MARRS WANTS MORE MONEY FOR SCHOOLS

Austin, Sept. 30.—The next Legislature will be asked by S. M. N. Marrs, Democratic candidate for State Superintendent of Public Instruction, to supplement the state available school fund, Marrs declared today.

Marrs will ask for a supplementary amount sufficient to increase the per capita apportionment for schools for the present year from \$10 to \$14 he said.

Says I to myself, says I, the Avalanche is the paper to buy.

THAT FAKE CHARITY

The Red Cross work in Lubbock is a work that is most commendable and our people should be liberal in their support of it. Quit wasting so much money by contributing to "fake charity," and give your money through the medium of the Red Cross and it will do more good and not be wasted.—Lubbock Avalanche.

The collection hat is going around too often for charity in just about any of these cities. The average person does not object to giving some money for charitable enterprises, but he does like to feel that his contribution will go mostly for the purpose he gave it. Occasionally, one reads about investigations and learns that 40 to 60 per cent of certain gross contributions are given to the collectors and overhead expenses. Any such system as that is not just to the donor and will have a tendency to make people wary of many other worthy, charitable enterprises. The smaller cities generally have too much duplication of charity work. The overhead expense is too great. When people can be made to believe that 90 to 95 per cent of their contributions will go direct for charity, then they will be more liberal. The lid was turned on some of the charity work at the end of the war. It was an eye-opener to many persons to find that their contributions did not reach the original purposes announced. During the past year there have been charitable campaigns conducted in Amarillo. There have been field directors here and it is doubtful if the receipts were one-half of the overhead cost. The Red Cross is a mighty good local organization and can do charitable work in an efficient manner. Few contributions given to local Red Cross work will be wasted.—Amarillo News.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by soothing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup. The healing effect of Hayes' Healing Honey in the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough. Each remedy is packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES' HEALING HONEY.

"If Winter Comes"

Leaky pipes, bad plumbing or worn parts cause much unnecessary trouble and "mess" with the first freeze of winter.

LET THE PLUMBER WORK WHILE THE SUN SHINES

You can get a better job and get it done quickly and more cheaply if you will have your plumbing put in shape before bad weather.

JURY COULD NOT AGREE IN MRS. FLANAGAN'S CASE

Arlene, Oct. 1.—The jury in the case of Mrs. Lue Flanagan, charged by indictment with the murder of her husband at Tuscola, this county, was unable to reach a verdict and was discharged by District Judge W. R. Ely.

Leroy A. Howard, of Amarillo, was a Lubbock visitor Sunday and Monday. Mr. Howard is now practicing law at Amarillo.

HOW BETTER THAN PILLS?

The question has been asked—In what way are Chamberlain's Tablets superior to the ordinary cathartic and liver pills? Our answer is, they are easier and more pleasant to take and their effect is so gentle that one hardly realizes that it is produced by a medicine. Then, they not only move the bowels but improve the appetite and strengthen the digestion.

SLATON COMMERCIAL SEC. RETAINED ANOTHER YEAR

Slaton, Sept. 30.—At a meeting of the newly elected board of directors of the Chamber of Commerce held here Tuesday, Sam E. Stagg, the present secretary-manager was continued in service.

Boston bookkeeper went crazy over his monthly total. Now you know what a total wreck it is.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Lubbock. Whereas, by virtue of an execution Order of Sale issued out of the District Court of Lubbock county, Texas, on a judgment rendered in said Court on the 16th day of August, A. D. 1922, in favor of the Panhandle Construction Company, and against The Continental Commission Company, No. 1528 on the docket of said court, and to me, as Sheriff, directed and delivered, I did, on the 27th day of September, A. D. 1922, at 11:00 o'clock a. m., levy upon the following described tracts and parcels of land situated in Lubbock County, Texas, and belonging to The Continental Commission Company, to-wit: Lot No. 19, Block No. 104, original town of Lubbock, Lubbock County, Texas.

On the 7th day of November, A. D. 1922, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day, at the Courthouse door of Lubbock County, Texas, I will offer for sale at public auction, for cash, all the right, title and interest of the said Continental Commission Company in and to said property. Witness my hand, this 27th day of September, A. D. 1922. C. A. HOLCOMB, Sheriff of Lubbock County, Texas. 62-4F

MIDLAND CATTLEMEN BUYING COTTONSEED CAKE

Midland, Oct. 1.—Cattlemen of the Midland territory have been contracting for large shipments of cottonseed-cake during the last few days, due to the continued dry weather. The cattle all over the country are in fine condition, and it is the general desire of the cattlemen to keep them fat through the winter. Many feeders from the north are buying from Midland ranchmen.

CITATION BY PUBLICATION

To the Sheriff or any Constable of Lubbock County, greeting: You are hereby commanded to summon P. H. Eddy, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published herein, but if not, then in any newspaper published in the 72nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 72nd Judicial District, to appear at the next regular term of the County Court of Lubbock County, to be holden at the Court

Our word for it! You'll never know how delicious Corn Flakes can be till you eat Kellogg's

Positively—the most joyously good any-time-cereal any man or woman or child ever put in their mouths! Such flavor, such crispness! Such big sunny-brown Corn Flakes! How you'll relish a generous bowl-filled-most-to-overflowing; and a pitcher of milk or cream! Never was such a set-out! Never did you get such a universal vote as there'll be for Kellogg's Corn Flakes! Big folks and little folks will say "Kellogg's, please, mother!" Leave it to their tastes—and yours! Prove out all we say! For, Kellogg's Corn Flakes are a revelation in flavor; a revelation in all-time crispness! Kellogg's are never tough or leathery or hard to eat! Insist upon KELLOGG'S—the original Corn Flakes—the kind in the RED and GREEN package!

Kellogg's CORN FLAKES

Also makers of KELLOGG'S KRUMBLES and KELLOGG'S BRAN, cooked and krumbled

ASPIRIN

Say "Bayer" and Insist!

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-two years and proved safe by millions for Colds, Toothache, Earache, Neuralgia, Headache, Lumbago, Rheumatism, Pain, Pain. Accept only "Bayer" package which contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottle of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylic-acid.

In all malarial countries the popular remedy is Herbine. People find it a good medicine for purifying the system and warding off the disease. Price 60c. Sold by City Drug Store.

Immigration of the Foreigners Will Soon Become a Menace

America is a pretty good place in which to live and the people of the United States, for the most part, are cultured, law-abiding and progressive. Even though large numbers of

MOTHER!

Move Child's Bowels with "California Fig Syrup"

Hurry mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

them are the children of immigrants within the last forty or fifty years, and very many of them were born in foreign countries, there is no need as yet to fear the "menace of alien population."

But the alien population is quite large enough and it is about time to call a halt, else a real menace may appear. Within the last few years many false doctrines have gained wide circulation among that class in Europe most given to emigrating and they are not needed and not wanted in this country.

The alien population is given to herding in the cities. New York counts three-fourth of her people foreign born, and Chicago nearly that number. Rhode Island has the largest census stock, the census report placing it at 69 per cent, and Massachusetts comes second with 66 per cent. Others following close are: North Dakota and Connecticut, each 65 per cent; Minnesota, 64 per cent; New York, 62 per cent; Wisconsin, 59 per cent, and New Jersey, 58 per cent.

As compared with other parts of the country, the South has a very small foreign population. The Manufacturers' Record notes that the total for the South, including Missouri, Oklahoma and Texas, is only about 8 per cent as against 48.2 per cent in the rest of the country. North Carolina, which has only seventeenth of one per cent of foreign stock, is one of the most prosperous states of the Union, developing industrially, commercially and ably one of the most law-abiding states, and has a splendid educational system. The menace of foreign population is not in the present, but in the future if immigration be not stopped, or at least rigidly restricted. Fort Worth Record.

Ease the pain of a rheumatic attack by rubbing application of Ballard's Snow Liniment. It relieves tenderness and strengthens the joints. Three sizes, 30c, 60c, and \$1.20 per bottle. Sold by City Drug Store.

See O. W. Jolly for the best grade Auto Tops. 57-1f

THE TONGUE

Most of us need a "neck yoke" with which to hold up the tongue. The tongue is a little member but "plumb active."

The tongue is a "skittish" member and hard to get the halter on.

The tongue is one of the concealed members of the body, but an untiring worker.

The harm we do by the wrong use of our tongue is greater than the harm which we do by the act of the life, or the thoughts of the mind, hence the great book warns, "by thy words thou shalt be condemned."

We all talk too much! In this day of extravagant speech, wild rumors and multiplied scandals, we should not believe one-fifth of what we hear and not half of what we see.

Perpetual motion has never been discovered, anywhere except in the mouth.

Some people break every law of union, organized labor, when it comes to conversation.

Some people talk so much that they are out of "frill" and fringes and furbles to what they are repeating before they are conscious of what they are doing.

"He that repeateth a scandal," says the big Guide Book, "is a fool." Fool in the sense that is used here, does not denote a lack of sense, but a lack of conscience.

In other words, to translate this old aphorism into United States English it would read, "He who repeats a scandal is a rascal."

Down at the bottom of every neighborhood feud is a long, long, ungodly tongue.

Down at the bottom of every divided home there is a long, ungodly tongue.

The tongue is a little fire, but often the necessary spark in shavings and coal oil and gasoline.

