MONDAY-TUESDAY

This production consumed nearly six months in the making and it is declared to be as nearly a perfect masterpiece of the silent drama as time, money, acting and good direction could produce.

**MOODY NEWS ITEMS OF THE PAST WEEK**

The rain that looked so certain when we wrote last, failed to materialize in proportion to our expectations. What rain we've gotten seems to be coming on the installment plan and on very small payments at that.

Mr. Nickell and his cousin, Mrs. Morris, who is visiting them, were in Meadow Wednesday transacting business.

The baby of Leonard Tharp has been quite sick for several days. The family of J. L. Tharp, who have been spending several days visiting friends and relatives at Sla-

ton, returned Thursday. Mrs. Bob Swafford returned Thursday from a visit with her daughter, Hazel Evans, of Ropes. While there Mrs. Swafford also attended the meeting in progress at that place.

E. B. Boyd is sufficiently recovered from an attack of fever to admit of the dismissal of his nurse last Wednesday. Dr. Morehead of Meadow has been the attending physician.

Newt Copeland and Leonard Tow both candidates for tax assessor, have been electioneering with Moody people the past week.

Ulis King and Bertha Palmer made a business trip to Ropes Thursday. Miss Anna Lou Tharp spent Saturday with Miss Beryl Cheney.

Beecher Swafford spent Sunday with Weldon Teague.

Claud Havens has been making arrangements to have the Javall Camp painted. Several have been figuring with him but we failed to learn who got the contract.

Quite a lively crowd gathered at the Nickell home Wednesday evening to enjoy some splendid music and games.

John Swafford made a business trip to Brownfield Monday.

Mrs. Claud Havens and her sister Miss Beryl Cheney visited in the Bob Swafford home Sunday.

Mrs. Tharp visited Mrs. Teague Saturday afternoon. Mr. and Mrs. Mullins and son, of the Hankins' Ranch, were visitors at the store Saturday.

Among Meadow visitors Saturday were: T. R. Teague and son, Weldon, Beecher Swafford, John Swafford, Ulis King and Mrs. White.

Mr. and Mrs. Gentry Murray and little daughter, Justine, spent Sunday with Mr. and Mrs. Elliott.

Mrs. G. W. Tharp was transacting business in Lubbock the latter part of the week.

Mr. Al Slaughter and wife, of Dallas, who have been taking a summer vacation at the Zavalla Camp on the Slaughter Ranch, left Thursday for their home. While here, Mr. Slaughter had a Radio system installed whereby one could listen to the latest music from various places over the State and many other points. Beecher and Don Swafford spent Sunday night with Kenneth Chism and John Hart.

Mr. and Mrs. Elliott and children, visited Sunday evening in the home of Prof. Teague and wife.

The family of Mr. Morris, who have been spending a week with Mr. Nickell's family, left Monday. They are to visit a few more points and then return to Moody this fall.

Mr. and Mrs. Goodrich, of Loveland, are spending a few days with the Bob Swafford family.

Moody was entertained three days the past week watching the boys ride wild horses. The bronc riders were: Clay Walker, Sari Nickell, Charlie Forgus and Tom Vanzandt. All the boys did some splendid riding, especially did Tom Vanzandt, as he is an experienced rider having ridden in a show for four years.

**NEW HOPE NEWS OF THE PAST WEEK**

A good rain would certainly be appreciated.

Mrs. S. P. Eoff and daughter, Winna, returned home Saturday from a two weeks' visit with relatives and friends at Winters, Texas. They report a very enjoyable trip.

Mr. and Mrs. S. D. Pate and children were in town Saturday afternoon.

Miss Ettie McDale is visiting at the home of her aunt, Mrs. Fred Barton, of the Carlisle Community.

Messrs. Cecil Richardson and Rena Griffin were in town Saturday.

Mr. and Mrs. Elay Eoff visited at the home of her parents, Mr. and Mrs. L. N. Barber, of the Wilson Community Sunday and Sunday night. They were accompanied home by their cousin, Miss Ethel Barber, who will visit a few days.

Mr. and Mrs. S. C. Borland and family were in town Saturday afternoon.

Messrs. S. P. Calvin and Elay Eoff were in town Saturday.

Most every body is busy canning fruit and vegetables just now.

Mrs. J. C. McDale and children visited at the home of her parents Mr. and Mrs. S. P. Eoff Sunday afternoon.

Mr. J. C. Roberts and son, Cleo, were in town Saturday.

Mr. and Mrs. N. Rhoades were in town Saturday.

What the Irish need most is not a president, but a referee.—Life.

**MONROE NEWS ITEMS OF INTEREST THIS WEEK**

The Baptist meeting is now in progress. Mr. McCasland of Lubbock conducts the song services, and Pastor Tennyson and Mr. King attend to the preaching. The meeting opened Friday with a small audience but it has been increasing from time to time. There was a large crowd Sunday.

About thirty guests took dinner in the Karr home Sunday. Several of the guests were from Vaughn. They had some good music, and many returned to Monroe for Sunday School in the afternoon.

Adrian Merrill, who is in school at Canyon, was at home last week. He is doing splendid work, as his grades will show and will soon be home again.

Headrich Batey, a brother to Mrs. C. C. Stephenson and Mrs. T. H. Cox, arrived Tuesday night. He came from his home in Bonham, through the country in a Ford in two days. This is his first trip here since the war broke out.

Claudia and Floyd Matheny write home that they like Wilbarger county fine, especially the entertainments of the young people. We wish for them a pleasant and profitable visit.

Monroe and Idalou played a baseball game at Idalou Saturday. We lost by a score of 5 to 3. This is one of the first defeats our team has met. We have an excellent team and the score is often as it was last week, namely, one to seventeen.

**LITTLEFIELD EXCELS IN CHICKEN BARBECUE**

Littlefield, Aug. 15.—Every community excels in something, and it has fallen to the lot of the Littlefield community to become proficient and build a reputation for chicken barbecue. Two reasons may be given for this. The first is that chickens grow to perfection in this country and there are a great many of them. Second, the people here are very sociable and one of the chief diversions is for a congenial crowd to go over to Goat Dam, where there is a beautiful lake, enjoy a good swim, and regale themselves with barbecued chicken, which is admitted by epicures to be the piece de resistance of all meats. A third reason may be assigned as this Shaw, that genial salesman of this town, who has become so proficient in the art of barbecuing chicken that his fame has spread abroad. The Commandery at Lubbock, Texas, at their annual home coming event on August 21, have employed Mr. Shaw to furnish barbecue and serve 175 chickens to the Sir Knights.

Do not, for one repulse, forego the purpose that you resolved to effect.

**BRIEF ITEMS FROM VARIOUS WEST TEXAS POINTS**

Rule, Aug. 15.—Work is progressing on the cotton compress being built here. The press will be ready to operate with the incoming crop.

Sweetwater, Aug. 15.—The new bonded warehouse being built by W. H. Jobe, on the Santa Fe industrial property, will be completed by December 1. Mr. Jobe announced today. It will cost about \$10,000.

Snyder, Aug. 15.—Without another drop of rain the cotton crop in Nolan county will reach the production of 1921, according to well informed cotton men. In the last two weeks there has been a 40 per cent deterioration, a figure which would be materially cut down by a rain within the next ten days. The outlook now is for a 13,500 bale crop in the county.

Snyder, Aug. 15.—Epworth Leagues in Scurry county have been formed into a county organization

with officers as follows: Mrs. R. A. Walker of Snyder, president; Mrs. Biggs, Union Chapel, secretary; Miss Vertna Hudson, Hermleigh, treasurer; Miss Willie Fern Curry, Snyder, press agent.

Rising Star, Aug. 15.—The Planters Gin here is undergoing considerable repair in expectation of a good fall run, according to H. R. House of Okra. Last year the crop was extremely small. Mr. House has received a carload of bagging and ties for the gin. All gins here expect good runs this season.

Comanche, Aug. 15.—Business interests are meeting the conditions of the city looking to the paving of the business streets for which a bond issue of \$20,000 was voted sometime ago. It is proposed to spend \$60,000 for paving here in the near future.

The U. S. Shipping Board ought to change its name to The American Bar Association.—Life.

## NOT ONLY A SAFE PLACE—

The Lubbock State Bank is more than just a safe place to keep money, it is a safe place to do business. It accommodates its customers in many ways besides protecting their funds.

Still progressive, yet still trodding the beaten path of conservative banking.

