from abandonment on or about July 1, following a futile conference between representatives of the employees and W. T. Kemper, receiver, today, which was attended by Gov. J. B. A. Robertson, of Oklahoma, Gov. H. J. Allen of Kansas, and Allison Mayfield, State railroad commissioner and personal representative of Gov. Pat M. Neff of Texas, and other high officials and representatives from the various communities traversed by the Stillwell road.

Representatives of the employees stated that they were without power to act for their associates and that personally they did not favor any temporary reduction in their wages, as proposed by Mr. Kemper, who asked them to make a voluntary reduction of twenty per cent with the understanding that if the earnings of the road made it possible, the amount of the reduction would be returned to them at the end of the year.

Mr. Kemper stated that after paying current indebtedness, only \$46,000 would remain on hand on July 1, and that complete abandonment of the road was inevitable. When this money is gone, it will be absolutely impossible for the road to secure additional funds from any source.

Other relief from the government has not been forthcoming and even

if it did come at this late hour, would not suffice without employee's co-operation, Mr. Kemper said. The estimated deficit for this year will amount to \$1,740,000 based on present operating conditions. The loss for the first five months of this year has amounted to \$450,000. The Interstate Commerce Commission has been asked for an increase of fifty per cent in the division of joint freight, which, if granted, will give the road about \$1,300,000 of new revenue, salary cuts and other reductions in operating expenses, added to this sum will amount, it is estimated, to a total of \$1,845,756 which will allow \$105,353 for unforeseen contingencies, etc.

Governor Robertson of Oklahoma, stated that Orient taxation in his state had been reduced \$2,000 per mile in order to help the road, and deeming its continuance so necessary to the state as to make it obligatory to aid it.

High officials drew melancholy pictures of the desolation and ruin that would come to many communities if the road were abandoned in an attempt to bring the employees of the road to a sense of importance of their decision. It was a solemn conclave with the destiny of an empire at stake and it adjourned without hope.

The great importance of the Orient to West Texas could hardly be over-estimated. The great range country west of San Angelo would be absolutely without marketing facilities for livestock. The Orient is the only line between San Angelo and Sweetwater, and north it is the only north and south outlet for Fisher county. In a majority of the counties it traverses it is the only railroad, and many a town would have no excuse of existing without its facilities for reaching the outside world.

Will the employees of the Orient stand idly by and allow the road to quit? Will the business men, farmers and ranchmen along its line permit the Orient to die and decimate property values and stagnate business, and will the wilderness once more reclaim as its own the great empire of which the Orient is so important a nerve center? July 1 is but a few days distant.—Sweetwater Reporter.

FARMERS

ISN'T THIS SO!

—that seven out of ten farmers sell their grain straight from the thresher.

—that the big end of our enormous crop is dumped on the market in a few weeks immediately after harvest.

—that this grain cannot be consumed in less than twelve months and that some one must store it until needed.

—that it is no wonder the market is glutted and prices fall under the present marketing system.

—that grain can be stored in a Long-Bell granary on the farm for a cent a bushel per season, sold as the price is favorable to the producer, and that bankers lend money on farm stored grain.

—that your agricultural advisor—the one you pay to advise you—says the place for your team after harvest is in your fields preparing the seed bed—not on the road hauling grain.

—that you need all the profit there is in your crop—well then! Build a granary and help maintain the price of grain. Come in now with the running gears, we will see that you get the right material at the least cost.

County Home Demonstration Agent Arrived In Lubbock Thursday and Work Resumed—Will Be Great Help

At last the fight for a home demonstration agent for Lubbock County, which some of the Women clubs and the Chamber of Commerce, as well as many local people, have been engaged in for all these many days has been brought to a successful

conclusion. The office having been opened again Thursday.

The fight is over, the victors are enmassing their forces for some other work, while the Demonstration Agent, Miss Mabel Marsh of Fort Worth, is busy at her desk in the Chamber of Commerce office, tak-

ing care of the work that has accumulated during the absence of an agent.

The fight for a demonstration agent was headed by L. T. Martin, of the Chamber of Commerce, and is one of the big things he has won for the people of Lubbock and Lubbock county. The history of his activities to the end that the agent might be secured is interesting throughout, and those familiar with the work that has been done in that fight are enabled better to appreciate the work Mr. Martin is doing.

Mr. Martin assembled a fair presentation of the Lubbock Federation of Women's Clubs, from Lubbock and Rural clubs, which called upon the Commissioners' Court for the county's appropriation for the maintenance of the office, said appropriation being granted.

The Home Demonstration office is a part of the National Farm Bureau organization, and is maintained through the A. & M. Extension Department work, the State paying a fourth of the maintenance cost and salary of the agent, the National Government paying one-fourth, and the county paying one-half of the amount.

It is indeed gratifying to know that the people of Lubbock county are availing themselves of the opportunity the people of the government is offering them in the maintenance of one-half the expense of this office, and the Commissioners' Court is to be congratulated for their part in bringing the Demonstration Agent to this county again.

It is reported at the office of Miss Marsh that a representative from Shallowater was in her office a few hours after she had opened it, requesting that some assistance be given them in reviving the club there, which was organized several months ago, as they wish to be instructed in dress form work, and have none in the club who are familiar with that work. Their re-

quest will be granted within a few days.

Miss Marsh is a graduate of the A. & M., and having passed their most trying examinations, comes to Lubbock highly recommended, and we are sure she will prove a great help to Lubbock County people.

It is unnecessary for us to comment on the importance of having the home demonstration agent in Lubbock, as that office has been maintained heretofore, and proved a great asset to the people of the county, both urban and rural dwellers.

Let's thank Mr. Martin for his efforts in bringing this office into existence again, and the Clubs and Commissioners' Court which offered him such valuable service, in helping to secure the office.

Lubbock county people welcome Miss Marsh to Lubbock and their homes, and are glad to extend to her every courtesy and every assistance possible.

CITATION ON APPLICATION IN PROBATE.

THE STATE OF TEXAS. To the Sheriff or any Constable of Lubbock County, greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Lubbock County, a copy of the following notice:

THE STATE OF TEXAS. To all persons interested in the Estate of F. V. Neil, deceased, J. H. Reed has filed in the County Court of Lubbock County, an application for Letters of Administration which said application will be heard by said Court on the 17th day of July, 1922, at the Courthouse of said County, in Lubbock, Texas, at which time all persons interested in said Estate are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said Court on the first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Lubbock, Texas, this 14th day of June, 1922.

ARE YOU GOOD To Your Children?

Had you ever stopped to think of the harm you can do them by never denying them of many things easily done without?

Cultivate independence in your children—a desire to do things for themselves—to have things for themselves—to accomplish things with their own hands and minds. It means ability at a later time in their lives to meet the bigger problems. It may mean success!

We solicit the bank accounts of your children. This is, in our opinion, one of the forward steps in their lives and one of the most important.

And by your suggesting of a safe place for them to do business you will have set another example of worth. This bank is a safe place for children's accounts because it is for all ages.

WHY THE SOUTH IS IN THE BEGGAR CLASS

Why is the South in the beggar class? This is a question that has stuck in the minds of many people for long years past, and there may be many reasons assigned for this but we believe the most prominent among these is the fact that the Southern farmer, stock raiser, etc., work long and tedious hours producing stuff that goes to the North and is manufactured and developed into the finished product in a few days or months that bring them an enormous profit...

WATER AND SEWER BONDS ARE MERELY A BUSINESS PROPOSITION

Some people have gotten it into their heads that the Avalanche is tax crazy. We are not in favor of promiscuous tax levies, and we advocate conservatism along this line, but there are certain things that must be done, and the only way is to do so by taxation, or through bond issues...

PROHIBITION STILL IN POLITICS

Anyone who thinks that prohibition is a dead issue, and is not a live feature in the United States today is certainly not keeping up with the question of the day. Each day that comes and goes reveals to us the fact that the liquor people are on the firing line, and while they are not right out in the open charging the opposing forces, they are slyly getting in their work. They are pulling the wires, and will at the proper time jerk the thread that may put them over before the dry forces really know what is being done...

