

SOUTH PLAINS FAIR AND BIBLE CONFERENCE EDITION--DAILY DURING FAIR

THE LUBBOCK AVALANCHE

VOLUME XXIII. No. 61.

LUBBOCK, LUBBOCK COUNTY, TEXAS, THURSDAY, SEPTEMBER 28, 1922

PUBLISHED TWICE A WEEK

NINTH ANNUAL SOUTH PLAINS FAIR OPENED TODAY

WITH BIG PARADE--FIVE COUNTIES ARE COMPETING FOR PRIZES IN COUNTY EXHIBITS

BIGGER AND MORE EXHIBITS ARE IN COMPETITION THIS YEAR--MANY NEW DEPARTMENTS ARE NOTICED

Community and Industrial Booths are Numerous and There is a Large Display of Poultry, Hogs, Horses and Cattle--Industrial Building is a Thing of Beauty, Showing Many Lines--Big Showing of Automobiles and Farm Implements.

What is believed to be the greatest meeting of the Plains people in the history of the Plains country started this morning, when many cars from over this district began to arrive at the fair grounds to attend the ninth annual fair of the South Plains Fair Association.

The agricultural hall was without doubt the busiest place on the grounds yesterday, when agriculturalists from all over West Texas began to arrive to place their products on exhibit.

The counties represented by booths are Dawson, Lamb, Crosby, Terry and Lynn, and from the appearance of the booths we admit that the poor fellows who have to judge these booths and designate the winner has a task which will in all probability require much thought and time.

The Dawson County booth was prepared by Mr. J. C. Potts, also of the Canyon community, and is indeed a credit to the progressiveness, energy and broadmindedness of the Lubbock county farmer, who has always taken a leading place in agricultural work as well as in live stock growing circles.

Paralleling in splendor the county booths, and bringing home the fact that the various communities over the great South Plains are alive with that same enthusiasm and progressiveness which seems to center about each county site, and in every way showing that pride which characterizes our people, the community booths were whipped into shape yesterday in great haste until this morning the agricultural building is one of the most attractive buildings on all the great South Plains country no doubt, as everything that grows is displayed in some one of the booths, and competition for championship in community work is just as keen as for county championship, which no doubt will have far reaching effect in boosting the communities represented to those who will be here for this occasion.

The Sudan booth reflects well upon the agricultural possibilities of that section, and Mrs. L. E. Slate, H. Slate and the Texas Land Exchange are to be congratulated for having gotten together such splendid exhibits, and the manner in which they are to be displayed is great, a map being made of six counties, Bailey, Lamb, Hall, Cochran, Hockley and Lubbock, all lines being made with Sudan seed pasted to the board on which the outline is drawn, and it is pleasing to note that Lubbock, the hub of the plains, was recognized by the artist, as a small wheel indicated Lubbock's location, with a highway and railroad running to Sudan, which is marked with nine squares of that many kinds of field seeds, indicating the town blocks of that fast growing little city.

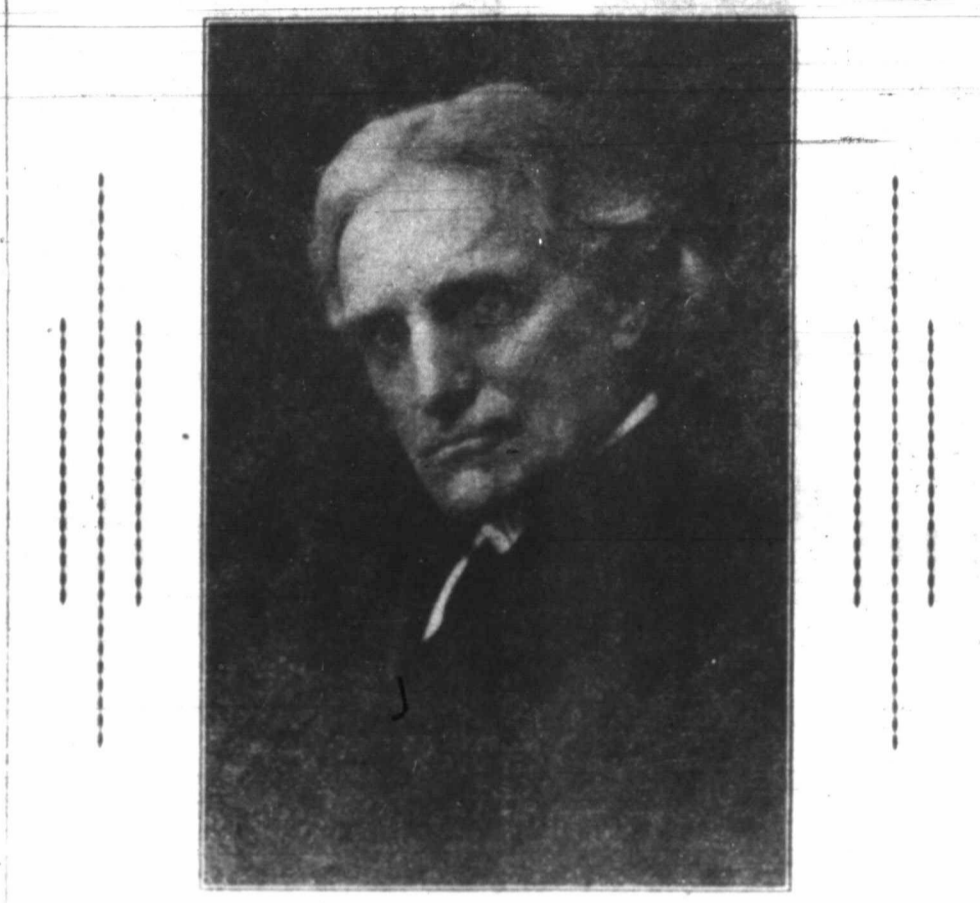

more to West Texas than any of us have realized, and even at that it is fortunate that the fair management realized the possibilities of great work among the people of the various communities of the district, as a result of which they arranged for community and individual booths, which are indeed a credit to the fair. Among the individual exhibits, Canyon seems to be the predominating community, as Mrs. O. H. Akin, with more than one hundred articles from her home, garden and farm one mile south of Canyon, has prepared a booth that insofar as variety and quality of products is concerned is in a class to itself. This booth was prepared by Mrs. Akin and her small daughter, as Mr. Akin and the larger children were interested in individual exhibits among the live stock and poultry, attention to which is given in another column of this issue.

The next individual booth was prepared by Mr. J. C. Potts, also of the Canyon community, and is indeed a credit to the progressiveness, energy and broadmindedness of the Lubbock county farmer, who has always taken a leading place in agricultural work as well as in live stock growing circles.

The people of the Carlisle community left it with the farmers to supply material for a sign, fetter heads being properly shaped to make the word, "CARLISLE" show up in grand style, and red and white pickets, made of the red and white kaffir, with the white heads at the top of the "fence," and the red ones at the bottom makes the booth show up nicely, and the painstaking that was necessary in constructing the fence is evident, to which we must give much credit to Mr. and Mrs. W. M. Pevehouse, John Burroughs, J. T. Hembree, Reagan Coffey, B. W. Casey, Newman Casey, and Mrs. C. C. Casey, for the artistic touch given the booth.

Idealou, the "Oasis of the Plains," is well represented among the booths with a well arranged exhibit, put up under the directions of Judge C. W. Beene of Lorenzo, who was assisted by C. S. McCurdy, A. G. Ross, H. W. Lasiter, Paul Sherrod, Mesdames Jess Joiner, Carl Barr, T. Walker, Mr. T. Walker, B. F. Hunter, Mr. Howard, Mr. and Mrs. J. L. Herbst, and J. H. Vand, who worked with great energy in preparing what they hope to be the champion booth of the community class.

As usual the people of the Posey community are awake to the possibility of advertising that vicinity, and to that end have prepared one of the most elaborate exhibits in the agricultural booth, on which Mr. and Mrs. C. Z. Fine, Mr. and Mrs. W. A. Bennett and J. L. Benton displayed great ability in arranging the splendid exhibits. It is gratifying to

H. C. MORRISON, D. D.

from all accounts those in charge of the Acuff booth, have started something worth while for that community, in that the success in development of the Hub city of the Plains may be again demonstrated in the development of this district. Along the five spokes of the wheel, which are all equal distances apart, is written "To Lorenzo, Crosbyton, Slaton, Lubbock and Idalou," respectively, making the little hub the very center of attraction in this district, to which we must give the geographic ability of some Acuffite much credit for having reminded us of the proper location of that thriving community. Douglas Pounds, M. L. Bra-shear, U. J. Carroll, M. M. McElroy, Mrs. Earl Davis, Miss Ada Durby and Miss Meek are in charge of the Acuff booth, and have done a good job of bringing out the full worth of the exhibits.

Misses Lillian Richards and Katie Bell Crump, Mrs. J. C. Boles and Mr. and Mrs. J. H. Roles have arranged the Shallowater exhibits nicely, the booth being among the top notchers in attractiveness. The community work in that vicinity has been eagerly and enthusiastically gotten into by the many awake and progressive citizens, and the exhibit at the fair is only one of the many things that has been accomplished there.

The people of the Carlisle community left it with the farmers to supply material for a sign, fetter heads being properly shaped to make the word, "CARLISLE" show up in grand style, and red and white pickets, made of the red and white kaffir, with the white heads at the top of the "fence," and the red ones at the bottom makes the booth show up nicely, and the painstaking that was necessary in constructing the fence is evident, to which we must give much credit to Mr. and Mrs. W. M. Pevehouse, John Burroughs, J. T. Hembree, Reagan Coffey, B. W. Casey, Newman Casey, and Mrs. C. C. Casey, for the artistic touch given the booth.

Idealou, the "Oasis of the Plains," is well represented among the booths with a well arranged exhibit, put up under the directions of Judge C. W. Beene of Lorenzo, who was assisted by C. S. McCurdy, A. G. Ross, H. W. Lasiter, Paul Sherrod, Mesdames Jess Joiner, Carl Barr, T. Walker, Mr. T. Walker, B. F. Hunter, Mr. Howard, Mr. and Mrs. J. L. Herbst, and J. H. Vand, who worked with great energy in preparing what they hope to be the champion booth of the community class.

As usual the people of the Posey community are awake to the possibility of advertising that vicinity, and to that end have prepared one of the most elaborate exhibits in the agricultural booth, on which Mr. and Mrs. C. Z. Fine, Mr. and Mrs. W. A. Bennett and J. L. Benton displayed great ability in arranging the splendid exhibits. It is gratifying to

that they are also hopeful of being first place among the prize winners, and should this ambition be realized, we will not be at all surprised.

The fair this year is greater and bigger than ever, and the remark made yesterday by a witty bystander is as near explanatory of the business as anything we have heard in that he declared that "this is more like a young Dallas Fair than anything I have seen in a great while," and truly there is reason for that opinion.

Today being the opening day has revealed many wonders of the plains to the visitors, but they are assured that the remaining three days will be just as interesting as is today's great carnival of agricultural and industrial products.

