

THE LUBBOCK AVALANCHE

VOLUME XXII No. 40.

LUBBOCK, LUBBOCK COUNTY, TEXAS, FRIDAY, JANUARY, 13, 1922.

PUBLISHED TWICE A WEEK

LUBBOCK CAN HAVE THE FIRST SOUTH PLAINS WIRELESS STATION

LOCAL BOYS ARE NOW RECEIVING MESSAGES AT THEIR STATION AT THE COURT HOUSE

FIRST CLASS RECEIVING STATION PROBABLE

Lubbock Can Easily Be the Leading City in This Matter if Our Citizens Will Get Busy and Help the Boys Secure Equipment—Would Mean Much to Everyone.

"Rev. George Truett of the First Baptist Church of Dallas will speak at the District Court Room Sunday evening at 8 o'clock." If that announcement should appear in the Avalanche this week as a true statement, how many of you would go to hear him? If the announcement continued that at the same time the Rev. Dr. Truett would speak at the First Baptist Church in Dallas you would feel sure that somebody had gone "bug". Then while you are sipping just those things that are preceding the address by Dr. Truett that the 36-piece orchestra of the Palace Theatre of Dallas would give a 45 minute concert. You would know that somebody was trying to put something over you.

Yet just those two very things may be true in this city before the close of this year. It sounds like somebody is trying to put something by you when we tell you that any night in the week, in the City of Lubbock TODAY you can hear music played in Nebraska, Denver Colorado and listen on conversations from every corner of America between San Francisco and Washington. But it is true and is done almost every night in the week.

The equipment used in this particular instance is practically all home made and hand made by a boy who is under sixteen years of age and from knowledge that he has dug out of books and magazines for himself. What might be possible if some arrangement for a first class, high grade equipment and give these same boys three to six months special training and special work under competent electricians and theory men? And that is what is being done today. A class of nine boys meet twice a week and study text books, theory and practice of the mysterious science of electricity, practice coding sending and receiving and study diagrams—all with a view of becoming Real Wireless Operators in the very near future.

More than that, some way is going to be found to make a real receiving station possible in the City of Lubbock. It will cost less than \$500 and when completed, music, speeches, recitals, concerts, sermons, addresses, crop reports, weather reports, important news happenings—all of these things can be picked up every day and be made available not only to the one or two men that receive these messages but through special equipment they can be multiplied a hundred times and 500 people can sit in the Court Room in Lubbock and hear Dr. Truett of Dallas speak his Sunday evening at the First Baptist Church of that City send his sermon direct from his mouth as he speaks them broadcast over all the southwest and every Sunday night they fly over our city and can be caught and made audible to anyone that cares to hear him. Not only Dr. Truett but any number of the larger churches of the Big Cities in the North has installed this equipment and through its use the invalids, the patients in the hospitals, the lighthouse watchmen on the desolate islands, the farmers, the small town congregations—any of these can hear the world's greatest preachers, speakers, pipe organ recitals, concerts—all of these are available to all people after the initial cost of installing proper receiving apparatus.

The Chicago Grand Opera Company has installed equipment upon the stage in Chicago and now more than half a million people may sit in on any performance of any of the beautiful grand operas. Spalding plays in the Aeolian Hall in New York. President Harding in Washington has had a busy, hard day and would enjoy the rest that comes from wonderful violin music—in his own study he can relax, in his bedroom slippers, with his old pipe—and be just as human and ordinary as he might wish to be and enjoy every note of the concert.

Oh, the remarkable, impossible things that are being done every day in the world and folks really pay little attention to them anymore. Take our noon luncheon clubs. These are springing up all over the world. Business men are gathering every day in the week in different clubs and discussing the problems of their business, the betterment of mankind, the development of a cleaner, better state or city. The Chicago Chamber of Commerce, in whose building an average of three different luncheons are held each day by various clubs, committees, and for various purposes has installed a sending station that can be switched on to any one of these rooms and if Forbes or Babson or Secretary Weeks, any of those big-name men are to speak to one of the clubs or gatherings on any day—a similar gathering in Detroit, Michigan or a town of three hundred

population in Missouri can pick up the message and send around the luncheon table in these distant places, enjoy the address of these men whose actual presence for just one address would cost more than the entire cost of the equipment that the address is received by.

If Old Benjamin, who with his little key and string unlocked the mystery of electricity could spend a few days in this old world this year he could with perfect propriety "stick up his thumb, pull out a plumb and say 'Look what I started.'"

While we are talking about wireless—did you ever stop and think just one minute about the things that are happening every day and being accepted just as a matter of course? Take the matter of flying. Three years ago 23,000 feet was considered "and we were taught that natural conditions made it impossible for a machine to ever go any higher. Just a few weeks ago a man put a machine to 38,000 feet or more than seven miles high and came down cussing because he ran out of oxygen and had to come down before his machine had done its best.

Last week, a couple of young fellows, one of them a Texas boy known by several Lubbock folks, no doubt, Eddie Stinson of San Antonio, flew more than 26 hours at an average speed of 90 miles an hour, or more than 2400 miles without touching the ground.

But that is off the subject. Plans are under way at this time that will give Lubbock direct wireless connection with the great world of news and matters of interest that are today passing over our heads without enjoying them. When the big central station is completed, branch stations will be opened up all over this country and a wireless news bulletin can be posted each night that will give us the news of the world from twelve to eighteen hours ahead of the earliest papers we get in the City.

Post Hi-Jack Case on Trial Here This Week

The case of State of Texas, vs. Jno. Harris, one of the highway robbery cases transferred from Garza county, was taken up Monday morning. The jury selected in this case are: H. B. Isom, J. L. Benton, T. R. Kincaide, Elmer Kelsey, J. F. Kerr, J. W. Lemmons, L. C. Denton, W. G. Murray, J. B. Mitchell, D. A. Atkins, R. E. Hoops and J. P. Bledsoe. The other criminal cases in this connection, including T. R. Rutledge, and M. B. Pruitt, will be tried as soon as this one is disposed of. Many witnesses from Post City, were summoned in these cases.

TWO YOUNG PEOPLE WED HERE TUESDAY MORNING

Ralph Smith, of Sherman, and Miss Vera Bevell, of this place, were married Tuesday morning, and left on the noon train for Sherman, where they will spend several days with his people.

Miss Bevell is the daughter of Mr. and Mrs. J. H. Bevell who have been in Lubbock for about three years, and has a host of friends here.

Mr. Smith has been employed by the Lubbock Candy Company in the manufacturing department and has gained the friendship of many of the Lubbock young people.

ONE DIRECTOR ADDED TO STATE BANK FORCE

The election of officers at the Lubbock State Bank Tuesday left no changes whatever in the offices of the bank, only one director, S. J. Johnson, local stockman and capitalist, who will prove a great asset to the business.

According to Mr. Slaton the summing up of the past year's business showed a little better conditions than was expected, which we believe will prove true in most of the amount returns on the various business institutions.

Dr. G. H. Stagner, of the firm of Drs. Corbin & Stagner, of Post City, was called as a witness in District Court this week. Dr. Stagner was formerly of Waco, he and Dr. Corbin some months ago took charge of the Post Sanitarium and under their management, the institution is fast becoming known as one of the best in West Texas, and the city of Post is to be congratulated on having such men as these at the head of the institution.

S. H. Evans, of Hillsboro, was here the first of the week.

Slaton Woman Brought Here for Treatment Tues.

Tuesday evening Dr. Adams of Slaton, was called to the home of H. C. Brooks of Slaton, road master of that division of the Santa Fe, where Mr. Brooks had become unconscious, falling to the floor, and the people were afraid to move her before the doctor arrived. An immediate examination revealed that the woman's condition was serious, whereupon Dr. Adams summoned Dr. Krueger, of the Lubbock Sanitarium, who made a fast drive to the home, and found that she was suffering from internal hemorrhage, and advised that an operation at once was necessary, but transporting her by ambulance over the rough roads would be too great a risk. Mr. Brooks had a special train made ready, on which she was then brought to Lubbock and met by the ambulance and carried to the sanitarium, where Dr. Krueger performed the operation immediately after their arrival, and the woman is now doing well, and out of danger.

This is only one of the many incidents where the doctors of the Lubbock sanitarium are making themselves appreciated in Lubbock and West Texas. Time was when a case like that of Tuesday would have been absolutely beyond control long before a hospital could be reached, and under these conditions we are unable to estimate the value of these institutions to this section, for these cases will increase in number as the population of this country grows.

The establishment of these institutions in Lubbock was a wise and merciful move, that will prove the foresightfulness of our citizens more vividly than anything else of past or future development, and we are sure that the wide knowledge and skill of our specialists will be appreciated by all who realize the value of their service to the people who they serve.

Another Week Is Granted for the Criminal Cases

On account of the number of criminal cases that have been carried over for the past several terms, right of way having been heretofore given to Civil cases, which accounts for the present heavy criminal docket, Judge Spencer has granted another week for the trial of criminal matters. The docket has been made heavier by the transferring of many criminal cases from other counties' on change of venue, at the present term three cases are on trial from Garza county, and one from Dawson county. At the last June term, the Sam Cates case consumed practically all the time allotted for the trial of criminal matters. This case was transferred from Crosby County. The fact that many cases are transferred here, coupled with the local number, keeps the docket heavy.

STRAY BULLET BREAKS GLASS—FALLS TO FLOOR

Mr. and Mrs. F. D. Stockbridge, of the Lubbock Creamery Company were frightened Wednesday night when a stray bullet broke through the large window on the south side of the building, falling to the floor near Mr. Stockbridge.

SOUTH PLAINS MEN FOUGHT WITH KNIVES

Tulia, Jan. 9.—Dock Wallace, living near Whitfield, died at his home Saturday night after an affray Saturday afternoon in which he received severe knife wounds. H. V. Savage, his brother-in-law, has been arrested and placed under bond in connection with the affray.

Plainview, Jan. 9.—Otis Durham, of Plainview, was cut about the face and neck Saturday afternoon in an affray with Dave Price, local grocer. The trouble is said to have started when Price refused to sell Durham a bottle of extract.

E. A. Edmison, grocerman of Post City who is here attending District Court, told an Avalanche reporter that he was not a bit uneasy about the future business, as to this time he was enjoying a good patronage.

C. Tyson, of Dallas, transacted business here the first of the week.

Confidence in the Abernathy Well Is Increasing

"We are confident that the Bledsoe No. 1 will be the first producing well in the new South Plains oil field," said Joe Barton, ranchman of Abernathy, who is in Amarillo on business for the Bledsoe Oil Company. "The indications are most favorable and since we have already encountered two showings of oil, we feel sure that we will strike oil in paying quantities before we reach 2,500 feet."

The Bledsoe No. 1 is being drilled on the Hill Richter farm, four and one-half miles west of Abernathy. It was drilled to a depth of 2,000 feet by W. E. Bledsoe. A showing of oil was found at 980 feet and another sand at 1,310 feet, which was estimated to have been capable of producing 7 barrels a day. When Mr. Bledsoe had completed his contract he turned the well over to the leaseholders, who immediately organized a new company to drill 3,500 feet, unless oil or gas in paying quantities was found before reaching that depth. A. E. Boyd, president of the Plainview Chamber of Commerce is president of the new company. E. R. Rosser, cattleman of Abernathy, secretary-treasurer, Fritz Struve, banker of Abernathy, trustee and C. S. Williams, attorney of Plainview, Sam Arnett, cattleman of Lubbock and Frank Bledsoe, of Abernathy, directors.

Reports from the well Sunday were that a depth of 2,460 feet had been reached. The drill being in a bluish lime formation.

Several geologists, representing some of the larger oil corporations, are in the country near the well, according to Mr. Barton, who reports that a great deal of interest is being taken in the well by people in all parts of Texas and other states.—Amarillo Tribune.

I. H. C. Short Course Conducted Here March 1-2

I. H. C. Agricultural Short Courses and Community Meetings for Farm and Town Folks are to be held at nine places over the Panhandle in February and March. Places and dates are as follows:

Tulia, Texas, Feb. 27-28; Plainview, Texas, March 1-2; Lubbock, Texas, March 3-4; Clovis, N. M., March 6-7; Canyon, Texas, March 8-9; Childress, Texas, March 10-11; Dalhart, Texas, March 13-14; Spearman, Texas, March 15-16; Tyrone, Oklahoma, March 17-18.

The International Harvester Company Agricultural Extension Department furnishes free, noted speakers large illustrated charts, lantern slides and moving pictures. Mr. H. S. Mobley who is a noted speaker and well known to many Panhandle people will head the crew again this year. Mr. Mobley held twenty-one meetings over the Panhandle last year, his principal talks at that time being on Dairy Farming. Also, Mrs. Bertha Dahl Laws, a home woman with a message for men, women and children, whether they live in the country or town. Her practical experience and wonderful ability to help others make her part on the program one of the best events that can come to any community.

The International Harvester Extension Department says there has been a fine spirit of co-operation on the part of the different communities in asking and securing one of these two-days' Agricultural Short Courses; many more asking them than could be given a place on their program as they had the speakers for three weeks only.

TEXAS FIRST IN CROP VALUATION DURING YEAR 1921

Washington, Jan. 10.—Texas led all States of the Union in 1921 in value of all crops produced, as well as for the twenty-two leading crops according to information compiled by the United States Department of Agriculture. The state had held this rank for several years. California, on account of production of citrus fruits, stands second, and others being in the order named: Illinois, New York, Iowa, North Carolina, Kansas, Pennsylvania, Wisconsin, Ohio. Oklahoma is in fifteenth place, Arkansas is eighteenth, Louisiana twenty-eighth and New Mexico forty-third.

The value of all Texas crops in 1921 was \$431,764,000, compared with \$308,133,000 in 1919. In 1920 the value of Texas crops was \$733,387,000.

Cotton was the State's largest and most valuable crop, being worth \$177,100,000, compared with \$542,319,000 in 1919. The cotton value per acre last year was \$15.46 as against \$49 two years ago. Last year Texas was the only state producing more than 1,000,000 bales. The corn crop there was worth \$138,900,000.

J. B. HIGHTOWER AT HIS DAUGHTERS HOME

J. B. Hightower, father of Messdames F. C. McSpadden and H. C. Smith, died at Mrs. Smith's home at 1608, 9th street, Tuesday evening at 8:10 o'clock.

Funeral services were conducted at the Smith home by Rev. C. N. N. Ferguson, pastor of the Methodist Church, Tuesday afternoon, interment in Lubbock cemetery.

LUBBOCK COUNTRY CLUB PLANS FOR PERMANENT PLAY GROUNDS

ORGANIZED IN SEPTEMBER WITH ONE HUNDRED MEMBERS—HAS LAND WITH NATURAL ADVANTAGES

FUTURE PLANS DISCUSSED BY DIRECTORS

Present Golf Course Said to Be the Best of its Kind in the State. Club Members to Entertain Out-of-Town Guests on the Grounds, Which Will Attract Attention.

Old Band Men To Conduct a Co-operative Band

The members of the original band of Lubbock, who have been in the work the past several years, met at the Rankin Hardware Company store Tuesday night and perfected plans to reorganize their men. The band has been active in boosting Lubbock for the past several years, and to lose the old bandmen would mean a great loss to Lubbock, which would be keenly felt as the booster trips of the spring become popular.

These men are not going after the money there is in playing but are reorganizing their forces for the reason that they see the need of closer union between them, as for the past two or three months there has been mighty little done in that work. They have experienced considerable difficulty in securing permanent meeting places where they would not be interfering with other social functions, according to the members and have started this time with different plans, the most prominent change being in that they have appointed their manager from among the officers of the Junior Chamber of Commerce, whose duty will be to provide a meeting place, keep a surplus of music on hand at all times, make appointments when they are employed, and tend to other general problems that might come before them.

The following account of the meeting, written by one of the members, is self explanatory:

Lubbock Co-operative Band was organized for the purpose of securing all musicians in Lubbock who have had band experience to become a member of this band in a co-operative way. We may build a band for the city of Lubbock that will continue to grow and become the most famous band of the South Plains.

This organization wants to heartily co-operate with the Lubbock boosters band which is organized for the purpose of bringing in the young boys and girls of Lubbock which we hope will make a big success.

Our aim is to secure every musician who lives in Lubbock to be a member of this band, and to secure positions for band men who have had band experience, which will greatly help us in securing a band of high standing for the city of Lubbock, which can only be done one way, that is, co-operation on behalf of the band men in Lubbock and the citizens of Lubbock in helping us to secure position for men of band experience.

No one is barred from becoming a member of this band. If you have had only a little experience that is what we want. Come on and get more experience. There will be no charges to become a member of this band, only that which takes to buy music which will be a very small amount each month.

The members of this band met and went into this organization and elected the following officers: E. C. Young, President; Monte Brown, Leader; J. C. Davis, Co-Leader; R. A. West, Sec and Treas.

POST CITY WOMAN ATTENDING LOCAL COLLEGE

Miss Myrtle Martin, of Post City, is here to attend the local Business College. The fact that Lubbock has this and other institutions to induce people to come here is helping out a great deal in keeping her ahead as the fastest growing city on the great South Plains. There is a place for many more good people here, however, and we are always glad to welcome them.

LUBBOCK COUNTY SINGING CONVENTION AT CARLISLE

The Lubbock County Singing Convention will be held at Carlisle the fifth Saturday night and Sunday in January, and it is urged that all classes over the county make arrangements to have their delegates elected, and ready to meet at that time.

The convention has been held for a long time in the county, and it is reported by local singing enthusiasts that the meetings grow more interesting each time.

Several local people expect to attend.

Dick Arnett went the early part of the week in Ferry County, looking after his cattle. The splendid weather conditions so far this winter, Mr. Arnett states, has been greatly appreciated by the cattle man, and reports the cattle in that section doing splendidly.

When a girl sees a new dance step she will second the motion.

While talk of what is to be accomplished in Lubbock is occupying about all the space of the paper these days, we feel that it is altogether appropriate that we say something in behalf of the accomplishments of the past few months, and this article is written to call your attention to the public spirited men who have so completely carried out their plans and made such splendid success with the Lubbock Country Club.

