### "We Picked Up Seven Large Dead Rats First Morning Using Rat-Snap"

So writes Mr. B. E. Carpenter, Woodbridge, N. J. "We lost 18 small chicks one night, killed by rats. Bought some RAT-SNAP and picked up 7 large dead rats next morning and in 2 weeks didn't see a single rat. RAT-SNAP is good and sure." Comes in cake ready for use. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Cole-Myrick Hardware & Implement Co., and City Drug Store.

Mrs. E. J. Hoffman of Floydada is in the Lubbock Sanitarium receiving medical treatment.

### LOCAL ITEMS FROM THE SLATON SLATONITE

On Thursday night April 22 when Mrs. J. D. Haney and daughter, Miss Mamie, returned home from a show about 9:30 o'clock a man was discovered in the house. They were badly frightened as the man ran past them from a bed room, knocking a lamp out of Mrs. Haney's hands. She screamed and called for help. Nearby neighbors were soon on the scene and the place was thoroughly searched. It was found that he had made his escape through the rear of the house and out the back yard. Mrs. Haney was so severely shocked that it was necessary to call a physician to attend her. It is not known what the man's motive for entering the house was, as no valuables of any kind were missed. No arrests have been made in the case yet.

In the election recently held in the Wilson independent school district of Lynn county, for the purpose of voting \$40,000 school bonds, the result was 42 for and 12 against. A modern brick school building will be erected in the little city of Wilson, and it is expected to be ready for occupancy by next fall.

Mesdames E. S. Brooks and S. A. Abbott and Misses Lucy Evans and Frankie Upham were visitors in Lubbock Tuesday afternoon.

T. M. George of Blooming Grove, Texas, is here for the purpose of locating permanently. He was here some time ago and has also visited other sections of the Plains country.

Dr. S. H. Adams was called to the Union community Wednesday to attend the 12-year-old daughter of Mr. and Mrs. McDonald of that place, who had suffered a dislocated shoulder, caused by falling from the porch at the Union school building.

Miss Bessie Wilber underwent an operation in a Lubbock sanitarium last week for appendicitis. She is getting along nicely, and was able to be brought home this week.

### WONDERFUL RE-CREATION ACHIEVEMENTS OF EDISON

The music lovers of Lubbock who availed themselves of the invitation to attend the concert by Leola Lucey, "The Irish Soprano," at the Methodist church recently, will never forget the experience.

The affair was a brilliant one socially. Prominent among the members present were those whose names we have come to associate with things musical.

When Mr. Jacques Glockner, the master of ceremonies, announced that Miss Lucey would sing in unison with a RE-CREATION of her own voice on the New Edison which stood upon the platform, we were skeptical. To attempt to match that lovely voice with a sound produced mechanically by a thing of steel and wood! It was preposterous.

When the first notes of the song came to our ears we were waiting breathlessly. And we continued breathless throughout the evening. At first Miss Lucey's voice and the voice from the mahogany cabinet beside her came to us indistinguishably blended—the two voices so completely one that no ear could detect their duality. Suddenly we realized that Miss Lucey's lips had ceased to move, though her voice went gloriously on! She sang again, and again stopped. Only by watching her lips could we tell whether her voice came to us from her throat, or from the magic box at her side. It was her voice in both cases—there was no question of that from the first. No mere echo or "recreation" could make us doubt the evidence of our own eyes. Her voice was there whether she sang or was silent. Equal in tone, in clearness and in beauty, it filled the room, literally RE-CREATED by some magic power for our bewilderment. It was only by watching the singer's lips that one could be sure when she sang or played and when she did not. The writer was pretty sure about it himself, until the lights were turned on again and it was discovered that Miss Lucey was not on the stage at all and that the New Edison alone had been heard.

### HARVEY L. HICKS OPENS RESTAURANT SATURDAY

Harvey L. Hicks, formerly in charge of the Elk Cafe, and for a long time in active restaurant business in Lubbock, recently bought the restaurant on the west side of the square in the building formerly occupied by Thery's boot shop.

Mr. Hicks was in Dallas most of last week purchasing furniture and other fixtures for his new place, which will be known as Harvey's Lunch Room. Mr. Hicks has had a fine business in his restaurant business in the various locations in which he has dealt since in Lubbock and with the present favorable location he will surely do better than in the past.

**DONNELL-DOSS WEDDING AT COLORADO**

A pretty home wedding was witnessed by a large attendance of friends at the home of Mr. and Mrs. T. C. Donnell, Wednesday evening, when their daughter, Grace Irene, was united in marriage to William L. Doss, Jr.  
The house was decorated in ferns, calla lilies and pink and white carnations. Before the ceremony Mrs. D. H. Donnell sang "Mine" by Alfred Solomon, accompanied by Miss Ruth Hussey, who then played the wedding march from Lohengrin, and the bridal party marched to the rear parlor where they were met by the bride's pastor, Rev. D. R. Hardison, who said the solemn words which made them husband and wife. The double ring ceremony was used.  
First came the little ring bearers, Juanita, the little sister of the bride, and William Greene, bearing the rings in Calla lilies. Master William was in blue serge and little Miss

Juanita wore a dainty lace white dress with pink rose buds and butterfly bows on the shoulders.  
Miss Winnie Vaughan preceded the bride, who came in on the arm of her father, and were met at the altar by the groom and best man, Floyd Quinney.  
The bride wore a white moire georgette over white satin and carried a shower bouquet of bride's roses.  
Miss Vaughan was dressed in white lace over pink satin, and carried a bouquet of pink and white carnations. The gentlemen all wore blue serge suits.  
After congratulations punch was served. Mrs. J. M. Doss gracefully presided at the punch table.  
The groom is the younger son of Mr. and Mrs. W. L. Doss, and was raised here. He is pharmacist at the W. L. Doss drug store, and is well and favorably known by everybody.  
Mr. and Mrs. Doss left on the east bound train for a visit in Dallas, Marshall and Mingus, and will then make their home in Colorado.  
The bride's going away suit was blue French serge, with brown accessories. Her gifts to her attendants were: cupid to little Miss Juanita; knife to Master William, and lingerie clasps to the young ladies, and bar pin to her sister-in-law. The groom presented gold cuff links to his best man.  
The bride's cake was cut and Miss Fannie Reese got the ring and Mr. Floyd Quinney the needle. Miss Hussey was the lucky one to catch the bride's bouquet.—Colorado Record.

**WEST TEXAS IS HOLDING  
WOOL FOR \$1 A POUND**

San Angelo, April 30.—With long wools bringing 72 cents a pound, lambs \$10 each and bred ewes with the wool on from \$16 to \$25 each, the sheep industry in West Texas is enjoying the best markets in history.  
Wool never before brought more than 64 cents a pound, but almost 100,000 pounds sold here this week at 72 cents, and some predict that \$1 a pound will be paid before the season is over.  
Growers at Sonora on Wednesday declined 90 cents for their fleeces, indicating that the trend of the market is upward. The bulk of the wool is yet to be sold.  
West Texas will probably produce 8,000,000 or 10,000,000 pounds.

**Hear it for Yourself**  
—the phonograph which  
amazed all Lubbock

Are you one of those who believe that no phonograph can match the voice of the living human? An astonishing discovery awaits you—like the thousand Lubbock people who attended the Heola Lucey recital.

Thomas A. Edison gave his famous Tone-Test Monday evening, April 19th in the Methodist church. He had Miss Lucey sing in direct comparison with the RE-CREATION of her voice by the New Edison. Music lovers were completely baffled.

Their ears were unable to distinguish the RE-CREATED voice from the living. You have never heard any phonograph that approaches the New Edison. It RE-CREATES not only the musical notes, but every elusive quality of tone and color which identify the original artist.

**IDALOU CEMETERY ASSOCIATION ORGANIZED**

Monday night a few citizens of Idalou met for the purpose of selecting a suitable place for a burial ground. J. W. Turner donated 2 acres of land east of Idalou for this purpose, and it was unanimously accepted with thanks. An organization was then formed to have deeds made to, officers elected and money raised for the purpose of fencing, surveying off in lots, well, mill, quarters for tools, etc. H. W. Lasater was elected chairman, B. Sherrod secretary and treasurer. H. W. Lasater, B. Sherrod and B. F. Hutson were then elected trustees with authority to have the necessary work done to beautify the grounds. The name for the cemetery will be known as the "Turner Cemetery" in honor of J. W. Turner, who was liberal enough to give the land from his farm for this purpose.

At the first meeting there was raised \$131.00, and up to date about \$175 has been subscribed, but will take something like \$500 to fix this up as it should be. If there ever was a worthy cause for donation this is one, and we shall not rest until we have put this "over the top."  
It is not our intention to fix this so nice that anybody will want to die to get to be buried at Idalou, but it is our intention to have the grounds fixed in a way that any one on their death bed will not die with a horror of being laid to rest in a wilderness.

 same to the church and it will be  
 greatly appreciated. Through an er-

**LIBERAL RECEIPTS OF LIVE  
 STOCK; PRICES WEAK TO LOWER**

Live stock receipts today at the  
 various Western markets were the  
 largest in more than two months  
 past. The increase in the supply was  
 due to improved shipping conditions  
 and the fact that many of the offer-  
 ings today would have been on the  
 market in April had not the switch-  
 men's strike interrupted the move-  
 ment. Though demand showed larg-  
 er volume than early last week, buy-  
 ers were afforded ample opportunity  
 to operate at steady to lower prices.  
 Cattle were steady to 35 cents low-  
 er, hogs 70 to 25 cents, and sheep  
 steady to 75 cents lower. With a de-  
 cline last week of \$1.50 to \$2.00 in  
 grass sheep and lambs and the mar-  
 ket lower today, ovine stock seems  
 to be seeking a nearer normal level  
 compared with cattle and hogs.

**Today's Receipts**  
 Receipts today were 15,000 cattle,  
 16,000 hogs and 20,000 sheep, com-  
 pared with 6,000 cattle, 7,000 hogs  
 and 5,500 sheep a week ago, and  
 13,050 cattle, 14,600 hogs, and 10,-

 to \$13.00, canner cows \$4.50 to \$5,  
 fat cows \$8.00 to \$11.25, yearling  
 steers \$11.50 to \$13.10, and heifers  
 up to \$13.50. In the quarantine divi-  
 sion steers sold at \$9.25 to \$10.50.  
 Veal calves brought \$9.00 to \$13.50.

**Stockers and Feeders**  
 Prices for stockers and feeders  
 were not changed compared with last  
 week, but the demand was larger.  
 At the same time, receipts were the  
 largest for some time past, and indi-  
 cations are that both incoming and  
 outgoing shipments will soon be nor-  
 mal. Because of lower prices for fat  
 steers, a good many prospective buy-  
 ers are holding off.

**Hogs**  
 Hog prices today averaged 10 to  
 15 cents lower than Saturday and 15  
 to 25 cents under Friday. The top  
 price \$14.50 was paid by packers  
 for light weight hogs, and the bulk  
 of the offerings sold at \$13.75 to  
 \$14.25. The price spread is showing  
 a narrowing tendency and while light  
 weights still command a premium,  
 heavy grades are not as plentiful  
 as a few weeks ago, and they are  
 more attractive to packers. Stock

## New Customers Daily Is Gratifying Indeed

It is a good indication of pleased customers. It is our desire to make this store  
 one where service can be had and we also propose to keep everything that our  
 customers need, when it can be bought on the market, and we have been ex-  
 ceedingly fortunate in this so far.

REMEMBER OUR GOOD FLOUR—Jubilee, and that good Schilling coffee.

## PRYOR & DeSHAZO

Successors to Chris Harwell

Lubbock, Texas

hogs and pigs continue in active de-  
 mand.

**Sheep and Lambs**  
 The bulk of the arrivals today were  
 South Texas grass fat sheep, that  
 sold at \$9.50 to \$10.50, or fully 75  
 cents under last week. Today's sup-

ply was the first liberal run of the  
 season. Fed woolled lambs sold at  
 \$18.50 to \$19.00, and these offer-  
 ings were about the final shipments  
 from Northern sections.

