

# THE LUBBOCK AVALANCHE

VOLUME XXIII. No. 50.

LUBBOCK, LUBBOCK COUNTY, TEXAS, FRIDAY, AUGUST 18, 1922.

PUBLISHED TWICE A WEEK

## GRAND JURY RECOMMENDATIONS OF SIGNIFICANCE TO THE CITIZENS

WOULD HAVE PARENTS RELIEVE COURTS OF COMPELLING YOUNGER GENERATION TO BE LAW ABIDING

### SUGGESTS SUPERVISOR FOR PUBLIC ROADS

Their Message Should Be Looked Upon As One of Public Concern, They Being the People's Law-Enforcing Agents Are Capable Of Speaking For The People.

While the following report of the June term District Court Grand Jury follows closely the trend of public opinion as regards law enforcement, and is getting down to some concrete action of crime prevention, it is greater than public opinion itself, in that the law enforcing body of that magnitude would look upon the manner of law enforcement as a matter with which the individual should deal, and is urging the close co-operation of parents in bringing the younger generation beneath the protection of a well regulated home, instead of compelling society to resort to the courts for protection from their misconduct.

The fact that the average Grand Jury is composed of men of every profession from practically every section of the county is emphasis of the importance of their recommendations and the message they hand down to the people through their communications with the court are not to be taken lightly.

"It is time for Americans every where to serve America," and it is time that we people of Lubbock county sit up and take notice of the failure of the citizenship to serve America insofar as bettering society is concerned, and unless we do the strong arm of the law will have reached more homes before another ten years have passed than in the same period of time in American history, and with that cold fact evidenced in the many recent court actions against young people, it should be looked upon with some seriousness by the thinking people everywhere, and wouldn't it be better for Lubbock county to take a leading place in this manner?

Let us not read the following recommendation with the view of seeing what it contains for the amusement of the thing, but give it serious thought and see if it is possible for us as citizens to lend a hand in making the necessary re-formations:

To the Honorable District Court of Lubbock County:

We the undersigned Grand Jury unopposed for the July term of District Court, Lubbock County, Texas, beg to submit the following report. We have diligently investigated all matters of crime that have been brought to our attention and have found the following true bills:

25 felonies;  
3 misdemeanors.

We beg leave to submit the following suggestions:

1st. Whereas, the Grand Jury heartily approved of the charge given us by the Court regarding the practice of parents allowing their children to indulge in night "joy-riding," we beg to suggest that the Court give this part of his charge as much publicity as possible, feeling that in so doing he will help the entire community and lessen the chances for crime.

2nd. We also beg to suggest that the Court call the attention of the commissioners to the condition of the District Court room, it having been brought to our attention that the ceiling is in a dangerous condition.

3rd. We also ask the Court to call attention of the proper authorities to the reckless driving that is being indulged in through the principal streets in Lubbock, thereby endangering the lives of the citizens. We feel that drastic measures should be taken to stop this practice.

4th. After an investigation of the affairs of the Commissioners' Court, we recommend that a competent road supervisor be appointed to take complete charge of the road work of the county. We feel that a great amount of money has been wasted in this work, due to the lack of proper management in this department. We believe that a competent road supervisor would save the County a vast amount of money each year and by having charge of the entire county the interests of all the people would best be served.

We respectfully ask that we be excused from further duty.

J. A. Rix, Foreman.

### WESTER FAMILY AT HOME FROM TRIP INTO N. M.

Mr. and Mrs. J. K. Wester and daughters, Miss Lydia and Mrs. E. L. Curb, of Floydada, returned the first of the week from an extended automobile trip into New Mexico, visiting all points of interest in that State and Southwest Texas.

Mr. Wester seems to know a great deal about how things over there are getting along, but refuses to admit entering the dangerous zone, and we have only our imagination as a source from which to give out any information as to whether or not he visited the Mexico metropolis.

The trip was a greatly enjoyed one and Mr. Wester has many interesting accounts to give of incidents while away.

## Methodist Missionary Harry L. Hughes Is Drowned In Japan

Unconfirmed information of the death of Harry L. Hughes, well known minister of the Methodist church, was received some time ago, and the people of this country were not sure that the report was correct but the following clipping from the Dallas News of August 15th seems to eliminate all doubt that such is a true report. The quotation from the News reads as follows:

"Confirmation of the first unsigned cablegram announcing the death of Harry Lyle Hughes, missionary of the Methodist church South, at Kobe, Japan, was obtained Monday by S. R. Hughes, brother of the dead man, from the American Consul at Kobe. The Consul's message read: 'Brother drowned while swimming. Cremated. Family will arrive Seattle Aug. 29 with ashes. Notify wife's family.'

"Mr. Hughes was a graduate of Southwestern University at Georgetown and of Vanderbilt University at Nashville. He took post-graduate work at the Southern Methodist University at Dallas and during that time preached at the Cole Avenue Methodist church. He went to Japan as a missionary under the special care of the First Methodist church here.

Rev. Hughes and wife were well known in this part of the country, having been in Lubbock a number of times, and stayed in Lubbock homes on various church occasions here. He was pastor of the Methodist church at Lorenzo for a time and went from there to Japan as a missionary to Japan. Rev. Hughes was a splendid young character, full of energy and went to his work in far off Japan with much enthusiasm, and was doing a great work in the foreign field.

He has written a number of letters, some of which were published in this paper giving an account of his work there, and it is with deep sorrow that many friends learn of his sudden death.

### LORD NORTHCLEIFF OF ENGLAND DIED MONDAY

London, Aug. 14.—Viscount Northcliff, noted British publicist, died this morning.

News of Lord Northcliff's death was given out by the doctors who have been attending him in this bulletin: "Viscount Northcliff died at 10:12 o'clock. The end was perfectly peaceable."

### K. CARTER AT HOME AFTER TRIP TO MARKET CENTERS

K. Carter returned Saturday from Kansas City, St. Louis and other market centers where he purchased his fall and winter stock for the well known K. Carter store.

Mr. Carter expressed the opinion that insofar as cotton goods are concerned, the retailer who failed to book his goods early is liable to find buying at figures which would affect a saving for their customers an uphill proposition, as the possible increase in the price of cotton will keep the cotton goods on an upward trend. We are glad that he was able to book his cotton goods early, and that he will be successful in protecting his customers against any increasing prices, as the goods he can offer them are in keeping with the price of other commodities.

Mr. Carter is one of the leading merchants of West Texas, having come to Lubbock a good many years ago, and has made his business keep far enough ahead of the town that he can meet the demands of the fast increasing population. He has a keen insight into the merchandising problems, and in offering the solution to the perplexities that are naturally involved in the operation of a business of that nature, looks after the interests of his customers, regarding them in every instance.

He is at home in his store, glad to be back to Lubbock and his many friends.

### PIONEER CITIZEN DIED AT HOWARD COUNTY HOME

At 6:15 Wednesday morning, D. Dorward Sr. died at his home about twenty-five miles southwest of Gail in Howard County. He was 78 years of age and had been in failing health for some time but had not been considered dangerously ill until the past week. The news of his death was received with sadness by his friends in this county, where he lived a number of years.

He was an honest, upright man and a good citizen and neighbor, and was honored and beloved by all who knew him. He leaves three sons and several grand children to mourn his death and to whom the sympathy of their friends is extended. The sons are D. Dorward, Jr., and J. C. Dorward of Gail, and R. D. Dorward of Howard county, all of them being at the bedside when he died.

Funeral services were held at the family residence at 4 o'clock Wednesday afternoon and were attended by a large concourse of sorrowing friends and neighbors. The remains accompanied by his three sons, were shipped to Gatesville, where they were laid to rest beside his wife who died several years ago.—Borden Citizen.

### TRAVELING MAN FOUND PURSE CONTAINING \$85

A. B. Weiss, traveling man of Plainview, brought a purse to the Avalanche office last week, requesting that we try to find the owner.

The purse was brought here at about nine o'clock in the morning, and that afternoon at about two o'clock, a woman and her fourteen year old boy, entered our office, inquiring if we had heard anything of the purse, declaring that their entire fortune of eighty-five dollars, and some other valuables were lost with it.

After an exact description of the contents had been given, the lady was presented the purse, and we will no doubt have to live a good many years to see another person made more happy than that good lady was. She and her son had traveled over the Plains country selling art needles. They had visited a purchaser and had left the purse on the running board of the car while working with the motor preparatory to starting, and the purse was lost before they had gone many miles.

### FORD CAR STOLEN FROM CHURCH MONDAY NIGHT

Rev. A. E. Miller, of Lubbock had his 1920 Ford Car stolen from near the Community Auditorium, Wednesday evening, while he and his family were attending the Revival meeting being held there by the Church of Christ congregation.

Cards are out to all officers in adjoining towns, and it is hoped that the thief can be apprehended before long.

Automobile theft is entirely too frequent in this section, and drastic steps will be taken to check their activities.

The car was almost a complete failure. The other row crops, such as kaffir and milo maize, will be an average crop.

Electra, Aug. 15.—Light showers fell Sunday and Monday morning. Not enough rain has fallen to be of much benefit to crops, which are in need of rain, nor has any water

## City Commission Making Street Improvements

Anyone interested in the betterment of Lubbock will certainly appreciate the splendid work the City Commission is doing in filling in all of the street crossings, making it possible to motor about the city without endangering one's car or placing themselves in a position where it is possible for great physical harm to be done.

The fact that our streets had gotten in pitiful condition for the comfortable use of automobiles here was not at all to be accounted to the unprogressiveness of the Commission, but to the lack of street working funds, and we are glad to notice that they are seeing their way clear to make some much needed improvements at this time.

White lime rock is being used to fill in all depressions, and one place below the Avalanche office on Avenue I, where the crossing has been especially bad, many loads of filler has been used, making that part of the street one hundred per cent safe for automobiles, whereas a few weeks ago ten miles an hour was dangerous speed for that place.

There are a good many tourists passing through Lubbock daily, and we are glad to notice that this street improvement is to go a long way in having them respect our aggressiveness, and anything the commission does to better the town to such noticeable degree is to be appreciated.

The soil formation here makes it difficult to maintain good streets throughout the year, but with a continuation of the good work now carried out, our streets will be at all times passable, and far ahead of the average.

We do not want anyone to think that because some of our streets had gotten into mighty bad shape, was due to absolute neglect, but the fact that daily traffic over every street is greatly increased as the days go by, makes caring for them somewhat the same job as caring for a much used highway between cities, and the work that has been done all long was insufficient to offset the constant deterioration such heavy traffic would naturally cause.

All together for Lubbock and the men who are spending great effort in her betterment. Let's be appreciative of the things they are doing, and remember that keeping her up with the fastness of her growth is a real job.

## THE LUBBOCK COUNTY PEOPLE ARE GREAT BELIEVERS IN OUR SCHOOLS

TAX RATES FOR SCHOOL MAINTENANCE ARE KEPT HIGH ENOUGH TO PREVENT SHUT-DOWN BELOW 9 MONTHS

### BRICK BUILDINGS ARE MAIN FEATURES

In Spite of Constant Increase in Scholastic Population, Buildings Accommodate the Pupils, and the Buildings Which Are to Be Constructed Soon Will Care for the Future Growth.

### MRS. D. C. ROSS DIED TUESDAY EVE AT 6:30

The Avalanche is sorry to report the death of Mrs. D. C. Ross, wife of Rev. D. C. Ross, which occurred last Tuesday evening at 5:30 o'clock. Funeral services were conducted at the Methodist Church yesterday afternoon, and interment was made in the Lubbock cemetery immediately following. We will publish more about the life and passing of this good woman in our Tuesday's issue, but we take this opportunity to express the sympathy of this community to the bereaved husband, daughter and other relatives.

