

THE LUBBOCK AVALANCHE

VOLUME XXII

LUBBOCK, LUBBOCK COUNTY, TEXAS, THURSDAY, SEPTEMBER 8, 1921.

NUMBER 11

LUBBOCK PUBLIC SCHOOLS OPENED MONDAY WITH LARGE ATTENDANCE

THE METHODIST CHURCH, THE LARGEST AUDITORIUM IN THE CITY TOO SMALL FOR CROWD

ENTERTAINMENT LARGER THAN LAST YEAR

Opening Exercises Were Held in The Methodist Church With an Overflow Service in the High School Building—Additional School Facilities One of the Crying Needs of Lubbock.

The Lubbock Public Schools have been auspiciously opened for the 1921-22 session. Throngs of pupils and patrons, numbering 1600 or more, assembled at the High School building at 8:30 a. m. Monday morning, where assignments were made, after which the pupils in formation marched to the Methodist Church, where formal school exercises took place.

Superintendent Dupre preliminarily introduced the senior class, numbering some thirty odd, to the large audience, and stated that some five hundred pupils had been sent back to the High School building on account of inability to find seats in the church, which accommodates 1,600 persons.

The Choral Club, largely composed of members of the '19 and '20 senior classes of the Lubbock High School contributed the opening songs. Prayer was followed by three-minute talks from four local representatives of other schools present. T. C. U. was represented by Miss Irene Lowrey; C. I. A. by Miss Blanche Bean; Texas University, by Owen McWhorter; Abilene Christian College by Edwin Martin.

A solo was given by Miss Garrison, teacher of voice and violin. Evangelist Browning instructively addressed the student body, and Superintendent Dupre closed the exercises with appropriate remarks, specially stressing a plea for more and better school advantages and asked that the citizenship of the Lubbock school district reverse the decision rendered in the last election and see that the children of this district be provided with better school facilities.

The first four days of last year session showed an enrollment of 1,097 pupils. The number enrolled so far this year shows an increase of 268 over last year.

Crowded, yet crowded—is the condition prevailing in every department of our schools and the superintendent and teachers are exerting every bit of their energy and patience to make this the most successful year in the history of the Lubbock schools. The fact is, if there is not more room secured there is bound to be a decrease in the efficiency of our splendid schools. The Lubbock school offers exceptional advantages in Manual Training, Domestic Science, and especially in Music, having four piano teachers, one violin, one voice and violin teacher, and one expression teacher.

The largely increased enrollment over last year and the addition of four members to the faculty is a noteworthy factor in placing the Lubbock schools in the fore rank of city schools.

Superintendent Dupre made the following statement to the Avalanche this morning:

Rotary Carnival Tuesday Evening a Great Success

"All Right! All Right! Big Free Show is now starting! Right this way! Big Free Show and Band Concert! Right this way!" and the 200 Rotarians, Rotary-Arms and Guests at the Rotary Carnival fell in behind Jed's Jazz Artists from Honkawsawin—and seldom since humanity began to express its feelings through melody of voice and fashioned instruments has such misery been inflicted upon the human ear.

Red and Yellow shashes, turbans, beautiful little moustaches—all of these and more, composed the costumes of the Royal Rotary Band. Inside, the bark of every concessioner resounded in the familiar squawk of the old time carnival Bright Way. Bud Jones was peddling squaker balloons and made a master hand at the job. Rosecoe Wilson peddled diamond rings and watch charms at from ten to one hundred dollars—and each visitor was given \$500 in the "coin and realm" guaranteed to be worthless and dangerous to carry.

Acety Mays came back into his own on the doll rack and the crowd threw fast and furious. "Five throws for ten dollars and a \$100 if you knocked him over"—They were nailed down and the offer was safe enough. Andy Wilson was likewise king of a doll rack and gave evidence of having been there before.

Confetti, serpentine, and colored balloons, rubber balls, tin horns, running mice, jumping jacks, everything was complete and true to carnival form.

Keen had a wheel of fortune that was thoroughly crooked and nobody ever had a chance to win but they tried just as hard as if they had been chucking dolls.

Everything was crooked, so announced and handled true to the announcements.

"UNO, the Snake Lady, was a

REVIVAL MEETING AT METHODIST CHURCH WILL CONTINUE THROUGH NEXT SUNDAY—RESULTS GOOD

The general public was under the impression that the revival meeting which has been running for two weeks would close with last Sunday night service, but it was decided to continue the services till Sunday night.

The evangelist is bringing some very plain forceful messages to the people, and the effects of his preaching will be felt in this community for years to come.

Last Sunday was a great day. At this service about thirty were received into the church, or had given their names for membership, and some have united with the church since, which runs the number to about fifty. At the eleven o'clock hour the evangelist delivered one of the best sermons since beginning the meeting. At four o'clock there was a special service for the men, and it was well attended. At night the house was packed from floor to gallery and a number of people were turned away. The service was one of the most intense of the meeting. The preacher brought a powerful message. A message that moved the

LUBBOCK PAYS \$246.60 FOR FIRST BALE OF 1921 COTTON CROP GINNED IN LUBBOCK FRIDAY AFTERNOON

The first bale of cotton ginned in Lubbock this season was brought in Friday afternoon and ginned Saturday morning. J. J. Gray from the Southwest part of the county.

The bale weighed 572 pounds out of 1599 pounds of lint cotton and graded strict middling. It was bought by Cone and Roach of this city. S. E. Cone is with the Parks Grain Company and John A. Roach is well known in the city. They paid 20 cents a pound for the bale, totaling \$114.40.

A bonus of \$132.20 was subscribed by the business men and merchants of the city that made the bale bring Mr. Gray \$246.60. There would be good profit in cotton at less than a bale to the acre if such prices could be maintained. But at that there is little complaint for West Texas in the price and condition of cotton this year.

Last year the high priced cotton was sold early in the cotton season before West Texas cotton began to move. The result was that Lubbock cotton brought such a low figure that much was left standing in the fields. This year the reverse is true. The first cotton of the season, marketed in July and August brought a comparatively low price. But the opening of September the cotton price has begun to soar and it now looks like West Texas will receive a fancy price for her cotton through the fall.

Someday the world is going to find that it is more profitable to buy land at \$40 per acre than it is to rent at \$15 and \$20 an acre per year—especially when the land that is bought here produces every commercial crop grown on the higher priced land at a cheaper cost per bushel, per bale and per ton than that produced on the high priced land—When they do learn that lesson then every quarter section of the South Plains will have a prosperous family farming it.

Today there are more people seeking information, locations and opportunities in the South Plains of Texas than in any other section of the United States. The unfortunate part of it is that there is no market for their property in other sections of the State and they are unable to make the move to this country until they are able to sell out back there. Every bank, real estate firm, the Chamber of Commerce and many business men are receiving letters every day from East, Central and South Texas farmers wanting to rent land for next year—but rent farms

SEVERAL ALFALFA FIELDS ESTABLISHED THIS YEAR

Last year Superintendent R. E. Karper of the Experimental Station made the welcome announcement that unirrigated alfalfa can be grown here successfully by planting in three foot rows and cultivating and that the yield is quite satisfactory. Not only has he increased the acreage of unirrigated row alfalfa at the station but six neighboring farmers who took the cue now have growing nice plants of alfalfa which they planted last spring. Those having alfalfa growing successfully are F. W. Boerner, J. H. Burroughs, J. P. Webb, J. W. Turner, C. L. Quillen and J. C. Burns. Several other farmers attempted to grow alfalfa this year but owing to the unfavorable weather at planting time they failed to get a stand.

Messrs. Frank Barclay and Harold Griffith accompanied by their wives left last Saturday for the Concho country, where they will spend about ten days fishing. They were accompanied as far as Big Spring by the two nieces of Mrs. Barclay, Louise and Fannie Zollars, who have been visiting here for a few days. They were returning to their home in El Paso, and took the train for that point Saturday night, at Big Spring.

Senator Bledsoe is erecting a modern residence at the corner of Avenue S, and 12th street.

Fiftieth Wedding Anniversary of Mr. and Mrs. Dorn Celebrated

The editor and family spent last Tuesday in Mitchell county, where we enjoyed a family reunion of the J. M. Dorn family. The occasion was in celebration of the fiftieth anniversary of the marriage of these grand old people, and it was indeed a very enjoyable event.

All during the forenoon of Tuesday, members of the various families, kinsmen of the Dorn family, dropped in and by noon most of them were assembled at the old homestead seven miles southwest of Colorado City, where J. M. Dorn settled with his family in the year of 1890. Some came later in the day, until about three o'clock everything was in readiness for the feast. The fatted calf had been killed the previous day, and barbecued, and together with all the trimmings that go with barbecue meat, and a lot of other mighty good eats, a long table arranged under the big shade trees was loaded to the breaking point, and the family together with a number of real close friends were assembled around this table to partake of the bountiful repast, and after thanks had been returned by J. T. Coffee of Loring, first son-in-law in the Dorn family, we can overestimate the appetites of any member of the household.

However, those who supplied the eats must have thought a hungry bunch was coming, for after the big family had been fed there was more left than there was eaten. Nothing was wasted, however, for when the time of departure came, each family was given a liberal portion of the eats to take home, and the editor and family got all they could eat, and then some.

Mr. and Mrs. Dorn were married in Alabama on the 29th of August, 1871. They moved to Texas and located in Falls county in 1888, where they remained four years and moved to Mitchell county where they have resided since 1890, living within a mile of the first home they had after moving west, and on the same tract of land originally purchased upon moving to Mitchell county. All the living children were born in Alabama, except two. One of those in Falls county and one in Mitchell county.

Thirteen children were born to these parents. Two died in infancy, and eleven were present to enjoy the celebration on this occasion. All are married and the wife or husband of each was also present to extend congratulation and good wishes to the bride and groom of fifty years.

There were also present to do honor to this occasion fifty-one grand children. They had fifty-seven grandchildren and fifty-four are living. They also have three great grand children, all boys, and two of these were present. Their eleven children are: Sons, A. A. Dorn, J. Marvin Dorn, J. W. Dorn, Pierce Dorn, all living in Mitchell county. Daughters, Mrs. J. T. Coffee, Lorraine Texas; Mrs. W. J. Chesney, Mrs. Claude Richardson, Mrs. R. A. DeBorson, Mrs. Earnest Thraill, Mrs. Rube Hart, of Colorado, Texas and Mrs. James L. Dow, of Lubbock.

It might be interesting to state, too that three persons were present at this anniversary celebration, who witnessed the marriage ceremony fifty years ago. They were: E. M. McClellens, Mrs. M. P. McCall and Mrs. Katie Pritchett.

TWO SMALL BOYS ARRESTED ON SERIOUS CHARGES

Jack Richards Frost was arrested Tuesday charged with stealing \$5.00 out of a pocket in the home of R. E. Overstreet. The boy went into the house and seeing a pocketbook lying on the bed picked it up and took a \$5.00 bill from same. There was a number of bills in the book but the little fellow said he only needed the "five" so he left the remainder of money in the book.

Jett Gholson, a 14-year old boy was arrested Wednesday, charged with attempted rape on a little six-year old girl.

Both of these cases come under the jurisdiction of the Juvenile Court.

Mr. and Mrs. James Kimmel and son have returned from a two weeks' visit in Denton, Dallas and other cities.

Messrs. F. W. and Henry Turner returned to their home in Santa Anna after visiting relatives here for several days.

Judge Lockhart of Tahoka, was transacting legal business here the first of this week.

Messrs. John Simpson and Joe Hilton visited in Amarillo last week.

Sam Cates, charged with murder; Hewitt Smith, charged with forgery; and J. D. Callahan, charged with burglary; made a bold, but unsuccessful attempt to overpower the sheriff and escape, while he was serving their noon meals. The facts as related to the Avalanche are as follows: The sheriff and his wife went upstairs to feed the prisoners at about 12:30 p. m. Mr. Holcomb unlocked the prison door and his wife entered and handed Sam Cates a platter containing the food, but instead of taking the platter Cates rushed past her and grabbed her husband around the waist and cried out, "come on Smith." In response to Cates' cry Smith shoved Mrs. Holcomb aside and pinioned the sheriff's arms behind his back. The sheriff fought with the two men for some minutes before they overpowered him and took his gun, after getting the gun, Cates stepped back a few feet with the gun drawn upon the sheriff and commanded him to "throw up your hands, put 'em up."

While Cates was holding the gun on Mr. Holcomb, Smith and Callahan caught hold of Mrs. Holcomb and tried to gag her to prevent her making any outcry. They scuffled and choked her severely while Cates stood in the hallway with the drawn gun on her husband. Just at this time John McCulloch, the deputy sheriff, who had planned for a trip out in the country with the sheriff, appeared upon the scene, from the doorway he discovered the perilous position of Mr. and Mrs. Holcomb and threw his gun down on Cates, the sheriff seeing his deputy cried out, "shoot him John," the deputy fired, but missed his mark, the ball passing under Cates' left arm. After the shot was fired Cates sprang for the door where the sheriff was standing but the sheriff grappled with the prisoner and was successful in wrenching his gun from him, and the three prisoners made for their cell.

This is the second time Cates and Smith have made an effort to escape, but we understand it will be their last opportunity as they will be kept in the dark cell in the future—having fully demonstrated by their actions that they in no sense appreciate good treatment, and apparently will resort to most any means to effect their escape.

