

THE LUBBOCK AVALANCHE

VOLUME XXII No. 44.

LUBBOCK, LUBBOCK COUNTY, TEXAS, FRIDAY, JANUARY 27, 1922.

PUBLISHED TWICE A WEEK

WEST TEXAS FAIR SECRETARIES HOLD MEETING AT ABILENE

MATTERS PERTAINING TO FAIRS DISCUSSED AND THE DATES SET FOR FAIR NEXT FALL.

LUBBOCK'S DATES TO BE OCTOBER 24-28

President Klett Says a High Class of Entertainment is the Desire of the Board of Directors of the South Plains Fair and Says They Will Work to That End.

Judge E. L. Klett, President of the South Plains Fair Association, and Curtis A. Keen, Secretary of the association, went to Abilene Monday, to be in attendance of the West Texas Fair Association meeting, where plans for the fair in West Texas were discussed and made.

Mr. Keen is secretary of the Lubbock Chamber of Commerce, and is a live wire for all progressive undertakings of Lubbock, and we are sure he did his part in representing Lubbock in that meeting.

Judge Klett has been on the Plains, a citizen of Lubbock for many years, having held the office of county attorney about twelve years ago, and was then, and still is recognized as one of the most successful and worthy executives of this section. He was president of the Lubbock Chamber of Commerce during 1919, the year the paving contract for the streets of Lubbock was let, and his untiring efforts for the welfare and betterment of the city of Lubbock is highly appreciated by the people. It is noticeable that the lawyers who fought the legal battles for the people of the Plains when, according to local attorneys, they "practiced more economy than law," are taking their places among the big men of West Texas, proving their metal and showing that there are big enough men to solve the problems of this country regardless of their immaturity.

Mr. Klett was unanimously elected President of the South Plains Fair Association, which plans annual fairs and which was made to cover almost a dozen counties through the efforts of such men as him and secretary Keen.

Mr. Klett was especially impressed with the manner in which the fair associations of the various towns and counties are going about the work of arranging their programs that the really big and worth while entertainments and amusement companies might participate in every fair program in West Texas. He said the most promising feature to him is that the people of Abilene and Lubbock were encouraged to make inducements to the owners of the race horses which run each year at the San Angelo fair to bring that attraction to these towns, by E. E. Lowrie, in charge of the horse race features of the San Angelo Fair.

If one has never attended the fair at San Angelo they might underestimate the bigness of that affair, as that town is unfortunate enough to be of the Plains and in that respect, it is easy to see the thought of excitement and thrill of seeing those races and the two-bit carnivals were long ago forgotten. That will be the case of every person who sees these fine horses in Lubbock. The only thing that enabled San Angelo to secure those horses was that the owners who were shipping them to Mexico from the north were induced to stop off there for the fair, and found that the interest created placed the purses in such high value that they were worth trying for.

Let every man who has the interest of the South Plains Fair Association at heart look at this proposition from a common-sense unprejudiced standpoint and if it is decided that there would be no harm done in trying to raise enough money for this attraction, it is suggested that the fair at Lubbock another year be the most splendid entertainment of its kind in the state.

The fair dates are October 17th to 21st, inclusive.

San Angelo has done this thing. Abilene might do it, and Lubbock can do it, so let's go.

The fair dates as set Monday are: Sept. 12-16, Baylor and Childress County Fairs at Seymour and Childress; Sept. 14-16, Runnels County and Cisco Fairs, Ballinger and Cisco; Sept. 21-23, Texas-Pecan Palace at Brownwood and Dickens County Fair at Spur; Sept. 22-23, Colorado Fair at Fort Collins; Sept. 23-25, West Texas Fair at Abilene; Sept. 25-27, Floyd County Fair at Floydada; Sept. 28-30, Plainview Fair; Sept. 29-30, Terry County Fair, Brownfield; Oct. 5-7, Garza County Fair, Post; Oct. 17-21, South Plains Fair, Lubbock; Oct. 24-28, San Angelo Fall Fair.

Owls are great mouse and rat eaters, besides killing harmful insects.

Now Time to Test Field Seed For Germination

The time of year is at hand when all farm seeds should be tested for germination. Perhaps the most difficult and trying part in growing a crop is this section in obtaining a good stand in the spring at planting time. This difficulty can be greatly reduced by knowing the germination power of the seeds to be planted. An expensive way to find out the viability of seed for planting purposes is often practiced by planting about twice as much seed as is necessary in order to be sure and get a good stand. Then, oftentimes a perfect stand does not result, and lower crop yields result. To obtain maximum yields a perfect stand must be obtained and this can be brought about with certainty only through planting seeds of known germination. It costs just as much to cultivate a crop with a poor stand as one with a good stand. Particularly should cotton seed, grain sorghums, sudan and alfalfa be tested for germination and also for their purity. The Seed Laboratory at the A. & M. College, College Station, Texas, makes both germination and purity tests of seeds without charge for persons desiring this service. A good handful of the smaller seeds should be sufficient, while a pint of cotton and larger seeds should be sent. Mark plainly and give address to whom report of results should be made.

Good planting seeds cost money and are worth it. Poor seed is expensive at any price. Now is the time to find out the value of the seed to be planted this season and to know their ability to grow after they are planted.

Methodists Raising Funds For Purchase of a Pipe Organ

The ladies of the Methodist church have agreed to conduct a sale of cakes, pies, doughnuts, cookies, and candies each Saturday until they have raised enough money to purchase a pipe organ for that church. Saturday will be the first of these sales and the ladies will offer a splendid assortment of these treats, which can be purchased at a reasonable price. This sale will be held in Mrs. Ed. Robinson's Furniture store. If you have occasion to use any of the above mentioned foods they will appreciate your order.

The church has a handsome building, and a place for the organ was prepared when the building was constructed. This organ will be a great deal of help to the church.

LOCAL CLASS IN TELEGRAPHY HAS EIGHT MEMBERS NOW

The class in telegraphy started by W. H. Ward, manager of the local Western Union Station is making rapid strides in learning the secrets of that trade, and as the last meeting there were eight persons, all enthusiastic about their new work, and interested in getting through the studies in the least possible time.

MRS. J. B. FARLEY RETURNS TO TENNESSEE

Mrs. J. B. Farley left today for Cookeville, Tennessee, having come here six months ago with her daughter, Beula, in an attempt to regain the young ladies health. The daughter left yesterday for Kerrville, Texas, in better health than she has enjoyed for a long time. They were both highly pleased with Lubbock.

FORD SIGNS CONTRACT FOR LEASING SHOALS

Detroit, Mich., Jan. 25.—The contract covering the proposed lease of the government electric and water projects at Muscle Shoals, Ala., was signed by Henry Ford and returned to the War Department by one of the Ford engineers tonight a few hours after it had been received, it was announced at the office of the Detroit manufacturer.

Mrs. E. B. Free and daughter, Dixie Ruth, of Plains, are here visiting at the home of her aunt Mrs. M. P. Hinton.

C. W. Wall was here Thursday from his farm ten miles north of Shallowater.

Night School for Mexicans Started Last Monday Night by Volunteer Teachers From Lubbock Schools

County School Supt. E. R. Haynes and Mr. Bishop of the Grammar School were the first two instructors to initiate the Mexicans into the mysteries of "Literary Knighthood" last Monday night.

The weather was very inclement, and discouraging for the opening, yet 14 bright and enthusiastic pupils were on hand, eleven males and three females. After a great deal of reciting, maneuvering, testing and etc. on the part of the teachers, the school was crudely classified. Eight were placed in the primer, four in the second grade, and two in the fifth grade.

The pupils were asked by County Supt. Haynes where they were born, and they reported as follows: Five in Texas, four in Old Mexico, four in New Mexico and one in Spain. The lessons were recited the first night of the school, and the teachers

were greatly astonished in that the pupils took hold so readily. Miss Ellis, the promoter of the school, was present and assisted in the organization.

The fame of the promoter and teachers had gone abroad by the second night, as the student body increased to twenty-five on the second night. All the pupils are obedient and submissive to authority and are extremely anxious to learn the English language. The recitations on the second night were very satisfactory to the teachers. The work the first two nights was handicapped on account of lights, as we only had for illumination just one small coal oil lamp. Miss Ellis made arrangements for plenty of light for the remainder of the week. The public is invited to visit the school and lend encouragement to this worthy undertaking. E. R. Haynes, County Supt.

"Daddy" of Bledsoe Well Is Still Optimistic and Believes That the Drill Will Strike Oil Very Soon

W. E. Bledsoe, of Abernathy passed through Lubbock Wednesday afternoon en route home after a business trip to Post City.

Mr. Bledsoe is the "daddy" of the oil well that is being drilled at Abernathy, and even if he did not get oil at the depth he contemplated, did not go back on the prospects one bit, and is as optimistic as in the first days of the drilling when the bit struck small showings of oil.

"I got word this morning that they are very hopeful of striking gas at any time, and I still have confidence in the Miller and oil possibilities. You see we are going to get oil over there and this well will prove a good one sooner or later," he said.

Such determination is the creator

of more successful undertakings than any other one thing, and the people of Abernathy certainly have a plenty of that determination about them. Mr. Bledsoe is just a regular citizen with high ideals and unfettered confidence, the kind that makes good at every opportunity, and possesses those qualities that mark him well as a plainsman who knows the price of achievement. He has made good in the ranching business on the Plains, and it is not unlikely that he will make good at the oil business.

The well was down 3100 feet Wednesday at noon, with good indications the log comparing almost identically with producers the driller has had experience with.

MRS. Z. P. COPP DIED THURSDAY AT 5 O'CLOCK

Mrs. Z. P. Copp, age sixty-five years, died here Thursday morning at five o'clock. She is the mother of G. F. (Bud) Copp, who resides one and a half miles southwest of town, where she has made her home for the past several years.

During her stay in Lubbock county she has made many friends, who regret her death. A daughter, Miss Lida Lubbock, and two other children, Mrs. J. J. Bentley, of Walters, Oklahoma, and J. E. Copp, of Guymon, Oklahoma, are here to attend the funeral, which will be conducted by Rev. Bowen at the G. F. Copp home this afternoon at three-thirty. Interment in the Lubbock cemetery.

LOCAL GROCERYMAN TURNED FORD DELIVERY CAR OVER

While making deliveries Tuesday for his grocery store, W. A. Terrell had his car turn over on Broadway, near the Lubbock Sanitarium.

The rear casings were twisted, tearing the inner tubes, but no other damage was done. Mr. Terrell was not hurt.

DALHART MAN HELD IN STREET SHOOTING

Dalhart, Texas, Jan. 24.—Charlie Duncan is held here charged with shooting Jess Stewart Tuesday.

Stewart was shot through the face, the bullet leaving through the back of his head and chances of recovery are small. The cause of the shooting was not disclosed.

Texas Utilities Is Now at Work On A Bigger and Better Plant to Replace the One Totally Destroyed by Fire

Work on the new Texas Utilities power plant is going on at a good rate the contractor, A. J. Murch, of Murch & Company, of St. Louis, arrived Saturday with two foremen who started on the work immediately. He left Wednesday with everything going nicely.

The largest and most modern motive equipment in the country will be installed, the greater part of which has already been bought.

The company will make this plant so much larger than is now needed for this territory that there will be no need of enlarging the plant for ten years at the present growth of Lubbock, and the development of this territory, which shows that these men are taking advantage of this opportunity to make Lubbock known as a power center. It is announced that several towns and communities in this section will receive power through this plant, therefore it will prove a great asset to the development of this country and the convenience and service of power equipment in the adjoining towns will interest those who will become interested in the Plains.

H. L. Allen, the local manager, said they were employing local labor on the plant, and two foremen being the only imported men on the job,

LOCAL PEOPLE ATTEND SWINE BREEDERS MEETING

Mr. and Mrs. Fred Boerner went to Hereford last week to attend the meeting of Swine Breeders, and the sale of the hogs.

They returned via Clovis, where they planned to spend a night with friends and relatives, but the next morning (Friday) he was taken with influenza, and was unable to start home until Tuesday. The cold, damp, disagreeable weather made the trip very hard on him, but he is able to be up again.

He is one of the big hog raisers of the Lubbock country and has a herd of fine ones on his place west of town.

J. B. CALLAHAN GETS SEVEN YEARS IN PEN

J. B. Callahan was given two years in the penitentiary for burglarizing a dwelling at Slator. Also a five year sentence on a charge of assault and attempt to murder. Our readers will remember when the jail birds attempted to overpower Sheriff Holcomb and his wife, and make their escape some months ago. Callahan was one of the three prisoners in the attempted get away. A total of seven years were given him in both cases.

J. B. Potts was here attending court Wednesday. He has a fine farm east of town, and is taking a prominent place in agricultural developments of West Texas.

J. D. Kimbrell, of Idalou, was here Wednesday.

DOMESTIC SCIENCE DEPARTMENT ENTERTAIN C. OF C. HEADS TUES.

LUBBOCK SCHOOL GIRLS WHO LEARN BY DOING MAKES A GOOD IMPRESSION ON THEIR GUESTS

THIS DEPARTMENT IN NEED OF MORE ROOM

Mr. Rix Presents the School With a Fine Hoosier Cabinet in Appreciation of the Work That is Being Done for the Young Ladies of the Lubbock Schools.

Plainview Kiwanis Club to Foster a Club in Lubbock

The Kiwanis luncheon program today was devoted largely to the report of E. B. Miller, district trustee, upon the meeting of Oklahoma and Texas trustees in Dallas last week.

The meeting at Dallas was purely a business meeting dealing with the problems of Kiwanis International as they effect the local clubs of this district.

From the chief of these problems comes the newly adopted sponsoring plan in which each existing club is called upon to sponsor at least two new clubs in the same vicinity. In compliance with instructions to proceed in the matter of appointment of sponsoring committees President Charley Pierce appointed two committees to sponsor the establishment of clubs in Lubbock and Snyder, which cities have unofficially asked for clubs. The six Kiwanians named will organize in two committees and each committee select one of the towns for a survey in the very near future. Those appointed were A. E. Boyd, R. A. Underwood, E. B. Miller, Dr. E. O. Nichols, Will Stockton and R. C. Ayres.—Plainview Herald.

Women's Clubs Are Urging the Payment of Your Poll Tax

The women of Lubbock are going to know the necessity of paying their poll tax if the members of the Women's Democratic League have their way.

Mrs. Molly D. Abernathy is chairman of the Lubbock League and is working constantly in getting the ladies lined up, and have them realize that theirs is a great part in the community work, assuring them that the best means of voicing their opinion in the many undertakings in Lubbock, is to have a privilege to vote at all elections.

Mrs. Abernathy said she was not so interested in the work until the fact that something had to be done to get the women of the county to awake to their responsibilities in exercising the right to vote was realized.

Casting a vote on the election of our officials, bond issues, etc., is a duty, and these women are going to have the fact known by every woman in the county before they cease working.

LOCAL MILLINER IN ST. LOUIS TO BUY SPRING MERCHANDISE

Mrs. R. H. Barkham left the first of the week for St. Louis to study and buy the latest things for her popular Millinery store.

Miss Veve Furby, of St. Louis, her accomplished trimmer, will return with her. Miss Furby has been three seasons with Mrs. Barkham and her many friends will be glad to learn that she will be here again in the next few days.

Mrs. Barkham will have many beautiful hat creations to show her many customers when she returns.

HARDWARE CONVENTION ELECTS CANYON MAN

Dallas, Texas, Jan. 25.—Sam Crowther of San Angelo was elected president of the Texas Hardware and Implement Association at today's session. Other officials elected were Bert Beall of Greenville, first vice president; E. C. Thompson of Canyon, second vice president; Bland Smith of Bonham, third vice president, and Avery Dowell, McKinney, John C. Ross, Austin, Sam Randall, Lancaster, directors.

TWELVE CARGOES OF FOOD TO RUSSIAN FAMINE ZONE

Washington, Jan. 22.—Since the congressional appropriation of \$2,000,000 for Russian famine relief was passed, twelve food cargoes consisting of 3,000,000 bushels of grain have been shipped from this country, Secretary Hoover said today. He added that eighteen more vessels now are loading.

A Canadian recently left Ottawa on a 9,000-mile jaunt which, when completed, will take him to Punta Arenas, the most southern city of South America, situated on the Strait of Magellan. During his long hike the walker will carry only a sporting rifle. He will pass through many wild parts of South America, including territory where the head hunters live.

That the class in Domestic Science in the Lubbock schools are learning "to do by doing," was completely and satisfactorily demonstrated to representatives of the Rotary Club,

and the School Board Tuesday evening when W. S. Posey, B. C. Dickinson, R. L. Douglas, J. R. Rix, Roscoe Wilson, A. B. Conley, Supt. M. M. Dupre, and others were entertained in the school dining parlor by the class members and their instructor, Miss Price.

Many interesting talks were made by the guests concerning the school work, and the Domestic Science class was credited as having a major part in the development and education of the young ladies.

That Mr. Rix was impressed with the meeting is shown in the fact that he presented the class with the best Hoosier Kitchen Cabinet in stock in his store, and assured them that such entertainments as that proved that the class commands the highest consideration of the board members and anyone else who realized the importance of their work, and could see how splendidly they were carrying it on.

The Domestic Science class in every school is always more interesting, as a general rule, than any other class, and the fact that these young ladies are putting their time on this study, other than on Latin, which study was sidetracked to give time for these lessons, is believed by Mr. Rix to be a wise move on the part of the school faculty, for he has the opinion that a good deal of knowledge in the work in which the largest percent of the young ladies spend the majority of their time after the school days are a thing of the past is more helpful to them than all the Latin they might learn in a series of years.

The school board is as progressive a bunch of men as ever manned an institution, and their aggressiveness is sure to be realized before many months.

That the schools need better and bigger buildings, more play grounds and other equipment is believed by Mr. Rix to constitute a large part of the program for development. "Such pupils as these of the Domestic Science class deserve better buildings and all other equipment that they have," he said.

It is noticeable that the pupils of the present day schools are gradually returning to a standpoint of efficiency and greater interest in the work than in the past few years, when unrestricted financial conditions had people everywhere believing that there was little need of worry about their future destinies, and especially are the boys and girls coming to the front with their work as no other school can boast of more progressive programs for the year's work than they have outlined.

An annual for the school with more photographs, better reading matter, more papers and wider circulation than in any previous issue is planned and the publishers are now at work on a part of it, which, when completed, will be a credit to the entire school.

The following menu was the cause of much favorable comment on the Tuesday evening's program by those who were fortunate enough to partake of the delicious foods:

Oyster Cocktail, baked hen, dressing, spit-roast potatoes, peas in timbale, asparagus salad, cheese balls, cherry mousse, angel food cake, coffee noir, salted nuts.

Neatly printed and hand-painted cards bearing the menu were placed at the tables.

IDALOU FARMER HAS HOG AT BREEDERS MEETING

Among the thirty-four fine hogs that were sold at the Annual sale of West Texas Breeders, at Hereford, Wednesday of last week, an Idalou farmer had one of which all of Lubbock county could be proud.

He exhibited Golden May Pathfinder, a Duroc-Jersey, and the animal was sold for \$60.

We are all proud of Mr. Ross' interest in his herd of swine and it is gratifying to note that the hog raising business on the Plains is rapidly coming to the front, with men like Mr. Ross sparing neither money or time in developing their stock into the best specimen possible.

ROARING SPRINGS PASTOR HERE WITH SICK CHILD

Rev. W. C. Hart and wife arrived at Lubbock Wednesday from their home at Roaring Springs, in Motley county, with their little daughter, Ruth, for an examination, and possibly an operation at a local sanitarium.

Rev. Hart is pastor of the Methodist church at Roaring Springs and the family is well known in West Texas, and have many friends who will regret the illness of the little girl.

In point of money value corn is still king of American farm products.

R. & R. THEATRES

Lyric, Jan. 28, "Father Tom"
Lyric, Friday, Jan. 28 "The Red Foam"

POPULAR TOM WISE, in "FATHER TOM"

That famous old character actor, Tom Wise, is cast in the title role as a good natured old fellow, with a subtle sense of humor and a heart as big as all outdoors. Generations of playgoers have laughed with Tom Wise, who has been a stage favorite ever since he starred with John C. Rice in "Are You a Mason?"

