

THE LUBBOCK AVALANCHE

VOLUME XXIII. No. 63.

LUBBOCK, LUBBOCK COUNTY, TEXAS. TUESDAY, OCTOBER 2, 1922.

PUBLISHED TWICE A WEEK

SOUTH PLAINS FAIR CLOSED SAT. NIGHT—RECORD-BREAKING CROWD

THREE DAYS SHOW OF AGRICULTURAL PRODUCTS, POULTRY, LIVESTOCK, AUTOS, IMPLEMENTS, ETC.

LARGEST ATTENDANCE IN HISTORY OF FAIR

Fair Greatly Increased in Size and the Entertainment Features Were Good and People Who Attended Were Much Pleased With Management of the Fair.

The close of the great South Plains Fair Saturday night was the closing of one of the most successful and best attended fairs Lubbock has ever known.

The increase in interest in all departments was the natural outgrowth of the enthusiasm that was made manifest in those departments last year, and possibly the determination to excel with the various exhibits that were made last year by so many of the participants in that fair is largely responsible for the splendid growth the fair has made. While the fair lasted only three days last year, and for the same period this season, those six days were by no means the set time for the fair to grow, as one could learn from those who made entries this year, as they proved that they had worked for months preparing their animals, field products and fowls to enter as exhibits, and though a decisive change was made for the better over last year's fair, the growth was by no means abnormal, and even greater developments will be realized another year.

The Woman's Building was the scene of much activity throughout the three days of the fair, to which the many new and interesting exhibits that were not shown last year are accountable, and it is hinted by those in charge that a permanent building with glassed in show rooms where the many curios and other interesting as well as historic articles may be kept before the public all of the time, will be erected. This building, however, is a matter of nothing more than expectations and hopes at this time, will possibly be placed under construction before many years have passed, as the writer has heard more favorable comment on its erection than anything else.

The fact that the South Plains Fair is an event of great importance, embodied in which are opportunities and possibilities of the great South Plains, gives occasion for the belief that more counties will be added to the list of exhibitors each year, making permanent, constant growth that will serve in a large measure to making Lubbock the show house of West Texas achievements.

Though the more pessimistic and unthoughtful believed that making a creditable showing of agricultural exhibits would be impossible on account of the drought which has tried the very foundation of our agricultural possibilities, the exhibits were, nevertheless, much in evidence of the impossibility of keeping a good country down, and it is believed that inasmuch as those obstacles were surmounted, and the farm exhibits were without parallel in previous occasions of this kind, that just that much advantage was added to the fair as an advertising medium for the great South Plains.

Following is a partial list of the prize winners in the Floral Department, which was in the Woman's building, and a complete list of all the poultry shown:

Best specimen Geranium, E. A. Moody; Best scented Geranium, Johnnie Houston; best Sprengeri, Mrs. T. W. Thomas; any other fern, Miss Delia Wilkinson; best Wax Plant, Miss Delia Wilkinson; best Colens, E. A. Moody; best Boston Fern, Mrs. Dr. Bloom; best Hanging Basket, Mrs. Dr. Bloom; best "special" Sun Moss, Mrs. W. M. Mullins; best Oleander, Mrs. J. C. Morris; best "special" Jew, E. A. Moody; best Ornamental Pepper, Rob O'Hare; best and most artistically arranged display, Mrs. S. C. Arnett; best Pink Rose-buds, Mrs. W. A. Bacon; best Zenias, any kind, Mrs. J. E. Vickers; best Cosmos, Mrs. J. H. Vanderslice; best Dahlias, Mrs. J. E. Vickers; best Cannas, Mrs. Mollie D. Abernathy; best "special" Phlox, Mrs. C. M. Ballinger; best Cockscomb, Mrs. J. M. Isaacs; best Nasturtium, Mrs. J. M. Robinson; best "special" Asters, Mrs. Dr. Bloom; best display assorted flowers, Mrs. J. R. Robinson; best Verbena, Eugenia Lundell (child); best Petunia, James Lee Chase (child).

Second Prize—Sprengeri, Mrs. L. A. Simpson; Boston Fern, Mrs. R. M. Harkey; Any other fern, Mrs. Frank Maddox; Scented Geranium, Mrs. Tom Adkins; Coleus, Mrs. A. B. Ater; Hanging Basket, Mrs. Dr. Bloom; Pink Rose-buds, Mrs. J. O. Jones; best Zenias, Mrs. J. M. Isaacs; Cannas, Mrs. A. V. Weaver; Cockscomb, Mrs. J. M. Isaacs.

Third prize will be printed later.

Poultry Department

D. D. Deeter, Lubbock, Rhode Island Reds, 3rd cockerel, 3rd young pen; 5th pullet.

Clark Rush, Idalou, Rhode Island Reds, 8th cockerel.

Mrs. J. C. Burns of Lubbock, 4th cockerel; 4th cock; 8th old hen; 4th young pen; 3rd old pen.

Oliver Allen of Floydada, 1st hen, 3rd hen, 4th hen, 5th hen, 6th hen;

2nd cockerel, 1st cock, 2nd cock; 1st old pen, 1st young pen; 1st pullet, 4th pullet, 8th pullet (Rhode Island Reds).

C. B. Meador of Floydada, 1st cockerel. (This fowl was given credit for being the finest specimen in the show, and the judge assured Mr. Meador that he would have no difficulty in winning at the Dallas Fair this year. He is a champion thru-out, and Mr. Meador has received much favorable comment on him); 2nd hen, 3rd pullet, 5th cockerel, 7th pullet, 7th pen. (Rhode Island Reds).

Ernest Sheeley, Petersburg, 6th pullet (Rhode Island Red).

Ben T. Smith of Lockney, 3rd hen, 4th hen, 3rd cockerel, 3rd pullet. (Patridge Wyandottes).

W. P. Jones, Crosbyton, 5th cockerel, 2nd pullet, 5th pullet, 1st young pen. (Patridge Wyandottes).

H. P. Coleman of Lockney, 1st cockerel, 2nd cockerel, 4th cockerel, 1st pullet, 4th pullet, 1st hen, 2nd hen, 1st old pen. (Patridge Wyandottes).

Ed Warren of Post, 1st coop Silver Composites, 1st hen, 2nd hen, 3rd hen—no competition.

Mrs. Jesse Hamilton, Tulin, 2 pens Silver Laced Wyandottes, 1st, 2nd, 3rd, 5th prizes.

Mrs. Jake Gargill, 1 coop Black Langshans, 1st, 2nd, 3rd prizes. No competition.

W. M. Pevehouse, single white comb White Leghorns, 1st old pen, 3rd old pen, 1st young pen, 4th young pen, 1st cock, 2nd cock, 1st cockerel, 4th cockerel, 5th cockerel, 7th cockerel, 1st hen, 3rd hen, 5th hen, 6th hen, 8th hen, 1st pullet, 6th pullet.

Mrs. A. G. Ross, Lubbock, White Leghorns, 3rd cockerel, 2nd pullet, 5th hen, 3rd young pen.

M. E. Coffey, White Leghorns, 5th cockerel, 5th young pen.

Allen Bowles, Lubbock, White Leghorns, 4th cock, 4th pen.

M. T. Wartick, Lubbock, White Leghorns, 3rd cock, 3rd pullet, 4th pullet, 2nd cockerel, 5th cockerel, 8th cockerel, 2nd young pen, 2nd hen, 4th hen, 7th hen, 4th pullet. Bronze Turkeys: 2nd Tom, 1st hen, 3rd hen. Indian Runner Ducks: 1st drake, 1st duck, 2nd duck.

A. B. Hatchell, Wilson, Indian Games: 1st hen, 3rd hen, 2nd cockerel, 2nd pullet, 3rd pullet, 2nd cockerel, 4th cockerel, 1st old pen, 2nd young pen.

H. A. Ferrell, Lubbock, 2nd cock, 2nd hen, 4th hen.

Mrs. W. T. Reed, Cone, Texas, Indian Games: 1st cock, 1st cockerel, 1st pullet, 4th pullet, 5th pullet, 1st young pen.

Mrs. G. H. Grissom, Lubbock, Mammoth Bronze Turkeys: 1st tom, 4th tom, 5th tom, 3rd hen, 4th hen, best pair.

C. N. Baker, Lubbock, Bourbon Red Turkeys: 3rd tom, 2nd hen; Pekin ducks: 2nd drake, 2nd drake.

Dahbert Deaton, Lubbock, Toulouse Geese: 1st gander, 1st goose.

Mrs. J. C. Wayland, Lubbock, Bronze Turkeys: 2nd tom, 1st hen.

C. H. Hudson, Lubbock, Margrante Turkeys: 1st tom, 1st hen, 2nd hen.

J. A. Buckner, Rails, Bronze Turkeys: 3rd tom, 2nd hen, 5th hen.

Charley Ehloe, Slaton, White Holland Turkeys: 1st tom, 1st hen, 2nd hen; White Pekin Ducks: 1st drake, 1st duck.

Mrs. J. H. Eubanks, Lubbock, Barred Rocks: 5th pullet, 5th young pen.

D. C. Ross, Lubbock, Barred Rocks: 3rd cock, 5th cockerel, 3rd young pen.

D. T. Martin, Lubbock, Buff Leghorn, 1st cockerel, 1st and 2nd pullet.

C. McDonald, Lubbock, 4th young pen (Barred Rocks).

M. E. Simmons, Bourbon Red Turkeys, 1st tom.

Mrs. S. F. Teal, White Plymouth Rocks, 1st pullet, 2nd pullet, 1st cockerel.

J. W. Jennings, Barred Rocks: 1st and 2nd cockerel, 1st, 2nd and 3rd pullet, 1st young pen.

W. M. Ross, Barred Plymouth Rocks: 1st and 4th cockerel, 4th pullet, 2nd young pen.

Mrs. E. Schroeder, Lubbock, S. C. Rhode Island Reds, 3rd cock, 6th cockerel, 7th hen, 2nd old pen, 5th young pen.

Mrs. V. A. Mullican, White Orpingtons: 1st cockerel, 1st, 3rd and 5th pullet, 1st young pen.

W. O. Sheeley, White Wyandottes: 1st cock, 1st, 2nd, 3rd and 4th hen, 1st and 2nd cockerel, 1st pullet.

Albert Isaacs, Lubbock, Brown Leghorns, 1st, 2nd and 3rd cockerel, 1st, 2nd, 3rd, 4th and 5th pullets, 1st young pen, 2nd young pen.

J. D. Crump, Brown Leghorns, 1st cock, 1st hen, 2nd hen, 3rd, 4th and 5th hen.

Mrs. T. J. Davis, Slide, Buff Leghorns, 2nd cockerel, 2nd pullet, 4th and 5th pullet, 1st young pen.

(Continued on page 4)

AMERICANS ON TURKISH FRONT

Uncle Sam shakes a positive head and says we will not be drawn into the European tangle caused by Turk victories over the Greeks and the massacre at Smyrna. However, American representatives are at work to report developments and help in relief work. The photo shows Admiral Mark L. Bristol, with his wife, and Davis C. Arnold, the Director of the Near East Relief, inspecting one of the stations established by the Near East Relief Committee, near Constantinople.

Crosby County Citizens Invaded Lubbock and South Plains Fair Grounds Saturday—Forces Were Assembled at the Canyon

Peace officers, citizens and visitors were helplessly at the hands of Crosby county citizens at the Fair here Saturday for two or three hours, after three o'clock in the afternoon, as more than seventy-five cars, transporting a fifty piece band, and a host of South Plains Fair boosters of Crosby County made their way through the streets, and invaded the fair park, the host having en-massed at the Canyon, and invaded the town and fair park before those in charge had time to realize what was up, and when Monte Bowron turned the band loose at the fair park the hosts who were held spell-bound by the beautiful, well rendered music was able to regain consciousness and remember that the

fair was still in progress only when the instructor demanded that the band music cease.

At any rate, the champion agricultural county of the Great South Plains is the home of champions in the boosting brigade. They have left the invaded territory, and peace and quiet again prevails, they are still remembered, and it is rumored leading business men that the next time such an invasion is planned the doors of the city will be opened in advance of their coming as a means of lessening the efforts of the boosters in taking the town.

Crosby county and her "worst" boosters are always welcome to Lubbock, and we heartily appreciated their coming to the South Plains Fair.

LUBBOCK DISTRICT EPWORTH LEAGUE OFFICERS APPOINTED

Plans to more aggressively carry on the work of the Lubbock District Epworth League were laid at the conference at the Methodist church Sunday evening, with Rev. Quattlebaum of Matador, in charge of the meeting.

E. E. Haley, District Secretary, is secretary of the new organization, with Neal Douglass president, and Mr. and Mrs. T. C. Watson of Lamesa, and Mr. Jenkins of Tahoka, as members of the Committee on Arrangements.

The first meeting of the new organization will be held at Lamesa on Friday and Saturday, October 20 and 21, with some of the best instructors in West Texas in charge of the various classes. Permanent officers will be elected at this meeting. Leaguers from all over the district will participate in the meeting.

FIRE AT SNYDER, LOSS OVER \$60,000

Snyder, Sept. 30.—A fire of undetermined origin completely gutted the Higginbotham Bros. building early Friday night. The structure was occupied on the ground floor by Higginbotham Bros. Department store.

The second floor contained the apartment and office of Dr. R. D. English, the apartment of Ray Garner and the rooms of the Misses Bessie and Winnie Garner.

The fire was discovered about 8:30 p. m. and raged for over two hours. The city volunteer fire department did excellent work in checking the conflagration and confining it to the one building.

The entire loss of the occupants of the building is estimated at between \$60,000 and \$75,000, partially covered by insurance.

HUGHES IS GIVEN TWENTY-FIVE YEAR TERM

Graham, Sept. 30.—At 10 o'clock this morning the jury brought in a verdict in the case of Fred Hughes, sentencing him to 25 years in the penitentiary.

The murder occurred last April in a fight in a deserted dance hall in South Bend.

Hughes' attorneys are expected to file a notice of appeal.

John Boswell, of Plainview, secretary of the Chamber of Commerce at that place was here attending the fair and was very complimentary in his words for the South Plains Fair.

METHODIST DISTRICT BIBLE CONFERENCE CLOSED SESSION SUNDAY

LARGEST ATTENDANCE EVER KNOWN AT A DISTRICT CONFERENCE ON THE PLAINS

DR. MORRISON PREACHED TWICE DAILY

Dr. Dickenson Lectured Daily on "The Program of Christian Religion," Rev. Dodson on the Subject of "The Romance of Preaching,"—Sunday Was a Great Day in All Departments.

The District Conference closed its business session at the afternoon session Saturday, and Dr. Morrison preached one of his greatest sermons at the evening hour. Sunday morning was an ideal day and the day's program began at 9:45 when the Sunday school assembled. There was a record breaker crowd present, there being 637 counted present at the Sunday school, at the close of which service the pastor of the Crosbyton Methodist church presented his infant child for baptism, which ordinance was performed by Presiding Elder, Geo. W. Shearer.

Dr. Morrison preached at the 11 o'clock hour to a very large congregation, and it was one of the strongest messages that he has brought to the people of this city during the series of sermons.

At 3:00 o'clock the Leaguers of the Lubbock District held a joint meeting, at which members from the various Leagues throughout the district were present, at which Rev. Quattlebaum, pastor of the church at Matador, delivered an address. There was a good representation present and the meeting was a very profitable one.

At 4:30, Mrs. J. T. Griswold addressed the women of the church, and there was a splendid attendance, and her talk was greatly enjoyed and will be very helpful to the Missionary Societies throughout the Conference.

Dr. Morrison closed the conference with a magnificent sermon which was listened to by a full capacity house, and it was reported that several hundred people were turned away because of not being able to seat them.

A free will offering was taken, and Dr. Morrison received something over \$200.

His series of sermons were the greatest ever delivered in Lubbock, and people of every denomination, and those belonging to no church at all enjoyed them to the fullest extent.

Friday Extra:

The second day of the Conference sees a greatly increased crowd, and new delegates have been arriving all the day. Many of the preachers from over the Lubbock District were not able to get here until today, and their arrival with several delegates each has brought the attendance up to and beyond the number expected by those in charge of the meeting.

Yesterday saw a full program. Rev. J. W. Hunt of Abilene, addressed the conference in the interest of education, and as usual this address was most interesting, and instructive. It showed that wonderful progress is being made along the lines of education, but the need is still very great and the need of funds to carry on the work is very urgent indeed.

Dr. Dickenson delivered a lecture to the members of the conference on the subject of the Program of Christian Religion, which was considered by those who heard it as being one of the best of its kind ever delivered in Lubbock. It was greatly enjoyed and appreciated by those who were fortunate enough to hear him. Dr. Dickenson is one of the most gifted speakers of the Northwest Texas Conference, and his lectures will continue each day through the week.

B. W. Dodson, who is on the program for a lecture each day on the romance of Preaching, is getting hold of the preachers of the conference, by his stirring discussions of the book, which he is discussing, and while Dr. Hunt of Abilene, was scheduled to take this work, and it was not known that he could not fill the date till near the time for the meeting, Rev. Dodson is certainly making wonderful progress in filling the vacancy, and is doing so to the credit of himself and the entire conference. He is an able speaker, and a sound reasoner. He is one of the strongest debaters and church doctrinal preachers in the State, and is thoroughly familiar with everything pertaining to the Methodist church and its doctrines, and the needs of the ministry of the church.

Dr. Morrison preached his first sermon yesterday at eleven o'clock, and again last evening. His sermons were rich and the large congregation listened attentively throughout each hour, and were anxious to hear him again today at noon when he took up the beautitudes and discussed each separately to the delight of his hearers. His approach to these points of his subject and the climax he reached was wonderful, and his hearers were brought to the various stages of deep thought and then in the next few moments they were convulsed with laughter, while in another minute their eyes were floating in tears. He is indeed a wonderful speaker, and when the people of Lubbock fail to avail themselves of this opportunity, they are missing something that they will never be

able to get again in their lives.

This afternoon the business session of the conference will be entered into, and the unfinished business that came here from the Matador conference in May will be taken up and completed.

Dr. Morrison will again address the big congregation this evening at 7:30, following a song service by the Lubbock choir.

Tomorrow will be a busy day, and Sunday will see a large crowd. Hundreds of delegates to the special Epworth League meeting which will be held here Sunday, and this meeting alone will be one of the greatest ever held in this section of this nature.

Saturday Extra:

The third day of the Bible Conference dawned with a good attendance present, as still other delegates and preachers and connectional men arrived Friday evening, and were assigned homes for the night, and were ready for the session at nine o'clock. Today is bringing a lot of people here, and Sunday will no doubt see the greatest crowd that has ever been seen in attendance upon a meeting of this character.

The business of the conference will be finished with the afternoon session, and Sunday will be devoted exclusively with religious services, in the following order, with possibly a few changes:

Sunday Morning
9:45 to 11:00—Big Sunday school Rally, prominent speakers.
11:00: Sermon—Rev. H. C. Morrison, D. D.

Sunday Afternoon
3:30 to 4:30: Women's Meeting—Presiding officer, Mrs. S. H. Adams.
6:30 to 7:30: Love Feast—Conducted by Rev. R. F. Dunn.
7:30: Sermon—Rev. H. C. Morrison, D. D.

There will also be a League Rally service during the afternoon at which there is expected to be representatives of all the Leagues in the Lubbock District, with prominent people visiting from other conferences. This is expected to be one of the greatest meetings for the young people that has ever been held in the Lubbock district. The leaguers are looking forward to this service with great anticipation of a splendid service.

Dr. Dickenson was compelled to leave this morning, but his wonderful addresses on the Program of Christian Religion have been greatly enjoyed by all who heard him. The conference regretted very much that he could not remain for the close of the conference.

