

Lubbock Morning Avalanche

VOL. 1. NO. 244.

LUBBOCK, LUBBOCK COUNTY, TEXAS, SATURDAY, AUGUST 11, 1923.

UNITED PRESS SERVICE

NATION PAYS TRIBUTE TO HARDING

Tech Celebration August 22nd

THIRTY THOUSAND CAN COME LUBBOCK WILL ENTERTAIN THEM CONGRATULATIONS STILL POUR IN

Gov. Neff Had A Previous Date And Wanted To Be Here. So Date Was Changed To Suit Him

The Chamber of Commerce is considering the possibility of offering a \$10,000 prize to the one person that can guess nearest the EXACT number of folks that will be in Lubbock on the 22nd—and THEN PROVE THAT THEIR GUESS WAS RIGHT. That offer has not been made—but it could safely be—for there is no earthly way of counting them after they get here.

When 30,000 was suggested as a possible number in the meeting the other afternoon some folks displayed their lack of appreciation of the importance of this affair by trying to laugh—but the fact remains that THEY ARE COMING and they are coming strong. Whole flocks, droves and swarms of folks are going to pour into Lubbock and onto the Plains that never even thought of ever coming to this section before.

But Boy They Are Coming
They figure about like this "I live in the best town in Texas. We have the best water, soil, civic improvements, folks and other resources in the world. We offered that locating board the best site that could ever be. And yet Lubbock got the college. By cracky—I am going out there and see for myself what that bunch have. I never thought much of that Plains country but the way we have been sealing Lubbock and Plainview, and Amarillo, Lamesa, Brownfield, etc. in the paper—about building gins, spinning new farms building new school and all that sort of stuff there must be something to the country. I just thought it was a bunch of land agent bunco—but if that locating board says Lubbock is the best town out of the flock of 37—why, by cracky—I want to see the burg. Guess I will have to move there anyway sooner or later to educate the kids. Come on Min—get on your hip and tucker while I tuse up the Hoopie and we'll go see that dad-blasted town and eat up a clock of barbecue. We'll at least get a square meal and eat at the same table with the Governor—and that will be worth something."

And Boy Howdy—They're Coming
And say—Lubbock folks—both in town and in Lubbock County—do you know what that means? With but eleven days to complete all of the arrangements, do all of the work, slaughter around 150 heaves, buy three car loads of wood, dig a pit a mile long, buy a car load of bread, a truck load of pickles, a barrel of salt, 5,000 gallons of coffee—not to mention the programme, the arrangements of decorations, of entertainment, transportation and the rest of the details.

"I see in the papers today that I am to be in Lubbock the 23rd," said Governor Pat M. Neff Friday afternoon in talking to W. B. Atkins, vice-president of the Chamber of Commerce. "And I assure you that I certainly want to be present at your celebration. But a previous engagement of more than a month's standing makes it impossible for me to be there the 23rd. But if it might be possible to have a part of the celebration on the 22nd you

certainly can count on my being with you."
The Governor was one of the first in Texas to wire his congratulations to the Chamber of Commerce and Steering Committee upon the selection of this city as the location for the Tech College and Lubbock just naturally thinks well of the Governor so Mr. Atkins' reply meant something like this: "You know Mr. Atkins is not used to having governors call him on long distance phones from such a long distance as Austin and he was already excited anyway. There can be no such thing as inconvenience to Lubbock when it comes to making a change to please our Governor. We won't have a part of the celebration on the 22nd—we will have the whole thing on the 22nd and it is our hope that the Governor will honor us by making the principle address of the day."

"So that's that! Governor Neff will be here the 22nd—the correct, proper and right date for the Tech Celebration and not only the Governor but all of his official family has been invited as has the Governors of three other states and other important men of the Southwest. Colorado says Colorado, headed by its band one of the prize winners at the San Angelo Convention of the West Texas Chamber of Commerce, is coming to help you celebrate. Save us some of that barbecue and leave a part of the noise for us, for we are with you."

Other towns are wiring their acceptance of the broadcasted invitation and expressing a desire to be remembered in the barbecue and bean pot and promising to let the world know when they arrive. Congratulations continue to pour in from all over the country. J. P. Anton, Superintendent of the Santa Fe Railroad, Slaton Division, wired his congratulations from Long Beach, California—so folks are hearing about it even in the small country towns way out on the border of China.

Say—we don't know what work means in this man's town. We think we have been pretty busy during the past few weeks—but we haven't even been keeping warm. We are going to work for the next ten or eleven days. We are going to work so hard that Old Chris Harwell will get in a hurry—Not that he has anything much to do. He drew a snap job. All he has to zero for is the killing of 150 head of steers, their storage and cutting and barbecuing, and slicing and getting ready to serve.

Some idea of a few of the minor things he has to do may be had from the fact that more than three car loads of wood will be required to cook the meat—more than 90,000 pounds of meat will have to be handled in getting the yearlings killed and on the fire—and that each piece of meat will have to be turned an average of 100 times. General Plans of the Celebration. Judge E. L. Klett is General Manager of all of the arrangements—with Curtis A. Keen and George Briggs as general flunkies in the office. Under Judge Klett will be twenty committees in charge of the different things that must be done to make the celebration complete and each committee will be entirely complete and sufficient unto itself and responsible only to Judge Klett.

In short Frank White is in charge of ice and water. Now Frank White is authorized to call upon any one, two, five or fifty

CRIME LIGHT IN DALLAS ACCORD TO REPORT OF POLICE

DALLAS, Aug. 10.—There is a surprisingly small amount of crime in Dallas now according to a statement made and announced by the Chief of Police. The chief calls attention to this in particular in his report, which is very gratifying to the people of this city. The percentage is very small as compared with reports made by other cities of like size in the South. Chief Brown says that the weather, usually makes people irritable, and has a tendency to increase crime, but this year the increase is so small that it is scarcely noticeable in the records of the police court. What is true of the city of Dallas is also true of the surrounding Dallas county, according to the records of the county peace officers.

HORSE RACING WILL BE REVIVED AT WACO COTTON PALACE THIS YEAR

WACO, Aug. 10.—Horse racing will be revived at the Waco Cotton Palace this year, according to Ralph McLondon, chairman of the racing committee. He has announced that negotiations are under way for some of the fastest horses in this part of the country. Both automobile and horse racing will be featured at the exposition this year the racing committee has decided. Some of the best automobile racers in the United States are scheduled to take part in the dirt track classics which will be staged at the Cotton Palace.

TEXAS STATE REPUBLICAN CHAIRMAN NOW SOLID WITH COOLIDGE

DALLAS, Aug. 10.—The position of R. B. Creager, chairman of the State Republican Executive Committee, as head of the Texas Republican Party, is not endangered in the least by the death of former President Harding, according to the leading Republicans of this state. Creager and President Coolidge are said to be good friends—and the latter recognized the high regard that Mr. Harding held Chairman Creager.

