VOLUME XXIII. TUESDAY, JULY 18, 1922

LUBBOCK, LUBBOCK COUNTY TEXAS, No. 41.

PUBLISHED TWICE A WEEK

## LOCAL MEN MADE TRIP TO OLTON TO BOOST OUR FAIR ASSOCIATION

MUCH ENTHUSIASM SHOWN AND LAMB COUNTY WILL HAVE BIGGER AND BETTER EXHIBIT THIS YEAR

## COMMITTEES APPOINTED TO GET EXHIBITS

Lamb County People Looking After the Educational Advantages of Their Children—Close Co-operation on the Part of the People Characterizes Them.

The Panhandle & South Plains Fair Association will hold its fair here in September, as per plans made when the Association was organized, and President E. L. Klett is getting down to the work of completing arrangements for the big event.

Accompanied by M. M. Dupre, of the Lubbock Schools, R. A. Holland, Loan man, and Neal Douglas of the Avalanche, Mr. Klett motored over to Olton, Lamb county, Friday evening to attend a community meeting, held there for the benefit of the candidates, who were enthusiastic about the work, and after hearing talks by Messrs. Klett and Dupre made a resolution to support the Fair Association, and to have a Lamb county exhibit here this fall.

Committees in the various communities were appointed, and work will be started at once gathering such products, livestock, etc., as will be of any assistance in helping Lamb county to make a real showing on that occasion.

Olton is the county site of Lamb county, and there is a splendid community spirit existing there, which is good to come in contact with, and when first arriving at that place and taking a look at the splendid school building, which is indeed a credit to the entire county, we were made to wonder how it could have been built on such large scale in such small place, and we got the surprise of our life when automobiles began to come in sight, and before they were all there the spacious auditorium was crowded to full capacity.

The most noticeable feature about the crowd was that the people are enthusiastic boosters and builders, and after learning that they would make a fifteen thousand dollar extension to the building and making inquiry as to how the people felt about the matter, we learn that they are placing the educational facilities of that community in the front rank, and every one of them is an enthusiast in that work. Material for the additional improvements are on the grounds, and the contractor, Doc Harrison, will have the work rushed to completion.

The building is already equipped with steam heat fixtures, a good and effective gas lighting system, and all other features from the smallest to the largest, are worked out to the complete satisfaction of all the people, and we were surprised to know that the additional room is necessary.

"Communities are made of folks" is a statement with which we were made familiar through the address of a noted community expert who was in Lubbock giving a "Farmers Short Course" some time ago, and we believe that the people of the Olton community are making one of the most ideal communities on the plains.

The widespread interest shown in the fair exhibit of the Lamb county booth was conclusive evidence that those people work together for the betterment of their surroundings, and will take advantage of that opportunity to advertise the possibilities of that great section of the plains. They had a booth here last year which was a credit to the Fair, and we were glad to know that they are planning on making the one this year larger and better in many respects, and should they take home many of the prizes we will not be at all surprised.

Prof. Dupre, ex-president of the Panhandle & South Plains Fair Association, made clear the reason for no prizes being offered on small exhibits, emphasizing the fact that they are making prizes on all livestock and other exhibits which cost the exhibitor much money to place on the grounds, larger than any like fair in the State, which is indeed a commendable feature of the work, and will be instrumental in helping keep awake the interest in the larger exhibits, which the cost of exhibiting has a great tendency to make lag.

county, for though row crops there are several weeks later than here, they are looking fine, and the sight of many harvesting outfits reaping a splendid yield of wheat was mighty encouraging. We understand that an average of twenty bushels is made, which is a profitable crop on the plains.

The hundreds of thousands acres of undeveloped pasture-lands certainly makes a fellow wish he could shake someone loose from their bulldog grip on the throat of development, and when Prof. Dupre assured his hearers that it has always been the history of all large land owners that they don't live always, and that when the land is turned into the hands of their heirs is, without an exception, placed upon the market and sold in smaller tracts, it did us good to know that Lubbock is within a few miles of the finest lands anywhere, that when developed will add millions to the wealth of this country.

Anyone interested in the development of the plains, and wanting to see an example of concerted efforts of the community folks accomplishing that work should take a trip into Lamb county, visiting Olton, Spring Lake, Littlefield and the other community centers.

The president and board of directors of the Panhandle & South Plains Fair Association expect to visit all the counties in the district that it is at all possible, and the September fair will no doubt exceed all others in attendance and attractions.

## WHEAT YIELDS 20 BUSHELS TO ACRE

Flem T. Gillespie was in town Monday on business. He tells us that he is through with his wheat and has it in the bins at the elevator. The yield was fully 20 bushels to the acre, and the quality unsurpassed. In fact it is so good that Mr. Gillespie proposes to have it cleaned and hold it for seed, as he feels convinced that no better seed wheat can be found in the State, and then it has the advantage of being acclimated.

## GERMANY A GOOD PLACE TO SOLDIER, SAYS WILSON

Iran Wilson, son of Mr. and Mrs. Ira Wilson of Lubbock, returned last week after one and a half years in the U. S. Army of Occupation at Coblenz, Germany.

He is now discharged and will make his home here. He says that the soldiers of the Army of Occupation find life and the work more interesting than soldiering in the States, but nevertheless the opportunity to return home was accepted with enthusiasm.

He is a substantial young citizen of which any town might well be proud, and we are glad to welcome him to Lubbock.

## CARS COLLIDE AT POST, WOMAN HURT

Post, July 11.—One was painfully hurt and several suffered bruises to the body when an automobile driven by R. H. Collier of Post, smashed into one driven by a Mr. Adamson in the cut just at the top of the cap rock. The cars were badly smashed.

Mrs. Thomas, mother of Mrs. Collier was painfully cut on the face and head, but her injuries will not prove serious.

## CLERKS AND STATION AGENTS MAY GO OUT

Cincinnati, Ohio, July 13.—Clerks and station employees, and freight handlers on the Big Four system numbering, it is said, approximately four thousand, are taking a strike ballot, it was reported today unofficially at headquarters of the clerks union here. Officials of the union refused to comment on the strike ballot, saying that the matter was in the hands of the general chairman.

The Tahoka fire station has recently been completed and the structure is modern in every particular and is something every citizen in the entire community should be proud of. The building is constructed of the stucco design, and the interior is fitted up with two separate apartments including a shower bath equipment. There is not a town in West Texas that has a fire station that any-where near comes up with the local station. Tahoka is always just a little ahead of her sister towns when it comes to public improvements.—Lynn County News.

Messrs. Rankin Dow, son of Editor James L. Dow, of the Lubbock Avalanche, and Walter Clark, of the Rix Furniture Co., were business callers in Tahoka, Wednesday.—Lynn County News.

## FISHER FLASHES

The revival occasion is no time for pessimistic whining, but time for up and doing and for a forward step. We must move forward or backward; there is no standstill in anything.

The church that does not believe in revivals may as well build its casket, make its shroud and dig its grave.

More than 75 per cent of the membership of the evangelistic churches came in directly or indirectly through the revival. No man with business sagacity would discard a plan that is 75 per cent efficient for one that is only 25 per cent efficient.

The revival we need is not that the evangelist can bring in his pocket and turn loose at the psychological moment but one that comes from God.

I do not deal in personalities. I came here mad at nobody but the devil, and while he has a good many children around here, I am not after them, but after the old gentleman himself. God loves humor, else he would not have made parrots, donkeys, monkeys and some folks we meet.

The church that is on fire has a good crowd. Some folks are so good they are good for nothing.

Some folks are trying to ride a religious hobby-horse to heaven and some are trying to dance their way into heaven, but both of these modes of travel lead hell-ward rather than heaven-ward.

The business of threshing is to get grain, the business of the church is to get souls. When either fails, it is a losing proposition.

## Pastor J. F. Baker Enters Second Week of Successful Revival Meeting At the Cumberland Church Here

One of the greatest revival meetings that has ever been held in our church is being conducted at the Cumberland Presbyterian Church by the pastor, Rev. J. F. Baker, who is holding two services daily.

Sunday morning the pastor used as his subject, "The Saving Faith" from which he preached a wonderful sermon of great power and appeal, and his hearers were enlivened to a better understanding of their church and its undertakings. The house was filled to full capacity, with several persons standing in the aisles and at the rear of the building, which was encouraging indeed to the pastor. The song services

are getting better all the time, and Rev. Baker attributes a great part of the success of that meeting to the assistance received from that body.

In the evening he discussed "Reaping Your True Harvest" in his usual able manner, which pleased the entire congregation and brought to them a desire to be of more service to God and to the church. The meeting will continue indefinitely, and to this time only three invitations have been made and twenty-five conversions and reclamations have been made, which indicate the interest that is being made in the meeting.

## Boy Scouts Are Spending Three Days at Lake Near Post City With Scoutmaster Rev. W. A. Bowen

"Boys are boys" and should have something to keep them busy, thinks the local Rotary club, and as a special Boys' Committee was appointed some time ago to foster the Boy Scouts organization, which was composed of men who know boys with parental understanding and a keen realization of the responsibilities that were placed upon them, the boys of Lubbock are well cared for and the work of the Rotary committee is doing for them is wonderful.

With about thirty-eight of the scoutmaster Scouts that ever scouted, as Mr. Katzenjammer would put it, Rev. W. A. Bowen, one of the Rotarians, and a boy's friend who is really a friend, left Lubbock at seven o'clock Monday morning for the Two Draw lake near Post City, where they will spend three days on a scout encampment.

Boating, swimming and fishing will be the main features of the occasion, and as there are some pretty well trained scouts in the crowd, we are sure that Scoutmaster Bowen will be one of the most talked of affairs that has ever been put over by the Rotary club.

Unestimable has been the value of the work done in this work by O. L. Sensabaugh, chairman of the committee, who has taken the work into hand with a determination to accomplish something that was evidenced in the aggressiveness which he has shown in every matter pertaining to scout work.

Rev. Bowen is Scout Master, and the high regard the boys have for him makes the work more interesting, and their willingness to abide by all rules laid down by him has gone a long way toward making the organization the success it is. There are three regular meetings held each week, beginning at eight fifteen p. m., except on Monday when Fay Sawyer takes the boys to a local swimming pool in the afternoons to be instructed in life saving and swimming. Much interest is being taken in this work, and the boys are learning with rapidity under the expert directions of Mr. Sawyer, who is an artist in that work.

On Wednesday evening, Mr. O. L. Sensabaugh takes the boys through the gymnasium work, which is helping develop them along physical lines that is proving a great factor in securing the other work with more ease, as strength is a main essential in a Scout's life, and those boys are endeavoring to become scouts of the first rank.

On Friday evening H. H. Griffith, whose experience in the army equips him well for the work, gives the boys instructions in drilling, and this work is always participated in with enthusiasm and a willingness to follow the instructions of their leader.

Sometimes we think a pessimist is a man whose name is Babe Ruth.

## TWO THOUSAND PEOPLE HEARD REV. FISHER PREACH SUNDAY

WERE HELD SPELL-BOUND FOR MORE THAN AN HOUR AS THE EVANGELIST BROUGHT THEIR SINS TO TASK

## SONG SERVICE IS IMPORTANT FEATURE

Under the Directions of Rev. Little the Choir is Rendering Great Service, Making Their Part of the Meeting Very Impressive and Inspiring.

The large tabernacle was crowded to its utmost with hundreds of seats provided and still the big crowd was turned away, and two thousand people who were so fortunate as to get a seat, sat with breathless attention for one hour while Rev. Albert C. Fisher of the Albert C. Fisher party of Fort Worth, Texas, delivered, what is said by old-timers, to be the greatest evangelistic sermon ever delivered and to one of the largest congregations ever assembled in Lubbock.

Taking the Ten Commandments as a text and using as subject "God's Measure of Man," the Evangelist was at his best and stepped upon the platform in the spirit of the apostle Paul, and took the swearer, the liar, the sabbath breaker, the adulterer, the gambler, the murderer to a task never to be forgotten, such an arraignment of each has never been heard in these parts; so many of the older people who have been here for many years. The evangelist's voice was perfect, his logic, his argument, his oratory, his language, wide range of reading coupled with his unusual personality, wit and humor swung the two thousand hearers at his will in tears, deathly stillness and laughter thru the service from start to finish.

Evangelist Albert C. Fisher is truly one of America's greatest evangelists and his powers and usefulness are increasing with the passing of the years. With the two-edged sword of the spirit in hand the speaker flayed sin in all its high and lofty as well as its under current and men were never so plainly shown up as last evening, while the evangelist never spared the women in high hellish circles, as well as the street walker, in fact the preacher has less use for the hypocrites who gamble for prizes at the bridge parties and other gambling devices, than the "old negro" who rolls the bones in the back alleys. "Some street remarks picked up while walking the streets will indicate the power of the wonderful gospel message of Sunday night."

"He skinned the swearer for all he's worth and in a way the cussor can't take offense. I am going back tomorrow night for I never expect to hear another like him in Lubbock."

"My! but what will become of these old gambling sisters high up in the church?"

"Fellers, we got to take the hats off, that feller knows where we live and ever word was true as thunder."

"What about these doubled standard guys who run around and expect their wives to be pure—they sure got their dose last night, didn't they though?"

"We have been here a mighty long time and this is the strongest preacher we ever heard, and Lubbock is fortunate in getting this strong evangelistic force in our little town, for not many towns of this size are able to secure such force."