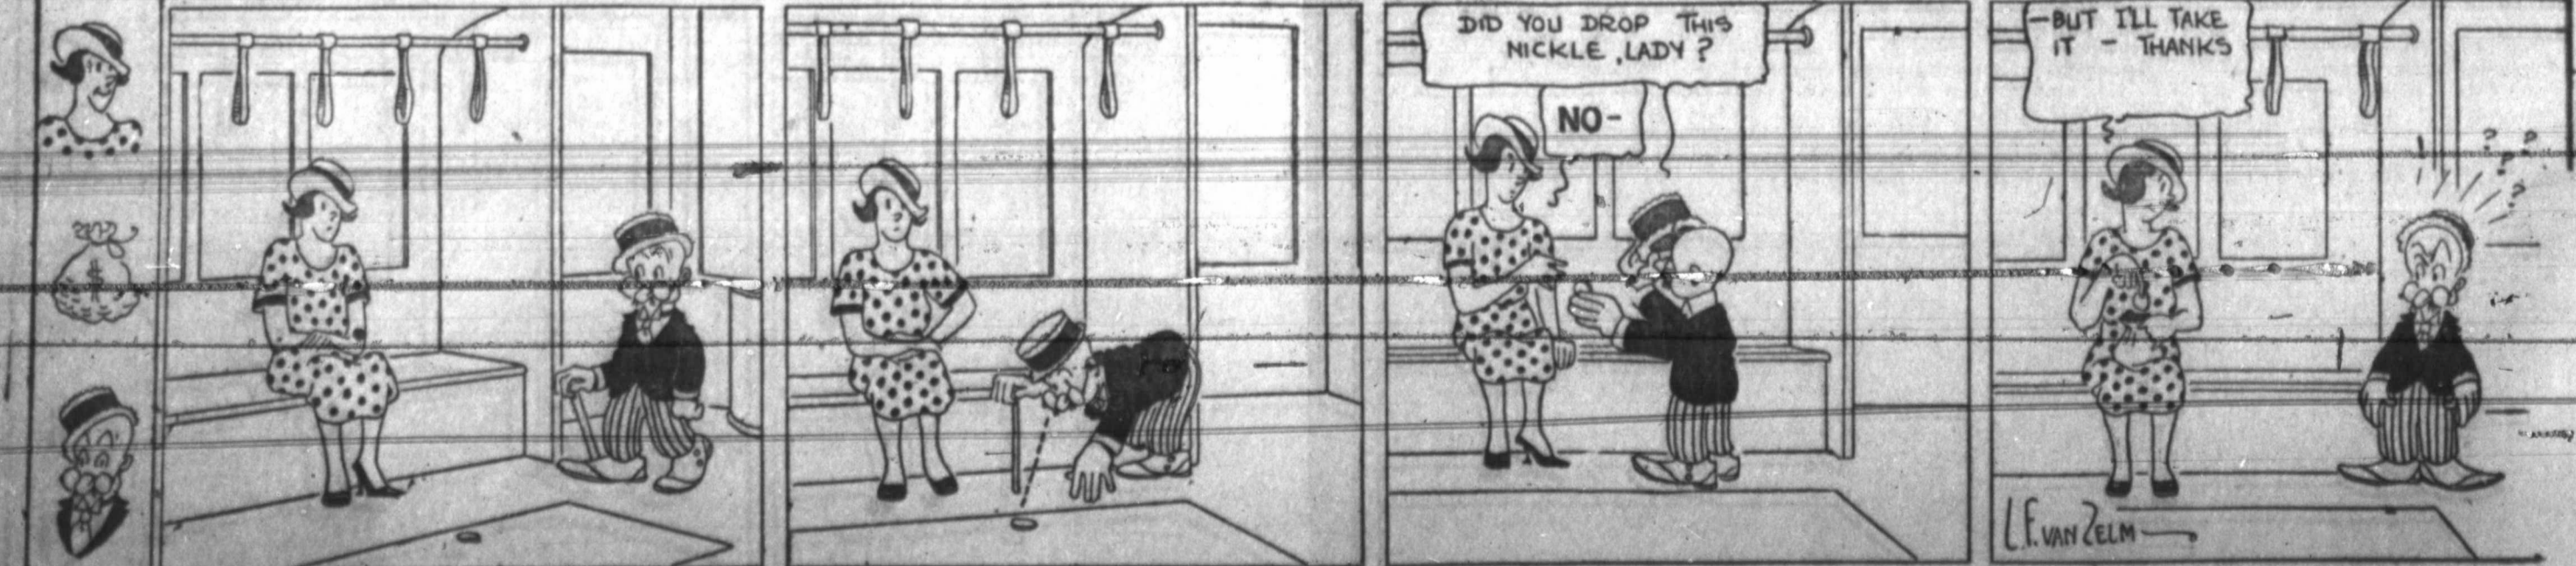

Witness to these facts are those hundreds of customers who have done business here for many years and the thousands who entrust their business here today!

Umpire, Kuykendall.

Second Game: Score by Innings: Clovis 010 000 020-3 5 0 Lubbock 000 000 010-1 0 3 Summary: Run, Langford; two-base hits, Clapp, Flagg, Langford; struck out by Edgar 5, by Burleson 9; base on balls, off Burleson 1; sacrifice hits, Brown, Gober; stolen base, Earnshaw; wild pitch, Edgar; passed ball, Erwin; time of game 1:20. Umpire Kuykendall.

HUBBERS TAKE OPENING GAME FROM SWATTERS Lubbock took the opening game from the Sweetwater Swatters Sunday in a slugfest, 8 to 5. Richburg was pounded from the mound at the end of the seventh, after twelve hits and eight runs had been made off him. His worst inning was the fifth when two singles, a double, and a homer by Gober over the center field fence, netted the locals four runs.

Table with columns AB H PO A for Lubbock and Sweetwater players, including Clapp, Flagg, York, Langford, etc.

Summary: Innings pitched, Richburg 7, Frierson 2, Cantrell 9; errors, Flagg; hits of Cantrell 8, off Richburg 12; off Frierson 8; home run, Gober; three-base hit, Pipkin; two-base hits, Clapp, Grubb, Swenson, Bupp, Shell, Robinson, Richburg; struck out by Cantrell 6, by Richburg 2; bases on balls, Cantrell

TWO GAME WITH SWEET-WATER GOES TO SLATON On account of the insistent urge of the people of Slaton for a transfer of some of the West Texas League games to that place, it was decided that the last two games of the Sweetwater series, which were scheduled here yesterday and today, would be transferred there.

THRILLS AND LAUGHS IN "REPORTED MISSING" The much talked of picture, "Reported Missing," comes to the R. & R. Lindsey Theatre, Monday and Tuesday. This Selznick picture, in which Owen Moore is starred is really one of those super-productions we hear so much about but rarely see.

HARVEY GRUBB, SHORTSHOP IS SIGNED UP BY HUBBERS Harvey Grubb, shortstop out of the T. & O. League, has been signed by the Hubbers in a statement issued here yesterday by Manager Allen. Grubb comes from Corsicana, having been made a free agent there at the recent breaking up of that League.

BASEBALL SUMMARY Thursday's Games: Lubbock 001 000 001-2 6 4 Sweetwater 120 000 300-6 8 3 Morgan and Swenson; Burleson and Erwin.

Friday's Games: Lubbock 022 500 10x-10 11 3 Clovis 100 000 001-2 6 2 Wooldridge and Swenson; Mickey and Erwin.

Saturday's Games: First game: Lubbock 000 000 010-1 10 3 Clovis 010 000 020-3 5 0 Ferguson and Swenson; Sewell and Erwin.

Second game: Lubbock 000 000 1-1 4 0 Clovis 000 000 0-0 4 0 Edgar and Allen; Burleson and Erwin.

"THE RED PEACOCK" Admittedly one of the biggest emotional photoplays seen here in many months is "The Red Peacock," a new Paramount picture starring Pola Negri, the famous European screen star, which comes to the R. & R. Lindsey Theatre next Thursday.

Rippey and children, Mr. and Mrs. Laney Stovall, all of Ralls.

Dr. Pillion having traveled much over the country during the past few days is an authority on crops at this time. He says that throughout our territory cotton, some of it he feels, will make from a half to three quarters of a bale per acre, while there are crops that will make from an eighth to one-fourth, provided no more rain falls, should rain fall at an early date, then cotton would mature something like an average crop.

On Wednesday, the 9th instant, a large number of the Shaw families, and their relatives enjoyed a picnic on Blanco Canyon, the place selected being under the shade trees bordering the Canyon on the Rev. Joe Day farm, in the southern part of Floyd county.

Under these facts you are advised that in the opinion of the Attorney General, Mr. Holcomb is entitled to the office of Sheriff of that county, and is entitled to a certificate of election to that office, and has the right to qualify as Sheriff of that county, in the manner prescribed by law, but that he is not entitled to a certificate of election to the office, nor to a certificate of election as Tax Collector, or also that he has not the right to choose between these two offices, as to which he will accept.

