LUBBOCK PLANNING FOR HIGH SCHOOL AND 3 WARD SCHOOLS

THE PROPOSED BOND ISSUE IS FIGURED TO COVER COST OF THE FOUR BUILDINGS

THESE ARE NECESSARY FOR DEVELOPMENT

Our People Must Support These Improvements If Our City Is to Keep Pace With the Development of the South Plains Section.—Help Build Lubbock and Her Schools.

Three Ward Schools and a High School are necessary to care for the growing needs of the Lubbock Independent District and Three Ward Schools and a High School is the program under consideration and it is for this that the coming bond election will be held. There has been considerable misunderstanding on the part of some of the outlying sections of the District and it is expected that this statement will straighten things up. From the beginning the plans have called for three Ward schools, one each in each of the remaining corners of the District and one High School building to serve the entire District.

The schools of Lubbock are possibly the most remarkable in the state in that they have maintained, in fact have year after year increased their scholastic standing with the State University and Department of Education while at the same time they have become more efficient in point of buildings and equipment. That has not been the fault of the school board, the students or the teachers in the schools. The town has simply grown faster than they have been able to take care of the logical result. You try to put a seventeen year old, one hundred and eighty pound boy into eleven year old knickerbockers and you will find him somewhat handicapped in his movements.

The scholastic enrollment of Lubbock District has increased for the past three years as follows: 45 percent for the school term of 1919-20 over the enrollment of the previous term, 20 percent for the following year and 19 percent at the opening of this term with a good indication that an additional 10 percent increase will be registered before the close of this term. Already school children are sitting in chairs, on boxes and without desks in front of them. And still they come. Where from, it is hard to say, but drive over town any day and see the new houses going up, and after that try to rent a house and you will soon be convinced that they are coming from somewhere.

Three months ago a young business man came into the Chamber of Commerce office and was asked to take care of some grocery store. The Secretary took him around to several stores, met the owners, but no one talked sale. He was finally forced to start a new store of his own and already has one of the neatest, busiest little stores in the city. The same can be said of almost every other line. They are here and are still coming here and we might as well prepare to take care of an ever increasing flow of them for this is but the beginning.

A glance of the Poll Tax receipt will show you that this movement is not confined to Lubbock city alone. The whole county is making a like increase. You were in Idalou about a year ago, or a year and a half at the most and what did you see? A station, two or three stores, a couple of gins, a school house and a very few residences. Drive over today and see what you will find! A most remarkable little city doing more business than many three and four thousand inhabitant towns in Central and East Texas and has done more actual building during the past year than some of those towns have done in the last ten.

That is doubly true of Slaton. There has been more or less prejudice between the towns on the part of some of their citizenship, but it is with pleasure that the broader minded citizenship of both towns see the remarkable growth of both Slaton and this place. They advertise that they are the fastest growing town in the State and they are no doubt right, in proportion to their size. They have done more actual construction in that town within the past twelve months than any six towns of from three to seven thousand population put together in Central or East Texas. They are destined to be one of the leading factors in the development of the South Plains section and frankly we are for them and hope they will have a population of 10,000 by 1930.

For if they continue to grow and we fall down on the job the leadership of the South Plains will be in Lubbock county. But Lubbock has never made a reputation on falling down so with our hope that they will have a population of ten thousand it is but natural to expect Lubbock to continue in the lead with fifteen to twenty-five thousand. But at that, for both of these towns, the gain will be less remarkable than that made during the past ten years. A Poll Tax paid of 2057 in 1921 and a grand total of more than 4,000 in 1922. In the city of Lubbock a total of more than 1,100 against slightly more than 500 last year—state elections and everything notwithstanding.

An average of six cars per minute passing one corner in the city of Lubbock for eight hours straight time by actual count. 1900 automobiles in Lubbock County.—An

increase of 348 percent in the number of farms in the county during the past ten years. All of those figures are facts and there is no dodging them. They reflect growth, development, activity, expansion. And these things bring with them civic responsibilities. This is a new country. Everything that is done or neglected at this time will react upon the town just like training or neglecting a child at this age. We are building something bigger than ourselves when we give our time, thought and support to civic development and enterprise. It will cost money. It will cost time, labor, effort, privations possibly, and some criticism, to put over the things that must be done here within the next few years. But there are the two outstanding things that must be done this year. The first of these in point of importance, necessity, and bearing upon the standing of the town is the school question. The other things are something that we have started and must complete. That is the Fair.

These two things successfully put over for 1922 will make a successful year for the city, along with the little minor things that come and go every year, month and week. Of these the schools must come first. Unless suitable buildings are started within the next four months Lubbock will lose fifty families that will otherwise move here for the schools next year. Any man with children would be foolish to move to Lubbock today if he did not know that suitable school buildings would be erected for next term of school. Streets, sidewalks, paving, auditoriums, potato curing plants, warehouses,—all these things are desirable, almost necessary, but only material damage and loss in dollars and cents follow in case they are put off a year or two. But school children must be cared for today and the loss in lives, strength of health, character, and mental development, if through shortsightedness they are not provided for.

If it were possible to pay a law, carrying a penalty of sixty days in jail for failure to observe same, making it necessary for each parent in the city of Lubbock to spend one hour a month in the Public Schools of this city for the rest of this school term it would be a snap to put over a bond election for \$250,000—would they sell?—that it will be possible to take care of conditions with \$125,000—or approximately each for each inhabitant of this city. That is spread out over fifteen to thirty years—or about thirty cents a year—not including interest. And yet some folks are scared it can't be put over. Yet they give \$10 for a hound pup, chew \$3 worth of tobacco every month and wear out \$4 worth of shoe leather paddling up and down the streets cussin' the City Government, the State Government, Texas, the streets, and everything else they don't happen to have a free hand in wrecking themselves.

The School is Necessary—Let's Go!

Hi-Jacks Attack Abernathy Doctor Last Monday Night

One night last week, while Dr. J. B. McBride was returning from a night call near Hale Center, he was accosted by two foot pads who stepped from the side of the road in front of his car and raised their hands for him to stop. He had already slowed his car as he was crossing a short culvert and as he was driving off the two men stepped on the running board, one on each side of the car, and attempted to climb inside. The doctor was accompanied by his son, Leslie, who ordered them off but seeing this had no effect, he jumped out himself and with threats finally succeeded in running them away.

It is believed by the doctor and his son that they intended robbery and to get his car and no doubt they would have succeeded had it not been for Leslie being along as the doctor would have been unable to cope with two husky fellows as they were. —Abernathy Review.

FREEZING WEATHER TOO LATE TO KILL BOLL WEEVIL

F. C. Bishop, entomologist of the United States Bureau of Entomology is of the opinion that last week's freezing weather over the cotton belt was not cold enough to disturb the boll weevil's lease on life. Should freezing weather have been earlier it would have probably destroyed them, but being late they had already gone into winter quarters and the freeze was not sufficient to do them damage.

GOOD INDICATIONS FOR OIL OR GAS NOW SHOWN IN BLEDSOE WELL—SHOULD DRILL TO GREATER DEPTH

The Abernathy Oil & Gas Company is presenting a matter of very great importance to the people of the South Plains this week, through advertisements in the several papers of this section. The Bledsoe well has almost reached its contracted depth of thirty-five hundred feet, and as they approach this depth, the indications for oil and gas are so much better, that is the opinion of the company that if they do not encounter either oil or gas by the time the 3500 feet has been reached the driller should be given a new contract and instructed to go still further. We believe that this well should not be stopped at anything short of the extreme depth that the drillers can go in the hole, so that this test will be what could be considered and accepted as a real test for oil and gas. It will be much cheaper for the people of Lubbock,

Plainview and all the other towns around here to go on down and make this a thorough test, than to abandon the proposition at this time and at this depth and at some future date beginning over and have to spend money for what has already been done. A few thousand dollars will put this well down to a depth that no one can doubt is a real test well, and will satisfy the people that there is nothing there, should it happen that nothing of an oil or gas nature is encountered. But according to the latest reports it seems quite favorable for finding something that will be of real worth to the entire South Plains. We believe the additional money should be raised and send the drill on down as far as it can go. We would be out only a few dollars each and the chances of reaching something real great seems very good.

INTERSCHOLASTIC DISTRICT MEET TO BE HELD IN LUBBOCK APRIL 14-15 WILL BE GREAT ATHLETIC EVENT

The basketball teams of sixteen counties will contest on the local grounds this afternoon and tomorrow morning to determine which team holds championship. The teams of the sixteen counties have been reduced to four champion teams of four counties, the champion team of those counties having eliminated all other teams and are heavyweights in the game. There are some mighty good teams in these counties, as the robust specimen of West Texas are hard fighters and the eliminating games held here and at other places were mighty interesting, and proved that the school men of West Texas are training their students in physical development as well as mental.

It is unnecessary for us to stress the entertaining feature of this program, as the local boys have demonstrated what they can do in football and basketball games, and the teams who will play here today and tomorrow are about as keep as West Texas can offer in any event, and will be forerunners of the interscholastic meet where contests in all lines will be held, which is scheduled for April 14th and 15th.

To the person who is not a booster for the present day system of using athletics in schools we especially urge attendance to these features, as one will surely be convinced there is nothing more thrilling than such contests, where

men meet men in a fair and square physical contest, using every faculty to advance the standing of their schools and winning higher standings for their respective teams. Lubbock has a splendidly located athletic field and we are in hopes many local people will take advantage of seeing these events today and tomorrow. If we had no such programs available there would be unspeakable comment on the dullness of the town and the lack of sport that would linger here, but that is not the case, and those who enjoy these affairs are given an opportunity to see the best men in this section meet in combat to contest for supremacy in this great game.

Three games will be played this afternoon and the final game will be played tomorrow morning.

All work and no play makes Jack a dull boy, and we are a little prone to believe that a little more play along with the daily grind of business will be good for the entire business personnel of Lubbock, and it will take but a few minutes to get a sure enough thrill at these games, as the men who will play have long since proven their eliteness and will be on their toes especially at these games, where establishing and maintaining a wide reputation in this line will be the goal, and greatest achievement.

Another New Brick Sheriff Holcomb Business House Now Returns With Sam Being Constructed Cates as Prisoner

Material is now on the grounds and the cement foundation made for a brick building, 25x80 feet for J. W. Pickle, local man, on 12th street.

The building will house the Lubbock Mattress Company, which has outgrown the frame structure in which it is now located, and the proprietor, Ran Smith, is proud of the progress he has made in the business and in its success has proven himself an efficient manager and the products have long since gained a reputation for him as a workman. Lubbock is gradually getting out of the frame building class, and the manner in which the business men are accepting the opportunities to advance with the town is both pleasing and noticeable. With more people, larger cultivated area and general conditions improving with the advance of time, it is perfectly natural that the people of Lubbock will take notice of their positions and do everything possible to improve the appearance of their business locations and add more conveniences to the town.

Much has been said about the future possibilities of Lubbock making a real city, and we are taking these brick buildings as tangible evidence of that possibility becoming a reality, and why not?

Wm. Courey, of Post, was among those who entered a local medical and surgical institution Monday for specialists attention.

Mrs. Lee Hinson, of Relis, was operated on in a local medical and surgical institution the first of the week.

Frank McElroy, son of E. McElroy, proprietor of the Lubbock theatres, was operated on here Sunday.

Mrs. A. L. Martin, of Snyder, was operated on in a local surgical and medical institution Tuesday.

Mrs. L. C. Kendrick of Post City, was operated on in a local sanitarium Thursday morning.

Dick Lynn, of Lorenzo, is in a local sanitarium under the care of specialists.

L. Gaugh, of Hereford, was here yesterday on business.

Many local people who are interested in the Sam Cates arrest will no doubt appreciate the substantial evidence that the California officer had the right man.

The following telegram was received by Mrs. Holcomb, Wednesday at 10:24 a. m.: "Riverside, Riverside County, Calif., Feb. 1, 1922, 7:45 A. M. 'Mrs. C. A. Holcomb, Jailer, Lubbock, Texas. 'Got Sam o. k. Leave for home at once. Give this to Clark. 'C. A. Holcomb.'"

FED LAMBS BETTER PRICES THAN FOR MANY MONTHS

It was demonstrated last week that marketing your maize, kaffir and corn on the hoof instead of in cars was the money making way for marketing feed stuff. This was the actual experience of W. P. Brooks of Snyder, when he sold 279 head of fed lambs on the Fort Worth market last week, that brought him \$11.25, the lambs averaging 74 pounds. They were high class and well finished.