Dr. Morrison is delivering his wonderful messages each day. He preached to a large attentive crowd last evening, and this morning at eleven the service was extremely rich. There was power in each sentence, and there was shouting in the congregation. Dr. Morrison is bringing some of the strongest sermons that have ever been heard in Lubbock, and it is expected the crowds are increasing as it becomes noised abroad the greatness of this man. Had it not been for the fair that has kept many people away, the house would not have held the crowds that are anxious to hear him, and it will be necessary for the people to come early Sunday if they expect to get a seat in the main auditorium. Some of the other churches are going to turn their congregations loose to attend the closing service of the conference, and the Methodist people are making every preparation to take care of them when they come.

The conference will close Sunday night, and Monday the preachers and delegates will return home.

Lubbock was unanimously chosen as the next meeting place for the District Conference, which will likely be conducted much on the same order as this, which is a departure from the old way, and is proving a great improvement on the regular form of the services.

Lubbock Methodists as well as a number of others in the other churches, have taken care of the delegates in grand style, and they have nothing but the best commendation for the manner by which they have been entertained. A number of people who volunteered to open the doors of their homes for the entertainment of the conference delegates were not given an opportunity. There were simply more homes than people to take care of visitors when they come.

All in all it has been a great conference on a fair and still there is more to come.

The Avalanche is glad to have had an opportunity of reporting this great meeting, and we have enjoyed the presence of these splendid men and women, many of whom have visited our office, and personally thanked the Avalanche for the manner by which we have given the meeting a large range of publicity.

"The Best Time to Fight a Fire Is Before It Happens."

Sheepmen Hopeful of Better Prices for Lambs This Fall

Chicago, Sept. 26.—It appears that a higher price for lambs will prevail this fall and there is a mad scramble to get back into the business, according to a survey of the National Institute of Progressive Farming, which declares that the sheep industry will be entirely recovered from the recent near collapse within five years.

"How close the sheep industry in this country came to annihilation during the inflation period is not realized by the general public," stated the survey. "It was all but wiped out. Imported rams were butchered and sold as meat owing to the collapse of the market."

There is a rush to stock up now and the market has returned to a notable level, the survey states, and herds which almost disappeared are being revived.

The supply of breeding stock, sheep association officials say, is the lowest in twenty years and the demand for such stock on the Pacific coast is the greatest seen in double that time. Texas, Idaho, Wyoming and Montana also report a large demand.

"In the corn belt where the maize crops can be fed to three dollar mutton, the problem is to find the lambs," declared the survey.

"Sheep men are in the habit of virtually ceasing business when the wool market is against them, and then slowly turning back when the tide turns. While the United States cannot compete in the wool markets of the world with Argentine and Australia, yet it is unthinkable that the whole agricultural system should be thrown out of the balance by wool alone."

CARLISLE NEWS OF THE PAST WEEK

The Methodist meeting closed Sunday night. Brother Pickens preached some very interesting sermons.

There was a large crowd at Sunday School Sunday afternoon. New officers and teachers were elected.

Mrs. H. H. Guin, Jr., spent Thursday with Mrs. C. H. Jerden.

Mrs. L. W. Ray of Snyder, Mr. and Mrs. O. Franklin and boys and Mrs. Pullen of town spent Sunday evening in the W. B. Ray home.

Mr. and Mrs. Meadow spent Sunday in the Dean home.

Mr. and Mrs. J. B. Burroughs spent Sunday afternoon with their cousins Mr. and Mrs. Hackleman.

Mr. and Mrs. H. H. Guin, Sr., Mr. and Mrs. Bailey, were dinner guests in the Bush home.

Miss Thelma Hinson spent last Wednesday with Miss Octa Ray.

Mr. and Mrs. Brock spent Sunday in the Jerden home.

School closed Wednesday for a month. Everybody is picking cotton.

Misses Ona, Elsie Mae and Lavelle Ray spent Sunday in the Hinson home.

Miss Helen Ribble of town, spent Sunday with Miss Artie Bond.

Mr. Tom Hamner returned Saturday from Merkel where he has been for some time picking cotton.

Mr. Lauraine Hinson cut feed several days for Messrs. W. A. Price and Spence.

Misses Bernice Casey, Marie Coffey and Octa Ray were dinner guests in the E. E. Jones home Sunday.

Messrs. Tom Hamner and Harlin Smart left Tuesday morning to drive a herd of cattle to Hereford.

There was a party at the Brock home Monday night. Everybody reported a fine time.

Mr. Gather of Shallowater is binding feed for Mr. Dowdle.

The thresher has been very busy here for the past week. Mr. Tubbs, Short, Foster, Olford and others have had their Sudan threshed.

Messrs. W. M. Pevehouse, J. H. Burroughs and others are working for the booth that the Carlisle people will have at the fair.

Mr. Everett Price is working for his cousin near Lorenzo.

Mr. and Mrs. W. M. Pevehouse and baby Nona spent Sunday in the Burroughs home.

Misses Marie Coffey and Octa Ray spent Sunday afternoon with Miss Bernice Casey.

While Mr. W. M. Pevehouse is not teaching school he is very busy picking cotton. He picks over 400 pounds every day. Who says we haven't every school in Lubbock county (and other counties too) beat in an all round man as a teacher?

ACUFF ITEMS OF THE PAST WEEK

Everyone is busy these days and there is not much news, only everyone is making use of this pretty weather and gathering in the grain and cotton. A rain would surely ruin the cotton now.

Mrs. Julia Kelley left Monday afternoon for Canyon Normal, where she will attend school. We will miss her very much as she is a very live wire in this community.

L. S. Evelt took a bale of cotton to the gin Saturday afternoon at Idalou.

W. A. Davis returned from Roswell, Sunday afternoon, where he had been to see about getting some cotton pickers.

Mr. W. C. Grimes's car was out of commission last week.

Miss Cecil Grimes is in the hospital this week. She had a growth cut out of her nose. We hope for her speedy recovery.

Elmer Rush returned from Fort Worth yesterday afternoon, and brought some cotton pickers with him.

W. P. Rush returned Sunday from New Mexico, and brought Mr. and Mrs. Asa Acuff with him.

Mr. and Mrs. L. S. Evelt were dinner guests at the A. M. Evelt home Sunday.

A few of the young people had singing at Mr. Carrol's home Sunday

DESDEMONIA EDITOR LIKES THE SOUTH PLAINS

Mr. and Mrs. C. S. Adams returned Wednesday from West Texas where they have been visiting friends and relatives, and looking after business interests. They report the outlook very flattering this season in that part of the state.—Desdemonia Gusher.

The above is the pen of Editor C. S. Adams of the Gusher, and shows that he is above the average of East Texas editors when it comes to writing about the Plains country. Most of them are so jealous of West Texas and the Plains in particular that they are far from giving the country justice. Editor Adams visited relatives in Brownfield while up this way, and paid the Herald a short call.—Terry County Herald.

W. A. Terrell, at Phone 58, will bid on your old furniture, sell you furniture at the right price, repair and upholster your furniture. Use the phone. 60-4f

Monte Bowron and his band from Lorenzo, was very favorably received at the fair yesterday (Friday) and the band is a great credit to Lorenzo.

McLEAN YOUTH HAS BOTH HANDS BURNED

McLean, Sept. 28.—John Lee Shell, eight-year-old son of Mr. and Mrs. Earl Shell of this city received severe burns on both hands this afternoon when a gasoline can exploded and lighted flames from the fumes blazed over his hands. The child placed a lighted match in front of the almost empty gasoline can. The burns are not serious.

J. E. Watson and wife of Lamesa, were here Friday and Saturday attending the Methodist conference and taking in the South Plains Fair.

All are here now visiting excepting Mrs. C. N. Hodges who left the latter part of last week for her home in the Islands.

A telegram was received by J. A. Hodges of this city Saturday morning from a nephew at Tucson stating the death of a brother.

MEMBERS OF HODGES FAMILY HAVE BIG REUNION

Mr. J. A. Hodges, B. F. Hodges and J. W. Hodges, brothers of the Hodges Brothers General Merchandise Store of this city, had as their visitors last week their sister, Mrs. B. I. Odell of Clovis, N. M., Mr. and Mrs. Joe Elliott of Hereford, (Mrs. Elliott also being a sister of the Hodges Brothers) their brother and nephew, J. S. Hodges and J. S. Jr., of San Francisco, their sister, Mrs. C. N. Hodges who lives in the Philippine Islands, and Charlie Hodges of Quinlan, Texas.

All are here now visiting excepting Mrs. C. N. Hodges who left the latter part of last week for her home in the Islands.

PANHANDLE NEEDS MORE CATTLE CARS

Austin, Sept. 28.—An acute shortage of stock cars with which to move cattle from the drought-stricken Texas Panhandle has been reported to the railroad commission and Commissioner Clarence E. Gilmore is endeavoring to secure at least 800 stock cars from the National Stock Car association. The Orient railroad reports a shortage of at least 600 cars.

The shortage of feedstuff on the range and with the coming of winter every effort to move the cattle at an early date will be made. Just where the cattle will be moved to or to what market they will be sent is not yet known.

Business Conditions Are Changing For Better, Says Boston Statistician In Speaking of Changing Conditions

An article recently prepared by Roger W. Babson, statistician of Boston, said to be one of the best informed men on business conditions, and said to have a better understanding of general conditions, declares that the business tide has turned, and people may feel justified in talking optimism.

Mr. Babson declares: "The business tide has turned. For the first time in two years we feel justified in talking optimism. From now on we shall be on the home stretch. Although it will be a year or more before we can have prosperity, yet we are all now justified in preparing for it."

Mr. Babson analyzes the case. He compares the business depression to a case of measles.

"In the first stage the main problem is to get the poison, which is the seat of the trouble, out of the system. The patient will itch and fret, but he cannot get well until this is done. The seat of the trouble is the economic evils which developed during the preceding period of over expansion. These depressions are the reactions from the extravagance, reckless management, waste and greed which were bred during the periods of so-called prosperity. The first problem in every depression, therefore, is to correct the evils which caused it. That is why all the 'boost-business campaigns' attempted during the past two years have failed. They did not strike at the cause of the trouble."

"Now, however, we have reached the turning point in the business outlook. We have passed the half-way mark in the depression period. Experience tells us that by the time this point is reached the worst of the evils which brought on the depression have been corrected. Current fundamental statistics corroborate this view. A few of these are: the sharp reduction in amount of bank loans—the increase of investment buying—widespread house-cleaning and retrenchment in management of business concerns—a better credit situation—extensive deflation in prices of most raw materials—subsidence in number of get-rich-quick schemes, showing that the great majority of people realize that the best way to make a living is to work for it."

"This means that clients now can proceed safely to put into operation their plans for development. The conservative and cautious policy which has served you so well during the past two years can now be reversed to one of more aggressive action. Never mind the threats of coal famine or railroad tie-up. Remember that fundamental conditions determine business. These conditions now justify gradual improvement. The recovery will be slow, but it will be sure. If you are to take advantage of it you must make your plans now."

When we remember that "Thirst knows no season," this review is highly encouraging.

PAVING CONTRACT LET BY CITY COUNCIL FOR PAVING

The city council closed a contract Friday afternoon with the Panhandle Construction Company, covering the paving of ten blocks from the depot to the highway at the east end of Houston street. The paving will be done on "natural" foundation.

Work will start on the new contract just as soon as the paving around the square is completed.

W. D. Howren of Amarillo was given the engineering work on the new paving.

The paving around the square has been very slow on account of the brick arriving so slowly.

The west side of the square was opened to traffic last Thursday morning. The northwest intersection will be thrown open to traffic today, making the entire west side opened, and almost the entire front of the Kuehn & Farlow Garage on the north and the Magnolia Filling Station on the south side completed. The remainder of the square can be completed within a few weeks if the brick are received fast enough.—Randall County News.

AYERS-DELOACH GRAIN CO. REPRESENTED AT THE FAIR

The Ayers-DeLoach Grain Company, wholesale dealers of West-Tex scratch grains and other well and favorably known brands of chicken feed, have a booth in the poultry department at the fair which has attracted no little attention, and those fellows have gained a reputation for broad-mindedness in taking this opportunity to become better acquainted with the chicken growers and breeders of the West Texas country.

With poultrymen here from as far away as San Angelo it proved that they have an opportunity to get acquainted with poultrymen in all parts of West Texas, which we are glad they are taking advantage of. R. C. Ayers is in charge of the booth.

J. T. Weems, pastor of the Methodist church at Seminole, who has been attending the Methodist conference here the past few days, returned home Saturday.

Herefords Awards Announced at the West Texas Fair

Hereford cattle show at the West Texas Fair this year is better than that of last year and is attracting much attention and considerable favorable comment by those who daily view the animals.

The splendid display of Herefords were judged by John N. Simpson, of Midland, an A. & M. College expert.

The three leading exhibitors, C. M. Largent and son of Merkel, Gist Hereford Farm of Odessa, and R. V. Colbert and son of Stamford, were represented, and the ribbons were well divided.

In the aged bull class C. M. Largent exhibited "Gad Lad Jr." one of the largest bulls of the breed, weighing over 2600. The winning two-year-old Colbert and Son's "Real Avonmore" is a medium sized bull of wonderful thickness and smoothness of flesh. He was Senior and grand champion.

A smooth fleshed bull, "Prince Fairfax 7th," owned by C. M. Largent, was first in senior yearlings. Gist's "Victor," a young bull of good scale was placed above the blockier thicker fleshed "David of K. C." shown by Colbert and Son in the juniors.

The senior bull calves uncovered a wonderful prospect in Gist's "Model," who easily took the blue ribbon, then annexed the junior championship and gave "Real Avonmore" a close race for the grand. Great things in the future are prophesied for this young bull, smooth and well covered, with lots of quality and he looks like developing into a truly great bull.

In aged cows, Largent exhibited his well-known winner, "Lad's Julia," though near calving, she still retains the bred type and thickness of flesh that has won her so many prizes in the past.

Another sensational animal was shown in the two-year-old by Colbert and on in their "Vanity 2nd," bred by Gist, and purchased from him by the Colberts. This heifer would hold her own in the strongest company, with wonderful straight lines and full of quality, covered with the smoothness of flesh, she is hard to beat.

Awarded Championship.
After a long, careful inspection the judges awarded "Miss Vanity" the senior championship over the Largent cow, the grand then went to her without serious competition.

Colbert and Son won first on Senior yearling heifers with "Nellie Comfort," a blocky, thick-fleshed heifer but deficient in scale. Colbert won first in Junior yearling heifers with "Jennie B"; second with "Fair Sagamore" who has been out of pasture only a short time, and lacks flesh and finish but shows great promise for the future. Colbert also won first on senior heifer calves on "Lady Donald 8th," a thick-fleshed calf which was awarded junior championship. In baby heaves there were five entries. Considering that this is the first year that this class has been given awards at the Abilene Fair the exhibits were creditable.

Glen Joiner, of Tye Texas, won the first with a grade Hereford steer that should kill out a very desirable carcass of beef.

Hereford Bulls.
Three bulls any age owned by exhibitor: First Gist; second, Gist; third Largent; fourth Colbert.

Two bulls any age, bred and owned by exhibitor: First, Gist; second, Largent; third, Gist; fourth, Gist.

Bulls—Three years old and older: First Largent on "Gay Lad Junior."

Bulls—Two years old: First, Colbert "Real Avonmore."

Senior Yearling Bull: First Largent on "Prince Fairfax, 7th"; third Colbert, on "Druid of West"; fourth Largent, on "Royal Lad."

Junior Yearling Bull—First Gist, on "Druid of K. C."; fourth, Gist, on "Henry"; first, Largent on "Prince Fairfax, 10th."

Senior Bull Calf: First, Gist, on "Model"; second, Largent, on "Beau-Lad the second"; third, Gist, on "Bright Picture"; fourth Colbert, on "Druid"; fifth Largent, on "Grove Lad."

Senior and Grand Champion Bull: Colbert on "Real Avonmore."

Junior Champion Bull: Gist, on "Model."

Hereford Cows.
Cows, three years old and older: First, Largent, on "Lad's Juliet."

Two year old heifer: First, Colbert on "Miss Vanity, 2nd"; second, Gist on "Perfection Girl."

Senior Yearling Heifer: First Colbert on "Nellie Comfort."

Junior Yearling Heifer: First Colbert on "Jennie B"; second, Gist on "Fair Sagamore"; third, Gist on "Lela Fairfax"; fourth, Gist, on "Fairmont Lassie."

Senior Heifer Calf: First Colbert on "Lady Druid 8th"; second, Gist on "Rose Domino"; third, Gist on "Miss Simon"; fourth, Gist on "Miss Paragon"; fifth, Colbert, on "Lady Druid 8th."—Abilene Reporter.

Governor Neff Has Proclaimed Week of Fire Prevention

Austin, Sept. 23.—The week of October 2-9 has been designated as Fire Prevention Week in Texas in a proclamation issued by Governor Neff. The text of the proclamation follows:

Conflagrations have cost the world untold fortunes in matters, material and historic. The history of fires in the United States begins with the burning of Chicago on October 9, 1871, in which nearly four square miles of the city were consumed by a fire easily preventable. Statistics show that the annual fire loss in the United States has increased from \$78,000,000 in 1875, to more than \$250,000,000 in 1921; a gradual but certain increase in losses. The peculiar feature in that most all fires are preventable, and the means of prevention are readily available and easily applied.

Nearly all fires are the result of carelessness, and in order, therefore, to arouse our people to a proper sense of the danger of fires, I, Pat M. Neff, Governor of the State of Texas, do hereby proclaim Week with some appropriate formality to the end that fire dangers and simple means of fire prevention be brought to the attention of our people. Permit me to suggest that all mayors in this State issue proclamations, calling to the attention of our people the importance of fire prevention week, and requesting strict observance of same.

Finally it is urged that all our people give the Fire Prevention Week something more than a passing thought, and that all keep in mind October 9, the fifty-first anniversary of the great Chicago fire.

BY THE GOVERNOR
S. L. Staples, Secretary of State.

270 CASES ON DOCKET OF AMARILLO DISTRICT COURT

Amarillo, Texas, Sept. 28.—More than 270 cases are before District Court, now in session here. Ninety-four of these are criminal cases. This is one of the biggest court dockets ever known in Potter county, according to J. C. Skillman, District Clerk. Three of the criminal cases are murder cases and several of them are for alleged violations of the open port law.

GOVERNOR PARDONS MAN SERVING YEAR'S SENTENCE

After having served seven months of a one-year sentence imposed upon him by a jury last February in Judge R. B. Seay's Criminal District Court, when tried on a charge of negligent homicide, with a motor vehicle, G. J. Condra, 22 years old, was pardoned Thursday by Governor Neff, according to a message received by Sheriff Dan Harston.

The charges were brought against Condra in connection with the death of Ruth Glidewell, who died about a year ago as a result of injuries sustained when she was struck by an automobile. In the executive order Governor Neff said the fact that Condra had been ill during a large part of the time he was serving the sentence was partly the cause for the pardon being granted.—Dallas News.

1560 ACRES OF LAND LEASED BY OIL FIRM

One of the big oil companies operating in Texas, which remains incognito so far in this deal, has leased 1560 acres of land north of the Burnett pasture, according to local oil men. The lease is on the Dauer lease, block 4, I. & G. N. Oil men of Amarillo say this lease should have the effect of renewing activity shortly.—Amarillo News.

13,711 BILLS GO INTO HOPPER: 1057 THROUGH THE MILL

Washington, D. C., Sept. 29.—More than 13,000 bills—13,711, by actual count—of all sorts and descriptions, were introduced in the house since the 67th congress went to work, in April, 1921. Clerks checking up today found that, of this number, 1057 were passed.

In the 66th Congress 15,492 bills were presented and 734 of these became laws.

"Anybody can throw a bill into the hopper," said a veteran legislator, "but it takes a wise man to put it through the mill."

Aviator landed in a field and cows licked the castor oil off his machine. A boy thinks they wanted to stay home from school.