Mrs. Albert C. Fisher is a great power in the meeting. No better to be found in the evangelistic field at the piano and she sings beautifully and her strong personality easily gives her a place in the hearts of the people. Mrs. Fisher is a speaker of unusual power and talent and as a worker with young people, she has won a high place. No doubt she is one of the best ever came to our town with the young people. She can preach, direct a choir, teach the young people, play the piano, and in fact do most any thing in the evangelistic field with power, grace and honor to her Lord to whom she is individually devoted. Her work is great and the more than a half-hundred young folk in Lubbock should embrace this rare opportunity of her splendid leadership.

The choir of one hundred voices under the leadership of Mr. Little is a real feature of the meeting. Mr. Little loves to smile and sing. He knows how to get the people to sing and puts his soul and body into his work. We are having some of the best music ever offered to Lubbock and the people are co-operating with the leader in a great way. Mr. Little is good natured and always in a good humor, and has won many friends and is a real factor in the success of the meeting. The men's evening prayer and workers meeting under the leadership of Mr. Little is becoming prominent.

Mr. Little expects to organize the boys and girls, 14 years and under, into a Junior choir this week and enlist the parents in their work.

The place prepared for the meeting was never better, and Rev. Ferguson, the pastor of the First Methodist Church, is to be congratulated for his wise leadership and his untiring energy in making it possible to have the comfort we enjoy at the services. Rev. Ferguson has

## BIGAMIST ARRESTED AT SLATON LAST THURSDAY

After a most interesting chase in which he proved to himself that there is little assistance to be gotten from peace officers over the state, Sheriff Holcomb arrested A. B. Edwards, alleged bigamist, at Slaton Thursday night of last week. Edwards has been on the dodge for some time, and it was through exceptional detective ability displayed by Sheriff Holcomb that he was arrested.

It is alleged that he has a wife at Munday, Texas, and before divorce proceedings were completed he married another young woman at Slaton, through whose assistance the arrest was made.

Edwards is now in jail awaiting the action of the grand jury.

## France Asks That Probe Be Made of the German Crisis

Paris, July 13.—France will insist upon a full investigation into the causes which precipitated the present crisis in Germany, leading to the German government's request for a moratorium in cash payments for two and a half years, before any respite is granted by the reparations commission.

This stand on the part of France, it was indicated in official circles today, also applies to the payment due July 15, which France holds should be made, and unless President Duboise, French representative on the commission, is placed in a minority the 32,000,000 gold marks will have to be forthcoming.

Also under these conditions, it will be some time before action is taken on the moratorium of two and a half years. The committee on guarantees, which has been investigating conditions in Germany, has been asked to hurry its report as much as possible, but it is probable that several days will elapse before the report is in readiness for presentation.

## FINAL RATIFICATION MADE OF YAP PACT

Washington, July 13.—Secretary Hughes for the United States and Sadao Saburi, counsellor and charge of the Japanese embassy, today exchanged final ratifications of the Yap treaty and the convention will be put into effect immediately. This treaty, signed during the arms conference, recognized on the part of the United States, Japan's mandate over the Island of Yap and confirms to the United States full privileges of equality in the maintenance of wireless and cable stations on the island.

## MERCHANTS TO MAKE AUTO TRADE TRIP

Sweetwater, July 13.—Numerous merchants have signed to take the two-day automobile trade trip. It will start from Sweetwater July 18 and end the evening of July 19. Among the towns which will be visited are: Dora, Hylton, Blackwell, Roscoe, Lorraine, Colorado, Hermligh, Snyder, Rotan, Roby, Sylvester, McCauley, Longworth and Palays.

## LEE GUTHRIE OF HALL COUNTY VISITED HERE

Lee Guthrie, a pioneer of Hall county, was here last week visiting his old friend, J. C. Cromer, on his place five miles south of town. Mr. Guthrie is a plains booster, and realizes the value of the lands adjacent to Lubbock, and expressed a desire to become identified with the people of this section in working on their building and developing program. His son Roy, of the First National Bank of Memphis, Texas, was here with him.

E. M. Douthett of Austin, representing the Christian Courier, publication of the First Christian church was here the first of the week transacting business.

## Meadow Is On the Map and is Growing Bigger Every Day

There is more to looking around a little than the average man might estimate, and an Avalanche representative who visited Meadow last week admits that there is something to getting out on the highways and byways around Lubbock on an inspection tour of our surroundings, but for that trip we might have labored under the erroneous and awkward impression that Lubbock, the Hub of the Plains, is the only town on the globe that is growing, and we admit that that trip certainly was an eye-opener, as Meadow is making rapid growth, having gained a place among the really progressive communities on the plains by the rapidity with which building work has been rushed along over there.

The postoffice is now located in a new building, a new grocery store is also completed, and Mr. W. R. Carruth of Stephenville, is building a new six-stand gin there, which will have fifteen thousand acres of cotton crop to care for. This crop is the best ever on the plains, and all indications are that the yield will set up some wonderful new records for cotton production.

We are glad to know that the farmers of that vicinity are to be given the opportunity to gin their cotton near home, and save a tremendous transportation cost, together with a great deal of time that is unestimably valuable at that time.

Mr. George Hickey, the newly-appointed postmaster, is building a new residence, which is of a substantial type, and will add materially to the appearance of that busy little industrial center.

Mr. Hickey succeeds J. W. Peeler who resigned his position as postmaster there several days ago.

Crops are fine and the farmers are busy taking care of the large acreage, and if nothing happens that will be one of the richest communities on the plains as soon as the crops are harvested, if the prices received are at all favorable.

### LUBBOCK COUNTY JAIL BIRDS ARE YOUNG MEN

Sheriff Holcomb has been studying criminality closer than any other man in this section of the country, and his success as a man catcher is greatly attributed to his understanding of character, but in spite of his studies and observations he is baffled at this time to know what is the reason for so many of the men who he is given instructions to catch are young men.

At his time there are eight men in the jail, and the eldest is thirty-seven, with the average running from eighteen to twenty-five years of age.

Of all the problems that confronts the American public at this time, criminality among the younger people is the greatest, and whatever the influence is that is creating this pitiful condition should be stamped out if possible.

### FARM BUREAU COTTON RE- PRESENTATIVE TO SPEAK 21ST

W. W. Cole, director of the Texas Farm Bureau Cotton Association has notified local representatives that he will speak in Lubbock, Friday, July 21, at 2:30 p. m., in the City Auditorium. At this time he will give a full amount of the first year's business of the Cotton Association and every member is urged to come out to hear him. The meeting will be open to the general public and all are cordially invited to be present.

Business man have quit shaking heads and started shaking hands.

### WEST TEXAS STATE NORMAL EX-STUDENTS IN ACTION

If strongly awakened interest and activity on the part of a college's students and ex-students count for anything, it is certainly true that the West Texas State Normal College at Canyon, Texas, is assuming her proper role as "The School of the Panhandle and West Texas."

The College has been outgrowing the boarding house facilities provided by private enterprise for some years; and the dormitory provided by the state, although it relieved the situation for a time, could not possibly take care of the great number of girls who are clamoring for admission to its walls. This is especially true during the summer sessions. Light housekeeping rooms are more urgently needed than any other kind.

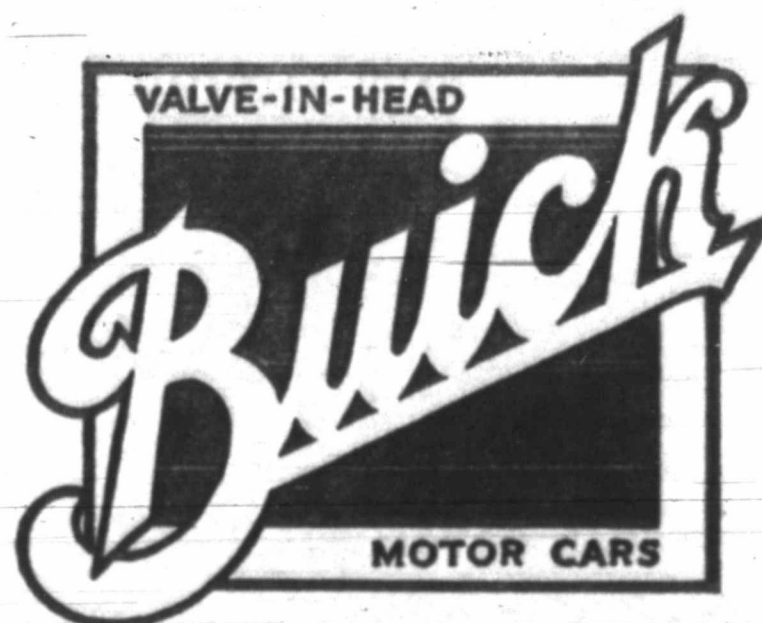

Present and former students of this institution have decided to show their loyalty to their Alma Mater that has meant so much to them and their patriotic interest in the educational welfare of the Panhandle-Plains country by relieving the acute housing problems themselves. Accordingly the Alumni Association has planned a building to be constructed at a very early date by pledges and gifts from its membership. This is to be a co-operative rooming house, where a number of girls can stay and, by a division of labor scheme, do their own work under the supervision of a matron, and thus appreciably lessen their expenses while in school. It is hoped that by this means some girls will be enabled to come to school who would otherwise be denied a college education. The hearty cooperation of all student organizations in the College, especially of the Y. M. and Y. W. C. A., bids fair to carry the project to a successful conclusion.

All alumni and former students of the College located throughout the State will be given an opportunity to contribute to this fund so that each one can feel that he has a definite interest in the welfare of this institution. All ex-students are requested to send their present addresses to Mr. J. J. Powell, Business Manager for the Co-operative Home, Canyon, Texas. This enterprise will be a strong means of linking the students of the West Texas State Normal College together more inseparably. Plans are being made to establish local associations like those of the University students, and to use this building project as a measure for starting a permanent movement which will continually freshen fond memories cherished by all ex-students of the West Texas State Normal College.

### SENATE FIGHTS OVER TARIFF ON COTTON GOODS

Washington, July 12.—Completing consideration of committee amendments to the agricultural schedule after two weeks' work the Senate launched today into what promised to be a several weeks fight over tariff duties on textiles—cotton, wool, linen and silk. The cotton schedule was the first in order but only one amendment was disposed of, this providing for a duty of seven cents a pound on Egyptian cotton designed to protect the growers of long staple cotton in Arizona and Southern California.

A flood of amendments to some sections of this schedule were offered by Senator Smoot, Republican, Utah, on behalf of the finance committee majority, these representing the work of the committee in re-writing rates. Senator Smoot explained that the reductions approximated four per cent on thread and fabrics and much larger decreases in the duties of hosiery and gloves, representing a cut of fifty per cent in the case of the cheaper grades of gloves.

The seven cents a pound duty on long staple cotton was approved only after a long fight and unsuccessful efforts by Senators Cameron, Republican, and Ashurst, Democrat, Arizona, to have this figure increased first to 15c and then to 10c.

ence. I am a candidate for the office of Public Weigher, and to be candid with you, I want your vote. I am one of the old timers on the Plains. I came here before Lubbock was known as a town, and have made the South Plains my home; the greater part of the time being spent in Lubbock. I have never before asked for a public office, but am in the race this year, and have had much encouragement, and I hope that because of the fact that I have not been able to see you will not cause you to vote for some one else. I am thoroughly qualified for the job, and assure you if elected I will perform the duties of the office faithfully, and guarantee that I will be on the job with real service at all times. Thanking you in advance for your vote or any other favors, I am,  
Yours truly,  
J. P. NELSON.

**M. M. Crawford for Commissioner**  
No doubt there are a large number of the voters in Precinct No. 1, which is my Commissioner's precinct, that I have not been able to see to solicit your vote for re-election to the office of County Commissioner, but I assure you that I will greatly appreciate your vote and influence in the primary election Saturday. I will specially appreciate it if the lady voters of my precinct will accept this as a personal solicitation of your vote. I have been County Commissioner one term, and I have filled the office to the very best of my ability. I have tried to perform the duties of the office faithfully and to the best interests of my constituency. I believe in economical expenditure of the people's money, I believe in good roads, good schools and have contributed as liberally as my means will permit to the development of the country, and growth of Lubbock. I will appreciate being re-elected and believe that I can be of more service to the people as commissioner the next two years than in the past, being in position to profit by the experience I have already had.

If I do not have an opportunity to see you before the election Saturday I again ask that you vote for me for County Commissioner, Precinct No. 1, Lubbock County.  
M. M. CRAWFORD.

**W. E. Johnson**  
To the voters of Lubbock J. P. Precinct: I am a candidate for the office of Justice of the Peace of

Precinct No. 1, Lubbock County which includes all of Lubbock, and I have not been able to see all of the voters of this precinct. Especially is this true of the lady voters, and I will greatly appreciate it if you will vote for me in the coming primary. I am strictly in favor of the enforcement of the law, and if elected to the important position of Justice of the Peace it will be my policy at all times to deal honestly and fearlessly with such cases as come before my court. I am thoroughly competent to fill the office and will greatly appreciate your vote.  
W. E. JOHNSON.

**RED CROSS CAMPAIGN TO DECREASE DROWNING IN U. S.**

Does the annual loss of eight thousand lives by drowning in the United States concern you?

