The court house bond issue was carried by 700 majority. This issue was met with very little opposition, only 10 localities voting against it. It is said that the bonds have been placed, and work will begin at once on the court house.  
J. W. Scott, one of the candidates for the place of Sheriff and Tax Collector has contested, and demanded a recount, there being two votes difference between him and Will Cravy, the present sheriff.

### KIWANIS-ROTARY BALL GAME POSTPONED

A baseball game between the local Rotary and Kiwanis Club teams which was staged for Friday of last week has been postponed indefinitely, as there is much business to come before the people of Lubbock within the next few days, and the leading players in both clubs will have their hands full of constructive work for Lubbock.

When it comes to playing the members of those clubs are there with the goods, and have something up their sleeve in the way of fun creation that is hard to equal.

Clark Mullican, W. O. Stevens, L. C. Ellis, Gerald V. Smith and other prominent braves of the Lubbock tribe are watching their chance to pick winning players from among their ranks to meet in the struggle with the wheelers and we are not to be surprised in the least if the fastest game that has ever been staged on the local grounds is played when those teams meet, for Sensabaugh, Hilburn and even Shorty Ruby are working out means and ways for defeating the warriors.

The Rotary team won a pretty good record by running the score to an incredible height in the Kiwanis-Rotary game played at the opening of the season, but the Sunday School boys of the Methodist team faded that reputation away, and both club teams are standing in the dark waiting an opportunity to step into the limelight of public tolerance so far as their activities are concerned, and certainly those fellows will make a struggle to come out winners, and as the club work has filled them with a certain amount of civic pride, we should certainly be surprised to find that a game of give and take will be experienced, as that is another of the old stories of Greek meet Greek.

TIME-TRIED  
SOUND  
PRINCIPLES  
PROVEN

This institution has withstood and grown continually throughout the periods of drouth and depression. It has gained in strength, ripened in experience and conclusively proven sound practice of modern banking principles. The deposits of this bank are not only protected by the State Guaranty Fund, but by ample resources and capable direction. We believe this bank can serve you in an efficient manner no matter how large or small your banking business may be. An invitation is extended to all who wish to avail themselves of a banking service acquainted with South Plains conditions.

## The Lubbock State Bank

Capital and Surplus \$165,000.00

with both of 'em too much Greek to give in very huch.

### IT PAYS TO PAINT YOUR HOUSES AND MACHINERY

Beauty may be only skin deep, but it has its value in this world just the same. The impression of prosperity created by a neat yard, a well painted house and out-buildings cannot be over-estimated. It means increased credit at your bank and with your merchant. It means an increase in the value of your property amounting to many times the cost of paint and labor, to say nothing of the personal satisfaction of living in a home that is pleasing to the eye. Then besides, your building will last longer. We all know that. No one will venture to dispute the fact that it does not pay to paint.

If you have a house you want to sell, paint it. If you have a buggy or automobile you want to sell, paint it. It will then bring nearly double the price, anyway enough more to pay for the paint and labor several times over, in fact paint is the most profitable investment you can make, and now is the time to do the work.

Even if you don't want to sell, paint it anyway. Your friends will all remark the change. They will have an added respect for you. They will want to know when you bought your new turnout or what you have done to your house.

And when you paint, be sure to use a good, reliable standard paint of a well known brand that will give you service while you are at it.—Childress Index.

### HOUSEHOLD

#### Mock Duck

Take one and one half pounds of round steak, lay flat, salt. Heap on this a regular bread crumb dressing, seasoned with grated onion. Bring ends together and tie. Dot top with butter and bake in a moderate oven for one hour, basting occasionally. This makes a very delicious and inexpensive meal. Baking potatoes at same time saves fuel.

#### Tuna Fish Salad

Flake one small can of tuna fish, dice celery, mixing same with home made mayonnaise. Place on individual head lettuce leaves. Two or three narrow strips of pimento placed across top of each salad improves it.

#### Lemon Foam

One cup sugar, two heaping teaspoons cornstarch, mix, add juice of one lemon and one pint of boiling water, stir well and cook in double boiler until thick. After this is cold beat in whites of two eggs, beaten stiff. Do not beat until smooth, but to a frothy texture. Serve a sauce with it made of one pint of milk, two tablespoons of sugar and the egg yolks, serves five people and is easily made, the cost being little.

#### Oatmeal Cookies

Mix flour, raisins, oatmeal and salt. Beat the sugar and shortening together, and well beaten eggs and soda dissolved in hot water. Stir this into first mixture and drop by spoonfuls on the floured pans. Bake until a delicate brown. Material: Two cups flour, two cups oatmeal, one-half cup hot water, one cup brown sugar, three-quarter cup shortening, two eggs, one-half pound chopped raisins, one-half teaspoon soda, one-half teaspoon salt, one-half teaspoon vanilla.

#### Pineapple Pie

Yolks three eggs, beat well, add one and one-half cups sugar, a handful of corn meal (white), and flour, mixed with tablespoon butter, one can pineapple and juice. Bake in one crust and cover with meringue.

#### Economies

Some women imagine economy means substituting something unpleasant for something nice. This

is not necessarily the case. A suet pudding will be quite as nice and just as wholesome if, instead of the somewhat expensive suet, rather more than half the quantity of clean beef or lamb dripping be used.

Stewed fruit will need just half the usual quantity of sugar if half a teaspoonful of carbonate of soda be added to two pounds of fruit before cooking, and the fruit will be less sour, as the carbonate of soda corrects the acid.

Excellent pastry can be made from bacon fat. There is generally some left in the pan after the breakfast bacon has been fried, and if this is saved it is cheaper than buying margarine or lard. Where half a pound of margarine would have been used five ounces of bacon fat is sufficient instead.

### LEON COUNTY MAN HAS BECOME PLAINS BOOSTER

John Winn, was here last week from his home in Leon county, visiting his cousin, Welton Winn, well known in this section of West Texas. Mr. Winn was highly pleased with the plains country, and expressed a desire to locate here, and will no doubt be a great booster for this section of Texas.

Maximum production at minimum cost is making the plains lands more valuable every year, and the increase in population is only natural, as the people from other sections of the country are beginning to see that favorable feature in this land, and are taking advantage of every opportunity to move here.

The lands adjacent to Lubbock are the most productive anywhere, and the fact that a farmer can plant and complete his crop with horsepower is making the cost of operation very small, as in lots of instances a crop can be laid by here with less effort than is required for chopping the same amount of cotton in other sections.

### GRAND JURY WANTS A SAMPLE AS EVIDENCE

A Childress man is out of luck. He shot a negro and saw him fall a couple of hundred yards away. Then he surrendered to the sheriff, reporting himself as guilty of homicide. The sheriff couldn't find the negro and has no evidence except the man's word that he shot some-

BIG SPRING LUBBOCK

## Lubbock Livestock Judging Team May be Sent to the International Live- stock Show in Judging Contest

The following letter to Mr. Dupre, of this city, from the Director of Agricultural Education is self explanatory, which reads:

Dear Mr. Dupre:

I have a letter from the Secretary of the International Live Stock Show at Chicago, stating that the Lubbock High School Stock Judging Team is eligible to compete at their contest held on December 1st.

I am very anxious that your boys go to Chicago if it is at all possible for them to do so. In the first place I know they would make an excellent showing for the State of Texas, and in the second place I am very anxious that our winning team enter an international contest, because it will do a great deal to stimulate the vocational work.

At a recent meeting of the agricultural teachers held at College Station the matter of sending the Lubbock team to this year's International was discussed. The views of the teachers along this line will be shown by reading the attached resolutions. I think that you can safely count on from \$150 to \$200 from the teachers and students. We now have a nice little sum in the bank that we will be glad to turn over to your boys to help them make the trip. I regret very much that we cannot pay the expenses of your coach from our traveling expense fund, as this is against the ruling of the State Board for Vocational Education. I feel sure, however, that Mr. Mowery can make arrangements to get the rest of the money for making the trip without draining too heavily on his own personal resources. The best we can do would be for one of us to go along with the boys, but as you know it would be highly desirable for their coach to accompany them. It may be possible that I will make the trip even if Mr. Mowery does go, because I am highly interested in the outcome.

After thinking this matter over thoroughly write me your reaction. Remember that we will do all in our power to assist in raising the necessary funds. I think that I will be able to secure over \$200 on the expenses of your team.

Yours truly,  
JAS. H. HINDS,  
Assistant Director of Agricultural Education.

**Resolution:** Resolved: First, that the Vocational Agricultural Teachers of Texas favor sending a judging team to the International Contests at Chicago next December first.

Second: Since all members of the

Texas State Team must be enrolled in the same school and since they must have won in a State elimination contest, that the team winning first place at the Fort Worth Contest in March represent Texas at the International in December of this year.

Third: That this resolution take effect immediately, and that the team which won last March be allowed to represent Texas this year.

Fourth: That since the financing of this project is so great, that each pupil enrolled in a Vocational Agriculture class in Texas be requested to contribute ten cents; that each supervisor and teacher trainer be requested to pay not less than \$1.00 and that each Vocational Agricultural teacher be allowed to contribute as much as he wishes; that all contributions be payable not later than October 1, to the State Treasurer; that these funds be kept in one account and that they be carefully reported upon each year together with a complete statement from the bank acting as depository.

Fifth: That the Treasurer J. H. Hinds be empowered to pay out funds only for the purpose of reimbursing students and coach of the judging team for expenses incurred on trip to International.

Sixth: That in case the circumstances prevent the team from going, that the funds paid in be used as prizes at the Fort Worth Contests that same school year.

The matter of raising the additional funds necessary to send this team to the Chicago show, has been submitted to the School Board and has also been taken up with the Chamber of Commerce, and Mr. Dupre states that he has been instructed to get ready to send the boys to the show, guaranteeing the necessary expense.

Lubbock boys have given this city a wonderful lot of good advertising by their wonderful records and winnings in contests in the state during the past year, and there is no doubt that they will take some more honors when they go to the International show. The people in Lubbock have faith in them in every way necessary to carry them to the top.

For Public Weigher:—L. I. Dean; Roy Harris 232; J. E. (Dutch) McSpadden 376; Crede J. Rhea 94; S. A. Jackson 302.

For Hide and Animal Inspector:—Fletcher Conner 1135.

### BIDS SOLICITED FOR CONSTRUCTION OF CLUB HOUSE

The Commissioners Court of Lubbock County hereby solicits bids for contract to furnish labor and material for the construction of a club house on the county park grounds near the City of Idalou in said county according to plans and specifications of such structure now on file in the County Judge's office of said county. The said plans and specifications are here referred to for all information necessary in determining and ascertaining the terms, condition, class and kind of material to be used in the construction of said building, mechanical skill, character of labor, and other matters and things pertaining thereto, that will be incorporated in such contract. The person to whom such contract may be let will be required to make and enter into a good and sufficient bond binding and obligating himself to carry out and perform every duty and obligation imposed upon him by the recitals and terms of such contract. Every bidder is required to deposit with his bid a certified check for the sum of one hundred dollars payable to Lubbock county, as an evidence of his good faith in the matter and with the understanding and agreement that if the said contract shall be let to him and he shall fail to accept same and enter into such contract and carry out same as above specified, the said one hundred dollars will be forfeited to Lubbock county as liquidated damages for such failure on his part. The proposition is to let the said contract to the lowest and best bidder, the said Commissioners Court reserving the right to exercise its own judgment and discretion in all such matters, and also reserving the right to reject any and all bids submitted. All such bids and certified checks must be enclosed in an envelope, sealed, addressed to the County Judge of said County and delivered to said County Judge on or before ten o'clock a. m., on August 14th, A. D. 1922. The said envelope should be marked so as to indicate its contents. Said sealed bids will be opened and duly considered by the Commissioners Court as soon after the time above stated as may be convenient.

