribers to the building and loan fund.

The body of Mrs. Holmes will be brought here for burial.

COTTON PRICES PUZZLING LOCAL BUYERS

Why the market quotation of cotton has continually rose until Tuesday of this week the market closed higher than ever before during this season and no apparent demand for the staple, is a puzzle to local buyers and other interested men. Buyers on the local market cannot afford to pay market quotations they claim, because they have no demand for the cotton at higher prices. Several cars of cotton have been shipped co-operatively to Houston during the past few weeks by Lubbock county farmers. Word from Houston, which is considered one of the best cotton markets in the South, state that not a single sale of cotton was recorded during the entire week just passed. Cotton was quoted Tuesday evening at about 41 1-2 cents per pound middling. Local buyers claim that they cannot afford to pay more than 40 cents (a few sales slightly above that figure were made), and local farmers don't understand their position for paying from one to one and a half cents less than market prices. "The cotton market is abnormal," says W. T. Williamson, Government Cotton Classifier, "and few of us understand why the continual raise in prices is recorded and no seeming demand." Mr. Williamson believes that there is very little hopes of much future for bolly cotton but believes there is a great shortage of good middling and believes the prices on this quality will continue to soar.

ROPES-LUBBOCK TIE SCORE IN TUESDAYS GAME

The Ropes school met the Lubbock school team on the High school grounds Tuesday afternoon, resulting in nine innings being played with a tie in scores. Six innings were played without either side making a run. Bases were full several times, but good luck was with each team in the field during the first 6 innings. In the first half of the 7th inning the Ropes boys hit the ball hard and ran in four scores. Second half of the 7th, Lubbock ran in one score and the game remained so until the last half of the ninth inning when several long hits were made by Lubbock boys, resulting in making the score a tie. It was getting toward night and the Ropes team were anxious to go home, so the game was called off. Both teams played exceptionally good ball for school teams and no doubt at the county meet at Shallowater Saturday these boys will have a very interesting game. Both are about evenly matched.

THREE LOST LIVES IN FIRE AT SWEETWATER

her eight year old brother and her persons were burned to death here Saturday when the residence of Fred Wood was destroyed by fire. The fire started when Miss Nellie Wood used a can of gasoline to start a fire, believing it to be kerosene. Miss Wood, her eight year old brother and her two year old niece were burned to death. Miss Wood tried desperately to rescue the children but failed and lost her life in the attempt.

BIG SPRING FIRE BURNS T. & P. SHOPS AND MAN

Big Spring, Texas, March 29.—The Texas & Pacific railway machine shops here were partially destroyed by fire at 4 o'clock this morning. The fire was caused by the explosion of an oil pump. Harry Miller, a boilermaker, was so badly burned that death is expected. It is expected the shops will be rebuilt on a larger scale as soon as possible, to take care of the wonderful development throughout this section. A special committee has been appointed by the Chamber of Employment on account of the fire. CIGAR ASHES CATCHES LOT ON FIRE

Mr. Dooley, who lives in the extreme northwest part of the city, remembered going by his lot at noon Friday of last week and knocked the ashes from a cigar which he was smoking. About one hour or less later, the fire department was called to extinguish flames that had caught the plank fence around Mr. Dooley's lot and nearing the barn. The quick response of the fire department stopped the fire before it had done much damage.

FATS FOR ENERGY

It's all too true that many children have a dislike for animal fats, yet the same children will readily take and relish

SCOTT'S EMULSION

This choice is instinctive and is linked up with the fact that Scott's is assimilated when other forms of fat are a disturbing element. Give your boy and girl plenty of energizing and warmth-imparting Scott's Emulsion. It will build them up!

The Norwegian cod-liver oil used in Scott's Emulsion is super-refined in our own American Laboratories. Its purity and quality is unsurpassed. Scott & Bowne, Bloomfield, N.J. 19-24

A "POUNDING" WHICH DID NOT HURT

There are poundings and poundings, but the one I am speaking of was a sure enough pounding. Last Wednesday afternoon another preacher and his family were made exceedingly happy by one of the hardest and most unexpected poundings we have ever experienced. The sisters of the church came to our home about two thirty, with arms full of the sweetest and best things to eat, which loving hearts could prepare or select.

Quite an enjoyable hour was spent together, and when they went away our table was left groaning under its burden of good things to eat. These are among the sweet and happy hours in every preacher's life. We love to be surprised.

Surely our hearts are filled with gratitude.

FLOYD COUNTY PARTIES VISITING FRIENDS HERE

Arthur B. Duncan and Marcus Whitlow, residents of Floyd county, were here last week visiting with J. R. Burrus. Both Mr. Duncan and Mr. Whitlow are long-time residents of Floyd county and were acquaintances of Mr. Burrus years ago when he too resided in that county. Mr. Duncan served Floyd county for many years in the capacity of County Judge. They were highly pleased with Lubbock's development, some fifteen years having passed since their last visit here.

CELEBRATE GOLDEN WEDDING ANNIVERSARY

At their home west of Cone, Mr. and Mrs. J. A. Nobles celebrated their golden wedding anniversary, March 17. Open house was kept all during the day and many friends, besides relatives, enjoyed the hospitality of this fine and esteemed gray headed couple.

Quite a number of the old pioneer citizens of this community were invited to dine with them, and great was their surprise when they went

to the table to see such a feast before them, mostly prepared by Grandma Noble's own hands. The table was again spread in the afternoon and friends and neighbors certainly enjoyed the pleasure of sampling the various dainties.

Mr. and Mrs. Nobles were married in Collin county at Cottage Hill, March 7, 1891. They moved to West Texas in 1891, and settled in the Cone community, where they have been residents since. They have figured largely in the advancement of our little community. Es-

pecially must we attribute praise to Aunt Lucy, as she was frequently called, for her work in the Sunday school and the church. She has been a faithful laborer for her Lord in the church vineyard and words cannot express the gratitude of this community.

To this couple were born four children, of which all are living and all but one son were present with their families to do honor and homage to their parents. They were: Lee Nobles of Petersburg, Carl and Walter Nobles of Cone and Jesse Nobles of

California. Many nice and useful gifts were presented to the celebrators, and were highly appreciated by them.

We wish for Mr. and Mrs. Nobles many, many more happy and prosperous years and trust that few will be the clouds that will come to darken their happy old days. (Contributed.)—Ralls Banner.

MOVEMENT OF STEERS STARTS HERE RECENTLY

The selling of several large herds of grown steers last week to Kansas feeders is making room for many younger cattle and dealers believe the sales of these stock will be a great benefit to raisers of the South Plains. There are several sales reported among cows also. In conversation with several stockmen this week we find that they are expecting the largest calf crop ever experienced in this section. They claim that the good grass of the mild winter is one of the main reasons for a better prospect for bigger calf percentages.

The following sales have been reported recently, the considerations being private:

400 head four year old steers of L. E. McCrummen to W. S. Jones, of Lebo, Kansas. (These steers were reported the best in this section and brought more than \$100 each.)

1800 head four year old steers of L. Lumsdon of near Wilson sold to Jones and Nations of Emporia, Kan.

200 cows of John Lane sold to D. N. Arnett Jr.

40 cows of W. E. Bledsoe sold to D. N. Arnett Jr.

You Would be Proud of a Home Like This

Did you ever notice the difference in the amount and quality of care a home owner and a home renter give to the place in which they live? The joy of possession, the feeling of independence on the part of the home owner is evidenced in the appearance of his home, the ground that surrounds it, and the rooms within. He is proud of his home. He wants it to be the prettiest place in town. And the women—well, you just ask your wife if she would like to have a home of her own!

It isn't hard to build at this time either for a home. It is a very good security and if you haven't all the money necessary, you can do as thousands upon thousands of home owners have done for years and are doing now—borrow the money from your bank or a building and loan association and pay back in installments of about the same amount that you now pay for rent.

It's really a matter of beginning—let us help you make the start.

SHELTER FOR CROPS IS VERY NECESSARY

The safest and best methods of farm management will require such plans and provisions as will enable the manager to shelter the crops after they are harvested so there will be a minimum of loss on account of bad weather. The losses in hay, forage and grain last year for lack of shelter and protection doubtless was enough to build sheds and other means of shelter for most farms in the Southwestern States.