The club was organized last September, capitalized for twenty-five thousand dollars, with two hundred and fifty dollar membership fee, and right off the reel, one hundred persons availed themselves of the opportunity to join, and the membership has remained at that point until the present date.

The first big move of the board of directors was to purchase a hundred and sixty acre block of the old Wolfarth tract northeast of town, three miles, where they have most ideal advantages. A nine hole golf course was laid out, which is said to be, when in good condition, the best of its kind in the State. A large dam has been built, retaining a large body of water, where there is ample room for all the boating and fishing necessary, and it is planned to have the lake stocked with game fish in the near future, and as there is a right to twelve feet of water at the dam it is believed that they will do exceedingly well there.

The club grounds have been the scene of many interesting and enjoyable entertainments, as there are a good many of the business men who realize that all work and no play is not altogether good, and once on the links, imbued with the spirit of the game, and enlightened with the breeze which is altogether a plains breeze, the average person soon forgets the drudgery of his office, and spends enough time there to make for better health and kinder disposition which is sure to be needed by every progressive town benefactor when the elections for community improvements are on.

The board of directors meet each month to discuss the problems and plans for the development of the club, and at the last meeting held in Neil Wright's office Thursday evening, the good to be derived for future citizens of the town through the work they are now doing was discussed, in view of making their future work as well planned for this purpose as it is possible.

When men build their playgrounds with the view of making it lasting, and perform their business duties in a manner that is liable to leave perpetual monuments for their labors, the writer is of the opinion that that is the proper plan. Let's look further into the future as we go along, and we will see that the work of these men are doing is worthy of our highest esteem, and their undertaking deserves our kindest considerations and co-operation.

Every resident minister of the town has been granted all the privileges of the club, and special privileges are given the members which are designed to give the out of town visitors an opportunity to become associated with the members on their grounds which, as they get away, will leave with them a better opinion of Lubbock and its people.

It is to be remembered that there are many men of financial prestige who will welcome the opportunity to become associated with a town whose people have provided adequate pleasure resorts, whose love of the golf sport alone would give them a better opinion of Lubbock as a place to live. There are men in the larger neighboring towns who look with pride upon the Lubbock Country Club and its entertainment features, which reflect favorably upon the progressiveness of our people.

POST INSURANCE MAN HERE ATTENDING COURT

T. J. Cook, of Post City, was here the first of the week attending court. He said he had a hurried trip to Breckenridge before coming, where he delivered a twenty-five thousand dollar policy to Mrs. Jack Wolford, whose husband died there several days ago.

The Wolford's are well known on the Plains, as until a few years ago he owned and managed several ranches here.

B. K. Bowen, one of Garza county's most progressive farmers and business men, is attending District court this week, as a witness in the Rutledge, Harris and Pruitt cases now before the Criminal Court. Mr. Bowen is now serving as County Commissioner for Garza county.

A. W. Clayton, of Post City, was here Wednesday transacting business.

Large Golden Eagle Captured Near Ropesville

That he is trying to handle everything in the poultry line is demonstrated by P. T. Rucker, proprietor of the Rucker Produce Company, as the latest addition in the way of a new specimen to his flock is a large golden eagle, captured in a steel trap near Ropesville.

The bird is a huge thing, and has all the vicious marks of his kind, but in captivity is as meek as Wilhelm ever tried to be.

The huge claws, powerful beak and wide head which tapers enough to give the eyes all the narrowness possible, deceives the would-be meek fowl, and he is kept tight in a small coop barely large enough to give the body turning room.

That eagles would do well in captivity has been a source of considerable curiosity to Mr. Rucker, but this one has proven they will, as he eats large hunks of meat each feeding period, and the place on the leg where he was torn on the trap is healed, leaving only a slight scar.

The feathered monarch cares little for company, as the other fowls in the house get little notice from him, and the three kittens which have been raised in the place where his coop is kept are allowed to will to run over his wire covered cage without being harmed or even squawked at.

TRAVELING SALESMAN TO MAKE HEADQUARTERS HERE

E. W. Carlyle, with Cleveland Metal Products Company, of Cleveland, has made Lubbock his home, and will travel over West Texas and adjacent territory from here.

The accounts of salesmen who have decided this is the proper place for their headquarters, are becoming rather numerous, which can be attributed to our good railroad facilities. With a new road proposed for the Plains, there will be a number of such men who are now making their headquarters in other places, but who make West Texas and East New Mexico, who would be glad for the opportunity to live in the ideal climate of the Plains, but who, on account of better railroad facilities, make this territory about half as often as they would like to.

Wherever a railroad with direct connection with Fort Worth enters the Plains, and regardless of its course, it will bring many people here, who would otherwise confine their activities to other territories.

SHERIFF'S SALE

THE STATE OF TEXAS,
 County of Lubbock.
 Whereas, By virtue of an Order of Sale issued out of the District Court of Lubbock County, Texas, on a judgment rendered in said Court on the 13th day of December A. D. 1921, in favor of W. A. McDonald and against C. W. Sargent and Mrs. E. J. Payne, a feme sole No. 1491 on the Docket of said Court, and to me, as Sheriff, directed and delivered, I did, on the 10th day of January A. D. 1922, at 5 o'clock P. M., levy upon the following described tracts and parcels of land situated in Lubbock County, Texas, and belonging to C. W. Sargent and Mrs. E. J. Payne, a feme sole to-wit: Lots 1, 2, and 3, Block No. 4, Overton Addition to the town of Lubbock, as per map thereof in the Deed Records of said county and on the 7th day of February A. D. 1922, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the Courthouse door of Lubbock County, Texas, in the town of Lubbock, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said C. W. Sargent and Mrs. E. J. Payne, a feme sole in and to said property.
 Witness my hand, this 10th day of January A. D. 1922.
 C. A. HOLCOMB,
 Sheriff of Lubbock County, Texas.

Ben Hull, with the Guarantee Abstract Company, spent Sunday with friends at Crosbyton.

Doughnuts made daily at Martin's Bakery. 33-4f

ANOTHER 1922 READER FOR THE AVALANCHE

C. C. Casey was here Tuesday from his farm west of town with a load of cane seed. Farming on the Plains is mighty easy when one has followed it as long as he has, and the more he understands the possibilities of this section the better he is pleased with it.
 Mr. Casey subscribed for the Avalanche, and will keep up with what is going on in this section throughout 1922.

SHERIFF'S SALE

The State of Texas,
 County of Lubbock.
 Whereas, By virtue of an order of Sale issued out of the District Court of Lubbock County, Texas, on a judgment rendered in said Court on the 15th day of December A. D. 1921, in favor of Louis A. Robinson, and against J. A. Caudle, No. 1493 on the Docket of said Court, and to me, as Sheriff, directed and delivered, I did, on the 4th day of January A. D. 1922, at 4 o'clock P. M., levy upon the following described tracts and parcels of land situated in Lubbock County, Texas, and belonging to J. A. Caudle, to-wit: All of Lots five (5) and Six (6), Block Thirty-five (35), original town of Lubbock, Lubbock County, Texas, on the 7th day of February A. D. 1922, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the Courthouse door of Lubbock County, Texas, in the town of Lubbock, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said J. A. Caudle in and to said property.
 Witness my hand, this 4th day of January, A. D. 1922.
 L. A. HOLCOMB,
 Sheriff of Lubbock County, Texas.
 38-3f

A. H. Dolman was here Monday from Colorado.

Mrs. Louie F. Moore is visiting with friends in Post City this week.

Doughnuts made daily at Martin's Bakery. 33-4f

Union Milling Company Going With New Power

A. H. Miller, manager of the Union Milling Company, of Abernathy, was here Monday to place an order with the Avalanche for job printing. They have just installed a large crude oil burner engine, which will turn their mill. The recently installed a modern grinding outfit, and the mill has been running twenty-four hours per day with large orders for grinding piling up every day. The wheat crop there was so good last year, that they were expecting an unusual run, and were prepared when the rush started. The way those Abernathy men go after a thing is real encouraging to anyone who has any sense of appreciation. If that town does not grow beyond all our expectations within the coming year, it will be because real efforts failed, but that won't be the case, for on the great South Plains of Texas people usually get what they work after.

CONSTIPATION

Constipation of the bowels is a stoppage of the sewerage system that removes waste matter from the body. It is as necessary that your bowels be regularly once each day, to carry off this waste, as it is that the waste pipes of your home be kept open and carry off the waste from the house. If you would enjoy good health, keep your bowels regular by taking Chamberlain's Tablets when needed.

Alfred Ellis of Ralls, was operated on at a local hospital for tonsillitis Monday and returned to his home on Tuesday.

 You assume \$8.40 per acre (due Sept. 17th, 1929, interest payable in advance Sept. 17th each year at 5 1/2 per cent).....\$1487.65
 Balance to be paid in Six Notes, (each for \$194.81 at 7 per cent interest payable annually on December 1st.).....\$1168.85
 The Cost of 177.1 acres at \$18.00 per acre is.....\$3187.80

LOCATION:—In Bailey County, Texas, Northwest of Lubbock, 15 miles west of Sudan and 10 miles south of Muleshoe, the county seat of Bailey County. The above towns are all on the main line of the Santa Fe Railroad.

DESCRIPTION:—One of the best farming countries on the South Plains, practically level, and 99 per cent tillable. We consider the quality of the SOIL the best on the Plains—peculiarly adapted to the growing of COTTON, Kaffir, Milo, Feterita, Sudan Grass, Cane, Corn, Wheat, Oats, Millet, and is one of the greatest Dairy, Hog and Poultry countries in the South. SOIL is a sandy loam, very rich and fertile, drouth resisting and easy to cultivate.

WATER:—An abundance of excellent WATER is available at a depth ranging from 50 to 100 feet. The rain fall here is that of the entire South Plains Country, from 22 to 25-in. annually.

We leave Lubbock on TUESDAYS and FRIDAYS of each week at 5:53 A. M. on train for SUDAN, where we have closed cars to take you out to inspect this LAND, and if you buy we pay your Rail Road fare both ways.

If you are interested in the above LANDS, or other LANDS in this section of the Great South Plains, and want further particulars, and unbiased information about LANDS in this country see.

Catarrhal Deafness Cannot Be Cured
 by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be removed and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Dr. Williams' Catarrh Medicine acts thru the blood on the mucous surfaces of the system.
 Will give One Hundred Dollars for non-saline Catarrhal Deafness that cannot be cured by using Catarrh Medicine. Circulars and Samples Free.
 Dr. Williams' Catarrh Medicine, C. I. Williams, 236 N. Broadway, Toledo, O.

MRS. BOWEN TELLS HOW RATS ALMOST BURNED HER HOUSE DOWN

"For two months I never went in our cellar, fearing a rat. One night in bed I smelled fire. Sure enough the rat had been nibbling at the matches. If I hadn't acted promptly my house would have been burned. Later we found the dead rat. RAT-SNAP killed it. It's great stuff." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by City Drug Store, or Cole-Myrick Hdw. Co.

A. H. Dolman was here Monday from Colorado.

Mrs. W. B. Sherman was here from Gallo, N. M., Monday, registered at the Merrill.

Ira Weakley, County Clerk of Garza county, is a witness in District Court this week.

BUILDING MATERIALS ARE CHEAP

No longer can one say that building materials are too high—it is down to where you can now afford to build.

BUILD AND PUT THE IDLE TO WORK

You can better afford to build right now—because there are idle laborers.

This yard is ready at all time to aid in the development of the towns it serves and believes that development means building homes as much as any other.

The A. G. McAdams Lumber Co.

Public Improvement Seems to be General in West Texas

Stamford, Texas, Jan. 10.—Cumulative evidence of the demand for public improvement throughout West Texas is furnished by reports coming to the West Texas Chamber of Commerce during the past week in connection with road work.

Baylor County will vote on January 7th on a \$500,000 good road bond election, and on the 14th of January, Road District No. 3, Cameron County an election will be held for the purpose of voting \$200,000 and \$400,000 county at large.

Sealed bids will be received on February 1st at Canadian, Hemphill County, Texas, covering approximately 14,000 square feet of brick pavement. While on January 9th sealed bids will be received at Bal-

linger covering the construction of a concrete highway bridge across the Colorado River, 15 miles from the city of Ballinger.

At Georgetown, Williamson County, January 19th bids will be received covering the construction of approximately 8 miles of gravel-highway. Medina County has let a contract for \$82,000, for the construction of 11 miles of gravel and surface road on State Highway No. 2. At Olton, Lamb County, contract has been let to Plainview contractors covering the construction of 24 miles of sand clay road. El Paso County has let a contract covering the construction of 3 miles of paved asphalt highway, and Kerr County has let contract covering construction of 14 miles of crushed rock highway on State Highway No. 27.

Coleman, Anson and Slaton are considering letting contracts for street paving.

Mrs. E. S. Neely, of Snyder, was registered at the Cova Monday. She is here to be with her little daughter who is at a Lubbock Sanitarium.

AN INTERESTING BATCH OF MONROE ITEMS

A little rain on Monday P. M., which lays the dust.

Mr. and Mrs. Bumpass, who live in the W. S. Thaxton home, entertained a number of friends with a party on last Sunday night, and a jolly time is reported.

Mr. Ernest Thaxton and Miss Tannyhill attended the show and musical program in Lubbock last Wednesday night and report that it was very beautiful and sweet.

Mrs. Rufus Bondy is home after an operation on her throat last Friday in Lubbock, and is doing very nicely.

Messrs. Tennyson and Williamson of Plainview, were here and preached on Saturday night, Sunday and Sunday night to a very good audience.

Edgar Blakey and wife and two sons, Warren Dale and Ward, are visiting in the home of Ward Crim and wife.

Mrs. Will Robinson and little daughter, Ola, are home from their Christmas visit to her mother at Baird, Texas.

Mr. Algere Tannyhill was quite sick last Saturday night and was removed from the home of Mr. Matheny to the Sanitarium at Lubbock.

Mr. Story who lives on the Lettinger place is going to begin building a new home this week, for Roy McNeely and wife.

Bro. Grayson of Lubbock attended the meeting of the Church of Christ here last Sunday.

Mr. Beaty and family, who live on the Axem place 1 mile south of Monroe, have returned from a visit to their old home. Mr. Beaty has also bought land just west of where he is living and will make a home here.

We are very glad to have them with us permanently.

Our school rooms are so crowded since the new pupils came in that we will have to consider another teacher and more school room before another term.

Mr. Dally and wife had a number of guests for dinner on last Sunday. Grandma Stephenson had the following named friends to eat dinner with her on last Sunday: Geo. Robinson and wife, Will Robinson and family, Mr. Clarence Warden and wife and John Williams.

Mr. Ben Ditto and family moved to Carlisle last week from the Seal place 1 mile north of Monroe and Mr. Leal moved into the home vacated by Mr. Ditto. We are glad to welcome Mr. Leal and his family and hope they will cooperate with us in making Monroe a No. 1 place to live and find pleasure.

MOTHER! CLEAN CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, give a teaspoonful to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste out of the bowels, and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup. 10-20

BUILDING ASSOCIATIONS

Many people have been "stung by so-called three percent loan associations," and we do not blame any of them who have, for being rather skittish about investing, or having anything to do with such organizations, but there are some kinds of building and loan associations that really do build, and have become great factors in the building of homes. The Avalanche is not being paid for this article, and have not been asked to write it. We are inspired to do so by reading an article that appeared in one of the Amarillo papers a few days ago, when the Lion's Club of that city had a luncheon, and called upon one of the town builders of that city, to address the meeting on the subject of Building and Loan Associations. Mr. Nash is the speaker in mind and in speaking of the building and loan activities of that city, he said that they were of great service to that city, he said that they were of great service to the community, in that the funds could not be used for any other purpose than building homes. He stated that the majority of the houses in that city had been erected on the installment plan, and this had been a great thing for Amarillo, and we are of the opinion that if the people of Lubbock would put their surplus dollars into a proposition of this kind that hundreds of people who do not own a home now, would possess one in a few years, and it would have much to do with solving the housing problems of the city. Lubbock needs several hundred new dwelling houses, and that many would be built within the next year and a half if funds were available for this purpose, and we believe that the people who are interested in building up Lubbock could help a great deal in this way, and would not have to be out much money either. Let's put the matter of home building within the reach of the laboring man, and Lubbock will become a city of home owners, which is much more satisfactory all round than tenant housing.

ELPASO WANTS ATTENTION

Texas towns in the Plains country looking forward to rail connection with Fort Worth, are invited not to forget that they are also to be hooked up with El Paso, and El Paso is a better town than Fort Worth any day.—El Paso Herald
There seems to be entirely too much of this talk about a railroad connection between the Plains and Fort Worth to suit the people of El Paso, and the Herald arises to call attention of the Plains people to the fact that El Paso too would like to have direct rail connection with this section of the great Plains. The great Plains section is attracting attention now, as it never has before, and the fact that it is developing into one of the most productive sections of the country, and is the largest body of agricultural land in the State of the Southwest, it will be a great advantage to either Fort Worth or El Paso to have connection with this section, and there is nothing strange that the Herald should be exercised over the seeming neglect of that city in speaking of future railroad connections with this country.

HOT SHOTS—BIG "BERTHA" CALIBRE

It has been found that so many folks were missed on the big general census that was taken by the Junior Chamber of Commerce some weeks ago that it is necessary to retake the census of the entire city. In the first check more than 5200 people were registered, not including 60 residences where there was no one at home and, as has been since reported, several whole blocks were missed by the census takers before. With 55 men, new at the game and in a hurry, many mistakes were naturally made and it is believed to be of so much importance that a correct census will be made of the city at this time, and the Junior Chamber of Commerce has hired one man, under contract, to complete the entire census and he is to be paid when the Secretary has investigated in every section of the city and found that none has been missed.

