LUBBOCK, LUBBOCK COUNTY, TEXAS, WEDNESDAY, AUGUST 29, 1923.

UNITED PRESS SERVICE

A PLEASSED-HAPPY CROWD

PINCHET DELIVERS PEACE PLANS TODAY

Both Sides To Get Copy For Their Consideration

HARRISBURG, Pa., Aug. 29.—Governor Pinchet drew up Anthracite Peace Plans today which he hopes will avert a strike. The plans will be delivered to both sides that they may study them, and it is expected that announcements will be received from both sides as to their decision in the matter before the day is over.

The plans embody concessions from both parties. While there is no authoritative indication of its contents, it is learned that the following methods have recently been favored by Governor Pinchet: The establishment of half way check off, one to protect the operators against recognition of the union by its Phrasology and yet enable the union to collect dues in mines on pay day; wage increases for miners perhaps as high as ten per cent; the establishment of eight hour days.

If these are not acceptable, the governor will ask that each side declare a thirty day truce while new efforts to thread out the problem is made. The governor has been informed how he can seize the mines and work them if all efforts fail to bring about an agreement between the workers and the operators.

TEACHERS WILL GATHER SEPT 4th IN BIG MEET

ANSON, Aug. 28.—The North-west Texas County Superintendents' and Trustees' Association will hold its biennial meeting at Sweetwater, September 4, according to County Superintendent Jno. C. Thompson of Jones county who is president of the association.

The association is composed of the school officials of 84 counties of Northwest Texas.

The Educational Survey will be one of the subjects for consideration. State Superintendent S. M. N. Marra, Hon. Thomas L. Blanton, Judge James P. Stinson, Miss Ulaia Howard are the speakers announced on the program.

The Sweetwater Commercial Club will be hosts to the body for a luncheon.

NEW GYMNASIUM BUILDING COMPLETED AT UNIVERSITY

AUSTIN, Aug. 29.—A gymnasium building to be used for freshman physical training and intramural athletics has just been completed at the University of Texas. This structure will aid in relieving the crowded condition of the men's gymnasium in taking care of the large number of freshmen and will afford space for intramural activities.

Slaton Helped Lubbock Entertain The Visitors At Tech Celebration Tuesday; Delegates Worked Like Homefolks

The Slaton delegation headed by the well known Slaton Band, was well on the job in Lubbock Tuesday, and made it known that thriving industrial and agricultural center is for the Texas Tech College 100 per cent.

The Slaton Chamber of Commerce was responsible for a great deal of food that was consumed at the noon hour, they having brought it to Lubbock by truck loads, and helped in its distribution.

Everywhere that there was work to do Slaton men were to be found on the job, many of them wearing the badges "Use Me, I am Helping Lubbock."

That their help was appreciated is unquestioned. They worked with the earnestness and energy of regular home men, and were always on the alert to help entertain the visitors.

The Tech College, its location at Lubbock and the subsequent responsibilities which this city has received with the location, has placed some work upon the people of Slaton for they are in every way going to help Lubbock make the school officials glad the institution has been located in Lubbock county.

This spirit of unity and friendliness that exists between Lubbock and Slaton, and the willingness

ATTEMPT MURDER OF FOSTER AT CHICAGO IS BLAMED

CHICAGO, Aug. 29.—An attempt to assassinate William Z. Foster, Liberal leader and the near panic that resulted among three thousand men and women, is blamed on labor gunmen by police.

Three men who entered the carmen's hall where Foster was addressing a meeting which was alleged to protest the expulsion of seven women from the garment workers' union and fired three shots at him. They then disappeared down the fire escape.

DENTON CHILD DIES FROM SWALLOWING LYE TUES.

DENTON, Aug. 29.—The two-year-old son of Mr. and Mrs. M. Barber was severely burned yesterday when he drank lye and then poured the fluid over his body while playing in the yard of his parents' home. The lye had been used in washing and the child found it in the yard.

Lubbock Service Was Demonstrated By Bill McKinley Tue.

If any town, city or municipal ever could boast of a loyal bunch of citizens, enthusiasts and workers combined—Lubbock has them. Not only do we believe we have them, but everybody says so, and it must be true.

Knowing that it would be a dandy advertisement for the Panhandle and South Plains Fair to be held in Lubbock, the Chamber of Commerce had a large bill poster set up on the square for the big Tech celebration Tuesday, the officials of the fair gave Bill McKinley, instructions to have this sign placed immediately. Bill, who by the way carries the middle name of "Service," got busy Monday noon the sign left Dallas by first class mail. Tuesday morning at 5 o'clock it arrived at the depot in Lubbock, by 7:30 long before the special trains arrived, this sign was posted, and the 10,000 visitors, or most of them, at least, saw it during the big Tech celebration Tuesday.

