VOLUME XXIII. No. 38.

LUBBOCK, LUBBOCK COUNTY TEXAS, FRIDAY, JULY 7, 1922.

PUBLISHED TWICE A WEEK

## ALL LUBBOCK ENTERTAINED BY HOME BREW QUARTET TUESDAY

### ENTHUSIASTIC AUDIENCE GREETED OPENING OF PROGRAM WHICH WAS INTERESTING THROUGHOUT

## THE PROCEEDS WENT ON AUITORIUM FUND

### Close Co-Operation of the Citizens of Lubbock Is Winning Characteristic and Combined Strength Is Placed Back of Every Problem Which Will Benefit the City.

Just what is a community auditorium anyhow? A visit to the same in Lubbock Tuesday evening, July 4th, would convince one that a community auditorium is one in which the people of the community are interested, and work together for the building and maintenance of the same. On that date the well known and famous Home Brew Quartet, assisted by other local talent, rendered one of the most splendid programs of the season.

Tony Q. Dyess and the rest of those fellows are on their toes for the benefit of Lubbock, and the program was rendered for the benefit of the Auditorium Fund, which they have been very active in building up since the plan was originated several months ago. The meetings were a success from both entertainment and financial viewpoints, and Lubbock has something of which to be proud in the abilities of their singers, musicians, and other entertainers.

While there was opposition to the building of that structure, there is no one here that is not proud of it now, and the few dollars spent in its construction have long since been forgotten, while every time a meeting where extraordinary crowds are assembled it comes in hands, and the fact that it was built by the people, everyone in Lubbock enters that building with the satisfying influence of knowing that in helping in its construction they have added something to Lubbock that adds much to the social life, which they enjoy and appreciate.

Did it ever occur to you that Lubbock is more like a great big family than any other town on the globe? Everything that goes into the making of this city is brought about by the combined efforts of our people, and our people are so well acquainted, and close together on all civic and community problems that they can do things without having to overlook a chosen few.

The Home Brew Quartet is working, and singing for the betterment of Lubbock and anything they do is so well executed that their patrons feel like they have not had an opportunity to do anything more than pay for an entertainment for which they receive a one hundred percent return on their money. That Home Brew bunch is so enthusiastic about the making of Lubbock they enjoy participating in the entertainment of its people, and raising the Auditorium Fund is a matter of much pleasure to all concerned.

If you missed the program Tuesday night you certainly missed something worth while, and we advise that at the announcement of another such program you had better make arrangements to hear it.

### CHILD BURNED WHILE PLAYING WITH MATCHES

Hereford, July 4.—Gladys, 3-year old daughter of Mr. and Mrs. C. T. Rockwell, received burns today from which she is liable to die. The child was playing with a box of matches when her clothing became fired, and she was severely burned before the flames were extinguished.

### CENTER SUNDAY SCHOOL DISAPPROVE SUN. BASEBALL

Resolution Center, June 25, 1922. We, the officers, teachers and members of Center Sunday School, do hereby earnestly appeal to the Commissioners to prohibit Sunday baseball in the Lubbock Fairgrounds. We declare it a desecration of the Sabbath.

We do most earnestly commend the stand taken by our worthy commissioner, Mr. Wheeler of Precinct No. 3, in trying to preserve the sanctity of our Sabbath.

Mrs. Ed Wilson left Tuesday for Ballinger, where she will visit Mr. Wilson's sister and brother, Mrs. Clyde Falls, and Mr. Vance Wilson, returning home Friday with her two children, J. B. and Evelyn, who have been visiting there for the past three weeks.

Mrs. Edgar Inmon, who has been an employee of the Leader Department Store for some time, is taking a much deserved two weeks' vacation. Her work has always been to the very best interest of her customers and the store, and her absence is keenly felt.

Mrs. Roscoe Wilson returned Sunday from San Diego, California, where she has been visiting her friend, Mrs. Colby Thomas, formerly of Lubbock. While in California Mrs. Wilson visited Long Beach, Los Angeles and other points of interest.

## Madden Brothers Murder Case Set For July the 17th

The grand jury of Hockley county was called together by order of District Judge Spencer a few days ago, and indictments were returned against the two Madden boys, who are charged with murder. This crime was committed last Thursday at Roundup, a station on the Santa Fe railroad northwest of Lubbock, when the Madden boys were caught stealing a ride on a freight car. The brakeman and conductor attempted to make them get off the train, whereupon the alleged hoboes jumped on them. The brakeman was killed by a knife stab in the jugular and the conductor very badly lacerated. The latter is fast recovering from the injuries, but will carry ugly scars from the wound, the rest of his life.

After the indictments by the grand jury the cases were transferred to the District Court here, and the trial set for July 17th. The case is attracting much attention and there will be a large crowd present to hear the evidence.

The boys were making their way to Clovis, New Mexico, where the oldest had been given a job at his trade of restaurant cook, and on arriving in Lubbock on the passenger train, their money played out, and they attempted to make the rest of the trip in a box car, and the fight in which the brakeman was killed and the conductor badly cut about the face occurred at Roundup, when the trainmen attempted to put the men off the train.

The boys were brought to Lubbock and lodged in jail, immediately following which Judge Spencer called a special session of District Court in Hockley, and the cases were transferred to the Lubbock courts.

The boys' relatives who live in Alabama, have been notified, and will be here at the trial. In the meantime the very best legal talent in the county will be pitted against Prosecuting Attorney McGuire, and all indications are that this will be one of the most heated cases that has ever been tried in the Lubbock courts.

### LOCAL MAN ENJOYS RACES AT ABILENE JULY FOURTH

J. B. Pryor and sons, Harry and Roy, returned Wednesday from Abilene, where they attended the automobile races, celebrating the 4th of July. They left Monday, making the trip by automobile, and report a splendid trip.

All three were greatly elated over the entertainment at Abilene, and will no doubt be ready to boost such features for Lubbock when the same is appropriate.

### CHILDREN FAMILY WILL MAKE THEIR HOME HERE

Mrs. W. H. McConnell and children, arrived in Lubbock Wednesday from their home at Childress, and will make their home here. Mr. McConnell bought the W. A. Terrell Grocery store several weeks ago, and the family are now joining him. The trip was made by automobile, and was a very pleasant one. The good roads of the plains were especially pleasing to the newcomers.

### HEREFORD BUSINESS MEN WILL MAKE TRADE TRIP

Hereford, July 3.—Business men of Hereford have signed up to make a trade trip to Bellview, N. M., in order to get better acquainted with the folks in that trade territory. The exact date has not yet been fixed. The trip will be performed by automobiles.

### TEXAS MAN ARRESTED IN CANADA ON OLD CHARGE

Hale Center, July 3.—Word was received from Montreal, Canada, that Edward Coburn, wanted here on a charge of obtaining \$48,000 by false pretense, was arrested at that place and is being held for extradition.

Evelyn, four year old daughter of Mr. and Mrs. E. A. Morgan, underwent an operation for appendicitis Saturday, July 1, and as the appendix had been ruptured her physicians worked under most critical disadvantages to save her life, but had to say that up to this time she has been getting along nicely, and no serious complications now are feared.

Mrs. Ivy Bassinger of Southland, underwent an operation in a local sanitarium Wednesday.

## Cumberland Presbyterian Church Will Begin Revival Meeting Next Sunday Morning and Will Continue Indefinitely

The revival season is on in Lubbock. The First Christian Church has just closed a two weeks' series of revival services and the Cumberland church will enter into a two or three weeks' meeting, beginning Sunday. The services will be conducted by the pastor, who will do the preaching. A special song leader having been employed, which insures fine singing. Rev. Baker is a strong preacher, and you will be benefited if you will attend every service. He has the following announcement regarding the meeting, which we give below:

"At 11 o'clock Sunday morning, July 9, 1922, on 10th Street and Avenue O, the Cumberland Presbyterian church will begin a revival effort. Dear friends, this today is the greatest need of the people of God, as well as the entire city of Lubbock. Not a membership campaign, but a genuine 'Old Time Holy Ghost Revival' which will cause more men, women, fathers and mothers, sons and daughters to live clean lives; lives that are above reproach and that daily prove the works of darkness. A revival where folks will measure their lives by the unerring standard of truth which is God's eternal word.

This will be a campaign against wickedness and unrighteousness. Not a tickling of the itching ears of the ungodly and worldly church-member, but a fight for the souls of the lost.

If you are a Christian, your presence, influence, sacrifice and prayers are asked in behalf of the cause of Jesus Christ, and lost souls. Shall we come up to the help of the Lord against the mighty? If we fail to rally to the blood-stained banner of Prince Immanuel at the judgment what shall be our poor answers?

If you are a lover of 'old time religion' then it is a sure thing that you will be in the first service and will do all you can to get others interested.

Regular services every day, from 10 to 11 a. m., and from 8:30 to 10 p. m.

Everybody be sure and come.

## Becton Features the Fourth of July By Having a Real Basket Picnic Which Was Well Attended

It don't necessarily take a big place to pull off a big entertainment, and the Avalanche city editor had this fact demonstrated to him Tuesday, July 4th, at Becton, where we attended a picnic at that place, celebrating that day. The reception committee had been properly functioning since early in the morning, and everyone fortunate enough to attend that meeting certainly had a wonderful opportunity to observe the splendor of team work, as the people of that community are well versed in working together, and the success of that picnic may be attributed to their willingness to work, boost and play.

The morning was full of ample entertainment for anyone, as the speaking was started at about ten o'clock, when Prof. Showalter introduced County Superintendent of Schools, E. R. Haynes, who had charge of the speaking arrangements, and after making a short explanatory talk of the object of the meeting, introduced Mrs. Carl Goodman of Abilene, president of the Seventh District Women's Federated Clubs of Texas, who made a most interesting, instructive and impressive talk along the lines of club work, urging the ladies to consider voting a patriotic duty, and to never shirk the responsibilities placed upon them through the opportunity to vote. Civic and community patriotism were especially stressed, and as Mrs. Goodman is considered, and easily recognized, as a leading factor in all work pertaining to ladies welfare, home and state problems, and all other phases of club work, her every sentence was an avalanche of facts well presented, which gave her hearers a more definite insight to the responsibilities of citizenship and the need of a complete realization of the fact that we are not placed upon this earth to exist for self alone, but that if we reap the benefits of elevating environments something must be placed into the social mill of our respective communities to be transformed through the melting pot of things well done that will return again as the 'bread that is cast upon the waters.'

