

THE LUBBOCK AVALANCHE

VOLUME XXII No. 42.

LUBBOCK, LUBBOCK COUNTY, TEXAS, FRIDAY, JANUARY 20, 1922.

PUBLISHED TWICE A WEEK

RED CROSS WILL CONDUCT NIGHT SCHOOL FOR ADULT MEXICANS

FIRST SESSION OF THE SCHOOL WILL BE HELD MONDAY NIGHT IN THE MEXICAN SCHOOL BUILDING

TEACHERS VOLUNTEER THEIR SERVICES

The Rotary Club Has Agreed to Furnish Conveyance to the Teachers Free of Charge and Thirty-Five Pupils Have Been Promised for the Beginning of Class Work.

A Night School for the adult Mexicans of Lubbock will be opened Monday night at seven o'clock in the Mexican School in the northwest part of town, under the direction of the American Red Cross with the teachers of the Lubbock Public School donating their services and the members of the Rotary Club furnishing conveyance to these teachers to and from the school.

Approximately 35 adult Mexicans have already been enrolled and several classes will be organized to care for the demands of students in a class in reading, spelling and writing and including the higher grades. There are many number of grown people in Mexican town who cannot speak English, much less read or write the language. Some of them do not read or write their own language. An effort will be made to teach them enough English to speak our language and assist them in becoming responsible citizens of the town and country.

This is one of the constructive plans worked out by the Red Cross and meets with the most enthusiastic approval of the educated class of Mexicans, who have pledged their support and co-operation as well as with the class that will be enrolled in the school. The Mexican population of Lubbock has been exceptionally orderly and law-abiding and have taken great pride in keeping their part of the town in a clean, sanitary condition. Last summer during the Sanitation and Nursing Classes conducted by the specially trained Red Cross worker for two months in this county, out of the eleven classes she had it was of great interest to note that the Mexican class held the highest percentage of attendance at all the times than any other class in the county.

Their eagerness to learn the way of their new country, our own American, makes this work a most profitable field for great good, not only to the individual Mexican reached through this plan, but also for the city and state at large. They are here and our best policy and the right policy to follow is to give them every possible assistance in becoming desirable citizens and education is the first prerequisite. They must be able to read American newspapers and speak the English language before they can hope to be desirable American citizens.

If any of you desire to be of assistance phone the Red Cross Secretary and she will be able to use you either as a teacher or to assist in taking the teachers back and from their night classes.

METHODIST WESLEY CLASS HAVE SOCIAL TUESDAY P. M.

The Wesley Class of the Methodist Sunday School had a most enjoyable social for the members of the class and their husbands together with some invited guests from the department heads of the school, at the home of Mr. and Mrs. Sam T. Davis, on 1002 Ave. O, last Tuesday evening. A good attendance was present, and a fine time was reported by everyone there. After an hour brim full of amusements, delightful refreshments were served by the entertainment committee.

This class is one of the liveliest Sunday School classes of the city. It has an enrollment of 83 and is growing fast. The teacher, W. C. Rylander, in a short talk during the evening said he expected the class enrollment to be a hundred strong within a few weeks, and has faith enough in the work of the ladies of that class to believe that the enrollment will reach 150 before the birds sing again in the Spring.

METHODIST MISSIONARY SOCIETY INSTALLS OFFICERS

The Annual Installation of Officers of the Methodist Missionary Society was held at the home of Mrs. W. A. Bacon, Monday afternoon at 2:30 with more than 70 ladies of the church present. The officers were installed by Mrs. E. H. Adams, of Slaton, District Secretary of the Missionary Society, with a most impressive ceremony. Assisting Mrs. Bacon as hostesses of the afternoon were Mesdames Arnett, Baldrige, Barnes, Baugh, Bean, Beard, Spencer and Mendgen. Several special numbers were given during the program which was closed with a two course mind course delightfully served.

The officers installed for the coming year were: President, Mrs. E. N. Stubbs, Vice President, Mrs. C. N. N. Ferguson, Recording Secretary, Mrs. Joe Baldrige, Mrs. Pyran Posey, Corresponding Secretary and Mrs. Walter S. Poyssy, Treasurer.

Miss Lola Pettit, of Floydada, is visiting Miss Gussie Cannon, of Lubbock for several days.

Mrs. T. B. Palmer, of Hermligh, was operated on in a local hospital Monday.

Printed Butter Wrappers Helps Sale of Product

Eugene Emery, local farmer, who has a nice herd of dairy cows, was confronted with a bit of a problem, as he had no way to let his customers know when they were getting his butter without going to the trouble of delivering it, which was very inconvenient, so he decided that by labeling the packages his customers could get it from the groceryman and be sure that it was his butter, and immediately placed an order with the Avalanche for the printed wrappers. That was a long time ago, but the results of this decision have not halted as yet, as an Avalanche reporter was in the Spikes Bros. Grocery Wednesday and found that they were glad to handle Mr. Emery's butter, as their customers always call for it, as they know it is pure, fresh and clean, a distinction which any cattle must have to meet the requirements of advertising.

Mr. Emery's foresightedness in this matter is to be appreciated and we are sure that someday all farmers will make to the great realization that they must make a business of their work and handle it as systematically and judiciously as a banker would his depositor's accounts, and Mr. Emery has set a splendid example for his fellow farmers.

Think about it now, how many pounds of creamery butter have you seen on the market without a printed container? It is just as necessary that the farmers designate their products as it is for the Mistletoe Creameries, Swift & Company, or any other manufacturer to label his goods, and until they realize this fact marketing farm products will be as difficult as it would be for an unlabeled product to compete with well advertised and known brands of goods.

Plains Pioneers Celebrate 50th Marriage Date

Clarendon, Jan. 12.—Fifty years ago in Camdonville, Anderson County, Kentucky, P. A. Buntin and wife of this place were married. This event was celebrated with an anniversary dinner in their home in this city January 2. Buntin is an old timer here. He says:

"It was in 1888, that I first saw Clarendon. There were only about six frame houses here. The jail was a steel cage. A box car answered the purpose for a wholesale store house for all kinds of merchandise. My wife and I were the first to put our names on the roll when the Methodist church was organized. That was in 1889 and we didn't get a church house built until 1890. In 1887 we made our first crop in Texas. Got four cents a pound for cotton and twenty-five cents a bushel for corn."

ABERNATHY MEN HERE ON BUSINESS WEDNESDAY

Mr. Richter and editor Redman, of Abernathy, were here Wednesday transacting business.

Mr. Richter is about the busiest man in that town as together with his duties as an ordinary citizen he is vice-president of the Abernathy Chamber of Commerce, cashier of the First State Bank; of Abernathy, and secretary of the Farm Loan Association of that place.

Mr. Redman may not be quite so busy as Mr. Richter, but from the appearance of the Review he is a mighty good rustler and is doing some mighty good work for that town.

Percy Spencer and W. W. Campbell went to Amarillo Wednesday to go before the court of Civil Appeals to argue in the case of Alexander vs. Grollman. The case was formerly tried in the District Court here, and an appeal taken.

Judge R. A. Baldwin, of Slaton, was operated on in a local sanitarium Saturday, January 14.

ONE MAN WILL BUILD EIGHT HOUSES AND OPEN THAT NUMBER OF NEW FARMS DURING THIS YEAR

F. V. Brown, of Lubbock, has made arrangements to have eight well arranged homes and other buildings erected on his land, six and a half miles south of town, and will put one thousand acres in cultivation as soon as conditions are favorable. Eight homes and one thousand acres of land all at one whack, is going at a lops in the building line, we think, and are sure that people in other states where forty acres make a large farm, will wonder what the reporter who writes this article has been drinking, but nevertheless, those eight homes will be occupied by experienced farmers as soon as they are completed (and that won't be very long off as a large part of the lumber is now on the grounds and teamsters are hauling large loads every day, and our builders go in a run once they start on a job), who will assist in producing wealth from the natural resources of Plains land during this year. Every day men like Mr. Brown make history that will be recognized as the beginning of making West Texas the unmatched producing area of the states.

Who's next. There's plenty room left for building in Lubbock county, and our lumbermen have all necessary materials.

195 Fires In Texas During the Month of Dec.

Austin, Jan. 14.—Reports received at the office of G. W. Tilley, State Fire Marshal, from the various city fire marshals in the state show that during the month of December there were a total of 195 fires with a total loss of \$324,453. These reports, said Tilley, do not show the total amount of property destroyed by fire in the state during the month of December, but merely show the loss paid by the insurance companies for the past month. The total amount of loss of property will doubtless run over a half million dollars for the month, it was stated.

The experience of the last month, Tilley said, should bring home forcefully to the people of Texas the necessity of the prevention of fires and should also serve as a stimulus to every city and town in the state in their efforts to improve and make more effective their fire fighting facilities.

The Farmers of the Plains Lose Many Thousand Dollars by Not Utilizing the Products of the Soil

The Plainview Herald has gathered some interesting facts about the amount of products shipped into that city that the farmers can raise right at home if they will get down to business and utilize the products of the soil. The Herald says:

Here's how the people of the South Plains live at home. A survey of the grocery stores of Plainview was made yesterday by the Herald. Ten stores report that during a year's time they sell to the people who live in the Plainview trade territory—the "hogopolis" of the great Southwest— 14,000 pounds of dry salt pork, packed in the centers of the packing industry and shipped into a territory which ships out annually almost three quarters of a million dollars' worth of pork. 8,800 pounds of bacon in pound boxes. 78,100 pounds of fancy breakfast bacon in strips. 8,000 pounds of hams. It all happens in the greatest potential hog country in the world. There are sold in Plainview each year pork products for each pound in Hale County—dry salt pork 3.14 pounds, boxed bacon .88 pound, breakfast bacon 7.81 pounds, ham .8 pound. Hogs dressed in fancy packages, reshipped and resold in the land of their birth!

In one of the greatest potential dairy countries in the world, 48,000 cans of condensed milk are sold in

ST. LOUIS MAN HERE AND BOOSTS WEST TEXAS

E. L. Henicker, vice president of the Premier Company, clothing store of St. Louis, was here Wednesday helping to stock our merchants for the business they are sure to have as soon as that rain is here, told an Avalanche reporter that the salesmen for his company had all been outsold by the representatives who works this territory, and attributed their success to the superior financial conditions of the Plains farmers and stockmen, and said they were going to keep a man in West Texas all the time to care for the trade.

"There is no need to worry here, as the people have no troubles at all as compared to those of other sections. All that really effects the buying power of these people is that they are not aware of the financial conditions that surround them. I would not give one West Texas customer for half a 'Rosen' in the same calibre in Eastern towns" he said.

All we have to say about his statements is that he is dead right about it. These men who travel from one side of the States to the other have something real interesting to say to us if we will only listen in on what they think, and this fact was made evident by Mr. Henicker's statements, as he is well posted on conditions over the states, as his company has men in all parts

FRED BOERNER RE-ELECTED PRES. OF SWINE BREEDERS ASSOCIATION

CONVENTION MET AT HEREFORD, TEXAS, WEDNESDAY—MOST INTERESTING SESSIONS EVER HELD

PLAINVIEW IS SELECTED FOR 1923 MEETING

Big Auction Sale Was Staged During the Convention and Attracted Large Number of Buyers, and Many Fine Hogs Were Offered For Sale to the Highest Bidder.

Many South Plains Farmers are Joining the Farm Bureau

Tulia, Jan. 11.—Farmers of Swisher County will meet in Tulia Thursday afternoon, January 12, for the purpose of organizing the Swisher County Farm Bureau. They will be assisted by farmers from Randall, Armstrong and Deaf Smith County Farm Bureaus, and will have as their guests many farmers from Briscoe, Castro, Lamb, Hale and Floyd Counties, who will come to Tulia to meet Judge L. Gough of Hereford and learn how they may secure farm bureaus for their counties, which will be organized during the remainder of January.

Floydada, Jan. 11.—Farmers of Floyd County expect to start a campaign for members of the Floyd County Farm Bureau within the next ten days.

D. P. McCallib, Panhandle-Plains supervisor of the Texas Farm Bureau Federation, who is directing the membership drive for farm bureau and commodity association members from the Amarillo headquarters has promised to secure some of the best known farm leaders of the southwest, as speakers, as soon as the county committee in charge of the drive has decided upon dates and places for them to tell of the farm bureau and farmers co-operative commodity marketing associations.

Lubbock Building and Loan Ass'n. Hold Annual Meet

The annual meeting of the stockholders of the Lubbock Building and Loan Association was held at the office of the Secretary-Manager last Monday evening.

The stockholders voted unanimously to increase the Capital Stock to \$1,000,000.00. The association was organized only last April and has granted loans aggregating \$5,900.00, secured by First Mortgages on improved real estate, valued at \$12,000. The earnings on the amount paid in on stock (exclusive of membership fee) was at the rate of 12 per cent per annum.

The following officers and directors were re-elected for the ensuing year: J. O. Jones, Sam C. Arnett, Roscoe Wilson, G. W. Briggs, J. A. Rix, W. B. Atkins, H. W. Stanton, J. A. (Andy) Wilson and Joe Hess.

CISCO NOW HAS A FURNITURE FACTORY

Cisco, Texas, Jan. 18.—Cisco is apparently the first city in West Texas to engage in the manufacture of furniture. Oak and other hard white lumber is daily being received in this city by the Cisco Planing Mill Co., which company manufactures lumber into furniture. Porch furniture and various other types of high grade furniture is manufactured here. The mill now has orders for several carloads of furniture. It has been added by the West Texas Chamber of Commerce, according to B. F. Bennett, District Manager, who was in this city this week, that the conditions which warrant the successful manufacture of furniture in Cisco may be duplicated elsewhere in West Texas. High freight rates from Eastern and Middle Western furniture manufacturing centers are by no means the least factor in the development of the furniture manufacturing idea in West Texas as exemplified by the Cisco situation.

W. M. Chandler, of Sweetwater, has ordered the X-Ray photographs of his arm which were made here in the office of Dr. Starnes last June. The arm had been broken several months when he had the examination made, and it was found that the muscles had grown so short that an operation would be very difficult, and he decided not to have it done. The photographs were mailed to him Wednesday and it is not known whether he is contemplating having the operation performed or not, if so the work will be done in Lubbock.

Mrs. Henry Hudnall, of near Monroe, is here at the home of her aunt, Mrs. Ella Mackay, with her little daughter, who took sick the first of the week, as she wanted to be near Lubbock specialists who are caring for the child.

Hereford, Jan. 18.—Plainview won the 1923 convention of the Panhandle Swine Breeders' Association from Amarillo and Pampa at the closing session of the convention held here today.

Fred W. Boerner of Lubbock was unanimously re-elected president of the Association. Other officers chosen were: John I. Hammonds of Floydada, first vice president; E. N. Hogan of Pampa, second vice president; Earl Lewis of Childress, secretary-treasurer, and F. W. Boerner, J. I. Hammonds, E. N. Hogan, Earl Lewis and M. I. Sharpe of Vernon, directors.

The Association voted unanimously to purchase membership in the West Texas Chamber of Commerce. A permanent legislative committee was appointed which is to have charge of the investigation of various appropriations that will be made for the support of the extension service of Texas A & M College and the Live Stock Sanitary Commission and any other appropriations which may affect the swine industry.

The matter of a paid secretary for the Association was discussed at length and was left to the discretion of the board of directors, although the members voted in favor of the measure.

"It is essential that the breeders of pure-bred live stock advertise as it is that the merchant advertise," declared H. S. Hilburn of Plainview, editor of the Southwest Poultry and Swine Breeder. "Most of the breeders do not study the advertising close enough. They waste money for advertising that does not bring them the proper returns. Run an advertisement in your local paper."

Joe Hanga, assistant secretary of the National Duroc-Jersey Association, told the breeders of the value of the county, district and state fairs to them in spreading the good quality. "A man's live stock will tell you the kind of a man he is," said the speaker.

S. E. Lewis of Childress, recognized as one of the leading exhibitors of swine at the great fairs of the Southwest, told of the proper way to prepare and select a show herd. He went into detail on his subject, and many of the breeders declared his talk was most instructive.

Twenty-six hundred ears of hogs were shipped from the Panhandle during the last year, said B. Holland of Amarillo, of the Mistletoe Creameries, in the hog industry in the Panhandle. He pledged the moral and financial support of his Company to the swine breeders and urged them to use his firm in any way, as his concern, as well as most of the other commercial interests in the Panhandle, had awakened to the value of the swine industry.

Members of the Association discussed at length the need of a state veterinarian in the Panhandle and many members told of various methods of treating cholera.

Hog Palmer of Canadian received great applause when he emphatically declared that the way for the Panhandle Swine Breeders to cure cholera was to quit shipping in hogs. There has been only one outbreak of cholera in Hemphill County and that was among hogs that had been shipped from hog other sections, he said. "Buy your hogs at home and you will not have cholera. There are just as good hogs in the Panhandle as there are in the world," declared the speaker. Breeders from all sections of Texas and adjoining states have been arriving in the city for the sale this afternoon.

Members declared that the 1922 convention has been the most successful meeting of the Association.