Here is the way it reads, and should it be possible that you have not already seen it, take notice the next time you pass along 11th Street: "You are Welcome and will be again at the Panhandle & South Plains Fair, October 3-4-5-6. 'Hurrah for Bill!'"

Where Else Could They Put It?

RANGERS WILL MEET AT MENARD, SEPT. 6-7

MENARD, Texas, Aug. 29.—The Old Texas Rangers will hold a reunion at Menard on September 6 and 7th and many will be the interesting stories retold by these veteran guardians of the early frontier days of West Texas as they again relate their experiences of the dangerous and difficult tasks of dealing with the outlaws, Mexicans and Indians as well as the cattle thieves who were only defeated by the early ranger who shot first and investigated the law afterward.

Bolsheviks Terrorize Farmers of Upper Silesia

BERLIN, August 29.—Organized Bolshevik bands are terrorizing the dwellers in rural districts in upper Silesia, according to dispatches from that district today. Crops are being burned and lives of farmers are being threatened. The people of the rural districts are paralyzed with fear, and many decline to do farm work because of threats of the bands. Silesian crops are large, but it is feared that they will not be gathered on account of the operations of the outlaw bands.

Breslau has become more "red" than Saxony and the farmers fearing for their lives refuse to enter the city, which is paralyzing business. There are many outbreaks of incendiarism in the report along the border.

Come to Lubbock!

ANNUAL COTTON REPORT ELEVEN MILLION BALES

TEXAS CROP ESTIMATED AT THREE MILLION BALES THIS YEAR

NEW ORLEANS, Aug. 29.—The Annual Cotton report issued by the Interstate Trust and Banking Company, estimates the total yield this year at 11,000,000 bales as compared with 9,000,000 last year. It estimates 38,287,000 planted to cotton this year, which is the largest acreage on record.

The tremendous increase in the acreage is attributed to the belief of the farmers that last year's crop and the small amount of "carry over" cotton would insure a big price for the staple this year.

Heavy losses are reported from many sections of the cotton belt. Texas yield is estimated at 3,000,000, with Arkansas as next with 2,700,000 bales.

WOLVES HAVE BEEN KILLING AROUND BRECKENRIDGE

BRECKENRIDGE, Texas, Aug. 29.—Wolves have been killing considerable livestock in various parts of this county according to reports received here. Hunting parties are to be organized soon to kill off the marauders.

MARTIN COUNTY HAD LARGEST DRUMMER HERE

J. W. Chism, who beat the bass drum for the Martin County Band was undoubtedly the heaviest drummer of the celebration as he tips the scales at three hundred and fifty pounds.

Needless to say Mr. Chism was not bothered with those who came to the celebration with him, as he occupied the gutter back seat of the automobile in which he was brought to Lubbock.

Martin County Delegation, Four Hundred and Fifty Strong, Participated In The Tech Celebration Events Tues.

The Martin County Luncheon Club of Stanton, has proven itself to be one of the liveliest organizations of West Texas, and as it is affiliated with the West Texas Chamber of Commerce it is taking its part with the other auxiliaries to that great organization.

J. N. Falls, secretary of the club, stated that there are forty-five members in the organization at this time and that they are all willing workers, whose attention is given to the development of their county and town.

Regular weekly luncheons are held, somewhat on the order of the Kiwanis and Rotary Club luncheons.

As was evidenced by the attention received from the large crowds here Tuesday the Stanton Band, of which S. D. Dickey, is director, is one of the truly efficient bands of the country, and is always ready and willing to lead the Stanton boosters in any trade rally or celebration.

Through the Martin County Luncheon Club is composed mostly of business men of Stanton, there are a number of Martin County farmers among the membership who are just as alert to their responsibilities in the club as any of the officers. They are eager for the possibilities of Martin county to be known, and were responsible for the exhibition of some splendid farm products of that county being made at their headquarters at the Koen Grocery Store while they were here Tuesday.

Among the farm products exhibited were five heads of maize as well as some exceptionally fine cotton which had been grown without one drop of rain from the time it was up until the maize had been thoroughly matured and the cotton had made such growth that an abundant yield is assured.

These crops, however, received good rains Monday night, the first since the latter part of April, and will even be better than was indicated by the exhibits which were brought here as they were gathered before the rain was received.