LAMESA

From The Reporter
A scaffold on the front of the Jones building in course of construction with two men and about a ton of brick fell Monday and strange as it may seem did not hurt any one more than a few skinned places. Tom Houston and Pete Dillard were both on the scaffold and boys brick and any took their chance but Tom alone received a few scratches while Pete hung on to the top of the brick wall and let it go down beneath him.

RATTLE SNAKE MEASURING 5 FEET, 10 INCHES KILLED

Mr. and Mrs. Elmo Vest were in town Thursday from their home on the O. L. Slaton ranch, twenty miles southeast of Lubbock, where they brought photographs of a huge rattlesnake killed at their place Monday night, which was found within a few feet of where they were eating supper, Mrs. Vest having discovered it before it reached the camp, made quick use of a shotgun, and eliminated one of the most dangerous reptiles known to the people of this section.

The Attorney General is just in receipt of yours of the 15th inst., in which you state among other things that at the last general election C. A. Holcomb received 54 votes as Sheriff and 8 votes as Tax Collector and 1260 votes as Sheriff and Tax Collector of your county.

Under the facts here stated your county was not entitled to elect or could not legally elect one and the same person the office of Sheriff and Tax Collector. There being no such office to be filled in your county by election or otherwise, at such election.

Under these facts you are advised that in the opinion of the Attorney General, Mr. Holcomb is entitled to the office of Sheriff of that county, and is entitled to a certificate of election to that office, and has the right to qualify as Sheriff of that county, in the manner prescribed by law, but that he is not entitled to a certificate of election to the office, nor to a certificate of election as Tax Collector, or also that he has not the right to choose between these two offices, as to which he will accept.

The above and foregoing article, speaks for itself, and shows clearly that I was elected to the office of Tax Collector of this County, during the year of 1920. I was installed as Tax Collector of the County however, after a long hard-fought suit for the office was decided in my favor, and have actually had possession of said office since in April of this year.

Being a lifelong Democrat, I am naturally a candidate for re-election for a second term to the office, applying upon my own merits, and not upon the DEMERITS of some one else, and because I know that I am competent and qualified to fill the duties of the office.

At my OWN EXPENSE, I have employed a competent and reliable assistant, for NO MAN can be at the office every hour in the day, six days a week, twelve months a year, therefore the necessity of an office assistant, in order that I may give you the VERY BEST SERVICE

POSSIBLE, and give it when you come for it, so that it will not be necessary for you to call a second time for the same service.
Considering the means at my command, I have contributed liberally to all worthy causes presented to me, or coming to my notice, including needy individuals, churches, schools and railroad bonuses, and only regret that I was not able to give more.
Lubbock is my future home, whether elected or defeated, and whether or not Lubbock County is the BEST COUNTY IN TEXAS, it is good enough for me, as is proven by the fact that I have lived in Lubbock continuously for 21 years, during which time I have had no desire to move away, and I hope to see Lubbock County continue to develop and come into notice and prominence more and more each and every year in the future.

#### ROTARY NOTES

(By L. T. Martin)

Between fifty and sixty Rotarians and their guests met at the Manhattan Parlor for their weekly luncheon Wednesday, and was entertained by a very instructive program put on by the entertainment committee of which Eric Posey was chairman. Before President Rix turned the meeting over to Mr. Posey he had the secretary introduce the visitors. He then called upon Roscoe Wilson to instruct Mr. Duering in the principals of Rotary. Mr. Duering was elected a member of the Rotary Club and will make a valuable member. He then called on Skeeter Hunt to make an attendance report. Skeeter informed the members how that they could bring our attendance

average up. Members should mark their cards when they are present, otherwise they are marked absent and it cuts down our attendance. When away from home they should see to it that their attendance at the visiting Club should be reported to the home Club, as it counts for attendance just the same as if you had attended the home Club. Members bear this in mind so as to bring our attendance record up with the State Association.

President Rix had several communications in regard to the Inter-City Meet that is to be held at Plainview August 22. The Amarillo and Plainview Clubs are to play a game of baseball after the luncheon. Governor Singleton of the Texas District will be there and make a talk to the Club. A committee of Skeeter Hunt, Butterflake Martin and O. L. Peterman was appointed to see how many would attend this meeting.

O. L. Sensabaugh was called upon to tell about how he was going to handle his Boy Scouts at the Country Club next Friday evening. He explained that he was taking them for a hike at the Country Club and wanted to serve them a picnic luncheon at 7:30 in the evening. President Rix appointed L. T. Martin, Walter Posey and E. L. Robertson, committee, to assist Sensabaugh with the boys and to see about getting the luncheon for them. The individual members of the Club was requested to volunteer to prepare a luncheon for the boys and enough responded to assure the boys a good eat. Butterflake Martin volunteered to furnish the bread and pies and was heartily applauded for his liberality. The committee does not feel that Mr. Martin should do all this but the boys will be glad to get the pies just the same.

The meeting was turned over to Eric Posey, chairman of the entertainment committee, who called upon Bennie Hilburn for Town Topics. Bennie said that it was hard to get Town Topics but in attending the open meeting of the Rotary Club last Friday evening, Ringville put on a program, all of those participating in the Ringville program dressed for the occasion with the exception of R. L. Douglas, whom he said just tried to look natural. Another of the Ringville artists was Dr. J. T. Hutchinson, who has the reputation of being the coolest debater in Rotary. In speaking of Jersey Posey, he said he had the habit of leading girls to the altar and then handing them over to some other man. Eric said there was a merit in this idea in as much as the man that he handed them over to would have been better off if he hadn't got them. Before leaving, Ace May made an agreement to send Hilburn one-half of the fish that he caught; Hilburn thought that that might be rather expensive to pay either the postage or the express on the fish, but Ace told them that in car loads they came cheaper.

Some fisherman! Dr. Duering was called upon to respond to a talk in regard to the service in his Post-office. He has made application for City delivery of mails, but explained that they could not expect this service until they had a better system of connecting sidewalks. He has also made application for a larger office. He told the Club members how they could assist him by addressing their letters properly, seeing that they were properly stamped, etc., before mailing. The Doctor is trying his best to improve the service and from what he says, I am sure that we can look for improvement as he is able to inaugurate and enforce his rule.

Jimmie Dow, of the Avalanche, was called upon to make a talk as to why his friend, Jim Ferguson, should be elected to the Senate. His talk was very amusing, and many things said in jest in regard to the candidates that were absolutely facts. He ended his talk by saying that the Senatorial race reminded him of the two eggs served to the patron of the restaurant, "They were both bad."

Highpockets Keen was called upon to represent his candidate, his friend, Earle B. Mayfield, opponent of Jim Ferguson, for the Senate. He said he didn't wish to deal in personalities but talked about the different candidates, calling their names at all times. His talk was very amusing. He said that you could tell the kind of a candidate Jim Ferguson was by the man who was representing him. He was of the same opinion as Dow, that "they were both bad."

H. H. Griffith was called upon to respond with a talk of his trip to Fort Sill, and responded as follows: "Battery C, 131st Field Artillery entrained for Fort Sill, Okla., July 27, with three officers, Lieuts. Bouillion (commanding), M. M. Mitchell, H. H. Griffith, and thirty-seven men. Picked up Battery A at Plainview, Battery B, at Amarillo, D. Battery of Wichita Falls, and Service Battery of Abilene, at Vernon. With five Batteries from five other Texas towns forming the 132nd Battalion, they went into training. Entire equipment for the Battery was drawn from Fort Sill. This included four French 75's, their caissons, four caisson sections and about sixty head of horses.

"The first week was devoted to instructions in care of horses and material, and use of same. There was also considerable time set aside for pistol practice.

"The second week was used in actual firing of the French and American 75's. It takes six men to fire one of these guns to say nothing of the officers who figure the necessary data. Our boys proved excellent gunners and would sit on a 75 with its forty-inch recoil with as much ease as we would shoot an air rifle. It was necessary to arise at four a. m. in order to have the battery in position by seven a. m.

"The conduct of every boy was beyond reproach. There was no breach of discipline and the boys all made excellent artillerymen. They returned August 12th."

E. E. Sands, of Houston; Julian Montgomery, of Wichita Falls, and J. F. Carter of Temple, were called upon for extemporaneous talks. The following is the list of visitors: E. E. Sands, Houston, Lon Dalton, Dallas, M. Griffin O'Neal, Dallas, were guests of Martin S. Ruby; L. C. Ellis, guest of F. N. Payne; Ed Inman, guest of L. C. Montgomery; E. H. Rowley, guest of Chris Harwell; H. H. Griffith, guest of Jed Rix; Austin F. Anderson, guest of J. W. Jennings; E. L. McCarter, guest of Curtis Keen.

### Boy Scouts Hiked to Country Club Grounds for Encampment Friday Evening, Returned Saturday

Tramp, tramp, tramp they went! the streets of Lubbock. The time was Friday evening, at about five o'clock, when troop No. 1 of the-

cal Boy Scouts started to the Country Club grounds on a hiking, encampment and fun feast evening and night.