Patriotism in the glamor and glory of a national strife is easily achieved, while patriotism throughout the uneventful days of community life, uninspired by the sound of marching masses and the atmosphere of possible glory through heroism, is a greater task, and those who heard the address by J. K. Waster, a schoolman of no few years, a patriot of the old days when patriotism to a cause was principle in the utmost, heard something that was absolutely essential to the life of the nation itself. Mr. Wester, in his usual fascinating style of oratorical presentation, drove home the fact that citizenship is a privilege which should be appreciated by everyone, gave approval of the facts presented by Mrs. Goodman. He opened his address in favor of Cullen F. Thomas for United States Senator, and Pat M. Neff for Governor of Texas, declaring his reason for supporting these men was because they seemed more fitted to upholding the principles of morality, goodness and fairness to all the people they represent, than their opponents. He upheld the administration of Governor Neff as one of great achievements in the face of many hindrances, which handicapped the Governor to a great extent. His main urgency being stressed along the lines of choosing between the men who are making the race, and said that inasmuch as Mr. Neff is to be governor of Texas by an overwhelming majority, it would be well for West Texas to inspire him to a recognition of this country through a solid vote, which he declared would have more effect upon bettering conditions in West Texas than it is hardly possible for us to realize.

Fraternalism has always attracted our better ideals, and when Prof. Showalter, superintendent of the Lubbock Schools, made a short, well directed and appealing address in favor of his old school mate and fellow teacher, S. M. N. Marrs, for Superintendent of Public Instruction in Texas, we were made to know that the times when men stood up for men because of a common ideal and brotherly love have not passed in the discard. Mr. Dupre is making a hard fight in the interest of his friend, and declared that the people of Texas have an opportunity to place the control of our schools in the hands of a man who he knows will attend the responsibilities of that office with credit to the entire state, and a helpfulness to the boys and girls that will last long in the making of a great and mighty people.

After all these fine talks Mr. Haynes became very enthusiastic about the work at hand, and after saying a few words in appreciation of the extraordinary attentiveness of the audience, announced that dinner would be spread within a few minutes, and that is where we came in.

Chicken, pie, cake, barbecue, roast pig, roast beef, boiled beans, potatoes, salad, chicken dressing, gravy, and all the trimmings, attracted the attention of the picnicers for more than an hour. Those people certainly know how to entertain, especially at noon time, and for ours we will admit that we will no doubt spend July 4, 1923, at Becton.

Talks by the local candidates were main features of the evening, added to the rodeo, baseball game, and a dozen other amusements made that one of the most interesting places of amusement in the country.

Hats off to Becton and the 4th.

### HOME BREW QUARTET THANKFUL FOR PATRONAGE

The Home Brew Quartet which rendered the splendid program at the Community Auditorium last Tuesday evening, wish to express their thanks to the people of Lubbock and community for the liberal patronage accorded them. The receipts netted the auditorium fund about sixty dollars.

### TINY KEEN HERE VISITING BROTHER—IS A BIG MAN

L. S. (Tiny) Keen, of the A. & M. College, is here visiting his brother, Curtis A. Keen, of the Plains Agricultural Journal. Young Keen is certainly living up to his name, as he is about four inches taller than his journalistic brother, and is an athlete of considerable reputation, having set up a record in disc throwing in 1921, and in 1922 broke that record, which has not been equaled by any other athlete.

He is well pleased with the plains, and is indeed glad to know that there is a possibility of attracting another of the type of Curtis A., to this section.

Ed Rowley left this morning for Durant, Oklahoma, Bonham, McKinney, Hillsboro and Dallas, Texas, where he will look over the interest of the R. & E. Theatre, and will return to Lubbock after visiting several days with his folks at Dallas. Mr. Rowley has been very progressive and aggressive in the management of his theatre here, and has made many friends among the movie fans, as well as other people of this section.

Mrs. H. T. Geoch, of O'Donnell, for the past twenty-five years a citizen of that vicinity, and known as one of the most progressive pioneers in the early days on the Plains, is in a local sanitarium, having undergone an operation recently. She is well known throughout the Lubbock section, and her sudden illness is the source of much bereavement among her many friends.

### PIONEER OF THE PLAINS DIED HERE WEDNESDAY

Judge W. N. Copeland, a pioneer of the plains, and one of the most influential men of this section, passed away at the home of his daughter, Mrs. G. M. Cosby of this place, Wednesday, July 5, at a few minutes after eleven o'clock.

The history of Judge Copeland's life is also a history of many moral and civic reforms on the plains, and we are glad to give way to the relation of his experience to an old friend, who through constant and close association with him, is better informed on the subject than we are, and we would not for anything rob that friend, Judge W. R. Spencer, of the opportunity to express his appreciation for having been given the opportunity to associate with him, and the inspiration he was to his friends.

Funeral services were conducted at the G. M. Cosby home, at 902 Avenue L, at four o'clock Thursday afternoon, by Rev. W. A. Bowen, pastor of the First Baptist church. Interment was made in the Lubbock Cemetery, attended by many grieved relatives and friends.

### METHODIST TO BEGIN REVIVAL MEETING SUNDAY

Final arrangements are being made for the revival meeting which is scheduled to begin here Sunday. Seats are being arranged on the church lots west of the church building, where the evening services will be held. This is being arranged for the comfort and convenience of the people, as it is expected that the largest crowds that has ever been known to hear an evangelist in Lubbock, will hear Evangelist Albert C. Fished who has been engaged to conduct this revival meeting. He is one of the strongest evangelists in the South, and the people of Lubbock, who are longing and praying for a general revival in the city will not be disappointed if preaching real gospel will bring about such revival is hoped for and which the town of Lubbock is greatly in need.

### TAHOKA EDITOR ELATED OVER LINOTYPE INSTALLATION

Editor and Mrs. R. B. Haynes of Tahoka and the Lynn County News, were here Tuesday visiting friends, and taking in the baseball games.

While Bob is too energetic to be divorced from work to an absolute degree, he claims he has taken things a little easier since the installation of a Linotype in his office, and all we could learn from him as to how Tahoka is getting along is that "the Machine is getting along fine, haven't had any trouble to speak of, and didn't have to 'throw in' a single handful of type Saturday, after the paper had been printed."

Stay with it, Bob. We are for you, and are sure that the Lynn County News is making friends every day.

### SANTA FE PROPERTY IS GUARDED BY LOCAL MEN

Guy Hulstetter, John McCulloch and Homer Merrill are at Slaton guarding the Santa Fe property until the strike situation is relieved. They are all efficient officers, and the railroad officials should feel glad to have them for this special duty.

While nothing has been expected of the striking railroaders, the water tanks, bridges, and houses along the line have been under guard since the walkout, and the officers will be kept on the job until the strike is over.

### COTTON DOING GOOD IN QUANAH COMMUNITY

Quanah, July 3.—Cotton is making rapid growth under the hot dry weather of the last two weeks. In the Lazarre community cotton is putting on squares and blooms. Maize has begun to head under the exceedingly warm weather. Farmers are giving much attention to their cotton this year and prospects are very bright for long runs for gins and oil mills.

Mr. and Mrs. Jed Rix and Henry Brown, of the Rix Furniture & Undertaking Company, accompanied by Mrs. Joe Hilton, left Wednesday for Big Spring, where Mr. and Mrs. Rix will visit with relatives, Mr. E. Brown will be engaged in some special work with the Rix house at that place, and Mrs. Hilton will visit relatives and friends. The trip was made by automobile.

### ABILENE LADY DIED ON NINETY-SECOND BIRTHDAY

Abilene, June 30.—Mrs. Margaret M. Robb, who died here today on her ninety-second birthday, was the widow of the Rev. W. C. Robb, who at the time of his death sixty-four years ago, was presiding elder of the Memphis, Tennessee, district of the Southern Methodist church. Burial will be at Memphis.

W. Randolph and Misses Allen and Bellah, of Barrier Bros. Department Store, motored over to Hale Center Tuesday afternoon to attend the Fourth of July celebration held there. Goat roping, ball games and other sports were the main afternoon attractions.

Snylle Wilson, T. C. Ellis, and J. M. Lewis, and families, motored over to Crosbyton Tuesday, to spend the day. A very enjoyable time was spent, and the men are back at their work, glad to have had the opportunity to look over the wonderful country adjacent to Lubbock.

**Important Meeting of Orient Officials at Washington Soon**

Austin, Texas, June 23.—The State of Texas will be represented at the conference on July 12 in Washington, in an effort to prevent the Kansas City, Mexico & Orient Railroad being dismantled and abandoned. Chairman Allison Mayfield of the Railroad Commission conferred with the Governor today, who advised that he can not attend. Either Chairman Mayfield or Commissioner Clarence E. Gilmore will go to Washington as the representative of the State of Texas. Another conference will be held tomorrow at which it will be decided who will attend. All governors of states through which the Orient runs have been invited to the Washington meeting in an endeavor to keep the road a going concern. Orient Shoppers Are To Be Laid Off Wichita, Kansas, June 29.—Forty-one shopmen of the Kansas City, Mexico and Orient Railway have been notified of a lay-off, effective in five days, A. Debernardi,

vice president and general manager, announced today. "Retrenchment in expense is apparently our only hope," said Mr. Debernardi. "We received certain money from the Government to tide us over two months, maybe a little longer. The Orient still is in a precarious position. It may be necessary to make further reductions in the payroll in the near future."

**NOTICE OF TRUSTEE'S SALE UNDER DEED OF TRUST**

Whereas, by deed of trust dated June 7, 1921, A. B. Ater and Annie Ater, conveyed unto me, J. B. Earhart, lot No. 12, block No. 106, town of Lubbock, Lubbock county, Texas, which instrument is of record Volume 15, Page 562 of the deed of trust records of Lubbock county, Texas, to secure to E. P. Earhart a balance of \$254.30, in said Court of Civil Appeals, and there remains due upon such judgment in the Court of Civil Appeals the sum of approximately \$750.00, which said E. P. Earhart will be required to pay, and he agrees to so pay and not require repayment by us until June 1, 1922, upon which sum we agree to pay him interest from date at the rate of ten per centum per annum together with ten per centum additional as attorney's fee in event of collection through legal proceedings or placing with an attorney for collection, and upon which judgment the said E. P. Earhart, on August 1, 1921, paid to L. A. Knight the sum of \$751.20, being the full balance due; and Whereas, said deed of trust further provided that the makers thereof should pay all taxes and assessment levied and laid upon the property, and a failure so to do, the beneficiary might discharge the same, and such sum so paid to bear interest at ten per centum from time of payment, and Whereas, there was legally laid, levied and assessed against the said property paving certificate No. 132 in the sum of \$254.30, in favor of the Panhandle Construction Company for paving the portion of the street adjacent to said lot, and on which certificate the said E. P. Earhart has paid the following amounts, they then being due and liens thereon, to wit, on August 9, 1921, \$54.76; May 22, 1922, \$98.32, the said A. B. Ater and Annie Ater refusing to discharge the same when due; And Whereas, none of the said sums have been paid to the said E. P. Earhart, nor any interest thereon, they being past due, and the said E. P. Earhart has requested that the said property be sold to satisfy said amounts and interest thereon, as well as expenses of this sale, as provided in such deed of trust, which also provides a reasonable fee shall be paid to the trustee out of the proceeds of such sale, and that 5 per cent of the sale price is a reasonable fee;

Therefore, on the First Tuesday in August, 1922, the same being the First day of August, 1922, I will offer for sale for cash to the highest bidder, between the hours of 10 o'clock A. M. and 4 o'clock P. M., the said lot 12, block 106, to satisfy the principal sum of \$934.28, the sum of \$78.64 interest accrued thereon (the said sums being the property of the said E. P. Earhart) together with interest thereon on the principal sum at ten per centum from this date, the costs and expense of this sale, including a trustee's fee of five per centum on the sale price of the property, and will sell and convey unto the purchaser, or purchasers, at said sale all the right, title and interest of the said A. B. Ater and Annie Ater in and to said property which they may have had on the 7th day of June, 1921, and at any time thereafter; said sale to take place at the court house door in the town of Lubbock, in Lubbock County; and will execute to the purchaser, or purchasers, a deed of conveyance binding the said A. B. Ater and Annie Ater to warrant and forever defend the title to the property. Witness my hand at Lubbock, Texas, this, the 3rd day of July, 1922.

