

# THE LUBBOCK AVALANCHE

VOLUME XXIII. No. 2

LUBBOCK, LUBBOCK COUNTY, TEXAS, FRIDAY, MARCH 3, 1922.

PUBLISHED TWICE A WEEK

## LUBBOCK TO HAVE BATTERY OF FIELD ARTILLERY ORGANIZED

SPIRITED MEETING HELD—MORE THAN A DOZEN ENLISTMENTS RECEIVED AND STILL COMING IN

### O. L. PETERMAN TO COMMAND BATTERY

Payroll and Other Expense Bills to be Paid in Lubbock—Will Release a Great Deal of Money Here as Home Firm Will be Patronized—Drill Work Will Start Soon.

Major Claude A. Adams has been in Lubbock the past three days organizing a battery of light field artillery in Lubbock, the most enthusiastic meeting of the week being held at the Justice Courtroom here Wednesday evening when more than a dozen local men signed applications for membership in the battery.

O. L. Peterman, well known Lubbock man, whose war record as an officer in the Field Artillery branch is well known and appreciated by his friends here, was unanimously elected Captain of the Battery, and three subordinate officers will be elected after the organization is complete.

It is hard for us all to realize the immense advantage the organization of this battery is to Lubbock. The Federal government is organizing these batteries of civilians as a part of their plan of economical defense instead of maintaining a large standing army which has proven such a burden to the taxpayers of the country.

Forty horses and four pieces of artillery, either the French 75 millimeter guns or the three-inch American guns will be issued to the battery here.

The horses will be well equipped with new harness, and all the other paraphernalia common to the use and the men will be issued two full uniforms, summer and winter use, will be equipped with new guns and other equipment.

Five men will be on full pay and will be in charge of the horses, the army to be rented in the most favorable location, and a practice field will also be rented. Major Adams pointed out that so long as the necessities for carrying on the work could be bought of local firms it would be which, together with the payroll, will add greatly to the amount of money to be put into circulation in Lubbock.

One and a half hours will be spent each week in drill, and the men will be on full day pay for that period. It was pointed out that the officers must have sixty percent of their men at each drill period if they receive pay. In case of emergency for duty his time is given him just the same, so there is no real loss whereby the men can lose time if they only do their part, regardless of the order of things.

The payroll to fifty men at the allotted pay for the four days per month will be approximately two hundred and fifty dollars, the officers will receive fair salaries for the time spent, and the five permanent employees will receive four hundred and thirty-five dollars, making a total of approximately one thousand dollars, the rental on the army will amount to a great deal within a year, and the necessary food, etc., will amount to a neat sum—all to be spent within the city of Lubbock.

We must not overlook the good it will do the young men also, close relationship in this manner will cement friendships between them and their officers, which will be a great factor in accomplishing things for Lubbock.

If you are interested in this matter get in touch with Captain Peterman at once and get lined up with the boys. A regular old style army life can be given the man who gets into this thing with the right spirit, and he will be glad of the opportunity to mix and mingle with his fellow soldiers.

### MERIT WOMAN DIED BEFORE ARRIVAL OF HER SISTER

Word has been received in Lubbock, that Mrs. Johnson, of Merit, Texas, died at her home there, before her sister, Mrs. W. C. Terrell, of Lubbock, reached the Johnson home.

Mrs. Terrell left the Methodist Sunday School Sunday when a telegram was received and started for Merit immediately, and her many friends regret very much that her arrival in Merit was too late to see her sister alive.

### WHY WE ARE LATE

We regret it as much or more than anybody else, but we simply could not help it. Our standing order of a couple of tons of news paper each month failed to arrive in time. To make connection with our February supply, and we could not get any at Plainview, so had to wait for a shipment to be expressed this morning from The Sweetwater Reporter at Sweetwater, which delays us nearly 24 hours. We have additional express shipments coming, and hope that there will be no further delays.

### H. C. Duering to Be New Postmaster in Lubbock Office

Information has been received here that Dr. H. C. Duering has been recommended to the United States Senate for confirmation as postmaster for the Lubbock postoffice. It has been known for some time that Dr. Duering was likely to receive the appointment, but nothing definite was known about it until the information came that his name was being sent to the senate for confirmation, after which the appointment will be made and the doctor will receive his commission. It will be some weeks yet, however, before he will be checked in as postmaster here, as it takes quite a bit of time to get all the red tape wound up when our Uncle Sam has to do with things.

Mr. Robbins, the present postmaster, has been in that office a little less than nine years, having taken charge of the office on the first of July, 1913. The business here has had a constant growth, and last year the business of the Lubbock postoffice increased more than \$1600 in receipts over 1920. Mr. Robbins has promised us an authentic statement of the developments in the postal line in Lubbock during the past nine years, which will be a very interesting story of the growth of Lubbock, and we will publish same at some near future date.

### Texas Farmers Are Diversifying More Than Heretofore

Fully 9,000 farmers of West and Northwest Texas have heard the message of crop diversification and have pledged co-operation, according to John T. Orr, president of the Texas Farm Bureau Federation, who returned Saturday from a week's tour of that section of the State. Mr. Orr said that the continued drought has prevented much of the small grain planted last fall from sprouting and that in many instances the land will have to be planted to some other crop, but that in every town visited the farmers expressed great interest in the campaign and were enthusiastic in pledging support.

Mr. Orr was accompanied by E. F. Shropshire, secretary of the United Campaign for Better Agriculture. An average of three speeches were made each day on some phase of the situation and the trip was in the nature of an accounting of the federation stewardship and a report on the accomplishments of the year. Talks were made at Stamford, Abilene, Merkel, Paducah, Quanah and Memphis. Mr. Orr said that the smallest crowd at any of the meetings was 300 and that at Merkel and Abilene more than 1,000 farmers were present at each meeting. Mr. Orr said that the tendency of the farmers was for the planting of food and feed crops on the grain lands instead of a larger acreage of cotton.

### NICE HOME BURNED WEDNESDAY AFTERNOON

The beautiful five-room home of B. C. Clatter on 14th street, two blocks west of the High School building was destroyed by fire Wednesday afternoon, about two o'clock. The building had not been completed but about three months, and was occupied by the Clatter family. Mrs. Clatter was visiting with a neighbor in the adjoining residence and the flames were from under control when discovered. It was believed to have caught from the wiring.

### LUBBOCK TO HAVE TWO BANDS THIS SUMMER

Music lovers in Lubbock will have the opportunity to hear concerts of two bands. Prof. G. A. Wright is making good speed in getting his Boys and Girls Booster Band in shape, and the original Lubbock Band, instructed by Monte Bowen, is getting in fine shape for the spring and summer work. The band stand at the court house has been repaired and will accommodate the bands, the lawn is in good shape, and no doubt will be the scene of many concerts throughout the coming spring and summer. Good towns, good music and good citizens are the main elements in making community life what it ought to be, and Lubbock has them all.

### W. F. Schenck Is Appointed District Att'y. At Graham

Austin, March 1.—Governor Neff announced Wednesday afternoon the appointment of Judge W. F. Schenck of Graham, Young County to be district attorney of the Thirtieth District Court of Wichita Falls. Judge Schenck was formerly an assistant attorney general of Texas. Judge Schenck has for several years been a resident of Lubbock, but moved to Graham recently to engage in the practice of law and do some special work for companies with which he was connected. His many friends will be pleased to know of his appointment to this position, which no doubt is a very prominent one. It is not known, however, whether he has formerly accepted the appointment.

### Principal in the Floyd County Killing May Live

Plainview, March 1.—Houston Upton, the young man who is in the hospital at Floydada suffering from a self-inflicted gun shot wound, was still alive late Wednesday and the physicians say he has a fighting chance to live. Upton was found in a school house, in the Sunset community in Floyd County, early Monday morning, following the fatal shooting during Sunday night of two young girls while asleep in the home of one of the girls. Upton was in a serious condition when found, a bullet having been fired into his body just below the heart and cutting one lung and one kidney.

### RALLS MAN KILLS SELF AT HIS HOME, THERE THURSDAY AT 1:40—CAUSE NOT ASCERTAINED

W. P. Parker, of Ralls, committed suicide at his home there Wednesday at 11:40 o'clock, a thirty-eight calibre pistol was used, and the man died instantly. Mr. Parker was well known on the plains, was in business in Lubbock, Littlefield and at Ralls, and established firm friendship with people in these places. It is not known at this time what caused the act, as his son, Bud, who was in Lubbock yesterday, making arrangements for the funeral, stated that his father was not in debt, and had no trouble of any kind, and, also, was in fairly good health. He leaves nine children, a wife and other relatives, he has a sister residing in Lubbock, Mrs. J. W.

Perkins, who are joined by many friends in regretting this horrible incident. Funeral services will be conducted in the Church of Christ, on 12th street here, tomorrow at 10 a. m. Homer, a son who lives in Fort Worth has not been heard from at this time, and whether he will be here for the funeral is not known. Another son, Jesse, of Kansas City, left there Thursday night enroute to Lubbock. The Parker family is recognized as one of the most energetic and worthy families on the plains, and it is indeed regrettable that the father should come to an untimely death under such horrifying circumstances.

### JAMES A. LOWRY GIVES UNIQUE LIBRARY TO M'MURRY COLLEGE; REPRESENTS 50 YEARS' WORK

President J. W. Hunt of McMurry College, Abilene was recently presented, in behalf of the college, with one of the most remarkable libraries ever compiled.

Hundreds of volumes are comprised in this library, which is unique not only for its contents but for its composition. It is a library of clippings—clippings from magazines, newspapers, pamphlets and every other printed medium of expression.

The gift was from James A. Lowry, of Abilene, oldtime newspaper man, and it represents practically fifty years of ceaseless labor. The books are classified under such titles as Short Story, Household, Miscellany, Temperance, Short Sermon, Children's Reading, Humor, Comic Pictures, Poems, Special, War Topics, Newspapers and the various holidays and anniversaries.

Everything under the sun has a place in this library. Nothing has escaped the loving scissors and paste pot of Mr. Lowry, whose literary taste is far above the average. He roved through newspapers and magazines, seeking for the best works of literature and when he found something which his judgment pronounced good, he would clip it out and later paste it into some book kept for the purpose. As the years passed the number of these volumes grew, until it would require a good sized truck to handle the library now.

It would take a solid month of examination to appraise this library at its real worth. No casual inspection could give one a fitting appreciation of its immensity and its uniqueness. Despite failing eyesight, Mr. Lowry kept at his task day after day and night after night, building up with loving care this monument to his literary taste and discernment.

Will Be Catalogued "When McMurry College gets started I am going to have the Lowry library classified and catalogued" said President Hunt recently, in speaking of the gift. "I consider it one of the most worthwhile gifts an institution of this kind ever received. It is a complete history of the human race for fifty years, half a century of some of the most momentous periods in the world's history. To show you its worth in only one instance, I will cite my own case. For months I had been ransacking my own library and other libraries for a certain poem first published about twenty years ago. My search was fruitless. After Mr. Lowry delivered his library to me, almost the first volume I examined contained this poem."

Included in the library are complete files of the Taylor County News of which Mr. Lowry for many years was editor. These files contain a moving history of Taylor county from its early days. There are several volumes containing nothing but references to the Fourth of July and several of which cover Thanksgiving festivities completely. Every other great holiday and anniversary is similarly

Information With Regard Redemption of Victory Notes

Desiring to be of service to its readers, many of whom own Victory Notes, the following information is presented by The Avalanche with reference to the June 15, 1922 call by the Treasury for 3-3-4 Victory Notes, and the temporary redemption privilege relative to Victory 4-3-4s. Inquiries indicate there has been some misunderstanding on the part of the public.

Secretary of the Treasury Mellon has called Victory 3-3-4 Notes for redemption at par and accrued interest June 15, 1922. After June 15, these bonds, because they have been called, will bear no interest. It is to the owner's advantage to surrender them at this time, or any time before at par plus accrued interest, and reinvest the proceeds. For reinvestment, the U. S. Government Savings Organization at Dallas has suggested the New Issue of Treasury Savings Certificates which are to be had at post offices or through banks in \$1,000, \$100 and \$25, maturity value, denominations, costing, respectively, \$800, \$80 and \$20.

These are registered in the owner's name when they are purchased and are lost proof as well as depreciation or market fluctuation proof. They mature five years from date of purchase; bear 4 1/2 per cent, compounded semi-annually, if held to maturity. Over a period of five years they yield 25 per cent on the investment. They are cashable at the purchaser's option before maturity. Ownership limit is \$5,000, maturity value.

Until March 15, the Treasury has authorized the Federal Reserve Banks to receive 4-3-4 Victories from owners who desire to sell to the Government at par plus accrued interest, if held after that time, unless the purchase period is extended, the 4-3-4 Victories will run on till maturity, which is May 23, 1923. Those who desire may take advantage of this temporary period and convert their bonds into cash. Re-investment in Treasury Savings Certificates of the new issue has been recommended.

Ralph Bedford, assistant cashier of the Lubbock State Bank, spent last week end in Amarillo visiting.

### JUNIOR CHAMBER OF COMMERCE HAS INTERESTING MEETING TUES.

PLANS FOR PUTTING OVER BANQUET FOR TRAVELING SALESMEN MARCH 11th WERE DISCUSSED

### FIELD ARTILLERY IN LUBBOCK ENCOURAGED

Organization of the Battery Approved by the Entire Membership—Termed an Asset to the Development of Lubbock and as Entertainment for the Young Men of Organization:

### Wholesale Houses Puts Branch Office in Snyder

Snyder, Feb. 28.—Snyder has successfully avoided the business depression that has been reported in other parts of the state and bids fair to take her place with larger places in the industrial campaign of 1922.

Many new and substantial firms and industries have located here since the first of the year, among them the Puett Drug Company, and a branch house of the Lubbock Produce Company.

Brown and Keiner have installed a wholesale grocery house and their coffee roasting and packing plant is practically ready for business. Work on the Hamer & Smith Tannery, on the edge of the city, is being rushed and the owners are pulling for an early completion as they are overwhelmed with orders and new ones keep piling in. The Snyder Utilities Corporation has secured a re-icing contract from the Roscoe, Snyder & Pacific Railway Company and have increased the ice output to take care of the added demand. This same company is at present constructing a cold storage plant, that, when completed will compare favorably with similar plants in the big cities.

### Kiwanis Club Held Its Second Luncheon Thursday

K. Carter hit the nail on the head at the Thursday luncheon when he said the Lubbock Kiwanis Club would not have to develop its speakers, as it was his opinion that among the membership were a few well learned in that art, which was proven when Charles Ferguson, Marcy Dupre and George Foster had finished their five minute talks. These fellows are hard hitters and know how to keep a crowd in a laughing mood. They have the regular Kiwanis style down pat, as was well demonstrated.

Raleigh Brown, accompanied by Mrs. Ed Robinson rendered two beautiful saxophone numbers, which were appreciated to the fullest extent.

Poor old Rye, the fellow who is picked on just because he is so well liked by the entire bunch was forgotten in the scramble to get the crowd introduced, and proved that he had not forgotten that well executed bow, so well learned by the schoolboy orator. That he knew how to show the crowd a good time was proven in the program, which was Rotary Rix was present as a guest of one of the members, and we had the opportunity to pass the buck to him when it came time to make some important announcements, good old boy, he took it in the right manner and did a good job of the announcements.

Raymond Barrier and C. C. Pearson were on the job, making good use of their knowledge of the hand-shaking art.

Kiwanis in Lubbock is growing. Let's go.

### Weather Report For the Month of February

The following is summary of the weather conditions prevailing during the month of February, 1922:

Maximum temperature, 80 deg.
Minimum temperature, 7 deg.
Mean temperature, 43.76 deg.
Departure from normal, -01 deg.
Maximum Relative Humidity, 87.5 per cent.
Minimum Relative Humidity, 22.5 per cent.
Mean Relative Humidity, 59.07 per cent.
Total wind run for month, 6202 miles.
Normal wind run for month, 5859 miles.
Departure from normal, 343 miles
Total evaporation, 3,138 inches.
Number of clear days, 13.
Number of cloudy days, 9.
Total precipitation for February, .20 inches.
Departure from normal, .87 inch.
Total precipitation from January 1 to March 1, 1922, .54 inches.

R. E. Karper, Supt. Experiment Station.

And wasn't it a live-one. That bunch is just getting ready to begin work from all appearances, even if they have accomplished a great deal in the past, and that meeting at the Manhattan Cafe Tuesday noon proves that they are getting stronger the further they go—the Junior Chamber of Commerce bunch.

Secretary Keen is quoted to have said that the Junior Chamber of Commerce has everything to finish that the Senior Chamber starts and we believe the president of the biggest crowd was right when he said it was well to have someone around to start things.

The possibilities of placing a battery of Calvary here was discussed by Major Adams, who pointed out that the Federal Government is placing these companies in the various towns in West Texas without donations or extra attractions to the companies and stressed the fact that it would be an asset to Lubbock and in no wise a liability. He pointed out that forty calvary trained horses would be brought here for the use of the men, that fifty men and four officers would be enlisted from Lubbock, and that the drill periods would be placed in such manner as to not interfere with the young men's work. In another place in this issue can be found later developments of this work, Secretary Keen of the Chamber of Commerce is awake and on the job of getting this company in Lubbock, and will enlist the assistance of other live wires in the town to care for this work.

Prof. Mowery, instructor of the Animal Husbandry Class in the high school, was called on to explain how the Lubbock boys won the Canyon Contests, and in a brief way outlined the manner in which the contests were conducted, and about the biggest thing he had to talk about was the fact that as individuals the four boys were outstanding characters in the work, and as a team proved themselves champions for West Texas by winning over the other teams by one hundred and twenty-six points. Mr. Mowery is an alert instructor, and the Lubbock high school is fortunate to have him teach Animal Husbandry, as even the boys admit that a great part of the success of the team is attributed to Mr. Mowery's close supervision of the work. The entire body of the Junior Chamber of Commerce gave approval and applause to his work, and all realize the good reputation that class is making will do for Lubbock.

The Lubbock Peerless Quartet started their part of the program with a beautifully rendered song, and when called back by popular demand decided to make the program a little snappy by giving comical melodies, which were enjoyed by all present.

The Traveling Salesmen Stag Party, Dutch, Luch and Smoker, which is called for March 11th was discussed, and the members were given attendance cards, as they are expected to appear on that night at the luncheon with a traveling salesman friend, the meeting being held to encourage good fellowship between the cities and these traveling salesmen that they may have a bigger and better opinion of Lubbock.

President of the Chamber of Commerce Rix pointed out that the seventy-five salesmen who travel from here are a great body of boosters, and said it was his opinion that, we do not all realize the importance of these men making their homes here. He stated that it was his opinion that the people here would be overjoyed to know that a factory would be located here, and yet these men constitute a more progressive citizenship, spend a bigger salary in Lubbock, and in half a dozen ways overdo the average factory-worker as a town booster. We are for this stag party for the nomadic brethren, and hope they will turn out in great numbers. Large letters on the cards urge the salesmen to shape their routes to be in Lubbock on March 11, the evening the banquet will be given, and we believe a great crowd will be here. Back, boost, boom and create a lot of interest in this meeting, and be sure to have your traveling salesman friend to be your guest on that occasion. Let's go!

### KIDDIES OF LUBBOCK ARE FURNISHED MEETING PLACE

What will they do next, that free hearted Chamber of Commerce bunch? No telling, but we will tell their latest act. They contracted for the frame building just south of the Long-Bell Lumber Co. where the boys' and girls' booster band can meet to practice, and where the local boy stouts, may hold their weekly pow wows, and any other use the youngsters of Lubbock might see fit to use it. The Lubbock Chamber of Commerce is alive to the needs of the town, and always awake and ready to accomplish these needs. If you are a good citizen of Lubbock, prove it by backing the Chamber of Commerce.

IT'S HERE. Greatest Sale in all history of Lubbock Beginning Friday, March 3rd, Promptly at 9:00 a. m. Don't fail to attend. Big prizes free; and a bargain feast to all. Card Playing and Dancing Mammies Responsible for Downfall of Their Daughters, says Oak Cliff Minister

"Card playing and dancing mammies" were charged with full responsibility for any immorality which may exist in the public schools, in a sermon delivered Sunday night by the Rev. Wallace Bassett, pastor of the Central Baptist Church of Oak Cliff, in which he delivered an unqualified indorsement of the Ku Klux Klan.

Dallas News as the greatest daily journal of the South, he criticized it because, he said, its editors failed to take up the cudgel favoring prohibition at the time they first declared their columns open to adherents of either side of the liquor question as it stood at that time.

"Parents Responsible" "The cure for abnormality existing in morality, politics and life at large lies not in any political body, faction of men or organization, but in the home," he declared in commenting on the wave of crime and immorality, which followed the World War. He charged mothers and fathers, rather than school teachers, as bearing full responsibility for any wrongdoings in which Dallas high school students may have been participants.

In criticizing newspapers for what he declared was unworthy hesitancy in throwing their weight behind reform moves, he declared the chief hope of the country lay in the ministry. "There are many," he asserted, "who would like to see the minister stripped of his vote or at least forced to cast his vote and keep his mouth closed."

ization in life. "We must begin in the home, if we would place our civilization on the footing it belongs," he asserted, "because no secret organization, public press or any other organization can combat the present moral decline until the fathers and mothers wake to their responsibilities."

COUNTY WIDE LIBRARY PLANNED FOR LUBBOCK

A county wide library will soon be opened in Lubbock according to plans now under way and several thousand volumes of books will be made available to every citizen of Lubbock County.

THE RATS AROUND MY PLACE WERE WISE, SAYS JOHN TUTTILL

"Tried everything to kill them. Mixed poison with meal, meat, cheese, etc. Wouldn't touch it. Tried RAT-SNAP, inside of ten days got rid of all rats. You don't have to mix RAT-SNAP with food. Saves fusing, bother. Break a cake of RAT-SNAP, lay it where rats scamper. You will see no more. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by City Drug Store and Cole-Myrick Hdw. Co. if

EXCELLENT REMEDY FOR CONSTIPATION

It would be hard to find a better remedy for constipation than Chamberlain's Tablets. They are easy to take and mild and gentle in effect. Give them a trial when you have need.