It is believed that Mr. Creager is slated for the Ambassadorship to Mexico, if that country is ever recognized by the United States, which it is believed is likely to do in the very near future. It is further pointed out that there is no dissension in the Republican ranks to cause Mr. Creager any worry whatever in fact, everything in the Republican ranks in Texas is moving along nicely, and smoothly. The Texas Republicans have another good line of communication with the White House through Clarence Lanz, of Dallas, who is a close friend of Joseph Stearns, Boston business man, and Coolidge's most intimate friend.

DISTINGUISHED SERVICE MEDAL PRESENTED TO COL. ROBERTS

AUSTIN, Aug. 10.—General E. M. Lewis, Commander of the Eighth Corps, A. R. A. inspected twenty-four hundred Texas National Guards at Camp Mabry today. Major Lewis presented distinguished service medals to Col. O. E. Roberts, of Taylor, Texas, former commander of the One Hundred and Forty-third Infantry, Thirty-sixth Division for outstanding service in France as commander of this regiment.

LOYD GEORGE DENOUNCES FRENCH OCCUPATION A BLUNDER

WREXHAM, England, Aug. 10.—The French and Belgian occupation of Ruhr, was denounced by Lloyd George as "a blunder of first magnitude" in a speech here today. "I agree that Germany must pay damages to the utmost capacity, but that does not mean every action directed toward exacting reparations by any means wise."

ICE AGE PROPHESED BY YALE PROFESSOR IN AMERICA

SYDNEY, Australia, Aug. 10.—The coming of a new Ice Age which would cover North America with a sheet of solid ice is predicted by Professor Gregory, of the Yale University, at the science congress session today. Gregory declared that the ice cap would wipe out Scandinavia, Scotland and Switzerland, part of England and large portions of Siberia would be submerged.

AMERICAN STEAMER MISSING TWENTY-SEVEN DAYS IS NOW REPORTED

BALBOA, Panama Canal Zone.—A mass of sluggish oil on the Caribbean sea, and an ice box marked "Swift Star," and the finding of the body of a lone white man off Standrow, 250 miles north of Colon is believed will solve the mystery of the American steamer, "Swift Star," which has been missing for 27 days. The ship is believed to have sunk in a storm, and a search will be made for other bodies. "Swift Star" passed thru the Panama Canal Friday of July 12, coming from San Pedro, California, enroute to Fall River Mass.

NEGRO FOUND IN BED WITH WHITE WOMEN

DALLAS, Aug. 10.—For the second time this week, a negro prowler has been reported as having crawled into the house and found in bed with white women. A T. Frederick reported to the police this morning that his step daughter, age fifteen was awakened during the night by the presence of some one in her room and in the bed with her, and found that the person was a negro who fled immediately upon being discovered. The police believe that it is the same negro who was found in a bed in the room of Mrs. Eva Jackson, last Tuesday.

Negro Arrested Believed to Be Intruder

DALLAS, Aug. 10.—A negro suspected to be the one that entered the bedroom of several Dallas homes recently was captured by detectives here, late yesterday afternoon. The negroes latest offense was yesterday when he entered the room of Alka Frederick, age fifteen years, and was frightened away when the girl awoke and discovered the negro in her bed, and screamed for help. This is the third time that the negro has been discovered in the bedrooms of Dallas homes recently.

DECREASE IS SHOWN IN SCHOLASTIC CENSUS OF TEXAS; NO PADDING

AUSTIN, Aug. 10.—For the first time in many years a decrease is shown in the school census of Texas. There will be a falling off this year of between 25,000 and 30,000 according to announcement Wednesday by Acting State Superintendent Rogers. Heretofore there has been an increase of about 25,000 every year. The first check completed Wednesday morning on the school census toll showed a total of 1,182,000 compared with a total of 1,197,000 last year, a decrease of 115,000.

The large decrease caused surprise, and, fearing that errors in calculation had been made, Mr. Rogers ordered a recheck. This showed that the decrease would be between 25,000 and 30,000, final figures not being available, as some of the census returns are not yet in. The decrease is attributed to the fact that takers of the census have been more careful in their work this year than in the past, there being less duplication and no padding of the rolls. The Department of Education some time ago adopted a policy of ordering the retaking of the census in districts where the total appeared to be abnormally high. This is said to have had effect in bringing about a more accurate census.

ORIENT TO GET AID IN OLD MEXICO SOON

SAN ANGELO, Aug. 10.—The Kansas City, Mexico & Orient Railway in the State of Chihuahua, Mexico, will be extended northeastward from Falomir to a point across the Conchos River to within 30 miles of Presidio, Texas, thereby reducing to less than 100 miles the gap that bars the Orient's connection with the greater part of the southern republic. The Mexican Government will finance and do the work, making retribution in part for the damage to Orient properties during the revolution.

STREAM SAYS HOLDING WHEAT UNFEASIBLE MUST SELL

CHICAGO, Aug. 10.—John J. Stream, president of the Chicago Board of Trade, Brand Plan of the American Farm Bureau Federation, of storing wheat on the farms till better prices are offered, says the plan is unfeasible. This is the first recognition of the board in the wheat crisis. "The crop must be disposed of," Stream said, "or face the new crop coming in."

AS ONE THE NATION STOOD WITH HEADS BARED IN RESPECT TO MEMORY OF OUR LEADER

All Nations Hold Services Of Some Nature As Tribute To Memory Of Deceased President

As a single mourner the nation stood with bowed heads for a brief moment Friday afternoon in reverent respect for their departed leader.

Simultaneously in the great cities and tiny hamlets throughout the county the bustle of the daily life was stilled for a short space and citizens stood silently at attention for three minutes. Street car service and auto traffic was suspended in many cities from one to five minutes while theatres and all places of amusement were closed, as were the banks, stores, manufacturing plants and federal buildings.

Practically all of the railroads of the country stopped their trains for one minute, while the motive power of the ships at sea was stopped and the passengers and crews payed silent respect at the moment of burial.

No baseball games, races, tennis or any other sports were indulged in during the afternoon and all boxing contests that had been previously scheduled, were called off.

STATE COMMITTEE ON EDUCATION MET TODAY

ORGANIZATION AFFECTED AND PLANS MAPPED OUT FOR THEIR WORK

AUSTIN, Aug. 10.—Under a call of Governor Neff, Chairman of the State Educational Survey Commission, the committee met here today and the body was organized and plans laid for the future activities of the commission. The work of this committee is to investigate and report to the legislature on all educational facilities of the state, including the grade schools, high schools and higher educational institutions of the state.

