CYCLONE KILLS ONE, INJURES 8 AT RICHARDSON

PROPERTY DAMAGE IS ESTIMATED AT FROM \$50,000 TO \$100,000

By United News. RICHARDSON, Texas, April 3.—A man named Jacobs, whose first name is not known, was killed, and eight persons were injured when a cyclone swept through Dallas county late Thursday afternoon.

PNEUMONIA IS FOLLOWING FLOODS

OAKLAND, Maryland, April 3.—Pneumonia and typhoid fever following in the wake of snow and flood, threatens the little mountain town of Kitzmiller, Md., as relief parties struggle through the snow-blocked passes toward the inundated town situated on the bottom lands of the Potomac river.

HOUSTON, Texas, April 3.—Six longshoremen, driving to Houston to take part in a parade celebrating the millionth bale of cotton to pass through the port since last August were injured when their automobile was struck by an International-Grout Northern train.

HOUSTON, Texas, April 3.—Six longshoremen, driving to Houston to take part in a parade celebrating the millionth bale of cotton to pass through the port since last August were injured when their automobile was struck by an International-Grout Northern train.

IMPORTANT NOTICE TO WEST TEXAS COLLEGE EX-STUDENTS

All Lubbock county residents who have ever attended the West Texas State Teachers College, are cordially invited and urged to meet in the Senior room of the Station high school building, Saturday, April 5, at 1-o'clock.

CHAUTAQUA TO OPEN HERE MAY 25TH

The Chautauqua committee received notice that the Redpath-Hornet Chautauqua program would open in Lubbock Sunday afternoon, May 25, with a special Sunday program and continue through the entire week.

The 1924 program is especially full of good musical numbers and real plays. That highly recommended musical comedy that has enjoyed such a long and enthusiastic run in New York recently and has been so written in all of the newspapers and magazines, "Six Cylinder Love" is the leading attraction in this connection.

HOUSTON DEATH TOLL MOUNTS TO FOUR

HOUSTON, Texas, April 3.—Death toll of an epidemic of fires which have swept Houston during the past week stood at four today while police and fire inspectors bent every effort to discover the cause of the blazes.

HOUSTON, Texas, April 3.—Six longshoremen, driving to Houston to take part in a parade celebrating the millionth bale of cotton to pass through the port since last August were injured when their automobile was struck by an International-Grout Northern train.

Republicans Open Defense Against Scandal Disclosures by Laying Whole Burden on Former President Harding

PORTLAND, Me., April 3.—Responsibility for many of the present difficulties of the republican administration were laid to the late President Harding by Senator George Wharton Pepper, of Pennsylvania, when he made the keynote speech at the republican state convention here Thursday. He cleared Coolidge of all blame.

CANYON HOST TO HUERTA BACKED PANHANDLE FARMERS

CANYON, April 3.—Canyon is in readiness to entertain the large number of visitors who will be in the midst of the last two days of this week. Tomorrow and Saturday the Panhandle Stock Judging Contest and Farmers Congress will open and continue in session until Saturday night.

EL PASO TO HAVE \$250,000 COTTON COMPRESS

EL PASO, Texas, April 3.—When a suitable site is secured a \$250,000 cotton compress and cotton fumigating plant will be established in El Paso, according to Joseph T. Newberger, of the Newberger Cotton company of Memphis, Tenn.

NEGRO SLAYER SAYS READY FOR CHAIR

HUNTSVILLE, April 3.—Booker T. Williams, negro, sentenced to life for the murder of Andy Sulser lumber company commissary keeper at Lufkin in a hold up, said today he was ready to go to the electric chair Friday.

GIN COMPANY ELECT OFFICERS AT TUES. MEET

RALLS, April 2.—At a meeting of the stockholders of a newly organized Gin Company here today J. T. Savage was elected President, together with John D. Thompson, J. M. Briscoe, D. Y. Blanton and John Justice, directors.

WAR SECRETARY CALLED BY SENATE COMMITTEE

WASHINGTON, April 3.—Secretary of War Weeks, hurling a challenge at the committee investigating the department of justice, has been answered by a subpoena to bring before the committee papers which were rifled from the desk of an officer in the army air service and turned over to him, and which Weeks refused to give up, unless subpoenaed.

DEPOSITION CHARGES ARMS SMUGGLING TO MEXICO, RUMOR SAYS

AUSTIN, April 3.—Rumors have leaked out here that startling charges have been made by Ranger Captain Frank Homer in a deposition taken by a representative of the senate committee investigating former Secretary of the Interior Albert B. Fall.

LOCAL MAN DIES FOLLOWING ACCIDENT

D. Karr, well known local man, 73 years old, died at a local sanitarium at 7:30 o'clock last night following an accident that occurred at 10:30 Thursday morning.

Just Folks by Edgar A. Guest. AT THE JOURNEY'S END. "Well, I shall say at the last turn of the road, Now is the journey ended. Never again Shall I look for a child's face at the pane, Or utter a sigh at the end of my weary load, Or turn with a smile to the door of a friend's abode, Suffer a hurt or the bite of the stinging rain, I have lost all I must lose, and gained all I shall gain, Done is the laughter and silenced the crack of the goad.

30 LIVE PAGES THIS WEEK. Yes, the publisher must apologize for stating that the Weekly Avalanche would have only 16 pages this week. Last night it came off the presses carrying not only columns of live rural community news, state and national news, special magazine features, but a wonderful lot of bargains advertised by Lubbock merchants for Monday—Trades Day. It's your loss if you don't get your Weekly Avalanche—30 valuable pages!

# NECESSITY OF KEEPING MORE DAIRY COWS ON THE FARMS OF THE SOUTH PLAINS TO BE EMPHASIZED, AT FAIR

Members of the Board of Directors of the South Plains Fair Association are going to bend every effort toward increasing interest in better dairy herds in the Plains, and in this connection they plan to offer some handsome prizes for all dairy strains exhibited at the fair this fall.

L. C. Ellis, of the Security State Bank and Trust Company, who has been identified with the development of the fair for a number of years, expressed the opinion at the meeting of directors held at the fair park Wednesday afternoon that through offering prizes for good Jerseys and the other dairy breeds the fair could do a great deal toward increasing interest in the development of these herds on the Plains.

Mr. Ellis being connected with the bank has an opportunity to observe the conditions of our rural people, and it is encouraging to anyone interested in developing better dairy herds to know that such men are in sympathy with any efforts in this direction.

Regardless of how intensely this section of the country may be cultivated, the products of the soil can never net the farmer the sure profits that can be accrued by taking care of a few good dairy cows, one or more brood sows and a flock of purebred poultry, and it is the desire of the directorate of the South Plains Fair Association to emphasize this fact in every way possible.

The 1924 South Plains Fair will be bigger and better than ever.

## SOCIETY NOTES

**Mesdames Cravens and Ballew Were Hostesses to Club**  
The 1916 Needle Club was delightfully entertained Tuesday afternoon by Mesdames W. E. Cravens and Will Ballew at the home of Mrs. Cravens on Broadway. The rooms were beautifully decorated with spring flowers radiating the spirit of the season. The social hour was pleasantly spent in needle work and at the conclusion of a short business session the hostesses served dainty refreshments of cream and cake, carrying out the white and yellow color scheme, to the following: Mesdames Frank Barclay, T. E. McCoy, B. Stubblefield, T. E. Buckner, Frank Riddle, R. V. Kimmell, James Kimmell, Claud Burrows, Joe Baldrige, T. H. Ellis, W. E. Lyle, George Pickle, Henry Roy Starnes, and George Mulkey.

## FIRST NATIONAL BANK AT LAMESA REMODELING BUILDING

Special to the Avalanche.  
**LAMESA, APRIL 3.**—The second story of the First National Bank building is nearing completion and when it is completed this building will be one of the most attractive in this section of the country. A large part of the second story will be used for office space. The second story of the First State Bank building was completed about six months ago.

## NEARLY TWO MILLION

Sounds like a big feature, and it is big. That many times during the year, people go to their nearest store and ask for Black and White Ointment, because they have come to depend on this wonderful preparation to keep their skin free from pimples, blotches, bumps, eczema, rash, tetter, "breaking out," etc.

You won't know what real happiness and fun is until you make yourself presentable, so to speak, to the people who want to associate only with those who are good to look at. Begin using Black and White Ointment and feel the thrills girls, women and men experience when they see their ugly skin clearing up, feeling smooth and looking lovely.

It is economically priced, in liberal packages. The 50c size contains three times as much as the 25c size. All dealers have it.—Advertisement.

## BUILD A HOME

## MR. HOME OWNER, BEAUTIFY YOUR HOME

Beautiful Shade Trees, Rose Bushes, Flowering Shrubs, Climbing Vines and Fruit Trees can be had at our healing yard, just south Palace Market, fronting Avenue I.