The history of Cates in the courts of this section is well known by most people, and while his associates are not charged with as many crimes as Cates, they seem to be working themselves up to rather serious offenses.

Cates is now awaiting appeal of his case in the charge of the murder of Judge Burton some time ago, for which he has twice been convicted and sentenced to the penitentiary. Once for ninety-nine years and the second time for fourteen years. He is also under sentence for forgery in Crosby county for four years.

It is reported that Cates has decided to take the fourteen years sentence and withdraw his appeal, however, at this time we have not been able to verify this report.

GUY R. SCOTT TAKES POSITION WITH AVALANCHE

The management is pleased to announce to the public that Guy R. Scott has accepted a position with the Avalanche as local editor. Mr. Scott has had much experience in the newspaper business, and be feel sure that he will be able to improve the Avalanche (from the standpoint of local news). He is energetic and capable, and we ask that the people of Lubbock work up to his desires to get all the local news possible and help him to make the columns of the Avalanche interesting in good live authentic news items. Courtesies extended him will be duly appreciated. Local news cannot be gathered without your help. Reporters must rely upon information obtained from others, and for that reason people should be honest with them. Give them reliable information concerning things that will be of interest to the public. If you have visitors tell Mr. Scott about it. It is news to the other five thousand readers, even if it is a burden on you.

Last Monday morning the Avalanche pencil number was impressed by a large placard hanging over the face of the clock in the Methodist church with the following Bible quotation: "Behold, now is the accepted time," It occurred to us that this card was very applicable for the occasion, it being the opening exercises of the Lubbock schools. If we, as parents, and patrons of the schools will put this motto, "now is the accepted time" into practice, in our daily lives, for the upbuilding of Christianity, education and citizenship in Lubbock and surrounding country it will only be a short time until we can truly acclaim, "Great is Lubbock."

J. A. Howard of Plainview, was here Tuesday transacting business with Lubbock citizens.

Open Dates For Shooting of the Various Game

September 1. Veteran hunters, men and dogs, recognize this date as the opening of the gunning season. On this date, restrictions against dove shooting in North Texas are lifted and open seasons on other game birds and beasts follow soon. The dove season is from Sept. 1 to Oct. 31, inclusive. No one, however, is permitted to bag more than fifteen of these birds in one day. The South Texas season is from Dec. 1 to Jan 31, Other seasons are:

Quail, Dec. 1 to Jan 31, fifteen a day.
Ducks, Oct 16 to Jan 31, fifteen a day.
Snipe, Oct. 16 to Jan 31, fifteen a day.
Plovers, Nov 1 to Jan. 31, fifteen a day.
Prairie Chickens, Nov. 1 to Jan. 31.
Busk deer, Nov 1 to Dec. 31, three in season.

Will turkey, Dec. 1 to March 1, three in season.
A number of individual counties have minor restrictions. There is no closed season on squirrels, except in Angelina, Cherokee, Hardeman, Liberty, Nacogdoches, Dallas, Rockwell, Tyler, Jefferson, Orange, Casper and Newton counties. In these one may shoot five squirrels a day from Aug. 1 to Jan 1. The State limit is ten a day.

Non-residents of Texas are required to take out a gunning license costing \$15. Residents shooting outside their own counties must pay \$2.75 for a license from the county clerk.

It is unlawful to hunt deer with a searchlight or headlight. No game birds may be legally killed between sundown and sunup.

Wild game cannot be shipped unless consigned to the person who killed it, who is required to make affidavit to that effect and must accompany the shipment which is limited to 25 game birds or 45 wild ducks.

PUBLIC OPINION

To the Avalanche:
I have been asked, "Judge, why do you keep knocking at the new, progressive ideas of boosting and up-building?"

My answer is, because I am suspicious of any new-born project that needs to be persistently boomed and defended. It is a well known fact that good sound business never needs any defense whatever.

True there are advertisements to attract and build up the business, but not to defend it. Such advertisements are not on the patent medicine style that booms and boosts the remedy offered to the dear people as a sure cure for all bodily ailments.

The upbuilding of a city is a business proposition, and it is history that no business can be successfully built up except by those who are financially interested. Self interest and enhanced values are the motives that prompt. For some years big business and labor have been at war. Ford—the auto man, solved the problem. Instead of using a club and telling the labor and deliver, he made them financially interested in the business, that is partners, to receive a certain per cent of the net income of the business. By this method, Ford has made millions of dollars, and most of the men who furnished the skill and labor are now home-owners and tax-payers.

Ford furnished the capital and brains, and his partners' skilled labor built the machines—all are financially interested in the building of the business.

Business may need labor's assistance, but the hired man is not directly financially interested in the upbuilding of the business, though he may be—and as a rule is—faithful and a well wisher.

Take the farming business; as a rule the white farmer is a man of thrift, and needs no guardian. His main drawbacks are the fickleness of the weather, and a deflation of the volume of money needed for fair business at the time his products are ready for the market.

As to the first drawback, there is no remedy. As to the second drawback, the only remedy is, by the help of Democracy, to blot out the powers of the big moneyed man, as was done under the Wilson administration. The present ideas of progressive politics and salaried boosters is but a toy for the old, big centralized money power, who again virtually control our monetary system; at least it appears that way.

What I say as to the farming business, the same rules about apply to the livestock business. A short time ago the Federal Reserve Board in good faith arranged for the financial relief of the livestock business, and the thing was blocked, as to the technical procedure, as to how it was done, I don't know, but I can state in plain words how it appeared.

When the Board was ready to act, the old centralized money power told the Board to "step aside, we'll attend to that business," and the people now know what happened. In West Texas, when the livestock business is in good shape, it helps all lines of business. That is why we know so well what happened.

GEO. L. BEATTY.
J. E. Moore, of Gomez, was here Friday of last week, visiting with friends and attending to business matters.

Will Grayman, of Crosby County, was in Lubbock the latter part of last week, visiting with relatives and attending to business matters.

Carl Sams, rancher of New Mexico, was in Lubbock the latter part of last week, looking after business matters.

AVERAGE LIFE OF MEN IS INCREASED FOUR YEARS

The span of life of man has lengthened fully four years within the last quarter of a century, in spite of the extra hazards which have come with twentieth century progress. So declares Dr. George W. Hoglan, secretary of the American Insurance Union, which will hold its quadrennial meeting in Columbus, Ohio, September 20 to 22, inclusive. "Within

another generation the allotted three score years and ten will be a thing of the past," says Dr. Hoglan, who bases this hopeful prediction on the mortality statistics of the A. I. U. Improvements brought about in sanitation, the nation-wide anti-spitting fight and other vital steps forward have all contributed toward increasing man's longevity," he continued. "While there has been a certain amount of sentiment over the passing of the horse, which has become prac-

tically extinct in the city, the dangers of epidemics have been greatly reduced, because of better sanitary conditions. Severe epidemics of typhoid and malaria, which formerly took such a huge toll of life, no longer are known." Dr. Hoglan said that the women of the A. I. U., who comprise 30 per cent of the membership, in 27 years have contributed but 28 per cent of the deaths. A slight increase in deaths among men from 45 to 60 years of age has been counter-balanced by a more favorable showing among men in the earlier and later years, according to A. I. U. tables, Dr. Hoglan pointed out.

TEAGUE OF CROSBYTON IS HELD FOR FORGERY

A young man about 18 years of age, is being held in the Lubbock County jail, charged with forgery in Crosbyton and Lubbock. Friday of last week the lad went into K. Carter's Store on the north side of the square, and asked to see a hat. On making the purchase he called for a Lubbock State Bank check. When an examination was made at the bank it was found that he had no account with them. The officers were notified and the boy was immediately arrested. According to officers, the boy is wanted in Crosbyton on the same charge.

HURRAH FOR COTTON

10,000 Bales of Fleecy Staple for Lubbock County Means a

Million Dollars!

Cotton apparently will bring prosperity to the South Plains people. Crops are good. Cotton, as a whole, is fine in Lubbock County this year. Debts are going to be paid and credit will be more stable.

ARE YOU READY FOR FALL CLOTHING

School is going on; the South Plains Fair is only a few weeks ahead of us; the State Fair is nearing, holidays are showing up in the not distant future—will you have clothes to enjoy these things. When cotton goes up doesn't the price of cotton goods follow? Buy now! It will save you money.

MEN'S SUITS AND OVERCOATS

Are you going to have a new suit this fall, sensibly priced? You can if you will take the trouble to see what values we are offering. Men's wool suits are cheap at our store. Good, serviceable overcoats can be bought at mighty low figures. Don't do without when we make prices as we are today.

MRS. BARKHAM'S HAT DEPARTMENT IS BUSY

Lubbock ladies know where they can be best suited with fine millinery—that fact is clearly shown in the number of purchases being made from the fine selected line in this department.

Cotton Crop Estimates Show Poor Conditions Throughout the Country Prices Rise With Yields' Decline

The report by states, with comparisons follow:

State	1921	'20	'19	'18	'17	'16
Virginia	63	81	67	84	76	90
N. Carolina	62	79	70	77	69	65
S. Carolina	50	71	67	67	72	57
Georgia	41	58	55	66	68	62
Florida	59	57	38	60	65	58
Alabama	57	60	61	67	75	49
Mississippi	45	55	49	53	75	64
Louisiana	42	67	61	43	55	66
Texas	42	67	61	43	55	66

the condition of the cotton crop during August caused a reduction of 1,160,000 bales in the estimated final production as compared with the amount forecast a month ago. Production this year was forecast today at 7,037,000 bales of 500 pounds gross by the Department of Agriculture, which based its estimate on the condition of the crop August 25, which was 49.2 per cent of a normal, forecasting a yield of 127 pounds per acre.

The condition of cotton on Aug. 25, was the lowest it ever has been in any month in the history of the cotton-growing industry according to records of the Department of Agriculture, in commenting on the condition, the department in a statement said:

"The damage has been the greatest in the area from Central Oklahoma to North Central Texas, the fall in condition amounting to from 25 to 30 points. Declines of from 10 to 20 points are shown for Southern South Carolina, Georgia, Northern Alabama, the delta section of Mississippi and throughout the belt west of the Mississippi River except in the northern edge where some slight improvement occurred.

Bad in Northern Texas. "Conditions are especially bad, not above 15 per cent, in Southern Oklahoma and not over a third of a crop is promising in the adjoining portions of Northern Texas. In Southern and Central South Carolina the promise is for less than a third and in some counties not over 10 per cent of a crop. The central belt of Georgia and most of East and South Texas promise about a third.

"Everything seems to have gone wrong with the crop. In Southern South Carolina, in Georgia and Arkansas and in portions of States excessive rainfall and cool weather have combined to give a big weed which the boll weevil in the flush of early invasion has attacked voraciously, destroying all squares and bolls set during August and even attacking the larger bolls.

ITEMS FROM LAST WEEKS LYNN COUNTY NEWS

A delegation composed of six Tahoka and Lynn county boosters, departed Wednesday morning via Post on the Santa Fe for Fredericksburg Texas to be in attendance at the State meeting of the Puget Sound to Gulf Highway Association, which convenes in that city today (Friday) and tomorrow. Those composing the party were as follows: S. B. Hatchett, president of the Tahoka Chamber of Commerce, and one of the directors of the West Texas Chamber of Commerce; Dr. J. R. Singleton, mayor of the City of Tahoka; I. S. Doak, member of the City Council; Elton George, County Commissioner; Chester Connally, manager of the Bradley-Tahoka Auto Co.; and W. O. Thomas, member of the firm of Thomas Bros. Drug Co.

The News is pleased to be able to inform its readers that the county and city bonds were sold yesterday to Brown-Crummer & Co., of Wichita, Kansas, through their agent, C. J. Moore. The county sold bonds to the amount of \$60,000 and the city \$32,000.

Mrs. Mary E. Jones has received notice from the war department that the body of her son, Calvin, who was killed overseas, had arrived at Hoboken, N. J., and would be shipped here within a few days. Burial will be made in Tahoka cemetery.

The eldest son of Z. Z. Jackson, residing on the Jackson ranch west of Tahoka, was painfully, though not seriously injured Saturday, when a horse he was riding stepped in a dog hole and fell to the ground, throwing the boy several feet, rendering him unconscious for a time. Fortunately no bones were broken and later reports state that the lad is able to be about.

The baseball game which was to have been played between Tahoka and Lubbock here yesterday failed to materialize. The Lubbock boys took "cold feet" giving as their excuse, no players at hand.

W. W. Hancock, who resides just over the line in Dawson county, brought to Tahoka early Wednesday morning the first bale of cotton for the 1921 season. The bale was classed as good middling, and was purchased by the Planters Gin Co. who ginned the bale, at 16 cents per pound, bringing the owner the sum of \$93 for the bale alone, added together with the premium made up among the business men of Tahoka, made a total of \$158. A hair cut and shave and a year's subscription to the Lynn County News was presented Mr. Hancock by the Sanitary Barber Shop and the News Printing Company. Mr. Hancock stated that he would bring two more bales to the gin here Monday.