PRES. OF FRANCE REWARDS "IRON MAN OF THE RUHR"

PARIS, Aug. 10.—General DeGoutte, the "Iron man of the Ruhr" has been rewarded for his success in taking over the German industrial area six months ago. President Millerand made him a member of the Legion of Honor Thursday. The recommendation was made by M. Maginot, minister of war.

FRENCH FRANC CONTINUED TO TUMBLE THURSDAY

PARIS, Aug. 10.—The French franc continues to tumble and reached the new low level Thursday of 17.58 to the dollar. The German mark, however, showed signs of recovery in the New York and foreign exchanges, trading at the price of 1,923,100 and it touched 4,761,900 during the morning.

COOLIDGE WILL SUMMON THE STATE EXECUTIVES TO THE WHITE HOUSE FOR A DRY PARLEY NEXT MONTH

WASHINGTON, Aug. 10.—President Coolidge plans to summon the Governors of all States to the White House conference early next month to discuss prohibition enforcement. The conference, originally planned by the late President Harding, will be carried out by the new executive along the same lines, it was said.

Governor Gifford Pinchot of Pennsylvania called on President Coolidge Thursday, urging that the Harding plan be followed. Other administration "dry" leaders have endorsed Pinchot's suggestion.

An unofficial boom to make President Coolidge the Republican nominee in the 1924 presidential campaign was launched here this afternoon by Senator George H. Moses of New Hampshire, chairman of the Republican Senatorial Committee. During a visit to the presidential suite at the Willard Hotel, Senator Moses said he was going to return to his New Hampshire home to issue a statement "calling on all New England to back President Coolidge for a second term."

President Coolidge today held a formal reception for the corps of diplomats representing foreign governments in America. In formal dress they paid the respects of their governments to the new President who received them in the magnificent crystal ballroom of the Willard Hotel, the temporary White House. Speculation on possible changes in the Cabinet flooded the capitol today with rumors flying that at least four members will retire to private life within the next month. While President Coolidge has given no inkling of his attitude toward the Cabinet beyond his official statements, asking all members to remain, some of his closest advisers have permitted it to become known that there will be a number of changes.

A CALL MEETING

A meeting is called by me, as president for the Chamber of Commerce for the purpose of deciding upon the character of entertainment Lubbock will offer the Governor of the State and other distinguished people who will attend the Tech Celebration, and also the entertainment that will be accorded to the thousands of visitors who will be here on the 22nd to celebrate the great victory that Lubbock won in the fight for the Tech College.

Every citizen who is interested in the future of Lubbock should be present at the Justice Court Room in the Court House this morning at nine o'clock when this question will be thoroughly discussed, and arrangements perfected for the celebration. W. O. STEVENS, President Lubbock Chamber of Commerce.

(Continued on page four)

Neff Will Help The Prison Commission Inspect Pen Schools

By the United Press.
 AUSTIN, Aug. 9.—Recently established school on Texas State Prison Farms will be inspected by the prison advisory board during a trip which is scheduled to begin August 15.
 Governor Neff will join the board about September 1 and complete the survey with them, according to present plans.
 A number of pardons are expected when the Governor and members complete the trip.
 The schools have been started with a view of giving the prisoners making good grades in their work a time allowance. One of the purposes of the inspection trip will be to establish a basis of grading so as to prevent prisoners with some education from wasting time in elementary work, according to Mrs. J. E. King, chairman of the board.
 Several days will be spent on each farm in arranging administrations of the schools and in checking the records of each prisoner.

W. T. C. C. OFFICIALS IN LUBBOCK THURSDAY

A. B. Spencer, of Crosbyton, president of the West Texas Chamber of Commerce, accompanied by Mr. McCarter, organization man for the West Texas Chamber of Commerce, were in Lubbock Thursday to congratulate the people of this city upon winning the Texas Technological College location for the South Plains.

SOCIETY

Honoring Mrs. C. C. Reed
 Mrs. J. E. Bobo was hostess for a delightful party, Tuesday afternoon, from 3 to 5 o'clock, honoring her sister, Mrs. C. C. Reed of Lubbock, who, with the latter's daughter, Miss Evelyn Reed is a guest in the Bobo home for the next two weeks.
 Mrs. Bobo chose crepe myrtle and sunflowers to give floral touches to her apartment in the Harvey, and these blossoms were attractively arranged in crystal holders, throughout reception suite. The same bright flowers decorated the game table accessories and refreshment trays.
 Two tables had been set out for auction, and two for "42". High

score prize in the auction contest was won by Mrs. H. L. Forrester; and in the "42" tilt, Mrs. J. W. Porter was lucky. Each was presented with a dainty hand made handkerchief. The guest prize for Mrs. Reed, was a hot plate mat. An iced fruit nectar, and mints were served all during the game, and at the close, a delicious salad course was served.

Those present to enjoy Mrs. Bobo's charming hospitality were: Mrs. C. C. Reed of Lubbock, honoree; Meedames K. S. Hull, Duncan, Black, James M. Lee, James Holden, Elmer Burt, J. W. Porter, Charles S. Cox, H. L. Forrester, Pruetter of Dallas, T. M. McClain, W. M. Knowl, A. S. Fouts, A. N. DeJarnette, and Misses Evelyn Reed and Ruby Collier.—Temple Telegram.

Marriage License
 Marriage license were issue to: Joe Oliver and Miss Jessie White, August 8th; H. H. Sides and Miss Christine Barrett, August 7th; W. J. Price, Jr. and Miss Bessie Jeter; Clarence Schulz and Mrs. Thatty Mae Davis of Abernathy, August 8th.

Personals
 Mr. and Mrs. Settle of Houston are guests at the home of Mr. and Mrs. W. P. Nugent and Mr. and Mrs. J. W. Painter.
 Mr. and Mrs. S. C. Robbins left

Friday for a brief visit to Houston. Miss Myrtle Lemons of the Citizens National Bank left Friday for her home at Bagota, where she will spend a two week's vacation.
 Dr. J. T. Griswold, pastor of the Methodist church at Clarendon, and formerly pastor of the First Methodist church of Lubbock, accompanied by his son Jack, are here visiting friends. Dr. Griswold was voted a two weeks vacation, during which time he has been visiting relatives at Haskell, Colorado and other points in West Texas. They will leave today for their home at Clarendon.

Mr. and Mrs. J. T. Wright who live one and one-half miles north of town left Friday for Dallas where they will visit their sons, J. R. Jr. and Sam. Their daughter, Mrs. Willard Robbins will join them at Dallas.

