

THE LUBBOCK AVALANCHE

VOLUME XXII

LUBBOCK, LUBBOCK COUNTY, TEXAS, THURSDAY, OCTOBER 6, 1921

NO. 15

PANHANDLE-SOUTH PLAINS FAIR SUCCESS

IMPORTANT HIGHWAY MEETING HELD HERE MONDAY AFTERNOON

THREE HUNDRED AND TWENTY-FIVE DELEGATES ATTEND AND SELECT ROUTE FOR HIGHWAY

ROUTE FROM CANADA TO TEXAS GULF

The Puget Sound and Gulf Highway, One of the Longest and Most Important Highways in America and One of the Main Lines Over Which Tourists Will Traverse the Continent.

Three hundred and twenty-five delegates attended the First Annual Convention of the Texas Division of the Gulf-Plains-Canada Highway Association held here Tuesday afternoon. In point of attendance, as well as in work accomplished, the convention was one of the most successful road meetings ever held in West Texas. Selection of the route of the Puget Sound to Gulf Highway as the route of the Gulf-Plains-Canada Highway from Lubbock to Corpus Christi was the most important matter decided at the meeting. At a preliminary meeting at Amarillo last month the route in Texas was established from Texhoma to Lubbock by way of Stratford, Dumas, Amarillo, Canyon, Tulia and Plainview. The route from Lubbock south will pass thru Tahoka, Lamesa, Big Spring, Sterling City, San Angelo, Fairbault, Brady, Mason, San Antonio, Pleasanton, Mathis and Corpus Christi. Big delegations from the towns south of Lubbock on the Puget Sound to Gulf Highway were present to press their claims for the extension of the new inter-national highway. A plan to route the new highway south from Lubbock thru Slaton, Post, Snyder, Sweetwater and to Temple and Galveston was frustrated by the strong delegation from the opposing route.

Big Spring went over Tahoka for the next convention of the association which will probably be held next May. J. M. Simpson of Tulia was elected president of the organization and R. M. Fielder, also of Tulia, was elected secretary-treasurer. Plans for marking and improving the route were made and various committees were appointed to care for the separate lines of work until the next convention.

The meeting was called to order by J. A. Rix, president of the Lubbock Chamber of Commerce after which the address of welcome was given by Percy Spencer. The response was made by J. M. Simpson of Tulia, who told in glowing terms of Lubbock's growth, resources and prospects and expressed the appreciation of the delegation for the splendid treatment they had received in Lubbock.

John Boswell, secretary of the Puget Sound to Gulf Highway and the Plainview Chamber of Commerce was called upon to give a history of the Gulf-Plains-Canada Highway Association and to state the definite purpose of the Lubbock convention. He was followed on the program by talks from Judge F. M. Burmeister of Jordantown, president of the Puget Sound to Gulf Highway, Thomas F. Owen of San Angelo, corresponding secretary of the same highway, S. B. Hartchett of Tahoka, J. M. Lowrie of Lamesa, J. H. Johnson of Big Spring, and many others. These talks were directed chiefly in urging that the southern extension of the Gulf, Plains-Canada Highway be made over the Puget Sound to Gulf route to the coast.

There was wild and prolonged cheering from the Puget Sound to Gulf delegates when a motion that the new highway follow that route carried unanimously. The Gulf Plains-Canada Highway extends from Canada to the Gulf Coast of Texas, entering the United States at Portal, N. D. It extends south thru the western parts of North Dakota, South Dakota and Nebraska and thru the eastern parts of Colorado and Oklahoma. It enters Texas at Texhoma. It follows the great central plains over practically its entire route and affords a very splendid tourist route from the north and south extremities of the central part of the nation.

The organization of the route has been by states and Texas is the last state to organize. A meeting of officers from all state organizations will be held at Cheyenne Springs, Colorado, at once to perfect the head organization of the entire route. At that time the plans for marking the route from Canada to the Coast will be made and the exact date of all state conventions for next year will be set.

The originators of the Gulf-Plains-Canada Highway point out that it affords tourists the only logical artery of travel north and south thru the central part of the nation, as there are no parallel highways on either side of the new route for a distance of less than three hundred miles. There has been a great demand for such a highway for many years and it is believed that even as early as next spring will see cars to the number of several hundred each day passing over the new route.

When a girl knows she has a pretty figure she will find a way to let you know it, too.

TAHOKA—"THE AXLE OF THE SOUTH PLAINS"

Monday morning there were quite a number of men and women in our city wearing a ribbon badge with the following inscription: Tahoka—"The Axle of the South Plains." Of course they should have added, Lubbock—"The Hub of the South Plains," in fact everybody well knows that Lubbock as being the Hub it revolves around all the other towns and counties on the South Plains, however, we are glad to see the enterprise and push of the Tahoka people in fact the people of all the South Plains country, as Lubbock people are always glad to add another spoke to its Hub, realizing that as our neighbors grow and prosper, so does Lubbock—bring on all the axles, our hub is adjusted to as to work perfect on any axle that stands for progress and development of all the South Plains country.

CROSBYTON SOLDIERS' BODY DUE MONDAY

Crosbyton, Texas, Oct. 2.—The body of Sergeant Floyd E. Simpson will arrive Monday or Tuesday from Hoboken for interment in Crosbyton Cemetery. He was the son of Mr. and Mrs. J. T. Simpson, member of Company I, One Hundred and Forty-Second Infantry, went over with the Thirty-Sixth Division, and was killed in October, 1918.

The above mentioned body was transferred from the Santa Fe line here to Crosbyton Sunday and was shipped to that place Monday for burial.

LUBBOCK COUNTY HOGS AS LARGE AS COWS

The reporter, while looking at some of the hogs coming in for the South Plains Fair, Monday morning, heard a former citizen of Coke county say, "John Brown, did you ever see such big hogs? Why they are actually as big as cows." Now of course we were not very much surprised to hear a man from Coke make such a remark, in fact, those people need to visit our section before they are competent to pass on the size of a sure enough hog or a thoroughbred cow. If we can get twenty-five of those "rabbit twisters" to visit this section, we will have twenty-four families added to our trade territory—come on boys, make us prove it.

STERLING CITY VISITORS SURPRISED AT LUBBOCK

The following citizens of Sterling City, Texas, arrived in Lubbock, Tuesday morning: F. M. Williams, R. P. Brown, C. B. Butler, S. D. Guimarian, W. H. Sparkman, Jack Jolly, Ruford Franklin, R. F. Roberts and Taylor Emerson. These gentlemen were here to attend the Gulf-Plains-Canada Highway via Lubbock, meeting. Several of the party were greatly surprised at the strides our city is making, in fact they said, "Boys when we were here in 1915, Lubbock was not much larger than Sterling—now look at her, she certainly is a hummer." We are glad to have these good men visit us and feel sure that ere long some of their number will become citizens of our town.

DR. BLOOM BUYS RESIDENCE IN LUBBOCK

Dr. G. C. Bloom says he is a full fledged citizen of the hub of the Plains now. He has purchased the M. M. Mitchell residence on 11th street and moved into same last week. Mr. Bloom recently moved to Lubbock and engaged in the profession of chemistry.

Rev. D. C. Ross and C. E. Lynn are attending the Annual Conference at Amarillo this week. Rev. Ross has had charge of the Plains Mission the past year and Rev. Lynn has been doing evangelistic work.

George F. Mulkey of Fort Worth, who recently decided that Lubbock was a better city than the Fort city, has begun the construction of a \$5000 residence on 11th street. All that is needed is to get the citizens of Fort Worth, Dallas, Houston, San Antonio, and the other small towns to visit the Hub of the Plains, and they, too, will decide that Lubbock is the best city in Texas.

Jack Rogers and two daughters, Misses Lellie and May were visitors at the fair from Gall and also visiting at the home of Mr. and Mrs. J. C. Burns.

SAM CATES AND HULET SMITH ESCAPED FROM LUBBOCK JAIL LAST THURSDAY NIGHT STILL AT LARGE

The Sheriff, and citizens of Lubbock were wrough up early Friday morning when it was discovered that Sam Cates and Hulet Smith, two prisoners confined in the county jail, charged with murder and forgery, respectively, had made good their escape from our county bastle. Cates had twice been convicted of murder, and once for forgery. The culprits had been confined in the "dark cell" since their attack upon the Sheriff and his wife, and were believed to have been safely confined.

Their escape was effected by unlocking the combination lock of the cell door. Using a crude wooden device which they had made from an old mop handle and two end-pieces of wood from the cots on which they had been sleeping. With this device they succeeded in throwing the combination and unscrewing a nut off the end of an iron bolt holding the lever of their cell door. The work being done through the small holes in their cell door; after getting out of their cages, they had three more steel doors, securely locked, to pass through before reaching the window through which they escaped. They succeeded in picking the locks on these doors and going to a window, (which was not barred) of the jail, let themselves down to the ground by a rope, made from their keds clothes.

The sheriff did not learn of their escape till he went up to feed them, about 7 a. m. There were four other prisoners confined in the jail, but they made no outcry, neither did Cates or Smith make any attempt to liberate them. The other prisoners consisted of one white man and three Mexicans.

The white man says that he heard Cates talking at 5:00 a. m., but the Mexicans say that the two men told them good night or good bye, between eight and nine p. m.

The window from which they ascended was, very nearly directly over the head of the sheriff's bed, and if they escaped about 5:00 a. m., it seems very probable that they would have awakened the sheriff in making their descent to the ground and to freedom. Sheriff Holcomb and his force assisted by city officers and citizens, are doing everything possible to find a clue to their whereabouts and effect their capture.

It will be recalled by our readers that some nine or ten months ago, Carl Brown and Jack Hunter, were confined in this same jail, and they succeeded in opening this combination lock by using a similar instrument made from an old wooden wash board. They, however, had only gotten out into the run-round when they were discovered and again placed in a cell. These boys are now serving time in Huntsville.

Cates and Smith, each left a note to the Sheriff, which read as follows: Thursday, 25, 1921.

Dear to You All: Mr. and Mrs. Holcomb and family. I sure do hate to do this to you for you have been such a friend to me and I hope you will not feel peaved at me for what I have did, for I have acted the man about it. I hope you good luck with the other boys. I hope some day I can return the favors you have did for me. I am going to trust in God for my freedom and hope you people do the same. With love and best wishes to C. A. Holcomb and family, Hughlett Smith.

I hope that I have good luck myself, Charlie I know you don't blame me for this, do you Charlie. I am gone, H. S.

Dear Charlie and Family, I hope you all the best of luck all the rest of your days. Don't think too hard of me for doing this. I too am very sorry for our other troubles so please forgive me. If you people don't ever catch me you can bet that I will always be a good boy. Give my best regards to my Mary. With love, always, Sam.

Since the above was written the white prisoner now says that Cates and Smith, poked a note to him in his cell, between eleven and twelve o'clock Thursday night, also handing him an old key that they had made out of a piece taken from their bunk hanger, the key was a duplicate of the jail door keys, only they had made the four notches on the wrong side of it, if the notches had been reversed, it is believed that the key would have unlocked the jail doors. The white prisoner says they were wanted for old Mexico, (which statement we do not believe) and that he did not hear them after they gave him the note and key.

It would require an edition of the Avalanche, as large as its South Plains Fair Edition, to publish the various opinions expressed as to the means used by these two criminals in making their escape after getting out of the jail. Some say they left by air plane, some in a high-powered car, some they walked off and are in hiding near the city, etc., etc. Yet, despite the many theories advanced there is only one fact that is indisputable, namely, they are gone, and up to the present time, no trace of their whereabouts, or the direction they went has been discovered.

The Avalanche feels that this pair will eventually be located and recaptured, and we, with all law abiding citizens hope that their recapture will only be a matter of a few days.

Fearful Tragedy—Woman Kills Self And 3 Children

About three o'clock Wednesday morning the officers were called over the phone to come out to the home of A. R. Groves, about eleven miles northeast of Lubbock, the party calling the officers stated that Mrs. Groves had killed herself and children. The Sheriff, County Attorney and Justice of the Peace left at once for the place of the tragedy.

Upon their entering the room they found three small children lying on a pallet, made down on the floor, dead; the mother, Mrs. Groves, lying upon the bed, dead. All parties were shot in the head, children lying on a pallet with their heads to the north; mother lying on her back on the bed in the south-east corner of the room. After a thorough investigation by the officers it was decided that the mother's mind had suddenly become unbalanced causing her to kill her three small boys, ages, two, four and six years.

The husband, mother and children, had come to the Fair here Tuesday, returning home that evening, eating supper and retiring as usual, but later in the night the mother had taken sick and suffering great pain, so her husband went for his mother to come and assist him in quieting his wife. When they returned they found the door and windows to the room fastened so they could not enter but forcing an entrance they were greatly shocked at the sight that met their eyes.

The neighbors called the Rix Undertaking Co. to come out and prepare the bodies for interment.

The funeral service for Mrs. Lula M. Groves and children, Marvin E., Buster W. and Melvin Chester, was conducted at the Lubbock Cemetery at 4:00 o'clock by Rev. W. A. Bowen.

J. C. Holt, the ad man on the Avalanche, received a telegram Thursday evening, announcing the death of his father, at Stamford, Texas. The entire office force sympathize with Mr. Holt in this his sad hour.

OPENS ON SCHEDULE TIME WITH RECORD BREAKING ATTENDANCE

MORE THAN 10,000 PEOPLE ATTENDED FIRST DAY—TWO AND A HALF MILE PARADE BIG FEATURE OF FIRST DAY—EXHIBITS IN ALL DEPARTMENTS EXTRA GOOD—CARNIVAL ARRIVED LATE BUT HERE FOR BALANCE OF WEEK—FAIR TO RUN THROUGH FRIDAY.

The Panhandle South Plains Fair opened on schedule time Tuesday, and the first day was truly great. The streets of Lubbock were crowded and packed, but the splendid police service kept the traffic going in good shape, and no accidents of any note resulted because of the crowded conditions of the streets. People were here from every section of the plains and the people of Lubbock turned out en masse.

The fair opening was preceded by a parade that far surpassed anything of the kind ever seen on the Plains. The line of automobiles and school children, horseback, in buggies and on foot, was about two and a half mile long, and one of the most interesting parades ever staged, in as much as it included features of most every kind. Commercial, agriculture, livestock, schools, both rural and city, and many other attractive cars and vehicles engaged the attention of thousands of bystanders.

The parade was led by Fair Association officials, County and city officials, and the fire department, all headed by Lubbock's splendid band, which by the way has been no small feature of the South Plains Fair. It is very evident that the fair at this place is truly not a Lubbock fair any more. The interest displayed by the several counties throughout this section is evidence enough to prove that it is a representative South Plains fair, for there were people here from all over the south plains and we dare say that not a county of the South Plains group, failed to be represented in Lubbock on that day and hundreds from points outside of the South Plains. They came in automobiles, on the train and every way, and so great were the interest a determination to be here on the first day that is reported that some even walked rather than miss the opening.

Crosbyton, Rally, Lorenzo, Idalou, Slaton, Wilson, Tahoka, O'Donnell, Lamesa, Seminole, Big Spring, Colorado, Plainwater, Abilene, Snyder, Amarillo, Pleetview, Lockney, Floydada, Hale Center, Abernathy, Littlefield, Brownfield, Seagraves and Plains all showed good representation on the first day. There were probably a half a hundred automobiles from Big Spring here and more than a hundred cars were reported here on the second day from Plainview, anyway we know there was a large representation from our sister city to the north, and every town within Lubbock county responded.

Lubbock is more than ever justified in her title as the "hub of the plains," because there were thousands of people from other towns and counties all around, here to enjoy the great fair at this place.

The first days attendance far exceeded the expectation of the most optimistic, and put the pessimist entirely out of business in the first round, and his howl has not been heard since that date. Before two o'clock of the first day more than 4,000 people were registered in at the gates, and the first days attendance passed the 10,000 mark according to reports of the officials of the fair, and each succeeding day has brought its quota of visitors and resident representatives.

The exhibits in every line has far outreached the expectation of the officials of the fair, and many are being housed under tents, because of the inability of the halls to hold them. The agricultural exhibits are extra good, and large, and is a real revelation to visitors from other parts of the country, and is truly representative of the South Plains. Gaines, Lamb, Dawson, Crosby, Lynn, have county exhibits, while a number of individual exhibits and community exhibits fill the agricultural building, and the hog department is simply immense. Hogs are being exhibited here from points three hundred miles away, as well as every county within the Lubbock Trade territory. A bunch of sheep are here on exhibition from San Angelo, besides a large number from nearby ranches. This is true of the cattle department, while this department is not crowded like the swine department, because of insufficient room to exhibit. The fair management has the matter in mind now of doubling the capacity of the exhibition halls for another year or maybe more than that.

There was some disappointment to many people on account of the failure of the carnival company arriving in time for the opening day, and even the second day, but they are here strong for the third day, and the fair management has prolonged the fair through Friday, and it is freely predicted that Friday will probably be the biggest day of the fair. We are unable to give a full report of the awards of premiums in every department and a general summary is about the best obtainable at this time, but will have same for next week.

The Avalanche cannot get sufficient returns on the various departments so as to give a full report on the awards made, etc., hence we will defer a full report until our next issue, believing that it is best to publish a full account, instead of a garbled account. However we cannot refrain from mentioning the various firms who have booths in the Industrial Building. Their booths are unique, and appropriate. They not only reflect great credit upon the business firms represented, but upon the entire South Plains.