AN INTERESTING BATCH OF WOODROW ITEMS

Winter time again, and Oh! so cold and snowy. Not many pupils at school Tuesday on account of the cold. Mr. D. W. and Charlie Gill took two loads of corn to Lubbock Monday. Mrs. Bob Goodes baby was real sick last week. Bill Jess Pearce is sick with the mumps this week. Mr. and Mrs. F. N. Payne and daughter, Lucille, were visiting in the McCarty home Sunday afternoon. Beryl McCarty returned to Lubbock with them.

SLIDE HAPPENINGS OF THE PAST WEEK

Dry weather still prevails and is very great disappointment to the farmers. They would all be very glad to see a good rain. Mr. and Mrs. J. C. Stanford visited their son, Mr. Lowell Stanford last Sunday. Born to Mr. and Mrs. D. L. Stanford a 6 lb boy, the 22nd. Mother and baby are doing nicely. Mr. Simon Stubbs who has been at the Rieger ranch for a few days returned Tuesday. Mr. C. L. Rieger and wife went to town Sunday evening to carry their son Odell. "Mumps! Mumps!" is the order of the day at Slide. There are several new cases reported the last day or two.

Your Opportunity - To buy the best of land at Rock-Bottom prices on long time with a very small cash payment. All we want down is just enough to show your good intentions. If you want to put in good cattle, work horses and mules, or Liberty Bonds, will accept same as first payment. A REAL OPPORTUNITY AND REAL BARGAINS - Come to Spearman, Hansford County, Texas, at once and get your choice of these lands. See, phone or write: J. R. Collard Spearman, Texas.

Several in the community were in town Saturday on business. Next Sunday is Rev. Picken's day to preach. He will preach at 7:30 o'clock p. m. Everybody invited to come out and bring some one with you. Messrs Hardie Smith and Horace Felder from Post City, were guests at the Davis home the latter part of the week. Mr. Alfred Williams from Cross Plains came in the latter part of the week to see his mother who is sick with the flu, but she is reported better at this writing. Mrs. M. E. Harrison from Woodrow was at the store Saturday trading. Mr. W. T. Cone from Loop was at his father-in-law's, E. T. Summers Sunday. Messrs Luther and Joe Henderson from Lakeview were in the community Sunday. Mr. Wayne Terry and Miss Lillie Edward from New Home were in our community Sunday evening. Mr. J. E. Hubbard and wife spent last Sunday with Mr. U. D. Rieger and family. Mr. Hubbard received a phone message late Sunday evening to come to Slaton at once that his daughter there, Mrs. J. W. Smith had got poisoned. It was not learned how she was poisoned. Mrs. Hubbard and son Chester left at once for there and Mr. Hubbard went over a little later on.

Orient Railroad Again Sends Out Financial S. O. S.

Wichita, Kan., Feb. 27.—With an operating loss of more than \$100,000 for January, 1922, the greatest monthly deficit recorded since the beginning of Federal control, and its cash reserves all but exhausted, the Kansas City, Mexico and Orient railroad system faces a complete suspension of operations by July 1, unless relief measures are provided immediately by the Interstate Commerce Commission and the United States Railway Labor Board, according to A. De Bernardi, vice-president and general manager of the line.

SCHOOL APPORTIONMENT OF \$2.00 IS ANNOUNCED

Austin, Feb. 24.—The State Board of Education today decided to make cash apportionment of \$2 for each scholastic on March 1. The per capita this year is \$13, and this apportionment leaves \$9.50 yet to be paid.

R. R. MAN LIVED ON CEREALS AND EGGS FOR YEARS

Tanlac Made A New Man Of Me And I Can Now Eat Anything On The Table," Declares Jos. Morris. Jos. H. Morris, for many years assistant yard master for the Texas and New Orleans railroad, who lives at 1816 Providence St., Houston, Tex., is another well-known railroad man who is now an ardent champion of Tanlac. He says: "I am feeling just fine now and I understand why so many people praise Tanlac and I want my name to go down with the rest who endorse it. For two years I had to live on cereals and eggs on account of the wretched condition of my stomach was in. I felt tired and languid, too, all the time and was losing weight and strength right along. Tanlac has just made a different man out of me, my stomach is in tip-top shape and I feel stronger and have more energy than in a long time. Tanlac certainly does the work." Tanlac is sold at all leading drug stores.

Spend an Hour of Pleasure, Entertainment and Enjoyment in the

R. & R. THEATRES THIS WEEK

A Good Show Awaits You at Every Program

The doctor was called to the Hopper home Sunday, their baby is very sick with a cold and on the verge of taking pneumonia. The doctor was also called for the little Hollyfield girl Sunday afternoon.

There are a number that have been unable to attend school the last week on account of sickness. Maybe if this northeast wind will bring us a rain and everyone will feel better.

Marie Kincaid and Gladys Baker spent Sunday with Coloe Mason.

The singing was well attended at T. C. Calley's Sunday evening.

Twilight Baker visited with Mary Bett Shedy Sunday.

Mrs. McCarroll arrived home last week after a month's stay at Glen Rose and Vernon, taking treatment at the former place and visiting relatives at the latter.

Mr. Renell shipped in a car of pigs last week. Mr. Renell will fatten these hogs out on cheap grain. He ought to make good money on these hogs now as hogs are a good price at all markets, and he can have them ready for the mid-summer market when hogs are generally at a good price.

J. H. RICHARDSON IS CANDIDATE FOR J. P. No. 1

In this issue will be found the name of J. H. Richardson, who has entered the race for Justice of the Peace of Precinct No. 1. Mr. Richardson has been a citizen of Lubbock for several years, that he is a strong believer in law enforcement. He is capable in every way to perform the duties of the office to which he hopes to be elected, and he is anxious that you investigate his record as a citizen, and will be pleased to have you consider his claims as a candidate for this office.

ANOTHER MODERN HOME TO BE BUILT IN LUBBOCK

Bob Moxley, of the Panhandle Construction Company, has let the contract to have a modern six-room house built on his lots west of the high school building.

Mr. Moxley is one of the progressive citizens of Lubbock who expresses his confidence in the future of the town with the right kind of building, and really that is what counts.

Work on this building will be started as soon as the weather is favorable, and it is hinted in building circles that at that time the building boom in Lubbock will be in evidence in several sections of the city.

H. H. Marshall, of Carthage, was here the first of the week transacting business.

Cleddie Lanier, of Post City, is here visiting at the home of his sister, Mrs. A. J. Matthews.

# "A Store With A Character"

It has been our good fortune to have the above compliment passed upon us by one who did business here for some time. We don't claim perfection but we strive to keep the most sanitary drug establishment in your city; we keep our shelves laden with the many appropriate things you may want.

Poultry Show and Farmers Short Course, Lubbock, March 20-21.

## The Farm Bureau Is Growing In Strength and Popularity Throughout Panhandle and the South Plains

**Friena, Feb. 27.**—The Friena Community Farm Bureau alone purposes to contract the full quota of 50,000 bushels of wheat assigned to Parker County by the executive committee of the Texas Farm Bureau Wheat Growers Association. At the first meeting of the organization almost one-fifth of the quota was contracted.

**Campbell, Floyd County, Feb. 27.**—During the membership drive of the Floyd County Farm Bureau last week the following officers of the Campbell Community Farm Bureau were elected: Carl Rainer, president; Frank Farmer, vice-president; F. P. Brookfield, secretary-treasurer; W. T. Gray and R. B. Lybrand, directors.

**Vernon, Feb. 27.**—Farmers who are members of the Wilbarger County Farm Bureau, are industriously working towards the securing of 400,000 bushels of wheat for the Texas Farm Bureau Wheat Growers Association.

**Pampa, Feb. 27.**—Gray County Farm Bureau members plan to hold the lead with the greatest amount of wheat contracted for the Texas Farm Bureau Wheat Growers Association. Gray county is the only county in Texas with an assigned quota of 1,000,000 bushels of wheat, and it has already contracted more than one-fourth of the allotment, and the campaign will not begin until Monday, Feb. 27.

**McLean, Feb. 27.**—Arrangements are complete here for the opening of the Gray county Farm Bureau's membership campaign this week.

**Groom, Feb. 27.**—The Groom Community Farm Bureau was among the first organized in the Panhandle-Plains counties, and it purposes to add to its reputation of being the first community in this section of the state to get 100 per cent of the farmers as members of the farm bureau and of the Texas Farm Bureau Wheat Growers Association.

**Shamrock, Feb. 27.**—Many farmers of this community have expressed their intention of joining the Gray County Farm Bureau Watermelon Growers Association, with headquarters at McLean, if there is no such organization organized in Wheeler county this year. Several have already joined the only melon growers association in Northwest Texas.

**Wheeler, Feb. 27.**—According to M. I. Meeks, secretary-treasurer of the Wheeler County Farm Bureau, it is planned to stage a farm bureau membership drive in Wheeler county at an early date.

**Hale Center, Feb. 27.**—The Hale Center Community Farm Bureau claims to be the leading community farm bureau in the Panhandle Plains

counties in point of rapid increase in membership. Within ten days after it was organized, it has 52 members. Hale County's quota of wheat to be contracted during the next thirty days is 250,000 bushels and nearly one-fifth of this was contracted during the first day.

**White Deer, Feb. 27.**—Farmers in the White Deer community are delighted with the promise of the farm bureau to have some of its best informed speakers address them in White Deer during the membership drive, which shall be conducted in Carson county from March 6 until March 11.

**Washburn, Feb. 27.**—The Washburn Farm Bureau is planning to lead the rest of the communities of Armstrong county in the number of new members for the farm bureau. Armstrong county's quota of wheat to be contracted for the association during Farm Bureau Week is 300,000 bushels and the Washburn Community now holds the record for the greatest part of this.

**Lone Star, Floyd County, Feb. 27.**—The Lone Star Community Farm Bureau was organized here last week. Practically every farmer who joined the farm bureau, also the wheat growers association, and all agreed to assist in the contracting of Floyd County's quota of 500,000 bushels of wheat.

### WEST TEXAS LEAGUE SCHEDULE TO BE MADE

E. A. Morgan and other members of the Board of Directors of the Lubbock Base Ball Club will attend a meeting at Sweetwater Saturday of the West Texas League officials where the 1922 schedule for the games will be adopted.

It is also reported that Lubbock has splendid chances to secure two exhibition games here with the Fort Worth Panthers, and we believe there are enough people in this section interested in the Lubbock Club to give these games a good attendance, and the reputation of the Panthers is well known to West Texans.

The Lubbock Club is going into the season in fine spirits, and we hope their every effort will be crowned with success.

### LUBBOCK STUDENTS WILL GIVE PLAY AT ABERNATHY

"When a Feller Needs a Friend" as presented by the students of the Lubbock High School is a winning number, entertaining throughout, and designed to make a hit with every audience to which it is shown and the people of Abernathy will no doubt be glad to learn that it will be presented to them on or about March 3rd.

Five girls and five boys constitute the personnel of the play, and they are all up to the minute on their parts, creating a laugh at every gesture, and if it has been your misfortune to have not seen that play up to this time, better go along with the bunch to Abernathy. The play was presented in a local theater several weeks ago, and met with hearty approval by all who saw it.

### A KNOW-ALL IS A MENACE TO SOCIETY

We have all heard about professional joy killers, and the fellow who is constantly taking the pleasure out of life soon becomes intolerable, and even heinous to us, and yet we will all keep an eye open for something that has gone wrong, in order that we may tell someone they made a mistake, or that we may criticize some mechanical apparatus or another which is of little concern to us, possibly never will be. We are all ready to criticize the other fellow for being a knocker when that habit is so embedded within our hearts it is constantly occupying a great deal of our time.

The fellow who really gets the real joy and happiness out of life which this world holds for us all is the optimist who sees the right side of things, never looks for the faults of his fellow creatures, and works constantly improving his disposition that the world might not be worse by his being here, and now honestly isn't that the best policy? Laughing is just as easy as frowning, and a whole lot prettier. People like dogs because they are always glad to have someone be nice to them, and the average man is unappreciative of even that gratefulness, and such persons like just that much being what they ought to be.

Now answer this: Do we ever get any fun out of criticizing people, and what they do? Then let your conscience be your guide and quit kicking.

### WEST TEXAS PEOPLE ARE ENERGETIC AND TERRIFY

A predominant characteristic of the people of the Plains is that they are always ready to "go." The bad weather this week was enough to make anyone wish to be home, and "wait" until it was more pleasant to be out, but that was not the case at all here. The harder the wind blows and the colder it gets, the more they seem to give our people, and the hardest winters, find them going about their work, unmolested by the uncomfortable cold, and ambitious to really accomplish something. That is the spirit that predominates on the great south Plains of Texas, and it is no wonder that West Texas is known for its thrift and progressiveness.

This word is going to be just exactly what we make it, and we believe that for ours we will choose an existence spent among the ever hustling, full of pep citizens of this great country.

### THE PNEUMONIA MONTH

March is a typical pneumonia month and usually gives a high rate of mortality for the disease. After a long and hard winter, the system loses much of its resistance and people grow careless. When every cold, no matter how slight, is given prompt and intelligent attention, there is much less danger of pneumonia. It should be borne in mind that pneumonia is a germ disease and breeds in the throat. Chamberlain's Cough Remedy is an expectorant and cleans out the germs, lacerated mucus and not only cures a cold but prevents its resulting in pneumonia. It is pleasant to take. Children take it willingly.

### HEREFORD REALIZES \$152,014 FROM HOG SALES LAST YEAR

Hereford, Feb. 27.—Figures that are considered absolutely reliable have been obtained on the carload shipments of hogs out of Hereford in 1921. These figures give a total of 132 cars shipped out, with an average of 84 hogs to the car. The average weight of the hogs was 182 pounds, and the average price received was \$7.78. The price per car was \$1,189, and the total revenue brought by the 132 cars was \$157,014.

Most of these hogs were "light," a great many going to the Pacific Coast where light weight hogs only are purchased. From the preparations being made all over this section just now for a larger volume of hogs in 1922 the record for last year is likely to be considerable advance by January 1923.

### LUKE RIELLY SAYS "THE RAT DIED BEFORE REACHING THE RIVER"

"Since moving near the river 2 years ago, we've always used RAT-SNAP. Watched a vicious water rat, nibbling at RAT-SNAP outside the house. About 15 minutes later he darted off for the water, to cool his burning stomach, but he died before reaching it." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by City Drug Store and Cole-Meyrick Bldg. Co.

### LAND FOR LARGER WEST TEXAS FAIR PURCHASED

Ahilene, Texas, Feb. 27.—As a part of the plans for the enlarged West Texas Fair, the City Commission has bought six acres adjoining the present Fair Park, and this land will be added to the present grounds of several acres in extent. The grounds now include a motor and horse race track, eight or ten buildings, a large grandstand, natatorium and other features.

S. R. Groves, of Southland, transacted business here the first of the week.

### FAMOUS WOMAN LECTURER COMING TO LUBBOCK

All women—club women, business women, professional women, farm women, housewives—will want to hear the talks and discussions to be given by Mrs. Bertha Dahl Laws at the Agricultural Short Course to be held in Lubbock on March 20-21.

As one of the leading women exponents of better homes and better health, Mrs. Laws occupies an enviable place in the annals of American progress.

Mrs. Laws graduated from the Boston School of Cooking over 30 years ago and was also a student at

Institutes, delivering lectures before chautauquas, clubs and schools. She was also teacher of home economics in the Northern Normal College at Aberdeen, South Dakota, for one year. She has lectured in nearly all parts of the United States, Canada and Alaska.

Eight years ago she began the work of building up a Department of Woman's Work at the Minnesota State Fair, and so fast has it grown that there is no other such department in America.

Mrs. Laws is being sent to us by the Agricultural Extension Department of the International Harvester Company.

In addition to Mrs. Laws, the Harvester Company is sending here to help in the short course H. S. Mobley, a practical farmer who has the experience and ability to make clear to others practical suggestions for meeting the many farm problems which bother all of us at times.

All sessions of the short course will be free. The public will be invited. Do not stay at home on account of the children—take them with you.

### A TONIC

Grove's Tasteless Chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless Chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

### MRS. MCINTYRE DIED NEAR TAHOKA MONDAY

Mrs. S. I. McIntyre, eighty-three years of age, died at her home near Tahoka Monday morning.

The remains were shipped to Valley Mills, Bosque County, Texas, by Rix Undertaking Company, and buried there in the family lot of the Valley Mills cemetery.

Wilkie Carter, of Cisco, was here Tuesday on business.

### HEREFORD SHIPS A BIG LOT OF LIGHT PORKERS

Hereford, Texas, Feb. 28.—More than 2,000,000 pounds of pork was shipped from here during 1921, which netted farmers and hog raisers, in this community, \$157,000.00 in cash. 132 car loads, averaging 30 hogs to the car, were shipped, most of these hogs weighed less than 200 pounds each. Nearly all of these shipments were consigned to the Pacific Coast where there is a big demand for the light weight hog.

**Colds Cause Grip and Influenza**  
LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine" E. W. GROVE'S signature on box. 30c.

Jim T. Douglas, sales manager of the Panhandle Cigar Company, made a business trip to Crosbyton the first of the week.

L. L. F. Parker was here Tuesday from Spur.

SEVERE WINTER WEATHER REPORTED FROM MANY PLACES COVERING VERY LARGE TERRITORY—HEAVY SNOWS

This has been a rough week, speaking of weather. Sunday was one of the most delightful days that one most ever experienced. Monday blew in with a cool norther blowing, which gained strength and by night quite a cold spell was upon us. Tuesday was a real raw day, with some sleet and thin snow, continuing through Wednesday, and at this writing, Wednesday evening, the snow comes down gently at intervals, and quite a bit of moisture is being deposited in the ground, and the weather man alone knows what the day to come has in store for this great country. What has already fallen will be beneficial, while of course it has not been heavy enough up to this time to make a season such as will be needed to put the farmers to work in earnest, it will all help, and possibly before twenty-four hours have elapsed, there will be a heavy precipitation one might guess either way, but the indications would lead one to believe that there is still more moisture in store for us. Most folks are staying in-doors and business of course has not been very heavy this week so far, but it is probably the beginning of the breaking up of the long dry spell, and if such be the case we can well afford to experience a few slack days for the benefits that the season will bring us in the future.

Amarillo, Feb. 28.—The temperature here was 4 degrees below zero this morning and the snow, which began yesterday, still was falling. At Abilene and San Angelo the mercury dropped to 19 degrees above zero, the coldest of the winter. Sleet continued falling this morning and Abilene reported traffic conditions bad. At Ballinger the temperature fell to 18 degrees.

Throughout North Texas rain fell generally throughout the night and slowly falling thermometers indicated possible sleet or snow by night.

Marshall, Texas, Feb. 28.—Rain, mist and snow have been falling here for thirty-six hours. The temperature is around 8 degrees above. The snow will be very beneficial to wheat.

Marshall, Texas, Feb. 28.—Another heavy rain commenced to fall here last night, and continued the greater portion of today. It is very cold.

Crosbyton, Texas, Feb. 28.—Crosby County is in the grip of a blizzard today with the temperature dropping to 7 degrees above zero. A high wind was accompanied by a very fine snow, estimated at two inches. No livestock losses are reported yet.

Maryneal, Texas, Feb. 28.—A cold wind and mist struck here last night and froze as it fell, doing considerable damage to stock and telephone lines. It is the hardest spell of the season. Snow is falling this morning.

Baird, Texas, Feb. 28.—The weather bureau prediction for today was fulfilled in every particular, with rain, snow, sleet and frost. At 8 o'clock this morning the thermometer registered 19 above. Cattle on the ranges are suffering as a brisk norther is blowing and snow is falling.

Blackwell, Texas, Feb. 28.—A blizzard is sweeping this section of the country today, accompanied by a fine sleet and snow, one-fourth of an inch. It will cause some loss in cattle.

Midland, Texas, Feb. 28.—Snow began falling here last night and continues falling today. The coldest weather of the winter prevails. Cattle will suffer and losses will be heavy.

Brooker, Texas, Feb. 28.—Snow has been falling since Sunday night. The worst blizzard seen for years struck here and much uneasiness for stock is felt. The snow is a big benefit to wheat.

Fort Davis, Texas, Feb. 28.—A light snow fell here last night and this morning. This is the second light snow this winter. As the grass on the ranges is needing moisture badly, no rain of consequence having visited this section since last July, this snow will be beneficial.

Canadian, Texas, Feb. 28.—The severest weather of the winter prevails here. Snow has fallen for thirty-six hours and the thermometer registers 2 above.

Chillicothe, Texas, Feb. 28.—Two inches of snow fell here last night and early this morning. It is still snowing.

Odessa, Texas, Feb. 28.—The coldest spell of the season is on today. The mercury stood at 14 above this morning. A light snow fell last night.

Nacogdoches, Texas, Feb. 28.—Five inches of rain fell within the past seventy-two hours and it is steadily raining. Temperature 60.

Bronte, Texas, Feb. 28.—A terrible blizzard has been raging since last night, with falling snow. The temperature is 15. Ice and snow is on the ground. This is the coldest weather since 1919. Stockmen expect heavy losses.

McLean, Texas, Feb. 28.—The worst blizzard of the season struck McLean last night. The thermometer registered two degrees below zero. No estimation can be given as to the depth of the snow on account of its drifting.

Brady, Texas, Feb. 28.—Following a light rain late yesterday evening the best chance in many months for a rain in this section vanished when a blizzard struck here early this morning. Peals of thunder preceded a heavy sleet storm which coated the earth with ice. The temperature continues falling. At noon it registered 10 degrees below freezing. The sleet and freezing temperature is certain to result in great suffering and loss among livestock.

Denison, Texas, Feb. 28.—A drop in the temperature to 24 degrees this afternoon drove away rain that fell all morning in this section. Snow and sleet fell during the entire afternoon. Railroad and inter-urban traffic is being delayed by the weather, while considerable damage has been done to telephone and electric light wires by ice forming on them, resulting in the wires snapping in many places.

Paducah, Texas, Feb. 28.—Heavy snow has been falling over this section since early morning.

