

## Some Interesting Figures Made From A Recent Report By the Geographical Survey in the U. S. Departments

### Natural-Gas Gasoline Produced in The United States

The output of natural-gas gasoline in 1921 increased 23 per cent over that in 1920, but the market for natural-gas gasoline was rather unstable because of the depression

**To Stop a Cough Quick**  
take HAYES' HEALING HONEY, a cough medicine which stops the cough by soothing the inflamed and irritated tissues.  
A box of GROVES' O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.  
The healing effect of Hayes' Healing Honey in the throat combined with the healing effect of Groves' O-Pen-Trate Salve through the pores of the skin soon stops a cough.  
Both remedies are packed in one carton and the cost of the combined treatment is 35c.  
Just ask your druggist for HAYES' HEALING HONEY.

in the petroleum industry, according to a preliminary statement by E. G. Sievers, of the United States Geological Survey, Department of the Interior. The statement is based on incomplete returns from the producers and is subject to revision. Seventy-five per cent of the output was recovered at compression plants and the remainder at absorption plants. The average daily production was 1,297,000 gallons, as compared with 1,054,093 gallons in 1920. The average production per plant in 1921 was 408,000 gallons, compared with 333,400 gallons in 1920. A decrease in the value of natural-gas gasoline was naturally produced by the breaking of the market due to the depression in the petroleum industry. The total value in 1921 was about \$6,000,000 less than in 1920. The prices received by the producers declined to 8 cents a gallon, and the average price as computed from the total output in 1921 was 5 cents less than in 1920. Although the output was greater—5

per cent less gas was treated, so that the plants showed increased efficiency in 1921. The average yield of gasoline per thousand cubic feet of gas was 0.2 of a gallon greater in 1921 than in 1920.

Texas has become an active field for the natural-gas gasoline industry, with an output in 1921 that was 172 per cent greater than in 1920, and occupied second place in the list of producing States. California also increased its production, but West Virginia, which was second in rank, showed a decrease and occupied fourth place.

**Production of Alumina Chemicals**  
Alumina chemicals made from bauxite and other clay to the amount of 184,820 short tons, valued at \$7,546,000, were marketed in the United States in 1921, according to J. M. Hill of the United States Geological Survey, Department of the Interior. These chemicals were made from 64,380 tons of bauxite and 9,880 tons of high-alumina clay, having a total value at the chemical works of \$1,028,800.

Six companies report sales of 6,280 short tons of ammonia alum at prices per ton ranging from \$62 to \$82 and averaging \$69. Only one company made potash alum from bauxite and two made and sold sodium alum.

Most of the alumina made is used in preparing other alumina chemicals, particularly iron-free aluminum sulphate.

Aluminum chloride was made at 5 plants, from which 5,646 short tons were sold at an average price of \$98 a ton, though the prices reported ranged from \$64 to \$442 a ton.

Commercial aluminum sulphate was made at 19 industrial plants and 5 municipal waterworks in 1921. The sales amounted to 154,920 short tons, at prices per ton ranging from \$30 to \$52 and averaging \$36. Municipal water-purification plants made 3,060 short tons of "Hoover" alumina sulphate, at an average cost of \$17 a ton. High alumina clays are now being used as the crude material for making this chemical. Iron-free aluminum sulphate was made at 6 plants in 1921, and the total sales amounted to 11,000 short tons at an average price of \$54 a ton.

**Production of Bauxite**  
The production of bauxite in the United States in 1921 was 119,550 long tons, valued at \$889,800, according to figures collected by J. M. Hill, of the United States Geological Survey, Department of the Interior. This is not much more than one-fourth of the production in 1920. The great decrease is due to lack of demand from all consuming industries, as shown in the second table below. The production from the Arkansas field was only 124,850 tons in 1921, and this field has produced as much as 570,000 tons in a year. The Eastern States produced only 14,700 tons, as compared with a maximum production of 62,100 tons. Georgia produced 10,174 tons, and Alabama and Tennessee each contributed a small tonnage to the Eastern States total.

**Production of Fuller's Earth**  
The output of fuller's earth in the United States in 1921 was 105,009 short tons, valued at \$1,973,848, according to the United States Geological Survey, Department of the Interior. The quantity decreased 15 per cent and the value 21 per cent as compared with 1920. In 1921 the average value per ton at the mine was \$18.69; in 1920 it was \$19.51. Fuller's earth is found in many States, but in 1921 it was mined only in Alabama, Arkansas, Florida, Georgia, Massachusetts, and Texas. Florida has been the leading State in production ever since the industry was established in this country, in 1895, and in 1921 it made 54 per cent of the total output. Georgia and Texas were second and third, respectively, in output and value.

The imports of fuller's earth in 1921 were 9,744 short tons, valued at \$119,415, a decrease of 49 per cent in quantity and 46 per cent in value as compared with 1920, and the lowest quantity since 1900, and only a little more than a third of the maximum, which is credited to 1914. The average value per ton of imported earth at the principal markets of the country from which it was exported was \$12.26 in 1921 as compared with \$71.54 in 1920.

**Production of Aluminum**  
The value of the aluminum produced in the United States in 1921 was \$10,906,000, as compared with \$41,375,000 in 1920, according to the United States Geological Survey, Department of the Interior. This great decrease was due not only to a decrease in the price of the metal but to the large curtailment of its use in the automotive industries. The price quoted was steady at 28 cents a pound from January until the middle of July, when it was cut to 24.5 and to 25 cents, remaining so until the first of December, when it was cut to 20 cents. Imported aluminum could be bought throughout the year at 2 to 3 cents below the prices quoted for domestic metal of the same grade.

The imports of semi-manufactured aluminum in 1921 were 32,665,300 pounds, as compared with 39,298,650 pounds in 1920. The exports of aluminum in 1921 were 2,196,100 pounds, as compared with 9,467,650 pounds in 1920.

### DR. R. B. HUTCHINSON MOVING DENTAL OFFICES

Dr. R. B. Hutchinson will move into his new office in the Bush Building, Corner Broadway and Avenue J, one half block west of his present location, and will be in his new location by July 1, and his offices will be furnished with the most modern equipment.

Mr. and Mrs. F. T. Dysart have as their guest this week, their son and wife and little daughter, Mr. and Mrs. Marion Dysart, of Jersey City, New Jersey, and Mrs. Lorena Howard, a daughter, from Amarillo.

### \$365 IN PRIZES FOR BEST RHYMES

A new contest is just being started which will interest everyone who reads this paper. Anyone can enter this Contest—anyone can win! All it is necessary to do is to write a 4-line rhyme on Dr. Price's Phosphate Baking Powder, using only the words which appear on the label of the Dr. Price can (front and back). Isn't that easy? Everyone likes to make rhymes and here is a chance to spend a fascinating hour or two writing rhymes on this popular Baking Powder and perhaps winning a substantial prize for your efforts.

**27 CASH PRIZES**  
For the rhyme selected as best a prize of \$100 will be given; for the second, third and fourth best rhymes prizes of \$75, \$50, and \$25, respectively will be given. And besides these prizes there will be 23 prizes of \$5 each for the next 23 best rhymes. With such a long list of prizes as these it would be a pity not to try your hand.

Here's a fine rhyme example:  
Biscuits, muffins, pie or cake,  
With Dr. Price's Powder bake.  
The Price's Co., guarantee  
No alum in the cans to be.

As Dr. Price's Phosphate Baking Powder sells for only 25 cents a 12 oz. can, some rhymes could play up the great economy of this pure and wholesome baking powder.  
All rhymes must be received by July 1, 1922. Only words appearing on the label of the Dr. Price can (front and back) may be used. These words may be used as often as desired, but no other words will be allowed. If you haven't a can of Dr. Price's, you can see one from almost any grocer. It is not a requirement that you purchase a can in order to be eligible in this Contest.

Anyone may enter the Contest, but only one rhyme from each person will be considered. In case of ties, the full amount of the prize will be given to each tying contestant. Write plainly on only one side of a sheet of paper and be sure to give your name and address. Send your rhyme before July 1st to Baking Powder Factory, 1005 Independence Blvd., Chicago, Ill. 27-3t

### 1,000,000 HEAD OF CATTLE NOW IN ARIZONA

Phoenix, Ariz., May 24.—There were 1,000,000 head of cattle on the ranges of Arizona, January 1, last, according to a comprehensive cattle report compiled by the bureau of markets and crop estimates of the United States department of agriculture co-operating with the Arizona Cattle Growers' association, the Arizona livestock sanitary board and the Arizona Industrial congress made public for the first time Tuesday.

More than half the total number or 550,000 were cows and heifers two years old and over; 210,000 were calves under one year of age; 107,000 were heifers one year old and under two years; 105,000 were steers one year old and over and 28,000 were bulls one year and over. The report shows that the average value per head of Arizona cattle is less this year than during any other year since 1912.

### NOTICE

Notice is hereby given that the Annual Meeting of the Stockholders of the South Plains and Santa Fe Railway, will be held at the General Offices of said Company in Lubbock, Texas, on Wednesday, June 7, 1922, at the hour of 10:00 a. m., for the purpose of selecting a Board of Directors for the ensuing year and for such other business as may come before the meeting.

The Annual Meeting of the Directors of said Company will be held on the same date and place, immediately after the meeting of the Stockholders.  
W. S. Posey, Secretary, 19-10

### FORMER MARSHAL IS FOUND DEAD

Wellington, May 25.—Dick Moore, former city marshal of Wellington was found dead Wednesday afternoon at a strawstack one mile south of town.  
His throat had been cut.

Nothing in the world is either nobler or rarer than a truly devoted friendship.

### WITH LUBBOCK BUSINESS MEN

That there is still good circulation of Fords is shown from a report of the Lubbock Auto Company, to an Avalanche reporter last week. They received a carload of new cars Tuesday, and also a car 'he week before, and were still behind with orders.  
The following sales were reported Tuesday of last week: Martin's Bakery, Lubbock, Chassis; Fred Snyder, Lubbock, Roadster; Lester Sparks, Lubbock, Touring car; Dr. R. J. Hall, Lubbock, Coupe.

Gilbert Jackson, Jr., son of Gib. Jackson, of the Long-Bell Lumber Company, arrived Wednesday of last week from Clarendon College, on his first visit to Lubbock, the Jackson family having moved here recently, and the young man was in college at that time. His sister, Miss Mallie, came with him, and the young people will add greatly to the social life of Lubbock among the younger set.

Rufus Bundy, well known young man of Lubbock, is now in the Lubbock Business College taking a course of general business training. Young Bundy is an apt student and will no doubt complete the courses in much less time than is required for the average person.

### 189 SOFT DRINK STANDS FOUND SELLING "DOPE"

Austin, May 27.—Texas Federal Prohibition Director David H. Morris announced recently that on a tour of inspection he found 189 soft drink stands in Texas selling "dope" of some kind, either wine, brandy, absinthe, rum or beer, in some state of fermentation. He plans to institute a statewide campaign to close up such places.

**WEAK, NERVOUS,  
ALL RUN-DOWN**

**Missouri Lady Suffered Until She  
Tried Cardui.—Says "Result  
Was Surprising."—Got Along  
Fine, Became Normal  
and Healthy.**

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. B. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui... that I was improving. The result was surprising. I felt like a different person."  
"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me... My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."  
Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments.  
For sale everywhere. R. 22

song-leader now, and the program was opened by the singing of two well-known songs, "America," and "What's The Matter With Rotary?"  
Mr. Marrs, mayor of Amarillo, spoke to the club as follows:  
"Mr. President, Rotarians, Ladies and Gentlemen:  
"I got into Lubbock about thirty minutes ago, and thought I would have a little rest before my noon meal, but Griff asked me to take dinner with him and I very cheerfully agreed to do so. I did not know, however, that he expected me to appear before such an array of men as you. I am very glad to have the opportunity of being with you today."  
"I came to this country about thirty years ago when you could drive almost from Amarillo to Lubbock without passing through more than one gate. At that time you could hardly get hotel accommodations in this town, but you could get the hospitality of the people here which was worth a great deal more. I was here some two or three years ago and saw the wonderful growth your town has made since those early days. I was glad to see it, but was sorry to find so many of the old-timers had gone away. You have a splendid country here, and it is even better than you think."  
"I moved to Amarillo in 1890, and we lived "rugged and rough" in those early days. It was hard to do anything. Our growth came for two years, and every man knew that a drought that will hurt the cattle business is detrimental to every other business. The good times that come after those bad years make up for them, and a man can re-establish himself in the business world in this country quicker than any other place I know of. He can go broke, and almost make it up in two or three years. There is no other country in the world to equal it. Our climate, soil, and good water all over the Panhandle are excellent by no country. We have the best country in the United States. If the boll-weevil, the drought, and the floods of destruction that have swept over East and South Texas the past few months continue for the next two or three years, you will have an over flow of population from that section coming here to raise cotton and grain. They are in a bad condition there."

For months they had no rain at all, and now they are drowned out. What cotton they may succeed in raising they will expect to be taken by the boll-weevil. You have not been bothered with it here, and probably never will be; and if conditions continue to exist in South Texas in the next five years as they have in the past five years, the Panhandle will be filled up with South Texas people.  
"No country has grown as this country has grown in the past twenty years. You have good homes all over this country, and I hope to see Lubbock continue to grow. But what ever you do, remember that the quality of your citizenship counts just as much as it does anywhere. The easiest and quickest way to dispose of undesirable citizens is the best way."  
"I thank you for the pleasure of being here, and feel honored in being your guest today."  
Mr. W. G. Winters of Dallas, George Smith of Levelland, Ross Edwards of this city, W. A. Biggs of Dallas, and G. G. Taylor of Amarillo, all made short complimentary talks, expressing their pleasure in being the guests of the Club for the day.  
W. W. Rix of Big Spring, spoke as follows:  
"I have indeed enjoyed your hospitality today, and in this little talk I want to say that this is one of the best spreads I have ever partaken of. I am very glad to be here, and appreciate Lubbock in every point of its wonderful and famous "Hub." About four years ago I thought a great deal of coming to Lubbock, but it has never been so that we could come."  
All I have to say is: "Keep it up, Boys, the world is yours."  
The club sang another song, "Old Black Joe," after which the meeting adjourned.  
The guests for the day were as follows:  
R. B. Hutchinson, guest of J. T. Hutchinson; W. O. Stevens, guest of Chris Harwell; Lou. A. Marrs, mayor of Amarillo, guest of C. L. Griffin; W. G. Winters of Dallas, guest of H. D. Phillips; George Smith of Levelland, guest of Neil H. Wright; Ross A. Edwards, guest of Neil Wright; G. G. Taylor, guest of S. E. Cole; W. W. Rix and Brint Metton, guests of Jed Rix; C. M. Phillips, and W. A. Biggs, guests of H. D. Phillips; Rankin Dow, guest of J. L. Dow; J. S. Johnson, guest of J. O. Jones; Miss Lone Braudt, guest of L. T. Martin; Ralph Carpenter, guest of E. L. Robertson.

est Lee, J. T. Tom, W. T. Ross, W. A. Zimmerman, M. A. Welch, J. I. Christian, O. B. Trinkel, and O. W. Curry.  
Mr. Gelin donated the plans, and I do not think he made a cent on the contract. Just a bunch of loyal mechanics who co-operated to get an Auditorium for Lubbock, and it Didn't Fall Down Either!  
**SWAT THE ROOSTER AND PRODUCE INFERTILE EGGS**  
With the coming of summer months our poultry raisers should turn their attention to the production of infertile eggs. It is now getting too late to hatch chickens and all mail birds should be taken off the yard. Fertile eggs cause a loss of several millions of dollars annually to the farmers of Texas. Some people have the mistaken idea that it is necessary to keep roosters with hens for them to lay, but this is not the case. In fact it has been proven by experiment that hens will lay 30 per cent more eggs without roosters than with them. Roosters should be removed from the hens by May 15, as it requires from two to three weeks for the eggs to become infertile after the roosters are removed.  
Infertile eggs keep much longer than fertile eggs, and hence bring a better price on the market. Fertile eggs under normal summer temperatures are rendered unfit for food in three to five days time. For that reason they are unfit for the market, and infertile eggs in quantity will bring from 3 cents to 10 cents more per dozen than fertile eggs.  
A movement has been started in this county to produce infertile eggs and to market them cooperatively in order to secure the advantage of a better market for such eggs. If everyone in the county who is producing a surplus of eggs will produce infertile eggs after the hatching season is over and turn their eggs through one channel, a saving of many thousands of dollars will be effected every year, and our local dealers will be more than glad to pay a premium for good eggs, once they know will "stand up" and not be a loss to them.  
"Swat the rooster. Produce infertile eggs."  
**SELLING PERCENTAGE OF GRAIN SORGHUMS**  
J. W. Jennings, County Agent  
The shelling percentage of grain sorghums has been determined by R. E. Karper, Superintendent of the Lubbock Experiment Station through tests running through a number of years. This information is especially valuable to those dealers buying head grain to be threshed and sold in that form. It is also valuable to the producer as he can determine the price of heads in comparison to threshed grain. This information has been published in Bulletin 294, Texas Agricultural Experiment Station, and can be secured from the writer or from Mr. Karper.  
These tests cover a period of six years and furnish very accurate information. The following table gives the shelling percentage of our most common grains:  

Class	Pct.	Rank	Ton	Hds.
Peterrita	75.23	1	1504.	
White Milo	73.95	2	1490.	
Blackhut Kafir	73.13	3	1462.	
Red Kafir	72.68	4	1453.	
Yellow Milo	69.96	5	1419.	
Pink Kafir	69.53	6	1390.	