Mr. Brooks figured out what he realized from his feed by this feeding method, which was above eleven dollars per hundred pounds, when if he had sold it would have brought him \$7.25 per ton delivered at compound points. What Mr. Brooks did with his shipment of lambs, others can do in marketing their grain. It is a demonstrated fact that these grains are good for finishing cattle and hogs and when fattened on these rations will kill out as good as corn fed and are in big demand by the packers.—Abernathy Review.

LARGE STILL FOUND IN YOUNG COUNTY

One of the largest moonshine stills found in the state was unearthed last week near South Bend, in Young county by state rangers. It was twenty-five feet long with an estimated weekly capacity of 350 gallons of finished product. The still was located in a dugout 25x120 feet under an old tool shed and was equipped with modern machinery for pumping mash from the vats into the still. Seventy-five gallons of corn whisky were taken in the raid and two men were arrested.

SUBSTANTIAL BUSINESS MARKS RAPID PROGRESS OF LUBBOCK

BUSINESS HAS NOT BEEN "JUST ROCKING ALONG" BUT HAS MADE RAPID ADVANCES THROUGH EFFORTS

ADVERTISING HAS BIG PART IN PROGRAM

Accounts Show Financial Standings of Lubbock Business Men Above Par at the End of 1921 With Optimistic Views of Future Prospects Often Expressed.

Church of Christ Occupied the New Building Sunday

At the first service held in the new building of the Church of Christ was well attended, as the entire membership is proud of the structure, and are willing to take hold of the work to make good with the splendid opportunities the building is offering them, to carry on the work with more efficiency and with more people involved.

At the first service, which was Sunday School, the largest attendance that has been present for a long time was reported, as the members availed themselves of this opportunity to enlarge the attendance.

The present building consists of the basement, which now is composed of a large auditorium, and four class rooms, one of which is at the rear of the building with a large portiere separating it from the pulpit, which will be equipped temporarily for the baptistry. The building is 66x74 1-2 feet, and is splendidly arranged. The aisles are well carpeted, and the long rows of curved, neat appearing pews have a seating capacity of four hundred and fifty, or more, and the fact that this part of the building will be partitioned into class rooms when the rest of the structure is completed gives one some idea of what progress that Sunday School can make, as the building they occupied prior to the opening of this one was made up of one large auditorium making progress in the work doubly difficult. The minister is very encouraged over the future prospects, and has encouragement and good will of the entire church membership.

The first sermon preached in this building was Sunday morning, the minister using as his subject, "Reasons for our Existence, or our distinguishing Peculiarities."

One noticeable feature of the church is that there are enough bibles in the building to accommodate a large percent of the Sunday School, and in the use of them the members have the necessity of carrying their bibles to Sunday School eliminated, which is convenient indeed.

The evening service was greatly appreciated by a large congregation which, it is believed, somewhat outnumbered the morning attendance, and an extraordinary sermon was heard.

The building to the present time has cost eight thousand dollars, and the five thousand dollar total on which it is located sums the total to thirteen thousand dollars, and when completed the building will cost thirty thousand dollars, which will represent a splendid investment for carrying on the work.

More Livestock Urged on the Texas Farm in '22

C. C. French, of the Fort Worth Stock Yards Co., urges the farmers to look more to the raising of better fed cattle, marketing of better fed beefs for ready money on the farm and look less after cotton.

He emphatically states that bankers of Texas will, in the future, refuse credit to cotton growers unless they raise less cotton and look more to diversification. He suggests that the farmers of the state open up new departments of development, particularly hog growing, poultry, farm products and milk cows.

Of the 435,000 farms in Texas, statistics show that 150,000 farms have no brood sows, 125,000 have no milk cows, and sixty per cent of these farms are money losers. It also shows that 125,000 have no poultry. Raise more dairy cows and less cotton, more hogs and less cotton, more poultry and less cotton, more feed stuff and less cotton, is French's advice.

DAMP WEATHER IS BENEFICIAL TO WHEAT

The last few days of damp weather has done and is doing the wheat in this part of the country a wonderful lot of good, in the expression heard by the farmers coming in from various parts of the country. The wheat that is now up is beginning to take root and spread over the ground and it is the general opinion of the farmers that the present weather will do lots in reversing present wheat conditions.

That business in Lubbock is not "just rockin' along" is seen from the fact that at the close of 1921 all the business men of the town have shown that their business gains were a little above par, and the general opinion that there would be a few failures when the final business was accounted has been exploded as there are none of our business men but who are as optimistic about their future business as in the rush days of the war season.

Lubbock is still growing. Business is good for all who will go after it, and there are a few men who were broadminded enough to take advantage of the quiet season and tell their customers of what they had to offer, who have proven that a little optimism is better in the long run than all the pessimism in the world.

Lubbock will grow. For those same men have learned that the time to pluck the apple is while it is ripe, juicy and worth while. That is the thing they have done, as their advertising has been full of creative language, written to gather in their customers before the other fellow got his money, good will and patronage, and through conservative purchasing and close selling have assisted that customer to make his products carry the same purchasing power as in the days when a load of hay was worth several times its present value. Our business men are taking more than ever to the rule of do unto others as you would have them do unto you, by helping to solve marketing and purchasing problems, and creating better conditions in every conceivable manner. These things have added to the general welfare of every individual in Lubbock county.

The building program launched at a time when finances were not at all close has made great progress in spite of conditions, and these home builders are assisting in making Lubbock more than in the general way of adding that many citizens to the city population. They are helping to create more demands for new homes, such as they have built, and the treadmill of this willingness to progress is every day evident in the newcomer who makes Lubbock his home because "so and so from home is here and said Lubbock is a right place."

Keep an eye on this progressive business and there will be no room in your mind for the pessimistic influence that might wish to predominate. Lubbock is built, maintained and kept going by the broadmindedness of her people, the genuineness of its trade territory and favorable natural advantages.

Watch Lubbock Grow.

JUSTICE COURT CASE COMPLETED WEDNESDAY

Justice Court was opened Wednesday at one o'clock and the case of H. P. Lehr vs. C. T. Barker was completed.

Plaintiff sued defendant for possession of his farm and \$199 damage, defendant contending for rental of farm during 1922.

The case was decided in favor of Plaintiff, but no damage was assessed defendant.

SUMMARY OF WEATHER FOR MONTH OF JANUARY

The following is a summary of the weather conditions prevailing during the month of January, 1922: Maximum temperature, 72 deg. Minimum temperature, 9 deg. Mean temperature, 37.7 deg. Departure from normal, 1.06. Maximum Relative Humidity, 95 percent. Minimum Relative Humidity, 72-22 percent. Total wind run for month, 5058 miles. Normal wind run for January, 6175 miles. Departure from normal, 1117 miles. Total evaporation, 1,591 inches. Number of clear days, 13. Number of partly cloudy days, 7. Number of cloudy days, 11. Total precipitation for January, .29 inch. Departure from normal, .05 inch. R. E. Harper, Supt. Experiment Station.

R. A. Pounds, of Idalou, was here Thursday on business, and called on the Avalanche to have his paper sent to him from Lubbock on route one instead of to Idalou. The good the rural route lines are going toward giving our farmers immediate mail service, is to be commended, as in many instances the farmer several miles from town has his mail delivered with only a few minutes difference in local postoffice time.

Leon Rice, of Lorenzo, underwent an operation for eye trouble in a local sanitarium Thursday.

District Court Is Putting In Good Time—Cases Set

This week has been a busy week in District Court, and while no juries were used, many of the non-jury cases have been settled. Other matters pertaining to settings and making further assignments of cases were made by the Court and attorneys. The jury lists have all been used up, and Judge Spencer has issued a call for juries for the weeks of February 6th, February 13th, and February 20th, and the Sheriff is busy summoning the juries called for those weeks.

It is very probable that the assault and attempt to murder charge against Sam Cates will be tried next week, as he has been brought back from California by Sheriff Holcomb. An indictment was returned by the Grand Jury at the present term against Cates on this charge, in connection with the assault made on Sheriff Holcomb and his wife on the 7th day of September, as has been made mention of heretofore in our publication.

It was found necessary to make further assignments of Civil Cases, and the list given below is the order in which the cases will be tried:

- February 6th.**
Burford vs. Advance Rumley Co. Panhandle Construction Co. vs. Beatty.
Rockwell vs. Higbee.
Robinson vs. Whitehead.
Hancock vs. Knox.
Young vs. Abernathy.
- February 13th.**

CALOMEL SALIVATES EVEN WHEN CAREFUL
Treachorous Drug can not be Trusted and Next Dose may Start Trouble

Calomel is dangerous. It may salivate you and make you suffer fearfully from soreness of gums, tenderness of jaws and teeth, swollen tongue, and excessive saliva dribbling from the mouth. Don't trust calomel. It is mercury, quicksilver.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate. 11-11

GERMANY ASKS CUT IN REPARATION DEMANDS

Berlin, Jan. 28.—Germany's answer to the Allied Reparations Commission handed to its Berlin representative today to be taken to Paris, proposes the payment of 720,000,000 gold marks and 1,450,000,000 gold marks worth of goods to the Allies during 1922.

The answer suggests, however, that in view of Germany's taxation burdens the amounts be lowered.

W. D. Benson, well known attorney of Breckenridge, and at one time a resident of Lubbock county, left Tuesday after several days of court work here.

TAHOKA MAN APPOINTED TO ACT IN ABSENCE JUDGE

The news that District Judge W. E. Spencer would have to leave his duties in Lubbock in the near future for three weeks to take his wife to some health resort in quest of her return to normal physical conditions, awoke great unrest among the lawyers of Lubbock as during his absence some of the most important cases in the court were to be tried, but a little cooperation on the part of the bar members has induced G. E. Lockhart, of Tahoka, to act in the absence of the judge.

The writer is not acquainted with Judge Lockhart, but we assure the people who will be interested in court proceedings during his rule, will find him competent, willing to work and reliable for to find a man who would not act as well as Judge Spencer is no little task. As Judge Spencer knows the laws and is true to every principle embodied in our statutes, and his judgment is quickly and decisively understood, and that those who had to do with the appointment have selected Judge Lockhart places him high in the estimation of the people.

Judge Lockhart will take charge of the work Monday, February 6.

Mrs. W. S. Ellis, of Kent county, left Tuesday for her home, after a several days' visit with the A. J. Botts family of Lubbock.

A. J. Boyd and little daughter, Maurine, were here Tuesday from Brownfield.

IT IS CHEAPER TO PAY THE SCHOOL TAXES THAN TO HAVE NO SCHOOL IN THE COMMUNITY

A little Vermont town once had a very troublesome old lady. She owned a fine large house and several small houses, on which, of course, she had to pay a tax every year. She was selfish and ignorant, although she did not know it. Every year at tax time she talked a great deal about having to pay the bills of poor folks. She "didn't see why children had to have steam-heated schools and free textbooks." She had no children of her own, and if there had been no school her tax bill would not have been so large, she thought. The principal of the school was a loyal citizen, and knew that if wisely spent, the more money used for the schools, the more safe and prosperous the village would be. But the old lady's influence was so great that

he found it difficult to get money enough even to buy the books that were needed. The histories that the classes used ended with McKinley's administration. Half of the geographies looked as if the rats had made many meals from them. Finally the principal decided to try an experiment. One of the cottages that the old lady owned was then empty. The principal rented this cottage, then drove back into the hills five miles from the village. He went to one of the families there and told them that if they wanted to live in the street, the chauffeur rang the bell. An untidy woman opened the door, and looked at him insolently a moment. "I ain't got no time to talk with the likes of you," she said shortly, and banged the door in his face. As they drove away, the owner of the house saw three boys building a hencoop in the side yard with boards which they had taken from the fence. In great indignation the woman sent for the principal. "I won't have heathens in any of my houses," she said. "They are ruining it. It will cost at least a hundred dollars to put it in repair and fifty dollars for a new tire for my automobile." "I'm sorry," said the principal. "But this family is one of several that live back from the village, where there is no school. I wanted the children to have at least one winter of the best that our village could offer. You see, boys and girls have a tremendous amount of energy. They must do something. School gives them plenty of work and plenty of play. Then they have neither so much time nor so much desire to smash things. Of course you know that in school they learn to obey rules. You would move out of this town in six months if all the schools should be closed. It is there that pupils learn the value of law and order. The boys in your cottage will learn to obey anyone until they came here. If they could only stay here for three years, I think you would not know them." The old lady began to think. The only family that abused her property was the one that had had no schools for its children. Perhaps schools were worth paying for after all! When tax time came, she astonished the village by making no protest at having to pay for "poor children's education." She also sent the principal a check to help start a school garden. "Perhaps those awful boys will spend some of their energy hoeing," she said to herself, "instead of smashing my fences and windows." —Grace A. Turkington.

