NO. 14

PANHANDLE-SOUTH PLAINS FAIR OPENS TUESDAY

SOUTH PLAINS FAIR EXCURSIONS WELL ATTENDED THIS YEAR

THE LAST LAP FINISHED WEDNESDAY—THE BIGGEST ONE YET WITHOUT A BOBBLE

MORE THAN 500 PEOPLE MADE THE TRIP

Started at 8:00 O'Clock and Visited Abbeville, Petersburg, Floydada, Lockney, Plainview and Hale Center and People All Along the Road Say They are Coming to the Fair.

The Three Fair Boosters Trips made under the direction of the Junior Chamber of Commerce have been even more successful than was hoped for the first year. A total of more than five hundred miles have been covered with an average attendance of 250 persons—making had one person covered the same amount of distance would reach around the world five times.

Everywhere there was the most cordial reception on the parts of the towns visited and everybody is coming to the Fair. It is impossible to give even the High Spots of the several trips or to express the appreciation of the individual courtesies extended the bunch at the various towns. One of the outstanding features of the whole series of trips was the watermelon feed at Brownfield. Another was the Real Fair at Tahoka that we ran into.

Jimmie Bossie as Grand Marshal of the Parade at Plainview made a great hit in his elaborate costume. The other clowns covered their jobs to a finish. Charlie Chaplin was a real piker in comparison to the stunts Mich pulled in his impersonation of that aforementioned dignitary.

The Chamber of Commerce Band with the addition of the five visiting handmen gave the last trip some real music. The Green and Red and Yaller Sashed chaps added color, to say the least, to the parade.

To sum the whole thing up—the First Year's Booster Trips were complete successes in every detail and the Junior Chamber are just getting into shape to put on some real work for the coming year. To General Superintendent Moore and his whole bunch of assistants is due the greatest credit—with plenty left over for each human that took part on the various trips.

They were more than worth while and will be regular features.

CIVIL CASES DISPOSED OF IN COUNTY COURT

The following civil cases have been disposed of in the county court: C. R. Moore vs. P. and S. E. By, Co. The jury on this case gave the plaintiff a judgment for \$125.00.

W. L. McCrummen vs. P. and S. E. Ry. Co. Verdict for plaintiff in the sum of \$600.00.

H. L. Smith vs. W. L. Cone et al. The Court took this case from the jury and rendered an instructed verdict for the plaintiff.

LUBBOCK REBEKAHS WILL MEET AT I. O. O. F. HALL

Lubbock Chapter of Rebekahs will meet at the new Odd Fellows Hall, located on the second floor of the Russell building. The regular meeting nights, the second and fourth Thursday nights have been reserved for their use.

Last Thursday night a most enjoyable evening was spent and a large class of candidates were admitted to membership, the degree team doing themselves credit in their splendid floor work.

After the adjournment of this session, refreshments of sandwiches, angel food cake and ice cream were served.

W. N. Johnson, a prominent citizen of Howard county, is in the city. Mr. Johnson is looking over this section with a view of changing locations. He expressed himself as greatly surprised at the size of Lubbock, also well pleased with the fertile lands of the South Plains. Such is the verdict of all who visit our city and surrounding country.

The regular weekly band concert on the public square Tuesday evening was largely attended and everyone present was well repaid for their going out. The Lubbock band is furnished our people some excellent and inspiring music and the band boys are justly entitled to be liberally supported by our citizens. It requires a great sacrifice of time and energy upon the part of the boys to make themselves proficient. It also requires money to buy the latest music—let's support them in every way possible.

L. A. Faubium and wife, accompanied by Mrs. Faubium's mother, Mrs. Kunz, of Dallas, came in Wednesday. They had heard so much of Lubbock and the South Plains that they decided to visit our town and enjoy the fair and wanted to reach here in time to get good accommodations and be on hand at the opening of the big event.

T. T. Carpenter's new residence, near the Naasene church is nearing completion.

ITEMS OF INTEREST FROM VARIOUS PLACES ABOUT THE WORKINGS OF THE FARM BUREAU COTTON ASS'N.

Farmers Buying Kanred Seed Wheat
Dallas, Texas, September 29.—Dallas and Young County farmers are buying a car load each of improved Kanred seed wheat through the purchase department of the Texas Farm Bureau. Extensive tests in Dallas County last year showed yields of from 22 to 30 bushels per acre with an average of 26 bushels for all the seed planted and this year farmers decided that they wanted to plant more. The same wheat has been tried in some other counties, however with not such flattering results.

The seed is being secured from the Kansas Cooperative Seed Improvement Association and the seed is certified by the Kansas Extension Service. The Texas Farm Bureau Commodity Department is also making arrangements to get good seed for some of the members of the Farm Bureau.

W. F. Craddock who is in charge of this work says that the seed oats are very scarce in Texas this year because of the poor yield last year and the fact that the green bug destroyed so much of the crop.

Dallas, Texas, September 26.—George Rutan, Sales manager for the Southwestern Farm Bureau Wool and Mohair pool is in the north and east closing sales on wool being graded in the Houston warehouse. About \$50,000 lbs. are now about ready to be delivered to the mills.

This is the first Texas wool that has ever been sold on a strict grade and a good price is expected.

Cotton Farm Bureau is Operating.

Dallas, Texas, Sept. 26.—"The Texas Farm Bureau Cotton Association is operating," said Walton Peteet in discussing the successful completion of the cotton farmers cooperative marketing organization in Texas. Cotton is being delivered to the association all over the State and sales are being made. Bankers are cooperating in the signing of waivers and the office is swamped with calls for more drafts to be used, by the members in drawing advance payment on their cotton.

"In a few cases there have been

willful violations of the contract," said Walton Peteet, "but legal steps will be taken to protect the members against those within the organization who would tear it up."

New Members Are Flocking To Pool
Stamford, Texas, Sept. 26.—New members to the Texas Farm Bureau Cotton Association are coming in at the rate of from 10 to 11 a day. In Jones County, according to S. J. Enoch, field worker, who has just made a report to the Texas Farm Bureau Federation officers on conditions in that section of the State.

Mr. Enoch visited each shipping point in the county and left copies of bills of lading at each depot properly filled out so that farmers would have no difficulty in properly billing their cotton.

He also supplied copies of waivers and drafts to all the bankers in the county and visited the gins and furnished them with tags.

"I think we will sign up all the cotton in Jones County," said Mr. Enoch who attributed the new interest to the fact that Association was paying its drafts promptly when drawn by members for cotton delivered.

Walton Peteet will confer with the Onion Growers and Dairymen at San Antonio.

Big Program At Farmer Reunion.

Dallas, Texas, Sept. 26.—Walton Peteet, Secretary of the Texas Farm Bureau will discuss marketing problems at a reunion of the county Farm Bureau of the West and Southwest to be held at San Antonio, October 10th.

He will also confer with onion growers and local dairymen at the same time. It is expected that an onion growers association will be formed and it is planned to form a unit of the State Dairy League with San Antonio as a center.

The reunion is being fostered by the Bexar County Chamber of Commerce under the leadership of Chas. Alvord, County Agent.

This is expected to be one of the biggest Farm Bureau events in Texas this year.

PIONEER CITIZEN DIES SUDDENLY NEAR ABERNATHY

The news of the death of Fitz Hudgins of the Abernathy community came over the wire Tuesday morning as a shock barbed with pain and sorrow to many of our citizens. When this paper last came to you the deceased was upon our streets greeting his many friends here with a happy "Good morning." Today all that was mortal of our friend is at peaceful rest in the Silent City.

Mr. Hudgins was at his home near Abernathy at the time of his sudden demise. He was talking to some parties over his phone and had just hung up the receiver when he expired.

The Avalanche joins with his many friends in Hale and Lubbock counties in extending condolence to his bereaved family and relatives, in this, their sad hour.

SCOTT TURNER SUFFERS INJURED EYE SATURDAY

Scott Turner, son of Mr. and Mrs. John F. Turner, while cutting kindling wood last Saturday evening, met with the misfortune of having his right eye badly injured. A piece of kindling with a nail in it flew up and struck him in the eye. For a time it was thought that he would lose the sight of the member, but we are glad to state that it is greatly improved and the doctor says that he now sees no reason why it should not soon be entirely well.

Chuck Cannon, a service car driver of Slaton while making a turn at the corner of the Citizens National Bank here Tuesday evening, collided with Sgt. Durre's car. It occurred to the reporter that it would be well for the service car drivers of other towns to remember that when driving in Lubbock's business section it is necessary to observe city ways and watch their mode of driving. There was no one seriously injured in this collision, but it might have resulted otherwise.

The Chamber of Commerce requests that all parties having a "Booster Hat" return same to the Secretary at once, so that same can be laundered and put in shape for the big parade to place in Lubbock on the opening day of the South Plains Fair, Oct. 3. A prompt response to this request will be appreciated by the Fair Management.

J. Frank Montgomery Agency Manager of the Southern Life Insurance Co., of Dallas, was in the city first of the week going over this territory with the company's district manager, N. H. Wright, of which there is none better in the Insurance game.

Dr. G. S. Reed, of our city, was elected 2nd Vice President of the West Texas Dental Society at its meeting in Abilene last week.

EVERY INDICATION POINTS TO RECORD BREAKING ATTENDANCE

THE BIGGEST DISPLAY OF LIVESTOCK, POULTRY, AGRICULTURAL AND COMMERCIAL EXHIBITS EVER SEEN IN WEST TEXAS WILL BE SHOWN AT THE THREE DAYS FAIR NEXT WEEK—BIG ATTRACTIONS FOR EVERYBODY—OCTOBER 4-5-6.

"The Fair is Upon Us," says everybody connected with that great feature of Lubbock's year. The South Plains Fair will surpass anything ever attempted in this section before, and the thousands that will throng the Fair Grounds Tuesday, Wednesday and Thursday of next week will surpass by one hundred percent the best day of last year and the total number that pass thru the gates this year will be more than three times the number that attended last year's Fair.

Those are favorable predictions and like everything else in the world—there are two sides to the question. The problems of this Fair increase with the volume of exhibits and folks to be accommodated. A heavy force of carpenters have been on the job for the last ten days and a second force were put to work Thursday morning. There is much yet to be done—in fact the day the Fair opens there will still be much to be done. There has never been a Fair in the history of the world opened with everything in shape and ready to go. But things are in better shape today—a week ahead of the Fair—than they were the day the Fair opened last year.

The Parade is First.

The Fair opens with a Grand Parade this year. It is expected that more than 1,000 cars will take part in this mammoth demonstration. Brownfield, Tahoka, Slaton, Abernathy, all of the Rural Communities of the County, the Lubbock Schools, every bunch of folks in the South Plains Section are planning to take part in this parade. The line-up will be announced by posters Tuesday morning.

Everybody is invited to take part in this Opening Parade, with your school and community colors, and attractively decorated cars, also it is hoped that no elaborate decorations will be attempted at great expense. It is an ineffective waste of money for the short time the cars are before the public.

All Stores Will Close From Twelve Until 4.

Tuesday is Lubbock Day, and every store in the City is expected to close from twelve until four in the afternoon. This will give everyone time to get their lunch get in the Parade. By opening at four it will give all out of town folks time to do their shopping late in the afternoon or early in the forenoon.

Racing Programme is Heavy

Present indications point to more than 50 running horses for the Fair. The racing programme will be very heavy and the purses offered are large. Each day's programme will be announced by hand bills. A large number of major races will be supplemented by some novelty races that will be of interest to the public. All races are free to the public after Entrance is paid into the Park. Fire Works Display Wednesday and Thursday Nights.

The most elaborate fireworks display ever attempted in West Texas is scheduled for Wednesday and Thursday nights. This display will be free to the public after general admission into the Fair Park. Last year the fireworks display was one of the most pleasing features of the Fair and the management has multiplied the program by four for this year—so the display will really reach the magnitude of magnificence. It starts at seven-thirty each evening.

Old Fiddlers Convention.

Tuesday night a Special Old Fiddlers Convention is scheduled, if enough of the Old Fiddlers show up to make the competition interesting. Several have indicated their interest in this contest for which \$40 is being paid for the best team and it is expected that this feature of the first nights performance will be of great interest to the public. The contest is a free attraction.

De Kreko Carnival Company.

The Fair management have been very fortunate in securing the De Kreko Carnival Company for the entertainment feature of the fair. We have watched with interest the reports from the various towns where these people have played within the past two months and without a single exception they have more than pleased.

A Free Outside attraction in the form of a Tight Wire performance, two bands, and other novelties are offered twice each day. A full line of concessions that are guaranteed to be free from the objectionable gambling feature of last year will furnish amusement to those wishing to participate in such games.

The Three Big Rides this year are the best that can be secured, A Go-Round and Carry-All, a Ferris Wheel and the New Whip will be able to handle all of the public and will be a source of real amusement to the young folks—of what ever age they may happen to be.

Farmer's Short Course.

Each morning from nine until twelve a Farmer's Short Course will be held in connection with the judging of the various livestock exhibits. Lecturers will be given in connection with the demonstrations of the various desirable types and characteristics of the winning animals in each division of the Livestock, Hog and Poultry Departments and a large crowd of interested farmers are expected to take part in this short course.

A special refund of \$1 on the ticket of each farmer that purchases a Season Ticket and attends each morning work has been arranged for. The plan is to buy a Season Ticket at the regular price—and each morning this ticket will be punched. At the close of the Fair you will turn in this ticket and get a refund of \$1. It must be returned within ten days.

\$15 Prize in Parade of School Children.

The largest percentage in attendance from any rural school in Lubbock County taking part in the street parade at 1:00 o'clock Tuesday will receive a prize of \$15. Other prizes will be awarded for best attendance, details of which can be secured from C. L. Griffin who is in charge of the parade.

Better Baby Show

The Southwestern Division of the American Red Cross has detailed a Special Nurse to serve the South Plains Fair in the Better Baby Show and many entrees are pouring in from all over the South Plains in this department.

It is necessary that every baby be entered previous to the opening day of the Fair in order the sufficient medical assistance may be arranged for the complete examination of the babies brought in.

Complete details as to the various classification and medals offered may be had at the Chamber of Commerce office.

Tickets and Passes

Season Tickets will be sold for \$2.50 plus war tax of 25 cents. This ticket entitles the holder to admission at any time during the Fair, to come and go just as often as he wishes, both day and night, and is required in order to receive any of the above designated refunds.

This is made necessary on account of the law in regard to issuing passes in order to take care of the Tax provisions on all tickets. Single admission will be fifty cents, plus war tax, both day and night. A separate ticket shall be issued for each day and each night and once you purchase such a ticket you can come and go as you desire. That is—a Blue Ticket, and a Red Ticket will be used for Tuesday during the day. You may buy such a ticket and go into the ground a dozen times and out again without paying except for the one ticket. Another color will be used after five o'clock in the afternoon—and then the Blue ticket ceases to be of any value.

So Keep The Ticket You Buy All The Time.

Childrens Season tickets are \$1 plus war tax with the same provisions of the other Season Tickets.

Children single admission is 30 cents including war tax.

There Are No Passes Issued.

The Fair Officials, every stockholder, exhibitor, and other persons connected with the Fair buys a ticket. There is no such thing connected with the South Plains Fair as a Pass List. They simply are not in existence.

The Charter of the Fair Association provides that no dividends shall be paid on the stock, nor interest on the money, but that all profits should be accumulated and used to enlarge and improve the Fair. This being the case then it is impossible to grant special privileges in regard to passes. So do not ask for them.

Be Friendly To Our Visitors.

During the Fair Lubbock will have the heaviest volume of visitors ever brought into the city in a like space of time. It is conservatively estimated that more than 10,000 out of county visitors will come to the city during these three days. Let's all be sociable, friendly and make them know that Lubbock and Lubbock County appreciates having them with us.

\$5 Fine—Watch Out.

The Junior Chamber of Commerce has decreed that it should be a \$5 fine to call this Fair the Lubbock Fair—and a \$2.50 fine to call it the Lubbock County Fair—it is the South Plains Fair and without the splendid co-operation being shown by every county in the entire South Plains we could never have such a Fair as we had last year, much less such a Wonderful Fair as the coming Fair promises to be.

All Aboard For The South Plains Fair!

The trouble with a wash tie is that it nearly always needs washing.

Oil Activities in Mitchell County Picking Up Some

Colorado, Texas, Sept. 24.—The Reno-Tex. Co. No. 1, which struck the oil sand at 2,929 feet, continues to look good. The drillers are proceeding with great caution. If this is a producer it will be the fourth well in the northwest part of Mitchell County to find oil. Three of the wells are six or eight miles apart. Geologists familiar with this section predict that a good pool will be discovered.