P. F. BROWN,  
County Judge of Lubbock County.  
44-2T

### YOU WANT A HOME

and YOU CAN HAVE IT. I can make you a loan on the easy Monthly payment plan, for the UNITED STATES SAVINGS BANK OF DETROIT, MICHIGAN, and also

I can make you a loan with small annual payments, at only 8-12 per cent interest with good on or before option.

I can save you from 5 per cent to 10 per cent of the amount of the loan during the life of it over anything that is being offered.

Come in and talk the matter over whether you want to build now or in the future.

One day last week no aviators were killed.

### PLAINVIEW

Herald.

The Methodist Women's Missionary Society of the Plainview District closed an interesting session at Floydada early in the week. Eighty authorized delegates were in attendance. From the society of the Plainview Methodist church Mrs. Marshall-Phelps, Mrs. O. P. Clark, Mrs. E. C. Hunter and Mrs. John Lucas attended and were on the program. Rev. O. P. Clark and Rev. G. S. Hardy, presiding elder of the Plainview district, were also in attendance and filled places on the program. The next meeting of the conference will be in Plainview, but the date has not yet been determined.

A committee from the City Council Tuesday afternoon made a trip over the city to determine upon the corners which need the new light posts most. Between fifty and sixty new lamp posts are to be installed in the residence section of town. At the next meeting of the council, August 7th, definite announcement will be made of the location of the posts.

Ed McDonald was painfully injured late Tuesday afternoon when a weak plank of a windmill tower on which he was standing broke, precipitating him twenty-four feet to the ground. He had started to grease the mill when he fell, breaking one rib and bruising his side. He was rushed to Plainview Sanitarium. Physicians say that the injuries are not serious. Ed is the 15-year-old son of D. F. McDonald of South Ward addition.

The citizens of Olton have planned a big picnic for August 8th. Among the attractions of the day are a baseball game at 10 o'clock in the morning, free lunch at noon, at 1:30 foot races (fat man's race, girl's race, 100-yard dash), at 2 o'clock a rodeo will be held. The citizens of Olton invite all to come and bring a well-filled basket with them.

Miss Alta Hall and Jimm Vaughn were married in Tulsa Saturday, July 15th. Miss Hall is the daughter of Mr. Wiley Hall and the groom is the son of Mrs. J. L. Vaughn, both of this city. They will make their home at the Vaughn ranch near Dimmitt.

Congressman Marvin Jones and his brother, Herbert Jones, have been

in Plainview this week on business.

While here the Congressman was asked by a representative of The Herald about the status of the omnibus bill which was introduced a few years ago providing for a Federal building for Plainview. He stated that this bill was passed by the House of Representatives, but failed to pass the Senate. In his opinion it will be impossible to get this item in the general appropriations bill and he feels that there is little possibility for a few years to come of getting the bill through in any form. Although he will not attempt to influence in any way the location of the postoffice in Plainview he said that he would take pleasure in conferring with the officials of the Postoffice Department relative to securing relief for the congested condition of the office and better facilities for handling mail in Plainview.

### LIGHT VOTE CAST IN FLOYD COUNTY PRIMARY

Floydada, July 28.—Out of a voting strength of near three thousand Democrats in Floyd county, only 1951 votes were polled. The fact that many farmers were busy with their crops may account for the light vote cast.

In the race for county judge, E. C. Nelson, Jr., won the nomination; Mrs. Elder Morris led in the county treasurer's race over Mrs. Mollie Walling of Lockney and the runoff in August will determine this race; the race for county attorney lies between W. E. Huffines and Judge A. P. McKinnon; for public weigher, G. Scott King led the ticket over S. B. McCleskey; W. C. Hanna led over J. L. King in the commissioners race and runoff will have to decide it.

### THREE MEN HANGED AT ESTANCIA, N. M.

Estancia, N. M., July 28.—Three men were hanged here at 7 o'clock this morning for the murder of Anton Coury, a merchant of Durango, N. M., last September.

A fourth man convicted was granted a stay of execution at the last minute pending an appeal to the supreme court.

After they get talking movies, we will learn what a man says when he gets paid for kissing Mary Pickford.

### POLITICAL ANNOUNCEMENT

T. W. McNEELY, Lubbock.

# Goodrich announces new tire prices

—lowest cost mileage ever known

Effective July 20th, Goodrich establishes a revised price list that is a base line of tire value. It gives the motorist the buying advantage of knowing that whatever size tire he selects is of the same quality—the Goodrich one-quality standard. It gives him the longest mileage, the most satisfactory service and the highest quality his money can buy. Results will prove that it is impossible to buy tire mileage at lower cost.

Think of being able to buy

## Silvertown Cords

at such prices as these:

SIZE	BASE LINE PRICE	SIZE	BASE LINE PRICE
30 x 3 1/2 CL.	\$13.50	34 x 4 S. B.	\$30.85
31 x 3.85 CL.	15.95	32 x 4 1/2 S. B.	37.70
30 x 3 1/2 S. B.	15.95	33 x 4 1/2 S. B.	38.55
32 x 3 1/2 S. B.	22.95	34 x 4 1/2 S. B.	39.50
31 x 4 S. B.	26.45	35 x 4 1/2 S. B.	40.70
32 x 4 S. B.	29.15	33 x 5 S. B.	46.95
33 x 4 S. B.	30.05	35 x 5 S. B.	49.30

No extra charge for excise tax. This tax is paid by Goodrich

New base line prices are also effective on Goodrich Fabric Tires

SIZE	BASE LINE PRICE	SIZE	BASE LINE PRICE
30 x 3—"55"	\$9.65	32 x 4 S. B. Safety	\$21.20
30 x 3 1/2—"55"	10.65	33 x 4 S. B. Safety	22.35
32 x 3 1/2 S. B. Safety	16.30	34 x 4 S. B. Safety	22.85

No extra charge for excise tax. This tax is paid by Goodrich

This revised price list affords the motorist as definite a guide to tire prices as Goodrich Tires are the definite standard of tire quality.

### LORENZO NEWS ITEMS

FROM THE ENTERPRISE

The fine home of Mrs. Johnson, a widow of Ralls, was burned last Friday morning about daylight, together with most of the furnishings. Another house located on the lot adjoining the Johnson property was also destroyed by fire.

Mrs. Johnson's home was a two-story structure and is said to have ignited from an old cedar mop which was thrown in a closet under the stairway after being used in mopping the floors and furniture.

Mrs. Johnson and daughter, who were sleeping up stairs were compelled to jump from a window to save their lives and in so doing were badly, but not seriously injured. Insurance was carried on both houses we were informed.

Work was begun Monday morning on a new residence which is located between S. C. Carlton's and A. E. Thornton's homes. The house is being built by Mrs. H. S. Smyer and will be rented. The house contains four rooms and two porches.

Mr. and Mrs. H. G. Hendricks, of Rogers, arrived this week for a visit with their son, T. G. Hendricks and family.

Mrs. G. J. Walls and children, of Amarillo, are here this week visiting with her father and mother, Mr. and Mrs. S. Dawson.

L. E. Bigham moved his family to Lorenzo this week from Tahoka, and they are domiciled in the cottage recently built by Miss Ida Mae Grice. Mr. Bigham will open a meat market here.

T. H. Kelley is tearing down the improvements on his property in the

west part of town preparatory to erecting a new, modern bungalow there. Mr. Kelley will begin the erection of this house the latter part of this week. The work will be done by Gray Brothers contracting firm. Mrs. Raymond Hines and baby, of Wellington, Kansas, are here this week, visiting with her sister-in-law, Mrs. D. M. Pipkin.

Miss Nellie Dyess returned to her home in Lubbock the first part of this week, after several weeks visit with friends.

Mrs. Alvin McMillan and children and Luther McMillan, left Wednesday morning for Desdemona, where they will spend some time visiting with friends and relatives.

As usual, the election created quite a lot of interest here and many people thronged our streets last Saturday.

H. L. Stancil and family arrived the latter part of last week from Dallas, and are spending the week with relatives here. Mr. Stancil will engage in the electrical business at Lubbock in the near future.

Archie McMillan and Fred McKenney, of Rotan, arrived Tuesday afternoon for a visit with relatives.

J. M. Leverett and sons, Ernest and Jess, transacted business in the county site Tuesday morning.

L. A. Skirlock transacted business in Lubbock the first of this week.

Miss Hester Hardin from near Petersburg, is spending the week here visiting her friend, Miss Grace

Roberson.

Mrs. Mary Webb and children, of Dallas, are here spending several days with Mrs. Sam Ellis.

Mrs. Palace Berry of Lampasas, is here this week visiting her mother, Mrs. A. S. Hogg, and other relatives.

Mr. Archie McMillan and family, of O'Donnell, visited with his daughter, Mrs. S. E. Abernathy and family, recently. They returned home the first of this week and were accompanied by Mrs. Abernathy and daughter, Monnye.

Bruce Hannah has returned to his post at the First State Bank, after a short vacation.

Fred Bone of Amarillo, was here on business Tuesday afternoon.

H. L. Stancil was in Lubbock Monday, attending to business matters.

J. A. Eaves and wife went to Lubbock Tuesday morning.

Frank McLaughlin and wife, of Ralls, were here Tuesday enroute home from Lubbock.

### Commissioner Terrell Will Not Hold Any Institutes This Year

Commissioner of Agriculture Geo. B. Terrell, will not call a meeting of the State Farmers' Institute this year, because of bad financial conditions of the farmers and his inability to secure free transportation or reduced rates for the meeting. His statement follows:

"To Secretaries of Farmers' Institutes: This is to advise you that a delegated meeting of the State Farmers' Institute will not be held this summer, because of the impoverished financial conditions of the farmers, rendering a great many of them unable to attend the meeting. The State laws permits the Railroads to give free transportation for these meetings, and I tried to secure such free transportation, but the Railroads declined to grant the transportation in the following statement: 'In view of the established rule not to issue any free transportation not authorized by the Interstate Commerce Commission Act, it would not be consistent for us to make an exception in this cause and issue the transportation requested.'"

"Since we cannot secure free transportation, and cannot get reduced rates, except on the certificate plan, which requires the purchase of a large number of tickets at full fare, before the reduction is granted, on the return ticket and knowing the attendance under such conditions would not be large enough to secure a reduction in rates, I have decided not to call the State Institute this year. I regret this very much, as the farmers ought to come together once a year and discuss plans for bettering their conditions. But the conditions above stated make it impossible to have the meeting this year. Respectfully, Geo. B. Terrell, Commissioner."