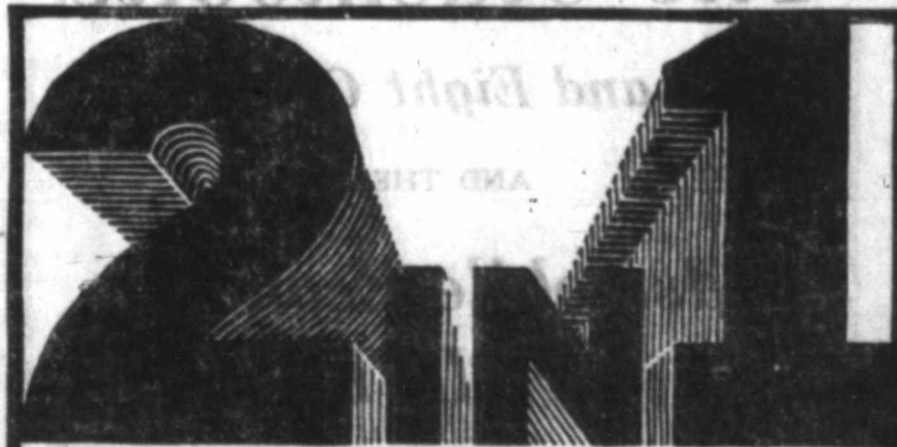

The time has come when we should not be "penny-wise" and "pound foolish" in making investments on our farms. What is the use of producing crops to go to waste? Have we no other choice than to produce something that does not pay us for the labor?

It is a fact that the season last year was erratic and that the war had rendered it almost impossible, if not impractical, to make any improvements on the farm. But the point is that we should not be caught in such a position again. We may not be able to erect all the buildings that would provide shelter for everything we need this year, but we should make a beginning this year, and give ourselves greater insurance as to getting pay for labor in production.

We are all hoping for a better season than we had last year, but if we live long enough we are likely to see as unfavorable seasons as the last one proved to be. We may have more labor. Let us hope that more will be available, but the present outlook is not at all encouraging in this matter.—Farm and Ranch.

PLAINS COUNTRY IS BUILDING RAPIDLY ABILENE MAN'S VIEW

The Rev. J. W. Hunt, who returned to Abilene Saturday morning from Clarendon, declared that he never in all his life saw such business and building activity as he saw throughout the Panhandle.

He visited Clarendon, Amarillo, Lubbock, Ralls, Sweetwater and other places and found great activity in a building and business way. People are pouring into that section by the thousands, he said, and the buildings being erected are all of a substantial nature.

At Ralls, Mr. Hunt stated, he found a modern little city built on a splendid plan. He said it was the most beautiful and striking example of the public spirit of one man he ever saw—John R. Ralls, who has had a hand in erecting most of the handsome buildings of the town and who is behind it with his immense financial resources and energies. Mr. Hunt, as a cowboy, chased mustangs and cattle all over the Ralls country before there was even a trail there.—Abilene Reporter.

LUBBOCK COUNTY BOYS AND GIRLS CLUB

The History of My Crop By Lena Klattenhoff

I joined the club because I thought that it was a good thing for the girls of a community to belong to so that they could get together and see what other girls are doing, and another reason is because I would feel more like the fair would be part of my work than I would if I had canned something and taken it to the fair and not be a club girl. There are also different reasons, one is that in the meetings you learn to sew and many other things. In the spring some times you are invited to a "short course," and that is something that you will never forget what you learn there.

My tomatoes are still green and will be green for some time. Tomatoes was the only thing I raised that I kept a record of so my garden is still green. I have one-tenth acre of tomatoes, which is the size of my garden. My garden lies in the center of the garden which is about an acre and one-half square. I selected this place because it was near the water and I thought if we had had another dry year, as we did last year I could have irrigated and made something out of my crop anyhow and that is the reason I selected this place to plant my tomatoes.

I prepared my soil by plowing it deep in January one way and in February I plowed it again the other way, real deep again so I would have my soil in good condition for this season.

The kind of fertilizers I used was manure which did a lot of good. I applied it mostly last fall and in the winter.

I planted my tomatoes in a bed in the garden although not in a hot bed. My plants did very good and became healthy plants. I planted my seed the 21st of April and the 26th of May they were large enough to transplant which I transplanted most of them. The way I transplanted them is I just set them out about two or two and one-half feet apart and they grew nicely.

I cultivated my plants by hoeing them when they needed it and irrigated them once or twice. I also plowed them two or three times before the plants were too large.

The way I pruned them was by cutting off the suckers. I did not stake my plants but I have made a great mistake.

I did not have any insects in my tomatoes. I had a few to die with the wilt and I could find nothing to help that.

As I harvested my tomatoes, I weighed them and kept account of every pound that I harvested.

I did my canning myself without any one to help me. I canned one jar and it did not keep, so I had to throw it out another jar which I had canned the fruit in, cracked so I emptied that jar and filled another. My tomatoes were not good because something had settled in it and I tried to get it out by opening the jar and they all squirted out at the top so they were not good. All my other four jars were good and I certainly was glad of that too.

I could not get my preserving glasses so I could not make any preserves. I was certainly sorry of that too.

We have had lots of good times at our meetings. When we had our lesson in sewing when some of the girls could pull no threads. At another meeting when we canned and some of them could skin no tomatoes. So I have had lots of good times at our meetings.

While at the Short Course I learned how to use the different kinds of vegetables in different ways. I had never thought of fixing vegetables that way before. I also learned how to make the different vegetables into salads and into different soups, "the cream of pea soup," and several other different ones.

I have gathered 587 1-2 pounds of tomatoes this summer and about another time as many on the vines to be picked off when they get ripe. The amount that we have used at

home is about 472 1-2 pounds. I have sold 112 pounds of my tomatoes and have canned or given away all the rest, the former is what became of most of them.

The club has helped me in many different ways because it has helped me to become more accurate in my work and to keep a record of everything that has been done to my tomatoes. I have also learned from the Short Course how to weave baskets. In our meetings that we sewed, I learned how to make many different stitches and it has taught me many different ways to prepare vegetables which I may have never known and I think the club has helped me very much.

(By Lena Klattenhoff, second year, Slaton, Texas.)

TO WHOM IT MAY CONCERN:

I have bought the A. S. Hopper blacksmith & machine shop equipment and is located in what is known as the South Side Garage Building, one block south of the court house square. It is my greatest desire to give the best service that can be had in Lubbock in my line of business.

I have had twenty-two years of actual experience in this line. I believe I know what the public wants and must have. First is service, second is first class work, and right prices. Now I am endeavoring to please you and in order to do this, am working to the interest of the public as well as that of my own, and I must employ the best skilled workmen available in Texas. I have made a special effort to this effect. I now have with me Mr. Ed Brown, a well known blacksmith and general workman and also Mr. Laceywell, an all-around blacksmith machinist. Now Mr. reader, you can help make Lubbock headquarters of Lubbock county where people can send any kind of machinery or parts and get it repaired. By sending or bringing your work to my shop instead of sending such work to Amarillo or other towns, let it be done at home. I assure you that I appreciate your trade of any kind, from the tiniest job to the largest. My motto is to live and let live. Yours for business, Ed Greer. Come to Lubbock. 401

ALLEN BROS. POST GROWING STEADILY

The fact that the Allen Brothers Post of the American Legion of Lubbock was chartered with a membership that put it in near the head of all Posts of the State, was gratifying. At the recent meeting of this Post ten new members were secured which will go a long way toward ranking the membership among the highest in Texas and will continue to grow likewise if the officials of the Post carry out their plans. The following men were added to the membership roll at the past meeting: Ar-

thur M. Caldwell, Henry Guttersloh, Marcus E. Heiber, Roy E. Kerr, C. B. Jones, G. C. Abbott, T. R. Cobb, W. H. Merrill and Messrs. Wester and Mathews.

Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or digest the worms, and the Child will be in perfect health. Pleasant to take. 50c per bottle. Come to Lubbock.

Land Loans

Sooner or later you will likely consider putting a loan on your land and it is a thing you should not do hurriedly, until you consider carefully the terms and the company.

First, see that the options granted apply fully to all the notes, including all interest.

Second, know who will be holding the notes.

My people hold all their own notes, take only one deed of trust and will release portions of your land if you should sell off during the life of the loan. These are things more than important to you.

You Do More Work,
You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. You Know These Tires Will Not Skid

There's a sense of security in motoring with the unusually non-skid Horse-Shoe Cord Tire. You *know* your tires will not skid even when you turn corners at 20 miles an hour on wet and slippery pavements.

Each little shoe in the Horse-Shoe tread forms a near-vacuum that takes hold of the road with a stubborn grip which is as effectively anti-skid as tire chains.

Then there is the satisfaction of knowing that the wider tread of this tire gives longer life by wearing down slowly and evenly, making your tire cost-per-mile surprisingly low.

We shall be glad to prove to you by actual tests why the Horse-Shoe Tire is the *safest* and most *economical* tire local motorists can buy.

ABERNATHY FIRMS CONSOLIDATE BUSINESS

The store of Caldwell and Son, of Abernathy, was purchased last week by the stockholders of the Struve Hardware Company and the two stores are now consolidated under the one management. The business will hereafter be known as the Struve Mercantile Company. The company is capitalized at \$50,000 and the stockholders are Fritz W. Struve, B. F. Struve and Adolph Ebeling. The firm will be one of the strongest mercantile establishments in the county outside of Plainview.—Plainview Herald.

E. T. Daniel, chicken fancier of the Idalou community, was here the latter part of last week. His fowls won some state prizes last year and he is advertising them in the Avalanche. The South Plains poultry raisers are going to wake up some of the fellows from other sections of the State some of these days, or else allow them to outstrip them at all the poultry shows. Our people are raising chickens that count for much.

Why send away for fine Rhode Island Red eggs? When you can get them here at less than one-half the price.—Phone Mrs. J. C. Burns, 9021F2.

HAPPENINGS DOWN IN TERRY COUNTY

(The Herald)
There is a great lot of development along the road between here and Lubbock, and particularly so between here and Ropes. Lots of new places opening for the actual settlers and many of them are putting up some homes that are a sure enough credit to the county. We noted that our old friend, J. L. Hyman was putting up a brand new home that looks really good. J. L. came to Terry two years ago, bought a half section most of it on time, has paid for it with 2 crops, built a nice five room residence in the place of the two room make shift and has money in the banks.

Ed Moore, accompanied by Mrs. D. J. Broughton and daughter Miss Fay went to Lubbock Saturday to visit D. J., who is in the Lubbock Sanitarium.

News was received here recently to the effect that Miss Elizabeth Whitaker and her first sweetheart, Mr. Thomas Glenn, of Olney, Texas, had married at Archer City, on the 11th inst., and will make their home in Olney. Herald joins the many friends of Miss Whitaker here in congratulations.

Tom Woodward, one of the successful farmers of the Union community, who recently sold out, informed us that he was not going to entirely leave the country, but had bought a place near Seagraves and was going to show the Gaines county people how to raise corn. In the three years that Tom has been a citizen of old Terry, he has probably raised 20,000 bushels of corn. The figures of 1919 ran close around 10,000.

SOME ITEMS FROM THE RALLS BANNER

A Sad Death
A very sad death occurred at the home of Prof. T. H. Holmes in Ralls Saturday, March 20, when R. L. Scroggins of Rogers, Texas, brother-in-law of Mr. Holmes, died after an illness of two weeks, with flu and pneumonia. Mr. Scroggins was visiting here, and was sick on his arrival, and very soon thereafter his condition became serious, and despite all that the loving ministrations of relatives, friends and physicians could do, he died as above stated.

Mrs. J. W. Burton and Attorney Parke N. Dalton returned this week from their sad mission to Ottumwa, Ia., where the remains of Lawyer J. W. Burton were laid to rest.

The Banner has heretofore failed to state that Miss Ethel Barton of Lubbock, but who up until recently lived at Ralls, had accepted a position with the Ralls Telephone Exchange as day operator.

The Death Angel visited the home of Mr. and Mrs. G. H. Lancaster, March 13, and claimed the sweet spirit of their little Willie and conveyed it home to God. He was five years and nine months old; he was a sweet and gentle child. All that loving hands and medical aid could do was done for him, but they could not do him any good; he had bronchial pneumonia, and was ill only about three days; he bore his illness bravely.

Plans and specifications for said work are on file in the office of the City Secretary of the City of Lubbock, Texas, Lubbock, Texas, and in the office of Henry Exall Elrod Company, 220 Interurban Building, Dallas, Texas, and may be inspected upon application. The Commissioners' Court reserves the right to reject any and all bids.

Done by authority of the Commissioners' Court of Lubbock County, Texas, this 15th day of March, 1920.

THESE ARE SOME GOVERNMENT FIGURES

The United States Government recently made the following announcements:

"Nineteen out of every twenty fall to provide either for their old age or for their families at death."

"Over 8,000,000 women must work to live."

"Ninety per cent of the children who enter school at age six must stop before completing the eighth grade to go to work."

"Thirty-five per cent of the widows of the country are in want."

"Life insurance has decreased pauperism more than 33 1-3 per cent in thirty-five years."

"Life insurance saves the nation more than \$30,000,000 per year in maintaining the poor."

"Seven-eighths of all the money left by married men for their dependents is derived from life insurance."

Whatever the truth of these statements may be, they are a clear indication that life insurance is still in its infancy. The true benefits of a life policy are so marked that insurance has come to be looked upon as a necessity and the man without adequate protection is regarded as one who has shirked his duty.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Frezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Frezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

AUTO SEAL DEMAND EXCEEDS THE SUPPLY

Austin.—Because of the heavy demand for 1920 automobile seals from the western and northwestern portions of the state, and especially in the oil district, the supply in the state Highway Department is exhausted.

Anticipating such a demand, the department six months ago placed an order for 50,000 additional seals, but so far has been able to secure only 1,000, and these were immediately sent to tax collectors in the northwestern counties.

The department also obtained 3,000 seals from tax collectors in counties where the demand has not been so brisk, but this lot was quickly absorbed.

The remainder of the 50,000 shipment is expected any day and the seals will be dispatched as quickly as they are received.

LAW INCREASING PAY OF JUDGES IS HELD VALID

Austin, March 26.—By refusing a writ of error in the case of A. H. King against H. B. Terrell, comptroller, a special supreme court has upheld the constitutionality of the law passed by the Thirty-Sixth Legislature increasing the salaries of the judges of all district and appellate courts.

This special court was composed of George Chilton of Beaumont, special chief justice; N. B. Morris of Palestine and H. P. Brelsford of Eastland. The members of the Supreme Court were disqualified to preside, as they were affected by the law.

The lower courts upheld the law and the special supreme court refused to disturb the findings of these courts. It required special judges in all the courts to try this case, as the regular judges were all disqualified.

Their power to resist splitting or tearing—their tensile strength and remarkable elasticity—guarantee a long-lived service that would be impossible unless only the very choicest grade of rubber was used—and the utmost skill in manu-

They have a soft, rich, velvety green appearance, but are named Evergreen because of their almost everlasting wear-resisting qualities.

PUBLIC OPINION

Single Standard
(In reading the following article don't get the idea that I want to pose as a saint.)

A prominent leader of the suffrage movement, lately said publicly: "Woman suffrage is now assured. Our next move will be for a Single Standard of Morals." What does this mean? Does it mean that there now exists two standards? And that the man standard gave man a right, denied to women and that woman now demands the rights of the man standard? Or that man be compelled to accept the woman standard? Which? In the sense, the word standard is here used it means, "that which is established by authority." By what authority will the single standard of morals now demanded be established? Man's laws can't make a man or woman morally good. Mainly this issue can only be governed by the rules of society and decorum. If I can ever know just what the leaders of this issue mean (as to the mass of womanhood I think I know now), then I can know where I stand. In my judgment there is only one legal standard of morals and that the standard established by God's laws which stands equal for man and woman. Why not compromise and establish God's standard of morals for man and woman—and then Christ like, ever extend the hand of charity and mercy to help those that err, that honestly want to be reclaimed.