**Horses and Mules**  
 Receipts of horses and mules were

meager and on that account trade  
 was limited. Shipping conditions now  
 justify larger receipts.

### DEATHS.

R. T. Holton, age 67 years and 4 months, born January, 1853, in Tennessee, died at the home of his daughter, Mrs. R. E. West, in this city, May 5th, 1920. The deceased's home was Canyon and had been here only a short time. He is survived by his wife and three sons and one daughter, all of whom were here at the time of his death except one son, who is stationed at Camp Dix, also a brother, S. H. Holton of Seymour, was here. Funeral services will be held this afternoon and interment made in the Lubbock Cemetery.

### SANITARIUM FEES

Reports have been persistently circulated the past few weeks that the Lubbock Sanitarium has raised its rates.

The facts are that our rates have not been changed since last September. Our rates today are the same as they have been for eight months. This rate is six dollars per day which includes room, board and usual nursing.

Our fees for operations are just the same as they have been ever since the institution was built and are the usual fees charged everywhere for such work. Our many satisfied patrons all over the country will testify to the above facts. May 5th, 1920.

### THE STATE OF TEXAS

To the Sheriff or any Constable of Lubbock County, Texas.

You are hereby commanded to summon G. W. Kyle and Minnie Kyle, and the unknown heirs of the said G. W. Kyle and Minnie Kyle, if deceased, by making publication of this citation in some newspaper published in Lubbock County, Texas, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof, to be and appear before the District Court of Lubbock County, Texas, on the 7th day of June, 1920, in cause No. 1349 on the docket of said court, wherein C. A. Paulger is plaintiff and G. W. Kyle and Minnie Kyle, and the unknown heirs of G. W. Kyle and wife, Minnie Kyle, if deceased, are defendants, plaintiff's petition filed on the 6th day of May, 1920, alleging:

First an action for the recovery of the title and possession of Lots 16, 17, 18 and 19 in Block No. 224 in the town of Lubbock, in Lubbock County, Texas, and second alleging that on or about the 10th day of Sept. 1909, the said G. W. Kyle and Minnie Kyle conveyed said premises to one E. F. Lipscomb and Sallie H. Lipscomb by deed recorded in Vol. 24, page 480 deed records of Lubbock County, Texas, and did in said deed retain a vendor's lien to secure a note for \$75.00 therein described. That said note has been paid, and no release of the vendor's lien executed. That said note and vendor's lien are barred by the four years statute of limitation.

Plaintiff praying for judgment cancelling said apparent lien and removing cloud from his title cast thereby.

Herein fail not, but have you then and there this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of office this 6th day of May, A. D. 1920. (Seal) SAM T. DAVIS, Clerk District Court Lubbock County, Texas. 454

## HOW'S YOUR BLOOD? Pimples and Eruptions Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and barks, such as Doctor Pierce's Golden Medical Discovery is and has been for nearly 50 years. Ingredients printed on wrapper.

The first day you start to take this reliable medicine, impure germs and accumulations begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and every skin blemish will disappear. When you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache.

Get Doctor Pierce's Golden Medical Discovery to-day at any medicine dealer, in tablet or liquid form, or send 10c. for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

SAN ANGELO, TEXAS.—"Dr. Pierce's proprietary medicines have been entirely satisfactory to me in the truest sense of the word. I consider them as being very high-class remedies and the safest that I know of on the market. Myself and family have used them as a tonic after La Grippe, with good results. During the last score of years when we needed a tonic we have used the 'Golden Medical Discovery' always with satisfactory results, also the 'Pleasant Pellets.' My thanks to Dr. Pierce prompt me to write my truthful sentiments."—O. R. WILSON, 802 Koberlin Street.

## BEN

This Jack is the Maltese and Mammoth Stock. His sire came from Kentucky. He is 6 years old, 15 hands high, has large horns and good action and is all that could be desired. He has established a good record as one of the best breeders of salable colts. I have several of his colts from 1 to 3 years old, for anyone to see. I will stand him at my farm about 2 1/2 miles East of Grovesville school house on the Newt Beal farm. Terms of season, \$12 to insure. With foal, service fees are due and payable when mare changes hands or leaves the country.

## PUBLIC OPINION

### Observations

Stick closer to your farm; don't be lured away, though the drouth comes and shadows fall over you, try to be hopeful for the thought waves that are going out in our present times are like the wireless messages through space. If you are very susceptible and your mind attracts them even as the wireless receiver does its own messages, you are in great danger. There are those thought waves passing and repassing. They are mostly degenerating. They lower your aim. They are revolting and in the end you will have reaped dragon's teeth. The safest and surest foundation of our present social and financial structure rests on the farm. It must go on and will go on through all time, though farming is now entering a new era. The tree is shaken and it looks like our whole earth was in the throes of a mighty earth quake. Remember it has been said in the last days, perilous times shall come, men shall be lovers of wickedness more than lovers of God. There are disturbances coming up and the news flies from one to the other. Though you may not agree with me, there are subtle influences that are traveling from mind to mind. It is disquieting, it alters our courses, it sits at our tables, it even invades our most Holy of Holies (heart). So the only power to subdue such influences is good, hard work, sweated toil. Well, some may agree with me, some will not; as for me and mine, we say the farm can be made the most attractive place on earth. It takes toil of course; it needs a touch here and there. The farm has a lure for mine which is great. I really love to see the cotton, the corn, the grass, the weeds all represent blessings, even weeds. Some time I may tell you why weeds are blessings. I enjoy milking the cows. I enjoy all the blessings of the farm life. My whole heart is there. Some may only look at farming from a financial standpoint. That is to my mind also good. There are reverses in all business. Farming is also a business and many farmers go broke. I may also go broke. Merchants fail also. We are even now passing through a trying drouth, but listen. There is hope of a tree, even, it be cut down, it may sprout out again and bear fruit, even better fruit. We are all supposed to live if we work and God will not let us starve. Farmers are not called hay seed any more. He is an important cog in the wheel of commerce. Still, some look on farming as a low calling. Those who do are to be pitied, for they are maybe brought up to believe that but the rank and file of America is sane. You could do no better deed than teach boys and girls the ways of farming. I am no expert at it, but since I came west I have made 28 bales of cotton in 1918-19. Plenty of feed and no two years in Fannin county, Texas, did I do as well. I am always happy at heart. I have a sanctuary there for my God, a warm place for my country, a warm place for my friends, daily and weekly papers come regular and I can always know the news as my city friends. The city people—we have need of them. They buy and eat the same as we do. Some of them can't always get just what they want because they have no farm to produce it. I once lived in the town and know whereof I speak. The city has many attractions, they all cost effort and money. Some one has made sacrifices. That makes all attractions possible. I have not got it in for the world. The world is what we make it, and at some future time and season, this world will be one of the most beautiful spots (planets). For God said he would make his footstool glorious and he has never failed in promise. So let's all try to live right, work right and if you can jaw the merchant down, then you have done right also. See?

Sketch from actual photograph showing the distinguished psychologists trying the Realism Test in the Edison Shop, New York.

# You too can try this fascinating REALISM TEST

We give it in our store. You can hear it exactly as did the noted psychologists who visited the Edison Shop on Fifth Avenue, New York.

You've been hearing about the astonishing realism of the New Edison.

Now you ask: "Is this realism so true that I feel the same emotions in listening to the New Edison as I feel in listening to the living singer?"

Our answer is—put the New Edison to the test!

Mr. Edison devised his unique Realism Test for this very purpose. Then he invited distinguished psychologists to try it out.

Each of the three men got sensations that were startlingly vivid.

"I could have sworn there was a living singer standing behind me," said Dr. W.

V. Bingham, Director of the Department of Applied Psychology, Carnegie Institute of Technology.

"I felt the presence of a living singer. The accompaniment seemed by a separate instrument," reported Prof. C. H. Farnsworth, Director of the Department of Music, Teachers' College, Columbia University.

"The music filled my mind with thoughts of peace and beauty," said Wilson Follett, Esq., noted music critic.

We'd like to have you come into our store and try this same test. See what sensations you get. The Realism Test is the conclusive way for judging the realism of the New Edison.

Ask about our Budget Plan. It shows you how to buy your New Edison through Thrift.

### POLITICAL SPEECHES BEING MADE BY SHERIFFS

According to W. M. Parks, candidate for the office of sheriff of Terry county, who was here the first of this week on business matters, candidates for that office in his county are taking the platform and getting down to brass tacks. There being only seven candidates for the sheriff's office, quite a little interest prevails.

### HOME OWNER MAN OF WIDE INFLUENCE

The man of a family who fails to appreciate the true significance of home-owning to himself and family has not reached full stature. If his ambition points that way he has made the start; but ambition unbacked by decision is of little avail.

The basic need of all men and women is a home and the sense of shelter and security which goes with ownership. If there were no other arguments worth while men would be more than justified in building and owning their own homes for the children's sake.

Like father, like son! The next generation will not be a home-owning one, if the present generation doesn't show the benefits of home-owning and inculcate the home-owning ambition. If you are determined that John and Mary shall have a fair show to make good on your ambitions for them, get them tucked away in a good home—a home that is all yours, and theirs. It will become to them the very hub of the universe, a very sacred spring of inspiration and a very tangible example of the prudence of thrift. If you would do your part toward making your children's future secure in a nation of home owners—build now!

Another thought is the sense of independence that home ownership brings. Somewhere in the heart of every man is the desire to be freed from the reach of want and care. Independence makes for better workmen, better fathers, better men!

One of the largest employers of labor in the country ordered a canvass of his factories to determine what percentage of the employees owned their homes. At the same time he urged all the employees to become home owners or home buyers. Sound logic prompted this action.

The responsible man is the valuable employe. The home owner has a deeper sense of civic pride. He is established; he is responsible; he is

### SUCCESSFUL OIL MAN ON VISIT HERE

Roscoe Parks, brother of Irvin Parks, farmer of this county, of Wichita Falls, accompanied by his wife, is here this week visiting. Mrs. Parks is a daughter of Mr. and Mrs. N. M. Hightower, also residents of Lubbock county.

Mr. Parks, four years ago was employed in Wichita Falls with the Magnolia Oil Company. Shortly after the new oil boom struck that vicinity, he, like many others, could not withstand the temptation and went into the oil game fullfledged. Notwithstanding that on his 1919 income tax report he claimed exemptions of \$10,000.00 on investments lost in oil stocks, he made a nice report in income. Mr. Parks believes that when a man is lucky and wins in the oil game, that a very sensible thing to do would be to purchase land or other solid investments, therefore recently he purchased 640 acres from George R. Bean of this city and has improved it extensively.

"In the oil game a man can hold the sack too long, waiting for more profits on his investments," says Mr. Parks, who believes that the man who buys and when offered a nice profit, sells, is the man who will eventually win in the oil fields.

In speaking of the apparent stillness in the Ranger country, Mr. Parks says that one of the largest oil companies in the country has spent more than one hundred million dollars, much of which has been a loss in the Ranger fields. He thinks that Wichita county is the greatest oil belt in the world. "Old wells that were producing only a few barrels per day and which were considered in the past as poor property in Wichita county, are being cleaned out and proving to be big payers."

Mr. Parks and Mr. Hightower will leave this latter part of this week for the Becca country on a trip of inspection of the oil section of that country.

received \$56.02 in Lubbock for this purpose. Mrs. Stubbs says, "that Lubbock could have sold more than \$100 worth as easily as the \$56, but on account of various excuses offered by ladies of the city who were previously appointed to help in the sale of tags much of the good work was prevented."