J. A. Wright of the Rix Furniture Company of Bi Spring, spent the week-end with his parents, Mr. and Mrs. J. T. Wright.

RAY C. MOWERY AND J. C. MARR AT HOME FROM WISCONSIN

Ray C. Mowery, animal husbandman of the Lubbock High School and S. C. Marr, football coach and instructor of English, arrived in Lubbock Friday morning from Madison, Wisconsin, where they did some special work in the University of

that state during the summer term. Messrs. Mowery and Marr are exceptionally well trained in their separate places, and are showing a great deal of interest in their work which better equips them to take the care of their responsibilities as members of the Lubbock High School faculty.

All Lubbock is proud to welcome the young teachers back to the city.

Be good this hot weather. Jail is too confining.

STEEL CO. TO ABOLISH THE TWELVE HOUR DAY

By the United Press.
 PITTSBURGH, Pa., Aug. 9.—The twelve hour day in the steel district is to be passed out on August 14th and hundreds of workers recently laid off because of the curtailment of operations are to be returned to work on an eight hour schedule. The new schedule calls for an increase of about twenty-five percent and affects the U. S. Steel Corporation employees, but independent companies indicated today that they will not abolish the long day, but that nine and ten hour days are to remain in the mills.

First Christian Church

Services will be held at
City Auditorium
SUNDAY, AUG. 12

THE DOORS OPEN ON THE BIG CLEAN SWEEP SALE Promptly At Eight O'Clock This Morning Remember--This Is the Final Clearance

All Summer Goods Now Selling 1-4 to 1-2 Off

The Big Sale you have been waiting for gets under headway promptly at 8 this morning. Be on hand at the very start. The values are exceptional, the assortments varied, the prices low. Everything is in readiness. The people of Lubbock and Lubbock county will be talking of this sale for months to come.

A BROOM FREE WITH \$10 PURCHASES DURING THIS SALE

"Bill" Dollar and Brothers See Big Year for Lubbock; Resolve to Help Citizens With Some Brand New Resolutions

"Bill" Dollar and his brothers were resting yesterday to prepare themselves for the biggest year that Lubbock has ever known, and he said, "Wouldn't it be a wonderful thing for this city if every person in Lubbock would resolve in 1924 that they would work harder for their city, and all of its improvements, than ever before, and would spend every dollar that they could by doing it in Lubbock?" The growth of our city would be so rapid that it would startle every citizen.

"Chicago Bill Dollar," who has just come to Lubbock, chirped up and said: "Why don't you get out a set of resolutions that every loyal citizen of Lubbock can subscribe to?"

"A good idea," said Lubbock "Bill" Dollar. "How would something like this do?"

Whereas, Public sentiment, manifested in community co-operation, is an invisible force, and, Whereas, Individual indifference forbids healthy public sentiment, and when in control depresses and stifles, and, Whereas, The community is the body of which individual citizens are members, and the whole body can not be strong if the members are weak, and, Whereas, Without action, life is impossible, death inevitably ensuing, therefore, be it

Resolved, That, beginning with this month, I shall believe in my fellow citizens, and have faith in my community, and shall make known my belief and faith in season and out of season, by all of my public and private acts and utterances.

Whereas, All that I have, and all that I can hope for in a material, moral and social way, are inseparably united with my community, and, therefore, be it further and finally

Resolved, That I shall supplement my faith in my fellow man, and my belief in my community, by giving freely of my time and spending my money in Lubbock to promote Lubbock's interests, therefore my own.

If the people of Lubbock, who are so loyal to their own city will only bear those resolutions in mind during this year, all of our dollar bills will be able to play a tremendous part in the growth of this city.

Ohio "Bill" Dollar who travels back and forth between Lubbock and the Buckeye State for goods that should be bought in this city, said: "As all of you brother "Bills" are planning for a big year in Lubbock I would like to contribute a short verse that may help some people in getting a new thought."

Buy at home and try at home.
To give the town a show.
Lave at home and give at home.
And help the town to grow.
Make your cot the nicest spot.
That's under heaven's dome.
Just buy a bit to brighten it.
Buy, and buy, at home.

If you'd like a town to strike
All comfort and content,
It will be the place, you see,
In which your money's spent.
If you'd find the finest kind
Of town, you needn't roam,
Just boost a bit and live in it.
Bye-and-bye at home.

"Well, fellows," said "Dallas Bill" who remains in Lubbock as long as he can, because he likes it better, in Lubbock owing to the greater opportunities that a dollar has here to work with people who are planning big things for the future. "If this is to be a sort of an experience meeting, let me contribute this thought. The woman who sends out of town for everything may some day have to send her husband out of town for a job."

"That's good stuff," said Farmer Bill, who knows something about mail order houses. Let folks who order things from illustrations think this over. When you look at the catalogue, remember nothing is ever as good as the picture looks. If you doubt this statement have yourself photographed."

Old, Washington, D. C. "Bill."

they contribute to its success? Are they going to help? Or, will they decide to wait until something is done before they lend their helping hand?

"They must help by doing their best to boost for Lubbock, whenever the opportunity offers."

"Be a Booster."

Do you know there are a lot of people

Settin' round in every town,
Growling like a broody chicken,
Kloddin' every good thing down,
Don't you be that kind of cattie,
'Cause they ain't no use on earth,
You just be a Booster Rooster,
Crow and Boost for all you're worth.

If your town needs boostin', Boost'er,
Don't sit 'round to see
If some other feller's willin';
Sail right in—the country's free,
No one's got a mortgage on it;
It's your's just as much as his.
If your town is shy on boosters,
You get in the boostin' biz.

'Cause if things should stop agoin',
We'd be in a sorry plight,
So, just keep that horn a-blowin',
Boost'er up with all your might,
If you know some feller's fallin',
Just forget 'em, 'cause you know
That same feller's got some good points,
Them's the one you want to show.

Cast your leaves out on the waters,
They'll come back in a saving true,
Mebbe, too, they'll come back but-tered.

When some feller boosts for you.

PROF. W. E. WITT AT HOME FROM CANYON CITY

Prof. W. E. Witt returned to his home here Thursday from Canyon where he has been for the past several weeks teaching in the Canyon State Teachers College.

He and his family will go to Merkel for a few days visit with relatives at a family reunion after which they will return to Lubbock and Mr. Witt will make preparations to enter his work in the Lubbock High School this fall as teacher of chemistry.

CALLAHAN COUNTY WOMAN SUES FOR VALUABLE TRUNK

FORT WORTH, Aug. 9. Miss Pauline Terrell asks \$1189.80 from the Texas & Pacific Railway company for a trunk which she charges the carrier lost while being hauled from Eastland to her home in Callahan county.

