SPENCER HEADS LUMBERMEN FOR COMING YEAR

BEAUMONT IS CHOSEN AS MEETING PLACE FOR '25 CONVENTION

By United News. EL PASO, April 9.—Thomas Spencer, of Houston, was chosen president of the retail lumber dealers association Wednesday afternoon to succeed A. B. Mayhew, of Uvalde. Beaumont was chosen as the 1925 place of meeting, the only contestant being Austin.

There was little joking for the presidency of the organization this being left wholly in the hands of the nominating committee, composed of J. M. Rockwell, Houston; G. W. Gailbraith, Amarillo; and Robert Lander, El Paso.

BOOTLEGGER AND BOOZE TAKEN IN RAID

L. A. Moore, former owner of a local cafe, was arrested here Tuesday night on a liquor charge and a gallon of whiskey which was in his possession, was seized by the officers.

He was unable to make bond and is now in the Lubbock county jail. Moore was arrested by Policemen Wade Hardy and John Leonard after they had been on his trail for three weeks.

His residence and a rooming house where he spent a part of his time were raided by the officers Tuesday night, but no arrests were made. A half gallon of liquor was seized at his residence.

When the officers raided the rooming house one of the men who was in bed when they entered the house leaped from a window, wearing only his night clothes and no shoes.

PLANT A TREE!

RULING GRANTS BONUS FROM TWO STATES

By United News. TOPEKA, Kans., April 9.—A ruling which may have a far-reaching effect in Kansas and Missouri was handed down by the supreme court here Wednesday when it upheld the right of Dr. Eliasha Hamilton, of Baxter Springs, to be granted a bonus from two states.

Hamilton applied for a bonus in each state and his plea was ruled upon favorably by Judge F. W. Ross, of the Cherokee county district court.

The soldier bonus board appealed the case to the Kansas supreme court. Dr. Hamilton was a citizen of Missouri at the time he enlisted and later moved to Kansas. It was while living in Kansas that he was called into service.

WILL RID GOVT. OF GRAFTERS SAYS M'ADOO

By United News. AMARILLO, Texas, April 9.—If you will send me to Washington I'll run the grafters out and put them in jail," declared Wm. G. McAdoo here Wednesday.

The former cabinet officer and candidate for the democratic nomination for president arrived here at 6 o'clock and was immediately taken to the municipal auditorium where eight thousand people were awaiting him.

McAdoo recalled the attitude of Woodrow Wilson on Teapot Dome, and that other naval reserves and added, that every member of his cabinet agreed that they should be preserved for the use of the people.

Capital and labor were discussed from a business standpoint. The candidate stressed honesty in government.

Twenty-eight delegations were here to meet McAdoo. He left for Oklahoma City at 7:45 p. m.

Endorsed by Big Four. AMARILLO, Texas, April 9.—The big four brotherhoods in conference here Wednesday endorsed W. G. McAdoo for president. They heard him speak after passing the resolution.

The Order of Railway Conductors passed a resolution declaring the nomination of Oscar W. Underwood would be a misfortune and went on record as being against an unqualified delegation at the national convention.

Exposition Plans Made. EL PASO, Texas, April 9.—Preparations are being made for El Paso's international and south-western exposition, September 18-28. W. J. Wile, manager will make a tour of the southwest in a few days to interest exhibitors.

Adoption of Dawes Reparation Plan Would Benefit World and Especially The U. S., Government Officials Claim

By United News. WASHINGTON, April 9.—Benefits to the whole world and to the United States in particular, will accrue from adoption of the Dawes reparations plan, in the opinion of government officials and others here who have studied the plan.

Officials were reluctant to comment officially on the plan but privately they said its features seemed excellent and that adoption of it should bring about stabilization of conditions in Europe with resultant benefits to the whole world.

Chief interest here is in the reaction of the banking world which will be called upon to float a huge German loan if the Dawes plan is adopted.

Such a loan would be a private affair so far as American bankers are concerned but they would not undertake it without the approval of the state department.

Because this government had no official part in drafting the plan, state department officials hesitated to make formal comment.

It is not a government arrangement, however, and we cannot expect governmental approval of it," Secretary of Commerce Hoover, speaking unofficially from his private office, expressed the view that the United States would benefit along with Europe through such a settlement as is now proposed.

The greatest single barrier to economic recuperation of the world has been the unsettlement of German reparations that have flowed from it in unemployment, continued great armaments, disturbance to world affairs, instability of exchanges—all in a multitude of directions," Hoover said.

Such a loan would be a private affair so far as American bankers are concerned but they would not undertake it without the approval of the state department.

REPORT CLEAR IN DETAIL AND PROVIDES THAT BOTH GERMANY AND FRANCE HAVE FAIR PLAY

By United News. PARIS, April 9.—In a bold, businesslike stroke whose impact will penetrate the whole structure of European economics, the committee of experts headed by Gen. Chas. G. Dawes has concluded a series of recommendations which provides settlement of the entire reparations issue and contemplates the resumption of European relations on a basis of peace and industry.

The Dawes report, presented to the reparations commission at 10 o'clock Wednesday morning is in reality a project for virtual revision of all the financial provisions in the treaty of Versailles. It is notable for its clearness, its disregard of purely political factors and its determination that both France and Germany shall have fair play.

The principal recommendations of the experts are: 1. Complete reform of the German budget system.

2. Stabilization of the mark by creation of a gold bank of issue.

3. A partial moratorium to Germany with the understanding that in the fifth year after adoption of the report, Germany will be able to pay an annual minimum of 2,500,000,000 gold marks in reparations.

4. A foreign loan of 800,000,000 gold marks to promote the stabilization of German currency and cover payments in kind for the first year.

5. Reorganization of the entire German railroad system which is to be handed over to a private company capitalized at 26,000,000,000 gold marks.

6. A scheme for extracting reparations payments of 5,000,000,000 gold marks from German industry.

7. The return to Germany of German capital in foreign countries.

The report does not fix any total for German reparations payments which remain at the figure of 132,000,000,000 gold marks, as fixed by the last allied agreement.

The report declares that by 1928, Germany should be restored to a normal basis.