C. P. Guess, of San Antonio, special representative of the Planters and Merchants Mills people, with a mill at New Braunfels, Texas, was in Lubbock Wednesday making arrangements for speaking dates with the towns of several counties adjacent to Lubbock. He will speak at Slaton Saturday, and here Saturday, July 1, to explain in detail the possibilities of cotton mills and their importance to the industrial life of West Texas, which will be a great thing for the people of this vicinity to hear, and we are in hopes he will be given the opportunity to speak to large crowds. While we are not feathering the nest for any one Milling Company, and would not wish to induce any of our readers to invest in any one

company, we do insist on their taking these lectures to heart, and see what they think of the possibilities of establishing a mill in Lubbock, or somewhere in this great trade territory. Cotton is shipped too far from here for manufacture, and that is a problem that concerted efforts on the part of the people of this section can solve in little time, and at a profit to themselves if proper methods are employed, and we take Mr. Guess as a man capable of discussing the question with ease and clarity, as with his long experience in the work he is especially well versed in mills and their work, and has a message worth while for us all. Make an impartial, thorough look into the matter of establishing a mill in Lubbock, and if the plans offered by the San Antonio concern seem at all feasible, buck to it with a determination to accomplish something worth while for Lubbock and the Plains. In the meantime keep in mind that a mill sufficient to handle the cotton crops of this country for the

coming ten years would have to be a big one, as increased production of cotton will be realized every year and the increase will soon fade away the present production. LOCALS FROM THE LAMESA REPORTER O. W. Jones has made his report and officially turned over the new park to the Chamber and now the next move is putting up the first building here. H. E. Williams, C. T. Watson and Elmer Barron are a committee to report the budget on next Monday evening for the ensuing year's co-operation. At the Circuit Parsonage, Sunday morning June 11, Rev. C. B. Thompson said the ceremony that united C. A. Porter of Newlin, Texas, and Mrs. Essie Hamilton of Lamesa, in the holy bonds of matrimony. Essie Marshall has many friends here whose best wishes will follow her to her new home, for which they left at once. May life be to them all that is the lot of the happiest of mankind. On last Sunday evening, while John Deal and some other boys were playing with an old buggy, by pulling it up a hill and then riding it down, as it gained momentum, it had gained pretty good speed when in some way it left its course and ran into a wire fence and almost severed three fingers of one hand for John. He is a son of L. J. Deal, and was brought to Dr. Warnick at Caldwell's Drug Store for treatment a short while after. He is getting along fine at last reports. They were about 15 miles south of town, near their home when the accident happened. No greater shock has hardly come to this city than the sad news of the death of Mrs. W. S. Moore, on last Wednesday morning. Nearly two weeks ago, in the Baptist Sanitarium at Dallas, Mrs. Moore underwent a most serious operation, but friends had believed and hoped that this was only the beginning of better health for her and that her recovery would be but a matter of time, but on Wednesday morning at about 1 a. m., her spirit passed to the great beyond.

NOW IS THE TIME TO BUILD A HOME IN LUBBOCK

It looks like a better time to build a home in Lubbock will never come than right now. Choice residence lots that are available for building sites today may be gone within a few months. Lumber and practically all kinds of building materials is going up. This fall we predict the cost of building will be materially higher than now. Let us figure your bill.

SWEET POTATOES GROW AFTER WINTER IN GROUND J. A. Candle was here Saturday from his home on the Scroggin farm southeast of Lubbock, and brought a fine specimen of a sweet potato, with a lot of nice slips grown from it, which is indeed something unusual for this climate, as the potato came up volunteer in a place where the potatoes had been grown the year before. The fact that those potatoes, un-cared for, would remain sound and good throughout the winter is a pretty good indication that there are great possibilities for the potato industry on the Plains. Sweet potatoes do exceptionally well here, and it is indeed gratifying to note that they would remain sound and good throughout the long winter months and mature into growing vines in the spring, as that seems to us like an introduction to early planting on the Plains. Of course slips could not be planted too early with any degree of success, but it seems altogether feasible that the small potatoes could be placed in the earth in late winter and be ready to start foliage as soon as the ground was at all warm enough, giving them the same start the weeds have in the spring, which all experienced farmers know are up and growing long before other crops are even being thought of being planted. NEWS ITEMS FROM THE RALLS BANNER Adolphus Alexander, age about 22, member of the fire department and employed in the Dollar Bill Tailoring establishment, was wounded yesterday afternoon, by being shot in the back of the head with a bullet from a .32 or .22 rifle. The bullet struck him about the back of the collar and ranged up into his head, where it remains. The wound may prove very serious. FUNER T. Haney, celebrating proprietor of the City Drug Store, and Miss Mary Ramsour, popular telephone operator, were united in the holy bonds of wedlock last Thursday evening at Silver Falls, Elder W. S. Taylor speaking the words that made them man and wife. The Banner, together with their many friends, wish for them all the happiness that may come to wedded love.

Mrs. O'Connor Declares Tanlac Completely Restored Her Strength and Energy—Now Feels Fine.

"I couldn't ask more for my money than I have gotten from Tanlac, for its the biggest bargain I ever ran across," was the enthusiastic statement of Mrs. Mary O'Connor, 1334 Morgan St., St. Louis, Mo.

"I suffered from stomach trouble and I couldn't properly digest my food. The little I managed to eat seemed to cause gas which would press around my heart until it nearly cut off my breath. My head ached nearly all the time. I was very dizzy-headed and was so nervous I couldn't get any restful sleep at night.

"I have taken three bottles of Tanlac now and am in splendid condition. I eat anything, digest it perfectly, am free from headaches and dizziness, and my sleep is sound. I am indeed glad to give Tanlac credit for my wonderful health."

Tanlac is sold by all good druggists.

Oklahoman a Real Booster, Is Great Asset to His Town

S. D. Jackson, County Agent of Tillman County, Oklahoma, was in Lubbock last week to visit relatives, his home being at Frederick.

According to Mr. Johnson, that section is favorably situated at this time, as about one hundred and twenty-five thousand acres of wheat will average about fifteen bushels of

grain to the acre, some of the farmers reaping as much as thirty-five bushels per acre.

He is favorably impressed with Lubbock County, but an Oklahoma booster of the first class and we like him for that, would not let us make comparisons with the two counties as producers.

It kinder got our goat for him to state that though Lubbock is a mighty fine county, "Tillman County, Oklahoma is a little better."

Such men as Mr. Johnson are valuable assets to our country and we are mighty glad to have met up with an Oklahoman who was proud of the things his country was doing, and willing to boost the possibilities of her soil.

We know he is absolutely wrong, Lubbock County was never equaled, but nevertheless it did us good to hear him say such good things about his home town and the surrounding territory.

Mrs. Lotspeich, of Crosbyton, is in Lubbock visiting at the home of her sister, Mrs. J. A. Jordan.

A Real, Live Game Chicken Used to Advertise Picture

Bebe Daniels was not the only "Game Chicken" at the Lindsey Theatre Monday and Tuesday by any means, as a large, challenging fowl of that fighting specie was displayed in a large crate, and placed in front of the building.

If that is not live advertising we do not know what is, yet it was only typical of the manner in which the management of that show goes after the business. Their advertisements in the Avalanche are fully as live and as game as was the rooster, and furthermore the management sees to it that the entertainment they offer is fully as live and as game as they advertise it to be.

Mr. Business Man, isn't it evident that Ed. Rowley is making a success of the show business in Lubbock? Isn't it also evident that he is making advertising a large item in his program? Isn't it practical then, that advertising is a great drawing card? Of course the printers on the Avalanche, or any other publication so far as that is concerned, cannot meet your customers at the door, wrap up the goods, take their money and go place it in your cash register, but we do claim they can get Mr. Customer there for you, and it is up to you to do the rest.

The writer happened to see the picture in question and it was mighty good. A game chicken was shown, two of them, and if a fellow happens to be in tune to enjoy a chicken fight that one was certainly a good one. But the fighting fowls have very little to do with this article. What we are talking about is, if you are trying to sell a Game Chicken Article to the Public, a Game Garden Plow or a Game bunch of Groceries, just tell your customers it in a constructive Game Advertisement, and we assure you the money spent will prove a great investment.

The Avalanche has a lot of space for sale and our Advertising man knows how to put game punch in your copy.

SLIDE LOCAL NEWS OF THE PAST WEEK

We are having some real warm weather here of late. A little rain would be appreciated.

Mrs. Atkins left Saturday for her home, after a few days visit with her daughter, Mrs. W. D. Arnett and family.

Miss Lavenia Williams is attending the summer school at Lubbock. Mrs. C. A. Hubbard is at Fort Worth for a month's visit with relatives and friends.

There was a base ball game at Slide Saturday evening. The Rouses nine came over and were defeated 7 to 0 in favor of Slide. Then Woodrow nine played the next game and were defeated 17 to 12 in Slide's favor. The home team was feeling very glad over winning two games in one day. Slide and Woodrow will play at Woodrow next Saturday afternoon. Everybody come out and help root for your home team.

Miss Beatrice Riddle from Ovalo, was a guest at the home of Mr. C. Stagg and family, the past week.