CLOSING OUT OF THE \$63,000 K. Carter Stock

Not in lumps but by daily sales, thereby giving all an opportunity to supply their wants. This stock must be closed out in the shortest possible time and we have lost sight of market conditions. Manufacturers are asking more for this same merchandise than we are and each day brings further advances. We want to impress on each one in this trade territory the buying opportunity which is yours.

On account of the advancing market no store that is going to be continued or remain in business can afford to sell for less than replacement and the advancing market reminds us each day that goods are going to cost more money. We advise YOU to buy and buy HEAVY! You will thank us for this advice.

To get this sale well before the public for SATURDAY and MONDAY only we quote you a few prices, many of which you will notice, are just half the former prices. This sale is the great event coming your way. Conserve by buying your advance needs for every member of the family.

IT'S IN LUBBOCK

Lubbock gets the Texas Technological College. That settles it—settles it satisfactorily, for that matter. Lubbock is a good town in a good county in a good part of a good state. The college will do well there, serving the people it was meant to serve in the way they need to be served. West Texas is to be congratulated on the selection, and so is Lubbock. There were other good towns, perhaps some of them just as good as Lubbock. But they couldn't all have it. And the lot has fallen to Lubbock. That puts responsibility on Lubbock to be the sort of town that will afford the moral and civic setting for a great school. Anybody who knows the sort of people who live out where the sun shines down open-faced, and the wind drives straight and hard knows that Lubbock will measure up. Lubbock will do.

One of the heartening things about the selection is the way other towns have accepted it in good sport and spirit. Abilene was among the first to send felicitations. Other cities have followed her example. It is all for one and one for all. No other mood ever accomplished anything large and widely useful. But then a picayunish heart in a West Texan would be as much out of place as a thimble boiler in a mogul locomotive. They aren't built that way out there. What the whole section of the State wanted was a college within a day's ride by train. Well, they've got it now.

And then again they haven't got the college yet. A college is a matter of land—yes. But it is more than that. A college is a matter of money—and of taxation to raise the money, in this case. That is true, but it is more than that. A college is a matter of money—and of taxation to raise the money, in this case. That is true, but it is more than that. A college is a matter of years. West Texas will have to wait on that. A college is a matter of human devotion—by men of patience, wisdom and honor, gathered from the best of scholarship and achievement. And then a college is a matter of spirit—intangible, imperishable, ineffaceable. A college in the true sense of the word is never builded. It must grow—Dallas News.

The Dallas News is a great broad paper. It is conservative, and usually takes time to think and to measure out its propositions before it gives vent to an expression in the editorial columns. The above editorial comment is complimentary to Lubbock and the great South Plains. The college, as has been well stated, is not for Lubbock and Lubbock alone. The school is a great State institution and is merely located at Lubbock. Of course this location we believe was well founded, and that the committee saw in the near future that Lubbock was so centrally located that in the years to come the school would be surrounded by the greatest number of people of any other section of the state, especially within the bounds of the bill and we see no reason that the school should not be the success that is intended, especially when it is located in this country where the soil is rich, and productive, where the climate is agreeable and where there is an ocean of the finest water in the world 80 to a hundred and twenty feet from the site that the school will be located on.

THE NATION'S LOSS.
The death of President

Harding has shocked the American people as something more than a public calamity. Mr. Harding was more to them than a public official occupying a position of infinite responsibility and supreme power.

Mr. Harding approached the almost superhuman difficulties of his high office with a feeling of earnest human sympathy. He impressed all who met him as one who ardently desired to help the people out of their personal and economic difficulties. He felt deep concern for the troubles that had been brought upon the country as an effect of the war, and every home should feel that he was intensely interested in the problems, that each home had to meet, and everyone could look to him as a personal friend.

How far he succeeded in solving the various difficulties which the people had to meet will be a problem which the politicians and people will long discuss. But it will be admitted even by bitter-party opponents that Warren Harding gave the best that was in him to service of the American people, and no doubt his life was shortened by his burdens and devotion to his duty. He goes on to a higher life with the blessings and prayers of the whole people and will inherit the reward given to a faithful servant of the Most High.

It is fortunate that the man who is to succeed to his high office is no mere politician of second rate ability, but a statesman who has shown capacity for firm and decisive action, who highly distinguished himself as governor of a great state, and whose plain and democratic manners show him to be a friend of the masses of the people.

NOW FOR A BIG FINE HOTEL

It is now up to Lubbock to build a big fine hotel. There is every reason for this, and there is no chance for it not to be a success. Lubbock is going to be the most visited place in the state in the future. People from all over the world will be coming here, and people who are accustomed to real adequate hotel service. The people who are in the business here will agree that they cannot begin to take care of the hotel trade of this territory now, in a manner like they want to, so it is up to the people of this community to secure some one, who is able to put up a real up to date hotel and another "Texas," not in Fort Worth but in Lubbock. That is what is needed, and that is what Lubbock must have. There are a great lot of things that Lubbock must have within the next twelve months to cope with the requirements of the people in the building of the great Tech College, but Lubbock people are not the kind to lag, and we are sure that there will be a movement on foot very soon to build one of the most modern up to the minute hotels, adequate in every way to take care of the needs of the city, in a very short time. 1930—25,000—1930.

Twenty Five Thousand, 1930

LITTLE AVALANCHES

Some of these folks who kick about the fly pest, may be the ones who leave garbage uncovered.

The folks ho thow waste paper in the streets may not be hogs, but they don't seem to mind if their town looks like a pig pen.

The people who can't remember to pay their bills promptly usually call around quite regularly to get their pay envelopes.

The campers are fitting out with phonographs, spring beds, automobiles, porch hammocks, and cools, prepared to rough it in the wilderness.

The summer girls might reflect that they can get a handsome coat of tan just as well while cultivating vegetables as in sitting on the beach.

Great satisfaction is expressed by the people when producers are assessed a heavy tax, which they will pay by raising their prices.

The people who think that gasoline costs too much are reminded that shoe leather is not very expensive.

EDITORIAL COMMENTS ON THE TECH. COLLEGE

Shortly after noon Wednesday the locating board unanimously awarded the new million-dollar Texas Technological College to Lubbock. When the glad news was communicated to that city it is said that pandemonium broke loose and ketnos rivaled since the signing of the committee were enacted by the celebrating citizenship. The city is receiving hundreds of congratulatory messages from competitors and friends alike.

Hurrah for Lubbock! Hurrah for "Tech!"—Clarendon News.

Lubbock, Our Hat Is Off to You!

We wanted the Texas Tech, as did some thirty other progressive West Texas cities, but like the rest of them we didn't get it, and there's no hard feelings. We feel that the locating committee used their best judgment in selecting the location, and we are sure they were genuinely conscientious in selecting Lubbock, so Lubbock must be the place for the school. We feel that the location of the Tech in the Panhandle has been a great victory and rejoice with Lubbock in her winning of the location. If it could not come to Memphis, we know of no other city we had rather see have it. Memphis and Hall County are for the Tech at Lubbock with all our heart, and wish the school bright and in operation, and the Memphis and Hall County students herein enrolling, you'll know that we mean what we say. Hurrah for Lubbock!—Memphis Democrat.

