

THE LUBBOCK AVALANCHE

VOLUME XXII No. 50.

LUBBOCK, LUBBOCK COUNTY, TEXAS, FRIDAY, FEBRUARY, 17, 1922.

PUBLISHED TWICE A WEEK

BOARD OF DIRECTORS JR. C OF C. HAVE A BUSINESS MEETING WED

SEVERAL IMPORTANT MATTERS OF INTEREST DISPOSED OF AND FUTURE PLANS DISCUSSED

ORGANIZATION AWAKE AND PROGRESSIVE

Entire Membership Has Been Busy Taking Care of the Development and Building Problems of Lubbock, With Good Results Everywhere Evident.

A meeting of the Board of Directors of the Junior Chamber of Commerce was held in Secretary Keen's office Wednesday evening, and plans for the disposal of several undertakings were discussed.

The Junior Chamber of Commerce is indeed a live organization, and the good work it has done for Lubbock the past few months is worthy and conspicuous.

Keep an eye on the young business men of Lubbock and you will see that they are as progressive as possible, and are not afraid to tackle anything that is designed to become helpful to the growth and development of Lubbock.

If you have a job in Lubbock and are not contributing to the upkeep of this worthy organization you are just that far from being as good a citizen as it is possible for you to be. Farmers, workmen and business men alike are aligning themselves against the unprogressive element that would keep Lubbock ever in the background, and if you are not associated with these men with a membership into one of the Chambers of Commerce you had better get into that wagon before someone takes you for a follower of the mossback brigade.

Whether or not everybody acquainted with the workings of these organizations will admit it the present development of Lubbock is to a large extent attributed to the work of these organizations, and we are of the belief that there is the right place to put the credit, for there has never been, in the development of any town, a closer united bunch of business men than we have, and their good work is looked upon with commendation and pride by the writer.

A close investigation will reveal the fact that most all the dead towns in this state died because of lack of Commerce exists the pulse of this we are sure that as long as an organization with the purposes and principles of the Lubbock Chamber of Commerce exist the pulse of this city will remain normal, and the only attendant necessary to its health and growth will be more building contractors.

Hats off to the Lubbock Junior Chamber of Commerce. May they ever grow in membership and power.

Empty Grave Case Affirmed by the Criminal Court

Austin, Feb. 15.—The "empty grave" case from Stonewall County was affirmed by the Court of Criminal Appeals this morning. Byrd Jackson Cochran, sentenced to two years for swindling a life insurance company out of \$5,000 must now pay his penalty, the court ruled. This case received considerable notice at the time it was discovered. Cochran is alleged to have perpetrated a fictitious death and burial and collected the life insurance money from the insurance company. Two-year sentences of two of his accomplices have already been affirmed by the court.

The fifty-year sentence of A. J. Andrews, convicted in Liberty County of murder, was affirmed; also the twenty-year sentence of John Chappell of Kaufman County for murder.

The eleven-year sentence of Sam Williams, alias "Sad Sam," convicted in Cottle County for murder was affirmed.

An instance of technicalities on which the court must be law reverse cases was brought out in the case of L. B. Gray, convicted of misdemeanor theft in Wichita County, which was reversed and dismissed.

The words "in this case" were omitted in the sentence "to abide judgment of the State of Texas." The court held omission of the three words demanded reversal and dismissal.

The Colorado-Texas Petroleum Company shipped its first consignment of oil yesterday. The shipment went to an El Paso refinery.

J. B. Love, of Memphis, was here yesterday, looking after business. He owns land near Sudan and is interested in getting it exchanged for land near Lubbock.

Lumber Yard Office Burglarized Last Sunday Evening

The office of the Long Bell Lumber office was entered Sunday evening, the burglar having opened the front door by destroying the lock, and after reaching the safe prized it open with a crowbar, but found only eighty-six cents in money, the rest being papers which the burglar could not coin.

It is believed by the police that the burglar was a man, as the class of a hammer which had been used in an attempt to force the door open had been twisted, and the handle broken, showing that a strong force had been placed against the hammer, of which a lad would be incapable of applying.

The same evening the office of the W. C. Bowerman Lumber Company was entered through a window, and the safe prized into, but only sixteen cents were found in the safe, and other than a little damage to the safe nothing was harmed.

Police are close on the trail of the burglars and it is believed that arrests will be made in the near future.

Littlefielder Pleaded With Lubbock Base Ball League, He Says

Herbert Mueller, of Littlefield, was here Wednesday on business. Mr. Mueller is one of the leading baseball players of that place, his team having gained a good reputation as winners last season, and the many nice things he had to say about Lubbock's progressiveness in bringing a club here are quite extraordinary, but not at all surprising, for the favorable impression Lubbock will make with baseball enthusiasts throughout West Texas in bringing this club here will go a long way toward giving us some real advertising and boosting that will count in the development and building work of the city.

The great American game is not only a winner among sport-lovers, but the fans are usually of the wide-awake kind, and we are mighty glad to have that element interested in something in Lubbock.

Mr. Mueller has been keeping up with the clubs in the West Texas League and said that it was his opinion that inasmuch as Lubbock is centrally located the many people who will come here to attend the games will enable us to have the best team possible after the expense of getting the first few games played. "It takes good men to make a winning team and Lubbock is so well located that they will have large enough gate receipts to enable the club to pay their men well after the first season, which will bring the best players in the West Texas League class here. I am just naturally prouder to live in this section of West Texas since Lubbock is taking a part in the baseball world," he said.

Boost us with all your might in your own home town, Mr. Mueller, and we are sure that then you will bring friends here to see a game between the Lubbock team and another West Texas League team will be worth while and entertaining.

There is plenty of room for more attendants to the League, and wonderful opportunities to get down to real work.

A little time spent by several individuals in trying to make the League bigger and better would be worth while, and at the same time those who work would be accomplishing something for themselves in learning how to go about doing church work.

Come. You are welcome.

Lubbock Bandmen Have Secured a Meeting Place

The original bandmen of Lubbock are going forward with their work and have been given a great deal of encouragement by local people. About twenty of them meet each week to practice, and according to one who was fortunate enough to attend one of the meetings, those fellows are able to make fine music, and are gaining in accuracy all the time. Through the courtesies of the management of the Lubbock Business College they have been given the study room of that institution to practice in each week, where each Tuesday night they assemble, and go through intensive training.

A good band in Lubbock is a town necessity, and we are glad to see these old bandmen lining up again for spring and summer exhibitions. We are sure they are appreciated by the business men, and should be, for bandwork has a little work attached to it the same as anything else, and there is plenty of opportunities for it to become real labor, for instances those who played at the Lubbock Fair last October certainly worked on the job, and the good they did for the entire town is hard to estimate.

Let's all do all we can to encourage those bandmen, and keep Lubbock the home of as noisy a bunch as was ever gotten together.

It is very well to be peaceful, but too much quiet at one time is not good for a young growing town in just the same way that inactivity is not good for the average growing boy.

Lubbock Citizen Disappeared Suddenly Thurs. A. M.

What has become of H. T. Dyess? Early this morning he left his home, telling his family that he was going to the Depot. At three o'clock this afternoon no word has been heard of his whereabouts. No one has seen him, according to the information we have received since he left home early this morning.

About five o'clock Wednesday evening he called at a local Undertaking parlor and was shown the caskets. He informed Mr. A. C. Sanders, of the Rix Furniture & Undertaking Company, which of the caskets he wanted.

Thursday morning Mr. J. C. Dean, of the Lubbock Florist, for whom Mr. Dyess was employed received a note signed by him, requesting in effect that he attend to the funeral arrangements, aid in selecting the lot in the cemetery and also stated that Mr. Sanders at Rix Furniture & Undertaking Company could tell him what casket he wanted.

Notes were also received out of the Post Office addressed to Mrs. Dyess and to Doctors of the Lubbock Sanitarium.

Mr. Dyess underwent an operation in the Lubbock Sanitarium and according to information we have, he has been worrying about his physical condition for some time.

He is a brother of T. Q. Dyess who is well known all over the county, having been in the grocery business here for a while, and who is one of the leaders of the Lubbock County Singing Convention.

The country and the City of Lubbock is being secured in the search that relatives and friends are making for the missing man. Far that he has ended his life or is wandering the country in a demented condition is entertained by the hunters.

LATER
At four o'clock, just as we go to press, word was received at the Avalanche office that the man had been found in the storeroom of a local gin, where he had taken strychnine, but in insufficient amount to cause his death, and it is believed that he will live, local physicians having practically overcome the poison's effects.

Plainview Man Is Killed In Busy Cafe Last Sat.

Plainview, Texas, Feb. 11.—Oscar L. Duncan, 27, was shot and almost instantly killed at 10 a. m. Saturday in the Crystal Cafe, before employees and customers. Five or six shots took effect in Duncan's chest and abdomen.

Wholesale Houses Are Making This A Popular Point

Walter Timian was here Wednesday from Littlefield making the Semi-Weekly trip to haul merchandise from Lubbock wholesalers to the Littlefield merchants.

Lubbock's wholesale houses are adding their share to the popularity of Lubbock and bringing out-of-town people here. If we take a little survey of our surroundings and see the number of people who are active in making Lubbock the trading point of many customers with whom we do a great deal of business all unappreciativeness of the great part these people are taking in our individual business success will be replaced by a higher regard and kinder feeling toward one another.

Lubbock is not going to be one whit better than we make it, and the men who are going forward with the many progressive constructive undertakings are to be remembered when we get ready to boost those who have contributed to our pleasure and happiness.