Resolutions of thanks to the citizens of Hereford, for the royal entertainment afforded delegates to the convention, were unanimously adopted. Resolutions also were adopted urging that other towns follow the example set by Hereford in having a get-together banquet of the farmers and business men for a general discussion of the pure-bred live stock industry.

The Association also adopted a resolution sanctioning any efforts put forth for the betterment and promotion of the live stock interests in this section.

Roy E. Fox, manager of the E. Fox Playery, who are at the Lindsey, took advantage of the opportunity offered by our sanitarians and underwent an operation Tuesday. He is reported to be in mighty good condition at this time.

Rev. and Mrs. O. M. Baucum and little daughter, of Floydada, spent Tuesday night at the home of Rev. J. F. Baker, pastor of the Cumberland Presbyterian church of Lubbock, and Rev. Pascoe is pastor of that church at Floydada.

J. A. Eaves, of Lorenzo, arrived at a local Sanitarium Wednesday and was operated on Thursday, and is reported to have sustained the operation successfully.

R. & R. THEATRES

ONE OF THE MANY THRILLING SCENES IN DW GRIFFITH'S "WAY DOWN EAST"

At R. & R. Lindsey, Tuesday, Wednesday and Thursday---Starting January 23rd

"Way Down East" represents a thought which has been in Mr. Griffith's mind for some time. It is "an evening's entertainment," not an ordinary attraction. "Way Down East" is full of appeal. The pathetic little Anna Moore demands the full sympathy of the audience throughout. The screen seldom presents an appeal as strong as this. From the moment Anna leaves home to go to Boston, her fate compels the closest attention, and the director has built up the character with a wealth of detail. As Anna moves from one phase of life to the next, the appeal becomes stronger, until she meets David. In that moment,

Lennox, the villain, is forgotten, and at odd moments, through her despair, we see Anna glad because the big love of her life has dawned upon her. Interest centers upon the web of gossip being woven about Anna, and when she is driven from her haven of refuge among those who loved her, and whom she loved, one finds the greatest appeal for the wronged child. Mr. Griffith has enhanced several of his characters with a distinct appeal—Mrs. Bartlett, the Squire, Martha, David, so admirably played by Richard Barthelme; and Lillian Gish, who does the best work of her career as Anna Moore.

At Lyric, Saturday, Jan. 21st.

"MAROONED HEARTS"

Notice: "Way Down East is the most expensive picture ever brought to the Plains.

J.P. McGOWAN
"THE RUSE OF THE RATTLER"

Thirteen Americans who had been serving in the Spanish Foreign Legion in Morocco recently arrived in Paris, telling stories of cruel treatment and hardships. The Americans obtained their release by swearing they were Canadian subjects. All British members were allowed to re-sign as the result of pressure brought by the British Government. Twenty-two Americans were left behind in hospitals and four were killed in recent fighting. Hospital conditions were deplorable, they said.

MRS. BOWEN TELLS HOW RATS ALMOST BURNED HER HOUSE DOWN

"For two months I never went in our cellar, fearing a rat. One night in bed I smelled fire. Sure enough the rat had been nibbling at the matches. If I hadn't acted promptly my house would have been burned. Later we found the dead rat. RAT-SNAP killed it. It's great stuff." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by City Drug Store, or Cole-Myrick Hdw. Co.

C. W. B. Jackson, father of J. B., A. W. and W. M. Jackson, business men of Lubbock, is reported to be very ill at the J. B. Jackson home. His daughter, Mrs. W. E. Bray, of Tyrone, Oklahoma, is here to visit him.

Because of recent food riots in Berlin the police of that city have issued a proclamation against all processions or other open-air demonstrations until further notice.

In protest against the publication of the details of revolting crimes in the newspapers, resolutions have been adopted by the Men's Club of Wauwatosa, a suburb of Milwaukee. The members of the club have their objection on the bad influence that accounts of this character have on young persons and children, in the grades and high schools, who prepare topics on current events as part of their studies. Co-operation of other clubs and social organizations was asked in an effort to induce the publishers to present the news in a cleaner form.

CONSTIPATION

Constipation of the bowels is a stoppage of the sewerage system that removes waste matter from the body. It is as necessary that your bowels move regularly once each day, to carry off this waste, as it is that the waste pipes of your home be kept open and carry off the waste from the house. If you would enjoy good health, keep your bowels regular by taking Chamberlain's Tablets when needed.

The modern violin is superior to the ancient, according to the decision of a critical audience of music students and musicians of Paris. Six old violins and six of modern make were selected for the test. Among the old violins were instruments by Stradivarius, Guaragnini and Amati. All 12 were numbered and lots were cast for the order in which they should be played. Before an audience of critics, in a darkened conservatory, the player performed on each violin in succession. Like the audience, he was in the dark and could not know what violin he had in his hands. Each member of the audience held a voting card, and an easy victory went to the moderns.

England proposes to establish reservations for the wandering gypsy tribes of that country. It is estimated there are more than 20,000 gypsies in England.

COLDS

"Pape's Cold Compound" is Quickest Relief Known

Don't stay stuffed-up! Quit blowing and snuffing. A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks any cold right up. The very first dose opens clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness. "Pape's Cold Compound" costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

Lubbock Should Have MORE HOMES

There are not enough houses for rent—and still there are too many rent houses!

You will be a happier man, you will be more contented, your family will be happier, your town will be better, everything will be more pleasant, if the house you live in is your own. We will be glad to help you build a home in Lubbock, to help you start on the road to a substantial success.

SOME ASPECTS OF FARMERS' PROBLEMS

(Atlantic Monthly) Let us, then, consider some of the farmer's grievances, and see how far they are real. In doing so, we should remember that, while there have been and still are, instances of purposeful abuse, the subject should not be approached with any general imputation to existing distributive agencies of deliberately intentional oppression, but rather with the conviction that the marketing of farm products has not been modernized.

Another evil is that of inaccurate weighing of farm products, which, it is charged, is sometimes a matter of dishonest intention and sometimes of protective policy on the part of the local buyer, who fears that he may "weigh out" more than he "weighs in."

A greater grievance is that at present the field farmer has little or no control over the time and conditions of marketing his products, with the result that he is often underpaid for his products and usually overcharged for marketing service.

Last year, according to figures attested by the railways and the growers, Georgia watermelon-raisers received on the average 7.5 cents for a melon, the railroads got 12.7 cents for carrying it to Baltimore and the consumer paid one dollar, leaving 79.8 cents for the service of marketing and its risks as against 20.2 cents for growing and transporting.

Nature prescribes that the farmer's "goods" must be finished within two or three months of the year, while financial and storage limitations generally compel him to sell them at the same time.

The average farmer is busy with production for the major part of the year, and has nothing to sell. The bulk of his output comes on the market at once.

Farm products are generally marketed at a time when there is a congestion of both transportation and finance—when cars and money are scarce.

CHIEF OF POLICE HELPS YOUTH SECURE WORK Tuesday morning a man sleeping near the railroad, west of the city light plant, was noticed by one of our citizens who immediately made a report of it to the Chief of Police who made a hurried trip to the place and found a lad of about eighteen years on the ground, who stated that he and two other fellows had slept there all night, as they were out of money, and were not brassy enough to sponge on the public for the amount with which to purchase a bed.

Little as we might think about it, such cases as that are to be looked after with earnest desire to help out in every possible chance, as there is oftentimes that youths become without funds, and a little assistance at such times make a lasting impression with them. The people of Lubbock are to be proud of the work Chief Hufstetler is doing as he is doing a great deal more than is done by officers of other places.

THE FARMER'S WORST ENEMY—RATS. THE FARMER'S BEST FRIEND—RAT-SNAP! These are the words of James Baxter, N. J.: "Ever since I tried RAT-SNAP I have always kept it in the house. Never fails. Used about \$5.00 worth of RAT-SNAP a year and figure it saves me \$200 in chicks, eggs and feed. RAT-SNAP is convenient, just break up cake, no mixing with other food." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Cole-Merrick Hdw. Co. and City Drug Store.

A thought for today
 "We live in deeds, not years; in thoughts, not breaths; in feelings, not in figures on a dial;
 We should count time by heart throbs. He most lives
 Who thinks most, feels the noblest, acts the best."—Bailey.

The Baptist Ladies Auxiliary met at the church parlor of the Baptist church on Monday afternoon. Mrs. Miller had charge of the afternoon's program and gave an instructive and interesting paper on "Expanding the Foreign Missionary Horizon," pointing out the need for a closer study and deeper understanding of the problems involved in Foreign Missionary work. Other numbers on the program were:

"Work of William Carrey," by Mrs. Barnett.
 "Paul as a Foreign Missionary," by Mrs. Waldrop.
 "Work of Admiral Judson," by Mrs. Smith.
 "Early Missionary Work of Southern Baptist Convention," sketched by Mrs. Harris.

What Part Do We Have in Foreign Missionary Work? by Mrs. Wilson.
 Opportunities for Foreign Missionary Work since the Great World War," Mrs. Scott.
 The election of officers was held at the last meeting place for the year 1922. President, Mrs. P. J. Moore; Vice President, Mrs. G. W. Scott; Secretary, Mrs. I. J. Osborne; Treasurer, Mrs. J. E. Alexander. The "Year Book" plan was discussed, voted upon and accepted and a committee composed of Messrs. Bowen, Scott and Wilson are making the final arrangements. Mrs. Roberts was pianist for the afternoon.
 The Auxiliary meets next Monday afternoon at 2:30 with Mrs. F. N. Payne.

"Who Said Slumber Party?"
 One of the quaintest fetes of the week was given this Tuesday evening at the home of Mrs. Whipp of 902 Ninth Street, when Ethel Mae Whipp entertained the following girls with a slumber party on the occasion of her 15th birthday: Misses Adele Melton, Norma Mathis, Alma Mullins, Thelma Osborn, Ruth Miller, Ethel Sides, Margarette and Peggy Whipp.

At ten-twenty, Mrs. Whipp assisted by Miss Ethel Mae Whipp, served a delightful lunch followed with fruits and home-made candies.

Castleberry Party.
 Lubbock has long been noted as the leading city of the Plains, and this distinction is reflected, not only by Lubbock's progressive men, but in the social world as well. In the lady's Realm, we find a distinctive and originality combined with a rare charm found in the perfect hostess. Lubbock's art and standing in the social scale was demonstrated in fitting style Wednesday afternoon when Mrs. Dr. G. G. Castleberry entertained with a delightful Bridge Party in honor of Mrs. W. O. Stevens at her home on West Eleventh Street.

A touch of color and daintiness was added to the pretty living room by the artistic arrangements of American Basket roses as they smilingly nodded their heads from out the numerous bud vases in sweet welcome and approval as the guests arrived. There were five tables in all, with the following luncheon guests: Mesdames Sam Arnett, A. B. Conley, Hattie O'Hair and Curtis A. Keen. The hours slipped by joyously. At 4:30 a two course luncheon was served with Mrs. Fred C. Oliver and Mrs. Ellison as assisting hostesses. Delicious hot cream chicken and mushroom was served in party shells with toast sandwiches, ripe olives, cheese balls and coffee, constituting the first course. This was followed by a second vision of art and daintiness proving the hostess a real criterion in the delicate art of culinary. The second course consisted of pineapple nut, Bavarian cream, Layer fruit cake, spun sugar baskets with glazed grapes, served on amilax

leaves. The guests prize, in compliment to Mrs. W. O. Stevens, was a dainty hand-painted glass holder. The high score prize was won by Mrs. Jed A. Rix, being a half a dozen ice tea sippers.
 The guests of the party were Mrs. W. O. Stevens, Mesdames J. S. Johnson, Dick Arnett, J. T. Hutchinson, Roscoe Wilson, Hurlbut E. A. and A. B. Conley, Jed A. Rix, A. V. Weaver, Dr. Krueger, Powell, Sears, Winn, John Penny, Martin, Slaton, Wilkinson, G. C. Johnson, and Merrill.
 The party dispersed about 5:30, Mrs. Castleberry having remained as dinner guests, Mr. and Mrs. L. Martin, Mr. and Mrs. Fred C. Oliver, Mrs. Jarvis and Mr. and Mrs. Curtis A. Keen.

Idle Hour Club
 Mrs. W. K. Dickinson, Jr., entertained the members of the Idle Hour Club, Wednesday afternoon at her home, 691 Avenue I. This was a delightful afternoon for the members in attendance, those present being: Mesdames H. L. Hicks, Hubert L. Allen, F. C. McSpadden, Ed. D. Allen, J. J. Adams, Chas. E. Wright, Louie F. Moore and the hostess, Mrs. Dickinson. Mrs. T. H. Carter and Miss Anna Maree Moore, of Floydada, were the special club guests.
 Following several hours spent in needle-craft and games, the guests were served with a splendid course of salad on lettuce, peanut butter rolls, cheese straws, ripe olives, individual pies with whipped cream and tea. The guests departed at a late hour, declaring Mrs. Dickinson's a most excellent hostess. The club will meet next time with Mrs. F. C. McSpadden, 910 Avenue K.

The Auxiliary of the St. Paul's Episcopal Church met Monday afternoon at the home of Mrs. F. W. Thomas. The important discussion before the organization was that of the new cook book, which is now completed and ready for the press. Nothing is worth while without an effort—and the ladies of the Episcopal Church have spared neither time nor trouble in making this one of the most up-to-date cook books with some 250 tested recipes.

The Maggie and Jiggs Club were the guests of Mrs. Louie Moore of 1512 11th street on Wednesday afternoon. This was one of the prettiest parties of the week and the sixteen club members and guests spent a most enjoyable afternoon. A charm was added to the pretty rooms by the dainty arrangements of fern and carnations and the distinctive touch was noted in the artistic hand-painted score cards, miniature, Maggie and Jiggs and Daughter. An elaborate luncheon was served of chicken salad on lettuce with sandwiches, Christmas salad with nut bread and chocolate stuffed dates for dinner mints. The luncheon guests for the afternoon were Mr. and Mrs. H. E. Miller, Miss Moore, of Floydada, and Mr. Slagle.

The music lovers of Lubbock will welcome the coming of Miss Irene Swan to Lubbock, Miss Swan is recently of Tyler, Texas, where she has conducted one of the most noted studios in the state.
 Miss Swan is a graduate of the Guilman Organ School of which the famous William C. Carl is the director. Miss Swan studied under Carl for three years. Among her voice teachers we number the great masters of the day, viz: Fred Schlieder, the famous composer, Florence Turner Maly and Alice Gauge Mott and Andrew Sarto. Under these teachers she has had rare advantages in the world of music and we welcome her to our city, assuring her of our assistance in the establishment of a real choral club in Lubbock.

The regular meeting of the Auction Bridge Club was held at the home of Mrs. T. W. Thomas, 1508 Avenue N. There were four tables and the following luncheon guests: Mesdames Johnson, Jenny, Krueger,

Sears. After the club members had enjoyed a delightful lunch the pleasant afternoon concluded with a short business session. The next meeting will be held at the home of Mrs. Vickers the first Tuesday in February.

The following correction is made in reference to the Friday Needle Club. The meeting was held at Mrs. Edd Clark's, with Mrs. John Denman and Mrs. Parkhill as joint hostesses. The club will be the guests of Mrs. H. O. Waters on Friday afternoon.

The Annual All-Day Turkey Dinner, of the Wednesday Needle Club was held at Mrs. S. E. Cole, of 1909 Twelfth Street. There were twenty-two club guests in all with two dinner-guests, Mrs. Rutledge and Mrs. Adams. A delightful social hour was spent as the different guests came and went. The next meeting will be at Mrs. L. C. Ellis at three o'clock Wednesday afternoon.
 Mesdames Benson and Castleberry will be club hostesses Thursday evening when the 1916 Needle-Club entertains with a turkey dinner in honor of the husbands of the club members. The dinner will be served at the home of Mrs. R. D. Benson of Eleventh Street, after which a delightful evening entertainment will follow.

Mrs. Hattie O'Hare and Mr. Anna Faulk will entertain Friday afternoon at 2:30 with a 42 party at the Merrill Hotel.

MONROE NEWS ITEMS OF THE PAST WEEK

Our people are most all settled in their new homes and several new families were represented at Sunday School on last Sunday p. m.

We regret that the family of Jeff Scott moved away, but the community at Shallowater will gain what we lost in giving them up.

Miss Lola Scott of Shallowater, attended church and Sunday School here last Sunday.

Row McNeely's new home is being completed and is in a more desirable location than the house which burned, as it is out on the road south of where the old one stood.

Mr. Ward Crim is having a home built on his place, which will be occupied by Mr. Edgar Blakey and family during this year.

Welcome! Edgar and his Joe and those fine sons.

Monroe expects to be represented at Carlyle on the 5th Sunday and will perhaps sing in the contest. We have won the banner twice, and you would do well to sing up Carlyle, or we may put you second.

Our school boy team played basketball with Caldwell on last Friday and came away victors. Rah! for Monroe.

Some of our efficient Trustees and patrons put a fresh coat of oil on the floors of the school rooms on last Saturday.

Mr. Ribble, of Lubbock, who teaches at Vaughn, preached here last Sunday at 11 a. m. and 4 p. m., giving us two splendid lessons on prayer, and what prayers God has said he will not hear.

