NUMBER 42

LUBBOCK PEOPLE TO BUILD HOMES

A NUMBER OF LUBBOCK CITIZENS WILL BUILD HOMES AND SELL IN A WAY THAT PEOPLE CAN BUY THEM

THE FIRST HOUSE WILL BE STARTED THIS WEEK

They Expect to Build and Sell and Expect to Keep the Work of Building Going on Continually. Buildings will be Well Located and Conveniently Constructed

Some relief, to say the least of it, seems to be in sight now in the matter of homes for people who want them, and are able to put up some money to obtain them.

This week five of our prominent citizens have contracted among themselves to build a number of residences in Lubbock, and to sell them in a way that people of limited means can buy them. Those who will operate this building campaign will be Messrs. C. E. Parks, Sam C. Arnett, J. O. Jones, W. B. Atkins and O. L. Slaton. These gentlemen realize the conditions in our city regarding homes, and have determined to start a movement that will to some extent relieve the situation, in as much as they will not operate this campaign in an effort to make money, but more for the purpose of promoting the better interests of the town, but furnishing homes to those who have some money to invest. The buildings they contemplate erecting will be five and six room houses with baths and other conveniences, and they propose to build them well located and conveniently arranged, so that they will be desirable property to those who become the owners of them.

Col. Slaton, with whom we talked about their proposition, said: "We cannot build a house like we expect to put up for less than \$5000 to \$6,000." We inquired further as to their plan of selling, and he stated that they did not have capital enough to enter upon a large scale of building, but where their buyer did not have more than half the price of the place, that they would try to handle the deal in such a manner that he could place half of the amount in a loan company and in that way enjoy the advantages and conveniences of a home. Mr. Slaton says: "We do not intend to make any profit on these places, more than

the actual cost of handling the deal." They expect to commence construction of their first building this week which will be located in the southwestern portion of the city convenient to school and the business portion of the town.

This of course, will not fill the great demand for rent houses in the city, but it will be doing nothing and these gentlemen are to be commended for their public spiritedness and a willingness to put their money and their time in promoting a proposition that will be a great help to the town and will accommodate many people, who can obtain a home this way that could not otherwise.

The town that puts forth an effort to take care of the people who want to locate therein, will be the town of the future, because it shows there is life and activity there, and few people like the idea of living in a grave yard.

Now, if some one will come along with a rent proposition and put up some houses to rent, our town will move merrily along and we will secure a large number of new people, new industries and there will be greater activity everywhere. You say there is no inducement for building rent houses now. We are sure, however, that a man with a good house to rent can easily find a desirable tenant who would be willing to contract a rental for long enough term to make the investment a profitable one. Nice houses are rarely, if ever, vacant, and our city during the war times and drought had no good houses vacant. Of course there were those that were not in good state of repair that stood vacant for some time, in fact, until the great scarcity of houses forced the people to take them, regardless of their condition.

COUNTY TRUSTEES VOTE TO START SCHOOL SEPT. 1

A meeting of the trustees of all rural school districts of Lubbock county, was called by the County Board to meet in the county court room in this city last Saturday for a discussion of the proposed change in the opening date of the schools from September 1st until December 1st and to definitely decide upon the change.

There was 31 trustees present as shown by the roll call that was made by County Superintendent of schools Judge J. H. Moore. The roll call was followed by a general discussion of the proposed plan. The first talk made that afternoon by a local trustee was greatly against any proposed change in opening date. He said that "no child could study during the summer months, when the birds began to chirp and the grass began to grow and the flowers to blossom" and also added that it was his opinion that every man present at the meeting "knew that was so." Arguments were made against the proposed change by one or two men who said "that it was not right to experiment with the children, by changing the opening date, and that as for the labor problem, they could get all the labor they needed to gather their crops." This argument was answered by those favoring the change when they asked, "why it was that the fields are ungathered now if labor was to be had so easily secured, and that no advancement was ever made that did not so start by an experiment." Advocates of the change said that the change was an experiment with the mothers and fathers and not with the children. Mr. Webb, member of the County Board, in answering a statement about the board's action in regard to the change, said "that no member of the board was trying to make the change for personal reasons and that it was the intentions of this body to promote the welfare of the children of these schools regardless of the feelings of the parents. He also stated that when the schools of the county start their sessions and run for a month with a percentage of from 10 per cent to 20 per cent of the pupils in school and declare a vacation for a period in order to gather the crops, they were not a success and that it was their intentions of offering a remedy, rather than an experiment." Following the general discussions, which showed clearly that the county trustees were divided over the question, a motion was made for a vote upon the change, which was amended by letting the trustees vote whether the schools should start Sept. 1st, November 1st, or Dec. 1st or to leave it up entirely to the local trustees. The result was that 10 votes were for Sept. 1st; 10 for December 1st; 4 for November 1st and 7 for letting the local trustees of the various schools decide. Another vote was made which resulted in a defeat of the change by four votes.

High wages, paid by public work, and oil industries, have attracted some labor which would otherwise seek the farms but it is felt that the surplus now coming in will offset this condition by affording labor for the farms. The section which seems to be most seriously affected by labor scarcity just now is East Texas.

TEXAS WHEAT CROP 75 PER CENT OF NORMAL

Houston, April 12.—The condition of Texas wheat is estimated at 75 per cent of normal. This low condition has been caused by many adverse conditions which affected the crop since planting time. A rainy fall and winter made proper preparation and planting a problem, especially in the black land belt, drying weather and high winds have injured a part of the crop in the plains section, late cold weather has retarded growth and since a considerable portion of the crop has been planted late its proper development and maturity is contingent upon favorable weather conditions very late in the spring.

Some damage by green bug is reported from Gillespie, Kerr, Collin, Grayson and a few other counties surrounding these. The most extensive damage, as reported, is from the two former counties. Throughout the entire Panhandle it appears that the plant is well rooted and that no considerable damage has been done by blowing of the soil. Rains which fell generally over the state between the 24th and 25th of March were beneficial as surface moisture was needed to connect the surface soil with the subsoil, which is now well supplied with moisture and establish capillarity. Unfortunately, however, the high winds and cool weather which accompanied and followed these rains dissipated, largely, this moisture which was for the whole insufficient. Last year at this date the condition of winter wheat was 101 per cent of normal and the ten year average 81 per cent of normal.

The condition of rye is 77 per cent of normal. This crop has been affected by many of the conditions reported for winter wheat. The condition on this date last year was 95 per cent of normal and the ten year average is 77 per cent of normal.

Breeding Sows

The number of breeding sows has increased 3 per cent as compared to this date a year ago. It should be remembered, however, that there is still a marked decrease as compared to 1917. The great breeding section of the South Plains of the Panhandle was almost stripped of breeding stock during 1917-18. At the beginning of 1917, the number of breeding sows in the state was 313,000, whereas at present there are but 290,460.

Farm Labor Supply

The present farm labor supply is 89 per cent as compared to the supply at this date last year and 71 per cent of the normal. Until the restrictions were lifted, and Mexican labor permitted to enter the state, there was alarming scarcity which did not give a favorable outlook to the acreage prospect for the coming year. At present, however, this situation is much improved, thousands of Mexican laborers have come into San Antonio and border points. The south district of the state is now well supplied and the surplus is spreading to the north and east.

THE INTER-SCHOLASTIC MEET HERE

A VERY LARGE ATTENDANCE IS EXPECTED AND EVERY HOME SHOULD BE THROWN OPEN TO THE VISITORS

MANY LIVELY CONTESTS EXPECTED DURING MEET

Nineteen Counties Will be Represented and Many People Will Come Here in Addition to the Contestants. Lubbock People Should Extend a Warm Welcome

The time is now at hand for the entertainment of the District Inter-scholastic Meet, and tomorrow will find Lubbock fairly swarming with youngsters from nineteen counties who will assemble here in competition for honors in the various contests. With them will come hundreds of friends and relatives and Lubbock should feel proud of the honor of having this crowd of young people here, and throw open wide the doors of their homes to entertain them. Lubbock cannot entertain so many people otherwise. Our hotel facilities are not sufficient to take care of this number of additional guests and therefore it behooves our people to step in and make the people know that we are glad to have them and are willing to share our home life with them.

The counties represented in this meet are: Bailey, Borden, Cochran, Crosby, Dawson, Dickens, Floyd, Gaines, Garza, Hale, Hockley, Lamb, Lubbock, Lynn, Motley, Scurry, Terry and Yoakum.

There promises to be some real

lively contests and the following is a brief outline of the two days' program.

First Day

Commencement of the program of the meet will start at 1:30 Friday afternoon with a general meet in the Auditorium of the High School building. A discussion and explanation of the rules will be made. At 2 o'clock, preliminaries in debates, declamations, basket ball and tennis will start and finish at four o'clock. At that hour the first preliminary base ball games will be played, closing for the day. At night the finals in declamation will be made.

Saturday's Program

Commencing at 9 o'clock with spelling and second preliminaries in debates, basket ball and tennis and finals in base ball, closing for the morning. Saturday afternoon's program starts at 1:30 by finals in track and base ball. Saturday evening the program will close by finals in debates and the awarding of medals of winners will be made.

SOMETHING OF THE TEACHING SITUATION IN TEXAS

Dallas, April 14.—Teaching is but one-half as good in some Texas counties as in 1918, according to reports of County Superintendents made to the Texas State Teachers' Association, received in Dallas today. Counties reporting teaching efficiency as having decreased more than thirty per cent are Johnson, Bowie and Hays. Counties reporting a loss of one-fourth of the efficiency of their teachers were Crowell, Ford, Henderson, Polk, Jackson, Dallas and Tarrant.

During the year nearly half of the teachers of Johnson county have changed, and five vacancies existed until time for the schools to close. Bowie county reported its teachers as loyal in carrying out losing contracts, but the county superintendent asserts they will not enter such contracts for the coming year. Hays county has six vacancies, and some schools will have the term end without teachers; the superintendent adds that there is no prospect for increase of pay for the coming year.

Board in the rural districts of Dallas and Jackson counties is about \$30.00 per month, which is approximately that paid by rural teachers in Henderson county. In these counties the superintendents say no increase in pay is expected for the coming year. Fifteen per cent of Henderson county's teachers have resigned during the current year to enter other business; ten per cent of Jackson county's teachers have quit the profession. No superintendent failed to express the opinion that many of their teachers are now conducting their last classes, that when the present school term ends many will enter other professions.

LITTLE MOTOR CAR OFFICERS ARRESTED ON FRAUD CHARGE

Dallas, Tex. April 13.—W. S. Livezey, president, and two other officers, employees of the Little Motor Car company of Grand Prairie, Texas, were remanded to jail here today to await preliminary hearing next Friday on charges of fraudulent use of the mails and conspiracy to defraud in connection with sales of the company's stock. They were sent to jail in default of \$25,000 bond demanded of each by United States Commissioner R. V. Davidson, Jr. The company was placed in receivership last week. Federal intervention in the affairs of the company came early today when formal charges were filed by post office inspectors and the five men were taken in custody. Besides President Livezey, the men under arrest are: R. L. McCoy, vice president of the Little Motor Car company, George W. Stricker, secretary-treasurer, and Herman Stricker and J. H. Crow, employees of the company.

In the recent receivership proceedings on the part of certain stockholders, mismanagement of the company's affairs was charged. Petitioners allege that stock sales had netted the company about \$1,000,000, but that the concerns assets at present were only about \$300,000. Everett S. Owens was appointed receiver.

Organized Year Ago

The company was organized about a year ago for the purpose of building motor cars and had constructed a small plant at Grand Prairie, near Dallas. Its original capital stock of \$100,000 was later increased to \$1,000,000 and still more recently to \$3,000,000. Petitioners for a receivership declared there were about 30,000 stockholders in Texas, Oklahoma, Missouri, Illinois and Pennsylvania. President Livezey today declared the company is solvent, has started construction of motor cars, and that the present proceedings "is all a spite case" on the part of certain stockholders.

JOSEPH LANG DIED TUESDAY MORNING

Joseph Lang, Sr., died at the ranch home of Mr. and Mrs. J. Williams, some miles northeast of Seminole, Tuesday morning, April 6, 1920, at 4:00 o'clock.

