MULESHOE, BAILEY COUNTY, TEXAS, THURSDAY, JULY 23, 1931

NUMBER 25

Kiwanians Have A Gala Day Here When Governor E. B. Miller and 25 Other Delegates Pay Club A Visit

It was a big bunch of boosting brainy builders that invaded the sacred domain of the Muleshoe Kiwanis club rooms Friday of last week and led in a program of fraternal good will and sincere fellowship without a dull moment from the time of the first community song until the last speech was heard.

Headed by Judge H. C. Randolph, dean of Amarillo Kiwanians, there were 12 delegates from the City of Ross who made the trip across the expanse of 165 miles, several members of the party frequently gazing over the boundless prairies spreading between and remarking covetously about the magnificent stretches of parking space going to waste and so greatly needed by the citizens of that great oil and wheat center. Ted "Chief" Taylor, secretary-treasurer

of the Tri-State Fair association, at Amarillo, who was in the visiting party, was made to rejoice when they struck the northern borders of Bailey county, over the magnificent crops that greeted his strained optics, and confidently declared to some of his associates that this was the place to get exhibits for Potter county at the coming fair.

The local club was graciously honored by the presence of Lieutenant Governor E. B. Miller, of Plainview, who headed a sizeable delegation from the metropolis of Hale county, comprising 14 Kiwanians who were filled to overflowing with the zip and take-up of the visiting members and such the envy of many of its municipal neighbors during the years past.

The occasion was one of real food-fest and speak-fest, sparkling with humorous anecdotes, wise-cracks galore, scintillating repartee, community and dialectic musical numbers, with slices of serious thought sandwiched in between. Previous historical occasions have been noted for the turkey stuffed with sage, but this was one in which the sages were stuffed with turkey (a la pork). K. K. Smith, past president of the local club, presided in efficient manner as toast-master of the occasion, Miss Inez Farrel, presiding at the piano during the sing-song period, was voted "sweetheart" of the club by the visiting members and such action cordially accepted by the local membership, the entire assemblage joining in singing, "Let Me Call You Sweetheart." Some of the unmarried visitors sang more sincerely and with greater earnestness than ever before, according to Judge Randolph, all of which was timely accepted by the blushing damsel, and much to the confusion of a certain young lawyer present, who is reported endeavoring to work a marriage on the said charming bit of feminine pulchritude.

President John K. Boyce, of the Amarillo club, introduced the members of his delegation and then presented C. M. Holt, who had charge of the program.

F. O. Collier presented the members of the Plainview delegation and Francis Miller presented the members of the Sudan delegation, each interlocutor emitting some witty remark, real or fanciful, regarding the character, virtue or propensity of the introduced subject, as he was presented.

Fred Tall "Scotty" Douglas, of the Amarillo club, a young man of retiring habits and forward nature, reputed to be 32 years of age, but who has been on the stage in kilts and bagpipes for the past 43 years, according to the records of the Court of Criminal Appeals, Seventh District, was the very popular entertainer of the hour. With his Scotch dialect songs and native light-wad stories he kept the entire audience holding their laughing sides against spontaneous combustion and internal recognition of the just finished menu, and doubtless could have continued spontaneously at infinitum but for the fact that he had to stop "to save his breath." "Scotty" was easily the master de comique of the occasion.

Judge H. C. Randolph chief officiating functionary of the Court of Criminal Appeals which has its headquarters in the Government building at Amarillo, when it is not out fishing or visiting in Plainview, and where the rest of the Kiwanians go to get their mail and to court the favor of His Honor as a precautionary measure (Continued on last page)

Singing At Muleshoe Sunday Afternoon A General Invitation

Plans for a big singing are announced for Muleshoe next Sunday afternoon, beginning at two o'clock, and to be held in the High school auditorium.

Invitations have been extended all the surrounding communities, and assurance has been received that there will be good representations from all of them.

The Stamps quartet will be present, and there will be numerous other quartets from various places, also a large number of experienced song leaders.

Every lover of melodies is invited to be present and take part in the musical festivities of the occasion, with the assurance that a good time will be enjoyed by all who attend.

Albuquerque Trippers Here Friday With A Musical Fete Given

Leaving Albuquerque, N. M., July 22, at seven o'clock in the morning, a bunch of good will trouper sponsored by the Chamber of Commerce, that city, will arrive in Muleshoe about 4:00 p. m. Friday, July 24.

They will have with them several "First American Entertainers," and will give a program on Main street, lasting about one-half hour.

This will be an excellent opportunity to get acquainted with these folks from Albuquerque, also enjoy a good program of music, and everyone is urged to attend.

Following this program, there will be a concert given by the local band.

Lower Grain Rate In Prospect From Muleshoe Aug. 1

A new grain freight rate, originally intended to be in force July 1, will become effective August 1, as a result of the Hoke-Smith resolution passed at the last session of Congress, the temporary injunction of the Chicago federal court having expired on that date.

The new rate is one of an interstate nature and will necessitate an adjustment of all intrastate rates. From Muleshoe the rate will be 31 cents as compared with 33 cents per hundred pounds.

This rate applies to shipment to gulf ports for export which is the maximum rate and is the rate on which grain is bought, the maximum rate always being deducted.

Not only will the new rate, based on mileage, effect a change in export rates and reflect added income to the farmer but it will open a new market for Plains grain. The new rate puts Kansas City and Fort Worth for example on a competitive basis for milling wheat and will open a more free demand here for milling grades of wheat.

Comparative rates for Muleshoe and adjacent points under the old and new schedule follow:

Goins Sues Gas Co. For \$25,000 Explosion Hurts

Suit was filed in the Bailey County District court last Saturday by attorneys for Clarence Goins against the West Texas Gas Co., Inc., asking for \$25,000 damages alleged to have been sustained in a gas explosion that occurred in Muleshoe last spring.

It was in the residence of Alex Paul March 5, that Goins with an assistant was connecting a gas type water heater when an explosion occurred that wrecked the house badly, blowing out the division wall of the bathroom, lifting the roof from the concussion, while Goins and his assistant went out through a nearby window. Both men were badly burned about the head, face, hands and body from the explosion.

Attorney Cecil Tate, this city, and the legal firm of Levens, McWhorter & Howard, of Lubbock, have been retained to prosecute the case which will come up in the November term of District court.

Bailey County Has Big Value Increase In 10 Yrs. Says U. S.

All statistics now coming from the U. S. Census department are showing big gains for South Plains farmers. Taking the South Plains area as a whole the number of farms in these 16 counties has increased 420 per cent, while the number of them that are being operated by tenants has increased 198 per cent.

In Bailey county the number of farms operated by owners in 1921 was 53; in 1930, 376.

The number of farms operated by managers in this county in 1920 was 4; in 1930, 12.

Number of farms operated by tenants in 1921 was 22; in 1930, 370.

Acresage operated by owners in 1920 was 128,650; in 1930, 117,503; by managers, 1930, 175,380; in 1920, 234,594; by tenants, in 1920 was 47,912; in 1930, 144,616.

Value of operated farms in this county in 1920 was \$2,736,375; in 1930, \$4,516,138. Value of managed farms in 1920 was \$1,827,200; in 1930, \$1,797,120.

Value of tenant operated farms in 1920 was \$782,245; in 1930, \$4,084,091.

Bailey county thus shows a great change transpiring during the past years, and it is freely predicted that an even greater change of development will come about during the coming 10 years.

Bailey Co. Has 2,486 Cows, Says The 1930 Census

Bailey County had 2,486 milk cows in 1930, while there were only 124 in the county in 1920, according to statistics released last week by the Government Census department.

This is an average of more than three milk cows per farm. While many adjoining counties have a much greater number of farms in their geographical areas, yet few of them equal the number of cows per farm in this county.

The farmers of this county are certainly dairy-minded, and many fine milk cows have been brought into the county during the past year.

The report for counties of this area is as follows:

County	1930	1920
Lubbock	8,874	2,417
Hale	7,382	3,144
Floyd	6,638	706
Donk	5,959	2,226
Lynn	4,726	1,668
Terry	4,106	458
Crosby	4,042	1,526
Dickens	3,132	1,413
Deaf Smith	2,829	944
Bailey	2,486	124
Garza	1,711	915
Cochran	754	7
Gaines	1,170	397
Youkum	957	29
Borden	956	398
Motley	2,075	124
Castro	3,627	303
Total	61,497	18,472

A County Health Sanitation Work Is Begun Here

A meeting was held at the Bailey County court house Thursday of last week looking toward inauguration of the health movement authorized by the last session of Congress, and as has been instituted in many of the counties of this section.

The meeting was held by Dr. D. C. Peterson, E. D. Hopkins and Miss Olga Buresh of the State Department of Health, Austin, and attended by a number of citizens from various parts of the county.