Certainly it does, even if we are away out here where the frogs don't know how to swim until they have lived through two or more fall rains, and anyone unconcerned about the matter doesn't have the proper attitude toward the proposition, for there is a possibility of getting drowned in even a small pool, and the Red Cross is working on a scheme whereby the American public can be instructed in better caring for themselves in water, as a result of which swimming instructors are touring the country giving lessons and demonstrations of life saving methods.

Captain E. H. C. of national Headquarters, will be here August 10th and 11th to give local people advantage of this nation-wide campaign of giving swimming instructions, the local chapter secretary is co-operating in every manner possible.

These demonstrations and instructions are of no expense whatever to the local chapter, and will assist in every way possible in helping the Captain make his visit here profitable. Remember the dates, August 19 from every viewpoint.

**LOCAL POLITICIANS ATTEND BARBECUE AT SOUTHLAND**

M. M. Dupre, H. T. Kimbro and J. K. Wester, local politics enthusiasts, went to Southland Saturday to attend a big barbecue held there, where many candidates and their friends spoke to the dear people.

The above mentioned Lubbockites are capable of hitting the nail on the head when it comes to soap-box oratory, and we are sure that the people of Southland had occasion to learn that Lubbock is the home of some politicians of the old school.

They report a fine time, with all the good eats anyone might wish, and but for the fact that fried chicken, apple pie, and all such eats were in evidence they could have told us more about how good barbecue really is.

**JULY NUMBER PLAINS JOURNAL OFF THE PRESS**

The July issue of the Plains Agricultural Journal is off the press, and its daddy, Curtis A. Keen, is about the happiest fellow in all Lubbock, as this is a sure-enough one hundred percent issue, and is a credit to Lubbock.

There are forty-eight pages well filled with messages from representative business men and good reading matter, principal among the articles especially contributed to the Journal is one written by Past President of the West Texas Chamber of Commerce, Clifford B. Jones.

Everybody around the Avalanche from the fellow who sets the reading matter to the owner and manager of the plant is elated over the achievement, and sends the Journal on its visit to the readers with heartiest wishes for its success in making a lasting friend with them.

**LEWIS CROW SLAPPED IN FACE BY AUTO FRIDAY**

Lewis Crow, of the Sims Meat Market, barely missed being the victim of a serious accident at his home in the north part of town Saturday morning when a car he attempted to crank backfired, the end of the crank striking him in the forehead. He was unconscious for a short time, but as his head gave way to the blow the flesh was not torn very badly, and he is now able to be at his work.

This is the same Ford that made its way from the wholesale district to main street alone several days ago, and whether or not it is "sore" at its driver is not known, as sometimes accidents happen, and the Ford was possibly incapable of prohibiting the blow.

**LAMB COUNTY JUDGE RACE IS BECOMING INTERESTING**

An Avalancher was at the meeting for the candidates of Lamb county held at Olton Friday night, and much interest is being shown in the County Judge race.

The courthouse, which is located at Olton burned last May, and the location of the new building is the main issue.

Some talk of Amhurst getting the new structure has been dissolved, and the fight now lies between Littlefield and Olton, it is believed.

**HENDERSON SOLD INTEREST IN TYPEWRITER BUSINESS**

S. B. Henderson, of the Typewriter Equipment Company, has sold his interest in the business to his associates, J. B. Reighard and O. E. Nicholls, and will be out of that work within a few days. Mr. Henderson has made many friends since coming to Lubbock and we are in hopes that he will remain in Lubbock.

The Typewriter Equipment Company has been making rapid growth since its establishment here.

Luther Hargrove and Alph Wright of Littlefield, were here Saturday looking after "Honest" Frank White of that place, who was here taking treatment from a local chiropractor. They report everything getting along fine and dandy in that section.

According to reformers, sheer hosiery is sheer nonsense.

**To the Voters of Weighers Precinct No. 1  
Lubbock Co., Tex.**

As the time is drawing near for the Primary Election and not being able to see you all personally, I am taking this means of asking for your support.

I have been weighing for the public since December, 1920 and have tried at all times to give each man, both buyer and seller a square deal. When I took over the office I found the public without any way to weigh their grain, hogs, etc., so in order to be able to make you a sure enough weigher, I went to considerable expense and installed a first class pair of Wagon Scales.

I am running on my record and on these grounds I am asking for a second term. If you think I have tried to be square with you, then vote for me and I will do my level best to give you every pound that is coming to you and no more.

Yours to serve,

**METHODIST MEN HAVE FORMED LUNCH CLUB**

A number of the members of the Methodist Church were called together by the pastor Wednesday afternoon for the purpose of discussing the organization of a Methodist Luncheon Club, in Plainview, to be composed of the male members and friends of the Methodist Church above the age of seventeen. The meeting was full of enthusiasm from the beginning.

The pastor spoke of the lack of real social intercourse among the male constituents of the Church and told of the organization of Methodist Clubs in other cities. He explained what they had done to bring about closer social ties in the church and stated that he was anxious that the Plainview church should have the first Club in the Northwest Texas Conference.

After discussion of preliminary details, a temporary chairman and secretary were elected and a committee on publicity and membership were appointed and arrangements are now being perfected for a banquet to be held on Monday evening at the Cozy Cafe, when all final matters will be arranged for a permanent organization.

It is expected that a large portion of the Methodist men will be present at this banquet. The individual plates will be fifty cents. A good program, full of pep, is being arranged and a real social good time is in store from the beginning for every member. The publicity committee urgently requests that every Methodist man be present at this organization meeting and to take part in the activities of the Club.—Plainview Herald.

**ALEX McDONALD OFF ON CONCHO FOR TWO WEEKS**

Alex McDonald left Saturday for the Concho, where he will spend two weeks hunting and fishing. Mr. McDonald has been mighty busy the past year, having been in the cattle and hog feeding business, which proved successful and practical for this section, and his friends are glad to know that he will take such an ideal vacation.

Last year he brought home the head of a cat fish which was claimed to have weighed forty-five pounds, and got considerable publicity on being a fisherman of the first class, but the writer is off this old writing up fish stories without getting a taste of the funny tribe, and have served warning to Mr. McDonald that our ice box will be in readiness for any kind of fish from a perch to the ninety-pound fellows, a meal of which will put us in shape to relate the incidents of the trip in more accurate style.

Come clean fellows, let's all eat the catch.

Dr. and Mrs. W. E. Cravens returned last week from Bonhom, Texas, where they have been visiting friends and transacting business.

**The sign of one-quality tires**

The Goodrich dealer's sign does not mean one thing about one tire and something else about another. It means the same thing about every Goodrich tire—one quality only.

You can buy the Goodrich "55" clincher fabric 30 x 3 1/2 for your light car, or the famous Goodrich Silvertown Cord in any size—and be certain that you are getting one quality only in material and workmanship. And you make your purchase on the basis of Goodrich fair list prices, which means that you are getting full value in tire and in service.

Buy your tires, tubes and accessories where you see this Goodrich dealer's sign. It means satisfaction in every transaction.

**SENATOR DAVIDSON MET VOTERS HERE FRIDAY**

Senator T. W. Davidson of Marshall, candidate for Lieutenant Governor, was here Friday meeting the voters of this section in the interest of his candidacy.

He has many active supporters in Lubbock who were glad to welcome him to the city, and to offer every assistance possible to make the stay here just as pleasant as possible.

Mrs. Raleigh Martin and son Edward, made a trip to Midland last week, and were accompanied home by Mrs. Martin's mother, Mrs. Davis of Lubbock, who had made an extended visit there. Her many friends were indeed glad to welcome her at home again, and are delighted to know that the visit was an enjoyable one.

Come to Lubbock.

# VOTE for CLARENCE OUSLEY

## A MAN'S MAN

Clarence Ousley is the only man in the race for the United States Senate who comes out flat footed for a traff that will protect the Texas Farmer and Stockman. Ousley knows what he wants and knows how to get it.

He is a life-long student of farm and ranch need and one of the best fitted men in America to represent all the interests of all the people. Ousley is the laboring man's friend and he has devoted the greater part of his life fighting the battles of those who toil.

He is regarded as a sure winner in this election and the people are urged to rally to his support and give him a majority that will prove that you are with him.

## Vote for Clarence Ousley for United States Senator

(Political Advertisement)

### Copy of Report of the Grand Jury on File in District Clerks Office

Lubbock, Texas, July 15, 1922.

Honorable W. R. Spencer, District Judge:  
**WHEREAS**, there is being circulated on the streets of Lubbock an unsigned circular making certain charges against the City Commission of Lubbock with reference to an alleged attorney fee and commission on paving, their action in the purchase of fuel oil for the last year, and charged that a City Electrician set a light post and profited \$22.90 thereby, and further with reference to the construction of a certain electric line:

We, the Grand Jury of Lubbock County, Texas, for the June Term of the District Court of this County, desire to report to you that we thoroughly investigated each and all of the above matters and things and had before us as witnesses the persons who have heretofore made said charges and similar charges, as well as all persons who might throw any light on the subject, and we unaniously came to the conclusion that the charges set out above, and repeated in said circular, were wholly unjustified and unfounded.

We further beg leave to report that we made an investigation into the general conduct of the City affairs by the last and the present City Commission, and found nothing irregular therein.

Respectfully submitted:

### SLATON NEWS ITEMS

(From the Slatonite)

Jim Stallings of Nevada, brother of J. B. Stallings of this city, died at the Baptist Sanitarium in Dallas on July 2. J. B. Stallings returned home last Friday after attending the funeral of his brother. Deceased is survived by the following brothers and sisters: G. H. and J. L. Stallings of Denton, A. N. Stallings of Terrell, J. B. Stallings of Slaton, Mrs. G. R. Sprawls of Cisco, and L. D. Stallings of near Ft. Worth. J. B. Stallings' stepmother also died and was buried at Clyde while he was in Nevada, but was unable to attend her funeral.

Rev. Frank Fincher, Presbyterian minister of St. Louis, Mo., and at one time pastor of one of the largest churches in Houston, is conducting a co-operative meeting at the First Methodist church this week, preaching evenings only. Dr. Fincher is not only a very able preacher but a very interesting talker, and is being heard by large crowds nightly.

The Santa Fe reading room has recently been refinished throughout, which adds much to its already attractive appearance. Geo. Marriott, the accommodating librarian, takes a great deal of pride in this institution and at all times you will find the lawn and grounds about the building, as well as the interior, well kept, and everything in order. The Slaton State Bank will open for business Saturday morning in its new banking house on northeast corner of the public square, and will keep "open house" to the general public all day Saturday. The

officers, directors and stockholders and see their new place of business, and see their new place of business, one of the most modern in Northwest Texas. This building has just been completed. It is 25 by 90 feet, two stories, and equipped with all modern conveniences throughout. The lobby of the bank has tile floor, while behind the cages the floors are finished with battleship linoleum cemented to concrete. The fixtures are of the most approved pattern. In the rear are two large vaults, one a money vault, the other for customers, fitted throughout with lock boxes.

A deal has recently been closed whereby J. H. Brewer and associates have bought the interest of H. G. Rowley and Frank M. Culberson in the First State Bank of this city. Mr. Brewer is well known in Slaton, having sold his interest in the First State Bank about two years ago, and is largely responsible for the splendid business that the bank has enjoyed during its existence. He is still president of the Guaranty State Bank of Grand Prairie, but will devote his entire time to the Slaton bank, and expects to move his family here just as soon as he gets possession of his residence, which he has owned for a number of years. W. C. Wright is associated with Mr. Brewer. He came here from Valley View, where he was vice president and cashier of the First Guaranty State Bank for seven years. His family has already arrived in Slaton and taken up their permanent residence.

#### TO THE VOTERS OF LUBBOCK COUNTY, TEXAS

From the fact that I have been unable to meet everyone in the county, and especially the ladies, I ask that you read all of this. I have not attempted to see you ladies in your homes because I thought you would enjoy your rest in the afternoons more than you would be bothered by a candidate.

I have worked in the Collector's office as deputy for Mr. Holcomb just as a hired hand for three and a half years, and know how to handle the office.

Without any solicitation by Mr. Holcomb, the then comptroller at Austin wrote him the following letter:

"My dear sir:  
 I am taking this opportunity to express my congratulations on the condition of your office with reference to the collection of occupation tax due the state. Our representative Mr. Bagby, has just informed me that you have, perhaps, the best record of any Collector in Texas. I assure you, my dear sir, that this is a record to be proud of.  
 Very truly yours,  
 Mark L. Wigginton, Compt."

As everyone knows, who has paid any taxes for the last three and a half years, that I have waited on you at the tax window. If you are satisfied with the kind of service you have had, I would appreciate a chance to work some for myself. You can do this by casting your vote for me on July 22.

Yours to serve,  
 A. J. CLARK.

Political Notice.

Mr. and Mrs. R. D. Rogers and family of Slaton, were Lubbock visitors Friday, and made many purchases at our popular dry goods stores.

T. Oliver of Hale Center, transacted business here Thursday of last week.

TONY Q. DYESS  
 Candidate for Tax Collector

Having been busy conducting song services for the last four weeks here in town I suspect there is a number of voters I haven't talked with, but want to say right here, that no one will appreciate your vote and help like I will in the coming election. Should you good people elect me, I'll not only be on the job at the office when you call, but will have "set" dates at Slaton, Idalou and Shallowater to collect taxes and thereby save time and expense at the busy time of the year for you.  
 Political adv. 412

W. B. Williams was in town Thursday from his fine farm in the Acuff community, looking after business matters. He is highly pleased with crop prospects, and is a plains booster of the first class. When it comes to boasting in an honest to goodness effective manner, the fellow who produces the big crops on the plains has the whole world beat.