Mr. and Mrs. Lang had been here visiting their daughter, Mrs. J. Williams, since December, in the hope of benefiting Mr. Lang's health as he had been stricken with paralysis about two years ago. This trouble being the cause of his death.

Mr. Lang was a native Texan, was raised in Johnson county, and at the age of twenty went to Cooke county, where he engaged in the cattle business. Later he moved to Colorado City. He was in the cattle business in Lubbock county for a number of years, and in 1900 moved to Portales, N. M., where he made his home until his death.

His body was carried to Portales Tuesday, where it was interred. The funeral services were conducted Wednesday by the pastor of the Baptist church, and the burial services were in charge of the Masons, of which he was a member.

Besides his wife he leaves six children: Mrs. Mattie Mitchell and Mrs. S. A. Morrison of Portales, N. M.; Mrs. J. Williams of Seminole, Mrs. W. R. Franklin of El Paso, Mrs. R. P. Puckett of Amarillo and Joe Lang, Jr., of Dalhart.—Seminole Sentinel.

CITY TO DIG SECOND WELL FOR WATER

A contract was entered into Tuesday of this week by the city council with T. T. Price of Littlefield for the drilling of another well for the city. We are informed that another pump will also be installed and probably another surface tank, which will cost when complete about \$5,000. The extension and growth of the water service of the city is the reason for the other equipment.

MISS HALSEY TO ATTEND MEETING AT CANYON

Miss Millie Halsey, Home Demonstration Agent of Lubbock county, will leave Monday morning for Canyon where she will attend the meeting of the demonstration agents which will be held in that city, Apr. 19-23. Miss Halsey will spend the entire week in Canyon.

CONTRACT LET FOR \$8,000 RESIDENCE

Contractor Sam Dane of this city, informs us that he was recently awarded a contract for the erection of a nice residence to be built for T. W. Thomas, local grain and coal dealer to cost, when complete, \$8,000. The building will be constructed out of hollow tile and brick and will be modern in every respect.

COMPULSORY SCHOOL LAW TO BE ENFORCED

The defeat of the proposed change in the opening dates of the schools of Lubbock county last Saturday afternoon at the meeting of the county trustees, marked the beginning of the strict enforcement of the compulsory school law of Texas in Lubbock county, according to the County Board. It was the intentions of this board in making the change of the opening date to solve this law, by giving all pupils of scholastic age, plenty of time to aid in the gathering of the crop and thus do away with the hardest problem of child attendance. One hundred school days are demanded by the laws of the State for every child of scholastic age. In the past year so many children were out of the school that the situation became alarming to the county board who could see the laws being violated.

This body of men also thought that in making the change of the opening date, that uniformity in the commencement of the schools and in the grades and grading of the pupils of all the schools, could thus be brought about, whereas under the present system, one scholar moving from a school which starts the first Monday in September to another portion of the county where the school starts in November has lost that much time.

LUBBOCK PARTIES ATTEND MASONIC LODGE MEETING

A delegation of thirty-four members of the R. A. M. Chapter of the Lubbock lodge attended the organization of a R. A. M. Chapter at Slaton Wednesday evening. These men return saying that they had a very enjoyable evening, with plenty of nice talks and a very delicious lunch. The following men were at the meeting at Slaton: Fred C. Oliver, W. C. Rylander, S. Lester Guinn, Louis F. Moore, W. H. Meador, A. M. Rankin, E. C. Young, R. A. Holland, H. Clay Thornton, K. Carter, M. M. Dupre, A. B. Conley Jr., J. H. Moore, Carroll Thompson, J. H. Pettit, J. B. Overton, J. L. Benton, Joe Boyd, Cleve Grover, H. W. Sims, Sam T. Davis, Roch Newton, S. R. Jackson, B. L. Wright, C. E. Maedgen, George W. Morris, Ed O'Dell, J. R. Barris, H. A. Davidson, N. H. Wright, Chris Harwell, S. C. Wilson, O. E. Radford and Rev. A. A. Collins.

W. H. McCarrihan, Ex. High Priest, F. A. Baird, Ex. King, and Ralph Hardy, Ex. Scribe and assistant officers were duly installed. Two degrees in the Mark Master were conferred by the newly made officers which is reported to have been greatly appreciated by the visitors present.

MISSISSIPPI MAN TO MAKE HOME HERE

J. T. Price and wife and little daughter Mamie, of Meridian, Miss., arrived in Lubbock recently and will visit at the home of Mr. and Mrs. L. H. Shelton for several days. Mr. Price is a brother-in-law of Mr. Shelton. He informs us that he came to Lubbock with intentions of making his permanent home here.

SAYS LUBBOCK RUNNING PEOPLE AWAY

F. J. McKie, superintendent of the Panhandle & Santa Fe railway Co. of the Slaton division, who was here Wednesday, says that Lubbock is turning people away by not sufficient houses. Mr. McKie had contemplated making his home here and has tried to secure a home but without success and now says that he will likely purchase a home at Slaton.

Fred Scudday of Brownfield is here this week attending the bedside of his wife, who underwent an operation in the Lubbock Sanitarium Wednesday. Latest reports from Mrs. Scudday is that she is doing nicely.

RECOMMENDS CO-OPERATIVE BUILDING OF STORAGE

W. T. Williamson, Government Cotton Classifier of Lubbock county, believes that this county should be served with a farmers' co-operative warehouse, but does not believe that the cotton farmers of the county are yet numerous enough to justify them going to the expense of building this large house at the present time. It is his opinion that the Wool Growers' Association and the South Plains Cotton Raisers' and Marketing Association ought to cooperate and build this needed warehouse. This building would be easily used for the two associations as the wool crop would be disposed of before the commencement of the cotton season.

"By having a warehouse in the county where there is a government cotton classifier," Mr. Williamson says, "the Federal Reserve Banks will loan the farmers money at 6 per cent thus they could borrow money on this crop in storage for immediate use if they wanted to hold and sell collectively."

TREASURY ISSUES QUARTER BILLION IN CERTIFICATES

Washington, April 11.—Secretary Houston announces a new offering of \$250,000,000 treasury certificates of indebtedness at increased rates of interest, the highest paid since the beginning of the war. One series will be of three months' maturity at 5 per cent and another series of six months maturity at 5 1/4 per cent.

Secretary Houston said that recent changes in the situation, which he had the advantages of discussing with the Federal Reserve Bank governors meeting in Washington during the past week, had led him to the determination that it would be wise to meet the current requirements of the Government, enlarged as they are by expenditures in connection with the return of the railroads to private control, by the issue of treasury certificates and bearing interest at higher rates.

TERRY COUNTY PEOPLE DISCOVER NEW MINERAL

Surely the neighboring county of the South is well equipped with the good things of this earth. According to visitors here this week, they now have much excitement over limestone deposits, especially along the canyon that passes through the county. These men tell us that analysis of the rocks of the draw or canyon, show a large percentage of lime and they think that in the near future there will be operated a mill for this purpose. So far, as best we can learn the mineral deposits of that county consist of lime, potash, carbide, salts, salt and numerous others which we are not competent to name. They are also boosting the oil game in Terry.

TWO KRESS CITIZEN INJURED WHEN THEIR CAR OVERTURNED

Kress, Texas, April 8.—T. K. Boren and G. Davenport were painfully although not seriously injured, when the car in which they were riding overturned on the Tullis road. It seems that the car was going at a very rapid rate when something went wrong with the steering mechanism. In spite of their efforts to bring the car to a stop, it overturned. Mr. Boren suffered a broken arm and injuries about the face and body. Mr. Davenport suffered severe injuries about the face and knees and was otherwise bruised. They were rushed to the drug store where Dr. Longmore dressed their wounds. The car which was badly wrecked was taken to the car hospital. It is hoped that all three will be out and running again soon.

T. M. Armstrong, representing the Armstrong Farm Tractor Company, whose temporary headquarters is Lubbock, is in Fort Worth this week visiting with home folks.

NICKLES LOSE THEIR VALUE IN LUBBOCK

The decorators of the new nickle, who recommended the Buffalo and the Indian for the five cent coins, were evidently blessed with foresight. Just as the white man chased the Indians from our country and killed out the large herds of buffalo that once inhabited the United States so are the merchants disposing of the nickle. Signs appear prominently over various show cases in Lubbock now, to the effect that "no article sold for less than a dime." Since Coca Cola and other fountain drinks and even the five cent lead pencils have risen above that figure and tipping the ten cent mark, it is now evident that in only a matter of time the nickle will be an article of interest in the great museums.

REV. A. B. ROBERTS IS VERY SERIOUSLY ILL AT HOME

Rev. A. B. Roberts is very seriously ill at his home on Galveston street and today the physicians stated that he was worse. He is suffering from heart trouble and due to his advanced age, his case is more serious. All of his close relatives have come to be at his bedside.

Rev. Roberts is one of the best known ministers in the county and the Plains. Until a month ago he was very active in church affairs and he continued to preach sermons after the age when the big majority of men have retired.—Plainview Herald.

GEO. W. BRIGGS ATTENDING A MEETING IN EL PASO

George W. Briggs, secretary of the Lubbock Chamber of Commerce, left Monday morning for El Paso, where he will attend a meeting of insurance officials. We are informed Mr. Briggs will return the latter part of this week.

ELKS LODGE MAY BUILD HOME HERE

Plans are being worked out by members of the local Elks Lodge to erect a nice home for the local members. The lodge has recently disposed of their lots on West Post Office street and will purchase lots in another portion of the city for their grounds. Nothing definite is known now about the construction of their home, although we are advised by the officers that plans are in course of making.

JONES BROTHERS

THE NEWS OF THE WEEK AROUND CENTER

Mr. Baker's brother and family came in last Sunday from New Mexico. He will live on the Sanford place this year and make a crop. We are certainly glad to see the vacant house occupied once more.

Mrs. David Myers and daughter were in Abernathy one day last week shopping.

School is doing nicely. Two more new pupils were enrolled last week. Mr. Pevhouse certainly has his hands full now with so many grades in school and running his farm besides, he certainly needs the aid and influence of the parents over the children which the writer truly believes he will be able to secure as most every one seems to be well pleased with his efforts to carry on the work of two teachers.

Mr. Burr Myers was seen passing the school house one day last week with a disc harrow.

Mr. Lewis Baker was in Abernathy last Monday.

Mr. Baker failed to drain his radiator last Saturday, so it froze and burst Saturday night. He was in Abernathy last Monday for repairs.

Edgar Abney was in Abernathy last Monday attending to business.

Mr. Dick Habbings is expecting to receive a jitney most any time. He got a new buggy a short time ago but decided that the car would be more attractive to the girls as there are so many of them who are very glad to take advantage of Leap Year.

The buggy was hardly large enough for more than two.

Mr. Bill Emery's house is now completed and ready to move in to.

R. H. Haney and family were in Lubbock last Tuesday.

CITATION BY PUBLICATION

THE STATE OF TEXAS.

To the Sheriff or any Constable of Lubbock County, Greeting:

You are hereby commanded to summon A. J. Robertson, Fannie H. Napier, Hays H. Robertson, Sterling C. Robertson and Van Iron, and the unknown heirs of the said A. J. Robertson and of Fannie H. Napier, and of Hays H. Robertson and of Sterling C. Robertson and of Van Iron, by making publication of this citation once each week for four consecutive weeks previous to the return date hereof, in some newspaper published in your county, if there be a newspaper published therein, if not, then in any newspaper published in the 72nd Judicial District; to appear at the next term of the District Court of Lubbock county, Texas, to be held at the court house thereof, in Lubbock, on the first Monday in June, A. D. 1920, the same being the 7th day of June, A. D. 1920, then and there to answer a petition filed in said court on the 3rd day of April, A. D. 1920, in a suit numbered on the docket of said court No. 1334, wherein, W. R. Mosley is plaintiff, and A. J. Robertson, Fannie H. Napier, Hays H. Robertson, Sterling C. Robertson and Van Iron, and the unknown heirs of the said A. J. Robertson, and of Fannie H. Napier, and of Hays H. Robertson and of Sterling C. Robertson and of Van Iron, are defendants, the nature of plaintiff's demand being as follows:

Plaintiff alleges that on January 1st, 1920, he was lawfully seized and possessed of the title to a part of the Jas. R. Robertson survey, in Lubbock county, Texas, by virtue of Cert. 23-113, Pat. 49, Vol. 23, patented January 17th, 1873, described as follows: Beginning at a stk. 1-320 vs. S. of N. E. cor. sd. sur; thence W. 952.22 vs. Thence S. 948.6 vs. a stk. for corner. Thence E. 952.22 vs. stk. in E. line; thence N. 948.6 vs. to beg. containing 160 acres; that on said date the defendants unlawfully entered into possession of the premises described and unlawfully ejected plaintiff, and withholds possession to his damages, \$1,000.00. Plaintiff prays for his damages, for the recovery of title and possession from defendants; writ of restitution, etc. Plaintiff also claims title under the three years statutes of Limitation, as defined in Art. 5, 675, Rev. Civ. Stats. of Texas; and also claims under Five Year Statutes of Limitation, as defined in Art. 5, 674, R. S. of Texas; and also claims title under Ten Year Statutes of Limitation, as defined in Art. 5, 675-5676, R. S. of Texas, claiming title under said Statutes of Limitation to all land above described.