It is understood that the movement is without cost to the county and is carried on with an idea of producing and maintaining the highest degree of health among the citizens from an economic standpoint, according to a statement made by Dr. A. R. Matthews, county health officer.

Miss Evelyn Richter, health nurse, has been assigned to serve this county in a health capacity, and James Curtis will have charge of the county sanitation work.

County Judge J. E. Adams was appointed chairman of county work, with Fred S. Reynolds, vice-chairman. Other committees throughout the county are to be appointed the latter part of this week.

The first official meeting will be held early in August, and an announcement of which will be carried in this newspaper.

This work is now being carried on in Lubbock, Lamb, Hockley, Farmer and Deaf Smith counties in this section.

GOODLAND IN DIFFICULTY

School Trustee C. H. Hapke, C. B. Weaver and J. E. Cunningham of the Goodland school district were in Muleshoe Monday, and were accompanied by Lubbock by County Attorney Pat R. Bobb.

It is understood there is some difficulty engendered with the contractor who recently constructed the new school building in that district, and it may be necessary to call upon his bondholders to protect the school.

REYNOLDS GOES TO COLLEGE STATION FOR FARM COURSE

Fred S. Reynolds, Bailey county farm agent, will leave Saturday for College Station to attend the annual Farmers Short Course session, lasting two weeks.

From there he will go to Palacios, on the Gulf coast for a week's attendance at the annual meeting of Texas National Guards, of which he is a reserve officer with the rank of captain.

W. M. Pool, of the Purky Seed Farm will also attend the Short Course meeting at College Station.

MUCH TAX DELINQUENT

Of the total tax assessment of \$79,635.12 for the year 1930, the sum of \$29,467.44 still remains unpaid, according to Deputy Tax Collector Jim Cook. Of this sum \$25,347.47 is on real estate and \$4,119.97 is on personal property. Cook states that very little taxes are now being paid.

All county and state taxes became delinquent February first, but a special measure was granted by the legislature giving taxpayers until October 15 to pay same with a 10 per cent interest added. After that date, all interest, extra costs and penalties are added, and suits for collection may be instituted.

DOSS FIGHTS OWENS AT CLOVIS THURSDAY NIGHT

Jack Doss, of Sudan, will fight Martin Owens, of Anton Thursday night of this week at Clovis, N. M.

A year ago Doss knocked out Owens at Littlefield, breaking his jaw. About a month ago they fought a draw at Portales. Last week Owens knocked out Doss in the second round. Doss claims he was "doped."

With honors even, the bout Thursday night bids fair to be interesting to fistic fans.

A Wonder They Didn't Try Numbers

Bowman, Ga.—For family nomenclature Mr. and Mrs. John R. Ginn, who live near here, recommend the alphabetical system, especially for a family of 16 children.

Relative ages, they find, are easily called to mind and all element of error virtually is eliminated in giving a complete enumeration.

Their children are named as follows: Brodie, Corbin, Dorcas, Elmira, Jess, Gregor, Hassie, Ittmar, Fessie, Libon, Maudson, Nelson, Ornice, Pascual and Quaver.

Ten of the children now are married and have children of their own.

The family's aversion to the letter A was unexplained.

REV. W. B. HICKS PERFORMS MARRIAGE FOR HIS SISTER

Rev. W. B. Hicks, pastor, Methodist church, this city, accompanied by his family, left Tuesday afternoon for Memphis, the home of his parents, Rev. and Mrs. J. T. Hicks.

Thursday afternoon, in the Methodist church, that city, he will be the officiating minister at the marriage of his sister, Miss Pattie Hicks, of New York City, to Mr. Don Fisher, of the same place. Miss Marguerite Hicks, daughter of Rev. W. B. Hicks, will play the wedding march.

Mr. Fisher is a recent graduate of Columbia University, and is a member of the U. S. Radio Commission, New York City. Following the wedding ceremony, and after a short wedding trip, they will return to New York City to make their future home.

Frank Seals of Hartley county has gotten 80 cents per bushel for wheat fed to pigs. Skim milk valued at four cents per gallon balanced the ration, and the hogs figured seven cents per pound. Demonstrations up there show it still pays to feed wheat to hogs, even at the low prices hogs are bringing.

PAYMENT OF BACK TAXES WILL GIVE NINE MO. SCHOOL

"If we could collect the back taxes now due the Muleshoe school district, we could easily run the school the full nine months term this coming year, and have plenty of money left over," explained H. A. Eckler president of the local school board.

Mr. Eckler explained that there was \$10,000 due from the 1930 taxes, besides some delinquencies from years previous to that. The Muleshoe school has been recognized by the State Department of Education as qualified for affiliation, and a nine months term this coming year will mean re-instatement so that graduates here may go on to other recognized schools without examinations.

At a recent meeting of the school board it was voted to accept transfers of pupils from other districts to the Muleshoe school if such transfers were legally made and during the month of July as required by a recent ruling.

CANNING BULLETINS HERE

There is now available for distribution a good supply of bulletins on fruit and vegetable canning, which may be obtained at the County Judge's office without charge, according to Fred S. Reynolds, county farm agent.

BAND GIVES CONCERT ON STREETS FRIDAY BEGINNING AT 5 P. M.

Friday afternoon, beginning immediately after the program to be put on by the Albuquerque good will trippers who are scheduled to be here at 4:30 p. m., the Muleshoe Municipal band will give a concert. Everyone is invited to attend and enjoy the program.

OVER TWO MILLION GALLONS OF WATER USED IN MULESHOE IN MONTH OF JULY MANY LAWNS AND GARDENS WATERED

Warm weather always brings an increase in the use of city water, according to City Secretary A. Isaac, also, during the month of June 2,105,910 gallons were used in Muleshoe. To date this is the greatest gallonage consumed in any one month of this year. The peak load of the day, said Isaac, generally starts in about four o'clock in the afternoon when gardens and lawns are being watered, the Isaac refused to make any wise cracks about how much was used at the week end for Saturday baths.

There are now 148 meter connections in the municipal system. The total consumption for June being 1,242,510 gallons. In addition the Santa Fe railroad system used 368,400 gallons of water last month, and the local swimming pool in three fillings took 495,000 gallons for the month.

RAIN IN COUNTY SUNDAY

Reports coming in this week indicate there was a good rain in the southern part of Bailey county late Sunday afternoon, reaching up to west of Baileyboro.

Good rain is also reported east of Muleshoe in the Fairview vicinity, and northwest of here at Lariat Sunday afternoon. There was only a light sprinkle at Muleshoe.

BUYS LAND HERE

M. H. Wiseman of Big Spring, last week purchased a 10 acre irrigated tract through R. L. Brown, local realtor. It is located two miles west of Muleshoe.

Wiseman is greatly pleased with his purchase for which he paid cash, and is highly enthused over the irrigation opportunities of this valley. This week he began construction of a residence on the land, and contemplates putting down an irrigation well.

40 FARMERS IN TEXAS, 28 ON SOUTH PLAINS ARE CERTIFIED SEED BREEDERS EMPHASIZES VALUE PURE BRED SEED

That it pays to grow and sell pure seed is being proven yearly in many ways one of the proofs being the number of farmers who are going into the certified seed business.

Last year there were six certified seed breeders above the caprock and only one below. This year there are 28 above the caprock and 12 below, a total of 40 breeders in the state who have met the standard requirements.

Following are the South Plains grain sorghum breeders:

Lubbock county: James Burroughs, Pat Nix and W. E. Goch, breeders in previous years; R. O. Stubbs, new.

Lamb county: H. B. Brown, Harry Love, J. W. Hammock and A. B. Little, all new breeders.

Dawson county: J. A. Dunn, old breeder; Deban brothers and J. R. Weaver, new breeders.

SCHOOL STARTS IN AUGUST

Announcement has been made that the schools in the Watson and Wilson district, and possibly some others, will begin the first Monday in August, continue two months, then discontinue for cotton picking.

SCHOOL STARTS IN AUGUST

Announcement has been made that the schools in the Watson and Wilson district, and possibly some others, will begin the first Monday in August, continue two months, then discontinue for cotton picking.

THE MULESHOE JOURNAL

Entered as second-class matter at the Muleshoe Postoffice under the Act of Congress, March 3, 1879.

JESS MITCHELL, Editor.

SUBSCRIPTION RATES

In Bailey County, one year, \$1.50; Outside of County one year, \$2.00.

Published every Thursday at Muleshoe, Texas. Advertising rates given upon application. Telephone No. 54.

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday morning of each week. The right of revision or rejection is reserved by the publisher.