Old Mr. Suspicious launches at sunrise a surmise regarding some man or woman or child, and a thousand "repeaters" take that surmise and roll it through "babble-town," and by sundown it is a "black, ugly, damnable, mountain" of fact, that crushes a man, a woman, a child, or a home. The "tongue-waggers" are like the dogs in the parable of the rich man. They go about "licking the sores" of the race.

The tongue waggers are like the "hell hounds" of which Milton so vividly writes in "Paradise Lost." When the church baptizes its can-

didates, some sprinkle the water on, some pour it on, some put the candidate clear under, and some bury him three times, face foremost.

Whoever saw a baptized tongue? Usually the tongue and the pocketbook come out unregenerated and dry.

DEPUTY SHERIFF WOUNDED IN FIGHT AT PARADE'S END

Panhandle, Texas, Sept. 30.—Verne Armstrong, deputy sheriff, who was stabbed last night during a parade of the Ku Klux Klan here, was resting well this morning, physicians said.

The stabbing occurred shortly after the Klansmen, 172 strong, had passed through the principal streets. The sheriff and Armstrong were regulating traffic. A number of automobiles were following closely behind the Klansmen and it was said, were blocking traffic. Armstrong stopped a car and demanded that it go some other way. A man is alleged to have jumped out of the car to protest the action and in the quarrel that followed Armstrong was stabbed.

An arrest was made in connection with the affair.

There was said to have been no protest to the parade of the Klansmen, and it is declared the sheriff and his deputies were there only to regulate the traffic. Approximately 1,000 persons witnessed the parade.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

HONEY CROP OF TEXAS IS SHORT, DUE TO DROUGHT

Austin, Texas, Sept. 30.—The effect of the continued drought on the honey crop of Texas is apparent in the September first conditions report which estimated that the yield of surplus honey per colony to that date in Texas is but 22 pounds against last year's 50 pounds.

"This is all the more serious," says the report, "when it is considered that as a general rule 85 per cent of the Texas honey crop is produced by this time of the year. The condition of the colonies is about the average, 84 per cent normal, but condition of Fall honey plants, brought about by the drought, is only 48 per cent normal, as against last year's 65 and the five years average of 67 per cent."

Piles Cured in 6 to 14 Days

...gists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding or protruding Piles, surely relieves itching Piles, and you can get relief soon after the first application. Price 50c.

CALOMEL USERS TAKE AWFUL RISK

Very Next Dose of Treacherous Drug May Start Terrible Salivation

The next dose of calomel you take may salivate you. It may shock your liver or start bone necrosis. Calomel is dangerous. It is mercury, quicksilver. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tonic which straightens you right up and makes you feel fine. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate. 11-4

FORGED SIX CHECKS ON PLAINVIEW FIRM

Five bad checks were cashed by the merchants of Plainview Tuesday afternoon, all made out to the same person and each in the sum of \$16. They were made out on the checks of the South Plains Monument Company with a check protector and signed with D. H. Collier's name. Carter-Houston, Jacobs Bros, A. L. & K., and Price & Son, were the merchants who cashed the checks.

Marvin Collier had come down to the office in the morning and had opened the safe and had left the check book out. While he was gone to the postoffice, it is supposed that the forger did his work. He tore out two leaves, containing six checks and made each out in the sum of \$16. This was some time in the morning and the checks were not cashed until between 5 and 6 o'clock in the afternoon.

Charles Reinken became suspicious and refused to cash the check presented to him and went up to Car-

A SIN TO LET HAIR FALL OUT

35c "Danderine" Saves Your Hair—Ends Dandruff! Delightful Tonic

Hurry! It's your duty. Each day you see a little more hair falling out and you are making no effort to avoid baldness. What a pity. Falling hair means your hair is weak, sick, possibly dandruff is strangling it, or the hair root pores in the scalp are not firm and tight, thus wasting the hair-growing oils.

Danderine almost instantly stops falling hair of men and women and cleans every particle of dandruff away, then the hair takes on new life, vigor and strength to grow strong, thick and long.

Danderine is delightful—not sticky or greasy. Go to any drug store now and get a bottle. Use it. Have healthy, heavy beautiful hair and lots of it.

of September, A. D. 1922.
C. A. HOLCOMB,
Sheriff of Lubbock, County, Texas.

THINGS TO REMEMBER

Advertisers, contributors and all parties interested in the Avalanche please remember these things: We print the Tuesday Avalanche on Monday, press hour, 3:30 p. m. Friday Avalanche on Thursday, press hour 3:30 p. m. Please have copy for local notices in not later than noon Mondays and Thursdays. Ad changes and copy should not be later than 8:00 a. m. Mondays and Thursdays. It takes a schedule like this to get your ads in the paper in good shape, and helps us give our readers better service, which means that the paper will be of better service to you, which we earnestly desire it to be. We do not want to be exacting but we must demand some things of you, if you expect us to come up to the notch.

IMPROVEMENTS GO STEADILY ON

The old adage that it is "always quiet after a storm" failed to ring true in the case of the cessation of the Great South Plains Fair here Saturday of last week, after three days of merriment in which tens and twenties of thousands of people participated, as after the visitors had departed for their homes, the same crowds thronged our streets daily. Farmers with their cotton, livestock dealers with their cattle, sheep and hogs, and last but not least, poultrymen with their flocks to be placed on the markets keep the town just about as busy as during the fair days, with our business men enjoying a turnover of stocks never realized before in Lubbock, and hopes for continued prosperity remain high.

The fact that the Santa Fe Railroad was obliged to place a switch engine on the local tracks two weeks ago which shall be kept here until the rush is over is an indication of renewed activity on the part of shippers from this territory, and as the money put in circulation after the sale of these products is brought back here, the pessimist and grouch are having to hunt more healthful climates for their kind.

Lubbock business men realize what they are doing in the erection of the splendid structures which are adding so much to the appearance of the town. They have analyzed the possibilities of the Lubbock trade territory, and their investments are not to be looked upon as "guesses" at future conditions, but upon a close, cold estimate of those possibilities, which have inspired their confidence and prompted them to act as they have, for which these buildings stand as evidence of their high ideal of Lubbock as a city and the surrounding country as a trade territory.

The writer does not hope to gain a place as a financier, and would not look upon the future possibilities of Lubbock and the Plains from our own viewpoint with the confidence we do if we were left to our own judgment for a verdict, but with business men of reputation in Lubbock and West Texas gazing upon the future with enthusiasm and confidence, we feel that their attitude toward the possibilities here may be taken as a telescope through which to let our vision be directed.

Yes, Lubbock is still growing. The fair and its thousands of optimistic visitors have shown us a few things about the Plains undreamed of heretofore, and with wider vision, renewed hopes and expanded confidence the business men of Lubbock are again at their places of business awaiting the coming of any opportunity to advance the interests of Lubbock and the Great South Plains.

The possibilities of Lubbock and the Plains are akin in magnitude, and similar in more than a few ways, in that the self same people shall develop both the city and the country, and the development of one is food for the development of the other, and a spirit of co-operation unknown in other sections predominates here, and hand in hand the peoples of this great country are working faithfully and incessantly for the development of the Plains and Lubbock, "the Hub."

Estimate of Cotton Crop in the United States 440,000 Bales During Period from Aug. 25th to Sept. 25th

Washington, Oct. 3.—A reduction of 440,000 bales during September in prospective cotton production this year was shown in the Department of Agriculture's forecast issued today placing the crop at 10,135,000 equivalent 500 pound bales. The decline in the condition of the crop from August 25 to September 25 was 7.0 points, compared with a ten-year average decline of 5.8 points. The loss in prospective production during the month was heaviest in Texas, where a reduction of 232,000 bales was shown. In Oklahoma the reduction was 85,000 bales; in South Carolina 67,000 bales; Georgia 58,000; North Carolina 20,000; Tennessee 10,000 and Louisiana 7,000. An increase in the forecast of production was shown in Mississippi where the prospective is estimated at 26,000 bales more than in September. In Alabama there was an increase of 17,000 bales, while in Arkansas and Missouri there was an increase of 6,000 bales each. There was a decline of 7.0 points between August 25 and Sept. 25. The conditions of the crop Sept. 25 and the forecast of production (in

thousands of bales) by states follow: Virginia condition 63 per cent, forecast 22; North Carolina 59 and 730; South Carolina 38 and 620; Georgia 37 and 910; Florida 55 and 25; Alabama 55 and 843; Mississippi 54 and 1,018; Louisiana 53 and 407; Texas 52 and 3,412; Arkansas 57 and 975; Tennessee 56 and 268; Missouri 70 and 82; Oklahoma 62 and 421; California 80 and 810; Arizona 80 and 51; all other states 85 and 23. The condition of the crop, September 25, which was 50.0 per cent of a normal, indicating a yield of 139.2 pounds of lint per acre.

2 CLOVIS OFFICERS HURT BY ACCIDENTAL FIRING OF GUN

Clovis, Oct. 2.—Roy Roberts, special agent for the Santa Fe, and Scott McDowell, a United States marshal, are both in the hospital here today with bullet wounds received at midnight Saturday night when Roberts' six-shooter was accidentally discharged. The two men were pushing a Ford car in an effort to start it when Roberts gun slip-

WILL LUBBOCK SUPPLY A GREAT SCHOOL NEED?