### E. E. SANDS OF HOUSTON TO DO CITY ENGINEERING

The bids for the engineering job for the City Water and Sewer extension work were closed Wednesday and the job awarded E. E. Sands of Houston.

Mr. Sands and Maj. Hawley, of Dallas, did the engineering work for the million dollar sewer extension work now being done in Fort Worth, and it is fortunate indeed that the Lubbock job will be under the supervision of such an able engineer. Those bidding on the job were: E. L. Dalton, of Dallas; Julian Montgomery, of Wichita Falls; Preston Hazey, of Dallas; S. L. Blackburn, representing the Henry-Ago-Elirod Engineering Company of Dallas; Bill Howard of Amarillo; Mr. O'Neal of the Municipal Engineers, Dallas; J. P. Markham, of Lubbock.

The engineers will rush their part of the work, and construction will begin as soon as plans are completed. Lubbock will make much residential growth at the completion of this work, and we are glad indeed that the extension will be made.

### BORERS IN YOUNG ASH TREES IN AMARILLO

Borers in the young ash trees in Amarillo. The way to get them out is with a knife, according to Harmon Benton, county agricultural agent.

The borers are just under the bark at this season of the year, but will go deeper this fall unless removed, Mr. Benton says. They may be detected by damp spots on the bark. Around these damp spots are flies and ants.

### CHILDRESS TO BE CLOSELY HELD BY OPEN PORT RULE

Austin, Texas, Aug. 15.—The open port law, Childress, which has included one thousand feet on either side of railroad property, has been extended to include the entire town and all territory within one mile radius of the town by Governor Neff, it was learned from an authoritative source this morning.

Governor Neff refused to discuss the strike situation at Childress and other railroad centers.

### "WISE MEN CHANGE MINDS" ABOUT THE SOUTH PLAINS

Frank G. Dowell, real estate dealer of McKinney, was here Friday and Saturday, visiting with a few of the old McKinney tribe, among whom are W. C. Edwards, of the Avalanche and Will McKinney.

Edwards and McKinney have been trying to convince the land peddler of the many merits of the Plains section for a good long time, but were until recently unsuccessful in getting him to give the Lubbock country the once-over, and realized that that would be necessary to change his mind as to the real worth of the lands out this way and when they finally persuaded him to stop off here, no time was lost in acquainting him with Lubbock's great surroundings, as a result of which he suffered an absolute reversal of ideas, and is now one of the greatest boosters Lubbock county could wish for.

It does us good to get the people from other sections to talk Lubbock with some of the boys who have been here long enough to know what we have out here, and now that Edwards and McKinney have succeeded in winning Mr. Dowell over to the Plains, we are sure he is assuming an attitude of restfulness that will in all probability result in McKinney losing another good one to Lubbock.

The best way in the world to make Lubbock the town you want it to be is to just keep on boosting. Just look what the above mentioned fellows have done with a little persistence.

One resident in Central Texas thoroughly convinced of the merits of the Plains can do us a wonderful amount of good, and who knows but their boosting is liable to interest just such men as Mr. Dowell in the Plains.

Coal may soon be on the I-know-how-you-can-get-it list.—Wall St. Journal.

On no other institutions is the future development of Lubbock more dependent than our schools, and from figures compiled at the office of the County Superintendent, E. R. Haynes, one can see that our people are looking after the educational need of Lubbock county with a view of solving the problems for a good many years, and though the interscholastic census shows great increase from year to year, necessary steps are being taken to meet the demands for educational facilities, and with the present generation being brought up under such favorable conditions there is no probability of our schools being left unprepared for, or the education of the children neglected.

"How can we help our schools," was the subject for Prof. Haynes to discuss at the Thursday's Kiwanis Club luncheon, but feeling that he wished to hear another discuss that subject, he took the opportunity to reveal a few of the things Lubbock county has in the way of schools, the following facts having been presented:

Lubbock county has fifteen brick school buildings, fifteen frame school buildings, thirteen schools being supported on a one dollar per one hundred dollar tax valuation basis, one school on seventy cent basis, one school on ninety cent basis and one school on eighty cent basis. Two one-teacher schools on fifty cents each per one hundred dollar valuation. In 1921 there were 3,885 scholars in Lubbock county, and in 1922 the census showed that that figure had been increased to 4,600. The Lubbock Independent School District is to have four brick buildings placed under construction within the next five months, and there are three brick school buildings to be erected in the rural districts within that time.

These figures alone put Lubbock ahead as a county whose youngsters are being cared for educationally, but those buildings are not all that is to be told. Each and every one of them is modernly equipped, containing outside the regular equipment, extraordinary libraries, some play ground equipment, and all of them are supplied with adequate heating facilities.

Lubbock county is growing in population daily. Every train that pulls into Lubbock leaves out with a few less than it got here with. These people are coming here because they like the general plan of things, and are willing to have their property taxed in order that their children might enjoy a few more opportunities than children of other sections.

The general trend toward developing our educational institutions is being shown in the eagerness with which our farmers and stockmen grasp every opportunity to learn anything that is designed to better their profession. They are developing their herds and flocks with great painstaking, helping the advantage the progressiveness of our people gives them to be beneficial in many ways.

Lubbock county schools are worthy of consideration, and we are glad for our readers to be kept informed of the development along educational lines.

T. G. Shaw, of the Panhandle Cigar Company transacted business in Big Spring the first of the week. The Panhandle Cigar Company is the only house of its kind in West Texas and Mr. Shaw is enjoying splendid patronage from the many towns over this section.

The country can say that it asked the Republican party for bread and received pie.—Asheville Times.

### MEETING AT FIRST PRESBYTERIAN CHURCH

Rev. H. W. Barwell, D. D., of Dallas, will arrive in Lubbock Tuesday, August 22nd, and will begin a meeting at the Presbyterian church, Wednesday, August 23. The first service will be held Wednesday at 8:15 p. m., and services will be held twice daily for about 10 days or two weeks. The morning services will be held in the church and the evening services on the lawn.

Dr. Barwell needs no introduction to the people of Lubbock. He spent the winter here and supplied the pulpit of the First Presbyterian church for the winter. He is a man of great power and earnest consecration. We are very fortunate in securing him for the meeting.

The public is most cordially invited to worship with us.

## GRAIN AND CROP REPORTS

Fort Worth Star-Telegram

Rising Star, Aug. 15.—The Planting gin is undergoing considerable repairs, according to H. B. House of Okra. Last year the crop was small. House has received a carload of bagging and ties for the gin. All guns here expect a good run this season.

Sweetwater, Aug. 15.—Without another drop of rain the cotton crop in Nolan county will equal the production of 1921, according to well informed cotton men. In the last two weeks there has been a 40 per cent deterioration, a figure which would be materially cut down by a rain within the next 10 days. The outlook now is for a 13,500-bale crop in the county.

Rule, Aug. 15.—Work is progressing on the cotton compress being built here. The press will be ready to operate the incoming crop.

Bastrop, Aug. 15.—The cotton crop in and around Bastrop will average from 50 to 60 per cent of the usual yield. The continued hot and dry weather has caused much heat deterioration, a figure which would be materially cut down by a rain within the next 10 days. There is a possible chance for a small top crop.

Smithville, Aug. 15.—With the cotton picking money in evidence, cotton and cottonseed selling on the streets, the merchants enjoyed the first good business in some time. The cotton crop is opening fast, and many claim that a rain would do more harm than good. The crop is much better than last year, when too much rain ruined the prospects.

Mineola, Aug. 15.—A heavy rain fell throughout this section Monday afternoon. It was not needed. Farmers are fearful that continuous rains will cause the boll worms to begin work. At this time indications point to the biggest cotton crop in recent years.

More than 100 cars of watermelons have been shipped this season from Wood county. Of this number 40 were from Mineola, while Wynnboro, Golden, Alba, Crow and Board contributed the remainder. Most of the melons were shipped through the Farm Bureau Federation and pleasing returns resulted.

Byers, Aug. 15.—The cotton crop in this section has not suffered the last few days as the hot winds have let up and a few light showers have fallen. Picking will start this week, and according to some reports the cotton will average from a half bale to one bale per acre.

The corn crop was almost a complete failure. The other row crops, such as kaffir and milo maize, will be an average crop.

Electra, Aug. 15.—Light showers fell Sunday and Monday morning. Not enough rain has fallen to be of much benefit to crops, which are in need of rain, nor has any water

been furnished to relieve the shortage in the oil fields.

Abilene, Aug. 15.—Reports from farmers from different sections of the county and adjoining counties are that the cotton crop will be cut short by the continued drought, but that a fairly good crop will be made. A crop above the average will be the result this year, they say.

Cisco, Aug. 15.—Cisco's first bale of cotton was brought in late Saturday by J. H. McKinney, living in the Dothan community. McKinney has gained his entire crop in Cisco for the past 18 years. The bale was sold to E. B. Gude. The bale and premiums totaled \$194.08. Twenty years ago, according to W. H. Kiltwell of this city, two bales of cotton were brought to Cisco on August 12. Saturday's bale was the earliest brought to Cisco in 20 years.

Georgetown, Aug. 15.—J. M. Keyser, campaign director of the Farm Bureau, was in Georgetown Monday conferring with County Agent G. L. Crawford and a number of Farm Bureau workers in regard to the Williamson county campaign just inaugurated for 1922, membership in the Cotton Commodity Association of the Bureau. W. C. Proctor, district campaign manager, attended the conference. Williamson county farmers were numerously represented in last year's cotton pool, and the present campaign is expected to enlist practically every farmer in the county.

Ten or twelve meetings are to be held in Williamson county when representatives of the cotton association will explain its workings. A meeting was held at Round Rock last night, and others will be held every night this week and next.

Taylor, Aug. 15.—Taylor was visited by a light rain Sunday evening. Farmers in this section would welcome a good soaking rain. Less than a quarter of an inch of rain has fallen for over a month, and late crops are badly in need of more rain.

Wortham, Aug. 15.—Light showers of rain fell early Sunday morning and afternoon, Sunday night and Monday morning. It will help crops, especially the cotton, although farmers did not consider the staple suffering in this community. The rains are running on regular time. Much cotton is coming in.

Mr. C. L. Slaton and children want to be remembered to visit Mr. Slaton's nephew, C. E. Slaton, cashier of the First State Bank of that place Wednesday.

Among the things we don't understand is how a mosquito can get along without any sleep.—New York World.

## Rising Star People Visit the Plains And Write of the Beauties and Grandeur of This Wonderful Country

Following is a letter from H. F. Falls to a friend in Lubbock, and will no doubt prove interesting to many of our readers:

### A Trip to the Plains

It was a fine day in September, the sun was lazily peeping from behind the eastern hills spreading forth its golden rays on a drouth stricken, boll weevil infested section of central Texas. A Ford car was equipped with a camping outfit consisting of army cots, sufficient bedding and cooking utensils and a supply

of groceries for several weeks. In company with J. Nelson Tunnell and son Ray, two as fine fellows as anyone need to be out with, we also carried along cotton sacks thinking we might pick some of the fleecy staple to break the monotony of the trip. We found fields white unto harvest in Nolan and Mitchell Counties. We carried here a fortnight where we gathered several bales and had several thrilling experiences and close calls with Rattle Snakes.

After a pleasant stay at this place we reloaded our camping outfit and set our compass for the Plains, stopping over on our way near Hambleigh, Scurry county, to spend the night with our old friend and former citizen of Rising Star community, John Reed, where we found hospitality and welcome such as those big hearted western people always extend to old friends passing their way.