"RED FOAM"

A very strong dramatic story, remarkable night photography, acting of a very high calibre, and one of the most stirring climaxes imaginable are the high lights in "Red Foam," a Selznick special production directed by Ralph Ince, which will show at the Lyric Theatre as the feature attraction Friday, January 27th.

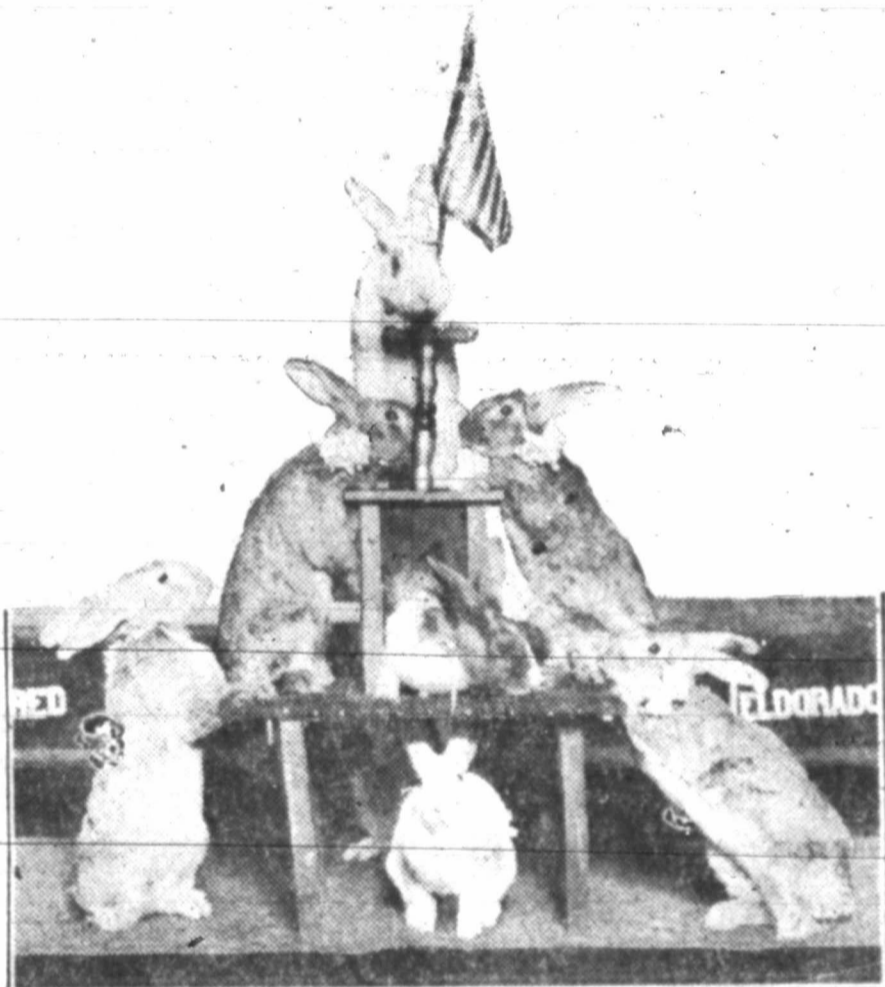

Miles Berry's Group of Educated Performing Rabbits

The only act of its kind in the world. One among many and different from all others.

An up-to-date novelty act that astonishes all beholders—Unlike anything ever seen before.

LYRIC

MATINEE AND NIGHT
Jan. 26th and 27th

LONE STAR STAGE LINE HAS ANOTHER MEMBER

Dick Abbott, of Snyder, is here with his brother, Ed Abbott, and will be associated with him in the Lone Star Stage Line business. The Abbott men know the service car business from beginning to the end and are making a success of the business in Lubbock.

They were in the oil fields of Eastland and Ranger during the boom days, and Mr. Abbott told one of the Avalanche reporters Tuesday that there was as much business in Lubbock as per population as there was in Eastland and Breckenridge when the cost of operating is counted. It is indeed a noticeable feature of the business of Lubbock to have men who mix and mingle with the traveling people who happen to come here, be such good boosters as these men are, and we are sure they are going to find out that in the long-run their work here will even overrun the amount of business they did in the oil fields.

There is more ways than one to feel the pulse of Lubbock, and we are of the opinion that by noticing the amount of prospectors and business men who tour this section in service cars is one sure and definite way to estimate the growing interest in this country.

SHERIFF'S SALE THE STATE OF TEXAS, County of Lubbock

Whereas, By virtue of an Order of Sale issued out of the District Court of Lubbock County, Texas, on a judgment rendered in said Court on the 13th day of December A. D. 1921, in favor of W. A. McDonald and against C. W. Sargent and Mrs. E. J. Payne, a feme sole No. 1491 on the Docket of said Court, and to me, as Sheriff, directed and delivered, I did, on the 10th day of January A. D. 1922, at 5 o'clock P. M., levy upon the following described tracts and parcels of land situated in Lubbock County, Texas, and belonging to C. W. Sargent and Mrs. E. J. Payne, a feme sole to-wit: Lots 1, 2, and 3, in Block No. 4, Overton Addition to the town of Lubbock, as per map thereof in the Deed Records of said county and on the 7th day of February A. D. 1922, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the Courthouse door of Lubbock County, Texas, in the town of Lubbock, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said C. W. Sargent and Mrs. E. J. Payne, a feme sole in and to said property.

Witness my hand, this 10th day of January A. D. 1922.
C. A. HOLCOMB,
Sheriff of Lubbock County, Texas.
40-3f

LUBBOCK COUNTY FARMER ENCOURAGED BY PROSPECTS

O. Nessmith was here Tuesday from his farm, five miles east of town, looking about as happy as it is possible for a human being to be, as the apparent beginning of a wet season for the Plains chased all his troubles away, and about all he could talk about was the future prospects for the farmers of West Texas.

Mr. Nessmith has been in the farming business for many years and is on to all the tricks of the trade, and does not try to make one thing at a time constitute his program for money making, and has a nice bunch of fine milch cows to add a constant income of money to his bank account by the milk and butter sales, and says it sure pays.

He has many well pleased patrons in Lubbock and goes about his farming and dairying business in the same straight forward manner in which any other business man would transact his business, and has established a constant demand for his products that goes a long way in making his farm the success it is.

He subscribed for the Avalanche for another year and we are sure there will be little happening in this section without his knowing about it.

Foot trouble complained of by many girls may not be due so much to high heels, as to the heavy feet of the men they dance with.

A BATCH OF LOCAL NEWS ITEMS FROM LAMESA

Woodrow Wilson, the little son of Mr. and Mrs. W. L. Boyd, died on Tuesday, January 10, aged two years. The remains were taken to Trent, Texas, for burial. W. M. Norris accompanied the family to Trent.

Audrey Cox made a business trip to Lubbock this week. He will devote his time to his automobile business, having resigned his position with First National Bank.

Mr. and Mrs. A. W. Barfoot returned Friday of last week from Lubbock, where they had been for a week at the bedside of their daughter-in-law.

Daddy Mitchell is still in the game. He is trying to buy some town lots on which to erect a modern bungalow to be handed down by him to superannuated preachers. Lamesa Journal.

A TONIC

Grove's Tasteless Chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. Grove's Tasteless Chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

The Australian House of Representatives has passed a bill authorizing a loan of 10,000,000 pounds sterling to re-establish World War veterans on land, according to reports from Melbourne.

CASCARETS 10¢

For Constipated Bowels, Sick Headache, Sour Stomach, Bilious Liver

The nicest cathartic-laxative in the world to physic your liver and bowels when you have Dizzy Headache, Colds, Biliousness, Indigestion, or Upset, Acid Stomach is candy-like "Cascarets." One or two tonight will empty your bowels completely by morning, and you will feel splendid. "They work while you sleep." Cascarets never stir you up or gripe like Salts, Pills, Calomel, or Oil and they cost only ten cents a box. Children love Cascarets too. 11-4

Plan Your New Home This Winter

Get all the details thoroughly worked out before you start to build.

The indoor days of Winter gives opportunity to study your building problem.

Let us help you plan—we know how—and at our office you can examine many designs for charming homes at moderate cost.

WILL MOVE CEMETERY TO BUILD GREATER DALLAS

Dallas, Jan. 21.—The several hundred bodies which have been resting in the Masonic and Odd Fellows' Cemetery here for years, are to be removed to a quieter place. The cemetery was established seventy years ago by Tannehill Masonic lodge. It was then a mile from the business district. Now it is surrounding by commercial institutions.

The lot containing 140,000 square feet has been sold for \$140,000. The bodies will be removed to a new thirty-acre site near Buckner Orphans' Home.

A large warehouse will be erected where the Masons and Odd Fellows have been long sleeping.

ROARING SPRINGS ORGANIZE LUNCHEON CLUB FRIDAY

Roaring Springs, Texas, Jan. 2.—At a meeting held here Friday attended by every business man and farmer in this community, the Roaring Springs Luncheon Club was organized. E. L. McCarter, District Manager of the West Texas Chamber of Commerce assisted in forming the Club. J. F. Womack was elected President and W. D. Starcher, Secretary.

At the next regular luncheon on Thursday, Jan. 26th committees will be named to work for the Fort Worth to the Plains railroad; to handle fair exhibits and publicity. Plans are now being worked out to have the Roaring Springs community represented in the All-West Texas Agricultural Exhibit of the West Texas Chamber of Commerce at the Southwestern Exposition and Fat Stock Show at Fort Worth in March.

CHAMBERLAIN'S COUGH REMEDY

This is a pleasant, safe and reliable medicine for coughs and colds. It has been in use for many years and is held in high esteem in those households where its good qualities are best known. It is a favorite with mothers of young children, as it contains no opium or other harmful drug. Try it when you have need of such a remedy.

ABILENE MAN GIVEN 20 YEARS IN KILLING

Abilene, Jan. 21.—After being out sixty hours, the jury in the case of Harry Carter, charged with the murder of Attorney R. Clint Chambers, this afternoon found the defendant guilty and assessed punishment at twenty years in the State penitentiary.

MRS. BOWEN TELLS HOW RATS ALMOST BURNED HER HOUSE DOWN

"For two months I never went in our cellar, fearing a rat. One night in bed I smelled fire. Sure enough the rat had been nibbling at the matches. If I hadn't acted promptly my house would have been burned. Later we found the dead rat. RAT-SNAP killed it. It's great stuff." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by City Drug Store, or Cole-Myrick Hdw. Co.

There is a feeling among the children that the movies should be reformed so that it will be safe for their parents to see them.

A lot of people who don't advertise think business is dead.

What Kind of Farming Do You Do?

You can't farm good with wornout implements. You can save money if you are careful in the purchasing of that new implement—not necessarily by buying a cheap one but on the other hand get one that will wear and wear, that will give you the kind of service you need to do good work—one that you can get repair service immediately upon—The J. I. CASE of course.

WE'RE READY FOR YOU

J. I. CASE FARM IMPLEMENTS

FARM BUREAU IS BECOMING POPULAR WITH THE FARMERS IN MANY PANHANDLE COUNTIES

Farwell, Jan. 19.—Farmers living in this part of Farmer County have secured Judge L. Gough of Hereford and E. M. McCracken to address the meeting called to meet in Farwell on Jan. 27.

Priona, Farmer County, Jan. 19.

COLDS

"Pape's Cold Compound" Breaks any Cold in Few Hours

Instant Relief! Don't stay stuffed up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up any cold. The very first dose opens clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness. "Pape's Cold Compound" acts quick, sure, and costs only a few cents at drug stores. It acts without assistance, takes nice, contains no quinine—Insist upon Pape's! 10-20

Priona farmers expect to join with farmers of the Farwell and other communities in the organization of the Farmer County Farm Bureau at a meeting to be held in Priona on Saturday afternoon, Jan. 28. The meeting will be addressed by E. M. McCracken of Groom and Judge L. Gough of Hereford.

Clarendon, Jan. 19.—Farmers from every part of Donley County are working in the perfection of the Donley County Farm Bureau. They were addressed at a county meeting in Clarendon, Jan. 14, by Judge L. Gough of Hereford, who outlined to them the methods of organizing community and county farm bureaus.

Nazareth, Castro County, Jan. 19.—According to leading farmers of the Nazareth community, Castro County will soon have the Castro County Farm Bureau. Judge L. Gough of Hereford, vice president of the National Wheat Growers' Association and a leading farm bureau member in Texas, accompanied by E. M. McCracken of Groom, chairman of the executive committee of the Texas Farm Bureau Wheat Growers called a meeting for Jan. 23, at Nazareth.

McLean, Jan. 19.—The McLean community of Gray County has re-

cured a grand total of 315 1-2 acres of watermelons, 1922 crop, in the organization of the Gray County Farm-Bureau-Watermelon Growers' Association.

Vega, Jan. 19.—Many Oldham county farmers have joined in the request that the Texas Farm Bureau Federation send speakers to this county for the purpose of organizing the Oldham County Farm Bureau.

Wildorado, Jan. 19.—Many farmers of this community have investigated the plans of the Texas Farm Bureau Wheat Growers' Association, led by E. M. McCracken of Groom, and Judge L. Gough of Hereford and sponsored by the Texas Farm Bureau Federation, with its 75,000 members. It is the only 100 per cent, compulsory, five years' pooling contract organization in Texas. They are petitioning the Texas Farm Bureau Federation to send speakers to Wildorado to assist in the perfection of a community farm bureau and sign up of the wheat growers' contract.

Panhandle, Jan. 19.—Farmers from every part of Carson county attended the meeting here Saturday, called by O. P. Russ, president of the Carson County Farm Bureau. They were addressed by E. M. McCracken of Groom and D. P. McCallib of Amarillo.

St. Francis, Jan. 19.—Since Judge L. Gough of Hereford, vice president of the National Wheat Growers' Association and a prominent farm bureau member, addressed the farmers of this community Friday evening, January 13 there has been a very decided increase of interest in the formation of the Texas Farm Bureau Wheat Growers' Association.

Bushland, Jan. 19.—Practically every farmer in the Bushland community has expressed the intention of attending the farm bureau meeting held Friday afternoon, at which time Lee Satterwhite of Amarillo will explain the farm bureau. George Menke, Dent McLean, R. S. Donaldson, W. L. Campbell, Carl Hill and W. J. Hill are acting as a committee in securing farm bureau members and signing up the wheat growers' contract.

Floydada, Jan. 19.—It was announced here this week by officials of the Floyd County Farm Bureau that a membership drive would be conducted in Floyd county at an early date, probably centering on February 25.

Spring Lake, Lamb County, Jan. 19.—Farmers from many sections of Lamb County met here Wednesday, Jan. 25, for the purpose of organizing the Lamb County Farm Bureau. E. M. McCracken and Judge L. Gough addressed the farmers.

A committee consisting of G. F. Abbott, Charles Bates, M. E. Clavinger, Lloyd Cowart, W. S. Hall, J. L. Hinson, Ernest Jones, H. M. Packard, W. W. Phipps and Willis C. White were appointed to handle the details of the meeting.

Miami, Jan. 19.—Farmers in the Miami community, who are interested in the formation of the Roberts County Farm Bureau, have requested the Panhandle-Plains supervisor of the Texas Farm Bureau Federation at Amarillo to secure speakers for a series of farmers meetings to be held in various parts of the county at an early date.

Umberger, Jan. 19.—Farmers of the Umberger community of Randall

County were addressed here Monday by Judge L. Gough of Hereford, and E. M. McCracken of Groom, on behalf of the Texas Farm Bureau Federation and the Texas Farm Bureau Wheat Growers' Association. The meeting was held under the auspices of the Randall County Farm Bureau.

Pampa, Jan. 19.—Pampa, the home of the beginning of the movement of wheat growers in Texas to cooperatively market their wheat, will again take the limelight Friday, Jan. 20, at which time E. M. McCracken, "daddy" of the movement, returned to tell of the great work accomplished since the first meeting of a mere handful of farmers here only a few months ago.

Mr. McCracken was accompanied to Pampa by Judge L. Gough of Hereford.

Claude, Jan. 19.—Announcement was made here this week that the farmers committee in charge of organizing the Armstrong County Farm Bureau had called a meeting of the farmers from over the county to gather in Claude Saturday afternoon, Jan. 21, at which time E. M. McCracken and Judge L. Gough addressed the meeting.

D. W. Badgley and Tom Brumitt of Claude; H. T. Cole, H. W. Shuey, S. L. Forren, E. P. Palm, F. I. Longbine and others are on the organization committee.

Shamrock, Jan. 19.—Since the return of C. T. Calvert from Shamrock from the farmers meeting in McLean on Jan. 6, when the Gray County Farm Bureau Watermelon Growers' Association was organized, there has been a deep interest in the formation of a similar association for Wheeler County watermelon growers. Mr.

EVERYBODY 21 YEARS OLD MUST PAY POLL TAX

It matters not whether old or young, single or married, good looking or homely, all the same, you have to pay your poll tax. This is the ruling of the Attorney General's department. Old maids even come under this ruling, as the department, in framing this amendment to the constitution was no respecter of persons. If you vote you pay, and now that we have woman suffrage, they should be made to pay for this privilege the same as men. However, the time is not far distant when the women vote of the country will be far below what it is now, is our prediction.

Fine motto: Give and let give.

A lawsuit, started some 600 years ago, was recently called for trial in a French court. The costs and fees of several centuries exceed the value of the object sought. It has to do with the distribution of some land in the Jura Mountains, between the communities of Meussia and Charcilla.

The new immigration law of America has kept 1,000,000 foreigners out of the United States in the last six months, according to the chairman of the House Immigration Committee. Only 180,000 aliens entered in the first five months of the last fiscal year.

WHAT IS BEING DONE IN THE OIL FIELDS OF THE STATE AS TOLD BY NEWSPAPER REPORTS

Production of oil throughout the state remained fairly steady during the past week, compared with the week previous. The total daily production for the principal fields of the state was 134,300 barrels, only 700 barrels under the previous week's figure of 135,000 barrels.

Burkburnett's loss of a little less than 2,000 barrels is offset by a similar gain in Stephens county, reversing last week's condition, when Stephens lost and Burkburnett gained.

Wichita Falls. Three new wells for the south Electra shallow field during the first half of the week, added around 900 barrels to the new production of this field. The best completion was the Grimsdole Oil Company number 14, estimated at 500 barrels in the 1,800 foot sand. This well was drilled last Tuesday morning and in four hours put 100 barrels of oil in the tank.

Canton, Texas. Residents of Canton and farmers of this and several other sections of Van Zant county are looking for great developments to follow the thousands of acres of leases for oil and gas tests. Considerable money is coming into the hands of the farmers from the sale of these leases, bringing from one to twenty dollars within a radius of ten miles of Canton.

Quannah, Texas. The properties in this county belonging to the Walker Oil and Refining Company have been purchased by the Revere Oil Company of Fort Worth. The property consists of about 3,000 acres of leases with one well down about 1,400 feet. This company will complete this well to a depth of 3,500 feet if necessary to secure commercial production.

Kerens, Texas. With eleven wells drilling, three more derricks up, and seven more locations made, Kerens is enjoying a real oil boom. Several other contracts are reported about ready to close up, and leases are selling fast.

Mount Vernon, Texas. Mount Vernon and Franklin county is about to break into the oil game. Several weeks ago L. E. Couch of Dallas, proposed to put down a well if he could secure sufficient acreage. With the assistance of local parties a block of approximately 25,000 acres were obtained, laying mostly south of town, including the country towns of Pryor and Majors. It is the intention to commence drilling about the first of February.

Kosse, Texas. The largest lease transaction that has ever been consummated in this field was closed last week, when Elmer Reinhardt and associates sold to James B. DeLay, of Oklahoma 4,200 acres for a consideration of more than 100,000 dollars. Development on this property will start at once.

Fort Worth. The Daiford Oil Company of Fort Worth has been formed through the re-organization of the Home Oil Refining Company. There are 1,000,000 shares of no par value. The new company has taken over the old Home Oil plant at Fort Worth and it is the intention of the new company to put it back into operation at once.