GIRLS! BLEACH SKIN WHITE WITH LEMON

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful, lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

REV. HUNT IN MIDST OF PROTRACTED MEETING

Rev. J. W. Hunt of Abilene is in the midst of a protracted meeting in the Methodist church this week. The meeting began last Sunday and will continue two weeks. He preaches at 10 o'clock in the mornings and at night.

Rev. Hunt is one of the big preachers of the Methodist denomination. He is an orator, and a fine Christian gentleman. You will be highly pleased with his sermons, and you should not fail to go out to hear him. He is a successful evangelist and is doing a great work in Texas. Be sure to hear him during his meetings.—Lockney Beacon.

F. E. Redwine and family of Tahoka were business visitors at Lubbock the first of this week. Mr. Redwine was sheriff of Lynn county for several years, but is now engaged in farming. Rains are needed in Lynn county Mr. Redwine stated, but the general condition of the crops are very good and will make fairly well whether more rains are received or not.

REFLECTIONS

As an institution that has done everything in its power to help the farmers through the hardest period of many years—without knowledge of what the future might bring—but with confidence in our country's and customer's ability to overcome what might come, it is gratifying to us to now witness the verification and soundness of that confidence. When times were the tightest and help most needed it is pleasing to know that we did our best by those who saw fit to do business with us.

DEVELOPMENT OF GRAIN SORGHUMS PROMISES A NEW INDUSTRY FOR THE FARMERS OF WESTERN TEXAS

(By A. S. JACKSON, Executive Asst. Texas Experiment Station)

Pat Nix has on his farm three miles east of Lubbock a field of pure line kafir that is a splendid showing in uniformity and desirable type as well as in high yield. Mr. Nix obtained seed from supplies grown at the Lubbock Substation in an increase plot from one of Superintendent R. E. Karper's selections which had survived 4 years of the most drastic requirements known to the science of plant breeding. The uniformity and high quality of this crop will result perhaps in an increased demand from growers of grain sorghums for seed of absolute purity from the very best of the known selections.

Numerous fine fields of Spur fetterita in West Texas this season further attest the value of pure line selections. The yields of Spur fetterita are reported by the Experiment Station to show about seven bushels per acre better than common fetterita from which the Spur type was selected. Those who have been observing the pure line kafir selection made by Mr. Karper predict that it will show even a greater increase over the common blackhul white kafir from which it was developed than has the Spur fetterita over its parent stock.

Enough progress has been made by the Experiment Station specialists in breeding grain sorghums that the station has announced in Bulletin No. 279 recently published that purity and uniformity of characters in kafir can be obtained in the second generation and that successive crops will show continued purity and uniformity with respect to individual characters. This means this pure line kafir known as Blackhul No. 153 if kept free from contamination will continue as a satisfactory high yielder.

Fourteen hundred pounds of this seed was distributed by the Experiment Station last season and it is expected that when reports are received, most of the results will show up as well as that on the Nix farm.

Statistics indicate that West Texas is producing annually about sixty million bushels of kafir, milo and fetterita. This is conceded to be only a partial showing of the possible production in this section, because the area planted to these grain sorghums is limited to the popular annual estimates of the farmers as to how much production the markets will absorb. There seems to exist still a general notion that grain sorghums are not worth as much pound for pound as is corn. In fact, the market price has been around 40 per cent less than the market price of corn. The Texas agricultural experiment station has been for a number of years making exhaustive investigations to determine the comparative value of kafir

milo and fetterita not only in competition among themselves but with corn. These investigations now point conclusively to the fact that there is no appreciable superiority of corn over grain sorghums nor of milo, fetterita or kafir over each other in a ration for fattening farm animals. Feeding tests recently conducted at the Spur substation confirmed practically the scientific conclusion that there is only a slight difference in the productive value of either of these grain sorghums and of corn in a feed ration.

Producers of grain sorghums are therefore greatly interested now in bringing the feeding public to a better understanding of the value of the new grain so that it may take its rightful place alongside corn in the grain markets. They argue plausibly that feeders will not continue very long to buy corn to feed their hogs and cattle and lambs at a price far above that at which kafir, milo and fetterita may be had, when they once learn that the grain sorghums are quite as good or better than the corn. They like to grow the grain sorghums because with the highly improved new varieties they have no trouble in producing more bushels per acre than they can corn and for that matter more bushels per acre than accredited yields of corn in the great corn belt of the middle west. The grain sorghums are more certain of producing good yields in good and bad years than is corn. They are more cheaply cultivated. They yield a better forage and in larger quantities and more easy of utilization.

All things considered the West Texas farmer is coming to wonder why his land is not worth even more per acre than the great corn farms of Iowa. He is particularly interested in the building up of the stock feeding industry right here in Texas so that the grain sorghums and cotton seed meal may be converted into marketable fat on the hoof before shipment on the railroads. In this way tremendous savings in freight may be effected. He argues that it does not take any more steam to pull a carload of 120 cattle or hogs than to pull a carload of the same weight of cotton, grain or other cheap feed-stuffs.

IT NEVER FAILS TO PUT HER RIGHT

Muskogee Woman Relieved of 15 Years Troubles by Taking Tanlac

"Tanlac has relieved me of a case of stomach trouble that made my life miserable for fifteen or twenty years," said Mrs. Margaret C. Gridler, 906 Elgin Ave., Muskogee, Okla. "Nothing agreed with me, and the gas which formed on my stomach bloated me up so that I suffered agony for hours. There was a pressure around my heart that almost took my breath away. I was so nervous and restless, any unusual noise almost drove me distracted and I scarcely ever got a good night's sleep. I was so weak and run down I could not do anything hardy, but would just move about the house like I was half dead. I used every medicine I ever heard tell of, but nothing did me any good and I had almost given up hope of ever getting well."

"But after I got Tanlac I began to mend from the very start. My appetite soon became ravenous and I began to eat things I hadn't dared touch in a long time. I have just finished my sixth bottle and haven't felt better in years. I sleep like a child, wake up refreshed and have strength to do my housework with ease. I always keep Tanlac on hand to take when I get to feeling a little bad, and it never fails to put me on the right road again. Tanlac is just grand."

Tanlac is sold in all leading drug stores.

W. D. Starcher, who taught school here one term, and has since that time been in the newspaper business at Matador, has recently purchased a newspaper at Roaring Springs, and will move to that place soon.

Notice to the Public. By virtue of a contract by and between A. Judd, W. A. Ford and L. M. Verble. All members of the firm Tennessee Grocery.

We, A. Judd and W. A. Ford have taken over the I-3 (one third) interest belonging to said L. M. Verble in this store and will continue to run store just the same as before and we wish to thank all those who have given us their patronage and hope you will continue to trade with this store. We have a nice and courteous boy on our delivery wagon and we feel that while he is honest that he will handle our delivery business satisfactory to all who trade with us.

Again we wish to thank you for your patronage.

Miss Mabel McLarry left this morning for Clovis where she will be employed in the schools.

Announcement Extraordinary

To the Buying Public of Lubbock and Vicinity

Beginning Saturday, Sept. 1st, We Started Giving

'S. & H.' GREEN STAMPS

These Nationally Famous S. & H. Green Stamps are Given From Coast to Coast by Over 30,000 Progressive Merchants and Saved by Millions of Thrifty People

Ask for a Stamp Book in which to paste your stamps. You are entitled to one stamp with each 10c represented in all purchases. One thousand stamps fill a book. Hundreds of High Grade Articles to select from in exchange for filled books of stamps.

We urge that you visit the "S. & H." display, on second floor of Barrier Bros. Store at your first opportunity and acquaint yourself with the unusual values obtainable through this form of discount. Please Remember "S. & H." stamps are not something for nothing, but something instead of nothing.

AN EXTRA INDUCEMENT

"S. & H." Stamps are your discount for cash, they increase the volumes of sales, afford a quicker turn-over of merchandise. Make it possible for us to take advantage of the cash discounts from manufacturers and jobbers. This will enable us to maintain our former record of LOW PRICES and give you the additional advantage of this ATTRACTIVE CO-OPERATIVE DISCOUNT.

IN ORDER TO FILL OUT YOUR STAMP BOOK MORE RAPIDLY

Exchange your Wrigley Gum Wrappers, Profit-Sharing Coupons, Skinner Products Signatures, etc., for stamps at the "S. & H." department, 2nd floor of Barrier Bros. Department Store.

Lubbock, Texas

Mrs. W. F. Schench and sons Roland, Dillard and Lucas, after spending several weeks in Graham, returned home Friday night.

CARD OF THANKS
To the dear friends who were so kind during the illness and death of our dear loved one. We wish to thank you for your many acts of kindness, especially do we thank you for the beautiful floral offerings. May God's tenderest blessings rest upon each one of you is our prayer.
MRS. A. M. RHODES
MR. AND MRS. ED. ARION
MR. C. B. RHODES.

Mrs. A. N. Julian will represent the First Christian church of this city as a delegate to the District Convention of that body to be held at Pampa, Texas, September 12-14.

Mr. Isaacs, a prosperous farmer living ten miles southwest of the city was in town Saturday with eleven bales of cotton. The Parks Grain Co. bought the cotton at 15 1-2c per pound.

COLT SHOW AT IDALOU
SAT. OCT. 1, 2 P. M.

There will be a colt show at Idalou Saturday at 2:00 o'clock, October first. Premiums will be offered on horse and mule colts. Bring everything you want the neighbors to see. Merchants are expected to co-operate in making the occasion of interest to the whole community.
FRANK ROOSS, 11-2p

Dr. E. C. Foster, a prominent business man of Slaton, was transacting business in the city Wednesday.

Chas. B. Graham, the popular representative in this section for the Fort Worth Star-Telegram, was in the city Tuesday in the interest of that paper. Chas. B. has many friends in Lubbock who were glad to meet him.

Anthracite Coal Users:
We will have a car of Pennsylvania Red Ash Anthracite Coal about the first of October. Phone 324 for booking orders. Thomas Grain and Coal. 11-11

Little Miss Wall of Rails is visiting her Uncle and Aunt, Mr. and Mrs. J. A. Jordan.

The Missionary Society of the First Presbyterian church will meet next Monday with Mrs. E. V. Kimmell as hostess at four o'clock.

Insurance and Bonding

Typewriters Ribbons

Will E. Bailew

This section of the county was visited by a nice rain Monday night which will benefit late feed stuff and grass for winter pasture.

E. C. Simmons and W. K. Dickinson, Sr., left Wednesday morning on a business trip to Big Spring, Texas.

Mr. Arthur Elliott of Slaton visited in this city Sunday.

FOR BLUE BUGS
Head lice, stick-tight fleas, or any blood-sucking insect simply feed "Martin's Blue Bug Remedy or Insectman" to your chickens. Your money back if not satisfied. Ask Floyd Beall. 712

SAVE YOUR DIMES

A. M. Nail's new barber shop in Hotel Broadway (South Side of Square) has just as good barbers just as competent—and just as sanitary equipment as will be found in the city.

The Only Difference Being the Price.

A. M. Nail's Barber Shop

THE LUBBOCK AVALANCHE

Coat made from Hague Polo mixture. Yoke and sleeves lined with velvet. The shawl collar is of kit coney fur. The sleeves are the set-in type with cuffs button trimmed. Stitched pleats on back form panel which is button trimmed. Pockets outlined with stitching in patch pocket effect.
Priced at \$22.50

It is fashioned from brown velour, featuring a choker collar of black seal plush, fancy silk braiding and fancy tabs on back, finished with brown silk tassels. A string belt ties in front. The lining is fancy silk. Skirt is a two-piece creation with slit pockets and a loose belt around waist. Notice the graceful lines of this suit.
Priced \$50.00

The Palmer Garment

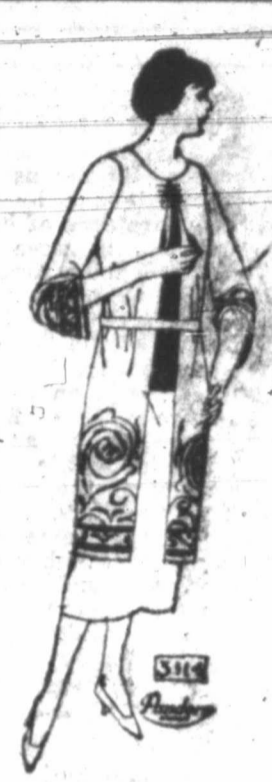

Priced From \$15.00 to \$100.00

A feature of the styles presented is their individuality. You will find that these coats and suits conform closely to the edicts of the season, and at the same time the styles are exclusive—you will not find them duplicated in this neighborhood.

We are enabled to show you a splendid variety of styles—a splendid variety of styles—a careful selected variety of the most desirable and wanted fabrics—garments which

will stand every test, from every standpoint and will prove their value in the service they render.

The last argument in favor of these garments, but at the same time one that will appeal to you with great force, is the price—a price that was impossible a few years ago. Now you can buy a much better garment for the same money you spent last year, or as good a garment as last year for much less money.

Here is a striking model of navy twill cord, having a vestee of henna crepe. The long sleeves have henna facings and this color is repeated in the embroidery pattern, worked out with tan, gray and henna silk.
Priced \$60.00

A coat dress with a foundation of satin. The embroidery motif being carried out in a combination of black and gray rattail braid worked into a most fanciful and pleasing pattern.
Priced \$50.00

In every way, we are equipped to please you—in style, in individuality, in exclusiveness, in quality and in price. Come to see the new merchandise at this First Fall Showing. You will not be urged to buy—you will do that in time if you become acquainted with the goods and our ability to serve you.