Advertisements that do not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom not for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Opinions, cards of thanks, and resolutions of respect will also be charged for at the same rate. Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Muleshoe Journal will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

A THOUGHT FOR THE WEEK

Let love be without dissimulation. Abhor that which is evil; cleave to that which is good.—Rom. 12:9.

Hearts may be attracted by assumed qualities, but the affections are not to be fixed but by those that are real.—De Moy.

KEEP CLUTCH IN

Free wheeling may be alright for automobiles, but no business can be maintained at a successful pace with the advertising clutch disengaged.

I have never known any business to go broke that persistently, consistently and intelligently used advertising. Yet I have noted many failures directly traceable to a business policy that excluded newspaper advertising.

People read the home town newspaper for both news and advertising—both are interesting. The well balanced home town newspaper has been and will continue to be, the most important development factor to the home town merchant. And advertising is the best possible way for Muleshoe business men to keep the home town merchant in the know.

Business men to keep the home town merchant in the know, Plainview and other nearby larger towns. Dry goods merchants of Clovis do more advertising in the Journal than Muleshoe dry goods merchants do—and they get the business. Why? Because they advertise for it! They have proven conclusively that advertising their wares and prices in this community pays. It is freely and frequently estimated that 85 per cent of the business of certain lines goes to Clovis.

Why? Because Clovis business men in certain lines have been advertising. Advertising is an asset, never a liability. It pays; never loses. A few months ago Wm Wrigley, the chewing gum magnate stopped advertising one month just to see what would happen. He found out; his sales dropped off more than \$2,000,000 the following month.

Fish are sometimes caught by occasionally dragging a line through the water, but the best strings invariably come to the lure of the consistent and persistent angler. By the same token business success comes more quickly and in larger volume to the merchant who adopts a liberal newspaper advertising policy, stocks the goods the public will buy, and follows the golden rule of truth in advertising.

LOCAL PAPER VALUE

The question is sometimes asked, "Of what value is a newspaper to its community?"

A newspaper can't by itself build a town; it can't make a good one out of a bad one; it can't make a town grow; it can't bring factories, improve schools, rebuild churches, enlarge congregations, defeat bad candidates for office or elect good ones, by itself, but it can help a great deal with all these things, in fact, more than any one individual, generally speaking.

A newspaper can encourage people; it can be the eyes and voice of the community; it can watch the trend of affairs; it can note the important things other communities are doing; it can lead the people posted, and then it can lead the way.

No other institution can render a greater service to humanity!

MARY'S EXERCISE

NEW YORK, July 15.—Mary Garden takes her exercise on a mule.

Her father, Robert D. Garden, said so on his arrival on the White Star liner Olympic.

Miss Garden, he said, spent a month with him in Aberdeen, Scotland, fishing for trout. She then went to Corsica where she is riding a mule for exercise and finding pleasure in long raps on the sands of the Corsican beaches.

His daughter, he added, will return to the United States in the

LITTLE THINGS OR GREAT

Men will talk of little things and great things as if they knew what things were little and what things were great!—Phillips Brooks.

are boasting of their daughters. But she never fails to boast of her twentieth century ideas regarding birth control.

George Washington crossed the Delaware, Herbert Hoover crossed Congress and Andy Mellon has crossed France, but a greater danger than either of these is to cross a mule.

A pulling mule can kick; a kicking mule can't pull—same true of a Muleshoe cit.

Jaunty Journalettes

Muleshoe citizens are warned to change their underwear frequently during these sweaty summer months. Remember laundries are not zoological gardens.

Even Muleshoe has a few people who think they are so good that sin isn't sinning if they do it.

Whatever became of the Muleshoe girl who used to think it cute to wear her hair in the Sis Hopkins style?

Jewelry is jewelry, but no Muleshoe girl would rather have gold filling for her teeth as a diamond ring to denote her engagement.

Next to talking his business worries at home, the biggest nuisance is the Muleshoe man who talks his family affairs down town.

A vanity case may help a Muleshoe girl save her complexion, but a case of vanity won't aid in saving a good disposition.

A Boston doctor says a woman's lips are softer than men's. Wonder if there's a man in Muleshoe who hasn't noticed that?

If some one discovered perpetual motion, we expect there are a few fellows around Muleshoe who would want a law passed against it.

Lazbuddie News

The Lazbuddie Study club met in the home of Mrs. Emma Dyck, Thursday, July 16th.

Thirteen members responded to the roll call.

A Texas Legend: Program: The Mysterious Music in the St. Bernard River, Mrs. T. G. Jasper; Legendary Origin of Texas Flowers, Names and Streams, Mrs. C. E. Merriott; an Indian legend—How Water Lilies came in the San Marcos river, Mrs. R. Pyritz; song, Texas, Our Texas, by the club.

After adjournment a delicious plate lunch of chicken sandwiches, cake, ice tea and ice cream were served to the following members: Mesdames R. L. Bledsoe, C. E. Merriott, W. S. Menefee, T. G. Raper, John Steinbock, Juell Treider, Raymond Treider, Rudolph Pyritz, Roy White, Willie Steinbock. The visitors were: Mesdames Ed Alex, Shorty and Riney Steinbock, Mary Guinn, F. C. Moeller, Andrew Shirley, W. W. Schrimsher, Elmer Yates, Eva Aoney, Carl Wilson and the hostess and her daughters. All reported a most delightful afternoon.

Mrs. R. Pyritz, Mrs. Carl Wilson, Mr. and Mrs. John Roberts, were Sunday dinner guests, July 12, of Mrs. Emma Dyck and family.

Mr. and Mrs. Ira Roberts and children were Wednesday dinner guests of Mr. and Mrs. Ralph Lisen and family.

Mrs. W. W. Schrimsher and Mrs. Elmer Yates, of Altus, Okla., are visiting Mrs. C. E. Briscoe.

Eva, Jane and Bobby Briscoe are spending several weeks with their grandparents, Mr. and Mrs. W. W. Schrimsher, of Altus, Okla.

Rev. and Mrs. Ernest Jennings and sons were dinner guests Tuesday of Mr. and Mrs. C. E. Merriott and family.

Mrs. J. E. W. Jennings has had a very badly infected hand the past week. She had it lanced by a local physician Saturday.

Rev. and Mrs. Ernest Jennings and sons were dinner guests Monday in the home of Mr. and Mrs. I. J. Daniels, and supper guests of Mr. and Mrs. W. S. Menefee, also dinner guests Wednesday of Mr. and Mrs. C. D. Julian.

Mrs. Otto Treider and daughters, Misses Gladys, Lillian, and Clara, and Mrs. C. E. Merriott visited in the home of Mr. and Mrs. John Steinbock, Wednesday afternoon. Mrs. Steinbock served a delicious supper which was greatly enjoyed. Mesdames Treider and Merriott also called at the R. Pyritz home the same afternoon.

Mrs. Raymond Treider and children spent the afternoon Wednesday with her mother, Mrs. J. E. Vaughan.

Charles Vaughan is attending Lubbock Tech.

Mr. and Mrs. R. Pyritz and son La Vern, Mr. and Mrs. Carl Wilson were Sunday dinner guests in the Merriott home.

The Lazbuddie Study club presented Mr. Tode Wagon with a lovely bouquet of flowers Thursday. We wish Mr. Wagon a speedy recovery from his appendicitis operation.

Mr. and Mrs. Ray Bradshaw and son are visiting in Dallas this week.

1926 Dollar Worth \$1.42 Last Month Food, Rents Down

WASHINGTON, D. C.—Lowered costs of living and wholesale prices in June were set forth last Saturday by the Labor department to show that a 1926 dollar was worth \$1.42 last month.

The department also reported an increase of 2.7 per cent in building construction employment in 29 representative cities and 2.1 per cent payroll increase to a total of \$1,485,426 against May's \$1,454,934.

The 3,423 firms reporting for the pay period ending June 15 counted 49,564 employees against 48,264 in May.

Food prices were credited with a decline of 13.8 per cent in the past six months, while clothing dropped 4.6 per cent, and rents likewise were down 3.1 per cent compared with January 1 figures.

The average decrease in living costs was put at 6.5 per cent.

Farm products average 2 1-2 per cent below May, with the main decrease in grains, cattle, poultry, cotton, wool and oranges. Corn, onions, apples and lemons were slightly higher.

Current Price 105 Years Ago An Ohio paper recently unearthed an old copy of a newspaper printed 105 years ago which contained a list of articles of food with prices prevailing at that time. The prices are those which prevailed during 1825-26 and are as follows:

Eggs 4c per dozen, butter 8c per pound, sugar 10c per pound, pepper 50c per pound, coffee 31c per pound, tea \$1.50 per pound, bacon 6c per pound, whiskey 25c per gallon, wheat 40c per bushel, oats 15c per bushel, muslin 20c per yard, calico 3c and 50c per yard, flowered wall paper 4 1/2c per yard, and salt 2 1/2c per pound.