### STATE BANKERS TO MEET AT SWEETWATER, SEPT. 4TH

The next regular meeting of the State Banks of the 17th district will be held at Sweetwater, September 4th. Ed Hall, State Commissioner of Banking and Insurance and H. M. Weldon, Bank Examiner will be present.

Ed Bradford returned from Lubbock this morning bringing the meeting with him. He attended a meeting of the Executive Committee of which he is a member, together with Pete Brady of Snyder State Bank, F. M. McLaughlin of the Ralls Guaranty State Bank and E. M. Collins of Stato State Bank and W. S. Posey of the Lubbock State Bank.

There are forty-four banks in the 17th District, including all points north on the Santa Fe to but not including Amarillo, together with Hamlin, Knox City and other points on the Orient north. Each bank will be represented by an active officer, and a member of the Board of Directors. About 90 men are expected to be present and suitable arrangements for their entertainment are being made.—Sweetwater Reporter.

### MRS. MINNIE PARVIN OF HAPPY, DIED FRIDAY

Mrs. Minnie Parvin, 30, of Happy,

## NOTICE

### Lubbock Mutual Aid Association Number 5

Just organized, has nearly 100 members and in view of the fact that more people have indicated a desire to join than it will take to fill it, we suggest any who expect to join avail yourself of the opportunity at an early date as the indications are we will fill it in sixty days.

We had an ambition to get up five Associations, and have made good on four of them, and in less time than we had expected, each of them is now worth a full thousand dollars; No. 4 having 1000 members instead of 100 as was erroneously reported a few days ago.

Every one ought to have a policy in Lubbock Mutual Aid Assn. even if you have plenty of other insurance, as this is a home industry that is worthy of the patronage of all our citizens, especially when it offers insurance at cost, which has been very low, an average of \$5.00 a year for 6 years. We hope to see the good day (soon) when all five of the Assns. will be standing full, then the person who has taken in all of them will have a pretty nice little amt. of insurance with us. Delay is uncertain, join us without it.

died at St. Anthony's sanitarium Friday at 6:45 p. m. She is survived by her mother, Mrs. J. F. White of Happy, a brother, Arthur painter of San Antonio and three sons, Robert 10, John 8, and James 5.

Funeral services will be held from the Methodist church of Happy, on Sunday morning, in charge of the Rev. B. W. Wilkins, pastor of the Happy church.

The body will lie in state at the Griggs Undertaking Parlors here until Sunday morning.—Amarillo News.

### MISS OSBORNE OF PAMPA VISITED FRIENDS HERE

Mrs. Fannie Osborne, of Pampa, Texas, who has been in Lubbock visiting friends and relatives for the past few days, returned to her home Wednesday of last week.

Miss Osborne had been in Lubbock one year prior to arriving here for the visit, and was greatly surprised at the growth Lubbock had made in that short time, and expressed belief that this is one of the finest and fastest growing towns of its class in the State.

### 25 U. S. MARSHALS ARE SENT TO TUCUMCARI

Tucumcari, July 24.—An injunction was served on striking employees of E. P. S. W. here today prohibiting interference with operators of trains by use of violence, threats or picketing. Twenty-five special U. S. deputy marshals have arrived on the scene for duty.

K. Dupre and wife, of Houston, are here visiting at the home of his parents, Mr. and Mrs. M. M. Dupre. He is employed with the Humble Oil Company of that city, having gained an enviable position with the company, and the many friends of the parents here are indeed glad to know that he is so successful in his work. They are here to spend a few days with homefolks, before his sister, Mrs. M. M. Dupre, Jr., and little son, M. M. the third, leave for Asia to join their husband and father.

### ONLY ONE RACE IN RUN OFF FOR HOWARD COUNTY

Big Spring, Texas, July 26.—In the primary here Saturday the can-

didates supported by the Farm Labor Union and the union men of Big Spring came near making a clean sweep. Every candidate for county office with the exception of County Clerk and Commissioner of precinct 3, were the leaders in the contest. In only one county race will there be a run-off necessary, this being the office of Sheriff and Tax Collector in which there were eight candidates. W. W. Saterwhite led with 919 votes and Andrew J. Merrick with 425 votes was second. Ferguson and Mayfield are leading in the race for Senate and Fred S. Rogers for governor.

Tax Assessor: Anderson Bailey 951; Luther J. Smith 1012.  
Hide and Animal Inspector: Jess Slaughter 377; Joe B. Neel 491; J. W. Allen 918.  
U. S. Senate: James E. Ferguson 296; Earl Mayfield 233; Cullen Thomas 142; Culberson 102; Henry 77; Ousley 129.  
Commissioner Precinct No. 1: O. C. Bayes 197; C. A. Merrick 138. Precinct 2: J. G. Arnett 226; J. S. McCright 216. Precinct 3: I. B. Cauble 210; George White 309.

Precinct 4: W. M. Fletcher 422; G. O. Rice 304.  
County and District Clerk: J. I. Prichard 009; W. F. Cook 945.  
Sheriff and Tax Collector: J. W. Meutchamp 144; M. W. Harwood 48; W. W. Saterwhite 919; H. T. Lane 14; L. S. Patterson 272; Bob Derwood 48; R. S. McDonald 104; Andrew J. Merrick 425.  
County Treasurer: C. T. Tucker 225; G. E. McNew 682; E. G. Towler 983.

Mrs. Nancy Johnson of Fort Sill, Oklahoma, arrived in Lubbock Sunday, to spend a few days with homefolks, M. M. Dupre and family. Mrs. M. M. Dupre, Jr., and little son, M. M. number three, will leave August 2nd for Asia, and the Dupre family are attempting to have all the relatives visit her before her departure. She will leave Lubbock the 2nd, for San Francisco, to leave there the 5th. Her husband is now on the Prebel, with the Asiatic fleet.

Never ask your friends to do for you what you can do for yourself.

### SELECTING A BREED

(By F. W. Kazmeier, Poultry Husbandman, A. & M. College)

In the new standard of perfection there are to be found the descriptions of over 60 varieties of fowls, outside of games and bantams. Besides these there are a few varieties not yet admitted to the Standard. Early all varieties are advertised to a very large extent in heavy print, extolling their exceptionally good qualities, often way beyond the facts. Upon looking over a few large poultry journals you are sure to find at least 40 varieties represented and each lauded as the best of all varieties. Is it any wonder that under these circumstances the beginner does not know which variety to select because according to the advertisements they are all "the best" and each breed meets his requirements.

There is probably no "best breed" no matter what some advertisers

may say. Some breeds are better for some purposes than others and there may be some just a little better adapted for certain climates, but you want to remember that all and everyone of the common varieties adapts itself to all climates and surroundings. Take for instance the S. C. White Leghorn, which comes from near warm Italy, and is one of the most profitable varieties, and is raised as far north as Alaska. No doubt if you should get them direct from the south they would not do well the first years until they had time to get acclimated to the cold climate. Study your surroundings conditions, demands and select a breed that meets your fancy and is noted to meet the purpose best that you want them to supply. There is no variety of fowls that cannot be profitably raised by an expert

poultryman. But with a beginner it is different, and he does wisely to select a breed of reputation, one that has withstood the test of time. There is more importance in the feed care and strain than in the breed. The success or failure of most breeds to be profitable, depends mostly on the man or woman with the feed pail.

Another important fact that one wants to consider when making his choice, and that is, are you buying your stock or eggs from the strains that are bred for egg production, or for show purposes? It would be a very grave mistake to select stock that you wanted as egg producers, and go to work and buy stock from a breeder who was breeding a show strain of fowls of your selection. It is very hard to combine both utility and fancy qualities in one bird, that will excel in each, but it is being done now by quite a few breeders.

In making your selection, the first thing to do is to decide whether you want them for egg production, or meat, or both, or do you want them for show purposes. Some breeds surpass in egg production, especially those breeds having a reputation as non-setters. Of these doubtless the Leghorns hold the front rank, and as the year round layers, are not excelled by many breeds. This is the reason why most of the large egg farms are stocked almost exclusively with the Leghorns of the S. C. White variety. Another reason why they are preferred is because they are very hardy and easy to reproduce. Of course with proper care any of the pure bred breeds can be made to produce eggs at a profit.

If you want to produce meat in large quantities, select a variety from either the Asiatic or American class. If you make meat production a specialty, then the Brahmas stand at the top, closely followed by the Cochins, Langshans and Orpingtons. All of them have large compact bodies. Some people object to the feathered shanks of the breeds in the Asiatic class. True that is a well founded objection but their large plump bodies make excellent market poultry and too, they are the largest and heaviest of all pure bred fowls. The American and English breeds have no feathers on the shanks and mature earlier, but again they lack in weight as compared to the Asiatics.

If you want a breed that is noted for both meat and egg production or what we generally term "a general purpose fowl" then select a variety from the American or English class, preferably from the American. The Plymouth Rock, Wyandotte, and R. I. Reds are the most common of the American class. The Orpingtons and Dorkings are the most common of the English class, and these of the Orpington is believed to have advantage over the other. The Redcaps also belong in the English class but are not raised to any extent now. If exhibiting breeding, be your

aim, you will do well to select a fancy breed of tried reputation. A breed which has a good prospect for future popularity and demand. There are always a few breeds that are boomed by large advertisers and as soon as they go out of business the breed suddenly drops from notice and into obscurity. It is just these breeds that the novice wants to let alone and put his time in instead, on a breed of long and tried standing.

#### Foundation Stock

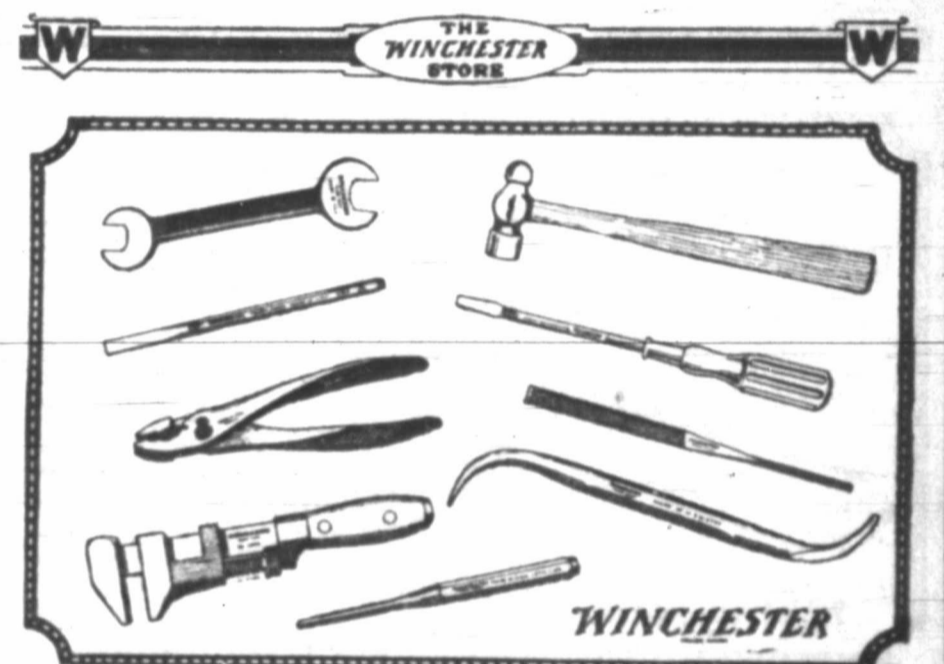

In the buying of the foundation stock many times rests the future success of the poultry business. It is a great mistake to for a minute think of keeping mongrel stock, because it will only be a question of time before it will be discovered that it is almost impossible to make any money keeping mongrel or scrub chickens. It is a mistake that many beginners make, keeping mixed chickens. One of the prime requirements of success in the poultry business is high grade stock. Only those without experience will think for a minute of staking their success with a flock of mongrel fowls.