By high noon next day we had passed the thriving beautiful little cities of Snyder and Post, the picturesque manufacturing city at the foot of the plains where prosperity was almost visible in the atmosphere. After wending our way up the Cap Rock two miles west of Post, we came to the Plains proper. We sped by beautiful farm homes in succession surrounded by shade trees, vines and orchards that seemed inviting to stranger and tourist. Pastures were green, horses and cattle were fat, the cotton fields were white, and the fields of Sudan grass were wide and green, the broad acres of maize, kafir, sorghum and corn were immense and nothing short of one seeing with his own eyes will convince him of the immensity.

Passing farms, villages and farm homes till two o'clock we found ourselves comfortably resting at the hospitable home of Mr. J. L. Tunnell in the suburbs of Slaton, eating watermelons of the finest flavor and enjoying real hospitality of another big hearted westerner, formerly of the Rising Star community.

We spent the remainder of the day and night in this beautiful town, occasionally meeting an old Eastland county native, one among whom was Frank Clark, who has a lucrative position with a real estate and insurance firm.

Changing cars here, we took right down the middle between the cotton rows of a white cotton field and tarried for another fortnight, when summer clothes became too light for the plains climate and the thought of real home cooked grub and a glass of buttermilk became somewhat alluring.

Before starting home we visited the beautiful city of Lubbock, where we attended the "South Plains" Fair and visited the Agriculture Experiment Station of Lubbock County which time we all decided was well spent. Just as we were ready to start homeward, almost as sudden as a ghost rising up, Frank Perkins hailed from Lubbock, where he has located in the interest of his company. Frank is on the job taking up cotton by the hundred bales and never travels less than 25 to 30 miles an hour, just like all the other plains people go in a hurry as if going after a doctor.

Space forbids further mention of this trip but suffice to say, on a trip like this, one will almost forget his troubles and if not careful, will forget his own Pastor's name. To bring this rambling epistle to a close, will express what we think of the plains in poem form.

### Back To The Plains

I'm going back to the plains,  
I'm going back again,  
If I can't go in an auto  
I'm going on a train,  
If I can't go on a train,  
A wagon and team I'll ride,  
If I can't go with a wagon and team  
I'm going on a slide,  
If I can't go on a slide,  
I'll take my foot in hand,  
I'll make the effort of my life,  
I'm bound for the promised land,  
If I cannot go on foot,  
I'm going to hit the ball,  
I'll buckle on my old knee pads  
I'll get right down and crawl,  
If all these efforts fail me,  
It surely will be bad,  
If I never emigrate to the plains,  
I'll always wish I had,  
But when the trials of life are o'er,

## "OUT ON THE FIRING LINE"

Statistics prove that the death rate is as great as a result of disease as war. Healthy men and women of this town are on the deadly firing line of disease. Homes are left fatherless and penniless daily as a result of unexpected death. Unwarned fathers have been called away suddenly.

It is because the whole race is facing the firing line of disease and accidents—because life is so uncertain and death so sure, that Life Insurance has become reckoned as the greatest protection for fatherless children and penniless widows.

And it is fine to know that thinking men are today depending more and more upon the absolute certainty of Life Insurance Protection instead of charity.

I can furnish you with the kind of policy you most desire and in a company that is safe and strong.

### INSURANCE AGENCY NAME CHANGED; FAVORS LUBBOCK

Sam Denman, of the Briggs and Denman Insurance Agency, has purchased Mr. Briggs' interest in the same, and in a circular declaring he is proud of the name of his town and county, announced that the name of the agency had been changed to Lubbock Insurance Agency. Mr. Denman is a live wire, and we are sure the business of that agency will be kept in the same high standard maintained thus far. Mr. Briggs is a hustler, and we are in hopes that his severing relations with the agency will not cause him to sever his relations with the city of Lubbock.

### MR. VAUGHN, FARMER, TELLS HOW HE LOST ALL HIS PRIZE SEED CORN

"Some time ago sent away for some pedigree seed corn. Put it in a gunny sack and hung it on a rope suspended from the roof. Rats got it all—how beats me, but they did because I got 5 dead whoppers in the morning after trying RATS-NAP." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Cole-Myrick Hardware & Implement Co., and City Drug Store.

During the abuse of the bootleggers, we should not forget that no one has ever charged them with drinking their own stuff.—Boston Shoe and Leather Reporter.

There will be no toils or pain,  
We expect to enjoy a sweet repose  
Upon the higher plain.

### "WHY I PUT UP WITH RATS FOR YEARS," WRITES N. WINDSOR FARMER

"Years ago I bought some rat poison, which nearly killed our fine watch dog. It so scared us that we suffered a long time with rats until my neighbor told me about RATS-NAP. That's the sure rat killer and a safe one." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Cole-Myrick Hardware & Implement Co., and City Drug Store.

That which we acquire with most difficulty we retain the longest.

### COMMISSIONER OF BANKING RESIGNS

Austin, Texas, Aug. 14.—The resignation of Ed Hall, state commissioner of banking and insurance, and the appointment of W. W. Woodson, prominent banker of Waco, to succeed Hall, was announced today by Governor Neff. Commissioner Hall resigned to become an official in a Dallas bank, it is said. His resignation was tendered to the governor several days ago but announcement of the fact was not made until today.

### HUNGER, THE BEST SAUCE

Sauce is used to create an appetite or relish for the food. The right way is to look to your digestion. When you have a good digestion you are certain to relish your food. Chamberlain's Tablets improve the digestion, create a healthy appetite and cause a gentle movement of the bowels.

### GOVERNOR APPOINTS MEMBERS 42 BOARDS

Austin, Aug. 9.—There are forty-four boards and commissions in the state government. The members of which must be appointed by the governor, excepting one. Governor Neff was inaugurated on January 18, 1921, and since he has appointed either all of the members of all these boards and commissions or one or two members of some of them. These bodies include the directing bodies of the various state institutions, the various boards of examiners and numerous other

—ICE CREAM  
—COLD DRINKS  
—CIGARETTES  
—CIGARS

And every thing good to eat when you Are Hungry

## Manhattan Parlor & Cafe

boards and commissions. The total membership of the entire forty-four is 253. This includes pilot commissioners of the various parts of Texas. Excepting two, Governor Neff has appointed the members of all of these bodies. Where the appointments of members extended over into his term they, of course, remained in office. A great majority of

the members were reappointed by Governor Neff. Added to this multiplicity of appointments to be made are the hundreds of other minor appointments the governor is called upon to make.

W. D. Benson, Jr., has returned from Breckenridge, where he has been visiting relatives and friends for the past two months.

### SHALLOWATER NEWS ITEMS OF THE PAST WEEK

Mrs. E. A. Armstrong of Amarillo, is spending a few days at the W. D. Crump home. We failed to make note of Union base ball team coming here a week ago last Tuesday, to play our team, Union winning by a score of 8 to 6. On next Thursday following our team went to Union, where a five-inning game was played, the score

being in favor of Shallowater. These were both good games, that being the first time Union had been defeated. Our team has lost two games this year.

The Union and Shallowater baseball players, with their friends and families, were treated to five gallons of ice cream at the garage, and the good people of Union furnished supper, with lots and lots of fried chicken and everything that goes with it, to all the players at Union.

Marie Kincade, Ina Redwine and Chloë Johnson, spent Friday night in Lubbock, in the Todd home.

Miss Mable Marsh, the home demonstration agent, met with the ladies at W. D. Crump's last Thursday—they are still making dress forms. Much interest is being shown in this work and our ladies are getting much valuable experience from the meetings.

Mrs. Bilbow and sons, Chester and Welton, have gone to Brownfield, where Mr. Bilbow has a position.

Mrs. L. E. Baker and daughter, Twilight, returned from Quannah Sunday, after a two weeks visit with her parents.

A large crowd attended church

both morning and evening Sunday. Rev. Clinton has been giving some very forcible sermons. The service will continue this week.

Evla Calley returned home Saturday from San Saba county, where she has been visiting since the first of July. Her grandmother, Mrs. Clinton, returned home with her.

Mr. and Mrs. Emmett Wright went to Dimmitt Friday, where they attended a big picnic at that place. They returned Sunday, reporting a splendid time, but oh, the mud they had to go through while up there!

G. M. Mason is having the gin painted. It is wonderful how a little paint improves the looks of a building.

### A CARD OF THANKS—FOR A BIRTHDAY GREETING

"A little word in kindness spoken, A motion or a tear Has often healed the heart that's broken"

And made a friend sincere." There occurred on the 19th day of August, 1922, a birthday of no especial interest (as we thought) to no one but our own belated self—as a bird that had overstayed its time in the far, distant wood, and was returning by the light of the moon to its lonely roof-tree. A noted Russian writer says: "All things just happen." It just happened that some of my friends received a knowledge of the day, and through the kindness of Mr. Mills, of the Cash Dry Goods Store, a box was received which a queen might envy "with best wishes for a happy return of your birthday." I wish it were possible to take each one by the hand and through the medium of my heart convey to you the thanks which words could not convey.

I can say with a heart overflowing with gratitude I sincerely wish that each day of your future life may be a happy one to you, and to all whose happiness depends on you. Vox populi est vox dei. Knowing this to be true, I bow with gratefulness and repeat what I have said before:

"It's been my joy through life To find at every crossing of the road The strong arm of a friend most kind To help me onward with my load; so since I have no gold to give, And love alone is what I ask for, My fervent prayer shall ever be God! Make me worthy of my friends." M. LOU WARE.

### NEXT DOSE CALOMEL MAY SALIVATE YOU

It is Mercury, Quicksilver, Shocks Liver and Attacks Your Bones

Calomel salivation is horrible. It swells the tongue, loosens the teeth and starts rheumatism. There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate. Calomel is a dangerous drug, besides it may make you feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No salts necessary. Your druggist says if you don't find Dodson's Liver Tone acts better than treacherous calomel your money is waiting for you. 12-9f

### FIRST BALE OF COTTON IN COLEMAN LAST FRIDAY

Coleman, August 11.—Coleman received her first bale of 1922 cotton early this morning. It was brought in by Mr. R. M. Baggett who farms near Leaday, this county and was ginned at the J. S. Rogers gin, weighing 445 pounds. Will Cochran, a local cotton buyer, bought the cotton as middling. A premium was paid Mr. Baggett.

### A WORD WITH THE VOTERS

It is reported that I am a wealthy man, that I have a 240 acre farm, and rent houses that are bringing me \$250 per month, and that all I want with the office of Treasurer is a place to loaf.

I do not own any rent houses, nor a farm of 240 acres. My property consists of three 5-acre blocks two miles from the court house, and a six room home. You do not have to take my word for this—go to the county records and see.

I am not making a poverty plea, I just want to correct some things which have been said that are not true. I have made a success of everything I have tried, by attending to my own business. I believe that anyone who has made a success with his personal affairs is more likely to do the same with the affairs of a county office, and will appreciate your investigating my record.

J. S. SLOVER, Candidate for County Treasurer, Lubbock County, subject to the action of the Democratic Second Primary, August 26. (Now serving by appointment). 48-1f

### Railroad is being Surveyed South of Silverton This Week

Beginning at the top of the Cap-rock, at the head of the canyon that runs just south of the Silverton-

Quitaque road, Colonel Powell's corps of engineers have surveyed through Quitaque into Turkey, a distance of something like 40 miles. Two surveys were made from the Cap to Quitaque, and there is to be two miles south of the present Cap survey to see about the feasibility of coming up through the Linquist Canyon.

We had the pleasure of having Colonel Powell and R. M. Fielder, Tutia's C. of C. secretary, as visitors

in the Star office Tuesday afternoon as they passed through on their way to Tutia, Nazareth, Dimmitt, Farwell, Clovis and Grady.

They had just returned from a trip east, on which they were accompanied by Wm. M. F. Sherwood of Chicago, and John Sharp, cashier of the First National Bank of Turkey, over the proposed Texas Pan-handle and Gulf Railroad, visiting Quitaque, Turkey, Paducah, Crowell, Seymour, and intermediate points.