Floydada, Texas, Feb. 28.—The coldest weather of the winter was recorded here this morning when the thermometer registered six above. A norther, accompanied by three inches of snow began yesterday. Snow fell until noon today. The moisture will be of some benefit to farm lands. Cattle are in better condition than usual at this time of year to withstand severe weather. Cattlemen have ample stock of feed and cake.

Clarendon, Feb. 28.—Temperature registered five above zero here this morning with a lower forecast for tonight, according to the local government weather man. The ground is covered with about two inches of snow and still falling.

Sherman, Texas, Feb. 28.—Sleet fell here at intervals this afternoon following an inch of rainfall. The fall was heavy enough to cover the ground, and will be of much benefit to wheat and fruit.

Goree, Texas, Feb. 28.—Sleet and snow have been falling here since late yesterday evening with temperature 15 above zero. This snow will be a great benefit to the wheat crop. No damage to cattle has been reported.

Colorado, Texas, Feb. 28.—The worst blizzard of the winter arrived last night with a gale from the north. The thermometer is 18 above. Sleet and snow have been falling all day. West Texas Electric Company high lines between Colorado and Sweetwater are out.

Comanche, Texas, Feb. 28.—There has been a heavy mist since 6 o'clock Monday. The ground is covered with sleet, which is still falling.

Hartley, Feb. 28.—Snowing continues here after thirty hours of falling. About six to eight inches of snow is on the ground, with the temperature 15 above.

### Gail Is After the M.K. & T. Railroad Extension West

Seeking to interest the Missouri, Kansas & Texas railroad in making an extension of its Texas Central branch from Rotan westward to Camp Spring, Snyder, Gail, Lamesa and Seminole and on to El Paso, representatives of towns along the proposed extension as well as representatives of Katy towns between Cisco and Rotan, held a well attended and enthusiastic meeting in Snyder yesterday. A committee composed of one member each for the towns of Stamford, Rotan, Snyder, Gail, Lamesa and Seminole was appointed to compile the data of the products of the counties through which the proposed extension of

the Katy road is to be built, and present it to the railroad company for its information. I. D. Brown, D. Dorward, J. K. Mitchell and B. F. Chancellor attended the meeting and report it a splendid rally and believe much good will result from it. Mr. and Mrs. J. Homer Beal and son and Miss Aynes visited, Big Spring Monday. A nice little rain fell here early Wednesday morning, then about nine o'clock along comes a nice, big sandstorm and dried up the mud? Kelvin Dorward had the misfortune to get an arm broke while cranking a Ford car Thursday. He is getting along nicely and thinks he will be well in a short time. Robert Nixon left Monday for Cooper, Texas, in answer to a message stating that his sister shot and killed herself Sunday night. The young lady fired two shots at a young man slightly wounding him, she turned the weapon on herself inflicting wounds from which she

died in a few minutes.—Gail Gazette. **MRS. C. W. ALEXANDER IM- PROVING UNDER TREATMENT** C. W. Alexander, of the Texas Land Exchange, returned Monday from Fort Worth where he had been to visit his wife who is under treatment of specialists, and his daughter, Miss Mamie who is staying with her mother. He reports that Mrs. Alexander recently underwent an operation and is getting along better at this time than for several months. Their many friends here wish for them an immediate return to Lubbock, and that Mrs. Alexander will be perfectly recovered. As usual, Martin's is first with the famous Eskimo Ice Cream Pies. Get yours today. Attend the Farmers' Short Course and Poultry Show in Lubbock, March 20-21.

### Postponement of Bonus Bill May Be Agreed Upon

Washington, Feb. 27.—Postponement of action on the soldier bonus for a while was suggested today by Representative Mondell, Wyoming, the Republican leader, after he and Chairman Fordney of the ways and means committee had conferred with President Harding. Emphasizing that the suggestion was his own, Mr. Mondell said it was well known that the House intended to pass a bonus measure at this session. He explained that within a short time there probably would be more definite information as to expected savings in expenditures for the next fiscal year and returns from the foreign debt and

whether business conditions could be expected to improve to the extent of insuring additional federal revenues. Mr. Mondell and Fordney were understood to have appraised the president formally of the action of the special House sub-committee in rejecting the executive's proposal that the bonus be financed by a sales tax and approving instead a bill without any definite means of raising the revenue. He would not indicate what views the executives had expressed, but Representative Longworth of Ohio, a member of the committee dealing with bonus questions said tonight after a visit to the White House that Mr. Harding still was of the opinion that the legislature either should be financed by a sales tax or postponement.

**TEXAS POPULATION REPORTED 71 PER CENT NATIVE** Washington, Feb. 26.—The native population of the State of Texas, as shown by the 1920 census is widely distributed, 71 per cent having been born in Texas. The States total population is 4,663,228, of which 4,299,396 are natives. The whites born in Texas numbered 2,550,041, and the negroes 655,065. The persons born in Texas show a gain of 1 per cent during the ten-year period. **CHAMBERLAIN'S COUGH REMEDY SO GOOD FOR A COUGH OR COLD** "Everyone who has used Chamberlain's Cough Remedy speaks well of it," writes Edward P. Miller, Abbottstown, Pa. People who once use this preparation are seldom satisfied with any other. It is excellent to allay a cough or break up a cold.

## TEXAS IS FAST BECOMING GREAT-EST TURKEY RAISING STATE IN THE SOUTHWEST, SAYS EXPERT OF A. & M.

My travels this fall throughout Texas, especially Southwest and West Texas, clearly convinced me that the Lone Star State soon will have to shoulder the turkey crop for the entire United States. In the Eastern States the dreaded turkey disease "black head" has almost entirely discouraged the raising of turkeys. This disease appears common and very fatal where turkeys are kept on more or less crowded and congested yards. The production of turkeys in the eastern states is decreasing at an alarming rate. Conditions are continually getting worse. In the middle western states turkeys are decreasing rapidly because of the increased density of the farm population. The agriculture land is exceedingly rapidly being cut up into small farms. This means a death blow to the turkey industry. Turkeys cause trouble among small farm farmers because of their roving habit. Statistics show that if the turkey industry decreases as much in the other states as in the past, that ten years from today, Texas will have to produce more than fifty per cent of all the turkeys in the United States. The last census shows Texas not only the leading State, but producing more than three times as many as any other State. Missouri, is rap-

idly dropping out as a turkey producing state. All indications clearly point to this fact that Texas soon will be called on to produce the majority of the national bird, the turkey. Nearly all the people in the United States want a turkey for Thanksgiving and Christmas dinner; and Texas farmers are so fortunately situated that they can grow these birds at great profit. Recently I made a trip up and down the Santa Fe, from Temple to San Angelo. Talk about a turkey country, a more ideal location for raising turkeys cannot be found anywhere in the world. Conditions are simply ideal for the growing of turkeys. The land both rolling and flat, a big portion of it sandy loam, ideal for raising turkeys. The climate, dry and moderate. The west dews are uncommon, and in other sections of the State a serious drawback to turkey raising. The feed grown is the very kind the turkeys thrive and do well on, like the grain sorghum and corn. In Goldwaite, Mullin, Brownwood, Bangs, San Saba, and other towns, I recently visited, the opportunities of making money raising turkeys, are unlimited and unbelievable. A turkey in this country is a wonderful investment. It is true that to some extent

some few people have awakened to the great opportunities of raising turkeys. Sometimes, though, when I talk with many of these people, many are disheartened because of the drought. I can not understand why they keep on apparently asleep and half dazed, sleeping on their rights. Why don't they wake up and grasp the opportunity knocking at their door. Turkeys can and will make every farmer in the great Southwest and West Texas independent. All that is necessary for them to do is to cease worrying about the droughts, more of which are sure to follow; and raise turkeys. Turkeys will thrive in dry weather, and can do with less water than any kind of live stock. The turkey is certainly the "golden goose" of West Texas. In many parts of West Texas, the wild turkey, is still common and are hunted. Not long ago I saw several flocks of wild turkeys a few miles from Kerrville, Texas. They are found in flocks in the vicinity of Junction City and Fredericksburg, Texas. Wild turkeys, in that section sometimes go to roosting with the domesticated turkeys. I have seen tame turkeys go underneath trains while unloading at the smaller towns. A better turkey country you cannot find. Where wild turkeys grow, the domesticated turkey can be grown in large flocks at almost fabulous profits. In some of the smaller towns, the people have learned to know what the turkey means to them, because they have stood between them and starvation. Only a few days ago at Mullin, Texas, the farmers were bringing in turkeys in great big wagons, waiting their turn to unload them. Most of these were shipped to dressing points. Some were picked, and the feathers were flowing over the entire town. I do not believe there is a thing our West Texas farmers can raise that is more profitable than turkeys. Turkeys are a safe investment every year. One farmer, operating a \$50,000-000 farm told me that he invested \$9.00 in turkeys, and made more clear profit from his turkey investment than his entire farm. One farmer told me he had 500 head of sheep, he would be willing to trade for 500 head of turkeys. A farmer near Goldwaite sold 20 turkeys for \$127.00 on the common market at regular market price. Many turkeys brought from five to six dollars each on the market, and some netted more than \$10.00. There is more clear money to be made raising turkeys in West Texas than out of any other line of farming. One produce house in Brownwood last year bought over \$500,000.00 worth of turkeys. Remember that means bringing in money from the East and North. In the small town of Mullins, two firms are buying turkeys, and in one day of this week, one of these firms paid to the farmers over

**MONROE NEWS ITEMS OF THE PAST WEEK**

The rain last week was very light but was welcomed, and farm work was resumed.

The Matheny party was well attended and everyone reports a joyous time.

On the night of the 22nd, a meeting was enjoyed at the College auditorium, in which the Farmers Union and its members entertained almost a full house. Mr. J. C. Shaw making a short but most interesting talk after which Mr. T. Q. Dyess, favored us with some comic songs, such as "Putting on Airs" and "Come After Breakfast Bring a Lunch and Leave Before Supper time," which received applause. Then our sweet singer, Floyd Matheny and his baby sister Reba, who is only 7 years old, sang a duet, "If I could hear my mother pray again" which was very sweet and received with enthusiasm. Mr. J. C. Webb, from San Marcus, Tex., favored us with a lively talk on Co-operation and Union among farmers. With a closing song by Mr. Dyess accompanied by his guitar.

The McDonalds, the Shaws, Prof. Dulaney and wife and Miss Montgomery, Mr. Gillet and other from Caldwell, whose names we failed to get, attended the meeting of the Farmers Union here on Washington's birthday.

Mr. J. A. Long and daughter, Miss Mabel and Miss Ora Carr were among the visitors to Lubbock on last Saturday.

Mr. Howell, Methodist preacher, from Abernathy filled his regular appointment here on last Sunday evening. His subject being, "Eternal Life."

After the meeting of the Church of Christ, the Stephensons and Robinsons all gathered at the home of Willie Robinson and wife and enjoyed a most delicious dinner and an afternoon of congenial conversation.

Our primary teacher, Miss Elvera Tannahill visited her parents, 9 miles west of Abernathy, on last Saturday and Sunday, having returned on the 10 o'clock train Monday morning.

Mr. Algeres Tannahill spent Sunday and Monday among old friends here.

Mrs. Russell and son, James, have returned from a visit to her parents at Slaton, and our principal teacher is all smiles again.

Mr. Ernest Thaxton of Lubbock, attended our meeting on Tuesday night and was seeing old friends or friend (?) on Sunday P. M.

Mr. and Mrs. J. J. Adams of Lubbock, passed here last Saturday enroute to visit their mother Mrs. Parish at Abernathy.

Mrs. L. E. Stephenson celebrated her 74th birthday on February 25th. She has lived through three wars and says she never knew this state to be without whiskey so nearly as it is today. In her childhood good men made good whiskey all the week and drank it attending church on Sundays and teaching God's word—exhorting all men to be temperate in all things and a drunkard was considered an undesirable citizen then as now. The ladies danced in skirts seven yards wide with hoop skirts, and pinched in waist line, dancing all night and returning home after breakfast.

Mr. Caudle and wife and children of Lubbock are visiting the lady's brother, Will Haddock and family, who were dinner guests at the home of Marion Haddock and wife on last Monday, in which 22 relatives participated.

Long live the Avalanche, and success to its noble Editor.

Mr. Farmer and Ford owner, let me loan you a tractor, made from a Ford car, for one week. If not satisfied it costs you nothing. Lub-Tex Motor Co. 51-11

**PLAINVIEW WILL PAY \$500 PRIZE ON BAND**

Plainview has announced an offer of \$500 in cash prizes to bands at the West Texas Chamber of Commerce Convention to be held there May 22 and 23. The West Texas Chamber of Commerce will probably add \$200 additional money to the prize offering. The first prize will be \$500 for the best band at the convention and the remainder of the \$700 will be graduated to other winners. A. G. Hinn of Plainview is chairman of the committee to draft the rules and regulations of the contest to decide the prize winners.

It is expected that at least fifteen large bands will be at the West Texas Chamber of Commerce Convention and that the competition for the prizes will be very keen.

Bill Neves, of the Western Windmill Company, went to Idalou Sunday, returning Monday. He was at one time in business there.

**NEXT DOSE CALOMEL MAY SALIVATE YOU**

It is Mercury, Quicksilver, Shocks Liver and Attacks Your Bones

Calomel salivation is horrible. It swells the tongue, loosens the teeth and starts rheumatism. There's no reason why a person should take sickening salivation calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate. Calomel is a dangerous drug, besides it may make you feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No salts necessary. Your druggist says if you don't find Dodson's Liver Tone acts better than treacherous calomel your money is waiting for you.

**Texas Market Reports By Radio Is Latest Development in Radiophone Lubbock Preparing to Receive Them**

The following article, while not local, is of great interest to local people, as the efforts of the local Rotary Club to install a wireless station here are about to be completed, the committee having been constantly at work on the matter for the past several weeks. It is encouraging to know that Lubbock will not have only receiving stations, but a broadcasting station is also planned, wherefrom smaller sets within a radius of seventy miles can receive these reports relayed by the local broadcasting station to the small receiving sets. The value of Radio as a stimulant to business is unestimable and we are sure a few sets installed in this vicinity could be good investments.

and requests received daily by State Officials for information.

Since radio news broadcasting has been demonstrated as efficient, economic and instantaneous, it has been decided to put on the service in a moderate practical way and to expedite matters and facilitate the handling of the news reports, the service will be known as the "Texas Radio Market News Service."

The plan being to obtain daily market reports from the central markets of the country through the Kansas City office of the United States Bureau of Markets and Crop Estimates and from other sections of the country through other agencies. The data will be collected by the State Department of Agriculture, State Department of Markets and Warehouse, the University of Texas and the Federal Bureau of Markets and Crop Estimates, Washington, D. C. The necessity for a general diffusion of reliable information fresh from the loom is evidenced by a growing public desire from all trades and professions, manifested in the great number of constant inquiries

Farmers Short Course, Lubbock, March 20-21

**Want of Ready Money Makes Men Cowards**

Know the Confidence That a Savings Account Gives.

Opportunity will knock at your doors soon, but it will take READY MONEY to entertain her.

Men are constantly telling us of chances to get into business for themselves if they only had a little READY MONEY.

Our idea is that if you haven't nerve and self denial enough to save a part of what you earn, but spend all you get your hands on, you would spend our money also if we let you have it.

Therefore open a Savings Account with this bank cultivate it, add to it and you will not only have some READY MONEY, but you will add to it the courage that READY MONEY gives.

It is thought that this service will be of greatest value to farmers, farmers' organizations, distributors of farm products and commercial organizations, but any individual, association or organization may also receive it free of cost by installing a simple radio receiving apparatus which can be had at a very small cost.

It is probable that the Chambers of Commerce in each town or city will wish to make their organization the Radio News Center for the community by posting bulletins and relaying the news by telephone to interested parties. It is contemplated, if possible to release the news from Austin at a time which would seem most convenient for the press.

Mr. J. C. Gilbert, Specialist in Market Extension, Bureau of Markets and Crop Estimates, United States Department of Agriculture, after assisting in arranging plans for the cooperative work between the above named agencies left for Washington, D. C. this morning. Mr. Geo. Endress, who represented the University of Texas at the conference, will have charge of the University Radio Station and Mr. J. Austen Hunter, has been designated as a joint representative of the Markets and Warehouse Department and the Department of Agriculture, who in addition to his other duties, will for the present have charge of the office details of the "Texas Radio Market News Service" and those wishing further information will please address, J. Austen Hunter, Assistant Marketing Agent, Texas Radio Market News Service, Austin, Texas.

**MOTHER, QUICK! GIVE CALIFORNIA FIG SYRUP FOR CHILD'S BOWELS**

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again. Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle, or you may get an imitation fig syrup.

A wrinkle is a grin gone wrong.

**Santa Fe Would Change the Name of Lorenzo, Texas**

The Chamber of Commerce held its meeting February 21 at the high school building with 75 present. A problem of importance and great concern presented itself: Would we change the name of Lorenzo? This was the first item disposed of after the meeting was called to order.

Mr. Hunsate, Santa Fe representative at Lubbock was introduced and placed the proposition before the body in a manner that was pleasing, saying in part: "The Santa Fe has a rule to do away with the repetition of station names where they appear on our railway system. This is done where trouble is caused by the repetition, and only where practical to do so. Our general offices have had considerable difficulties, both in files and in shipping. It is our custom to give the older town the preference, and since Lorenzo, Ill., claims to be the older town, the Santa Fe asks that the name of Lorenzo, Texas be changed."

The matter was discussed to the satisfaction of all. It was pointed out by a number of our prominent men of the expense and trouble of this change, to individuals and to the entire community. Mr. Pieratt, of the First State Bank stated that the change would cost that institution in the neighborhood of \$2,000. Trouble would also be made in regard to our independent school district, and recent bond issue. Following this and other discussions, a rising vote was taken. Those in favor of Lorenzo maintaining her name were 68. Those in favor of changing, none.

A motion was made that a resolution or petition to the Santa Fe be drafted, requesting that the name of Lorenzo, not be changed. It was incorporated in this motion that since Lorenzo, Ill., has no post office, and in 1920 a population of only 15 it is considered fair by us that Lorenzo, Texas have the preference in holding the name.

A rising vote of thanks was extended the Santa Fe for their courtesy and consideration in the matter and at the same time pledging the support and co-operation of the Chamber of Commerce to the Santa Fe in the future development of the Panhandle and Plains country.

Other business of minor nature was attended to, after which the meeting adjourned.—Lorenzo Enterprise.

Alberta Robinson, negro, of Lamesa, died here Friday and was buried Saturday.

Again we ask the phone company for a book showing the wrong numbers to call to get the right ones.

**SCIENTIFIC DEVICE GIVES SEX OF EGGS**

New York.—Ever buy a setting of eggs in the hope of raising a flock of hens to keep you in eggs all season and then have 'em all turn out roosters? You won't have to do it again. For the latest scientific device is a "sexometer" that enables you to tell whether an egg houses a potential hen or a fooster, says a current issue of Popular Science Monthly.

Now poultry raisers can send the eggs containing roosters to market and keep the eggs containing hens for hatching. The "sexometer" consists of a piece of cork wound with copper wire from which is suspended a pendulum of wire ending in a flat piece of aluminum plated substance. In examining the egg, the cork is held in one hand and the egg in the other. If it is male, the pendulum, it is claimed, will swing in a circle. If it is female, the pendulum is said to swing back and forth.

It has been demonstrated that the device, when held over one egg will swing in a circle; yet when it is held over another, it will swing back and forth. Whether these varying motions are due to the sex of the egg, or to such incidental qualities as shape and size is a puzzle that no one has been able to answer.

The inventor claims that in experiments covering a period of six months, the instrument was correct on 85 per cent of the eggs tested were correct.

**No Worms in a Healthy Child**  
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or digest the worms, and the Child will be in perfect health. Pleasant to take. 50¢ per bottle.

Dr. Gilliam, of Lamesa, was here last week under the care of a local specialist for nose and throat trouble.

W. C. Booton, druggist of Crosbyton was operated on in a local sanitarium Sunday.

**10 PRECINCTS IN THE CITY OF LUBBOCK**

In reporting the new ticket for city officials in Tuesday's paper we made the error of giving them by precincts. This was not intended, but intended to say Commissioner No. 1, 2, 3, and 4. Most people know that this was merely a mistake of the type, but some folks might misunderstand it, and get confused. In voting you vote for commissioners for various kind of work, and not for the location as in County precincts. No. 1 has one part to perform and No. 2 a different work and so on down the line. Between now and the election we will publish for the information of our readers what each commissioner's job has been the custom in the past, is supposed to do.

Mrs. J. D. Moon, of Snyder underwent an operation in a local sanitarium Friday of last week.

**WHY NOT A WESTERN MAN?**

With each passing week the number of candidates for the United States Senate from Texas is increased. The latest indication is that Lieutenant Governor Davidson will enter the running. Mr. Davidson's home is in Houston; Senator Culberson's home is in Dallas; Former Governor Colquitt's home is in Dallas; Dallas is the home of Cullen F. Thomas; Bob Henry lives in Waco; Jim Ferguson hails from Temple; Earl B. Mayfield lives in Austin; Clarence Ousley lives at College Station. Of all the candidates for Senator Culberson's seat in the upper house of Congress only one lives west of the Trinity River, Lucian W. Parrish of Henrietta. Isn't it about time that the political honors of Texas were passed around? The western half of the State has never had a Governor, and North Texas counties have monopolized the senatorial honors for almost a generation. East, North and Central Texas have the greater share of the representation in both houses of the Texas Legislature and the lower branch of Congress. Population considered West Texas has never had an equal share in the political honors of the State. The Tribune favors the election of western men to public offices in Texas whenever possible. Not merely because they are western men, but because we have certain peculiar problems in this section of Texas that the politicians of other sections do not understand. It is in keeping with the genius of our government, all sections and all the people have a voice in the government.

Mr. Parrish is capable of representing Texas in the United States Senate. He has the qualifications and it is about time that the western part of Texas began to be considered in handing out political honors from this State.—Amarillo Tribune.