So, that the first step in the right direction is to select a standard breed. Even among our standard breed varieties, we have varieties and strains that are inferior. For this reason, study the question carefully before parting with your money. Remember one thing it pays to buy good stock. Don't do like one party I am acquainted with who was planning on getting his foundation stock by watching the local produce houses, and pick the best in that way. It was only a little while before he realized his mistake. It is much better to invest \$50 in a pen of say, ten hens and a good male than to invest in 40 females and two males. It pays to start where the other fellow left off and you can do only that by buying the best he or she has to offer, instead of their culls.

In Texas, at the present time, the money is in eggs, for this reason make your plans to produce eggs for the biggest part of your income and select your stock accordingly. Select bred-to-lay; bear in mind that such stock costs a little more money than just common stock. It is necessary for some people to stop valuing chickens at fifty cents each. You cannot buy good stock of any kind now adays for less than at least \$1.50 each. For choice stock you must figure on paying still more this fall. Sell your mongrel hens this fall and invest the money thus realized in a smaller flock of bred-to-lay stock. Remember to buy the best you are able, any other procedure is a mistake and a step backwards.

#### SMOKING AND EFFICIENCY AS SEEN BY HENRY FORD

John W. Rapier, writing for the Los Angeles Record, tells us some interesting things about Henry Ford's railway—the Detroit, Toledo and Ironton. Some of the first moves Mr. Ford made was to abolish Sunday work, lower shipping rates, and establish an eight-hour day, with a minimum wage of \$5 per day. But this was not all. He made a rule that no employe should smoke while on duty.

As is generally known, this road made money for its new owner the very first year, where as it had been a losing proposition. It would be interesting, if it could be known, to what extent the "no smoking" rule contributed toward the remarkable success of the enterprise, for as Mr. Ford said in announcing the rule: "A man can't smoke and do his best at the same time."

A reporter asked one of the engineers who was receiving \$275 a month of the rule against smoking—did not take away his personal rights, when the engineer promptly replied: "To hell with rights! I can make several hundred dollars more a year on Henry Ford's road than on any other in the United States. Why should I risk my job by breaking rules?"

Try Avalanche classified ads.

#### CHILDRESS CHILD INJURED BY A FALL LAST SATURDAY

Billie Norris, son of Mr. and Mrs. Guy Norris, was the victim of an accident Saturday afternoon that came near proving fatal. Billie climbed a porch post to secure a key for a water hydrant and slipped downward, his right arm striking a hook used for a hammock.

The hook took hold under the armpit and came near severing the artery. A gash two inches long was cut and three stitches were required to close the wound. The boy is recovering nicely and no complications are expected.—Childress Index.

This may be an awful country; but there are people over 80 who have never missed a meal. A promise is a debt.

THINGS TO REMEMBER

Advertisers, contributors and all parties interested in the Avalanche please remember these things: We print the Tuesday Avalanche on Monday, press hour, 3:30 p. m. Friday Avalanche on Thursdays, press hour 3:30 p. m. Please have copy for local notices in not later than noon Monday and Thursday. Ad changes and copy should not be later than 8:00 a. m., Mondays and Thursdays. It takes a schedule like this to get your ads in the paper in good shape, and helps us give our readers better service, which means that the paper will be of better service to you, which we earnestly desire it to be. We do not want to be exacting but we must demand some things of you, if you expect us to come up to the notch.

HANG ON

Hang on! Hang on! No matter what they say. Rush on! Sing on! Things will come your way. Sitting down and whining never helps a bit. Best way to get there is by keeping up your grit. Don't give up hoping when the ship goes down. Grab a spar or something—just refuse to drown. Don't think you are dying just because you're hit. Smile in face o' danger and hang on to your grit. We must make the dreams that we dream come true. Not drag with the drones, but train with the few. That turn their dreams into fact. —Author Unknown.

BARRY MILLER'S STATEMENT

The announcement that Barry Miller, member of the Legislature from Dallas and defeated for reelection, will support former Governor Ferguson in the Senate runoff against Earle B. Mayfield is not particularly important and will doubtless have slight bearing on the outcome of the voting in August.

Mr. Miller managed Senator Culberson's campaign this year as he did six years ago and is a man of considerable ability and standing in Texas politics, but he greatly exaggerates his own strength of he thinks that his endorsement of Mr. Ferguson will cause any considerable number of voters to enlist under the Ferguson banner.

Mr. Miller knows that the record of Mr. Ferguson is one that cannot be defended. His announcement, therefore, may be attributed more to disappointment over the defeat of Senator Culberson and his failure to be re-elected to the Legislature than to any affinity he may feel for the platform and policies of Mr. Ferguson.

As The Tribune sees the issue in the August runoff there is only one thing to do and that is to vote for Mr. Mayfield. Mr. Ferguson was convicted of misconduct in office and impeached as Governor. He bolted the Democratic party two years ago and sought to form what he termed the American party. He is the most conspicuous exponent of the doctrine of discontent. In fact, The Tribune can see nothing to commend his candidacy to the people of Texas.

Under these conditions, notwithstanding Barry Miller's statement that there is but one place for real Democrats to go, The Tribune believes that Mr. Mayfield ought to be elected and of the outcome it entertains no doubt. —Amarillo Tribune.

MAIL

Lubbock should have city free delivery of mail. Other towns with less postal receipts have been granted this service. Why not Lubbock, where it is really needed? —Lubbock Avalanche.

By all means Lubbock should have free delivery of city mail, not only because it is a great convenience but because Lubbock is now a city of the size where it commands respect and attention in the city class. Everybody is entitled to get their mail delivered to them free of charge because of the fact that the government makes provision for that, and the rule should be put into effect for every city the size of Lubbock. There should be no question as to that. Clip & Comment ventures the assertion that Lubbock can get free mail delivery if application is made for it, and application should be made, as C. & C. supposes has been done. This is one convenience that the government provides for the cities of the states and it should be taken advantage of. The fact remains, whatever else may be said that there are few conveniences indeed provided by the government and cities should get all they can that is coming to them. Free rural delivery has been established everywhere and there is no reason why the cities should not have the same as their country brethren in the matter of mail delivery. —Abilene Reporter.

Boost along the fair. The association will need several thousand dollars additional capital stock, in order to make the improvements necessary to carry on the work out there this fall, in the way of increasing the building space, and making other improvements that are needed. Kick in a few hundred dollars on making the fair bigger, it may pinch a little now, but it will make things better in the future. Look away out yonder in future years. It is bound to bring for this country wonderful development, and you will be glad you had a part in carrying on this development program, which can certainly be claimed by those who help the fair to grow. Its development from year to year will mean much for the South Plains, and Lubbock the Hub.

Of course the Avalanche has stated many times that Lubbock was one of the fastest growing towns on the Plains, and in fact in West Texas, but people sometimes look upon these statements as exaggerations, but we note in the Hall County Herald, which is the paper owned and operated by Mr. Johnson, who was at one time Lieutenant Governor, and made the race again this year, he says, "We have traveled all over Texas, and visited many towns, but we saw no town in the state where there was such a large building program underway, as in Lubbock, on the South Plains. True, some of the larger cities might have a program that would amount to more in the grand total, but there is a greater activity in Lubbock than any other place." Now old father grouch, put that in your pipe and smoke it. Say the Avalanche tells things too strong. If the Avalanche really put things down just like it is nobody would believe it. The Hall County Herald man said he would not, had he not seen with his own eyes the improvement going on. We tell just enough that people will be able to believe and consider us reasonable and conservative. But the way we have been growing is merely drop in the lake compared with what will be doing there within the next ninety days. Come to Lubbock, and see a real live, hustling, bustling place. It is good for the blues.

The people of Sweetwater put the fixings on the schools of that place last Saturday when they voted down the proposition of maintenance tax for the schools. According to reports that come from there they will have a seven months school this year instead of nine, unless special money is raised for the school. It is a severe blow to any town when the people fail to take care of their schools. Nothing more serious can befall the community. This does not show up very good for the town. We are sorry to say that Lubbock pulled this same bone-head last year, but she repented, most graciously a few weeks ago, when she put the rate on to the tune of several to one. Sweetwater will no doubt see the error she has made and will come strong next time she gets a chance at it, but the agony of waiting. It is awful! Should they not come again, Sweetwater might as well wind up her little ball of yarn, and content herself with being one of the many small towns of the state. There is no hope for a place where the school interests are not kept up to the top notch.

The state tax rate has been raised to 75 cents on the one hundred dollars valuation of property for the present year. This was made necessary to take care of the schools of the state. We have no kick at the rate, when it is necessary for the maintenance of the schools, but we raise to point of order and insist that the land owners of the north, east and south tote fair with this western country in renditions. Put the valuations at the same percent in those counties as out here, and be fair with us. We never get as much school money back as we pay in, for the reason that there are a lot of children who come here every year after census has been taken, and our schools do not get the benefit of the money they are entitled too. East Texas enumerates every "burr" head in the county, and in some instances it has been charge many of them twice, and take the money for their schools.

Apologizing for the appearance of the paper is a habit that some editors get into, and we believe it is one of the worst that they can form. We note the Canadian Record is one of the worst at this of any paper we have on our exchange table, and it is useless too, for the Record is always a most creditable sheet, and worth of a place in the homes of the people of that community. We say it is a habit, and we would that our good Brother Loomis would cut it out. If the Record is a little below what you would consider ideal, say nothing about it. Many hundreds of your readers will likely not notice the apparent failure and in fact the very issue that you sometime think is a failure may be looked upon by a lot of folks as a triumph. This has happened in our experience in the newspaper business and we are sure it has in every man's life who has had to do with the newspaper work.

We are taking no stand, for or against the strikers, but we are of the opinion that the labor people will lose more than they gain in public opinion, everytime they permit their members to inflict damage upon property, or do violence in any way. However sound their claims may be, the general rank and file of the people are not going to sanction anything like that. Doing bodily injury to people employed by the railroad or damaging property will not get them anywhere. It may have its effect toward intimidating those who take their job, but it will have no good effect on the minds of the public.

The committee has been at work raising the funds for the building of the stables and taking care of the equipment the government is sending here for the training camp, and the work of putting up the stables for the horses will begin within a short time. There is still need of more funds and if you have not contributed you may yet so do, by sending your check to this office or seeing Col. Mullican. A few dollars invested in this cause will no doubt bring good returns.