The "Tech" Vote.

Selection of Lubbock as the site for the new Texas Technological college by a unanimous vote of the locating board is a distinct surprise. It is unusual that five men should decide on the first vote for one city and the News would be the last to question the sincerity in giving the college to Lubbock. The unanimous vote showed that Lubbock had sold its advantages to the board in such a manner that it could not do otherwise in voting. The committee which engineered the presentation of Lubbock's claims, should be commended for its work. Had Lubbock won by a bare majority, the situation would have been somewhat different. It would have shown that some other cities were considered as outstanding applicants. Nearly all were in the opinions of boosters for those cities. The Panhandle-Plains has won the institution and now it is time for the entire region to plan for the new school so that it will become one of the greatest technological colleges in America.—Amarillo News.

Abilene a Good (?) Loser.

Abilene wanted the Texas Tech and made an honest effort to get it. It failed, and the plum went to Lubbock. Abilene would as soon see it go to Lubbock as any other place, outside Abilene. Abilene believes and is convinced beyond the shadow of a doubt, that Abilene submitted the best offer, from every standpoint, for the college, considering the welfare of the college itself and the territory to be served. Abilene KNOWS that the people of Abilene, however are good losers, and will hasten to extend congratulations to Lubbock, and express the belief that inside of fifty years or possibly less, the college at Lubbock will be able to attain a position which it would have had in five years had it been placed in Abilene.—Abilene Reporter.

burnt cookie that Louie won't ever like band music after the 22nd. S. R. Jackson is in charge of erecting tables. Of course we will never try to seat all of these folks but it will take a few odd acres of tables just to stack the ears on until the crowds pack them away more securely. A carpenter declares that there are 4,389 of his trade here and all of them will help Jackson on these tables.

Then there is the committee on the Speakers Programme. Mr. Dupre, Percy Spencer and Mr. Kimbro. Of course Mr. Kimbro will be putting himself on the programme—but it can't be helped but the rest of the programme will be good. Governor Neff is expected to make the principle address.

The Reception Committee "Mitt Wabblers" is on the way it is on the scratch pad used at the meeting this afternoon—is composed of O. L. Slaton, Roscoe Wilson, W. O. Stevens, W. B. Atkins, Neal Wright, M. M. Dupre and a few others who won't mind doing that part of the programme. (Now some folks thought we were going to say "work" there but we didn't).

Of course there are a whole flock of other committees yet to be appointed and don't get to feeling too lucky—you may be next. None of these men have time to do the things the job requires of them—but they were not asked about that part of it. The work was assigned and they will do it. That is the Lubbock way of doing things.

Will You Serve With Your Car for Two Hours?

There will be a real need for more than 500 automobiles to carry our visitors out to the site during the day. These must be furnished by Lubbock folks. If you will pledge your car for not more than two hours on the 22nd phone 241 today. You drive it.

In short Lubbock is undertaking the impossible—and as usual must put it over in good shape. With only eleven days left in which to make complete arrangements for the biggest celebration that has ever been staged in the State of Texas, every man, woman and child in Lubbock County must hold themselves ready for whatever work may be assigned to them. General Manager Klett will lay the plans and assign the work—or have one of the kids in the Chamber of Commerce office. Keen or Briggs phone you—and it is then just up to you—job and that without having to have somebody ask you a dozen times if you are at work on it. There is no time for checking up. We simply have to do, each his part, and do it the minute you are asked to get busy—and in that way we can complete the impossible in an impossibly short period of time.

All right gang, let's go. We're making history this month.

O YES, O YES!

The honorable President of the Lubbock Chamber of Commerce wants to see several hundred of you buttons over at the Justice court room this morning at nine o'clock, and you want to be there with your thinker working, because there will be a great opportunity for you to make yourself famous by helping to devise a form of enter-

SPORT NEWS

LUBBOCK TO HAVE A PUBLIC GOLF COURSE

Lubbock is one of the first cities in West Texas to have a public golf course. A nine-hole course is being put in on the county recreational park, adjoining the city, and will be one of the sportiest courses in West Texas.

The park is traversed by the famous Yellow House Canyon and the course will cross the Canyon in four places, giving four natural water hazards, plenty of rough, several good bird shots and other natural traps.

HARRY COOPER WINS THE STATE CHAMPIONSHIP IN GOLF TOURNAMENT

GALVESTON, Aug. 10.—Harry Cooper, nineteen years old, professional of the Dallas Municipal Golf Club, is tonight champion of Texas. This youthful star won the State Championship at Galveston Golf and Country Club here yesterday. He will represent Texas at the National Professional Golfers' tournament in New York in 1924.

Canyon College Football Director Starts Training Sept. 15th

Coach Burton will start the 23 football season with eleven letter men from last season and three letter men of former years who were not in school last season. They are Capt. Johnson of Canyon, who was named as one of the three best tackles in the T. I. A. A. last season, ex-Capt. Burton, who was given honorable mention in the T. I. A. A. fall last season, Thompson of Vega, Rayson of Terry, and Sperry of Hamilton, Texas.

Since school opens late in September and the opening game is scheduled for three days after the opening of school it has been decided to hold a training camp beginning September 15. It is expected that there will be at least forty-five or fifty men attend this training period.

The schedule follows: Buffalo Schedule for Football, 1923. September 28—Panhandle A. & M. College, Goodwell, Oklahoma, at Canyon. October 6—Howard Payne College, Brownwood, Texas, at Canyon. October 13—Southwestern Teachers College, Weatherford, Oklahoma, at Mangum, Oklahoma. October 20—University of New Mexico, Albuquerque, New Mexico, at Canyon. October 26—Simmons College, Abilene, Texas at Abilene. November 2—Clarendon College, Clarendon, Texas, at Clarendon. November 10—New Mexico Military Institute, Roswell, New Mexico, at Roswell. November 17—North Texas State

New Mgr. St. Louis Browns leads them to 4 to 3 Victory

ST. LOUIS, Aug. 10.—"Pepper" Austin, new manager of the St. Louis Browns, succeeding Lee Fohl, dismissed, as boss, made his initial appearance in that capacity Wednesday by steering the team to a 4 to 3 victory over the League leader, the Yankees. The players have full confidence in their new manager.