It does not cost a penny to say good things about the other fellow, and apt as not he is the very boy who has done so much for us all without having hinted it loud enough to be recognized.

We appreciate the out of town business brought to Lubbock by our wholesale houses, and are sure that other business men here also are thoughtful of the payrolls of the employees of those firms which are spent in Lubbock.

Boost Lubbock and back its institutions.

Terry County Man Injured While Hauling Feed

The entire community was badly shocked last Thursday when it was learned that John Burnett, who owns a ranch jointly with his brother R. E. Burnett in the east part of the county had been hurt badly while hauling in bundle stuff.

A local physician was immediately called, and found that the bones below the knee had been broken and were crushed through the flesh. It was thought best to call Dr. Krueger a surgeon of Lubbock, who advised that he be carried to Lubbock and X-rayed to find the exact extent of the injury, and he was carried up on Friday. An X-ray was made Friday and the bones reinforced by mental support when the operation was performed. Saturday, and it is expected he will soon be able to come home.

He and brother, Redge were in the field, Thursday, hauling out bundle stuff as stated above, and had secured a load and had started home, when John, who was driving slid off behind his horses, which caused them to get into a fast walk or trot, and it is thought he lost his balance, and his foot being hung in the doubletree he was turned back under the wagon head foremost thereby breaking the bones.

Much Interest in Amarillo March Auto-Style Show

Amarillo, Feb. 12.—The entertainment committee for the Amarillo Auto-Style Show March 9, 10 and 11, has secured the highest priced entertainment possible to engage for the three days' program, in the form of Orpheum Circuit all-star acts, direct from New York City. In addition to these special acts, which will be put on twice daily in the afternoon and once each evening, there is an orchestra whose repertoire is declared to be one of the most complete ever offered in the Southwest.

Hundreds of inquiries have been received daily during the last week from different sections of this portion of the Southwest, about details of the show and arrangements made for the proper entertainment of the throngs expected. Not only is this true, but the volume and number of those interested ones is steadily increasing.

Hundreds of yards of materials for decorating the interior of the building have been bought, and in addition to this array of stuff, there will be pretty little individual offerings at the booths, together with a scheme of illumination that will prove a decided novelty and appeal to all the visitors.

Factory executives will be in Amarillo in connection with their local distributors in the automobile department. The newest models will be shown, together with all of the little quirks tending to increase the pleasures and security of the motorist.

Never before have the merchants of Amarillo been so well prepared to exhibit on their living models such an elaborate array of pretty things for the ladies. This will be a real event—one which no lady can afford to miss for all the latest, prettiest, most pleasing and attractive things they desire will be shown there.

D. L. Winn was here from Abilene Wednesday.

Opposition to Reduction in Railway Wages

Washington, Feb. 10.—Wage scale of railway employes should not be decreased, no matter what action the Interstate Commerce Commission may take in modifying existing railroad rates, Frank L. Warne, Union statistical expert, testified in the Commission's rate hearing today.

Questioned by Glenn L. Plumb, author of the Plumb plan for tripartite control of the railroads, Mr. Warne said the union's stand was that "there is no economic law that establishes any relation whatever between rates as such for transportation and rates for services performed."

An attempt to incorporate in his testimony a speech made by Senator LaFollette, Republican, Wis., asserting that a detailed agreement had been reached by the railroads and shipping interests and farm organizations, was frustrated by Commissioner Hall, acting chairman.

Mr. Warne protested that he desired to show the existence of a "conspiracy" to bring about the wage reduction.

The Ireland Situation Indicates Civil War Boundary Guarded

London, Eng., Feb. 14.—Michael Collins' dramatic disclosure of an alleged Republican plot to overthrow the provisional government, the sudden and unexplained suspension of the British military evacuation, and the dangerous tension between the north and south have combined to produce a serious situation in Ireland.

The outcome no one here ventures to forecast more definitely than by speculating on the dire possibilities, but dispatches show that the position on the frontier is not far removed from a state of war.

Indeed, the prospect of civil war is being seriously discussed in Belfast and elsewhere in the north. Kidnaping Lady Lead to War.

The dispatches sent by Belfast correspondents of the London newspapers represent the temper of the Ulster men as being such that, unless the kidnaped unionists are speedily released, there will certainly follow an explosion which may lead to war.

Dispatches from Belfast show that the Ulster men still are skeptical of the ability of Collins and Griffith to procure the release of the kidnaped unionists. They regard the free state as in a state of anarchy.

Nevertheless, the British government has promised to increase the troops in Ulster by four battalions. Premier Craig is said to have suggested to the British government the desirability of posting troops on the south side of the border, but this was firmly refused.

10,000 Men Guard Boundary
All available northern police are being moved to the frontier from the quiet areas, according to the Daily Mail's Belfast correspondent, and the boundary soon will be lined with 10,000 armed and disciplined men.

The danger is not confined to the frontier, he adds, owing to the angry antagonism of the Sinn Feiners and Orangemen in various parts of Ulster, the results of which were evaded in shooting and bombing in Belfast.

The British government is vitally concerned over the latest developments, and their possible effect in the house of commons.

Many conservatives who hitherto supported the government's Irish policy are said to be losing faith in the prospect of a settlement, and may withhold support of the bill establishing the free state when it comes to the second reading Thursday.

Snipers Increase Death Toll
Belfast, Ireland, Feb. 14.—Snipers continued their grim work in the disturbed sections of Belfast this morning and by midday the death toll since Saturday had been increased to 18 by the deaths of two men who were victims of flying bullets in the streets during the noon hour. The number of wounded at the same hour had reached the total of approximately 50.

In the main thoroughfares of the city business proceeded apparently as usual, but in the storm centers the sniping was frequent and dangerous.

The local branch of the American Legion is making good headway with their part of the Americanization program launched by national directors, this being a firm plank in the constitution of the Legion.

The local men are alive to their responsibilities in this work and are going forward with the same spirit that predominated in the heart of every true American from the day of American participation in the World War to the present time, and their success in creating a one hundred percent Americanism to support the principles for which they fought should be of individual concern to every free son of this nation.

The American Legion is made up of American soldiers, and their part in the progress and maintenance of liberty in these states is no less a man's job than the conflict of '18, to which they so nobly gave their source that peace might reign on earth.

The local men are trying to perpetuate the ideals for which they stood, and are working hard on the plan of Americanization by education, as laid out by the national leaders.

The American Legion in Lubbock should be patronized by every ex-soldier in this vicinity and be made a leading factor in educational work in Lubbock county, such achievements as could be accomplished through combined efforts by the veterans being hard to estimate at this time.

The Legion is working in the interest of every ex-soldier in the country, and should receive the assistance of that soldier, so if you are not lined up with the organization and are eligible, see the local commander at once and get on the right track.

Following is an open letter to the ex-service men and other readers of the Avalanche from the local Post:

"Our National Holidays are the great stronghold of Americanism. They are distinctively American, and are expressions of American ideals. The influx of foreign-born citizens in recent years has given many of our customs a European color. Lincoln's and Washington birthdays, however, are purely American. In the celebration of these days, we stand alone before the world.

"The strength of the national spirit of the European countries is a result of the richly historical past of those countries. Our history is shorter and no less glorious. Teach to every man the history of our country, and the great ideals embodied therein, and real patriotism will be your result."

New Brick Store Building to Be Erected Soon

That Lubbock is making progress in the building line can be seen on twelfth street where the old building of the Hodges No. 2 Grocery recently occupied by the Tennessee Grocery No. 2 is being moved twenty-six feet west of its present location at the corner of 12th and J, a new brick building to occupy that place, twenty-six by one hundred and fifteen feet, the walls to be constructed that the building can be made a two story one at the option of the owners.

Bush Bros. of Fort Worth, at one time residents of Lubbock, are owners of the lots and will have the building constructed, to be occupied by Judd & Ford, proprietors of the Tennessee Grocery store, they will consolidate the business and carry a full line of dry goods and in the front of the building, with groceries and a meat market in the rear.

Judd & Ford have been numbered among the progressive business men of Lubbock for many years and their knowledge of the grocery and dry goods business will enable them to take a leading place among the dealers in those goods.

It looks rather pleasing to the writer to see that this building will soon be under way, as it will be almost opposite the Joe Baldrige building which is nearing completion at this time, making things appear busy in that section.

Watch Lubbock grow.

O. D. McClintock, of Slaton, spent the week in Lubbock attending District Court. He is with the Foster-Howerton Furniture Company of Slaton.

Mrs. Neal Douglass, Sr., arrived Wednesday from Littlefield to spend several days with her children in Lubbock.

RURAL PARENT-TEACHERS ASSOCIATION ORGANIZED

A goodly number of patrons gathered at the New Hope school house Friday afternoon, Feb. 10, and organized the first rural Parent-Teachers Club in the county. The County Superintendent, E. R. Haynes, was present and aided greatly in the organizing.

The following officers were elected: President, Mrs. E. E. Nix; Vice-President, Mrs. S. D. Pate; Recording Secretary, Mrs. S. D. Stewart; Corresponding Secretary, Mrs. L. L. Fulton; Treasurer, Mrs. T. J. Richardson; Program Committee, Mesdames T. A. Battin and T. J. Richardson; Committee to form a constitution and by-laws, Mrs. C. B. McQueen, Mr. and Mrs. L. L. Fulton.

At the same meeting it was decided to give a pie supper Friday night, Feb. 17. The proceeds of which to be expended for play ground equipment.

Corresponding Secretary.

DODGE IS NOMINATED CLAUDE POSTMASTER

Claude, Feb. 13.—Dave C. Dodge, former postmaster at Claude, was today nominated to succeed Miss Laura V. Hamner, according to word received here today. He is now connected with a local grocery.