A big meeting of representative business men and members of the Chamber of Commerce was held at Seymour. Colonel Powell stated his plan, and the citizens promised their enthusiastic support in any and every way that will help them get this much needed road.

Meetings were held at Crowell and Paducah, where great interest is being shown in the work and splendid organizations are working in behalf of the road.

Colonel Powell says the attitude of the people below the Cap has completely changed within the last thirty days, and that they realize the road is coming and are awake to the fact that it is necessary for him to help.

And with all this taking place, with a railroad coming through this part of the plains, will Silverton continue to sleep?

The fact is that Silverton cannot afford to lose this road, and the road can afford to miss Silverton. Opportunity is knocking at the door. Can we afford to miss this chance of knocking the shackles off our ankles and freeing ourselves from bondage?

#### LUBBOCK VISITOR IS HONOR GUEST AT SWIMMING PARTY

An enjoyable affair of the past week-end was the swimming party given Saturday evening by Mrs. W. D. Mayfield, complimentary to her niece, Miss Eddie Garrison of Lubbock.

The guests assembled at the Mayfield home on Mulberry street and went from there to the Natatorium where they enjoyed a most delightful swim. Upon their return to the lovely Mayfield home they danced until a late hour.

Refreshments were served on the lawn to Misses Garrison, Don Zula Yager, Nolan, Cresswell, Helber, Linkenhogor, Messrs. Dillingham, Wright, Jernigan, Harvey, Mahaffey, Nolan. Mr. and Mrs. Mayfield and Mrs. Wright were chaperones for the party.—Abilene Reporter.

#### THREE POSSES IN EASTLAND LOOKING FOR MISSING MAN

Fort Worth, Aug. 14.—Three posses today are still engaged in the search in Eastland county for Hugh Maples, mail carrier and stage driver, who has been missing since last Thursday and who, it is believed, was murdered.

The only clew obtained thus far is a report from Carbon that Maples' automobile was seen near there Sunday late.

# THE LEADER, INC.

#### MR. AND MRS. CURTIS A. KEEN HOME FROM CAL.

Mr. and Mrs. Curtis A. Keen arrived Thursday from California, where Mrs. Keen has been visiting for the past month at the home of her parents and where Mr. Keen went several days ago to accompany her home.

They experienced no difficulty in reaching home, though missed a lot of trouble by a hair's breadth, as the train on which they left Needles, Cal., at nine o'clock Monday morning, was the last one to leave the station, the strikers having abandoned all trains at four o'clock that afternoon, immediately stopping all passenger trains.

Of course Mrs. Keen is glad to get back to Lubbock, but is still of the opinion that California is hard to beat—but not so with Curtis A., who immediately landed in his office of the Plains Journal soon after arriving, and declared that the plains look "darn good" to him. We will admit that if all the hens in the country would stay with their nests as faithfully as has Mr. Keen covered the chair facing his typewriter in the Journal office, that poultry shipments would be enormous this year. We are not trying to say that he is sitting down on the job by any means, but what we are driving at is that he is certainly sticking with it, and declares that anyone having anything to do with the development of the plains ought to thank their lucky stars for that great and unequalled privilege.

It is pretty hard to start an argument as how hot and dry it is here, as he was in the deserts of the golden state long enough to realize that this is a long way from being a dry section, and he is confident that all the people of the plains have to do to enjoy their home privileges is to spend a few days in the California country.

At any rate the Keens are no gladder to be at home than their many friends are for them to be here, and we are glad that The Journal readers will have an opportunity to know that Keen is one hundred and a fraction percent stronger for the plains than for the well known resort state.

#### AVALANCHE RECEIVES NICE GIFT FROM LUBBOCK FLORAL.

The office force of the Avalanche is grateful to J. C. Dean, owner and manager of the Lubbock Floral Co., for a nice pot fern, which he presented us last week.

The plant is typical of the splendid products of that floral, and something of which anyone might be proud. It does us good to know that Mr. Dean would be so considerate of the force as to realize that it was his position to offer something which will make everyday life about the shop more pleasant.

### Republicans Name Complete Ticket In Convention

In the final session of the State Republican convention at Ft. Worth "Old Line" Republicans, men whose variations in politics it is declared have crossed party lines, were nominated as the Party's standard bearers in the State this year.

Dr. E. P. Wilnot of Austin, well known banker and prominent Texan, was selected as a candidate for United States Senator to oppose the Democratic nominee August 26.

William H. Atwell of Dallas, who was United States District Attorney for the Western District of Texas under President Roosevelt, will oppose Pat M. Neff for governor.

Following is the complete State ticket:

For United States Senate, E. P. Wilnot of Travis County.

For Governor, W. H. Atwell, of Dallas County.

For Lieutenant Governor, George E. Kepple of Harris County.

For Chief Justice of the Supreme Court, W. H. Wilson, of Harris County.

For Associate Justice of the Supreme Court, J. H. McBroon of El Paso County.

For Judge of the Court of Criminals Appeals, to succeed Judge Morrow, E. E. Diggs of Childress County.

For Judge of the Court of Criminal Appeals, to succeed Judge Hawkins, G. C. Harney of Grayson County.

For Attorney General, W. S. West of Cameron County.

For Railroad Commissioner, W. A. Matthaal of Austin County.

For Commissioner of the General Land Office, L. S. McDowell of Howard County.

### ORDER OF SALE

THE STATE OF TEXAS, County of Lubbock. In the District Court of Lubbock County, Texas. Long Bell Lumber Company, Plaintiff, vs. John Bernard and E. B. Bernard, Defendants.

Whereas, by virtue of an order of sale issued out of the District Court of Lubbock County, Texas, on July 20, 1922, on a judgment rendered in said Court on the 17th day of June, 1922, in favor of said Long Bell Lumber Company against said John Bernard and E. B. Bernard, No. 1559 on the Docket of said Court, I did on the 24 day of July, 1922, at 4 o'clock p. m., levy upon the following described land in Lubbock County, Texas, belonging to said John Bernard and E. B. Bernard: Lots Nos. Two (2), Three (3), and Four (4), Block No. One Hundred and Eighty-eight (188), Original Town of Lubbock, in Lubbock County, Texas, and on the 5th day of September, 1922, being the first Tuesday of said month, between the hours of 10:00 a. m. and 4:00 p. m., on said day, at the Court-house door of said County, I will offer for sale, and sell at public auction, for cash, all the right, title and interest of the said John Bernard and E. B. Bernard in said property.

Dated at Lubbock, Texas, this 24 day of July, A. D. 1922. 44-4-P C. A. HOLCOMB, Sheriff of Lubbock County, Texas.

### FIRE DESTROYS HOUSE AND ALL FURNISHINGS

On Monday night of last week between one and two o'clock the home of Mr. and Mrs. Prentice Richards, about 4 1/2 miles north west of town was destroyed by fire. The house was owned by A. P. Donnell.

Mr. and Mrs. Richards left home for town at 8:30, expecting to make a trip to Lockney and knew nothing of their loss until 4 o'clock Tuesday morning. The origin of the fire is unknown.—Silverton Star.

### "RAT-SNAP BEATS THE BEST TRAP EVER MADE," MRS. EMILY SHAW SAYS

"My husband bought a \$2 trap. I bought a 65c box of RAT-SNAP. The trap only caught 3 rats but RAT-SNAP killed 12 in a week. I'm never without RAT-SNAP. Reckon I couldn't raise chicks without it." RAT-SNAP comes in cakes. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Cole-Myrick Hardware & Implement Co., and City Drug Store.

Miss Maurine Hughes of Lubbock, arrived in Hereford Thursday morning.—Hereford Brand.

W. D. Benson, Sr., of Breckenridge, was a Lubbock visitor this week.

**Quinine That Does Not Affect the Head**—because of its tonic and laxative effect, LAXA. IT IS ROMBO QUININE is better than ordinary quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE.

### REORGANIZATION OF KATY RAILWAY BEING OUTLINED

Washington, Aug. 14.—Plans for the re-organization of the Missouri, Kansas and Texas railroad now in the hands of receivers, were presented today to the Interstate Commerce Commission for approval. Creation of a new company to be known as the Missouri-Kansas-Texas Railroad company is proposed and the commission's permission is sought to issue \$52,942,000 in five percent prior lien bonds; \$27,236,000 in four percent prior lien bonds; \$29,121,000 in six per cent prior lien bonds; \$57,500,000 in convertible adjustment bonds; \$30,000,000 in seven per cent preferred stock, and one million shares of common stock of no par value.

With receipts from the sale of these securities or by their transfer for stocks and bonds of the old railroad or of subsidiaries of it, the new company intends to acquire all of the Katy property free from obligations or liabilities.

### SAME OLD STORY BUT A GOOD ONE.

Mrs. Mahala Burns, Savannah, Missouri, relates an experience, the like of which has happened in almost every neighborhood in this country, and has been told and related by thousands of others, as follows: "I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack of the same complaint three or four years ago and a few doses of this remedy cured me. I have recommended it to dozens of people, since I first used it and shall continue to do so for I know it is a quick and positive cure for bowel troubles."

Don't consider marriage until you know how much you can afford for a radio set.—Wall Street Journal.

on Thursday, press hour 3:30 p. m. Please have  
copy for local notices in not later than noon  
Mondays and Thursdays. Ad changes and copy should  
not be later than 8:00 a. m., Mondays and Thurs-  
days. It takes a schedule like this to get your ads  
in the paper in good shape, and helps us give our  
readers better service, which means that the paper  
will be of better service to you, which we earnestly  
desire it to be. We do not want to be exacting  
but we must demand some things of you, if you ex-  
pect us to come up to the notch.

### PREPARE FOR THE SOUTH PLAINS FAIR

Arrangements are rapidly being perfected for  
the big South Plains Fair to be held the latter part  
of next month. Everything is being done to make  
this fair not only the biggest, but the best ever.  
The various department heads are busy trying to  
outdo former years in their departments. There  
are innumerable details to be attended to, and the  
entire organization is at work. The success of this  
fair does not depend entirely upon the fair manage-  
ment, but much of the success will come through  
co-operation of the people of the South Plains.  
Take for instance, the exhibits—every man, woman  
and child who has anything of interest to the gen-  
eral public, should make arrangements to bring  
it to the fair. Agriculturally, we should show the  
biggest line of products possible. Hundreds of  
people from over the country are making their plans  
to visit this fair, in order to see what we have.  
Plans are being perfected to erect a new agricultural  
building for the display of these products. This  
building will be ample in size and equipment to  
take care of all county, community, and individual  
exhibits. A number of counties have signified their  
intention of having a good exhibit here. Every  
community should plan for an exhibit as well as  
the individual. The new building will enable the  
management to take the best of care of all such  
exhibits, and give a good opportunity for display.  
Last year, we rather fell down on the individual  
exhibits in the agricultural line. This year let every  
farmer bring in something. We should have a  
good fruit and garden display as well. All the  
other departments will be taken care of in the best  
manner, and if the people of this section will re-  
spond with plenty of exhibits, there will be no ques-  
tion as to the success of the fair. Every effort is  
being made to furnish plenty of amusement, and  
such amusement that all will approve. Along this  
line, the management has spent much time. It is  
one of the big problems of the fair, and difficult  
to solve, but everything is being done to provide  
something that will be of interest to all. There will  
also be two big nights of fireworks well worth while.  
So we say, prepare for the big South Plains Fair.  
Do your part in making it what it should be, and  
you will not regret it.