It was unfortunate indeed that the truck in which the exhibit was being hauled was overturned in making the trip, and some of the products were badly bruised, however, the quality could easily be determined and the exhibit doubtless created a desire in the hearts

of those who saw it to visit Martin county.

OKLAHOMA KLANSMEN ARE GRANTED FIFTEEN DAYS STAY OF EXECUTION

TULSA, Okla., Aug. 28.—A fifteen day stay of execution for the four Klansmen who confessed and who were sentenced to two years each in the penitentiary for participation in recent floggings, was granted by Governor Walton today, in order that they may be used as witnesses against others who are being held on riot charges.

Eleven other persons are under arrest by Military authorities charged with riots, and warrants have been issued for five others on the same charge.

RAIN IN RANDALL WILL GREATLY BENEFIT CROPS

CANYON, Aug. 29.—Randall county has been visited by rains amounting to an inch and a half during the last few days and indications are that more rain will follow. This assures a big crop for the farmers of this county.

MOTHER OF MRS. E. W. GREEN DIED AT BARSTOW

Mrs. E. W. Green returned to Barstow here Friday from Harstow where she attended the funeral of her mother, Mrs. J. C. Glaze, age seventy-seven years, who died there August 18th.

Mrs. Glaze is survived by her husband and seven children, six daughters and one son. The daughters are Mesdames E. W. Green, of Lubbock; R. L. Collier, of Spur; Sam Preddy, of Comanche; E. P. Black, of Barstow and T. A. Sacra, of Roswell and son Ross M. Glaze, of Mulshoe.

CHAMBER OF COMMERCE WILL MAKE FIGHT FOR LOWER RATES

CROSBYTON, Aug. 29.—A. B. Spivey, president and chairman of the Chamber of Commerce of the West Texas Chamber of Commerce announced today that that organization will join hands with the Livestock Shippers' Association of Fort Worth in praying for an adjustment on interstate freight rates on cattle, sheep and goats in Texas.

The appointment of Judge Randolph to the Commission of Appeals as Associate Justice of the Eight Court of Appeals at Amarillo, was announced at the Governor's office today. This appointment is to fill the vacancy made by the resignation of Hon. E. L. Klett, of Lubbock. The information was received at the Governor's office from the Governor who was at Lubbock attending the jubilee celebrating the location of the Texas Technological college at that place.

Judge Randolph's successor as a member of the Commission has not yet been made known.

CONTROLLING INTEREST IN GALESTON LEAGUE IS SOLD

GALVESTON, Aug. 29.—Controlling interest in the Galveston League franchise was sold by W. A. Johnson and R. L. Kempner to C. E. Barfield, owner of a number of amusement resorts here. The consideration was not made public.

Every amusement device on the "playground" will be thrown open to the visitors during the convention for their entertainment. A round of banquets, speeches, and other events also will take place.

Land, air and sea will have representatives of the United States Army at the convention. The United States Cruiser Galveston will be anchored in the harbor for inspection; troops from Fort Crockett here and planes from Kelly Field at San Antonio will be on hand.

Tonight will witness the main speeches of the convention, Judge Landis, Governor Neff and Senator Sheppard will make short addresses.

A parade and ceremony par-

WEST TEXAS C. OF C. TO EXHIBIT AT WICHITA, KAN.

WICHITA, Kan., Aug. 29.—The West Texas Chamber of Commerce has been allotted space on the main aisle of the International Wheat and Farm Products Exposition to be held here September 24 to October 5. The Forum it was announced today, Dr. O. H. Lloyd of Vega will be in charge.

The Wheat Show is the largest indoor show of its kind in the world, it will cover 264,000 feet of floor space.

BIG CELEBRATION DELIGHT VISITORS AND HOME FOLKS ALIKE AND PROVED LUBBOCK A REAL HOST

People From All Parts Of The State And Many From Other States Attend Jubilee

Forty thousand people were entertained in Lubbock Tuesday on the occasion of the celebration of the location of the Texas Technological College, and Tuesday night and throughout Wednesday many people returned to their homes in various places of Texas glad they had attended the celebration.

Though estimates had been made as to the true amount of food that would be eaten, the number of visitors who would entertain, and other features of the celebration, cold figures show that the happiest expectations of our most optimistic business men were eclipsed by the magnitude of the celebration, both in attendance and in the splendid manner in which all were entertained.

Last figures shown that 147 beeves were barbecued, all of which were consumed; six thousand loaves of bread, one hundred and eighty-six tubs of potato salad, two thousand gallons of coffee, one hundred and fifty gallons of pickles and much other food was consumed. The plans for serving the crowd having been made by Col. Clark M. Mullican, world war veteran who has distinguished himself as a civilian by handling some of the most perplexing problems that have arisen in the development of Lubbock and the South Plains.