"It has been considered" the experts declare, "that if for two years the budget is relieved from peace treaty charges and a stable currency is re-established, Germany ought in 1926 to be making rapid strides towards complete recovery and should in three years reach a normal economic condition."

In the following language however, the report emphasizes that Germany is not able to make payments in the current year:

"Even if energetic measures were taken to obviate any deficit in 1924-25, we are satisfied that neither by reduction in expenditures nor by an increase in receipts can Germany be expected to provide out of her budget resources for any peace treaty payments to the allies and that any demand for their payment would imperil both the structure of the budget and the stability of her currency."

The experts list three normal resources from which Germany should make reparations payments:

PROBE WHEELER CHARGE IS OPENED

By United News. WASHINGTON, April 9.—The senate has entered upon an investigation of one of its leading "investigators" Senator Burton K. Wheeler of Montana. The outcome will have a far reaching effect upon future political conduct of government officials and of the activities of government departments.

If the charge against Wheeler—that he illegally received fees to influence issuance of oil and gas permits by the government—is substantiated, he will be censured and the result will be a still more careful scrutiny of government officials.

If the counter-charge of Wheeler—that he was "framed up" so that the investigation into department of justice would stop—is proved there will be a flare-up against such methods which may result in an indignant popular demand for a rigorous house cleaning.

The indictment of Wheeler by a Montana grand jury caused a stir at the capital—on the floor of the senate, in the cloak rooms and in the corridors which has hardly been surpassed in the frequent stormy outbursts in recent months paralleling the investigations.

Wheeler, in a dramatic speech in the senate, denied the charges, said it was a "frame up" and declared that "it is the most damnable conspiracy in history."

Several of his democratic colleagues jumped up one after another in Wheeler's defense, expressing their belief in his innocence. Senator Robinson, of Arkansas, minority floor leader, said he believed the indictment was a "frame up" and Senator Walsh of Montana introduced a resolution which was immediately passed unanimously providing for an investigation of the indictment by a special committee of five senators.

Senator Brookheart, of Iowa, chairman of the committee, investigating the department of justice, declared that he was "confident that this indictment may and will be traced to the doorstep of Harry M. Daugherty" and said that the committee still is behind Wheeler.

Wheeler, in a dramatic speech in the senate, denied the charges, said it was a "frame up" and declared that "it is the most damnable conspiracy in history."

INDICTMENT IS NAVAL BUILDING LEGAL JUDGE CLAIMS OUTLINED

By United News. GREAT FALLS, Mont., April 8.—The indictment against Senator Burton K. Wheeler is based upon legal, competent and sufficient evidence presented to an intelligent and courageous grand jury.

This was Federal District Attorney John L. Slattery's answer to charges made on the senate floor in Washington today by Senator Wheeler that the case was a "frame-up."

Slattery, John Pratt, special assistant attorney general, and E. W. Byrne, Jr., department of justice agent, were together discussing the case when they learned of the senate's determination to investigate the indictment.

They merely laughed, but would not discuss the situation further. Slattery today would not set any definite date as to trial of the case, and would not say whether he thought the senate's attitude would delay the normal process of the action against Senator Wheeler on charges that he illegally accepted fees from oil interests after he became senator.

Statements of former Attorney General Daugherty who declared that he knew nothing whatsoever about the investigation or indictment of Wheeler according to Washington dispatches, were much discussed in official circles here today.

Special assistant attorney general Pratt has been here from Washington for several weeks directing the investigation. At one time more than a dozen federal agents of the department of justice and postal inspectors were engaged on the case.

Gordon Campbell, indicted for alleged mail frauds, said in the investigation of his office he was asked repeatedly what connection Senator Wheeler had with various transactions.

OVER \$2,000,000 WORTH OF NARCOTICS SHIPPED WED

By United News. EL PASO, Texas, April 9.—Narcotics weighing 190 pounds, seized by customs collectors here since 1920, were shipped Wednesday to New Orleans to L. G. Nutt, secretary of the narcotic control board by W. W. Carpenter, acting collector of customs here. The shipment includes all kinds of drugs and much of it will probably be destroyed, Mr. Carpenter said. The narcotics have a value of approximately \$2,500,000 customs officers said.

REASON IS GIVEN FOR LAXITY IN SCHOOL LAW

By United News. SAN ANTONIO, Texas, April 9.—Compulsory school attendance laws are not enforced in sections of Texas where there is a large Mexican population, according to State Superintendent S. M. N. Marrs, who has been in San Antonio attending an educational conference.

Enforcement of the compulsory attendance law in some districts would necessitate additional school buildings, said Marrs, who added that the law is not enforced because many who would be affected are unable to pay the \$5 to \$25 fine provided and the jails would be filled with parents.

Huge Clock Planned

EL PASO, Texas, April 9.—A huge clock with three fifty foot illuminated dials on Mount Franklin is being planned by county officials. The clock when placed and in operation can be seen from all parts of the city.

APPEAL FILED IN COCHRAN CO. CASE

The case of C. A. Pearce, vs. J. H. Doyle et al, which involves the legality of holding an organization election for Cochran county was taken to the court of Civil Appeals at Amarillo Wednesday by the Plaintiff through his attorneys, Bledsoe & Pharr and R. A. Sowder.

The plaintiff seeks an injunction restraining Doyle et al, from conducting the organization election which has been called for May 5th.

PARENT-TEACHERS ASS'N. OPENS THREE DAY MEET AT TEMPLE

By United News. TEMPLE, Texas, April 9.—Delegates of seventeen counties assembled here today for the three day convention of the ninth district Parent-Teacher association.

Opening session was featured by the address of Dr. George O. Clough Tyler, President of the Texas Teachers Association, in which he brought out the importance of the parent responsibility.

Mrs. S. M. N. Marrs, Austin, Texas, state president of the Parent-Teacher association was present at the convention.

FAIR OFFICERS MET WED. AT CROSBYTON

Chris Harwell, president of the South Plains Fair Association, A. B. Davis, manager of the association and county agents Eaton and Mabel Marsh attended a meeting of fair executives and county agents at Crosbyton Wednesday at which meeting plans for the various fairs to be held in this section were made. It is the consensus of opinion among those who attended the meeting that greater interest will be shown in the county fairs and in the South Plains Fair to be held in Lubbock in October, than was ever shown before, and a concerted effort will be made to give all the first places on the state championship list to Plains counties. Important business in connection with the fairs represented by officers at the meeting was discussed, and a feeling of optimism was prevalent. With anything like

a reasonable year for the 1924 crop the fairs to be held on the Plains will be bigger and better than ever.