Scratch pads for sale at this office

MOODY NEWS ITEMS OF THE PAST WEEK

Harry Palmer and Weldon Teague made a business trip to Lubbock Monday.

Mrs. J. L. Thorp spent Tuesday afternoon with Mrs. Bob Swofford. Mrs. Longley spent Sunday with Mrs. Claud Havens.

Bill Chism left Thursday for a several days trip to Slaton. While gone, he expects to attend lodge at Crosbyton and also transact other business while there. He is hauling back home a load of lumber from Slaton.

Messrs Roberts, King and Murray made a business trip to Tahoka and Brownfield last week. They were in search of some mules to buy. Messrs Roberts and King returned Thursday and Mr. Murray came home Saturday.

Miss Oree Gunn has been quite sick the past week and unable to attend school. Basketball playing has been suspended a few days, as the high wind broke down one of the goal posts the other night.

Weldon Teague, who is taking a correspondence course in electrical work, has had nine lessons returned, and he has never made below 95 percent on any lesson and on the last two he made 99 percent and 100 percent.

Mrs. Williams is spending a few days with her parents, Mr. and Mrs. J. L. Thorp.

Beecher Swofford spent Friday night with Kenneth Chism.

Mrs. Charlie Forgas and two children spent the day and ate a birthday dinner with Mesdames Nickell and Roberts, Thursday.

Thursday the 9th was Mrs. Edd Roberts' birthday. She was sixteen years old, has been married about two years and has a baby five months old. Her husband's birthday present was three turkeys.

Spring must have broken without any winter, as two large snakes have been seen the last few days.

Wesley Williams and George Thorp left Friday for Lorenzo. They may go on to Turkey, Texas, before returning.

Newt, Copeland and Sam Sanders of Ropes, were through our community Friday. Newt says he'll be back this week on an electioneering tour.

Mesdames John and Bob Swofford visited in the Bill Meares home Saturday.

Mrs. Bill Chism visited Mesdames Teague and Swofford Sunday.

Several Moodyites attended the exercises at Meadow Saturday. We got only the following names: John and T. C. Swofford, Prof. Teague, Cloy Walker, Ullis King, Bill Murray, Fred Reeves, two Mr. Longleys, Edd Roberts, Mr. Nickell and Mesdames Palmer, King and Murray.

Fred Reeves, the boy who was hurt so badly last week, ran in the foot races Saturday at Meadow and he is suffering very much again, with his broken rib which he sustained just a week before the race.

Friends didn't want him to run under such adverse conditions. Mr. Elliot, of Haskell county, who recently purchased block 8, is now here and beginning improvements on his land. He has one truck load on the ground.

CANYON TO HAVE BOND ELECTION FOR PAVING

Canyon, Feb. 10.—At a meeting of the city council this week an election order was passed, ordering an election on paving to be held on March 11. Should this paving election carry work will be started in Canyon by May 1, according to Mayor J. D. Gamble.

The general consensus of opinion in the city highly favors the bond issue and proponents of the measure feel sure that it will carry.

Come to Lubbock.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVES' O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup. The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Groves' O-Pen-trate Salve through the pores of the skin soon stops a cough. Both remedies are packed in one carton and the cost of the combined treatment is 50c. Just ask your druggist for HAYES' HEALING HONEY.

LOCAL NEWS ITEMS FROM THE LYNN COUNTY NEWS

Boxing and wrestling fans of this place may have the opportunity of seeing an exhibition worth while when "Clever" Joe Denton meets Young Fife, of Roswell, N. M., in Tahoka, February 22nd. A wrestling match will be staged and charged for by the local post of the American Legion and the boxing exhibition will be put on free. The bout will likely go for eight or ten rounds, definite arrangements for which have not been fully completed. Both of the Denton boys are training out daily at the gymnasium recently fitted up by the American Legion in the Jones building on the south side of the square. The brothers will likely give a sparring exhibition at an early date.

Mrs. H. C. Crie returned last week from Dallas and Waco, where she visited with her daughter, Mrs. Chas. Shook, in the latter city. Mrs. Crie went to Dallas to accompany Mrs. Otho Shook, who is in bad health, to this city; but upon her arrival there the physicians advised that Mrs. Shook be removed to Kerville, Texas. Her condition at present is somewhat improved, which will be good news to her many friends in Tahoka and surrounding country. Louis Perkins and family, who occupied the house belonging to E. S. Davis, five miles east of Tahoka, had the misfortune to lose their household goods when the house caught fire Monday. No insurance was carried on either the furniture or residence, it is stated by the owners. The fire originated in the flue. Mr. and Mrs. Perkins and eight children escaped unharmed. A subscription was circulated for the unfortunate family and a total of \$170.50 in money, besides a good supply of groceries, clothing and cooking utensils, was donated. The building and contents was valued at \$1,750.00.

The Lynn County Teachers' Association, which organization was perfected in Tahoka Saturday, January 15th, with Judge J. W. Elliott, president and Miss Faye Gooch, secretary, have postponed their next meeting from February 11th, to February 25th, at which time they have secured Mrs. W. A. Warner, of Claude, Texas, to address the body.

CHAMBERLAIN'S TABLETS FOR INDIGESTION AND CONSTIPATION

"The nicest and pleasantest medicine I have used for indigestion and constipation is Chamberlain's Tablets," writes Melard F. Craig, Middle Grove, N. Y. They work like a charm and do not gripe or leave any unpleasant effect. 46-1f

Mrs. A. M. Woodward left Tuesday for Kirbyville, Texas, to spend the winter with a daughter at that place.

M. T. Council, local chiropractor, went to Plainview and Floydada Tuesday on business.

MR. J. A. WHITE SAYS "IF YOU HAVE AN AUTO, MOBILE, KEEP RAT-SNAP"

"If I knew about RAT-SNAP last winter, would have saved \$130. My car was in the garage for a few weeks during bad weather; when I went to take it out, found that rats had eaten great holes in two new tires. Got them later with RAT-SNAP." Three sizes 35c, 65c, \$1.25. Sold and guaranteed by City Drug Store and Cole-Myrick Hdw. Co. 46-1f

The Growth of Small Savings

The following interest table shows the rapidity with which even small sums of money accumulate at 4 per cent compound interest, payable semi-annually, January 1st and July 1st, when the deposits are made with unfailing regularity in accordance with the rules of our Savings Department.

Surely the reward of systematic saving is well worth the effort involved.

ADDRESS OF D. E. LYDAY, PRESIDENT OF THE TEXAS STATE FARMERS UNION, WACO MEETING

(Continued from last issue)
Freight Rates, Too High An Agricultural Product
During the war the Government permitted a tremendous increase in freight rates; in the case of some products amounting to more than 100 per cent. It is estimated the general average of such increases amounted to about 75 per cent. Since the tremendous slump in the price of Farm Products due to manipulation of the currency and credit of the country, the value of such high rates to the value of Farm Products is out of all reason and unjust in the extreme.
Corn which was selling at \$1.65 to \$1.85 per bushel when such rates were established, is now selling at

40 cents per bushel at interior points. Rates which could be borne without difficulty at war time prices have simply become prohibitive. At present commodity values, business is throttled and agriculture cannot exist under the present enormous rates.
The effect is to draw a zone of a few miles around every farm in the nation, beyond which it is utterly impossible for the farmer to transport his products.
As a result the farmers of the country have been forced back to the conditions obtained during the dark ages, when the producer could only dispose of his surplus by barter and trade with his immediate neighbors.

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Thedford's BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which griped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive."
Get a package from your druggist today—Ask for and insist upon Thedford's—the only genuine.
Get it today.

So far, as modern agriculture is concerned, our great railroad system had as well not exist, since wartime freight rates more than absorb the entire sum now paid for farm products at prevailing panic prices.
It is needless to say Agriculture cannot long survive, if present rates are continued and declining Agriculture means dwindling commerce and dying civilization.

Under such terrible conditions the question of an immediate radical reduction of freight rates, becomes the vital overshadowing problem, which every individual farmer must firmly demand. This is not a question for next year or next month but it must be met and settled without delay.

The railroads with their usual aptitude for "Killing the goose that lays the golden eggs," show no disposition to reduce these rates but like Shylock demand their legal pound of flesh when they were recently ordered by the Interstate Commerce Commission to reduce rates on grain and hay 16 per cent, they presented a substitute proposition, to put on a temporary, trial reduction, of 10 per cent for six months, during which they would determine "whether it would be possible for them to continue to operate under a 10 per cent reduction."

The Interstate Commerce treated this hypocritical proposition with the impatience it deserved and then forced the 16 per cent reduction. However, it is apparent that a reduction on hay and grain of even 16 per cent contains no adequate relief for farmers nearly all of whose products are selling for smaller prices than obtained before the war. The farmers of this country should demand of Congress and of the Interstate Commerce Commission, an immediate, radical reduction in freight rates, by a horizon-

tal cut just in the same manner in which raised to such dizzy heights.
I trust this convention will see fit to adopt resolutions demanding a reduction and that every farmer in Texas, will at once write his Congressman and Senator, urging immediate relief through lower rates.

No hope for farmers until adequate finances and just rates are secured. While there are a great number of economic and legislative issues of vast importance to American Agriculture, it is our deliberate opinion that each and all of them shrunk into a position of subsidiary importance when compared to the two above discussed.

