WHEREABOUTS OF OLD GRAY MARE GREAT QUESTION AT ORLEANS

CITIZENS, FIREMEN, POLICE AND CITY MAYOR MADE A FRIENZIED SEARCH FOR FAITHFUL ANIMAL

RED KUYKENDALL IN HYSTERIC THE WHILE

Search Was Ceased Only After The Old Gray Mare Was Found—Close Investigation Revealed That No Foul Play Had Been Cause of the Frantic Search.

"Have you seen the Old Gray Mare?" No that is not the pass word of the K. K. K. or the Wandering Willies of Oswego, or any other secret query that will gain your admission to some cellar bar-room. It was a question of vital interest before the recent American Legion Convention at New Orleans.

When General Pershing stepped from his special car during the recent convention at New Orleans with his staff of ram-rod backed officers the first words addressed to him were not of welcome to the city or the convention or anything like that. They were a simple question—a question that had been simple but had, thru usage, become one of the big questions of the day. The question was: "Have you seen the Old Gray Mare?"

The General had not! But this one short coming on the part of "Black Jack Pershing" was soon remedied for just about that time Red Kuykendall rode up on the said, illustrious and now doubly world quadrupled, "The Old Gray Mare," and after whipping a salute to the hem of his "40-8 Chevauze" cocked rakishly across one ear—offered "The Gen" the only dependable transportation in New Orleans at any time day or night that the General would have need of it—for it is a fact of history that "The Old Gray Mare" was the only living thing in the world that could navigate at will over New Orleans during the convention.

But ethnologically dissertating—if we may go back to the beginning—Brownwood has a hand. In fact that should be written, Brownwood has a hand and the A should stand out there like a Jew's nose—very prominent. The Brownwood hand has one piece of music—perhaps not a classic and one that Old Sousa would hardly care to claim as his own composition, but it is a piece of music the title of which is "The Old Gray Mare." You know the tune and the rhyme about the "Old Gray Mare" came a tearing out of the Wilderness, many years ago, many years ago, etc., etc. You know it. If you don't, you were not in Plainville, in Brownwood, in New Orleans, Fort Worth, in fact you are almost just plain ignorant.

Then, too, Allen Brothers Post of Lubbock has a Red Kuykendall, and since a month or so ago the "40-8"—and you will hear more of them later, adopted the same Red Kuykendall as "Chief de Pham Doolishness" and if you know Red you know how canabily he can fill such a position. In fact Red is Irish. He is so Irish in fact that it shines out through his face, behind his ears, in his grin—in fact Red would never be taken for a Jew or a white man. He is all Irish, with the Irish regard for authority, the Irish love of variety and the Irish habit of starting something.

Red went to New Orleans. Brownwood's hand went to New Orleans. They went together. Brownwood's Band played "The Old Gray Mare"—Red rode her. The combination was irresistible. So blooming irresistible that they took New Orleans by storm. A little one column cut with six inches of reading matter announced the arrival of General Pershing. A four column picture and five columns of type announced the arrival of Red Kuykendall and his Old Gray Mare.

The newspapers reported Pershing's address. The newspapers, the moving picture cameras and special staff correspondents reported every move Red and his Mare made from early morning until the next early morning for there was no night in New Orleans, last week. Just a few of the things that they had to report—(See if you think Pershing had a chance against such competition as this.)

First thing off the bat the Texas delegation, five train loads of them, assisted by California's 300, pulled a parade just to let folks know they were in town. The Old Gray Mare led—assisted by the Brownwood Band. The De Sota Hotel was assigned to the Texas delegation. The Old Gray Mare, with Red sitting on the fore-castle like a weather dog of 99 years standing went right on into the hotel, up to the deck and was assigned room 478. Thus began her five days life which has never been lived by any other horse in the world's history, the Trojan Horse of old not excepted.

Into every hotel in New Orleans the Brownwood Band and the Old Gray Mare went—telling the world that Texas was in town and that "The Old Gray Mare Came a Tearing out of the Wilderness—Many, Many Years Ago." She registered at every desk, inspected every dining room—and when it came time to eat she had a plate placed for her on the counter of the finest cafe in all of New Orleans—three white aproned negroes fed her doughnuts, lettuce, turnip greens and such

W. M. Pevehouse Believes in Supporting Progressive Moves

Carlisle School, Oct. 25, 1922
Mr. James L. Dow,
Lubbock, Texas.
Dear Friend:

Why of course the Daily Avalanche will be a success. Like any other venture, it will take time to get it on a paying basis, but if we sit back and knock everything that everyone else tries to do, the constructive element of our country will perish. Somebody must step right up and support the fellow who is trying to do something. I say, all praise to the man or woman who will roll up their sleeves and hit the nail on the head every lick, so here's \$5.00 for the "Daily Avalanche." Seeing that you have been in Lubbock for twenty years, calls to my mind a picture of the struggles you may have had to get the wherewithal to keep soul and body together when the now progressive little city was just a struggling village. But your heart was in the work and your hands were in the ink or you never would have come thru so safely. However, having gone thru that seige, and lived thru the age of the transformation of the prairie into the farm and the village into the town, your faith has been so strengthened and your conviction so deeply rooted that you see nothing in the future but broad farms surrounding Lubbock, "The Best City on the Plains." And I agree with you wholly. I believe I shall live to see the day when Lubbock will eclipse Amarillo. We just simply have the "makings" so to speak. W. M. Pevehouse.

The above letter contains the proper spirit. It will take the cooperation of all the people of this section of the country to put the Morning Avalanche over, still, we believe the money that you invest in the enterprise will be well spent, and will return to you with a large amount of interest.

Not only is it necessary that the people of the town take hold of this enterprise, but the rural routes can be served promptly, and beneficially, and we are glad to state that quite a number of the people who live on the rural routes are responding to this progressive movement and are stepping in line with their support, both morally and financially.

Physical Training Is Feature In the State University

Austin, Oct. 26.—Although freshmen students in the University of Texas may grumble because of the physical training requirement, it is practically impossible for the first-year men to escape taking the customary amount of exercise, according to Roy McLean, instructor in physical training. Those who avoid the most strenuous work because of being physically unfit are given corrective exercises under the supervision of the University medical department, and in special cases students are excused from regular gymnasium classes if they are taking sufficient healthful exercise while working to earn their expenses. Students participating in athletic contests are also excused from the gym classes. There are ten physical training classes, and a regular problem is planned for those enrolled. The first few weeks will be devoted to drills, and pass ball games will begin soon. During the winter term, the freshmen will play basketball, and during the spring term, indoor baseball.

Big Preparations Being Made for A. & M. Thanksgiving Game

Austin, Texas, Oct. 24.—In order to accommodate the large crowd of spectators expected to attend the Texas-A. & M. football game in Austin on Thanksgiving day, additional seats costing \$5,000 have been added to the bleachers surrounding Clark Field, the athletic field of the University. The seating capacity is now estimated at 20,000, which is an increase of 2,000, compared with the number of seats at the Thanksgiving game in 1920. Because of the keen interest of students and alumni in the outcome of the game play annually between the University of Texas and the A. & M. College, a great deal of preparation is necessary for the game staged alternately on the athletic fields of the two schools. In the opinion of L. Theo Belmont, director of physical training for men in the University, a creditable stadium could be erected eventually for the money spent in the building and tearing down of the temporary seating constructions every two years.

San Francisco. Of course they both are going. It is reported that the King of Siam has offered Red a commission as "General of the Gray-Mare Brigade" and will place him in charge of the royal palace to guard his 486 Royal Wives. Emmet "Weedy" Porter will, as usual, be Chief of Staff.

Texas Leads In Federal Aid For Highway Building

The United Press:
Austin, Oct. 26.—Texas is leading all other states in the Union in the amount of federal aid highway construction, according to Texas Highway Commissioner W. W. McCrary, San Antonio, who was here recently, attending a meeting of the State Highway Commission.

"Texas' appropriation, amounting to \$31,800,000, is the largest federal appropriation," Mr. McCrary said. "Ten per cent of all the completed federal aid highways in the United States are in Texas. Texas has paid out over \$17,000,000 in the construction of these highways, and of this amount, \$6,651,000 has been contributed by the Government," he declared.

Plans and preliminary papers for 3,764 miles of roads which have been approved by the Secretary of Agriculture, and which will be constructed soon, were submitted at the recent meeting.

Twelve Teams In High Schools Out of Football Race

Austin, Oct. 23.—The past week has brought about some interesting developments in the University Interscholastic League High School football race. Twelve teams that held hopes of winning out, being in the undefeated class last week, dropped by the wayside in their last games. Belton lost to Temple, De Leon to Strawn, Honey Grove to Denison, Mineral Wells to Cleburne, Mt. Pleasant to Sulphur Springs, El Paso to Wichita Falls, Rosebud to the strong Waco Club and Sedalia went out of its section and was eliminated by Beville. A tardy report from Corsicana shows that Athens should not have been listed with the undefeated teams last week. Corsicana lost to Waxahatchie, but protested the game beforehand on an ineligible charge. Gonzales played at Victoria, the contest being forfeited to Victoria. Paducah dropped a hard fought affair to Floydada, which leaves only four teams in the running in section 2.

Six teams not mentioned last week have reported showing that they deserve a place with the top notchers. They are Beaumont, Eagle Lake, Kennedy, Livingston, Marlin and Teague. These schools had complied with the rules by enrolling before October 1, but had neglected to report.

Those in charge of the schedules of the undefeated teams are urged to arrange games with other teams of the per cent class or the league will be forced to eliminate some on paper for failing to play strong teams in order that the championship may be decided on time. Teams must help to eliminate or be eliminated.

The 1,000 per centers are listed by sections:

- Sec. 1. Amarillo, Canadian, McLean, Tampa.
- Sec. 2. Floydada, Lubbock, Plainview, Slato, Waco.
- Sec. 3. Abilene, Albany, Breckenridge, Hamlin, San Angelo, Stamford.
- Sec. 4. Bonham, Dallas (Forest Ave), Denison, Farmersville, Greenville, Royce City.
- Sec. 5. Atlanta, Paris, Sulphur Springs, Texarkana, Tyler.
- Sec. 6. Midland, Pecos.
- Sec. 7. Gatesville, Junction.
- Sec. 8. Hillsboro, Itasca, Marlin, Milford, Teague, Waco.
- Sec. 9. Livingston, Lufkin, Nacogdoches, Palestine.
- Sec. 10. Del Rio, Eagle Pass, Hondo.
- Sec. 11. Austin, Giddings, Granger, San Antonio (Main Ave.), San Antonio (Breckenridge), Smithville, Taylor, Temple.
- Sec. 12. Bryan, Caldwell.
- Sec. 13. Beaumont, Beaumont (South Park), Eagle Lake, Galveston, Houston Heights, La Porte, Port Arthur, Wharton.
- Sec. 14. Beville, Kennedy.
- Sec. 15. Brownsville, Corpus Christi, Harlingen, Mercedes, Robstown, San Benito.

JNO. P. LEWIS MARRIED IN WACO LAST MONDAY

In a letter received yesterday morning by a Lubbock citizen from Jno. P. Lewis, Mr. Lewis states that on last Monday night he was married in the city of Waco, took his bride for a jitney ride to the Cotton Palace, and was back on the job next morning as usual. No further facts are given concerning the occasion, not even the name of the lucky bride being divulged.

Mr. Lewis is well known here, having been engaged in business in this city for a number of years, but for the past year or two has been in Waco in the building and loan business.

He is a man of sterling character and is a citizen that any town would be proud to claim. His friends here are legion, and they join us in wishing for the happy couple all the joys that life can bring, and may their days be long and replete with happiness.

Lubbock Boys Have Organized Club at A. & M.

The following letter from Royce H. Waters, written at College Station, is self explanatory.

We appreciate the fighting spirit which animates our boys who are making such creditable records in the various educational institutions. They are making their positions as a strong hold from where to use every conceivable instrument of boosting to further the cause of their hometown, and it is gratifying to know that wherever they are they are boosting for Lubbock, and signifying their pride of being a citizen of this city.

The following letter is of great importance to those interested in what our boys are doing:

Editor Avalanche,
College Station, Oct. 21.

Dear Sir:

The following is the report on the organization of the Lubbock Club at A. & M. to be used if desired.

The attendance of Lubbock boys at A. & M. this year being ten, it was decided that they organize a Lubbock club. The bunch present this year are live wires and are making good in their work. We want the people of Lubbock to know about our college and the people here to know about Lubbock. The picture of the Club group this year will be headed by the design, "Lubbock, the Hub of the Plains." As this picture is placed in the Longhorn, our annual, it will be viewed all over the state.

We were glad to hear that Lubbock is working for Postal Free Delivery and from what we know of the Junior Chamber of Commerce, she will soon have it. Many of the towns in this part of the state have free delivery and only about one-half the population of Lubbock.

As many people are in doubt as to our athletics this year we might say a few words regarding it. Our football team is fast rounding into reasonable shape, as shown by the results of the games with Southwestern University and Louisiana State. The latter game showed decidedly that the Aggies are still there with the punch that has been characteristic ever since they were had a team. We all share the feeling of our coach that there shall be no regrets from what we read Lubbock III seems to have a little of the old Aggie spirit in their fight for the football championship. We are banking on them to win and we believe that they will.