**ORDINANCE NO. 207**

An Ordinance fixing the times within which taxes due the City of Lubbock for the years 1910 to 1920, inclusive, shall be paid to the City, prescribing penalties and interest if same are not paid by such fixed time; providing for returning of a delinquent list of such unpaid taxes, for publication thereof, notice and such procedure after delinquency as aforesaid as is provided by the General Laws of the State of Texas for collection of delinquent taxes, and declaring an emergency account of same being long unpaid and the need of the City for the Revenue. Be it ordained by the City Council of the City of Lubbock, Texas, Section 1. That all property subject to taxation within the City of Lubbock, Texas, for the years 1910 to 1920, inclusive, as shown by the supplemental roll approved June 8, 1922, shall have the taxes paid thereon by the owner, owners, or persons in charge before the 20th day of September, 1922, and all such taxes are due and payable as of this date. Whether such taxes be for one or more years. Section 2. On all property and assessment on which any taxes due shall not have been paid before the said 20th day of September, 1922, there shall be added a penalty of ten per centum of the amount of such taxes, and interest from such date at six per centum per annum, payable when such taxes are paid, which shall be a lien on the property. Section 3. Immediately after the 20th day of September, 1922 the City Secretary shall compile and return to the City Commission a true and complete list of all property delinquent for taxes within the City, showing interest and penalties accrued, with the name, or names, of the owners if he can ascertain the same. Section 4. After the return of such delinquent list as provided in Section 3, the collection of such taxes, penalties and interest shall be governed by the laws of this State governing collection of delinquent taxes, which laws are hereby adopted. Section 5. The fact that there is a large sum due the City which is imperatively needed to support it, creates an emergency and necessity that the rule requiring an ordinance to be read at two meetings before adoption be suspended, and this or-

dinance shall be effective on the date of its adoption, after publication for the time required by law and the charter.

Approved this 22nd day of June, 1922.  
(Seal) Percy Spencer, Mayor, City of Lubbock, Texas. Attest—J. R. Germany, City Secretary of Lubbock, Texas. Approved as to form: R. A. Sowder, City Attorney. 35-TF

**ONE DOLLAR SAVED REPRESENTS TEN DOLLARS EARNED**

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. This being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.

deal of trouble to beekeepers in that region. The skunks visit the hives at night and scratch on the outside till the bees come out. As soon as they appear the skunks eat them. The Biological Survey recommends that under such conditions the hives be fenced in with chicken wire at least three feet high.

**WEST TEXAS HOSPITAL**  
Lubbock is attracting nation-wide attention because it has been a great success. When Lubbock sees that the city has grown to where it needs a thing, the business men just cooperate and they get it.

Lubbock is fast becoming a health country. It is a place where

the people are full of pep because of the cool nights in which to sleep. How surprising it is to the people from the northern states to know that down in the sunny South Plains of West Texas the nights are more like the climate of the foothills to the mountains of Colorado. Is it any wonder then that with one, individually owned, three story sanitarium, another one should be built? Is it any wonder that, with an ideal climate such as this, people should come here for hundreds of miles to be treated when they have the services of the best surgeons that money can secure, and the best equipped hospitals west of Chicago. The rooms of these hospitals are always full of patients.

The completion of the West Texas hospital is quite an acquisition for Lubbock. It is a four story and basement, reinforced steel, concrete, fire-proof building faced with brick, with steel channels, reinforced air spaced walls, and partitions, floors reinforced, carrying concrete deadener, and finished with continuous circular concrete base and mold, with floor covering of battleship linoleum and cork carpet, Stanley Patterson electric call system, thru-out, Standard passenger service electric elevator, Heating plant, also low pressure vacuum steam heat-

### Lubbock Building and Loan Ass'n. Making Progress

The Lubbock Building & Loan Association began business April 9, 1921, with \$100.00 in the treasury. It now has completed loans on fourteen homes, aggregating over \$25,000.00. The value of the fourteen homes amounts to \$54,500.00. They now have \$44,200.00 cash in the bank and dues coming in every month from 135 members.

The Association will make ten additional loans on the waiting list soon. There is now stock to the amount of \$220,000.00, and the capital stock was increased to one million. Pretty good for a long yearling!

The officers in this concern are: J. O. Jones, president; Sam C. Arnett, first vice president; Geo. W. Briggs, second vice president; J. A. Rix, treasurer; Roscoe Wilson, attorney; Joe Hess, secretary-manager; W. B. Atkins, H. W. Stanton, J. A. Wilson, appraisers. Can you beat them?

The credit is largely due to the efforts of Joe Hess, the secretary-manager.

### LOCAL MEN OFF TO FISH ON DEVILS RIVER

Neil Wright and Walter Posey, accompanied by their families, left Monday for Devils River, where they will spend some time bringing the finny tribe into taking a nibble at their well arranged and appetizing offerings of everything a fish could wish to bite at, and we bet a Villa jitney that they have a great time.

Both are fine sports, and know a good time when they see it, and will no doubt be very successful in getting the various kind of fish to bite, as they have succeeded in establishing reputations here that will induce one to believe that they are "smooth" businessmen, and will no doubt direct their fishing for real finned fish with the same accuracy with which they direct their activities when after the business here.

Both men are hard workers, and we are indeed glad to know that they are going to take the rest, which is a deserved one.

### WORK RESUMED ON BRICK BUILDINGS ON BROADWAY

The Morrow buildings on Broadway, on which work has been held up for the past three weeks for the need of material, are now the scenes of much activity, as Contractor Gentry received a shipment of material Tuesday, and workmen were on the job Wednesday morning. It is believed that another holdup will not be experienced, as there is sufficient material on the grounds to finish the job.

Lubbock contractors are doing all they can to make things go along in a hurry, and you may count on them making things hum once the materials are assembled for the work. Much progress has been made on the buildings in question since they were started, and before many weeks have passed another busy section of the city will be a monument to the aggressiveness of our builders.

### L. E. HUNT AND FAMILY FISH AT POST LAKE

L. E. Hunt and wife, accompanied by his mother, Mrs. L. L. Hunt and sons, Glenn and Fay, motored over to a large lake near Post City Monday evening, and stayed until Tuesday afternoon, enjoying splendid luck in catching fish, as a goodly number were accounted for, and a fine time experienced.

L. E. returned recently from a fishing trip on the Concho, but as he happened not to be there at shoaling time for the large gar which abound in great numbers along the Conchos and Kikapoo, where the writer spent several years before we were big enough to know how much fun there is in having nothing to do but fish and hunt.

Anyhow, fish stories are fish stories, and L. E. has some pretty good ones to tell, which we will not try to eclipse.

J. J. Richards underwent an operation for appendicitis the first of the week, and we are mighty glad to know that his absolute recovery is assured.

### PROSPECTS ARE PROMISING IN LUBBOCK COUNTY

O. L. Slaton, president of the Lubbock State Bank, and Contractor A. M. Hensley, motored over to Mr. Slaton's ranch northeast of Slaton Wednesday, where Mr. Hensley is looking after the building of a residence on that place.

Range is fine and the cattle and calves fat and growing, according to Mr. Slaton, who is very optimistic over the prospects in all lines of business on the plains. Building activities are everywhere in evidence on the farms and ranches on the plains, which makes for substantial, lasting progress, and not like the floating population of a restless boom town. Lubbock county prosperity is here. It will be here so long as the people look upon the bright side of life, use good business judgment in carrying on all the work of the farm, home and business, and work together.

### TAHOKA PEOPLE HERE 4TH TO ATTEND BASEBALL GAMES

Mr. and Mrs. W. B. Slaton, Mr. and Mrs. I. S. Doaks, Mrs. Gladys Stokes, candidate for clerk of Lynn county; John King and Lee Baldwin, all of Tahoka, were in Lubbock Tuesday to enjoy the big games between the Hubbers and Buzzers, which we are mighty glad to learn, they enjoyed very much.

The people of Tahoka are really and truly friends to Lubbock; and we are always glad to have them visit us. They are backing our Hubbers to the last game, and are doing some mighty good rooting at every game they attend.

Let's remember that the people of Tahoka are for Lubbock, and are doing everything possible that in any way boosts the town, and the first time it is at all convenient for us to boost Tahoka in any way, let's get on the job, and stay with it.

### SUPT. DUPRE WORKING IN INTEREST OF S. M. N. MARRS

Superintendent of Lubbock schools M. M. Dupre and daughters, Miss Margaret and Mrs. M. M. Dupre, Jr., and little grandson M. M. 111, all motored over to Slaton Thursday where the ladies visited Miss Margaret's school chum, Miss Lokey, while Mr. Dupre worked in the interest of the candidacy of his old school mate, S. M. N. Marrs, candidate for Superintendent of Public Instruction of Texas.

Mr. Dupre is one of the old school men of Texas, not that he is an old man by any means, but because he is old in the school work, having spent the greater part of his life in that work, and is amply equipped to appreciate the genuineness of his old friend Marrs who, he declares, is the greatest friend to education Texas has.

### VACATIONS AWAY FROM THE PLAINS HAVE DISADVANTAGES

Mrs. O. B. Trinkle is at home from Fort Worth where she spent several weeks visiting relatives and friends. We are sorry to learn of her sudden illness immediately after arriving here, and that the most of the first of her vacation was spent in becoming used to the hot weather of that section. The trip was not as enjoyable as it might have been under different circumstances, but she had a wonderful time after being able to be about, but is glad to be back in Lubbock on the Plains. There's no two ways about it, you cannot enjoy Plains climatic conditions anywhere except on the Plains, and that makes summer vacations spent away from here a matter of much inconvenience.

### TEXAS UTILITIES OFFICIALS HERE TO INSPECT PLANT

H. Wurdack, president, and I. R. Kelso, attorney general, of the Texas Utilities Company, with headquarters office at St. Louis, Mo., arrived in Lubbock Saturday to look over the new plant here. They are favorably impressed with present conditions, and are looking forward to the development of Lubbock and the subsequent development of their power and ice business in this section.