DR. P. W. HORN RETURNS FROM TRIP TO AUSTIN

Dr. P. W. Horn, president of the Texas Technological College is at home here after having attended a meeting of the Educational Survey Board at Austin Friday and Saturday of last week. Dr. Horn drove his car to Lubbock, and was accompanied on the trip as far as Post City by J. M. West, of Southwestern University. Dr. Horn will attend the Kiwanis Club luncheon here today.

DRUGGIST MEET AT LUBBOCK APRIL 15

A convention of the South Plains Retail Druggist Association will be held in Lubbock, Tuesday, April 15th, and elaborate plans for the entertainment of the visiting druggists are being made by members of the association here.

The association is a newly organized institution but bids fair to be a great factor in the betterment of drug store business and service throughout the South Plains, and it is the ambition of the officers to make it helpful to purchasers of drugs as well as to the druggists.

Important matters of business which have come to the attention of the directors of the association since the last meeting will be discussed, and able speakers will be heard on the problems confronting retail druggists of this section of the state. Secretary E. L. Robertson, owner of the City Drug Store, is out at home now, but from the other druggists of Lubbock, we learn that a good program has been planned for the convention and there will be a number of new members of the association present.

This is another opportunity for Lubbock people to show that they know how to entertain visitors, and merchants of all lines of goods will be found co-operating with the druggists of this city in every way possible to make the convention interesting as well as instructive for the visitors.

BUILD A HOME.

PLANS FOR WEST TEXAS MEET ELABORATE

From information coming out of Brownwood, both from the local Chamber of Commerce there, and the central committee of the West Texas Chamber of Commerce which has opened headquarters in Brownwood, the sixth annual convention of this great organization is going to be the biggest event of the kind ever staged anywhere.

The official program will not be off the press for a few days, but every mail is bringing information to the local committees as to the big people that have been secured for the program, including Dr. Horn of this city, as to the various kinds of entertainment to be provided and of various and sundry arrangements being made for the convenience of the thousands of visitors who will be in attendance.

There will be an abundance of entertainment of all kinds. There will be numerous opportunities for dancing, even one large platform where the followers of the old time "square dance" will be in their glory. And, of course, the younger people that want something more

modern—that'll be there too. For the lovers of good sport there will be baseball games, some fine races, both horse and automobile, swimming events, trap shooting, wrestling bouts by some of the country's greatest headliners, and an entire fleet of airplanes to thrill the most dormant.

Over fifty bands will be in attendance and there will be one concert by these en-masse, being probably the largest body of musicians ever assembled in the South. There will also be a special program for all the visiting ladies. The parade of the convention will be in the evening of the second day, (Wednesday). This will be an illuminated, spectacular parade to be followed immediately by the coronation of the King and Queen of West Texas.

Other events too numerous to mention are being arranged, and all in all this is going to be the biggest event not only in West Texas, but in the South this year. Of course you are going.

O'DONNELL COUPLE MARRIED AT TAHOKA

TAHOKA, April 9.—Mr. Alpha Boyd Carpenter and Miss Elsie Mae Compton, both of the O'Donnell community, were married at the Methodist parsonage here Sunday afternoon. They will make their home near O'Donnell.

As They Come and Go

HOW, WHY, WHEN AND WHERE

J. B. Scott, district manager for the Texas Utilities Company, accompanied by Glenn A. Smith, also a member of that company, were here Tuesday and Wednesday from their homes at Plainview.

Floyd Bowen, proprietor of Bowen's Drug Store, was able to be at his place of business Wednesday morning following an illness of several days. Symptoms of pneumonia developed, but through close attention of his attending physician the malady was forestalled.

E. L. Robertson, of the City Drug Store, left the first of the week on a business trip to Wichita Falls and Fort Worth.

Herbert Lowery, valued employee of the Lubbock State Bank, left Tuesday for Mineral Wells where he will spend about six weeks. Mr. Lowery's health has been gradually failing and when he was unable to carry on his work the first of the week a physician was consulted who advised him to leave his work for a time and go to Mineral Wells. Heart trouble had become so serious that immediate steps to effect a cure were deemed imperative.

C. D. Morrell and H. J. Dietrich, of the First National Bank of Post City, were business visitors in Lubbock Tuesday.

John J. Walter, W. T. D. and F. L. Boyd, brothers of Crosbyton, were Lubbock visitors Wednesday.

Sam Cole, prominent business man of Waxahatchie, was a business visitor in Lubbock Tuesday and Wednesday.

Rev. E. A. Tharp, pastor of the Methodist church at Hermleigh, is in the city this week in attendance at the bedside of his daughter, Miss Lillian, who underwent an operation for appendicitis in a local sanitarium Tuesday. The young lady is doing nicely.

Miss Flossie Cliffs, of Hermleigh, who has been visiting here, friend, Miss Lillian Tharp, at a local sanitarium, returned to her home Wednesday.

R. Norton, of Plains, passed thru Lubbock Wednesday enroute to Dallas and Mineral Wells, where he will visit and attend to business for some time.

Mr. Groat of the Idalou community spent Wednesday looking after business interests in Lubbock.

D. R. Boyd, of Temple, was in Lubbock Wednesday looking after business in connection with some valuable property in block one hundred, Overton addition, this city. Mr. Boyd returned home Wednesday. He will probably return here before long. He has some splendid property holdings here.

R. H. Howard of Muleshoe was in Lubbock Wednesday looking after business interests. Mr. Howard is connected with the Halsell Land and Cattle Company and reports much progress being made in his section. He stated that his company was selling and would sell about 300 sections of land in that part of the state.

G. W. Delkins, of Amarillo, spent Wednesday visiting and attending to business in Lubbock.

Mr. Standifer of Waco, is spending a few days visiting and looking around in Lubbock.

Rev. R. B. Bonner, business man of Clarendon, was in Lubbock Wednesday looking after business interests.