SECOND ATTEMPT TO BURG-LARIZE LOCAL BUSINESS

Sometime between 10 o'clock a. m. and 5 p. m. Sunday a bold thief entered the office of the Thomas Coal and Grain Company and ransacked the place. The safe had not been locked, but the burglar was unfortunate enough to find that it contained no cashable papers or money. This is the second time in the past month this business has been gone into, and the Chief of Police is hot on the trail of the burglar and it is thought he can be apprehended soon.

FRIENDS GAVE UP HOPE OF RECOVERY Wife of San Antonio Man Was Told He Couldn't Live Six Weeks Longer. "Just before I started taking Tanlac my wife was told I couldn't possibly live more than six weeks longer, but here I am, a well man and not only that but I am fourteen pounds heavier than I was the day I took my first dose, and I can never forget Tanlac the longest day I live. "I had been going down hill for seven years on account of stomach trouble and had gotten to where I could hardly eat anything. For two solid years I wasn't able to do a bit of work, and finally I just gave up in despair. Tanlac did for me what I thought was impossible. I am eating anything I want now and feeling fine, and am back on the job again. The above statement was made by Ed E. Seffel, 231 Maryland St., San Antonio, Texas. Tanlac is sold in all leading Drug Stores.

Theford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficiency of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city.

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to normal functions, and in cleansing the bowels of impurities.

Theford's Black-Draught Liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's.

CENTER NEWS ITEMS OF THE PAST WEEK

(Delayed) Mr. R. Rippen was on the sick list last week. Most everyone seems to be sick with colds.

Mr. Edgar Abney and D. W. Williamson and R. Rieken have been putting up the house where M. Williamson is to move as soon as the house is completed.

Mr. Wilborn Nelson was a welcome visitor in the school Thursday and Friday. He came back Monday and was enrolled as one of the pupils.

Mr. John Rankin, the son of our pastor, preached his first sermon, his text being, "What Will be your reward." A very good crowd was present and good attention was paid by everyone.

Miss Fay Dunn was a pleasant caller at the Abney home last Sunday evening.

Mr. Robert Myers has been on the sick list the past two weeks but is up at this writing. We truly hope he keeps on improving.

Miss Erma Goeth was a caller at the Wilson home Sunday.

Miss Mildred Nelson was a pleasant caller of Miss Carrie Mae Baker one day last week.

Mr. Edgar Abney and family were visiting in the Badgar Lake vicinity Sunday afternoon. They report a real nice time.

A party was enjoyed by both old and young at Mr. Felly Fred. A good crowd was present considering the weather.

Mr. George Baker was a pleasant caller of Mr. Milborn Nelson Sunday afternoon.

There was only a small crowd present at Sunday School Sunday. Some thought there would not be any on account of the fifth Sunday meeting. But this community was not represented. Mr. W. A. Dunn was elected board member, but it was so cloudy and foggy he did not go.

Everyone remember that next Sunday is the regular meeting day. Mr. Anshel Johns and sister, Cathern were on the sick list one day last week and were unable to be at school.

A thought for today--
"The quality of mercy is not strained; It droppeth as the gentle rain from heaven, Upon the place beneath; it is twice blessed; It blesseth him that gives and him that takes; It is an attribute to God himself; And earthly power doth then show likest God's When mercy seasons justice."

Baptist Ladies Aid
The regular meeting of the Baptist Ladies' Aid was held at the Baptist church parlor on Monday afternoon. The devotional service was led by Mrs. Moore, following which the committee in charge of the year book reported. The committee is composed of Mrs. W. A. Bowen, Mrs. Wilson and Mrs. Scott. The meeting was then left open for the discussion of the year book, as outlined by the chairman of that committee, with a result that the plan was accepted. All the members of the Aid will be included in the program, as proposed, and in this way the active work of the organization will be well distributed and greater things accomplished through the splendid co-operative plan.

A "dish shower" was an important part of the afternoon program and all members or friends interested are asked to help complete the dishware, which is so often needed at the church basement department, for church socials and banquets.

The next meeting will be held on Monday afternoon at 2:30 in the Baptist church parlor.

Friday Needle Club
Last Friday evening Mrs. J. O. Jones entertained the club members and their husbands at a delightful 42 party, at her pretty home on eleventh street. A diversion in the evening's pleasure was found in the various contests which were part of the program. The guests were: Mr. and Mrs. J. M. Denman, Mr. and Mrs. W. F. Parkhill, Mr. and Mrs. R. W. Walker, Mr. and Mrs. F. K. Mitchell, Mr. and Mrs. F. C. McSpadden, Mr. and Mrs. Frank Barclay, Mr. and Mrs. W. H. Long, Mr. and Mrs. W. C. Bryan, Mr. and Mrs. Add Clark, Mr. and Mrs. J. B. Pryor, Mrs. Archie Hall, Mrs. Geo. Arnett, Mr. J. E. Hartley, Miss Winnie Bates, Mr. and Mrs. N. F. Payne. After the game Mrs. Jones served a delicious salad course. The next club meeting will be held at the home of Mrs. Archie Hall, the second Friday in February.

The regular meeting of the 1911 Needle Club, which was to have been held at the home of Mrs. Dr. Overton Thursday afternoon was postponed on account of the serious illness of Mrs. W. H. Meador's mother.

Trinkle 42 Party
On Tuesday evening, Mr. and Mrs. O. B. Trinkle entertained at their home on Thirteenth street with a delightful 42 party. The guests of the evening were: Mr. and Mrs. C. E. Meadgen, Mr. and Mrs. H. W. Stanton, Mr. and Mrs. Sam Cooper, Mr. and Mrs. Edgar Inman, Mr. and Mrs. W. W. Royalty, Mr. and Mrs. S. P. Smith, Mr. and Mrs. Jos. Jennings, Mr. and Mrs. W. C. Rylander, Mr. and Mrs. E. E. Healey, Mr. and Mrs. Chas. Middleton, Mr. and Mrs. H. W. Sims, Dr. and Mrs. R. B. Hutchinson, Mr. and Mrs. J. E. Cardwell, Mrs. Mamie Neal, Mrs. K. Carter and Mrs. Dr. Overton. After the game a delicious lunch of pumpkin pie and whipped cream and coffee was served by Mrs. Trinkle.

Miss Myna Wester, of Ralls, who has been the guests of Miss Margaret Whipp during the past week, returned to her home Saturday, accompanied by Miss Margaret Whipp.

Idle Hour Club

The members of the Idle Hour Club were the guests of Mrs. F. C. McSpadden, Wednesday afternoon, at her home on 910 Avenue K.

The afternoon passed all too quickly, doing needle work of various kinds amid much laughter and merriment. The members present were: Mrs. Hubert L. Allen, Mrs. O. E. Wright, Mrs. J. J. Adams, Mrs. W. K. Dickenson, Jr., Mrs. Ed. D. Allen, Mrs. Bill Spikes, Mrs. F. Moore and the hostess, Mrs. F. C. McSpadden. Mrs. R. F. Bayless and Mrs. T. H. Carter were guests of the Club.

At the conclusion of the afternoon a short business session was held and two additional ladies, Mrs. O. R. Collier and Mrs. J. E. Kuykendall, were made members of the Club. Mrs. Carter was made honorary member.

Dainty refreshments were served consisting of cherry jelly with whipped cream, angel cake and chocolate with whipped cream.

The members of the jolly party dispersed, anxiously awaiting the time when Mrs. McSpadden will again entertain.

Mrs. H. C. Smith will be the Club hostess at her home, 1608 9th street on February 15.—Contributed.

Mrs. B. O. McWhorter is reported quite ill at her home, 1517, 11th street.

Mr. Roy Riddle and Mr. Howard Wilje of Aspermont, have been in the city on business.

Rotary Ladies' Night

Thursday night will live long in the memory of at least a certain few of the Lubbock Rotarians—and possibly a few of the Rotary-Annes will have occasion to remember it also.

The Rotary-Annes are more than proud of their Master-of-ceremonies, Mrs. George W. Briggs. In putting the evening's program in the hands of Mrs. Briggs and Mrs. Roscoe Wilson, they not only assured its success but did even more, they have built up a reputation that all Rotary-Annes will find hard to compete with in the future.

Mrs. Briggs' opening remarks sounded a key-note of welcome and good-fellowship. The manner of expression and sincerity of her remarks brought forth a live response from all present. The apt humor injected into her words put every Rotarian in the happiest mood and as she concluded we all felt that every thought or worry, which might have clouded the evening, had disappeared, and we awaited the program with a song in our hearts, and a feeling that it was "a good world after all."

The first real feature of the evening was the melodious singing of the "Battle Hymn of the Rotary Club."

Rotary-Anne Karper sang a Provincial Song by Del Aqua, that gave full range to her wonderful voice, which has been so enjoyed by the Rotary Club, before. We seldom appreciate the rare talent and exquisite art of many of our local artists, until we are completely carried away as was the case when Mrs. Karper sang several numbers. She was accompanied by Mrs. Jed Rix, who afterwards played a piano solo, "Capriccio Brillante" (Mendelssohn), Noture, by Chopin, (Polish Composer), Mrs. Karper sang "Provincial Song" by Eva Del Aqua, Movourneuse, by Lang.

Then followed a clever sketch, written by Rotary-Annes Briggs and Wilson, entitled, "Ourselves,"—Thirty Years From To-Day,—and played by Rotary-Annes Weaver, Earl Hunt, Ballinger, Keen. It is impossible to give the action of the play in any other way, than to give the text itself, as follows:

Three old ladies seated around the table, chatting brightly.

Girl—Enter, running in and throwing books down.

Girls' Mother—"Did father bring my pencils home at noon?"

Grand—"No child, this is Rotary day and your father didn't come home to lunch." (Girl starts to leave).

Grand—"Wait and have some tea."

Child—"Mercy no, I had a good substantial lunch at school—I might have known that Daddy hadn't been home to lunch—you all look so much like other Hubbards! I'll bet you and mother only had crackers and cheese for dinner—Oh! no, not because of your dresses, but because of the empty cupboards." (Girl looks in cupboard).

Grand—"Oh! no, there's none left for dinner and it's a comfort to me. We will have a real hearty dinner tonight."

Friend 1—"I fear these feasts of reason that the Rotary Club offer are rather quickly digested. That's what all your Grandfather. It's these lunches that kept A. V. Weaver so thin."

Friend 1—"I guess Rotary Club of today is much as it was when our husbands were active members, Wednesday was the holiday of the week. On that day Lucille Wright and Katy Weaver kept their husbands cars—tearing over the town and country at a neck breaking pace. They had such a delightful time, and their cheeks flushed and their voices rose—and so they always broke their

died on that day. Their poor deluded husbands could never understand why they showed no ill effects from such rigorous self-denial which they apparently practiced.

Friend 2—"And Mrs. Dow always had a party on that day—something she said, that her husband couldn't get into his paper. How the Dows did deceive each other! Why do you know that man actually carries Dice around in his pockets—for no one knows how long until he was finally apprehended at a public luncheon! Only an India mind reader could guess what a really dangerous character he might have developed into. You know Mrs. Walter Posey did a great deal to improve her husbands golf. She used to go out to the links and get in some good secret practice, on Wednesday so that Walter had to exert himself to keep up with her score."

Child—"When I Marry, I'm going to marry a Rotarian."

Grand—"Well, my dear, if you do, don't neglect him, like Effie Wilson and Francis Rix—chasing all over town getting up recipes for a cook book. You'll do well to find one. In your Grandmas' day there were only two single Rotarians (nice young men too), but some how the girls seemed willing to let them stay single. Then you know dear, there can be only one representative from each profession. Every profession I can think of except a fisherman!"

Girl—"Interrupting Grand; your club had a fisherman. Wasn't Neil Wright a fisherman?"

Grand—"Why no child, what ever gave you that idea?"

Girl—"Well—I heard Grand say that Neil Wright sure did pull the cork under—(old ladies laugh)."

Girl—"Auntie, didn't Rotary cause one man to lose his mind?"

Friend 2—"Why no, child, not Rotary. No one knows what happened to poor Dalrymple. He was suddenly seized with a mania for hunting birds—and would roam for hours on the plains in search of a lost Canary. In his milder moments he would talk of the institution he was building—for homeless canary birds—but his name still lives—thanks to the thoughtful of Daddy Dickinson. Yes, Dalrymple bird seed has helped make Lubbock famous!"

Girl—"Grand, there is a Carnival in town to nite, may I go?"

Grand—"No, no child, such boisterousness, such noise, confetti, munching of all manner of messy stuff in public—I can not conceive of a Granddaughter of mine, thinking of such a thing!"

Girl—"But Grand, didn't you go to a carnival once at the fair grounds. Didn't they have confetti or rubber balls, or anything like that?"