McLean, Texas. The Campbell oil well No. 1, located on the Y. O. U. ranch, eight miles southeast of this city, has been spudded in. There has been a number of other wells drilled in this vicinity, but this is the only one thus far that has been opened in the presence of a large crowd. A rotary rig is being used.

Pecos, Texas. Drilling with 3,500 with an open hole and without a sign of water and without a cave-in, the Loving well of the Pinal Dome Oil Corporation of California, can lay claim to being one of the world's most remarkable drilling operations. It has been drilled at a very small cost, considering its depth, because but 925 feet of casing is in the 4,400 foot hole. The drill has disclosed what has been declared by representatives of the United States Geological Survey to be the thickest vein of deposit of potash salts in the world. This deposit was first encountered at about 550 feet and extended for 800 feet, while potash salts have been found in the well over a distance of 1,300 feet. Several companies are now preparing to prospect for these potash salts with core drills.

San Antonio, Texas. American oil companies have reached an agreement with the Mexican government for the satisfactory settlement of the \$23,000,000 export oil tax due Jan. 25th.

The oil interests have completed arrangements with New York bankers to take up approximately the total amount due on notes and interest owed the American financiers by the Mexican government. Some of these loans are ten years old.

Gainesville, Texas. Officials of the Lone Star Gas Company were here last week from Dallas to inspect the new gasoline condensing plant that will be ready for operation soon, whereby gasoline will be extracted from natural gas, announced that with new production in the Mexia field that has been purchased by the company, there will be no trouble in furnishing gas to Gainesville and all towns along the line.

The immigrants think they have a right to this country because it was discovered by an immigrant.

LOCAL ITEMS FROM THE MOODY COMMUNITY

The whole atmosphere seems to be frosty this morning. All the feathery edged blades of grass, limbs of trees, etc., make a beautiful picture.

Moody was visited by a heavy sleet throughout Thursday night and Friday morning. Everyone was set to thinking along the line of sleds, sleighs, snow balls, snow men and even skis—but the snow didn't come.

Mr. Swofford's surface tank is the scene of attraction for the school children the past few days. Mr. Swofford's skating rink is only installed at such times as will cause no danger of over-heating on the part of the participants. Every nook of the tank is thoroughly scarred but to Beecher Swofford belongs the distinction of being the first to explore the underneath side of the tank. He's nursing a red eye as the result of his investigation.

Quite a little excitement was created Wednesday. It was caused by a prairie fire which originated near Leveland. Some of the Moody people helped put out the fire.

Sunday was the quarterly election of our Sunday School officers and teachers, or rather it should be called re-election time for the Sunday School only saw fit to make one change. Mrs. Bob Swofford was elected teacher of the primary class.

Mesdames Williams and Tharp spent Tuesday with Mrs. Nickell.

Mrs. Havens and Mrs. Bob Swofford visited Mrs. Bill Meares Tuesday.

Mrs. Bill Meares is expecting her mother, in a few days to spend a few weeks with her.

Mrs. John Swofford visited Mrs. White Wednesday.

Mr. White, Ullis King, Fred Reeves, Mrs. Palmer and Bill Murray and wife were Lubbock visitors Friday.

Prof. Teague and family were in Lubbock Saturday.

One new pupil, a Miss Gunn, is to enter school Monday.

To give an idea of our school, we'll relate an incident that took place last week. One of the Grammar School pupils was told by Prof. Teague that there was no doubt of his being promoted to High School for next term—as he has almost finished his grade at this present time. He, the pupil, related the teacher's statement to his parents at night and his father told him he would board him at a certain city school next term if he wanted to go and the boy said: "I thank you papa, but I had rather go here." This boy has been in such schools as Crosbyton, Lubbock and Amarillo. With all due respect to these city schools we realize that there can be just as good instruction in the rural well as the city school, even though they are not so well equipped, if the patrons will demand the best.

Geo. Tharp and Mr. Williams hauled out a load of coal for the school Saturday.

Mr. Swofford has heard from his brother "Ras". He is wanting to go to this section. He will be an inspiration to the community as he will be remembered by many as a great literary leader.

Moody is soon to have a store. Mr. A. E. W. White is putting it in. He has a car of lumber enroute from his saw mill in Arkansas. It is expected to arrive most any day. Mr. White has already bought several hundred dollars worth of groceries, having been in business a number of years at Imperial, Texas, and is an experienced merchant.

Clay Walker, Kenneth Chism and Dick Buck went to Ropes a few days ago and when time came to start home the boys could not find Dick. So it is supposed he "made for home" at Crosbyton. Must be some attraction at the other end of the line.

It was rumored Friday that Ropes basketball team was to play Leveland. Several of our young people went to see the game but Ropes did not materialize. It seems like a case of the boy who hollered "wolf!" We'll be doubtful about going again.

Mr. Gentry Murray and family of Groom, Texas, are to arrive Monday. He is going to farm on this brother's, Bill Murray, place.

"THE SCRAP HEAP"

Many an old man has been relegated to the "SCRAPHEAP" because he paid no attention to the condition of his spine. Don't be in that class. CANYON SCHOOL ITEMS

By Athenian Society
School is progressing nicely as the monthly report cards have been handed out, and the pupils are seated according to rank. All the pupils have new determinations to do better next month.

There were only two in high school lucky enough to get on the honor-roll; those two were Royce Trotter and Adolph Sides.

The boys of Canyon school have been practicing running lately, and we have hopes of winning out at the interscholastic meet next spring.

Mr. Pat Nix, one of the trustees, was a visitor at school last Friday afternoon.

Mr. James Samill is having a new house built.

Miss Helen Forbs spent last Friday night with Miss Theola Crawford.

Mr. and Mrs. E. P. Earheart have moved into this community, and we are very glad to have them with us.

Misses Christine Barnett and Julia Richards spent last Sunday with Miss Helen Forbs.

Miss Trudy Thompson was absent from school Tuesday and Wednesday, on account of being ill. We sincerely hope she will be back soon.

THE LOCAL NEWS OF THE WEEK FROM ACUFF

My! My! what a cold, cold blizzard is blowing. Old man Winter is with us to stay for some time from present indications. How a big snow would be appreciated.

Earl Davis and O. E. Eubanks of Idalou, traded mules last Wednesday afternoon. Here's hoping both are satisfied with their trade.

Douglas Pounds and family visited Mrs. Pound's sister, Mrs. P. G. Selman of Ralls, Texas, Sunday.

Miss Darby was a Lubbock visitor Saturday and Sunday.

Elmer and Otis Rush sold several hogs last Wednesday to Paul Hufstetler and A. G. Ross of Idalou.

E. O. Evitt and J. M. Boyd are attending court at Lubbock this week.

Mr. and Mrs. Earl Dav's and family accompanied by their mother, Mrs. W. D. Davis, visited Mr. and Mrs. Paul Selman of Ralls, Sunday.

Little Ibez Davie's real sick with bronchial pneumonia this week, we hope she will recover rapidly. She is the little daughter of Mr. and Mrs. Ashley Davis.

Mr. and Mrs. M. A. Evitt and son Urpey, were dinner guests at the home of Mr. and Mrs. A. M. Evitt, Sunday.

We are proud to report James Rodgers much improved, and able to be up since an attack of pneumonia.

Mr. Orley Rush is up here from Littlefield. He came after his cows. They moved there about three weeks ago.

Mr. Clark Rush is having a "well dig" on his place this week.

Mr. and Mrs. L. S. Evitt were dinner guests at Mr. and Mrs. Paul Selman's of Ralls Sunday. They also attended church services at that place.

Mr. Douglas Pounds killed hogs last week. Mr. Grimes and Mr. Fisher helped him.

Mrs. Ezra Rodgers of Eastland, visited her sister, Mrs. Elmer Rush from Wednesday until Saturday of last week.

Mr. and Mrs. L. S. Evitt were Idalou visitors Monday.

Ashley Davis and Orley Rush were in Idalou Monday morning.

Mrs. Elmer Rush spent the week end in Lubbock with her mother, Mrs. J. J. Baker.

Mr. and Mrs. J. M. Boyd and son Jesse, were Lorenz visitors Saturday afternoon.

E. R. Davis and Leonard Woods and L. S. Evitt motored to Idalou Wednesday afternoon.

Mr. and Mrs. Jack Penney and three sons, were up from Roaring

BABIES SOLD IN HOUSTON SAYS HEAD PHYSICIAN

"Babies change hands in Houston like so many fish on the city market," says Dr. J. W. Slaughter, head of the baby foundation of that city.

There are a number of maternity homes and baby boarding places in the city, he goes on to say, where babies are taken care of for a while and placed on the market where the price for these infants ranges from one dollar to several hundred.

A-thorities have no way under the present law to stop this traffic and there is a constant supply of discarded babies to meet this huge demand. The doctor declares that these babies sold in this way often fall into evil hands and get into bad surroundings and claims that parties unable to obtain babies through the proper agencies, having the interest of the baby at stake often patronize this market.

A man without principle never will draw much interest.

A woman says a man is a joke when she can't take a joke.

West Texas Wants Texas Central R. R. Extended

Snyder, Tex., Jan. 18.—The Scurry County Chamber of Commerce has been much interested in trying to revive the old Texas Central extension from Rotan on the west and it is now announced that in a few days there will be a meeting of representatives from various interested sections and towns at some point east of here to formulate a definite plan to carry this business forward.

By building about thirty-five miles of line from Rotan to Snyder, all of the territory now served by the Texas Central line will have a direct connection to the west and north-west, while by extending the line on west, as intended, into the western section of the State and Roswell territory, thousands of square miles of the finest lands of the Southwest will be opened for settlement.

The sidewalks of Manchester, Vermont, are of marble, the commonest rock found in that vicinity.

Quickest way to reduce is weigh on the coal dealer's scales.

Here is a Business for Lubbock
GOOD FOR
\$6,000 to \$12,000 Yearly

Law Enforcement Having Attention of Men High Up

It will be recalled that Governor Neff requested that Monday, January 23rd be a day specially set aside for the enforcement of the law. District Judge Spencer and District Attorney McGuire certainly did their part, for at one time in the court Monday there were four different juries out considering cases, one civil and three criminal. There was a conviction, without suspension of sentence, in all three of the criminal cases.

Judge Spencer in sentencing the defendants, made an admirable talk on the enforcement of the law.

This is indeed a commendable feature to attribute to the Judge, and the writer is of the opinion that little can be done toward checking crime if staunch champions for right and justice are not everywhere proving their metal, and taking a hand in its abolition.

Regardless of the nature of a case there is always room for a hard fight and strong appeal for the right, and until the people of Texas are repre-

resented in every court from the smallest to the largest by men like Judge Spencer, who, in spite of all hazards or oppositions, speak and act their convictions for the enforcement of law, so long as the case merits even slightest attention, lawlessness will exist.

When there is no opposition to wrong it will spread like wildfire, and once rooted in the hearts of a people is most unquarable. Let every man who has the great honor and public confidence to uphold the law, remember that his is a work of most exacting responsibility, which, if not properly executed, creates unthinkable crime, for the suppression of which our laws were created.

BILIOUS HEADACHE

When you have a severe headache, a disordered stomach and constipation, take three of Chamberlain's Tablets. They will correct the disorders of the liver and bowels, effectually curing the headache.

Andy Wooten was here the first of the week to visit his mother, who is at the Lubbock Sanitarium. His home is at Crosbyton.

E. N. Twaddle of Slaton is on the petit jury this week in District Court. Scratch pads for sale at this office.

A STATEMENT FROM JUDGE W. D. PUCKETT

I am today announcing for the office of County Judge, subject to the Democratic Primaries, in doing so, I realize the importance of the office and that the voters has a right to know how I stand on all matters pertaining to said office and something about me personally.

I believe in the strict enforcement of all laws, and wise economy in the handling the county's affairs.

I have lived in Texas fifty-four years, in Lubbock County fourteen years. Have had about thirty-two years experience as a lawyer.

I respectfully solicit the support of the voters and invite them to discuss with me how I stand on all the matters and if elected will give the office my undivided attention.

Respectfully submitted,
D. W. PUCKETT.

\$4000.00 DAMAGES GIVEN IN HURST CASE

The jury empaneled in the case of J. M. Hurst vs. P. & S. F. Ry. Co., personal injury suit, returned a verdict for \$4000.00 in favor of the plaintiff, the past week.

The peace dollar has a dimple on the chin and will be withdrawn. Dimples always withdraw dollars.

Potash is Found In Oil Well at Colorado Monday

Colorado, Mitchell Co., Texas, Jan. 25.—The strata of red salt formation drilled through in the T. P. No. 1 and Smith No. 1 wells, west of Colorado, show a trace of potassium, according to a report of the Geological Survey at Washington. In the T. P. well, which was completed in July of last year, a strata of fifty feet of red salt formation was drilled into at 250 feet below the surface. It is slightly thinner than the strata in the other well.

Among the technical evidence of the presence of potash is salt rock of a vermilion color. It is the presence of this evidence that is gradually strengthening the belief that this important commercial mineral may be found in the vicinity of Colorado. Some of the salt taken from the T. P. well last year was submitted to the washing test to determine whether the coloring was the result of red bed absorption.

Trouble with high rents is you've got to keep moving.

ARRANGED PARTY FOR LUBBOCK COUNTY COUPLE

The many friends of Collin Myatt and Miss Ella Hoge, of near Posey happily received the announcement of their engagement at a party given by Mr. and Mrs. Joe Kitten, who arranged a beautiful entertainment for the young folks at their home three miles south of Posey, Sunday evening where a shower of beautiful and useful articles were presented the young couple.

Nothing was left out of the program to make the evening a success, and even a solemn looking parson emerged from his place in an adjoining room to where the party was entertained.

At ten-thirty the guests were ushered to the dining room where a fine supper was enjoyed, after which the guests departed, assuring Mr. and Mrs. Kitten of their appreciation of the occasion.

Anthony Borho, of the Avalanche force was among those present.

S. N. Jackson, of Crosbyton, was here Wednesday transacting business and took the opportunity to hear the lawyers argue their cases in county court.

MESA MAN PUTS FINGER ON SPARK PLUG; RELEASED

Mesa, Ariz., Jan. 22.—Doctors and mechanics worked for three hours before J. M. Wells could be liberated from a predicament that followed his effort to adjust the timing gears of his automobile.

While his wife turned the starting crank, Wells thrust a finger into a spark-pug hole.

The finger was caught and almost crushed, the pain was such that local anesthetics and ice water had to be used.

Release was accomplished by removal of the cylinder head block.

Catarhal Deafness Cannot Be Cured

Local applications, as they cannot reach the diseased portion of the ear, there is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and the tube returned to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarhs, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for anyone who can cure a case of catarhal deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, or write to F. J. CHENEY & CO., Toledo, O.

Abernathy Firms Sending Out Descriptive Literature

Herman Shultz, real estate man of Abernathy, was here Tuesday and called on the Avalanche for a lot of printing, which is designed to make the people of other places realize that Abernathy is more than on the map, as these people have something worth talking about, and realize that there is no one better adapted to saying it than themselves. The Avalanche force delights in taking care of the printing for such people, as there is something about their willingness to boost Abernathy that is wholly magnetic, and attracts the attention of those with whom they are associated. We are for them, or any other town on the Plains that is willing to say what they think about the fu-

ture of their country, and more willing to back the statement. May they continue in an ever progressive path of development, and reap the benefits thereof before many years, for where is a man who does not deserve applause when municipal achievement and universal assistance is his goal? Keep it up Abernathy. It is a long road that leads to success, but enough printed-matter, designed as are the booklets you are circulating, often paves the way, and make going less difficult. This particular job is in the nature of a descriptive pamphlet, which was gotten up under the supervision of the Abernathy Chamber of Commerce, and Mr. Shultz of the Shultz Company is having a large number of these folders printed at his own expense to distribute throughout the north and east to prospective buyers of land in this section. Carl C. Goodman, of Abernathy is also having a batch of the same literature printed for his use in this way as well as the Chamber of Commerce at that place.

NEWS ITEMS FROM THE LYNN COUNTY NEWS

According to reports obtained from the Tax Collectors office, 375 motor license had been issued for the current year at Wednesday noon, 869 poll tax receipts had been issued at the collectors office on this date. A deal was recently consummated whereby M. H. Portwood purchased the wagon yard belonging to J. N. Jones, located just northwest of the public square. This is a valuable piece of property and Mr. Portwood will be in position to accommodate all travelers passing through Tahoka either by wagon or auto. Ed Inmon, a representative of the Rix Furniture and Undertaking Company, passed through Sunday enroute to his home in Lubbock from Big Spring. Mrs. Gladys Stokes, candidate for County and District Clerk of Lynn county, spent the past week in Lubbock, visiting with friends and relatives. Fred Wester, a newspaper man of the state of Colorado, was in Tahoka a short while Tuesday on business matters. Mr. Wester is putting on a subscription campaign for the Post City Post at the present time. The organization of a Royal Arch Chapter of the Masonic order has been in progress in Tahoka the past ten days. A large number of candidates are taking the work. A delegation from the Post Masonic lodge were here the first of the week. Mrs. H. C. Crie departed Saturday for Dallas, where she will accompany Mrs. Otto Shook to this city. Mrs. Shook has been in poor health and it is hoped that her removal to this section of the country will prove beneficial. Justice of the Peace, I. P. Metcalf, performed a marriage ceremony last Saturday at the court house, uniting W. T. Crews and Miss Lonie Macher, popular young people of this county. Misses Alma Spikes and Elizabeth Robbins and Messrs. Guy Pierce, Carlisle Tubbs and Glenn Hunt, popular young people, of Lubbock, were the guests of Miss Faye George of this city the past week end.

TRUSTEE SALE

STATE OF TEXAS, County of Lubbock. Whereas, on the 20th day of September A. D. 1920, G. J. Merrill and wife, Mollie Merrill did execute and deliver to the Temple Trust Company a corporation, their mortgage with a power of sale upon all of lot No. 12 and W 1-2 of lot No. 11 in block No. 44 in the Overton Addition to the town of Lubbock in Lubbock County, Texas to secure the payment of five (5) notes for the sum of \$300.00 each due October 1st 1921, 1922, 1923, 1924 and 1925 and interest payable semi-annually on the first day of April and October in each and every year. Said notes and mortgage further provide that a failure to pay either shall, at the option of the owner mature all of said indebtedness and provide for 10 percent Attorney fee and. Whereas, all of said notes and indebtedness has been duly assigned to John E. Roach, who is now the owner and holder of said indebtedness and said Lien and. Whereas, the said Merrill and wife, Mollie Merrill, have defaulted in payment of principal and interest due October 1st 1921 and the owner and holder therefore has declared all of said indebtedness both principal and interest due and has placed same in the hands of his Attorney for collection. Whereas, it is provided in said mortgage that in the event of the default of the said Temple Trust Company or its successors and assigns shall sell said lands for the payment and satisfaction of said indebtedness. Now, I John E. Roach, will on the first Tuesday of February A. D. 1922, same being the 7th day of February

I Am Too Busy Today—

With our Manufacturer of the Hamilton Fish Cigar, laying our plans for this year on this cigar to write an ad. Our manufacturer states that he expects to sell over three million of this brand this year so you had better decide right now to get as much of this stock as you possibly can so that you will profit by this increased business.

1922 at the Court House door in the town of Lubbock in Lubbock County, Texas, between the hours of ten o'clock A. M. and four o'clock P. M. offer the above described property for sale to the highest bidder for cash in accordance with the provision of said notes and mortgage. Witness my hand at Lubbock County Texas this third day of January A. D. 1922. JOHN E. ROACH. 40-4f

No word was spoken at a recent trial of a man arraigned on the charge of murder at the Old Bailey in London. The prisoner was deaf, and as there was no person in court competent to use the sign language, the entire proceedings were conducted in writing.

IF STOMACH IS BAD LET DIAPEPSIN END GASES, INDIGESTION

"Pape's Diapepsin" has proven itself the surest relief for Indigestion, Gases, Flatulence, Heartburn, Sourness, Fermentation or Stomach Distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually. 11-11

All the king's horses and all the king's men can't get Humpty-Dumpty back down again.