Until the farmer is provided with cheap and plentiful currency and credit under regulations conforming to the needs of agriculture at just rates fairly proportioned to the value of the products offered for shipment; there can never be established a sane efficient dependable and prosperous system of agriculture, which can at all times feed and clothe our own people and furnish the enormous exports to other countries, which has made America so prosperous in the past.

Farmers efforts in co-operative marketing:
Among the results of the great awakening to the needs and weaknesses of our own country following the war, we note the general realization that agriculture must be better provided with credits and other means necessary to success.

As a result, a great agriculture conference was initiated and will meet in the immediate future. This conference is a result of the demand made by the national farmers union for a Congressional investigation of agricultural conditions.

The investigation was made, and our Legislators were astounded, and at their suggestion this national conference was called to study this great problem.

Our national President and a number of the ablest officials of the Farmers Unions have been selected as members of this conference and we hope substantial results will be secured.
War Finance Board
During this great financial crisis forced by the unwise and unjust handling of national finances by the Federal Reserve Board, Congress came to realize that immediate financial relief must be secured independent of, and outside the control of the Federal Reserve Board; therefore Congress re-established the War Finance Board, and thru it millions of dollars have been loaned to local banks and co-operative societies on agricultural and live stock paper. This small measure of relief has been an inestimable value to farmers and stock men and has averted disastrous failure and bankruptcy in many cases.

Under the law the War Finance Board will go out of existence within the next twelve months unless legislative action prevents.
Every farmer should at once write his Congressman and Senators asking that the War Finance Board be made a permanent institution for financing the agricultural and Live Stock Industries.
(To be continued)

DYED HER SWEATER AND SILK STOCKINGS

Each package of "Diamond Dyes" contains directions so simple that any woman can dye or tint faded, shabby skirts, dresses, waists, coats, sweaters, stockings, hangings, draperies, everything like new. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is guaranteed, even if you have never dyed before. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade, or run.

JOHN MAHONEY DIED AT HIS LORAIN HOME LATELY

Loraine, Texas, Feb. 9.—John Mahoney, who had lived in this vicinity since 1899, died Tuesday of pneumonia. He was born in Missouri October 16, 1845, and came to East Texas when a child. He had a large family and numbered his friends by his acquaintances.

A JUDICIOUS INQUIRY

A well known traveling man who visits the drug trade, says he has often heard druggists ask a customer, who wished to buy a cough medicine, whether it was for a child or an adult and if for a child, they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it and for colds, croup and whooping cough it is unsurpassed.

CROP PRICES AS THEY SLIDE UP AND DOWN

As an illustration of the landslide in crop values in just two years, and the cause of such national business depression we have only to take these figures from a recent government chart: The average crop value per acre in 1917 was \$33.27. In 1918 it was \$33.73. In 1919 it reached the peak of \$35.74. If the value per acre "went up like a rocket" it likewise "came down like a stick," in the past two years. The average in 1920 of \$23.26 per acre was a fall of \$12.48 from 1919, and the average of \$14.52 in 1921 was a fall of \$8.74 from 1920, or 38 per cent, and of \$21.22 from 1919, or 59 per cent in only two years. The above represents the ten main crops and the value per acre fell faster and more in two years than it had ascended in four years. No wonder "we can't make buckle and tongue meet."

"I LOST MY BEST CUSTOMERS THRU RATS," WRITE J. ADAMS

"Used to have the busiest Restaurant in town until news spread that the kitchen was infested with rats; lost a lot of my best customers until I tried RAT-SNAP. Haven't a pest in the place now. Restaurants should use RAT-SNAP." Three sizes 35c, 65c, \$1.25. Sold and guaranteed by City Drug Store and Cole Myrick Hdw. Co. 46-47

LOCAL ITEMS FROM THE LAMESA JOURNAL

County Judge Brooks and Howard county commissioners court came up Wednesday to see our new road machine at work. They expressed themselves as highly pleased with the efficiency of the machine.
Mr. and Mrs. G. W. Starnes and two children, Maurice and Irvin, of Lubbock, passed through Lamesa Tuesday enroute to Haltingen, where they will reside. They are traveling in a Ford.
The large number of new farms being put in cultivation, and the numerous new buildings already finished or in course of construction, indicate a very prosperous condition of Dawson county and give promise of a bright future. Those desiring to make a change will do well to come here now before land values go higher, which they are bound to do.

ABILENE GETS WATER FROM NEW LAKE WEDNESDAY

Water from Lake Abilene is here. That was the official announcement made by the city engineer's office last Thursday morning.
Working steadily night and day for the past two weeks or more the pipeline crew got everything into shape late Wednesday afternoon and the valve was again opened up, and the water from the new lake reached the city standpipes at 7:50 o'clock Wednesday night.

WASHINGTON, FEB. 13.—The provision in the bill creating additional United States District Judges, which would authorize the Chief Justice of the Supreme Court to assign Judges to relieve the congestion of business in the different districts, was defeated today by a tie vote in the Senate Judiciary Committee.

In our opposition to the provision, it was suggested that the assignments should be made by the senior Circuit Judge in each circuit, it being contended that it would be an imposition to ask the Chief Justice to keep in sufficiently close touch with the different districts to determine when conditions in any of them required temporary relief.
The Baptist Ladies Aid met Monday afternoon, Feb. 13, with the President, Mrs. T. J. Moore in the chair, and old business disposed of and new business excepted, preparations made for the Valentine entertainment for tomorrow night the 14th, and everyone is welcome.

Interesting Discussion of the Radio Situation and the Possibilities of This Wonderful Medium

Much local interest is being manifested in wireless telegraphy or radio, and the Lubbock Avalanche is glad to print hereunder a discussion of the subject by Claud McDaniel, wire chief for the local branch of the Southwestern Bell Telephone Company, whose knowledge of radio is beyond question, and who has sacrificed a great deal of time in instructing the local boys who have been so interested in the work as to maintain regular study periods, and kept supplied with all reading matter also available on the subject.

The readjustment to be made at a very early date in the Radio regulations, is a matter of prime interest to every radio enthusiast. The President and the Secretary of Commerce will soon confer with the leading Radio men of the army, navy, commercial and amateur fields to settle the status of the Radiophone Broadcasting stations that have been developed at a number of points in the states.

It seems that the activities of the amateur field in which these stations operate have suddenly grown

to such proportions that they are seriously interfering with the commercial and governmental traffic, but it will doubtless be conceded that the interference is not traceable to the better class of the Radiophone broadcasting stations such as the WJZ and others of the same grade. These stations transmit on a very sharp wave as is well known to those who have receiving sets sensitive enough to tune them in and at the same time sharp enough to tune out the increasing din of the spark sets.

It seems to be the rabble of stations that have sprung up overnight, sending on any wave the set happens to be adjusted to and various novelty devices such as a town's radio fire signal apparatus that can be heard half way across the continent, that is the cause for the kick from the higher wave length crowd. The astounding growth of amateur radio within the last few weeks has virtually made it impossible for the Government Radio Inspectors' Department, to keep a check on all equipment and the manner of its use.

It is apparent that from the standpoint of the man interested in using a receiving set only, that his enjoyment of the pastime will be proportional to the number of broad tuned spark sets and other obsolete equipment that the government can succeed in eliminating. The trend of the whole thing seems to be that the amateur must either get out of the field altogether with his transmitter or cease hammering out on full power a class of matter of no particular interest to any one. Such matter clutters up the radio lanes for the passage of matter of general interest and import.

The number of transmitting stations of the continuous wave type that can operate simultaneously with out mutually interfering is surprising, and with the field clear of other types, quite a number of new stations could be added to those we are hearing now without any resultant confusion.

Along with the mention of President Harding's interest in the matter it is stated that he has installed in his private study a complete receiving equipment of a type that is interesting the laymen, or the man throughout the country who are not versed in the electrical field. It is a self evident fact that he will become an ardent Radio fan if he has not already done so, and as far as the Government is concerned we may feel assured there will be no obstacles placed in the way of useful broadcasting stations.

YOUNG LADIES ENTERTAIN WITH VALENTINE PARTY

Misses Pauline and Juanita Meredith entertained a number of their friends the evening of St. Valentine's day with a party at their beautiful home at 1416 12th street. For the pleasure of the guests many novelty games were played, each featured with emblems of the day, the laughter of the merry group being almost constant.

These young persons are a live bunch, their every undertaking being carried to completion with that jolly good-natured exactness with which they carried on this social. At a late hour delicious refreshments of whipped cream and Jello was served, and the following persons departed for their home, declaring it "the end of a perfect day" with many expressions of their appreciation to the hostesses:

Virginia Bacon, Fay Hunt, Edith Waters, Sadie Bean, Georgia Mae Foster, Maxine Clark, Evelyn Wilson, Louise Bates, Marvina Mulligan, Nadene Young, Lucille Maxley, May Williams, Ruth Hutchinson, Mary Forson, Elizabeth Forson, Margaret Conner, Georgia Hufstetler, Bob Holt, Lucille and Alice Barr, Mona Holt, Dorothy Rylander, Shelby Robbins and Zenola Sheppard.

Mrs. H. W. Sims was able to go to her home Wednesday after several days in a local medical and surgical institution, where she underwent an operation for appendicitis.

MRS. CLARA ABNEY RETURNED FROM MARKET

Mrs. Clara Abney returned from a shopping tour to St. Louis and other points Saturday, accompanied by her expert trimmer, Mrs. Grubbs. Mrs. Abney has gained a reputation as an extraordinary selector of goods, and her stocks are always complete, stylish and well assorted. Mrs. Grubbs is well known to the patrons of this business, as she has been with Mrs. Abney throughout other seasons, and her ability in doing this work is unquestioned.