## VICTIM OF R. R. ACCIDENT TO BE BURIED HERE TODAY

J. T. Martin, age 39 years, who was killed by a fast going Santa Fe passenger train Tuesday morning, will be buried here at 3 o'clock this afternoon, it was announced at the Simmons Undertaking company Thursday.

The deceased is survived by a wife and four small children, and three brothers who live at Muleshoe. He had been a resident of West Texas five years.

## MEMBER BROKER FIRM HELD ON 30 COUNTS

By United News.  
**NEW YORK, April 3.**—Four members of the bankrupt stock brokerage firm of E. W. Wagner and company, which had offices in twenty American cities, must answer thirty indictments on the charge of "feloniously trading as brokers against the order of a customer."

E. W. Wagner and company failed in December 1921, for \$10,000,000. Among the members of the New York Stock Exchange, the firm was known as one of the "big four." In addition to its main office in Chicago, and two offices in New York, it maintained branches throughout the country and its books showed that it dealt in stocks to the extent of millions of dollars. One house account alone was short on one occasion to the amount of \$20,000,000.

Such was the volume of "big business" which resulted finally in the collapse of this gigantic brokerage business and the indictment Thursday of Emil W. Wagner, directing head of the firm; Frank W. Donaldson, manager of the Chicago office; Charles A. Johnson, resident New York manager, and Ernest Tietjens, the firm's chief financial adviser.

The company's books revealed that persons in all parts of the country lost huge sums of money when the firm collapsed.

# PLANS FOR FIRST UNIT TECH COLLEGE BUILDINGS SUBMITTED TO PRESIDENT BOARD; HORN ATTENDS CONFERENCE

Dr. P. W. Horn, president of the Texas Technological College, received a letter yesterday from Sanguinet, Staats & Hedrick, architects, who have charge of plans for the college, stating that a sketch of the buildings as they will appear when completed, had been turned over to Amos G. Carter, president of the board of regents and that Mr. Carter would send this sketch to all papers believed to be interested in the college.

It was stated in the letter that the pictures would be sent to the local papers. The Avalanche management expects to receive them at any time. Inasmuch as this paper has arranged for stereotypes to be furnished of all these buildings just as soon as the plans are completed by the architects and we will in all probability be able to carry the pictures in an issue of the near future.

The president's home and administration buildings will be erected first, and as plans for these have already been approved by the board the architects have turned their attention to the plans of the other five building units that will be constructed immediately after the completion of those mentioned above.

Two dormitory units, a power plant unit, agricultural building and a textile unit system and so arranged as to be enlarged without the necessity of tearing away any of the original structures, are included in the plans, and it is these units that are to be built as soon as the administration building and the president's residence are completed.

Dr. Horn will leave this morning for Austin to be in attendance at a state educational conference which is to be held Friday and Saturday. He will preside at the Friday morning session of the conference, which is called for consideration of the state school survey. He is a member of the State School Survey Commission.

## MASONS WILL MEET AT FORT WORTH 25TH APRIL

Special to the Avalanche  
FORT WORTH, April 3.—Potentate Frank Taylor of Moslah Temple announces that the big spring ceremonial will be held in Fort Worth, Friday, April 25, and will be a day of fun and festivity for the nobility. The fun will start with the arrival of the early trains and will end with the biggest dance ever held. The usual street parade will be held before the ceremonial, the street parade being in charge of Marshal A. R. Barton, who announces there will be plenty of fun in the street parade.

Candidates for the Shrine ring, which is awarded to the most popular novice in the class at each ceremonial, are being announced and it now seems there will be the largest number who ever made the race for the ring.

Plans are well under way for Moslah Temple's special train to attend the Imperial council sessions which will be held in Kansas City in June. Moslah Temple's famous 60-piece band, 24-piece drum corps and a marching club of 50 chanters will go to make up the train from Fort Worth, with the other nobles and their wives who are fast taking up all the balance of the space on the train. Space on the train can be had by writing Morgan H. Jones, recorder, Fort Worth. The train will be the latest all-steel Pullman equipment, with all the comforts known in the famous limited in the United States and will leave Fort Worth over the Rock Island, the afternoon of June 2.

## MEXICO BRANCH OF ORIENT RAILROAD OPENED

EL PASO, April 3.—The Kansas City, Mexico and Orient railroad closed since 1913 between San Sostenes and Salomira, Chihuahua has been reopened.

The occasion was celebrated with appropriate ceremonies by state officials.

A special train was operated from Chihuahua City by Juan F. Trevino, head of the company's interests in Mexico.

## BIG SPRING BUILDERS WERE HERE WEDNESDAY

J. M. Morgan and P. K. Williams, contractors, of Big Spring were in Lubbock Wednesday on business.

They were recently awarded the contract to construct a school building at O'Donnell and will begin work there in the near future.

## RELICS OF INDIANS FROM OCHILTREE COUNTY

CANYON, Texas, April 3.—Sam Handley, a citizen of the Alfalfa community in Ochiltree county, Texas, has recently sent to the Panhandle-Plains Historical Society an interesting collection of relics that were found in an Indian grave in his home county.

The collection includes two Spanish bridle bits, a number of white Caddo Indian beads, a number of hide scrapers, arrowheads, and a rifle barrel. Some of the beads in the collection were made by perforating and polishing tiny shells. Others are cheap beads such as were used by traders. The collection was discovered on a trip it with a large number of other relics in possession of the Society.

## TEAPOT RANKS WITH STOCKING AS SAVINGS BANK

The tea pot takes its place in front rank with the silk stocking as the first national bank.

Belated recognition of this fact is made in "Loyal Lives," a Whitman Bennett production distributed by Vitagraph, which will be seen at the Lyric Theatre on Friday.

The tea pot serves in the picture as the family bank and becomes the innocent cause of getting the entire family under the cloud of suspicion in a series of stirring mysterious mail robberies.

The use of the tea pot in "Loyal Lives" was at the order of Charles Giblyn, director, who maintains that the tea pot is as frequently used as a monetary receptacle as the "first national bank."

Giblyn's use of the tea pot in this particular scene stirred a considerable discussion among others at the filming of the photoplay on queer hiding places for money.

"The most unusual hiding place for money I ever heard of was at Winstead, Conn., where an old farmer employed a deserted robin's nest as his bank," William Collier is starring in a juvenile role related.

Dr. Ferguson, Dentist, Conley Bldg. knows how to cure Pyorrhea 29780r

## SCHEDULE OF TEACHERS' EXAMINATIONS APRIL 4-5

E. Hood, Supt., Estacado, in charge.

Friday forenoon: Spelling, physiology, music, elementary composition, higher English composition, physical geography, botany, English literature, solid geometry, methods of teaching applied to the elementary branches, and geology.

Friday afternoon: Texas history, elementary grammar, descriptive geography, plane geometry, American literature, bookkeeping, English history, biology, advanced grammar and child study.

Saturday forenoon: Arithmetic, writing, methods and management, reading, civics, modern history, psychology, chemistry, history of education, and zoology.

Saturday afternoon: United States history, agriculture, drawing, ancient history, algebra, physics, plane trigonometry, school administration, economics and school law.

Future examinations will be held on the first Friday and Saturday of the following months: June, July, August, September and December.

New certificates can be had by successfully passing the examination or by building to your old certificate, provided you abided by the rulings of the recent certificate laws.

Applicants should be present at 9 a. m. and 1 p. m. each day, if a desired subject comes in that period.

W. M. PEVEHOUSE,  
County Supt.

## INJURED WHILE TAKING FLOWERS TO SICK SISTER

DALLAS, Texas, April 3.—Mr. and Mrs. T. A. Singer and their 2-year-old son, left a flower shop, burdened with sweet smelling blossoms to brighten the room of a sister-in-law confined in the Baylor Hospital.

They set out for the hospital and arrived in truly remarkable speed. They reached their destination in an ambulance. While crossing an intersection they were struck by a firetruck.

All will recover.

## FERGUSON SEED FARM MAY BE LOCATED AT LUBBOCK

The Ferguson Seed Farms, of Sherman, may be introduced to the people of the South Plains by the establishment of a farm here.

Mr. Ferguson, accompanied by Sam C. Johnston, who is associated with him in the seed business, were in Lubbock the first of the week, and though no definite action was taken toward planning to establish a farm here, they conferred with County Agent Eaton, Secretary Davis of the Chamber of Commerce, and Mr. Karper, of the Agricultural Experiment Farm and are now making an inspection of other places where they may decide to establish the farm, and will make their decision in the matter known in the near future.

## HAYNES BUILDING NICE HOME ON 14TH STREET

J. E. Haynes, of the Cicero Smith Lumber Company, is building one of the neatest six-room homes to be found on the South Plains, on his lots on 14th street, west of the Lubbock high school building.

Every modern convenience is being provided, and when completed, this home will lend greatly to the appearance of that section of the city.