The shelling percentage is not much affected by different rates of seeding as shown by the following table. The yearly variations are of much more consequence:  
Yearly variations milo 7.29 Pct.  
Yearly variations kafir 4.14 Pct.  
Seasonal spacings milo 2.15 Pct.  
Seasonal spacings kafir 1.45 Pct.  
It will be seen from the above tables that kafir is much more constant under varying conditions than is milo and has a higher shelling percentage. The improved strains in all classes show a higher shelling percentage than the old unimproved strains.  
Even if we saw a monster like the Plesiosaurus, we'd be afraid to say so for fear of arousing suspicions.  
—Brooklyn Eagle.

**WHAT IF COTTON BRINGS 8c?**

It pays to play "safety first!" No one should know this better than the farmers. That is one reason why every farm should have its cows, chickens and hogs, part of its acreage to cotton, corn and feeds.

Prospects are very flattering now. Farmers of our section have many reasons for being jubilant, yet this year's crop has not yet been sold and we are sincere, while not pessimistic, in our belief that this crop should be made at the least possible cost, thus giving a protection, whether needed or not that will prove a blessing even with our most promising outlook for good prices.

This bank is a great believer in safety. That is a reason why here you find practically all the protective features employed for giving our customers the best service obtainable in banking.

**WORDS FROM FRIENDS OF CHARLES W. COBBLEDICK**

Who passed from earth early Friday morning, May 26th.  
With profoundest sympathy for the bereaved wife and relatives of the deceased, his neighbors and friends wish to say, that Mr. Cobbledick, whose demise came about sunrise of this the 26th day of May, 1922. As a neighbor, he was kind and generous, almost to a fault, sacrificing even his own interest to oblige others.  
As a friend he was unflinching and dependable to the last. As a citizen he commanded the confidence and respect of all.  
He was the very embodiment of honest, truth and veracity.  
We loved him sincerely, and feel a deep sense of loss at his departure. We will cherish his memory, and entertain a hope of a happy reunion some sweeter and brighter day. May heaven's richest blessings follow and comfort the heart-broken companion in her lonely hour. Grace and peace be upon the bereaved relatives.  
D. C. Ross and others.

**MOTHER**

Clean Baby's Bowels with "California Fig Syrup"

Hurry Mother! If baby has colic, diarrhoea, food souring, feverish breath, coated tongue; is restless and can't sleep because of clogged bowels, give a half-teaspoonful of California Fig Syrup. It moves the wind and gas and all the souring food, bile and poison right out of the tender little bowels without cramping or overacting and baby usually gets peaceful relief. Contains no narcotics or soothing drugs. Millions of mothers depend upon California Fig Syrup to keep baby's bowels clean, sweet, and regular. Ask your druggist for genuine "California Fig Syrup" which has full directions for infants in arms and children of all ages plainly printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

**HOW A NOTED VET. GETS RID OF RATS—FARMERS' HEED**

Dr. H. H. Butler says, "I use RAT-SNAP around my hospitals every three months, whether I see rats or not. It does the work—RAT-SNAP gets them every time. I recommend it to everybody having rats." Don't sit until there is a brood of rats, act immediately you see the first one. Three sizes, 56c, 65c, \$1.24. Sold and guaranteed by Cole-Myrick Hdw. Co. and City Drug Store.

**BILL STEVENS JR. RETURNED FROM MILITARY COLLEGE**

Bill Stevens, Jr., son of W. O. Stevens, of the Citizen's National Bank, arrived in Lubbock last week from Terrell, where he has been attending the Terrell Military College.  
This is the first trip the young banker has made to Lubbock, but according to his father he has been keeping up with our "Hubbers" and other town happenings, and greeted the closing of the term in college with enthusiasm, as he was anxious to be at home in Lubbock.  
The Kiwanians have found Bill

**STATE RAILROAD IS NOW IN GOOD CONDITION**

Austin, Texas, May 24.—Lieutenant Governor Lynch Davidson, chairman of the Board of Managers of the State Railroad, was here today following an inspection of the property which has been relaid with eighty-pound steel and is now operated by the Southern Pacific under lease.  
Mr. Davidson says the roadbed is in fine condition, that the heavy mogul locomotives operate over it and that the trains have made as high as fifty miles an hour. He also declared that the company is doing a fine business with a 100 per cent increase for May over April and that next month it will handle 150 cars of tomatoes originating on its route. The passenger business is also reported satisfactory.

**AGED TEMPLE COUPLE BURNED TO DEATH WED.**

Temple, Texas, May 24.—Mr. and Mrs. A. E. McFarland, each aged about 80 years, were burned to death, and John Clippenger, their nephew, 50, perhaps fatally burned in a fire which destroyed the McFarland home nine miles south of Temple at five o'clock this morning. Clippenger is in a local hospital where little hope is entertained for his recovery. Origin of the fire has not been determined.  
The McFarlands, pioneers of Bell County, lost three children four years ago in a grade crossing accident at Little River, near the family home. So far as known the aged couple and Clippenger were the only persons in the house at the time of today's fire.

**BUILDING OF THE AUDITORIUM**

By L. T. Martin  
Of course the Building and Finance Committees are entitled to a great deal of credit for making it possible for Lubbock to have an auditorium, but this article is written to especially thank the carpenters, local union for their co-operation. This co-operation goes to show that the mechanics and laboring classes have the interest of Lubbock at heart.  
Our Chautauqua is over. The building was ready in time for the opening. The credit is due to Mr. Gelin and the Carpenters Local Lodge No. 1884, which came to our rescue. They first donated \$10.00 out of their treasury. Then they gave special permit to run the job open shop. But that was not enough so they gave \$200.00 more, rolled up their sleeves, and said, "Tell your Redpath-Horner Chautauqua to come on, and leave the tent at home. We will have the building ready on May 25th."  
Many predicted it just could not be done. The first work was started May 9, and on May 25, these men had it finished for the opening number of the Chautauqua—a building large enough to seat 2,500 people.  
That a grand and glorious feeling it is to know that not only the business men, but the laboring classes as well, are co-operating to make a better Lubbock! Three cheers for the Local Carpenters Union No. 1884!  
Following are the names of carpenters who put in the good licks working on the Auditorium:  
Jno. G. Gelin, W. F. Smith, Earn-

Entered at the Postoffice at Lubbock, Texas for transmission thru the mails as second class matter. Subscription price Per Year \$2.00

THINGS TO REMEMBER

Advertisers, contributors and all parties interested in the Avalanche please remember these things: We print the Tuesday Avalanche on Monday, press hour, 8:30 p. m. Friday Avalanche on Thursday, press hour 3:30 p. m. Please have copy for local notices in not later than noon Mondays and Thursdays. Ad changes and copy should not be later than 8:00 a. m. Mondays and Thursdays. It takes a schedule like this to get your ads in the paper in good shape, and help us give our readers better service, which means that the paper will be of better service to you, which we earnestly desire it to be. We do not want to be exacting but we must demand some things of you, if you expect us to come up to the notch.

The people of Texas are going to have to get out of that old rut, in matters of education if they expect to cope with the big educational institutions of the north and east. The people of Texas are boosters of the free school system they have, but it is falling down on what it was intended to do, and there is going to have to be more money spent in building up the schools of this State if our children get what they deserve without having to be sent a thousand miles away from home to get it. There is enough money spent in the schools of the East and North to maintain a mighty good school in Texas, and even take our own little city. How much money do you suppose is spent by people of Lubbock in sending their children off to school? If Lubbock people would spend as much money on the children as they do on their fine horses, hogs, cattle and automobiles, we could have a splendid educational institution here aside from the free schools of the city and county.

The diversified farming sections of the State has it on the one-crop folks in many ways, and that is the reason that the South Plains section of the State is so much better than any other section. If one crop fails there is something else to fall back on. If the wheat crop flunks, there is still many other things that will take its place, and make just as much money for the farmer. If the cotton fails there are still other crops that make good. We do not have to wait a year for the crop season to come around again to get busy, and to make money off the farms. The right time is always at hand for some crop in the South Plains, and then there is the chickens and hogs, and the dairy cows, the mules and turkeys, and all are good money makers for the farmers. Let's give the people of the flooded East and the Boll-weevil eaten South a chance to get a home and a place to make an honest living.

There is certainly a demand for more cement sidewalks, and more paving. We are sure that several more streets will be paved by the citizens and property owners, if the city can take care of their part on the deal. Broadway, 11th and 13th Streets should be paved for several blocks west and a number of Avenues. The paving may be beyond our reach just now, but the cement walks should not be. Let's boost those walks along. Several miles should be built this summer. We need it to help that City Free Delivery. We should have this free mail service, because of the very crowded conditions of the postoffice, and then Lubbock is in the free delivery class anyway. In fact she has been in that class for a long time, but Uncle Sam simply works awfully slow when the money is going out, but he speeds up when it is coming his way.

We wouldn't have thought it. We got \$25.00 more on the Armory Fund since Tuesday. That's going some. We only lack \$1,035. We are figuring on getting this by next Tuesday's issue. Come on fellows. Kick in. It will only take about a hundred more at ten dollars a piece to put us over the top.

We are certainly glad to know that Lubbock county is going to have a Home Demonstration Agent. This will give the girls of the county a wonderful opportunity to do some fine work again in their clubs. We believe the most wonderful progress was made by Lubbock county girls ever known anywhere while the county had a demonstrator, and looks like a shame to us that this office was ever discontinued. Lubbock county club girls, we venture will make some records during the next year that will be hard to smash.

The Republicans are having a hard time. They do not seem to be able to make up their minds on this bonus bill. They are afraid of the ex-soldiers and they are afraid of the tax payers. Between the two the big Elephant is frightened almost to death. It is going to be a hard job for them to explain away, a lot of things in regard to taxes, and the high cost of living, that they promised to correct if the dear people would put them in the harness. We sympathize with them, but it will be easy to put a dyed-in-the-wool Democrat in next time for President and Congress will be sprinkled with many more Democrats the next two years than now. People are just as badly dissatisfied with the Republicans now as they thought they were with the Democrats before the last Presidential election.

Since mentioning that railroad west from Lubbock in our last issue, a number of people have expressed themselves as believing that it is a much needed thing, and we believe that our people should get behind a proposition of this kind and build a line out west. Tap the New Mexico section, and it will mean a great deal to Lubbock as well as develop a splendid scope of country—a country that will produce as good crops as any part of the State and it will furnish fine, rich farms and comfortable homes for thousands of people who have no place to call home. What this Plains country needs now is more 160 acre farms with good practical farmers on them.

Swat the flies. The best way to swat them is to prevent them coming into existence. You can do that by keeping the premises clean. Do not throw the scraps from the table in the back yard or the alley. This is one of the worst kind of offense that you can commit against your neighbor, and you should have more respect for your neighbor than that. Keep the premises clean, prevail upon your neighbors to do likewise, and there will be no trouble from the flies, and your family will not be subjected to the dangers, the many diseases that are common, on account of the flies.

The Court of Criminal Appeals has ruled that the State Law holding that it is unlawful for a motor vehicle to be run more than 18 miles per hour over public highways is indefinite and vague, and therefore cannot be enforced. We have often wondered why in the world laws are written in such language that they cannot be understood. It seems to us that the laws of the State should be written in such plain and simple language that any person who can read at all can understand them.

We heard of one firm that wanted to come to Lubbock, but found that people who owned the brick business houses showed a disposition to raise the rents every time they had a chance to rent a building. This will hurt our town more than most anything else and the property owners should take this into consideration when they are renting buildings to men who want to come to Lubbock to help develop the country and build up the town.

The time is not far in the future when things will have to be gotten in shape for the South Plains Fair. The people of Lubbock should get in behind this proposition and put the grounds, the buildings and everything up in good shape for the fair that will be held this fall. There is no reason why this fair should not be the biggest and best that has ever been held in this section of the country.

We wonder what has become of the Lubbock county club boys. They did some fine work for awhile, but we have not heard much of them of late. Polish up boys, and let's have some real club work. Pig Clubs, Baby Beef Clubs, Poultry Clubs and a lot of others. There is a wonderful opportunity here now. Grasp it while it is near.

The Hereford Brand has made a discovery, and announces to its readers that there was a Ku Klux Klan organizer in that town, and was soliciting membership for that organization. The Brand is very much opposed to the Ku Klux Klan. He says that Hereford does not need them, and he is opposed to the use of masks.

We would like to see five hundred new farms opened in this county this fall for next year's cropping. There will be great numbers of farmers come to this section during the remaining part of this year, and there should be every effort made to provide a place for them.

William Joseph Carson of San Angelo, for 39 years a cowboy, ranchman, banker and more recently a confectioner in West Texas, seeks to represent the new 91st district in the State Legislature at Austin, succeeding W. F. Kellis, publisher of the Sterling City News-Record, who will not be a candidate for re-election.

Ireland is still having trouble. They got home rule, but they don't seem to be able to rule the home after they got it.

WHAT OTHERS SAY AND HOW THEY SAY IT

ARE LIVING COSTS TOO HIGH?

Off-hand, most of us would probably say yes. But when Secretary Wallace tried to answer the question in a recent address before the National League of Women Voters he made the statement that "if it were possible to bring up prices of everything to about 60 percent above the pre-war level that would benefit most of our people and the nation at large." Now there is occasion for wide difference of opinion on this point, the New York Evening Post notes in discussing Mr. Wallace's remark. And, in fact, the Secretary of Agriculture readily admitted this. It seems to The Evening Post's financial editor that to bring prices up to the level advocated by Mr. Wallace would involve "a considerable amount of readjustment." In the first place average prices would be higher than they now are; for nearly a year wholesale prices have been fairly stable, at about 50 percent above the pre-war level. Again, the suggested plane of desirable prices would mean a considerable rise in prices of farm products, food and metals, and a considerable drop in the price of clothing, household goods, fuel, and building materials. One's views as to the desirability of these changes will naturally be governed largely by the degree to which they may promote or retard his own economic welfare. As a general proposition, it may be said that individuals with fixed incomes from salaries and investments will not welcome any suggestion of a higher level for average prices, while farmers and producers of metals and any others whose prices are below the general level as well as the debt or class generally, would welcome a higher level. What is really needed now is not higher prices or lower prices, but more uniform prices as between different groups, and then, after uniformity, stability.

A DISGRACEFUL INCIDENT.

The name of Representative Fordney was known in connection with a long opening tariff bill. It is now more widely known in connection with a disgraceful incident. On the floor of the House the other day Mr. Fordney called ex-President Wilson "a darned old fool," or compared him with the schoolteacher the schoolboys so described, which seems to be the same thing. At this characterization of the man who figured foremost in this country's greatest historical events members on Mr. Fordney's side of the House laughed and applauded before they stopped to think. Happily the applause was not general within the ranks of Mr. Fordney's party. Even among political partisans, when not lacking in intelligence, it is recognized that there are limits which in common decency the campaigner must observe or which he can overstep only at his own peril.

