

# THE LUBBOCK AVALANCHE

VOLUME XXIII, No. 14

LUBBOCK, LUBBOCK COUNTY, TEXAS, FRIDAY, APRIL 14, 1922.

PUBLISHED TWICE A WEEK

## LUBBOCK TO HAVE COTTON SEED OIL MILL—HANDLE FALL BUSINESS

ARRANGEMENTS HAVE BEEN COMPLETED FOR GROUNDS AND WORK ON PLANT TO COMMENCE IMMEDIATELY  
WILL BE LOCATED NEAR THE COMPRESS

This Enterprise That Lubbock Has Long Needed Will Be of Great Benefit to the Town and to the Stockmen and Farmers of a Very Large Territory—Lubbock Important Point.

Lubbock is to have a cotton seed oil mill. This is now an assured thing and it means a great deal to Lubbock and to the farmers and cattlemen of this section, and the good effects by the location of this mill in Lubbock will be felt all over this section of the state.

J. W. Simmons, Jr., of Dallas, with associates, have completed arrangements for the building of a mill at this place. It has been known for some time that plans were under way for this new enterprise in our city, but some minor details had to be worked out, and some matters that were not consummated had to be completed before it was best to make the announcement of the plans. As we understand it, everything is closed up, and the grounds secured, which are located just north of the compress, and work will begin at once on the building and the installation of the plant, which will be one of the most modern, and adequate to the needs of this section of the country. It is expected that the plant will be in operation to take care of the fall business, which will mean a great saving to the feeders of this section and will also mean much to the farmers in the marketing of the crops.

This is one of the enterprises that Lubbock has needed for some time, and now that the territory tributary to Lubbock has become such a factor in the cotton business, attracts such men as Mr. Simmons. There are none of the pests, such as boll-weevil or pink boll worm, known in this territory, as there are in other sections of the state. The staple of cotton raised is attracting the headier dealers, and in the fall Lubbock is full of cotton buyers making competition keen and good prices.

There is no question that the company at the head of this enterprise has figured it out that Lubbock is the logical point for the location of this plant, and with the splendid outlet for the products of the mill as well as for the shipment of cotton seed and other products of the farm to this point, they have no doubt made a wise selection of location. Lubbock is rapidly becoming the most important point commercially on the Plains, and will live up to her slogan, most creditably—the "Hub of the Plains."

### COUNTRY CLUB LAKE BEING STOCKED WITH LARGE BASS

The members of the Lubbock Country Club are busily engaged these days in beautifying and adding to the future pleasures to be enjoyed at the club grounds. Almost one thousand trees and shrubs have been planted on the grounds, around the lake's edge, along the various drives, etc., and the arrangement and plans have been artistically carried out.

Last Wednesday, thirty large bass, were secured from our fellow-townsman, Wiley Puckett and are now claiming their abode and future home in the Country Club lake. The membership were indeed fortunate in securing the larger fish and of course there will be added from time to time and in a remarkably short time, we will hear of some whopping big fish stories about the catches made by the nimble anglers.

Lubbock was indeed lucky in securing the ideal location for the club grounds. Very few clubs can boast of so many natural advantages, especially the golf course. "Four it on 'em," boys, and in less than five years—well, we won't say what.

### PLAINVIEW'S REPORT OF THE HIGH SCHOOL GAMES

Lubbock high school came to Plainview and trimmed the local swatters, taking the long end of the score in both the Friday and Saturday games. Twelve innings were required Friday to see which was going to win, Lubbock nosing out and winning 6 to 5. Smith, pitching for Plainview, won a distinct find for Coach Duncan. He whiffed out 14 husky Lubbock batsmen and went the entire distance without materially weakening.

Turner pitched for the Bulldogs on Saturday, but the game was loosely played on account of the strong wind and dust. The game went thirteen innings, Lubbock again winning by a narrow margin of 9 to 8.—Plainview Herald.

### O. V. BAGWELL'S FATHER DIED IN COLORADO

O. V. Bagwell returned Wednesday from Colorado where he has been to attend the funeral of his father at that place.

He reports lots of snow through the intervening states and Colorado, which in most places is several inches deep.

Rev. J. M. Lewis, pastor of the First Presbyterian Church of this city is in Carlsbad this week attending Presbytery of that church.

### HOWARD COUNTY IS AFTER JACKRABBITS

Big Spring, Texas, April 11.—A series of rabbit drives are to be held throughout Howard county in an effort to thin out the crop of crop destroying rabbits before planting time is over.

More than 1,000 rabbits were killed in a drive in the Luther community the latter part of last week. A big drive will be held in the Hart community, April 11th, and in the Elbow community, April 12th.

### 61 MEN MUSTERED INTO BATTERY AT PLAINVIEW

Plainview, April 8.—Battery A, 131st Field Artillery, T. N. G., was inspected and federalized here last night by Major W. L. Culbertson, of the United States army. Sixty-one men were mustered into the battery. The major stated that uniforms and other equipment will be issued to the battery members within a month if possible.

Major Claude A. Adams, of Crowell, and Capt. H. M. Hankins, of Comptche, accompanied the major to make the inspection. Capt. Thomas A. Bay, of Plainview, is the commander.

John S. Simpson, well known local man, returned Wednesday from Ft. Worth, where he had been for several days for an examination under the government authorities, he having been gassed during the war. He says that upon authority of these physicians, his condition is very much improved.

Eskimos have one day and one night a year. They are expecting tomorrow next month.

### NEFF TO BE IN AMARILLO LAST OF THIS MONTH

Austin, April 8.—Governor Neff announced today a number of speaking dates of his tour of Texas the latter part of this month and next month, when he will speak on "Texas as It Really is."

His speaking dates for the following towns: April 23, Wichita Falls and Vernon; 24, Quanah; 25, Crowell, Pampa, Childress; 26, Wellington, Shamrock, Mobeetie and Wheeler; 27, Canadian at Perryton and Maud; 28, Pampa, Panhandle and Claude; 29, Tullis and Hereford.

On April 30 the governor will meet the state normal board members at Amarillo, and with them visit the state normals at Canyon, Denton and Commerce.

Neal Douglas, Sr., and Mr. Stockton, both of Littlefield, transacted business in the city the first of this week.

### ALBERT BLACKWELL OF FLOYDADA, WAS HERE TRANSACTING BUSINESS THIS WEEK

Albert Blackwell of Floydada, was here transacting business this week.

## IF YOU ARE INTERESTED IN THE SCHOOLS OF THIS DISTRICT READ THIS ARTICLE BY TRUSTEES

Owing to the fact that word has been circulated throughout this district that the Board of Trustees of the Schools were contemplating extravagant and unsound methods of carrying on the school building program, we deem it necessary that we say a few words, in order that you may get the truth of the situation and understand our policy.

1st. It has been rumored here that the old High School building is unsafe and that we contemplate tearing it down. The building has been pronounced absolutely safe by competent architects. To tear it down would be extravagant waste and useless. The ground on which the old building is located is not of sufficient size to accommodate a high school, even if we should wish to locate the new building on that site.

2nd. Inasmuch as it has been rumored that the three necessary ward buildings in the rural parts of the district would not be built, those opposing our program have scattered the report that the Board of Trustees will not locate those buildings in the rural sections. To correct that impression, we wish to say that those three buildings will be located, one in the southeast, one in the southwest and one in the northwest part of the district and that the Board will be assisted by a citizens committee from each section, in selecting the locations.

3rd. It has also been said that we will locate the new High School building without regard to the wishes of the majority of the people. We wish to say that we do not know where we can secure a site of sufficient size in a desirable place for a High School. We shall invite the co-operation of representative citizens from the different parts of the city to secure the very best location possible. We are absolutely without favoritism for any one section of the city or district.

Let's all build together for a Better School, a better district, a better county and a better city.

Board of Trustees.  
J. T. Hutchinson.  
W. B. Atkins.  
J. B. Pryor.  
Mrs. H. W. Sims.  
K. Carter.  
G. E. Marden.  
S. C. Wilson.

### State Weights and Measure Inspector Finds Shortages

State Inspector G. R. Scott, forbid the sale of fifty-six sacks of flour and quite a number sacks of bran Wednesday owing to the fact that they were short-weight. He will weigh up on commodities here for the next few days and it is a safe bet that if they do not come up to the requirements of the "net container law," Mr. Scott will forbid their sale. He believes in the impartial enforcement of all laws, especially the laws governing the division of weights and measures and public weighers. He says that it is no pleasure for him to file complaints, yet it is his sworn duty to enforce the law.

The most of the weight and measure shortages are found to be the fault of the manufacturers, and not the local dealers, but he is instructed to tie up such articles as he finds short, and hence the tie-up of some of the commodities handled by Lubbock firms as distributors.

There seems to be a lot of short weights practiced throughout the country, in such articles as flour, meal, bran, potatoes, meats put up by packers, etc., and the amount of shortage on each package or sack may not be much, but in the aggregate the retail merchant and the consumer are losing great sums of money every year, and the State Department of Weights and Measures proposes that this practice be stopped. Mr. Scott has filed thousands of complaints since he got into the field, and vows he will continue to do so just as long as he finds the weights and measures not up to the standard.

### BLANTON ASKS HOUSE TO PROBE GOUGING CHARGE

Washington, April 10.—The House is asked in a resolution introduced by Representative Blanton of Texas, and published today, to investigate all the matters brought up by him and others in connection with the congressional stationery store establishment.

Denying that he was seeking to accumulate wealth, or accusing others of nepotism or practicing it himself, Representative Blanton came back at Representative Garner of Texas, who attacked him in a speech last week, by setting forth in the resolution that Mr. Garner's wife was his secretary, drawing \$3,200 a year. Mr. Blanton denied that he had two sons on the payroll, adding that his brother was serving as his secretary.

### PEERLESS QUARTETTE WILL SING AT SLATON FRIDAY

The Lubbock Peerless Quartette will go to Slaton Friday night to put on an exhibition in that place in the interest of the coming fifth Sunday Singing Convention to be held there that month. Also they will boost the subscription made by the County Singers for the erection of the Community Auditorium here. The singers of the county are a live and progressive bunch, and no doubt they are going to have no trouble in raising their quota for this purpose, for such is the spirit of cooperation among these people that they will go the limit for anything that they can see in for the best interests of everyone concerned.

### PANHANDLE ODD FELLOWS MEET HERE MAY 30-31

Panhandle Odd Fellows Association will hold its annual meeting in Amarillo, May 30 and 31, according to an announcement made yesterday by Houston Taylor, secretary. Meeting simultaneously with the three linkers will be the Panhandle Rebekahs in annual assembly.

About 35 Panhandle counties are in the Association, and it is believed that all lodges will have delegates here. The program has not been arranged.

J. C. Dowd of Canyon is president of the Association. The convention last year was held in Clearwater.

### \$2,600,000 IS ADVANCED FOR TEXAS AGRICULTURE

Washington, D. C., April 10.—Four hundred thousand dollars was advanced to Texas institutions by the War Finance Corporation for agricultural and live stock purposes during the last half of last week, when the total advances amounted to \$2,600,000.

### NO ALARM IS FELT OVER SITUATION OF THE COAL USERS

Washington, April 11.—Reports in the hands of administration leaders concerning the progress of the coal strike were said today in authoritative circles to have convinced the president that no serious results may be expected at this juncture.

The country is heavily stocked with surplus coal, it was stated, and in some sections of the strike area there were said to be heavy accumulations of loaded cars for which billing had not been received, causing the administration to feel there was sufficient car supply for any demand which might be made.

Reports that steel plants throughout the country were about to shut down because of coal shortage were characterized in reports made to government officials as without foundation.

No change in price conditions, either in the bituminous, or anthracite industry has been recorded thus far, reports stated.

### BANK BUSINESS IN U. S. DISTRICT SHOWS INCREASE

Dallas, April 8.—The total checks paid by banks in 13 selected cities of the Eleventh Federal Reserve District, for the week ending April 5, was \$6,983,000 more than for the same week last year, according to the weekly figures reported by the reserve bank of Dallas. For the year to date the total is \$65,200,000 behind the same date last year.

The excess for the week over the same week last year is more than furnished by Fort Worth, which shows a gain of around \$12,000,000 supposedly due, at least in part, to the operations of the Texas Agency of the War Finance Corporation located there. Changes in other corresponding cities are unimportant.

The cities in the district include Albuquerque, Austin, Beaumont, Dallas, El Paso, Fort Worth, Galveston, Houston, San Antonio, Shreveport, Texarkana, Tucson and Waco.

### OKLAHOMA-TEXAS LINE DISPUTE TO BE HEARD APRIL 23RD

Austin, April 10.—Attorney General Keeling and Assistant Attorney General Wallace Hawkins will leave this week for Washington preparatory to submitting to the Federal Supreme Court on April 23, the Texas-Oklahoma boundary suit.

The case will be argued by Attorney General Keeling and former United States Attorney General T. W. Gregory as special counsel. Mr. Hawkins will appear as counsel, as will Ward and Judge Carrigan, both of Wichita Falls.

This case involves location of the south bank of Red River, which the Supreme Court has already held is the boundary between Texas and Oklahoma.

Valuable oil lands in the river bed caused the dispute.

The attorneys and special counsels in the case will meet in Washington a week before the date of submission to go over finally all points in the case.

### BIG SPRING TO BUILD THREE MILES OF WALKS

Big Spring, Texas, April 11.—Property owners along Third street have started a movement to have sidewalks built the entire length of the street between the city limits and the concrete sidewalks and work has already been started. The Bankhead National Highway will traverse this street through Big Spring. The construction of sidewalks and the other civic improvements that are planned along this highway will cause tourists to be more favorably impressed with the city.

A good town and a good school go together—you can't have one without the other. Vote for the school bond election.

## KIWANIANS WILL MAKE LUBBOCK KNOWN AS "THE CITY BEAUTIFUL"

PROGRAM OUTLINED TO THAT EFFECT WAS CARRIED OUT AT THEIR LUNCHEON YESTERDAY  
PLANS ARE DISCUSSED BY ABLE SPEAKERS

The Club Has Accomplished Much for Lubbock and Has An Aggressive Program Outlined For the Accomplishment of This Great Work Which Will Increase the Popularity of Our City.

### Boren Well Near Justiceburg Blowing Gas Since Friday

The Boren well, three miles east of Justiceburg, being drilled by the Woodward Oil Co., of California, in which was encountered a gas sand last Friday at a depth of 885 feet, has been blowing gas by heads since, and at times comes with such force that large rocks are blown high into the air, and the rig is plastered at most all the way up with mud and gravel from the hole.

At intervals, when possible on account of light gas pressure, drilling operations are continued, and high hopes are entertained by the drilling company. They say it is the best prospect they ever saw for a wild-cat operation.

Some of our townsmen are interested in this well, or have holdings close, and they too, are very encouraged over the prospects of this well. On account of the continued gas pressure, it is expected at any time oil sand will be found, and the well will be blown in.

### FRENCH AND GERMANS ARE FUSSING AGAIN—12 SOLDIERS KILLED

Paris, April 10.—What is viewed in official circles as a grave crisis in the relations between France and Germany was reported today just as the Geneva conference was assembling, with the possibility of the military occupation of further German territory presenting itself. This came as a result of a negative reply from the German government to the note of reparations commission on the German reparations moratorium in which certain fiscal reforms were demanded of Germany.

The tragedy at Gleiketz, Upper Silesia, involving the killing of more than a score of French soldiers, in the explosion of a mine, news of which is officially confirmed, although details are lacking, is considered to complicate the situation, provoking as it will energetic diplomatic action on the part of France at Berlin.

### 11 SOLDIERS KILLED

Paris, April 10.—Eleven French soldiers were killed and ten injured in the explosion Sunday near Gleiketz, when a bomb was discovered in a grave yard by the soldiers, who were searching for hidden arms. The guardian of the church in the cemetery was among the killed. Fifty rifles were found concealed under the earth of the cemetery. This information was given out officially this evening.

The commission of inquiry has been appointed to investigate the cause of the explosion and fix responsibility.

### POSTOFFICE ROBBED AT BRONCHO LAST WEDNESDAY

Several days ago, the postoffice at Broncho, Texas was entered and robbed of something over \$115 in cash. Two cash registers were rifled and cleared out, but nothing else was bothered.

A man by the name of W. J. Johnson has been tracked down and has confessed to the theft. He was brought here Wednesday by the sheriff of Yoakum County and the Postoffice Inspector who has been on the job. He was placed in the Lubbock County jail, and will await the arrival of a United States Marshal from Abilene, where he will be taken on a bond over to the Federal authorities.

### NEFF TO BE IN AMARILLO LAST OF THIS MONTH

Austin, April 8.—Governor Neff announced today a number of speaking dates of his tour of Texas the latter part of this month and next month, when he will speak on "Texas as It Really is."

His speaking dates for the following towns: April 23, Wichita Falls and Vernon; 24, Quanah; 25, Crowell, Pampa, Childress; 26, Wellington, Shamrock, Mobeetie and Wheeler; 27, Canadian at Perryton and Maud; 28, Pampa, Panhandle and Claude; 29, Tullis and Hereford.

On April 30 the governor will meet the state normal board members at Amarillo, and with them visit the state normals at Canyon, Denton and Commerce.

Neal Douglas, Sr., and Mr. Stockton, both of Littlefield, transacted business in the city the first of this week.

### 20TH CENTURY CLUB EN DORSES SCHOOL BOND ISSUE

At the regular meeting of the Twentieth Century Club on Tuesday, April 11th, Mrs. Percy Spencer was elected delegate from the club to the Civic League.

Letters were read from officers of the Seventh District of Women's Federated Clubs, urging a good attendance at the District meeting in Plainview on April 20th and 21st. More than two-thirds of the membership expect to attend this meeting.

Papers were read by Mesdames Kimbro and Klett, and three-minute talks were given by Mesdames Balenger and J. S. Johnson.

The Twentieth Century Club heartily endorses the School Bond election. The club will have a banner in the school parade Friday, urging every citizen to vote for the bonds.

The club is interested in all who are interested in better schools for Lubbock.

### SAN ANGELO AWARDS HUGE PAVING CONTRACT

San Angelo, April 11.—The city commission this afternoon awarded a \$23,000 contract to O'Connor, Smith & Co., of Dallas, for paving over four miles of streets, conditional upon approval of a street map by a committee which goes this week to Philadelphia at the bidders expense to investigate.

Eighty-five per cent of home labor must be employed.