The College has in attendance this year 1847 students, an increase of several hundred over last year's enrollment. The high school students from over the state seem to be realizing the importance of a college education and we are glad to see so many of them choosing this school.

The membership of the club this year are: W. B. Blankinship, president; Royce H. Waters, secretary-treasurer; Copass Bowen, Glenn Hunt, Chardo Pierce, Kent Knox, Carlisle Tubbs, Everett Bean, Olin Long and C. A. Chipley. Our aim this year is to promote a fellowship among the plainsmen and to help put Lubbock on the map as a leading town in a collegiate way, as well as in a commercial way.

Very respectfully,
Royce H. Waters, Secretary.

H. A. MABRAY AND WIFE RETURNED TO LUBBOCK THU.

Mr. and Mrs. H. A. Mabray, who made their home in Lubbock for several months, until six weeks ago when they left for McKinney, returned Thursday.

Mr. Mabray was connected with the job department of the Avalanche Publishing Company, and is here again to be associated with the company in that capacity. He is an efficient and energetic craftsman, and the "boys" at the shop, as well as the management, are glad to welcome him here again.

It is gratifying to know that Mr. and Mrs. Mabray are returning to Lubbock much better pleased with the plains than ever before, and their friends welcome them with the hope that they will ever be pleased with this locality.

This winter's coal storage reminds us of the saying, "Many are cold, but few are frozen."

Raisul, famous bandit, has quit. It is understood competition in his line is too keen.

The man who doesn't know good manners frequently gets in the soup while eating it.

Talk and action are separate things in putting over a progressive move, and the Junior Chamber of Commerce members have stopped talking putting over the sidewalks proposition, and to date many progressive citizens, have placed their names on the dotted line, contracting through good will to place substantial sidewalks before their property.

The captains of the various squads were given assignments at a meeting by the Chamber of Commerce room at the Courthouse Thursday morning, and, before evening, had shown their willingness to help further the work in every manner possible. Each captain and his lieutenants were given a section of the city to canvass in interest of the sidewalk movement, and though the full number has not as yet reported enough have to make those in charge of the work feel confident that the Junior Chamber of Commerce members are going to retain their reputation as hustlers, and in all probability Uncle Sam will have occasion to learn that the ninety days given his Lubbock subjects to pave the way for free mail delivery in Lubbock was indeed time enough.

The Junior Chamber of Commerce members have always done the big thing. Lubbock has in the membership of that organization citizens of whom a town of much greater proportions could depend upon to solve, or help to solve, the most perplex problems common to civic developments.

It is good to know that the Senior Chamber of Commerce directors have much confidence in the ability of the Junior chamber to do great things for Lubbock. That body has proved itself so efficient and industrious as to merit commendation from the Senior body, in every instance where they were given a special work to do. The influence of the young members, even though they are not depending on influence alone in this proposition, when brought to bear upon a civic problem is readily recognized. They are in dead earnest to have free mail delivery in Lubbock, and free delivery they will have.

The fact that Lubbock has not heretofore had sufficient sidewalks to have secured this extra mail service is by no means an ill reflection upon the progressiveness of our citizens. There are other towns in the state with less than one-third as many sidewalks as Lubbock has, yet they are so compact as to permit the free delivery, and we are in hopes that those who would criticize Lubbock on account of this matter will first learn the truth of the situation, and we assure our readers that they will do about fact, that is if they wish to do anything other than criticize, and at once find that this situation offers genuine opportunities to boost—after all this same thing will apply to every phase of community work—ignorance is too often the stronghold from which knocking is done.

Lubbock is so big that the property owners have placed sidewalks in front of their homes, and there are several links of vacant lots that are not graced with sidewalks, therefore forming a gap—but because there are not walks along our vacant lots will not be accepted by us as a reasonable excuse for knocking—every town in the state, and if we were a little bolder we would state that every town in the Union, no doubt has somewhere vacant lots alongside which no cement sidewalks are built.

The Junior Chamber of Commerce is not trying to do a job that should have been done several months or years ago, and we vigorously resent any statements to the contrary. They are doing some big building in a big town, and are going after it in a big way.

We will throw open our ears and listen in on any criticism anyone will give as regards Lubbock insofar as those criticisms are based upon true conditions—but knocking on a situation about which the knocker is wholly ignorant will not be tolerated without some rebuke from the Avalanche.

LAMB COUNTY TEACHERS' ASSOCIATION MET IN OLTON

Littlefield, Oct. 27.—The first meeting of the Lamb County Teachers' Association was held at Olton on Saturday, October 14. A very instructive as well as interesting program was rendered. It was decided that there should be four regular meetings of the association during the school year. The next meeting will be at Littlefield, on Saturday, December 2nd.

Use The Home Paper
Most folks seem to think that all the HOME PAPER is for is to read. That done, it is time to tear it up, use it for wrapping paper, put it in the pantry shelves or use it for kindling. All of which are very good ways to use the back numbers. Why, if we were to keep all the back numbers of any good county paper, in less than a year we would have collected a real library containing several good stories, the cream of the political and religious news of the year, a record of the world's greatest events, and a real diary of the local doings of the entire county. But most of us are not willing to give the Home Paper room for even one short week. As a rule the life of the Home Paper is about two nights and one day. This is one reason it is the most sought publication in all this Nation.

For about the time some member of the family thinks of something they wanted TO SAVE, it's gone. For this reason we are going to suggest that everybody who takes their Home Paper to put up a little line behind a door somewhere and file them away for at least a month. You would be surprised how many times you would refer to its columns. And should you keep them for a whole year your home would become a real bureau of information and that pile of papers the community's encyclopedia. Then, too, if you were to see at one time all that you have received for \$1.50 or whatever the price of your home paper may be for a year, you'd never again kick on the price. Instead you might be happy to pay for it in advance. If the paper alone that you receive by taking your home paper for one year were laid down in your home without a letter or a line on it, just the plain, blank paper would be worth its cost for conveniences around the home. But it is not this week's paper nor last week's paper that is the most interesting. It is next week's paper, the paper of the future, we are looking forward to all the time. Have you discovered the secret of interesting yourself in your home paper? If you have not, send something to it next week yourself, then count your pulse when you see the wrapper. It is not the NEWS that thrills you most. It is the sight of what YOU sent. That's what makes the home paper mean something to you. To read something you already know about yourself or your family or your farm or your school; that's worth the price of the paper for a whole year to you.

But there is still a better way to get your money back that you pay for the home paper. And this is just as true of the farmer as the business man of the town. And that is to ADVERTISE. Why does the merchant advertise? To let the country folks as well as the town folks know what he has for sale. To get rid of what he has on hand so he can use the cash to buy something else. Why should the farmer and his family advertise? To let the town folks and their neighbors know what they have that they would like to sell for cash or trade for something they need worse. The home paper should be the farmer's commercial clearing house. It should be the universal counter over which the people exchange commodities. The possibilities of rural advertising have scarcely been touched. Not even the art of rural advertising has been either studied or taught. When the farm boy goes to town he sees the most artistic cigarette advertisements all over the town, on sign boards as big as the side of a barn. But what of the boy's fingers in the pen? What of his registered chickens? Who knows about the butter and eggs; the cream and the milk on his father's farm? Does anybody know about the beans and tomatoes, or the big pumpkins that are going to waste in his mother's garden? And oh, there are so many things the mother and children and the house needs, if they only had the money that is going to waste. But no one reads their advertisement. But almost every week they answer the call of the city advertisers in their home paper or elsewhere and away goes the little cash they have to some foreign city—to get something they have never seen—because it is CHEAP! One of the richest advertising fields in America is the rural field and it should be cultivated and the crop harvested by the home paper. Isn't it queer that the cities will take advantage of every big tree by the side of the road—the board fences that bound the fields of grain, the bridge banisters, the rocks, if they happen to be near a road, and even the barns and hen houses of the farmers to advertise their wares, but never a word is said about what is in the barn or hen house or the field.

Mother, if you have chickens or turkeys to sell, advertise them. May be some of your neighbors would find it out and buy them before somebody steals them. The thieves know who have good chickens, and where to get them. But no one else does. Son, if you have a bushel of peanuts or pop corn to spare—advertise it. Somebody wants it. There are lots of folks wanting pumpkins for Halloween and don't know where to get them. Let's make the country as interesting as the city by advertising what is there.

CALOMEL MAY TURN ON YOU NEXT TIME
Next Dose You Take May Salivate and Start World of Trouble
Calomel is mercury; quicksilver. It crashes into sour bile like dynamite, tramping and sickening you. Calomel attacks the bones and should never be put into your system.
If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.
Don't take calomel. It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate. 10-13

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Lubbock county, greeting:

You are hereby commanded to summon Cleburne Kirby, by making publication of this citation once in each week for 4 successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Lubbock County, to be holden at the Court-house thereof, in the city of Lubbock, on the second Monday in December, 1922, the same being the 11th day of December, 1922, then and there to answer a petition filed in said Court on the 6th day of October, 1922, in a suit numbered on the docket of said court No. 1686, wherein Mary Kirby is plaintiff, and Cleburne Kirby is defendant, said petition alleging as follows: A cause of action for Divorce.

Plaintiff alleges that she is a bona fide resident of Lubbock County, Texas, and has been for more than six months next preceding the filing of this suit, that she has resided in the State of Texas for more than twelve months next preceding the filing of this suit. That she and defendant were lawfully married on August 17, 1922, and lived together as husband and wife until about September 5, 1922, when they were separated on account of the cruel treatment on the part of defendant; plaintiff further alleges that the defendant failed and refused to support and maintain plaintiff and otherwise neglected her, that such treatment was of such a nature and character as to render their further living together insupportable.

Plaintiff prays that upon final hearing hereof, she be granted a divorce from the defendant, and that the bonds of matrimony heretofore existing between them be dissolved and that her maiden name, Mary Tilly be restored to her when such divorce is granted, and for general and special relief, in law and equity to which she may be entitled.

Herein fail not, but have you before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness: Louie F. Moore, Clerk of the District Court of Lubbock County.

This company recently located a house in Lamesa and reports have it that they are enjoying a nice business at that place.

The old school building in the Redwine community was sold at public auction last Saturday, and brought the round sum of \$400.00. W. J. Crouch of Tahoka, acted as auctioneer, and a large crowd was present. The citizens of Redwine are erecting a modern brick school building, thus the sale of the old frame house.

Irvin Elwood Shattuck was born March 16, 1922; died Sunday, Oct. 15, 1922, aged seven months. Funeral services were conducted by Rev. Johnson of Wilson, and the body laid to rest in Tahoka cemetery Monday afternoon. The little fellow was sick only three days and his death came as quite a shock to the many friends of the family. The sorrowing parents have the deepest sympathy of the entire community in the loss of their precious baby.

PLAINVIEW

The News

In a game of football this afternoon at Lamar Park, the Plainview high school team defeated the Lockney high school, the score being 20 to 3.

Plainview is very anxious to have the All-Panhandle-Plains fair located here, and can promise adequate fair grounds, buildings, etc. Such a fair would be a great boost for the town, for it would bring many thousands of visitors here each fair season. Amarillo will have to "smoke up" if it offers greater inducements than Plainview will.

Milo Dotson, of near Spring Lake, was in town yesterday, on crutches. Recently while rounding up some cattle on his place the horse stumbled and fell, throwing him to the ground, spraining an ankle and bruising him about the face and body.

Mrs. E. E. Terry, nee Nannie Mae Dunaway, died at the home of her parents, Mr. and Mrs. W. J. Dunaway in this city, yesterday morning at 2 o'clock, from tuberculosis. She was 26 years, 6 months, 24 days of age, and leaves a husband and small son, besides her parents, one sister and four brothers. Services will be held at the Methodist church this afternoon at 3:45 o'clock, Pastor O. P. Clark conducting the funeral. The pall bearers will be Messrs. E. B. Atwood, E. H. Perry, Walter N. Jeffs, Guy Jacob, Dan Ansley and Jno. W. Wayland. The flower girls will be Mrs. Clara-Maddox, Miss Dell Speed, Mrs. Ado. Mae Pearson and Mrs. Klein Wilson, former school girl friends of the deceased. She was raised in Plainview, and was loved and esteemed by a very large circle of friends.

About nine hundred bales of cotton has been turned out to date by the Plainview gin, and the stream of wagons loaded with cotton continue to come in. Cotton in this county is turning out a great deal better than was thought possible several weeks ago. The price paid in Plainview today is 21.25c for best cotton and the seed is bringing \$34.50 a ton. This is bringing to the farmers lots of money, and is also helping all lines of business. A bale with the seed is bringing above \$125. The price of picking ranges from \$1.50 to \$2 per hundred.

Roy Clements, aged about 26, son of W. C. Clements, was badly cut with a knife by J. A. Beaty, 56, in an altercation on the Beaty farm near Whitfield, northeast of Plainview. The cuts however are not serious and Clements is out again. Mr. Beaty has a charge of aggravated assault pending against him. It seems that the trouble was about pasturing of some of Clements' cattle in Beaty's field, as they live on nearby farms.

PROHIBITION OFFICERS IN ARK. TO ENFORCE LAWS

The United Press: Pine Bluff, Ark., Oct. 26.—Plans for laying new battle lines to combat liquor violations in Arkansas will be discussed at the annual convention of the State Prohibition Officers to be held here November 2 and 3.

