As the meeting was of a business nature, business was the big item of the evening. At the annual meeting each year five members of the fif teen who constitute the Board of Directors of the Chamber of Commerce retire and new directors are elected, and also a president. President E. L. Klett, in order to remove any suspicion of a premature decision on the nominees for the directors, appointed three nominating committees. The committees were composed of three each, all of whom were well acquainted with the personnel of the member-

As this was to be Mr. Briggs' farewell talk to the members in a body in the capacity of secretary, because of his decision to resign in June to attend more strictly to his growing business, a survey of the work done during the had been in receiving the two-thirds vote necessary to establish the county parks. In this respect, Mr. Briggs spoke very highly of the progressive. ness of the County Commissioners. He told of what advantages would be derived by the parks and of the improvements that were being planned to make it an attractive place, one that would bring much travel through Lubbock and a place of outing for our own people. Mr. Briggs believes that Lubbock is one of the most fortunate town in Texas, inasmuch as it had been known in Northern States along with five of the larger cities of the State. He claimed this was due to the incessant and effective advertining done by the Chamber of Commerce and that it was the duty or obligation of the citizenship of Lubbock to help more fully finance the Chamber of Commerce so that greater work could be carried on. He declared that the work of carrying forward this great work had now grown to such magnitude and being unable to detvote the time he thought necessary, he should resign. He also expressed himself to the effect that a good man, a man of broad intelligence and a man experienced in this field should be selected and intimated that the Chamber of Commerce should not be too hasty in making its selection. He stated that the budg-

Judge vickers explained, however, that in saying that, he offered and referred no criticism to the present secretary. Other items of interest were dwelled shortly upon by Judge Vickers, however, he gradually crept into the "Boosting Spirit," and opened up good and strong for Lubbock and West Texas. He exclaimed, "that when I came to Lubbock I intended to remain five years, and now have passed that time limit by six years and if I am fortunate enough to live sixty years longer, my days will be spent in Lubbock." He also added that it was his opinion that practically all those present Tuesday evening were of the same mind and that when a person lives here five years, that person becomes a Lubbock and South Plains fixture. Judge Vickers also expressed his high esteem of advertis-Lubbock should be in the large papers of the country regularly, even "dog-fights" and other matters of which he meant were not of a start-ling character should be sent to these papers. He told of how, when he was visiting in various section away from home, Lubbock, that he would become exceedingly anxious to learn of conditions at Lubbock, and would purchase a paper looking for news from home and would find where fine rains or other matters of equal importance, had happened since he was away in various towns of less importance than this point and not a word from Lubbock. Judge Vickers ers ended this discussion by exclaiming, "that I believe that if it would rain until automobiles, wagons and whereupon the meeting adjourned."

During this time Mr. Klett had imbibed the over-optimistic spirit about Lubbock, then a small village of pos-sibly eight hundred souls, and when he arrived here Mr. Klett in conversation with him, predicted that when the 1910 census was taken that Lubbock would have a population of 10,-000. PRIZE WINNING HORSES A FOR LUBBOCK COUNTY

W. Thompson, nation-wide known breeder of pure blooded horses, of Patterson, Cal., is in the city this week with four large stallions which he will sell to farmers of this county. Mr. Thompson has been in the horse business for thirty years and raised stallions that have been Larks (Leschetizky)—Floe prize winners at most of the principal contests of the United States.

He has recently quit breeding and purchases the colts when young and by the time they are two years of age most of them weigh a ton or more. A brief description of the four horses now here follows:

He laid particular emphasis on the suspended sentence law, saying that if he was elected Governor that it would be amended or else abolished Quite a number of women were in the audience.

# John Deere "KC" Cultivator3%

Do you still find that making a cultivator do the right kind of work is a tiresome tedious job?

Wouldn't you be interested in a cultivator that puts thoroughness into cultivation and takes the hard work out?

That is just what the use of our John Deere "KC" cultivator assures.

The "KC's" rigs, in shifting, stay parallel. Its shovels face squarely to their work. They never track or trail on crooked rows. No uncultivated spots nor no deep trenches are left. Over all the field, on crooked rows, as well as on straight rows, the "KC" gives thorough cultivation—the kind that most effectively destroys weeds and conserves

The rigs shift quickly in response to slight pressure on the foot levers. Guiding the rigs is as natural as walking.

You can maintain thorough cultivation without delaying work to make adjustments. No wrench is necessary. You don't have to leave the seat. Simply use the handy levers. These levers enable you to meet quickly and accurately every field condi-

We want you to get into the seat of this cultivator and see for yourself how handy and reliable it is. We've never seen its equal among single-row cultivators for timesaving, labor-saving, weed-destroying work in the field.