These two dresses above are both PAN-DORAS, made by Sperling. We have quite a group, equally as attractive as these.

"A GOOD PLACE TO TRADE"

LUBBOCK, TEXAS

Interesting Review of Old Emma—Once County Seat Town

The editor accepted an invitation to accompany our friends, George W. Smith and Will F. Ezell in the latter's car to the cemetery working at old Emma Monday morning. Mrs. Ezell and two daughters, Eleanor and Gertrude also accompanied them. This was the first opportunity the Review man had ever had to visit

the sacred soil of Emma, and we readily availed ourselves of the pleasure of such a trip, for we had long desired to visit this historic spot of Crosby county. We used the word sacred, for the memories that cluster around this once promising pioneer town doubtless make it sacred to the heart of many people of Crosby county. Crosby was the first county of the Great Plains of Texas to be organized, the election for that purpose being held on September 11, 1886. Two places were voted for the county site. Estacado and an imaginary town called Tilford, which was located below the "cap rock" on land in the pasture now belonging to T. H. Ballowe, we are told.

The Quaker village easily won the election and there the county site stood until 1891 when it was removed to Emma by the sovereign voters of the county. Here it remained until 1910 when the voters again transferred the county government to Crosbyton. Emma stood upon a beautiful spot of ground with good drainage on all sides and it looks to be an ideal place for a townsite, but fate in her ever-changing decrees has wiped the once proud and promising county site from off the map. However, there still remains a few interesting landmarks denoting the once glory of the place, the most noticeable of which is the old home of the late Judge J. W. Murray,

editor of the defunct Crosby County News—the first newspaper ever published on the Plains, which was absorbed by the Crosbyton Review about nine years ago. This home is a small and crudely looking, unpainted box house, nestling among a beautiful grove of locust trees, which were evidently put out by the hand of the first man who was brave enough to venture to run the pioneer paper on the Llano Estacado. Doubtless Judge Murray did as much, or perhaps more than any one man for the county during his day and time, and his memory should be revered by us all. The "silent city of the dead" is located fully a mile and a half from the once proud town of Emma, and in it repose the bones of some of our pioneer settlers, this being the third oldest burying place in the county, the two oldest being at Estacado and Mt. Blanco respectively. It is claimed that the first person to be buried in the Emma cemetery was a negro who was shot and killed by another negro on the Z-Bar-L Ranch in the southeast part of the county. Uncle Hank Smith, the first settler of Crosby county, is sleeping the long sleep here, and by his side is a freshly made grave where his warm friend and scout comrade, Uncle Charlie Hawes, was tenderly laid away a few days ago. Many of the graves in this cemetery are marked by tombs or imposing monuments, yet there are numbers of graves without suitable markings to identify the last resting place of those who are sleeping there. We should pay more attention to our cemeteries than we do, and all graves should be identified and marked in some manner. We owe at least this much to the memory of those who came before us and suffered the hardships and privations of the frontier days, for it is through their good efforts that we now enjoy the many blessings of this great country. See that their graves are kept green and that their last resting place is known and can be pointed out to the generation that come and go. Do this and we fulfill a sacred duty. Mrs. Ezell, the girls and the editor drove from the cemetery to the home of Mr. and Mrs. J. H. Wheeler, a couple of miles distant to see Aunt Hank Smith, who is making her home with her daughter, Mrs. Wheeler, and enjoyed a brief, but pleasant visit with this venerable lady, who is one of the most interesting characters in Crosby County. She is now the only "first settler" left with us; was postmistress of Mount Blanco for thirty odd years and is familiar with the early history

of the county; is a native of far off Scotland, came to America with her parents when a girl and her reminiscences of the past are quite interesting. She kindly promised to write the Review her "Earliest Recollections and Ambitions," and we feel sure it will be very interesting. She has been invited to be present here with the ladies of the Civic League next Tuesday upon the occasion of the visit of Mrs. Phebe K. Warner to our city, and it is hoped she may be a guest of Crosbyton on that date.

NEWS ITEMS FROM THE MONROE SECTION

School opened on the 5th of September with a real good attendance and the pupils are well pleased with their new teacher. The all day singing and barbecue dinner was well attended and enjoyed by some of the people from here last Sunday. Mr. Howell of Abernathy preached here last Sunday night.

The Baptist meeting closed last Thursday night and they report a great meeting with many souls saved and eight baptized into the Baptist church.

A gentleman whose name we failed to learn, is visiting Mr. Matheny and prospecting about putting in a store at Monroe. Let the good work go on. We have a blacksmith shop and need a cotton gin.

Mrs. R. T. Lipscombe and daughters, Sara and Elizabeth of Bonham, Texas, are spending a month in the home of Grandma Stephenson. They like our climate here and enjoy our watermelons very much.

Mrs. J. R. Polson of Savoy, Texas, is visiting in the homes of Clarence Williams, Mrs. Lillie Cox and the Stephenson homes. She likes our Plains country fine.

John Williams of Lubbock spent the week end in his beautiful home here and attended church at Monroe last Sunday.

Prof. W. D. Cox and sister, Miss Leola went back to Canyon to school. Miss Leola will attend institute there and return here in a few days, but Mr. Cox will attend school there the entire term.

Reaping the feed crops is occupying much of the time of our farmers and the harvest is great, with cotton looking well.

Some of our young people attended an ice cream supper in the Vaughn community last Thursday and report a splendid evening.

Robert McCollum will leave in a few days for a trip back to his old home in Grayson county.

ASPIRIN

Name "Bayer" on Genuine

Take Aspirin only as told in each package of genuine Bayer Tablets of Aspirin. Then you will be following the directions and dosage worked out by physicians during 21 years, and proved safe by millions. Take no chances with substitutes. If you see the Bayer Cross on tablets, you can take them without fear for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for pain. Handy tin boxes of twelve tablets cost few cents. Drug-gists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

SUCCESSFUL MEETING CLOSED AT NEW HOPE SUNDAY

Rev. J. E. Oden, preacher in charge of the Lubbock circuit, assisted by Rev. C. E. Lynn, of this city, closed a week's protracted meeting at New Hope last Sunday night. The meeting was successful in as much as there were a number of conversions and several additions to the Methodist church, and some will join other churches as soon as the opportunity affords.

Anthracite Coal Users. We will have a car of Pennsylvania Red Ash Anthracite Coal about the first of October. Phone 324 for booking orders. Thomas Grain and Coal.

We are glad to announce that Walter Myrick, who was kicked in the face by one of his mules several days ago, was able to leave the hospital for his home, west of the city, Tuesday morning.

The Rotary Club of Lubbock is due a great deal of credit for the interest taken by them in the upbuilding of our public schools. They recently donated 100 desks for one of the school rooms. Such acts as this speak louder than words.

New Goods Arriving Daily

Our store is fast filling up with new goods, bought on rock bottom prices, and we are going to give our customers the benefit of our close buying. You will be very much pleased with the goods, price and service you get at our store.

Our new pack pickles are in; they consist of all kinds and sizes of sweet and sour pickles, chow-chow, relishes, mangoes and dill pickles. We also have a full line of jellies, jams and preserves, at pre-war prices.

We have at all times the best line of fresh fruits and vegetables that can be had on this market.

Phone your daily orders to us and you will always get the best goods and best prices. We need your trade and influence and you need our goods.

To our out-of-town friends, we would say that you can do no better than to bring your produce to us as we always give you the highest price for it and sell you goods at the lowest prices. Make our store headquarters when you are in town. We want you to feel at home with us.

MARTIN & WOLCOTT

Store on Broadway

EVERY DAY THE BEST

Our business idea is to make each day a better day than the one before; make more friends each day and to try and do each job just a little better; make our stock more complete and to better suit the needs of the people. That's our idea. Does it sound all right to you?

The Red Cross Pharmacy

W. M. CRAWFORD, Proprietor.

French Care Well For Graves of American Dead

New York Times: The report of the Commission of Fine Arts on American Cemeteries in Europe must give comfort to those whose dead still lie in France, Belgium and England. It certifies that the "existing cemeteries are excellently cared for" and

that even in the case of small cemeteries and of isolated graves there was evidence of respectful and reverent care. So far as the commission observed—and its inquiry covered the entire area of battle—there was "not one instance of neglect." This comprehensive report is confirmed by every American who has visited the graves of our soldiers. A representative of the Times found the graves of the American soldiers farthest to the east, on the edge of Alsace, in the Vosges Mountains, as neatly, gratefully and tenderly "kept" by the people of the hamlet a mile away as the graves of their own French soldiers. Farther south, at the foot of the same range, in Lorraine, a larger number of American graves were found, not only well cared for, but decorated with flowers by the school children of the neighboring city. These instances are typical of the attention that is universally given the graves of our soldiers who lie in France.

The commission, however, looks to such permanent and adequate care

of the American soldiers buried in Europe as shall justify the action of the relatives who elected to allow the bodies of their dead "to remain in the soil for which they fought and died." And the plan which the commission proposes, if adopted, will mean that those who are left yonder will be assured a care lasting beyond the lives and special ministries of those who now mourn their loss, but who can pay their debt no higher honor than that which their country and the witnessing world can give them where they fell. The proposed plans are of the simplest, but are appropriate and impressive: (1) Grounds, ample to give an appropriate space for each grave; (2) uniform headstones of marble and of such size as to allow (3) "the green grass to count," and (4) trees to cover the entire area. The chief dependence will be not on the architecture, but on the planting of trees—and almost every tree will grow in France that will grow in America. It is interesting to note that for the Canadians in their cemeteries the maple is used, and for the Australians the eucalyptus. Trees are also to border the roads leading to the cemeteries from the nearest town or highway. Finally, the plans contemplate an acreage of such size as to allow areas for monuments marking America's valorous participation in the decisive battles.

Our Government has been at an expense of \$10,000,000, it is stated in bringing back the bodies of the more than 50,000 whose next of kin wished them placed in home cemeteries. It should not hesitate for one moment to give as generous support to the proposals of this commission involving less than one third this sum, for the lasting care of the more than 23,000 who have found immortal sepulture among the millions from other countries who gave their lives in the same cause.

SHERIFF'S NOTICE OF ELECTION

STATE OF TEXAS,
County of Lubbock.

Notice is hereby given that an election will be held on the 17th day of September, 1921, at the school house in Common School District No. 9, of this county, as established by Act of the Thirty-Fifth Legislature of the State of Texas, House Bill No. 175, Chapter 27, Fourth Called Session, to determine whether a majority of the legally qualified property-taxpaying voters of said district desire the issuance of bonds on the faith and credit of said Common School District in the amount of \$15,000.00, the bonds to be of the denomination of \$100.00 each, numbered consecutively from one to one hundred and fifty, both inclusive, payable forty years from their date, with an option of redemption at any time after twenty years from their date, and bearing five per cent interest per annum, payable annually on the 10th day of April of each year, to provide funds to be expended in payment of accounts legally contracted in constructing and equipping a public free school building of brick or brick and tile material, within and for said Common School District, and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.

S. F. Collier is hereby appointed presiding officer for said election, and he shall select two judges and two clerks to assist him in holding the same, and he shall, within five

days after said election has been held, make due return thereof to the Commissioners' Court of this county, as is required by law for holding a general election.

All persons who are legally qualified voters of this State and County, and who are resident property taxpayers in said District, shall be entitled to vote at said election, and each voter desiring to support the issuance of the bonds, shall have written or printed on his ballot, the words:

"For The Bonds."

And those opposed shall have written or printed on their ballots, the words:

"Against The Bonds."

Said election was ordered by the County Judge of this County, by order made on the 12th day of August, 1921, and this notice is given in pursuance of said order.

Dated the 16th day of August, 1921.

S-4 C. A. HOLCOMB,
Sheriff, Lubbock County, Texas.

AGRICULTURAL EXPERTS TO TOUR WEST TEXAS SOON

E. J. Kazmeier, poultry development farm expert of the A. & M. College of Texas, will accompany the team of agricultural experts which due to tour West Texas under the auspices of the West Texas Chamber of Commerce in the campaign for increased dairy development, poultry and pork feeding expansion in West Texas. Mr. Kazmeier has for many years been with the Texas A. & M. College and is considered a leading expert in poultry matters.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILI TONIC given regularly for three weeks will enrich the blood, improve the digestion, and set as a General Strengthening Tonic to the whole system. Nature will then throw off or fling the worms, and the child will be in perfect health. Pleasant to take. Six per bottle.

The choicest selection of the Paris models in ladies' fall clothing can now be seen at Lubbock's Exclusive Ladies' Store—The O'Neal Shop. 11-11.

W. A. Myrick, Sr., wife and daughter, of Dallas, are here this week visiting with their two sons, and looking after business matters.

Had You Thought About This?

The People Who Want to Save Judge QUALITY—Then Price

Customers of our store are loyal; they know the quality of the groceries we sell is as high as can be found and that the price is consistent with judicious business. You will find more satisfaction by combining quality in your groceries with conservative prices.