The Colorado-Tex. No. 2 near Jatan is about ready to spud in. It is understood drilling will be resumed on Coleman No. 1 very soon. This well shut down for drilling water at about 720 feet.

The Underwriters Oil and Refining Company will drill its No. 1 Morrison deeper from 2,340 feet as soon as a new wire line arrives. Contractor Thompson will do the work.

Red Salt Encountered
Shmith No. 1, five miles west of Colorado, is drilling at about 125 feet. This well was started with a rotary, but the line proved too hard.

The Underwriters' T. & P. No. 1 passed through about fifty feet of what appeared to the drillers to be red salt. This may have been an indication of potash. This was before the United States Geological Bureau representative looking for potash reached this section. Hereafter all drilling wells will be closely watched for signs of potash.

The first three wells drilled in Mitchell County hit the oil. Two of these wells are seven miles apart. Mitchell County has thick beds of salt. The great potash beds near Strassfurt, Germany, were discovered in a salt mine. United States Geological Bulletin, issued June 7, says:

"Two oil companies boring eighty miles apart in Western Texas report salt strata of nearly same geological age and general characteristics as potash bearing beds of Western Europe of at least the richness of potash deposits of Alsace and Germany. Thickness is unknown, however."

Leases Being Taken.
The Texas Company's lease mtn is here and contracting for desirable acreage.

Sloan, Poncia and associates expect to start drilling on the Wulfjen lease within sixty days. The derrick is up.

The Red-Tex people expect to drill an offset well to the Conway on the Little.

Oklahoma men have a standard outfit en route from Ranger to Dunn in Scurry County, where they will drill a deep well. Dunn is about 12 miles north of Colorado.

LIGHTNING CAUSE LUMBER YARD FIRE AT BOVINA

During a thunder shower at Bovina Friday lightning struck a car load of shingles at the Cicero Smith Lumber Co., resulting in a fire, and it was only upon the prompt and heroic work of a "bucket brigade," that the yard was saved. Quite a portion of the car load was completely damaged.

Next week is fair week, buy your ticket to Texas and on to Lubbock.

Panhandle Doctors Meet at Amarillo In March, 1922

Plainview, Sept. 22.—After the selection of Amarillo as the place for the next semi-annual convention, the Panhandle District Medical Society in session here Tuesday and Wednesday adjourned after one of the most successful conventions in the history of the organization. New officers of the association will not be elected until the convention at Amarillo in March. More than sixty doctors attended and all sessions were presided over by Dr. J. T. Hutchinson of Lubbock, president of the society.

The visitors were given a banquet early Tuesday evening by local physicians and dentists. Several prominent physicians from other parts of the state were on the program. Following the banquet, Dr. J. J. Terrill of Dallas, lectured on "Mental Hygiene" before a large audience of citizens and physicians. All sessions Wednesday were devoted to scientific studies.

BOY BREAKS ARM AND DISLOCATES HIS ELBOW

Raw Sawyers while playing on the school campus Sunday afternoon with a number of playmates had the misfortune to fall from a trapeze and break the tip off, and dislocate his left elbow. Ray is the son of Mr. and Mrs. T. W. Sawyers. Medical aid was at once given and the injured member put back into place.

C. C. Alexander of Hale Center, was in the city Tuesday visiting friends and transacting business with our people.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Frezzone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Frezzone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

COTTON BEGINS COMING ON THE MARKET

While the local reporter was skimming for news last Friday and Saturday he noticed the following prosperous Lubbock county farmers in with cotton: J. C. Wilson, W. L. Altman, V. E. Snodgrass, T. T. Bingham, J. H. Coker, Wm. Reiger, J. T. Tucker, C. A. Stiles, M. C. Altman, R. W. Gill, T. J. Davis, P. M. Petty, W. B. Jones, G. L. McLean, J. W. Rollins, A. J. Rumpas, M. F. Raley, E. B. Hamilton, C. M. Gill, J. E. Hubbard, M. J. Coleman, H. Lasater, J. M. Wells, Geo. Nichols, W. E. Hinson, E. O. Hadaway, S. D. Pate, E. R. Wells, W. H. Snodgrass, D. Goodpasture, E. E. Nix, J. G. Pinion, H. Helton, E. W. Strickland, Joe Birdsong, T. L. Morris, (2 bales) Lee Vaughn, T. J. Davis, A. J. Bumpas, R. E. Needles, Dog Pounds, Barton Noah, (2 bales), D. H. Harris, W. L. Altman, R. A. Heath, W. F. Pruitt, Otis Taylor, and B. F. Foster.

All of the above parties received within a fraction of twenty cents per pound for their cotton, which means that there was quite a little amount of ready money turned loose in Lubbock. It will only be a matter of a few days now until the fleecy staple will be coming in by the hundreds of bales daily. Again we say, buy your ticket to Texas and on to Lubbock, the hub of the South Plains.

GAINES COUNTY TO HOLD FAIR AT SEAGRAVES

Seagraves, Texas, Sept. 20.—All arrangements have been perfected for the largest and most complete Gaines County Fair and Rodeo ever held in this region. It will be the second annual exhibition and will be staged here on September 29th. Agricultural products from all parts of Gaines, Andrews, and Yoakum County, Texas, and from Eddy and Chaves Counties, New Mexico, will be on display. A feature of the Fair will be the display of dairy cows and brood sows.

The Rodeo is expected to attract more than ordinary attention due to the fact that arrangements have been perfected by which some of the best riders and ropers and bulldozgers in the Western Rodeo are to be brought to Seagraves.

After the showing of this Fair at Seagraves a comprehensive agricultural exhibit will be gotten together and taken to the Panhandle South Plains Fair at Lubbock. After being shown at the Panhandle South Plains Fair the exhibit will then form a part of the All-West Texas Agricultural Exhibit to be shown at the Louisiana State Fair, Shreveport. The Texas Cotton Palace, Waco and the South Texas Fair at Houston.

25c COTTON 25c

A DIRTY TRICK.

The Avalanche reporter was a victim of one of the vilest attacks last Friday afternoon that could possibly befall an old line Democrat. Some scoundrel, or scoundrels, slipped

a copy of the "Appeal to Reason" into our pocket. We can forgive most any kind of an injustice perpetrated upon us, but when an "Appeal to Reason" is slipped into our coat pocket, that act comes under the head of the unpardonable sin.

The people of our city are making great preparations to entertain the thousand of visitors who will be in Lubbock during the South Plains fair, October 3, 4 and 5. The many big attractions to be staged at this fair will surpass anything west of Dallas.

WHAT DOES YOUR BOOK SHOW?

If you have ever been a victim of incompetency, you will doubly appreciate the work of our master mechanics who know every branch of automobile repairing thoroughly and have the facilities and equipment to do every job as well as it can be done. Motorists everywhere will confirm our claim.

BETTER BUILDINGS ON THE FARMS ARE COMING INTO GREATER FAVOR AMONG THE FARMERS OF TEXAS

"Texas farmers and stockmen of other days paid little attention to the buildings on their land, but the planter and ranchman of today are realizing that to make a profit out of their labors they must use modern and time saving facilities," Edward F. O'Brien Jr., farm architect and expert on farming methods, said yesterday.

"The Eastern States took the lead in developing modern farm architecture," Mr. O'Brien asserted, "but the Texas farmers, the smaller ones as well as the plantation owners, are waking up to the value of properly designed buildings, and are losing no time in adopting arrangements which reduce drudgery, save time and make for bigger profits."

How to Build Cow Barns.
Convenient and proper arrangement of farm buildings, Mr. O'Brien holds, is to a large extent just as

cheap as the haphazard way in which many of the buildings have heretofore been put up.

"In the simple matter of erecting a cow barn, for instance," he said, "the structure should be placed with the north or northeast, so that the afternoon sun with its cleansing qualities will be caught to best advantage. The stalls should be built so that the stock will get the sun from the rear, as the eyesight of the animals may be impaired when they are forced to face the outside. Feed bins should be placed on the upper floor, so that chutes can be arranged to bring it down to the feed troughs, or to the feedroom for mixing with a minimum of handling.

Use Zinc Paint.
"Use of more wood than necessary in the cow barn should be discouraged. The frame barn, however, can be made sanitary by covering the walls with a nonabsorbent material.

"Sickness of cows at times for which there is no apparent cause is frequently due to the fact that the animal has chewed wood about the barn which has been coated with lead paint. This danger can be eliminated by using only zinc paint instead of lead paint, the zinc paint being harmless to the cows.

"Many of the farmers permit liquid manure to go to waste, unmindful of its value as a fertilizer. By building the barn so that the urine will be drained into tanks this liquid can be later distributed over the land making a much better fertilizer than the solid manure.

Screens Useless.
"Putting screens on a barn is a waste of time and money, as they do little good. Blinds to darken the barn are useful. If the building is constructed of concrete and kept dark and cool there will be little trouble from flies.

"For cows arranged in double rows a barn thirty-six feet wide is large enough and for a single row eighteen feet is sufficient. A ceiling nine feet high is proper for this climate. Stalls should be built so the animals will face each others.

"A concrete, continuous trough is best for watering and feeding. In the case of high-grade cattle, however, divisions in the trough are better, as this is a safeguard against the communication of disease. A trough three feet wide with the front extending well above the floor is the best type."

NEWS ITEMS FROM THE POST CITY POST

H. D. Chipley of Crosbyton, Texas, has purchased 19617 acres out of the Slaughter Ranch west of Lubbock. Mr. Chipley will cut this land into small tracts and will sell to the farms.

Among Lubbock visitors at the fair were Mrs. O. L. Slaton and Miss Ruth Slaton, Mrs. Johnson, Miss Della Wilkinson, Mr. and Mrs. H. L. Johnson and Misses Mary Alice Johnson and Virginia Connelly. They were guests in the G. W. Bardley home.

We want to compliment the management of the Fair for the splendid manner in which every thing was conducted. At all times the immense crowds were orderly and contented. A few sports got "jagged" on extract, moonshine or something but they never hurt anything or anybody, but themselves. It was a great fair and would have been a credit to a county five times the size of Garza. The Lubbock Boosters came to our fair last Friday about one hundred strong. They were here to boost the Lubbock Fair which takes place the first week in next month. Lets return the compliment and have a big representation from Post and Garza County attend their fair.

Miss Kate Grey, who underwent an operation in Lubbock two weeks ago, was able to come home last Wednesday, and is doing nicely.

SHAMROCK CITY MARSHAL SURRENDERS AFTER KILLING

Shamrock, Texas, Sept. 23. — Carl Brooks was shot and killed here last night, T. E. Sammons, city marshal, surrendering to the sheriff immediately after the shooting.

Brooks is well known in this section of the Panhandle by the name of "Cutey." He was sentenced to a term in the penitentiary by the Federal court at Amarillo some years ago and Sammons is said to have been the chief witness against him and had feeling has existed between them for some time, it is claimed.

Brooks was employed in the Shamrock Cafe and was engaged in making pies, when, according to eye-witnesses, Sammons entered. Only one shot was fired, striking Brooks about two inches from the backbone on the left side, passed through his body and out just below the arm pit, through his right arm.

The shooting occurred at about 10 o'clock.

U. S. MUST RAISE \$3,500,000,000 FOR 1921

The tax revision bill as reported by the Senate Finance Committee, is estimated to yield \$2,324,000,000 this fiscal year, or \$84,000,000 more than the measure passed by the House, says the majority report on the bill approved and made public last Friday by the committee.

For the next fiscal year, the report says, the bill should yield \$2,735,700,000, an increase of \$75,000,000 over the House total. This program, it is added, assumes that for the fiscal year 1923 the total ordinary expenditures of the Government will amount to approximately \$3,500,000,000 as compared with \$4,034,000,000 this fiscal year and \$5,116,000,000 in the last fiscal year.

BABY STRUCK BY FREIGHT TRAIN THURSDAY

Last Thursday evening about 6:30 o'clock the little baby of the section foreman, Johnnie Cook, while playing close to the railroad track, was struck by a passing freight train. The little fellow was thrown some feet from the track, narrowly escaping death. He was very painfully bruised about the body and face, but is now reported as convalescent.

SWEETWATER MAY GET CITY FREE DELIVERY

Sweetwater, Texas, Sept. 22.— Acting Postmaster Howard is in receipt of a telegram from Congressman Blanton in Washington, saying that the postoffice authorities have ordered that free mail delivery be started in Sweetwater Oct. 1, or as soon as the necessary carrier examinations can be held under the civil service commission.

The service will commence with two carriers and with others to be added if needed.

They may be able to put Curtis A. Keen of our local Chamber of Commerce in durance vile for a little while, but, the darkest clouds are soon dispelled by being a citizen of Lubbock, the Hub of the South Plains.

Catarrah Cannot Be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease.

Catarrah is a local disease, greatly influenced by constitutional conditions, and its cure is sure if you must take an internal remedy. Hall's Catarrah Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrah Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrah Medicine is what produces such wonderful results in catarrah conditions. Send for test-tube, free.

THEODORE PRICE SAYS CONDITIONS JUSTIFY THE ALMOST UNANIMOUS OPTIMISM THAT SEEMS TO BE FELT

Theodore H. Price, in his weekly review, quotes a long list of headlines of different parts of the country, all of which are to the general effect that business is improving in many lines. Commenting on this he says: "The detail of the week's record seems to justify the almost unanimous optimism that now seems to be felt."

His review amply bears out this statement, and other matters in the day's news support it. As if in reply to the nervous feeling over the reduced cotton export of last week, news comes from Great Britain, where the chief falling off occurred, of a better cotton situation and an improved outlook. From all the domestic markets come optimistic reports, and the inflated financial situation in Germany seems to be the only cloud on the horizon. Increased gold supply during the week in the United States and lower discount rates at New York and Boston, which may be expected to spread to other reserve districts, improve the financial situation. Steel prices have improved, and there is every reason

to believe that employment increased during the week. Of significance to this entire section, is the fact that employment increased nearly 30,000 during the week in England.

From all parts of the country come reports of increased bank clearances and, what is even more significant, increased building. The latter is one of the best signs that has appeared since the rise in cotton. And there is every promise that this will continue to increase during the next few months.

All influences at the moment are in the direction of improved business but one, and curiously enough that is the one that has made the most promises and done the most boasting. We mean the Republican majority in Congress. Congress is in session again and ought soon to tackle the too long delayed legislation which business needs. The revenue bill drawn by the Senate Finance Committee is not ideal, and too much, perhaps, should not be expected of it. It is to be regretted that demographic influences have prevented it

from being a much better measure. But it is an improvement on the present law and will do considerable to stimulate revival when it becomes a law. It has been temporarily sidetracked for the treaties with Germany, Austria and Hungary, but these should be out of the way soon. The re-establishment of legal peace will also be a stabilizing influence, but not so great as it might have been had it come a year or more ago. Congress has before it another important measure to business in the railroad funding bill. Eugene Meyer Jr., chairman of the War Finance Corporation, expresses the confident belief that the passage of this bill would mean the employment of a million men at a conservative estimate.

"Not only would the railroads, by the passage of this bill, be put in the position of meeting their unpaid accounts already past due," he says, "but they would be able to go ahead with their maintenance-of-way and repair-of-equipment work. This would directly employ a very large number of men. In addition to the direct labor we may count the indirect labor involved in producing and transporting lumber for ties and iron and steel used for maintenance or repairs. There is also to be counted the labor in the mining of the ore, the transportation thereof, the mining of the coal and the manufacturing of the coke to turn the ore into iron and steel, the labor in the iron furnaces, in the steel plants, and

in the finishing plants. The employment of all these men would give them and their families an enlarged purchasing power which in turn would put large additional numbers of men to work."

In view of all this, pressure should be brought upon Congress to pass this measure promptly and not fritter away any more time. The unemployment conference which convenes in Washington might look into this at the very outset, for we are convinced that it would do more for the immediate relief of the country by urging the prompt passage of this bill, than by outlining a program of increased public works which must mean also increased taxes and increased burdens on business.

With this outlook for the future, the action taken by business men in New York to institute a "Buyers' Week," or more properly a buyers' two weeks, as that will be its duration, is very timely. Philadelphia, and Newark, N. J., already have fallen in line to follow New York's example in this, and the movement ought to spread to include the whole country. The country can stand two weeks' intensive buying without danger of an after-effect, for all the ultimate influences are for continued improvement. Such a period of buying in which the people of the country supplied all their immediate needs at one time would do a great deal to stimulate business and get us on the way.

You Will Never Miss the Money---

That you spend at the Fair if you buy your groceries from us—the savings you realize will fix that.

Another way to save is to buy good used furniture from us or let us bid on what you have for sale.