With one of the most up-to-date and highest powered plants in the Western part of Texas, located here, Lubbock is given an exceptional opportunity to develop along commercial lines.

### Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have running ears or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. T. G. W. J. CHEENEY & CO., Toledo, O.

### FISHERMEN'S LUCK EXPERIENCED BY LOCAL PEOPLE

Messrs. Fred Sims and Hugh Slagle, and Misses Sulah Rhea and Florence Jackson, chaperoned by Mrs. E. P. Wilson, spent Monday and Tuesday fishing in the large lake near Post City, but were like all others who tried fishing there, unlucky, as the water had been muddied by the recent rains, and the fish seemed to be perfectly contented to lay low, and leave the nice bait cast into the water for them, alone.

A wonderful time is reported, and the picnickers are anxious for the 1923 Fourth of July to come again.

Come to Lubbock.

Mrs. Joe McDuff of Crosbyton, is in a local sanitarium under the care of specialists.

## HUBBERS KICK OFF FIRST TO CLOVIS

Pennington, the new annexation to the Hubber line-up, coming here from Galveston in the Texas League, should have had a shutout against the Clovis Buzzers here Monday, and would have had but for the Boob Work and costly errors engaged in by his team-mates in the fourth frame when Speegle overthrew third and allowed a run to pass the plate. Immediately following Brooks booted one, allowing another.

Pennington struck out eleven, allowed only nine hits, and hit out four safeties out of four trips, accounting for four of the ten hits gotten by the locals.

The Hubbers first count came in the fourth, when Langford, first man up, drove the first ball pitched over the center field fence for four sacks. In the fifth the locals came back again for two runs; Allen singled, Pennington singled, Speegle doubled, scoring Allen and Pennington, but was thrown out trying to steal third.

Melver broke up the affair in the tenth when with two down, he set one over the left field netting for the winning run.

Pennington's four hits for four, and Earnshaw's spectacular catches off the right field netting featured. The score:

## CANTRELL AND WOOLDRIDGE TAKE DOUBLE FROM BUZZERS

The Hubbers "buzzed" over the heads of Clovis Tuesday, taking both morning and matinee exhibitions from them, bringing them down to an even break with us in the percentage column, the morning game being 6 to 0, the afternoon 2 to 1.

Cantrell, in the first affair was too much for the Buzzers, and they suffered a shut-out at his hands, he allowing them only seven scattered hits and passing one man free. Five errors on the part of the Buzzers, three which came in one inning, proved very costly to them.

The locals counted one in the first on a single by Speegle, and a doubled by Langford, another in the fourth when Langford walked, took second on Brown's sacrifice, and scored on Gober's single. Then in the fifth the fireworks started when Brooks singled, took second on an error, advanced to third when Cantrell attempted a sacrifice and beat it out. Speegle attempted a sacrifice which went for a hit and scored Brooks; Earnshaw sacrificed, advancing Cantrell and Speegle, and Cantrell scored on Langford's sacrifice. Brown then binged one to Clary who booted it, scoring Speegle, accounting for the third run in that frame. In the eighth Battle doubled, and was followed by Brooks's triple.

In the afternoon affair Wooldridge struck out ten, and had the visitors at his mercy, and but for a couple of errors in the first stanza when the visitors scored their only run, would have had another shutout for the day.

The locals couldn't count until the sixth; Speegle singled, then with two men out, Bureson walked Brown and Gober, filling the bases; Skipper Allen then placed a "Texas League" over Holloway, scoring Speegle and Brown, and sewing up the fracas.

Speegle's two hits out of four trips up rung up half of the safeties gotten by the locals. The score:

## HUBBERS MAKE IT THREE OUT OF FOUR FROM BUZZERS

Morgan held the Buzzers to four hits Wednesday, and that coupled with timely hitting and spectacular fielding on the part of his team-mates, took the last game of the four game series, making it three out of four of the series taken. The final count was 3 to 2.

The Hubbers first count came in the second on a single by Brown, a sacrifice by Gober, and a double by Allen. Morgan held the visitors hitless until the seventh when on an error and a hit they tied the count, then in the ninth on a single and double the visitors untied the count and took the lead. But the old Hubber boys wouldn't be treated in such a "Bawls" fashion, and in the ninth, after Brown singled, Gober bounced one over the right field netting, breaking up the game and hanging up the third straight victory over the Buzzers.

Morgan had his fighting clothes on, and held the visitors hitless and scoreless until the seventh, after which time they lucked out four bingles off him. The locals received eight off the delivery of Sewell.

The hitting of Brown and Allen featured, Brown getting three out of four and the Skipper hitting two out of three, including a two-sacker.

PRESENTED BY ADOLPH ZUKOR

"I bought you and paid for you—and you're mine!"

—But there isn't any fortune big enough to buy a woman's self-respect.

—Is a woman ever justified for marrying for money? Can she be happy? or is she really "Bought and Paid For?"

—If I did sell myself by marrying you before I loved you, I didn't sell my self-respect—I shall keep that no matter what happens.

—If you miss this wonderful picture you will be sorry.

## Great Gathering of Agricultural Experts at Amarillo, Friday Morning, July Fourteenth, at Ten O'Clock

Probably the greatest gathering of agricultural experts ever assembled in Amarillo, will be gathered together Friday morning, July 14th at ten o'clock, at the City Hall,

when the Advisory Committee of the Texas Grain Sorghum Growers Association will meet to plan ways and means of orderly, systematically and profitably marketing the kaffir, milo, feterita, and other grain sorghums grown in Texas, according to an announcement made Saturday by D. P. McCallib, Director of Organization for the Texas Grain Sorghum Growers Association, which is being organized by the Texas Farm Bureau Federation.

## ASPIRIN

Say "Bayer" and Insist!

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-two years and proved safe by millions for

Colds	Headache
Toothache	Lumbago
Earache	Rheumatism
Neuralgia	Pain, pain

Accept only "Bayer" package which contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin in the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylic acid.

of Markets, Texas Department of Agriculture, have been invited to become members of the Advisory Committee, and to participate in the proceedings. Mr. Ramsey assisted in the starting of the Texas Wheat Growers Association, and promised at that time to return to assist in the formation of a grain sorghum association, in which he is greatly interested.

George H. Alford, Secretary-Manager of the Texas Farm Bureau Federation and a director of the cotton and wheat growers associations, the largest organizations of their kind in the South, and W. W. Cole of Chillicothe, director of the farm bureau from Northwest Texas, will represent the farm bureau on the Advisory Committee.

The following County Agricultural Agents have been designated as members of the Advisory Committee by the director of the Co-operative Extension Work at College Station, and are expected to be present with large delegations of growers and their friends from their counties to attend the grain sorghum growers meeting on Saturday, July 15th. They are Harmon Benton of Amarillo, Potter and Oldham Counties; Ralph O. Dunkle of McLean, Gray County; N. R. Tisdell of Wheeler, Wheeler County; C. E. Walker of Canyon, Randall County; Roy W. Hendrix of Clarendon, Donley County; A. L. Nowlin of Wellington, Collinsworth County; L. M. Thompson of Memphis, Hall County; P. C. Bennett of Tulla, Swisher County; T. Scott Wilson of Floydada, Floyd County; J. W. Jennings of Lubbock, Lubbock County; R. E. Johnson of Spur, Dickens County; C. F. Lockridge of Dalhart, Dallam County; P. D. Chaney of Vernon, Wilbarger County.

The members of the Advisory Committee will be men who have had actual experience in production, warehousing, shipping, marketing, financing and other phases of the work that the Texas Grain Sorghum Growers Association will have to go through," Mr. McCallib stated. "They are friends of the farmers and are very anxious to assist him in successfully solving his problems. They will be able to gather the best ideas in many things concerning the association, and will be able to advise the growers some of the snags that they should avoid."

"The good ideas that the members of the Advisory Committee will present to the growers will be of immense value, but the closer relations to be gained by a number of interest gathering together to assist the newest successful idea in the field will be of even greater value. It is the first step the commercial interest have offered to make in a positive manner towards assisting the growers reach an economic state that will be the beginning of a new era in this country," Mr. McCallib concluded.

YOU GUARD AGAINST BURGARS, BUT WHAT ABOUT RATS?  
Rats steal millions of dollars' worth of grain, chickens, eggs, etc. Destroy property and are a menace to health. If you are troubled with rats, try RAT-SNAP. It will surely kill them—prevent odors. Cats or dogs won't touch it. Comes in cakes. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Cole-Myrick Hardware and Implement Co., and City Drug Store.

Efforts to put the United States warehouse act in effect on a large scale in the Northwest are being made by the United States Department of Agriculture in co-operation with the banks of that section. Grain warehousemen who were licensed under the act last year have indicated their intention of renewing their licenses this year, and it is expected that a number of other warehousemen will come into the system.

No Worms in a Healthy Child  
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off the worms, and the child will be in perfect health. "Pleasant to take" — one per bottle.

Two things that would conduce to more effective enforcement of the prohibition law: Refusal of district attorneys to agree to a recommendation of fines on all pleas of guilty; (2) jail sentences on first as well as subsequent offenses by judges.

## NEXT DOSE CALOMEL MAY SALIVATE YOU

It is Mercury, Quicksilver, Shocks Liver and Attacks Your Bones

Calomel salivation is horrible. It swells the tongue, loosens the teeth and starts rheumatism. There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate. Calomel is a dangerous drug, besides it may make you feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No salts necessary. Your druggist says if you don't find Dodson's Liver Tone acts better than "treacherous calomel" your money is waiting for you.

## LOCAL NEWS ITEMS FROM THE POST CITY POST

Judge Anderson has just returned from Terriamarillo, N. M., where he went to assist in the prosecution of Price Clements, who on the 5th day of last January brutally murdered Clay Carpenter and Frank Aiken near Elvado, New Mexico. Clements was found guilty of murder in the first degree and was sentenced to be hanged—date not yet set.

The County Commissioners have ordered an election to see whether our tax-paying voters in the county want a new court house and jail. It is ordered that you vote for or against the issuance of \$82,000 bonds on the 22nd of July. So think it over and vote for the bonds for there is nothing Garza County needs worse than a new court house to be proud of.

Dr. Corbin, Sheriff Cravy, Ira Weakley, Judge Anderson, George Shirley, and several other citizens attended court at Lubbock this week.

Today Garza County Farmers Association is shipping the first car of Garza County wheat to market. This wheat was sold on the local market for 95c. This is the earliest wheat that was ever shipped from Garza County, so we understand.

The Baptist revival began Sunday at noon and is progressing nicely. Rev. P. F. Squires of Fort Worth, is doing the preaching.

"All of our faculty and at least 99 per cent of our student body believe that national prohibition is desirable."—Samuel Plants, President, Lawrence College.