## LONG SLEEVES TO BE REQUIRED AT DENTON

DENTON, April 3.—All girls attending the College of Industrial Arts here will be required in the future to wear long sleeves in school, according to an edict issued Wednesday by Miss Margaret Gleason, head of the Uniform Dress committee.

The scraping of elbows over desks is injurious to the appearance of the young ladies when evening frocks are donned, it was pointed out. Scarred and ink-stained arms are not desirable among the co-eds and unless drastic action is taken, it is feared that many of the hard working scholars will be marked for life.

Meanwhile, independent co-eds are standing on their rights, and declare that with the coming of spring it is more than ever necessary for them to keep cool and wear the most conventional dresses to class.

Elbow pads such as worn by football players have been introduced but their adoption has not been general.

"Marks such as received from constant and intense search for knowledge are nothing to be ashamed of," one of the protesting leaders stated.

"A hard won callous is something to be proud of, not hidden."

HOW, WHY, WHEN AND WHERE

B. F. Hutson, prominent resident of Idalou, and a prime mover in the development of that section of the county, has been very ill during the past several days but late reports were to the effect that noticeable improvement has been made in his condition. Mr. Hutson is a sufferer of erysipelas.

H. C. Rowley, of Slaton, was a visitor in Lubbock Thursday.

O. H. Brown, deputy sheriff of Young county, was here Thursday from his home at Newcastle, looking after interests of his office.

H. L. Willeford, former grocery man of Lubbock, and who recently bought an interest in Ainsworth's Meat Market, will leave in a few days for Abilene to join his wife, who is visiting her parents, Mr. and Mrs. H. R. Kendrick. From there Mr. and Mrs. Willeford will go to San Antonio where they will spend several weeks. This is the first vacation Mr. Willeford has had in several years and is a deserved one.

Mrs. Pepper, of this city, left Thursday for her former home in Rock Springs, where she will spend some time visiting.

J. B. Bryan, traveling man of Oklahoma, was in Lubbock Thursday looking after business interests.

T. R. Kirksey, of the Broadway community, spent the day in Lubbock Thursday looking after business.

A. R. Tarrents, business man of Meadow, spent Thursday looking after business matters in Lubbock.

M. R. Maddux, of the Brownfield section, was visiting and attending to business in Lubbock Thursday. He reports much progress in that part of the country.

Mr. and Mrs. M. S. Morton, of Snyder, spent Thursday in Lubbock visiting a granddaughter who is in a local sanitarium.

S. E. Berry, traveling man, selling gin machinery and supplies, who is making Lubbock headquarters, left Thursday for Durant, Okla.

his home city, where he will spend some time visiting with his family.

S. R. Neely, of Slaton, was in Lubbock Thursday, visiting and attending to business matters.

Mr. and Mrs. J. B. Harrell, who have been visiting a son and daughter in Bronte, for the past week, returned home Wednesday night. They report a fine time on their visit.

J. T. Wynn and J. E. Shelton, business men of Odell, spent the day, prospecting in Lubbock Thursday, leaving that afternoon for Brownfield and other points southwest, where they will spend some time before returning home.

Mr. and Mrs. DuVane, of Littlefield, spent Thursday in Lubbock visiting and attending to business matters.

C. E. Carlton, druggist of Idalou, was in Lubbock Thursday attending to business.

Mr. and Mrs. H. M. Anthony, prominent business people of Tahoka, spent Thursday in Lubbock. Mrs. Anthony is undergoing an operation for throat trouble.

W. P. Fullingim, business man of Lorenzo, was in Lubbock Thursday looking after business.

R. Angel, of Oklahoma City, traveling salesman, spent Thursday looking after business in Lubbock.

J. M. Fleming, of Seagraves, is here visiting at the home of W. E. Lowery at 801 8th street, where his daughter, O'Zella, is being cared for by local specialists. The daughter had been seriously ill for several weeks and was brought to Lubbock Sunday and is showing some noticeable improvement.

Herbert Lowery, assistant cashier of the Lubbock State Bank, was compelled to leave his work Thursday morning on account of illness.

The following patients were admitted to the Lubbock Sanitarium Tuesday and Wednesday: Mrs. H. O. Willenberg, Slaton; Mrs. J. S. Cope, Crosbyton; Joe Childers, Petersburg; Mrs. A. G. Whitworth, Snyder; Mrs. A. J. Rainwater, Lorenzo; Emma Pearl Kuykendall, Seminole; A. J. Beeson, Lubbock; Billie Dick-White 1104 Avenue U.

city; Lee Roy Graham, Snyder; Mrs. H. T. Jones, Nolan; and Chas. Hill of Lubbock.

Mr. and Mrs. J. L. Stuckert and daughter, Frances Ann, of Fort Worth, are guests in the home of Mr. and Mrs. George Mulkey, 2017 Main Street.

Mr. and Mrs. A. G. Ross, of Idalou, were in Lubbock Thursday.

Mr. Stanford of Waco, is spending some time visiting in Lubbock this week. He expects to leave in the near future for California to visit for a while.

Elmer Heard, of this city, has been appointed agent for the W. T. Raleigh Company for the eastern part of Lubbock county. Mr. Heard will begin the operation of his new business within a few days.

T. E. Fowler, of the Caldwell community, has just completed a new home for Ernest Snyder in Lubbock. Mr. Snyder has just recently moved to the city from Coldwell. Mr. Fowler returned to his home Thursday.

Mr. McClain of Crosbyton, was in Lubbock Thursday, looking after business interests.

L. M. Willingham and Son, C. A. of Cordell, Okla., with Miss Ella Willingham, a sister to Mrs. Austin J. Matthews of this city, spent Thursday visiting with Mr. and Mrs. Matthews. They left Friday morning for Post, where they will spend some time visiting with relatives in that city.

Mr. Baker, of Lamesa, spent Thursday in the city and looking after business.

Chester Henderson of Ropesville was transacting business in Lubbock, Thursday.

Mr. and Mrs. Arthur McCarty of Muleshoe, arrived in Lubbock Thursday to be at the bedside of

their aunt Mrs. Eubanks who underwent an operation in a local sanitarium Thursday.

Arthur Duggan of Littlefield visited and transacted business in Lubbock Thursday.

Mr. Williams of Sweetwater, passed through Lubbock Thursday in route to Brownfield where he will spend some time prospecting.

M. E. Autrey, of Oklahoma, passed through Lubbock Thursday in route to Brownfield, where he expects to be for an indefinite period.

Mr. Boyd, ranchman from Hookley county, spent Thursday attending to business in Lubbock. He was in Lubbock Thursday looking after business interests.

**LAMESA POULTRY COLONY REPAIRING DAMAGE OF WIND**

LAMESA, Texas, April 3.—The Lamesa Poultry Colony is very busy rebuilding their two colony houses that were blown down on last Friday during the high winds. Mr. Lackland, the manager says that he only lost about twenty-five of his best hens from the storm. The light wires connecting the incubator with the power house were broken and the current was off about eighteen hours. Mr. Lackland says that this lowering of the temperature will affect the percent of the hatch.

**TEXAS CITRUS SEASON SHOWS 100 CARS SHIPPED**

BROWNSVILLE, Texas, April 3.—Close of the valley citrus season disclosed that unfilled orders at the expiration of the year totaled approximately 100 car loads, it is announced.

If the fruit had been available, reports from Mission said, hundreds of cars of unfilled orders and prospective orders could have been filled.

**SCHOLASTIC CENSUS IS BEING COMPLETED AT LAMESA**

LAMESA, Texas, April 3.—W. E. Watson has just completed tabulating the scholastic census for the Lamesa Independent School District. He looked only a few students reaching the one thousand mark; however, the city schools have enrolled one thousand and ten students during the 1923-1924 session.

# BENNETT NEW COTTON

Lubbock, Texas, March 25, 1924.

The H. T. Kimbro Grain Company, Lubbock, Texas.

Gentlemen—I see your advertisement of the BENNETT NEW COTTON SEED. Please reserve me some seed.

In 1915, which was not a good cotton year, I planted 17 acres in BENNETT NEW COTTON, and gathered 12 bales, each weighing more than 500 pounds, while other varieties of cotton made one-third of a bale to the acre. I believe this is the best cotton for this country.

(Signed) S. S. RUSH.

Lubbock, Texas, March 20, 1924.

The H. T. Kimbro Grain Company, Lubbock, Texas.

Gentlemen—Please reserve me 50 bushels of the BENNETT NEW COTTON SEED. In 1913 I planted 65 acres of the BENNETT NEW COTTON. I had gathered only 20 bales when my crop was hit by a hail storm. It seemed useless to try to pick any more, but I gathered a total of 56 bales from the 65 acres. Yours truly,

(Signed) JOE HERZET.

## LUBBOCK HIGH TRACK MEN IN READINESS FOR OPENING CHAMPIONSHIP TOURNAMENT OF COUNTY AT SLATON

Following the win of the Lubbock high school track and field team in the inter-county invitational meet at Abernathy Wednesday, they are now in readiness for their trip to Slaton today, at which place will be held the county championship tournament. That is, it will be held with the proviso that elemental disturbances are not prohibitive.