DIED
Joseph Leslie McClung, age one year and two months, son of Mr. and Mrs. J. E. McClung, of Lubbock, died Wednesday morning and was buried that evening. Elder John T. Smith conducted the funeral services, interment in Lubbock cemetery.

LUBBOCK FARMER BUSTED TWICE—BUT COMING AGAIN

Mr. C. A. Dawes, a farmer near Lubbock tells us that he has had the interesting experience of having went "broke" twice on the Plains and the satisfaction that comes with the feeling of getting on his feet just that many times.

Mr. Dawes cultivated 80 acres of land last year; raised and sold 17 bales of cotton off of 30 acres; sold over \$100 worth of hogs and \$500 worth of stock; made a lot of feed and is starting out fine on his third "stake."

"This is a great place for a man who wants to accumulate something and wants it bad enough to work for it," states Mr. Dawes.

Incidentally he is a very busy man, does his own cooking, keeps house and plows and cultivates his field, and because he is so busy he finds "the Avalanche" a source of valuable information of various articles.

A. B. Stuart, tax collector of Garza county, was here yesterday on business.

We Are In Our New Location

Right across the street east from our former location and are continuing a dependable market for poultry and hides.

Plains Poultry and Hide Co.

Important Training Given to The B. Y. P. U. Members

Last week was one of the busiest periods in the history of the church work of the young people of the Baptist church, for beginning Sunday evening, February 5th, they went through several lessons intensively studying the work of the B. Y. P. U. both Seniors and Juniors participating in these lessons, as Mr. Farmer, state supervisor of the Seniors and Miss Louise Sprecker, state supervisor of the Juniors, lectured each evening, giving outlines on the work, and instructing the pupils in every way possible. A nice supper was served by the young people each evening and at the concluding evening, after examinations had been taken and graded, the ladies of the Baptist church entertained the young people with a splendid banquet, attended by a large number.

Twenty-two of the fifty students were given diplomas in the work, and later a board of directors for both the Unions was appointed, who accepted the National Headquarters plan for Standard of Excellence and will keep the Lubbock B. Y. P. U. organizations up to this standard at all times.

It is reported that more interest was shown in the work through these meetings than has been shown in some time, and those interested in the work are greatly encouraged over the prospects for much being accomplished.

LOCAL BANKERS TO ATTEND FORT WORTH CONVENTION

C. E. Maedgen, president of the Security State Bank and Trust Company will leave tomorrow, and W. O. Stevens, president of the Citizens National Bank, will leave Saturday to attend the Seventh District Bankers Convention, which convenes there the 22nd of February each year.

Mr. Stevens is very enthusiastic about the meeting, as he said he is able to meet his old friends from over the state at these conventions and everyone a marked with extraordinary entertainment and good fellowship.

Mr. Maedgen is a live wire among the bankers of Texas and was a good account of themselves at the Convention.

Joe D. West, of Sudan, was brought to a Lubbock sanitarium Saturday, where an operation was performed. He is reported to be getting along mighty well at this time.

The year 1922 will discover a way to rehabilitate Europe. Hub. The year 1492 did that.

Another Officer For Lubbock Co. Declared by Court

A lawsuit of much local interest has been pending between Sam C. Spikes and Sheriff Holcomb for a long time, having gone through the channels of three courts, and is finally settled. In the primaries of 1920 Mr. Spikes was nominated tax collector of Lubbock County, and in the fall election was elected to that office, but Sheriff Holcomb contested the right of Mr. Spikes to act as Collector, good lawyers were employed on both sides.

The first trial was held in District Court in Lubbock, a verdict was returned in favor of Mr. Spikes but the case was sent to the court of Civil Appeal at Amarillo, and another verdict was returned in favor of Mr. Spikes, but was then carried to the Supreme Court at Austin, and the final decision made last week in favor of Mr. Spikes.

Mr. Spikes will receive pay from the time lost in contesting this case.

Now that the armament race is stopped the only remaining obstacle to universal peace is the human race.

INSURANCE MAN GUEST OF LOCAL PEOPLE

Mr. McNight, state manager for the Aetna Life Insurance Company is in Lubbock, the guest of the local representative, Neil Wright.

The week has been well spent by the friends of Mr. Wright in entertaining the visitor, a party being given at the beautiful O. L. Slaton home, which was one of the most pleasant entertainments of the week. Neil Wright is well known in Lubbock and his friends are many, and we are sure that the impression the visitor has received of Lubbock through his association will be long-lasting.

H. D. Stanley and George Brewer were Amarillo visitors Friday and Saturday. Mr. Stanley is with the Noble Bros. Company, and Mr. Brewer is with Claude C. Harbut. They report a very pleasant visit.

GAIL ORGANIZES A CHAMBER OF COMMERCE

Gail, Texas, Feb. 14. An enthusiastic railroad mass meeting was held here Saturday afternoon, when the probability of the M. K. & T. road being extended west from Bol. was discussed together with the chances of the road coming through Borden County.

After several short talks it was decided that the best thing to do at present was to organize a Chamber of Commerce, which was done. J. K. Mitchell being chosen chairman and D. Dorward secretary. It was decided to get in touch with the towns east and west of Gail, along the proposed route. A survey was made several years ago, which ran through Borden County.

We'll Go Against Any Place in Lubbock---

WHEN ARE YOU GOING TO BUILD THAT NEW HOME?—WILL BUILDING COSTS GO LOWER

Some people think they will. Many others think they will not. The fact is—Nobody Knows. One thing every one knows: In waiting for lower costs, you are spending something more valuable than the money you save, something that cannot be replaced.

That something is time—the years of your life. You may spend, or lose your money and regain it, but the lost years will never come back. Will the little that you may (or may not) save in money, in order that your estate may inventory a few more dollars, compensate you for withholding from yourself, your wife and your family the enjoyment of such a home as you and they want, and ought to have?

Except to the miser, money is worth nothing beyond the satisfaction, comforts, pleasures and opportunities for service it can bring in the life we are living here and now. An investment in a home is not a speculation, and there is no possibility of a loss where there is certainty of an abundant return in health and contentment.

Yes, dear reader, be you newly-wed, prospective newly-wed, or one who has celebrated the golden anniversary, if you do not own a home or have not at some time been the owner of a home, you have yet to enjoy one of life's sweetest blessings.

A home does not necessarily have to be a mansion, to be filled with the costliest furniture and fixtures, with servants at your beck and call—far from it. It may be only a shack in comparison, and yet, with the little wife and kiddies there, it can be made a Paradise on earth. "Great oaks from little acorns grow" is just as true in homebuilding as otherwise, and while the first home you build, may not be as expensive as you might like to own, as time goes on, you may be the proud owner of a mansion. "Nothing attempted, nothing done"—a start

must be made.

You may say: "Oh! some of these days I expect to build that home." Certainly, it is only natural that you should plan ahead—but don't make the sad mistake of planning too long—it is sometimes costly and more often mistakes of this kind are filled with regrets.

Have you purchased that building-site? You may answer "No," town property is too high now, that's true, but did you ever notice it goes higher. When town lots were selling at \$5.00 each, some of the old timers advised their friends to "lay-off" and some of them did.

Nothing could relieve the present local unemployment situation, any more than for every man that wants a home to commence work at once. It gives the honest laborer an opportunity to supply his family with the necessities of life during the dull times. It helps the lumber man, the carpenter, the plumber, the painter, the paperhanger, and stimulates business in general. Last, but not least, you have fulfilled your duty as a citizen, and cancelled an honest debt you owe your family. "Let's start something."

INVITATION TO ATTEND CHURCH OF CHRIST

Bible Study—9:45.
Preaching and Worship—10:45 to 12:00 o'clock.
Young People's Bible Study 6 p. m.
Brother Smith will not be with us at the evening service, but talks will be made at the regular hour, 7:30 by a few of the Brethren.
Everybody is cordially invited to meet with us at all these meetings.

C. T. Reaves, representative of the Texarkana Casket Company, was in Lubbock yesterday.

Dr. Krueger, of the Lubbock Sanitarium, went to Snyder Wednesday on business.

AN INTERESTING BATCH OF POSEY PARAGRAPHS

Still comes the cold dry norther, and still no rain nor snow. Those of us who are inclined to be pessimistic are no doubt suffering from an attack of the blues, but we who are possessed of an optimistic nature, still look for better times to come, and smile and feel thankful that we live where we have plenty of good pure drinking water, and are not compelled to put in half our time hauling water, like so many of the people are doing yet, and have done for months in some parts of Texas.

Last Friday afternoon the school children had a Valentine box. (The boys say they had no idea the girls loved them so well, until St. Valentine brought such tender messages). A number of visitors were present, the following were there: Mesdames W. A. Gumm, W. E. Bennett, O. R. Patterson, Gilbert Self, A. L. Legg, and Misses Wilson and Wilhites. After the distribution of the Valentines, Misses Cooper and Chauncey "treated the children to candy."

Miss Chauncey has returned home and we have been informed she will re-enter school at an early date. She won many friends while in our community and we regret to lose such an estimable young lady. Our community has recently purchased a nice piano, and everyone feels very proud of it.

Miss Mildred Brown of Slaton, has made arrangements to teach a music class at the school house. This brings to our minds a little plainer our crowded condition. She will have to use the cloak room for a conservatory. Our enrollment has already reduced.

Mr. and Mrs. Ellis recently, of Indiana, spent several days with her brother, Homer Kelley this last week. They returned to her father's at Lubbock Saturday, and will soon resume their journey to California, where they expect to make their future home.