With the help of several girls, whose services were secured by Mrs. Stubbs later in the day, much work was done although a thorough canvass of the streets was not made. Mrs. Stubbs, unfortunately late in the afternoon was called to the bed-

Mrs. Stubblefield, assisted by Mrs. Frank Riddle, entertained the 1911 Needle Club last Tuesday. At the close of the afternoon an ice course was served to the following ladies: Mesdames Moore, Nevels, Baker, Smith, Carter, Green, Kimmell, Darity, Hunt, and Ballew.

Mrs. W. B. Powell was charming hostess to the Auction Bridge Club Tuesday afternoon. Three tables of ladies played a number of games and at the close were served delicious maple nut cream cake. The following were present: Mesdames Neil Wright, John Simpson, J. J. Noone, L. T. Martin, Shelby Robbins, C. L. Griffin, L. S. Mast, John Jarrott, Floyd Beall, Roscoe Wilson, J. A. Rix, and Clark Smith.

The advanced music pupils of Mrs. Hopkins gave a highly classical recital last Friday night to a very appreciative audience. Each young lady showed rapid advancement and played with the air and grace of skilled musicians. Mrs. Hopkins' pupils have given a series of recitals this spring and this was the last. It was pronounced the very best.

The Senior B. Y. P. U., chaperoned by Rev. and Mrs. W. A. Bowen and Mrs. B. P. Hopkins, motored to Buffalo Springs Monday night, where a delightful moonlight picnic was enjoyed. A sumptuous supper was spread under the trees which every one enjoyed to the fullest extent. At a late hour the party returned home, declaring they had been royally entertained.

The Senior League went for a moonlight picnic Monday night. A large number of Leagueurs and their friends comprised the party and a delightful time was had by every one. A picnic supper composed of all sorts of good things to eat was spread, after which the party returned to town. The occasion was a source of great enjoyment to the young people.

### Fifty-Six Drills Pounding Holes for Oil Wealth in Toyah Basin

By Anthony McCauley. Toyah, Texas, May 1.—For the past three weeks little has been written about the Toyah and Pecos fields. The drill, however, has been more active than at any time in the history of the field, and today development can be best described as being fan-shaped, running northwest, north and northeast from Toyah for a distance of 25 miles. In this area over 40 shallow rigs are punching holes, testing out the immediate territory, while to the east and west 16 deep tests are driving for the deeper sands in order to prove the existence of oil which the geologists maintain abounds in gusher proportions. Despite the faith of many in the ultimate commercial value of the "lube" oil, the majority of oil men here now are of the opinion that the lighter oil with gasoline content will eventually be the factor that will enable Toyah and Pecos to remain on the map as established oil fields. High Grade Oil in Stanton Well Much jubilation was expressed last week when the Stanton well on section 40, block 58, struck oil of high grade at about 350 feet. There is no question about the gravity of the oil and that the drill had gone below the "lube" horizon. The same thing was demonstrated Tuesday afternoon when the Shannon well, at a depth of 353 feet, on section 22, block 58, struck oil sand five feet thick, which in oil parlance is termed one of the "prettiest" sands ever struck in the field. Submitted to the chloroform test, it showed itself to be one of the lightest grades of oil and of undoubted gasoline content. The report created much excitement in local circles and many who were drilling for the more shallow sand announced their intention of going for the second pay.

**Troxel Test in Strong Hands**  
The Troxel, Toyah-Alabama well, section 8, block 59, which has had so many vicissitudes the past year, has at last gone into strong, capable hands and will now go at least to the 1850-foot sand, where the Texas

company encountered pay oil at that depth. The latter company admits they struck an 80-barrel well ten years ago, but a well of that size was not considered a paying proposition at that time and the field was abandoned. The company was loath to abandon the field even then, it is understood, but lawsuits and the existing land laws at that time were not favorable to wildcat operations, and the bringing in of the Cushing field, in Oklahoma, caused the decision to leave the field to others.

**Culberson County Operations**  
The largest and best financed companies in this section are confining their operations to the Culberson county section just east of the Delaware mountains and south of the Rustler hills. It is in this section that the big gusher is expected to be found. There are six tests drilling or financed to drill to a depth of not less than 3,500 feet. It is possible now that one hundred companies are drilling or financing to drill both deep and shallow wells in the Toyah, Culberson-Pecos fields.

**Toyah Transformation Complete**  
The transformation in the town of Toyah since the oil boom is astonishing. Men to the man who has been here but a few months. At least half of the old timers have sold their houses and properties to new arrivals and have moved away or else have invested in other parts of the town. The Western Union has established a town office, where the business is second only to Pecos, the county seat. The postoffice force has been greatly increased and the new postmistress declares that still further increase must be made if the mail service is to receive proper attention.

**Population Doubled**  
A chamber of commerce has been formed, where many local problems will be thrashed out satisfactorily, as the membership is composed of the liveliest business men of the town, including old as well as late comers. The town has more than doubled its population the past ninety days, with the promise that this record will be beaten during the same period to come. The railroad yards are blockaded with material and equipment for the fields and essentials for building construction. Property values have quadrupled since the boom and many people who were struggling for existence the first of the year have gone to other cities and towns with money enough to start life anew or else engage in business with sufficient capital to become independent.

The majority of new arrivals in Toyah at present are from far away states. The great amount of publicity the field received in its early stages is the cause of this. It is safe to say that the Toyah-Pecos field has been heralded more in the daily press than any other field in Texas. Many of the late arrivals are from the New England states, while others are from the Dakotas and Pacific coast points.

**Heavy Traffic Tears Up Roads**  
So much traffic has gone over the road leading from town to the oil fields that where formerly it was the boast of the citizens it was as good as any highway in California, it is now as ribbed and hard to drive over as many of the roads in Eastland and Stephens counties. This is one of the sure indications of activity and only goes to show what has been done here the past few months. The county commissioners are making every effort to keep the road in passable condition and are seriously considering making another road so that while repairing one the other may be kept in use.

Many tests are drilling in Brewster county to the south and this summer promises to be the banner year in this section of the state in oildom.

The above statement is as true as I can see it in the Toyah oil field. I have witnessed all of these wells. I just came from the Jordan & Co. well on section 22, block 54, which promises to be the best well in the

## Jno. P. Lewis Real Estate and Fire Insurance

I am now engaged in the real estate and fire insurance business and have an office in room number five, Lowrey Building.

Already I have secured a sufficient number of responsible fire insurance companies to take care of all the business I can likely secure, and I would appreciate such a share of the insurance business as my friends may think I merit and they are fit to give.

Look over your policies and if you find you need more insurance, come in and see me. Too much or too little insurance is alike inadvisable, but no insurance is certainly poor economy. And if you are in the market for a good building site in town, or a dwelling or a farm, I am in position to show you some real good values in the medium priced as well as the better homes.

### City Property

4-room dwelling, southeast corner, 3 large lots, east front, well, mill, fruit trees, close to High School building. Price \$2,250.00, \$1,500.00 cash, easy terms, or substantial reduction for all cash.

### Farm Property

400 acres, 10 miles from railroad town, 200 acres farm, all fenced and cross fenced, good well, mill, fine land, half mile to school, good 5 room bungalow, a desirable farm and a bargain at the price, \$42.50 per acre. Assume \$8000.00, balance cash.

field at present. I also visited the well on section 12, block 55, at a depth of 304 feet at noon today, making some gas and quite a bit of oil which shows to make a good one. Leases near these two wells are selling for from fifty to one hundred dollars per acre.

In my opinion, after going over the entire field with the world's best geologists I believe the biggest oil field in Texas will be found northwest of Toyah, Reeves and Culberson counties. (adv.) B. TIDWELL

### TWENTY-ONE GUNS AND OUR PRESIDENT

Why does the President of the United States receive a salute of twenty-one guns when he goes aboard a war vessel? Probably very few of the people of the United States could give the real reason why the salute consists of twenty-one guns instead of more or less. Always the number is twenty-one and it is worth while to know the why and wherefore of all this. The practice of firing salutes of all kinds does not obtain as it once did. We are told that in the early part of the seventeenth century there were so many salutes fired on British vessels that complaint was made because of the ammunition wasted in this way. Salutes were fired when the wives of officers came on board and when they left the vessel. Many salutes were fired when vessels passed each other. We are told that at a banquet on board a ship so many rounds were fired when toasts to the king were drunk that a change of weather was affected. At another time in 1875 there were 'three cheers, seven guns and trumpets sounding' when some women visitors left the ship. The most disting-

## Some Telephone Facts

IT COSTS MORE to furnish Telephone Service today than it did a few years ago.

THE COST OF ALL MATERIALS AND LABOR has increased in the past few years, but telephone rates have remained fixed. IT IS NOW IMPERATIVE THAT TELEPHONE RATES BE SLIGHTLY INCREASED IN ORDER TO MEET THE CHANGED CONDITIONS.

We have not been earning anything like a reasonable return and we must increase the rate to our patrons to a point where we can earn a small return on the investment.

The new rate will not yield a reasonable return, but it is imperative that we increase the rate to a point where we will not suffer a loss. The readjustment of telephone rates, however, is nothing like that in other lines, proportionately, but they will enable us to survive and properly fulfill our obligations to the public.

- INCREASES IN COST OF MATERIALS
  - INCREASES IN COST OF OPERATION

ished ladies receive no such salutes today. The practice of firing salutes made such serious inroads on the country's ammunition that the Duke of York prepared a table of the number of salutes that should be fired and for whom they should be fired. The royal salute was limited to 21 guns, and it is this precedent that today gives the President of the United States a salute of twenty-one guns when he goes aboard a naval vessel. The King of England receives the same salute. In fact, the salute to rulers are now governed by international regulation which is strictly observed. While, however, it is the royal salute to the King of England in Great Britain, the royal salute to the King-Emperor.

Where did the question, "If I was not a gunner I wouldn't salute originally?" We are told that it had its origin in a wish to show a certain friendliness to the vessels of a foreign power. In the olden days it required several minutes to load a gun, and when the guns of a vessel were fired it was momentarily disarmed. In this way its friendly trust in the strange vessel was manifested. Of the exact manner of saluting one writer says:

"Between the rounds, before the days of rapid-fire guns, the old chief gunners used to walk up and down, pausing between ordering the fire. It was generally supposed that they regulated their orders so as to give the men exactly enough time to reload by muttering to themselves, 'Fire one!'"

"If I wasn't a gunner I wouldn't be here."

"Fire two!"

"Fire three!" and so on until the required number of guns had been fired. Saluting between different powers is not by any means a mere matter of courtesy, and one more than one occasion international difficulties of a most serious order have been precipitated by the failure of one power to salute another. Our country would regard it as an insult if a foreign vessel failed to give the salute it ought to give when it meets one of our vessels. There is no mere "matter of form" in the salutes fired by naval vessels.

The number of guns to be fired for various persons is regulated and graduated in the most careful way. A consul has but seven guns fired for him, and no salute to an individual is allowable in the presence of the President. It is of interest to know that one the Fourth of July at every military post in the United States there is a National salute fired. This consists of one gun for each State in the Union. At no other time is this National salute fired.—Paul Creighton, in Kind Words.

## FENCE FOR A LIFETIME

Poor fence posts are thieves. They steal your money and time—time when you can least afford to give it. It costs the American farmer one hundred million dollars every year to replace decayed and broken fence posts. Most of this is needless waste.

Long-Bell creosoted posts last a lifetime. You can be sure of satisfactory service with the minimum of upkeep. Their first cost is practically the only cost. The Long-Bell method of creosoting should not be confused with or compared with the open tank, dipping or brush treatments, for these are only temporary forms of wood preservation. By the Long-Bell hydraulic-pressure-vacuum process the entire sapwood is impregnated with creosote and the result is "The Post Everlasting."

We would like to show these posts and other fencing material we have in stock.

### no Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is much of less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or deposit the worms, and the Child will be a perfect host. Pleasant to take. 60c per bottle.

Lubbock Masons who attended the lodge meeting in Dallas last week returned Sunday, reporting a very enjoyable week.

Harvey L. Rix of Big Spring was here the latter part of last week on a short business visit, returning to his home Sunday.