That there is a great need for a Junior College in this part of the State is not questioned, and the greater wonder is, that this need has not been supplied before this, but it seems that the idea of doing so has escaped the minds of most everyone, except Prof. M. M. Dupre, superintendent of the schools of the Lubbock Independent School District. Prof. Dupre is one of the foremost educators of the State, and he gives matters pertaining to education much thought, and his many years of experience gives him a basis from which to make his calculations that are unquestionable. He has, for the past few years at least, realized the great need of a junior college somewhere in this great Western country, where high school graduates can get two years of junior college work, without having to be sent away to other States or other sections of the State. He has it figured out that this proposition can be put over in Lubbock and that, without much opposition, and can be put in operation without costing the people of this section any great amount of money. He figures that with the completion of the new High School building that this junior college course can be put in the high school building, where it can be operated successfully for possibly three to five years, as in the building of the new high school building they have had in mind the future of the school demands, and will have room for some time for the school to expand, and if the course is successfully carried on for a few years, there is no question that its future will take care of itself. Mr. Dupre figures that taking as a basis the sixty-five freshmen that left Lubbock this year for colleges in various places, that we send away at least \$40,000 a year for college expenses that could just as well be kept in Lubbock, and aside from that, if the school was established here that we would draw more than that many or possibly several times that many from other South Plains towns which would run the sum of money up into very large figures, and the teachers could be secured at a very small cost taking into consideration the amount of money it takes to send children off to school.

We believe that Prof. Dupre's idea should be given much consideration and that the people of Lubbock get in behind him in the matter and let Lubbock have the first junior college school on the Plains of this kind. Lubbock is the place for it, and this will not be successfully denied, and we are of the opinion that the sooner we get at this the better. We should not let this matter be sidetracked. The Avalanche has given publicity to the scheme, and if we do not take to it no doubt some other towns will be working on the proposition and will beat us to it if they are real active, and have the right kind of influence with the State Board of Education, who will be co-workers in the plan.

There is some mighty good work here for some of the organized bodies in this city, and we will be disappointed if some of them do not hop on to it right away, and put it over in good style.

DEVELOPMENT OF THE SOUTH PLAINS REALLY WONDERFUL

A speaker at the Rotary Luncheon last Wednesday, who was here in connection with the State Experimental Station work, stated that the development of the South Plains was nothing less than marvelous to him. Even within the short space of a year he noted that development had been wonderful, and far beyond the expectation of one who had noted the conditions a year ago, and then find them as they are today. He seemed to be of the opinion that this section of the State was going to be the future cotton producing section, in as much as cotton had proven itself highly drought resisting. And even though this section might not produce as much per acre (and we believe one year with another it will produce as much) the farmers can cultivate and gather twice as much as they can where it rains more frequently and the grass grows and the boll weevils strike occasionally, and for this reason he believes that this section will be producing the cotton of the State within a few years. He stated that he had no idea that the cotton acreage would ever reach the amount that it is this year, and was greatly surprised to see the number of gins running at full speed in every town, and sometimes three or four gins in a town of less than two thousand population. He reasoned that great care should be exercised in the selection of planting seed for cotton, that the same variety in East Texas would not be adapted to this climate. This precaution alone would prove very profitable to the farmers who are raising cotton in this section.

ped out of its holster and fell to the pavement. The bullet passed thru Roberts' ankle and struck McDowell in the upper portion of the right leg ranging upward. Frobong failed to locate the bullet in McDowell's thigh last night and an X-ray will be made. He is not considered in a dangerous condition. Both men are a portion of patrol of special agents, and United States marshals stationed here as additional peace officers incident to the strike situation. Both are local men.

ABILENE MAN PRESIDES OVER BOARD MEETING

Austin, Oct. 3.—Final report and recommendations for improvements of the higher educational system of Texas are being prepared by the higher educational survey commission provided for by the last legislature, in session here today. Recommendations of the committee will be presented to the next legislature. Dr. O. H. Coppes of Abilene is the chairman of the commission.

Mr. C. C. Whipp, of Balmorhea, son of Mrs. Ollie Whipp of this city, arrived in Lubbock last week, and will spend some time visiting at the parental home. Mr. Whipp formerly resided in this section, having been away for the past six years, and had many complimentary things to say about the improvement shown in Lubbock and surrounding territory during that time.

KANSAS CITY MARKET

Kansas City Stock Yards, Oct. 2.—Today's receipts 42,000 cattle and 10,000 calves were the largest on any Monday this year, and because of the heavy run trade was rather slow on starting. The few good to choice fed cattle offered held steady, and practically all other classes developed a decline. However there is an enormous demand and the general market shows no indication of being glutted. Hog prices held steady with Saturday with trade active. Lambs were weak to 25 cents lower and sheep about steady.

Today's Receipts Receipts today were, 42,000 cattle, 10,000 hogs, and 14,000 sheep, compared with 36,500 cattle, 8,000 hogs and 10,000 sheep a week ago, and 36,600 cattle, 6,150 hogs and 15,250 sheep a year ago.

Beef Cattle The bulk of the cattle here today came from the big pasture sections and they sold down 15 to 25 cents. Well-wintered, summer grazed steers were weak to 15 cents lower, and full fed steers were scarce and steady. The early trade was delayed some by late trains; but once started killers bought freely. There was a fairly good demand, and canners and cutters were in liberal supply and sold lower. Many ranching sections are making the final cleanup for the season, and that accounts for the large run of thin cows. Veal calves were 50 cents lower and heavy butcher grades off 25 cents.

Stockers and Feeders A large number of country buyers were here today and the general indications are that trade in thin cattle will remain large. Prices for choice kinds were steady and the plainer kinds were off 15 to 25 cents.

Hogs Though more Eastern markets reported a decline in hogs, prices here were fully steady with trade active. The top price was \$10 and the bulk of the offerings sold at \$9.65 to \$9.95. Pigs sold up to \$9.85. The general tendency in the market is to reduce the price spread. Choice hogs in all weights under 240 pounds are selling at a 15 cent range.

Sheep and Lambs The various markets reported the largest supply of sheep this season, and prices were quoted lower. Here lambs were off 15 to 25 cents and sheep nearly steady with last week. Choice lambs sold at \$13.75 to \$14, and fair kinds at \$12.25 to \$13.70.

Horses and Mules Trade in horses and mules showed no new feature. Prices remained steady.

CHAS. M. PIRKIN, Market Correspondent.

The Dorcas Class of the First Baptist Church will hold a food sale, Saturday, Oct. 7, at Rix Furniture Company. 64-1

"The Best Time to Fight a Fire Is Before It Happens."

YOUTH IS KILLED BY AIRPLANE PROPELLER

Waco, Oct. 3.—Donald McAtee, 17 year old son Mr. and Mrs. J. A. McAtee, of this city, was killed here shortly after noon Monday when he was struck by the propeller of an airplane. His skull was crushed and he died thirty minutes later. The plane, property of Henry Mistrot, also of Waco, was being repaired by the owner at the landing field west of Waco and young McAtee was helping when he accidentally came in contact with the propeller.

12-YEAR-OLD DAUGHTER OF J. F. NIXON IS DEAD

Audra, 12-year-old daughter of J. F. Nixon of Antelope, died at Roaring Springs about one o'clock Monday morning of this week after a brief illness. The little girl's remains were brought to the Lakeview cemetery Monday afternoon for burial. Services at the funeral were conducted by Elder J. E. Denton of Cone. The Nixon family were picking cotton at Roaring Springs when the child became ill.—Floydada Hesperian.

"DOUBLING FOR ROMEO"

In "Doubling for Romeo," Goldwyn's latest screen comedy, Will Rogers is cast as an Arizona cow-puncher who goes to Hollywood to learn how love is made in the movies. His adventures as a "double" for the villain will keep you roaring with laughter. The picture is one of the most original comedies we have ever shown and Will Rogers does the finest work of his career. "Doubling for Romeo," Goldwyn's latest comedy, was written and produced with no other purpose in view than to inspire violent laughter. It is a lively and delicious satire on movie studios and movie people; it exposes the inner working of a studio lot in full blast; it is a delightful burlesque of Shakespeare's "Romeo and Juliet," and it presents Will Rogers with the funniest role of his life. You must not miss "Doubling for Romeo," here at R. & R. Lindsey Theatre, Friday, only.

"The Best Time to Fight a Fire Is Before It Happens."

John J. Butler was killed while shaking a rug. Show this to your wife next time.

FREE BARN PLANS

The Gothic roofed barn represents the best practice of America's foremost barn architects.

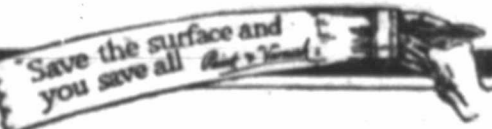

The rapid rise in popular favor of these handsome barns is due entirely to their superiority over older types.

Our Gothic barns are always the most talked of in any neighborhood—people come miles to see them—and they resolve that they will have one too.

Easy to build, strong and handsome. We furnish complete plans—see them at our office. You add more to the value of your farm than the barn costs.

Fire is Remote—
 Decay is certain—

INSURE

with *Pee Gee* Mastic Paint

Decay is constantly at work. It begins with little specks of rust—a rotted spot—perhaps a crack that exposes the wood to the elements—but decay once started spreads rapidly.

There is only one way to prevent this destruction—the timely use of Paint and Varnish.

Pee Gee Paint Products have "Saved the Surface" for over fifty-five years. They will prove to you the best and cheapest insurance against wear and weather.