There are only four questions being asked this time. Your name, house and street number, number in family, and roomers, boarders or servants. Plans are under advisement for the publication of an Official City Directory, listing every person in the city by name over 16 years of age, together with their correct address. Several Directory Companies have inquired as to the possibilities of working a directory in this city with a view to coming here and making a cleaning out of advertising. If this proposed directory is put over by the Junior Chamber of Commerce just enough advertising will be taken to safely cover the cost of compiling and publishing and outside directory companies will not undertake the work after this book is put out. It is believed that such a book sometime within the next six months will save the city as a whole more than \$2,000—or the profit a foreign company would expect to make out of such a publication. In addition to that, the cost of putting out this book will be paid to local printers and through them be put back into circulation in the city for the good of local business.

In this same connection there are business men, citizens, and other folks in this town and section who are sending out to various outside houses for supplies, work and equipment that is done right in Lubbock by Lubbock citizens, men who pay their end of the problems of the city, and deliver just as good quality of goods, work or commodities as you can find any place, and just as cheap.

There is just one sort of citizen worse than the Mail Order Citizen, and that is the hard-boiled fellow that won't pay his taxes. There is more discussion and criticism and cussing being done right this week, than is done during any other one month during the year. It is tax-paying time and

taxes are high. TAXES ARE ALWAYS HIGH! If they were seven cents on the hundred dollars they would be high. If they were seven dollars on the hundred, as they are in many, many cities no larger than Lubbock, they would still be high. Something for nothing has never been worth having. A city that don't cost anything is not worth living in. If the majority of the citizens of Lubbock prefer to return to the open toilet, the windmill, the country road through town, coal oil lamp, turn stock out on the town jog, raise hogs on the square and other Low Tax habits of doing business, why let's back up. We could even save some tax by closing the schools and turning the kids out wild like a bunch of Arkansas Razorbacks. It would cost less.

But there is neither justice, right or even the slightest reason why 95 percent of the citizens of the city should pay their taxes and the hardboiled, disgruntled 5 percent of wise acres who through their superior dignity and general cussedness refuse to pay, should be allowed to get out of paying them. If the tax is not a legal tax then revoke the whole thing and vote a legal tax that will stand up. Then when a brother is too mightily important to pay his tax like an ordinary citizen, stick him through the courts. Let him add the costs plus ten per cent and anything else that can be tacked on him. If the majority of the citizenship of the city doesn't want a tax—why just don't have them—that's all. If you don't like the town you can always move. If it is too progressive for you it should be little trouble to find some town just as dead as you are. If it is not progressive enough for you, and you are convinced that the majority of the folks that live here are too dead to do things—then Move. It is no trouble to find a town, these days, just as progressive and alive and full of pep and go as fast as the fastest citizen that can develop in any city. This old world is moving at an ever increasing rate and regardless of just how swift you think you are you can find folks and towns that will just run circles around you.

But with the reputation Lubbock holds before the world as a leader in things progressive, there is little excuse for dragging tax defaults over a long string of years. Close the rolls up clean just as soon as the law will allow you to tie onto the property. Get all the taxes that are assessed and you can have a reduction in the amount that must be assessed to meet the necessary expenses.

Of all the taxes in the world, the poll tax this year is the most important. The ladies of the city should get a poll tax receipt this week and get ready to defend their homes and their children in the school election that will come up some time this year.

After you have paid your taxes, tucked your poll tax receipt in your jeans—why then step out and get in one of the Chambers of Commerce. There is more work on hand for the good of Lubbock and the development of the section than the present bodies can possibly do this year. The Junior Chamber of Commerce had a two hour meeting of its directors Wednesday morning, the Senior Board approximately the same length of time Tuesday morning. The same things happens every second and fourth Tuesday and Wednesday mornings and you are invited to be present any time you happen to want to—regardless of whether you are a member of either body—or even a citizen of the city. There is nothing mysterious, secret or undercover—just a plain old hard down discussion of some of the problems of the city and steps outlined and taken to care for them.

The Tourist Park, the fair ground, the census, the railroad, the oil mill, a potato curing plant, the Junior bandstand, road maps, road signs, a city directory, more jobbing houses—all of these things and many others came up, were discussed and acted upon. And it is the same thing every other Tuesday and Wednesday. Come out and get acquainted and if you are not a member you will so appreciate your part in the general scheme of things and get lined up.

1922 is Now—Let's Get It!

No landlord should be so stingy with his tenants as not to allow them the privilege of having two or three good milk cows on the place. The cows are a great help to the farmer. In fact we do not see how a farmer, whether he owns his farm or rents, can get along without one. They are not only the means of a good living, but they are the source of a good revenue to the farmer. There is going to be a good market for dairy products, and we are sure that the cow and the hog, together with some good poultry has been the means of keeping a large number of farmers in the West out of debt the past year, and the demand for the products will increase as the years come and go, and we are of the opinion that the presence of these three sources of production should not be denied any farmer, and that each be sure that they have all they can very well take care of along these lines.

The Avalanche is adding many new subscriptions to the list and receive many compliments on the general appearance and news features of the paper. We assure each of you that we are putting forth every effort to fill the newspaper requirements of Lubbock. We are spending a lot of money to do this, and we are glad indeed to see evidence of appreciation on every hand for the efforts we are putting forth. We assure you that your patronage is highly appreciated, and the more liberal the patronage of Lubbock people the faster the Avalanche will develop into a larger and better paper, and the sooner that daily edition will be a reality instead of a matter for future consideration. We find that our people are liking the Semi-Weekly paper much better than the once a week, and we will admit that we do, even if it does almost double the editor's work, and increases the expense account considerably.

The ladies of Lubbock are all up-to-date in everything and we are sure they will have an up-to-date poll tax receipt. The new ones are really pretty, if you have not seen them, you should call around at the collector's office and buy one. They are on sale at \$1.75 each. Don't fail to attend the sale, which will continue through January.

EXCHANGE OPINIONS

Murderous Eastern Gunmen.
There were nine thousand murders committed in this country during the past year, and most of them were committed by gunmen of the East.

Time was when the "Wild and Woolly West" did nearly all of the killing, but times have changed. The West is now the abode of law-abiding peace and it is the East that is "wild and woolly." In the old days when quick and direct action settled most of the disputes of the West, there was in a measure some excuse for it, as the western frontier was made up of many lawless elements from all over the world but today the West is much more civilized and law-abiding than the old and cultured East. Any man or woman is much more safe today in Deadwood, Dodge City, Tucumcari or Tombstone than they are in the heart of Central Park, New York, or on State Street or Michigan Boulevard in Chicago.—Pampa News.

To think of it: East has become West, and those who hunger and thirst for the wild and woolly stuff, will be under the necessity of traveling to the eastern seaboard or to the northern portions of the United States for such diversions, except for the movie variety on which the major portion of the country is fed up at this time. The western portion of the country has a big task on its hands incident to civilizing the eastern portion of the country.—Amarillo News.

Looking Forward
Kind reader, waste no time or tears on past years, but turn over to your New Year's leaf, whose page is white and fair, and do your dead level best to make 1922 the best you can. Try to be real men and women, and make your time count for progress, prosperity and good will be everybody.—Claude News.

That's all right, Tom, and we are hoping that your philosophy reaches out and takes hold upon the people throughout the country. It will be found most helpful.—Amarillo News.

WEEKLY MARKET LETTER

Kansas City Stock Yards, Jan. 9, 1922.—Fat sheep advanced 25 to 40 cents under an active demand. Lambs sold readily at firm prices. Quality of the fat cattle offered today was the plainest in a good many weeks past. Prices were quoted at steady, with country demand for the half fat kinds active. Chicago with heavy receipts quoted prices lower. Most of the medium and light weight hogs sold at steady prices. Plain kinds were 10 cents lower.

Today's Receipts
Receipts today were 11,000 cattle, 9000 hogs, and 6000 sheep, compared with 9000 cattle, 10,000 hogs, and 4000 sheep a week ago, and 11,225 cattle, 16,050 hogs, and 15,000 sheep a year ago.

Beef Cattle
Plain quality short fed steers predominated in today's offerings, and while killers took them at steady prices trade would have shown more activity had more quality been displayed. The bulk of the fat steers sold at \$6.25 to \$6.75. A few bunches of 1150 to 1250 pound steers brought \$7.00 to \$7.25. Prime steers would have brought \$8.00 to \$8.25 had any been offered. Killers are calling for weighty kinds, and there is a smaller price spread between yearlings and heavy steers than for some time past. Cows and heifers were in moderate supply and sold readily without much change in the prices compared with last week's close. Veal calves and bulls were steady.

Stockers and Feeders
Good smooth, half fat steers sold readily to country buyers at strong prices. Plain feeders and stockers were no more than steady. The favorable weather for open feeding is increasing demand for the weighty class.

Hog prices were steady to 15 cents lower. The market opened steady and closed steady with the middle of the session showing the decline. The top price was \$7.60 and the bulk offerings sold at \$7.00 to \$7.50. Pigs sold up to \$7.50. Heavy receipts caused sharp declines in Chicago and St. Louis. Here receipts were very light and the market held relatively firm.

Sheep and Lambs
Trade in fat sheep started 25 cents higher and later was up 40 to 50 cents. Fat ewes sold up to \$5.65, weathers \$6.50 and yearlings \$10.00. Lambs were in active demand at firm prices most sales at \$11.25 to \$11.75.

Horses and Mules
With receipts of horses and mules the largest for some time past demand improved also. Prices were quoted unchanged. A further improvement is expected in the trade this month.

Charles M. Pipkin,
Market Correspondent.

PLEASE TAKE NOTICE

It is a violation of law to operate a motor vehicle with a seal displayed thereon, other than the one for the current year. It is a misdemeanor to leave your motor vehicle unattended without setting the brake, and stopping motor on said motor vehicle, not only on the streets, but also on the public highway.

Some seem to be of the opinion that they have until Feb. 1st to register their motor vehicles and procure their seals, but that is a mistaken belief on account of the prevalence of each an idea this law will not be enforced until on and after the above named date.

Failure to observe these laws will bring about prosecution, which will be the only alternative.

J. WESLEY SMITH, J. P.

J. B. Belcher, of Sengraves, was here Wednesday.

It is a Fight!

And We are Ready for it

The "Necessity" Sale has closed. There are other sales on. It begins to look as if this would be a year of merchandising, the volume of which will depend upon who beats with the lowest prices—quality is to be considered of course.

Our Cards are on the Table

New Dry Goods and Shoes are now beginning to arrive. Our store is filled with things people have to wear. We have these things for sale and ARE GOING TO SELL THEM—don't you worry. We'll put our merchandise and our prices up against any merchant's goods and prices—sale on or off—regardless of the time, the reasons and so-forth and then let you—the public be the judge.

We are Hard Boiled

About claims that some people make about getting prices that beat ours and we'll have to be shown. We dare anybody to compare with anybody and then have the nerve to again repeat such an assertion.

In a Gentler Tone

We would like for the people who are wanting piece goods of any kind Clothes, Shoes, hats—just anything in Dry Goods to come to our store and get wise on prices.

WE APPRECIATE YOUR BUSINESS

Public Institute to be Held in Dallas, Jan. 16-21

Under the auspices of the United States Public Health Service, the Texas State Health Board, the Dallas County Medical Society, the City Health Department of Dallas and Baylor Medical College co-operating, a Public Health Institute will be held in Dallas, January 16th to 21st. This is one of a series of Institutes to be held throughout the United States, in 21 cities, and a number of eminent lecturers from various parts of the United States will be in attendance, such as Dr. C. C. Bass, Professor of Medicine, Tulane University, Dr. Joseph Goldberger and Dr. A. J. McLaughlin, U. S. P. H. S., Dr. John Hill Robertson, Commissioner of the Health, Chicago, and a number of lecturers from our own State.

The course of lectures extends throughout the entire week and among the subjects taken up will be tuberculosis, nutrition, communicable diseases, administrative problems, mental hygiene, child hygiene, clinics and health centers, industrial hygiene, syphilis and gonorrhoea.

Ample arrangements have been made for the accommodation of all visitors. The Adolphus Hotel will be headquarters. Reservations may also be made at the Oriental Hotel, the Jefferson, or any other leading hotels of the city. Special reduced rates will be allowed by all roads on convention plan of one and one-half fare. Purchase one way ticket, securing convention receipt, and return ticket at one-half fare will be arranged for here. This also applies to attendants at the waterworks school.

The course is free. A number of entertainments have been arranged for all visitors, and it is the intention of the citizens of Dallas to make the Institute both a pleasant and profitable one. Dr. Wilson T. Davidson, Director of Public Health of Dallas is Chairman of the Arrangements Committee.

Wilson T. Davidson, M. D., Asst. Collaborating Epidemiologist.

Prof. G. A. Wright, of Plainview, was here on Wednesday to instruct his class in band work. He is making good time with the band, and is greatly encouraged over the way the youngsters are going about the work.

SLIDE COMMUNITY ITEMS OF THE PAST WEEK

Among those in town Tuesday were Mr. M. J. Henderson and son, Chester and T. J. Davis and wife, and their daughters, R. A. Wisener, and Mrs. Jim Mabray.

Mrs. L. G. Depriest, daughter and her son-in-law, Author Batch from New Home were at the store Tuesday, enroute to Lubbock on business.

C. L. Reiger and wife were transacting business in town Tuesday.

Mrs. E. D. Harris is now teaching school at Canyon school. We wish her much success with her work there.

Mr. H. T. Bateman and family and Joe Bailey Reiger, T. J. Davis and son, Leonard were in town Friday on business.

Mr. U. L. (Bill) Hanley has gone to Post City to help in a meeting at that place.

Mr. B. T. Sumner pulled his car in behind the wagon to have it fixed last Thursday.

Among those that were in town Saturday were B. T. Sumner and wife, Floyd and Grady Emma Harris, J. C. Stanford and son, L. D. Mr. B. T. Denson and son Roy, Mr. Ray Milner from New Home was at the store Saturday evening.

Misses Ludie and Ida Crouch from New Home were at the store Saturday trading.

Mrs. J. E. Hubbard was very sick a few days this week, but is reported to be better at this writing.

Mr. Williams from Woodrow was at the store Saturday.

There was a party given at the home of P. B. Copeland on last Saturday night. There was a large crowd present and everybody reported having a grand time.

Mr. Guy Foster and wife from near Lubbock, spent last Sunday evening with Mr. J. U. Moore and wife.

Mr. R. T. Sumner, and wife spent Sunday with friends and relatives in town.

Floyd Harris spent Saturday night with Joe Bailey Reiger.

Little Ruth Staggs spent last Sunday with Ruth Davis.

Mr. S. L. Williams and family from Lakeview attended the party at Mr. Copeland's Saturday night.

Mr. Wesley Willis from Lubbock, attended the party at Mr. Copeland's and also spent Sunday visiting in the community.

Mr. Shio and wife, Mr. Camon and wife, and Tom Camon spent last Sunday with Mr. C. L. Reiger and family.

Mr. W. D. Arnett and family spent Sunday evening with Mr. and Mrs. John Arnett of near Meadow.

Mr. and Mrs. Bennett-Stanford, of

ROPEVILLE, RETURNED HOME SUNDAY AFTERNOON, AFTER SPENDING A FEW DAYS HERE WITH RELATIVES.

Several in the community attended prayer meeting at New Home last Sunday night.

Mr. Ewell Johnson spent Sunday evening at the home of U. B. Copeland.

Joe Bailey Reiger went to town late Sunday afternoon.

Two of the Bond's children started to school Monday.

Mr. W. B. Copeland and Ballard were at S. L. Williams Monday.

Mr. Homer Marcy and family visited relatives in the Lakeview community.

Mr. Tobe Marcy and wife and grandpa Marcy visited relatives at Woodrow Monday.

Mr. G. C. Rich's father visited a few days the latter part of the week leaving Monday.

The two Farr boys who live on the Sumner place started to school Monday.

Several of the young people met with the school teachers Tuesday night to see about getting up a play to be put on in a few weeks. Watch the community items and see what date it will be put on and come out and bring someone with you.

It looks like the drought was being broken. A little shower fell Monday evening, which made the ground a little slipper. We all hope that it will do a little better the next time that it tries to rain.

Herschel Davis met with a very painful accident Monday evening, while driving up the horses from the field. The horse he was riding, stepped in a blinded dog hole and began falling and he jumped and as he did her weathers caught his boot heel and she turned clear over and caught him under her flanks and hips with his head between her feet, and as she started to get up, she struck him in the forehead and made a very ugly gash, he caught her by the reins and stopped her from getting up until help came and turned her off of him. He is getting along very well at this writing.

THE WEEKLY BATCH OF MOODY NEWS

The Moody news was sent in last week but did not appear in the Avalanche. But we accept the blame, as we were two days late getting them to the office. It is hard to always get them there on time, when we live so far from the Post Office, but we are not expecting to always be so far from U. S. service.

As we write we keep time to the

Car of "Belle" Flour

PRICES ARE BACK TO NORMAL

At this time of the year, most folks and more especially the farmers lay in a good supply of flour, sugar and coffee, and right now we are perhaps in a better position than others to make you an attractive price on them.

On flour, we can make a low price as we buy by the car, and therefore have no middlemen's profits to pay. On sugar, we have as cheap as the cheapest price, and our coffee we are doing our own blending and roasting, and can give you both better quality and lower cost.

COME IN AND LET US SHOW YOU

MARTIN & WOLCOTT

PHONES 309-310

YOUNG WOMAN BECOMES INTERESTED IN ABSTRACTING

Miss Rose Wilson, sister of E. I. Wilson, proprietor of the Wilson-Abstract Company, has purchased a half interest in the business, and has been promoted to assistant manager.

Miss Wilson has a great deal of experience in this work, as she has been with the company for the past year, and prior to that time was for a long time with one of the biggest abstract offices in Brownwood.

The office is well equipped through out, and we are sure that she will be a great asset to the already prosperous concern.

NO WORMS IN A HEALTHY CHILD

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Stimulating Tonic to the whole system. Parents will then know of or detect the worms, and the child will be in perfect health. Pleasant to take. 50c per bottle.

WILL CRAVEN, BILL PATTON AND CLAUDE BARTON WERE AMONG THOSE FROM POST WHO WERE HERE ATTENDING DISTRICT COURT THIS WEEK.