### DISREGARD FOR TRAFFIC LAWS A GROWING MENACE

There is no question but what the habit of  
parking cars and turning cars and running cars too  
fast in this town is becoming a menace. There is  
no question but what such practices are going to  
lead to serious trouble and plenty of it. There are  
a lot of people who turn their cars in the middle  
of the block, or anywhere else, wherever the no-  
tion strikes to turn. They will go around corners  
on the wrong side of the street, stop anywhere  
without a signal and then, when wrecks occur they  
try to blame other people with the trouble.  
We fear the City Dads are now preparing to re-  
arrange the parking system, and, while it may not

look so good, yet, the safest way yet discovered to  
take care of the parking is to put the cars in the  
middle of the street. It has been found by all  
towns all along through the country to be the saf-  
est, and if that way saves the lives of the owners  
and the owners their cars, we say let's have it.  
We learn this plan is largely favored by the coun-  
cil, the chief of police and most everybody you  
meet.—Stamford Leader.

The Avalanche is in favor of a universal park-  
ing system, just the same as we have in the road  
rules. The road rules are supposed to be the same  
everywhere, and the parking system we believe  
should be the same, and then a lot of accidents and  
trouble would surely be averted. A person trav-  
eling often gets tangled up and balled out by cops  
and traffic officers for parking at place just like you  
did at home, when the parking rules are altogether  
different in that city to the home town. A general  
parking system, we are sure would be better.

But as the Leader has suggested in the above  
article, there is entirely too much carelessness on  
the part of the people in the observance of the  
rules of parking and driving customs. We have  
all the troubles mentioned in the above article in  
Lubbock, and we believe that Lubbock has some  
drivers who have more fancy curves and move-  
ments than the Stamford man ever saw demon-  
strated, or at least he did not say anything about  
it. We know of some people who run delivery  
cars in this town who stop their car right in the  
middle of the street and leave the motor running.  
This is an absolute violation of the law, both to  
stop your car and leave it in the street and to leave  
your motor running, and you could be fined heavily  
for the offense. Yet when something actually hap-  
pens—your car is damaged or you jolt into some-  
body, or somebody jolts into you, you want to  
blame the other fellow. Use common sense in  
driving, and you will not miss the correct road  
rules very far.

### THE REPORT OF THE GRAND JURY

The report of the recently adjourned Grand  
Jury to the District Judge is of more than passing  
importance. Every citizen should read it closely  
and abide by its recommendations. This grand  
jury went into a thorough investigation of matters  
and examined many witnesses according to re-  
ports, and they are in position to know a great  
deal about conditions that most of us can merely  
guess about. This body of twelve men we venture  
could, if allowed to do so, tell you a great deal  
about your boy and girl that you would not believe,  
and which you never dreamed they were indulging  
in, and the suggestion we offer is that you keep a  
good deal closer tab on them than you have in the  
past. You may treat this lightly, and in fact pass  
it by, believing that your big, brave son and your  
angel daughter is too good to be implicated in any-  
thing that is questionable or wrong, but your boy  
and girl are human, and they are just as apt to be  
led astray by evil companions as any body else  
and it would be well for you to know if they are  
joy riding or overloading cars—by this statement  
we mean that a car built for two should not carry  
two boys and two girls more than its capacity. You  
know! The Grand Jury knows, and refers to this  
in their report to the District Judge. This honor-  
able body also calls attention to this reckless driv-  
ing. They realize the danger and suggest that the  
laws be rigidly enforced in this matter. It is a  
good suggestion and the officers should see to it  
that the traffic laws are respected, regardless of  
who, when and where. They also bring to the at-  
tention of the judge some things about the county  
roads that we believe should have the attention of  
the proper authorities immediately, and that is to  
take the matter of road supervision out of the  
hands of the Commissioners. There is entirely too  
much selfishness exercised in the matter of roads,  
and as we see it there will never be satisfactory  
road supervision as long as it is left to the commis-  
sioners to supervise the highways. There is too  
much individual selfishness enters into the mat-  
ter to ever be satisfactory, and the money that is al-  
lowed each commissioner for road supervision  
would go a long way toward paying the salary of  
one man to do this work. There is one thing that  
we believe the grand jury overlooked that surely  
should have the attention of the commissioners'  
court at once and that is the condition of the county  
jail. There is much need of repairs in many ways.  
There are a number of cells that cannot be used at  
all on account of no water and sewer connections,  
and we understand that in order to make the jail  
really safe that considerable work should be done  
on the locks, etc. This is certainly a very impor-  
tant matter and our commissioners should see to it  
that this is attended to at once.

### OLD CLOTHES CAMPAIGN TO BE MADE BY SCOUTS AND R. C.

Lubbock Girl Scouts, working in  
co-operation with the local chapter  
of the Red Cross, will start a cam-  
paign to gather used clothing for  
the use of the Red Cross, Wednesday  
of next week.

They are hoping to gather many  
articles for the use of people in need  
being served by the Red Cross, and  
anyone who knows they will be  
away from home on that date can  
leave the bundles of clothes on the  
front porch, and a troop of Scouts  
will gather them up.  
The Scouts have done much valu-  
able work since their organization,  
and we are sure the people of Lub-  
bock will be glad to lend every as-  
sistance to make this a great day for  
them.

### SIGNS REQUISITION PAPERS ISSUED BY GOVERNOR

Clovis, Aug. 15.—Governor Neff  
of Texas today signed requisition  
papers for John Mark and O. E.  
Hanson, Curry County jail break-  
ers, who were captured at Sweet-  
water several weeks ago, and who  
have been held in the Lubbock coun-  
ty jail, where they demanded re-  
quisition papers before they would  
leave the State of Texas. Hanson  
was brought back to Curry County  
jail last Wednesday and Mark was  
returned Tuesday.

### WILSON ABSTRACT CO. HAS CHANGED LOCATION

Ira Wilson, of the Wilson Ab-  
stract Company, says he should  
worry if the remodeling job now be-  
ing done on the Conley building did  
necessitate his moving, as it was for  
but a little way, and he is now com-  
fortably located in the old Camp-  
bell & Vickers office in the same  
building, just a few feet from his  
old location.

Workmen are making rapid pro-  
gress with the building, and when  
their work is complete will have  
that place looking mighty good from  
every angle.

Mr. and Mrs. R. J. Parsons and  
children, of Amarillo, spent the  
week end at the home of Mr. and  
Mrs. Ed Vaughn.

**To Cure a Cold in One Day**  
Take LAXATIVE BROMO QUININE (Tablets). It  
stops the cough and headache and works off the  
cold. E. W. CROW'S signature on each box, 25c.

Moderation is the languor and  
slouch of the soul, ambition its ac-  
tivity and heat.

### MUCH COTTON IN THE SUDAN COUNTRY

Sudan, Aug. 15.—Sixty-five hun-  
dred acres of cotton is growing in  
the Sudan vicinity, and two thou-  
sands acres more in the Redlands,  
N. M., country. All of it will be  
ginned at the new gin which is in  
course of erection at Sudan. All  
the cotton farmers claim that they  
have never seen cotton grow so fast  
and set on fruit so prolifically as this  
year. It is now predicted that be-  
tween three and four thousand bales  
of cotton will be ginned at Sudan  
this fall and winter.

Sometimes we think a pessimist  
is a man who is a consumer.

### Our Night Shirts are Allright

—just as right as they can be  
(from \$1.75 to \$3.50) but in  
the race with pajamas they are  
always two legs and one lap  
behind.

—Our pajamas for the human  
race (yes, women are wearing  
'em) take the lead because  
they are practical, comfortable,  
common sense garments.

—Good Ones here for \$2 to  
\$3.50.

## Hodges Brothers

Lubbock, Texas.

## A Griffon "beauty" at "thirty-five"

Please don't think we're discussing the age  
of some celebrity. Of course not!

What we mean is one of the "new-comers"  
among the Griffon models for Fall. This  
suit we have in mind is truly a masterful bit  
of handicraft.

The lines are clean-cut—dashingly so. It  
has been tailored with exceptional care, and  
the drape shows it.

But the part we have kept for the climax is  
that it is only \$35.

Don't you want to see it?

### HITS IN PINCHES WINS SECOND FROM AMARILLO

Although the Hubbers and Gassers tied for hitting in Monday's exhibition, the locals bunched their hits more, and took the second of the series from the Amarillo Gassers 3 to 2, making it two straight from them. It was a brilliant exhibition, and wasn't anybody's game at any time until the last man had been retired in the ninth.

Edgar seemingly had a little the best of the hurling against Maples, and was given errorless support.

Umpire, Kuykendall.

### LOCALS DROP THIRD TO AMARILLO TUESDAY

Centrell was hit hard in the pinch-es Tuesday, giving up thirteen bingles and the locals lost the third of the series to the Amarillo Gassers, 6 to 2. Morton hurled airtight ball all the way and was never in danger, giving up only eight hits, which were kept well scattered, and were ineffective, with the exception of the second inning, when Brown's single and a homer by Gober chalked up the only two that Lubbock could count.

### AMARILLO TAKES LAST EVENING SERIES WITH LOCALS

The work of Smith from the mound was effective, and a little too much for the locals Wednesday, and the Gassers took the fourth and last of the series 7 to 3, evening up the series.

Ferguson was touched heavy most of the way through, the first count of the visitors coming in the second when Byers hit a three bagger with two men on and scored on a sacrifice fly. In the sixth they scored again on a double and a single, and in the seventh on five singles in succession they chalked up three more.

The locals counted two in the first stanza on a walk, an error and a single, and again in the fifth on two singles counted their third and last score.

Smith, ace moundsman for the visitors, seemed to strengthen with the progress of the game, striking out thirteen men in the last five innings. The score:

Amarillo	AB	R	H	PO
Moore, ss	5	0	2	1

**A. F. WOODS, LOCAL JEWELER, MOVING TO LUBBOCK**

A. F. Woods, jeweler and optometrist, who has conducted a jewelry and optical store in this city for several years, is moving his store and family to Lubbock this week, where he will engage in the jewelry and optical business. Mr. Woods is an expert jeweler, and one of the best opticians in West Texas, and it is with regret that Haskell gives him up from the ranks of her progressive business men.—Haskell Free Press.

Mr. Woods is now moving his stock of goods and equipment in the new building on 11th Street joining the Texas Land Exchange, and will be ready to meet the people within a few days. Lubbock is glad to welcome anyone here whose intentions will be to establish a permanent business here, and we hope that in Mr. Woods we have gained a citizen of whom the entire town might be proud.

**INDIANA MAN WILL MAKE LUBBOCK HIS SOME SOON**

Mr. C. F. Winkle of La Fayette, Indiana, spent the past week looking over the South Plains with a view of finding a location for his future home.

He owns a large farm in the best part of Indiana and has an offer for it before leaving for the West. After looking over this part of the world he wired his acceptance of the offer on his farm and left the first of the week to go home and close the deal. Before leaving, however, he bought thru the Joe Hess Co., a hundred foot building site, fronting the new High School campus and expects in the near future to build a nice residence for his home.

**SECURITY STATE BANK IN AUGURATES NEW DEPARTMENT**

The Security State Bank & Trust Company here recently created a new department in which will be handled farm loans. This department will be in charge of Mr. Jno. L. Vaughn, who until a few months ago was engaged in the banking business at Lamesa. Mr. Vaughn was for a time connected with the Lub-Tex Motor Company.

We are informed that the new department which will be managed by Mr. Vaughn will operate as an agency for the Dallas Joint Stock Bank and loans through it will be made at 6 per cent interest to farm owners.

**NET REVENUE OF TEXAS RAILROADS SHOW INCREASES**

Austin, Aug. 15.—Net revenues to Texas railroads during the first five months of 1922 totaled approximately ten million dollars, or an increase of more than twelve per cent over the corresponding period last year, according to a report of financial conditions of the roads announced today by the state railroad commission. The increase in profits was \$1,106,570, the report states. Operating revenues for the five months period totaled \$73,692,248, a decrease of 18 per cent over the same period last year, according to the summary. Operating expenses amounted to \$63,716,221, or a decrease of 21 per cent.