Herein, fail not, but have you before said court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office at Lubbock, Texas, this 3rd day of April, A. D. 1920.

In the Spring Time

Any fool knows enough to carry an umbrella when it rains, but the wise man is he who carries one when it is only cloudy.

Any man will send for a doctor when he gets bedfast, but the wiser one is he who adopts proper measures before his ills become serious. During a hard winter or the following spring one feels run-down, tired out, weak and nervous. Probably you have suffered from a cold, the Grip or flu, which has left you thin, weak and pale. This is the time to put your system in order. It is time for house-cleaning.

A good, old-fashioned alterative and temperance tonic is one made of wild roots and barks, without the use of alcohol, and called Dr. Pierce's Golden Medical Discovery, in tablet or liquid form. This is nature's tonic, which restores the tone of the stomach, activity of the liver and steadiness to the nerves, strengthening the whole system. First put up by Dr. Pierce over 50 years ago, now procurable at any drug store; or send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

DR. LOUIS ALBERT WILL ADDRESS LUBBOCK FOLKS

Rev. Atticus Webb, Superintendent of the Anti-Saloon League of Texas, sends us the following announcement:

On Monday, April 19th, at 7:30 p. m., the well known Dr. Louis Albert Banks will speak in the First Baptist church in your city. I am writing to call your attention to this service and to ask you to aid in giving all the publicity to it possible.

Dr. Louis Albert Banks is one of the most famous preachers of America, long in the pastorate of the leading churches from Boston to Seattle. While in the pastorate he was such a foe to rum that he was shot down on the streets of his city by a saloon keeper.

Dr. Banks will discuss the world movement exclusively and his message will give a new vision to the Christian forces of your city, which will vitalize your missionary work and inspire to a new fight against rum. The value of his message to your local church work is so great that you cannot afford to have one of your members miss hearing it.

The service was necessarily placed on a week night. This makes it difficult to get the attendance we should have, so I am writing to ask you to lend your whole-hearted cooperation in packing the church that night to its limit.

May I not ask you to call a few friends over the phone and give them a cordial invitation to be present? It will do them good.

Thanking you for your kind cooperation, I beg to remain,
Most cordially yours,
ATTICUS WEBB.

THE USE OF THE WORD "TUBERCULAR"

The word "tubercular" is often misused for the word "tuberculous" or "tuberculosis." Every day in the press of the state and the nation we find references to "tubercular hospitals," "tubercular patients," "tubercular clinics," etc.; and we hear many people using these words. However, what are really referred to are "tuberculosis hospitals," "tuberculosis patients," and "tuberculosis clinics."

Dr. George Thomas Palmer, president of the Illinois Tuberculosis Association, gives a fitting explanation of the word "tubercular," as follows:

"The word 'tubercular' means 'formed like a tubercle' or 'having tubercles,' and the dictionary defines a 'tubercle' as being 'small swelling.' It is obvious then that unless a sanatorium or hospital is shaped like a pimple or a small swelling, or unless it is covered with pimples or small swellings, it cannot be properly termed a 'tubercular sanatorium' or 'hospital.'"

According to Webster's Dictionary, "Tuberculous" is an adjective, which refers especially to the disease which is commonly known as 'consumption'; while 'tubercular' refers to anything with a small lump, pimple, and which may or may not indicate tuberculosis.

In no case should the word "tubercular" or "tuberculous" be used to designate a "tuberculosis hospital"—there is no such thing as a "tubercular hospital," or "tuberculosis hospital," since a hospital cannot contract the disease. The expression "tuberculous person" is correct—referring to one who has tuberculosis.

JOY RIDERS STEAL FINE CAR FOR NIGHT

Some high-toned joy riders stole a mighty nice high powered automobile late last Friday afternoon when they took the Hudson super-six of T. E. Michael away from near the Bradley Garage where he had parked it for the afternoon and evidently spent a hilarious night. The sheriff was notified and immediately wired officers of several nearby

towns to be on the lookout. The car was found across the railroad the next morning early where it had evidently been deserted by the thieves. The car showed that it had been badly take care of during the night and had a tire blown out. Nothing has been learned about who used the car, but it is the opinion of officers that the party or parties who did the stealing left on the morning train for Clovis.

CHURCHES OF CHRIST MEETING AT BROWNFIELD

The Churches of Christ in Terry county have decided to have a fifth Sunday meeting in Brownfield in this month, in which the churches at this place and Gomez and Meadow will take part. The object of the meeting is that the churches may become better acquainted, and that their work of evangelizing the county can better be carried forward through their cooperation. Those who come will be rewarded with three good sermons, all day song service and dinner for all.—Terry County Herald, Apr. 9th.

We do not object to these good people having their meeting at Brownfield or anywhere else they choose, but what we have not been able to figure out how they are going to have a Fifth Sunday meeting in April. Every calendar in our shop gives only four Sundays in this month.

SENATOR BLEDSOE SELLS HOME TO FRANCE BAKER

Senator W. H. Bledsoe recently closed a deal whereby France Baker, newly appointed president of the Citizens National Bank, will become the owner of the Senator's home. Senator Bledsoe said that it was his present intention to build a six-room brick out in the west part of the city in which he would make his home permanently. He left Monday morning for Austin where he will appear as counsel in a case to be heard in the Supreme Court Wednesday and will return home the latter part of the week.

BUILDING PRICES VS. BUILDING

With reference to building materials, there is a shortage of houses and, in addition, there is a great need of lumber for railroad purposes. These things, together with the foreign demand, are going to make the requirements for lumber unusually heavy. An extraordinary demand tends to maintain prices. Present conditions do not point to a speedy lowering of the cost of materials.—R. A. Long, of the Long-Bell Lumber Company, in interview with a News reporter.

If there is a man in the country who is competent to size up the market with reference to building materials, that man is R. A. Long of Kansas City, who paid Amarillo a visit Thursday. He is one of the leading lumbermen of the continent. Failure to exercise sound judgment in the matter of gauging the future market price of the materials which he handles would mean the loss of millions of dollars by his concern. Mr. Long, in so many words, has backed up the contention of The News—that with the world's building program years behind, coupled with the destruction in France and Belgium during the war, it is useless to expect building materials to drop materially for some years. The only possible drop would be in the price of labor, and labor, from present indications, will insist on keeping wages at their present level, or higher.

Therefore, if Amarillo is to care for the people who seek to settle here; if Amarillo expects to gain new industries and properly house the men and women who will be necessary to conduct them, the time has come for redoubled efforts upon the part of those who would invest their money, to redouble their efforts to supply homes of moderate price for salaried people and workmen.

A vacant lot draws no interest. Scores of wealthy men of the city are hankering with the taxes which they are paying out every year upon vacant lots from which they secure no immediate returns.

There is a way in which to make these lots pay, not only a good return upon the original investment, but an excellent profit, by erecting on them good, substantial, moderate-priced homes and selling them, upon the installment plan, to salaried people who otherwise may never become home owners.

Why wait until next year, if the prices of all those things which go into the construction of a residence are likely to remain as high as at present, or go higher?

SWEETWATER PLANS TO FORM BUILDING LOAN ASSOCIATION

Sweetwater is to have a building and loan association if the action of the Business Men's Club which met at the Mart Hotel last night is supported by the citizens of this city. The business men present stressed

ed the need of such an association, referring to the success of the venture in other cities and emphasizing the need of several hundred homes here within the next 90 days. A committee composed of George H. Sheppard, Dr. A. C. Wimberly and Mayor C. A. Engle was appointed to investigate the plan and used in other cities and to report at the earliest possible moment.—Sweetwater Reporter.

The town that takes care of the needs of the people who want to come there to live will be the town that will be a real city in a few years. Is Lubbock going to be in that class, or will we continue to let people come here and go away because there is no place for them to live? We will never make the city that we should, if we permit this condition to continue? It is the condition NOW. People are coming here and after investigation are leaving for no other reason than lack of homes. And, too, this is not all. A number of instances have come to our notice recently of people who have been here some time—renting—the house they have been occupying has been sold and they are out of doors—not a house to be rented anywhere, and they have picked up and left our city and went where the progressive citizens see to it that there are houses for those who need them.

WOOL GROWERS MEET WEDNESDAY AFTERNOON

The regular meeting of the Lubbock Wool Growers' Association was held in the court house Wednesday afternoon. The president, George C. Wolfarth, was not present, and vice president Bledsoe acted in that capacity. Bids were received for the sacks and strings. The association voted to give H. A. Davidson, local feed dealer, the contract for supplying this association with these things. The strings will cost 32 cents per pound and the wool bags, 80 cents each, according to the figures given to the association Wednesday by Mr. Davidson. Mr. Maedgen, of the Security State Bank and Trust Company, told of his correspondence with the officials of the local compress. The managers wrote to him to the effect that the building, that is one hundred feet square, could be used by the association for the storage of their wool for \$5.00 per day. The plans are now to start the concentration of the wool in this warehouse about the last part of June and to have all in by not later than July 1st. The sale will be held on the same date as last year or July 10th.

PRO-BAILEY MAN TO SPEAK HERE SATURDAY

For the welfare of Joseph Weldon Bailey, ex-senator from Texas and present candidate for Governor of this State, A. T. Cole of Clarendon, will speak in Lubbock Saturday afternoon of this week, according to a program of the Bailey headquarters published in the Dallas News of today. This is the first public political speech to be made in Lubbock for the present year. Bailey has a few supporters in Lubbock, however, the general opinion or the most prevalent is against him for the office he now seeks.

Senior Party

The Senior class of the Lubbock High school was delightfully entertained Wednesday evening, April 14, by Arnett Pearson and Misses Ferné Wheelock and Mary Dickinson in the lovely home of Mr. and Mrs. W. A. Bacon.

Progressive games were enjoyed throughout the evening. Most delicious angel food cake and ice cream were served, and bunches of sweet peas and pansies were given as favors.

Those present were the following Seniors and guests:

Misses Irene Lowrey, Blanche Bean, Maggie Hensley, Floa Benson, Julia Jennings, Margaret Dupre, Irma Pryor, Elma Pierce, Charlie Jackson, Blanche Emms, Ida Lou Ellis and Miss Lena Cole; Messrs. B. B. Graves, Jack Griswold, Lennie Montgomery, Clayborne Bullock, David Benson, Hugh Bivens, Wallace Blankenship, Lawrence Martin, Roy Allen, Moody Smith, Gerard Lokey.

The Wesley class of the Methodist Sunday school was royally entertained Tuesday night in the home of Mr. and Mrs. R. I. Tubbs. The whole affair was well planned and the evening one of pleasure from beginning to end. Interesting contests in which all participated created much merriment.

Mrs. Brabham delighted the guests with several piano selections. Mrs. Trinkle sang and Mrs. Sims gave several readings in her usual charming manner. Another feature of the evening's entertainment was a fan race in which Mr. Rylander won. The song adopted by the class, "The Touch of His Hand on Mine," was sung by all present. Delicious refreshments consisting of angel food cake, home made ice cream topped with bananas and cherries, were served the following guests: Rev. and Mrs. J. T. Griswold, Mr. and Mrs. W. C. Rylander, Mr. and Mrs. C. E. Macgregor, Mr. and Mrs. Stanton, Mr. and Mrs. Rhea; Mesdames Fain, Myrick, Brabham, Trinkle, Lawson, Turley, Vining, Dape, Rennels, Richardson, Sims, Harold and Dudley Rennels, Pauline Baker, Regina and Jarrell Rhea, Roberta Myrick.