Weights and Measure Agent Proposes To Straighten Things Up In Amarillo And Will Enforce Laws to a Letter

Declaring that he found a number of evidences of short weights and measures in Potter, Oldham and other counties in the upper plains country, G. R. Scott, state inspector of weights and measures, made an open threat Saturday, that if these things are evidenced on his return, he will file formal complaints and urge prosecutions to the fullest extent of the law.

In the places visited, I informed the men engaged in the business of supplying commodities to the people, that they are expected to give full weights on all such articles of merchandise, and to fail to do so, is to invite prosecution. I have also determined that nothing will prevent me from publishing the names of the offenders in these matters. The law provides for the filling of complaints in a public manner, and this will be done.

fact that it is not the intention of the men in his department to occasion needless trouble, but he does insist that the customers of any man or concern are entitled to that for which they pay. The first warning has been voiced by the department, through Mr. Scott, and he declares that if a second visit reveals a continuation of the indifference to the law, prosecution will be in order.

In addition to the intention of the department not to needlessly cause trouble, it is stated that a happy choice was made in selecting an inspector for this portion of the state, in the person of Mr. Scott. Mr. Scott is described as efficient and affable, with a kindly courtesy for all with whom he comes in contact. The visitor left Saturday evening for Lubbock to spend Sunday with his family. He will resume his work in this territory this week.

It seems a pity that people must be forced to obey the laws. Mr. Scott filed over three thousand cases in Sweetwater, and has also a large number in Amarillo. It seems that most of the offenses originate in the mills of various kinds, and in the packing plants, etc. The retail merchant and the consumer has been hearing great losses in most instances, which has amounted to an enormous sum each year.

Mr. Scott will work in the wholesale districts of Lubbock for the next few days. He had canvassed the retail part of the town previously and found but very few discrepancies, all of which were promptly corrected and adjustments made without any protests or complaints.

I NEVER KNEW YOU COULD KEEP RATS OUT OF A BUTCHER SHOP

What Ralph Watkins says: "Figured rats around store had enough to feed on; wouldn't touch anything suspicious. Heard about RAT-SNAP, gave it a trial. Results were wonderful. Cleaned all rats out in ten days. Dogs about store night and day never touch RAT-SNAP." Three sizes, 50c, 65c, \$1.25. Sold and guaranteed by City Drug Store and Cole-Myrick Hdw. Co.

The Literary Digest's article, headed "German Air Activities" was not concerned, as we suspected at first, with reparations.—Chicago Journal of Commerce.

**THE IMPORTANCE OF BEING PRETTY**

Many a girl's fortune is determined by her face. A skin which is fresh, smooth and alluring with the radiance of health, predicts a happy future, because this is the greatest of all womanly charms.

Every girl can have a beautiful, attractive skin if she will only learn to give it proper care.

The constant application of cold creams, lotions, powder and rouge tend to make the skin sluggish and inactive. Dirt accumulates and blackheads and other blemishes appear.

Thorough cleansing once a day prevents such a condition and keeps the complexion fresh and smooth. Cold Cream is beneficial when applied to a clean skin and rouge and powder are harmless beautifiers—but start fresh every day on a clean foundation. Keep your skin active and it will be clear, fresh, youthful and attractive.

Soap to be thorough, need not be harsh. The mildest toilet soap made is the most thorough of all cleansers, as you will know after you have once tried Palmolive.

You can buy Palmolive Soap at all first class groceries and drug stores.

PARENTS AS EDUCATORS

May Baskets—By Martina G. Owen  
Fred's aunt, who was a kindergarten teacher, had given him a pair of round-pointed scissors for his fourth birthday. She had also prevented possible trouble by explaining that the scissors must never, never cut anything unless Mother had first told him that they might. Now Fred was demanding: "What may I cut, Mother?" For a moment Mother was puzzled. He hadn't mastered the use of scissors sufficiently to cut out pictures. He could just make straight slashes.

"How would you like to make May baskets?" Mother asked at last. "Oh, goodly! May I?" he returned, clapping his hands. "Yes, indeed," Mother assured him, as she dived into the drawer that held her haphazard collection of odds and ends. "See, here are some small boxes, all empty. Raisin boxes, cereal boxes and cookie boxes. And here is some pretty paper. The pink is nicest. It was left over when I put fresh papers on the pantry shelf. I'll cut strips to go around the boxes. Then you can cut them into fringe. Try to make your cuts even and close together. When you have enough good fringe we will paste it all around the boxes. Then we will fasten on some stout strips for handles and cover the handles with other strips of pink paper fringed on both sides, and the May baskets will be finished."

"And may I hang them on May Day?" asked Fred. "Of course you may," replied Mother. "While you are cutting think about the playmates to whom you wish to give them. We'll talk it over while they are being finished."

Mother returned to her baking with a clear conscience. She was learning the boy of the Job Well Done. He was gaining control of the muscles of his chubby little hands. And soon there would be talk which would stimulate the habit of Taking Thought for Others. Certainly that was sufficient interest for the investment of ten morning minutes.

**THE STATE OF TEXAS**  
To the Sheriff or any Constable of Lubbock County, Greeting:  
You Are Hereby Commanded to summon John Ridge, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Lubbock County, to be holden at the Court House thereof, in Lubbock, Texas, on the second Monday in June, A. D. 1922, the same being the 12th day of June, A. D. 1922, then and there to answer a petition filed in said Court on the 14th day of March, A. D. 1922, in a suit, numbered on the docket of said Court No. 1561, which Cora Ridge, is Plaintiff, and John Ridge, is Defendant, and said petition alleging that plaintiff has been an actual bona fide inhabitant of the State of Texas, more than twelve months and has resided in Lubbock county, Texas, for more than six months next preceding the filing of this suit.

That on the 6th day of June, 1916, plaintiff was legally married to defendant in the state of Oklahoma and continued to live with him as his wife until October 2nd, 1919.

That plaintiff during the time she lived and cohabited with defendant, had one child by him, to-wit: A girl named Lorena, who is now four years old; during all of said time she conducted herself with propriety and managed the household affairs of her husband with care and economy and treated him with kindness, but defendant within about three months after said marriage began to curse and abuse this plaintiff and continued to curse and abuse her, and threatened to kill her; numbers of times defendant beat and abused the above mentioned child and that on the 2nd day of October, 1919, defendant fell into such a rage, plaintiff became afraid of him and sought protection with a neighbor; after plaintiff went to said neighbors house defendant left the County and plaintiff has not seen or heard from him since, neither has he contributed anything to plaintiff or her child's support and that plaintiff

Who is Your Dairyman?

**Would You Endanger the Health of Your Child for A Few Cents?**

We know you would not if you were thinking of what you were doing, but often the problem of buying your milk supply is not seriously considered, and parents buy cheap, unwholesome milk and endanger the health of their children without thinking of the great harm they are taking to save a few cents. It's not how cheap, but how good with this dairy. We are not trying to sell cheap milk. We sell GOOD milk.

**Medlock's Dairy**

Come to Lubbock.

## President Harding Proposes to Get Efficiency if Complete Changes in Officials Is Necessary to Obtain Same

Washington, April 8.—The whole system of governmental appointments under the civil service may be changed unless there is increased efficiency.

This flat pronouncement was made at the White House today. It has direct and important bearing upon bitter row in the treasury department as a result of the President's efforts to increase efficiency in several treasury bureaus.

The White House statement was construed by many to mean that unless Secretary of the Treasury Mellon shows a disposition to "play ball" with the President, he may find it necessary to resign.

The administration's stand for reform in the treasury is firm. The President's lieutenants appointed expressly to re-organize the bureau of internal revenue, have unquestionably met with opposition from Secretary Mellon. The latter's recent statement to the effect that there would be no changes in the bureau drew fire from the White House today in the first skirmish of what

promises to be a bitter patronage battle, that may disrupt the entire civil service.

Elmer Dover, assistant secretary of the treasury, and former secretary of the Republican national committee, is the man upon whom President Harding relies to lead the Republican cohorts out of the patronage desert. Mr. Dover has been instructed to "clean up the bureau of internal revenue, where evidence of glaring inefficiency has come to light.

This situation is largely blamed on the fact that pivotal positions in this bureau, one of the most important in the government, are held by Democrats. David H. Blair, commissioner of internal revenue, is said to have opposed the sought for changes, and to have taken his grievances to Secretary Mellon, who appears to be backing Blair against Dover. This situation cannot last, and those in a position to know say that it can have but one result—the resignation of both Secretary Mellon and Commissioner Blair, to

be followed by a sweeping cleanup by Mr. Dover.

The system as a whole, the President believes, has worked out well.

### NEWS ITEMS OF INTEREST FROM MONROE COMMUNITY

On April 2nd, Sunday p. m., there was a beautiful home wedding near Abernathy, in which Mr. Earnest Thaxton and Miss Elvera Tannehill were the happy contracting parties.

The ceremony was performed in a very impressive manner by Mr. Howell, a minister of the Methodist church of Abernathy, in the home of the bride, with many friends in attendance. The groom is well known in Lubbock and Monroe, and has many friends. He is eldest son to Mr. and Mrs. W. T. Thaxton who lives on their ranch on Route No. 3. Miss Elvera has taught the primary grades in the Monroe school and is very popular with her pupils and her patrons too. The gifts from the pupils in her room, attuned to the love and good wishes felt for her and Earnest in years to come.

Our school closed on April 7th and a great number of the pupils were promoted, although the term was short.

Our Principal teacher, Mr. Russell and wife and son, James, are leaving soon and we will miss them. Adrain Merrill is attending school at Abernathy, since Monroe school closed. He expects to attend summer normal at Canyon later. We are proud to see his enthusiasm in getting an education.

Mr. King preached on Saturday night, Sunday a. m. and p. m., to a very attentive audience. Mr. King has preached for the Baptist church for over 40 years, and makes his message to the sinner very plain and his exhortation sincere. Mr. Tenyson was also present and helped in the service, calling for a free will offering for the Baptist Orphan's Home at Dallas, which was reported to by most all their members.

Mr. Blev. Clutter has gone to Bonham, Texas, on a visit for a few days.

Mr. Morgan looks mighty lonesome keeping house while Mr. Clutter is away.

Mr. Henry Barber and family of Lubbock were calling on the Stephenson's here last Sunday p. m.

Mrs. Teal spent last week visiting her children in Lubbock. While Mr. Teal was visiting other children who live in Oklahoma.

John Williams, of Lubbock, spent the week end with his parents and motored with them to call on old friends in this community. John finds his work for Parks Grain Co. very interesting.

Mr. and Mrs. J. A. Long opened the doors of their pretty home to the young people who met to sing on last Tuesday night, and a pleasant evening is reported by those present.

Mrs. Rufus Bundy is on the sick list this week.

We received a copy of "The Plains Agricultural Journal, through the kindness of the Lubbock State Bank and we enjoyed it very much. Here is hoping it may have a wonderful circulation, for it is just full of things of interest to the country people, and the short biography of Mr. Curtis Keen is worth a year's subscription; besides all the other good reading. I am subscribing for it and appreciate the sample copy.

### NOTICE OF TRUSTEE'S SALE THE STATE OF TEXAS

Whereas Percy Spencer was named and appointed trustee in a certain deed of trust executed by George C. Wolffarth, Lottie Wolffarth, Eastin Wolffarth and Stella Wolffarth, on February 8, 1921, and filed for record February 8, 1921, with the County Clerk of Lubbock County, Texas, as more fully described and shown by record thereof in Volume 15, page 249 of the Deed of Trust Record of Lubbock County, Texas, describing and conveying to said trustee 1843 acres of land in Lubbock County, Texas, being all of Surveys Nine (9) and Seventy-eight (78) in Block A, and all of Survey Fifteen (15), Block A, except that part conveyed to the Crosbyton South Plains Railway Company for right of way, and that part conveyed to the Texas & Northern Texas Railway Company for right of way out of said Survey 15, said deed of trust having been made for the purpose of securing the payment of six (6) notes dated February 7, 1921, one note for the sum of One Thousand Dollars (\$1,000.00), due March 7, 1921; one note for the sum of Fifteen Hundred (\$1,500.00) Dollars, due April 7, 1921; one note for the sum of Fifteen Hundred (\$1,500.00) Dollars, due May 7, 1921; one note for the sum of Three Thousand (\$3,000.00) Dollars, due September 15, 1921; and one note for the sum of Three Thousand Fourteen and 36-100 (\$3,014.86) Dollars, due October 15, 1921, with interest at the rate of eight per cent per annum from maturity until paid and ten per cent additional as attorney's fees if placed in the hands of an attorney for collection, there being a balance of Three Thousand Three (\$3,003.00) Dollars due and unpaid on the last two notes above described, besides interest on said two notes; and, Whereas the Citizens National Bank of Lubbock, Texas, is the holder and owner of said unpaid indebtedness of \$3,003.00 and interest thereon, and the makers thereof have failed and refused to pay said unpaid balance and wholly made default in the payment thereof; and Whereas Percy Spencer named and appointed as trustee in said deed of trust has refused to act as such trustee, and said bank has named and appointed Neil H. Wright as substitute trustee and requested and ordered said Neil H. Wright as substitute trustee to sell and convey said land in accordance with said deed of trust and as required by law;

Therefore, I, Neil H. Wright, substitute trustee, will offer for sale and sell at public vendue to the highest bidder on the first Tuesday in May, 1922, same being May 2, 1922, between the legal hours of ten o'clock A. M., and four o'clock P. M., on said day, at the court house door in the town of Lubbock, Lubbock County, Texas, all of Surveys Nine (9) and Seventy-eight (78), Block A, and all of Survey Fifteen (15), Block A, except the amount heretofore conveyed to said railway companies, as stated above, for the purposes of right of ways, said land being more fully described in the deed of trust referred to above.

Witness my Hand, this April 8, 1922.

NEIL H. WRIGHT,  
13-7 Substitute Trustee.

A girl is hardly ever entirely satisfied with herself unless nobody else is.

The universe is wider than our views of it.

"Come on, Alice, you know Mother said we are going to have Kellogg's Corn Flakes for lunch. And that's the kind I like to eat about a whole box of, because they are so tough to eat—Come on an' hurry up!"

## Kellogg's Corn Flakes are a taste-thrill at meals or any time

That's because Kellogg's Corn Flakes are so deliciously flavored—the Kellogg flavor that is known all over the civilized world! You, as well as the little folks, can eat great bowlfuls of Kellogg's Corn Flakes day after day—and each sunny-brown, crispy, crunchy spoonful thrills the taste as though it was the first!

Put Kellogg's in comparison with imitation corn flakes! Kellogg's Corn Flakes are never tough or leathery or hard to eat! They are all-the-time crisp, all-the-time good! Don't miss such enjoyment!

Insist upon Kellogg's in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes! NONE ARE GENUINE WITHOUT IT!

Don't forget, KELLOGG'S Corn Flakes are made by the JUNGLELAND Moving Pictures. Chosen inside every package of KELLOGG'S Corn Flakes explains how you can obtain another copy of JUNGLELAND.

Sold and guaranteed by City Drug Store and Cole-Myrick Hdw. Co. if

### HIGH SCHOOL BURNS AT DALHART; LOSS IS \$60,000

Dalhart, Texas, April 8.—Fire, of unknown origin, today totally destroyed the three story high school and grammar school brick building in Dalhart, with a loss estimated at \$60,000, with \$49,000 insurance on building, fixtures and text books. The school was attended by approximately 600 students with a faculty of 20. A modern high school building costing \$125,000 is nearing completion and will probably be used temporarily in the emergency.

To Stop a Cough Quick take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVES' O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup. The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Groves' O-Pen-Trace Salve through the pores of the skin soon stops a cough. Both remedies are packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES' HEALING HONEY.

### Pain In Your Side?

Then This is of Vital Importance to You

Belton, Texas—"A few years ago I had a bad spell of feminine trouble, was in bed two months. My doctor did all he could for me, but I got only temporary relief and my side hurt me terribly, so I decided to try Dr. Pierce's Favorite Prescription. After taking four bottles my pains were all gone and I have had no such trouble since. I have just taken two bottles of the 'Prescription' this season for irregularity and find it does all that is claimed for it. It's a fine medicine and all suffering women will find relief if they give it a trial. I have taken Dr. Pierce's Golden Medical Discovery as a tonic and blood purifier; it also is a good medicine."

—Mrs. Ollie B. Roberts, Route 4

Go to your neighborhood druggist and obtain Dr. Pierce's Favorite Prescription in tablets or liquid, or send 10c for trial pkg. to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

## September 21st, Astronomers Say Will Bring About An Interesting Eclipse of The Sun—Watch For It On That Date

On September 21 there will be a total eclipse of the sun, to which the astronomers of the world are looking forward with intense interest.

Everyone knows, of course, that an eclipse results from the intrusion of the moon between the sun and the earth, which cuts off the light of the sun. It is an interesting and important coincidence that, although the diameter of the sun is about four hundred times as large as that of the moon, the sun is also about four hundred times as far away as the moon—sometimes a little more, sometimes a little less. The optical result is that the sun and the moon appear to be of about the same size in the sky. Since the orbits of the earth and the moon are not circles but ellipses, the distance from us to the moon and to the sun varies. When the moon is near us it appears larger—not to the naked eye, but to the instruments of astronomers. Its disk is then a little larger than that of the sun, and if it happens to get exactly between the sun and us it cuts off completely the light of the sun, and so causes a total eclipse. If the intrusion takes place when the moon is farther away, its disk appears smaller than that of the sun, and causes the "annular" eclipse; that is one in which a ring of sunlight surrounds the disk of the moon.

Mathematical astronomers have so long and so closely studied the motion of the moon and of the sun—or rather the motion of the earth round the sun—that they can predict eclipses with extraordinary accuracy. They can tell us the width of the zone of totality, which on the average is about one hundred and fifty miles; the precise second of time at which an eclipse will begin and end at any given place; and how many seconds the totality will last. No total eclipse can last more than eight minutes. Some eclipses last hardly more than three minutes. The shadow of the moon sweeps along its path with the frightful velocity of something like a thousand miles an hour.

Astronomers have learned many other curious things about eclipses, as for example that, if there has been an eclipse on a particular day, there will be another eighteen years and eleven days later. It may not be total and it will not be in the same place, but it will be an eclipse. Another remarkable fact is that an eclipse of a particular kind repeats itself five hundred and twenty-one years later on the same day of the month.