Mr. and Mrs. A. L. Legg and little daughter, Dorris, visited a friend at the sanitarium Sunday afternoon.

Mr. and Mrs. H. Rinne, Mr. and Mrs. Parter Robinson and family, Mr. and Mrs. Owen Robertson and family, all were Sunday dinner guests at Otto Rinne's.

A new boy has come to make his head quarters at the home of Mr. Louis Robinson.

C. Z. Fine's family visited friends at Slaton Sunday.

Mr. Dyess stopped in a few minutes Sunday afternoon, and announced that he would be at Posey the afternoon of the third Sunday in March and would assist this class in singing. He also promised to bring some good singers with him. So we look forward to a real treat. Everyone come out and hear something that will make you forget the petty cares of life.

There was a party at Mr. E. F. Taylor's last Friday night.

A. R. Patterson has recently purchased a piano, and the Sunday night singing was at his house.

Bro. Hardesty filled his regular appointment. A good crowd was out to hear him despite the disagreeable weather.

Leon Maker who is attending the Abilene Business College, writes his home people that he is doing good work and also his health has improved.

Miss Marie Cooper spent the week end with her home folks. She returned Sunday morning.

Homer Kelley, and C. Z. Fine each sold some hogs this week. Mr. Kelley sold 21 head that averaged two hundred pounds each at \$8.00 per cwt.

This is a good way to utilize your surplus feed.

Mr. Whitaker of Slaton, is shipping one or two car loads of porkers to market this week.

Durward Kelley is our news reporter at school and if any of you have any news please report to him.

BAPTIST LADIES TO GIVE DINNER FEB. 22

The Ladies of the Baptist church are preparing to serve a big chicken dinner in the Elks Hall Feb. 22, Washington's birthday.

It is unnecessary to say anything about the good things to eat these ladies will prepare for this occasion, for they have a reputation in Lubbock for their knowledge of the culinary art, and many local people will be glad to hear of this entertainment.

Dr. E. C. Foster and wife, of Slaton, are spending the week in Lubbock attending District Court.

R. A. Baldwin of Slaton was looking after legal matters in District Court Wednesday.

Fresh Roasted Coffee

Our High Grade Blend---

"Martin's Best"

Is Gaining Favor Every Day

—Mrs. Martin is serving this coffee Free, every afternoon, and 98 per cent of the people who drink it, say it is better than the coffee they are using, even though they are paying a much higher price than "MARTIN'S BEST" will cost them. This coffee is 100 per cent pure and is rich in aroma. Pleasant to taste and has the "kick" that makes the burden of the day light.

REMEMBER, COFFEE IS NOT ALL WE SELL—We have Fresh Vegetables every day and the finest Fruits that are on the market and a store full of Fresh Groceries that we are offering at extremely low prices from now until the 28th, our invoice date.

—Say, we have a good stock of Flour, that we will sell for the next few days at the old price. There is a big advance in the flour market.

Cumberland Presbyterian Missionary Auxiliary

The Missionary Auxiliary of the Cumberland Presbyterian church and of the Woman's Board of Missions met on the 13th in regular semi-monthly session with a good representation of members. The meeting was presided over by the President, Mrs. R. A. Hensley.

A splendid service was conducted by Mrs. W. S. Denney as leader. The subject for discussion was: "Bible View of Law-enforcement" and a fine round-table discussion followed which was real instructive to all those present. Our law enforcement surely must be carried back to the homes of our country, and the Bible must be accepted as the only safe guide to begin such a training with and by; for it is God's revelation to man giving to him a reliable solution for all the problems of this life.

The Missionary Auxiliary by vote

went on record as opposed to any movement for a series of Sunday Baseball games within the city of Lubbock, and that they would lend their assistance to any honorable means or movement to prevent such. Next regular meeting will be on the 27th, and all women of the Church are solicited to be present. Society Reporter.

NOTICE TO MEMBERS OF THE METHODIST CHURCH

The members who live on farms and ranches, we will be glad if you will contribute butter, eggs and dressed chickens, if its more convenient than to bring cake, pies and candies. Also the members without phones will you please bring some thing on Saturdays. Any Saturday, we can sell anything in the way of cats.

The sales are every Saturday at Mrs. Ed Robinsons Furniture store.

SINGING AT ROPESVILLE. ALL DAY NEXT SUNDAY

Next Sunday there will be singing all day and dinner on the ground. A number of classes will be there, and a general good time is expected.

LOCAL PLUMBER CARING FOR OUT OF TOWN CUSTOMERS

Roch Newton has been a busy plumber the past few days, as Tuesday he was called to Post City where he completed a plumbing job on the Algereta Hotel, and spent Wednesday in Lamesa and Tahoka overseeing plumbing jobs there. Lubbock business men are looking after the needs of customers for many miles around, and the good service they give in keeping these customers naturally helps to form good opinions of our town and its people.

ANNOUNCEMENT

Mickie and the Boss, Please Answer!

WITH ALL THE PEOPLE IN THE WORLD, I OUGHT TO BE ABLE TO PICK OUT A COUPLE OF COMIC CHARACTERS TO DO THE DAILY STUNNY! A STRIP FEATURING A PRETTY GIRL WOULD MAKE A HIT, BUT THE DARI! STYLES. THEY CHANGE SO OFTEN I'D HAVE TO SUBSCRIBE TO ALL THE FASHION MAGAZINES.

Mrs. Bertie Hanks, of Cisco, arrived in Lubbock last week to spend the balance of the winter at the home of her brother, W. H. Johnson.

Princeton asks parents not to give students autos. You can't burn gas and midnight oil at the same time.

Slaton Singers Are Glad to Welcome Co. Singing Con.

Welcome to Slaton, Fifth Sunday in April. By vote of the county delegates at the Singing Convention at Carlisle, Jan. 26, Slaton obtained the next convention. It is our earnest wish and desire to give you a welcome hand, and we accordingly desire your presence every Sunday at the Club House at 2:30. We met Feb. 12, and perfected an organization of singers with P. F. Florence elected chairman and S. P. Bailey, secretary. A committee on books, one on finance and one on publicity sprang into existence in the hour. We had with us Messrs. Dyess, Wilson, Wendell, Holland and Peck, Hylton and Clarke with some of their ladies, all from Lubbock and Prof. Pevehouse and wife from Carlisle to help us get started. We enjoyed their presence and songs very much. We earnestly desire them to promise to be with us next Sunday, but received the promise from one only, Prof. Pevehouse who spoke for himself and wife. The others having made previous engagements. So we gladly look forward to next Sunday in the hope that the Carlisle class will come along with their leader. We extend to them a sincere invitation to do so, and will attempt to be as nice to them as they were to us on January fifth Sunday last. Several of us were present and know whereof we speak. Remember, everybody invited next Sunday to the Club House at Slaton at 2:30 sharp. P. F. Florence, Chairman. S. P. Bailey, Secretary.

THE HAPPENINGS OF SLIDE COMMUNITY

We are having a very cool breeze from the Northeast this morning, which we all hope will bring us a little shower of rain. Cecil Williams from Lakeview, spent Saturday night and Sunday with relatives here. Mr. J. E. Hubbard is papering the Arnett home this week. Those that were in town Saturday were: Messrs. R. A. Wisener, Leonard Davis, H. T. Bateman and family, Joe Bailey and Odell Reiger, Mrs. M. L. Williams and two children, Mrs. Jim Mabray and children, Grady, Floyd and Emma Harriet. Little Wynette Copeland spent last Friday night with Ruth Stagg. There was a fruit supper given at the home of T. J. Davis on last Friday night. There was a large crowd present and everybody reported as having an extra time with plenty of good eats. Several of the young people from Woodrow, Joe Stokes and New Home attended the fruit supper Friday night. We invite all these young people to come back again. Mr. R. V. Ater and wife, Horace Ater and family visited at the Dopsion home Friday evening. Mrs. Jim Mabray spent last Friday with Mrs. Bateman. Several of the young people of the community attended the party at Mr. Campbell, of Woodrow, last Saturday night. All reported a good time. Mr. Clarence Barton from Lubbock attended the party last Saturday night. Mr. Otho Harwood spent Saturday with Herschal Davis. Mr. Tom Cannon is visiting his sister, Mrs. C. L. Ruger for a few days. Mr. C. L. Reiger and family and Tom Cannon went to town Friday and Odell Reiger came home with them to stay until Sunday. Mr. Dee Moore and wife spent last Sunday with Mrs. Moore's mother, Mrs. M. L. Williams. Herschal Davis attended the singing at Mr. Teals of Woodrow last Sunday night. Slide is getting very much on the map here of late, the aviators are coming this way. They flew over the city early one morning of last week, but didn't stop as I guess there wasn't a good place to light. Mr. and Mrs. Robt. T. Dopsion and their three children went to Lamesa Saturday, returning home Sunday afternoon. Messrs J. M. Marcy, Emmitt Morris and Mr. Vaughn from Woodrow were at the Store Sunday morning.

THEY APPEAL TO OUR SYMPATHIES

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. Many such, however, have been completely restored to health by the use of Chamberlain's Tablets. These tablets strengthen the stomach, invigorate the liver and improve the digestion. They also cause a gentle movement of the bowels. When you have any trouble with your stomach, give them a trial. 46-tf

A bad man is hard to fine.

POLICE ARREST TWO WOMEN FOR VAGRANCY

Friday night two women were arrested by Chief Hufstедler on a charge of vagrancy, who plead guilty and paid their fines with a promise to leave town at once. The Chief is determined to keep the streets of Lubbock clean of undesirable persons, which is going a long way toward helping Lubbock to keep a little ahead of par as one of the cleanest towns in West Texas. Good laws and better officers are needed most everywhere at this time, and we are sure that Mr. Hufstедler is appreciated in Lubbock for the stand he is taking in maintaining law and order.