There are forty-two prohibitory members in the state and a full representation is expected at the meeting.

HOW BETTER THAN PILLS?
The question has been asked—In what way are Chamberlain's Tablets superior to the ordinary cathartic and liver pills? Our answer is, they are easier and more pleasant to take and their effect is so gentle that one hardly realizes that it is produced by a medicine. Then, they not only move the bowels but improve the appetite and strengthen the digestion.

THINGS TO REMEMBER

Advertisers, contributors and all parties inter-
ested in the Avalanche please remember these
things: We print the Tuesday Avalanche on
Monday, press hour, 3:30 p. m. Friday Avalanche
on Thursdays, press hour 3:30 p. m. Please have
copy for local notices in not later than noon Mon-
days and Thursdays. Ad changes and copy should
not be later than 8:00 a. m. Mondays and Thurs-
days. It takes a schedule like this to get your ads
in the paper in good shape, and helps us give our
readers better service, which means that the paper
will be of better service to you, which we earnestly
desire it to be. We do not want to be exacting
but we must demand some things of you, if you ex-
pect us to come up to the notch.

THANKS

The Lubbock Avalanche has announced that
it will begin publication of a morning daily the first
of November. J. L. Dow, publisher of the AVALAN-
CHE, has been in Lubbock since it was a wee village
and he is familiar with its growth and possibilities.
The South Plains is a large territory. It is more
thickly populated than the North Panhandle. A
well edited daily in Lubbock should win the support
of the citizens. We believe that the AVALAN-
CHE management will be able to give a paper that
will be a greater boost to that region and at the
same time give a profitable business enterprise.
Without competition and being published in one
of the best cities in the globe for the population,
the Avalanche should start under favorable circum-
stances. Although the financial conditions in the
Panhandle are the most stringent for four years, we
know that the Avalanche has considered all the un-
favorable things as well as those that are encourag-
ing. The developments of daily journalism in the
Panhandle Plains has been much slower than one
would believe. On Christmas Day, 1889, The
Daily Northwest was established in Amarillo. That
was a four page, five column newspaper and be-
gan with great prospects. The editor was greatly
pleased with his publication, as well as the readers.
He even said that the other "Snipe" towns would
have to wake up and establish daily newspapers
or that Amarillo would easily outstrip them. The
Daily Northwest did not survive the times; it
couldn't in a city of 500 people, even with a sub-
scription rate of 50 cents a week. Amarillo dropped
back to the weekly newspaper field and re-
mained such for a long time. The other cities in
the Panhandle have gone through the weekly
stage. Most of them are still there. Others have
reached the semi-weekly field. And now comes
Lubbock with a daily, the first outside of Amarillo.
Congratulations to Lubbock and the Avalanche.—
Amarillo Daily News.

The Avalanche appreciates very much this
splendid article in behalf of the Morning AVALAN-
CHE, and hopes to be able to fill the bill in this
section of the country in the way of a daily newspaper.
Of course we cannot do everything that we
want to at one time. We cannot produce a Dallas
News or a paper as big as the Amarillo Daily News
to begin with. We do not promise anything of the
sort. Neither did these papers produce the splen-
did publications that they are putting out now, but
have grown as the years roll around and have ad-
ded new features and better service all along. The
Avalanche Management proposes to give the peo-
ple of this section a Daily Paper that will be a
credit to the South Plains, and we believe that the
people will support us in a way we can do so. Our
life is in the work, we will put the best there is
in us in the making of a good paper, but do not ex-
pect too much of us in the beginning.

THE VOICE OF THE VETERANS

The resolutions on public questions adopted by
the American Legion at the national convention in
New Orleans will be given respectful attention by
the people of the United States. It may be that
the Legion's opinions as to what the national policy
should be in certain matters will not coincide with
those of a majority of the citizens. Even though
that should be the case they will not be dismissed
lightly. For the voice of the Legion is the voice,
as Hanford MacNider, the retiring national com-
mander says, of the men and women who served
the nation most zealously in the greatest crisis since
the Civil War, and whatever they may say is en-
titled to earnest consideration. This will be the
more readily granted because even those who op-
pose the Legion's recommendations cannot question
the sincerity of the members' devotion to the na-
tional welfare. It was given the acid test in 1917
and 1918 and found to be true. The young men
who offered their lives for the republic a few years
ago will not knowingly do anything to injure it
now.

There are other veterans' organizations which
the nation delights to honor. But the Legion is
not only the largest in point of membership but
approaches most closely to being a cross-section
of all the soldiers, sailors and marines who bore
arms for the United States in the Great War. It
is strongly represented in all parts of the country
and draws its members not only from all branches
of the service but also, without individual distinc-
tion, from those who failed to get to France as well
as those who were on the firing line. It is this
which gives the Legion the right to call itself the
voice of the veterans and invests its utterances with
an authority which cannot always be claimed for
their pronouncements by the other associations of

former service men. The Legion's constitution for-
bids it to be a partisan of any political party, and
this is an additional reason why its declarations on
public questions command respect of all.

Indeed the Legion's influence will not be con-
fined to the United States, but will be felt abroad
as well; for affiliated with it are veterans' societies
of the Allied nations, as is testified by the attendance
of delegates from Belgium, France, Great Britain,
Rumania, Italy, Jugo-Slavia and Czecho-Slovakia
at the New Orleans meeting. In co-operation with
the foreign societies the Legion promises to be an
important agency for the preservation of interna-
tional peace and the ideals for which the members
fought.

WILL LUBBOCK COUNTY HAVE BETTER ROADS?

A better roads movement was started at the
Kiwanis Club today. In fact, it was more of a
continuation of the work started several weeks ago
by the Rotary Club when a committee was ap-
pointed or authorized to be appointed to join a
like committee from other organizations to work on
plans to start a movement for better roads in Lub-
bock county.

The program Thursday was on the road ques-
tion and some good talks were made along this
line, and we believe that there is going to be some
definite work done in the way of better roads in
the very near future. Col Neal Douglass, of Lit-
tlefield, who is one of the Commissioners in Lamb
County addressed the club, and gave them some
good pointers on the building of roads in this
section of the state, and pointed out the best method
of procedure in getting the roads movement started.
He says that the idea that good roads cannot
be built out of this soil is all a mistake, that it can
be done, but that the proper maintenance of the
roads after they are built is just as important as
anything else, and it is a waste of money to build
roads and expect them to last always without re-
pair, and they should be looked after closely in
order to keep them in good repair.

He was followed by Judge Sowder, who ex-
plained that the cost of bad roads was much greater
than the cost of good roads; and by a number
of good illustrations drawn from the use of the au-
tomobile, showing the difference in the cost of op-
erating a car over bad roads and good ones. He
pointed out that the difference in the cost for op-
erating the cars for one year would more than take
care of the interest sinking fund, etc., of a bond
issue sufficient to build good roads through Lubbock
county. To say nothing of the many benefits to
be derived from good roads through the county.
Mr. Duggan, who is prominently known in Lamb
county and has been one of the leaders in the de-
velopment of that county and one of the big boost-
ers for good roads pointed out that Lubbock
should, from a purely cold blooded dollars and
cents view point see to it that the roads from Lub-
bock to Littlefield, and connections in the various
directions out of the city be connected with those
of the neighboring counties, as it would mean many
thousands of dollars lost in business if the roads
were neglected longer. He stated that Lamb county
had two good highways through the county. One
from the Southeast corner up the Shata Fe
and on toward Clovis, and the other in the North
part of the county from the east line of the county
on West toward Clovis. He stated that the com-
missioners had made arrangements to connect
these two highways and that while Plainview is
sixteen miles further from Littlefield than Lubbock,
the bulk of the trade would go there, in preference
to traveling over the roads in Lubbock county
between here and there. "He did not mention this
in order to frighten the people of Lubbock, but
it was just natural that people in autos would rather
travel over sixteen miles of good roads, than to
cross five miles of rough roads, and this we all
know to be a fact. He stated that Bailey county
West of Lamb had financed their roads, and the
bonds had been sold and the engineer employed to
take charge of the work of building the road. He
also stated that Hockley county had made the
necessary arrangements for financing their part of
the road between Lubbock and Littlefield, and that
work would begin real soon on that stretch of road.
He said further that we who have been over the
road through Garza and Scurry counties knew that
the roads thru these counties were good, so it left
it up to Lubbock to put the proposition over and
make the roads good in this county.

Anyway we are glad to know that the road
question is gaining the attention of such men as
the members of the Rotary and Kiwanis Club and
we believe that when these organizations get in
behind the movement that something definite will
be done and that soon.

Let's go for better roads.

Use common sense in building them.

Be economical and conservative, but let's act.

TOLL OF THE HIGHWAY

In spite of all the warnings and all the moraliz-
ing, carelessness and reckless driving continue to
exact a terrible toll of death on the highway. This
is particularly the case on Sundays when more than
the usual number of automobiles are in operation
and when we seem to have more than the ordinary
quota of inexperienced drivers.

The great need is to educate the people to the
danger that confronts them by some striking illus-
trations. In mills and factories safety devices are
saving many lives, but for some reason it seems to
be difficult to keep down the number of accidents
on the highways. One of the reasons for this is
that the congestion in the large cities grows greater
year by year, while the number of vehicles increases
at the same time.

It cannot be said that the police are indifferent,
because they are constantly engaged in improving
the traffic rules. One of the troubles no doubt is
the tendency to haste on the part of everybody, in
machines and afoot.

The "Stop, Look and Listen" signs at railway
crossings did a great deal of good in their way and
in their day. Possibly some clever person will in-
vent a caption that will be just as effective for
automobilists on the public highways.

Mr. Harding having kissed congress, it might
help him to take another little trip for the sea air.

Aged German Who Sells Papers Will Visit Her Fatherland

The United Press:
Houston, Oct. 25.—Madame le
Comtesse de Wittgenstein, known to
thousands of Houstonians as "Ma"
Wittgenstein aged German countess,
who sells papers on a street corner
here, will soon return to Germany
for a visit to her old home there,
following a bequest of \$4200 she
recently received from the estate of
her sister at Austin.

The countess, who says she will
continue to sell papers regardless of
her money, has a desire, she says,
to once more visit her former resi-
dential home in Germany, where she
lived for a good many years. Then
she will come back to Houston for
good, she says.

"Ma" has had a picturesque career.
She was born at Matagorda,
Texas, of English and French par-
ents. When she was in her early
twenties she went abroad and while
in Germany met Count Wittgen-
stein. After a brief courtship they
were married.

They made their home at the
bridgroom's castle in Germany. Af-
ter a few years the Count's family
met with a series of reverses and
upon the death of her husband sev-
eral years ago, "Ma" came to Amer-
ica and later settled in Houston.
She is well known to many Hous-
tonians and has sold papers on a
street corner here for years.

CARLISLE TEACHER SETS COTTON PICKING RECORD

Prof. Pevehouse has set a new
cotton picking record for Lubbock
county.

Wednesday morning he started at
about ten o'clock, after having pick-
ed at a normal rate, for a high re-
cord, and at the close of the day he
had weighed in six hundred and
thirty-three pounds of the fleecy
staple.

This record was made on the J.
A. Cannon farm six miles west of
town, in the Carlisle community.
The cotton, averaged about one-
fourth of a bale per acre, and this
proves that the professor had to do
some real work to reach that high
mark, in that that mark cannot be
reached by the average picker where
one-half bale per acre is gathered.

Prof. Pevehouse is teacher of the
Carlisle school, and his work in help-
ing to complete the gathering of the
crop in order that school may be
started in the least time possible.
He has picked twenty-one days, and
has picked a total of 9012 pounds,
which places his daily average far
above par.

Mr. Cannon was in the office yester-
day to tell us of the splendid re-
cords that are being made by Mr.
Pevehouse, and seems glad to have
the alert teacher among his force
of pickers.

NEW RECORD SET FOR MONEY MAKING ON PLAINS

C. H. Walton, one of the most
expert agriculturalists in this
section, has set a new record for mak-
ing money on the plains. He has
five acres of land in the west part
of town on which he had a small
patch of peanuts, from one-quarter
of an acre of which he gathered a
winter's supply of nuts, and a load
of hay for which he received fifteen
dollars, this making an average of
sixty dollars per acre plus a good
supply of peanuts.

It takes all kinds of farming to
keep on top, and that is certainly
what Lubbock county farmers are
doing—diversification being their
watchword.

The State Fair is by no means the
only medium through which the
champion agricultural district might
be judged, and South Plains farm-
ers are bringing that fact to view
in a good many ways.

Actual production is a proof of
land values, and anyone sufficiently
interested in farming to investigate
production records that have been
made on the South Plains, will read-
ily see that the present price of land
is far below its value.

U. S. Government Declares Sales Charges in the Big City Stores Are 2500 Percent in Excess of Buying Prices

(Written especially for Avalanche)

By Edward Percy Howard
The committee on finance of the United States Senate has just dragged into the sunlight evidence of the most astounding exploitation that has been disclosed in the history of America.

The disclosure comes in the form of a documentary report by the Treasury Department made at the request of the Senate committee. A report which shows in detail the prices at which 122 products—and there are more to come—are purchased abroad and the amazing prices at which these same articles are sold when they are disposed of to the people of America by New

York and other big city storekeepers.