Mesdames D. J. Wilhelm, R. W.

Heim, W. C. Bryan, F. K. Mitchell and Elmo Wall left Monday at five o'clock a. m. for Wichita Falls to attend the Baptist State Convention of organized Sunday School classes.

Mrs. Elmo Wall, Mrs. D. J. Wilhelm and Miss Dorothy Wilbank went to Slaton Thursday of last week to a Baptist rally. They reported a great meeting.

P. E. Bush, of Andrews, a citizen who has been in Lubbock prospecting for the past week, returned to his home Wednesday.

W. L. Burleson, well-known citizen of this city, returned home Wednesday morning from Dallas, where he had been visiting with a daughter, who has been quite ill in that city. Mr. Burleson reports his daughter as being better.

W. L. Flow, insurance man of this city, returned home Wednesday from Southland and other points south, where he had been for several days on business.

J. T. Matlock, of this place and who has been in the Crosbyton section on business for some time, returned home Wednesday.

Marshall McCord, of East Texas, who had been in Lubbock for sev-

eral days on a prospecting trip, returned to his home Wednesday.

W. L. Pendleton, of Abernathy, transacted business in Lubbock yesterday.

Mr. and Mrs. W. D. Estes, and son, of Ralls, passed through Lubbock Wednesday enroute to Dallas and Hillsboro where they will spend a week or two visiting.

Mr. and Mrs. Wallace Jackson, accompanied by Mrs. Bill Jackson, and little son, Bill, Jr., all of Guymon, Oklahoma, spent last week-end with their parents, Mr. and Mrs. W. M. Jackson, of this city. Mrs. Jackson accompanied them on their return home and will visit there for a few weeks.

P. Edwards, watchmaker of Wyoming, has accepted a place in the G. K. Watkins Jewelry store here.

M. E. Merrill and wife returned to their home here Wednesday after having spent the winter in California. Their many friends in Lubbock were pleased with the opportunity to welcome them home again.

John Haney and wife were here the first of the week shopping. Mr. Haney is president of the First State Bank of Ralls and also mayor of that city. Mrs. Haney is a niece of Joe Griffith of the Avalanche.

Mr. Baker of Amarillo who has been spending some time in the Levelland section passed through Lubbock Wednesday on his way home to Amarillo.

Alex and Mai Weaver of Idalou were in Lubbock Wednesday to

meet their brother in law Dr. W. M. Johnson of Ardmore, Okla., who came in Wednesday and will spend a few days visiting and attending to business. Dr. Johnson has property in Lubbock.

J. Jordan formerly of this place and at the present time residing in Fort Worth arrived in Lubbock Wednesday and will spend a few days visiting with his friends and looking after business interest.

D. E. Fowler of the Coldwell community spent Wednesday, attending to business in Lubbock.

Contractor Green of Waco arrived in Lubbock Wednesday and will be in the city a few days looking after business interest.

M. Curry of Burris formerly of Bonham was in Lubbock Wednesday looking after business interest.

Rev. Ashbury of Lamesa is in the City this week attending the Teacher training school in session at the Methodist church.

Young Northan of Lakeview spent the day attending to business in Lubbock Wednesday.

John Allison of Crosbyton was in Lubbock Wednesday looking after business interest.

A Wonderful New Pail for Mrs. Tucker's Shortening

Easy to open

IF YOU have ever used Mrs. Tucker's Shortening, you already know how delicious it makes food taste. If you haven't used it, there's a great treat in store for you. A double treat, in fact. For Mrs. Tucker's Shortening is now packed in a New Pail that it is a joy to use.

Slide the ring-pick or other sharp-pointed instrument through the hole in the top of the sealing ring, pointing toward the center of the lid.

Twist the point outside the rim of the pail and pull up, breaking the sealing ring. Then strip the ring completely off.

You can lift the lid out with your fingers. But it fits snugly enough to keep the shortening fresh, and keep out all dirt.

Here is a container that is easy to open and also air-tight. That is absolutely sanitary and will be very useful when you have emptied it of its contents. Because it is air-tight, the New Pail keeps Mrs. Tucker's Shortening always sweet and fresh. Inside, there is no place for impurities to collect. And when you've used all the Shortening—and what delicious meals you will have—the pail makes a splendid bucket or dinner-pail.

Your grocer has Mrs. Tucker's Shortening in the New Pail. Buy some to-day when you do your marketing. Use it as you would any other shortening. Your favorite dishes will be surprisingly better than ever before. And you'll find the New Pail the most convenient container you ever used.

Mrs. Tucker's Shortening

Block's Chocolates and candies have that exquisite individuality of taste that immediately brands them as the handiwork of master candy makers

TEXAS IS AT LAST WAKING UP.

At last Texas seems to be waking up on the education of the children of the state, and there is a general movement toward better and more efficient schools and a system that will benefit more children of the state than ever has been reached in this country. It is high time too, that the officials of the state and the educators are awaking to the need of this improved condition. Texas has long been noted for her fine cattle, her battle ship hogs, her full blood horses and fine mules, but to her shame she has been forced to take a back seat with the children of the state, and see many of the other states taking position above her. It is not because the youngsters of this wonderful southland are not possessed with just as capable brain capacity and that they are not in every way equal to the boys and girls of other sections, but it is because the fathers and mothers of the children of the state of Texas have thought more of a bale of cotton than they have of the education of their children, and it remained for the western part of the State—West Texas if you please, to start the educational movement. It was in West Texas that the school term was lengthened, and the matter of paying enough taxes to educate the children and pay the teachers a more appropriate salary, and build better school houses. Now the old state is pepping up a bit, and it looks like she is going to go to the top before she stops, and once the Lone Star of Texas is perched on the topmost round of the ladder, she will never be jarred from her place, and in stead of, or possibly in addition to being in the front ranks with cattle and mules, she will stand in line with boys and girls with just as many degrees as any of them. The honor will continue to be West Texas, because of the fact that the Texas Technological College is going to be equipped for turning out of the highest products in an educational way, of any institution of learning to be found anywhere.

State Superintendent Marrs and his co-workers, deserve much for the advancement that is being made in the state during the past few months in the way of getting the old state aroused, and putting over a program that is state-wide in its effect. Only Monday, it was announced from Fort Worth that a Speaker's Bureau will be organized this week in the eighteenth Congressional District of the state to present the facts of the Texas School Survey to every public gathering.