It is entirely legitimate to try to overthrow the prohibition amendment. It is not legitimate to try to induce Congress to declare that light wines and beer, which all the world knows to be intoxicating, are soft drinks.

## BROWNFIELD MAN UP FROM BROKEN COLLAR BONE

W. E. Pool of Brownfield, was in Lubbock Saturday, on business. Mr. Pool happened to a serious accident several weeks ago, when he received a broken collar bone as the result of being thrown from a horse. He is hale and hearty at this time, and though his shoulder is not as strong as it has been, he is getting around in that typical West Texas style, and has no signs

whatever of the long confinement which was necessary for the break to be healed.

He is a Brownfield booster who knows West Texas, and her advantages well enough to make a believer of anyone with whom he discusses the possibilities of Brownfield and the Brownfield trade territory.

It is nothing less than ignoble to shrink from every effort that is necessary to your success.

### THINGS TO REMEMBER

Advertisers, contributors and all parties interested in the Avalanche please remember these things: We print the Tuesday Avalanche on Monday, press hour, 3:30 p. m. Friday Avalanche on Thursdays, press hour 3:30 p. m. Please have copy for local notices in not later than noon Mondays and Thursdays. Ad changes and copy should not be later than 8:00 a. m., Mondays and Thursdays. It takes a schedule like this to get your ads in the paper in good shape, and helps us give our readers better service, which means that the paper will be of better service to you, which we earnestly desire it to be. We do not want to be exacting but we must demand some things of you, if you expect us to come up to the notch.

### EXIT KNOCKER—ENTER BOOSTER

To see the old sign, "Patrons will please report any inattention to the management," tacked up here and there around public places and utility equipment, give way to something that affords the booster a chance is quite a relief.

So general has become the use of these signs that an observing person might come to the conclusion that the management was trying to get in touch with all of its patrons inclined to knock, and the most-wished-for event was an opportunity to give someone a jacking up.

In view of this universal condition it is refreshing to see tacked up in Beaumont street cars a new sign which has taken the exact position of the old one, reading as follows:

"Reporting unusual attention on the part of employes render us valuable service, as we wish to recognize efficiency in our organization."

Clearly the management of the Eastern Texas Electric Company believes that it is more important to itself and to the public to seek out the unusually efficient and properly reward it, than it is to fire somebody and break in a new man. There is a philosophy in service and it seems to have found it.

Certainly the morale of the employes of any institution will receive more strength from the act of rewarding some faithful service than it will from discharging someone. It is nothing but human for a man or woman to take pride in the fact that they have discharged their duties well—done a little more than expected of them, and recognized accordingly. The employe who does not possess this human instinct will find himself sooner or later in a position which does not bring him in contact with the public.

The man who does merely enough to keep from getting fired is a poor employe and will, sooner or later, find that he has been passed by others and become a liability to his employer.

The man who does a little more than his duty is not only an asset to his employer and the public as well, but will soon find himself entrusted with greater responsibilities with a corresponding increase in emolument.

The Eastern Texas Electric Company has done a public service in inviting the optimist to come in and have an inning.—Beaumont Enterprise.

### JUST IN TIME—JUST RIGHT

The South Plains Diversified section is simply in the swim! The farmer who does not wear a smile now is simply a grouch and can't smile. Just as the farmer got his crops clear of the weeds and got it in real shape to grow, the rain came and now there is just no way of telling how fast that cotton and feed stuff is going to grow. Everything was sitting just right for the precipitation. It varied in different portions of the county from .95 of an inch to six inches, and all got enough to make things whoop. This rain came Friday and was again followed Sunday evening with a good shower, at Lubbock and much heavier in other sections of the county, bringing the total rainfall to an average of possibly an inch and a half. There has been much new land put in cultivation this year, and this rain will put the crops along toward maturity, which means thousands of dollars to our farmers. There is a general feeling that the tight times are gradually giving way to more prosperous conditions. There is now plenty of work for every man who wants it in this section. There is really a shortage of help just at this time. Farmers are wanting more help than they can get, and the fact that every fellow is working is a pretty good indication that conditions are certainly on the upgrade. Then it will be only a short time now till the marketing of farm products will begin in earnest, in fact, in some sections of the South Plains there is quite a good amount of wheat being harvested, and this will bring a good price. The money turned loose by these wheat farmers will find its way into the channels of trade, and there is no way of telling just how many thousands of dollars of accounts and notes, etc., these dollars will pay before they are finally dumped into the coffers of the fellows in Wall Street and other money eating centers. Anyway, cheer up! We believe the worst is passed, and the South Plains is gradually merging into a prosperous era.

The coal strike is going to hold on until there will be real suffering among millions of people, if there is not something done and that right soon to get things in operation again. These periodical strikes are the most disgusting things that one has to deal with, and we do not even see the wisdom of them. Little, if anything is ever accomplished by them, but the damage sometimes is very great. If the government under which we claim protection, cannot straighten things out, then why a government?

Some folks wonder why the modern evils of the land are so hard to reach and correct. One reason for this seems to be there are a lot of folks who crave "rough stuff." They seem to enjoy feasting their minds on the carrion of the age. This was more forcibly brought out a few days ago at a Panhandle town when a moving picture show proposed to show the picture film "Fate" which starred Clara Smith Hamon. Objections were raised and the picture was not shown there, but taken to a smaller town and presented to the public. At least sixty movie fans drove a distance of eight miles and back to see this picture, that was considered too vile to be shown in their home town. If it were not for such demonstrations as that, such pictures would never be attempted on the screen. We have said so before, and we say so again: Moving pictures will be just as clean as the people want them to be.

The cities in Lubbock county are not the only places where education is appreciated. Last week Woodrow, a school district South of Lubbock ten miles, voted on a tax raise issue for school purposes. There were eighteen votes cast and seventeen were in favor of raising the tax rate to \$1.00 on the \$100 valuation of property; in other words, seventeen to one. The South Plains people believe in education, and those East Texas people who want to give their children advantages of real schools will have no reason to be afraid to bring them to Lubbock county. Here the children have a better chance of education than back in the "Absolute Cotton Counties." Come to the South Plains folks, where the climate is fine, and the people think more of their children's education than they do of the cotton bolls.

Why should a fellow be opposed to a paid secretary to take care of the work that must be done in the development of the city any more than to employ a person to do any other kind of work. We have heard some folks say they are opposed to paid secretaries, Chamber of Commerce, etc., and still they claim to be citizens of Lubbock. They are just living here and we do not know what for. They do not benefit the town any, and we are sure they are miserable creatures in a live, thrifty place like Lubbock.

Every person who makes a trip to the East and to other states come back with the same report that people of those sections are anxious to know more about the South Plains. They report that people in those sections are coming out here to see this wonderful country, and will no doubt want to locate here when they come. Be ready for them. Get a lot of this land that is lying idle in shape to sell it or rent it to them. More people in the rural sections is what this country needs to make it the greatest agricultural part of Texas.

Lubbock is rapidly shaping up for a real wholesale center. Its business in this line is already much larger than many people have any idea. The really big industries of Lubbock are building for the future with a view to take care of a territory of not less than a hundred miles square, and they are not going to be disappointed in their figures, that this is the center of activities for this section of the country. It is truly the "Hub of the Plains." Come to Lubbock.

There is an unquestionable need for the additional water supply in Lubbock, and the bond issue is the easiest way to get it. There is just as great need for the extension of the sewer plant, and the bond issue is likewise the most practical means of handling it. Remember the bond election will be held on the 18th.

Sterling P. Strong has turned his K. K. K. vote over to Bob Henry, and quit the drive. Sterling P. certainly disappointed a lot of his admiring friends in not being able to stir up any more thunder than he did, and then to resign in favor of Bob. Well politics make people do strange things sometimes.

The rains have come and give the calamity howler another terrible blow. It is the blow that looks like will knock him out for all times to come. At least we believe the prospects for crops are brighter than we ever saw them. Where is there any place for old calamity to get a word in edge ways?

When there is a good and industrious farmer on every 160 acres of this fine rich land in the Lubbock trade territory, our merchants will be selling tons to a farmer where they are now. Does it not stand to reason that the town will take care of itself when the country surrounding it develops.

Dwelling houses are still in demand in Lubbock, and we venture the demand will increase every month from now till school starts. If you are in position to build a few good rent houses, we doubt if you will ever find a more desirable place to invest your money than in Lubbock.

Everything is coming along in good shape with the school building plans. The contract will very soon be let for the new building and as soon as it is, work will begin on the construction of this much needed high school building.

Lubbock is getting real weedy. The vacant lots are growing up in weeds and grass, and they should be cleaned off. Let's not allow these breeding places for flies and typhoid germs to remain unmolested in Lubbock.

Do not forget that July 18th Lubbock will vote on two very important matters. The issuance of bonds for water and sewer extensions. Both are very essential to the growth and development of the city.

Hon. Joseph Weldon Bailey is for Clarence Ousley for United States Senator. What was the old saying about birds of a feather? You say it, we must not.

Many new people are moving to Lubbock. Many of them are buying homes, but every time one buys a home it puts some one out of doors, hence the need for more houses.

## A Letter From the Texas W. C. T. U. Cor. Secretary

My dear Prohibition Friend:  
I have before me a copy of a letter sent out by our former President, Mrs. Cora B. Megrail, endorsing Hon. Earle B. Mayfield, as candidate for the United States Senate.

Thinking this might put our Woman's Christian Temperance Union in a false light, I think it justice to our cause and the principles for which we have fought all these years to give answer to this.

The W. C. T. U., as you doubtless know, has never taken part in partisan politics, further than to stand by the men who have stood by the principles for which we have labored and prayed. This we have always done and will continue to do. The record shows that Mr. Mayfield has not rung true as a Prohibitionist. In the "Breveriga and Texas Politics," Volume 1, page 445 and 446, we find that Earle B. Mayfield is listed in a secret report as favorable to the brewery interests and that they counted on him to help defeat Constitutional Prohibition.

Furthermore, during all the years we worked so strenuously for Prohibition, Mr. Mayfield was little heard from upon the stump against the open saloon.

We are informed that among his associates he is looked upon as a man who does not practice the principles for which the W. C. T. U. has always contended.

Having these facts before us, the W. C. T. U. of Texas cannot support Mr. Mayfield in his candidacy, and feel that we owe this explanation to the public.

Yours for the strict enforcement of the Volstead Act.

Mrs. C. R. Porter,  
Cor. Sec., Texas W. C. T. U.  
Mrs. Mollie D. Abernathy,  
Dist. Pres., Texas W. C. T. U.

### "BOUGHT AND PAID FOR"

Should a wife accept lavish gifts from her husband as peace offerings after misbehavior on his part?

Can a husband, addicted to drink, hope to retain his wife's love after charging that he bought and paid for her and that she is by virtue of such a procedure?

Can a wife's love and self-respect be bought by a man as one may buy a dog or some other domestic pet?