The Tribune is hitting the right trail now. It is blazing away at the same proposition that the Avalanche has been pounding on for some time, and that is the importance of the people of West Texas standing by their men, when they offer for important offices, either State or National. The trouble with West Texas, the population is made up of people from every section of the State. Mostly East, Central, South and North Texas, and when a fellow from those sections offers for office a number of the people out here have known them before—were neighbors to them back where they came from—went to school with them—belonged to the same church or something of the sort, and get out an dtear their shirt for their old friend in preference to the West Texas Man, who knows something about this country, and who will be more interested in the welfare of West Texas than your "friend where you came from". Nine times out of ten he is prejudiced against the West and will not give us one moment of consideration, when elected, yet you fire away and vote against your own interests. If West Texas is ever going to get justice at the hands of the lawmakers of this State they are going to have to stick together on West Texas men, and get West Texas men in the race for offices that have influence and ability. If you can't get a West Texas man, tie into the one nearest, or find out what those in the race are in favor of, so far as the West is concerned, and if they have any honor or moral standing, vote for him. There are some mentioned in the above list that no true Democrat could afford to vote for, and others who people who advocate higher morals could not afford to support, no matter where they might hale from.

**TEXAS SCHOOL MONEY**

The State Board of Education has announced that on March 1 an apportionment of \$2.00 per capita be paid for the maintenance of the schools. This will make \$3.50 that the State has paid for the present scholastic year of the \$13, that was decided upon for the year by the State Board of Education last summer. In other words the State owes Lubbock schools \$9.50 for each pupil that was enumerated by the scholastic census when taken last spring. The amount which the State owes us would amount to something over \$13,000 and this would be a great help to the teachers of the schools if it was available when their vouchers are made. It would not be quite so serious if we really knew that we would get the money at all during this term; but there seems to be serious doubt on the part of State officials whether the State will be able to pay this money, hence the burden falls heavily upon the people of Lubbock Independent School District to take care of the running expenses of the schools. West Texas is paying a lot more than her share of money into the State School Fund, and then cannot even get back the small pittance that the Board sets aside for education. It is time for West Texas to be waking up, and contending for her rights. Make those fellows "down East" render their property at something near what they value it, and there will be plenty of money to carry on the affairs of the State and our school teachers will get their money and education in Texas will take on new life, and measure up to something like it should.

The Avalanche heartily endorses the action taken at a recent meeting of the Texas Mother's Congress, which body adopted some strong resolutions regarding the sale of cigarettes. Too much laxity is shown in this country in the sale of tobacco and cigarettes to minors, and there is too much of this unthoughtfulness of men in giving smokes to boys as treats. We cannot have much respect for a man who will buy cigars for school boys, and especially for ours, when we try in every way to discourage the use of the stuff. Then the dealers in tobacco are entirely too lax in selling to youngsters, and should be reminded that there is a law against the sale of cigarettes to minors and we hope the Woman's Congress will get some definite action on this subject and check the wholesale destruction of the lives of our boys caused from smoking these poisonous articles.

**BUY OUT OF YOUR HOME TOWN AND HELP IT FAIL.**

"I get all of my printing from the city shops; have to wait a while for it, but I am certainly not using a common home product," sounds alright, but it is not alright. It looks big to say the home town is too small for a character of your calibre, but maybe everybody doesn't agree that it is. The small town guy is the one who can't keep from talking about how small his town is. Lubbock is big enough for the biggest citizen here, its printing offices are modern and its newspaper is just as up-to-date as the demand calls for, its dry goods, grocery, hardware and automotive businesses are capable of taking care of the needs of the most thrifty spender, and when one talks about a "small town here" all his hearers realize he just doesn't know any better, and would like to sound big.

Don't hand a customer a circular that is printed out of town then tell him it is unprogressive to order from Sears and Roebuck.

The out-of-town mail order houses cover several lines, and the newspaper is the strongest force that has opposed the method of killing the home town by buying from other places, and the fellow who has accepted the protection of the press then turns his orders out of town in other lines than his own is the most unprogressive citizen anywhere, and is only kidding himself that he is saving money. "Buy it at home and have a good home town."

**THE FAIR GROUNDS**

With no if's and and's about it, this county fair ground proposition should be put over at once. The erection of the necessary buildings could just as well be going on now as to wait till fall, when everything will be in a rush, labor will likely be harder to get, and will cost more. The present buildings should by all means be painted and worked over to the extent of improving them, and this would furnish employment for a number of men who really need the work, and at the same time would be doing the thing that should be done in regard to the improvement of the fair grounds. The fair grounds will be used as a tourist camp ground again this summer, and it should be made attractive, and the accommodations be such that tourists will speak complimentary about our town, rather than in a criticising way. The advertising given by tourists is worth much to a town if favorable and it will hurt a town in many ways, and the damage could hardly be estimable if they should see fit, or have reason to criticise. Let's put the fair ground and buildings in such good condition that there can be no excuse for any adverse talk about Lubbock. Let's make it so inviting that people will drive a long way and fast to get here to spend a time at our camp ground.

**WE SHOULD WORRY**

When one doctor doctors another doctor, does the doctor doing the doctoring doctor the other doctor like the doctor wants to be doctored or does the doctor doing the doctoring doctor the other doctor like the doctor doing the doctoring wants to doctor him?—Plainview News. We know we would like to know who would want to know.

A new law which went into effect several months ago, seems to be getting a lot of folks into trouble down Abilene way. We note a report from Abilene that 130 complaints had been filed by the County Attorney of that City, for violation of the "assumed name law." It has recently been decreed that where the case of an assumed name, that is: Bill Blank & Co., or the Elite or such other name, the owners must file with the county clerk the names of each partner in the business, or else be subject to prosecution. Many people have ignored this way and it is getting some of them into trouble. Better see about this. It may be that you will wake up some day and find a complaint hanging over you, for the same offense.

Sweetwater has received notice that they will be penalized at the rate of 12 per cent for the fire losses last year. Lubbock retained her 15 per cent reduction. It is easy to lose the percentage, if people are not careful about fires. There are many ways by which buildings can catch fire, and it behooves home owners, business firms, and all other people to be careful with fire. The use of oil stoves is dangerous, and great care should be exercised when using them. The time of year is at hand when we notice many people burning the grass off their yards. This is very dangerous and should be done with the greatest caution.

People are waking up to the needs of a new high school building in Lubbock. We have heard several speak favorably of it recently who have heretofore been opposed to it. It is one of the great needs of the city, and we cannot hope to make as rapid progress in population and along general lines of commerce if the schools are not taken care of. Let's rush those petitions up, and have the election and get lined up for that new building. The town needs the building and a lot of people around here need the work. Let's go!

It appears to us that Lubbock is simply sleeping on this job of getting an Oil Mill in Lubbock, as well as a bonded warehouse. These are two enterprises that we absolutely believe would be worth every dime that it would take to get them, and the sooner we get them the better for us and for the farmers of the surrounding territory. The more things that Lubbock cinches now the quicker she will lay all her competitors in the shade and move forward making the city we should make it.

The Republicans would like awfully well to in some way defer action on the Soldiers bonus bill. If they have to act, they fear the soldiers' influence and they fear the other fellows—the public, so they are in hot water, and it looks like President Harding cannot comfort them much.

State Senator T. W. Davidson, of Marshall has made known his intentions to make the race for Lieutenant Governor. The present incumbent, Lynch Davidson, says he is not in the race for re-election.

Lubbock will soon have a public auditorium according to reports. Let's go!

**AVALANCHE SERMONETTES**

By the Office Preacher

Supported by the efforts of many of the best people of Washington City, a measure has been introduced into Congress asking for a law for the maintaining of the sanctity of the Sabbath in the District of Columbia. This has brought forth the opposition of those who wish to secularize the Sabbath by making it a day of labor, a day of recreation and amusement, with the work attendant upon such courses. This opposition is formulated by and centered in an organization known as the Religious Liberty Association, with C. S. Longacre as general international secretary, Tokoma Park, Washington. The Presbyterian has this to say in commenting on the matter: "A society opposing the sixth, eighth, or ninth commandment might as well call itself a 'Religious Liberty Association' as one that opposes the fourth commandment. It is one law and rests back on the divine authority. Grant the right to break one of these laws, and you grant the right to break any of them. According to the Word of God and the testimony of history, the maintenance of the Sabbath is absolutely necessary for the preservation of the life and morals of the nation. Every Christian and every loyal American should rise in opposition to this influence against the Sabbath in its efforts to bring about in this country some of the moral and religious looseness which is now devastating some of the nations of Europe. We want no liberty that is not wed to righteousness and godliness."

Occasionally there comes to our shores some noted European or Asiatic who, after having studied for a few days, America as outlined against the background of New York City, departs for his native shores, leaving with us as a choice nugget of wisdom a most polished sneer at what is called the "failure of prohibition." One wonders if such a sneerer—and his name is legion—ever stops to consider the nature of the impression which an American receives when he studies the strange lands across the sea. John Gary Evans, former Governor of South Carolina, returned to America a short time ago after having spent several months in Europe and Northern Africa. In a newspaper interview he said: "I have seen so much of wine drinking and whisky drinking and beer drinking, so few persons who were actually sober, so many evidences of degeneracy brought about by excessive use of alcohol that I feel like commending our country for having taken alcohol in hand before it had gotten a death grip on our people." This was said by a man who in the past had not been especially active as

an advocate of prohibition. For this reason his words are the more significant.

**WALK THOU WITH ME**

Walk thou with me, dear Lord,  
Within the busy marts,  
Where hate and fierce discord  
Abound in aching hearts.

Walk thou with me at morn,  
When all the world is still;  
My heart with faith adorn,  
My soul with rapture fill.

Walk thou with me, O God,  
Adown the winding lane,  
Let trea and sky and sod  
My faith in thee sustain.

Walk thou with me at noon  
Across life's "great divide,"  
For night will fall full soon  
Upon the thither side.

Walk thou with me, dear Lord,  
Along the western slope;  
O grant that "sweet accord"  
May come through faith and hope!

Walk thou with me at eve,  
As final shadows fall;  
For aye me not, nor leave,  
Companion, Friend, my All.

Now, through the valley drear  
He leads me by his grace;  
With soul released from fear,  
I'll see him face to face.

—Crawford T. Ruff.

A fellow that would not go to church last Sunday certainly had something seriously the matter with his dome. It was one of the most delightful days so far as weather is concerned, that one could hope to ever see. It was so delightful, we cannot see how a human being could stay away from the house of worship. It looks like the wickedest old sinner on earth could not keep from praising his Maker for the delightful weather that day, if nothing else.

The "office preacher" is as strong for a Sunday School Base Ball League as we are strong against Sunday Base Ball playing. And we are uncompromising in the latter. Let's have a good Sunday School Base Ball team in Lubbock. We understand the young men's class of the Methodist Sunday School will organize this week.

Rev. T. P. Knickerbocker, pastor of the Trinity Methodist Church El Paso says:

Infidelity chokes the music of the birds, takes the blue out of the sky of hope, puts 66 midnights into every grave, stops the sweet song of childhood, knocks the crutches from under lame and broken hu-

manly, and robs the world of its Bible and its Christ.

Lubbock churches were well attended Sunday still there were a lot of folks out auto riding when they should have been worshipping with some congregation in the city.

I tell you folks, this old town needs a thorough cleansing. There are too many places around here where crap games can be indulged in and too many people are making themselves party to the crime, by not helping the officers to "get on the gamesters." Help the officers to clean up the town or shut up howling about it being corrupt. You are no better than those engaged in the games if you know about it and won't help to stop it.

Protracted forty-two and bridge parties are becoming stylish now, and we note they are well attended, even better than the prayer meeting, the Sunday School or the Parent-Teachers Association or Club. We noted last week that several forty-two and bridge clubs had a large attendance, and we heard that the Parent-Teachers meeting had present the large number of three mothers. The former is for pleasure, but the latter is for the good of the children of the community. As long as such performances as this continue, card playing is an absolute sin, and how can we expect our children to grow up to manhood and womanhood and make the useful citizens that they should? It can't be done, sister, and you can say what you please about it, you are running a gambling joint, and gathering fuel for the divorce courts. Better sit up and take notice. Think!

**LOCAL NEWS FROM THE SEMINOLE SENTINEL**

Dr. Clifton Carter, who has for the past several years served the Texas Sanitary Livestock Commission in this territory with headquarters at Midland, has been transferred to Lubbock.

W. M. Breckon left Thursday for the central part of the state, after some equipment he has purchased for his light plant at this place. He was accompanied by J. W. Hood, who will be in charge of the plant.

John C. Hart was a business visitor to Monument, N. M., the first of the week.

Rev. Geo. W. Shearer, of Lubbock, will be here Saturday on his second round, holding the second quarterly conference of the Seminole and Seagraves Methodist churches at Seagraves Sunday afternoon. He will give a lecture at the Masonic Hall Saturday evening to the members of the local lodge and their families. This lecture is said to be a real treat, and no doubt Rev. Shearer will be greeted with a full house.

Memory is short, some things are easily forgotten.

STRICT ENFORCEMENT OF CIGARETTE LAWS ARE URGED BY THE TEXAS MOTHERS CONGRESS AND P.-T. ASS'N.

Austin, Feb. 25.—Strict enforcement of the state law prohibiting the sale of tobacco to children and minors is urged and promises of cooperation are made to the Women's Temperance Union in its efforts along this line by resolutions adopted by the Board of Managers of the Texas Congress of Mothers and Parent-Teachers Association at its meeting held in Austin.

POLITICAL ANNOUNCEMENT

The following parties authorize the placing of their names in this column for the various offices, subject to the Democratic Primary, in July, and ask a favorable consideration of their claims:

- For County Judge: F. F. BROWN, Lubbock, (Re-election); D. W. PUCKETT, Lubbock. For Clerk of the District Court: LOUIE F. MOORE. For County Clerk: H. F. STUBBS, Lubbock. For Sheriff: C. A. HOLCOMB, Lubbock, (Re-election); JOE W. PERKINS, Lubbock; R. I. TUBBS, Lubbock; P. B. PENNEY, Lubbock; I. J. OSBORNE.

- For Tax Collector: SAM SPIKES, Lubbock; TONY Q. DYESS, Lubbock; A. J. CLARK, Lubbock; ANSEL HINES Lubbock.

- For Tax Assessor: R. C. BURNS, Lubbock, (Re-election); A. B. JONES, Lubbock.

- For County Superintendent: E. R. HAYNES, (Re-election) (Lubbock).

- For County Commissioner, Pre. 1: M. M. CRAWFORD, Lubbock, (Re-election); J. H. BURROUGHS.

- County Commissioner, Pre. No. 3: B. N. WHEELER, Idalou, (Re-election).

- For Commissioner, Pre. No. 4: J. C. SHAW, L. C. DENTON.

- For Justice of the Peace, Pre. No. 1: J. WESLEY SMITH (Re-election); J. H. RICHARDSON.

- For Public Weigher, Pre. No. 1: C. T. JACKSON, Lubbock, (Re-election); J. F. BUMPASS, Lubbock; T. W. McNEELY, Lubbock.

- For Public Weigher, Pre. 3: J. D. FUGITT.

- CITY OFFICIALS: For Mayor: PERCY SPENCER, J. T. IMON.

- Commissioner, No. 1: L. H. SIMPSON, H. G. LOVE.

- Commissioner, No. 2: J. O. JONES, J. B. PRYOR.

- Commissioner, No. 3: GEO. C. WOLFFARTE, J. A. PHILLIPS.

- Commissioner, No. 4: W. S. POSEY.

- HOCKLEY AND COCHRAN COUNTIES: For Tax Assessor: W. G. FRAZIER, LEONARD C. TOW.

- For Sheriff and Tax Collector: J. A. STROUD, (re-election).

The Board plans submitted by the finance committee for raising an endowment fund of \$25,000, Mrs. Ella Caruthers Porter, of Dallas, founder and honorary president of the organization, has given \$5,000 toward the fund as a nucleus.

To Open Austin Headquarters

Upon motion of Mrs. W. B. Toone of San Antonio, the president was authorized to appoint a committee to select and rent a suitable office for headquarters in Austin and that a secretary be employed. The efficiency of the work of the congress is expected to be greatly increased by the establishment of such headquarters.

The president, Mrs. S. M. N. Marrs, announced that in the summer session of the University of Texas, Dr. Frederic Eby of the Department of Education, would give lectures on the work of the Parent-Teachers' Association.

The offer of T. H. Shelby, director of the extension department of the University of Texas, to give the services of Miss Amanda Stolfus of the University of Texas, as a field worker to co-operate with the Mothers' Congress in organizing and promoting parent-teacher association work was accepted.

It was stated to the board that the extension department could serve the communities of Texas much more efficiently through the Parent-Teacher Association than through other mediums.

The board authorized the president to appoint a legislative committee which would be given the power to co-operate with other organizations to promote desirable legislation.

The appointment by the president of Mrs. J. M. Loving of Austin, as publicity chairman, and of Mrs. Helen Higgins as demonstration agent, were approved by the board.

District Meetings

The following district meetings were announced: First district, of which Mrs. J. T. Simms of Clarendon is president, at Ranger, March 9 and 10.

Second district, at Cleburne and the third at Longview, at some time in the near future.

Miss Annie Webb Blanton, State Superintendent of Public Instruction, made an address to the board on the present needs of the educational system in Texas, pointing out that unless some method of increasing school funds should be found at once that the per capita appropriation would fall very low, "to the shame of all Texas."

An interesting report was made by Mrs. F. W. McAllister of San Antonio the extension chairman. Twenty-four new organizations were reported and plans for co-operating with the proper State officials were being formulated for county organization.

CHARGED WITH SMUGGLING LIVESTOCK INTO TEXAS

Inspectors and other livestock officials have notified J. E. Scott, chairman of the Texas Livestock Commission, that infected stock is being smuggled into the state from New Mexico.

After a conference at Amarillo with stock men, Mr. Scott stated that lack of penalty in Texas against bringing in infected stock is hampering the work of the commission, and advocates passage of a law carrying a penalty.

At present the inspectors can only turn back the stock and allow the owners go un molested.

ITEMS CLIPPED FROM THE ABERNATHY REVIEW

Rev. J. T. Howell left Monday afternoon for Clarendon to be absent a couple of days attending the Epworth League Convention of the Northwest Texas Conference.

Don't forget your duty. Some on the first of April and vote on the trustee election. There are four new members to be elected. The outgoing trustees are Mrs. J. O. Jones, E. B. Lindsey, F. W. Struve and T. B. Stone.

Several of the young people of Abernathy attended the pie supper at Lakeview last Friday night, and also attended by a large crowd from other parts of the country.

Those attending from here were: Lenard Haral, Hugh Ragland, Ed Hardesty, Rayborn Dardons, Earl Sanderson, Miss Grace Evans, Vivian Coffman, Sallie Austin, Kaye Arnett and Nettie Roberson.

Mrs. Edd Jones entertained the Junior Missionary Society last Thursday from four till six o'clock at the home of Mrs. Claud Houstons. Twenty-five members were present.

Many out door games were played, after which the children were marched in the house where music, reading and songs were enjoyed. The little fellows enjoyed refreshments of salted popcorn and delicious cookies.

Rev. G. S. Hardy, Presiding Elder of the Plainview district, held quarterly conference at Pearce's Chapel last Saturday.

The Needle Club met last Thursday afternoon with Mrs. J. C. Arnett, with about fifteen members present. The next meeting will be at Mrs. E. D. Carter's home on North Main st., and every member is requested to be present at this meeting.

Mr. and Mrs. F. W. Struve were host and hostess at an informal dinner given to a few friends last Sunday. Those present to enjoy the good things they had to eat were: Mr. H. Ulrich, Miss Meta Ulrich, W. A. Goeth and wife, W. A. Richter and wife, H. Richter and the Review editor.

The little city of Abernathy, though small, has never yet failed to respond to the call of its needs. It is now ready to meet the demands that is expected of it in the near future in taking care of the crowd that will be here when the well reaches the oil pool, which is now looked for at most any time.

With a town that is as full of determined citizens as Abernathy is, it can't help but come to the front. We have the people and we will have the town. Keep your eye on Abernathy.

At the last meeting of the quarterly conference of Plainview district, it was voted to move Pearce's Chapel to Lakeview, or near that place.

Mr. and Mrs. Jack Miller spent the latter part of the week visiting with friends in Lubbock. Miss Vivian Coffman spent the week end with friends in Lubbock.

Miss Bettie Jane McDonald, Miss Audrey Criswell and Mrs. Ola Legg and son Eugene, were visitors to Plainview Saturday of last week.

The grand jury which has been in session for the past twenty-one days at Plainview, adjourned last Friday.

SEVEN DOLLAR BILL IS COLONIAL DAYS' FREAK

Atlanta, Feb. 24.—Doubtless few people ever heard of a seven-dollar bill; certain it is that few ever saw one, but such a bill is being exhibited to curious Atlantans by J. W. Sower, a printer, who has had it in his possession forty years.

The bill was issued by the Continental Congress in 1778, three years before the articles of confederation, were ratified.

Inscribed on the curious bit of paper is the following: "This bill entitles the owner to receive seven Spanish milled dollars or the value thereof in gold or silver, according to resolutions passed by Congress in Philadelphia."

Across the margin of the bill is printed "Continental Currency." The present owner of the bill received it from John Brower, of Ocala, Fla., in whose family it had been kept for years.

HALF OF TEACHERS DECLARED IGNORANT

More than half of the teachers in the public schools of the United States have inadequate education and professional training, declared Prof. Geo. D. Strayer of Columbia University, New York City, in speaking before the meeting of the department of Superintendent National Education Association in Chicago. One-fourth of the adult population, as revealed by army tests he said, were unable to read the English language.

An "alarmingly large" percentage of the adult population is physically handicapped because of neglect during the period of childhood and youth.

The man with three wives is in bad, when vacation comes.

Stealing liquor has been decided by the courts as not larceny, it is not but it is impossible.

Temple Trust Company

We are in the market for good farm, and City Loans, can also handle large Ranch Loans, we have an office in Lubbock in the Conley-Building managed by T. B. Duggan, vice president.

Our loans are written for five, seven and ten years at current rates, we appreciate the business we have in this territory and will be glad to serve you.

Poultry Show and Farmers Short Course, Lubbock, March 20-21.