President G. O. Clough of the Texas State Teachers' Association has named the chairman of each district, and has outlined the details of the program to be carried on during the succeeding few weeks.

Chairmen appointed by President Clough will select directors for each of the counties of their respective districts, while the county directors will in turn name their assistants. It is planned to present the survey findings to every civic club, every parent-teacher organization, before all schools, to every political gathering, and to all conventions. The purpose and aims of the survey will be stressed from the beginning, facts and findings being presented as they are released from the Survey Commission offices in Austin.

WEST TEXAS SHOULD RAISE A HEAVY GRAIN CROP THIS YEAR.

From the best information, we can gather, there is going to be a great demand for West Texas grain and feed stuff this year. It will probably be the greatest year for grain that has ever been seen, and our remarks are based on statements made by men who have been through the grain growing parts of the state and several states during the past few weeks. They bring the report that the farmers in those sections are probably a month behind now with the planting of grain and feed crops, and they are still unable to get into their farms to prepare the land for planting, much less to do the actual planting of the feed crop. This means much in those sections. It is not like this great South Plains, we have a latitude of some sixty or ninety days in which to plant and have the assurance of gathering a bountiful yield. We note that the farmers are expecting to plant heavily of cotton. We say plant all the cotton you can handle, but we also suggest that you plant heavily of feed crops this year. There will in all probability be a wonderful yield and also a ready market, if there is not a market from a distance, there will be a demand for a crop equal to several times the immediate needs of the people of this section. We base our argument on the fact that this fall there will continue to come pouring into this great country hundreds of farmers, who will be here for the purpose of preparing land for the following year, and improving their homes, and farms, and they will need a great amount of this feed stuff. From year to year this will be repeated, and there is little use for any feed stuff to be shipped to this country from other sections. It can be raised right here, and if the farmers of this section will set out to do so, they can dispose of all their surplus at their farm,

and be relieved of that trouble and expense of shipping and giving the greater part of their earnings to the railroads for freight.

Mr. Farmers you should think of this, Mr. Banker you should advise your farmer customers along this line. Mr. Merchant you should reason with your customers and persuade them that this is the proper course to pursue.

THE POLITICAL TURMOIL IS NOT AT ALL STILLED, ITS JUST BEGUN.

Amid scandal, oil and land grafting charges, the political pot continues to boil, and great commotion is seen in the political circles. The turmoil is anything but quieted, and there is evidences of great eruptions and possible political earthquakes before the great political race horses are eliminated to one in a hill in each party field. Lawrence Martin, the noted political writer, for the United Press, has summed the situation up that for the Republicans, Coolidge is practically a certainty, but for the Democrats, approaching their National Convention, there is nothing but uncertainties and the question stands out boldly, Who shall it be?

McAdoo has demonstrated the obvious—that he is a good "front runner"—but who will be the dark horse who will pass him in the stretch? Will anybody pass him? And echo answer, in the words of the song: "Who knows?"

Cox is showing signs of revived ambitions, and his friends are digging out his famous "slush fund" speeches of 1920, wherein he charged that the Republicans were "buying" the presidency, and that corruption would rule if Harding won. The Cox attitude is, somewhat, "I told you so." Now, say Cox's boomers, is the time to put up this man who first disclosed what was coming and denounced it. There's Ralston and Smith, and Daniels and John W. Davis, and even Mr. Bryan. Senator Walsh opines that if no progressive Democrat is put up, he may have to run himself. But who will be the nominee?

It looks as though the early balloting in Madison Square Garden in June would show Murphy, Taggart, Brennan and a lot of other leaders and backers of "favorite son" booms trying to grab all the votes possible, to prove that in the end the swing must be to the particular candidate backed by Murphy, or Taggart, or Brennan, or some other of the many "leaders."

On one thing only are these men united: McAdoo must not win. It is a case of every man for himself and the devil take McAdoo. Inevitably, of course, there will come a moment when, if McAdoo cannot beat the combined hosts arrayed against him, there will have to be a compromise on somebody else. Right now, all the leaders are holding off. Nobody sees any reason for agreeing to subordinate his candidate to any other. They all prefer to wait for the "break" in the convention itself—for that fortuitous moment, so well known to ball players and politicians, when something will turn the tide of fortune, and when an alert gentleman, with an eye to the main chance, can grab the bacon.

It does not begin to look as though McAdoo cannot win through the cordon of his enemies. The oil scandal didn't help McAdoo any, though it hasn't appeared to hurt him as much as some folks would have liked. But how he can beat down the stubborn strength of Murphy, Taggart and Brennan, when he has to get a two thirds vote, it is impossible to see.

McAdoo will find it difficult to hold some of his votes after a certain point, for in every convention there is an element of "small fry," little "bosses," who want to be with the winner, and who begin to edge away from a candidate the minute they begin to fear he is a loser. These canny folk will be all set to jump away from McAdoo the minute they get the word that the big drive against him is to begin.

At this writing the best information is that Underwood is to carry the strength of the anti-McAdoo group for a few ballots, while the possibilities are being tested out. What happens after that is all in the lap of the gods, who will be ably assisted by various experienced gentlemen. Maybe Bryan will stamped them and maybe—well, every reader is entitled to as many guesses as he wishes.

One thing is certain—it is going to be a tough convention for the men in the press section.

REMEDY LIES WITH THE VOTER.

Commenting on the tax question, the San Francisco Bulletin says:

"There are two large classes of favorites in this country that are exempt from income tax; the holders of political placés and the holders of public bonds. The bonds are exempt also from all other taxes.

"According to the Country Gentleman, one out of every 12 persons in the United States over 16 years old and gainfully employed is on the public payroll. That means not only that the rest of us provide the salaries for the job holders, but that we also pay the income tax that they ought to pay on their salaries. Even notaries public are exempt from income tax on their fees.

"Collier's Weekly relates that the estate of Jacob Schiff, the banker, amounting to \$35,000,000, was nearly all in tax-free bonds.—Congress has failed to pass legislation making possible taxation of income from such securities.