The Wednesday Needle Club was entertained this week jointly by Mrs. George W. Briggs and Mrs. Jot Smyth. Delicious refreshments were served to the following ladies at the close of the afternoon: Mesdames Davidson, Hall, Wagner, Knapp, Cosby, Klett, Thomas, Maddox, Mesdames Davidson and Robbins will entertain next.

Miss Rogers to Wed

The engagement of Miss Ruby Rogers, niece of Mr. and Mrs. A. V. Weaver, and Lieutenant Roy Hagerty of Muncie, Ind., was announced at an Easter bridge-supper given by Mr. and Mrs. Bradley Roe on Thursday evening.

The wedding will take place in August.

Miss Rogers, who is an attractive southern girl from Waco, Texas, has made her home here with A. V. Weaver since she finished school. Lieutenant Hagerty, who belongs to the regular army, is military instructor at Council Bluffs High school. He will return to an army post when school closes.—Sunday World Herald.

The above item will be of great interest to Lubbock people, as Miss Rogers has visited her aunt, Mrs. A. V. Weaver, here and enjoys a large circle of friends. Her marriage to Lieutenant Hagerty will take place here in August in the home of Mr. and Mrs. A. V. Weaver.

She will return to Lubbock in May, from Omaha, Nebraska.

Mr. W. A. Gorman of Lamesa and Miss Rowena Peeler of this city were married in the Presbyterian manse. Rev. A. A. Collins of the Cumberland Presbyterian church, officiated. The bride has made her home in Lubbock for some time and has many friends here. The groom is manager of the McAdams Lumber Co. in Lamesa and is well and favorably known there. They will reside in Lamesa.

Rivers-McKinley

Mr. H. B. McKinley, Jr., of Lubbock and Miss Maxie Rivers of Dallas were married last Friday, April 9th, in the Christian parsonage. Rev. J. T. Smith performed the ceremony. The bride has made her home in

Dallas for some time, only recently coming to Lubbock. The groom is an employe of Nobles Bros. wholesale house and has made many friends in Lubbock during his residence here. The marriage of Mr. and Mrs. McKinley is the culmination of a romance which began in childhood. They will reside in Lubbock, having rooms in the home of Mr. and Mrs. John Dean.

Mr. and Mrs. McKinley were presented with a handsome rocking chair by Nobles Bros., among other gifts, signifying the high esteem in which Mr. McKinley is held by his employers.

Bounds-Whitely

Miss Maggie Bounds of this city and Mr. V. L. Whitely of Phoenix, Arizona, were quietly married last Saturday afternoon, April 10th, in the home of the bride's parents, Mr. and Mrs. J. W. Bounds, on South Singer street. The bride is the youngest daughter of Mr. and Mrs. Bounds and is greatly loved by all who know her, for her charming disposition and sweet Christian character.

The groom lived here several years ago and is a young man of splendid worth. Mr. and Mrs. Whitely left Tuesday night via El Paso, for their future home in Phoenix. The best wishes of a host of friends accompanied them.

Mrs. C. M. Mullican entertained last Thursday, April 10th, from 4 to 6, in honor of her niece, Virginia Mullican's twelfth birthday. The afternoon was delightfully spent with

music and games. Delicious refreshments of fruit, candy, cake and fruit salad was served to the following: Helen Law, Ethel Mae Whipp, Evelyn McDonald, Grace Watkins, Bernice Dickinson, Anna McClendon, Fay Hunt, Murvel Rankin, Mary Thomas, Carrie Jane Thomas, Maurine Mullican, and the honoree, Virginia Mullican, and Mrs. Clark M. Mullican.

Mr. and Mrs. Lee Brannon of Slaton were in Lubbock Wednesday. Mrs. Roscoe Wilson and Mrs. J. A. Rix returned Tuesday from a stay of several weeks in Southern California.

Mrs. Starcher is visiting in Ralls this week. She will return by way of Lovens and conduct the singing for a Baptist meeting that is soon to begin at that place.

Mr. and Mrs. G. W. Roberts of O'Donnell, visited in Lubbock the first of the week.

Mrs. Woody Wester is in Ralls the guest of Mr. and Mrs. J. K. Wester.

Mrs. H. C. Crie and little granddaughter, Elizabeth of Tahoka, were the guests this week of Mrs. Ollie Whipp.

Mr. and Mrs. A. V. Weaver and niece, Miss Ruby Rogers, who have been spending the winter in Omaha, Neb., are expected to return to Lubbock next month.

Mrs. W. G. Murray has been visiting her parents in Big Spring for several days.

Dr. Hoard of Sherman, has been the guest of Mr. and Mrs. J. B. Hoard.

Mrs. D. A. Parkhurst of Tahoka, was a Lubbock visitor this week.

Mrs. H. B. McKinley is visiting in Dallas this week.

Mr. and Mrs. Meador have returned to Leonard, Texas, after visiting their daughter, Mrs. O. E. Sears.

Mrs. R. B. Hutchinson has returned home by her sister, Miss Effie Black, who will visit another sister in Plainview for a few weeks.

The Auction Bridge Club will meet next Tuesday with Mrs. O. F. Peehler.

Mrs. Collins of the Boyd ranch, visited Mrs. H. K. Porter and other Lubbock friends this week.

Mrs. B. O. McWhorter was called to Hale Center last Thursday by the illness of her mother, Mrs. Leonard.

Mrs. Williamson of Bonham, is visiting in the city.

THE BACKMAN-TINSCH WILD ANIMAL SHOWS

At last Lubbock is to see the newest novelty in outdoor tented amusements, when the new Backman-Tinsch two ring wild animal show comes here Friday, April 23rd, for one day only, and to its credit everyone will concede the program for extreme novelty is unequalled in thrilling wild animal training.

This organization is a well known enterprise in all the largest cities and now for the first time will devote its endeavors to all sizes of cities and towns, giving the same high class entertainment at every place where the big tents are erected.

This enterprise is calculated to please every admirer of wild and domestic animal training, and is particularly pleasing to the children and the ladies, for whom the management pays particular attention, and where they are as safe and comfortable as at a lecture, or in their own home.

A big thrilling lion act by a skilled trainer is one of the features, interspersed with all kinds of startling and dangerous performances, in a long and praiseworthy program.

For the children and all the little ones, this management has made such special provision and attractive arrangements that they will never forget the pleasant visit to the big Backman-Tinsch Wild Animal Shows for, during the visit to this clean, clever and well conducted enterprise all the little folks will be invited to ride and play with the educated ponies, the little horses and complete a full day's enjoyment.

NEW LUBBOCK MAN MARRIES AT BROWNFIELD SUNDAY

Mr. E. D. Humphries, young restaurant man, recently of Brownfield but now in business in this city, and Miss Thelma Winn, oldest daughter of W. D. Winn, pioneer resident of Terry county and long time commissioner of that county, were quietly married at the residence of the Baptist pastor in Brownfield last Sunday afternoon. They will make their home in Lubbock.

Dr. I. E. Barr, local cattle commission dealer is in the Muleshoe country today attending to business matters.

Born to Mr. and Mrs. H. C. Pearson of Lorenzo, a girl on the 13th. Mother and babe are reported doing nicely.

Dr. R. B. Hutchinson spent a few days this week in the Lubbock Sanitarium, however, he is able to be up and down town today.

Mrs. G. G. Tillson of Plainview, sister of Joe Hilton of this city, is in a local sanitarium receiving medical treatment.

Willie Klattenhoff of Slaton underwent an operation here the first of this week.

Dr. A. R. Ponton of the Lubbock Sanitarium, was called to Brownfield the first of this week to attend an operation for Mrs. Clarence Lewis.

Mrs. J. H. Moses of Ralls underwent an operation in the Lubbock sanitarium the first of this week.

F. K. Mitchell and Ad Clark returned Wednesday morning from San Antonio where they went to accompany Theodore Summers, well-known Lubbock man, to a sanitarium in that city. These gentlemen say the physicians attending Mr. Summers have hopes of his recovery.

OUR FARMERS' DEPARTMENT

What Women Want to Know

Here are a few of the questions that were asked home demonstration agents in Illinois during December. They indicate the kind of service these extension workers from the United States Department of Agriculture and the State agricultural colleges give (and are willing to give to a still greater extent) to the people in their territories. They may not know the answers to all the questions asked them, but they are in touch with sources of information, both State and Federal, and can obtain the knowledge from an authority on the subject. Demonstration agent in any State doubtless could give as diversified list as this one from Illinois.

"Please plan a sample menu for a middle-aged man and woman who have but \$7 a week for food."

"I cooked lye hominy in an aluminum kettle and it turned quite black. What was the trouble?"

"Can you suggest suitable food for an old man with a weak stomach?"

"What points should be observed in the selection of a pressure cooker, wheeled tray, and vacuum cleaner?"

"Is there a possibility of putting a satisfactory indoor toilet in a house that has neither furnace nor water system?"

"I want to make soap of cracklings and lye. The recipe says to use an iron kettle. Will it do to use my copper, apple-butter kettle?"

"Where can I get a good glass table top?"

"I would appreciate information about any practical electrical dishwasher."

"Can you tell me if the Elberta peach is a good variety to plant in northern Illinois?"

"The women in our unit want to beautify their yards. Can you send us material on landscape gardening?"

"Please send me suggestions for home bureau exhibits at county fairs."

"I have some chickens I do not care to keep on feeding. Please send me directions for canning them."

"Can you tell me if—malted milk contains the necessary vitamins?"

"Will you please suggest a program for our women's club this year?"

"Will you please send to us a simple play for children which will emphasize the need of milk?"

"Please send us budgets for an \$1,800 income. There are four in the family."—Department Bulletin.

A farmer's labor devoted to producing wheat in 1930 resulted in an average of hardly more than 3 bushels per work day of 10 hours. As the result of improved agricultural methods and machinery, says the United States Department of Agriculture, his labor for 1 day now averages a product of 60 bushels, or 20 times as much as before.

statement is made by the United States Department of Agriculture in connection with a series of tests on efficiency in farm management in the South. On 239 dairy farms, it was found that 48 farms receiving \$50 and less income per cow had labor incomes 45 per cent below the general average. On the other hand, the 28 farms with receipts per cow of more than \$120 had labor incomes 75 per cent above the average and were the most profitable of the group. The quality of the live stock kept is one of the 16 points outlined by the department to be tested in determining the efficiency of farm management. Full information concerning the tests is embodied in a few circulars of the department.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the Blood.

The Strength-Creating Power of **GROVE'S TASTELESS CHILL TONIC** has made it the favorite tonic in thousands of homes. More than thirty-five years ago, it would ride a long distance to get **GROVE'S TASTELESS CHILL TONIC** when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any store. 50c per bottle.

HOME AMID A CHANGING ORDER

The previous article indicated some social factors that are vitally influencing the present-day home. We now take up the birth-rate problem and its relation to the home.

A nation's birth-rate is a vital problem. This problem is now confronting some of the European countries as a result of the late war. The question of repopulating their devastated ranks is a large one, and out of this question are emerging social and moral conditions that threaten disaster. If a certain type of current thought expresses itself in conduct Europe will soon have a generation whose immediate ancestry no man can trace. It is now reported that, as a result of the war, there are two hundred thousand illegitimate children in one of the erstwhile warring nations.

A nation's birth-rate may remain relatively stationary; it may increase, or it may decrease. For some years the United States has faced the problem of a declining birth-rate. This is true in the rural districts, in the cities, and among the

American-born parents, but untrue of the foreign-born parents. For instance, in Massachusetts, for the 25 years ending in 1911, the deaths among the native-born exceeded the births by 270,000, whereas, during the same period, the births in families with foreign born parents exceeded the deaths by nearly 530,000.