The Philadelphia Public Ledger, for instance, says there was an impression that Fordney was "respectable and decent" but "now in one day he has torn it to pieces and scattered it to the winds"—adding: "President Harding, a far better politician than Fordney, has had the tact to criticize his predecessor. If Fordney finds many imitators, the Republican vote next fall is likely to be diminished, for the number of citizens who vote their disgust instead of their joy is always large. And disgust is the only sentiment Fordney's 'lively-stable conversation,' as Mr. Connolly aptly called it, is likely to awaken. However that may be, Fordney's coarse-minded slowness has enabled his revolted fellow citizens to take this measure, and if it has any effect on ex-President Wilson, will tend to create sympathy and respect for him."

EXTREMISTS REBUKED.

It is said that Bishop Manning of New York has never been a prohibitionist and has no personal or moral objections to drinking in moderation. He does not speak as a partisan but merely as a good citizen and an ecclesiastic of high standing when, referring to the common report that the Volstead law is "widely disregarded, and especially by those whose wealth and position in the community give them greatest influence," he says: "Prohibition is now the law of our land. Those who disapprove this law have the right to do so and to work in lawful ways for its repeal. But no citizen has the right to evade or disobey this law, and no one of us can do this without grave harm to himself and to the life of our country." This timely and exact statement of the truth of the matter is an indirect and needed rebuke to the extremists on both sides—those who, in action if not in words, take the position that they are not bound to obey a law of which they disapprove, and those who denounce disapproval of the law and agitation looking toward its repeal as a sort of treason that should be punished. The first are wilful lawbreakers; the second are advocates of tyranny and despotism.

"The morale of the farmer is slowly returning. The increase in prices of grain and livestock have renewed his hope. It is true that the grain reserves on farms are relatively small and the farmer has not received the full benefit of enhanced values. The increase, however, has given him courage. With present prices for farm products, and the present prospect for crops, it would seem that the purchasing power of the farmer is in a fair way to be restored."—John S. Wood of St. Louis, national bank examiner.

The latest product of protectionism has been christened "Consumers' Tariff." It ought to be theirs; they will pay for it.—Norfolk Virginian-Pilot.

Buy Your Flour NOW! We have a new car of flour that is milled by the Diamond Milling Company of Sherman, Texas. The Diamond Mill has a reputation of making flour that is second to none in the State. We want every family in Lubbock and Lubbock County to give this flour a fair trial. Every sack is guaranteed to give satisfaction or money refunded! Leave us your orders for Dewberries and Blackberries. Don't fail to try our Home Roasted Coffee—it is better and cheaper. Martin & Wolcott The Grocers You Know. Phones 309-310

CLAUENE LOCAL NEWS OF THE PAST WEEK

As the old saying goes: "It is with great pleasure that I take my seat, my pencil in hand, to write you a few lines to let you all know that we are all—mighty busy in crops. Though there is a slight 'let up' on work for a few days until another good rain comes. Mrs. Havens and her sister, Miss Cheryl Cheney were at the store Tuesday. John Swofford and Mr. White went to Ropes Tuesday after a load of fence posts and wire and some merchandise for the store. Mr. Bob Swofford has been doing quite a bit of fencing on both his new places and the J. P. Grimes' place. Mr. and Mrs. Patterson have moved to town near the school building. Mesdames White, Palmer and Murray visited Mrs. Teague Monday afternoon. We've just learned of Miss Johnnie-Busby's getting married to a Mr. Edd Green. Now I hope no one will think him the Edd Green of the long S ranch. For he is a good way far off, fellow whom we do not know. G. W. Thorp made a trip to Brownfield Wednesday with a load of feed. He returned Thursday. Mrs. Elliott visited the school Thursday. Mesdames Palmer, King, Murray and Lillie Swofford visited Mrs. Elliott Wednesday. The community has just installed a croquet set on the school ground. It is a constant source of amusement for young and old. There is scarcely ever a time when the court is idle. Mr. John Doyle spent Saturday night at the home of Mrs. J. L. Thorp. Mrs. John Swofford and children spent Saturday night with the family of Bob Swofford. The following parties took dinner with Mr. and Mrs. Gentry Murray Sunday: Prof. Teague and family, Ullie King and family, Fred Reeves and Clay Walker. Mr. and Mrs. Bill Murray also served dinner to the following: Mr. and Mrs. White, Mr. and Mrs. Patterson, Mr. and Mrs. Palmer and son, Teddie Joe. These dinners certainly reflected credit on the cooks and here's hoping we'll have many more such feasts. I am not exactly inviting, but just telling you where to go when you get actually hungry, for fresh vegetables. Go to Bill Murray's place. He has the nicest garden we've seen for some time. The neighbors have been having all the greens onions and lettuce they can use from this garden and Sunday we had the nicest lot of fresh Irish potatoes you can imagine. School will close here next Friday. The main term closed last Friday, but Prof. Teague is launching an extra week in order to make up a week which he taught on Saturday's but which were so cold that few pupils could come. We planned to put on a play the last night of school. So we bought the play and assigned the parts. But have since decided to postpone it until some future time, as everyone (men characters) are so busy in their crops, that it is next to impossible for them to be up so much practicing. Prof. Teague has been suffering untold agony on account of a blind abscess on one of his teeth. Our ball team matched (or they thought they had) a game with Ropes team for last Saturday, but when they got there they had all gone to Meadow. So our team went to Meadow and succeeded in matching the game with Ropes. The writer was not present, but all report a very interesting game. Our boys were victorious, but as usual there were outside players on both teams. We certainly feel grateful to the boys who so faithfully helped us. Sunday School is still growing and the interest is wonderful. The actual number present Sunday, without any visitors, were forty-nine. Scratch pads for sale at this office.

WITH LUBBOCK BUSINESS MEN Still business in Lubbock goes on, and the following report of sales of the Lubbock Auto Company, Ford dealers, proves that they are on the job, awake to every opportunity to advance the merits of their cars: J. C. Harris, Touring; Clover Leaf Creamery, Chassis; W. M. Johnson, Roadster, L. D. Moss, Touring; Scott May, Sedan; M. E. Hunter, Touring; A. E. McNeely, Fordson Tractor. The Fordson Tractor these men are offering the farmers of the Lubbock territory are taking an active part in advancing the work of these farmers, as they are recognized as the cheapest, most efficient source of power obtainable for the small cost, and a tour of the country will prove that they are being used, as they are seen and heard in every community. Mr. Quiller-Couch says prohibition ruins literature. In other words, it makes dry reading.—News-paper Enterprise Association.

### PIONEER CITIZEN LEFT LAST WEEK FOR WACO

John P. Lewis, of the Lewis-Meridith Company, real estate and insurance man, left last week for Waco, where he will hold a position with one of the leading business concerns in that city.

Mr. Lewis has been in Lubbock the past sixteen years, and in that time made friends with the many people with whom he was associated, and it was with much regret they learned of his intentions to leave Lubbock.

Mr. Meridith will continue the land business under the same company name, the insurance business having been sold to Messrs. Will E. Ballou and Claude Burrus.

While Waco is a nice town, and has many good people, we believe the old plainsman will soon find that spirit of friendliness that predominates in Lubbock lacking in his associates there to such an extent that he will be compelled to return to his old haunts, and while we hope he is successful in his every undertaking there, we hope he will decide to re-enlist his efforts with the people who are building the greatest little city on the plains in Lubbock county.

### KIWANIANS WILL BANQUET ROTARIANS NEXT THURSDAY

As a result of the Rotarians walk-over in the Rotary-Kiwaniis ball game which was staged on the local diamond recently, the Kiwanians will banquet the entire membership of the Rotary Club Thursday, June 8th. This bids fair to be a splendid meeting, W. C. Rylander, chairman of the program committee, will arrange the program, and plans to have speeches made by prominent members of both clubs, the advantages of joint meetings and joint associations for accomplishing things for Lubbock will be the general topic.

The two clubs are live agencies for the advancement of Lubbock, and the friendly rivalry that exists between them is a spur to every member to go forward with his respective work, and as a result both clubs are doing a wonderful work for Lubbock.

Don't fail to read the Avalanche. It carries all local and West Texas League sport news of interest.

## Railroad a Great Need of Lubbock Trade Territory

There was, according to the 1920 census, 63,789 white, Americans living within a radius of 60 miles of Lubbock. There is within the fifteen counties comprising what we term as the South Plains proper, 10,213,760 acres of agricultural land. Less than 20 per cent of these lands are in cultivation. There are more than 25 good little towns in this section in addition to two or three of several thousand inhabitants, yet in this vast area of fine agricultural land there is only one person (babies and school children included) to each of the 160 acre tracts in this territory known as the South Plains property.

In a section such as this there should be a population of not less than 10 persons to each 160 acres, especially so when the area includes cities that draw trade from, and depend upon a territory of much greater area. Then Lubbock should have not less than 1 million within its territory. The fertility of soil, the climatic conditions, all deserve recognition by home speaking people. What is keeping back the development of our territory?

Probably the finest section of Lubbock's trade territory is yet to be developed. That is Hockley, Cochran and that area lying directly west of Cochran in Eastern New Mexico. These are some of the finest farming lands on the Plains and in the State. They are from fifteen to 100 miles distant, from any market of any nature, without railroad connections—just fine agricultural lands in large bodies, not yet sold into farms—just idle, waiting, depending upon time to bring about the needed facilities for settlement.

Lubbock is in need of the trade that should follow the development of this section. It is the logical point from which to start a rail connection. Lubbock's commercial activities have been confined long enough to city enterprises. It must begin something big. Something that will help in keeping Lubbock the industrial center. It should begin activities on the thing that means most to the town and its territory and that is a road west.

### STOCKBRIDGE BUILDING A MODERN BUNGALOW ON G

Mr. Stockbridge, of the Lubbock Creamery is adding his lot to the development of Lubbock, as his new six-room, modern bungalow in the east part of town is nearing completion, and certainly adds greatly to the appearance of that section.

B. T. Higginbotham, local contractor was adding the finishing touches to the building when we called on him Wednesday morning, and the building will be ready for the occupants before many days.

The builders and contractors of Lubbock seem to have formulated some plan whereby they get a little closer together within the past several weeks, as is seen from the fact that all hands have been busy carrying out their gigantic building program.

There's plenty room in Lubbock for new buildings, and plenty of people who have the necessary funds to build, and without a doubt this summer will be the greatest period of development this little city has known.

We frankly believe that the growth of Lubbock within the next two years will be greater than in any other five years of the past.

People of Lubbock believe in their home town and are saying it with buildings.

Come to Lubbock.

### THE HOME OF THE SOUL

In older times, it was believed that the seat of the soul was the stomach, most likely for the reason that a man is never so completely used up as when his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.

### HUBBERS TO RETURN HOME JUNE SIXTH

On Tuesday, June 6th, the Hubbers will again be at home for a series of seventeen games, opening here on the 6th with four games with Ranger, followed by four with Abilene, three with San Angelo, three with Sweetwater, and last, but not least, on the 20th a three game series will be opened with Amarillo. We are after the scalps of Amarillo, and they realize, thus they are coming at us about as strong as "Horse-radish," but we will shoot so much "Mustard Gas" into them in this series, that recovery will be an unknown quantity.

The Hubbers have won more games away from home on this trip than any other visiting team, and have been plugging at that strong lead gained by Amarillo during her stay at home, and time and time again they have approached it, only to be held by the winning streak of the Gassers. Wednesday's game was a very critical moment in the baseball history of Lubbock and Ranger in five extra innings played by them, we would have topped them in the percentage column by a few points.

The series with Ranger and the four game series with Sweetwater beginning today will practically close the "away from home" series for the first half of the season, which closes on the 28th. These seventeen games are going to mean a whole lot in the percentage column and if we can pull over the majority of them, it is going to take some fast stepping to overtake us.

Let's get behind these boys when they return, and root our heads off for the full seventeen games. We can do it. Watch for the 6th of June, then turn out and show your blood as sportsmen.

### THE STATE OF TEXAS

To the Sheriff or any Constable of Lubbock County, Greeting:

You are hereby commanded to cause to be posted for twenty days, exclusive of the day of posting, in three of the most public places in Lubbock County, one of which shall be at the Court House door, and no two of which shall be in the same city or town, and also, cause to be published in the newspaper published in Lubbock County, for more than twelve months, for twenty days, copies of the following notice, which has this day been filed by me, to-wit: No. 239, Estate of R. H. Lowrey, deceased, in the County Court of Lubbock County, Texas, in Probate.

To all persons interested in the Estate of R. H. Lowrey, deceased:

You will take notice that at the end of twenty days from the service hereof, we will apply to the Clerk of the County Court of Lubbock County, Texas, for a commission to take the deposition of J. E. Chase, who resides at Newcastle, in Young County, Texas, in answer to the direct interrogatories propounded to him, a copy of which is this day filed with the Clerk of said Court in the above cause, to be read as evidence in behalf of S. E. Lowrey, W. S. Posey, and R. L. Lowrey, applicants for the probate of the Last Will and Testament and Codicil thereto of R. H. Lowrey, deceased, on the trial of said cause.

Notice is hereby given that said Applicants have filed with the Clerk of this Court in said cause, a copy of said Direct Interrogatories propounded to J. E. Chase, a witness who resides at Newcastle, in Young County, Texas, together with notice of their intention to take the deposition of said witness at the expiration of twenty days from the service hereof, to answers to which will be read in evidence on trial of said cause; and that a commission will issue at the expiration of twenty days from the service hereof.

Herein Fail Not, but all of this Writ and of this Precept, and how you have executed the same, make due return.

Given Under My Hand and Seal of Office, at Lubbock, Texas, this 31st day of May, A. D. 1922. (Seal) HERBERT STUBBS, Clerk of the County Court of Lubbock County, Texas. 28-4F

### BAPTIST PASTOR VOTED A ONE MONTH VACATION

Rev. W. A. Bowen, pastor of the First Baptist Church, of Lubbock, has been ill at his home since last week, and was unable to carry on the services at his church Sunday, and as several days ago he expressed a desire to take a two week's vacation, the people of his church got together and voted unanimously that the pastor be urged to make the rest period extend over another two weeks, giving him a one month's vacation.

Rev. Bowen is an able preacher, and has won the friendship and esteem of his entire congregation, who are in hopes he will find the rest very helpful to his physical condition, and will return to his work full of that resistless force that has characterized his every effort.

We congratulate the people of that church for having given their pastor a one month's vacation, and hope Rev. Bowen will remain in Lubbock for many years. Good workers and good men are needed in this as well as every other town, and their presence is needful to the moral development of Lubbock.

Miss Martha Lee Clark of San Angelo, was a guest of the editor's family Tuesday and Wednesday, en route to Seminole, where she will spend the Summer with her sister, Mrs. A. J. Duv.

### COTTON IN FINE STAND AND GROWING SAYS WOODS

Mr. and Mrs. C. B. Woods, of Southland, were Lubbock visitors the first of the week.

Mr. Woods is the proud owner of one hundred and fifty acres of cotton near Midland that he reports to be in fine stand and growing nicely. The Southland country is well known for its productivity, and we are indeed glad to learn that prospects are again favorable for the people of that section.

### ABILENE STUDENT TO GRADUATE IN NURSES SCHOOL

Miss Alice Hammond, of Abilene, arrived in Lubbock Sunday to enter the Lubbock Sanitarium Training school for Nurses.

Miss Hammond has had two years work, and wished to graduate from the local institution, for which reason the change was made. Modern and adequate equipment, skilled specialists and fair dealings have made the Lubbock institutions known to many people, whose confidence in the work that can be accomplished here is a great drawing card for Lubbock.

### Cattle Feeding and Finishing Is Good Business, Says J. F. Hartford, of the Double U Company, Post, Texas

As there are a great many farmers in Texas interested in feeding cattle and becoming more so every year, this locality would like to keep it before the farmers, especially in those counties where the grain sorghums are raised in abundance and are surer than corn. It has been proven beyond question in our locality that these sorghum grains are much better for the finishing of cattle, if properly ground and fed.

We have practically closed out the cattle we have been feeding in this locality through the winter and we feel we have clearly demonstrated what can be done along this line in West Texas. There have been between 4,000 and 5,000 cattle fed on these grains by various farmers, in numbers from a half a car in a place, up to two or three cars.

The Double U Company fed more extensively. We recently closed out 280 head at a very satisfactory profit. These cattle were mostly marketed at Fort Worth. We have found that we can do much better

in the home markets than we can by going to the Northern and Eastern markets.