Will Craven, Bill Patton and Claude Barton were among those from Post who were here attending District Court this week.

NATIONAL THRIFT WEEKS TO BEGIN JANUARY 17th AND IT SHOULD BE OBSERVED BY ALL TEXAS FOLKS

National Thrift week, which will be ushered in on Jan. 17, anniversary of the birth of Benjamin Franklin, one of the earliest exponents of real thrift and its value has been divided into seven component parts, one for each day of the week. Opening with Thrift day, the others, following suc-

cessively, are: Budget day, Life Insurance day, Building and Loan Association day, (Own Your Own Home day), Pay Your Bills Promptly day, Share With Others day and Make a Will day.

Thrift day is to be marked with patriotic observance of Ben Franklin's birthday in co-operation with public schools and patriotic organizations, such as Sons and Daughters of the Revolution and others.

On budget day it is proposed to enroll at least one-half million persons to manage their personal income on the budget plan. Present conditions show the tremendous need for this.

Wise spending with a budget in co-operation with local retail merchants

associations is an allied feature of the week, regarding which Adolph Lewish, chairman of the National Thrift Week committee, says:

"The welfare of the community, particularly of the workers, depends greatly upon proper adjustments of income to expenditure. There is a tremendous difference between success and failure. It does not matter how much a person earns, if he spends more than his income it will lead to failure in the long run, and the persons directly involved are not the only ones to be affected, but the happiness of the people surrounding them and of the community in general is greatly dependent upon the wise adjustment of outlay to income."

Life insurance has come to be regarded as one of the indications of thrift. It is a form of saving that not only pays a substantial dividend on money put into it, but gives protection to the estate or to the dependent loved ones, available immediately in the event the home provider is taken by death.

High rents that followed the war forced many persons into building and loan association through which they were enabled to become home owners. None who has ever owned a home or an equity in a home would ever return to the rental plan if any way be found to prevent it. As another ally of thrift it is to be encouraged at every turn.

Payment of bills promptly is made possible by thrift and so is the sharing with others. Thrift is not all saving; it is proper living both as regards self and others and payment of bills and observance of charity are two features of thrift week that must be encouraged.

It is a simple matter to make a will yet many fail to do so. The right kind of a will, properly drawn, saves litigation, it provides without interruption for those entitled to the estate and it is indicative of foresight and prudence.

National Thrift week is not to be devoted solely to teaching the saving of money. It is, of course, most desirable that each should learn to save money properly, being neither miserly nor miserably, but it is equally necessary that every other element of thrift be instilled into the minds of the people. These several features broaden the meaning of National Thrift week, making it a notable event in the year's program and tending to a far wider observance of the occasion than might otherwise be expected.—Fort Worth Record.

FOR INDIGESTION, GAS, SOUR, ACID STOMACH, TAKE "DIAPEPSIN"

"Pape's Diapepsin" is the quickest, surest relief for Indigestion, Gas, Flatulence, Heartburns, Sourness, Fermentation or Stomach Distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually. 10-20

AN INTERESTING BATCH OF NEWS FROM NEW HOPE

We had a little shower of rain Monday afternoon accompanied by a brisk breeze from old wintery north. Mrs. S. D. Pate attended church at Union Sunday.

Mrs. Fred Barton and three children spent the week end at the home of her parents, Mr. and Mrs. S. P. Eoff.

Mrs. M. Rhoades has returned home from South Texas, where she spent the holidays with relatives and friends. She reports an enjoyable trip.

Messrs. L. C. Boyd, S. J. Richardson, Gus Haven and J. C. Roberts, were among the business visitors in Lubbock Saturday.

Mr. and Mrs. S. D. Stewart and children visited Mrs. Mamie Wylie and family a while Sunday. They were accompanied home by Miss Laura Kate Wylie.

Some of our young people enjoyed a singing at the home of Mr. and Mrs. S. D. Pate Sunday night.

Mr. and Mrs. Ealy Eoff spent Saturday night at the home of their sister, Mrs. Fred Barton, of the Carlisle community.

Mr. and Mrs. S. C. Borland spent Saturday night and Sunday at the home of their sister, Mrs. Hood, of the Shallowater community.

Messrs. S. P. Calum and Ealy Eoff and M. Rhoades, were Lubbock visitors Saturday.

The McDale and Kimmel children were in town Saturday.

Mr. Luther Brown, of the Shallowater community spent Friday night at the home of his sister, Mrs. S. C. Borland.

Mr. and Mrs. S. P. Eoff and their daughter, Vinetta, and Mr. and Mrs. Ealy Eoff visited at the home of Mr. and Mrs. S. D. Stewart Sunday afternoon.

Mr. and Mrs. Curry and children and Miss Lanette Borland, were in town Saturday afternoon.

Mr. and Mrs. S. C. Borland and Mr. Balfree made a business trip to the home of Mr. and Mrs. McCruskey, of the Shallowater community Monday.

NEWS OF THE WEEK FROM SHALLOWATER

Among those that are on the sick list this last week are Mary and J. C. Bowles, and little Johnnie Sooter. Mrs. E. L. Baker entertained with a forty-two party Friday evening in honor of her sister, Mrs. Rutherford.

H. B. Killin returned Friday from Glen Rose, where he has been taking treatments.

The Hardy school gave a play Friday evening, which was reported as "good," but listen Hardy, let us all know about your entertainment so we may enjoy them with you.

Milton Hardy of Demmit, was visiting with relatives at his place Sunday.

Dave Crump and B. E. Needles drove to Springlake last Thursday, returning home in the evening. Mr. and Mrs. Paul Wright and

Mrs. Wright were Lubbock callers Friday.

The dust was layed Monday when we were visited with a thundershower.

The farmers of this vicinity are busy thrashing and hauling their grain to market at one time Monday, there were fourteen wagons of grain waiting to be weighed at the lumber yard.

Among the New Year's events, none were more enjoyable than that given by Mrs. Elliott Baker, honoring her sister, Mrs. Georgia Rutherford Friday evening of last week. An interesting contest put the guest in merry mood and then the tables for forty-two which was the diversion of the evening.

At the close of the games, refreshments of Pimento sandwiches, hot chocolate and cake were served.

J. W. Taylor, of Abernathy, was here Wednesday, looking after business. He said he was well pleased with the progress being made at the "Bledsoe" and Gas Company well and that the deeper test was encouraging to him.

BEST NEWS FOR FARMERS

The P. & O. and the Oliver line of implements are now down to a basis where the farmer can afford to buy---where he can't afford not to buy---

Every cent counts now! Every farmer must raise a good crop with the least expense---there you are---and the reduction on these popular implements should be a boon to an intensified farming program in 1922.

Cole-Myrick Hardware & Implement Company

The Rain of Last Monday Afternoon Though Light in Most Sections Covered a Very Large Territory

The rains which fell over practically the entire Panhandle of Texas, Monday afternoon after approximately five months of drouthy conditions, are considered by grain farmers and men in touch with the agricultural situation as the salvation of the coming wheat crop.

Grain men say that the rain will bring up the wheat in many sections already in the ground and stimulate the sowing of spring wheat.

Reports received show that the greatest precipitation fell east of Amarillo and on the North Plains,

while the South Plains received showers of various quantities during the afternoon and light snow reported in some places. The rains ranged from one-half to two and a half inches east of Amarillo from one-eighth to one inch in other sections of the Panhandle.

The Panhandle generally enjoyed rains ranging from one-fourth to an inch and a half, according to the reports received by the railroad companies serving this section of the State. Light snows were reported by the Santa Fe on its line from Wynoka, Okla., to Amarillo.

Official reports received by the Santa Fe show that from three-fourth to an inch and a half fell from Wynoka to Canadian, including the Spearman branch of the Santa Fe; one-half to one inch from Canadian to Amarillo; one inch to one-fourth of an inch from Canyon to Sweetwater. One-fourth inch of snow was reported on the Pecos division of the Santa Fe, but no rain is reported in the Pecos Valley.

The Rock Island reports from three-fourths to one inch of rain on its lines west of Amarillo to Tucumcari, and east of Amarillo to Jericho. One-half to two and a half inches was reported on the Rock Island east from Jericho to Sayre, Oklahoma. Considerable snow fell between Vega and Boise, west on the Rock Island.

Rain from Childress to Foyline is reported by the Fort Worth & Denver railroad. The rain was heaviest at Clarendon and immediate vicinity. It is estimated that more than an inch of rain fell at Clarendon. Other points report from one-fourth to one-half of an inch.—Amarillo Tribune.

Kansas City, Mo., Jan. 10.—Good showers measuring in most places well over half an inch fell last night and today throughout a strip of territory extending as far north as Wichita and Dodge City in Kansas and south through the cotton belt to Galveston, New Orleans and Corpus Christi, according to reports reaching the local weather bureau this morning.

San Angelo, Jan. 10.—The first rain of consequence since June in the district lying between the Texas & Pacific railroad and the Rio Grande fell last night, ranging from light showers to one inch in Pecos, Sterling, Tom Green, Coke, Nolan, Runnels, Coleman, Concho and Schleicher Counties.

Oklahoma City, Jan. 10.—General rains which fell over the wheat belt in Oklahoma last night and early today were declared by John A. Whitehurst, president of the State Board of Agriculture, to have been "the salvation of the crop." He added that the wheat outlook in Oklahoma today is more optimistic than for two months.

Wichita Falls, Jan. 10.—A quarter of an inch of rain fell here last night and reports indicate that the fall was general over this section. The precipitation was not sufficient to afford the needed water supply for drilling in the oil fields but will benefit the wheat sown.

Canadian, Jan. 10.—The entire Northeast Panhandle received a fine rain last night; eighty two hundredths was recorded here. This rain will save thousands of acres of wheat.

Follett, Jan. 10.—About two inches of rain has fallen since 8 o'clock last night in this region. Wheat has stood the drought in good shape and with favorable conditions now we will have average wheat crop.

Abilene, Jan. 10.—Rainfall amounting to sixty one-hundredths of an inch was recorded in Abilene last night. It was the first rain of consequence for three months or more, and will serve to put out stock water to some extent.

Stamford, Jan. 10.—Half an inch of rain fell here last night and reports indicate heavier precipitation in the surrounding country. Weather continued unsettled today.

Brownwood, Texas, Jan. 10.—Good rains here and in the surrounding district last night will be of great benefit to oats and other crops, according to local farmers. It was the first moisture here since June.

Dalhart, Jan. 10.—A drizzling rain which fell for twelve hours turned to snow during the night with a fall of several inches, bringing much needed moisture to the wheat crops. The

When a Man Shakes Hands With You

It is an easy matter to determine in most cases his attitude toward you; some betray a coldness—aloofness—and go through the hand-shaking merely as a formality and not as a genuine greeting.

Another man can speak with a warm smile and the genuineness of his interest in your welfare is instantly noted. Another can raise his hand in greeting and in a moment's glance give more significance of friendship than can other who shake hands and pat you on the shoulder. But what has this to do with this bank?

No pussy-footing or pretense-making over customers for the sake of policy goes here. We know our customers. Men who have done business with us for years and years know that at all times we keep our customer's interests at heart. If we greet you with a hand-shake you will know that we feel an interest in you. If you transact business here you will always be met with a smiling—"good-morning"—a genuine greeting, not a false greeting.

We believe in real men and that real men believe in sincerity in all matters—even greetings, if only casual.

The Lubbock State Bank

"It's the little things that make this a big bank."

CASCARETS 10¢

For Constipated Bowels, Sick Headache,
Sour Stomach, Bilious Liver

The nicest cathartic-laxative in the world to physic your liver and bowels when you have Dizzy Headache, Colds, Biliousness, Indigestion, or Upset, Acid Stomach is candy-like "Cascarets." One or two tonight will empty

your bowels completely by morning, and you will feel splendid. "They work while you sleep." Cascarets never stir you up or grip like Salts, Pills, Calomel, or Oil and they cost only ten cents a box. Children love Cascarets too. 11-4

ABOUT HIGH PRICES

We neither claim to sell the cheapest goods on the market nor at the lowest prices. The goods we sell are the best and on them we try to realize a profit that is fair to ourselves. If you are treated fair and square you should be pleased—that's what you get here.

VALVE-IN-HEAD

MOTOR
CARS

Facts You Should Know When You Buy a Car

The question of greatest importance is not what you will be allowed for your old car but the price you pay for the new car and the value received.

You are money out if allowed \$100 more for your old car, yet have to pay a \$150 higher list price for a new car when the comparative value is not there.

A purchaser's loss is only postponed when trading allowances are made above a used car's real value. The deal that may appear most satisfactory to you in the beginning may prove to be the most expensive in the end.

No one receives anything gratuitously in this world—don't be misled by false allowances.

We believe that any sales policy which encourages the giving of fictitious values for used cars is an injustice to the public. We wish to establish definitely the fact that the Buick Motor Company has never followed this policy—rather has always based the price of its product upon actual costs and when costs came down correspondingly reduced the prices of its cars to the public without any camouflage whatever.

Perryton, Jan. 10.—Ochiltree County's long drought was broken last night by a half-inch rain fall. It is sufficient moisture to bring up the fall wheat. A large acreage is sown in Ochiltree County.

Gainesville, Jan. 10.—One inch of rain fell here last night.

Many have promised to join Lubbock Mutual Aid Association No. 3 after January 1st. We are ready to take your applications now. Elmo Wall, Secretary. 37-4f

Mrs. C. A. Burrus and daughter, Maxine, left last week for San Antonio, where they will spend the rest of the winter.

THE AVALANCHE A NECESSITY SAYS MR. MERRILL

G. J. Merrill was in the office last Monday to renew his subscription to the Avalanche. He said the paper had been coming to his home so long that it was termed an absolute necessity, and doing without it would be inconvenient and impractical. It makes us feel kind of good to hear such things told on the paper, and if there is anything in newspaper work that makes a fellow feel proud of the trade is to have such men as Mr. Merrill commend the publication.

IF STOMACH IS BAD LET DIAPEPSIN END GAS, INDIGESTION

"Papa's Diapepsin" has proven itself the surest relief for Indigestion, Gases, Flatulence, Heartburn, Sourness, Fermentation or Stomach Distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually. 11-11

Mrs. Eddie Wooten, of Crosbyton, is here at a local hospital, where she has been operated on. She is getting along mighty well at this time.

TWO MEN MURDERED IN NEW MEXICO MONDAY

Judge Anderson, of Post City, who is here attending to some legal matters pertaining to this term of District Court, told an Avalanche reporter Tuesday that he had received a telegram from his wife stating that her brother, Clay Carpenter, and a nephew, Frank Akers, had been murdered in New Mexico.

The place of the killing and other particulars are not known at this time.

A RAT BREEDS 6 TO 11 TIMES A YEAR, AVERAGING TEN YOUNG TO A LITTER

Remember this, act as soon as you see the first rat. Get a phyl of RAT-SNAP. It's a sure rat and mice destroyer. It's convenient, comes in cake form, no mixing. Mummified rat after killing—leaves no smell. Cats or dogs won't touch it. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by City Drug Store, or Cole-Myrick Hdw. Co.

Doughnuts made daily at Martin's Bakery. 33-4f

Jno. W. Sams, of Lockney, was here the first of the week.

District Attorney Gordon B. McGuire is busy in District Court this week, looking after criminal matters.

THIN, FLAT HAIR
GROWS LONG, THICK
AND ABUNDANT

"Danderine" costs only 35 cents a bottle. One application ends all dandruff, stops itching and falling hair, and, in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. "Danderine" is the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant. 10-20

Lamar McLaren, of Odessa, was brought to a local hospital Sunday for an operation.

INTERESTING ITEMS FROM THE ABERNATHY REVIEW

Since the beginning of the school term first of the year, the enrollment has increased from two hundred and sixty-three to two hundred and eighty.

This increased enrollment is due to the fact that many of the new pupils have been transferred from other districts since the first. Some coming here on account of the grades and others on account of it being nearer the Abernathy school.

With an advance in the price of grain and some local showers of rain we notice that some of the business and also farmers are looking more natural again.

The Chamber of Commerce met in regular session last Thursday night with a fairly good attendance.

Farmers are bringing their grain to town since the first of the year. Freight rates having declined on that date. They are finding ready sale for same at following prices: Maize and other hogs at \$10.00 to \$11.00 per ton; Cane seed at \$1.30 to \$1.40 per cwt.; Sudan \$1.50 to \$1.70 per cwt.; Corn 30c to 35c per bushel.

The elevators are this week buying and shipping maize and kafir and are paying a very good price for this grain. The farmers are rushing it in as fast as they can haul it and seems to be satisfied with the price the elevators are paying.

Abernathy needs more rent houses to take care of the people that would settle in the town if they could get houses to move to. There is hardly a day that some one is not here wanting to rent a house.

We have it on very good authority that Abernathy is on the eve of a building boom, and that before any weeks one or more brick buildings will be started.

Saturday was a busy day for our merchants and all seemed to be well pleased with the days business.

Robt. Bledsoe shipped to the Kansas City market last Saturday, one car of cattle from his ranch near Petersburg.

Hamilton Wright, staff correspondent of the Fort Worth Record, accompanied by John Boswell of Plainview, spent a few hours in Abernathy Wednesday.

It is rumored on the streets that Mr. W. A. McKenzie is going back into the blacksmith business. Mr. McKenzie was one of the first black-

smiths of Abernathy, but the last eight to ten years he has made diversified farming his business. We are glad to have him with us here in town.

The wife of C. E. Brown, living a few miles southwest of town and who has been sick for several days, was taken to one of the local sanitariums in Lubbock last Monday for an operation for appendicitis. Dr. McBride who had the case in charge, returned from Lubbock and reported Tuesday morning that Mrs. Brown was doing splendidly after the operation.

Miss Deneva Shaw, of Plainview, visited Miss Constance Iverson at the Heggan home a few days last week. Miss Iverson accompanied Miss Shaw to her home last Friday, where she will spend a few days with her friend in Plainview.