Friend 2—"Yes, to be sure, yes, yes."

Friend 1—"Yes, do you remember, rubber balls and confetti—and hot tamales. Mrs. Karper had never seen a hot tamalie—and she looked so distressed when they gave her some, she wanted to know if there wasn't some artistic way to partake of them or must she get her face down into that mess to do it right?"

Grand—"By golly, it was a private carnival—very select. I assure you, invitations were sent out to that little town of Plainview. Why, our Baptist minister was there helping to see to some very particular things! Yes, it was a model carnival—to be sure."

Friends—"O yes, Quite"

Girl—"Well then Grand, may I go to the swimming pool?"

Grand—"No child, that place is no fit place for a lady—such swimming suits—such loud fun—"

Girl—"But Grand, didn't you go to a party there once, to the tumble N?"

Friends—"We did, we did!"

Grand—"But that was an extremely proper affair, not exactly sedate, but quite dignified. The swimmers were exceptional—in fact some of them couldn't swim at all—like Bill Meador and Dr. Wagner. But it was a glorious party."

Friends—"A real one."

Girl—"Grand, surely I can go to the home talent show?"

Grand—"No, not tonight, child—it's too rainy."

Child—"But didn't you very ladies pull off a little stunt like that once?"

Friends—"We did, we did!"

Friend 2—"Yes, but that was so mild, so very mild, and so true, indeed, half that night have been told was never even hinted at. Yes, it was some stunt, some stunt!"

Friend Q-1—"Those were real enjoyable times, and the countless other times when our husbands gave us a real treat during the evenings. There is no denying it, we were mighty proud of their work, and the things they accomplished, the ideals they strove to maintain. We were glad to be the wives of such men and felt honored that they should care to include us in their fun. Everyone of them was a type of man to be proud of."

Girl—"Such really noble men? Why the songs Grandfather sang—especially, about a little prairie

flower—how could they, such really dignified men?"

Grand—"O, yes, let's sing one."

Child—"The one about the little prairie flower. Do sing it."

(Ladies stand and sing: "I'm a little prairie flower.")

Girl—"Yes, it's the very same, and the other song too, about clams and anns—what words belonged where Grand just hit his fists together?"

Grand—"Why we never even tried to guess, we just hit our hands like the rest of them did."

Girl—"And Grand says there was a man they had to try, and he had such a poor stick of a lawyer, that he had an awful judgment passed on him!"

Friend 2—"Yes, Mr. Bayless. And poor man lived in such terror that he would be caught in the second offense that he haunted the ladies Ready-to-Wear departments for years, but he never could make up his mind that he saw a sure enough bargain."

Girl—"And Grand says there was a man who was very tender-hearted in particular towards the near east and who was he?"

Friend 1—"Neil Wright—Yes, he certainly wanted to help the starving babies or at least listen to the lady who presented their pleas, as befitted a gentleman. He pleaded their cause so earnestly that the rules of the club were for once broken, and thereafter Neil Wright's reputation for fine speeches and a great tender heart was known every where he wanted to do the right thing and see that others did it too."

Friend 2—"O, there was no doubt."

Child—"Auntie, what happened to that auto salesman who married the widow with two children?"

Friend 2—"Eric Posey; to be sure. Why child, I reckon nothing happened to him except that he added a second-hand Lizzie and two little runabouts to his business." (laugh).

Child—"Grand talks about a man."

Grand—"Your Grandfather talks too much."

Child—"Well, any way, this man loved to make speeches—well just all the time, so that once they had to ring bells and blow whistles to get shut of him."

Friend 2—"George Briggs. But it was the towns fault. There was a time when women used to phone him about everything conceivable under the sun, from how to feed babies, to where to hang their laundry."

Friend 1—"Keen took his place as secretary of the Chamber of Commerce. He was some boy!"

Grand—"He never failed, he never failed!"

Girl—"Didn't he ever fail?"

Friend 1—"Not until he tried to put something by Rotary. He thought he could sneak away and get married in seclusion. Well, he failed honey—just failed that's all."

Girl—"O, wouldn't anybody have him after all?"

Friend 1—"O yes, he was married alright, but not so quietly, but that some folks noticed it."

Friend 2—"O Rotary is fine, so loyal, and so informal, it was "utter Butterflies and Tom and Lu-Lu."

Girl—"Who was Lu Lu?"

Friend 2—"Why L. T. Martin."

Girl—"Well I declare, who ever heard of such a name? Why I thought it stood for Laurence or Lon or something dignified. If I were a man I should never be called Lu Lu, too womanish!"

Friend 2—"It hints of a woman."

Friend 1—"Why my husband never mentions it."

Grand—"Nor mine. Do tell us about it."

Friend 2—"No, I can't."

Friend 1—"(friend and grand)."

Friend 2—"That is something that

never has been explained."

Girl—"Grandfather knows something about it—in New Orleans—when he should have been at Rotary lunch."

Grand—"There, there child, you must be mistaken, or your Grandfather is in his dotage. We all knew Lu-Lu as an excellent Rotarian."

Girl—"Grandfather said some quite awful things, at least in this day we would consider them awful. He said that Roscoe Wilson and Walter Myrick and Jed Rix and Peterman—(old ladies clasp their hands over their ears, Hush, Hush.)"

Friend 1—"Nothing can shake our faith in Rotary."

Friend 2—"Absolutely nothing."

Grand, (to child)—"Child your grandfather seems to have left you with a very ridiculous idea of what the Rotary Club of his day meant to us, and what wonderful things it did for the city of Lubbock. Won't you tell her something about it?" (turns to friend).

Friend 1—"That bunch of men put Lubbock on the map. That is why we, here today are living in the most important city in the United States. When I was a child, the whole world talked of 5th Ave. and now its Broadway. James L. Dow just kept singing, 'come to Lubbock,' until A. B. Conley's exclusive shops had to move out to the block where Dr. Wagner used to live, and Rix's fine furniture store now covers the corner where your grandmother and I used to go to parties at Dr. Hutchinson's. Now, every time I go to Amarillo, I say: 'But for Geo. Briggs, but for that bunch of Rotarians, of whom Dr. Ballinger is a member, Lubbock would not be the metropolis of the south. We owe our settlement from the plain to Mrs. Curtis Keen's advertising. People used to talk a lot about communicating with Mars, but it took Keen to put it over. And just look at the oldest Hillburn boy—and Aey May, junior, both in the President's cabinet. Why? Both brought up in the public schools and under the influence of the high ideal fostered by Rotary. And Rotary has developed something else really wonderful. Grandmother's with pep, young looking, fresh looking grandmother's, girlish grandmother's. Just see for yourself. Do you suppose Mrs. Conley, Mrs. Myrick, Mrs. Wilson, and Mrs. Meador, would be the grandmothers they are today if Rotary hadn't started them out right?"

Friend 2—"Well we must be going now."

Grand—"Before you go, lets drink a toast to our husbands."

Grand—"Here's to the health of Rotary."

Friend Q—"In their good judgment may they never eat longer than an hour."

Grand—"Here's to the fun of Rotary."

Friend 2—"The kind that can always be told at home."

Grand—"Here's to the thoughtfulness of Rotary."

(In never forgetting the ladies.)

Friend 2—"And on behalf of every wife present, here's to Rotary, our husbands, the finest men in the world. May the club continue in its present sphere of usefulness and harmony, in the years to come and may the lives of them members be filled with happiness and prosperity."

The Little Things Make For Perfection

The bigger rules of banking are seldom overlooked by any institution, while the little things like courtesies, accommodations, etc., which make for substantial growth, are easily shunned.

We provide the accommodations consistent with a bank with ambition. Courtesy is watched and guarded as part of the service you have a right to demand of us.

In addition to regular banking business, we provide a savings department for the use of our customers who want to save, get their savings to work and place their funds where they have ample protection. This service should appeal instantly to the thrifty.

Farmers, Ranchmen, Dairymen, Gardeners Must State Income

Farmers, ranchmen, herders, dairymen, truck gardeners, vineyard and orchard owners, and other food producers must compute their net and gross incomes for 1921 and ascertain whether an income tax return, or a tax, or both are due. All gains, profits and income derived from the sale or exchange of farm products, whether produced on the farm or purchased and resold, must be included in gross income. When a farmer exchanges his products for groceries, clothing, or other merchandise, the fair market value of such goods must be included. Profit received from the sale of farm land, or rent received for the use thereof, must be included.

In determining income, upon which the tax is assessed, the farmer may deduct from gross income all necessary expenses incurred in the operation of his farm during the year 1921. These include cost of cultivation, harvesting, and marketing of his crops, cost of feed and fertilizer used, amount spent in repairs to farm buildings (other than the dwelling) and to fences and machinery. Wages paid to farm hands are deductible, but not wages paid to a domestic servant, which is a personal expense.

As an aid to farmers, the Bureau of Internal Revenue has prepared a special form, 1040F, for recording sales of live stock, produce, and a summary which must be attached to the individual return of income and expenses.

An unmarried or widowed farmer or one living apart from his wife must file an individual return for 1921 if his net income for 1921 was \$1,000 or more, or if his gross income was \$5,000 or more. If married and living with his wife on December 31, 1921, a return must be filed if his net income was \$2,000 or more, or if his gross income was \$5,000 or more.

MOTHER, QUICK! GIVE CALIFORNIA FIG SYRUP FOR CHILD'S BOWELS

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle, or you may get an imitation fig syrup.

Tuesday afternoon a Buick driven by Mr. Cress and a Ford driven by L. J. Halbert collided at the corner of Eight and Broadway. The Ford was considerably damaged, but injury to the Buick was minor.

Tuesday morning about 7:45 the fire company was called to the McCoy residence, just across the street east of the Shafer house, to put out a fire caused by a defective flue. There was little damage.

A meeting of the representative citizens is being held with the city council and Contractor J. B. Maxey

this afternoon, to see if some kind of a guarantee can be gotten up so that work on the city auditorium can begin at once, and not be delayed until the bond money is received.

The city council of Floydada has let a contract for the installation of about 20,000 feet of water mains. The N. S. Sherman Machine and Iron Works of Oklahoma City were the successful bidders, there being six other bidding for the contract. Approximately \$23,000 will be spent in this contemplated improvement.

The fire company was called to the Magnolia oil station Monday, on account of an oil truck catching fire. The fire was extinguished before the fire boys arrived.

Miss Anna Randolph, sister of Judge H. C. Randolph, died at her home in Austin the fore part of the week from pneumonia. She was about sixty years of age. Another sister, Miss Lula Randolph, is also very sick with the same disease.

Plainview is to have a unit of artillery in the National Guard, with 100 men and forty horses, besides the guns. The officers for the battery are being signed up, and will be forwarded to the war department after which the men will be enlisted.

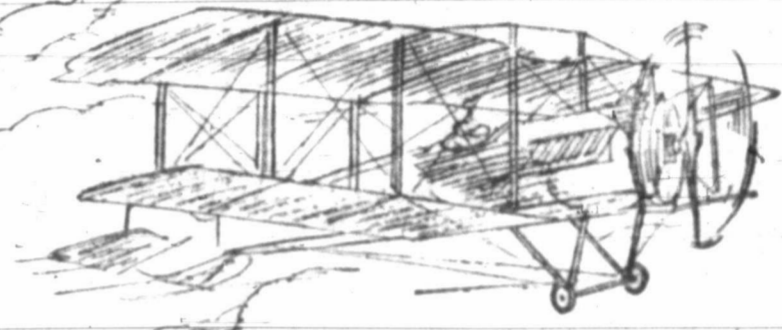

A JUDICIOUS INQUIRY

A well known traveling man who visits the drug trade, says he has often heard druggists ask a customer, who wished to buy a cough medicine, whether it was for a child or an adult and if for a child, they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it and for colds, croup and whooping cough it is unsurpassed. 46-4f

Here!!!
9 to 90 days ahead!

Do you want to be up-to-date with the new songs and dances? Edison was out with "April Showers" 5 days after New York first danced to it,—and it proved to be the fox-trot of the season.

Edison has scored "beats" on almost every worthwhile popular number of the past year. This is because Mr. Edison has perfected the fastest system in the world of getting and manufacturing the hits. This system, in combination with our own hit department, makes Edison owners FIRST in this town to have the latest songs and dances.

The NEW EDISON

The New Edison RE-CREATES these hits with the very pep and personality which Broadway's favorite orchestras and performers originally put into them.

This is because the New Edison RE-CREATES the music of the living artist so perfectly that there is no difference between original music and RE-CREATED music. This is proved,—by tests of direct comparison.