Adrain Merrill attended church in Lubbock last Sunday and family visited in the home of Henry C. Barber and family on last Sunday and Monday.

Mrs. S. H. Cox had for dinner guests on last Sunday, Mr. Ribble and the Grahams, S. A. and wife, and Andrew and family.

Mr. and Mrs. Greenhill entertained with dinner on last Sunday, Champ Stephenson and family and Mrs. L. E. Stephenson.

Mrs. Steve Collier is improving after a severe strain in her foot, which caused her to be crippled.
 Miss Bessie Collier, of Lubbock, a pupil in the Lubbock Business College, spent the week end with the Greenhills.
 Mrs. Ed. Gillett was absent from church last Sunday on account of illness.

The families of George and Willie Robinsons spent last Sunday in Lubbock visiting relatives.

Mr. Neal objects to the way his name was spelled in these items last week, for it called him Neal, but I will make my T plainer—the next time I mention him.

Mr. and Mrs. Will Harsey reports that our dear little sick girl, Miss Louise Bentley, is improving and we all rejoice and wish her a speedy recovery and hope to have her with us again soon.

The little child of Henry Hudnell and wife, was sick last week, but is improving.
 Hello! "Slat!" Is your ink frozen? Come tell us the termination of your romance.

MEBANE COTTON SEED

We have just received a car of Mebane Cotton Seed from Trigg Brothers & Co., growers and dealers, of Mebane Cotton Seed, of Lockhart, Texas, the home of Mebane Cotton Seed. Farmers who are interested in pure Mebane seed will please call and investigate our seed at once, as we do not expect this car of seed to last long. We stand behind every sack of this seed with our personal guarantee as we are getting them from reliable dealers and can personally recommend them.

HODGES BROTHERS
 General Merchandise 42-11
 H. W. Mitchell, of Brownfield, was here Wednesday and Thursday transacting business.

ABOUT HIGH PRICES

We neither claim to sell the cheapest goods on the market nor at the lowest prices. The goods we sell are the best and on them we try to realize a profit that is fair to ourselves. If you are treated fair and square you should be pleased—that's what you get here.

BARCLAY & DeSHAZO, Reliable Grocers

Merrill Hotel Block Lubbock, Texas

MOODY NEWS ITEMS OF THE PAST WEEK

The weather still remains cold and clear and too dry for much breaking of ground. But the farmers of this section are busy grubbing so, when rain does come the ground will be ready to work.

Mr. Guna of the Acuff neighborhood, we understand, is building a house on the land he bought in the Moody settlement. He is also putting down a well.

Mrs. John Swofford spent Tuesday evening with Mrs. Teague.
 Mr. A. E. W. White, who has been away some few weeks, returned home Friday. He came directly from Imperial, Texas. But while away he visited various places in Arkansas and Kansas. Mr. White is greatly elated over the prospects of finding oil upon his place near Gifford, Arkansas.

Mr. and Mrs. Tow visited at the Bill Murray home Monday evening. Bill Murray and Ullis King returned last Sunday from a two weeks trapping expedition. Together, they caught fifty-three coyotes in the two weeks. Mr. Murray caught two that were so large that the furs brought \$2 each, besides, he was getting a house of \$200. This made him \$10.00 on the two coyotes. Mr. Murray also trapped one big loafer, the first one seen in a long time, but it got away from him. Mr. Jackson, the man on whose ranch they were trapping, sent two cowboys in pursuit of the Lobo, but they failed to overtake it.

Mrs. Bill Chism spent Thursday evening with Mrs. Swofford.
 Mrs. Claud Havens spent Friday afternoon at Mrs. Teague's home.

Mr. and Mrs. Tow took dinner Sunday with Mr. and Mrs. John Swofford.

Messrs. King and Palmer and Mesdames Murray, King and Palmer, made a trip to Lubbock Tuesday. While there, Mrs. Murray bought a cornet, and since, Mr. Palmer has got a bass drum and he already had the snare drum. So Moody will soon have an orchestra.

The eagle at Mr. Rucker's poultry yard, spoken of in last week's Avalanche, was caught by Fred Reeves, a young man, of the Moody settlement.

Mrs. Lillie Swofford spent Saturday at the Claud Havens' home.

Quite a number of Moody people attended the contests at Ropes, Saturday afternoon. Two first honors were won by Moody. One was in goat roping and the other in the horse race. Dan (Slim) McClure won first money in the goat roping and "Smokie," the horse belonging to Mr. Longley, was the champion in the horse race. Smokie is the horse that won in the race at Moody, Christmas evening and he also won at Leveland last summer.

NEWS ITEMS FROM THE ROPESVILLE COMMUNITY

There was a good many out at Sunday School Sunday. We are glad to see them coming back to Sunday School.

We are still having cold weather, and no rain. The farmers are getting anxious for rain so they can put up their land in plenty time yet to make a crop in West Texas.

Mr. Millisap has gone down in Parker county, to see about his place down there. He is making some improvements for his tenants.

Mr. Chandler is building a new house on his land that he lately bought from Mr. Ed. Thorp.

Brother Ribble will preach at Ropes at three o'clock Sunday evening. Everybody come out and hear him.

Messrs. George Carter and Mr. Graves went to Leveland Monday, to pay taxes. Everybody pay your poll tax so you can vote.

Mrs. Gilbert-Northam was taken seriously sick and was carried to the Sanitarium Tuesday for an operation for appendicitis.

Frances McDonald went to Leveland Saturday to pay his taxes.
 Brother T. B. Sowell and Mr. Northam have gone down near the Rio Grande on a deer hunt.

Brother Swanson will preach here Saturday night, going to Leveland Sunday, then back to Ropes Sunday night.

There was a good crowd gathered at Ropes Saturday evening to see some goat roping and bronco riding and other exercises.

The play "Always in Trouble," Friday night, was enjoyed by a large crowd.

Mr. Tom Gregory has been visiting his uncle and aunt, Mr. and Mrs. Humphries, for several days. He returned to Temple Monday.

Mr. and Mrs. J. D. Crow got all of their household goods burned. They had gone away to visit a neighbor when it caught fire. It was one of A. W. Blankenship's tenant-houses. All the people around Ropes made up a nice posse and gave it to them.

Mr. and Mrs. H. H. Timmons invited in several guests Monday night for a social event, to celebrate Mr. Timmons' birthday. There were forty-five present. A nice supper was served, of turkey, sandwiches, cake and coffee. Everyone pronounced it the nicest entertainment this season, and wished Mr. Timmons many happy birthdays. We wished his birthday would come twice a year instead of once.

Doughnuts made daily at Martin's Bakery. 33-4f

Arnon Lowan and mother, accompanied by Miss Gladys Douglas, of Littlefield, were here Wednesday.

SHALLOWATER NEWS ITEMS OF THE PAST WEEK

The Sunday School teachers and several members of the Sunday School had a get together teachers meeting for improving and creating an interest in Sunday school Friday evening with the Supt., W. D. Crump.

The Junior young people were pleasantly entertained at the G. M. Mason home Friday evening.

Mr. Duke and family moved to Round Up the last of the week.

The Hardy Basketball team went to Lubbock Saturday, but failed to come back with any honors.

Mr. Henderson, from near Slide, was a visitor to our burg Friday.

School turned out early Friday afternoon and all that could, beg, borrow or buy a way went to Hardy school to play Basket Ball. County Line teams were also there. All went home with a game for each school.

T. B. Kincaid has been at Lubbock this last week, being called as a juror.

L. E. Baker went to Abertathy for a load of flour for his store Friday.

Brother Boyd, of Lubbock, preached an interesting sermon Sunday morning.

Mr. and Mrs. Jackson of Lubbock, attended Sunday School and church and visited with their daughters, Mrs. Holliday and Meadow.

A number of members attended Sunday School. That's right, new neighbors, we need and want every one of you to come and be with us. The young people enjoyed a party at Henry Mohoney Saturday evening.

G. M. Mason went to Sweetwater on business Friday.

Chester Merrill left on the 10:55 for a visit at the home of his parents in Hill County.

G. F. Sooter is on a prospecting trip to the Rio Grande. If the country suits him he expects to move down as soon as he returns.

Miss Cecile Grimes had several girls home with her for dinner Sunday. Misses Cunningham, Blair's and Miss Arvella Evitt.

Mrs. Carroll sold C. W. Evitt two turkeys Monday afternoon.

Sunday is singing day at Acuff and everybody is sure and come and bring someone with you.
 Mrs. Kelley was on the sick list Saturday and Sunday.

Brother Evitt will preach at Acuff Sunday morning. Everyone is invited to come out and hear him.

Mrs. M. J. Gregory, of Petersburg, is in a local sanitarium where she underwent an operation the first of the week.

J. C. Cromer Says Farming Profitable On the South Plains

J. C. Cromer was here from his farm, five miles southeast of town Tuesday with eleven thousand pounds of thrashed maize, and told an Avalanche reporter that he was better pleased with the Plains than ever before, as letters from relatives in his old home county in east Texas have convinced him that anyone who was fortunate enough to be on the Plains during the past few years has something to be thankful for, and with complete figures on the products he has to sell from his farm this year proves that he knows what he is talking about. From two hundred and ten acres of land, and with only three persons to do the farming, himself and two sons, under twenty years of age, he has gathered twenty-five bales of cotton, eleven thousand pounds of thrashed maize, thirty-five tons head maize, three thousand bundles kaffir, twenty-eight thousand pounds sudan seed, and five hundred and fifty bushels of corn, together with all kinds of garden truck which was raised from a one and a half acre irrigated garden.

Look these figures over and you will see that Mr. Cromer has something to be proud of in his Lubbock county farm. The figures do not seem so large now that all farm products are so far below ordinary prices, but it is a great deal better to raise a large crop during these hard times and receive little for it than it is to raise no crop at all and have less than nothing for the years work.

Look this country over from any angle and you will see that there is no way in the world to beat it as a producer for a service of five years, and then take a second look and fig-

ure how fast this section of West Texas is bound to become the most densely populated and most progressive area anywhere, and with a move on to make a few improvements in Lubbock that are to make it recognized by those who seek pleasant surroundings, where they might make their homes where future prospects beckon the investors attention, it will grow with the development of this section.

Woodrow Wilson's Name Is Cheered by N. Y. Women

New York, Jan. 16.—Several hundred men and women cheered every mention of the name of Woodrow Wilson today at the opening here of a campaign for \$1,000,000 to establish annual awards by the Woodrow Wilson foundation "for meritorious service in behalf of democracy, public welfare, liberal thought and peace through justice."

Tributes to the former president, his accomplishments and his ideals, were spoken by James W. Gerard, former ambassador to Germany; Henry Morgenthau, Carrie Chapman Catt, Augustus Thomas, playwright; Franklin D. Roosevelt, and others.

Mr. Gerard declared Mr. Wilson had been stabbed by hatred, envy and ignorance, adding that if the former president had been victorious in his aims, there would be no war clouds in Europe today.

"We cannot restore our champion to the lists, but the cause he championed is not lost," the former ambassador said.

"The cause of liberty had its ideal in Washington, it was personified in Lincoln, and it had its apotheosis in

Woodrow Wilson," was the estimate of Mr. Thomas.

Praise Him Now.

"Mr. Wilson does not need us, but we need him," the playwright continued.

Mrs. Catt declared the ingratitude of republics to be proverbial, and predicted the generations to come would proclaim the ideals of Wilson, as those who followed Washington and Lincoln would have reversed the judgment of their contemporaries.

"The time to tell Mr. Wilson he was right is now," said she. "If a later generation builds him a monument, it will not be a memorial, but an apology."

Mr. Morgenthau said the former president needed no defense. America is going to see its duty as Woodrow Wilson pointed it out and then perform it, he declared.

Tobacco Bill of Nation Double That of Education

New York, Jan. 7.—Miss Charlie Ormond Williams of Memphis, president of the National Educational Association, yesterday told a mass meeting of New York teachers and students at Columbia University that the association's aim is to put a competent teacher into every school room.

"The Nation's tobacco bill," she said, "is twice the sum it pays for education in all public and private schools from coast to coast."

Miss Williams said that of 700,000 school teachers in the United States, more than 30,000 teachers had not received more than an elementary school training.

Doughnuts made daily at Martin's Bakery.

Car of "Belle" Flour

PRICES ARE BACK TO NORMAL

At this time of the year, most folks and more especially the farmers lay in a good supply of flour, sugar and coffee, and right now we are perhaps in a better position than others to make you an attractive price on them.

On flour, we can make a low price as we buy by the car, and therefore have no middlemen's profits to pay. On sugar, we have as cheap as the cheapest price, and our coffee we are doing our own blending and roasting, and can give you both better quality and lower cost.

COME IN AND LET US SHOW YOU

MARTIN & WOLCOTT

PHONES 309-310

J. H. Goodpasture was here Wednesday from his farm four miles northwest of town. It is useless to say he had a lot of optimism to express about future prospects for the farmers here. He had just completed a brick flue and other improvements at his place.

Mrs. R. C. Simpson, of Spur, was here the first of the week.

Dr. Wagner, of the West Texas Hospital, left Tuesday for Kansas City where he will spend two days, then he will go to Chicago to buy equipment for the new building which they expect to occupy in the near future. He will be gone about two weeks.

In the school of peril dangers are lessons.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, they are more or less nervous, listless, and grope for food. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the appetite, and act as a General Strengthening Tonic for the whole system. Worms will then be expelled or die, and the child will be in perfect health. Pleasant to take. 50c per bottle.

Scratch pads for sale at this office.

Senator Kendrick of Wyoming Says Cattlemen are Facing Serious Problems in Many Sections of Country

Colorado Springs, Colo., Jan. 13.—Never before have the stockgrowers of the country been confronted with as many or as serious problems as those being faced today.

"The solution of our task," said Senator Kendrick, "lies along the line of patient and courageous co-operation on the part of all."

is to make Hens Lay Eggs and it does what it is supposed to do.

We Want YOU

to let us fill your coal bin; or sell you grain and hay.

Thomas Grain and Fuel Company

whom there is reposed more universal respect and confidence than our present Secretary of Agriculture, Henry C. Wallace.

"An important part of our legislative program is the enactment of a law that will prove a more permanent system of credits for producers of live stock than are now available.

In discussing market receipts, Senator Kendrick said: "One of the many causes that have contributed so largely to the distress and discouragement of live stock producers has been the unjust, and as we fully believe, the unnecessary increase in freight rates."

"Summarizing the problems which are to be solved, we must first contend for and secure an adjustment of railroad rates that will be based upon equity and fairness."

"Through co-operation with allied branches of our industry influences as we have toward increasing the consumption and thus the demand for our products."

SHERIFF'S SALE

The State of Texas, County of Lubbock. Whereas, By virtue of an order of Sale issued out of the District Court of Lubbock County, Texas, on a judgment rendered in said Court on the 15th day of December A. D. 1921, in favor of Louis A. Robinson, and against J. A. Caudle, No. 1493 on the Docket of said Court, and to me, as Sheriff, directed and delivered, I did, on the 4th day of January A. D. 1922, at 4 o'clock P. M., levy upon the following described tracts and parcels of land situated in Lubbock County, Texas, and belonging to J. A. Caudle, to-wit: All of Lots five (5) and six (6), Block Thirty-five (35), original town of Lubbock, Lubbock County, Texas, on the 7th day of February A. D. 1922, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M., on said day, at the Courthouse door of Lubbock County, Texas, in the town of Lubbock, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said J. A. Caudle in and to said property.

SALESMAN WILL MAKE HEADQUARTERS HERE

W. R. Harvey, representing the Wichita Mill and Elevator Company, of Wichita Falls, was here Tuesday and made arrangements with the Texas Land Exchange to have apartments leased for him in the near future, as he is going to make Lubbock his headquarters.

CAN'T DO THE WORK

It's too much to try to work every day against a constant, dull headache or sudden darting pain in the small of the back. Be rid of it. Try Doan's Kidney Pills. Your neighbors recommend them. Ask your neighbor!

C. D. Warren and R. W. Frank, of the Office Equipment Company spent Tuesday in Slaton selling typewriters and other items from their well selected stock.

T. W. Taylor was here looking after business Tuesday. He has a fine farm south-east of town, and said he has something to be proud of in his 1921 crop.

As a Matter of History Or a Comparison of Conditions Now and One Hundred Years Ago

A comparison of the conditions under which the United States entered the year 1922 with those of the corresponding year of the preceding century gives us renewed confidence, says the Trade Record of The National City Bank of New York, in the industrial and commercial future of

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by heating the inflamed and irritated tissues. A box of GROVES O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup. The healing effect of Hayes' Healing Honey inside the throat combined with the heating effect of Groves O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES' HEALING HONEY.

our country.—The population which in 1822 was less than 10,000,000 is now 107,000,000, or more than ten times that a century ago, while the population of the world as a whole has increased but about 150 per cent meantime. Our international commerce even in the present moment of depression is 60 times as much as that of a century ago, having grown from \$109,000,000 in 1821 to nearly \$7,000,000,000 in 1921, while international commerce of the world in 1921 may possibly be 40 times that of a century ago when it stood at \$1,659,000,000.