Game Season Will Close for Many Birds Jan. 31st

January 31 is the last day on which wild ducks and geese, coots gallinules and Wilson snipe or jacksnipe may be hunted anywhere in the United States under the Federal law, which prescribes seasons on migratory game birds.

This law, which is administered by the Bureau of Biological Survey of the United States Department of Agriculture, provides, however, that the carcasses of birds killed during the open season may be possessed for an additional period of 10 days following the end of the season if State or Local laws do not prohibit it. The possession of carcasses of wild ducks, geese and other migratory game birds in cold storage plants after February 10 renders the owners subject to prosecution in the Federal courts.

Piles Cured in 6 to 14 Days

It isn't always politeness that makes a man let a woman get on a street car first.

SHAMROCK MAN FOUND NOT GUILTY OF MURDER

Canadian, Texas, Jan. 23.—T. E. Sammons, charged with the killing of C. S. Brooks at Shamrock last September, was found not guilty here tonight.

The jury was out 48 hours, the case having been given to them late Saturday afternoon. Sammons went on trial at Canadian the first of last week on a charge of venue from Shamrock, where he is alleged to have killed Brooks. Sammons was city marshal of Shamrock. The case has excited interest of the entire Panhandle. About 100 witnesses were called for the trial.

HALE BASKET BALL TEAM WINS OVER LUBBOCK CO.

Hale county won over Lubbock county in the basketball game played under the auspices of the Lubbock District of the Texas Interscholastic League tonight at Estacado. This gives Hale county the championship in two counties. Superintendent W. E. Patty of the Plainview public schools is hopeful that Hale county will win the district championship and get to represent the district in the finals. Superintendent W. E. Patty and Prof. Horace Duncan will go to Lubbock Saturday to represent Hale county in an executive meeting of the directors of the Lubbock District of

THIN, FLAT HAIR GROWS LONG, THICK AND ABUNDANT

"Danderine" costs only 35 cents a bottle. One application ends all dandruff, stops itching and falling hair, and, in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. "Danderine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant. 10-20

the Interscholastic League.—Plainview Herald.

Ignorance Is a Disgrace When You Do Not Try to Overcome It, Says a Prominent Educator and Writer

Did you ever give the excuse, "I don't know," and feel that your responsibility ended there, feel that your admission of ignorance made you not liable to punishment?

Our laws don't agree with you. They take the position that it is your business to know, and you get punished just the same whether you say you didn't or you did know.

We can't know everything but we can be always learning, and if a question is asked and you say, "I don't know," and let it end there, you are as dead as you'll ever be, for your brain is not growing.

Nobody likes a bluffer and nobody likes a person who pretends to know more than he really does, therefore

we actually admire a man who frankly says he doesn't know when he doesn't, but we have no use for him, realize that we can't do anything by cultivating him, if he continues in his same state of ignorance.

If a teacher is asked a question along his own line of study and says, "I don't know," we aren't surprised, but if he is asked that same question the next day and gives the same answer, we are not only surprised, but we are disappointed. We believe it is his business to know and if he doesn't know he should find out.

If we ask a doctor a question about our sick, he often has to say, "I don't know," but we wouldn't have him the next day if we didn't believe he was doing his level best to find out.

The willingness to remain ignorant is the crime.

I remember an usher at a college entertainment one time who didn't know and didn't care to learn. It was a pay affair with several speakers on the program. He had not informed himself who the speakers were, and when one arrived without an admission ticket he refused to permit him to go in, even though told by the man that he was on the program.

Did this usher rush around then and find out who the speakers were to be and what he must do with this man?

No, nobody had told him anything about it, and it wasn't his fault! He let the speaker stand around in the entrance to the auditorium for fifteen minutes before some one in charge came along and escorted him to his proper place.

This usher was rather proud of his ignorance and conduct in this case, not seeming to realize that ignorance, coupled with no effort to learn, is a disgrace.

That is, he was proud until this particular man got up to speak. His speech had been changed while standing in the lobby watching this young usher, and he made it mostly to him and those like him. It was about not knowing and not caring and he predicted no future for men and women like that. Men and women with no initiative who do absolutely nothing but what they are told to do, learn absolutely nothing but what they are told to learn, see nothing that has not been pointed out to them, think nothing that somebody has not already thought for them, such people will stay right in their "usher's tracks" all the days of their life, doing nothing for themselves and nothing for any body else.

This "I don't know" that we let slip off our tongue daily should be said with humiliation, unless we say

either out loud or in our mind, "but I'll try to find out."

We must know or make every effort to know. When we fail to make the effort we become as a dwarf in our minds, we grow no more, and those minds that continue to grow race ahead and leave us standing in the usher's shoes.—Nora Cole Skinner.

SLIDE ITEMS OF INTEREST DURING THE PAST WEEK

The cold wave began blowing Wednesday evening and continued for a day or two. Everybody got in their coats and shivered around while they were outside.

Mr. Lee Reiger is on the grand jury this week.

Several of the pupils were absent from school the last part of the week because it was too cold to come so far.

Mr. Benett Stanford and family spent a few days the latter part of the week with their parents here. Jones Mabray went home with them for a few days.

Among those that were at Lubbock Saturday were Messrs. U. D. Arnett and family and J. E. Hubbard.

Mr. Herschal Davis attended the singing at Mr. Charlie Hilton's on last Sunday night.

Mr. Tom Canon from Carlisle spent a day or two the last part of the week with his sister, Mrs. C. L. Rieger.

Several of the patrons of the community met at the school house Saturday morning and cleaned off the school yard and put in several new window glasses and fixed the windmill and are talking of painting the building, if so it will help the looks of our community very much.

There will be a play at the Slide school house the first Friday night in February, which is the 3rd of February, entitled the "Daughter of the Desert," every body has a special invitation to come and bring some one along with you. Most every one in our community is planning to go to Carlisle to the singing next Sunday.

Several of the young people of the community attended the show at Lubbock Saturday night.

Messrs. Clarence Barton and Wesley Willis from Lubbock were pleasant visitors in our community Sunday afternoon.

Mr. Farr and family visited their daughter at Lubbock last Sunday.

Mr. D. M. Moore and family went to town Monday.

Messrs. Dolph and Gem Izard, S. L. Smith and son, Truett, and Edd McManus from new home in Lynn County passed through the community Monday enroute to Lubbock on business.

Mrs. M. L. Williams is at Lubbock a few days under the treatment of the doctor.

Jack Crouch from New Home was at several of the young people of the community Saturday and mostly the latter.

SOME LOCAL NEWS ITEMS FROM RALLS BANNER

J. E. Railsback and family have recently moved to a farm near Lubbock to which place they order the Banner sent to them.

Quite encouraging reports come from the Chamber of Commerce soliciting committee, up to Friday of last week contributions amounting to about \$285 monthly had been pledged. This alone assures the employment of a paid secretary and provides funds for other purposes. And, then only the outer edges, as it were, have been touched and we fully believe as much as \$400 per month can be turned into the Chamber of Commerce treasury by our business men, farmers and other citizens.

Mrs. Bob Brown returned Monday from Dickens where she was called to attend the funeral of her brother-in-law, Tom Tucker. He was at the top of a windmill repairing it when he became overbalanced and fell a distance of 30 feet. His head was badly crushed and death was instantaneous.

While here from Idalou Wednesday closing a land deal, Wm. Groat, of the firm of Groat & Miller left us some cash to keep the Banner going to Michael Lees, at Peru, Ill.

FOR INDIGESTION, GAS, SOUR, ACID STOMACH, TAKE "DIAPEPSIN"

"Pape's Diapepsin" is the quickest, surest relief for Indigestion, Gases, Flatulence, Heartburns, Sourness, Fermentation or Stomach Distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually. 10-20

Mrs. A. N. Whitacre, of Hale Center, was here the first of the week visiting her daughter, Mrs. Maxey, of the Leader.

Tired

"I was weak and run-down," relates Mrs. Eula Burnett, of Dalton, Ga. "I was thin and just felt tired, all the time. I didn't rest well. I wasn't ever hungry. I knew, by this, I needed a tonic, and as there is none better than—

CARDUI

The Woman's Tonic

"I began using Cardui," continues Mrs. Burnett. "After my first bottle, I slept better and ate better. I took four bottles. Now I'm well, feel just fine, eat and sleep, my skin is clear and I have gained and sure feel that Cardui is the best tonic ever made."

Thousands of other women have found Cardui just as Mrs. Burnett did. It should help you.

At all druggists.

Guarding the "Human Element"

What is generally termed the human element in banking is nothing more than a thorough understanding and practice of the Golden Rule.

Without the human element in banking one would deposit, check and borrow only—that would be the limit of the bank's service. It is to be guarded if the customer grown in confidence with the institution serving him.

Then, too, the "human element" must never be the guiding factor of a bank's actions or decisions, lest organic rules of banking supervision be over-ridden.

Your patronage solicited upon a thorough understanding and thoughtfulness in your welfare—so inseparably linked.

SECURITY STATE BANK & TRUST COMPANY

"Wants to help those who try"

LOCAL NEWS ITEMS FROM MONROE COMMUNITY

The snow was light here but the cold is rather severe.

B. C. Clutter and wife of Lubbock were calling on Mr. and Mrs. Henry Barber here last Tuesday.

We are glad to report our Mr. Algers Tannyhill as able to be at Monroe last Sunday. After a few days in the Sanitarium at Lubbock.

Miss Edna Showalter of Vaughn, who teaches near Carlisle spent Sunday among old friends here.

Miss Edna has a wonderfully sweet alto voice and will sing with the Monroe class in the contest at Carlisle. She and Miss Bee Warren sang the new song last Sunday. "They needed a sweet voice in Heaven, So They called Caruso home," which was highly appreciated by those present. Some of our sweet singers who will attend the contest are: Floyd Matheny, Mr. Russell, Miss Tannyhill and Mrs. J. A. Long to sing soprano, Mesdames C. Vaughn and Dyke and Miss Showalter to sing alto, Messrs Greenhill, Tannahill, Hallmark and Matheny to sing tenor and bass.

Monroe auditorium was a lively place all day last Sunday. We began with the meeting of the Church of Christ at 11 a. m., then song practice until 2 p. m. Dinner on the ground for everyone, which was very much enjoyed, then we suspended Sunday School in order to make time for a meeting of the Laymen from Lubbock, which was very interesting and consisted of the following program: Their chairman, Prof. G. A. Gunn, a teacher in the Lubbock schools made a short talk concerning the object of the meeting and asked for a song which was responded to by the choir in the beautiful song of "The Reapers," then Mr. Gunn introduced Judge Foster of Lubbock, who read scripture and prayed and gave us a splendid talk along the line of Christian Duty. Mr. Gunn then led the singing and after prayer he introduced the Baptist speaker from Lubbock, Mr. F. W. Sawyer, who made a fine talk from the reading of the scripture "In my Father's House Are Many Mansions," and calling attention to the fine voice of our choir leader, Floyd Matheny and exhorting all present to become Christians, closing with the sweet old songs: "Just As I Am," and "O Think of the Home Over There." Many visitors were present whose names I failed to get.

Mr. Henry Turner, of Kentucky, is visiting in the home of his uncle, Charley Vaughn and wife.

Mr. Perry Vaughn is still in Arizona, and thinks he will attend school there.

Mrs. J. A. Long and Miss Kerr were dinner guests in the home of Mr. Russell and wife on last Sunday.

Mrs. T. H. Cox sold a load of thrashed maize at Abernathy on last Saturday.

Mrs. Henry Hodnell and baby have returned from Lubbock where they were having the baby treated by a local M. D.

Mrs. Ed Gillett is yet unable to attend church since her recent illness. Our merchants wife, Mrs. Canell

AFTER ALL—

It's the little things which make for satisfied customers. That's the reason we are so particular about eggs, butter and other perishable articles. We can't see that it's so expensive since there are so many people who are discriminate about things they have on their table.

MR. AND MRS. WARLICK'S SON NOW VISITING THEM

M. T. Warlick rushed into our office Wednesday afternoon, and said: "I want the two first columns of the front page of the Avalanche, next issue." We presumed that M. T. had been seized with a desire to branch out on some important subject pertaining to better farming, or how to make hens lay in cold weather, or how to hatch chickens when the weather man is doping out near zero weather, or possibly had taken exceptions to some article in the Avalanche and wished to take us to "a cleaning," but as soon as we could muster enough courage we asked "what for," and he responded promptly and proudly, "to report the arrival of a new fine ten pound boy at my home, this morning at 10:30 o'clock."

We take pleasure in announcing the arrival of this youngster, and hope he will make a good and useful citizen, and be as successful as his father in mastering the things he undertakes, as M. T. is one of the most successful diversified farmers in this section. He not only makes good crops, but is a decided success in the raising of chickens and prize winning hogs.

Clarence Glover, negro, was given two years in the penitentiary by a jury Monday afternoon. This fellow was employed by the Sowell Grocery and not long ago, he undertook to appropriate some of the groceries to his own use and benefit after breaking into the store. The jury was out only ten minutes.

I certainly appreciate the semi-weekly visits of the "LUBBOCK AVALANCHE." I think it is well edited and printed and am glad that it comes to the parsonage of the Church of the Nazarene.

CUTTING OUT FREE GOVERNMENT BATHS AND RUBBERS

Congressman Tom Blanton has recently introduced three bills in Congress of the United States to cut out free baths, free hair cuts, free rubbing and free lunches, and all these luxurious apartments are domiciled in the government building, rent free. In these government cafes fine table linen, the very finest that money will buy, silver ware and china ware, fit to serve the gods out of. And say, did you ever read one of those government menu cards? But gee, they furnish swell eats to the Congressmen, Senators, their families and friends, at about half price. And the barber shops are furnished by the government, and talk about elegance in those free barber shops, us folks out here in the country have never seen anything like it, let alone having the pleasure of getting served in an elegant parlor like this. Now these barbers that run these shops are on the government pay roll, drawing seventy dollars per month, getting all those furnishings and rent free, and charging the legislators and their families a nominal sum for service. And then down there in the bath rooms, all located in the government buildings, and all the elegant paraphernalia in these bath rooms furnished by the government, water and electric lights, and then great sleek negroes to rub the corn-fed congressmen and senators, their families and friends down, so as to make the red blood run, and these rubbers are on the government pay roll, drawing eighty-five dollars per month. And then the tips that these fellows get on the side, they live like lords and dine on the fat of the land. And here us country folks are, if we get a bath, have to bath in the tank or horse trough, rub ourselves down with a tow sock or corn cob, while those doggoned high flyers up there in the nation's capitol, loll around in marble bath tubs, get rubbed down with turkish towels, and perfumed soap, lounge on silk-cushioned chairs, get their faces shaved, massages and shampoos, and good eats, practically free. In addition to this, they draw mileage for regular and called sessions, amounting to about two thousand dollars per year, and get this mileage whether they go home or not. Then they get the government franking privileges, and send their trunks, traveling bags, bird cages, and any other household effects through the post office, all free, no wonder those doggone fellows up there hate Tom Blanton. Why up there in Washington City when you mention his name to one of those vampires or laborites, they froth at the mouth and have a fit. And us poor devils out here in the country have to plow and hoe, drive scraper teams, sweat a Ge-Wash, crank a country Campbell press, and do all other kinds of dirty jobs, and dig up the cash to pay for all this finery and ease for the law solons and their lackeys. We say no wonder they hate Tom; yes, they hate him worse than the devil hates an old fashioned camp meeting out in the country in the good old summer time, when men's souls are washed clean, and they have no desire to sin. You know folks, Washington City is one of the most beautiful cities in the world, among the finest, and a wonder for all sight-seers. Now get this fact, in the City of Washington, the tax rate is only \$1.75, it cannot be any more, and all excess city expenses is paid by the government—no, not the government, the government collects it from the people, it occupies the position of trusteeship for the toiling millions. But oh look at those beautiful driveways, miles and miles of paved streets and shade trees, parks and fountains and flower beds, and thousands of employees paid by the government to keep everything epic and span for the city folks. Look yonder at those handsome educational structures, yes, those negro colleges many of them, and some of them cost as high as a million and a half dollars, and then look at the series of colleges belonging to the white folks, some of them costing over a million dollars, the boys and girls up there learn to read and write and figure in palaces, most of it comes free, while us country folks walk down a country lane and solve mathematical problems in a shotgun shack. Then a wealthy real estate broker buys a plot of ground out in the suburbs, puts on a new addition, grades and paves the streets, puts down concrete side walks, lays out parks and sets out shade trees, makes of it a garden of beauty, and this real estate shark scoops in the thousands, and \$1.75 is all that can be taxed for improvement, and thus the government taxes the people to pay the bill. Now against all this extravagant tomfoolery, Tom Blanton is making the fight of his life, and it is certainly a fight, one that few men dares to undertake, and that bunch up there would like to see him defeated, they would like to get rid of him, as he is a thorn in their flesh. Tom Blanton has put on an economic move up there in all departments of the government that is going to bring on an economic revolution in the nation's capitol, yes, cut out the tens of thousands of vampires on the government's pay roll, and fat appropriation for political heelers, etc. And Tom Blanton is the only member of that body that has the nerve to put up the fight. Albany News.

The Avalanche does not particularly like Tom Blanton's style and disposition, but we certainly do admire his nerve, and we are with him in his fight to cut out a list of extravagance in the City of Washington, by the government. There is entirely too much of the people's money wasted and there should be a general slashing of appropriations for these things. We do not mean that we want the United States Government to be less dignified than that of any other nation, but things like the above

writer has mentioned (and he has not begun to touch the list) should certainly be attended to and that without delay, and the people should demand of every candidate for office, whose operations will be in the law making departments at Washington, that he express himself on matters of this kind and pledge himself to see to it that he will make an honest, unceasing effort to have these matters attended to as soon as he possibly can.

The people in Washington have just as much right to help pay the running expense of the government as we do, and in fact we believe it should be more if any difference at all. We do not believe that a congressman has any right to free transportation any more than this editor has, or any other citizen. They get their salary, and so do we, and they might just as well bear the expense of travel as we. And when they do not go, they certainly are not entitled to the expense money when there was no expense. And, too, they get about three or four times what it takes to pay their expenses, which is nothing short of robbery. There is time for a great change in the laws of the land, and the people had better be wide awake to their duties, and see that men are sent to congress, and the State legislature, who are in sympathy with a change in these things, so that the affairs of state are operated in an economical manner. You will have a chance at some of them this year, watch who you vote for! But you will have to pay your poll tax if you get to vote at all and do it before Tuesday night, too.

DEADEST TOWNS HAVE LOWEST TAX RATES

Perhaps the Avalanche hits the tax-growler, who is after all about 98 per cent of us, harder than we are entitled to be hit. But we must bear in mind that of all the communities in our experience the communities with the smallest tax budgets are the deadest and the last we have in mind ever moving into. And that's a thought well worth keeping before us along about this taxpaying time. Pay your taxes including your poll tax before February 1st. Let's keep the wheels turning. The quitter is already beat.—Floydada Hesperian.

The above refers to the editorial which appeared in the Avalanche a few weeks ago regarding the kicks about taxes, and the Hesperian's conclusion of the whole matter is that in order to do things we must have money.

We are dead against the waste of public money and we do not endorse extravagance in any public office, and insist that the closest attention, and the most rigid economy should be practiced by public officials in the handling of the public's money, and we do not believe that such is the case as to city, county or school affairs in Lubbock, and we are heartily in favor of sufficient taxes being collected to maintain all of these, even if the rate must be increased in order to do so, and we do not see how a person can count themselves an honest to goodness, true blue citizen, who will get up and fight against a few cents additional tax on their property for school purposes, when if it was not for the fact that we have good schools, our property would not be worth half of what it is, and in fact, we doubt if twenty-five per cent of the present value. Pay your poll tax and be ready to vote for the increase in the tax rate, and also for the school bonds. We need both, and must have it to take care of the school situation.