PLAINVIEW BOYS TOOK GIRLS FROM PUBLIC SCHOOL

J. D. Davis, age about twenty-five, and Gilbert Davis, a married man, and Gordon Reeves, a youth about 16 years old, are alleged to have on Tuesday morning induced three girls of about thirteen or fourteen years of age, members of well known families, while on their way to school to "play hockey" and go with them in a car to another town and spend the day, there were two fights on the streets of Plainview yesterday morning, in which male relatives of the girls assaulted the two Davis men. The Davises were arrested and put

in jail. Gilbert was admitted to \$1,000 bond and J. D. is still in jail. Three misdemeanor complaints were filed against them.

It is not charged that the men in any way abused the girls. The Davises came here from the Eastland oil fields a couple of years ago.—Plainview News.

Editorial
We have come to the conclusion that it is bad business nowadays to take stock in any kind of stock. Even live stock is being butchered. If all the tales of stock salesmen were true, you could take ten dollars, and their stock and in ten days or so be rich enough to make a bid on Muscle Shoals and beat Henry Ford out of it. About the only way to make money out of stock is to start a printing office and print the share certificates for the promoters. Even then, you'd better get your money in advance. As a general rule, the most you ever realize on the alluring investments offered you by glib-tongued salesmen is what a sucker you were to buy the stuff. Better save your money and subscribe it to some humanitarian use, like promoting the use of digitals among the Doodags of Daggonia.

PARENTS AS EDUCATORS

Property Rights Of Our Children
By Edith Riland Cross

Are the property rights of our children respected in the home? Do we recognize their right to their things as we wish them to respect ours?

These are questions which have come to us in the training of our two and four-year-old boys.

Every one knows how strong is the instinct of possession, and how early it manifests itself in the tendencies of little children. Our oldest son, Jerome, is of a very cautious, deliberate nature, prizing very highly everything that is given to him. So I decided, when he was two years old, to allow him to have one of the drawers in my own personal desk. It delighted the child, gave him a place to keep some of his own particularly personal things, and at the same time aided his mother by keeping out of sight the hundred and one little insignificant keepsakes so dear to the heart of a child.

One look into this drawer would assure you of the great necessity for such a place, for there we find all of his Sunday School papers strung with yarn into a neat booklet. There, too, his small paper-covered books, such as the miniature set of the famous Jessie Wilcox Smith's Mother Goose. Two tiny silver fish received at Sunday School for bringing in new scholars repose in the drawer, beside a small piece of an old bed-spring given to him by a ten-year-old boy, his idol in the neighborhood. Toy paper money, Easter cards and Valentines, a box of nuts, bolts and washers for fixing his coaster wagon, scissors, crayon, bits of string, yarn, a blunt needle and a dozen smooth pebbles are but part of the miscellany in that drawer.

Occasionally, we clean out the drawer, rearranging things and discarding those that have little value. This gives the child an idea of the present value of things, and he is the judge, with only suggestions as to what things shall be thrown out.

One day, when other children were playing in the house with our boys, I noticed that Jerome became very nervous because the children were rummaging through his drawer. At first I thought it very selfish of him. But I soon realized that that was his own very personal property, and other children, or even other members of the family, had no right there.

Since then, playmates may always play with the many toys in the play corner near this desk, but they are not allowed to go through Jerome's drawer without his permission.

When brother John became two, I gave him the lower drawer in the desk, and his rights as owner are respected in the same way.

Some of you may say that this would tend to make selfish children, but in our case it has been just the

Keep Your Feet ---DRY---

We heard a man say the other day that as soon as the soles of his shoes wore out he would be on his feet again.

And he would, and if he would bring those shoes to us we'd take him off of his feet and put him on some leather that would not only keep his feet dry but would wear and wear just like, if not better than new.

Thorp Will Sole Your Shoes.

"Pape's Cold Compound" is Quickest Relief Known

Don't stay stuffed-up! Quit blowing and snuffling. A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks any cold right up.

The very first dose opens clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness. "Pape's Cold Compound" costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

contrary, for these boys are happy in that they know where their things are. And instead of having to hunt to the bottom of a basket of toys for some trivial thing, they go at once to the desk drawer, and find it easily.

Let us give our children a definite place for their things, respect that place for their own personal use, and see what a pride they take in having their own recognized rights in the home.

FOR INDIGESTION, GAS, SOUR, ACID STOMACH, TAKE "DIAPEPSIN"

"Pape's Diapepsin" is the quickest, surest relief for Indigestion, Gases, Flatulence, Heartburns, Sourness, Fermentation or Stomach Distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually.

PLANT PATHOLOGIST HERE TO TEST PLANTING SEED RAISED IN THIS SECTION AND FINDS GOOD SEED

J. M. Delcurto, plant pathologist and chief of division of seeds with the State Department of Agriculture, of Austin, was here Wednesday and Thursday making tests of Plains seeds.

Mr. Delcurto expressed himself agreeably impressed with the favorable conditions he found in all the seed of the Plains farmers, especially clean of foreign species, such as Johnson grass, especially among the Sudan seed, was the absence of that detrimental seed is noticeable, he said.

The laboratory in the state de-

partment of Agriculture is at the service of all planters, free tests being made on all seeds, with official reports made on same.

All field seeds placed on the market must be labeled according to law, with laboratory tests shown, he said. The results of these tests are published, together with information on original label, to help place the standards of seeds on the market priced according to the standards shown in the laboratory tests, which would eliminate a great deal of the practice of selling worthless

seeds at the standard prices. It is shown that the tests of seeds held over from 1920 crop have a germination test of only 70, some seed ranging below that figure, with others considerably higher. Warehouse conditions are responsible for the difference in these standards, in the opinion of Mr. Delcurto.

The fact that farmers everywhere are making bold attempts to increase production through better yields per acre will play a great part in the agricultural productions of Texas, and the facilities of the Department of Agriculture at the service of the farmers should increase their interest to even a greater degree. There is absolutely no difference in principle in trying to make money in the ranching business from scrub stock and in the farming business with scrub seed, only the results in the former are more plainly seen. It is just as hard to grow a full grown, well matured head of Sudan from faulty seed as it is to try to top the stock market from an intermixture of off breeds of the most inferior class. We urge the farmers of Lubbock to take advantage of these opportunities especially, as the Plains lands are worthy of the best attention and the planting seeds should be given every care.

CARD OF THANKS

We take this method of extending our sincere thanks to the people of Lubbock and the Woman's Missionary Society of the Methodist church and many others, especially the doctors and nurses who have been so thoughtful and kind to us and our daughter, while she has been in the sanitarium here. We are truly thankful to each and every one, and pray God's richest blessings upon you, as we remember you in our prayers.

Sincerely, Mrs. W. C. Hart and family. Roaring Springs, Texas.

Mrs. Neil Wright returned Monday from a visit with friends and relatives at Gainesville, Temple, Austin and Waco. She was greatly missed in the social activities of Lubbock during her absence, and has many friends who welcome her return.

Mr. and Mrs. J. B. Hilton and son, Wayne, of Chelsea, Oklahoma, arrived in Lubbock Monday to make their future home. He is the twin brother of G. H. Hilton, well known local man.

Bill Cook and J. E. Shelton, of Brownfield, were here Wednesday, transacting business. They have been in the real estate business there the past few years, and according to Mr. Cook the work of getting new farmers interested in that country has been carried on with ease and rapidity.

IDALOU ITEMS OF THE PAST WEEK

We have been having some bad weather the past week and we hope we will get some moisture before it is settled.

Idalou is still improving. We have another barber shop, which gives us two.

Quite a lot of Idalou people attended the Singing Convention at Carlisle Sunday. Idalou carried off the banner for being the best singers.

Mr. and Mrs. Hugh Vanderite and daughter and Mrs. W. B. Shelton, and daughter, Mrs. C. C. Barr from Oklahoma, H. W. Lasiter, J. T. Lee and J. R. Rush attended the Fifth Sunday meeting at Abernathy Sunday.

Miss Cleo Swafford, Miss Wilma Boles and Miss Margaret Boatner, three of our teachers spent the week end at the Robt. Bledsoe ranch. They reported a nice time.

Miss Violet Bailey and Miss Robbie Hamilton, who have been visiting at Alex Wear for several weeks left last week for their home at Headley, Texas.

Last Friday night the school faculty entertained the school board of trustees and their wives. After an interesting round table talk, delicious refreshments were served.

Our school is progressing nicely, the patrons all seem to be taking more interest than they ever did before. Our school is crowded to the full capacity. We have seven teachers. We will have to have more room and more teachers next term.

Mr. and Mrs. Carl Barr from Oklahoma, and little daughter are visiting at the Shelton home. The latter is a daughter of W. B. Shelton and wife.

W. G. Ross and Paul Hufstetler shipped a car of hogs Saturday.

WONDERFUL WEATHER PREDICTIONS AMAZE THOUSANDS

For more than 25 years there has been published in St. Louis, Mo., the most remarkable book of its kind in the world. This book has attracted national notice year after year because of the accuracy of its weather predictions. Thousands of farmers, orchardists, dairymen and families generally have for years planned their work by the information given in this Almanac and it has saved them hundreds of thousands of dollars, because of the advance weather information they have secured from its pages. All the big storms, tornadoes, blizzards and unusual weather conditions have been predicted by it a year in advance and to the very day.

The 1922 edition of The Saint Louis Weather Book, known for years as the Hicks Almanac, contains more than 165 pages, illustrated with storm charts and containing all the predictions for 1922 is now ready for distribution.

Thousands of these books are going out by mail every day. The present demand will soon exhaust the first edition of 100,000.

If you will send 45c to The Lincoln Press, 2401 Franklin Ave., St. Louis, Mo., they will send you a copy prepaid by mail and guarantee safe delivery.

If you will mention this paper and send 10c extra in stamps, they will send you in addition a copy of their 64-page book, The Scientific Weather Forecaster.

This Weather Book is needed in every home. Thousands say they cannot get along without it. 46-1f

**MOODY NEWS ITEMS
OF INTEREST THIS WEEK**

The sun must be sleeping today, as none have seen it up and about and it is very misty, but I'll say nothing about that for I'm sure it's the same at all the other correspondent's homes. For, just think how we all began last week about the "sleet." Had we all been in the same school, the teacher would have "flunked" us for copying.

Mr. and Mrs. Walter Francis and son, spent last Wednesday with Bob Swofford's family.

Mrs. C. E. Teague spent Wednesday evening in the Thory home.

Mr. and Mrs. Gentry Murray arrived Tuesday from Groom, Texas.

They will make Moody their home. Mr. Whitehorn, of Ropes, brought them out from the train.

Mr. Theodore Nixon, who has been spending several days in the Bill Murray home, left Thursday for Muleshoe, via Gourdvine, the S ranch and Littlefield.

Mrs. Bill Chism visited Saturday with Mrs. Bob Swofford.

Mr. and Mrs. Bernice Evans, of Ropes, spent the week end with her parents of this place.

Wesley Williams is putting improvements on a new labor of land near Moody. He will move his family next Tuesday. They come from Turkey, Texas.

Bill Murray, Harry Palmer and Fred Reeves were Lubbock visitors

Saturday.

Mr. Thorp erected a windmill on his place the past week.

John Swofford's family spent Sunday with his parents, Mr. and Mrs. Bob Swofford.

Several Moodyites attended the singing convention at Carlisle last Sunday. They report some fine singing. Prof. Teague was selected to serve as one of the judges in the singing contest.

Last Sunday was the first Sunday since we organized, that we failed to have our Sunday School. The superintendent and choir leader were both gone to the Singing Convention.

Mr. Harry Palmer is now the possessor of a big nice truck, and talk

about rapid transit! But this one is an expert at the transfer business. On last Wednesday morning this truck began the day as a member of the Pepper family. By noon it was Mr. White's, and during the afternoon Ullis King owned it, but it ended the day as the property of Harry Palmer. It is now permanently located as Mr. Palmer expects to do freighting with it.

The singing at the Murray home Sunday night was certainly enjoyed by all present. We also enjoyed the orchestra music made by a combination of the piano, violin, cornet and drum in the hands of Meadames Palmer, King and Murray and Mr. Palmer.

Mr. Nickell and a Mr. Boyd, who

are drilling a well on Mr. Gunn's place, left Sunday for New Mexico. Mr. Boyd has just finished "proving up" on a place in N. M., and they are to bring back a load of farming implements which he does not need now. He expects to dispose of these implements to the farmers.

The family of Charley Fergus and Mr. Hyde of the Johnson ranch and a Mr. Baxter, all attended the singing Sunday night. Mr. Baxter is another new comer. He is beginning a crop.