Everyone who has seen a total eclipse of the sun recognizes it as one of the most impressive and awe-inspiring spectacles that can be conceived. No wonder then, that

to the superstitious and unlearned peoples of ancient times an eclipse portended a frightful thing. If it had been a frequent occurrence, the fear might have worn off, but on the average more than three centuries and a half elapses between two opportunities to see an eclipse at the same place. The interval is often much longer. There was an eclipse visible in London in 1715, but there had been no other eclipse visible there for more than six hundred years, and there has been none since.—The Youth's Companion.

### WHAT OTHERS SAY AND HOW THEY SAY IT

Itasca Item: The loose morals of the modern young person of today usually can be traced to the loose management of the modern home of today. This is not only found in the home where there is a lack of love, but too often it is the case of lack of judgment in regard to love. Every boy and girl needs the proper training and coaching before they are fit to meet the problems of life and the home is the place of all places for such training; without it we have what we have today—especially in the larger places—a huge crop of "chickens," "flappers" and "jelly-beans." Unless public opinion or something can awaken parents to the fact that with them alone rests the responsibility of the degeneracy of the human race and something done, in another hundred years the monkey will resent Darwin's evolutionary theory more than we do today.

"A strike at this time would be a blow to all western states. Not only merchants and business, but laborers, craftsmen and union men in all lines of industry, and the people as a whole will be affected if the walkout takes place April 1."—Acting Governor Earl Colley of Colorado, appealing to coal miners to remain at work.

Shall We Have Law or Anarchy? We have reached the hour in Texas when our loyal citizenship must rally to the enforcement of the laws of the land. One cannot view the situation without serious concern, as it looks like lawlessness is on the increase, and certainly it is all too common. Robberies, burglaries and even murders are so common they no longer attract attention. The commission of crime by individuals or groups need not cause great alarm if society has the power and the disposition to punish the criminal. It is only when society becomes tolerant of crime that the law-abiding should become alarmed. We have reached that point now in this country. It is not uncommon to hear men laugh and joke about the violation of sacred laws. We have lost and lost tremendously during the last three or four years. It may take a generation to re-enthroned law in this land, but it must be done and every decent man must contribute his part toward it.

The practice of taking men out and punishing them by whipping or otherwise is exceedingly dangerous, and ought to be stopped. It is utterly indefensible. The character of the men administering the punishment, or the guilt or innocence of the one punished, cannot change the principle involved. Under our form of government every man is entitled to a fair trial under the supervision of regularly constituted authorities. If one group of men has the right to administer punishment, another group has the same right, and eventually the stronger irresponsible group will dominate. The law must be supreme, and every power of this Government must be exerted to make it supreme. There is no safety in any other course.

These outbreaks are only symptomatic, however, and to cure them we must not fail to undertake the cure of the conditions that gave rise to them in the beginning and that make them possible now. There is only one remedy. The law of the land administered by regular courts must be upheld.

Of course, our courts with their delays and miscarriages may have been open to criticism, but if so there is orderly remedy for that. Many times justice is defeated in the courts because public sentiment has not re-enforced court decrees. Every American citizen is entitled to trial by jury, but unfortunately we have assumed that every American citizen is qualified for jury service. Not infrequently the men who serve most as jurors have the least qualifications for such service.

From every pulpit and from every platform in Texas the call for loyal men to rally around our courts ought to sound out strong and clear. Then every newspaper ought to make the same appeal to its readers. Let the newspapers that cry out against mob outrages cry out just as vehemently against all other law violations. Instead of treating symptoms merely let us treat the disease.

Then let loyal men come out in the open and take their stand. This is not a time for concealment. Nor is it a time for division, but every consideration urges the union of all the forces that stand for decency and right. It is here we take our stand, and here we ask every patriot to stand by our side.—Texas Christian Advocate.

"Business conditions in general over the United States are rapidly changing for the better."—A. E. Kroh, nationally known business man.

### CALDWELL NEWS ITEMS OF THE PAST WEEK

The sand storm that came last Monday was some sandy some of us came very near having to take hoes to rake the sand out of the houses the next morning.

Bro. Tennyson was here to fill his regular appointment Sunday evening. He got Bro. King, formerly of Ahlesse, to speak in his place. He was here visiting. Bro King gave us an interesting talk and was enjoyed by all present.

J. J. McDonald and family attended church at Monroe Sunday morning. Revs. Tennyson and King were guests in the McDonald home Sunday at noon.

The school will end Friday. We are glad to say we had a splendid school, being controlled the very best. We regret very much to have to give up the teachers, but they will leave as soon as schools ends.

Earnest Snider and family of near Abernathy were visiting with his parents Sunday.

The Sunday School is going to give and Easter hunt at the school house Sunday evening at 3 o'clock.

Mrs. A. L. Hess has been on the sick list but glad to report that she is able to be going again.

Rev. Tennyson, King, Prof. Dulaney, wife and Montey Snider were guests in the Malone home Sunday evening for supper.

### MOTHER, QUICK! GIVE CALIFORNIA FIG SYRUP FOR CHILD'S BOWELS

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle, or you may get an imitation fig syrup. 10-13

Mrs. Joyce Watters spent Monday and Tuesday in Lubbock, visiting with friends.—Tullis Herald.

# THE LUBBOCK AVALANCHE

## College Extension Entomologist of Texas A. & M. College Enumerates the Best Methods of Exterminating Locust Borers

"The people of the Texas Plains country are justly proud of their plantings of black locust. This is a very useful and very ornamental tree, and appears well adapted to this section," reads a statement prepared for the local press by R. R. Reppert, College Station, extension entomologist for the Texas A. & M. College, relative to the proper care of trees and the necessary treatment for the extermination of the locust borer and other tree pests. "These facts give greater reason for the alarm being experienced in the Panhandle, over the threads of the locust borer, which is tunneling the live wood and destroying entire plantings. It does not appear to have yet reached the more southern plantings of West Texas."

"The adult of this insect is a black long-horned beetle, with yellow zig-zag stripes on its back. It loves the sunlight, and lays its eggs especially in unshaded localities, so that thickly set groves and unpruned trees are not so susceptible to injury. The adult lays its eggs in crevices of the bark, from August to October. The young borers hatch from these in the fall, but bore only far enough, in fall, to reach the living bark. In spring, by the first of April, they are at work again, boring into the deeper wood, and complete their destructive boring by about July. During this month and the next, they change to the adult beetle, ready for egg laying."

"Localities free from this insect should guard against its introduction. If posts or other locust timber are shipped from infested localities, specify that the bark shall be removed, as it is there that the young winter. If obtained later than the early spring, only well seasoned wood should be purchased. "Allowing undergrowth to spring up, and refraining from pruning, will keep the trees shaded, so as to be uninviting for egg laying."

"Any trees found badly infested should be cut and burned by May and June, and not later than the falling of the blossoms. All posts and other locust tree products should be secured during the winter, the bark being peeled at once and this, as well as the branches, should be burned, to destroy the borers in the bark. Each year, locate the badly infested trees. If these are cut by early November, they may be used for commercial purposes. If cut after that time, they must be burned, or the bark peeled from them and burned, as otherwise the borers

can complete their growth and emerge as adults to lay eggs on living trees the following summer.

"The presence of the borer can be determined, in early spring, by the oozing of sap from a small hole in the bark, accompanied by boring dust. As the season advances and the larva grows, this hole enlarges. In the early season, an arsenical spray has been found effective. Applied to all branches of the tree and to the trunk, this permeates the borings at the entrance of the hole, and poisons the bark within, on which the larva feeds. Either of the two spray formulae below may be used:

"A. Dissolve 1-4 pound sodium arsenite or arsenate in 5 gallons of water. Add 1 quart of miscible oil and agitate thoroughly.

"B. Dissolve 1-4 pound sodium arsenite or arsenate in 4 gallons of water. Add 1 gallon of stock solution of kerosene emulsion and agitate thoroughly.

"Either of these sprays should be applied just as the new growth begins to open at the tips of the twigs in spring. It will kill any foliage that has opened. The branches and trunk, wherever the borer is recognized as being present, should be thoroughly drenched with the spray.

"If spraying has been delayed until the leaves have opened, this remedy should not be used. The borers may then be killed, in a small number of trees, by opening the entrances of the burrows, injecting with a syringe a few drops of carbon disulphide, and immediately plugging the holes, with putty, grafting wax, or wet clay, to confine the fumes. If the insects are not killed, it will become evident in a few days by fresh borings thrown out, and the holes may then be retreated. As a large amount of carbon bisulphide may prove injurious to the tree, only a limited number of holes should be thus treated at a time, waiting several days or a week to undertake further treatment on any single tree."

"Allowing undergrowth to spring up, and refraining from pruning, will keep the trees shaded, so as to be uninviting for egg laying."

"Any trees found badly infested should be cut and burned by May and June, and not later than the falling of the blossoms. All posts and other locust tree products should be secured during the winter, the bark being peeled at once and this, as well as the branches, should be burned, to destroy the borers in the bark. Each year, locate the badly infested trees. If these are cut by early November, they may be used for commercial purposes. If cut after that time, they must be burned, or the bark peeled from them and burned, as otherwise the borers

## Careful Selection Of Field Seed Is Important to Yield

Using the fanning mill not only eliminates the foreign material in the seeds intended for planting but separates the heavy and light; the small and large; as well as the whole and cracked seeds. Usually the whole, larger, heavier, fully matured seeds will pass thru one size screen and may be used for seeding. Where a fanning mill is not available the trash and light seed may be floated off and smaller seeds removed with sieves.

Cracked, immature and small seeds when planted along side the good ones occupy space needed by the latter and contrary to the general opinion will grow provided the endosperm has not been seriously injured. Recent experiments have shown that corn and many other seeds with one-half or more of the endosperm broken away will germinate and produce fully developed plants, yet usually these plants are slower in growth and not as productive.

The purpose of the starchy material around the embryo is to feed the growing plant until it is able to secure food from the soil and air, says Professor Queenberry of the Agricultural College. If this stored food is limited by being removed or absent as in shriveled seeds the plant will naturally be slower to start its growth and weaker than its neighbors after it gets above the surface, resulting in a weaker, smaller and shaded unproductive plant. A backward plant is little better than none at all; it occupies space, takes plant food needed by its neighbor and thus decreases their yield. On the other hand if the moisture or other soil conditions are not ideal these weaklings may never get to the surface and a resultant skip occurs in the field. One can do much towards making a uniform germination and an even uniform stand by reselecting his seed before planting.

### THE WEEKS NEWS FROM THE IDALOU COMMUNITY

A very interesting debate was arranged between Idalou and Estacado Saturday evening, April 8. Idalou won by one vote. Although there were several other meetings in town we had a good crowd. A number of visitors were present, among whom was one of the Lorenzo debaters. Incidentally Idalou and Lorenzo will be opponents in debate at the District Meet.

Mr. and Mrs. W. L. Lombert gave a dinner Sunday in honor of their son, Claude, who is visiting them. Those present were: Mrs. J. R. Mitchell and family, Mr. and Mrs. Sawyers and family, Misses Sybil Weaver, Vera Courtney, Lau Singleton, Messrs Wafer and Ord's Dodson, and Tom Wheeler.

J. W. Brown returned home yesterday from east Texas, where he has been visiting relatives for the past week.

Bro. Bently filled his appointment at the Christian Church Sunday.

Mr. and Mrs. B. Sherod, and Mr. and Mrs. H. C. Bowlin attended the lectures at Lubbock several nights last week.

A crowd of young people took dinner at the home of Mr. and Mrs. Gallatin Sunday. Candy making and pulling was enjoyed by all.

The Idalou tennis players are practicing daily. They will represent Lubbock County at the District meet the 14 and 15.

The severe storm Monday prevented a number of the studios, ninth grade pupils from attending school.

Mrs. Davis from Plainview visited Mr. Leonard Hall and family Saturday and Saturday night.

The Day and Night Garage has changed hands last week. Mr. Estes is now general proprietor. If your jitney needs repairs, just call on them.

Last Wednesday afternoon while working, a wrench was dropped on Mr. Sander's foot. He has been unable to work for several days.

The children of Mr. Henry Black are recovering from a severe case of pneumonia and whooping-cough.

Mr. Namon Everitt from Gale spent the week end with relatives in Idalou.

Sunday, April 16, is regular singing afternoon. Everybody is invited to come.

Although the new Methodist church has not been completed they had Sunday school and church there Sunday. Sunday evening at six-thirty the League met and reorganized with the help of Mr. Halley. The following officers were elected: President, Nora Sawyers; Vice President, Pearl Lambert; Secy. Treas., Viola Lambert; Devotional Supt., Miss Singleton; Supt. of Missions, Miss Sybil Weaver; Supt. of Social Service, Miss Cleo Snofford; Social Director, Clara Russell; Era Agent, Bud Lombert.

After the League Bro. Russell delivered a very interesting sermon.

### MOODY NEWS ITEMS OF THE PAST WEEK

Well! Mr. Wind has returned with renewed energy since his vacation last week during the rain. His vacation seems to have done him a great deal of good for he seems very strong and vigorous and fully able to carry on his own work the rest of the year. He has been busy the last three days delivering and for the farmers. I think he is shipping to Lubbock, judging

#### Lockney to Have Poultry Show On April 28th-29th

At the business men's luncheon Monday the Trades Day was re-inaugurated for the remainder of the year, setting the last Saturday of each month as the time for the occasion.

being entrance day, and the show proper will be held Saturday. A committee was appointed to have charge of the poultry show in the person of Messrs. C. R. Wilkinson, T. H. Stewart and H. P. Coleman.

This will be our spring display of the fine poultry, and it is expected to draw quite a large number of poultry men here from various parts of the county, and elsewhere, for exhibiting. The same rules as to judging will take place, and cash prizes will be offered.

On Saturday will be occasion for the people to bring to town their trading stock, and spend the day profitably with their neighbors. This is a season when many people will need teams, or which to exchange or match up their teams. It will also prove an occasion for the exhibition of fine horses and jacks.

It is the plan of the Commercial League to have a Trades Day and some kind of show each month. For the Trades Day in May, a fine stock show will doubtless be held, and the month following a purebred hog show, and still later a baby show. There will be something doing each month.—Lockney Beacon.

#### H. L. (BUD) JOHNSTON ENTERS RACE FOR SHERIFF

In this issue of the Avalanche will be found the announcement of H. L. (Bud) Johnston, who enters the race for Sheriff of Lubbock county, subject to the action of the Democratic Primary. Mr. Johnston is well known in this county, having resided here more than twenty years. He has been actively engaged in the cattle business during this time, and is looked upon as one of the most substantial law abiding citizens of this county, and has the confidence and respect of the best element of citizenship.

Mr. Johnston will appreciate due consideration of the voters of this county when time comes for the selection of an officer for this important position.

#### LITTLE WOMAN GAINS 20 LBS. TAKING TANLAC

Mrs. B. F. Smith Was In Such Bad Condition She Had To Stay In Bed For Weeks At a Time and Had Given Up Hope Of Getting Well.

"I was in such a bad condition I had to stay in bed for weeks at a time and I guess if it hadn't been for Tanlac I never would have seen another well day," said Mrs. B. F. Smith, 3305 Ave. P., Galveston, Texas.

"I suffered so much during the past four years from nervousness and stomach trouble that I would almost become hysterical at times. Nobody will ever know just how much I suffered because I can't describe it. I fell off until I only weighed one hundred and ten pounds and had almost lost hope of ever getting well.

"Tanlac seemed to get right at the cause of my troubles, and now I am in better health than in ten years. I eat anything I want, my digestion is almost perfect and I have gained twenty pounds in weight. No medicine could do more for a person than Tanlac has for me."

Tanlac is sold at all leading Drug Stores.

#### NEW FILLING STATION OPENS FOR BUSINESS

Tuesday of this week the Seitz Filling Station, on the corner of Avenue G and Broadway, opened up for business. This is a new building that has recently been constructed for the purpose, is modern and up-to-date in every respect, and is equipped with one of the newest and most convenient gasoline pumps yet put on the market. It is called a Bowser Filling Tank, which same was exhibited at the Port Worth Automobile Show, and took first prize. It is driven by an air motor entirely separate from the gasoline chamber, where by no air can get to the gasoline, and by a filtering process installed in the machine, all foreign substances are taken from the gasoline and thrown off, letting nothing into the tank of a car but pure filtered gasoline.

This is merely another instance of the progressiveness of the business men of Lubbock who are always ready to take a step forward when they can see any benefit to be derived for the town.

Come to Lubbock.

#### SLIDE ITEMS OF INTEREST OF THE PAST WEEK

Work! Work! is the order of the day here. Since the nice rain the farmers have started planting their corn.

Mrs. J. E. Hubbard was taken back to the hospital Thursday. It was thought she was taking pneumonia. We all hope for her speedy recovery.

Little Odell Moore happened to a very painful accident Wednesday while watching a basket ball game, was tripped down and fell on his arm and broke it. He was taken to town immediately to have his arm set. He is getting along nice at this writing.

Mrs. C. L. Reiger and Mrs. C. A. Hubbard was in town on business Friday.

Mrs. J. C. Staggs and Mrs. W. B. Copeland visited the school Friday afternoon.

There will be a school program rendered the night of the 21st at the school house. Everybody has a special invitation to come and tell all your neighbors about it.

Messrs. Cleburn Staggs, and Joe, Bailey Reiger, made a trip to Shallowater the first part of the week after some cattle.

Mr. Floyd Beall and wife were in the community Friday.

Mr. Farr's son-in-law and wife visited him and his family Thursday and Damie Farr went back to town with them.

Mr. Fitz Newman, from Wilson was in the community Saturday. He was enroute to Sam Moore's to buy some hogs.

Mr. and Mrs. Bennett Stanford visited relatives Saturday and Sunday.

Those that were in town Saturday were: Messrs. W. D. Arnett, Ewell Johnston, J. E. Hubbard, Henschel Davis, B. F. Sumner and wife; J. C. Stanford and family; a Mr. Farr; Lonnie Williams and family.

Mr. Wayne Terry from New Home was a pleasant caller in the community Saturday.

A new girl is now boarding at the home of Mr. J. E. Richardson and wife.

Little Lou Mabray spent Saturday with Elizabeth Arnett.

Mr. C. L. Reiger and family spent Saturday with the Bateman family.

Messrs. G. G. Johnston and family and Floyd Beall and wife, spent Sunday at the home of Mr. J. E. Richardson and family.

Several in the community attended singing at New Home Sunday evening despite the awful storm that was blowing. They also stayed for prayer meeting.