"The more political places we create and the more tax-free bonds we issue, the heavier becomes the tax load on those who do not hold political jobs or public bonds. These are matters to keep in mind when we are asked by urgent politicians to borrow millions on the taxpayers' credit for the purpose of investing in enterprises that will employ large numbers of tax-free politicians.

"We feel a righteous indignation when we read how kings of France, before the revolution, exempted favored classes from taxation, but have we not gone farther than any king of France dared go?"

French people have abandoned the plan to import negro servant girls from Martinique, principally because the girls could not be obtained.

MARKETS

PROBABILITY OF GERMAN LOAN IS FELT

NEW YORK, April 9.—The stock market chose to ignore many of the features in the official summary of the Dawes report printed here today. Professionals again had the upper hand and rallies were short lived. There is a feeling of escaping, the fact that some sections of the list are in the doldrums and something more than the mere publication of the report is necessary to move the market from its present trend. The question on everybody's lips in the financial district—Wednesday was does this mean a German loan? Banking sentiment was mixed as to the clarity of the outlook as expressed in the terms of the report, some bankers even expressing disappointment. J. P. Morgan and company declined to commit themselves on the report, inasmuch as the firm will probably head the group which will offer the American section of the German loan "when and if" issued. However, bankers praised the undertaking as a whole since it has aided to a marked degree in bringing unity between the allies.

With few exceptions, the active and leading stocks closed lower. Woolworth today presented the horrible example of what may happen to a high priced stock.

The stock closed with a net loss of 28 1/2 points, closing just above 301. The floor was due directly to the announcement this morning that the stock would be split up on a four-for-one basis, and the "new" stock played on a \$3 dividend basis against the old rate of 8 per cent. The industrial stocks bore the brunt of the attack with the American Can and Studebaker among others touching new lows for the year. Steel was depressed more than a point. The metal stock as a whole will, of course, benefit by any improvement in the German situation, particularly coppers.

MAY OPEN THE TEXAS CAFE SATURDAY SAYS HICKS

All fixtures for the new Texas Cafe have been received by the owner, Harve Hicks, and as soon as a factory representative, who is expected to arrive in Lubbock at any time, has installed them and plumbers have completed their work the cafe will be ready for business.

Mr. Hicks was not certain just when this would be, but he is eager to have the place ready for business by Saturday.

The very latest equipment obtainable has been bought for this cafe, and it will in all probability be one of the most attractive places of its kind on the South Plains.

CHANGE OF LIFE
Florida Lady Was in Miserable Condition, But Say: She Found Cardui, and Got Well.

Alfita, Fla.—In explaining how she found Cardui so helpful during change of life, Mrs. Ella M. Bailey, of Route 2, this place, said:
"I became so weakened it was an effort for me to get around. I knew what was the matter, but I felt like I couldn't give up."
"I just dragged, and I certainly was nervous. I was so restless I could not sit down long—yet so weak I couldn't get about. It is a most miserable and such a helpless feeling."
"I would get depressed and out of heart."
"I began to feel, after awhile, there was no use to try to get well. This is all wrong, for it makes a person worse."
"I had heard of Cardui, and thought it might strengthen me. A neighbor had used it with good results."
"I took one bottle (of Cardui), then I saw I wasn't so nervous, so kept it up."
"Gradually the nervousness left me. I began to eat and sleep better. Was soon well, and all right. Cardui did wonders for me, and I certainly do recommend it."
Thousands of other women have written, to tell of the beneficial results obtained by taking Cardui, and to recommend it to others.

SHOWELL WRITES TO SOME OF HIS FRIENDS IN LUBBOCK

I wish to express my deepest appreciation for the many loving evidences of your sympathy and good wishes during the recent illness and death of my wife. I want to thank the doctors especially for their diligent efforts.

The friendships formed during my residence in Lubbock will always be very dear to me and it is with the deepest regret that I find it necessary to leave your community.

J. LETCHER SHOWELL
Ocean City, Md.

SHALLOWATER F. L. U. WILL PRESENT PLAY SAT.

"A Daughter of the Desert" will be presented at the Shallowater high school auditorium Saturday evening at 8:30 o'clock by home talent players under the auspices of the Farm Labor Union chapter of that community.

Miss Katie Bell Crump assisted by a number of the young people of that community will have charge of the play, and a real entertainment for all who attend will be presented.

The proceeds from the play will go to the community building fund, and as this is a much needed place for that community a record attendance is assured.

COTTONSEED MEAL and HULLS

There is no question but that cottonseed meal grows in popularity as its intrinsic value becomes known. There is no foodstuff known that will place the same amount of fat on cattle within so short a time as cottonseed meal combined with cottonseed hulls, and this fact is recognized wherever this feed is used. When fed to dairy cows, its use increases the quantity of milk, improves the color, and the cream therefrom makes richer and better butter.

SPORT NEWS

WESTERNERS FAST SHAPING INTO HARD COMBINATION PREPARING FOR DISTRICT MEET WHICH OPENS APR. 18

Whether or not the victory of the Lubbock high school Westerners over Littlefield Tuesday was luck or a sometimes claimed, or whether it was the direct result of intensive training which the boys have been through the past few weeks, remains to be proved, but it is a foregone conclusion that a harder hitting aggregation has never faced a nitcher. They pounded mercilessly from beginning to end, with only an occasional letup for breath. And they were not hitting against less than ordinary high school pitching, either, for both Mueller and Wood, who worked on the mound for Littlefield would well meet the requirements of any ordinary high school club.

From all appearances, however, the local lads are still a little puny on the field, possibly caused by the fact that they have not become thoroughly accustomed to the situation, many of them being new not only to Lubbock, but to the baseball diamond. Also it is admitted that certain positions both on the infield and garden are weak.

The initial error, as is very customary with high schools, is the greatest source of worry at this time. In fact, no one seems to want the honor of claiming it, and although it is one of the main pivotal points of the infield, it has been shifted around from the shoulders of one to the other, usually falling to the lot of a spare pitcher, who of course is not expected to fill the position as one more accustomed to the place.