#### Impertinent Paragraphs

Now is the time to decide whether to buy an automobile or borrow

the money for something else. Clothes may not make the man, but lack of them makes many a man look.

It must be awful to own the best car on the market and not be able to wish you had a better one.

Poverty is no disgrace, but that's about all you can say in its favor.

The man-of-the-hour takes care of the minutes.

Misery doesn't love company when it's company that makes the misery.

When two live cheaper than one, they feel that way.

The thrill of the first pair of long trousers is nothing compared to the thrill of the first short dress.

One duty is always plain, and that is the other fellow's duty.

The old-fashioned woman who used to wish she could drown her sorrows has a daughter who shoots him.

Love may be blind, but very few people help the blind.

Every man has his price, but the man who gives himself away wasn't worth much to start with.

#### Appreciation

Singer—Did you note how well my voice filled the great hall?

Friend—Yes, people were kind enough to leave so as to make room for it.

#### When Love is not Blind

The adage "Love is Blind" has passed entirely out of style. In those days when it was flourishing a bow-legged girl had some chance in the town in which she was born and many a face that would stop a clock landed the village banker's son.

That was when love was blind or at least near-sighted. Now—

In New York state they are planning to forbid any man with defective sight from being married. The bill has been introduced in the legislature and it will create quite a flurry along dear old Broadway, where a large percentage of the young men just past 21 are wearing bone-rimmed glasses.

We don't know exactly the reason for the introduction of this bill but we believe there is something in its favor; although we do not wish to advocate other states attempting a similar measure. If there is any time in a man's life when he needs clear vision it is when he is thinking of taking a wife. He is entitled

to a good look at the subject for he has got to sit across the breakfast table from her probably a great many years, unless he happens to be a traveling salesman, when he can stay away from home as much as he pleases.

Yes, a man needs his sight then more than any other period in his life, for how can he watch his step without it?

Such a law may be a little tough on the girls who are not possessed of great beauty, but it is a case of the greatest good to the greatest number, and the beautiful girls are, of course, in the vast majority.

And then, if the law forbids his marriage, the man with defective sight is going to be saved lots of trouble.

Judging by some of the married couples we have seen, the vision must have been somewhat defective on both sides.

If they should pass a law to the effect that all women who marry must have a perfect sight, there would be a lot of homely bachelors eating at one-armed restaurants who are now dining in their own homes.

But generally it will be regarded as tough luck for a man to be near-sighted now, when there is so much to be seen.

Anyway, you can't always tell from a married man's looks how he appeared when he was single, for a lot of these sour-faced benedicts didn't get that way until after the wedding.

#### Foot Note

Charlie—Didn't you notice that I pressed your foot at the dinner table tonight?

Sallie—Why, it wasn't my foot, and that explains why mama looked so sweetly at the minister.

#### Our Medical Examiner

Does your back ache and your whole body feel weary when you get up in the morning?

Does your head swim when you suddenly rise from a chair?

Are you uncomfortable after meals?

Do you have strange pains in your stomach and feel like two clothes wringers were at work on your intestines?

Are you restless when asleep?

Does your heart have queer little shooting pains?

Is your breath short and are you easily tired?

Do you feel generally run down?

Ask yourself these questions, and if you answer them in the affirmative, you don't need a doctor to tell you that you are in a pretty darn bad fix.

#### Out of Luck

When the average reader picks up his newspaper he expects to find something in it of general or special interest. Having finished a hard day's work and enjoyed his evening meal, he is ready to find out what has been going on in the world since breakfast.

But when he opens the paper he finds the space about equally divided between golf, radio and baseball, with here and there a few "household hints" and an occasional letter to the editor.

Being of a persevering nature, however, and determined to find the news, if any, he wades through the pages, until finally, somewhere aft of the market reports, he finds a wee column of news.

This thing of crowding the newspaper pages with radio and golf is getting fierce. After a while the average reader will not have anything else to read and will have to take up golf as a means of passing time, and radio as a means of learning the news.

#### Not Guilty

"Little boy," said the inquisitive neighbor to the son of the family who had just moved in, "who was your mother before she was married?"

The chap regarded the questioner a moment gravely.

"She wasn't my mother before she was married," he answered.

#### Disarmament

Disarmament is now the rage; They're talking, day by day, Of scrapping the big battleships

And putting guns away. The war-chant and the battle-cry Will soon be gone for good, Then on life's phonograph we'll try

The record—Brotherhood. No more shall warring nations march To screaming life and drum, And swords to ploughshares will be turned.

When that glad time shall come, It is a glorious scheme, no doubt, But then I'd like to know

What will Dan Cupid do without His arrow and his bow?

#### "I WOULDN'T GO CAMPING NOTICE"

To the voters of Lubbock county, and especially the lady voters, I wish to say that my environments have not allowed me to see everyone personally, but I am kindly asking each of you to give my candidacy your consideration at the coming primary. If you do not know me please ask anyone that does.

Our present assessor has held the office for eight years and I would like to fill it for a while. Have been boosting for the Plains for 31 years and have never asked for an office. Feel like I am well qualified to fill the place and am in a position to greatly appreciate the

favor if the voters see fit to give it to me. If elected I shall do my very best to discharge the duties of the office efficiently and impartially in every part of the county. Your support will be appreciated.

A. B. JONES, Candidate for Tax Assessor, 40-2p

W. B. Ward, of the Ward, Harris-Moody Company, farm loan men of Fort Worth, was in Lubbock the first of the week looking after the interest of his company.

#### SLATON RECEIVED NICE SOUVENIR OF SERVICE

O. L. Slaton, president of the Lubbock State Bank, received a very neat button from the Panhandle Bankers Association Wednesday, in appreciation of his services as president, the button being an ex-president's insignia, on which was engraved his name, together with the name of the Association, and the date that he was president.

Mr. Slaton was enthusiastic about

the button, and spoke appreciatively of the remembrance from the Association members.

He is one of the leading bankers in West Texas, and we are sure that he is one of the Association's most active members.

**Wanted**  
I want to buy your second hand furniture or will sell you some. W. A. Terrell, at Model Grocery.

36-4f  
Come to Lubbock.

## The Conductor's Time Was Wasted in Making Change

The passenger got on the train without a ticket. He was asked to pay a cash fare amounting to 1c per mile more. He didn't have nothing less than a \$10 bill and to get payment for the transportation the conductor was forced to waste time by hunting up change to collect the fare.

### THE SAME PRINCIPLE APPLIES TO THOSE WHO PAY CASH FOR ICE

The railroad company would rather you bought a ticket in the regular way and at a cheaper rate than to have you pay the conductor cash—and for the same identical reason we ask our customers to buy ice books.

### HERE ARE A FEW THINGS TO REMEMBER WHEN YOU BUY ICE BOOKS:

If your requirements are as much as 12 1-2 pounds per delivery (not day) and less than 50 pounds, you are entitled to ice books containing checks to pay for 300 pounds of ice and the rate will be 70c per hundred pounds.

The Cash rate is 80c per hundred pounds.

If your requirements are 50 pounds or less than 100 pounds per delivery (not day) you are entitled to a 1000 pound book which costs you only 65c per hundred. A saving of 15c per hundred pounds.

If your requirements are 100 pounds or over per delivery (not day) you are entitled to a 2,000 pound book containing 100 pound coupons and the cost then is only 60c per hundred pounds. A saving of 20c per 100 pounds!

We are wanting to give Lubbock people the best ice service in West Texas and we desire the co-operation of our customers in aiding us along by the purchase of Ice Coupon Books.

THINGS TO REMEMBER

Advertisers, contributors and all parties interested in the Avalanche please remember these things: We print the Tuesday Avalanche on Monday, press hour, 3:30 p. m. Friday Avalanche on Thursday, press hour 3:30 p. m. Please have copy for local notices in not later than noon Monday and Thursday. Ad changes and copy should not be later than 8:00 a. m., Mondays and Thursdays. It takes a schedule like this to get your ads in the paper in good shape, and helps us give our readers better service, which means that the paper will be of better service to you, which we earnestly desire it to be. We do not want to be exacting but we must demand some things of you, if you expect us to come up to the notch.

JEALOUSY

It's the most heinous thing the average newspaper has to contend with, and we are often held in the wrong light by our readers on account of jealousy. Apparently every church and every pastor, every lodge and every business firm and every individual is jealous of their, its or her competitor. We have formed this conclusion regarding the matter at least, and this conclusion has been arrived at after a quarter century of observing and experience. Newspapers, probably are, to a certain extent like human beings, for they are made up of creatures that claim to be human (though sometimes they are not treated as such by some folks), and it may be possible that the makers of newspapers know more about the operations of certain people, lodges, churches, etc., than others, which is but natural, and by the way, cannot be avoided in many respects, because some people just naturally won't tell anything to a newspaper.

The Avalanche has been accused of being partial many times. In every instance we deny the charge, and rise to point in order to say that when this is charged against us, it is done through ignorance. It is the policy of the Avalanche to give the news if it is possible to get it—sometimes it is absolutely impossible, strange as this may seem—and when we fail to do so it is because we are not informed on the subject. We have heard some fellows roaring around this town of late—church members, and some of them preachers—about the Avalanche being partial to a certain church, because we happen to feature an announcement of this meeting on the front page. This can easily be accounted for, as can most anything else that a newspaper man is cussed about. We just simply knew more

about that particular church and what was being done, and could naturally write a little more about it. We have a standing invitation to every church in this town, and every lodge in the city, every pastor that hold a position in any church in Lubbock to furnish us with all the happenings of the church for each issue of the paper, but strange as it is, they seldom ever do. If they do it is a short announcement of about three or half a dozen lines which would certainly look like a joke set under a four deck head on the front page of a newspaper of the style and type of the Avalanche. The same is true of other organizations and it is impossible for us to know everything that is happening, unless tipped off to it by someone else, and then the average fellow could, or would not, tell us about it if we tried to find out. However, we do try to get all the information we can and as nearly correct as we can, notwithstanding accusations to the contrary.

We know some folks will try their best to keep from giving out any information and then fuss about the paper for not having anything about their big deal, their "highflutin'" party, big revival meeting, etc. You fellows who are so conscientious, so sanctimonious, so brilliant, such fluent profaners, so well informed, so hardboiled, and all you who have such a bad case of disgust, distrust, who are disgruntled and prone to criticize, get around here and tell us about the things you are doing. Give us enough information about this or that, to make a decent article, and you will soon see that you cannot tell whether the Avalanche is an Elk, an Odd Fellow every kind of a Mason you can think of, a Baptist, a Christian, a Methodist, Presbyterian, Episcopal, Nazarene, Cumberland, Real Estate Man, Curbstoner, lawyer, or doctor. Come clean with now and kwityeraakin. Don't knock! Pust! Give us the news and we will like you better than when you are always closed up like a clam, when you see us and then open up like a machine gun when we turn our back and pour out your vocabulary like a jazz band on a phonograph record. If jealousy will send folks to the hottest place ever told of, the whole "capoodle" of the heads of a lot of these organizations and business firms are headed right straight there with no brakes, and the livings all gone from what they used to have.

FRONT PAGE

Almost every article for publication in the Banner is accompanied by a request that it be put on the front page. To a person not familiar with newspaper work this seems a very simple request. They do not know that type cannot be compressed and expanded like rubber, but must be placed in the paper where it will fit best. Advertising on the front page is by annual contract. We have found by experience that no one page of the paper is more read than another. If we make an error on the first, third or seventh page, it is found and brought to our attention by any number of readers. It will be noticed that the Editor does not put his editorials on the front page, but rather on one of the inside pages, usually the fourth. This is evidence that he has learned from experience that the front page has no advantage over any other.—Mabank Banner.

New Folder Added to the Already Modern Mechanical Department of The Avalanche Publishing Company

The Avalanche Publishing Company is taking its place among the really big publishers of West Texas, and has for many years held its own with West Texas competition, and we are glad to announce to our friends and patrons that the growing age has not been passed by this company by any means. Only a few months ago a Kelly automatic cylinder press was added to the equipment, and in spite of the fact that the management was severely criticized by West Texas publishers for using such poor judgment in purchasing expensive machinery that was too big for this section, that press has been a success from every angle, and its constant purring is certainly music to the ears of the owners, but like everything else that grows, a pound added to one portion of the body necessitates similar weights on another portion, and last week we received a Liberty folder, which is especially adapted to all kinds of book and folder work, enabling us to turn out high class work at a remarkable rate. The main work this folder will be used for is folding the Plains Agricultural Journal, which is printed in this office.

The writer has not been with the Avalanche force but a few months, and we feel that there should be no timidity on our part in saying a few things complimentary to the management, inasmuch as there is not an institution in all West Texas that has made as rapid growth or taken as more conspicuous place in the development of this country than has the Avalanche Publishing Company, and if nothing happens, and the Managing Editor will leave his red pencil off this article, we will do a little tootin' of the old horn.