Many feeders here have made very creditable showings. There is one, Mr. Moody Davis, who recently shipped 34 head of last year's calves—classified now as yearlings. These calves weighed 751 pounds in the Fort Worth market, and sold for \$9.75 per 100 pounds. Mr. Davis stated to the writer that he had kept very close track of the expenses of feeding and these calves netted him a profit of fully \$25 per head, after all expenses were paid. They netted him on the market, after freight and commissions were paid, lacking a few cents, \$70 per head. These calves were only on feed 170 days, but they were finished prime stuff. It is much better to finish them if you are going into the feeding business.

These calves fed by Mr. Davis were raised by the Double U Company and were black Polled Angus.

Mr. Bridges, of our locality, fed two carloads of very fine Here-

ford calves. He stated to us that his calves paid him for his feed at home at \$26 per ton for roughness and maize heads.

One Mr. Dolby reports the same results and we could name various others as good, or better than these.

Now, what we want to do is to get it before our friends, farming in West Texas, that we have the grains and, as before stated, have demonstrated what they will do in feeding and finishing cattle.

Ground Kafir corn in bundle is a wonderful feed for the milk cow and will reduce the cost of feeding and, if properly ground, will get much better results. We realize that it is a great hobby of Farm and Ranch to do and say things that are helpful to the farmers, and have been putting in the effort to get them to keep more good cows and hogs on the farms and live at home, instead of raising so much cotton and depending on the merchant and his banker to carry them from spring to fall. When this becomes the rule in Texas, we have accomplished something worth while for our country, and will have also helped the renter to be an owner of his home. We are accomplishing that in our locality, and we want it to spread.—Farm and Ranch.

It would be well to find out if those fish coming out of the California oil well are suckers or sharks.—Brunswick (Ga.) Banner.

### CAROLINA BISHOP ILL IN MEMPHIS

Memphis, May 25.—The condition of Bishop John C. Kligo of the Methodist Episcopal Church South, who is seriously ill at the Methodist hospital here, was unchanged last night, it was announced by hospital authorities. His physicians state his condition is very serious.

Bishop Kligo who is 61 years old has been in ill health for some time and recently underwent an operation at Johns Hopkins. After leaving the general conference at Hot Springs he suffered an attack of acute indigestion and when the train on which he was traveling to his home in Charlotte, N. C., reached Memphis he was taken off and brought to the hospital here.

### SERVANT GIRL WOULDN'T GO IN CELLAR, FEARING RATS

Mrs. Tepper, Plainfield, N. J., says "Rats were so bad in our cellar the servant girl wouldn't go there. Bought some RAT-SNAP and it cleaned all the rats out." RAT-SNAP destroys rats and mice. Absolutely prevents odors. Comes in cake form, no mixing. Cats or dogs won't touch it. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Coto-Myrice Hdw. Co. and City Drug Store.

### GOMPERS CALLS CONFERENCE TO STAMP OUT CHILD LABOR

Washington, May 25.—Invitations were issued tonight by President Samuel Gompers of the American Federation of Labor, for a national conference on "methods of obtaining child labor protection" to meet here June 1.

### JUST NOW DISCOVERING BIG FRAUD CONTRACTS

After our little fight with Spain in 1898 war frauds were promptly exposed and scandals of the "embalmed beef" variety were almost immediately aired. As nothing of the sort has happened during the three and a half years since the Armistice, the impression has naturally gained ground that there were no war frauds or scandals of much consequence during our vastly bigger military undertaking twenty years later.

Contracts would seem to have been inevitable amid the feverish haste, imperious necessities and unavoidably imperfect supervisions of 1917. It was naturally expected that the Harding administration would promptly go through the records with powerful searchlights before which nothing could escape, but now until now is rather tardy announcement made of damaging discoveries and impending disclosures.

Attorney General Daugherty not only says that he has uncovered war-contract frauds but makes the graver charge that they were "committed by sworn officials and employees of the Government." He declares it will be shown that "influential personages in the Government who had knowledge of these transactions and were in a position to make disclosures were personally interested in concealing them." Such an announcement should be followed immediately by complete publicity. There would seem to have been too much delay already, and to wait until the opening of the fall election campaign would invite the danger of a discounting of the evidence on the part of very many whose experience and observation incline them toward skepticism at such times.

### CALOMEL USERS TAKE AWFUL RISK

Very Next Dose of Treacherous Drug May Start Terrible Salvation

The next dose of calomel you take may salivate you. It may shock your liver or start bone necrosis. Calomel is dangerous. It is mercury, quicksilver. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It can not be trusted any more than a leopard or a wildcat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

Uster ready for war on two hundred mile front.—Headlines Star Telegram. Glad they've got it down to a line, seemed like a rectangular, semicircular or broadsided field of war to us.

**HOW BOYS AND GIRLS BEHAVED IN CHURCH IN "THE GOOD OLD DAYS"**  
(By S. J. Thompson)

The article in the Christian Advocate some weeks ago giving us a list of the songs used in what is called "the good old days" made me think of the conduct of the boys and girls in those days. In this article I propose to tell how the boys and girls and dogs behaved in church in "the good old days."

A popular disgust was expressed by the vote of Duxbury, Mass., in the year 1760 to choose a committee to take care of "the wretched boys" on the Lord's day. Certain laws enacted at the close of King Phillip's War to promote a better observance of the Sabbath in the Massachusetts colony declared that the war was caused by the behavior of "those wretched boys" that is to quote the committee's words, "The war was a punishment of the colony for the disorder and rudeness of youth in many congregations in the time of the worship of God while sin and profaneness are greatly increased." In this same colony it is said that Thomas Wells was hired by the vestry of Christ Church in Boston "to set in the galleries and keep the boys in order." In Cape Cod Town John King was appointed to keep the boys from playing and profaning the Sabbath day, and the town voted to stand by said John King if he found it necessary to strike a boy in the exercise of his authority.

that every part was crowded, and some were on ye beams over his congregation. Ye governor was in ye house and his majesty's commissioner of ye custom, and they sat together on a high seat by ye pulpit stairs. There was a disturbance in ye galleries when it was filled with divers negroes, mulattoes, and Indians, and a negro called Pomp Shorter, belonging to Mrs. Gardiner, was called forth and put in ye broad aisle, where he was reproved with great awfulness and solemnity. He was then put in ye deacon's seat between two deacons in view of the whole congregation; but ye sexton was ordered by Prescott to take him out because of his levity and strange contortions of countenance giving great scandal to ye grave deacons and put him in the lobby under ye stairs. Some children and a mulatto woman were reprimanded for laughter at Pomp Shorter.

**YOUR PROOF AS A GOOD BUSINESS MAN---**

It doesn't take a very smart man to make money, but it takes a clever, level-headed person to save judiciously. It doesn't take a very shrewd man to act a miser—thus accumulating a store of money. The kind of men we all admire is the man who can save a portion of what he makes, assist in the development of the community in which he lives, enjoy some of the pleasures as they come, and make himself a useful citizen.

This bank wants its customers to be thrifty but not miserly; want them to enjoy some of the comforts obtainable by consistent saving. We enjoy the privilege of assisting men to realize their ambitions and welcome this opportunity whenever the customer's needs are confined to conservative bounds.

**CORNS**

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

In describing an ordination the following account was given: "The one hundred and nineteenth Psalm was read by the Rev. Cotton Mather, after which he read a portion from Thomas Allen's 'Invitation to Thirsty Sinners.' Mr. Hubbard then offered prayer, and a psalm was sung to a most solemn tune, ye oldest deacon reading line by line in solemn voice so that ye whole congregation could join. Mr. Bowers, of Beverly, next offered a prayer of ordination and consecration with ye laying on of ye hands of ye elders. Mr. Appleton, of Cambridge, preached ye sermon from second Corinthians, second chapter, sixteenth verse: 'Who is sufficient for these things?' Mr. Shepard gave ye charge, and the Rev. Mr. Greene, of ye village, gave ye hand of fellowship. Mr. Wenham made the concluding prayer. There was an immense concourse of people in the house, so

The dogs also came in for their fun. "At New London one of the duties of the sexton was 'to order youth in the meetinghouse and beat out dogs.' At Charlestown (1666) a man was hired at four pounds a year 'to ring the bell to meetings and to keep out dogs in meeting time'—Andover did not object to dogs, but made them pay for the privilege of coming to meeting. The law of this town (1672) said: 'Whatsoever dogs shall be in the meetinghouse on the Sabbath day the owner thereof shall pay sixpence for every time.' At Medford (1745) ten shillings was the price of a ticket 'to any person who allows his dog to go into the meetinghouse on the Sabbath day in the time of meeting.' At Provincetown (1775) the law was to pay half a dollar or kill 'every dog that comes into the meetinghouse on the Sabbath day.' At Abington (1793) those who took their dogs to meeting were ordered to pay 'the same fine as for a breach of the Sabbath.' They had in those days an officer called the dog whipper. "Of course boys and girls laughed, even at the risk of punishment by his majesty's justice of the peace, to see the dog whipper pursuing heterodox dogs when they were running up and down aisles and gallery stairs, yelping as his whip lash fell upon them, but determined, like their masters, to stay in meeting until 'ye exercise be ended." This happened in the good old days when every one belonged to the Church. We do not see boys or girls laughing or misbehaving in church in this day and time, but they do not have a Pomp Shorter to make grimaces at them, and then our present-

day congregations are not made up of white people, negroes, and Indians, which must have been a sight to the boys and girls to look up into the gallery at negroes and Indians and to see the dog whipper chasing dogs up and down the aisles. If they did see these things, I do not know that they would be so genteel in behavior. The people in those good old days came to the same conclusion that we do now, that probably it was not good for white people and colored people to have the same meetinghouse. For we read: "When in the year 1753 Philemon Robbins was ordained in Bradford, Conn., whose population was 1,600, including 130 negro slaves, the town ordered that 'no negro slave shall be permitted to enter the meetinghouse.'" It wanted no Pomp Shorter present to make merriment for the boys and girls.

**A TONIC**

Grove's Tasteless Chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. Grove's Tasteless Chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

**WE PLEAD GUILTY, BUT DON'T WANT TO GET SHOT**

The city editor of the Avalanche in a recent issue of the paper in giving an account of the closing of the Bledsoe school, stated that the tenth grade was completed by several students, and that this was the first time that that high grade was reached, but through the courtesy of one of our good readers in that section we are reminded that that statement was incorrect, as there have been ten other students to graduate from the tenth grade in that school prior to the term just closed.

We accept the correction with pleasure, and are glad to remind our readers of the mistake in the write-up. The Avalanche is proud of every school in Lubbock county and would not like to say anything incorrect in regard to their standings, and will be mighty careful to not duplicate this gross mistake.

**Keeping Good Things in Good Condition**

It doesn't do any good to buy good vegetables and fruits to sell to you housewives unless they are kept in good, clean condition while in the store.—Hunt's Grocery prides itself on keeping everything we have to sell to you in the very cleanest and most sanitary manner. If its eggs—they're fresh. If it is fruit, it is clean. If vegetables, fresh.

Believing that the housewives appreciate this service it is our aim to continue it.

**Hunt Grocery Company**

Phones 24 and 75

**"WE WANT A CLEAN TOWN" SAY CITY OFFICIALS**

Three officials of Lubbock went out Monday evening to take an inventory of the city, and any ill-appearing, germ breeding places will be noted, and owners of property on which places are located will be notified to dispose of the places or effect their cleanliness at once. Any property owner with foresight enough to believe that the city of Lubbock is a going concern, will be wise enough to see the necessity of such clean-up movements, and the opportunity to advance the appearance of our town will be accepted with haste and applause.

while others who would rather reside in less attractive places than Lubbock will scoff at reason and declare the officials are doing their dead level best to make staying in Lubbock an impossibility. S. M. Sooter was in Lubbock Saturday from his fine farm in the Shallowater community. Mr. Sooter knows Lubbock county farming and believes the prospects are now better than ever before. Dr. Doyle gives an attractive picture of the place where we are going, but as yet he hasn't started the slogan, "Let's go!"—Brooklyn Eagle.

A thought for today:  
Why shouldst thou fill to-day with sorrow  
About tomorrow, my heart?  
One watches all with care most true;  
Doubt not that he will give thee, too, Thy part.  
Only be steadfast; never waver,  
Nor seek earth's favor, but rest;  
Thou knowest what God will must be  
For all his creatures, so for thee,  
The best. —Fleming.

Seven wonderful days of Chautauqua have just closed, leaving those who were privileged to hear, something richer and bigger in their hearts, and a new desire to do those things that shall make our town and community the better. The fathers and the mothers who heard the lecture, "A Square Deal For

Jack," by Dr. Werner, could not but realize the truth in all that Dr. Werner said, and the organizations who foster the "Boy Movement" had a program mapped out for them, with a force and eloquence that should make for great things in the future for Lubbock boys.  
The music and the lectures for the week, not forgetting the drama, were good and the fact that Lubbock has renewed the Chautauqua contract for next year, voices the sentiments of those who packed the auditorium each night.

### Wedding Announcement

Rose time, June time, Marrying time! White mists of tulle. Orange blossoms! And we close our eyes and can see the hundreds of June brides and brides-to-be in this glorious month of June.  
Invitations are out for the Johnson-Dupre wedding, June the four-

teenth, when Miss Nancy Dupre will become the bride of Mr. Forest M. Johnson, of the United States Army.

**Red Cross Important Meeting**  
The executive board of the local Red Cross Chapter held an important meeting on Friday, May 26th. The question under discussion was the purchase of a car for Miss Ellis the secretary, in order that she might be able to make the rural places that needed her attention, and better over the town section. Since Miss Ellis had come she has accomplished a great deal of splendid work but a good deal of time could be saved if she had been able to make her territory by car.  
The money realized at the ball game between the Kiwanis and Rotary Clubs, which was some two hundred dollars, and the money raised at a game to be played later on, will be used for the purchase of a Ford car. This was decided at the meeting on Friday afternoon, by the executive board.

**Chautauqua Stage Beautifully Decorated Each Day**  
Much of the charm of the Chautauqua programs was due to the artistic decoration used each day by the various clubs of the city.  
The Girl Scouts and each of the following clubs were given a day for their display of the most artistic stage decoration: American Legion, Twentieth Century, Parent-Teachers and the Children's Day.

A prize of three dollars for the first, two for second, and one for third, was given by the Chamber of Commerce; and awarded in order as follows: Parent-Teachers, Twentieth Century, and Girl Scouts.

The work of the various clubs is a credit to those who were chosen as the committee to perform the task of decoration and the audience appreciate it as did the artists of the Chautauqua.

### Children's Program of Chautauqua

Of special local interest was the Children's Program, the closing day of the Chautauqua. More than a hundred of the children of the city took part in a great pageant entitled "America" or "Conquests of Peace" under the direction of Miss Rosser of the Chautauqua Bureau.

She was ably assisted by Miss Cowart of this city, especially in the songs and folk-dance parts. Mrs. Keen's Kiddy Hour Class took part also in the program with a little flower drill that was pretty.

All of the historic personages known to American history took part in the pageant starting with the landing of Columbus and completing thru the signing of the Armistice of the late war. The Indian costumes, the Puritan with their little white bonnets, William Penn, George Washington, Uncle Sam, Sailor Boys, Soldier Boys, Little Dutch, French and English boys—the Old Colonial Dames, Southern Beauties—all of these and more took part in the moving pageantry of color and action, accompanied with music, song and dancing—all combined, giving a pleasing effect of color and continuity.

Miss Rosser and Miss Cowart are to be congratulated upon their most excellent work and we feel sure that the pleasure given the large audience by this program was entirely eclipsed by the delight the kiddies themselves got out of their participation in the pageant—not to mention the good such work does the child mind.

Such events do much to develop ease, grace and charm of manner that is such a part of the successful life of today.

### Wolfarth-Myrick

A wedding of notable beauty and interest assembled a large company of friends and relatives at the home of Mr. and Mrs. George W. Wolfarth last Wednesday afternoon, when they gave in marriage their daughter, Bernice, to Mr. Russell Myrick.

No lovelier wedding was ever

solemnized in this city than that of this popular young couple, and following them to the altar were thoughts from their many friends for happiness and the good things of life.

Mrs. Joe Hilton sang in her charming manner, "A Thought of You" and equally as charming, "Love Like the Dawn Comes Fleeting" was sung by Mrs. Elwin Wheelock.