We believe that a more attractive place should be furnished the tourists who camp in Lubbock. Of course we have a place for them to camp, and there is water and fuel etc. but we do not believe that our camping grounds are just as attractive as they might be. No one is to blame for this, except that the people have just not contributed enough funds to provide for better quarters.

Within the next few weeks a lot of people will be moving to Lubbock to enter their children in the Lubbock schools, and a lot more new dwelling houses will be needed. It looks like a large number are now being built, but still there are people coming every day who want a place to live. Truly Lubbock is growing.

The Commissioner's Court is this week advertising for bids to build a club house at Idalou. This is to be built on the County Park grounds and according to the bids received last month the building will cost several thousand dollars.

Begin now to build cement walks toward the new school building site. They will be needed.

AT THE CHURCHES

Church of Christ. Bro. Smith, after the Bible Study hour, turned over all services for the day to Bro. Jesse P. Sewell, president of Abilene Christian College.

The subject for the morning hour was Christian Education in the home. Bro. Sewell lamented the rapid disintegration of the old fashioned Christian home. He pleaded for more teaching of the children, of God's word and a return of the family altar. "Go Teach all Nations" and "Parents provoke not your children to anger but bring them up in the nurture and admonition of the Lord" were the commands emphasized.

"Christian Education in the School" was the subject for the afternoon talk by Bro. Sewell. Danger of destructive higher criticism was discussed in this talk and a tribute paid those who love and believe all its teachings even where science seems to contradict.

Bro. Sewell took only a few minutes to tell the merits of Abilene Christian College but referred the audience to the twenty-six ex-students present, who would be glad to talk for their Alma Mater. Among these ex-students, Bro. Reynolds of Plainview led the singing and a number of them came from out of town to this rally to hear their beloved teacher and friend. 500 students are wanted at A. C. C. on the opening day. 720 were enrolled last term counting the summer school enrollment. "Our Plea Stated" was the subject for the evening hour. John W. was read. It was a strong sermon, plea for union with Christ, not a consolidation, plea for liberty, for loyalty and progress in Christ. It was good to have Bro. Sewell with us, as his visits are always appreciated in Lubbock.

TO THE VOTERS OF LUBBOCK COUNTY

I wish to thank you for the splendid support given me in the July primary, and assure you that your every effort in my behalf was appreciated.

I am in the August 26th run-off, and believe that if my friends who stood by me in the first race will continue in the good work we will come out winners.

I may not have an opportunity to see you all, but assure you that if getting about in one big hurry, and doing my dead level best to put my reasons for asking for this office before you will help us get together, we will know one another before this race is brought to a close.

I believe that the friends who supported me in the July primary expect me to continue the race they have helped me make this good start in, and am with them to the last vote.

I will appreciate your vote and influence, and assure you that if elected I will serve each and every one of you in the most efficient and courteous manner possible.

Will McKinley, 45-1. "The working man" candidate for County Treasurer.

Miss Margaret Huff, Piano and Voice. Studio will open August 15th. Phone No. 203. 45-9

J. J. RICHARDS SAYS "GASOLINE TOO HIGH"

J. J. Richards of the Texas Tire & Vulcanizing Company, who handles the famous Federal Tires, has started merchandising today. The reduction in the retail price of gasoline from 25c to 21c (the present wholesale cost) is the first step taken by Mr. Richards in his effort to bring down the price of gasoline. "Tourists are passing up Lubbock because of the high price of gasoline," says Mr. Richards. "Our own farmers are finding gasoline cheaper in neighboring cities—and business that should come to Lubbock is being driven away." Mr. Richards also believes that "there is no reason for the excessive price in view of the fact that tires are cheaper than ever before while cotton, one of the principal commodities used in the manufacture of tires is very high; the quantity of gasoline in storage is greater than every known before while we are forced to pay the highest price."

STUDENT OF PSYCHOLOGY ADAPTED REALART'S "THE CASE OF BECKY"

J. Clarkson Miller, who wrote the scenario for the picture, at the R. & R. Lindsey Theatre, August 3, is not only a writer of note but is a student of psychology as well. It was for that reason he was selected to do the transcription from the original stage play for it is based upon the psychological manifestations of the human mind. Briefly it concerns the plight of a young girl who was kept in subjection by a scheming hypnotist but who was finally delivered from her cruel predicament through the same force by a kindly disposed scientist. Mr. Miller is a graduate of the University of Indiana and has since continued his psychological research, obtaining considerable assistance from Dr. Morton Prince, the Boston psychologist and author of "The Dissociation of a Personality." A scientific work from which Edward Locke obtained the theme for his play.

"The Case of Becky" is not a fairy tale," said Mr. Miller "but those who are unacquainted with Freud's theories may deem it fantastic or even ridiculous. To students of Freud the possibility of dual personality in actual life will be readily accepted. Those seeing the picture should do so with an open mind for there is nothing there contained that could not happen in real life." Constance Binney portrays the role of the young girl under hypnotic influence and it is said that she does the best work of her career in this part.

PICTURE OF PERILS IN FORESTS OF THE NORTH

Perils faced by a young Lochinvar of the East when went into the dense forests of the far West to rescue a fair girl, the innocent victim of a family feud instituted by villainous timberland pirates, form the subject of a Fox picture,

"Strength of the Pines" in which William Russell will be at the R. & R. Lindsey Theatre next Wednesday. The story, as outlined, is one of thrilling interest, and should furnish Russell with material of the sort that best fits his ability in heroic roles of the strenuous, robust type. In fact, reports from other points where the picture has been shown are that this Fox star never has appeared to better advantage. The scenic effects, too, are described as beautiful, reflecting the forest depths of Northern Oregon. The picture, adapted from a story by Edison Marshall, was directed by Edgar Lewis.

CULLEN F. THOMAS THANKS LUBBOCK COUNTY VOTERS

Dallas, Texas, July 28. To my Lubbock County friends: Though our flag went down in the State as a whole, I am made happy by the knowledge that I led all candidates for the Senate in Lubbock County. Before the campaign passes into history I take this means to express my very great appreciation to every man and woman who honored me with support. As a good citizen I intend in the future as in the past to take an active interest in behalf of men and measures that stand for the advancement of our State and the betterment of humanity. With gratitude to one and all, Very cordially, CULLEN F. THOMAS.

CLOVIS BUSINESS MEN NEUTRAL IN STRIKE

Clovis, July 28.—A number of the business men of Clovis, in mass meeting assembled, July 26, passed and adopted the following resolutions: "Whereas, certain employees of the various railroads of the United States are now engaged in a strike, and, "Whereas, it has been suggested that the business men of Clovis should take some stand relative to the strike, it was unanimously resolved: "That the business men of Clovis are now and will remain strictly neutral throughout the period of the strike. "It is further resolved that we regret that any differences exist and hope that all differences will be speedily settled in a manner that will be fair and satisfactory to all parties. "It is further resolved that this resolution be submitted to the various business men of Clovis for signature. "It is further resolved that a copy of these resolutions be sent to the executive committee of the striking shermen and one to Santa Fe Railway Company. A majority of the leading business men of the city attached their signatures."

FORMER PASTOR BAPTIST CHURCH HERE ON VISIT

Rev. and Mrs. Cole, of El Paso, are here visiting at the home of her sister, Mrs. E. R. Haynes. Rev. Cole was at one time pastor of the local Baptist Church, and while here endeared himself to the hearts of many intimate friends, who are glad to welcome him back to the old haunts. We are sorry to learn that Rev. Cole's health has been so bad for the past several months that he has been compelled to give up his work in the ministry.

How The Master Driver Became Master Tire Builder

IN 1903, driving the "999" racing car, Barney Oldfield started his career of victories that later earned him the title of "Master Driver of the World." To overcome the tire weaknesses that made racing difficult and dangerous, he studied tires—specified materials—supervised construction.

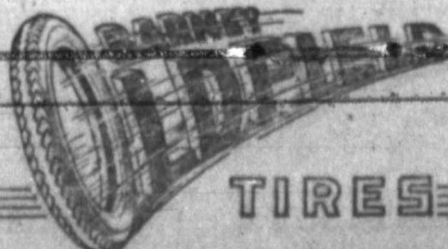

Today, Barney Oldfield is known as the "Master Tire Builder." Starting with the crude tires which carried the "999" one mile in sixty seconds, Oldfield gradually developed his famous Cords—a set of which covered 800 miles at eighty-eight miles an hour without a change.

In three years Oldfield tires have won every important race on American speedways. They are the only

American tires that have ever taken first place in the French Grand Prix. They have won for three consecutive years in the 500-mile Indianapolis Sweepstakes. So far in 1922, Oldfield has lowered four World's Records and seven track records.

The Wichita Test Run gave evidence of Oldfield superiority in touring—when a set of four Cords covered 34,825 miles over rutted, frozen, winter roads—a performance attested by the Mayor of Wichita.

See your dealer and get a set of these rugged tires that Barney Oldfield has developed and perfected through a lifetime of practical tire experience. Their performance will convince you that they are "The Most Trustworthy Tires Built."

HUBBERS BACK HOME FOR TWENTY-ONE GAMES

The Hubbers opened here yesterday against Ranger after a road trip of ten days, on which trip they took the big end of the series with the exception of San Angelo, having lost the heavy end of the series with the Bronchos. They took four straight off the Stamford Colonels, and took two out of three with the Abilene Eagles. Now they are at home for twenty-three games with the exception of one three-game series with Sweetwater on the 10th, 11th and 12th. Stamford follows Ranger for three games on the 3rd, 4th and 5th; Abilene the 6th, 7th and 8th and 9th; then the Hubbers go to Sweetwater for three games, opening here again on the 13th, with Amarillo for four games. Then comes Clovis on the 17th, 18th and 19th; Sweetwater on the 20th, 21st and 22nd. They again take the road for seven games going to Clovis on the 23rd, 24th, 25th and 26th; to Sweetwater 27th, 28th, 29th, coming back home to meet Amarillo the 30th, 31st and September 1st, closing the season at Amarillo with four games, the 2nd, 3rd and a double header on the 4th of September.

LOSES DOUBLE HEADER TO HUBBERS WEDNESDAY

The Lubbock Hubbers took the second double header of the series from the Stamford Colonels Wednesday last, the first 3 to 1, the second 7 to 2. Both Knadler and Morgan went all the way in both games, but Morgan had quite an edge over Knadler in the second exhibition, both in hitting and fielding of his teammates. Skipper Allen hit for two out of four in the first game. The score:

Table showing game statistics for Lubbock vs Stamford Colonels, including runs, hits, errors, and player statistics.

Table showing game statistics for Abilene vs Hubbers, including runs, hits, errors, and player statistics.

Summary: Runs, Langford, Ward, Whitehead 2, Etheridge, Lyall, King, Sain; errors, yell, Miers 2, York, Flagg, Pennington, Whitehead; two base hits, Etheridge, White; sacrifice hit, Lyall; double plays, Earnshaw to Flagg to York, Sain to White to Lyall; struck out by Ward 5, by Pennington 8; bases on balls, off Ward 2, off Pennington 3; stolen bases, Earnshaw, King; time of game 1:50. Umpire, Kuykendall.