Sentenced to Reformatory for Firing Sweetwater Building

Sweetwater, Sept. 28.—Fred Dixon, 14 year old Sweetwater boy, was sentenced to the Gatesville Reformatory until he is twenty-one by Judge Mauzey in juvenile court late Tuesday afternoon.

He was charged with setting on fire the East Ward school house which endangered the lives of over three hundred school children Monday morning, September 11, and with the setting on fire a day or so later of a shed belonging to B. J. Eison, filled with hay. According to the authorities, the lad confessed to both crimes. In the case of the East Ward school, the lad in company with another boy was sent on an errand to the unused third floor of the building shortly after school opened. Fire was discovered shortly afterward.

The lad assigned no reasons for his acts.

It is thought that this action on the part of the authorities clears up many unexplained fires that have puzzled the Sweetwater Fire Department for many months. Twice the Higginbotham-Bartlett Lumber yard was found to be on fire shortly after the lad was seen on the premises, and he was in the Sweetwater high school building the night that flames damaged it to the extent of \$35,000 in December of 1921. The Fire Department have answered so many alarms to the Dixon premises that insurance companies have refused insurance on them.

E. W. OWENS IS JAILED ON CHARGE OF COTTON STEALING

Last Wednesday morning, E. W. Owens, who resides two miles north of Ralls, was arrested and jailed here Wednesday morning charged with the theft of 800 pounds of cotton, said to have been taken out of the wagon in the cotton field of Mr. Johnson, near Posey, a few miles southeast of Lubbock.

According to our information in this case, when the Johnson family went to the cotton patch early Wednesday morning, they missed the cotton out of the wagon, and at once started trailing the wagon that it had been hauled away in. They found that the wagon tracks came toward Lubbock, and the Sheriff's department was notified. Search was at once begun and inquiry at the several gins here revealed the fact that 800 pounds of cotton had been sold to the Fuller Gin Company that morning by a party by the name of Owens, which led to the arrest of E. W. Owens, as stated above.

The owners of the cotton valued it at seven cents per pound, which amounted to enough to bring the case under the head of a felony, and he is so charged, while if he sold the cotton under five cents would have made it a misdemeanor charge.

No effort has been made at this time to furnish bail for the imprisoned man.

WARREN BOYD BREAKS ARM THURSDAY AFTERNOON

Warren Boyd of Abernathy, sustained a broken arm just below the elbow Thursday afternoon at the opening of the Shallowater-Abernathy baseball game, when after an attempt to open the contest on the mounds for the Bulldogs, twisted his arm in such a manner as to snap the bone above the elbow.

First aid was given the wound at the Red Cross ward located at the fair park, and at this writing the injured member is resting easy. The arm had been broken in the same place one time before.

SMITH & TOWNES GET LAMB COUNTY CONTRACT

Smith & Townes, local architects, have been selected as designers of Lamb county's \$40,000 courthouse to be erected at Cotton, Texas. They are now finishing up the plans and the work will be pushed to an early completion.

Plans drawn by this firm were just recently accepted by the Dallam County commission for a new three story, fireproof, \$150,000 courthouse to be erected at Dalhart. It is expected that the contracts will be let about October 21.—Amarillo News.

YOUTHFUL GOLFER MAKES HOLE IN ONE

Canyon, Sept. 23.—Claude Newton Harrison is the first member of the Canyon Golf Club to make a hole in one shot. Young Harrison has been a golf enthusiast and is able to take his dad to a cleaning on the golf course every once in a while.

Last week he pulled the much-dreaded stunt on No. 5. This hole is a drive on the top of a bluff with the green about 40 feet from the side of the bluff. It is an easy hole when the player lands his first shot on top, but it is awful if the shot falls short and into the rocks.

Under the American golf rules, Claude Newton will be given a club and a dozen balls by the Canyon club and a certificate of membership in the American Hole in One Club.

METHODISTS OF TEXAS ADOPT HOSPITAL PROGRAM

Dallas, Sept. 26.—Adoption of resolutions organizing the Texas Methodist Hospital Association occupied the business portion of the program of the general meeting of Methodists held Tuesday morning at the First Methodist Church, South, McKinney Avenue and Pearl street, and the following resolutions were adopted:

"Inasmuch as there is a positive demand that the Methodist church in Texas shall commit itself to a program of hospital building and service in the State that will worthily represent our great denomination among the church and other agencies now at work, we, as a church, have been sinfully slow in doing, be it resolved:

"1. That an organization of those interested in hospital work be formed, to be Statewide, known as the Texas Methodist Hospital Association.

"2. This organization shall be composed of all the officers and members of conference, hospital boards, boards of managers or trustees of each Methodist Hospital organization in the State, and the presiding elder and a woman from each presiding elder's district.

"3. The purpose of this organization shall be to aid and encourage all hospital enterprises that have been launched, and to assist in the promotion of others that are determined to be necessary in the State."

TEXAS DEMOCRATS TO RAISE \$50,000 FOR VOTES

Dallas, Sept. 23.—Money contributed by the Democrats of Texas for the national campaign will be expended by the Democratic national committee solely in doubtful states, it was announced here today by John C. Harris, chairman, following receipt of a telegram from Cordell Hull, Democratic national chairman.

The question was raised here Tuesday at a conference of senatorial district chairmen when organization was completed to conduct a three week campaign to raise \$50,000 in Texas.

Two years ago Texas contributed \$22,500 to the national campaign, and though the assessment has been materially reduced this year, the need for funds is said to be acute in close states.

Turk War Seems Certain According to Recent Note

Constantinople, Sept. 29.—The situation between the British and the Turkish Nationalists was extremely tense tonight.

A note from Mustapha Kemal Pasha to Brigadier General Harrington, the British commander, couched in a hostile tenor, was considered by British military circles here as closing the door to a pacific settlement of the Straits situation.

Paris, Sept. 29.—The abdication of Mohammed VI, Sultan of Turkey, is not yet accomplished, but the sultan has expressed the desire to abdicate in favor of his cousin, according to a telegram received from the Angora correspondent of the Havas agency who attributes the news to a complete dispatch to Angora.

No War Act Necessary.

London, Sept. 29.—In connection with the reports circulated in the United States that war had been declared by Great Britain on Turkey it was pointed out today that no declaration of war would be necessary as peace never had been concluded between the two countries. Their relations are still governed by the terms of the armistice of 1918.

TEMPORARY BUILDING TO REPLACE BURNED SCHOOL

Sweetwater, Sept. 28.—The erection of a temporary building to replace the East Ward School building, recently destroyed by fire here, has been started and its completion is promised within a few days. It will be built of lumber, will be one story high and will not exceed \$1,500 in cost. Material salvaged from the destroyed building will be used in the construction of the temporary structure.

Ben Smith, editor of the Lockney Beacon, came over Friday to see the South Plains Fair, and also to attend the football game between Lubbock High and Lockney High, which was an important feature of the afternoon fair program.

OFF FOR THE HOLIDAYS

Now that the South Plains Fair is over, comes next the holidays. As usual you can depend upon the Lubbock Drug to stock for you the many useful and pleasing articles appropriate for them. If you need anything in the drug line there isn't a store in this town that will appreciate your business more than we—and we try to deserve your business.

Hereford Cattle Breeders' Cutting Out the Middle Man's Profit and are Making Money By the Operation

The elimination of the speculator and middleman will put more than \$60,000 this year into the pockets of 45 leading stockmen and ranchers of Presidio, Brewster and Jeff Davis counties.

How the Highland Hereford Breeders' Association made this possible was explained Saturday by C. A. Easterling, of Marfa, Texas.

Mr. Easterling is sales manager and secretary of the association. He was in El Paso to confer with traffic officials relative to the shipping of more than 15,000 calves and yearlings which will be sold at public auctions this year by the association.

3500 at Indianapolis Sale. Mr. Easterling will leave October 1 for the north to personally conduct the public auction sales. The first one he said would be held at Decatur, Ill., October 18. The second at Indianapolis, Ind., October 28. Other sales will be made until 15,000 calves and yearlings have been disposed of.

"Last year at the Indianapolis sale we had 3500 buyers and Gov. Warren T. McCray bought the first car load," Mr. Easterling said.

"From producer direct to the feeders, which is our trade slogan, tells the whole story," Mr. Easterling said. "We simply eliminate the speculator and middlemen. We sell direct by mail and public auction sales."

The association was organized in 1919 by the more progressive breeders of white faced Herefords in the three counties of the the Marfa district.

"We only admit to membership only those breeders who are progressive enough to improve their stock and to have ranch and range conditions so that it is possible," he said. "The association only sells yearlings and calves. Quality is our

secret of success.

\$55,000 Profit Last Year.

"Our section of southwest Texas is the greatest breeding place in the world, and our association has attracted the attention of the United States department of agriculture. The government has appropriated \$1,000,000 to get reports on livestock conditions and will issue monthly, quarterly, semi-annually and annual reports. Our association has been praised by the department for its work in improving stock and increasing production."

Mr. Easterling said that last year the association shipped 10,000 calves and 1,000 yearlings and made a net profit to its members of more than \$55,000 and above the market price.

"Our success has led to the organization of similar co-operative selling agencies throughout the country," Mr. Easterling explained. "But we were the pioneers."

"Our fall sales are an advantage to the stockmen. By buying calves and yearlings they make more money."

Range Near Marfa is Good. "A carload of big steers will number about 20. They will put on, when properly fed, about three pounds a day. A carload of calves will average about 60 head. They will put on about 2 pounds a day making 120 pounds total as compared to the 60 pounds put on by big steers."

The range is good in the Marfa district according to Mr. Easterling. "The recent rains have put the country in fairly good condition," he said. "As a whole the country will go into the winter in as good condition as last fall."

See O. W. Jolly for the best grade Auto Tops. 57-1f

POST

Post City Post.

Quite a crowd of Post people went up to Lubbock today to attend Methodist Conference and will take in the Big South Plains Fair.

Mr. R. B. Patrick of Olney, Texas came through Post and spent a day and night this week. He was enroute to Lubbock where he went to make a location for the building of a new home fourteen miles north-west of Lubbock.

Up to Monday night Public Weigher D. L. Carmichael had weighed, 1025 bales and the gins are busy night and day. Cotton pickers are in demand and hard to get.

While the big leagues and the Texas and Southern leagues are winding up their playing season with good ball games, Post is playing some fast ball.

Last Sunday they lost a game to Slaton by the small margin of 1 score, the final score being 4 to 3. Tuesday afternoon they played the Brunk's Comedian team, the score being 3 to 2 in favor of Brunk's bunch. During the fair, October 5, 6 and 7, they intend to play three games, one each day. The lineup for Post right at this time is the best we have had here this year.

The Commissioners Court acting with the advisory committee of representative citizens of the county, have engaged Guy A. Carlander of Amarillo as the architect for Garza County court house and jail. He will meet with the Commissioners Court next Friday to perfect the general plan for the building. The out, built with a view of something building will be fire-proof throughout, plain and substantial rather than large. It will take something like four or five weeks for the architect to perfect the details of the construction; then it will take the contractors three or four weeks to get prices and make estimates so as to make their bids; consequently it will be about the first of January before the actual construction can begin. Our bonds sold to C. L. Hamilton of Chicago at a premium of a little over two per cent. The bond men claim that we received the best price for our bonds that has been paid for bonds of this kind. The main feature that made our bonds desirable was the fact that our total indebtedness of the county including all bonds was less than four per cent of the assessed valuation. Another thing that helped to sell the bonds was our natural resources backed by the pay roll of the cotton mill.

25 CARS OF CALVES SHIPPED AT MIDLAND

Midland, Sept. 25.—A cattle deal of more than usual interest to the Southwest was consummated in Midland last week when Elkin Brothers shipped out 25 cars of feeder calves to various corn belt feeders.

The remarkable feature of these calves was their unusual size. One lot of steers averaged 510 pounds, one lot of steer and heifer calves averaged 467 pounds, and it is said that the entire shipment will be in fine shape for putting on weight rapidly when they reach their destination.

LAMESA

Dawson County Journal.

Ira Smith and Walter Barfoot sold their stock in the First State bank last Thursday to W. V. P. Baker. The consideration was more than \$54,000 cash, being one of the largest bank deals consummated in West Texas in quite a while. Mr. Smith and Mr. Barfoot sold all their interest and are no longer connected with that bank.

The grand jury adjourned after finding twenty-four true bills, only four of which were for misdemeanors. The case of young Pittman, charged with violating the booze law, was disposed of, resulting in a five year suspended sentence. Judge Spencer returned to his home in Lubbock Tuesday.

Work is now under way on the waterworks and sewer system. The contractor has posted a notice for men wanted on the job.

Our fair exhibit was taken to Lubbock for the South Plains Fair, and from there will go to Dallas for the State Fair.

While on the way down town from the school house last Friday afternoon, Gladys, the 12 year old daughter of Rev. and Mrs. I. A. Smith, was struck by an auto and seriously injured, her right leg being fractured. Another girl, Fannie Belle Williams, was also knocked down by the car, but escaped with a few bruises. It was an accident pure and simple, no blame being attached to the one driving the car.

The Lubbock boosters were here last Thursday in full force and advertised the South Plains Fair. They were a jolly bunch and we were glad to have them with us. The "Home Brew" Quartette was a big feature.

SEMINOLE

The Sentinel

T. A. Cartwright, a prominent farmer, living about two miles west of Seagraves, shot another citizen of that community, C. H. Smith, about noon in front of the residence of G. N. Turner. It is rumored that these two men had been having trouble for some time past, Cartwright having made insults toward Smith's family. The two men met at the above-named place. Cartwright supposedly was enroute home from town, was walking, while Smith was riding horseback. It is also rumored that they had an argument immediately before the shooting, however, so far as we are able to learn, there were no eyewitnesses to the affray. Cartwright emptied a 32 caliber Colt's automatic pistol at Smith, one bullet taking effect near the heart, one through his left wrist, and one in his left lower limb, just above the knee. The horse received three bullet wounds. Upon being shot the horse turned toward town at a fast run, going down the main street and turned north at the corner of the hotel building, and it was at this point that Smith fell from the saddle. He was picked up and placed on the porch at the hotel, where medical aid was given, and later was carried to the warehouse of the Peoples' Mercantile Co., where at 1:48 p. m. he died. We understand that Mr. Cartwright followed him down the street, walked up to where Smith was lying on the porch and told those near that he was responsible for the condition of the man, that he was for 4 to protect his home in doing the act, and that he was ready to surrender to the proper authorities. He was brought to Seminole Sunday afternoon, and on Monday afternoon an examining trial was had before justice of the peace, Lane Barton. A. L. Duff, county attorney, represented the State, and G. E. Lockhart the defendant. He was granted bond in the amount of \$5,000 for his appearance before the Gaines county grand jury, which convenes Monday, October 2. The remains of Smith were buried Monday afternoon at 2 o'clock in the Seagraves cemetery. A deal was closed this week whereby Pittman Brothers, local merchants, sold their stock of groceries to R. M. Halley, who recently moved here from Ireland, Texas. Mr. Halley will take over this stock on October 1. Pittman Brothers will retain their stock of dry goods and expect to center on this line, and will add to their present stock a complete assortment of all goods carried.

PLAINVIEW

The News.

Lee Kimble has bought half interest of Gus Otto in the Busy Bee Cafe, and he and the other owner, A. H. Morrison, are now conducting it. Mr. Kimble used to be in the restaurant business here, but several years ago sold out and moved to Missouri. He is well experienced in the business.

The second bale of cotton for this season, received in Plainview, week before last, was brought in by Price and Russell, the land agents. They are parading around now claiming to be farmers. It is not stated whether they grew it themselves or by proxy. Federal Grain Inspector, J. B. Wallace, says that there will be very little of the sorghum grains shipped out of the Plainview country this season due to the shortage of the

crop. He emphasizes the need of farmers storing their maize this year and not shipping anticipating a rather rapid increase in price during the winter months.

Last week G. W. Hill of Plainview was seriously injured by the explosion of a gun while visiting his daughter, Mrs. C. W. Giles, at Nacoma, in North Texas. The gun was blown to pieces, a piece flying back and striking him in the face, crushing a cheek bone. He was taken to a sanitarium.

G. R. Scott, formerly editor of the Hale Center Record, is now State Inspector of Weights and Measures. Last week he followed a number of drivers of ice wagons, and re-weighed the ice they sold. He found seven of them giving short weights—35 pounds for 50 pounds, 52 for 75 pounds, showing some of the short weights—and he filed complaints against them. They plead guilty and each paid a fine of \$10 and costs.

The E. T. Coleman Co., with a capital stock of \$20,000, has been chartered by the State, and will do a general coal, lumber and feed business in Plainview, succeeding the present firm of E. T. Coleman coal and grain. A lumber yard will be added. The incorporators are E. T. Coleman, M. R. Coleman and Capt. G. W. Tandy. The latter lived in Plainview for many years, but is now retired and makes his home on the Gulf Coast. Mr. Coleman before coming to Plainview was connected with a lumber company and managed saw mills in East Texas.

In county court yesterday the cases of assault against Guy Speed and Otto Johnson were dismissed "for want of prosecution." These cases grew out of the Ku Klux parade in Plainview the latter part of March. In the case of Robert Nicholson vs. Thos. Gibbs, involving a shipment of Sudan seed, the jury gave a verdict in favor of Gibbs. An interesting case was that of W. H. Rogers vs. Ray Young. It was a suit for \$125 damages, it being alleged that Young shot and killed a mule belonging to Rogers. Young's defense was that the mule had the bad habit of breaking through fences and trespassing on his land. The jury gave Rogers a judgment for \$117.50.

A very sad death was that of Mrs. Josephine Horstman, wife of Albert Horstman, who died Sunday afternoon at 2:45 from cancer of the stomach and liver. She had been an invalid for eight months, and had undergone two surgical operations.

RICHARD LLOYD JONES SAYS WE NEED MORE BURBANKS

The boy in school fifty years ago looking upon the map of the United States in his geography found the vast territory between the Pacific Coast states and the Missouri River designated as the Great American Desert.

Since that time the surveyor has clearly defined the state lines, and into these states hundreds of thousands of brave people have pioneered.

There today great cities stand, sky scrapers pierce the sky, the hammer is heard, business thrives, the parched lands are kissed with irrigation ditches that drain the glaciers' melting flow and spread bounty and prosperity into the lap of an aggressively progressive people.

On that desert lay the great Burbank lives. From out that hopeless wilderness he brought forth fruits that have been the wonder of the world.

Daniel Webster was a wise man. But amazement would make him wiser were he alive today. On the floor of the United States Senate

he opposed the acquisition of the Oregon territory because he said, "You cannot roll a wheel out there."

Soon after Daniel made his declaration a fellow by the name of Whitman rolled a wheel out there. On his wheel Whitman laid a load of apple tree roots. With them he planted out there what have grown to be the greatest apple orchards in the world.

The changed map has taught anew the old lesson that all things are possible to the men who deny defeat to the men who dare.

Twenty years ago we used to speak of undeveloped sections as the "last west." As we have closed in on these unsettled places we found the new east.

While developing ways to fertile fields in what was once the desolate desert we learned much. Now abandoned farms in New York and New England are attracting the college trained agriculturists of the West. The Carolinas and the Southern States about them are revealing farms that lure the Iowa, than whom there is no latter farmer known. Florida, long looked upon as a tangled mass of semi-tropical verdure, is proving to be a matchless garden spot. Good land is everywhere.

Our agricultural colleges are turning out engineers to irrigate and drain; chemists who teach us how to replenish the soil; agronomists who tell us how to grow better grain and captains of commerce who show us how to make a better product, pack and find a better market. These colleges are changing farming from drudgery to a scientific profession. Lincoln said, "I always plucked the thistle and planted a flower wherever I thought a flower would grow."

Give us more Burbanks; give us more scientifically trained men, and we have land enough in the United States to feed and clothe all the people in the whole wide world.