Mr. R. T. Jenkins and family, from Woodrow, were in the community Sunday evening.

Messrs. J. B. Stanford and wife, visited their parents Saturday night and Sunday, and little Marian Mabray went home with them for a few days visit.

Mr. J. E. Hubbard and wife, went to Slaton Monday, to visit their daughter.

C. L. Reiger and family, H. T. Bateman and family, spent Sunday at the Mabray home.

Mrs. Bateman is on the sick list this week. We all hope for a speedy recovery.

Mrs. Mabray and children, spent Monday afternoon with Mrs. Bateman.

Several from this community attended church at New Home Sunday night.

The school contract has been let to Mr. Burnett and his sister, at Ralls. Mr. Burnett and family will move over in the near future and be ready to begin school the first of the term.

A few in the community attended the party at Mr. Carrol Nettle's, Monday night.

Messrs. Gamble, Richey, Moore, and their families, visited at the Moore home Sunday afternoon.

WHITEWRIGHT MEN HERE ON PROSPECTING TOUR

T. H. Sears, W. F. Holland, H. Broadhead and Editor J. H. Waggoner, of Whitewright, Grayson county, Texas, were in Lubbock last week looking after land interests.

Editor Waggoner spoke very complimentary of the possibilities of Lubbock, and seems especially well pleased with the kind of soil we have here.

The fact that every man in the bunch owns land in Lubbock county speaks well for their good judgment and we are in hopes that, before many years they will decide to make their home on the Plains.

Editor Waggoner, owner and publisher of the Whitewright Sun, a weekly publication, is an energetic, capable publisher, and we are indeed glad to have such men acquaint themselves with the greatness of the Plains.

SERVANT GIRL WOULDN'T GO IN CELLAR, FEARING RATS

Mrs. Tepper, Plainfield, N. J., says "Rats were so bad in our cellar the servant girl wouldn't go there. Bought some RAT-SNAP and it cleaned all the rats out." RAT-SNAP destroys rats and mice. Absolutely prevents odors. Comes in cake form, no mixing. Cats or dogs won't touch it. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Cole-Meyrick Bldg. Co. and City Drug Store.

Mrs. M. Liming, of San Angelo, is at the home of her parents, Mr. and Mrs. L. H. Shelton for an extended visit, accompanied by her children, Bessie, Alice and Margaret. The ideal climate of the Plains is attracting many people to this section, and we are mighty glad to know that here they find all the conveniences and advantages of the best known resorts.

THE HOME OF THE SOUL

In olden times, it was believed that the seat of the soul was the stomach, most likely for the reason that a man is never so completely used up as when his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.

J. E. Cantrell and family, passed through Lubbock Wednesday morning enroute to Colorado from their home in Johnson County. The roads are very rough and hard to make, according to Mr. Cantrell.

Mrs. W. E. Starnes and daughter, of Slaton, were in Lubbock Tuesday, visiting friends and relatives.

A BUSINESS COUPE OF STEEL

Dodge Brothers offer to the business public of America an entirely new principle in Coupe body construction.

From framework to window moldings the body is built of steel. It is the first all-steel closed car ever marketed. This design anticipates every possible requirement of commercial travel. It insures unusual quietness—unusual grace—unusual stamina. It has made it possible to give the Coupe that same lustrous baked-on enamel finish for which Dodge Brothers open cars have long been famous.

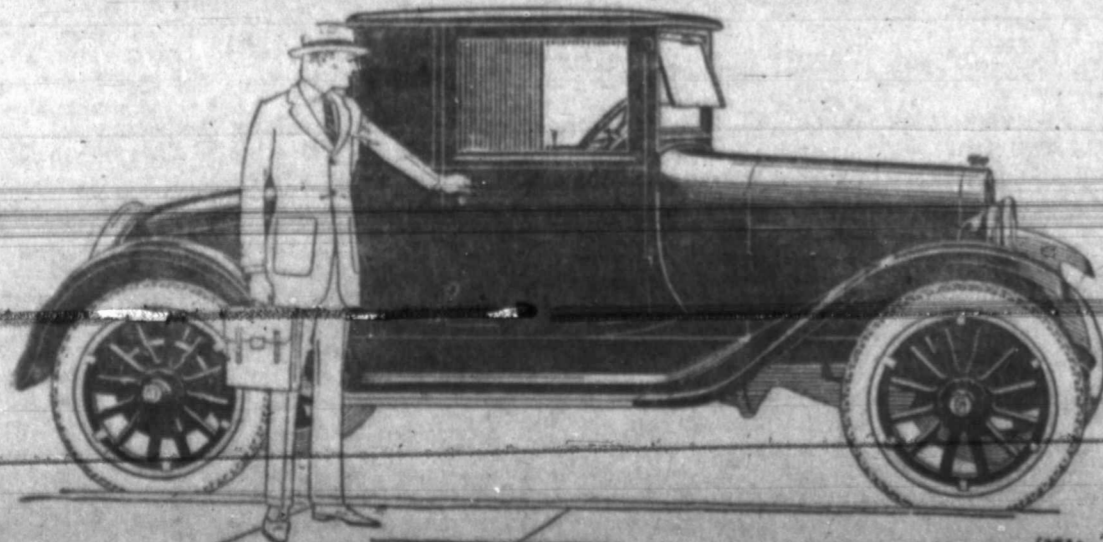

The upholstery is of genuine leather—leather that will wash and wear. The seat is wide and comfortable. Carrying compartments are accessible and spacious. The car is equipped with a heater, dome light, window levers, windshield cleaner, cord tires, Yale door locks, and every other appointment necessary to the owner's comfort and protection.

Built inside and out to withstand the wear and tear of everyday use, it retains the same lightness and beauty of line which you are accustomed to look for in Dodge Brothers cars.

It is the Business Coupe which business people the world over have been expecting—from Dodge Brothers.

The price is \$980 f. o. b. Detroit

HUBBERS DROP LAST GAME OF SERIES TO SWATTERS

The Lubbock Hubbers dropped the last of the three game series here Monday to the Sweetwater Swatters, 10 to 6.

The locals couldn't count until the eighth and looked as though they were going to suffer a shutout, but in the eighth they got to Richburg for two singles, a double and two walks, netting three runs; Brooks singled, King doubled, Goyer walked, filling the bases; Brown singled, scoring Brooks and King. Battle grounded out scoring Goyer, Allen scored Goyer, Earnshaw walked, Allen was out, pitcher to first, Morgan struck out.

Again in the ninth, a rally was had by the locals, but failed to even up the count. Speegle singled, Brooks was out, second to first, King walked, Goyer walked, filling the bases, Brown singled, scoring Speegle and King, but was out on a fielder's choice on Battle's ground-er to Hornsby on second. Brown singled, scoring Goyer, Allen flied out to Word, in deep right.

Visitor's heavy end of the fracas came in the sixth when they counted four runs. Richburg tripled, Bupp singled, scoring Richburg, advancing to second on White's sacrifice; Hornsby singled, Mason tripled, scoring Bupp and Hornsby, Pipkin flied out to Langford, Curran tripled, scoring Mason, Gressett flied out to Battle. Green was relieved in the seventh by Morgan.

Speegle hit a couple of singles and a double out of five times up and Brown got a couple of singles and a double out of an equal number.

Wild pitch, Morgan, Richburg, passed balls, Allen. Time of game 2:25. Umpire Spencer.

Bobby Speegle must have looked mean to Richburg, the big Southpaw from Sweetwater, when the first two trips up he laid out a couple of nice doubles.

Langford got a little too conversant with Ump Spencer Monday and was sent to the bleachers. But Earnie finishing the game for him and got two singles and a walk out of three times.

Richburg, the big Sweetwater Southpaw rather "blowed up" in the eighth when everybody coming up hit him for a bingle. Then "Pop Boy", attempting a relief, threw three balls and gave up in despair. Murderer's row faced him. We don't blame him.

If Ward hadn't gotten under "Skipper" Allen's long one to right in the ninth Monday with a brilliant catch, things sure would have looked different.

HUBBERS LOSE FIRST GAME TO GASSERS TUESDAY

The Hubbers dropped the first game of the three game series here Tuesday to the Amarillo Gassers, 7 to 4. The locals held the lead until the seventh inning, when by four hits, an error and a hit batsman, the visitors counted four runs, thus taking a lead that could not be overcome. Cantrell was relieved in the seventh by Woodriddle, after a single and an error, who allowed three hits, a walk and a hit batsman before the side could be re-liced.