For house exteriors Pee Gee Mastic will give longest service at lowest cost. It is an absolutely pure, double pigment paint, containing a high percentage of ZINC ground in genuine linseed oil, and therefore has greatest covering capacity and durability. It adds to the looks and life of your property and is the most economical paint for you to use.

For every surface that needs protection, whether wood, stucco, brick, cement or metal, specify

City Drug Store's Booth at the Fair Was a Credit to Lubbock and the Fair— A Product of Great Skill and Effort

The Avalanche city editor regrets very much that in writing up the industrial building at the fair and giving accounts of the various businesses represented that though the City Drug Store, one of the busiest and most progressive firms in Lubbock, had a splendid booth in that building, an oversight on our part resulted in our failing to give them credit for the effort, time and money spent in arranging the booth, which was indeed a credit to the fair and to Lubbock.

Ralph Carpenter and Floyd G. Saddler were responsible for the well appearing booth, and we are glad to give those energetic fellows credit for the excellent arrangement made in displaying the commodities sold by the City Drug Store.

The booth was typical of the window displays of the firm, and after

inquiring as to who arranged it, we learn that Messrs. Carpenter and Saddler exercised the same skill in its making as employed in arranging the show windows in front of the City Drug Store on 12th Street.

The daily papers put out during the fair taxed our every minute, but we will not try to make any other explanation of the leave out than that it was a gross error on our part, which we regret more than any one else.

The City Drug store is one of the firms in Lubbock of which all acquainted with the management and employees will certainly be proud to recognize, and in failing to make notation of their booth at the fair we failed to take advantage of an opportunity to boost the South Plains Fair Association as much so as that firm itself.

J. C. WITT WILL GATHER 7 BALES FROM 18 ACRES

J. C. Witt was here Wednesday morning with another bale of cotton from his fine farm three and a half miles south of the city.

No doubt, excepting of course the crops on the Agricultural Experiment Station, Mr. Witt has enjoyed better production this year than any other farmer in the county, as from only eighteen acres of cotton the yield will be between seven and eight bales, the good yield being the result of a thin stand and each stalk was permitted to grow its full size in spite of the dry weather. Other fields of cotton on the same farm, worked by another party, which was planted a great deal thicker, is producing much less per acre, the dry weather and thick stand having conflicted.

Mr. Witt is proud of the yield of his crop this year, and is of the opinion that the plains cannot be equaled as a farming section.

See O. W. Jolly for the best grade Auto Tops. 57-4f

BREAK A COLD IN FEW HOURS

"Pape's Cold Compound"
Acts Quick, Costs Little,
Never Sickens!

Every druggist here guarantees each package of "Pape's Cold Compound" to break up any cold and end gripe misery in a few hours or money returned. Stiffness, pain, headache, feverishness, inflamed or congested nose and head relieved with first dose. These safe, pleasant tablets cost only a few cents and millions now take them instead of sickening quinine.

FLOWERS FOR THE LIVING

If with pleasure you are viewing any work a man is doing, If you like him, or you love him, tell him so;

Don't withhold your approbation till the parson makes oration, As he lies with snowy lilies on his brow.

For no matter how you shout it, he won't care a darn about it, He won't know how many tear-drops you have shed;

If you think some praise is due him, now's the time to slip it to him For he cannot read his tombstone when he's dead.

More than fame and more than money is the comment kind and sunny And the hearty warm approval of a friend;

For it gives life a savor, and it makes you stronger, braver, And it gives you heart and spirit to the end.

If he earns your praise bestow it, Let the words of true encouragement be said;

Do not wait till life is over and he's underneath the clover For he cannot read his tombstone when he's dead.

—M. Lou Ware.

SLATON CITY HALL IS NOW UNDER CONSTRUCTION

Walter E. Taylor, of the Taylor & Peters firm, architects, went to Slaton the first of the week to inspect the city hall building which is under construction there, plans for which were made by his firm.

He declares the work progressing far better than was expected, with all material for the completion of the job on the grounds.

When completed, he declares, the Slaton city hall will be one of the most magnificent structures in West Texas.

F. S. Yanicky, of the M. E. Lawrence Paint Company, who was operated on for appendicitis Thursday, September 22, was able to be out again Wednesday, and will be back at his work before many days.

Florence Walls of Lubbock, is visiting her daughter, Mrs. John Sechrist.—Desdemona Gusher.

Oh, what is so rare as a quiet day in Ireland?

SLIDE NEWS ITEMS OF THE PAST WEEK

Everybody started to work Monday after the fair.

Floyd Harrist took his second bale of cotton to town Monday.

Mr. Staggs' relatives from Slaton and from Post City visited him and his family Sunday.

Mr. Copeland's relatives from Dalou spent Sunday with his and his family.

H. T. Bateman and wife were trading at Lubbock Monday.

There was a singing at the home of Mr. and Mrs. A. L. Burdett Sunday night. A nice crowd was present and did some fine singing and all report a fine time.

The people of this community were well pleased with the fair. They won fifth honors on the community booths. They are going after first place at the fair next year.

Mr. J. B. Stanford and family visited relatives Saturday night and Sunday.

Miss Bertha Robinson and father and Bob Murphy, and another gentleman (we failed to learn his name) all from Ropes, attended the singing at Mr. Burnett's Sunday night.

Little Saul Mabray spent Sunday night with Barnie Davis.

Mr. Joe Akard and wife from East Texas came in the latter part of the week to visit Mrs. Akard's relatives here and will make this their home for another year.

Mrs. Keen from Quanah, Texas, came Monday to visit her daughter, Mrs. Tom Hughes for a few weeks.

B. T. Sumner and wife, and Lonnie Williams were in town Monday transacting business.

H. T. Bateman purchased an Overland car while in town Monday.

Sam Moore was seen shopping in Slaton Tuesday morning.

R. A. Weismus took his first bale of cotton to Lubbock Monday morning.

Little J. W. Smith, returned home Friday afternoon after spending a few days with his grand parents of this place.

J. E. Richardson of Woodrow Community was trading at Slide Monday.

Mr. Tom Hughes and Joe Akard visited Slide Monday night and purchased some estates for the benefit of the hands picking cotton.

Mr. J. T. Staggs is working near Lubbock this week. Mr. Staggs has the advantage of most farmers as he can do carpenter work as well as farm work, so he can keep busy most all of the time.

H. J. Davis had a hog killing Monday evening as he got hungry for hog meat and killed a mighty good one.

SHALLOWATER NEWS OF THE PAST WEEK

The big South Plains fair of 1922 is a thing of the past. Of course we were all there just like we said we would be and just let us tell you, we got our share of the ribbons. The booth was given first place among the community booths. Our ball team won the loving cup which was presented by the Chamber of Commerce. We know we only played one game. But that was not our fault. Every one of the boys would much rather played if the other team would have been square.

Ina Redwine and Marie Kincaid received several blue ribbons each, on fancy work in the girl's department. Among the ladies to receive ribbons, which of course were blue, were Mrs. J. H. Roles, Mrs. Bowles, Miss Katie Bell Crump. Mrs. Roles was on fancy work, Mrs. Bowles on home cured meat and canned goods, Miss Katie Bell Crump on canned fried

chicken; Mrs. W. O. Sheely received a nice collection of ribbons on her chickens. Mr. Hooper won out on his tomatoes and cotton. We are sure there are others from this community that received their share of the prizes but as the writer has had an extra busy week we have failed to learn of any others. We are sure everyone is well pleased with the fair and all expect to be there bigger and better next year.

Mrs. J. M. Wright, Mrs. Seland and children, Mr. and Mrs. Paul Wright drove to Dimmit Thursday

afternoon, returning home the next afternoon. Mr. Irland and the Jeff Hardy family returning with them for an over Sunday visit with relatives and friends at this place.

There will be a box supper at the school house Saturday evening the proceeds will go to the baseball team to help pay expenses. Ladies bring boxes. Men bring your pocketbook with lots of money in it.

Paul Wright is putting in a barber shop in the front of L. E. Baker's store.

Sunday afternoon the singers of

Groeville, Hardy, Caudwell, County Line, Carlisle and Shallowater will meet at Shallowater to organize. A big time is expected and everyone is invited to come out and help sing.

The new officers were elected for the Sunday school last Sunday: The following were elected: W. A. Sheely superintendent; T. C. Calley, assistant superintendent; Bertha Hooper, secretary; C. Symes, teacher for Bible Class; Mr. Roles for class No. 2; Miss Richard for class No. 3; Mrs. Symes for class No. 4.

DODGE BROTHERS BUSINESS SEDAN

With this car, Dodge Brothers have literally created a new type of sedan.

They have combined open car ruggedness with closed car protection and smartness.

They have demonstrated, once for all, that a sedan can be as practical and almost as inexpensive as an open touring car.

The body is built of hand-welded steel because steel is sturdy, and will take a permanent, oven-baked finish, eliminating forever the cost of repainting.