ENEMIES OF LAW ARE ENEMIES OF THE NATION

No man in this country is so high that he is above the law, even though he may regard the rule or regulation as a personal affront. No officer of the law may set that law at defiance. There is no greater evil today than the non-enforcement by public officials of laws which they have sworn to uphold. It is not for an executive, state or federal, to say whether a law is good or bad. He should enforce it, or confess failure and resign. Society cannot progress without respect for authority and order, and the individual cannot make progress without that protection and security which respect for the law insures. Strong as this government is, it is not strong enough to last unless the American citizen is taught—and if needs be made—to respect authority and respect and obey the law.

In the great field of law enforcement our difficulties are incredible. Not only are the criminal classes insolently bold, but hitherto law-abiding citizens sometimes find it convenient to forget the law.

The fact that we need a public auditorium that will accommodate the people who wish to attend, will not build it. The people must become active, and begin building and quit talking about it.

Just 3 more days in which you can pay your poll tax and become a qualified voter in Lubbock City, Independent School District, County of Lubbock or State of Texas elections, during 1922.

The Weather Man blessed this country with the finest crop gathering season that the people of the Plains have ever known. He will bring rain in time. Don't worry!

Lubbock people will vote bonds for the building of a new school house here if they have interest enough in the children of this district to pay their poll tax.

Voting privileges will not be given with poll tax receipt after the 31st of January. Better see the tax collector before this special privilege is withdrawn.

You have no right to open your mouth about the affairs of the Federal, State or City government, if you do not hold a poll tax receipt.

If you would have any part in thinning out the crop of candidates this year you had better pay your poll tax.

There is not much time left in which to pay your poll tax.

Only 3 more days to pay your poll tax.

Your Credit Is Good At RIX'S

There are hundreds of homes that would have to go unfurnished if it were not possible to buy goods of this class on a credit basis.

Practically all of our goods are bought direct from the manufacturers. This enables us to give our customers

MORE GOODS FOR THE SAME MONEY or SAME GOODS FOR LESS MONEY

RIX FURNITURE AND UNDERTAKING CO. THE HOUSE OF SATISFACTION BIG SPRING LUBBOCK

WITH LUBBOCK BUSINESS MEN

H. H. Griffith, a landmark in the progressiveness and success of the Rix Furniture and Undertaking Company, of Lubbock, is in Big Spring helping to take care of the business there in the absence of H. L. Rix, who is in Battle Creek, Michigan, under care of specialists.

He likes Big Spring alright, and admits that for a place of the size it is hard to beat anywhere in the state, but perhaps the financial conditions of the people, the difference in the amount of business that is done there and here, is growing worrisome to him, and he is longing for a return to his friends and work in Lubbock, and the general spirit that prevails here.

We are sorry to have the misfortune of having him away from the push and bustle of Lubbock, and assure him that his is a conspicuous part of our business and social work, but maybe after all his is a lesson that a good many of us should learn, and that is that there are no towns anywhere that keep up with the march of time as well as Lubbock does, and we are sure that that trip to Big Spring will stimulate optimism in him for the future of Lubbock and the Plains.

Big Spring is a good town and we are sure that Mr. Griffith is doing a noticeable amount of business there but the only reason he is so anxious to return to Lubbock is because Lubbock is Lubbock and there is no substitute for that creature anywhere.

LOCAL FARMERS HAVE FINE SORGHUM HAY FOR MARKET

A. L. Shoemaker and Jack Paul were here Tuesday from their fine farm sixteen miles south of town, with a load of well cured sorghum hay, which they offered for sale to local buyers.

Their farm was planted principally to feed, and the low price for which it was sold would make a pessimist growl without ceasing but these men are far from that and said they could not blame their farm for not making money, when it produced such wonderful yields of all that was planted, and were strong in the belief that there are many places where the people are far more disadvantaged by crop and price failures than are the Plains farmers on price failures.

PRAETORIANS HAVE INTERESTING MEETING MONDAY

Monday night a meeting of the Praetorians was held in their hall over the Texas Variety Store.

Three new members were initiated, and given a few looks into the secrets of the organization, a good meeting is reported, after which the ladies served a most enjoyed supper.

A large number of the members attended this meeting and greater interest in the lodge work was everywhere evident.

JUDGE W. D. PUCKETT ANNOUNCES FOR CO. JUDGE

In this issue of the Avalanche will be found the announcement of W. D. Puckett of this city, who has acceded to the requests of friends to enter the race for County Judge. Mr. Puckett is a citizen of Texas of fifty-four years, and has been in Lubbock about fourteen years and has had about thirty-two years law experience and is no doubt qualified for the duties of county judge.

Mr. Puckett stated to the Avalanche that he was in favor of economy in the conduct of public affairs, but is for progress, and should the people see fit to elect him to this important office he will be active in the performance of the duties thereof, and feels fully qualified to do the office creditable to himself and satisfactory to the constituency of this office.

We learn from good authority that plans are being made to open a produce house in Abernathy.

The bones of a basilosaurus have been found in Oklahoma. We'll bet he couldn't spell his name.

MOTHER! MOVE CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Hurry mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember—a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup", which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup. 11-4

LAMB COUNTY BEGINNING ROAD WORK THIS WEEK

ITEMS OF INTEREST TO THE ALLEN BROTHERS POST, AMERICAN LEGION

Listen Buddy! You belong in the American Legion—there's oodles of men outside that would give money to be eligible to membership in the organization that you are turning your back on. There is just one thing that qualifies you—that thing is your past service, and we know you are proud of that service. Come in with the rest of the buddies.

Mr. Owsley, National Director of the Americanism Commission, has very fittingly called to our attention a duty of every man and woman that claims to be 100 per cent American. He says "As citizens of the Republic by reason of the benefits and blessings from our government and there is a corresponding reciprocal duty and responsibility that the individual owes as a citizen to this government by reason of the benefit and blessings which he enjoys. Two duties of every American citizen are: Casting the Ballot and Jury Service."

President Harding's statement that "the experience of the war reveals vast elements of population that are illiterate, physically unfit or unfamiliar with American ideas and traditions," is borne out by the situation brought to light through the problems of rehabilitation.

October 15th, 1921, records of the Rehabilitation Division of the U. S. Veterans Bureau showed that out of the number of ex-service men who had applied for vocational training, 285,869 were declared eligible while 127,059 were declared ineligible. Of the ex-service men assigned to sub-offices 127,835 had entered training October 15th and 26,585 had declined training.

On November 15th, 1921, the number of disabled persons taking training under direction of the Veterans Bureau was 103,047. The present strength of the United States Army is only 150,000. Of the number mentioned, too large a percentage require pre-vocational training to insure success in the objective selected, but the Bureau is meeting its full obligations by giving these men the kind of training they need in order to make them efficient. The range of trainees is all the way from the illiterate to the highly skilled technician and professional man. Those in the higher types of training are making records which reflect honor both upon themselves and upon the Government.

The Government trainees are taking their courses in 28,000 separate establishments and in 3,417 various kinds of schools, 1,698 of which are classified as follows: 329 universities and colleges, 161 trade schools, 450 business and commercial schools, 152 public schools and 606 special schools.

The cooperation received from these agencies has enabled the Government to put forth the greatest educational program in the history of the world with the promise of ultimate success to the more than 1,000,000 disabled persons enrolled. The generosity of Congress, the support of public opinion and the enthusiasm engendered by the idea of placing those maimed by war in successful civil employment makes this undertaking the most magnificent and unique ever attempted by any government.

Did You Know That When You Buy on a Credit That You Were Paying for Something You Never Got Nor Never Will?

We Want to Tip You Off on This Credit Business—So Read:

Banks are commercial institutions. They loan money, that is, they are created for that purpose. If your credit is good enough for the merchant to sell you groceries and loan you the money to pay for them (for that's what he is doing when he sells on credit) when their business is that of selling groceries, then surely the bank can loan you money when loaning money is THEIR BUSINESS. So that's that!

Merchants can buy on a credit basis, with so much discount for cash, so much for cash in ten days, so much for cash in thirty days, etc. The longer the time the greater the jobber's risk, the longer their money is idle and consequently when a merchant forms the credit habit—what prices do you suppose the wholesaler puts his goods out to him? Think! And the same principle applies to the retailer's customers—YOU—when you buy on a credit, why, it is reasonable to suppose that if you pay up right on the dot on the first of each month you are not punished so severely, but if you let the bill run until the 5th or 7th or 10th, etc, you'll likely find you are paying pretty high prices, and remember that whoever sells on a credit basis, be that the wholesaler or the retailer—he generally gets a few customers who fail to EVER PAY. So if a credit business survives, how can it compete with business on a cash basis, with a business that discounts their bills for cash when they purchase?

It isn't near as much trouble to pay cash for everything you buy when you buy it as it is to go through these rough financial periods without funds. By paying cash you can save enough money in a year to buy a lot in Lubbock the next! That isn't a broad statement for it is a fact.

Form the Cash-Buying Habit and be Free

Make the first of each month pleasant. Make it a day when you can take your salary or earnings and deposit the savings instead of spreading it out as far as it will go and then make apologies for the balance.

The following merchants operate on a CASH BASIS. The only difference being that we offer you a saving on practically every article we sell. We have no bad accounts to pass on to you. We are your friend—just ask your banker, the wholesaler or any man who has his business operating on a cash basis.

CENTER NEWS ITEMS OF THE PAST WEEK

I suppose everyone has begun to think "Old Center" is dead, but here she comes with a bunch of news that I'm sure you will be proud of.

The health of the community is very good, considering the change of weather. We have had some of the coldest weather the last two weeks that we have had this winter.

There has been quite a change made in this community since January the first. We regret to say that we had to give up some of our old neighbors, but our loss was someone else's gain and we can readily and gladly welcome those who have just moved into our community and extend to them a special invitation to join us in every way.

Mr. John's and family moved on Mr. Bledsoe's place just east of where they lived last year, but we are glad to say they are still in our vicinity.

Mr. John Trice and wife moved where Mr. John's lived last year. Mr. Nelson and family moved on the place known as the old Bowley place.

Mr. Luther Reeds now lives on the H. P. Herndon place.

Mr. Blakney and family live where Mr. Leonard Davis occupied last year. Mr. Moore and family of Shallowater now occupy the Cunningham place.

Mr. Bennifield and family also have moved into our midst. I have not learned the place they moved on, but it is the first house north of Mr. Alois Goebel's place.

Mr. R. Rieken is improving his quarter section that lies a mile south of Abernathy. We have learned that Mr. D. W. Williamson and family will move there.

Mr. John Drahenberg, of near Monroe, was in this part of the country after help to fix his windmill, which the high wind one day last week had wrecked.

Mr. R. Rieken has purchased the west quarter section of the W. D. Haney place recently.

Mr. E. M. Jones has been trading for some more milk cows. Misses Erna Goeth and Lucille Baker, Messrs. Robert Myers, W. J. Baker and wife and little son Joe, Hal Looney and wife and little daughter Eva Belle, Mr. Sander of Idalou and Mrs. W. A. Dunn, were visitors of the school Friday.

They all report a real nice little program. Misses Carrie Mae, Pauline and Ruth Baker spent the week end with relatives of near Idalou and returned home Sunday afternoon. They report a very nice visit.

Mr. and Mrs. Jack Franks spent Saturday night with Mrs. Franks's parents, Mr. and Mrs. W. J. Baker.

Mr. D. E. Habbings and wife returned from their honeymoon trip, Sunday. They report a real nice trip and saw many wonderful sights but prefer the "Grand Old Plains" to the East Texas black land and mud. We are very glad to have this popular young couple back with us again and hope they will remain in this part of the country.

We were very glad to have Messrs. E. R. Haynes and wife, Sawyer and wife, Miller Moore and wife, Foster with us the second Sunday. They gave some very interesting talks on the scriptures. We only wish they could have had more time to have talked for we had a large crowd and splendid attention.

Rev. J. H. Emery gave a splendid talk Sunday morning on "The Second Coming of Christ," and the Resurrection. There was not a very large crowd out on account of the wind being so strong and cold.

Mr. and Mrs. R. Rieken were among the Lubbock visitors Friday afternoon.

Mr. R. H. Haney has been on the sick list but is better at the present. We truly hope that he will not have to leave on account of his health.

Messrs. J. H. Emery and wife, R. H. Haney and wife took dinner with W. E. Emery and family last Sunday. They report a splendid time and a dinner consisting of baked turkey, and other appetizing things.

Miss Rena Habbings and brother, Rhine spent last Sunday in the Edgar Abney home.

Mr. and Mrs. D. W. Williamson of this vicinity were callers of the Badger Lake community Sunday afternoon.

The party given by Mr. and Mrs. Luther Reed last Friday evening was greatly enjoyed by quite a number of this community as well as of adjoining communities. The guests were busily engaged in various games when supper was announced. Names were drawn and partners were invited to the dining room where splendid refreshments were served by the hostess, after being waited upon, they returned to their games and at a late hour they bade their host and hostess adieu and declared the time had flown by exceedingly fast to them and they had greatly enjoyed the evening.

Mr. B. F. Taylor thrashed some grain Monday.

Mr. and Mrs. W. J. Baker were among the Lubbock visitors Tuesday.

NEWS OF THE WEEK FROM CARLISLE COMMUNITY

At last winter has come. We are having a little sleet.

Mr. W. B. Ray spent Saturday night and Sunday at home.

Mr. Lloyd Hill of Post City, visited F. A. Sims and family Saturday and Sunday.

Mr. and Mrs. J. A. Burroughs, Mr. and Mrs. Cecil Casey spent Sunday afternoon with their parents, Mr. and Mrs. H. H. Guin, Jr.

Mr. Lester Sims returned Friday after a weeks visit with his sister of Post.

Mr. Carl Ray spent Saturday night with Mr. Printess Jerden.

Miss Marie Coffey spent Sunday afternoon with Miss Bennie Bond.

Mr. Pevehouse went to Woodrow Saturday night to help with the singing.

Misses Oeta Ray and Laura Frazier and Mr. Travis Tubbs were callers in the Sims' home Friday night.

Mr. Travis Tubbs has been unable to be with us in our social gathering on account of having his hand badly burned.

The home of Mr. and Mrs. Hembree was brightened for a few hours Friday night by the birth of a boy. The infant died Saturday morning and was buried in the Carlisle cemetery. The mother is improving.

Mr. and Mrs. Pevehouse motored to Lamesa Sunday. They took their brother who will teach in the school there.

Messrs. Lewin Ray and Olen Franklin of town, spent Monday afternoon with Lewin's parent, Mrs. W. B. Ray.

Miss Elsie Hammer spent Sunday night with Miss Florine Smart.

Miss Bess Sims visited in the Altman home Friday afternoon.

Mr. Guy Casey, of Ralls, visited relatives here last week.

Miss Oeta Ray spent Friday afternoon with Miss Bertha Hooper.

Mr. Jerden hauled a load of Cain seed to town Saturday.

NEWS ITEMS FROM THE SHALLOWATER COMMUNITY

Mr. and Mrs. A. D. Henson are the proud parents of a boy, born the 18th.

Miss Bert Carter visited at T. R. Kincaid's Saturday and Sunday.

Mrs. Wright is visiting relatives at Dimmitt.

Mrs. McCarroll left Sunday for Glen Rose to take treatment several weeks.

Mr. Hadsell of Idalou, but formerly of this place made a business call at this place one day last week.

Rev. Williamson of Plainview, and Rev. Clinton of Lubbock, attended Sunday School and Rev. Williamson delivered an interesting sermon, also organized the Baptist church at this place. He preached at Grovesville in the afternoon and evening.

Mr. Halbert of Lubbock was out looking after his farm interest at this place the first of the week.

Mr. and Mrs. W. D. T. Storey of Littlefield passed through Shallowater Saturday on their way to Lubbock. Mr. and Mrs. Storey taught our school last year and they always are given a hearty welcome when they spot here.

Mrs. Paul Wright is visiting at Dallas.

The farmers are waiting for a rain now, having all their last year crops taken care of. Live-in-hopes farmers, don't get the blues, we are having an average amount of moisture for January so why should we expect any more. Remember that it is always the darkest just before the dawn.

WORK ON COUNTY CRIMINAL DOCKET STARTED TUESDAY

Most all day Tuesday was consumed in examining the witnesses in the case of the State of Texas vs. "Fuzzy" Caraway, for an alleged game played in the Merrill Hotel on November 30, 1921.

The work of taking evidence was closed late Tuesday evening and on Wednesday at one o'clock the arguments were started, the state being ably represented by county attorney John R. McGee and Judge Baldwin, of Shton, the defense employed the alert J. E. Vickers, local attorney.

A verdict of not guilty was returned by the jury. The court immediately set to work on other cases.

HARNESS

GOODS

—When you begin your spring farm work you may need some new Collars, Trace Chains, Hame Straps, Collar Pads, Breast Straps or Breast Chains, Lines and Bridles or perhaps you will want a complete set of Harness.

—We can offer you some excellent values in these goods. Also there will be Double Trees, Single-trees, Clevises, Lap Links, Snaps, Buckles, Harness Rivets, Leather Punches, Rivet Sets, Riveting Machines, Hames, Hame Hooks or "Logheads", Single Tree Clips, Bridle Bits.

—Try a G. G. G. Hame Fastener. Repair your harness with a Lock Stitch Sewing Awl.—Good repairing well and quickly done at home.

CANYON SCHOOL NOTES

Olympian Society

School is progressing nicely now, as the winter days are not so cold and the pupils can come to school regular.

Messrs. Maud Hufstader, Uada Sides and Osey Bass visited our school last week for the purpose of organizing a Glee Club.

We had several basket ball games Friday afternoon resulting in Canyon defeating Badger Lake and Idalou defeating Canyon's second team in both boys and girls.

Mr. Jennings the County Agent visited our school one day last week. The fifth and seventh grades contested in geography Friday afternoon the fifth grade being victorious.

Last Saturday the basket ball preliminaries were played off, Eta and getting first place and second place lies between Canyon and Lubbock.

Mr. Waide Boyd was a visitor of the Canyon school Monday morning.

Mr. Beyer was transacting business at the new store Tuesday.

Thursday morning the ninth grade girls debated against the ninth grade boys. The subject being: Resolved That Girls in High School Should be Required to Take a Course in Domestic Science. The boys were on the affirmative and the girls on the negative. The boys were, Carroll Nix, W. D. Sides and Aubrey Bass. The girls were T. L. J. Crim, Truoy Thompson and Theola Crawford. The negative side was victorious.

Miss Ruth Hufstader was absent from school Thursday.

Misses Maud and Ora Hufstader

were Canyon callers Wednesday evening.

Mr. and Mrs. Edward Reed returned home yesterday from a few days visiting.

Mr. Bill Akin and Miss Elsie Style were united in marriage last Tuesday. All their friends wish them a happy life together.

METHODIST PLANNING NEW CHURCH BUILDING AT MEADOW

The Methodist people of Meadow are planning a new church building, which will cost in the neighborhood of \$2500, or possibly \$3000. The building committee was here Thursday, where they met with the pastor, J. E. Oden, and the presiding elder, Geo. W. Shearer, of this place, to work out details and get prices and estimates on material for the building. Meadow is one of the important points in the Plains work, and the people of that community are awake to the needs of the church, and are hopeful of going forward without and serious delay.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FUS WITH PEPSIN" is a specially prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to insure regular action. It Stimulates and Regularizes. Very Pleasant to Take. See for bottle.

W. D. Nevels, of Tahoka, was here Wednesday transacting business, principal of which was paying taxes on Lubbock county property. He is well known in Lubbock and has many friends here, who would be glad to have him make Lubbock county his home again.

"When the swallows homeward fly" was a favorite old song. What some people want to sing now is, "When the swallows downward flow."

Jails Provide None of the Necessary Facilities for Treatment of Insane Persons—Should Not be Used for Such

The first essentials in the treatment of insanity are rest, quiet, pleasant environment, good food and the removal from the patient of any object or person that is a source of mental irritation. How admirably our county jails are equipped to meet these needs! The next essentials are hydro-therapy (or use of baths) and occupational therapy; whereas, in almost all of our jails, any sort of bathing equipment is remarkable for its filth, and there is nothing but idleness.