Following is a list of the firms represented: Barrier Brothers, Dry Goods and Clothing. Robinson Furniture Co., Latest things in House Furnishings. A. B. Conley, Jr., Fall line of Dry Goods and Clothing—Ladies Suits, etc. Rix Furniture Co., Furniture and Undertakers. Lubbock Floral Co. Leader Rest Room, Greatly enjoyed by all fair visitors. Mrs. L. H. Barkham, Latest Creations in Millinery. Western Wind Mill Co., Wind Mills, Gas Engines, Builders and Shell Hardware. Clover Leaf Creamery Co., a Home Institution.

Dorby & Williford, Staple and Fancy Groceries. E. L. Law, Plumber, "the man that knows his business." L. E. Hunt, Latest things in Gents Furnishings. Cole-Myrick Hardware and Implements. Rotary Club Room, a place for tired women and children. Martin & Wolcott, Grocery Co., Strengthening "Vermont Flour" and Chase & Sanborn's Coffee. Hunt Grocery Co., Demonstrating the superiority of "American Beauty" flour.

Miss Price, domestic teacher in the High School, assisted by two of the pupils, is doing the demonstration work at this booth. Lubbock Variety Store, Full line of variety goods. The Leader Dry Goods Co., Furnishings, Ladies Ready-to-Wear, etc. Simpson Electric Co., Electrical Devices and Lights. Lubbock-Tex Motor Co., exhibiting balloons, peanuts, an Overland car that was sold to R. E. Willis in 1919, said to have been run 30,000 miles.

City Drug Store, "The Rexall" exhibiting special and select lines of stationery, and druggist sundries. Moore Bros., "Hamilton Reach" Carpet Washer, Furniture and Kitchen Utensils. Lubbock Drug Co., Toilet Articles, Rubber Goods, etc. Johnson Studio, Photographs, Kodak, etc. Lubbock Avalanche, News, Book and Commercial Printing. Lubbock Business College, Typewriters and pretty girls. Hawes Mattress Co. The Texas Co., full line of oils, gas, etc. Chocolate Shop, Home-made candies and chocolates.

Every one of the above booths are worthy of a column mention but our space is limited, hence this short mention. We will publish the official awards in all departments of the fair next week.

Snap Shots of the Fair

The fire works display this year at the fair has never been surpassed in this section of the state. The County exhibit at the fair is simply immense. It is at least ten times as great as last year. Not only have we had a large attendance of visitors at the fair from all over the Panhandle and South Plains, but many are here from the eastern, southern and central Texas, and New Mexico. The people from other parts of the state are the most surprised at the wonderful showing in every department.

The worth of the Lubbock Band is beyond estimate at the fair. Without the aid of this band or some other the fair would have been dull, but the splendid music was an inspiration and made the people feel cheerful. Many people fail to realize the great value of the band and fail to give it the moral and financial support that it so justly deserves. Pep up to the band.

The Big Spring delegation had a doctor and a lawyer with them, and the Sterling City delegation had a preacher and a sheriff with them, while here Tuesday attending the meet of the Gulf-Plains-Canada Highway via Lubbock meet here. These good people came prepared to

Costs Over Million Dollars a Year to Run State Govt.

The Bureau of the Census at Washington announces that the costs of Government for Austin, Texas, for the fiscal year ending Dec. 31, 1920, amounted to \$1,121,496, which was a per capita cost of \$31.92.

In 1917 the per capita cost was \$31.89, and in 1914, \$28.27, the totals for these years being \$1,071,109 and \$906,723 respectively.

The per capita costs for 1920 consisted of expenses of general de-

partments \$16.80 expenses of public service enterprises \$8.59, payments for interest \$4.18 and for outlays \$3.35.

Total revenue receipts in 1920 were \$1,184,175, or \$33.70 per capita, excess of revenue receipts over government costs was, therefore, \$1.78.

The net indebtedness (funded and floating debt less sinking fund assets) of Austin was \$78.21 per capita for 1920, \$83.08 for 1917 and \$69.56 for 1914.

C. M. Donohoo and wife of Plainview, visited with relatives and friends here the latter part of last week. Mr. Donohoo was formerly of the Donohoo-Ware Hardware Co., at Plainview, but has recently sold his interest in that Company.

Agricultural Com. Says Cotton Prices Should be Higher

George B. Terrell, Commissioner of Agriculture, says the United States Government Cotton Report issued September 1st, shows the condition of the cotton crop to be 49.3 per cent and the estimated yield to be 7,030,000 bales, the shortest crop in more than a quarter of a century.

Damages from insect pests, and the recent heavy rains and floods, may reduce the yield below the government estimate, especially in the Texas crop.

Total carryover is 6,499,108 bales less 24 per cent damaged and untenderable cotton 1,559,785 bales

To tenderable cotton 4,939,323 bales

Estimated yield 1921 7,030,000 bales

To crop, carryover 11,969,323 bales

Orin round numbers 12,000,000 bales

Estimated domestic consumption and exports to August 1, 1922 12,000,000 bales

These figures by the government virtually wipe out any surplus cotton at the end of the present cotton year, Aug. 1, 1922.

The world's production for the crop of 1920, cotton year closing on Aug. 1, 1921, was 19,595,000 bales.

The estimated production for the crop of 1921, cotton year closing on Aug. 1, 1922, based on last year's yield of all foreign countries, is as follows:

United States	7,030,000 Bales
India	2,976,000 Bales
Egypt	1,251,000 Bales
China	1,000,000 Bales
Russia	180,000 Bales
Brazil	100,000 Bales
Mexico	165,000 Bales
Peru	157,000 Bales
All others	100,000 Bales

Total World's Supply 13,259,000 Bales Or 6,326,000 bales less than that for the cotton year just closed.

With such an unprecedented short crop, the price should advance at least to 25 cents per pound, and if the crop is marketed gradually, so as to give the mills their actual needs and no more, the price should materially advance, and the crop should maintain this advance.

A circular has been sent out from Boston to the New England spinners stating that the cost of producing this cotton crop is the lowest in years and that a price of 10 or 11 cents for cotton will yield a good profit to the producers.

Statistics furnished by the cotton growers of Texas, as to the cost of production, and carefully compiled, show that it cost above 40 cents per pound last year to produce the crop and 25.8 cents per pound this year. If the yield per acre this year, had been as much as last year, the cost of production would have been much lower.

The statements in the Boston circular as to cost of producing cotton this year, are deliberate misrepresentations, in order to bear the price of cotton. Every indication points to higher prices, if supply and demand are to control.

FOR INDIGESTION, GAS, SOUR, ACID STOMACH, TAKE "DIAPEPSIN"

"Pape's Diapepsin" is the quickest, surest relief for Indigestion, Sourness, Fermentation or Stomach Distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually. 10-7

COUNTY COURT ADJOURNED LAST THURSDAY MORNING

Judge Brown adjourned County Court last Thursday morning, sine die, owing to the entire sheriff force being out trying to apprehend Sam Cates and Hulet Smith, the two criminals who made their escape from the county jail early Friday morning.

South Plains Land is Good Loan Security

Fred A. Grayam, of Waco, land appraiser for the Federal Land Bank of Houston, Texas, was in the city several days the past week and in conversation with the reporter, Mr. Grayson said that he had passed on thirteen appraisals here. In fact, Fred said that there was no trouble in passing on the different tracts of Lubbock county land, as it was all as good as ever a crow flew over. Mr. Grayam is a good judge of West Texas land; having lived in Scurry county for a number of years, being in the abstract and farm loan business. He will return to this territory in about ten days and pass (favorably) on other applications for a loan.

LOCAL NEWS ITEMS FROM THE SLATON SLATONITE

B. M. Holland, president of the Chamber of Commerce, is in receipt of a letter from J. T. Overby, who has charge of the Slaton Agricultural exhibit at the West Texas Fair, being held at Abilene this week, advising him that the exhibit had been awarded a cash premium of \$100. Slaton represented the county of Lubbock at the West Texas Fair, as no other town in the county took the trouble to collect anything for exhibition. Mr. Overby also stated that the judge informed him that Slaton would have been awarded a cash prize of \$200 instead had it contained any fruits. Five other counties were competing with Slaton. They were: Jones, Callahan, Howard, Haskell and Knox. Preparations are being made to send a large exhibit to the Dallas Fair, which opens, Sunday, October 8. Judging by reports from various portions of the state, the South Plains has better crops than any other section, and there is no good reason why we should not take the money at the Dallas Fair with an exhibit.

R. C. Dyer, who operates a county

road grader in this precinct, suffered the loss of a finger last Friday while at work on the road. He was given surgical attention and is reported as doing nicely.

Early Wednesday morning a long string of well loaded automobiles, carrying Slaton boosters, left Slaton to accompany a similar string of autos from Lubbock to Plainview, to visit the Hale County Fair and Live Stock Exposition, and incidentally to advertise the South Plains Fair to be held at Lubbock next week.

ITEMS FROM THE LAMESA REPORTER

Last Sunday at 1:30 P. M., according to announcement our ex-service boys assembled on the north

side of the square where cars and friends awaited them and soon the procession was in motion and at 3:30 the service of honor was held at the Pride church. The crowd was estimated at about 500 which was one of the largest funerals, if not the largest, ever held in that community. There were 82 cars and 13 other vehicles in the procession.

On last Saturday evening at Post, Texas, Mr. J. A. Young, Santa Fe Agent at Lamesa and Mrs. Zina Martin of Austin, Texas, were united in marriage, arriving in Lamesa on Sunday, where they will make their future home. On last Friday evening Mrs. Martin arrived at the Commercial Hotel and rumor at once said the future Mrs. Young had arrived, and thus it proved.

CHILD TRAINING AT HOME

By Jennie S. Clough.

Dealing With the Angry Child. Of the many problems which confront a mother, one of the hardest is that of meeting in the wisest way the undesirable traits that appear in children. In dealing with these problems there are two great helps. First, a sense of humor. If a child comes

down to breakfast sullen and bad-tempered, make some little joke, it helps to clarify the atmosphere. (I don't mean laugh at the child, that only adds fuel to the fire) but do some amusing thing, or tell a funny story and you will make the clouds vanish like magic. Parents who appreciate fun and who are the real companions of their little ones have the happiest and most affectionate children. But most important of all is grace. Grace is that lovely, loving spirit which, no matter how trying the children are, cannot be disturbed. We cannot have this of ourselves, it is the gift of God. He says, "My grace is sufficient for thee," so, when the children are noisy and naughty and our nerves seem just about in pieces, let us say this over and over mentally and we shall be surprised at the peace and quietness within ourselves that will follow.

Granted that we have sympathy and poise ourselves, we are in a fit condition to help our children to overcome their faults. Often children are cross and naughty because they are overtired, over-excited or hungry. We must be sure that their naughtiness does not come from some physical reason that we can help. If a child is in a bad temper the first thing to do is to quiet him. How? By being very quiet ourselves, but very firm letting him see our strength and poise and then trying to find out what has stirred him. By our talking it over with him and letting him pour it out, his nerves will be freed and he will have an outlet for his passion. If he seems uncontrollable, and it is impossible to talk with him, put him by himself until he is more calm. While he is in a temper be careful not to leave him where he can break or destroy anything. Often his outburst is like a thunder storm, the thunder and lightning are tremendous while they last, but are soon over. Then, just as soon as possible, divert the child, get him interested and busy about something.

A much harder type of child to deal with and one that tries our patience more, is the sullen child. He makes no outlet for himself like the angry child who vents his temper in screams and passionate talk. His bad temper works all on the inside. He broods over the trouble, distorting and enlarging it by dwelling upon it. He usually refuses comfort or sympathy and seems to enjoy shutting himself away from everyone. He is usually a sensitive child—shy, lack-

The Ideal Has Not Been Reached

But We're Still Buying the Best Hardware

Stoves, Furnaces, Heaters, Implements, Crockery, Glassware, Granite Ware, Aluminumware, Cutlery, Tinware, Etc.

You can come to our store with the expectations of getting what you are looking for. We are continually trying to meet all the requirements of a Real Hardware Store. It doesn't make any difference with us what you want, we believe we have it in stock.

Carpenters, this is the store to buy the tools

Farmers, this is the place to buy implements

Housewives, Buy your Home things here

The Store For Everybody

"SEE US BEFORE YOU DIE"

SAFE

When a man is extremely cautious in his investments, the world says "he usually plays safe."

When the base ball runner gets his foot on the sack before the baseman gets the ball on him, the Umpire says "Safe."

When YOU make your last play on the diamond of life, and the Great Umpire shall say "you are out" will your friends be able to say "he played the game safe" meaning that you had sufficient Life Insurance to bury you decently—pay all your debts, and then leave your Wife and Babies a competency?

Talk to us while you have time.

The State Life Ins. Co., Indianapolis Lubbock, Texas.

ing confidence in himself, inclined to dwell upon himself too much. What can we do with such a child? He won't talk the trouble out, like the high-tempered child, and it is unwise to put him by himself, as you would the high-tempered child. Give him something to be busy about just as soon as possible. Work is even more necessary for him than for any other type of child, for we must get him out of himself. If possible, have him work where he will have the companionship of his brothers and sisters, or perhaps he can help you in what you are doing. Work is a blessing for most persons, but for no one more than for the child who is inclined to live his little life inside of himself. This type of child is usually reserved and takes things hard but to the few people he loves he gives a wealth of affection and loyalty and usually he has a deep, strong nature which is sincere and true.

A POINT THAT THE MINISTER MIGHT DWELL ON

A girl was putting up some decorations in a church when the minister happened to look in. Seeing some tacks lying about in the pulpit, he said:

"You should not leave the tacks there, Katie. Now, what would happen if I stepped on one in the middle of the sermon next Sunday?"

"Oh, well," said Katie, "there would be one point you wouldn't linger on long, anyway."—Exchange.

ORDINANCE NO. 201

AN ORDINANCE fixing and defining the fire limits of the City of Lubbock, Texas; providing that only structures of a certain standard with reference to inflammability shall be built, erected or constructed therein, that no building not reaching such standard shall be moved, in or within such fire limits; prohibiting repairs upon buildings now within such limits when the repairs reach a certain percentage of the value of such building sought to be repaired; providing the manner of determining if structures within such district are detrimental to public safety, and for the mode of compelling the removal thereof; repealing all ordinances and parts of ordinances in conflict herewith; providing penalties for the violation of any part hereof; and declaring an emergency.

Be it ordained by the City Council of the City of Lubbock, Texas:

Section 1. The following blocks within the original town of Lubbock, Texas, are hereby declared to be within the fire limits: 87, 88, 102, 103, 104, 105, West half 106, Blocks 118, 119, 120, 132, 133, 134, 135, North half 136, East half 149, West half 150.

Section 2. There shall not be built or constructed on any lot, or lots, within the fire limits any structure the walls and covering whereof shall not be of fire proof materials; nor shall any structure be moved from any place onto any lot or lots within said limits which has not its walls and covering of such materials.

Section 3. No building now within said fire limits, and constructed of other than fireproof materials as set out in Section 2, shall be repaired if the cost of such repairs shall exceed fifty per centum of the value of such building as it stands without repair.

Section 4. That whenever in the judgment of the City Commission, any building or structure shall become dilapidated, or in such condition as to render it a menace to property or to public safety the Commission may notify the owner, or person in charge thereof to appear before it at a day named in such notice, which shall be not less than ten nor more than twenty days from the date of such notice, and show cause why said building or structure should not be condemned as unsafe and removed from such fire limits; if, at such hearing, it shall be the judgment of the City Commission, that such building or structure be condemned as aforesaid and ordered removed from the fire limits, the owner thereof shall within ten days from the date of such order remove the building or structure from the fire limits, and upon his failure to do so he shall be deemed to have violated this ordinance, and each day the said structure or building, or any part thereof, remains within such fire limits, shall be a separate offense.

Section 5. All ordinances and parts of ordinances in conflict herewith are repealed.

Section 6. Any person violating, or causing to be violated, any part hereof shall, upon conviction, be

Why Baggy Clothes are Expensive

Baggy clothes wear out more rapidly than those which are kept cleaned and pressed.

The explanation is simple. The constant stretching of the fabric thins it and weakens it at the baggy spot—the cloth reaches a point where it can't stand the strain.

And that means a new suit—which costs money.

The suits you send to the cleaner regularly do not bag. He keeps them pressed, the fibres close-knitted and strong. He keeps them clean—there are no tiny particles of grit to cut the threads and ruin the fabric.

The price of one new suit will dry-clean forty old ones.

Shall we get after those baggy spots for you? Telephone.

The Lubbock Tailoring Company
PHONE 85

punished by a fine of not more than two hundred dollars.

Section 7. The fact that there is no ordinance adequately protecting the property within the limits above named from hazards of fire, and the great need to prevent fires within such district, creates an emergency and public necessity that the rule requiring ordinances to be read at two several meetings before enactment be suspended and that this ordinance

be passed at the meeting of its introduction, and be effective after due publication, and it is so ordered. Passed and approved this 27 day of September, 1921.

L. H. SIMPSON
Commissioner No. 1, and Acting Mayor, City of Lubbock, Texas.

THIN, FLAT-HAIR GROWS LONG, THICK AND ABUNDANT

'Danderine' costs only 35 cents a bottle. One application ends all dandruff, stops itching and falling hair, and, in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yes, but really new hair growing all over the scalp. 'Danderine' is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant. 35-cents buys a bottle of 'Danderine' at any drug store. After one application you can not find a particle of dandruff or a falling hair. Besides, every hair shows new life, vigor, brightness, more color and abundance.