HUBBERS TAKE FINAL GAME FROM ABILENE

Abilene, Texas, July 30.—The Lubbock Hubbers took the final game of the series from the Abilene Eagles here today 7 to 3. This is the last time that the two teams meet on the local lot this season. Brown's double to the left wall in the fifth put over three runs tying the count, and from then the Eagles played a defensive game. The Eagles blew up in the ninth and the Hubbers made three runs. Edgar went to the mound, replacing Joe Cantrell in the second inning. Cantrell being driven to the showers. The score:

Amarillo Players Attack the Umpire At San Angelo

San Angelo, July 27.—With the Bronchos leading in the third inning 4 to 1, Umpire Bert Davis forfeited today's game with Amarillo, the final of the series, to San Angelo 9 to 0, following an attack upon him by Comstock and Badger. Comstock slapped the umpire when ordered from the park after refusing to abide by a decision in being called out stealing second. Attempting to retaliate, Davis was surrounded by the Gassers, jerked down and relieved of his mask. Badger struck the ump with his glove, when Davis got up and won a foot race, when players grabbed Davis. San Angelo had scored four runs in the first inning on Alexander's walk, Hill's muff of Butler's fly, Robinson's single, Greer's triple and a double steal by Greer and Dean, after Dean had walked. Comstock tripled in the opening frame with two out, but Dean tossed out Fitzgerald. Meanor tripled in the third, after Badger and Moore fanned, and registered when Klindworth let Comstock's third strike get away. It was while attempting to pitch second that Comstock was caught on first by Moore, and was thrown out at second, Alexander to Scoggins. For the benefit of a big crowd, which turned out with a band, the Gassers and Broncs staged a five-inning exhibition game that resulted in a 2 to 2 tie. Fitzgerald pitched for Amarillo and McBride for San Angelo. Umpire Davis tonight recommended to League President Northern suspensions of from five to ten days and fines of fifty dollars each for Comstock and Badger. Officers arrested both players after the melee.

BASEBALL SUMMARY

Table listing baseball game results for Thursday, Friday, and Saturday, including teams, scores, and player statistics.

HUBBERS MAKE IT FOUR STRAIGHT FROM COLONELS

The Hubbers took the fourth straight from the Stamford Colonels Thursday, when Woodriddle held them to five hits, and captured the matinee 3 to 0. At no point of the fracas was Woodriddle in any danger. Appleton had a couple of bad innings in the second and third, giving up three runs to the Hubbers in the two stanzas, and cinching the game for them. Besides holding the Colonels to five scattered hits, and whiffing six of them, Woodriddle secured a couple of safeties out of four trips to the plate. York also got two out of four, one of which was a circuit smash. The score:

HUBBERS TAKE SECOND FROM ABILENE EAGLES

By a bad inning in Friday's exhibition, erroring promiscuously, the Eagles dropped the second game of the series to the Hubbers, 3 to 1. The Eagles got off to a good start in the first inning, loading the bases, but were unable to score. In the third, the Eagles lost another chance to win the game, when the Hubbers put over a snappy double play, after they had scored one run. In the fifth the Eagles seemingly took to their wings, and let the Hubbers pass for three runs. Earnshaw, first man up walked, Allen took first on McAbee's error, and Sparks got on when Whitehead took his bunt and failed to play the ball. Flagg flied out to Sain, York made a feint at a sacrifice, missed the ball, and on Burch's muff, Earnshaw scored. Burch threw wild to Sain, who was covering third, and Allen scored. Seisler ran the ball down, relaying it in, but Sparks slid just as it bounded, and it hit him counting the third in that inning. Langford's brilliant fielding in center broke up several rallies of the Eagles, he getting eight putouts. The score:

STANDING OF TEAMS

Table showing the standings of teams in the West Texas League and Texas League, including teams, wins, losses, and percentages.

LEFTY PENNINGTON RE-LEASED; EDGAR SIGNED

Lefty Pennington, the hefty south paw recently signed by the Hubbers, has been released from the staff, and in his place "Eli" Edgar has been signed. Although Pennington has been with the Hubbers only a short time, he has made lots of friends, and has shown lots of stuff, but evidently by the breaks of the game he couldn't get off to winning. Edgar is well known to many fans of this place, having been in the West Texas League all the season, and has some mighty good wins. He opened the season with Abilene, where he stayed the greater part of the first half, after which he went to Stamford. He is a right hander, and takes a wicked cut. Eli held Abilene, his former team-mates, to a shut out Sunday after he took the mound, having relieved Cantrell.

HUBBERS DROP FIRST GAME TO ABILENE

Lefty Ward, who finished the first half of the season with the Hubbers, held his former team-mates to five scattered hits Friday at Abilene, and the Eagles took the first of the series 7 to 1. Although Pennington struck out eight men and allowed only seven hits, the hits were bunched, and coupled with errors

CARD OF THANKS

I wish to express my appreciation of the votes cast for me, and assure my supporters that their efforts in my behalf are not forgotten, even though I was not elected. Thanking you again and again, I am, gratefully yours, G. T. Crawford.

PUBLIC OPINION

I am a Confederate soldier, but not now—a Ku Klux. I know nothing of the Klan, except what I have heard and read in the newspapers. There are now afloat many waves, the key note of these waves (except the crime wave) is progressiveness in governmental affairs. The crime wave acts in defiance of the law, the other waves attempt to act under the guise of law. Why are the waves fighting the Ku Klux Klan in my query? Remember our government is an infant yet. All ancient governments (and there were some good ones) were finally destroyed by the hue and cry of progressiveness, which undermined the fixed fundamental principles upon which they were founded. The Klan is not against the Catholic church, but is against the Knights of Columbus. If you want to know what that means, hunt up and read the oath that a person has to take to become a member of the organization, and you will see that the oath means in plain English, anarchism, which if successfully carried out would destroy our government. Nor is the Klan against the Jews. The Jews in the main are good citizens and loyal to our government. The members of the progressive wave are not anarchists, nor is that their intent, yet indirectly by their progressive theories they are helping the enemies of our government, who are now, so it seems, by hidden methods trying to destroy our system of government. Now, as to the Klan. Does not history teach that lawlessness and oppression will finally lead the good people to act in self defense. The Klan is not against the Jews, nor is it against the Catholics, nor is it against the Irish. It is against the lawless and the oppressors. GEO. L. BEATTY, Lubbock, Texas.

YOU-WANT A HOME YOU CAN HAVE IT.

I can make you a loan on the easy Monthly Payment Plan, for the UNITED STATES SAVINGS BANK OF DETROIT, MICHIGAN, and also I can make you a loan with small annual payments, at only 8-12 per cent interest with good on or before option. I can save you from 5 per cent to 15 per cent of the amount of the loan during the life of it over anything that is being offered. Come in and talk the matter over whether you want to build now or in the future. CLAUDE B. HURLBUT, CITY, FARM AND RANCH LOANS, Citizens National Bank Building. 42-4f

# ABERNATHY NEWS

FROM THE REVIEW

R. M. Hardesty made a business trip to Plainview Tuesday.

Miss Hattie Homer of Hale Center, is here visiting her aunt, Mrs. W. H. Harroll, this week.

Last Saturday night Miss Orene Winn entertained a few friends with a slumber party in honor of her friend, Miss Bonnie Pipkin of Canyon, who is spending a few days with her. From the noise we heard we think they slumbered little and laughed much.

The L. L. G. met with Mrs. Erwin McClure last Wednesday, after a short business session, an enjoyable hour was spent.

Mrs. Will Brewer was there as a guest. All members were present with the exception of one. Toward the close of the meeting the hostess served dainty refreshments.

We will meet with Mrs. Tom Brown, August 16. We urge every member to come. Choice receipts will be exchanged. The hours are from 2 to 6 p. m.

—Reporter.

Mrs. Dutch Crow entertained a party of the young folks of the town Sunday, with a six o'clock dinner in honor of Miss Kate Arnett, before her departure for a month's visit with friends in Austin, Texas.

Several of the young folks attended the protracted meeting at Bledsoe Sunday night.

Miss Pearn Robinson and Herbert Lowrey, from Lubbock, spent Sunday visiting with Mrs. Fitzgerald.

Mr. and Mrs. Ed Lutrick are the proud possessors of a ten pound boy.

Mrs. J. R. Harrel and daughter, Miss Wilma, and Miss Winnie Finch, were Lubbock visitors Monday.

Mr. and Mrs. Frank Bledsoe were visitors in Abernathy Wednesday.

Mrs. Nelse Fitzgerald and Mrs. Welcome Ragland, were visiting in Lubbock Tuesday.

Miss Oressa Hembree of Plainview, visited friends in Abernathy for a few days this week.

Miss Lottie Struve visited friends in Plainview the first of the week.

Dr. and Mrs. J. B. McBride returned Saturday from their Oklahoma visit with their son and two daughters, who reside in that state.

Mrs. C. G. Goodman left Saturday for College Station to be present at the Farmers Short Course which convened there Monday for a three days' course. Mrs. Goodman goes as a representative of the Plains Journal of Lubbock, and will report for this Journal the proceedings of the short course. She is a regular contributor to this magazine and her

articles are a great asset to the paper, and among the best articles in its columns.

About twenty-five thousand pounds of wool was shipped from Abernathy last week, by some of the sheep raisers in this section, W. G. Murray, F. J. Norfleet and Charles Benson being the principal shippers. Practically all of this wool, we are told, was contracted for some time ago and went to Kansas City.

Clarence Schulz and his editor of the Review made a trip to Lubbock Monday, where they placed a large order for advertising booklets for the Schulz Land Co., to be used in their advertising campaign that the firm is arranging to make throughout Texas and the Northwest. This company believes in letting the public know they are in business through advertising, and from the amount of inquiries they are getting from the matter they are sending out, it proves conclusively that advertising pays.

The funeral of Smith Douthit, who was accidentally killed by trying to save a small boy, whose team was hitched to a go-devil, the team was running away and the life of the boy in danger. Young Douthit's horse on which he was riding collided with the team, causing the horse to fall on him killing him instantly. He was buried at Lubbock last week, attended by his wife and a number of relatives from other sections of the country. He leaves a wife and one child who will make their home on the farm he left to them.

The Methodist revival which began Sunday at the tabernacle started out with fine prospects for a very successful meeting. The preaching is being done by Rev. R. B. Freeman of Abilene, who is preaching some very fine, forceful sermons. The singing is directed by Alfred W. Wells of Dallas. The pastor, Rev. J. T. Howell, is to be congratulated in securing these two gentlemen in this revival. The meeting will continue all through this week and next.

W. F. Waller of Roswell, N. M., and Pat Boon of Littlefield, were here last week contracting for lambs for fall delivery. These lambs will go into the Kansas feed pens. They secured several hundred head in this section which will be delivered about November first.