**125 PASSENGERS IN CLOVIS STRANDED**

Clovis, Aug. 15.—One hundred and twenty-five passengers are stranded in Clovis as a result of passenger train No. 21 from the west having been stopped here yesterday and today. When No. 21 came in yesterday morning and did not get out there were 80 passengers who were not able to proceed with their journey and this morning there were 45.

**FOR RENT—Three rooms either furnished or unfurnished. 614 Ave. M. T. B. Harris. 50-1f**

**Piles Cured in 6 to 14 Days**  
 Remedies relieve itching, burning or protruding Piles. Usually relieve itching Piles and you can usually sleep after the next application. Price 50c.

S. I. Williams, of Lynn county, was in Lubbock Wednesday and made the Avalanche a pleasant call.

A. F. Anderson, attorney of Fort Worth, was here a part of this week on business pertaining to his profession, and visiting at the home of his cousin, J. W. Jennings, our wide awake County Agent.

## Hot Weather is Battery Weather

Summer's good for batteries just as it is for people—providing they don't get all "het up".

But regardless of warm, easily started motors, heat-thinned oil and so on, you have to look after your battery to keep it fit.

Just drive around and tell us to do whatever's necessary. That's what we're here for.

Same service—same Willard Standards no matter what the make of your battery.

STORAGE BATTERY

**HICKS OF CANYON TO TEACH IN S. M. U.**

Canyon, August 15.—According to the announcements of President J. A. Hill, Rev. John H. Hicks, who recently resigned as pastor of the local Methodist church to accept a position as head of the Old Testament Department in Southern Methodist University at Dallas, will deliver the Commencement address at the West Texas State Normal College Auditorium on the evening of August 25th.

The Commencement exercises will be confined to one address by Rev. Hicks. There will be no commencement sermon on August 20.

Come to Lubbock.

# Our Business is Good

**THERE ARE THREE REASONS FOR THIS**

- 1st. We have prepared for a good business by having the goods our customers want.
- 2nd. We have made the prices so we can either meet or beat our competition.
- 3rd. We have trained our force so we can give just a little better service than it is possible to secure elsewhere.

## Have You Heard the New Victor Health Records?

The set consists of three records—twelve lessons—giving you a set of exercises that will keep you physically fit.

This set is superior in every way to anything else on the market—at the same time, it costs you less money. Full set of records and complete instructions for only \$3.00. Will play on any Victrola.

Let us show you this wonderful physical culture set.

## Second Estimate of Cotton Yield Placed at 11,449,000 Bales Shows Small Decline From First—70.3 of Normal

Washington, Aug. 1.—This year's cotton crop was placed at 11,449,000 bales of 500 pounds gross weight in the second forecast of the season announced today by the Department of Agriculture basing its estimate on the condition of the crop July 25, which was 70.8 per cent of normal.

There was a decline of four points in condition from June 25 to July 25, the condition of June 25 having been 71.2 per cent of a normal—on which the first forecast of the season gross weight was based. The average change in the last ten years between June 25 and July 25 was a decline of 3.9 points.

The condition of crop on July 25 by states follows:  
Virginia 80, North Carolina 78, South Carolina 60, Georgia 54, Alabama 70, Florida 65, Mississippi 74, Louisiana 70, Texas 72, Arkansas 81, Tennessee 85, Missouri 90, Oklahoma 75, California 95, Arizona 86, New Mexico 85.

The acreage of cotton abandoned to July 1, was summarized at 7.1 per cent, the Department announced in a supplemental statement issued in response to Senate resolutions. County agents reported 80.2 per cent and reporters of the crop reporting board estimated 71.3 per cent of the total acreage was infested by the boll weevil.

The final outcome of the crop, the department announced may be larger or smaller than forecast today as conditions developing during the remainder of the season prove more or less favorable than the average.

Year	Crop	Cond.
1921	7,953,641	64.7
1920	13,439,603	74.1
1919	11,420,763	67.1
1918	112,040,532	73.6
1917	11,802,375	70.3
1914 (Record)	16,134,390	76.4

**Cotton Carry-Over Shrinks**  
New Orleans, Aug. 1.—The carry-over from one season to another of American cotton shrank in a record breaking manner during the cotton year ending yesterday, according to the annual statistical statement issued today by H. G. Hester, secretary of the New Orleans Cotton Exchange.

Mr. Hester put the carry-over from the season just ended at 4,904,000 bales against 9,364,000 a year ago.

World's consumption of American cotton he placed at 12,804,000 bales against 10,830,000 last year. The commercial crop of American cotton he counted at 11,653,000 bales against 11,377,000 last year.

The carry-over figures were considerably smaller than expected by most traders and brokers in cotton.

### WHY PEOPLE BUY RAT-SNAP IN PREFERENCE TO RAT-POISON

(1) RAT-SNAP absolutely kills rats and mice. (2) What it doesn't kill it scares away. (3) Rats killed with RAT-SNAP leave no smell, they dry up inside. (4) Made in cakes, no mixing with other food. (5) Cats or dogs won't touch it. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Cole-Myrick Hardware & Implement Co., and City Drug Store.

### RANGER GUARANTY BANK BUILDING SOLD

Ranger, Aug. 9.—O. D. Dillingham, president of the Peoples State Bank, has confirmed the rumor that his bank has purchased the Guaranty State Bank building.

No alterations in the building are contemplated. The name of the building will be retained.

### CAUSE OF APPENDICITIS

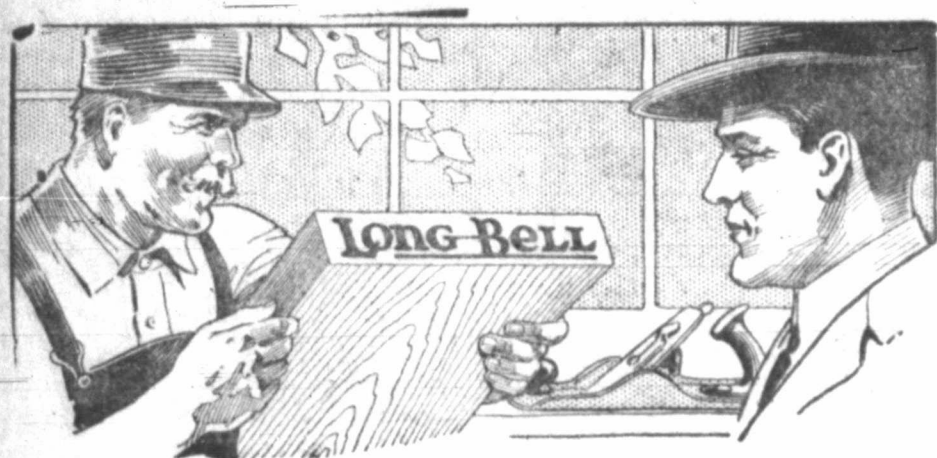

When the bowels are constipated, the lower bowels or large intestines become packed with refuse matter, that is made up largely of germs. These germs enter the vermiform appendix and set up inflammation, which is commonly known as appendicitis. Take Chamberlain's Tablets when needed and keep your bowels regular and you have little to fear from appendicitis.

### ANTHRACITE COAL SALE

All parties wanting anthracite coal see us in the next few days for coal to come in September.  
46-4 Jackson Brothers.

### No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

### NOTICE OF SHERIFF'S SALE

In the District Court of Lubbock County Texas; Morton J. Smith vs. J. N. Rice, et al:

Whereas, by virtue of an Order of Sale issued out of the District Court of Lubbock County, Texas, on the 24th day of July, A. D. 1922, on a judgment rendered in said court on the 13th day of June, 1922, in cause No. 1566, in favor of Morton J. Smith as plaintiff, against the defendants, Ura Embry, J. N. Rice, W. E. McClendon, J. A. Blackwell, W. R. Thorp, Mrs. T. L. Moody, and E. A. Moody, and in favor of the defendants, Mrs. T. L. Moody and J. A. Blackwell, on their cross-actions against the other defendants, I did on the 26th day of July, 1922, at 10:00 o'clock a. m., levy upon the following described tract of land, to-wit: The Northeast Quarter (NE 1-4) of Survey No. Twenty-two (22), L. & S. V. R. R. Co., Certificate No. 29, Block "D," containing 160 acres of land, situated in Lubbock County, Texas, and being the same land described in said judgment and order of sale, and on the 5th day of September, 1922, being the first Tuesday of said month, between the hours of 10:00 o'clock a. m., and 4:00 o'clock p. m., on said day, at the Court-house door of Lubbock County, in Lubbock, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said defendants in and to said property.

Witness my hand at Lubbock, Texas, this 26th day of July, A. D. 1922.

44-4F C. A. HOLCOMB,  
Sheriff of Lubbock County, Texas.

Miss Vera Furby, of St. Louis, arrived Monday to take up her work with Mrs. L. H. Barkham in millinery trimming. Miss Furby has been in Lubbock throughout several seasons, and has many friends here who are glad to welcome her to the city, and who congratulate Mrs. Barkham for securing her services in that work.

### DROUGHT IS HURTING CROPS OF RANDALL

Canyon, Aug. 10.—The extreme heat and the continued dry weather is damaging crops in parts of Randall County, especially the row crops such as maize, corn, kafir, etc. A rain fell in the west part of the county the first of the week and an abundance of rain in the extreme southwestern section of the county, and it is reported that very little damage has been done to crops in that section, but around Canyon it is very dry and crops are being damaged considerably.

Although the crops near here have been damaged considerably, many believe that if we get a good rain within the next few days the yield will not be cut short very much.

### \$8,000 BUILDING FOR SWEETWATER

**SLIDE LOCAL NEWS OF THE PAST WEEK**

We are having some very dry weather here the past few days. The farmers are all busy cutting their feed as it is burning up for the want of rain, and some are plowing their cotton where there was a shower a few days ago.

Mr. Lonnie Williams and sister, Lavenia made a flying trip to Seymour the latter part of the week and Mrs. Williams and children returned home with them.

Messrs. Geo. Richey and wife, J. R. Parker and wife, spent Tuesday night with Mr. Richey's father of near Slaton.

Mrs. R. W. Harrist left the first part of the week for Goree to visit relatives and friends.

Miss Thelma Foster and Mr. Ray Medlock from near Lubbock were in our vicinity Tuesday visiting friends.

Mr. Hugh Wiseman from Belton visited at the Davis home a few days the first part of the week.

There was a party given at the home of Mr. and Mrs. W. J. Bounds on last Tuesday evening. There was a large crowd present and everyone enjoyed themselves very much.

Messrs. Sealy and Ernest Pervis were at the store Wednesday afternoon.

Messrs. Ruben Norvell and family, F. M. Herrow and family, went over to the Canyon near Slaton camping and fishing for a few days.

W. B. Copeland and family returned from Jones county the first part of the week after visiting with relatives at Stanford.

Mr. Edd Schroeder and family spent Wednesday with Mrs. Schroeder's parents, B. E. Sumner and wife.

Mr. and Mrs. J. C. Stags returned home the first part of the week after visiting relatives at Abilene and other points east.

Messrs. Jess Goosby, I. J. Davis, J. C. Stanford and family and Mrs. Wade were in town transacting business the first of the week.

Mr. Luther Harris and three sisters, and the Misses Sealy's were visitors at the Morris home in the Woodrow Community.

Cecil Williams from Lake View, was at the store Monday.

Mr. J. B. Stanford and family from near Lubbock visited relatives in the Community Sunday. Mrs. Stanford's sister, Lou, went home with them to spend a few days.

B. T. Sumner and J. N. Farr were business visitors in town Monday.

Mr. D. L. Stanford and family visited relatives Sunday.

Mrs. Dean and family, and Mrs. Estes from Lubbock, visited at the Williams' home Sunday.