Temple Trust Company of Temple, Texas

A Good Method of Ridding Farms of Jack Rabbits

Many farmers have shown an interest in knowing the best method of killing jack rabbits in large numbers, so for the benefit of those whom I have not told I am writing the following method, which has proven satisfactory in many places:

As rabbits are very fond of alfalfa hay I would suggest its use. Put one ounce of strychnin sulfate in one gallon of boiling water, add one tablespoonful of salt and stir thoroughly until the poison has dissolved.

Pour this mixture slowly over ten pounds of bright alfalfa hay, so as to saturate the hay well. Place this poisoned hay out in the fields where the rabbits are, at about dusk each evening, as this is the time when rabbits feed. Should there be livestock in the field build a substantial pen around the poisoned hay, leaving a space of about ten inches at the bottom for the rabbits to go under.

After a rabbit has eaten any of this poisoned alfalfa he will rarely get more than fifty yards from the place. Pick up the dead ones every day, and repeat the operation every day, using about a bale of alfalfa or peanut hay in that length of time.

Should a dog eat one of these rabbits, it would of course poison him also. I would suggest you notify your neighbors when you intend putting out poison so as to give them an opportunity to keep their dogs tied up. County Agent, in Clarendon News.

QUANAH MAN IS HURT AS TEAM RUNS AWAY

Quanah, Feb. 27.—W. H. Conway a farmer living south of Quanah, is in a very critical condition at the local sanitarium, as a result of injuries received when his horses became frightened and ran away here yesterday. When they turned suddenly at a great rate of speed Mr. Conway was thrown from the wagon.

He became entangled in the harness and was dragged two blocks before he could be rescued. His left hip was crushed and several ribs broken.

SAN ANGELO OP-POSING THE K. K. K.

At a meeting of the Board of City Development, in San Angelo a few nights ago the board, as a whole, passed resolutions opposing the organization, declaring the town was a law abiding city, its officers efficient, and that the clan would be an enemy to the best interests of the public, socially and morally.

This action followed reports that efforts were being made to introduce the Ku Klux Klan in that city.

REVIVAL MEETING AT FIRST METHODIST CHURCH

We will begin a revival on or about the 10th of July. One of the best evangelists in the south will do the preaching. The members of the Methodist church assisted by those who will cooperate with us will do the work. We are expecting at least one thousand conversions and reclamations. There are about five thousand persons in and within seven miles of Lubbock who do not belong to any of the churches.

These souls are a challenge to our consecration to the work and our faith in God. Let us prepare and expect a great gathering this year.

LOCAL NEWS ITEMS FROM LORENZO ENTERPRISE

I. C. Dickson has purchased the home of W. L. Pattillo in this city this week and will move his family here from Estacado soon.

Rev. W. R. Underwood returned home Monday afternoon from Kress, where he spent a week or more in a revival meeting. He reports good interest and a number of conversions.

John Temple and L. N. Haygood returned Sunday from Seagraves where they had been doing some carpenter work. They report things as quiet there now.

J. W. FORRESTER GIVEN 25 YEARS ON MURDER CHARGE

The case against J. W. Forrester, charged with the killing of Frank Posey near Rotan, June 17, 1921, went to trial at Roby Monday, Feb. 20, and the jury returned a verdict of guilty and assessed his penalty at confinement in the penitentiary for twenty-five years. A motion for a new trial was filed by his attorneys.

W. L. Mayfield, of the Southwestern Sack Company, of Dallas, is in Lubbock for a few days on business.

Come to Lubbock.

LONG-BELL

Information for Builders

When you need a carpenter, handy man or other craftsman to do a bit of repairing or building, tell us. We will send you a good workman.

The nature of our business brings us in contact with men who build or repair. We know these craftsmen and where they can be found, and can often save you time and trouble and annoyance in getting in touch with them.

Information about workmen is part of our Builder's Service. When anything around the place needs repairs, or you want to build something, we will send you the right man.

You incur no obligation when you use this service.

Business Outlook As Given Out By The Reserve Board

"Business throughout the country, progressing through well defined circles, is now reaching the point of the upward swing of the economic swing of the pendulum."

This report was given out by the Reserve Board last week in Washington, and in a review of operation for the year 1921, says the beginning of a revival in business is now at hand, and on all sides can be seen a new era of prosperity looming up.

"Prosperity," the report says, has followed its usual rotation, which is described as business activity and increased production, excessive speculation, followed by panic and forced liquidation, business depression and stagnation and then comes reaction.

In the recent experience, we should all be warned, and as we are now entering into a period of prosperity, that a reaction will follow sooner or later, and if we use the right kind of economy so that the crest may not be reached too rapidly nor rise too high the subsequent reaction will be less severe and the next period industrial and commercial activity and general prosperity will be marked by saner methods, and by conservative methods as we prolong this period of prosperity and have a longer period than any we have had before.

The board confirmed its report to an account of the operations of the organization for the year 1921 without offering any suggestions for legislation affecting the board of the federal reserve system. The earning assets of all federal reserve banks, the report said, amounted on December 28, 1921, to \$1,535,851,000 compared with \$3,268,027,000 on December 31, 1920, a reduction of \$1,732,176,000, or 53 per cent, and a reduction of \$1,886,125,000 or 55 per cent from the high point reached on October 15, 1920.

For some months past, the report said, "there has been a marked easing off of interest. Notwithstanding some unfavorable features in the revenue laws, the investment market is now absorbing securities at reasonable rates which could not

FORT WORTH LIVESTOCK MARKET QUOTATION LETTER

Fort Worth, Feb. 23.—Receipts of cattle are very light this week and practically everything has sold on a 25c higher basis.

Beef steers sold strong all week, some fancy two year old steers sold steers sold around \$7.00 and good fat heavy steers from \$6.25 to \$6.75 the plainer and more medium flesh steer stuff selling from \$5.00 to \$6.00.

Fed yearlings sold to a good demand all week. One car strictly fancy sold at \$7.50 and several cars of finished yearlings sold around \$7.00. The good quality kind lacking finish sold mostly from \$6.25 to \$6.75, plain fleshy yearling stuff \$4.50 to \$5.50.

Butcher cows are scarce and in demand selling mostly at \$4.25 to \$5.00, plain and half fat cows at \$3.50 to \$4.00, canners and cutters \$2.25 to \$3.00. Best bulls \$3.50 to \$4.00, common and medium bulls \$2.50 to \$3.25.

Fat calves \$6.50 to \$7.00, medium calves \$5.50 to \$6.25, common calves \$5.00 to \$5.50.

Good white face stocker steers \$5.75 to \$6.25. Best red stocker steers \$5.00 to \$5.50, plain and medium quality stocker steers \$4.50 to \$5.25. Stocker cows \$3.50 to \$4.50.

Hogs: Market closing about steady with last week. We sold one load today at \$9.55. This was the only load that brought this much money. Market 10c to 15c higher. Bulk of the good hogs selling from \$9.25 to \$9.40. Pig top \$8.25. Let your hogs come.

Sheep: Choice lambs \$13.00 to \$13.50. Yearlings \$9.00 to \$11.00. Wethers \$8.00 to \$8.50. Ewes \$7.00 to \$7.75.

Yours very truly, Daggett-Keen Commission Co.

COMPLAINTS FILED UNDER "ASSUMED NAME" LAW

County Attorney Carlos D. Speck, at Abilene, has filed complaints against more than 130 firms, alleging violation of the "assumed name" law by failure to file the proper papers with the County Clerk. A few pleas of guilty have already been made, but it is indicated that others will fight the cases through courts.

A number of defendants have employed legal counsel with intention of contesting the action, it is said.

## Valuable Information for Members of Federated Clubs, Through Open Letter From the State President of Same

The following club letter sent out by Mrs. Lee Joseph, president Texas Federation of Women's Clubs; Mrs. S. M. N. Marrs, President Texas Congress of Mothers and Mrs. Jessie Daniels Ames, president of Texas League Voters, contains valuable information for the federated clubs of Texas and will be read with interest by members of federated clubs in this portion of the State. The club women of Eastland have raised \$300 by a benefit, with which they are going to start a community library.

Mrs. E. S. Noble of San Angelo has accepted the Sixth District chairmanship for raising State Federation endowment fund in her district. The Self Culture and Sorosis Clubs of Sweetwater thoroughly enjoyed an address on Federation work by Mrs. E. S. Noble, former Sixth District president, when she was with them recently at an open meeting.

District chairman of badges will please notify Mrs. Henry Drought, 529 Oakland Street, San Antonio, as to the number of badges they desire for district meetings. Mrs. Drought must have time to fill orders before the meetings.

All clubs electing new officers please send names of president and secretary to Mrs. Oscar J. Fox, corresponding secretary T. F. W. C., 102 East Mistletoe Ave., San Antonio, Texas.

State chairmen will report to the president's office, 102 East Mistletoe Ave., San Antonio, the outlines of work given to district chairmen, not later than March 10. Letters from district chairmen will be welcomed at headquarters.

Miss Minnie Cunningham, president of the Sixth District, T. F. W. C., is the first president reporting her complete roster.

The president's office is sending a letter to all State presidents of the General Federation of Women's Clubs in the interest of Mrs. Florence C. Pierce, who is the candidate for treasurer of the General Federation of Women's Clubs.

The art department of the Woman's Club at Kingsville has thoroughly enjoyed two art exhibits. Through the influence of Mrs. Alex Adams, Mrs. William King of San Antonio consented to make an exhibit of her bluebonnet pictures. They were delighted with the familiar scenes around San Antonio. At the beginning of the year they had the traveling art loan exhibit of American pottery sent out by the National Federation and this was most enjoyable. The exhibit included the work of the nationally known art workers and the fact that they were all Americans added to the pleasure and exhibits of the women were especially fine.

A most successful meeting of the First District was held in Canyon February 3-4 for the purpose of hearing the extension plan of the West Texas State Normal College. The college and the Women's Book Club were the hostesses. Mrs. Phebe K. Warner of Claude made a speech at the opening meeting that echoed through the succeeding days.

The courses offered are two courses in literature, two in education, two in sociology, two in history and one in home economics, this last being added at the request of the women's committee.

Thrift week was observed by the Federated clubs of Hereford at the home of Mrs. J. Frank Potts, first vice president of the First District. The reception was given in honor of Mrs. Mark Henry, state chairman of thrift. Mrs. Henry's address was practical and helpful.

Claude, Texas, has shown its thrift by giving a made-over exhibition. Mrs. Scott Laycock of the Mount Pleasant school was present with her entire sewing class.

Mrs. Robert Browning of Terrell is chairman of the bureau of information and she hopes to be of real service to the women of Texas. She will gladly give any information in regard to state and national work, as well as the General Federation News published in Fayette, Ark. Mrs. James Reed, editor. The clubwomen should be more familiar with the extension service of our educational institutions—State University, A. & M. College, College of Industrial Arts and others. It is also important to keep in touch with all committees.

Owing to the importance of the work the following letter has been sent to all the women's organizations in the State:

Realizing the serious complexity of the many state and national problems confronting the women of the State as home-makers and as citizens, the Federation of Women's Clubs, Congress of Mothers-Parent Teachers Association, and the Texas League of Women Voters, requested President Vinson of the University to hold an educational week so that we could have the most vital of these problems discussed by the best authorities as well as have conferences among ourselves.

- If you are interested in:
1. A better public school system for Texas from the rural school to the university.
  2. An efficient State system of government.
  3. Better social and industrial conditions for women and children.
  4. Safeguarding the health of our children.
  5. A solidarity of thought and action among the women of the States along these lines.

It is important that your club send a delegate to the Educational Week to be held March 6-10, at the University of Texas, Austin.

After much careful study, a program has been developed on the education, social, and civic responsibilities of women as citizens. This program will be published in the Reporter at an early date. You will see immediately the importance of having your club represented at this meeting.

The value of this week will depend upon the women who attend! Unfortunately, it is impossible for every woman to attend, but each organization should send a delegate and as many more as possible in order that your club and your community may be benefited by this splendid program.

Information concerning arrangements for room and board for the week can be obtained by writing Miss Lucy Newton, dean of women, University of Texas. Comfortable rooms, with meals at the University Commons can be secured for \$2 a day.

Women of Texas, this is your opportunity.

Let us unite to make it a success.

## HAVE YOU BEEN IN TO SEE OUR FURNITURE?

We have some wonderful bargains in newly purchased furniture and we want everyone in this section who is contemplating the purchase of furniture to come in and see us.

### BLOCKADED

Every Household in Lubbock Should Know How to Resist It.

If your back aches because the kidneys are blocked,

You should help the kidneys with their work.

Doan's Kidney Pills are especially for weak kidneys.

Recommended by thousands—here's testimony from this vicinity.

J. L. Campbell, Fluvanna, Tex., says: "I am out in the field bending a lot and it certainly makes my back sore and lame. There were times I could hardly get around and I had bad headaches and nervous spells. I also got so dizzy, I thought I would fall right over. Nights my rest was disturbed by having to get up to pass the kidney secretions, but since using Doan's Kidney Pills, I am greatly relieved by that trouble. I find by taking a few Doan's now and then that I am greatly benefited."

### LAMESA LOCAL NEWS

#### ITEMS OF LAST WEEK

Rev. Jno. Hardesty was here on business and visiting his brother and nephew, Monday from Slaton, his present home and claims that Slaton has a population of 3,500 now.

On last Sunday night a nice little girl came to the home of our friends Dan Bartlett and wife and she is not going away, either, and they do say Dan acts like it was the first one. Well here's congratulations good friends.

Guy Simpson moved yesterday to the new residence lately built by Mr. Pierce and H. E. Williams moved to the place lately bought of Jesse Walker. He has lately erected a 6-foot solid plank fence around it.

—Lamesa Reporter.

#### No. 204 THE STATE OF TEXAS

To the Sheriff or any Constable of Lubbock County—Greeting:

John W. Johnson, Executor of the Estate of Rodney K. North, deceased, having filed in our County Court his Final Account of the condition of the Estate of said Rodney K. North, deceased together with an application to be discharged from said Estate.

You are Hereby Commanded, That by publication of this writ for twenty days in a newspaper of general circulation, which has been continuously and regularly published in the County of Lubbock for a period of not less than one year prior hereto you give due notice to all persons interested in the Account for Final Settlement of said Estate, to file their objections thereto, if any they have, on or before the March Term, 1922, of said County Court, commencing and to be held at the Court House of said County, in the City of Lubbock on the 20th of March 1922 when said Account and Application will be considered by said Court.

Witness Hubert Stubbs Clerk of the County Court of Lubbock County.

Given Under My Hand and seal of said Court, at my office, in the City of Lubbock this 22nd day of Feb. A. D. 1922.

HUBERT STUBBS,  
Clerk C. C. Lubbock Co.  
A True Copy, I Certify:  
C. A. HOLCOMB,  
Sheriff Lubbock Co.

By A. J. Clark, Deputy Sheriff 52-7

Dr. McCoy, of Idalou, was here Monday on business.

### A MAN WHO HAD BEEN TO CHURCH TWICE

A preacher once ask a man why he didn't ever see him at church.

"Well," the man replied, "the first time I was in your church they threw water on me. The next time I was tied to a woman and I can't break loose." "Yes," said the minister, and probably the next time you are in the church we will throw dirt on you."

### DIAMOND DYES DON'T STREAK, FADE OR RUN

Buy "Diamond Dyes"—no other kind—then perfect home dyeing is guaranteed. Even if you have never dyed before, you can put a new, rich, fadeless color into your worn, shabby dresses, skirts, waists, stockings, coats, sweaters, draperies, hangings, everything, by following the simple directions in every package of Diamond Dyes. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade or run.

### STRANGE MALADY KILLING HORSES AROUND FARWELL

A strange malady has broken out among horses in what is known as the Oklahoma community east of Farwell. Only the best horses have taken the disease, and there seems to be no suffering as most of them are dead before the owners are aware of anything wrong.

J. Frank Foster a prosperous farmer living about eleven miles east of Farwell reported losing most of his fine work stock which was the best in that country.

J. P. Wallace, of Crosbyton is at a local sanitarium where he underwent an operation Sunday.

### DANDERINE

Stops Hair Coming Out; Thickens, Beautifies.

35-cents buys a bottle of "Danderine" at any drug store. After one application you can not find a particle of dandruff or a falling hair. Besides, every hair shows new life, vigor, brightness, more color and abundance.

### CROSBYTON MAN DIED IN LUBBOCK MONDAY

W. C. Borton, of Crosbyton, died here Monday evening. Deceased was fifty-eight years, ten months and two days old and leaves two children, a boy and a girl, ages about eighteen and twenty years respectively.

The remains were held in the Rix undertaking parlors until Wednesday being shipped from there to Crosbyton where funeral services were conducted. Interment was made in the Crosbyton cemetery.

## Report of Polish Investigation of the Odessa Fields Shows Some Splendid Recent Developments

Odessa, Texas, Feb. 24.—By request the Odessa Chamber of Commerce has furnished the West Texas Chamber of Commerce report on Potash investigations and export on Potash investigations and exploitations in that region of Texas. The summary of that report is as follows:

Though no potash beds comparable to those of Stassfurt, Germany, have yet been discovered in the United States, yet in Nebraska, Utah, California and other western States there are a number of alkali lakes wet or dry, containing a considerable amount of potash mixed with soda salts—but it is not an easy or a cheap job to separate the potassium from the sodium salts which are five times more abundant.

Realizing the tremendous importance of having our own potash resources, the U. S. Geological Survey, commissioned a corps of experts to investigate the Red Beds of West Texas, Kansas and New Mexico, and after a year's survey their activities have resulted in the discovery of rich potash in three wells in West Texas, or in the so-called Odessa field.

The discovery made under conditions that have not yet permitted an accurate estimate of the amount here, immediately attracted attention from all parts of the United States. Odessa, a small West Texas town, being the center of the find has naturally the center of all the activity.

The potash was discovered in three wells which were being drilled for oil in Midland county, one in Ward county, and one in Dawson county, at depths varying from approximately 1600 feet in the Ward county well to about 2500 feet in the Midland county well. The three wells form a triangle about 100 miles long and 50 miles wide, with Odessa situated in the center. The drillers, unaware of the value of the deposit, washed

up the salts in bailers and dumped them in slush pits, where they were discovered by U. S. experts.

The salts even after being mixed with mud and water, tested from 3 to 16 per cent potash and were remarkably free from foreign compounds. Unfortunately the drillers kept no accurate log of the thickness of the salts, so until a core test is made, the depth and thickness of the main deposit will not be known.

After a close examination of the wells, the head of the West Texas Division of the U. S. Geological Survey arrived at the conclusion that the wells were "edge" wells—that is they represented the extreme of the deposit, and reported that the center of the bed would probably be found in the center of the triangle, or near Odessa. He predicted that the potash would be encountered at around 1500 feet and that it would probably be 200 feet in thickness.

The announcement has naturally caused great interest to centers around Odessa. Thousands of acres of lands were leased and several companies after negotiating with the Commercial Club have laid plans for core tests.

### NEWS OF THE WEEK FROM THE CARLISLE COMMUNITY

The Carlisle Singing went to Slaton Sunday afternoon and helped them with their singing. We were given a hearty welcome. "The Bird Singing," given by a Slaton man took us back to the woods of the east.

Miss Laura Frazier is going to school at town now. She has been staying with her uncle, Mr. Harris while going to school here.

Miss Octa Ray spent last Wednesday night with her brother, Mr. L. W. Ray at town.

Miss Bobbie Hills and Mrs. Carl Smiling of town attended singing here Sunday night.

Messrs Melvin and Marshal Krapp lin of town spent Saturday night with Melvin Ray.

Miss Clara Moore of town spent the week end with relatives here.

Mr. Prentess Jerden spent Friday night with Mr. Max Brownlee, Mr. and Mrs. Pevehouse, Mr. and Mrs. Cecil Casey and Mr. Newman Casey went to the box supper at Acuff Friday night.

Misses Artie Bond, Opal Burroughs, Mr. Orval Burroughs, Mr. and Mrs. J. A. Burroughs visited Mr. and Mrs. Pevehouse Sunday evening.

Brother Boyd of town, filled his regular appointment here Sunday afternoon. He was asked to be with us Sunday night also and gave an interesting talk on B. Y. P. U. work.

Mr. and Mrs. O. V. Bagwell and sons of town spent Sunday at the F. A. Sims home.

Misses Bennie Bond and Marie Coffey spent Sunday afternoon with Miss Winnie Altman.

Mrs. Cunningham and Mrs. Moore of Tahoka visited the W. L. Altman home Sunday.

Mr. and Mrs. Jerden spent Monday afternoon with Mr. and Mrs. Hinson.

Miss Thelma Henson, Messrs. Lorane Henson and Sterling Jenden visited the Bond home Friday night.

Mr. and Mrs. Franklin, Mrs. Pullen, Mr. L. U. Ray, and a lady whose name we failed to learn, all of town, were callers in the U. B. Ray home Sunday.

Miss Lois Cone and friend spent Saturday night with Mr. and Mrs. Pevehouse.

The young folks enjoyed a party at Mr. and Mrs. Esco Casey's Saturday night. Everyone reported a nice time.

Mr. Sterling Jerden spent Tuesday night with Mr. Cox Ray.

The County Board of Trustees

**The NEW EDISON**

from actual photograph

**What John C. Freund said**

This illustration is from an actual photograph. It shows Vasa Priboda making his comparison test at Aeolian Hall, New York City, on October 16th, 1921. John C. Freund (seated right), who is Editor of Musical America and President of the Musical Alliance of America, wrote Mr. Edison:

"When the Priboda recital was over, I was present at a tone-test in which Priboda's actual playing was compared with its RE-CREATION by the Edison Phonograph. I was astounded to find that I could not tell when Priboda was playing or when your phonograph was playing."

# PRIHODA is your greatest violinist

Do you realize that the greatest vocal and instrumental performances are brought by the New Edison?

A visit to our store will disclose the surprising facts. Take the greatest violinist who records for the talking-machines. Compare him, as he sounds on the talking-machines, with Priboda, as he sounds on the New Edison. You'll find that Priboda is infinitely greater.

Why? Because Priboda's playing is RE-CREATED by a phonograph so perfect that there is no difference between the artist's living performance and his RE-CREATED performance. This has been proven by the test of direct comparison, which no other phonograph or talking-machine can sustain.