The figures are a public indictment of the American trade and prove beyond a question that profiteering in the big cities has reached the point of open scandal.

The exploitation of the American housewife is so amazing as to be almost beyond belief. One glance at the figures provides a complete explanation for the high cost of living, which, summed up, undoubtedly is the result of flagrant and unconscionable disregard for the purse of the American consumer.

Both Necessities and Luxuries are Included.

The articles embraced in the report cover a wide range, both of necessities and luxuries, from common floor cloths, soap, shoes, knives, scissors, flat-irons and curling rods to silk embroidered lingerie, fancy clocks, laces, linens, chinaware, dolls, pipes, cutlery, and toys for children. In no instance is one of these articles sold in this country after being purchased abroad without brazen robbery of the purchaser.

The articles were manufactured in more than a score of different countries, including China, Japan, England, France, Germany, Czechoslovakia, Yugo-Slavia, Hungary, Belgium, Spain, Holland, Denmark, and Switzerland, where costs of production and labor are far below similar costs in the United States, due to a variety of conditions, from depreciated money to lower standards of living and sanitation, longer hours of work and child labor.

Interesting News for Women Concerning Gloves

Exhibit No. 1 shows that ladies kid gloves, 16 button, 24 inches, were bought in Germany.

The value in Germany per pair was 79 1-2 cents, the charges for transportation, insurance, freight, etc., was 3 1-2 cents, the duty was 37 1-2 cents.

The gloves were in the United States at a cost of \$1.20 1-2, and they were sold by Rothschild & Co., of Chicago, on June 12, 1922, for \$6.95, the percentage of retail price to landed cost being 477 per cent. When the women folks are threatened with still higher prices for kid gloves, due to tariff, they will understand who pays the piper, after an examination of these figures.

The men are no better off than

the women. They buy a pipe bought in England for 66.3 cents, sold over the counter of J. Wallack & Sons, 59 West 33rd Street, New York City, on May 26, 1922, for \$5, the percentage of retail price to the landed cost being 357 per cent.

Another instance is an electric flat iron produced in Germany. The value in Germany was 50 cents, the retail price in the United States \$6.50, the article being purchased from Zukerman Electric and Machine Co., 66 West 21st Street, New York City, on June 10, 1922, showing the percentage of retail price to landed cost of 747 per cent.

Some Articles Sold at Price Exceeding 2500 Percent of Cost.

Getting down to ladies' kid gloves under 14 inches, made in Germany, the value is given at 38.9 cents per pair, the retail price in the United States, \$2.00, sold by the Reed Corset Shop, 1077 Broadway, Brooklyn, N. Y., showing the percentage or retail price to landed cost to be 244 per cent.

Ladies' lamb skin gloves with wrist strap valued in Germany at 27 1-2 cents also were sold in the United States for \$2 by the National Glove and Corset Company, 2893 Third Avenue, New York City.

Getting into the more expensive phases of ladies' wear, a silk nightgown, lace trimmed, valued in Belgium at \$13.34, was sold by A. N. Saab, of 16 West 57th Street, New York City, for \$60.

The exclusive shop of John David & Co., Broadway and 32nd Street, New York City, which deals in men's wear and is patronized particularly by the smart set, sold a straw hat for \$4, which the Senate Committee report shows is valued in England at 91.8 cents. The great department store of Saks & Co., handled straw hats which the Senate Committee puts down as valued in Italy at 69.2 cents. These hats were sold for \$4, showing 270 per cent for retail price as against landed cost. Food stuffs, toilet powders, and other commodities quoted, in fact the whole line embraced, shows that the day of 100 per cent profit has long since been thrown into the discard so far as the American tradesmen are concerned. Some articles show a profit in excess of 2500 per cent.

Toys, Razors and Carrot Seeds, Too

The toy season being at hand, the American mothers will be interested to learn that Spax's wild west tincl toys, sell in Germany for 3.1 cents and are retailed in the United States for 50 cents, showing a profit of 260 per cent. One of these was purchased from the Terminal Toy Shop, New York City. F. A. Schwartz, the fashionable Fifth Avenue toy shop, sold a jointed doll for \$4.50, valued in Germany at 37 cents, the percentage of retail price to landed cost being 369 per cent. Stone building blocks for children, valued in Germany at 21.7 cents, were sold in New York by the Schwartz company for \$4, showing 1042 per cent to be the percentage of retail price to landed cost. A roulette wheel valued in Germany at \$1.76 was retailed over the counter in the United States at \$20, by the Fifth Avenue Gift Shop, 263 Fifth Avenue, New York City.

The profiteering extends to the Bible, which, valued in Belgium at 43.34 cents, is retailed in the United States for \$1.45.

And so the story goes. Undoubtedly when the facts become known, investigation will be started to find out who gets the profit.

The question of who is the goat, is self-evident.

CITATION BY PUBLICATION

THE STATE OF TEXAS.

To the Sheriff or any Constable of Lubbock County, greeting:

You are hereby commanded to summon Winnie Puett, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some publication published in your County, (if there be a newspaper published therein, but if not, then in any newspaper published in the nearest county to said Lubbock County) of general circulation, and published regularly more than one year prior to the date of the first publication of this citation, to appear at the next regular term of the District Court of Lubbock County, to be held at the Court House thereof, in the City of Lubbock, on the second Monday in December, 1922, the same being the eleventh day of December, 1922, then and there to answer a petition filed in said Court on the 24th day of October, 1922, in a suit numbered on the docket of said Court No. 1646, wherein C. P. Puett is plaintiff, and Winnie Puett is defendant, said petition alleging as follows:

Plaintiff, actual bona fide inhabitant of Texas and has been for more than twelve months preceding the filing of this suit, and he is a resident of Lubbock county and has been for more than six months prior to filing his petition in this cause.

That on or about August 25, 1919, plaintiff and defendant were lawfully married and thereafter cohabited as husband and wife until about September 29, 1919, when defendant without cause or justification left plaintiff with intention of abandonment and did abandon him, since which time they have not cohabited as husband and wife.

Plaintiff prays for a dissolution of the marriage contract and for judgment granting him a divorce from the defendant.

Havein fail not, but have you before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness: Louie F. Moore, clerk of the District Court of Lubbock County, Texas.

Open Child's Bowels with "California Fig Syrup"

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, give a teaspoonful to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the constipation, poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again. Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

The Standard of Comparison

Closed Car Comfort for Business and Pleasure

Combining the beauty and appointments of the costliest closed cars with modest proportions and every day utility, the Buick four-cylinder, three passenger coupe meets the requirements of business and professional use, as well as those of the family.

Its smartness has been increased by the changes that have been made in body, radiator and cowl to lower and lengthen its appearance and at the same time add roominess inside the body. Heavy crown fenders, drum type head and cowl lamps are touches that enhance its outside attractiveness.

Wide doors swing open to reveal an interior trimmed and upholstered in fine plush and set off by distinctive fittings. A heater, cowl ventilator and disappearing door windows provide perfect all-weather driving comfort.

Improvements have been made too in the famous Buick Valve-in-Head engine, axles, frame and every important unit of the chassis to develop further the dependability and ruggedness that always is so marked in Buick cars.

A Large Number of Physically Defectives Says Health Board

The United Press: Jefferson City, Mo., Oct. 25.—Of 33,217 public school pupils in twenty-seven counties of Missouri who were examined during the past year, 32,267 were found to have some physical defects, according to I. B. Krause, director of the division of child hygiene of the state board of health.

The defects were of both major and minor degrees, Krause reported, with bad teeth most prevalent. Children with defective teeth numbered 17,522, while 13,592 were suffering from enlarged and diseased tonsils, the report revealed.

Physical examination cards have been returned to the schools and in order that steps may be taken to correct the defects. The twenty-seven counties were scattered over all sections of the state.

CRIME ON INCREASE IN OKLAHOMA, SAYS JUDGE

The United Press: Muskogee, Okla., Oct. 25.—Charging crime among Oklahoma women "is increasing at an alarming rate," Mrs. Kathryn Van Leuven, assistant state attorney general in a speech here urged civic organizations to take greater activity in moral uplifting work among girls.

"Recently in Tulsa, I faced eighteen hi-jackers, eight of whom were women," Mrs. Van Leuven said. "One of these was a 15-year-old girl—a beautiful creature with bobbed hair and a face that might well have been the subject of a painting of an angel."

Mrs. J. A. Rix will arrive on the evening train from Dallas, where she has been visiting relatives. She will spend several days visiting her sister, Mrs. F. M. Poffenbach. Her home is in Lubbock.—Sweetwater Reporter.

MISSOURI APPLE GROWERS WILL STORE THEIR 1922 CROP

The United Press: Jefferson City, Mo., Oct. 26.—Missouri's commercial apple crop, this year totals 1,258,000 barrels from 53 per cent condition, according to the Federal State Crop Reporting Service.

The farm and commercial apple production for the state is 9,185,000 bushels, of which 40 per cent is commercial.

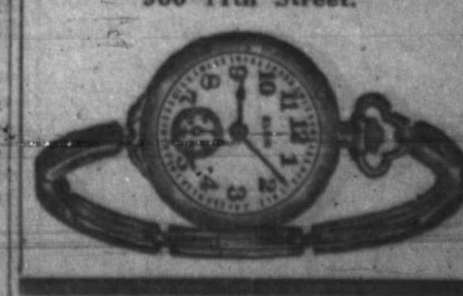

Prices are poor at the Orchard and practically no buyers have appeared in many communities, the statement says. One Lafayette county grower reported that for the first time in twelve years he failed to receive an offer for his crop. In some counties the local demand will absorb the crop.

Large growers are preparing to put their crop in storage. The shipping situation is such that producers may suffer heavy losses unless extraordinary efforts are made by marketing agencies to distribute the crop, the report declares.

HOUSTON POLICE FORCE IS TO HAVE AIRPLANES SOON

The United Press: Houston, Texas, Oct. 27.—An airplane police force, consisting of two completely equipped planes, will be added to the Houston police department in the near future, if plans being laid now, materialize. Addition of the planes will place the Houston police department second only to New York in up-to-date methods of combatting crime. George Lacy, superintendent of

the bureau of identification, of the local police department, has purchased two planes on his own initiative, to use in connection with his work.

The planes will be equipped with rifles and radio sending and receiving sets. Lights for night flying will probably be installed later, he says.

**OBSERVANCE OF AMERICAN
EDUCATION WEEK**

By John J. Tigert, U. S. Commissioner of Education

Two years ago Dr. P. P. Claxton, former Commissioner of Education, instituted the observance of the first week in December as "Education Week." The American Legion last year became interested in the perpetuation of such a week and took the initiative in inviting the National Education Association and other organizations to co-operate in the observance of "American Education Week." This year the United States Bureau of Education is co-operating with the American Legion and the National Education Association in inviting every American organization, club, church, school, newspaper, magazine, theater and individual and bodies of every description to participate in making the week, December 3-9, a real nation-wide revival of educational enthusiasm. The Americanism Commission of

the American Legion called upon the Commissioner of Education to invite President Harding to issue a Proclamation for the observance of this week. The President has given assurance of his desire and willingness to do this.

The Bureau of Education has arranged with the Interdepartmental Advisory Committee on Government Radio Broadcasting to use the Government's broadcasting station twice a day throughout the week for the promulgation of educational radio material in connection with the week's campaign.

The Commissioner of Education called upon Will H. Hays, president of the Motion Picture Producers and Distributors of America, to discover to what extent the motion-picture houses of America would co-operate. Mr. Hays was very generous and enthusiastic and has definitely arranged for the working out of a program in which the facilities of the motion-picture houses may be used effectively during American Education Week.

All governors, mayors and others in places of executive authority are expected and invited to issue proclamations and otherwise promote general observance of this great movement in behalf of education. The newspapers and press generally have been invited to issue special educational editions if possible, and if this is not possible to emphasize education during these days by editorials, special articles, and in such other ways as they find possible.

It seemed wise, in order that the campaign might be concentrated upon phases of education which are of outstanding significance, to designate certain days on which topics should be stressed. These days are as follows: Sunday, December 3, God and Country; Monday, December 4, American Citizenship; Tuesday, December 5, Patriotism; Wednesday, December 6, School and Teacher; Thursday, December 7, Illiteracy; Friday, December 8, Equality of Opportunity; and Saturday, December 9, Physical Education and Hygiene. These topics have been selected because they are considered to be matters of national importance and desirable throughout the country. It is suggested that these topics should not preclude the various States from emphasizing those features of education which need to be emphasized at this time in their respective states, nor should they prevent cities and localities from pushing their individual needs. It hardly seems necessary to urge upon the schools and those responsible for the administration and instruction in the schools that it is expected that all will join in the general observance of promoting education during American Education Week to the utmost extent of

**Plans to Double
Productiveness of
Trinity Valley Land**

The United Press: Dallas, Oct. 26.—A plan to double the productivity of the lands of the Trinity River Valley by simultaneous fertilization and irrigations is in the hands of the Chamber of Commerce here.

The plan outlined in an anonymous letter, would utilize the sewage discharge from the large cities along the Trinity River together with impounded flood waters.

The plan is outlined as follows:
1. Gain the co-operation of the Government in dredging and straightening out the channel of the river.