THREE INCHES OF HAIL AT FLOYDADA

Floydada, Floyd Co., Texas, March 26.—A heavy rain, accompanied by hail, fell in this section Wednesday. Hail was three feet deep in some places. The wheat crop was not far enough advanced to suffer any damage. Peach buds were destroyed in some places. The apple crop was not injured. Grazing is fine on the ranches.

ALLEN BROTHERS POST INDORSE MORGAN BILL

At the recent general meeting of the Allen Brothers Post held in the District court room of this city, a discussion of the various bonus and compensation bills was made. Objection was made to the proposed cash bonus bill which provided a bonus of \$1 per day for men who served in the army during the great war. This bill was recently proposed by the American Legion legislative body at Washington, and resulting in general statements of the financial burden the country would have to carry in order to pay this cash bonus. The Morgan bill, which in effect provides for the organization and perfection of a loan company, national in scope, that would loan funds to ex-soldiers to purchase property or to improve property now owned by these men, was heartily indorsed. A committee composed of C. M. Mullican, S. Lester Guinn and W. M. Slagle was appointed to draft appropriate resolutions of indorsement of the Morgan bill or a bill similar to that. The question of military training was briefly discussed at the meeting

and resulted in showing some dissent to certain plans that had been presented for consideration toward universal military training. The committee appointed will secure a copy of the bill in question and will draft resolutions regarding the opinion of the camp.

DEWS OF EVE

No More Gentle Than "Cascarets" for the Liver, Bowels

It is just as needless as it is dangerous to take violent or nasty cathartics. Nature provides no shock-absorbers for your liver and bowels against calomel, harsh pills, sickening oil and salts. Cascarets give quick relief without injury from Constipation, Biliousness, Indigestion, Gases and Sick Headache. Cascarets work while you sleep, removing the toxins, poisons and sour, indigestible waste without griping or inconvenience. Cascarets regulate by strengthening the bowel muscles. They cost so little too.

RESOLUTIONS OF RESPECT TO ALLEN BROTHERS

The following resolutions of respect to the memory of Terrell and Phillip Allen, deceased, for whom the Post was named, was read and adopted at the recent meeting of the American Legion Post of this city. They are as follows:
WHEREAS, the membership of this, the Allen Brothers Post No. 148 of the American Legion of Texas, consists of loyal American citizens who served the Government of the United States of America in the various branches of the army, navy and marine corps during the late world war and whose paramount desire is to foster and stimulate a spirit of 100 per cent Americanism, to serve their country loyally and efficiently during the time of peace as in war and to protect and perpetuate the principles and ideals in defense of which our fallen comrades so nobly paid the supreme sacrifice upon the field of battle and upon our native soil; and
WHEREAS, the members of this Post, at a meeting duly called, have elected that the name of this Post shall be the Allen Brothers Post, in honor of Terrell and Phillip Allen, brothers, members of Co. G, 142nd Infantry, both of whom were killed in action during the Meuse-Argonne offensive, October 7th and 8th, 1918, respectively;
THEREFORE BE IT resolved by us, the membership body of this Post, duly assembled and for this purpose, that these present shall constitute and represent the honor, respect and reverence of the members of this Post for those noble sons of America who so freely and nobly paid the supreme sacrifice to the end that democracy and freedom and their attendant blessings might not perish from the earth; that the members of this Post solemnly, reverently and earnestly dedicate themselves to the task of protecting and carrying out the privileges and ideals for which they gave their lives; and that we may obtain fresh faith and courage from the memory of the noble example thus set by them and the privilege of naming this Post in their honor; and be it known that the members of this Post in selecting this honor for themselves, were fully cognizant of their utter inability to add even in the smallest manner to the honor and glory of these, our fallen comrades; and
Be It Further Resolved, that copies of these resolutions of respect and esteem be furnished to the parents and relatives of said Terrell and Phillip Allen, deceased.

A FAMILY MEDICINE

is Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

Ringold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theford's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theford's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit. If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Theford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theford's, the original and genuine. 28 28

YOU WOULDN'T TRY TO TAME A WILD-CAT

Mr. Dodson Warns Against Use of Treacherous, Dangerous Calomel.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money. If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition, and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

RED STAR

Detroit Vapor Oil Stove

Operates Like a City Gas Range

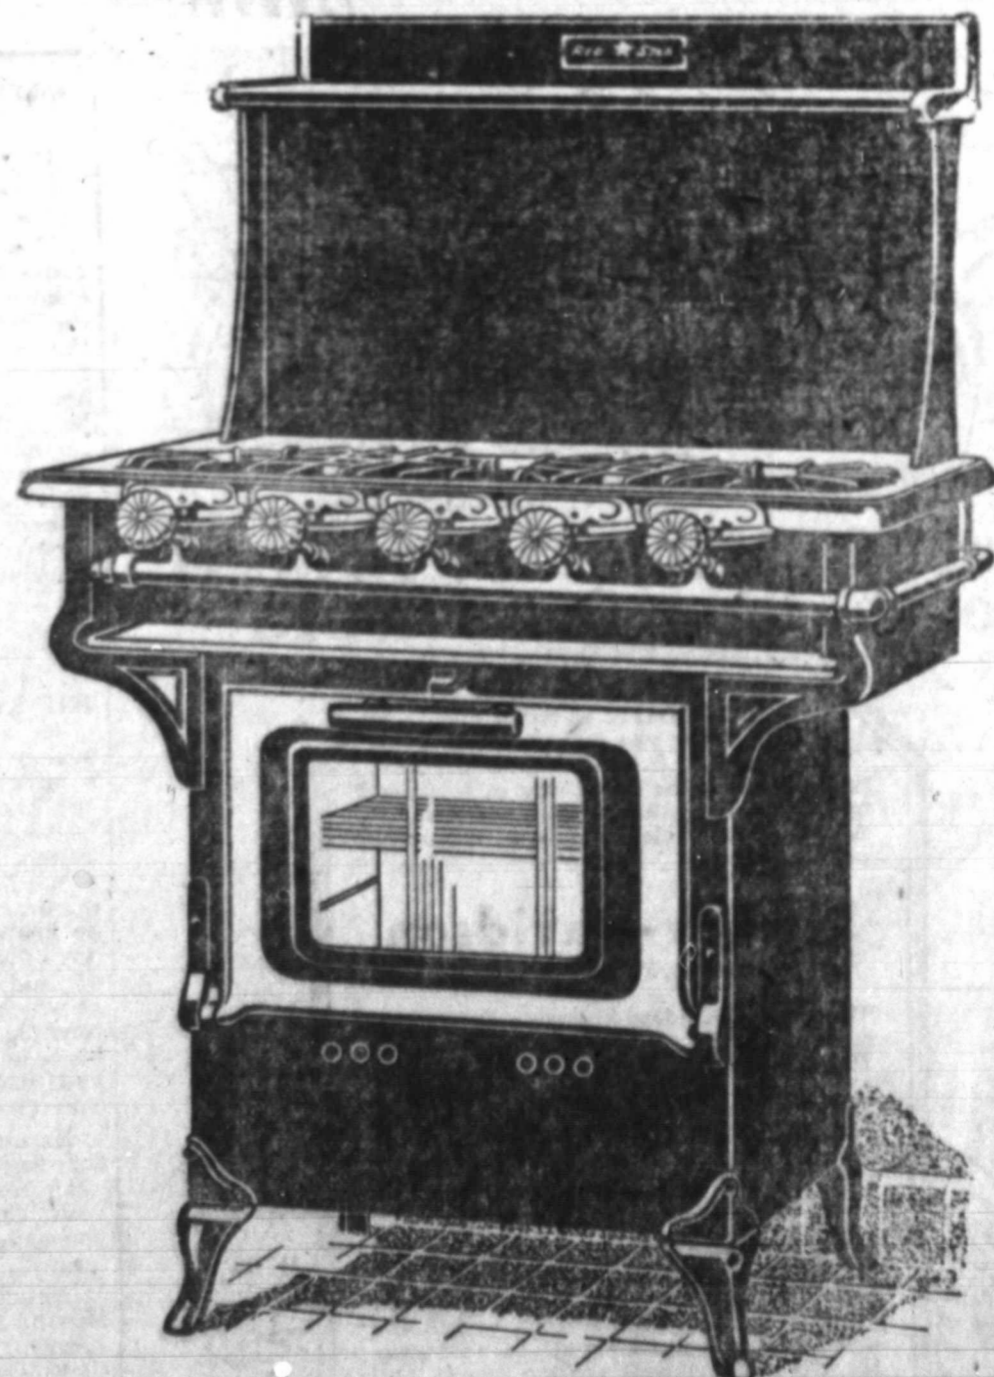

No Wicks or Asbestos Rings

When you own a "Red Star" Detroit Vapor Oil Stove you have practically every advantage of the woman in the big city. You can cook or bake anything just as quickly and just as perfectly.