The strides that have been made in developing livestock breeds on the Plains is well shown at the fair today, as the hogs, sheep, goats, cattle, horses and mules are living examples of what can and has been done in perfecting breeds on the Plains.

The interest that has been shown in thoroughbred stock for the past few years is great, and the livestock owners realize that their efforts are well repaid in the fine herds that have been developed, and their pride in their stock is shown in their being placed on exhibit at the fair.

The Animal Husbandry class, of the Lubbock High School of the 1921 term, instructed by Ray C. Mowery, A. M. Graduate, received much publicity for the things done by the boys in stock judging, but that publicity and the work they have done is twined in comparison with what some of the boys have done this year in putting their work into practice. Raymond Boyd, outstanding character in the State stock judging contest at Fort Worth last year, who beat the second man by twenty points, is proving that he knows how to use the many instructions laid down in the text books, as he is exhibiting at the fair today nine pure bred Poland China hogs, which are champions in their class, and which are receiving much attention from those in attendance.

Roy Davis, well known in local school circles, and an outstanding character in the stock judging team last year, is also on the job, having fitted eight head of pure bred Herefords for the Sunshine Ranch, owned by Moorehouse and Johnson. Davis having worked on the ranch this year for the opportunity to apply his knowledge of stock raising to taking care of the fine ones on that ranch.

The Herefords are equal to the best anywhere, and we are sure that your Davis' achievement in putting them in such fine shape for the showing will be an incentive for those who see them to take keener interest.

MANY HERE TO ATTEND THE BIBLE DISTRICT CONFERENCE, INCLUDING PREACHERS OF NATIONAL NOTE

Those in Attendance Are Being Cared for in Hospitable Lubbock Homes--Value of the Conference to the Local Church Membership is Great, This Being the First Conference of This Character to be Held on the Plains.

Beginning today the District Conference of the Lubbock District, Northwest Texas Conference began at the Methodist church at this place. This is an adjourned session of the conference, which was held in Matador in May, but on account of the weather being unfavorable, and but few delegates could attend only a small amount of business was transacted and continued over to this session, when it will be completed.

Presiding Elder, George W. Shearer is presiding, the first session being held at 9 o'clock by devotional services being conducted by Rev. W. A. Bowen, pastor of the First Baptist church of this city and the following is the program for the four days:

Program, Adjournment Session, District Conference and Bible Conference.

Thursday Morning.
8:00 to 9:30--Devotional Services, Rev. W. A. Bowen.

9:30 to 10:00--Centenary Report, Rev. W. E. Lyon.

10:30 to 11:00--Romance of Preaching, B. W. Dodson.

11:00--Sermon, Rev. H. C. Morrison, D. D.

Thursday Afternoon.
3:00 to 4:00--Program of the Christian Religion, Rev. R. E. Dickenson, D. D.

4:00 to 5:00--Romance of Preaching, B. W. Dodson.

7:30--Sermon, Rev. H. C. Morrison, D. D.

Friday Morning.
9:00 to 9:30--Devotional Services, Rev. J. M. Lewis.

9:30 to 10:00--Educational Report, Rev. J. W. Hunt.

10:00 to 11:00--Program of the Christian Religion, Rev. R. E. Dickenson, D. D.

11:00--Sermon, Rev. H. C. Morrison, D. D.

Friday Afternoon.
3:00 to 4:00--Business Session of the District Conference.

4:00 to 5:00--Romance of Preaching, B. W. Dodson.

7:30--Sermon, Rev. H. C. Morrison, D. D.

Saturday Morning.
9:00 to 9:30--Devotional, Rev. B. W. Dodson.

9:30 to 11:00--Sunday School Report, Rev. H. W. Terry.

10:00 to 11:00--Program of the Christian Religion, Rev. R. E. Dickenson, D. D.

11:00--Sermon, Rev. H. C. Morrison, D. D.

Saturday Afternoon.
3:00 to 4:00--Reports from Pastor and Laymen from the Lubbock District.

4:00 to 5:00--Romance of Preaching, B. W. Dodson.

7:30--Sermon, Rev. H. C. Morrison, D. D.

Sunday Morning.
9:45 to 11:00--Big Sunday School Rally, prominent speakers.

11:00--Sermon, Rev. H. C. Morrison, D. D.

Sunday Afternoon.
3:30 to 4:30--Women's Meeting, Presiding officer, Mrs. S. H. Adams.

4:30 to 5:30--Men's Meeting, Speaker, Rev. H. C. Morrison, D. D.

6:30 to 7:30--Love Feast, Revs. W. B. Pinson and R. F. Dunn.

7:30--Sermon, Rev. H. C. Morrison, D. D.

Benediction.

It will be noted that this is also a Bible Conference, and some very able men are on the program for lectures and sermons. Besides the conference features, the services of Dr. H. C. Morrison, of Kentucky have been secured, and he will preach two sermons each day.

Dr. Morrison is one of the most noted preachers in the Methodist church, and William Jennings Bryan is quoted as saying that Dr. Morrison is the greatest preacher in America. He is noted for his wonderful interpretation of the scripture and for his spiritual addresses. It is a wonderful treat for the people of Lubbock, and the opportunity that very few people have, and the entire population of our town should avail themselves of the opportunity of hearing this great man.

There will be in the neighborhood of a hundred delegates to this conference aside from the preachers, who number twenty-five or thirty.

All in all this is one of the most important religious gatherings that has met here this year, and there will be hundreds of visitors from all over the South Plains as well as places a great distance from here who will attend these services.

The public is cordially invited to attend all of these services and es-

pecially urged to hear the great sermons at eleven and seven-thirty each day by Dr. Morrison.

Speakers and Prominent Men Here for the District Conference and Bible Conference.

H. C. Morrison, D. D., of Kentucky, is president of the Asbury College and is also editor of the Pentecostal Herald, and has been prominent in Methodist church circles for more than thirty years. He has been a member of the General Conference of the Methodist church for the past twenty-five years and was a member of the Ecumenical Conference in London which was held last year, and the editor of the Methodist Recorder there said of Dr. Morrison, "that he was one of the most prominent men at that conference." You will enjoy hearing this man's messages.

Dr. Robert E. Dickenson is another prominent man who will be here during the session of conference and will speak on the subject of "The Program of the Christian Religion." Dr. Dickenson is one of the outstanding men of the church, was pastor of the Colorado Springs Methodist church for several years

DR. ROBERT E. DICKENSON

and while there was considered one of the strongest preachers in that city. He has for the past few months been the pastor at Vernon, and is at this time holding that responsible position. He is well educated, is in the prime of life, and is going to add much to the interesting program of the Bible and District Conference.

B. W. Dodson, is another who will have a prominent place on the program, taking the place of Rev. J. W. Hunt, of Abilene, who could not be here to fill the place on the program assigned to him, lecturing on the "Romance of Preaching." Brother Dodson is one of the strong doctrinal speakers of the Methodist church, and is an ex-student of the Vanderbilt University, is a Tennesseean, has been pastor, presiding elder and teacher of Bible in colleges and is at present pastor of the Methodist church at Post City.

Mrs. Griswold, one of the best educated and fluent speakers among the women of the State will be here and address the Woman's Missionary Society, and it is needless for us to add another word to this announcement to make it impressive, as she is too well known here for this to be necessary. She was a resident of our town a number of years, and is well known in Lubbock and the surrounding county.

CONFERENCE NOTES

W. C. Harb of Roaring Springs, is among the number of preachers here this week attending the conference. He is a guest of Rev. and Mrs. Pickens, while in the city.

Rev. Pollard of the Andrews circuit was among the early arrivals at the conference Wednesday.

Rev. J. W. Hunt, of Abilene, president of the McMurry College at Abilene, was here at the opening of the conference. He is doing special work on the educational program of the Methodist church just now, and was making a tour of all the districts in the Northwest Texas

(Continued on last page)

TOMORROW'S PROGRAM

The program for tomorrow afternoon will include a baseball game between community teams, under the direction of Geo. W. Briggs. All teams have been entered and this bids fair to be an interesting game.

The much looked for Rodeo stunts will be given after the ball game.

The Asphix stunts and Parachute Jump, etc. follow the ball game.

Last but not least, the Fireworks, under the direction of H. H. Griffith, assisted by the local Cavalrymen, will be given. Griffith had charge of the fireworks last year, and the materials that will be used this evening were purchased from the same firm that furnished them last year, which assures a splendid showing.

Hereford Cattle Breeders' Cutting Out the Middle Man's Profit and are Making Money By the Operation

The elimination of the speculator and middleman will put more than \$60,000 this year into the pockets

of 45 leading stockmen and ranchers of Presidio, Brewster and Jeff Davis counties.

How the Highland Hereford Breeders' Association made this possible was explained Saturday by C. A. Easterling, of Marfa, Texas.

Mr. Easterling is sales manager and secretary of the association. He was in El Paso to confer with traffic officials relative to the shipping of more than 15,000 calves and yearlings which will be sold at public auctions this year by the association.

3500 at Indianapolis Sale.
Mr. Easterling will leave October 1 for the north to personally conduct the public auction sales. The first one he said would be held at Decatur, Ill., October 18. The second at Indianapolis, Ind., October 28. Other sales will be made until 15,000 calves and yearlings have been disposed of.

"Last year at the Indianapolis sale we had 3500 buyers and Gov. Warren T. McCray bought the first car load," Mr. Easterling said.

"From producer direct to the feeders, which is our trade slogan, tells the whole story," Mr. Easterling said. "We simply eliminate the speculator and middlemen. We sell direct by mail and public auction sales."

The association was organized in 1919 by the more progressive breeders of white faced Herefords in the three counties of the the Marfa district.

"We only admit to membership only those breeders who are progressive enough to improve their stock and to have ranch and range conditions so that it is possible," he said. "The association only sells yearlings and calves. Quality is our secret of success."

\$55,000 Profit Last Year.
"Our section of southwest Texas is the greatest breeding place in the world, and our association has attracted the attention of the United States department of agriculture. The government has appropriated \$1,000,000 to get reports on livestock conditions and will issue monthly, quarterly, semi-annually and annual reports. Our association has been praised by the department for its work in improving stock and increasing production."

Mr. Easterling said that last year the association shipped 10,000 calves and 1,000 yearlings and made a net profit to its members of more than \$55,000 and above the market price.

"Our success has led to the organization of similar co-operative selling agencies throughout the country," Mr. Easterling explained. "But we were the pioneers."

"Our fall sales are an advantage

POPULAR PRICES

to the stockmen. By buying calves and yearlings they make more money.

Range Near Marfa is Good.
"A carload of big steers will number about 20. They will put on, when properly fed, about three pounds a day. A carload of calves will average about 60 head. They will put on about 2 pounds a day making 120 pounds total as compared to the 60 pounds put on by big steers."

The range is good in the Marfa district according to Mr. Easterling. "The recent rains have put the country in fairly good condition," he said. "As a whole the country will go into the winter in as good condition as last fall."

Lubbock Football Eleven to Meet Lockney Here Fri.