Mr. J. W. Ellison and small children, and Eugene Ellison, and Mrs. Robert Ellison were out at Mr. Sowell's last Wednesday afternoon.

There will be a singing at the school house the fourth Sunday of this month, the 23rd. Every body remember the date and come out and help with the singing.

The teachers of the school are going to give the children an Easter egg hunt Friday evening and say they

would be glad to have all the patrons of the school to come and be with them that afternoon.

Mr. Jim Wisener and boys visited their brother E. A. Wisener last Sunday.

Sand Storms! Sand Storms! is all we have these days. Looks as if Old West Texas would soon all be blown away if the wind doesn't stop blowing pretty soon.

The Laymen of the Methodist Church of Lubbock had a call meeting at Slide Sunday evening at 3:30.

#### PLAINVIEW TO RECEIVE GRAIN NEWS BY RADIO

Plainview, Texas, April 8.—The Plainview Grain Exchange is making arrangements to establish a radio market sending and receiving station on the exchange building in Plainview. The station will receive and transmit messages to and from Chicago, Kansas City and other large grain markets. The final plans for the radio market service were made at a meeting of members of the exchange in Plainview Friday afternoon.

J. H. Hohlsaus of Plainview is President of the exchange and A. G. Cox, also of Plainview, is secretary. J. B. Wallace is the licensed inspector. An operator for the radio station has not yet been employed.

The only thing that does any good just laying around is a hen.

### ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty years. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago, and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monacetti.

O. L. Peterman left the middle of the week for Fort Worth on business, where he will be for several days.

Our subscription list still grows.

### If it is Carried in a Furniture Store it is Here

The completeness of our furniture stock enables you to get anything you want that is sold in an up-to-date furniture store here, and the fineness of our goods assures you that it will be the best obtainable.

### Simmons Furniture & Undertaking Company

### Courtesy Is Never Loser Even Though It May Seem So

Terry County Herald:

Myself and another recently made an overland trip to middle Texas. Our western disposition led us to the assistance of several with car trouble along the way, but we noticed that many others "would pass by on the other side." Just as we were about to doff this western style and assume a different one, we met two ladies with a car in the road having much difficulty with a bad tire. We gallantly tendered our assistance which was promptly accepted, and after an hour's hard work, made the repairs, refused pay, accepted their thanks and sent them happily on their way.

During the conversation the eldest lady with silver threads among the gold, stated that she was traveling for the Woman's Auxiliary of a well known lodge. About 100 miles further on in the cedar breaks, where the Brazos bends its way, amid strangers and in a rough and remote country, we stripped a hub on our car. We walked two miles to a farm and ranch home, the nearest telephone and inquired if we might send for repairs. The gentleman informed us that he was going to town and would bring it back that evening. As the sun was setting I again went to the house, and found that his wife had went to town and brought back the accessories, and they refused pay other

than the cost. Then they volunteered and said that it was so late they would carry me in their car back to ours, which of course was acceptable.

On the way the conversation led to climate, and I remarked that I lived on the Plains, where the climate was fine. The lady replied, "yes, that is what my mother says about the Plains." I asked what town she lived in, and she said: "Oh, she goes to all of them; she is traveling for the auxiliary of this well known lodge. I asked her if she was over about a certain town yesterday, and she replied that she was just about that place as she left there two or three days before, going on a tour. I then related the incident first mentioned, and remarked that one was a slender gray haired woman. "That was my mother," she joyfully said.

Moral: The courtesy of the road is not always in vain.

Geo. W. Neill.

### Senate Will Pass Soldier Bonus Bill Without Changes

Washington, April 9.—Prospects for acceptance of the soldiers bonus bill by the Senate, without material modification, now seems to be practically assured, according to a canvass of the situation conducted by friends of the measure. That President Harding will sign the bill when it reaches him is also regarded as reasonably certain. Both these prospects are now being conceded by some of the bill's most vigorous opponents.

There are two developments which have blasted the hopes of the opposition.

One of these was a statement by Chairman Joseph W. Fordney in a letter to a constituent in Detroit that President Harding had told him he regarded the bill passed by the House as good and that he would sign it if it passed the Senate without substantial modification.

The other development was the practical assurance that the Senate Finance Committee, which now has the bill, would report it in the near future, with just one change. This change is the elimination of the alternative proposition with regard to land reclamation. There has been considerable bitter opposition to this section of the bill as it passed the House, even among some of the most devoted friends of the bonus.

### MOTHER! CLEAN CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, give a teaspoonful to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste out of the bowels, and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

### REPORT OF THE 20TH CENTURY CLUB MEET SAT.

The Twentieth Century Club was hostess to the Lubbock County Federation, April 8, at the Methodist Church, after satisfying our appetites from well laden tables, thanks or appreciation would not by half express the enjoyment one received from such gracious hostess. Fifty or seventy-five then assembled in the main auditorium for an equally enjoyable program. Mrs. W. E. Spencer welcomed each and everyone in her sweet and sincere way, adding a bit of history that Lubbock County had been the second county in the State to Federate.

Mr. L. T. Martin spoke in behalf of a "Home Demonstration Agent," whether the rural woman want help from such a source, it is up to you Dear Farm women to say so, if you feel you need such help, I am sure the County will aid you in securing a capable person, during the summer. She does not intend to teach you to can for that's an art every housewife is thorough in every phase, but this millinery problem, poultry, gardening and cutting down the next regular meeting some lines in which she can be of service. Committees were appointed to investigate to find out if each and every woman in the County would co-operate.

Miss Ellis, Red Cross Secretary, told us among many things of the Baby Clinic to be held in May. Mothers you know how proud you were for the little one to measure up to standard last October. See how the tiny ones have improved and the third time they will be awarded their certificate. Mrs. Keen read Mark Twain's "Death Disc." How the innocence of childhood could make a stern statesman revoke the death sentence, here Mrs. Keen aroused the deep feeling in our hearts for each character introduced could not have been better portrayed by the different inflections of her voice.

Miss Kathleen Cole sang so beautifully "Texas," which State we all pride.

Mrs. Carl Goodman, president of the 7th District of Federated Clubs brought out information that moved each and everyone to action. Membership, revising and amending committees were appointed. Team, individual and community work were pledged and next regular meeting will be last Saturday in May at the Court House. This will be a wide awake meeting for we'll make application to enter State Federation of Clubs. Many of the rural communities sent their representatives, those being present were Bledsoe, Grovesville, Acuff, Sunshine and a few others I failed to meet. Some had clubs and others planned to organize. We want and intend for every community to have some kind of club, the best suggested is the Parent-Teachers' clubs. The athletic sport is bringing out community activity like the recent Caldwell and Grovesville that is just the spirit for the whole county. Be social, wide awake and have a good time. This year we resolved to make a hummer and bring Lubbock to the top along with Federated Clubs, or simply expressing, interchanging of ideas. Let's look forward to the last Saturday in May and everybody kept posted by reading the paper, (Avalanche and Plains Magazines), for they will reach each and everyone.

Miss Hortense Wayland, Secy., Co. Fed.

### POSEY MOVEMENTS FOR THE PAST WEEK

We have been enjoying some sandstorms for the last few days. The singing at Mr. S. A. Johnson Sunday night was enjoyed by a large crowd. Quita Jones has been absent from school for the past week on account of illness. We are glad to report that she is better. Bro. Hubbard filled Bro. Hardesty's appointment Sunday. His sermon was enjoyed by a large crowd. The men's song books are expected this week. There will be singing twice a week, so as to practice for the singing at Slaton, 5th Sunday. Homer Kelley, Ellic Shelton, Gilbert Self and families were guests of Eullis Gentry and family Sunday. Miss Mildred Brown's music class will have an Easter Egg hunt Friday evening. Mr. Benton has happened to some bad luck. The other night the kerosene lubricating oil, coils and spark-plugs were taken off his tractor. Mrs. Stonecipher from Lynn county is visiting her daughter, Mrs. L. C. Morrison. The debate that took place Friday evening turned out nicely. The affirmative won. Misses Marcell Gunn and Faye Wilhite were visitors at the Robert Makers home Saturday. Mr. Lokey of Slaton, spent Sunday with his daughter, Mrs. O. R. Patterson. Miss Mary Cooper spent the week end with home folks at Lubbock. Mr. Leonard Conner visited Troy Rodgers Sunday morning. Mrs. Edd Lillie from Slaton was a visitor at the C. Z. Fine home Sunday. Miss Blanche Stewart is expected home Wednesday from her school in Terry County.

### BOOKS FOR PEN INMATES TO GO AT LOW PRICES

Austin, Tex., April 10.—The state railroad commission has approved a rate of 25 cents per hundred pounds for all Texas railroads except the Chicago, Rock Island and Gulf railroad, on books, periodicals, phonographs and phonograph records shipped to the state penitentiary or any of the prison farms. The rate is effective April 15.

These reduced rates were approved on applications by the roads. It was announced that these commodities would be carried free of charge if the state law would allow. The rate was reduced to the minimum.

Mrs. J. E. King of Kerrville, Chairman of the board of supervisors of the penitentiary, is arranging for donations of these commodities to the prisons to replace the books and periodicals destroyed in the recent library fire at the main penitentiary at Huntsville.

### WHEN EVERY MOVE HURTS

Lame every morning, achy and stiff all day, worse when it's damp or chilly? Suspect your kidneys and try the remedy your neighbors use.

Mrs. M. Neal, Snyder, Texas, says: "When I bent, it was a painful task to straighten again, as the pain in the small of my back was so severe. I was greatly annoyed by the irregular action of my kidneys and mornings I would feel tired and languid. Doan's Kidney Pills had been used by other members of my family with such good results I took them. I only had to use one box of Doan's when my back was strengthened and my kidneys regulated. I take a few Doan's occasionally now as a preventive."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Neal had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

### LOCAL NEWS ITEMS FROM THE CROSBYTON REVIEW

The municipal election here Tuesday created more than ordinary interest, brought out a large vote and resulted in the election of new city officers by a small majority, the vote cast as given officially being as follows: For Mayor, E. C. Carter, 190; A. B. Spencer, 119; J. P. Lott, 1; for Commissioners: W. T. Dunn, 69; John Bull, 157; R. T. Woodson, 96; A. K. Lacey, 169.

The Review is in receipt of a post card from Rev. J. B. Cole written from El Paso in which he says his health is greatly improved and hopes to be back home soon. Bro. Cole has been greatly missed from the religious activities of Crosbyton during his absence and his many friends and admirers will be pleased to have him back at an early date.

With a feeling of deep sorrow we chronicle the death of Mrs. J. A. Guthrie at the home of her son, W. I. Guthrie in the west part of

THINGS TO REMEMBER

Advertisers, contributors and all parties interested in the Avalanche please remember these things: We print the Tuesday Avalanche on Monday, press hour, 3:30 p. m. Friday-Avalanche on Thursdays, press hour 3:30 p. m. Please have copy for local notices in not later than noon Mondays and Thursdays. Ad changes and copy should not be later than 6:00 a. m. Monday and Thursday. It takes a schedule like this to get your ads in the paper in good shape, and helps us give our readers better service, which means that the paper will be of better service to you, which we earnestly desire it to be. We do not want to be exacting but we must demand some things of you, if you expect us to come up to the notch.

THE FUTURE OF LUBBOCK DEPENDS UPON TOMORROW.

You will probably say that being the case, Lubbock is doomed as tomorrow will never come, but in this case tomorrow is Saturday. It is election day in Lubbock, and one of the most important elections that has ever been held in Lubbock will be on the fifteenth of April. This election is to determine whether or not the Lubbock Independent School District shall issue bonds to the amount of \$150,000 for the building of a High school and three ward school buildings. So important is it that this bond issue carry that every voter in the district should become vitally interested in the election and vote yourself and make it a special point to see that your neighbor votes.

Lubbock is at her row's end so far as the school facilities are concerned. The facilities for taking care of the school this year have been anything but satisfactory. The school has been handicapped to such an extent it is a shameful situation, and we must make preparation to care for the needs if we hold our position among the really progressive cities of the Plains. Saturday will either give the signal to advance, and put on full steam ahead or else retard the growth and development of the city to the extent that it will take the city many years to overcome, if ever. At the present time, even under the conditions that exist, Lubbock schools stand high in the scale of Texas educational institutions, but this standard cannot be maintained under the present handicaps, and we must improve the condition. It is absolutely up to the voters of the Lubbock Independent School District and the decision will be made in the election Saturday.

As usual there are many false rumors going about, and there will be many stories told on election day. There will be rumors galore, and you will hear probably the most absurd reports that one ever listened to, but the worst of them should not influence your vote against the bond. Some will tell you that the school board has selected a site for the new building in the city of Lubbock, and that site will be just exactly where you do not want it. Any reports to the effect that the location has been decided upon is absolutely false. Some will tell you that the school board proposes to junk the old high school building to make room for the new one. This is a whopper. The school board is against this as would be any sensible person, and they will not do that! Some one will tell you that they are going to put the whole \$150,000 into one building and that the rural portions of the district will not get a building. This is not true. The election calls for specific things, and the money cannot be used other than the election order recites. Some will tell you that if the ward buildings are built that the High School will not be needed. The erection of the three new Ward buildings will not affect the High School at all. No high school grades will be taught in these rural schools, besides if Lubbock votes these bonds there will be not less than five hundred new pupils in the school at the opening of the school term next year.

You cannot afford to vote against the bonds, from a purely selfish standpoint. If you are a property owner the failure to carry the bonds, would depreciate your property at least fifty percent, and there would scarcely be any demand for it at half its value. If you are a wage earner you cannot afford to be against the bonds because it would in all probability effect your source of earning, and possibly lose you out entirely. If you are a business man you cannot afford to see the bond issue fall through from a purely business standpoint. It would most surely effect your business.

We sincerely hope that everyone will vote in this election. Do not get it into your head that it will go over without opposition, because this is not true. Some of the tightwad brethren are up in arms about it, and are going to use every means, whether fair or unfair to defeat the issue, and their yams will stick in the ears of a lot of people and the result might be anything but favorable to Lubbock.

If you are a citizen you will vote for the bonds. If you just live here, you will vote against the bonds.

Which are you? We believe the people have seen the need of a better school building, and will support the issue. Let's go.

You old sisters who are forever fussing about the way the school is being run, and the way the school board act, get out and vote Saturday, and put people in there who will deserve the respect and confidence of the patrons of the school, if you think those who have not been worthy for that confidence and respect. We consider that they have done a remarkably splendid job considering the magnitude and scope of their duties, and the limited wherewith they have had to do with.

AW, WHAT'S THE USE?

Ladies who love a yard with pretty flowers, garden, etc.; may have same in Merkel and not be bothered about same being destroyed by your neighbor's chickens. While you go long on raising chickens may well look to "fencing 'em in", for by order of the "City Dads" they are to be kept up. An ordinance to this effect having been passed at the last regular meeting of this honorable body and goes into effect ten days after the publication of same.—Merkel-Mail.

That may be all true, but there are still a few "fellows," and some of them wear dresses that will not even obey the ordinance but continue to go serenely along and let the old hens scratch and scratch till they have uprooted every flower or garden plant within two blocks of them. Laws in Texas are actually disregarded as much that people are greatly astonished when some one insists that they be enforced, and the average officer will "pass the buck" to the citizens by saying that if they want the law enforced they will have to file a complaint against the offenders and go through a lot of "red tape" to get action; and by that time the old hen has completed her job and a fellow has lost heart, and decides that there is no use to try and raise a garden with nothing more than a city ordinance to protect it.

NAMING THE BALL TEAM.

It seems that Lubbock is having some trouble naming the baseball team, without getting a name that infringes on the slogan or the name of some other team, or town. The first name adopted was Longhorns. This name has long been carried by a well known University in Texas. They sought to call themselves "Cowboys," only to find before they got very far with this name that Simmon's College team at Abilene has long been known as Cowboys. The Avalanche suggests that the name be something that will identify the team with Lubbock the moment it is mentioned, and in that way it will not only advertise Lubbock, but the name will be original, and will not place us in a class of those towns that have to cop slogans and names. Some names were submitted in the original list that we would suggest to use, such as The Hubcats, Bearcats, Lubbock Sluggers, Lubbock Avalanches, etc. Either of these would at once identify the team with Lubbock, and another team would not be able to cop the name without they amarilloed us.

The Interscholastic League will meet in Lubbock Friday and Saturday of this week and it will be one of the largest attended meets that has ever been held in Lubbock. There is every indication that there will be a very large crowd, and Lubbock people will have to open their homes for the entertainment of the visitors. There is not hotel accommodations in Lubbock to take care of the crowds, hence the necessity of the homes being opened to them. Lubbock should feel highly honored by having this meet every year, and it is the source of quite a bit of jealousy on the part of the other South Plains towns, that would be glad to dig up a cash donation to get the meet every year. Make those who attend the District Meet feel like they are welcome to the city.

How a newspaper would look if everyone got just exactly what he wanted would certainly be a comical looking sheet. It would sell readily for exhibition in the museums, we are sure. First it would all be front page. It would have heavy display lines over every article, and they would read Church Social, Church Sale or Bazaar, and each church would have to occupy the top of the column. It would also contain the write-up of old Sister Dofunnies party, with all the variations and frills. We would have "nigger sermons" and we would have special articles on the wonderfulness of a certain make of cars that would benefit no one specially, but the fellow who sells the special make. We would have a long write-up of some fellow's individual business, and we would have a sermon by some special denomination placarded on the front page, and we would have a slander case that some fellow specially delighted in and wanted the whole world to know about. In fact this said front page would be a "peach." It would be worse than a curiosity shop. Yet all these various kinds and classes of people want a position on the front page, and the editor just simply cannot accommodate all of them, and some folks have little enough sense to get angry with us if we fail to do all this.

Up Plainview way they are making all the candidates express themselves on the Ku Klux Klan. The Avalanche is really more concerned about how the candidates stand on school matters in Lubbock rather than how they stand on the K. K. K.'s. We have never seen anything the K. K. K.'s have done that showed they were not in favor of schools, but we have seen some fellows who wanted to get into prominent offices who are not in favor of schools or any public improvement. We do not think any of this kind should have the consideration of the people who are really high class citizens.

It is reported that the American Express Company will soon erect a station near the Santa Fe passenger depot. This is badly needed as the express business in Lubbock is increasing rapidly, and this being a transfer point for a great deal of express it would add much to the convenience of handling a large volume of business that has to be handled now in the baggage room of the depot or left standing on trucks around the depot.