The good Rotarians of Lubbock and their wives certainly didn't let that bunch of boys go along without something to go for, as more than thirty-eight lunches were prepared and delivered to them at the supper hour. The Lubbock Produce Co. donated a stalk of bananas for this occasion. Those bananas were certainly appreciated by the boys. They went like chaff in a high wind is the way O. P. Sensabaugh, drill master, expressed the quickness in which the boys did away with that bunch of bananas.

Almost one hundred percent of the membership was present, and before leaving they voted unanimously to take three "Cubs" along. (A cub is a fellow not of scout age, but who has sand enough to join with his bigger brothers in the sport).

Scout Master Showell spent the night with the boys, and early Saturday morning they hiked home. The County Club management's liberality in giving the use of the grounds to the boys is to be appreciated, and we are sure the boys will always have a high regard for them, and the Rotarians.

At five o'clock Wednesday evening a Cub Troop will be organized, according to Mr. Sensabaugh, Rotary committeeman, boys from nine to twelve, inclusive, being eligible to membership in that troop, and we are sure an enthusiastic group will assemble at the armory, the meeting place, to get their names on the roll.

Lubbock, August 19, 1922.

To Whom It May Concern: There being some question as to the facts relative to the time of filing of the certificate from the United States Census Office as to the population of Lubbock County, upon which the offices of the Sheriff and County Tax Collector was separated, I desire to make the following statement:

The records in the office of the county clerk of this county show that the preliminary certificate showing the population of this county was received September 30th, 1920, it expressly states that it is a preliminary certificate and is subject to correction. The final certificate, which is the official one, bears date at Washington November 10th, 1920, and was received and filed in this county November 18, 1920, and was not received here prior to the general election of that year.

At the present term of the district court Mr. Spikes brought suit against me to recover the fees of the Collector's office for the past year, this case has been tried but up until this time no judgment has been rendered but is now under advisement by the court.

### AT THE CHURCHES

**Methodist.** Rev. Charles Ferguson preached Sunday, proving himself an able pastor, and his many friends were glad to have the opportunity to hear him. The morning congregation was especially large, and the evening service attendance somewhat above the average. Sunday school attendance was good for this time of the year. And the work some of the classes are doing was especially noticeable. The young men have worked their class to a high attendance mark, and seem successful in keeping it there. Lubbock's young fellows are an admirable lot when taken collectively, and the things that class is accomplishing is wonderful indeed.

With great activity on the part of each member in getting the attendance record in fine shape proving successful, that class is taking its place among the big ones of the school, and has surpassed some of the best working classes in membership. The new books are splendid and the school appreciates them.

**Baptist.** In the absence of Rev. Bowen, the laymen conducted the services at the church Sunday evening, T. W. Sawyer conducting the service which was greatly added to by the splendid numbers rendered by the choir, directed by Prof. S. A. Gunn.

The meeting was one of the best ever held in the church, and the efforts of the laymen in making it so are to be looked upon with favor by all.

Kemsey Miller, cartoonist, added greatly to the talk made by Mr. Sawyer, with appropriate pictures of the places mentioned in his talk.

**Church of Christ** "How to build up the Church," was the subject discussed by Evangelist Arceneaux at the morning hour. The most important of all subjects he stated: "Building up the church in the community in the hearts of individuals is the shortest road to the greatest good one may do in the world. It is also an investment in our own good more directly. The embodiment of Christ's ideals in the hearts of men and women produce Christians who are the highest type of citizenship. I cannot understand how one can leave Christ's commands and go wild over a political or social scheme of man, the propagation of which has never yet made a heaven on earth." The church, the divine organization can be made the most efficient piece of machinery on earth, by each member doing his part gladly. If you want to build up the church in Lubbock, observe these simple rules:

Attend it Up—Heb. 10:25: You are spiritually blind if you think you can be a good Christian and not go to church regularly.

Talk it Up—Take some one to church Sunday night, who needs the gospel and thus help encourage the preacher, instead of staying at home yourself.

Teach it Up—"Study to show yourself approved unto God," that you may be able to teach. Know what you believe and be able to give a reason for your hope.

Preach it Up—When the Jerusalem church because of persecution was scattered abroad, they went everywhere preaching the word, thus establishing other churches. Every Christian should be able to teach privately at least.

Pray it Up—Rom. 15:30: Strive together with me in your prayers to God for me. Pray one for the other—exhorting one another daily. Pray without ceasing.

Pay it Up—"Give as the Lord has prospered you." If everyone did this we'd have to call a business meeting to start work again on the meeting house.

Clean it Up—"Withdraw yourselves from every brother that walks disorderly."

Live it Up—"Be a blessing in your neighborhood." Live honorably before all men. Let your light so shine before men that they may see your good works and glorify your Father in Heaven.

**POST CITY COUPLE MARRIED HERE SUNDAY AFTERNOON** J. Shirley Robbins and Miss Leola Bass, of Post City, were married at the home of Mr. and Mrs. W. E. Lyle in Lubbock Sunday afternoon at 2:30 o'clock, Rev. Jack M. Lewis, pastor of the First Presbyterian church of this city, performed the ceremony.

**WELL KNOWN SOUTHLAND MAN DIED SUNDAY EVENING** The many friends of Ed Payne, of Southland, were grieved at his death, which occurred at his home there Sunday, August 20, at 3 p. m.

Deceased was born February 18, 1874, and has been a citizen of Southland for the past six years, where he had entrenched himself in the hearts of his many acquaintances.

He leaves a wife and two children, a boy four years old, and a girl two, other relatives and a host of friends to mourn his loss.

The remains were shipped to his old home, Olney, Young county, Texas, by the Simmons Company, of Lubbock, where he was laid to rest in the family cemetery.

Mrs. J. A. Hughes and children are in Hereford visiting her parents, Mr. and Mrs. E. J. Newell, and Mr. Hughes' mother, Mrs. G. A. Hughes.

## Annual Picnic and Rodeo at Lovington, N. M., Aug. 28-29-30

August 28, 29 and 30th, in Lovington, New Mexico, will be live ones in that fair city, according to a circular received at the Avalanche office Saturday.

The Lovington people are repeating that annual picnic and rodeo stunt which has in a good many ways made that little city famous, with the same line of splendid prizes for the various stunts.

Lovington will "feed the key of the town to a water dog" for those three days, throwing the doors of the city open to the people from everywhere, offering them three days of the liveliest amusement anyone could wish, according to the circular, and we are sure that anyone fortunate enough to attend will learn that that city can show something of the rodeo days in a realistic manner which will be hard to equal.

Calf tying, goat roping and cutting contests, broncho riding, steer riding, round-up wagon race, and other features are to be listed among the prize winning contests.

A big free barbecue will feature the second day, and baseball on all three days will be main features.

Better cut that summer vacation talk short, make it snappy, get the old boat out and start to Lovington in time to be there for the very start. We are sure those people will not fail their reputation as entertainers of the true western class, and if they don't you will have a good time.

Lovington will welcome you, and in case you should have an opportunity to attend we will write another friend to Lovington's book of visitors.

You are welcome and urged to take advantage of the opportunity to partake of Lovington's hospitality.

Dr. Ferguson, in Conley Bldg., is still making those splendid fitting plates at fifteen dollars. Phone 535.

Don't fail to read the Avalanche.

**The Immutable Formula**  
One hundred years ago, the world was on the verge of a tremendous development of the mechanical sciences. Fifty years later, invention was in full swing. Men had become intoxicated with the wonders of natural science, but in discovering the Universe were in danger of losing their souls. We forgot that the things we were finding had always been; that we were discovering physical forces, not creating them. Pride took possession of us. We laughed at the simple faith of our fathers. We trod our little earthen ball as gods and worshipped our own intellects—the new idolatry. We ate the apple of the Tree of Wisdom; the name of that apple is Pride. And we were hurled out of Eden. Today, 12,000,000 men or more lie dead because we thought we