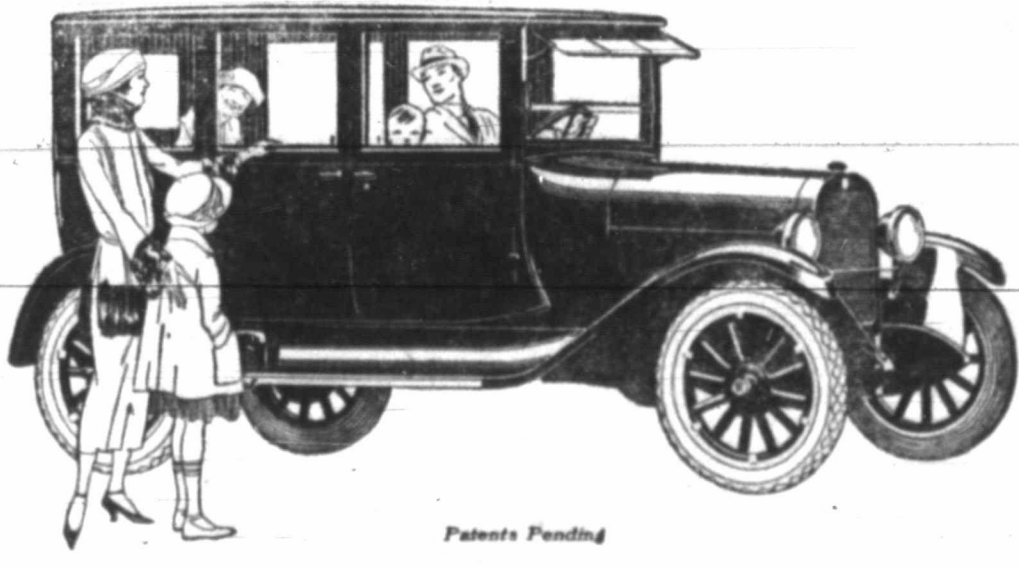

The seats are upholstered in attractive, genuine Spanish blue leather, because leather will wash and wear.

To further enlarge the car's usefulness, the rear seat, back and side cushions, seat frame and foot rest are quickly removable, giving sixty-four cubic feet of flat loading space in the rear compartment. The manifold uses made possible by this unique feature are readily imagined.

The top and rear quarters are of non-rumble, fabric construction, conforming with the present attractive vogue. From cord tires to curtain cords, the fittings, inside and out, are distinctive and complete.

In fact, every detail of the car emphasizes its striking adaptability to business as well as social use.

Local Architects Have Made Plans For Orphans Home

Walter E. Taylor, of the Taylor & Peters Architect firm, returned Saturday from a trip to Dallas and Fort Worth, where he made many investigations of orphan home construction with the hopes of obtaining valuable information to be used in drafting plans for the Swinney Orphan Home, which it is hoped will be built here.

The most valuable information Mr. Peters was able to gather while on this trip was from Mr. Fletcher, director of the State Masonic Orphan Home at Fort Worth, Mr. Fletcher being credited for being authority on orphanage arrangements, was able to give Mr. Taylor the latest ideas on modern construction, which, together with what other information was available, he has pooled in a design for the proper authorities for the orphanage to be constructed here, which is complete in every detail.

The plans Mr. Taylor has made embody the very latest designs in orphanage construction, and from all appearances will certainly meet with the requirements of the authorities.

Mr. Swinney is having these plans made preparatory to presenting them to the public.

fifty thousand dollars, and will, if the architects plans are followed as presented to Mr. Swinney, be one of the most up-to-date and convenient Orphan Homes in the State when finally completed.

TO ORGANIZE THIRD MASONIC DISTRICT

Amarillo, Oct. 3.—Dr. Frank Johnson of Brownwood, grand master of the Grand Lodge of the Texas A. F. & A. M., will speak in Amarillo Thursday night when the third Masonic district of Texas is to be organized.

The third district will include 26 Panhandle counties and a large attendance is expected at the meeting. Grand Master Johnson will deliver an inspirational address and Wilbur Keith of Dallas, executive secretary of the Texas Masonic Service Association, will accompany him here.

Conley Dry Goods Company Moving Into New Building

The Conley building at the corner of Broadway and J is the scene of much activity, as the large Conley stock of dry goods is being put in place in the many departments. The

Mosquitoes Are Charged With the Dengue Fever

Washington, Oct. 3.—Dengue fever, mosquito borne disease of warm climates, has occurred in so many States in the South as to constitute an epidemic, it was stated at headquarters of the Public Health Service today.

South Carolina, Georgia, Florida and Texas are the chief sufferers, according to incomplete figures gathered by Federal health officials. No efforts are being made to establish a quarantine against the disease.

"Dengue is not a disease which lends itself to quarantine measures, first because while causing a great deal of inconvenience and suffering it is not particularly dangerous to life; and second, because of the fact that the mosquito which transmits it is so common and so hard to destroy that the expenditure of time and effort involved would, as a rule be out of all proportion to the good which might be accomplished," Surgeon General Hugh Cummings explained. "Anti-mosquito measures are the only way of abating the disease."

Public Health Service officials were inclined to believe that autom-

Second Publication

Another Next Month

Happiness in its fullest measure cannot be found in any one thing we have or can gain.

The enrichment of a noble name or the wealth that may come is fortunate.

The smile and handclaps of a dear friend, the little things that entwine themselves about a healthy life are supreme joys, but the cup is never filled until we have a heartful of goodness that carries us outside ourselves, and with that covetous desire to make the world better and happier.

The more happiness we give the more we have left.

—ROSS EDWARDS.

BARE FACTS ABOUT DRESS

(Continued from last month)

In our last month's publication we told you the "bare facts about dress" and discussed the first fashions along about the time of old Father Adam was parading around the Zoological garden in a pair of leaf britches. We showed you the changes of styles and development of the tailors art from the time he wore the proverbial smile until he was seized with a fit of modest pride and shied around behind the peach orchard until a tailor could stitch enough fig leaves together to warrant his appearance at the regular Wednesday night prayer meeting.

"PRETTY MEN"

We haven't much use for him—not that we are jealous or envious, but he wears such extreme styles and buys such shoddy materials just to off-set his "beauty."

We can take the most homely and honest-to-goodness ugly man in Lubbock county, with a form that would make a camel blush with pride and fit him in an all-wool, well-tailored conservative made suit of clothes at prices that are below competition, and make out of him the kind of man we like—prosperous-looking, really well dressed man.

Why The Leader Has Just One Price

You can send your little boy or girl down to The Leader to buy anything you might need and be assured that they will not be charged more than the shrewdest buyer in the city—because it is a strict policy of The Leader to make but one price, make it a low price and stick to it. Of course we could mark our goods high and sell them a way under the marked price and some people might be more eager to buy, but, we don't believe in doing business that way.

Everyone who has seen our Men's Clothing agree that it is the best values since the war.

Just received a new lot of Stetson Hats.

The tailors worked good and hard at this leaf business for some time but their work didn't seem to stand the strain of such hardy sports. The stitches were always pulling through and oftentimes in their wrestling matches down at the gymnasium, whole suits would get torn up. This of course reflected much on the goods and workmanship of the tailors and they received many kicks, as well as a few complaints on the style and fit.

The master of these goods soon realized that this would not do

(Continued on page two)

E. YAGER HERE TO OPEN EXCLUSIVE SHOE STORE

C. E. Yager of the Yager Shoe Company, of Abilene, arrived in Lubbock Monday to rush work on a store building on Broadway, formerly occupied by Hunt's Grocery.

Mr. Yager will be in charge of the Lubbock house, and his coming is mainly adding another substantial store to Lubbock.

Mrs. Yager and children will leave Sunday by automobile for Lubbock, by which time Mr. Yager will have a home prepared for them.

The Yager company will handle shoes exclusively, this being the only one of its kind in the city, and the reputation of the proprietors and the genuine possibilities for such business here, its success is assured.

In speaking of Lubbock, Mr. Yager declared that this is indeed the rising city of West Texas, and we see with him that the business use that gets on the ground floor of this city is taking advantage of opportunity no other town in the state affords, as with our agricultural possibilities barely under way development, the Lubbock of a few years from now will be a city second to none in the State.

The Avalanche is glad to welcome new business men to Lubbock so are coming here to cast their lot with the fortunes of the Plains, and congratulate them for the good judgment exercised in coming to Lubbock.

Mr. Yager hopes to be ready for business by the first of next week.

KER-HEMPHILL COMPANY MAKING READY FOR OPENING

H. L. Price and family of San Angelo arrived in our city last Saturday and the first of the week established permanent residence here.

Price who has been with this company in San Angelo since its organization 14 years ago will be manager. Tuesday morning penters were put to work on the prior of the Temple Ellis building making ready for the occupancy Lubbock's newest Dry Goods store.

Mr. Price says that with good luck they will be open for business between the 15th and 20th of month.

Others coming from San Angelo are the Baker-Hemphill Company S. A. Wells, advertising manager, also employed in the Men's department; Lewis, son of Mr. Price will also be in the men's department and Jim Everhart in the Piece Goods department.

In addition there will be several employes for the new store secured

locally. Other news of this new enterprise will appear in the Avalanche in the near future.

MANY GUESSED AT CONTEST CONDUCTED BY GRAIN CO.

The Ayers-DeLoach Grain Company, of Plainview, wholesalers of West-Tex Chicken Feeds, conducted a very interesting contest at the fair here. A large tank filled with various kinds of feeds sold by the firm was placed in the booth in the poultry department, and all who wished had an opportunity to guess at the number of pounds of feed in the container.

A surprisingly large number of names were registered, with guesses ranging from within two pounds of the amount to ridiculously larger and smaller quantities, with the following making proper guesses for the designated places:

Actual weight feed in tank 1035 pounds.