The first count of the locals came in the third when Goyer walked, was out on a fielder's choice on a grounder by King, Langford then parked one over the center field fence, scoring King ahead of him. In the fourth after two men were down, Allen parked another practically in the same place. Again in the seventh after two men were down, Goyer sent out a three-bagger and scored on King's single.

Cantrell pitched excellent ball all the way, allowing only eight hits, one to the inning except in the third when the visitors got two. Langford's single and homer out of three trips, and Fitzgerald's spectacular catch of Speegle's long fly to left center, featured.

One of the largest crowds yet seen on the local park, variously estimated at from 2,000 to 3,500, witnessed the contest. The score:

HUBBERS WALK OVER AMARILLO SECOND GAME, 14 TO 2

Ward was more than the Amarillo Gassers could handle Wednesday, and the Hubbers took the second of the series here from them, 14 to 2. He allowed only six hits, and but for the fact that he walked five men, three of them in one inning, he would have scored a shut-out. In the fourth he walked two men in succession, then on a single by Byers the visitors scored one run.

In the first frame on errors by Earnshaw and Brooks, and a single by Fitzgerald, one was counted. The locals started their counting in the second when Langford led off with one over the center field fence, Brown flied out to Comstock, Goyer singled and advanced on Comstock's error, Brooks struck out, Allen doubled, scoring Goyer; Ward grounded out to first.

In the third Speegle opened by driving a hot one at the first sack which bounded toward Hitt, who beat him out; Earnshaw singled, King walked, Langford singled, took second on Comstock's throw to the plate, advancing King to third, Brown singled, scoring King and Langford. Goyer went out second to first, Brooks flied out to Johnson. In the fifth, King's three-sacker and Brown's single counted another.

In the seventh, Earnshaw reached first on Moore's error, King singled, then Langford clouted another over the fence accounting for three runs. Then in the eighth, the fireworks opened, and the Gassers blew sky high. Hitt was bingled for six hits and his comrades charged with three errors, which netted five more runs.

The slate was scratched all over with hits, Langford getting two homers and two singles out of five times up, King got two singles and a triple out of four, and Allen got two doubles and a single out of five. Seventeen safe singles and four fire passes are charged up to the Gasser twirler. The score:

HUBBERS LEAVE TODAY FOR TEN DAYS ROAD TRIP

The Hubbers leave home today for a ten day road trip, and during the time they are gone the first half of the season will close same being the 28th of this month. Although they are so near and yet so far from the pennant, they leave with lots of pep, full confidence, and the assurance that no stone will be left unturned for the wagging of that first half pennant over the Hub of the Plains.

They open today at Abilene for three games, and if we don't get about two out of that three, it won't be because a fight was not made for them. From Abilene they go to San Angelo for three games where the first half of the season will close. More than likely a double header will be played there every day for the three days, for we are behind three games at San Angelo, having lost a series there at the first of the season on account of rain. This gives us nine games before the close of the season, which increases our chances for a cinch on the pennant.

Listen, Boys, we can't fail to take at least seven of those nine. Not meaning that anybody has given up hope of winning, but we want to impress thoroughly on your minds that by a large majority we haven't lost this first half. These old Hubbers are in their fighting with all they have, and they mean to keep on fighting till the last. We haven't got a bunch of fellows that give up and quit in the pinch of the game, even though things may look a little dark to some, but believe me, Geraldine, they are in there, and they are in there to stay until this thing is thrashed out. Allow just a little moralizing right here: If we had a bunch of fans who would stay in and fight as hard and insistently as the Hubber lineup when they are playing the losing game, we believe things would look quite different. Get in the game to win, but when all hopes of winning are gone, stay in there and fight for the sake of scrapping.

Amarillo is making the fight of her life for this first half, and it is up to us to see that she don't get less than three games ahead of us, and although it is going to take some scrapping to beat them out, it can be done. They are on the road, and have six games to play, while we have nine, making the three games difference. Fellows, these three games must be taken. Get behind these Hubbers and let them know what you think of them. Tell them so before they leave today for the road trip. Get the old pep and stay in there.

Framed in a setting of ancient legend, romance and folklore, "The Bride's Play" is rich in magnificent background, pageantry and color. Monday and Tuesday—Robb & Rowley will present to the patrons of the Lindsey another wonderful picture—a story by the same author of "Humoresque," one of the big pictures of the past—Fannie Hurst, in "Just Around the Corner." The title of the play tells a story of a family living in New York's East side. It is a story of family devotion, of the struggles of the mother, a daughter and son to preserve the untarnished name of the family in the face of poverty, and their ultimate triumph.

At the Lyric Monday and Tuesday—"The Old Swimmin' Hole," featuring Charles Ray. Adapted for the screen from James Whitcomb's poem of the same title. Charles Ray is cast from the role of Ezra, the barefooted country boy whose love affairs and scrapes have made countless thousands weep and laugh. From the opening scene to the close the story is brimful of heart interest.

Wednesday and Thursday—Mr. McElroy offers the Lyric patrons a wonderful picture, "The Silent Call." The high Sierra mountains, one of nature's great handiworks, formed the background for the action of this picture. The story is a drama of the out-door West. Beautiful exteriors, romance of the silent places of virgin forests and mountains, and the novelty of a dog in the leading role.

Rev. J. T. Hicks, presiding elder of the Stamford District, Methodist church, came here Wednesday looking after business matters. He was present at the prayer meeting service at the Methodist church and conducted the service. Brother Hicks has a large number of friends in Lubbock, having been presiding elder of this place when it was part of the Plainview District and was later pastor of the church at this place. He was pastor here when the old Methodist church, was destroyed by fire, and led in building the splendid church which the Methodists as well as all of Lubbock is proud of. His many friends were proud to see him again.

The Hubbers leave today for a ten days road trip, and things are going to pop down Abilene and San Angelo way before the first half closes on the 28th.

Habitual Constipation Cured In 14 to 21 Days "LAX-POS WITH PEP-SIN" is a specially-prepared Syrup-Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to Take. 90¢ per bottle.

Yes Sir, if Lefty Ward didn't have those Gassers on the hip Wednesday we would like to know the reason why. We hate to say it, but they looked about like a bunch of school boys. Stay in there Lefty.

Garza Garage Owner Here to Attend Ball Game The fact that the Hubbers are getting the backing of more than the people of their home town was seen Wednesday when cars from all points of interest in this section of the country were in town, well loaded with baseball fans, who came here to see our Hubbers in action. Among those out of town visitors was Claude Sertain, proprietor of the Garza Garage at Post.

Lubbock is glad to welcome those visitors, and are glad to have such a splendid baseball team to keep them interested in this city. Sam Langford must be using some "Slippery Elm" on his stick, for those apples sure slid off that limb and sailed over the netting. We would like to add a third one to him in Wednesday's game, but Gasser got in the way and let the third one hit him, so it had to go for an error.

We believe that if Babe Ruth would play baseball instead of trying to keep himself before the public so much, he would get along better, and would certainly have a more solid reputation among the fans.

Well Sir, the GAS certainly escaped Wednesday in that exhibition. Somebody mentioned that the bag was punctured, but we will go one further and say that it was just one big "Blowout."

SOUR STOMACH INDIGESTION

Theford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficacy of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Theford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's.

Reports From the Harvest Fields In Other Texas Points

Collinsville, June 15.—The farmers in this section of Grayson county are progressing nicely with their crops. Oats and wheat are being harvested. Some oats in this section will make 40 to 50 bushels to the acre.

Harvesting Around Plainview.
Plainview, June 15.—Wheat harvest in the Plainview country is starting this week. Only a few farmers are cutting their grain. The last days of the week will be devoted to "tuning up" operations. By the middle of next week the wheat farmers will be harvesting. The crop this year is variously estimated at from one-half to three-fourths of the normal gross yield. The acreage is much less than last year. Many fields of wheat will make estimated yields of 35 bushels to the acre. E. L. Blanks, representative of a harvester company, predicts the South Plains will harvest three-fourths as much wheat this summer as last, despite the greatly decreased acreage.

Farmers have been busy preparing row crops and cultivating them and discing summer-fallow land. They will be busy for weeks, and as a result there will be a shortage of labor to harvest the wheat crops. The Plainview country can use many harvest hands during June and July. The large row crop acreage will assure employment for many through the fall.

Stamford Farmers Busy
Stamford, June 15.—Farmers in this section of the State are catching up with their crops rapidly, and say they have never had a time when there was more rapid growth in their crops than at the present. Many farmers state that they will make a fair feed crop without more rain.

Burnet Crop Conditions
Burnet, June 15.—The past several days of hot, dry weather here has been favorable for harvesting the oat crop, which is about completed. Harvesting of wheat is under way. Threshing will begin here within the next few days.