W. C. Edwards is foreman of the mechanical department, and the enthusiasm with which each additional piece of machinery is unpacked in that department is good to be acquainted with, and "Ed" as he is better known by the force, has spent seven years in this shop, during which time no money or effort has been spared in working up one of the most efficient organizations in that department, a specialist on every set of machines and in the different branches of the work has been employed, and the management has found the force capable of carrying on the work in a manner that reflects well upon the company. The very latest type of machinery is used, and at this time the mechanical department is a mass of machines capable of meeting the demands placed upon us by the largest business concerns in West Texas, and by the fact that this company has been reorganized, with orders that have heretofore been sent away from West Texas is evidence of the value of keeping a little ahead of the times.

Remember that if it is printing, the Avalanche force is able and ready to serve you, and the volume of business done at this office makes the machinery a good investment, and you can get your printing work done in Lubbock by experienced mechanics and at the same price the larger city offices can offer, and in many instances at a great saving. We kinder like to say something about this shop once in a while that everybody can know how we feel about it, and when we become so dormant as to be unappreciative of the progressiveness shown by the management in making this one of the most convenient and comfortable places to work in the state, we will get off the pay roll. Printing makes business what it ought to be. Let's go.

STOLEN: Stolen from First Methodist Church on Sunday night, July 16th, 1922, one 5 passenger Dodge touring car, 1918, model, engine No. 235090, license No. 252302, seal No. 381911.

There is a small hole in wind shield, made with air rifle. Hole is about 1-16 in rear side of shield and about 1 inch on front side. \$50 reward for return of car; \$100 reward for arrest and conviction of the thief. Send any information to J. M. Stratton, Lubbock, Texas. 41-1p

LOCAL ITEMS FROM THE CROSBYTON REVIEW

Dr. J. A. Greene accompanied Mrs. V. R. Hailor and Miss Sarah V. Ballowe to the Lubbock Sanitarium Monday, both going over for surgical attention. Sarah V. had another operation on her arm, which was badly lacerated several weeks ago when accidentally thrust thru the glass plate of a door, and has since given her much trouble. Dr. Krueger believes her arm and hand will be repaired in the course of six months. On Tuesday Mrs. Hainy underwent a serious operation, but we are glad to learn she is getting along nicely. Her parents, Mr. and Mrs. H. E. Sherwood, and Mr. Hailor, were with her.

Lubbock Mutual Aid Association No. 4, now has over 900 members and you will have to hurry if you get in before it is filled. Watch forward to the announcement of No. 5. Elmo Wall, Secretary. 41-1

CARD OF THANKS: The siege of suffering and anxiety through which we have recently passed would have been indeed hard to bear alone and we take this method of thanking our dear friends for every kind word and deed, which has helped to make our burden lighter, and for the fruit and flowers, again we thank you. Mr. and Mrs. Ed. Vaughn Guy and Baby.

Vote for H. L. (Bud) Johnson for Sheriff. 39-4f.

LOCAL NEWS ITEMS FROM COLORADO, TEXAS.

Colorado, July 12.—The city council has ordered a special election to be held at Colorado July 25, to elect a mayor to fill out the unexpired term of Judge A. J. Cole, resigned.

W. H. Garrett, Colorado attorney, has announced his candidacy for the place. County Commissioners Court has made an appropriation to pay one half of the salary of a home demonstrator for Mitchell county. Miss Helen Swift of College Station, supervisor of the demonstration work, Extension Department, A. & M. College, telegraphed Tuesday that the demonstrator would arrive at Colorado August 1.

Chas. Bishop of Colorado lost a new touring car to automobile thieves at Abilene. The car was stolen from the street while Mr. Bishop, who was in Abilene on business, went into a building nearby. No trace of the machine has been found.

Construction of the new Colorado river viaduct at Colorado will be commenced Monday, W. D. McCauley, vice president of the Brown-Abbott Construction Company, contractors, stated at Colorado Tuesday. Shipments of material for the new structure have begun to arrive at Colorado.

LOCAL ITEMS FROM THE DAWSON COUNTY JOURNAL

The body of Floyd T. Rice, killed in action in the Muse-Argonne drive, November 1, 1918, arrived here from France, Monday evening accompanied by a military escort. Funeral services were held yesterday, at 3 p. m., at the Methodist church; the local Post American Legion having charge. A large number of our people attended to do honor to the noble boy who made the supreme sacrifice on the far-away battle fields of France. The family moved from Dawson county to Arkansas some years ago. They came to Lamesa to receive the body of their hero boy and witness the last sad rites over his mortal remains as they were laid away in their final resting place in Lamesa cemetery.

We are glad indeed to learn that our good friend, J. A. Morrow, is planning to build a double two-story brick on the corner now occupied by the frame buildings on west side of square. When this writer first came to Lamesa, the double building had just been completed and was pointed out to visitors with a feeling of civic pride. The old landmarks are disappearing to make way for more modern and better things.

During the past week, business property to the value of over \$30,000 changed hands in Lamesa. As the deeds are not delivered at this time, we refrain from giving more definite information at present.

ITEMS OF INTEREST FROM TERRY COUNTY HERALD

Grandma Watts has at last been released from years of suffering, for on last Sunday morning at 10 o'clock her tired spirit took its flight to God who gave it, at the age of 80 she lived until the 25th of this month. A Methodist preacher from Lamesa, an old friend of the family conducted the funeral services at the cemetery, and the body was consigned to its last resting place at 2 o'clock Monday afternoon. Grandma Watts joined the Methodist church in early life and lived a consistent Christian life from then on, and was said to have been very regular in attendance when she had good health. Funeral services were conducted at the grave by Rev. J. W. Baughman, assisted by Rev. Wheatley and C. B. Glasgow.

It is with much sadness that we have to chronicle the death of the 18-month-old baby of Mr. and Mrs. Gus Umphress, which occurred last Saturday morning at about six

o'clock. It had only been sick a few days. The little body was laid to rest in the Brownfield cemetery.

MISS VERNA WILSON UNDERWENT OPERATION

Miss Verna Wilson underwent a tonsil operation in a local hospital Thursday, and her many friends were glad to know that she was able to be out Sunday. She is getting along first rate at this time, and if no complications set in will be back to normal health within a few days.

Miss Wilson experienced great difficulty in carrying on her work at the last few weeks of school on account of failing health, and it was discovered that infected tonsils was the cause of her trouble, and now that the operation has been successful she will no doubt enjoy better health than for many months.

POLITICAL ANNOUNCEMENT

The following parties authorize the placing of their names in this column for the various offices, subject to the Democratic Primary, in July, and ask a favorable consideration of their claims:

- For Representative 119 Dist: CHAS. W. ROBERTS, Seagraves; R. A. BALDWIN, Slaton. For County Judge: P. F. BROWN, Lubbock, (Re-election); D. W. PUCKETT, Lubbock; GEORGE W. FOSTER. For County Attorney: JOHN R. MCGEE, Lubbock, (Re-election); OWEN W. MCWHORTER, C. W. BEENE, Lubbock. For Clerk of The District Court: LOUIE F. MOORE. For County Clerk: HERBERT STUBBS, G. T. CRAWFORD. For County Treasurer: J. S. SLOVER, WILL MCKINLEY, CHRIS HARWELL, LESTER L. MILLER. For Sheriff: C. A. HOLCOMB, Lubbock, (Re-election); JOE W. PERKINS, Lubbock; R. I. TUBBS, Lubbock; H. L. (BUD) JOHNSTON. For Tax Collector: SAM SPIKES, Lubbock, (Re-election); TONY Q. DYESS, Lubbock; A. J. CLARK, Lubbock; ANSEL HINES, Lubbock. For Tax Assessor: B. C. BURNS, Lubbock, (Re-election); A. B. JONES, Lubbock. For County Superintendent: E. R. HAYNES, Re-election (Lubbock). For County Commissioner, Pre. 1: M. M. CRAWFORD, Lubbock, Re-election; J. H. BURROUGHS; MARVIN T. WARLICK. County Commissioner, Pre. No. 2: B. N. WHEELER, Idalou, Re-election. For Commissioner, Pre. No. 4: J. C. SHAW; L. C. DENTON. For Justice of the Peace, Pre. No. 11: J. WESLEY SMITH (Re-election); J. H. RICHARDSON; GEO. B. MULLINS; COL. W. E. JOHNSON, (Auctioneer); J. D. CALDWELL. For Constable, Precinct No. 1: J. L. McCULLOCH. For Public Weigher, Pre. No. 1: C. T. JACKSON, Lubbock, (Re-election); J. F. BUMPASS, Lubbock; T. W. MCNELLY, Lubbock; J. P. NELSON; JIM SCOTT, Lubbock. For Public Weigher, Pre. 3: (Idalou); J. D. FUGITT. Hockley and Cochran Counties For County Judge: C. R. TEAGUE. For Tax Assessor: LEONARD C. TOW. For Sheriff and Tax Collector: J. A. STROUD, (re-election).

To the Voters of Lubbock County:

I have made an effort to meet and talk to personally every voter in Lubbock County, but it is impossible for a person to see every one, but I hope those I have not been able to see, will accept this message as a personal invitation to vote for me for SHERIFF OF LUBBOCK COUNTY.

A great many of the voters of this County have known me for a good many years, having lived in Lubbock County for twenty-one years, all of which time has been spent on the ranch and have never before asked the voters for any public office. To those who are not acquainted with me I urge that you ask others as to my standing as a citizen and as to my qualifications for the office I seek.

I realize that present conditions demand a rigid enforcement of laws and that conditions cannot be bettered by lax enforcement. If elected I will strive with the co-operation of other officers and the law abiding people to see that the laws are enforced fairly and impartially to all classes alike.

I will greatly appreciate your vote, and anything you can do to assist me in election to this office, and especially solicit the vote of the ladies of this county.

Respectfully

H. L. (BUD) JOHNSON.

"Old Doc's Prescription"

FOR SUMMER AILINGS No. 4.

If you can't be satisfied with the fine drinks and eats and smokes dispensed at the

Manhattan Parlor & Cafe

Well, you'd better—You're Sick

Residence 1119 Fourteenth St.  
Phone No. 458

A thought for today—  
I asked of Echo 't other day  
(Whose words are few and often  
funny)

What to a novice she could say  
Of courtship, love and matrimony.  
Quoth Echo, plainly,—"Matter-o'-  
Money."

### W. A. G. Club

A new sewing club was organized last week at the home of Miss Edna Sims. A pleasant hour was spent in sewing and conversation, at the close of which a salad course was served.

The second meeting was with Miss Modelle Simpson, and they will meet this week with Miss Margaret Turner.

The following girls are members: Edna Sims, Flora Sims, Ione Cumble, Modelle Simpson, Floy Pryor, Laula Denham, Katie Bell Young, and Margaret Turner.

### Adams-Dixon

A pretty home wedding was solemnized in the presence of the family and a few intimate friends on Sunday morning at nine o'clock, at the home of Mr. and Mrs. Edward Adams of Abilene, when their daughter Gertrude, was given in marriage to Ben H. Dixon of this city, Rev. J. C. Burkett officiating. The impressive ring ceremony was used.

Miss Adams is a highly accomplished young lady, well known and much loved here, having been a teacher in the Lubbock High School the past year. Mr. Dixon, who is the son of Mrs. B. F. Dixon, has been practically reared here, and for the past five years has been employed with the American Railway Express Company at this place. The couple has a host of friends who wish for them many years of happiness and prosperity.

Mr. and Mrs. Dixon will be at home after the nineteenth at 1502 Avenue Q.

Mrs. Walter Scudday and little daughter Margaret, of Brownfield, are visiting at the home of Mrs. Scudday's mother, Mrs. B. F. Dixon.

Johnnie B. Hudson of Seagraves, is spending the week with her grandmother, Mrs. B. F. Dixon.

Miss Beulah Dixon of this place, who is attending the West Texas State Normal College, came home Friday to spend a week or ten days with home folks. Miss Dixon has been employed as teacher in the city public school here for next year and is taking special training in her work during the summer.

Mr. and Mrs. R. F. Jones of Beehouse, are here visiting their daughters, Mrs. R. I. Tubbs, Mrs. Joe Baldrige, Mrs. C. H. Burrus, Miss Lula Jones, and son, Dan Jones. From here they will go to Corona, New Mexico, to visit another son and daughter.

### MOORE BROTHERS ARE FARM DIVERSIFIERS

W. W. and N. M. Moore, brothers, were in town Saturday from their fine farms eight miles southwest of town.

The Moore brothers are recognized as being among the best farmers on the plains, are progressive and alert for the betterment of their surroundings, and a visit to their farms will convince one that they are employing the most widely known methods of making their farms pay the highest possible dividends at minimum operation costs, and have the diversification of all field crops at heart.

Lubbock County will progress only as her people progress, and we are glad that such men are taking an active and leading part in making a showing for the plains as well as for themselves.

The willingness of our people to work for community good is a winning factor, and we like to become better acquainted with the individuals who constitute Lubbock County's citizenship.

### HAS ANYBODY IN LUBBOCK GOT THE HAY FEVER?

If so, the City Drug Store has just received this morning their first shipment of HA-FE, the great Hay Fever remedy. 41-1

Mrs. R. T. Howard and children, left Saturday for their home at Fort Worth, after a short visit with relatives in Lubbock and Crosbyton.

### ITEMS FROM LAST WEEK'S CROSBYTON REVIEW

Several of our good farmers old the Review man some time back that they felt sure they could show cotton blooms by the 4th of July, but it was left to W. R. Davis to "produce the goods." Mr. Davis was a caller at the Review office bright and early Tuesday morning with a withered cotton bloom, showing that it had been opened for several days. This is the first and only bloom that has reached the Review office, but there are lots of blooms by now. Mr. Davis has about 250 acres in cotton and says he never saw prettier cotton for the time of the year.