WHEN YOUR FARM STOCK IS SICK, LOOK FOR RATS

Disease among farm animals don't just happen. Rats are carriers of dangerous plagues—hog cholera, foot and mouth disease and that terrible of all scourges—Bubonic plague. Farmers should throw around premises RAT-SNAP. It's sure and safe. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by City Drug Store and Cole-Myrick Hdw. Co. 46tf

TWYMAN FOUND GUILTY OF STUDENT'S DEATH

Gatesville, Texas, Feb. 10.—Announcing it had agreed on a verdict as to his guilt, but that it was still unable to agree on punishment, the jury in the trial of H. G. Twyman, former military instructor in the State Training School, case here was still locked in at a late hour tonight. The case went to the jury late Thursday afternoon. Judge J. R. McClellan late tonight asked the jury if it was having difficulty determining his guilt. Word was sent out that the only difficulty was in determining punishment.

If these new silver dollars won't stack up keep them rolling.

RALLS C. C. IS HOST AT FARMERS DINNER

Ralls, Texas, Feb. 13.—The Ralls Chamber of Commerce tendered a free entertainment to the farmers of the Ralls trade territory which was largely attended by the farmers and their families from all the communities surrounding Ralls. The purpose of this meeting was to establish a closer relation between the Chamber of Commerce and the farmer, by explaining to them the benefits that they would derive from belonging to and boosting for the Chamber of Commerce. Several members of the Board of Directors of the Ralls Chamber of Commerce addressed the audience, and also a musical program and moving pictures was given.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Remedy, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills for constipation.

When a man tells a girl her dress is too short Cupid moves on to the next victim.

Keeps Your Stove Shining Bright

Give a brilliant glossy shine that does not rub off or dust off—that anneals to the iron—that lasts four times as long as any other.

Black Silk Stove Polish is in a class by itself. It's more carefully made and made from better materials.

Try it on your parlor stove, your cook stove or your gas range. If you don't find it the best polish you ever used, your hardware or grocery dealer is authorized to refund your money.

COLDS

"Pape's Cold Compound" is Quickest Relief Known

Don't stay stuffed-up! Quit blowing and snuffing. A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks any cold right up.

The very first dose opens clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness. "Pape's Cold Compound" costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

Lubbock People Drinking Extract Too Extensively

According to Chief Hufstедler the habit of drinking extracts as a substitute for better alcoholic mixtures which he and his force have about made impossible to sell in this vicinity, is gaining popularity among the lower element of Lubbock again, as Saturday night he arrested three men, placing one of them in jail and sending the other two home with a warning, who he found intoxicated with extracts.

It is pitiful to think that human beings should become slaves to such degrading habits, but nevertheless Chief Hufstедler is looking too far into the matter to let sympathy for those fellows keep him from enforcing the law to the limit. Two of the men who he arrested deserved the warnings instead of a trip to jail because that was the first offense and he says it is his opinion that any man deserves "one more chance" when the first arrest

is made for minor offenses, but he said they would get less consideration from him if arrested again.

SCHOOL TEACHER WRITES ON POSSIBILITIES OF HENS

Greetings: fellow citizens and readers of the Avalanche:

This is the time of the year to talk "chicken." If you will have chicken and eggs every morning for breakfast for the coming sixty days, you will be more likely to have chicken any meal next summer, and eggs for Thanksgiving and the Christmas time than otherwise. Now don't misunderstand me. I said talk just "chicken." I never said: "Single-Comb White Leghorn." My wife and I see so much in the newspapers concerning this subject that we are constrained to say a few things just to let you folks know you have pioneers in the professional and commercial side of poultry raising for profit right in your county. We have studied the subject closely. Tho I confess, my wife seems to understand the animal and his ailments better than I do. I know more about spending the money obtained from that source. But as I said, we believe we know some things. And we think our neighbors in several school districts will bear me out when I say, we get results. We have made a success. We'll discuss the subject in this article under four heads:

1. Stock-breed variety.
2. Time and method of hatching.
3. Growing to maturity.
4. Feeding for egg production in the winter months.

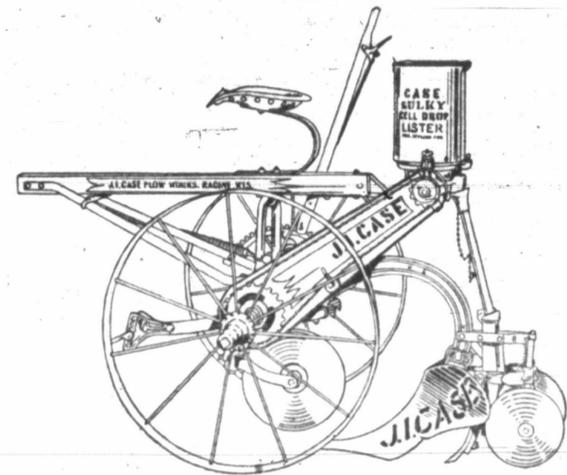

1. We should have stock of healthy ancestors, with strong vitality and high egg records. A hen is bred to lay like a cow to give milk or butter and a draft horse to pull. A chick is ordinarily hatched weakly or strong according to the parents. Under normal environments, it will have "pep" and "life" or be sluggish for the same reason. So first if we succeed we must have good blooded, strong, healthy breeders. The breed of fowl is for you to decide. Make your selection and stay with it. We made ours years ago. Any breed will pay dividends. The choice depends on your intentions of disposing of your crop, fryers, hens and eggs. Fancy of same color may direct you. Fences, quick growth to fryers or broodiness may. Anyway, make your desire known. Get eggs or stock and "take to 'em" and "stay with 'em." That is the prerequisite. Variety, why get single comb, rose comb, dark or light. The thing is, folks get a full blooded strain of fowl of good ancestors and then give them attention.

2. If you have the heavy breeds as Cochins and Longshangs, hatch in Jan. and Feb. If you have Rocks Reds, etc., hatch Feb. and March. If you have the egg breeds, Leghorn, Minorca, etc., hatch March, April, May 15. Now I am leading to one inevitable result: Getting eggs in the proper time to pay dividends. If hatched as stated and cared for properly, most pullets will mature and lay by Nov. 15. Otherwise, it is February and March. How do we hatch? Incubators. Our machines hold 680 eggs. You hatch like it suits you best according to your means and circumstances. Once you use the incubator and learn it, you'll never backslide, unless sometime you want just a few. The success can be had with old-Speckles.

3. The growth maturity must be continual. The chicken is like a pig. He must not be stunted. So feed regularly, and systematically. Wheat bran and chops with grit and bone must be given, for suc-

cess. The feed cotton seed meal because we brooder raise. The hen may hunt insects when seasonable. Otherwise supply some form of protein: milk, meat or meal.

4. Feed the hens a mash in a feed hopper, accessible all day. Make mash of one part cotton seed meal, two parts each of chops and wheat bran. Any small grain, the our choice is feterita first, red kafir, white, last maize; to scratch for and at evening shell corn to fill them. Now comes the important part, so far as our method goes. Supply meat. We kill rabbits. One hundred hens should have two or three jacks per day. Sometimes I have 50 dressed, hanging in the shed. The best method is by car light, the more expensive. Now understand, everything considered, some folks can more economically feed milk or beefscrap. But with most farmers, the rabbit is the guy we should be after. And there's a double purpose in slaughtering them. We like White Leghorns. Every other fellow for his own choice. There are numerous details that could be told, but this article may be too lengthy for publication now. If anyone desires benefit, then we shall be glad. If there's anything more we can say at another time, we shall be glad to do so. When the people are educated to this proposition there will be more prosperity in this county. We have a fine climate for chickens with a possible deficient moisture. Hens lay better in a rainy summer. The dry winter is beneficial, but long cold spells are hard on a hen's vitality.