**\$ (Fill in your own first payment)**

is the price of putting the incomparable New Edison into your home. We mean it. How much spare money have you in your pocket, or in your bank account right now? We'll accept it as a first payment so long as it is sufficient to indicate good faith. The balance you can budget to your own convenience.

Come in! Select your instrument!

**Compare! Compare!**

Several artists have made recordings for both the New Edison and the talking-machines. Hear the two versions—and compare! This will show you that only the New Edison brings the truly great musical performance.

## RIX FURNITURE AND UNDERTAKING CO.

"THE HOUSE OF SATISFACTION" BIG SPRING AND LUBBOCK

### Tired

"I was weak and run-down," relates Mrs. Eula Burnett, of Dalton, Ga. "I was thin and just felt tired, all the time. I didn't rest well. I wasn't ever hungry. I knew by this, I needed a tonic, and as there is none better than—

## CARDUI

### The Woman's Tonic

"... I began using Cardui," continues Mrs. Burnett. "After my first bottle, I slept better and ate better. I took four bottles. Now I'm well, feel just fine, eat and sleep, my skin is clear and I have gained and sure feel that Cardui is the best tonic ever made."

Thousands of other women have found Cardui just as Mrs. Burnett did. It should help you.

At all druggists.

**Who won Mr. Edison's \$10,000? Come in and get folder announcing prize-winners**

## WE WANT YOUR DRUG BUSINESS

We are continually striving to merit it. We try to keep our stock complete and yet fresh. We strive diligently to see that all prescriptions are filled quickly and we know that each one is correctly filled.

Our stationary line is very nice. We keep a neat assortment of jewelry in stock—and best of all, our prices are right.

## FLOYD BEALL

### DRUGGIST

consisting of Judge Haynes, Messrs. Sheely, Bob Crums, Richardson, Burroughs and Mr. Ellis spent Wednesday morning at our school. Each made an interesting talk on Education. A number of patrons were present.

Our community was visited by thunder showers Tuesday night.

Miss Opal Burroughs visited the school Wednesday.

There will be a party at Mr. and Mrs. Clifford Bond's Saturday night.

Misses Artie Bond, Octa Ray, Messrs. Joe and Russel Moon, Sterling and Prentess Jerden, Newman Casey, Craig Bond and Carl Ray practiced singing at the Henson home Wednesday night.

Mr. Russel Moon spent Wednesday night with Mr. Lorane Henson.

Mrs. W. A. Casey is very sick this week.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Hall's Family Pills for constipation.

**CARD OF THANKS**

Words can scarcely express how grateful I am to all who called at my home during the time I have been ill, for the words of cheer and the wealth of beautiful flowers. God bless you all.

Mrs. Maude M. Seaton.

**HOME LAUNDRY**

On Main Street to Depot. 45c Rough Dried. \$1.00 for Finishing work. A. J. Hucksbee, the Watkins Man. 53-3p

### NEWS ITEMS FROM THE ROARING SPRINGS REVIEW

An interesting ball game was played two weeks from Friday, between the town girls and the school girls. The scores were 19 to 20 in favor of the town girls.

W. W. Webb, who had been feeling very much indisposed, broke out with what the doctors pronounced, a genuine case of small pox. This was a little surprise to the people here as no one thought there was any danger of such developments in Roaring Springs. Some few people had been in to see Mr. Webb, but when the disease proved to be small pox most of them were vaccinated, and all of them are using strict precaution to keep from spreading the disease.

"Bud" Russell, State Criminal Agent for the state penal institutions, passed through our city Sunday. Mr. Russell had been to Lubbock and was conducting Sam Cates, the slayer of Judge Burton, to the state penitentiary at Rusk. Also, he had another white boy and a negro with him who had been sentenced to terms in the state penitentiary. The State Agent remarked that he was very busy these days, and was on the road practically day and night. There is a great deal of crime in our state and that both penitentiaries are full of criminals. Mr. Russell is a kind man, and always treats his criminals with respect. He ever gives them a harsh word, and in his twelve years experience has never pulled a gun on a prisoner. He is a brother of our High Sheriff, J. F. Russell, and had spent Saturday night with him.

### CUSTER'S BATTLE FIELD MAY HAVE MONUMENT

Government inspectors visited at Cheyenne this week and took pictures with a view of erecting a monument there in the near future. This movement was started more than a year ago by the Ladies' Platonic Club of that city.—New-Democrat, Elk City, Okla.

Come to Lubbock.

## Genuine Aspirin

Never say "Aspirin" without saying "Bayer."

**WARNING!** Unless you see name "Bayer" on tablets, you are not getting genuine Aspirin prescribed by physicians over 21 years and proved safe by millions for

Colds	Headache	Rheumatism
Toothache	Neuralgia	Neuritis
Earache	Lumbago	Pain, Pain

Accept only "Bayer" package which contains proper directions.

Handy tin boxes of 12 tablets—Bottles of 24 and 100—All druggists. Aspirin is the trade mark of Bayer Manufacture of Monocetate of Salicylic Acid.

### SOME LOCAL ITEMS FROM THE PLAINVIEW NEWS

Mrs. A. J. Harris, age 79 years, died at the home of her daughter, Mrs. L. J. Warren this afternoon at 1:45 o'clock from a stroke of paralysis. Funerary arrangements have not been announced, as relatives are now enroute here.

Four games of base ball are scheduled during March between the Plainview and Amarillo high school teams. They will be played in Amarillo March 17 and 18, and in Plainview March 24 and 25.

It is reported on the streets that one day this week a well known citizen received a note purporting to be from the Ku Klux Klan, in which he was warned to treat his family better or his case would be looked after by the Klan.

J. F. Teaf was badly burned when his residence, one mile west of Lockney was destroyed by fire early Monday morning. An oil lamp exploded and set the house on fire. The building and contents were destroyed. There was but a small amount of insurance.

Many people of Plainview and all over the State, are now afflicted with cases of old-fashioned grippe. It seems to be an epidemic. So far we have heard of no deaths anywhere even if the disease does make a person feel like he would like to die.

Peace hath her houses. There's the merchant with an over-due note who smiles when a customer says: "Charge it, please."

## An Account of the Awful Tragedy In Floyd County Monday Morning—Two Girls Dead—Boy Fatally Wounded

Gladys Solomon, age 15, and Nell Umberson, age 13, were shot and killed as they and Vera Wilson, age 14, lay asleep in the same bed at the Umberson home in the Sunset community at 4 o'clock Sunday night. Houston Upton, age 18, who did the shooting, went to the school house a mile away, and shot himself through the body just below the heart.

The tragedies were the result of a school boy and girl quarrel between Gladys and Houston, which occurred as he was taking her home from a B. Y. P. U. meeting at the school house Sunday night, Houston returning at a later hour and firing the fatal shots.

The Sunset community is about thirty miles east of Plainview, and sixteen miles northeast of Lockney, and is in Floyd county.

The Umberson home is a mile north of the school house, the Solomon home a half mile west of the Umberson home and the Wilson home three-quarters of a mile east of the Umberson home. The Upton ranch is two and a half miles south of the school house.

John Boswell and the editor of the News went to Sunset Monday morning to learn the details of the tragedy that has saddened the homes of three families and cast a deep gloom over the quiet and prosperous community.

Miss Vera Wilson is the daughter of Mr. and Mrs. C. A. Wilson, and at her home, as she was too unnerved to talk about the affair, the mother told us of the tragedy as told her by Vera.

Sunday night there was a meeting at the school house for the purpose of organizing a Baptist Young People's Union. A large number of the young people of the community were present, Houston and Nell became members of the Union, when it was organized. After the meeting, about 9:30 o'clock, it being arranged that the girls would spend the night together at the Umberson home, Houston escorted Gladys there, they going ahead, with Nell and Vera and Nell's brother, Kenneth, following them some distance behind. Just before they got to the Umberson home they met Houston, he having taken the girl to the house, and left her. When the girls arrived at the house they found Gladys in Nell's room crying, and they asked her what was the matter, and she would not tell them.

They asked her if Houston was mad at her and she replied, "No—he's not mad with anyone."

The three girls soon went to bed, Vera in front, Gladys at the back next to the wall and Nell in the middle. Vera had been asleep for some time when she was awakened by Houston's voice talking in low tones to Gladys; he was seated on the foot of the bed on the front side, and was evidently reaching over to the side where Gladys was lying. She did not know what time of the night it was. Gladys was saying: "Houston, don't; please don't," and from what was said Vera took it that Houston was trying to get a ring off Gladys' finger. Houston then went away, and everything became quiet. Vera asked Nell: "Is Gladys awake?" and Gladys said, "I'm scared." The girls

talked awhile in the dark and Gladys asked Nell and Vera to get up and light a lamp. They did not do so, being afraid, but called to Grandma Smith, who was sleeping in an adjoining room, to get a lamp. Grandma Smith thought she heard them calling, and said something about the matter to Grandma Smith, who was sleeping beside her, but he said: "No, nobody is calling you; you are dreaming." The girls then dozed off, and how long they slept Vera does not know, as the first thing she heard to awake her was the shots in the dark. She heard no words. Nell was evidently killed instantly, but Gladys groaned and moaned and struggled for a moment. Vera called for Frank Umberson three times, but the entire house was aroused at the third call, and the three brothers of Nell rushed into the room with a lighted lamp. Before they got into the room, Vera, when the shots began jerked the quilt over her head, getting it up about her eyes. Houston jerked the quilts back as she was calling, and said: "Who is this?" Then as the three Umberson boys rushed in one door, Houston went out the other and disappeared. Vera then got up and helped with the lights. Both girls were dead. The hour was about four o'clock. The Solomon girl was shot in the temple; the Umberson girl in the center of the forehead. The pistol was a thirty-eight calibre, but not of the automatic pattern. Vera says three shots were fired; but it seems that possibly four were fired. It is astonishing that in the dark the shots were so accurate. Vera is of the opinion that the boy meant all the shots for Gladys, and accidentally shot Nell.

The whole community was aroused, within a couple of hours. J. H. Upton, father of the boy, before daylight missed the boy, and went out to see if his horse was in the lot; instead he found the horse outside the fence saddled but without the bridle. He began a search for the boy, and found him in the school house, where he had shot himself. He acknowledged that he had done the shooting, then soon lost consciousness. He was carried to the Upton home, doctors came, but felt that the wound would soon prove fatal. Sheriff Grigsby of Floydada was summoned, and people from all over the community flocked to the saddened homes.

The general impression in the community is that Upton and the Solomon girl had a little quarrel on the way home, and she would not give him back a ring she was wearing, that he went back to the school house to get his horse, stayed there in the warm building for a while, then went back to the Umberson home determined to get the ring; whether he got the ring, or where he went after the second visit is not known. Upton and the girl had been sweethearts for about a year, and were known as such about the community.

The boy and three girls were students in the Sunset school—Nell being in the eighth, Vera in the eighth, and Houston and Gladys in the ninth grade. Houston was a member of the Baptist church, and was a bright and popular youth. All the fami-

lies are prominent in the community. The girls were known as sweet, winsome youngsters.

Mr. Upton has a large ranch and farm, and is a director of one of the banks in Lockney; he has lived in the community more than twenty years; he has four married children and Houston by a first marriage, and three small children by his second wife. Mr. and Mrs. J. S. Solomon have a large home, and are prosperous; they moved from Hall county four years ago. Mrs. Mattie Umberson is a widow and came from Young county; she lives with her three sons and her father and mother, Mr. and Mrs. Smith; Mr. Umberson shot himself several years ago, so it is said, the house is a small unpainted four-room structure. The Wilson girl is the daughter of Mr. and Mrs. C. A. Wilson, well known Floyd county people.

Mrs. Vernie Snodgrass and Miss Bettie Campbell teach the Sunset school.

An inquest over the bodies of the girls was held Monday morning by a justice of the peace.

Funeral arrangements have not been announced.

At the home of Upton at 12 o'clock it was said that the doctors gave no hope, and that the boy would die within the next two hours. The bullet went through Upton's body, lodging in the kidneys in the back, from where it was removed by the doctors.—Plainview News.

### LOCAL NEWS ITEMS FROM POSEY COMMUNITY

Who said it was spring time? Winter has certainly shown his appearance again. We have received a light snow, but not enough to help the farmers very much.

There is quite a bit of sickness in our community at present. Mrs. Effie Gentry was real sick last week, but we are glad to report that she has improved so greatly, that the nurse pronounced her out of danger and returned to her home at Lubbock last Saturday.

J. M. Morrison was not able to be at Sunday School and preaching Sunday.

A. A. Gentry's baby has recovered.

Mr. Lamber has a right sick child also. W. T. Gentry's baby is sick. We had several visitors from New Hope Sunday. Mr. and Mrs. Nix, their daughter, Mrs. Fine, Miss Cox and Mr. T. A. Batton.

Sunday afternoon was Bro. Hendericks regular appointment. He came out accompanied by several visitors whose names I failed to get, but one of them was a going man, a Mr. Shackelford, who preached to us. He made a very interesting talk, his subject was "The Heavenly Defenders." We understand that Mr. Shackelford is to obtain a license to preach at the next District Conference. We enjoyed having him with us, and cordially invite him to come again.

Mr. Legg's family were dinner guests at the home of John T. Lokey's Sunday. In the afternoon they attended singing at the club house at Slaton.

Grandpa Lokey of Lubbock visited his granddaughter, Mrs. O. R. Patterson Sunday.

Mrs. Brown and daughter, Mildred Simon Lokey and sister, Miss Bede were visitors at Posey Sunday.

Mr. and Mrs. Kelley and family of Lubbock were visitors at the home of his son, Homer Kelley, Sunday.

The Sunday night singing was at T. D. Johnson's, a large crowd was present.

Henry Gueterslok is to leave this week for Colorado, where he goes to homestead land.

It was so cold that the section-hands did not work Monday and Tuesday.

Mr. Hollinsworth's family, of McKinney, were visitors at brother's A. A. Robertson, last week. We understand they are planning to stay here if they can find a place.

Masters Harry and Paul D. Bennett, Benton and John T. Patterson attended Bennie Klatschhoff's birthday party Saturday afternoon. Friday afternoon the teachers and pupils arranged a roly ball court and the boys worked on their basketball game. They organized their teams. Hugo Maker is captain of the seniors and Carl Self captain of the juniors.

Simon Lokey and Miss Mildred Brown were at the school house Friday morning. Miss Brown was there in the interest of her music class. She will be back to begin teaching Friday.

We almost had a holiday Tuesday. Only eleven children braved the elements and came to school.

Lee Dennis has been absent from school over a week. It is reported he has influenza.

### FOUND A CURE FOR INDIGESTION

"I use Chamberlain's Stomach and Liver Tablets for indigestion and find they suit my case better than any dyspepsia remedy I have ever tried and I have used many different medicines. I am nearly fifty-one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to, now," writes George W. Emory, Rock Mills, Ala. These tablets contain no pepsin but strengthen the stomach and enable it to digest the food naturally.

Come to Lubbock.

# Competition In Economy

A new kind of competition has arisen within the past few months—competition in economy. It means that the people are waking up to the fact that value received must be given on every deal—it means thrift and ultimately, success.

It is our aim to help you in any matter that will make your dollars bring in more actual results.

### SOME FOLKS SAY THAT WE ARE QUACKS

Did you ever hear anyone say that Chiropractors were quacks? Well, some folks have said that very thing about us, which makes us smile.

Galileo, the astronomer, spent twelve years in prison for teaching that the earth is only one of several planets comprising our solar system.

Marconi, inventor of the wireless, was considered insane and committed to an asylum for observation.

Alexander Bell, inventor of the telephone, was thought to be crazy and Fulton, inventor of the steamship was called a fool.

Congress told Morse, inventor of the telegraph, that they had as well appropriate money to build a railroad to the moon.

Every man who has developed a new idea or discovered a new science has been persecuted by those that are creed-bound, this is the reason that people of today hesitate to speak of their convictions.

The great drugless health science of Chiropractic is comparatively new. It is distinctly different. Many people do not understand it yet. The greater a science the order its enemies have to fight it, if Chiropractic was not a great success it would die a natural death, but as it is a perfect science persecution only causes more people to investigate and find health.

It is worthy of note that those who accuse Chiropractors of being quacks have never thoroughly investigated the science of Chiropractic.

Any fair-minded man who investigates the science will readily admit that it is not a fake and that there is not a trace of charlatanism to be found. Almost every one who employs the services of a Chiropractor becomes very enthusiastic for the science, because they get marvelous results.

We would never again be called quacks if the people would only lay aside all prejudice long enough to investigate the science of Chiropractic.

Call me a quack, I forgive and forget, and when you have tried every thing else under the sun and are still in bad health, call me and get relief.

My reputation as a healer is well known all over the West. I maintain a lady at the office at all times.

I use Chiropractic, Massage, Electrical, Light, Heat, Violet-Ray Treatments.

Telephone 540, office in Burrus Bldg.

### MUTTON T. COUNCIL

D. C., P. H. C., N. D.

Jesse Holt, ad compositor on the Avalanche was taken seriously ill Sunday night and was taken to a local sanitarium where he is under the care of efficient doctors.

R. M. Kendrick was here Wednesday from his home at Brownfield.

### Methodist Sunday School Class Will Organize Ball Team

A meeting will be held in the Methodist Church Friday night, when the young men of the Sunday school will organize a base ball team, which will play other like teams of the town, and add greatly to the entertainment of the members.

Sunday school base ball teams work under rules and regulations, the same as any other team. To be able to make this team one must be a constant attendant to the Sunday school, not play ball with any team on Sundays, and keep a clean record as a player. This team will not be made up of champions, but they expect to become pretty handy with the old ball, and no doubt will offer some pretty good exhibitions to local people.

Some opposition has been made against the Sunday school teams, but these objections were raised only by those not familiar with the rules of the game, as played under that name, and no doubt these objectors will become real boosters when the real merits of such team is known to them.

Other Sunday schools will be solicited to start teams, that contests may be staged between the churches.

Let's go. Remember to be at the class room in the Methodist Church Friday, noon.

### Wife Found For Stone Man at Buffalo Gap

Abilene, Tex., Feb. 25.—A "wife" has been found for the celebrated Stone Man near Buffalo Gap. She, too, is of stone, but it must be admitted that nature was a bit kinder when she bejeweled the woman out of the rock than when she carved the rugged features of the man. Both the Stone Man and the Silent Woman were discovered quite by accident. B. Earl Grimes of Herington, Kan., and his niece and nephew, Miss Marie and Cecil Grimes, of Ballinger, were kodaking on the mountain back of Buffalo Gap one Sunday afternoon. Two views of a huge stone cliff were snapped. Only after one of the photographs were developed and printed in The News several months ago did the inhabitants of this section know of the great stone face. Several months later Mr. Grimes had the other film developed, when lo, the Silent Woman appeared, quite as unexpectedly as her massive mate. Her likeness is presented here. The profile is perfect. The breasts, the neck, the nose and brow, the hair and even the cheek bones are visible. With the exercise of fancy one might even picture a stone child reclining on her arm. There is a distinct resemblance to the face on the American dollar. The man and the woman are found by different views of the same stone.

### ASK YOUR SOLDIER BOY HOW "COOTIES" GOT SUCH A HOLD

He'll tell you that the battlefronts of Europe were swarming with rats, which carried the dangerous vermin and caused our men misery. Don't let rats bring disease into your home. When you see the first one get RAT-SNAP. That will finish them quick. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by City Drug Store and Cole-Myrick Hdw. Co.

J. F. Graves, of Plainview, was a business visitor to Lubbock Tuesday.

### COAL AND GRAIN ELEVATOR AT LOCKNEY IS DESTROYED

Lockney, Feb. 24.—Fire of undetermined origin destroyed the entire elevator plant of the Lockney Coal and Grain Company, together with all contents. The loss is estimated at \$25,000, insurance \$15,000.

## Pa, Ma and the Kids, Incorporated A New Style of Farming—Keeps Young Folks on Farm—Much More Content

This is not a story of a new way to turn a furrow, milk a cow, drive a tractor, feed a horse, or make hens lay more eggs. It is a simple tale of how wideawake farmers are keeping their boys on the farms, and their girls, too, by giving them an interest—a real honest-to-goodness interest—in the farms; not the kind of interest that turns John's pig into Dad's hog—nothing like that. Instead, a dollars-and-cents, corporate interest, if you choose to put it that way.

This new style farming (if you insist it is not new, you must admit it is not general) was made to stand out in vivid contrast when I took a trip through the Middle West a short time ago.

"The boys have all left the farms" was the thing folks told me in the Iowa community where I had the good fortune to be born. And I found the situation just as it was described to me. I counted on my fingers the young men born on farms, and learned that almost to a man these farmer boys had grown into city men. Farmers were selling their farms to strangers from the Eastern States, because their own sons had gone to the cities as teachers, clerks, book-keepers, etc., and no dependable help could be secured to fill the gaps left on the farms.

With this situation as a background, and I could multiply it by a hundred, the new style farming stands out in striking contrast.

### What the New Scheme Is Doing

Two men in particular I refer to—Robert Cain of Indiana and John McCallum of Minnesota. These are two splendid examples of corporate farming—Pa, Ma and the Kids, Incorporated. If the plans adopted by these men do not succeed in keeping their children on the farms, it is because there is something wrong with the farm, or the members of the firm, and not with the arrangements.

Cain's farm is divided into departments and the head of each is a member of the Cain family. Each member is responsible for his department. He has to know all about his particular job. Wallace, age eleven, has the job of looking after the poultry. He has to know how to feed the hens, the cost of producing eggs, and if he falls down on his job he has a session with Cain and Company to talk things over. As a matter of fact, his hens produce eggs in the winter when the neighbors' hens do nothing much but scratch.

The president of the company is Sterling, age fifteen. He is not only president, but head of the hog business. He writes his own checks for feed, as does Wallace, and the neighbors accept them. Ha, too, has to know the business he is entrusted with, and he does.

The boys do their own banking, make out their own deposit slips, borrow money, and give their notes. There is a meeting of Cain and Company, Unlimited, every Monday night, at which the department heads make reports. Motions are made and questions are decided by vote.

"A theoretical arrangement" you may say. "Ten years from now and the plan may have failed. The

boys have not yet reached the age where the city, or a career, pulls harder than the farm."