Mrs. Floyd Beal accompanied by Mr. Raleigh Brown played the wedding music and at the first strains from the wedding march the little ribbon bearers, Dorothy Wolfarth and Roberta Myrick, dainty in pink and white organdy, gathered up the white satin ribbons and walked slowly to the improvised altar, which was decorated with white Brides' roses and trailing vines and ferns. A big basket of brides' roses was suspended above the altar and trailing from this were streamers of white and gold tulle which were caught and tied in graceful bows to two floor-vases filled with the same chosen flowers. Behind these were barked green ferns and throwing their soft light over all, gleamed the two wedding tapers.

At the altar stood Rev. J. T. Griswold, a friend especially endeared to the Wolfarth family, who performed the impressive ring ceremony.

After the little ribbon bearers had taken their places near the altar, the bridal party entered. The first matron of honor, Mrs. J. T. Krueger was lovely in a frock of orchid colored organdy and a flower laden hat, and carried an arm bouquet of American beauty roses.

As Mrs. Krueger took her place, Miss Mary Meador, brides maide, and Mr. Herbert Lowery, groomsman, came thru the archway. Miss Meador was dainty in vile green organdy and a beflowered leghorn hat. Her arm bouquet was of bride maid roses.

Following came the second matron of honor, Mrs. Claude Hurbit, who was charming in a white beaded gown and hat to match. Her arm bouquet of American beauty roses added a becoming touch of color.

Miss Yancy Lee was maid of honor and wore an attractive frock of apricot colored organdy and a picture hat. Her bouquet was brides maid roses.

Mr. Eric Posey, the best man, and the groom, took their places at the altar. The two little flower girls and Katherine Weaver, were indeed, flower-like in white and yellow organdies and baskets with fluffy bows and tiny pink roses.

The Bride entered on the arm of her father. She was radiant in her bridal dress of white crepe remaine embroidered in beads. A white hat plume trimmed completed her costume. She carried a brides bouquet of roses and lilies of the valley.

After congratulations were said, the guests were led into the dining room, which was lavishly decorated in pink roses and tulle. The wedding cake, a marvel in culinary art, was cut by Miss Yancy Lee. Punch was served to the guests—the punch table having for back ground trailing ferns and pink roses.

Those assisting Mrs. Wolfarth in entertaining the wedding guests were: Mesdames H. K. Kimbro, S. C. Arnett, W. S. Posey, W. A. Bason, W. A. Myrick, Jr., Albert Taylor, Neil Wright, Eastin Wolfarth, F. E. Wheelock, Roscoe Wilson, A. V. Weaver, Carl Roberts, Elmer Conley.

The bride is a talented young lady and comes from one of the oldest and best families of the Plains. She is known and esteemed by all. The groom is a young man of sterling qualities and the younger

#### LOCAL AMERICAN LEGION BEATS UNBEATABLE LAMESA

Tuesday afternoon on the local park, the local American Legion team beat out the hard slugging Lamesa aggregation by 6 to 5 in one of the hardest fought and most interesting contests yet witnessed here in the circles of amateur baseball. It was a fight from beginning to end, with the locals determined that Lamesa should not return unbeaten.

working almost airtight, but in the eighth frame the locals got to his delivery, and Jackson's homer with one on tore up the ball game. Hitting was then engaged in freely until four runs were chased across the plate, giving to the locals a one run lead. The "Southpaw" was then jerked in favor of Berry, who to a certain extent checked the rally, but the visitors were unable to score further.

The visitors gained a lead in the early innings which looked a little mean to overcome, their "Southpaw"

was then jerked in favor of Berry, who to a certain extent checked the rally, but the visitors were unable to score further.

#### MONROE BASEBALL TEAM TO BUY NEW UNIFORMS

Roy Karr, of Monroe, was in Lubbock Tuesday and announced that the baseball team of that community would give a cream supper at the school building next Thursday night, proceeds to be used in purchasing uniforms for the team.

The stalwart Monroites locked horns with the Shallowater boys Saturday, tying the score at 9 and 9, the tie to be played off at Shallowater Saturday, June 10th.

Batteries for the tie game were: Shallowater: Gaither and Johnson; Monroe: Galey and Karr, and as we understand it the Saturday's game will be played with somewhat the same lineup.

Mr. Karr said they had worked up a very fast team at Monroe, and expect to make the going rather steep for all opposing teams through out the season, and we are sure anyone fortunate enough to be in Shallowater Saturday will see something worth while.

#### LOCAL M. S. S. TO CLASH WITH BRUNK'S COMEDIANS FRIDAY

Friday afternoon on the local park the Methodist Sunday School aggregation will clash with the hard working nine of the Brunk's Comedians. The latter has a reputation everywhere they have gone as being not only a hard working baseball nine, but a bunch of good clean sports with a winning mind but with a mind to lose in the heat of spirits when it is the inevitable.

The game will be called at 3:30 and if you want to get your quarter's worth, be sure and be on time. Harry Sadler, himself, is on the lineup. Nuf Sed. So come out.

#### GOOD HOMES ATTRACT GOOD CITIZENS FOR LUBBOCK

B. G. Hodge completed arrangements and had carpenters start work on a nice home in the west section of our city last week.

Mr. Hodge is a live wire, and it is indeed gratifying to note that he is always a little ahead of the times, to do his part in the development of Lubbock.

Good people are necessary to the development of a town, and plenty nice homes will be a great asset in drawing desirable citizens to Lubbock.

Build Lubbock by building a home for a Lubbock builder.

# PURE ACALA COTTONSEED

We still have plenty of seed. Don't fail to have a good stand. You can't expect a full crop with half a stand. It costs no more to cultivate full stand than half a stand.

#### TOO BUSY TO IMPROVE

When opportunity knocks at your door, do you answer, "I haven't time?"

This is the age old excuse that has kept many a man from making his mark. In its capacity for covering a multitude of short-comings, it has no equal. It is the world's greatest alibi.

Whoever admits that he is too busy to improve his methods has acknowledged himself to be at the end of his rope. And that is always the saddest predicament which any one can get into.

For there is a vast difference between being busy and making progress. When we see that clearly we have gained an important bit of wisdom.

The easiest thing some people do is to keep busy. You have seen the person who is always busy—doing trivial things.

Opportunity comes to him as to all others; but he is so occupied with attending to ordinary duties, that he has no time to listen. The routine of his work swallows him up, and he forgets what he is busy for. His favorite idea, and his response to all requests is—"I haven't time."

The man who makes progress is of a different stripe. He does not think of his job as something to fill up his time; but as something to accomplish. He has a goal; and he is always thinking, planning, and seeking the quickest and best way to attain it.

Man must often choose between the trivial and the worth while. When a proposal is put to him by his co-workers, who wish to guide and help him, how easy it is to reply "I haven't time." But that is not the pathway to success.

He should rather say to himself, "Let's assume that here is opportunity. I must consider carefully what it has to offer. Maybe I'll have to readjust my time; perhaps I'll have to change my methods. But I am ready for anything that will help the business." Whoever reasons and acts thus, can not go far astray in the business world.

The man who is eager to improve does not ignore requests. When he is asked to do something that he believes to be less important than the things that already occupy his time, he will think the subject through and then prove his point.

And "I haven't time" does not prove it! All of us have time to improve—not only at the suggestion of others, but of our own initiative.

All of us wish to improve—for therein lies the greatest pleasure of honest work. All of us can improve—for around all about us are many things on which we may start right now.

Here is the most inspiring thought I can bring you at the beginning of a New Year. And, if we are all agreed on this, we can round out 1922 with results which will make us all rejoice.

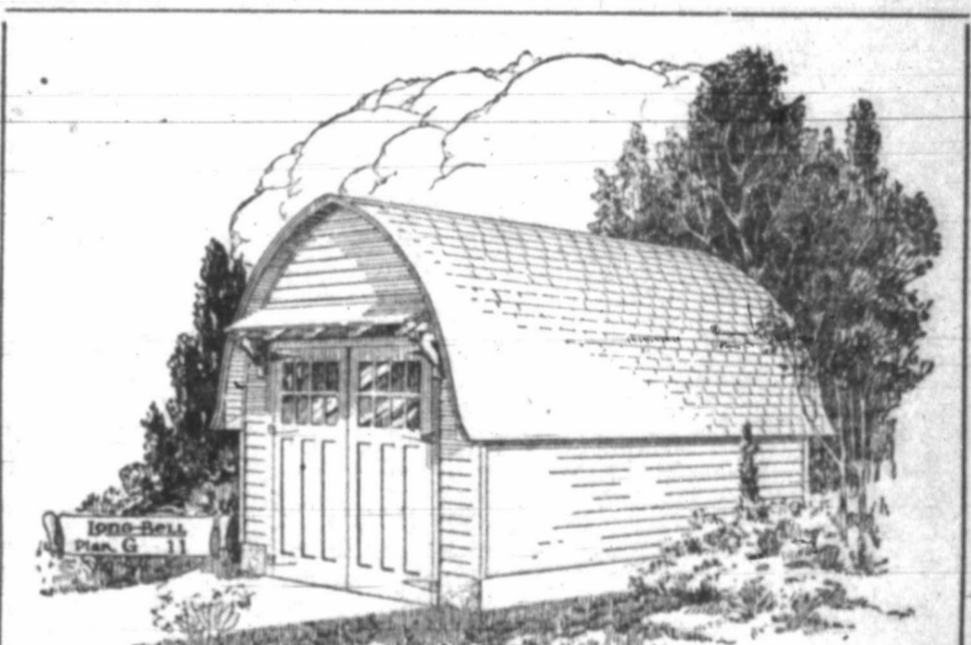

J. O'Glen Armour.

#### WHY SUFFER FROM RHEUMATISM?

Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that certainly means a great deal to any one afflicted with rheumatism.

Dr. Adams, of Slaton, spent Tuesday in Lubbock to be with his sister, Mrs. F. W. Denham, who underwent an operation in a local sanitarium.

To Cure a Cold in One Day  
Take LAXATIVE FROMO QUININE (Tablets). It cures the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 50c.

### HOW WOULD THIS LOOK ON YOUR LOT

Why shouldn't a garage be good looking when the cost is no more.

The gothic roofed garage pictured above is an ornament to any property and its cost is no more than for the usual unsightly kind.

It is no longer necessary to disfigure a property in order to provide shelter for a car. We furnish complete plans and all material for a gothic roofed garage—any handy man can build it, but you can't beat a carpenter at his own trade.

See us for plans, material and cost.

Lubbock, Texas 13th Street Phone 311

#### MRS. FERGUSON'S NAME BE USED ON STATE'S BALLOT

Fort Worth, May 26.—The name of Mrs. James E. Ferguson, wife of the former governor will be filed with the secretary of the state democratic executive committee as a candidate for the United States Senatorial nomination, it was announced here today by Ferguson himself.

The latter is a candidate for the nomination. However, he states a movement has been started to keep his name off the ballot on the ground that he is not a democrat. If the movement is successful, he announced, he will campaign for Mrs. Ferguson and then become her private secretary, if nominated and elected.

H. L. Matthews, of the Panhandle Construction Company, who has been in Canadian for several weeks where the company is doing a lot of paying, was called to his home here Monday, because of the sudden illness of Mrs. Matthews.

Immediately after arrival of Mr. Matthews in Lubbock, arrangements were made to have Mrs. Matthews carried to a local sanitarium, where she is under care of specialists.

The many friends of the family deeply regret her illness, and impatiently await her absolute recovery.

Don't fail to read the Avalanche. It carries all local and West Texas League sport news of interest.

**WHAT LUBBOCK TOWN-BUILDERS SAY ABOUT A RAILROAD WEST**

In expressing the need, the very urgent need, of a railroad west from Lubbock—at least extended to the State line—The Avalanche has but only spoken what is in the minds of the town-builders of this city.

Below are a few of the many statements that have been made to the Avalanche by some of these men within the past twenty-four hours: "Before Lubbock spends another cent on a railroad from any direction I believe the road west, thru Hockley and Cochran counties should be built. I know of no better time to direct and concentrate our efforts to this project than within the next 120 days."—C. E. Maedgen, President of the Security State Bank & Trust Company.

"Lubbock must have this road west, regardless of the distance it might be extended, it means much to the City of Lubbock. If the growth of our town shall continue as it is at the present time, it means that we must develop the territory surrounding us and there is no better field for development than that through which a road west would open. I am a member of the Railroad Committee of the Lubbock Chamber of Commerce, and do not know whether this road can be built now or not, but I believe no more opportune time than this summer and fall."—O. L. Slaton, President of The Lubbock State Bank.

"We must get busy on this road west of Lubbock! Now is the time to begin active concentrated effort. I know of nothing which the Lubbock Chamber of Commerce can do that will be of more value to the City and to the surrounding country, than to expend its energies and efforts along with all commercial organizations of Lubbock in building this road. We must develop this territory west. Lubbock needs it. Let's see that road built before another year."—J. A. Rix, of the Rix Furniture & Undertaking Company and President of the Lubbock Rotary Club.

"I can think of nothing that will benefit the City of Lubbock and at the same time aid in the development of a fine territory as much as would a railroad west of Lubbock to the State line."—K. Carter, of Carter's Store.

**Notice by Publication in Probate THE STATE OF TEXAS**

To the Sheriff or any Constable of Lubbock County, Greeting: You are Hereby Commanded to cause to be published in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your County at least once a week for four consecutive weeks previous to the return day hereof, copies of the following notice:

**THE STATE OF TEXAS,**  
To all Persons Interested in the Estate of R. H. Lowrey deceased, S. S. Lowrey, W. S. Posey, and R. L. Lowrey, have filed an application in the County Court of Lubbock County on the 31st day of May, 1922, for probating the Last Will and Testament of R. H. Lowrey, and for Letters Testamentary, which said application will be heard by said Court on the 17 day of July, 1922, at the Court House of said County, in Lubbock, at which time all persons interested in said Estate are required to appear and answer said application, should they desire to do so. Herein Fail Not, but have you before said Court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness my hand, and official seal, at Lubbock, Texas, this 31st day of May, 1922.  
**HERBERT STUBBS,** Clerk County Court, Lubbock County, Tex (Seal) 28-4P

**ANOTHER NEW HOME WILL BE READY TO OCCUPY SOON**

**CHIROPRACTIC WILL REMOVE THE CAUSE OF YOUR TROUBLE.**

**RALPH HARDY CHIROPRACTOR ROOM 5 CONLEY BUILDING PHONE 785**

to know what is going on in Lubbock one would have to make a three-times-a-day tour of the city, as the builders are building right along, making rapid progress with every structure. The next on the program, however is J. F. Rice, who is just about to realize the completion of his nice building in West Lubbock. The home is modern throughout, and a great asset to Lubbock.

**KANSAS CITY MARKET**

**Kansas City Stock Yards, May 29.**—Live stock prices today were weak to slightly lower. In some cases lambs, handy weight steers and light weight hogs were steady, though in the average buyers put up droves, lower than last week's close. A fair degree of activity ruled in all divisions as soon as declines were established. Receipts were fairly liberal, including 19,000 hogs, the largest supply on any Monday this year.

**Today's Receipts**  
Receipts today were 10,000 cattle, 19,000 hogs, and 10,000 sheep, compared with 7,500 cattle, 14,000 hogs, and 9,000 sheep a week ago, and 8,550 cattle, 7,325 hogs, and 7,450 sheep a year ago.

**Beef Cattle**  
Liberal supplies of fat cattle were reported at all markets today and prices averaged lower. Here some early sales were made on kinds that suited rush orders, but the rank and file of the offerings were 10 to 15 cents off. Choice yearlings and handy weight steers sold mostly at \$8.25 to \$8.75, and fair to good fat steers brought \$7.50 up. The weakness in the steer market is thought to be only temporary and due in part to a holiday in other trade lines. Cows and heifers were weak to 15 cents lower. The best grades of veal calves were steady and others 25 cents lower.

**Stockers and Feeders**  
Though prices for stockers and feeders were not notably changed, compared with last week's close demand was fairly urgent, and there was a stronger tone in the general market.

**Hogs**  
Hog prices averaged 10 to 15 cents lower. The top price was \$10.50. As soon as the decline was established there was a free movement in the market, and closing prices were slightly better than the low point of the day. Pigs in some cases, were 10 cents higher, top \$10.35, or as high as any have sold in the past few weeks.