Mr. and Mrs. Woodall of Sweetwater came up Friday to spend a few days with their daughter, Mrs. Neil Wright. Mr. Woodall is at present manager of the Sweetwater Daily and Weekly Reporter. He returned home Sunday, while Mrs. Woodall will remain a few days with her daughter. Mr. Woodall was a pleasant caller at the Avalanche while in the city.

Mr. and Mrs. W. W. Rix and daughter, Miss Alice Ann, and Miss Katherine Poffenbach of Sweetwater, returned Sunday evening from a two weeks' visit in El Porvenir, N. M. Mr. and Mrs. J. A. Rix of Lubbock, accompanied them on the trip. They report this mountain resort a most delightful place for an outing and an ideal time was enjoyed throughout their stay.—Big Spring Herald.

Long-Bell Plan Service

Long-Bell Barn Plan Service makes easier the erection of a better planned barn, garage and other buildings.

Our plan books illustrates and describes many practically designed buildings for the farm.

Don't undertake any buildings before you examine our plans. They are the work of experienced architects—men who have made a study of designing farm buildings.

We will be pleased to have you call and talk over with us your building problem. We are interested in helping you get the right building for your requirements and means.

Announcement

A GORGEOUS SHOWING of ALL the NEW FALL GOODS

Have your children start the new school term right by wearing

CADET Scientific Stockings

The Hose with the Guarantee. The Hose with "Scientifically" strengthened Knees, Heels and Toes. There will be no need of sitting up late to darn their Hosiery for:—"When they wear Cadet—and they do not give satisfaction, send them back and get a new pair free."

Ladies' Foot-wear

A very complete showing in this department. Have just received a large shipment of oxfords and pumps in the much wanted styles and colors, Black Satin, one strap, Baby Louis heels and reasonably priced. Black kid and black patent leather pumps, one strap, Baby Louis heels, and with grey Suede and bead Foxings. Just see those sport styles in brown and black, ball strap, low and military heels—oxfords and pumps. Some very attractive styles in two shades of brown—nubuck and calf—and others. "We have your size." Try on the various models before the sizes are broken.—"Let Kimmel fit you."

The Vogue Emporium

Those new Fisk and King Bee Hats still arriving. Hats for all occasions. Neither word nor picture can tell their charm. Your own eyes will instantly sense that. Not in recent seasons have we afforded such surprising values. The styles correspond exactly with the season's decrees and they are fit company for the costlier and more assertive coats, suits and dresses. We can match your new suit.

STYLE HEADQUARTERS
Where Society Brand Clothes are sold

Society Brand Clothes

To Be a Leader
You Must Dress
Like One

THE men who pay strict attention to their clothes are the ones who hit on all cylinders in the pursuit of success. They know the importance of not missing fire in a matter that counts so much as personal appearance.

To be sure of having that right, a man must wear styles that are right—and you will find them in every suit or overcoat that bears the label—

Society Brand Clothes

These styles for men are first of all authentic. That means they are always in good taste—sensible. That they are refined—not foppish. Never extreme and yet they have a distinguished way about them that makes the man who wears them look distinguished.

Society Brand styles are hand tailored into every garment, and when the style's tailored in to stay in there's no way the coat or trousers can lose shape. The cloth may get old but the style stays young.

There is nothing better in fabric, fit and workmanship.

If that sounds good to you, you'll like the clothes even better. Come in and look them over at your leisure.

The Leader
THE PRICE IS THE THING

"Style Headquarters"—Where Society Brand Clothes are Sold

Ladies' Ready-to-wear

Coats, Suits, Skirts; Blouses, Corsets, Undergarments, and Nightwear, and everything else, of great worth at little cost. Though moderately priced these are fabrics of much charm and sincere goodness. The styling is in thorough accord with the season's ruling. The workmanship is held up to high standards—not in any way cheapened that the price might be held down. The whole idea of these very desirable coats and suits—is that they shall be the very best possible in quality, style and workmanship for the money. Really good coats and suits are available for as little as \$27.50. Others for as much as you care to pay.

Hemstitching, Dressmaking and Pecoting

We are well equipped to take care of your needs in these lines and, having secured the services of one who is experienced and capable of doing it right, we guarantee satisfaction.—"In Leader Balcony."

Boys' Suits

"Knickerbocker" suits with two pair of trousers unmistakably means double life for the suit. We have them in the desired colors and all sizes. Get the next suit with two pair of trousers. Let it be a "Knickerbocker."

Merchandise and Service

Whether at the lowest prices or at the higher, we have that merchandise that will give matchless service and workmanship that is unusual, while the values are unquestionably a long stride ahead of the expectations of the most insistent upon quick returns to former price levels.

SCHOOL DAYS

Demands tablets, pencils, pens, ink, drawing books, construction paper, theme tablets, water colors, crayons and various other things. We carry a line of school supplies that will certainly meet the demands of school days—Call on us.

The Dirt that Sifts from Your Clothes

If you could see the common street dirt, dust and grit that sifts from your clothes when they are dusted in our special dusting machine before we clean them, you'd wonder what happens when you wear clothes that are not dry-cleaned.

Of course the dirt sifts through, onto your under apparel—and your person.

More than that, it grinds and cuts the fibres of your outer garments—they wear out faster than they should.

Both for health's sake and economy's sake, skirts, jackets, suits and coats should be dry-cleaned frequently—and of course there is the matter of good looks to be considered, too.

Have us call for your things today. We dry-clean the modern way.

Why Kaffirs Hold Important Place in Farm Diversification

Often in the enthusiasm, optimistic friends of the Panhandle-Plains country of Texas will state that this is destined to be the greatest wheat producing area in the United States. This may be true, and in fact all of us so believe, but at that we cannot afford to overlook the fact that the kaffirs also have a place of importance in the farm scheme, and that around the grain sorghums hinge many of the greatest possibilities of this territory.

How can it be said that the kaffir involve the element of the country's greatness? In this, that they are the feed crop of the Plains area of Texas. On the grain sorghums the milk producing cow, the meat producing hog and the egg and most producing hen are fed most economically and profitably. Wheat is a cash crop, wheat is an important crop, wheat is a crop that may be grown with less labor than any other, but if adopted as a one-crop item for the forms of this territory, a penalty will be invited that will be avoided if there is a scheme of diversification.

It has been given to Superintendent R. E. Karper of the Experiment Station at Lubbock, to do a great deal of valuable work in connection with the task of giving to this portion of the State kaffirs of a superior order. Mr. Karper has worked persistently to the end of determining facts concerning the grain sorghums, the corn of the Plains Country of Texas. This man has not deviated from his determination to know what might be done along the line of securing to the people a kaffir, or a long line of kaffirs, possessed of just the elements desired.

With a fine spirit of determination he has pressed forward in his work, and now he is able to announce a kaffir whose qualities are as standard as are those of corn in the strictly corn-growing territory. It may be said with any possibility of overdoing the endorsement that Mr. Karper has performed a service for the people of this portion of the State that cannot be estimated too highly. The yield has been increased, the crop rendered uniform as to height, habit and forage producing possibilities.

Kaffir is a great item in diversification of the farm scheme, and such men as Karper deserve much credit for the development of this important crop.—Amarillo News.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to Take. 50¢ per bottle.

Evangelist Lockett Adair is spending a few days with his family. He was present at the Methodist church Sunday morning, and met many of his former acquaintances, and some of the people who were converted under his preaching several years ago, while here in a great revival meeting.

The Advantage in Selling

Quality Clothes

Everybody is satisfied. No kicks—the only come back is a come-back for another Suit. This kind of sales builds volume, and the merchant that is assured volume can sell for less.

See our Pelham line of clothing for men that retail from \$30 to \$40.00.—TRI-HEX Clothes for Boys, priced \$10 to \$15; some with two pair trousers.

Examine these suits thoroughly and carefully and you'll understand our claim of offering you at moderate prices a strictly high-grade line of clothes for men, young men and boys.

G. O. P. MISERABLY FAIL SAYS DEMOCRATIC CHIEF

Washington, Aug. 27.—Congress by taking its recess says Chairman White, of the Democratic national committee, in a formal statement, has "voluntarily joined the ranks of the 5,735,000 unemployed."

Assailing the congress for "incapacity" and inefficiency the Democratic national chairman says an "extra session called to 'save the country' has quit its job for a month without having passed a single remedial measure unless the agricultural bill should justify its supporters in projecting government into private business."

Mr. White described the situation as "in sad contrast" with the Democratic congress, which, he says, remained in continuous session until its legislative program was completed.

STATE SCHOOL APPORTIONMENT IS \$13.00 PER CAPITA

Austin.—The state board of education has fixed the state school apportionment at \$13 per capita. The total number of scholastics in the State was reported by the state superintendent as 1,298,280. The estimate of expenses of free text-books for the scholastic year of 1920-21 was given as \$1,681,608. The balance in the text-book fund on Sept. 1 was estimated to be \$300,000. The board set aside \$1,381,608 as a text book fund, the board being required to include each year the balance in the text-book fund to meet the expenses of the ensuing year.

The product of the 15-cent tax for text books was estimated at \$4,044,563. Deduction from this the amount set aside as the text-book fund, it was found that from this 15-cent tax there would remain in the available school fund for the session of 1920-21, \$2,662,959.

Anthracite Coal Users. We will have a car of Pennsylvania Red Ash Anthracite Coal about the first of October. Phone 324 for booking orders. Thomas Grain and Coal.

Governor Neff Cuts Big Appropriation Bill By Legislature

Austin, Sept. 1.—Governor Neff today signed the eleemosynary bill after cutting the total allowed for the two years by \$628,760, thus making the total now \$5,689,515. He also signed the rural school bill carrying \$1,500,000 for the first year and \$1,600,000 for the second year and the bill appropriating \$60,000 for a new school building at the Corsicana State Orphans' Home. The governor announced that he would sign the departmental and educational appropriations bills tomorrow.

Contingent Fund Falls.
The largest cut made by the executive pencil in the eleemosynary bill was accomplished through striking out entirely the contingent funds for the various institutions amounting to a total of \$277,500 each year. This amount was taken on in conference committee by the compromise which left the Pope amendment requiring that all funds not expended for the specific purpose set out be left in or returned to the state treasury. Thus the Pope amendment is retained in the bill without qualification.

The next largest single cut was accomplished through elimination of the entire appropriation for the Home for Neglected and Dependent Children at Waco for the first year. This amounted to \$45,380 and thus postpones opening of the home from September 1, 1921 to September 1, 1922.

No Jobs Eliminated.
Other items stricken out were for improvements, repairs and other minor expenses. No jobs were eliminated. As the bill went to the governor from the first called session of the Thirty-Seventh Legislature it carried \$6,313,725 for the two years, or \$3,248,320 the first year and \$3,065,405 the second year. This represented a reduction from the amounts called for in the measure as it came from the committee.

The reduction made by the governor affected every eleemosynary institution in the state. The institutions for which the bill provided are the Confederate Woman's Home, State Confederate Home, State Lunatic Asylum, State Pasteur Institute, Southwestern Insane Asylum, North Texas Hospital for the insane, East Texas Hospital for the insane, State Epileptic colony, State Orphans' home, State Juvenile Training School, Girls' Training School, State Colony for Fyble-Minded, State Tuberculosis Sanitarium, Hospital for Crooked Children, Deaf, Dumb and Blind Institution for Colored Youths; Northwest Texas Insane Asylum, Home for Dependent and Neglected Children.

Rural Aid Bill
The Rural aid bill was signed in the presence of Miss Annie Webb Blanton, state superintendent of public instruction; S. M. N. Marrs of the department of education; Lee Borden head of the rural school division of the department of education, and Dr. S. P. Brooks, president of Baylor University at Waco.

Governor Neff also signed the emergency appropriations bill carrying \$575,375 after cutting it down \$4,350 by eliminating an item for travel expenses amounting to \$750, an amount for furniture amounting to \$3,600.

NEWS ITEMS CLIPPED FROM THE HALE CENTER RECORD

Ducks are swarming to the lakes around Hale Center in very large numbers and are reported to be doing a great deal of damage to the grain.

Several men of Hale Center are hunting ducks every evening and are killing quite a few of them.

Tuesday evening a good rain fell in and around Hale Center to the amount of about 1-2 inch. The rain lasted only a few minutes, but wet the ground a great deal. This rain will help the row crops a great deal. They were badly in need of a good rain.

It is rumored that R. W. Lemond is going to have the old frame building on the corner of the main street torn down and that he will build a new two story brick building in its place. The project has been talked of for some time, and it is hoped by everybody that the plans work out favorably. A brick in place of the present building will certainly help the looks of the town and will also be a financial benefit.

Mr. Peterson states that he will start work on the new brick building on the lot formerly occupied by the Gandy Grocery Co., as soon as the material for the building arrives. The building will be occupied by the Moon Dry Goods and Grocery Co.

The NEW EDISON

Muzio the magnificent; the enchantress of the Metropolitan; idolized by London, Paris, Madrid, Milan, Buenos Aires and New York such is Muzio. Behind the mysterious curtain, which screens the recording secrets of Edison, her divine voice is perpetuated in every phase of its unsurpassed beauty.

Edison, the severest of all music critics, listens intently and is pleased with Muzio.

Bamboschek, principal conductor of the Metropolitan Opera, listened to Muzio sing in comparison with the New Edison's RE-CREATION of her voice, and the following is his signed verdict:

"I have heard a comparison between Miss Claudia Muzio's voice and its RE-CREATION by the New Edison. I consider that the quality of Miss Muzio's living voice and the quality of her RE-CREATION voice are identical."