These questions constitute several of the vital problems in "Bought and Paid For," featuring Agnes Ayres and Jack Holt, which William de Mille has translated to the screen as a Paramount picture, from the famous stage success by George Broadhurst.

In this story the husband, a millionaire, marries a working girl and lavishes upon her costly gifts. For a while they are happy, then the husband repeatedly comes home drunk. His wife, a woman of fine sensibilities is horrified.

At last, the climax comes, and when she refuses to kiss him, he insults her by saying that he has bought her and paid for her, and therefore, owned her. This causes a breach. The ensuing events and the dramatic reconciliation make the picture highly enjoyable. Agnes Ayres and Jack Holt, both Paramount stars, play the featured roles with artistic effect. The picture will be shown at the R. & R. Lindsey, next Monday and Tuesday.

### NOTICE

Dr. R. B. Hutchinson has moved his offices from the Burrus Building to the Bush Building. 38-2

Mrs. W. A. Terrell returned Wednesday from Greenville, where she has been visiting relatives and friends. She was accompanied home by her father, T. M. Allen, a pioneer of that country. He immediately became a plains booster after looking around Lubbock a while. The possibilities of the farm lands are exceptional, and the visitors immediately recognize them.

### I. & G. N. WILL BE SOLD UNDER HAMMER ON JULY 8TH

Houston, Texas, June 29.—If you have any spare cash that you would like to invest in a railroad of your own—that is, if you "thinker" after the title of a bloated railroad president—journey up to Houston four weeks from tomorrow and bid for the I. & G. N. Railroad. The line is to be sold at public auction, and bidding is free.

At the main entrance of the passenger depot at the foot of Congress avenue, at high noon, July 28, Special Master Lock McDaniel will sell the road to the highest bidder. The sale will be subject to the approval of Federal Judge Hutcheson, who has given permission for it to be held.

Bondholders of the road are due between \$12,000,000 and \$13,000,000 under the railroad's second mortgage, dated in 1911, with interest at 6 per cent from May 17, 1915. This is approximately \$19,000,000. If you have got that much ready cash, you may get the road.

Otherwise, it has been declared that the bondholders will bid in the road. The railroad is now in the hands of the receiver, James A. Baker, of Houston. It is planned to end the receivership and reorganize the road.

Common School District No. 20.

To the resident property taxpaying voters of Common School District No. 20:

Take notice that an election will be held on the 29th day of July, 1922, within said district, in obedience to an order of the county judge of this county made on the 27th day of June, 1922, which is as follows:

On this 27th day of June, 1922, there came on to be considered the petition of A. Z. McDougal and twenty-one other persons asking that an election be ordered upon the question of issuing bonds of said school district for the purpose of constructing and equipping a public free school building of brick, or brick and tile material within and for said district; and

It appearing to the satisfaction of the county judge of said county that said petition is signed by at

least twenty qualified property taxpaying voters of said district, and is otherwise in conformity with law, the said judge is of the opinion that said petition should be granted, and said election as prayed for should be ordered.

Now, therefore, I, P. F. Brown, in my capacity as County Judge of Lubbock County, Texas, do hereby order that an election be held on the 29th day of July, 1922, which is not less than thirty days from the date of this order, at the school building in said Common School District No. 20, of this county, as established by Act of the 35th Legislature of the State of Texas, 4th Called Session, H. B. No. 175, Chapter 27, Section 3, at which election, in accordance with said petition, the following proposition shall be submitted to the resident qualified property taxpaying voters of said school district for their action thereupon:

Shall the Commissioners' Court of said County be authorized to issue bonds on the faith and credit of said Common School District to the amount of \$10,000.00, to become due and payable serially, \$500.00 three years from their date and—\$500.00 each year thereafter up to and including the year 1940, and \$1,000.00 each year thereafter during the years 1941 and 1942, both inclusive, and bearing interest at the rate of not to exceed 6 per centum per annum, payable semi-annually, for the purpose of constructing and equipping a public free school building of brick or brick and tile material in said district, and if there shall be annually levied and collected on all taxable property in said school district for the current year and annually thereafter while said bonds, or any of them, are outstanding, a tax sufficient to pay the current interest on said bonds and to pay the principal as it becomes due.

S. D. Pate is hereby appointed presiding officer for said election, and he shall select two judges and two clerks to assist him in holding the same, and he shall, within five days after said election has been held, make due return thereof to the Commissioners' Court of this county, as is required by law for holding a general election.

None but resident qualified property taxpaying voters of said Common School District shall be allowed to vote at said election.

The ballots for said election shall have written or printed thereon the following:

"For the issuance of the bonds and the levying of the tax in payment thereof."  
"Against the issuance of the bonds and the levying of the tax in payment thereof."

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his vote.

C. A. HOLCOMB, Sheriff, 38-3F Lubbock County, Tex.

**Shipment of Tailored Blouses Just Received**

If all of our ads carried a ringing message of sincerity and truth—not boastful and so well filled with superlatives; we feel sure that our patrons would take us at our word in print just as they would if face to face, and that the confidence of the public, would be regained.

Greatest, Grandest, Biggest in the World, Cut, Slashed, Etc., prices—headlines have adorned our printed pages so long that it is rather a problem for the few of us remaining in the bounds of modest advertising to speak forcibly in type.

We know the new goods arriving daily are fast filling our shelves with the kind of merchandise we are pleased to recommend to our friends and patrons—that the styles and qualities are right—that the prices are on a basis of a very modest profit.

We intend that every clerk in this store be in strict accord with our policy of truthful advertising, real service and courtesy with absolutely one-price-to-all—but—and

This is our problem: how can we best inform our customers and prospective ones of the real merit of our goods and of our genuine desire to furnish a store with good honest merchandise?

We believe you will come to know the truth about The Leader and find it always on the plane with the best stores in the country who stand for honest advertising as well as honest merchandising.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. S. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui that I was improving. The result was surprising. I felt like a different person."

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me. My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere. **ESP**

**We Give Standard Willard Service on All Batteries**

With our experience and equipment we have a notion that we could work out a pretty fair sort of battery service without much help.

But we also have an idea that it wouldn't measure up to the brand of service developed for our use by the Willard Storage Battery Company.

As Battery Headquarters we have the benefit of their years of experience, and of the definite national standards of service they have been able to develop as a result.

Come in! No matter what make of battery you happen to have it needs the sort of attention provided by the Willard Standard of Service.

**Leading Banker of Oklahoma City Is Pleased With Plains**

Geo. L. Browning, president and E. J. Litterer, vice president, of the Liberty National Bank of Oklahoma City, one of the leading banks of that city, were here last week looking after the interests of their business, with a view to making loans in this section.

Mr. Browning was beyond question, the most elated visitor to this section in many months, as he was absolutely carried away with prospects here, and expressed a desire to become better acquainted with the possibilities of this great agricultural and ranching country.

The fact that the Liberty National Bank is only three years old, and is at this time third to the best bank in that city, speaks well for his business ability, and we are mighty glad to have a man of his calibre interested in the Lubbock trade territory.

Notwithstanding the fact that there have been some real big men interested in the development of the plains for many years, we are aware of the fact that with increased facilities of every nature, the plains country stands ready for greater development.

Modern civilization demands much of a country, and the fact that the plains land is being recognized as a leading factor in the development of diversified farming in the United States, speaks in bold emphasis the fact that here all the demands of the times can be met, the most important phase of which is that much wealth can be produced on little land, and at minimum cost, in the South Plains country.

**Halt Should Be Called On Acts Of Thieves Here**

The Avalanche has received word of the theft of several nice pieces of hose, garden implements, farm implements and the like, the past several weeks, but owing to the fact that attempts to apprehend the thieves were being made which publicity of the theft might make a little more difficult, little has been said about these cases, but it is getting high time that the people of this section sit up and took notice of this misdemeanor wave which is so much in evidence here.

The news of the theft of a few feet of hose doesn't seem to be much of an item, but when it comes to taking the knives off the go-devils, sweeps off the plows, and other such bold acts of stealing, it looks like something should be done to call a halt.

In most of the smaller cases the peace officers are not notified, and the thieves are unmolested in their work. An Avalanche man lost one hundred feet of brand new hose, which was cut from the hydrant in his front yard one night last week. It was in one piece, and as the thief was unwilling to take time to screw it from the hydrant, he cut it about three inches from the connection, leaving that much of the hose there as evidence that the other had not evaporated.

On such cases the officers could do very little to keep the work down, inasmuch as the hose was no doubt cut up into smaller pieces, and sold to parties who were unaware of the fact that they were buying stolen goods.

A very good way to retard the progress of such offenders would be for everyone to be mighty careful of the goods they buy of strangers, and should they have an opportunity to put the officers next to anyone trying to sell goods of questionable origin it should be done without delay.

**RED CROSS SECRETARY RETURNS FROM CONFERENCE**

Miss Mina Ellis, secretary of the local Chapter, American Red Cross, returned last week from St. Louis, where she attended a conference of the Red Cross, having spent a few days with friends at Dallas and other points on her return home, and was accompanied home by Miss Jimmie Morgan of Dallas, who will spend two weeks with her.

While away the Red Cross office was in charge of the Girl Scouts, and Miss Ellis had many complimentary things to say in regard to the manner in which the work had been handled by the members.

She is now equipped with a new Ford roadster, and the next two months the most part of her time will be spent in community organizations, at which work she is very efficient, and will no doubt effect much good for Lubbock county.

Miss Ellis is a very capable executive, and the Red Cross work here is handled in a most efficient manner, which is indeed a credit to the city, and to Miss Ellis.

**INTEREST PAYMENTS WILL BE DEFERRED TWO YEARS**

Washington, June 29.—The American debt-funding committee expects that interest payments by foreign debtor nations, with possible exception of Great Britain, will be deferred for a number of years, it was indicated today at the Treasury.

The foreign nations, according to high Treasury officials, are not now in a position to meet the payments of interest on their war debts to this country falling due in October because of conditions prevailing in the various nations.

Reports from Paris of the intention of the special French financial mission to present a specific proposal to the American commission involving the commencement of interest payments by France in about two years was regarded at the Treasury as one of the most encouraging developments in the foreign debt situation since the creation of the commission.

Secretary Mellon, chairman of the commission, was understood to take the view that the French mission was not expected to come to this country "carrying a check for its debts" and much better results could be obtained by the discussion of funding arrangements and of fixing a date when interest payments

## PARENTS AS EDUCATORS

Brotherhood in the Kindergarten And The Home.  
(By Elinor Brierly.)

Very important to the future welfare of the world is that the children of today be taught the principles of justice, love and brotherhood in their widest and broadest sense. Where then shall the foundation for these be laid if not in the kindergarten, where children of all nations come, many from homes where such principles are unknown? Teach the child that everything that has life is his brother, to be treated with kindness, love and justice.