O. F. Sensabaugh, coach of the Lubbock football eleven, says everything is ready for the little exhibition Friday at 3:30 p. m., when Lockney will be met on the local grid.

Sensabaugh says he cannot see anything between his team and the district championship this year, though it is reported from many schools about over the country that they will try to loom up before the season is half through, but Sensabaugh has his eyes on the Lubbock bunch, and with the best lot of material that was ever placed at the command of a coach here, is going after that championship without any fear whatever of the final outcome.

Thirty-five men were in uniform Tuesday, practicing for the Friday's tournament, and unless Lockney shows a great deal more speed than the Post City delegation did, again Lubbock's score will be stacked high.

The Lubbock huskies are true sportsmen, and realize the value of teamwork. They are eager for a tussle at all times, and with the punch and pep put back of their practice on the field, we are sure that before the season is gone some of the best football players in the state will be known in the Lubbock team.

Withal there is little chance for our team to fall short of the championship in this district.

Sensabaugh has already proved his ability as a coach, and the men are proving their "sand" every day and with this combination shown in coach and team, we feel that a season of winning for the city of Lubbock has started.

Those fellows have a great deal more to fall back on than the training of a good coach and a lot of playing ability—the people of Lubbock are for them strong, the various civic organizations having proven that they will back the boys to the last game—championship or not, but of course the boys have willed that a championship team will be the reward to Lubbock people for the assistance given them.

At any rate there will be a great football game here Friday, and we assure our readers that if football holds any fascination for them, a little four-bits admission will be gotten before the first quarter is half started.

MENNONITES ARE BUSY IMPROVING HOMES IN MEXICO

A team of slow, plodding oxen, hitched to the antique wooden plow, competing alongside of a modern tractor turning with mechanical precision the furrows under three disc plows is the contrast to be witnessed at one of the most rapidly growing farm colonies in Chihuahua, Mexico. Details of the flourishing Mennonite colony at San Antonio, Aranales, Chihuahua, were furnished by W. M. Sein, agricultural representative in charge of a large section in Chihuahua, with headquarters at Casa Grandes.

"The Mennonites have bought 200,000 acres in the San Antonio, Aranales district," Mr. Sein said. "They are from the Manitoba and Swift Current settlements in Canada and came to Mexico in March. They now have 350 families and by winter will have grown to 1650 families."

"They are honest, industrious and sober. They are modern, practical farmers and handy in the use of machinery."

Mr. Sein predicted that the Mennonites will have one of the best agricultural schools in Mexico soon.—El Paso Herald.

L. Griffith, father of Harold Griffith, of the Rix Furniture Co., is visiting here this week.

What makes a dog madder than seeing the dog-catcher loafing?

Announcement

THE FIRM OF COLLIER BROS. ANNOUNCE THE CHANGE IN NAME OF THE LUBBOCK MONUMENT WORKS TO THAT OF

South Plains Monument Company

The latter name will be familiar to many of the out-of-town readers of the *Avalanche*, as the South Plains Monument Company of Plainview has for many years, supplied the needs of other towns and communities around Lubbock in this line.

This, our third yard, we recently acquired on account of the possibilities of Lubbock as a distributing point, and because we believe that Lubbock is to be the City of the South Plains.

We would have our future customers bear in mind that freight is quite an item in the cost of a monument and as all the better granite and marble comes from Vermont, Massachusetts, or Georgia, we will be able to effect quite a saving as we ship everything in CAR LOTS and all carving, lettering, etc., is done at our yard.

We will be glad to have you call and inspect the work on display or a post card will bring our salesman to your home with no obligation on your part to buy unless you wish to do so.

KANSAS CITY MARKET

Kansas City Stockyards, Sept. 25.
—A further gain of 10 to 20 cents in hog prices today took the general market \$1.15 above the low spot two weeks ago, and 65 cents above a week ago. Trade was active. Cattle receipts were the largest of the season. Best fed steers held steady and other classes were generally 15 to 25 cents lower. The bulk of the offerings was from Oklahoma and Kansas pastures and Texas and New Mexico ranges. Sheep receipts were fairly liberal and a moderate decline developed for fat lambs. Sheep were steady.

Today's Receipts
Receipts today were 38,000 cattle, 8,000 hogs, and 10,000 sheep, compared with 31,000 cattle, 9,000 hogs, and 6,000 sheep a week ago, and 28,800 cattle, 6,250 hogs and 9,995 sheep a year ago.

Beef Cattle
Killers were in the pens early today and took all the good fed steers and well wintered grass steers offered at fully steady prices. Most of these sold at \$9.50 to \$11.35. Later the best grass fat steers sold at \$7.25 to \$8.50, or weak to 15 cents lower, and the plain to common kinds 15 to 25 cents lower. To care for the largest receipts at any market this year without disturbing prices more than they were today requires large demand. Killers on the basis of purchases made today will make their largest buy of the season this week. Cows and heifers were steady to 15 cents lower. Veal calves were steady.

Stockers and Feeders
Though receipts today were liberal prices for good to choice stock and feeding steers, cows, heifers and calves held steady, under an active demand. Medium plain and common kinds were lower. The full fall demand for stockers and feeders is in progress.

Hogs
The ten dollar hog which has been absent from the market for nearly a month was returned today when prices were quoted up 10 to 20 cents. The top was \$10.05, and bulk of the offerings sold at \$9.50 to \$10. Compared with a week ago the market is 50 cents higher, and \$1.15 higher than two weeks ago. There was active demand from both packers and shippers today. Pigs and stock hogs sold at \$8.75 to \$9.60.

Sheep to Lambs
Sheep held steady, but lambs were quoted off 25 cents. The decline in lambs was caused by liberal receipts and lower prices elsewhere. Most of the western lambs sold at \$14 to \$14.25, and native lambs at \$13 to \$14. Fat ewes with considerable weight sold at \$5.75 to \$6.25.

Horses and Mules
Receipts of mules continued liberal. Horses remained in moderate

supply. Prices were quoted unchanged.

CHAS. M. PIPKIN,
Market Correspondent.

CARLISLE NEWS OF THE PAST WEEK

The Methodist meeting closed Sunday night. Brother Pickens preached some very interesting sermons.

There was a large crowd at Sunday School Sunday afternoon. New officers and teachers were elected.

Mrs. H. H. Guin, Jr., spent Thursday with Mrs. C. H. Jerden.

Mrs. L. W. Ray of Snyder, Mr. and Mrs. O. Franklin and boys and Mrs. Pullen of town spent Sunday evening in the W. B. Ray home.

Mr. and Mrs. Meadow spent Sunday in the Dean home.

Mr. and Mrs. J. B. Burroughs spent Sunday afternoon with their cousins Mr. and Mrs. Hackleman.

Mr. and Mrs. H. H. Guin, Sr., Mr. and Mrs. Bailey, were dinner guests in the Bush home.

Miss Thelma Hinson spent last Wednesday with Miss Oeta Ray.

Mr. and Mrs. Brock spent Sunday in the Jerden home.

School closed Wednesday for a month. Everybody is picking cotton.

Miss Oeta Ray and Miss Elsie Mae and Lavelle Ray spent Sunday in the Hinson home.

Miss Helen Ribble of town, spent Sunday with Miss Artie Bond.

Mr. Tom Hamner returned Saturday from Merka where he has been for some time picking cotton.

Mr. Laurate Hinson cut feed several days for Messrs. W. A. Price and Spence.

Misses Bernice Casey, Marie Caf-

REV. SENSABAUGH HERE WEDNESDAY ON BUSINESS

Rev. O. F. Sensabaugh, presiding elder of the Cisco District Methodist church, was here Wednesday looking after business matters and visiting his son Oscar. Rev. Sensabaugh is well known throughout the west, and has property in this county.

T. S. Rucker, made a visit to his sister at Coleman last week, returning home Sunday.

fey and Oeta Ray were dinner guests in the E. E. Jones home Sunday.

Messrs. Tom Hamner and Harlin Smart left Tuesday morning to drive a herd of cattle to Hereford.

There was a party at the Brock home Monday night. Everybody reported a fine time.

Mr. Gather of Shallowater is binding feed for Mr. Dowdle.

The thrasher has been very busy here for the past week. Mr. Tubbs, Short, Foster, Olford and others have had their Sudan threshed.

Messrs. W. M. Pevehouse, J. H. Burroughs and others are working for the booth that the Carlisle people will have at the fair.

Mr. Everett Price is working for his cousin near Lorenzo.

Mr. and Mrs. W. M. Pevehouse and baby Nona spent Sunday in the Burroughs home.

Misses Marie Coffey and Oeta Ray spent Sunday afternoon with Miss Bernice Casey.

While Mr. W. M. Pevehouse is not teaching school he is very busy picking cotton. He picks over 400 pounds every day. Who says we haven't every school in Lubbock county (and other counties too) beat in an all 'round man as a teacher?

Farm Prosperity Hinges On Keeping World Markets Open For Our Surplus, Says Kahn

New York, Sept. 27.—Otto H. Kahn, international banker and leader in world finances, is back in his New York offices at Kuhn, Loeb & Co., after an extended stay in Europe for a close study of conditions there. His summary is positive when he says:

"The permanent prosperity of our American farmers depends upon establishing an even keel in world affairs and keeping world farm markets open for our surplus, because we have no other."

Of the Central European nations, Mr. Kahn says:

"It is appalling to contemplate, especially, the dreadful conditions among the middle classes, their semi-starvation, and, in some cases, actual starvation."

"In a snarl of animosities, jealousies and apprehensions they need and ask our co-operation, less even in a material sense than as helpful counsellors and guides. It seems to me both our duty and our advantage to heed that call. In all modesty I would venture to say, in a constructive sense, that we could do this."

How We Should Bargain With Europe

"We should deal in a large visioned and liberal manner with the debts due us from the allied nations, discriminating between war-making loans and those made after the Armistice. I would not relinquish any of our claims as a free gift, but only in consideration of measures leading to mitigation of conditions keeping Europe in turmoil."

Such a "bargain," the banker asserted, would be a good and profitable investment, resulting in securing not only a moral asset for America, but would be a distinct benefit to us.

The purchasing power of the European market, he holds, may not for a time be indispensable to our manufacturers, but it is to the prosperity of our farmers, because they

have no other market for their surplus.

Some Things to do At Home

Regarding the United States, Mr. Kahn concluded:

"An era of great prosperity and beneficent progress is within our grasp. The one cloud on the horizon of our contentment and well being has been the disturbed relationship between capital and labor."

"There is no short cut to the total elimination of such distressing strife, but we must build our hope on the slow but sure remedy of growing reciprocal observance of the golden rule, spirit and practice of give and take, consideration for the rights of the public and a sincere and permanent effort at mutual forbearance and conciliation."

ROTAH BOY IS INJURED IN WRESTLING MATCH

Randolph Cooper, 23 years old, of Rota, was sent to Alexander Hospital at Abilene Monday morning in a critical condition suffering with a broken neck, sustained in a wrestling match at Rota Saturday afternoon. Investigations and X-ray pictures made here showed fractured vertebrae at the back of the neck, which has caused paralysis from the neck downward.