Well Near Colorado Flowing Big Amount Of Salt Water

Colorado, Texas, Sept. 26.—Badgett No. 1 of the Mitchell County Oil Corporation, fourteen miles northwest of Colorado, which blew in a salt gusher Sunday afternoon, continues to produce 10,000 barrels of strong salt solution every twenty-four hours. The solution is very thick and is being thrown thirty-five to forty-five feet above the crown block. The roar of the well is heard more than a mile and is plainly seen six miles away. Fifteen acres of land surrounding the well and all vegetation in the vicinity is covered with salt, resembling a huge snowstorm.

Oil men here claim the well's a mystery. It is the first of its kind known to local operators. The salt gusher was drilled in at 1,100 feet. It was producing strong gas at 1,050 feet last week. Several hundred autos drove to the well today.

REV. SENSABAUGH HERE WEDNESDAY ON BUSINESS

Rev. O. F. Sensabaugh, presiding elder of the Cisco District Methodist church, was here Wednesday looking after business matters and visiting his son Oscar. Rev. Sensabaugh is well known throughout the west, and has property in this county.

Don't fail to read the Avalanche.

"The Bank for Everybody"

ROUP, COLDS AND SOREHEAD IN POULTRY

(By F. W. Kazmeier, Poultry Husbandman, A. & M. College)

At this time of the year throughout all section of Texas, in nearly all

flocks, colds of various forms are making their appearance. In those flocks not now affected, owners can well afford to be on the lookout for this disease. The fall rains and damp weather are sure to develop these troubles and diseases, and for this reason it is well to be on the lookout for them, and, to make the necessary preparations.

In connection with any and all poultry diseases it is well to remember that it is much more practical to prevent the disease than to try to cure it. At the same time it is also true that some times it is impossible to do that. Some diseases seem to be so persistent and common that it is extremely difficult to prevent them. Of the difficult diseases to prevent are colds and its allied diseases and troubles.

We do not believe in laying in a large supply of patent medicine and sure cures for all kinds of poultry ailments. We do believe it is wise to keep on hand a few reliable drugs as epsom salts, castor-oil, tincture of iron, potash permanganate (chemically pure) calomel, quinine, and one or two others. Some of the

advertised roup and cold remedies are also very good.

In this article we shall discuss the diseases chiefly that affect the respiratory system and are very common at this time of the year. We would make no mistake if we would call them colds. True roup, colds, sore-head and kindred ailments are in some respects different, yet the treatment is more or less alike. They have a good relationship, and the practical poultryman gets after them before they have developed too far. Common colds, not always but frequently develop in roup if allowed to develop unchecked.

Poultry keepers will find it worth while to read this article very carefully, because this disease, at the time this article is being published, is causing a total loss in Texas among chickens of many hundreds of thousands of dollars. Chickens affected with colds, stop laying, do not grow, in other words they are a dead loss, not to say nothing of the mortality.

Common Sense.

Fowls affected with lice or both lice and mites are much more apt to contract colds. The lice affect their vitality in such a way that they are not able to throw off the disease.

Undernourished fowls are also more subject to the disease. For this reason well fed flocks are not so badly affected, and when they contract the disease they are able to get over it quicker. Feed the fowls liberally of a well balanced ration. Remember that just corn is not a balanced ration.

Crowding is perhaps one of the greatest causes, it is especially so in the case of backyard flocks. Many backyard flocks at this time of the year are too crowded. Go thru the flock very carefully and remove all culls, such as those that are too old, weak, surplus males, stunted and off-colored individuals. Get rid of all of this stock now, if you have not already done so.

Crowding in the houses is very bad, especially in the fall of the year. While they are on the roosts they should have plenty of room. The roosts should be located where the occupants will be sure to have worlds of fresh air. Each fowl should have at least three square feet of floor space and nine inches of roosting space. Crowding on the ground is even more detrimental than crowding in the houses. The more ground space the chickens have the better they will do. The more they are crowded on the ground the more trouble with all kinds of poultry diseases. Backyard flocks should be allowed not less than 30 square feet of yard room per fowl and more is better. Farm flocks should be allowed about one acre to every 250 hens, altho they may be more crowded without very bad results.

Allowing the fowls to roost on the floors of the coop or worse on the ground is a sure cause of colds. It will only be a question of time before they will show signs of the disease.

Filthy quarters are also common causes. The houses and yards should be kept clean. Get in that back yard and clean up the old pieces of boards, wood, empty cans, weeds and other trash. Spade the ground and sprinkle with lime, and if possible keep growing vegetation.

Lack of green food for the chickens is another common cause. Be sure and feed them all they can eat.

If all other ways of providing green-food fail, resort to sprouting oats. Fowls with plenty of greenfood are in a healthy condition and hence they are better fitted to withstand the disease.

Improper ventilation is perhaps one of the greatest causes of all kinds of cold and roup. Too few people appreciate the importance of plenty of fresh air for chickens day and night. A lack of fresh air is sure to cause colds. Closing the houses up too tight at night is very bad and sure to cause serious trouble. We have found that a lack of fresh air at night will cause trouble in a few days, some times the birds will catch cold over night. To prevent all this we recommend openings for ventilation on all four sides of the hen house. These openings must be large enough so they will answer the purpose. Whenever a hen house smells close and stuffy in the morning it is too poorly ventilated. In the fall and summer drafts are not injurious, but late in the fall and winter or on cold days the opening on the north, east and west ends should be closed to prevent drafts. The opening in the south should be not less than one-half of the entire front and should be kept open all the year including winter, even on cold days, in any part of Texas.

We have taken considerable space to discuss the cause of the group of diseases affecting the respiratory system more commonly known as colds and roup. Readers are urged to remove any or all of these causes if they exist, before it is too late. The CAUSE is the big factor to get under control if you wish to be successful in controlling poultry diseases. Remember, first locate the cause and then remove it. This is all important.

Treatments.

In discussing treatment we shall first devote space to treatment for entire flock both as a cure and as a preventive. We have found that very practical. To cure colds one of the first things to do is to clean out the digestive system, and the best way of doing this is by feeding epsom salts. The dose is one teaspoonful of epsom salts per fowl. It may be given dry in the dry mash mixture or it may be dissolved in water and used to make a moist mixture and fed to the fowls. A good way is to measure out the required amount of epsom salts, dissolve it in a small amount of water, and then mix the water with about the amount of dry mash they will consume in five minutes. Place it on boards or in troughs so all can help themselves. Repeat this about once every three days until they appear to show signs of improvement, but not for more than two weeks. This is a good treatment for colds, roup or sore-head.

For disinfecting the drinking water, dissolve as much potassium permanganate as will remain on the surface of a ten cent piece in one gallon of water. This solution should be used for drinking purposes and should be kept before the fowls for several days.

The inside of house and all drinking vessels and feed dishes should be cleaned, scalded and disinfected with a 5 per cent solution of crude carbolic acid in water, applied with a fine mist sprayer.

We have also found it well to disinfect the heads and necks of every

fowl, with the following mixture: Equal parts of water and kerosene and 10 per cent of some coal tar disinfectant like Kresol or Zenoleum. These may be purchased in any drug store. The mixture must be applied with a fine mist sprayer. Spray their heads and necks, also the entire inside of house and litter. Use it liberally until the odor of the disinfectant is strong inside the house. Spray in the morning, on a sunny day, before the fowls have come off

the roosts.

Roup
The first thing to do in any of these diseases is to isolate all infected individuals at once. Place in a dry and well ventilated room with plenty of fresh air. The eyes and mouth should be washed with warm water containing one teaspoonful of common salt to the quart of water. This may be applied with absorbant cotton, at the same time removing as much of the mucus as possible. Next dip the head in the following solution once a day, until they show signs of improvement: 2 per cent solution of potash permanganate.

Canker
This disease is closely associated with roup, and is some times called diphtheria roup. We have found the following one of the most satisfactory individual treatments: Sprinkle sulphur or chloride of potash on the mouth and throat.

Chicken Pox
Give flock treatment previously described in detail and the following individual treatment: Give local applications of carbolated vaseline after which the crust may be removed and the sores painted with tincture of iodine. Another remedy that has proven very satisfactory is that of mixing 5 pounds of sulphur to each 100 pounds of dry mash.

Special Treatment
In some cases of colds we have found it well to give each affected bird three tablespoons full of castor oil, once a day, about twice a week. We have also given 2-12 grains of quinine to break up colds.

EXECUTOR'S NOTICE

THE STATE OF TEXAS,
County of Lubbock.
To those indebted to or holding claims against the estate of R. H. Lowrey, deceased:
The undersigned having been duly appointed executors of the estate of R. H. Lowrey, deceased, by the County Court of Lubbock County, Texas, on the 21st day of July, 1922, during the regular term thereof, hereby notify all persons indebted to said estate to come forward to make settlement, and those having claims against the said estate to present them to Mrs. S. E. Lowrey or W. S. Posey, within the time prescribed by law, at their residences in Lubbock, Lubbock County, Texas, where they receive their mail.
Witness our hands this 9th day of September, A. D. 1922.
Mrs. S. E. Lowrey,
R. L. Lowrey,
W. S. Posey,
Executors of the estate of R. H. Lowrey, deceased. 57-8

JURY IN TRIAL OF MRS. FLANAGAN NOT YET REPORTED

No Report had been made up to 2:30 Friday afternoon by the jury in the case of Mrs. Lila Flanagan, charged by indictment with the murder of her husband, I. D. Flanagan, at Tuscola last July 15. The case was given to the jury early Thursday night, two days being required to try the case.
There was no indication as to how the jury stood as they had not yet made a report.—Sweetwater Reporter.

THE LUBBOCK AVALANCHE

Published Every Tuesday and Friday by THE AVALANCHE PUBLISHING CO. (Incorporated)

JAS. L. DOW, Editor and General Manager; Neal Douglass, Jr., City Editor; J. E. Griffith, Advertising Manager

Entered at the Postoffice at Lubbock, Texas for transmission thru the mails as second class matter.

Subscription Price Per Year \$2.00

NOTICE—It is not the intention of the Avalanche to cast reflection upon the character of anyone, knowingly and if through error we should, the management will appreciate having our attention called to same, and will gladly correct any erroneous statement made.

THINGS TO REMEMBER

Advertisers, contributors and all parties interested in the Avalanche please remember these things: We print the Tuesday Avalanche on Monday, press hour, 3:30 p. m. Friday Avalanche on Thursdays, press hour 3:30 p. m. Please have copy for local notices in not later than noon Mondays and Thursdays. Ad changes and copy should not be later than 8:00 a. m., Mondays and Thursdays. It takes a schedule like this to get your ads in the paper in good shape, and helps us give our readers better service, which means that the paper will be of better service to you, which we earnestly desire it to be. We do not want to be exacting but we must demand some things of you, if you expect us to come up to the notch.

UP AND DOING

Are you taking part in the "Careful Crossing" campaign? You have seen the posters and when you looked at the pictures of that motoring party about to be struck by a fast train, you have imagined something of the horrors attendant upon such disasters. Maybe you will ask how you can assist in impressing upon the public the necessity of using greater caution at the railroad crossings. There are several things you can do—all of them quite simple and elementary in character. First of all, if you drive a car, you can be an example of what a careful driver should do. There are times and places where haste is necessary and commendable, but it is important to remember that circumstances alter cases. You may be driving somewhere on an errand that is pressing, but whatever the business may be, the need of hurrying is only zero compared with the safety of yourself and your passengers at the railroad grade crossings. Most times, when you have to cross the track there is no train near enough to make a hazard. Vigilance is necessary—every time, and the very occasion when you relax your vigilance may prove fatal to you. That is the way those crossing casualties happen. Read the papers and inquire of the witnesses of crossing catastrophes and you will find that if there had been reasonable care exercised by drivers, they would have been alive today. Talk about the posters and spread the news that at last people of this country are aroused and determined to make it decidedly unfashionable to risk human lives at railroad crossings. There are drivers, not a small number of them, who are adopting the habit of stopping a safe distance back from the track until the train passes. This is a fine idea and often saves the engineer a lot of worry and anxiety. It takes but a minute to stop and when you do stop and look for approaching trains when you are near a grade crossing, you are doing so in the interest of your own life and the lives of those who may be riding with you in the car. Safety first rule should always be applied when approaching the grade crossing. Cross Crossings Cautiously! Play Safe! It Pays.

The same principles that are laid down in the above regarding crossings of railroads should also apply to the people who drive cars on the public streets. There is much danger of smashups on the streets when auto drivers do not use the necessary precautions regarding the way they handle their cars. You are just as much a murderer if you dash through town and run over some one and kill them as you would be to deliberately drive through town and shoot some one down with a rifle or six shooter. Let this soak into your head and be more careful in the future. Keep a clear record of never having hurt anyone by reckless driving, and it will be one worth while.

BROWNFIELD

The Herald.

Brownfield now boasts of a bakery that is second to none. A real, sure enough bakery. There are plenty of them that are larger, but none has ours skinned when it comes to producing quality bread. Compare it anyway you want to with the shipped in variety; it will more than meet the test.

When we say that Brownfield has one of the strongest law firms now on the Plains, we mean no reflection whatever on any of the several lawyers here, for we have some good ones, but with the formation of partnership between Hon. O. W. Gillespie, of Fort Worth, and former Congressman of the 12th district, and Joe J. McGowan, of this city, one of the most promising young lawyers of this part of the state, there has been consummated a partnership that is the equal of the best in cities many times the size of Brownfield. We are very sorry to report that the little son of Mr. and Mrs. Charley Osborne was severely burned one day this week. It seems that they had neglected to put out the fire in the yard, and the little fellow ran into the hot ashes. A physician was hurriedly called and dressed the feet, but he is afraid the little one will lose one or two toes. The skin on the bottom of the feet all came off.

The lady members of the Church of Christ met at the Stricklin home Wednesday of this week and pieced several quilts for the Canadian Orphan Home, and served dinner cafeteria style to the men folks that come. They had their regular mid-week Bible study at the regular

THOUSANDS SEE THE FAIR

One noticeable feature, as well as a most commendable one, of the fair is the splendid order with which it is being handled. The traffic department is certainly maintaining a splendid system, and keeping things moving in a way that indicates that no mistakes have been made in the selection of men to handle the traffic during the fair. The streets are packed and jammed and the fair grounds is a mass of humanity, automobiles, etc., and still everything is moving about with perfect ease, and not a single accident has been reported to date. The big crowd is orderly, and not a single instance of rowdiness has been seen. The people are here in great numbers, but they are on their very best behavior. They are enjoying their visit to the South Plains Fair, and there is plenty of entertainment for everybody. The fair is indeed a big show. It is growing every year. It seems like it is double that of last year, and there is nothing but praise heard of the manner in which it is being conducted. The old pessimist who sat back and howled "it can't be did" has not been seen since the fair opened, and we are sure will not show his head again till something else comes up that he thinks he might kill by his chilly words. However, he has a dreadful life in Lubbock, and indeed, we scarcely see how he exists in a place as full of pep and community spirit as Lubbock. The South Plains Fair is the greatest success of the Plains this year. It is the biggest one held, and the number of people who will attend will far surpass any previous fair, or any fair in this section.

SOME UNFAIR PUBLICITY

Lubbock, Sept. 25.—Two frame business houses on west side of the square were totally destroyed by fire here Saturday evening, including a loss of several thousand dollars, with only five hundred dollars insurance. The building was occupied by a cafe and general merchandise store. Quick work on the part of the volunteer fire department saved the destruction of the entire block. The above news item has appeared in nearly every daily newspaper in the State, which is absolutely false. There has been no fire in Lubbock, and especially in a frame building on the west side of the square in this city. As a matter of fact there is not a frame building on the west side of the square in Lubbock. They are all good, substantial brick buildings and to people who do not know better this report is received as true and damaging in its nature.

Fellows from the one crop sections of the State are seeing the fair with much interest this week. They see very plainly that the South Plains' style of diversifying is the system, and are either going to find some way of changing things up at home or moving where this is practical. Diversification has made possible the best fair ever seen on the Plains, and it is making possible bank accounts instead of demands for loans to buy supplies for the family and to buy feed for the work stock. The showing that the South Plains Counties are making at the fair is convincing to anyone, and even if a fellow comes here a foot thick with prejudice, he has to admit that this is the most favored section of the State.

Lubbock High School football team is lining up for a fine record again this year. They made a fine record last year, and it is stated that the team for this season is even stronger than last, and are in line with a determination to win. They have put in some good practice, and will no doubt be in the front line when the season closes. Watch the Lubbock foot ball team, and boost them at every line. They are winners, we are sure, but will win much easier when they know they have the backing of the home town.

With our gins all running full blast, and with the people of this country producing worlds of poultry, and cream, butter, eggs and pork, there is every indication that the people of this part of the country are going to be on independence street this winter.

Lubbock is getting the strong endorsement of the entire South Plains as the fair city of the South Plains. That the fair continues to grow every year is a sure indication that it is a very live institution.

of products. Next week, perhaps the premium list shall have been handed in and the Herald will print them. A good number of people attended, especially on Saturday, and all seemed to be well pleased. The show put on by the American Legion Saturday night was especially well attended, they having to give three shows to accommodate the crowd.

TAHOKA

Crouch-Barnett Miss Margaret Barnett and William Jacobs Crouch were united in marriage September 24, 1882 in McLennan county, Texas. Celebrating their fortieth anniversary, Sunday, they invited a few of their friends to partake of a most sumptuous dinner at their home in east Tahoka.

All the children were present with the exception of Mrs. McDaniel and Mrs. Clay-Hughes, the former of whom is residing in Arizona and the latter, spent the day in Brownfield. Those present were Mrs. Joe Nevels and children, Mr. and Mrs. Ovid Eddle and son, Mr. and Mrs. Alec Lullain, Curtis Crouch and family, Herman, Clarence, Velma Crouch, Messrs. and Mesdames A. L. Jones, E. N. Weathers, J. M. Doshier, R. B. Haynes and daughter Junny. The many friends of Mr. and Mrs. Crouch hope they will live to see many more wedding anniversaries. Following is a report of the number of bales of cotton ginned in Lynn county, up to Wednesday night, September 27: O'Donnell, 750; Tahoka, 489; Grassland, 480; Wilson, 222; total 1881 bales.

"The Best Time to Fight a Fire Is Before It Happens."

PARENTS AS EDUCATORS

The Desire to Please (By Minerva Hunter)

The telephone gave a sharp ring. Mrs. Kent lifted the receiver and her old schoolmate heard this one-sided conversation: "Yes, this is Mrs. Kent." "All right, Mrs. Kent." "He did!" "We'll have it replaced today, Mrs. Kent. I cannot tell you how sorry I am that it happened." "Have you sent him home?" "As if in answer to her question the side door opened and Hilman went to his room.

Half an hour later when he had departed for his father's office, Mrs. Kent sat down beside her guest. "I suppose you have a pretty good idea what has happened," she remarked with a rueful smile.

"I should say that Hilman broke a window," "Exactly," exclaimed his mother. "That is the second he has broken this vacation. We made him pay for the first out of his savings, and thought that lesson would be enough, but he has done it again. Why do boys enjoy destroying things? Tell me, Susan."

"I hardly think Hilman enjoyed it. I heard his explanation and it seemed to me he disliked every minute of the rock throwing because his first experience told him he was likely to break a window."

"Yes, I gathered that from what he said," the mother agreed, "but he went on playing just the same. Sometimes I lose all patience with Hilman. If you can think of some explanation that will give me sympathy for him, Susan, please tell me what it is."

"Even if it brings you up to criticism?" Susan's eyes twinkled. "Yes," Mrs. Kent consented. "It may be if I can criticize myself I can understand Hilman better."

"I remember that when you were much older than Hilman you were destructive in a far more serious way than he."

"How?" gasped Mrs. Kent. "When I knew you at boarding school we attended many mid-night sessions together. Salmon salad."

"Oh," shuddered Mrs. Kent. "As I was saying, salmon salad was the chief dish at all these revels. You knew it would make you sick, but still you never refused to eat it."