This growth with us has been largely due to increased facilities of transportation. In 1821 our great Mississippi Valley with its wonderful producing possibilities had but about 2,000,000 people, and their only method of sending their products to tide-water was by the rivers and the Great Lakes, for even the Erie Canal was not yet finished at that date and steam railways for commercial service were then a thing unknown in any part of the world. Of the 750,000 miles of railway built in all the world since 1921, over one-third was constructed in the United States, chiefly to connect the great interior with the ocean frontages, and the "Middle West" which had then 2,000,000 population has now 50,000,000 and is not only the world's biggest producer of grain and meats, but is turning out over one-third of the manu-

facturers of the country. The manufacturers of the whole world in 1822 are estimated by Mulhall at \$4,250,000,000 while our census of 1920 puts the value of those of the United States alone at \$62,000,000,000 or nearly 15 times that of the whole world a century earlier. With this tremendous growth in our manufacturing industries our exports of domestic manufactures exclusive of food stuffs have grown from less than \$3,000,000 in 1821 to over \$2,000,000,000 in 1921, or 250 times as much in the "lean" year just ended as in the corresponding year of the preceding century. With this increase in industrial, commercial and business activity has come a corresponding advance in the financial requirements and supplies, and the total "money in circulation" which was officially reported at \$97,100,000 in 1820 is officially stated at \$5,676,717,000 on December 1, 1921. Meantime the centers of industry and business have grown amazingly, the population of New York having increased from 130,000 in 1822 to over 6,000,000 in 1922, Philadelphia from 108,000 to nearly 2,000,000, and Chicago from "a hamlet of log houses inhabited by less than 100 people" in 1830 to approximately 3,000,000 in 1922.

Not all of this growth in the industries and prosperity of the country has come from a mere increase in population, for our area has doubt meantime, the total area of the United States having grown from 1,792,000 square miles in 1821 to 3,620,000 square miles, including Alaska, at the present time. Our additions of territory since 1822 consist of Texas, Arizona, New Mexico, and the entire Pacific frontage, and thus includes enormous additions to the agricultural and mineral wealth of the country.

Thus the year 1922 finds the United States the world's chief agricultural, manufacturing, commercial and financial nation. The possibilities of a further expansion in all these lines are found in the fact that with our population, exclusive of Alaska, is still only 36 per square mile or less than one-tenth that of certain of the most prosperous of our European neighbors.

MOTHER! OPEN CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Your little one will love the "fruit" taste of "California Fig Syrup" even if constipated, bilious, irritable, feverish, or full of cold. A teaspoonful never fails to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the sour bile, and undigested food out of the bowels and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

Judge Otis Trulove and H. C. Pipkin, of the firm of Madden, Trulove, Ryburn and Pipkin, Santa Fe attorneys of Amarillo are here looking after legal matters in District Court, regarding Santa Fe damage suits pending.

NOTICE TO REAL ESTATE MEN My property is off the market. Govern yourselves accordingly. G. S. DeBardeleben. 412.

Silence is lovers' rhetoric.

SOME RAPID PROGRESS MADE ON THE PLAINS

What the Plains is doing in the way of developing, and what we expect to do in the future has been the subject of more than half of the reading matter in past issues of the Avalanche, and that we have something to be proud of is shown in a letter received by us from an old timer on the Plains, who is now at Santa Anna, John R. Havens, Route 1, Box 34D.

A part of the letter is as follows: "I wish to give you a little information that you can use as a basis to prove the growth of your county in a little more than two decades. Under the head of Enrollment of the Public Schools by counties for the year ending August 31, 1907, Lubbock county with Cochran, Hockley and Lynn all embraced in one school district, the four counties had a scholastic population of 84."

We are very grateful to Mr. Havens for this information, for especially do we like to have the outside people know that our present growth has been made in these few years from such small figure.

FISHER CO. MAN SAYS PLAINS CANNOT BE EQUALED

J. H. Martin, of Fisher county, formerly a farmer of the Abernathy section, was here the first of the week looking after business matters. "I think there is no place on the globe that will beat the South Plains as a farming country, and from the way this country is developing it looks to me like everybody knows its value," he told an Avalanche reporter.

The people who know the Plains know there is no argument against this being everything Mr. Martin said it is, and we are sure that the rapid development of the country is greatly helped by such boosters.

AUCTION SALE OF REGISTERED HEREFORD CATTLE

Mr. Hereford breeder, on Jan. 23, 1922, at Spur, Texas, beginning at 10 A. M., I will hold my first annual sale of pure bred cattle, consisting of 18 cows, bred to Prince Rupert 43; three of these cows sell with their calves at foot. Seven coming 2 year heifers, 6 coming yearlings, and 7 one and two years old bulls. The cows have the standard blood lines and were secured from the famous R. V. Colbert and Son herd. The young stuff is of Prince Rupert and Majestic Ruler blood. Come to this sale and buy of the best of blood lines and at your own price. Nothing listed above reserved, everything sells. For further information, Address Chas. Whitener, Spur, Texas, 39-4

The only consolation about cheap meats is the pleasure you had in paying for them.

Believing that you buy meat because you want to eat it, I am killing fat, corn-fed cattle and it doesn't cost you any more either!

SID CARAWAY [HIMSELF]

OPPORTUNITY NO. 2

Opportunity No. 1 is now gone, as we have just completed the sale of 6000 acres in Hockley County, and in the securing of Opportunity No. 2 we feel we have a proposition that is as good as a Homeseeker's Chance—Can't Be Beat.

HERE IS YOUR CHANCE TO GET A HOME OF 177.1 ACRES

PRICE IS \$18.00 PER ACRE, and for the next six years your payments, with interest added, will not exceed one dollar per day.

TERMS AS FOLLOWS:
Amount you pay CASH is \$3.00 per acre.....\$531.30
You assume \$8.40 per acre (due Sept. 17th, 1922, interest payable in advance Sept. 17th each year at 5 1/2 per cent).....\$1487.65
Balance to be paid in Six Notes, (each for \$194.81 at 7 per cent interest payable annually on December 1st.).....\$1168.85
The Cost of 177.1 acres at \$18.00 per acre is.....\$3187.80

LOCATION:—In Bailey County, Texas, Northwest of Lubbock, 15 miles west of Sudan and 10 miles south of Muleshoe, the county seat of Bailey County. The above towns are all on the main line of the Santa Fe Railroad.

DESCRIPTION:—One of the best farming counties on the South Plains, practically level, and 99 per cent tillable. We consider the quality of the SOIL the best on the Plains—peculiarly adapted to the growing of COTTON, Kaffir, Milo, Feterita, Sudan Grass, Cane, Corn, Wheat, Oats, Millet, and is one of the greatest Dairy, Hog and Poultry countries in the South. SOIL is a sandy loam, very rich and fertile, drouth resisting and easy to cultivate.

WATER:—An abundance of excellent WATER is available at a depth ranging from 50 to 100 feet. The rain fall here is that of the entire South Plains Country, from 22 to 25-in. annually.

We leave Lubbock on TUESDAYS and FRIDAYS of each week at 5:53 A. M. on train for SUDAN, where we have closed cars to take you out to inspect this LAND, and if you buy we pay your Rail Road fare both ways.

If you are interested in the above LANDS, or other LANDS in this section of the Great South Plains, and want further particulars, and unbiased information about LANDS in this country see.

A LITTLE BOOKLET EVERY TEXAS FARMER SHOULD HAVE

The Thirty-Third Annual Report of the Texas Agricultural Experiment Station, A. and M. College, has recently come from the press and contains the very newest and best information for the farmers of Texas who are engaged in a business amounting to more than 725 million dollars annually. If one desires information about proper feeding and breeding of animals or treatment of animal suffering from diseases or insect pests; proper fertilizer and cultivation of field crop or their protection from the ravages of plant disease and insects; what is best to do to provide ample fruits and vegetable for home or for market; how to study the fertility of soil or the value of feeding stuffs and fertilizers; how different varieties of corn, of cotton and various other field crops compare with one another in production under fair tests in different sections of the State; how higher yielding strains of different crops are being developed and distributed by the Station; or, in general information on the economics of farming and ranching, he should, by all means, read this report, which contains eighty pages describing in a general way and in simple language, the diverse activities of the Experiment Station system.

As long as the supply lasts, this report will be mailed free to any person in Texas, if request is made to E. Youngblood, Director, College Station, Texas.

Fear the means of helping upwards! understanding and realization that!

NO QUARTER FOR CRIMINALS

The flood of crimes against property—thfts, spectacular and petty; holdups, sensational and everyday; swindles, big and little, that fill the newspaper columns these perilous days probably is the last effort of those who would evade real work. Spoiled by high wages and easy hours that ruled during the flush times—when the man who really worked was actually unusual—these hangers-on of industry have never been able to bring themselves down to the level of hard work. They are still seeking "easy money" and when it no longer is possible for them to "get by" with the schemes that were so easy and profitable then, they turn to the other methods, which meretriciously seems to furnish an easy livelihood.—Denton Record-Chronicle.

Correct, entirely. The bandits, footpads, safe blowers, burglars and thieves in general are murderous and destable brutes whose main ambition in life is to obtain easy vintings for themselves and their vagrant women. They choose deliberately to prey upon the industrious and frugal in order that they may squander in sordid cities, in the company of squalid associates of both sexes, the fruits of murder and arson and theft. There is nothing that makes a sensible man more disgusted than to hear a maudlin sympathist telling an audience that bandits and buccaneers and highway-men and pay-roll robbers are "sick men" and should be treated in hospitals rather than in prisons or on the gallows. They are not sick men. They are mean men, as mean as the devil can make them. They have no place in a hospital. Their place is in jail or underground. They deserve no consideration, no countenance, no mediation by honest people. They should never be allowed bail when the examining Magistrate is convinced of their guilt. There has been too much leniency with this class. Leniency, the availability of bondsmen and attorneys whose profits come of the swag, has induced a condition so closely akin to anarchy that the difference is barely discernible. Unless there shall be a different attitude assumed by the administrators of the law and by society we may come into a condition equivalent to that of the most barbarous land. In fact, there is no so-called civilized land in all the world where crimes of violence are so common as in our country.—State Press.

There should be no quarters shown for criminals from the lightest crime up, the maximum penalty should be given. This would soon have the effect of stopping so much crime and much less lawlessness would be found in the land. To accomplish this, the best people of the community must begin an earnest effort to place men in every office that has to do with the enforcement of the law, who will carry it out to the letter and then back these officers in their efforts to do so. This can be done by going to the polls and voting, serving on juries when called upon instead of hunting for an excuse to get off, and by close co-operation in every way. Show criminals no mercy!

RIGHT OFF THE BAT

- January, 31st is the last day.
- Be calm, but pay your poll tax.
- Don't shove, but pay your poll tax.
- Before you forget, pay your poll tax.
- Do you pay rent? Pay your poll tax.
- Come to Lubbock and pay your poll tax.
- Are you a candidate? Pay your poll tax.
- Do you own a Home? Pay your poll tax.
- Are you out of a job? Pay your poll tax.
- If you are 21 years old, Pay your poll tax.
- Pay your poll tax and pay your wife's poll tax.
- Just nine more days in which to pay your poll tax.
- Are you interested in Lubbock? Pay your poll tax.
- Every preacher should say pay your poll tax next Sunday.
- Are you a citizen or do you just live here? Pay your poll tax.
- Are you going to live in Lubbock all this year? Pay your poll tax.
- Are you going to be a Chinaman after the first of February? Pay your poll tax.
- Do you care a flip whether we have the best schools on the Plains? Pay your poll tax.
- If you are sixty years old soon enough get an exemption certificate. You may want to vote.

Grain and Fuel Company

The City Commission is getting everything ready to advertise the delinquent tax list of the City of Lubbock, and from what we can learn they are expecting to go full length in the effort to collect all the delinquent taxes. That sounds like good business. We know that it is justice and the only fair way to do. As we have stated before there is no sense in a lot of us fellows paying our tax, at a higher rate, in order to make up for a bunch of disgruntled who live in Lubbock, but are not really citizens, for a person to be a citizen of a town or country, he must give in return for the privilege of living in same, his allegiance, which means fidelity, devotion and loyalty, and one cannot claim loyalty, until they have done their duty—their part—in the affairs of the City, County, State or Nation in which they reside. Be a citizen of the highest class. Pay your part of the taxes. Tote fair with your neighbor. Render true allegiance to your community!

We have had much to say regarding the evils of the city. We are not taking back one single word of what we had printed and will add several hundred more, when we think the other has had time to soak in, but while we are saying those things we are mindful that there are thousands upon thousands of good people here, who are doing many good things every day, who are helping to build Lubbock, who are making the town better by their good acts. Who are straight, religious and patriotic. These people are appreciated and their good work will go down in history, and their efforts along this line will be looked back upon fifty years from now, as the foundation stones on which the city of Lubbock is built upon.

Some people throw up their hands in horror, and vow the country is going to the dogs, when they read that R. C. Dunn & Co., credit investigators, announce that American business failures in 1921 totaled 19,652. This is a big casualty list, we will admit, but it should not scare business men into the cyclone cellar. In 1915 there were reported more than twenty thousand failures. Nearly two million firms were doing business in 1921 and the failures were only about one in a hundred. If a cyclone crosses the country and leaves 99 trees standing out of a hundred it is not considered much of a storm. Let us give more thought to making business better, and establishing it upon a sounder basis, and quit so much calamity howling.

There is a splendid collection of good books stored away somewhere in Lubbock, that were used for a while as a public library. These may be accessible to the public now, but if they are we are ignorant of the fact, and we have not heard of very many others who have secured any books from this source during the past year. We think surely this could be remedied, and the books would furnish quite a lot of good reading to the people of Lubbock. They should be kept in some down-town place, where the people could get to them when they want them.

Aching about business being bad will not cure it, but will rather make it worse. A fellow with a bad case of the backache is not going to cure it by howling or "aching." The thing to do is to apply some well known remedy that will hit the spot and relieve the pain. The same is true about business. If business is bad, get a hustle on and make it better. The hen does not quit scratching because the worms are scarce, but scratches the more. Keep on hustling!

A person without a poll tax receipt will be in a bad fix when it comes to voting on some of the important matters this year. You had better buy one for yourself and wife and old maid sister before the sale is off, January 31st. That is the last day. That four hundred thousand dollar bond issue for city improvements and that hundred and twenty thousand issue for a school building, and many other things will come up, and you will surely want to vote.

Have faith in Lubbock! Believe in Lubbock! Know more about Lubbock! Take a real active interest in the city, and believe in it, not in a passive, colorless way, but vigorously and actively. Let us not go in for the new year's work without faith in the accomplishments of the things we need to do, and put on full steam ahead, and make Lubbock the city that she has every right to be.

Begin now to get ready to increase in the buildings on the fair grounds, and get ready for the biggest fair this fall that has ever been pulled off on the Plains. This is the expectation of every progressive citizen in Lubbock County, and even some of the knockers are admitting that it looks like this is going to happen in spite of every thing they can do to hinder it.

They tell us that it would take a tremendous lot of sweet potatoes to keep a potato curing plant running in Lubbock. Well, there could be a great amount of potatoes raised in Lubbock, too, if people only knew that they could have the spuds treated so that they would keep on the market.

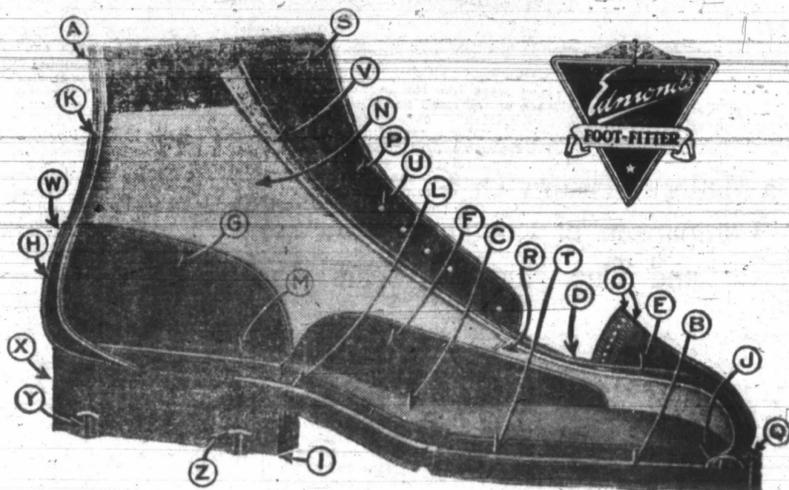

West Texas is making a wonderful showing in matters of construction. Every few days bonds are voted in some progressive community for things that are needed in the way of public improvements, and in this way the Western part of the State is leading other sections.

Some of you ladies who failed to pay your poll tax or failed to vote last year on the school tax will have to buy a chair for your child to sit in next school term if you do not provide yourselves with the real up-to-date poll tax receipt.

People who have a few thousand dollars surplus money could do no better than invest it in rent houses, either business or residence. It is a sure return on the investment, and it is a town building proposition too.