**TEXAS INDORSES THE PRESIDENT**

The magnificent and overwhelming endorsement given President Wilson and the Democratic administration in the precinct primary conventions Saturday sets at rest all question as to the sentiment of the people of Texas.

It is a fact that all over the United States the situation in Texas was being watched. While the result dem-

onstrates how little justification there was for even a suspicion that Texas might repudiate the President and the administration, word had gone out that this was going to happen. It was widely believed that at best the contest would be close. It is well that this has been the situation and that nationwide attention was thus called to Texas. For it emphasizes the sweeping character of the endorsement, and what would have been the Democratic party a vital

blow had the result been otherwise is turned into an event that will enhance the prestige of the administration throughout the country. The result comes at an opportune time, because of the fact that the Treaty of Versailles and the League of Nations were made a dominant issue. Mr. Bailey denounced the League of Nations throughout the campaign and the result is as such an endorsement of President Wilson's stand on that question as anything else. The delegation which goes to San Francisco from Texas will be pledged to write an endorsement of the League of Nations into the Democratic platform, and will thus stand for presenting an uncompromising front to the Republicans on that question. It is becoming clearer every day that the League will be the dominant issue of the national campaign and it is fitting that such a sweeping endorsement of it should come from the leading Democratic State in the Union.

There has been much in the recent campaign that should die with the announcement of the result. Much feeling has been generated and it may be that some bitterness will remain. But the people have spoken. They have announced their will in such emphatic fashion that no man will mistake its purport. It were best, therefore, that the bitterness of the campaign should be allayed as quickly as that is possible. Chronic division among a people is not good and if there is a State in the Union which should be united for the common good that State is Texas. We still have a political campaign before us, but the main point under debate has been settled. The Democrats of Texas have endorsed President Wilson and his administration decisively. We have believed all along that such would be the decision when the time came, and we have felt that such should be their decision. Now that the decision has been made let the strife on that point cease. Whatever other differences we may have, let us now, as a united people, give fullest support to the great work which still lies ahead of the President, and which it becomes the proud privilege of the Democratic party to further.—Fort Worth Star-Telegram.

**Two Row Lister Corn Cultivator**

In a very short time, without removing a single bolt, you can adjust our John Deere Two-Row Lister Corn Cultivator to meet every condition.

Width of the cultivator to suit the distance between the wheels for trenches of different widths can be changed quickly merely by loosening clamps.

The discs can be quickly set to throw either in or out, and any desired working angle of discs and shovels can be secured promptly.

The discs can be set to work anywhere from five to thirty-six inches in width, and the rear shovels from ten to fifty-four inches.

You will appreciate the ease with which all adjustments can be made. All levers are easily reached from the seat. With the front lever on each side, discs and shovels are raised. This is made easy because the action of the wheels, the position of the seat and the weight of the driver all assist in lifting. With the rear lever on each side, the shovels can be raised for shaking out trash—a coil spring makes this operation easy.

Even penetration is assured because the frame and cultivating parts are always level. Automatic centering device—each end of the seat bar is pivoted to the swinging arm. This cultivator follows trenches perfectly with no tendency to climb ridges.

Be sure to see us about this cultivator before you buy.

**COST OF LIVING SHOWN BY ZONES**

**COST OF LIVING SHOWN BY ZONES**

Austin, Texas, May 1.—According to figures compiled in the office of the Industrial Welfare Commission and made public today by Mrs. Frances E. Sutherland, secretary, the average cost of living for female workers in four industries in Texas—telephone, mercantile, laundry and factory—was \$14.78 per week. The average for each was: Telephone, \$14.14, mercantile \$15.44, laundry \$13.78 and factory \$14.65.

The average cost for the State by population was: In cities between 3,000 and 9,000 inhabitants, \$12.77; from 10,000 to 30,000 population, \$14.27, and from 40,000 to 175,000 inhabitants, \$15.26.

Mrs. Sutherland's statement recites that 2,028 women were personally interviewed and their sworn averments taken, giving estimates of living for three months, including clothing, board, lodging, laundry, reading matter, doctors' bills, medicines, recreation, lodge dues and other incidentals.

A division of the expense by zones was made and they would show that there was not great variation in the respective sections of the State, although during hearings witnesses frequently referred to the cheap labor and cheap living conditions in South Texas and particularly at El Paso and other border points. For some reason these variations are not

reflected in the figures made public today, the statement containing this information with reference to the zones:

"In North Texas, incorporating the cities of Dallas, Fort Worth, Sherman, Denison and Greenville, the cost of living in the combined industries averaged \$15.38 per week; South Texas, incorporating Corpus Christi, Kingsville, Houston, Galveston, Beaumont, Yoakum, Castro and Brenham, \$14.57; East Texas, incorporating Tyler, Marshall, Texarkana and Paris, \$12.77; West Texas, incorporating Brownsville, Del Rio, Laredo, Uvalde, Eagle Pass, San Antonio, El Paso, Brownwood and San Angelo, \$12.20; Central Texas, incorporating Waco, Corsicana, Temple, San Marcos, New Braunfels, Marlin, Cameron, Bryan and Belton, \$15.61; Northwest Texas, incorporating Ranger, Amarillo, Wichita Falls, Abilene and Eastland, \$23.38.

**AFTER ROAD FROM EAST TO WEST**

W. L. Sonntag and M. A. Rex were in town Monday in the interest of building a railroad from Childress via Turkey, Quitaque, Silverton, Tulla, Dimmitt and other points west into the coal fields of New Mexico, and expressed themselves as being very confident that this was the most practical route for a road across this part of the country. These gentlemen were on their way from the west to Childress and the towns between here and there, and promised they would have something definite for us to consider in a short while. They are pleasant business men, and we understand they have had to do with the construction of several railroads, and are here representing capital sufficient to build the road as indicated above.

There is no questioning the great need of a railroad through this portion of the country, nor the fact that it would pass through the finest strip of Texas, today.—Silverton Star.

**CASH BONUS BILL CALLS FOR \$1.25 PER DAY**

Washington, April 30.—Payment of a cash bonus to American war veterans of \$1.25 for each day of service in excess of sixty days is provided in a bill agreed on this afternoon by the Republican majority in control of the House Ways and Means Committee.

**Four Optional Plans**

Besides the cash bonus there are four optional plans of compensation proposed, as follows:

1. An unadjusted paid-up insurance policy.
2. Vocational training aid.
3. Land settlement aid.
4. The special taxes provided to raise revenues to meet the soldier payments are:

**Special Taxes Provided**  
Increased surtaxes of 1 per cent on net incomes between \$5,000 and \$10,000, 2 per cent between \$10,000 and \$25,000, 3 per cent over \$25,000.

Stock and bond transfers and produce exchange sales between Dec. 1, 1919, and Nov. 30, 1922, 2 cents on each \$10 of face value or 20 cents on each share without face value; after Dec. 1, 1922, 2 cents on each \$100 of face value; estate sales, 25 cents for each \$50 of payments; an average of 15 per cent increase on existing cigar, snuff and tobacco taxes; sales tax, 1 per cent. A revolving fund of \$300,000,000 is appropriated from the Treasury to help put the proposed bonus legislation in immediate effect.

**Many Men Ineligible**

All former service men are eligible to the bonus or any of the alternative plans, excepting commissioned officers above the grade of captain in Army or Marine Corps, lieutenant in the Navy, first lieutenant of engineers in Coast Guard, assistant surgeon in the Public Health Service, or any civilian officer or employe in any branch of the military or naval forces.

Members of the National Guard or of the National Guard Reserves called into service July 3, 1917, are entitled to the bonus from the date of call.

Payments of the bonus shall be made in April, July and October, 1921, and in January, 1922.

**STOCK SUFFERING BECAUSE OF LOCO WEED**

J. B. Rainwater, farmer of Collinsworth county, who was here a short time the first of his week, stated that stock were dying on account of the increased growth of the loco weed. Mr. Rainwater says that because of the extreme wet weather of the last year, is the cause of the growth of the loco weed.

Mr. Rainwater went to Terry county Monday morning to prospect for a South Plains farm. He will return to his home in Collinsworth the latter part of this week.

**FARWELL COUNTY WHEAT SUFFERING FROM DROUGHT**

Farwell, April 30.—The Farwell country is very dry, and unless it rains soon wheat will soon begin to suffer.

Threshing is fast coming to a close over the country but there is still some maize and kafir heads to thresh in the feed yards in town. There is still a scarcity of cars to ship grain and the buyers are storing, where storage can be had.

E. L. Tarver, Jr., was born to parents, Mr. and Mrs. E. L. Tarver, last Saturday.

**THE TAIL IS NOW WIGGLING THE DOG**

The growth of Lubbock is continuous. No oil booms have made it grow. It's natural resources that are being developed are being recognized by a stolid people who want the things offered in this county and not the thrills and remorse of cities—made overnight by reason of extraordinary so-called riches. The steady growth of the city shows clearly the solid foundation upon which its future is rested. One large business, a branch of an old established firm, that has been referred to in the past by the managers of the old firm, as being a "wiggling of the tail" has grown in Lubbock to such proportions—outdoing the headquarters of the firm many thousands of dollars in monthly sales, that this month, the branch house of Lubbock, through its management, prepared beautiful wreaths in token of the death of the old firm's outstanding eminence in the commercial field. Words, though not of bereavement nature, to the effect that the death of the firm's standing was not because of their unsuccess but because of the trade territory served by Lubbock, and ended by a beautiful drawing wherein was shown a picture of the "tail that is now wiggling the dog."

Moral: Keep your eyes on Lubbock.

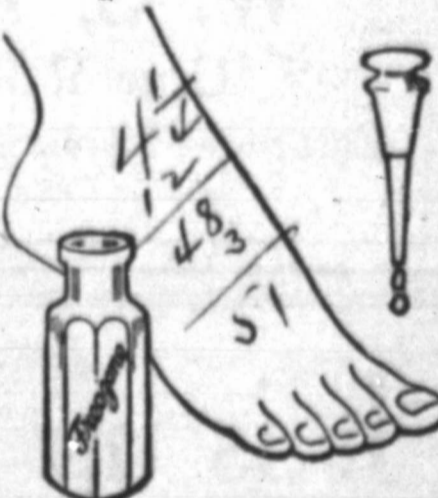

**FANCY SHIRT BETRAYS WOULD-BE THIEVES**

This is to advise all who would attempt the unlawful possession of another's property, that the use of fancy shirts, silky with the beautiful flower decorations, is an unwise act, and there are two young South-Plains boys who will readily verify this statement.

Raymond Hurst of near Ralls and Bruner Caldwell of Post are the two young men referred to above. These boys were in Lubbock last Saturday and became convinced that the fine harness, including bridles, etc., put out by the firm of Moore Brothers were just suitable to them and the temptation for the possession of a beautiful bride became so strong that the boys from some reason or other remained until Monday in Lubbock. Monday they had occasion to visit Moore Brothers' establishment and thinking that one of the owners was sleeping on his rights, they plucked the beautiful bride, attempted to hide it under their coats, next to their flowery shirts and make a getaway. Fortunately for the firm, the boys were seen leaving and close scrutiny of them betrayed the reins of the bride, valued at \$10. The boys were then followed a short time but were soon lost to their followers. The get-away was so perfect to the men that they were not yet in the right spirit to leave Lubbock, with its valuable possessions, so Monday one of the boys, the one too, that had such a beautiful shirt, had the nerve and audacity to again visit Moore Brothers' store, and upon seeing the silky shirt, one of the owners of the establishment recognized the boys who took the bride and immediately escorted them to the High Sheriff. Complaint was filed and the boys acknowledged their

**Lift off Corns!**

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

deeds, waived a trial by jury and appeared before Judge Moore and Attorney McGee. The penalty was a fine of \$10 and costs and one day sentence to the Lubbock county jail. The entire amount of the cost amounted to about \$30. After holding the boys in the jail about an hour and a half they were released and requested to go their way, both promising to conquer their temptation for possession of another's property at a minimum expense.