This new-type oil stove looks, operates and cooks just like a gas range. There are no wicks—no asbestos rings.

As proof of its wonderful cooking efficiency, you can roast a 3 1-2 pound chicken in 70 minutes. The correct time is 1 to 1 1-2 hours, as you know. Layer cake is baked perfectly in 25 minutes. Toast is beautifully browned on a regular gas stove toaster in 8 minutes.

These results are due to our scientific burner which makes its own gas from kerosene, gasoline or Distillate. This intense heat is concentrated directly beneath the cooking utensil. From each gallon of kerosene you get 19 hours of wonderful cooking heat. You save 25 per cent. of fuel usually required.

SLIDE HAPPENINGS OF THE PAST WEEK
We are having some high windy weather at present.
P. P. Posey hauled his last two bales of cotton to Slaton Friday, which finished his 1919 crop, making him twenty-one bales.
While threshing on the T. J. Davis farm Tuesday, the engine set fire to the popcorn crop and the fire spread rapidly, the wind being high and burned the entire corn and wheat crop. Only sixteen bushels of wheat were saved.
Mr. Bivins and wife entertained the young folks Friday night with a dance. A large crowd was present and all report a nice time.
Miss Thelma and Jack Foster of near Lubbock, spent Saturday and Sunday with their sister, Mrs. B. M. Moore of Slide.
The thrasher is threshing at R. W. Harriet's this week.
Collin and Voria Myatt visited at Slide Sunday.
Mrs. W. B. Copeland and children returned Thursday from Stamford, where Mrs. Copeland was called to see her father, who was very sick and also underwent an operation, but is getting on fine at this writing.
Leona Summers is visiting home folks for a few days.
Dr. A. R. Ponton returned Wednesday evening from points in Kansas, where he had been a few days visiting with relatives. Enroute home Dr. Ponton came by way of Oklahoma City, where he purchased a new Mormon Goupet and came overland in his car from that city home.
Simpson's Electrical Company have the old reliable carbon globes for garage use; Delco globes for farm use and the Mazda globes—10 and up to 200 watt—for city use. L. H. Simpson is also a candidate for the position of Commissioner of Public Utilities. Why go anywhere else to get any of the above?

SOMETHING ABOUT OUR CITY NIGHT WATCHMAN
Some time ago a few of our enterprising business men subscribed to a fund for the purpose of paying a portion of the salary of a city night watchman for our city, the remaining portion to be paid by the city.
All of the present subscribers to this fund are donating liberally, but inasmuch as practically all of the business houses of our city profit both directly and indirectly by this service, it seems no more than fair that all should subscribe to this fund and thus proportionately reduce the amounts being paid by present subscribers. At a recent meeting of the Retail Merchants Association, committees which were appointed to solicit new members were also instructed to talk this matter over with the merchants visited by them.
Our present fire insurance rates are based upon the condition that we maintain a night watchman, and without this service the difference in this rate would amount to considerably more than it will cost to pay the salary of a watchman, and this is a movement which should receive the liberal support of our business men.
FLOYDADA MAN OPENING MUSIC STORE HERE
Lee Smith, formerly of Floydada, Texas, is opening a music store in our city this week. He will be temporarily in the West Racket Store of the Thomas building. Later, when a more complete line of goods arrive here, will try to secure more quarters in a building to himself.
The excavation for the basement of the new court house for Gaines county is about complete and material is now on the ground, for the erection of a modern three story building which will be a great credit to the county.

BLEDSEOE NEWS OF THE PAST WEEK

The Mothers' Club met at the school house last Friday afternoon and reorganized for the following year. WORK STOCK EFFECTED WITH BLIND-STAGGERS

According to Dr. R. M. Harkey, local Veterinary Surgeon, some valuable stock of the farmers of this county are being lost on account of the owners feeding corn which is worm-eaten or damaged feeds of other kinds. Feeding stock this damaged grain resulted in the animal developing a case of blind-staggers almost impossible to cure. Dr. Harkey urges that these men use great care in feeding their stock. "One of the worst things about blind-staggers is that the animal is crazed and beyond cure in most all cases before the owner knows of their disease," said Dr. Harkey. He reports that several cases of this disease has been prominent over the county the past few days.

ACUFF ITEMS OF THE PAST WEEK

There is quite a bit of sickness in the community at this writing. Everyone has colds, grippe, etc.
Mrs. Davis of Idalou, who stayed with Mrs. Ashley Davis last week, went home Saturday evening.
Mr. S. S. Rush returned Saturday from San Antonio, where he had been visiting his daughters. He reports a very pleasant trip.
Jesse Bloyd has purchased two fine hogs from Mr. Boerner. He is going into the hog business right.
Mr. and Mrs. J. M. Bloyd and son, Jesse, went to Lubbock, Tuesday.
Mr. and Mrs. Elmer Rush, accompanied by Mr. Rush and Hughey, and L. S. Evitt, motored over to see Mr. and Mrs. Clark Rush a while Sunday.
Mr. and Mrs. L. S. Evitt visited his father Friday, of North Idalou. Mrs. Ezra Rodgers, who has been visiting her mother, Mrs. Baker, returned home Tuesday night, to Eastland, Texas.
The thrasher is at Mr. R. G. Russ' this week.
On account of sickness, Bro. Ribble was unable to fill his appointment at Acuff Sunday.

MONEY PANIC PROPHESED BY NORTHERN MEN

Word was authoritatively received here this week to the effect that a certain well known individual, owning \$125,000 worth of Government bonds, was turned down at a bank in a large Missouri town for a loan of \$80,000. The bank stated they were afraid to make that large a loan under present conditions, prophesying that this year would see another money panic.
Local bankers who heard of this case, do not believe there is reason to expect a money panic. They say that the Federal Reserve Banks, a system originating under the present Democratic administration, will withdraw any panic, as they have more on deposit now than ever before. These men believe that the Federal Bank system is so strong and perfect that it will be impossible for another money panic to come as has been in the past.

JAIL BREAKERS MAKE GET AWAY IN STOLEN CAR

Three inmates of the Garza county jail broke jail last Friday night and were last seen near O'Donnell where they evidently stole a car belonging to a widow lady and made their escape. No word has been heard from that section although rumor has it that the men were seen at Lamesa Monday night.

GAINES COUNTY MAN GETS 2-YEAR SENTENCE

The first man ever convicted and sentenced to a term in the State penitentiary from the county of Gaines was sentenced this week in district court, when Jerry Massey, alias Allen Mason, pled guilty to the theft of a saddle from John C. Hart, Gaines county cattleman. The convicted man was alleged to have stolen a horse and saddle last winter and rode to Lovington, N. M., where he turned the horse wild and disposed of the saddle by selling it to a wagon yard keeper. He was sentenced for two years in the penitentiary.

PAVING MATERIAL REPORTED ENROUTE THIS WEEK

Here is some good news. A message from the contractors who are to do the paving of Lubbock's streets, to officials of the city, recently stated that several cars of paving material was enroute and should arrive here this week. This is fine as far as it goes. No word was received about when the actual work on the paving would begin.