Fort Worth is bereaved on account of the death of her pioneer citizen, Captain Paddock. He has been a leader in the building of Fort Worth, and his departure will be keenly felt by the people of that city.

"FOOT-FITTERS"

"FOOT-FITTER" SPECIFICATIONS

- A—FULL GRAIN CALFSKIN RICH MAHOGANY SHADE.
- B—FIRST QUALITY TEN IRON OAK OUT-SOLE.

Stronger Juries

Now that the jury system is considered weak and ineffective, it would seem that the system of excusing prospective jurors ought to be rigid, like the military system during war time. Frequently one drawn for jury service is excused without much difficulty on his part. But during war time many a young man claims exemption, but it is not granted until the case has been well considered by the authorities at Washington. It is our opinion that, if the courts were more rigid in granting excuses to prospective jurors, the status of the jury system would be improved to a considerable degree. It would do much in eliminating the professional juror and the questionable character, men to whom justice has little or no meaning, and instead the jury would be then composed of men and women, possessing ability and character.

It is probably obvious that under the new order of the shod and the best, in fact, the most substantial citizens from all walks of life, could be selected for jury service, to see that superficial sentimentalism, emotionalism and sensational oratory would not overpower justice, as has been the too often in the past. Especially is this true in criminal court, when a verdict is sometimes rendered in favor of one perhaps guilty of the crime, but the defendant is exonerated on account of a clever, sympathetic argument on the part of his counsel and adviser, an oratorical effort which carries the average jury as a storm does the limbs of a tree in summer.

In 1890, the late Judge Waite said that "if criminal juries were composed of strong-minded men, crime would decrease to a large degree." That is true today. It is true at any time. There has been and is a portion of jurors not endowed with sufficient ability to render a verdict in a case in which there may be a moral question at stake, and consequently the cause of justice has been and is defeated on account of incompetency and moral instability. To maintain justice, to see that right wins over

wrong, to see that the weaker portion of society is protected in legal actions, we must have men and women strong enough to render in favor of the right at any cost.—Fort Worth Record.

BILIOUS HEADACHE

When you have a severe headache, a disordered stomach and constipation, take three of Chamberlain's Tablets. They will correct the disorders of the liver and bowels, effectually curing the headache.

Jack Parker, of Abilene, was here the first of the week transacting business.

Doughnuts made daily at Martin's Bakery.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running or watery ear, a deafening hum or buzz, or a ringing sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface of the Eustachian Tube. HALL'S CATARRH MEDICINE acts thru the blood on the mucous surface of the system. We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. Circulars free. All Druggists, etc. F. J. CHERRY & CO., Toledo, O.

Harry Burrus left a local hospital Tuesday for his home at Slaton after having undergone an operation several days ago.

Business and Social Conditions Need Readjusting, Says Prominent Attorney at Amarillo in Address

At a recent meeting of the Lions Club at Amarillo Judge Hall was on the program for a talk on the social conditions of Amarillo and a summary of the Judge's talk as given by the newspaper reporters goes about as follows:

That in assigning him his subject the program committee had correctly assumed that business and social conditions needed readjustment and uplifting in Amarillo and that this was true, not only in Amarillo, but a great part of the civilized world. He briefly outlined some of the conditions, referring to immodest dress, immoral mid-night joy riding, gambling, improper moving pictures and the extreme immorality of the modern dance. He said these things were

not so much evils as the outward symptoms of an evil condition; that they were like the pustules on the face of the small pox patient or the red blotches on the skin of the measles patient; they showed that the system was full of poison and virus; that civic reformers were advocating many remedies, one of which was more laws and more courts; the other was more and better enforcement officers.

Judge Hall said that many clubs and many pulpits were thundering against these evils day after day and week after week, but did not seem to be getting very far with it; that one of the latest remedies was the K. K. K. The speaker said he did not know that he could name a single

member of the order in Amarillo; that he had not been asked to join if they asked him; that on account of some criticisms from some quarters if true, its methods could not be approved; that he held no brief for the Klan but had been informed that an enforcement officer had said that since the recent parade bad men and worse women had quit Amarillo like rats quitting a burning building, and that enforcement officers had very little to do; that it was further claimed that there had been a greater percent of convictions during the last term of the district court than at any time for several years; that several notorious dives had been cleaned up; that if this was true he was not yet prepared to condemn it; that you must judge every organization from the Ku Klux Klan up to the church by the fruit that it bears and that he thought its right to live depended upon whether it was in the hands of good men or bad ones; that the same could be said of all churches, clubs and lodges; and that a church that resorted to political or commercial injustice was the worst of any. That it had its dangerous features, like every other organization that was not founded upon the rock which Christ referred to in his peroration to the sermon on the mount; that as long as we build upon any other foundation, whether religiously, socially, commercially, nationally or individually, we must expect when the rains descend, winds blow and the storms beat upon our buildings, to see it collapse.

The Lions Orchestra rendered lively music at intervals throughout the program, and announcement was made that the program for the next meeting will be in charge of the Grievance Committee.

POULTRY NETTING

Prepare to Keep Your Chickens and Garden From Bothing Each Other

We have just received a large shipment of poultry netting and are prepared to supply your needs for this kind of fence. Our netting is made of wire that was galvanized before weaving the fence. This insures a perfect covering of all wires with the zinc coating. It does not leave the places where the wires cross or are twisted together without a good coating. This makes a better fence as there are no places to rust out and weaken your fence.

We have one-inch mesh netting in the following heights: 12 inches; 18 inches; 24 inches and 36 inches.

Our stock of two inch mesh netting includes the following heights: 18, 24, 30, 36, 48, 60 and 72 inches.

Come in and get your poultry fencing while our stock is complete.

SLIDE ITEMS FOR THE PAST WEEK

We are still having pretty weather at this writing. Everybody would be very glad to see some kind of falling weather so they could begin to list up the land for another crop.

Those in town Tuesday were Messrs. J. C. Stanford, Earl Ellison, Leonard Davis, G. C. Richey. Those going Thursday were Woma and Villa Davis and Herschal Davis, B. T. Sumner, C. A. Hubbard and wife and Mr. Farr.

A Mr. Parker and family from Slaton are moving into our community. We are very glad to have all the new comers.

Mr. Roy Dupson made a trip to Lamesa the first of the week, returning home Wednesday.

Mr. Luther Harris was in the Ropes Community Thursday.

Mrs. H. T. Bateman and little daughter Mydonna visited several days with relatives at Lubbock.

Messrs. Joe Bailey, Reiger, T. J. Davis, H. T. Bateman were in town Thursday.

All the neighbors around helped W. B. Copeland kill hogs Thursday. He was very grateful for their assistance.

Mr. Edd Schroeder from near Lubbock was out to the place where he lived last year.

Mr. Guthrie is wearing a smile on his face now, as he has a new granddaughter.

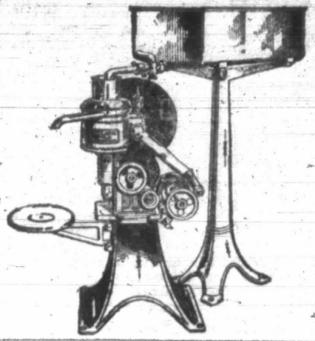

Those that were in town Friday were J. C. Stanford, C. A. Hubbard and wife.

There was a party given last Thursday night at Mr. and Mrs. Russell Ham's home. There was a large crowd present and everybody reporting as having a merry time and wished they would give another party soon.

Several of the young men from Cardale attended the party all of their names were not learned. We

is candy-like Cascarets. One or two tonight will empty your bowels completely by morning and you will feel splendid. "They work while you sleep." Cascarets never stir you up or gripe like Salts, Pills, Calomel, or Oil, and they cost only ten cents a box. Children love Cascarets too.

PARENTS AS EDUCATORS

Something To Take Care Of
By Lydia Lion Roberts.

"Oh, mother, I wish we had a cat or a dog or a baby—or some kind of an animal," sighed the little boy one day. He was expressing the natural desire every child has to care for and protect something smaller than himself. This is a very good wish for a child to have and the wise mother uses it at once to develop a feeling of tenderness and responsibility.

The cat and the dog and the baby should be in every family if possible, but there are other ways to please the child if these are out of the question. One mother put a bowl of goldfish on a low magazine stand, and let her little boy feed them each day. He was interested in watching their habits and he and his mother often talked about the tiny, beautiful fishes. Another boy was given a geranium at a church concert and cared for it all winter. He was very proud when it blossomed before his brother's did and watered it carefully every morning.

A small bed of pansies was given to a little girl one spring day, and she was told it was her flowerbed to care for. Her mother suggested that she supply the table with pansies, picking a few at a time for a low dish, then showed the child how to combine colors to make lovely effects. The little girl learned many things about flowers that summer and tended her garden faithfully, with love in every touch she gave the pansies.

The boys have their games, the girls have dolls, but there do not satisfy the need for something alive, something that grows, and shows the results of care and attention. A kitten, a puppy, some rabbits, a few white mice, whichever suits the needs of the family best can be easily supplied, if the mother thinks it over. Of course it will be a little more care for a mother in one way for she must see to it that the child does not shirk the responsibility after the novelty wears off, but with gentle firmness the child's own "growing thing" may become the means of helping towards an understanding and realization that

all helpless things need constant, steady love and care from the stronger ones of the world.

U. S. COURT AT PECOS WILL NOT BE MOVED

Stamford, Texas, Jan. 18.—Messages were received today by the West Texas Chamber of Commerce from Senator Morris Sheppard and Congressman C. B. Hudspeth, correcting the rumor which was circulated a few days ago, that a bill had been introduced to transfer the United States Court at Pecos to El Paso. The telegrams stated that the bill simply transfers the Pecos court from the Del Rio division to the El Paso division. This it is believed will be a benefit to both the court and the litigants.

LOCAL MAN IN KANSAS CITY TO PURCHASE NEW STOCK

E. C. Simmons of the Simmons Furniture Company, left Monday for Kansas City, to purchase new goods for his store.

Business in every line has been exceptionally good as compared with conditions in other sections, and we are in hopes that it will grow better as the activities of making the new crops advance.

C. W. Puckett, of Forties, New Mexico, who has been here for several days visiting at the home of R. C. Randolph, left Wednesday for Sweetwater.

G. L. Mills, Proprietor Lubbock, Texas

PLANS FOR THE 1922 CROP SHOULD BE MADE MADE; DIVERSIFY AND KEEP COTTON ACREAGE DOWN

Now is the time for our farmers to begin planning for the coming year, if they have not already done so, and this planning should be done

with careful consideration of the needs of the country. The demand for our agricultural products will be governed largely by the buying power of the public at home and abroad. With the demoralized financial condition of the whole world it will be easy to produce an oversupply of any given commodity. There is already a big surplus of corn in the United States as a whole on account of the inability of the European countries to buy it, but our Texas conditions are different. The feed crops were very short in all parts of Texas except the Northwest portion and consequently there is a greater demand for our grain sorghums and corn than for many years past.

Before our country can become permanently prosperous we must put ourselves upon a well balanced farming program, producing at home all the food and feedstuffs necessary for home consumption and a surplus for the non-producing public. The demands, under normal conditions, for our agricultural produce is about constant; so the only sensible thing for us as producers to do is to try to produce a constant supply of our various commodities. An overproduction and a slack demand one year is apt to be offset the next year by an under production and an increased demand. So if we will confine ourselves to a normal acreage of the various commodities, the chances of

our receiving a fair price for all our produce would be much better than with our present methods of going from one extreme to another every year. 1921, for instance, was a very favorable year for the cotton farmer, as the crop was very short as compared with normal years and cotton brought a good price. Had the demand been normal there would have been a serious shortage in this commodity, but as it is there is enough to supply the demand.

The acreage planted to cotton in 1921 was only about 11 per cent less than in 1920, and had it not been for the boll weevils and the drought we would have produced practically a normal crop and the result would have been that we would again have gotten a price below the cost of production, and we would have carried over a big surplus. The Plains country showed a greater net decrease in cotton acreage than any other section of the country, the decrease being conservatively estimated at 33 1-3 per cent. On that account this section as a whole might be justified in a slight increase in the acreage, but it should be borne in mind that an unlimited increase in the cotton acreage this year will be nothing short of a calamity.

Nathan Adams of Dallas, probably the most prominent banker in the South, is very frank to admit that an overproduction of cotton this year or even a normal production will put the South back to where it was in 1920. Farmers have it in their power to make cotton worth something or to make it worthless as collateral to secure loans with which to make a crop. Bankers should be slow to loan money to a farmer who is pinning his fortune to cotton.

Plan to grow all the vegetables, meats, poultry, and dairy products needed for home consumption with a surplus for sale.

Plant enough feed to satisfy your needs in case of a dry year, and not merely enough in case of a maximum production in a favorable year.

Balance your cotton acreage with other crops and practice crop rotation every year.

Let the cash crops be your profit for the years work.

Put a safe, sane and well balanced farming program into effect and follow it every year. This plan will pay in the long run.

J. W. JENNINGS,
County Agent.

TOT RUTLEDGE RELEASED ON \$6,000 BOND HERE

Tot Rutledge, who was found guilty on hijacking and sentenced for five years in the penitentiary in the District Court here Friday, January 13, has been released on a six thousand dollar bond.

Defendant has appealed his case to the Court of Criminal Appeals at Austin.

State Representative R. A. Baldwin, of Slaton, was here Tuesday, transacting business and attending District Court.

ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Gout, Toothache, Lumbago, and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoacet-

As a Matter of Fact---

THE H. E. MILLER GROCERY
2 Phones

CHIROPRACTIC and AVIATION

The airship is one of the wonders of the twentieth century, but unless kept in the best condition all the time, it cannot do the work required of it.

All its parts must be in perfect adjustment, and are gone over carefully by experts before being used.

The human body is the most wonderful machine, not of this age alone, but of all ages. Yet it is a deplorable fact that thousands neglect it and pay no attention to the care of its delicate and intricate machinery.

For centuries those in the business of so-called "Healing" have been "Treating" the EFFECT instead of adjusting the CAUSE of Disease, so that it is a wonder the human race has not become extinct, or, at the best, in a condition of degeneration long ere this.

The Drugless Health Science of CHIROPRACTIC has, however, come to the rescue of this twentieth century.

This science teaches the law of CAUSE and EFFECT. It pays no attention to the EFFECT, but locates the CAUSE of so-called disease and adjusts it.

The human machine, like the airship, must have every part perfectly adjusted, otherwise there will be a lack of EASE, commonly called DISEASE.

The keystone to this machine is the SPINE, or BACKBONE. The vertebra (small bones of the spine) must be in perfect alignment.

If any of these are out of alignment (subluxated) they cause an impingement (pinching) of the nerves emitting from the spinal column and the Vital Force flowing from the brain through these nerves to the various organs is interrupted, causing Disease in that particular organ which should be supplied by the Vital Force.

The competent Chiropractor, who is a human machinist, locates the subluxated vertebra, puts it back in alignment. With His Bare Hands Only, by means of Chiropractic Vertebral Adjustments. The impingement is released, the Vital Force flows uninterruptedly to the various organs, HEALTH is the result, and your human machine is in perfect running order.

MAGGIE AND JIGGS 42 CLUB ENTERTAINED

The regular meeting of the members of the Maggie and Jiggs Club was entertained at the home of Mr. and Mrs. Louie Moore Tuesday evening, with Mrs. Wright as joint hostess.

Four tables were used where many interesting games were played, following which a delicious lunch of hot chocolate, chicken and vegetable salad, creamed bananas and pineapple with cherries and fruit cake were served.

Mr. and Mrs. H. L. Allen joined the club and will participate in the meetings hereafter.

High score for men was held by H. L. Hicks, and Mrs. E. E. Hailey won over the ladies, with Mr. and Mrs. H. L. Allen, new to the game, holding the booby score.

After a greatly enjoyed evening the guests departed, expressing themselves highly appreciative of the manner in which they had been entertained, assuring Mesdames Moore and Wright that they have something to be proud of in the success of this meeting which they so ably conducted.

NEXT DOSE CALOMEL MAY SALIVATE YOU

It is Mercury, Quicksilver, Shocks Liver and Attacks Your Bones

Calomel salivation is horrible. It swells the tongue, loosens the teeth and starts rheumatism. There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Calomel is a dangerous drug, besides it may make you feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No salts necessary. Your druggist says if you don't find Dodson's Liver Tone acts better than treacherous calomel your money is waiting for you.

SILVERTON GARAGE HAS HEAVY FIRE LOSS SAT

Silverton, Briscoe Co., Texas, Jan. 14.—Fire caused a loss of \$35,000 in a local garage here at 8 o'clock Friday morning. The fire started from a coal oil stove used in the building.

A warehouse belonging to Dr. E. C. Cowart was also destroyed, with a loss of \$1,500.

Avery Turner, Santa Fe official, was here the first of the week from his home at Amarillo.

F. A. Baird, of Dodge City, Kan., is here this week attending District Court.

Plan Your New Home This Winter

Get all the details thoroughly worked out before you start to build.

The indoor days of Winter gives opportunity to study your building problem.

Let us help you plan—we know how—and at our office you can examine many designs for charming homes at moderate cost.