2. At stated intervals, by excavating dirt from the river channel, construct, carting, dams, reinforced by concrete and steel cables.

3. Irrigation laterals to be constructed in all directions, and flood gates to be installed.

4. Sewage discharge from the large cities along the Trinity rivers to be poured into large reservoirs after proper separation or non-usable refuse and mixed with impounded flood waters.

In the dry season the resulting liquids would be turned into the laterals and allowed to flow over the lands and crops.

This plan, if carried out, would double the crops and insure against drought, the writer of the article claims.

If you doubt this plan, refer to the works of Sir William Wilcox, famous English engineer, who saved six million acres of land on the Nile by building the Assuan dam. The plan is practical if you are not afraid.

The writer did not sign himself other than "the Trinity River Valley from Dallas to Houston," but the Chamber of Commerce officials claim that he is well known and that he has made an extensive study of the plan.

R. E. Karper Suggests That the Winter Feed Supply Be Supplemented By Some Kind of Pasturage

The present season is now so far gone that after taking an inventory of the available feed supply for the winter, we are all about ready to concede that West Texas is going to be shorter on feed on which to make another crop than has been the case any year since 1918. There are those among us who were either fortunate or foresighted enough to store up enough feed during the years of plenty to do two or three years. These farmers do not need to worry about the present short feed crop. However, the problem of how to make out without buying any more feed than is absolutely necessary is one that is confronting many farmers right now. With milo heads selling at anywhere from \$15

to \$25 a ton at present it looks as if they will be worth around \$30 by this winter. It certainly will not get any cheaper and the time to buy, for those who have to do so is now as soon as the heads are dry and well cured. Those who have grain feed to sell had best judge their needs generously also; they might have to buy back for \$30 what is now being sold for around \$20 a ton.

Saving all the Roughness
There was perhaps enough bundle feed raised this year to go around if it was distributed satisfactorily. Some sections have plenty while in other parts there is a shortage, and bundle sorghum is not a portable feed crop. If the grass was not good there would be enough bundle feed to make out with, but when every grain sorghum and cane do make a fair crop of roughness, one cannot expect much relief from the native grass in the way of feed. The native grass is short everywhere this year and in strong demand. It is not usually the practice to bind grain sorghums which have been headed, but this is the year when it will pay well to do so. The same is true of all the sorghum crops which have failed to head out and make a grain crop. And it seems there are more crops of the sorghums that have failed to head out or at least to head out into a fair grain crop, than there has been for a number of years. Invariably the reason has been that the grain sorghums have been planted too thick in the row, for wherever a reason-

able distance between plants in a row was allowed a fair to good crop of grain, was made.

In some sections the late feed crops are still holding on. This is especially true of the crops on the sandier land and, with a good rain in the near future, they stand a chance to make a good crop of roughness to cut just before frost. Every bundle should be saved as it will be needed.

In the northern part of the Plains country there will be a considerable acreage of winter wheat planted anyhow and winter pasture will be available from it to supplement the feed supply. However, farmers in those sections of West Texas where wheat is not a general crop will find it very profitable to plant a small grain crop of winter wheat this fall for winter pasture. For pasture, winter wheat should be planted early so as to give it plenty of time to make a good fall growth. September and early October planting will usually furnish more grazing than later plantings.

Rye for Winter Grazing
Rye and winter barley are also good small grain crops to plant for winter pasture. Rye will perhaps make more pasture to the acre than either wheat or barley because of the fact that it will make more growth at lower temperatures. Rye also will do some better on the lighter or sandier soils than wheat, and there is an opportunity also to harvest a fair grain crop from rye which has been heavily pastured. M. R. Watson, a farmer near Amarillo, harvested a crop of rye for grain last year which yielded 22 bushels to the acre. This was one of the first trials with Rosen rye, which is a new variety to this section, and Mr. Watson was well pleased with its yield.

Since winter wheat seed can usually be had locally at a reasonable price most anywhere in the Plains country, and rye or barley seed for planting likely have to be shipped, wheat will usually be the most profitable small grain to plant for grazing. There is the further fact to be considered that by grazing the wheat at intervals and judiciously, removing the animals during wet weather and taking them off in April, a fair wheat crop can be harvested. In the wheat growing sections of West Texas the wheat growers who have made it a practice of pasturing their wheat, figure the grazing is all profit and if handled properly, the grain crop is not reduced, and the grazing alone pays the cost of planting. These farmers are going to have plenty of grazing, but it is the farmer who is not in the wheat-growing section and who probably does not normally plant any small grain who will find it most valuable this year to grow some wheat for pasture. The moisture situation does not, just at this time, appear to be very favorable for getting wheat up, but for pasture, we believe it will pay to take the chance of getting it up until fall rains get to come.

LAMESA

The Reporter

The hotel referred to in these columns some weeks ago is going right up and will have 30 rooms fitted with all modern appliances and will certainly be inviting to the traveling public when completed.

Mr. Kyle, of O'Donnell, was stricken with paralysis yesterday morning while in Lamesa and was taken to Drs. Loveless and Bennett's office for treatment. It seems that he had suffered a stroke prior to this and was better and able to work some, but this stroke came with but little warning. His wife and son were here with him at the time and were at the bedside.

On Tuesday evening at 5 o'clock, Rev. I. A. Smith performed the ceremony that made Raymond Davis and Beatrice Alberta Pollard husband and wife. The groom is Dr. Parmley's chauffeur. Thus the colored race wed and life begins for them in joy or woe. May we hope that all the joy of life may be theirs.

Clouds, a little rain and colder weather reminds us that the summer days have passed and the winter coal bill looms into view. The hardware merchants are putting out the stoves right along and the population is passing through that usual stage of pinched fingers and profanity.

We note with pleasure that a room in the basement of the Courthouse has been fitted up nicely as headquarters for the Boy Scouts. The Commissioners' Court and the ladies of the Civic League are entitled to much credit in this matter.

C. T. Watson has been in Dallas during the Dallas Fair, in charge of the Dawson county exhibit. It is needless to say that our exhibit was in good hands. J. R. Williams assisted Mr. Watson in the arrangement of the exhibit.

District Attorney Judge McGuire left Sunday to attend District Court in Hockley county. A large shipment of auto license numbers for 1923, have been received by Sheriff and Tax Collector Russell.

The ladies rest room in the basement of the Courthouse is open all day to those who wish to use it. It is, however, not intended to be used as a play house for children, especially when not accompanied by their parents.

DEAF WOULD NOT BE BARRED FROM DRIVING AUTOS

The United Press: Little Rock, Ark., Oct. 25.—Members of the Arkansas Association of the deaf have adopted resolutions asking the state legislature and all city councils not to enact statutes or ordinances barring the deaf from driving automobiles.

Although such laws are in existence in other states, none has so far been enacted in Arkansas.

Three Mexican Boys Are Being Educated In Texas University

Austin, Texas, Oct. 27.—With an appropriation of \$3600, the State of Texas supports six Mexican boys in the University of Texas, according to the regulations of the Mexican-American Scholarship Foundation. There are four senior students and two freshmen, and the selection was made on the basis of scholastic records and ability. It happens, however, that each of the boys belongs to prominent Mexican families. The National University of Mexico holds an annual summer session for American students, and pays the expenses of each American student one way from the border. That University also offers teaching scholarships to American professors. The Mexican boys studying in the University of Texas are Ruperto De Leon, from Mexico City, a senior in the academic department; Jorge De La-Vaga, from Mexico City, a freshman preparing to specialize in business administration; Augustin Bravo, from Guadalajara, a freshman preparing to enter the School of Business Administration; Ramon Beteta, of Mexico City, a senior in the College of Engineering. Beteta's name has frequently appeared on the honor roll for scholastic merit; Alejandro Cavada, of Durango, a senior in the College of Engineering, and Luis Flores, of Mexico City, who was transferred from the National University of Mexico with sufficient credits for senior standing in the College of Engineering.

MEMORIAL FUND BEING RAISED FOR WAR HEROES

Austin, Texas, Oct. 27.—Students of Brackenridge Hall, dormitory for men in the University of Texas, have inaugurated a loan fund as a memorial to former residents of the dormitory whose lives were lost during the world war. The fund was started during the session of 1920-21, and now amounts to \$300. In order for a needy student to receive the benefits of the fund he must have been a resident of B. George Brown, of Lubbock, Is Star Football Man With A. C. C. Eleven According to Reports Received Here

Special to Avalanche.
Ablene, Oct. 25.—One of the most consistent players on the field here Saturday during the football game between Abilene Christian College and West Texas Normal College was George Brown, the Lubbock boy who, although only a freshman, has developed into one of the best guards

in this section during the past few weeks.
Brown was a member of the A. C. C. Kittens, second string men, during last season, being then a student in the Academy which is maintained in connection with the college. This year he took his place on the Varsity immediately after beginning training.
The game of Saturday was forfeited by the Referee to A. C. C. late in the fourth quarter after A. C. C. had scored what appeared to be the winning touchdown, the score being 12 to 7 in her favor. A squabble by a Canyon player caused the game to be forfeited, although a majority of the Canyon men wished to play the remainder of the game.

A SHABBY HOUSE OR A SHABBY MIND

Haven't you been in houses where lovely flowers stood all about, and everything was spick-and-span, but the library table was strewn with papers and magazines of the trashiest description? Is it a good thing to have the furniture of the house the best that money can buy, and to furnish the mind with silly and disreputable things in the way of reading? Better by far have a shabby house than a shabby mind. The shabby furniture can be burned or sold, but what can be done for the shabby mind? Use the Youth's Companion to furnish your mind, and wherever you are—in plain but immaculate rooms or amid splendors and palaces—you will be at home. Try The Companion for a year and see.

Okla. Mother Still Awaits Return of Son Reported Killed

The United Press:
Muskogee, Okla., Oct. 26.—"I'm sure he isn't dead." Thus speaks Mrs. M. E. Rigby, as she confidently waits, in her home here, for the home coming of her son who was reported killed in action in France, the day before the Armistice.
The American Legion post at Fort Gibson has been named in honor of her son, Frank E. Glad.
The reason for the little mother's belief that her son is alive is a letter from Bobby Burns, Springfield, Mass., who says he was in base hospital No. 26, at Havre, with Glad in February, 1919, more than three months after he was reported dead.
Glad was suffering from shell shock and a bullet wound through the lungs. Burns was the first discharged from the hospital. A few days before he left France, Burns said a surgeon at the base hospital wrote him that Glad had recovered from his wound, and would be discharged in a few days.
This was the last heard from Glad.

A letter from Burns, addressed to Glad here and received by his mother was the first intimation received that her son was still alive. She then started a search for the boy, who she believes to be wandering aimlessly about the country deprived of his memory by shell shock.
A search through the War Department's records failed to show any trace of Glad, after he was reported dead.
A picture of the grave in which Glad was supposed to have been buried, failed to down the hopes of the little mother.
Burns' story was corroborated by Alfred Templer, Pittsburgh, Kansas, who was also in the hospital with Glad and Burns.
Glad, who would be 30 years old now, according to his mother might be living with his father's people in Alsace Lorraine.
"This doesn't seem possible though or he would have written me," Mrs. Rigby said.
The mother is so confident her boy will return, that she is saving for him Christmas presents she sent him in France, but which were returned.

FORD PRICE REDUCTION ANNOUNCEMENT

According to a statement just issued by Edsel B. Ford, President of the Ford Motor Company, Detroit, a general reduction of \$50.00 a year has been made in the prices of Ford Model T Cars and the Ford 1-ton truck, effective October 17.
"The revision in prices," said Mr. Ford, "is the result of the increased volume of business which our company has enjoyed during the present year, and also to the fact that we now own and operate many of our sources of raw material, which enables us to continue increasing the quality of our product and at the same time keep the price so low that Ford cars are in reach of everybody."
"Our production for 1922 is already in excess of a million, which has been an important factor in bringing down costs. Our present daily output is averaging better than 5,000 cars and trucks, which means a complete Ford car or truck every 5.12 seconds of each eight-hour work day. It is in anticipation of this continued demand that price adjustments are again being made in order to keep in effect the policy of selling Ford products at the lowest price consistent with quality."
"Quality, as usual," said Mr. Ford, "will continue to be a prime consideration in the building of Ford cars. As our business has increased we have constantly increased our equipment and manufacturing facilities, so that this price reduction merely reflects the progressive methods which come as a result of increased volume."
"This reduction, which is the sixth since March, 1920, brings the price of the Ford touring car from \$575, the price in effect early in 1920, to the present extremely low level of \$298, which is nearly 50 per cent less. Corresponding reductions have been made on all other types."
If Harding issues another eulogy or two of this Congress, he is the kind of candidate for president the Democrats would like to see the Republicans have in 1924.

SOME INTERESTING FACTS ABOUT THE MISSOURI RIVER

The Missouri is one of the great drainage channels of the United States, measuring in total length about 2,400 miles. According to the United States Geological Survey, Department of the Interior, it drains 527,155 square miles, a territory as great as that embraced in all the states south of New York and east of the Mississippi, except Indiana and Illinois.
Although the Missouri is no longer utilized to any extent as a means of communication and transportation, it is destined to play a large part in the development of its drainage basin, by furnishing water for irrigation, and generation power.