HAPPENINGS OF SLIDE COMMUNITY THIS WEEK We are having some real summer time weather together the cotton and time weather to gather the cotton, and everybody is very busy trying to get it out before cold weather begins. Jones Mabray started to school Tuesday morning. Messrs Moore and Quest Lubbock taken supper with Mr. Davis' last Tuesday. Mr. Claude Dean and family from Lubbock visited relatives here on last Sunday. Mr. U. D. Arnett and family went to town Friday returning home on Saturday evening. Mr. Clyde Wisner from Ballinger came in Sunday to help his uncle pick cotton. Messrs Joe Hifton and father, and Clyde Smith from New Home passed through the community the first of the week enroute to Lubbock after little Margrete Bossey who got her hand mashed in a washing machine and was carried to Lubbock to see the doctor. Mr. J. C. Stanford and family was transacting business in Lubbock last Saturday. Mr. Will Nesby and Till Sidwell from Slaton, passed through the community first of the week enroute to Ropesville, after a family to help him pick cotton. Mr. R. L. Stryker and family from Goldwithe, Texas, came in the last part of the week and will make this their future home. Mr. C. L. Ruger and wife was in town Friday. Mrs. R. T. Dopson and small children visited her husband and daughter one day last week. Mr. R. A. Wesner carried his first bale of cotton to town Friday receiving 21 cents per for it. Mr. Wesley Willis went to town last Saturday with Luther Harris. Herschal Davis was at Mr. Crouches last Sunday. Mr. P. J. Nettles from Ropesville passed through the community Saturday enroute to Lubbock after cotton pickers. Mrs. S. M. Peek visited her daughter Mrs. Honnie Williams a few days last week. Mr. T. J. Davis and wife and three children and Mrs. Jim Mabrey and children were in town on business last Monday. Mr. Floyd and Emma Harrist and Laverne Williams attended church at the 'Holy Rollers' on Sunday night. Mr. J. F. Myatt and family from Slaton visited at the home of R. W. Berrist last Sunday. W. B. Copeland and family visited relatives at Slaton last Sunday. Messrs Warene, Raymond and Austin Burton from Lubbock were out at Slide Sunday. School was dismissed last Tuesday so all of the children could attend the fair. Mr. J. E. Hubbard carried a bale of cotton to town Monday. Also Leonard Davis and W. B. Copeland. (Villa Davis.)

ROTARY NOTES Bud Jones made a trip to Claude, then northeast of Amarillo to Dumas, then to Clovis, New Mexico and there he met a lady. Rotarian Beggy tried to meet Walter at Waco, but could not get to him on account of school teachers. Miss Rubie Mae Rush of Decatur, Texas, is visiting the Conley family. The report of President Walter, on the Waco meeting was very interesting. From all reports Secretary Keene's quiet wedding at Waco was a success for quietness. It is all right Keene. We don't know how you had her fooled, but we congratulate you and you can bet she is welcomed to Lubbock. Mrs. Gussie Cannon is back in Lubbock and has charge of the ready to wear department at Dolf's. Brothers Griswold, Smith and Julian, were guests of Woodie and gave us some good talks and advice as to how to handle charity work. Rankin Dow and Carlisle Tubbs were the guests of Rank's father. Glad to see you bring the boys out, Jimmie. Hope other fathers will do likewise. Carlisle Tubbs made a nice talk to the Rotarians thanking them for the athletic suits given them by the Club. We are always glad to help the boys out. Jed Rix had a nice rest room for visitors at the Industrial building and had a man in charge who furnished music on the Edison. The Rotary Club rest room in the Industrial building is 100 per cent American. It was well patronized. The ladies seem to appreciate a nice place to rest after viewing the many attractions at the Fair. He who serves best, serves most. Think all Rotarians, their families and sweethearts attended the Fair. Space will not allow mention of all their names. Rotarian Weaver reports Mr. and Mrs. Claude Hulbert will return from their wedding trip Friday. Mrs. W. N. Woodall and Mrs. Geo. Wicker of Sweetwater are visiting Mr. and Mrs. Neil Wright. Neil Wright is reported to have a cough. He has quit smoking. Rotarian Dalrymple is out of town on business. Rotarian Walter had a nice booth just inside the south door, displaying hardware. Jimmie Dow had on display at the Avalanch booth a copy of the first Avalanch published. It is interesting to read the old files of the Avalanch. We take this means of thanking Rotarian Rix for loaning us the comfortable chairs for rest room.

NEWS ITEMS FROM THE ROPESVILLE CO. Mr. Sam Branch and family returned from Hunt county Wednesday, where they have been visiting relatives for a month. His brother, Ed Branch and family came back with him to make the west their home for the coming year. Born to Mr. and Mrs. Rhine, a fine boy, the 27. Mother and child are doing fine. Mr. and Mrs. Tark Lindsey who left here three months ago for a lower altitude on account of Mrs. Lindsey's health have returned home with her health much improved. We had a good prayer meeting Sunday night. Everybody come out and let's have a good prayer meeting every Sunday night. The board of trustees have employed Miss Francis McDonald to teach Domestic Science. Miss McDonald commenced her duties Monday morning. She will also assist with the second and third grade work. Mr. C. R. Burris is building a new bungalow for Mr. Stroud the sheriff, near Heckel. The house will be finished in a few days. Mr. and Mrs. Stroud have already moved into their new home. Bernice Evans is building a new garage in Ropesville. Mrs. J. L. Stanbough who has been sick at the Sanitarium will be discharged from there Monday. She will visit with her mother at Abernathy several days before returning home at Ropesville. Prop. J. A. Humphries and family went to Lubbock Saturday to meet Miss Frances McDonald from Temple, Texas. Miss McDonald is Mrs. Humphries' sister. Brother Russell filled his regular appointment at this place Sunday. He preached a good sermon to an attentive audience. He organized a Methodist church with nine charter members here Sunday. The farmers are making hay while the sun shines this pretty weather. Everyone is busy cutting their crops or gathering cotton. Mr. Wortham, cotton pickers got out five bales for him last week. Mr. and Mrs. Jones from Meadow were visitors at Lee Cowans home Sunday evening. Mr. Ed Thorp is moving to Ropesville and will enter his little boy in school. He will occupy the Purils residence. Prof. Hopkins and corps of Teachers accompanied the Ropesville school to the South Plains Fair Tuesday, all report a good time and a fine fair.

THE CARLISLE NEWS OF PAST WEEK There was a large crowd at Sunday school Sunday afternoon. There are many more that should come. Brother Tennesson, pastor of the Baptist church preached Saturday night, Sunday, and Sunday night. Mr. McNeely and family visited friends and attended church Saturday night and Sunday. Mr. Allen and family, of town, attended church Saturday night. Miss Ted Simms spent Saturday night with Bernice Casey. Misses Nellie Ankins and Octa Ray spent Saturday night with Miss Besse Simms. Mr. Burroughs and family visited their daughter and sister near Littlefield Saturday night. Mr. and Mrs. Cecil Casey visited in the Guin home Saturday night. Miss Opal Burroughs is visiting her sister near Littlefield. Mrs. Lena Hankins visited in the Altman home Sunday. Mrs. Jones' uncle came Sunday, Mr. Jones had not seen him in ten years. Miss Susie Moore is visiting friends in the east. Miss Ona Ray spent Sunday with Miss Elsie Hammer. A number of the young folks spent Sunday afternoon with Miss Nellie Hankins. Mr. Mat Moore is binding kaffir and sudan for Mr. W. B. Ray. Almost every one is attending the fair. Mr. and Mrs. H. H. Guin spent Sunday with Mr. and Mrs. Staton. A young man whose name we failed to learn is visiting in the Bond home. Mr. Altman and family are picking cotton for Mr. H. H. Guin. Miss Nellie Hankins spent Tuesday afternoon with Miss Ota Ray.

W. S. HODGES SELLS STORE TO HODGES BROS. Another deal of unusual interest was made this week when the general merchandise establishments of W. S. Hodges, one of the largest like businesses on the South Plains, was bought by Hodges Brothers, i. e., J. A. and B. F. Hodges. Consideration of the deal was not made public. W. S. Hodges will remain in Lubbock and will be connected with the same business the balance of the year, however, he will also engage in the cotton business buying on the local grounds. Both J. A. and B. F. Hodges, who are brothers, have spent many years in this section of the country. J. A. Hodges is one of the largest property owners in the city of Lubbock, and also one of the men of Lubbock who have much faith that in a few years this will be a real city. Until very recently, B. F. Hodges was engaged in the mercantile business in the City of Hereford and was successful to a marked extent in that business. Both will be active in the management of the largest business they have purchased in our city. The large store, a fifty front on the east side of the square, is one of the biggest in Lubbock while the other store is only a temporary structure on West Broadway and groceries only are sold from it. We are wishing Hodges Brothers much success in their new venture and hope that they shall do as well as their predecessor. Henry Price of Dawson county, was here to attend the Highway meeting Tuesday and also visited the Fair today. J. C. Crome, of five miles south of Lubbock was here Tuesday with a bale of cotton. He brought with him a stalk of cotton that had 131 bolls on it. Mr. Crome has 70 acres of cotton and while his patch was his hard by a hail, it will make a good yield as is indicated by the stalk that he brought in Tuesday. Mrs. Atie Shepard, Postmistress of Hale County, was in Lubbock Monday to confer with one of our Eye Specialists. She also visited with friends while here. Mr. and Mrs. S. H. Kelsey of Snyder was a visitor at the fair Wednesday. C. A. Joplin of the Southeast part of the county was here visiting the fair Wednesday. Mr. Joplin was for several years one of the Commissioners of this county. He is also one of the old-timers in West Texas. Mr. and Mrs. W. A. Nash of Plainview, were here Wednesday, visiting the fair. Mr. Nash is the well-known auctioneer of Plainview. Rev. J. T. Weams, pastor of the Methodist churches at Seminole and Seagraves was here Tuesday morning enroute to Amarillo to attend the Methodist Northwest Texas Conference in session there this week. He reported a very successful years work. Mr. Powell, of Brownfield spent several days here this week. He came up with the Terry County exhibit and added much to the appearance of the exhibit by his artistic arrangement of the products. Mr. Rylander, of Austin, brother of our fellow townsman, W. C. Rylander, is visiting here for a few days and taking in the sights of the Panhandle South Plains Fair.

ITEMS OF INTEREST FROM ACUFF COMMUNITY We are having some very pretty weather at present and the farmers are making hay while the sun shines, because they fear the coming Norther, that will soon arrive. Little Orelia Davis had the misfortune of getting her arm burned last week, but is recovering rapidly. We are proud to report. Jesse Bloyd took four fine Duroc Jersey hogs to the fair this week. Mr. and Mrs. Paul Selman and children visited Mr. and Mrs. Ashley Davis Sunday. Mr. and Mrs. D. Pounds and boys attended church at Estacado Sunday. F. R. Davis had some threshing done last week. Mr. and Mrs. L. S. Evitt attended church at Estacado Sunday and took dinner with Mr. and Mrs. Elmer Kelsey. Mrs. Carl Davis was on the sick list last week. Mr. and Mrs. A. M. Svitt were at Estacado meeting Sunday. Mr. and Mrs. Elmer Rush are the proud parents of a fine baby boy. Mr. and Mrs. G. C. Davis were at Idalou church meeting Sunday. Miss Thelma Biffle who has been visiting her aunt, Mrs. A. M. Evitt, returned to her home in Peacock, Texas, last Tuesday, her mother came up to accompany her home. Mrs. W. D. Davis kept Mrs. Earl Davis' baby Monday while she went to help decorate the Acuff booth. Several of the Acuff folks went to Canyon school house last Wednesday evening and heard the Vaughn quartette ann recort a very pleasant evening. There are few singers that can sing like them. Mr. and Mrs. Earl Davis and mother attended church at Estacado Sunday. Mrs. L. S. Evitt was sick last week and is slowly recovering. Carl Stewart and Robert Gillock are irking sotton for Mr. John Swain this week. J. M. Bloyd would surely like for the Guy who drew all the Lub out at church, to pay it back. Everyone is very busy with their crops, so there's not so much news this week. Sunday afternoon is time for singing at Acuff. Let's all come out and bring some body with us. The thrasher was at Mr. W. L. Grimes last week. Everyone is Fair Struck these days. Let all go and have a BIG time. C. L. Russell and wife and their son, Tom Russell, are here this week visiting their son and brother, C. R. Russell. They arrived Monday from Buckhotts, Milam County, and have been seeing the sights of the fair. W. R. Cryer of Milam County, is here this week prospecting. He is visiting at the home of C. R. Russell, while here. He is delighted with Lubbock and came in time to see the big fair.

OPPORTUNITY HERE'S YOUR CHANCE TO GET A HOME We are cutting up an 8000 acre ranch into farms, and are putting it on the market so a poor man can own a home. LOCATED in Hockley County, Texas, one of the best farming counties on the Plains, 14 miles from railroad at Littlefield, a nice little town on the Santa Fe Railroad, and about 10 miles northwest of Hockley City, the county site. DESCRIPTION—99 per cent tillable, soil dark red lean, very rich, works easy, pure sparkling water at shallow depth. Will sell you one or more tracts of 147 acres each for \$21.00 per acre; \$2.00 per acre cash and the balance 35 years time at low rate of interest. If you are looking for a home it will pay you to investigate. We leave Lubbock for these lands Tuesday and Friday at 8:00 o'clock each week. Notify us when to expect you. TEXAS LAND EXCHANGE J. E. Alexander Lubbock, Texas C. W. Alexander

NEW HOPE NEWS OF THE PAST WEEK We are having some very pretty weather for crop gathering at this time and the farmers are taking advantage of it. The thrasher is busily working in our community at this writing. Messrs Calvin and Ealy Eoff left home Sunday afternoon with a said intention of going to Lubbock and wound up with a pretention of going to woodrow to a singing. Mr. W. W. Nunley returned home Sunday from an extended visit with relatives at Corpus Christi and Fort Worth, Texas, reports an enjoyable time while away. The people of this community are not representing the fair very well. We suppose everyone is too busy to go. Mr. S. P. Eoff was a business visitor to Lubbock Friday morning. Mr. and Mrs. S. C. Borland and children and Mr. and Mrs. Curry and children visited relatives in the Shallowater community Sunday. Miss Vinetta Eoff was visiting and shopping in Lubbock Tuesday. Messrs J. C. Roberts and Gus Havens were in town Saturday. Mr. and Mrs. Jim Nunley are at the home of M. W. Nunley. Messrs Calvin and Ealy Eoff were Lubbock visitors Saturday evening. Messrs S. C. Borland and J. C. McDale were in town Saturday. Mr. T. J. Richardson was in town Saturday. Mrs. Curry visited Mrs. S. C. Borland Saturday afternoon and helped her quilt some. We have been visited by a few cool breeze from Mr. Wintery north. Messrs L. C. Boyd, S. D. Pate and Lee Nix were among the Lubbock visitors Saturday.

A GOOD PHYSIC When you want a physic that is mild and gentle in effect, easy to take and certain to act, take Chamberlain's Tablets. They are excellent. 15-4t George P. Smith, County and District Clerk of Hockley county, was in the city Monday. Mr. Smith says that their town is building up, two new residences having been built the past week. We have seed wheat for sale. Stubbs Seed Co. 13-3p Jos W. Jennings and Joe E. Goff left Wednesday night for Dallas, where they will arrange the Lubbock County exhibit at the State Fair. W. H. Flynn, former sheriff of Lubbock County, is spending a few days in Lubbock looking after business and visiting friends and relatives. Pay your school tax as becomes a patriotic citizen?

THE LUBBOCK AVALANCHE

Demonstration Here October 12th and 13th Only

Whatever your foot trouble, our Chicago foot expert can relieve it at once

Corns instantly relieved, and removed in 48 hours, by Dr. Scholl's Fixo Corn Plasters. Medicinal, antiseptic. 15c and 25c packages.

Dr. Scholl's Zin-Ox Corn and Bunion Plaster. Antiseptic, healing. Double thickness at rim removes pressure on corn or callous. Price, 35c a box.

Sensitive bunions, protected from pressure by Dr. Scholl's Bunion Reducer! Prevents shape of shoe. Price, 75c each.

To relieve aching toes to normal, use Dr. Scholl's The Heel. Price, 75c each.

A foot expert from Chicago—a Practitioner from the staff of Dr. Wm. M. Scholl, the recognized foot authority is in this store!

Here now

It will be his business while he's here to examine your feet free of charge and tell you just what scientific measures are necessary to relieve your foot trouble.

We want you to take advantage of this unusual opportunity that we have the great privilege of offering you.

You can have perfectly comfortable feet!

The many Foot Comfort Appliances designed by Dr. Scholl are so scientifically made to suit every foot trouble, that you, no matter what aches and pains your feet have caused you, can now be perfectly comfortable!

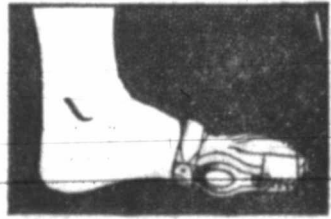

No more aching, tender bunions, no more weak and turning ankles, pains under the instep and callouses and corns that cause these discomforts! No more "aching all over" because your feet hurt so!

Your feet examined free!

And remember that this Practitioner—this foot expert—will examine your feet free! Come in and take advantage of this special opportunity.

For extreme cases of "weak foot" or flat foot and for heavier weight persons, Dr. Scholl's Tri-Spring Arch Support. Price, \$5.00 a pair.