Attorney General In Utility Ruling Bans Much Retail Selling

James V. Allred, Attorney General of Texas, hurled a challenge last week at the state's public utility companies, by filing a suit to forfeit the charter of the San Antonio Public Service company.

Not only did the Attorney General cite the San Antonio company, but said that "Other suits of a like nature would follow." Mr. Allred said that under Texas laws, no private corporation can be chartered for the purpose of conducting more than one separate business and merchandise, he claimed, is a separate business from supplying a city with electric lights and gas.

Public utility companies for a good many years in Texas have been selling electrical supplies, such as irons, refrigerators, radios. This action taken by the Attorney General will curtail merchandising strides that these companies have been making. It may be for the good of the people of Texas.

for this law to be rigidly enforced. Oklahoma and several other states are now enforcing a similar law. Besides being investigated for high rates, utility companies of the state are in for another set of trouble. It looks like they are going to have to toe the mark from now on. Not only does the law put a constraint on their actions, but the public in general is watching them with questioning eyes.—Spearman Reporter.

gave the lesson, after which they went to the E. R. Hart reservoir for swimming, where instruction was given by Mrs. Curtis Taylor. At the meeting held Tuesday there were 11 present, also two new members, and another swim was enjoyed at Mr. Hart's. It is stated that several of the girls now have about half the required money for the Carlsbad cavern trip.

GIRL SCOUTS MEETING

At the meeting of Girl Scouts last week, held in the court house, there were 17 present. Mrs. J. C. Weaver

How's Your CALORIES?

We'll bet a nickle with a hole in it, they are running plenty high these warm days.

And what you are interested in this summer is to get the necessary number and variety of vitamins without increasing the calories—and, we're interested in that, too. That's why we now have such a choice line of real—

Summer Foods

GUPTON GROCERY

FIRST AID

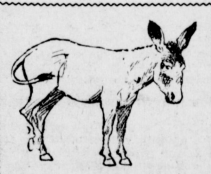

As a citizen in or around Muleshoe, no matter how well you may be fixed for accessories on your car, even though you never drive more than a few miles from home, you still lack a very important requisite for safety if you haven't a "first aid" kit handy under the front seat.

At a cost of a few cents anyone can buy a roll of bandage, a little cotton, a vial of arnica and one of iodine, a bit of adhesive tape, and to make the kit complete, a bottle of cramp and colic medicine.

You may never need it, but it is a protection in accident or illness when it may not be easy to reach medical aid. Or it might come in handy if you found some one along the road who had fallen a victim to misfortune.

It doesn't take up so much room in the car, just as this suggestion takes up but little room in the paper. Yet the value of the "First Aid" kit, like the value of this suggestion cannot be measured by the space it occupies.

Eight more minutes of your vacation time is in vogue is a good time to give heed to this suggestion.

Jess' Jasack Josh and Mulesense

San Goodson tells about an officer of a negro regiment who one day saw one of his men coming down the road limping, and inquired as to the reason.

"Well, suh, ah was done kicked by a mule." "Kicked by a mule. Why, how did that happen, George?" "Ah don't know, suh; Ah guess Ah done forgot to salute him."

Dr. Matthews was riding into the country a few days ago to see a patient when he came upon a farmer with a balky mule. The farmer asked the doctor if he could give him something to start the mule. The physician said he could, and reaching into his medicine case, gave the mule some powder. The mule switched his tail, tossed his head, broke away from the farmer and started on a mad gallop down the road. The farmer looked first at the flying mule and then at the doctor.

"How much did that medicine cost?" he asked. "Oh, about 15 cents," said the physician.

"Well, give me a quarter's worth, quick—I got to catch that mule."

If your son is musically inclined, don't buy him a saxophone. Get a mule. It makes the same kind of noise and you can get some work out of it besides.

"Old Kate" always seems so sad when she gets into company of a bunch of thorough bred mares who

CONOCO GERM PROCESSED MOTOR OIL

NOW 30¢ Per Quart

So splendid has been the acceptance of Conoco Germ Processed Motor Oil; so rapidly has its use increased, that we are pleased to announce a reduction in price from 35¢ to 30¢ per quart, effective immediately.

To this substantial method of showing our appreciation we add our sincere thanks to the thousands of motorists who have come to depend on Conoco Germ Processed Motor Oil as the only motor oil that gives penetrative lubricity.

CONTINENTAL OIL COMPANY

Fritters for Your Guests

That most interesting book, "The Physiology of Taste," Jean Anthelme Brillat-Savarin, the great French epicure wrote, "Fried foods are always welcome at entertainments." And Savarin certainly should know, since his aesthetic delight in good foods is known to anyone interested in food lore.

It is just possible that this discriminating Frenchman was thinking of fritters, those crisp, crackling bits of deliciousness, which are so universally liked, and which may be rendered much more healthful if they are made with fruit. This is particularly true if pineapple is the fruit, since pineapple contains the digestive enzyme bromelin, which, in simpler language, is a substance that helps the stomach a lot in taking care of rich proteins and so is a powerful aid to digestion.

And pineapple, though it is an exotic, tropical fruit, and to some folks has seemed not to fit into the home budget, is now being produced in large quantities, and, what is of more importance to the budget, sold

at prices which anyone can afford. So, if you like fritters, try them made with pineapple, and notice not only how delicious they are, but how they slip down the throat with a kind of hankering for more. Here is a tested recipe for

Pineapple Cheese Fritters: Mix and sift one cup flour, one and one-half teaspoons baking powder, one tablespoon sugar, one-half teaspoon salt, and then add one-half cup milk and one well-beaten egg. Add one-half-cup grated cheese and one 8-ounce can Hawaiian pineapple tidbits shredded into small bits and well drained. Drop by spoonfuls into hot, deep fat and cook until brown (375°); drain and serve hot as a dessert with the following sauce:

Pineapple Sauce: Cook together pineapple syrup (from can), one-fourth cup orange juice, two tablespoons sugar and one-half teaspoon cornstarch until slightly thickened. Then pour over fritters and serve at once.

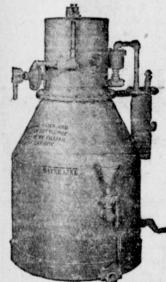

Human Emotions

There are three primary human emotion—fear, anger and love. All others are merely linguistic modifications of the original three.

Defining Reason

Reason is the imagination as the instrument to the agent, as the body to the spirit, as the shadow to the substance.—Shelley.

A NEW WELDING MACHINE

We have installed a new acetylene welding machine. The operator of it has had 28 years experience with a torch, and knows all metals that are practical to weld with a torch.

We build up shafts of all kinds and leave them straight so they can be machined down. We have a nice lathe to finish this work with, and do all kinds of lathe work.

We are building a new type 4-wheel trailer you never saw before—guaranteed its lifetime not to whip behind the car. You have to see it to appreciate its superior merits.

SURVEY OF IRRIGATION WELLS IN THIS AREA BEING MADE BY CO. FARM AGENT CO-OPERATION OF FARMERS IS ASKED

Now that the irrigation type of farming is well established in Bailey County, and especially in the Blackwater Valley area of the county, and its superiority over dry land farming is an assured fact, it appears desirable that a survey shall be made of the county to determine the number of irrigation wells now being operated therein, also in the valley extending into Lamb County.

The survey is being conducted under the direction of Fred S. Reynolds, Bailey County farm agent, and the co-operation of every irrigator in this section is earnestly solicited.

Printed below is a questionnaire which it is asked that every irrigator

kindly fill out, sign and mail to Mr. Reynolds, at Mulshoe. This same questionnaire is being printed in larger form, and copies of same may be obtained of Mr. Reynolds or at the Journal office. If the form in the paper is used, on another sheet kindly express any remarks you desire relative to your experience in irrigation, prospects, future plans, etc., and any suggestions you may think advisable and helpful to the cause of irrigation in this section.

This compiled data will be of great value in many ways in the future, and your co-operation in securing a complete survey will be greatly appreciated.