Still Near the Avalanche

Railroad Strike Seems Probable In a Few Days

WITHOUT FURTHER COMMENT

There are more beggars, "salesmen" and solicitors out working for money right now than at any time within five years. All kinds of excuses are offered by the beggars; all kinds of schemes, mostly fakes, are proposed by the solicitors; the "salesmen" have all kinds of things, mostly junk, to exchange for real American money. Since work became scarce it is easier to make a living through some fake agency than through real labor. It is a good idea to leave such fakers alone; ninety percent of the solicitors do not represent any sort of an organization or institution. The "salesmen" have nothing to offer that you cannot beat in quality and price at the local stores. To give money to these individuals is simply to assist in promoting a nation-wide grafting institution which lives and thrives through the softness of the American public to give up their money without knowing what they are getting.—Ex.

It has been suggested that those who wish to fill up on "moonshine" rent a section of land in some remote place, and retire there to during the time said "moonshine" is penetrating their systems, thus avoiding the unpleasantness of disturbing their neighbors, and doing damage to town property, for "moonshine" must find an outlet, and during the time it is escaping the general public is entitled to protection.—Ralls Banner.

"Another Judge Condemns Mixed Bathing," is a news headline from Brady. This paragraph is just "old fogey" enough to believe that the judge is right, and that it ought to be stopped. Because mixed bathing has gotten to be popular is no sign that it is right. We don't pose as reformers but if this practice of mixed bathing is not stopped there is going to be more immorality in the country within the next ten years than we have ever seen before. "Still we are not trying to attend to other people's business." We are just giving our opinion, you have a right to disagree with us, but because you do disagree does not make the practice right.—Sweetwater Reporter.

Just a few days ago a bunch of cotton pickers walked out of a Cottle County field because they could not get more than one dollar per hundred for gathering the fleecy staple. Some of these people we know had been idle most of the year, howling for work and "cussing" the government because they could find nothing to do. When the time came for them to work, and there is plenty of it on every hand, they "strike" for higher wages. Such people have no sympathy coming. They are of the class who want something for nothing. They want the world to furnish them a living without giving the world anything in return. The working season will be over in a few months. Such people will go into winter quarters without money enough to buy a ton of coal, and then howl all winter because there is no work to do.—Paducah Post.

18-YEAR-OLD BOY KILLED BY MOVING TANK CAR

Temple, Texas, Sept. 25.—Malcolm Mitchell, age 18, whose home is in Cleburne, was struck by a moving tank car in the Santa Fe Railway yards here about 1:30 o'clock this morning, receiving injuries which caused his death a few minutes later.

J. V. Hale and family of Seymour, Texas, arrived in Lubbock late Thursday and are now citizens of Lubbock county. "The Stock and Truck Farmery Paradise."

Chicago, Sept. 26.—A strike of 126,000 railway trainmen loomed in the United States today when strike ballots cast by members of the Brotherhood of Railway Trainmen began pouring into Chicago as the vice presidents of the organization convened here to count the ballots. James Murdock, vice president and acting president in the illness of W. G. Lee, opened the first ballot. It was for a strike.

"It will take at least three days for the vote to be counted," Murdock said. "Mr. Lee will arrive here Wednesday. The final result will not be announced until he comes."

While officials of the organization declined to predict the outcome of the ballot, the general opinion appears to be an immediate walkout would be voted.

"If a strike is called," Murdock said, "it will be at once. There would be no advantage in delay."

It was also stated that action of the three other members of the "Big Four" of railroad brotherhoods, the conductors, engineers and firemen and the switchmen. "We are taking an independent ballot," one official said, "and we shall act independently."

Word was received here today that the ballot from the Pacific States had left by airplane for Chicago. It is expected to arrive some time tomorrow.

AWAKENING TO THE NEED OF EDUCATING CHILDREN

L. J. Adkinson of Bonham expresses the opinion in an interview in the Dallas News that the people of Texas are coming to realize more than ever the value of education. He cites the increased attendance at schools and colleges of all kinds in the State this year, as indicated by early reports. "The fact, as I see it," he says, "is that the fathers and mothers who did not place a great deal of faith in an education as a business asset for young men, have watched the fellows who have prepared to outstrip their own children in a time of stress, and are seeing to it that others in their families are not going to start out under the handicap of a limited education." There may be something to this, but the fact remains that the percentage of boys and girls in Texas who reach the high schools is still very low. There still remains much to be desired, both in the kind of education we are providing for our children, and the percentage of parents who realize that almost any sacrifice is justified in obtaining an education of their children. But it is a fact that progress is being made, and that, at least, is gratifying.—Fort Worth Record.

News Briefs From Over the State And Elsewhere

After returning thirty-six indictments, the Bosque County grand jury in session here last week adjourned subject to call.

The tick inspectors of Brown County held a meeting at Brownwood Saturday to discuss plans relative to bringing the present campaign against the tick to a close the first week in December. There are only a few infected herds in Brown County at this time.

The Board of City Development within forty-five minutes, late in the week, subscribed \$500 as its quota toward paying the salary of Dor Brown, agricultural demonstration agent, who assumed his duties Aug. 1. The Tom Green County commissioners and the extension department of Texas A & M College pay the remainder of the agent's salary.

Twenty-seven bills of indictment, twenty for felonies and seven for misdemeanors, were returned by the Taylor County grand jury, which adjourned Saturday. The grand jury noted a decided decrease in the crime wave in that county.

Waxahachie, Sept. 26.—The county tax rate has been fixed by the commissioners' court at thirty-five cents, the same as last year. The State tax rate this year is sixty-two cents. At the same session of the commissioners a contract was awarded for the erection of a new pauper's home at the county farm. The building is to be of brick and will cost \$5,086.

Memphis, Texas, Sept. 26.—Several arrests have been made relative to the burning of the Lakeview telephone building some weeks ago. A persistent investigation since the burning has resulted in the arrests.

Roswell, N. M., Sept. 26.—Heavy rains fell last week from Six Mile Hill west of Roswell clear to the mountains. Eight Mile Draw, eight miles west of Roswell, was a sea of water and automobiles have struck mud almost axle deep in traveling the Roswell-El Paso Road.

Roswell, N. M., Sept. 26.—In the habeas corpus proceedings in the case of R. W. Gorman, city chief of police, heard today by District Judge Brice, Gorman was bound over to await the grand jury and placed under a \$500 cognizance bond. Gorman was charged with assault upon Orville Beals who is alleged to have been badly beaten up by Gorman and policeman Rufus Dunnahoo when Beals resisted arrest about three weeks ago.

Memphis, Texas, Sept. 26.—The local Masonic lodge announces the building project of a three story building 50x150 feet to be constructed on the lot situated on the southwest corner of the public square. The building will be modern throughout and a distinct credit to the city. W. B. Quigley, C. R. Webster, J. H. Reed, B. S. Green, T. Kittinger, T. E. Noel and D. H. Arnold are the building committee.

Claude, Texas, Sept. 26.—Good rains fell over most of the county Saturday night. Plowing is still going on. Wheat sowing is in full swing, late gardens are at their best. Many cars of cattle are being marketed every week. The Kansas City market gets most of the livestock shipped from Claude, with the exception of the hogs. On account of the low prices of hogs and cattle more people are planning to live at home and have their own smoke-house this year.

Memphis, Texas, Sept. 26.—The largest hail storm ever known swept over this section of Hall county between 6 and 7 p. m. last night, followed by a heavy rain. The actual damage is not known.

Memphis, Texas, Sept. 26.—The weather has been fine this week and cotton picking is on the boom. The yield is much better than was first promised and more cotton has been ginned to date than any previous year. Some extra classes of long staple cotton were planted this year in the county and the staple is excellent. Some offers of 23 cents being made for the best. Seed is \$28 per ton and cotton bringing from 20 cents to 22 cents. The county receipts to date are around 1,500 bales. The feed crop is very fine and the yield will be from three-fourths to one and a half tons per acre.

Clovis, N. M., Sept. 26.—At a meeting of the city council this week it was decided to discontinue the salary of the police judge. He has been drawing a salary of \$50 per month but the new order only allows him the fees of the office. The city peace officers, according to a resolution that carried, will receive only the salaries of their office and the fees for arrests will go to the city.

Claude, Texas, Sept. 26.—B. H. Conner has shown some of the persons who claim that blood stock does not pay by selling F. W. Alexander of Albany, Texas, a bull calf of eleven months for \$750. This youngster was Ralldolph Stanway, born of Randolph II and was out of Pauline, who was sired by the famous Stagway.

Miss Lena Cumbie of Bronte, Texas, visited in the home of her brother, W. F. Cumbie first of the week.

"We Ourselves the Better Serve By Serving Others Best."

REPORTERS OBSERVATORY NOTES

We have had a number of people, during the past week, ask us the following question: "What do You Think of Our Town?"

Well, that is a pretty direct question, and one, too, which might be answered in a great many ways. But a modest opinion concerning the question, and from one who expects to make this his permanent home, may possibly be read with some interest by citizens. Our town is indeed beautiful for situation. Nature seems to have done her utmost in creating a fine site for a city of genuine worth and enduring progress. It would thus seem that Nature must have designed this particular spot for a noble and high-minded class of citizens. Nature in this respect evidently met with a genuine response. Every town or city has an individuality, a type of its own, thus attracts citizens of the same general characteristics—to a great extent, at least, we think this is true.

The people here are observed to be thoughtful, kind, sympathetic and helpful to one another. And, as the Postum man is wont to say, "There's a reason." This is pre-eminently a city of homes. The very atmosphere of things impart to one a restful feeling, a thoughtful spirit, and all is concerned in the development and growth of the higher ideals.

In speaking of our town as a city of homes, however, we do not mean to say that it is not also a city of substantial wholesale and business institutions. By no means!

All the various kinds of business are not only well represented by men of sterling ability, and those who possess the genuine spirit of progress. The places of business are, well arranged, neatly kept and managed with a promptness and courtesy towards customers that compare favorably with many cities of much larger size. We wish you would all get interested in your town and stand by it. If a rich man starts a project encourage it; if a poor man, help him. Don't be afraid to stick your hand in your pocket. If you have means invest in something that will give employment to somebody. Do not kick on every proposed improvement simply because it is not at your own door. Do all you can to beautify your town and your property also. Be friendly to everybody and courteous to all strangers, and never forget that you are a part of the town.

and that your own department does its share in giving to the town its character. Sell and buy all you can at home. Stand by all other enterprising citizens and be ready to do some of the work yourself.

Our idea of a good citizen, and we are glad there are many in this community, is one always ready to give according to his means, to community enterprises. He takes stock in them all, and doesn't lose his faith if an occasional venture proves bad. He talks up his town at home and abroad, thinks it is the neatest place on earth, believing it to be destined to be the biggest city in its section and wants to be buried here when he dies. And he's worth a whole regiment of the luke-warm kind.

Buy your ticket to Texas and on to Lubbock.

Report all items of interest to us. They will be appreciated and each item will help to make the Avalanche that much more interesting. We cannot get all the news items but by your help we can get the lion's share and that is what we wish to do. We want all the news that's news.

CARLISLE FARMERS AGREE ON COTTON PRICES

Last Tuesday the farmers of the Carlisle Community met at the Carlisle School house and agreed upon prices they would pay for picking cotton this year, according to Mr. J. A. Burroughs, of that community. Mr. Burroughs reports that cotton is opening nicely, and picking will be going good within a few days. They decided they would pay 75c per hundred and board or \$1.00 per hundred and pickers board themselves. The cotton in that community will yield from one third to half a bale per acre, and there is quite a good acreage, though not near so much as last year. Mr. Burroughs says he gathered a bale to the acre last year. All of the cotton in that community is ginned by Lubbock gins.

The Avalanche has a full line of Christmas card samples and we will be glad to have our representative call on you for orders. These samples are appropriate for all lines of business or personal cards. They are engraved, and printed just as you like and you should place your orders now so that delivery can be made promptly, before the big holiday rush commences. Do not place your order with out of town concerns when your printer at home can fill the bill. 15 ti

Faithful Sunday School Attendance Builds Character

Last Sunday was a mile stone in the lives of some of the young people of Dalhart. It marked the end of the fifth year, during which they have attended Sunday School without a single absence. Heretofore they have received their first, second, third, and fourth year pins. Last Sunday the fifth year pin was added to the others. These fortunate children are Lee, age 14; Merle, age 12; and Cleo, age ten, the sons and daughter of Mr. and Mrs. R. R. Davis. What a record they have made, two hundred sixty Sabbaths in their places in Sunday School! In the past six and a half years they have missed only two Sundays, and those for excellent reasons. Behind such a record as this we are sure to find a devoted mother. We hope that our little city will have many more children who will follow the splendid example set by these three.—Dalhart Texan.

The above is a news item of extra ordinary importance. These three children with such a splendid Sunday School attendance record are being brought up in the nurture and ad-

DORT
Quality Goes Clear Through

Doubtless no year has thrown a clearer light upon the Dort and its high standing in the esteem of the American public than this year.

Enthusiasm towards the car and appreciation of its remarkable performance ability and operative thrift have grown and extended further and further, day after day, and month after month.

The regular Dort clientele that inevitably replaces one Dort with another has augmented with a rapidity that has outstripped our closest calculations.

And the only conclusion that can be drawn is that more and more people who in past years have sought other cars are now turning to the Dort as the most desirable automobile investment they could make.

Earhart Motor Company
LUBBOCK, TEXAS

monition of the Lord. There is ever reason to believe that these children will grow to man and womanhood with characters well grounded and rooted in Christian faith and practice. It will not be them that will break our laws and bring shame and disgrace upon their parents and the communities in which they live. Faithfully Sunday School attendance are not the boys and girls that get into mischief. They are not the boys that grow up to be drunkards and libertines, dishonest in their dealings and men without integrity and honor. It will not be the Sunday School pupil who goes astray and leads the scarlet life. It will not be her who will be found automobile joy riding at night, in all kinds of unquestionable company. She will not be the girl when she reaches woman's state who will adopt the dress extremes and come out on our streets with legs bared to the knees, and that part of her person exposed that God gave her to be sacred and private. Faithful, regular Sunday school boys and girls will grow to man and womanhood with characters that will shine forth like diamonds in their settings, with pure manly and womanly lives that will be lived to bless mankind and be an honor to their God and Creator. They it will be who will fill the important places in church, state and nation. They the record of these Dalhart children is records that should be held up as standards for others. If all parents everywhere were zealous in seeing that their children are regular at Sunday school where Christian character is wont to be moulded we would be rearing a class of citizens that would place civilization upon a higher plane. Would that Lockney mothers and fathers would wake up to their responsibility that God has enjoined upon them in bringing up their children in the nurture and admonition of the Lord. Send and go with them to Sunday school regularly each Sunday in the year, and assist the teachers in building for them Christian characters that will be able to withstand the storms of sin that will rage upon them in their future lives. There can be no greater heritage left a child than a Christian character, and this character can only be obtained through the Church, Sunday school and Godly parental lives lived before the child.—Lockney Beacon.

Everybody's Coming to the Fair!

When you come to the South Plains Fair have in mind the Manhattan—the most popular eating and drinking place on the South Plains.

The management of the Manhattan forbids taking advantage of Fair Days to increase prices. We want you to feel that Lubbock is your friend—that the Manhattan appreciates your business.

LOCAL ITEMS FROM THE LORENZO ENTERPRISE

The local buyers are paying 20.10 cents for cotton on the streets today. The lowest price reached this week was 19-cents. W. I. Cumbie reported at noon today that 65 bales of cotton had been weighed at the yards from this season's crop. Lorenzo has to date ginned more than all other points in the county combined. The season has merely begun and within a few weeks all of our farmers will be hauling cotton to the gin.

Will Hale happened to a very painful and near serious accident last Thursday when he was kicked in the face by a horse. His nose was broken and was bruised about the face considerably. We are glad to report however, that he is doing nicely and is fast recovering.

Delegates from this place who attended the Staked Plains Baptist Association meeting at Kress last week report an excellent meeting and a great time. It is also said the report of the Lorenzo church was equal to that of any church in this association.

J. A. Craft and Elmer Cadell are associated together in the market business, Mr. Craft having purchased half interest in the business the first of this week. Both are fine gentlemen and they are giving Lorenzo an up-to-date and first class meat market in recognition of which the public is according a most generous patronage.

W. A. Holt brought into town this morning an unusually large hen egg. The egg measured 8 inches around one way and 6 and 3/4 inches the other and weighed over 1-3 of a pound. It is now on exhibition at the office of Pastillo and Smallin.