**You Do More Work,**

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

**GROVE'S TASTELESS CHILL TONIC** restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

**GROVE'S TASTELESS CHILL TONIC** is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood. The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

### THE STATE OF TEXAS

To the Sheriff or any Constable of Lubbock County, Texas.

You are hereby commanded to summon Claud M. Brown, by making a publication of this citation in some newspaper published in Lubbock county, Texas, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, one in each week for four consecutive weeks previous to the return day hereof, to be and appear before the District Court of Lubbock county, Texas, at the court house in Lubbock, Texas, on the 7th day of June, 1920, in a suit No. 1341, filed in said court on the 4th day of May, 1920, wherein Essie Brown is plaintiff and Claud M. Brown is defendant, said petition alleging that plaintiff has been a actual bona fide inhabitant of the state of Texas for more than twelve months and has resided in Lubbock county, Texas, for more than six months; that plaintiff and defendant were lawfully married in Crosby county, Texas, on August 22nd, 1910; that defendant enlisted in the United States Army on the 18th day of September, 1917, and was discharged therefrom on May 20th, 1919, and since said discharge has totally abandoned this plaintiff.

That although plaintiff was a kind and dutiful wife, the defendant soon after their marriage began a course of unkind, harsh and cruel treatment and a studied and deliberate vexations and outrages of such a nature as to entirely destroy the peace of mind of this plaintiff and render their living together insupportable. That defendant is a man of violent and ungovernable temper and would, without any provocation, fly into a rage and curse and abuse this plaintiff. That just prior to his enlistment in the United States Army he severely cursed and abused this plaintiff. That defendant was in the habit of associating with other women under improper circumstances and during the time he lived with the plaintiff was addicted to the use of intoxicating liquor. That plaintiff is a woman of refinement and such conduct was calculated to and did entirely destroy her peace of mind and happiness, and utterly destroy the objects of matrimony.

Plaintiff prays for judgment of divorce and for the custody of her child, Claudie Brown.

Herein, fail not but have you then and there this writ showing how you have executed the same.

Given under my hand and seal of office this 4th day of May, A. D. 1920.

## Land Loans

Sooner or later you will likely consider putting a loan on your land and it is a thing you should not do hurriedly, until you consider carefully the terms and the company.

First, see that the options granted apply fully to all the notes, including all interest.

Second, know who will be holding the notes.

My people hold all their own notes, take only one deed of trust and will release portions of your land if you should sell off during the life of the loan. These are things more than important to you.

NOTICE!

I, J. R. Germany, City Secretary of Lubbock, Texas, in pursuance of the hereinafter set out ordinance, do hereby give notice of the matters and things therein contained, which said ordinance is as follows: Ordinance APPROVING AND ADOPTING THE ENGINEER'S STATEMENT, DETERMINING TO ASSESS PART OF THE COST OF IMPROVING PORTIONS OF SOUTH FIRST STREET, NORTH FIRST STREET, SINGER STREET, CHESTNUT STREET, CEDAR STREET AND ASH STREET AGAINST PROPERTY ABUTTING THEREON AND THE OWNERS THEREOF, PROVIDING FOR AND SETTING A TIME AND PLACE FOR A HEARING TO THE OWNERS OF SUCH PROPERTY AND TO ANYONE ELSE INTERESTED, AND DIRECTING THE CITY SECRETARY TO GIVE NOTICE THEREOF AND DECLARING EMERGENCY.

BE IT ORDAINED BY THE CITY OF LUBBOCK, that, WHEREAS, the City Commission of Lubbock has heretofore ordered the improvement of the following portions of streets in the city of Lubbock, to-wit:

South First Street from the west property line of Walnut Street to the east property line of Cypress Street.

North First Street from the right of way of the Panhandle & Santa Fe Ry. Co. to the east property line of Cypress Street.

Cedar Street from the north property line of South Third Street to the south property line of South First Street, and from the north property line of South First Street to the south property line of North First Street and from the north property line of North First Street to the south property line of North Second Street.

Singer Street from the north property line of South Second Street to the south property line of South First Street, and from the north property line of North First Street to the south property line of North Second Street.

That the said statements as corrected be, and it is, hereby adopted and approved.

That the said City Commission does hereby determine to assess against property abutting on said portions of said streets and against the owners thereof, all of the cost of the construction of curb, and three-fourths (3-4) of the remaining cost of such improvements, exclusive of the cost of intersections. But in no case shall any assessment be levied

Chestnut Street from the north property line at South First Street to the south property line at North First Street; and, Ash Street from the north property line at South First Street to the south property line at North First Street; and contract for the making of such improvements including raising, grading, paving and filling same and making and installing concrete curbs and gutters with sewers, drains and appurtenances necessary to such improvements, such pavement to be seventy-two (72) feet wide from curb to curb on said portions of streets, except on said portion of Ash Street which shall be fifty-five (55) feet wide from curb to curb, and to be constructed of two and one-half inch Verticle Fibre brick on a five (5) inch concrete base in accordance with plans and specifications on file with the City Commission, has been let to the Panhandle Construction Company; and, WHEREAS, the City Engineer has in compliance with directions, filed with the City Commission a statement showing among other things, the estimate of the cost of such improvements and the portions of such cost proposed to be assessed against each piece or parcel of property abutting on said portions of streets and against the owners thereof, and giving the names of the owners of each piece or parcel of such abutting property, and showing all other matters and things required and provided by law and the City Charter, and in Ordinances and proceedings of this City for such statement, and said statement has been examined and corrected by the City Commission.

That the amounts to be assessed against such property owners shall be in each portion of streets named to be improved, be prorated according to the front foot plan or rule, that is, in proportion as the frontage of each piece or parcel of property is to the total frontage on such street. And the costs of making and constructing such improvements on each portion of streets named to be improved shall be considered independent of the cost of making and constructing such improvements on each and every other street, and, provided, that if the application of the said front foot plan shall in any case in the opinion of the Commission result in injustice or inequality to any owner and his property, then the Commission will adopt for the street on which such property abuts, such rule or apportionment as shall result in substantial justice and equality considering burdens imposed and the benefits received.

That the descriptions of the parcels and tracts of abutting property on the said portions of streets to be improved and the number of abutting or front feet of each piece or parcel of such property; and the several amounts proposed to be assessed against each such piece or parcel of property and the owners thereof, for curbs and other said improvements, and the estimated cost per front foot for each piece or parcel of property for paving, and the total estimated cost of such improvements and the proportion of the amount thereof proposed to be assessed against the said respective parcels of property and the owner thereof, and the names of such owners, are as follows:

That the said City Commission does hereby determine to assess against property abutting on said portions of said streets and against the owners thereof, all of the cost of the construction of curb, and three-fourths (3-4) of the remaining cost of such improvements, exclusive of the cost of intersections. But in no case shall any assessment be levied

against any piece or parcel of property or the owner thereof until after the notice and hearing required by law and herein provided for; and in no case shall the assessment against any particular lot or parcel of property and the owner thereof, exceed the actual benefit to such owner in the enhanced value of his property by means of such improvement as ascertained at such hearing.

That the amounts to be assessed against such property owners shall be in each portion of streets named to be improved, be prorated according to the front foot plan or rule, that is, in proportion as the frontage of each piece or parcel of property is to the total frontage on such street. And the costs of making and constructing such improvements on each portion of streets named to be improved shall be considered independent of the cost of making and constructing such improvements on each and every other street, and, provided, that if the application of the said front foot plan shall in any case in the opinion of the Commission result in injustice or inequality to any owner and his property, then the Commission will adopt for the street on which such property abuts, such rule or apportionment as shall result in substantial justice and equality considering burdens imposed and the benefits received.

That the descriptions of the parcels and tracts of abutting property on the said portions of streets to be improved and the number of abutting or front feet of each piece or parcel of such property; and the several amounts proposed to be assessed against each such piece or parcel of property and the owners thereof, for curbs and other said improvements, and the estimated cost per front foot for each piece or parcel of property for paving, and the total estimated cost of such improvements and the proportion of the amount thereof proposed to be assessed against the said respective parcels of property and the owner thereof, and the names of such owners, are as follows:

That the said City Commission does hereby determine to assess against property abutting on said portions of said streets and against the owners thereof, all of the cost of the construction of curb, and three-fourths (3-4) of the remaining cost of such improvements, exclusive of the cost of intersections. **NOTICE**  
(Continued from page 2 this section)

1920, at 2:00 o'clock p. m., in the City Office in the County Court House, in the City of Lubbock, Texas. Which said hearing shall be continued from time to time and from day to day as long as may be necessary and until all desiring to be heard shall be fully and fairly heard; and at which hearing any mistakes, irregularities or invalidities in any of the proceedings with reference to the making of said improvements, contract or assessments may be corrected, and the benefits by means of said improvements and all sums to be assessed against such abutting property and the owners thereof, will be determined and the apportionment of the cost of said improvements will be made. And after all desiring to be heard have been fully and fairly heard, the said hearing will be closed, and thereafter assessments will be by ordinance and in accordance with law be levied against said abutting tracts or parcels of land the true owners thereof, whether such owners be correctly named herein or not.

**VI**  
The amounts to be assessed against abutting property and the owners thereof shall be payable as follows: One-third thereof immediately upon the completion and acceptance of said improvements in front of and abutting such property, one-third one year thereafter, and one-third two years thereafter. And such assessments shall bear interest from the date of such completion and acceptance and until paid at the rate of eight per centum per annum, payable with each installment as same matures. Provided, however, that each and every property owner shall have the right to pay any or all of such installments with accrued interest at any time prior to maturity; and provided that the failure to pay any installment promptly as the same matures, shall, at the option of the beneficial owner and holder of said assessments, mature the entire amount thereof, and the same shall together with reasonable attorney's fees, and costs of collection if incurred, thereupon become immediately due and payable. And in all of said assessments there shall be included costs of collection and reasonable attorney's fees if incurred. And such assessments when levied shall be a personal claim and charge against the owners of such property and the first and paramount lien on the property against which it is levied, which shall be the first enforceable claim against the property against which it is assessed, superior to all other liens and claims, except State, County and Municipal taxes.

Portions of said improvements when completed may be accepted by the City though other portions of said improvements have not been completed. And the acceptance of any completed portions shall not in anywise affect or impair the assessments upon any portion and shall not in anywise affect the contract or proceedings with reference to uncompleted and unaccepted portions. And whenever as much as three continuous blocks of said improvements have been completed, same shall be accepted by the City, but the City may accept completed portions of less than three continuous blocks. Upon the acceptance of any such improvements, the City shall issue to the contractor assignable certificates evidencing the assessments therefor.

**VII**  
The City Secretary of the City of Lubbock is directed to give notice to the owners of said abutting property, their agents and attorneys, and to everyone else interested in the said improvements, contract, method of paying for same, the benefits thereof, assessments therefor, or any manner or thing connected therewith; of the time and place of such hearing, by giving notice thereof by publication at least three times in some newspaper in the city of Lubbock, the first publication to be made at least ten days prior to the date set for said hearing. And the said Secretary shall also give notice by mailing in the post-office at Lubbock, Texas, to each owner named herein, directed to his or her address, if known, copy of said notice at least ten days before the date set for said hearing; but

said notice by letter and by mailing shall be cumulative only, and said notice by advertisement shall in all cases be sufficient, independent of any other notice and whether or not any other notice of any kind whatever be given.

**VIII**  
No irregularity, mistake or error in any of the proceedings with reference to the making of the said im-

provements, contract therefor, the hearing, or the assessments, shall affect or invalidate any such assessments.

**IX**  
The fact that the condition of the streets of this City require immediate improvements, requires the rule that Ordinances be read at two several meetings be dispensed with and this be enacted at the meeting of its introduction. Passed, adopted and approved, this the 23rd day of April, A. D. 1920.  
(Signed) C. E. PARKS,  
Mayor, City of Lubbock.  
Attest: J. R. GERMANY,  
City Sec'y., City of Lubbock.