BENNY LEONARD AND JOHNNY DUNDEE BOUT POSTPONED

NEW YORK, Aug. 10.—Because of the looming Dempsey-Firpo fight on September 11, the proposed battle between Benny Leonard and Johnny Dundee, originally set for Aug. 23, has been postponed and likely the high-light scrap will be held on or about September 25th. Tex Rickard is urging Firpo to cancel the bouts with all second raters to avoid the risk of the accidental push to the law that might hurt his reputation and begin training for the Dempsey fight.

Yank Reform Feature Baseball Season; Ruth Hits Good

NEW YORK, Aug. 10.—When the baseball season opened, the Giants and the Yanks were picked by practically all the experts to repeat as pennant winners.

The Giants were rated good almost to the point of a cinch for the National League pennant, while the Yanks were selected as just about good enough to win the American League honors.

It followed as a surprise when in mid-season the Yanks had taken into themselves the role of a cinch and had galloped off to a lead of thirteen games, while the Giants were tossed into a fight for their lives with the Cincinnati Reds and the Pittsburgh Pirates.

The transformation of the Yanks from a rebellious, manager-bucking team of temperamental stars into a smooth working, morale-filled organization was one of the most interesting features not only of the baseball season but of the entire year.

It follows that there were reasons for the rather sudden and long delayed desire of the American League champions to develop and get the best out of what has been for three years a very fine ball club. There are many theories advanced for those reasons. First quoted as the biggest factor in the improvement of the team is the reform of the great Babe Ruth. The swat king, although he is not within striking distance of new slugger marks, is without doubt, the outstanding figure of baseball today. When the jury meets in the fall to vote for the most valuable player in the American League, there is little doubt that Babe Ruth will be elected.

Normal College, Denton, Texas, at Commerce. November 29—Clarendon College, Clarendon, Texas, at Canyon.

While his opportunities to knock tails off the yard were restricted by the refusal of the pitchers to put them in his alley, Ruth switched his batting style and he developed into a likely candidate for the batting championship of the league. It seems almost certain that he will lead the league in runs batted in and runs scored.

With his general improvement at the bat, his fielding also became better. Without the handicap of the surplus weight that he carried last season he developed into a long-range fielder and his arm is second only to that of Bob Meusel, the finest outfielding pitcher in baseball.

Both has been "going straight" and the influence of his example and doubt was of benefit to the whole team. At one time the best players of the team felt that they were being discriminated against when they were punished for infractions of the training rule, while Ruth was able to "get away with murder."

Another theory advanced is that Miller Huggins felt more sure of himself when Ted Jake Ruppert became the sole owner of the club by buying out the interest of his partner, Capt. Ed Houston.

Huggins, a military man and he is a great Huggins of being lax of the enforcement of discipline. When the players felt that their manager had given them a bad break, they appealed to "Cap" and, as might be expected, he sided with them.

Perhaps these two factors entered into the transformation. No doubt they did but were not enough to overcome entirely the factional spirit that for two years has had the team split two or three ways.

Bob Boyd, star young writer, who has followed the American League champions for two years, advances the theory, which sounds most logical of all, that it was just the development of just "common sense" that turned the Yanks into a hard fighting, well balanced and smooth working ball club.

The Yanks felt terribly humiliated after the Giants had made a mess out of them in the world's series as last fall, according to Boyd they felt then, and they still feel that they are a better ball club and they set out this season with the ambition of running away with the pennant in order to show that they had everything outclassed in their league, and then go into the world's series and show up the Giants.

Factions ceased to exist in the common desire to win. Players who would not speak to other players last season are now friends. Some players are rooming with others that they wouldn't sit next to last year. When card games are started they are open to all the club. There are no certain chairs or certain tables for certain players.

The Yanks want the Giants to win the National League pennant. They figure, of course, that their bit would be much more if one-half of the series was to be played in the enlarged Polo Grounds instead of Cincinnati or in Pittsburgh. But of almost equal appeal is their desire to beat the Giants and show them they are a ball club.

tion, naming the officers to hold said election and providing the place and providing for notices of same and declaring an emergency account of insufficient revenues to properly care for the needs of the City.

Be it ordained by the City Council (Commission) of the City of Lubbock, Texas:

Section 1. There is hereby called an election in this City to be held at the office of the City Secretary in said city on the 30th day of August, 1923, at which the duly qualified voters may determine if Section 1, of Article 7, of the City Charter, adopted by vote, December 27, 1917, shall hereafter read as follows:

Section 1. Said city shall, in addition, be authorized to levy and collect such taxes as may be required for the payment of interest and creation of sinking fund on any bonded indebtedness, existing or created by said City under the law of this Charter, provided that the total of all taxes levied for any one year shall not exceed 2 1/2 percent of the taxable value of property subject to taxation in this City.

Section 2. The following persons are hereby appointed judges of said election: R. E. Penney, R. Q. Pierce and R. R. Smith.

Section 3. Certified copies by Mayor and City Secretary published thirty days before said election shall be deemed sufficient notice thereof, and the City Secretary shall mail to each qualified voter as shown by his rolls on January 31, 1923, a copy of Section 1, Article 7, as proposed to be amended.

Section 4. The form of the ballots shall be, as proposed, YES, NO.

Section 5. The fact that this City is solely in need of street improvements and other benefits and that same cannot be obtained on the present tax limit, creates an emergency and public necessity that the rule of the Charter requiring an ordinance to be read at two several meetings, by and same is, hereby suspended and this ordinance put on its final passage at the meeting of its introduction and it is so enacted.

Passed by unanimous vote and approved this 26th day of July, 1923. PERRY SPENCER, Mayor. J. R. GERMANY, City Secretary.

ORDNANCE NO. 227. An ordinance, submitting to the voters of this City at an election to be held on the 30th day of August, 1923, whereby the qualified voters of this City may determine if Section 1, of Article 7, of the Charter of said City may be amended as to permit the levy of 2 1/2 percent in one year of the taxable value of property subject to tax-

WORKED STARTED ON LIVESTOCK PAVILION

Work has started on the livestock pavilion for the Panhandle South Plains Fair. The building will include in addition to a show ring, stalls for additional livestock, seats for spectators and wash racks. The Fair dates this year are October 3 to 6, inclusive.

PROPOSED NEW FREIGHT RATES ON LUBBER IS DISCUSSED

AUSTIN, Aug. 10.—A readjustment of lumber freight rates from Texas points to Southeast Texas ports for export is proposed in the notice of a hearing to be held in October, which the Railroad Commission will publish next week. The commission will publish next week.

PARRISH WILL OPEN AN ABSTRACT PLANT HERE

Attorney Pink L. Parrish announced Friday morning that he will establish an abstract plant in Lubbock to operate in connection with his law and real estate business. Mr. Parrish is a pioneer in the abstract business and has made a host of friends throughout the south plains. He will be pleased to know that he is to operate an abstract business in the "Hub of all West Texas."