The balance of the infield seems to be satisfactory, filled with men on the waiting list who will step into the slot if it became necessary, with all manner of ease. Castleberry, it seems, is doomed to do the bulk of the receiving work. He will be ably assisted by Pugh, and if it became necessary, Hensley can be pulled in from the hot corner. Sullivant is going good on the keystone corner, being brot over from last year. Sullivant knows nothing but to dive into them when he sees them coming at him, and very seldom misses. His only trouble at the present is a little slowness in getting loose from the pill after he gets it, especially in a try for double play. But with a little special stress being placed on this discrepancy, it will more than likely be ironed out within a few days.

Cate, although new to Lubbock, is by no means new to the ball lot, and is being regarded as a short field with all manner of acceptability. At present he is bothered some with a game leg, evidently a "charlie horse," which will be worked out in time. Cate is more than ordinarily sure in his first year, and his whip across the field is good. Hensley is holding the flag above the hot corner, and is the only other man being brought over from last year.

Although some slight discrepancies are in evidence in the outfield at the present, these will probably be overcome with the natural influx of confidence brought by experience and time.

On Friday, the 11th the Slaton high school Tigers will be here for a clash with the Westerners. This will be the first official game of the Interscholastic League elimination program. Slaton is reported to be strong in the baseball branch of sport this season, and the game Friday promises to be one of the best exhibitions of the year. The game will be called at 4 p. m.

On the following Tuesday, Wilson will be here. These are the lads who recently held the Westerners to a five-all tie on their home lot, and with the improvement that both clubs have had since, this game also should be a hard battle. This will probably be the last game before the District track and field meet, which convenes here on April 18th for a two-day session. It is probable, according to the schedule announced, that Lubbock will meet Post at 10 o'clock on the morning of the 18th. Beyond this no schedule has been announced, but it is thought that possibly six or eight clubs will be represented here in competition for District honors. This, of course, will necessitate almost constant play during the two days, and possibly some beyond this before a decision can be reached.

RALLS TAKES CO. TRACK MEET OF CROSBY

Special to the Avalanche.
RALLS, April 9.—Ralls high won the honors in the tenth annual meeting of the interscholastic league of Crosby county held here Friday and Saturday when the teams scored 246 points in the athletic events while Lorenzo took second with 67. In the literary events Ralls scored 92 points and Lorenzo second with 48, with the essay scores not yet in. The Farmer school with 53 points won the cup offered for the rural school winning the most points

went to pieces, and Shallowater touched them for six runs in the first inning. The locals were never in danger.

Littlefield will play here next Saturday evening at 4 o'clock.

CUBS TAKE FIRST OF SERIES FROM BLUES

KANSAS CITY, Mo., April 9.—The Chicago Cubs defeated the Kansas City Blues, American Association champions, in the opening game of the exhibition series here, 8 to 3.

A small crowd was present. The Cubs led the Blues all way, Aldridge allowing but eight hits while his team mates gathered ten singles off of Wilkinson.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Lubbock County, Greeting:
You are hereby commanded to summon Connie Booker, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Lubbock County, to be holden at the Court House thereof, in Lubbock, Texas, on the 4th Monday in April, A. D. 1924, the same being the 28th day of April, A. D. 1924, then and there to answer a petition filed in said Court on the 20th day of November, A. D. 1923, in a suit numbered on the docket of said Court No. 1799, wherein Mattie Booker is plaintiff and Connie Booker is defendant, and said petition alleging that said action is a suit for divorce, to-wit:

125 high hurdles, Powell, Ralls, first; Beam, Lorenzo, second; Richards, Ralls, third; Rogers, Emma, fourth, time 19 seconds. 880 run, Monroe, Ralls, first; Moses, Ralls, second; Hale, Lorenzo, third; Norman, Mt. Blanco, fourth. 50 yard dash, Gee, Ralls, first; Porter, Ralls, second; Brown, Ralls, third; Chamberlin, Cone, fourth, time 5.2. 110 yard dash, Powell, Ralls, first; Monroe, Ralls, second; Brown, Ralls, third; Phillips, Emma, fourth, time 57 seconds. 100 yard dash, Keith, Ralls, first; Porter, Ralls, second; Chamberlin, Cone, third; McClure, Mt. Blanco, fourth, time 10 flat. Discus, Travis, Ralls, first; Brown, Ralls, second; Richards, Ralls, third; Isaac, Lorenzo, fourth; distance 119 feet. 220 yard dash, Keith, Ralls, first; Gee, Ralls, second; McClure, Mt. Blanco, third; McClain, Crosbyton, fourth, time 23.3. Pole vault, Crump, Ralls, first; Harrod, Crosbyton, second; Smith, Crosbyton, third; Lee, Cone, fourth; height 10 feet. Shot Put, Travis, Ralls, first; Crump, Ralls, second; Gee, Ralls, third; Howard, Crosbyton, fourth, 12 feet 3 in. Mile run, Keith, Ralls, first; Ralls, third; Rogers, Mt. Blanco, fourth, time 5-40. Broad jump, Powell, Ralls, first; Harrod, Crosbyton, second; Porter, Ralls, third; Wheeler, Cone, fourth. High jump, Smith, Crosbyton, first; Wheeler, Cone, second; Lee, Cone, third; Gee, Ralls, fourth. Relay, Ralls first; Mt. Blanco, second.

Tennis for the County Meet will be played next Saturday at Ralls. Following the debates Saturday evening, in which Lorenzo girls won first place, Ralls was awarded both the cup for literary events and the cup for the track meet.

The county track meet will be held at Crosbyton next year.

SHALLOWATER EASY VICTOR OVER LITTLEFIELD SUNDAY

SHALLOWATER, April 9.—Shallowater won over Littlefield, at Littlefield Sunday 11 to 1, with the Shallowater boys playing airtight half the entire game. Patrick, the right hand pitcher of Shallowater had them all guessing, allowing only three hits, but struck out only one man.

H. Gaither started a hitting rally in the first inning with a three-sacker with two men on. Littlefield

Plaintiff alleges that she and defendant were lawfully married on or about the 28th day of Sept., 1921, and continued to live together as husband and wife until on or about the 1st day of October, 1923, when on account of the cruel, harsh and tyrannical treatment of defendant toward her, she was forced and compelled to abandon him. That on various occasions, defendant, would curse, choke and beat the plaintiff, drew his knife, and threatened to kill her. That such conduct toward plaintiff, on the part of defendant, continued up to and including the time she was forced and compelled to leave him.