The session at Slaton opens this morning for a two days session, with Class B track and field events, thus the local representatives of the club trail will not leave here until after the noon hour.

Competition in the Class B and rural schools attract much attention at the county meet than do Class A events, owing to the fact that there are so few schools in the county eligible for entrance to Class A. Slaton and Lubbock are the only two Class-A schools in the county. Competition is none the less keen, but fewer schools being entered naturally has a tendency to minimize the interest taken.

Coach Lowery announced last night that he has his men all in readiness, following hard drills through which they have been put for the past several days. Included in the number who will represent Lubbock high are: Christian, in the high and low hurdles, 100 yard dash, and high and broad jump; Hankins, in the 440, 880 and relay; Jackson, in the 100 yard dash, 220 dash, the shot and discus; Bowen and Pryor in the pole vault; E. Moore, in the 440, 880, and relay; T. Moore, in the discus, and broad jump; Corley, in the 880 yard run, broad jump and low hurdles; Denton, in the high and low hurdles; Mcarty, in the 100 and 220 dashes, and relay; Coleman and Ellison, in the mile run; Sawyer, in the 440 run; and Owens in the mile run.

**OFFICIAL WINNING TRACK MEET ANNOUNCED**

Special to the Avalanche.

**ABERNATHY, Texas, April 3.**—The Abernathy Inter-county Invitational Track and Field Meet was a very distinct success in every way, and was one of the hardest fought meets ever witnessed in this section. Four schools were entered in class A, four in class B, and two in rural division. Class A schools were: Amarillo, Tulla, Plainview and Lubbock. Class B schools were: Dickens, Ralls, Petersburg and Abernathy. In the rural division Lakeview and Center entered.

Silver loving cups were awarded to winners as follows: Class A, Lubbock; class B, Abernathy first in all class B divisions; class B, Ralls track and field division; rural schools Lakeview.

**Class A Track Events.**

Points won in class A events were: Lubbock 56 points; Amarillo, 55 1-2; Plainview, 54 1-2; Tulla, 15. Class B schools won as follows: Abernathy, 121; Ralls, 95 1-2; Petersburg, 61; Dickens, 29 1-2. Rural awards were: Lakeview, 103; Center, 45.

Separate events were awarded as follows: 100 yard dash, Amarillo; 1st and 4th; Lubbock 2nd and 3rd; 440 yard run, Amarillo, 1st and 4th; Lubbock 2nd; Plainview 3rd; Mile run Tulla 1st; Plainview 2nd, 3rd and 4th; 220 yard dash, Amarillo, 1st and 4th; Lubbock 2nd and 3rd; 120 yard high hurdle, Lubbock 1st; Amarillo 2nd and 3rd; Lubbock and plainview tied for 4th place; 880 yard run: Tulla 1st; Amarillo 2nd; Lubbock 3rd; Plainview 4th. Mile relay: Amarillo.

**Class A Field Events**

Discus throw: Lubbock, 1st, 2nd, 4th; Amarillo, 3rd. Shot-put: Lubbock 1st and 2nd; Amarillo 3rd; Tulla 4th. High jump: Amarillo 1st and 4th; Plainview 2nd; Tulla

3rd. Broad jump: Amarillo 1st; Lubbock 2nd; Plainview 3rd; Tulla 4th. In the pole vault, which was jumped at a very great disadvantage after dark, Lubbock and Amarillo tied for first place, and split points.

**Tennis.**

Plainview seemingly was the only one at the meet who came with any intention of winning tennis, and they early amassed a lead in points which easily gave them a win in this division. They took the event with 20 points, with Lubbock and Amarillo tying for second with 2 1-2 points each.

Owing to the fact that the meet has been postponed from time to time on account of the weather, visitors at the meet were not possibly what would have been here if things had gone off on schedule but it is estimated that 1500 people were present. An effort is being made of the meet a regular annual affair, and every school represented this time pledged themselves to return next year for a bigger and better meet. Abernathy is lining up solid behind the proposition, and initial plans are already under way for a meet of much wider scope next year.

**CANYON STUDENTS MAKE APPARATUS FOR MEET**

CANYON, April 3, 1924. Students of the Manual Training department of the West Texas state Teachers College have been kept busy the last few weeks making apparatus to be used during the interscholastic meet, which takes place here April 11 and 12. The hurdles which will be used have been constructed by the students in the department, and much work has been done in order to keep the expenses of the meet down to a minimum.

The fence around the athletic field has been repaired but the grandstand has not been reconstructed, as the state does not have sufficient funds to do this. Professor Robert Donald has had charge of the work done in the Manual Training Department and the Buffalo Park athletic fence has been repaired under the direction of W. E. Lockhart, District Director of the Interscholastic league.

**RALLS JACKRABBITS WIN AT ABERNATHY MEET**

Special to the Avalanche.

**RALLS, April 2.**—The Ralls High Jackrabbits won the class B track meet at the inter-county Invitational Meet given at Abernathy Tuesday taking ten first places, eight seconds and five thirds. Gee, of Ralls took the fifty in five 1-8. Keith ran the hundred in ten flat and the 220 in twenty-three. Travis flung the discus 104-3, and pushed the shot 43 feet, 9 inches. Ralls won the relay in 3:45. The tennis Singles went to Weatherly of the Jackrabbits 6-2, 6-3. Westberry and Watkins won the doubles 6-0, 6-0.

**INTEREST HEIGHTENS IN NATIONAL TOURNEY**

CHICAGO, Ill., April 3.—Playing a sensational game, the Panguitch, Utah, Basketball team defeated the Fargo, N. D., five Thursday 34-31 and advanced into the fourth round of the national interscholastic basketball tournament.

Cooper, of Panguitch made eight baskets.

The Windsor, Colo., team, defeated the Souix City, Ia., five 25-18.

In the consolation tournament, Rock Springs, Wyoming, beat Council Bluffs, Iowa, 27-22. Elgin, Ill., won from Jackson, Mich., 28-22. Warrenburg, Mo., beat Butte, Mont 46-11. Spokane, Wash., beat Superior, Wisconsin, 33-18.

The Simpson high school five of Birmingham, Ala., beat the Medford Oregon team 27-21. The Empor-

ia, Kansas five romped away with the Barber, Minn team 37 to 9.

When the time came Thursday night for the Homestead Pa., and Chattanooga, Tenn., game the Pennsylvanians failed to appear and the game was awarded to the southerners by default. Later officials said the Homestead team left Chicago Wednesday night having been defeated by the Dallas five during the days tourney.

Manchester, N. H., beat the Florence, Miss. team 28 to 19. Detroit beat El Reno, Okla., 27-23; Maitland, Mo., beat Charleston, S. C. 32 to 21.

**OKLAHOMA GIRLS WIN IN U. S. CHAMP. SERIES**

By United News.

**ROSELLE, N. J., April 3.**—In the first of a three-game series to decide the girls high school basketball championship of the United States, the girls' team won from Guthrie, Okla., champions of ten western states, defeated the Westfield, N. J. team, champions of New Jersey 33-22. The second game will be played Saturday and the final contest Monday.

**GIANTS TAKE LEAD IN SERIES BY WIN FRIDAY**

By United News.

**ATLANTA, April 3.**—The Giants took the lead in their series with the White Sox, by winning Thursday's game by a score of 10 to 7. This makes three victories to two for the Giants.

Harry Hooper, who has been a Sox hold out, joined the team Thursday but did not take part in the game.

**COMMISSIONER CLEARED ON MISAPPLICATION CHARGE**

By United News.

**BREHAM, Texas, April 3.**—Deliberating only a few minutes, the jury in the case of Dr. William Burres, county commissioner of the Brenham precinct, charged with misapplication of state funds, returned a verdict of not guilty.

Burres was represented by J. M. Mathis and H. E. Hahn, Houston attorneys and W. J. Embry, Brenham, District Attorney. R. W. Maxfield, of Giddings, was assisted by W. W. Searcy, of Brenham.

No case in years has created so much interest in Brenham as the Burres' trial and the court room was packed during the trial which has been going on more than a week.

A number of cases of a similar nature, against Burres have been postponed until the September term of the district court.

After the verdict, numerous spectators crowded about the defendant, shaking hands with him and congratulating him on his acquittal.

**TWO DEAD, ONE HURT IN AMONIA PLANT BLAST**

By United News.

**GROESBECK, Texas, April 3.**—Willie May Cook, negro, was instantly killed, Ed Bevil, white workman died a few hours later and P. L. Connor, owner of an ice plant may die as the result of the explosion of an ammonia plant here Wednesday.

The men were working in a cooling pit when the blast took place. All three were badly burned by the ammonia and crushed by falling pipes.

Bevil has lived in Groesbeck for many years and is survived by a son, Frank. Connor moved here from Oklahoma City three years ago. The negro lived here and was married.