**A Tried Plan**  
Very well; to meet that objection I tell you this story of the McCallum family, of Minnesota. To be exact, the Lismore Stock Farm, Inc. That is the name of the farm that was once the sole property of John McCallum, but is now owned by him and his children, all grown, and still on the farm.

There were nine children in the McCallum family when the mother died, more than twenty years ago. The father had promised to keep the family together and, Scotch that he is, refused to quit the farm which he homesteaded. The children grew up, and William, third son, graduated from high school. He had an idea that he wanted to be a lawyer, and so he broke the news to his father that he was going to leave the farm. His father gave him a quarter section of land, sent him away to the University of Wisconsin, and they sat down to do some hard thinking.

Just what process of reasoning Mr. McCallum followed will probably never be known, and it is not essential that it should be. The conclusion reached, which is the principal thing, was this: William undoubtedly left the farm because he wanted to work out his own problem, and on the farm he could feel no sense of possession.

So, Mr. McCallum drove in to town to see a lawyer. The idea he sprung on the lawyer was a new one—incorporating his family. There were, counting out William who had left the farm to be a lawyer, four boys and four girls remaining: Gilbert, John, Leslie, Morris, and the girls, Isabel, Grace, Florence and Mary. Three of the children were still minors. The children were called together and the plan of incorporation was explained. First, Mr. McCallum would buy William's quarter section and return it to the farm, leaving the original 1800 acres intact. The land, Percheron horses, Duroc hogs, Shorthorn cattle,—in fact, all his farm and attachments thereto,—went to make up \$100,000 capital, divided into blocks of stock, of which the father kept one-third and the rest was divided among the sons and daughters at home. Mr. McCallum had himself appointed guardian of the minor children, so they might have an equal opportunity with the rest.

When the first meeting of stockholders was called, the father was away from home. His idea was to step aside and let the young folks "run things," and not interfere in the meetings. When he returned he found he had been elected president unanimously. Gilbert, who was the oldest child and was in his teens when the mother died, was made general manager; he had already shown his ability to manage the farm. John was made vice-president; Leslie, secretary-treasurer; Morris and the four girls, directors. Just like any city corporation—gas, water or railway company—the Lismore Stock Farm, Inc., has to make reports to the State and the United States. And the business is run as if it were a city corporation. Each member of the corporation

has a job to do and does it. The girls look after the housework and the boys look after the farm work. Gilbert, besides being general manager of the farm, looks after the cattle and sheep, being assisted by Morris. John had always liked machinery, so he was made superintendent of farm machinery and also put in charge of the swine. Leslie took charge of the horses. The check book of the corporation is open to all.

**The Plan Has Worked**  
For twelve years this plan has worked satisfactorily. Not one of the original stockholders has sold out or left the farm. And the president is the proudest member of the firm. The girls are all college graduates, and each boy is recognized in Minnesota as a specialist in his line. During the summer the girls all stay on the farm, and through the winter, by agreement among themselves, one girl oversees the farm household and the others teach nearby schools. Each year the children buy a certain amount of the stock retained by the father, and in time they will control all of it. One boy has left the farm, but he still maintains his interest and as a lawyer, he can advise the corporation.

These two instances are enough to illustrate my point, that the solution to keeping boys on the farm, and thus insuring future farming, depends on keeping the young farmers on the land, as they grow up. John McCallum can look out over his broad acres and feel gratified that his farm, when he leaves it, is in the hands of his own people, who will go on generation after generation, adding their knowledge to his so that the farm fertility will be built up, and the farm will be handed down within the family, instead of going into the hands of strangers. (E. A. Kirkpatrick, in Farm and Ranch.)

### AN INTERESTING BATCH OF LAMESA ITEMS

Dawson County Journal. We regret to learn that Mrs. O. L. Barfoot is very low. She is being treated in a Lubbock sanitarium. Two of Lamesa's bright boys, V. O. Key, Jr., and Shelly B. Moore, have fitted up wireless apparatus at their homes and are sending messages to each other with success. The boys did all the work of installing the plant themselves and are justly proud of their achievement.

Olie O'Neal spent last week in Seagraves where his firm have opened up a complete stock of dry goods, with Rex Ragan in charge. Mr. O'Neal is looking for a rapid development of the Seagraves country.

A growth on the joint of one of her fingers, which gave Mrs. J. E. Quinn almost unbearable pain, failing to yield to treatment, her physicians came to the decision that amputation of the affected part of the finger was absolutely necessary. The operation was performed yesterday, and this (Friday) morning Mrs. Quinn is reported doing fairly well.

### I. J. OSBORNE IN RACE FOR SHERIFF, LUBBOCK COUNTY

In this issue of the Avalanche will be found the name of I. J. Osborne, who desires to be sheriff of this county. Two years ago he was in the race for this office, and received a good vote, at the hands of the voters of Lubbock, Hockley and Cochran counties. Mr. Osborne has had some experience in the office of sheriff, having held the office in Sherman county one term.

He has been in Lubbock county about fourteen years. He is strictly in favor of law enforcement, and will be on the job to this end should the voters of this county see fit to elect him to this office.

### WESTBROOK ORGANIZES A COMMUNITY CLUB

## TEXAS MUST RAISE A BIG SUM TO MATCH FEDERAL ROAD FUND OR ROADS WILL GO TO PIECES

Austin, Texas, Feb. 25.—In the opinion of W. W. McCrory, member of the state highway commission, the next legislature will determine whether or not Texas will continue to cooperate with the federal government in construction and maintaining a comprehensive system of highways in Texas—in fact the outcome of the road building in this state hinges upon the action of the legislature during the next three years.

"If Texas is to continue building and maintaining roads on a scale that will in any way allow her to keep pace with other progressive states, she must provide a means of raising at least \$10,000,000 revenue each year," asserted Mr. McCrory.

**A Big Sum**  
"This amount will sound big to the average person and no doubt is big, but we must realize that Texas is a big state; that the unimproved mileage in Texas is far in excess of any other state, and the undeveloped resources of Texas are greater than any other state."

Mr. McCrory added that in the event of the passage by congress of the Woodruff bill now pending it will mean not less than \$6,000,000 a year in federal aid for Texas if Texas matches it.

"There is very little doubt but that this bill will pass congress in the near future," continued Mr. McCrory, "and if Texas so amends her laws as to comply with the provisions of this act, she will receive about \$6,000,000 a year for five years. Otherwise the fund will revert to the general fund and be apportioned to the states that have complied with these provisions."

**Several Ways To Do It**  
"Funds necessary for matching federal aid can be raised in various ways, which is one of the big problems confronting the next legislature. We can adopt a constitutional amendment allowing statewide bond issue, which has been done in many of the most progressive states or taxation measures can be enacted raising such funds as shall be required, which is the big problem for Texas legislators to work out."

"It is absolutely imperative that the present system be changed to conform with the federal aid act, if the dream of those interested in highway work is ever to be consummated by the construction and maintenance of a real system of connected highways in Texas."

**Needs Serious Study**  
"At present," explained representative Adrian Pool, of El Paso, a good roads enthusiast, "the only way now, that can be done in Texas is by county bond issue. The state must take steps to match the federal aid money, for the counties of Texas are bonded about to the limit—many of the smaller counties to staggering proportions."

"If the people of Texas will not vote to issue state bonds, which would require a constitutional amendment, then the legislature will have to arrive at some taxation system. Taxing gasoline at so much per gallon might be the solution. It is something the legislators are studying and will have to work out, with the aid of the people."

**Money Necessary**  
"Unless Texas raises money in

some manner to match this federal aid, the roads now building in the state, will be worn out in five years and we will be where we started. It takes money to rebuild and keep up roads.

"I believe when Texas state highway No. 1 is completed, if it is kept in condition, a thousand cars a day will arrive in El Paso over this road from Dallas and Fort Worth. The road will feed cars into El Paso from every section of the south and east."

### SALVATION ARMY TO WORK LUBBOCK COUNTY MARCH 4

The Salvation Army Advisory Board is making an appeal for State Relief Work in the Salvation Army. The committees will call on the people of Lubbock county, in their homes, Saturday, March 4th, soliciting funds. These funds will be used to help and support the needy who the Salvation Army assists daily. People are requested to co-operate with them in making the report of this drive a credit to Lubbock county.

### KATY SHOPS TO REOPEN AT DENISON

Denison, Feb. 27.—The locomotive shops of the Missouri, Kansas & Texas Railroad here, which have been closed since Jan. 19, will resume operations after March 6 with the force that was at work at that time. It was announced today at the office of F. K. Tuttle, mechanical superintendent. About 450 men are affected.

### NEW DISEASE KILLS ANIMALS IN FEW HOURS

Washington, Feb. 27.—Domestic animals are threatened by a new and dread disease which causes death in from five to seventy-one hours, according to a bulletin issued last night by the public health service.

"Suggestions that the origin of the disease is the same which causes 'limberneck' in chickens has not yet been demonstrated," the bulletin added.

### JUNIORS TO PRESENT PLAY HERE MARCH 4TH

The Juniors in the Lubbock High School will present their play, "The Deacon's Second Wife," at the Lindsey Theater here Saturday, March 4th.

So far they have had wonderful success with the play, not a single showing has been made but that a good profit was realized, and we are interested in seeing the people of Lubbock take the opportunity to see this play.

It is entertaining from beginning to end, and will be well worth the time and money one will expend in seeing it, and the good it will do us all to see the home boys and girls successful throughout the season is worth while.

## Attention!

### An Opportunity For Ex-Soldiers and Young Men

Lubbock is going to have a battery of Field Artillery organized before many days, enlistments are now being taken, and we are anxious to complete the organization work in the least time possible.

Will have four pieces of artillery and forty horses, a big opportunity for you—investigate at once. If interested phone or write

## Five Ways of Compensation in the Soldier Bonus Bill as Proposed and What Each Soldier May Expect To Get

Washington, Feb. 20.—To the figures showing at a glance what the former service man would get for varying periods under the proposed soldier bonus act. The figures show what he would get on the cash basis or under the four options, which include insurance, vocational training, farm or home aid and land settlement. The periods are calculated on the maximum period of service and also on the basis of one year and of six months and will serve to give the soldier an approximate idea of what is "coming to him," according to his length of service.

Most an overseas soldier could get—Cash, \$958.25; other options, \$1,342.25.

Most a home service soldier could get—Cash, \$775; other options, \$1,057.

A soldier who served one full year overseas would get—Cash, \$396.25; other options, \$554.71.

A soldier who served one full year at home could get—Cash, \$305; other options \$427.

A soldier who served six months overseas would get—Cash, \$175; other options, \$245.

A soldier who served six months at home would get—Cash, \$128; other options, \$178.20.

### What They Would Get

Just what will the soldier get by the provisions of the bill has often been asked us, and as near as we can get to the approximate figures, the amount would be about as follows, which is given in a dispatch from Washington:

Here is a "Yank" who got into the war early and stayed late the soldier bonus bill, which now seems certain to pass the Senate speedily, would mean a sum sufficient to set him up in business in a small way and to secure his future independence if he invests it judiciously.

If he served overseas the full period of war he could draw a maximum, in cash, of \$958.25. If he served at home he could draw a maximum of \$775. This is figured on the full period from April 6, 1917, to June 30, 1919, inclusive, the maximum period for which a soldier will be able to draw adjusted compensation if the bill is passed. If he served overseas he would get \$1.25 per day less the \$60 bonus already paid, and if he

served at home he would get \$1 a day less the same \$60.

But there are features to the proposed bill by which he could draw nearly half as much more if he doesn't take it in cash. He could even get this additional amount in cash if he uses it to pay his way through school.

Five different plans of compensation are provided. The four, in addition to the cash plan, are the "adjusted service certificate" or paid-up endowment insurance plan; the "vocational training aid" plan; the "farm or home aid" plan and the "land settlement aid" plan.

**Insurance Plan Is Explained.** The "adjusted service certificate" or insurance plan, is in the nature of a twenty-year insurance policy. At the end of twenty years the veteran would receive in cash 140 per cent of what he would receive if he took a cash payment at once, plus 4 1-2 per cent interest.

That means if he served overseas, the maximum period of the war he would draw at the end of twenty years \$1,342.25 in cash, plus 4 1-2 per cent compounded semi-annually.

If he served at home for the maximum period he would draw \$1,057 plus the same interest.

If he died before twenty years his estate would receive the full amount that would be due ordinarily, at the end of twenty years.

If he wished to borrow on this certificate he could get, in the third year, 90 per cent of his adjusted service pay at 4 1-2 per cent interest. As the certificate grew "older" he would be enabled to borrow continually the increasing amounts.

**Vocational Training Is Optional.** If the veteran chose the vocational training plan he would also receive 140 per cent of what he would ordinarily receive in cash. He would receive this monthly at the rate of \$1.75 for the period of training. As in the insurance plan this would mean the overseas man could receive a maximum of \$1,342.25 and the home service man could get a maximum of \$1,057.

The "farm or home aid plan" would authorize the veteran to receive from the Government the adjusted pay plus an additional 40 per cent if he applied the money toward the purchase of a farm or home. As in the insurance and the training plans the maximum amount would be \$1,342.25 and \$1,057 for the two classes of veterans.

The "land settlement aid" plan would give the veteran the preference right to take lands on the opening of public or Indian lands or of reclamation projects. He would be permitted to file on such lands as early as sixty days prior to their opening for general public entry. In addition, under this plan, the veteran would be entitled to his adjusted compensation plus 40 per cent, but would have to apply it entirely in making payment "in connection with the lands" on which he has made entry.

However, even the veteran who served only one year or six months would receive amounts of tidy proportions.

If he served one year overseas he could draw \$396.25 cash or \$554.71

on either of the other four plans. If he served one year at home he could draw \$305 in cash or \$427 on one of the other four plans.

If he served six months overseas he could draw \$175 cash or \$245 on any of the other four plans. If he served six months at home he could draw \$128 in cash or \$178.20 on one of the other four plans.

## Accomplishments of Dawson County Thrifty Farmers

That Lamesa is fast becoming an important shipping point for fresh and sour cream is shown in the following figures obtained from one of the local cream buyers.

This report covers shipments made in 1921. Considering that there are several cream buyers in Lamesa and that this represents only one dealer's business sounds very much like Dawson County is producing cream in merchantable quantities:

Pounds of Cream ..... 121,330  
Amount of cream checks issued ..... \$12,334.80  
Average price paid patrons entire year ..... \$29.94

An average for five years runs above thirty cents for butter fat. If we are not making money on our cows, considering the calf crop, skim milk, milk fed to hogs and poultry, we are using cows of inferior quality. Good cows will yield a dividend, poor or inferior ones will lose money and disgust their owner, cause him to become discouraged and lose faith in the business.

Lamesa ranks fourth as a shipping point with all towns in the Amarillo territory.—County Agent.

By invitation of County Agent C. T. Watson on Friday evening we accompanied him and W. S. Ray and son Clifford, out to the J. P. Cole place to see a real live farm.

He is crushing feed with a 6-horsepower engine and mill and feeding 127 yearlings and 2 year olds. He is following them with 150 or 200 shoats of the White variety in the majority. He has a large underground silo of concrete which is a decided success. He is also manufacturing brooms at the rate of about 12 dozen per week. His son is handling the broom machine and from the brooms we saw would say the young man was an expert. These brooms are made of his own broom corn. Rhode Island Red chickens were in evidence in every direction the whole farm wears the appearance of prosperity. J. P. Cole is one of the best farmers as well as one of the best citizens in Dawson County. We certainly enjoyed the outing and express our thanks to Mr. Watson for same.—Lamesa Reporter.

## MEXICO IN A STATE OF ANOTHER REVOLUTION

It is reported that another uprising is about to take place in Mexico, headed by Col. Esteban Cantu, governor of Lower California. It is said he is against the Oregon government and is heading a revolution to overthrow the present regime. These reports have been made public by Spanish newspapers and sent out of Mexico.

According to these statements if the revolution succeeds, Felix Diaz will be provisional president of Mexico and his first act will be to nullify the constitution and restore that of 1857, under which his uncle, President Diaz worked. The various laws which prevailed under the Diaz regime and which was satisfactory to foreigners will be revived.

A proclamation calling for the re-organization of the old liberal party in Mexico has been issued from San Antonio by a well known figure in politics, replacing the Carranza constitution of 1917 by that of 1857. This proclamation proposes to replace the present constitution for the purpose of eliminating the objectionable articles 3 and 27 which are held unfair to American interests in Mexico.

General Diaz was last reported living in New Orleans, La.

## "TRUTH SERUM" WILL WORK DOCTOR ASSERTS

Dallas, Feb. 25.—Harry M. Fields will tell the truth regarding the Taylor murder if he is given "truth serum." Dr. Eugene House, of Ferris, Texas, the country doctor who discovered the now famous truth test, declared to the United Press here tonight.

"You can tell the Detroit and Los Angeles authorities, that the three tests we have made on Texas criminals have been 100 per cent perfect."

"It will work on Fields. I am willing and anxious that the test be made."

## MEMPHIS MAN ATTEMPTS SUICIDE LAST MONDAY

Memphis, Feb. 27.—J. M. O'Leary an auto painter here cut his throat with a dull knife and made a couple of small wounds over his heart in an alleged attempt to commit suicide. He was taken to the jail after this city health officer dressed his wounds. His injuries were not serious.

# BUSINESS IS GOOD

Our records show several hundred dollars more business for February of this year than for the same month last year. It is our ambition to be able to say as much for each month of the year. We interpret this as being due largely to the fact that we sell for cash on the lowest possible margin of profit. Also to the well selected stock which we now carry. If you are not a customer of this store we invite you to give us a trial order.

### FOR YOUR BLOOD

Keep Your Blood Pure. Throw Off the Poisons and the Flu Won't Get You

San Angelo, Tex.—"Dr. Pierce's proprietary remedies have been entirely satisfactory to me in the truest sense of the word and I consider them as being very high-class remedies, and the safest that I know of on the market. During the last score of years when myself and family have needed a tonic especially after the LaGrippe, we have used Dr. Pierce's Golden Medical Discovery with satisfactory results, also Dr. Pierce's Pleasant Pellets. We write to Dr. Pierce promptly to my thanks and truthful sentiments."—O. R. Wilson, 802 Koberlin St.

Obtain now from your neighborhood druggist Dr. Pierce's family remedies—tablets or liquid. Write Dr. Pierce, Pres. Invalids' Hotel in Buffalo, N. Y., for free medical advice.

# A Bargain In A Good Investment

You can take the experience of the majority of the automobile experts of the world and equip your car with the Willary Battery or you can buy a "Bargain" Battery and learn by experience (that dear teacher) that quality investing is the only good bargain to be had.

We like for our customers to feel that our battery service is a sound investment.

Farmers Short Course, Lubbock, March 20-21

Same old stand, in the same old town.

### "INK WELL" DRILLED IN NEAR HOUSTON

Houston, Feb. 25.—An "ink well" has been drilled in at the Pierce Junction Oil Field, near here, it was reported today.

The Humble Company drilling in their Atlantic Joint Mowrey well, reported "ink" of intense blackness found in great quantities at a depth of 3,400 feet.

"The ink is so black that it appears white in the darkest room we can find," was the report made by one of the drillers to the company officers here. The fluid showed the same qualities as "bought ink," when used to write upon paper, the report said.

Upon further investigation, the "ink" was found to be a very fine solution of black sulphur water.

The search for oil will be continued, the Humble Company announced. There is plenty of ink on the market, it was said.

### COLD WEATHER IN ABERNATHY MONDAY AND TUESDAY

The storm that has been raging throughout the east, reached the Plains country Sunday night with a heavy east wind accompanied by a heavy mist of rain. This continued all day Monday and by night the mist began freezing and in a very short time the ground was covered with a sheet of ice. Tuesday morning the wind had changed to the north with the thermometer registered zero weather, the coldest of the season around Abernathy.

At this writing (Tuesday) the storm is still raging and no sign of a let up. We have not heard what damage, if any, has been done, but no doubt considerable damage has been done to some extent in some parts of the country.

A. G. Gilbert, one of Abernathy's good citizens, was appointed trustee of the peace of the Abernathy precinct. This appointment was made last week at the last meeting of the county commissioners at Plainview.—Abernathy Review.

### NO PAY FOR SUMMER TEACHERS SAYS ATTY. GEN.

Austin, Feb. 25.—Professors, instructors and teachers of the University of Texas and of all other state educational institutions who serve at the regular term of school cannot draw pay for serving at the summer term, the Attorney General's Department ruled today in an opinion given F. M. Bralley, president of the College of Industrial Arts at Denton.

Scratch pads for sale at this office

# CASCARETS 10¢

For Constipated Bowels—Bilious Liver

The nicest cathartic-laxative to physic your bowels when you have

- Headache
- Colds
- Dizziness
- Biliousness
- Indigestion
- Sour Stomach

is candy-like Cascarets. One or two tonight will empty your bowels completely by morning and you will feel splendid. "They work while you sleep." Cascarets never stir you up or gripe like Salts, Pills, Calomel, or Oil and they cost only ten cents a box. Children love Cascarets too.

### FRIEND OF ANTI-LYNCHING BILL SEES ITS FINISH

The anti-lynching bill, by Representative Dyer, sees the handwriting on the wall and his bill will be lost when it goes back to the senate. Dyer is representing a district composed of more negroes than whites and his bill has found, what the Democratic Senators believe will be its funeral in the senate. Five out of the six of the members of the committee who have the bill now in charge, are known to be opposed to the bill, and the sixth one does not mind voting outside party lines. This man is Senator Borah and the cloak room talk is that he has described the bill as clearly unconstitutional, and is also joined in this opinion by Senator Colt, once a Federal circuit judge for twenty-nine years. It is thought by its opponents that the bill will not be reported on the floor and will be lost sight of before its time.

### "TRUTH WILL OUT." NO LONGER DECEIVE WIFE

Over in Parsons, Kan., the doctors are "swooped" with calls day and night by wives asking for "Truth Serum" for their deceiving husbands. The doctors are at a loss as how they are going to meet this demand and furnish this dope. It seems there is a bunch of deceitful "hubbys" who are trying to put something over the wife, but if this serum don't play out the star of the untruthful husband has set.