Col. Mullican enjoyed the close co-operation of all the various committees and scores of workers, as a result of which, coupled with the exactness of his plans, a stop-watch showed that the crowd was fed in forty-seven minutes.

This is an achievement that has no parallel in history insofar as we can determine, and will be long remembered by those who were here, and participated in the celebration.

Lubbock Endorsed by Statesmen. Gov. Pat M. Neff declared in his address Tuesday afternoon that the "College had been splendidly located."

Hon. S. B. Cowell, chairman of the locating board, while speaking to thousands who congregated about the courthouse lawn, told how a personal friend of his in conversation with him, had expressed the idea that by locating the college in Lubbock the board had literally killed the institution, and declared that if such is the case, the sight of the multitude of faces before him inspired him to quote the often repeated words of the apostle: "Oh,

(Continued on page 4.)

State Convention Of American Legion Is In Session At Galveston And Three Thousand Buddies Are Present

GALVESTON, Aug. 29.—Galveston, "The Coney Island of the Southwest" threw one nits arms to over 3000 "buddies" as the State convention of the American Legion opened here today.

For three days, the streets of this island city will resound, the tramp of the former "doughboys" and officers as the local chapter entertains delegates from nearly every post in the State.

A host of notables, both in army and civil life, will attend the convention including Judge Komesav Mountain Landis, Governor Pat M. Neff, Senator Morris Sheppard and several prominent military authorities.

Every amusement device on the "playground" will be thrown open to the visitors during the convention for their entertainment. A round of banquets, speeches, and other events also will take place.

Land, air and sea will have representatives of the United States Army at the convention. The United States Cruiser Galveston will be anchored in the harbor for inspection; troops from Fort Crockett here and planes from Kelly Field at San Antonio will be on hand.

Tonight will witness the main speeches of the convention, Judge Landis, Governor Neff and Senator Sheppard will make short addresses.

A parade and ceremony par-

participated in by Legionnaires and other patriotic organizations will be held tomorrow night. Convention sessions will be held at the Garden of Tokio Hall.

The city was a riot of color as the convention opened. Red, White and Blue bunting predominated with the colorful emblems of the different divisions interspersed in a harmonious color scheme. Nearly every eye wore a flag.

Endorsement by Texas Legionnaires of steps taken by the Sons and Daughters of the American Revolution toward co-operation of that body with the daughters of the American Revolution and the Legion and Legion Auxiliary in matters of mutual interest will be the principal business to be taken up at the convention.

GALVESTON, Aug. 29.—The State Convention, American Legion, got down to business after a most auspicious opening by Judge Landis and Senator Sheppard. A dis-

EVERYBODY CO-OPERATING.

The attitude of many people who enter the business field is so merely personal and selfish that they give but little aid to the people who employ them. Suppose they take a job in some store. Their principal thought is getting more pay, shorter hours, and having a good time.

If a fellow is going to be successful in any line of business his first thought must be to promote the success of the business by which he is employed. If his earnest effort for the interest of that business has helped that firm hold its own or go on to greater prosperity, he is bound to get recognition and advancement.

To extend the retail trade of Lubbock there is needed a hearty spirit of co-operation between both employer and employed in that line of business. The possibilities for expansion in this community are excellent, and all it calls for is enterprise, advertising, ambition, and unity of effort.

PUBLIC UTILITY SERVICE IS CENTER OF LIFE.

Organized community life of today, commercially, industrially, and socially, is built around public utility service.

As public utilities function efficiently or inefficiently so the community prospers or stagnates. By the quality of its public utility services a community becomes attractive or repels new enterprises and new population.

This company is a part of this community and is co-operating with the other people here to make the community a good place to live in by affording good service at reasonable rates. The interests of this community and the interests of this company are in every way identical.

The comparative birth rate in France and Germany is 1 to 6. Seven months ago the French marched into the Ruhr. The nerve center of German trade was thrown into a flutter. The spirit of discontent has grown steadily. It is not at all certain that Germany is actually able to meet the payments on her war debt. In the meantime, we are threatened with another great war, by comparison with which, armageddon were like the sting of a bee. Is it not time that the short-sighted politicians of France and of the world were recognizing the fact that under such conditions it is utterly futile to talk about permanent security on a military basis? The dogged determination of Germany to recreate herself and the spirit of German unrest and hatred which these things inevitably engender; the politicians of the Quai D'Orsay, will some day be forced to face.