Enlarged bunions, crooked toes, even if of long standing, are corrected and relieved by Dr. Scholl's Bunion Spring! Price, \$2.50 each.

For tired, aching feet, weak ankles, falling arches, Dr. Scholl's Foot Easer. Price, \$1.50 a pair.

Antiseptic soap, washing cream, deodorizing powder. Price, \$1.00 for box of the three.

ECHOES FROM THE LAST BOOSTER TRIP OF THE SOUTH PLAINS FAIR SHOWS WE MADE AN IMPRESSION

Plainview Herald:

With the tooting of horns, the blowing of sirens, and the shrieking of whistles and other ingenious devices for making noise, between four and five hundred Lubbock citizens invaded Plainview Wednesday advertising their fair, which is to be held Oct. 4, 5 and 6. A brass band of twenty pieces made the music for them. When they arrived at 2 o'clock, a large crowd of Plainview people, attending the Fall Stock Show, assembled on the square.

The visitors were full of pep and ginger and had enthusiasm to spare. When they had all gathered about the square, A. E. Boyd, president of the Chamber of Commerce, welcomed them to Plainview in a few well chosen words. In replying to this address, Percy Y. Spencer, an attorney of Lubbock, expressed appreciation and heartily invited Plainview citizens to meet with them at the Lubbock fair. Mr. Boyd, in responding to this invita-

tion, assured the visitors that Plainview people will attend the fair.

The visitors came into the city in 12 automobiles. Several Plainview people had gone out on the road to Hale Center to meet them, but a misunderstanding as to the road caused them to miss the Lubbock delegation, which came into Plainview by way of Floydada and Lockney.

The Board of City Development and Chamber of Commerce are working on plans to have several hundred more. John Boswell, secretary of the two bodies, urges that as many as can at all do so make arrangements to attend the South Plains Fair at Lubbock on Wednesday, the second day of the fair. Tentative plans are to have everyone who is going to meet at the Board of City Development as early as possible on that morning, by 7:30, at least, and all go together so as to create the correct impression. It is suggested that all

car owners who contemplate going provide some sort of Plainview banner and have other distinctive decorations such as head gear to make the delegation show up well.

Owing to the fact that the coming of the visitors was not well heralded, there was no public reception for them, but a large number of them, particularly the younger members of the delegation, stayed over for the dance at the Ware last night. The visit of the delegation brought out many expressions of good fellowship and good feeling between the two towns.

Floydada Hesperian:

Lubbock and Slaton joined in making one of the biggest noises ever made by a bunch of boosters in Floydada yesterday morning when they were here in large numbers on the first leg of an automobile tour of south Plains towns, which included Lorenzo, Ralls, Floydada, Lockney, Plainview, Hale Center and Abernathy, boosting the South Plains Fair to be held at Lubbock on October 4th, 5th, and 6th. More than one hundred automobiles were in the line as they drove into Floydada and took possession of the down-town section of town.

All the usual forms of noise-making were used by the procession of

LORENZO ITEMS OF INTEREST FROM THE ENTERPRISE

Mr. and Mrs. Robert Linn left Wednesday for Brownfield, where they will visit their daughter, after which they will return to their home at Siloam Springs, Arkansas.

To date there have been 132 cars of wheat shipped from Lorenzo to various markets since the first day of June. Eight cars of sudan have been shipped which makes a total of 140 cars of grain from this Maize is now pouring into the markets here in steadily increasing quantities. The maize crop this year is the largest raised in this section in several years and it is estimated that upwards of 100 cars will be shipped to foreign markets from this place this fall.

The Christian revival closed last Sunday with the morning services. Dinner was served on the ground and a large number were present. Baptizing took place in the afternoon at the Walter Greenhaw tank in the west part of town. In all, thirteen additions were made to the church.

M. H. Morrison, a prominent lawyer of Big Spring, was in the city Tuesday transacting business and meeting with former friends. Mr. Morrison is the handsome member of the firm of Morrison & Morrison, the leading law firm of Big Spring, so say his friend Klett of this city.

Flies Cured in 6 to 14 Days. Druggists refund money if PAZO OINTMENT does not cure itching, burning or Pruritic Piles. Instantly relieves Itching Piles, and you can get relief where else the rest of the world.

THE WEATHER REPORT FOR MONTH OF SEPTEMBER

The following is summary of the weather conditions prevailing during the month of September, 1921:

Maximum temperature 99 deg. Minimum temperature 40 deg. Mean temperature 74.4 deg. Departure from normal 4.64 deg. Maximum Relative Humidity 84.5 percent. Minimum Relative Humidity, 60.5 percent. Mean Relative Humidity 72.4 percent. Total wind run for month 4649 miles.

Normal wind run for September 4799.4 miles. Departure from normal 150.4 mi. Number of clear days, 20. Number of partly cloudy days, 10. Number of cloudy days, 5. Total precipitation for September, 2.5 inches.

Normal precipitation for September, 2.85 inches. Departure from normal, 1.64 inches. Total rainfall from Jan. 1 to Oct. 1, 1921, 16.70 inches.

Narrations of
 An Old Timer
 At Big Spring

Big Spring, Texas, Sept. 24.—William Davenport is Howard County's oldest living settler. He came with his father by ox team and they were hunters and trappers. He is 79 years old.

"When I came to this country," said Davenport, "there was so much game that it almost ran over you. I could stand on any of these hills around Big Spring and as far as the eye could see there were buffalo—thousands of them.

"There were more buffalos right where this town now is than there are men, women and children in the county today. All you had to do was lie in concealment and shoot them, and there was other game as well—lobo wolves and many other kinds.

"The place for marketing at that time was Dallas, and we used to ship carloads of skins there and we got good prices. The bear skins brought the highest price, sometimes as high as \$60. Buffalo hides sold according to size. The wolves brought the smallest amount, but they were so plentiful that you could get just as many as you wanted. One night I put out poison and the next morning counted sixty-seven dead lobo wolves.

Old-Time Hospitality.
 "I don't like to talk about the old days—it makes me sad. Those were the good old days when one never saw a stranger. Everybody was everybody's friend. If by chance a stranger happened into your camp, you made him feel perfectly welcome. If you strayed into an unknown camp they did the same for you. But now things are very different; you wait for an invitation.

"I remember one time during the Civil War some Indians from the Indian reservation got permission from the Government to take their women and children through this part of Texas to Mexico for safety and as soon as the report went around among the white people that Indians were on the march a man by the name of John G. Baylor organized a party of men and with the assistance of Captain Currington and his soldiers started after the Indians. They came upon them camped for the night on Dove Creek, and notwithstanding the Indians had erected a pole on which they had a white flag, the white men fired upon them, instantly killing an old man and wounding some children. This of course infuriated the young braves and they at once gave battle and succeeded in routing the white men.

Indians on Warpath.
 "After the battle it was discovered that there were four Indians to every white man. The Indians continued their journey into Mexico and after landing their women and children safely they returned to Texas

and this time they were on the warpath sure enough. They raided every ranch and came as they came burning houses, stealing horses and killing everybody that crossed their path. But it was all the fault of the white men.

"Signal Mound, which is about twelve miles from Big Spring got its name from the Indians. They used it for their signal fires, as it could be seen for miles. There are many relics of old Indian days to be found on top of Signal Mound today, such as beads, arrows, etc. I used to have an Indian friend by the name of Chief Jim Ned—a Gaddo chief—who used to camp at the foot of Signal Mound, and he boasted that he had never been on the warpath, and had never shed white blood."

Davenport is a great fisherman now, and it is not uncommon for him to go alone eighty miles behind a pair of burres to the Concho to fish, the middle Concho being his favorite.

LIMITED NUMBER MAY NOW ENLIST IN REGULAR ARMY

Amarillo News.
 Notice has just been received here from Lieut. Col. A. A. King, U. S. A., retired, of the establishment of recruiting service stations at Denver, Colo., and El Paso, Texas. Colonel King will be in command at El Paso. Due to the shortage of funds in the war department, it has been the policy of the department to curtail enlistments, but at this time the reorganization has been completed by General Pershing, chief of staff, and the department has resumed recruiting in a redistricted measure. There has been established in the Eighth Corps area, headquarters of which is at Fort Sam Houston, Texas, a recruiting station at El Paso in the Spanish-American War Veterans' Hall.

Under existing temporary regulations any one living outside of El Paso wishing to apply for enlistment is compelled to apply at the recruiting station, defraying his own expenses incident to the travel involved. It is said that this news will be of particular interest at this time to the numerous men who are without employment, inasmuch as the army has established schools for vocational training, offering to the men of the ranks rare opportunities to learn a trade, and to prepare themselves for a higher plane of endeavor. The men who have been in the army and are now situated in good positions have praised highly this undertaking on the part of the war department.

SOME IDEA OF THE U. S. POSTAL BUSINESS

With its 800,000 employees the Postal Establishment handles 1,700,000 letters an hour. It sells one stamp daily to every two million of the over one hundred million people, a total of 14,000,000,000 stamps sold annually. Besides these the postoffice sells 9,000,000 stamped envelopes daily.

The annual turnover of the Postal Establishment is \$3,000,000,000, with expenses of nearly \$600,000,000.

It satisfies debts to the amount of \$1,500,000,000 through the sale of 150,000,000 money orders annually.

Over 2,500,000,000 parcels are handled annually by the parcel post. The earth could be wrapped around thirty times with the twine we use in tying mail in bundles annually; 300,000 miles of twine is thus used.

T. L. Martin returned yesterday from Houston, where he went to place his son, T. L. Jr., in the Rice Institute.

You can see the fleecy staple now coming to Lubbock gins. No matter which direction you cast your optics.

How would you like to find \$55,000 without any claimant? The Dead Letter Office does that every year. The careless public either puts no address on the envelope or only partially addresses it. The Dead Letter Office handles 19,000,000 undelivered letters an-

nually. The New York postoffice alone handles over 250,000 misdirected letters daily, re-addressing them from city directories before they can be delivered. It costs the taxpayers millions of dollars to correct their own carelessness.—The Nation's Business.

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE.

Grain Sorghums Sell Profitably in Pig Skin Packages

At present hogs are selling around 10 cents, while kaffir, milo and feterita are bringing the farmers of west Texas \$8 to \$9 per ton in the head.

Many experiments have been conducted to determine the feeding value of kaffir, milo and feterita, and from these experiments we are safe in concluding that kaffir and milo, when fed to hogs, produce practically as large gains as corn; in most experiments kaffir required 5 per cent, feterita 7 per cent and milo 2 per cent more concentrate for 100 pound gain than corn.

Using this 2 per cent decrease in milo compared with corn, carefully conducted experiments show that a 225-pound porker from a well bred sow will cost as follows, including the cost of carrying the sow during pregnancy:

To Birth: 48 pounds milo.
To weaning time at 80 pounds: feeds equivalent to 73.5 pounds milo, 29 pounds grey shorts, 7 1-2 pounds tankage.

From weaning time to 225 pounds weight: 771 1-2 pounds milo and 33 1-4 pounds tankage.

Total feed required: 891 pounds milo, 29 pounds shorts and 41 pounds tankage.

Threshing the ton of milo heads will have 1,500 pounds of threshed grain. Adding to this the cost of the original ton of milo reduced to

The Finest Assortment of Stationery on the South Plains

—We believe that without a doubt we have the finest assortment of Fine Stationery to be found on the South Plains and doubt very much if it is equaled in West Texas.

Farmers---Stockmen!

This Means Something to YOU

You know that with a great creamery business established in Lubbock that you will always find a good market for your Cream. Doubtless you recognize that the cow, the hog and the chicken have helped many families get by this summer. It's going to be that way in the future. With a small farm and a few cows and other stock we are sure the people of the South Plains will prosper.

WE HAVE THE MARKET STARTED

We have created a demand for cream and milk products that is enviable throughout West Texas. Today the Clover Leaf Creamery enjoys the business patronage and confidence of the people of the South Plains. We are trying to build bigger. Make a better market for the products from the farm.

CLOVER LEAF BUTTER ON THE MARKET

Clover Leaf Butter will soon be sold in Lubbock by the best dealers. We are sure the people of the town will demand this butter and thereby create a bigger demand for milk products. We are going to build an ice plant in conjunction with the Creamery business and when we have this done we will be in position to care for this business in a big way.

STOCK IS NOW BEING SOLD

In our company for the purpose of building the ice plant and enlarging the Creamery Business. Every farmer who has products for sale will find it to their advantage to become a stockholder in this company.

IF YOU WANT A BETTER MARKET, LET'S MAKE IT

May we explain details of our stock proposition to you?

CARLISLE NEWS OF THE PAST WEEK

We received a nice rain Saturday night. Some are planting wheat.

The Christian meeting closed Sunday night, with twelve baptized into the church.

Brother Ross preached to a large crowd Sunday afternoon. After which, Brother Oden Methodist pastor, baptized three.

Mrs. J. H. Burrough's sister is visiting her.

Mr. Cecil Casey and wife spent Sunday night in the Guin home.

Miss Nellie Hankins spent Sunday night with Miss Ota Ray.

Mr. Tonnie Sims spent Saturday night with Mr. Newman Casey.

The young folks enjoyed a party at Mr. Baley Hankins, Wednesday.

Misses Susie and Clara Moore visited in the Heffington home Sunday afternoon.

Mr. Sims and family spent Saturday night in town.

Mr. and Mrs. W. W. Guin visited in the Ray home Friday afternoon.

Misses Opal Burrough and Artie Bonds spent Saturday night with the former's brother, Mr. James Burroughs.

Mr. W. B. Ray and wife, Mrs. Sims and family, Misses Artie and Binnie Bond, and Mrs. Burroughs and family were among the town visitors Saturday.

Mr. James Burroughs and wife spent Monday night in the Guin home.

Brother Tenneson, of Plainview, will preach Saturday night, Sunday morning and Sunday night. Everybody come.

Everybody attend the fair, see what your community and your county is doing.

The Avalanche has a full line of Christmas card samples and we will be glad to have our representative call on you for orders. These samples are appropriate for all lines of business or personal cards. They are engraved, and printed just as you like and you should place your orders now so that delivery can be made promptly, before the big holiday rush commences. Do not place your order with out of town concerns when your printer at home can fill the bill.

J. V. McCoy, of San Saba county, is in the city visiting his brother, P. C. McCoy. Mr. McCoy would better come out of the land of scrub cedars and hills and locate on the fertile land of the South Plains, of which Lubbock is the Hub.

DICKENS CLUB BOYS WILL BE FURNISHED STEER CALVES

Spur, Texas, Sept. 30.—Announcement was made here today by the West Texas Chamber of Commerce that J. W. Elliott and C. B. Jones had agreed to furnish 100 head of steer calves to club boys in Dickens County in the Livestock Campaign being conducted under the auspices of the West Texas Chamber of Commerce, by C. C. French of the Fort Worth Stockyards Company and J. W. Ridgeway of the Mistletoe Creameries. French will address the farmers of Dickens County at Spur in October.

Last year Spur imported 75 head of graded calves into this territory in the campaign then being conducted.

A TONIC

Grove's Tasteless Chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless Chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

The Ladies Aid of the First Christian church gave a chicken dinner in the new building south of the Avalanche office last Friday. We failed to learn the amount realized by the ladies who served this excellent dinner, but if their receipts were as good as the dinner, they were great.

SEE VALUE OF THE COUNTY AGENT

Those who saw the boys judging hogs in the recent swine show were impressed that they were learning something worthwhile. The talks made by Professor Mowery of the Lubbock high school and County Agent J. W. Jennings of Lubbock county, were sensible and valuable. Attending the Plainview livestock show were County Agents, Ware of Swisher county, Wilson of Floyd county, Jennings of Lubbock county, and Professor Mowery, instructor in agriculture in the Lubbock high school. Counties on three sides of Plainview are finding a county agent a valuable thing for the people of the counties served. H. G. Ware of Swisher county is an energetic, live-wire business man. He acts as secretary of the Tulsa Chamber of Commerce, assists the county livestock association, and is generally helpful to the farming people of his county. They wouldn't be without him. J. W. Jennings, a close relative of one of our own citizens, Dr. J. C. Anderson, is the county agent in Lubbock county. The esteem his people hold him in and his continued employment in Lubbock county speaks for the good work he is doing. T. Scott Wilson was made county agent in Floyd county after a referendum vote through petitions circulated throughout the county to determine whether a county agent was wanted by the citizens. The farmers, practically to a man signed the petition and the opposition was among dealers who bought farm products and those who sold commodities which the county agent had assisted in buying co-operatively. Just what Professor Mowery is doing for the school boys and girls of Lubbock county as an instructor in agriculture in the high school can be done for the children of Plainview high school. The good work of the county agent in the three counties named can just as well be done in Hale county. The county agent plan is no experiment. Fostered by the Federal Government co-operatively the agent is selected. He must be acceptable to the commissioners' court of the county he will serve and only a portion of the expenses is borne by the county. The citizens of Hale and other counties are paying more than half what a county agent will cost in Federal and State taxes. We can pay the other half and have an agent, which makes it a fifty-cent-on-the-dollar proposition for us. We pay half and get nothing, we can pay \$1,000 more per annum and get the services of an agent. When the people of Hale county's farms will give the question of a county agent thoughtful consideration and will go into the details of the proposition we believe that there is scarcely a man in the county who will not favor the proposition.—Plainview Herald.