IRRIGATION SURVEY QUESTIONNAIRE

Name of Farmer _____
Location from Mulshoe _____
Land Owner or Tenant _____

WELL:
Depth _____ Diameter _____ Cased or open _____
Depth if cased _____ Length of Suction pipe _____ Casing _____
perforated or solid _____ Do you use sand screen _____
Normal standing height of water in well _____

PUMP:
Name or make of pump _____
Kind or type _____ Capacity at normal r. p. m. _____
Size or No. _____ Depth of Pump setting _____
Lift in feet _____ How much draw-down _____
When was pump installed _____

POWER:
Engine or motor _____ If engine, give make, type, horse power and fuel used _____

How many acres capable of being irrigated _____
Name of different crops now being irrigated and amount in acres of each _____
Crops being grown in 1931 and not irrigated: give name and acreage of each _____

If there is an orchard give acreage of same, kind and number of trees each kind fruit, also berries, if any grown _____

Do you irrigate it _____
Amount of garden irrigated by well _____ If irrigated by house windmill well so state _____
How many milk cows do you keep _____ No. Hogs _____
No. Horses or Mules _____
Give name and make of tractor used also belt and draw-bar horse power _____

REMARKS: On the reverse side of this sheet we would appreciate any remarks you desire to make relative to your experiences in irrigation prospects, future plans, etc., and any suggestions you may think advisable and helpful to the cause of irrigation in this section.

Mail this to Fred S Reynolds, Farm Agent, Bailey Co. at Mulshoe, Texas.

A WOMAN'S LIFE

"I'm going to live my own life," she said, "and then two years later, she learned that men may mix many things but want their women straight," wrote the editor of the Waxahachie Light, State Press, of the Dallas News accused the Waxahachie editor of cribbing the lines from a recent motion picture, but concurred unreservedly in that broad interpretation of a universal social philosophy.

No greater falsehood can issue from a woman's lips than "my life is mine, I'll live it as I please." Not for a single, solitary instant is a woman's life her own. For to her custody has been entrusted the hope, the integrity, the moral strength and the courage of the human race. Man may slip without doing society a permanent injury, but when woman slips the world slips with her.

With a trust so sacred, woman must walk circumspectly. She who makes herself too accessible, whose telephone number is in the possession of too many men of too many shades of respectability, invites suspicion; and she who flouts the conventions society has laid down for her, commits a sort of social suicide.

It is a hard rule, but a fast one, from which have sprung a thousand corollaries. One of them is that traditional law of the sea: "Women and children first." Another is: "The woman pays." There seems to be no middle ground. Woman is either too good, or not good enough, for man. It is a dictum sound with the accumulated authority of generation upon generation of men.

DAILY A DAIRY DEMONSTRATOR

Bill Dally, owner of a herd of Jersey cows, in the Progress community, has been enrolled as a dairy demonstrator beginning with July. He will test his cows at intervals for butter fat, weigh the milk and keep cost of feed and other items connected with the herd.

At the end of the year there will be a complete production and cost record of each cow. The other dairy demonstrators of Bailey County are A. R. Pool, Longview community, and E. R. Hughes at West Camp. These men have been demonstrators since the first of the year.

Wage cuts will lengthen slump indefinitely, Dr Klein warns.

SHOFNER A 4-H CLUB BOY

T. J. Schoffner, 4-H club boy of YL has enrolled as a pig feeding demonstrator. Fred Reynolds spent a day there last week helping with a self-feeder to use in fattening the pigs. Wheat, skim milk, and green pasture will be the feeds used in the work. Complete weights of milk and wheat will be kept. Cost of pasture will be estimated. At the end of the fattening period, it is to be expected that daily gains, cost of gains and amount of feed required for 100 pounds of grain will be available.

Other people with litters of pigs who are interested in this sort of work are invited to see Mr. Reynolds, who will be glad to cooperate with them.

Y L COWS ARE AFFECTED

Several milk cows in the Y L community are reported affected with a mysterious disease wherein the udder becomes affected, the skin hardening, later turning black, and then sloughing off, some times a quarter or a half the udder and in one case the entire udder has been lost. The disease is said to be accompanied by considerable fever and sickness of the animal.

Last year Wm. Mattinson, of that community lost a cow from this unknown disease, and now J. P. Willman and T. J. Schoffner report cows similarly affected.

County Agent Fred Reynolds has secured a sample of the puss from the udder, also a sample of the decomposed udder, which have been sent to laboratories at Fort Worth for examination, analysis and classification.

HAS NEW VEGETABLE STAND

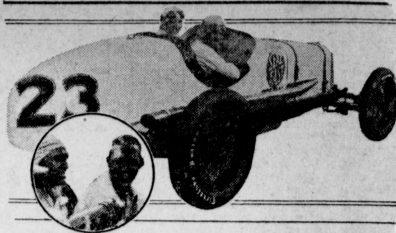

Henington Grocery this week installed a new "Dew-Kept" vegetable spray stand in their grocery store here. It has numerous compartments for holding all kinds of fruit and garden truck, while very fine sprays throw the water over the vegetables keeping them crisp and fresh.

The new installation will be greatly appreciated by the vegetable patrons of that store, enabling them to secure much fresher products.

Colleges and Lotteries

Harvard, Yale, Dartmouth and Williams were among the early foundations that resorted, by state sanction, to the lottery system to enable them to erect buildings.

Louis Schneider Wins 500 Mile Race

Louis Schneider, Indianapolis youth, with his mechanic, Jigger Johnson, just before and just after he rode to fame and a \$20,000 pot of gold in the 500 mile Speedway Classic May 30.

No man has ever won two years consecutively, but Schneider is the twelfth consecutive winner on Firestone Tires, and to express his gratitude for his safety and victory he sent Harvey S. Firestone the following telegram from the track: "I have just won the five hundred mile Indianapolis race on Six Hundred Twenty Firestone Gum Dipped Tires. It was a most difficult and grueling test for tires of

cut and grueling test for tires of youth, with his mechanic, Jigger Johnson, just before and just after he rode to fame and a \$20,000 pot of gold in the 500 mile Speedway Classic May 30.

to a wet slippery track from incessant showers. Safety at high speed was of greatest importance and my Firestone Tires enabled me to make an average speed of 66.22 miles per hour. I have always used Firestone Tires in all my racing for I have great confidence in their safety and dependability and I want to thank you for the part Firestone Ballrooms played in my victory today for I had no tire failures and changed but one tire purely a precautionary measure and all my tires were in fine condition at the finish of the race."

Mr. Wheat Grower:

WE WANT YOUR WHEAT!

We offer you full market price for your wheat less freight and a small handling margin.

We give you 24-hour service—and won't lock up 'till harvest is over.

We have courteous employees with a friendly smile who will be on their toes to serve you.

We have the farmers' interest at heart and desire to serve you in the most acceptable manner possible.

Your business will be appreciated.

GOOD PUBLIC LANDS ARE SCARCE

—Most of them having been taken up years ago. Grazing lands still are available to homesteaders, but homestead land on which a farmer could make a living raising crops is as difficult to find as the proverbial needle in the haystack.

Now is a good time to buy a farm—and Bailey county is a mighty good place to buy it. Land will never be cheaper—tho it is still cheap in Bailey county. How long it will be cheap no one knows. From the number of bids being made all over the United States for farms by city folks, land will probably be higher in the near future.

Better take our advice and invest in Western land now. We will be glad to tell you of the superior merits of Bailey County lands on the South Plains of Texas.

Bailey Co. Farmers To Raise Trees Under Supervision of State

Arrangements have been made for six Bailey County farmers to be furnished with trees for windbreaks, shrubbery for lawns, and grapes for experimental plantings...

The object of this work is to demonstrate to farmers the advantages of properly arranged windbreaks, shrubbery for the lawn, and a vineyard of a selected number of varieties of improved grapes...

The plan of the windbreak is simple. A belt of trees describing one-half square on the north and west side of a farmstead is called a windbreak. This belt of trees will consist of from four to six rows of trees and will be from 75 to 100 feet in width...

Each cooperatively getting grapes will be required to plant 14 varieties, and three plants of each variety, a total of 42 grape vines. At present no particular variety of shrubbery has been designated for any of the cooperators...

This work is meant to cover a long period of years. It is contemplated to advance shrubbery and trees of different kinds as the years go by. Especially these varieties of plants that are found to do well will be sent to the ones cooperating.

Tariff cut by extra session urged at foreign trade meeting.

Bob Murray New Mgr. For Texas Cotton Assoc'n

R. J. "Bob" Murray of Lubbock has been elected by the Board of Directors of the Texas Cotton Cooperative Association as general manager, and will assume his duties within the next several weeks.

Mr. Murray has for 20 years been closely identified with the farming, banking and business interests of the State, particularly in the West Texas area, and at present is general land agent of the Santa Fe Railway system, with direct supervisory and advisory capacities over some 2,500 farms of the section embracing approximately 400,000 acres...

Mr. Murray stated that opportunity for his association with the cooperatives in that section, having come as a surprise to him, but that in accepting the position, he did so for the great opportunity that was presented to render a service to the cotton farmers of Texas.

Mr. Murray has resided in Texas practically all of his mature life, and has been closely identified with agriculture in its various phases.