P. B. Hill, living five miles west of Abernathy, met with a very serious accident Sunday night. While out in the yard, in some manner he fell and broke his left thigh. He was heard calling for help by the

family in the house who went to his rescue and carried him into the house, and Dr. McBride was sent for who relieved him from his immediate suffering. Mr. Hill could never explain how he came to fall, but thought he stumbled and fell. The doctor advised his immediate removal to a sanitarium at Lubbock, but he would not consent to go for a few days. Mr. Hill has been a cripple for more than two years, having fell about that time and broke his right hip, necessitating the use of crutches up to a short time ago. Mr. Hill is about 65 years of age and this fall may take him a long time in getting over it.

C. J. Felmet of near Dallas, an experienced gin man, was in Abernathy last week investigating crop conditions with a view of putting in a gin here. After looking over cotton conditions for a few days he found things satisfactory, enough so that he at once placed an order for new gin machinery and in a letter received from him by C. G. Goodman, he stated that he would be here some time this week ready to begin work on the building. The site for the gin has not been selected, but Mr. Felmet has option on two blocks of lands and on his arrival one will be decided on the work begun at once.

Mr. Felmet comes recommended as a thorough gin man, and a man of wide experience in the cotton and ginning business. This is shown by a telegram received here from the Continental Gin Company of Dallas, with whom he placed his order for machinery, which reads as follows: "Mr. Felmet placed order with us yesterday for complete gin outfit for shipment to Abernathy. Congratulations you upon getting so good a man for your community. Continental Gin Company."

One more good rain, and if nothing happens to the present cotton crop in this territory, the country around and about Abernathy will prove itself a cotton producing area, and one that will rank with the best. The farmers report the crop is not suffering materially for moisture, but is growing and putting on fruit right along with a good prospect for one half bale to the acre. This year the cotton industry is taking of new life and should the year's crop prove good a large acreage will be put to cotton another year and the time will come when this crop will be the principal crop of this section.

The dinner served by the Community Club last Saturday was well patronized and was a financial success, netting the ladies \$47.00. Nearly everyone in town took advantage of the elaborate dinner the Club had prepared, as well as many out of town visitors. The money realized from this feast will go to improving the school house grounds.

Last week there were shipped from here eleven cars of hogs that was bought by our local shippers from the farmers around Abernathy. The price paid, we learn, was an average of ten cents per pound, which was the highest price paid for hogs this year.

Mrs. Lonnie Campbell left the first of the week for a few days visit with her mother, who lives in Childress, Texas.

Otto Salley and family, arrived in Abernathy Sunday from their home in San Antonio, and will spend several weeks visiting relatives and friends here.

The dinner given by the Community Club ladies Saturday, July 22, was a decided success. The dinner was served in cafeteria style, and the guests had a good variety to select from. The amount taken in was \$50, which will be used for the benefit of the school. The members of the club wish to thank all for their co-operation and also all that were present.

J. W. Pool let the contract last week to D. O'Neal for his new building he is erecting on his block he recently purchased, and also a contract to E. T. Maupin for the putting down of a well on the place. Mr. Pool expects to build a permanent home on this block and will spend considerable money on these improvements.

Tom Hamilton, representing the Amicable Life Insurance Company, with headquarters in Amarillo, was here a few days last week working with Clarence Schulz, their agent in this territory. They wrote several policies for the company while he was here.

Miss Kate Arnett left Monday morning for Austin, Texas, where she will spend several weeks visiting with friends and relatives in the Capital city.

Mr. and Mrs. Joiner and son, were her from their home at Petersburg Monday, shopping with our merchants.

### "PLAYTHINGS OF DESTINY" IS UNUSUAL PICTURE

Merit attaches to the whole production of "Playthings of Destiny" starring Anita Stewart, the Associated First National Pictures attraction which opened an engagement of two days at the Lyric Theatre yesterday. Seldom has a dramatic story been told so skillfully, and rarely has an author hit upon a series of instances so certain to hold the interest of an audience. Combine these with the excellent talent of the cast, and the splendid settings and effects that have been procured, and "Playthings of Destiny" becomes worthy of classification with the best screen entertainments.

Anita Stewart naturally has the stellar honors in the cast, but Herbert Rawlinson and Walter McGrail as well as Richard Hendrick, do work which entitle them to the highest of praise for the histrionic ability they display. Each of them does a bit of character building which makes their roles as real as if they had spent their whole lives in the environment surrounding the characters.

A short sketch of the plot of the story would give an entirely wrong impression of it. To say that a woman is deceived into committing bigamy, despite the fact that her entire love belongs to the first man she has married, sounds bizarre, but the circumstances which lead to just this situation in "Playthings of Destiny" are the sort that no other course is possible for Julie Laneau, the character portrayed by Miss Stewart, to pursue.

### C. OF C. MEMBERS TO ATTEND GALVESTON HIGHWAY MEET

Roscoe Wilson, A. V. Weaver and John Dalrymple will represent the Lubbock Chamber of Commerce at the Texas Highway Convention to be held at Galveston August 4th and 5th.

Many important matters pertaining to highway construction and maintenance in West Texas will be discussed at this meeting, and we are glad to have Lubbock represented by such able men.

The local Chamber of Commerce has been instrumental in bringing Lubbock to the front insofar as publicity is concerned and we are sure that through the efforts of such representatives as are to attend the Galveston meeting some genuine interest has been aroused in the minds of men of financial strength from other sections of the country.

### PAVING WORK WILL START IN CANYON THIS WEEK

D. F. Moxley, representing the Panhandle Construction Company and E. E. Bohman, civil engineer from the Hess & Skinner firm, are on the paving job in Canyon, and will probably start actual construction today.

Paving material is now on the way and will be rushed through as fast as the railroad situation will allow. The first load of machinery is here and brought down to the public square Tuesday afternoon.

Under the terms of the contract, the company has sixty working days in which to complete the job.—Canyon News.

ITEMS OF INTEREST FROM HEREFORD BRAND

G. C. Roeker, of Seagraves, Texas, and Mrs. R. P. Barton and son-in-law, Ray Bounds of Weatherford, Texas, and wife reached Hereford last Saturday and are all visiting in the home of relatives, Mr. and Mrs. Frank Barnes.

Ramey Brothers of Castro county have a couple of wild geese staked out in their back yard, which they intend to release soon. Tuesday Or. Gabbert mailed them a pair of poultry leg bands on which W. H. Ray had stamped the name and address of the Ramey brothers. The geese will be released and it is hoped that sooner or later the enterprising Castro county men will hear from these birds probably from the Gulf Coast of Texas or the Canadian marshes—who knows? W. F. West arrived Tuesday morning from Slaton and Lubbock, where he has been engaged in contract work on some business buildings. Mr. West stated that he had an operation on his left foot just recently and he would enter the local sanitarium for treatment.

J. K. Teare left Hereford Saturday morning for his home in Monmouth, Ill. While in Hereford and the vicinity, Mr. Teare purchased about twenty-five hundred calves through Roy Bruner. Mr. Teare made arrangements to ship a part of his purchase at once and the remainder in October.

### FERGUSON LEAD OVER CULBERSON IS 14,028

Dallas, July 28.—With complete returns from 161 counties tabulated today, accounting for 427,515 votes, Ferguson was leading Culbertson by 14,028 for second place in the senatorial race.

The totals were: Culbertson 78,314, Ferguson 92,342, Henry 81,498, Mayfield 119,730, Ousley 40,149, Thomas 65,482.

So far the complete returns from all races running right along with the incomplete returns published earlier. The tabulation of the complete vote so far shows that there were 17,435 more votes cast in the Senatorial race than in the Governor's race. The Senate race pitted the heaviest vote. The smallest vote in the race was for Commissioner of the Land Office, where the vote is only 271,682.

### UNIVERSAL TEACHERS MAY GET SALARIES RAISED

Austin, Texas, July 28.—Increases in the salaries of the University of Texas and Texas A. & M. College professors and teachers to the amounts before they were reduced by the legislature last summer are requested in the budgets for the next two current years submitted to the board of control.

### Kiwanis Luncheon at Cova Thursday Attended by Prominent Out of Town Visitors Who Complimented Lubbock

The Kiwanis Club luncheon at the Cova Hotel Thursday of last week was without parallel insofar as a whole-hearted manifestation of interest is concerned, and the members were highly pleased with every phase of the program.

Chairman of the day, Roger Q. Pierce seemed to have been imbued with the spirit of good fellowship, and in his comments at the introduction of the speakers, started things going at a lively gait, which was kept going at even a greater rapidity of thought and action when Claude Hurlbut made a short but snappy speech on "What do you want on the program?" From all accounts Claude is a naturalist, for he handled the subject from the control of atmosphere upon things

which it comes in contact with great ease, demonstrating a keen knowledge of various species of animals, told of his experiences with some of them which was indeed interesting, and very forcibly drove home his idea of the responsibilities of each member in making the weekly programs just as worth while as it is possible, and to be instrumental in creating the proper atmosphere. Claude is chairman of the program committee and understands the necessity of making that end of the work a prominent factor in club activities.

Rev. Jack Lewis, a new member of the club who has shown a great interest in its activities was called upon for an address on the subject, "What I like most about preaching"

and without a doubt made one of the most beautiful talks that has been heard by the members. Mr. Lewis is preaching for the good of himself and the ministry, and his talk was one huge expression of the confidence he has in the work, which is a winner for the man who goes into any profession, or business whatever. "The whole secret of success in the work to which we had given our lives, is a willingness to cast aside all obstacles without letting them interfere with our attitude toward the general plan of the work, which helps us to like the job better, and therefore be more willing and capable of carrying it on," he declared.

Mr. Lewis has made a reputation as a real one hundred percent Kiwanian, and in the little time he has been here, has proven himself an asset to the social, religious and business life of the city.

After listening to Rev. Lewis discuss the deeper problems of life, the members were in a mood to listen in on a little spizz stuff, which they certainly got when Fred Oliver was called on to tell "Why I am in the Hot Air Business." Fred is there with the goods when it comes to putting the merits of hot air before the people, which accounts for his success as a salesman of Hot Air Furnaces, and we would not be at all surprised if he had closed several deals before his hearers had time to get away from the hotel, but Roger Pierce tore up Fred's playhouse when he entered a complaint about the pipeless feature of his furnace, declaring that "All we have against Fred's Hot Air proposition is that he hasn't a pipe with which to control it."

The regular program was closed in time to hear talks from prominent guests, principal of whom were Congressman Marvin Jones, Hubert K.

Jones, of Queen City, Texas, brother of the Congressman who is contemplating locating on the Plains in the banking business, and Attorney Seay, of Dallas, together with several local men, who gave good accounts of themselves, declaring their being there a source of great pleasure for them.

The out of town speakers rung true to the general opinion of all who visit Lubbock, complimenting the Club for its liveliness, and declaring that Lubbock is without a parallel in West Texas so far as progressiveness on the part of her citizens is concerned.

It is good to be associated with the prominent men of other towns who visit Lubbock, and if the Clubs of the city did nothing more than give their respective members an opportunity to meet with them on such occasions as the weekly luncheon, they would serve a great purpose and the fact that that is only a meager part of the good they do, their

worth to Lubbock is unestimable. "What Constitutes a Club" is the general topic for the next meeting, with Raymond Barrier as Chairman for the day.