The great drift of the people today is from the country to the city, and it is in the city that the greatest decrease in births is found. One authority says it is well known that the town and city would soon be depopulated if it were not for the country. When we remember that the country itself has a decreasing birth-rate; that the people are leaving the country for the town; that in the town the rate is further decreased among the American-born, and that the foreign population is ever increasing, both through birth and immigration, we can readily see that the situation is one not to be regarded lightly. Here is food for thought. If this condition continues indefinitely, whose hands will shape the destiny of the nation, and what will be the complexion of the race of the future?

Of the many explanations given for this decrease two are regarded as primary. One is social and the other economic. There is a constantly growing antipathy for motherhood and this is due largely to the present organization and distorted ideals of a superficial society. And the word society is used in a restricted sense, rather than in its larger and true meaning. That the ideals of so-called society are influencing the birth-rate is evident from the fact that the decrease is greatest among those most active in social life. Among such, large families are not popular. The charm, activity, and pleasure of the social world are chosen in preference to the responsibilities and duties incident to motherhood.

The daughter of today is taught, both by precept and example, to discredit this queenliest crown of womanhood. This perverted social ideal has created a national problem for us. A high authority says: "I would venture to say that in Chicago alone there is at least one abortion performed every hour." Another recognized authority says there are more than one hundred thousand abortions in New York each year, while still another estimates the total number in the United States at three million annually. Such figures speak for themselves.

The second explanation is an economic one. Living expenses have increased so rapidly during recent years that many parents hesitate to bring children into the world when the prospect for caring for them is not bright. There is no question but that many homes are today childless, or practically so, because of economic pressure. But this does not explain the whole matter for the decrease is greatest, not among our great middle classes, but among those most able to provide comfortably for their children.

The last few years have witnessed a great "birth-control" propaganda. Do we need it? Yes and no. The trouble is that this propaganda stresses

only the positive side, whereas the negative should be just as strongly emphasized. It may not be an altogether wise thing to bring more children into the world than can be cared for properly by the parents. At this point there is a danger, and here the positive side of birth-control may perhaps be taught, to the welfare of the State and to the happiness and prosperity of the home. But this is usually the very place where it is not taught. It most often taught among, and to, that class already practicing it, and to whom a gospel of liberation rather than restriction should be preached.

The men who graduate from Harvard and Yale represent a high average of the energy, ambition, and cultivation, and a reasonably high average of the wealth of the land. From 1850 to 1890 these graduates left behind them a number of sons inferior to their own number, that is to the number of fathers. To be exact, there was an average of three sons to every four fathers. This means that this strong stock of American manhood is steadily dying out. And this is indicative of a general condition. If the strong and capable refuse to bear their part in the perpetuation of the American blood society must suffer, the home must go down, and the nation's future will be shaped by hands other than those of its own sons and daughters.

There are those who see in this birth-control an unmixed evil, and consider it a menace to the nation, while some propagandists extremists see in it no danger at all, but a boon. They argue that the parental instinct will remain sufficiently strong to bring into the world as many children as wisdom justifies. This extreme position overlooks the psychological principle that instincts, whether parental or otherwise, tend to die out when continuously inhibited. Before their position can be justified it will somehow have to be harmonized with other well established principles of psychology.

A Year's Abuse In 7 Days

All Light Car Road
Records Smashed

At Indianapolis recently an Overland 4 stock car was driven 5,452 miles continuously in seven days and nights, over frozen country roads.

This is an average of 778 miles per day—more than the distance between Toledo and New York City. This is another tribute to the cushioning effect of Triplex Springs and the quality of material in Overland 4.

ITEMS CLIPPED FROM TERRY COUNTY HERALD

The Stockmens Exchange Bank of Pains, Texas, is now a reality, for it was opened for business to the public promptly at 9 o'clock last Thursday morning, and it was not an April Fool trick, for the deposits at the close of business on the first day showed more than \$30,000.00 on tap. Cashier Hugh M. Pyeatt, who has been the assistant cashier of the Brownfield State Bank for the past several months, and who was elected cashier of the new bank recently at a meeting of the stockholders, left here Wednesday for that place as he was to be on hand for the formal opening and the president, O. T. Halley, who is the cashier of the Brownfield State Bank, went over early Thursday forenoon. Late in the afternoon several more of the Brownfield people went over. A six o'clock dinner was served to more than 100 people we understand and the younger and gayer set tipped the light fantastic toe till the wee small hours of the night, and Plains had a real spirit of celebration.

There is considerable talk here at present of a proposed new railroad, or rather the extension of an old one from Rising Star in Callahan county to Roswell, N. M., and it is said that the Roswell papers are full of the rumor. Of course there may not be a thing to it, but it is said to be an M. K. & T. proposition. It is a well known fact that Roswell has had a permanent bonus of \$150,000.00 up for several years for the first railroad that entered there from the east, except the Santa Fe, as they already have that road. We might also state that we saw a letter last week from a high official of another company to a gentleman of this city, asking if he knew anything about the matter, as the new road was supposed to cross the Santa Fe at Sweetwater, O'Donnell and Brownfield. Should the Katy build through this country, it would open to settlement a huge territory, and as for Brownfield would give us much better railroad communication to the east than we now enjoy.

A subscription list was circulated one day this week to raise funds for Mrs. Merritt of the Union community who lost her husband not very long since, and the readers will remember that her daughter was killed recently when a horse fell on her. A neat little purse of about \$200.00 was put to her credit not to say anything about a goodly lot of groceries. Yes, the same kind of people with the same kind of spirit live in good old Terry.

Mr. Grady Brown has purchased a half interest in the meat market from Pat Brothers and that business is now conducted by Chester Gore and Grady.

Little Miss Kathryn Royalty, of Lubbock, daughter of Mr. and Mrs. W. W. Royalty of that city, left for home this week after spending several days with her grandparents, Mr. and Mrs. J. T. May of this city. Miss Lucy Yates of this place and Oscar Coey of Cisco but formerly of this place were married in the presence of a few friends and relatives at the Baptist parsonage, Rev. L. E. Anderson officiating.

Book orders now for S. C. W. Leghorn baby chicks. Will deliver in May. May hatched pullets begin laying in November and December. Price, \$16 per 100. Mrs. Elvis Abney, box 1103 Lubbock. 412p

Artie Baker of Lockey, brother of France Baker of this city, was here visiting the first of this week.

H. L. ZOLLARS WRITES US FROM EL PASO, TEXAS

H. L. Zollars, who for a number of months was manager of the Sunshine ranch near Lubbock, writes us from El Paso. Mr. Zollars says: The Lubbock Avalanche, Lubbock, Texas.

Dear Frigid Dow:—Business first, so please have your man change my address to 2511 Silver street, as the former address was that of my sister-in-law, and I am located for a time now at this address. I wrote Frank Barclay to have it changed for me, but he didn't do it I guess.

Had a fine trip over the White Mountains, through the Valley of the Hondo, and through the Mesalero Indian reservation and the Lincoln National Park. Saw some of the finest camping places I ever saw, and the roads through that way are exceptionally good and will be better. It is the place to spend a week or two on vacation at little expense.

Got a good job as soon as I looked for one, with the Ford people here but would advise one wanting work to keep away from here for a time, at least till this oil excitement develops more. Pretty dull now and lots of people looking for work. Rent is very high and food prices are out of sight. In fact, the fellow residing in Lubbock had best realize his good fortune and remain there, for there are no better towns or cities within traveling distance. Lubbock had a good reputation all along the line where I came, and I was proud to tell that it was HOME to me.

The Avalanche is very interesting and better than ever to me. I note with much interest the changes in business there, and will always keep posted as to the progress and changes through the Avalanche. Much good luck to you.

We are living right at the foot of Mt. Franklin, and can see for long distances down the valley, and over into old Mexico and Juarez. Mountains on three sides of us, and El Paso built all around the base of one small series. In fact, they are building houses here in places that one would suppose would be impossible as a dwelling place, but they get by with it.

Any of my friends who come to El Paso, if they should desire to look me up, will find me with the Universal Motor Co., at the corner of Montana and Mesa streets.

Good bye, good friend, and all the best wishes for you and your town.

Fraternally yours,
H. L. ZOLLARS.

Mr. Zollars also stated that his wife's health was very greatly improved, and she would be entirely well in due course of time, which is very interesting and welcome news to the many friends of Mr. and Mrs. Zollars, in and around Lubbock.

USE OF LATEST MACHINERY WILL SOLVE LABOR

A. N. Franklin, representing one of the largest farm machinery manufacturing companies of the country, who is here this week says that the labor problem on the farms of this country will be solved more or less by the further application of the latest machinery. He says that there is still a sentiment among the farmers against the use of the two-row listers, cultivators and other implements

and that only by direct experience with these modern tools will they become popular. Mr. Franklin says that he thinks the Plains country of Texas is the most ideal country for the use of tractors and believes that fifty per cent of these farms, especially those where more than one hundred acres are in cultivation, will in the near future be in use.

Frank Miller and Charlie Welton of Corsicana are among the prospectors to Lubbock county this week.

PIE SUPPER AT NEW HOPE APRIL 24TH

There will be a pie supper at New Hope school house on the evening of April 24th. All are invited. Ladies will prepare pies, etc., and the men—well, bring plenty of money. This supper is given for the benefit of the parsonage fund for the Lubbock circuit, and it is hoped that a nice amount will be raised on this occasion.

P. F. BROWN IN RACE FOR COUNTY JUDGE

In the announcement column this week will be found the name of P. F. Brown, who enters the race for County Judge of Lubbock and attached counties, subject to the action of the Democratic primary, July 24, 1920. Mr. Brown is an old timer on the plains and has resided in Lubbock county twenty-nine years. He was honored with the office of county judge from 1894 to 1898, and he seeks this honor again, believing he can serve his county to good advantage in this capacity. He has had much experience in teaching, and is thoroughly qualified to perform the duties of County Superintendent of schools, which office is in connection with that of county judge in this county.

He is a Democrat, and enters the race subject to the Democratic primary, and shall abide by the actions thereof. He will greatly appreciate the votes of both men and women of this county, and if elected to this important office, will endeavor to serve the people to the best interests of the majority.

Raymond Barrier, of the Barrier Brothers' Company of Brownfield, was here the first of the week visiting and attending to business.

Sam T. Davis and family motored to Lamesa last Saturday, spending Sunday with relatives.

DEATHS.

Infant son of Mr. and Mrs. J. C. McDoe, born April 14, 1919, died at the home of parents nine miles east of Lubbock Tuesday April 13. Funeral services were held Wednesday afternoon and interment was made in the Lubbock Cemetery immediately afterward.

D. M. DeVitt of Fort Worth, owner of the Mallet ranch of Cochran county, was here a short time this week attending to business matters.

Farmers around Ira, a small town in the southwest part of Scurry county are planning to erect another gin there this year, to be ready to take care of the cotton crop this fall.

John Hinton spent a few days visiting his mother, Mrs. Mary F. Hinton, returning Sunday night to Moran, where he has a position with a truck company.

Dan C. Berry and Walter Martin of Bronco were in town Thursday and Friday visiting friends and attending to business.

Mrs. H. C. Crie and little granddaughter, Elizabeth Crie of Tahoka, returned to their home Wednesday after a few days' visit with Lubbock friends.

NEWS HAPPENINGS FROM THE CANYON VICINITY

Messrs. F. A. Hawkins, Virgel Gilliland and Kimbell were shopping in Lubbock Saturday.

Mr. Clint Breedlove of the aviation field, is home on a furlough. His many friends were glad to see him again.

Mr. Meba Thompson is doing very nicely at this writing. Messdames H. M. Williams, T. Crim, Bevis; Misses Evis Bevis and Lena Crim were shopping in Lubbock Wednesday.

Mr. E. C. Barnett played an April Fool on his family last week by purchasing a new player piano.

Miss Frances Jackson was a Lubbock visitor Saturday.

Mrs. Davenport, who has just recently had an operation, is able to be up. She has been staying with her sister, Mrs. Davis.

Mr. J. B. Sides is having some new additions built to his home this week.

Quite a number of the men from this vicinity, attended the sale at Lubbock Monday, but very few purchased any horses.

Hurray for Mr. J. S. Richards. He is on the right road if we only had a few more men like him, the farmers would be just as independent as Mr. Anybody. What can the merchant and most of these other business firms do without the farmer? They all are depending on the products that are raised on the farm.

Mr. O. A. Jackson from Ralls was here attending to business affairs Saturday.