The New Edison is positively the only phonograph that can sustain the test of direct comparison with living artists.

In the home, no matter where that home may be, Edison's new invention gives you the world's best music, just as it is heard in the operatic capitals of both hemispheres. The New Edison is the complete answer to Emerson's wish "Could I only have music on my own terms, whenever I wished the ablation and inundation of musical waves, that are a bath and a medicine."

—the above is only half of it!

It proves that the New Edison brings the real artist—and the real opera to your home. It establishes, beyond doubt or conjecture, that the New Edison is the only instrumentality by which the full beauties of true music can be enjoyed in every home. Now comes a plan by which you can benefit from good music beyond mere entertainment—Mood Music.

It Banishes Unpleasant Moods!

Mood Music helps you control your mental and physical well-being. It soothes you when you are nervous. Refreshes you when tired. Cheers you when sad. In a 32 page booklet, this wonderful new way of using music is fully described and over 100 selections are classified according to the effects they produce upon a listener. Fill out the coupon and get your copy of the booklet, "Mood Music."

3 Days of Mood Music Free!

If you do not own a New Edison, we will gladly loan you one on three days free trial—so you can learn what Mood Music and the New Edison will do for you.

About Mood Music

Mood Music is the result of a two year research by Mr. Edison into the effects of Music. The psychological work was under the direction of Dr. W. V. Bingham, Director of Applied Psychology, Carnegie Institute of Technology, and other psychologists. The remarkable discoveries, which they made through countless experiments, are now in booklet form for your practical use.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

C. S. Middleton made a business trip to Amarillo, the latter part of last week.

E. E. Simpson, of Plainview, was a visitor to Lubbock the latter part of last week.

Some Reasons Why Business Should Begin to Get Better

1. The growing ease of money, and the increasing bank reserves, which are prerequisites of business activity.
2. The tone of the stock market, which registering as it does the collective opinion of acute and trained observers, is distinctly firmer and substantially higher.
3. The advance in bonds, which shows that investors are recovering confidence and indicates that hoarded capital will shortly be seeking employment.
4. The government report on the cotton crop, which puts the reduction in acreage at 28 per cent and connotes a hitherto unattainable degree of cooperation among the Southern farmers, by virtue of which they will in the future be able to control the price of cotton and assure reasonable prosperity for the South.
5. The manifest improvement in the railroad situation evidenced by a very substantial increase in net earnings for May.
6. The remarkable increase in savings bank deposits in New York and Chicago during the last six months.
7. The general improved position of the public utility companies in the United States as a result of the general advance in street car fares and public service charges that has been authorized.

FINE STATIONERY

We have probably the finest selection of stationery to be found on the South Plains. Our toilet requisites, soaps, perfumes, etc., are standard and high class. Our drugs and medicines are fresh and our desire to serve you is growing with our increasing business.

Remarkable health; fine athletics; Strong Moral Influences. A school with Spirit and Ideals.

If you have a boy, or if you are a boy, you will be interested in our catalogue. We shall be glad to send it to you on request.

THE PRINCIPALS, Allen Academy, Bryan, Texas.

8. The increase in building activity that is reported from all over the country and the general belief that there is a large potential demand for steel that will make itself felt when prices are reduced.
9. The good distributive trade that is reported in most wholesale staple markets, and a retail trade in essentials, whose volumes as indicated by its money value is as large as last year.
10. The manifestly better feeling in England that has followed the settlement of the coal strike, and the parlors now being held in Dublin and London, from which a permanent solution of the troublesome Irish problem is expected.

NOTE: Already things are beginning to sizzle. Textile markets are distinctly active and higher. The "opening" of the Amoskeg Co.'s springline of cotton goods on July 18, the response from buyers is described as being "one of the most remarkable known in the dry goods history, as before noon it became apparent that the company's whole spring product would be under order by the end of the day because cutters were ordering three to four times the quantity taken a year ago." Well informed merchants generally expect equal eagerness to buy at the opening of the American Woolen Co.'s spring lines. In the ready-made clothing market similar conditions are reported. Scarcity and higher prices for refined sugar, tea,

tin goods, potash, coal, textiles, silk, leather, toys. The supply of Christmas toys is said to be altogether inadequate. Shoe manufacturers are getting busy. Steel purchases increasing. Improved conditions in transportation industry is daily becoming more evident and indications are that its entire capacity will soon be profitably employed in moving the crops and commodities for which their proceeds will be exchanged. Good export demand for cotton goods. Bonds higher, reflecting expectation of even easier money following reduction Federal Reserve and Bank of England to 5 1-2 per cent. Good business placed at Grand Rapids furniture market. Business reassured by call for disarmament.

NOTICE BY PUBLICATION IN PROBATE

THE STATE OF TEXAS
To the Sheriff or any Constable of Lubbock County, Greeting:

You are hereby commanded to cause to be published (in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your County) at least once a week for ten days previous to the return day hereof, copies of the following notice:

THE STATE OF TEXAS.

To all persons interested in the Estate of J. J. Dieter, deceased: Minnie L. Dieter has filed an application in the County Court of Lubbock County, on the 20th day of August, 1921, for appointment as administratrix of the estate of J. J. Dieter, deceased, which said application will be heard by said Court on the 19th day of September, 1921, at the Court House of said County, in Lubbock, at which time all persons interested in said estate are required to appear and contest said application, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at Lubbock, Texas, this 20th day of August, 1921.

(Seal) SAM T. DAVIS, Clerk, County Court, Lubbock County, Texas. 9-4

AS THINGS HAPPENED OVER LORENZO WAY

(Lorenzo Enterprise)
Mr. J. S. Grant and Miss Rosa Mae McDermitt were united in marriage at the home of her sister, Mrs. Freeman, in Crosbyton, with Rev. Hitchcock, officiating.

The bride is the daughter of Mr. and Mrs. H. M. McDermitt of Falls, and is a beautiful and accomplished young lady, and she has a host of admirers in her community.

Mr. Grant is a superintendent of Old Emma public school and is well known all over this community. He was superintendent here several years ago and has many warm friends here.

The Enterprise joins their many friends in extending hearty congratulations and best wishes for a long and prosperous married life.

The first bale of cotton to be picked and ginned in Lorenzo this season was brought to town yesterday by Mr. T. D. Grant who lives on the Cliff Westerman place about 10 miles south of town. The bale was ginned by the Fuller Gin Co., and weighed 480 pounds. It was bought by Dillard & Fullingim at 26 1-4 cents per pound. A bonus of \$47.70 was given to Mr. Grant by the business men of town and others. This is, we believe, the earliest cotton ever brought to Lorenzo, at least the earliest in a number of years and this is the second year in succession that Lorenzo has received the first bale of the Plains. The first bale on the plains was brought last year on Tuesday, September 21, by H. M. Jenkins. Mr. Jenkins received 30 1-2 cents per pound for his cotton.

G. L. Montgomery, of Tahoka, was in Lubbock the latter part of last week attending to business matters.

S. A. Austin, farmer of the Idalou community, made a business trip to Lubbock the latter part of last week.

Read These ABC Rules About Batteries

Adjustment and oiling make your bearings last longer—proper inflation and careful driving make your tires last longer—cleaning makes your spark plugs serve longer and better. It is worth remembering that there are rules just as simple for making your battery last longer and serve more faithfully.

Here are three rules in ABC form:

- 1—Put in water regularly and keep up the charge.
- 2—Come in every two weeks for battery service.
- 3—And when your present battery wears out, buy a Willard Threaded Rubber Battery—the only battery with Threaded Rubber Insulation between the plates.

There is only one battery good enough for us to back by our unqualified recommendation—that's the Willard Threaded Rubber Battery. Come in—and we'll show you some records it has made right here.

South Plains Wool Growers Ship Lot of Wool Recently

The South Plains Farm Bureau Wool Growers' Association with headquarters at Lubbock, holds the record of having shipped the largest holding of Texas wool to the Southwestern Farm Bureau Wool and Mohair Growers' Co-operative Marketing Association at Houston.

Five cars of wool totaling 123,700 pounds have been shipped by the local association to the Houston warehouse, where it will be graded and classed by a Government grader. Following this grading a check is issued to the grower covering a standard per cent of the value of the wool in storage and the balance is paid after the wool has been marketed by the offices of the Southwestern Association.

J. W. Jennins, Lubbock County farm agent is secretary-manager of the South Plains Farm Bureau Wool Growers' Association, with headquarters in this city, and has been instrumental in putting over the farm bureau idea in this section. Last year the association handled 500,000-lbs. of wool and will handle approximately the same volume this year.

J. E. Borg-Scott is director general of the Southwestern Association and arrangements have been made for the marketing of the wool upon the Government grade direct to the Eastern mills, taking advantage of the low water rates from Houston to New England ports. The Houston warehouse will store more than 2,000,000 pounds.

Throughout this section the sheep industry is growing in favor with the small farmer as well as with the extensive grower of sheep. Low cost of fed production, plus high freight rates, has forced the individual farmer of this section to market his crop on the hoof. "Drive your feed to market" is the slogan. The result is increased prosperity for the individual farmer and the South Plains section as a whole.

NEWS ITEMS FROM THE LAMESA JOURNAL

T. A. Miller is having a large body of land adjoining the town site on the north surveyed, preparatory to putting it on the market in small tracts. This will offer a great opportunity for men of small means to acquire a farm close in, where a good income could be derived from truck farming, poultry, grapes, berries, cream, butter, etc. The Journal will watch with keen interest the development of Mr. Miller's project. Its success will mean much for the growth and prosperity of Lamesa.

The report that Perkins Brothers had sold their drug store and were retiring from business came as a surprise to our people. We certainly regret the loss of the Perkins brothers from the ranks of Lamesa's progressive and enterprising businessmen, but are glad to say that they will continue to make their home here. The new proprietors, Messrs. Lowry and Clark, are experienced druggists and men of push and vim, who will prove a valuable addition to our town and community.

Tourists passing through Lamesa will be given a hearty welcome and will be treated with real Texas hospitality. The Chamber of Commerce has secured a suitable site in the north part of town to be used as a parking place and camp ground for autoists. Everything will be free—wood, light and water. Lamesa wants to make it known to the world that there is no string tied to its hospitality. This fact will be advertised on big signboards along the highway.

RODEO RIDER IS KILLED BY HORSE AT AMARILLO

Vivian E. (Nig) Witherspoon, 21, of Silverton, Texas, and here to take part in the rodeo program during the Labor and Industrial Show was instantly killed Monday morning when horse he was riding crushed him to the pavement at Third and Taylor Streets as a group of riders were taking their places in the parade forming there at 9 o'clock.

All the round-up participants were wired up and ready to join the parade when the wild horse which Witherspoon was riding became frightened at something, reared and lost his balance falling heavily upon its rider on the brick pavement.

An ambulance was immediately called but life had departed before the ambulance could arrive. Witherspoon lived only about fifteen minutes.

Witherspoon had been riding bad horses and bulldozing steers for some time and his career was very promising and his untimely death is a shock to all that knew him.

He is survived by his father, C. J. Witherspoon of Silverton, and two brothers, Barton and Loys.—Amarillo Tribune.

\$25,000 IS PAID BY UNKNOWN TO EASE CONSCIENCE

New York, Sept. 4.—United States Commissioner Samuel Hitchcock today received at the Federal building a plain envelope containing \$25,000 in negotiable treasury certificates. A crude note in the packet was signed "Anonymous" and explained that the writer was returning the securities because his conscience hurt him.

The commissioner recalled that August 4, Frederick J. Kelly, a former internal revenue collector, had been arrested in connection with the disappearance of \$27,000 worth of certificates. His landlady, Mrs. Elizabeth Van Nostrand, also was taken into custody. At the time of their arrest both denied knowledge of the thefts.

The record notes were identified this afternoon as a part of the \$27,000 Kelly is accused of having stolen.

Misses Vivian Hardy and Jessie Lee Vance of Shallowater, are attending the Lubbock school. They are staying at the home of their aunt, Mrs. A. F. Houser.

FIRST BABY BORN IN HOCKLEY CITY

According to notice received here, George P. Smith, Jr., of Hockley county, has the distinction of being the first child born in Hockley City. George P. Sr., made his appearance in the home of Mr. and Mrs. George P. Smith, August 30. Mr. Smith is county clerk of Hockley county, and the baby, in addition to being the first born in the new town, was born

in the building first used as a court house. Mr. and Mrs. Smith used part of the building for a residence, and the remainder for keeping the county records until a temporary court house could be erected.

If This Were Your Washing

A small matter, this—yet only one of the risks incurred in sending the washing "out."

In what you wear, as in what you eat, purity and sanitation are important—and these you can be sure of only in a thoroughly modern laundry like ours.

Consider these things—what you send us is washed in billowy, purifying suds, in four fresh waters; it is rinsed not once, but three or four times, in more clean, clear water. Then ironed at 212 degrees and more, and wrapped, finally in a sun-it room, and in a dust-proof package.

Not mere cleanness—but practical sterilization.

And you'll find it economical, and clothes-conserving, too. Try this modern way by sending us your next family washing. Phone today.