One principle of government which we need not hesitate to assert at any time is that organized government must overcome mob rule or mob rule will overcome organized government. The governor of Oklahoma has been warned that his life will be forfeit because he dared to assert the sovereignty of the law and suppress the mob. We do not undertake to vouch for the correctness of everything the governor of Oklahoma does, but he is within his proper sphere in undertaking to enforce the laws of his state. We need not be surprised or shocked at this logical development of mob rule, for the mob that overrides the judicial and the legislative branches of the government will also override the executive. We have sown enough dragon's teeth already to begin to reap a frightful harvest.

We are constantly impressed with the fact that every boy and every girl should learn to do some one thing well. The other day a white man was arrested in Memphis for stealing a kit of tools which he sold to support his family. He is 29 years old, but has no regular trade and can seemingly do nothing well. He testified that he had tried to make a living doing odd jobs here and there. Everywhere there is a demand for labor at fair wages. Before we charge all of the misery and misfortune of the world to political and industrial conditions, it were well for us to consider whether we are capable of doing anything and doing it right.

LITTLE AVALANCHES

Many people spend Labor Day trying to figure out ways by which they can get along with less labor.

Formerly the younger generation used to be disciplined by hand in the woodshed, but it would take a motorized shingle to keep up with their doings now.

The boys complain that they are "spurned" by the girls, but that is not so bad as being sterned off the porch by Father's boot, as in former years.

Many of our people have reached the conclusion that they positively will not take the job of president of the United States, no matter how hard their friends tease them.

SOCIETY

Guests At Baker Home. Mr. and Mrs. F. Bacon of 1620 Broadway has as their guests during the celebration: Mr. and Mrs. J. W. Baker of Austin, Mrs. J. H. Wayland and son, Robert, L. C. Wayland and family, Mrs. Guy Jacobs and Miss Beulah Winn of Plainview.

Guests at Wolfarth Home During Tech Celebration. Mr. and Mrs. George C. Wolfarth of 2304 Broadway had as their guests during the "Tech" celebration the following: Mr. and Mrs.

ROBS CALOMEL OF NAUSEA AND DANGER

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is the perfected Calomel tablet, known to the medical world as "Calotabs." It is the most generally useful of all medicines, and enters upon a wider field of popularity, and is retained from those objectionable qualities which have heretofore

been associated with this medicine. It is a pleasant, non-toxic, and non-damaging medicine to take. It is a powerful laxative, and is a most successful remedy for its various ailments. It is the easiest and most pleasant of medicines to take. It is a powerful laxative, and is a most successful remedy for its various ailments. It is the easiest and most pleasant of medicines to take.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package, ten cents for the small retail size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (Adv.)

WIFE TIRED, SUICIDE

Indiana Lady Says She Was Run Down, Suffered With Her Back, Took Cardui, and Got Well.

Richmond, Ind.—"I thought I would write a line or so, to say that I owe my good health and strength to Cardui," says a letter from Mrs. Cora Courtney, 31 Railroad Street, this city.

"I was all run-down until my family thought they would lose me," writes Mrs. Courtney. "My husband coaxed me to take Cardui, so, to please him, I did, and I say I do not regret it, for I am able to do all my work and do my shopping."

"I have five children, four in school, my husband and a boarder to do for, and I do all my own work for all of us, and find time to play. We all praise Cardui. Every sick and run-down woman should take this wonderful medicine."

"I suffered with my back, & very weak feeling in my limbs. I felt hardly able to drag, but Cardui helped me so I felt like a different woman. If you are in a run-down physical condition, suffering as this Indiana lady says she did, give Cardui a fair trial. It should help you. Take Cardui. NC-14"

Floydada Couple Married Here Wednesday.

E. G. Neson, Jr., and Miss Frances Sanderson, prominent young couple of Floydada, were married here Wednesday morning by Rev. Shearer, formerly of Lubbock but who is now presiding elder of the Amarillo District, Methodist church. Mr. Neson is judge of the county court of Floyd county, and has a host of friends there who congratulate him on his good fortune. The bride is the daughter of a well and favorably known family of Floyd county pioneers.

Mr. and Mrs. E. G. Courtney and family were here Tuesday from Littlefield attending the celebration.

Mr. and Mrs. J. O. Smith have as their guests, Mr. and Mrs. A. E. Myles of Wichita Falls.

Dr. and Mrs. A. C. Surman, Mr. and Mrs. T. I. Jones, Mrs. Herl, and Mrs. C. L. Pickett of Post are guests at the home of Mr. and Mrs. Joe Penney, 119 Fourteenth street. Mrs. Frank Bowen returned the first of the week from Sweetwater.