Mr. Sam Hufstедler has bought a new Wallis tractor. Mr. Hufstедler has decided that gasoline is cheaper and less troublesome than horses.

The Canyon basket ball boys and girls went to Lubbock Friday to play

ball. The boys won second place with the grammar school boys and the girls lost out entirely.

The light rain that came Saturday night was welcomed but if we could had about 2 or 3 inches the farmers could plant some corn.

The pastures are getting greener and covered with many blossoms. Misses Lucille Fowler and Nora Sawyer were visitors at school Monday.

Miss Christine Barnett gave an entertainment to her friends Saturday night. Everybody enjoyed themselves fine and the music was enjoyed very much.

NEWS ITEMS FROM THE RALLS BANNER

Charley Brown, of the Emma community, was among those in town Saturday. Charley was among those discussing the school building that is to be erected at Emma, and gave quite a few useful suggestions, but he was unable to see why so much interest was taken in his opinions until he learned that he was one among those on the ticket for school trustee. Mr. Brown objected, but it was too late—he was already elected, and the Banner is of the opinion that no better man could have been chosen for this important position.

Again comes the rumor that a high power electric line is to be run to Ralls. A few white lights would keep us from trembling when we venture out on our streets after nightfall. Wish they would rush, we are afraid of the dark.

E. C. Brown attended the meeting of the Presbytery at Lubbock last week. He reports a splendid time, and tells us that the delegates were treated royally by the good people of Lubbock.

OLD TIMER VISITS LUBBOCK THIS WEEK

H. W. White, of Eastland county, was a visitor in our city this week and was a pleasant visitor at this office. Mr. White resided in Lubbock county from 1891 to 1894, and resided in the vicinity of Grovesville. He and E. P. Earhart and others built the old Grovesville school building. They hauled the lumber from Amarillo. Mrs. White was the first teacher and our fellow townsman, Joe Earhart, was one of her pupils, as was a number of others who are scattered around this section of the country. Mr. White was also commissioner of Precinct number four in this county for a time. Mr. White while living here was unfortunate in losing one of his children and visited the cemetery here this week, and while he had not placed a monument at the grave, was able to locate it without any trouble, by a small rock with his initials cut on it with his knife, that he buried at the head of the grave before they left this section, and says he is going to have a nice monument erected soon. Mr. White finds a few of the old timers here when he was here before, and notices a few of the same old buildings that were here at that time, but outside of that, nothing looks natural to him. He says he has

Keep Liver and Bowels
Clean and Active
with "Cascarets"

Sick headache, biliousness, coated tongue, sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.
Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.
Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.
A Cascaret tonight will have you feeling clear, rosy and as fit as a fiddle by morning. They work while you sleep.

PROPOSITION EFFECTING PROGRESSIVE FARMERS

A recent proposal made by Walton Poteet, manager of the Agricultural Department of the Texas Chamber of Commerce to tour the North and Northwest portions of the United States with representative boys of the farms of Texas in order to give these boys a comprehensive idea of the farming areas of our country and to visit the many factories throughout the land to let them see the products diverted into the many uses, has created a little interest among the farmers of Lubbock county. In the proposed plan, there would be a competition among the boys of the various counties in their club work for the year and the winner of these contests would be the one who would be furnished the trip above spoken of. The cost of the trip will be assessed at \$300 from each county and the proposition has been sent into the local Chamber of Commerce for consideration.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Lubbock County, Greeting:
You are hereby commanded to summon A. J. Robertson, Fannie H. Napier, Hays H. Robertson, Sterling C. Robertson and Van Irion, and the unknown heirs of the said A. J. Robertson and of Fannie H. Napier,

and of Hays H. Robertson, and of Sterling C. Robertson, and of Van Irion, by making publication of this citation once in each week for four consecutive weeks previous to the return date hereof, in some newspaper published in your county, if there be a newspaper published therein and if not, then in any newspaper published in the 72nd Judicial District; to appear at the next term of the District Court of Lubbock County, Texas, to be held at the court house thereof, in Lubbock, on the first Monday in June, A. D. 1920, the same being the 7th day of June, A. D. 1920 then and there to answer a petition filed in said court on the 3rd day of April, A. D. 1920, in a suit numbered on the docket of said court No. 1333, wherein P. H. Herndon, is plaintiff, and A. J. Robertson, Fannie H. Napier, Hays H. Robertson, Sterling C. Robertson and Van Irion, and the unknown heirs of the said A. J. Robertson, and of Fannie H. Napier, and of Hays H. Robertson, and of Sterling C. Robertson and of Van Irion, are defendants, the nature of plaintiff's demand being as follows:

Plaintiff alleges that on January 1st, 1920, he was lawfully seized and possessed of the title to the following portions of the Jas. E. Robertson Survey, in Lubbock County, Texas, by virtue of Certificate 23-113, Patent No. 49, Volume 23, issued June 17th, 1879, described by metes and bounds as follows:

First Tract—Beginning 2268.6 vs. S. of the N. E. cor. sd. sur; thence W. 1,121 7-12 vs. a stk; thence S. 1108.4 vs. to S. line sd. sur; thence East 1121 7-12 vs. to S. E. corner sd. sur; thence N. 1108.4 vs. to beginning, containing 230 acres of land.

Second Tract—Beginning 1320 vs. S. and 952.22 vs. W. of N. E. cor.; thence W. 838.78 vs. to E. B. L. subdivision 3, sd. survey, a stk.; thence S. 368 vs. to S. E. cor. sd. sub-div. 3; thence W. 451.5 vs. to N. E. cor. Sub-Div. 4, sd. sur; thence S. 579.6 vs.; thence E. 1289.28 vs.; thence N. 948.6 vs. to beginning, containing 160 acres.

Third Tract—Beginning 1121.7 vs. W. of S. E. cor. sd. sur; thence N. 1108.4 vs.; thence W. 1121 7-12 vs.; thence S. 1108.4 vs. to S. W. corner sub-div. 5, sd. sur; thence E. 1,121 7-12 vs. to beginning, containing 230 acres; that on said date the defendants unlawfully entered into possession of the premises described

HEALTH

Decayed Teeth and Diseased Tonsils

Decayed teeth are almost coincident with enlarged tonsils and adenoid tissue. Just why those conditions go hand in hand is not yet fully understood, but both Dr. E. F. Robb and Dr. Walter Hyde, who held the joint nutritional and dental clinic at Owatonna, attribute it to the fact that enlarged tonsils and adenoids force the child to breathe through his mouth instead of his nose. The nose is peculiarly fitted to clean, warm, and prepare the air for its passage into the lungs and its use there. The mouth is not so equipped, and as a consequence nature's plan for refining and purifying the air is abandoned with great detriment to the teeth.

Removing the obstructions to nasal breathing, then, not only is one of the first ways of improving the child's nutrition, but also exerts a beneficial influence on the teeth. Where tonsils are diseased and teeth decayed with abscesses at the roots, both tonsils and teeth send out poisons into the blood stream and into the heart. The body, therefore, must keep up unceasing warfare in the effort to rid itself of the poison. Lowering of the vitality, evident in the nutrition of the body is the consequence of decayed teeth and diseased tonsils. The sooner the body is rid of such strength sappers, the better for health.—Minnesota Health Journal.

THE STATE OF TEXAS

TO ANY SHERIFF OR ANY CONSTABLE OF LUBBOCK COUNTY—Greeting:

You are hereby commanded to summon J. G. HIGH, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, if not, then in any newspaper in the 72nd Judicial District; to appear at the next regular term of the District Court of Lubbock County, Texas, to be held at the Court House thereof, in Lubbock, on the first Monday in June, A. D. 1920, the same being the 7th day of June, A. D. 1920, then and there to answer a petition filed in said Court on the 31st day of January, A. D. 1920, in a suit numbered on the docket of said Court, No. 1321, wherein W. A. McDonald, is Plaintiff and J. G. HIGH, as Defendant; the nature of Plaintiff's demand being as follows:

FIRST COUNT: Trespass to try title of lot 11, blk. No. 17, in Wheelock 2nd. Addition to the town of Lubbock, in Lubbock County, Texas, and for writ of possession in favor of Plaintiff, against defendant for said lot.

SECOND COUNT: That on February 11, 1918, Plaintiff, executed and delivered to defendant, his warranty deed, to lot 11, blk. 17, in Wheelock 2nd. Addition to the town of Lubbock, Lubbock County, Texas, reserving therein a vendor's lien to secure the payment of 5 certain vendor's lien notes, one for \$80.00 due June 11, 1918, one for \$80.00 due October 11th, 1918, one for \$80.00 due February 11th, 1919, one for \$80.00 due June 11th, 1919, one for \$80.00 due October 11th, 1919, each note executed by the defendant, and payable to plaintiff, bearing interest at 10 per cent. per annum, from date, with the usual 10 per cent. attorney fees, and given in part payment for said lot and described in said deed.

That defendant has failed to make payment of said notes, or any part thereof, though long since past due. That defendant has abandoned the premises, and left the county to parts unknown, deed recorded in deed records of Lubbock County, Texas, book 33, page 458.

Plaintiff sues, and prays judgment that said deed and record be canceled, and tenders into court, said notes for cancellation, and that title to said lot be restored to plaintiff, and defendant divested of all right, title and interest therein.

Herein Fail Not, But have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Lubbock, Texas, this 24th day of March, A. D. 1920.

**GIRLS! DRAW A
MOIST CLOTH
THROUGH HAIR**

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, heavy, invigorated hair; a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage.

Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy, golden gleams and tender lights. The youthful glints, tints and color are again in your hair. "Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once it checks dandruff and stops falling hair. Get delightful Danderine for a few cent at any drug or toilet counter and use it as a dressing and invigorator as told on bottle.

**BANKER-FARMER MEETING
AT COLLEGE STATION**

The Banker-Farmer meeting will be held at College Station, April 20 and 21, with the object of the bankers and farmers making a study of improved agriculture and learning how advanced cultural methods and better live stock and feeding may be used most effectively in each community. In this manner it is hoped that the banker may learn the advantages of such practices and encourage same by financing the farmers so that they may put them into practice, while the farmer may learn something of what is lacking in his system of farm management, and by the assistance which the banker can lend him be induced to adopt such changes as may prove beneficial in his particular circumstances. It is a cooperative movement for bringing the farmer and banker closer together for mutual assistance in improved agriculture since all wealth comes from the soil. The banker needs the farmer and the farmer needs the banker and this furnishes an opportunity for both to learn how cooperation may result in improving agriculture and thereby improving the community. The program for the 2 days has been made exceptionally interesting and instructive to all concerned and should prove exceedingly valuable to any group of bankers and farmers in community up-building. Talk to your banker or county agent about it. You can not afford to miss the opportunity. Cheap rates have been provided.

PUBLIC OPINION

All big business enterprises are accomplished by credit.

Only credit empowered our government to successfully conduct the late war. Credit is the government's and people's corner stone for business.

Credit is not property, but only a mode to obtain property.

Credit is a tax upon man's energy, physical and mental abilities, which is stimulated by hope of reward. This trait should be encouraged and never hampered by government taxation.

Gold as money, is the only standard cash measure of value; to meet the demands of general business of government and people. The volume of gold money is not sufficient and for the convenience and harmony of business a credit monetary system had to be established and a volume of currency—paper money—was put in circulation. This currency is only a credit, which shows on its face; that it only promises to pay in standard money, gold, currency, paper money, virtually is only credit, backed by the strong arm of the law, the government makes it a measure of value and a legal tender in the payment of debts. This is done (and it is right) purposely to help protect the government's credit and the general harmonizing of business. The government's monetary system is mainly based upon credit, which is beneficial for all, government and people. Should the government monetary system be taxed by government, Federal or States?

Is it a good governmental policy to tax the government's machinery, the monetary system, which is the very life blood of our country?

Our first government under the Articles of Confederation failed and became bankrupt because it had no taxing power as a basis for credit.

BUSINESS CHANGE

This is to announce the purchase of the shoe shop formerly owned by W. B. Thorp. I have been in this shop for some time and am familiar with the work and in taking charge of same expect to be able to go right on with the business in a smooth, easy manner and will ever try to maintain the good reputation the shop has for fair dealings and high grade workmanship. The shop will remain in its present location and I solicit your business.