He was brought to Sweetwater Sunday night for further examination and was sent to Abilene Monday morning, where an operation will probably be performed.

Cooper was wrestling with a member of a carnival company, which was in Rota Saturday, and fell heavily upon the side of his head when the other wrestler broke out of a hold.

Cooper absolved his opponent from all blame in a statement shortly after the accident.—Sweetwater Reporter.

If riches brought happiness burglars and profiteers would laugh themselves to death.

HUGHES DOES NOT SEE INTERVENTION BY U. S.

Boston, Sept. 25.—"Strong as is the sympathy of the American people for the Christians of Turkey, it is not felt that we would find substantial support for a policy of actual intervention in the Near East and protests implying threats of action should not be made unless it is intended to put them into practical effect." Secretary of State Hughes declared in a letter to Attorney General J. Weston Allen, made public here.

The Massachusetts Attorney General wrote Secretary Hughes urging that the United States Government do whatever it might do appropriately to prevent more bloodshed of Christians in Asia Minor.

Governor Neff Has Proclaimed Week of Fire Prevention

Austin, Sept. 23.—The week of October 2-9 has been designated as Fire Prevention Week in Texas in a proclamation issued by Governor Neff. The text of the proclamation follows:

Confagurations have cost the world untold fortunes in matters material and historic. The history of fires in the United States begins with the burning of Chicago on October 9, 1871, in which nearly four square miles of the city were consumed by a fire easily preventable. Statistics show that the annual fire loss in the United States has increased from \$78,000,000 in 1875, to more than \$250,000,000 in 1921; a gradual but certain increase in losses. The peculiar feature in that most all fires are preventable, and the means of prevention are readily available and easily applied.

Nearly all fires are the result of carelessness, and in order, therefore, to arouse our people to a proper sense of the danger of fires, I, PAT M. NEFF, Governor of the State of Texas, do hereby proclaim and designate Oct. 2-9, 1922, as Fire Prevention week, and I earnestly urge the people of Texas to observe said week by cleaning up their houses, yards and lots, removing all rubbish and waste and seeing to it that all heating apparatus, chimneys and flues are safe for the winter season.

All theaters, schools, public halls, asylums, hotels, private institutions and all places of assembly should be carefully inspected by those in charge, looking to the elimination of all fire hazards.

It is hoped that all municipal officers throughout the State will show recognition of Fire Prevention Week by some appropriate formality to the end that fire dangers and simple means of fire prevention be brought to the attention of our people.

Permit me to suggest that all mayors in this State issue proclamations, calling to the attention of our people the importance of fire prevention week, and requesting strict observance of same.

Finally it is urged that all our people give the Fire Prevention Week something more than a passing thought, and that all keep in mind October 9, the fifty-first anniversary of the great Chicago fire.

(Seal.)

BY THE GOVERNOR.

S. L. Staples, Secretary of State.

CITY OFFICIALS LOOKING AFTER PEOPLE'S INTERESTS

T. V. McKinney, city marshal, working in co-operation with the mayor and city health officer, completed some very valuable work Tuesday, that of seeing that all firms in Lubbock employing men whose work is preparing food or drink for the people, compell all such employes to secure a health certificate.

The value of the law authorizing city officials to compell physical examinations to be made by public service men is indeed a valuable one, and though its need may not be in Lubbock, as a general law its value to public health cannot be overestimated.

No difficulty was experienced in getting all such employes in Lubbock to have proper examinations made to receive health certificates.

E. L. Meredith, of the Meredith Land Company, accompanied by Mr. and Mrs. Jake Hufstelder and Mrs. Cam Ferrin, went to Carlsbad, Roswell and other places in New Mexico last week, returning Monday evening.

Loans and discounts on Sept. 15 were \$4,802,881.72, and on June 30 were \$5,207,870.34, a decrease of \$404,788.62, indication that liquidation was heavier by \$75,000 than the loss in deposits.

Borrowed money a year ago totaled \$1,379,150.62, while this year it was only \$545,438.79.

Bartlett, Sept. 23.—The combined deposits of the three banks of Bartlett as shown by their statements of Sept. 22, amounts to \$790,686.45. There has been quite an increase since the previous statement made, due to the great amount of cotton sold in the last 30 days.

AKENS HAS GOOD CROP OF COTTON THIS YEAR

J. A. Akens was here Wednesday from his fine farm south of town with another bale of cotton. He has a fine crop this year as compared with other crops over the country, as from only fifty acres he will gather twelve or thirteen bales.

Mr. Akens is one of the Lubbock county farmers who is spending a great deal of time in studying the better ways of farming, and we are sure his success in that work will prompt others to use his methods of cultivation.

Health hint: Whistle.

To the Thousands Who Will Come to the Fair in Their Fords

WELCOME

To Lubbock and to the Lubbock Auto Company's place of business. Make our place your headquarters while in the city. Here you can get gas, oil, tires and tubes as well as genuine parts for your Ford.

SEE OUR DISPLAY ON THE FAIR GROUNDS

See the Fordson and investigate how you can easily own one. Now is a good time to begin thinking of buying your Fordson. For plowing, cultivating, feed-grinding, etc. It is something you need on the farm.

Statements of Banks Show An Increase in Individual Deposits

The recent call for the statement of the condition of the banks brings out the figures, which shows that the condition of the banks in various places throughout the state shows a considerable increase in the deposits, and the financial condition generally is easing up:

Van Alstyne, Sept. 23.—An index to conditions in Van Alstyne and its territory is shown by the statements of the First National and Continental State Banks of Sept. 15, as compared with statements on June 15.

They show that loans have decreased \$6,110.98, with further reductions daily as crops are being marketed. Deposits have increased \$137,188.53, totaling \$517,815.30, as against \$380,656.77 in June. Reserves have increased \$128,713.44, totaling \$749,215.14, as against \$620,501.70 in June.

Clarksville, Sept. 23.—Bank deposits in local banks have shown an increase of several hundred thousand dollars in the past few weeks, according to last official statements.

San Angelo, Sept. 23.—San Angelo's five banking institutions made heavy liquidations from June 30 to Sept. 15. Deposits were \$4,213,611.60, or \$392,552 less than on June 30. Just a year ago deposits were \$4,272,108.31.

Loans and discounts on Sept. 15 were \$4,802,881.72, and on June 30 were \$5,207,870.34, a decrease of \$404,788.62, indication that liquidation was heavier by \$75,000 than the loss in deposits.

Borrowed money a year ago totaled \$1,379,150.62, while this year it was only \$545,438.79.

Bartlett, Sept. 23.—The combined deposits of the three banks of Bartlett as shown by their statements of Sept. 22, amounts to \$790,686.45. There has been quite an increase since the previous statement made, due to the great amount of cotton sold in the last 30 days.

E. W. OWENS IS JAILED ON CHARGE OF COTTON STEALING

Last Wednesday morning, E. W. Owens, who resides two miles north of Ralls, was arrested and jailed here Wednesday morning charged with the theft of 800 pounds of cotton, said to have been taken out of the wagon in the cotton field of Mr. Johnson, near Posey, a few miles southeast of Lubbock.

According to our information in this case, when the Johnson family went to the cotton patch early Wednesday morning, they missed the cotton out of the wagon, and at once started trailing the wagon that it had been hauled away in. They found that the wagon tracks came toward Lubbock, and the Sheriff's department was notified. Search

YOUTHFUL GOLFER MAKES HOLE IN ONE

Canyon, Sept. 23.—Claude Newton Harrison is the first member of the Canyon Golf Club to make a hole in one shot. Young Harrison has been a golf enthusiast and is able to take his dad to a cleaning on the golf course every once in a while.

Last week he pulled the much-dreaded stunt on No. 5. This hole is a drive on the top of a bluff with the green about 40 feet from the side of the bluff. It is an easy hole when the player lands his first shot on top, but it is awful if the shot falls short and into the rocks.

Under the American golf rules, Claude Newton will be given a club and a dozen balls by the Canyon club and a certificate of membership in the American Hole in One Club.

CATTLE SUFFERING FOR GRASS IN NEW MEXICO

Rev. T. B. Sowell and wife returned last week from an extended trip over New Mexico and report conditions in parts of the state as being very bad, especially for stock raisers, as the continued drought has practically ruined the grazing lands, many cattle showing effects of food shortage in that they are distressingly poor.

Applies in the Roswell section, they report, are wasting in large quantities because of adverse transportation and marketing conditions. Several boxes of nice ones were brought home with them, for which they paid thirty cents a box.

J. B. Bacon of the Stephens-McKee-Bacon Company, local wholesale grocers, left Wednesday for Kansas City on a business trip, from where he will go to Callao, Mo., to visit at the home of his father, J. W. Bacon.

Welcome Visitors

To our many friends who live out of town we want your stay in Lubbock to be pleasant. If there is anything we can do to make it so don't hesitate in asking us.

If you are in need of toilet goods, medicines of any kind, come to our store.

For the nicest cold drinks, come to our fountain.

THINGS TO REMEMBER

Advertisers, contributors and all parties inter-
ested in the Avalanche please remember these
things: We print the Tuesday Avalanche on
Monday, press hour, 8:30 p. m. Friday Avalanche
on Thursdays, press hour 8:30 p. m. Please have
copy for local notices in not later than noon Mon-
days and Thursdays. Ad changes and copy should
not be later than 8:00 a. m., Mondays and Thurs-
days. It takes a schedule like this to get your ads
in the paper in good shape, and helps us give our
readers better service, which means that the paper
will be of better service to you, which we earnestly
desire it to be. We do not want to be exacting
but we must demand some things of you, if you ex-
pect us to come up to the notch.

SLOW DOWN

The other day in New York, just as a ferry-
boat left shore, a man came rushing across the
dock, and despite efforts made to stop him, tried
to leap aboard the craft. He failed in his attempt
and in an instant was floundering in deep water
where he probably would have perished if an avail-
able life-preserver had not been tossed to him.
When asked what important errand urged him to
take such a desperate chance, he said, "Oh, I was
going across to see the Jersey City-Montreal ball
game." In nearly every instance hurried actions
involving risk of loss of life or limbs have no better
excuse than that well-soaked baseball fan had to
offer. A fellow we know says that if he could afford
to buy the lumber and paint he would like to put
up a big notice at every railroad crossing in the
country, reading: "Why Hurry so Much at the
Crossing? You Will Die Soon Enough Anyway.
Better Stop, Look and Listen." Not one of us
folks who read the papers have failed to see dozens
of accounts of automobiles struck at public cross-
ings since the first of the year. You read these
sad narratives with a feeling of horror not unmixed
with a conviction that all this death and bereave-
ment might have been prevented either by less
hurry or more attentiveness. Haste Makes waste.
So great a man as Benjamin Franklin declared that
"Lack of care causes more mischief than lack of
knowledge." Nobody can claim that he is unin-
formed of the danger at the railroad crossings.
There is complete unanimity of opinion that the
danger is of a deadly character. Here then, is an
illustration of the truth of Franklin's statement:
lack of care is the outstanding reason for nearly
every crossing casualty. Why be in a hurry—why
be forgetful of railroad crossings? The victims of
overhurry and lack of care at that place of dan-
ger have been numbered, by tens of thousands since
automobiles came into use.