AT THE CHURCHES

At the Adventist Camp. The Adventist camp meeting season is drawing to a close but the interest in the meetings continues unabated. Evangelist B. E. Beddoe, of Washington, D. C., spoke to an interested audience last night upon the work of Christ's priesthood in heaven, and man's personal need of an advocate there to plead his cause.

Pastor H. R. Gay, of Fort Worth conducted the devotional service in the Auditorium this morning, in which he emphasized the necessity of courage in the service of God. At 9 o'clock Evangelist M. B. Van Kirk, of Oklahoma City, conducted an interesting Bible study upon the nature and need of righteousness and the manner of obtaining it. I can stay longer, now but I'll be at 10:30, Pastor A. F. Harrison, as next year," he said.

of Oklahoma City, the general field secretary of the publishing department of the Southwestern Union Conference, conducted an interesting book sale upon the camp ground, at which the campers supplied themselves with books at a reduced price.

The subject for to-night will deal with the important question "Which day of the Week is the Christian Sabbath?" Evangelist B. E. Beddoe will trace the subject thru the Bible and history to ascertain the answer to this question. All are cordially invited.

HIGH COMMISSIONER OF BASE BALL COMES TO TEXAS

HOUSTON, Aug. 29.—Judge K. M. Landis, High Commissioner of Base Ball will do his "spring training" in Texas next year, declared while en route to Galveston to attend the Legion Convention. "Sorry I can't stay longer, now but I'll be back for my spring training in Texas next year," he said.

See the New Dress Suits and Coats

The new fall season presents a wide array of the styles changes that are at once clever and attractive. There are many little touches here and there about these garments that make them distinctive and that are sure to win your favor.

DRESSES

Dresses from silk materials lead in popularity. The color range shows many very new shades that are typical of the fall season. The slender silhouette stressing straight lines feature the new models. Prices range in easy stages from \$19.85 up as high as \$98.85

SUITS

Suits are shown both in long knee length coats as well as in the short jacket effects. There are many little braided styles as well as embroidered effects from staple blue materials and brown and tan shades in rougher weaves. Prices range from \$24.85 to \$98.85

COATS

Coats have a most prominent place in style plans for fall. The lines are long and slender and the materials range from the black glossy pile fabrics to the rough Paris La Mode. Many pretty sport styles are to be had and the prices are most attractive. The range is from \$19.85 to \$74.85

Hempill-Price Co.

Bigger Than Merchandise

Bigger, vastly more important, than the merchandise a store carries, is its integrity its insistence on a definite standard.

And just as important is the spirit of the management; its willingness to take the customer's side of a story.

This store is not so anxious to make a sale that it would sacrifice its good word to accomplish it.

It has been built up on confidence—and that's our biggest asset.

FREAK GRAP EVINE GROWN BY LUBBOCK CO. FARMER

Mr. C. O. Kesler, residing 10 miles northwest of Lubbock, in the Grovesville Community, delivered to County Agent Jennings, Tuesday of this week, a freak of the Grape family. It is a very strange freak or combination, inasmuch on the same vine can be found blooms, small grapes, larger grapes and fully matured grapes, and has been bearing since May of this year. The quality of the grape is excellent and Mr. Kesler states it is a heavy producer.

New York is becoming so wicked. Maybe she needs a governor instead of a governor.

LOCAL HAPPENINGS

Earl Lea, of the Wills Point Dry Goods and Grocery Company, of Wills Point, Texas, was here Tuesday to attend the Tech Celebration.

R. R. Walton, of the Amarillo Green houses, was in Lubbock for the Tech Celebration Tuesday and remained in the city until this morning visiting Cally Dean, of Dean's Floral.

R. S. Vandiver of Wichita Falls and R. J. Watson, of Graham, arrived in Lubbock this week to make their homes here. They will buy cotton for Neil P. Anderson and Company of Fort Worth.

District Judge P. O. Beard, of Marshall, was among our distinguished guests at the Tech celebration Tuesday.

Roy Greenhill, of Amarillo, formerly of this city and known to many of our people, spent several days here this week, taking in the Tech celebration, and also spending much of his time on the golf course here, which he says is a class one and he enjoyed his visit to our city very much. Roy is now with the Williams Oil Insurgency Company.

The Avalanche was pleased to number among its callers at our office during the celebration, Mr. Cooper, of the Colorado Record, and Mr. Martin of the Martin Printing Company of Amarillo.

The Avalanche was pleased to see a great number of the newspaper men from various sections of the country here to help celebrate the Tech college. Most of them were callers at our office, but as we had no register on which to get their names, we cannot recall all of them. We were glad to call however, and invite you to come again. We will probably be in our new home by that time, and will be in better position to serve you, and invite you to call every time you are in our city. Come to Lubbock.