IN MILADY'S REALM

BY MRS. CURTIS A. KEEN Residence 1119 Fourteenth St. Phone 45J

A thought for today: "If thou findest in human life anything better than justice, truth, temperance, fortitude, and in a word, anything better than thine own mind's self-satisfaction in the things which it enables thee to do according to right reason, and in the condition that is assigned to thee without thine own choice; if, I say thou seest anything better than this, turn to it with all thy soul, and enjoy that which thou hast found to be the best." Meditations, Marcus Aurelius.
Merry Bidders
The Merry Bidders' Club met for their regular meeting at the home of Mrs. J. B. Cardwell on Tuesday afternoon, with Mrs. W. L. Barnes as assisting club hostess. An artistic arrangement of Valentine hearts and darts, and the quaintest of Cupid's assured those present that Valentine's day had arrived in all its glory. Crimson and white carnations added a charm and brightness to the pretty rooms and the afternoon was counted one of the most delightful of the club meetings.
A dainty salad course of banana salad, potato chine, cheese straws, sweet pickles and coffee, as first course, with strawberry whipped and Valentine cakes as the second, was served to the following members and guests: Mesdames Bradley, Trinkle, Spikes, Hunt, Cooper, R. B. Hutchinson, Meadgen, Carter, Lemon, Brown, T. Ellis, Rylander. Guests: Mesdames McKinney, Maddox, Sen-sabaugh, Rodgers, Pierce, O'Hair, Swift, Riddle, Gwinn, Copeland, Cosby, Cliff Hunt, Friend, Jennings, Faulk, Denman, Royalty, Miss Cecil Sims. Out of town guests: Miss Gladys Rosson, of Fort Worth, Miss Turner, Tom May, Mrs. W. B. Downing of Brownfield.
Auction Bridge Club
The Auction Bridge Club will meet at the home of Miss Della Wilkinson on Tuesday afternoon at 2:30.
Oliver Valentine Dance
Mr. and Mrs. Fred Oliver entertained on Tuesday evening with a delightful houseparty and informal dance. The guests for the evening were: Mr. and Mrs. L. T. Martin, Mr. and Mrs. Louis Moore, Mr. and Mrs. G. G. Castleberry, Mrs. R. D. Benson, Mrs. Jarvis, Mr. and Mrs. J. O. Smith, Mr. Raleigh Brown Mr. and Mrs. Curtis A. Keen. After dancing a delicious lunch was served by Mrs. Oliver who was assisted by Mrs. Dr. Castleberry.
Kolonial Kard Klub
The Kolonial Kard Klub met at the home of Mrs. O. L. Slaton on Tuesday afternoon, with the following members and guests present: Mesdames L. T. Martin, Griffin, Hill-ton, Cassman, Oliver, Castleberry, Robbins and Slaton.
Mrs. A. B. Conley and Mrs. C. E. Meadgen will be hostesses to the 24-42 club on Friday afternoon, at Mrs. Conley's home, at 2:30.
Presbyterian Ladies Aid
The Presbyterian Ladies Aid met in social hour at the home of Mrs. John Bacon on Monday afternoon with Mrs. Lyle as joint hostess. A pleasant and helpful afternoon was spent and some of the present church

problems discussed and plans, for their solution suggested.
Mrs. Geo. Briggs gave an interesting talk on "the Auxiliary—How it helps the Church and Pastor" and the following splendid musical program was given:
Piano Solo—Mrs. Moxley.
Vocal Solo—Mrs. Starnes.
Piano Solo—Mrs. McKee.
Those who were present to enjoy the delightful afternoon were: Mesdames Ellis, Moxley, Briggs, Wilson, Robbins, Sherwood, Starnes, Duggan, Neil Wright, Miller, Robbins, Miller, McKee, Cooper, Johnson, Wagner, Lyle and J. Bacon.
A delicious lunch of pineapple salad and whipped cream and nuts, angel food cake and coffee was served by Mrs. Bacon and Mrs. Lyle, after the program.
The free-will offering for the afternoon amounted to \$8.90. The next social meeting will be held at the home of Mrs. H. A. Davidson with Mrs. Dr. Starnes as joint hostess, on March 13.
24-42 Club
Mesdames J. A. Rix and M. E. Merrill entertained the 24-42 Club on Wednesday afternoon at the home of Mrs. Rix. The members and guests were: Mesdames Herd Jones, S. Mast, Percy Spencer, Fred Oliver, J. S. Johnson, C. M. Ballinger, L. T. Martin, E. Wolfforth, G. M. Cosby, Walter Posey, C. E. Meadgen and T. B. Duggan. Guests: Mesdames W. O. Stevens, Denman Robbins, Griffin, Grover Merrill, Claude Hurlbut, A. V. Weaver and Earnest Conley.
At the conclusion of the game a delicious salad-course was served.
Miss Ida Lou Ellis spent Valentine's day in Abernathy, where she was the guest of honor at a pretty Valentine dance, given by Miss Arnett. Miss Arnett returned to Lubbock with Miss Ida Lou and is spending a few days here as her guest.
Social Hour, Methodist Church.
Next Monday afternoon the Women's Missionary Society of the Methodist church will meet in social hour at the home of Mrs. Sam Cooper.
Twentieth Century Club
The regular meeting of the Twentieth Century Club met on Tuesday afternoon with Mrs. E. L. Klett as leader in the absence of Mrs. J. S. Johnson.
The lesson for the afternoon proved one of the most interesting of the year and the subject: "Furniture" was discussed from every angle. The roll call was given using the styles, makers and periods of furniture in response. Two instructive papers were read, one by Mrs. Dr. Overton, on "Woods used in Furniture Making," the subject being well handled and presented in an interesting manner, while many worthwhile points were brought out and information given of value concerning the various kinds and qualities of wood extensively used in furniture.
The second paper showing the development of modern furniture, by Mrs. Dr. Ballinger, was unusually interesting, following the paper on "Woods used in Furniture Making" as a thorough knowledge of the first subject added much to the splendid discussion which traced the growth of modern furniture from the Renaissance architecture, which was prevalent early in the fifteenth century in Italy, reviving and adapting the Roman classic orders and design, to the Sheraton Period, a style which was characterized by straight lines and Louis. Seize details, and was developed in England toward the end of the 18th century designed by Thomas Sheraton. The spirit of scientific inquiry of the last hundred years has enlarged our knowledge of architectural forms and has prompted a more thorough study of the principals of art and has given rise to two movements, directed either to improving the so-called classical style or to supplanting it altogether. These movements are known as the Greek and Gothic revival and both took their origin in England. In England and the United States the Greek Revival was merely a reproduction of the Greek buildings or parts of buildings, but in France it showed a new vigor and threw aside the methods of the ancients and created a new style the neo-greek, or to distinguish it from the Romanesque, founded upon Roman methods, the Romanique. America can hardly claim to have produced a school of Architecture, but there are many noble edifices that deserve to be mentioned as specimens of Architectural beauty. Many of America's best architects are now designing in what is termed the "Colonial Style."
Following the two papers three minute talks were given: "The Rocking Chair", Mrs. Gus Niblack; "The Most Primitive Piece of Furniture", Mrs. Klett; "Chests", Mrs. Winn.
Special magazine articles bearing on the subject were read by Mrs. Cole and Mrs. Wagner.
Those present for the afternoon were: Mesdames Ballinger, Boerner, Briggs, Cole, Klett, Niblack, Meador, Overton, Rix, Rylander, Spencer, Vickers, Wagner, Winn.
The club meets the second and fourth Tuesday in each month, unless other notice is given.
Idle Hour Club.
Mrs. C. H. Smith entertained the members of the Idle Hour Club, Wednesday afternoon at her home 1608 9th St.
The members present were: Mesdames Hubert L. Allen, Chas. E. Wright, J. E. Kykendall, Ed. D. Allen, Oscar R. Collier, J. J. Adams, Harvey L. Hicks, W. K. Dickinson, Jr., Louie F. Moore and the hostess, Mrs. H. C. Smith.
After several hours spent in doing needle work of various kinds, among much merriment and laughter, the guests were served with chocolate with whipped cream and cake.
The Club will meet next Wednesday March 1st, with Mrs. Bill Spikes, 1011 19th Street.
Valentine Party
One of the prettiest of the Valentine parties was given by Mesdames Ed. D. Allen and Guy C. Hufstедler, Tuesday, February 14, at the home of Mrs. Ed. D. Allen, complimentary to Master Edward Allen and little Miss Georgia Hufstедler.
At five o'clock a merry group of girls and boys gathered and soon were engaged in various games and frolics.
For the occasion the home was artistically decorated with Valentine symbols.
After two hours of fun and merriment the little guests were invited into the dining room, where the Valentine scheme still predominated, the table being beautifully decorated with Valentines and pretty hearts. Here they were served with Angel Food cake topped with candy hearts, pink and white layer cake and cherry ice cream. As favors the little guests received Valentines.
The following playmates were present: Lucille Payne, Edith Hicks Margrette Conner, Lucille Moxley, Georgia Hufstедler, Lawrence Green

PECOS VALLEY FARMERS FIND FEEDING ALFALFA PROFITABLE MEANS OF MARKETING THE CROP

Pecos, Texas, Feb. 11.—A few of the leading farmers and stockmen in the Pecos Valley have discovered in a recent experiment that the most profitable method of marketing alfalfa is in the form of choice beef and mutton. The most recent demonstration of this plan of marketing was made by three growers of livestock and farm products in this section, in a shipment of three cars of lambs to the Kansas City market, which brought from \$12.00 to \$12.75 per head.
These lambs were grazed and fed alfalfa for 90 days and made an average gain of 27 pounds per head for the 90 days period. In this test the alfalfa was valued at \$20.00 per ton, which is a substantial increase over the prevailing market. After all the costs of feeding and marketing, a net profit of \$2.00 per head was realized on the lambs. A report sent to the Agricultural Bureau of the West Texas Chamber of Commerce, estimates that twenty thousand head of sheep and cattle will be fed for market in this section during this year. Sol Mayer one of the leading livestock raisers is now feeding 2750 head of cattle.
E. R. HAYNES FOR COUNTY SUPERINTENDENT
We are authorized to place the name of Prof. E. R. Haynes in the announcement column this week as a candidate for re-election to the office of County Superintendent. Prof. Haynes is well qualified for the office, having had a great deal of experience in school work. He has been very active in all matters of interest to the school of this section of the country. The schools of this great section are making splendid progress and every line, and Supt. Haynes is untiring in his efforts to keep Lubbock county well in the lead of all the counties of the state in school matters.
Come to Lubbock.

J. WESLEY SMITH FOR JUSTICE OF THE PEACE
In this issue of the Avalanche will be found the name of J. Wesley Smith, who offers for re-election to the office of Justice of the Peace, Precinct number one. Mr. Smith was elected to this office two years ago, and has filled same to the best of his knowledge and belief and has acted in sincerity and conscientiously in all matters that have come before him.
He asks that you give his candidacy due consideration in the election of a man for this office, and same will be greatly appreciated.
MARRIAGE LICENSE
M. L. Murray and Miss LaVina Chesser, February 13, 1922.