Farmers Complete Cultivation
Mount Vernon, June 15.—Bright weather this week is favorable to the farmers. Early corn that escaped wet weather is being laid by. Nearly all land is under cultivation. Cucumbers and other truck are starting to move. There are not many peaches due to a freeze in March.

Great Care Should Be Taken to Shock Wheat Properly

Kansas City, Mo., June 18.—Hundreds of thousands of dollars are lost in the Southwest every year, because of careless shocking, stacking or storing wheat.

The wheat shock that is poorly set up, or the one that falls down or those that remain in the field too long before being threshed, all cause a lowering in the quality of the threshed wheat. Unless the shocked grain can be threshed as soon as it is well dried, after being cut, it is nearly always best and far the safest to stack. The right kind of stacking improves the quality of the grain. Wet, green or weedy grain should not be stacked until dry. Damp grain will not thresh clean and there is danger of bin burning if it is stored in this condition.

To enlist farmers in a movement to give a little better care to harvesting the 1922 wheat crop and produce more good wheat, which can be done if the right methods are used, The Southwestern Wheat Improvement Association is conducting a campaign throughout its territory. Millers, bankers, business men, clubs and associations are co-operating with state agricultural colleges, state boards of agriculture, railroad agricultural departments, the farm press and farmers' organizations in putting on this work.

The aim is not only to produce a better quality of wheat and more wheat per acre, but to improve tillage methods, thus preventing general deterioration in our wheat quality, such as has occurred in other parts of the country in recent years. This campaign is under the direction of H. M. Bainer, who was Agricultural Director for the Santa Fe Railway for many years.

NOTICE OF ELECTION ORDINANCE NO. 205

An Ordinance calling for an election whereby the duly qualified voters of the City of Lubbock, Texas, may determine if bonds of this City in the sum of \$50,000.00 shall be issued by it for the purpose of building, extending and improving the water works system of the City of Lubbock, Texas, fixing the rate of interest such bonds shall bear, said bonds to be payable serially beginning 25 years from their date and to mature all bonds forty years from their date levying a tax to pay the interest and sinking fund thereon to discharge same at their several maturities, fixing a date for such election, appointing officers to hold same, providing for notices thereof and fixing a polling place; and declaring an emergency account of insufficient water supply.

Be it ordained by the City Council of the City of Lubbock, Texas: Section 1. That an election shall be held at the office of the City Secretary of the City of Lubbock, Texas, whereby the properly qualified property-tax paying voters of this city shall determine if bonds of this City to the amount of \$50,000.00 shall be issued for the purpose of building, extending and improving the water works system of the City of Lubbock, Texas, on the 18th day of July, 1922, at the usual hours for holding elections under the general laws of this State, and W. S. Clark, R. T. Penney and L. H. W. Terry are hereby appointed as judges to hold such election, conformable to the laws regulating same.

Section 2. If a majority of such voters voting thereat shall vote in favor of the issuance of such Bonds there shall be issued and sold by the City such amount of bonds, all to be dated the 1st day of August, 1922, and of \$1,000.00 each, shall bear interest at a rate not greater than six per centum per annum, payable semi-annually on the first days of February and August, each year thereafter until the bonds are severally retired; such bonds shall mature as follows: Nos. 1 and 2 on the first day of February, 1925, and the two bonds next in numerical order shall mature on the first day of February, 1926, and continuing two bonds next in order each year on the first day of said month until 1938, when bond No. 27 shall mature, thereafter one bond each year in consecutive order until all have matured.

Section 3. In the event said proposition shall carry, as mentioned in Section Two, a tax will be levied on all property in the City subject to taxation, sufficient to pay the interest and create a sinking fund to retire each bond as the same shall mature.

Section 4. The Mayor of this City and the City Secretary thereof, shall duly authenticate a copy of this Ordinance and cause the same to be published in some newspaper published within this City, and the publication shall continue until due notice has been perfected, and at the election those desiring to vote in favor of the issuance of such Bonds, shall have written or printed on their several ballots, "For the Issuance of Water-Works Bonds in the sum of \$50,000.00 and levying a tax sufficient to pay the interest and create a sinking fund to pay and re-

LITTLEFIELD MAN HERE ON BUSINESS TUESDAY

C. O. Munson, progressive farmer in Lubbock Tuesday to buy wool sacks in which to ship his crop of wool which will be clipped the latter part of this week. Munson is one of those diversified farmers, who raises everything from fine chickens to thoroughbred cattle, including horses, pigs, mules, sheep and goats, and his field crops are as varied, but it is a fact that the 1922 boom of sudan seed prices has made it mighty hard for

him to keep off of that crop. We are mighty glad for the merchants of Lubbock to enjoy the trade of such men as Mr. Munson.

With our experience and equipment we have a notion that we could work out a pretty fair sort of battery service without much help.

But we also have an idea that it wouldn't measure up to the brand of service developed for our use by the Willard Storage Battery Company.

As Battery Headquarters we have the benefit of their years of experience, and of the definite national standards of service they have been able to develop as a result.

Come in! No matter what make of battery you happen to have it needs the sort of attention provided by the Willard Standard of Service.

A. G. Hunt and Sons Return From a Two Weeks Hunting Trip

A. G. Hunt and sons, Ewell, Roy, Homer and Alvin, returned Friday from a two weeks' hunting trip, on which they visited places of interest in Southwest Texas and New Mexico, the Davis Mountains being the most important place they visited.

Mr. Hunt has been staying in mighty close with his grocery business, and the trip was indeed a well deserved one.

The boys are back at home tickled greatly about the sport they enjoyed, hunting game of all kinds and fishing where fish were plentiful, being one of the greatest attractions a youngster can know.

According to Mr. Hunt, there is no need of one worrying about the expense of such trip, as in his new Ford car no difficulties were encountered in getting over the roads, and the trip was made on very little money, as fresh game was the source of many fine feeds, and the ideal wether made camping out a regular sport.

When it comes to hard workers, Mr. Hunt and his boys are there with a reputation, and from all accounts they know how to play, for the trip was a much enjoyed one, and will be a great stimulant to their getting back to their duties in the store.

From the time the party left Lubbock on their way out, until they reached the city limits on their return great fun was experienced, as rattlesnakes, jack-rabbits and coyotes were plentiful for target practice before they left the Plains, and after reaching the hill-lands many other animals were hunted and killed.

CALOMEL MAY TURN ON YOU NEXT TIME

Next Dose You Take May Salivate and Start World of Trouble

Calomel is mercury; quicksilver. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel. It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate. 10-13

MERCANTILE STORE AND CAFE AT SLATON BURNED

The W. S. Hodges Mercantile Store of Slaton, and the American Cafe were burned out Saturday night, the fire having started in the Cafe about twelve o'clock, and the buildings in which the businesses were housed were completely destroyed, together with the contents.

The Hodges store contained somewhere between eighteen and nineteen thousand dollars worth of goods, while the cafe equipment amounted to about one thousand dollars, the buildings totaling a loss of about five thousand dollars.

The Hodges stock was insured for about thirteen thousand dollars, and it is not known at this time how much insurance was carried on the cafe and buildings.

IMPORTANT LAND SUIT ON TRIAL IN DISTRICT COURT

The case of Seaton vs. Brasfield, an important land boundary suit, involving many sections of land in Block 29, in the south part of Lubbock county, is being threshed out in District Court this week. Perhaps no boundary case of more importance has been tried in West Texas in recent years than this particular one. An array of legal talent is well represented on both sides, and we are assured each and every question of law and fact will be well fought out. It is thought the case will consume the entire week. In all probability, the decision here will not be final, and it will be carried through the higher channels before the judgment is accepted as final.

gill of cold water. Brown three tablespoons of sugar, add a cup of milk and stir. Mix the yolks of five eggs and three tablespoons of sugar, a teaspoon of vanilla and two tablespoons of cold milk. Add a little of the hot milk and then add the egg mixture to the hot milk and stir until it is thick.

Fighting the Fly. It is everybody's duty to fight the fly. He is our deadly enemy and must be exterminated.

A Good Fly Trap: Fill a tumbler two-thirds full of soapy water. Spread a slice of bread with molasses and cut a round hole in the middle of it.

Poisoning Flies: A poisoned paper comes for this purpose, to be placed in a saucer of water. But in a home where there are small children, or pet animals, this method—although it is a good one—had better not be used.

Discolorations of china teacups can be removed by rubbing the spots with a damp cloth dipped into ordinary salt. Teaspoons that have become stained with the yolk of an egg can be made clean and bright by rubbing with a dry cloth dipped in salt.