**MAN'S CONSCIENCE FORCES CONFESSION OF CRIME**

By United News.

**KANSAS CITY, April 3.**—Nick Yarnovich, will "do" from ten to fifteen years in the state penitentiary because his conscience troubled him.

Eight years ago Nick killed Vinco Stricko of Kansas City. He was arrested but was not convicted.

A week ago he walked into police headquarters at Portland, Ore., admitted the murder and said he surrendered because "my conscience hurts me."

He pleaded guilty today when arraigned before Judge Fischer in Wyandotte county district court.

**JOHN HANEY ELECTED MAYOR AT RALLS, TEX.**

Special to the Avalanche.

**RALLS, April 2.**—In an election held here Tuesday John Haney was elected Mayor. I. D. Moore and J. M. DeBolt, commissioners all having held this office for the past two years.

**W. E. WEATHERFORD DIED HERE THURSDAY.**

W. E. Weatherford, age 53 years,

### DISPOSE OF THE AUDITORIUM (?)

The building that Lubbock has down here on the city block that is known to some people as the City Auditorium is not worthy of that name, and it is the cause of more grief than anything that has possibly ever been built. The Avalanche was possibly as much to blame for the auditorium as any other concern in the city, not that we put as much money into it as some others, but for the fact that we published many articles favoring the erection of a building that could be used for public gatherings, and for the public's use, but it was not contemplated that there would be a mere hull erected without a floor or means of heating in cold weather, but that is what we got besides a debt of several thousand dollars. Several of the churches contributed funds toward its building, and a number of other organizations subscribed but never paid. It was expected that the building could be used as a place to hold revival meetings, have the singing conventions and various public gatherings, but it developed that it was not practical for use in these instances, partly on account of the way it was constructed, and primarily on account of it not being comfortably heated or that it could not be used in winter time or late fall and early spring. This makes it practically useless for public gatherings, and it fell to the lot of the Chamber of Commerce to shoulder the responsibility of paying the balance due on the building which they voted to do when the other organizations agreed to donate their interest if they could be relieved of any further responsibility. It has been the source of annoyance ever since, no one getting any real satisfaction out of it, and many of the uses that it has been put to has been the object of severe criticism, and hence has not been satisfactory.

We are of the opinion that it would be a wise provision of the Chamber of Commerce to dispose of the building, that it might be put to better use. We suggest that it be torn down and turned over to the South Plains Fair Association, to be used as an automobile or implement building. It would come nearer being worth the money for that purpose than anything else that we can think of. A building for automobiles and implements is necessary on the fair grounds, and will have to be built, and as the Chamber of Commerce and the fair association is composed of the people in general, we are sure that there could be no real logical reason why this could not be done, and this would put the building to a good use.

### LUBBOCK HAS ON A TOWN ROW

The above line appeared in the paragraphs of the Amarillo Globe a few days ago, and is the greatest misrepresentation that could have been published. The Globe is certainly due the city of Lubbock an apology for this utterance. Lubbock has no row on at all. Her people are harmoniously working together for the betterment of the town, and any other statement is utterly without foundation, and can be openly and truthfully challenged. The Globe is a new paper in the Panhandle and probably is not acquainted with the spirit of Lubbock as well as it will be a little later on. Had the writer of that line know Lubbock's reputation when he penned those words, as well as he will after a few months experience with the hub of the plains, he would never have had the gall to put such a thing in print. Even if he heard it, he would have promptly denied it by saying that it is not the Lubbock spirit and it is not true.

Lubbock people do not row. They are as a unit for the development of the South Plains and for the upbuilding of the city of Lubbock. They are too busy building new buildings and business houses, school buildings and colleges to let anything come between them to break the splendid co-operation that has always existed in this city.

And then the Globe man must remember too that this is not a "town" this place has gone far beyond the classification of "town." We are in the city class, and building on city plans and specifications, everything that is being built. An Amarillo party said right out loud a few days ago, when looking over the Lubbock city schools that we had Amarillo skinned a dozen ways when it comes to school equipment. We could give the name of this party but as Amarillo is the home town, we will not make this part of the statement public property by publishing it. We would give the Globe this tip, that when the report comes to Amarillo that Lubbock has a row on, just ignore it for we assure you there will be nothing to it.

Lubbock is making more real progress than any other city on the plains, and her people come nearer standing as a unit for progress than any place we know of. They just simply are for Lubbock and every one is a full fledged booster in

thirty minutes after he arrives in the town. If perchance some guy drops off the train and begins to knock, he is just about as miserable as the drone is in a bee hive, and receives about the same treatment if he remains in the city. No, indeed, Lubbock has no town row, thank you!

### MEN'S DUTY TO THE BOYS.

Over 80 per cent of the criminals in this country are less than 25 years of age. A dozen years of investigation and experience have demonstrated that the vast majority of all these youthful offenders have committed crimes because they had bad associates and were not under the proper influences in the years when their boyhood was turning into manhood—between the ages of 12 and 18. This is the most important period in a boy's life. Then his ideals are acquired, his character formed. In those years every boy needs to be under the influence of the right kind of a man. He needs such a man's life to supply his ideals and such a man to become his hero. Every boy is a hero worshiper. The reason so many become criminals is they follow the wrong leaders. This condition is a challenge to the manhood of our community. What are we men doing? Boys are nightly on the streets looking for amusement, seeking adventure, yearning for companionship. Many of them have no fathers, and the parents of many others give little or no heed to the places their boys visit or the companions they choose. This is a practical thing. It can be done. It has been done in a small way and with wonderful results. Why should not we undertake it in a big way? We can lessen the crime in our midst by giving our attention to the youths. They need a real man's guiding hand and helpful example of a true man's life in forming their character. Lubbock can be made better and it can be made to remain better, but the men of today will have to mend their ways, and be the ideals worthy of the consideration of our boys.

The Rotary club is planning a week's boys program, beginning the last week in April and including part of the first week in May. It will be the aim of the Rotary club through its boys committee to make the program interesting, and cause every boy to look upon Rotarians everywhere as their friends which they should be and we believe are.

The clubs of this town should take a vital interest in the boys of the community, by seeing that they have the very best environments that can be furnished them, anywhere.

### ANOTHER GREAT DAY FOR LUBBOCK IS JUST OUT YONDER.

Lubbock's Great Day.—Plans for the construction of buildings for the million-dollar Texas College of Technology are going forward rapidly. It is planned to lay the cornerstone on July Fourth and Lubbock again will invite the whole West as country to be its guest.—The Earth, The Santa Fe Publication.

Yes, July Fourth will indeed be another big day—fact of the business, every day in the week is a full grown day in Lubbock. We had several extra large days last year. The first one being the days when the announcement was made that Lubbock had secured the Texas technological college. The next one followed soon, when the thousands were invited to come in and celebrate with us the location of the college in Lubbock, and they came in large numbers; we pulled off a feast here, the like of which had never been seen before, and was an eye opener, a record breaker, and a hunker knocker to the hordes that came. Hundreds of people saw Lubbock the first time. The coming event will also mean much to this city, and to the entire South Plains, as it will mean that the building for the great school will have been started, and that there is something on the program to really show that the State of Texas means business, and is on the job, and that within the time prescribed the throngs of young people from all over the United States will be coming to Lubbock to put the finishing touch on their education, and be ready to go out from this place to face the world, and take their place in the business circles, in the professional circles, and in the various walks of life. The next big day in connection with the Tech will be in the fall of 1925, when it is designated as the time for the opening of the school, and this will indeed be a date of real historical importance to the State of Texas and to Lubbock, and then a little further down the line will come the time when the first class will graduate from this institution, receive their degrees, and go forth polished for life's work. The Tech will bring many big days to Lubbock, and may the city reciprocate by bringing many great great days to the Texas Tech.

Ambassador Kellogg meant well when he defended the American people in his speech before the London Press Club, but the accounts indicate that he did it rather awkwardly, and it will be widely questioned whether he should have done it at all. It seems he assured England that graft in the United States is really not widespread, that crooks in the Cabinet are even rare, that it is not true that bootleggers call at every back doorstep, and that the great majority of us are virtuously enduring our thirst. Our Ambassadors to other countries might do well to avoid contributing to the gaiety of nations in a similar fashion.

There is no pressing need for our ambassadors to foreign courts to get up and solemnly assure their gaping hearers that Fall, Daugherty, Denby, Doheny et al. are not typical of the American people generally.

According to the heading of an Omaha dispatch, "Bryan hints Democrats can draft him if the party can not find any one else." After all these years Barkis is still willin'.

### MARKETS

## RAILS IN HEAVY DEMAND IN TRADING.

By WILL JOHNSON, (U. N. Financial Editor.)

NEW YORK, April 3.—With western railroad shares well to the fore, all classes of transportation stocks supplied the feature of Thursday's session of the stock market. Ralls were in heavy demand on pronounced activity and strength.