Traveling men, who make a large territory,
and come to Lubbock only about four times a year,
tell us that Lubbock is doing more real building
than any other town in West Texas, and possibly
in any other section of the State. This is a pretty
good indication that this section is just a little better
situated, and conditions are better than elsewhere.
This South Plains country is about the best there
is anywhere. Diversified farming is the solution
of the farming problems, and it is the best and safest
way for the farmers to carry on their business.
The one crop territory is no longer popular and
the farmers are becoming more and more attracted
by the diversified farming method, and the South
Plains is so well adapted to this that it has many
advantages over the sections that cannot produce
but the one crop.

TRADE WITH YOUR HOME MERCHANTS

Why? Because they are your friends. They
will help you when you are in need of a friend.
They will accommodate you when you are in need
of accommodations. When you spend your money
with your home merchants the money goes back
to you in some way or another. It is kept at home
and will eventually come back your way to be
spent again. Buying things away from home send-
ing it away where it will not come back, your mer-
chants and your town have lost just that much that
should have been kept at home to help the town
and community. Some people will say, "I just
can't get what I want—the merchants don't keep
things that I've got to have." By spending your
money at home you can create a demand so strong
that your merchants will keep all your wants sup-
plied. When you demand any article that you don't
find in stock, any merchant in Lubbock will be
only too glad to get it for you, and will cost you
less than if you sent for it, and you will have the
satisfaction of knowing that the money spent for
such an article will probably come back to you, or
at any rate is kept in your own home town to do
its bit helping to keep alive its improvements, in-
dustries, etc.

TAX SALE NO JOKE

Some people are inclined to take the matter of
selling property for taxes by the Lubbock Inde-
pendent School District as a huge joke, and that
such sales will not be made, and it will not amount
to anything, but you had better not fool yourself,
for the proceedings will go on, and on the 3rd
day of October there will be sold for taxes sev-
eral hundred tracts of land, town lots and other
property, some of it good residential property, too,
and you will find your home belonging to some
one else after the sale hour if you do not buy it
yourself or make satisfactory adjustments with the
collector before the hour of the sale. Just be-
cause you do not believe that it is right to sell your
property for school tax is no sign that it will not
be done, and the same reason will not hinder you
from having a terrible lot of trouble in getting your
property redeemed. Better straighten that tax up
and if there is any come back, get it later, for there
are no two ways about it the sale will be held, and
your property will be bought by some one and
he will have legal right to take possession of same.

The fellows who were wondering where the
South Plains counties would find anything to bring
to the South Plains this year will be worse
astonished than ever when they see the wonder-
ful exhibit of county, individual and community
farm products. It is just a lot better than the very
most optimistic believed was in the country after
the long dry spell, but such men as the editor of the
Avalanche and a lot more Lubbock boosters are
not surprised in the least. We have seen what was
considered short crop years before, in this section,
and the crops are always just a whole lot better
than the majority of people figure them out to be.
There are lots of farm products in Lubbock county
this year as well as in the fifteen or twenty coun-
ties represented at the fair. This is a wonderful
country, and when that is said the half has not
been told.

Many improvements are going on in the city.
The Santa Fe railroad being one among the heav-
iest investors in permanent improvements at this
time. They are spending a large amount of mon-
ey in the yards here and also greatly enlarging the
passenger station and improving the building.
This company is spending a large sum of money
and the improvement is greatly appreciated by
the people of this city.

Among the special editions that came to our
exchange table last week, were the Abilene Re-
porter with a 48-page special in celebration of the
West Texas fair at that city, and the Amarillo Tri-
bune with a Plains Panhandle Chamber of Com-
merce edition. Both these papers put out splen-
did papers, which were a credit to them and the
towns in which they were published, and we con-
gratulate each of them in the achievement.

Our city could be made much more attractive
by a lot of folks cleaning up their yards and alleys.
Let's do everything we can to make Lubbock
healthful and beautiful.

Save Money!

By Giving Your Grocery Account to US

We will sell you at the very lowest price and personally see that you get the best and freshest of everything that you may want.

Give us your entire grocery bill for a few months and see if your bill isn't less than when you divide your account between two or three stores.

We usually have everything that is to be had at the right price.

OUR HOME ROAST COFFEE

"MARTIN'S BEST"

is better than ever. We have purchased a fine lot of high grade green coffee that roasts well and has real cup quality.

We will say without fear of successful contradiction, that we have the best coffee that is sold in Lubbock! Or for that matter on the South Plains, and our price is only 40c per pound for MARTIN'S BEST as against 50c or 60c for the other brands and we will prove to you that ours is better if you will come to our store in the afternoon and let Mrs. Martin serve you a cup of our coffee, free. When you are eating at your favorite eating place, please request MARTIN'S BEST Coffee. You will thank us for asking you to do this.

Greatest Parade in the History of Lubbock Opened Fair Here Today— Many Institutions Were Represented

If the success of the great parade which was witnessed here this morning, beginning at ten o'clock, is indicative of the success which will be realized at the termination of our fair in the operation of that great institution, no one will have occasion to regret participating in it.

There were representatives of every line of business and industry in the country, with the medical and educational institutions taking a prominent place in the parade.

La Societe Nationale Des 40 Hommes et 8 Chevaux and the American Legion no doubt had the biggest thing in the parade insofar as local organizations are concerned, as an "imported" French locomotive was used to transport the doughboys to the fair park.

The Kiwanis and Rotary Clubs, Women's Business Club, Twentieth Century Club, Parent-Teachers' Association, Red Cross, Boy and Girl Scouts, and the local battery of Field Artillery, had splendid trucks and footmen in the parade, which added greatly to its success.

On account of probably damage to the pavements the Lubbock county road-working machinery joined the paraders between the fair park and the pavement at the end of Twelfth Street, a good many of the spectators being deprived of the privilege to see this part of the parade.

Withal the city of Lubbock has made a showing in its part of the fair other than being host to the many visitors who are here, and anyone who was fortunate enough to have witnessed the parade this morning could look with pride upon it as a great achievement.

McAFEE COMPANY IS RUNNING FEATURE FILM

A two reel moving picture film, "Fashion and Health," will be exhibited by the McAfee Company at the Lindsey Theatre. It is an intensely interesting story in moving pictures, constructive and entertaining. It is classed as educational, for it conveys a vital message to every woman who desires to have both health and style.

It is a serious, yet artistic story, teaching the result of good corset fitting and also showing the result of buying corsets carelessly. The picture is divided into three parts. The first part shows the fitting of corsets of two ladies in the corset section of Mandel Bros., Chicago. The second episode has to do with a woman who bought a corset over the counter without a fitting. She was sent to a laboratory for a flourescopic, and the serious results are vividly portrayed. The last part of the picture is a "Fashion Show" in which are exhibited evening gowns, street costumes, golf suits, hats and other garments from leading makers.

Every woman in Lubbock and vicinity should see "Fashion and Health" the best combination of entertainment, education and artistry ever produced.

There will be no charge of admittance.

'GREATEST MAN-HUNTER OF THE DAY' IN LUBBOCK

J. Frank Norfleet, Hale county cattleman and noted man-hunter, is in Lubbock today, visiting with friends, transacting business, and of course seeing the greatest Fair of West Texas, which opened this morning.

The most recent accomplishment of Mr. Norfleet was that of catching a bunch of "bunco" men in Denver, which feat was said to have been one of the best in the annals of detection. Mr. Norfleet has been called "The greatest man-hunter of the day."

No system of government will work in a land where everybody tries to work the government. — Illinois State Register.

Forst Presbyterian Sunday School to Observe Rally Day

Quite elaborate preparations have been made by those in charge to make Rally Day a great success in this Sunday School and Church. The long, hot summer has drawn to a close. The Lord has permitted us to move forward in a wonderful way through the summer months. Now the fall months have arrived fraught with all of their splendid opportunities and great possibilities for future advancement in the Master's service. Rally Day is the time when we confidently expect to marshal all of our forces for the most aggressive fall campaign that this church has ever known. Every phase of the church's activities will receive consideration at this time.

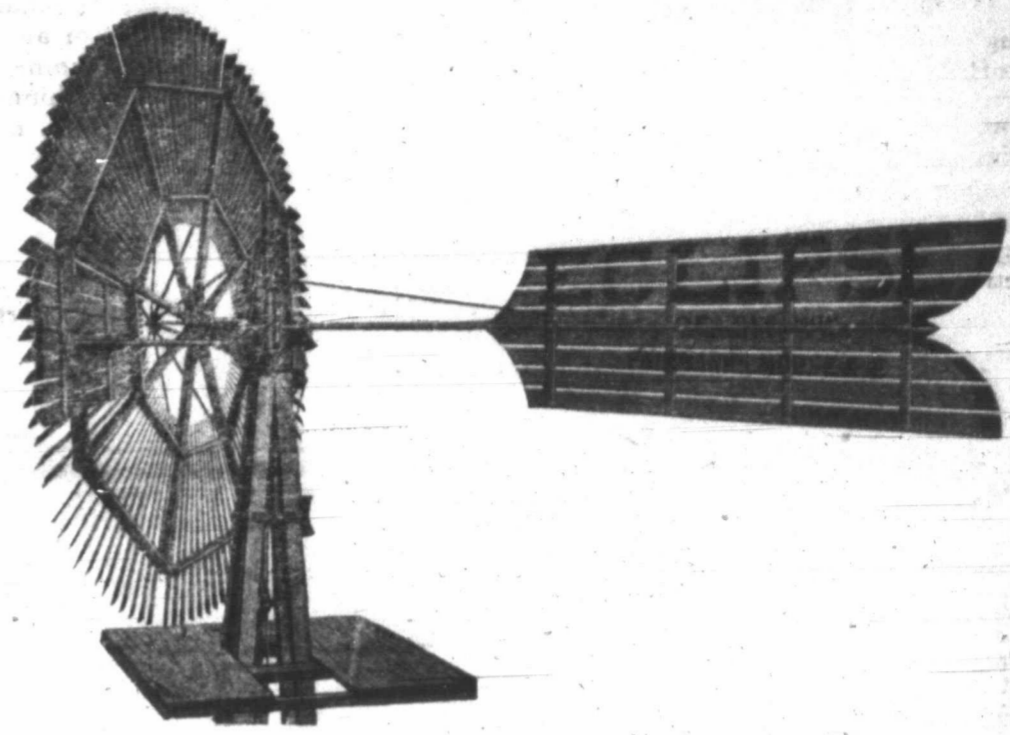

The Sunday School will begin promptly at ten o'clock. A special program has been arranged for this hour. An outstanding feature of the program will be an address by Mrs. L. C. Majors of El Paso, whom we have been very fortunate in securing. Mrs. Majors is an expert in Sunday School work and is at present employed by the Presbytery of El Paso as its very efficient Sunday School and Christian Endeavor worker. During the Sunday School hour a special offering will be taken for the weak and struggling Sunday Schools of our church.