The revival being conducted by Rev. J. T. Bentley for the Church of Christ at the tabernacle will close Sunday night. To date twelve members have been admitted to the church since the revival began. Nine were baptised at the Greenhaw lake Sunday afternoon.

The streets of our city are thronged with busy buyers and the merchants are raising their heads in ecstasy. The activity on the thoroughfares beams with metropolitan life. What is the use of harping about hard times? Our city has stood the test of monetary stringency our people are living well, our city is progressing, we have all the advantages and resources that could be reasonably wished for; then, why should some of our people continue to complain of hard times. The least said is soonest mended. The least said of misfortune or bad times and bad conditions the better it will be in the end. Let us lift our voices and with one accord exalt over that good luck. Let us speak the truth of our resources, our business and our general stability. Ours is a good, solid, progressive, conservative city with brilliant prospects of soon becoming a large metropolis and we can do much for it by speaking of its continued, steady advancement. Let us do it.

NO SUBSTITUTE OFFERED
Say what you will about druggists offering something "just as good" because it pays a better profit, the fact still stands that ninety nine out of a hundred druggists recommend Chamberlain's Colic and Diarrhoea Remedy, when the best medicine for diarrhoea is asked for, and do so because they know from what their customers say of it, that it can be depended upon.

E. W. Pittman spent Tuesday and Wednesday in Lubbock having dental work done.—Semiolo Sentinel.

THE KEY THAT UNLOCKS THE DOOR TO LONG LIVING

The men of eighty-five and ninety years of age are not the rotund, well-fed, but thin, spare men, who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, causing indigestion or constipation and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to a ripe old age. 123

Miss Lois Duff entertained the girls of her Sunday school class at her home Friday evening. All who attended, report a most enjoyable time—even if there car did run out of gas on their way home, making it necessary for the young people to remain on the road until a filling station man could bring them out some gas.

One of the very best men in this town never wore a silk shirt in his life.

AN OPPORTUNITY

I have for sale, in Lubbock County, a choice quarter section of land, well located with reference to towns and within one mile of good school, on the following terms and conditions: Price \$40 per acre; if you will place moderate improvements on same, no payments on land will be required for three years. At the end of three years notes to be divided into twelve equal payments and payable on or before, thereby giving you 15 years to pay out the land; one mile of fence will enclose it; can all be put into cultivation with the exception of about two acres. Absolutely no better quarter in the county. If you want a home on splendid terms you had better see me at once as this is going to sell.

REAL ESTATE and INVESTMENTS

Parent-Teachers' Ass'n. Entertain Teachers-Trustees

The Parent-Teachers Association entertained the teachers and trustees of our school last Friday evening at the beautiful home of Judge and Mrs. J. E. Vickers in West Lubbock. The guests were entertained on the lawn which was lighted and arranged for "42". After an hour spent in this delightful diversion, the president of the Association, Mrs. Dr. Baugh, gave a very interesting talk on the work to be outlined for the coming year. Dr. Hutchinson, president of the Board, then spoke on some of the needs of our school in which the Association could lend a helping hand. Among other things the need of medical inspection of our school each year was of great importance, and should be given our first attention. All defective children should be treated and thereby

given a fair chance. Prof. Dupre then spoke along the lines of move school buildings, the establishing of a junior college and the importance of building up the educational sentiment in Lubbock, thereby making this the center in everything educational, which would be necessary to ever enable us to land the West Texas A. & M. Dainty refreshments were served after which all present thanked the ladies who gave this delightful entertainment and expressed themselves as hoping we would have more of these get together meetings which will enable the teachers to do better work and also create a better school spirit in Lubbock. Reporter.

Sloan Smith a representative of the Japan Cotton Trading Co., arrived in Lubbock Saturday and will be stationed here for the remainder of the cotton season. He says that he wants to buy all the cotton in this section for his company. He will have office space in the Citizens National Bank building.

Many sins are committed in the name of Sinn Fein.

Lockney Beacon's Prophecy As to the Santa Fe Extension

For years there have been "talks" of possible connections with Fort Worth tapping the Crosbyton branch and then an extension of another line west from Lubbock, through the heart of Hockley County, and the more favorable agricultural region of the Eastern Plains of New Mexico, with possible connections again at Roswell, giving the Santa Fe a more direct route to El Paso and also protection in view of the development now going on in the section to be traversed. That there are possible conditions which might arise, which would give another town on the Plains these locations for better distribution facilities, offered better locations for wholesale houses and other industries seeking a central location, is altogether without geographical foundation.—Lubbock Avalanche.

We see no reason why Lubbock should not have an outlet to Fort Worth but as a main line proposition, we do not believe she will ever reach the ends of her aspirations. In the next few years the Santa Fe will go into Fort Worth with her lines from the Plains. It is our opinion that both Lubbock, Plainview, Lockney and Floydada will enjoy the results of this connection. Our idea is that the Santa Fe will extend both the Crosbyton and the Floydada branches and make a junction near the cap, and from there go on into Fort Worth with one line. A rattling good town would be built at that junction, in fact we have it on good authority that the Santa Fe owns a half section of land near McAdoo, on which the new town will be built. There is no question as to the results and benefits to be derived for all these sections and all the above mentioned towns when the extensions are made. Lubbock is destined to be a good town, Plainview has a bright future before her, Lockney will become a city of three or four thousand people, Floydada will enjoy a substantial growth, etc. We are all to be benefitted by the extension of the Santa Fe.

SLAT'S DIARY

Friday—this evening a tramp cum to are dore & was fed by ma, she ast him was he looking for wirk & he sed he diddent half to luk very hard to keep out of it on acct. it is so skarc. A tramp has got a nice life to live & about the only difference between a tramp & a milyunair is that I lives within his income & the other I lives without it.

Sat.—got a job passing Bills today & when I was going in to Mr. Haynes house his dog made for me & I dug out Mr. Hays luffed & sed That dog wood eat out of yure hand & the way he acted I gess he wood & if I had of gave him 1-2 a chance he wood of ate out of my leg to.

Sunday—when I cum home from Sunday skool I ast ma what kind of dust was man made out of & she says like the Advertisements does Ast Dad he Knows. So I did ast him & he sed Well I gess she diddent want to tell you for she thinks men is made out of gold dust I gess.

Monday—I gess we are a going to be vs. it & half to do about what are thecher says to do this yr. She has got a sweet look but like Jake says. So is a sugar coted Pill. I diddent get as good of a grade as I xpected in grammer today but then I diddent expect to ennyways.

Tuesday—mr and mrs Smith has had there babies tonsils cut out & vaccinated & his addenoyds all so, & now nex Sunday morning they are going to have him baptized so I gess that will fix him up o. k.

Wednesday—Pa was telling ma about a lady at the astlum witch thinks she is a gentleman. Mr sed That aint nothing I no a 100 fellows here in town witch thinks the same thing. Pa got sore & sed with a scorn You dont need to get so personal.

Thursday—they was a Speaker on the st. tonite and he was vs. the prohibishun act or the government or sumthing & he sed Where is are boast ed Liberty? then he sed it agen Where is are boasted Liberty? I ast you. Where is are boasted Liberty? & a guy witch must of had to much homebrew sed, All rite Bo I'll bite. Where is it? & he got pinched.

J. T. DAY VISITED SONS IN FLOYD COUNTY

J. T. Day returned Sunday from a few days visit with his two sons and families, in Floyd County. He reports rain all the way from there to Lubbock Saturday night but the fall seemed to have been heavier in the Lubbock section. He says the cotton crop as well as the row crops are not as good in that county as they are in Lubbock. They suffered more for rain, just at the time crops were most in need of moisture. The cotton crop is not an average in that section, and while there will be plenty of feed stuff raised for the farmer's use, it is only fair this year. His sons had a good wheat crop however, and taking everything into consideration and averaging things up, the farmers in Floyd county are on top. Floyd is one of the many good counties in the South Plains and is settling up rapidly.

It is not clear just what we got out of the war, but we are paying dearly for it.

PROTECT YOUR M-CHINERY INVESTMENT

Long-Bell Plan Number 20

Lumber and shingles are reasonable in price—why not build that long needed implement shed? The above picture plan, No. M-20, is a highly desirable plan, and can be built in length suitable to your needs.

The building is 20 feet wide, and as long as you want it. The doors are 8 feet high, in pairs, and give a 12-foot opening. It is sided with drop siding, roofed with shingles.

The saving in sheltering expensive machinery is too well understood to warrant talking about. Every one knows that a small investment in lumber will double the life and usefulness of many costly implements. Be sure to examine our implement house plans before building.

We have most interesting catalogues, picturing and describing a great many up-to-date farm buildings. Be sure to call and see these plans. We are interested in helping you to get equipped in just the right way at reasonable cost.

The Reporter has heard many complimentary remarks, as well as comic made in reference to the Special South Plains Fair edition issued by the Avalanche last week. All of which gives us a greater desire on our part to keep local happenings of our city in the forefront where they properly and justly belong.

J. B. Hearreall and Sam Weaver made a business trip to Hale Center and other sections of Hale County first of the week.

OXFORDS THAT ARE A PLEASURE TO LOOK AT AND TO WEAR

Middy Ties at 50c and \$1.00 Each

Every school girl should have one of these handsome ties—they're so smart with the new gym costume or middy.

A lot of Pretty Jeweled Combs

They are quite new, are in many fascinating designs and come just in time for winter festivities. There are many fashionable shapes, and 15c to \$4.50 is a modest price for them.

Men's Dress Shirts

At the Special Price of \$2.00

They were formerly priced up to \$4, so you will see what splendid values they are. An excellent assortment of pretty stripes and fancy figured effects. Expertly tailored, with popular turn-back cuffs.

Men's Hats

The kind that men bring back from London. It is like entering a shop in Piccadilly to come upon this showing of fine soft hats. They are in the shapes and colorings that well-dressed men prefer. The colorings are really exquisite and there are several shades to select from.

Blankets and Comforts

Cold weather will soon be here to stay—making this the time to buy Blankets and Comforters.

We have already sold several blankets this season, due to the low prices and high quality, but our stocks are still complete because we made big preparations and bought right. Hotels and boarding houses will find it to their advantage to see us before they lay in their supply for the winter.

We always look at Oxfords four ways before we buy them. So do you.

How Will They Look?

How Will They Feel?

How Will They Wear?

What Will They Cost?

Of course, Oxfords must look right or you wouldn't want them at all. Next they must be comfortable on your feet, or you could never enjoy them. These two things you can decide when you buy them. The others you must depend upon us to decide.

We know whether they will wear well or not. We know that they will or they would not be in here at all. It's high time to be buying Fall Shoes and Oxfords and this is the safe store for shoe buying.—"Ask Rabb or Jim Kimmel."

Our Brown Calf Oxfords

Are the most popular of low shoes this season for girls or women. Anyone can wear this low heel style as the flexible shank permits the arch to be fitted properly. Every foot muscle functions as nature intended. Anybody walks natural in a pair of these oxfords, they are very smart in appearance for street wear.

SWEATERS

For the cool evenings or chilly days you will feel quite comfortable if buttoned up in one of these cozy sweaters. They will keep you warm and at the same time give you full freedom and full swing for outdoor activity.

Sweaters at prices that just about pay for the thread that's in them. Did you ever set your mind on a \$15 to \$25 sweater and then find that conditions flung them right into your arms at \$3.50 to \$15. You can have that experience here.

Sale of Wool Skirtings

That which is newest in weave, in coloring and effect—the standard fabrics will be found here at exceptionally attractive prices. New plaids—mostly serges and velours in blues, brown, gray and novelties—specially priced at \$5.00 per yard.

Exclusive—but not expensive

That is what women say about our Ready-to-Wear Garments and that is the principle we strive to uphold.

"BISCHOF SUITS FOR WOMEN"

Truly designers have co-operated to this end for they have outdone themselves this season to achieve individuality—individuality of materials, in styles and in colors. Add to this the charm of fine tailoring, carefully moulded shoulders, graceful collars that fit precisely, wonderfully exact under-arm shaping and bust lines—and you have a suit that will stand out anywhere because of its distinctiveness. Notice these features in the suits, specialized from \$30 to \$90. We believe this to be the most sensational offer in suits this season.

THE VOGUE EMPORIUM

Captivating Models in Fall Millinery

Bewitching colors, rich fabrics and materials and trimmings that vary from gay plumage to twinkling metallic decorations are some of the features of these hats. Some of them have large brims, others are snug fitting turbans—a really wonderful variety of shapes, including styles that are embellished with very fascinating veils.—Beautiful hats are like beautiful pictures—They should be seen to be appreciated. For this reason we would urge that you visit our millinery department.

New Panhandle Map Being Made By Government

Stamford, Texas, Sept. 20.—A map of the north Panhandle of Texas of an absolutely correct nature, from

an engineering standpoint, is being made by the United States Coast and Geodetic Survey Department, the territory to be covered by the survey to run from Oklahoma City to Albuquerque across the north Panhandle. A great deal of wonderment among the people of that section of the states has been occasioned by the building of 100-foot towers across the country and until recently no explanation had been made. The story as revealed to the West Texas Cham-

ber-of-Commerce is as follows: "The United States Coast and Geodetic Survey Department is running a line triangulation from Oklahoma City, through Amarillo and the Panhandle to Albuquerque, N. M., for the purpose of establishing a perfect base map of this section of the country, according to E. O. Heaton, junior hydrographic and geodetic engineer for the government, who has been in Amarillo for the past two weeks in charge of the work here.

"A series of towers, approximately 100 feet high have been stationed at intervals of from ten to ninety miles apart throughout the Panhandle for observation purposes. One of the observation towers has been erected on the Benton farm about two miles east of Amarillo, and others have been erected at Washburn, Shamrock, Jericho, Hedley, Lark, Bushland, Vega, Clarendon, and near Canyon. About thirty towers will be erected between Oklahoma City and Albuquerque, covering a distance of approximately 550 miles.

"The running of the lines of triangulation and the establishing of latitudinal and longitudinal positions is primarily for the purpose of setting points to be used in compiling of topographical maps by the Geographical Survey Departments and the furnishing of any information in the matter of correct mapping and other engineering projects. Mr. Heaton declared: "The curvature of the earth's surface is one of the prime factors of the work of the government engineers in the geodetic survey, Mr. Heaton declared, and when the stations are once established, the lines are absolutely perfect from an engineering standpoint.

The towers used in the observation work are donated to the owners of the land on which it was erected,

I will be glad to give you estimates on what plumbing will cost.

Roche Newton, the Plumber

LUBBOCK, TEXAS

WHAT IS IT THAT MAKES A STOVE A GOOD ONE?

Just because a stove is finished prettily is not a sign that it will cook food as you wish it to be cooked. Just because a stove is "said to be best" is little reason for explanation so that you will be benefitted.

Let Us Tell YOU About the **BUCK** STOVES

More than that, let us show you the many inbuilt merits of the kind of quality that goes into its construction, of the fuel saving qualities—of the sturdiness and beauty. Then act solely upon what you see as to whether the BUCH meets your expectations, whether it is the stove for the coming winter.

All Kinds of Wares

Our stock in wares—queensware, hardware, shelf-ware, graniteware, aluminum ware—is very complete. We would like to show you anything that would interest you in our line.

which everybody likes—you will, too.

A delicious peppermint flavored sugar jacket around peppermint flavored chewing gum that will aid your appetite and digestion, polish your teeth and moisten your throat.

8122

THE FLAVOR LASTS

When the survey, work is finished, the engineer declared. The tower on the Benton Farm will be replaced with a brass plate set in concrete, three feet in the ground, and will be a permanent marker, known to the government as the Benton Primary Triangular Station.

ITEMS FROM THE ACUFF COMMUNITY

We are certainly having some fine crops and it is good on the wheat ground, and late maize.

Some of the farmers are sowing their hog pastures for winter this week.

Mrs. W. D. Davis is spending this week with her daughter, Mrs. L. S. Enitt, she came Saturday evening.

Urney Evitt of North Idalou visited Jesse Boyd Saturday night and Sunday.

Floyd and Henry Rush are attending school in Lubbock this session.

D. F. Pounds and son Davis, motored to Lubbock Saturday afternoon.

The new school building is going right up. Workmen are progressing nicely with it.

Hurrah! for Acuff, lets make it one of the liveliest, most wide-awake communities going.

Mr. and Mrs. G. C. Davis went to Lubbock Monday and took two of their children to the doctor to have their tonsils removed.

Mr. and Mrs. L. S. Evitt and Mrs. W. D. Davis, attended church services at Lorenzo Sunday. Services conducted by Bro. J. T. Bentley.

Mr. and Mrs. W. A. Davis motored to Idalou Monday morning and report very muddy roads.