**Sheep and Lambs**  
Following a 50 to 75 cent advance in sheep and lambs last week the market today declined 15 to 25 cents. Spring lambs sold up to

\$14.85, clipped lambs \$12.90, clipped wethers \$7.75, and clipped ewes \$6.35. Spring lambs though still in moderate supply are beginning to move more freely, and clipped fed grades are about cleaned up.

**Horses and Mules**  
Demand for horses remained small with no quotable change in price. Mules were in moderate supply and sold at firm prices.  
Chas. M. Pipkin,  
Market Correspondent.

**KIWANIANS WILL ELECT OFFICERS FOR 1923 SOON**

Sometime the last of this month the Kiwanis Club will have an election of officers for the fiscal year 1923. The club was organized three months ago, and the officers and directors were appointed to carry out the work of the fiscal year 1922, and the work has progressed nicely.

Starting with fifty members the club reached the sixty mark last week, and the enthusiasm of each individual member is at a high pitch. The membership committee is headed by E. C. Young, who has proven himself a splendid worker, and one who knows how to carry out his duties in every detail. E. C. is a booster and builder, and believes in keeping ahead of the times in every manner possible, and his work accounts for a great part of the increase in membership.

**INCREASED BUSINESS NECESSITATES EXTRA HELP**

Miss Pearl Warren, graduate from the Lubbock High School, 1922 term, which closed recently, has accepted a position as assistant bookkeeper in the Lubbock Sanitarium, the growing business made it necessary that Mr. Hunt, the manager, have more office help.

With prospects better than ever before, and business on the road back to normalcy, it is hard to estimate the immense possibilities of our business men when the crop that is now in the making is harvested and sold.

**CHARTER WILL BE PRESENTED KIWANIS CLUB IN JUNE**

Plans are on foot to have Thursday, June 15th, a big day in Lubbock, as the Charter for the Club

**It's Entirely Up To YOU---**

If it makes any difference to you about what you pay for the things you eat, then you will be interested here. Because—

**Why You Should Insure Your Crop Against Hail!**

Be prepared to meet your obligations in case your crop is destroyed or damaged by hail. If you cannot afford to lose a crop then you cannot afford to take the risk of losing it by hail.

Hail destroys the crops in whole communities and frequently in whole counties. The loss of crops unless repaid by insurance, lowers the purchasing power of a community, drains the home bank of its deposits, depreciates the value of the land, and has repeatedly changed prosperous communities from the credit class to the debtor class.

This year especially credits are strained almost to the limit and if the farmer's crop is not hailed out he will have no trouble in paying the premium for Hail Insurance and in case the crop is hailed out the Insurance Company pays him, and thereby enables him to satisfy his obligations, which he had expected to pay from the proceeds of his crop.

The indications are that we are going to have a quite a lot of Hail this year and no doubt it will be good business on the part of the farmer to insure his crop.

We represent one of the best companies and cheapest rates, and if you are interested come into our office and see us.

**SAN-O-LA BATH ROOM SUGGESTIONS**

**Are You Actually Participating in This Inexpensive Luxury or Are You Merely Longing For It?**

You will take a real delight in anticipating the unrestrained joy of your coming guest as you contemplate the completeness of this SAN-O-LA Bath Room.

Now, form a mental image of this same room without the needed Accessories. What would you think of such a bath room? What would your guest think of you?

Turn to the complete SAN-O-LA Bath Room. Your guest arrives. You proclaim her its temporary mistress, and because it is also her ideal of all a bath room should be, your reputation as a hostess is permanently made.

You have provided comfort, convenience and cheerful environment while safeguarding health as well.

"They have a beautiful home, and their Bath Room, it is magnificent," says your guest upon returning to her own home. "Not that it is expensive, because the cost of the Bath Room Accessories alone was insignificant.

"But considering what it means to them, what they get out of it in comfort, convenience and in the actual encouragement to health and happiness, it is magnificent.

"When they told me how reasonable the cost was, then I realized that the luxuries of a SAN-O-LA Bath Room are not only for the rich but can be afforded by all who wish them.

"I used to think that a tub made a Bath Room—Of course, that is essential, but I can now see that it is the little Accessories that make a real bath room.

"It had the prettiest shelf for the toilet requisites, and a different one for clean, folded towels; glistening, roomy bars to hold the towels and keep them off the floor, and a strong grab rail at the tub; appropriate holders at both lavatory and tub for soap to keep it clean and dry.

"The independent receptacles for drinking glasses and tooth brushes kept them both dry and clean; a large mirror was over the lavatory; suitable holders for the wash cloth, and for the toilet paper; handy hooks to take proper care of the hot water bag, the razor strop and wearing apparel; a beautiful white stool to aid in dressing, and even a wall basket of ample size for soiled towels.

"There appeared to be absolutely nothing lacking, it was such a marvel of completeness."

"Most of the liquor is consumed on the Atlantic seaboard." So that's what makes the West wild.—Richmond News Leader.

There is news from Doorn to the effect that the ex-Kaiser shows signs of pronounced religious mania. Was something of the same sort at the back of his talk about "the German God" during the war? As far back as the Manin Bay incident of 1893 his speech and act inspired a satirical poem entitled, "Me-und-Gott."

"We were beaten in the field," writes General Ludendorff. The only reason the German armies did not receive a beating which even the would acknowledge is that they quit before it could be administered.—New York Morning Telegraph.

Now that the radiophone has provided the largest audiences ever known for the statesman's words of wisdom, it is too much to hope that he will give more attention to knowing what he is talking about.—Springfield Republican.

## Delinquency of Parents and Child

Dallas News

There are few who will admit that parental delinquency is, relatively speaking, almost as great as child delinquency.

Parental delinquency consists of many things—chiefly matters of omission—notwithstanding there is much of a positive nature in it. It is a sad state of affairs indeed when a child in his teens is so shamed and astonished at some act or acts of the mother or father that he rebukes them. But it is only too often the case, be it said to the credit of the

child and to the shame of the parents.

Parental delinquency is often the result of the desire to be kind to the child, to allow him as much latitude as possible in the satisfying of his desire for pleasure, with consequences that are much more disastrous to both parents and child than would have been the extreme in the other direction. Indeed, because of parental love and of the desire to have their children enjoy themselves, too great laxity in the matter of obedience is much more likely than is too strict discipline. At the present time this seems to apply particularly. The love of their children by parents impels relaxation on the part of parents in the matter of guidance and control of their children, which are absolutely essential to the child's proper care and training.

Too many parents are depending on the schools not only to educate their offspring, but to instill into them those principles of righteousness and ethics which can be instilled as they should be by parents only.

Children are admonished to "Honor thy father and thy mother," and parents should be admonished to "Honor thy sons and thy daughters." Children can honor by obedience. Parents can best honor by wise counsel and right example.

This is the way to solve the child problem, and when the child problem is solved the man problem and the woman problem are also solved. Too often we hear it said, "I'll

be glad when school begins, so I shall be rid of these kids at least a part of the time." This is a remark credited to mothers in too many instances. They leave too much to the teacher, who is probably already overburdened with the great number of children under her charge; children whose parents have all along left too much to the teacher and to luck. The result is that the policeman has to take up the matter where the teacher was compelled to leave off. Be it said to the credit of the teacher that, as a rule, she is more than willing to do all possible to "train up a child in the way he should go," but she can't do everything for him, and it should not be expected of her. The splendid work being done by parent-teacher associations, mothers' councils and other similar organizations is supplementing and in many cases completing the work of the teacher in shaping the destiny of children in the public schools. No one can have more dearly at heart the welfare of children than the mothers of children, and so they are performing a service for the child, for the home, for country and for God that few realize.

Parents should remember that the teacher's authority does not extend over the entire city or county; so that when they permit their children to roam at will along the streets before and after school, to visit places of amusement alone and with no one looking after their well-being; to go joy-riding in the family automobile unchaperoned and without anything other than their own volition in the matter as to when they shall return home, they not only fail in their own duty, but rob the child of the good influence and instruction the teacher has already given him. It is as certain as that day follows night that unless the child be well grounded by the parents in the great moral principles which are necessary to the founding of a great life and character, the chances that he will do so voluntarily are greatly against him. He should be shown why right living is necessary to happy living. He should have it explained to him that a thing is not right because they want him to do it, but they want him to do it because it is right. The fact that a good man says a thing does not make it right, but he says it because it is right. As the child becomes able to understand the principles of ethics, he should have it explained to him that right is principle pervading all creation—in the laws of nature, in the commands of God, and therefore he can't do wrong and be happy. He should be impressed with the excellence of the motto, "When in doubt, don't." And when it comes to indulging a child in allowing him liberty of action as to his own government, this is a motto that parents should adopt.

Those parents who sow the wind of neglect are sure to reap the whirlwind of regret and tears. It is as certain as cause and effect, indeed, it is a matter of cause and effect, with parental neglect the cause and child delinquency the effect.

Special care and supervision are necessary to the welfare of children when they are attaining to manhood and womanhood. At this very time when more is dependent upon them than at any other, many parents are disposed to rest too safely in the child's desire and ability to withstand temptation. Court records throughout the land prove the danger of this menace. They show to an alarming extent the moral obliquity of young people induced by too great freedom allowed them by their parents without proper guardianship, with the result that not only regret and remorse follow, but conviction for crime and the resultant penalties.

The possibilities of a child are beyond computation, and therefore the responsibility of parents is immeasurable. Delinquency of the parent is sure to result in the delinquency of the child.—Dallas News.

### RECOMMENDS CHAMBERLAIN'S TABLETS

"Chamberlain's Tablets have been used by my husband and myself off and on for the past five years. When my husband goes away from home he always takes a bottle of them along with him. Whenever I have that heavy feeling after eating, or feel dull and played out, I take one or two of Chamberlain's Tablets and they fix me up fine," writes Mrs. Newton Vreeland, Minoa, N. Y. Take these tablets when troubled with constipation or indigestion and they will do you good.

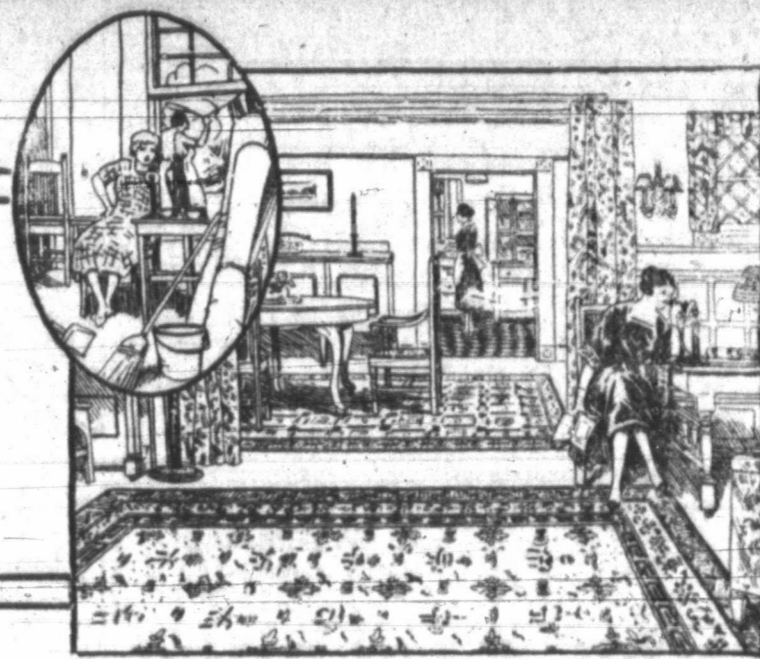

### AMERICAN PEOPLE WERE ALWAYS PRO-ALLY

Writing in the May Atlantic Monthly on this country's part in the world war, General Ludendorff asserts that from the very beginning the government of the United States was never neutral and intimates that from the outset there was a secret understanding between Great Britain and America. Of course this is untrue; the government at Washington was strictly neutral until Germany wilfully made such a policy no longer possible. But it is true that, with the exception of the pro-German elements, the people of this country were never neutral in personal sentiment. Americans were pro-Ally because they recognized imperial Germany not only as a menace to Europe but as designingly unfriendly toward the United States.

Germany's thinly-veiled hostility and open arrogance had been displayed in several instances—in Samoa in 1886, in Manila in 1898 and in Venezuela in 1901. This feeling among Americans would have been still more pronounced if they had known that Germany, in her determination to ignore the Monroe Doctrine, went so far as to land armed marines in Haiti on the very eve of the outbreak of the World War. Apparently the explosion in Europe came earlier than was expected, for the German minister to Haiti, with word from Berlin, hurriedly met the landed German marines and ordered them back on the cruiser Karlsruhe. The fact that the Washington government did not make this incident public at the time is further proof of its purpose of neutrality as long as might be. The incident itself points toward the conclusion that but for the outbreak in Europe the German course in Haiti might have dragged us into war in defense of the Monroe Doctrine. Americans of 1914 had even more reason than they knew of to distrust Germany and favor the cause of the Allies.

### No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC gives regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 50c per bottle.

"Through with my housecleaning? Yes Indeed, Dear—and I've Texoleum to Thank for it, too!"

WHY, housecleaning's no work at all—with Texoleum! Just a light mopping and the floors are spick-and-span. And to think what a drudgery it used to be—with those messy old carpets and fabric rugs! Really, Grace, you must adopt Texoleum—you'll take so much more pleasure in your home."

Elegance, Convenience And Perfect Sanitation At Far Less Cost

—these are the features of Texoleum that have endeared it to discriminating housewives. All the old-time drudgery of sweeping and beating heavy carpets and rugs and tugging them in and out—of ripping them up and stretching and tacking down again—ends when Texoleum is installed. There's no tacking or fastening to do—no heavy lifting or cleaning—little or no care of any kind. Yet your floors are always neat and tidy-looking.

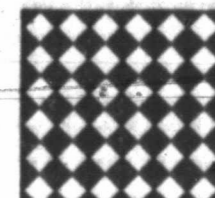

In fact your entire home atmosphere is changed. Rooms that were dusty and musty become bright and cheerful and airy. Old-fashioned "dark room" staleness gives way to sunny modern elegance and sanitation.

And with all this Texoleum is economical. Costs far less than carpets or woven rugs, and wears like armor for years and years. Has a tough, wear-proof surface impervious to heat, cold, water, fire, moths, stains, germs and vermin.

Comes in a wealth of beautiful patterns and colors, and in sizes and designs suited to every room and foot-space in the house.

## Why Do Men Live?

Everlastingly seeking happiness, striving to make the dependents feel free from worry, man often finds in Life Insurance the greatest ease of mind. Without storing up a large sum of money, men can now feel the security that only the knowledge that loved ones will have protection should he be removed from an earthly life, can give.

Men live to protect, to build, to accomplish—and Life Insurance is the safe guard which he throws about him while attempting the realization of his ambition.

NEIL H. WRIGHT

Representing Southland Life Insurance Company

"It does make a difference in what company you buy"

### \$120 RAISED BY AMERICAN LEGION MEMBERS SATURDAY

Tag day was a big day for the local American Legion members, as the campaign they waged for finances Saturday, using the tags for the attraction, was a big success, about one hundred and twenty dollars being subscribed.

Adjutant Slagle accredits the splendid efforts of the young ladies who helped sell the tags to the success of the day, and expressed a desire to have the kind feeling of gratefulness the entire membership has for them expressed to the people.

The Legion has a large program to carry out, and it is gratifying to note that they have the full cooperation of the Lubbock people in getting funds to carry out their work.

In our estimation the Legion membership is about the hardest working bunch of men in town and it is well that their demands be considered. They are the men who were getting army life at thirty dollars and their board per month,

while less capable workers received ten to twelve dollars per day and kicked at the high cost of living, and were subjected to no danger whatever. If it is a Legion member that is putting over anything it is up to the people to express their appreciation for the work they accomplished in the past, but this is not the way the Legion members look at it. They do not ask for anything to further their individual cause. They go after the work they wish to accomplish for the community with that determination to win that always receives applause and usually sees to it that the other fellow kicks in, which is a laudible work, and should be appreciated.

### SENATE PUTS OFF REPORT ON HOUSE ANTI-LYNCH BILL

### Another Low-Rate Certificate Is to Be Issued Soon

The Reserve Bank of Dallas, will receive subscriptions, beginning this morning, to an issue of \$200,000,000 of Treasury certificates of indebtedness at 3-1-2 per cent, dated June 1, to mature Dec. 15, 1922. The quota assigned to this district is \$4,800,000. Notice of the new issue was received yesterday afternoon.