The church services will begin at eleven o'clock. The pastor will bring a message on "The Command of the Great Commander." Then will follow the real church rally, after which the communion will be observed.

No member of this church can well afford to be absent from these services Sunday. It will mean much to you personally and much to your church. Come and bring your whole family and remain for both services. Also invite your friends to attend. Everyone is most cordially invited and we believe we can promise you two services which will be very interesting and of great personal value to you. Come.

Do You Want the Greatest Value for Your Money?

Then Accept None But the Eclipse Windmill

Eclipse Windmills pump more water for less money for a greater number of years than any other power.

To build a windmill that will be the most economical investment for the purchaser is the object kept in view in constructing the ECLIPSE WINDMILL.

It is safe to say that there are hundreds of ECLIPSE WINDMILLS now in service that were installed over 25 or 30 years ago. This remarkable record has not been attained by any other Windmill.

In the ECLIPSE is embodied all those ideas for making a windmill strong, durable and efficient, which have been developed in 50 years experience in building windmills.

It can safely be said that the Eclipse will pump a greater quantity of water, for the longest term of years, at the least expense, of any windmill built, without exception.

METHODISTS OF TEXAS ADOPT HOSPITAL PROGRAM

Dallas, Sept. 26.—Adoption of resolutions organizing the Texas Methodist Hospital Association occupied the business portion of the program of the general meeting of Methodists held Tuesday morning at the First Methodist Church, South, McKinney Avenue and Pearl street, and the following resolutions were adopted:

"Inasmuch as there is a positive demand that the Methodist church in Texas shall commit itself to a program of hospital building and service in the State that will worthily represent our great denomination among the church and other agencies now at work, we, as a church, have been sinfully slow in doing, be it resolved:

"1. That an organization of those interested in hospital work be formed, to be Statewide, known as the Texas Methodist Hospital Association.

"2. This organization shall be composed of all the officers and members of conference hospital boards, boards of managers or trustees of each Methodist Hospital organization in the State, and the presiding elder and a woman from each presiding elder's district.

"3. The purpose of this organization shall be to aid and encourage all hospital enterprises that have been launched, and to assist in the promotion of others that are determined to be necessary in the State."

"PAPPY" JOHN ON THE JOB FOR TERRY COUNTY

Terry county not only has the "goods" to show what their county raised this year, but has the man in charge who knows how it can be best displayed. Tricks of decoration try the patience of most exhibitors and the patience of "Pappy" John Powell, pioneer and resourceful citizen of Terry county is only exceeded by his ability as a decorator. Whenever the Terry county products fall in quality, if ever, they are displayed with such outstanding prominence and decorative beauty that one would hardly have room to doubt them. "Pappy" John (and that's what old timers know him by best) was at one time one of the largest sheepmen of this section. He is an expert taxidermist and proof of this is found in his home where beautiful birds and other specimen of wild fowls and animals with lifelike exactness pose in their naturalness.

"Pappy" John is an ardent church worker, a good singer and for years superintendent of the Sunday School in Brownfield.

He has a daughter, Mrs. Rufus Rush, who resides in Lubbock and while here, of course, is stopping over with them.

You will see "Pappy" John at the Terry County Booth and he's a good man to know. Get acquainted with him.

HEREFORD MAN FOUND DEAD IN HIS YARD

Hereford, Sept. 26.—F. H. Britain, 60, wealthy and a resident of Hereford and this section for many years was found dead at his home here tonight with a 45 Colt six-shooter in his hand and a bullet wound above his heart.

His wife, who was in the house when she heard the report of the gun, rushed to the yard and found his body on a small bench beneath a grape arbor. Death was instantaneous.

Mr. Britain was well-to-do and friends were not account for the motive causing him to take his life. His death caused a great shock to the many friends and acquaintances here.

Besides his widow he is survived by a brother E. C. Britain of Amarillo, and three married daughters, none of whom live here.

OFFICIALS OF EASTLAND ASKED TO RESIGN MONDAY

Eastland, Sept. 25.—The resignation of Sheriff Sam Nolley and County Attorney Ove Overson were demanded without a dissenting vote in the city hall auditorium here yesterday afternoon.

The meeting was presided over by Maj. H. S. Cole of Ranger and Ernest Albright, secretary of the Ranger Chamber of Commerce, acted as secretary. The large auditorium was crowded to capacity with citizens from all sections of the county.

After hearing a report on investigations concerning official protection given gambling and bootleggers at Pioneer, the audience cheered strong denunciations of the sheriff and county attorney. Resolutions calling for the resignation of these officers were signed by 725 men; the meeting being attended by men only. A committee of five was appointed to present the resolutions to Nolley and Overson and to send a copy to the Governor.

CITY MARSHAL WILL HAVE CHARGE OF FAIR GROUNDS

City Marshal T. V. McKinney will have charge of the fair grounds this week, with Chief of Police Big Jim Robinson in charge of the city, insofar as law enforcement is concerned, and all indications are that peace and order will reign with that part of the program turned over to the above mentioned officers.

Fortunately the element that causes most trouble at such meetings as the fair, are far in the minority on the great South Plains, but this precaution is taken by the fair and city officials as a matter of pre-empting and disturbances which might arise.

Marshal McKinney has already made several rulings which are to effect better conditions for all those attending the fair, prominent among which is that all service car drivers have a certain place to park their cars, all the service car drivers having been asked to the grounds and shown the space to be occupied by them, which they have accepted as a favor, and as the cars will be out of the way of those walking about the grounds and the possibilities of

Crop Conditions As Reported From Various Places in Texas and Oklahoma During the Past Week

Odessa, Sept. 25.—Local showers have been falling over portions of Ector county the past few days, in some places amounting to one inch or more. Cotton picking will be in progress soon. The crop will be harvested early on account of hot weather.

Clarendon, Sept. 25.—One hundred bales of cotton sold here Saturday, and 40 bales in Lelia Lake. This cotton graded an average of middling, and brought the producers an average of 19.55 cents. The cottonseed is now selling for \$28 per ton. Quite a number of farmers are holding the seed and cotton for better prices.

Honey Grove, Sept. 25.—The cotton receipts for this city up to Saturday night showed over 7,000 bales. The entire crop last year was only 8,000 bales, and it is estimated that 14,000 bales will be marketed here this year.

Bastrop, Sept. 25.—There were 8,146 bales of cotton, counting round as half bales, ginned in Bastrop county prior to Sept. 1, 1922, as compared with 2,969 ginned to Sept. 1, 1921, an increase of 5,177 bales.

Bangs, Sept. 25.—Cotton receipts here Saturday totaled 112 bales. Cotton sold from 19.50 to 20.20 cents. Seed is quoted at \$27 per ton.

Palestine, Sept. 25.—Cotton receipts continue heavy here, and it is estimated the crop of Anderson county will double that of last year.

Marshall, Sept. 25.—There was a large crowd of people in Marshall Saturday, due to the marketing of the cotton crop and the largest number of bales of the season were brought in and sold here.

Ralls, Sept. 25.—Cotton pickers are still in demand here, as comparatively few have come in from other sections. The gins are turning out 150 to 175 bales per day and past the 1,250 mark. It is estimated that 5,000 or 6,000 bales will be ginned here this year. Several farmers have from 300 to 800 acres each and do not have enough pickers and unless pickers can be secured they will lose money.

Tulia, Sept. 25.—The first bale of cotton to be ginned in Tulia

since 1915 was brought in by O. F. Fewell last week. Due to the fact that wheat was a good paying crop no cotton has been grown in Swisher county for several years. There will be about 500 bales ginned here this year. Some of the cotton is yielding as much as a half-bale per acre. Prospects are now that a large acreage of cotton will be planted next year, since the cotton made a fair crop when maize failed on the limited amount of rainfall the past season.

Corpus Christi, Sept. 25.—There will be a light crop in the area in the western part of the county that was wiped out early in the spring by a twister, according to farmers in that section. Since the recent rains some of the cotton is putting forth and may make a good yield, it is declared.

Bertram, Sept. 25.—The gin yard receipts show 2,261 square bales ginned and 1,500 round bales. Cotton is still coming in fast and the Farmers gin has ginned at night this week to accommodate the crowd who bring cotton here.

Kerens, Sept. 25.—Cotton receipts to the close of the yards Saturday night were 9,967 bales. This is the sixth week since picking began. The receipts for the week were much less than last week and it is expected there will be a greater drop next week. Very little of the cotton is in the hands of the producers and the buyers are moving it as fast as possible. The price today was 21 cents.

Smithville, Sept. 25.—While cotton picking in this section is practically over, the plant is full of blooms and young bolls and with a late frost farmers are expecting considerable top crop. The late rains have put a fine season in the ground and much fall truck will be raised. The pastures are in good shape with plenty of grass and water and cattle will winter well.

Big Spring, Sept. 25.—Fine weather is enabling farmers to gather cotton rapidly and more than 200 bales a day are rolling in. More than 2,000 bales have been received up to the present date.

Round Rock, Sept. 25.—The cotton crop in this section is about

gathered. It has been cut short on account of the long drouth.

Byers, Sept. 25.—Cotton receipts here today totaled 116 bales. Season's total, 2,000 bales. Prices paid 19 to 20c. Cottonseed, \$24 a ton.

Rosenberg, Sept. 25.—According to figures recently made public by B. G. Snedecor, special county agent for the Census Bureau of the United States Department of Commerce, gins receipts of Fort Bend county prior to Sept. 1 totaled 5,884 bales, compared with 233 bales on the same date of last year. Approximately 70 per cent of the cotton in this section has been picked, and it is estimated that local gin receipts will aggregate 5,000 bales by the close of the season.

Walters, Okla., Sept. 25.—Cotton receipts at Walters exceeded those at this time last year by more than 200 per cent. This is due to the fact that the summer and drouth hastened the crop to premature ripening. Because of the increased acreage the total production this year will be more than that of last year. No boll weevil damage has been reported.

Brownwood, Sept. 26.—Members of the Farm Bureau Federation Cotton Marketing Association in the counties of Coleman, Brown and McCulloch, at least, are going to have to live up to the very letter of the sign-up cotton marketing contract, if it takes injunction and damage suits to make them do so. Only a few infractions of the cotton sign-up have been reported in the counties mentioned, and there will have to tell it to the judge, as Judge Harvey Baugh of this city has been employed by the farm bureau federation to file injunction suits and take such other steps as in his opinion might be necessary to secure practical results.

Goldthwaite, Sept. 26.—A light local shower fell here Monday afternoon, but was not of sufficient proportion to benefit crops or the range. The range is very dry and the fields are almost too dry for fall plowing. It is estimated that Mills county cotton crop will be more than doubled what it was last year. It is yielding a good staple and is therefore commanding a good price.