Perhaps we have just the plan you are looking for. We will advise you about the expense—you can consult us without obligation—we will be pleased to have you do so.

POST CITY PEOPLE SURPRISED WITH AVALANCHE

Mrs. Louis F. Moore spent last week visiting at the homes of Mr. and Mrs. O. W. Tyler and Mr. and Mrs. Claude L. Sartin, at Post City.

While there she received two issues of the Avalanche and said those people were exceedingly surprised to see the paper so well patronized and two issues a week.

Jealousy knows no loyalty.

STATE FARMERS' UNION TO MEET AT WACO

Waco, Jan. 14.—Preparations are being made to entertain farm leaders from all parts of the state here Wednesday, Thursday and Friday, when the Texas Farmers Union will meet in convention.

D. E. Liday of Dallas, president of the organization, will preside. Texas Agricultural problems will be discussed.

The Texas Farm Bureau Held Its Second Annual Convention at Dallas and Was Well Attended

The second annual convention of the Texas Farm Bureau Federation held in Dallas, January 4, 5 and 6, will go down in history as one of the most important farmer's meetings ever held in Texas. The convention was addressed by Aaron Sapiro, cooperative marketing expert from California, who has been in charge of the legal work of all the cooperative marketing associations organized in Texas by the Farm Bureau and also various associations organized in the South and East during the past year. Carl Williams, Secretary of the Oklahoma Cotton Growers As-

sociation, and Nathan Adams, Vice President of the American Exchange National Bank at Dallas. Complete reports were made by the various Marketing Organizations in Texas of the work accomplished in the first season of their operations. The Farm Bureau Federation is the voice of the American farmers and through it much legislation beneficial to agricultural interests has been passed, and the Washington office enjoys the cooperation of all our Texas Senators and Representatives in all matters effecting our welfare.

Aaron Sapiro discussed briefly the accomplishments of cooperative marketing organizations over the United States including the Texas Cotton and Wool Associations, the East Texas Tomato and Potato Associations, the Hempstead and Weatherford Watermelon Associations, and the South Texas Prairie Hay and the El Paso Alfalfa Associations, the Burley Tobacco Growers in Kentucky and Tennessee, and the Bright Tobacco Growers of the Carolinas. The Burley Tobacco Growers have a membership of 55,000 organized at an expense of less than \$1 per head, and controls 80 per cent of the burley tobacco production. The Bright Tobacco Growers have 68,000 members organized for less than \$2 per member and controls 60 per cent of the bright tobacco production. He also told of the action of the Weenatche Washing-

ton Apple Growers in securing a loan through the Association with which to finance the production of the apple crop. The commission companies offered to loan the Association money provided its members would sign contracts to market their apples through the commission men at 60 cents per bushel. This was refused and the notes of the individual members were attached as collateral to notes signed by the association and sold in blocks to bankers at a low rate of interest and sold the apples for \$1.20 per crate. This system will in time be applied to all agricultural loans thus solving all problems of agricultural finance. This method is necessary in order that parties holding mortgages against farm products cannot force the sale of the commodities at a time when the market would demoralize the market and force the price down below the cost of production.

Carl Williams of Oklahoma discussed at length the work of the Oklahoma Cotton Growers Association from the inception of the idea of cooperative cotton marketing. This organization was fought from every possible angle by speculative interests in an effort to break it. Through buyer influence the Banks that had promised to finance the association cut off the credits and all drafts had to be returned unpaid. However, the officers got busy and in less than a week other arrangements were completed and 3300 drafts were paid off. When it was seen that this organization would be successful in spite of all obstacles 265 banks of Oklahoma came forward and loaned the association a total of \$4,000,000. During the first two months the association sold 28,000 bales and to date more than 80,000 bales have been sold at

an average saving above street prices of \$7.60 per bale in price and \$7.20 per bale on grade and staple. Early in the season street buyers paid more to non-members hog around than they could sell the cotton for in an effort to produce dissatisfaction among the members, and the price in towns where there were members was 2c above the market in towns where there were no members. Notwithstanding all opposition the Oklahoma organization is a going concern and the great majority of its members are more than satisfied with the results obtained.

The Texas Farm Bureau Cotton Association will handle more than 125,000 bales of cotton this year at a very substantial saving over prices received by non members. 17,000 bales were sold before the big slump at more than 20c basis, and 21,000 bales have been sold since the slump in prices at 5c to 6c more per pound than street buyers were paying on a declining market and from 1-2 to 3c per pound more on a rising market. The Association is getting from 50 to 175 points up on grades above middling, and from 1c to 20c more per pound on staple cotton. The premium on 1-16" staple is 100 to 150 points, and the premium on 1-8" staple is 300 points. At the time of the convention the sales manager had an offer of 35c for 1-4" staple middling basis. \$3,131,301 has been advanced to members on cotton delivered to the association, the sales of cotton amounts to \$1,629,909, and \$1872 worth of loose cotton has been sold. The last sale of 12,000 bales of short staple cotton brought \$6.00 per bale above Dallas spot market. Texas Banks have furnished the Association with \$2,500,000 to be used as a revolving fund for the payment of drafts and it has a credit of \$15,000,000 with the War Finance Corporation. Members drawing an advance against their cotton pay 6 per cent interest and members who do not draw anything against their cotton are paid the same rate of interest. The handling expenses to date are approximately \$1.00 per bale.

Nathan Adams in his address was very complimentary in his remarks about the accomplishments of the Farm Bureau and the Cotton Association, and was frank to say that the Cotton Association is the greatest accomplishment in history for Southern agriculture and that before another year has passed Association paper will be in every bank from San Francisco to New York. He says there is no more reason for seasonal prices in cotton than there is in steel and that by controlling the cotton acreage and the proper marketing of cotton the farmers through their own cooperative marketing organizations can absolutely control the cotton market not by price setting but by the application of business principals, and can take the women and children out of the fields and put them in the homes and schools where they belong.

A committee of forty representative farmers and business men from Alabama were in attendance at the convention for the purpose of gathering information in cooperative marketing as accomplished by the Texas organizations preparatory to organizing Alabama along the same lines. They were high in their praise of our accomplishments in the short time we have been in business and declared they would go home more determined than ever that cooperative marketing is the only method of disposing of agricultural products.

The Farm Bureau Wool Association has closed its pool for this season. Nearly 1,000,000 pounds of wool and mohair was received from 500 members of which 900,000

LUBBOCK DRUG COMPANY.

four states, Texas, Arizona, Oklahoma, and Mississippi and will handle approximately 500,000 bales this year. Five other states are in process of organization and will be ready to handle next year's crop. These nine states will be federated into the American Cotton Growers Exchange with headquarters in Dallas and this exchange will be the central selling agency for the nine states and will control 2,500,000 bales of cotton or more. C. O. Moser, secretary of the Texas Farm Bureau, is secretary of this organization and Carl Williams of Oklahoma is being favorably mentioned for President of the Exchange in recognition of his invaluable services to cooperative cotton marketing.

The Texas Cotton Association now has an office in Boston, Mass. and is selling cotton direct to the spinner thus completely doing away with all middlemen in the cotton business.

The Farm Bureau Wheat Growers Association is now in process of organization in the Panhandle and is making very satisfactory progress. This Association absorbed the Texas Wheat Growers Association which already had a strong membership. Three million bushels is the goal set.

Memory is life's clock.

HEALTH IS VITAL
Here is How to Take Proper Care of It

Oklahoma City, Okla.—"We used three bottles of Dr. Pierce's Golden Medical Discovery for my husband and it helped so much—did him lots of good. I freely recommend this 'Discovery' to anybody that is suffering from a run-down, weakened condition. There is no doubt it is a great building-up medicine."

—Mrs. J. Montano, 732 West F (G. D.)

If you need a building-up tonic, obtain Dr. Pierce's Golden Medical Discovery from your nearest druggist, or write Dr. Pierce, president Invalids' Hotel in Buffalo, N. Y., for free medical advice.

Can You Read a Physician's Prescription

The general public can't, but the prescription man in your drug store reads it easily—distinctively and confidently.

Filling that prescription accurately is as important as making it.

This is our most important department and gets our most serious attention.

Let Us Fill That Prescription!

Texas Game Laws are Flouted But Enforcement Is Planned; Cold Storage to be Probed

Austin, Texas, Jan. 14.—That an aggressive campaign on game conservation is needed to stimulate public conscience and thus bring about greater cooperation in the enforcement of the game laws, is the opinion of W. W. Boyd, state game, fish and oyster commissioner.

"A great majority of hunters wink at the law the year round, and many of them, besides keeping their tables supplied with game during the open season, expect to put enough in cold storage to cover the closed season," said commissioner Boyd.

"The law permits cold storage of game for 10 days after the end of the season and the time limit on venison and certain other game is now up. Information comes to the department that this storage law is not being observed.

"It should be made clear to all, that this law is going to be enforced, and the storage plant will share equally in the guilt of any person violating the law."

"I ask the support of all sportsmen," added commissioner Boyd, "not only in the conservation of the game we have but by every constructive measure to increase the game supply if possible. The value of this department to the state will be understood only to the degree that it is backed up by hunters. It is not only paying its way and turning in large sums

to other purposes, but its balance for hunting licenses and fines is now over \$81,000, as compared with \$197 in 1915.

"Viewed from a purely monetary standpoint it would be good business to perpetuate Texas game for the revenue it brings into the state. But that is not the purpose of this department, notwithstanding the apparent attitude of the legislature. The revenue from fish, oysters and shell is sufficient to operate the department and it would seem to me that the game fund should be devoted to a more extended protection of game by law enforcement, the erection of game parks and the introduction of species that are disappearing."

Commissioner Boyd has received a letter from I. Gilbert Pearson, president of the National Association of Audubon societies in which he declares that the force of game wardens in Texas should be increased from six to 100.

Mr. Pearson added that he had just made a trip to southwest Texas and was impressed with the necessity for the protection of wild game.

Quinine That Does Not Affect the Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE.

MOTHER IS ANXIOUS TO FIND HER 23 YEAR OLD SON

The Avalanche is in receipt of a circular letter from a mother in Camp Point, Illinois, soliciting our assistance in locating her son, who has been away from home since April, 1919. She describes the lost son as follows:

Emerson Griswold: He will be 23 years old January 16, 1922. He is about 5 feet, nine inches in height and weight about 150 pounds. He has brown eyes, dark auburn hair inclined to be curly, and fair complexion. He is of a sunny disposition, makes friends readily, but is rather reserved and spends much of his spare time reading. He has a high school education and college training.

Emerson Griswold is the youngest of three sons of Mrs. Sam Griswold of Camp Point, Illinois. The young men were all in the service during the World War. Emerson after his discharge, came home; then in April, 1919 he left to see the Golden West. He went to the state of Washington, then to Oregon. The last words his mother heard from him was from Portland, Ore. He and two companions left Portland for San Francisco. This was the latter part of June, 1920. His mother has made repeated efforts since that time to locate her son without results.

She is now appealing to the newspapers of the country to help locate him. She has great faith that with their good help he will be found. She will pay a reward of \$50 to the first person who gives information that will put her in communication with him.

MEXIA REAL ESTATE MAN MAY LOCATE IN LUBBOCK

W. D. Hooper, a real estate man of Mexia, was here the first of the week looking our town over with the view of locating here.

Mr. Hooper was in the army with several substantial business men ex-soldiers of this place, and is popular with them, and they are eager to have him locate here.

He comes well recommended as a live wire realtor and will no doubt prove a great asset to Lubbock and the surrounding country.

LOCAL BOY IN MOTORCYCLE ACCIDENT WEDNESDAY

A Harley-Davidson motorcycle ridden by Sid Parkerson, with Aucutt dray line, turned over on one side, breaking the handlebar through which the gas control is run, and doing other damage to the machine, Wednesday evening, near the Shamburger Lumber yard.

The rider was not hurt as the machine was not running fast enough to keep him from getting out of the way.

These men who always want to start something are never around when you want something started.

What Is There to Extravagant Promises?

The average man of today knows that a bank is regulated by laws to an extent that it dare not let out funds promiscuously. A bank can loan only a certain amount of its funds regardless of the collateral offered in security.

It is our policy to get new business by deserving it—by being able to give something in return, yet we don't want to lead our customers to believe that we will violate the fundamentals of good, sound business and banking, in order to temporarily relieve our conscience of extravagant promises made in the past.

We believe you will see the fairness of this policy and in the long run be benefitted by our strict adherence to proven principles.

OFFICERS.

WITH LUBBOCK BUSINESS MEN

"Another Feather for Lubbock's Cap."

Lubbock boasts of being headquarters for wholesalers and distributors for the whole South Plains. The other day the writer was allowed the privilege of seeing a local pharmacist compounding and filling prescriptions for people who lived at Post City, Crosbyton, Littlefield and Slaton. The gentleman informed us that this was an every-day event, that every town on the South Plains had occasion to use the facilities of Lubbock's well stocked Drug Stores almost daily.

Great Picture Coming Here
We are informed by the management of the R. & R. Theatres of this place that on Monday, Tuesday and Wednesday of the coming week one of the greatest pictures ever shown in our city will be screened at the Lindsey. Besides being a great picture it is the costliest ever shown in this section of the Plains. "Way Down East" is the title of the picture and if Lubbock people like the best, the management of our playhouses inform us that here is the opportunity to express themselves emphatically by a full house each performance.

You'd Be Surprised
Just what advertising will do for you depends upon several things, the first of which being what you put into advertising. Avalanche advertisers get results. Example: a reader of this medium casually walked into the Panhandle Cigar Company, the said company having recently started a campaign of advertising for the purpose of selling stock in its organization, and asked for \$1,000 worth. Yes, just the other day. No not really a capitalist, just one of Lubbock county's prosperous farmers. No, the only information he had about the company came directly through the columns of the Avalanche. Yes, you can get results if you try hard enough. Remember, nothing succeeds like success and success is never thrust upon you.

About three per cent is a correct advertising appropriation. When are you going to get out of the rut?

Of Interest to Women
The Mallard-Sisters Dress Shop has announced a very interesting event for the women of this section to begin Saturday. Having recently purchased the business and stock of the O'Neal Shop, they have determined to move the winter stock and make ready for new spring goods, and are making some interesting price concessions on all articles.

Conley Sale Continued
The annual clearance sale of the store of A. B. Conley will be continued until February the 18th, as per announcement in this issue. Mr. Conley is also announcing further reductions evident in many lines which should appeal instantly to the thrifty.

Mrs. Parke Takes Charge of Millinery
Mrs. Mary E. Parke, very recently of Atlanta, Georgia, has purchased the Millinery department of Barrier Brothers Department Store and is now in charge of same. Mrs. Parke tells us that she came to Lubbock to make her permanent home. She has had ten years of experience in the Millinery business, two of which she

BRING US YOUR SHOES!

W. B. THORP

'Round near Lindsey Theatre

spent with one of the largest stores in California.

Mrs. Parke will handle the well known lines, Elsee, Gage, Mirror and Plisk and will do trimmings and making.

School Building Planned
Walter E. Taylor, local architect has been notified to ask for bids on the \$40,000 proposed brick school building for Wilson February 3. He also has been asked to get bids February 6th, for the proposed \$45,000 brick building for Lorenzo. Mr. Taylor says that bonds were voted several months ago for the two above mentioned projects but on account of the dullness of the demand for Texas 5 percent, forty year school bonds, due to better interest bearing bonds elsewhere. They were not offered for sale. Conditions are getting better in the bond market, now, however, says Mr. Taylor and a reasonable price can probably be secured.

Mr. Friend "ba-hing!"
Mrs. F. R. Friend left last Thursday morning for Corsicana, where she will visit with her mother for several weeks.

Dr. C. J. Wagner, Surgeon and President of the West Texas Hospital and E. C. Simmons of the Simmons Furniture and Undertaking Company, are in Kansas City this week, purchasing equipment and furnishings for the new West Texas Hospital building, we are informed.

Ted Barnett is employed at the Simmons Furniture Store during the absence of Mr. Simmons. He was in the high school here last year and is well and favorably known in Lubbock.

A TONIC

Grove's Tasteless Chilli Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. Grove's Tasteless Chilli Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

LOCAL MAN SAYS PROSPECTS IN LUBBOCK ENCOURAGING

W. B. Hilton returned last week from Fort Worth where he attended a convention of variety dealers from over Texas and Oklahoma. He said that from the accounts of the men with whom he talked from East Texas and Oklahoma, conditions are mighty bad there for all store owners, and he came back to Lubbock better pleased with prospects here than before he went on that trip.

If some of the Moss-backs in Lubbock could hear Mr. Hilton discuss the possibilities of business in Lubbock as compared with that of other sections with which he was made acquainted on that trip, they would be immediately taken with a reversal of opinions. It's just as easy to boost Lubbock as it is to knock on its future prospects, and is liable to prove a great deal truer.

J. G. Holcomb, of Abilene, was here the first of the week transacting business.

LOCKETT ADAIR IS HAVING A GREAT REVIVAL MEETING AT POST CITY, WHICH BEGAN JANUARY THE FIRST

Good reports are coming from the Lockett Adair meeting at Post City, which commenced there the first of January. Up to last night more than one hundred and fifty conversions had been reported, and the indications for the greatest meeting ever held in that city are good. Evangelist Adair is doing the preaching, and has preached every day for the past twenty days without missing a service.