County Demonstration Agent J. W. Jackson was in Crosbyton yesterday and paid the Review a pleasant call. He informed us that a deal had been perfected for a cotton grader for Crosby county and that Hon. J. C. Webb, president of the State Farmers Union, was the man employed for this work. He is to spend Monday and Thursday of each week through the cotton season at Lorenzo, Wednesdays and Saturday at Ralls, and Tuesday and Friday at Crosbyton. A fee of 50c per bale had been agreed upon for classifying the cotton. The farmers can also pool their cotton and sell it in a bulk. A fee of 50c per bale will also be charged to enter the pool. This work is to be under the supervision of Fred Robertson and Mr. Reed for Lorenzo, E. F. McElroy and G. Sherrod for Ralls, and H. C. Edler and G. E. Huddleston for Crosbyton, who are members of the Board of Directors of the Farmers Union. The cotton crop is very flattering over Crosby county and it is hoped the farmers will get all out of it that is coming to them.

### SPECIALTY SALESMAN ADDED TO RIX FORCE

Jed Rix of the Rix Furniture & Undertaking Company, is still going after the business, and last week employed H. B. Stratton of El Reno Oklahoma, phonograph salesman, to handle that line for him.

Mr. Stratton and family are now comfortably located here, and Mr. Stratton is confident that business in the phonograph business will continue good, as prospects are especially promising. He is a specialist at that work, having followed that one line of business for a good many years, and understands those instruments thoroughly, which will be a great factor in making sales.

Mr. Rix is specializing his men, putting an expert over every department, which is proving very effective, and at this time he has one of the best sales forces in the country.

### DODGE STOLEN FROM NEAR CHURCH SUNDAY NIGHT

We have often heard the expression "He looks like he would rob a church," but an automobile thief who took the 1918 model Dodge car from the Methodist church Sunday night, while Evangelist Fisher was making a talk on the Ten Commandments, is no doubt the nerviest crook that has come this way for some time.

The car was the property of J. M. Stratton, who was attending the meeting at the time it was stolen.

Several cars were parked near the church at the time, and coming of cars throughout the beginning of the meeting no attention was given the departing thief, who no doubt was a good many miles from Lubbock before the car was missed.

### NEW COMMUNITY CLUB MAKING RAPID PROGRESS

Mrs. Ed Schroeder was in Lubbock Saturday from her home south-east of town, and reported that the newly organized co-operative league, is making rapid progress, and is designed to be one of the leading community organizations in the county.

Mrs. Schroeder has been an active club worker for some time, and has taken a prominent place in helping to make the work in Lubbock county just as profitable as it is at all possible. She was very complimentary of the progressiveness of Lubbock county in securing the county home demonstration agent, and declared it her belief that the assistance the agent will be to community organizations such as the one just organized, will be of much help to the community folks.

"Ex" always marks the spot where a public official falls.

J. C. Cromer was in town Saturday from his fine farm five miles south of town. He says things are getting along fine and dandy on his place, and a great deal better crop than has ever been harvested here before will be made this year. While the price of some of Mr. Cromer's largest crops last year were too low for a profit to be made on some of his farm, he gathered enough feed to run him this year, and sold such a large amount of it that even at the low prices a considerable sum of money was involved. Plains farmers will make more in the long run than any other farmers anywhere, and we are glad to meet with such optimists as is Mr. Cromer.

interest to all students of topography and physiography, particularly those who are endeavoring to solve problems of erosion by wind and water in desert regions.

Lubbock Mutual Aid Association No. 4, now has over 900 members and you will have to hurry if you get in before it is filled. Watch forward to the announcement of No. 5. Elmo Wall, Secretary. 41-1

Miss Almeda Murray, one of the high school graduates, who is spending the summer on the Murray ranch near Abernathy, spent Sunday with Misses Ala and Alta Burrus, at their beautiful home on Tenth street.

Meadames J. V. and Houston Spikes of Ralls, visited at the home of Mr. and Mrs. Fred Spikes here last week.

Frank L. Moore, assistant cashier of the First National Bank of Floydada, and a brother of our fellow-townsmen Louie F. Moore, visited in Lubbock this week. Mr. Moore reports crop conditions in Floyd county as the best in years, especially the cotton crop.

H. D. Beal, one of the old time settlers of Lubbock county, but now engaged in ranching in the southwest part of Texas, is a visitor in Lubbock this week.

The world is better off than it was. Lenin once lived in New York.

### "Management of the Summer Flock"

(By F. W. Kazmeier, Poultry Husbandman, A. & M. College)

Keep the house scrupulously clean and regularly disinfected even tho, it may require extra work on your part these hot days.

On many farms the hens stop laying in summer time, largely from the lack of pure fresh drinking water. An abundant supply of cool and clean drinking water for the poultry flock is essential these hot days. Remember an egg is about two-thirds water.

Keep up your warfare against the

lice, mites and blue bugs.

Gather the eggs three times a day and market them just as often per week. Keep them in a very cool place.

Tolerate no broody hens.

Do not sell eggs of a doubtful quality. When the dry weather and hot sun has dried up most of the grasses make some other provision for green food in the form of vegetables. Sometimes it is advisable to sow a little wild oats, wheat or rye for the purpose.

Select those individuals that, on account of their age, constitution, or other characteristic, you are planning to sell in the fall; and as soon as they stop laying, confine them in a small clean as well as cool pen. There feed them well of a good fattening ration, made as follows: 3 pounds milo kafir or corn meal, one pound wheat middlings, one pound of ground oats with hulls removed, nine pounds of butter-milk or sour milk. If milk is not available add 15 per cent of beef scrap to the ration and moisten with water. Milk is much to be preferred however, in the fattening of poultry.

Feed the above mixture twice a day and all they will eat up clean, but no more. Provide charcoal, fresh water and a little green food.

The first few days feed very sparingly, but towards the end of the second week feed all they will eat up clean; but no more. It seldom pays to fatten poultry for a longer period than two weeks, after that they lose weight instead of

gaining.

Never sell any poultry until it has been well fattened. Remember that if it does not pay to fatten poultry, it does not pay to grow it in the first place. Well fattened poultry not only weighs more but it brings more per pound on the market, on account of the improved quality.

Do not sell your poultry at so much per dozen. This is a very loose way of doing business, seldom satisfactory to the producer or seller. In the marketing of broilers, the above may prove an exception. Market all of your poultry at so much per pound and study the market. If your local dealer will not give a fair price, club together with a few of your neighbors or ship yourself to some reliable commission house in any of the larger cities.

**Forced Moulting.**

Do not feed your flock for a forced moulting, because the same has been found unsatisfactory. Much better practice is to allow your hens to lay when they so wish, and to feed them well at all times. During the moulting time they should be fed exceptionally well. Some people seem to think that chickens do not need anything to eat when they stop laying and start moulting. This is of course not a sane way of reasoning.

**How to Keep Poultry House Cool in Summer**

Fowls suffer more from excessive heat in summer than from cold in winter.

In the late spring and summer, the greatest problem for the poultryman to solve is to keep the fowls cool and comfortable.

The large mortality in late hatched chicks, and the sudden drop in egg production, during the hot summer days is directly traceable to the fact that it is almost impossible to keep down the temperature and make the fowls comfortable.

One way of overcoming this is by increasing the ventilation. Provide some kind of rear ventilation, as well as at the ends. We like a foot wide door running the entire length of rear end of house, hinged at the top to swing out. This keeps out a driving rain and allows a circulation of air. A door or window should be on both east and west end. Of course all doors and windows should be open. When necessary to confine fowls, use window and door screens.

All muslin curtains or wooden shutters, should be hinged at the top on the out side to swing out. This acts as an awning, providing shade and protecting the interior from rain.

If roosts are located in corner of building and are movable, move them further out into the middle of the pen, this will permit more of a circulation of air around the birds when they are on the roosts. It is when the fowls are on the roosts during the hot sultry night that they suffer most.

In some style of houses, it is desirable to have some form of roof ventilation to permit the escape of

hot air, which always settles in the highest part of the house.

During the day the fowls can generally get access to some kind of shade, either under trees or in the shade of buildings. If they, however, cannot have either of these then it is of prime importance that some form of a frame be put up on posts about two feet from the grounds covered with straw, brush, or common burlap bags. Most any of these will do, and surely would wonderfully increase the comfort of the fowls.

In the case of movable houses, they should be blocked up from the ground about a foot, so the space underneath can be utilized for shade.

Movable houses, if possible, should be located under a tree or in a orchard.

Late hatched chicks are almost impossible to rear in any other place than in the orchard or woodland where it is always cooler than out in the open.

Friends of education in Texas, of all sections of the state are taking this means of expressing their unqualified endorsement of the candidacy of Mr. Marrs. We have absolute confidence in his ability and integrity, and respectfully submit his name to the careful consideration of the voters next Saturday, asking for their support and influence in electing a broad, experienced school man as our leader in the educational affairs of Texas.

HUBBERS OPEN TODAY FOR THE LAST SERIES BEFORE ROAD TRIP

Ranger opens here today for a three-game series, which will be the last series on the local lot before the Hubbers take the road again for a ten day trip, opening up at San Angelo the 21st for four games, followed by three each at Stamford and Abilene, after which they come back home for twenty-three straight on the local diamond.

The old Hubber Boys are still in there and fighting. Anyway, we can't beat "luck" and a good ball club at the same time, and if Stamford is not to be considered lucky we wonder why. If seven errors won't lose any ordinary baseball game, we are at a loss as to how to proceed, but it seems that Stamford knows the combination, for they certainly did it Sunday.

Get in the game with us. There is only a month and a half left of the season, and we have got to get in the swim around the top. Come out to this Ranger series, and let's let the boys know we are still alive

Mason Tops League Hitters—Sweetwater Outfielder Wound Up First Half With .393 Average;—Broncs As a Club Ranked Fifth

"Brick" Mason, Sweetwater centerfielder, led the West Texas League in batting during the first half ending June 28, according to official though incomplete averages issued by John F. Humphries of Sweetwater, league statistician. His mark was .393. Johnny Frieson, another Swatwater, technically outranks Mason with .434, but he participated in only 20 games while Mason was in 57.

San Angelo had five men in the select .300 circle: ehew, Robinson, Scoggins, Alexander and McBride, according to Humphries' figures, but complete unofficial averages on the Bronchos, compiled by Sam H. Brewer, local director, also placed Greer in this class and drops McBride below the coveted mark. The final figures give nearly all the Bronchos better averages than indicated below.

Table with columns: Club, G, AB, R, H, TB, 2B, 3B, HR, SB, SO, PCT. Lists statistics for various clubs like Clovis, Lubbock, Sweetwater, etc.

Table with columns: Player-club, G, AB, R, H, TB, 2B, 3B, HR, SB, SO, PCT. Lists individual player statistics for various teams.

and fighting with them. The big end of the balance of the season will be played "at home," and it is up to us to see that the big end is credited to LUBBOCK HUBBERS. Stay in there, Hubbers and fight. We are for you to the last.

HUBBERS ANNEX SECOND GAME FROM BRONCHOS

The wildness of Ray and poor support of his teammates in the pinches lost the second game of the series for the Bronchos Thursday 5 to 2. Although the Bronchos out-hit the locals eleven to seven, they were ineffective except for the seventh when by three hits and an error they counted two.

Briscoe looked great on the mound until the sixth when he was binged for three safeties. He was relieved by Cantrell, who allowed only two hits in the closing stanza.

The hitting of Earnshaw and Gober featured, Ernie binging three safeties out of four, while Gober got two out of three. The score:

Three-base hits, Gober, Claiborne. Two-base hits, Allen, Robertson, Ray. Struck out, by Briscoe 4, by Cantrell 2, by Ray 3. Base on balls, off Briscoe 2, off Ray 4. Sacrifice hits, Gober, Scoggins, Robertson. Stolen bases, Earnshaw. Double plays, Greer to Scoggin. Wild pitch, Cantrell. Time of game 2:00. Umpire, Davis.

SAN ANGELO DROPS THIRD STRAIGHT TO LOCALS

In a game featured by sensational fielding and hard slugging, the Hubbers made it three straight from the San Angelo Bronchos Friday by taking the last exhibition 3 to 2. Cantrell held the visitors to two free hits, and allowed only two free passes. Muns allowed seven and by bunching them in the third the first and only three runs of the game counted by the locals.

Butler made a spectacular catch of Gober's long one to the left field fence, taking it on the run as it came over his shoulder, and doubled Brown at first, who had circled past second base, the ball was caught.

Scoreboard for San Angelo vs Hubbers game. Columns: AB, H, O, A. Lists stats for players like Brooks, Earnshaw, Langford, etc.

Summary: Innings pitched, Woodriddle 3 1-3, Swenson 5 1-3, Mitchell 9; hits off Woodriddle 5, Swenson 3, Mitchell 4; three base hit, Edwards; two base hits, Langford, Dinsmore, Stewart; struck out by Woodriddle 3, Swenson 4, Mitchell 3; bases on balls, off Woodriddle 3, Swenson 1, Mitchell 3; double plays, Sloan to Dinsmore to Schmidt; hit by pitcher (Edwards) by Woodriddle; passed balls, Allen 1; time of game 2:15. Umpire, Davis.