could rule Nature, could not rule ourselves. We are groping uncertainly through the temple we reared to the worship of ourselves. Attila came out of the East and has returned, but the city of our pride has fallen. On its ruins let us build another city, a fairer city, a city not built on changing scientific theories, but on that insistent command that thundered around the world from Gallilee: "Love thy neighbor as thyself!" Unless our civilization and all the works thereof be built on that immutable formula, all the discoveries of all the professors of all the universities in all the cities in the world will be forgotten, presently, and as utterly destroyed as the walls of Hion. "Things that need our attention" was the topic of the Fair program at the meeting held at the Manhattan Parlor Thursday, and in spite of the fact that apparently nothing has been left undone for Lubbock's betterment, those on the program still were well supplied with suggestions for future work, and that meeting was snappy throughout. Prof. E. R. Haynes was to speak on "How we can help our schools," but being a typical Kiwanis buck-passer tipped that job off on his good friend, Prof. Jerry Martin, formerly of Slaton, and one of the best known school men in this section of the State, who did justice to the subject, declaring that if we do anything big for our local schools, we must assist the State Institutions, and received much applause when he expressed the opinion that the West Texas State Normal at Canyon was one of the best educational institutions in the state, and emphasized the fact that we should do everything possible for bettering the equipment of that school. Changing teachers promiscuously was also given a hard hit by the alert professor. "I have had my greatest trouble where, being superintendent of a school for a series of years, had to accept the board of trustees actions in changing teachers in almost every department, making the things I had done to work up the school to the high standard I thought it should go, an every year job, which caused much lost motion throughout the term," he said. Prof. Haynes didn't lay down on the job by any means, as he gave the members an accurate account

of the school work which has been done here, but as we used his argument for an article in the last issue will not repeat the facts as laid down by him. The advantage of getting the Kiwanians and Egarians back of the South Plains Fair, was discussed by Judge P. F. Brown, who expressed the opinion that the fair will not be the success it should unless every individual in each club offers his services to the committee responsible for the work. "If we impose the entire responsibility of making that fair 'go' upon the selected few who have thrown themselves into this work with a determination to do something, we are laying down on the job, and certainly such attitude toward a proposition of this magnitude would not be becoming to members of Clubs such as the Rotary and Kiwanis," he declared. Judge Brown was opening the path to the Fair program to be held Thursday, that entire luncheon to be so full and overflowing with fair propaganda that it will be physically impossible for one of the members to stay through it, without having definite understanding of his responsibilities in the matter brought forcibly upon him. The people of Lubbock are attempting something of great bigness in the fair proposition, and while indications are that Lubbock county will continue to lead without much assistance, her people can lend a hand in many ways, and making a go of the fair is the biggest job of all, for at the present rate of growth the fair will within ten years reach unexpected proportions, and rank high as a West Texas annual event. "How we can help the Hubbers Win," was the subject assigned Easy Morgan, and though he spent several hours in mental agony trying to produce a solution to that great problem, and showed, when called upon, that he was a nerve-racking messiness, he, for the first time in his oratorical history, failed to find anything of Ancient History origin to throw any light upon the subject, and very commendably confessed inability to offer any suggestions whatever. In spite of the trouble which that task has necessarily brought upon him, Easy went there with the goods with a little announcement about a Watermelon Feast to be enjoyed by the Kiwanis and their friends at the Tumble N Tuesday evening at seven o'clock. This bids fair to be a great time for all, and we are sure anyone will not disappoint the entertainment committee in failing to comply with the request that they be there. Easy also suggested that bathing suits could be used on this occasion. We certainly don't want to forget that Raleigh Martin, well known coffee cooker, was chairman of the day, and offered much comment on the various subjects discussed. Mr. Martin is one of those fellows who seldom talks without being called upon, and the program committee has long since learned that he is there with the goods when asked to deliver them. Neal Douglass, Jr., W. C. Rylander and Gerald V. Smith were appointed delegates to the Texas-Oklahoma convention of Kiwanis Clubs to be held in Galveston in September, and some of the fellows who doubted their ability to care for themselves in the Surf City suggested that "Hay" Davidson be taken along as a wave guard. For the benefit of our readers who do not know how tall "Hay" is we will say that the suggestion was a good one, and will no doubt be carried out to perfection. The following guests were present, and made interesting accounts of their views of Lubbock: Dr. J. T. Hutchinson, guest of Dr. G. G. Castleberry; H. W. Broughton, guest of A. W. McKee; A. S. Robbins, guest of S. P. Robbins; C. W. Beene, guest of Percy Spencer; Dr. M. H. Starnes, guest of Dr. W. E. Craven; Prof. Jerry Martin, guest of E. R. Haynes; A. A. Stewart, of Tempel, Oklahoma, guest of C. E. Maedgen; Rev. W. M. Lewis, of Houston, Texas, guest of his son, Jack M. Lewis.

of the first class, this work being looked after by Raymond Barrier, the general manager, who has made a comprehensive survey of advertising possibilities and methods, which enables him to put that personality and individuality into his ad messages to his customers which, coupled with the fact that he is conservative in never offering anything in his advertisements that the goods fail in anywise to measure up to the standard, establishes their confidence in his offers, as a result of which his appeal to them that goods are to be sold at savings is readily answered. Revival meeting now going on, and will continue two or three weeks, Church of God, nine miles south of Lubbock. G. E. Anthony, District Overseer, in charge. H. M. **BARRIER BROS. BUYER IS NOW IN EASTERN MARKETS**

Paul Barrier, of Barrier Brothers Department store, is in the markets at Chicago, New York and other cities selecting the fall and winter stocks of merchandise for that popular store. They are now located in their new home, the old Robinson Furniture Store building, which was remodeled to suit their business, and it is encouraging to know that in that building there is ample room for the expansion of each department to care for the needs of their many customers, and the Brothers are all on the job, each looking after his special department with great painstaking, and the things they are doing along development lines are certainly good to look upon. The Barrier boys are all strong for Lubbock. They have been here long enough to know that nowhere else can a young man find advancement so plentiful as out here, and they are working hard to keep the needs of their customers and the town with the same interest which characterizes their activities—they are for Lubbock and Lubbock is for them, which accounts for the rapidity with which they have grown into one of the well known department stores of West Texas. They are adver-

**Famous Stubbs' Hereford Sale**

The greatest event of the year in the cattle world will be the closing out public sale of Ex-Governor Stubbs' herd of full-blood, non-registered Herefords

**September 11th and 12, Hereford, Texas**

18 miles northwest of Hereford, Texas only 40 miles southwest of Amarillo and 60 miles northeast of Clovis. Nearest railroad point Hereford, Texas on main line of Santa Fe.

**2800 PURE-BRED NON-REGISTERED HEREFORDS**  
This auction sale will dispose of 900 cows, 400 heifers, 375 bull calves, 300 yearling heifers, 250 two-year-old heifers and 60 registered Hereford bulls. In addition, the sale will include 200 two-year-old steers and 300 yearling steers of Stubbs' quality.

**PRIZE-WINNING STOCK AT YOUR PRICE**  
This herd had a foundation stock of wonderful registered cows. For 35 years the choicest blood strains in the Hereford world have been added by use of only registered herd bulls. The Stubbs' cattle have quality to spare. They are great, rugged, heavy-boned, low-down best producing animals in good condition and running uniformly to the best Hereford type. For many years the bull calves have been sold at prices ranging from \$75.00 to \$150.00 per head for range service. The bulls and heifers have been prize winners at the American Royal and have topped the Kansas City market for both weight and price for the day, month and year and for all times previous to that date. This sale will afford you stockmen the opportunity of a life-time to buy seed stock from a cow herd that has been more than a generation in the building. Remember, other men have spent a life-time breeding them for you. Cattle are scarce; GOOD cattle are VERY SCARCE.

**ENTIRE HERD MUST BE SOLD SEPT. 11-12.**  
Sale will be made in parcels. Terms, 12 months' time with 6 percent interest will be extended to parties furnishing approved security. Good railroad accommodations. There will be bargains for all who come. Don't fail to take advantage of this eventful offering. Will hold cattle for 30 to 60 days if purchaser desires. For more particulars, address E. H. # ABERNATHY NEWS

FROM THE REVIEW

Rev. and Mrs. James H. Hunt, Mrs. J. R. Herral and daughter, Miss Wilma, and Miss Winnie Finch, returned Sunday from the Baptist assembly that has been in session at Palo Duro Canyon for the past ten days.

Rev. Hunt reports a large attendance during the entire ten days of the meetings, and on last Sunday the crowd was estimated at about 3,000 people. It was a general get-together meeting for social and church work and much good was done for the church. Each forenoon was spent in class work for the Sunday School and B. Y. P. U., while regular services were held at 11 o'clock and evening. During the series of sermons, preached by noted preachers of different parts of the state, there were about 20 united with the church and more than 25 surrendered for special church work.

The next year's assembly will be held at the same place, but the date has not been set yet. Large plans are being laid for next year which will be the building of a large tabernacle to accommodate several hundred people, together with a second swimming pool to accommodate the visitors, giving them two pools, one for men and one for women.

Rev. Hunt says Palo Duro is becoming a very important summer resort and with a little more needed improvement could be made one of the leading resorts of the state.

Mrs. C. G. Goodman and Mrs. C. H. Bucks attended the Monday's meeting of the Commissioners Court that met in Plainview and to meet with Miss Bess Edwards, and with her, will take up with the court, the matter of appointing a Home Demonstration agent for Hale County. Mesdames Goodman and Bucks circulated a petition in Abernathy last week for signers petitioning the court for such an agent, and met with success in getting names on the petition. This idea has been maturing for some time and these ladies seeing the need of one in this county, got busy at once and armed with the petition from this precinct will do all in their might to induce the commissioners to make this appointment.