In a recent issue of The Dallas News there was an account of an insane woman, who had a history of violence, and was placed in the jail, presumably for "safe keeping." She was given no attendant. Left to her own devices she promptly hanged herself. We call the tragedy "suicide." It should be called "negligent homicide," and the State of Texas should plead guilty as defendant.

Should Not Use Jails.
A county jail should never under any circumstances be used for housing the insane except in cases of extreme violence, and then the patients should not be left longer than until the next train leaves for the nearest hospital for the insane. A trained nurse should be constantly at the patient's side, who could very often by simple diversions, the use of an ice cap or a cup of hot milk prevent violent outbreaks.

We always think of insanity as something that may happen to the "other fellow," but that it is really not a personal concern of our own. We do not realize how delicately the machinery of our nervous systems is pivoted. A high temperature from any cause, a sudden shock of grief, and the balance may be disturbed, temporarily or permanently.

The writer recently saw a woman sitting on a pile of ticking and cotton that had been a mattress in one of our county jails. She had been "queer" for some time, but a temperature from an infected vaccination had overnight changed the "queer" woman into a howling maniac. She was cursing, spitting, shaking her hands and shrieking out obscenities. In the proper institution she would in all likelihood have been as quiet as a lamb and amenable to an ordinary normal routine.

Restraint Unnecessary.
Restraint is not necessary for the insane. The really good hospitals

are not even permitting the use of the restraining sheet, strait-jacket, etc., but are, on the other hand, giving patients a great deal of freedom, and introducing many normal activities. At a notable institution in California a baseball field is part of the hospital grounds, and the patients sometimes play the local town team. Every sort of physical exercise is provided, because it is recognized that proper circulation of the blood depends on exercise, and that mental conditions are frequently dependent upon the circulation of the blood.

Think, then, of the actual harm that is done to our acutely insane by placing them in county jails. The hopeful period in insanity is early in the disease, in its acute phases, and yet we are deliberately letting these early hopeful days be absolutely wasted by placing the patients in an environment where the whole atmosphere is depressing; where the restraint is obvious and irritating; where the food is entirely unsuitable and exercise is impossible. As taxpayers we are beating our breasts and tearing our hair because we have to build more "asylums" for our chronic cases. Hospitals, instead of county jails, for acute cases would obviate the necessity for much "asylum" room for chronic cases, and would be an economic as well as human proposition.

There is no real excuse for the use of county jails for the care of the insane. The effect on the insane is obviously harmful, but the effect on the sane who are being held in the county jails is also very demoralizing. The insane patient becomes a "show." The already calloused inmates of the jail have their love of the sensational and grotesque gratified, and, naturally, become "harder." "Hard-boiled" is not a condition that human beings get into suddenly, and there is nothing that fosters more this deplorable condition than a morbid interest in human suffering, and certainly the daily sight of a raving maniac confined in a 7x9 foot cell has a tendency to leave the spectators indifferent and merciless.

We are today concerning ourselves much about the conservation of our natural resources. Our greatest natural resources are the "brains" of our State and Nation. If we are profligate in our waste of "brains" we have little to hope for, no matter how well we may care for our forests and minerals.

CALOMEL USERS TAKE AWFUL RISK

Very Next Dose of Treacherous Drug May Start Terrible Salivation

The next dose of calomel you take may salivate you. It may shock your liver or start bone necrosis. Calomel is dangerous. It is mercury, quicksilver. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate. 11-4

LITTLE CHILD DIED IN CARLISLE COMMUNITY

The infant of Mr. and Mrs. J. H. Himbree, of Carlisle, died Friday, January 20, and was buried at the cemetery there Saturday.

Mr. and Mrs. Himbree have many friends in Lubbock county who regret to learn of their misfortune.

"Men shop for hats and wives alike" says a writer. And often get both too big for their heads.

"YOUR HOUSE"

Suppose that your house begins to settle. Would you look to the roof for the cause?

The spine of man is the foundation, attached to which are the rest of the bones of the skeleton. The cranium, the ribs, the shoulders and pelvis attached to the spine. Other bones attached to these to complete the bony unit of man. The flesh hangs on to the bones. Muscles intervene to hold parts in place, but everything depends upon the spine, the foundation.

If your spine is in good order your house will not settle. Disease will not bother you until your bones encroach upon your nerves. Health will not leave you so long as your spine is naturally shaped. This is the principal idea of Chiropractic. The Chiropractor is the result of the idea. Nearly everybody has a deranged spinal column. Adjustments are the remedy. This is all the Chiropractor can do—give adjustments.

WEEKLY MARKET LETTER

Kansas City Stock Yards, Jan. 23, 1922.—Live stock receipts today were moderate, and prices ruled higher. Hogs were up 35 to 50 cents and in a new high position for the winter packing season, top \$8.50, bulk \$8.20 to \$8.40. Sheep and yearlings were 25 to 50 cents higher, and lambs up 25 cents. The seasons high record price was paid for lambs at \$12.60, ewes \$7.25, and yearlings \$11.35. Cattle prices were strong to 25 cents higher with demand active.

Today's Receipts.
Receipts today were 12,000 cattle, 10,000 hogs, and 13,000 sheep, compared with 14,000 cattle, 13,000 hogs and 7000 sheep a week ago, and 7,750 cattle, 7250 hogs, and 11,600 sheep a year ago.

Beef Cattle
Fat steers, cows and heifers that were well suited to general orders sold readily at strong to 25 cents higher prices. Plain and common kinds were no more than steady. Both killers and order buyers bought freely of the better kind of steers and the weighty classes were in better favor than for some time past. A four car bunch of 1400 pound steers sold at \$8.00 and some 1125 pound steers at \$8.10. The bulk of the fed steers sold at \$6.50 to \$7.50. Good cows sold mostly at \$4.25 to \$5.00, and heifers \$5.50 to \$6.50. Bulls and veal calves were firm.

Stockers and Feeders
Cold weather cut down receipts of thin cattle, and the small supply offered sold readily at strong prices. Feeders continued to take fleshy feeders steers freely. Stock cows and heifers were in light supply.

Hogs
The hog market today was up 35 to 50 cents from last week's close and in the highest position of the winter packing season. The top price was \$8.50 and bulk of sales \$8.20 to \$8.40. Pigs sold up to \$8.40. Moderate receipts brought out urgent demand and offerings sold as soon as they were shown. The market now is \$2.00 above the low point in November.

Sheep and Lambs
Sheep and lambs sold at the highest prices in more than a year past. The top for lambs was \$12.60, ewes \$7.25 and for yearlings \$11.55. Com-

COME ON DOWN

Where the Crowd Drinks, Eats and Smokes

THE MANHATTAN PARLOR & CAFE

pared with last week's close the advance was 25 to 40 cents. Packers bought freely at the advance.
Horses and Mules
Receipts of horses and mules were not as large as a week ago, and the trade was fairly active at steady prices.
Charles M. Pipkin, Market Correspondent.

BOX SUPPER AT POSEY FRIDAY NIGHT FEB. 3RD.

There will be a box supper given at the Posey School House Friday night, February 3rd, for the purpose of creating a fund for the purchase of a piano for the Sunday School at that place, and the public is cordially invited to attend. The ladies will bring boxes, and the men and boys come with well filled pocket books, to buy the boxes. 44-2p

General Pershing Would Reduce Army Pay Roll

Washington, Jan. 20.—Elimination from the military service of inefficient officers would reduce the War Department's annual payroll approximately \$3,400,000, General Pershing informed the House Military Committee in a recent meeting.

To provide retirement pay for officers of considerable service and one year's pay for younger officers dropped, would necessitate an expenditure of approximately \$2,000,000 making the net saving for the first year about \$1,500,000, the Chief of Staff declared.

By discharging inefficient officers of higher rank \$4,000,000 would be lopped off the payroll, the committee was informed, and appointment of needed Second Lieutenants, at lower salaries, would cost about \$600,000 in pay.

Before inefficient officers can be eliminated, legislation providing for a new "plucking board" and for retirement payments to discharged officers would have to be enacted, General Pershing said. Plans outlined to the committee call for discharge of about 2,000 officers to bring the officer strength down to 12,000, later to be built up to 14,000.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 50c per bottle.

The Hale County Grand Jury Finds Fifteen True Bills

The Hale County Grand Jury adjourned yesterday forenoon with a further report of two felonies and three misdemeanors. This makes a total of fifteen cases the grand jury has reported for this term of court, four of them being felonies and eleven misdemeanors.

The district court this week ordered special venues for the case of Geo. Bass, charged with statutory rape and for Grady Mason, a case which has been transferred here from Floydada. The Bass trial was set for January 30, and the Grady Mason case for Feb. 6th.

The court the early part of the week granted a divorce in the case of D. J. Kennedy vs. Lillie Kennedy.—Hale Center Herald.

TOLD OPERATION WAS HER ONLY HOPE

Houston Woman Had Gotten So She Couldn't Even Retain Milk Or Water

"Everybody who knows me knows the wonderful good Tanlac has done me, and I'm glad to make a public statement for the benefit of other sufferers," said Miss A. E. Dixon, 1102 Meadow St., Houston, Texas.

"I had a complete nervous breakdown, followed by catarrh of the stomach. I suffered agony all the time from my neck down to my hips, and my stomach got in such bad condition I couldn't retain even milk or water. I didn't average two hours' sleep at night and was losing weight and strength every day. I was told an operation was my only hope, but the very thought made me more nervous than ever.

"That I am a well and strong woman today I owe to nothing but Tanlac. I had been taking it only a few days when I felt relief. I sleep good at night, all the pain has left my back and I can digest anything I eat. I have regained my lost weight and feel like a different person altogether."

Tanlac is sold in all leading Drug Stores.

MANY PEOPLE MOVING TO GAINES CO. AND BUYING LAND

Seagraves, Texas, Jan. 21.—No other county in West Texas has received such an influx of population as Gaines County in the last few years, reports gathered and compiled by W. H. Steele, local agent for the colonization department of the Santa Fe.

Crowded conditions and scarcity of land in Central Oklahoma and parts of Texas is assigned as the chief reason for a continual stream of immigrants to the western counties.

Nearly all the homeseekers buy small tracts of land ranging from 80 to 320 acres. Those who came last year have made fine crops of corn, cotton, maize and other farm products. Nearly every farm has its orchard started.

W. T. Brown, living one mile from Seagraves made enough of cotton to more than pay for the land placed in cultivation. This is the first year that cotton has been grown very extensively in Gaines County, and was for the most part an experiment. The yield per acre, however, came as a surprise to the older settlers, who believe that Gaines County was too far west for successful growth. A cotton gin has been installed at Seagraves and it is expected that a large acreage will be planted to cotton hereafter.

The finest thing about the men and women who are coming to West Texas is their progressive spirit. The first thing they do after building their homes and fencing their land is to vote bonds for schools and roads, or vote a higher tax for school purposes.

In nearly every town and community plans are on foot for the voting of bonds or taxes to enlarge schools or to build new ones.

Short Skirts O. K. Says Woman Mayor But No Shorter

Magnetic Springs, O., Jan. 17.—The oldest woman mayor in the United States started in today to give Magnetic Springs a real old-fashioned administration.

Mrs. Mary McFadden, 80 years old, just appointed head of this little village, was busy today superintending baking of doughnuts, cookies and cakes with which she will open her first council meeting tonight.

"I'm going to give this town a scrubbing behind the ears too," she said as she busied herself with official preparations. "I will have this village as clean as a pin by spring. Anyone who refuses to work for me will be fed on bread and water.

"And bootleggers—I have no sympathy for them. As judge of the city court I will deal with them severely and give everyone the limit. The city jail hasn't had an occupant in three months, but I'll get the cobwebs out and have it ready for company."

Despite her "old-fashioned" administration, bobbed hair and short skirts will not be banished, Mrs. McFadden said.

"I can stand it, if they can," she said. "But when it comes to wearing just a belt, the girls must wear a wide one."

Gold ingots to the value of 24,000,000 gold marks, were found hidden in the coal of a locomotive on the Danzig-Germany frontier, near Flensburg, by German authorities. The coal was confiscated and one man arrested in connection with the attempt to smuggle the gold out of Germany.

LUBBOCK-MAN INSTRUCT PLAINVIEW CANDY CLASS

F. H. Stanton, an experienced candy maker of Lubbock, was here this week assisting and instructing the ladies of the May-Ann Candy Company in the art of candy making. Mr. Stanton owns a chocolate shop and candy factory at Lubbock and has had about fourteen years in the business of candy making.

The May-Ann Candy Company is composed of Mrs. L. T. Mayhugh and Miss Rebecca Ansley, and the factory is in the home of Mrs. Mayhugh on West Eleventh street. The ladies have been making candy for wholesale and for retail for some time, and they report that they are getting orders for all they are able to make. Their candy, they state, has become very popular with local candy lovers.—Plainview Herald.

As Genuine That Does Not Affect the Head because of its tonic and invigorating effect, LAXATIVE BROMO QUININE is better than ordinary laxatives and does not cause nervousness and other ailments. Remember the full name and look for the signature of J. W. GROVE.

Southwestern Bell Telephone Company Representatives Visit Lubbock This Week Well Pleased With Prospects in This Section

M. R. Caldwell, of Fort Worth, division and commercial superintendent of the Southwestern Bell Telephone Company and Geo. H. Hill, of Amarillo, district manager of the company, were here Wednesday discussing business conditions with the local manager, Mr. Phillips.

These men are well impressed with the spirit of progressiveness that seems to envelope the entire city of Lubbock, and the adjoining territory and said that some of the rapid improvements here were little short of miraculous, inasmuch as there have been so many obstacles to crowd the way of those who would progress, and encouraged the people of Lubbock county to continue in the aggressive campaign to development. When we realize that the telephone company has practically as much invested in the city as any other firm, individual or corporation we should remember that they realize the value of this progressiveness to their business and Lubbock, and should follow their splendid example of boosting everything that tends to make Lubbock any bigger or better. There is only one common sense way to look at the increased taxes we shall have to pay for the improvements we must have to take our place among the really big cities of the states, and place Lubbock in the city class, and that is to make our businesses develop with the rapid progress of the state that we may realize something in return for these investments and make taxpaying a welcome duty instead of a hated imposition.

There are only two kinds of towns in the world, and those are dead and live ones, and if Lubbock people think for a minute that because Lubbock is on the Plains and in the best farming section anywhere its building is an automatic proposition that needs nothing but hot air, they are sadly mistaken. The development of Lubbock and Lubbock county to the places they deserve is a big job, and one with which only big and energetic men can expect to achieve.

Look about what you are doing for the development of Lubbock, let conscience be your guide and should you be broadminded and frank enough to see your own shortcomings, realizing that you are a dude of a citizen, remember there is only one time to "snap out of it" and that is now, while there is some chance for getting that poll tax, remember that building material is very cheap, and labor is plentiful, and keep in mind that these are the elements with which men build a community that is incomparable and beyond criticism.

There is plenty of time to make Lubbock take still a larger part in the development problems of West Texas, but that time should not be counted on too much, but everyone should immediately develop their property, make a showing in the building program, and help in any way possible to put Lubbock a little ahead of the present rate of development.

CIGAR BUSINESS GOOD IN TEXAS SAYS DEALER

E. S. Holiday was here the first of the week at the office of the Panhandle Cigar Company, investigating the cigar business in this territory.

He is president of the E. S. Holiday Company, Wholesale Cigar Dealers, of San Antonio, and has one of his most prominent and best advertised brands in the hands of the local distributors.

The cigar business in Texas, he said, is getting better all the time, especially on the brands that have been well advertised, and the amount of their cigars the local distributors have handled has been extraordinary.

There is no difference in the cigar business and that of any other so far as selling is concerned, and the dealer who handles standard, known and advertised brands is certain to make a showing in sales. Keep this in mind and if there is no demand for your products or commodities, remember that printing ink is the greatest creator of demands in the world, and the Avalanche offers a splendid opportunity for using it.

J. F. BUMPASS ENTERS RACE FOR PUBLIC WEAVER

In the proper column will be found the name of J. F. Bumpass, of this city, who authorizes us to announce him as a candidate for the office of Public Weaver, Precinct No. 1.

Mr. Bumpass has been a resident of Lubbock county for the past four years, having been in business here for about six months, and many of the people of this city are well acquainted with him.

He asks that you give his candidacy due consideration when you cast your vote for the man for public weaver.

Colds Cause Grip and Influenza
LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine". C. W. GROVE'S signature on box. 3c.

Rev. and Mrs. Oden were here Tuesday and Wednesday, on their return home from Post, where they had been to bury their baby, which died here a few days ago of an acute attack of pneumonia.

SENTENCE SERMONS

It is more important that every child in America have opportunity for an efficient common school education than to continue to democratize ignorance.—Rev. Henry Van Valkenburg.

How can I be saved? Confess with thy mouth the Lord Jesus, and believe in thy heart that God raised him from the dead, and thou shalt be saved.—Rev. W. S. Huggett.

The remedy for the epidemic of embezzlement and defaulting is an educated and aroused individual conscience. We need a nation-wide revival of old-fashioned New Testament Christianity.—Rev. Arthur W. Jones.

The trouble with our industries and churches is that the market places, where the results of labor are divided, are glutted; while the laborers in the vineyard, the source of real production, are few.—Rev. Watson M. Fairley.

Salvation thought, wrought, bought and given to men by the death of Christ on the cross! "There is no other name given among men whereby we must be saved."—Rev. S. J. T. Williams.

The atmosphere in some churches is what was left over from last Sunday and is usually stale.—Dr. I. E. Gates.

The preacher of today has opportunities that angels would buy.—Rev. C. D. Boone.

The farthest point away from God is an unregenerate heart and the way back home is the way of the cross.—Rev. T. V. Neal.

Believers have Christian liberty because they have faith in the atoning sacrifice of the savior. God accepts them as righteous "only for the righteousness of Christ" imputed to them.—Rev. Phillip A. Lotterhos.

Christianity is not a system of philosophy but a life of love, service and sacrifice.—Rev. W. H. Elfring.

The worst heretic is the man with a bad spirit. No man can be a Christian with a heart full of envy, hatred and revenge.—Rev. G. W. McCall.

Unspeakable jazz, puppy snuggle and all like dances must go.—Rev. P. R. Knickerbocker.

There is no reason why we should not conquer sin, for God is ready to furnish all needed grace.—Rev. William S. Vanderpool.

We bear fruit in the world just in proportion as the word has borne fruit in our hearts.—Rev. Ernest T. Thompson.

Save money and you will save worry.—Rev. C. K. Campbell.

LITTLE CHILD OF REV. AND MRS. ODEN DIED

Dorothy Jane Oden, the one year old daughter of Rev. and Mrs. J. E. Oden, of Plains, died here Saturday, January 21.

The little girl became ill at the home at Plains, and was rushed to Brownfield where she was given medical attention, and started to Lubbock to be placed under the care of local doctors, but had not been here but a little while until the end came.

The Oden family are well known in Lubbock, the father having been in charge of the Lubbock Mission last year, and their many friends join them in the grief of this great loss.

The child's remains were sent to Post City by the Rix company, and interment was in the cemetery there.

R. I. TUBBS IS IN RACE FOR SHERIFF

R. I. Tubbs authorizes us to announce him for the office of Sheriff of Lubbock county, and accordingly his name is placed in the regular column of announcements.

Mr. Tubbs has been in Lubbock county since the year 1890, having come here when a mere lad, and has been educated and reared in this section of the country, working on ranches, and engaged in various lines of business, having been connected with the Buick Auto Agency here for a number of years up to about a month ago, when he disposed of that business.

Mr. Tubbs is of one of the pioneer families of the Plains country, and is well known throughout this section. He asks that you give his candidacy careful consideration at the polls, when you come to cast your vote for sheriff.

NEGRO WOMEN STOLE LADIES PURSE AT DEPOT

Saturday night while waiting for the 1235 passenger for Amarillo a white woman discovered that her purse had been taken, and immediately notified a nightwatchman. As there had been two negro women in the depot, who left a few minutes before the absence of the purse was discovered, the alert watchman immediately set out to catch them, and found one of them had made a double-headed of the theft by stealing the purse from the other negro, which led to their arrest as the one who was left without a dime of the loot turned traitor and informed the watchman that the other woman had the purse. The negro was lodged in jail for the night, and a fine for theft was paid, and the purse and contents returned to the owner.