Mrs. T. B. Stone returned home last week from a two weeks visit to friends in Dallas, Forney and other east Texas points. Mrs. Stone says things are in the worst condition then they have been in a number of years. No rain for months, boll weevil destroyed this year's cotton crop, and on account of the dry weather there was no feed raised to speak of, and the country is in a bad shape.

Mr. Homer Rantz, and the Misses Geebels went to Olton last Saturday to spend Sunday with Mr. and Mrs. Geo. Struve and family.

Mr. J. W. Hembree, our tax collector was called to Plainview Monday afternoon on some important business.

J. R. Green, cotton buyer for King Collie in Wise County, Texas, visited Mr. J. W. Hembree last Sunday.

Antone Zeman has in course of construction an eight roomed house on his farm recently purchased from V. Stambaugh. Mr. Zeman is putting this up for a permanent home which he expects to occupy as soon as completed.

Mr. F. W. Struve was in Lubbock on business last Monday.

Mr. J. J. Riley and Mr. Mark Gregory are feeding about 240 hogs at their large feeding pens here in Abernathy.

E. W. Walker who has been living on Mrs. Locke Jones farm for the last year has leased the Dunaway farm near Monroe, where he will move in a few days.

The financial statement of the Abernathy State Bank is printed in this week's Review and shows a very

creditable business for the institution. The bank is in the hands and managed by a set of young men capable of handling the peoples money in a safe and practically business way, and with the financial showing of the bank's statement this week, goes to show that the depositors have confidence in their ability and honesty to safe guard the people's money that is entrusted to their care.

M. J. Gregory, member of the firm of Gregory & Milley, was in town last Monday and shipped out by wagon some of the hogs they are feeding here, to their feed lot at Petersburg, where they are feeding a large number as well as at Abernathy.

Mr. Mitch Thomas who lives one mile east of town, is feeding his grain to a car load of hogs. He says, that he believes it will pay big profits to feed your own grain.

The ladies of the Needle Club spent a delightful social afternoon at the pretty country home of Mrs. Geo's. There was music by Miss Kate Arnett and Mrs. M. Z. Holland. Oranges and home-made candy was served. Those present expressed themselves to the hostess as having spent a delightful afternoon. The following were present: Mesdames John Fields, O. O. Cron, J. C. Arnett, M. Z. Holland, E. D. Carter, Geo. W. Ragland, Welcome Ragland, and Miss Kate Arnett. The club will meet next Thursday afternoon at the home of Mrs. L. R. Pinson. All members try to be present as this is a business meeting.

Mr. Ed Brown, of Marble Falls, Texas, is in town, the guest of Mr. E. H. Miller and family. We believe Mr. Brown could be landed on the Plains for good, as we believe we have a better country than he came from, namely Burnet County, Texas. At this writing, Mrs. Brown, who lives with her family on the May place, two miles southwest of town, is pretty sick.

Word was received a few days ago of the marriage of Miss Lola Abbott, at Stockton, Texas, to Mr. McClure of that place, and immediately moved to Oklahoma, where they will make their home. Miss Abbott was teacher of music and expression in the Abernathy high school up to Christmas, and left, presumably to spend the holidays with relatives in Stockton. The marriage caused a vacancy in this department of the school and at a meeting of the board, Mrs. Welcome Ragland was appointed to fill her place. Mrs. Ragland is an experienced teacher of expression, having taught other schools, and will no doubt fill the place with satisfaction to the trustees, parents and children who are in her room.

Gregory & Riley shipped their first two cars of hogs for this year, last Friday to the California market. These gentlemen have feed lots near the elevators and are buying all the hogs the farmers bring in, where they are reared until they have one, two or more cars and are then shipped.

Troy Stambaugh surprised a few of his friends last week when he returned last Thursday from a few days' trip to southwest Texas with a

Hodges Bros. General Merchandise
Where values reign supreme

bride. Mr. Stambaugh left last week, presumably by some of his friends, on a business trip, which proved to be a personal trip of Mr. Stambaugh. The wedding took place at the bride's home in Rowena, Texas, whose name was Miss Elvira Dalgren, and one of the leaders in church and social work of that little town, and very popular among the young people.

Mr. Stambaugh is a well known business man in Abernathy, and is recognized in the business world as one of the rising young business men. In his home town he is popular among the young people, and no one can count more friends than Troy. They will make their home in Abernathy and his friends welcome his new bride in their midst.

Reports coming in from different parts of the country is that very good crops fell Tuesday last, and in some places reports heavy rains. Word came in from Lubbock that a heavy rain fell there late Tuesday evening. In and around Abernathy it is estimated that an average of one-half inch rain. This amount of moisture will greatly help early wheat, and now that the drought is broken, it may be expected that this country will have plenty of moisture in time for the spring farming.

E. G. Brown, brother-in-law of N. Miller, manager of the Community Milling Co., moved in last week with his family from Marble Falls, Texas, to make this his home. Mr. Brown will assist in running the mill, as the demand for the output is getting so heavy that extra force is needed. The club will read some very interesting historical novels starting on Jan. 20. We hope to have a good attendance this year, 1922.

Mr. S. J. Redman, editor of the Abernathy Review, is sick in bed at

A MILE of SMILES

If you could measure the smiles of entire satisfaction of our many customers in one hour each day, there would be miles and miles of them. But you can't.

You can make the list of smiles longer if you join us—eat with us—drink with us—in other words spend some money with us.—LET'S GO!

Can handle some good brick building loans. Loans closed promptly.

F. M. MADDOX
Lubbock State Bank Bldg. Lubbock, Texas

present. We hope he will be out again in a short time or we might have a sick paper this week.

The Community Club met Jan. 6th, at the school house, new officers were elected as follows: Mrs. J. O. Castles, President; Mrs. H. C. Bucks, Vice President; Mrs. B. T. Struve, Sec. and Treas.

C. L. Williams, of Lubbock, was in town Saturday, looking after his real estate in and around Abernathy. While here he let the contract for a five room bungalow to be built on his farm, two miles south of town. Work will begin at once and as soon as it is completed will be occupied by a family from Waco, Texas, who will farm it this year.

In making the announcement of the number of cars of hogs shipped last year out of Abernathy by our local hog buyers, it read that they had shipped 34 head, when it should have been 34 cars. Typographical errors will happen once in a while in the best regulated offices, but we are ready to correct any that may occur in this paper.

Mr. Logan and wife came in from their home in Snyder last Saturday and will make their home here. Mr. Logan purchased a farm near Lakeview, and immediately put a force of carpenters to work building him a nice farm house and making other improvements for a permanent home.

O. B. Chapple came in Tuesday from his home in Post City and was looking into business conditions at Abernathy, and making inquiries as to vacant business houses, etc. Mr. Chapple is one of Post's prominent citizens, and should he decide to locate in our town, he would make Abernathy a good substantial citizen.

The son of G. W. Tennyhill who has been sick for several days was carried to the Lubbock sanitarium last Sunday for medical treatment. The young man has been sick for some time, suffering with complications that Dr. McBride thought best to send him to the sanitarium where he could be better cared for and be under the immediate care of the doctors.

Fred Grayson, land appraiser for the Federal Land Loan Association, was in town Monday, looking after some loans that has been applied for by some of our farmers near Abernathy.

Mr. W. A. McKinzie, just finished putting in a water outfit on his place, about six miles east of town. Mr. Early Maupin did the work for him.

Mr. Fred Herbert, of Plainview, and Mr. Gilbert, of Dallas, were in town on Monday last.

M. Z. Holland made a business trip to Plainview Monday.

Mr. Wesley Hardesty, son of Mr. and Mrs. R. M. Hardesty was taken to Lubbock last week, to be operated on for appendicitis. At this writing Wesley is doing as well as can be expected.

Mr. E. C. Wilson, of Lakeview, was in town Monday, doing some trading with our merchants.

J. N. Daniels made a business trip to Lubbock Tuesday.

The regular term of District Court convened in Plainview last Monday. Several of our citizens have been called for jury service, but from what we can learn there will be but little business for this term.

Not a Diseased Cow in Herd

A tuberculin test on cows is not required by law but the

Sanitary Dairy

is always on the lookout for the safety of its customers and spares no expense to put out a perfect product. Thanking you for our successful year in the past and wishing for you a very happy and successful 1922—

Ed Vaughn's Sanitary Dairy

William Long, local boy, has started into the Lubbock Business College, where he is taking a thorough course in business management.

Harvey D. Randolph, of Vernon, was here Wednesday transacting business.

W. T. Cook, of Plainview, was here Wednesday.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated throat.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey in the throat combined with the healing effect of Grove's O-Pen-Trade Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES' HEALING HONEY.

Piles Cured in 6 to 14 Days

Druggists refund money if PAIN OINTMENT fails to cure itching, bleeding or protruding Piles. Instantly relieves itching Piles, and you can get a bottle's sleep after the first application. Price 25c.

Miss Ruby Bradley, of Burkburnett, is here to attend the Lubbock Business College. She expressed herself as being well pleased with Lubbock.

Dodge Brothers will announce on February 1st, 1922, a substantial reduction in the prices of their cars, effective from January 1st, 1922.

COLDS

"Pape's Cold Compound"
Breaks any Cold
in Few Hours

Instant Relief! Don't stay stuffed up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up any cold. The very first dose opens clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness. "Pape's Cold Compound" acts quick, sure, and costs only a few cents at drug stores. It acts without assistance, takes nice, contains no quinine—insist upon Pape's! 10-20

Bruce Bryan, of Waco, is among those who entered the local business college recently.

AROUND THE CLOCK

Starlight and Sunshine Lighting Life's Pathway.

The Dial

1. It is the guy who has never saved anything that gets left at the post in the race of life.
2. Footless hosiery may be a big rage in Paris, but many a man here is quite used to toeless socks.
3. We wonder if any man will be accused of marrying a woman just for her vote.
4. Darwin's missing link can occasionally be found in the sausage you get from the butcher.
5. The reason one-legged men are not popular with girls is that they have only one leg to pull.
6. The average young man has only two changes of clothing—put on and take off.
7. Usually the people who talk the most say the least.
8. A doctor has to be careful now about saying how many "cases" he has, as he can easily be misunderstood.

stood. 9. Don't worry about the livestock supply. Short skirts have shown us what a fine supply of calves there are.

10. They say it takes four men to disprove one woman's testimony in court—and it usually takes twenty men to disprove one policeman.

11. The average drug store nowadays handles drugs only as a sideline.

12. Outside of the fact that they are flat broke, in debt and married, some fellows have bright prospects for the future.

Modern

May—Is Charlie up-to-date?
Mary—I should say he is. Why, he taught me seven new ways of saying good-night in one week.

Sayings of Barney Bill

"Sometimes you see an acquaintance coming down the street, and as you get ready to speak he turns his head and snubs you. Don't worry; you ain't lost nothing, but he has, for he's lost his common sense and your respect."

Screened

How many a fair one's blush remains unseen because of too much drug store in between!

Idiotical

One of the mysteries of life for common mortals is the things doctors write on prescriptions. All you know is that you're going to take some medicine, but you haven't the least idea what it is. You take it with faith in the doctor. "Cured by faith" is not such an empty phrase after all. A few days ago our doctor gave us a prescription, and as we started for the pharmacy we tried to read the thing. "Phenacetin" was the only word we could make out. "Ho, ho and ha, ha!" we cried. "We are going to find out about this." So we consulted the dictionary, and we found this: "Phenacetin is a white crystalline compound used in medicine, principally as a febrifuge." And there were more words than ever. We took the stuff with the same old faith, and are feeling better now, thank you.

Our Own Dictionary

"Telescope"—Something that you look into one end of and out the other and see what you can see.
"Consistency"—Enjoying a "leg show" and disapproving short skirts.
"Death"—A grave matter.

"THE HOUSE OF SATISFACTION"
BIG SPRING LUBBOCK

Lubbock, Texas, January 13, 1922.

Dear friends:-

Do you know you can own a genuine Edison Phonograph for \$1.00 cash—balance to be paid \$1.00 each week?

Well you can and we are willing to let you have it on TWENTY-FOUR HOURS FREE TRIAL. All you have to do is to sign the slip at the bottom of this letter and mail or bring to us.

Yours truly,

RIX FURNITURE & UNDERTAKING CO.

Rix Furniture & Undertaking Co.,
Lubbock, Texas.

I want to try one of your Edison Phonographs that you are selling for \$1.00 cash—balance \$1.00 a week. I understand the price of the instrument and twelve records amounts to only \$48.20.

(Signed)

Address.....

doesn't always lay the most eggs. Safety pins are not safe when swallowed. Few flies ever flew through a flaw in a flue.

Deserves Credit

Sophie—What do you think of a fellow who makes a girl blush?
Sophie—I think he's a wonder.

Right at That

Teacher—Can you tell me the shape of the world?
Johnny—Pop says it's in a hell of a shape.

Historic Facts

Napoleon died on the island of St. Helena, but that wasn't his fault. Before steam engines were invented, most of the ships were sailing vessels. George Washington married a widow, and later was known as the "Father of His Country."

In The Dark

He seized her in the dark and kissed her.
For a moment bliss was his.
"Oh," he said, "I thought it was my sister."
She laughed and said, "It is."

News From Snagville

Wilton Hall believes he has invented a patent fly trap and has been out all week looking for a fly to practice on. The deputy constable got to starting at the pretty moving picture ticket seller yesterday and walked plumb into a telephone pole.

Fashion Fancies

Clothes this season are to match the hair. It will be pretty tough on the bald-headed man. For the dining table, said dressing usually goes well. An imitation money fur is a new fad. It will look quite natural on some wearers. Straight-cut models will not appear to advantage on crooked folks.

Appropriate

Grocery Clerk—This old grouch can't find anything to suit him.
Grocer—Show him the crab apples.

Geographical Data

Traveling westward all the time, it is a great deal further from San Francisco to New York than it is from New York to San Francisco. The snowfall in Greenland is ten times greater than it is in Cuba.

My Neighbor's Rose

The roses red upon my neighbor's vine are owned by him, but they are also mine. His was the cost, and his the labor too. But mine as well as his the joy, their loveliness to view.

They bloom for me, and are for me as fair as for the man who gives them all his care. Thus I am rich, because a good man grew a rose-clad vine for all his neighbor's view.

I know from this that others plant for me, and what they own, my joy may also be; So why be selfish, when so much that's fine is grown for you upon your neighbor's vine?

LAKEVIEW FARMERS WERE IN LUBBOCK TUESDAY

C. P. Obar and Arthur Nettles were here Monday from the Lakeview community in Lynn county trading with our merchants. The people in that community have demonstrated their ability as farmers and ranchmen, and each year bring a lot of trade to Lubbock business men that is helping to make old hard times look like a back number. With constant increase in the acreage of these farming sections it is naturally to be expected that conditions will improve here as this work advances.

Scratch pads for sale at this office.

EXHIBITS TO BE RAISED IN WEST TEXAS FOR SHOW

Stamford, Texas, Jan. 10.—B. M. Whitaker, Exhibit Manager, West Texas Chamber of Commerce, will begin his tour of West Texas at Coleman, Jan. 17th. He will on that day appear before the Breakfast Club of the Coleman Chamber of Commerce in the interest of exhibits for the Southwest Exposition. From then on he will visit more than 100 communities in West Texas. Announcement was received here today from Fort Worth stating that a special sale of Poland China hogs will be held at the exposition on March 16th. Also announcement has been received here stating that all premiums on Hereford cattle have now been settled on the same basis as last year. This assures a large exhibit on Hereford cattle.

SALES ARE RAPID WITH LUB-TEX MOTOR COMPANY

The Lub-Tex Motor Company has been doing a very good sales business during the past two weeks, in spite of unsettled conditions. They sold an Overland to S. M. Sooter, of Shallowater, Overland touring to J. N. Agnew, of Lubbock, Stephens Six to Wommack & Company, of Colorado City, and an Overland touring to S. W. Dick, of Lubbock, during the past two weeks. It is noticeable in Lubbock that the men who are going after business are getting a bit of it, and the only person who has any cause to worry at this time is that one who is not willing to make an effort to better conditions.

ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Sprains, Toothache, Lumbago, and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Drugists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monocel.

H. E. Wood, R. Garmor and H. Armor, of Eden, were here this week transacting business.

Hubert and Merlyn Toler and D. L. Kidd, of Sweetwater, were here Wednesday.

Colds Cause Grip and Influenza
LAXATIVE BROSQ QUININE Tablets remove the cause. There is only one "Brosq Quinine". E. W. GROVE'S Pharmacy on West 5th.

Local Salesman Reports Business Getting Better

E. E. Haley, with the Stephens-McKee-Bacon Company, wholesale Grocers, was here Wednesday morning after a trip over the eastern part of his territory, and told an Avalanche reporter that business is getting back to normal sooner than had been expected, so far as his line was concerned. Business, however, does not have

to be exceptionally good for him to make a good showing with sales, for he is an old-timer on the road, and knows his goods better than anyone else, and is sure that the more the merchants jolt loose for stock the better they are equipped to make things get better in all lines, and is not restraining himself one bit from making all the sales possible.

With men like Mr. Haley to boost the Plains and its business we are sure there are to be many improvements come thereby, and why not, for haven't we all a great deal to do with conditions wherever we are? Haley thinks we have, and that is one big reason why he has something favorable to show in the number of sales he is able to make.

Let's go. Business is certainly going to be no better than we make it.

COUGHS AND COLDS

County Tuberculosis Sanitoria Suggested By Health Bureau

Austin, Texas, Jan. 10.—Texas is greatly in need of county tuberculosis sanitoria so that the citizens who contract tuberculosis may secure the treatment in their own county, states D. E. Breed, Executive Secretary of the Texas Public Health Association. The last 36 years have seen the number of sanitoria increasing until at present there are 639 in the United States. Texas has a number of sanitoria, but as yet the number is insufficient to meet the demands. A young man, one of many such cases, was recently brought to the

attention of the Texas Public Health Association, suffering with tuberculosis and out of funds. It was impossible for him to secure aid from the Government, as he had been rejected for service. His parents were dead and he had to depend on relatives for a living. They were too poor to take care of him in such a manner as to insure his recovery. If his home county had had a sanatorium for indigent cases he would have had the benefit of expert care and attention while fighting his battle for better health.