Hearne, Sept. 26.—The financial situation in this section is showing a decided improvement. The farmers are selling their cotton as fast as they can get it out and are liquidating their debts at a rate that is very pleasing to the bankers and merchants. Many of them have paid mortgages that have been running two and three years. Last year the farmers were unable even to pay the interest on their notes. This year 20 cent cotton has enabled them to pay their debts and some will have a little surplus. The corn crop of this section was generally a failure and farmers are now buying feedstuff for their livestock.

Sherman, Sept. 26.—Cotton pickers are turning loose quite a lot of money in Sherman at present. One negro, John Henry Goodlin, was here Saturday. He and his family, wife and nine children, averaged \$24 a day for five days during the week of a total of \$120. They were purchasing winter supplies here Saturday.

Iredell, Sept. 26.—Last year two gins at Iredell ginned 600 bales of cotton, and up to Saturday night this year they had ginned about 800, and the general opinion is that about 400 more will be brought in, making double what they put out last year. Over 90 per cent of what has been ginned has been sold by farmers to local buyers, and the amount of money circulated has been a great help to the country.

It has been almost three months since there has been any rain in this locality and if it continues dry much longer there will be a small acreage planted to wheat, which means a large cotton crop next year.

Expect Pardons From the Governor Since His Inspection

Austin, Sept. 25.—There will be a number of pardons issued in the near future by Governor Neff as a result of last week's visit to the penitentiary and prison farms. The custom is to grant pardons at Thanksgiving and Christmas, but the chief executive may award them at any time. A number of individual cases were investigated and the governor has first-hand knowledge of each case. The coming of the Governor at the various farms and camps was the occasion for great rejoicing among the prisoners, not only because of the possibilities of pardons, but also because of the friendship and interest he displayed in the men and women.

All gambling has been abolished and each camp has a musical organization of some kind that gives programs for the entertainment of the men.

There is a first-class band at Huntsville Prison and at Eastham Farm, with orchestras and performers at the various camps. These include some talented entertainers.

At the Ramsey Farm there is a negro who formerly was one of the troupe of entertainers on a liner that plied the Pacific out of San Francisco. He gave an exhibition of whistling, imitating animals, singing and dancing that would put him on any vaudeville stage, say those who heard him.

A man asserted the other day that he was constantly being mistaken for a member of the government. We always admire a man who can tell a story against himself.—London Opinion.

ROBERT RANDOLPH IS FOUND DEAD IN BED

Robert Randolph, 42, traveling salesman, was found dead in his bed at 8:30 yesterday morning at the home of N. O. Glenn, 1503 Jefferson street. Coroner C. G. Landis pronounced the death due to natural causes.

The body is at Blackburn's Funeral Home pending funeral arrangements. He leaves his mother, Mrs. P. M. Randolph and sister, Miss Eli at Calvert, and a brother at Houston.

Mr. Randolph was known to many Amarillo people. He traveled for the Miller Tire Company. He was a member of the Elks Lodge.

Funeral services will be held at 5 o'clock today at Blackburn's Funeral Home parlors. Dr. Stanley W. Hayne, pastor of the Polk Street Methodist church will conduct the services. The body will be sent to Calvert for burial.—Amarillo News.

DR. W. B. PINSON WILL GO TO ARKANSAS CHURCH

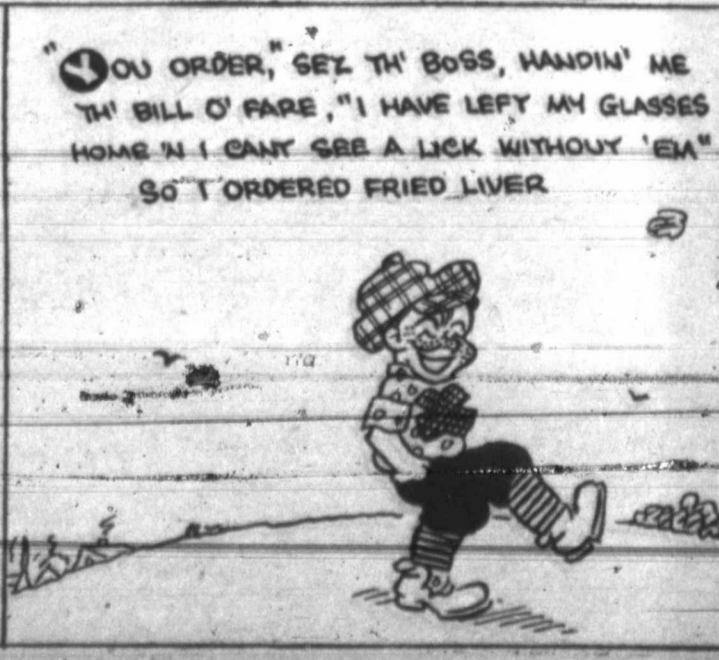

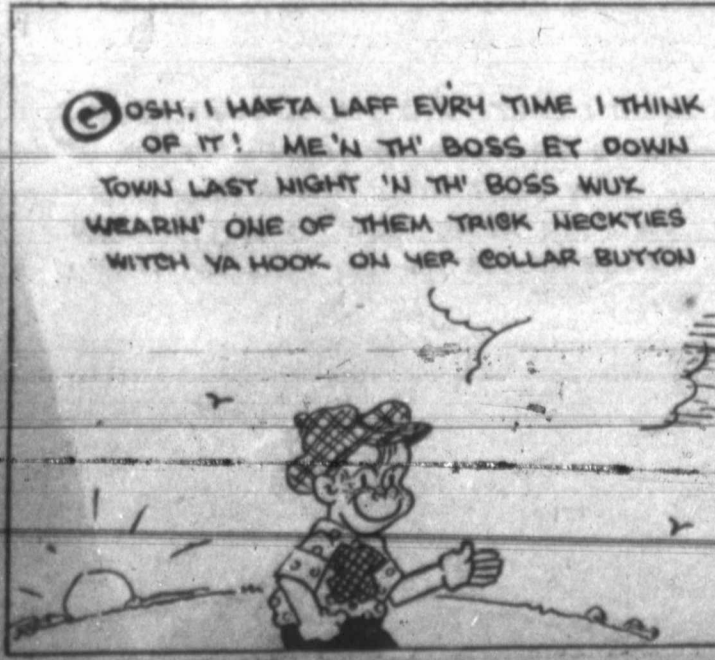

Dr. W. B. Pinson, who has been pastor of the Nazarene church here for several months, has accepted the pastorate of the church of his denomination at Conway, Arkansas, and he and wife will leave for that place some time next week. He will be succeeded here by Rev. W. Wallace, who has been pastor of a church in New Mexico for some time. Mr. Wallace was formerly pastor at this place, and his old friends will be pleased to welcome him and family back.

Dr. Pinson and wife, who leave for their new field of labor, have formed many warm friendships in Lubbock, and it is with regret that we report their going.

The net accomplishment of Mr. De Valera for Irish freedom thus far is a collection of prominent funerals.—Dallas News.

United States Senator Thomas E. Watson of Georgia Died Suddenly At His Home Last Tuesday Afternoon

Washington, Sept. 26.—United States Senator Thomas E. Watson of Georgia, died suddenly at his home here early today. Death was said to be due to an attack of acute asthma, from which he had suffered recurrently for some years. Although failing health had interrupted Senator Watson's attendance at the Senate sessions frequently in the last several months, he was in his seat Friday when the Senate adjourned and his friends believed that he was then showing improvement. He was stricken suddenly after dinner last night and passed away shortly after 3 o'clock this morning. He was sixty-six years of age.

Members of the Senator's family and a number of close friends were at his bedside when the end came.

During the first year and a half of his term in the Senate, to which he was elected in 1920 after receiving the nomination over Senator Hoke Smith and Governor Hugh M. Dorsey, Senator Watson gave no indication of any impairment of the vigor and activity which had marked his long career in politics and as a publisher. In his last speech in the Senate delivered only a week ago last Wednesday, the Georgia Senator severely criticized the administration for its course in connection with the rail strike situation. His previous attacks on the administration and most notably his charges of illegal hangings in the American Expeditionary Forces, the subject of exhaustive investigation by a Senate committee, had made him a conspicuous figure in the Senate body during his brief service there.

In the Senator's own language as given in his biographical sketch in the Congressional Directory, he conducted his campaign for the Senate as an anti-Wilson, anti-league and anti-War measure Democrat. After defeating Senator Smith and Governor Dorsey for the nomination he was elected over Harry S. Edwards, independent candidate, who favored American participation in the League of Nations, by an overwhelming majority.

The body of the Senator will be taken to his home at Thomson, Ga., today at 3:15 o'clock. He had already made reservations on a train leaving at that time to spend the congressional vacation at his home. The Senator is survived by his widow and two grandchildren.

Although having served only a short time in the Senate, Senator Watson's oratory and fiery attacks upon legislation he opposed added to his national prominence gained in his home state. He was a historical expert, his Senate speeches being rich with incidents of history, particularly French, of which he was a great student. He was a strong advocate of a bonus for former service men and another of his strong policies was advocacy of release of men convicted during the war under the espionage act.

SLIDE NEWS ITEMS OF THE PAST WEEK

We had a nice shower of rain Sunday evening, but not enough to do any good, outside of cooling the atmosphere.

Mr. A. Nettles and Elmer Northam, were at the store one day last week.

Messrs. J. N. Farr, R. A. Wisener, J. E. Hubbard and Rev. Burnett, were in town Monday.

Mr. F. H. Wrinkle and family, from Sudan, spent Sunday night with his sister, Mrs. Burnett.

Mrs. Stryker left Sunday morning for Snyder, to visit with her daughter there. She has been visiting her son, Roy Stryker of this locality.

Miss Gladys Shelton is here for a few days visit, as the guest of Mrs. J. C. Stanford.

Miss Lavenia Williams left Sunday night for Abilene, where she will attend school.

Mr. Elbert Roffey made a flying trip Saturday night and Sunday, from Lawton, Oklahoma, and arrived at the B. T. Summers' home about 4:30 Sunday evening. He and Miss Leona Summers motored to Lubbock and were quietly married, in the presence of a few immediate relatives. They spent Sunday night at the home of the bride's parents, leaving Monday morning for Oklahoma. We wish them much happiness in their journey through life.

Mr. Edd Schroeder and family, of near Lubbock, W. L. Cone and family, of near Loop, and O. W. Sumner and family, from near Tahoka, were guests at the Summers home Sunday.

Mrs. Annie Estes and little daughter, from Lubbock, visited relatives here Saturday night and Sunday.

Mr. W. B. Copeland and family, Mrs. Estes and daughter, and Bob Murphy, spent Sunday afternoon at the Williams home.

Rev. Burnett spent Sunday night at the home of J. E. Hubbard.

Mrs. Jim Mabray and children, spent Sunday with her daughter and family, Mr. and Mrs. Bennett Stanford.

Mr. Terry, from the New Home community, was at the store Tuesday morning.