Swine Husbandry Recommends Feeding Maize and Kafir

(By A. L. Ward.)
Hogs are now selling around 10 cents per pound, while kafir, milo and

feterita are bringing West Texas farmers from \$8 to \$9 a ton in the head.

Many experiments have been conducted to determine the feeding value of kafir, milo and feterita and, from these experiments, it is safe to conclude that kafir and milo, when fed to hogs, produce practically as large gains as corn; in most experiments, kafir required 4 per cent, feterita 7 per cent and milo 2 per cent more concentrate for a 100-pound gain than corn.

Using this 2 per cent decrease in value on milo compared with corn, carefully conducted experiments show that a 225-pound porker from a well bred sow will cost as follows, including the cost of carrying the sow during pregnancy:

To birth, 46 pounds milo.
To weaning time at 30 pounds, feeds equivalent to 73.5 pounds milo, 29 pounds gray shorts and 7 1-2 pounds tankage.
From weaning time to 225 pounds weight, 771 1-2 pounds milo and 33 1-4 pounds tankage.
Total feed required 891 pounds milo, 29 pounds shorts and 41 pounds tankage.

Threshing the ton of milo heads

gives 1,500 pounds threshed grain. Adding to this the cost of threshing and grinding, the original ton of milo reduced to 1,500 pounds will cost \$15 or \$20.

Figures on this basis the 225-pound power will be \$8.91 for milo, 53 cents for gray shorts and 84 cents for tankage, a total of \$10.28, or \$4.52 a hundred pounds. With hogs at 10 cents, the porker will bring \$22.50. If an average for freight and commission is spent on the hog and to this amount is added the \$1.37 for shorts and tankage, there is a total of \$5.87 to be deducted from gross receipts of \$22.50, leaving \$16.63 as a return on the 891 pounds of milo, or \$37 a ton, against \$20 a ton, the maximum amount the farmer could receive for ground-threshed milo.

With the immense maize crop that West Texas has this year, it will mean a saving of millions of dollars to the farmers if they will feed milo and kafir to hogs. West Texas farmers should begin buying pure bred sows to place on their farms, as these produce the most profitable feeders and are the best money-makers.—Fort Worth Star-Telegram.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

SHERIFF'S NOTICE OF ELECTION

STATE OF TEXAS,
County of Lubbock.

Notice is hereby given that an election will be held on the 17th day of September, 1921, at the school house in Common School District No. 9, of this county, as established by Act of the Twenty-Fifth Legislature of Texas, H. B. No. 175, Chapter 27, Fourth Called Session, to determine whether a majority of the legally qualified property-taxpaying voters of said district desire to tax themselves of and at the rate of not exceeding \$1.00 on the \$100.00 valuation of all taxable property in said district for the purpose of supplementing the State School fund apportioned to said district, and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually a tax of and at the rate of not exceeding \$1.00 on the \$100.00 valuation of all taxable property in said district for said purpose.

S. F. Collier is hereby appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding the same, and he shall, within five days after said election has been held, make due return thereof to the Commissioners' Court of this county, as is required by law for holding a general election. The ballots for said election shall have written or printed thereon the words:

"For School Tax."
"Against School Tax."
All persons who are legally qualified voters of this State and county and who are resident property-taxpayers in said district shall be entitled to vote at said election.

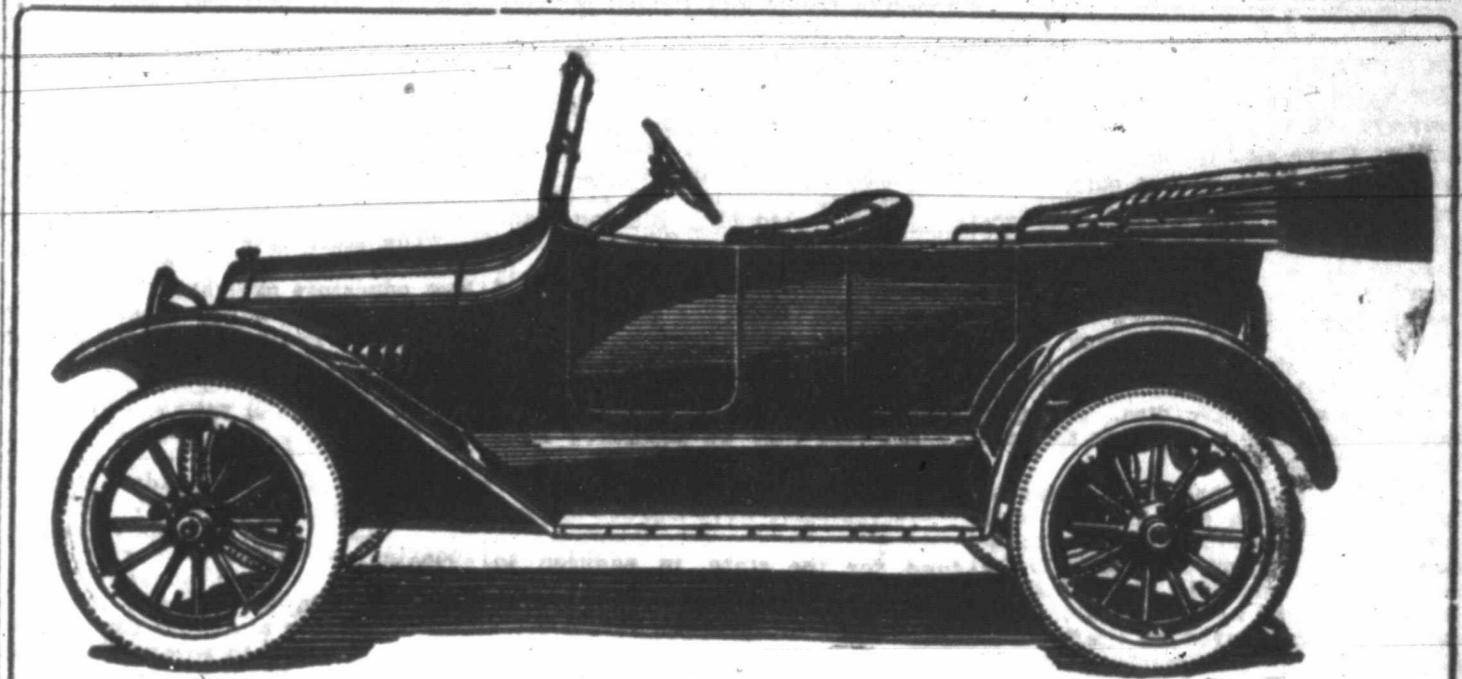

Said election was ordered by the County Judge of this county by order made on the 12th day of August, 1921, and this notice is given in pursuance of said order.

Dated the 17th day of August, 1921.
C. A. HOLCOMB,
Sheriff, Lubbock County, Texas.

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 8c

ANNIE WEBB BLANTON WANTS THE SCHOOLS REMOVED FROM POLITICS AND BETTER SUPPORT IS NECESSARY

A demand to take the public school system of Texas out of politics and support it by a constitutional amendment tax levy, was made by Miss Annie Webb Blanton, state superintendent of public instruction, in a talk at the opening program of the Amarillo Labor and Industrial Show at the Deandi Theatre. Showing that her statements about the public school system were made without fear, she declared that she had unequivocally decided not to be a candidate for re-election next year.

"I want this morning to make you realize that the schools of Texas are your own," said Miss Blanton, "and that you are responsible for them. We have been told that we live in the greatest democracy of the world and in the greatest state. We tell the world how high we stand in many lines, but we don't boast that we stand 39th in education in the United States. And this is true in spite of the fact that we separated from Mexico partly because of school conditions.

"In the early days leagues of land were set aside for permanent school fund for the state, in addition to land given to counties. The state fund now totals \$73,000,000, the interest on which is used for school purposes."

Miss Blanton then launched into a discussion of how the schools derived their support. She said the interest on public funds amounted to three to four million dollars a year and that another million came from poll taxes.

One-fourth of occupation tax goes to school funds. In addition there is a 20-cent state levy besides the 15-cent levy for free textbooks under the amendment passed in 1918. Miss Blanton credited union labor for being largely responsible for the carrying of the textbook amendment. Were it not for that amendment the schools of Texas would receive about \$2 less for each pupil now, said Miss Blanton.

The total income for school purposes, she estimated is \$18,000,000, which divided among 1,272,000 pupils, gives \$14.50 for each child of school age.

"The state is giving one-third of the revenue for school purposes, and best educators estimated the amount should be one-half," declared Miss Blanton. "Texas is noted for having city schools the equal of any in the nation. But the reason Texas has such a low school rating is that she has the largest rural school problem in the United States. We have nearly 400,000 pupils taking advantage of city schools, while nearly 900,000 must attend rural schools. Frankly speaking, one-third of our children are getting a good education.

"We don't appreciate the value of a good teacher and what she can do to inspire a child to accomplish noble things. Some years a pupil will have a good teacher and other ones an inferior one—and the result is that the education of the scholar suffers. But that is a problem we even heard of in the days of Plato, who denounced Greek parents for turning over the education of their children to unlearned slaves."

Miss Blanton gave statistics about the education of teachers, showing that a small percentage of the rural teachers have college educations. She charged that adjoining states were taking hundreds of good teachers from Texas. Belief was expressed that Texas can have good teachers and high-grade pupils by using a little more of the "I Can" in "Americanism."

"About two per cent of our children graduate from the high school, but of that number we have the largest percentage of any state in the Union going into college. It shows that if you give the Texas children so much education they will demand still more. Pupils are quitting school in the sixth grade, and if we don't stop this practice, I warn you that Texas will have a sixth grade citizenship."

Texas must have some system about its schools. You find that the normal schools have regents who are supposed to make recommendations

Next door to Russell Building 11th Street

and supervise the schools. But they can't do it because of the uncertainty of funds from our state legislature. They can't make plans for the future, for they don't know whether they will get the money.

"Plans must be made for the passage of a constitutional amendment giving definite money for the schools of the state. Members of our legislature are incompetent to vote on many of our bills and, in fact, don't know what they are voting for."

At this point Miss Blanton lauded Mr. Satterwhite for his work in trying to get adequate appropriations for the rural schools.

"The easy thing to do is to remain in your office and say nothing about conditions," continued Miss Blanton. "It has been said it does not pay a state official to be honest and fight graft. But I have no intention of running for a third term, and I am going to fight for the things I believe right."

Miss Blanton told of the need of rural school support. She showed how the Panhandle had a large attendance for its enumeration, while many other sections had a small one. Because of this condition, which brings about the padded census reports, she urges that school money should be based on the attendance and not the enumeration.

Another serious need of Texas, she declared, is a state equalization board, which will really function and make equitable tax rates. Prediction was made that if attention was paid to educating the present generation in the state, Texas could be regenerated in a decade.

ACUFF ITEMS OF THE PAST WEEK

The little showers we are having are certainly appreciated. They will help our crops considerably. Hope more rain comes.

Mr. and Mrs. Earl Davis and children and Mr. and Mrs. J. C. Burns spent the week end in Lockney visiting Mr. and Mrs. Alex Norris, returning home Sunday evening.

Mrs. Ivan C. Baucum and two sons came in Saturday from Conyon City. She will be the principal of Acuff school this term.

Mr. J. J. Carroll came home from Palestine Saturday morning where he had been for a week.

L. S. Evitt killed a beef Saturday morning.

Mr. and Mrs. J. M. Bloyd and son Jesse motored to Lubbock Saturday.

Mrs. W. D. Davis spent part of last week with Mrs. Carroll.

Mr. Courtney's team ran away with the binder last week and damaged it considerably.

Mr. and Mrs. Paul Selman and children of Ralls visited Mr. and Mrs. L. S. Vvitt Sunday.

Sunday is singing day at Acuff, ever one come.

School started at Acuff Monday morning.

Singing Sunday night at the Blair home was enjoyed considerably by all who attended.

Messrs E. O. and C. W. Evitt and wives attended church services at

Petersburg Sunday morning and singing at Idalou Sunday evening. They report a splendid trip.

ITEMS CLIPPED FROM THE CROSBYTON REVIEW

Abe Lincoln Ellison was a pleasant caller at the Review office Tuesday and before leaving he confided to us that it was his birthday and that he was sixty years old, having been born in Union County, Tenn., August 30, 1861. His father joined the Federal Army at the early call of Lincoln and had been wearing the uniform of blue before Uncle Abe was ushered into the world. Uncle Abe is one of our best citizens and the Review hopes he may enjoy many more birthdays.

The Review regrets to chronicle the death of Ogie Caddell, a nephew of Judge Parris, in the Estacado community, Tuesday night after an illness of about three weeks with typhoid fever. He is said to have been a fine young man, only in his teens, and his taking away thus early in life makes it doubly sad. Interment was made in the ceme-

Visitors at Wednesday's luncheon: W. H. Stanton of Lubbock; R. C. Mowery, teacher of animal husbandry at the high school; Malcolm McLarry, nephew of Neil Wright.
At the suggestion of Rotarian Keen

it was moved that a Rotary Day be held at the High School each week, and some member of the Club make a talk to the High School students on his line of business. The idea being to give the boys something to think about during their school days, so they may study with the business in mind they would like to enter when they completed their education.
At the suggestion of Rotarian L. T. Martin, it was moved that we furnish the Avalanche, with Rotarian items for the paper each week, giving news that would be of interest to Rotarians or to the public in regard to what they are doing for the public good.