**SOME LOCAL ITEMS FROM THE RALLS BANNER**

Rube Bowman is looking for the man who entered his garage Saturday night and stole the batteries from his car. Thieves of all kinds seem to be getting numerous, and they generally manage to get safely away with the goods. Here of late it is not safe to leave anything movable outside the house after nightfall.

Mrs. Ragsdale of the Department of Education, Austin, and school inspector, was here last week and after an examination of the condition of our school, decided that it was entitled to affiliation with the State University, and same was granted.

We learn that the splendid residence of Mr. Reynolds, in the Ectacado community, was totally destroyed by fire Monday afternoon. We have not been able to learn particulars, but understand that the fire originated from an incubator, and that there was no insurance.

The Ralls baseball team played their opening game on the home ground Thursday afternoon with the Slaton team, same resulting in a victory for Ralls.

A telegram from Wichita Falls says: A meeting of the directors of the Panhandle Shortline Railway is being held here today. It is expected that action will be taken looking to the building of a railroad from Lubbock to Seymour.

Two mad dogs were killed at Snyder last week by the City Marshal. A few dozen perfectly good natured dogs might be killed in Lubbock before they go mad. There are large numbers of them running about over town and the owners, if they have any do not know where they are much of the time.

Mr. Dodson of Lorena, Texas, is visiting his friend, W. L. Barnes and wife and other former friends from that section of the State.

Mr. and Mrs. James M. Bardwell of Post City were here last week visiting with relatives.

Leslie Warren, one of Shallowater's young farmers, was here last Saturday transacting business.

Five-hundred-thousand miles on automobile tires! That is the proudest record of Barney Oldfield.

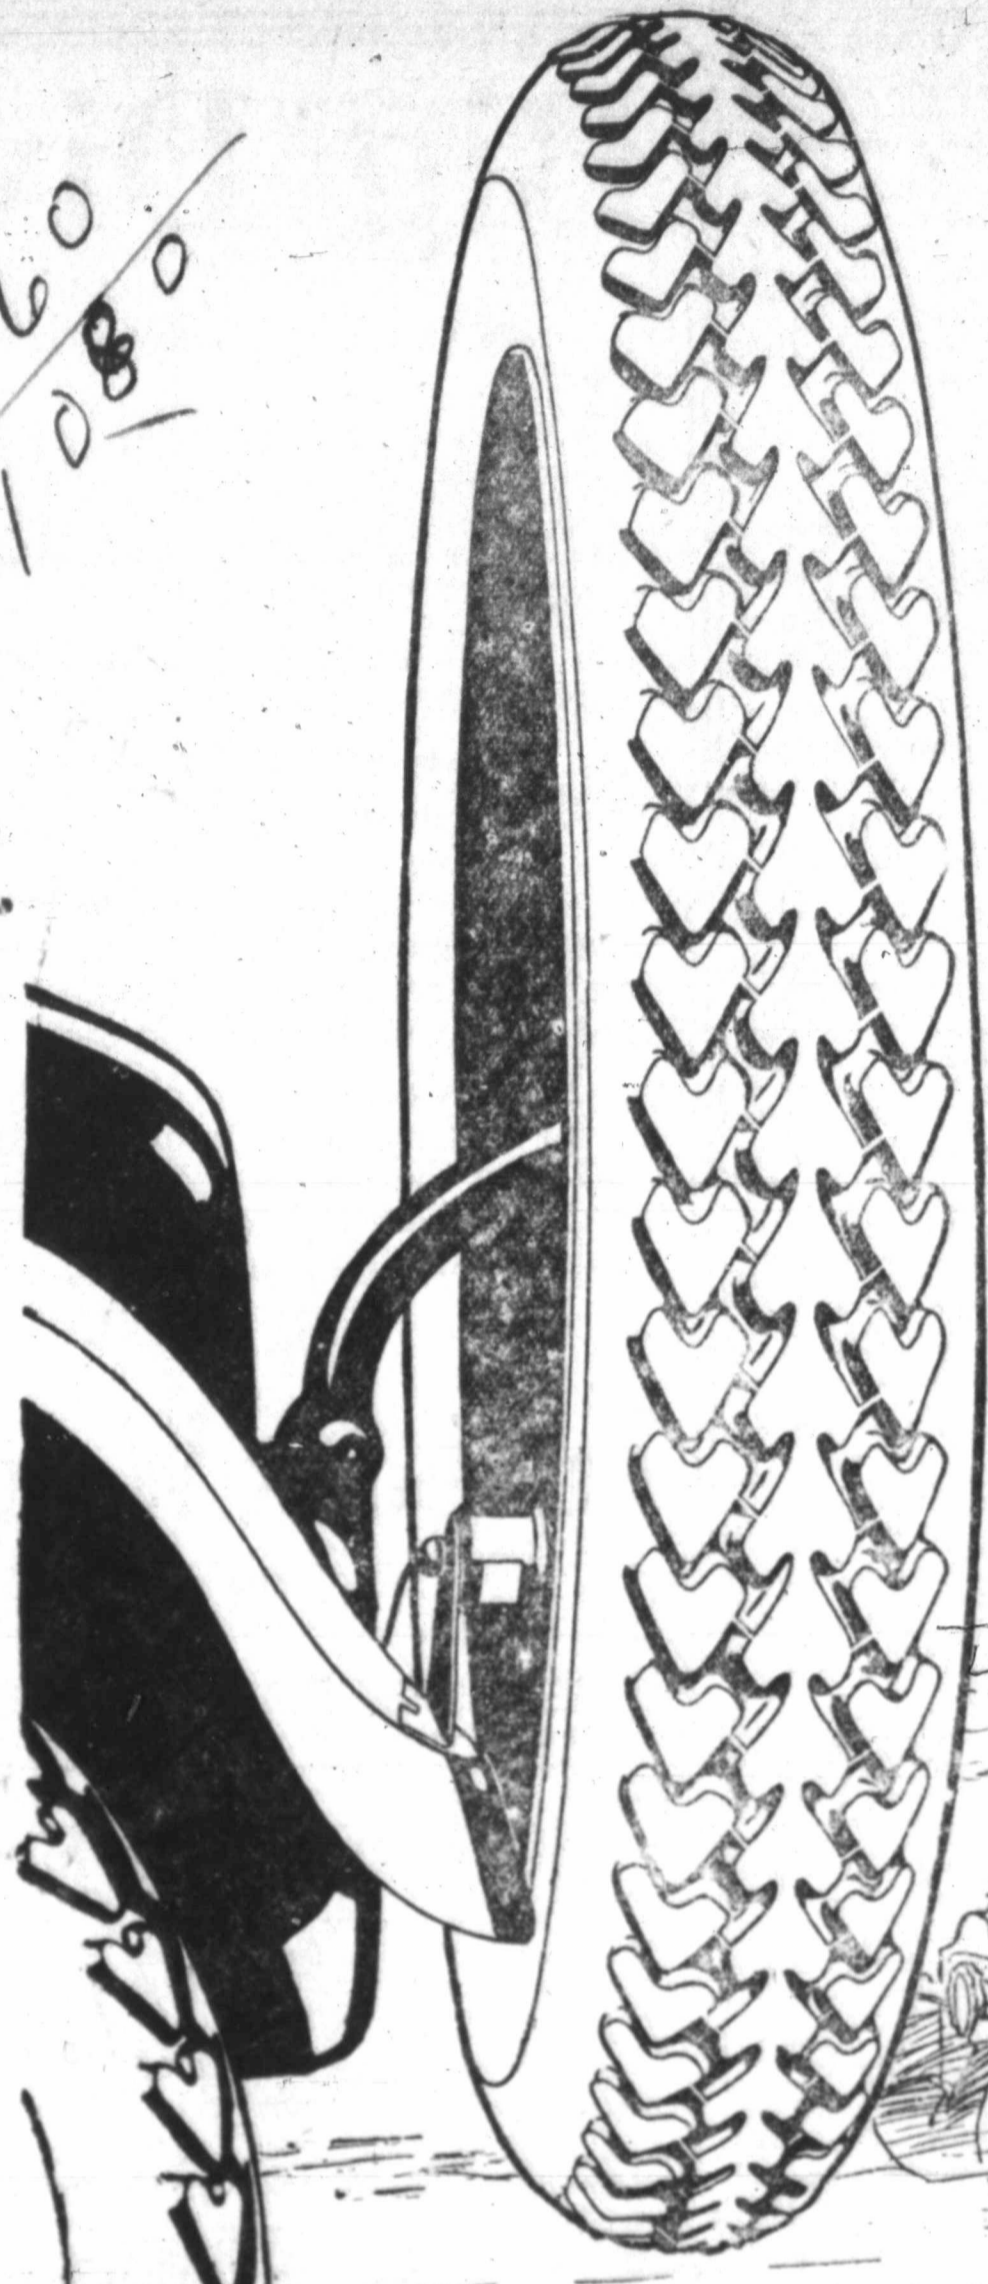

It is also a fair measure of the experience he has put into the development of Oldfield Tires.

No wonder Oldfields are setting new mileage records in this territory, making good the claim of the world's greatest tire user, who designs and builds them!

## Your Battery Economy

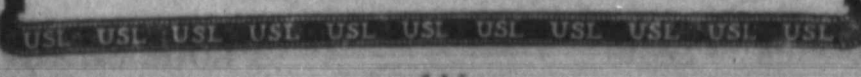

HOW long your battery can stick to its job and cheerfully when your engine depends on the quality of its plates.

It's good economy for you to own a USL Battery because it's the one with Machine-Pasted Plates. The machine has all the power necessary to pack the working material in a positive manner that prevents faults. USL Plates are uniformly sound, dense, and tough-grained and stand up longer.

We back it with a SERVICE that succeeds by considering your interests, making your old battery last, whatever its make, selling you a new one only when you really need it, keeping you "battery-happy."

Their LABOR LOSS IS SMALL and men are seldom idle on account of break-downs.

All these things are made possible by the OXY-ACETYLENE process of welding and cutting metals.

Remember, when both machinery and income stop, that your needs will be promptly attended should you call on us.

We are never too busy to answer questions or look at your work. Now listen! Our welding is guaranteed to STAY PUT. That means to never break. Sounds fair enough, don't it? Now if you want reference as to the quality of our repairs, just ask the first man you meet, he knows!

When you see a broken piece of machinery or any broken metal casting, tell the owner about us; we will appreciate it. You will save the owner money, and place him in position to tell Mr. H. C. ### ACUFF COMMUNITY NEWS ITEMS OF INTEREST

A good rain would be greatly appreciated at present. The farmers are getting blue but we hope we'll soon be favored with a good rain.

Ashley Davis is on the sick list this week. He has been in bed since Saturday afternoon.

L. S. Evitt and wife and Mrs. W. D. Davis and Davis Pounds attended services at Lubbock Sunday and heard Bro. McCaleb of Japan give a very interesting talk on his missionary work over in Japan. They visited with Mr. and Mrs. Paul Selman while there in town.

Mr. and Mrs. A. M. Evitt and son Lois, motored to Spur, Texas, Saturday morning to meet her mother, Mrs. Iles, Jesse Bloyd accompanied them. Mrs. Iles will visit here quite a while.

Ashley Davis' house caught afire one morning last week and was blazing "merrily" when discovered. However the flames were soon extinguished by the aid of several of his neighbors and himself.

D. Pounds and family, attended church at Lubbock Sunday and took dinner with Mr. and Mrs. L. O. Burford.

Several of the Acuff people attended singing at Canyon Sunday and enjoyed themselves immensely.

Mrs. J. C. Burns is visiting her daughter, Mrs. Earl Davis, this week.