Treatment of Seed Wheat Against Smut Brings Big Profits

Many farmers have heavily docked this year on the price of their wheat because of stinking smut, or bunt. Not only were they obliged to take a smaller figure for their wheat, but the yield was often materially reduced and so they received less in gross returns per acre than if they had produced smut-free wheat.

Stinking smut is spread in many ways and just because one uses seed from a disease-free field is no insurance against it because any grain separator that has threshed a smutty rye or grain sacks, bins, drills and wagon boxes that have contained smutty grain are all very good sources of infection.

Smut can be prevented as there are several proven methods, one of which are cheap and easy to apply so that one can hardly have an excuse for producing smutty wheat.

Of the several methods to treat wheat for smut the one found most desirable is the use of copper carbonate. This is a dry treatment and as such has many advantages over the wet treatments, which are: Does not injure germination as does formaldehyde and copper sulphate (blue vitrol or bluestone).

Treated seed does not have to be dried. There is no wetting of the seed to hinder drilling. Treated seed can be stored and used when desired. It is very cheap. It is easy to apply.

Copper carbonate coats the grain and so is not re-introduced by coming in contact with sack or drills containing any smut spores. Less danger of smut spores in ground attacking it as copper carbonate on wheat kernels kills any smut spores near the planted kernel.

A good method to treat wheat for smut with copper carbonate is to use a barrel mixer. To each bushel of wheat use two or three ounces of 52 per cent copper carbonate. Should it be only 20 per cent of copper carbonate use about twice as much per bushel.

AIN'T WORTH A DAM

Albany, Texas, News: Walked into a fellow's store this week and asked the merchant about his advertising copy. He said it right blunt, said it did not do any good, did not get any results from an ad in the News. That is to say, it was not worth a damn.

These mixers have a scoop box beneath the barrel into which the treated grain is dumped. This allows one person to scoop away the treated grain while the other can continue and treat another batch of wheat.

McKelvie Ranch Using Mule Power And Keep Correct Farm Records

An unusual feature of the McKelvie ranch at Goodland, managed by Henry Hanover, is the systematic records being kept. According to Mr. Hanover, a daily report is made of all work of teams and men and where the work was done.

There is a promising crop now, which is in the best of condition and free of weeds. A surplus of feed was made last year in spite of the dry weather, reports Mr. Hanover.

Mules are used for power. Tractors have been discussed as the source of power for farming by the manager, but they have not been used to produce the cheap feed, and feed that for the present animal power is more suitable to their needs.

SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF BAILEY. NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable District Court of 96th Judicial District of Tarrant County, on the 6th day of June, 1931, for the sum of Four thousand four hundred fifteen and 31/100 Dollars...

Being 177.1 acres of land, lying and situated in Bailey County, Texas, known and described as subdivision 7, League No. 202, Roberts County School Lands, according to the survey, map or plat of said League No. 202, adopted by the Commissioners Court of Roberts County, Texas, and of record in the deed records for Bailey County, Texas, and levied upon as the property of B. D. Martin and G. L. Robbins, et al. and that on the first Tuesday in August, 1931, the same being the 4th day of said month, the Court House door, of Bailey County, in the Town of Muleshoe, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Order of Sale I will offer for sale and sell at public vendue, for cash to the highest bidder, all the right, title and interest of the said B. D. Martin and wife, Virginia Lee Martin, and G. L. Robbins in and to said property.

And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Muleshoe Journal, a newspaper published in Bailey County, Texas.

SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF BAILEY. NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable District Court of 96th Judicial District of Tarrant County, on the 6th day of June, 1931, for the sum of Three thousand Five Hundred Ninety One and 88/100 Dollars and costs of suit, under a Judgment, in favor of Rochester Haddaway vs. H. L. Mayhugh, et al. placed in my hands for service, I, H. Sterling, Sheriff of Bailey County, Texas, did, on the 10th day of June 1931, levy on certain Real Estate, situated in Bailey County, Texas, described as follows, to-wit:

Being 177.1 acres of land, lying and situated in Bailey County, Texas, known and described as subdivision 16, League No. 202, Roberts County School Lands, according to the survey, map or plat of said League No. 202, adopted by the Commissioners Court of Roberts County, Texas, and of record in the deed records for Bailey County, Texas, and levied upon as the property of H. L. Mayhugh and L. C. McCrory, et al. and that on the first Tuesday in August 1931, the same being the 4th day of said month, at the Court House door, of Bailey County, in the Town of Muleshoe, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Order of Sale I will offer for sale and sell at public vendue, for cash to the highest bidder, all the right, title and interest of the said H. L. Mayhugh and L. C. McCrory in and to said property.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Muleshoe Journal, a newspaper published in Bailey County, Texas.

SIMPLE TO USE

OME foods require a lot of preparation and handling, and some seem simply to flow together under your hand. Among the simplest to serve, either by itself or in combination with other foods, is called Hawaiian pineapple. A large amount of this fruit, of course, is eaten just as it comes from the can. Much of it, however, is combined with other foods, and pineapple is put up in just the forms in which it can be used most easily in these combinations.

Sliced pineapple is best, for instance, for elaborate salads, decorative desserts and to serve with meats. Crushed pineapple is the most handy to use in sauces and simpler desserts. Pineapple tidbits are all ready for inclusion in fritters, fruit cups and cocktails, and in salads that call for that form.

BANISHING INSECT PESTS

A bulletin distributed by the U. S. Department of Agriculture suggests the effective use of common borax to banish roaches.

Powdered Borax enters into the composition of many of the so called roach powders. Borax may be used either pure as a repellent, or mixed with some other substance to make it attractive to the insects.

While borax is effective in repelling roaches, water bugs, ants, etc., it is also non-poisonous and safe to use.

Although it isn't necessary, there are various ingredients used to bait the insects, such as sugar and cocoa, mixed with the pure powdered borax. The simplest method is to wash the cupboards, woodwork and likely haunts, with a solution of warm water

Two Good Recipes

Apricot Melba Salad: Arrange a slice of pineapple in a bed of lettuce. Mix together chopped candied ginger, chopped pecans and cream cheese to taste. Pile this mixture in the center of the pineapple slice, and invert over it a canned apricot. Garnish around the base of the apricot with cream mayonnaise.

Sour Cream Fruit Filling for Cream Puffs: Mix together one-half cup sugar and one tablespoon cornstarch, and add to one cup thick sour cream. Cook in double boiler, stirring till thick, then cover and cook fifteen minutes longer. Cool, add one-half cup drained crushed pineapple, and use for filling cream puffs or between layers of cake. This recipe makes enough filling for eight cream puffs.

GETS 96 CENTS FOR CORN

By feeding it to pigs, Fred Wolter, DeWitt County demonstrator, made a market of 96 cents a bushel for 20 bushels of corn that was worth only 50 cents on the local market. County agent says it took \$2 worth of home mixed protein supplement to balance the corn, the whole fed in self feeders. Pigs sold for seven cents per pound at the farm.

Buy it in Muleshoe.

GOVERNMENT BUYS FORDS
 The United States Post Office department last week placed an order for 1,500 Ford motor truck chassis, according to Neil Rockey, local Ford dealer, making a total of 2,900 Ford units now being used by the Postal department.
 The order for these Fords was placed following an exhaustive test conducted by the Department with the co-operation of the Bureau of Standards, Mr. Rockey said.

ANNOUNCEMENT

About four years ago I purchased the Bailey County Elevator Co., business, and since that time have continued conducting the business under that name.

We now deem it advisable in order to better acquaint the trade with ourselves to change the name of our business to that of the "RAY GRIFFITHS ELEVATOR."

We have been serving the Muleshoe trade in our various lines for the past eleven years and need no introduction. We crave your larger patronage.

We are now better equipped to give you service than ever before, and will very much appreciate any business entrusted to us.

RAY GRIFFITHS ELEVATOR
 (Formerly Bailey County Elevator Co.)

MULESHOE, TEXAS

Car Owners Bought More

Firestone TIRES

During April, May and June . . . than in any like period in History

THERE are reasons for this—Firestone is now building the Greatest Tire Values in history, with the result that Firestone factories are operating 24 hours a day, 6 days a week, to meet public preference.

This is the year everybody is scrutinizing his purchases. This is particularly true in tire buying because of the many confusing and misleading statements made about tires.

To give car owners the facts, Firestone published comparisons showing quality, construction and prices. Then the public came in—made their own comparisons with cross-sections cut from Firestone tires—and from special brand mail order tires and others.

When they saw the facts, they bought more Firestone tires during April, May and June than in any like period in Firestone history.

Drive in today and let us show you these Firestone Extra Values and have your car equipped for Safe, Trouble-Free Summer Motoring. We can save you money and serve you better.