Mr. Adair's assistants in the meeting are Mr. Crarolton, of Fort Worth, who has charge of the singing; Mrs. Wilson, of Oklahoma, who is organizing the women's work and taking care of the Cottage Prayer meetings; Mr. Cozart, is the evangelist's business manager, private secretary and assists in the work

among the young people. The services are being conducted in the large new tabernacle which has just recently been erected. This tabernacle will comfortably seat 2500 people, and can be used summer or winter, and is one of the best in the state, according to those who have seen it.

Mr. Adair has not announced the closing dates of this meeting, if he knows, which it is very likely he does not. Mr. Adair usually keeps knocking along till the fruit has pretty well been shaken from the tree, and he is not satisfied till he has made a showing in the line of battle against sin. He says the church people of that city are giving the closets co-operation possible, and he is hopeful of wonderful results before the meeting closes, and we hope he will be rewarded

by the salvation of thousands for his untiring labors in the evangelistic work at Post.

GRAMMAR SCHOOL NOTES

By Josephine Witt, Sarah Pearce and Norma Mathis

The following pupils have entered Grammar School during the last two weeks: Corene Glenn, Irene McDonald, Wilburn Hannagan, Bernice B. Cook, Pearl Gallemore, Winnie Gallemore, Iva Mae Dean, Nancy Collier, Iva Raney, Jack Huffman, Alva Rutledge, Glenn Fulton, Carl Turner, Millard Parks, Zola Mae Baker, Juanita Flannagan, Eva Lee Dean, Dannie Farr, Priscilla Rutledge, Clay Turner, Clyde Turner, Lois Flannagan and Edmund Slover.

Ethel Mae Whipe, a seventh grade student gave a slumber party at her home on 902 Avenue S., Saturday night. About 10:30 refreshments were served to the following: Bobbie Lee Wilkinson, Ethel Sides, Adell Melton, Norma Mathis, Ruth Miller, Velma Osborne, Alma Mullins and Ethel Mae Whipp. All reported a nice time.

The girls of the seventh grade are organizing a Tennis Club. They expect to get equipment and begin practicing at once.

The boys of the seventh grade, under the direction of Mr. Bishop, have gone into a temporary organization for a base ball club. They hope to have one of the best teams of their class in the county before the season is over.

The following have visited the Geo. M. Hunt building in the last two weeks: Mrs. Rylander, Mrs. Morris, Mrs. Kirel, Mrs. Huffstetler, Mrs. Jenkins, Mrs. Bacon, Mrs. Hutchinson, Mrs. Green, Harold Howe, Mrs. Rogers, Mrs. R. Q. Pierce, Mrs. Edd Schroeder, Mrs. A. H. Travis, Mrs. J. S. Johnson and Mrs. Vick-

We hope that we will get our report cards Friday, and are anxious to see who will rank first in each room.

The two seventh grades of the Geo. M. Hunt building are now drawing a new map of Europe

BLACKSMITH SHOP MOVED TO MORE CONVENIENT PLACE

Ed Greer is moving his blacksmith shop from the C. C. Lane building, east of the Sanders hotel to the building first door west of the Seitz Feed Store, on the south side of the square.

Mr. Greer has been in the blacksmithing business in Lubbock for the past six years and has a host of friends and customers who will be glad to learn that his shop is now more conveniently located.

Miss Willa Griffith will give lessons in Dramatic Art, Expression and Corrective Calligraphy.

Miss Griffith is a graduate of Fairmont School, Washington, D. C., graduate under director Bardavon School of Expression, Baltimore, Maryland. Graduated Crecent College, Eureka Springs, Arkansas; Junior Certificate Expression, Baylor College, Belton, Texas. Two years Recital Work. Call 338.

ANNOUNCEMENT

The Eastern Star will have their Annual Reception Tuesday evening, January 24. All members are invited to come and bring a guest.

Slaton and Abernathy Chapters will also be here for this occasion.

ANOTHER INSTRUCTOR FOR LOCAL BUSINESS COLLEGE

Joe Witt, who has recently completed a course in Teacher's instructions from a school at Austin, owing to an increase in the pupils at the Lubbock Business College started teaching shorthand the first of the week.

Listen!

There are two good buys in residence lots accessible to water and sewerage, priced one-half their true value. Come to room No. 4, Lowrey Bldg., and I will tell you the low value. O. V. Bagwell. 42-1

INTERESTING NEWS ITEMS FROM ABERNATHY REVIEW

A few days ago while Homer Rantz was at work in his shop he had the misfortune to be struck in the eye with some small particle which has caused him considerable pain, and two trips to Lubbock to consult an eye specialist. It is still very painful, but Mr. Rantz thinks it is getting some better.

R. A. Lutrick from the Lakeview community, was an Abernathy visitor Saturday. While here he visited the Review office and added his name to its subscription list.

Pay your poll tax, do not fail in this as you most likely want to vote on some important issue before the year is over.

Mr. Homer Rantz went quail hunting one day last week, near Olton. But his shotgun was too short and he couldn't get close enough to the game to have any luck.

E. B. Whitfield, a substantial farmer of the Abernathy community, was a delegate to the Farmers' Union meeting at Lubbock last Saturday.

H. Habbinge, living on route 3 out of Lubbock, was in town Saturday and had his paper changed from the Lubbock route to this postoffice where he will get better service with his mail.

G. B. King of Becton, was a business visitor in Abernathy last Saturday.

Miss Thelma Bennie and sister of Abernathy, visited James B. Read at Becton last week.

With a good hotel in Abernathy the town would soon be a popular stopping place for traveling men, tourists and prospectors. Why not build one and catch the business that goes to other places.

John F. Bennie and J. K. Thetford, of Abernathy, were in Lubbock last week on business.

Mrs. Geo. W. Ragland and little daughter, Madge, are visiting this week with Mrs. Ragland's mother, Mrs. J. N. Robinson of Lubbock.

A large number of our farmers of this community, were in Lubbock last Saturday as delegates and visitors to the Farmers' Union which met in that city on that date.

R. Schroeter spent a few days last week in the country around Shallowater, Littlefield and Lubbock on a business trip.

Wesley Hardesty, son of R. H. Hardesty, who was carried to the Lubbock sanitarium only a few days ago, and was operated on for appendicitis, made the quickest recovery of any recently taken to that institution.

Last week a deal was consummated between C. G. Goodman and V. Stambaugh, wherein Mr. Stambaugh is now the owner of the Post Office property and the adjoining lot west of the building. The consideration was private.

Inquiries about property on main street is being made every day, and on North Broadway there is good demand on improved lots. If the signs of the times point right, we predict that before many moons, there will be new bricks started on both these streets.

Franklin Bennie, of Abernathy, left Tuesday morning for Waco, to attend the Mid-Winter Convention of the Farmers Educational Co-operative Union, to be held there. The convention will be in session for three days, beginning January 18th.

John Hegel, a prominent farmer and hog feeder of Petersburg, was here Saturday on business.

The petition, signed by about fifty freeholders of the town of Abernathy asking for an election to decide whether or not stock of all kinds shall be allowed to run at large within the town limits, and which has been pigeon holed for some time, has at last been dug up and an election ordered for the 18th day of February, to determine this matter. The election will be held at the school house, with C. G. Goodman, R. M. Hardesty and W. H. Ragland as officers of the election, the poles being opened at eight o'clock and closed at seven o'clock in the evening.

The mistakes of others are an unpardonable offense in the eyes of some, especially with those who never make mistakes.

Last Wednesday evening a very unique and enjoyable surprise awaited Mrs. Jess Snyder, nee Mrs. Kate Sanford, when she was phoned by Mrs. John Fields, requesting her to call in the afternoon for a short visit. On her arrival at the appointed time, as requested, she was escorted into the library, where she was greeted by about twenty-five of her lady friends. After this Mrs. Snyder was blindfolded and led to a pretty pink

Note how the "Mileage Strip" provides a continuous unbroken surface of thick, solid rubber in the Autocrat Cord

Why the McClaren "Mileage Strip" means more miles

EVERY motorist realizes that the center of a tire's tread wears down fastest. It comes in full contact with the road—receives all road shocks. In fact, it is the tire's "life."

Experience has taught McClaren engineers that in order to get a tire that will guarantee more miles and longer life there must be a continuous strip of thick, tough rubber running through the center of the tread, and entirely around the tire.

Notice the famous McClaren "Mileage Strip" in the above illustration. This strip of rubber, unbroken by tread design, withstands road shocks and this prolongs the life of the tire. It gives more miles.

We have conducted tests under every conceivable condition, over the hardest kind of roads. We saw McClaren Autocrat Cord prove its quality. It won us completely, as it will win you. We call this McClaren Autocrat Cord *Tire our tire*. We back it with our name and our money. And one test will make it your tire, too.

There's a Time Coming In Your Life WHEN----

you are going to call upon your bank to finance you. That they do help you will depend upon several things: the first of which is collateral. But unless a bank has confidence in you collateral, no matter what kind or nature, will be of little use to you because after all, confidence is the basis of practically all transactions.

Based on our opinions on actual observation, banks like for young men to learn the value of a dollar; like for them to exhibit thrift and ambition. Above all things a bank expects a man to put his money into them, to pay his honest obligations promptly or see that they are pleasantly arranged.

Your bank wants to have confidence in you. We want to think all of our customers are good, honest people. Not everyone can furnish real estate collateral, not every one can offer collateral of any other kind except CONFIDENCE based upon a knowledge that you have striven honestly, diligently to make a success.

The Lubbock State Bank

READY TO MEET YOU HALF-WAY

The several hundred girls, attending the Michigan City, Indiana, high school without a single exception, have signed a pledge which taboos, until high school and college days are ended, all forms of masculine familiarity. The girls are perfecting an organization which will be a permanent auxiliary of school activities. The movement was started by a lecturer, who plans to perfect similar organizations in all high schools in Indiana.

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her. "I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I am sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life." For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments. If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E. S. C.

May Develop the Sugar Beet Industry in the Littlefield Section

Littlefield, Jan. 12.—Arthur Duggan, sales manager of the great Littlefield estate ranch of 300,000 acres, in a statement to The Record staff correspondent, asserted his belief that in the years to come that great scope of territory now monopolized by the immense ranches of Spade, Littlefield, Elwood and others will become the largest sugar beet producing region in the United States.

His visualization is predicated upon experiments conducted by sugar capitalists interested in expansion of the industry in a way which will involve the inclusion of great extents of undeveloped lands in the Panhandle and Plains country. According to Duggan, proponents of the sugar expansion idea, amply furnished with capital, came into the Littlefield region shortly before the war and worked in an experimental way until they had satisfied themselves and their backers of the practicability of utilizing thousands of acres of this raw land for its propagation.

Experiments with the sugar beet conducted over a number of years proved startlingly satisfactory that this region is the best in the United States for beet growing. When this had been established the capitalists announced they would build a mammoth sugar refinery at Plainview if a stipulated number of acres to the beet would be pledged by farmers in the Plainview and Littlefield country. This was done and things were getting under way for the consummation of the big project that would have meant so much for the country, when the great war draped future projects in a mantle of darkness. Since the war the sugar market and incentive to development of the sugar industry have been jokes. Now that there appears to be a rift in the cloud prospects are favorable for better prices for the granulation and a steadily increasing demand is forecast, the consummation of the big scheme that would mean so much for this great territory seems not so far away. In the interim the sugar beet experiments are being carried on with results of a startling nature, destined to draw the attention of all investors in sugar beet refineries to the latent possibilities of this territory.

TRUSTEE SALE STATE OF TEXAS, County of Lubbock.

Whereas, on the 20th day of September A. D. 1920, G. J. Merrill and wife, Mollie Merrill, did execute and deliver to the Temple Trust Company a corporation, their mortgage with a power of sale upon all of lot No. 12 and W 1-2 of lot No. 11 in block No. 44 in the Overton Addition to the town of Lubbock in Lubbock County, Texas to secure the payment of five (5) notes for the sum of \$300.00 each due October 1st 1921, 1922, 1923, 1924 and 1925 and interest payable semi-annually on the first day of April and October in each year. Said notes and the mortgage further provide that a failure to pay either shall, at the option of the owner mature all of said indebtedness and provide for 10 percent. Attorney fee a. d.

Whereas, all of said notes and indebtedness has been duly assigned to John E. Roach, who is now the owner and holder of said indebtedness and said Lien and, Whereas, the said Merrill and wife, Mollie Merrill, have defaulted in payment of principal and interest due October 1st 1921 and the owner and holder therefore has declared all of said indebtedness both principal and interest due and has placed same in the hands of his Attorney for collection.

Whereas, it is provided in said mortgage that in the event of the default the said Temple Trust Company or its successors and assigns shall sell said lands for the payment and satisfaction of said indebtedness. Now, I John E. Roach, will on the first Tuesday of February A. D. 1922, same being the 7th day of February 1922 at the Court House door in the town of Lubbock in Lubbock County, Texas, between the hours of ten o'clock A. M. and four o'clock P. M. offer the above described property for sale to the highest bidder for cash in accordance with the provision of said notes and mortgage.

Witness my hand at Lubbock County Texas this third day of January A. D. 1922.

JOHN E. ROACH.

The crew of a train, arriving at one of the stations on the Ugan railway in Africa, found three lions had taken possession of the station. One lion was in the telegraph room, one in the refreshment room and the other stalked up and down the platform, "in true official style." When the shrieks from the engine whistle caused the lions to depart, the station agent emerged from a building some distance away.

U. S. GOVERNMENT WARNS FARMERS ABOUT DISEASE CAUSED BY RATS

They carry Bubonic plague, fatal to human beings. They carry foot and mouth disease, which is fatal to stock. They kill chickens, eat grain, cause destruction to property. If you have rats RAT-SNAP will kill them. Creams rats after killing them—leaves no smell. Comes in cakes, ready for use. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by City Drug Store, or Cole-Myrick Hdw. Co.

When Kinnaird Castle recently burned in Scotland, many books and paintings were destroyed. The library loss included a 1497 folio and extremely fine copies of the 1632 and 1635 Shakespeares folios. Scores of valuable paintings and a cabinet of 600 antique gems were destroyed. The gems were chiefly intaglios of Babylonian, Aedlan, Assyrian, Persian and Hittite origin.

An Invitation to Our Stockholders

We want you to come and let us show you how we have the State of Texas dotted with wholesale grocers and cigar jobbers who handle our cigars—we want to show you the orders they are sending in for five and ten thousand cigars at a time to be shipped direct from the factory—We want to show you where your profit will come from this business—We want to show you what these jobbers think of our cigars.

We have the State of Texas almost covered with jobbers—We have the State of Arkansas closed for we have a wholesale cigar house in Little Rock, Ark., which will handle our brands and traveling men selling our cigars over the entire State—We are now opening the State of Oklahoma and have just taken on one of the largest jobbers in Oklahoma on our brands and expect to have several more by the time this ad goes to press—We will then open the State of Colorado for we have several good salesmen in that State who write that they can make a success of our line. We want you to see these letters—We want you to be convinced that the possibilities of this business are far greater than you have ever expected.

We have just gotten a letter from a man in Jackson, Michigan, stating that a friend of his sent him a box of "Shaws Hand Made" cigars for a Christmas present and that he would like to know where he could get more of them in the North as he liked them so well. They surely

must be giving satisfaction for we can show you mail order after mail order for these cigars. We can also show several telegrams from merchants who have run short and do not care to wait for the mails to bring their orders.

We also want to show you how we are getting along with the Hamilton Fish cigar—We want you to see the amount of royalty we are getting every month from this cigar—We only wish that it was so that you could every one go to Dallas and Ft. Worth and see how they are selling there, as well as in San Antonio, Houston and other Texas cities—It would make you feel good to know that you were part owner of a brand so well established, for every stockholder in the Panhandle Cigar Co. is a part owner of this and every other brand that we own.

We want every stockholder and every prospective stockholder to come down and let us explain the workings of this business and if you haven't the time fill in the blank at the bottom of this ad and full information will be sent you.

Panhandle Cigar Co., Lubbock, Texas.

Gentlemen:

Please mail me what information you have with reference to your business and keep me posted as to your progress.

Panhandle Cigar Co.

Wholesale Cigars and Grocers Sundries Lubbock, Texas

AVERAGES ON REPORT BEAT BY LUBBOCK OFFICE

Results of "Perfect Package" campaign for the month of November, 1921, as tabulated from 1294 cities and towns reporting: Total number of shipments, freight 9,339,745. Total number of exceptions, 101,760. Total number of Express shipments, 10,309,352. Total number of exceptions, 81,070. A combined total of 20,239,097 shipments and 182,830 exceptions, give a percentage of 99.10.