The Treasury has certificates to the amount of \$379,000,000 maturing on June 15, and these will be accepted at par and accrued interest on subscriptions to the new issue. Victory notes of the 3-3-4 per cent issue will also be accepted at par and accrued interest on subscriptions to the new issue. The notes have been called for redemption on June 15, after which date interest will stop.

As the June 15 issue lacks considerable of equaling the maturities to be met June 15, it appears that another issue of certificates or gold notes will be offered on the latter date.

The two issues of certificates of indebtedness due June 15 and which the holders will be permitted to exchange for the new issue both bear higher rates of interest than the new offering. One issue of \$314,000,000 was sold June 15, 1921, and bears 5-1-2 per cent. Another of \$64,903,000, sold Dec. 15, 1921, bears 4-1-4 per cent.

#### SHERIFF'S NOTICE OF SCHOOL BOND ELECTION

State of Texas, County of Lubbock.

Common School District No. 20

To The Resident Property Tax-paying Voters of Common School District No. 20:

Take Notice that an election will be held on the 27th day of June, 1922, within said district, in obedience to an order of the county judge of this county made on the 27th day of May, 1922, which is as follows:

On this the 27th day of May, 1922, there came on to be considered the petition of S. D. Pate and twenty-one other persons asking that an election be ordered upon the question of issuing bonds of said school district for the purpose of constructing and equipping a public free school building of brick or brick and tile material within and for said district; and,

It appearing to the satisfaction of the county judge of said county that said petition is signed by at least twenty qualified property tax-paying voters of said district, and is otherwise in conformity with law, the said judge is of the opinion that said petition should be granted, and said election as prayed for should be ordered;

Now, therefore, I, P. F. Brown, in my capacity as county judge of Lubbock County, Texas, do hereby order that an election be held on the 27th day of June, 1922, which is not less than thirty days from the date of this order, at the school building in said common school district No. 20 of this county as established by Act of the 35th Legislature of the State of Texas, 4th Called Session, H. B. No. 175, Chapter 27, Section 3, at which election, in accordance with said petition, the following proposition shall be submitted to the resident-qualified property tax-paying voters of said school district for their action thereupon:

Shall the Commissioners' Court of said county be authorized to issue bonds on the faith and credit of said common school district to the amount of \$10,000.00, to become due and payable serially, \$500.00 three years from their date and \$500.00 each year thereafter up to and including the year 1940, and \$1,000.00 each year thereafter during the years 1941 and 1942, both inclusive, and bearing interest at the rate of not to exceed 6 per centum per annum, payable semi-annually for the purpose of constructing and equipping a public free school building of brick or brick and tile material in said district, and if there shall be annually levied and collected on all the taxable property in said school district for the current year and annually thereafter while said bonds, or any of them, are outstanding, a sufficient to pay the current interest on said bonds and pay to the principal as it becomes due.

S. D. Pate is hereby appointed presiding officer for said election, and he shall select two judges and two clerks to assist him in holding the same, and he shall, within five days after said election has been held, make due return thereof to the commissioners' court of this county, as is required by law for holding a general election.

Non-resident qualified property tax-paying voters of said common school district shall be allowed to vote at said election.

The ballots for said election shall have written or printed thereon the following:

"For the issuance of the Bonds and the Levying of the Tax in Payment Thereof."

"Against the Issuance of the Bonds and the Levying of the Tax in Payment Thereof."

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his vote.

(Seal) C. A. HOLCOMB, Sheriff, Lubbock County, Texas.

28-3F

## IT IS NOT TOO LATE TO PLANT

# The JONES ACALA

Probably 90 percent of the cotton from which our seed grew was planted after the first week in June last year. Read what our growers say:

"I was through gathering four months from the day I started planting."—J. K. Green, Paducah, Texas.

"I finished planting the JONES ACALA June 18th. November 20th I had gathered my crop of 43 bales off 85 acres, with practically no rain."—W. T. Fonville, Paducah, Texas.

"It is the EARLIEST and GREATEST DROUTH-RESISTER I ever saw."—L. E. White, Paducah, Texas.

December and January cotton is now worth above 20 cents. You can make no mistake this time in planting a late crop of the Jones Acala. Price \$2.00 per bushel.

## We Need the Railroad West

Four years ago we decided to locate in Lubbock, partly on account of the excellent railroad facilities.

We need more spokes in the Hub and the one to Hockley County should be the next one added.

There is just one way to keep the town from growing faster than the country and that is to develop the country.

Let's develop the territory west of us by building a railroad.

We know the more the country is developed, the more house furnishing goods we will sell—that's where we come in.

#### SHERIFF'S SALE THE STATE OF TEXAS, County of Hockley.

Whereas, By virtue of an execution issued out of the District Court of Lubbock County, Texas, on a judgment rendered in said Court on the sixth day of February A. D. 1922, in favor of Citizens National Bank of Lubbock, Texas, a corporation, and against H. B. Smith, Jr., H. B. Smith, and H. J. Fry, No. 140 on the Docket of said Court, and to me, as Sheriff, directed and delivered, I did, on the 27th day of May, A. D. 1922, at 9 o'clock A. M., levy upon the following described tracts and parcels of land situated in Cochran and Yoakum Counties, Texas, and belonging to H. B. Smith, to-wit: All of Section Two (2) in Block "Q", containing 640 acres of land in Cochran County, Texas, and all of Section Three (3) in Block "Q" containing 640 acres of land in Cochran and Yoakum Counties, Texas; levied on as the property of the defendant, H. B. Smith, on the 4th day of July, A. D. 1922, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M.—on said day, at the Court-house door of Hockley County, Texas, in the town of Leveland I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said H. B. Smith, in and to said property.

Witness my hand, this 27th day of May, A. D. 1922.

(Seal) J. A. STROUD, Sheriff of Hockley County, Texas 28-4

### Lubbock Pours It On Baird In Postal Writing

The following mention under a date line from Baird is real amusing when read by some of Lubbock people:

Baird, Texas, May 28.—"Donald Mayfield, 13, a sixth grade pupil here, likely has hung up a new Texas record. He has written 344 words on an ordinary postal card, winning a new suit offered as a prize by a local business house. The words are written with ink and pen and fill the card completely. Unless you have a pair of extra good eyes, you would need a microscope to read the words."

This is probably very good for a 13 year old boy, from Baird, but Lubbock has something that lays that in the shade for a long rest. Walter E. Taylor, architect of this

city, has a regular sized postal card on which he has placed 1300 words, and the work was done in about three hours. Mr. Taylor is sixty-six years old, but the words are readable, without a microscope. This one card is not the only one in existence either. He informs us that he wrote eight just like it, one for each of his children, and mailed them to them. The subject matter written on the card is a history of the wild turkey, and it is not only interesting because of the fineness and the clearness of the writing, but because of the interesting story that it carries. Mr. Taylor is a great hunter, and annually takes a month off from his work, and goes for a trip in the mountains, hunting wild turkey and other game. He says there is one thing certain that he has always made a point to do and that is never to let business interfere with pleasure, hence he is spry and enjoys life the best in the world, and is a most entertaining old gentleman, anywhere he is placed.

Come to Lubbock.

### SLIDE ITEMS OF INTEREST DURING THE PAST WEEK

We had a little sprinkle of rain Saturday night, and also Sunday night, but not enough to do much good.

Mr. and Mrs. Hubbard were in town on business the latter part of the week.

A few in the community got word there would be a concert Wednesday night at the school house, but on account of a little misunderstanding, there was no concert. A number of candidates from Lubbock came, these are the following names that I learned viz: Messrs P. T. Brown, Herbert Stubbs, J. W. Perkins, J. P. Nelson, D. W. Puckett, C. W. Beene, M. M. Crawford and Lester L. Miller. We are very sorry this all happened but are going to try the concert over and it will be given on June 9th. Everybody has a special invitation to come, and want all the ladies to bring a pie. The concert will be free of charge and sell the pies afterwards and the proceeds will go for the benefit of the city auditorium at Lubbock. Remember the date and come.

Misses Minnie and Ewel Harlow and Edith Edwards and Mr. Ellis Harlow from Slaton, spent Saturday night and Sunday at the home of T. J. Davis.

There was a singing at W. B. Copelands Sunday night. All present reported a nice time.

There was a singing at the school house Sunday evening. Several from Lakeview came up and helped out with the singing. Welcome visitors. Come again.

Mr. H. T. Bateman and family and Bennett Stanford spent Sunday at the Mabray home.

Those attending services at New Home Sunday night were: Misses Minnie and Jewel Harlow, Woma and Villa Davis, Edith Edwards, Messrs Leonard and Herschal Davis and Ellis Harlow.

The first Sunday is Rev. Pickens' regular time to preach. Everybody is invited to come.

Miss Billa Davis went to Carlisle Saturday night to play for the Woodrow community as Woodrow was to stage a play there.

Mr. Lee Sowell and family spent Sunday at Lubbock visiting.

Several in the community attended the Brunks comedian show Monday night.

Messrs Joe Henderson and S. L. Williams, from Lakeview passed through the community Monday en route to Lubbock.

Mrs. Mabray's two grand children from Abilene, are here visiting her for a few days.

Mr. Tucker's family visited relatives in this community last Sunday.

Born—To Mr. and Mrs. K. E. Tankersley, of Lubbock, Friday, May 26th, a fine boy. The young man tips the scales at eight and three fourths pounds, and is already a Lubbock booster of the first class.

## Lubbock Can do Without a Railroad West---

Just like a poor man who must have an automobile and fails to buy a Ford---

## A Big, Avoidable Blunder

Developed trade territory for Lubbock is an immediate necessity. That railroad westward will develop the territory.

For the man who needs an automobile, not a luxury, the Ford is what he must have.

### LET'S DO THE RIGHT THING

Build the railroad to the State line, and buy Ford cars and genuine Ford Parts at the authorized agency.

### CANDIDATE FOR CLERK WILL BE IN NEW HOME SOON

Herbert Stubbs looked so much like he had been elected to the office which he seeks Tuesday morning that an Avalanche reporter was prompted to ask why such happy-go-lucky appearance, and learned that his new home is about completed, and he will occupy it soon. That good dispositions and good builders match up pretty well possibly explains Herbert's manner of approach.

The new building is in the north part of town, and will add materially to Lubbock's substantiality.

### CITATION BY PUBLICATION THE STATE OF TEXAS.

To the Sheriff or any Constable of Lubbock County—Greeting:

You are hereby commanded to summon Ralph O. Bowers, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 72nd Judicial District; to appear at the next regular term of the District Court of Lubbock County, to be holden at the Court House thereof, in Lubbock, Texas, on the 2nd Monday in June, A. D. 1922, the same being the 12th day of June, A. D. 1922, then and there to answer a petition filed in said court on the 4th day of May, A. D. 1922, in a suit, numbered on the docket of said court No. 1572, wherein Winnie Bowers is plaintiff, and Ralph O. Bowers is defendant, and said petition alleging that she and the defendant were lawfully married about November 11th, 1912, and lived together as husband and wife, until about the 17th day of January, 1921, at which time the defendant abandoned the plaintiff, and they have not lived together as husband and wife since. Plaintiff alleged that the defendant associated with lewd women, cursed and abused the plaintiff and struck her with his hands and fists on divers occasions; plaintiff says she conducted herself as a loving wife would, and that said cruel treatment was the cause of the plaintiff's and that all of said cruel and harsh treatment continued up to the time of the separation as aforesaid. And all of which was of such a nature as to render their living together insupportable. Plaintiff asks that her maiden name be restored to-wit: Winnie Davis and that the court decree her in fee one-half of the rents and revenues arising from rents and use of the other half so long as she remains single, this being the homestead occupied by plaintiff and defendant, and that the court order sold lot 2, in said block for the purpose of paying the costs of this proceeding. Plaintiff asks for attorney fees for a piano, and all household and kitchen furniture, all of said property, both real and personal, being the community property of plaintiff and defendant. Plaintiff says that said marital relation now exists and asks that said marital relation be dissolved.

All of which more fully appears in Plaintiff's petition filed in the District Court.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Lubbock, Texas, this the 4th day of May, A. D. 1922.

(Seal) LOUIE F. MOORE, Clerk District Court, Lubbock County, Texas. 22-4F

### LONNIE MONTGOMERY UN- DERWENT OPERATION TUES.

An Avalanche reporter called on Lonnie Montgomery at the Lubbock Sanitarium Tuesday afternoon immediately after he was brought in from the operating room, where Dr. Hutchinson performed an operation on his left eye.

Lonnie has been suffering for several months because of the trouble, but it is believed that as the diseased tissues were removed he will be enjoying solid comfort within a few weeks, and certainly we hope he will.

### CITATION BY PUBLICATION THE STATE OF TEXAS.

To the Sheriff or any Constable of Lubbock County, Greeting:

You are hereby commanded to summon Rebecca Rockhill and husband, Stacy H. Rockhill, Silence Griffin and husband Zachariah Griffin, Martha J. Mentzer and husband Alexander Mentzer, Mary Boggs and husband Clinton Boggs, Geo. W. Turner, James M. Turner, Jas. M. Johnson, Jahne Johnson, Luther Johnson, Joseph Johnson, Rhesa Johnson, Frank C. Turner, Chas. E. Turner, Roxie M. Boyd and husband John C. Boyd, Allen L. Turner, the heirs and legal representatives of each of said defendants and the heirs and legal representatives of Joseph K. Turner, and the heirs and legal representatives of each and all of said parties, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper of general circulation, published in Lubbock County, Texas, which has been continuously and regularly published for more than one year prior hereto, in said county, to appear at the next regular term of the District Court of Lubbock County, to be holden at the Court House thereof, in Lubbock, Texas, on the second Monday in June, 1922, the same being the 12th day of June, 1922, then and there to answer a petition filed in said court on the 11 day of May, 1922, in a suit numbered 1582 on the docket of said court, wherein J. J. Richards is plaintiff and Rebecca Rockhill and husband Stacy H. Rockhill, Silence Griffin and husband Zachariah Griffin, Martha J. Mentzer and husband Alexander Mentzer, Mary Boggs and husband Clinton Boggs, Geo. W. Turner, James M. Turner, Jas. M. Johnson, Jahne Johnson, Luther Johnson, Frank C. Turner, Chas. E. Turner, Roxie M. Boyd and husband John C. Boyd, Allen L. Turner, the heirs and legal representatives of each of said defendants and the heirs and legal representatives of Joseph K. Turner, and the heirs and legal representatives of each and all of said parties, are defendants, and the said petition alleging that plaintiff trespassed to try title for title and possession of Lot No. Fifteen (15), Block 105, in the Original Town of Lubbock, Lubbock County, Texas; and also sues to recover the above described property and premises under the three, five and ten years statutes of limitation, said lot being located upon Survey One (1), Block "O" in said county.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Lubbock, Texas, this the 11th day of May, 1922.

(Seal) LOUIE F. MOORE, Clerk District Court, Lubbock County, Texas. 22-4F

## Don't Neglect These Principles of Battery Care

The very first thing to do when you buy a new car is to bring it in to Battery Headquarters and let us make sure the battery is in good condition.

Then it's easy to keep it going along the right path of slow, normal wear.

It's not much trouble to look after it yourself if you have a hydrometer, but we'll gladly do it whether your battery is a Willard or not.

When the Administration fires a Democrat it grows remorseful and turns around and hires three Republicans to fill the job.—Columbia Record.

## HOUSEHOLD DEPARTMENT

Helps, Recipes. Contributed Articles and Recipes Solicited for This Column.

### RECIPES

**Virginia Ham**  
Soak ham in cold water to more than cover for five hours. Scrape and scrub. Rinse and put on to boil in clear cold water, and boil until the skin slips off easily. It will take about three hours for a ten pound ham. Let cool in liquor.

Into the meat rub one cup of brown sugar, roll in fried fine bread crumbs and stick with cloves. Put in roaster and bake in moderate oven, about an hour. Baste with spiced vinegar.

**Corn Croquettes**  
Make a thick cream sauce of butter flour and milk, using about 3 tablespoons of butter, and one-third cup of flour. To this sauce add a cup of corn, either canned or fresh. Season to taste, and when cool shape and fry in deep fat as any other croquette, having first rolled in flour or cracker crumbs.