Those who have no agent and have an opportunity to see just what good work they are doing grasp at once the benefits to be derived from the agent's work, and for that reason it is clear to us that the work in general is a most commendable thing and every county should have an agent. We believe it is a good investment, and we are of the opinion that the county commissioners should put this department back on the payroll, in place of making individuals take care of the county's part of the work as they are doing this year. A good live county agent, such as we now have and a good, live, competent home demonstration agent as we had two years previous adds much to the educational advantages of our boys and girls and the women of the homes of Lubbock and Lubbock county. The Avalanche is in favor of replacing both of these on the payroll of the county.

SOME BUSINESS FACTS

A close student of business conditions writing in a trade magazine of price movements and changing volume of business, remarks that "the line of demand, which varies as people are economical or extravagant, is rarely more than ten per cent below or above normal."

Another business expert remarked recently that the actual difference in the volume of goods handled, or business done, between boom times and dull times, was only about 18 per cent.

Such figures sound incredible at first, but they are probably near the truth.

The difference between good times and bad times is greatly exaggerated. Certain industries may be affected very seriously, but others are affected lightly. Some classes of merchants may have their trade cut in two, but merchants in general suffer far less than that.

Even in the present admittedly serious pit of depression, figures show that the volume of goods passing over the counters of retail stores throughout the country is almost as great as usual, and in some cities it is greater. The big drop is not in volume of goods but in volume of prices.

The employment situation, too, is distorted by imagination. From widespread reports of unemployment, one might suppose that nobody had a job.

The fact is that there is concentrated idleness in certain communities which specialize in certain industries that happen to be hard hit, but the big majority of working people are working about as usual.

And, too, there is a great farm population and the professional people and nearly all the business people who are working right along pretty much as usual.

By the same token, most people, whether busy or idle, imagine they are worse off in dull times than they are.

It is not the bulk of business, but the margin of business, that makes what we call prosperity or depression. The tail may sometimes seem to wag the dog, but still the tail is not the dog.

Rent houses are in demand. Who will supply the demand?

PUT MORE BUSINESS IN FARMING

There is no question that organization is necessary in this day and time. Every branch of labor is organized, except the farmers. Every line of business is organized more or less, they have some understanding and methods of co-operation that helps them in maintaining reasonable profits from their business. They work harmoniously together. They seem to have confidence in their competitors, but with the farmers they seem to look upon each other with too much suspicion, and seem to be afraid some fellow down the line is getting too much as their part and will not stay together. We believe this is a great mistake among our farmer friends. It is not only hard on them as a class but it affects all lines of business. More business should be put into the farming industry, and not so much "hit-or-miss." By co-operation of farmers they can keep a better tab on the market conditions. They can keep posted as to crop conditions throughout the country. They can raise enough of some certain crop to justify the pooling of the crop and demand a better price for same, which is always possible when there is enough of it to justify buyers coming into the community and buying the product, or sending a representative to the market places. The farmers do not spend enough money on advertising their stuff. They do not let the people know what they have. There should be a method of advertising among the farmers through some medium, that will bring the buyer and seller together. There never is any trading done unless the buyer and seller get together, and there is nothing like becoming better acquainted with cash other. Advertising is the best introduction that people can give or receive, and prevents selling often on a slow market. No person is going to pay full price when he buys it for accommodation, which is often the case, and waits for a chance to dispose of it. Business men do not wait for you to come to their stores to find out what they have, but they tell you about it through the various means of advertising. In the newspaper, by circular letter, by moving picture slides and many other ways, but you seldom see the farmer advertising anything. You talk about your fine hogs to your neighbor, and what a fine lot of feed you have, but your neighbor has the same or better and he is not in the market for your products. Tell it to the buyers. Know what the farmers are raising throughout the country, and raise stuff in quantities that will justify the looking out of a market for the produce you are raising, and we believe farming will become more profitable, and the market will be more regular.

FIRE PREVENTION

During the past twelve months the nation's fire losses have averaged a million dollars a day. Fully half of these could have been prevented by such simple precautions as handling matches and gasoline with care and not throwing matches and lighted cigaret stumps where they could start a blaze. Like Chicago's fire, most conflagrations start from simple things. Keep this in mind. Be careful with fire and things that will burn easily. October 9 is observed annually throughout the country as fire prevention day. It is all right to set apart one day in the year upon which to stress the importance of fire prevention, but people should be careful every day in the year. A fire will spread as quickly, and do as much damage on one day as on another. It is important that the greatest care be exercised at all times to prevent fire, in the home, in the shop and in the store. Lubbock the past year has enjoyed a 15 per cent reduction in fire insurance rates on account of our good record the previous year. That amounts to a large sum of money in a year and by proper precaution can continue to be saved. The time of year is at hand when heaters will be put into use again and extra care should be exercised to prevent fires by defective flues, birds nests in the flues, etc. A good idea would be to have the flues examined and be sure they are clean before putting a fire in the stove the first time.

YOU MUST NOT WINK IN MIAMI

"Don't wink when passing through Miami" says a headline in some of the daily papers, and is followed by a long article, telling of the "hold up" of two Lubbock boys near Miami. We also received the above mentioned article, telling of a night attack made by Miami officers on the innocent victims, but refused its publication because it was without foundation. The alleged "victims" of the "hold up" were very indignant about the affair, and we understand asked our sheriff for a settlement, which of course was ignored. Fact of the matter is the occasion happened one afternoon about two o'clock and we hardly think it was dark at that time. The automobile in question passed through our city, and from the actions of its occupants, and the way they were loaded, citizens of Miami suspicioned them, and immediately a search warrant was put into the hands of a deputy sheriff, and he caught the car, searched it, and after finding nothing released the occupants in a gentlemanly way, just like the officers of this county will enforce any other law, and when a bottlegger, or any other violator enters Roberts county, he may expect the officers to do their duty, and they will be backed by the citizens also if need be. The way for the Lubbock gentleman, or any one else to do traveling, is to go ahead about their business and not try to "pull something smart" and they will never be molested.—Miami Chief.

We believe the Commissioners Court should make provisions for a County Agent next year as well as a Home Demonstration Agent. This is a good investment of the county funds. Lubbock county has an agent this year but he is being paid the county part of the salary by other arrangement, than the county commissioners. This official benefits the entire county and the rightful way is to have the pay come from the taxes of the county.

Lubbock will be the city you make it. Are you on the job?

WHY LUBBOCK LEADS

Lubbock will make just as big and as important a city as the people care to make it.—Lubbock Avalanche.

The Avalanche strikes the keynote in town building. A town will eventually become what its citizens determine to make it. A town will never develop and grow without individual and community effort. There are some people in all towns who would like to see their town or city grow, but they want some builded and handed to them on a silver platter. Lubbock is forging to the front and ahead of all other Plains towns for the very reason that Lubbock citizens are united in town building. The citizens of that town are spending their money in town building. If Lockney ever makes more than what she is today, her citizens will have to determine to put their money and their efforts into the work of town building. Some body else is not going to build your town, you must build it yourselves. The same policy holds goods as to Floydada, Plainview and Amarillo. Dallas has been made by the determination of her citizens to build a city. All other cities in Texas and the United States have been built by reason of the efforts of their citizens.—Lockney Beacon.

THE BUSINESS SITUATION

A nation-wide survey of prevailing crop and business conditions gives us definite knowledge upon which to base our conclusions as to the probable trend in the immediate future.

The story is much the same everywhere: A partial and unequal harvest; plentiful returns in close juxtaposition with parched and burnt-up fields; both prices and demand for farm products that are far from satisfactory to the producers. Yet these same products are seeking a market wherever they can find it that the obligations of the farmers may be discharged. There is an abundance of foodstuff in the country despite small yields in some grains.

An enormous inflow of wheat to market indicates that there is nothing so that old stuff of farmers holding back supplies artificially to force up the price. Likewise that there is more wheat in the country than official figures declare.

One matter is most apparent in the horoscope of the future. The measure of the volume of business and of our commercial welfare hangs upon the demand for farm products and their consequent prices for the year. All other "barometers" are as nothing by comparison, and can be regulated to the scrapheap. Fortunately at this writing, Europe is importing largely of our grains and the exports of cotton from July 1st to date are more than double those for the same period of last year.—The Nation's Business.

Number more of the streets and the houses. Lubbock needs this to make her eligible for free mail delivery service.

Remember, Lubbock needs a large auditorium.

STAND BY THE LAW

There are too many laws, of course. Many of them are unnecessary, some are vexatious and some are even vicious. But it is the duty of every good citizen to obey the law so long as it is on the statute books. There is no other safe course. It is perfectly proper to insist that a law is wrong, and to work for its repeal, but it is never safe to violate any law. When we begin to violate one law, we create disrespect for all other laws, and when our laws fall into disrepute our civilization ends. Ours is a government of law. We cannot have government without laws and obedience to the laws. Without this, life and property are not safe. It is therefore the duty of every citizen to obey the law himself and to insist upon obedience to the law by all others. A good citizen will not only obey the law himself but he will assist in the enforcement of the law upon and for others. Obey the laws or repeal them!

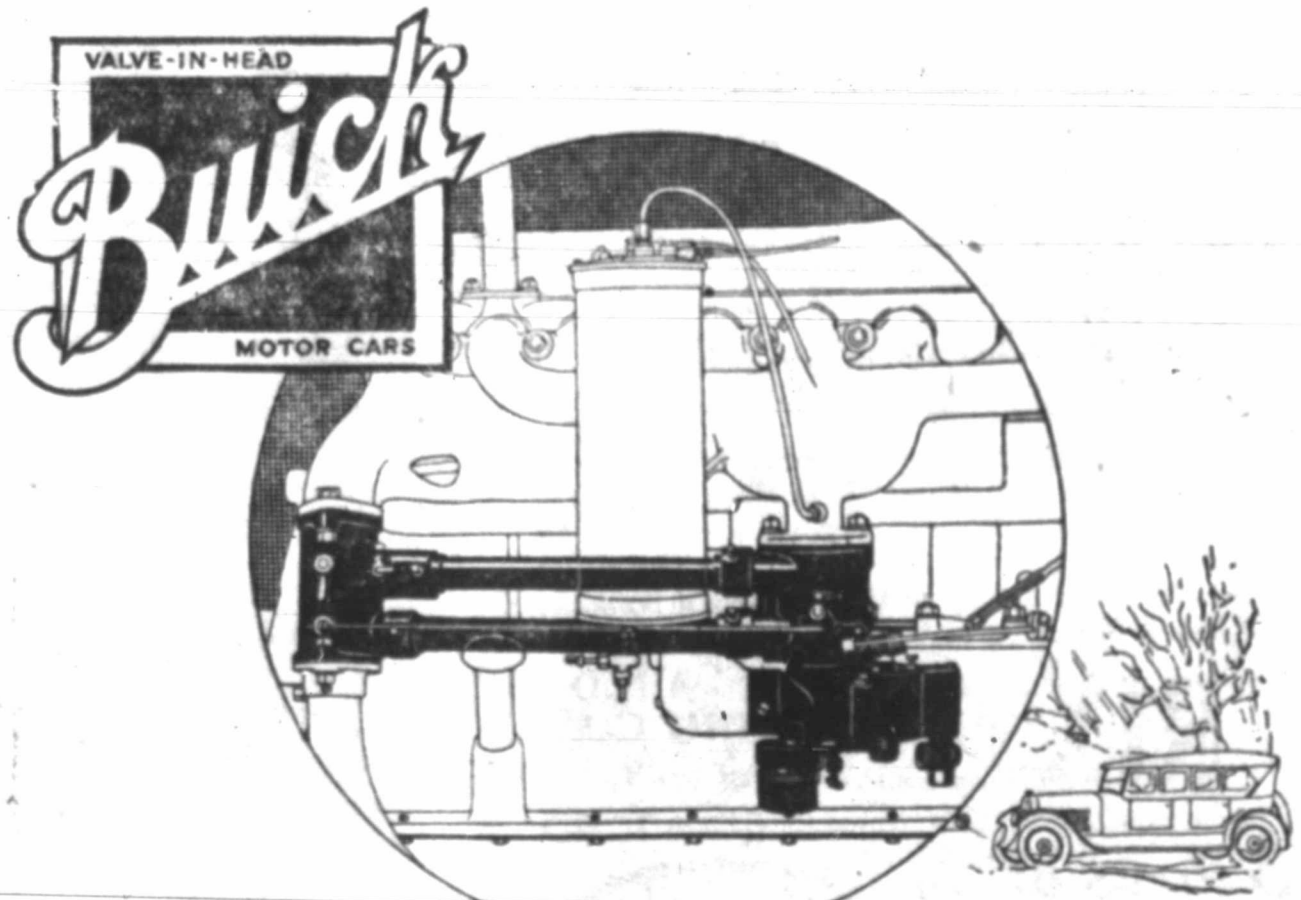

LIVE WITHIN YOUR INCOME

The man who makes ten thousand dollars a year and spends eleven thousand is not getting along as well as the man who makes six hundred and spends only five hundred. This is true of flush times as well as of dull ones. During the past few months many of us have had to live hard. Many of us have had to practice the most rigid economy. If we have learned a lesson of it—if we have learned to spend less money than we make—we will profit all the more when the good times come again, as they surely will before long. It is one of the most commendable traits of any one to live within their income, and it is a mighty good idea to save a little as you go along. No matter how small your income it very likely could be smaller. Should you become disabled or become ill you would need this little saving badly and in many cases there are places where a few dollars might be saved for a "rainy day."

SOUTH PLAINS DISTINCTLY DIFFERENT

The South Plains is distinctly different from any other part of the State, and has many advantages over any other section. It is in a class by itself. It is the best diversified section in the State, says the Lubbock Avalanche, and such is our opinion. The South Plains is done an injustice when compared with any other section of Texas, for we are really in a class by ourselves, and there is not another section of the State that will favorably compare with us. West Texas and the South Plains, while listed as one, are far different. On the Plains we have a veritable paradise that no country can compare with.—Ralls Banner.

There is an immense feed crop in this section this year. The biggest in the history of the South Plains. Two tons of feed to the acre is not a bad yield, and there are thousands of acres that will make this much.

**Carburetor Automatic Heat Control
—An Exclusive Buick Feature**

The new carburetor automatic heat control, exclusive standard equipment on 1922 Buick models—both fours and sixes—makes the motor run as smoothly in cold as in summer weather. Just as gasoline is automatically supplied the carburetor by use of the throttle or accelerator, so is heat supplied and cut off from the carburetor. Only on a Buick will you find this feature.

SOME COMMON SENSE VIEWS OF CONDITIONS OF THE COUNTRY AND WHAT CAUSED THE CHANGE

"How is business with us?" repeated a trade authority who had been asked the inevitable question. "It has held up remarkably well, better perhaps than in most lines. But you wouldn't think so, to hear many of our people talk about it. You would think they were ruined. But here's the reason: In the boom times operators who had formerly considered themselves fortunate to make fifty dollars a week, found they were making two hundred dollars. You know what happened. They expanded their scale of living accordingly. Of course they had to have an automobile and of course the wife had to have a maid, although most of these

women had never before dreamed of not doing their own work. Our business is bad when measured by abnormal standards, but not according to any standard which prevailed before the war boom."

Business has seemed worse than it actually has been because of the contrast, the comparison with wartime recklessness and extravagance. Most people are not built for retrenchment.

Expansion is an easier process than contraction. It is much easier for business men to concentrate on getting new orders at high profits and letting expenses run than to concern themselves with cutting expenses to the bone on small orders at low profits. Yet in the end one process may be as profitable as the other.

Increasing one's business is positive and constructive; economy and retrenchment are merely negative. But success for any length of time, through periods of depression as well as prosperity, seems to combine the elements of boldness and caution, of expenses at one moment and economy at another. The most striking successful military offensive have often been preceded by Fabian tactics by masterly retreats. Washington and Foch were not always advancing. Certainly the outstanding business enterprise is the one which cleans house quickly, which takes its medicine early and without wincing, and then goes ahead boldly.

It is often said that the companies, as well as men, who have achieved the most are those who have unwavering faith in the country. Many, perhaps most of the great fortunes have been started in bad times. Rockefeller, Carnegie, Frivk and others bought out their partners when only a few people had confidence in the future. If history teaches any economic lesson clearly it is that money is to be made by buying when skies are black rather than when they are bright. "Business revivals are never recognized until they are well on their way"—to quote one of the coun-

COLE-MYRICK HARDWARE & IMPLEMENT COMPANY

try's leading banks—"just as now people are talking depression when it is safe to believe that its worst period is over. But we shall always have some drawback to our complete happiness. Man never is, but always to be, blest."

But faith without works is no weapon with which to fight depression. Wishing and thinking alone do not usher in prosperity. Propaganda to do this or refrain from doing that no way help here and there in providing a constructive attitude, atmosphere and psychology. But the individual or company that years for larger profits must combine works with faith. To a belief in the future there must be added a down-to-the-bone organization, one which though hopeful of better times is built on lines to meet those that are even worse.—Saturday Evening Post.

Individual Tax Will Be Reduced on \$15,000 or Less

Washington, Sept. 22—Reductions in the normal tax rates on individual incomes of \$15,000 or less and a graduated tax of 10 per cent to 30 per cent on the incomes of corporations in place of the suggested flat rate of 15 per cent were proposed in amendments to the Republican tax revision bill offered today in the Senate by Senators Walsh of Massachusetts and Gerry of Rhode Island, (Dem.) on the Finance Committee.

To make up the \$105,000,000 loss from the tax on individual incomes it was proposed that a tax of 1c a gallon on gasoline be imposed at the source and that the capital stock tax, yielding around \$60,000,000 annually, be retained. The majority bill provides for repeal of this tax effective in 1922.