DALLAS TAKING CARE OF PEOPLE WHO COME THERE

Dallas, April 9.—Organized under Chamber of Commerce auspices to relieve the home shortage, and then turned to private management, the Dallas Housing Co., is responsible for the roof over many a family's head.

"If it hadn't been for them we'd be living in a tent."

Lloyd Wright, 10, makes the assertion, and his brother, Derwood, 5, confirms it.

Their grandfather, J. B. Neece, at whose home the youngsters and their mother, Mrs. Birdie Wright, live, elaborates:

"The house we were living in was sold, and we had to get out. I looked around for another place to rent, but couldn't find any. I didn't want to buy a house then, but I had to. I'm glad I did now."

There are eight in the family. Many other families have had a similar experience. The eight houses built by the company in one block shelter some 40 persons.

Any of the dwellings erected can be bought on the easy payment plan, terms being given to suit the individual purchaser. Initial payments have been as low as \$500.

Charles A. Myers, president of the company, describes its start and operation as the outgrowth of the unmet demand for homes.

"The shortage became so serious that it was taken before the Chamber of Commerce," he explains. "After a number of mass meetings, about 200 liberal spirited citizens subscribed \$150,000 in stock to the Dallas Housing Co. to relieve the situation."

"To gain speed the company arranged to have each different style of house cut at one of the largest sawmills in the Southwest. Each house as a unit delivered in a car by itself and erected by different gangs that specialized in some particular part of the house. Our first building program is for 120 houses."

"The only profit being made is laid by to meet any unexpected contingency and keep the work going."

Dallas proposes to take care of all the people who want to stay within her borders, and invite more to come. Lubbock could do the same, we believe, and not only hold all we have, but offer inducement for others to come.

W. B. THORP SELLS HIS SHOE SHOP TO BLACKWELL

A deal was closed last week, whereby W. B. Thorp sold his shoe shop to J. A. Blackwell, and Mr. Blackwell now has charge of the business. Mr. Thorp will probably remain with the shop a month, and will then spend a few months recuperating his health. He will probably spend part of the time in California, but is not decided just yet where he will go.

16,066 BALES COTTON GINNED IN LUBBOCK COUNTY

There was ginned in Lubbock county in the season of 1919-1920, 16,066 bales of cotton. Valued at \$150 per bale would mean that \$2,409,900 worth of this crop was gathered in Lubbock county in the past season.

Lubbock city gins lead all other points in the county by several thousand bales, or about two thousand

more than Slaton, the next highest. Reports of the number of bales ginned over the county respectively, shows the following:

Lubbock 7,301, Slaton 4,768, Idalou 2,321 and Abernathy 1,676. This is by far the largest crop of cotton ever produced in this county.

At \$16 per bale for ginning of the 16,066 bales, we find the farmers paid more than \$140,000.00 for this one item.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corn, calluses and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

NO TEACHERS FOR 50,000 CHILDREN

Austin, Texas, April 10.—Fifty thousand Texas children have had no teacher this year, according to Miss Annie Webb Blanton, State Superintendent.

The shortage of teachers was placed at 2,000 by Miss Blanton in her report to the committees on education today. "Most schools report a constant shifting of position, unrest and dissatisfaction among teachers," she said. "Reports from 229 counties show a shortage of 754 teachers in rural districts. The increase in enrollment, however, indicates we have at present 1,827 fewer teachers in these country districts than last year's standards would require. Reports from 590 towns show an actual shortage of 225 teachers, but these reports also reveal that nearly all the towns have greatly overcrowded grades, with teachers in many places instructing the pupils in two half day shifts. Some grades report as many as ninety pupils to the teacher."

Save Money On Meat

Here are some real thrift recipes for tasty, nutritious dishes prepared from less costly meat. It is issued by the Division of Woman's Activities, Department of Justice. Use this recipe and save money on meat.

Baked Stuffed Flank Steak
Flank steak (about two pounds).
1 cup crumbs.
1-2 cup water or stock.
1 teaspoon salt.
1-4 teaspoon pepper.
1-2 small onion chopped fine.
1 small carrot, turnip.
1-2 cup celery.
Wipe steak, remove skin and lay out flat for stuffing. Make a dressing of stock, salt, pepper, onion and a small amount of celery and spread out on the meat. Roll with the grain so that when cut it may be cut across the grain of the meat. Place the diced vegetables in roasting pan and on this layer of vegetables lay the meat, and add two or three cups of water, depending upon size of pan. Cover and bake three hours, or until tender. When cooked remove the meat and thicken broth.

Beef Goulash
This may be made from the chuck. Cut the beef into cubes or slices and sprinkle with vinegar and a little summer savory. Add a teaspoonful of salt, and half teaspoonful of paprika; cook six onions for each two

pounds of meat, slowly, in one-fourth of a cup of butter or butter substitute. Add the cooked onions to the meat, cover tightly, and cook slowly for about two hours. The liquid may be increased just before serving by the addition of a little beef stock, or either sweet or sour cream.

Savory Beef
2 pounds beef cut in size for serving (use plate, shank, rump or round).
3 large onions sliced.
3 tablespoonfuls lard.
3 tablespoonfuls flour.
1 teaspoon salt.
1-4 teaspoon black pepper.
1-4 teaspoon ground cloves and thyme or summer savory.
1 pint brown stock or boiling water and meat extract.
2 tablespoonfuls vinegar.
1 tablespoon catsup.
Brown onions slowly in lard. Increase the heat. Add meat and brown. Mix the flour, pepper and other seasonings. Sprinkle this mixture over the meat. Add the stock, vinegar and catsup. Cover closely. Simmer until meat is tender, allowing two hours for shank or round and 1-2 hours for rump or round.

Browned Pig's Feet
1 can beets.
6 pig's feet.
1 egg.
1-2 cup crumbs.
Butter or butter substitute.
Crumb the pig's feet and brown in butter or butter substitute. Arrange in casserole and bake basting with high grade table sauce and butter. Serve in casserole, having 1 can beets, which have been heated, surrounding the pig's feet.

Veal Pot-Pie
2 pounds veal neck.
Cook in boiling salted water until tender. Trim all meat possible from the bones. Add to white sauce.
White Sauce—2 tablepoons flour.
2 tablepoons melted butter or butter substitute.
Salt and pepper.
1-2 cup milk.
Scald milk, then add the butter and flour which has been made into a paste. Add seasoning.
Make an ordinary biscuit dough and line a baking dish with this. In the dish pour the meat and white sauce combined, and put a covering of biscuit over the top, being careful that there are small openings in the top for the steam to escape. Bake in a medium oven for 20 minutes. Serve with mashed potatoes and peas.

Swiss Steak
2 pounds round or sirloin steak cut 2 inches thick.
1-2 cup flour.
Salt and pepper.
Mix well.
2 pounds round or sirloin steak cut 2-3 inches thick.
Few slices onion.
1-2 green pepper, chopped fine.
2 cups boiling water or 1 cup water and 1 cup strained tomatoes.
Pound flour into meat with wooden potato masher or edge of heavy plate. Heat the fat. Brown the meat on each side in it. Add onion, green pepper, boiling water and tomato. Cover closely. Simmer two hours. This may be cooked in a casserole in the oven. Other vegetables may be added, if desired.
Hot Pot of Mutton and Barley
1 pound of mutton.
1-2 cup pearl barley.
1 tablespoon salt.
4 potatoes.
3 onions.
Celery tops or other seasoning herbs.
Cut the mutton in small pieces, and brown with the onion in fat cut from meat. This will help make the meat tender and improve the flavor of it. Pour this into a covered sauce pan. Add two quarts water and the barley. Simmer for one and one-half hours. Then add the potatoes cut in quarters, seasoning herbs, and seasoning, and cook one-half hour longer.

BEST NATURAL RESOURCES ARE BOYS AND GIRLS

By H. H. Williamson
Mr. D. F. Houston, former Secretary of Agriculture, states, "The boys and girls of this nation are the best natural resources we have. If those who are constantly talking about developing the natural resources of the nation would turn about and develop the boys and girls they would not need to worry much about the development material resources. You could not stop them then from developing material resources." This statement may be attested to by the fact that the Texas Club Boys produced last year approximately one and one-half million dollars worth of crops and live stock. Much of this would not have been produced had these boys not engaged in club work. The value of the crops that were produced was approximately \$1,273,290.00, consisting of corn, grain sorghums, peanuts, potatoes and cotton. The live stock that was raised is represented with an approximate value of \$246,737.00 which consisted of pigs, calves, sheep and poultry. These totals are only a partial representation of the economic value of the work. It must be remembered that in many instances there are many pure-bred animals retained for breeding purposes, which will improve the farm herds in many communities. Much of this profit is left in the form of investment, which will mean much to the communities in the way of agricultural development.

Boys Want to be Men
All boys want to be men and men want to be boys. The things men do appeal to boys as a rule. How many boys would want to use tobacco if it wasn't for the fact that the men use it? This fact of human nature may be used to an advantage. County Agent, T. M. Marks of Coryell county, reports as follows: "Geo. Dawson Harris, Jr., who is one of my club members, signed up for a Dairy Calf, and without consulting his parents went to a bank and negotiated a loan for a Holstein heifer calf. The bank knowing young Harris, readily loaned him the money on his own name. During the summer he traveled with his parents in the North where he saw this fine stock and was deeply impressed with their excellence." No doubt, this

TEXAS BANKERS' TRIP TO HAVANA ABANDONED

A strike of longshoremen at Havana and needed repair to the Infanta Isabel, the Spanish steamship which was to have taken 1,000 Texas bankers and their wives and families to Cuba the first week in May, have made it necessary to cancel the plans for the ocean trip, it was announced yesterday by W. A. Philpott Jr., secretary of the Texas Bankers' Association. That the association had completed its part of the arrangements was emphasized by Mr. Philpott, who holds approximately \$140,000 in bankers' checks to defray the expenses of the trip. The cruise was to follow the Texas bankers' thirty-sixth annual convention, which will be held at Hotel Galvez in Galveston. The dates of the convention have been changed to May 25, 26 and 27.

"Six hundred reservations were booked for the trip to Havana," Mr. Philpott said, "and plans were being made to care for 1,000. I regret exceedingly to be compelled to announce the cancelling of the association's plans and only do so because it has become evident that the boat will not be procurable. The officers of the association feel that they are in no way to blame, for the money was practically in hand and additional funds were being received daily. All the necessary arrangements had been perfected and the State Department at Washington had arranged to provide specially empowered customs officers at the port of Galveston to accommodate the party."

"I have been in communication with the proper authorities in Havana and had arranged for hotel reservations and side trips for the entertainment of the voyagers. The checks received from bankers over the State, ranging in amounts from \$150 to \$350, will be returned Monday."

The program for the convention has been completed, Mr. Philpott said, and preparations are being made by the Galveston bankers to entertain the largest delegation of bankers in the history of the association.—Dallas News.

Rising Star has a plan to build a \$5,000 parsonage right away. Fine, all of it.—Texas Christian Advocate.

Mrs. Lynn Slate, of Texas, in company with her brother, J. C. Smith also of Texas, came in Saturday morning and are guests in the Hurlburt Slate home. Mrs. Slate is on her way home from Rochester, Minn. where she has been to consult the Mayo Clinic. SENIORS ENJOY SIX O'CLOCK DINNER

Saturday evening, April 10, the lovely home of Mr. and Mrs. J. B. Pryor was opened to the Senior class of Lubbock high school. Misses Irma Pryor, Floe Benson and Irene Lowrey were charming hostesses at a delicious five course dinner served at six o'clock to the class and several invited guests. The remainder of the evening was spent in games, music, both vocal and instrumental, and conversation. The time passed quickly and it was a late hour before one could think of saying good night. While this was the first of a series of class parties. We are looking forward to many more such enjoyable occasions.

MARVIN JONES SAYS SHOULD ENDORSE ADMINISTRATION

April 3, 1920.
Hon. Clyde A. Sweeton, Chairman, Democratic Executive Committee, Dallas, Texas.
My Dear Sir:
I am in receipt of your letter of recent date making inquiry as to whether, in my opinion, the delegates to the San Francisco Convention should endorse or repudiate the achievements of the National Administration.
Replying will say that in my judgment such delegates should support a resolution endorsing the achievements of the National Administration.