"We Will Make Right That Which is Not Right"

ITEMS FROM THE SLIDE COMMUNITY THIS WEEK

We had a little cool weather the first part of the week and just a little sleet. If we had just a little more falling weather it would be better so the farmers could put up their land for another year. Mrs. H. T. Enteman came home the first part of the week after spending a week at town with her relatives. Mr. J. C. Stanford and wife and

Mrs. Stanford's sister, Mrs. Shelton were business visitors in Lubbock Friday. Mr. W. B. Copeland is on the Grand Jury this week. Mr. C. L. Rieger and wife went to town Friday after their son, Odell. Don't forget the play that will be put on at the school house next Friday, Feb. 3. Everybody has a special invitation to come and bring someone with you. Mr. Sam Moore and wife, and Mr.

J. W. Moore and wife were in Lubbock Thursday transacting business. Mrs. W. D. Arnett received a message the latter part of the week that her father was dead. She and her little daughter left the next morning for Rosebud. Most everybody in our community attended the all-day singing at Carlisle last Sunday and reported extra good sing and plenty of good eats. The doors of the Stagg's home were opened to the young people on

last Saturday night for a merry party. There was a large crowd present and reported that Mr. and Mrs. Stagg proved themselves to be enjoyable hostesses. Mrs. Stanford's sister left Friday morning. She will visit at Hale Center before returning home. Mr. Luther Henderson from Lakeview in Lynn Co., attended the party at Mr. Stagg's on last Saturday night. Mr. Author Batch from New Home passed through the commu-

ity Monday morning enroute to Lubbock on business. Several of the young people attended the dance at Mr. Crouch's last Friday night. Messrs. Clarence Barton and Wesley Willis from Lubbock attended the party at Mr. Stagg's Saturday night. Messrs. Atho and Will's Harwood from Woodrow attended the party Saturday night. Misses L. E. Crauth, Nettie and Florence King, Messrs. Dick and

Mitchell Crouch and Charlie Farris were in our community Sunday. Mr. Lonnie Williams went to town on business Monday. Miss Emma Harriet spent last week with relatives at Post City, returning home Saturday. Mr. Farr's son and family, from Leveland visited him and family Sunday. Several of the young people attended prayer meeting at New Home Sunday night.

Lubbock County Singing Convention Has Record Breaking Attendance at Carlisle Fifth Sunday Convention

Hail! Hail! The Gang's All Here! Where? When? At the aforesaid place and time. "What's the idea? did you say? Why don't you know? Lubbock County Singing Convention is in session here today, and believe me, this is some bunch. I may be no judge, but I have attended several singing conventions, in Lubbock, Hale and other counties, and take it from me, this is by far the largest crowd of singers and listeners I have seen on the Plains. I confidently believe this is the greatest gathering of its kind ever held above the Cap Rock in Texas.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

Hurrah for Lubbock County! Watch us grow. In time, we'll have the largest organization, known as the County Singers' Convention in Texas. The people of Lubbock County "do" things—they don't just "dream" them.

We have a register in the hall and I have been gathering the filled pages with a view of determining the number present. Having some 500 visitors enrolled, I estimate there's between 800 and 1,000 people present. It was our intention to have printed the roll, but there's too many. Suffice to say: Here's R. L. Powell and his class and supporters from County Line School. Here's Idalou aggregation with Mr. Holt, president.

"The Hub of the Plains," class, with T. Q. Dyess, mgr., president of the County Convention; Monroe Class, winner of the pennant for the last two conventions, with the young man leader, a coming singing wonder, Floyd Matheny; D. W. Gill with his bunch from Woodrow; Albert Groves and his class from Grovesville; Ed Scott with a choir from Hardy, and last the Carlisle class. The convention is over. We hope everyone enjoyed himself. Sorry our seating and standing capacity was so small when compared to the great number present. We trust, and do

really believe, there was sufficient dinner for all. Thanks to the patrons of this school who so freely gave funds toward the cause, and especially to the ladies and mothers for the willingness and eagerness with which they did the real work.

Afternoon, the contest of the classes began. Prof. Teague, Hockley Co., W. C. Rylander, Lubbock, (forgot his name), Slaton, were appointed as judges. Idalou deservedly won first place, it seems, Lubbock, second, Carlisle third.

We had also the Lubbock County famous male quartette: Dyess, Wendell, Wilson and Holland who gave two specials.

The Sacred-Heart quartette led by A. Judd was a much appreciated number, and many other specials to numerous to print.

At the close, the singers were graciously extended two sincere invitations for the fifth Sunday in April, convention to be held in certain places, Slaton and Idalou. After Prof. Beene of Idalou, suggested we accept Slaton's invitation, the delegates voted largely in favor of Slaton. We feel sure either place would have treated us royally, and will when the time comes.

The good and allwise Creator was kind to us today. The weather was just beautiful after the morning bluster and the sunshine at noon made us feel like spring was at hand. No untoward feelings of any nature were in evidence anywhere. No accidents whatever. All the Fords cranked without jacking a wheel.

Come to Carlisle again. We are glad to have you and you're welcome.—Contributed.

ACT QUICKLY
Do the right thing at the right time. Act quickly in time of danger. In time of kidney danger, Doan's Kidney Pills are most effective. Plenty of evidence of their worth in this vicinity.

W. T. Holcombe, Big Springs, St., Midland, Texas, says: "I was troubled by my kidneys. They were weak and I had a steady, dull ache through the small of my back. The kidney secretions were highly colored and passed too frequently, obliging me to get up several times at night. I had read a lot about Doan's Kidney Pills so I got a box. They cured me and I haven't been bothered since."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Holcombe had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. 11-4

BUSINESS MEETING OF
EPWORTH LEAGUE TONIGHT
A special business meeting of the Epworth League is called by the president, E. E. Haley, at his home at the corner of O avenue and 15th street, tonight at 7:30.

All young persons interested in the League are invited. Future plans for the work will be made, and what part the Lubbock league will take in other than local fields will also be discussed.

To the young person who has nothing of interest to do on Sunday evenings one hour before church service the League offers splendid opportunities to work, which should be accepted. No person can be so well educated but that practical work is necessary to the development of their powers as public workers for good, and that is the very thing the Lubbock Epworth League wants to do—make big church workers of the young people, the greatest essence of which is practical experience.

If you are wasting your time during this hour it is not because there is nothing to do to utilize that time, for the Epworth League has need of and a place for all the surplus energy of every young person in town. If it is impossible for you to attend this meeting, come to the church Sunday evening at 6:15 and get lined up in this work.—Committee.

MR. J. A. WHITE SAYS
"IF YOU HAVE AN AUTO-MOBILE, KEEP RAT-SNAP"

"If I knew about RAT-SNAP last winter, would have saved \$120. My car was in the garage for a few weeks during bad weather; when I went to take it out, found that rats had eaten great holes in two new tires. Got them later with RAT-SNAP." Three sizes 35c, 65c, \$1.25. Sold and guaranteed by City Drug Store and Cole-Myrick Hdw. Co. 46-4f

A Clean, Clear Statement of Fact As Will Be Gladly Proven Upon Request

The Panhandle Cigar Company is a going concern. Already it owns property valued into thousands of dollars. It is because that demands are made in such proportions upon such a concern operating in the fastest developing territory in the United States, that to expand its facilities for meeting the demand, you are offered the golden opportunity of helping finance the expansion by purchasing stock.

The Panhandle Cigar Company already supplies millions of cigars annually to the trade of the Southwest. It owns outright the popular Hamilton Fish and Shaw's Hand Made brands. Salesmen throughout Texas are today selling these brands in growing quantities; and on each and every cigar bearing these brands the Panhandle Cigar Company shares a neat percentage of profit. On candies and other articles which are handled through the Panhandle Cigar Company's house in Lubbock, a percentage of profit is realized. In less than two years this company has been called upon to serve a territory so large and in quantities so great that the amount of capital required to efficiently handle the business necessitates the raising of our capital stock.

SOME OF LUBBOCK'S BEST BUSINESS MEN BOUGHT \$1,000 WORTH OF THIS STOCK

One grocer who has had occasion to witness the growth of this company and who realizes the vast opportunity for immediate expansion bought \$2,000 worth of the Panhandle Cigar Company's stock this week. Another man was quick to see the prospects for a future growth unparalleled by any jobbing concern in West Texas and wasn't long in deciding that \$1,000 worth of this stock would be his.

A THOROUGH INVESTIGATION IS WELCOME —BUT QUICK ACTION IS NECESSARY

Because this is a clean cut proposition and an effort to establish a big business on a solid and substantial basis, we invite investigation. You will find this to be free from 'watered stock.' Men only in the regular employ of the Company sell or solicit stock sale for us and are not selling on percentage or promotion basis. Under the management of men who have already proven their ability to successfully conduct the business and make it a big paying business, the Panhandle Cigar Company continues to function, handicapped only by limited expansion funds, which at the present rate will be secured within a few days.

IF YOU PROFIT BY INVESTING YOU MUST ACT IMMEDIATELY

We say this because we want you to realize that stock is being purchased rapidly; because we don't expect to continue our advertising expense to a long, drawn-out campaign and because we believe that in a few days the entire amount of stock available will have been subscribed.

Proposed Capital Stock \$100,000
Shares \$1 each in lots of 50 and up.
Partial payment plan explained upon request.

Dear Reader:-

It looks like the long delayed building boom was getting started.

People who have been putting off building a long time—waiting for conditions and building costs to settle down—are now going ahead with their plans.

Everything indicates that there will be an increasing demand from now on for building material.

We believe that you can build now to better advantage than later when the building boom gets under full headway—when labor becomes scarce, and prices of material may advance.

If you are at all interested in building, take the matter up with us at once at this time, let us help you with the plans and tell you about the cost. We have many plans of charming and distinctive homes that we will be glad to show you, and we are prepared to render you very practical assistance and help you build in a satisfactory way at the least expense.

It costs nothing, or incurs no obligation to talk the matter over with us, and we extend you a cordial invitation to do so.

CORRECTING A WRONG IMPRESSION

We heard it reported that the County Attorney of this county was going to throw out of court all the remaining cases for gambling, against some of the men, who were tried last week, because it cost too much to prosecute them. This did not sound just exactly right to us, so we took occasion to inquire personally of the attorney if this was the case, and we were given this as an answer: "They may fight me, but they will never make me quit." This statement is certainly encouraging, and the people of Lubbock who are in favor of stopping this wholesale gambling should stand firmly behind Judge McGee in the prosecution of these cases. The grand jury worked hard and faithfully in digging up evidence enough to justify a bill against them, and the offenders should certainly be prosecuted to the full extent of the law. Characters like that should be given to understand that this is no place for them. The people of Lubbock do not need them, and if we are going to rid the community of gamblers, bootleggers and hi-jackers, we are going to have to get all the meal out of our mouth and all of this pussy-footedness out of our disposition, and see to it that they get the extreme penalty when it is proven that they are guilty. We must back the officers in their work. We must stand by them, when they are trying to do something, and insist that they try every time that opportunity affords. If an officer is not doing his full duty, brand him and remember it at the next election, but be sure you are doing your full duty as a citizen, equally as important to the law and order of the community, as the sworn officer.

WHEN BANKERS HELP.

We have noticed that bankers are willing to help those who are willing to "help themselves." By this statement is meant those who show some degree of thrift, and determination to succeed. Bankers study conditions closely. They observe things daily. They become acquainted with the conditions of the community in which they live and when it is within their power to assist they are always willing to assist the fellow that is using good judgment in matters of finance. Bankers are not willing to finance farmers who insist on planting cotton, cotton, cotton, regardless of the price, and think they cannot live and move and have their being unless they are dragging a cotton sack or doing something that pertains to the raising of cotton. On the other hand we note through the papers and from various sources that the banks are willing to help those people who are willing to engage in dairying, poultry raising, and a general diversified program. The banker knows that it is a safe proposition to finance a man who has all these chances to make good and they seldom ever lose a nickel on men who are engaged in diversified farming, but their losses are sometimes heavy on the one crop farmer or the big cattleman, who has nothing to depend upon but cotton or cattle, and when the bottom falls out of the market he has nothing to fall back on to make good. The purpose of this article is not a criticism of the banks, for they have much to contend with, and have many hard conditions and varied questions to solve, and it is a wonder to us that ninety-nine per cent of the bankers live to die a natural death outside of the asylum, but merely to impress upon our readers that the fellow that shows a disposition toward thrift and uses common sense in the conduct of affairs, that the banker will be willing to assist when it is within their power to do so.

DIVERSITY.