COLONELS WIN FIRST BY A CLOSE MARGIN

Although the Colonels were out-hit nine to eight in Saturday's exhibition, they bunched hits in the third putting over two runs and seal-up the contest, winning 2 to 1. Knadler's "spitter" was a little too much for the locals, and hits were well scattered, two hits and a passed ball netting them their only run.

Scoreboard for Colonels vs Hubbers game. Columns: AB, H, O, A. Lists stats for players like Brooks, Earnshaw, Langford, etc.

HUBBERS DROP SECOND STRAIGHT TO COLONELS

The Hubbers were unable to overcome the lead gained in the early stages of Sunday's exhibition by the Colonels, and dropped the second straight to them, 4 to 2.

The visitors scored one each in the first two frames, then in the third Woodriddle went wild, walked one man and hit another with the bases full, giving them two free runs. Swenson then went in, and held the Colonels to three hits and a shutout for the rest of the fracas. Mitchell was airtight in the pinches, and although seven errors were stacked up against his team mates, the locals were unable to count. Mitchell only allowed four hits, while the visitors garnered eight off the delivery of Woodriddle and Swenson.

Scoreboard for Hubbers vs Colonels game. Columns: AB, R, H, PO, A, E. Lists stats for players like Brooks, Earnshaw, Langford, etc.

Summary: Innings pitched, Woodriddle 3 1-3, Swenson 5 1-3, Mitchell 9; hits off Woodriddle 5, Swenson 3, Mitchell 4; three base hit, Edwards; two base hits, Langford, Dinsmore, Stewart; struck out by Woodriddle 3, Swenson 4, Mitchell 3; bases on balls, off Woodriddle 3, Swenson 1, Mitchell 3; double plays, Sloan to Dinsmore to Schmidt; hit by pitcher (Edwards) by Woodriddle; passed balls, Allen 1; time of game 2:15. LOCAL TENNIS PLAYERS HOLD INTERESTING TOURNAMENT

The Lubbock Tennis Club organized for the summer played the first of a series of weekly tournaments last week. This being the first tournament for the summer there was not as much interest shown, as will be exhibited this week. However, some very fast games were played, bringing to the front some racket talent unusual for this part of the state.

G&J TIRES & TUBES As good on your automobile as they were on your bicycle. HODGE BROS.

one of the fastest racket battles that has ever been witnessed on local courts, and ended with a tie score, (497 each). Owing to the fact that an unequal number of games were played the real ability of each contestant could only be estimated, the leading entrant being thirty-five games behind in his schedule. The tournaments are being played each week on the courts on thirteenth street, games starting at five-thirty each day. Last week's results: P W L Pct. McCrummens 129 63 57 .526 Felty 135 67 68 .497 Waters 147 73 74 .497

We figure as how nothing but "Nigger Luck" could have won that exhibition for the Colonels Sunday, with seven errors stacked up against them. We heard someone remark: "When did Briscoe get to be a pitcher?" We don't know when, but from the looks of things in Thursday's exhibition, "He is." You can't keep a good man down, even though he does break his leg. "Skipper Allen looked a little 'mean' when Scoggins went about six feet in the air and speared his hot one which would have gone for three easy sacks.

### Eighteen Year Old Boy Caught Taking Money From Register

H. M. Jones of this city, was caught taking money from the cash register of the Allen Filling Station

at three o'clock Wednesday evening, and was soon arrested and is now out on bond.

Jones is eighteen years of age, and has been staying in Lubbock for some time without any visible means of making money, though it is known that his people are able to take care of him, his desire for more than his regular allowance seems responsible for the theft.

A. E. Herring, who manages the filling station, has been having

trouble with his books for more than a week, as it seemed impossible for a balance of the cash on hand and that accounted for on the sales sheets to be balanced, and the situation had become alarming, and it was after several attempts by the boys who are employed with Mr. Herring to catch Jones that the arrest was made.

It is alleged that Jones took six dollars and twenty-five cents from the cash register, and Mr. Herring walked in on him before he had time to be far enough from the cash register to keep from looking suspicious, and he was caught with the money in his pockets. After the arrest was made and he was allowed bond, he tried to induce Mr. Herring to take back the money and drop the case, it is stated.

This case is on the records of the courts, and this article gives the account in detail, and with the frequency of such cases it looks as though we are compelled to print the names of the offenders as a warning to others who have not been caught at that work that they will be shown up to the public for such offenses.

Stealing money from a cash register is the highest kind of crime, and anyone caught at such work will be severely dealt with by the county courts.

#### CANDIDATE SPEAKING HERE FRIDAY, COURTHOUSE LAWN

Arrangements have been made whereby there will be public speaking on the courthouse lawn Friday afternoon at 3 o'clock, at which time every candidate present will be given an opportunity to speak.

Thomas, Neff and other state candidates will have representatives there to address the voters.

Roberts and Baldwin, candidates for Representative of the 119th District, will also address the voters in behalf of their candidacy for this office.

You should hear these men speak, in fact all of them, and better acquaint yourselves with those who are offering for public office, that you may be able to choose intelligently the men whom you believe will best serve the people in office.

Miss Jimmie Morgan of Dallas, who is visiting Miss Ellis here, went to Lamesa last week to visit her sister, Mrs. Judge McGuire.

#### KIWANIS KOMMENTS

One of the most interesting meetings of the Kiwanis Club since its organization four months ago, was held at the Cova Hotel last Thursday.

The program committee had occasion to take a little rest for several days, for this meeting demanded nothing of them, as president-elect Clark M. Mullican introduced the newly drafted constitution and by-laws, more than the usual sixty minutes being needed for this meeting owing to the length of the writings.

Col. Mullican is in Kiwanis with that usual interest that characterizes his activities in any work which is placed upon him, and before the by-laws were read, he declared his intentions to either do something in and for the club or to discontinue membership as a means of saving time, which received applause.

He spoke boldly and emphatically the duties of the individual member, and expressed the idea that it would be better to have the dead timber removed if such was anywhere in the club, in order that the organization's responsibilities might not overtop its possibilities.

He has been studying the working elements of Kiwanis, its principles and ideals, and very ably presented his interpretation of the work to his hearers.

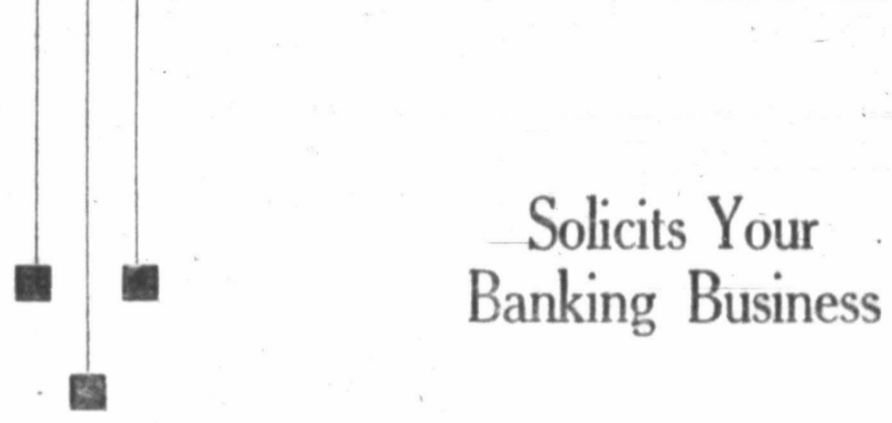

The constitution as presented by Col. Mullican, was adopted by the club, with only one small change, regarding expulsion of members for failure to attend without unavoidable excuse, which was rewritten.

The Kiwanis Club is one of the leading civic agencies in Lubbock, and its membership is composed of substantial business and professional men of the city, whose ideals are for the betterment of Lubbock, and whose purposes are to uphold the Kiwanis principles of fairness to all.

The club will be entertained at Acuff Wednesday, and the members will receive notice from Secretary Louie F. Moore as to where and when to meet to start the trip.

The Rotary and Kiwanis Clubs will both be entertained on this occasion, with a basket picnic, the purpose of the meeting to be to encourage more friendly and closer relations between the urban and

rural dwellers, and if there are two groups of men anywhere who know how to mix and mingle in the free-hearted, frank and broadminded manner of the original pioneers, who achieved their work through close co-operation and friendly happiness, those clubs are, and we are glad that Lubbock will be represented at Acuff by such able a body of citizens.

We heartily approve of social gatherings in which both urban and rural dwellers participate, and look

upon the Wednesday's meeting at Acuff as one from which much good will be derived.

Lubbock is proud of her agriculturalists, and the businessmen welcome any opportunity to become closer associated with them, and Col. Mullican emphasized this fact in his address Thursday.

A meeting of the board of directors was held Thursday evening at five o'clock, and detailed arrangements were made for appointment of committees, both special and regular, and a report of this meeting will be given at the next luncheon held in Lubbock.

Kiwanis members who have learned the value to themselves and the community of rendering service when requested look with admiration upon the thoroughness with which President Mullican has made arrangements for the work, and as the plan is now outlined each and every member will be a member of one of the fourteen committees, which have as their objective the proper methods of solving the many problems that come up in the city, with an inter-city committee which even goes beyond the confines of home, looking after the needs of the towns adjacent to Lubbock.

The Kiwanis Club has been a live number since its organization, and we are glad the work is being carried on with such ability as is shown by its leader.

#### CHAS. W. ROBERTS SAYS HE IS MAKING WINNING RACE

Chas. W. Roberts, candidate for representative of the 119th District was in Lubbock yesterday, after having made a thorough canvass of the district, and is optimistic about his race, and when asked as to how he thought the votes would stack up he said it would possibly be a landslide in his favor.

Mr. Roberts is a young man of sound principles and a comprehensive understanding of the law, and we are sure that if elected to that important position, he will fill the office with credit to the section he serves.

He is planning on speaking here Friday, and should arrangements be made we will notify our readers, as that is an important race, and it will be necessary that the voters know what they are about when selecting one of the two candidates for that office.

If it is at all possible, Mr. Roberts and R. A. Baldwin, candidate for that office, of Slaton, will divide time here.

Lubbock has not had a candidate speaking here as yet, and we think it only fair to all concerned that a meeting be held before election day.

#### LEE DUGGAN UNDERWENT APPENDICITIS OPERATION

Lee Duggan, son of Mr. and Mrs. T. B. Duggan, was operated on for appendicitis Saturday.

Mr. Duggan is a stalwart young man, and the operation was a surprise to his many friends here. He is getting along fine and dandy, and will no doubt be able to return home within a few days.

Rev. Geo. W. Shearer, Presiding Elder of the Methodist Church, Lubbock

will speak at the church Friday and Sunday nights. Rev. Shearer is a very interesting and instructive speaker, and is exceedingly popular with the religious element in Tahoka who are always glad to have him make our little city a visit.—Lynn County News.