"Pray, wise friend, what has salmon salad to do with broken windows?" "Salmon salad injured your digestion, a broken window injures a house. I had rather break a window than ruin my digestion."

"It is more sensible," Mrs. Kent agreed, "but you see I almost had to eat salmon salad. The girls never would have understood if I hadn't. Why, I believe they would have hated me."

"I gathered from what Hilman said that was the trouble in his case."

"What?" "A desire to please and be understood."

"Yes?" questioned the mother. "When all the other boys threw rocks at the tin sign on Mrs. Dake's garage, Hilman could not endure being different and risking being misunderstood. He wanted to be pleasant and friendly and agreeable."

"You are right," Mrs. Kent nodded, "and now that you have discovered the cause, can you prescribe a cure?" "Of course Hilman should not break windows. Make him pay for every destructive act, just as you are now doing, but remember that he is a human being and dislikes being different and for that reason he is likely to follow the crowd even when he knows better. He is going through a trying time in his effort to adjust himself to the ways of the world. The desire to please is commendable; not for anything would you have him rude or unpleasant. Grown people cannot always tell where the line is drawn between politeness and destructiveness. Deal firmly with Hilman, but always remember that this sin is really an over-worked virtue."

LAMESA

The Journal.

Mr. and Mrs. James B. Reed and two children of Lubbock have moved to Lamesa. Mr. Reed has accepted a position as bookkeeper in them to Lamesa.

When the new school building was the First State Bank. We welcome being erected, many of our people thought the building was entirely too large—that for many years to come attendance would not justify so large a building. Look at it today. The attendance is rapidly nearing the 600 mark, and the rooms are crowded. We may just as well begin now to make plans for another building. We need it. The interests of our children must not be neglected.

District Court has adjourned. The docket was the lightest in the history of the county. Only one criminal case was tried. This was a young man charged with horse theft, and resulted in acquittal. The grand jury is still in session at this writing—Thursday morning.

Public Weigher Bennett reports 1,550 bales weighed up to noon Thursday, with the fleecy staple coming in steadily.

Married—September 20th, at the home of Geo. Cachran, Elmer D. Sipes and Miss Mary Belle Brown, Rev. L. A. Smith officiating. Work is being pushed on the Nix building. Mr. Shaw's building will soon be ready for occupancy. Work on the cement building and the one on the east side is progressing rapidly.

F. M. Williams of Sterling City, is here visiting his brother-in-law, L. F. Kennedy and family. T. A. Kellam has bought the Hutchins house from Jasper Morrow, and will move as soon as Jasper vacates. T. F. Oliver sold a bale of cotton

for the Grandview church on Tuesday to pay the preacher's salary. It brought 21 cents per pound. A piece of ground was rented and the church members worked and picked it.

Harley Sadler, leading man and half owner of Brunks Comedians, last week purchased the farm of J. W. Riley, two miles west of Fairview. Mr. Sadler has rented the place for another year and will make several improvements on the buildings. We consider this a compliment to this country since Mr. Sadler travels all over West Texas and Oklahoma and favors Dawson county investment here. We welcome him by buying and hope the day may come when Mr. Sadler will make this farm his home. He is a fine character and stands for the very best in everything.

Lamesa has weighed 2700 bales of cotton up to time of going to press. The market has run from 19 to 20 cents.

A petition is being circulated to assist in erecting a 27-room hotel at a point already selected, and which will be given the public as soon as final arrangements are completed.

On Friday evening the Big Spring football team came over and tried out Lamesa team for this season, resulting in a score of 6 to 0 for Big Spring. They had quite an interesting game, so reported by our assistant editor.

On last Friday evening the public school, at recess, decided to march to the fair under the supervision of the faculty and enroute to town J. Taylor was coming in from a side street, and encountered the line of march, sowed down his car and attempted to allow the line to cross the street, and when they all seemed to be about across, he attempted to come in behind them and two little girls, dodging or attempting to dodge the car, ran in front of it, resulting in Gladys Smith, the 11 year old daughter of Rev. L. A. Smith, pastor of the Methodist church, being run down and one limb broken between the thigh and knee. Fannie Belle Williams was also knocked down. In conversation with Bro. Smith, he relieves Mr. Taylor of any blame in the matter. He did all he could to prevent the accident. Little Miss Gladys is doing nicely and Mr. Taylor has generously offered to pay all expenses.

WATCH YOUR STEPS—WHY MINCE YOUR WORDS?

What would you say to a man who showed complete willingness to risk the loss of his life? Suppose, for instance, he were one of those misguided folks who think it sportmanlike to attempt to beat a train over a railroad crossing. Well, it is possible he might think you were interfering with his personal affairs when you criticized him; but at the same time he could not fail to realize that you had no axe to grind and that you were acting for his benefit. Now, let's suppose another case. If you were out riding with that same person and he took chances at a crossing, you would be strictly within your rights in telling him your opinion of him. Here is a little suggestion of what you might say provided you didn't think of something better.

"Now, Mr. Scoundrel, I have heard you spoken of as a man who takes big risks at railroad crossings. I noticed you one day running a chance that I wouldn't take for a thousand dollars. I didn't remonstrate with you, for I thought you might retort that it was your own life you risked. You told another man so one day. Now things are different. You asked me to ride in

your car. Very kind of you. I accepted with thanks. When we drove near the crossing, I touched your arm and said, 'Wait till that train passes before you try to cross.' You made no reply but stepped on the gas. More by luck than anything else, you got across just in time to save our two lives from destruction. The engineer was leaning out of his window and the fireman was in the gangway. Evidently both thought it a likely case for the coroner. You are foolish to do such things, when alone, but when you have a helpless passenger in the car with you, I call the act a criminal one. I mean what I say and I won't mince my words just for the sake of being polite. Politeness! Nix, no siree! I'd rather be pushed into a deep river with my overcoat on than to be hustled across a railroad track, right in the face of an approaching train. Watch your step or the grave-digger will be taking some measurements in your cemetery lot.

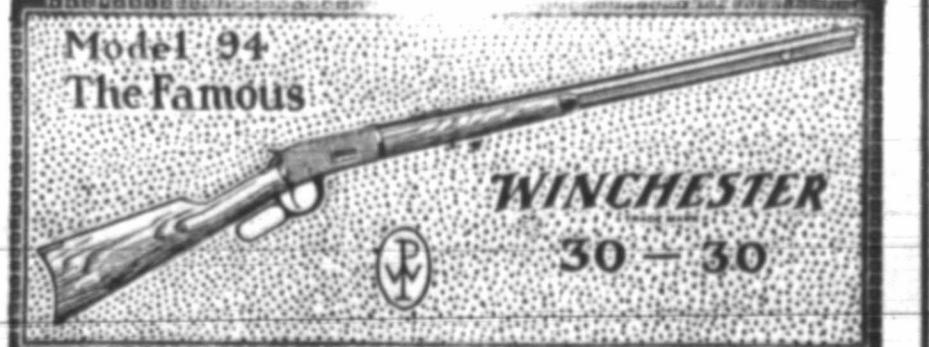

E. J. Moresuth, of the Meredith Land Company, accompanied by Mr. and Mrs. Jake H. Jostler and Mrs. Cam Perrin, went to Carlsbad, Roswell and other places in New Mexico last week, returning Monday evening.

"The Best Time to Fight a Fire Is Before It Happens."

WANTED—Clean cotton rags. Bring them to the Avalanche and get the cash for them. 51-17

Model 94 The Famous WINCHESTER 30-30 Here is the Winchester Model 94, known everywhere among hunters as the Winchester 30-30. Used by sportsmen the world over, during the last twenty-five years, this famous rifle has probably brought down more deer than any other gun made. The barrel is proved by exacting Winchester tests for strength and accuracy. The lever action is rapid and sure. Model 94 is chambered for any of five cartridges, including the famous .30 Winchester and .32 Winchester special which are standard for deer and big game. Come in and get the "feel" of this and other Winchester guns.

Ribble of Lubbock, with 6 pair. Guinea Pigs: Best pair, Miss Gladys Harkey of Lubbock; best display, Miss Harkey. Friday Extra: Amariyllis Flour Booth in Agricultural Building. The Great Western Mill & Elevator Company, of Amarillo, makers of Amariyllis flour, is well represented at the great fair here, as the salesman, Mr. S. P. Smith, has a splendid booth in the Agricultural Building, which is attracting much attention. The Hodges Brothers Mercantile Company, local dealers handling Amariyllis flour, are also interested in the booth, and have souvenirs for the visitors. Garza County is Well Presented At The Fair. In yesterday's issue of the Avalanche we gave an account of those who were here with the various community, individual and county booths, and in the write-up failed to mention that the Garza county booth was in the showing. This leave out was due to the fact that the Garza exhibits were delayed on the road, and the sign above the booth was not put out until we had completed the write-up of the exhibits. Messrs. George Samson and G. N. Lagrott, of Post City, arrived in Lubbock Friday, but were helpless insofar as arranging the booth was concerned on account of a delay in the shipment of the exhibits, but their being last in the showing does not indicate in any means that they are least among the exhibitors, as though the above mentioned gentlemen declare that they are here to boost Post City and Garza County and do not hope to get a prize on account of the haste with which the booth was prepared, they have one of the finest showings on the ground, and give Garza county credit for having the only exhibit of cotton shown in all states of agriculture and manufacture, as from the Post-Tex Mills and the farms of that county they have gathered the fleecy staple in forms from the opened boll to the manufactured cloth, which is indeed a great feature of the fair, and shows something of the industrial as well as the agricultural life of West Texas. Mr. Samson has also in the poultry building a showing of fine rabbits, four breeds in all, which are a credit to his knowledge of keeping them, and they are a great addition to the exhibits in that building, in that there are specimens shown there not known to a good many of those attending the fair, which naturally adds to the interest shown in that department. Industrial Building. The industrial building booths this year are bigger, better, more elaborate and attractive than ever, and if we were to be asked to feel the pulse of Lubbock we would most

certainly come in contact with that building, and look over the many displays, which show keen interest in the fair by Lubbock businessmen. At the northwest corner of the building the Avalanche and Palis Journal booth was arranged for the convenience of those who wish to renew or subscribe for the papers, a subscriber having handed the editor two dollars, and explained that he kept tab on his subscription by paying it the first day of the fair each year, which is not a bad plan by any means, and we were glad to have him again become identified with those who are helping us to continue the publication of this paper. A profusion of leather, incased in a booth walled with mono-colored saddle blankets, with the name "O. W. Jolly" made into a piece of fine leather, proves that that live business man is eager to have the visitors know that he is willing to spend a little money, time and effort to become associated with those who are making the fair a going annual event for Lubbock and the great South Plains. Mr. Jolly's display of leather is complete, everything that is made of the flexible material is shown in his booth. Occupying the center space in the north end of the building, the Western Windmill Company is located, with its revolving five-walled hanger of everything that is carried in a shelf hardware stock, which is propelled by a motor of a washing machine, which is also displayed, makes that a very interesting booth, and the rifles topping the hanger makes the hunter think of the days that shall be spent hunting through the winter, and we are sure that at that time the hunter will have something to remember about the booth at the fair. The Mueller Furnace Company, of Lubbock, occupies a well arranged booth, which demonstrates beautifully the convenience and well appearing design of furnace, which the dealer has enjoyed good fortune in installing in the homes and public buildings of this section. The Security State Bank & Trust Company's booth telling the passers-by of the loan department of that strong institution is a balm to those who need money, and it was there that the writer spent a great deal of time, and remembering the well known verse, "There's a Reason," thought that there was a possibility of someone realizing our predicament and passed on to witness the other booths that were so attractive and appealing as to make that building a splendid place to spend a great deal of time. The Texas Variety Company's booth with its many varieties of useful and toy articles, is beyond criticism, and the management of that store is to be congratulated for having taken such great interest in the display. Even though we made a visit thru the building late last night, we found Ross Edwards of the Leader Department store, with his booth, and willing to talk fair with anyone who wished to approach that subject. The Leader display is a credit to Lubbock, and we are glad to know that such men as Mr. Edwards have taken sufficient interest in the success of the fair to spend so much time and effort in perfecting the booths to the degree to which that one has reached. Beautiful dress suits for ladies and gentlemen characterize the splendid models handled by that progressive firm, were good to look at, and we are sure that both is an effective medium through which the many visitors may better acquaint themselves with that already popular West Texas store. Sam Denman is of the opinion that there is a great work to do on the South Plains in property conservation, and as he claims to be the source through which every man owning property in this section can secure adequate protection for their property against storms and fire, he was on the job with a splendid booth, displaying the placards of the many companies he represents through the Lubbock Insurance Agency. The Pierce Oil Company, local house, realizes that those who attend the fair are those with whom the company would like best to become acquainted, as a result of which a booth displaying the many advertising souvenirs of that well known Pennant Gasoline and Oils is in evidence. "Say it with Flowers," always has its appeal at any place, but nowhere have we seen that sign so well displayed as at the Lubbock Floral Company's booth, where amid an abundance of autumn brown foliage, the sign to be seen, reflecting upon which an electric light of soft, melon glow, fitting well with the general appearance of the booth, at once captivates the onlooker. The display of products of floral were well arranged, and proves to the visitors

that an industry of rare beauty is operated here. The Roche Newton Plumber Co.'s booth was characteristic of the way the workmen of that firm do things, and the modern bath room, heating plant and the beautifully painted walls gave substantiality to the entire building, and demonstrates the high quality of the fixtures sold by the Roche Newton Company. "Our Purpose: West Texas A. & M. Help Us Help You," was a glaring sign in the Kiwanis Club booth, which was artistically arranged, and the significance of that wording is great, in that the Kiwanians have among their ranks some of the most noted schoolmen in the state, and the club is spending every effort to better school conditions throughout West Texas. E. L. Law, Plumber and Wind-miller, has a substantially fixed booth, which acquainted the visitors with the new and simple methods of hot water equipment, as well as with his ability as a workman. Raymond Barrier was on the job at his booth at the east end of the building, which is a display of the materials, suits and dresses sold by the Barrier Brothers Dry Goods Company. The many people who passed the booth and expressed themselves as being well pleased with the display was gratifying indeed, and those who trade with the alert firm and are acquainted with its manager, found him at the booth every courtesy possible. The Rotary Club booth is, like the truck in the parade yesterday morning, attractive and neat, and the public-spirited members have chairs for those who would like to rest there. The Simmons Furniture & Undertaking Company's booth is typical of the way its manager, E. C. Simmons, does things, and the fine furniture that was displayed, is an commendation to that store. A part of the Roche Newton booth was also used to display a kitchen cabinet which is sold by the Simmons company. Raleigh Martin, famous for his ability as a coffee roaster, has a fine booth arranged for the Martin & Wolcott grocery, the roasting machine being shown, and is set in background of tinted walls, decorated with autumn leaves that gives the booth a unique appearance second to none anywhere. If one were to walk the streets of a large American city alongside the show windows of its most fashionable shops, and step therefrom into the booth occupied by the A. E. Conley, Jr. Dry Goods Company, the scene would be changed but little, as the window trimmers of that company have shown great skill in preparing the booth, lending substantiality to the already adorable frocks, suits and hats. J. E. Rix, manager of the Rix Furniture & Undertaking Company, was very much on the job, as a result of which two booths are there under the name of the Rix Company, one devoted to De Laval Cream Separators, and another to pianos, both of which are typical Rix designs, which attract much attention. Rix is one of the big boosters of the South Plains Fair Association and in taking two booths shows that he realizes the opportunity offered to acquaint the many visitors with the goods he handles. The McAfee Company, exclusive dealer in Indies furnishings, has a booth that appeals especially to the ladies, as the latest styles are shown, in the most attractive manner possible. The McAfee Company handles the very best line of goods available, and the booth reflects well upon the ability of members of the firm to display their goods. Darby and Willeford, grocers, retailers of Chase and Sanborns Coffees, have their booth given entirely to displaying placards, circulars, etc., advertising the brand names of which are enjoyed by the visitors. Nothing is more attractive about the entire grounds than the L. E. Hunt & Company's booth, which is arranged with the same care which Mr. Hunt arranges his windows at his store on Broadway, and the men's clothing are of the most popular and stylish makes. The Everett-Edwards Music Company, dealer in pianos and Duplex chairs, was successful in arranging the booth to successfully display the high quality of the piano and chair which make up the furniture of the booth. E. A. Morgan, manager of the W. C. Bowman Lumber Company, has what is believed to be the most expensive and beautiful booth in the building insofar as wall furnishings are concerned, as in featuring the Sheetrock building material, Mr. Morgan had the booth constructed of the board, and with white enamel woodwork, and many artistic features added, is in a class to itself. The Sheetrock materials, which are sold by Mr. Morgan's company and the Higginbotham-Bartlett Lumber Company, are used in demonstrating the fire proof features of the material by being placed before a blow torch, which is turned on the material, without doing any damage to the board other than to char the surface coating. H. L. Willeford, of the local firm of Darby and Willeford, grocers, was the lucky man in the diamond ring contest yesterday, the lucky number drawn being 734. Saturday Extra: The beginning of the last day of the South Plains Fair this morning was without any special features, as that part of the crowds that live near the city were delayed in reaching the grounds possibly because of having spent so much time there the past two days, but long before noon the largest attendance that was ever known to the fair was reported, and the enthusiasm that has been centered about the various departments seems to increase in volume as time passes. The two individual farm exhibits made by Mrs. J. B. Potts and Mrs. O. H. Akin, are a startling revelation of what can be done by a farmer in this section in the way of living at home. In these booths, seemed

tion, who, on account of urgent need of every possible hour spent in the fields harvesting and gathering the crops, left "Saturday for Fair day" with them, is more than anything else responsible for the large attendance, which eclipses all past records. Woman's Building is Center of Attraction. With curios from all parts of the states and the Orient adding greatly to the attractions in the Woman's building, a large collection of which is shown by Mr. and Mrs. O. D. Hargis, who have spent more than a half a dozen years gathering the best collection to be known in this country. Many historic manuscripts, books, periodicals, pieces of fire arms, and every conceivable article that would be valued as a souvenir of the old days are shown, and those who visit the booth are captivated by the attractiveness of this display. The Culinary Department is well arranged, and the splendid records that have been made there are wonderful indeed to know, and distinguishes the housewives of this section as being in a class to themselves in culinary achievements. Miss Helen H. Swift, district home demonstration agent, and Miss Wilkins, home demonstration agent of Dickens county, judged the articles in this department, and were loud in their praise of the ladies who are responsible for the exhibits. The Floral department is wonderful in its beauty, and shows that the ladies who have shown sufficient interest to contribute to that department have done great work in plant culture. The names of the exhibitors and the prize winners will be given in our Tuesday's issue. The large tents in which are displayed the automotive and farm implement exhibits are well filled, the Automobile department having been placed under the supervision of George Benson, of the Lubbock Auto Company, who has been successful in establishing a great show for those interested in automobiles. The Lubbock Auto Company's exhibit of Ford cars and Fordson tractors attracts a great deal of attention. The Lub-Tex Motor Company, dealers in Overland cars, has on display a sedan and touring car, which are attractive, and lend substantiality to the booth. The Lubbock Buick Company is also represented, and one of the beautiful models is shown. The Case Company of Amarillo, is displaying two attractive Case cars, four passenger sport model and a six-passenger sedan, which have received much favorable comment from those who have visited that department. The Studebaker distributors, Cullum Brothers, are displaying a beautiful five passenger touring car. The Conner Motor Company, dealer in Hudson and Essex cars, is well represented with a showing of those fine automobiles, in the very latest models manufactured. The Royalty Motor Company, local dealers in Dodge cars, has arranged a splendid display of those cars, and this booth is indeed a great medium through which the many visitors to that department may acquaint themselves with the new beautiful and attractive lines of that car.

to be everything necessary for the support of the family, and these ladies deserve great credit for their efforts. "The general exhibits, while not large, are much better than last year, both in quality and quantity. It simply goes to show what can be done, when we get after it. "One learns something each fair, if they are wide awake, and I can see a number of places in the agricultural exhibit, that I would like to see changed next year. And that is the only way to grow." Thaxton McCrummen, well known local farmer, held the lucky number in the ring contest last night. The drawing was made by a small girl, and on account of the first number being partly torn away, a second drawing was necessary, the number being 00492, a single admission ticket. The drawing was made from a possible 8,000 tickets, which number is estimated. One of the largest crowds yet seen in Lubbock was present on last night, the ground and houses being full to capacity from dark until almost midnight. SHALLOWATER GAINS CUP BY A DOUBLE FORFEIT. The Shallowater Swatters emerged victorious in the Community Baseball contest sponsored by the Fair Association during the Fair, only having to play one game for the cup. They beat Abernathy out on Thursday afternoon, and were to have met Becton Friday morning in further elimination, but for some reason unknown to us, Becton failed to make appearance, and the game was forfeited to Shallowater. Union met Carlisle Thursday afternoon and defeated them, thus throwing Union for the play-off with Shallowater Saturday, the winner of which game was to be awarded a silver trophy cup, with the name of the winners engraved on same. But it is very deplorable that certain alterations came up at the opening of the championship contest, whereby Union forfeited the game to Shallowater. The rules of the contest, as we interpret them read, in general terms: "Each contestant entering shall have deposited with the management two weeks in advance of the game, a list of players who will participate in the contest, and this list shall not be disgraced from except for unavoidable reasons; also no professional players shall be allowed to participate, the contest being strictly amateur and a community affair." It seems that Union attempted to bring in a professional pitcher for this game, refusing to play otherwise, and for this reason the game was forfeited to Shallowater. This move was very regrettable by the management, inasmuch as these

contests were to be made an annual affair, and if properly carried on is one of the best forms of amusement that can be secured, for the national sport is something that all of us are more or less interested in, and when purely amateur and community ball is played, develops a lively interest and a spirit of friendly rivalry between communities, thus increasing interest in the fair movement. A public statement from the Fair Association covering this will be found elsewhere in this issue. It is our understanding that this Trophy Cup will be put up each year on contests of this kind, and a community will have to win same for three years, not necessarily consecutive, after which the cup will be given to them permanently. We trust that this movement can be worked out satisfactory to all concerned, and certainly hope that no ill feeling has been caused by this occurrence. Union, we are looking for you next year, and hope you will come back strong, but let's enter this with a spirit of co-operation and friendliness, and all will profit alike. Your support is needed for the complete success of the South Plains Fair. Let's enter with one object, and let that object be—SUCCESS.