The Texas Public Health Association is vitally interested in the establishing of county sanitoria so that more people can have the opportunity to secure treatment near their homes and at a reasonable rate. A sanatorium for the treatment of tuberculous negroes is also exceedingly necessary.

FAIR SECRETARIES WILL MEET AT ABILENE JAN. 23

Ballinger, Texas, Jan. 9.—A meeting of the Fair secretaries of West Texas has been called by the West Texas Chamber of Commerce for January 23rd at 10 a. m. to be held in the rooms of the Abilene Chamber of Commerce. Stuart L. Williams, secretary of the Runnels County Fair at Ballinger has been asked to act as chairman of the meeting. It is expected that dates will be decided upon for all Fairs, Merchants' Expositions, Live Stock Shows, Poultry Shows, and other community celebrations scheduled for West Texas during the fall of 1922. An agreement on dates by the Fair secretaries will make it possible for amusement attractions, exhibitors and race horse owners to follow a well defined itinerary.

Mr. Curtis A. Keen of Lubbock has been invited to attend the meeting, and it is expected that others from that city will be present. The secretaries and visitors will be guests of the Abilene Chamber of Commerce for the day.

WORTH CONSIDERING

The question is not so much how you contract a cold, but how to get rid of it with the least loss of time and inconvenience. If you will consider the experience of others under similar circumstances, who have been most successful in checking their colds, in their beginning, you will secure a bottle of Chamberlain's Cough Remedy without delay, and use it faithfully. There are many families who have used this preparation successfully for years and hold it in high esteem. It is excellent.

FARMER FROM POST CITY WILL FARM HERE

O. J. Glenn was here the first of the week attending court, and incidentally made arrangements with a local real estate man to secure him a farm for next year. It is noticeable that the farmers of other sections are eager to become associated with the growth of Lubbock county, and after a thorough examination of the country they find that all that has been said relative to the productiveness of our soil is easily substantiated and they can see that there is something more than an occupation to farming here.

AUCTION SALE OF REGISTERED HEREFORD CATTLE

Mr. Hereford breeder, on Jan. 23, 1922, at Spur, Texas, beginning at 10 A. M., I will hold my first annual sale of pure bred cattle, consisting of 18 cows, bred to Prince Rupert 43; three of these cows sell with their calves at foot. Seven coming 2 year heifers, 6 coming yearlings, and 7 one and two years old bulls. The cows have the standard blood lines and were secured from the famous R. V. Colbert and Son herd. The young stuff is of Prince Rupert and Majestic Ruler blood. Come to this sale and buy of the best of blood lines and at your own price. Nothing listed above reserved, everything sells. For further information, Address Chas. Whitener, Spur, Texas. 39-4. The show that you all know—Roy E. Fox's popular players. 40-11

A TOURIST WHO BUYS A GALLON OF GAS

Wouldn't be using very good judgment if that gas were the means of creating power for his transportation. Now the farmer who goes into his fields this Spring "half-shod" with inefficient, hard-pulling implements, is using similar judgment with his auto-friend.

A full tank of gas would save time for the tourist. An easy pulling farm implement doing up-to-date efficient work, will not only save time, but will save money, because horse-flesh is money and feed is money, and good work is more money.

We want to get in touch with Lubbock Farmers who are going to do good farm work this Spring.

CALOMEL GOOD BUT AWFUL TREACHEROUS

Next Dose may Salivate, Shock Liver or Attack Your Bones.

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening. Calomel attacks the bones and should never be put into your system. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up, better and quicker than nasty calomel and without making you sick, you just go back and get your money. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate. 10-20

CLASSIFIED AD IN AVALANCHE GETS RESULTS

In a recent issue of the Avalanche we had an ad run for the office, with instructions to call here for particulars.

It is unnecessary to say the paper was read as there has been one inquiry after the other since noon of the day the paper was published.

It is quite often that there are those who doubt the possibilities of advertising, but we are sure that anyone who will advertise in the Avalanche will be led far from that idea as soon as the paper is well distributed, as was demonstrated in the results obtained from this ad.

If all the people who have rooms to rent or light housekeeping apartments the Avalanche could rent them all for you at a small cost. It would serve a three-fold purpose. You would rent your rooms, for those who wanted the rooms would know where to go and the Avalanche would be benefitted a few cents. Let's go!

Lost: A pocket book containing two dollars and two tickets to the Roy E Fox show in front of the Post Office. Finder will please return the tickets and keep the two dollars. 40-11

Miss Myrtle Martin, of Post City, was here Monday.

Wesley Hardesty, of Abernathy, who was operated on in a local hospital for appendicitis, is doing fine at this time, and will be able to return to his home in the near future.

Join Lubbock Mutual Aid, No. 3. See Elmo Wall, Secretary. 37-1f

J. E. George left Saturday for his home west of town after spending a while at a local hospital where he was operated on.

"Enjoying Life in a Grate City"

A Letter from Mickie (Some Put the words To the Readers)

New York, N. Y.—Dear Readers— Well how are you all? I am fine and enjoying life in a grate City with a Population of 6 or 7 million which is quiet different from back home where ya kin walk out where the cows are in five (5) minutes.

It costs like Dime to live here and every time anybody does something for ya, he expects to get paid with quit with like Back Home, hey Readers?

② New York sure is a grate Place to go Site seeing but dogged if I want to live in a town where they takes ya that away from ya in a Restaurant and it costs a Dime, ten cents, to buy it back. And my God ya could Buy a house back home for a couple years Rent here!

When I usta work in the office back home I wish I had a job in New York and could go to a show every nite but Gosh what if they is one

③ every nite if ya haven't got the Price, why they mete jest as well not be home! Well that's the way with Everything here. If ya aint got the Money ya mite jest as well live out in the Country and Better, far a better kin save a little there with most folks don't haer.

Some of these New York cake eaters try to hid me about living in a Small Place, but they don't get very far, for bee-leave me, its the

④ Place to live and after I go back to Washington and get through paying in the Senate, Im coming home Gosh I wanta go Back Home where I know everybody and everybody knows me and is friendly. I get Home kin every time the Steam Train comes and I read about you, Folks and wish I was with you.

Goodbye
Mickie

Free Lectures On Home Economics By State University

Austin, Texas, Jan. 12.—For the purpose of informing housewives of changing economic conditions and assisting them in putting the home on a business basis, Miss Edythe Hersey of the home economics extension division of the University of Texas, will give a short course during the winter term. The course consists of a series of six lectures to be given during the week. The only expense will be a registration fee of \$1 to be charged each person who attends. Miss Hersey will visit towns at the request of any group of women interested in the subject. Concrete

POULTRY BUSINESS MORE CONVENIENTLY LOCATED

The Plains Poultry and Hide Company is now in the frame building opposite the Shamburger Lumber yard, where they are more conveniently located, and better equipped to care for the demands of the trade.

This business has been on the increase for the past year, and we are sure that as the farming population of this section grows it will make corresponding developments, as the proprietor is full of pep, and his courteous, attentive manner of caring for his customers is a worth while drawing card.

It is nothing but natural that those who will prosper on the Plains, and it is noticeable about this business that every opportunity in advance has been squarely met.

May Establish Stock Exchange In Lubbock Soon

Messrs. Finner and Bean, of the Finner, Bean & Shannon Company, stock and market experts of New Orleans, were here last week making arrangements to establish a stock, grain and cotton exchange here.

This would be a very profitable business in Lubbock, according to local cotton and grain dealers, and as there are many benefits afforded to the local buyers through this system it would be welcomed by them.

Through the cotton buying season that is about to close there was a buyers club organized, where the buyers tried to cooperate in getting latest reports from the markets, and even then the wire service was far above the rest it will be through an exchange, according to one of the buyers, who pointed out that four reports on the wheat market per day, and a report on the cotton market every fifteen minutes cost him a total of \$16 per month, whereas the cotton market will be reported every five minutes or less, and the wheat market reported twelve times per day, at a total cost of \$10 per month if an exchange is handling the business.

The writer is not very well posted on these matters, but we assure the cotton men here that if securing an exchange of this kind will result in better market conditions for the producers and dealers, we will do all we can to assist in bringing it to Lubbock.

TRAVELING MAN ENCOURAGES LUBBOCK PEOPLE

A. B. Meador, of Oklahoma City, was here the first of the week looking after the interest of his customers. He has been making Lubbock for a good long time, and is well impressed with business conditions here. If we all could know just how lucky we are, these would never be a complaint from us. We are "on top of the world" so to speak, so far as the financial conditions of the country is concerned, but the pitiful thing about us is that we do not all understand it. Down to cold facts and figures there are few sections where the people are able to meet their obligations, and go forward with their work as well as can those of this section. The fact that there are a few undesirable market conditions which make our position all the worse is to be regretted, but howling never bought a bite of food for anyone, and the best way to make things better is to go into the future with renewed determination and let the experience of these times teach us a few much needed lessons in economy.

"Bob" Barrier, the genial manager of the Men's Clothing Department of Barrier Brothers Department store notified us this week that he is yet undecided and it is not at all unlikely that he will remain in our city until he again enters business.

POISONS FOR PRAIRIE DOGS

Now is the time. We have the POISON. You are the man who needs to kill the dogs and pests. KILL THEM NOW!

CITY DRUG STORE
"THE REXALL STORE"

You Can't Afford It

As a matter of dollars and cents you cannot afford to be healthy fifty percent and sick the other fifty percent. At the best it is an expensive and a needlessly expensive proposition.

You should not dream of keeping an expensive automobile and being able to use it only half of the time, yet allowing the same expense, as regards gasoline, etc., to continue for the other half.

No, you keep your car in perfect condition all the time. When it is not in use you keep it locked in your garage, as you do not propose that it shall "eat its head off."

No, indeed. You are too wise a bird for that.

Yet, when you are Sick, that sickness being caused by Nerve Pressure, that is precisely what you are doing. You expect to get along and ahead just as well as though nothing were the matter, and what is more, you will not try the proper method to correct the fault.

CHIROPRACTIC, is for you and yours.

CHIROPRACTIC will probably get your human machine into such condition that it will work all the time.

Locate the cause of the trouble at once. Adjust the Cause—or rather, place yourself in the hands of a competent Chiropractor, who will adjust the cause for you, the result will be that the effect will disappear.

SEE YOUR CHIROPRACTOR—YOU SIMPLY CANNOT AFFORD TO BE SICK!

TEXAS LAND EXCHANGE AFTER CO-WORKERS

J. E. Alexander, of the Texas Land Exchange, left Wednesday for a several hundred miles trip east to work in the interest of the business, and to line up agents to help sell their lands. He is armed to the teeth with printed matter (right out of the Avalanche office), which he will distribute in every town on his route and very much they expect 25 line of a large number of new farmers for the Plains country.

Down to honest to goodness facts again we believe there will be no disappointments for those who are making such splendid efforts for the business, and that these men are going after their business in an honest, conscientious manner, is proven in the fact that they are not trying to make their business run on nothing, but are putting enough capital back of it to do sufficient advertising to really accomplish something. To gether, it's build Lubbock and develop its trade territory.

LOCAL MAN ATTENDING CONVENTION AT FT. WORTH

W. H. Hilton, of the Lubbock Variety Store left the first of the week for Fort Worth, where he is attending a convention of variety dealers. It is the policy of our business men to keep awake on all matters pertaining to their business, and we are sure that through his being on the grounds to get the latest ideas on operating a business of that line he will be better equipped to handle the problems that will naturally accumulate as the days pass on, and Lubbock takes her place among the larger towns of the state. Mr. Hilton is awake to the needs of his customers and is found at all times working to take care of their needs and better interest.

It Can be Done—

We believe that the best of everything to eat is none too good to sell; that the best is what most people want to eat and that the best groceries can be sold at a fair price. At any rate that is what we are doing—sell ing the best and selling the best right.

Hunt Grocery Co.

EX-SAILOR DIES AFTER LONG PERIOD OF SUFFERING

Geo. Melton Wells, age 25 years, 1 month and 25 days, died at the home of his father, A. B. Wells, at Idalou, Monday.

Young Wells enlisted in the navy the latter part of 1917, where he contracted tuberculosis, which has caused him to be in hospitals since a short time after his enlistment. Three weeks ago it was thought that his condition was so much better that he was sent home from a hospital near Silver City, New Mexico.

The body was shipped from the Rix Undertaking parlors Tuesday to Rising Star.

CHAMBERLAIN'S COUGH REMEDY

This is a pleasant, safe and reliable medicine for coughs and colds. It has been in use for many years and is held in high esteem in those households where its good qualities are best known. It is a favorite with mothers of young children, as it contains no opium or other harmful drug. Try it when you have need of such a remedy.

G. H. Pierce was here Monday from his home at Crosbyton.

Donuts made daily at Martin's Bakery. 83-12

HOG KILLING TIME IN TEXAS— HOW TO DO IT—DEFINITE DIRECTIONS FOR KILLING AND STORING

First class meat comes only from healthy animals, properly "finished" and kept off of feed from 24 to 36 hours before killing. Fresh water should be supplied although feeding is stopped.

The manner, in which the killing, cleaning and dressing of the hog are done, determines the keeping quality and flavor of the meat. Thorough bleeding without stunning, scalding water not too hot, and sharp, suitable tools are points to be remembered. Farmers' Bulletin No. 183, "Meat on the Farm," shows pictures of the correct methods of sticking, scalding, dressing and cutting up pork.

Pork may be cut as soon as it is cold. In warm weather splitting down the back and removing the head and kidney fat with the kidneys, hastens cooling. Keep the mouth open with a block to drain and cool the head. If the weather is cold, the animal may be cooled whole. The head should be cut off one inch behind the ears. The shoulders cut from the middles between the fourth and fifth ribs, and the hams may be cut straight across, two inches in front of the pelvic bones, or cut in a line starting from the flanks toward the pelvic bone, and from that bone toward the root of the tail, stopping just behind the rise of the back bone. The feet should be cut off one or

two inches above the knees and hocks. The backbone is usually removed whole, and used on the farm for boiling. Remove the ribs as free of meat as possible. The smoother the cut, the better the bacon. Packers use a special knife for this. Take off the "back strip" or upper one-third of the middle in a line parallel to the back. This piece contains the loin, which is very tender, and much fat. If the hog is very large, the bacon strip may be cut lengthwise into two equal pieces. The head should be cut into four pieces, the brains removed, and used fresh. Liver sweetbreads, spleen or "melt," and heart should also be used fresh. The gut fat should be removed while still warm, and should not be mixed with other fat, as it has a strong flavor.

The hams and shoulders should be trimmed close and smooth, and the bacon should be trimmed up with straight edges. All lean trimmings may be put into sausage, and the fat trimmings into lard. Where a number of hogs are killed at once, the feet and tongues may be pickled. The jaws of heavy hogs are salted down, and the rest of the heads closely trimmed for sausage and lard. The remainder of the heads may be boiled for head cheese or for scrapple. The small intestines may be cut into sections, emptied, turned on a round stick, soaked in lime water, thorough-

ly washed and used for casings for sausage or for "chitterlings."

The lungs (lights) may be chopped and mixed with the chicken feed. The hens will repay you in eggs.

The following standard recipes may be found useful in preserving pork-products:

Sausage: 18 lbs lean meat; 6 lbs fat; 8 ounces fine salt; 4 ounces black pepper; 3 ounces red pepper or none; 1 teaspoon red pepper.

Clean trimmings in the proportion of three parts lean to one fat, should be cut into two inch cubes or pieces about that size. Run through a mill keeping lean and fat well mixed. Spread out on a table and sprinkle evenly with seasonings. Roll up and knead, then run through the mill a second time to mix. One part of lean beef may be used in place of one part of the pork.

Sausage which is not needed for use as fresh sausage, may be kept over in a number of ways. By using an attachment with the mill it may be forced into the casings or into narrow muslin bags (2 1/2 or 3 inches in diameter). These bags may be coated in melted lard and like the sausage in the casings, may be smoked or dried. Sausage which is to be used up during cold weather may be packed raw into crocks or jars and have melted lard poured over it. Where it is to be kept for a longer time it may be made into cakes, fried packed down in melted lard, or it may be packed into crocks and baked in a moderate oven, allowing twenty-five minutes to each pound. If the fat which comes out in baking is not sufficient to cover, pour melted lard over it and store in a cool place. Corn meal (one-fourth cup to a pound of meat) may be mixed with the sausage before baking. Sausage may be canned if one has tin cans and a steam pressure canner.

Head Cheese (Soupe). The head should be well cleaned and cut into four parts. Eyes, ears and snout may be removed. The cleaning will be simple if the hog has been stunned. Some use the feet in making this dish, but head cheese must never be made in larger quantities than a family can consume in a short time, as nothing spoils more quickly, or is more dangerous when not fresh.

Put the head into cold water and cook until the meat leaves the bone. Drain off the liquid and boil it up till thick. Remove all meat and chop Season to taste with salt and pepper. Return to the liquid and boil slowly for half an hour. Pour in shallow greased pans, cover with cheese cloth and weight down with a clean board to make firm. When cold, slice and serve as cold sliced meat.

Lard: Leaf fat makes the best lard but it cannot be rendered separately except where there are many hogs killed at one time. Fat trimmings from all cuts, and the long strips of back fat should be skinned and cut into small pieces of uniform size. Lean streaks should be cut out as they may stick and scorch. Only enough water or hot lard should be added to prevent scorching of the bottom pieces until the lard begins to flow from the cracklings. Use a moderate fire and cook until the cracklings are brown and light enough to float. Stir frequently. Skim out cracklings while hot and let them drip in a cloth bag. The hot lard may be strained into buckets or cans. Strain rapidly after the lard has partially cooled whitens it.