This is the word that means so much to the farmers and everyone else. The prosperity of the community depends largely upon the prosperity of the farmer, and the prosperity of the farmer depends much upon the method of farming he will adopt during the next few years. There may be a temptation to plant a great lot of cotton this year, but this temptation should not be allowed to get the upper hand of the wise thinking farmers of this section, and cause them to depart from the diversification plans that have kept this country in so much better condition the past year than many other sections. People who have traveled about over the State and in many other States, will tell you that the conditions in the South Plains section, are much more favorable than most anywhere else, and the fact that diversification has been practiced extensively on the South Plains, is the reason this condition exists. Some people (not very many) cry hard times, and talk hard times, but this is not as common in this country as in the one crop-cotton country. Our farmers are in good shape when compared with farmers of other sections. Our farmers have chickens, butter and eggs, hogs, etc., which provide them a mighty good living right at home, and they have plenty of feed stuff to carry their work stock, dairy cows, hogs, chickens, turkeys and such like right along, and this is a great help to them. If our farmers will adhere strictly to the rule of diversification they will not suffer, and the South Plains will continue to prosper, and continue to attract good people from other sections of the country who will come and join hands in making this one of the richest agricultural sections of the Southwest. Plant a big crop of diversification.

In the list of things that Lubbock should have during the next few months, we believe one of the most important things for the general good of the farmers and ranchmen of this section, would be the establishment of an oil mill here. This would save the people of this country a great amount of money each year.

Pessimism has killed many a man. Grouching has killed many a business. If you are grouchy, you may be next.

HIGH FREIGHT RATES

Walker D. Hines, former director general of the railroad administration is out with a statement that it is impracticable for freight rates to be cut. We are of the opinion that the present freight rates are causing a great loss to the railroads. We believe that people are not patronizing the railroads as they would if the freight rates were not so high. We have read several times during the past year where large shippers of cattle have chosen to drive their cattle to market rather than ship them on the railroads, giving as their reason it was too expensive to ship them by rail, and much stuff is sent by trucks on account of the high freight rates and slow transportation facilities of the railroads. We know that many farmers would have sold their feed stuff and shipped to other parts of the state the past year if it had not been for the freight rates being so high that it was not practicable to do so. There must be some way figured out by which the cost of transportation can be reduced, and the sooner this is done the quicker will the railroads begin to realize a greater profit. They claim that the equipment of the roads must be replaced. It seems to us that the government paid them enough damages when the roads were returned to them to replace all the rolling stock that all of the railroads had. The railroads are going to hold the rates high as long as they can get by with it. They always have done that, and always will, so long as the people will stand for it. The people must certainly have some relief in this matter.

A lot of you mushy mouthed citizens who have boys and girls about the right age to take to gambling had better wake up and protect your homes in this great country of ours, or you and I will be turning out a bunch of professional gamblers before we know it. Influences which we cannot control should be stamped out, and this gambling influence is the one that cannot be controlled, therefore rise up in your might and let's stamp it out. Quit gambling in the home first, then put a stop to the clubs and lodges that maintain places for gaming. Some of the good old sisters of this town who taught their sons to play cards at home need not be surprised to see his name on the criminal docket of the court most any time under a charge of gambling, and the dad who spends a lot of his time playing pool cannot blame his son for following his example, and only because of the fact that the son oftimes is so disgusted with the way dad does, is the reason that he, too, is not as sorry as pa. Straighten up your own lives folks, and the old town's morals will straighten themselves. Buzzards are found only where there is a rotten carcass and this is largely true with the immoral element. They would not stick around if there was not something here for them to stick around for.

Wage earners are cutting their own throat when they take the position that the expenditures for improvements during the next twelve months should be curtailed. Working men, as well as men who own property will be benefited beyond ones power to estimate by the building of a new school house in Lubbock. It would cost tax payers a very small amount yearly, and the return would be multiplied. Ones property would not be worth one-fourth what it is in Lubbock today if it were not for the fact that our schools are as good as they are, and the wage earner would have to go some where else as there would be no improvements in the city, and people would leave the town, and many clerk and other employees would have to seek employment elsewhere. Take churches out of this town and curtail the schools, and you have little left. From a purely business standpoint every citizen should be a booster for the schools and the churches.

Up Plainview way a fellow was taken out and a coat of tar and feathers applied, said to be the work of the K. K. K's. The reason for this was that the man had been arrested on a charge of assault on a fourteen year old girl, and the district judge had dismissed the case without prosecution. The result was as stated above. The courts are responsible for many occurrences similar to this, and then will charge severely against such actions. We do not wish to be understood as favoring this method of dealing out punishment to such low down criminals, but we just merely remind those in authority that the public is getting downright tired of the monkey business in the courts. Criminals, as a usual thing do not get their just deserts at the hand of the law, and society is suffering as a result.

A twenty-five dollar fine is not enough for a professional gambler. It might be alright for the first offense, but they will never stop gambling as long as that is the only punishment. That is merely a small tax for the privilege of doing business, and they don't mind it one bit. They can go right along and play a hundred more games that they do not get caught in. Look 'em up in jail and make them pay their own board till the taste for gambling is removed, and we venture that very few poker games would be engaged in. Of course we realize that there is no law for this, but the thing is to get a law passed to take care of this condition.

We are sorry that you failed to pay your poll tax if you did, because we hate to think there are any people in Lubbock who have so little interest in the town's affairs as to neglect to qualify as a voter. It would be no worse for a person, who knew that their home was going to be attacked by a man who would murder the family, not to prepare to protect that home when the time came. You can protect your children by voting for better schools and the right man for office, who will look after the affairs of the city in which you live in a capable way.

There seems to be an inclination to tighten down on criminals in Texas. The juries are becoming interested in dealing out justice, and have in mind the protection of the country against crime, more than during the past few years. Down Abilene way, eleven convictions in criminal cases were reported last week, out of twelve on the docket. That is pretty good work, and not a suspended sentence was reported.

WOODED HER BY MAIL AND WED BY PROXY

New York, Jan. 30.—A husband whom she had never seen was waiting for Mrs. Edward Tank, when she walked down the gang-plank of the liner Ryndam from Rotterdam today.

Edward Tank, violinist, and one of the concert masters of the New York Philharmonic Society, had wooed and won Miss Sarah Speyers by mail and married her by proxy. His brother, David, went to the altar in his stead, kissing the bride farewell and putting her aboard a vessel for her new home.

No Worms in a Healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 50c per bottle.

P. B. PENNEY IN THE RACE FOR SHERIFF

In our last issue, the name of P. B. Penney was added to the number of candidates in the race for Sheriff of Lubbock County. Mr. Penney is one of the old timers of the Lubbock country, having come to Lubbock 28 years ago, and has resided in Lubbock county ever since. He was sheriff of Lubbock and attached counties in 1902 to 1906, not offering for re-election at the close of the 1906 term. He was a candidate for the office four years ago, and asks that you consider his candidacy at this time. He will greatly appreciate your vote and influence, and if elected he will not be a stranger to the duties of the office and was considered an efficient officer when in the harness before.

Immediate Passage of Soldier's Bonus Bill is Urged

Washington, Jan. 31.—Immediate passage of soldier bonus legislation was urged today at a hearing before the House Ways and Means Com-

mittee by representatives of war veterans organizations. An estimate that if a bonus bill were enacted fifty per cent of the war veterans would take cash in preference to insurance, vocational and home aid and land settlement options was made by Daniel T. Steck Ottumwa, Iowa, legislative representative of the American Legion. He expects to launch an extensive campaign to "educate" former service men as to the most desirable provisions with a view of having a

greater number take advantage of options other than cash. Pressed by Representative Garner, Democrat, Texas, for suggestions as to how bonus payments should be financed, Mr. Steck declared former service men preferred to leave the matter entirely to Congress. Also representing the American Legion, John Thomas Taylor of Washington, declared that thousands of former service men were out of work and that many, because of delay in enactment of adjusted compensation legislation were showing "ill will toward the Government."

MARFA MAN KILLED OTHERS, JAILED ON LIQUOR CHARGE

Marfa, Texas, Jan. 30.—Martin Andrews was killed about twenty miles from here last night. Harry Leonard, employed on a ranch, is under \$1,000 bond in connection with the case. It is alleged Andrews and three others were arrested by O. C. Dow, a guard at the River, when found in possession of three cases of liquor. Dow asked Leonard to help take the men to Marfa. Andrews is alleged to have started to beat Leonard with an automobile crank, and was shot. The three other men with Andrews were placed in jail here.

HEAVYWEIGHT SALESMAN RESIGNS FOR LOCAL JOB

Swift & Company had in Chas. Ward a salesman of rare ability, who gained the record of selling the largest tonnage for that company during the past year of any salesman in the West Texas district. Mr. Ward saw fit last week to resign the position with that company and accept a place as salesman with the Panhandle Cigar Company, and will sell their well known brands of cigars and grocers sundries, which have gained a reputation as stable and worthy products with the West Texas merchants. He will travel from Lubbock to Sweetwater, Big Spring, Lamesa and other points, making Brownfield. The plan to capitalize the stock to one hundred thousand dollars is meeting with splendid success and the manager of that business contemplates making it the biggest wholesale business on the Plains of any kind, and is now the largest cigar dealer. Keep an eye on the business men of Lubbock who are using advertising to promote their business and you will see that they are certainly using the proper system.

We are Very Near the Completion of Our 3,500-Foot Contract

And judging from the formations we have passed since going into the really undersea formation it would be a pure waste of effort, time and money to stop the drill at 3500 feet and plug the hole. At this writing we are 3450 feet deep and drilling in an exceedingly hard white lime formation after having gone through a continuous broken formation, since setting the casing at 2965 feet, tallying exactly with the Amarillo wells, only running from 400 to 650 feet deeper,

and making three good showings of high grade oil.

We have only been able to collect 1730 dollars of the subscribed \$20,000.00 paid in stock, and the selling of the remaining 2650 dollars, barring unforeseen difficulties, should take us to a depth of 4000 feet and indications are for pay around 3800 feet. Our driller agrees to dig the remaining footage at five dollars a foot as far as he can go, and our experience with him has proven him to be of indisputable integrity. We would like

to insist that the people make another effort to raise the necessary funds to enable us to go on down to at least 4000 feet, and suggest that in many cases, this can be better done by several clubbing in together for one share of fifty dollars, appointing one of them to vote it.

We expect our stock certificates today, and they will be issued immediately as soon as they can be filled out.

We will appreciate those making subscriptions mailing their personal checks direct to the secretary-treasurer of the BLEDSOE OIL & GAS CO., Abernathy.

First Presbyterians Call Pastor For The Church Here

Rev. J. M. Lewis, of Freeport, Texas, has been called to the Lubbock Presbyterian church, and has accepted the place.

He is an able preacher and the people of Lubbock are fortunate to have him become interested in the work here.

Dr. Burwell, well liked and forceful speaker, who has been conducting the services the past several weeks, will return to his home at Dallas immediately after the arrival of Rev. Lewis, which will be about the first of March.

Dr. Burwell has made friends with the people of his church and other churches, and will be greatly missed. He has been active among those present at meetings of the various civic organizations and has proven himself admirably adapted to all kinds of public work which is designed to create spiritual or material good, and his power of speech is never restrained when his subject is along progressive channels. He is assured that the work he has done in Lubbock has met with absolute approval of the church membership, and may be successful in his undertakings in what ever field he may work in the wish of his many friends in Lubbock.

Rev. Lewis is well known to the church members and will be heartily welcomed on his arrival in Lubbock. We learn the Manse will be partly rebuilt, with many improvements.

SLAT'S DIARY

Friday—Us and the preacher went out in the country this afternoon after school was out and Mr. Brown which is a farmer was out calling his hogs and he has got a immense voice on him. The preacher sed Mr. Brown you got such a big voice you shud ought to be a minister and Mr. Brown leaned up vs. his fence and sed Well I ges they is more money in calling hogs than they is in calling Sinners.

Saturday—Pa sed when he was a little fellow you cud tell prosperous folks apart from the unprosperous ones by the kind of a horse they drove but now you cant do that with the otos people is driving. DAIRY AND POULTRY PRODUCTS HELP FARMERS

C. O. Lessmith was in town Tuesday from his farm west of town with a nice load of poultry and dairy products. The amount of money he is making from this part of his farm is hard to offset by the regular field products, even if his is the best farming country in the state. Keep the good work going. Mr. Lessmith, there is no estimate to be placed on the annual loss of the average farmer in not taking more interest in his poultry stock and dairy herds, and the more money that such business makes a better understanding can be had of the necessity of taking advantage of every money-making possibility on the farms.

LUBBOCK BUILDING AND LOAN ASSOCIATION ACTIVE

That the Lubbock Building and Loan Association has been making good speed in achieving its purpose in building modern and good homes in Lubbock, can be seen from a review of what has been done to date.

A loan was made to J. C. Dean for the construction of a six room home on the lots near his floral business. being the fifth loan made by the Association.

This is a going concern for Lubbock and one that is every day making headway in its line.