1st—Mrs. John Denman, Lubbock Texas, 1033; prize 200 pounds of feed.

2nd—Mrs. J. W. Weeks, Lubbock Texas, 1023; prize 100 pounds of feed.

3rd—W. J. Hancock, Wilson, Texas, 1050; J. W. Walston, Palestine, Texas, prize 50 pounds of feed.

4th—Dr. R. M. Harkey, Lubbock Texas, 1054; prize 25 pounds of feed.

5th—Mrs. J. T. Krueger, Lubbock Texas, 1015; prize 25 pounds of feed.

6th—O. N. Burroughs, Lubbock Texas, 1059; prize 25 pounds of feed.

7th—W. W. Ferguson, Idalou, 1010; prize 25 pounds of feed.

8th—Elmer Hester, Lubbock,

**PENSIONS OF CIVIL WAR
VETS MAY BE \$72.00**

Washington, Sept. 29.—A pension
increase from \$60 to \$72 a month
for Civil and Mexican War veterans,
possibly as a Christmas gift from
Uncle Sam, is planned by republican
leaders in congress.

A bill providing pension increase
already has passed the senate, Sena-
tor Bursum, New Mexico, is its
author.

All Civil and Mexican War veter-
ans having served 90 days or any
who developed disabilities would re-
ceive the increase under the bill,
and widows pensions would be in-
creased from \$30 to \$50 a month.
Other beneficiaries in the bill in-
clude Civil War nurses, who would
receive \$50 a month, while pension-
ers of the Indian wars would receive
\$30 and their widows \$20 a month.

**Editor Buck Says
Crosbyton Had First
Paper on the Plains**

Crosbyton, Sept. 27.—To the
Tribune: A news dispatch from Pan-
handle appearing in a recent issue
of your paper makes the statement
that, "the first newspaper ever pub-
lished on the Staked Plains of Tex-
as was the Panhandle Herald, under
date of July 22, 1887." I wish to
make the claim that the Crosby
County News, the parent of the pres-
ent Crosbyton Review, of which I
am editor and owner, was the first
paper to be published on the Plains.

The late Judge J. W. Murry was
the founder, and if I mistake not it
appeared in 1836, immediately after
the organization of the county and
was published in the Quaker Village
of Estacado, the first county site
town on the Plains. Crosby was the
first county on the Plains to organ-
ize, and hence holds the distinction
of being the first home of a number
of things on the Plains.

The first residence to be erected
on the Plains was an imposing two-
story rock house, built by the late
Hank Smith in Blanco Canyon, about
twelve miles north of the present
town of Crosbyton. It was com-
menced in 1877 and finished the
following year. Crosby County was
the home of the first postoffice to
be established on the Plains, which
was granted in 1897, with Mrs.
Elizabeth Smith as postmistress, the
beloved wife of Hank Smith. She
continued as postmistress of this
office for thirty-nine years, one
among the longest records of serv-
ice ever made in the United States.

"Aunt Hank" as she is now af-
fectionately known, is still hale and
hearty, at the age of 74 years, the
greater portion of which has been
spent here in Crosby County.

I believe it would prove both in-
teresting and instructive to your
many readers if you would open
your columns to contributions on the
early history of what is known as
the Panhandle and Staked Plains of
Texas.—James T. Buck, in Amarillo
Tribune.

**ITEMS OF INTEREST
FROM MONROE COMMUNITY**

Did you see the Monroe booth at
the fair last week? I am sorry that
we fell so behind and let's begin to
plan a beauty for next year—and
have more spirit about our products.
There is no better soil than the
farms near Monroe, and we must
get out some exhibits and show what
we do grow here.

Our gin is putting out lots of cot-
ton, ready to be shipped, and pick-
ing is being rushed.

Mr. Will Butler and wife, and five
children, have moved into the B. C.
Clutter house, and are gathering the
crops for Mr. Clutter. They moved
here from near Bonham, Texas, com-
ing in their big auto truck, and were
four days on the road.

Edgar Blakey has some helpers
gathering the fleecy staple from his
100 acres of cotton.

Mr. Will Hudnell and wife, of
Milwaukee, Wisconsin, are visiting in
the home of Henry Hudnell and
wife.

Mr. Watkins is picking cotton for
Mr. T. H. Cox.

Miss Leola Cox is home for a few
days, while her school at Hardy is
suspended on account of the pupils
having to pick cotton.

S. A. Ribble of Lubbock, preached
for us at 11 a. m. on the 3rd Lord's
Day in September, a fine sermon
being rendered on "Fellowship with
Christ."

S. A. Graham and wife, and An-
drew Graham and family, were din-
ner guests in the C. C. Stephenson
home on last Sunday.

Uncle Geo. Robinson and wife,
and Will Robinson and wife and lit-
tle daughter, and Mr. Brit Webb, of
New Mexico, were dinner guests in
the home of C. C. Stephenson and
wife on the 3rd Sunday.

Messrs. Weaver of Lubbock, who
buy sudan, also Mrs. Weaver and
little daughter, were calling in this
community last Sunday evening.

Mr. W. T. Clark and wife, of
Merkel, and Mrs. I. C. Blanton and
son, of Anson, have returned home
after a visit in the home of Grand-
ma Stephenson.

Miss Winnie Bates of Lubbock,
and some other friends, were passing
through here Sunday afternoon, en-
route to Abernathy.

Mr. Paul Morgan was among the
large number who attended the fair
here last week.

school opened on last Monday
with small attendance, on account
of many boys staying out to gather
the cotton and crops.

**IDLALOU ITEMS OF INTEREST
DURING THE PAST WEEK**

So many of our people were in at-
tendance at the South Plains Fair
Thursday, Friday and Saturday, that
little has happened in this vicinity
outside of the activities of the vari-
ous citizens in making arrangements
to participate in the fair, and now
that it is over and a good many of
them are at home with blue ribbons
signifying their success as exhibit-

**THE CHARACTER OF
YOUR HOME**

Plans and specifications for every building on your city lot or farm determines a great deal the character of your home. But not all. There is also lawn, paint, arrangement—but most vital of all, the quality of lumber or building material used.

"A" grade lumber insures substantial and durable building. Inferior building materials will leave the beat of construction perishable and the owner subject to continual care and expense.

Standard lengths of timber have been developed which save both time and money in home building.

Seasoned lumber which is carefully inspected upon arrival at our yard is always included in estimates we gladly make for you when you are thinking of building.

No matter whether it is a house, barn, alteration or repairing, we want to supply you with the materials.

"Know Our Service"

**HIGGINBOTHAM-BARTLETT
LUMBER COMPANY**

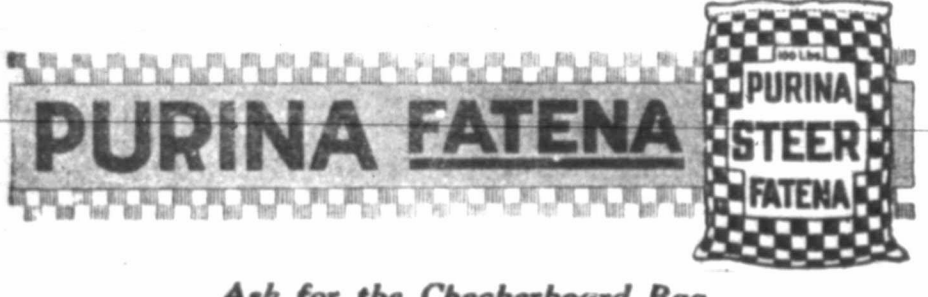

Successors to
A. G. McAdams Lumber Co.
Lubbock, Texas.

**You Will Make More Money
If You Feed Purina Fatena**

because you get

- (1) Greater daily gains—average of three pounds per day. (Many feeders are averaging four.)
- (2) Lower cost per pound of gain. Fatena is more digestible so that greater results are obtained than with larger quantity of corn alone or corn and cotton seed meal.
- (3) Higher finish. This means the top of the market and more money per cwt.
- (4) 20 to 30 days shorter feeding period. Feeding cattle Fatena on grass or corn means better gains with quicker and better finish. Fatena feeders can market their cattle 20 to 30 days before the big run of grass-fed cattle. This means a better market price.

Put Your Herd on Fatena for Bigger Profits

A REMARKABLE RECORD

Chamberlain's Cough Remedy has a remarkable record. It has been in use for colds, croup and whooping cough for almost a half a century and has constantly grown in favor and popularity as its good qualities become better known. It is the standard and main reliance for these diseases in thousands of homes. The facts that it can always be depended upon and is safe and pleasant to take are greatly in its favor when it is wanted for children.

A senator says the new tariff is terrible. Others think it is even worse than that.

"Like Stepping on Elastic"
WILTON RUGS

BECAUSE—
There is an elastic pile of pure wool made with each loop.

You can tell them better by their innate beauty and their luxurious "feel."

ORIENTAL PATTERNS

THE PRICE—
Depends of course on the individual rug—but always it proves economical.

SOMETIMES—
One gets careless about the purchase of a rug. Disappointment is often the result. Buy a genuine Wilton and be sure.

"You Will Like to Step Out on a WILTON"

**RIX FURNITURE AND
UNDERTAKING CO.**
"THE HOUSE OF SATISFACTION"
Big Spring Lamesa Lubbock

ors, local happenings will loom up and we will give a better report in the next issue.