Notice is hereby given that all pupils desiring to transfer in or out of any specific school district in Bailey County must do so during the month of July. Applications for such transfers will be received at my office between July 27 and 30, inclusive.—J. E. ADAMS, County Superintendent, Bailey County, Texas. 24-2tc

Renew Your Health by Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs—once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. Trial package, 10 cts. Family package, 35 cts. All dealers. (Adv.)

Wilson News

(Received too late for last week)
 Rev. B. C. Smith filled his regular appointment here Sunday morning. His text was taken from the second chapter of Isaiah. There wasn't as many out for Sunday school as usual.

Mrs. W. L. Blaylock was unable to attend church as she has been confined to her bed the last few days.

Ralph West returned last week from Frederick, Okla., with his bride who was formerly Miss Esther Herrel. We wish them a happy married life.

Raymond Fleming returned July 4, from Artesian, N. M., where he has been since March.

Mr. and Mrs. Earl Harris and family attended church at Friendship Saturday.

George Tyson returned from Vega Thursday.

The Missionary society of the M. E. church met with Mrs. John Traweek on July 9. There were eight members and on visitor present. Our lesson was taken from "Forestalling Future Illiteracy." Mrs. Zoemle read Matt. 23 as devotional prayer, Mrs. Smith, The World Mirror, Mrs. George Tyson, Reflections; Mrs. D. H. Purdue; Changing Conditions for Children; Mrs. John Fowles; Changing Conditions for the Adults, Mrs. W. W. Smith. The next meeting will be with E. J. Hall.

Mr. and Mrs. Otis Blaylock and Mr. and Mrs. Iris Holloway visited their parents Mr. and Mrs. W. L. Blaylock, Sunday.

Rev. and Mrs. C. Smith's daughter, from Louisiana, is visiting them this week.

Mr. and Mrs. Harold Sanders, from Dallas, are visiting Mr. and Mrs. A. E. Robinson.

Mr. and Mrs. Alford Richards, Mr. and Mrs. E. B. Fleming and families took Sunday dinner with Mr. and Mrs. D. H. Pertue.

Mr. and Mrs. Earl Harris and family were visitors of Mr. and Mrs. H. W. and Mrs. E. C. Garvin Sunday.

Mr. and Mrs. Robinson and Mrs. Pierce, Mr. and Mrs. Hood, and children, from Los Angeles, Calif., and Mr. and Mrs. McClung and children from Frederick, Okla., visited their brother, A. E. Robinson, last week.

The W. M. U. met with Mrs. D. F. Reed last week. They will meet with Mrs. A. E. Robinson this week.

Mr. and Mrs. Charlie Beaty spent Sunday with Mrs. Beaty's mother, Mrs. Beulah Bybee.

Baileyboro News

Club Meets
 We are sorry indeed we did not get the last week's club report sent in, however we will try to give account of it with this week's writing.

Wednesday, July 8th, there were five quilts quilted. Those bringing them were: Mrs. Myrtle Cash, Mrs. Blanche Cash, Mrs. G. L. Blackshear, Mrs. Opal Wallis and Mrs. Charley Garth.

Wednesday, July 15, there were four quilts quilted. Those bringing them were: Mrs. Ruthie Blackshear, Mrs. Faye Cox, Mrs. Hinton and Mrs. J. S. Fears.

Mrs. Ruthie Blackshear, Mrs. H. G. Harvey and Mrs. Oma Bell have the honor of asking for the first calling to be done, which we will do next meeting day, also, three quilts are to be brought so everyone can have a job. Those who cannot help with the calling may quilt.

The parties bringing cookers are: Mrs. Emma Mayhall, Mrs. Josie Blackshear, and Mrs. G. L. Blackshear. The ones to bring seed are: Mrs. Josie Blackshear and Mrs. Emma Mayhall. There may be others bringing cookers. We will use the school cookers and seeders if needed.

Our club quilt is finished and we may put it in at the next meeting to be quilted.

We have quilted 15 quilts to date.—Reporter.

Funeral of Mr. Lee
 G. W. Lee, of Lubbock, father of W. B. Lee, well known and highly respected citizen of this community, died at his home in Lubbock last Sunday afternoon at three o'clock. He was 74 years, 6 months and 1 day of age at death, which came as a result of complications from old age. He had been an invalid for the past four years, and seriously ill but four days.

Funeral services were conducted by Rev. Smith, of the Church of Christ, from the Rix undertaking parlors, and attended by a large concourse of friends and relatives. Interment of remains was made in the Lubbock cemetery.

Relative survivors attending the funeral were Miss Josie Lee, Mr. and Mrs. E. B. Ward, Peyton and Evelyn Randolph, Mr. and Mrs. T. J. Deasy, Mr. and Mrs. J. O. Lewis, Lubbock; Mr. and Mrs. W. B. Lee, Baileyboro; Mrs. W. E. Graham, Geneva, Ruth and Jane Graham, Breckenridge; Mr. and Mrs. J. W. Timms, Betsy Lou Timms, Lefors; Mrs. J. B. Johnson, Genna Lee Johnson, Eastard; Mr. and Mrs. H. W. Smith, Fort Worth; J. W. Bayess, Vole Bayess, Ralls, Roy Bayless, Muleshoe.

W. M. U. CIRCLE MEET
 The Townsend circle of the W. M. U. met Monday with Mrs. T. L. Eason in Bible study.

The study was led by Mrs. Jim Cook on chapters four and five of 1st John. Nine members were present. We adjourned to meet Aug. 3 with Mrs. Motheral. All members of the church are invited to be present.

Watson News

There has been a large crowd attending the Holiness meeting. It closed Saturday night. The Baptist meeting started Sunday morning with Bro. Kolk and Bro. Whitner in charge.

Bosie Henderson returned home Saturday from the harvest fields.

Fester Jones has relatives and friends visiting him.

Mrs. Harey Baton from Sudan visited Mrs. Bosie Henderson while Bosie was in the harvest.

Mrs. Geo. Fine's brother is visiting her this week.

Miss Linnie Huse has been all smiles lately. Mr. Underwood from Plainview has been visiting her.

The W. M. U. club met last Thursday with nine members present and one visitor. Two quilts were quilted for Mrs. Reynolds.

The club will meet with Mrs. Thomas next Thursday and can beans—Reporter.

Watson Willing Workers

(Received too late for last week)
 There has been several meetings of the W. W. W.s, since the last report was sent in. Ten quilts have been quilted in the last three meetings.

Five for Mrs. Carl Hall, two for Mrs. Hulse and three for Mrs. Fred Mueller. Refreshments were served in the late afternoon which were enjoyed very much.

The workers are looking forward to the time when they can begin canning. They are hoping they will have money enough in the treasury to buy a sealer by the next meeting.

The club will meet at the school house Thursday and quilt for Mrs. Reynolds and Mrs. Luther Townsend.

Invited to join and visit visitors are welcome. Come and be with us.—Reporter.

West Camp News

Mr. and Mrs. M. A. Snider and children left Friday for Bethel, Okla., for a two week's visit with relatives.

Mr. and Mrs. Ray Adair and children were dinner guests in the T. H. Adair home, Sunday.

Mr. and Mrs. Blair and daughter, Mrs. Lea, of Clovis, N. M., visited in the J. R. Sheriff home Friday night.

Charlie Dotson had the misfortune of breaking his foot last week when a horse he was riding fell with him.

A number of folks from this community attended singing at Ranchvale, N. M., Sunday afternoon.

Mr. and Mrs. C. E. Dotson and family visited in the J. R. Sheriff home Sunday night.

Bert Williams and Mrs. Willie Williams returned to their home in Bethel, Okla., Friday after a two week's visit here with relatives.

Mrs. Howard Lindsey, Josie Lee and Mrs. S. F. Tipton were dinner guests in the C. E. Dotson home Sunday.

Singing was well attended Sunday afternoon. There were visitors from YL and Oklahoma Lane. We are always glad to have visitors and welcome them back.

Bro. Sruell filled his regular appointment here Sunday.

Charlie Spence and father from Floydada spent the weekend in the T. H. Adair home.

Exporters at conference assail our world trade timidity.

Wheat From Field To Table As A Cereal Is Low Price Solution

While some Bailey county farmers are storing their wheat feeding it or saving it for winter fuel, others are putting away sufficient for their own flour during the coming year.

Another way of using much of it during the coming 12 months is as a breakfast cereal. Have it ground at a grist mill to any degree of fineness desired, the barely cracked is generally conceded the best. Cook it about an hour, according to method and kind of heat used—double boiler cooking is the best as grain formation is not disturbed. While still hot, it may be put up in glass jars the same as fruit, keeping indefinitely, to be opened as needed for meals.