Under the Gerry amendment, individual taxpayers whose net income is less than \$5,000 would pay a normal rate of 2 per cent on \$4,000, as provided in the revised bill; taxpayers whose net income is between \$5,000 and \$10,000 would pay a normal tax of 4 per cent on the excess over \$5,000 instead of 8 per cent on all over \$4,000, and taxpayers whose net income is between \$10,000 and \$15,000 would pay a normal tax of 6 per cent on the excess over \$10,000 instead of 8 per cent on the excess over \$4,000.

Incomes in excess of \$15,000 would pay at the rate of 8 per cent on all over that amount, but it was explained they would receive the benefit of the lowered normal tax up to \$15,000. The surtax rates as fixed by the Finance Committee would remain unchanged.

Under the corporation income tax amendment offered by Senator Walsh the rate on the first \$100,000 of corporation net income would be 10 per cent, that on the income between \$100,000 and \$300,000 would be 15 per cent and that on the income in excess of \$300,000 would be 30 per cent.

THE JOY OF POSSESSION

The joy and satisfaction we experience in owning our home is perhaps our happiest human experience. The feeling of independence, the pride we may have in its appearance and the solid comfort it contributes in our lives is worth all it may demand of us in effort and economy to possess it.

Build a home! Prices of building material are now reasonable and a home is the best security for a loan. Thousands of people borrow money to build and pay it back in installments, like rent.

It's largely a matter of determination—of getting started. Come in and talk to us and let us help you get started.

IF YOU WANT YOUR BUSINESS TAKEN CARE OF PROPERLY COME TO US.

OPERATIONS OF THE FARM BUREAU IN TEXAS IS PROVING BOON TO THE MEMBERS ORGANIZATION

Boosting Prices For Cotton Seed
Dallas, Texas, Sept. 30.—Montague County farmers are asking for a Farm Bureau organization in their county. Why?

"Well, it is this way," explained one of the prospective Farm Bureau members: "We are getting only \$20.00 per ton for cottonseed in Montague County. Every County in Texas that has a Farm Bureau is being quoted a price of from \$35.00 to \$40.00 per ton for cottonseed."

W. F. Craddock of the marketing department of the Texas Farm Bureau Federation has secured a blanket offer which runs from \$6.00 to \$9.00 a ton above the price paid for cottonseed in many localities in Texas and is passing this price on to

every Farm Bureau in the State for the benefit of the members.

Foard County farmers are getting from \$6.00 to \$9.00 per ton more for cottonseed since the marketing department of the Texas Farm Bureau took a hand in the local situation. Members wrote in to the Dallas office stating that they were getting only \$24.00 per ton for seed. Mr. Craddock promptly secured for the Foard County farmers an offer of \$33.00 per ton for any quantity the farmers could load within the next 30 days.

Mr. Craddock says that he believes the local buyers will meet this price but that if they don't the farmers can pool their seed and ship it to the buyer he has secured for them.

Mr. Craddock also reports that on the same day that farmers near Houston were being offered 75¢ per bushel for peanuts he received a wire from a Houston firm offering \$1.00 per bushel.

Mr. Craddock says that the Harris County farmers simply failed to get in touch with the proper buyer. He is making every effort to find for the farmers the buyer who is willing to pay the best price for the farmer's products and expects that the farmers will receive hundreds of dollars more for their crops this year through the work of this office.

Officers Catch Criminal Wanted For Robbery

Last Friday morning while some of the officers were out hunting for Sam Cates and Hulet Smith, who broke jail Thursday night, or early Friday morning, they saw a man walking down the rail road tracks, answering the description of one of the escaped prisoners, when he saw the officers he broke and ran from the track, the officers piled out of their car and pursued him. After a lively chase of two or three miles through various fields, and the firing of several shots by the officers, the man was overtaken, arrested, and brought to town and placed in jail. On his person was found a long leather pocket book with the initials "G. R. C." on its cover, inside the book was the following articles and money: Two pictures one of a young man in uniform, the other a lady on horseback, receipts for railroad tickets from Brownwood to Santa Anna, Texas, a Food Handlers State Certificate, issued to Gilbert R. Cook, a receipt from an Express Co., for a grip he had expressed to Santa Anna; eleven cents in cold cash; also a few other minor articles. The officers are holding him, on account of his strange actions, for further investigations.

Saturday the sheriff received a telegram from the Brown county sheriff, at Brownwood, stating that this man, Cook, was wanted there on a charge of highway robbery and that he would come at once for the prisoners.

So it turns out that our officers did a piece of good work, even if they did fail in finding any trace of Cates and Smith, the two escaped prisoners.

HOW BETTER THAN PILLS?

The question has been asked? In what way are Chamberlain's Tablets superior to the ordinary cathartic and liver pills? Our answer is, they are easier and more pleasant to take and their effect is so gentle that one hardly realizes that it is produced by a medicine. Then, they not only move the bowels but improve the appetite and strengthen the digestion.

H. J. GENTRY, ACQUITTED BY JURY THURSDAY

The jury in the case of H. J. Gentry of Slaton, charged with affray, on trial in the County Court here, rendered a verdict of "Not Guilty." This is the case that was tried Monday of last week, the jury failing to agree on a verdict. It was retried Thursday evening and the second jury acquitted Mr. Gentry.

AN OPPORTUNITY

I have for sale, in Lubbock County, a choice quarter section of land, well located with reference to towns and within one mile of good school, on the following terms and conditions: Price \$40 per acre; if you will place moderate improvements on same, no payments on land will be required for three years. At the end of three years notes to be divided into twelve equal payments and payable on or before, thereby giving you 15 years to pay out the land; one mile of fence will enclose it; can all be put into cultivation with the exception of about two acres. Absolutely no better quarter in the county. If you want a home on splendid terms you had better see me at once as this is going to sell.

242 ACRE FARM FOR SALE

99 per cent good tillable land. 1-2 in good state of cultivation. Located 8 miles from Lubbock, 2 1-2 miles from good school. Has county seat public road, R. F. D and rural telephone. 2 sets Good Substantial Improvements. Possession Jan. 1st, 1922, and is a good cotton and grain farm. Water good and inexhaustible, at 100 feet and is one of the very best farms in Lubbock county, at only \$55 per acre. Terms 1-2 cash, balance easy. If interested, see, write or phone

FRED SPIKES

"30 Years on the Plains"
Lubbock, Texas.

ARE YOU IN NEED OF COTTON PICKERS

The Lubbock Chamber of Commerce receives each day from five to twenty-five letters per day from all parts of the state from folks who want cotton pickers. If you are in need of hands—any number, from five to five hundred—take the matter up with them and let them put you in touch with the labor supply.

Are you in need of Book-keepers, Office Men and Farm Hands, Ranch Hands,—and almost anything else in the world from shoe leather to molasses. The same organization usually have letters listing all sorts of requirements and commodities and if at any time you are in need of help that you cannot secure in your section take the matter up with them and they will be glad to turn these letters over to you.

IF BILIOUS, HEADACHY, TAKE "CASCARETS" FOR LIVER AND BOWELS

Get a 10-cent box now! No gripping or inconvenience follows a thorough liver and bowel cleansing with Cascarets. They work while you sleep. Sick headache, biliousness, gases, indigestion, and all such distress gone by morning. No gripping—nicest physic on earth.

W. B. Austin and J. J. Kendrick of Gains county, came in Monday morning early with the Gains county exhibit. They say that they intend to carry away first premium. They have a fine exhibit and two of the handsomest citizens of the county in charge of same.

The Texas Land Co., of Lubbock, forty days ago, put on the market

fifty-four tracts of land west of Lubbock, and this, Monday morning their man shows twenty-seven of those tracts sold. Think what these twenty-seven new families mean to our town—then you will only have a faint idea of how fast our farming section is being settled up. Buy your ticket to Texas and on to Lubbock.

J. J. Holder of Comanche county, is here with a view of locating, we predict that in our next issue we will announce Mr. Holder and family as citizens of Lubbock, the Hub of the Plains.

H. T. KIMBRO

REAL ESTATE and INVESTMENTS

**DON'T GO COTTON CRAZY IN 1922
STICK TO DIVERSIFIED FARMING
—IT WILL WIN EVERY TIME**

Dallas, Texas, Sept. 28.—Nathan Adams, Vice President of the American Exchange National Bank of Dallas and Chairman of the United Campaign for Better Agriculture, gives out the following interview on the cotton situation and diversified farming:

"In undertaking a campaign for diversified farming, it must be understood that the bankers and business men contributing to this cam-

paign realize that they are not experts on farming. They do believe, however, that they know something of the world's needs and the world's financial condition at this moment, and they feel that a large cotton acreage for 1922 would be a serious mistake. They believe, from their knowledge of the world's needs that diversified and intensified farming means more prosperous communities, and the world needs particularly at this time a better grade of cotton than is being produced.

"On account of the present price of cotton, it is their belief that many farmers and land owners will be led into planting a larger crop than was planted in 1921. Three months ago every pound of cotton in the State of Texas could have been bought at around 12 cents a pound. The agricultural interests of this State must realize that the world can consume only a certain amount of cotton and that, with the German mark at 1 cent which was formerly 24 cents, the French franc at 5 cents formerly 19 cents, and the pound Sterling of England at \$3.55 against \$4.85; with China famine stricken, Japan having its own financial troubles, Belgium and Austria struggling for their existence, and Russia in the hands of the Bolsheviki, it can be readily seen that, no matter what the world needs, it comes down to a question of what the world can pay for.

"Therefore, the sensible thing for the farmers and land owners of this State to do is to diversify their crops to the extent that they can feed themselves and their live stock on their farms, making cotton the surplus crop. It can be readily seen that if three million bales of cotton will bring \$100 per bale, plus the seed, it will run about \$125 per bale, or \$375,000,000. Four million bales of cotton in Texas means a price around eight cents per pound, or \$40 a bale, \$180,000,000 for the State. So, no matter which way round you want to go, the sensible thing to do is to produce less cotton rather than have the one million bales surplus set the price for eleven million bales, which is all the world actually needs or can consume.

"It is time for the business interests of Texas, in cooperation with the farmers of Texas, to get a fair

return for the products of this country, and it can only be done through active cooperation of both, and certainly, if we expect to see this State prosper, we cannot do it upon the theory that we can sell four million bales of cotton and that no matter how much we raise, it will still bring twenty cents per pound. I hope, therefore, that when this campaign is started it will receive the active cooperation of every thinking man in this State.

Every southern state has agreed that they will not increase their cotton acreage for 1922, provided Texas, which is the largest cotton producing State, sets the example and begins a campaign for diversified farming, for independence of character and the up building of its homes.

"The opinion expressed in this interview was confirmed in an interview, after a thorough investigation, by Hon. Albert S. Burleson, former Postmaster General, and in conversation with Hon. David F. Houston, former Secretary of the Treasury, this afternoon, September 26th, Mr. Houston stated that in his opinion the south could make no greater mistake than to plant another fifteen million bale crop of cotton, because the world could not consume it and even if it needed it it could not pay for it.

"The law of supply and demand controls finally the price of every product. The sensible planting, intensified cultivation and a reasonable nearness to the world's needs means that the South cannot only be prosperous but will have the ability to finance that kind of crop."

**MOTHER! MOVE
CHILD'S BOWELS WITH
CALIFORNIA FIG SYRUP**

Hurry mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup. 10-7

**BIG PARADE BY THE
PUPILS OF HIGH SCHOOL**

(Held over from last week)
Yesterday afternoon at 4:30 o'clock the students of the Lubbock High School planned a procession of several blocks in length and headed by the High School foot ball squad marched from the High School building down 13th to Avenue I, thence to the public square. This parade was given in the interest of the first contest game of the season to be played here today. Between the local team and the Post City team. All of our people should attend this game and encourage our team. The game will be called at 4:15 this evening.

"All the world's a stage," and lots of people are saying the show is no good.

TO GAIN A GOOD REPUTATION.

The way to gain a good reputation is to endeavor to be what you appear. That is precisely the manner in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturers has been fully up to the high standard of excellence claimed for it. People have found that it can be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take. 15-4t

How long has it been since you saw Obregon's name in the news dispatches on the first page?

PAY'S FIRST POLL TAX.

S. J. MacLain was the first man at the bat in the Tax Collectors' office Saturday morning, Oct. 1. Mr. MacLain wanted to be the first man in Lubbock to pay his state, county and Poll tax. Such actions as this upon the part of the tax payer is worthy of commendation, but while a great many of our people pay their state and county taxes promptly, there is, according to the Collectors' rolls, quite a number who, not only fail, but refuse to pay their school taxes. No property owner can refuse to pay his school tax and be a progressive citizen, in favor of keeping his school in the van of progress, good citizenship and city or county

development. The reporter takes the ground that it is not right for him and all other tax payers to pay their taxes and assist in developing our country and city while other property owners fail and refuse to pay. The city and county should, according to law, sell such property to some enterprising citizen, who believes in good schools, good roads and city and county development. If a piece of real estate is not worth paying taxes on, give it away and quit burdening the Assessors and Collector's rolls with it. Nuff sed, make the delinquent tax payer or tax dodger come through with his back taxes.

Scratch pads for sale at this office.

MANAGING DIRECTOR OF U. S. WAR FINANCE SAYS THEY HAVE MONEY TO AID STOCKMEN; ASKS FOR BUSINESS

"We have the money and we are ready to care for these live stock loans—it is up to you gentlemen to bring us the business." These were the reassuring words of Managing Director Eugene Meyer

Jr., of the U. S. War Finance corporation, delivered yesterday noon to an assemblage of commission men prominent stockgrowers and others at the Stockmen's Club, where the yard live stock interests acted as host to the director and the local loan committee recently appointed.

In the course of his tour of the west pending the beginning of operations of the War Finance corporation under the law of August 24, Director Meyer has gathered the details of the situation existing with regard to the live stock industry and its immediate need of finance sufficiently to announce a definite course of procedure by the corporation.

This course, as gathered from the Director's remarks at the yards yesterday calls for extreme industry on the part of local loan committees at Denver and some fifteen other points about the country, in not only pass ink quickly and with liberal mien on applications for assistance in live stock finance, but in "going after business."

Attitude Will be Liberal.
The corporation, according to Mr. Meyer, will look with favor on almost any application that is based on security of reasonable promise, observing, of course, the rules of good banking. The banks and loan companies—and cattle loan companies, Mr. Meyer said, are plainly included in the new law—are to be the active agencies in screening out cases which deserve attention.

"We cannot make the sick well; we cannot finance the insolvent, but we can finance the solvent," said Mr. Meyer. "The administration is vitally interested in this problem as it is recognized as a national problem, and it is a national problem. It is a problem, too, that will be solved and we are just as anxious to aid you in every way as you are to have our aid."

Encouraging words as to live stock valuations were given by Mr. Meyer. The prices obtained at the block are not to be taken. The stockmen themselves are invited to advise the corporation in reaching a fair schedule of values.

Aid Experienced Growers.
Mr. Meyer, in the course of his remarks at the Stockmen's Club, set at rest misgivings as to the plight of any worthy and experienced stockman with feed and equipment who, thru no fault of his own, is encumbered by debt today to the approximate extent of his holdings. Will that individual be placed in liquidation and removed from reckoning as a potential force in the production of live stock? Director Meyer says no. Where personal integrity, experience, good judgment and equipment can be considered by the local committees, loans in this quarter are likely to go thru for the full value of the animals purchased.

Gathered at yesterday's luncheon was a representative party of farmers, commission men, feeders, bankers and investors in the live stock world. Following welcoming and interrogatory remarks by Arthur C.

These Competent Laundresses are at Your Service

There's a convenient and economical way to be rid of wash-day and all its trials. It is this—enlist the services of this corps of competent laundresses.

These are the folks—conscientious and careful—who do your washing when you send it to us.

It is they who look to the washing. It is they who super-

vice your ironing, and give to it the painstaking attention you would give yourself. It is they who send back your family bundle—snowy white, refreshed and ready to put away.

Have these willing assistants take off your shoulder's the burden of the wash. Ours is a service that will satisfy. Have us call for your family bundle.

—We are installing two visible gas filling stations and will make our new home have all the comforts that you can expect of an up-to-date Tire and Service Station.

Texas Tire & Vulcanizing Co.

J. J. Richards, Magr.

Johnson and Former Gov. E. M. Ammons, Director Meyer made direct reply to all queries and went ahead to tell what the War Finance corporation intended to do and what the corporation expected the stock-growing interests to do.

It's Up To Home Institutions.
"The administration, thru the secretary of the treasury and the War Finance corporation officials, is intensely interested in seeing that something shall be done to meet the problems presented by the live stock industry," said Mr. Meyer. "It is up to you gentlemen and to the banks and loan companies to see that our efforts in that direction are given force and effect. We are working from a national point of view. Assistance to your industry will help the entire country."

Mr. Meyer struck a clear note of optimism on the present outlook for business in general, stating that there was a lack of confidence in the country rather than a lack of money.

"Things are getting better," said he. "I feel confident that we are thru the worst of the depression and when confidence is restored, as it can be thru these loan operations, values will climb back and the securities behind these loans will expand. If you wish to accelerate the arrival of these conditions, get in now and see that this fund we have to loan is applied. If this community does not take it other communities will. It is up to the bankers and the loan companies to work out proper details and apply the assistance the growers need."

Hopes For Permanent Plan
Mr. Meyer, in the course of his remarks, voiced the hope that out of the experiences of the next few months would be evolved some permanent financing plan for the live stock industry.