Industrials, on the other hand were for the most part irregular, oils and coppers proving exceptions and moving into higher ground on steady accumulations.

Supplying the background for the somewhat improved market tone were two outstanding factors:

1. News that Premier Poincare and the new French government had decided to hasten action on the report of the reparations committee without insisting on delay until after the German elections.

2. Increasing indications that congress is making a determined effort to speed up action on needed legislation.

This particular strength displayed by rails reflected the fact that while little attention in the recent past, record breaking traffic has considerably increased the dividend prospects of the leading roads.

Pacific issues were in chief demand throughout the day with Union Pacific, Southern Pacific, Great Northern, Northern Pacific and other western roads up 1 to more than 2 points each. Among the low priced, rails, Pittsburg and West Virginia was well-bought on talk of dividend inaugurations being revived shortly.

## SAN FRANCISCO AND VICINITY ROCKED BY SLIGHT EARTHQUAKE SHOCKS

By United News. SAN FRANCISCO, April 3.—Two earthquake shocks that the University of California seismograph section recorded as "very severe" shocked the Bay Cities at 4:11 p. m. Thursday.

Reports from all sections of San Francisco, Berkeley and Oakland, declared that the shock was general. No word of damage has been received.

At the University, it was declared that the shock probably originated as a single quake in central California, the data showing that the tremor was more severe toward the east.

Father Rickard, in charge of the station, declared that the center of the quake was so close that its distance was inestimable.

The greatest amplitude of the seismograph was 70 millimeters, he said. No damage has been reported.

## Felt in Monterey

MONTEREY, Calif., April 3.—A distinct earthquake shock was felt here at 3:58 p. m. Thursday afternoon.

In the chamber of commerce, the lock stopped and throughout the city windows rattled. No reports of damage have been received.

## Centered Near Berkeley

BERKELEY, Calif., April 3.—Seismograph records of the department of geology at the University of California showed that the earth quake which rocked the bay station Thursday afternoon had its center about 37 miles from the station, the direction being undetermined.

Vibrations began at 3:53 and continued until 4:03 p. m., the maximum motion being recorded at 3:57 p. m.

Farther MacElvain, director of the station, said that the shock was one of the most severe in recent years, being considerably above the average in intensity.

## 15 Injured in Italy

LONDON, April 3.—Fifteen persons were injured in an earthquake which followed an eruption of the volcano Stromboli, according to dispatches to the London Daily Express from Messina.

## WHITEHURST IS EXONORATED BY SENATE

OKLAHOMA CITY, Okla., April 3.—John A. Whitehurst, president of the state board of agriculture, was exonerated of charges of incompetency and moral turpitude by the senate court of impeachment late Thursday.

Thirty-nine senators entered into the voting and the closest vote was 20 to 19 opposing conviction. Twenty-six voters were necessary to convict.

Nine articles of impeachment were voted by the house after an investigation of Whitehurst's department and administration. Each count was voted upon separately Thursday. Whitehurst's trial started before the impeachment body on March 15.

Exoneration of Whitehurst brings to an end the legislative investigations program which has been under way in the state for the past six months. Ex-Governor J. C. Walton, was the first official to be impeached.

## LAMESA ECONOMIC TEACHER MAY GO TO OKLAHOMA

Social to the Avalanche. LAMESA, April 3.—The Home Economics Teacher of the City Schools of Lamesa, Miss Velma D. Porterfield, is being solicited for Home Demonstration Work in Oklahoma. This solicitation is coming as the result of Miss Porterfield's record as a C. L. A. Student and the work done as Supervisor of the schools of Lamesa.

## DISTRICT COURT CONVENE AT LAMESA MONDAY

LAMESA, April 3.—The District Court convened in Lamesa on Monday March 31st. Clark M. Mulligan, Judge. A very heavy docket is to be disposed of. On this docket are seventeen divorces cases.

## Huge Bond Issue Proposed

EL PASO, April 3.—A total bond issue of \$1,033,000 for municipal improvements and school purposes is proposed by the city of El Paso and will be placed before the voters on May 7.

You can pay a singer out \$3.00 per month, without interest. Balcory of Texas Furniture Company Singer Sewing Machine Company. Phone 97. 127-tf.

ARE YOU AFTER RESULTS? If so, list your property for sale, trade or rent with ROSS BERRY Real Estate and Rentals Room 2, Cotton Exchange Building 4-3

# TO-DAY IS THE BEST TIME TO PURCHASE THOSE NEW EASTER CLOTHES

## THE MOST JOYOUS DRESS-UP DAY OF ALL THE YEAR

All nature expresses joy in new life—new hopes—and new ambitions at Eastertime—and mankind's appreciation is greatest. # CAMPAIGN FUND DRAWS MUCH ATTENTION

Editor's Note: Following is the second of a series of dispatches dealing with question of regulation of campaign contributions which has been raised by the disclosures in the scandal investigation.

By RAYMOND CLAPPER  
(Copyright, 1924, By United Press)  
WASHINGTON, April 3.—The question of large campaign contributions hobbled in both the Teapot Dome and Daugherty hearings Wednesday, indicating the growing attention that is being given to this question as disclosed by the United News in a previous dispatch.

Before the Teapot Dome committee, George White, who was chairman of the democratic national committee in the 1920 campaign testified that E. L. Doherty had contributed \$34,000 to the democratic chest. Doherty recently told the committee that he gave the democrats \$75,000 and the republicans \$25,000 but White said Doherty would have to explain the difference in the figures. He said he recalled no contribution from Harry F. Sinclair, although the latter recently told the committee he contributed to both party funds.

Senators interested in legislation to control and make public all contributions said the difficulty in determining just how much the two chief beneficiaries of the oil lease gave to the party campaign funds only illustrates the need of close supervision.

Meanwhile the Daugherty investigating committee got into the same question when Captain H. I. Scife, testifying concerning the alleged aircraft scandal, declared that Thomas L. Chadbourne, counsel for the Wright Martin Aircraft company was a large contributor to the democratic party.

"I have found that when men made large campaign contributions the government usually suffered," Scife said.

That is a system that has grown up and should be eradicated, Senator Jones Washington, republican declared.

Campaign expenses have grown steadily in recent years. The listed expenses of the 1920 election campaign for both parties is \$7,000,000 and this figure does not include many items such as money spent by quasi-political organizations in behalf of various candidates, and sums spent by individ-

ual candidates before the national conventions.

Some \$3,000,000 more was spent by the presidential aspirants in their pre-convention campaigns for the nominations, in addition to the primary expenditures of senatorial congressional and state and local candidates.

Here are the reported expenses of the leading presidential candidates in 1920:

"Republican candidates"—Nichols Murray Butler \$40,550; Calvin Coolidge, \$68,375; Warren G. Harding \$113,103; Herbert Hoover \$173,543; Hiram Johnson \$194,393; Frank O. Lowden, \$414,984; Miles Poindexter \$77,150; Leonard Wood \$1,773,303.

"Democratic candidates"—James M. Cox, \$22,000; Edward L. Edwards \$12,900; James W. Gerard \$14,040; William C. McAdoo, none; A. Mitchell Palmer \$59,610.

In the list of contributors in the Harding pre-convention fund appear the names of many who have been mentioned in the recent scandal investigations including Harry M. Daugherty, Jesse Smith, James G. Darden and R. B. Creager, national committeeman from Texas whose alleged influence in preventing a possible postoffice investigation of his alleged land deals is now being investigated.

The conditions revealed by the scandal investigations have made a profound impression with regard to the question of campaign contributions. The proposal Tuesday of W. J. Bryan to tax voters 10 per cent per head to finance all election expenses from the federal treasury represents an ideal which Theodore Roosevelt held up. These and other legislative proposals and the difficulties in the way of their successful operation will be discussed in a future dispatch.

### SERIES OF MEETINGS OPENS HERE SUNDAY

A series of gospel meetings begin Sunday night April the 6th in the new stucco church on the corner of Ave. H. and 15th St. Evangelist J. E. Brown a returned missionary from Brazil will speak on the subject "Will the Old Book Stand?" He promises the Bible critics a sound answer to their unreasonable objections to the belief in the inspiration of the scriptures.

The meetings will continue every night beginning at 7:45. On Monday night he will speak on his missionary experience in South America. Many interesting curios will be shown, and the habits and customs of the Brazilian people will be explained by one who has eaten in their homes and slept in their beds for nine years.

Every night you will be received courteously and fed on the old time religion. No death bed theories, no evolutionary theories, no fake mind cures, no politics, but the old time religion of repentance toward God and faith in Jesus Christ.

### DAVIS REPLACED AS RECLAMATION COMMISSIONER BY CALIFORNIAN

By United News  
WASHINGTON, April 3.—Dr. Elwood Mead, of California, has been made commissioner of reclamation of the interior department, succeeding D. W. Davis, of Idaho, who will become head of the division of finance in the reclamation service.