For daily consumption, it may be cooked the evening before and warmed up for breakfast. Served with cream and sugar, or with fruits or jellies as other cereals, it will be found of delicious flavor, exceedingly nourishing and much cheaper and more desirable than any cereal that can be purchased at a store in sack or package.

For daily consumption, it may be cooked the evening before and warmed up for breakfast. Served with cream and sugar, or with fruits or jellies as other cereals, it will be found of delicious flavor, exceedingly nourishing and much cheaper and more desirable than any cereal that can be purchased at a store in sack or package.

MCCORMICK-DEERING SERVICE

Let us overhaul your tractor Now for the busy season

NOW, before you need your tractor every day, phone us—or bring it in—and arrange for a thorough going over.

Even though your tractor has been in service only one season, it is wise to have our mechanics look it over and check it carefully. If it needs valve grinding or other attention, now is the time to have the work done.

Our rates are reasonable. And you have the assurance that we use genuine IHC parts for necessary replacements.

McCormick-Deering tractors are built right . . . Our service keeps them right . . . Always!

HOME NEWS WANTED Read all the daily newspapers and magazines you wish, but after all the home news is most important and that is exactly what the Journal specializes in. We have the greatest interest in the community in which we live, and in the people who are our neighbors and friends. And it is the local newspaper which records the happenings of the folks at home, and, in addition, fosters the civic pride and progressive spirit of the community. Any news item, no matter whether great or small sent in to the Journal, will be greatly appreciated, or call phone No. 54.

S. Anderson returned Monday from a trip to Oklahoma. Miss Helen Elrod is home from Canyon, where she attended West Texas Teachers college. Mr. and Mrs. W. Wallace, of Shanghai, China, visited his uncle, J. F. Wallace and family this week. Miss Mamie Howland, of Clovis, N. M., is the guest of Mrs. Howard Carlyle this week. Their addition was greatly appreciated by the members. Miss Evelyn Wilf who has spent the past month here with her cousin, Miss Mary Frances Willis, and also acting as reliever operator at the telephone office for the past two weeks, returned to her home in Littlefield, Monday. She was accompanied on her return by Mary Frances, and Miss LaPina Jackson, of Sudan, who had spent the weekend here. Fred S. Reynolds and family, accompanied by Dr. and Mrs. J. W. Chubb and Mr. and Mrs. Joe Lessard, who are visiting them here, attended a round-up and branding spree held on the V V N ranch Wednesday of last week, the ranch being located on the New Mexico line south of West Camp community. The guests returned Tuesday to their homes in the east. D. T. Leslie, wife and mother, of Los Angeles, Calif., is here this week visiting relatives, Mr. and Mrs. Elmo Head. Mr. Leslie has had considerable experience in irrigation and was for some time connected with one of the leading pump manufacturers of the Pacific coast. He is greatly pleased with the future prospect of the Blackwater valley, and is contemplating locating here. Dr. A. R. Matthews returned Monday from a week's vacation and visitation trip into New Mexico, being accompanied on the journey by Miss Rita Wilmon. At the DeBoris ranch west of Corona, he visited his sister, Mrs. Amanda Everett, and niece Mrs. Corbin Hester. While on the trip he took occasion to see the Gran Quivira ruins in that section, bringing back with him some very interesting Indian relics, including pieces of ancient pottery and several arrow heads. He reports a very delightful trip.

NOTICE TO BIDDERS The Commissioners Court of Bailey County, Texas, will receive competitive bids to ten o'clock a. m. on the 10th day of August, 1931, at the Court House in Muleshoe, Texas, on the following described road machinery: one or more Crawler type tractors and ten foot road grader and at said time and place said court will proceed to let a contract if any bid be accepted. Certified check in five per cent of amount of bid required, and the court reserves the right to reject any or all bids. If any contract is made the court intends to issue interest bearing time warrants for all or part payment thereof, in an amount not to exceed \$45000.00, said warrants to bear interest at the rate of 6% per annum, and the full amount of said warrants to mature at a date not later than March 15th, 1937. J. E. ADAMS, County Judge, Bailey County. July 23, 30, 1931.

Now is the time to get up an argument on the tariff, prohibition or anything else. The hot weather will make the discussion hotter and probably end in a shooting scrape.

Kiwianians Have Gala Day Here, Governor And Delegates Attend

(Continued from page one) against future deviations of the moral and legal code, proved himself a master of extemporaneous maxillary calisthenics, sleight of hand chin excursions and oral pyrotechnics, addressed the assemblage in happy vein. Calling attention to the diametrical oppositions of various delegates present from his legal ballkick, the Judge launched forth with a volley of vivacious stories which would have induced a stranger to believe him a representative of some 'yam factory rather than the serious, sedate jurist he really is. He even went so far as to explain to the gathering that "Kiwianis" was an Indian word meaning "big noise," and was appropriately applied to Henry Andley, recent departed columnist of the El Paso Times-Herald, but who is now running Mayor Thompson, of gas rate reduction fame, a close second in boosting the land gregariousness and wholesome wheat activities of one Hickman Price. But soberly speaking the Judge paid his respects to the high type of manhood that was in the making of West Texas, declaring that Kiwanians may be always found in the forefront of the ranks of builders; that they were a decidedly constructive organization, and while interested in the building of things material, yet their highest aim was in the molding and building of character, the one asset which is causing this area to stand head and shoulders above its contemporary surroundings. Lieut. Governor E. B. Miller, well known throughout the district as an ardent upholder of the staid and proven theological tenets of this great service organization, but who in his native health is familiarly referred to as "E. B.," efficient business manager of the Plainview Herald, and chicken rancher de luxe, declared he was addressing the audience entirely unofficially and what he had to say was without the sanction or the high collars a step or two above him. He brought greetings from Plainview Kiwanians, and in behalf of his fellow junketers, expressed their pleasure of fraternizing with the local membership and other attending visitors. E. B. is noted throughout the district for his exuberant cordiality, his untiring labors in behalf of his service alma mater, and while he was yet speaking, it was feverishly whispered within the club walls that there were latent talents and potential abilities still hidden within his cerebral a physical corporeity that marked him for still higher office and greater service in empire of Kiwanis. Governor Miller was particularly

MATHIS PAYS ON LOAN B. H. Mathis was the first in Bailey County to make a payment on his Government loan obtained this spring. Last Saturday Fred S. Reynolds sent off his check for \$100, representing one half the loan, payment for which he will receive credit. Mathis stated he had been trying for three weeks to find some one to send his payment off for him. Help keep Muleshoe clean!

anxious that this area should have a large representation at the annual district meeting to be held in Oklahoma City during the month of September stating that in all probability, a special train would be run out of Amarillo to the convention city, and urging as many members as possible to attend. He stated that Amarillo would be in the running as the next convention host, and "or course" you all know how to vote," he said. Editor Jess Mitchell, publisher of the "Muleshoe daily newspaper which comes out once a week," according to Kenyon Kiwanis Smith, community coalitionist—Mitchell in a few brief remarks, brought the meeting to a timely close, and adjournment was effected well within the prescribed number of minutes as outlined by the club's constitution and by-laws. It was an event long to be cherished and remembered by members of the Muleshoe club. The fine spirit of fraternity exhibited, the rubbing of shoulder to shoulder with men of sim-

ilar ideals and ambitions, the commingling of similar personalities in the great game of life and living, and the inspiration imparted by the congenial visitors was as rejuvenating as the sparkling waters sipped from an oasis, long to be treasured and frequently recalled by local Kiwanians.

Out of town visitors attending were as follows: Amarillo: Judge Hal Randolph, John K. Boyce, C. M. Holt, Wm W. (Bill) Baker, W. H. Wallace, Bruce E. Aitry, G. B. Stewart, Fred Tubb (Scotty) Douglas, S. J. Cole, H. A. Ferguson, O. L. (Ted) Taylor, Morris Highley. Plainview: Lieut. Gov. E. B. Miller, T. O. Collier, B. O. Sexton, O. E. Bra-shear, R. Q. Silverthorn, A. R. Bate-man, John S. Wyatt, Grady Ship, Dr. E. L. Spence, B. Collins, B. C. Causy, C. A. Pierce, H. S. Hilburn. Sudan: P. E. Miller, P. H. Estes, A. P. Lambert. There were 15 Muleshoe members present.

CHANGED... The Grain Business has changed with the times. The Elevator of today is only a Loading plant. Loading out your wheat for the full market price, less freight and a small handling charge. May we serve you? MATHIS PAYS ON LOAN B. H. Mathis was the first in Bailey County to make a payment on his Government loan obtained this spring. Last Saturday Fred S.