The Santa Fe Railway Company has made some splendid improvements in the grounds around the depot recently, by filling in all around the platforms with cinders, leveling it up, and making it smooth and clean. They should now pave all the way from the depot to the connection with the paving on 11th Street which would greatly improve the appearance and usefulness of the grounds.

Lubbock School made a fine showing at Plainview last Saturday in the All-Plains Track Meet. The Lubbock schools are coming to the front fast, and all they need is just a whole lot more room to develop.

We see the urgent need of a marketing bureau in Lubbock, where the farmers can sell their produce to better advantage.

Said and Resaid With Comments Pro and Con.

WHAT IS THE MATTER WITH OUR COURTS?

Recently a Law Enforcement League was organized at Wichita Falls. Wisely the first thing the League did was to make a survey of what was actually being done in enforcing the law in Wichita county. They went to the records. The report shows that in the Criminal District Court of that city there was only one conviction for nine cases dismissed during the year 1921. In the County Court there were two convictions for three dismissals. In the police court there were 2,221 convictions and 1,306 dismissals. This record of dismissals arises from the fact that the man who can give bond seeks to have his case put off as long as possible. Lawyers can fix up most any kind of a plea for a continuance. Oft times the man will grow a beard or change in his appearance so that the witness cannot positively identify him and thus lead to his acquittal or the witnesses will move away until they cannot be reached and the cases dismissed. On the other hand, statement is made that if every case on docket now was tried and the time given to them that has been given to those who have been tried the past year, it will take 15 years to clear the present docket.

All such records as this bespeak incompetence, neglect and inexcusable delaying on the part of the officials.

It is a notorious and yet disgraceful fact that in every city certain criminal lawyers are able practically to control the courts. By the term courts here we do not mean the judges, but we mean the whole process at the court house.—State Press.

The courts are slow. They are controlled by the lawyers and the lawyers play for time. They realize that time is their best defense, and they know that time changes the minds of people. They know that time heals many bruises, and for that reason they prefer to let things cool off a bit before going into trial, and hence they plead for continuances under some trivial excuse, and it is in a large percent of cases granted by the obliging judge and thus it goes. The dockets are loaded, witnesses disappear. Their memories fail to retain their first information and they become doubtful, and forgetful, and their evidence is not of such nature that the jury can convict under the charge they get. In this way criminals are often turned loose and crime continues, and it becomes the common saying that the courts cannot reach them, and this brought about the organization of Law Enforcement Leagues, the K. K. K.'s, etc. The courts are going to have to change their method of doing business, and officers are going to have to be on the lookout for crime and not depend upon somebody "to tell them" about the wrong doings of the people who seem to enjoy disobeying the laws of the land. They should make it their business to see that people do not violate the law without being punished, and then the fellow who does will soon cease to get any pleasure out of it, and will quit.

AMARILLO WILL NOT INFRINGE.

The Daily News as an Amarillo institution, with its interest in the development of friendships throughout all this section of the Southwest, unreservedly stands against the community-wide endorsement of the slogan "Amarillo—The Hub of an Empire," recently adopted by the committee named by the Amarillo Ad Club.

This stand is taken in view of the fact that Lubbock, our neighbor and friend, had adopted as a slogan five or six years ago: "Lubbock—The Hub of the Plains!" This is no reflection upon citizens of Amarillo who choose from six hundred or more suggested slogans, the one here mentioned. It is merely the stand of this newspaper, out of consideration for Lubbock. Lubbock has adopted this slogan. It is printed on Lubbock stationery. It has been displayed in connection with all exhibits made by Lubbock at fairs and expositions, in and out of Texas. Lubbock has a right to it, and should be respected in the use of it.

That the committee of Amarillo representatives, at the solicitation for service by the Ad Club, chose this slogan already adopted by Lubbock in every practical sense of its meaning, in no way obligates this city to its use. The committee acted in good faith, just as committees do sometimes in duplicating the names of towns not a few of which names are later changed by the postal authorities, to do away with confusion. The News in taking this stand about the slogan, is not actuated by any other than the most friendly feeling for both the committee and Lubbock. We are candidly of the opinion that Lubbock is entitled to the slogan, and even if Amarillo as a whole had adopted it, which has not been done, the matter should be re-opened and another one chosen.—Amarillo News.

But even after all this assurance from the Amarillo News we understand that the Ad Club still contend that they are going to stick to the slogan, regardless of infringement. Lubbock certainly has a complaint well founded, and we believe that Amarillo should see the injustice of it and make the change.

Come to Lubbock.

A WORD TO BE STRICKEN OUT.

A West Texas ranchman who often attend those gatherings where delegations are present from many parts of the state, suggests to the whole of west Texas that the word "drouth" be expunged from the vocabulary and forgotten.

The impression has gone out that West Texas with its vast plains, its wonderful soil, its hundreds of thousands of progressive citizens, and its hundreds of cities and towns is a wonderful country—when there is no drouth. Drouth is pictured as just past or just before, ever imminent.

The impression has gone out that West Texas with its vast plains, its wonderful soil, its hundreds of thousands of progressive citizens, and its hundreds of cities and towns is a wonderful country—when there is no drouth. Drouth is pictured as just past or just before, ever imminent.

Rain statistics have proved West Texas, particularly the Plains country, is not a drouth country. Nebraska and Kansas have their dry periods, but they produce mammoth crops and so does West Texas. West Texans claim their land will produce more per acre and the farmer will make larger annual net profits, than over in the "black land" belt. But that menacing word "drouth" undoubtedly has kept many a good prospective resident from coming to West Texas who might otherwise have found prosperity here before this.—El Paso Herald.

This habit of speaking about West Texas drouths, is on that unconsciously, and intentionally leaving the wrong impression about this great country. People are too prone, even the people of this country, to speak of the drouthy nature of this country. Every other country in the world that we know of have their disadvantages, that the people of that section never think of mentioning, and for that reason, those conditions are known far and wide by the people throughout the country. When we have a few weeks dry spell do not take it too seriously and quit hallowing wolf, when no wolf is in sight.

YES, PUT THEM UP.

It is time now to put your chickens up. You have been allowed to let them run at large over your neighbor's yard and garden spot all fall and winter, but now since the balmy days of spring have come, and people want to plant flowers and garden, it is time for you to put your chickens up, and give your neighbor a chance to raise a garden for the next few months. Time about is fair now, and you should be willing to do this. If you should unfortunately have a disposition that is so selfish and mean and you want everything your own way, and you persist in your chickens scratching up all your neighbor's effort, it will not be considered as an unchristian act if said neighbor uses the head of your favorite pig as a target, and save you the trouble of keeping her away from their flower beds and gardens. In all sincerity, be neighborly, be fair. Give those who want to raise a garden and flowers a chance. There is a law to compel you to do this, but why should a fair-minded person wait for the law to force you to do that which is right and neighborly. We have had numbers of complaints to come to our office, and people are wanting to get started on their gardens.—Lubbock Avalanche.

There is a statement that "right wrongs no one," and in view of this fact, no right-minded person should hesitate to follow the advice given by the Avalanche man. Our neighbors and friends have a right, and should certainly be protected in that right, to grow gardens of vegetables and flowers. The man or woman who in the pursuit of happiness, overlooks the rights of others, certainly should have some method of law enforcement practiced on them through which they will think. The town flower and garden grower has the same rights as has the town poultry raiser. We must be fair and just with each other, especially, when we live so closely in contact with our neighbors in town.—Amarillo News.

COTTON.

Cotton exports to Great Britain and to the Continent for the past week have been so far in advance of those for the same week last year as to indicate a much better outlook for the remainder of the cotton year.

Exports to the Continent have exceeded those of last year so far, though only by about 50,000 bales. And those to Great Britain are now only about 120,000 bales below last year. The difference in the latter case ought to be wiped out in the next six weeks or two months, if the improvement continues, and when the cotton year closes on July 31 show a considerable increase over the previous year.

This means only that the outlook is better than it has been for two years and that a reasonable size crop next year will be sold at a profit. It does not mean a cotton famine, but simply that there will not be too big a carry-over for the present world demand.—Star-Telegram.

But Mr. Farmer don't take this as an indicator that you should go "hog wild" over cotton. Remember diversification is the safe and sane plan.

A HINT TO THE WISE IS SUFFICIENT.

A Portales man has found a cure for the neighbor who habitually lets his chickens run loose in other people's gardens. He drilled small holes in many grains of corn and attached threads to them with cards bearing the inscription: "I have been over in neighbor's garden. I have come back, but if I go there again I will not come back, so it's up to you."

The careless neighbor saw the cards dangling from the bills of the returned chickens and—naturally understood.—Clovis Journal.

WEST TEXAS HAS BIG FEED BILL.

"Paying better than \$40 a ton for cottonseed cake to feed the cattle that already are carrying heavy loads of debt has added to the troubles of my part of West Texas," said E. W. Bruce of Ballinger, who was in Dallas Tuesday. "In my own home, Runnels county, we have had to spend thousands upon thousands of dollars in feed bills for live stock and I am told that every head of sheep, cattle and goats in Concho county is on feed. The same state of affairs is true in Menard, McCulloch, Mason and Tom Green counties. We are needing rain badly and the need is not new that the lambing season is at hand, and sheepmen face the likelihood of an exceedingly short lamb crop."—Dallas News.

This is no doubt true of the portions of Texas that the News refers to, but it will not apply to that portion of West Texas, known as the Plains. There is a big supply of feed stuff in this section of the country, and the South Plains has been supplying the feed needs of the east and central part of the state all the winter and Spring, and would have supplied a great deal more had the price been such that would justify, and the railroad rates were not so unreasonably high.

WE BEG YOUR PARDON, PLAINVIEW.

The Lubbock Avalanche carries a news story on Floyd county convictions reprinted from a Plainview paper. Editor Dow put his own head on the article, "Three Sent To The Penitentiary From Hale County." Wonder if Ben Smith of the Lockney Beacon will raise sand about Plainview trying to steal Floyd county's laurels?—Plainview Herald.

We certainly do not want to get into the Plainview-Lockney controversy and we beg your pardon, Plainview, for the error in the caption of that article.

BACK TO THE HOME.

"I may be old fashioned, but it occurs to me that it's about time for women to inaugurate a back to the home movement, is the sentiment of Mrs. Leonora Z. Meder, of Chicago, who has been in politics for thirty years. She has recently been tendered the nomination for a municipal judgeship which she declined. Mrs. Meder was a commissioner under a former mayor and was the first woman to sit in an Illinois jury box.

"I have come to think that politics is the ruination of a home, she remarked, as she leaned back in her swivel chair in her well furnished office, "and I believe I will chuck it all." For the glories of public life women give up children, husband and home.

"Not that I have neglected my duties to my home or children. I have tried to be a good mother, but I feel now that I might have been much better." After all the old fashioned mother had her virtues. She could bake an apple pie, and that is something to remember. Mrs. Meder remarked, with a far-away look, "that it had been a long time since she had baked a pie." And I thought, she said, "that I was actually accomplishing something, fighting shoulder to shoulder with men."

No career, be it so brilliant as compare with a home, be it ever so humble, "give me a book, some knitting, a rocking chair and a house full of children and I will never set foot in the business district again."

This woman is a native of Kentucky and for many years has been attorney for the juvenile protective league and has been very active in politics.

AVALANCHE SERMONETTES (By the Office Preacher)

The Easter Idea

Jesus's greatest contribution was not to life's quantity but to its quality. Easter does emphasize more life after death, but also better life before death. The "risen life," or "resurrected life," is a quality which Jesus stood ready to impart even before he had died or been raised from the dead. His great words, "I am the resurrection and the life," were spoken long before his bodily conquest over the tomb. We think of the experience of the risen life with its power and glory as coming after death. Mary hinted this when she said: "I know my brother shall be raised again in the last day." But Jesus was unwilling to confine the idea to an experience which could be demonstrated by a body after death, but proclaimed it a quality which was there incarnated in his life: "I am the resurrection." The power they had expected to manifest itself by and by in some glorious hereafter was there ready to answer with its ability the demands of their daily life. This takes immortality out of the future and brings it into the present. The "resurrection life" is not something we are to get after death; it is something we can have now. This Easter gets a tremendous practical bearing. The Easter idea, as it were, becomes flesh and dwells among us.—The Baptist.

We raise a big howl about Sunday being paid playing, but most of us who have boys are educating them in this practice. Every Sunday a lot of boys are engaged in a base ball game and some times right up against a church building, almost where religious services are being held. Better get a line on the boys, and teach them some of the first principles of civilization, and keep them in the straight and narrow road ever afterwards.

# News and Views of Local Sports

TELL ANY MEMBER OF THE AVALANCHE FORCE ABOUT WHAT YOUR TEAM OR CLUB IS DOING AND HELP US KEEP THESE COLUMNS FULL OF LUBBOCK'S ACTIVITIES IN THIS LINE.

The Swatters are booked to play five more exhibition games before the opening of the season, April 20. They play at Lubbock next Friday, at Amarillo Saturday and Sunday, again at Lubbock Monday and return home for a single game with the Amarillo Grays on Tuesday, the 18th. —Sweetwater Reporter.

**Sweetwater Lineup**  
Sweetwater, April 12.—In spite of reports to the contrary, Sweetwater will open the 1922 baseball season with far more enthusiasm than at any time since her entrance into the West Texas League. The season ticket sale was highly satisfactory, the club is entirely out of debt and has a well equipped park and, with a reduced salary limit, expects to experience a prosperous season. Manager Smith will again lead the local club and after trying and weeding out numerous rookies has assembled what he thinks is the strongest team he has ever skipped. Seven of last season's veterans will be back and the colorful Popboy has been fortunate in uncovering two or three likely looking youngsters to help out. His probable line-up on opening

day will be as follows:  
Pipkin, catcher; Fleharty, pitcher; Anderson, first base; Mason, second base; Moore, short; White third base; Thrash, left field; Gressett, center; Richburg, right field.

His pitching corps is composed of Fleharty, Word, Munger and Richburg of last year's team with Singleton, Summers, Brooks, Hanna and Gressett as newcomers. This list will of course be reduced before the season is many days old. Smith, while not claiming any pennant, has no hesitancy in declaring that he expects to finish one-two-three.

**Canyon Normal Defeated**  
Slapping the apple to all corners of the lot, and showing very little mercy to the visitors, the Longhorns shut out the Canyon Normal delegation here Tuesday afternoon by the score of 11 to 0.

A lead was gained by the Longhorns in the first frame when they ran in three men; a blow which Canyon seemingly couldn't overcome. Miller went mighty nice on the mound for five frames, shutting out the visitors with not a man going

beyond second sack. Apparently he was working too nice and was put out in the sixth in favor of Woodridge, who also showed mighty good form, the visitors being unable to locate and connect with his smoke.

Errors were frequent with the out of town aggregation, especially in the first and third stanzas when the Longhorns got such a lead. Fifteen hits were stacked up against them with only two against Woodridge. Miller held air-tight.

The Box Score:

Lubbock	AB	R	H	PO	A	E
Speegle, 1b	5	1	3	4	0	0
Ernsshaw, ss	5	4	3	1	1	2
King, m	4	2	4	2	0	0
Brown, lf	4	1	0	3	0	0
Langford, rf	4	1	2	3	1	0
Gober, 3b	3	0	1	0	4	0
Battle, 2b	4	0	0	2	3	1
Allen, c	4	1	1	5	1	0
Woodridge, p	2	1	1	0	0	0
<b>Total</b>	<b>37</b>	<b>11</b>	<b>15</b>	<b>27</b>	<b>18</b>	<b>3</b>

Score by innings:  
Lubbock ..... 303 002 03x—11  
Canyon ..... 000 000 000—0

Summary: Innings pitched, by Woodridge 4, Miller 5, Graves 9. Hits off Graves 15, off Miller 0, off Woodridge 2. Home runs, none. Three-base hits King 1, Gober 1. Two-base hits Speegle, Ernsshaw, King Langford, Allen 1. Struck out by Graves 3, by Miller 2, by Woodridge 3. Bases on balls off Graves 2, off Miller 2, off Woodridge 1. Sacrifice hits Terry 1, King 1. Stolen bases, Ernsshaw 1, King 1. Double plays, Langford to Ernsshaw, to Sane to Terry. Hit by pitcher, Terry by Miller. Wild pitch Miller. Passed balls, none. Time of game, 1-hour 36-minutes. Umpire Sensenbaur.

**Plainview Ball Team Coming**  
The Plainview High School Baseball team will be here Friday and Saturday, April 21st and 22nd for a game with Lubbock High. This is to decide the championship of the district. The boys from Plainview are coming strong, but the local boys say that nothing can be accomplished by them while here. There's room for argument. Let's see these games then we will be more in position to know who is right. April 21st and 22nd.

Friday afternoon on the local Park, the Sweetwater Swatters will be here for a tie-up with the Longhorns. The Longhorns are working out in great form and they will go into the season the 20th of this month a winning bunch from the beginning. They are playing air-tight ball, and are certainly going to make somebody scramble for that pennant.

However, the Swatters have a nice delegation themselves, and will be here Friday with all they have. They have a bunch of men that have been farmed out from the bigger leagues, and are going to make somebody realize that they are on the level.

If you want to see a "ball game" come out to this one, for it is going to be a hummer.

**Fast Stepping Swatters Coming**  
Dunnigan Returns to Lubbock  
Max Dunnigan, who recently was sent into Fort Worth by Allen on account of his physical condition, he being thought unable to pursue his baseball ambitions this year, has returned to the pitching staff of the Longhorns line-up.

By the advice of his physician in Fort Worth, he is as able to play baseball as well as ever, although he will possibly receive a jolt once in a while that will cause a little soreness, but will in no way affect his condition physically.

We are indeed glad to know that Dunnigan is able to return to the staff and hope that his condition will permit him to proceed with his work.

**NEXT DOSE CALOMEL MAY SALIVATE YOU**  
It is Mercury, Quicksilver, Shocks Liver and Attacks Your Bones  
Calomel salivation is horrible. It swells the tongue, loosens the teeth and starts rheumatism. There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate. Calomel is a dangerous drug, besides it may make you feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No salts necessary. Your druggist says if you don't find Dodson's Liver Tone acts better than treacherous calomel your money is waiting for you.

## Should a Bank Lend Money to Non-Depositors?

The first duty of any bank is to its depositors and their requirements should first be taken care of before considering loans to others.