A GOOD COTTON CROP IS ASSURED IN CLAUDE VICINITY

CLAUDE, Texas, Aug. 28. The cotton stalks are loading very fast with bolls in this section since the late rains, and a heavy crop is insured without another rain. The stalks are growing very rank and blooms are opening very fast. Although these blooms will be killed by the early frosts, there are enough bolls already matured to make a large yield. While the acreage will fall from approximately 10,000 acres to 6,000 acres due to the results of the storm of last week, the late rains will increase the yield probably to the extent of the storm loss. There is no comparison to be made between the cotton yield of last year and that of this. In 1922 very small patches were seen over the county, from which a very small yield was realized, while this year the farmers decided to go into the cotton raising business proper. Farmers of Armstrong county are gradually comprehending the great lesson of diversification. It is believed that some of the best cotton fields here will yield a bale to the acre, while others not more than a quarter to one-half. According to members of the Chamber of Commerce, cotton will be ready to pick in Sept. and a number of "outside" pickers will be called.

List Of Approved Boarding Houses For Women Is Available

AUSTIN, Aug. 29. Copies of the list of approved boarding houses for women students at the University of Texas are now off the press and may be obtained from the office of the dean of women.

This list is compiled annually by the dean of women before the fall registration. Every woman student is required to live in quarters meeting with the approval of the dean of women's office.

During the past year an organization known as the House Mothers Association composed of women in charge of houses inhabited by women students was formed under the direction of Miss Lucy J. Newton, dean of women, and the meetings of the women, held once a month matters connected with the home life of University girls were discussed and a group of uniform regulations agreed upon. Since the organization of this association, the home life of University girls has been more satisfactory in every way, University officials assert.

Floydada Football Team To Spend One Week In Training

FLOYDADA, Aug. 29. The Floydada high school football team of 1923 left Monday morning for Silver Falls, the South Plains Play ground, near Crosbyton, to spend a week of preliminary training under the direction of Coach J. J. Wester who has coached the team for the past three years. Some twenty-five men are included in the team which will spend the week taking swimming, running, and other athletic exercises.

Following the ten day practice at Canyon which Coach Wester will attend, the team will begin regular working out and training. New outfits for the team including everything from shoes to helmets have been purchased by the school and will be used the entire season.

Coach Wester is very optimistic over the prospects for a winning team this year, although eight men who were with the team last year will not be on hand this season. The schedule for the season is being arranged. The only game on the interscholastic league schedule that has been matched is that with Lubbock on October 26th.

Other games already matched include that with the Wayland College Jackrabbits of Plainview.

BROTHER OF W. E. COPE DIED IN ELK CITY

W. E. Cope has just returned from Elk City Oklahoma, where he was called to attend the funeral of his brother Henry Cope, who is well known to many citizens. Mr. Cope died of blood poison. He was buried Sunday.

The proof of the poisoning is in digestion, or indigestion.

ELDER JOHN T. SMITH TO PREACH HERE TONIGHT

John T. Smith, former pastor of the Church of Christ, is here for a brief visit with the members of his congregation and will preach tonight at the church on Broadway.

Brother Smith has a host of friends in Lubbock who are pleased to have him visiting here, and who are delighted to know that they will have another opportunity to hear him preach.

The sermon tonight will probably be the only one he will have time to preach while on this visit, and all who expect to hear him had better not miss this evening's services.

RADIO HOTEL IS LATEST IN DETROIT

DETROIT, Aug. 28. (United Press)—The radio hotel is the latest.

With a radio receiving set in each of its 1,215 rooms, the Book-Cadillac Hotel, under construction here, will be completed October 1, 1924. A radio broadcasting station, with maximum power, will be installed on the roof of the 30-story hotel, and special telephone installations for radio receiving, while not being used for local conversations. An order to the switchboard operator will be all that is necessary to have the phone connected with the radio set.

The hotel is being erected on the downtown site formerly occupied by the historic Cadillac Hotel, which, at one time, was considered as the finest hostelry in the middle-west. With its 30 stories, the hotel will be the tallest transient hotel in the world, and will be Detroit's tallest building. It is being erected and furnished at a cost of \$14,000,000.

"Tis Terry's Tech Too" And Hundreds Of The Good People Of That County Were Here Tuesday For The Celebration

"Tis Terry's Tech Too". Not a bit of doubting that point, in fact no one wants to doubt it.