NOTICE OF TRUSTEES SALE OF REAL ESTATE STATE OF TEXAS, County of Lubbock. Whereas, on the first day of October, 1921, S. Lester Guinn and wife, Montie M. Guinn, did execute and deliver to C. A. Holcomb, trustee for Ellis Martin, their certain Deed of Trust upon all of lot nine, and the west one-half of lot eight, in block 42, Overton addition to the town of Lubbock, Texas, to secure the payment of one certain note executed by them to Ellis Martin for the sum of seven hundred dollars, with interest from date at the rate of eight per cent per annum, said note is dated October 1, 1921, due ten months from date and provides for 10 per cent contingent attorney fees, and whereas default has been made in the payment of said note, and whereas Ellis Martin is still the owner and holder of said note, and has requested me, the said C. A. Holcomb, to proceed to sell said property under said Deed of Trust. Now, therefore, I, C. A. Holcomb, on the 7th day of November, 1922, the same being the first Tuesday in said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. will sell said property at public auction at the courthouse door of Lubbock County, Texas, and apply the proceeds of said sale to the payment of said note and the expense of this sale. 63-4T C. A. HOLCOMB, Trustee.

Wallace Barnes and New Mexico News
Paper Man Enter Wholesale Cigar Business Here; Have Large Territory

Mr. Alvin C. White and family, and Mr. and Mrs. J. T. Teague, and Miss Nora, left Tuesday for Lubbock, Texas, where both families will reside in the future. Alvin and Miss Nora will be associated with a company establishing a wholesale cigar business at Lubbock, which will cover New Mexico and Western Texas territory with brands of cigars which will become leaders as experts here who have tested they say they are of high quality and the best they have found on the market for the prices at which they are retailed.

The aggressiveness the new firm management has shown in placing their business on the map throughout West Texas is to be appreciated by all acquainted with them, and we are sure the well known brands of cigars handled by them will become popular throughout their territory. They have made a trade with Mr. Stanton, of Stanton's Chocolate Shop who has the exclusive right to sell cigars on the fair grounds, to handle no other than the brands wholesaled by them, which will go a long way in acquainting the many users of fine cigars with the ones they sell, thereby creating a market for them in the many towns from which the visitors may come.

18 MEXICAN REBELS KILLED IN FIGHT WITH FEDERALS

El Paso, Sept. 26.—Eighteen rebels were killed in a battle last week with Federal soldiers near Los Mochis, Sinaloa, Mexico, after 100 men under the command of three disgruntled Mexicans had attacked two small towns, in the State of Sinaloa, it was learned here today.

Mr. and Mrs. W. B. Downing of Brownfield, were here on a joint visit with relatives attending the Methodist conference and seeing the fair.

They had only a short time to stay, but they were real busy all the time they were here. Their many friends were pleased to have them with them.

SAN ANGELO FOOTBALL CAPTAIN IS BURIED

San Angelo, Sept. 27.—Trametes were pall bearers this afternoon for Hugh L. "Strawberry" Young, 19, captain of this year's San Angelo High School football eleven who died last night from bronchial pneumonia.

DEBATE SUBJECTS ANNOUNCED IN LEAGUE CONTESTS

Austin, Sept. 28.—The University of Texas Interscholastic League Debates this year will be upon the following questions, according to an announcement made from the state office of the League: "Resolved, that an amendment to the Texas State Constitution should be adopted providing for a three-mill tax for the support of the State's higher educational institutions and that supplementary appropriations by the legislature should be prohibited."

BIG SPRING PLANS TO DRILL POTASH TEST

Big Spring, Sept. 27.—Plans are under way for the drilling of a test for potash in this district. Efforts are being made to get sufficient leases together in south Howard and northern Glasscock counties to justify the sinking of a test.

PIONEER OF COLEMAN COUNTY DIED WEDNESDAY

Coleman, Sept. 27.—W. B. McClellan, aged 80, pioneer citizen of Coleman county, died of heart disease at his home last night. He was vice president and director of the Coleman National Bank. The funeral services will be presided over by the Masonic Lodge Thursday afternoon.

Mayfield Nomination Declared by Republicans to Be Illegal

Austin, Sept. 27.—Formal protest against certification of the name of Earle B. Mayfield as the Democratic candidate for United States Senator, on the grounds that the Democratic primary elections at which Mayfield was nominated, were not held in accordance with the state laws, was filed with the secretary of state today by R. B. Creager, Republican state chairman. The protest upholds the legality of the nomination of George E. B. Peady as the Republican nominee. The protest declares that the Democratic primary elections were not conducted by the "duly appointed and constituted election officers" as required by an act of the legislature in 1913. It further stated that the 1912 act providing for primary elections is unconstitutional under the subsequent decisions of the State Supreme court and therefore the provisions upon which the opponents to the Republican nominee base their contentions are barred.

SLATON FARMER INSTANTLY KILLED BY RUNAWAY TEAM

Slaton, Sept. 28.—Luther Reed, farmer, living 2 miles south of Slaton, was instantly killed this morning in attempting to stop a runaway team. His wife accompanied by his brother's young girl was taking the team to the field and in passing through a gate Mrs. Reed had opened, the team became unmanageable. Reed's neck was broken. He is survived by a widow and a fourteen year old son.

PLAINVIEW HIGH WINS FROM LITTLEFIELD, 72-0

Plainview, Sept. 28.—The Plainview high school easily defeated the Littlefield high school here today, 72 to 0. The local warriors had no trouble in scoring touchdowns almost at will. See O. W. Jolly for the best grade Auto Tops. 57-1f

CARLISLE TEACHER HELPS FARMERS GATHER COTTON

On account of immediate need of gathering the cotton crop in the Carlisle community, the school was closed there Wednesday of last week and the superintendent of the school hitched himself to a cotton sack, and the three remaining days of that week, Thursday, Friday and Saturday, picked 405, 420, and 430 pounds of cotton per day, respectively, which of course had its part in alleviating the need of pickers in that vicinity. The professor was at the fair here Thursday, and told an Avalanche reporter that he regretted that the cotton crop is so short as to make a real day's picking hard to accomplish, and gave newspaper clippings from his former home, showing that from six hundred and fifty to eight hundred pounds per day had been gathered by him.

HEREFORD STEERS TOP MARKET LAST WEEK

Hereford, Sept. 27.—The top price was paid here last week when Claude Higgins purchased the entire 1922 calf crop of Jeff Gilbreath at \$36.50 for immediate delivery. This is an unusual price as calves in this section of the country are bringing \$18 to \$20. These calves were fed on alfalfa hay and given the best of attention. A great many cars of stock are being shipped from this place on account of the severe drought and the shortage of pastureage.

TWO CARLOADS OF COTTON DESTROYED

Honey Grove, Sept. 26.—A Santa Fe train which left here this afternoon at 3:45 o'clock caught fire two miles south of this city and two flat cars loaded with cotton were destroyed by fire. It is estimated that there were 200 bales of cotton on the cars. The fire originated in the fourth car from the engine, which was a flat car. Next were two box cars of cotton, which were saved.

Dr. Ferguson, in Conley Bldg., is still making those splendid fitting plates at fifteen dollars. Phone 535.

You know about the horn of plenty but the horn of too much is a man always blowing his.

Masons Will Build Chain of Hospitals in the Southwest to Cost More Than Twelve Million Dollars

El Paso, Sept. 25.—Establishment in the Southwest of a chain of sanatoriums for members of the Masonic Order suffering from tuberculosis, the enterprise to involve an estimated expenditure of \$12,500,000, and the care of 5,000 students, will be recommended as a result of the meeting here at the Paso Del Norte Hotel of the tuberculosis sanatorium commission of the Masonic lodges of Texas, Arizona and New Mexico. El Paso will probably be chosen as the site for one of the sanatoriums.

The commission will recommend the building of sanatoriums in West Texas, Arizona and Colorado.

The Texas members of the commission consist of Robert J. Newton of San Antonio, chairman; Dr. Felix P. Miller of El Paso, and Benjamin F. Berkeley of Alpine. The Arizona members are Morris Goldwater of Prescott, chairman; Dr. Nelson C. Blensoe of Bisbee, and Fred O. Goodall of Tucson.

New Mexico members are John W. Turner of Silver City, chairman; Dr. James A. Massie of Santa Fe, and Dr. R. C. Hoffman of Deming. Dr. Bledsoe and Dr. Massie were unable to be present.

To Prepare Surveys Robert J. Newton of San Antonio was elected as permanent chairman of the commission and Dr. R. C. Hoffman of Deming was named secretary.

Surveys of the actual conditions will be prepared for the Masonic organizations the country over, which are expected to cooperate with and join with the grand lodge bodies of the three States in putting the sanatorium project over.

The commission will recommend the establishment of a chain of sanatoriums around the country with a total of 5,000 beds, included in these will be the institutions to be built in Western Texas, New Mexico, Arizona and Colorado, in order to secure the benefit of the different climates and climatic conditions, instead of centering them all at one spot.

There will be one in the Asheville section of North Carolina and one will be located in the Saranac Lake region in New York, another locality famous for cures. There will also be an institution located in the Middle West, convenient to the large centers of population, and one in either North or South Dakota for the Northwest.

First Hospital for Southwest The plan is to take care of all tubercular Masons from all over the United States. The first hospital will be built in the Southwest because of the large number of Masons already awaiting treatment there.

The total estimated cost of the institutions, on a bed basis, will be \$2,500,000, or an approximate cost of \$2,500 a bed for the 5,000 beds needed. It is intended to make these hospitals the very best that can be constructed without extravagance, with every feature that enters into the safety, well being and expert care of the patients. The annual cost of operation, it is estimated, will be \$1,000 a bed, making the total cost of 5,000 beds, \$5,000,000 a year.

It will take from five to ten years to carry out this program of building. The cost will be advanced by assessments on the membership of Masonic bodies in the United States.

NORMAL ENROLLMENT SETS A NEW RECORD Canyon, Sept. 29.—At the end of the second day in matriculation in the Canyon Normal the enrollment was more than thirty per cent in advance of the corresponding date of last year. A new water mark has been set in the number of students in the regular session. Enrollment will continue through this week and first of next.

See O. W. Jolly for the best grade Auto Tops. 57-47

Peddy Makes Klan First Campaign Issue In Opening Speech

Ku Klux Klan supremacy against the supremacy of the Democratic party in Texas was the sole paramount issue injected into the forthcoming November election, when George Peddy, independent Democratic and Republican candidate for United States Senator against Earle B. Mayfield, Democratic nominee, opened his campaign in Fort Worth Monday night. He spoke at a First Baptist Church. In a lengthy speech in which he repeatedly referred to Mayfield as a Klan candidate who received his nomination solely by virtue of the power of the Klan. Peddy only at a few points diverted from that issue. He mentioned prohibition and his lifetime stand on that issue; woman's suffrage for which he led in the fight in the State Legislature; the League of Nations, which he declared the Klan could not approve under its platform of religious intolerance because it would link American Protestants with Italian Catholics; the Esch-Cummins bill which Mayfield made an issue in the primary elections, and a few others which he pronounced for the most part dead issues. He stated that he stood ready at any time to state his position on any question.

In opening his speech he gave a said that he was born on a farm in Shelby county, lost his father when two months old, and continued to live on the farm until 15, when it was necessary for him to leave home in order to finish his high school education, which he did by doing chores for a friend. He then entered the University of Texas, studied two years, returned home, taught school one year, and was elected to the Legislature and then returned to the University.

Resigned to Enter the Army He resigned from the Legislature, he said, and left college to go to war in 1917 and served 22 months a large part of the time in France and Germany. He then finished his university course and went to Houston as an attorney. He is a member of the Methodist church, he declared, and has been since 10 years of age, and all his people have been Protestants.

HEAVY CATTLE SHIPMENTS REPORTED AT STAMFORD

Stamford, Sept. 28.—Approximately 40,000 head of cattle are reaching the Kansas City markets daily, according to a communication received by the general freight agent of a West Texas trunk line. This, he says, accounts for the present scarcity of stock cars throughout this section. However, the movement in Kansas City and other Northern markets shows an easement which doubtless will reflect itself in a number of the released cars being dispatched to West Texas to take care of the numerous orders placed with the West Texas Chamber of Commerce.

At present figures indicate that some of the largest railway systems of West Texas are unable to get hold of any of their own large numbers of stock car equipment due to its being distributed on other roads.

J. B. Bacon of the Stephens-McKee-Bacon Company, local wholesaler grocers, left Wednesday for Kansas City on a business trip, from where he will go to Calliao, Mo., to visit at the home of his father, J. W. Bacon.

O. H. Hearne, groceryman of Seagraves, was here Friday transacting business, and attended the South Plains Fair.

Statements of Banks Show An Increase in Individual Deposits

The recent call for the statement of the condition of the banks brings out the figures, which shows that the condition of the banks in various places throughout the state shows a considerable increase in the deposits, and the financial condition generally is causing no concern.

Van Alstyne, Sept. 23.—An index to conditions in Van Alstyne and its trade territory is shown by the statements of the First National and Continental State Banks of Sept. 15, as compared with statements on June 15.

They show that loans have decreased \$6,110.98, with further reductions daily as crops are being marketed. Deposits have increased \$137,158.53, totaling \$317,815.30, as against \$380,656.77 in June. Resources have increased \$128,713.44, totaling \$749,215.14, as against \$620,501.70 in June.

Clarksville, Sept. 23.—Bank deposits in local banks have shown an increase of several hundred thousand dollars in the past few weeks, according to last official statements.

San Angelo, Sept. 23.—San Angelo's five banking institutions made heavy liquidations from June 30 to Sept. 15. Deposits were \$4,213,611.60, or \$392,552 less than on June 30. Just a year ago deposits were \$4,272,108.31.

Loans and discounts on Sept. 15 were \$4,802,881.72, and on June 30 were \$5,207,670.34, a decrease of \$404,788.62, indicating that liquidation was heavier by \$75,000 than the loss in deposits.

Borrowed money a year ago totaled \$1,279,150.62, while this year it was only \$645,438.79.

Bartlett, Sept. 23.—The combined deposits of the three banks of Bartlett as shown by their statements of Sept. 22, amounts to \$790,686.45. There has been quite an increase since the previous statement made, due to the great amount of cotton sold in the last 30 days.

THOS. JOHNSON BUYS INTEREST IN SLATON STATE BANK

Thos. Johnson of Merkel has bought the stock of B. M. Holland in the Slaton State Bank, and has assumed the duties of active vice president and cashier of that institution.

Mr. Johnson is a banker of more than twenty years experience and during that time has been the executive head of some of the strongest financial institutions of West Texas. He organized the Farmers National Bank at Merkel and when he severed his connection with that institution it had more than a million dollars on deposits. During Mr. Johnson's banking experience he has familiarized himself with the needs of West Texas people and conditions that exist here. Therefore he will be in position to handle the affairs of the Slaton State Bank in a manner satisfactory to all concerned.

It is announced that there will be no change in the directorate other than Mr. Holland, who will remain with the bank until January 1, in order that the new cashier may familiarize himself with every detail of the work and thoroughly acquaint himself with all the bank's customers.

R. J. Murray will continue as president, C. S. Hoffman, A. C. Benton and W. E. Smart, with Mr. Johnson composing the directorate.

Mr. Johnson has disposed of his interests at Merkel and will move his family here at an early date.

Mr. Hoffman has not announced his intentions for the future, but the entire citizenship hopes that he may be induced to remain in Slaton.—Slaton Slatonite.

A. B. CONLEY, JR. COMPANY WILL START MOVING MON.

Saturday Extra: With their splendid building at the corner of Avenue I and 12th Street remodeled and ready for occupancy, the A. B. Conley, Jr. Dry Goods Company, will start moving their large stock of goods Monday morning.

The Conley company is one of the big dry goods businesses of West Texas and the new location will permit handling a great deal larger stock than the old building would successfully accommodate. Expansion is the word in Lubbock, and with the territory adjacent to Lubbock increasing in population, our businessmen are expanding their stocks to help take care of their customers.

TO MAKE EFFORT TO STAMP OUT WEEVIL

Dallas, Sept. 29.—Concerted action to permanently exterminate the boll weevil in Texas will be taken by about thirty farmers and business organizations at a meeting here tomorrow.

Texas has lost approximately \$100,000,000 annually in the past three years from the ravages of the pest, according to James Z. George vice president and manager of the West Texas chamber of commerce. A plan will be formed for starving the weevil by a simultaneous cutting down of all stalks just before the weevil's hibernation, Mr. George said.

Texas Interscholastic Makes Ruling On Transfers This Year

Austin, Tex., Sept. 26.—For the purpose of interpreting several important phases of the new transfer rule, a meeting of the University of Texas Interscholastic League State Executive Committee has just been held. Rendering of these interpretations at this time has been made necessary by the large number of requests which have been received at the State office. The approval ruling follows:

1. The transfer rule shall not affect the eligibility of any student who transferred before the end of the 1921-22 school year.

2. The transfer rule shall not apply in any case where a student does not leave home to attend school. This interpretation is for the benefit of the student in a rural district who lives close enough to attend two or more schools. In this case he has the right to select the best school and is not forced, in order to be eligible for athletics, to attend the nearest school to his home which might be inferior or actually more inaccessible than another.

3. The term "nearest school" as used in the transfer rule means the nearest school to the home of the student as measured by the public road.

4. "One year's regular attendance" as used in the rule means that the attendance must occur after the transfer has been made and not before.