It is sometimes necessary to refuse loans even to depositors for any or all of several reasons: The loan may not be properly secured; it may not be essential or a proper banking investment; or the balance of the customer may not be sufficient to justify the loan. Every customer to a great extent makes his own line of credit at a bank by the average balance he maintains and the promptness with which he takes care of his obligations.

### THE LOCAL NEWS HAPPENINGS OF CARLISLE

It is very calm now, since the storm Sunday and Monday.  
Brother Pickens of town, filled his regular appointment Sunday morning.  
Misses Effie Jewel Goodpasture, Opal Burroughs, Ettis Heffington and Mr. Orval Burroughs were dinner guests at the Ribble home of town Sunday.  
Miss Bess Sims spent Wednesday night of last week in the Goodpasture home.  
Miss Ada Altman spent Wednesday night with Mrs. J. A. Burroughs.  
Our basket ball girls accompanied by Mrs. Pevehouse and several other pupils motored to Monroe Friday afternoon and played a very interesting game. The scores were 13 and 4 in favor of Carlisle.  
Mr. Jennings, our County Agent visited the school Tuesday. He made a talk to the club members.  
Mr. and Mrs. C. C. Casey spent Saturday night with their parents, Mr. and Mrs. H. H. Guin, Jr.  
Mr. Van Griffin of Abernathy, was a business caller in the W. B. Ray's home Thursday.  
Miss Eloise Jones spent Saturday night with Miss Colene Holland.  
There will be a program at the school house Friday night.  
Miss Thelma Hinson visited the school Friday.  
Mr. and Mrs. Jerden were dinner guests at the Bush home.  
Messrs. Floyd Matheny and John McNeely of Monroe attended singing here Friday night.  
Miss Oeta Ray spent several days last week with Miss Lena McNeely of town and attended the lectures at the Methodist church.  
Misses Helen Ribble of town, Opal Burroughs, Ettis Heffington, Messrs. Orval Burroughs, Craig Bond and Tunnie Sims spent Sunday afternoon with Miss Effie Jewel Goodpasture.  
Misses Bess Sims, Oeta Ray and Mr. Lester Sims spent Sunday afternoon in the Tubbs home.  
Mr. Newman Casey visited the school Monday.  
Brother Pickens and family, Mr. and Mrs. Strickland were dinner guests of Mr. and Mrs. W. M. Pevehouse Sunday.

**SNOW FELL IN AMARILLO LAST MONDAY, APRIL 10th**  
Amarillo, April 10.—Light snow began falling here about 8:30 this morning. The temperature was 35 at 7 a. m., the lowest in the last 24 hours. The flurry lasted only an hour and a half and the snow melted as it fell.

**Attention—Salt Users.**  
Just received a car of block and sacked salt. Fresh and cheap. See us, Jackson Bros. 11-4

Dr. W. L. Huckabay, practicing physician, who recently moved from Ft. Stockton to Slaton, where he has established offices, was a visitor in Lubbock Tuesday. Dr. Huckabay is an old time friend of Judge Jno. R. McGee and the two were former neighbors in the town of Brady, McCulloch County in an early day.

**Colds Cause Grip and Influenza**  
LAXATIVE BROMO QUININE Tablets remove colds. There is only one "Bromo Quinine" and it is GROVES' signature on box. 30c

Jno. A. Hollans, prominent real estate dealer of Floydada, was a visitor in Lubbock last Tuesday. Mr. Hollans is very much elated over crop prospects for this year and is prophesying many new people will move into the South Plains this fall.

**THE ROAD TO HAPPINESS**  
You must keep well if you wish to be happy. When constipated take one or two of Chamberlain's Tablets immediately after supper. They cause a gentle movement of the bowels.

Call Montgomery's Transfer, phone 453 for storage or hauling of any kind. 11-4f

The idea of the subsidy is to pay our ships for bringing to this country what our tariff won't let in.—Dallas News.

### HAVE YOU VISITED MY NEW STORE?

Here I have everything you want, fresh and good. My new, spacious brick building enables me to give you up-to-the-minute service, and it is a great deal more convenient for those who wish to come to see my stock—Even if you order your groceries by telephone, come in and see the interior of my store, it will make you feel glad you are trading with me.

### Joe Baldrige Grocery

In my new brick building one block east of Cova Hotel. Phones 781 and 404

### LOCAL HAPPENINGS TOLD ABOUT BY RALLS BANNER

We are glad to note that the infant child of Mr. and Mrs. Frank McLaughlin, who has been very ill with the pneumonia, is much better. The Methodist revival meeting continues with increasing interest, and much good is being done. The sermons are full of spiritual power and everything now indicates that the results are going to be gratifying.

We note that C. W. Beene, who formerly taught school at Emma, but who now lives at Lubbock, has entered the race for representative. Mr. Beene is a competent and deserving young man, and we would like to see him succeed in his aspirations. Newcomers need not be alarmed by the big rains that are falling

over the Ralls country. Such is generally the case on the Plains every year—only more so. However, perhaps, we have a better season in the ground at this time than for a number of years, and at no time in our history has crop prospects been more promising—all of which means that there will be a sharp increase in land values in the near future, and that the influx of new comers will soon begin and continue throughout the year.

habitual Constipation Cured in 14 to 21 Days  
"LAX-FOS WITH PEPSIN" is a specially prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 50c per bottle.

# A WINNER FOR LUBBOCK

In January, 1921, a cooking school and baking contest was conducted in Vernon by three lady demonstration agents representing the State Extension Department. The baking contest being open competition for the public, with 116 entries for the various prizes, numerous well-known brands of flour being used in baking. It is with pardonable pride that we refer to the results as follows:

**In Light Bread Class, with twenty-nine entries, bread baked from Belle of Vernon flour won first and second prize.**

**In Biscuit Class, with twenty-six entries, Biscuits baked from Belle of Vernon Flour won first and second prize.**

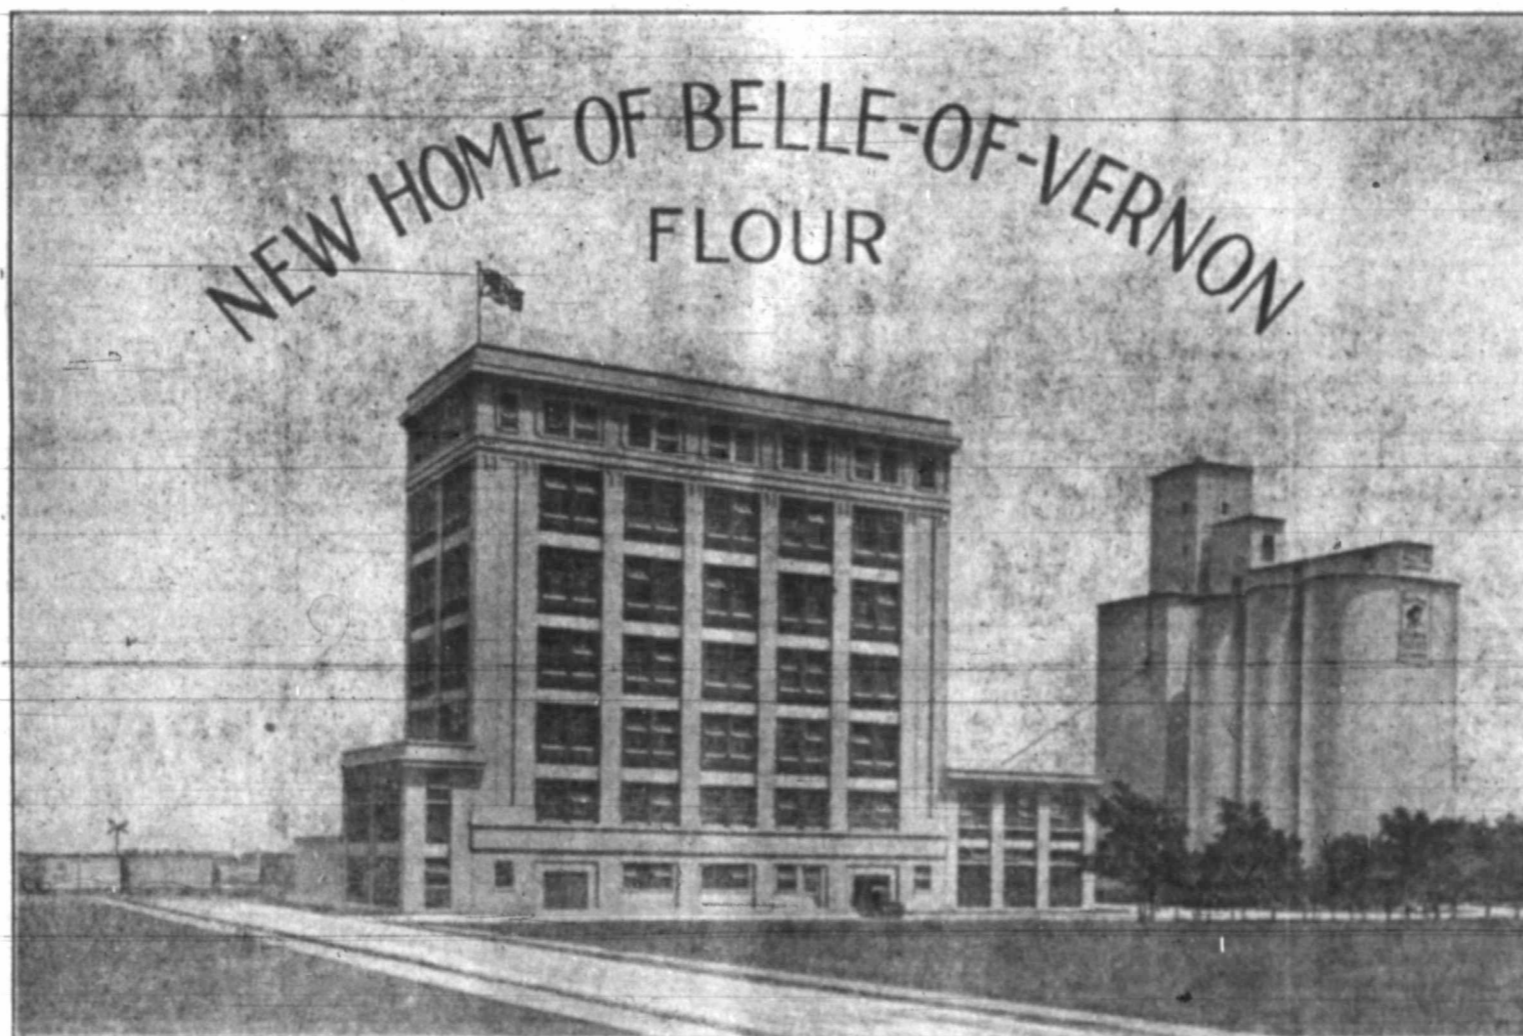

**In Angel Food Cake Class, with twenty-eight entries, Cake baked from Belle of Vernon flour won first prize; second prize going to a cake baked from a specially prepared flour, supposed to be the Cake Flour Supreme.**

**In the Layer Cake Class, with ten entries, a Cake baked from Belle of Vernon Flour, and baked by a little girl nine years old, won first prize.**

**There were twenty-nine entries in Plain Cookies, and Belle of Vernon Flour won in this class also.**

The most discriminating housewives are buying Belle of Vernon Flour for an all purpose family flour, and are finding it up to their fullest expectation, and the one real flour that eliminates the regrets in baking, making it a pleasure rather than a daily task. Give us a trial one time and enjoy some of that "Good old Baking like Mother Used to Have."

## TWO REASONS WHY WE PRIDE OURSELVES IN DOING A LITTLE BETTER WHAT OTHERS ARE SATISFIED WITH DOING WELL

# GREAT FUTURE FOR LUBBOCK

After having made an extensive survey of the West, we have selected Lubbock as one of the best distributing points for Flour, and anticipating a great future for your city have opened a branch house in Lubbock with one Mr. W. E. Hunter in charge as manager and he is now your citizen and neighbor. We expect to carry at all times a complete stock of mill products and our operation will be confined to wholesale exclusively. Our future success as well as other financial investments that we may make in Lubbock will depend entirely on the support and patronage we receive from the citizenship of your city. We expect to contribute to the financial support of your city by taxation on our operation just the same as each of you and we would like to have you think of us as homefolks. Furthermore, we hope to be able at some future date to contribute further to the success of Lubbock and the country round about by handling large quantities of grain through our organization. Every Bag of our flour bears our guarantee of satisfaction printed on the back, and each bag must be as we recommend or else your money will be refunded in case you do not care to try another bag. If you appreciate quality and fair treatment such as we propose to give and if you think we deserve and merit your co-operation, patronage and support, give it to us through your grocery merchant. Always ask him for Belle of Vernon Flour, and if he does not have it accept no other unless it is some other brand put up by the Kell Milling Company as we frequently have different brands where merchants prefer a brand for themselves, in which case the flour will be exactly the same as Belle of Vernon. Insist that your merchant get our flour for you because all he has to do is 'Phone our Mr. Hunter, Telephone No. 34, and he will immediately see that your merchant is supplied with the brand of flour he desires.

Please permit us to take advantage of this opportunity to thank you kindly in advance for the support and patronage we anticipate from the citizenship of Lubbock and the country round about, and please be assured that whenever our name is stamped across a flour bag, that within itself insures satisfaction. With kind personal regards and best wishes to all, we are,

Yours very truly,

### It Is Predicted That Boll Weevils Will Be Thick In 1922 And the Ravages Will Be Exceedingly Great

The number of boll weevils that are emerging from hibernation each spring depends on two things; the number entering hibernation in the fall and the percentage of these surviving. Last fall the majority of the cotton belt saw conditions which permitted an unusually large number of boll weevils to enter hibernation. The winter weather has generally been abnormally mild to date and the usual period of severe weather has passed although there is of course still a bare chance of temperatures low enough to injure weevil survival. Because of this mild weather a high rate of weevil survival was to be expected. Our recent records have more than verified this expectation. These records are made in a number of different ways but the most comparable criterion is the figure based on the number of live weevils found hibernating in Spanish moss in certain selected localities in Louisiana each year. During the past few days we have examined over 3600 pounds of Spanish moss from 15 different selected points representing the different types of hibernating conditions found in that district. This moss is carefully examined and the number of weevils both live and dead noted. From this we compute the ratio of both live and dead weevils per ton of moss, and past experience has shown

that this affords a very fair index to the emergence which may be expected. The following table shows the figures for the past eight years:

Year	L. Weevils p ton Moss	D. Weevils p ton Moss
1915	10.0	414.0
1916	24.0	136.0
1917	8.0	144.0
1918	1.7	48.0
1919	4.0	3.0
1920	9.5	15.8
1921	22.0	26.0
1922	127.0	2.2

From these figures it is seen that we have far more live weevils per ton of moss in sight now than at any time since these records were started and only a very few dead weevils.

The only sane course to pursue is to anticipate a year of great abundance of boll weevils and to make all plans accordingly. Everyone who has raised a few cotton crops with the weevil realized how the weevil cuts down the acreage he can handle per plow and still make a crop. Furthermore, the more abundant the weevils are, the less acreage he can handle successfully and certainly with the present prospects the acreage per plow for 1922 should be reduced to an absolute minimum if the farmer is to experience any safety whatever.

#### LOCAL NEWS ITEMS FROM THE LORENZO ENTERPRISE

Judge Parrish will ship a carload of cattle to Kansas City markets tomorrow. They were brought in this morning from his farm near here.

We regret very much that our good friend Uncle Joe Brown is reported seriously ill at his home in Estacado this week.

Paul Poulson, residing several miles south of town, one of the most substantial and best known farmers in Crosby County, was in Lorenzo Monday and purchased a tractor from Mr. A. C. Woodward, one of our progressive hardware men. Mr. Poulson says it is his intention to put in several hundred acres of sod and prepare it for cultivation another year.

Kelley White of Crosbyton was here Wednesday morning loading out a job press which he purchased from the Enterprise. Mr. White moved the press to Crosbyton where he will establish a job printing plant.

We were informed this week by the manager of the Huckaby Grocery Company that their firm had shipped 900 dozen eggs which is equivalent to 10,800 eggs, or \$135. The entire amount of eggs were purchased in three days, from Friday to and including Monday. They were shipped Tuesday morning.

Thursday morning about 8 o'clock fire was discovered in the roof of the brick school building and when found was making considerable headway. It was quickly extinguished, however, by a fast crew of men and boys and besides slight damage to the roof no other part of the building was injured. Fire is believed to have started from sparks coming from the flue.

#### A FARMER CURED OF RHEUMATISM

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Liniment and told him to use it freely," says C. P. Rayder, Patten Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, give me another bottle of Chamberlain's Liniment; I want it in the house all the time for it cured me." — If

#### WEEKLY MARKET LETTER

**Sheep and Lambs**  
Prices for sheep and lambs were quoted 25 to 35 cents under last week's close and 50 to 65 cents under the high point last week. Choice lambs in fleece sold at \$15.00 to \$15.35, yearlings \$12.75 to \$13.50, clipped lambs \$12.50 to \$13.25, and clipped wethers \$9.00 to \$9.25.

**Horses and Mules**  
Trade in horses was fairly active, with buyers taking the better kinds freely. Plain kinds sold slowly. A fair trade is expected at the mule auction Tuesday.

Chas. M. Pipkin,  
Market Correspondent.

#### LOCAL NEWS ITEMS FROM ACUFF COMMUNITY

Oh, what a lovely sand storm we are having today and also Saturday and Sunday. The ground will soon dry out if these winds continue.

Mr. S. S. Rush has had a new well dug at his place. His old well sanded down we understand and he'll move his windmill as soon as the weather permits.

Mr. Tomlin tuned Mrs. L. S. Evitt's piano Saturday afternoon. He turned the school house piano Saturday morning.

Mrs. Kelley was a Lubbock visitor Saturday.

Mr. Brown is visiting Lois Evitt this week. He is of Southland, Tex.

Mr. Grimes brought Bro. Sanders out from town Saturday afternoon.

Not many knew of the singing at Mr. Scott's Friday evening and on that accounts for a small crowd. What few that were present, however, enjoyed the time, and thank Mr. Tomlin and his daughter for their songs so well rendered.

Mrs. Iles of Southland is visiting her daughter, Mrs. A. M. Evitt this week.

Miss Ruth Cunningham visited Miss Corrie Grimes' a while Sunday afternoon.

Mr. and Mrs. Tomlin and daughter, Josie Mae, of Wichita Falls, are visiting Mr. and Mrs. Stinnett. He represents the Star Piano Co., of Fort Worth and also tunes pianos and teaches singing school.