The association was organized for the sole purpose of stimulating the building business in Lubbock, and is backed by business men who are interested in meeting the demands for new homes in Lubbock, realizing that only as homes are built can the substantial population be increased.

The willingness of Lubbock business men to care for this situation is one of the many things that has helped to make Lubbock the live trade center it is. We must not

be misled into the idea that a town or city can be built without effort, and the really progressive, constructive and live-wire citizens are proving every day that they realize the problems that are before them, showing a willingness to offer the most practical and best solutions possible, which was one of the things that helped to create the Lubbock Building & Loan Association.

H. W. McDaniel, of Rotan, was here Tuesday and Wednesday looking after business matters.

Bullets from high-power rifles and explosive mines have failed to exterminate the hair seal from the Fraser River of British Columbia. The hair seal is the enemy of the fishermen, because it eats tons of salmon and has a voracious appetite. They frequently consume 10 large salmon at a meal, raiding the fishermen's nets and eating all but the heads. Their skins are of no value, and the department of fisheries has granted the fishermen permission to use crosslines in an endeavor to exterminate them.

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c.

Just ask your druggist for HAYES' HEALING HONEY.

Very Important Meeting For Farmers To Be Held Here Saturday Afternoon, February 8th—Interest Farm Bureau

Amarillo, Jan. 31.—Farmers from all parts of Lubbock County are expected to attend the meeting in Lubbock on Saturday afternoon, Feb. 4, at two o'clock, for the purpose of hearing Hon. E. M. McCracken of Groom, Gray County, Texas, who is Chairman of the Organization Committee and of the Executive Committee of the Texas (Farm Bureau) Wheat Growers Association; director of the National Wheat Growers Association; and a prominent farm bureau leader, and

Judge L. Gough of Hereford, Deaf Smith County, Texas, Chairman of the Constitution and By Laws Committee of the Texas Farm Bureau Federation; vice chairman of the Organization and Executive Committees of the Texas (Farm Bureau) Wheat Growers Association; vice president of the National Wheat Growers Association, and progressive farmer, tell of the work accomplished and planned in organizing farmers cooperative commodity marketing associations under the auspices of the Texas Farm Bureau Federation.

They will tell of the cotton association with 40,000 members, started on September 9, 1921, that has received from \$5 to \$25 per bale more for its members cotton than received on local markets, and has borrowed over \$5,000,000 and secured a credit of \$15,000,000 from the government.

Copies of a letter from the California State Market Commission, stating that all of over 40 growers cooperative marketing associations made money in 1921, and that no crop independently marketed did so.

A letter states: "To ask a San Joaquin Valley Banker for a letter recommending the California Associated Raisin Company would be just the same as asking President Harding for a letter recommending the United States." Before organizing, raisin growers marketed 40,000 tons of raisins yearly at a loss. Now they market 220,000 tons yearly at a profit.

Copies of such letters from government, state and many different farmers cooperative commodity marketing associations will be shown. They will include telegrams, reports, bulletins, etc. All will be explained.

Plans for formation of Community Farm Bureaus will be made; "sign-ups" of farm bureau members and the 100 per cent, five years, compulsory pooling wheat growers contract will be staged; wool and mohair, cotton, wheat, watermelon, alfalfa, peach, prairie hay, sweet potato, dairy products, tomato associations now organized, and grain sorghums, broom corn, cattle, swine poultry associations to be organized will be explained.

Following is the itinerary of Judge Gough and Mr. McCracken: Hale County, Hale Center, Monday, Jan. 30; Petersburg, Tuesday, Jan. 31; Abernathy, Wednesday, Feb. 1; Lamb County, Littlefield, Thursday, Feb. 2; Lubbock County, Friday, Saturday, Feb. 3, 4; Briscoe County, Monday, Tuesday, Feb. 6, 7; Swisher County, Tulia, Wednesday, Feb. 8; Farmer County, Farewell, Thursday, Feb. 9; Quay County, New Mexico; Clovis, Friday, Feb. 10; Floyd County, Monday, Tuesday, Wednesday, Feb. 13, 14, 15; Crosby County, Thursday, Friday, Saturday, Feb. 16, 17, 18.

LOCAL NEWS ITEMS FROM ROPESVILLE SECTION

The Ladies Community Club met Wednesday evening at the home of Mrs. Ed. Thorp. Those present were, Mesdames Carter, Cowan, Trimmons, Peelar, Stambough, Caldwell, Copeland, Thomas, Ator and Miss Florence Carter. After the club program, Mrs. Thorp served fruit-punch and lemon cake to the club members. The next meeting will be at Mrs. George Carter's, 8th of February.

There was an old time spelling bee at the school building Friday night, using the Blue Book speller. Mrs. Milsap proved the best speller. Brother Morrison preached Sunday night to a good crowd. He ordained five members as Deacons for the Baptist church at this place. Bro. Nelson was with Brother Morrison during the service. He is a visiting minister from Delta county. The Ropes basket ball team played Leveland Tuesday. The score stood 19 to 6 in favor of Ropes. Those doubting Thomases of Moody should have been there to see the game. Perhaps they will be like

the little boy the calf run over. They won't have anything to say.

George Carter, Lee Cowan, Mr. Bivins and Dee Moore went to Lubbock Friday to attend to some school matters.

J. R. Evans made a deal with Mr. Caldwell and Louis Stambough, buying back the store at this place that he sold to them several months ago. We will be sorry to lose these good people from our town, but wish for their success wherever they may go.

Mr. Jerry Branch is visiting his brother Ed and Sam Branch. He came out here for his health from Greenville, Texas.

Mrs. Walk Hendrick's sister from East-Texas is visiting her.

We learned George Barton will move his family to Lubbock this week. Mr. Barton has resigned his position here with the McAdams Lumber Co. and said that he was going to follow some other line of business. George will make good wherever he may go and our loss will be Lubbock's gain. He surely will be missed as a business man of this town, also our social circle will greatly miss Mr. and Mrs. Barton.

Mr. Stambough visited his son, Lois, Friday. Louis and wife accompanied him home to Abernathy Saturday.

Prof. Humphries and family and Miss Frances McDonald were dinner guests with Mr. and Mrs. Ed Thorp Sunday.

Mrs. Gilbert Northan who underwent an operation for appendicitis at the sanitarium at Lubbock is getting along nicely and thinks she will be able to come home the last of this week.

Mr. and Mrs. Newt, Copeland visited their parents in Lubbock Sunday.

Mrs. H. H. Timmons received word that her mother was seriously sick in Knox county. She left Sunday morning for that place to be by her bedside.

Mr. and Mrs. Bernice Evans visited Mr. and Mrs. Bob Swofford's home Saturday night and Sunday in the Moody community.

WOMAN ENTERS RACE FOR STATE LEGISLATURE

Houston, Jan. 30.—Miss Katie Duffy has announced her candidacy for the State Legislature from Harris county. Miss Duffy will base her platform on the 'maintenance of the law.' This is believed to be the first instance of a woman seeking this office in Texas.

F. L. Carlton and wife were here Tuesday from their home at Falls.

MRS. VAN SANDERS RECOVERING FROM OPERATION

Mrs. Van Sanders is able to be at her hotel again after several days in a local medical and surgical institution where she underwent an operation for appendicitis. Mrs. Sanders is well known in Lubbock and her recovery is appreciated by many friends. She has been in the hotel business here for many years and is a business woman of extraordinary ability.

JAZZ, BOOTLEG, AUTOMOBILES AND CONFUSING STANDARDS ARE CAUSE OF INCREASE IN CRIME

Chicago, Jan. 28.—Jazz music is the greatest menace to child morality.

Illegal liquor, automobiles and the confused standards of morality taught the young, are contributing influences to the increase of juvenile crime and immorality.

These conclusions were voiced today by Jane Adams, founder of the Chicago Hull House and noted social worker, in an interview with the United Press.

The statements followed a decision by Judge Arnold Heap in morals court, finding Julia Rector, a cafe entertainer \$200, and in which he declared jazz music was immoral "barbarism revived."

"There is nothing to be alarmed about in the situation resulting from the increasing crime and immorality by youths," said Miss Adams. "However, it is a serious situation."

Miss Adams stated the number of youths falling from grace had

been mounting over a period of years.

"It is not a sudden jump," she stated. "We are living in an age which is more free than previous periods. We are moving toward a new form of morality and until this new standard is finally established we will not be able to tell whether this new type of lawlessness can be considered real evil."

Immoral dancing is not a new menace, she said, but has been growing on the country for years.

"The increase has been gradual," she said, "until now young couples dancing are less restrained than ever before."

Improper music was blamed by Miss Adams as the cause of immoral dancing. "Music must be controlled," she said. "Until it is a great many young boys and girls will dance to their moral doom."

Says Judge Is "All Wrong" Dan Moines, Jan. 28.—Mittz Hajos, the dancer and well known musical comedy, star does not agree with Judge Arnold Heap of the Chicago Morals Court that jazz music is in itself "immoral."

The famous little Hungarian dancer, when told of the Judge's opinion, flipped a few drops of ashes from her cigarette, crossed her pretty legs and declared that Judge Heap was "all wrong."

"While I prefer the semi-classic music myself," she said. "I believe there is much of real merit in modern American dance music. The attitude of the dancer and not the music determines the so-called 'immorality' of the performance. I believe there is a real grace and charm in the best jazz music and I can dance to its accompaniment without reverting to 'barbarism.'"

It would be a shame to do away with the American jazz orchestra.

NEWS ITEMS OF INTEREST FROM POSY COMMUNITY

It has been some time since there has been a write up from our community, but we are still all here, busy trying to put Posey on the map.

There has been quite a bit of changing from one place to another, and new families coming in but very few moving out. We regretted to lose the family of J. T. Pinkston, who moved from here to their own home near Slaton.

Mr. Klantenhoff had a nice new house and barn built on some unimproved land northeast of the school house, that is now occupied by E. A. Gentry and family.

S. A. Johnson has just completed a new house that is occupied by Mr.

Laville and family from Tioga. He chartered a car, that was unloaded at the Posey switch last week, and as the Santa Fe has failed to make any arrangements for loading or unloading stock at our place in attempting to unload, one car was injured. We extend to these new people a hearty welcome.

Mr. Ben Verkamp has recently erected a nice large barn.

J. L. Benton's family are occupying the "scramblette," that later will serve as smokehouse, etc. when they get their modern new house built, which they expect to do after the cold weather is over. He is also building a new tenant house that will be occupied by Mr. Rattiff's family.

We have been informed that the railroad officials have ordered shade-trees to be set out on the site selected for a section house, so we hope soon to see our good neighbors, Mr. and Mrs. Legg living in a more comfortable house than they now have.

Mrs. Tommie Johnson who has been real sick is about to recover.

Mrs. C. Z. Fine who was confined in the Lubbock Sanitarium for a while has returned home, and will soon be able to resume her school work. Miss Chauncey has been teaching while Mrs. Fine was absent.

Our school is very crowded and our crying need, like some of our neighbors, is for more room.

Sunday School is progressing nicely. In the election of officers the first of the year the following were elected: Sam Gentry, Supt., Homer Kelley, Assistant Supt., C. Z. Fine, Sec. Treas., Jack Johnson, song leader, Mrs. Annie Gentry, organist. It was decided to buy a piano for the Sunday School and to assist in making the first payment. A box supper will be given Friday night, February 3. Everyone is cordially invited to attend.

Mr. Richardson of the New Hope community was a visitor at Posey Sunday afternoon. He reports that their Sunday School is divided in two teams and each side working for the upbuilding of the Sunday School and the side who makes the highest score is to be entertained by the losing team.

Jack Loke's family were visitors at John T. Loke's Saturday night and Sunday and attended Sunday School. Also Mr. Loke from Slaton was a visitor.

Mr. and Mrs. Archie Conner of Slaton, were visitors at the home of D. L. Conner Saturday night and Sunday.

Mr. and Mrs. Joe Johnson are the proud parents of a bonnie wee daughter.

Last Monday night Mr. Homer Kelley happened to a painful accident. He went out to catch a turkey gobbler and climbed up on a box which slipped and he fell striking his knee in such a way as to hurt him so badly that he was compelled to go on crutches for several days. We were glad to see him able to attend Sunday School without his wooden legs.

Grandma Wilhite, and old lady of 80 years, fell as she started to enter the house and hurt her hip so that she has been unable to walk for several days.

The young people enjoyed a party at the home of Mr. and Mrs. Albert Johnson last Friday night.

There was singing at Sam Gentry's Sunday night.

Bro. S. A. Ribble will preach at Posey next Sunday at 3 p. m. You are invited to come out.

The farmers in this part of the country are very anxious for snow or rain.