W. L. Grimes went to Lorenzo Saturday morning.

Mr. Ivan C. Baucam left last week He had been visiting his wife and boys a few days.

Marvin Baker visited his sister, Mrs. Elmer Rush Friday evening and Saturday.

Mr. and Mrs. J. M. Boyd attended church at Lorenzo Saturday night and Sunday.

Mrs. Pounds is keeping the boarders who are working on the school house.

Mrs. A. M. and E. O. Evitt visited at Mrs. J. M. Boyd's Monday.

SOME LOCAL LAMESA ITEMS FROM LAMESA REPORTER

Mrs. J. A. Sumpter returned from Lubbock Tuesday evening accompanied by Mrs. McClinton who had been there for an operation which, we are glad to state, was most successful.

37 cars of cattle were shipped from Lamesa by different parties to Biven & Kritzer at Amarillo Monday. Two full train loads for this road.

O. B. Avery, known to many of our people and a nephew of W. F. Cooksey of this place, died of Appendicitis the past week. He was a conductor on the T. & P. and ran from Ft. Worth to El Paso. He was raised at Colorado City. He was a good man and his early death will be a source of grief to his many friends.

On Sunday was a week ago Rev. C. B. Thompson said the words at old Sparenberg that united G. E. Criswick and Miss Victoria Miller in the bonds of matrimony at the brides home. We wish for these young peo-

If This Were Your Washing

A small matter, this—yet only one of the risks incurred in sending the washing "out."

In what you wear, as in what you eat, purity and sanitation are important—and these you can be sure of only in a thoroughly modern laundry like ours.

Consider these things—what you send us is washed in billowy, purifying suds, in four fresh waters; it is rinsed not once, but three or four times, in more clean, clear water. Then ironed at 212 degrees and more, and wrapped, finally in a sun-lit room, and in a dust-proof package.

Not mere cleanliness—but practical sterilization.

And you'll find it economical, and clothes-conserving, too. Try this modern way by sending us your next family washing. Phone today.

Investigate Our Family Wash Department

Lubbock Laundry Co.

Phone No. 305

ple a happy future. And join the many friends in congratulations.

The school enrollment for the first week is about 400 and Prof. Dyer is assisting till another teacher can be secured. Mrs. Woods room has had to be moved to the Methodist church.

Silesia seems to be the Ireland of middle Europe.

To Cure a Cold in One Day Take LAXATIVE FROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 30c.

Mrs. Andrew Hicks of Lubbock arrived in this city Thursday morning and is visiting in the homes of relatives. Mr. and Mrs. L. Gregory and Mrs. J. H. Kemp.—Hereford Brand.

Don't Wait Until Its Cold to Get Coal

If you haven't filled your coal bin, you had better call us right away and start to filling it. The time to buy coal is while it is warm.—Grains, hay, salt, etc., always in stock.

Entered at the Postoffice at Lubbock, Texas, for transmission thru the mails as second class matter.

CO-OPERATE WITH THE FIRE BOYS

Probably no organization receives less attention than the volunteer fire department of the city, yet their value is inestimable. Little do we think of the fire boys who jump out of bed at all hours of the night, or break away from their work at any hour of the day when the fire alarm is sounded, and jump the fire truck with their very best clothes on and endanger their lives to save the property of some fellow, who possibly has never shown enough appreciation to even thank the department for their service. There is a great deal of genuine sacrifice on the part of the volunteer firemen, and absolutely no remuneration, except for the safety of the town, and the benefits derived in matter of insurance rates to the property owners in the city, and we who do not belong to the company receive these benefits. We repeat that the fire boys do not get the proper encouragement or co-operation in their work. We are of the opinion that every property owner of the city should belong to the fire department—we do not mean active members, who operate the hose and the machinery of the fire department, but each and every one should be a member to the extent of paying a small amount into the treasury of the fire department as a maintenance fund, and a remunerative fund to be used in buying many things that the boys need from time to time, and to pay for damaged clothing that often results from fighting a fire. This should be taken up in definite form, and before the close of this year every property owner should have an opportunity of paying something into this fund and placed on the honor roll as a permanent contributor to the fire department. We are sure the business men of the town will not stand back on a proposition of this kind, but they bear the brunt of everything and should have the co-operation of other property owners in this matter. In the future, if you cannot contribute money, you can at least extend encouraging words to them, rather than hinder them and discourage them by slight remarks like "they saved the lot" or "they saved the water in the well," or "they are a lot of bone-heads" and a lot of other remarks common to the occasion.

TAKE CARE OF THE TRADE

Lubbock is favorably located. People naturally want to come here to trade, but the business men must see to it that the roads are kept in good condition, if they expect the people to continue to come here to do their trading. Most of the roads running into Lubbock are good, generally speaking. Some are better than others, but we have heard some complaint of a piece of road in the extreme northwest part of the county that is needing attention badly. People of Littlefield are rather partial to Lubbock and prefer to trade here but you know a mile or so of real bad road will cause a fellow in an automobile to go a long way over a good road rather than to pull a mile or so of rough driving. It is the county's business to see to it that these roads are kept in good shape, but if they go to sleep at the switch, a little prodding might help to wake 'em up a bit. Keep the roads in good shape leading into Lubbock and you need not be uneasy about the trade coming this way.

Many people have criticised the school management the past year, and a big fight was raised on the tax rate on the grounds of the school management. In the face of all this, the report of the high schools of Texas sent out by the State Superintendent of Public Instruction shows that the Lubbock schools have more credits than any other school in the west half of the State of equal population. This would indicate that the mismanagement argument is merely a bubble and there is nothing to it. We invite you to read in another part of this paper a few of the comparative credits, and you will find that Lubbock Schools are among the foremost in the State.

Quite a number of South Plains counties have held their annual county fairs, and they have been pronounced successes. Without an exception these counties will be represented in the Panhandle South Plains Fair at Lubbock, October 4th, 5th and 6th. This will make the fair at Lubbock truly a representative fair of the South Plains, and at this fair the best of all the other fairs will be shown. There is no question that the fair at Lubbock next week will be the best in the west by test.

How about that delinquent tax roll of the Lubbock Independent School District? Payment should be demanded on these taxes. Lubbock schools need the money. Each individual can scratch around and get the tax money better than the school can afford to do without it. The list should be cleaned up at once.

Investigation has shown that there are fewer people out of employment in Texas than in any other state in the Union, and to this might be added that there are fewer people in West Texas out of employment than any other part of Texas. Fact of the business is there is no reason for anyone being out of a job on the South Plains.

Scurry County has sent out the S. O. S. for farm laborers. West Texas has the crops, and East Texas, the people. Come on you folks from the fertile, East, and we will give you employment and can spare you all the food you may lack in your section.

It is nothing short of a shame for the Lubbock Schools to be crowded as they are. We must provide a new building by next term. Now is the time to begin.

FAIR BOOSTERS WELL RECEIVED

From the comment given the Fair Boosters on their trips through the South Plains, they must have made a lasting impression on the people of all towns visited except Slaton. Rousing notice of their visit was given in every paper except the one at Slaton. Whether this was an oversight or whether it was done in an effort to minimize the importance of the Great South Plains Fair we are not able to say, but we do not believe that Slaton folks feel that way toward Lubbock. We do not believe that this apparent "snub" indicates that the Slaton people are not interested in the South Plains Fair, which is as important to Slaton as any other South Plains town. The fair is financed by Lubbock, and of course Lubbock will reap probably more direct returns from their investment than any other town, but this is only right, in return for the amount of money she is putting up, but the entire South Plains will receive more or less benefits from the Fair, and Lubbock county, in its entirety will be benefitted. We cannot believe that the Slaton paper did this intentionally, at least the Avalanche hopes not. We are glad to see every town in Lubbock county grow and prosper. We delight in the spirit of rivalry. That is good for any town, and is found in every town where the undertaker is not backed up to the front door, but let's eliminate every semblance of prejudice and jealousy and all unite in a strong pull for the development of the South Plains country.

There is no justice in raising the valuation of my property to meet the deficit caused by some fellow who has ten times as much money as I have, to go delinquent. That is the way it works, however, and those who pay their taxes every year have a just howl against the practices. Collect the delinquent taxes for the Lubbock Independent School District, and get the school treasury in better shape. This is the only fair way. As one of those who pays taxes every year, the Avalanche insists that these taxes be collected at once or at least an effort be made to do so. The same is true of the city and of the county. Taxes are high enough, and to continue to raise the taxes on the fellow who pays faithfully and without a kick is unjust.

To fail to attend the Panhandle South Plains Fair at Lubbock October 4-5-6, would be to miss the biggest fair on the Plains. There is no question that this fair will outstride every one this year. The interest in the fair is marked by the many inquiries coming daily to this office, the Chamber of Commerce and the Fair Association, and the demand there is for exhibit space in every department. You will miss the treat of your life if you fail to come to Lubbock October 4-5-6.

Every spare room will be needed to take care of the Fair visitors. Of course we are not supposed to entertain them free in the homes, but in order that every person have a place to sleep while in the city we would suggest that those who have spare rooms that they place them at the services of the people while in Lubbock during the Fair. If you will notify the Chamber of Commerce Secretary he will be able to put those who want rooms in touch with you.

The fall issue of the telephone directory of the Southwestern Bell Company is now on the press and will be off by the first of October. The new book will in addition to giving the telephone numbers, give the house number and street, which will be a great convenience to the users of the telephone, as well as others who wish to locate certain parties. This company is to be congratulated in this progressive step.

The Avalanche has received the second edition of the Plains Stockman-Farmer, published weekly at Amarillo, Texas. This is a new paper established by Lee Satterwhite, who has been publishing the Panhandle Herald for a number of years. He is also a member of the Texas Legislature and has been quite active in the capacity of law-maker for the past two years.

Lubbock people are in favor of better educational advantages and the only reason that the tax rate failed to carry last summer was because the people, as a whole, were too sure of the thing going over the top and stayed at home and did not vote. Lubbock is in favor of good schools and will vote a raise of the rate next time and will also favor a new bond issue for the erection of another school building.

The Avalanche editor is in receipt of a complimentary ticket to the West Texas Fair which will be held at Abilene, September 26-October 1. The West Texas Fair promises to be bigger and better than ever before. They say the "Best in the West," but that remains to be proven. They have the Panhandle South Plains Fair to reckon with yet.

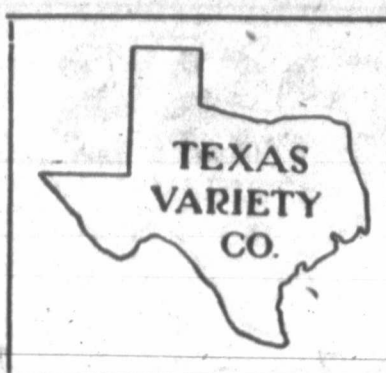

We congratulate the Lockney Beacon on its splendid attainments. It is one of the very best weeklies in the West and Editor Smith is making a great success of the paper. Last week it celebrated its twentieth year, and eleven years under the management of Mr. Smith.

The Randall County News issued a most creditable Fair Edition last week of twenty-eight pages. It was a great boost for the Randall County Fair, and spoke well for the progressive management of the News.

There is something really big in store for Lubbock in the very near future. The Avalanche "has a hunch." It's a secret yet, but keep your eyes on the Avalanche. We will be permitted to tell it soon.

Boost the fair. Some folks will look upon it with a suspicion, but that will not hurt you.

When a man tells us that he believes in progress and votes against better schools. W-w-w-w-d-d-d-don't. Well, he has to show us!

MARRIAGE LICENSES BY COUNTY CLERK DAVIS

Since our last report the following marriage licenses have been issued by the County Clerk: James Grady Hicks and Miss Ruth Bailey; Joseph J. McDonald and Miss Myrtle Gillett; Floyd Norwood and Miss Queen Dennis; Claude B. Huribut and Miss Opal Estelle Weaver; W. J. Baker and Miss Laura Bell Ails; Lance B. Smith and Miss Florence Leverette; Luther Wright and Miss Elnora Cooper.

The hearses of the Rix and Simmons Undertaking Co's. were sent to Tahoka, Tuesday morning to assist in the burial of two soldier boys, whose remains had arrived there over seas for re-entertainment at Tahoka.

MERRILL HOTEL TO CHANGE HANDS OCTOBER 15TH

J. H. Moore, of the Merrill Hotel, has sold his lease to Messrs. Kahan & Sikes of Dallas, and will give them possession of same, Oct. 15. Mr. Kahan is a hotel man of wide experience, having been manager of the Adolphus Hotel at Dallas for a number of years. He and his partner will at once give the "Merrill" a thorough overhauling and make it one of the most up-to-date hostelry's of the entire South Plains in the way of accommodations and service. A new Kellastone flooring is now being laid in the lobby of the hotel which will add greatly to the sanitary condition of the building.

It is better to have an honest enemy than a false friend.

NEGROES WILL GATHER COTTON IN MITCHELL

Colorado, Mitchell Co., Texas, Sept. 22.—W. A. Dullin, farm demonstration agent, reports 115 negroes arriving here today from Dallas to pick cotton. This is approximately 600 pickers to arrive here within the last ten days. Cotton is selling here at 19c to 20c and seed at \$20 per ton.

THE IDEAL PURGATIVE.

As a purgative, Chamberlain's Tablets are the exact thing required. Strong enough for the most robust, mild enough for children. They cause an agreeable movement of the bowels without any of that terrible griping. They are easy and pleasant to take and agreeable in effect.

Meats coming from the Cash Market in this store are quality meats and are no higher in price than other. We are increasing our business daily and we will be glad to put you on our list.

H. E. Miller Grocery
TO BETTER SERVICE

A Business Proposition

In Which Every Family of Lubbock Should be Interested

Unfortunately the five thousand citizens of Lubbock, 'The Hub of the Plains' have faced the proposition of paying 80 cents per hundred pounds of ice. This condition is more unfortunate when we take into consideration the lower cost of living, lowered wage scales, etc. The only way out of a proposition of this kind, as we see it, is to construct an ice plant which will supply our needs at a cost commensurate with conditions, which we believe would be about 50 cents per hundred pounds.

Therefore before another summer we want an up-to-date plant manufacturing a high quality of ice to supply the people of Lubbock at not more than 60 cents per hundred with a better possibility of 50 cents.

We are now one of the largest users of ice on the South Plains. In the business which we are in, Ice is an absolute necessity and the cost of ice enters greatly into the selling price of our products. We believe that we are in a better position to manage and operate a plant in connection with our present business, than any other business in Lubbock. We have the endorsement of some of the biggest and best business men in Lubbock; officials of local organizations endorse our proposition. We want you to read carefully our plan as outlined in a genal way following and to act immediately so that before another summer comes our ice plant will be running:

Our company, the Clover Leaf Creamery, is capitalized at \$15,000 at the present time. To build our Ice Plant we will raise the capital stock to \$50,000. We want to sell before January 1st \$20,000 worth of stock to install the plant. It will take that much money now to get things going and realizing the conditions we are going to get by on just as little as possible. The merchants of the South Plains and the citizens of Lubbock will be called upon to buy stock with us. We know, and you too, that dividends will be realized on stock purchased in this company before much of the coming summer is gone. We are Lubbock people, operating a successful Lubbock Industry. We are attempting to make the Clover Leaf Creamery one of the biggest industries in this section. We want you as a stock-holder!

TERMS OF STOCK BUYING

We are now offering \$20,000 worth of stock in this organization. Shares at \$50 each. \$15 is all that we want now; \$15 will be requested November 1st and the balance on \$50 stock will be due January 1st and payable at any interval between December 1st and January 1st, or cash can be paid for stock at any time.

THE LOCATION FOR OUR PLANT

We have purchased lots located directly northeast of the Laundry on East Broadway. We think this is the most convenient place for location and that it will be a place where the people of Lubbock can be served best, as well as convenient to railroad and trackage.

ALL MONEY PAID IN TO BE HELD BY THE LUBBOCK STATE BANK AS TRUSTEE until organization is complete and officers and directors elected.

NOW LET'S GET DOWN TO BUSINESS

Fill coupon out and if there is anything you do not understand we will be glad to take the matter up with you personally upon request. We're going to have an ice plant. You want ice at a reasonable price and you want Service. You and your friends upon the Board of Directors, or connection officials with this home company will give you just what you are entitled to.

UNITED STATES WILL HAVE TO RETAIN PHILIPPINE ISLANDS ACCORDING TO REPORT BY GEN. WOOD

Washington, Sept. 21.—The American Government, having decided definitely to retain its possession of the Philippines Islands, will await the outcome of the forthcoming armament conference to determine ad-

ditional fortification requirements of the islands.