Mrs. Goodman, who recently returned from the Farmers Short Course at College Station, studied the matter while there and saw the work those agents were doing in other parts of the state, and at once got busy for one to be appointed for this county. These ladies will be joined by others in the county and will make an effort for this appointment to be made.

Miss Edwards will also be there to lend her aid, and with their combined efforts they are pretty certain to get what they want.

A very unexpected wedding took place last Wednesday afternoon when Miss Myril Thomas and Mr. A. C. Bryan, two of Abernathy's young people, were married at Lubbock. Some friends, with members of the bride's family, accompanied the couple to Lubbock, where the ceremony was performed. They returned immediately after the wedding to the home of the bride, where they will make their home until Mr. Bryan can arrange for a place in town.

Mrs. R. W. Stevens and little daughter Madine, arrived Saturday in response to a telegram sent from here that Mrs. Stevens' father, Dr. McBride, was very sick. On their arrival they found the doctor much improved and who is now on the streets again.

Mr. and Mrs. Otto Stolley left Sunday morning for Denver, Colorado, for a few days outing in that city. Mr. Stolley will make an effort for immediate delivery of several cars of coal for the Farmers Elevator Company, to prevent a fuel famine in Abernathy this winter.

The City Garage, formerly owned by Campbell and Bryan, changed hands this week, Mr. Bryan taking over the interest of his partner, this making him the sole owner of the business. Mr. Campbell will remain in Abernathy for the present.

Rev. J. T. Howell, accompanied by relatives from Dallas, went up to Palo Duro Canyon Monday, returning Tuesday afternoon.

C. H. Williams and J. B. Day returned Friday from the Muleshoe country, where they spent several days investigating the irrigation system in that country. They found the proposition very satisfactory and say in some parts where they visited they found as much as two hundred acres being irrigated from a ten-inch well and think the same thing could be done here by going to the second strata of water.

The Santa Fe Company has a force of men and teams at work extending the switching capacity in its yards here. The new switch is extending north on the east side of the track for about three-quarters of a mile. This station is getting to be quite a passing station and requires more switch room to let the long trains pass that often meet here. It is frequently the case that freights have to be cut into for trains on the main line to get by. After the new siding is complete this congestion of trains will be done away with.

Mrs. H. S. Guthrie, sister of Mrs. J. T. Arnett, arrived last week from her home in Burnett, to spend a few weeks here for a rest and visit.

Mrs. Hix and daughter Edna, are here from their home in Big Spring, on a visit to Mrs. Hix's brother, Mr. T. J. Potts, who lives three miles southeast of Abernathy.

Mrs. Welcome Ragland returned Saturday from Coleman county, where she has been the past two weeks visiting with friends.

After a few days of confinement to his room, Dr. J. B. McBride is again able to be on the street and ready for work. He wants to thank his friends, near and every, for their kindness and attention while sick and assures them of his appreciation.

Henry Vinyard and family, accompanied by Henry's mother, left Wednesday morning in their car for a two months visit with relatives in California. They go prepared to camp on the trip whenever it suits and are looking forward to a pleasant trip. They will be accompanied by Henry Struve, who goes to that state with the expectation of locating.

Miss Mayme Ripley, who graduated from the Abernathy high school last term, and who has been attending the summer normal at Canyon, returned home last week after seeing

curing a second grade certificate from that institution and will probably teach some where near Abernathy this term of school.

Messrs. E. E. Howell and Allen Law, brother and brother-in-law of Roy J. T. Howell; T. C. Merrill, brother of Mrs. Howell, and Mr. Bennett, were here from Dallas and Benton counties last week prospecting. They were well pleased with this section, and three of them expect to return and invest here later.

Charley Schuler was in town from Petersburg Monday, on business. He says the country is dry in his part but that the cotton is holding up fine in spite of the drought. The farmers around his town say they are safe for a quarter of a bale per acre and some farms will make more.

Mrs. J. T. Howell and children, expect to leave for Dallas on a two weeks visit next Monday morning. They will be accompanied by Mrs. Howell brother, Mr. T. C. Merrill, who has been visiting in this section for the past week.

Abernathy has been enjoying a water-melon feast for the past week with home grown melons. These melons were raised by the farmers near town and sell readily on the street and to the merchants at a very fair price.

Mrs. J. O. Jones received and unloaded Monday a car of corn shipped in from the north and is storing for feed. Mrs. Jones expects to put on full feed about 200 head of hogs this fall. She has had made and placed in her feed pens self-feeders for this purpose which will eliminate considerable work in feeding.

The Methodist District Conference will convene at Hale Center next Tuesday, August 22, at 9 a. m., and will be in session until Wednesday night. Several from this locality expect to attend.

Several of the young people of Abernathy, with two or three married couples as chaperones, spent Sunday and Monday at Post City, for two days outing, enjoying the scenery along the Car Rock and the bathing in the swimming pool at Post City.

Messrs. Bartlett, Adkinson and Higginbotham, were in Abernathy Monday, inspecting their lumber yard at this place. Mr. Smith, their manager here, informs us that they are considering some needed improvements in this yard in the near future, in the way of sheds, etc.

The seven-year-old son of Robert Goule fell from a horse one day last week and sustained a broken wrist. He was brought to the doctor who dressed the arm and the little fellow is resting very well at this time.

V. Stambaugh is being kept at home these days suffering with a bad foot. Some eight years ago he had the misfortune of sticking a nail in the right foot which was very painful at the time, and it is thought this trouble now is caused from the old wound.

Mr. S. R. Merrill and family, and his brother, M. E. Merrill and family of Lubbock, left Sunday for a few weeks visit to their old home in Missouri.

Mr. and Mrs. Troy Stambaugh, entertained their friends, Mr. and Mrs. Jack Miller, and Mr. and Mrs. Lewis Stambaugh at dinner Sunday.

Rev. James H. Hunt will fill his regular appointment next Sunday at 11 o'clock, and all members are expected to be present, as he will leave in the afternoon to begin a revival a Turkey Sunday night. He expects this meeting to last at least a week.

The Ladies Aid Society will give an entertainment at the church on Monday, August 29, for the purpose of collecting donations for the Buckner Orphan home. They will entertain in the afternoon beginning at 3 o'clock and all who are interested in this work are requested to be present and help in this good cause. The home is in need of clothing for children from 10 to 14 years of age, and especially are needing bed sheets, pillow cases and other bed room supplies. The young married women are especially invited, as well as all others interested in orphans in this home.

Miss Myrtle Embree is here for the week end visit from her home in Plainview, visiting with friends in Abernathy.

The many friends of Mrs. J. O. Jones will be glad to hear that she is improving and will probably be up in a few days.

Misses Lizzie and Eva Vineyard returned home Saturday from a month's visit with friends and relatives in Oklahoma.

### CITATION BY PUBLICATION

THE STATE OF TEXAS, County of Lubbock.

To the Sheriff or any Constable of Lubbock County, Texas:

You are hereby commanded to summon Lem B. Steiger, by making publication of this citation in some newspaper published in Lubbock County, Texas, if there be a newspaper published therein, but if not then in the nearest county where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof, to be and appear before the Honorable County Court of Lubbock County, Texas, in the town of Lubbock, Texas, on the 18th day of September, A. D. 1922, the same being the 3rd Monday in September, A. D. 1922, then and there to answer plaintiff's cause of action

filed in said court on the 22nd day of April, A. D. 1922, wherein George E. Moore and R. G. Moore are plaintiffs, and Lem B. Steiger and the Littlefield State Bank, a corporation, are defendants, No. 876 on the docket of said court, plaintiffs cause of action being for the rescission of the sale of the following described property, to-wit:

Harness of the value of \$86.00; lap-robe, \$12.50; foud snaps, 60c; spreaders, 75c; dishes, cooking utensils, mattress and other household furniture, \$104.20; and for the possession of the above described property delivered to Lem B. Steiger under contract of sale, upon said defendant's paying a part of the consideration at the time of the sale by check on the said Littlefield State Bank, stating that said check would be paid when presented and upon his further promise to pay the remaining part of said consideration within the next few days, stating that he had sufficient money in said bank to pay the entire purchase price; that all of said representations were false and that said check was dishonored by said Littlefield State Bank when presented, that said defendant knew said representations were false and made the same for the purpose of defrauding the plaintiffs, that plaintiffs relying upon said representations and believing them to be true parted possession with said personal property to their damage in the sum of \$204.55, the reasonable market value of said personal property, and would not have done so but for the said above fraudulent representations; and against the said defendant, The Littlefield State Bank, for the conversion of the said above described property, they having obtained possession of said property from said defendant, Lem B. Steiger, with knowledge of plaintiffs claim and converted the same to their own use, thereby damaging plaintiffs in the sums above set out plus \$20.00 expenses incurred by said plaintiffs at the request of defendants, the Littlefield State Bank in making two trips to Littlefield, Texas, from Lubbock, Texas, to regain possession of said personal property.