Pickled Pig's Feet: The feet should be scraped clean when the hog is first scalded. When they are cut off soak in cold water for twelve hours. Scrub well and cut off the toes. Boil until soft, four or five hours. Add salt when nearly done. Pack into a stone or a clean wooden keg, which has been scalded. Pour over the pig's feet a very weak vinegar which has been spiced and heated. Spice however, darken the skin of the feet. Weight the feet to keep them below the surface of the liquid. To use, soak in fresh water for an hour, roll in a batter made of milk, egg and flour and fry.

Scrapple: The meat and fat which has been chopped for head cheese may have the liquid added and the whole thickened with corn meal to the consistency of mush. Cook for an hour or more. Pour into mould. When cold slice and fry. Some cook the liver, heart and tongue, and add it to the scrapple. Cornmeal, middlings, and buckwheat may be combined in the proportions of two parts cornmeal to one each of the other two grains, and the mixture stirred into the meat and liquid.

Curing Pork: Pork may be cured dry with salt or with sugar cure mixture. It may be cured in brine or in a liquid sugar cure. Standard proportions are given below. Other receipts tried out in various parts of Texas may be had by writing to the Extension Service Department

WHAT IS THE FEDERAL RESERVE SYSTEM DOING FOR YOU?

Have you noticed how much of the paper money you handle consists of Federal Reserve Notes?

Federal Reserve Notes in circulation constitute about one-third of the general stock of money in the United States. They form about one-half of the stock of money in the country held outside of the Federal Reserve System.

You can accept Federal Reserve Notes freely. They are backed by about ONE-FOURTH of the estimated GOLD SUPPLY of the ENTIRE WORLD.

Dry Sugar Cure: To each 100 pounds of meat: 5 lbs salt; 2 lbs sugar; 2 ounces saltpeter; 6 ounces black pepper; 1 ounce cayenne pepper.

Mix ingredients and rub on one-half. At the end of two weeks rub on the remaining half and leave for six weeks. Wash and smoke with dry salt and cured pork.

Brine Cured Pork: To each 100 lbs of meat: 10 lbs salt; 2 ounces saltpeter; 4 gallons water (boiling).

Pack pork in clean jar or barrel and pour on the liquid when cold. Weight down with stone or wooden weight. Reboil if it should appearropy.

Liquid Sugar Cure: To each 100 pounds of meat: 12 lbs salt; 3 lbs sugar; 3 ounces saltpeter; 6 gallons water.

Boil ingredients together and pour on the meat as in plain salt pork. Large pieces should be at the bottom, skin down.

POULTRY AND DAIRY MEETING AT COLORADO

Colorado, Texas, Jan. 12.—All arrangements have been perfected for the Poultry Dairy Livestock Campaign to be held in this city Jan. 19th, under the joint auspices of the Colorado and the West Texas Chamber of Commerce. C. G. French of the Stockyards Co., J. E. Ridgeway of the Nissley Creameries and B. M. Witaaker of the Exhibit Bureau of the West Texas Chamber of Commerce will be among the experts here at that time. Special entertainment plans have been arranged. These call for an automobile trip leaving Colorado at 9 A. M. and going to Iatan, where will be inspected the new Iatan oil well. Lunch at the Baccroft at noon; Mass meeting at the Court House at 2 P. M.; Banquet at 9 P. M.

METHODIST CHARGE AT SUDAN IMPROVING

"Bishop" D. C. Ross was in the office Tuesday and stated that the Methodist Church at Sudan is growing in membership, with a great deal of enthusiasm shown in all the meetings. "Bishop" Ross has been interested in church work for many years, and is an able worker. He helped to carry on the work on the Plains when some of our big towns were no larger than Sudan now is, and we are sure that the people there realize his worth to the community, they will appreciate the work he is doing for them and will assist him in every way possible.

Constipation Cured in 14 to 21 Days

"LAXATIVE WITH PEP SIN" is a specially prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 30c per bottle.

Mr. Delvins, of Petersburg, was here the first of the week to visit his little son who is in a local sanitarium and said that he expected to take him home Sunday. The boy sustained a broken leg when ran over by an automobile near his home, several days ago.

To Cure a Cold in One Day Take LAXATIVE BROMO QUININE (Tablets). It stops the cough and loosens and works off the cold. E. W. GROVE'S signature on each box. 30c.

TRY MILLER'S GROCERY

Old customers we still have, and new customers we're still after. While the old ones are getting better service in delivery, the convenience of ordering groceries at the same time and on the same bill, new ones are coming in almost every day. We're waiting to wait on you.

Heavy Increase In Hog Business During Past Year

Messrs. Gregory and Riley, local hog buyers for this place, shipped out their 34th car of hogs this week to the California market, for the year 1921. Their account shows 6055 head, making a total of 6055 head for the year, and running into 1,249,133 pounds. The amount paid to the farmers for these hogs reaches the total sum of \$180,311.66.

These gentlemen have been engaged in this business in Abernathy for the past seven years and this has been the best year they have had since starting in the business. Their shipments more than doubled that of last year.

This industry is becoming a factor in this locality and the farmers are taking more interest, year after year, in hog raising, breeding up their stock to a better grade and never fail to find a ready market for their pure bred stuff.—Abernathy Review.

JUDGE CAMPBELL TO BEAUTIFY NEW HOME

Judge Campbell bought the home of F. F. Mays the first of the week, west of the high school, known as the Hensley home.

It is reported that the Judge expects to do such improvements to the home and other buildings, and have the yards arranged to make it one of the most beautiful homes in Lubbock.

GIN REPORT SHOWS SHORT COTTON CROP

Washington, Jan. 10.—Cotton ginned prior to January 1 amounted to 7,884,272 running bales including 123,320 round bales, counted as half bales; 30,093 bales of American Egyptian and 3,106 bales of Sea Island. To January 1 last year 1,554,648 bales were ginned, including 202,127 round bales; 64,262 bales of American Egyptian and 1,449 of Sea Island.

Ginnings by states to January 1,

this year were: Alabama, 58,335; Arizona, 35,304; Arkansas, 781,823; California, 23,569; Florida 12,095; Georgia 817,263; Louisiana 281,773; Mississippi, 511,830; Missouri 67,919; North Carolina, 783,598; Oklahoma 476,279; South Carolina 770,558; Tennessee, 295,360; Texas 2,117,938; Virginia, 16,978; all other states 8,547.

What This Buffalo Physician Has Done For Humanity.

The picture which appears here of Dr. Pierce of Buffalo, N. Y., was taken in 1910. As a young man Dr. Pierce practiced medicine in Pennsylvania and was known far and wide for his great success in allaying disease. He early moved to Buffalo and put up in ready-to-use form, his Golden Medical Discovery, the well-known tonic for the blood. This strength-builder is made from a formula which Dr. Pierce found most effective in diseases of the blood. It contains no alcohol and is an extract of native roots with the ingredients plainly stated on the wrapper. Good red blood, vim, vigor and vitality are sure to follow if you take this Alterative Extract. Dr. Pierce's Golden Medical Discovery clears away pimples and annoying eruptions and tends to keep the complexion fresh and clear. This Discovery corrects the disordered conditions in a sick stomach, aids digestion, acts as a tonic and purifies the blood.—Write Dr. Pierce's Invaluable Hotel in Buffalo, N. Y., and receive a confidential medical advice without charge. All druggists sell Discovery, tablets or liquid. Send 40c for trial pkg.

This is the Way We'd Do It--

If some of your folks were real sick and you wanted medicine in a hurry, a phone call to us would bring a messenger boy with it; if the messenger boy was out and others were busy the 'boss' would come with your medicine in a hurry.—We can't tolerate delay! If this service appeals to you phone us your wants and we will appreciate it.

FORD CAR STRUCK BY SUNSHINE SPECIAL TUESDAY

Judge J. H. Moore returned Wednesday morning from a business trip to Fort Worth, and other cities in that section. He says the train on which he was riding, struck a Ford car, occupied by three men, and though the car was torn completely to pieces, and knocked about seventy-five feet from the crossing, none of the occupants of the car were killed, no bones broken, and only slight injuries were sustained by either. The accident occurred just the other side of Weatherford, and the train was stopped and the men picked up and carried in to Weatherford, where their bruises were treated. It seems nothing short of a miracle that all of the occupants of the car were not instantly killed.

Carload of barb wire for sale at \$4.50 per hundred. Bowman Lumber Co. 40-1t

Mr. Andy Wooten, prominent stockman and farmer of Crosby County, and now serving as Commissioner of that county, was a business visitor in Lubbock Wednesday.

BARRIER BROTHERS EMPLOY EXPERIENCED SHOEMAN

Wright Randolph, formerly with the Self Dry Goods Company, of Crowley, has been employed in the shoe department of the Barrier Brothers Store.
Mr. Randolph comes to Lubbock well recommended, and his service in this department is to be appreciated by the customers of the store, as he has spent the greater part of his time while in the business in the shoe selling work, and understands the business thoroughly.
The Avalanche is glad to welcome Mr. Randolph to Lubbock and hope that he will continue to like it here.

J. F. BAKER, Pastor.

PRICE OF DODGE CARS TO BE REDUCED

In another place in this issue is an ad of the Royalty Motor Company announcing that the price of all the Dodge cars will be reduced in the near future.
The manager of this company has enjoyed a good patronage throughout their existence in Lubbock, and it is expected that their sales will increase in volume now that the reduction will be made, for the quality of the Dodge has been up to the price, which has been in effect since the cars were first manufactured, and these men express the opinion that the man who purchases a Dodge in the future will be saving the amount of this reduction and emphasize the fact that the original Dodge quality will remain with the cars, regardless of the price.

CHIROPRACTIC

THE WORLD'S GREATEST HEALTH SCIENCE

Try Chi-ro-prac-tic once, if you have tried everything else without results. Chiropractic is the science of removing the cause of all disease or abnormal conditions of the body.

It is humanities greatest benefactor, and it is daily accomplishing wonders, which are amazing, startling and even dumfounding, because it is a scientific, efficient and successful method of relieving suffering humanity.

Thirty-seven million people are praising Chi-ro-prac-tic in the U. S. and ten thousand Chi-ro-prac-tors are kept busy relieving all manner of human ailments. Every kind of disease known

has been relieved through the Chiropractic science in the last few years, which you will readily see by carefully reading this advertisement, which you will gladly hand to your afflicted neighbor as a token of friendship and help from one to another, for by so doing you will lend a greater opportunity to suffering humanity than any other reformer since the days of Christ.

Chiropractic is recognized, as legal in twenty-three states, and twelve supreme courts have held that Drugless Healing is not the practice of medicine, it is recognized by two foreign nations, and by 77 insurance Companies in the United States.

"The Drugless Healer is one of the bestthings that has come into the life of the present." Chas. Mayo, M. D., Rochester, Minnesota.

Chiropractors are obtaining results that I could not have obtained with medicine or surgery." E. C. Rutherford, M. D., Birmingham, Alabama.

"The skill of some Drugless Healers in curing diseases should make the most brilliant surgeons in the land ashamed of their capacity." Alfred Walton, M. D., Philadelphia, Pa.

"I have been astonished by the great results of Chiropractic." F. A. Hall, Indianapolis, Indiana.

"I am convinced of the superior method of the Chiropractic form of healing." Wm. Vore, M. D., City Point, Va.

"Under spinal adjustments, acute diseases are cut short and absorted, and chronic diseases recover, which have been believed incurable." A. A. Gregory, M. D., Oklahoma City, Oklahoma.

"The Drugless Healers are giving more real service to humanity than any other science that has ever been discovered." M. T. Council, D. C., Ph. C., Lubbock, Texas.

"I use the drugless method of healing because I can get marvelous results and I consider that my patients are entitled to the very best results as they pay me to regain their health for them." Hulen K. Finley, M. D., Lubbock, Texas.

BECKHAM FORTUNE OF POST CITY, TEXAS CURED OF SLEEPING SICKNESS BY CHIROPRACTIC.

As some of the papers have failed to give Doctor Council justice in the Sleeping Sickness case that was brought to Lubbock from Post City, we, the undersigned, parents of the boy, hereby volunteer to give all of the facts to whom it may concern, as we believe the people are entitled to know the whole truth:

Beckham Fortune, our son, had Sleeping Sickness for nineteen days when our family physician at Post City advised us to bring him to Lubbock Sanitarium for treatment, but the doctors there were honest enough to tell us that they could do nothing for him and that the end was very near, so we took him to Doctor Council, the Chiropractor at Lubbock, and he awoke Beckham, for the first time, the second day that he adjusted him, and he is now able to go home and return daily for his adjustments after having been treated two weeks. Beckham could hardly swallow liquid when he arrived at Lubbock Sanitarium and had been absolutely unconscious for several days.

Witness our hand at Lubbock, Texas, this 26th day of February, A. D. 1921.

T. E. Fortune,
Mrs. T. E. Fortune,
Post City, Texas.

Subscribed and sworn to before me by T. E. Fortune and Mrs. T. E. Fortune on this 26th day of February, A. D. 1921.

C. L. Adams,
Notary Public, Lubbock County, Texas.

CANCER

To whom this may come greeting:
This is to certify, that I had a cancer on my face, which had been treated by the medical doctors for eleven years and it was growing worse all the time. Dr. Council treated me six weeks and at this writing there is not even a scar where the cancer was, he also cured me of a severe stomach trouble and I highly recommend him to all suffering humanity.

Alx. Shipp, Rotan.

INSANITY

To whom this may concern:
This is to certify that Dr. Council has completely cured my brother, who had been in the Asylum at Austin for over a year without any relief or benefit. He was completely cured in ten weeks, and his mind is so clear and bright now that no one would ever think that he had ever been in all health. He can follow any occupation or trade with efficiency. Dr. Council also cured my little boy of Pneumonia by one treatment after he had been in bed for five days. I have known Dr. Council's success as a healer for some time and I therefore gladly recommend him to anyone who is suffering from any acute or chronic disease of any nature.

Guy M. Stewart.

APPENDICITIS

This is to thank Dr. Council for his great work in my case, and to say to anyone that this may concern, that I was on my way to the sanitarium to be operated on for Appendicitis and not being able to make the full trip on account of my suffering and great swelling, I was persuaded by my cousin (Miss Rilla Hull) to try Dr. Council for relief before I tried to travel any more. I was treated eight days by Dr. Council and I came home well and have been working in the store every day since. I am indeed thankful to get well without an operation.

Mrs. K. Y. Lee, Peacock, Texas.

HEART TROUBLE

Know all men by these presents, that I this day gladly certify that I suffered with heart trouble for three years, and the doctors advised me to quit the Stamford College, where I was in my graduating class, as they knew of no cure for me, which advice I had taken when I heard of Dr. Council of Rotan, Texas, who cured me in three weeks. At this writing I have stood the army examination and been accepted in the best of health.

Andrew J. Matthews, Lubbock, Texas.

KIDNEY STONES

This is to certify that I have known Dr. Council and his great work for many months and I cannot say too much for him and his practice, as he cured my wife of Renal Cramp after she had been drawn up in severe cramp for several days and the medical doctors had failed to give her any relief. I know of many incurables, who have been cured by Doctor Council. For further information write,

L. C. Hayter, Hobbs.

CANCER

To whom this may be of interest:
I had suffered three years with a cancer of the stomach and had given up to die, as I had been treated by many noted physicians. Dr. Council treated me for three months and now I am happy to say, I am as well as I was ten years ago, and I can do any kind of work on the farm. I praise Dr. Council as the King of all healers, and I commend him to you regardless of your trouble.

Mrs. Hark Trout, Electra.

PNEUMONIA

I hereby take pleasure in recommending Dr. Council in any pneumonia case, as I was suffering from a severe attack of pneumonia and was getting worse from day to day under the treatment of two medical doctors. I saw I could not live at that rate so I called Dr. Council to treat me and in three days I was sitting up and feeling fine. Mrs. Rollo, Rotan.

STOMACH TROUBLE

To whom this may concern:
This is to certify that Jim Cheyne, 18 years old, was brought to my house at Crosbyton to be treated by Dr. Council after he had been given up to die by several medical doctors.

This young man was, in a deplorable condition as he would lay on his bed and cry as a child, he had lost his mind to a great extent and he only weighed between 75 and 80 pounds.

I want to say that he was completely cured in ten weeks and is now breaking sod every day with a walking plow and he weighs 140 pounds. J. M. Reed, City Marshal, Crosbyton, Texas.

PELLAGRA

To whom this may concern:
This is to certify that I had been treated for three months by two good medical doctors, and I was only getting worse every week, when I went to Dr. Council for treatment. I was suffering with acute Pellagra, which he cured in three weeks. Garland Williams, Camp Springs.

OVERITIS

To whom this may come greeting:
This is to certify that Dr. Council cured me of Ovaritis in four weeks after I had been suffering with my Ovaries for three years and I had been treated by two medical doctors who told me I would never get well without an operation. I am now in fine health, with many thanks.

Mrs. E. L. Spivey, Rotan.

APPENDICITIS

To whom this may concern:
This is to certify that Olin Bartley was taken with the Appendicitis and the family physician advised an operation and he was taken to Lubbock for same and there was advised that nothing short of an operation would save him, but for some reason they decided to try the drugless route first and he was brought to Dr. Council and completely cured in two weeks.

J. M. Reed, City Marshal, Crosbyton, Texas.

APPENDICITIS

I, Ward Gardner, of Swenson, Texas, was cured of a severe Pus Case of Appendicitis by Dr. Council in eight days, after I had been given up to die by the medical doctors.

CANCER

This is to certify that I am glad of the opportunity to recommend Dr. Council as the greatest healer that I have ever known, and the only one in my case, as I had suffered for three years with Cancer of the left Ovary and Kidney, and I had been operated on for same twice, which only seemed to aggravate the cause. Mrs. Jim Weir, Rotan.

MISS AILEEN GUTHRIE OF CROSBYTON, TEXAS CURED OF SLEEPING SICKNESS BY CHIROPRACTIC.

This is to certify that our daughter, Aileen Guthrie had an attack of Sleeping Sickness, which lasted two weeks and as she was rapidly going deeper and deeper into her sleep our family physician advised us to take her to the Chiropractor, Dr. M. T. Council at Lubbock, Texas, which we did and he awoke her the first day after we arrived there.