"The trouble has been," said he "that no adequate financing plan for live stock has ever been devised, with the consequence that when the slump came the industry felt its full force. If, in the course of the next few months experience we can devise a method of finance that will be permanent, situations such as we are facing now can be avoided."—Dawes Stockman.

War Finance Corp.'s Policy As To Loans
Broadest attitude is promised in rediscounting advances made by the banks, trust companies and live stock loan companies for the breeding, raising, fattening and marketing of live stock.

Recognition of instances when it may be proper to take largely into account a man's integrity, experi-

ence, good judgment and equipment maintaining live stock that full value may be loaned on animals.

Determination to cut down in every way possible the time elapsing between application and consummation of loans. The speed of mails between the west and Washington will be the measure. War Finance corporation meets morning and afternoon and will meet at night if necessary.

Reliance on an exceptional degree on the judgment of local loan committees, which bodies will be expected to not only pass upon primarily the various loans and trans-

mit findings to Washington, but to see that "business" for the corporation is stirred up.

Valuations on live stock which shall recognize intrinsic value rather than price at the block. Willingness of the corporation to hear opinions of stockmen in this regard.

Full recognition of cattle loan companies as agencies which can endorse loans. Companies newly organized for the purpose of handling loans will be welcomed.

There is something wrong with the boy who had rather be president than the home run king.

Don't Wait Until Its Cold to Get Coal

If you haven't filled your coal bin, you had better call us right away and start to filling it. The time to buy coal is while it is warm.—Grains, hay, salt, etc., always in stock.

Lubbock Students At Rice Join in Nightshirt Parade

Our friend, Lawrence Martin, Jr., who is attending Rice Institute at Houston this year and sends us the following account of a "Nightshirt" parade which he and many others were forced into:

"The annual Freshman shirt-tail parade was held Saturday night, the 17th. The parade was pronounced the best of many years. A large number of Freshmen participated than ever before, the costumes were more unique and the pep abundant.

"The parade started at Main and McKinney, headed by a brigade of B. V. D's armed with brooms and followed by a squad of bathing beauties, behind which came more than a hundred Freshmen in varied assortment of clothes, snaked their way down Main to Franklin and back to the Rice, and thence to the Cozy.

En route the gang streamed through the lobby of the Bender, the Rice and through Sakowitz Bros. and Jones-Hoffman Co.

"Traffic was blocked in all directions by this mob of Freshmen, who loudly consigned Rice's enemies to the hot place, thereby showing their loyalty to their new school. They were furnished with plenty of inspiration by an efficient squad of Sophomores who showed their training of last year.

"The stage of the Cozy theatre was commandeered and an informal show put on. Slime Thompson as Aphrodite was the star of the performance, ably seconded by the sinuous movements of Slimes Dranilhet and Moore. The B. V. D. squad did the Slimes' silent manual by the numbers.

"Following this the entire class passed in review and their efforts were well received by the audience. The evening's entertainment was brought to a pleasant close by an oration by Slime Moore. The Theater, the Rice College Paper.

A COMMON ERROR

The Same Mistake Is Made By Many Lubbock People.

It's a common error.

To plaster the aching back,

To rub with liniments, rheumatic joints.

If the trouble comes from the kidneys.

It's time to use Doan's Kidney Pills.

Here is convincing proof of merit.

G. W. Filler, 2001 East Ave., Colorado, Tex., says: "Doan's Kidney Pills did me so much good I cannot say too much in praise of them. A couple boxes of Doan's entirely cured me of kidney trouble several years ago."

Seven Years Later, Mr. Filler said, "I don't have occasion to use Doan's any more as they gave me a permanent cure."

NEW COMER SENDS LUBBOCK LITERATURE TO FRIENDS EAST

J. W. Nesbitt of Slaton, was a visitor in Lubbock Tuesday. Mr. Nesbitt says that he has only been a resident of Slaton for the past year but that he is first last and all the time for the upbuilding of the entire county and that he came to our city to secure a lot of advertising matter that the Lubbock Chamber of Commerce is putting out, which he wants to mail to his Eastern friends, so that they, too, may know of the great opportunities offered the home-seeker if he will only investigate this section. It takes just such men as Mr. Nesbitt, to build up a country; the day has done past when a man, or community, can isolate itself and accomplish anything worth-while for the good of its town or country.

I'M FROM BIG SPRING! LET'S GET ACQUAINTED.

Tuesday morning quite a delegation of boosters from Big Spring, Texas, were upon our streets wearing lapel buttons with the words: "I'm From Big Spring, Let's Get Acquainted." The reporter met the following members of the party: W. W. Rix and wife, Dr. and Mrs. E. O. Ellington, J. W. Ward, L. S. Patterson, E. C. Sanderson, A. G. Hall and wife, C. A. Warrick, J. S. McCrigh, M. L. Musgrove, W. L. McCallister, Ada Ruth-erford, J. E. Mendell, J. M. Morgan, wife and daughter, Mary; Gordan Hatch, Mrs. J. E. Mendell, B. F. Willis, B. O. Jones, J. A. Kinard, R. E. Burns, T. H. Johnson, Mrs. R. L. Davis, Roy Carter, and wife, Lester Fisher, Bernard Fisher and wife, M. D. Norrison, J. T. Brooks, J. N. Dale, J. F. Wolcott, L. F. Nall, McCall, Gary, John Hodges, Messames Wm. Menze, and J. R. Copeland.

Lubbock citizens are glad to have the pleasure of meeting the above enterprising citizens of Big Spring, and we assure them that the latch string is ever hanging on the outside of the Avalanche door ready to be pulled any time, also our office hours from A. M. to P. M., and P. M. to A. M. If there is anything you want while our guests, phone or call at this office and we are at your service.

HALE COUNTY STOCK SHOW BIG SUCCESS

Considering the limited time and money spent, the Fall Livestock Exposition and agricultural show held in Plainview Tuesday, Wednesday and Thursday, was very successful, and well worth the efforts put forth by the committees in charge.

The hog show was the most notable ever held on the Plains and brought together three hundred fine animals, some of them ranking as high as any ever shown in the Southwest. There were hogs weighing as much as 900 pounds. Many of the animals shown here will compete in state fairs.

The dairy cattle and agricultural displays were good, and the animals and products shown were very worthy

Mrs. Cargile's individual farm exhibit contained more than fifty different products and won first premium. The attendance was good the first and third days and the second also brought a record-breaking crowd of people from all over the Plains. The public schools at Hale Center and Abernathy dismissed yesterday so the pupils could come in a body and see the exhibits.—Plainview News.

A REMARKABLE RECORD

Chamberlain's Cough Remedy has a remarkable record. It has been in use for colds, croup and whooping cough for almost half a century and has constantly grown in favor and popularity as its good qualities became better known. It is the standard and main reliance for these diseases in thousands of homes. The facts that it can always be depended upon and is safe and pleasant to take are greatly in its favor when it is wanted for children. 15-4t

E. Burdett and wife of O'Donnell, were guests of Mr. and Mrs. A. N. Julien, first of the week.

PROSPEROUS FARMER'S WIFE NEARLY STARVED

Declaring she was actually starving to keep from suffering a misery, Mrs. Amy Peterson, wife of a prosperous farmer of Lakeville, Mass., gave out a remarkable statement, recently, in connection with her relief through the use of Tanlac.

"Sometimes I wonder how I lived through it all," she said. "I would have attacks of acute indigestion nearly every time I ate anything. Those terrible cramping pains and the distress from gas and bloating were almost unbearable and I just thought there was no hope for me. "But now I'm eating anything and I feel as strong and well as I ever felt in my life. I've gained back all the weight I lost and six pounds besides and I know from my experience what Tanlac will do. It's the best medicine in the world."

Tanlac is sold in all leading drug stores. 10-7
When a man gets real blue he is not so intolerant of the Reds.

SOME CLIPS FROM THE RALLS BANNER

Mrs. R. B. Ingle has been suffering with diseased tonsils for some time and underwent an operation at the Lubbock Sanitarium last week for their removal and we are glad to state that she is getting along nicely at present.

N. N. Morris is scouring the country for cotton pickers. He made a trip or two to Lubbock and other points this week, and still has failed to secure the desired labor.

We understand there has been several gentlemen here this week investigating the advantage to be derived from establishing water works sewage and electric lights in our town. We have the best opening in Texas for improvements of this kind, and we have failed to secure same up to the present time. Only from the fact that our town is not incorporated.

"Prices on Dining Cars to be Reduced," says a heading. Yes; but few of us can afford to travel when we want to eat.

WHAT DOES YOUR BOOK SHOW?

If you have ever been a victim of incompetency, you will doubly appreciate the work of our master mechanics who know every branch of automobile repairing thoroughly and have the facilities and equipment to do every job as well as it can be done. Motorists everywhere will confirm our claim.

SOCIETY NOTES

Celebrates Birthday Anniversary
On September 23rd, little Auseth Jones celebrated her third birthday anniversary with a party.
Childish games were enjoyed until each child was given a string and to the delight of each guest it was found tied to a sack of candy and cakes.
At the close of the afternoon's merriment delicious cake and cream cones were served to Catherine Klett, Mary Thomas, Corrie Jane Thomas, Charlotte Hopkins, Dale Buckner, Charles Maedgen, Charles Adams, W. B. Hilton, Susie Rankin, Lucile Griffin, Vina Lee Griffin, W. C. Barnett, Frances Jarat Barnett and Auseth Jones.

Honors Bridge-Elect.
Miss Bernice Wolffarth was the charming hostess to a crowd of her friends on last Wednesday afternoon complimenting Miss Opal Ellis in recognition of her approaching marriage.

The attractive home was most tastefully decorated in pink and white.

Auction Bridge utilized the hour with Mrs. John Jarrott winning high score.

The hostess presented the honor-guest with a beautiful bouquet of pink and white rose buds tied with tulle.

The guests were invited into the dining room, where a miniature bride stood on the dining table under

streamer of pink and white tulle suspended from the ceiling and caught at the ends with pink and white flowers. Much to the surprise of the honoree she was asked to open package after package, all arranged on the dining table and their contents were useful and beautiful gifts.

Eloise Cooper Entertains.
Saturday, October 1st was delightfully spent by about thirty friends, with Eloise Cooper honoring her eleventh birthday.

A number of childish games were enjoyed until the guests were ushered into the dining room, where a large yellow cake holding eleven lighted candles awaited them. Here delicious refreshments of sandwiches, cake and leaf punch were served.

The honoree was the recipient of many pretty and useful gifts.

Mr. Phelix Buttler of Littlefield visited in this city Tuesday.

Mr. Arthur Elliott, of Slaton, was in this place Sunday.

Mr. and Mrs. Wallace Barnes made a business trip to Crosbyton Saturday.

The Civic Federation will meet on Saturday afternoon at three o'clock in the court house. All members are urged to be present.

1910 Needle Club will meet Tuesday with Mrs. E. B. Green as hostess and Mrs. Perkins as joint hostess.

Xmas Bazaar.
The ladies of the First Presbyterian church will give a bazaar, November 18th and 19th.

Merry Brides Entertain at the Cova
One of the most enjoyable affairs of the early autumn season was the party last Friday afternoon at the Cova Hotel, given by Mesdames J. T. Hutchinson, Wallace Barnes, James Kimmell, R. V. Kimmell.

These four ladies were combined hostesses to the Merry Bidders and everything seemed to conspire on this lovely afternoon to make this party

one long to be remembered by those fortunate enough to be present.

In the spacious dining room, nine tables of players enjoyed "42" for more than two hours. Mrs. C. S. Middleton winning all the games, thereby making high score.

Cut-flowers were affectively used in decoration, chrysanthemums especially predominating.

After the games a daintily apportioned plate consisting of brick ice cream and angel food cake was served to about forty ladies.

Club Reporter.

Wednesday Needle Club.
Indeed pleasant was Wednesday afternoon for the members of the Wednesday Needle Club. A few invited guests with Mrs. Frank Maddox as hostess.

Needle work furnished a delightful pastime and at the close of the afternoon's merriment a delicious refreshment course of sandwiches, fruit salad, and ice tea was served.

The guests present were Mesdames Cornelia Ballenger, W. R. Spencer, Perkins and Buttler of Aberdeen, Miss, Mrs. Hilburn has been made a member of the club.

The home of Mr. and Mrs. Fred Oliver was the scene of a delightful house party and reception on Friday evening, Sept. 30, when Mesdames Oliver and Castleberry entertained in honor of Mr. and Mrs. Curtis A. Keen.

The large living room was artistically decorated, with roses and carnations, while the reception room was a meritable nest of fern and roses, where, under the direction of Mrs. L. E. Hunt. There were one hundred and fifty guests, placed their names in the Book of Memory.

In the dining room the color scheme of pink and white was emphasized. On the center table, amid a mass of fern and flowers; two large dolls—a miniature bride and groom—with tiny ribboned copies in attendance greeted the many friends.

The hostess was charming in a gown of rose taffeta, as was Mrs.

Land Wanted--Money to Loan

I have cash buyers for 160, 320 and 640 acre improved farms, and also buyers for small and large ranches. If you wish to sell and your price is right see me at once.

MONEY FOR FARM LOANS
If you owe notes coming due, arrange now to extend them. My rates are reasonable and I can guarantee prompt action.

We will be glad to give you Estimates on Costs of Buildings or Improvements.

A. G. McAdams Lumber Co.

Lubbock, Texas

The Price Is the Thing When Coupled With Quality

No one ever questions the quality of Martin & Wolcott's goods, but some have thought that their prices were a trifle high, but from this date on no one will say that Martin & Wolcott are high on their goods but on the contrary, every one will be saying that Martin & Wolcott are cheaper than others, and taking into consideration that the quality is the very best, it sure is a good place to trade every day in the year.

Phone us your daily orders, phones 309 or 310 will get us. Include some of Sid's nice juicy meats with your order also.

We also want the farmers to bring us their eggs, butter, chickens and all kinds of vegetables that they have to sell, we will give them a good deal for their produce. Try us out, Mr. Farmer, we will both profit by dealing together. Bring your cotton pickers, we have the goods they want at the price that will please them.

Below Are a Few of Our Prices

Sugar by the sack.....	\$7.25	Chase & Sandborn Seal Brand Coffee, the best that money can buy, medium size can only.....	\$1.00
Salt Pork, per lb.....	16c	Large size can.....	\$1.50
Bacon bellies per lb.....	25c	C. & S. high grade coffee in bulk, per lb.....	45c
Bacon bellies, sugar cured per pound.....	30c	Peaberry Coffee, per lb.....	25c
Armours Corn Flakes.....	15c		

If you are not our customer, now is a good time to start trading with us. We need your patronage and you need our goods.

PHONES 309-310
MARTIN & WOLCOTT

Doctor Castleberry in a blue broad-clothed suit, while Mrs. Keen, in a gown of black satin, with midnight blue sequence, added a delightful contrast to the hybe colors.

The reception began at 8 o'clock, Mr. and Mrs. Oliver and Dr. G. G. and Mrs. Castleberry receiving.

Mesdames Jarvis, Benson and Miss Crane graciously presided busily over the punch bowl.

The guests of the house party were:

Mr. and Mrs. C. E. Meadgen.
Mr. and Mrs. Nell H. Wright.
Mr. and Mrs. Louis F. Moore.
Mr. and Mrs. L. E. Hunt.
Mr. and Mrs. Meador.
Mrs. R. D. Benson.
Mrs. C. Jarvis.
Miss D. Crane.

K. K. Klub.
Members of the K. K. Klub were delightfully entertained in the home of Mrs. C. L. Griffin on last Friday. A most delicious luncheon was served at the noon hour, after which Auction Bridge was thoroughly enjoyed.

WEST TEXAS FAIR ENDS AT ABILENE

Abilene, Texas, Oct. 1.—The last of the West Texas Fair here today attracted several thousand persons, who inspected the exhibits and attended the various amusement features offered by the management.

The main attraction of the day was the football game between T. C. U. of Fort Worth and Simmons College of Abilene, which Simmons won 10 to 7. The last day's crowd was satisfactory, officials said, and it was also stated the fair association is comfortably "over the top" on finances.

The success of the first annual exposition means that West Texas will develop her own fair at Abilene; it was pointed out here, and next year the co-operation of many more counties and towns are expected.

The fair ended tonight with a concert by the University of Texas Longhorn Band, which has been one of the finest attractions of the six days, and the usual nightly program along the midway.

The fair had been a brilliant success throughout the six days and has received the support and encouragement of thousands of persons living outside of Abilene.

It is estimated that around 40,000 persons were attracted to Abilene persons were attracted to Abilene fair.

AWARD CONTRACT FOR AUDITORIUM PLANS

Plainview, Sept. 30.—J. M. Berry & Co. of Amarillo, architects, have been awarded the contract to draw up plans for Plainview's new \$60,000 municipal auditorium. Construction work on the building will begin soon after definite plans for the building have been accepted by the City Council.

Work on the building will be rushed in order that it may be used for mass-meetings of the West Texas Chamber of Commerce-convention to be held here next Spring.

Mrs. R. B. Haynes, of Tahoka, spent Wednesday in Lubbock looking at the fair and visiting at the home of Mr. and Mrs. E. R. Haynes.

COTTE COUNTY BOY MET DEATH THURSDAY

East Thursday afternoon, between 5 and 6 o'clock, while Elmer Black, who lived at Ginsie, was coming to town with a load of lint cotton to be ginned, the team became frightened and ran away, and Elmer was thrown from the wagon to the ground. No one saw the beginning of the runaway, and it is not known what caused the team to become frightened.