Rev. J. B. Cole and wife, of Crosbyton, are visiting at the home of Prof. E. R. Haynes. Rev. Cole is pastor of the Baptist church at Crosbyton.

Mr. Farmer--

"Don't Put all Your Eggs in one Basket"

Experience has already taught most of the farmers that it doesn't pay to grow one crop. Seasons and marketing conditions can change too sudden for a man to plant his field entirely to one crop.

We have the interest of our community at heart. We want the farmers to prosper, realizing that prosperity for all depends upon them. In many ways we can serve the farmers efficiently and it is our aim to do so.

AUTO NOTES

Apply the brakes slowly.
American farmers own 400,000 motor tractors.

One farm in every four in Ontario has a motor car.

Paris had an average of 165 traffic accidents daily in 1920.

Philadelphia, Pa., has six motor buses for transportation of crippled children between schools and homes.

Rubber radiator hose connections should be renewed about once a year to prevent rot.

Gasoline has been found in South Africa to be a good cure for snake bite.

There are 25,000,000 draught horses and mules in the United States—more than ever before.

Motor tourists' park at Atlanta, Ga., has facilities for the care of 1000 automobiles.

Go slowly while passing children with your right hand ready for the emergency brake.

Slipping clutch causes waste of power and fuel and is a strain on the engine.

U. S. has invested about the same amount in automobiles as the total investment in steam railroads.

Carbon-coated spark plugs should be soaked in kerosene and then cleaned.

Never scrape carbon off spark plug porcelain as this may remove the glaze.

Henry Ford's first car had two opposing cylinders, was eight-horse power and weighed 1250 pounds.

At a speed of 20 miles an hour a car should be able to stop within 37 feet.

Japan will spend \$500,000 during the fiscal year 1921-1922 for highway improvement.

Society of Automotive Engineers has adopted the term "phaeton" for the touring type of automobile.

New York is preparing legislation for compulsory automobile insurance.

More than one-fourth the number of automobiles exported in 1921 went to Mexico.

Six new American automobiles were on exhibition at a "side show" in New York during the big automobile exhibit.

American motorists spent \$720,000,000 last year or about \$80 a car, for the construction and maintenance of roads.

HUNG JURY IN WOOD CASE

The jury selected to try the case, of G. A. Wood vs. P. & S. F. Ry. Co., were unable to agree on a verdict and were discharged by Judge Spencer Tuesday afternoon. This case consumed four days, and many witnesses were used, and was the outgrowth of personal injuries received by Mr. Wood while employed as Warehouse Foreman at Slaton. Plaintiff contending that defendant was negligent in keeping the platform cleared of grain doors and other obstructions, while in the discharge of his duties he fell over grain doors on the platform that resulted in his permanent disability. Messrs. Spencer and Starnes represented the plaintiff and Attorneys, Frank Ryburn and H. C. Plouffe of Amarillo and Wilson & Douglas of Lubbock were employed by the Santa Fe Ry. Co.

Doughnuts made daily at Martin's Bakery.

Many men who are physically unable to saw any firewood can yet deliver a heavy bowling alley ball with terrific speed.

In order that every family gives our coffee—roasted daily in our store—a fair trial, we will give double "Gold Bond" saving stamps for every dollar's worth purchased up to February the 10th. This coffee compared favorably with the very highest grade of coffee you can buy and costs you less money.

POST CITY MAN BUYS MERCHANDISE IN LUBBOCK

J. M. Seitz and Sam Furr, business men of Post City, were here Tuesday transacting business.

They have been making regular trips to Lubbock the past several months, and have a large truck in which they haul their merchandise from local wholesalers to their store in Post. We are mighty glad to have them as Lubbock customers, and they are surely pleased with the service they get here as is evident in the large amount of goods they purchase on each of their visits.

Mr. Seitz has been retailing Panhandle Cigar Company cigars, and has created a great demand for them in his community.

STATE MANAGER PRAETORIANS IS VISITING IN LUBBOCK

W. A. Laughlin, of Mena, Arkansas, state manager for the Praetorians, who spent several weeks here in the fall helping to reorganize the Lubbock lodge, was here the first of the week assisting in further promoting the work.

Mr. Laughlin is a strong believer in insurance, and the merits of his company are often discussed by him in a most impressive and convincing manner. He is a live wire, and we are in hopes that the lodge here will someday have him come to Lubbock to make his home.

Doughnuts made daily at Martin's Bakery.

WOMEN OF LUBBOCK COUNTY

YOUR POLL TAX IS DUE

NOW!

It MAY be Paid—

1. By yourself; or
2. By your husband without an order from you; or
3. By any citizen with a written order from you.
4. Without paying property taxes.

It MUST be Paid

1. By Tuesday, Jan. 31st, or you lose your right to vote.
2. On payment of property taxes.

This tax is assessed against your property, and may be collected at any time by process of law. Failure to pay by Jan. 31st merely deprives you of your right to vote and does not release you of liability for the tax.

It SHOULD be Paid NOW

1. Because a portion of this tax goes directly to the schools—and they need it.
2. Because you are vitally interested in the welfare of your home, your school, your city, county and state.

Your Poll Tax Amounts to \$2.75 and is payable at the Courthouse.

Important Meeting for the Lubbock Farmers Will Be Held in Lubbock February Second, Third and Fourth

MEETING OF WOMAN'S CLUB MEETS AT HOUSTON IN NOV.

The executive board of the Federation of Woman's Club, announces from its meeting last week in Austin, that the annual meeting of the club will be held in November of this year in Houston, Texas. The exact date has not been decided upon but will probably be during the second week in the month. It also was announced that the new district for the club had been organized, and composed of the Panhandle section of the state, with headquarters for the new district at Plainview, and is the seventh district of Texas.

CULBERSON WILL BE CANDIDATE FOR RE-ELECTION

Washington, Jan. 25.—Senator Culberson, Texas, in a statement tonight, announced that he would be a candidate for re-election this year. "It is my purpose," he said, "to submit my name to the Democratic primary this summer for the nomination as United States senator, which place I now hold, but in a few weeks I will make further statement on the subject."

FEDERAL JUDGES CONDEMNED BY ANTI-SALOON MAN

"Fifteen percent of the Federal Judges ought to be impeached," says P. A. Baker, of Montgomery, Ala., general superintendent of the Anti-Saloon League of America. He made this assertion in an address before the convention of the law enforcement league in session in Fort Worth last week. He asserts that they are doing more to tear down the laws of the nation than the other eighty-five per cent can do to enforce them. He condemns the judges who approve of light wines and beer and who skim the surface when reading out sentences for violation of the liquor law.

HALE COUNTY FARMER INSTALLS GYMNASIUM

J. C. Brown, a rancher of near Hale Center, was in the city yesterday morning buying the supplies for a new gymnasium which he will fit up on his ranch. Mr. Brown has recently moved into Hale county purchasing a part of the old Norfolk lands. He stated that he and the boys who work for him are putting in this gymnasium for the purpose not only of keeping in trim, getting the proper exercise, but for some good diversion and recreation. He has also an adopted son, who he says will stay at home if he has some good recreation. He is buying a punching bag, wrestling mat, bars and other modern gymnasium equipment.—Plainview Herald.

"Every man should learn to speak on his feet," says Bryan. This is often a big subject.

The flyer who stayed up 26 hours must have been in a poker game.

The girl who married to keep away from college will learn better.

Probably the second largest and most important commodity marketing organization to be set up by the Texas Farm Bureau Federation is the Wheat Association now in process of organization through the Panhandle of Texas and in other wheat growing counties in the state. This Association absorbed the Texas Wheat Growers Association which was already strongly organized in the Panhandle. 3,000,000 bushels of wheat is the goal set for the organization and the officials report very satisfactory progress is being made in the signing, six or eight counties having been organized since January 1st.

The work of organization is being managed by Judge L. Gough, of Hereford, well known to many of our local people, and Mr. E. M. McCracken, ex-president of the Texas Wheat Growers Association, now the Panhandle country. These men have notified officials of the Lubbock County Farm Bureau of their intention to be in this county for three days, February 2, 3, and 4, and it is to be hoped that every member of the Bureau will make it a point to attend as many of these meetings as possible and insist on as many of his non-member neighbors attending as possible. These men will have a message of interest to all producers whether they be wheat or cotton farmers or producers of other commodities.

Six speaking dates have been arranged at the most convenient places in the county as follows: Shallowater, Thursday, February 2nd at 3 p. m.; Idalou, same date, 7 p. m.; Canyon, Friday, February 3rd, 3 p. m.; Sligo, same date at 7 p. m.; Lubbock, Saturday, February 4th at 2 p. m. and Union School house, same date at 7 p. m. Everyone is requested to be present promptly at the hour named so that the programs can be completed before the small hours.

INTERESTING BATCH OF NEWS FROM ABERNATHY REVIEW

Only a few members of the Ladies Needle Club were present at their regular meeting with Mrs. Welcome Ragland last Thursday afternoon. On account of the disagreeable weather only the following ladies attended: Mrs. E. D. Carter, Mrs. F. C. Dodson, Mrs. M. C. Holland, Mrs. Will Crow, Mrs. W. H. Ragland and Mrs. Welcome Ragland.

Mrs. A. A. Newell is entertaining her sister-in-law, Miss Arnett Newell, of Floydada, this week.

B. F. Bennett, of Abilene, Texas, was in Abernathy Tuesday receiving memberships to the West Texas Chamber of Commerce, and registering new ones. He is very enthusiastic over this country, as he expressed it "the best in the state."

Hugh Ragland is taking his vacation this week, visiting Plainview, Canyon, Lubbock and other parts of the country. Hugh is interested in all these towns but to what extent we are unable to say. The local news is not what it should be this week, but blame the weather man for it all. It was so cold nothing doing but sitting around the fire trying to keep warm and fluffing fault with the coal man for the high price of coal.

Roger Pinson, brother of L. R. and Ray Pinson, was here from his home at Hale Center last Monday on business.

A reception was given by the Ladies of the O. E. S. in honor of Mr. and Mrs. Troy D. Stambaugh, with Mrs. L. R. Pinson as hostess. The receiving line was composed of Mr. and Mrs. L. R. Pinson, Mr. and Mrs. Troy Stambaugh, Miss Willie Pearson and Mrs. V. Stambaugh and Mr. and Mrs. R. E. Risinger.

Mrs. W. A. Richter is presenting the going to receiving line. With Mrs. J. O. Ives conducting the registration table from which they were ushered by Mrs. J. N. Fitzgerald to the most interesting place where fifty guests were served by Mrs. T. E. Arnold and Mrs. J. M. Ramsey to a good measure of delicious punch. After a few hours of good friendly gossip, Mrs. Shroeter with assistants of others served the crowd to a buffet luncheon, which was enjoyed by all. With the good nights and good bys there were a number of the guests wishing for the weddings to occur more often in the O. E. S.

J. W. Hembree was on the sick list Saturday and was unable to attend to his tax collecting duties.

F. W. Struve, R. N. Hardesty and others from Abernathy, are on court duty in Plainview this week. L. R. Pinson sold this week his residence in the south part of town to V. Stambaugh. Mr. Pinson will possibly build on other lots he owns in Abernathy, if he decides to remain here.

Rev. J. T. Howell preached Sunday at eleven and Sunday night at the high school auditorium to a large and appreciative audience. He will fill the pulpit at the Murray school house next Sunday and again at night.

By actual count, thirty-nine automobiles lined the streets of Abernathy last Saturday, besides about that many wagons and buggies stood hitched. It was a busy day for the merchants, proprietors and clerks alike being busy.

Born to Mr. and Mrs. Cotton, living south of town, January 20th, a ten pound boy.

Norman Shuiz and Frank Allen made a business trip to Lubbock Monday of this week.

The community Club met Friday afternoon, Jan. 20th with several members present. It was decided to meet at 4 o'clock instead of 4:30, so the teachers can attend the meetings. Mrs. Carl Goodman gave as a review of the "Conqueror" by Gertrude Albertson, which was very much enjoyed by all present. Mrs. Legg will give the "First Lady of the Land," by Davis and Nirdlinger at the next meeting, which will be held February 3-4.

J. R. W. Brewer living a few miles

These Competent Laundresses are at Your Service

There's a convenient and economical way to be rid of wash-day and all its trials. It is this—enlist the services of this corps of competent laundresses. These are the folks—conscientious and careful—who do your washing when you send it to us. It is they who look to the washing. It is they who supervise your ironing, and give to it the painstaking attention you would give yourself. It is they who send back your family bundle—snowy white, refreshed and ready to put away. Have these willing assistants take off your shoulders the burden of the wash. Ours is a service that will satisfy. Have us call for your family bundle.

FRUIT TREES, PECANS, BERRIES

Will help you live at home—Plant them, and they will do the work: plant cotton and you will do the work. —Fruit is the only product of the soil that has not gone down in price—Let us make your home grounds beautiful forever.—We have hardy, Climate-proof native Texas trees and shrubs that are unsurpassed for beauty.—Write for catalog. We pay express. Satisfaction guaranteed.

RAMSEY'S AUSTIN NURSERY
Austin, Texas. 44-41

Conditions Not Favorable to Cotton Crop in Texas

Otto Stolley returned to Abernathy Monday from his home in Austin where he has been since the holidays. Mr. Stolley has considerable interest in and around Abernathy and spends a great deal of his time here. He says—conditions in his part of the state are not at all flattering. While they have had plenty of rain recently, but the warm winter has caused the boll weevil to keep alive and the prospects for this year's crop is not at all promising. In speaking of the cotton condition of the state, he has talked to a number of the largest cotton raisers and factors of some of the southern states and they are all of the opinion that owing to the ravages of the boll weevil in those states and south Texas, they will never be the cotton producing countries they have been and the time is practically here that buyers will look to the South Plains for their cotton. The time is coming that this will be the cotton country of Texas.—Abernathy Review.

Schedule of Date For Hale County Farm Bureau Meet

The following is a tentative itinerary for organizing county farm bureaus, assisting in membership drives and signing up of the various commodity association contracts, etc. This schedule is subject to minor changes, to suit the various farm bureaus and county organizations committee. It is subject to cancellation on dates specified for certain places if the weather is permissible, otherwise every date will be filled. The meetings of this association in Hale county is set for Hale Center, Monday, January 30th, Petersburg, January 31st, and February 1st, at Abernathy. The speakers at these meetings, if not changed, will be Baugh and McCracken. Warden who arrested nine hunters was certainly a game warden. Mary Pickford is learning to cook. Pity poor Doug.

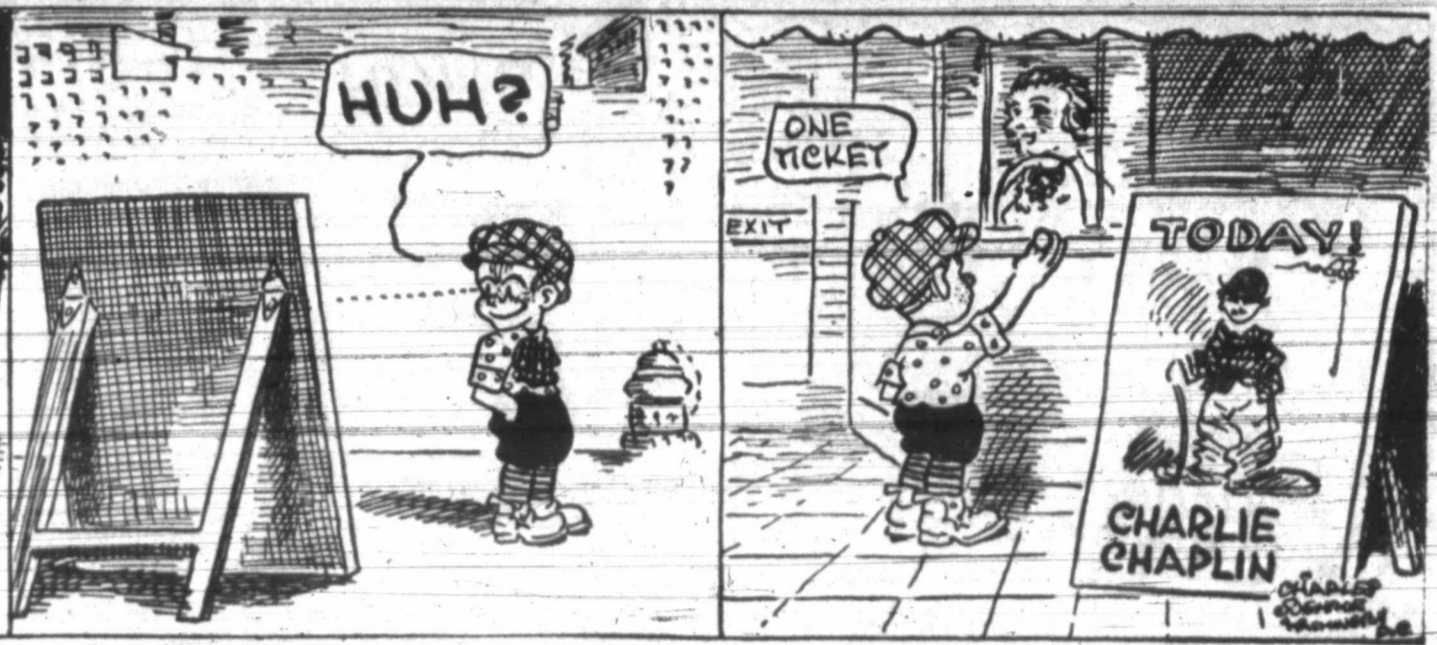

- POLITICAL ANNOUNCEMENT**
- The following parties authorize the placing of their names in this column for the various offices, subject to the Democratic Primary, in July, and ask a favorable consideration of their claims:

His Favorite "National Character"

Republicans Increasing in Strength in Texas, Says Morton MacCormac Member National Republican Com.

Texas is due for a "diversification in politics as well as in crops" and this year is likely to show surprising results along that line, according to Morton MacCormac of Chicago, a member of the National Republican Committee, who arrived in Dallas Friday following a six weeks' tour of the State. The Dallas News quotes him as follows:

"During my travels in Texas I have personally interviewed more than 900 men interested in a score of different activities," Mr. MacCormac said last night at the Jefferson Hotel. "Their opinions relative to political matters in the State have been illuminating. They have convinced me that never before have conditions been so satisfactory here from a Re-

publican standpoint. In this connection Mr. MacCormac said Republicans of the State will meet at the Texas Hotel in Fort Worth Saturday night, Feb. 11, at a Lincoln Day Dinner. At this time a complete State ticket will be announced for the election next fall and, in all probability, a candidate for the United States Senate. "Men to be named for the various offices will be of a character representing the highest type in Texas," Mr. MacCormac said. "Particular attention has been given to the selection of candidates and every man has been chosen for his ability to fill the office sought. Arrangements are being made for a member of the national committee to attend the dinner and it is possible that a high Government official from Washington will be present.

"An interesting feature of this meeting, to many Texans, at least, will be the evidence of harmony that prevails within the ranks of the party in the State," Mr. MacCormac said. "This has not been always true, but on this occasion H. F. MacGregor of Houston, national committeeman from Texas; R. B. Creager of Brownsville, State chairman, and members of the rank and file from every section of the State will meet in the best of fellowship and with the one idea of rolling up the biggest Republican vote next fall that Texas has ever seen."

In regard to a successor to Will H. Hays as Postmaster General, Mr. MacCormac gave it his opinion that Texas could name the man if the proper efforts were put forth, inferring that President Harding was favorably inclined toward the appointment of Mr. Creager, whose name has been mentioned in connection with the office.

There is little hope of early recognition of Mexico by this Government, Mr. MacCormac said. While his investigations have convinced him this action is greatly desired by the people of Texas, nothing of the kind is anticipated until Mexico manifests a willingness to enter into a treaty agreement safeguarding the rights and property of Americans in that country.