Most all of the young people of the community attended church at Woodrow Sunday night.

Mr. R. A. Wisener and niece, Freddy Wisener, attended the B. Y. P. U. program at New Home Sunday night.

Mr. Tom Hughes and family and Mr. and Mrs. George Busby visited relatives near Slaton Sunday.

Mrs. Alfred Williams and family from Cross Plains came in the latter part of the week to visit relatives for a few days.

Mr. Haden Bateman's relatives from East Texas are here for a few days a visit with him and his family.

**John Deere Row Binder With Power Bundle Carrier**

This year, all feed stuff is short, hence will be hard to handle. It will take a binder that can go down and get the short stalks.

The John Deere will elevate and bind shorter stalks than any other binder made. With its extra middle elevator chain and the throat spring control the John Deere can elevate the short stuff in better shape than any other machine.

The power bundle carrier is the greatest labor saver ever put on a corn binder. It requires no effort to dump the bundles and delivers the bundles clear of the path of the horses. Team not worried down by walking over bundles in their path. No torn-up bundles caused by horses walking over them.

The Quick turn truck relieves team of neck weight and makes turning at ends of rows easy.

The machine for long life and efficient service.

## Progressive Business Men and Able Sign Painters Are Making Lubbock Most Attractive City in West Texas

"Butterflake" Martin, owner of Lubbock's famous bakery and confectionery, advertises his business with a view of also advertising the town.

Recently he employed H. H. Jons, local painter, to put two signs at the top of his windows which are the most beautiful and appealing in Lubbock, and also the most expensive.

We do not want to get exact in quoting Mr. Jons' sign prices, but do want to give Mr. Martin credit for spending something in the neighborhood of one hundred dollars for that work, and in talking with an Avalanche reporter he expressed the opinion that that was one of the best investments he has made for some time.

"Those signs do credit to my business, and to Lubbock, and though the rice may seem high, I appreciate Mr. Jons' ability to do such work, and am glad to have had the opportunity to have had that work done by a home man. I consider him one of the best painters in West Texas, and am glad to say

that I believe he is responsible in a large degree for the neatness of most of our business house fronts, as everywhere he places a sign there is something attractive about that place that makes Lubbock appear just that much better," he said.

The Avalanche has been intensely interested in beautifying Lubbock, and when anyone does as much toward that end as have Messrs. Martin and Jons, we are glad to make mention of their work.

Mr. Martin and the other fellows along Broadway, are certainly making Lubbock show up. L. E. Hunt just last spring placed an electric sign over his business, nine by three feet, and there is an individuality about each business along that block that is good to come in contact with.

We like to live in a town where the fellows are as big-hearted as they are in Lubbock, and it does us good to know that their methods not only prove beneficial to the town, but that their businesses are growing beyond the average, and Lubbock and her people are advancing at the same rapid rate.

It would require a good many columns for us to relate the many unselfish things our businessmen have done for Lubbock's betterment, which in all probability is the propelling force that is making this city lead.

### KANSAS CITY MARKET

Kansas City Stock Yards, August 14, 1922.—Thirty thousand cattle and 5,000 calves arrived today, the largest supply thus far this season and in excess of a year ago. Grass fat grades predominated, and prices were steady to 15 cents lower. Fed cattle were rather scarce and held strong, top \$10.60. Demand for stockers and feeders was fairly active. Hog prices were strong to 10 cents higher. Sheep and lambs sold readily at steady prices.

**Today's Receipts**  
 Receipts today were 30,000 cattle, 11,000 hogs and 6,000 sheep, compared with 28,500 cattle, 11,000 hogs and 5,000 sheep a week ago and 28,900 cattle, 8,200 hogs and 6,200 sheep a year ago.

**Beef Cattle**  
 Because of the heavy receipts lower prices were anticipated but an active demand developed at the outset and the market ruled steady to strong for all the desirable killing classes and choice kinds whether grass fat, wintered, or full fed were stronger. Some country buyers were taking the common kinds at the low price level of last week but the principal buying was in the better classes.

**Stockers and Feeders**  
 In some cases stockers and feeders sold 10 to 15 cents lower, but the bulk of the offerings was steady at last week's decline. Demand was large. Some country buyers were taking the common kinds at the low price level of last week but the principal buying was in the better classes.

**Hogs**  
 Packers and shippers were in the hog market early and prices ruled strong to 10 cents higher, exceptions more in the heavy grades. The top price was \$9.60 and bulk of sales \$9 to \$9.55. Demand had a considerably broader outlet than a week ago, and a further advance is expected late this week. Pigs were

25 to 50 cents lower at \$9 and \$10.

**Sheep and Lambs**  
 Sheep were steady and lambs active and strong. Both Western and native lambs sold up to \$12, ewes up to \$6.75, and grass fat wethers \$6.75. Offerings were sold out early.

**Horses and Mules**  
 Demand for horses and mules showed a moderate increase and prices ruled firm. Some dealers believe that demand will increase materially in the next two weeks.  
 CHAS. M. PIPKIN,  
 Market Correspondent.

### FORT WORTH MAN IS BOOSTER FOR WEST TEXAS PLAINS

C. W. Broyles of Fort Worth, was here the first of the week on business. He has been coming to the Plains for some time, and we are glad to know that he is a booster for this country, and boosts it in a way that is really effective, for he realizes a few of the disadvantages as well as the advantages and is enabled to give those with whom he discusses the Plains a plainer idea of what to expect out here. "You make more from the farms out here in one year than the farmers in East Texas makes in three years, but it seems that something hinders this country from being prepared for the drouth seasons, and as a result businessmen and farmers are for a while so badly discouraged at conditions that it is practically impossible for some of them to keep from becoming restless and dissatisfied, as a result of which they do the Plains an injustice in expressing themselves unfavorably impressed with possibilities out here, when as a matter of fact they are enjoying better conditions than they realize, and harvest time reveals the fact that they are at a great advantage over conditions elsewhere," he said.

Constructive boosting is worth a great deal to Lubbock county, and we like to have men like Mr. Broyles boost for us.

### SNYDER WOMAN KILLED IN WRECK WEDNESDAY, AUG. 9

Snyder, Aug. 9.—A Cadillac touring car, driven by Loyd Shaw of Breckenridge, Texas, chauffeur for Mrs. Lizzie Heatley of that place, was turned over and wrecked at 4:30 o'clock this afternoon on the highway eleven miles west of Snyder. Mrs. Heatley was pinned beneath the car and so seriously injured that she died while being brought to Snyder.

Besides Mrs. Heatley and Shaw was Mrs. Heatley's 13-year-old daughter in the car. None of the others were injured except for some minor bruises.

According to the driver's story, the car was running about forty miles an hour, when without any warning, it swayed from side to side and turned completely over.

The girl and driver were thrown clear of the car. Mrs. Heatley was pinned beneath the wreck, and it was necessary for Shaw to jack up the car body before she could be removed.

Mrs. Heatley was the wife of John Heatley of Breckenridge and the daughter of Jack Jones of Midland.

She is survived by her brother, Dan Jones of Albany; one son, Bryan Heatley, Magnolia camp, Breckenridge, and her daughter, age 13, who was with her at the time of the accident. Mrs. Heatley was 53 years old.

### A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 50c.

**PARENTS AS EDUCATORS**

**BEANS AND BOXES**  
(By Mary Collins Terry)

It is often hard for the mother to find lasting and pleasant pastimes for her little child. He may be too young to play outdoors alone. During the winter months many

hours a day must be spent indoors. My knowledge of a two-year-old child's play instincts and the use of some very ordinary household material, have developed several occupations which might be found useful and helpful to others.

There are his beloved "Beans." He has already spent days and days with them and still shows a ready interest when they appear from the shelf in the pantry. A little cup of beans, the hard red kidney beans, and a glass dish were the extent of his materials to begin with. He loved to pour these out and refill his cup, becoming absorbed in his occupation for as long as thirty minutes at one time. Later I added a glass fruit jar, and mixed with the red beans some large white navy beans for him to sort out and drop into his jar. This was also found to be a successful experiment, giving training to his powers of discrimination in color and size.

Our "Beans" lend themselves to many occasions. They were the means of keeping two little visitors happy while the mother, who had left them in my charge, went to town. She told me afterwards that she has borrowed the idea for their playtime at home.

My son's irrefragable desire to pound the chairs and tables or hammer on the furniture with almost any article he could get hold of led to another occupation. The material this time consisted of a box which the grocery boy had left, a good sized nail, and the coveted household hammer. Although he does not do anything so far but fit the nail in an old nail hole and pound, he is safely giving vent to a growing instinct to handle and wield, in imitation of his elders. Later two or three nails could be given, and still later a bit of board to nail to the box, anticipating future crude but

effective toy making and carpentry. Speaking of boxes, I might mention our "toy house" which was made by nailing together two boxes of the same size, one above the other. This is kept in the kitchen because the children are often playing here during the time that meals are under way or kitchen work being done. This low and convenient place having been provided for them toys formerly left discarded on the floor are kept picked up and stowed away in the toy house. One shelf holds a large basket of little things "jim-cracks" of all descriptions so easily lost and so dear to every child's heart. The rest of the space is given to a box of blocks, dolls and balls, while a few old magazines and picture books are kept on top. The house is enjoyed by the children, and is a big help to Mother in keeping her rooms in good order.

**PLAINS TOWNS SHOW A GREAT BUILDING ACTIVITY**

Rufus Wright has returned from a trip to Plainview, Lubbock and other points on the Plains. He reports about 35 new residences and numerous business places going up in Lubbock, much building in Plainview and a live civic spirit as manifested in numerous organizations such as Rotary, Lions, Chambers of Commerce and other clubs. "What they get up there they have to go after, but they are sure getting it," said Mr. Wright.—Sweetwater Reporter.

**HOT WEATHER DISEASES**

Disorders of the bowels are extremely dangerous, particularly during the hot weather of the summer months, and in order to protect yourself and family against a sudden attack, get a bottle of Chamberlain's Colic and Diarrhoea Remedy. It can be depended upon. Many have testified to its excellence.

J. E. Whipp, son of Mrs. Ollie Whipp of this city, returned last Sunday from Fullerton, California, where he has been employed for the past year.

**TO THE VOTERS OF LUBBOCK COUNTY**

November 26, 1920.

Hon. J. H. Moore,  
County Judge,  
Lubbock, Texas.

Dear Sir:

The Attorney General is just in receipt of yours of the 15th inst., in which you state among other things that at the last general election C. A. Holcomb received 54 votes as Sheriff and 8 votes as Tax Collector and 1260 votes as Sheriff and Tax Collector of your county. You also state that S. C. Spikes received 1087 votes as Tax Collector.

From previous correspondence we understand that the 1910 United States census showed your county to have a population of less than 10,000. But after the primary election and before the general election, a certificate was issued by the Director of Census showing your county to have a population in excess of 10,000 inhabitants. Under these circumstances you propounded the following questions:

1—This being the case, whose bond should the Commissioners approve for this office, and to whom should I, as County Judge, issue certificate of election for these offices?

2—Should I issue certificate of election to C. A. Holcomb as Sheriff and Tax Collector, or should I issue certificate to him as Tax Collector? Should I issue certificate of election to S. C. Spikes as Tax Collector?

3—In the event that bonds are presented to the court, should they approve bonds in accordance with the votes cast, or should they approve bonds as stated below.

(a) Holcomb as Sheriff and Tax Collector, or as Tax Collector, should he present a bond made out in that form; in other words could he under the present status choose which of the two offices he would assume duties?

(b) Should he approve the bond of Spikes as Tax Collector?

(c) Or should he approve all of

the bonds and let the court decide which is entitled to which office?

Under the facts here stated your county was not entitled to elect or could not legally elect one and the same person the office of Sheriff and Tax Collector. There being no such office to be filled in your county by election or otherwise, at such election.