#### CENTER NEWS ITEMS OF THE PAST WEEK

Everything is getting dry in these parts as well as others. Those who planted early corn say it is already ruined.

Mrs. J. T. Nelson and daughter, Miss Erna Goeth, and Mrs. Herbert Goeth, were among the Abernathy visitors last Wednesday.

Mr. R. H. Haney and family, were trading in Lubbock one day last week.

Mr. J. H. Emery was visiting relatives in the Badger Lake vicinity one day last week.

Mr. Eugene Emery passed thru this vicinity recently enroute to

Abernathy. Miss Ewell Haney was visiting in the Badger Lake vicinity one day last week.

TO THE VOTERS OF LUBBOCK COUNTY

November 26, 1920.

Hon. J. H. Moore, County Judge, Lubbock, Texas.

Dear Sir: The Attorney General is just in receipt of yours of the 15th inst., in which you state among other things that at the last general election C. A. Holcomb received 54 votes as Sheriff and 8 votes as Tax Collector and 1289 votes as Sheriff and Tax Collector of your county. You also state that S. C. Spikes received 1087 votes as Tax Collector.

From previous correspondence we understand that the 1910 United States census showed your county to have a population of less than 10,000. But after the primary election and before the general election, a certificate was issued by the Director of Census showing your county to have a population in excess of 10,000 inhabitants. Under these circumstances you propounded the following questions:

1—This being the case, whose bond should the Commissioners approve for this office, and to whom should I, as County Judge, issue certificate of election for these offices?

2—Should I issue certificate of election to C. A. Holcomb as Sheriff and Tax Collector, or should I issue certificate to him as Tax Collector? Should I issue certificate of election to S. C. Spikes as Tax Collector?

3—In the event that bonds are presented to the court, should they approve bonds in accordance with the votes cast, or should they approve bonds as stated below.

(a) Holcomb as Sheriff and Tax Collector, or as Tax Collector, should he present a bond made out

in that form; in other words could he under the present status choose which of the two offices he would assume duties?

(b) Should he approve the bond of Spikes as Tax Collector?

(c) Or should he approve all of the bonds and let the court decide which is entitled to which office? Under the facts here stated your county was not entitled to elect or could not legally elect one and the same person the office of Sheriff and Tax Collector. There being no such office to be filled in your county by election or otherwise, at such election.

On the contrary the county was required to elect and have two different persons for these respective offices. That is, one as Sheriff and the other as Tax Collector. (State Constitution, Sec. 23, Art. 5; State Constitution Sec. 16, Art. 8; R. C. S. 1911, Arts. 7119, 7120, 7605, 7606, 7607.)

Under these facts you are advised that in the opinion of the Attorney General, Mr. Holcomb is entitled to the office of Sheriff of that county, and is entitled to a certificate of election to that office, and has the right to qualify as Sheriff of that county, in the manner prescribed by law, but that he is not entitled to a certificate of election to the office, nor to a certificate of election as Tax Collector, also that he has not the right to choose between these two offices, as to which he will accept. You are also advised in the opinion of the Attorney General, S. C. Spikes, is entitled to a certificate of election to the office of Tax Collector in your county, and has the right to qualify as such in the manner prescribed by law. For your further information we are enclosing herein a copy of the opinion No. 20249, rendered by this Department September 11th, 1920, addressed to Peyton B. Randolph, and there is in which the question raised by your inquiry are discussed at some length. Yours very truly,

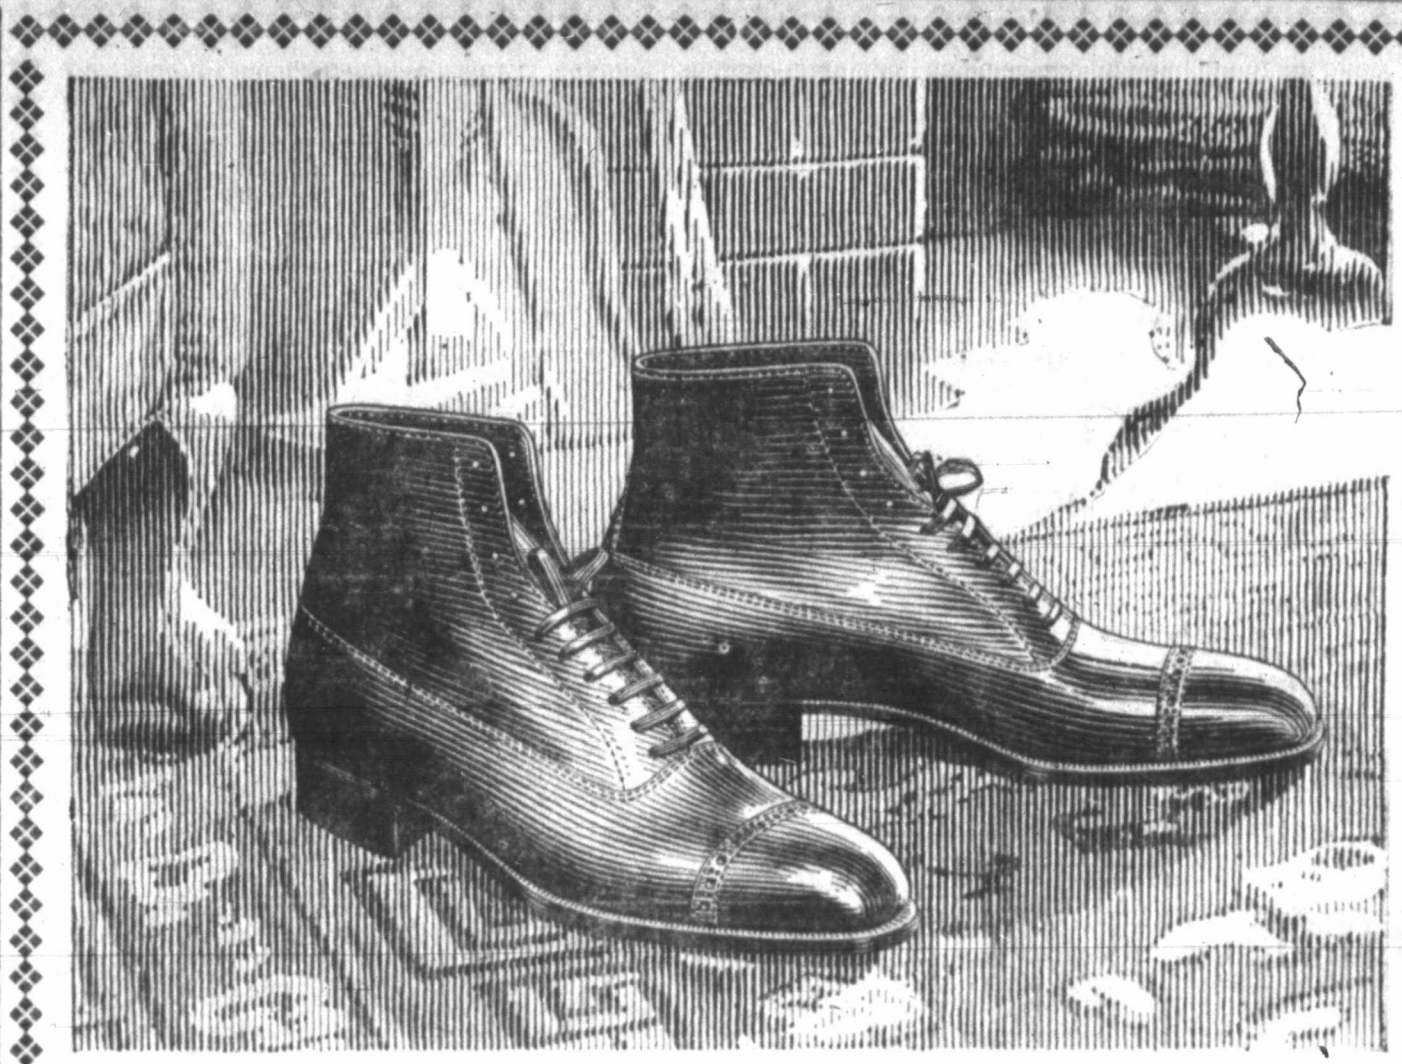

W. W. CAVES, Assistant Attorney General, To The Voters of Lubbock County

Greeting: The above and foregoing article, speaks for itself, and shows clearly that I was elected to the office of Tax Collector of this County, during the year of 1920. I was installed as Tax Collector of the County however, after a long hard-fought suit for the office was decided in my favor, and have actually had possession of said office since in April of this year.

Being a lifelong Democrat, I am naturally a candidate for re-election for a second term to the office, solely upon my own merits, and not upon the DEMERITS of some one else, and because I know that I am competent and qualified to fill the duties of the office.

At my OWN EXPENSE, I have employed a competent and reliable assistant, for NO MAN can be at the office every hour in the day, six days a week, twelve months a year, therefore the necessity of an office assistant, in order that I may give you the VERY BEST SERVICE POSSIBLE, and give it when you come for it, so that it will not be necessary for you to call a second time for the same service.

Considering the means at my command, I have contributed liberally to all worthy causes presented to me, or coming to my notice, including needy individuals, churches, schools and railroad bonuses, and only regret that I was not able to give more. Lubbock is my future home, whether elected or defeated, and whether or not Lubbock County is the BEST COUNTY IN TEXAS, it

SHOULD ADVERTISE PRODUCTS THROUGH MEDIUM OF FAIRS

Stamford, July 30.—The Exhibit Department of the West Texas Chamber of Commerce, B. M. Whitaker as manager, urges upon every county the necessity of joining the movement to advertise its resources in the North and East at the big fairs in the West Texas Chamber of Commerce exhibits tour. Comprehensive exhibits sent North and

East under the supervision of an expert exhibitor will do more toward establishing a commonwealth among the Northern and Eastern people than any other means. The exhibitor will also distribute literature and interest fair visitors in the various territories which will be represented. The chamber asks that all counties interested in getting this free publicity and advertising take up the matter immediately with the general offices here.

TUESDAY  
Last chance to see

Adolph Zukor presents  
**Betty Compson**  
in *The Green Temptation*  
A Paramount Picture

—Can a girl brought up in the underworld, taught to regard everyone and everything with the utmost distrust, loving none and hating many, be so regenerated as to become kind loving and gentle and to accept culture and refinement as though there was never any coarseness in her life? Can she? It is indeed a problem.

—Moulded by environment, swayed by the irresistible urge of heredity, swept by the passions of love and jealousy, she brazenly thieved and stole whenever opportunity presented itself. Even when the great moment of her life was before her, when the man she loved with all her heart put fullest trust in her she could not resist "THE GREEN TEMPTATION."

—Come and see all this in this wonderful picture.  
—Just ask anyone who saw it yesterday.

THURSDAY  
CONSTANCE BINNEY  
in  
**"THE CASE OF BECKY"**

Here is the strange story of a girl with two selves—Two Souls—one of them good, one of them bad, and things that one did the other knew nothing of. Can you imagine the possibilities in such a plot?

—Action that thrills with suspense and power—A struggle between two hypnotists for a young girl's soul.