CANYON SCHOOL NOTES

Our school is progressing very nicely and all the teachers are well pleased with the work the pupils are doing. Most all the pupils were present last week we have enrolled at present. The girls played Lubbock grammar school basket ball team, the score being 6 to 8 in favor of Lubbock. This is the first game we have lost this season. We also played Idalou. The score was 22 to 16 in favor of Canyon.

We have been taking examinations the past week. Those that made the highest grade were: first grade, Dorothy Mae Williams; second grade, Jewell Mae Roudie; third grade, H. P. Webb and Anna Crim; fourth grade, Inez Donner and Ethel McLean; fifth grade, Frieda Walker; sixth grade, Adolph Sides; eighth grade, Thelma Hinson; ninth grade, Inez Crim; tenth grade, Hazel Green.

We are going to have our school try-out Friday afternoon. Our picnic supper was a very good success. We made fifty-seven dollars. This was used to equip the boys and girls in athletic suits.

FAMOUS PROHIBITION WOMAN LEADER DEAD

Nannie Webb Curtis, formerly head of the Texas Woman's Christian Union and prominent throughout the south as a worker against the liquor traffic, died at her home in Dallas at 5 o'clock Sunday morning. This news was contained in a telegram received yesterday by W. H. Fuqua, president of the First National Bank.

We weld anything except a "broken heart"—Lubbock Welding Co.

Paul Harris, grandson of P. Von Rosenberg of this city, is in the Lubbock Sanitarium receiving treatment for a fractured arm, which was sustained last week in a fall.

Just as We Expected---

We got moved this week, and we are now over on the SOUTH SIDE OF THE SQUARE. We brought with us a wagon load or so of shoes that we had on hand to mend, and we are doing our dead level best to get them out. Our force will be better prepared to handle the large volume of business in the new location, so just KEEP BRINGING THE OLD SHOES, WE'LL FIX 'EM.

CONTROVERSY HOLDING BACK POTASH DEVELOPMENT

According to A. L. Gurley of Clovis, N. M., who was here last Friday and Saturday, as soon as the controversy over the "Mound Lake" in Terry county is settled, development of the potash industry on the South Plains will be started. Mr. Gurley is yet enthusiastic regarding this proposition and expressed grief over the fact that development has been hindered. Attorneys of the different parties will meet this month in San Francisco and a compromise may result however, if not, the case will be heard in the Federal Court at Abilene this summer.

San Angelo, Texas, March 28.— One of the problems of West Texas farmers will, it is believed, be solved here Monday when Tom Green county farmers confer with D. C. Dove and W. B. The farmers at the same time will consider organizing a stock company for the purpose of building a warehouse.

BIG ENTERTAINMENT FOR MEMBERS FRIDAY EVE

An entertainment, providing a good program consisting of music, refreshments, games of various kinds, dancing and movies, is scheduled for the members of the Allen Brothers Post of the American Legion to be held Friday evening in the W. CATTLE STRONG; SHEEP HIGHER; HOGS STEADY

Though cattle receipts were liberal for this season of the year, demand was increased by a strike at the Chicago yards, and offerings sold readily here at steady to strong prices. Hogs were higher than Saturday and steady with Friday, top \$15.40. Sheep and lambs were in active demand at 25 to 50 cents higher prices, top lambs \$20.15.

Today's Receipts
 Receipts today were 13,500 cattle, 17,000 hogs, and 8,000 sheep, compared with 13,000 cattle, 17,000 hogs and 3,000 sheep a week ago, and 14,500 cattle, 16,150 hogs and 8,500 sheep a year ago.

Beef Cattle
 If the strike among stock yard employees in Chicago is of any duration demand for fat cattle from both packers and shippers will be increased materially here. Today prices were strong. Demand from local killers was larger than at the same time a week ago. An order for 1,300 to 1,350 pound steers to go to Belgium is being filled. Shipping demand for medium and light weight grades is also showing an increase. Heavy steers sold up to \$13.25 and tidy weight yearlings up to \$13.40. Cows sold mostly at \$8.50 to \$10.50, a few extra heavy cows up to \$12.00. Heifers brought \$7.50 to \$12.85. Veal calves were strong to 25 cents higher, top \$16.25.

Stockers and Feeders
 Trade in stock and feeding cattle was rather quiet with prices about steady. Some high quality 550 pound Whiteface stockers brought \$12.00. They were taken out for finishing in a feed lot. The bulk of the heavy feeders sold at \$10.50 to \$11.50 and stockers \$9.50 to \$10.75, with stock cows and heifers \$6.50 to \$9.50.

Hogs
 Hog prices were strong to 25 cents higher than Saturday and fully steady with the best time Friday. In many cases the heavy hogs were higher than Friday. The top price was \$15.40, and the bulk of the offerings sold at \$13.75 to \$15.25. Indications are that local receipts will be increased by the strike in Chicago, but packing and shipping demand will show a corresponding increase.

Sheep and Lambs
 Lambs were quoted up to 35 to

50 cents and sheep were up 25 cents. Most of the fed lambs sold at \$19.75 to \$20.15. Some Navajo wethers brought \$14.75. Good ewes were lacking and feeding lambs and breeding ewes were scarce. Practically all the 8,000 sheep in Chicago today, were consigned direct to killers.

Horses and Mules
 This week's trade in horses and mules is opening with considerable demand, and fairly liberal receipts.

Prices are fully as high as last week. Both southern and corn belt outlet remains open.

CHANDLER SIX Famous For Its Marvelous Motor

Chandler Leads Because of Its Real Worth

It is easy to boast and make claims and to so magnify mere incidents that they may appear as mighty events. It is easy to paint in the colors of exaggeration.

Chandler advertising has never carried boasts or unfounded assertions to the public. It has never extolled some single performance as final evidence of superiority.

The Chandler Six is so distinctly the leader among medium-priced high-grade cars because of its own worthiness, which for sales purposes does not need the support of exaggeration.

Chandler worthiness comes primarily, of course, from its great chassis, light, strong and enduring, featured by the famous Chandler motor developed throughout seven years of constant manufacture with no change of type of design, but with refinements and developments which have kept it long strides ahead of any other six.

This isn't a claim. It's a fact, and over sixty thousand Chandler owners would tell you so if you could ask them.

Six handsome bodies, splendidly built and finished, are mounted on the one standard Chandler chassis.

Other cars of some similarity are listed at hundreds of dollars more

AMARILLO'S NEW DAILY

The initial number of the Amarillo Daily Tribune is upon our desk, this Monday morning, and it has every appearance of a real city daily. It is a fifty-two page edition, well printed, well edited and carries a splendid advertising patronage. We are specially attracted by the large range covered by the news service. It carries a splendid wire service, which gives the news from all over the world, and from every part of the South Plains and the Panhandle news items appear which will be of interest to the readers of the new paper.

We are indeed pleased to have this splendid paper on our exchange list and wish for it the success that the efforts of the management deserves. The salutatory of the editor is short, but sounds like business from the start and is as follows:

"The Tribune enters the field of Panhandle journalism with but one object—to be of assistance in the development of a city and country that offer most alluring opportunities for growth and service. The Tribune has confidence in the future Amarillo and Panhandle-Plains country. With neither friends to reward nor enemies to punish, it has but one mission—to be a newspaper that will merit the confidence and support of the people. The Tribune will not be an organ of any man or set of men, party or church. It aims to be a medium through which the people can be furnished the news fairly and truthfully."

J. M. Adams, editor of the Plainview News, has withdrawn from the race which he entered for representative from this district. Mr. Adams says there are several reasons why he has withdrawn from the race, but the chiefest of which is that he simply does not want the office, and believes he can do more good at home. Well, he might, but there is a need for good honest men in the legislature, and we are not acquainted with Mr. Tilson, but we were counting on Mr. Adams being elected, and "knoved" there would be something doing when he got down to the capital. We are really sorry that Mr. Adams did not run on and go to the legislature. Joe Bailey has already told his followers that it is important that the next legislature be "Baileified" if he does what he hopes to if elected. It is just as important, and probably more so for the real good of the State, that the legislature be extremely anti-Bailey, and the people should see to it that anti-Bailey men are elected.