L. S. Evitt planted corn Monday. Mr. Dewey Dunlap and Miss Lillie Evitt were quietly married at Bro. Metcalfe's Sunday morning. Only a few friends and relatives were present. We wish for these young people much happiness in their married life.

Misses Mahan and Darby attended the program at Idalou Friday evening, among many of the Acuff people who were there.

Mr. McInroe took his cream to Lorenzo Tuesday afternoon. Floyd Rush had the misfortune of losing a nice pig Saturday morning. He bought the pig of D. Pounds and while taking it home it got too hot and died.

Mr. and Mrs. E. O. Evitt returned Monday morning from a trip to Gra-

ham and Breckenridge, visiting relatives and friends.

Sidney Blackwell purchased a horse of Edgar Russ last week.

Davis Pounds spent the night with A. C. Evitt and family visited O. E. Egbank and family of Idalou, Tuesday.

D. Pounds, Bud Lambert and L. S. Evitt helped put the shingles back on Ashley Davis' house where they burned off Saturday afternoon.

Mr. and Mrs. L. S. Evitt Saturday night.

Misses Darby and Mahan were in Lubbock Saturday.

Misses Darby and Mahan took dinner with Mrs. J. J. Baker Sunday.

Louise Rush was sick last week.

Mr. and Mrs. Elmer Rush have moved to their place.

Mr. and Mrs. Grimes were among the Acuff people who enjoyed the singing at Canyon Sunday.

Nine delegates, eligible to contests in the State Scholastic Meet to be held at Austin this week from the Lubbock schools, accompanied by Superintendent M. M. Dupre, left Wednesday morning for that place. The contests in which the various delegates will compete are set forth as follows:

Tennis singles—Arnett Pearson; Doubles—Arnett Pearson and Jack Griswold.

Track—One-half miles, Chas. Dupre; 220 yards, Jenkins Ater; one-quarter mile run, Roby Cathey; 220 yard hurdles, Chas. Dupre; half mile run, Tom Moore; mile Relay, Roby Cathey, Leslie Jennings, Marvin Overton and Jenkins Ater; girls declamation, Maurine Burford.

Mr. Dupre stated that they would likely arrive home from Austin next Monday.

**SUGAR ADVANCES REGULARLY ON LOCAL MARKET**

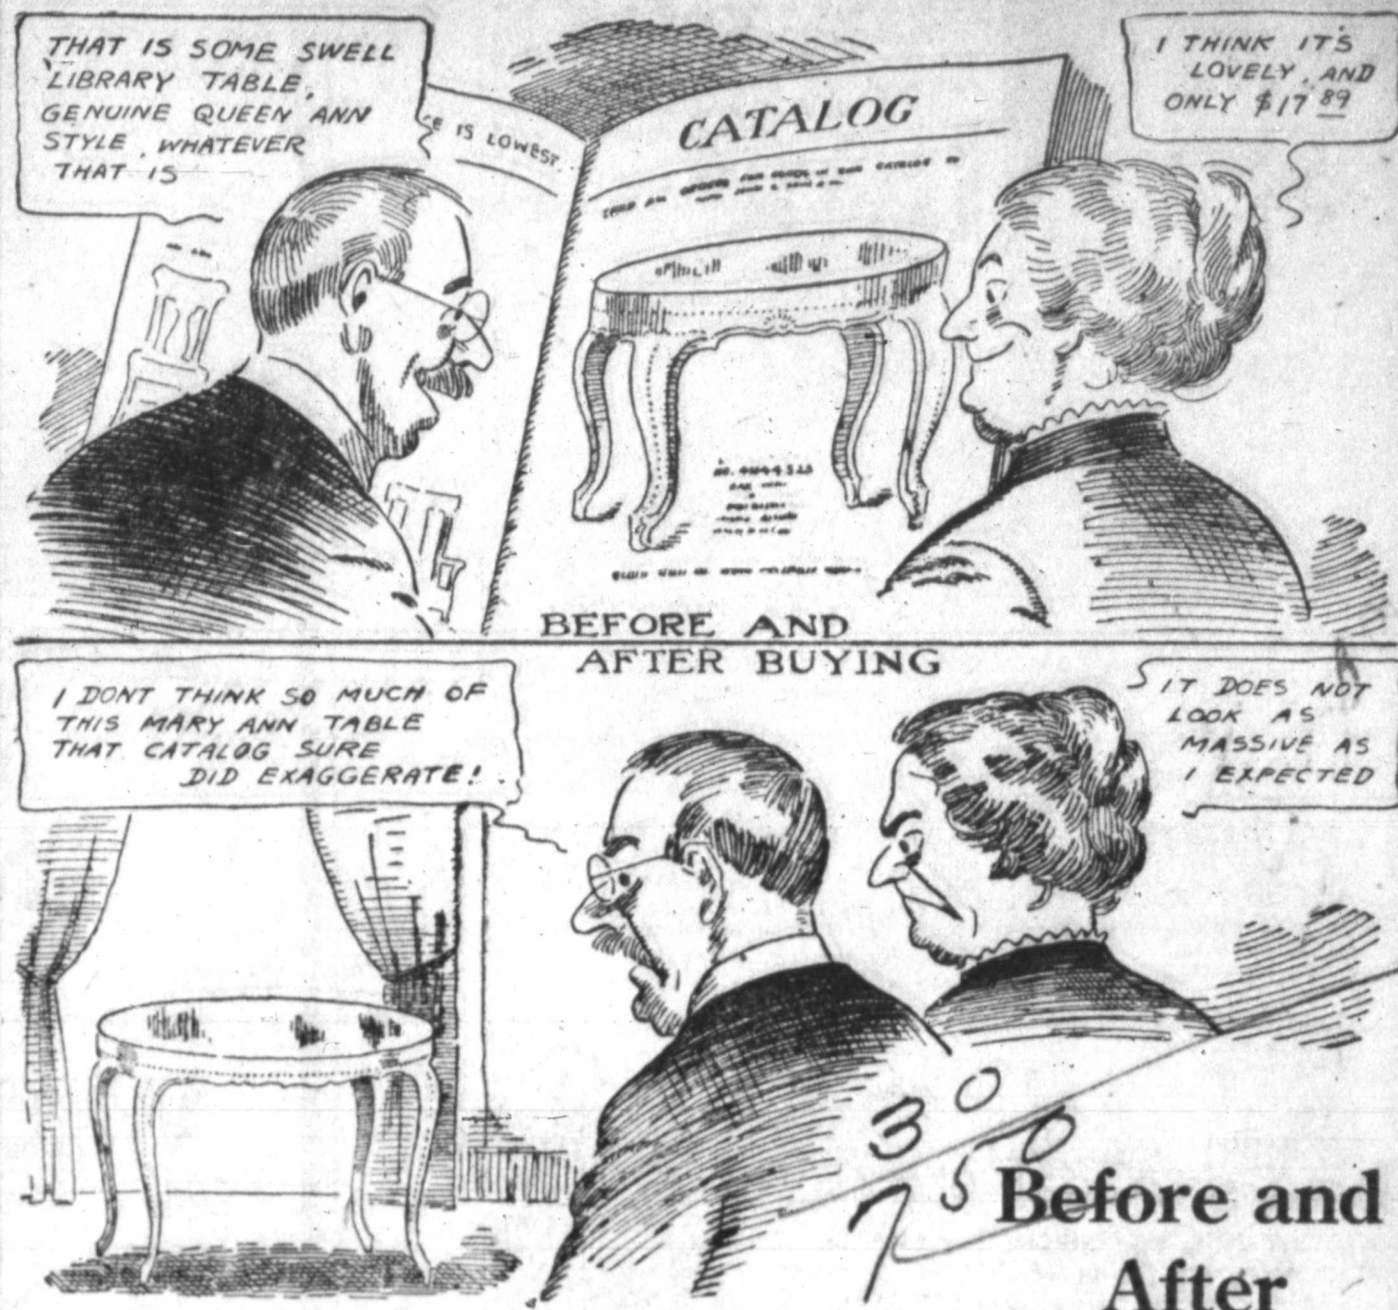

Wholesale prices on sugar have varied several cents in Lubbock within the past three weeks. At that time sugar was wholesaled at 22 cents per pound, we are informed by a local wholesaler. Last week the price was raised to 25 cents per pound and this week sugar is being sold by wholesalers at 27 cents per pound. "Where the price will stop, we don't know," says this same wholesaler, who states that they are buying sugar on the open market and have no way of determining the prices to be paid for the next lots.

Wholesalers claim they are unable to handle potatoes, on account of the enormous price, which at the least would range around 12 cents. They claim the local market will not justify them to handle potatoes at this price as the people or consumers will not pay the price.

**This Medicine Recommended by a Doctor**

DR. J. H. WAGNER

When a doctor uses a medicine himself besides prescribing it to his patients, he must know that it has merit.

This is what Dr. J. H. Wagner, a prominent physician of Skate, Kentucky, has to say about Dr. Harlan's well-known remedy PE-RU-NA. "I have used PE-RU-NA myself for catarrh and have given it to others for catarrh, bloating after eating and other ailments. It has proved a success in all cases with old and young men and women. All speak well of PE-RU-NA. It is the best of all tonics."

Dr. Wagner, out of the fullness of his own personal experience, for the good of all sick and suffering, recommends a medicine which he knows to be good. You may be sure a doctor would not endanger his professional reputation by endorsing PE-RU-NA unless satisfied beyond a doubt of its value.

Whether your trouble be a cough or a cold, or a more subtle catarrhal affection of the stomach, bowels or other organs, give PE-RU-NA a trial. The immediate improvement which you will see will satisfy beyond a doubt that PE-RU-NA is what you need. PE-RU-NA may be purchased anywhere in tablet or liquid form.

To the sheriff or any constable of Lubbock County—Greeting: You are hereby commanded to summon B. F. Easley, and the unknown heirs of B. F. Easley; U. H. Helm, and the unknown heirs of U. H. Helm; M. E. Hanby, and the unknown heirs of M. E. Hanby; and J. E. Ivey, and the unknown heirs of J. E. Ivey, by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 72nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 72nd Judicial District, to appear at the next regular term of the District Court of Lubbock County; to be holden at the Court House thereof, in Lubbock, Lubbock County, Texas, on the 1st Monday in June, A. D. 1920, the same being the 7th day of June, A. D. 1920, then and there to answer a petition filed in said Court on the 27th day of April, A. D. 1920, in a suit numbered on the docket of said court No. 1338 wherein J. C. J. Burns is Plaintiff; and B. F. Easley, and the unknown heirs of B. F. Easley; U. H. Helm; M. E. Hanby; and the unknown heirs of U. H. Helm; M. E. Hanby; and the unknown heirs of M. E. Hanby; and J. E. Ivey, and the unknown heirs of J. E. Ivey, are Defendants, and said petition alleging: Suit in trespass to try title for lots 5, 6, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23 and 24, in the Easley subdivision of block 38, of the Roberts & McWhorter Addition to the town of Lubbock, in Lubbock County, Texas. Plaintiff also seeks to recover said lands by virtue of the

three, five and ten years statutes of Limitation, as against all the defendants. He also pleads the four year statute of Limitation against B. O. McWhorter, and L. W. Roberts, on three notes of \$262.50 each, dated January 1, 1909, and due, respectively, one, two, and three years after their date, signed by U. H. Helm, and given in part payment for said block 38, of the Roberts & McWhorter addition to the town of Lubbock; and against B. F. Easley, in whose favor there was retained an implied lien against the property sued for in a deed recorded on page 24, of vol. 24, and on page 501, of vol. 21, of the Lubbock county deed records; and against U. H. Helm, in whose favor was retained an implied lien in a deed which is recorded on page 303, of vol. 21, of the deed records of Lubbock county, Texas; and against M. E. Hanby and J. E. Ivey, in whose favor was retained an implied lien in a deed which is recorded on page 190, of vol. 28, of the deed records of Lubbock county, Texas. Plaintiff prays for the land and for costs and damages, etc.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said Court, at office in Lubbock, Texas, this 28th day of April, A. D. 1920. (Seal) SAM T. DAVIS, Clerk, District Court, Lubbock county, Texas. 444 C. E. Ten miles used to be a long way

WHAT a difference in these motor-car days, when every point in the county is hardly more than "just around the corner."