IRRIGATED COTTON IS MAKING BALE TO ACRE

Farwell, Oct. 27.—John Tucker, a farmer living about 17 miles south east in the irrigated district, has four acres of cotton that will make a bale to the acre. Besides the cotton, he has sold several loads of melons from the same land. The cotton had very little cultivation and was only irrigated a few times. He will plant about 50 acres next season. There will be at least 5,000 acres planted here next year.
The gin at this place is expected to be completed in sixty days. Hold your cotton and have it ginned at home.

Children Kidnapped—Frantic Parents Apply To Red Cross for Assistance—Giving More Reasons for Its Supervision of Charity

That might have been the true head of a real good story if the facts in the case had borne out the imagination of a man too shiftless and lazy to work. But unfortunately the Red Cross Secretary has had experience before with over-wrought imaginations and finally got under the bottom of things.
—A call came to the Red Cross this past week for food, clothing and

fuel for a family in one of the little shacks that are a disgrace to our town. The Secretary immediately went down to investigate the case—for the shack was well known to her from previous visits—always to different families for no one ever stays there more than a week or so. (Can't you sympathize with the good neighbors that live in that part of town?)
It was indeed a pitiful case. A strong, able-bodied man of around 45 and his wife—around the same age and perfectly healthy were found to be living there off of what the neighbors brought in to them, what they could beg and other supplies that could be picked up in various other ways. They didn't even have a camping outfit. They had been there about a week then and there was a wonder. Here it is:

Two years ago they were traveling in Arkansas with their two small children and one night while they were in camp the two children were kidnapped. (It would have been a blessing to the children had the story been true.) For two years they had combed the South in search of these two children and had finally found them at O'Donnell. They were now waiting for the sheriff to return with them.
Passing over the truth of the story the Secretary asked him why he didn't get work while he was waiting—but he was afraid he would be away from the house when the sheriff returned with his children. When it was pointed out that his wife could stay there and notify him just the minute they arrived he came clean enough to reply: "Yes, lady, but I'd rather stay here and rest."

Yet he had been begging off the neighborhood and the Red Cross had been asked to take care of them. His story could not hold water—nor would the father and mother of the two children whom they had not seen for two years—been located in O'Donnell—would the parents have waited for the sheriff to go after them—alone? Hardly. So the sheriff was interviewed—and he had an entirely different story to tell. He was hardly complimentary to the unfortunate parents of the kidnapped children who were not kidnapped.

Just another example of Red Cross Supervision of Charity. Support it.

Ray Allen, Manager of Fourth House of the Rix Furniture Co.

Jed Rix went to Tahoka Tuesday to look after the interest of the newly established branch house there. The success of the branch recently established at Lamesa inspired Mr. Rix to reach out into the other territory, and indeed Tahoka is gaining another good one in having a house of Rix locate there.

Ray W. Allen, well-known in Lubbock, one of the local boys who graduated from the Lubbock High School about three years ago, since which time he has been active in the business life of the city, will have charge of this branch. He is a live wire, young, active and knows how to use his head, which after all is sufficient qualifications for any business man, added to which he is one of the most congenial of the young generation of Lubbock, and we are sure that he will make many friends at Tahoka.
We are in hopes that, if it is at all possible, Rix will mean as much to Tahoka as that name has meant to Lubbock, for at the approach of every civic problem, the entire Rix force is soon at work, and the influence of that house on these problems is easily seen.
It has been but few years since Mr. Rix came to Lubbock, but in that time he has been enabled to do a good many things for the town which marks him well as a booster and builder, and it is with much pleasure that we learn he is becoming interested in Tahoka.
As one portion of the great South Plains prosper, so shall prosperity be known in other portions, and knowing as we do that the House of Rix is backed by a powerful boosting spirit, we feel that Tahoka is taking another step forward in that house having a branch established there, as well as in the Company itself, and are glad of this development.

The many friends of Mr. Allen are glad to know that he is to play an important place in the Tahoka branch, and are wishing for him all the success that may be reasonably expected.
The Rix Company has now four houses, at Big Spring, Lubbock, Lamesa and Tahoka. The company managers are to be congratulated for having selected such wide awake towns for the location of their stores.

Reminiscence of Ranch Life in Early Days of Texas

The United Press: Paducah, Tex., Oct. 27.—Reminiscences of ranch life and conditions in the early days of Texas, when ranches comprised hundreds of thousands of acres and each ranchman ruled his little kingdom with the absolute authority of a monarch, were recalled with the recent death of W. G. "Bill" Richards, owner of the Moon ranch, known all over the Southwest.
Richards was sixty-two years old and stood out prominently among those pioneers who achieved and helped create the picturesque history of West Texas.
Richards started out over twenty years ago with a small string of cattle and prospered until in 1895 he bought the Moon ranch, famed in West Texas history and well known in cow camps from Montana to the Gulf.
The ranch comprising many thousands of acres was so-called because of its cattle brand, which was formed by two half circles with their points down, to represent a half moon.
The history of the ranch goes back almost to Civil War days, old timers say. It was established by an Englishman named Maud, said to have been a relative of the British General, Cyril Maud, of World War fame. Maud, it is said, decided to return to England in 1879 and sold the ranch to J. B. Gray, also an Englishman. Gray passed it on to Richards.
Many stories are told of the open-hearted hospitality dispensed at the old ranch house. The place was open to friends and strangers alike, and travelers through the country were never denied lodging as long as the place would hold them.
The buildings were typical of the ranches of those days. The houses were long, low, rambling one-story structures, and as one old cattleman described them, "spread over seven acres of land."
The ranch was used many times by Texas Rangers as their headquarters when that band of officers were the chief law-enforcing body in the state.

GRANTED NATURALIZATION PAPERS AFTER 77 YEARS

The United Press: Nowata, Okla., Oct. 25.—After serving in the Union army four years during the Civil War, and living in the United States sixty-nine years, thirty of which he has voted, James Meadowcraft, 77, was granted naturalization papers here recently.
Meadowcraft is the oldest person to be given naturalization papers in this country, it is said. Eight years ago Meadowcraft discovered he was a subject of England, having been born in that country. He stopped voting and otherwise exercising his rights of citizenship. He applied for naturalization papers. The World War caused a delay in the issuance of the papers until recently.

ROTARY NOTES

"Jack-O-Lantern has not necessarily a beautiful face—but like some good fellows the warmth of his being shines through his eyes."

It was a good program from start to finish put over by the entertainment committee at the Rotary Luncheon held at the Cova Hotel Wednesday, with Dr. Duering, chairman, and not only entertaining but instructive as well.

In the absence of Skeeter, President Jed Rix introduced the visitors. Jed passed around a postal card he received from Tom Hutchinson, who is doing the coast. It was hard to keep the card moving, and Hilton had to take it out of Woody's pocket in order to get it back to Jed. Nuff Sed.

Butterflake is doing good work on attendance, which is one of the prime factors in selling Rotary. In connection with his work the directors have adopted a card system,

which if a man is sold on Rotary, will have its effect. Following is the card system which Butterflake will use on you, if you don't watch out:

1. On being absent, the first time you will receive a yellow card which reads like this: "We noticed you were absent from the meeting today—Hope you will make an effort to attend some other Club meeting before next Wednesday in order to make your attendance record 100 per cent."
2. A red card: "You were reported absent today. This makes the second meeting in succession you have missed. If you are sick, please let us know, so we can send some flowers."
3. Blue card: "The secretary advises this is the third meeting you have missed in succession. If you are out of town it will be necessary for you to notify the secretary at once, in order that the matter can be reported to the directors and action taken on your excuse."
4. White card with black border: "Four times and out. We did our duty."

Here's hoping that no member receives even the yellow card.

I think there is a certain work for every man and woman in the world. Lots of them don't find out what it is. But some place there's work for every one that's just like play you love it so. I can see the fun Woody will get out of being Club Historian. Have been writing Rotary notes on these milo-mo-birds for some time and it may be I can give you a few tips, Woody. Woody wants every member to help in compiling this data. If you know anything worth while to go into the history of the club, let him have it. I can also see the fun Daddy is going to have in getting out "The Hub." There should be a file kept of them. The first one was a hum-dinger. You can always bank on Daddy. The first issue with Club motto, place of meeting and program, and a little advice as to attendance on front. More attendance messages on the inside, together with "the farmer's prayer" and the Roster of the Club on back. I'll say it was some bulletin Daddy, and I am for you.

S. E. Cone was two-minute man and he made a good one. Unfortunately to be the victim of a man who would sell the other fellow's cotton. He evidently was not familiar with the eighth paragraph of the Rotary Code of Ethics, from which you made your talk. For such men as the one you spoke of I will here quote the eighth paragraph: "To hold that true friends demand nothing of one another and that any abuse of the confidences of friendship for profit is foreign to the spirit of Rotary, and in violation to its code of ethics."

How often we find men, who are even worse than this man who stole the cotton. A man who claims to be a man and under the guise of the church, the lodge or even his Rotary or Kiwanis club will demand of his friends the character of his fellow man. This is the worst kind of a thief, but he goes unpunished. It is the kind of religion that disgusts men with the church and what they stand for. A man or woman is not a Christian because their name is on the church roll, neither is a man a Mason by taking the Masonic oath, and I trust Roscoe will in instructing Rotarians to study well the code of ethics and especially the eighth and eleventh ones.

The home brew quartette consented to again favor the club with the brand of music we all like.

Frank White, of the Texas Utilities Company, and guest of Dr. Duering, made a fine talk on "how to mail and address your letters to get better service." He stated that Lubbock's postoffice cancellations were 5,000 daily. That we were an office of second-class, but would soon be an office of first class.

Bill Ward made a very interesting and instructive talk on the writing of telegrams and elimination of mistakes, which shows we have a man in the telegraph office that understands his business.

Texas Colleges and Universities Are All Filled to Overflowing

The United Press: Dallas, Oct. 27.—Colleges and Universities throughout the state are filled to overflowing by the increased attendance this year and many of them will be unable to provide facilities for some of the pupils, according to an investigation into the situation made recently by the Texas Educational News Service.

There are more students enrolled in Texas Colleges than ever before in the history of the State, reports of the investigation show.

In many instances quarters of the schools have not been able to accommodate the increased attendance and at A. & M. College, three companies of students have been quartered in tents until additional housing facilities can be found.

Texas University leads the field with an attendance of 4,977 pupils. This is in the main University, compared with 3,899 for 1921.

Reports from other colleges all over the state indicate there is a general increase of from 20 to 50 per cent in attendance.

CABINET MEMBERS WILL TAKE STUMP FOR THE REPUBLICANS

The United Press: Washington, Oct. 26.—Several members of President Harding's Cabinet will take the "stump" for Republican candidates throughout the country.

Secretaries Hoover of Commerce, and Wallace of Agriculture, have already completed their speaking dates.

Secretary Wallace's itinerary for the southwest follows: October 23, Kansas City; October 24, Hutchinson and Dodge City, Kansas; October 25, McPherson and Newton, Kansas; October 26, Manhattan, Junction City and Concordia, Kansas, afternoon, and Holdrege, Kansas, evening; October 28, Grand Island, Nebraska, afternoon; Seward, Nebraska, evening; October 30 and 31, Michigan points.

Hoover's engagements have been cut to two, Toledo, Ohio, and Grand Rapids, Michigan.

House Boats Are Furnishing Homes For Beaumontians

The United Press: Beaumont, Texas, Oct. 26.—High rents and hardhearted landlords are daily driving hundreds of Beaumont citizens to seek freedom from this oppression in the Neches river—not with suicidal intent—but to houseboats, a survey of the housing problem here has shown.

Many families, rather than pay exorbitant rents for flats, houses, and hotel rooms, have moved into their new river homes within the last few months.

Scores of houseboats, many of them bordering on the palatial, line the banks of the river for four or five miles above and below the city. While some of the inhabitants of the boats eke out a scanty existence by fishing and live in squalid surroundings, many others have all the comforts of the modern home. Many of the houseboats have garages along the banks of the river, from which owners drive to add from their places of business in the city.

"Of special convenience to the 'houseboaters,' they say, is the fishing. Housewives desiring fish, prepare their cooking facilities, throw a hook and line out of the kitchen window, and when they get a 'nibble,' pull in the line with the fish. It is fine, they say.

Beaumont is one of the few cities in the United States where people live in houseboats to any great extent.

The Origin of Halloween—Quaint Customs Pertaining to Fete
 Halloween, like most all other festival days, has a religious origin. It has been the custom to celebrate the last day of October as Hallow Eve, or Hallow. Tradition says that long before the Wise Men of the East proclaimed the birth of Christ, a great festival was held on this day by Druid priests. As the nations became Christianized, the day was called "All Hallow" because it preceded St. Michael's Day. Two hundred years ago it was customary to build huge bonfires on the hills to proclaim that majestic and sacred rites were being performed, and it was a season of great rejoicing; so a huge fire of logs is a desirable attribute of a Hallowe'en party. Many a city house or flat can boast

of only a gas log, but be sure to light it, using candles for the other illumination. Jack-o'-lanterns must glow from every available corner, of course. Have popcorn to be popped by the guests, dishes filled with red apples, and bowls of nuts to crack. On this night Fate gives an opportunity to peer into the future and divine the course of true love. Tassels from corn ears are named by the maidens, then placed over the door, and the man first to pass under the one bearing his name is supposed to be the life partner of the girl who named it. Bobbing for apples is a stunt so old that no one seems able to tell its origin, but no Hallowe'en party is complete without it. Fill a small tub of water, put in 8 or 10 apples, after having inserted in one of them a ring. In another a thimble, in a third a coin and in one a button. Thus will be the fate of 4 persons decided on the spot. Fortunes may be told by placing 3 bowls or saucers (as they are more convenient), on a table, one filled with water, one with milk and the third empty. Each maiden is then blindfolded, turned around three times, and started in the direction of the bowls. If she dips her finger in the water, she will marry a bachelor; if in the milk her husband will be a widower, while if her fingers touches the empty dish, she is fated to remain single. After each one makes the test the order of the bowls must be changed so as to prevent those who watch from knowing which is which. Pretty decorations for table and appropriate novelties for place cards and prizes can be obtained in the shops, also clever suggestions to make your party unique.