One wife says the rolling pin treatment has failed, another the broom stick treatment was a failure and other old time remedies were no good any longer, and now they wanted to try the new medicine, or anything to make the old "lizzard" tell the truth.

### BAPTIST HAS DISTRICT MEET AT PLAINVIEW TUES.

Plainview, Feb. 27.—Baptists of the Panhandle will meet at the First Baptist church here at 10 o'clock, Feb. 28, for a conference in connection with the campaign to raise the \$75,000,000 fund for Baptists over the South. The local church will provide entertainment and a luncheon for the visiting members. Among the speakers scheduled to be heard here are Dr. S. P. Brooks, president of Baylor university; Dr. George W. Truett, Dallas; Dr. Lee E. Scarborough, Fort Worth and Dr. F. S. Groner of Dallas.

Come to Lubbock.

### Needs of the Texas Schools as Outlined By State Superintendent, Annie Webb Blanton—Advocates Statute Revision

Austin, Texas, Feb. 25.—A summary of the needs of the public schools of Texas has been prepared by State Superintendent of Public Instruction Miss Annie Webb Blanton. In outlining the changes and summarizing the needs as viewed by her, Miss Blanton lists them as follows:

**Measures to Meet Emergency**  
Appropriation by the State of \$2,000,000 to retire this amount of State bonds now invested in the permanent school funds, in order that the State Board of Education may invest this amount in district schoolhouse bonds, and thus aid school boards to provide sufficient school buildings to house the children.

the general funds of the State to prevent a further reduction in the State per capita apportionment to the schools.  
Appropriation of \$1,000,000 in addition to the \$1,000,000 already appropriated to make the special fund for aid of rural schools \$2,000,000 for next session, and prevent a reduction in the length of terms of rural schools in all parts of the State.

The increase by school districts of the rate of their local tax to the \$1 limit in order to hold in the schools capable, trained teachers, and to attract others to the work.  
Provision for the State Department of Education, restoring the amounts and items cut last summer in order that efficient work may be accomplished.

**Constitutional Changes**  
Provision for a special tax for the support of State colleges, the expenditure of these funds to be under the direction of the boards of regents of those colleges.

Provision for a State board of public school regents who shall have general charge of the State Department of Education and of matters relating to the system of public elementary and high schools.

Provision raising the present ad valorem tax for the support of textbooks to 50c with the proceeds of 10c of this tax set aside by the Constitution for special aid to rural schools, under plans made by the State board of public school regents.

Such provision as may be deemed necessary to authorize the erection of a State tax-equalization board.

Provision permitting a county to levy a county tax for education.

The apportionment of the state available school fund on the basis of average school attendance, instead of on the basis of scholastic enumeration.

A change in the length of the term of office of county and State superintendents from two to four years.

A provision changing the term of members of district school boards to four years and members of county school boards to six years with the provision for the retirement of one-third of the membership of each board every two years.

Provision that a school district may vote bonds for the erection of teacherages or teachers' homes, these to remain the property of the district.

Provision granting power to the State board, in cases of appeal, to change the boundary lines of school districts not bonded.

Provision for a teachers' retirement fund.

**Revision of the Statutes.**  
The entire body of school laws needs revision, both as to language and as to content. It is undesirable to enumerate here the many minor changes needed. The most important changes desirable are enumerated below.

Revision of the system of taxation in such a way (1) as to provide a means of equalizing taxable values in all sections of the State; (2) as to provide for taxing resources, now untaxed, which should be required to aid in support of the schools, and (3) as to provide a system by means of which school teachers may be paid promptly.

Appointment of county and of

State superintendent by boards of education.

An effective county-unit system for the management of rural schools. Revision of the textbook laws, especially in regard to the following: More definite provisions for the county depositories already established.

Provisions making certain restrictions as to book orders in the interest of economy.

Provisions to enforce prompt compliance with contracts.

Provisions changing the membership of the commission so as to provide for special boards to select the high school and the elementary books.

An English language law requiring that the English language shall be made the medium of instruction in private denominational and parochial schools as well as in public schools.

Revision of the compulsory attendance law, providing for a longer compulsory term, raising the age of exemption to 16 years, raising the grade of exemption to the eighth grade and making provision for strict enforcement.

Provision for child welfare work.

Provision for more of vocational work in the rural schools.

**ITEMS OF INTEREST FROM ROPESVILLE COMMUNITY**

Mrs. Tow and Haven were at Ropes Sunday and stayed until after services Sunday night. They live in the Moody neighborhood.

Miss Villa Davis from Slide was at Ropes Sunday and played the piano for the singers.

Winter is not yet gone, although we heard the dog owl who, last week, while it was warm, it is very cold at this writing and a roaring fire feels comfortable.

Sam Branch is real sick. Had a physician with him Thursday.

Brother T. B. Sowell preached two excellent sermons Sunday at the morning and night services to an attentive audience. We are always glad to have Brother and Sister Sowell with us.

There was a large crowd out Sunday evening to hear the good singing by those Lubbock leaders, Messrs. Dye, Wilson, Windle, Hillton, Holland, Peck and Fortenberry.

Prof. Gunn and father and Mr. Tubbs from Leveland were also present, and many others whose names we did not learn. We will mention one song sang by little Mary Peck which was beautifully rendered by so small a child, just three years old. The dinner served by the ladies was plentiful and every kind of eatables were on a long table. Everybody seemed to enjoy the day fine. Thanks folks, come again sometimes.

There are several sick with colds. Mr. Williams is improving. Several children missed school a few days on account of being sick.

Mr. and Mrs. Ed Thorp have gone to Lamesa to visit relatives for a few days, and also to bring their little son Aubrey, home who has been visiting his grandparents for two weeks.

The play, "A Daughter of the Desert," which was rendered by the Slide young people was enjoyed by a full house Friday night.

Several people from Ropes attended the exercise horse races at Moody the 22nd. We like to call a spade a spade.

**MR. R. C. KING TELLS A WONDERFUL STORY ABOUT RATS. READ IT**

"For months my place was alive with rats. Losing chickens, eggs, feed. Friend told me to try RAT-SNAP. I did. Somewhat disappointed at first not seeing many dead rats, but in a few days didn't see a live one. What were not killed are not around my place. RAT-SNAP sure does the trick." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by City Drug Store and Cole-Myrick Hdw. Co. if

**SWEETWATER MAKES BID FOR COTTON WAREHOUSE**

Sweetwater, Feb. 24.—One of the important matters of business transacted here this week by the Nolan County Farm Bureau at its meeting was to take steps to apply for the location at Sweetwater of a bonded cotton warehouse for this district, which comprises Fisher, Stonewall, Mitchell, Lubbock, Jones, Kent, Taylor, Dickens and Nolan counties. There are only two bonded warehouses in the district at present.

**FOR INDIGESTION, GAS, SOUR, ACID STOMACH, TAKE "DIAPEPSIN"**

"Pape's Diapepsin" is the quickest, surest relief for indigestion, gases, flatulence, heartburns, sourness, fermentation or stomach distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually. 10-20

**PRESIDENT NOMINATES COLEMAN POSTMASTER**

Washington, Feb. 27.—Texas postmasters nominated: D. G. Melton, Allen; N. B. Warner, Belts; Ora L. Young, Jackhamon; John H. Sharbutt, Lueders; George F. Bates, Lyons; B. F. Robey, Coleman; Edward F. Glaze, Goliad.

Farmers Short Course, Lubbock, March 20-21

## Farmers are Buying Fordson's

### So That They Can Plow Right Now!

Now is the time to plow. With a Fordson this plowing can be done in fine shape, even though a little dry.

You can buy a Fordson equipped with an Oliver three disc plow for less than the cost of the tractor one year ago. The total cost of tractor with plow is only \$629.50; and good terms can be arranged for purchase.

The Fordson, without question, is the cheapest power you can buy. You can't afford to waste time with horses or mules when you can buy the Fordson at \$469.50.

**IMPLEMENTS SOLD WITH FORDSON**

We handle what has been proven to be the most satisfactory line of implements to be used with the Fordson. An idea as to the price reductions on these implements can be seen from the fact that the three disc Oliver plow sold for \$250 until a few months ago, and today can be bought for \$160.

We also sell feed mills, grinders and practically all implements which can be successfully used with the Fordson.

Come in and investigate our terms and make your ground ready for the rain, instead of waiting for the rain to start your work.

Poultry Show and Farmers Short Course  
Lubbock—March 20th to 21st

\*\*\*\*\*  
**WEEKLY MARKET LETTER**  
 \*\*\*\*\*

**Kansas City Stock Yards, Feb. 27.**—Hog prices continue to climb to new high positions. Today the market was 25 to 40 cents higher, and the top \$10.80, and bulk \$10.50 to \$10.75 were the highest in a number of months past. Cattle though in liberal supply sold readily at 15 to 35 cents advance. Demand came from all sources. Trade in sheep and lambs opened slowly. Sheep held steady and lambs were 10 to 15 cents lower.

**Today's Receipts**  
 Receipts today were 13,000 cattle, 10,000 hogs, and 11,000 sheep, compared with 12,000 cattle, 12,000 hogs, and 9,000 sheep a week ago, and 10,000 cattle, 15,950 hogs, and 14,250 sheep a year ago.

**Beef Cattle**  
 The buying side hit the cattle market today with large orders and prices rose 15 to 35 cents mostly 25 cents. Prices were the highest of the year. Most of the good to choice steers sold at \$7.75 to \$8.50. Plain killing grades sold at \$7.25 to \$7.05 and some prime steers brought \$8.75. Killers appeared more anxious for supplies than for some time past and eastern shipping orders were as large as at any previous time this season. Cows and heifers were strong to 25 cents higher. Veal calves were firm.

**Stockers and Feeders**  
 Demand for good feeding and stock cattle continued active with prices strong to 25 cents higher. Fleashey feeders sold up to \$7.75 and selected stockers up to \$7.60. Stock cows and heifers found a ready outlet.

**Hogs**  
 Hog prices were up another 25 to 40 cents, the highest in a number of months past and near the \$11.00 mark. The top price was \$10.80 and bulk of sales \$10.50 to \$10.75. Strong weights advanced the most and the price spread narrowed materially. Receipts remain below urgent requirements and the market is in a firm condition.

**Sheep and Lambs**  
 About 6000 of the 11,000 sheep reported today were Texas feeding lambs on through billing to Eastern feed lots. Lambs sold 10 to 15 lower, top \$15.50. Sheep were steady and in active demand. Few feeders are on the open market.

**Horses and Mules**  
 Inquiry for horses was fairly large today, but actual trade was about the same as a week ago, and largely in the better classes. Prices were quoted unchanged.

Charles M. Pipkin,  
 Market Correspondent.

**"LET THE MAN DO THE WORK." HOUSEKEEPING**

"Hands off, we propose to run the State government." This seems to be the trend of affairs now going on in some states, and especially in New Mexico, where women are announcing for county offices, and in some instances for state as well. In Chaves county, New Mexico, the women, if elected for the offices they are now hard at work for, the men will have a glorious time taking care of the babies, doing the cooking and entertaining wife's friends when they come in to talk over state affairs.

Every office in that county has one or more aspirants for the various places to be filled. There will be a royal battle for these places. Already three have announced for county treasurer, two for probate judge, and one or more for county clerk, and many others are now ready to enter the race. This is not only the case in New Mexico, but over in Kansas, there is one little miss of 21 summers wants to direct state affairs from the executive mansion. She is making the race for governor with her sister as campaign manager.

Women are taking advantage of their constitutional rights, which is to fill office, take the lead in all public affairs and let "the men do work" at home.

**BOOM IS STARTED IN TOWN OF WESTBROOK**

Westbrook, being near the Morrison well, is going to keep pace with oil development in the Mitchell County field and will soon experience a big building boom. The sale of 175 town lots in one day, with realty values increasing from 300 to 400 per cent. in two weeks is a record made by that town. At least two new wells are to be drilled at once by the Underwriters Producing and Refining Company on its holdings near that place. One of these will be an offset to the Morrison well and the other to the T. & P. well.

**LOUIE F. MOORE FOR CLERK OF DISTRICT COURT**

Louie F. Moore, the efficient Clerk of the District Court has cast his hat into the ring, offering his services to the people of this section for another term.

He is possibly one of the most popular officials at the courthouse at this time, and we are sure his many friends will be glad to learn that he is making the race.

He has been in Lubbock county for the past six years, served as assistant County Clerk with former Clerk, Sam T. Davis and prior to that time served as assistant Tax Assessor under R. C. Burns, and is now serving the people in the office which he seeks, Clerk of the District Court, which office was created last year after receiving the returns of Federal Census, which gave Lubbock County sufficient population to necessitate the separation of the offices of County and District Clerk.

As an executive his ability is well known to those who have had dealings with the District Clerk offices, and we are sure that if reelected Louie Moore will continue the work of that office in a creditable manner that will reflect well upon the entire population of Lubbock county.

He is a young man, young enough to be active, and not old enough to be unprogressive, and we feel that in his offering his services to the people of Lubbock county in this capacity the opportunity is one which will be treated as such by the voters in the primary and general elections.

**To Stop a Cough Quick**

Take HAYES' HEALING HONEY. A cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVES O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey is made thorough combined with the healing effect of Groves' O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Each remedy is packed in one carton and the cost of the combined treatment is 50c.

Just ask your druggist for HAYES' HEALING HONEY.

## IN MILADY'S REALM

BY MRS. CURTIS A. KEEN  
Residence 1119 Fourteenth St.

**A Thought for Today.**  
"God sends His teachers unto every age,  
To every clime, and every race of men,  
With revelations fitted to their growth  
And shape of mind, nor gives the realm of truth  
Into the selfish rule of one sole race;  
Therefore each form of worship that hath swayed  
The life of man, and given it to grasp  
The master key of knowledge, reverence,  
Enfoils some germs of goodness and of right,  
Else never had the eager soul, which loathes  
The slothful down of pampered ignorance,  
Found in it even a moment's fitful rest."  
—Lowell.

**Wednesday Needle Club.**  
The Wednesday Needle Club met at the home of Mrs. F. C. Wilson, with Mrs. McKee as joint hostess. There were eleven present and a delightful afternoon was spent socially as well as profitably. After a busy and interesting discussion of all that pertains to needle craft, and a short business meeting, Mrs. Wilson and Mrs. McKee served a dainty lunch with cream and coffee. The next meeting will be held at the home of Mrs. John Bacon.

**Senior Girl's Club.**  
Miss Annilee Simpson was the hostess at an enjoyable meeting of the E. M. M. last Saturday evening at her home on 1620 15th Street. Officers were elected for the club year and Miss Annilee Simpson was made president, Silvia Wilson secretary, and Almada Murray was appointed corresponding secretary. A jolly evening was spent by all and the club of the Senior girls promises to be one of the most active and most interesting of the High School activities. Before the guests departed Miss Annilee served a delicious lunch of jello with cream with the accompanying delicacies. She was ably assisted by members of the jolly party, in the serving of refreshments.

**Civic League, March 4.**  
The women of Lubbock are reminded that the Civic League will meet at the courthouse on March 4. Presidents and delegates are urged to be present, representing all federated clubs, as matters of vital interest are to be brought before the League for discussion.

**The Cheerful Cherub Says:**  
"Life itself can't give me joy  
Unless I really will it.  
Life just gives me Time and Space—  
It's up to me to fill it."  
—Dallas News.

And the Cheerful Cherub is right, insofar as life will give back to us in happiness only in proportion to what we ourselves put into life, in service and sacrifice. This happiness is not that cheap and superficial happiness that we oftentimes grasp in the whirl of quick moving society, but it is that inner joy and peace "that passeth all understanding" that wells up in the heart of the toiler of the fields, the heaver of the wood and drawer of water, the tired mother who has tucked up the bairns for the

night, and so on to every one who finishes the day with a secret knowledge of "work well done"—and an assurance of soul that whispers "God's in His Heaven, All's Well With the World."

**Princess Mary Weds Viscount Lascelles.**

London, Feb. 28.—Princess Mary, the only daughter of King George and Queen Mary, was married today to Viscount Lascelles, with all the pomp and dignity, befitting a royal wedding.  
The ceremony began at 11:30 a. m. in Westminster Abbey, and soon thereafter the couple were pronounced man and wife, while the chimes of Westminster rang out the happy message, and vast crowds gave tumultuous greeting.  
The ceremony was performed by the Archbishop of Canterbury, assisted by the Archbishop of York, and the Dean and precentor of the abbey.  
The ceremony ended, the Archbishop of Canterbury addressed the couple, saying in part:  
"It seems probable that no daughter of a reigning King was ever until today married in the abbey. Certainly no marriage could here occur under conditions quite like yours. The wartime party created them. Each of you in the grim war found new opportunities and used them. When the fibre of British manhood was being tested day by day in the shell swept trench and on bare hillside, you, my brother, did much more than stand the test. Such testing can make good its outcome in the quieter after years. May no necessity on that scale, please God, come again in your lifetime. To those who are worthy of it, peace, too, brings its privileges. Our homes can bestow on English life an inestimable boon. There lies the opportunity for both: you are going to use it."  
"To you, my child, the war days of your girlhood brought occasion for glad service. Experiences, however simple, in a hospital ward can give an abiding stimulus to one who cares. In that effort, as also in the leadership of disciplined English girlhood, you have gained thought and knowledge which you will now contribute to securing the strength, orderliness and sunshine of a great English

home. Together you will set yourselves to this. Happiness in home life, even when it is blessed like yours with high traditions, is not a matter of course. It has its roots in a mutual love which is tender and thoughtful in resource, unselfish in devotion but brave and unreserved in its honesty of mutual counsel. So you may together go from strength to strength.  
"The power to do much comes from on high. We are here this morning as Christians; our fealty and your fealty are pledged to the living Lord. The center, the inspiration, the Master in the home is Jesus Christ our Lord. It is in His name that with gladness of heart and buoyancy of hope we today on behalf of the whole empire and people, bid you God speed."  
**PARENTS 28 YEARS OLD HAVE SIX CHILDREN**  
Clarendon, Tex., Feb. 25.—R. O. Nicholson and wife, who live at Lelia Lake, Texas, are the parents of six children, the oldest being six years old and the youngest four days old. Faye Lee, a girl, is six years old; Dorothy, a girl, is three; twin girls, Irene and Helene, are fourteen months; twin boys, Ross and Roy, are four days old and doing fine.

**W. G. MURRAY RETURNS FROM K. C. MARKET**

W. G. Murry, prominent ranchman, of this place returned Thursday morning from Kansas City, where he had been with ten cars of stocker cattle, which he states he disposed of very satisfactorily. Mr. Murry stated that the snow was heavier north. He reported as places as eighteen inches in many places in Kansas and Oklahoma, and the North Plains has a solid covering, gradually becoming lighter the further south.  
The snow storm seems to have covered a large territory and will be of great benefit to farmers throughout much of the country covered.  
It has been a very severe spell on livestock, and while we have not yet learned of any great losses, there may be some cattle die as a result of the freeze up.

**MARRIAGE LICENSE**

C. L. Tanner and Miss Virginia McDonald, February 26.

**NOTICE OF SALE**

On the 25th day of March, 1922, between the hours of 10:00 A. M. and 4:00 P. M. I will sell at public auction, One Brown Mare, One Horse Colt and Three Fillies to satisfy a past-due claim at my place West of Lubbock, Lubbock County, Texas. C. C. Lane. 2-6

J. F. Goodnight of the Canyon Community, was a pleasant caller at the Avalanche office Thursday. Mr. Goodnight is one of Lubbock county's real boosters who has proven that the proof of the soil is in the products, and from what he has been able to produce on his farm, the proof is mighty good.

**PLENTY POULTRY AROUND THE TOWN OF LORAIN**

Lorain, Tex., Feb. 28.—Produce companies today shipped 5,600 lbs. of poultry at 16 cents per pound being paid to the farmers who grew the chickens. This is one of the profitable crops of the Mitchell county farmer. Farmers of this section are trying the slogan: "A cow, a sow and some chickens on every farm."  
Don't forget the prizes at the opening of the Sale at Cash Dry Goods Co.  
Attend the Farmers' Short Course and Poultry Show in Lubbock, March 20-21.

## ANNOUNCEMENT

Beginning with the next issue of the Avalanche, Neal A. Douglass, who has been reporter for the Avalanche will have charge of the Advertising Department of the paper and will call regularly on the business men for their ads, and the management will appreciate every courtesy shown him. He is a competent, polite and accommodating young man and will be pleased to assist you in any way in the preparation of your ads for the Avalanche. Mr. Douglass is taking the place of Mr. J. E. Griffith, who has been on the job for some time, and who has resigned to take up a business proposition of his own. He leaves the employ of the Avalanche by mutual consent and with the highest respect of the management, and we wish for him the greatest success possible in the new venture. In the shuffle, Bennett Slagle becomes reporter for the paper and in his behalf we ask that the public give him all the news items possible that the Avalanche may continue a newsy paper and if possible improve along this line. Mr. Slagle is a Lubbock boy, ambitious, and full of pep, and we are glad to add him to our force, and he will appreciate your co-operation in making things hum around Lubbock in the news columns of the Avalanche. Open up on him and tell him the news, and he will do the rest. Let's go!

## LUBBOCK SCHOOLS

**Grammar School.**  
Everybody in Grammar School is glad that the examinations are over. Report cards will be issued Monday if nothing happens.  
Mrs. Roscoe Cowart has been elected to finish the term of 1922. She takes the place of Mr. W. W. Sherrill.  
The following visitors were at the Grammar School this week: Messrs. Fred Oliver, Geo. Boles and Mrs. Bowles.  
Pupils entering this week were: Rush Allen, Beatie Lee Harris, Opal Alvis, all being third graders.  
A base ball game between the eighth grade and the Grammar School took place at the Elk's ball park Saturday afternoon. The Grammar School won by a score of 14 to 8.  
Percy Denton, Sam T. Davis, Jr. Roy Ingram.

## Building Must go on--

Building homes is different from any other expenditures—whenever money is scarce homes are needed—expenses such as rent should be stopped.

**BUILDING MATERIALS ARE CHEAP NOW**

You can build a home now much cheaper than heretofore. You will find that we are prepared to help you when you get ready to build—and we are anxiously awaiting your decision.

## A. G. McAdams Lumber Co.