STRIKE CONDITIONS RESTRICTS MARKETS

Kansas City Stock Yards, Apr. 12.—With switchmen still on an out-law strike, only a few loads of live stock got into the yards today, and the offerings found an outlet to local sources. Four of the big packers made limited purchases, and there was some demand from local sources, with three loads selling on an export order. Two loads of Colorado pulp fed steers sold at \$12.75, the top price. The top price for hogs was \$13.80, and lambs \$18.50. Compared with last Wednesday, prices are materially lower. The reports on the strike situation are that it will end in the next forty-eight hours, or result in a complete tie-up of all industries.

Today's Receipts
Today's receipts were 500 cattle, 750 hogs, 3,000 sheep, compared with 6,500 cattle, 9,000 hogs, and 9,000 sheep a week ago, and 14,500

THE CRACK O' DOOM FOR NASTY CALOMEL

Folks Abandoning Old Drug for "Dodson's Liver Tone," Here in South.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with your bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not salivate or make you sick.

The Changing Order of Education
Many changes are impressive in our day, but none more so than the great change that is taking place in our schools and in our whole attitude toward education. It is a hundred years since Froebel began to labor in the interest of free education, but we are only beginning to apply his principles.

The interest of children cannot be held if they are taught in a cut and dried way. From early childhood they should be led into joyous activity. At first, only the parents stand by to help and sympathize, later teachers, friends and society assist. The early home influence is of great importance. Comenius, Froebel and Rousseau studied mothers. They knew that the mother should be the first educator, they emphasized the importance of her sympathy and care, which, though it faltered and halted and fell pitifully short in many places was necessary for right start. Pestalozzi expressed this fact in the words, "Maternal love is the first agent in education."

In the ideal school of today we find the children choosing their own material, directing their own studies, learning indirectly rather than directly, getting their studies linked up with life, looking to the teacher for guidance, sympathy and help as well as for actual instruction.

The school should be a sort of miniature world in which the child is prepared for life in the real world. In a kindergarten worthy of the name the child moves freely, though in obedience to law. In old-time schools of which there are still far too many, he is confined by a sort of prison-like rigidity.

The hatred of the average child for school is a real misfortune. For the child's natural instinct is to learn and know, that is why he is always asking questions, questions that we in our arrogance and impatience too often set aside.

But the school doesn't always answer the child's questions, doesn't always prepare him for life's work, doesn't usually make things interesting to him, although there is much more vocational training than formerly. The unknown must be linked with the known. Arithmetic in the abstract is uninteresting to any child but having five cents to spend and knowing how to spend it, is a matter of practical experience.

The reason why the kindergarten method of education is superior is because it teaches the child through actual experience. As a parent, then you wisely send your child to kindergarten. But you are not equally wise when, later on, you say, "Oh, Mary's school is all right—a school's a school, anyway."

We have not all the advantages of schools where sympathy and imagination are used, and we know that most classes are over-crowded and that a teacher gets the best results when she works with small groups and in the right environment. But we all assist in moulding the public opinion that shapes the schools and in paying the taxes that underpay teachers for the most important work in the world.

And until we carry the spirit of Froebel right up from the kindergarten through the grades and high school and college, we cannot expect to have the fine flowering of manhood and womanhood that is potential in our civilization.

SHERIFF'S NOTICE OF ELECTION

THE STATE OF TEXAS, COUNTY OF LUBBOCK.

Notice is hereby given that an election will be held on the 8th day of May, 1920, at the School Tent, in Common School District No. 6, of this county as established by order of the County Board of Trustees of date the 11th day of March, 1918, which is of record in book designated Record of School Districts, in the office of the County Clerk of this county, in Book 1, page 14; and as added to by House Bill No. 173, Fourth Special Session Thirty-fifth Legislature of the State of Texas, said bill being shown in Chapter 32 of said Acts, to determine whether a majority of the legally qualified property tax paying voters of said district desire the issuance of bonds on the faith and credit of said Common School District in the amount of \$2,000.00, the bonds to be of the denomination of \$100.00 each, numbered consecutively from one to twenty, both inclusive, payable forty years from their date, with option of redemption at any time after twenty years from their date and bearing 5 per cent interest per annum, payable annually on April 10th of each year, to provide funds to be expended in payment of accounts legally contracted in completing the construction and equipment of a public free school building of brick or brick and tile material, within and for said district, and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and to provide a sinking fund sufficient to pay the principal at maturity.

Hudson Super Six

Owing to the unprecedented demand, it will be impossible for every one who will want a Super-Six this Spring to get one. Someone is going to be disappointed. The good old summer weather will soon be here and you will be wishing for a good automobile noted for its endurance power and speed to get and enjoy life in.

By placing your order now you will have one when you want it but as we will only get a limited number in the next few months, you had better place it now or otherwise you might be too late.

Essex Motors---By Now You Know That Hudson Builds the Essex

But do you know how good a job of building the Hudson did when they built the Essex. You will never know if you never drive one. You can ask the man who owns one but he cannot explain to you in words the satisfaction and delight he feels when driving his Essex. The ease with which the Essex gets over the road is a revelation to those who have never had the pleasure of holding the wheel and stepping on one.

Whether you are in the market for a car now or not do not hesitate but come around and let us show you.

California's O-K

The State of California has placed her unqualified O-K on Horse-Shoe Tires by specifying them exclusively for all state owned cars.

This sixty-five thousand dollar contract was placed after Horse-Shoe Tires had proven their actual superiority. If a tire can make so good on the heat shrouded deserts, the snow clogged/mountain passes and jagged mountain trails of California, do you wonder it is making so good right here? John Deere KC Cultivator

The John Deere KC Cultivator has established, in actual use, a high reputation for giving special satisfaction to the user because of its features that make thorough work easier and faster.

It provides for all of the ordinary adjustments and requirements and, in addition, has several new and valuable features found only on this cultivator.

With the shovels of the John Deere KC Cultivator properly "set," the operator can drive into the field and adjust the machine for distance of cultivation from the row, for depth of cultivation and for level cultivation, without leaving the seat. There is a handy lever for every adjustment necessary to meet the different field conditions.

Easy to Handle on Crooked Rows—Does Thorough Work While Dodging

The rigs of the John Deere KC, being rigidly connected to the arch arms, are held firmly at a uniform distance apart, shifting with the arch arms and wheels when dodging. They are always parallel with the line of travel.

That means that the shovels on both rigs always face squarely in the direction in which the cultivator is traveling and cut out full width on crooked rows as well as on straight rows.

Spread Lever Space Rigs at Both Front and Back

You will be sure to like the way the John Deere KC's rigs can be adjusted for distance of cultivation from the row. A special lever, located within easy reach of the operator, spreads the rigs the same distance

at both front and back, instead of swinging them in and out at the back only. Spread either wide or narrow, the beams of the KC are always parallel. The shovels point to the front and hold their "set," assuring parallel level cultivation.

Front and Rear Shovels Penetrate to Same Depth

Another valuable feature of the John Deere KC is the level penetration of the shovels. The front and back shovels on each rig enter the ground level and continue level as they are lowered by the depth lever. The "set" and "suck" of the shovel are always the same regardless of the depth of cultivation.

Master Level Raises Both Rigs and Balances Machine

The master lever raises both rigs and balances the machine. The shovels lift high and level. With the machine perfectly balanced, the pole stays down when turning. Both team and operator are comfortable. When the rigs are lowered by releasing the master lever, the double bail rig hangers cause the shovel to penetrate level.

You Need the John Deere KC

Remember, good cultivation is one of the most important requirements of your business. Your young crop plants need the best of care. The quantity and quality of your crop yield will depend upon how well your cultivator destroys weeds and aids the soil in maintaining the proper amount of moisture. You will find the John Deere KC especially satisfactory in meeting all the requirements of good cultivation.

In 2000 Counties This Month

The Forces of the Church of Christ Will Gather to Face the Facts

In 2000 counties in the United States the pastors and laymen of 30 great denominations will meet in conference this month.

It is the kind of conference that generals hold before a critical engagement; that business men hold before entering a new market. A conference of judgment, not emotion; a clear-eyed facing of the facts.

A Survey that Business Men Must Admire

For more than a year hundreds of workers have been quietly engaged in making a scientific survey of the mission fields, and of America county by county.

The facts developed are startling. No such picture of America's religious situation has ever before been drawn.

On the basis of these surveys thirty Protestant denominations are uniting in a

Nation Wide Cooperative Campaign

Each of the thirty denominations has its own "Forward Movement" organized and officered. The Interchurch World Movement is the clearing house for all of these.

It is the agency which the churches have created to avoid duplication, to foster cooperation and make sure that every man and dollar render the utmost service possible.

The month of April will be devoted to making the facts of the survey known to America; in the week of April 25th-May 2nd, will come a united simultaneous financial campaign.

Whether You Are Inside the Church or Out

To every man and every woman who loves his country, these 2000 county conferences are vitally important.

For the facts developed by this great survey show vividly what forces are at work in America—and what kind of a country this country is to be.

See that the pastor of your church appoints delegates. Any pastor can tell you the conference place and date. Or write direct to the

INTERCHURCH WORLD MOVEMENT

CONSTRUCTION COMPANY LEASES JUSTICEBURG PIT

The gravel pit known as the famous Justiceburg pit, has been recently leased by the Panhandle Construction Company for a period of one year. The consideration of this lease is reported to be \$8,000 or \$500 per month for the year. This company will have the right to mine all the gravel wanted under the terms of the lease. It is supposed that most of this, however, will be used by this company for the paving of the Lubbock streets. The engineer of the company together with other contractors, belonging to this company, or who will be associated with them in the work here, are in the city this week and are making preparations to start this work on a big scale.

Actual commencement of the paving will start on the block east of the square on Broadway, that being what is considered the least used portion of the streets, or the street south of Hodges Grocery. This will likely be started immediately, as we are informed much material has arrived and more coming each day, and in accordance with this company's contract with the county, paving on the county's portion of the plan will have to be started within 30 days, thus if this block is completed, work will have to start at once. The company chooses the street or portion of the paving, we are informed, which is least used by travel for their first work, as they will be less organized and equipped to do fast work than after they have the full crew working.

Nothing definite about the Santa Fe railroad's portion of the paving plan has been learned. This company has been given the right to use other materials than that which will be used in the building of other portions of the street. It is thought that this company will start their work and have it completed before the balance of the paving is completed.

W. A. GORMAN AND MISS ROWENA PEELER WED

A pretty romance was consummated at the home of Rev. A. A. Collins, Tuesday morning at 9:30, when Miss Rowena Peeler of Meadow and Mr. W. A. Gorman of Lamesa were united in marriage. The young people have been sweethearts for a long time. The couple stole a march on their waiting friends who were expecting to witness the marriage Saturday morning. Mr. Gorman came to Lubbock, where the young lady was visiting and they were quietly married and Mr. Gorman returned to his home to await the coming of his bride, who will go to Lamesa in a few days.

Miss Peeler is the daughter of Mr. Peeler of Meadow, the enterprising merchant of that place. Miss Rowena has a host of friends who will miss her and who extend her kind wishes in her new life. Mr. Gorman is manager of the McAdams Lumber Co. at Lamesa and is to be congratulated on winning so fair a bride. The happy pair extend sympathy to their waiting friends who have spent so much effort collecting old shoes and rice and other mementoes. Surely Dan Cupid has the laugh with him this time.

JUSTICE FAIN MARRIES TERRY COUNTY COUPLE

William Crowder and Miss Edna Fowler, step-brother and sister, arrived in our city Saturday afternoon shortly after the noon hour, from Terry county and about 2:00 o'clock after securing marriage licenses, were married in the Clerk's office by Justice Fain. The couple are well known in Terry county, Miss Fowler being a teacher in the Gomez school. They returned to the home of parents that afternoon.

BOND ELECTION ORDERED FOR DISTRICT 6

In another column of this paper will be found a notice of election for District 6, Lubbock county, for the purpose of determining whether or not that district will allow the issuance of bonds in the amount of \$2,000 for the purpose of erecting a suitable school building. The present school is being held in a tent and we are informed that the patrons of this district are very desirous to vote for the bonds in order to secure the new building.