On the contrary the county was required to elect and have two different persons for these respective offices. That is, one as Sheriff and the other as Tax Collector. (State Constitution, Sec. 23, Art. 5; State Constitution Sec. 16, Art. 8; R. C. S. 1911, Arts. 7119, 7120, 7605, 7606, 7607.)

Under these facts you are advised that in the opinion of the Attorney General, Mr. Holcomb is entitled to the office of Sheriff of that county, and is entitled to a certificate of election to that office, and has the right to qualify as Sheriff of that county, in the manner prescribed by law, but that he is not entitled to a certificate of election to the office, nor to a certificate of election as Tax Collector, also that he has not the right to choose between these two offices, as to which he will accept. You are also advised in the opinion of the Attorney General, S. C. Spikes, is entitled to a certificate of election to the office of Tax Collector in your county, and has the right to qualify as such in the manner prescribed by law. For your further information we are enclosing herein a copy of the opinion No. 20249, rendered by this Department September 11th, 1920, addressed to Peyton B. Randolph, and there is in which the question raised by your inquiry are discussed at some length.

Yours very truly,  
W. W. CAVES,  
Assistant Attorney General.

To The Voters of Lubbock County

Greeting:  
The above and foregoing article, speaks for itself, and shows clearly that I was elected to the office of Tax Collector of this County, during

the year of 1920. I was installed as Tax Collector of the County however, after a long hard-fought suit for the office was decided in my

favor, and have actually had possession of said office since in April of this year.

Being a lifelong Democrat, I am naturally a candidate for re-election for a second term to the office, solely upon my own merits, and not upon the DEMERITS of some one else, and because I know that I am competent and qualified to fill the duties of the office.

At my OWN EXPENSE, I have employed a competent and reliable assistant, for NO MAN can be at the office every hour in the day, six days a week, twelve months a year, therefore the necessity of an office assistant, in order that I may give you the VERY BEST SERVICE POSSIBLE, and give it when you come for it, so that it will not be necessary for you to call a second time for the same service.

—Considering the means at my command, I have contributed liberally to all worthy causes presented to me, or coming to my notice, including needy individuals, churches, schools and railroad bonuses, and only regret that I was not able to give more.

Lubbock is my future home, whether elected or defeated, and the BEST COUNTY IN TEXAS, it is good enough for me, as is proven by the fact that I have lived in Lubbock continuously for 27 years, during which time I have had no desire to move away, and I hope to see Lubbock County continue to develop and come into notice and prominence more and more each and every year in the future.

I am indeed thankful to every one that aided me during the year of 1920, and at the July Primary of this year, and believe that you will by your majority vote, nominate me again for a second term of office in the Second Primary Election on August 26th, and for which I shall again feel very grateful, for the office is a gift of the people and I desire to be your obedient servant for another Two Year Term, and am sincerely yours,  
S. C. SPIKES.

**Hot Weather Saps Vitality**

**Ironized Yeast Will Restore it Quickly**

Do you feel all "dragged out"? Can't sleep? Appetite poor? Does ordinary mental or physical exertion leave you exhausted? Do you wake up feeling "all in"? These are dangerous symptoms. For they indicate that the heat is sapping your energy, strength and resistance, and leaving you easy prey for all sorts of sickness.

The thing to do, if you want to overcome fatigue, and build energy at once—is to take two Ironized Yeast tablets with each meal. Then watch the results. Before you know it that exhausted feeling will have completely disappeared. You will be able to tackle all kinds of hard work—and actually enjoy it. You will be amazed at the wonderful things it will bring. Get it today. To buy Ironized Yeast entirely free, send a 3-cent mail postcard for Famous 3-Day Test, Address Ironized Yeast Co., Dept. 93, Atlanta, Ga. Ironized Yeast is recommended and guaranteed by all good druggists.

**Sliced peaches with Kellogg's Corn Flakes!**

Can you imagine anything so good to eat early on a warm morning or for lunch as sliced peaches and milk, all-cold and fine—and Kellogg's Corn Flakes, crispy and delicious!

Eat plenty of Kellogg's Corn Flakes and fruit and know the happiness of feeling sprightly, despite the heat! Kellogg's Corn Flakes are exactly the sort of a diet you need. They are not only satisfying, but nourishing as well and just wonderful for little folks, in particular, because they digest so easily.

Be certain to get Kellogg's Corn Flakes in the RED and GREEN package bearing the signature of W. K. Kellogg, originator of Corn Flakes.

**Kellogg's CORN FLAKES**

Also makers of KELLOGG'S CRUMBLES and KELLOGG'S BEAN, cooked and branched.

**Women, Here's Your Chance to Buy**

IN MILADY'S REALM

BY MRS. CURTIS A. KEEN
Residence 1119 Fourteenth St.

A thought for today—
"Sum up at night what thou hast done by day,
And in the morning what thou hast to do.
Dress and undress thy soul."
—George Herbert.

"Leave the young hearts to nature and to God,
Leave the young tendrils where they will to twine;
Where violets blossom, and white snowdrops nod,
Fall April dews, where April's sun-lights shine,
Gathered the ripened corn, if yet

some ears
Are left for faltering hand and patient care;
But for the darlings of decaying years,
Leave them along in all save love and prayer."

Society reaches its lowest ebb during the summer months and even the most social butterfly in all the world gladly welcomes the quiet rest and joy that comes from vacation time—whether it be spent in the New Mexico mountains, in true camp style, in the wonderland of Colorado, or perchance basking in California sunshine. For those who have returned from their various summer haunts, refreshed and rested in mind and body, there is a desire to slip out to the old swimming hole rather than to concentrate on the most becoming gown to wear for a certain party. And so it goes— with the exception of an occasional club party, the society page is a minus quantity in these days—and just in case we lose our corner in the Avalanche altogether, let's have a report of every swimming party, picnic and—well, just everything that happens.

Auction Bridge Club
Mrs. O. L. Slaton was hostess to the Auction Bridge Club on Tuesday afternoon, when they met at her home for the regular meeting.

Miss Margaret Smith has returned from Post City, after several weeks jolly vacation.

Mrs. D. Jarvis is reported quite ill, for the past two weeks, at the home of Mrs. Benson.

Mrs. O. L. Slaton is in Seagraves for a few days.
Mr. and Mrs. Friend have returned from a delightful vacation in Colorado Springs, also visiting Denver, Colorado, and enjoyed the beauty of the famous Estes Park. At El Povinger, a picturesque camp near Las Vegas, they visited friends.

Mr. and Mrs. Karper are home again after a splendid vacation in the mountains of New Mexico.

Mrs. W. B. Cummings and little daughter, Billye Clayton, returned Sunday, after spending the past two weeks visiting Mrs. Cummings' grandmother, Mrs. G. M. Clayton and family of Tahoka.

Mrs. Claude Hurlbut Entertains
Mrs. Claude Hurlbut delightfully entertained a little sewing club Wednesday afternoon, after which delicious refreshments were served to: Mesdames Harold Griffith, C. C. Pearson, Krueger, Cummings, of

Torpid Liver

Black-Draught "has no equal for headache, sour stomach, torpid liver and feverish colds..." declares Mrs. Annie Whitmore, of Gate City, Va. "It is easy to take and does not gripe, as a lot of medicines do," she adds. "It is good to take in a hot tea for colds, or can be taken in a dry powder. I can't say enough for Black-Draught and the sickness it has saved us."

Theford's BLACK-DRAUGHT

has been found a valuable liver medicine, in thousands of homes. "I do not use any other liver medicine," says Mrs. Mary O. Brown, of Europa, Miss. "It is splendid for sour stomach, a bad taste in the mouth or torpid liver. I keep it all the time, use it with the children and feel it has saved us many dollars in doctor bills and many days in bed."

Insist on the genuine—Theford's.

Dallas, McAfee, Elmer Conley, Russell Myrick, and Misses Mayme Alexander and Mary Meador.

T. E. L. Class
It is said that variety is the spice of life so on last Sunday, the T. E. L. Class of the Baptist church, of which Mrs. Haynes is teacher, invited Mrs. Moore's Young Men's Bible Class and Mrs. Ballinger's young Married Women's Class to have their lesson with them.

Mrs. Archie Hall had tastefully decorated and arranged the classroom for the visitors. Mr. Gunn opened the service with an appropriate song, which was followed by prayer. Mrs. Hankins then in a few well chosen words, made the visitors feel they were welcome, to which Mrs. Ballinger responded in such a pleasing manner that we felt they were glad to be with us.

Mrs. Moore ably conducted the lesson on the beautiful story of Esther and her heroic sacrifice for her people.

Each one present seemed to get inspiration from the service and felt that more meetings of this kind would draw us closer together and give us greater zeal for the Master's work.

Miss Cora Lee Bickle, of Fort Worth, is visiting Miss Minnie Coker at her home on 19th Street. Miss Coker has recently moved to Lubbock from Coleman, Texas. She will teach in the Canyon school this coming year. We welcome these young ladies to our city.

FIVE POUNDS GAINED IN WEEK BY GIRL SCOUT

According to a member of the local Girl Scouts organization, the amusement features of the program carried out in Lubbock have been more than a source of a lot of fun. They have been really helpful to the physical and mental health of the members, some of whom have gained in quickness of thought and physical proportion.

One of the scouts, it is claimed, gained five pounds in one week by following closely the instructions in the Scouts Health Manual. The member was and has been for some time, twenty pounds below the standard weight for her years, and seeing the need of gaining the much needed weight, decided on following the manual to a letter, the above gain being the result.

"There is no need of anyone with enough energy to follow the instructions laid out in the scout books suffering with bad health; if they are not too old to be recuperated at all," is the way one of the scouts expressed her confidence in the enlivening work.

Miss Margaret Huff, Piano and Voice. Studio will open August 15th. Phone No. 203. 45-9

AT THE CHURCHES
St. Paul's Episcopal Church. Sunday, August 20th, Church School 10 a. m., Miss Mabel Marsh, Superintendent. 11 a. m., morning Prayer and sermon. Rev. Milton of Swift University of the South. Since this is Mr. Swift's last service, a full attendance is requested. John W. Showell, Rector.
Woman's Missionary Society. On Monday, August 7th, the Society met in regular business session at the church. Mrs. Tubbs presided and after reading a short Bible lesson and having a prayer and song, the president asked for reports of officers. It being a time when a great many of the officers and members are on vacations, in spite of the fact it was an interesting meeting. It was with deep regrets that the Society accepted the resignation of our President, Mrs. Tubbs. We feel we could not have had a more faithful, consecrated woman at the head of our Auxiliary and it is indeed a loss to the Society when she is our president no more.
Last Monday, August the 14th was Mission Study Day for our Society and as our book has been finished we took up the study of our conference minutes of the Stamford meeting. It was quite an interesting lesson, under the leadership of Mrs. Kimbro.
Our next meeting will be a social meeting and the place will be announced later. We hope to see all present at these meetings and soon we will all have our vacations and be back for real work again.
C. P. C. E. Program August 20, 1922.
Subject—Good Examples.
Scripture—2 Chron. 24:15-19; 26:3-5.
Leader—Edna Peek.
Leader's Talk.
Song.
Prayer.
Daily reading of the Word: Neh. 8:18—Dimple Ford.
Who is the greatest example for us all—Lou Cramer.
What example should we avoid?—Kate Slover.
Song.
Daily cross to bear: Luke 9:23—Avery Crume.
Talk on subject—F. W. Groce.
Daily prayer: Psalm 76—Lee Cramer.
How are we good examples to others?—Mrs. Baker.
Daily praising the Lord: Psalm 72:15—Joe Hames.
Song.
Bible drill.
Benediction.
First Presbyterian Church
Regular services at this church next Sunday.