REPORT OF CONDITION OF CORN AND COTTON

Drouth and Insect Damage Reported Serious. Texas Cotton Crop 3,500,000 Bales

Gen. B. Terrell, Commissioner of Agriculture, gave out the following report today: This report covers the condition of corn and cotton up to August 1st.

Corn Average 98 percent of last year. Condition 88 percent of normal which indicates a yield a little less than last year.

Cotton Average 15 percent increase over last year or about 14,000,000 acres. Condition 67 percent of normal.

The U. S. Government report for the entire cotton belt seems to be a fair and conservative estimate, but a little too high for Texas.

MEAT PRICES SLASHED

Table with meat prices for Round Steak, T-Bone, Roast, Pork Chops, Puritan Box Bacon, and Morris Supreme Bacon.

South Side Meat Market PHONE 459

is fully realized. Not a bale of this crop should be sold for less than 25 cents a pound, as it has cost over 20 cents a pound to produce it.

warned the farmers and business interests last year against the suicidal policy of dumping the cotton upon the market so rapidly.

ORDINANCE NO. 228.

An Ordinance to amend Section No. 1, and Section No. 8, of Ordinance No. 204 of the City of Lubbock, passed and approved April 11, 1922.

Section 1. Fire Limits. The provisions of this ordinance shall apply to and be co-extensive with the territory with the boundaries now, or hereafter established, as the fire limits of this City.

Section 2. Section 8 hereafter reads as follows: Limits of Height and Area. No building hereafter erected or altered shall exceed four stories or 55 feet in height.

shall not exceed the following: When the building fronts on one street, 6250 square feet.

For fire proof buildings not exceeding 125 feet in height, 50 per centum.

For fire proof buildings not exceeding 125 feet in height, fully equipped with approved automatic sprinklers, 100 per centum.

Section 3. All ordinances and parts of ordinances in conflict herewith are repealed.

Section 4. The fact that buildings of insufficient and non-fire resisting material may be erected under the present ordinance, upon said west half of Block 166, increasing the fire hazards and the fact that under the present ordinance the floor area is insufficient, creates an emergency and public necessity that the rule of the Charter requiring ordinances to be read at two special meetings be, and the same is, hereby suspended and this ordinance be passed and effective from its first introduction, and it is so enacted.

Passed and approved this July 26, 1923, by a unanimous vote of the City Commission.

PERCY SPENCER, Mayor, City of Lubbock, Texas. J. R. GERMANY, City Sec., City of Lubbock, Texas.

First Presbyterian Church To Begin a Revival Sunday

First Presbyterians will begin a revival meeting Sunday morning. They are very fortunate in having Rev. Walter K. Johnston, D. D., late of Marianna, Arkansas, but now engaged in extension work in the Plains and Panhandle territories.

The evening services will be held in the open air on the church lawn. This meeting is being held for the glory of God and the advancement of His Kingdom, and you are urged to have any part you will.

PLAINVIEW MAN PLEASED WITH COLLEGE LOCATION

West Texas Dental Society Meeting Is Invited To Lubbock

Dr. C. M. Ballenger, G. S. Reed, and Harry and Ed Bloom left their home here Thursday for San Angelo, where they will attend a convention of the West Texas Dental Society, which will be attended by many of the dentists of the entire state.

Messages have been sent to the delegates at San Angelo from all of the civic organizations of Lubbock, inviting them to meet in Lubbock at their next convention.

Dr. Ballenger expressed the opinion that inasmuch as Lubbock has been officially designated as the location for the Texas Technological College the dentists will be glad to meet here and that they will accept the invitations so generously extended by Lubbock business men.

NATION'S TRIBUTE TO WARREN G. HARDING

(Continued from Page 1)

Harding paralleled from the days of their birth until their last task had been completed.

A quartet sang an appropriate song.

Invocation was said by Rev. W. A. Bowen, chaplain of the Allen Brothers Post, American Legion, following which taps were sounded and as the officers of the Knights Templar and the military escorts gave orders to their men, the crowd dispersed.

Business Ceases at Cleburne
CLEBURNE, Aug. 10.—Business ceased here for an hour this morning while the city paid the last tribute to the late president, Warren G. Harding.

State and County Offices Close At Austin

AUSTIN, Aug. 10.—The state and county offices were closed at noon today while the whole of Austin joined in a general memorial tribute to the memory of the late Warren G. Harding.

President Ebert Attends Memorial Services

BERLIN, Aug. 10.—President Ebert, Ambassador Houghton, diplomatic and other notables attended memorial services for the late Warren G. Harding here today.

Firey Cross Placed on Harding's Lawn

MARION, O., Aug. 10.—A "Firey Cross" five feet high was delivered at the Harding home by a florist's truck this morning. A card signed

"K. K. K." accompanied the cross. It was placed on the lawn and the truck quickly drove away.

President Coolidge and wife arrived here at twelve thirty today. A three mile line of people were awaiting at that time to pass the casket.

New York Stood Still a Moment
NEW YORK, Aug. 10.—New York, the busiest city in the world, will know quiet for an instant today. From Fifth Avenue to Bowery Manhattan, people will drop their work for a moment and pay tribute to the memory of our late President Harding. Subways, elevated railroads and traffic of all kinds will stop.

Henry Ford Present At Harding's Funeral

MARION, O., Aug. 10.—Henry Ford, Thomas Edison and Harvey Firestone old friends of the late President Harding arrived here today for the funeral. Mrs. Harding appeared to shake hands with a few friends, and is bearing up bravely.

French and Americans Hold Memorial

PARIS, Aug. 10.—French and Americans joined hands today in paying final tribute to the late President Harding. American ex-soldiers marched to place de la Concorde and stood with faces toward Marion, Ohio, while taps were blown. Hundreds of Americans and French civilians stood with bared heads. Official services were held at the American church. American business suspended or halted throughout the continent.

England Held Memorial Services

LONDON, Aug. 10.—Impressive memorial services for Harding were held at Westminster Abbey. The Duke and Duchess of York represented the king and queen. All other members of the Royal family were represented. Flags were at half mast throughout the United Kingdom.

TEN COUNTY EXHIBITS ARE ALREADY ENTERED AT THE FAIR

Ten county exhibits have already been definitely entered in the county contest of the Panhandle-South Plains Fair. These exhibits are judged upon the basis used by the State Fair of Texas and each of the towns showing at the South Plains Fair will carry the same exhibit to the Dallas Fair the following week.

Last year the county taking first place at the South Plains Fair won second place at the State Fair, losing to Lubbock county, which is not a contended at the South Plains Fair. Special express cars have been arranged for to carry the eleven county exhibits to the Dallas Fair from Lubbock.