To stop leak, beat yellow soap and whitening with a little water to a thick paste, cover over the leak and it will be instantly removed.

New Organization For Mothers And Daughters

Mrs. Ed Schroeder was in town Saturday from the Schroeder farm one and one-half miles southeast of Lubbock, and announced that the ladies of that community had organized a Mothers-Daughters Club, to which all mothers and their daughters are eligible to membership.

Organization work had progressed nicely, and a meeting was called for Wednesday, but on investigation it was learned that the County Home Demonstration Agent, Miss Marsh, would be able to meet with them on Thursday, and the meeting was postponed until that time.

The name of the organization has not been determined, that being one of the most important matters brought before the meeting, and Miss Marsh will no doubt prove a great help to the ladies in completing the work.

The object of the organization of club, we are informed, is to have the mothers and daughters become better team-mates in club work, which is indeed a plausible work, and the Avalanche extends heartiest wishes for the success of the new club.

Names of the officers, club name, and other details of the meeting will be published in our next issue.

W. D. Benson, of Breckenridge, one of the first attorneys to practice in Lubbock County, was in Lubbock this week on business, and incidentally visited a number of friends. He is a live wire and a booster in every manner, and we are glad to have him roam his old haunts once again.

CALDWELL NEWS ITEMS OF THE PAST WEEK

We are experiencing some real crop-growing weather these days, but would appreciate a good shower.

Mr. and Mrs. Snider were called to the bedside of his father near Weatherford last week. They have not returned, and his father is reported very low.

Several families were guests in the Landers home Saturday night, including Messrs. McDonald, Hess and Malone, and families. All enjoyed the ice cream and cake that was served.

Mrs. J. K. Summers has been on the sick list, and was not able to attend Sunday School, last Sunday morning.

Miss Gladys Shaw has been ill since Monday, suffering from appendicitis. We wish for her speedy recovery.

Mrs. Edd Gillette was visiting with her daughter, Mrs. West, last Tuesday evening.

Mr. A. F. Hess and family, attended the singing at Vaughn school house, Sunday.

Miss Sandford of Abernathy, was visiting with Miss Snider last week.

CANYON SUNDAY SCHOOL OFFER BASEBALL RESOLUTION

We, the officers, teachers and members of the Canyon Sunday School, want to enter our protest against the majority vote of our Commissioners' Court in granting seven games of baseball to be played on the Lubbock Fair Ground. We also want to commend Mr. Wheeler Commissioner of Precinct No. 3, taken to preserve the sanctity of our Sunday.

CLAUENE NEWS OF INTEREST THIS WEEK

Flies? Yes, we're having a shower of them daily. I should say about a two-inch rain each twelve hours. They are bothering the teams so badly that you can scarcely keep them hitched.

Mrs. J. L. Thorp called Monday on Mesdames Teague and Murray. Ullis King, tax assessor of Hockley county, was at the county seat Monday on official business.

Mrs. Elliott and children, and Mrs. White, visited Tuesday afternoon in the Murray home.

Mr. Bob Swofford was having some notary work done by Prof. Teague last week.

Mr. T. C. Swofford has put in a bid on carrying the mail on the line that is to start the first of July. The route will leave Lubbock, so I understand, and pass through Leveland, Clauene, Ropesville and Slide, back to Lubbock.

Mrs. Nickell and grand-daughter, Willie Mae Hice, visited Mrs. Jim Thorp, Tuesday.

Mr. Irwin Patterson made a business trip to Lubbock Thursday, returning Saturday. He brought out a load of posts and wire for Ullis King.

Miss Wilsie Teague spent two nights last week with Mrs. Patterson, whose husband was away.

John Swofford went to Lubbock Friday, after a load of freight for the store.

E. B. Boyd, of Throckmorton county, has come to make his home with his father, in this place.

Mr. Pepper went to Meadow Monday, after a load of posts and wire. Many, like Mr. Pepper, have gone ahead and got their crops all planted and are now going to fence it while it grows.

Mrs. Thorp and daughter, Annie Lou, spent Thursday in Prof. Teague's home.

T. C. Swofford, Bill Murray, Ullis Kind and Weldon Teague, made a business trip to the railroad station at Ropesville Saturday, where they shipped some hogs.

Mr. and Mrs. Bill Murray were transacting business Thursday in Meadow and Lubbock. While in Lubbock they also took in the ball game between San Angelo and Lubbock.

Messrs. King and Teague were at the county seat, Wednesday.

The families of Harry Palmer and Bill Murray, took supper Sunday at the John Swofford home.

Mr. Jones and family, of Meadow, were in our community Sunday. Newt, Copeland and King Ardis, of Ropesville, were callers at the store one day last week.

Mr. and Mrs. Bill Murray took Sunday dinner with Prof. Teague and wife.

Next Saturday is the day set for the working of the new road thru to the county highway. The men are going with teams, plows, drags, etc., and will soon have it in first class shape. Messrs. Swofford and White are taking out some grubbs today.

A number of our people visited Mrs. Mullins of the old Abernathy ranch, last Thursday. Those present were Mesdames White, Palmer, King, Patterson, Murray, Justice, Justine Murray, Palmer King and Teddy Joe Palmer. They certainly report a pleasant day with Mrs. Mullins. Among many other good things they had for dinner, were fresh, home-grown peas and potatoes, apple pie, cherry cobbler, etc. Just think of it!

F. L. Robbins, of Ralls, is in a local sanitarium under care of specialists. He is a brother of Shelby Robbins, local insurance man.

The Race Victory at INDIANAPOLIS The Road Victory at WICHITA Help You Choose Tires

500 miles at 94.48 miles an hour—a relentless grind over a rough-finished, sun-baked concrete and brick pavement at record-breaking speed—that is the gruelling test Oldfield Cord Tires underwent successfully at Indianapolis Speedway May 30th. They were on the winner's car for the third successive year and on eight of the ten finishing in the money, upholding the confidence successful race drivers have in the trustworthiness and ability of these tires to meet the greatest demands of speed, endurance and safety. Their records in every other important race have been equally as good.

Consider this achievement along with another test of Oldfield quality made at Wichita, Kansas, this past winter and early spring.

34,525 miles on rutted, icy Kansas roads, running day and night on a Studebaker stock car without a single tire change. This test was made by a group of Wichita automotive dealers in a tire, oil and gasoline economy run. Mayor Kemp of Wichita was official observer and made affidavit to the mileage and service given by Oldfield tires.

You may never subject your tires to the gruelling experience of Indianapolis nor the steady grind of bad winter roads, but it is good to know you can get such safety and mileage economy by buying Oldfield tires. Ask your nearest dealer.

Agents Everywhere Oldfield Tires are distributed through 73 branches and distributing warehouses to all parts of the United States. More dealers are constantly becoming Oldfield agencies and Oldfield Tires are now available in your community.

2 Cars Material On Ground for Cotton Oil Mill

It's not so much in how sure but how soon, when the building question is being discussed, for we are sure all these fine buildings and factories are coming to Lubbock sometime, and just how soon to expect them is what concerns us most.
And now comes J. W. Simmons, Jr., and his associates, of Dallas, with two cars of building material on the grounds, the foundation completed, and everything ready to start work on their Cotton Oil Mill soon.
The new mill is known as the Lubbock Cotton Oil Mill, and is now under the management of O. L. Peterman, district manager of the West Texas Gin Company, who will keep things going until the mill is ready for operation when an experienced mill operator will take charge of the work.
Lubbock is centrally located so far as the great cotton producing lands of the plains are concerned, and we are mighty glad Mr. Simmons is taking the lead in furnishing Lubbock farmers with a mill of this kind.
Needless to say that Mr. Simmons and his associates have a clear look into the cotton producing possibilities of the plains, and are building this mill with the view of taking care of the seed of the plains crops for many years, which is to be one of the largest mills of its kind in West Texas.
Those people know a good territory, and are to be congratulated for having taken advantage of the opportunity to get a footing in that business in the Lubbock trade territory.