Mrs. L. Pounds is on the sick list this week.

We had a real entertaining day

### Average Income Cotton Farmer In Decade \$400

Purcell, Okla., April 11.—The average yearly income of the cotton farmer of the South for the last ten years has been \$400, Aaron Sapiro California attorney and co-operative marketing expert, declared in an address here today warning cotton producers that only by organization could they expect to increase their returns.

Sapiro predicted that within five years the state co-operative cotton marketing associations, organized on the "Oklahoma Plan," and working together in the national federation, the American cotton growers' exchange, would become the controlling factor in the cotton market of the world.

Contrasting the \$400 annual income of the Southern Cotton Grower with that of mechanics, Sapiro said:

"The average income of the carpenter has been \$1,100. The carpenter was entitled to this, but he couldn't get it without organization. The cotton grower is entitled to a living income, to a modern home, running water, electric lights—but he isn't going to get it without organization. The cotton farmer should have income to build and support hard-surfaced roads, good schools, and all that goes to make up a prosperous and happy community. He should not permit his wife and his children to slave in the cotton fields. His children are entitled to the best school advantages.

"It is only through organization on sane, business-like lines in the marketing of his crops that the farmer can hope to attain these things." Sapiro was here today on his way to Oklahoma City where tomorrow delegates from eight states will open the first national meeting of the American Cotton Growers' Exchange.

### SHALLOWATER NEWS ITEMS OF THE PAST WEEK

G. M. Mason left Friday for a two weeks business trip to Dallas. Mrs. Redwine is reported on the sick list this week.

Mr. and Mrs. King of Bledsoe, spent the week end with Mrs. King's father, Mr. Thierford.

Wyvonn Mason spent Sunday with her little friend, Mary Bowles.

The Literary Society assisted by Miss Julia Killen and Miss Brown Lee gave an interesting program Friday evening at the school house.

Carlisle string band was expected to be there also but were unable to come. We wish to make note of the large number of Grovesville people that were with us. Come again, all of you from Grovesville, we are always glad to have you with us.

Although we had a nice crowd out for Sunday school we feel as though we ought to of had a good many more. We would be glad to see more out every Sunday. Put away your work or pleasures and spend an hour or so with us every Sunday morning.

Rev. Ferguson, Rev. Picken, Mrs. Picken and children were out Sunday afternoon. Rev. Ferguson delivered an excellent sermon.

The Methodist church will be organized the second Sunday in May. Mrs. Wright had company from Dimmitt the last of the week.

L. E. Baker and Bob Crump went out to the experiment Farm last week and bought 200 trees for the park.

The Blacksmith Shop in the rear end of the Garage was opened Saturday, with a nice amount of work to do for the farmers.

Mr. Drapee took a hold of the work well and is willing to accommodate any one at all times.

The singing was well attended Sunday evening. All of Hardy's singers came down. Next Sunday evening Shallowater singers will visit Hardy. Let Shallowater be well represented that night.

Residence 1119 Fourteenth St.

Easter is here—and joy—and hope that merges into certainty that all is well and God forever good!

At this, the most beautiful of all seasons of the year, when the beauty of spring heralds the approaching Easter morn, it would seem as though the fast moving world must stop a moment and bow in reverence to all that Easter means; and how much it does mean to each one of us—that message to the resurrection, of hope and life anew, that has kept the heart-fires burning thru all the ages—and which points us ever upward, kindling within our hearts a courage and a faith, akin to the divine, that shall lead us on in richer service and endeavor. May the real beauty of Easter enter your hearts that you may say, "Arise! It is the Resurrection Morn!"

As an Easter verse of rarest beauty and simplicity, is the one by Alma Adams Wiley.

**Resurrection:**  
O life that leads us by the ways of death!  
O death that crowds life into glorious bloom!  
These Easter lilies bring on incensed breath  
The oft-told message from an unsealed tomb:  
"Now Life the Victor rolls the stone away!  
Arise! It is the Resurrection Day!"

Too long the world has looked upon its crosses,  
Too long stood impotent before its tombs,  
Mourning its vanished dreams, its poignant losses;  
With eyes bent earthward, dulled by funeral glooms,  
It cannot count the three steps of the Way.

The Cross, the Tomb, the Resurrection Day.

What is this surging at the heart of life,  
This giving up that thereby we may hold,  
Except the law of growth by one-half strife?  
These lilies—were they seed cast in black mold?  
So waxen white, so pure, "To you," they say,  
"Love waits to bring the Resurrection Day."

The cross whereon was nailed some hope, some dream,  
Who has not borne? Despair's last numbing blow

Who has not felt? And yet One found the gleam  
That lights the dark, by which our souls must grow!  
Freely, O lilies, spend your incensed breath  
To tell all doubting ones there is no death!

**Conley-Wheelock**  
As a touch of color in the social landscape comes the announcement of the Conley-Wheelock wedding, which was one of the most charming of Lubbock's younger set.

On Monday afternoon Miss Fern Wheelock became the bride of Eimer M. Conley. The note of dignity and quietness in all the plans added a charm to that sweetest of all ceremonies; and the pretty Wheelock home bespoke of happiness and joy in its setting of fern and flower.

The bride was sweetly pretty in a gown of blue-grey knit, with a corsage of pink roses and lilies of the valley. The members of the immediate family and relatives were present, with Mrs. J. J. Jarrott at the piano, Miss Mary Meador as violinist, who played the wedding march.

Mrs. Joe Hilton sang with a charm that is always hers, "Because." The Rev. Bowen performed the impressive ring ceremony.

The punch bowl was presided over by Mrs. Earl Hunt and Miss Bernice Wolfarth.

**Miss Mary Scott Entertains**  
B. Y. P. U.  
(Intermediate)

Miss Mary Scott, assisted by her mother Mrs. G. W. Scott, delightfully entertained the Intermediate B. Y. P. U. on last Friday evening. The group met at the Scott home and went en masse to see "Ben Hur," as given by pictures and interpreted by Dr. Yenell, at the Methodist church. After the picture they returned to the home of their hostess and were served with dainty refreshments of punch and sandwiches.

**Two-Table Bridge Club.**  
Mrs. L. T. Martin was club hostess to the Two-Table Bridge Club on Tuesday afternoon. An enjoyable afternoon was spent and dainty refreshments were served to the following ladies: Mesdames Griffith, Hilton, Castleberry, Oliver, Germany, Hilton and Miss Della Wilkinson.

**Lubbock Junior Red Cross Chosen**  
As Demonstration Point.  
That Lubbock has been accomplishing good work in the Junior Department of the Red Cross is evidenced by the fact that the St. Louis office has chosen Lubbock as the demonstration point. Committees are already engaged in the Junior Red Cross Work as arranged by program and are to be congratulated on the past good work.

**Baptist Ladies' Auxiliary**  
The Baptist Ladies' Auxiliary met on Monday afternoon at the church parlor. On account of the small attendance the Bible Study Class was postponed until next Monday, when a good attendance is hoped for. A fruit sale will be given by the Baptist Ladies every month, on the second and fourth Saturdays.

**Postoffice Staff Give Party**  
A unique welcome and farewell party was given by the staff of the Lubbock postoffice recently, when they officially welcomed Mr. and Mrs. Duering as the new officials, and at the same time were feign to say good-bye to Mr. and Mrs. Robbins, who have for so long been an important part of the office. A

### "Trade Here and Save Money"

May be an awkward statement, but is a fact nevertheless. Proof is that "a dollar saved is a dollar made" and you certainly save money on every bill of groceries purchased here.

PAY CASH and get all that is coming to you—bank the balance and you will soon find that your pay check has real value to it.

The best way to save money is to spend only a small portion of what you make for necessities, and take care of the balance—we sell all that you eat at a remarkable saving to you.

- L. A. Wells, of Amarillo, life time friend of our townsmen, E. R. Haynes, was a very pleasant caller to our city yesterday and today. Mr. Wells has extensive holdings in land in Cochran County, and is here with the intention of placing some of it on the market. He is one of the Plain's old timers, and is a very enthusiastic booster of this section.

Nothing But Poison Sold By Bootleggers According to a Statement of Analysis of Nine Samples of the Stuff Recently

The Washington Star has recently made an admirable survey of the so-called bootleg trade in the Nation's Capital. While this trade is only a fraction of the trade in alcoholic liquors before prohibition, and perhaps no greater than the illicit trade in those days, it undoubtedly constitutes a great menace. However, the quality of the wares sold is such that only those absolutely uninformed or who are impelled by an ungovernable appetite are willing to run the risk of death or blindness by purchasing.

The Star says: "The closing up and tightening of legal locks on distilleries and warehouses—whence formerly came much of the bootleg product—and the perfection of a checking-up system which makes the forged permit method of withdrawing warehouse liquor almost impossible, have caused the bootleggers to turn to deadly poison which they prepare for their customers by the addition of labels, etc., indicating that they are oldtime standard brand liquors." The Star says further: "The poisonous character of most of this so-called liquor is disclosed: (1) by immediate effects like that of 'knock-out' drops on many imbibers who are taken to the police station or are at their homes or in hospitals fighting this poison; (2) by reports from the hospitals, and (3) from analysis of typical samples of these concoctions.

**Results of Analyses**  
"A general summary of the analyses of typical bootleg liquor made recently by the National Vaccine and Antitoxin Institute at 1513 U Street follows:  
"Of nine samples submitted, four had heavy traces of fusel oil; two had a trace of this poisonous element and one had a faint trace of it, making fusel oil a 77 per cent favorite in the entire group.  
Three of the nine—one third—had wood alcohol, which was uncovered in special tests for this substance. One—it was supposed to be Haig & Haig whisky—had bay rum in addition to the wood alcohol and a heavy trace of fusel oil.

**Formaldehyde Discovered**  
"In another concoction there were formaldehyde traces found in the test. This substance, it is believed, is used for the purpose of preserving coloring matter intact and preventing settling of sediment.  
"Four of the concoctions had artificial coloring matter present. One of the samples—supposedly Italian vermouth—was found to contain so much sugar that it defied analysis by the quick test system. It had no alcohol and was heavier than water. But there was a large amount of artificial coloring matter and sugar, and flavoring oils had been added.

**Poison Sold by Society Agent**  
"Sample No. 5 was also a masquerading Haig & Haig product from the valise of the bootlegging motorist, also known as the society bootlegger.  
"The only test made for injurious contents which registered negative was for artificial coloring matter. There was a positive mark for fusel oil; positive for wood alcohol and positive for bay rum.  
**Bootlegger's poisons threaten sight, life and reason**  
"According to chemical experts of the prohibition enforcement bureau, fusel oil in sufficient quantities or taken steadily in even small quantities results in a super-powerful stimulation of the organic parts of the body, which causes the reactive speedy decay of these organs. It specializes upon nervous

systems attacks. It eats up the nerve tissues by overstimulating them and may eventually result in a complete nervous collapse, insanity and locomotor ataxia. There's a list of many other complications for fusel oil users, but the foregoing are the principal ones.  
"Wood alcohol, according to the same authorities, simply eats away the optic nerves, rendering blindness more of a probability than a possibility. It also gets to work on the general points of the system, creating such perilous heart action that speedy death is often the result.  
"Formaldehyde is a special enemy of the blood and a tissue destructive agent. It cuts into the tissues of the throat, causing pain and soreness and often results in a loss of speech. It systematically tears down the human system eventually by eating up the structural tissues.  
"That's what the poison will do for one. As can be seen from this outline, the patron of the irresponsible bootlegger is liable to awaken some morning in the future writhing with tetanic convulsions or with the start of eye trouble which will end eventually in total blindness.  
"The distressing point is the apparent ease with which the ingredients work their harm to health. Their work may not be discernible for some months—possibly not for a few years. But the progress against health has been going forward stealthily all the while. The poison causes eventual organic breakdowns, just as serious as if the concoctions had 'knocked out' the imbibing one at the outset. The poison strikes from behind a veil, unseen and unfeared possibly, until too late for a remedy."

CENTER NEWS ITEMS OF THE PAST WEEK

The weather here has been favorably for the farmers to plant. Some few have begun to plant.

Miss Mildred Nelson spent last Tuesday night with Misses Erna and Tonnie Goeth. They all report a real nice time.

Mr. E. A. Abney was transacting business matters on this vicinity last Tuesday.

Mr. W. J. Baker and son, Joe were visiting her daughters, who lives north of here, one day last week.

We are very sorry to hear Miss Hazel Johns quit school. She is greatly missed by the teachers, as well as the pupils.

A very interesting program was featured. Mrs. Blokney being the only visitor. She says it was very interesting.

Mr. and Mrs. N. A. Nyus were among the Abernathy visitors last Friday.

Mr. H. B. Pinson spent the week end with his brother, who lives in Abernathy.

The wind has not forgotten to blow if March is gone.

Mr. Edgar Abney and son, E. J. and Mrs. Walter Hembree and family were among the Abernathy visitors Saturday.

Miss Fay Dunn was the pleasant caller of Miss Ewell Haney Sunday afternoon. She reports a real nice time.

Miss Erna Goeth was the caller of the Nelson home Sunday afternoon.

Miss Essel Dunn was the Sunday afternoon caller of Miss Martha Abney. She says the evening was well spent.

Mr. George Baker and sister, Lucille attended church at Monroe Sunday evening.

Mr. and Mrs. D. W. Williamson were visiting in these parts one day last week.

Mr. Flin Dunn and sister, Minnie, were the callers of the Habbings home Sunday afternoon.

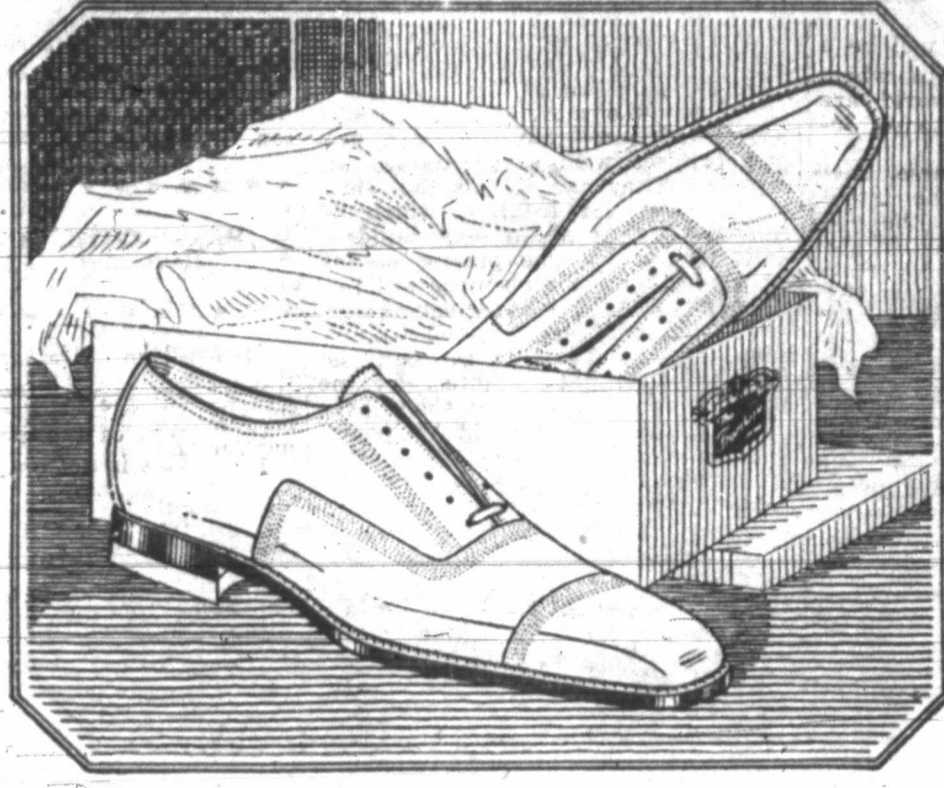

Miss Myrtle and Edith Abney spent the week end with sisters, who live near Abernathy.

The little daughter of Mr. and Mrs. Wallace, who had a severe case of pneumonia, is reported to be doing nicely at this writing.

Mr. R. Rieken and family were the callers of the Abney home Friday night.

Mrs. P. W. Patterson returned Saturday from Fort Worth where she was attending the funeral of her mother, Mrs. F. C. Shaw, and also the funeral of her brother-in-law, Mr. R. P. Patterson, who died shortly following the death of her mother. Mrs. Shaw was a pioneer resident of Dallas, and is survived by two sons and four daughters.

NEWS ITEMS FROM ROARING SPRINGS REVIEW

For next, one of the most promising young men of North Dickens County, died at his father's home at Afton Saturday. The cause of the death was complicated pneumonia.

W. P. Fretwed brought in 75 dozens of eggs this week at one time. He received 15c per dozen for them. These eggs had been collected in less than a week. He received enough for them to buy groceries several days, and yet people in East Texas wonder how people here keep from starving.

Mrs. S. C. Threadgill created some interest here Monday by bringing to town a peculiar looking substance. Mr. Terry, of the Smith Drug Store gave the substance an acid test and it proved to be rich in a much coveted yellow metal also containing some copper. Now we are not saying we have the fever of '49, but from tests which we saw, there might be reasons to think an epidemic may be pending.

**LOCAL ITEMS FROM THE GAIL GAZETTE**  
The little son of Mr. and Mrs. Traweck, of Durham got an arm broke Friday afternoon by being jerked off a horse by a clothes line. He was brought to Gail and

Dr. Hannabass set the broken arm, and the little fellow is getting along nicely and will soon be well.

An election was held in the Gail school district Saturday to elect one trustee and A. M. Clayton was elected he having all the votes cast but three.

The six months drouth was broken in this county by splendid rains which fell Sunday night, Monday and Tuesday afternoons, the rain fall for three days to five-six inches at Gail, and the rains they were lighter in some places than here. The rain which fell Tuesday is said by old settlers to have been the heaviest in eight years. It put out lots of stack rafter and put a season in the ground that will enable farmers to prepare for spring planting.

### Names and Location of Many of The Principal Colleges in the United States as Compiled by Worlds Almanac

An interesting list of American colleges and universities is contained in the 1922 edition of the World's almanac. It shows the name of each institution, its location and year of organization, the number of students attending and the number of teachers.