The Rotan Advance owned and edited by H. C. Shelton, well known in Lubbock, is now the proud possessor of an up to date Linotype machine, which places the Advance in a class with newspapers in towns of ten to twelve thousand population. Mr. Shelton says when he gets on to the "tricks" of this machine that the size of the Advance will be restricted only to the amount of patronage offered him. Shelton is a good fellow and a capable newspaper man and we look for some marked improvements in the Advance in the very near future.

Funny! People cry high cost of living, etc., yet when there is an effort made by anyone to lower the cost of things, someone is ready to raise objection, and block the procedure if possible. Down Cisco way last week, the owners of the barber shops decided to reduce the cost of barber work, and all of the barbers walked out, leaving their employers without help to carry on their business, and many a Ciscoan went without a shave or hair cut for several days.

We thought sure we were going to get all our advertisers in twenty pages this week, but they just kept coming in and asking for more space till we have a jam-up twenty-four pages again this week.

T. A. Cartwright of Lorenzo, is here this week visiting with T. J. Day, who recently moved from that city to Lubbock. Mr. Cartwright has recently purchased property in the Seagraves country and will visit that section again before returning home.

**SIGHTSEERS SHOULD KEEP OUT

BAPTISTS ENLARGE WORK

**Mission Secretary Will Recommend
 How Evangelistic, Educational and
 Benevolent Program Can
 Be Carried Out.**

Americans should keep out of Europe, unless they have important business there, until Europeans have had an opportunity to get on their feet again, declares Dr. J. F. Love, secretary of the Foreign Mission Board of the Southern Baptist Convention.

Dr. Love, as chairman of a commission named by the Baptist 75 Million Campaign to visit Europe and make a survey of the mission fields there, has just returned from a five-months' tour of the continent. He says Americans have distributed cash with such a lavish hand in many places on the continent that the people have become convinced that. Every American has money to throw away and as soon as they spot a citizen from this country they proceed to overcharge him for every thing he buys and every service rendered. Unless Americans forego sight-seeing in Europe for a few years a lot of natives there will become professional beggars in Dr. Love's opinion.

Baptists Suffered Heavily.

Along with the other religious denominations Baptists suffered heavy losses of property in Europe during the war, Dr. Love reports, but he found that such Baptists as survived the war remained loyal to their convictions and they are now ready to welcome the aid and co-operation of American Baptists in the rehabilitation of their countries and the propagation of the gospel. From the contact formed with the Baptists of the chief countries of Europe by these representatives of the Southern Baptist Convention, Dr. Love believes there will ultimately be formed a cooperative alignment of the Baptists of the world that will make them larger factors in world evangelization than they have ever been before.

Carry on Relief Work.

While the program which Southern Baptists will carry on in the European countries which they have not occupied before will not be determined until after the commission has reported to the Foreign Mission Board members of the commission found crying need for money with which to meet cases demanding immediate relief and cabled some for funds to be employed in this connection in northern France and Belgium. This money was promptly forwarded and has been distributed through an agency set up in Paris in conjunction with the Foreign Missionary Society of the Northern Baptist Convention. Prior to the visit of this commission, missionary work by Southern Baptists in Europe has been confined to Italy and Bohemia. However, the commission visited England, Scotland, France, Belgium, Holland and Italy, but found it impossible to get into Czechoslovakia, the Balkans and Russia at this time.

Palestine and Egypt Visited.

After the tour of Europe had been completed, the commission, which included Dr. Z. T. Cody, editor of the Baptist Courier, of Greenville, S. C., and Dr. Everett Gill, formerly missionary to Italy, but now a pastor in Kansas City, went to Palestine to look into the missionary work there, formerly done by the Baptists of Southern Illinois, but recently taken over by the Foreign Mission Board of the Southern Baptist Convention. A trip into Egypt for the purpose of studying the Mohammedan situation was made by the party while awaiting a ship on which to return to Italy. So far, Christianity has made very little inroad on Mohammedanism anywhere. Dr. Love found, though some of the missionary agencies in Palestine have been established for more than a half century. He anticipates a better chance for the Christian religion there, following British occupation of that country.

Establish Orphanage in Rome.

By reason of the liberal response from the native Christians in the various mission fields to the 75 Million Campaign, many improvements on those fields have been made possible. Among the enlargements already provided for are an orphanage in Rome, the addition of a girls' department at Rio College in Brazil, and land for a girls' school at Sao Paulo, Brazil.

The Interior China Mission was asked for \$7,500 for the campaign, and the missionaries there subscribed this alone, while the native converts added \$4,500. The North China Mission has subscribed \$50,000, while Brazil will respond with nearly \$1,000,000. In South Brazil the campaign as it was carried on in the South, was duplicated, with all the special days and other extraordinary efforts and the response is far beyond the anticipations of the Foreign Mission Board. In Argentina, the quota asked was \$75,000, while the returns from that country have already reached \$125,000.

PUBLIC OPINION

The cartoon in the Dallas News of March 30th's issue asked "What has become of the old fashioned man that opposed woman suffrage?" I know the whereabouts of one.

Woman suffrage is now popular and a success as progressive politics. And the men now pushing to the front and hurrahing the loudest for it would if it was unpopular be hurrahing just as loud against it. Simply that woman should have the right of suffrage is not mainly why it was opposed.

As a rule, the men and women that opposed it were actuated by good motives. First, because the majority of women did not want it. Democratically, this one reason should have defeated the woman suffrage movement. At one time it was proposed to submit, by some fair method, the issue to a vote of women, and let them decide by a majority vote the issue pro or con. This proposition was opposed, rejected, by the leaders of the woman suffrage movement.

Second, because they believe that it would finally prove to be detrimental to the rights and best interest of womanhood. Woman—no other—molds the minds, mental faculties—of man. His only hope for true manhood. Third, men and women feared that a thing so new, that countered the relations and customs that have existed from the beginning of time for government of man and woman might be shattered. Nearly all great and good men, who live in history, said in words to this effect, "All that I am I owe to my mother. This is evident proof that woman has ever had a great influence in governmental affairs without noise or parade.

The baby boy lies in its cradle, kicking up its little heels; the mind blank. Never mind little tot, mother will train that mind for manhood. Woman's rights—Woman denied equal rights. My, what folly. A woman that can't make a man mark time (not brutes) but the average man, is not cute and smart.

Deep down, immobility lies dormant—he don't know it—in all men a spark of vanity, when aroused it is apt to make him think he is some pumpkin, bordering on the center of gravity.

When wife and daughters arouse that spark, they have got him good and fast, for all the rights in his power to grant. Of course they must be careful and not arouse his suspicions that they are trifling his manhood or right of bossism. There is nothing wrong with the vanity spark. It tends to prompt ambition which helps man to want to be somebody. One of the main arguments of the woman suffrage movement has been that the theories advanced for opposing suffrage was only foolishness and false poetry and that

woman wanted no poetic rights but the equal rights of man and as Mrs. Catt, once said, "We are going to have it, if we have to use the club to get it."

But in Texas it was not necessary to use the club. By cuteness and smartness, woman worked in a nice little innocent toy right, to vote in the primary elections and the courts have virtually held that it was only that, and when the boys realized what had happened, no hope to win in the primary now without declaring openly for suffrage, they then rushed to get in line. The women only smiled, and the boys looked like the last rose of summer when it withers and falls. The more manly a man is, the easier it is for wife and daughters to manage him. The relations that have existed between man and woman, by nature and time always, is now changed. What will be the results I do hope that time will prove that those that oppose suffrage were wrong.

MORE KING BROS. MARES TO BE SOLD HERE

So successful was the sale of the King Brothers work mares held here a few weeks ago, they have decided to ship another car of these fine animals to market at Lubbock. The farmers of this county are in the market for stock such as the King Brothers raise, and we predict for them another successful sale here Saturday afternoon.