Secretary Keen in ordering paraphernalia for the open meeting of the club, was surprised when he tried to get it out of the express office that he had enough to entertain a county fair for a week. Mistake of company in filling the order. No, he did not take it out. The county fair association might buy some cheap entertainment from the company who filled the order.
Francis Conley, daughter of Rotarian A. B. Conley, Jr., will attend school at Ward Belmont, at Nashville, Tenn.
Miss Marion Conley, daughter of Mr. and Mrs. A. B. Conley, Jr., will be married to Mr. Robert Quincy Jennings, the 15th of September, at their residence on Eleventh street.
Lawrence T. Martin Jr., son of Rotarian Martin, left for Houston Thursday, to enter Rice Institute, to prepare himself for an Electrical Engineer.

**PLAINS SINGING CONVENTION
MEETS SATURDAY AND SUN.**

We are requested to announce that the Plains Singing Convention will be held in Lubbock Saturday and Sunday. Saturday afternoon there will be a business session held at 2:30 o'clock, and during Sunday there will be a great singing program. This convention is composed of the singers of Lubbock, Hale, Crosby, Lynn, Garza and Terry counties, and the public is cordially invited.

**GET TOGETHER MEETING
HELD AT BAPTIST CHURCH**

The members and friends of the Baptist church held a "Get together meeting" in the basement of their new church building on 11th street, Wednesday evening. A nice little program was rendered, consisting of a violin solo by Miss Mary Meadows; a vocal solo by Miss Maggie Brashear; a short address by Judge Klett. After the program, delicious refreshments were served by the Ladies Aid of the church. Dr. Virgin, pastor of the Amarillo Baptist church, who was selected to make the principal address of the evening, was unable to come owing to illness of his wife.

40 COUNTIES TO BE REPRESENTED IN CONVENTION

The Christian churches of the forty counties of the Panhandle are to meet in annual convention at Pampa, September 12 to 14. An excellent program has been arranged and it is hoped that a large attendance may assemble. A big cordial invitation is extended to congregations in the district of the Christian church living in the district and not locally identified. Jasper Rogue, pastor-evangelist, Perryton, Texas, would like the address of all unidentified disciples in the district.

CHURCH NOTES

Rev. W. E. Lyon, formerly presiding elder of the Lubbock district now living in Abilene, and holding the position of Centenary Secretary of the Northwest Texas Conference, East New Mexico and Western Oklahoma, was here this week looking after matters in connection with his work.

Hot?

You know how much easier it is for you to overheat after you have over-safed.

Batteries are almost human. The battery that overheats and puts you to a lot of trouble, due to warped or buckled plates, is the battery that has been allowed to over-charge.

There is a mighty simple remedy for overheating of batteries. If you haven't tried it you'll be surprised to find how well it works. Here it is:

TURN ON YOUR HEADLIGHTS THE REST OF THE DAY WHILE DRIVING.

We can tell you some other things about batteries that will save you trouble and expense. Come in anytime.

Efforts Will Be Made to Greatly Increase Dairying in Texas

Stamford, Texas—The itinerary of the Live Stock Committee of the West Texas Chamber of Commerce in its campaign looking to the increased production of dairy products hogs and poultry, is announced as follows:

Decatur, September 15th; Memphis, September 16th and 17th; Groom, September 19th; Plainview, September 20th; Lubbock, September 21st; Childress, September 22nd. At Memphis and Childress the dates will coincide with the dates of the fairs held at those points, and the members of the Committee in addition to addressing the farmers along the lines mentioned above will also assist in the judging of live stock exhibits at these fairs. The personnel of the Committee will consist of J. W. Ridgway, educational director for the Mistletoe Creameries, C. C. French, swine expert for the Fort Worth Stock Yards, and a poultry husbandry man from the Extension Service of the A. & M. College.

Meetings will be held at all of the points mentioned above and the local farmers and business men will be addressed upon the importance of West Texas adopting a more extensive live stock program.

It is peculiarly fitting that a campaign of this kind be launched in West Texas now. With one of the biggest feed crops that West Texas has ever produced, with her ranges in good condition, and with the farmers anxious for some means of converting these valuable assets into a cash product, a campaign will encourage the production of dairy products, hogs and poultry should be not

NEWS ITEM SFROM LAST WEEK'S POST CITY POST

Louie F. Moore and wife, Miss Gladys McSpadden and Mr. A. G. Bellah, of Lubbock, were visitors in Post City, Sunday. While here they were the guests of Messrs. O. W. Tyler and Claude Sartain and families. Mr. Moore is the District Clerk of Lubbock County, and Mr. Bellah is connected with the Pierce Oil Corporation of that city. We are always proud to receive Lubbock visitors.

Mr. and Mrs. Joe Hilton and Mrs. Jim Simpson, as chaperones for a party of young folks from Lubbock, spent Saturday night and Sunday at Two-Draw Lake. Among others, the party consisted of Messrs. Pete Spalding, Bill Honey, Dewey Campbell, Chink Pearson, Hes Montgomery, Mark Helber, Bill Burleson and Misses Vernon Brown, Eunice Smith, Scotti Denton, and Mrs. Olga Spencer, and several others, but we were unable to secure their names. Curtis A. Keene, secretary of the Chamber of Commerce of Lubbock and Fred C. Oliver and Fred C. Jr., are spending a few days outing at Two-Draw Lake.

J. W. Painter and family of Lubbock are campers at the Lake this week. Mr. Painter says they are having a big time, and the kiddies are certainly enjoying themselves.

AN INTERESTING BATCH OF BADGER LAKE ITEMS

Still dry and hot; everybody busy harvesting. The weather is so dry that the crops are maturing very fast.

Several of our folks have been attending the meetings at Monroe and Idalou.

Mr. and Mrs. Pevehouse and Miss Lois Cone, visited in the Thaxton home in the Monroe community, Sunday.

Mr. and Mrs. Pierce Warren, and Rev. and Mrs. Tennyson, were visitors in the home of Mr. and Mrs. W. D. Haney, Sunday.

Mr. Tommie Williamson, who has been away for some time, is in our midst again. We welcome him back and hope he decides to stay with us for a while.

Gordon Cone, who has been away at school for several months, returned home one day this week.

Miss Fannie Cox visited Miss Annabell Thedford, Sunday.

Miss Nannie Kendall, of Clovis, visited in the Abney home a few days last week.

Quite a large crowd of our young people attended the party at Mrs. Cone's Tuesday night. Everyone reports a fine time and asked for another party in the near future.

Several schools around will begin on September 5. We understand that our school will begin on that day. We have Prof. Ribble for our principal, and Miss Velan Newton for primary teacher. Prof. Ribble has taught our school before and we are all glad to have him with us again. Miss Velma is one of our charming young ladies and we feel sure will make us a fine teacher. We are looking forward to another good term this year.

Our Sunday School is not quite so well attended these last few Sundays. Think it will be better after the meetings are over.

The Farmers Union held a meeting Tuesday night. We have been somewhat negligent of our meetings but hope there will be more interest now.

Mr. and Mrs. Guy Myers were visitors in his father's home in the Center community, Monday.

CEMETERY ASSOCIATION CHICKEN DINNER SEPT. 14

The Lubbock Cemetery Association will serve chicken dinner on the 14th of September, in the rear of the building now occupied by the O'Neal Dress Shop. A membership drive will also be conducted on that date.

Scratch pads for sale.

Watch for the "Buck" Line of Stoves, Heaters, Ranges and Furnaces

Uniform in quality—prices changed only according to the "dress" of these stoves, we are sure the people of Lubbock and the South Plains will see the many merits of this big line.

We are stocking this fall one of the biggest assortments of heaters and rangers to be found in this section. We will be able to suit everyone who will want to buy. Different sized stoves and at different prices.

Buying a good heater early in the year, while one can secure what they wish is as sensible as purchasing coal before the cold days arrive—both are necessary for comfort.

Before you buy be sure to see the BUCK line.

J. J. Carroll and family, returned Saturday from Palestine, where they accompanied the remains of D. F. Hinson, who died at the Carroll home last week. The remains were laid to rest in the cemetery at Palestine. Deceased was a brother of Mrs. Carroll, and was here on a visit, and died suddenly and unexpectedly.

W. C. Mathis and family, of Brownfield, are here this week looking for a house, with intentions of moving to Lubbock.

E. P. Whitmore, of Lockney, was in Lubbock the latter part of last week attending to business matters.

C. C. McDaniel, of Plainview, was a business visitor to Lubbock the latter part of last week.

J. C. Johnson, of Terry county, was a business visitor to Lubbock the latter part of last week.

J. W. Letsinger, of the eastern part of the country, was attending to business matters in Lubbock last Friday.

J. C. Green, of Brownfield, was in Lubbock Saturday of last week visiting with relatives.

J. W. Keller, of Younk County, was a business visitor to Lubbock the latter part of last week.

Guarantee Abstract & Title Company

Lubbock, Texas
Abstracts to Lubbock, Hockley, Cochran Counties, and Townsites therein.

Texas Utilities Say They Can Sell Ice Cheaper One Way

"We can sell ice as cheap in Lubbock as any other concern can anywhere else," says Mr. Allen, manager of the Texas Utilities Company, of this city, "but the people of Lubbock want service and they must have service, and to have the kind of service they want they must pay for it, and that is only reasonable," continued Mr. Allen. "If the people here want their ice dumped in a shed down town and quartered, halved, etc., into the amount that they wish to buy, and come after it, get it and pay for it without the annoyance of weighing, they can get their ice cheap, but until the people of the town whom we are doing our best to serve efficiently with three wagons, signify that they wish the change we must continue the present price until conditions change."

Mr. Allen also stated to a representative of the Avalanche that his company had operated at a loss this year in Lubbock. No expense has been spared to make the quality of the ice better and the addition of one more wagon has been an expense that was made to serve the people better. In fact, at no time this year have the people of Lubbock felt a shortage of ice. Many have complained of the price, however. Under Mr. Allen's management this company is now intending to increase the number of wagons making city deliveries the coming year. These wagons will be sent out with small quantities of ice. Each block that leaves the plant weighs 325 pounds. Thus the blocks should cut out three hundred pounds at the time of delivery. The wagon drivers are charged with only three hundred pounds. The scales used on the wagons are government inspected and are as near correct as it is possible to keep them. Short weights at delivery of ice is not the fault of the company. If one is interested enough to watch their ice weighed instead of kicking about short weights better results will be obtained. Several drivers have been fired off of the job this summer, we are informed, because the company thought they were short-weighting the customers.

NOTICE OF INTENTION TO INCORPORATE.

Notice is hereby given that the partnership lately subsisting between G. F. J. STEPHENS, A. W. McKEE, and J. F. BACON, of the County of Lubbock, State of Texas, under the firm name of "Stephens-McKee-Bacon Co." will incorporate on or about September 8, 1921. All debts due to the said partnership are to be paid, and those due from the same discharged at Lubbock, Texas, where the business will be continued by the said Stephens-McKee-Bacon Co. as a corporation.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.
A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.
The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.
Both remedies are packed in one carton and the cost of the combined treatment is 35c.
Just ask your druggist for HAYES' HEALING HONEY.

LOCAL NEWS AS TOLD BY LAMESA REPORTER

On last Friday the son of Mr. Fagin, Joe, had the misfortune to stick a thorn in the top of his foot. The foot became greatly infected and Tuesday Dr. Loveless had to split it open, at this time he is doing as well as could be expected.
Mrs. W. E. Anderson received a wire on Monday that her cousin had been killed in New Mexico and would be buried at Big Spring and she took the mail car for that place Monday afternoon. We did not get the details.
We regret to chronicle the death last Friday of the 5-month-old

DORT

Quality Goes Clear Through

Doubtless no year has thrown a clearer light upon the Dort and its high standing in the esteem of the American public than this year.

Enthusiasm towards the car and appreciation of its remarkable performance ability and operative thrift have grown and extended further and further, day after day, and month after month.

The regular Dort clientele that inevitably replaces one Dort with another has augmented with a rapidity that has outstripped our closest calculations.

And the only conclusion that can be drawn is that more and more people who in past years have sought other cars are now turning to the Dort as the most desirable automobile investment they could make.

Earhart Motor Company

LUBBOCK, TEXAS

baby of Charlie Beal and wife. The little one had never been strong. It weighed less when it died than at birth. We sympathize with them in their sorrow.

Mr. Nordyke of Lubbock, was here Saturday till Monday with his family. He is ex-clerk of Callahan county, resigning January 1st to take charge of the business college advertised in this issue.

R. E. Travis, of Plainview, was in

Lubbock the latter part of last week visiting with relatives and looking after business matters.

S. P. Lacey, of the Shallowater community, spent Friday of last week in Lubbock, attending to business matters.

R. F. Matheny, of the Idalou community, was in Lubbock Friday of last week trading good attending to business matters.

Look What Sid's Done!

Done gone and fixt things so'd you can buy the bestes meats at no mo' cost dan dem other kinds

Yes, I wish to announce to the people of Lubbock that I have cut the prices on Beef—and it's a generous cut too. Now, if you wish the very choicest meats at the new low prices I am making—just