The transfer rule, to which the above rulings apply, reads as follows: "A student is eligible to represent only the school district in which his parents or guardians reside; provided, (1) a student is not barred under this rule who transfers to the higher class school located nearest his home; (2) one year's regular attendance renders a student eligible to represent the school so attended in contests of the league."

OVERSON REFUSED TO QUIT EASTLAND COUNTY OFFICE

Eastland, Sept. 27.—County Attorney Ove E. Overson today definitely refused to resign from office as demanded by several hundred citizens signing the resolutions at Sunday's mass meeting and later in the churches throughout the county.

Sheriff Sam Nolley, also called upon to quit office, cannot be found. The committee composed of S. W. Bobo of Ranger; P. L. Parker of Eastland; D. J. Neill of Gorman; J. C. Gorman of Carbon, and R. L. Poe of Cisco, in a report made yesterday afternoon, recommended that H. S. Cole, chairman of Sunday's meeting, call another mass meeting at once, that the people may take such action as the fact warrants.

Judge Hill was handed a copy of the resolutions by the committee yesterday afternoon with regard to action sought to remove H. L. Vestal, grand jury foreman, pending an investigation. Judge Hill informed the committee that he would take the matter under advisement and if after an investigation the proof warranted it he would remove the grand jury foreman.

Mr. Overson's decision was made known this morning shortly before noon, the time set by the committee yesterday. P. L. Parker, Eastland member was informed by the county attorney that he "had not violated his oath of office and would not resign." He made no further statement.

RATES ON GRAIN AND HAY ATTACKED IN MEETING.

Kansas City, Mo.—Representatives of state railroad and utilities commissions of Kansas, Missouri, Oklahoma, Iowa, Nebraska, South Dakota, Minnesota, Wisconsin, North Dakota, Arkansas, Texas and Louisiana are in conference here today to discuss ways and means to support the complaint filed by the Kansas public utilities commission recently against freight rates on grain, grain products and hay in western railroad group. The complaint attacks as "unreasonable, unjust and discriminatory" all freight rates on these commodities in the states in the group.

Representatives of chambers of commerce, boards of trade, grain dealers and hay dealers associations of the large cities in these states are meeting with the state commissions.

The situation is somewhat similar to what was known as the western grain and hay case, filed before the Interstate Commerce Commission in July, 1921. This complaint also made by the Kansas utilities commission was the first general attack upon freight rates which were established in 1920. In this case 21 states joined Kansas and involved all grain products and hay rates from Chicago to the Pacific Ocean. The states won their case and grain rates were reduced to an amount aggregating \$38,000,000.

About the only real issue in this campaign, so far as we can see, is that the Democrats claim they wouldn't have done quite so badly as we Republicans have done, and we Republicans claim they'd have done even worse.—Ohio State Journal.

Come to Lubbock.

SPECIAL PRICES ON KITCHEN CABINETS

If you need a good kitchen cabinet this week is the time to buy, for we are offering the following exceptional reductions:

Border Queen, regular size, white enamel, regular price \$67.50, special at	\$52.50

McDougal, same size as above, but different finish, regular price \$47.50, special at	\$37.50

SIMMONS FURNITURE & UNDERTAKING CO.

of a The House Deal 1114 Broadway Lubbock, Texas

CITY OF PLAINVIEW AFTER EASTERN STAR ORPHANAGE

Plainview, Sept. 27.—Plainview will make a campaign for the location of the state orphanage of the Order of the Eastern Star, aided by the woman's auxiliary of the Masonic bodies. The orphanage is to be located by a vote of the members who attend the annual grand chapter, which will be held in Dallas next month.

The other towns in the race are San Antonio, San Marcus, Arlington, Brownwood and maybe another one or two.

The order has 49,000 members in Texas and several years ago a fund of \$140,000 was set aside for the endowment of an orphanage, to be raised by an assessment of 50c per member each year. Later it was agreed to go into the fund for the establishment of such an institution, and to build at an early date.

OFFICIALS OF EASTLAND ASKED TO RESIGN MONDAY

Eastland, Sept. 25.—The resignation of Sheriff Sam Nolley and County Attorney Ove Overson were demanded without a dissenting vote in a county-wide mass meeting held in the city hall auditorium here yesterday afternoon.

The meeting was presided over by Maj. H. S. Cole of Ranger and Ernest Albright, secretary of the Ranger Chamber of Commerce, acted as secretary. The large auditorium was crowded to capacity with citizens from all sections of the county.

After hearing a report on investigations concerning official protection given gambling and bootleggers at Pioneer, the audience cheered strong denunciations of the sheriff and county attorney. Resolutions calling for the resignation of these officers were signed by 725 men, the meeting being attended by men only. A committee of five was appointed to present the resolutions to Nolley and Overson and to send a copy to the Governor.

Editor Quinn was over from Lorenzo Friday attending the fair. He is a member of the Lorenzo band, and was helping to make music for the fair.

L. Griffith, father of Harrold Griffith, of the Rix Furniture Co., is visiting here this week.

DENISON WILL NOT BE FREE OF MARTIAL LAW

Austin, Sept. 26.—Two sanitary inspectors of the State Pure Food Department today were dispatched to Denison by Adjutant General Thomas D. Barton to inspect dairies, restaurants and other food dispensers. Any irregularities found will be prosecuted by military authorities, Barton said. The inspectors sent were J. L. Mothershead and T. C. Klaus of Austin.

Adjutant General Barton took occasion today to deny reports that plans are under way for lifting martial law at Denison. He said such action had not been considered between himself and Governor Neff.

TOWN WANTS TO CHANGE ITS NAME

San Angelo, Sept. 28.—A petition is being circulated this week at Sterling City by the new Chamber of Commerce requesting permission of the postmaster general to change the town's name to Sterling.

Fifty enterprising business and professional men and livestock raisers have just formed the civic body and have appointed J. R. Cannon, former San Angelo automobile man as secretary. The move to change the town's name is one of the first undertakings.

CATTLE SUFFERING FOR GRASS IN NEW MEXICO

Rev. T. B. Sowell and wife returned last week from an extended trip over New Mexico and report conditions in parts of the state as being very bad, especially for stock raisers, as the continued drought has practically ruined the grazing lands, many cattle showing effects of food shortage in that they are distressingly poor.

Applies in the Roosevelt section, they report, are wasting in large quantities because of adverse transportation and marketing conditions, several boxes of nice ones were brought home with them, for which they paid thirty cents a box.

THANKS!---For the Wonderful Growth of Our Business

Coming here five years ago we have endeavored from the very beginning to provide the finest grocery service ever given in Lubbock. The success which we have so far attained has been due to the response made by the housewives of Lubbock in our undertaking. We thank them.

Have You Ever Traded With Us.

Texas Utilities Company

Greatest Parade in the History of Lubbock Opened Fair Here Today— Many Institutions Were Represented

Thursday Extra:
If the success of the great parade which was witnessed here this morning, beginning at ten o'clock, is indicative of the success which will be realized at the termination of our fair in the operation of that great institution, no one will have occasion to regret participating in it.

There were representatives of every line of business and industry in the country, with the medical and educational institutions taking a prominent place in the parade.

La Societe Nationale Des 40 Home et 8-Chevaux and the American Legion no doubt had the biggest thing in the parade insofar as local organizations are concerned, as an "imported" French locomotive was used to transport the doughboys to the fair park.

The Kiwanis and Rotary Clubs, Women's Business Club, Twentieth Century Club, Parent-Teachers' Association, Red Cross, Boy and Girl Scouts, and the local battery of Field Artillery, had splendid trucks and footmen in the parade, which added greatly to its success.

On account of probably damage to the pavements the Lubbock county road-working machinery joined the paraders between the fair park and the pavement at the end of Twelfth Street, a good many of the spectators being deprived of the privilege to see this part of the parade.

Withal the city of Lubbock has made a showing in its part of the fair other than being host to the many visitors who are here, and anyone who was fortunate enough to have witnessed the parade this morning could look with pride upon it as a great achievement.

WATSON FUNERAL ATTENDED BY A BIG GEORGIA CROWD

Thomson, Ga., Sept. 29.—Beneath a clear sky and blazing sun, the body of United States Senator Thos. E. Watson came home Thursday and was laid to rest in the soil of McDuffie county as thousands of countrymen from Georgia's backwoods united with prominent officials and leaders in paying a last tribute to his memory.

Brief and simple were the funeral services at "Hickory Hill," the Watson home, but every honor within the province of that town was paid the departed senator. Rev. E. J. Forrester of Sparta, formerly pastor of the Thomson Baptist church, and a close friend of the late senator, officiated.

Thomson, a typical Georgia village, with its few stores, postoffice, bank and printshop, nearly all located on the main street, early in the day became the Mecca of the "sage of McDuffie's" followers. They came in automobile, others on horse and mules, while some trod many miles of dusty roads that they might gaze for the last time upon the features of their chieftain who died Tuesday in Washington.

In the funeral party were the late senator's Washington staff; members of the Georgia congressional delegation and United States Senators appointed by the vice president to accompany the body home.

The services at the grave were brief and were in charge of the Junior Order of Mechanics, of which Senator Watson was a member. The body was laid to rest near the graves of his father and mother in the Watson family lot.

"Boss" Jackson Given 99 Years in New Mex. Court

Tucumcari, Sept. 28.—Ninety-nine years in the penitentiary was the sentence imposed on "Boss" Jackson, found guilty for murder of Roy Lackey, by Judge Ryan here today. The full sentence was imposed. Brent Cosner and Texas Jack Lewis, who were charged with Jackson in the case, were freed.

Oren B. (Boss) Jackson of Vega, was found guilty in district court here of second degree murder in connection with the killing of Roy Lackey. The jury returned its verdict this morning about 8:30 o'clock. He was to be sentenced this afternoon at 2 o'clock.

Jackson was charged with murder in connection with the killing of Roy W. Lackey on a ranch about two miles east of Rena, Quay County, New Mexico, on October 2, 1921. The case was on trial five days.

Amarillo Dairyman Disappears and is Still a Mystery

Dr. A. W. Hinchman of the firm of Harris & Hinchman, osteopaths, physicians and surgeons, made an examination of the blood stains found in the automobile in which Arthur E. Stinson left his home Monday night, and gave out the following statement to the Tribune Wednesday afternoon:

"An examination according to the electronic reactions of Dr. Albert Abrams of San Francisco, made in the offices of Harris & Hinchman, shows to a reasonable certainty that the blood found on the automobile seat is from a human being, and that the human being is dead, and that the same person is the son of J. D. Stinson."

Whereabouts of Arthur E. Stinson, Amarillo dairyman, missing since Monday night remains a mystery, although a dozen possees of searchers, approximating 350 men have scoured the country all day Wednesday. The searchers, late Wednesday afternoon had progressed as far north as the Canadian river, east to Washburn, and south as far as the Burk school house.

Every ravine, creek, draw, field and prairie throughout this territory has been minutely searched.

Stinson left his home Monday night in his automobile, presumably to feed his hogs, penned a few hundred yards from the Stinson dairy, near the Great West Mill & Elevator Company's plant, two miles east of Amarillo. His failure to return Tuesday morning caused an immediate search, and his automobile was located east of the hog pens, near the Rock Island crossing.

Blood stains on the car seat gave rise to the belief that foul play might have resulted, and further evidence of blood on the gates of the stock pens strengthened that opinion.

Many theories have been advanced and the rumor that Stinson had been seen in the business section of Amarillo as late as 11 o'clock Monday night was proven groundless before the searching party left Wednesday morning.

Another report that he was seen Monday night at the Crystal Cafe on Taylor street failed, when it was said that the party was Bert Stinson, a brother of the missing man.

A night watchman at the Great West Mill said he had heard an automobile engine running Monday night about 7:30 or 8 o'clock near the hog pens. It is said that the engine ran for fifteen or twenty minutes and then the car was seen to leave the pens at an apparent high rate of speed going to the railroad where it was located the next morning.

One of the most hopeful opinions expressed Wednesday was that he did not feel strong enough to march to the river and wait in camp to await reinforcements. The soldiers spent a pleasant night in raiding a farmer's melon patch, but at break of dawn they were surprised to see a hundred and fifty Texans, under command of Colonel John H. Moore, marching down upon them with the disputed cannon mounted on heavy wheels and pointing toward them in a threatening way.—It was loaded with scrap iron and pieces of chain, and at the first volley the Mexicans broke and fled in terror, leaving five dead on the field. Thus ended the battle of Gonzales, the first one fought for Texas Independence.

SMILE WEEK IN THE STATE OF WASHINGTON

The governor of the State of Washington, Louis F. Hart, has issued a proclamation calling upon the people of that state to observe the week beginning October 14th, as "Smile Week."

"Let everyone forget trouble. Greet each one with a smile, say a kind and cheerful word. Do a kindly act, dismiss trouble and smile."

This is something interesting to see and shall be watched closely to see the effect it has on the people of Washington. If it was possible we would spend that week there, but as we can't do so, we will watch the outcome, and should it turn out to be all "smiles and sunshine," a committee will be appointed to wait on the Mayor of Abernathy asking that a like proclamation be issued for a week of smiles in "our own hown town." Just something to drive away the "blues."

BABY DIES SOON AFTER BEING STRUCK BY TRAIN

Childress, Sept. 26.—The infant child of Mr. and Mrs. Steve Cawthons, who live near the right of way of the Port Worth & Denver Railway Company, near Carey died today within about an hour after it was struck by passenger train No. 2. The train was stopped and the baby taken back to Carey.

Trainmen state that the first time they saw the child he crawled out of the weeds and was on the track before the train could be stopped.

PEDDY'S NAME CAN'T GO ON THE BALLOT

Austin, Sept. 28.—That the name of George E. Paddy, republican and independent democratic nominee for United States Senator, can not be legally placed on the official ballot for the November general election is the ruling of the state attorney general's department in an opinion today to Secretary of State S. L. Staples.

HEREFORD MAN FOUND DEAD IN HIS YARD

Hereford, Sept. 26.—F. H. Britain, 60, wealthy and a resident of Hereford and this section for many years was found dead at his home here tonight with a 45 Colt six-shooter in his hand and a bullet wound above his heart.

His wife, who was in the house when she heard the report of the gun, rushed to the yard and found his body on a small bench beneath a grape arbor. Death was instantaneous.

Mr. Britain was well-to-do and friends can not account for the motive causing him to take his life. His death caused a great shock to the many friends and acquaintances here.

Besides his widow he is survived by a brother E. C. Britain of Amarillo, and three married daughters, none of whom live here.

T. S. Rucker, made a visit to his sister at Coleman last week, returning home Sunday.

Success consists of having others wish they were you.

ROTAN BOY IS INJURED IN WRESTLING MATCH

Randolph Cooper, 23 years old, of Rotan, was sent to Abilene Hospital at Abilene Monday morning in a critical condition suffering with a broken neck, sustained in a wrestling match at Rotan Saturday afternoon.

Investigations and X-ray pictures made here showed fractured vertebrae at the back of the neck, which has caused paralysis from the neck downward.

He was brought to Sweetwater Sunday night for further examination and was sent to Abilene Monday morning, where an operation will probably be performed.

Cooper was wrestling with a member of a carnival company, which was in Rotan Saturday, and fell heavily upon the side of his head when the other wrestler broke out of a hold.

Cooper absolved his opponent from all blame in a statement short after the accident.—Sweetwater Reporter.

J. W. Hodges of Hodges Brothers Store, returned from a short visit last Friday to Hunt County.

SOME TEXAS HISTORY AND PEOPLE WHO MADE IT

Battle of Gonzales
The first shot fired for Texas independence was on October 2, 1835, at Gonzales, where the Mexicans tried to get a cannon which the people had there as a protection against the Indians. Colonel Ugartechea, commander at San Antonio, knew these people would use the cannon against his troops if war should be declared, so he decided to get possession of it. To keep from alarming the colonists, he sent a corporal and five soldiers with an ox-cart for it, but when they refused to surrender it, he sent a captain and a 100 dragoons to take it. Upon arrival he did not feel strong enough to cope with the situation, so he marched up the river and went into camp to await reinforcements. The soldiers spent a pleasant night in raiding a farmer's melon patch, but at break of dawn they were surprised to see a hundred and fifty Texans, under command of Colonel John H. Moore, marching down upon them with the disputed cannon mounted on heavy wheels and pointing toward them in a threatening way.—It was loaded with scrap iron and pieces of chain, and at the first volley the Mexicans broke and fled in terror, leaving five dead on the field. Thus ended the battle of Gonzales, the first one fought for Texas Independence.

First Congress of the Republic
On October 3, 1836, the first Congress of the Republic of Texas met at Columbia, Brazos county. Prior to this the seat of government was at Velasco. The accommodations were very meager, but a commodious residence was used as a state house. It had several large rooms on the ground floor, with a wide hallway between. Two of these rooms were used for the assembly of the House and Senate and other rooms for committee meetings and clerical work.

In consequence the serious illness of Lorenzo de Zavalla, vice-president of the Republic, Senator Richard Ellis, of Red River county, was elected president pro tem of the Senate, and Richardson Scurry, secretary. In the House of Representatives, Ira Ingram of Matagorda, was elected speaker, and Willis A. Farris, secretary. The next day after the usual notifications from one house to the other, and the joint notification to the executive, President Burnet sent in his message.

Agricultural & Mechanical College
The United States Government during the Civil War offered a large grant of land to each state that would agree to establish and maintain a college for instruction in agriculture and in the art of mechanics. When Texas was re-admitted to the Union, she accepted the offer in 1871, voted to accept the offer from the Federal Government, and received a grant of one hundred and eighty thousand acres of land. The school was located on the main line of the Houston and Texas Central railway, four miles south of Bryan, in Brazos county. The first session

Coleman County
Coleman county was organized October 6, 1864 with Coleman as the county seat. It was created by the legislature February 1, 1858, out of Brown county.

This county was named in honor of Robert M. Coleman, who was born in Kentucky in 1779, and came to Texas in 1832. He acquired experience in fighting Indians in Kentucky, and was appointed captain of the first company of Texas Rangers ever organized, serving in this capacity on the extreme frontier of Bastrop county and the region north of what is now Williamson and Burnett counties, until 1835, when he resigned to become a member of the Consultation, and in 1836 was elected a member of the Convention from Bastrop, and was one of the signers of the Declaration of Texas Independence. He served as an aide to General Sam Houston at the Battle of San Jacinto. In 1838 he was drowned in the Brazos river at Velasco. Just one year later his widow and son were killed by Indians at their home in Bastrop county.

Delta County
Delta County was organized October 6, 1870, with Cooper as the county seat. It was created out of Hopkins county, July 29, 1870. This county was so named because of its shape so nearly resembling that of the Greek letter, Delta. Its boundaries lie between the two branches of the Sulphur Fork of Red River.

MAN KILLED AS HORSE STUMBLES ON A WIRE
Mineral Wells, Sept. 26.—Basel Grimes, a young man living north of Mineral Wells, near Stokes Chapel, was thrown from his horse and instantly killed.

Mr. Grimes, who was 26 years old, was riding down a lane at night with two companions when his horse struck a wire that had been stretched across the road. The horse was thrown and Mr. Grimes was hurled several feet away, striking on his head and fracturing his skull. He died instantly.

AKENS HAS GOOD CROP OF COTTON THIS YEAR
J. A. Akens was here Wednesday from his fine farm south of town with another bale of cotton. He has a fine crop this year as compared with other crops over the country, as from only fifty acres he will gather twelve or thirteen bales.

Mr. Akens is one of the Lubbock county farmers who is spending a great deal of time in studying the better ways of farming, and we are sure his success in that work will prompt others to use his methods of cultivation.