The Terry county delegation, composed of a host of men, women and children who feel a tinge of gladness in West Texas' victory in winning the Texas Tech. College, are the kind of people upon whom the officials of the college may depend for substantial support, for already they have proven themselves splendidly loyal to that institution.

Terry county people have more than great big hearts, and willing hands with which to support the college—they have a proven agricultural county whose products are of such quality to demand the very best prices on any market in the country. Thousands upon thousands of acres having been placed in the highest state of cultivation to give forth abundance of wealth for the support of West Texas institutions.

J. E. Shelton, secretary of the Terry County Chamber of Commerce, came into the Avalanch office late Tuesday evening to tell us how splendidly Lubbock had taken care of her crowds, whereupon we explained to him that Terry county, and all of the counties and towns of West Texas had had as much to do with the success of the celebration as had Lubbock, and indeed Lubbock does not want all of the credit for the success of Tuesday's affair.

The Terry County Band was to be heard thruout the day, and each member of that great organization seemed to have made himself a committee of one to make it known that Terry county is with Lubbock in celebrating the location of the Tech. College. The band received many compliments from the people of Lubbock and others who heard them, and in fact all West Texas might feel justly proud.

The Terry County Corn Crib was an integral part of the noontime program, ten thousands of the fine ears of corn, which had been cooked to perfection with steam, were consumed by the celebrators, and if there was anyone who failed to enjoy the flavor of this Terry county product we failed to get acquainted with that person.

Terry County will be at the South Plains Fair in October and the Terry County Band will be with the other Terry County boosters. Yes, everybody admits "Tis Terry's Tech too".

TEACHERS WILL BE GIVEN GRAND RECEPTION AT CANYON

CANYON, Aug. 29.—One of the special features of the Panhandle-Plains Counties Institute which opens in Canyon on September 7th, will be a reception tendered the eight hundred visiting teachers by the Canyon Parent-Teachers Association. On the program for the reception the district chairman of the Parent-Teachers Association, Mrs. J. T. Simms, of Clarendon, Texas, will be the principal speaker. The arrangements are being made by the local chairman of the Association, Mrs. Harvey Cash, and her committee. The reception is given in an effort to bring about a better understanding of the T. P. A. work by all teachers. The reception will be given at the West Texas State Teachers College.

A PLEASANT AND HAPPY CROWD

(Continued from page One)

grave, where is thy victory. Oh, death, where is thy sting." At the close of these words the crowd so heartily cheered the speaker that he was compelled to pause for a moment before his voice could be heard above them.

These and other utterances of the speakers for the celebration gave rise to the belief that all Texas is pleased with the location of the college, and from every nook and corner of the Lone Star State will emanate a spirit of friendliness and helpfulness toward Lubbock and the college that will last thruout the coming years.

The members of the location com-

mittee went into final session last night, making their report to the board of directors of the college, and were finally dismissed.

It is the consensus of opinion among the people of Lubbock that the celebration was enjoyed by all, and that this town is indebted to practically all of the towns of West Texas for the splendid co-operation received at their hands.

The parades of the various delegations Tuesday morning, and Tuesday afternoon, which were led by the various bands, was an able expression of the support that Lubbock will receive in making the college a success.

When a number of the State officials left Wednesday it is believed that they were among the very last of the celebrators to leave the city. Governor Neff went to Galveston to deliver an address before a meeting of the American Legion. Supt. Anton of the Santa Fe made special provision for the Governor on the eleven-thirty train.

Hon. S. B. Cowell and wife went to Abilene to visit the State Epileptic colony, and will go from there to their home.

Lon Smith, state comptroller, returned to his home at Austin.

Prof. Bissell, of the A. & M. College returned to his home at College Station.

Dr. W. S. Sutton went to Colorado where he will spend two weeks fishing near Denver.

Judge Rosser returned to his home at Snyder and Dr. I. E. Nunn returned to his home at Amarillo this afternoon.

NINE BANDITS HOLD UP POLICE—TAKE BOOZE

By the United Press.

CHICAGO, Ill., Aug. 29.—Nine bandits held up three watchmen at the Government bonded warehouse and escaped with two thousand dollars worth of choice liquor. The men worked from midnight till dawn sorting and hauling off the liquor according to the statement by the police, where held up.

WOULD LIMIT POWER OF U. S. SUPREME COURT

By the United Press.

MINNEAPOLIS, Ind., Aug. 29.—Attempts to limit the power of the United Supreme Court in passing on the constitutionality of legislation, was some of the intimaions given out in the address of the President of the American Bar Association, in convention here today, by John W. Davis. He also urged participation in the World Court.