You Can Get Back Your Grip on Health

Hope for the millions of unfortunate men and women who are victims of stomach trouble is sounded by Mrs. Mamie Trulove, 2714 Madison St., St. Louis, Mo. Mrs. Trulove was a victim of stomach trouble in its worst form but was completely restored to health by taking Tnlac. She says: "When I took Tnlac five years ago, I had suffered from stomach trouble eight years. I got splendid results then and two years later when I was losing ground again, I took a few more bottles and was soon all right. Tnlac is the best of all medicines for stomach troubles." Undigested food ferments in the stomach and soon the entire system is filled with poisons. Tnlac was designed to restore the stomach to a healthy condition and build up the whole body. Millions everywhere have acclaimed its wonderful power. Get 1 bottle today. Tnlac is sold by all good druggists.

Mrs. Russell Myrick Entertains
 Mrs. Russell Myrick was hostess for her sewing club Wednesday afternoon at the home of her mother, Mrs. G. C. Wolfarth, 2304 Broadway. As is customary, the afternoon was spent in sewing and embroidering. Mrs. Howard Wheelock was a guest of the club. Tea was served to the following members: Mesdames Guy McAfee, Harold Griffith, J. T. Krueger, Elmer Conley, Earnest Conley, C. C. Pearson, Claud Harbut, and Misses

Mary Meador and Mamie Alexander. The Club will meet the second Wednesday in November with Miss Mary Meador, at her home at 1621 Eleventh Street.

A Surprise Party.
 Little Miss Ethel Murray was honored with a surprise party on her eighth birthday Tuesday afternoon, from 4 to 5:30 o'clock at her home at 1011 Eighteenth Street, Mrs. W. G. Murray, her mother, acting as hostess.

The small guests came bringing many pretty gifts for the surprised little hostess. Games were enjoyed during the afternoon, at the close of which refreshments were served. The dining room was effectively arranged in red and white. A big white cake with eight red candles was placed in the center of the table, and from this as a centerpiece, red ribbons led to each place. Sacks were filled with candies and to these favor whistles were tied with red and white ribbon. Ice cream and cake were served to the following guests: Misses Katherine and Virginia Lee Barr, Ruth Mildred Rylander, Grace Rankin, Aline Law, Francis Snyder, Margaret Spangle, Maxine Burroughs, Evelyn Raybon, Roberta Raybon, Pauline Edwards, Emily Mays, Micky Caldwell, Billie Bloom; and Messrs C. G. Bloom, Jr., Dick Snyder, Fred Snyder, Leon Waters, Geo. Wilson, F. Middleton.

20th Century Club
 The Twentieth Century Club met for its regular session Tuesday afternoon, at three o'clock, Mrs. C. M. Ballinger, president, presiding, and Mrs. Geo. W. Briggs, as acting secretary.

The club decided to give two Spanish dictionaries to the high school library. Mrs. Roscoe Wilson, club parliamentarian gave an unusually interesting and beneficial parliamentary drill. She stressed the necessity of each member knowing the simple and rudimentary steps of parliamentary law.

Following the business session came the combined lessons of "Beginning of Language," and "First Tools and Weapons." Mrs. Curtis A. Keen gave an interesting reading on "Talking for Pleasure." Mrs. Roscoe Wilson spoke most interestingly about the necessity and need of a universal language. Mrs. Geo. Briggs, in her inimitable and humorous way emphatically denied the origin of man according to the Darwinian theory, but rather preferred to think that man descended from ants, instead, because of the fact that of all animals, they show the most real intelligence. Mrs. C. J. Wagner gave an excellent illustrated talk on "Sign Language of the Primitive Indian." Mrs. Joe Penney explained in her paper how our forefathers used the fins, spurs and tusks of animals as weapons.

The lesson was unusually interesting and instructive, many things that had been forgotten, or not known, were brought out in the class.

Wednesday Needle Club
 Mesdames H. A. Davidson and Shelby Robbins were hostesses this week for the Wednesday Needle Club, at the home of Mrs. Robbins, 1404 Avenue Q.

There were no guests during the afternoon, and at five o'clock a chicken salad luncheon course was served to: Mesdames W. B. Atkins, B. P. Hopkins, Oscar Sensabaugh, C. J. Wagner, F. M. Maddox, A. W. McKee, Geo. W. Briggs, R. E. Karper, C. M. Ballinger, Jot Smith, G. W. Thomas, S. C. Wilson, J. M. Lewis, Sam Cole and W. A. Bowen. The club will meet the second Wednesday in November with Mrs. B. P. Hopkins and Mrs. G. F. J. Stevens as joint hostess.

Honoring Miss Ruth Elaine Lewis
 Mrs. J. M. Lewis, of 1310 Avenue N, gave a party Saturday, honoring the 6th birthday of her little daughter, Ruth Elaine. Thirty little playmates came bringing gifts. They played Halloween games during the afternoon. Later they were served refreshments in the dining room, which was decorated with pumpkins and Halloween effects. A white cake with six pink lighted candles formed the center piece of the table. Each small guest received a Halloween favor as a gift. Mesdames S. C. Wilson, L. C. Ellis and R. E. Karper assisted Mrs. Lewis in entertaining the following: Little Misses Mary and Francis Wilson, Kathryn Klett, Mary and

Carrie Jane Thomas, Joyce Jackson, Ruth and Helen Wagner, Gwendolyn Thompson, Mary and Annie Bush, Johanne Sears, Francis McKee and Marydell Hampton. Masters William Davidson, Padgett Maddox, Neil Wright, Lewis Ellis, Billy Lyles, Charles Muagrove, Robert and Edward Karper, Buster Moxley, Lee Jackson, J. L. Stinson, Carroll Hale Thompson, Paul Woods, Leslie Hampton, John Jarroll Thompson, John Thomas Sears, and Charles Maedgen.

Personals
 Mrs. H. W. Sims returned home Sunday from Lamesa, where she attended the Epworth League convention as a delegate. Mr. and Mrs. Lewis Stevens and baby, of Post City, were last week guests at the home of their parents, Mr. and Mrs. W. O. Stevens. Mrs. J. A. Rix returned home Wednesday from a three weeks' trip. She visited her father in Whitesboro, stopping in Dallas and Abilene, on her way back.

K. K. K. Bridge Club
 Mrs. G. G. Castleberry was hostess for the Kolonial Kard Klub on Tuesday afternoon at her home at 1711 Eleventh Street. Only club members were present. The prize for high score, a pretty table cover, was given to Mrs. O. L. Slaton. A luncheon course was served to the following, at the close of the game: Mesdames Fred Oliver, Shelby Robbins, L. T. Martin, J. T. Hutchinson, O. L. Slaton, C. I. Griffin, and Miss Delia Wilkinson. The Club will meet next Tuesday with Mrs. Shelby Robbins.

1920 Needle Club
 Mesdames A. S. Darby and Jim Kimmel entertained the 1920 Needle Club at the home of Mrs. Kimmel, at 1308 Avenue L, on last Tuesday evening.

These ladies are recognized by the club members as efficient and delightful entertainers, and it was with much enthusiasm the meeting was attended.

Refreshments consisting of a dainty salad course with coffee and whipped cream, and pumpkin pie with whipped cream, were served to the following: Mesdames J. T. Smith, Charles Middleton and E. J. Clark, club guests, and John Moore, O. B. Franke, W. E. Cravens, Will Batew, H. W. Stanton, E. B. Green, T. E. Buckner, Fred Spikes and Earl Hunt, members. The evening was indeed a pleasant one, and the members and guests were loud in their praise of the hospitality of the hostesses.

Merry Bidders Entertains
 Mesdames K. Carter and Joe George entertained the Merry Bidders at the H. E. Wheelock home Friday afternoon. A number of games were played, after which refreshments of chicken salad on lettuce with potato chips, olives, butter sandwiches and hot coffee with whipped cream, was served to the following members

and guests: Mesdames Norwood, Frigg, Arnett, Hunt, Spikes, Ellis, Bradley, Sears, Mangeldorf, Pearson, Mesdames Raybon, Waco, St. Michael, Payne, Brown, Davison, Barnes, Lemond, Cardwell, Trinkle, Rylander, Davis, Middleton, and Miss Willie Pearson.

16-42 Club
 Mr. and Mrs. H. W. Sims will entertain the 16-42 Club Monday evening, October 30, from 7:30 to 10 o'clock.

CITATION BY PUBLICATION
THE STATE OF TEXAS,
To the Sheriff or any Constable of Lubbock County—greeting:
You are hereby commanded to summon T. A. Curry, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Lubbock County, to be held at the Court House thereof, in Lubbock, Texas, on the 2nd Monday in December, A. D. 1922, the same being the 11th day of December, A. D. 1922, then and there to answer a petition filed in said court on the 17th day of May, A. D. 1922, in

suit, numbered on the docket of said court No. 1586, wherein Rebecca Curry is plaintiff, and T. A. Curry is defendant, said petition alleging: A suit for Divorce, and for the Division of Property.

Plaintiff resides in Lubbock County, Texas, where she has resided for more than six months next before the filing of her said petition, and has been a bona fide inhabitant of said State for more than twelve months next before the filing of said suit. The defendant's residence is unknown.

Plaintiff and defendant were lawfully married on the 5th day of May, 1901, and lived together as husband and wife until March 27, 1922, when they separated on account of cruel treatment by the defendant, of such a nature as to render their further living together insupportable. The defendant neglected the plaintiff and failed to provide for her support and maintenance, and on or about December 1, 1921, he became enamored with another woman, lavished his affections upon her, as well as money and their common property upon such other person. The defendant left the plaintiff alone in a town where she was acquainted, and it became generally known that he had become enamored and had neglected the plaintiff. Such treatment humiliated her, and caused her distress, and it impaired her health. She further says that the defendant became disagreeable, and told her he had no love for her, and suggested that she file suit for a divorce, and by such conduct of such nature and character as to render their further living together insupportable.

Plaintiff further represents that during their married life she and defendant acquired community property as follows:

- 1. A home in Lubbock, on Twelfth Street, and being lots 6, 7, 8, 9, 10, in block 114, original town of Lubbock, fronting south on Broadway, and of the reasonable value of \$8,000.00, which is encumbered by a purchase money lien of \$3,000.00, leaving a net equity of \$5,000.00.
 - 2. Vendor's lien notes against one L. B. Seaton for the approximate sum of \$1400.00, and is a lien on the property in the name of said Seaton, in the 19th block, and fronts west on Eighth Street.
 - 3. An undivided interest in a mineral lease on 450 acres of land in Callahan county, known as the Barbecue Ranch, about three miles northwest of Baird, and of reasonable value of \$4,000.00.
 - 4. Twenty-two head of live stock consisting of horses and mules, of the reasonable value of \$1250.00.
 - 5. \$1000.00 par value of stock in the National Saving & Investment Company, of Dallas, Texas.
 - 6. Cash on hand, in the possession of the defendant, \$1000.00.
- But plaintiff says that the community property aforesaid is indebted to her, and her separate estate in the sum of \$2,000.00, in this: Five years ago she owned 80 acres of land in Hamilton County, Texas, which she sold for \$2300.00 cash, and loaned the proceeds thereof to the defendant and their community property, which was invested in the 450 acres of land in Callahan county, Texas. Said 450 acres was afterwards sold and the proceeds appropriated by the defendant for the benefit of their community estate, under an agreement that the said estate was indebted to her in the sum of \$2300.00, to be repaid her separate estate.

Wherefore, plaintiff prays for citation against the defendant, as required by law in such cases, and on hearing she be decreed a divorce from the defendant, and that their community property be declared indebted to her separate estate for said sum of \$2300.00; that the remainder of their community estate be divided between them, and that she have a lien upon all of the community estate for the payment of said \$2300.00 to her separate estate; that commissioners be appointed if necessary to so divide their community property, and for any other relief she may show herself entitled under the facts in the case.

Herein fall not but have before said court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, in office in Lubbock, Texas, on this, the 17th day of October, A. D. 1922.

Clerk of District Court, Lubbock County, Texas.

TO GAIN A GOOD REPUTATION
—The way to gain a good reputation is to endeavor to be what you appear. That is precisely the manner in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturers has been fully up to the high standard of excellence claimed for it. People have found that it can be depended upon for the relief and cure of these ailments, and that it is pleasant and safe to take.