Cotton picking is the main pas-
time in this community, as a good
many of the farmers who took time
the last three days of last week to
attend the fair are doing "double
time" to catch up with their work.
The two gins are running day and
night, with a daily turnout of an
average of 85 bales.

The new bookkeeper for the Hig-
ginbotham-Bartlett Lumber Com-
pany, whose name we cannot recall
at this time, is proving his con-
fidence in Idalou by having a nice
residence constructed here, which he
and his family will occupy immedi-
ately after its completion.

Mr. Reynolds, of the Bird & Dean
Company, is moving into his new
home, which has just recently been
completed. It is a beautiful resi-
dence, and adds materially to the
appearance of the town. With the
most progressive and wide-awake
population in the State, Idalou's
success is assured, and the fine
homes, business houses and farm
improvements that are evidence of
splendid progress along building
lines, this little town will soon be
out of the community class.

Rev. Summers, pastor of the Bap-
tist church, preached Sunday and
Sunday evening to large, apprecia-
tive audiences, and left Monday for
New Mexico with his family, where
they will spend a month sight-see-
ing, the trip being made in the in-
terest of Mrs. Sumner's health
which has been gradually failing for
some time. The many friends of the
good people wish for them a happy
vacation, and an immediate return
of health to Mrs. Summers.

At the last meeting of the Bap-
tist Ladies Aid, held last week, the
many articles of ready-to-wear
clothing were assembled and sent
to Buckner's Orphan Home at Dal-
las. The people of Idalou have
proven themselves generous in every
instance called upon, and the large
box sent to orphans will have its
effect in supplying the needed win-
ter clothes for the children.

W. B. Shelton left Tuesday for
Altus, Oklahoma, on a business trip.
The fact that Idalou won second
prize at the South Plains Fair proves
that the ladies of the Community
Club, who met at the home of Mr.
and Mrs. Joiner last week making
preparations for the booth at the
fair was a success. We are deter-
mined to try harder than ever next
year and win first place in the com-
munity booth class.

**REAR ADMIRAL CLARK, WAR
VETERAN, PASSES AWAY**

Long Beach, Cal., Oct. 1.—Rear

WOULD TAX TOBACCO USERS FOR EDUCATIONAL REVENUE

Austin, Sept. 29.—A tax on all forms of tobacco as means of raising revenue for educational purposes will be proposed in a measure to be introduced in the next Legislature by Representative J. P.

Rogers, of Houston, author of the measure, announced here today. Rogers said he also is considering a bill to repeal the Texas open port law.

Our oil output is increasing. And since school opened the castor oil intake is increasing.

John W. Dale Died In Robstown, Thurs., Sept. 21

John W. Dale, aged 70 years, 3 months and 21 days, died Thursday evening, September 21, at 7:35 o'clock at the home of his son, M. L. Dale, after an illness of five weeks duration, during which time he was confined to his bed most of the time. He had suffered with paralysis for the past two years or more and was unable to be up and about without assistance.

The funeral services were held at the family home at 3 o'clock Friday afternoon by Rev. Lewis McVea, pastor of the Baptist church, assisted by Rev. T. N. Barton, pastor of the Methodist church. Both pastors paid a glowing tribute to his long and useful life. Despite the deep mud and water a large concourse of friends gathered at the home to pay their last respects and the casket was heaped with beautiful flowers from friends of the family and the different lodges of this city.

Immediately after the funeral services the casket was removed to the hearse by the pall bearers, who were all members of the I. O. O. F. lodge of this city, of which Mr. Dale was a charter member. The members of the lodge marched to the cemetery in a body and after the arrival they took charge of the burial and carried out the beautiful burial ceremony of the order.

John W. Dale was a native Texan and was born in Palestine in Anderson county. He was one of the pioneers in West Texas during the early days in that country. He entered the newspaper field when a young man and published a number of papers at different places in north and west Texas, and was a charter member of the Northwest Texas Press Association and was well known over Texas among the pioneer editors. He served the State of Texas as doorkeeper of the State Senate from January, 1895 to January, 1901. He also served the state as cattle inspector for the Live Stock Sanitary Commission for a number of years, being stationed at Amarillo and San Antonio. He was forced to resign this work when paralysis struck him. He retired from this work about nine years ago.

Mr. Dale is survived by three children, namely, Mrs. John W. Nix of Fort Worth, G. C. Dale of Galveston and M. L. Dale of Robstown, also one brother, George W. Dale of Childress, Texas. Mrs. Nix arrived in Robstown and was with him when he died. G. C. Dale was prevented from being here on account of illness.—Robstown Record.

John W. Dale was at one time a citizen of Lubbock, having published the Lubbock Leader here about sixteen years ago, and many of the old timers will remember Mr. Dale and family.

Every Second Family Lived On Their Taxable Income

Washington, Oct. 1.—Seven persons in every 100 paid income tax in 1920, according to the Bureau of Internal Revenue. This means that about every second family lived on an income of taxable size, and the average income on which tax was paid in 1920 was \$3,269.40, which means that 7,259,944 individuals filed income tax returns and paid an average of \$148.08, or an average rate of 4.53 per cent.

But these calculations also show that the Government lost nearly \$2,000,000,000 in tax receipts during 1920, although the total tax returns of \$1,075,093,686 represented an aggregate net income of \$23,735,629,185. This is the import of the statistics of income for 1920, just made public by the Internal Revenue Bureau.

Scope of Work Grows. These figures are of particular interest in showing the increased scope of the work of the Internal Revenue Bureau, officials declare, and an increasing knowledge of taxpayers from year to year as to the requirements of the income tax law, thus, the report discloses that in 1917 there were filed 3,472,890 personal returns showing a net income of \$13,650,000,000, while in 1920 there were filed 7,259,944 personal returns on a net income of \$23,735,629,185.

This number of individuals filing returns, thirty-three had incomes of \$1,000,000 or over, a group representing one-thousandth of 1 per cent of the total. The largest class was that of the \$1,000 to \$2,000 group, numbering 2,671,950 persons, or 36.80 per cent of the total. Almost as great in number was the \$2,000 to \$3,000 class numbering 2,569,316 persons or 35.39 per cent of the total. As opposed to these large numbers, the \$10,000 class numbered 171,830 persons.

New York Lead. New York filed the greatest number of returns, both individual and corporations, and reported the greatest amount of net income, \$4,030,622,696 on which a tax of \$286,607,280 was paid. Pennsylvania was second with a net income of \$2,212,178,029, on which a tax of \$118,750,389 was paid. Illinois was third with an income of \$1,836,942 on which a tax of \$85,409,203 was paid. These states contain the major part of the three industries netting the largest income—metal and metal products; finance, banking, and insurance and trade.

Smallest returns were filed by Nevada within the United States, although Alaska's returns were slightly below those of Nevada. The returns of New York, Pennsylvania and Illinois represented 36.93 per cent of the total income of the United States. Nevada represented .11 per cent of the total.

LOCAL NEWS ITEMS FROM THE ACUFF COMMUNITY

What pretty weather we are having at present! The farmers are all making hay while the sun shines for fear that when bad weather sets in it will continue for so long and ruin the cotton. Everyone is wanting cotton-pickers.

Miss Maud Anderson who teaches at Come this year is visiting her cousin, Mrs. R. G. Russ and family this week.

Mr. and Mrs. L. S. Evitt were fair visitors Thursday.

Mr. and Mrs. Asa Acuff left for their home near Clovis, N. M., Monday morning. They visited Mr. and Mrs. W. P. Bush last week.

Lois Evitt left last Saturday for Dallas where he will be gone for several weeks. He will take a course in the barber school while there. Here's hoping he will make good.

Mr. and Mrs. J. M. Bloyd, E. O. and C. W. Evitt were Lubbock visitors Saturday.

E. O. Evitt took a bale of cotton to the gin Monday.

Mr. and Mrs. Otis Rush visited her parents, Mr. and Mrs. Sam Haffstader Saturday night and Sunday.

Mr. and Mrs. A. M. Evitt were dinner guests at the home of Mr. and Mrs. Ashley Davis Sunday. Aubrey and E. C. Pounds visited Milton Davis Sunday.

Johnnie Flynn of New Mexico, an old friend of the Davis and Rush brothers is out here visiting and helping them pick cotton.

Earl Davis, D. Pounds, Ashley Davis, Grover Burke all traded mules last week.

Mrs. J. J. Baker is spending the week with her daughter Mrs. Elmer Rush.

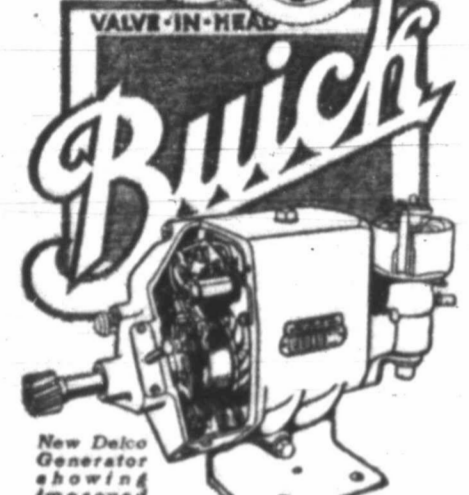

We are glad to report Miss Cecil Grimes is home from the hospital and is much improved. We hope she will continue to improve.

Singing at the home of Mr. and Mrs. Russ was enjoyed by a large crowd Sunday evening.