Don't fail to come in early and get acquainted with this cultivator.

### It Adds a Wealth of Joy to Family Life

The Cleveland Six adds joy and recreation to the family life in a most unusual degree. It is such a comfortable car, so easy to drive, so distinguished in its refined appearance, that the mother and the children find real delight in it.

And the Man of the matter how critically inclined he may be in mechanical matters, finds in the Cleveland Six a thumph in most car construction a car which he will drive with enthusiasm.

The Cleyeland Six touring car seats five in comfort. The soft cushioning and the low, under-slung

spring suspension, wipe out the roadbumps. The car is handsomely finished and the upholstering is of genuine hand-buffed leather.

And the motor! If you want to know what a motor it is come in and see the car. Ride in it. Drive it yourself. Then you will know. There are few motors indeed that can compare with it in actual performance.

LYNN COUNTY NEWS

The Ropes (Lubbock county) base ball team came over Tuesday afternoon for a game with Ira Doak's aggregation. O'Donnell was also here to play the winning team. The first game stood 19 to 1 in favor of the Ropes team. A seven inning game was played between O'Donnell and Tahoka, the score standing 7 to 1 in favor of the local team. The Tahoka boys were unable to hit pitcher Sam Branch, of the Ropes team, in the pinches, who also received A1 support from his men at every position. The little child of Mr. and Mrs. Turner, residing in the east part of the city, wandered away from home and became lost Sunday afternoon. The neighborhood was soon informed of the matter and a search instituted. The little one was soon located by A. R. Dillard, who found the youngster near the coal sheds of Edwards Bros., on the railroad tracks, none the worse off for his adventure. Mrs. Bert Bailey of O'Donnell, underwent quite a serious operation in a sanitarium at Lubbock last Sunday. She is reported as doing nicely at

C. S. McNeely and family, who have made their home in Lynn county the past two years, are moving this week to Temple, Texas, where they will make their future home. Mr. McNeely recently disposed of all his property here and invested in land in Crosby county, and also bought a nice residence at Temple. It is with regret that we see this estimable family leave our community, and trust that ere long they will see fit to re-turn to Lynn county for keeps.

They do not scrap MACHINERY because it is BROKEN, but put it in the hands of a competent welder to be REPAIRED.

Their LABOR LOSS IS SMALL and men are seldom idle on account of break-downs.

All these things are made possible by the OXY-ACETY-LENE process of welding and cutting metals.

Remember, when both machinery and income stop, that your needs will be promptly attended should you call on us.

We are never too busy to answer questions or look at your work. Now listen! Our welding is guaranteed to STAY PUT. That means to never break. Sounds fair enough, don't it? Now if you want reference as to the quality of our repairs, just ask the first man you meet, he knows!

When you see a broken piece of machinery or any broken metal casting, tell the owner about us; we will appreciate it. You will save the owner money, and place him in position to tell Mr. H. C. ## "The intimate article of dress known as the corset which the majority of women wear but know very little about'

Alice S. Cutler, M. D.

N this pertinent way the well-known medical authority, Alice S. Cutler, M. D., describes the most important garment in the wardrobe of women.

"Buy your corset carefully," warns Dr. Cutler. "No one wants to be ill, and when women realize that the constant wearing of an ill-fitting corset helps to keep our hospitals open they will insist on being properly fitted to corsets instead of buying them hit or miss."

We unreservedly recommend Gossard Corsets, the original front-lacing corsets, as the complete expression of modern corsetry. Every Gossard Corset is hygienically correct. If properly fitted to the figure for which it was designed, and carefully adjusted each time it is worn, it will mould that

figure to the ideal proportions of its type. It will give a priceless all-day comfort. It will safeguard the wearer against those willy ailments that are often the soult of improper corseas. It will render a wearing service that alone is worth the price paid for the garment.

If possible, the new Spring and

Summer Gossards are superior to those of the past season, which were generally acknowledged to be without equal in meeting the needs of active womanhood from the standpoint of comfort, hygiene, wear and figure improvement. Our highly specialized fitted service reflects our sincere appreciation of the important relation a correctly fitted corset bears to your health, and to that perfect figure poise that gives the elusive charm of style.