As recently forecast in these dispatches, Major General Wood, in a bulky preliminary report to this Government, has made it clear that the

Philippines are not yet ready for independence. His conclusions are based on an exhaustive study of conditions throughout the islands. "The situation," said Secretary of War Weeks, "is such as to warrant appointment of another Governor General. That means that we are not going to give up the islands at this time."

General Wood is to be the new Governor General. A civilian will be named Vice Governor General.

Wood's Recommendations
Here are some of the recommendations understood to have been made by Wood in his report:

1. Establishment of better communication facilities between the United States and the Philippines in vital if American-educated Filipinos are to be kept in touch with American ways and conditions.

2. Educational facilities, while extraordinarily good, should be increased in scope.

3. The judicial system should be purged of certain detrimental influences making for Filipino opposition to American rule.

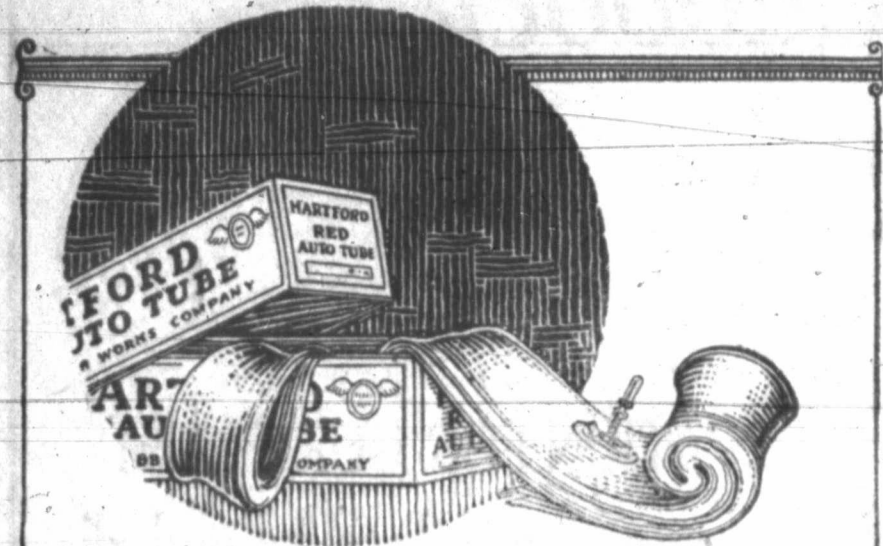

It is revealed that a very small percentage of the Filipinos read or write, that after being educated under American tutelage many drop back into the hands of un-Americanized leaders because of lack of touch with the United States and that a majority of those seeking independence are not of the element which has graduated from American schools.

It has long been the belief that the time of Philippine independence should await the maturity and political activity of those students who had been educated in American schools and American ways.

Facilities Inadequate
It is further reported that American communication facilities are wholly inadequate to meet the propaganda work, particularly of the Japanese, in the Philippines.

These matters having been decided, the big question—that of making the Philippines safer against attack by an enemy power—remains to be settled. General Wood will send back to the United States by Colonel Forbes, his associate in the recent investigation, a detailed report on defense requirements and other military and naval plans for proper protection of the islands. What will be this Government's decision on these—and they embody expenditures not only for military improvements, but also for the maintenance of naval forces—will depend entirely upon what agreements are reached at the forthcoming armament conference, contingent, as these agreements are, upon solutions reached on Far Eastern problems. Meantime, the Wood recommendations in this line will, of course, be kept secret.

Claude B. Hurlbut and E. O. Sears of Lubbock, and E. H. Sears, Jim Sears and Walter Myrille of White-wright, Texas, and John Marshall of Sherman, Texas, went to Hereford Wednesday morning. These gentlemen have farm interests in that section of the Great Plains Country.

SOME LOCAL SQUIBS FROM PLAINVIEW NEWS

John Gist of Odessa passed through this morning en route home from Turkey, Hall county, where he attended the burial of his sister, Mrs. D. W. Officer.

The fourth annual West Texas State Poultry show to be held in Plainview December 15-20 under the auspices of the South Plains Poultry Association, promises to be much larger than that of last year, says E. B. Miller, secretary. Last year there were 2,000 fowls on exhibition, and the show ranked second in the Southwest and third west of the Mississippi river. This year there will be 3,000 birds, it is estimated, and more interest than in any previous show. Mr. Miller says twice as many letters have thus far been received from poultry breeders who will exhibit at the show than to the same date last year.

The products which will form the county exhibit at the Dallas fair are being gathered, and arranged to be shipped to Dallas the latter part of next week, where they will be attractively displayed.

B. D. Garmon of Panhandle, Texas, has recently been appointed special game deputy for Northwestern Texas by W. W. Boyd, game, fish and oyster commissioner of Texas. Mr. Garmon advises the News that he expects to visit Plainview very soon in the interest of his work. He states that large number of game law violations have been reported from the Panhandle and Plains, particularly the killing of the nearly extinct antelope and prairie chickens. A consistent effort will therefore be made to save the vanishing wild life of the northwestern plains and foothills.

Rev. I. W. Williams, missionary for the Stated Plains Baptist association, will organize a church at Shallowater west of Lubbock, Sunday.

Prof. H. P. Webb, superintendent of the Olton school, was in town Saturday. He reported that the school opened with an enrollment of 122, with 28 in the high school.

DYED HER WRAP BLUE AND A SKIRT BROWN

Each package of "Diamond Dyes" contains directions so simple any woman can dye or tint her worn, shabby dresses, skirts, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything, even if she has never dyed before. Buy "Diamond Dyes" dyeing is sure because Diamond Dyes are guaranteed not to spot, fade, streak, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.

Even at this early date, Mitchell county has an avowed candidate for County Judge. Nothing like getting an early start. If any of our people feel lucky for any office we are in receptive mood to take your announcement. The Avalanche is looking forward to a good crop of candidates next year. Throw your old "sombbrero" in the ring and "Let's go!"

The Avalanche has a full line of Christmas card samples and we will be glad to have our representative call on you for orders. These samples are appropriate for all lines of business or personal cards. They are engraved, and printed just as you like and you should place your orders now so that delivery can be made promptly, before the big holiday rush commences. Do not place your order with out of town concerns when your printer at home can fill the bill.

LOCAL ITEMS FROM THE HALE CENTER RECORD

Ben Lewis and family moved to Lockney Wednesday, where they will make their future home. They have been residents of Hale Center for some time and their friends hate to see them leave.

Monday night thieves entered the Quick Service Garage owned by R. E. Terry, and succeeded in getting all the cash that was in the cash drawer and safe. It is not known how much money was taken. Entrance was made through the Record office, that leads into the office of the garage. No trace has been found of the thief up to date. It was evidently robbed by someone that knew how things were arranged in the garage.

Miss Ruth Ferguson and Lamar West were married Saturday evening at 7:00 o'clock, in Plainview, by Rev. J. W. Isreal. Mrs. West is the daughter of Dr. and Mrs. W. R. Ferguson of this city. Mr. West is the son of G. S. West, who lives west of Hale Center.

Fair Prices for Fair Days

We are featuring low prices during Fair Week. We advise that you look over the Bargains in our windows during the coming week.

Cold days are nearing. You will need clothes. Cotton has become a product selling at much more than was predicted a few weeks ago. It is very reasonable to presume that all cotton goods will be higher in the late Fall than they are now. If you want to save money we believe that it is to your interest to buy the cotton goods now, whether you purchase from us or not.

Warm Clothes for Everyone

We believe that our stock of warm, winter clothes, for every member of the family, will meet the approval of anyone wanting to save money. Overcoats, coats, sweaters, woolen clothes of every kind—also raincoats, rubber shoes and other goods that will keep out the chill and cold. Prices are absolutely right.

Trades Day Specials

As we stated before, we are featuring low prices during Fair Week. In addition, First Monday-Trades Day, we request that you look at our show windows and see what specials we are quoting for this day.

Dress up every member of the family and bring them to the Fair next week. You will never regret the interest you take in this event and the money you spend will prove a good investment.

A Barkham Hat Will Make You Look Your Best

G. L. Mills, Prop. Lubbock, Texas

A Visit to the Warlick House West of Lubbock Recently

Accepting an invitation to "come out and eat watermelon," from Mr. Warlick, the editor and family drove out to the Warlick farm two miles west of Lubbock. We certainly did eat watermelon, and some of the best we ever ate. Mr. Warlick is what we call a successful farmer. He is a diversified, which is clearly seen by a walk about the premises and his farm. He has a fine herd of hogs, all sizes and ages, and will have a bunch of them on exhibition at the fair next year. He also has a big bunch of chickens, which makes plenty of good eating in the way of fried chicken and eggs at all times and many of both to sell. His cows also play an important part in the living at home part of the game. His crop looks good. His maize, kafirs, sorghums, corn etc. all in fine condition and producing a good yield. He is gathering two tons and more from his row crops, and his cotton, of which he has several varieties, will yield well, probably from a third to three-quarters of a bale to the acre. He has near a hundred acres in crop, and planted an cultivated it all himself, but of course will have to call on the natives or the "niggers" to help gather what he has raised.

There was no sign of the ill effects of the high cost of living in this home, and as we see it there is no reason that every farmer in the South Plains cannot be equally as well fixed as Mr. Warlick.

Diversification and a little more business on the farm will make the farmer as independent as the proverbial "hog on ice."

LOCAL NEWS FROM THE RALLS BANNER

Boosters for the South Plains Fair were here from Lubbock, Saturday. Lubbock people leave nothing undone to push to success every movement made for the benefit of the town or country, and the results are apparent in the rapid growth of the town and the importance it has achieved as a commercial center. It has long been demonstrated that the right class of people can build a city on a desert, and there is a class who would fail to build a city in a paradise.

Very little change in the produce prices this week. Eggs have moved up to 20c and cream to 31c. Hens are still 14c, spring 15c and roosters 16c. There is now an active demand for all kinds of produce—prices are gradually advancing, and it behooves the farmer to look well after this line of his business. There is more money in produce than in most anything else raised on the farm, and it is ready money at any and all times of the year.

Rev. Geo. W. Shearer preached a most excellent sermon Tuesday night just preceding the conference. During the business session of the Conference the following were named as trustees for Ralls church property: P. B. Ralls, S. J. Day, J. Edd McLaughlin, Will Marr, R. N. Martin. The stewards elected for the new conference year were: S. L. Forrest, T. S. Reynolds, Frank McLaughlin, W. W. Nelson, A. B. Robertson. W. D. Estes secretary and treasurer of Centenary fund; Dewey Criswell, president of the Epworth League; W. L. Schoolcraft church lay leader; M. A. Gideon Sunday school superintendent.

We understand that parties are now engaged in looking for hidden treasure near Estacado. It is alleged that maps and diagrams have been recently discovered which indicate that there is something like \$75,000 hid away in the soil somewhere near Estacado, and a diligent search it is said is being made for it. The money is alleged to have been buried by the Spaniards many years ago.

STAMFORD WILL UTILIZE OLD METHODIST SCHOOL

Reverend J. T. Hicks, Presiding Elder of the Stamford District of the Northwest Texas Conference, has just received from the Board of Education of this Conference a deed. This deed conveys from the Board of Education its interest in the Stamford College property to the Board of Trustees of the Stamford County Line Independent School District. The president of the Board of Education, Rev. J. T. Griswold, Lubbock, and Rev. George Shearer, secretary, also Lubbock, signed the instrument conveying the property. When the Board of Education meets next month at Amarillo it will approve the action of its president and secretary, it is said on good authority.

Now that this property is the property of the school district it is in order for a movement to be set on foot to utilize to the fullest extent the educational opportunity that it presents to the citizenship of this district. The property is worth fully one hundred thousand dollars to any institution or corporation that has any real use for it. Certainly the Stamford Public Schools can use this property in their enlarged programme, as they lack room space today to accommodate their first day's enrollment last Monday.—Stamford Leader.

MRS. ADAIR, OWNER OF BIG J.A. RANCH, IS DEAD

Clarendon, Sept. 22.—Word was received here Thursday morning from London that Mrs. Cornelia Adair, owner of the famous "JA" ranch, near Clarendon, died there Thursday morning.

Mrs. Adair was considered one of the largest ranch owners in the country and the Adairs purchased the famous "JA" ranch when the Zanhandle country was practically void of white population.

Quite a number of Slatonites were in the city Monday attending the county court.

DYED HER SWEATER AND SILK STOCKINGS

Each package of "Diamond Dyes" contains directions so simple that any woman can dye or tint faded, shabby skirts, dresses, waists, coats, sweaters, stockings, hangings, draperies, everything like new. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is guaranteed, even if you have never dyed before. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade, or run. 9-29

TWO CATTLE DEALS IN THE SEMINOLE COUNTRY

E. H. Haynes this week purchased through Heard & Cox, 112 two-year old steers from E. E. Carter, and 275 from other parties near Eunice, N. M. To be received on the 24th, at the Heard & Cox ranch, where they will be pastured.—Seminole Sentinel.

As Quinine That Does Not Affect the Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE.

LARGEST GRAIN SORGHUM CROPS EVER GROWN WILL BE HARVESTED IN WEST TEXAS THIS SEASON

Estimates received from a larger number of the counties in the grain belt of West Texas indicate that the largest grain-sorghum crop ever

grown in West Texas is now being harvested. The acreage planted in grain-sorghums in West Texas in 1921 is estimated at 2,340,000 acres, against 1,906,000 acres for 1920. The production in 1920 was 60,992,000 bushels or an average of 32 bushels to the acre. The estimate for 1921 made in reports to the Agricultural Bureau of the West Texas Chamber of Commerce, indicate a crop of 81,430,000 bushels or an average of 30.5 bushels per acre.

It is interesting to note the increased production of the grain-sorghums in West Texas. These sorghums were introduced into the United States at Chillicothe, Texas, less than twenty years ago. The productions in West Texas from year to year are shown as follows:

1917	86,000,000 bu.
1918	42,000,000 bu.
1919	56,000,000 bu.
1920	60,992,000 bu.
1921	81,430,000 bu.

While the crop of 1915 sold at a farm land value of \$25,000,000, the crop of 1918 sold at a farm land value of \$51,000,000, that of 1919 at a farm land value of \$80,000,000, and the crop of 1920, the largest raised up to that time at a farm land value of \$70,000,000. The estimate farm land value of 1921 is \$60,000,000.

The production for 1920 in the leading grain-sorghum states is as follows:

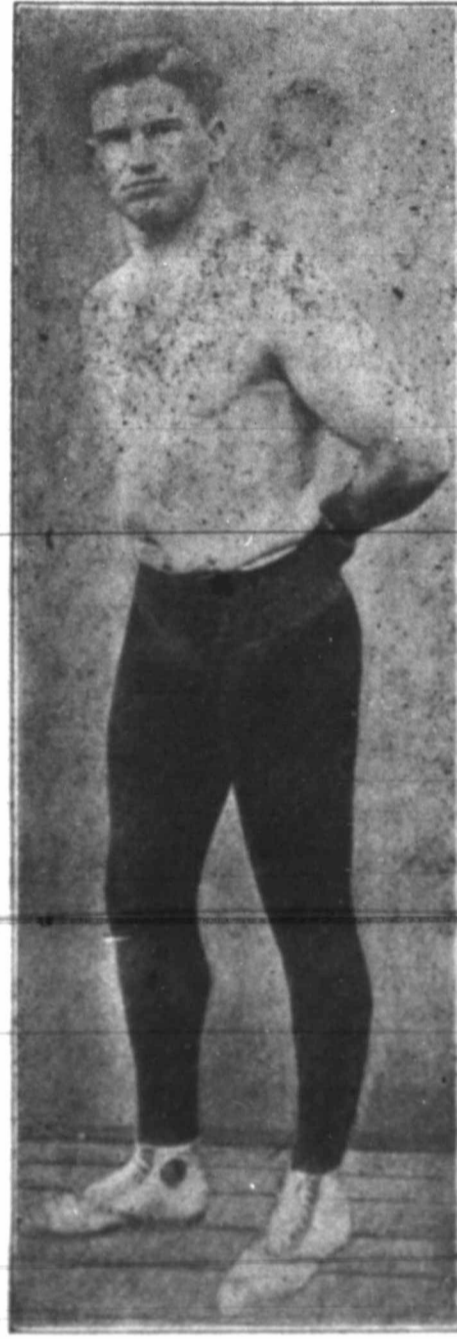

Arizona	728,000 bu.
California	4,056,000 bu.
Colorado	4,335,000 bu.
New Mexico	6,400,000 bu.
Kansas	26,924,000 bu.
Oklahoma	40,430,000 bu.
West Texas	60,992,000 bu.