When found the young man was lying on his face in a deep ditch just west of the F. M. Drummond residence in South Paducah. His head was in a pool of blood, and it looked as though he had lost at least a gallon of the life-sustaining fluid. His right ear was torn almost completely from his head, hanging by a small piece of skin. It is not known whether he caught on a wire which might have been suspended from the side of the wagon as he fell or whether the team dragged the wheels over his head, severing the member.—Paducah Post.

Mr. Moorehead, who is visiting his daughter, Mrs. H. L. Thompson, was a visitor at the fair Wednesday and was much pleased with the exhibits and the enthusiasm of the South people. Mr. Moorehead is 88 years old, but gets around nimbly and was enjoying the fair greatly. He is a native of Alabama but has resided in McLennan County 48 years.

W. Hamilton Wright, representing the Fort Worth Record, was attending the fair this week and reporting the happenings to his paper.

SOME STATISTIC OF TEXAS CROPS, FARMS, FARM PROPERTY, AS WELL AS LIVESTOCK AND BY-PRODUCTS

The Bureau of the Census, of the Department of Commerce, announces subject to correction, the following preliminary figures from the Census of Agriculture for Texas:

The value of all crops harvested in Texas in 1919 was \$1,071,542,103. Corn was valued at \$146,309,341, wheat at \$75,404,421, oats at \$51,191,535, kafir and milo at \$41,357,832, and barley at \$2,407,086. The value of hay and forage was \$73,324,319; of cotton, \$514,113,961; of sweet potatoes, \$10,609,980; of peanuts, \$6,419,340; of peaches, \$7,393,091; and of pecans, \$3,686,191. As compared with 1909, the total value of crops for 1919 shows an increase of 272.8 per cent; corn, 189.4 per cent; rice, 143.3 per cent; cotton, 215.9 per cent; sweet potatoes, 378.2 per cent; peanuts, 497.1 per cent. For several crops, including wheat, oats, kafir and milo, and barley, the value in 1920 was more than ten times the value in 1910.

The acreage of corn in 1919 was 4,748,655, representing a decrease of 7.4 per cent, as compared with 5,130,052 acres in 1909. The acreage of wheat was 2,414,903 in 1919, as against 326,176 acres in 1909, an in-

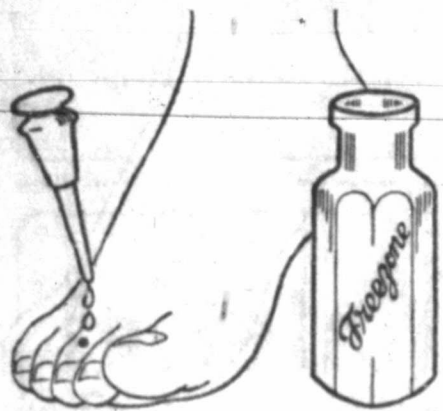

crease of 640.4 per cent. That of oats was 1,862,333 acres in 1919 and 440,001 in 1909; of kafir and milo, 1,482,663 acres in 1919 and 573,384 in 1909; and of barley, 77,780 acres in 1919 and 8,888 acres in 1909. The average yield of corn per acre in 1919 was 22.8 bushels; of wheat, 15.1 bushels; and of oats, 34.3 bushels. The corresponding figures for 1909 are 14.7 bushels of corn, 7.9 bushels of wheat, and 16.0 bushels of oats.

Rough rice had an acreage of 164,481 in 1919, as compared with 237,580 acres in 1909, a decrease of 30.8 per cent. The production was 5,306,369 bushels in 1919, as against 8,991,745 bushels in 1909. The average yield was 32.3 bushels per acre in 1919 and 37.8 bushels in 1909.

In 1919, 2,390,457 acres were in hay and forage, including 744,008 acres in hay crops, 1,496,763 acres in kafir and sorghum out for forage, 30,917 acres in silage crops, and 118,710 acres in corn cut for forage. The total production of hay and forage was 3,729,551 tons, of which 182,761 tons were silage. The total acreage in hay and forage in 1909 (not including corn cut for forage) was 1,257,112 acres and the total production 1,329,245 tons.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. "I saw after taking some Cardui... that I was improving. The result was surprising. I felt like a different person."

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me... My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments.

For sale everywhere. E.S.S.

There were 68,142 acres in sweet potatoes in 1919, as compared with 42,010 acres in 1909, representing an increase of 62.2 per cent. The production was 5,838,879 bushels in 1919, as against 2,730,083 bushels in 1909.

The acreage of cotton in 1919 was 11,522,537, as compared with 9,930 acres in 1909, an increase of 16.0 per cent. The production in 1919 was 2,971,757 bales, as against 2,455,174 bales in 1909, an increase of 21.0 per cent.

The production of apples in 1919 was 486,828 bushels; of peaches, 4,620,679 bushels; and of pecans, 16,755,421 pounds.

Farms and Farm Property

The number of farms in Texas in 1920 was 436,033. These farms contained 114,020,621 acres, of which 31,227,503 acres were improved land. From 1910 to 1920 the number of farms increased 4.4 per cent; the total acreage, 1.4 per cent; and the improved acreage, 14.1 per cent. In 1919, 67.9 per cent of the land area of the state was in farms, and 27.4 per cent of the farm land was improved.

The number of white farmers in 1920 was 357,249, of whom 327,457 were native and 29,774 foreign-born. Of the native white farmers 163,266 were owners, 2,210 managers, and 161,993 tenants. Of the foreign-born white farmers, 14,405 were owners, 164 managers, and 15,205 tenants. The 78,784 colored farmers comprised 23,539 owners; 134 managers, and 55,111 tenants. The number of female farmers was 16,128, including 10,470 owners, 34 manager and 5,624 tenants.

The value of all farm property in 1920 was \$4,447,420,321, as compared with \$2,218,645,164 in 1910, an increase of 100.5 per cent. The value of land and buildings in 1920 was \$3,700,173,319; of implements and machinery, \$154,320,996; and of live stock, \$692,926,006. As compared with 1910, the value of land and the buildings in 1920 showed an increase of 100.7 per cent; of implements and machinery, 171.7 per cent, and of live stock, 86.1 per cent. The average value of land and buildings per farm was \$8,486 in 1920, as compared with \$4,412 in 1910; and that of land alone per acre was \$28.46 in 1920, as against \$14.59 in 1910.

The value of the 57,700 farms for which complete mortgage reports were secured in 1920 was \$664,522, debt was \$172,166,818, or 25.9 per 579, and the amount of the mortgage cent of the value. The average rate of interest paid was 7.3 per cent. In 1920, 39.9 per cent of all farms operated by their owners were mortgaged, as compared with 33.3 per cent in 1910.

Live Stock and Live-Stock Products

Of the 436,033 farms in Texas in 1920, 409,201 reported domestic animals. Horses were reported by 312,896, mules by 281,761, cattle by 334,570, sheep by 9,883, and hogs by 306,099.

The number of horses on these farms in 1920 were 997,362, which included 888,034 horses 2 years old and over, 50,882 colts from 1 to 2 years old, and 52,446 colts under 1 year old. The value reported for horses was \$82,271,637, an average of \$82.99 per head. The number of horses on April 15, 1910 (excluding spring colts, in order to make a fair comparison with the figures for January 1, 1920) was 1,125,834.

The number of mules in 1920 was 845,932, including 35,299 colts under 1 year old, 36,116 colts from 1 to 2 years old, and 774,517 mules 2 years

old and over. The total value was \$113,734,227, an average of \$134.45. The number of mules in 1910 (excluding spring colts) was 659,975. The total number of cattle in 1920 was 6,156,715, including 4,693,008 beef cattle and 1,463,707 dairy cattle. Beef cows numbered 2,181,359 and dairy cows 833,586. The value reported for cattle was \$305,610,919. The number of cattle in 1910 (excluding spring calves) was 5,212,284.

The 2,578,485 sheep reported in 1920 included 630,212 lambs under 1 year old, 1,464,145 ewes, and 479,128 rams and wethers. The sheep were valued at \$31,651,781, an average of \$12.30. The number of sheep in 1910 (excluding spring lambs) was 1,377,724.

Goats were reported in 1920 to the number of 1,753,112, including 1,469,883 goats kept for fleeces. In 1910, 1,135,244 goats were reported. Of the 2,225,558 swine on farms in 1920, 1,118,033 were pigs under 6 months old, 389,664 sows for breeding, 82,390 boars for breeding, and 599,471 other hogs. The value reported for swine was \$30,943,825.

The total production of milk in 1919 was 202,953,536 gallons, as compared with 240,286,479 in 1909. The production of wool in 1919 was 14,900,478 pounds; of honey, 5,041,226 pounds; of eggs, 70,264,074 dozens; and the number of chickens raised was 25,829,724. The value of all dairy products, excluding home-

The Way to Insure Cheaper Ice--Better Service

Fill Out the Application Blank--DO IT NOW!

TO LUBBOCK STATE BANK, TRUSTEE

I am with the rest of the Lubbock citizens: I don't want to pay such high prices for ice, therefore please give me credit for the enclosed amount to be applied on..... shares at \$50 per share. I understand that an Ice Plant will be constructed by the Clover Leaf Creamery before another summer arrives.

My name is..... Address

Encouragement

Since we made our announcement in this paper one week ago we have been encouraged by practically every business man we have talked with. Many have promised to take stock.

WHY? BECAUSE WE CAN SAVE LUBBOCK MONEY

Lubbock uses approximately four tons of ice daily and has paid the past summer about 80 cents per hundred, or an average of \$64 per day. We propose to sell ice at least 25 per cent less than that price, with a probability of less than that. A saving of many thousand dollars per year.

Pay only \$15 cash on each share; pay \$15 the first of December and the balance January the first, 1922.

CLOVER LEAF CREAMERY

All Storage Battery Needs

are taken care of at Hensley's establishment. We sell new batteries, repair and recharge used batteries, and give battery advice and service generally. The Exide battery station is located here. May we serve you?

HODGES BROTHERS NOW
 W. S. Hodges has sold his two stores in Lubbock to Messrs. J. A. and B. F. Hodges, brothers, well known Lubbock citizens and men whom you can rely upon. W. S. Hodges will remain in the store until further notice to help line these men up on things. Because the store will continue to be run just as it has under the management of W. S. Hodges, he will be there to see that it is. It was with that idea in view that these two men purchased the business. You can still come here expecting bigger bargains than anywhere else.

THANKS FROM W. S. HODGES
 I take this means of expressing thanks for the patronage given me during the past few years. It is with pride that I speak of the growth we have accomplished with the aid of the people of the entire section of the South Plains.

I believe that my store has done much good for the people of this section and I am frank in stating that the present management will continue the business in the same method. At least I have promised to aid them in seeing that the store gives the same service of the past.
 —W. S. Hodges.

CAR LOAD OF MIXED FURNITURE BY OCT. 5th
 Yes, we will have a car load of mixed furniture about the 5th of October. This furniture was bought on the lowest market quoted in three years and will be sold likewise.

HERE'S GOOD COLD WEATHER NEWS
 See the heaters and ranges at Hodges'. We're selling them cheaper than they can be bought at the factory, right now!

PANHANDLE SOUTH PLAINS FAIR A BIG SUCCESS

(Continued from page 1) have their interests taken care of, spiritually, legally and officially. Of course they were not used to city ways and this precaution by them showed great foresight upon their part. Come again, good people, Lubbock appreciates having you as her guests.

Idalou was well represented at the fair. They came with flying banners, badges and decorated cars and displayed the real South Plains spirit.

Swine, poultry and dairying are three things that make any country rich. Either one will do that within itself and the South Plains is splendidly adapted to all three—that makes us a great and prosperous section.

The presence of the Old Time church wagon on the fair grounds

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVES O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Groves O-Pen-Trade Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c.

Just ask your druggist for HAYES' HEALING HONEY.

brought back to memory the days of old, and many former "cow punchers" ate at the "Chuck wagon" in the old fashioned way and enjoyed the menu characteristic to the old time cow camps.

J. F. Todd, who is visiting his niece, Mrs. J. C. Burns, near Lubbock was one of the interesting visitors at the Avalanche booth at the Fair Tuesday afternoon. Mr. Todd is a resident of Grayson county. He has been in that county 64 years. He was very enthusiastic over the splendid agricultural exhibit at the fair, and was no doubt very greatly surprised at the fine showing of the field products. He is 83 years of age, but is in fine health, and as spry as many men much younger in years.

One of the most interesting things in the Industrial building was the file copies of the Avalanche published back in the years 1900 and 1901. Many of the old timers remember many of the incidents recorded in those issues, and the pages were perused with much interest by both old timers and those who have come to Lubbock in more recent years. One noticeable feature in these issues was that seven members of the county officials' force at that time were on the fair grounds during the first days of the fair. Namely, W. D. Crump, county judge; J. B. Mobley, County Clerk; Eastin Wolfarth, sheriff and tax collector and Commissioners, R. C. Burns, H. V. Edsall, E. P. Earhart, Geo. L. Beatty, County attorney.

Jack Stricklin and family were here Wednesday visiting the fair. Jack is one of the booster newspaper men of the South Plains and pub-

lishes the Terry County Herald. He published a splendid edition last week, descriptive of Terry County, and had a bunch of them at the Terry county booth, and we noticed that people from all over the country were interested enough to take a copy and preserve it for future reference.

F. B. Miller, of Plainview, was among the visitors in Lubbock during the fair, and was one of the judges in the poultry department.

R. B. Haynes, editor of the Lynn County News, was here Tuesday, attending the Highway meeting, and seeing the fair the first day.

Hall Robinson, county clerk of Lynn county, was here Tuesday looking after business matters, and attending the fair the first day.

J. P. Shelburne, formerly a resident of Lubbock county, now of Eastern New Mexico, is here for the fair and has an exhibition one of the finest young Hereford bulls ever shown in any fair. Mr. Shelburne is specializing in stock farming with registered and grade Herefords and is succeeding nicely.

Prof. M. M. Dupre went to Tuscola Wednesday and straightened out the tangle between the railroads and the carnival people and got the carnival through to Lubbock about 7:00 o'clock this morning. Mr. Dupre was determined to get this attraction here according to advertisement and got what he went after.

LET'S SWAP.

If you have anything in West Texas you want to trade for anything else write us about it. There is some fellow wants what you have and has what you want and we will find him for you.

We handle land, live stock, city property, merchandise and machinery West Texas Realty Company San Angelo, Texas

WANTED—A young lady to help with home laundry and do general housework. Pay reasonable. See me first door east of Alpine Hotel at once. Mrs. R. L. Newton 15-1

To Cure a Cold in One Day Take LAXATIVE BROMO QUININE (Tablets) It stops the cough and headache and works off the cold. E. W. GROVES signature on each box. 30c.

CHI-RO-PRAC-TIC We now have two lady assistants, both three year graduates from the National School of Chicago. We only ask you to give them a trial if you want health and have tried every thing else. Drs. Finley and Council, Lubbock, Texas, Phone 540.

A very one-sided game of football was played between Lubbock and Post teams here last Friday when Lubbock grooved the Post team with a score of 96 to nothing. Lubbock's undefeated team is in line of a winner in the championship back end up. Pep up to them, back them, encourage them. Do your part.

The Security State Bank and Trust

K. CARTER, Pres. W. S. POSEY, Treas. ELMO WALL, Secretary

LUBBOCK MUTUAL AID ASS'N NO. 3

(LIFE INSURANCE AT COST) (A LOCAL MUTUAL AID ASSOCIATION)

ANNOUNCEMENT

This is to advise the good people for a radius of fifty miles around Lubbock that we have completed TWO MUTUAL AID ASSOCIATIONS and have just started our No. 3 and want to fill it to 1000 members by January first, so let's all hurry and fill it up.

Most every one knows the many benefits offered by our Associations, it is LIFE INSURANCE AT COST, which has been less than \$6.00 a year for the last 5 years.

The neighborly effect of this protection is especially appreciated by its more than 2200 members, any one most would give the small amount of \$1.00 to most any one who had suffered the loss of a companion, in becoming a member of this Association you club together with 1000 people agreeing to give, which makes a good little amount, but not much to be paid by each member, then it is not begging either.

Age limit 15 to 55 years; price \$5.00 for membership and \$2.00 a year for expenses, nothing else except death calls of \$1.00 each.

LUBBOCK MUTUAL AID ASS'N NO. 3

Room 3, Lowrey Bldg. ELMO WALL, Sec'y.

JUST RECEIVED CAR LOAD

Chinese Narcissus, Hyacinth, Lily Bulbs

DAVIDSON'S—Phone 134

gram Monday afternoon stating that his father, J. C. Julien of Sherman, Texas, was not expected to live. Elder Julien left on the first train for his fathers bedside.

Rev. Baughman of Brownfield passed through Lubbock Tuesday enroute to Amarillo, where he will attend the Annual Conference of the Methodist church.

Company have their building bordered with electric lights which make a fine showing at night. This firm is to be congratulated on their progressiveness and we hope many others will fall in line as do likewise.

Mr. and Mrs. W. B. Downing and little daughter, Elizabeth, are here from Brownfield.

The High School football team went to Lamesa and played a game with the Lamesa school team Wednesday afternoon. They succeeded in shutting the Lamesites out entirely and the score was 52 to nothing. Lubbock's undefeated team will play Farwell this afternoon. Don't fail to give the boys plenty of peppy support in this game.

A. N. Julien, pastor of the First Christian church, received a tele-