Herein fail not, but have you then and there, this writ with your return thereon, showing how you have executed the same.

Witness my hand at my office in Lubbock, Lubbock County, Texas, this the 18th day of August, A. D. 1922.

## GEESE FARMING

(By F. W. Kazmeier, Poultry Husbandman, A. & M. College)

Geese are very easily raised, and contrary to other kinds of poultry, secure practically their entire living from pasture. Geese raising is becoming more and more popular in the South and southwest. A few geese will mean a great addition to the annual farm income without any lay for expense to speak of. We especially recommend keeping a flock of geese on farms that have some acreage in low and marshy land, with possibly running water. Such a place is an ideal location for the raising of geese. Under

such conditions they can be raised at practically no expense. There is also at the present a good living to be made producing geese for breeding purposes and selecting them as such.

### Breeds

There are six important varieties or rather breeds of geese, namely: Toulouse Embden, Chinese, African, Wild or Canadian, and Egyptian. Of all these varieties, the Toulouse and Embden are the most popular.

The Toulouse was originated and derives its name from the city of Toulouse in Southern France. It is the most popular, the largest and most widely kept variety of geese. They will lay from 20 to 40 eggs in a year, which is considered good egg production for geese. The following are the standard weights: Adult gander, 26 pounds; adult goose, 22 pounds; young gander 20 pounds; young goose 16 pounds. The Toulouse is considered a non-setter and for this reason, their eggs often are incubated under hens or in incubators. We have found this breed of geese to be generally very docile, quick growing and to make an excellent table fowl.

The African geese is characterized by a distinct knob on its head. In color they resemble the Toulouse somewhat. In size they are smaller than the Toulouse by about two pounds. They do not lay as many eggs.

The Embden is of German origin. They were one of the first breeds of geese brought to this country. They are smaller than the Toulouse, good layers and are very good for market purposes, because of the absence of dark pin feathers. They grow and mature very rapidly. They are a very popular breed of geese. They are fair layers. The goslings make a rapid growth. The eggs average from 6 1/2 to 7 1/2 ounces each.

The Chinese are much smaller in size than other breeds of geese, more difficult to handle and very noisy. Like the African, they have a knob or protuberance on the head. They are considered better layers than some of the other breeds, but lay a smaller egg.

### Housing

The only kind of housing that geese need is some kind of a low shed entirely open for protection in stormy weather and in the winter. The biggest part of the year in Texas they require no protection from the weather. In the summer, of course, they need shade in hot weather. The shed should be kept clean and plenty of straw or litter on the floor.

### Breeding

In selecting geese for breeders, bear in mind the importance of vigor, health, size and breed characteristics. Geese should be mated

several months before saving eggs for incubation. Buy your breeding stock in the fall. It is customary to allow the matings to remain the same year after year, unless for any reason unsatisfactory. In determining the sex of geese remember that the male is usually larger and coarser than the female; the male has a shrill cry while the goose has a coarse, harsh cry. The abdomen of the female is full and expanded and in the case of the male the abdomen is more flat. The underline of the abdomen viewed from the side is another way of distinguishing sex, in that in the case of the female, the underline of the abdomen viewed from the vent, appears well rounded like a curve. In the case of the male, the abdomen appears to have more of a straight line.

Geese are usually mated in the proportion of one male to four females. We have always found it better to mate in trios or pairs, and to keep the different matings separate during the breeding season to prevent the males from fighting. Always use fully matured males and females that are two years or older. Immature breeding stock is very undesirable, and will not produce strong offspring. Females may be kept until they are seven and eight years old. Males should not be kept much over six years.

### Feeding

We have found a good pasture with plenty of grass very necessary to raise geese profitably. One acre for 10 geese is about the proper amount of range and pasture. They will pick up the greatest part of their living, if they have plenty of pasture. When the pasture gets short, it should be supplemented with grains and wet mashes. Do not get the breeding stock too fat, which must be watched when feeding breeding geese because it will cause poor fertility and poor hatches. Heavy oats is a good grain feed for breeding geese. A small amount of such other grains as kafir, milo, corn or wheat may be fed as a variety. The greatest part of the feed should be bulky stuff like roughage, grass, clover, alfalfa, ensilage. The silage must not contain too much corn and must be entirely free from mold. When it is desirable to start the geese to laying, the following wet mash may be given in the morning: 3 parts of wheat bran, 1 part corn meal, and one-fourth part of meat scraps. If possible add vegetables or other roughage to the mash. Grit and oyster shell should be kept available all the time. Plenty of fresh drinking water of course, also is very necessary at all times.

### Feeding Goslings

Do not feed little geese until they are at least 36 hours old, or older. We have fed stale bread soaked in milk or water to which has been added 10 per cent hard boiled eggs chopped up fine. We feed this four times a day but always feed it very sparingly. They are fed this with some chopped green food until they are three to four weeks old. Grit and drinking water is kept before them at all times. After the goslings are four weeks old, if they can run on a green pasture, they are gradually weaned from the regular feeding by one feeding a day. When they are older if the pasture is a little short we feed a wet mash once a day of wheat bran, ground oats and corn meal, equal parts, and 5 per cent of meat scraps. Whole grains are not fed until goslings are fully feathered.

### Incubation

The period of incubation ranges from 28 to 30 days. Many ways of hatching geese eggs are in use. Some people let the goose set on the eggs, many more people set the eggs under common hens, and a few use turkey hens. A very few use incubators. In the case of common hens, only 4 to 6 eggs are placed under her. In the case of a turkey hen or goose, as many as 10 and 11 eggs are set under one hen. When the eggs are set under a common hen, they should be turned by hand the same as in an incubator, because the eggs are too large for the hen to turn. Be sure to see to it that plenty of insect powder or sodium fluoride is used to get rid of all lice before goslings hatch. In the case of artificial incubation, or hatching the eggs off the ground or in a dry place, we have found it wise to use moisture by sprinkling the eggs with water after the first week. The water should be about 100 degrees, and after the 15th day, the eggs should be soaked in water of above temperature, for about a minute, every two or three days. In the case of incubators it is well to operate the incubator at a temperature of 101 to 102 degrees. Towards the end of the hatch, the eggs must be cooled considerably.

Only things worse than a couple in love is one in love.

## LOCAL MAN SHIPPED RADIO EQUIPMENT TO DALLAS FIRM

Lubbock has had her name on the slate as a wholesale center for a good many months, but it took the Martin Radio Equipment Company to make the fellows over Dallas way sit up and take notice, as Monday two Grebe CR9 Radio Sets were sent to the Radio Electric Company, at Dallas, they having learned that the Martin stock contained the instruments needed, and immediately got in communication with Mr. Martin in order to have the equipment shipped to them in the least time possible.

Mr. Martin stocked his store with everything needed, when he first realized that there was to be a great demand for that equipment, proving himself a businessman of the first class, and that other companies and individuals, in many towns where Radio equipment is sold have had to call on him for needed articles, proves his judgment good.

## TRUSTEE'S NOTICE OF SALE OF REAL ESTATE

Whereas, by deed of trust dated June 7, 1921, recorded volume 15, page 37, deed trust records Lubbock County, Texas, Annie Ater and husband A. B. Ater, did convey in trust to me lot 12, block 106, town of Lubbock, Lubbock county, Texas, to secure E. P. Earhart in the payment of a balance of a certain judgment in Cause No. 1712, district court of Hale county, Texas, appealed by said Annie Ater and husband A. B. Ater, on the supersedeas bond therein the said E. P. Earhart was surety and a judgment on appeal was rendered against the said makers of the said deed of trust and E. P. Earhart, and the balance remaining on such judgment of approximately \$750.00 the said E. P. Earhart agreed to pay, and the makers thereof to repay him on June 1, 1922, with interest from date of such payment at 10 per cent per annum interest, with 10 per cent attorneys fees, and on August 1, 1921, the said E. P. Earhart paid the balance of said judgment amounting to \$751.20; and whereas said deed of trust further provided that the said Annie Ater and A. B. Ater should well and truly discharge all taxes and assessments, when due, against the said lot, and that if said taxes or assessments became delinquent the said beneficiary might so discharge and be entitled to receive interest thereon at 10 per cent from date of such discharge and be immediately due; and whereas, the said deed of trust provided that if the makers of said deed of trust should fail or refuse to repay said sum on the judgment aforesaid, or should fail or refuse to discharge all taxes and assessments before they became delinquent, that at the request of the legal holder of the obligations described, the said Trustee, or his substitute, should sell the property, as and in the manner required by law.