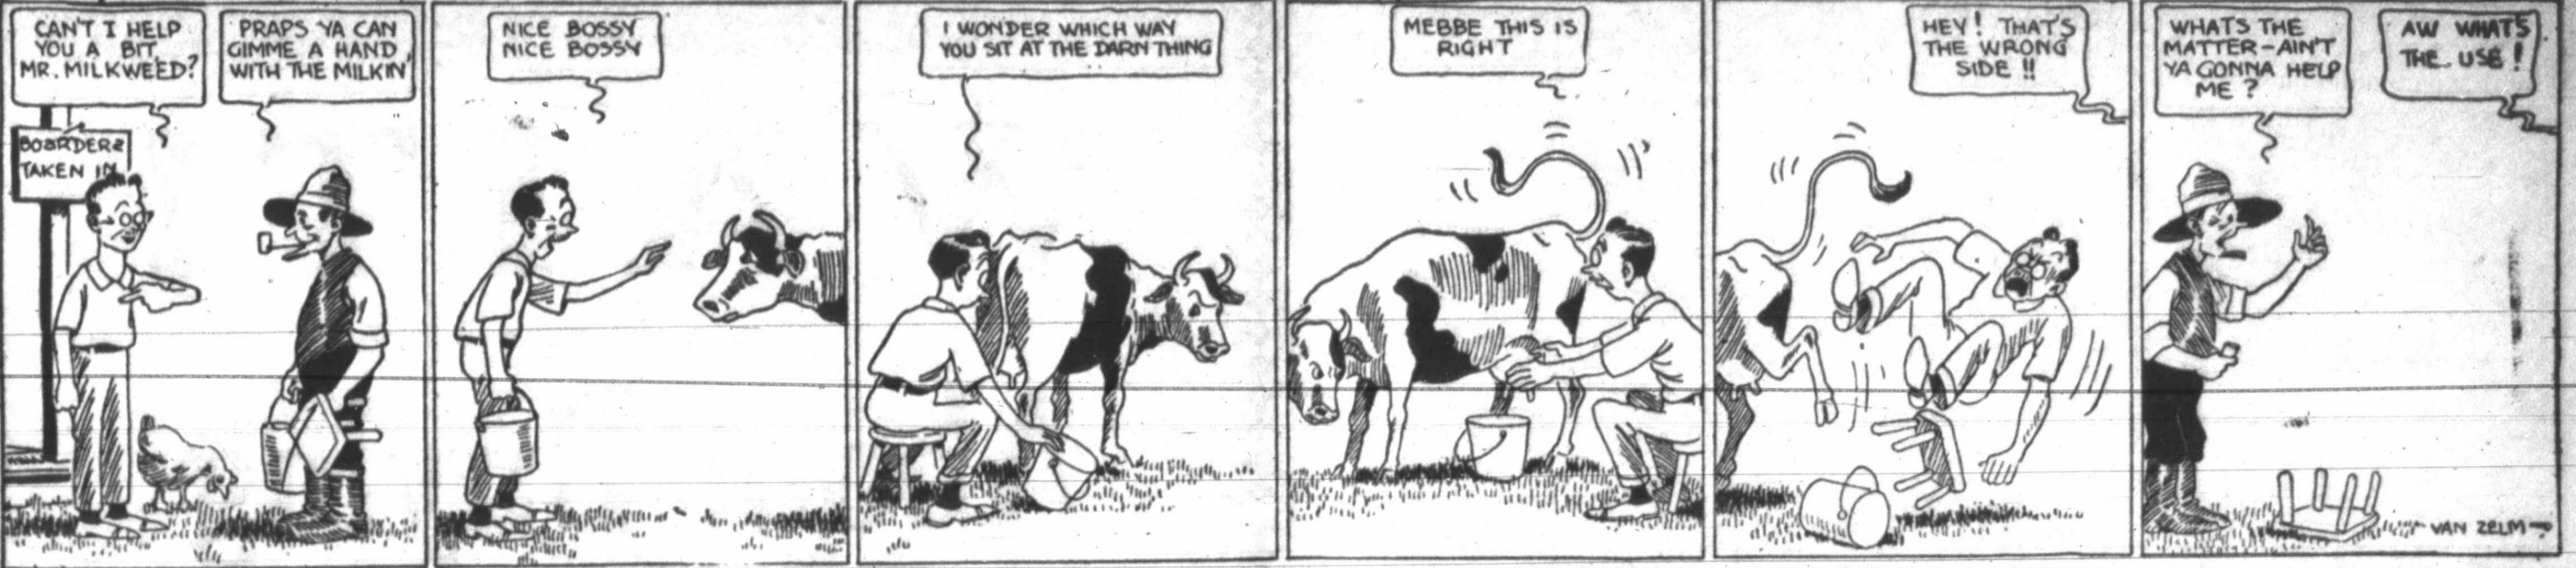

Mrs. R. V. Jones of Slaton, was here shopping Friday of last week.

ORIENT TO GET AID FROM RAILWAYS ACCORDING TO REPORTS FROM WASHINGTON

Washington, July 13.—Although no definite program far saving the Kansas City, Mexico & Orient Railroad was formulated at the conference with the Interstates Commerce Commission here yesterday, it is confidently predicted by Chairman Charles C. McChord, that this will be done at the conference of interested traffic officials in Chicago next Tuesday. That meeting, which is to be attended by the traffic officers for the various intersecting

and connecting lines, will seek to map out a program under which the revenues of the Orient can be increased nearly a million dollars a year and thus be established on a sound operating basis. One suggestion made, according to Chairman McChord, has to do with an allotment of forty cars of through freight daily from other roads to the Orient. It is pointed out by Chairman McChord that Orient amounted to 54 per cent prior to the war, it is now but 20 per cent. "The entire situation as it affects the people along the Orient," said Chairman McChord, "together with the interest which the national and state governments and the intersecting lines have been given consideration at the conference yesterday. It is recognized that considerable responsibilities rest on all of us and that if the road suspends it will affect the entire railroad situation. I found the other railroad men thoroughly sympathetic and am convinced they will do their utmost to work out a feasible plan. Report July 20 "The committee of traffic men will report back to the commission before July 20, but you may say that the commission will not neglect any means at our command to put this railroad on its feet." The representatives from the other roads attending the conference yesterday were: C. K. Dunlop of the Southern Pacific; Columbus Hale of the Katy; Alex. Hilton of the Frisco, and W. F. Sterley of the Fort Worth and Denver. They explained that they were without authority at this time to agree to any plan for the diversion of traffic or increase in freight divisions, indicating, however, that if given an opportunity, they would try to devise some plan acceptable to all interested under which adequate revenues might be assured the Orient. "I do not believe the Orient will be abandoned," said Commissioner C. E. Gilmore, of the Texas Railroad Commission before leaving today for his home. "If nothing tangible results from the Chicago conference, I am convinced that other means will be found to keep the road going. However, I am hopeful that the traffic directors of the trunk lines will evolve a plan which will afford the Orient an opportunity to earn the additional revenue representing losses now sustained." It is understood that there are three proposals which will be given consideration at the Chicago conference. These are direct allotment of a specified number of thru cars from intersecting and connecting roads, all short haul business now diverted to other roads and a small differential in favor of the Orient which it is believed would give it sufficient business to pay operating expenses. "I would like to reassure, so far as I can, the people living along the Orient," said Gilmore, "the Texas commission has received a number of letters from people in that section indicating that they are afraid to buy grain or cotton, storing it at elevators or warehouses for fear the road will close down and no opportunity will be afforded them to get the stuff to market."

TWO WINNERS ANNOUNCED

Little Miss Mary Cosby secured the largest number of votes in the "Border Queen" Cabinet voting contest and was awarded the prize—a Border Queen Cabinet, Jr., last Saturday evening. At 7 o'clock Saturday she had secured 141,900 votes.

SO CLOSE WAS THE CONTEST—A SECOND PRIZE WAS GIVEN

The race between Miss Kate Burrus and Miss Mary Cosby was so close—both having worked so hard for the prize, Mr. Simmons decided to give a second prize and Miss Burrus was awarded a beautiful Cedar Chest. We wish to thank everyone for the interest taken in the Cabinet contest. We are sure that there are many housewives of Lubbock who have appreciated the girls' diligence in interesting them enough to loog the Border Queen Cabinet over.

Remember, we have a complete stock of home furnishings!

TO DEALERS We have an attractive sales plan to offer dealers. Let us explain it.

LOCAL NEWS ITEMS FROM THE PLAINVIEW PAPERS

C. B. (Bennie) Turner, age 17 years, was dragged to death by a mule late yesterday afternoon at his home two miles from Olton. Young Turner had been working with a header, harvesting wheat, and had unhitched three mules from the header, getting on one of them to ride to the house, having quit work for the day, when in some way he became entangled in the harness of the mule which he was riding, the mule throwing him, and dragging him for some distance. His mother, Mrs. Turner, seeing his predicament, attempted to head off and stop the mule several times as he ran about the place dragging the boy, but to no avail. The boy was dragged with his face down, lacerating his face and breast. He was liberated from the mule before he was completely dead, and a start was made to the sanitarium in Plainview, but he died on the road between Olton and Plainview. Funeral services will be held at Olton this afternoon at 4 o'clock, Rev. G. I. Britain conducting the service. Interment will be made in the Olton cemetery.—Plainview News.

The A. C. Fisher Evangelistic party began a revival at the Methodist church in Lubbock Sunday. This party recently held a very successful revival in the city auditorium here.—Plainview News.

Miss Gladys and Reba Mae Davis, formerly of Lubbock, were drowned in the Brazos river near Graham last week, while bathing. Two other girls were also drowned.—Plainview News.

R. A. Lemon of this city, has annexed another job—that of manager of the Southwestern Telephone Co. exchange in Floydad. He has for some time been manager of the exchanges in Plainview and Hale Center and will continue as such. The Boys' band, which took part

in the band contests at the Las Vegas round-up and convention, and then spent a day or two in camps in the mountains beyond Las Vegas, returned home Sunday in cars. They report a very delightful trip and outing.—Plainview News.

The grape-crop in Hale county this year is very abundant. Grapes are a sure crop in this section.—Plainview News.

September 15 and 16 are the dates definitely fixed for the Swisher County Fair. The former dates were September 2 and 23, being set back in order that agricultural exhibits could be prepared for the Lubbock and Dallas Fairs.—Plainview Herald.

LAND FOR SALE! Sections 13, 18 and 19, Block "W" Cochran County, price submitted to interested parties on application. Will consider reasonable cash payment; balance to suit. Proposition open to real estate agents. First come first served.

AT THE CHURCHES

EVANGELIST ALBERT C. FISHER  
Now holding revival services at the tabernacle under the auspices of the Methodist Church.

Methodist

The same old story was told by the report of the Methodist Sunday School Sunday morning, when a crowded house shows a good attendance, but which was offset by the report making a showing of little above the average, which was caused by a lot of people getting in too late to be counted.

There was a goodly number present when the superintendent turned the speaking over to Evangelist Fisher, who made an interesting talk on Sunday School work, declaring that too little time is being spent in receiving a Christian education, which makes the people of the various churches incapable of executing the work the membership of said church places upon them. He declared that the Sunday School, prayer meeting and young people's organizations were the greatest agencies for Christian education in the church, and that activity in those departments is necessary to a complete understanding of the responsibilities of church membership.

A large audience was present at the church services, and Evangelist Fisher entertained them in grand style for almost an hour.

The Young People's meeting held by Mrs. Fisher in the church one hour before the regular service, was

attended by sixty-two enthusiastic workers, and the contest was started, the sides being designated by the colors green and gold, with a captain and four lieutenants heading each side. Rev. Charles Ferguson is captain of the Golds, while Miss Blanche Bean is captain of the Greens, and the contest will be continued until the last day of the meeting, each day at that hour. All persons of the ages of fifteen to thirty-one, inclusive, are urged to attend.

An ideal meeting was held at the

MRS. FISHER  
Pianist and soloist, who has charge of the young people in the meeting, now in progress at the First Methodist Church.

open auditorium Sunday evening, when Evangelist Fisher spoke to more than two thousand people, who were held spell-bound throughout his sermon. He did some pretty hard hitting, but wrapped his hammer up in such pretty packages that everyone liked it, and from all accounts this is to be one of the greatest meetings ever held here. Evangelist Fisher is just an ordinary man with an extraordinary message for his hearers, and is far removed from being one-sided in his views of church work, and certainly doesn't ask any more of his people than

has already been set out for them in the Bible. His interpretation of God's laws as written in the ten commandments, was to the point, and convicted his hearers to a higher respect for those laws, and inasmuch as he got at them from several angles, his hearers were made to understand them better. Services are held daily at 8:15, and morning services are held each day excepting Monday and Saturday. There is something in that meeting for you, and you should take advantage of the opportunity to hear Evangelist Fisher talk. You are welcome.

Church of Christ

Brother Henderson filled the pulpit at the morning hour, choosing as a subject for the short, but impressive talk, "This do in remembrance of me." A well filled and appreciative house forgot the heat of the day in listening to a review of the Saviour's life of love and sacrifice for man.

The Sunday School showed a falling off in numbers, due partly to vacations of some members. Interest however is fine, some teachers declaring that they have the best class in the whole school, in well prepared lessons and good attention and behavior.

The Senior Bible Study had a new teacher, Bro. Hutchinson, in Bro. Smith's absence, and we hear good reports from both teacher and class in the interest taken by these young people and their teachings in this work. The hour has been changed to 7:30. May there be a full attendance next meeting.

The Junior Bible Study begins their work again in earnest with Miss Gladys Clem as teacher. This is a very profitable hour for the little people. All the old pupils and their friends are invited to take part in the study of old Bible characters. The hour is 6:30 p. m.

No Sunday evening services are held here because of other meetings in the town.

Come to prayer meeting Wednesday evening.

First Christian

Sunday School was well attended and a good lesson reported from all classes, and the revival meetings that are being and have been held here seem to have some effect on the entire membership, as a keener interest is being shown, and more enthusiasm everywhere evident.

Services for the balance of the day were given way to the revival meetings.

Baptist

On last Tuesday evening a large crowd of the T. E. L. Class of the Baptist Sunday School, with their husbands and friends, motored out to the beautiful country home of Mr. and Mrs. Mathis, who live five miles south of town. These hospitable people have only lived in Lubbock county about one year, but they have won the hearts of all who have had the pleasure of their acquaintance. They had everything arranged for a lawn party and with this responsive crowd the entertainment was most enjoyable, and such a sumptuous spread of good things to eat—everything that heart could wish. (The gentlemen showed especial interest in this part of the program.)

An amusing game called "The Wedding Journey" was played which provoked much merriment. Mrs. Barnett and Mr. Wall carried off the honors. At a late hour the party reluctantly broke up after thanking the good host and hostess for the very enjoyable evening. —Contributed.

OUSLEY FOR SENATOR

In this issue of the Avalanche is a display ad urging the people to consider the claims of Clarence Ousley for the United States Senate. Mr. Ousley is one man that is really qualified to fill this important office, he is a man's friend, a friend to the farmer, stockman and all those who labor.

Mr. Ousley is for the enforcement of all laws and has no sympathy with the fight that is now being made on prohibition. He also believes in a tariff that will protect the farmers and stockmen and a vote for Ousley will be a vote for your best interests. Read the display ad. 41-11

Jed Rix, of the Rix Furniture and Undertaking Company, motored over to Lamesa Friday to meet Mrs. Rix and his sister, Miss Ruth, who were enroute here from Big Spring, where Mrs. Rix has been visiting for several days. Miss Rix will make an extended visit here with J. A. Rix and family.

Lubbock Mutual Aid Association No. 4, now has over 900 members and you will have to hurry if you get in before it is filled. Watch forward to the announcement of No. 5. Elmo Wall, Secretary. 41-1

NOTICE!