People's ideas are changing, too.

They're beginning to figure out how much it is costing them to keep a car. And the man who is doing the greatest amount of figuring is the man with the moderate-price car.

There still seems to be a notion in some quarters that any tire is good enough for a small car.

That's not what the man who owns it thinks.

In recommending and selling U. S. Tires we are trying to see his side of the propo-

sition—finding out what he wants in a tire and giving him that.

Large or small, U. S. Tires are built to only one standard of quality—the standard that produced the first straight side automobile tire, the first pneumatic truck tire.

Every tire that bears the name "U. S." is built the best way its makers know how. It isn't the car, but the man who owns the car, that counts with the oldest and largest rubber concern in the world.

As representatives of U. S. Tires in this town, we offer you the benefit of our experience and advice in settling your tire problem.

### LOCAL ITEMS FROM TERRY COUNTY HERALD

Foundation work on the Bradley-Brownfield brick garage was to have started Monday, but was delayed by some unavoidable cause.

J. J. Keller, sheriff of Yoakum county, brought his wife over Tuesday afternoon, and she and baby took the train Wednesday morning for Lamesa, Texas, where they will visit relatives. They were accompanied to Brownfield by County Treasurer J. P. Long, who is in the race for reelection and had the Herald put him up a batch of campaign cards while here.

Ollie Sears and family moved to Tahoka this week where he accepted a position with the A. G. McAdams Lumber Co. This is a splendid family of young people, and Tahoka is to be commended for their citizenship in that place.

There was a quiet home wedding out in the west side of the county last Sunday when two representative old Terry county families were tied together closer when Mr. Wood E. Johnson, son of Mr. and Mrs. S. B. Johnson claimed for his partner and helper for life, Miss Sarah Hudson, the charming daughter of Mr. and Mrs. I. H. Hudson. Rev. Heath tied the knot that made them as one.

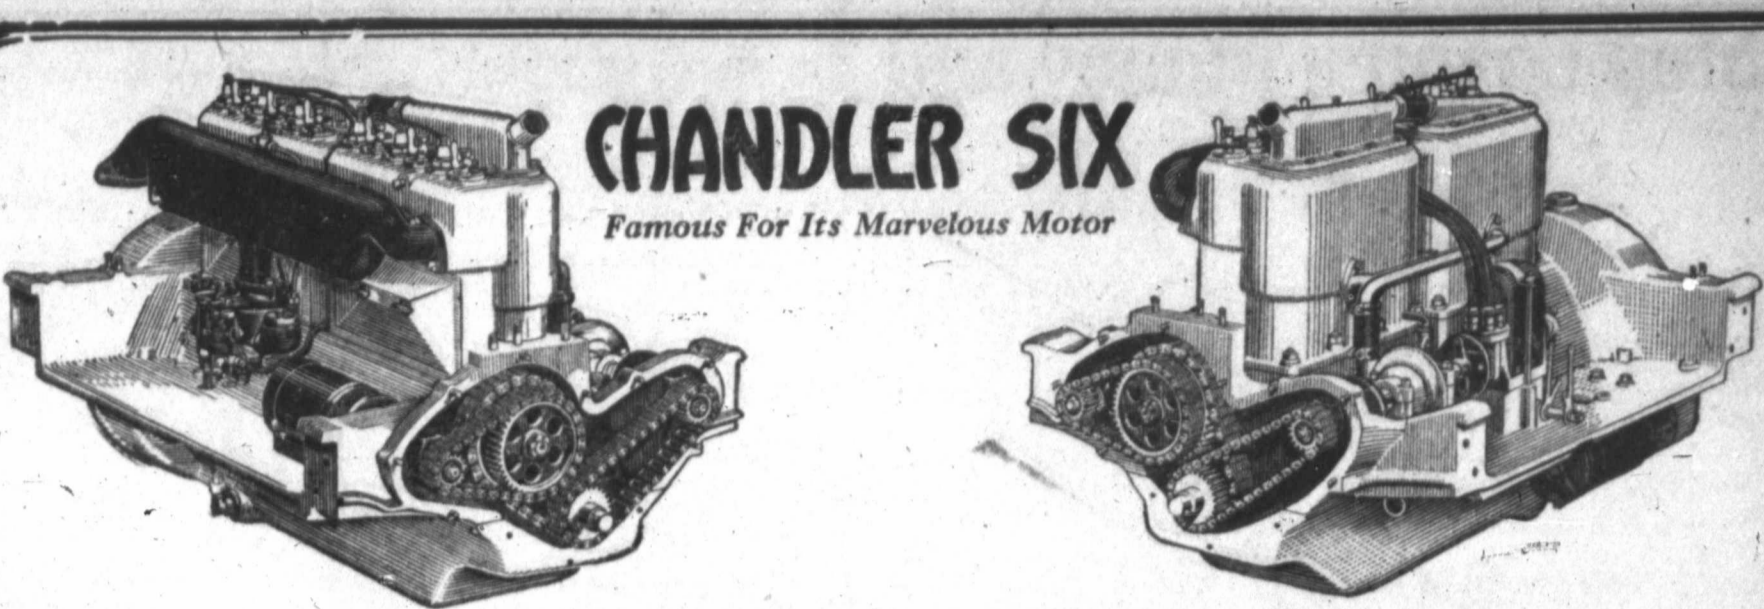

The Commissioners' Court of Yoakum county has ordered the Sheriff to begin at once the killing of prairie dogs in the county on lands where the owner has not killed, or are not killing them.

### CITATION BY PUBLICATION THE STATE OF TEXAS.

To the sheriff or any constable of Lubbock County—Greeting:

You are hereby commanded to summon J. C. Wilkinson, by making publication of this citation once each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 2nd Judicial District; to appear at the next regular term of the District Court of Lubbock County, Texas, to be held at the Court House thereof, in Lubbock on the 1st Monday in June A. D. 1920, the same being the 7th day of June A. D. 1920, then and there to answer a petition filed in said Court on the 29th day of April A. D. 1920, in a suit numbered on the docket of said Court, No. 1339, wherein H. C. Wilkinson is plaintiff and J. C. Wilkinson is defendant, the nature of plaintiff's demand being as follows:

Being a suit for divorce filed by the plaintiff against the defendant in which it is alleged that said parties were lawfully married in Terry County, Texas, on December 5th, 1918, and continued to live together as husband and wife until about March, 1919, at which time the defendant left the plaintiff, and has not since said date contributed to her support and said marital relations have not been resumed. Plaintiff alleges that the defendant was guilty of gross excesses towards her, as more fully set out in the petition filed in said cause, and that such excesses were of such frequency and nature as to render their further living together insupportable, as defined in the first section of Article 4631, Revised Civil Statutes of Texas, and plaintiff prays for an absolute

## CHANDLER SIX

Famous For Its Marvelous Motor

## See How Chandler Checks With High-Priced Cars

THE Chandler Six throughout its seven years of production has been distinguished for its many distinctively superior features of design and equipment which are used also on the highest priced American cars, and not used in any considerable degree by cars now priced hundreds of dollars higher than the Chandler. See, then, how the Chandler checks with ten of the best-known high-priced cars in these features selected as being characteristic of high-grade design and most efficient service.

### Superior Chandler Features and the High-Priced Cars that use Them

ONE PIECE ALUMINUM MOTOR BASE, which ties the frame of the car together at four points, thus providing a stiffer frame as well as a more rigid motor mounting. Also used by Packard, Locomobile (Bronze), Pierce, Winton, Flat, Brewster, Stutz, Mercer-Arrow.

TORQUE ARM OR TUBE. Also used by Pierce-Arrow, Locomobile, Brewster, Winton, Cadillac, Packard, Stutz.

Pierce-Arrow, Flat, Brewster, Packard, Locomobile.

ANNULAR BALL-BEARING TRANSMISSION. Also used by Winton, Stutz, Pierce-Arrow, Brewster, Cadillac, Flat, Locomobile, Packard, Marmon.

ANNULAR BALL-BEARING REAR WHEELS. Also used by Packard, Stutz, Locomobile, Marmon, Pierce-Arrow, Flat, Mercer.

SILENT CHAIN DRIVE for Motor Shafts. Also used by Winton, Packard, Cadillac, Brewster, Flat, Mercer.

ANNULAR BALL-BEARING DIFFERENTIAL. Also used by Marmon, Stutz.

HIGH TENSION MAGNETO IGNITION. Also used by Locomobile, Mercer, Flat, Brewster, Winton.

### THEN, see how these seven cars—sixes which may be considered competitive to the Chandler—do NOT check

One car, listing at \$2975, checks with Chandler in only one feature	One car, listing at \$2195, checks with Chandler in only two features
One car, listing at \$2685, checks with Chandler in only three features	One car, listing at \$2045, checks with Chandler in only two features
One car, listing at \$2400, checks with Chandler in only one feature	One car, listing at \$1945, checks with Chandler in only one feature
One car, listing at \$2250, does not check with Chandler in any feature	

Not a single one of the seven makes of medium-priced Sixes referred to offers you High Tension Magneto Ignition. The Chandler offers you Bosch, recognized the world over as the best ignition system. Only one of them offers you the silent chain drive, although another one of them in its higher-priced model (\$3450), incorporates this feature.

### SHERIFF'S NOTICE OF ELECTION

The State of Texas, County of Lubbock.

Notice is hereby given that an election will be held on the 15th day of May, 1920, at the school house in Common School District No. 21 of this county as established by Act of the Legislature of the State of Texas, House Bill No. 48, Chapter 20, Second Called Session, Thirty-Sixth Legislature, to determine whether a majority of the legally qualified property taxpaying voters of said district desire the issuance of bonds on the faith and credit of said common school district in the amount of \$2600.00, the bonds to be of the denomination of \$100.00 each, numbered consecutively from One to Twenty-Six, both inclusive, payable forty years from their date, with option of redemption at any time after forty years from their date, and bearing five per cent interest per annum, payable annually on April 10th of each year, to provide funds to be expended in payment of accounts legally contracted in completing the construction and equipment of a public free school building of brick, or brick and tile material, within and for said district, and to determine whether the commissioners' court of this county shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding a tax upon all taxable property within said district sufficient to pay the current interest on said bonds, and to provide a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified voters of this State and county and who are resident property taxpayers in said district shall be entitled to vote at said election, and all voters desiring to support the

proposition to issue the bonds shall have written or printed on their ballots, the words: "For the Bonds," and those opposed shall have written or printed on their ballots the words, "Against the Bonds."

J. W. S. Bevers has been appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the Commissioners' Court of this county as is required by law for holding a general election.

Said election was ordered by the County Judge of this county, by order made on the 22nd day of April, 1920, and this notice is given in pursuance of said order.

Dated the 22nd day of April, 1920. C. A. HOLCOMB, Sheriff Lubbock county, Tex. 433

## Stop Loaning Money and Invest in Lands

People of moderate means must let their money earn more than ten per cent, or they will be a long, long time accumulating enough wealth to sustain them in old age.

Then why not invest your savings in Lubbock County soil, where there is scarcely any doubt but that the price will advance rapidly, and soon you will begin to realize that you are becoming independent?

We have in store some good propositions and can sell you city lots at \$50.00 each and up to as high as \$5,000, with many good selections in between these two amounts.

We also have good land at from \$10.00 to \$35.00 per acre, on good terms, and can assist you in making investments that are almost certain to double in value within a few months.

Interest on money does not compare at all with the fortunes that are being made in buying land or city property, so come and see us and we will show you some bargains, that will make ordinary interest on money look small.

If you want to sell, list your property with us; if you want to buy, it will be to our mutual interest to shake hands, before you spend your money, so come in and see us.