Recent appointment of Davis as commissioner after the ousting of his predecessor Arthur Powell Davis caused widespread criticism among the engineering profession, it being claimed that a trained engineer of long experience had been fired to make way for political appointee. Secretary Work defended the appointment of David W. Davis saying that he wanted a business man instead of an engineer at the head of the reclamation service.

The announcement that Mead had been made commissioner was the first announcement that Davis had resigned as commissioner. Dr. Mead is associated with the University of California and is an engineer of international reputation.

### WALTER E. TAYLOR BUILDING DUPLEX

Walter E. Taylor, pioneer builder and architect, declared Thursday that the time has come when the people of Lubbock interested in building homes or business houses must consider only the very best material and arrangement, and has signified his faith in this opinion by awarding the contract for a \$7,000 brick duplex to be built on his lots at the corner of Main street and Avenue U, facing the street. The duplex will be of brick with all modern conveniences for each apartment, and the fixtures and heating equipment for the two apartments will be just as foreign

as if they were placed in separate buildings.

The arrangements will be identical but will be separated with a partition which will be run through the center of the building. The basement will be built in two compartments and the coal supplies and furnaces for the two apartments will be as foreign to one another as are the other fixtures.

The building will be 33 by 63 feet over all, and when completed, will probably be the most conveniently arranged duplex in the city. One half of the material that will be used in this structure has already been placed on the building site and work will be rushed until the building has been completed.

PLANT A TREE!

Appointment and promotion of teachers in New Zealand are based on a Dominion graded list of teachers, the best qualified individual securing appointment in any part of the Dominion irrespective of the district in which he or she was previously employed.

Only 1,618 hours were lost on account of illness by the 7,000 students of Ohio State University during the month of January, 1924. The activities of the student health service in forestalling preventable disease is credited with much of the improvement over past years.

# POINCARÉ SAYS FRANCE WILL HOLD RUHR

By United News.  
PARIS, April 3.—On the eve of the presentation of the report of the expert's committee, Premier Poincaré has flatly announced that France will not abandon the Ruhr, irrespective of what may be the advice of the experts.

"We shall retain the Ruhr and exercise control there," Poincaré said, adding that the occupying forces would be withdrawn only when Germany paid.

The Premier made the declaration to the chamber in a speech broken by opposition attacks and disorders.

In addition to voicing determination to hold the Ruhr, Poincaré made it plain that France intended to maintain a firm attitude on the entire reparations questions.

Referring to the resurgence of imperialism in Germany, he declared that when the time arrives when the experts' conclusions are known the will of the allies must be affirmed perseveringly, he added. "In any case, France will not be lacking."

The statement brought forth tremendous applause from the chamber.

Poincaré's plans for keeping Germany in line may have been suggested in his comment on British fears regarding France's attitude on the Rhine.

"I have never asked for a permanent occupation of the left bank of the Rhine," Poincaré said. "But the pact promised by England and the United States has not been realized and therefore the problem (of security) has arisen again. England does not appear disposed to sign agreements similar to those previously linking France and England. Therefore, France must seek other guarantees."

Opposition outbursts featured the day in the chamber. The excitement started in what was probably the first strike in history on the part of a premier. Deputy Lacotte was attacking Poincaré on his change of political front by taking adversaries into his cabinet when the premier ostensibly arose and left the chamber. Lacotte refused to continue his speech unless Poincaré was present. He stood silent a number of minutes while the chamber roared with laughter.

When it became evident that Poincaré did not intend to return, the deputy resumed his address.

Later, the chamber was temporarily suspended due to an angry scene when a communist member said something which War Minister Maginot considered insulting.

**ASYLUM INMATES FACING STARVATION, REPORTS SAY**  
By United News.  
HOUSTON, Texas, April 3.—Six hundred inmates of a lunatic asylum on Donegal Island, near Belfast, Ireland, are without food and facing starvation, as a result of a strike of the employees, according to a message picked up by the Iris Theatre Radio here late Wednesday. The message states that the strike has been going on for 36 hours.

## MAXWELL CLUB SEDAN IS PHENOMENAL SUCCESS

Within six months from the date of its announcement, the phenomenal success of the Maxwell club sedan has made it the largest selling Maxwell model ever produced. Day after day the company's plants in Detroit, Dayton, Newcastle, Indiana, and Windsor, Ont., are turning out approximately 150 cars of this type alone.

"The club sedan is a full five-passenger enclosed car, providing features not found in other cars of the so-called utility type," says J. E. Fields, general sales manager of the Maxwell Motor Corporation.

"The club sedan is a full five-passenger enclosed car, providing features not found in other cars of the so-called utility type," says J. E. Fields, general sales manager of the Maxwell Motor Corporation.

"The club sedan is a full five-passenger enclosed car, providing features not found in other cars of the so-called utility type," says J. E. Fields, general sales manager of the Maxwell Motor Corporation.

## LUBBOCK AUTO BOYS ENJOY BANQUET

All employees and the management of the Lubbock Auto Company were present at a banquet at the Palace of Eats Wednesday evening which was given by George E. Benson, celebrating the fact that more than one hundred Fords had been sold during the month of March.

B. Stubblefield, Julian York, Cap Moore, Harry Laughlin, Harry Moore, Adolphus (Pete) Caldwell, Joe Wyche, George E. Benson, Pete Brown, Bill Duncan, Emmett Porter, Cyril Wheelock, Sam C. Arnett, Jr., Less Thaxton and E. P. (Detroit) Williamson, were those who enjoyed the well arranged banquet, and all the salesmen are interested in putting over another 100 sales this month in order that another such occasion might be enjoyed during the first days of May. The fact that turkey and all the trimmings was served was accountable for the absence of Bill Dumas from his regular place at the garage the following morning.

It was reported by the fellow whose plate was next to that of B. Stubblefield that he didn't have a bit of fun after the plates were removed as it was at this point that all the other fellows took on the cigars. This same fellow reported, however, that Stubblefield

**COTTONSEED MEAL and HULLS**

There is no question but that cottonseed meal grows in popularity as its intrinsic value becomes known. There is no foodstuff known that will place the same amount of fat on cattle within so short a time as cottonseed meal combined with cottonseed hulls, and this fact is recognized wherever this feed is used. When fed to dairy cows, its use increases the quantity of milk, improves the color, and the cream therefrom makes richer and better butter.

## BARRIER BROTHERS STORE EASTER WINDOW IS ATTRACTIVE

Barrier Brothers store is believed to be the first to feature the Easter period with an elaborate display, and one passing that store cannot help but notice the artistic arrangement in which eighty seven electric lights are used to a good advantage.

The sign is the cross emblem, with the green and white lights shining from a white background. It was made with most exacting care and represents a number of hours of tedious work.

This store has become the big enterprise it is through such efforts on the part of the management as are represented in this elaborate display. L. Earl Hunt, who designed and made the sign, is a great asset to that business.

## FIELD MAN FROM BUCKNERS ORPHAN HOME AT IDALOU

Dr. R. C. Pender, field secretary for Buckner Orphans' Home, will speak at Idalou, Sunday, April 6th. He will speak in the public auditorium at three o'clock in the afternoon on his European trip, and again at eight o'clock in the evening at the Baptist church house. Dr. Pender is well known and much loved. He vibrates with love for humanity and his speeches are always interesting.

Come and be with us.  
REV. H. H. SUMMER,  
Baptist Pastor at Idalou.

## Widow Fills Sheriff's Place

BRYAN, April 3.—Mrs. L. E. Morehead widow of Sheriff Morehead, who was slain Saturday night at the Steep Hollow School House near here, Tuesday was appointed to fill out her husband's unexpired term at a special meeting of the Brazos county commissioners.

## TYLER VOTES SUNDAY BASEBALL

TYLER, Texas, April 3.—Sunday baseball won in the Tyler municipal election by a majority of 289, complete returns Wednesday show.

ed. Every ward in the city was in favor of permitting the national game to be played on the Sabbath. The balloting was the heaviest in the city's history.

## ELK LODGE HOLDS INSTALLATION MEETING

At a regular meeting of the B. P. O. E. lodge here Tuesday night, the installation of the following officers who were elected at a meeting several weeks ago was attended:

W. A. Myrick, Jr., Ex. Ruler; W. T. Raybon, Est. Ldg. Kn.; H. R. Fluke, Est. Lo.; Louie F. Moore, Est. Let. Kn.; E. B. Porter, secretary; J. V. Spikes, treasurer; W. B. Powell, three year trustee and B. C. Dickinson, representative to grand lodge.