It's a joyous treat to sit down to a bowl of Kellogg's Corn Flakes

You'll agree that you never ate such delicious, such satisfying cereal as Kellogg's Corn Flakes! Those big sunny-brown "sweet-hearts-of-the-corn" are so fascinating in flavor and so crispy and crunchy that you don't wonder the children are thrilled to eat them!

Compare Kellogg's with imitations to realize their quality, their appetizing appeal, their wonder-crispness. Unlike imitations, Kellogg's are never tough or leathery or hard to eat! Each heaping spoonful of Kellogg's is even more joyous than the last—there is no end to the happiness that is yours eating Kellogg's Corn Flakes!

ASK FOR KELLOGG'S! Be sure that you get Kellogg's—the delicious Corn Flakes in the RED and GREEN package that bears the signature of W. K. Kellogg, the originator of Toasted Corn Flakes. NONE ARE GENUINE WITHOUT IT!

Painted with *Pee Gee Mastic*
"The Whitest Home in Houston"—says owner

For more than fifty-five years Pee Gee Mastic has beautified and "Saved the Surface" of thousands and thousands of homes and other buildings throughout the land.

The letter reproduced here is only another evidence of the splendid results and ever-varying quality of Pee Gee Mastic Paint.

Pee Gee Mastic is an absolutely pure paint, composed of 50% ZINC and 50% pure white lead thoroughly ground in genuine linseed oil. Because of its high ZINC content Pee Gee Mastic covers more surface per gallon, looks better and lasts longer than ordinary paints. It affords positive protection against wear and weather at the lowest cost.

April 1920 1922

Dear Mr. Chamberlain—
I am writing you to thank you for the letter I received from you on the 17th of April, 1922, in which you advised me to use Pee Gee Mastic on my house. I have just finished painting my house with Pee Gee Mastic and I am very pleased with the results. The paint is very white and it has stood up very well to the weather. I have never had any trouble with the paint and it has lasted longer than any other paint I have ever used. I am very glad to hear that you are so satisfied with the results. I will be glad to recommend Pee Gee Mastic to anyone who is looking for a good paint. I am, Sir, your very truly,

CITATION BY PUBLICATION

THE STATE OF TEXAS.
 To the Sheriff or any Constable of Lubbock county, greeting:
 You are hereby commanded to summon Mary J. Niblick, Lizzie E. Morrison, Hattie Studebaker and Margaret S. Vesey and their unknown heirs, if dead, W. J. Vesey and L. F. Kimball and his unknown heirs, if dead, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Lubbock County, to be holden at the Court House thereof, in Lubbock, Texas, on the 2nd Monday in December, A. D. 1922, the same being the 11th day of December, A. D. 1922, then and there to answer a petition filed in said court on the 14th day of October, A. D. 1922, in a suit, numbered on the docket of said court No. 1640, wherein D. B. Carnes, J. K. Shipman, J. L. Martin, J. C. Royalty, N. A. Walker, J. S. Rabik and Henry McKinley, are plaintiffs, and Mary J. Niblick, Lizzie E. Morrison, Hattie Studebaker and Margaret S. Vesey, and their unknown heirs, if dead, W. J. Vesey and L. F. Kimball and his unknown heirs, if dead, are defendants, and said petition alleging:
 That plaintiffs severally own in fee simple, certain parts of block 32, of the Low and McNabb subdivision of the Roberts & McWhorter addition to the town of Lubbock, Lubbock County, Texas, to-wit:
 D. B. Carnes, lots 4 and 5, in said block 32; J. K. Shipman, lots 12, 13, 14, 15, in said block 32; J. L. Martin, lots 16, 17, 18, 19, 20, in said block 32; J. C. Royalty, lots 1, 2, 3, 6, 10, 11, 21, 22, 27, 28, 30, in said block 32; N. A. Walker, lots 25, 26, and 29, in said block 32; J. S. Rabik, lots 7, 8, 9, in block 32; Henry McKinley, lots 23 and 24, in said block 32.
 Said plaintiffs deraign title thereto from a common source to-wit: B. O. McWhorter and L. W. Roberts. Plaintiffs allege that each of them owned said property as above stated, being lawfully seized and possessed of their lawful portions of the lands above described, owning the same in fee simple, on and prior to January 1, 1922, and that on said date, the defendants unlawfully seized and possessed said lands; and are claiming title and ownership and an interest therein to the damage of plaintiffs and each of them.
 In this connection, plaintiffs say that the defendants claim and assert title, ownership and an interest in all of said block 32, above described, by virtue of a transfer of three vendor's lien notes transferred them by B. O. McWhorter and L. W. Roberts, by an instrument executed April 24, 1908, and recorded in volume 19, page 495, of the deed records of Lubbock county, Texas, which said notes were originally executed by J. C. Royalty and payable to said Roberts & McWhorter and were fully described in warranty deed from said B. O. McWhorter and L. W. Roberts to J. C. Royalty, dated Oct. 29, 1907, recorded in volume 17, page 572 of the deed records of said county and the records do not show that said transferees, defendants above named, have released their lien and title and interest in and to said block 32, to secure the payment of said notes. But plaintiffs and each of them say that said defendants did in truth and in fact, transfer, convey and assign, all their rights, title, and interest in and to said notes to one W. J. Vesey, for a valuable consideration and that said W. J. Vesey, did thereafter collect and receive pay for all of said

DODGE BROTHERS BUSINESS COUPE

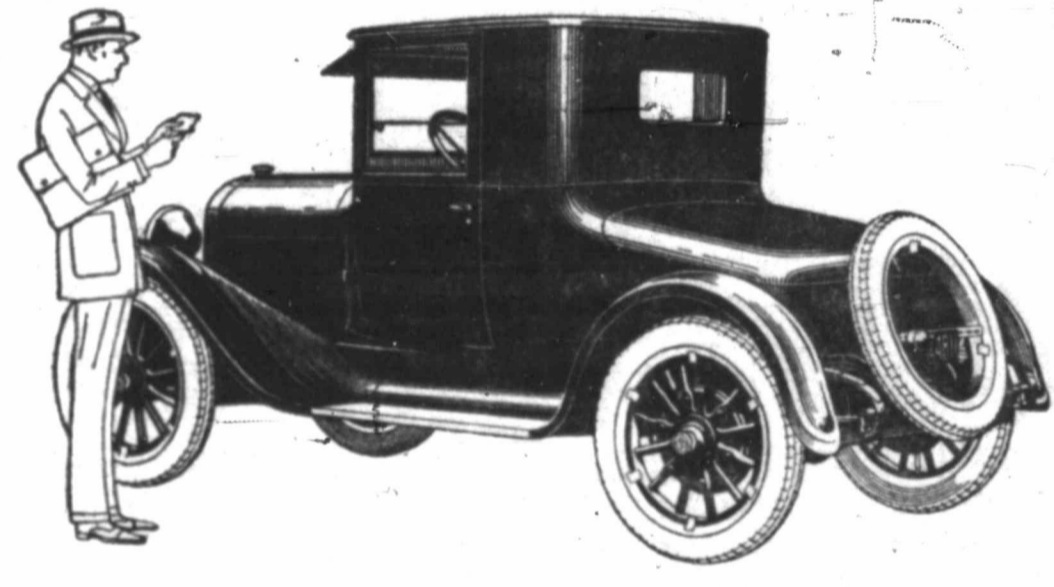

With this coupe Dodge Brothers have proved once for all that a closed car can be as sturdy and practically as inexpensive as an open roadster.

This is largely due to the all-steel body—the first ever marketed—which admits of lower cost of manufacture through standardized machine production. Unlike wood, the steel surface will take a finish of enamel, baked on at high temperature. This process results in a permanent lustre, and eliminates the trouble and expense of repainting.

The wide straight seat is upholstered in genuine Spanish blue leather, durable and readily cleaned.

The price is \$1380—delivered

YOLKS + WHITES = EGGS

For every egg yolk in a hen's body she must have enough white to complete and lay an egg. If her feed lacks material for whites she absorbs the excess yolks and gets too fat to lay. "Boarders" don't even pay for the feed they eat.

Purina Makes Hens Pay

Purina Hen Chow and Chicken Chowder, fed together, make more eggs because they contain plenty of both white and yolk elements. They will get more eggs for you or your money paid for the Chows will be refunded. Start feeding now.

INTERESTED IN FISHING? FORGOT TO GO HOME

The United Press: Bartlesville, Okla., Oct. 26.—"I just got so interested fishing that I forgot to come home," explained A. C. Graham, local resident after an absence of three weeks. Searching parties and detectives had hunted continually for him. Graham, a widower, left his children in care of a neighbor and disappeared. The worst was thought for a while, neighbors said. Graham has a son in Kansas University.

GRANDI BROS. PRESENTED
WELL KNOWN PLAY WED.
Attesting to the fact that all traveling stock companies are not of the inferior type, the Grandi Bros. Stock Co. presented for the approval of local people on Wednesday night, "Saintly Hypocrites and Honest Sinners." The play carried from beginning to end a line of thought that should be impressed upon and burned into the lives and hearts of every living individual. "Don't be a hypocrite—be a man" was the central theme of the drama, and not only was a feeling pathos carried, but enough wit and humor for the entertainment of the lighter vein. The play reached its climax, not as the ordinary play of the kind, but closed with a lighting effect of the entire cast as they sang, "I need Thee every hour."
Grandi Brothers carry twenty-eight people in the company; and are a bunch of people that are clean in every respect.

A CORRECTION
In Tuesday's issue of this paper an error was made in the advertisement of the Texas Furniture Company, which should have read: "The New Furniture and Harness Store."

Many Negroes Are Going North and East To Secure Work

The United Press:
Little Rock, Ark., Oct. 25.—An exodus of negro labor to the North and East is indicated by applications in the State Department of Labor, according to E. I. McKinley, deputy labor commissioner in charge of the Employment Bureau.
The number of Negroes applying for work has decreased from 25 to 50 daily during the summer to five or six a week, McKinley declared.
Many of the Negroes asked that they be sent to jobs outside of the state, and refused to accept work offered in Arkansas. The Bureau supplies state demands only.
McKinley asserted he had verified from local commercial employment agencies that there is no Negro labor on the market. One agency reported that the same situation apparently exists in Memphis. The agency recently received a request from Memphis to supply negro labor or there.
It is said that settlement of the rail strikes has resulted in renewed activities in the industrial centers of the North and East and that desirable wages are being offered Negroes.

FARMERS ARE BACKING THE MORNING AVALANCHE
While some of our exchanges and a few local people who have not given the Avalanche management credit for having thoroughly investigated the possibilities of success or failure in launching the Morning Avalanche here on November first, there are nevertheless reasons a plenty for all the office force to feel that success is assured, in that the knockers are few in number, and those who are willing to put their names on the dotted line to help put the morning paper over are many, and are numbered among the most progressive element of the great South Plains country.
Ruralists, businessmen, people of other towns and all are giving us that kind of encouragement that is accountable for the optimism that is prevalent throughout the office—and of all of them there is none more conspicuous in their enthusiasm to see the paper go than E. C. Barnett, one of Lubbock county's most progressive farmers, who came to our office Thursday to "get the first copy of the Morning Avalanche and all other copies thereafter until the expiration of a year."
Mr. Barnett was among the first to subscribe for the Semi-Weekly Avalanche and to offer the publisher encouragement in that venture, and throughout the time the Weekly was the home paper of the people of this section he was just as enthusiastic in boosting the Avalanche as he was in getting his name on the daily mailing list.
We thank Mr. Barnett more than words can express for his encouragement, and it is with genuine pleasure we place his name on the daily list. The writer is just like the rest of the force—eager to become a part of the Morning Avalanche, and is encouraging to have among those who are helping to put it over such substantial farmers as Mr. Barnett.

FLOYDADA TO BE HERE SATURDAY FOR GRIDIRON CLASH
The Floydada squad will be here Saturday afternoon for a clash with the locals on the grid. This squad is much heavier than the locals, outweighing them probably 12 or 15 pounds, and they are the undisputed champions of the eastern section of the plains.
The local boys are undefeated to date, and it is expected that this will be one of the best contests to be seen on the grid this season, as it is believed that grit and nerve will balance up with the extra beef that the visitors will carry.
If you can enjoy a good football exhibition, come out to this one, for it will be hard fought from the beginning. The Floydada boys are coming over with the expectation of taking back the honors, but it is not the intention of course, of the locals to allow such a thing to happen. Anyway, it is going to be a great exhibition. At the fair park Saturday afternoon at 3:30.

DISTRICT CONFERENCE WOMAN'S MISSIONARY SOCIETY AT LAMESA
The District Conference of the Woman's Missionary Society for the Lubbock District of the Methodist Church South, was held at Lamesa on Thursday and Friday of last week. The various charges of the District were represented by twenty-three delegates.
On arrival at Lamesa the delegates were met at the station by committees representing their church and escorted to the home of Bro. Smith, the pastor of the Lamesa church, where a splendid dinner was served, then to the church where a very interesting program was rendered. The welcome address was delivered by Judge J. E. Garland, followed by a response by Mrs. Nat G. Rollins, of Abilene.
Friday, various interesting subjects were discussed, chief among which was the Memorial service for Miss Bennett, which was conducted by Mrs. Rollins. Mrs. Rollins is president of the Woman's Missionary Society of Lubbock District, Northwest Texas Conference, and is a fluent and forceful speaker. The service was grandly enjoyed by all present.