SOME DAY HERE TODAY IN LUBBOCK

This morning bright and early the sun was seen to rise over the eastern horizon and a nice cool breeze was gently blowing. 30 minutes later—the sun had reached high in the sky and was partly faded by the precious elements of the Plains. A dark and ugly cloud was forming in the west and men were on the street without their slickers. 1 hour later—from the noise of the elements landing on the roof, we know that hail of exceedingly large dimensions is falling. We go to the window and everything is darkened without. Wife tells us to get a bucket of coal and we open the back door to find that this, the First Day of April, greets us with a perfectly developed sand storm.

District Court for Yoakum county will open its regular session in Plains April 12th.

SAVING AND ENFORCING THE SUNDAY LAWS IN TEXAS

The General Pastors' Conference of Fort Worth authorizes the following statement on the question of the Sunday Closing Laws:

From our observations of the campaign in Fort Worth and in some other cities of the state, we believe that the time is now here when the law-abiding citizens of the whole state should become aroused over the defiant lawlessness of certain corporations in our state in their attitude toward the well established Sunday laws of Texas. We refer especially to the amusement associations and corporations, the largest and most powerful of which is that represented in the theaters and picture shows.

Big Money Our Chief Opponent
Our Fort Worth experience has revealed to us that our greatest difficulty in getting the picture shows and theaters closed on Sundays in accordance with the law, is not the desire of the people to attend such shows on Sunday, but that the big money which can be made by running the shows on Sunday influences business men in general to such an extent that the whole question resolves itself into whether Texas will allow her Sunday laws to be bought for the price of a personal gain to a few, or preserved and enforced for the good of the many and the safety and welfare of the State. Dr. Geo. W. McDaniel recently said, "The power behind the open Sabbath is avarice, and avarice is the meanest of all the devils. Avarice led to the destruction of the fairest cities of ancient times. It is undermining the foundation of certain modern American cities. Some of them are, even now, reeling toward the fall. Moral corruption has already set in. To check this encroaching peril, the Lord's Day is necessary. No civilization has survived the loss of the Sabbath."

The present campaign in Fort Worth to close the picture shows and theaters on Sunday is, up to this time, only a partial success. All the shows were closed for two Sundays, but in the meantime business interests had become so strongly that Fort Worth would suffer too great a financial loss, if these shows remained closed on Sunday, while they remained open in Dallas, only thirty miles away with good automobile roads and interurbans every thirty minutes. Under their appeal the law-enforcing officers of Tarrant county relaxed in their Sunday closing campaign for the immediate present with the understanding that they as law-enforcement officers would receive the co-operation of these leading business men in closing the shows in Fort Worth, if Dallas would close her theaters and picture shows on Sunday.

There is no doubt that Fort Worth, inspired by her united ministry, led by her efficient Citizens' Committee, and backed by her leading business men can close up her theaters and picture shows at any time that her goodly sister city, Dallas, will close her shows on Sunday.

Educational Campaign Continues
We, as pastors, in the mean time, will educate and build sentiment on Sabbath observance to the end that if possible Fort Worth may come to the day that she will close her theaters and picture shows on Sunday even if all the other cities of Texas live in defiance of this sacred law of God and of our land.

We are greatly gratified that the General Pastors' Conference of Dallas has taken the matter up vigorously, and has issued a statement appealing to all the state to arise and see to it that this fundamental law of society be enforced in every city and county of the state. We join most heartily in this appeal, and would ask that every General Pastors' Conference in the state take the matter up at once and plan to get it before the people in a way that will bring the quickest possible results.

The Sunday Law in Danger
If vigorous and persistent action is not taken throughout the state, the law, through open defiance and disobedience, will be brought into disrepute and perhaps so altered by coming legislation that we will no longer have an American Sabbath, but a Continental Sabbath, which has been one of the great factors that has led to the downfall of many European nations.

Amusement Associations Campaigning
Already these amusement associations are pressing their campaigns in to the smaller towns and cities to open on Sunday in defiance of the law. They have thousands of dollars to expend in such campaigns, they have money to employ the best legal talent and otherwise influence public sentiment. The picture show men estimated that one Sunday's

closing in Fort Worth cost them \$15,000. This means that no money will be spared on their part to break down the well-established Sunday Law in Texas. They have gone in to win, not for the pleasure or good of others, but for their own financial gain.

What will be the answer of the preachers of Texas? What will be the answer of the law-abiding and God-fearing citizens of our state? What will be the answer of our law-enforcement officers of the state to the call of their oath of office to enforce the law?

The contest is on and God and right and law is on our side. Avarice and greed and lawlessness and continentalism, or un-Americanism, is on the other side. What shall the end be?

M. E. CHAPPELL,

(Delayed)

Dr. C. J. Wagner was the honoree of a shower given on March 18th by his many friends. Dr. Wagner is soon to begin operating the new West Texas Sanitarium and his friends anticipating his needs, took this method of expressing their appreciation of him. Dr. Wagner, accompanied by his mother, will leave this week for Chicago.

Mrs. H. L. McLarty entertained the K. K. Klub last Tuesday at the Manhattan with lunch, after which the ladies repaired to the apartments of Mrs. McLarty, where they enjoyed Bridge for some time.

Mrs. O. L. Slaton entertained the K. K. Klub Tuesday of last week in her lovely home on South First

street. A most tempting luncheon was served at the noon hour, after which Bridge was enjoyed. The following ladies were present: Mesdames Shelby Robbins, C. L. Griffin, L. T. Martin, W. B. Powell, J. J. Noone, Neil Wright, Chas. Rush, and the hostess, Mrs. Slaton.

Mesdames L. C. Ellis and E. L. Robertson entertained the Wednesday Needle Club last week. Despite the bad weather, there was a large attendance and every one present enjoyed the occasion to the utmost. Delicious refreshments of bread and butter sandwiches, pear and cherry salad, hot chocolate and oat meal cookies were served the following:

Mesdames C. J. Wagner, W. B. Atkins, B. P. Hopkins, R. E. Karper, H. A. Davidson, F. M. Maddox, Cosby, Thomas, Madsen, Bowen, Nellie Knapp of Sioux City, Iowa, and W. S. Cooper of Roscoe, were visitors.

The Friday Needle Club was de-

lightfully entertained last week by Mrs. Ruby. The afternoon was spent in the usual pleasant conversation and a dainty needle work course with coffee was served the following ladies: Mesdames Bryan, Clark, Scott, Boren, Twitty, William Spikes, Ed Wilson, Mitchell, Walker, Westlake, Payne, Humble, Owen, Miner, and the hostess, Mrs. Ruby. Mrs. Newman Payne will entertain the club next.

Last Thursday afternoon, March 26th, at four o'clock in the Lindsey Theatre, a program consisting of vocal and instrumental solos, motion songs and mock baby show, was given by a few pupils of Mesdames B. P. Hopkins, John Gelin, S. E. Cole and Miss Browning. The piano numbers were given by Misses Katherine Atkins, Evelyn Porter, Margaret Turner and Edith Wheelock, and all showed marked progress reflecting great credit to themselves and to their teachers. The other work was furnished by pupils of Mrs. E. L. Robertson and those participating were: Lucile and baby sister, Griffin, Shelby Robbins Jr., Petra Bivens, Edith Waters, Madam Summers, Edna Mae Ingram, Kathleen Cole, Mary Crosby, Charles Marie Robbins, Murwell Rankin, John Thomas Sears, Felix Ballenger, Lofton Baugh, Mary Francis Royalty, Evelyn Wilson. This was a most delightful affair from beginning to end and has caused much favorable comment.

Rev. and Mrs. J. T. Smith were the recipients of a pounding given by members of their church. The generous contributions were an expression of the love and esteem of which Rev. and Mrs. Smith are held by members of their church.

On Sunday morning, March 28th, 1920, at the home of Mr. and Mrs. J. C. Shaw, their daughter Ruby, was united in holy matrimony with Mr. Jas. O. Allred, of Henrietta, Texas. The bride was dressed in a going-away suit of navy blue tulle. Suddenly after the marriage, Mr. and Mrs. Allred left on the 10:25 for an extended visit to the eastern cities, and will make their home in Henrietta. Every one wishes them happiness and good luck.