J. T. Buck, editor of the Review at Crosbyton, was a visitor here during the fair.

**Lubbock Hi Football Team Defeats
Lockney Eleven 52 to 0 at Fair Park
Yesterday Afternoon—Large Crowd**

Saturday Extra:
The Lubbock Hi Eleven was too much for the Lockney squad yesterday, and took the contest from them 52 to 0. Although Lockney put up a good fight, and played in hard luck, they were outclassed by the local boys who made long gains both through the line and around the end, sometimes running practically the entire length of the field for touchdowns. Then again they would resort to the forward pass method, and although the Lockney boys put up a good line they were not able to stop the onslaught by the locals. The line of the Lubbock High was airtight at all stages on offense, and on defensive broke the line of the opponent time after time for long gains, Hensley, Ater, Hawes and Long featuring the spectacular.

The lineup:
Lubbock: Lockney, Rankin, Bacon, Fletcher, Dupre, S. Smith, Reece, Everton, Kittrell, Hawes, Smith, Long, Woodridge, Campbell.
Lockney: Gilbert, O. Harris, Sheppard, Smith-Hicks, Sanders, Bell, Ramsey, L. Harris, Three, Gilbert, Campbell.

The game by plays:
Lubbock wins toss and receives, Lockney kicking off; Long returns kick-off 3 yards; Smith 2 yards thru line; Kittrell 4 yards thru line; Hawes 8 yards thru line; Lubbock fumbles, Smith recovers ball with one yard loss; Lockney intercepts forward pass and gains 20 yards;

Drop kick fails for one point try. Lockney receives kick; failed to gain on return; two tries at line fails; fake play fails to gain; Lubbock penalized 5 yards for offside; line play fails to gain; ball goes over; Hensley returns 5 yards thru line; Ater makes 11 yards through line; Woodridge 1 yard; Hensley 4 yards; pass Woodridge to Ater nets 12 yards. End of first half. Lubbock 12, Lockney 0.

Hawes, Smith and Kittrell are backfield men. Smith replaces Nail; Everton replaces Dupre; Lockney receives and returns 5 yards; Lockney fumbles on next play and is thrown for loss; on next play Todd breaks through Lockney line and throws Lockney for 6 yard loss; Everton recovers fumble on next play, Lubbock's ball. Hawes 3 yards; Woodridge 13 yards; Smith 12 yards for touchdown. Lubbock 18, Lockney 0.

Pass fails for one point try; Lubbock kicks to Lockney, returning 5 yards; three passes fail; Lubbock penalized 5 yards offside. On next play Strickel blocks punt and recovers ball; Hawes 7 yards through line; Kittrell 3 yards; Hawes 4 yards; Smith no gain; Hawes thru line 14 yards for touchdown; Lubbock kicks; Lockney returns 5 yards; Lockney man was tackled fiercely and fumbles ball, Lubbock recovers ball; Woodridge no gain; Hawes 7 yards thru line; Smith 3 yards; Kittrell 11 yards; Hawes 2 yards; ball fumbled and Smith recovers; pass completed to Long for 8 yards; Hawes 12 yards; Smith thrown for loss; Hawes 6 yards; Woodridge 1 yard. End of third quarter. Lubbock 24, Lockney 0.

Pryor replaces Rankin, Moore replaces Hawes; E. Moore replaces Smith; Hensley replaces Smith; Reece replaces Todd; Dupre replaces Long. Hensley makes four yards thru line; Ater makes 5 yards and touchdown; Woodridge drop kicks for one point; Lockney receives, returning 3 yards; Lockney completes pass for 118 yards gain; Lockney makes three yards thru line; 2 yards on next play; on the next play Lockney fumbles but recovers; thrown for loss by Pryor—Lubbock's ball. Ater goes 35 yards around end for touchdown; failed at goal; Lockney receives ball, goes in to end zone, Lockney being tackled behind line for safety; Lockney fails to gain thru line; pass fails; pass fails; punt received by Woodridge; Ater makes twenty yards around end, and had a clear field for touchdown, but was called back at the 20 yards out of bounds; Hensley receives pass for 5 yards gain; Hensley makes 5 yards thru line; Hensley 8 yards; Ater 18 yards, for touchdown; failed to kick goal; Lockney receives and returns 12 yards; Hensley intercepts forward pass on first play and runs 36 yards

LEADER'S PAGEANT OF STYLES GREAT EVENT

Ross Edwards, manager of the Leader Department Store, enjoyed great success in conducting the Pageant of Styles at the beautiful store building Friday evening, beginning at eight o'clock.

The streets and sidewalks were crowded with enthusiastic spectators for a good while before the pageant started, as the advertising that had been done for this occasion had proven very effective.

The Leader is one of the real big stores of the Plains, and is one of the many firms which is taking active part in offering big town service to its patrons, that its effect upon the development of Lubbock is wonderful, and with the activities in the work Mr. Edwards has successfully carried out, he is placed at the front as a big business man of West Texas.

The following took part in the pageant, and their knowledge of the work was greatly responsible for the Pageant of Styles being the much talked-of event it was—
Mesdames Frank Barclay, H. H. Griffith, Bill Burleson, Joe Hilton, Raymond George, John Simpson, Barret Penny, B. F. Maxey, Miss Tessie Rhea and the little daughters of Mr. and Mrs. Ross Edwards, Mary and Dorris Jene, and little June Wheelock, Frank McElroy, Benton Teal and Mr. Rab Kimmel.

At the completion of the Pageant the many visitors were invited into

RELICS OF CONGRESSIONAL HALL SOLD AT AUCTION

Washington, Sept. 30.—Collecting a lot of truck scattered about the house office building, Uncle Sam hired an auctioneer and a boy to go out and ring a bell.

Some threadbare rugs over which statesmen might have tread, old water coolers, filing cabinets and old chairs were gobbled up quickly as if they had come from Westminster Abbey.

A little man in a brown derby bought a little faded screen after somebody had whispered it used to sit before the open fireplace in Thomas Jefferson's home. It looked quite old at that.

ing a dark suit with green polka stripes bought a filing cabinet which long stood in Champ Clark's office. A woman paid \$19.50 for a rug out of the speaker's lobby.

"Look at the feet that have traveled over it," she exclaimed as she boosted the price the last two bits.

"And look at the dust they left!" said a rival as she quit bidding at \$19.25.

**Where Extra Service is Demanded
Firestone Cords Predominate**

WHEREVER the exacting conditions and tests of tires are most severe—there you will find Firestone Cords in universal use.

The hard jobs seek Firestone. And so well has Firestone responded under difficult conditions—so consistently has mileage mounted to totals impossible to obtain from ordinary tires that today Most Miles per Dollar is the buying slogan of thinking motorists everywhere.

The blending and tempering of rubber, gum-dipped cord construction, air-bag cure—all these mileage methods have been developed by men whose life work is the production of constantly increasing tire values for the public.

Users in this vicinity verify Firestone reputation, and report almost daily some new Firestone record of extra distance travelled.

Don't be satisfied to buy tires—buy values—the longest mileage at the lowest price consistent with such reliable performance.

Make Most Miles per Dollar your principle of tire economy—choose your next tire on that basis.

MOST MILES PER DOLLAR

Suit in trespass to try title for the northwest quarter and southeast quarter of survey one hundred and thirty-nine (139), in block C, certificate No. 305, E. L. & R. R. R. Co., patented to Seth Brown on January 30th, 1879, by patent 175, volume 45; said land sued for is located in the northeast part of Lubbock county, in State of Texas, and contains 160 acres.

Plaintiff sues also to cancel an apparent vendor's lien on said southeast quarter of said section 139, block C, as against Ellen B. Kite, and her unknown heirs and legal representatives. Plaintiff alleges that he executed and delivered to Ellen B. Kite four notes, each for \$300.00, dated June 24th, 1915, due one, two, three and four years, respectively, after date respectively; that he has paid all of said notes to Ellen B. Kite, but she has failed to execute a proper release of the lien.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Lubbock, Texas, this 14th day of September, A. D. 1922.
(Seal) **LOUIE F. MOORE**, Clerk of District Court, Lubbock County, Texas, -59-4T

AMERICAN LEGION

Worthman Shows Cancel Contract.

A. B. Slagle, adjutant of the local American Legion is in receipt of the following telegram from H. B. Danville, general agent of the John T. Worthman Shows, which same is self explanatory: "Wing to the death of Clarence Worthman, owner of the Worthman Shows, and refusal of railroads to haul show trains pending settlement of the labor troubles, and as all Worthman Shows have been ordered to winter quarters at San Antonio for reorganization, am forced to cancel our contract with you."

These shows were contracted for a week's run, beginning October 30, and plans had already been laid by the Legion for an extensive advertising campaign. The Worthman Shows are one of the cleanest and best carnival companies ever touring the United States, and the local Legion had considered themselves very fortunate in securing for the entertainment of the public such an organization, and it is with hesitancy that the local officials have accepted the cancellation.

Regular Meeting Thursday night, October 5th.

Well, sir, Buddy, it is your move next. Thursday night, October 5, is regular meeting night, and you are expected to attend. Some very interesting meetings are being held, and it is your duty to take a part in these meetings.

The session will be held at the Justice court room, on the first floor of the courthouse in the southwest corner of the building. The hour will be 7:45. You are expected.

GILES' DEMONSTRATOR WON CHAMPIONSHIP AT THE FAIR

Henry G. Giles, of Post City, owner of Giles Demonstrator, the big Duroc Jersey Boar that received first prize at the fair Thursday and was awarded Senior Champion and Grand Champion honors, is the greatest fair enthusiast in all West Texas no doubt, as the long ride he made with his truck load of six other hogs and the grand champion proves.

In discussing the possibilities of the fair, Mr. Giles expressed the opinion that each fair season is a boost to the association, as breeders of stock meet in competition, which, looser or winner, a man is naturally inspired to want to raise the very best stock in the country, and the fair is an association where they are judged, this event being the next starting place for twelve months of trying to come out winner at the following fair.

ALPINE NEWSPAPER CHANGED OWNERS LAST WEEK

Alpine, Sept. 27.—W. W. Jenkins of Georgetown, who for three years past has been editor of the Williamson County Sun, has bought the Alpine Avalanche, and has moved to Alpine to take charge as editor and owner.

BASEBALL CHAMPIONSHIP TO BE DECIDED TODAY

This afternoon on the baseball diamond at the Fair Grounds, the winners of the preliminaries in the community baseball contest will play off the championship game to decide the winner.

Shallowater won over Abernathy, and Union won over Carlisle the first day, and the winners of those two contests will clash today. Beeton was to have played Shallowater yesterday but for some reason failed to appear, and the game was forfeited to Shallowater. Thus Shallowater and Union will decide the Championship in today's fracas.

These games are being staged under the direction and at the expense of the fair management for the purpose of stimulating community interest, and having additional amusements at the Fair park, and the management is indeed grateful to the boys who so willingly took hold of this move and put it over.

ABERNATHY MEN HERE TODAY TO ATTEND THE FAIR

Friday Extra: W. O. Boyd, W. D. McGee and Editor Redman of the Abernathy Review, all of Abernathy, arrived in Lubbock this morning to attend the fair.

Editor Redman has been a consistent booster of the plains, and we are glad to know that he is on the ground floor to get first hand information of how the fair is conducted, and to see the splendid exhibits that are shown, for through the columns of this live publication Lubbock will receive much constructive boosting, and valuable advertising.

E. L. LAW IS A RADIO ENTHUSIAST; OWNS SET

E. L. Law has the new radio set recently purchased of the Martin Radio Company installed, and we learn that he is spending from ten to twenty-four hours per day over-time taking information directly out of the air, and whether he is paying more attention to grand opera or the latest methods of plumbing is not known to his friends, who are hopeful that he will soon be relieved of the radio fever, yet those who have visited his station declare that he is absolutely hopeless.

"GREATEST MAN-HUNTER OF THE DAY" IN LUBBOCK

Friday Extra: J. Frank Norfleet, Hale county cattleman and noted man-hunter, is in Lubbock today, visiting with friends, transacting business, and of course seeing the greatest Fair of West Texas, which opened this morning.

The most recent accomplishment of Mr. Norfleet was that of catching a bunch of "bunco" men in Denver, which feat was said to have been one of the best in the annals of detection. Mr. Norfleet has been called "The greatest man-hunter of the day."

PAMPA DEFEATED BY McLEAN 5 TO 4

McLean, Sept. 26.—In the baseball game here this afternoon between Pampa and McLean the score stood 5 to 4 in favor of McLean. The feature of the game was the batting of Bowen and Biggers of McLean, who each made three hits. Biggers struck out eleven men and held Pampa to three hits.

Batteries—Pampa, Wilson and Culpepper; McLean, Biggers and Bowen.

E. J. Cowart of Sinton, was here transacting business with our merchants and business men Saturday. His health is much better than it has been, but states that he will likely have to go south to spend the winter.

"The Best Time to Fight a Fire Is Before It Happens."

AT THE CHURCHES

Baptist Rev. Bowen seemed at his best in the pulpit yesterday morning, and inspired his hearers with one of the greatest sermons he has delivered in a great while.

Sunday School attendance was good, with more enthusiasm shown in all departments, and it looks as though the fall work is being started with determination on the part of all concerned to accomplish something worth while in that work.

There were no church services at the evening hour, as that time was given to Prof. Thomas, who is here in interest of a singing class for the church.

Prof. Thomas has met with much encouragement, and it is believed that the necessary funds can be raised this week and the class will be started the first of next week.

All people of all denominations are invited to take advantage of the classes should Prof. Thomas remain in the city for the three weeks work.

Baptist Laymen The Baptist Laymen were called to Posy Sunday evening, eight carloads of persons having gladly responded, and were at the community building ready to begin the services at three o'clock, which were impressive and well received.

Messrs. Foster, Abbott and Sawyer made splendid talks, and the meeting was one of the best the Laymen have conducted. Good singing, the splendid talks and personal work on the part of the Laymen, moved by that unseen spirit which prompts us to the work revealed the path of better living to one of those who attended the meeting, who asked the prayers of all present in helping him to do greater service for our Maker.

Church of Christ Large and appreciative audiences greeted Rev. Smith at two splendid sermons.

At the morning hour Prov. 6:14-19 was read, which supplied the text, "Six Things the Lord Hates," was the subject ably and courageously discussed.

It is pleasant to dwell upon the goodness and mercy of God but coordinate with this attribute is God's severity.

"These six things doth the Lord hate: yes, even seven are an abomination to him—a proud look, a lying tongue, a hand that sheds innocent blood, a heart that deviseth wicked imaginations, feet that be swift in running to mischief, a false witness that speaketh lies, and he that soweth discord among brethren." Many other scriptures were quoted to emphasize these different phases of the subject.

These lessons to Christians on the conduct of life are very important and are well received by every earnest seeker after truth. Truly, it was good for us all to have heard this lesson.

At the evening hour Bro. Smith showed by the Bible that God saves man conditionally—man's part being the things about which man should be concerned.

The usual attendance and contributions in Bible School work were reported with much interest in the next quarter. It must be that parents are co-operating when so many come with perfect lessons and earnest, active attention.

"PAPPY" JOHN ON THE JOB FOR TERRY COUNTY

Friday Extra: Terry county not only has the "goods" to show what their county raised this year, but has the man in charge who knows how it can be best displayed. Tricks of decoration try the patience of most exhibitors and the patience of "Pappy" John Powell, pioneer and resourceful citizen of Terry county, is only exceeded by his ability as a decorator.

Whenever the Terry county products fall in quality, if ever, they are displayed with such outstanding prominence and decorative beauty that one would hardly have room to doubt them. "Pappy" John (and that's what old timers know him by best) was at one time one of the largest sheepsman of this section. He is an

GOOD CLOTHES Will be easily detected in our Suits for Men: First—the quality is better than ever. Second—the price is much lower. Kuppenheimer GOOD CLOTHES are the cheapest and you will always know you are correctly attired wearing a Kuppenheimer. BARRIER BROTHERS Dependable Merchandise Save Gold Bond Savings Stamps—Barrier Bros., Martin & Wolcott

UNION BEATS CARLISLE BY A SCORE OF 10 TO 9

Friday Extra: Immediately following the Shallowater-Abernathy contest yesterday afternoon, Union clashed with Carlisle for the second preliminary game of the day, Union taking the fracas by a 10 to 9 score.

Union gained an early lead of eight runs, and looked as though they had cinched the contest, but in the fourth stanza, Carlisle came back for four runs, and again in the sixth by a rally staged a three-run comeback, holding Union to one additional run beyond the third inning. Again in the seventh by a spectacular rally, Carlisle came back for two more counts, enough to tie the count, the agreement being to play seven innings. However, Union nosed out in their half of the last inning, when Johnson set one against the rightfield fence for four sacks.

The score by innings: Carlisle000 403 2—9 Union161 010 1—10 Batteries—Casey and Bond; C. Shipman and L. Johnson.

WARREN BOYD SUSTAINED A BROKEN ARM IN THE CONTEST

Warren Boyd sustained a broken arm in the contest. The score by innings: Abernathy010 001 0—2 Shallowater330 2(10) 0 1—19 Batteries—Casey and Bond; Galey; Gaither and A. Miller.

MR. AND MRS. W. I. SIMS, OF GRADY, N. M., ACCOMPANIED BY HIS MOTHER, MRS. J. E. SIMS, ARRIVED IN LUBBOCK TUESDAY

Mr. and Mrs. W. I. Sims, of Grady, N. M., accompanied by his mother, Mrs. J. E. Sims, arrived in Lubbock Tuesday to visit at the home of his brother, J. W. Sims, of the Sims Meat Market, and to spend a few hours looking over the exhibits at the fair.

REVIVAL BEGINS AT THE NAZARENE CHURCH TONIGHT

Rev. and Mrs. H. C. Cagle, began a revival meeting at the Nazarene church here Monday evening. These evangelists are among the best in the South, and they urge the people of Lubbock to attend the services and learn more about the word of God. They are both interesting preachers, and you will be helped by attending every service.

MENNONITES ARE BUSY IMPROVING HOMES IN MEXICO

A team of slow, plodding oxen, hitched to the antique wooden plow competing alongside of a modern tractor turning with mechanical precision the furrows under three disc plows is the contrast to be witnessed at one of the most rapidly growing farm colonies in Chihuahua, Mexico.

Details of the flourishing Mennonite colony at San Antonio, Aransas, Chihuahua, were furnished by W. M. Sein, agricultural representative in charge of a large section in Chihuahua, with headquarters at Casa Grandes.

"The Mennonites have bought 200,000 acres in the San Antonio Aransas district," Mr. Sein said. "They are from the Manitoba and Swift Current settlements in Canada and came to Mexico in March. They now have 350 families and by winter will have grown to 1650 families.

"They are honest, industrious and sober. They are modern, practical farmers and handy in the use of machinery."

SHALLOWATER TAKES FIRST GAME FROM ABERNATHY

Friday Extra: The Shallowater Swatters took the first afternoon exhibition from the Abernathy Bulldogs in a slugfest yesterday afternoon, 19 to 2.

Gather for the Swatters, hurled excellent ball, holding the Bulldogs to two lone runs, while Hardesty was ineffective, allowing the Swatters an early lead. Errors were freely made from both divisions, being responsible for many of the runs made.

Ten runs were made by the Swatters in the fifth. They play Beeton today in the further elimination contest.

Warren Boyd sustained a broken arm in the contest. The score by innings: Abernathy010 001 0—2 Shallowater330 2(10) 0 1—19 Batteries—Casey and Bond; Galey; Gaither and A. Miller.

Mr. and Mrs. W. I. Sims, of Grady, N. M., accompanied by his mother, Mrs. J. E. Sims, arrived in Lubbock Tuesday to visit at the home of his brother, J. W. Sims, of the Sims Meat Market, and to spend a few hours looking over the exhibits at the fair.

MR. SEIN PREDICTED THAT THE MENNONITES WILL TAKE ONE OF THE BEST AGRICULTURAL SCHOOLS IN MEXICO SOON

"The Best Time to Fight a Fire Is Before It Happens." No matter where a man goes, his laundry mark is sure to follow.