Acuff was well represented at Idalou Singing Sunday afternoon. We invited the Idalou people to attend our singing Sunday and everyone else come and help us out. All are welcome.

Hurray! for Milton Davis. He won first prize on the pigs at the fair. He surely had some pig-tee.

To Cure a Cold in One Day Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. See

A Perfect Companion for Work or Play

The 1923 Six Cylinder Sport Touring—\$1675

Equally suited to the rigors of everyday business driving and to carefree touring and social motoring, the new six cylinder sport touring combines the well known Buick sturdiness and dependability with a snap and sparkling beauty that mark it as a distinctively smart motor car.

Rich, contrasting colors, set off with brightly polished nickel radiator and fittings heighten the sweeping lines of the long wheelbase and body. The roomy seats are upholstered in fine embossed leather, and every driving and riding comfort and facility are provided.

New rear spring suspension, and snubbers on the front springs have brought greater riding ease while the famous Buick Valve-in-Head engine has been so refined as to increase its traditional power and dependability.

The Buick Line for 1923 Comprises Fourteen Models:
 Four—2 Pass. Roadster, \$865; 5 Pass. Touring, \$885; 3 Pass. Coupe, \$1175;
 5 Pass. Sedan, \$1395; 5 Pass. Touring Sedan, \$1425; Six—3 Pass. Roadster, \$1175; 5 Pass. Touring, \$1195; 5 Pass. Touring Sedan, \$1935; 5 Pass. Sedan, \$1965; 4 Pass. Coupe, \$1895; 7 Pass. Touring, \$1435; 7 Pass. Sedan, \$2195; Sport Roadster, \$1625; Sport Touring, \$1675. Prices f. o. b. Buick factories. Ask about the G. M. A. C. Purchase Plan, which provides for Deferred Payments.

Our Home County
 "It takes a heap o' livin'" in a county to make it home. But one thing sure, the more you live into your county and the more you love it, you can not learn to love a county moving from one to another every few years any more than you can learn to love a home and move every few months. It is not so much what folks do for us that binds us to them as what we do for folks. It is the things we do and sacrifice for a person or a cause that makes us love them most. And this is just as true of our home county as it is

of our home folks. You have to stay with a cause; you have to work for it and sacrifice for it and suffer for it to really love it. That is why our old pioneers are such loyal citizens. That is why they are such proud citizens. That is why they are such jealous citizens of the honor and rights of their country. Just as a "rolling stone gathers no moss," neither does a roving person gather a high degree of love and patriotism for any special spot called home.
 But there is another feature that binds us all to our home county more than anything else and that is

TO OWN a little bit of it. To own a few acres in your home county gives a fellow a feeling that he not only belongs to his county but a portion of that county, more or less, actually belongs to him. And you know what the Bible says about our treasurer. That wherever our treasures are there will our heart be also. That's it. That is why every man and every citizen of every county and State ought to own at least a city lot, a town block or a few acres of the soil of his county.

What do you suppose would be the effect on the development of your county if every citizen in it owned at least enough of its soil to lay the foundation of a home? It is owning your own home in your own county that generates county spirit. It is owning the virgin soil, planting the first tree, building the first fence and the first little shack called home. Then year by year plowing a fortune out of that soil and building a better home. And after while the flowers begin to bloom around the doors and the trees begin to bear fruit and the children! There is nothing that so sanctifies a place as when it becomes the birthplace of the children. How we hate to sell it and move away after that. And how the children look back through all their lives to the old home and the home county where they were born. And what a joy it is through the years of life when they meet in other counties and other States if the whole family has had the same birthplace, in the same home, in the same county, grown to manhood and womanhood in the same community, gone to school in the same little school house, had the same school mates and play-mates, attended the same Sunday school and gone to the same parties. That is what holds families together in spirit if not in body. That is what makes them love the old home county. That is what breeds patriotism and loyalty for home, town, county and country.

And we of the West, who have planted our first homes in this big, new country, have the opportunity to build just such homes and counties and citizenship if we will be satisfied to get us the nucleus of a home and hold it and stay with it until we rear every child in the county to love his home county.

Oh, it takes a heap o' livin' in a county to make it home. There are houses and barns, fences and roads to build. There are schools and churches, communities, towns and cities to build. There are orchards to plant and prune, crops to cultivate and harvest year after year; floods and failures, droughts and storms of every kind to bear. And if we would live our best and do our best to make our county the best place in the world to live and rear our family, there would be a constant demand for the investment of our lives and our means. But when our day is gone and the evening shadows gather, the crowning glory of the sun set will be the consciousness that we lived not alone for self—but we gave our best to the old home county.

Observations of the Editor

Near Faith Healing

Following the heels of near beer we are now to have near Christian Science. Evidently both medicine and the church have failed to withstand the inroads made by the advocates of faith and mind healing.

It is only a handful of years since Mrs. Eddy's pronouncement caused the world to ridicule, but from the tree thus brought to blossom there soon sprang innumerable offshoots and gradually the theory of "mind over matter" began to force its way. Charlatans there were aplenty, but bit by bit the barriers of medical conservatism were broken down, and now there are signs of modification on the part of the churches.

The latest concession to the newer thought comes in the establishing in New York City of a psycho-medical hospital to be headed by Dr. Edward S. Cowles, expert on psychotherapy and psychopathology just appointed to the Episcopal Church Commission on the Ministry of Healing.

The institution is to be backed by some of the most eminent ministers, physicians and sociologists in the United States. It will permit simultaneous treatment of physical and mental ailments.

Through medical experts and ministerial faith healers, Dr. Cowles says the hospital will be the means of breaking up the work of "half-baked religious enthusiasts and faith healing pretenders."

There will be wards for philosophers, clergymen, medical experts, psychoanalysts, metaphysicians, sociologists, Christian Scientists, Emanuelists and every denomination of healers.

When the doctor finds patients who fail to respond to treatment for physical ailments, they will collaborate with healers who will be given a chance to practice their curative theories.

Perhaps out of the compromise or amalgamation may come a greater longevity for humanity which has been so battered from pillar to post by conflicting theories of religion and treatment of human ills.

Advertising a Health Preservative.
 Milk contests conducted by the United States Department of Agriculture have been highly beneficial in a number of western states, sufficiently so as to give the cue to local authorities where communities are interested in the character of their milk supply.

The movement is so simple it can be put into operation by the local health boards or the authorized health doctor of any village.

Samples of milk supplied by different dealers are taken occasionally without warning, bacterial counts are taken, and the milk scores are then made public in the columns of the home town newspaper.

It is found milk dealers do not like to be surprised and dirty milk found on their wagons, particularly when they know the results are to be published.

We learn that in Long Beach, Calif., the average bacterial count in the first contest was 118,238. In the last contest it was down to 11,823. The milk sold figured 71.56 and after the last contest the scale was raised to 90.67. It was the same in Los Angeles and Riverside.

It is quite evident that as soon as the surprise milk contests become a recognized factor milk dealers invariably improve their milk supply. This means much to the child life of the nation.

The country generally would be better off if more government money were spent in work of this character and less in political log rolling.

This newspaper has persistently stood for the expenditure of government monies both locally and in the state and nation aimed at lowering the death rate.

The people's monies should be spent for their good. Advertising is the answer.

SLATON CITY HALL CORNER STONE LAID LAST THURSDAY

Slaton, Sept. 30.—The cornerstone of the new \$25,000 City Hall was laid at 5 o'clock Thursday evening by the Slaton Lodge A. F. & A. M., assisted by the Lubbock Commandery, Knights Templar. Officers of the lodge officiating were: C. S. Greer, G. P. Everline, T. P. Rash, D. R. Slolinger, K. C. Scott, W. A. Martin, E. F. Eastridge, A. V. Hendricks, E. E. Barton, S. E. Staggs, Sam Salmon. A. I. Kuykendall, the oldest man present was the custodian of the Holy Bible. Deposits in the stone include rosters of the Slaton Lodge 1094, Slaton Chapter No. 379, copies of the Slatonite of September 15 and 22, financial statement of the Slaton State Banks, Chamber of Commerce Literature, one 1922 silver dollar and the Holy Bible. Lunch was served at the Masonic Temple to all members participating.

A. M. Salter, of Sabine Parish, La., is visiting at the home of his old friends, B. C. Campbell, on his farm ten miles south of Lubbock. They made the Avalanche a pleasant call Wednesday, and we are glad to know that the Louisiana man is well pleased with the Plains Country, and declares that the many reports heard of Lubbock are not at all exaggerated, for he has found the country measuring up to the high standards claimed for it. We are sure that in Mr. Salter, Lubbock county and the Plains have another genuine booster.

Don't fail to read the Avalanche

Are You in Need of a Woman's Tonic?

If you are, read this:

Dallas, Texas.—"I have used Dr. Pierce's Favorite Prescription and found it helped me very much, and would recommend it to other women who are in an ailing condition. I am very glad to give this testimonial and hope the 'Prescription' will benefit others as it has me."—Mrs. Lula Case, 2016 Cockrell St. Your health is most important to you and its easily improved. Just ask your nearest druggist for this Prescription of Dr. Pierce's in tablet or liquid form. Send 10c for trial pkg. to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., or write for free medical advice.

W. A. Terrell, at Phone 58, will bid on your old furniture, sell you furniture at the right price, repair and upholster your furniture. Use the phone. 60-4f