And whereas, the said property had legally laid and levied against same Paving Certificate No. 132, issued to the Panhandle Construction Company in the sum of \$254.30 for paving abutting said property, and there was delinquent on August 9, 1921, the sum of \$84.76, and on May 25, 1922, the sum of \$98.32, which said sums were on said dates paid by the said E. P. Earhart, and whereas, the said Annie Ater and A. B. Ater have failed and refused to discharge said sums or any of them, or any interest accruing thereon, though all said sums are past due and unpaid, the said E. P. Earhart has requested that I execute said trust, as provided in such instrument:

Therefore, on the First Tuesday in September, 1922, the same being the 5th day of September, 1922, between the hours of 10 o'clock a. m. and 4 o'clock p. m., at the courthouse door of Lubbock county, in Lubbock, Texas, I will offer for sale to the highest bidder for cash said lot 12, in block 106, town of Lubbock, Lubbock County, Texas, to satisfy the sums aforesaid and interest, and apply the proceeds as directed in said deed of trust, executing to the purchaser or purchasers a deed binding the said A. B. Ater and Annie Ater, their heirs and legal representatives to warrant and defend the title to the same against all lawful claims.

Witness my hand at Lubbock, Texas, August 4th, 1922.

Apply in person or by letter to the nearest Santa Fe Local Mechanical Officer.

## We Get Cash for Our Groceries

The reason we do is because we have determined to show you people how to save money on groceries by paying cash.

A salaried man's excuse might be that it was too much trouble and that because he was paid on the first he wants to pay for his groceries then. Next week we are going to answer that excuse with a red hot question and we want you to be sure and read it. In the meantime, save your money by buying your groceries from us.

IN MILADY'S REALM

BY MRS. CURTIS A. KEEN Residence 1119 Fourteenth St

A thought for today—"Those on the heights are not the souls Who never erred or went astray, Who trod unwavering toward their goals

There is nothing more to be esteemed than a manly firmness and decision of character. I like the person who knows his own mind and sticks to it, who sees at once what is to be done in given circumstances and does it.

If the society page is lacking in parties these warm days, it is not indicative of idleness on the part of the society Misses and matrons.

The W. A. G. Club This distinctive little club has been in existence but a short time, but breathes of energy and interest that will count for its quick and lasting growth.

Last Friday afternoon at four o'clock Miss Lula Denham was hostess to the Club members. A delightful afternoon was enjoyed, and a splendid opportunity for a social time afforded as well as the profitable time spent in needle work.

During the course of the afternoon dainty refreshments were served by the hostess. The out of town guest was Miss Katherine Durham, of Robert Lee, who is a house guest of Miss Ione Cumbe.

The next meeting will be held at the home of Miss Edna Sims. Friday Needle Club Mrs. Frank Barclay was hostess to the Friday Afternoon Needle Club on August eleventh.

Simpson, F. K. Mitchell, W. C. Bryan, J. O. Jones, J. B. Lindsey, J. E. Alexander, W. H. Long, W. E. Twitty, H. O. Waters, Walker, Louis Murfee, Mesdames Witherford and Keblinger of San Antonio, and Mrs. Doyle of Kinsman, Kansas, who are guests of Mrs. R. A. Barclay.

The next meeting will be held at the home of Mrs. McSpadden on Friday, August 25th.

Mr. Marr is with the Gulf Refining Company, and is well known here. Mrs. Owens is the daughter of Mr. and Mrs. J. W. Painter of this city.

Mrs. J. O. Smith and daughter, Miss Margaret, left for Wichita Falls Saturday evening, owing to the sudden illness of Mrs. Smith's mother, Mrs. Currie.

One of the jolliest picnic parties was given recently when the Wednesday Needle Club entertained in honor of their husbands, with a delightful picnic luncheon at the Tumble N Pool. It was a regular wienie roast and bacon fry, incidently, the husbands did the cooking. The entire membership turned out in full force, and everyone there entered into the real spirit of the day and enjoyed to the full all the joys of a meal out of doors.

Mrs. E. L. Robertson will be hostess to the club at the next meeting.

Miss Lois Sears is Entertained Many have been the social courtesies shown Miss Lois Sears, of Snyder, who is in the city as the guest of Misses Francis Conley, Eppie Edsall and Blanche Bacon. In Miss Sears honor, a delightful party was given at the home of Miss Blanche Bacon on Friday evening.

Mighty Good School Clothes —And they need to be, for what school child does not give his clothes extra hard wear. —You may find cheaper clothes, but none better for the money. —Quality and right price and a guarantee of satisfaction will make you a regular customer. —We are glad to show you anything you care to look at. Boy's Suits \$8.50 to \$15.00 Boy's Pants \$1.50 to \$3.00 Fomous Black Cat and Buster Brown Hose, there are none better in quality or cheaply priced. Our Store is School Headquarters.

BARRIER BROTHERS "Dependable Merchandise"

town guests being present: Mesdames Klett, Wagner, Louis, McKee, G. F. J. Stevens of Ballinger, Robertson, Robbins, Owen, Wilson, Ellis, Hilburn, Davidson, Showell, Padgett, Tinker and Misses Hall and Davidson.

The young folks who enjoyed the delightful evening were: Misses Lois Sears, guest of honor; Francis Conley, Edith Wheelock, Eppie Edsall, Ex Rankin, Olive Michael, Sylvia Wilson, Gladys Pryor, and Messrs. Owen, McWhorter, Poe Wright, Phil Wolffarth, Royce Waters, S. Broughton, Ed Haynes, Robert Bean and Mike Barrier.

A very delightful party was given Friday evening at the Spade ranch with Mesdames Bass Arnett and Annie Pearson as hostesses. Progressive forty-two was the diversion of the hour, the score cards representing several different makes of automobiles. Upon entering the door of this splendid home, the guests were face to face with a "filling station" which was represented by a large punch bowl, filled with delicious punch, above which was a sign in big letters "Stop here for gas," and not one passed it up. After drawing cards which designated the car the players would start in the game began; some riding in Tin Lizzy's, some in Bobs, Overlands, Chevrolts, Chandlers, Cadillacs and Packards. As the game proceeded the players changed cars and by the time the bell tapped for the close of the game most all had traded cars during the hour. After the game, Miss Mary Dickinson passed with a lovely banner with the inscription "Twenty steps to refreshments,"

and each guest signified their willingness to make that distance by rising immediately, passing into the spacious dining room where covers had been laid for twenty. In the center of the table was an inner tube covered with purple crepe, in laid with golden gloves. Angle food cake, with lemon sherbet were served. Middle age is never more happy than when youth is mixed in, and on this occasion six girls played their part well in helping entertain the following ladies: Mesdames Davis, Dow, Carter, Brown, Spikes, Earl Hunt, Montgomery, Middleton, Bradley Cooper, Trinkle, Ellis, McAfee, Wilson, Lemond, Elmer Conley, Elwin Wheelock, Van Sanders, G. C. Pearson, Miss Margaret Robbins, Della Wilkinson, Everton, Mary Dickinson, Julia Johnson, Verna Brown, Effie Poe and Edith Carter.

S. V. Philpott and J. L. Sawyer, of Walters, Oklahoma, were here prospecting last week. They are highly pleased with the plains, and are of the opinion that Lubbock is located in the center of the best agriculture country anywhere.

Mr. and Mrs. T. J. Logue, of Waco, were Sunday night guests at the J. C. Wayland home.

Jack Griswold, son of Rev. and Mrs. J. T. Griswold, is spending a short while in Lubbock, receiving treatment at a local hospital.

OBITUARY

The subject of this sketch, Mrs. Nancy J. Ross (nee Mosier, wife of Rev. D. C. Ross, was born May 22, 1847, and departed this life August 15, 1922. She was married to Rev. D. C. Ross February 15, 1874. There were born to this union five children, three sons and two daughters, the three sons having preceded her, the two daughters remaining.

Sister Ross was converted in early life in a prayer-meeting conducted by the young minister who later became her husband. She joined the M. E. Church, South, in which church she lived a most consistent and deeply consecrated life until the day of her death. For almost fifty years she was the companion of an itinerant Methodist minister. She was at all times willing to carry the burdens common to this life. Her husband said of her that her Christian life was one of great power and that hundreds were brought to Christ through her efforts. Sister Ross was a great reader, and deeply acquainted with the contents of the great books to be found in her husband's library, but first of all and above all, she was devoted to the study of the Bible.

She was also at all times deeply interested in the affairs of her church, taking special interest in the general educational and other great movements of the church in recent years. She gave her life without thought of self, of earthly comfort for the coming of the Kingdom of her Lord. Though much in affliction, this good woman bore her suffering in great patience and was cheerful to the end.