MONROE NEWS ITEMS OF THE PAST WEEK

Since the scribe at Monroe is wanting a rest, I have agreed to do my best. To fill these columns with interesting news, and I hope all the readers will persevere.
R. A. Ribble of Lubbock, preached a fine sermon Sunday morning. "The Great Salvation"; and another Sunday afternoon, "John the Baptist and his Mission."
Mrs. Voss and son Woodrow Wilson, spent the week end with Mrs. J. A. Long.
Esta Richardson spent last week with Mrs. Marian Haddock.
Brother O. M. Reynolds of Plainview, was a visitor in the home of the Grahams last week. He asked that the date of the meeting be changed from the fifth Sunday in August to the fifth Sunday in July. This request has been granted.
Mrs. Teal visited in the home of her daughter, Mrs. Sherrod of Lubbock, last week. Mrs. Forgy, her other daughter, returned home with her later in the week.
The Methodist preacher Mr. Howell, from Abernathy, will begin a meeting here at eleven o'clock on the First Sunday in July.
Mrs. Canell is no better; she is taking treatment from a Lubbock physician.
Mrs. Teal was taken to the sanitarium in Lubbock Sunday. She is some better at present.
Mrs. Clarence Williams returned Thursday from a two weeks' visit in her old home in Fannin county. The same train brought Mrs. M. E. Batey, mother of Mrs. C. C. Stephenson, and Mrs. T. H. Cox, Mrs. Batey is making her home with her children. She has been away from Lubbock almost four years, most of the time being spent in Tunnell Hill, Georgia. She spent two months in Fannin county with a son and a brother, before coming here.
A multitude of young people, children, married people and babies, enjoyed an ice cream supper at the Matheny home, Friday night.
Mr. and Mrs. Ernest Thaxton, of Ralls, spent Sunday afternoon and night with Mr. and Mrs. Tannehill of Abernathy. They all came to the singing at Monroe, Sunday night.
Miss Gailey, our next primary teacher, has returned home for the summer, after a prosperous year of teaching, and a few weeks visit with an aunt.
Mr. Edd Teal has traded his Ford for a Buick. Look out girls! The people of Monroe will meet next Wednesday night for the purpose of organizing a literary society. We believe, since all young people require special enjoyment, that this should be furnished them in place of training as well as entertainment.
Practically all of the Monroe people went to the all-day singing at Vaughn last Sunday, and reported a good time, good music, and lots to eat.
Brother Ribble and family, Bro. Hadnell and family, Bro. Graham and family, Mr. Clarence Williams and wife, and Mr. Clarence Word-

WE JUST CAN'T KEEP UP WITH GEORGE W.

The Avalanche-City, Editor has been making it a great part of his work to keep up with the building activities in Lubbock, but there's one fellow here who has it on us.
Let George do it seems to be the outstanding characteristic in some places, but this time such is not the case. Old George W. Pickle just goes right ahead with the building program anyway, whether someone passes the job up to him or not, and the fact that he is a little ahead of our ability to keep up is evident, for when he started a fifty foot front building on Broadway several days ago we stated it that way, and lo and behold the article was not through the press until he had decided to make the brick a seventy-five foot front and now he is out with the announcement that Abilene parties have induced him to build another building near the Busch building which is nearing completion.
It happens to be that we are going to press right away and there's not a bit of telling what George will do before another issue comes out. Keep it up George. We'll tell them sooner or later, and the buildings are what they want.

L. T. MARTIN, JR. IS NOW ELECTRICIAN AT FORD PLANT

A letter has been received by L. T. Martin, secretary of the Chamber of Commerce, from his son, L. T. Jr., stating that he was employed at the Ford plant in Houston, as assistant to the Chief Electrician.
He is at this time, installing a line of electrical works in the plant.
Young Martin is a live wire, and we are sure he will prove a great factor in the personnel of that plant. He is active, both mentally and physically, and his holding such a responsible place with the Ford people was not at all a surprise to his many friends here, who realize his capabilities.

LOCAL CONTRACTORS GET CITY HALL JOB AT SLATON

Local Architects Taylor and Peters have contracted to do the architectural work on the twenty-five thousand dollar city hall building at Slaton.
The hall will be made up-to-date in every manner, will house a modern and complete fire department, postoffice and city offices.
Construction work will be started as soon as plans are completed, and rushed to completion.

MISS GRAVES WILL MAKE HER HOME IN LUBBOCK

Born to Mr. and Mrs. John W. Graves, Wednesday, June 21, a fine girl.
The young lady tipped the scales at eight pounds, and according to John, is about the finest visitor to make Lubbock headquarters for many years.
Mother and babe are getting along nicely.

WOODROW, NOT MONROE, WILL BE ENTERTAINED

Bad as we hate to do it, the City Editor of the Avalanche is going to fess up to another error, which was made through our fault in the last issue.
We stated that the Everton-Edwards Musicians were going to render a program at the Monroe School House Saturday night, and should have said Woodrow.
The musicians are going to Woodrow Saturday to give their services to those people, the proceeds of the meeting to be given to the piano fund.
Please take notice of this correction and go to Woodrow Saturday night if you want to hear some fine music.
Messrs. Everton and Edwards are new to Lubbock, but are getting behind every movement for the good of this town and community and pushing with business earnestness. Mistakes are awkward things, and we hate like everything to make them, but somehow still have a little of that part of human about us that subjects us to such conduct.

Bankers and Merchants More Willing To Back the Diversifying Farmer Than The Fellow Who Is One Cropping

Frank W. Briggs, writing in the Farm and Ranch, has the following to say through the columns of that paper regarding the diversified farmer:

J. D. Shackelford, vice president of the First National Bank, Stamford, Texas, says that West Texas

Bankers are pinning their faith on the farmer who diversifies intelligently and who produces his living at home, and who has something to sell every time he comes to town. The Penick-Hughes company, large wholesale and retail dealers in hardware and furniture, print the following on all of their stationery:

Our Slogan.

5 milk cows.
100 laying hens.
5 turkeys.
3 brood sows.
A garden.
Some cotton.
Diversified feed crops.

Results

An active bank account. There was a time in West Texas, as well as in some other sections of the State, when a farmer seeking credit was asked: "How many acres of cotton have you got?" Today bankers and merchants ask, "Do you keep cows, chickens and a few hogs? Do you have a garden?"

What do you grow besides cotton?" "What do you think of an all-cotton farmer as a risk?" was asked Mr. Shackelford.

"He has got to put up more than his cotton prospects to get money," was the reply.

"What kind of farmers are you most willing to lend money?" "Always the man who grows something to eat for himself, family and livestock; the man who has dairy and poultry products to sell when he comes to town and who, when his cotton and other crops are ready for the market, will not have to use the proceeds to pay grocery bills. The credit of such a man is always good."

"The average Texas banker did not express such sentiments a few years ago. What brought about the change?"

"Well—Bankers are progressive," said Mr. Shackelford. "We are not against cotton—we are for it, but only as a money crop. Less cotton acreage, more and better cotton per acre, money in the bank, and more home improvements. Cotton is and will be a profitable crop if it is handled properly, but one pay day per year is not enough for any progressive man, and this is especially true when that pay day may be postponed two or three years."

Taking the cue from Mr. Shackelford, the interview was widened to include merchants and other business men. This idea of what constituted safe farming was becoming interesting. Among those visited in seeking more light on the subject was the Penick-Hughes Co., where M. D. Smith, manager of the retail department, verified all that I had been previously told and added to the evidence by producing some actual figures on the subject.

"Our experience proves that the man who produces as much of his own living at home as conditions will permit, who keeps a few good cows, a flock of chickens, a few turkeys and a couple of brood sows, is 100 per cent safer to extend credit to than them an with but 1 crop and a single idea. I never hesitate to sell a man a cream separator on credit. We are increasing our sales of cream separators and we have never lost on any account of this character."

"We are doing a constantly increasing business in dairy and poultry equipment of all kinds. In 1921 we sold six incubators. We have sold twenty-eight since February 15. We are selling miles of poultry wire and other poultry equipment. If a man asks credit for poultry and dairy equipment he gets it without question."

A story is told of a merchant in this city who was giving away calendars which cost him 12 1-2 cents apiece. Another merchant received one and after looking at it and admiring its beauty, said to himself: "Why not give something useful, not that a calendar is not sometimes a convenient thing to have. So this merchant decided to present each of his farmer friends and customers with a setting of pure-bred eggs. It is said he gave away more than 150 settings, and that was the beginning of the interest in the poultry industry in this section.

The progress made in the development of the poultry and dairy in-

dustries in the Stamford territory is typical of the progress made in the same industries in many other sections of West Texas. At Stamford there was marketed \$300,000 worth of poultry and poultry products in 1921, as against \$750,000 worth of cotton. In 1922 the estimate of the value of the poultry industry in this district is placed at \$600,000. Perhaps other sections of the great West will equal or better this record, for farmers are no longer ashamed to walk into a store with a basket of eggs and a few pounds of butter. They have gone into a business which puts dollars into their pockets.