W. J. MOORE, PROMINENT BRADY MAN, IS DEAD

W. J. Moore, an old resident of Brady, died here shortly before noon last Friday. Mr. Moore was well known in that section. He was born at Troy, Ala., and was nearly 72 years old. He is survived by several children. Burial effected in Brady Cemetery at 2 o'clock Saturday afternoon.

"THE FARMER'S WORST ENEMY—RATS. THE FARMER'S BEST FRIEND—RAT-SNAP"

These are the words of James Baxter, N. J.: "Ever since I tried RAT-SNAP I have always kept it in the house. Never fails. Used about \$3.00 worth of RAT-SNAP a year and figure it saves me \$300 in chicks, eggs and feed. RAT-SNAP is convenient, just break up cake, no mixing with other food." Three sizes, 35c 65c, \$1.25. Sold and guaranteed by Cole Myrick Hdw. Co., and City Drug Store.

When the faces of the large clock on the administration building tower at Northwestern University of Evanston, Illinois, differed some 15 minutes in telling time, investigation showed that doves were nesting in the mechanism of the clock.

Great K-Ranger Bred Sow Sale TULIA, TEX., FRIDAY, FEBRUARY 3, 1922

40 HEAD--All Sired by or Bred to K-Ranger

11 Outstanding Gilts by Buster—Avalanche, the great breeding and show boar owned by Cox Bros. Childress, Texas. 4 out of Charter Oak Queen. 2 out of Sandard Millie. 2 out of Miss Lady Price. 2 out of Bob's Model, one of the great brood sows of the breed and the dam of the famous Ranger litter owned by Cox Bros. 1 by Yankee Timm out of Gladiator's Maid by Orange Gladiator. 2 fall yearlings by Yankee Timm out of Lady Melba. 2 granddaughters of Mouw's Kind. 3 Yankee Timm spring gilts. 1 by McGee's Big Orange. 2 spring yearlings by Lon's Victory Bond. 1 fall two-year-old sow by Giant Bob. 1 spring yearling by McGee's Big Orange. 1 fall gilt by Fessy's Big Jones. All the above are bred to K-RANGER, the great breeding boar, a littermate to the Ranger.

12 fall gilts by K-Ranger and out of dams by some of the great boars of the breed. 3 spring gilts by K-Ranger. All the K-Ranger gilts are bred to THE PLAINSMAN, sired by Lon's Victory Boar who traces back on his sire's side to Orange Boy and on his dam's side to Big Orange. One outstanding fall boar by K-RANGER and Miss Orange Fair. This boar should head some good herd. One spring boar by K-RANGER. One good fall boar by Long Orange. One spring boar by Yankee Timm, the great C. E. Alexander boar.

SALE WILL BE HELD IN HEATED PAVILLION IN TULIA, TEXAS, FRIDAY, FEBRUARY, 3rd, 1 P. M., RAIN OR SHINE

Claude and John Adams were fortunate in the selection of a herd boar, K-RANGER, a littermate of The Ranger, of S. E. Lewis, whose get made such a phenomenal showing at the fairs of the Southwest, particularly the Oklahoma State, Texas State and Kansas State Fair. K-Ranger is breeding good pigs, as the record of his get at the Swisher County Fair and elsewhere shows. All the offspring of Adams Bros. is sired by or bred to this great breeding boar, and the sows and gilts offered are of individuality and blood that will attract. The Buster Avalanche gilts are probably the top of the lot.—H. S. HILBURN.

TULE VALLEY STOCK FARM ADAMS BROTHERS, TULIA, TEXAS

R. E. MILLER, TOM MORTON, W. S. WILLIAMS, Auctioneers.
WEST TEXAS POLAND CHINA CIRCUIT—S. E. Lewis, Childress, Jan. 30; C. E. Alexander, Childress, Jan. 31; Jack F. Jones, Dodsenville, Feb. 1; R. E. Cooper, Turkey, Feb. 2; Adams Bros., Tulia, Feb. 3. Automobile transportation will be furnished from Childress for all the other sales, and those contemplating attending the circuit will be at no expense for transportation from that point. H. S. HILBURN, Southwest Poultry and Swine Breeder Representative.

5 COUNTIES TO RESIST BOLL WORM INVASION

Corpus Christi, Jan. 19.—The scope of activities of the Nueces County farmers committee, which has begun a strenuous fight to keep out of this county cottonseed from territory in which there is known to be pink boll worms, was enlarged at a farmers' meeting here yesterday to include similar activities in Jim Wells, San Patricio, Kleberg and Duval Counties.

The field committee, headed by J. E. Garrett, announced that it had discovered carlots of seed from partially quarantined counties in Corpus Christi, Aguadulce, Driscoll, Kingsville and Alice. Three out of the six carlots discovered will be sent back to the growers, it was said. A general meeting of farmers from the five counties named will be held in Corpus Christi Saturday morning, when permanent organization will be formed and an aggressive program will be formulated.

Following the meeting yesterday, telegrams were sent Ellis County growers, informing them of the campaign and its intentions and warning them, Garratt said, that every effort would be used to keep their seed out of this territory.

CONSTIPATION

Constipation of the bowels is a stoppage of the sewerage system that removes waste matter from the body. It is as necessary that your bowels move regularly once each day, who carry off this waste, as it is that the waste pipes of your home be kept open and carry off the waste from the house. If you would enjoy good health, keep your bowels regular by taking Chamberlain's Tablets when needed.

AMARILLO GOT A SNOW MONDAY—FIRST OF YEAR

Snow began falling in Amarillo about 8:30 o'clock Monday morning, and only in the afternoon. The ground was fairly well covered, despite the fact that a strong wind was blowing from the north.

Indications pointed to a probable moderation which it is believed will bring a heavy snow. Reports received by the railway companies were filed before the snow began to fall, and they have not been advised as to the extent.

The snow is the heaviest of the year, in fact, aside from the slight flurries reported, is the only precipitation of any consequence. Amarillo Tribune.

IATAN OIL WELL HAS STARTED TO FLOWING

Colorado, Texas, Jan. 20.—Foster News—The Colorado-Texas Company at Iatan has been flowing steadily since 11 o'clock Wednesday morning, according to a statement made by George A. Reese, president of the company, at the chamber of commerce banquet here last night. "The flow was so strong that we had to abandon an attempt to pull the pump rod," he said. Reese left last night for Trinidad on business for the company.

A recent earthquake in Tokyo broke the city's water main, cutting off the water supply for a time.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVES' O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup. The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Groves' O-Pen-Trate Salve through the pores of the skin soon stops a cough. Both remedies are packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES' HEALING HONEY. "We will get out of Hon Shantung," says Japan. Yes, but what

HEADACHE? BACKACHE?

A Beautiful Woman is Always a Well Woman

Bird Song, Ark.—"For nearly two years I suffered awfully with feminine trouble, which was caused by lifting heavy things, and seemingly I had five or six other complaints added to it. I suffered with the lower part of my back and had headache nearly all the time. I began to think there was nothing that would do me any good without an operation, but I thought I would try Dr. Pierce's remedies first. I took one bottle of Dr. Pierce's Favorite Prescription and one of 'Golden Medical Discovery', also used a box of Dr. Pierce's Purifying Lotion Tablets and one of the 'Healing Suppositories' and took the little 'Pleasant Pellets' to regulate my bowels and I felt like a new woman."—Mrs. Maggie D. White, Box 7.

Dr. Pierce's famous remedies can be procured from your druggist, tablets as liquid. Write Dr. Pierce, president Invalids' Hotel in Buffalo, N. Y., for free medical advice.

Some Income Tax Facts Worth Your Close Attention

Changes in the revenue law are of material benefit to the average family man. Under the revenue act of 1921 a married person, living with wife or husband, whose net income for 1921 was \$500 or less, is allowed a personal exemption of \$2,500. Under the revenue act of 1918 the exemption allowed a married person was \$2,000, regardless of the amount of net income.

The normal tax rate is the same, 4 per cent on the first \$4,000 of net income above the exemptions, and 8 per cent on the remaining net income. Given his personal exemption of \$2,500, plus \$400 for each dependent, a married man with three children—the average American fam-

ily—will pay this year on a net income of \$4,000 a tax of \$12. On the same income for 1921 he would have paid a tax of \$50.

Every citizen and resident of the United States must determine for himself whether his income for 1921 was sufficient to require that a return be filed. Full instructions for making out a return are contained on the forms, a copy of which will be sent to taxpayers who filed a return last year. Failure to receive a return, however, does not relieve a taxpayer of his obligation to file a return on time, on or before March 15, 1922. Forms may be obtained from collectors of internal revenue and branch offices.

A. J. CLARK ENTERS THE RACE FOR COLLECTOR

A. J. Clark this week enters the race for the office of Tax Collector and asks that you give his candidacy careful consideration, at the July primary. Mr. Clark is of the old timer bunch, having been in Lubbock County twelve or fourteen years. He has been connected with the collectors office for three consecutive years, as an employee, and is thoroughly familiar with the duties of office, and one could hardly find a more competent man for the place. The office of tax collector has been separated from that of sheriff, and there will be no controversy along this line this year, the two will be distinctly different after the expiration of the present term of county officers. Mr. Clark expects to see as many of the voters as possible between now and the July primary, and will appreciate the vote and influence of the Lubbock county people.

WORTH CONSIDERING

The question is not so much how you contract a cold, but how to get rid of it with the least loss of time and inconvenience. If you will consider the experience of others under similar circumstances, who have been most successful in checking their colds, in their beginning, you will secure a bottle of Chamberlain's Cough Remedy without delay, and use it faithfully. There are many families who have used this preparation successfully for years and hold it in high esteem. It is excellent.

HOG PRICES SOARING ON FT. WORTH MARKET

Fort Worth, Jan. 23.—The highest hog prices for three months were quoted on the local stock yards this morning, a load from Red Rock, Texas, bringing \$8.35. The eight cent hop appeared Saturday, but today's figure eclipsed that of last week by half a cent per pound.

P. F. BROWN OFFERS FOR RE-ELECTION AS JUDGE

Judge P. F. Brown, who is serving his first term as County Judge offers for re-election, and in the proper column of this issue will be found his name. Judge Brown has performed his official duty faithfully, and conscientiously, and has made as great progress in matters of county affairs as the times and conditions of the country would justify. He believes in progress, and will at all times favor those things that are for the betterment of the community, and county; and at the same time endeavor to keep the cost of maintaining the county business at an economical point. During his administration a most critical period has been passed through, we are sure that if the people see fit to re-elect him, that he will be able to accomplish much more in the future than has been possible in the past. He at least desires that you give his candidacy careful consideration, before you cast your vote for county judge.

OIL LEASING IS NOW ACTIVE IN GRAY COUNTY

Pampa, Jan. 23.—Gray County is now considered among the oil fraternity as being one of the best prospective fields for oil in the Panhandle. While oil leases at the present are not high in price, they are advancing steadily.

Geologists, scouts and lease men are seen on the streets of Pampa, Albreed and McLean every day. Several of the larger oil companies are active in the purchase of leases. The big lease play appears to be going in the southeast direction from Gulf No. 2, through Gray County, to the Oklahoma line.

It has been reported that two drilling contracts have been recently let, one near Albreed and one northwest of White Deer. Inquiries are coming in nearly every day from major oil companies wanting blocks of acreage for drilling sites in Gray County, both west and south of Pampa.

A RAT BREEDS 6 TO 11 TIMES A YEAR, AVERAGING TEN YOUNG TO A LITTER

Remember this, act as soon as you see the first rat. Get a pkg. of **BAT-SNAP**. It's a sure rat and mice destroyer. It's convenient, comes in cake form, no mixing. Mummies rat after killing—leaves no smell. Cats or dogs won't touch it. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by City Drug Store, or Cole-Myrick Hdw. Co.

FARMERS SAY PUREBREDS BEAT ORDINARY STOCK

It is the consensus of opinion of 500 growers of purebred and grade live stock who were questioned by the United States Department of Agriculture that the purebred sire is from 10 to 400 per cent better than the ordinary sire. This applies to all classes of live stock. Many of the men who replied to the department's questionnaire gave figures and specific instances to back up what they had to say regarding the remarkable improvement effected in a relatively short time.

In reply to the question as to the value of their example in inducing others in the community to take up improved live stock most of these farmers and breeders said that they had been the means of starting at least two or three, and one man who had been raising purebreds for 40 years said he had influenced every man in the neighborhood.—B. A. I. Editorial.

A thought for today—
Sometime when all life's lessons have been learned,
And sun and stars forevermore have set,
The things which our weak judgment here has spurned,
The things o're which we grieved with lashes we,
Will flash before us out of life's dark night,
As stars shine most in deeper tints of blue;
And we shall see how all God's plans were right,
And how what seems reproof was love most true.

The Friday Needle Club
The Friday Needle Club met at the home of Mrs. Waters, Mrs. O. H. Westlake being assisting hostess for the afternoon. The guests for the afternoon were: Mesdames Louis Murfee, J. L. Hornsby, P. W. Scott, E. Duncan, W. A. Holman, Add Clark Geo. Arnett, J. F. Bacon, W. C. Bryan, F. K. Mitchell, N. F. Miner, S. E. Cone, J. M. Denman, Fred Spikes, W. H. Long, L. H. Simpson, J. O. Jones, C. E. Parks, J. B. Pryor, W. E. Lyle, A. Hall, J. A. Blackwell, J. E. Alexander, F. Barclay, F. N. Payne and Miss Anna Marie.

Mrs. Waters served a delicious lunch of Chicken Sandwiches, coffee, angel food cake and jelly and cream.

Mrs. J. O. Jones will be the club hostess at the next meeting, when the club members will entertain in compliment to their husbands.

Baptist Church Ladies Aid.
The regular meeting of the Baptist Ladies Aid met at the home of Mrs. F. N. Payne, Monday afternoon. The first part of the afternoon was devoted to a short missionary program, which was ably led by Mrs. Cumby. After a brief discussion of

some of the problems of missionary work, the afternoon took the form of a social meeting. The special music for the occasion added much enjoyment to the well planned afternoon. Those assisting in the musical program were Mrs. Barclay, Mrs. J. W. Jennings, Mrs. Heim, Mrs. Barclay and Mrs. Heim sang several pleasing numbers.

At the close of the well spent afternoon, Mrs. Payne served the guests with a delicious lunch of angel food cake and Paradise pudding. Even the refreshments were in keeping with the occasion.

The next meeting will be held at the parlor of the Baptist church, next Monday at 2:30.

Mrs. J. O. Smith returned last Tuesday from Wichita Falls, where she has been the guest of her sister, Mrs. M. E. Myles, during an extended Christmas visit.

Twentieth Century Club
The regular meeting of the Twentieth Century Club was held at the Methodist church parlor on Tuesday afternoon. The lesson for the afternoon was in charge of Mrs. W. H. Bledsoe and the study of the Danube, given in splendid lecture form, with map instruction, was one of the most enjoyed and instructive lessons of the club year, thus far. Mrs. Bledsoe knew her subject and her manner of presentation was excellent.

Mrs. Jed Rix added charm to the afternoon with two musical numbers, one being the Blue Danube waltz, by Strauss.

Mrs. Kimbro briefly sketched the noted characters, who have grouped along the Danube. Mrs. J. E. Vickers read "Stirring Time in Austria," and her interpretation was splendid. Three minute talks were given, the following subjects being used: "The

Curse of the House of Hapsburg," "Prominent Foster Son of America" (Michael Pupin), by Mrs. J. S. Johnson.

The Club will meet next on February 14.

The Colonial Card Club were the guests of Mrs. L. T. Martin, last Wednesday afternoon. Three new members were received by the Club Membership committee, Mrs. Dr. T. Hutchinson, Mrs. Dr. Castleberry, Mrs. Fred Oliver.

Miss Della Wilkinson will be club hostess at the next meeting.

Rotary Ladies Night
The Rotary Club will hold a banquet Thursday night, at the Cova Hotel at 7:30. The ladies have charge of the evening's program.

Mr. L. T. Martin is in Austin and Houston this week, on business, but we imagine most of his time will be spent at the State University, with that boy of his!

Wednesday Needle Club
Mrs. L. C. Ellis was hostess to the Wednesday Needle Club at the last meeting when she entertained the following club members and guests: Mesdames: Robbins, S. C. Wilson, F. Maddox, Sensabaugh, McKee, Klett, Hopkins, Bacon, Hilburn, Davidson, and Mrs. Knapp. A luncheon guests. The enjoyable afternoon concluded after Mrs. Ellis had served a dainty lunch of sandwiches, Christmas plum pudding and coffee.

Eastern Star Social Evening
More than one hundred Eastern Star members and friends gathered together in the Masonic Hall, on Tuesday evening to enjoy a pleasant social hour and hear the delightful program arranged by the program committee of the Eastern Star of which Mrs. A. B. Ellis was chairman. The program included the following numbers.

Mrs. Joe Hilton, who sang several numbers, including the sweet rendering of "Somewhere a Voice is Calling" in response to the appreciation of those present. Mrs. Hilton was accompanied by Mrs. F. Barclay who later played a piano solo, "Narcissus" when encored and sang "Out Where the West Begins."

Readings by Mrs. O. E. Sears and Mr. Watkins were highly enjoyed and added a delightful variety to the musical numbers.

Mrs. S. P. Smith sang two quaint Indian Love Songs which were one of the most pleasing numbers of the evening. She was accompanied by Mrs. Ed Robinson.

Three minute talks were in order of the evening's enjoyment, and many timely and spicy touches were added by this feature. Mr. Bledsoe, Mr. Foster and the Rev. Bowen were the principal speakers of the evening.

Miss Mary Meador and Miss Winnie Bates are deserving of special mention in the splendid way in which they responded to the many calls made upon them during the evening.

A delicious salad course was served. Chicken, salad, potato chips, pickles, bread and butter, sandwiches and hot coffee was served to more than 100 guests and members.

To Cure a Cold in One Day
Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. CROVIER'S signature on each box. 3c.

T. J. Foster, salesman with the Burrough's Adding Machine Company, of Lubbock, but who travels out of Amarillo, is here for a few days and taking advantage of the opportunity to sell his machines to Lubbock people.

Cumberland Presbyterian Church
Sunday School, 9:45 a. m.
There will be no preaching services at either hour as the Pastor will fill

the pulpit of the Cumberland Presbyterian church at Rails at both hours.

Junior Endeavor, 2:30 p. m.
Senior Endeavor, 6:30 p. m.
We are very well pleased with the past months' results and interest shown in a number of ways. The Work of the Church, The Salvation of Lubbock's Unsaved can only be accomplished through loyal, concentrated, consecrated efforts upon the part of those of any communion. Let us, for Christ's sake, and our own dear church determine that such support as above mentioned shall be rendered by each of us, and thereby fill our relative position in this immediate community.

May God lead us, and Bless us in the great work that is before us.
Yours earnestly in His service,
J. F. Baker, Pastor.

B. Y. P. U. MEMBERS EN-TERTAINED FRIDAY EVE.
Miss Hazel Dodson and Miss Opel Daniels entertained the junior members of the B. Y. P. U. at the home of Mrs. Dodson's last Friday evening. Games and music were enjoyed until about eleven o'clock when sandwiches and cocoa were served to the guests, who were: Messrs. Oliver Stambaugh, Orval Murry, Rud Hardisty, Carl and J. B. Hudgins, Virgil Zeeman, Lamer McKenzie, Bill Miller, Alonzo Newell, Missa Bea Houston, Corlie Fields, Blanche Ripley, Charlotte Ripley, Blanch Zeeman, Fern Zeeman, Gladys Ragland, Lois Merrill, Grace Watson, Connie Darden, Lorraine Bowen, Helen Shroeter, Elvora, Struve, Opel Daniels, Julia Beth Newell and Hazel Dodson.

BORN
To Mr. and Mrs. B. W. Frank, Thursday, January 26th, a fine eight pound girl.
Mr. Frank is proprietor of the office Equipment Company, and has made many friends in Lubbock who are glad to learn of their happiness in this addition to the family.

The young men are interested in education to the extent of investigating which is the prettiest school teacher.

The flapper thinks she ought to be wise. She passes an examination every time she meets a man.