CANDIDATE FOR GOVERNOR TO SPEAK IN LUBBOCK

Hon. R. E. Thomason of El Paso, candidate for the office of governor of the great state of Texas, is scheduled to speak in Lubbock on the evening of the 18th of this month, in the District Court room. Mr. Thomason, as our readers know, has been one of the influential representatives one of the influential representatives The political grave diggers' union in the lower house for a number of years and is now the speaker of the

house, and has had much to do with the shaping of affairs in legislative matters during his tenure of office

He is an interesting speaker and the people of Lubbock and communities surrounding the city are urged to hear him as he deals with matters pertaining to the governor's office. The speaking will begin at eight o'clock. This will give out of town people a chance to get here in time

TO THE VOTERS OF PRECINCT NO.

After being solicited by some of my close personal friends, of the Carlisle community where I have lived for the past four years, together with the same pleading in writing from the Grovesville community, and the pleading strengthened by my neigh-bors at the Caldwell community, to make the race for County Commissioner for the above precinct, state the following to-wit:

I will let my name come before the voters on these terms, viz: Those of you that impose confidence in me and think I am qualified to fill the office, and are interested to the extent that you tell those who may not know me as do you, then your services will be appreciated, as I have no time to devote during the campaign trying to be elected to the financial hurt of myself, as I feel very keenly that it will be a sacrifice to serve if elected, but if the majority vote you place me as your servant, I will enter into the work whole hearted, and serve to the best of my ability. I must needs make this statement for your benefit, that I have never possessed any political aspiration, and never expect to become politically inclined expect to become politically inclined as office seeker, and am not at this time seeking office, but seeking to please the above named class aforementioned, by promising to serve as commissioner if elected.

I am a friend to Mr. P. Von Rosenburg, and desire his lasting friendship, though we be opponents at this time, I will not enter into a series of criticism of my opponent's official

time, I will not enter into a series of criticism of my opponent's official record at this or no other time during the campaign. This being a free country, I have a perfect right to become a candidate, and if elected, then to serve you, if defeated, I will still be a citizen of your county with my head help up and feel like the intelligence of the voters had been applied to the best interests of the tax payers of Lubbock county. Be clear and vote for the man that you have reason to believe will make you have reason to believe will make you the best servant, and I close my statement and submit the above for your

PROTEST DISCONTINUANCE

San Angelo, May 7 .- A mass meet-

ing of all towns and communities in Texas served by the Orient railroad will be held in San Angelo in a few

days to prepare data for submission to the Interstate Commerce Commis-sion at Washington in the hope of convincing that body that the contin-

ued operation of the line is a public

that he has secured a hearing before

the Interstate Commerce Commission to be held any time after May 20.

The sum of \$209,000 has been ad-

vanced the Orient under the provi

sions of the Esch-Cummings bill, which guarantees expenses until

Sept. 1. After that date, however, a

certificate of abandonment must be furnished unless the Interstate Com-

merce Commission approves the maintenance of the line, which has 465 miles of rails in Texas alone.

teen counties at least, and would strike a body blow at San Angelo

and other points.

The Orient hopes to secure authority from the State Railroad Commission to issue \$4,483,000 in bonds,

which can be given as security to

the Government in obtaining a loan from the Federal Revolving Fund amounting to \$300,000,000. The bonds and the loan would not only

enable the Orient to improve its service and buy additional equipment but would permit the building of the 170-mile branch from San Angelo to Del Rio, and the closing of an-other gap in the United States-to-

Mexico system between Alpine and Presidio.

Northwest Texas Conference will participate and her own schools will be direct beneficiaries.

There was considerable talk of the unification of the Methodist Episcopal church and Methodist Episcopal Church South. The general conference of the Northern church meets the first of May and if it passes the articles of unification as reported by the joint commission, the general conference of the Southern Church will be called into special session in June according to the general opinion. There is a clear majority of the delegates west of the Mississippi, favorable to the plan submitted, and many men east of the great river predict that it will carry in that section also, with the possible exception of Georgia and Mississippi, and even in those states there is strong possibility that it will carry. Having passed the General Conference of the two churches, it will be submitted for ratification to the several Annual Conferences. There is a strong possibility of Unification in the immediate future therefore.

There was some talk of combining the Superannuate and Hospital campaigns with the educational and completing the great forward movement

paigns with the educational and completing the great forward movement for funds inaugurated by the Centenary, in one great drive.

In a talk with Dr. O. E. Goddard it was revealed that the Methodist

church South received over 100,000 new members on Easter Sunday, as new members on Easter Sunday, as a result of the evangelistic campaign and hundreds of young people volunteered for special work as missionaries, preachers, social settlement service, and a mighty awakening has come to the church everywhere.—Abilene Reporter.