REV. D. C. ROSS REGRETS COMMISSIONERS' ACTION

In last Tuesday's Avalanche it was announced that the Commissioner's court had by a vote of three to one granted the ball team the privilege of using the fair grounds seven Sundays for playing. Now I regard these commissioners as gentlemen and worthy citizens, but your official act in this matter is a subject of no small moment and deserves censure: for it is so far reaching in its influence over society. The above court action legalizes Sunday Base Ball and commercializes the Christian Sabbath. I am inclined to think that the court's action was taken without due consideration of the claims of all parties concerned. A very large percent of the tax payers of Lubbock county are professed Christians and cannot endorse the idea of commercializing the Holy Sabbath. Doubtless the tax payers when voting taxes on themselves to establish and maintain the fair grounds did not anticipate such provision of their use. Furthermore the voters expected a better use of their official powers when they voted these commissioners into office.

I think the county judge ought to reassemble the commissioners court for a reconsideration of the whole affair. The moral element of society has been outraged in this matter and should be heard from. Silence at this time is unthinkable. Therefore, let people who have convictions on questions of right and wrong stand out in the open and say so. With sincere regrets.
D. C. ROSS.

FORMER LUBBOCK LAD VISITS LUBBOCK THIS WEEK

Woffard Hardy, son of Rev. and Mrs. Ben Hardy was here this week from Big Spring, where he is now making his home. Rev. Hardy was pastor of the Methodist church here for several years, and the people of Lubbock who were acquainted with the family at that time remember him as a very small boy, while now he is a stalwart youngster and was a member of the 1922 senior class of the Big Spring High School, and was a member of the staff that issued the school annual.

Don't fawn—that's so despicable.

LOCAL NEWS ITEMS FROM LAMESA JOURNAL

Sunday morning, June 11th, at the Circuit parsonage, Lamesa, Rev. C. B. Thompson united in marriage Mr. C. A. Porter of Newlin, Texas, and Mrs. Essie Mae Hamilton, daughter of Mr. and Mrs. R. H. Marshall. Mr. and Mrs. Porter left immediately after the ceremony for Newlin, where they will make their home.

Mrs. C. C. Costin is rapidly improving after undergoing a successful operation at Lubbock some time ago.

Mr. Kelly Bockman and Miss Ruby Lawler, were married at the Baptist parsonage Friday, June 9, Rev. M. O. Grant officiating. May long life and happiness be theirs.

Bob Meek, one of the old-timers here, was a visitor in Lamesa last Friday. He is now located in Stephenville. Mr. Meek taught the first school organized in Lamesa.

Misses Gladys Adams and Mable Austin, who went to Clarendon to represent the Lubbock District of the Epworth League, returned Monday. Miss Adams won third place for Lamesa by giving one of her splendid readings.

WHY SUFFER FROM RHEUMATISM?

Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that certainly means a great deal to any one afflicted with rheumatism.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Jno. M. Denman, assistant cashier of the Lubbock State Bank, is taking a vacation this week and left the latter part of last week for a visit with friends and relatives in Fort Worth. Mrs. Denman and the boys, Billie and Marian, preceded Mr. Denman, and they will accompany him on their return home.

**Dorothy Dix Story of Why A Girl
 Should Not Be Ashamed of Having
 To Work—For It Is Honorable**

Jane is strong and husky. She is unusually intelligent and well educated. She is full of pep and energy. She is an expert stenographer, and has a good job with a big firm.

By all the rules that apply to such a situation, Jane ought to be on her way, and going strong, to a private secretaryship, and a fat pay envelope, but she isn't. She is stuck, and she doesn't get ahead any; and she is grouchy and discontented, and is fretting herself into a case of nerves.

Now the thing that is the matter with Jane is pride. Silly, false pride. She is ashamed of working. It mortifies her to death to be classed as a working woman, and she considered being called a stenographer the greatest insult that

could be offered her.

She isn't lazy. She really doesn't like the effort it requires to do the labor she does. She likes the atmosphere of the office with its orderly rustle and bustle, and the sense it gives one of being part of a big powerful machine that is crashing its way along to great achievements. She is interested in the work itself, and she would enjoy doing it, and be happy, and successful if only she could get over her idiotic idea that there is some stigma attached to a girl's earning her own living.

That's why she fails. Nobody can put any enthusiasm, any heart, any punch, into doing the thing they are ashamed of doing. We have to believe that our work is the greatest thing in the world, the most im-

portant, the most interesting, and that just to be doing it clothes us with glory and distinction in order to accomplish anything worth while.

It's the stenographer who is ashamed of being a stenographer who never learns to spell or punctuate or gets any more speed, and who never rises to the position of a private secretary. It's the boy who is ashamed of being a carpenter, who is such a poor carpenter that he never got to be a contractor, and so on, through the whole list of human occupations. We have got to have pride in our work to make it good work.

Jane considers herself a highly modern, up-to-date young woman. She would be amazed and indignant if anyone called her mid-Victorian, but surely her idea that people look down on a girl for earning her own living belongs to a vanished day.

She's wrong there. The girl that people look upon with contempt in these times is the husky, able-bodied young woman who sits around and twiddles her thumbs, and lets her poor old father work himself to death to support her, or the girl who grafts her living off her relatives, or the public instead of going out, and earning it herself.

Nobody admires the parasitic woman now. On the contrary, everyone looks upon her with the same loathing they feel for the masculine loafer. The world is just as full of opportunities for women as it is for men, and we are filled with disgust when we see a woman who would rather accept charity, and be a beggar, than roll up her sleeves and go to work, and make a decent living for herself.

Indeed, this general feeling that there is such dignity, and self respect in making one's own way, and that there is such joy in feeling one's own strength, and that one can stand on one's own feet, has made many women forsake homes of ease and luxury, and go into business. They don't want to waste their lives on nothing but foolish, frivolous seeking after amusement. They want to do something constructive, and worth while, something that will justify their having lived. Undoubtedly, the reason that many women fail in business is because they are like Jane. They are ashamed of what they are doing. Therefore, they never do it well. All of us can recall having heard of a woman who was ashamed of taking boarders, and who camouflaged it under the pretext of loneliness, and taking in a few paying guests. Because the woman was ashamed of being an honest boarding house keeper, she spent her time reading novels, or playing bridge, and never saw that the maid swept under the beds or the cook prepared decent meals, and eventually that boarding house went bankrupt.

And we also know the women who are ashamed of being dressmakers and who never take the trouble to learn even the rudiments of their trade, and they fail; and we know other women who are proud of their calling and who turn dressmaking into an art, and we pay them whatever they want for their confections.

We know women who sell things in shops, and who have to be called "sales-ladies" instead of sales-girls, and they are so ashamed of selling things that they never take the trouble to try to please you, or to find what you want, but frighten and cower so with their grand duchess airs that you slink out of the store, and to some place where there is a little Mamie or Sadie who thinks that being a sales-girl is the grandest job on earth, and who will rummage over the whole place to find you what you desire.

There is something wrong mentally and morally with the woman in these days who is ashamed of being a working woman, for to be a working woman is her badge of honor. It is the reward that generations of slave women, of dependent women, have won for her. It frees her. The ability to earn their own living sets the woman of this generation apart from all other women in history, as the first women who did not have to sell themselves in marriage, or out of it, for their bread and butter.

The only work that women should be ashamed of doing is bad work.—Dorothy Dix.

**BECTON WILL CELEBRATE
 JULY 4TH WITH PICNIC**

Prof. C. D. Showalter, of Becton, was in Lubbock Monday on business, relative to making arrangements for their 4th of July celebration picnic.

According to Mr. Showalter, the people of that community are working hand in hand to make this one of the most interesting entertainments of its kind in Lubbock county.

More than one thousand people will be entertained it is believed, and Rodeo stunts, Baseball games, and other sports will mark the entertainment features, principal among which will be a big basket dinner.

Becton people are live wires, and have taken a conspicuous place in the development of Lubbock county, and the Avalanche is glad to cooperate with them in every way possible in letting the people of this county know of this celebration.

The cold drink stand, etc., will be conducted by the people of the community, all proceeds to go to the fund to build a teacherage, on which work will be started immediately.

Mr. and Mrs. A. L. Garrett and son, Gilbert, of Austin, arrived in Lubbock Monday to visit at the home of Mr. and Mrs. J. A. Jordan.

**CORSICANA MAN DIES
 AFTER BEING SHOT**

Corsicana, June 22.—Ben Roberts, 50, died in a local hospital this morning of wounds received in a shooting affray late Saturday at a farm twelve miles southeast of Corsicana.

Tom Stewart, 43, brother-in-law of Roberts, is in jail formally charged with the shooting in which Aaron Roberts, son of the dead man, also was wounded slightly.

The shooting was a culmination of trouble of several years standing Stewart said, according to officers.

A man in love will do anything but he usually does nothing.