**Cucumber a la Stoneport**  
Take six large cucumbers, do not peel. Remove the seed pulp from the cucumber. Chop with three tablespoons of cucumber pulp, 2 medium sized tomatoes, 1 green pepper, ground fine, and 1 tablespoon ground onion. Season to taste. Put this mixture into the cucumber shells, sprinkle with bread crumbs or grated cheese and bake forty-five minutes in a moderate oven. The result is a delicious baked cucumber, tender and tasty.—From Kansas City Star.

**Asparagus au Gratin**  
Two small bunches asparagus or 1 large bunch, 1 cup white sauce, 2 tablespoons grated cheese, buttered crumbs, salt and pepper, few gratings nutmeg. Boil asparagus until tender in slightly salted boiling water. Drain and remove strings from bundles. Put a layer in a well buttered baking dish. Cover with white sauce and a few gratings of nutmeg, salt and pepper. Add another layer of asparagus and white sauce with seasonings. Continue layer for layer till all is used. Sprinkle with buttered crumbs and cover with grated cheese. Put in a hot oven for fifteen minutes to melt the cheese and brown the crumbs.

**Orange and Prune Salad**  
Prepare four large, firm oranges and slice them. Stone and chop coarsely 1-2 pound of freshly stewed prunes. Chop enough walnuts to make 1-4 of a cup. Arrange the orange slices on lettuce leaves, then sprinkle with the nuts. Beat the prunes into three fourths of a cup of mayon-pour over the orange. Dust with paprika, and garnish with sprays of watercress.—From the Kansas City Star.

**Coffee Ice Cream**  
Scald two cups of milk with 1-2 cup ground coffee. Mix 1-4 cups of sugar, 1 tablespoon of flour, 1-3 teaspoon salt, and one egg slightly beaten, then gradually pour on the hot mixture. Cook for about twenty minutes, over hot water, stirring constantly. When cool add one quart

of cream and one tablespoon of vanilla, strain and freeze.

**Meat Cut**  
Your fish steak should be ordered cut for the same reason you prefer thickly cut beefsteak.

**Good Omelet**  
If you would have light, thoroughly cooked omelet shake the pan gently while cooking and raise the cooked portions to allow the uncooked mixture to run over the hot pan.

**Preparedness**  
When bread is too stale for table use grate it and put it in a glass fruit jar. Thus when you need bread crumbs for the top of a food which you are baking they are already prepared.

**Colors**  
Gray, beige and tan tones are now enjoying a decided vogue. Paris has just launched an intriguing shade of red known as ruby.

**Graduates**  
In Lincoln, Neb., this year girl graduates will wear frocks of white crepe de chine. The Los Angeles girls have cast their votes in favor of voiles and dimities.

**Red Frocks**  
At the Paris races recently it was noticed that many of the Parisiennes appeared in all red frocks. Some frocks were of crepe and some of heavier materials. The most pleasing one was worn with a small turban of the same material as the frock.

**Fall Shoes**  
Fancy shoes are most popular now but the newer models, indicate a return to more conservative models than we are now seeing. Heels seem to stay "sensible."

**Popular Crepe**  
Georgette crepe continues to be a most popular material, and is especially so when it is printed in bright figures or brocaded in self-tones.

**Cleaning Hint**  
When you're cleaning house sprinkle the clothes closets with a little water in which tobacco has been steeped and then sprinkle with a little spirits of camphor. The latter destroys the odor of the former and together they will prevent annoyance by moths.

**"HOW WE CLEARED OUR SUMMER HOME OF RATS."**  
BY MRS. PERRY

"When we opened our seaside home last May, it was alive with rats. They'd gnawed all the upholstery. We cleaned them out in a week with RAT-SNAP. I prefer this rat killer because it comes in cake form, no mixing. Saves dirtying hands and plates." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Col-Myrick Hdw. Co., and City Drug Store.

**JOHN BULL MAY GET JAPS TO QUIT SIBERIA**

Washington, May 23.—The United States Government will be extremely well pleased if Great Britain, through exertion of friendly pressure upon Japan, can bring about withdrawal of Japanese troops from Siberia, officials said today.

This Government is firm in its attitude that Siberia should be evacuated "at the earliest possible moment," and this view is well known to the Tokio government, despite the fact that Secretary of State Hughes has not impressed the Japanese to name a definite date for the withdrawal.

The reported movement of Great Britain in making "friendly representation" to Japan came as a surprise to officials here. While the attitude of the United States toward continued occupation of Siberia by Japan has all along been known in London, there was no particular reason to expect the British foreign office to be sufficiently interested in the Far Eastern situation to take the initiative in attempting to bring about a settlement of so delicate a question.

### "EVERYTHING THAT'S MUSICAL WILL BE SOLD BY NEW FIRM"

E. A. and E. M. Everton, of Wichita Falls, are now full fledged citizens of Lubbock, and if you don't think they know how to boost the Plains just pick a fuss with them.

At any rate they are so thoroughly sold on the advantages and possibilities of this little city that they have made arrangements with Geo. W. Pickle, local contractor and builder, property owner and booster, to erect a twenty-five foot brick building on Broadway, in which they will house their music store. Mr. B. J. Edwards, of Wichita Falls is an associate, the business will be known as the Everton-Edwards Music Company. Mr. Edwards will arrive in Lubbock sometime next week.

When asked what line of music or instruments would be handled Mr. Everton replied, "everything musical," and emphasized the fact that they would be equipped to take care of both retail and wholesale trade.

"Lubbock needs a music house, and we want to live in Lubbock" is the reason Mr. Everton gave for having chosen this as their place to open the business. These men are known to Wichita Falls as boosters and builders of the first class and we are indeed glad to have them come to Lubbock, and with kindest personal regards and highest wishes for their success in Lubbock, we extend a hand of good fellowship and welcome to the new comers.

### CLAUDE HURLBUT AN INVENTOR AND MANUFACTURER

"Where's there's a will there's a way" proved absolutely true in the case of Claude Hurlbut vs Cold Water in his Tumble N pool, as Mr. Hurlbut invented, manufactured and installed one of the most complete heating plants possible, through which the water, direct from the well, will circulate, reaching the pool with all the chill knocked off. The apparatus was put in effect last Tuesday and from all appearances Mr. Hurlbut has solved his heating problem and the cost of maintaining this system will be small.

### SMALL FARMERS CAN GROW BIG ON PLAINS—GOLDWATER

Joe Goldwater, farmer, was in town Saturday from his fine farm, nine miles northeast of town, and reported everything looking mighty good in his vicinity. It is not to the man who tries to accomplish the most in the least time, but to the one who is on the job at all times, doing his dead level best to succeed, according to Mr. Goldwater's view, as he told an Avalanche reporter that his neighbors who depended on several varieties of crops, plenty poultry and livestock were making their way to the top gradually, and would be, within a few years, the really big farmers of that section. "Seeing what other people have been able to do by diversified farming and stock raising has made a believer of me," is the way Mr. Goldwater expressed his belief in Lubbock county farming.

### KEEN TO REPRESENT SOUTHWESTERN CHAMPS

Word came to us yesterday that as a result of a recent meeting of the Athletic Council of the A. & M. College of Texas, that L. S. (Tiny) Keen will be sent as the sole representative of the Southwestern Champion Track and Field team to represent A. & M. in the coming National Amateur Intercollegiate Athletic Association meet to be held in Chicago, June 16 and 17. The towering Aggie weight man will enter the javelin throw, shot put and Discus throw. He won the championship in the latter two events at the recent conference meet and broke his own record in the discus throw. He has made a letter this year on three championship teams—football, basketball and track.

### FORMAL OPENING R & R THEATER MONDAY NIGHT

Ed Rowley, manager of the R & R Theater reports preparations progressing nicely for the formal opening of that theater next Monday evening. These will not be a matinee that afternoon, the doors will be opened to the public at 7:15. Try Avalanche classified ads. They get results.

J. W. Willingham was in town Saturday from his home in the Carlisle community. Crops are especially promising in that vicinity, according to Mr. Willingham, who has been on the Plains several years and believes the 1922 crops promises to be the best ever gathered on the Plains.

J. F. Vance was here Saturday from his home near Shallowater.

Business is doubtless sound, as the experts say, but the sound is a little mournful.—Richmond News Leader.

## ACTIVITIES IN LITTLEFIELD AND SURROUNDING COMMUNITY

By Annie Douglass.

Littlefield at W. T. C. of C. Meet  
Littlefield was well represented at the West Texas Chamber of Commerce at Plainview. President G. M. Shaw of the Community Civic Club was there with most of his committee; A. P. Duggan with the park committee attended the meetings on park and playgrounds; Mrs. Wilbur O. Stockton as chairman on Civic Cleanliness; Mrs. G. M. Shaw with the entertainment committee no doubt, came back with many new ideas relative to civic entertainments. The Littlefield railroad committee was much in evidence by the large badges they wore and they report their meeting with delegates from Roaring Springs and other points east gives them renewed confidence in securing the Q. A. & P. The representatives of that road will coin be in Littlefield in regard to right-of-way, etc. President Sam Lazarus of the Q. A. & P. is now in Roaring Springs with his staff and we expect in a few days to be able to give out something definite.

Mr. and Mrs. Robinson Entertain  
Last Wednesday night quite a number of Littlefield people and ranch people were entertained at the Slaughter ranch by Mr. and Mrs. John Robinson. Dancing was the main feature of amusement while some enjoyed cards and "42", making a jolly good time for everyone. Dainty refreshments were served and it was at a late hour the guests took their departure. By their congeniality and the royal hospitality manifested in their home, Mr. and Mrs. Robinson made for themselves many new and lasting friends.

Mr. L. J. Sullivan and little son, Charles, are in Vernon this week visiting relatives. They will be accompanied home by Mr. Sullivan's mother.

Miss Alice Duggan returned Friday from Kansas City, where she has been attending school.

Mrs. Pool Earnest and daughter, Nell Ruth, spent the week end at the Silver Lake division of the Slaughter Ranch.

Mr. and Mrs. Phelps Walker spent last week in Temple, visiting friends and relatives.

Sheriff Tom Kennan was here the last of the week looking after business matters.

Miss Velma Yarbar of Lubbock spent the week end with friends here.

Mrs. C. F. Smith returned Sunday after spending a week with friends and relatives in Abernathy.

Miss Gladys Douglass spent the first of the week as guest of Miss Asa Shipman on the Flying-A ranch west of town.

Mr. J. P. White of Roswell is at the Yellow House Ranch this week looking after his extensive interests.

Next Monday night the Community Civic Club will hold their regular meeting at the Presbyterian Church; much work for the town is being done through this organization.

Mr. Ben Smith and Miss Pearl Stone of Portales, New Mexico, were guests of Mr. and Mrs. John Robinson of the Slaughter ranch Wednesday.

Mrs. Mary C. Williams left Sunday for Black to take hold of that station as relief operator for a few weeks.

J. T. Street was attending business matters in Lubbock Saturday.

Mrs. Sally K. Lively returned Sunday from Plainview, where she has been visiting friends and relatives for several days.

NEWS HOPE NEWS OF THE PAST WEEK

We are having some more rainy weather at this writing. A new cook arrived at the home of Mr. and Mrs. Cox on last Wednesday night. Mother and daughter are doing fine.

Mr. and Mrs. J. L. Floyd and Mrs. S. P. Eoff and son, Saly, were in town Saturday.

T. H. New Hope ball team went to Union last Friday afternoon for a game. The score being seventeen to six in favor of Union.

The Pate children visited at the home of their brother, Orland, Sunday.

Mr. and Mrs. Ealy Eoff and Misses Ettie and Lorena McDale visited their sister and Aunt, Mrs. Fred Barton, of the Carlisle community Sunday afternoon.

Messrs. S. D. Pate, S. D. Stewart, Lee Nix, Gus Haven, J. C. Roberts, and S. P. Eoff were among the business visitors to Lubbock Saturday.

Mrs. F. A. Battin and children, and Mrs. S. D. Stewart and children visited at the Cox home Saturday.

Mr. Calvin Eoff was a Lubbock visitor Sunday evening.

School will close the twenty-third of June, with a program. Everybody is invited to attend.

Misses Elsie, Alma and Fay Cox visited at the home of Mr. and Mrs. S. P. Eoff Sunday afternoon.

Some of the people of this community attended the Ghautauqua at Lubbock Friday.

Some of our young people attended the play given at Union Saturday evening.

Misses Veda and Stella Mae McDale visited at the home of their grandparents, Mr. and Mrs. S. P. Eoff Saturday.

Old newsy box has disappeared from our midst, or else is very busy at something as he did not tell much news this time.

FOR SALE—Cadillac for sale. Good 5-passenger Cadillac, excellent condition, will give terms to responsible party. Would trade for residence or land. Claude B. Hurlbut. 28-1f

NOTICE TO STOCKHOLDERS  
Notice is hereby given that there will be a meeting of the stockholders of the Lubbock Building & Loan Association at its office in Lubbock, Texas, at 4:00 p. m., June 12, 1922, for the purpose of amending the By-Laws and the transaction of such other business as may come before the meeting.  
J. O. ESS, Secretary.

YOUR THEATRE

TAKE PLEASURE IN ANNOUNCING

**FRIDAY**

TOM MOORE

"FROM THE GROUND UP"

WHAT YOU WILL SEE

- A typical Tom Moore Plot.
- A twenty-story skyscraper actually rises before your eyes.
- Pepperpads captured in the sneeziest way.
- The peculiar situation of a young man dictating a proposal of marriage to his own stenographer.
- Terence Gilkey spring up from the ground like a mushroom.
- Tom Moore as Valet to a steam shovel.
- Plenty of romance, action, and Irish humor.
- Tom Moore serenading the girl he hasn't got.

and

AT THE CHURCHES

First Presbyterian Church  
Mr. Geo. W. Briggs will occupy the pulpit at this church Sunday morning. There will be no evening service. Sunday school will be held at 10 a. m. as usual. All of the members and friends are urged to be present at these services.

The pastor has been called out of town for about ten days and will spend the time in Somerville, Houston and Navasota before returning to his duties in Lubbock.

Cumberland Presbyterian Church  
Sunday School—9:45 a. m.  
Preaching Services—11 a. m. and 8:15 p. m.  
Junior Endeavor, Don't forget the contest, 2:45 p. m.  
Senior Endeavor: Subject, Friendships, 7 p. m.  
Prayer meeting every Wednesday evening, 8:30 p. m.

The subject for the morning service, "The Dreamer and His Dreams." We are so thankful for the growth of all the departments of the church during the past six months, and do most earnestly ask that all members of the church will do your very best for God, and your church during the ensuing six months to the one end that God may be glorified, the church strengthened, and that the lost may be found. May each labor diligently "until" these ends be accomplished.

So glad to have all you visitors last Sunday, and trust you shall be accompanied back by others. We welcome one and all, every Sunday, and to all the services. Remember revival date, July 9th.

Children's Missionary Program  
The Sunday School children of the Church of the Nazarene will give a public program at the usual hour for Sunday School, in the interest of Foreign Missions, this is a great work, in teaching the children the value of service to our blessed Lord as well as the needs of the Foreign Missionary Field. We should attend these services to encourage the children and help the work. Please remember the hour from 10 a. m. to 11 a. m. Sunday June 4th. All are cordially invited.

Interesting recitations and songs, all by the children.  
Yours in His Service,  
W. B. Pinson, Pastor.

Don't fail to see us before you buy that bill of furniture. We might be able to save you some money, we also exchange new goods for second hand. We have this week a real bargain in a slightly used nine piece dining room suite. C. L. Williams Furniture Co., just North of Lubbock Sanitarium. 28-1p

# Cash Dry Goods Co.

N. Side Square. G. L. Mills, Prop

In response to a question as to "what actual value has Latin to the young man who must earn his bread and butter," Prof. R. W. Hubbard of Dartmouth College answers that it "is training for straightforward thinking" and "leads ultimately to clear and concise expression of good English." In other words, though it may do little for the man who employs only his hands, it should aid in the bread-winning of the man who works with his head.

It is reported that Attorney General Daugherty "has informed candidates for the Senate that they need not comply with Section 8 of the Federal Corrupt Practices Law requiring the filing of statements with the Secretary of the Senate of their campaign receipts and expenditures, either in the primaries or in the November election." This recalls the prediction that after Newberry would come the deluge.

"Business needs more able executives." That's encouraging. For a time we feared it would need an executor.—Pottsville Journal.

**NOTICE!**

All persons holding bills against the Lubbock Baseball Club are requested to at once present them to C. L. ADAMS, Sec'y.