The little girl who learns that her kitty needs her loving care, needs sleep, good food and careful handling, is learning lessons in Motherhood which she will never forget. The boy who learns that his rabbits, and other pets, share many of his own needs, and that he stands in place of a father to them, is being trained in parenthood, and when the child has learned that his animal pets have the same right to life and happiness that he himself has, it is not likely that he will treat his human companions unjustly in after life.

In the home should begin this teaching of which Brotherhood is the keynote. The wise mother will not teach her child cruelty however unintentionally, by giving him toy guns, swords, and whips. Rather will she teach him compassion and thoughtful care of others, by training him to pat, not whip, his hobby horse, to love his animal toys yet more when "maimed or halt, or blind" than when in their first glory. She will teach him that animals are man's friends until he himself turns them into foes. She will explain to him that the dog

which barks at him is merely saying "good morning" and he must answer with a kind word, that when it wags its tail it is laughing, and that it pants because it has no pores in its skin to let the heat out in perspiration.

Above all must she teach him to be brave as well as tender, that fear attracts evil, while love and courage repel it. Never must she make the fatal mistake of repeating in the child's hearing such remarks as "He was frightened when a baby by a dog or cat, or horse" as the case may be. This is excuse cowardice in him, and keeps the child reminded of what he otherwise would soon forget. "Perfect love casteth out fear, because fear hath torment."

Thus are the days in both the home and kindergarten the most important of all in moulding the child's character, and indeed it is only in early childhood that such a foundation can be well and surely laid.

### WHY VOTERS SHOULD SUPPORT S. M. N. MARRS

I take this means to ask the people of Lubbock County to vote for my old classmate S. M. N. Marrs, for State Superintendent of Public Instruction. Read his professional record:

Graduate National Normal University; taught rural schools and was chairman board of examiners, Erath county; superintendent Hamilton, Stephenville, Cleburne, and in charge of the Public Schools of Terrell, twenty-five years; member State Text-Book Board, 1903; member State Board of Examiners, 1905-1910; member of faculty and conductor of twenty summer normals, eight at University of Texas and two at the Southern Methodist University; President State Teachers' Association, 1907, and chairman of its executive committee, four years; Chief Supervisor high schools 1919-1921; Vice-Chairman Southern Commission on Accredited Schools, 1920-1921; now first Assistant State Superintendent.

Elect a school man on his school record. Thanking you for your vote and influence, I am,

### TO THE VOTERS OF THE HOCKLEY COUNTRY

We had resolved to eschew politics entirely, but will have to digress temporarily to say a word for my old neighbor, Mr. C. R. Teague, who I see in your paper, is candidate for county judge of Cochran and Hockley counties.

I have known Mr. Teague eight years. He is an efficient and successful teacher and progressive citizen. As ex-officio county superintendent, he would be a very useful man as county judge. Public roads and good schools are the best advertisements for any county and these new and progressive counties will want to go forward in both these lines. We take the liberty to say they will make no mistake to elect Mr. Teague to the office to which he aspires.

### WILLIAM T. (BILL) MCKINLEY WANTS YOUR VOTE

Will T. McKinley, better known as plain Old Bill, wants your vote, influence and support in the coming election for the office of County Treasurer of Lubbock County.

"I was born in Texas and lived here all my life. I have worked 18 years in the same place in Lubbock and am known to all of my friends as a good, dependable, honest workman."

When the war came I was too old to get in the army but tendered my services as an automobile mechanic, passed technical examination of master instructor in auto mechanics, and served at Camp Mabry and hold a Certificate of Honorable Service thru the period of need.

During the war I donated more than \$250 worth of Poster Advertising Space to Liberty Loan Drives, The Red Cross and other war publicity needs. I do not want credit or honor for this but just to show that I believe in carrying my part of the obligations and responsibilities of my country when it needs me.

I always do my part in anything that comes up for the good of the town, county and section as a whole. The fact that I built up a poster service in Lubbock that took second place over the whole State of Texas, against towns five times as large as Lubbock; that I continue to build this service up and care for all of the thousand details connected with it in a business like and satisfactory manner is an indication of my ability to take care of the business end of the office which I seek.

Upon my past work in this county, my standing as a business man and my reputation for an honest, dependable worker, I ask for your support and influence in this campaign and for your vote upon election day.  
WILL MCKINLEY.

### Eleven Million Bales Estimated As Cotton Crop

Washington, July 3.—This year's cotton crop will be about 11,065,000 bales, the Department of Agriculture announced today in its first

forecast of the season. That total production was circulated on a condition of 71.2 per cent of a normal on June 25, an estimate of about 35,352,000 acres in cultivation on that date. The crop may be larger or smaller according as conditions developing during the remainder of the season prove more or less favorable to the crop than average.

The area under cultivation June 25 and the condition of the crop on that date by states follow:

Virginia acreage 51,000, condition 85 per cent; North Carolina 1,801,000, 76 per cent; South Carolina 2,230,000, 9 per cent; Georgia 4,129,000, 58 per cent; Florida 122,000, 78 per cent; Alabama 2,995,000, 68 per cent; Mississippi 3,200,000, 76 per cent; Louisiana 1,311,000, 69 per cent; Texas 12,312,000, 72 per cent; Arkansas 2,853,000, 80 per cent; Tennessee 819,000, 83 per cent; Missouri 156,000, 76 per cent; California 210,000, 91 per cent; Arizona 105,000, 85 per cent; New Mexico 45,000, 85 per cent.

The area this year is 34,852,000 acres or ten per cent more than the revised estimate of area in cultivation a year ago which was 31,678,000 acres.

The June 25 condition compared with a condition 69.5 per cent of a normal on May 25 last year, 69.2 on June 25 last year and 76.9 the average condition for the last ten years on June 25.

#### EMPLOYEES ENJOY TRIP TO BLANCO CANYON TUESDAY

The employees of the Barrier Brothers apartment store, accompanied by Rankin Dow, left early Tuesday morning for the Blanco Canyon, where they enjoyed a most interesting picnic. The water was fine, and fish plentiful from all accounts, and we are glad to know that the people who constitute a great part of that thriving business were given the opportunity to enjoy a few hours recreation away from where any inquiry as to the price of lace, the latest styles in footwear, and clothing problems of all kinds could be forgotten, and the time spent in rejuvenating the body, both mental and physical, for the big work that is before them.

Lubbock's people are playing a conspicuous part in the development of West Texas.

#### ROTARY ITEMS

The Rotary Club held its weekly luncheon at the Cova Hotel Wednesday, with about 100 per cent attendance. Oscar Sensabaugh acted as president pro tem. Woody offered the invocation and then afterwards refused to be the two-minute man. The meeting was then turned over to Bennie Hilburn as chairman of the entertainment committee for the day. He is to be complimented on the nice program rendered. He called upon Woody to make a patriotic address, and it is needless to say that it is full of good things, as we all know him to be 100 per cent American.

He said that our glory day was in the future, but that we did not forget the traditions of the past. People from the foreign countries meet on American soil and can discuss the issues of their country in a safe and sane manner, while if they would criticize matters in this same manner in their own country, they would be flying at each other's throats. In other words, America is the melting pot of all nations. He touched upon the different great historical events of the United States, going back as far as the year 1620, when he made the statement that Rotary had its birth. There were no Rotary associations formed in that time, but in principal, Rotary had its birth then.

The Fourth of July is one of the great outstanding holidays of the American nation, the birthday of our Independence.

The next number on the program was a solo by W. E. Inmon, entitled: "O'er the Billowy Sea," after which he was heartily "encored." Mr. Inmon has a wonderful voice, and the people of Lubbock always enjoy his solos. Without doubt he is one of the best we have in Lubbock.

Miss Addie Lou Posey, in her pleasing way, gave a reading, and responded to the encore.

The closing number was another solo by Mr. Inmon. Mrs. Neal, sister of Mrs. Inmon, accompanied him on the piano. Mrs. Neal needs no introduction to the people of Lubbock. She is a teacher of music in the schools, and organist at the Methodist church; and it goes without saying that as an accompanist, Mrs. Neal cannot be surpassed.

The following visitors were introduced by the secretary: Mrs. Neal, Miss Addie Lou Posey, and Edgar Inmon, guests of M. B. Hilburn; Mr. I. R. Kelso, St. Louis, Frank White, and H. Wendeck of St. Louis, guests of Sherlock Allen; Clark McDaniel, guest of E. L. Robertson; W. O. Stevens and Lawrence T. Martin, Jr., guests of L. T. Martin; C. E. Maedgen, guest of L. C. Montgomery.

#### REV. PICKENS ATTENDED SCHOOL OF THEOLOGY

Rev. F. R. Pickens returned Sunday from a month's stay in and around Dallas, two weeks of which time he spent in a school of Theology. Mrs. Pickens and children who have been visiting her parents at Lamesa, Mr. and Mrs. A. C. Coston, returned home with him.

Rev. Pickens is an ambitious young minister, whose willingness to work for the cause of right has won for him many friends in this section, and we are glad to know that he had the opportunity to attend the school from which he has just returned.

#### LOCAL BOY SUSTAINED BROKEN ARM WEDNESDAY

Newell Hughes, son of Mr. and Mrs. Jas. A. Hughes, of the Palace Grocery, broke his arm Wednesday morning in an attempt to crank a Ford. He had turned the crank several times, and as the engine did not start, he started putting the crank in place to turn the motor again, and combustion gas in one of the cylinders threw the crank backward, catching him on the arm below the elbow, but as only one of the bones are broken his arm will soon be strong again. He was able to be on the streets a few hours after the accident.

#### PIONEER PLAINSMAN HERE MONDAY ON BUSINESS

J. J. Ellerd of Plainview, a pioneer sheep and cattle raiser of the Plains, was here Monday on business. He came to the Plains fifteen years ago, and through close application of genuine business principles to that business has made good, and has besides accumulated a great deal of money and property and made friends with many people of this section.

#### DALLAS MAN HERE TO VISIT WITH HOME FOLKS

Harold Gelin, son of Mr. and Mrs. John Gelin, of Lubbock, is here visiting with them. He is employed in the Federal Reserve Bank at Dallas and is one of the young men of today who realizes the value of hard work and harder thinking. He is developing into one of the leading business men of Texas, and we are glad indeed to know of his early success.

Mrs. H. H. Taylor, of San Antonio, is here visiting at the home of her parents, Mr. and Mrs. L. H. Shelton.

#### SURPRISE BREAKFAST PARTY AT TUMBLE N TUESDAY A. M.

That the Fourth of July would be enthusiastically observed in Lubbock was evident early in the morning, as it seemed everyone had decided to make their trips to the various places of amusement before the sun had gotten high enough to be unpleasantly warm. The Tumble N Pool was the scene of much activity, beginning as early as five thirty, when a sunrise breakfast party, conducted by Mrs. H. W. Sims, reached the place. A fine breakfast of scrambled eggs, black coffee, bacon and light-bread was spread, after which the boys took a plunge into the pool, where much time was spent enjoying the refreshing coolness that only a plunge into fresh water at an early hour can afford.