It is an interesting fact that the farm land value of 1920 was higher in West Texas and lowest in Oklahoma. While the crop of West Texas in 1920 sold for an average of \$1.21 per bushel, that of Oklahoma sold for only an average of 60 cents per bushel. Kansas sold her crop at 69 cents; Colorado \$1.05 cents. The average for the entire grain sorghum belt was 91.5 cents.

It is also interesting to note the variations in the seasonal prices of the grain-sorghums. While on January 15, 1917 the average value for the entire American grain-sorghum belt was \$1.19 1-10 cents, and on June 15 of the same year the price had increased to \$2.06 1-10 cents. The principal reason why the grain-sorghums of West Texas have an average selling price higher than the selling price in other states is due to the immense home-marketing and to the excellency of the marketing conditions at the principal grain marketing centers, such as Ft. Worth, Amarillo, Wichita Falls, and Lubbock in Texas and the demand in the marketing centers at Kansas City, Memphis, and New Orleans.

It is estimated that the farm land value of the grain-sorghums is doubled, if same are sold on foot, in the shape of dairy products, beef, pork, mutton and poultry. The Fort Worth Stockyards Company, Extension Department of the A. & M. College of Texas, Nisley Creameries Company, in co-operation with the West Texas Chamber of Commerce are conducting a campaign, looking towards the increased consumption of the grain-sorghums of foot. If this entire crop in West Texas were marketed on foot, Texas would increase its turnover in new wealth from this product to the extent of more than \$50,000,000 annually.

To Stop a Cough Quick
 take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.
 A box of GROVES' O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.
 The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Groves' O-Pen-Trate Salve through the pores of the skin soon stops a cough.
 Both remedies are packed in one carton and the cost of the combined treatment is 35c.
 Just ask your druggist for HAYES' HEALING HONEY.

Faith In You— In Our Country

Years of witnessing the outcome of the South Plains and the people who live and work here, has proven our confidence was not misplaced and is now giving us renewed optimism for what the future has in store for us all.

In selecting your bank, we invite your consideration, investigation and acquaintanceship. We are building soundly and will be glad to have you join us.

THE LUBBOCK STATE BANK
 "THE BANK FOR EVERYBODY"

ed to about two inches. It put out lots of stock water in parts of the country. The rain extended south about forty miles, north quite a distance and east and west a long ways. The farmers are happy because they can now do their fall planting and the stockmen are rejoicing over having plenty of stock water.

Mrs. H. D. Beal and daughter left Tuesday for Dallas, where the young lady will attend school. They were accompanied as far as Big Spring by H. D. and J. Homer Beal.

ITEMS CLIPPED FROM THE LAMESA REPORTER

C. A. Sutton has just arrived here from Petrolia in search of his wife and three children, who, he says disappeared July 2nd, when they boarded a north bound Wichita Valley train at Anson for home which was then Henrietta, Texas. The children's names are Dick, C. H. and Melvin. Any assistance in locating them will be appreciated by Mr. Sutton. He has been over 17 counties in the last few days and says we have the best crops he has seen anywhere.

On his way here Saturday to Court Judge Spencer was caught in a regular little water spout and his car broke down so that he remained out in the rain and mud till about 2 A. M. Sunday morning when a good farmer came to the rescue and towed him into his home and fed him. Next morning Atty. McGuire went up after the Judge and he does not look the worse for his experience.

Maize at \$6.00 per ton is worth keeping but not worth hauling to town hardly. If any reader of this paper at a distance can pay more for maize just notify the Reporter. We want to see the farmer get all he can for his feed and the local buyers are paying all they can get for it and that is \$6.00 per ton.

District Court is in session here this week with the usual attendance. There were two civil cases, two for purgery, one for seduction and one for we believe covers the docket.

Mrs. Perkins of Lubbock, Texas, and Mrs. Butler of Aberdeen, Miss., who have been guests of Mrs. Mattie Meriwether and her daughters, Miss Hennie and Mary Lou left for their homes Wednesday morning.—Clovis Journal.

AN INTERESTING BATCH OF NEWS ITEMS FROM OUR PROGRESSIVE NEIGHBOR TO THE SOUTH—TAHOKA

Friends of Miss Amandy Leedy will be pleased to learn that she has been appointed postmistress of Tahoka. Word to this effect was received here Saturday afternoon. Miss Amandy takes the place of J. B. Walker, who has held the position the past eight years. She has been employed as clerk in the local office for a number of years, and has always proved

to be an efficient helper and at all times accommodating and courteous to the patrons here. Mr. Walker will probably devote his entire time to farming just west of the city limits, where he and family have resided the past two years. There is a spirit of optimism that is prevailing among the merchants and business men of Tahoka and is

beginning to take on considerable proportions. All lines of business has been wonderfully stimulated within the past few weeks, since cotton has begun to be marketed. The real thing that has put new life into business is the sudden and unexpected rise in the price of cotton, from 10c to 20c and above per pound. As high as 20 1-2c per pound was paid in Tahoka the past week. Tahoka is blessed with a number of good cotton buyers, which by the way, is bringing new business to the old town that otherwise would never reach here. Some six or seven buyers are at hand and bidding is lively at all times. Farmers who want the highest market price for their cotton will do well to make Tahoka their trading point.

Prof. W. Brown Bishop, principal of the ward school at Lubbock, was a fair visitor in Tahoka last Saturday. Professor Bishop formerly resided in Lynn county and it is hard for him to stay away from his old acquaintances here long at a time. His friends are always glad to have him return and pay us a social visit. Mrs. H. T. Gooch, of near O'Donnell, left Saturday morning for Dublin, Texas, to attend the burial of her sister, Mrs. M. C. Witcher. Mr. Gooch made four different trips to Dublin during the illness of her sister. Her many friends in this section deeply sympathize with her in the loss of her loved one.

County Agent, Jennings and family of Lubbock, came down Saturday during the Lynn County Fair. Mr. Jennings acted as judge in the agricultural department of the fair. J. H. Edwards and wife, who stopped over in Tahoka a few days with relatives on their return home from Amarillo, departed this week for their home in Waco. They had been to Amarillo to attend the burial of their son, Carl, who was accidentally killed in Louisiana.

Lynn county was again visited with a soaking rain about midnight Saturday of last week. The local rain gauge measured 2.90 inches. The rain was not needed at this time, and probably did considerable damage to grain crops and cotton, which is being gathered at this time. J. H. Helms was in town Saturday attending the big fair. Mr. Helms was nursing a sore foot caused by sticking a rusty nail in it one day last week.

Lynn county farmer citizens residing on the east line of the county are said to have carried off most of the premiums in the agricultural exhibits at the Garza County Fair held recently. When it comes to producing the real stuff, one can not find a better county in Texas than Lynn located on the great South Plains.

On Friday afternoon of last week, the Lubbock boosters consisting of twenty-five cars, drove into Tahoka during the day. The Lubbockites were full of pep and noise, having in their possession a large fire alarm whistle, which was announcing their arrival in the city. The delegation was out in the interest of the South Plains Fair which will be held at

The Price Is the Thing When Coupled With Quality

No one ever questions the quality of Martin & Wolcott's goods, but some have thought that their prices were a trifle high, but from this date on no one will say that Martin & Wolcott are high on their goods but on the contrary, every one will be saying that Martin & Wolcott are cheaper than others, and taking into consideration that the quality is the very best, it sure is a good place to trade every day in the year.

Phone us your daily orders, phones 309 or 310 will get us. Include some of Sid's nice juicy meats with your order also.

We also want the farmers to bring us their eggs, butter, chickens and all kinds of vegetables that they have to sell, we will give them a good deal for their produce. Try us out, Mr. Farmer, we will both profit by dealing together. Bring your cotton pickers, we have the goods they want at the price that will please them.

PHONES 309-310
MARTIN & WOLCOTT

Lubbock October 4, 5 and 6th. Prof. M. M. Dupre president of the Fair made a rousing speech, which was responded to by Judge R. P. Maddox, of Tahoka, who extended a cordial welcome to the Lubbock boosters. Only one hour was spent in Tahoka from whence they proceeded homeward.

Last Friday afternoon, Uncle Will Brown of this city, had the misfortune to be knocked down by an auto being driven by a small boy, whose name we have been unable to ascertain. Mr. Brown was standing at the corner of the First National Bank, when the lad attempted to turn the corner and hit Mr. Brown. Fortunately he was not seriously injured, but was somewhat bruised from the fall. The boy swerved the jitney into a larger car parked near the bank building or else the injuries might have been more severe.

The Lynn County Fair threw open its gates on schedule time last Friday morning and the people flocked in. While the number of early goers was not sufficient to fill the grounds at the Jones Wagon Yard, at once, the crowds kept coming all morning and by noon there was a large attendance. Saturday the crowd was even larger than the first day, however, the number of people attending did not reach the proportions that was expected by the promoters of the fair. This was accounted for by reason of the fact that the farmers over the county are extremely busy just at this time gathering their grain and cotton crops and could not well spare the two days time to take in the county fair.

Workers were busy the first morning rounding up and finishing off their exhibits. There were numerous individual exhibits of agricultural exhibits, fine arts and fruits; also a number of the business firms of the city had magnificent booths under the large shed. Those who had individual agricultural booths were: C. E. Brown, N. M. Bray and W. J. Crouch, all of whom were in a class to themselves and brought many favorable comments from the throngs of visitors. Business concerns having booths were: The Bradley-Tahoka Auto Co., Thomas Bros. Drug Co., The Limit, The Lynn County News, The Leedy Meat Market, H. M. Larkin, Howell's Garage, Smith's Tailor Shop and the McCormack Store.

Space forbids mentioning all of the various departments and varieties shown. Special mention is made however of the display of fruits and hand made linen and fancy work of Mrs. J. B. Stokes of Tahoka, Mrs. Stokes had on display in one group 52 varieties of canned fruits and vegetables! She also had a number of hand-made garments valued at hundreds of dollars; one quilt was on exhibition containing 4,056 pieces. There were a number of other ladies who had a nice showing of canned products. The horse and mule sheds were well filled with sleek, glossy animals, many of which were thoroughbreds. The hog show was the greatest ever. There were a number of registered-royal grunters.

The cattle show was larger than ever and the breeds represented were Herefords, Holsteins, Shorthorns and Jerseys. The stock and fowl exhibits were fully up to their usual standard of excellence and were very numerous indeed. The ladies building proved a popular resort and contained more than the usual showings of artistic specimens of needle work, paintings, curios, etc.

All in all, the exhibits were everywhere so near perfection that the difference negligible to the untrained eye. Not only were the showings surpassingly fine in quality but the

242 ACRE FARM FOR SALE

99 per cent good tillable land. 1-2 in good state of cultivation. Located 8 miles from Lubbock, 2 1-2 miles from good school. Has county seat public road, R. F. D and rural telephone. 2 sets Good Substantial Improvements. Possession Jan. 1st, 1922, and is a good cotton and grain farm. Water good and inexhaustible, at 100 feet and is one of the very best farms in Lubbock county, at only \$55 per acre. Terms 1-2 cash, balance easy. If interested, see, write or phone

 Lubbock, Texas.

display work and artistic effects were superlative to the tenth degree. It is likely that a fair organization will be formed and the fair in Lynn county made an annual event. The amusement committee were successful in obtaining a rodeo and "Merry-Go-Round" to entertain the visitors, and together with the numerous cold drink stands at prominent corners, every one present seemed to enjoy the two days fair to the utmost.

Two Billion in Farm Loans Will Come to Texas

The Tenth District Federal Farm Loan Bank will come to the assistance of the farmers of Texas by the issuance of loans of approximately \$2,000,000, Judge M. H. Gossett, president of the bank of Houston, will be advised of the forthcoming loan within the next two weeks.

Since the decision of the Supreme Court of the United States last February upholding the constitutionality of the farm loan act, the several Federal Loan Banks have floated an issue of approximately \$40,000,000 of farm loan bonds. The proceeds from this bond issue are now practically all in the hands of the borrowing farmers.

The Farm Loan Board is now arranging for another issue of farm loans. The exact amount of the issue has not been definitely determined upon and announcement will be made within a few days. The price remaining above par, it is thought that the issue will be successful. The Texas quota depends upon the bond issue sold by the Washington bank, but it is understood that Texas will get approximately \$2,000,000.

CITY DRUG STORE.

CRIMINAL CASES DISPOSED DURING THE WEEK

The following criminal cases were tried in the County Court Monday and Tuesday.

State of Texas vs. H. J. Gentry, charged with affray. This case was appealed from the City Court at Slaton to the County Court. The jury after being out for twenty-four hours failed to reach a verdict and were discharged by the Court.

State of Texas vs. R. H. Hazelwood charged with theft. Verdict of not guilty was rendered.

State of Texas vs. W. H. Allen, charged with the theft of six chickens. Verdict of not guilty was rendered.

The Court announced that there would be no more cases called until Thursday morning. This was done to give all parties, who so desired, an opportunity to go with the Lubbock boosters on their trip Wednesday to Floydada, Lockney, Petersburg and Plainview.

UNDEFEATED WRESTLER IS COMING TO LUBBOCK SOON

In this issue will be found an advertisement of Frank Starr, in which he sets forth a challenge to meet any wrestler weighing 175 pounds or under. Starr is 25 years of age. His parents live in San Saba. He is undefeated in his class. He has been wrestling for a number of years and defeats them as they come. He will be in Lubbock during the fair. He was at Post during the fair in Garza county, and defeated the carnival wrestler there. He appeared in Slaton a few weeks ago and downed Switchman Williams there.

Mr. Brown, of Bronte, Texas, is moving to Lubbock, and will reside here in the future.

SOCIETY NOTES

A Paper Bag Party

The Womans' Missionary Society met with Mrs. Fred Spikes Monday afternoon at her beautiful home on Broadway.

A very interesting unique program had been arranged by Mrs. Percy Spencer. Mrs. C. E. Maedgen. They had requested all guests to wear

paper bags instead of their new fall hats. Some of these creations were very skillfully trimmed, but the "Happy Hooligan" headdress of Mrs. Griswold simply took the cake. In the first contest tiny paper bags were passed, they were found to contain letters which formed the sentence "Paper Bag Party." Messdames W. S. Posey and Maddox were first to get this and in the draw, Mrs. Maddox got the straw and was given a large paper bag tied with a beautiful bow of twine string. All watched eagerly to see the contents of this bag. After unting it carefully, she

lifted out another bag tied just like the first, then another, then another, then another, until she came to a neat tiny package—it contained two peanuts.

The next was really a recruiting contest for the choir as there were but only a few of the many well-trained voices present willing to display their talent, no prize was given no recruits made.

The last was a memory test given by playing snatches of family tunes on the Edison. Mrs. A. B. Ellis carried off this prize—a large bag of peanuts which she passed to the crowd. Even the refreshment plate carried out the paper bag idea. The meat and fruit sandwiches were in a small paper bag on the plate with the ice tea.

Refreshments were prepared and served to 62 members and guests by Messdames Spikes, Stanton, J. T. Hutchinson Schenck and Rylander. A Member.

Bazaar at Cash Dry Goods Co., Saturday, Oct. 1st. Come. 14 1

Weaver-Hurlbut

The home of Mr. and Mrs. A. V. Weaver was the scene of a pretty wedding on Tuesday, Sept. 27th, at 12:30 p. m., when Miss Opal Weaver was given in marriage to Mr. Claude B. Hurlbut.

About one hundred guests were received by Messdames J. S. Johnson and T. B. Dugan.

The shades in the living room were drawn and light, shown from chandeliers tied with white satin ribbons, here the decorations were pink and white carnations in profusion.

Mrs. Joe Hilton gave a splendid rendition of "At Dawning," followed by "Thine For Life," by Mrs. Cyril Wheelock. The music modulating into Lohengrin's Wedding March under the skillful fingers of Mrs. Jed Rix, to the strains of which the wedding party entered, the bride on the arm of her brother, Mr. A. V. Weaver, down a path of rose petals strewn by little Catherine Klett and Charlotte Hopkins. Catherine Weaver dressed in a pink frock, preceded the bride carrying the ring on a white satin pillow.

The ceremony was performed before a beautiful flower covered arch from which was suspended a large white basket tied with bows of tulle, holding pink and white carnations, with Rev. W. A. Bowen officiating. Miss Fern Wheelock acting as bride's maid and Mr. Elmer Conley as best man.

The guests were invited into the dining room, beautifully decorated in yellow and white chrysanthemums. In the center of the dining table was a large wedding cake surrounded by beautiful candle sticks tied with tulle, holding lighted candles. Misses Mary Alice Johnson and Virginia Conley served delicious punch and cake.