We gladly give this or any other information to any one that may be interested, as the girl is now able to come home.

Witness our hands at Lubbock, Texas, this 26th day of February, A. D. 1921.

Mrs. A. J. Guthrie,
A. J. Guthrie,
Crosbyton, Texas.

Subscribed and sworn to before me by A. L. Guthrie and Mrs. A. J. Guthrie on this 26th day of February, A. D. 1921.

C. L. Adams, Notary Public, Lubbock County, Texas.

These are some of our patients that were suffering with a severe attack of the following ailments. See them:

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Theford's

BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which griped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive.

Get a package from your druggist today—Ask for and insist upon Theford's—the only genuine.

Get it today.

Jack Blaasingame, representing the Common Wealth Casualty Company of Philadelphia, is here for a few days, and expressed himself as being well pleased with Lubbock and this trade territory.

The Red Cross Pharmacy

The Makers of Overland Cars Have Big Month

It is reported from the office of the Lub-Tex Motor Company, local Overland automobile distributors that the month of November, 1921 at the Willis-Overland company, of Toledo, enjoyed better business than in any other one month during the fourteen years they have been selling cars and accessories, and the men who are managing this company are going after a bigger business in every month in 1922 by cutting their prices to the bottom, so far as it was possible to keep the quality of their merchandise up to par, which means about a fifty percent discount on all parts.

Local people will welcome this discount as there are many of the little Overland suspension spring fairs in Lubbock, and as the roads here are not the best in the world there is a possibility of a great saving in the upkeep of the cars in this reduction in parts prices. It will be noticed that the general plan of business in 1922 will be to give just as much as it is possible for the least money, and on these terms alone can a manufacturer, wholesaler or retailer meet the demands of the trade and even then advertising will be a necessity.

Watch the man who advertises for business, and you will see that he is willing to make a small profit, as the large volume of business he is able to do as a result of advertising keeps a constant turnover of goods that makes large profits unnecessary. It is folly to think that you have to pay for the ads that the big advertiser uses. He makes so many new customers with each ad that the cost is forgotten long before the results are half realized.

TRUSTEE SALE

STATE OF TEXAS, County of Lubbock.

Whereas, on the 30th day of September A. D. 1920, G. J. Merrill and wife, Mollie Merrill did execute and deliver to the Temple Trust Company a corporation, their mortgaged with a power of sale upon all of lot No. 42 and W 1/2 of lot No. 11 in block No. 44 in the Overton Addition to the town of Lubbock in Lubbock County, Texas to secure the payment of five (5) notes for the sum of \$300.00 each due October 1st 1921, 1922, 1923, 1924, and 1925 and interest payable semi-annually on the first day of April and October in each and every year. Said notes and mortgage further provide that a failure to pay either shall, at the option of the owner-mature all of said indebtedness and provide for 10 percent Attorney fee a. d.

Whereas, all of said notes and indebtedness has been duly assigned to John E. Roach, who is now the owner and holder of said indebtedness and said Lien and,

Whereas, the said Merrill and wife, Mollie Merrill, have defaulted in payment of principal and interest due October 1st 1921 and the owner and holder therefore has declared all of said indebtedness both principal and interest due and has placed same in the hands of his Attorney for collection.

Whereas, it is provided in said mortgage that in the event of the default of the said Temple Trust Company or its successors and assigns shall sell said lands for the payment and satisfaction of said indebtedness.

Now, I John E. Roach, will on the first Tuesday of February A. D. 1922, same being the 7th day of February 1922 at the Court House door in the town of Lubbock in Lubbock County, Texas, between the hours of ten o'clock A. M. and four o'clock P. M. offer the above described property for sale to the highest bidder for cash in accordance with the provision of said notes and mortgage.

Witness my hand at Lubbock County Texas this third day of January A. D. 1922.

JOHN E. ROACH.

"THE FARMER'S WORST ENEMY—RATS. THE FARMER'S BEST FRIEND—RAT-SNAP"

These are the words of James Baxter, N. J.: "Ever since I tried RAT-SNAP I have always kept it in the house. Never fails. Used about \$3.00 worth of RAT-SNAP a year and figure it saves me \$300 in chicks, eggs and feed. RAT-SNAP is convenient, just break up cake, no mixing with other food." Three sizes, 35¢ 65¢, \$1.25. Sold and guaranteed by Cole-Myrick Hdw. Co., and City Drug Store.

Sheriff Will Cravey of Post City, is attending District Court this week, as a witness in the highway robbery cases now on trial.

To Our Stockholders or Prospective Stockholders

To those of our stockholders or prospective stockholders who have lived in Lubbock or in the Panhandle in general, it is not necessary for us to elaborate upon the money which has been made here by individuals and by companies who are in the wholesale business.

This condition of affairs has existed in this State for years past and are on an increasing scale, with every indication of a continuance for years and years to come. In fact the wholesale business in Lubbock and the Panhandle in general has been for many years tremendously active and profitable. But those who are accustomed to looking ahead realize firmly that the future will be more brilliant than the past. The eyes of millions are focused on the Panhandle and West Texas and particularly Lubbock the wholesale center.

Climate and phenomenal civic progress, combined with the magnificent improvements for the advantages of its residents and land owners, are the magnets that are drawing people to this country by the thousands. The Plains are destined to be the most thickly populated part of Texas and Lubbock a city of several thousand population, and we are here to grow as the country grows and we hope to be one of the established firms when these conditions exist. It is these unquestioned qualifications that guarantee the future of the wholesale business in this part of the country. New comers from every state in the Union are pouring into the Panhandle. They are bringing money with them, they are buying homes and have come to stay. This country is in its infancy, so is the Panhandle Cigar Company. The country is growing in population and the Panhandle Cigar Company is going to help it grow and grow with it. Those who have foresight to buy Panhandle Cigar stock at the ground floor prices will reap their reward. We are not holding out vain promises. The sale of the stock simply provides working capital with which we will be able to produce profit for the stockholders.

Don't be like some people we know who sit around and tell you about how they could have bought such and such a piece of land around Lubbock for two dollars an acre, but buy as

much of this stock as you can spare the money for and be one of those who will be able to say I bought so many shares when it sold for a dollar a share.

We have all heard people say, "I knew that fellow when he could not buy a saddle horse" but it seems that the fellow has gone ahead and made wise investments in growing propositions and now is independent. We have heard people say that they knew Mr. J. M. Radford when he had only a very small wholesale house but today Mr. Radford is considered one of the most wealthy men in West Texas with branch houses scattered all over the country. Suppose Mr. Radford would have consented to take you in as his partner when he first started and allowed you to invest a thousand dollars with him on the start. What would that thousand dollars be worth today?

What other wholesale houses have done, our company can. The opportunity is here. Every banker, business man or financier in this country appreciates the need of businesses of this kind in this section and the Panhandle Cigar Company has received a cordial welcome in all its territory and is receiving the hearty co-operation of the commercial organizations of this territory.

The success of any enterprise is determined by the co-operation it receives from its stockholders, therefore it is the desire of all the officers of this company for this stock to be widely distributed among the influential merchants and well known men in each section of its territory so that we may be benefited by their connection in the furtherance of our plans. Every satisfied stockholder is a booster, it makes no difference what line of livelihood he follows, whether it be farming, mechanic or banker.

COMPLETE PARTICULARS UPON REQUEST

Panhandle Cigar Co.

Wholesale Cigars and Grocers Sundries

LUBBOCK, TEXAS

The Panhandle Cigar Company will be operated by men of ability and experience who have made a success of their own business and whom you all know.

FEELS LIKE LIFE IS WORTH LIVING

After Nearly Lifetime Of Suffering She Regains Health By Taking Tonic.

"I feel that life is worth living again since Tonic has built me up and overcome the troubles that have kept me weak and miserable as long as I can remember," said Mrs. Iola J. Neville, 415 Rock St., Little Rock, Ark.

"Nearly all my life I had a heavy, disagreeable feeling like lead in the pit of my stomach. I slept very poorly, felt tired and worn out in the morning and was so weak and run down all the time it was an effort for me to do my work and, in spite of everything I did, I kept growing worse.

"I had the worst liver trouble imaginable and at times the pain in my side was so intense I could hardly bear it.

"When I had almost given up hope of getting relief, I decided to try Tonic, and from the very first I began to mend, my food agreed with me better. So I just kept on taking it until now I am a well and happy woman. My friends see the great change in my condition and I feel myself growing stronger and more energetic every day."

Tonic is sold at all leading Drug Stores.

S. O. Scott, of McKinney, was here the first of the week transacting business.

LUBBOCK FURNITURE MAN NOW IN BIG SPRING

B. H. Griffith and wife left Wednesday for Big Spring where he will spend a month or six weeks in the Rix Furniture Company store, during the absence of H. L. Rix, who passed through here Wednesday enroute to Battle Creek, Michigan, where he will be under treatment of a specialist.

For fancy chickens of various breeds, see Rucker Produce Co. Phone 11. If we haven't what you want we'll get it. 89-11

T. J. Edmison, groceryman of Post City, was here Tuesday and purchased a large amount of stock from the Panhandle Cigar Company.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c

"Tubby" Weakley of Post City, was a business visitor in our city Monday and Tuesday of this week.

SOCIETY, CLUBS and PERSONALS

BY MRS. CURTIS A. KEEN

A thought for today—
"Out of the night the stars are borne;
Out of sorrow, life's sweetness,
Out of the shadows the brilliant morn,
Out of chaos, completeness."

The Music and Dramatic Club met at the Elks' hall, on Monday evening to discuss plans for coming month. The most important discussion of the evening was that of making arrangements to give a programme at several of the nearby towns who have asked us to visit them. On account of the absence of some of the club members no definite date has been set for the carrying out of the plan. The Dramatic Department have a real worth while play they are working on and will present it as part of the program to be given during February.

At the last meeting of the Red Cross, several important matters were brought before the club, one of the most vital being that of a Nutrition class, whereby the goodly number of under-nourished children, attending our public schools may be taken care of. There is no other question that more closely concerns the welfare of Lubbock, than this one, pertaining to the boys and girls of this city. It is a question not only for the Red Cross to solve, but should have the moral and financial backing of every organization in the city. Of no less importance is the question of a school nurse. Could some of the citizens of Lubbock pass through our class rooms and see the very urgent need of some of the children, for medical attention, Lub-

bock would soon be among the towns who have for their motto: "A clean and healthy school means a clean and healthy town."

The K. K. Klub met at the home of Mrs. S. P. Robbins, where a delightful luncheon was enjoyed. Lunch was served at eleven-thirty to ten guests, after which a few pleasant hours were spent at 42. High score prize was won by Mrs. Griffin.

The Presbyterian Ladies Aid met in social hour and business meeting on Monday evening at the home of Mrs. George Briggs, Mrs. Bacon as president, gave a helpful and constructive talk on the work of the organization, and emphasized the importance of individual service and endeavor in order that great and needed things before the members might be accomplished. Following Mrs. Bacon's remarks, the meeting was left open for a general discussion. The pleasant afternoon closed after Mrs. Briggs had served a dainty and delicious lunch.

The Twentieth Century Club met at the Methodist Church parlor on Tuesday afternoon, Jan. 10. The officers for the club were elected as follows: Mrs. Dr. Ballinger, president; Mrs. E. L. Klett, vice president; Mrs. M. C. Overton, recording secretary; Mrs. J. E. Vickers, corresponding secretary; Mrs. Gus Niblack, treasurer. The installation of new officers will take effect in May. By vote of the club the membership was raised from twenty to twenty-five, this ruling also commencing in

May. The lesson for the day was in charge of Mrs. Roscoe Wilson, who gave an excellent paper on the Texas Federated Cities, tracing the remarkable growth from its origin to the present time. A high tribute was paid to the pioneers who are responsible for the splendid work done in the early days of women's club work in Texas. A pleasing number on the program was a verse read by Mrs. E. L. Klett, which was dedicated to the club.

The Twentieth Century Club is doing constructive work among many literary lines and the program for the coming year promises to be one of the most interesting in the history of the club.

The Auction Bridge Club meets with Mrs. Thomas on the afternoon of Tuesday, January 17.

The Double Dozen Club will be the guests of Mr. and Mrs. Duggan on Friday evening, January 13, when the club entertains in honor of their husbands.

Mr. and Mrs. A. B. Conley will entertain with an evening reception at their home on eleventh street, on Friday evening, in compliment to Mr. and Mrs. W. O. Stevens, recently of Post City, but who have made this city their home. Mr. Stevens was a prominent business man in Post City since its establishment and comes to Lubbock as President of the Citizens National Bank. "It is an ill wind that blows nobody good," and in this case Post's loss is Lubbock's gain.

We can hardly wait for the new cook book which the Ladies of the Episcopal Church are busy working on. The recipes are from the best cooks in Lubbock and our fair city can boast of the very best cooks to be found in the county, state or the entire United States of America. The orders are coming in fast and you had better get your order in before the entire 50,000 are sold!

Mr. J. O. Smith is back in the city again, after spending the Christmas holiday in Wichita Falls, where he and Mrs. Smith were the guests of Mrs. Smith's mother. Mrs. Smith is making an extended visit and will return in early February.

Miss Ada Walker, representative of the Dixie Lyceum Bureau, was in town last week to discuss the Lyceum program for Lubbock, for the coming year.

Mrs. Neil Wright is spending a few days in Fort Worth, and will visit friends and relatives in Gainesville and Waco before returning to Lubbock.

ANNOUNCEMENT OF
Herbert F. Stubbs, Candidate for County Clerk.

Having been appointed County Clerk by the Commissioners Court, to fill vacancy left by resignation of Sam T. Davis, I ask the people of Lubbock County for a consideration of your vote in the coming primary. I am a married man, 26 years old, born in Lubbock County and have lived here all my life, served as Deputy Clerk for Andy Wilson and Sam T. Davis about five years. I have been working for Charlie Adams, Secretary of the Guarantee Abstract & Title Company, for the past three years, and feel that I am now competent of handling the work of said office, advantageous to the citizenship of Lubbock County. If elected to said office, I agree to serve the people to the best of my judgment. I want your vote and influence. Respectfully submitted,
HERBERT F. STUBBS.

NOTICE

To my friends and customers, I have accepted a position with Thorp's Shoe shop, next door to Texas Variety Store. I will appreciate your patronage. Chas. E. Jordan. 49-2

Harding says he will meet the farming troubles. Hope he doesn't shake hands and pass on.

OUR 1922 BUSINESS CREED

MORE BUSINESS LESS PROFITS

MANY NEW "CO-ED" DRESSES

WILL BE HERE WITHIN THE NEXT FEW DAYS

They are new dresses, just come fashioned of soft taffetas, graceful satins and canton crepes; in blues of different shades, also brown and black and the happy combination of blue and gray—a feature of the Spring Styles.

There is a lavish use of embroidery and full overskirts. Braiding is also effective with long tassels that lend much grace to the stunning effects. There are many different models with appealing features.

WATCH FOR THE ARRIVAL OF THESE DRESSES

NEW SPRING HATS

There are just a lot of the best grade hats in this magnificent collection of advance Spring Styles. No two alike and each hat a handsome sample designed and created by expert designers for Early Spring trade. These are the models from which the Spring output of hats will be copied. You can select an original and exclusive model here. "NOW."

The Price is the Thing

The Store of the Plains

Lubbock, Texas

Men Forget—

In going about their every-day business that somebody is effected by the good of Life Insurance daily. As a gentle reminder we call attention to the following case:

Geo. E. Johnson, deceased, made application for \$3,000 policy with double indemnity clause and the policy was dated September 12th, 1921. Only half of the annual premium was paid when he suffered injuries by being thrown from his horse from which he died.

The Southland Life Insurance Co., delivered to Mrs. Johnson, who lives at Abernathy, a check for an amount equal to double the face of the policy, on Monday, Jan. 9th, 1922.

Neil H. Wright

District Agent. Lubbock, Texas.

B. N. WHEELER FOR COUNTY COMMISSIONER

In this issue of the Avalanche will be found that B. N. Wheeler of Idalou has authorized placing his name in the announcement column, as a candidate for re-election to the office of County Commissioner of Precinct No. 3, for second term. Mr. Wheeler's record is before you, and he wants you to consider well his qualifications for the office and if you can vote for him he will very greatly appreciate it.

CARLISLE NEWS OF THE PAST WEEK

The Methodist preacher preached Sunday morning and had their conference in the afternoon. Mr. Henson and family have moved into their new home two miles south of the school house. Mr. Ditto and family have moved

from the Monroe community into the house formerly occupied by Mr. and Mrs. Esco Casey.

Mr. Stone and family have moved on Mr. Elmo Wall's place. Mr. Mitchell and family on the farm formerly occupied by Mr. Hankins. There are several other families moved into our community, whose names we have failed to learn. We welcome everyone.

Grandpa Randolph moved into his new home in town. Mr. Smart and family have moved on his place.

Mr. Pevehouse and family went to Hardie Friday and Saturday night to help organize a singing class.

Mr. Rankins has moved into the east ward district.

Mr. and Mrs. O. L. Sims gave a six o'clock dinner to the following relatives and friends: Mr. and Mrs. F. A. Sims and family, Mr. and Mrs. Johnson and children, Mr. and Mrs. Skinner, Miss Octa Ray, Messrs. Trav-

is Tabbs, Arno Caudal and Mr. Copeland.

Mr. and Mrs. Frazier visited their friends in Spur last week.

Mr. W. B. Ray returned from a business trip to Lynn County Monday.

Miss Clara Moore who is attending the business college at town attended the conference here Sunday.

Misses Bennie Bond and Bernice Casey spent Sunday afternoon with Miss Marie Coffey.

There will be a singing at the school house Friday night. Everybody come.

Mrs. Clifford Bond and baby have returned from a visit to her parents.

As Cautions That Does Not Affect the New
owners of the bank and lexative affect L. X. Y. FIVE RECORD GUARANTEES is better than coffee, it is also and does not cause nervousness, and acting in head. Remember the full name of the bank for the purchase of E. W. Gilchrist.