Oldest of all included in the list is Harvard university, established in 1636, which now has 7,445 students enrolled and employs 891 teachers. Yale university dates back to 1701, has an enrollment of 3,820 and 587 teachers. The University of Pennsylvania was established in 1740, now has 11,182 students enrolled and has 964 teachers. Princeton university was established in 1746, has 1,967 students and employs 213 teachers. Bowdoin col-

lege, at Brunswick, Maine, was established in 1794, now has 403 students and employs thirty teachers. And so it goes; a large number of colleges were established in the eighteenth century, many others came into existence in the nineteenth century and a few had their origin since the twentieth century dawned.

Largest of all the colleges is Columbia university, established in 1754, which has a present enrollment of 25,734 students and employs 1,506 teachers. The College of the City of New York is second in size. This college was established in 1847, has an enrollment of 12,643 and employs 325 teachers. Its president is Dr. S. E. Mezes, once president of the University of

Texas. The University of Chicago, established in 1891; ranks fourth in size, having 11,465 enrolled students and employing 377 teachers. It is noticeable that only about one-third as many teachers are employed in the College of New York and the University of Chicago as in the University of Pennsylvania, which ranks fifth in size and is only slightly smaller than the other two.

Nearly all of the states have state universities. The University of Michigan, established in 1837, now has 10,628 students enrolled and employs 633 teachers. The University of Wisconsin, established in 1849, has 10,370 students enrolled and employs 991 teachers. The University of Washington, at Seattle, was established in 1861, has 7,615 students enrolled and employs 249 teachers. Tulane university at New Orleans, established in 1834, has 3,000 students and employs 350 teachers. Rice university at Houston, established in 1912, has 736 students and employs fifty-five teachers. The Southern Methodist university, established in 1925, has 1,328 students and employs eighty-nine teachers. The University of Texas, established in 1882, has 4,070 students enrolled and employs 252 teachers.

There appears to be no certain rule as to the number of teachers employed in proportion to the enrollment. Highland college, at Highland, Kan., established in 1857, has eight students and employs four teachers. This is the largest number of teachers employed in proportion to the student enrollment of all the universities and colleges in the United States, although Hillsdale college, at Hillsdale, Mich., is not far behind. Established in 1844, this college now has an enrollment of seventy-five students and employs twenty-four teachers.

The University of California, established in 1868, third in size of all the universities in the United States, has 12,370 students enrolled and employs 1,127 teachers, many more in proportion than does Columbia university.

In the American universities, colleges and professional schools there were 223,841 male students and 151,518 female students in the 1917-18 school year. Higher education is more sought after than ever, and with such an array of young people obtaining the best education possible, the United States is certain to continue her march of progress.

Citation By Publication THE STATE OF TEXAS To the Sheriff or any Constable of Hockley County, Greeting: You Are Hereby Commanded to Summon the Unknown Heirs of E. Poe Harris, deceased, their heirs and legal representatives; the Unknown Heirs of J. C. McCarty, deceased, their heirs and legal representatives; the Unknown Heirs of J. M. ## ATTENTION

If you are a member of Lubbock Mutual Aid No. 1 or No. 2 and have not paid your last two calls, you will stand suspended after the 14th.

We have mailed cards as usual, but several have not paid, and others want to join and your place will be filled if not paid soon. Your INSURANCE is IMPORTANT and the cost too small to be considered.

JOIN No. 3—

During the past week 114 joined, and 91 the previous week, present membership is 515, and expect to fill this circle in sixty days and start No. 4.

Our aim is to get up five clubs so any one can carry as much as \$5000 MUTUAL AID INSURANCE, as one complaint against it is: you can't get much of it.

Our No. 1 and No. 2 each have 1200 well pleased members, and we are doing a great local good and we hope everyone in 50 miles of Lubbock will join us.

Membership fee is \$5.00 with annual dues of \$2.00 after becoming a member, no other expenses except death calls of \$1.00 each. Average cost for six years slightly over \$5.00 a year. Age limit 15 to 55 years.

#### RAILROAD LIABLE FOR INJURY TO CATTLE

Austin, April 7.—A railroad company in Texas is liable for injury to cattle in transit over its road regardless of the condition in which the cattle are shipped, the supreme court has held in approving an opinion by Judge N. Gallagher of the commission of appeals. The cattle must be in good physical condition at the time of loading. However, rough handling, wrecks or poor handling of the cattle by the road makes it liable to their owner, it was held.

#### PREVENTATIVE MEDICINE

The tendency of medical science is toward preventative measures. It is easier and better to prevent than to cure. Pneumonia, one of the most dangerous diseases that medical men have to contend with, often follows a cold or attack of the grip. The cold prepares the system for the reception and development of the pneumonia germ. The longer the cold hangs on, the greater the danger. Take Chamberlain's Cough Remedy as soon as the first indication of a cold appears so as to get rid of it with the least possible delay. It is folly to risk an attack of pneumonia when this remedy may be obtained for a trifle.

Lubbock Auto Co. reports the following sales for the week: G. C. Powell, Slaton, Fordson Tractor; Herbert Lowrey, City, Coupe. We are advised by the management that Mr. Lowrey is to be considered a very lucky man in that he got the first Ford Coupe of the new model. Many improvements have been made in this model, and it is by far the best of its kind both for looks and convenience.

L. T. Martin, Secretary of the Chamber of Commerce, left yesterday for Amarillo to attend a meeting of the Panhandle Plains Commercial Executives to be held there.

## Why Not Build Now?

The price of building material is in line with the price of the commodities you sell. If you are a farmer see how the price of a two hundred pound hog will compare in purchasing lumber with a two hundred pound hog in 1918, when the prices of everything was up. Don't contemplate Building—Just Build!—Never before was the time better for the builder, our fine materials priced within reach of all, makes building costs mighty low, and really for fine building and economical building, our materials cannot be beaten.—Figure with us.

## SOUR STOMACH INDIGESTION

Theford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficacy of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver.

"I have known and used it for years, had can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Theford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's.

## Program Interscholastic League District Meet to Be Held at Canyon, Texas, On April 21st and 22nd

Judging from reports made by Normal instructors who have been helping in the County meets over the Panhandle and judging from the records made in many of the County meets, the District meet in Canyon, April 21-22 is expected to be the best that has ever been staged in the Panhandle before.

Many schools have already entered for the various events, and a large number of others are expected to enter in the next few days according to the Director General of the meet.

The following is the program for the Interscholastic League Meet, Canyon, Texas, April 21-22:

**Friday**  
A. M.—Registration and payment of fees.

**Athletic Program**  
2:00 p. m.—Volley Ball Preliminaries.  
2:00 p. m.—Tennis Preliminaries.  
3:00 p. m.—Preliminaries, 100 yards, 200 yards, 440 yard dashes, half if necessary. Jumps, if necessary on account of number entering.

**Literary Program**  
2:00 p. m.—Preliminaries for Senior Girls' Debate. (Room 205.)

3:00 p. m.—Preliminaries for Junior Girls' Debate. (Auditorium.)

3:30 p. m.—Preliminaries for Junior Boys' Debate. (Auditorium.)

2:00 p. m.—Preliminaries for Rural Junior Girls' Declamation. (Room 205.)

3:30 p. m.—Preliminaries for

Rural Junior Boys' Declamation. (Room 105.)

7:30 p. m.—Finals for Junior Girls' and Boys' Declamation; and Senior Girls' Debate. (Auditorium.)

**Saturday**  
**Athletic Program**

10:30 a. m.—Finals in Tennis.

10:30 a. m.—Finals in Volleyball.

1:30 p. m.—Finals in Track and Field Events.

7:00 p. m.—Finals for Senior Girls' and Boys', Rural Girls' and Boys' Debate; and Senior Boys' Debate. (Auditorium.)

### HARDY NEWS OF THE PAST WEEK

Sunday and we are getting what belongs to West Texas, while East Texas is getting what is coming to her.

What a contrast? I prefer the former our people have been making good use of the fine farming weather of the past week. Most everybody is through planting corn. Some are planting maize getting ready to plant king cotton.

The health of our community is not of the best. Mr. J. B. Adams has been suffering with an attack of appendicitis the past week, but is up today.

Mr. S. F. Henry had a severe spell of Asthma this week. Grandpa Lamb is rather poorly. Quite a lot of chicken pox in our community.

Mr. Pate Hardy is still in the sanitarium, though getting on very well. Mr. S. F. Henry had the misfortune to lose a fine mule a few days ago, also Mr. Jim Reynolds lost a valuable work horse.

Despite the windy weather, we had in attendance at Sunday school today 56 members. It has to be worse than a little old sandstorm to bluff our people.

Bro. McEen filled his appointment today. Our singing class will visit the Shallowater class tonight, also county line class is expected to be there.

Mr. and Mrs. Lawrence Powell of County Line attended church at Hardy today.

Mr. W. H. Blackman and wife, Mr. C. E. Merrell and wife are visiting in Littlefield today.

Our baseball team pulled off another box party this time at Hardy; with the result of 29-10. Well boys if that isn't enough the girls will fill some more boxes. They intended to have a try-out yesterday, but the weather man interfered.

Miss Annie Merrell of Hill county, who has been keeping house for her sister-in-law, Mrs. C. E. Merrell, while the latter taught school, departed for home last Thursday. Our people regret to give you up, Miss Annie.

### LOCAL NEWS ITEMS FROM THE PLAINVIEW NEWS

The Santa Fe railroad is to park the block of land on the south side of the tracks near the passenger depot. Work is to begin at an early day. Walks, flowers, shrubbery and grass will make this a very attractive spot. The city is asked to furnish water free to the park, and we understand this will be done.

By an overwhelming majority the people of Olton have voted a \$15,000 bond issue to be used to add two new rooms to the public school building, to take care of rapidly increasing enrollment. The school now has five rooms, in charge of Supt. H. P. Webb and four teachers.

Plainview is taking rapidly to radio telephony, and already more than a half-dozen outfits have been installed. It is likely that within several weeks there will be possibly one hundred, as the outfits cost but very little.

The trustees of Snyder school district, six miles south of Plainview, have let the contract for the erection of a brick building. The contract for the building is \$2,987, and the equipment will cost \$2,000 more. Bonds were recently voted for the purpose.

### INDIGESTION AND CONSTIPATION

"Prior to using Chamberlain's Tablets, I suffered dreadfully from indigestion. Nothing I ate agreed with me and I lost flesh and ran down in health. Chamberlain's Tablets strengthened my digestion and cured me of constipation," writes Mrs. George Stroup, Solway, N. Y.

A man can't make a fool out of another man without his help.

\*\*\*\*\*  
SLATS' DIARY  
\*\*\*\*\*

Friday—Blisteres' ma had a surprise on him tonite and ast a lot of us kids and sum girls to. I went up to Jane and ast her end I have a dance with her and she Replied & sed Yes at eleven O'clock. I sed I cudden stay that late. And she sed Neither cud she. After she was saying that I refused to Dance with her a tall.

Saturday—Ma and pa was down town a shopping and buying a pear of socks and we seen a girl go by in a otto smoking a Cigaret in a lrvy holder. I sed to Pa Aint that awful for a woman to smoke Cigarets and he sed Well he thot they had as good of a Right to smoke as other People. But he didden think they wood ever lern to spit strate.

Sunday—Elsy sung a Solo at Sunday skool this morning and when we had went outside she sed to me What wood you do if you had a Voice like mine. And Jake buted in and says If I had had a voice like yourn I wood by me a wagon and a bunch of bananas. Witch was very Rude to say the lease. I should all ways tell people nice things witch wont hurt there feelings even if you half to stretch the Truth a little at Times. Mrs. Hix says, and she shud ought to no as she is with over a 1000 dollars.

Monday—I was invited over to Dud's house for supper this evening and had a nice time witch I admitted to his ma Before I left. It is pleasant to go way from home now and occasionally where if you spill gravy on the table Cloth they smile at you and say O thats all rite its dont make no difference. Instead of sleeping you and running you off to bed. Like I get done some times.

Tuesday—Pa and his Boss had sum trubbel today on the noose paper. Pa run out of Ns and in setting up about Mrs. Coolys party sed the guests all Died in the Butifly decorated home at High 12. Mrs. Cooly got Sore all so.

Wednesday—Teacher ast us all when the best time was to sleep and I got kep in for saying that The best time to sleep is in the morning when you half to get up. Pa says Lots of Divorces is caused by girls falling in love with some Guys lovly Dancing and marrying the whole man.

Thursday—Ma hollered at pa in the nite when he was snoring & told him if he wood keep his mouth shut he woodnt make so much noise. He sed that mite wirk with lots of folks.

**ITEMS OF INTEREST TO THE ALLEN BROTHERS POST, AMERICAN LEGION**

Buddy, does your Legion button mean anything to you beyond the fact that it is a button?  
Here's what a Portland, Oregon, man says about his and about the Legion: "All I had was a membership card and a button. One night my little kiddie was playing around and I asked her what the American Legion was. She replied: 'Daddy, it's a button!' I awakened to the realization that in truth all the Legion ever had been for me was a button. I started in selling the organization, made a successful job of it,

and am not out selling it to others." This lesson should be brought home to every man who is or should be a member of the American Legion. Does that emblem mean anything to you? The bronze star in the center of a field of blue means honorable service to your country in time of war; the rim of bronze means service to your country in time of peace, as a constructive citizen. At least it should carry that meaning. If it does not you have no business with it.

The wearing of the American Legion Emblem is one of the most distinctive privileges afforded to an American citizen. Not every one can wear it. Does the wearing of your Emblem mean anything to you, or do you just wear it?

**EXAMINATION OF NURSES BY STATE BOARD HERE**

The State Board of Medical Examiners will hold an examination for nurses at the Lubbock Sanitarium May 18, 19 and 20. Those wishing to take this examination may do so by sending their names to the Lubbock Sanitarium. The territory from which these nurses may come is Brownwood, Abilene, Amarillo, Clarendon, and all intermediate points. From indications there will be a large class for the State Board to examine.—By L. T. Martin.

Have your hauling done by Smead Transfer Company. All hauling done right. Phone No. 35. Can be found at Joe's Cafe. 14-1p

**WOMEN! DYE THINGS NEW IN "DIAMOND DYES"**

Each package of "Diamond Dyes" contains directions so simple any woman can dye or tint her worn, shabby dresses, skirts, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything, even if she has never dyed before. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is sure because Diamond Dyes are guaranteed not to spot, fade, streak, or run. Tell your druggist whether the material you wish to dye is linen, cotton or mixed goods.

**AND STILL THEY COME---**

to this store, because they have learned that here they can get all they want on the same order.

Fresh Vegetables, Fresh Meats and Good and New Groceries, and the cost is no greater while the convenience is worth a great deal to them all.

There is room for you to trade here—Come In.

PHONE 86 and 140

**YOU CAN NOT GET JUST ORDINARY MEAT HERE**

This market doesn't sell that kind. We personally inspect every beef that is butchered for this market, and handle only the best meats.—Our many customers know that they get their meats cut just right here—and by the way, there is an art in Meat Cutting that only expert butchers can give you the advantage of—that is why they buy all their meats at this market.

Phone three-four-Oh!

**SID CARAWAY (HIMSELF)**

**PUBLIC SPEAKING COURT HOUSE SATURDAY P. M.**

On next Saturday, April 15, at 1:30 p. m., the people of this city and community have the opportunity to hear two speakers, each well informed and men of ability, at the Court House, in the District Court room.

W. W. Eitzwater, a farmer, will speak on the subject: "The Farmer's Illness, Its Cause and Cure." While Rev. John L. Andrews, Editor of Church News, the oldest and most widely read non-sectarian paper published in the Southwest will speak on: "The Duty of the Church to the Laboring Man."

These two gentlemen are making a tour of the State discussing these subjects, and every man and woman who can do so should hear them.

These addresses are entirely free, there is neither an entrance fee nor a free-will offering.

These men are traveling on schedule and they will begin and close promptly, as they will be compelled to reach the next city on schedule time. Therefore, you can come with the full assurance that, rain or shine, they will deliver their message and go on their way to Slaton where they speak at 7:30 p. m.

**CHIROPRACTIC GETS YOU WELL**

"Will Chiropractic get me well and 'how long will it take?" These are questions that are being asked us daily.

Although Chiropractic is not a "cure-all," it has proved to be successful in about 90 per cent of the various kinds of sickness. In my hands it has restored to health chronic cases that were considered hopeless. It has relieved acute cases that were given up to die. Plainly then, no one may define the limits of Chiropractic and say there is no help for you. However, any disease may progress so far and the destruction of vital parts be so great that the Chiropractor and nature cannot rebuild tissue to normal. In such cases I always tell the patient the truth. I tell him that I may not be able to restore him to complete health, but I may be able to relieve his suffering and prolong his life.

Can Chiropractic get YOU well and how long will it take? Only an examination and complete analysis of your spine will enable me to answer those questions. My honest opinion is yours if you will give me a chance to analyze your case. This service is free at my office in the Burrus Bldg. I have a competent lady assistant. Phone 540

M. T. COUNCIL, D. C. PH. C.

Glenn Howard, well known local man, who is at present employed by the Conner-Mathes Battery Co., of Plainview, spent the week end in the city visiting with his parents and many friends.

Have your hauling done by Smead Transfer Company. All hauling done right. Phone No. 35. Can be found at Joe's Cafe. 14-1p

**NOTICE VOTERS**

Be sure to bring your Poll Tax receipt or exemption to the Polls Saturday.  
It is more convenient for all concerned, and will be a great help in carrying on the election properly. If your receipt is missing there will be an oath to sign, but we will have to be very strict about this matter.

**ELECTION FOREMAN**

A. V. McCarty and H. L. Mote, progressive farmers and stockmen of the Woodrow community were business visitors in Lubbock the early part of the week. They are very enthusiastic over the future outlook and stated the rainfall had been about one and one-half inches and the farmers were busy engaged in preparing their land.

Have you joined Lubbock Mutual Aid No. 37 14-4

**LIVE STOCK ACTIVITIES**

Ewing Halsell, owner of the "Mashed-O-Ranch," has returned to his home in Kansas City after a business visit at the ranch. He states that the cattle on the ranch are not in the best condition and that two hundred cows have been lost this spring. This is a small percentage of loss, however, for such a large ranch. Mr. Halsell says that if cold showers had fallen this spring as they did a few years ago that the cattle losses would have been enormous.  
The reports from New Mexico are that cattle are in good condition and that the price is better. There is the usual strong spring demand for good calves and the cattlemen of New Mexico are very encouraged. Sheep men are feeling good over the good lamb crops and the upward trend of the price for lambs and ewes.—Plainview Herald.

Guess the next men to break into the millionaire class will be those manufacturing radio sets.—Des Moines Register.