The guests were ushered from the dining room into the sitting room to view the handsome gifts which showed the interest and love of the many sincere friends of the bride and groom.

Mr. and Mrs. Hurlbut left on the 1:45 train to visit in northern cities, returning by Dallas and Brownwood to visit the grooms people.

The bride wore a beautiful going-away suit of blue duvet de laine, with hat and accessories to harmonize.

The bride is one of Lubbock's most popular young ladies having resided here for several years with her brothers, Messrs. A. V. and Sam

Weaver. She is the daughter of Mr. H. T. Weaver.

The groom is a prosperous young business man with a host of friends.

Mr. and Mrs. Joe Baldrige spent Wednesday in Plainview.

Dr. T. F. McGee of Amarillo spent last week with Mr. and Mrs. E. H. Robertson.

Mr. Arthur Elliott of Slaton was in Lubbock last week.

Mr. J. A. Jordan, traveling salesman of San Antonio is visiting his parents in this city.

1990 Needle Club will meet Tuesday, Oct. 11th, with Mrs. E. B. Green as hostess and Mrs. Perkins as joint hostess.

Xmas Bazaar

The ladies of the First Presbyterian church will give a bazaar Nov. 18 and 19th. This will be an excellent opportunity to purchase beautiful Christmas gifts at most reasonable prices.

Friday Afternoon Club

The Friday Afternoon Club will meet the second Friday in October, with Mrs. Bill Spikes as hostess.

Mrs. L. C. Ellis delightfully entertained the ladies of the First Presbyterian church on Monday afternoon of this week. The house was called to order for a business meeting after which a social hour was thoroughly enjoyed.

Friday Afternoon Club

Members of the Friday Afternoon Club assembled in the home of Mrs. Hawkins on Friday of last week, with Mrs. Hornsby as hostess.

Almost a full membership was present and needle work was indulged in until delicious refreshments of chicken sandwiches, pickles, fruit salad in potties, ice tea and angel food were served.

Honor Bride-Elect

One of the prettiest social events of the week was on last Friday afternoon in the attractive G. C. Wolf-ford home with Miss Bernice Wolf-ford as hostess, honoring Miss Opal Weaver in recognition of her approaching marriage.

The color scheme of yellow and white was developed throughout the reception suite.

Tiny hand-painted tally cards bearing a miniature picture of a bride were passed and auction Bridge enjoyed until a late hour with Mrs. A. V. Weaver winning high score.

The hostess presented the honoree with a beautiful bouquet of yellow chrysanthemums.

At the close of the afternoon's merriment a dainty ice course was served.

A Birthday Dinner

On last Sunday morning at Mr. and Mrs. M. C. McCrummen returned home from church, they were greeted by a large crowd of relatives consisting of their immediate family.

They were soon invited into the dining room where a table groaning under the weight of a splendid dinner awaited them. Their children had prepared this surprise to honor their father's sixty-fourth birthday.

The day was spent in a most pleasant manner and as the hour was growing late the crowd reported for home wishing many happy returns of the day.

Those present were: Mr. and Mrs. McCrummen, Messrs. J. C. Dean and family, R. P. Caraway and family, M. E. Warren, Luther McCrummen, and Clayton McCrummen and family.

WONDERFUL GAIN IN WEIGHT REPORTED

Young Woman Only Weighed 76 Pounds—Now Weighs Over 100 And Is Gaining Every Day.

"Before I began taking Tanlac I only weighed 76 pounds, I now weigh over one hundred and am gaining every day," said Miss LaRue Davis, of Chattanooga, Tenn. "I bought my first bottle of Tanlac at Gas City, Ind., and it helped me so much that I continued using it. I have always been very delicate and suffered a great deal from stomach trouble and rheumatism. I rarely ever had any appetite and simply could not relish anything. I fell off until I only weighed 76 pounds and was so thin I looked perfectly awful. This is the condition I was in when I began taking Tanlac.

"Oh, I feel so different now. Even my complexion is improved. My appetite is good and I can hardly get enough to eat. Tanlac is simply grand, and I can truthfully say it is the only medicine that ever done me any good."

Tanlac is sold in all leading drug stores.

Try a package of our guaranteed egg producer. Rucker Produce Company, East Side Square, Lubbock, Texas. 144f

B. W. Frank and wife of Newbern, N. C., are now citizens of Lubbock, "the Hub of the Plains." They came all the way from North Carolina in their Paige car, and in conversation with the reporter, Mr. Frank said, in all their long trip they saw no section that compared with the South Plains. Hence they decided to make Lubbock their permanent home. On another page of this paper you will find an announcement of Mr. Frank, who has rented the building now occupied by the Panhandle cigar factory. He expects to get possession of this building about the first of October, when these people go into their new building south of the Avalanche office.

E. C. Simmons of the Simmons Undertaking Co., was called to the home of J. W. Henry, fifteen miles southeast of Tahoka, Sunday evening to embalm the body of Mr. Henry, who died Sunday morning of typhoid fever. Mr. Henry leaves a wife and large family to mourn the loss of a husband and father. The remains were shipped from Post City to Dublin for interment.

Last week a gentleman called at the Reporter's desk and desired to see a paper published at a certain town. He wished to make some collections, and was after some attorney's address. He found just one lawyer's name in the paper and gave him the business. Now there are just five attorneys in the place, and out of that number four were foolish and one was wise, he kept his name before the public.

NOTICE

In the Special Edition of the Avalanche published on the 22nd. of September, an error occurred in the write-up of the Guaranty State Bank and Trust Company of Falls, and we hereby correct the figures. We stated that the Guaranty State Bank had combined Deposits, Surplus and Profits of \$80,000 when we intended to say that the bank had a Capital Stock, Surplus and Profits of \$80,000.

Theford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficiency of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver.

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Theford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's. E. S.

**Sweetwater Gets
The Next Meet of
Western Dentists**

Sweetwater was chosen as the next place of meeting and officers were elected by the West Texas Dental Association in its final sessions here Saturday afternoon. The attendance at the meeting was large and the clinics and other features of the three days' program were voted a success by all. A resolution of thanks for the hospitality shown the visiting dentists was voted to the Lions Club and the local dentists.

The banquet held at Mrs. Tucker's Dining Room at the Grace Hotel Friday night was attended by some 62 dentists and visitors and was a decided success. Music was furnished by Miss Lucille Henthorne of Sherman. Dr. W. C. Neal of this city was toastmaster. Papers on Pyorrhea were read by Dr. W. A. Coston of Topeka, Kans., and Dr. E. L. Thomason of Cross Plains.

Saturday morning there was a clinic on gas and some 15 to 20 patients took the gas and teeth were extracted and cavities prepared. The afternoon session Saturday was devoted to the election of officers and the selection of the place of meeting. Dr. E. H. Happel of Big Spring was elected president; Dr. R. A. Maddox of Abilene, first vice president; Dr. G. S. Reed of Lubbock, second vice president; Dr. Sed A. Harris of Snyder, secretary-treasurer. The executive committee of the association is composed of Dr. M. W. Wimberly of Sweetwater, chairman; Dr. W. C. Neal, Abilene; and Dr. R. L. Rogers, Amarillo. The membership committee is Drs. W. L. Lloyd, Plainview; E. L. Thomason, Cross Plains, and W. J. Pemberton, Midland. The rural

HUNT GROCERY

**TEXAS VARIETY CO. OPENS
IN LUBBOCK FOR BUSINESS**

The main attraction in our city Saturday morning seemed to be the opening of the Texas Variety Co., on 11th street, opposite the Rankin Hardware Co.

Their place of business was crowded with men, women and children, who had responded to the public announcement made by this firm in the last issue of the Avalanche. Mr. Smith, manager of the store, assisted by a large force of co-workers, was bending every energy to entertain this great number of people, in a genuine West Texas way, which means cordiality, courtesy and service.

The school children were well provided for in the way of appropriate and serviceable souvenirs, and the older people, too, were not overlooked in the distribution of tokens. This firm has on display one of the largest and best arranged stocks of Variety goods to be found in this section of the South Plains—in fact, their stock and beautiful display compares favorably with the large Kress and Woolworth stores of Dallas and other large cities of Texas.

Lubbock and surrounding country are fortunate in having this business enterprise locate in our midst, and the Manager, informs the Avalanche reporter that his Company will, from week to week, inform the people of the South Plains through the columns of this paper of the many things they can find in their store at live and let live prices.

The Avalanche has a full line of Christmas card samples and we will be glad to have our representative call on you for orders. These samples are appropriate for all lines of business or personal cards. They are engraved, and printed just as you like and you should place your orders now so that delivery can be made promptly, before the big holiday rush commences. Do not place your order with out of town concerns when your printer at home can fill the bill. 15 ct

Prof. J. K. Wester was over from Ralls Saturday, attending to some matters in connection with the Institute. He reports his school starting out in good shape, and says they are sure crowded, but Ralls is going to relieve this situation within a short time as they are now at work on a \$30,000 addition to the school building which will be ready for occupancy within the next two or three weeks. This will relieve the condition, and make Ralls solid for school buildings this year.

The good people of Brownfield turned out en masse to welcome the Lubbock boosters who visited that city Friday in the interest of the South Plains fair to be held in our city, Oct. 3, 4 and 5. The Lubbock

party on their arrival at that place found a galore of fine water melons awaiting their onslaught—and from all reports the boosters did justice to the feast prepared for them by the people of Brownfield. Such demonstrations of welcome by our sister towns only again demonstrates that the best people on earth are residents of the South Plains—of which Lubbock is the hub. The Lubbock delegation went from Brownfield to Tahoka where they were again received with open arms.

LOCALS OF THE SLIDE COMMUNITY OF THE PAST WEEK

Several inches of rain fell on last Saturday evening, which will stop the cotton picking for a few days, as the ground is covered with water and all the lakes are full.

Mrs. Buford Aters' parents, Mr. and Mrs. Gosby are here visiting her for a few days. Mr. Grady Harrick and Earl Ellison were in town Friday.

Mrs. Jim Mabray, Mrs. Copeland, and Mrs. Davis, visited at the Bateman home Friday. Mr. C. R. Reiger and wife went to town Friday evening to get their son Odell, and carried him back Sunday.

Mr. T. J. Davis carried a bale of cotton to town, Wednesday, Friday, and Saturday of this week, getting \$19.75.

Miss Mary Mydonna Bateman arrived at the home of Mr. Haden T. Bateman on the 22nd and will be a star boarder there in the future.

Mr. J. E. Hubbard and Tom Hughes carried a bale of cotton to town Friday afternoon. Mr. Andy Moore and family from near Lubbock were in the community the latter part of the week, visiting relatives.

Mr. J. C. Stanford killed a beef acted business in the city on last Friday. Among those that were in town Saturday were as follows: Messrs. T. Sumner and wife, Joe Akard, Ed. Schroeder, W. D. Arnett and family, Will Cane and family, C. A. Hubbard J. K. Millwell, and Lonnie Williams and family.

Mr. Will Cave and family from near Brownfield visited Mrs. Cones' parents from Saturday until Monday. Mr. J. C. Stanford killed a beef on last Monday.

Mr. B. T. Sumner had the misfortune last Saturday, while he was gone to town, of having two of his best milk cows struck by lightning. The cows not being thirty feet apart. Austin and Raymond Barton from Lubbock were out at the home place Saturday. Wesley Willis returned back to town with them.

Rev. J. M. Rankin and wife from

Juicily Delicious

When you get a sirloin, tenderloin or porterhouse steak from us, you will not be disappointed. The aroma that arises from its frying or broiling is a pretty good index to its flavor and goodness. We are know for the quality of our steaks, chops, roasts, etc.

Sid Caraway (Himself)

Estacade passed through the community Saturday enroute to New Home. He is pastoring the church there.

Mr. Herschel, Davis and Luther Harris and three sisters visited at Mr. Bounds on last Sunday.

Mr. B. E. Wisener was in town on business Saturday. Mrs. Edd Schroeder visited the school one day the latter part of the week.

Thelma Copeland taught the primary room one day last week in Miss Dopsos place as she was sick. Mr. T. J. Davis and Leonard were in town on business last Monday.

MONROE NEWS OF THE PAST WEEK

Our school will suspend a month during October, in order to let the pupils pick cotton. We have had one month of school and the teachers are giving satisfaction and the pupils have done good work.

Mr. Ben J. Ditts and wife, Mrs. L. H. Cox and Miss Della Stephenson attended the funeral of Mrs. Lynn Knotts at Abernathy last Sunday. She had been in poor health for about 8 years and bore her sufferings with great christian fortitude. She leaves a husband and one son, besides many relatives and friends to mourn the loss of a noble hearted woman.

Rev. Howell of the Methodist church at Abernathy, spoke words of comfort to the bereaved ones in a most appropriate manner, at the grave and the funeral offerings were profuse and beautiful.

Mr. Ward Crim and wife had some relatives visiting them a part of last week, whose names I failed to learn and Mrs. Crim is visiting her mother, Mrs. Parish and other relatives at Abernathy—a few days of this week.

Miss Willie May Bratcher and another lady who is a sister to Rufus Bondy are visiting in the Bondy home and attended the pie supper at Monroe.

Our school put on a program of home talent and a pie supper on last Saturday night. The money for the pies going toward paying for playground equipment. The threatening weather and rain caused many to fail to attend and many fine pies were

lost to a good cause, on account of the rain. Some fine singing at Monroe last Sunday night by visitors and on Monday night by "Vaughn Quartet".

Champ Stephenson and family and their guest, Mrs. J. R. Polson of Savoy, Texas, visited friends in McLean a few days last week. They report a fine trip, not a puncture nor a blowout, but plenty of mud on the return trip.

Mrs. J. R. Polson left Tuesday for Gordon, Texas, to visit a few days before returning to her home at Savoy, Texas.

Mrs. R. L. Lipscom and little daughter, Sara and Elizabeth, left last Saturday for their home in Bonham, Texas. Before she left, the Stephensons took her to Balls and spent one day with Mrs. Anna Gale and daughters. Mrs. Lipscom had been sleeping under an electric fan in Bonham, but she asked for 2 quilts on her bed before she left our fine climate on the Plains.

Some wheat is up and others are planting or preparing to plant wheat. Cotton is opening and will make a fair yield.

Hurray for the Lubbock Avalanche Special. Editor.

NEWS OF THE WEST FROM AROUND NEW HOPE

We are still having wet muddy weather. We had another big rain Saturday afternoon and continued to rain until a while before day Sunday morning.

There will be preaching at New Hope next Sunday morning. Everyone is cordially invited to attend.

Messrs. Lynn and Raymond Wylie were in town Tuesday. Mrs. J. C. McDale and children spent Monday at the home of Mrs. McDale's parents, Mr. and Mrs. S. P. Eoff.

Mr. and Mrs. A. E. Emms and daughter, Blanche, were in town Tuesday. Mrs. Emms is having some dental work done.

Mr. and Mrs. S. C. Borland and children, except Lowell, visited at the home of Mrs. Borland's sister, Mrs. Hood, of the Shallowater community, Saturday night and Sunday. Mr. and Mrs. S. P. Eoff and daughter, Vinetta, were visiting and shopping in town Tuesday.

Misses Ettie and Lorena McDale visited Miss Lavenius Curry Sunday. Mr. Floyd Teal of the Woodrow community spent Saturday night with Mr. Ealy Eoff.

Mr. S. D. Stewart was in town Tuesday. Mr. and Mrs. S. D. Pate and children were in town Saturday. Misses Ethel and Vinette Stephenson were visitors at the Borland home Sunday afternoon.

Messrs. T. J. Richardson and J. C. Roberts were in town Saturday. Mr. J. G. McDale and children have been picking cotton for Mr. S. Stephenson. Mr. Calvin Eoff attended church at Lubbock Sunday night. Mr. S. D. Pate was in town Monday after some lumber which he is converting into a smoke house. Mr. and Mrs. S. P. Eoff and daughter, Vinetta, were dinner guests at the home of Mr. and Mrs. J. L. Floyd, of Lubbock Sunday. Mr. Lynn Wylie was in town Wednesday.

A number of men met at the school house Monday afternoon to see about getting enough to build a new phone line from Lubbock. Mr. and Mrs. Terrell Williamson are the proud parents of a new farmer who arrived at their home about two weeks ago. Mother and babe are doing nicely. Mr. Quinby of Lubbock is improving another one of his farms. Mr. T. A. Battin was in town Friday. Mr. Ealy Eoff was in town Saturday afternoon.

No Worms in a Healthy Child. All children troubled with Worms have an unhealthy zodiac, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC gives regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. Six per bottle.