J. Neal Goggin and E. W. Cowan, both of Lubbock, were initiated. Lamesa is now in the stage of organizing an Elk's Lodge. The population of any town before it can have an organization of this kind must have at least 5,000 population. G. Ward Moody of Lamesa was a visitor in Elk's Lodge last night, in the interest of the organization of the Lamesa lodge. Lubbock Lodge No. 1348, has about 35 or 40 members living at Lamesa. Lubbock Lodge of B. P. O. E. is heartily in favor of the Lamesa Lodge being organized, and has offered to assist the boys in every way possible—the most hearty cooperation is being offered. Present plans are that Lubbock B. P. O. E. will send about 150 members to Lamesa Wednesday, April 16th to organize the lodge there, approximately 40 candidates will be given the degrees that night under the auspices of Lubbock Lodge 1348.

### NEW CAFE TO OPEN ON BROADWAY SOON

Harvey Hicks stated Wednesday evening that the Texas Cafe, which he will locate in the J. H. Bryan building on west Broadway will be opened for business about Saturday, April 12.

The very latest kitchen equipment will be installed and all fixtures for the dining room and lunch counters will be of vitrolite.

The first French drip coffee urn to be installed in a cafe on the Plains will be a feature of the equipment for the Texas Cafe Mr. Hicks declared. While the Elk Cafe will be continued under Mr. Hicks' management the new cafe will demand much of his time and a large corps of helpers, cooks, waiters, etc., will be employed for the new place.

DOMESTIC SCIENCE NOTES

On Wednesday, March 26, Miss Burton, who is head of the Home Economics Department at Canyon Normal College, visited the home Economics Department at this place. Miss Burton is helping Dr. Works in his study of the schools of Texas.

Miss Price and her design and clothing girls visited the homes of Mrs. Dr. Stewart and Mr. Elwood Friday March 28. The girls who are studying interior-decoration of the home, enjoyed very much the beauty and artistic arrangement of the homes visited.

The clothing girls are working hard on their middy suits, which are to be completed by the end of this week. Most of the middy suits are very pretty and the girls are turning out very nice work.

The physiology department is taking up a patent medicine and adulteration of foods project.

The Foods classes have taken up the study of luncheons. This week the girls are cooking dishes especially adapted to the luncheons and most of the products are very nice.

WEEKS IS CALLED BEFORE PROBERS

he has taken a good deal of pride in them. Lane's testimony about part of which Weeks will be quizzed is here set forth.

1. That he had investigated the Lincoln Motors case and recommended a refund of \$8,000,000 to the government. The department of justice settled for \$1,500,000. He said the government paid the company a million dollars for the privilege of cancelling the contract which had been done in no other case.

2. Believing that the Standard Aircraft company, which received \$3,400,000 from the government, was greatly overpaid, he recommended suit for \$2,200,000, after offsetting the claim, which was never done. He said both "great and deliberate" had been collected from the government on the same property in this case. This case was recently sent to the department of justice for action on the same day that Gaston B. Means former agent of the department of justice, testified that he had received and turned over to Jesse Smith \$100,000 which he collected from a Japanese representative of the concern.

3. He said that the Bosch Magneto company had received \$450,000 when "not five cents worth of goods had been delivered to the government."

The Bosch Magneto company was sold for \$4,150,000 by the Alien Property Custodian despite a value of \$12,000,000 being shown by his examination. This case, he said went to the department of justice in January, 1922, and he has never heard of any action. The sale of Bosch securities was made by the firm of Hornblower and Weeks but before Weeks became secretary of war, though the case was sent to the department of justice after Weeks had taken office.

Volandi said that the war department was rushing the cases all the time. In reference to the Standard Aircraft case, just recently sent over to the department of justice Wheeler said: "You wanted to rush this case over before the testimony came out, to show the dilatory tactics you and the rest of them at the war department have been pursuing to protect these matters."

NEWSBOYS WERE BANQUETTED BY ELKS

Members of the Lubbock Elks lodge were hosts to more than 30 news and Western Union boys at a banquet that was given at the Palace of Eats cafe last evening at seven o'clock.

Byron C. Dickinson acted as chairman of the day, and at the very outset assured the boys that the Elks were entertaining them with the view of impressing them with the fact that each of them had many friends in Lubbock, and that every member of the Elks lodge stands ready at all times to help them in any of the problems with which they might be confronted.

After the boys had spent some minutes consuming a wholesome turkey feast and had enjoyed liberal amounts of fruits that was passed to them by their brothers, a salesmanship contest was conducted. Curtis Keen acted as supervisor of this feature of the

entertainment, and gave each boy present an opportunity to demonstrate his sales ability, and a \$2 cash prize was offered to the boy who put up the best spiel in offering the papers for sale. After the contest had closed and much enthusiasm had been displayed by the young salesmen, the judges awarded the prize to Andy Reece and Astor Alston, giving each of them a dollar. This feature of the program was enjoyed by everyone present and a remarkable showing was made by all the boys.

The program was concluded by a friendly address to the boys by Elk Frank White, a big-hearted, friendly to boys who, in well chosen words, admonished the youngsters to conduct themselves in a manner that would reflect credit upon themselves and the community in which they live. This talk was well received and will have far reaching effects on all the boys.

The following boys were present: W. C. Mathis, Jr., Otis Taylor, Jr., Mansel Hall, W. T. McQuery, Cap Parkinson, the hot-shot team composed of Emmett Vick and Red Haddock, Astor Alston, Aaron Alston, Delbert Owens, Herman Gilbert, John Lancaster, Hubert Norris, Otis Connell, Joe Lilly, Carl Garton, Marvin Williams, Bert Hutson, Andy Reece, Curtis and John D. Steele, Wilbur Flannigan, John Lilly, Chester Steele and others.

TWO-ARRESTED ON CHARGE FRAUDULENT TICKET SALE

JUAREZ, Mex., April 3.—(Path) tickets were going at a price of \$4.00 and \$6.00, and 280 persons had been fleeced by confidence men, before the Mexican authorities arrested Louis M. Oeugera, and an immigration inspector in connection with the sale of the tickets.

It is alleged that the cards were sold to the emigrants under promise that they would not be required to pass through the bar rooms at the United States immigration station. Laborers in a hurry of entry and were willing to pay to one of the most tedious processes of entry and were willing to pay to avoid it.

FREAK GALE DRIES RIVER BED CAUSING MANY SHIPS TO GROUND

BUENOS AIRES, April 3.—One vessel aground and another is in distress off the Argentine coast as the result of a freak gale which swept the waters of the River Platt out to sea and left many small craft stranded along dry banks.

The Italian steamer Monte Pasubio was reported aground off Necochea and S.O.S. signals were picked up from the Argentine steamer. A few wharves along the Buenos Aires water front collapsed during the blow.

The wind is now receding, and it is expected that the stranded vessels will be refloated successfully.

GALVESTON HAS CINCH FOR '25 CONVENTION

WICHITA FALLS, April 3.—Galveston was certain of selection as 1925 convention city of Texas Rotary Clubs.

At today's session of the state convention, delegations from Austin, and Amarillo withdrew from the race, leaving Galveston the only town bidding for the meet.

Selection will be made tomorrow. Registration figures of the convention today showed that over a thousand Rotarians and "Rotary Anns" are attending the meeting. Lester Daley, of Paris, Texas, district governor, addressed the meeting Thursday declaring the average attendance of the clubs in this district was over 80 per cent during his administration. Daley urged adoption of a budget system for all clubs.

In the social phase of the convention, Walter Walhall, San Antonio, won the Rotary golf tournament with a net score of 75. He was presented with a medal and silver loving cup.

T. C. McLendon, Corsicana, won the flag-tourney cup. S. J. Bailey, Quanah, was the only delegate to qualify for the "Hole-in-one club." The tournament drew 75 entries.

WIFE OF MISSING PAYMASTER FINDS PART OF MISSING FUND

SAN DIEGO, Cal., April 3.—Prompted by a great love for her husband and the desire to save his honor as an officer of the United States Navy, Mrs. Ervine Brown, wife of the naval paymaster who is said to have confessed to leaving his ship with \$120,000 Thursday turned over to naval officers a suit case containing \$75,000 of the missing funds.

Mrs. Brown met her husband in Los Angeles, she said, and learned from him that because he was \$12,000 short in his accounts, with no way to make it up, he had taken a great deal more with the intention of disappearing from the

MRS. L. C. RICHARDS TO BE BURIED IN OKLA

Mrs. L. C. Richards died at her home near Brownfield Wednesday. The remains were prepared for burial and shipped to Chickasha, Oklahoma, by the Simmons Company.

The deceased was a former resident of Chickasha. Attack on the Oregon law requiring attendance at public schools has been made in the form of an application for injunction brought by Hill Military Academy, of Portland, against Oregon State officers to prevent them from executing the law. The application was argued in the Federal court at Port-

land, and decision was taken under advisement. The law is scheduled to become effective September 1, 1926.

Every Step Displays Your Footwear

THERE never was a time when footwear was a more essential item of correct apparel than now. We had this fact in mind when we selected our beautiful Spring styles.

Women who demand supreme style will be highly pleased with our perfect fitting pumps and oxfords.

Come in and learn what is correct in Spring footwear.