FINE GIRL BORN TO MR. AND MRS. CLAUD HURLBUT

Mr. and Mrs. Claud B. Hurlbut are the happy parents of a fine girl, who arrived at that home Sunday, September 24th. The new arrival tips the scales at seven and a half pounds, and Claud claims she is just as fine as big, and no one has doubted him in the least.

Mr. and Mrs. Hurlbut are popular in Lubbock, having lived here for several years, and their many friends are glad to rejoice with them in the happiness of parenthood.

KIWANIANS POSTPONE TO-DAY'S MEETING FOR FAIR

The Lubbock Kiwanians unanimously consented to postpone the regular luncheon today, until this time next week, as they are all intensely interested in the success of the fair, and it is believed that most good can be accomplished by their being on the job at the fair grounds at the noon hour rather than at the lunch room.

The Kiwanians have been active in all work pertaining to the development of Lubbock, and the interest shown in the fair has been marked with great enthusiasm.

"What the Kiwanians can do to make the Fair a Success" was the topic of the day at the last meeting, with L. C. Ellis as chairman of the day, and those on the program did justice to that important question, and as there were two on the program who were on the Junior Chamber of Commerce Booster trip substitute speakers carried out the parts of the program successfully.

The ladies of the Cumberland Presbyterian church served the luncheon and as this was the first time the Kiwanians had enjoyed the feast prepared by those ladies, we assure them that their reputation as artists in the culinary work is an enviable one, as even though we had to take our place between Marce Dupre and another Kiwanian of equal capacity, we were nevertheless well prepared for the intervening days between the luncheons at the conclusion of that meal.

Louie is busy with the fair, and James Howard and Frank Winn are pulling all necessary help together in making the Kiwanis truck one of the prettiest in the parade, and we are sure that long before this article goes to press their ability as truck trimmers will have been realized and Louie will be heard from before next week.

Whenever Lloyd George has a generous moment, he forgives Germany a little more of the debt she owes France.—Indianapolis Star.

Dealers-Distributors
Lubbock Childress

Establishing a complete Parts and Service Station. Temporary Location at Foster Auto Co.

ANOTHER BRICK BUSINESS HOUSE FOR LUBBOCK FIRM

And still the builder is active in Lubbock.

The Stephens-McKee-Bacon Company, wholesale grocers, are perfecting plans for the erection of a splendid structure on 12th Street, which shall be occupied by that thriving business.

J. B. Pryor, cement contractor, to whose good work many of the sidewalks in Lubbock are a lasting monument, has started the foundation work, and as this will be rushed to completion in the earliest possible time, and the brick work may be started, we are sure that before many weeks that part of the city will be helped greatly in general appearance.

The Stephens-McKee-Bacon Co., is one of the wholesale institutions which is adding greatly to the de-

velopment of Lubbock, in that it is giving employment to a good many local people, as well as placing this city on the map as a wholesale distributing point.

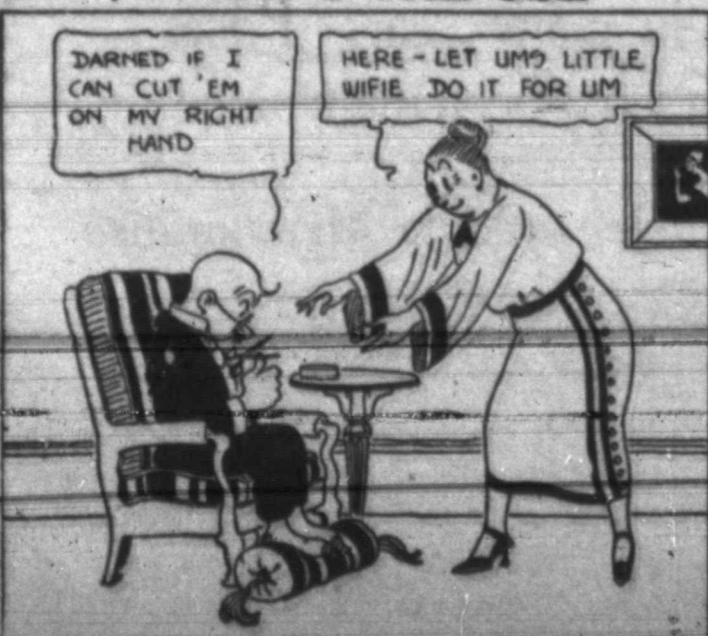

WESTINGHOUSE RADIO SETS BOUGHT BY TAHOKA PEOPLE

The Martin Radio Company recently sold radio sets to Grover Stewart of the Higginbotham Bartlett Lumber company and McMillin Clayton, ex-county clerk of Lynn county, both of Tahoka.

The sets were the most up-to-date available, of the Westinghouse make, and were fully equipped, which will enable the Tahoka men to receive messages from any part of the states.

Percy Spencer, Mayor of Lubbock, went to Plains Tuesday on business.

MANY HERE TO ATTEND THE BIBLE DISTRICT CONFERENCE

(Continued from first page) Conference. He presented his propositions to the people of this district this morning, and then left for other points. He was on the program for the week here, but on account of this important work he could not be here to fill the dates as announced in the printed programs distributed for the conference session.

Dr. Dickinson delivered a very fine sermon at the First Methodist church, to a splendid congregation, Wednesday evening, after which Dr. Morrison, who is to preach twice

DYE SKIRT, COAT DRAPERIES WITH "DIAMOND DYES"

Each package of "Diamond Dyes" contains directions so simple that any woman can dye or tint faded, shabby skirts, dresses, waists, coats, sweaters, stockings, hangings, draperies, everything like new. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is guaranteed, even if you have never dyed before. Tell your druggist whether the material you wish to dye is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade, or run. 3-24-22

a day during the conference made a few remarks, which satisfied those who heard him that in the sermons to follow there will be something great to be heard. There were a number of visiting ministers present, and also some lay delegates. Most of the delegates and visitors however, arrived today, and are being entertained in the homes of the Methodist people of this city, as well as some of the families of other denominations.

SHERIFF'S SALE THE STATE OF TEXAS, County of Lubbock.

Whereas, by virtue of an execution Order of Sale issued out of the District Court of Lubbock county, Texas, on a judgment rendered in said Court on the 16th day of August, A. D. 1922, in favor of the Panhandle Construction Company, and against The Continental Commission Company, No. 1528 on the docket of said court, and to me, as Sheriff directed and delivered, I did, on the 27th day of September, A. D. 1922, at 11:30 o'clock a. m., levy upon the following described tracts and parcels of land situated in Lubbock County, Texas, and belonging to The Continental Commission Company, to-wit: Lot No. 19, Block No. 104, original town of Lubbock, Lubbock County, Texas. On the 31st day of November, A. D. 1922, being the first Tuesday of said month, between the hour of 10 o'clock a. m. and 4 o'clock p. m. on said day, at the Courthouse door of Lubbock County, Texas, I will offer for sale at public auction, for cash, all the right, title and interest of the said Continental Commission Company in and to said property. Witness my hand this 27th day of September, A. D. 1922. C. A. HOLCOMB, Sheriff of Lubbock County, Texas. 62-4F

ANNOUNCEMENT

Mr. Alvis O. Thomas, of Fort Worth, musician, singer and composer, will be here at the Baptist Church Sunday, and a program to be carried out under his directions is being made by L. M. Brooks, to be rendered Sunday night in interest of a singing class. Mr. Thomas is well known throughout Texas, having composed more gospel songs that are popular than any other man in the State, and to have the opportunity to hear him is indeed a treat. If you fail to attend this program you will miss something which could be of great value to you.—Lubbock Baptist Church. 61-2.

HOWARD GRADUATES ELIGIBLE FOR ARMY

Big Spring, Sept. 26.—Harry Wheelon and E. D. Notestine are eligible for commissions in the United States Army if they desire to accept them. They were included among the 36 who graduated from A. and M. College in the class of 1922 and have been designated honor graduates, making them eligible for appointments as lieutenants in the regular army without examination.

BARGAIN IN MEADOW property: 4-room house, porch, frame building, east front, 4 lots 50x140, well, windmill, car shed, barn, well located; price \$1600, half cash and terms for balance. Also 160 acres patented land with small house and well, in good state of cultivation, \$47.50 per acre; \$3,000 cash and good time on balance. See N. F. Emerson, Meadow, Texas. 58-4F

What a pity that we can't say that discretion is the better part of De Valera's—Asheville Times. See O. W. Jolly for the best grade A-to Tops. 57-4F

NINTH ANNUAL SOUTH PLAINS FAIR OPENED TODAY

(Continued from first page)

Interest in proper care of the livestock about them. Newman Boles, son of a prominent Hereford breeder, and also a member of the Animal Husbandry class last year, is showing five Hereford registered heifers that he fed, and fitted for this occasion. His father is also showing some of his Herefords, which young Boles was instrumental in putting in such fine shape. Many others also have exhibits in this department.

The livestock exhibits will make anyone sit up and take notice. The fine sheep and goats dissolve the theory that good ones cannot be raised profitably here, and the young mules and horses mark this country excellent as the home of fine specimens in those breeds. The poultry exhibit hall is beyond criticism, and L. C. Ellis, in charge of this department, is to be congratulated on having created such a widespread interest in this department, as practically all principal towns in West Texas are represented by citizens who have made entries in this department.

The rabbits are exceptionally fine, and we are glad to know that such interest has been shown in this department. Mr. Jamison of Post City, and S. A. Ribble, of Lubbock are the exhibitors in this department, and deserve much credit for the splendid showings made.

The Industrial Building. Withal Lubbock has made an impression on the minds of those who are here for the fair that will make forgetting the city's part of the great fair almost impossible, as the various businesses of the city have their booths so artistically arranged that they are indeed a credit to the city, and the various businesses are competing for championship in this department.

The Industrial Hall under the directions of L. Earl Hunt, is a success, with the automobile and truck department, under the directions of George Benson making that part of the program exact in every detail. The machinery and implements departments, as well as the automobiles and trucks, are shown under two large tents, which are spacious, and give good display.

L. C. Davis, of Webb City, Mo., was here last week in conference with the management of the Provena Cigar Company, wholesale distributors, having spent the entire week here, looking into the possibilities of the trade territory covered by the new Lubbock firm. There are wonderful possibilities here for any business which is backed by wide awake business men, and we are sure the success of the local business men depends entirely upon the work put back of the tasks that are before them.

A lazy no-account feeling with yawning and sleepiness in the day time is caused by a torpid liver and disordered bowels. Herbine is a splendid remedy for such ailments. It cleanses the system and restores vim and activity. Price 60c. Sold by City Drug Store.

25 CARS OF CALVES SHIPPED AT MIDLAND

Midland, Sept. 25.—A cattle deal of more than usual interest to the Southwest was consummated in Midland last week when Elkins Brothers shipped out 25 cars of feeder calves to various corn belt feeders. The remarkable feature of these calves was their unusual size. One lot of steers averaged 510 pounds, one lot of steers and heifer calves averaged 467 pounds, and it is said that the entire shipment will be in fine shape for putting on weight rapidly when they reach their destination.