The party was composed of Mrs. Sims, Messrs. Flora, Edna and Cecil Sims, Messrs. Stanton Rhea, Walker Jackson, Henry Brown and Neal Douglass, Jr.

The party returned to town at eight thirty, and plans were made to go to Becton, where good speaking, a fine dinner and other amusements as the picnic could afford were enjoyed. Mrs. Carl Goodman, president of the Seventh District Women's Federated Clubs of Texas, talked to the ladies on "Better Citizenship," and all spoke highly of Mrs. Goodman as a club woman of extraordinary ability as a lecturer.

## Your Money is Never Idle When in a Bank

The legitimate accumulation of wealth is a virtue. To accumulate wealth and let it remain idle is a sin against the common good of society.

Wealth when expressed in dollars and cents should be in banks where it is most safe for its owners—where it aids industry.

When you need money, your friend's deposit helps you secure a loan. The same principle applies to your friend, when he needs money you deposit aids him.

Then there is protection and security for your savings in a bank provided by no other agency. We offer you protection and service, genuine, interested!

To try it free simply mail post-card for famous 3-Day Test. Address Ironized Yeast Co., Dept. 86, Atlanta, Ga. Ironized Yeast is recommended and guaranteed by all good druggists.

which reformers assure us has engulfed this country, is being blamed on the war, on Bolshevism, the high cost of living, prohibition, women's suffrage and the movies. It seems to be blamed on whatever the reformer happens to have his mind on at the moment. But so far it does not seem to have occurred to anyone to give the Devil a little credit.

Nobody believes in the Devil any more. In fact, nobody believes anything any more, except the dope the newspapers print about our favorite actors and movie stars.

Our ancestors were wiser. When anything went wrong, they blamed it on the Devil and let it go at that. Then they went on about their business, and it wasn't long before things would right themselves again.

The Devil is perfectly willing to take the responsibility for all the evil in the world. He has a reputation to keep up, and he is proud of his ability as a mischief maker. It must be making him devilish sore, after putting in a hard day's work breeding trouble, to pick up the evening paper and find that his connection with the matter has been utterly ignored.

Perhaps that is why he works so much harder the next day trying to convince the world that he is still doing business at the old stand. After a person has been in the public eye as long as His Satanic Majesty,

esty, he is not going to be relegated to obscurity without a struggle. We imagine that if people would turn about and give the Devil a bit of credit for what's going on, he might be satisfied and let up somewhat.

How do you suppose Harding or Jack Dempsey or Henry Ford or Peggy Joyce would feel if the newspapers stopped printing their names? Or, to bring it a little nearer home, how did you feel that time when you won a blue ribbon at the county fair with the prize watermelon and the papers got your name spelled wrong?

Even a murderer feels aggrieved when the story of his crime is buried in the lower left hand corner of an inside page. But give him a three-column spread on the front page, and he will go to the scaffold with a smile on his lips, feeling that surely he did not murder in vain.

Publicity is the breath of life to all of us. The modest person who doesn't want to see his name in print is about as rare as the dodo—and the dodo has been extinct a long, long time. The great human weakness is wanting to see one's name in print.

That's probably what's the matter with the world. The Devil simply isn't getting credit for anything. There has been a conspiracy of silence in regard to him. The present generation knows him only as a grotesque figure used to advertise deviled ham and a certain brand of mineral water. But he yearns to be known and hated for himself alone. Let us give the Devil his due.

#### Impertinent Paragraphs

Poverty may cause crime, but there's plenty of room for saints among the rich.

Even when greatness is thrust upon a man, he believes that he achieved it.

There must be a hell, else a hypocrite has no place to go. Many a truthful man lies in bed. Too many people don't know what to do with the great outdoors except throw trash in it.

All of us have manners, but some of them are bad.

Lots of people have the airs of a millionaire, but that's as close as they come to being one.

You must get at the bottom of things if you want to go up.

Another of life's little mysteries is how a woman can call a man dear and then make him feel cheap.

Most people who have nothing to do are busy doing it.

About the only ones to cry over spilled milk are the ones who did the spilling.

A man drowning in perspiration will clutch at a straw hat.

#### Twelve Greatest Women

Recently the Northern newspapers have been excited over a selection of the twelve greatest American women, and various candidates for the list have been mentioned. But nobody seems to agree on any one bunch. We are going to settle the matter once and for all. Our list, which follows, may not be of the greatest, but certainly it is of the best known:

1. Lydia E. Pinkham.
2. Peggy Joyce.
3. Mary Pickford.
4. Maggie Jiggs.
5. Mrs. Stillman.
6. Becky, the Bootlegger.
7. Mathilde McCormick.
8. The Woman who wrote the Cook Book.
9. Mrs. Katzenjammer.
10. The Girl who poses for Bathing Suit Ads.
11. Clara Smith Hamon.
12. Any Mack Sennett Bathing Beauty.

### Over the hills on "high"

Hill-climbing power—the kind that sends you over the top on "high!"

That's what every motorist wants. And that's the kind of power SUNOCO Motor Oil gives you.

Many motorists never knew what powerful, smooth-running, dependable engines were in their cars until they began using SUNOCO instead of just "oil."

SUNOCO has the quality and accuracy to maintain power-tight, leak-proof cylinders under all operating conditions. And it prevents any excess friction drag on the bearings.

SUNOCO eliminates carbon troubles because it is a non-compounded oil, leaving no sticky residue in the cylinders to cause hard carbon deposit.

Give SUNOCO a trial. Look for a dealer who displays the SUNOCO sign. He will clean the dead oil from your crankcase before refilling with the proper type of SUNOCO. Do this at once.

#### TEXAS CANDIDATES SHOW EXPENDITURE IN REPORTS

Austin, Texas, June 27.—As today is the last day allowed by law for candidates for nomination in the democratic primaries for filing statements for campaign expenses, lists of the various candidate's expenditures are available.

The candidates for United States Senator lead the list, their expenses totaling far above the others.

Of the senatorial candidates, Cullen F. Thomas has spent the most, his statement showing \$4,684. Earl B. Mayfield reported \$4,371; Clarence Ousley, \$4,069; Charles A. Culberson, \$3,207; Robert L. Henry, \$1,730; James E. Ferguson, \$1,323. Candidates are allowed to spend \$10,000 in their campaign, this amount to cover the first and second primaries, provided there is a second.

Mr. Ferguson and Mr. Ousley only reported contributions to their campaign funds. The former has received contributions amounting to \$135, while Mr. Ousley's total \$225, their statements show.

Governor Neff and F. S. Rogers are the only gubernatorial candidates whose statements had been filed at noon today. Governor Neff's statement show expenditures of \$327, with no contribution. Mr. Rogers reported \$179 expended and receipts of \$270.

**Girls of Mrs. Kimbro's Class Give Food Sale**  
For those who love good things to eat, the announcement of the food sale to be held at Rix's Store on Saturday, July 8, will come as good news.  
The girls of Mrs. Kimbro's Sun-

day School Class, of the Methodist church, will be in charge of the sale and you are assured of all that is dainty and delicious in the culinary art.

**Dollar Social—Presbyterian Ladies Auxiliary**  
On Monday afternoon at the home of Mrs. Smylie Wilson, there will be a dollar social, under the auspices of the Presbyterian Ladies Auxiliary, and every member of the church is urged to come and add to the treasury fund, by contributing the above amount. Not only church members are invited, but friends and attendants of the church are more than welcome.

An interesting program has been arranged of musical and dramatic numbers and those who can come will find the time one of the most enjoyable. Remember the date—Monday afternoon, July 10, at four o'clock.

**Post Has Lubbock Week-End Guests**  
The city of Lubbock had good representation at Post over Sunday, as several Lubbock folks were there to enjoy the week end. The party consisted of Mr. and Mrs. W. O. Stevens and son Bill, Miss Mary Alice Johnson, Miss Blanche Bacon, Miss Ruth Slaton, Mr. and Mrs. Elmer Conley, Mrs. Abney, Frances and Virginia Conley, Mrs. A. B. Conley and Mr. and Mrs. Earnest Conley.

The society reporter finds the social calendar of Lubbock minus the usual party engagements—and with the exception of an occasional club party the reports of this column are few. Most people are either away on vacations or have just returned—hence the party spirit has been somewhat lacking. A month or so from now things will begin to assume their usual social color, and the society matrons will begin another social season—to pass if possible, in glory the one that has gone by.

Mrs. W. E. Moorehouse, sister of Mrs. J. S. Johnson, of Benjamin, Texas, will be the house guest of Mr. and Mrs. Johnson for a few weeks.

Dr. and Mrs. Wagner will have as their guests for a few months, Mrs. Wagner's father and mother.

**Miss Margaret Huff Returns From Egypt**  
After some three years absence from Lubbock, Miss Margaret Huff, has returned from Cairo, Egypt, where she has been teaching. Miss Huff's many friends welcome her home again and wish for her the very happiest time while she is here. In losing Miss Huff, when she decided to go to Egypt, Lub-

bock lost one of the most efficient and able music teachers that we have ever had, as well as one who was personally held in high esteem, by all who knew her.

Mrs. McClarty will be hostess on Friday afternoon, to the Auction Bridge Club.

Mr. and Mrs. Tom Ivey, Mr. and Mrs. Warren Bacon, Mr. and Mrs. Eastin Wolfarth, Mr. and Mrs. Sam Arnett, and Mr. and Mrs. W. B. Atkins motored to Hereford, where they will spend a few days holidaying and fishing. Here's wishing them good luck and a happy holiday.

**New Sewing Club**  
A new Sewing Club has been organized, comprising a number of the young married women, and the younger girls of the city. The club met on Wednesday afternoon at the home of Miss Mamie Alexander, and the following young folks enjoyed a delightful afternoon: Mrs. Pearson, Mesdames Elmer and Earnest Conley, Mrs. McAfee, of El Dorado, Arkansas, Mrs. Cummings of Dallas, Mrs. Dr. Kreuger, Mrs. H. Griffith.

A dainty and delicious lunch was served during the course of the afternoon, by Miss Mamie Alexander, who was a charming hostess for the occasion.

**First Christian Church**  
The Ladies Aid and Missionary Society will hold a joint meeting on Monday afternoon at three o'clock at the church. This will be an interesting meeting and a good attendance is requested.

**Just Sew Club**  
The Just Sew Club met at the home of Mrs. C. A. Pierce, with Mrs. Howard Wheelock as assisting hostess. A pleasant and profitable afternoon was spent by all. Before the guests dispersed the hostesses served a delicious lunch of pineapple salad, sandwiches, and cream.

**K. K. Klub**  
The Kolonial Kard Klub met at the home of Mrs. Dr. Castleberry on Wednesday afternoon. Several members were absent on account of vacation time, but for those who were present, it was one of the daintiest club parties ever enjoyed.