At Lubbock there were 685 shipments by freight, with one exception and 1941 shipments by Express with 24 exceptions, giving a percentage of 99.25. This is indeed a good showing and discloses the fact that shippers are willing and ready to render any assistance to the transportation companies, not only in regard to handling shipments but in placing those shipments in such condition that they can be delivered without damage and waste. Such cooperation goes a long way towards taking the "dam" out of damage, the real curse in the transportation game. As a direct result of the Perfect Package campaign, the transportation Club of New York University were taken on a tour of some of the largest shippers in New York, where they were shown the methods in packing

and handling, and then to one of the terminals of the American Railway Express Co. where they were shown the way in which these shipments were "tallied," weighed, waybilled and etc.

Again Lubbock makes a good showing in Express and Freight handling, which speaks well for all our business men, and especially those who do a big shipping business.

CARD OF THANKS

We take this means to thank our friends and neighbors for their many acts of kindness and the beautiful floral offerings during the sickness and upon the death of our father, J. B. Hightower. Walter Hightower, J. B. Hightower, Mrs. Imogene Hightower, Mr. and Mrs. F. C. McSpadden, Mr. and Mrs. H. C. Smith.

CHAMBERLAIN'S COUGH REMEDY

This is a pleasant, safe and reliable medicine for coughs and colds. It has been in use for many years and is held in high esteem in those households where its good qualities are best known. It is a favorite with mothers of young children, as it contains no opium or other harmful drug. Try it when you have need of such a remedy.

Secrecy is the soul of business.

It's Not by Chance—

That your orders are filled with picked goods at this store. The best of our vegetables and fruits go to our customers only. That dozen eggs you order from us are fresh, big eggs.

Hunt Grocery Co.

Through the transparent ice of Moose Lake, Manitoba, searchers saw the frozen body of Walter Goynes, famous American dog derby racer, sitting bolt upright on a sled in eight feet of water. He was partly covered by an eiderdown robe. Stretched out in front, in perfect alignment, were the nine racing dogs he had been driving.

PUBLIC OPINION

Why is Russia Starving?
The public press is now telling of the millions of people starving, freezing and dying in Russia, but very little is said about the causes of this awful distress, suffering and death.

Now I am assuming that you claim to be Christians, or believers in Christianity, at least. Then, as the Christ whom we adore, worship and claim to follow as our great guide, teacher and example was delivering that memorable "sermon on the Mount" he said: "Therefore, all things whatsoever ye would that men should do unto you, do ye even so to them," and he further said: "For this is the law and the prophets." Also, when the law ye asked. What is the greatest commandment, Jesus replied: "Thou shalt love the Lord Thy God With All Thy Heart, Soul and Mind." This is the first and greatest commandment and the second is like unto it: "Thou shalt love Thy Neighbor as Thyself." On these two Commandments hang all the law and the profits." In Luke, 10-28 to 37, Jesus tells who the real neighbor is in referring to the man that was robbed and beaten near to death by the thieves, and how his preacher-priest and brotherlets of his own church, passed by without manifestation of recognition, help or mercy, and how the good Samaritan—a supposed enemy, showed mercy and took care of him, and Jesus asked the lawyer, which of the three was the man's neighbor; and the lawyer said: "He that showed mercy unto him." Jesus said: "Go thou and do likewise." Then, if the above is the law—God's law—and if sin is the violation of God's law, then when we violate the above, we violate God's law—do we not? Would you live, work and die for God and humanity? Would you strive to overcome every malice, selfishness, prejudice and hatred? Are you willing for others to have the same rights, privileges and opportunities that you have or desire? If you can answer these questions in the affirmative, and it's your desire to live that kind of life, and that all should live that way; then you certainly are a true follower of Christ, and you are not a sinner against God's law. Now keep these facts in mind while we apply the above test to both individual and nation.

The Russian people, after many long years of cruelty, tyranny, exploitation and oppression, overthrew Tsarism and despotism, and established a government of and for the Russian people, and whether or not that government suits us is none of our business. We ask nobody or nation what kind of government we have, and if they should undertake to interfere or meddle with our internal affairs what would we think, say or do? "Do unto others as you would have them do unto you."

Have we done that? Let's see, some of the old Generals, under the late Tar-Nick, have made several attempts to overthrow the newly established peoples government and restore the old regime, or dynasty, and they have been aided and abetted by the same governments that Russia fought with against the German hosts, and in which Russia lost more men and wealth than any other nation, and still she goes unrecognized by the Allies, with whom she fought. She was left robbed, bruised and bleeding, and the priest-nations, and governments, not only passed by without showing mercy, but they used their power, men, means, supplies and influence to keep her down and starve and strangle her, not only by interference and by assisting her eternal enemies, but by blockade and by propaganda through the press, the movies and other available sources. You have all seen the ridiculous cartoons and sensational statements in the papers and magazines, and the outrageous and ridiculous movie scenes. How would you like to see and hear just such things by other nations concerning our people, our government and our beloved America? "Do unto others as you would have them do unto you."

How would you like for other countries to meddle with our internal private and public affairs as England, France, Japan and our own U. S. A. have done with Russia? Hay they let Russia alone and not interfered or meddled with her internal affairs and prolonged her struggle for independence, (commemorated and very dear to us), by obstruction, blockade and assistance to her enemies, she would have been prepared much better to meet the awful disaster of drought now upon her.

Don't tell me that Russians do not work and strive for I've seen them from tiny little children up, in the beet fields of Colo, before day waiting for light enough to see how to work, and, excepting a few minutes for dinner, was kind until darkness compelled them to quit. Yes, Russians are workers. It's not their fault that they are starving and freezing and dying. Will we ever know the truth of the last few years? Will wars cease and the world be humanized? We hope so. "Let peace and love rule in your mortal bodies." "Do unto others as you would have them do unto you," individually and nationally.

T. J. ESTES.

A RAT BREEDS 8 TO 11 TIMES A YEAR, AVERAGING TEN YOUNG TO A LITTER

Remember this, act as soon as you see the first rat. Get a pkg. of R.A.T.-SNAP. It's a sure rat and mice destroyer. It's convenient, comes in cake form, no mixing. Mummified rat after killing—leaves no smell. Cats or dogs won't touch it. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by City Drug Store, or Cole-Myrick Hdw. Co.

W. S. Black, of DeLeon, was here Saturday on a prospecting tour of the Plains.

J. E. Hartley, salesman for the Graham-Brown Shoe Company, was here the first of the week.

NEW GROCERY STORE TO OPEN FEBRUARY 1ST

T. H. O'Neal and J. A. Williams are busy working on the front part of the Jackson Feed Store, on I Avenue, preparing to open a grocery store in the near future. They are conveniently located, and we are sure that their congenial, courteous manner of meeting those who stop in at the store to make inquiries will prove a great asset to them. They will have all arrangements completed the stock well displayed and ready in every way for business by the first of February.

A new law prohibiting the consumption of alcoholic beverages on feast days will be enforced throughout Ecuador, beginning next January.

WORTH CONSIDERING

The question is not so much how you contract a cold, but how to get rid of it with the least loss of time and inconvenience. If you will consider the experience of others under similar circumstances, who have been most successful in checking their colds, in their beginning, you will secure a bottle of Chamberlain's Cough Remedy without delay, and use it faithfully. There are many families who have used this preparation successfully for years and hold it in high esteem. It is excellent.

A series of Acts of Parliament passed in the reign of James I, imposing a fine or imprisonment on anyone who was present at a football match is still on the statute book, never having been repealed.

MAY BE WE GET IT RIGHT THIS TIME

An article appeared in the Avalanche last week from Abernathy, the type caused us to say that thirty-four cars of hogs had been shipped from that point to market during the year 1921, when we should have said eighty-four cars. We are hardly to blame for this mistake as the figures were not very plain in the typewritten copy, and the sight looked very much like a three, and not knowing we made it a three. Thirty-four cars of hogs seemed like a lot of hogs to us, however, but it seems it is not very many for Abernathy, and instead of eighty-four in 1922, there will in all probability be twice that many during 1922. This South Plains country is some hog country, and it seems that Abernathy is right in the

middle of the game, and the farmers of that section are fortunate in having Mr. Riley, one of the most active buyers in this section of the country. He not only buys, but pays the top of the market.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEP-SIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take.

W. B. Jones, special officer for the Santa Fe, with headquarters at Slaton, was here Monday transacting business.

Scratch pads for sale at this office.

CHILDRESS COUNTY MEN TO FARM PLAINS LAND

C. H. and G. R. Besty were here Saturday from their farms, eight miles north of town, transacting business. C. H. has been on the Plains for the past two years and liked it so well, and saw so many splendid opportunities for the future development of this section that he insisted that his brother come here from Childress county, and as a result Lubbock county has them both here to help in our development. If someone here would bring a brother from some other part of the state, that would be as capable of taking the opportunities as will this new corner, we are sure that there would be a farming country here some day will make Lubbock grow beyond all expectations.

ALLEN BROTHERS POST AMERICAN LEGION IS MAKING AN ACTIVE CAMPAIGN FOR NEW MEMBERS

As was arranged at the last meeting of the Allen Bros. Post of the American Legion several of the members are on the streets every day soliciting the membership of their buddies who have as yet not become interested in the work here. These men are going to go after new members until they have a "full house" at every meeting, which will add much interest to these meetings, and at the same time have the ex-soldiers become better acquainted and more willing to cooperate in putting over their every undertaking with typical doughboy style. There is no distinction between any of the soldiers at these meetings, and they are all welcome and urged to attend, and we are sure that the way these solicitors are going after new members they will make a success of this drive. Curtis A. Keen is now post commander and as he is well informed on all matters pertaining to its functions, the members duties, etc., will, from time to time, contribute articles to the Avalanche to keep the members posted on their every undertaking. That alone will increase interest to a great extent, which we are sure will be plainly felt in the meetings. Keep an eye on the news of the Legion and see what those fellows are up to, and if it is something that can be participated in by the entire citizenship of Lubbock, give it your close consideration and we are sure they will make you realize that they are going after their work with the same spirit and unselfishness they did in 1918, for they are the self-same men who helped to carry on that gigantic program, and now that we are not so dependent on them at this time, lets prove that all those words of encouragement and good will were not only that we needed them, but that they were looked upon as men with the problems of men's work before them and admired for the spirit with which they went about this work. It is encouraging to see the members of this post work as they are to

Lubbock May Have Team in the West Texas Ball League

Plans are under way to secure the base ball team that played in the West Texas League at Ballinger for Lubbock and the manager of that team has given the people of Lubbock the first chance to secure the team. Slaton and other towns are trying to secure the team, but owing to the fact that the manager sees greater possibilities for the team here, Lubbock can secure it for a small consideration, which will be subscribed as a guarantee that the team will be backed in Lubbock, and from the hearty welcome the proposition received from the men who were asked to subscribe to it Wednesday evening, there is no doubt but that they are eager for it to come to Lubbock. A spirited meeting was held at the justice court room at three thirty Wednesday evening and plans for making a contract with the manager was discussed with sons of the leading business men who were eager to do all they could to help bring the deal to a close. The team has a high standing in West Texas and every one acquainted with the players recommend them as splendid christian gentlemen, who are a help to any town where they make their home.

Hale County Now Entitled to County Superintendent

Hale county, for the first time since organization, is entitled to a county school superintendent. By the last school census the enrollment for the county, required by law, has reached its required number of children within the scholastic age. Heretofore this work has been carried on by the county judge, but since the requirements of a county superintendent has been reached, it has been separated from that office and now the county will elect a superintendent whose duty will be to look after this branch of work exclusively, who will be the candidates for this office, has not been announced yet, but it should go into the hands of one who has had experience in school work, as it is a very important branch of the county's work.

ANNOUNCEMENT

I have decided to enter the race for the office of Tax Collector of Lubbock County. I have been in the county for only a few years and some will no doubt want to know where I have lived and what my record is as a citizen. I was born forty years ago seven miles east of Bryan, Texas, in Brazos County. Lived there 24 years, the rest of the time in West Texas. I made my home in Vernon, Texas for ten years before coming here. If you care to investigate my record, write any of the officials at Bryan or Vernon, Texas, and I will pay your postage bill. Should you ladies and gentlemen elect me to this office, I'll serve you in the right way. Yours truly, TONY Q. DYESS.

Mrs. Annie Britting, who has been at a local hospital under care of specialists left Tuesday for her home at Slaton. She has been in the Sanitarium since December 21st.

Hamilton Wright, staff correspondent for the Fort Worth Record was here Wednesday looking after the interest of his paper.

Mrs. George Lindzey of Snyder, is in a local sanitarium where she was operated on Saturday of last week.

Mrs. C. W. A. of Meadow, was here Wednesday and Thursday.

Hodges Bros., No Profit SUIT SALE. Men and Boys, here is your chance! In order to make room for new arrivals, we are starting this sale on Wool Serge Suits and many other pretty patterns. SALE IS NOW ON—CLOSES IN 15 DAYS (All Go At Absolute Cost—We Have Your Fit) Hodges Bros. General Merchandise Where values reign supreme

Bledsoe Well Is Now 3000 Feet—Indications Good. The drilling at the Bledsoe Oil & Gas Co's. well stopped to set casing. The drilling at the oil well was stopped first of the week and the work of setting the six and five-eighths inch casing was begun. This work is about finished, after which the drilling will be resumed. When the drill stopped they were in red sand and other formation which gave out good encouragement. We are told the formation they are now in is a very good indication for either oil or gas, or both and may be expected to come in at any moment. The well is now down three thousand feet and it is confidently believed that before the thirty-five hundred feet is reached that a good flow of oil will be encountered.

PETERSBURG HARDWARE COMPANY ROBBED. Last Monday night the hardware store of Goodman & Shuler, at Petersburg, was broken into and about one hundred and fifty dollars worth of hardware taken. The glass in the front door was broken out to allow the thief to enter the store. The robbery was not discovered till next morning when Mr. Shuler went to open the store. The officers were notified, but no clue as to the guilty parties has yet been found.

SHEEP WINTERING IN GOOD SHAPE. J. P. Carr, an extensive ranch owner, sixteen miles northwest of Abernathy, was in town Thursday and was a pleasant visitor to the Review office. Mr. Carr tells us that he is wintering about fourteen hundred head of breeding ewes on his ranch and they are doing as well as could be wished for. He has fed them very little during the winter, allowing them to make their living on stalk fields. This of course, is due to the mild winter, but he is prepared with plenty of feed to take care of them in case of snow or sleet. Abernathy Review.

Colds Cause Grip and Influenza. LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine". Mrs. C. A. Pauller is able to be at home again after several days in a local sanitarium. Big selection of winter hats to be sold at \$1 each, commencing Friday. Mrs. Clara Abney, Balcony of Conley Store. C. W. Avery, of Meadow, is here in a sanitarium where he is treated by specialists.

MONEY to LOAN on FARMS and RANCHES. Can handle some good brick building loans. Loans closed promptly. F. M. MADDOX. Lubbock State Bank Bldg. Lubbock, Texas.

ANNOUNCEMENT. Friends and former patients will be glad to know that DR. KATE CASTLEMAN, Chiropractic Masseuse is again with Hulon K. Finley, M. D., in the Security State Bank Building. PHONE 790.

NEFF ASKS AID IN LAW ENFORCEMENT. "Crime lashing ship of state and tearing it from its moorings," is the language that Gov. Neff uses in declaring that the crime wave in increasing in Texas, and on which he bases his request to every preacher editor and teacher to have something to say on Sunday January 22nd. He declares that on every side there is heard an underground rumbling against law and order and that the crime wave is lashing the ship of state and tearing it from its moorings, and that the growth of crime is unprecedented. He makes a definite appeal to the law-abiding citizens of Texas, organize a campaign to development a public sentiment in favor of the maintenance of law. The governor requests that every preacher, editor and teacher, preach, write and speak on January 22nd, advocating the obedience of the law. He also calls on the county and district judges in opening court on this date to deliver an address on law enforcement. POLITICAL ANNOUNCEMENT. The following parties authorize the placing of their names in this column for the various offices, subject to the Democratic Primary, in July, and ask a favorable consideration of their claims: For County Clerk: H. F. STUBBS, Lubbock. For Sheriff: C. A. HOLCOMB, Lubbock. Re-election. JOE W. PERKINS, Lubbock. For Tax Collector: SAM SPIKES, Lubbock. TONY Q. DYESS, Lubbock. For Tax Assessor: R. C. BURNS, Lubbock. (Re-election.) A. B. JONES, Lubbock. Commissioner, Precinct No. 1: M. M. CRAWFORD, Lubbock. Re-election. County Commissioner, Precinct No. 3: B. N. WHEELER, Idalou, Re-election. For Public Weigher: C. T. JACKSON, Lubbock. (Re-election). HOCKLEY AND COCHRAN COUNTIES. For Tax Assessor: W. K. FRAZIER. Movie beauty is only screen deep.

A True Story. A lady very recently from the oil fields, came into our bank the other day and asked if our bank was a State Bank and if we were a member of the State Guaranty Fund. When we replied that we had these safety qualifications she was visibly pleased and became one of our customers. Evidently she had learned the value of depositing where funds are protected. There are bank failures! And they have been occurring with regularity the past few months—both State and National, yet not one cent of non-interest bearing deposits in any State bank holding membership in the Guaranty Fund has ever been lost to a depositor. SECURITY STATE BANK & TRUST COMPANY "Wants to help those who try"