That by reason of such conduct aforesaid, plaintiff prays upon final hearing, she be granted an absolute divorce from the defendant, and for all other relief, legal and equitable, to which she may be entitled, etc.

Herein fail not but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Lubbock, Texas, on this the 26th day of March, A. D. 1924.

(Seal)
LOUIE F. MOORE,
Clerk, District Court,
128-4Th Lubbock County, Texas

PLAN ENLARGEMENT OF THE ACUFF SCHOOL BUILDING

Peters & Haynes, local architects, are making plans for the addition of two class rooms to the Acuff school, which is already one of the neat and substantial schools of the county.

The necessity of making an addition to the building has been brought about by the rapid development of that portion of the county and recent influx of new families whose children have greatly augmented the scholastic population of that community.

SOCIETY NOTES

K. Carter P. T. A. Meets Today.
The K. Carter Parent-Teachers' Association will meet this afternoon at four o'clock and the following program will be rendered: Mary Ann, Louise Pearse, Quartette, Paul Frost, Jack Christian, Graham Holmes and Harold Dow.

Violin Solo, John Thomas Sears. Story Book Ball, Ten Girls. Somebody's Mother, Lum Holcomb.

Play Will be Presented at Shallowater.
"A Daughter of the Desert" will be presented by the Farm Labor Union at the High School Auditorium, Shallowater, Saturday night, at eight o'clock. Admission 20c and 35c. 140-2-30-1.

NO LONGER DREAD PIMPLES

No better news could be given people who suffer the embarrassment and disappointments these skin disfigurers subject them to than the announcement made by the world's best-known skin specialists that a few years after the universal use of Black and White Ointment recently perfected will show a positive decline in such skin diseases as pimples, blotches, eczema, rash, tetter, breaking out, etc.

This prediction is already coming true, judging from the tremendous demand for this Black and Ointment. It is already selling at the unprecedented rate of nearly two million packages a year, and dealers everywhere are enthusiastically recommending it to their friends and customers. It is economically priced, in liberal packages. The 50c. size contains three times as much as the 25c. size.

A breakfast to warm the cockles of a hungry man's heart—Kellogg's Corn Flakes.

To get the original, say it all—say "I want Kellogg's Corn Flakes."

Kellogg's CORN FLAKES
Inner-sealed wastrate wrapper—exclusive Kellogg feature.

Does Your Baby Sleep Well?

Is baby's bed weak and squeaky? Does it roll easily? Is the mattress comfortable or does it hollow out in the center? Does the spring conform to the little tot's body, or does it sag right in the center?

By all means the baby should have the right kind of a bed. They sleep most of their time and, while they are sleeping they are growing. Be sure that their little body grows STRAIGHT.

We have a very complete line of baby beds in a variety of styles and finishes. Moderately priced from \$15.00 to \$22.50.

OF COURSE—

LUBBOCK WANTS THE BEST PAVING!

IN KEEPING WITH HER LEADERSHIP OF THE PLAINS

The live, wide-awake and progressive city of Lubbock has a reputation for its pep, forward-looking spirit and aggressive leadership. All over the country it is known for its wonderful growth and progress during recent years. Folks, we congratulate you on this well earned reputation. You should be proud of the wonderful city that is yours. Right now you face a problem that will affect the future growth and expansion of your city. Properly paved streets can make a place. You should be vitally interested in the actual work of paving your streets, because, in a measure the future of Lubbock depends on them. Every man and woman in this fair city of yours should take a whole-souled interest in this paving project, study paving materials and methods, get data from other cities and investigate before you invest. The Uvalde Paving Company urges you to investigate and compare, to KNOW absolutely what you are paying hard earned money for, before you actually pave. We refer you to city officials, engineers and tax payers in all the big cities of Texas where all kinds of paving have been experimented with.

There Isn't Any Question About it

GENUINE UVALDE ROCK ASPHALT IS THE BEST!

- Best looking
- Finest for riding
- Does not crawl or soften
- Improves under heavy traffic
- Lasts longer
- Costs much less to maintain

Nearly everybody, everywhere will tell you that Genuine Uvalde Rock Asphalt Paving is the best in the long run. It is a known fact that the great majority of property owners of Dallas, Fort Worth, San Antonio, Houston and Beaumont ask for this famous paving in their petitions to their city officials! There must be a reason for this popularity. It is because Uvalde Rock Asphalt Paving has made a most enviable record for service and satisfaction. Its first cost is practically the LAST cost. It looks better. Improves the value of your property. Rides easier. Improves under heavy traffic. Does not crawl or soften. Is absolutely waterproof, allowing no water to seep under it which is the biggest fault of most pavings. And it wears longest, costing less for maintenance than any other paving!

Lubbock, you can't afford to experiment on this costly project which so vitally affects all your tax payers. You can't afford to gamble. Insist on the very best, and enjoy the feeling of a wise investment safely made that will mean finer streets and less cost in the long run. Be sure your paving is the GENUINE Uvalde Rock Asphalt.

FOR THE FUTURE OF LUBBOCK INSIST ON THE GENUINE UVALDE ROCK ASPHALT AS LAID BY

SHERIFF'S SALE.

THE STATE OF TEXAS, County of Lubbock.
Whereas, by virtue of an order of Sale issued out of the District Court of Lubbock County, Texas, on a judgement rendered in said court on the 1st day of March, A. D. 1924, in favor of J. P. Webb and against W. W. Royalty, No. 1797 on the Docket of said Court, and to me, as Sheriff, directed and delivered, I did, on the 26th day of March, A. D. 1924 at 2 o'clock, P. M. levy upon the following described tracts and parcels of land situated in Lubbock County, Texas and belonging to W. W. Royalty to wit: Lot No. 7 and the east 1-2 of Lot No. 8 in Block No. 41 of the Overton addition to the town of Lubbock in Lubbock county, Texas, as more fully shown by plat of said Overton Addition, of record in the County Clerk's office of said county and state, to which reference is here made for better description thereof.

On the 6th day of May A. D. 1924, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M., on said day, at the Court-house door of Lubbock County, Texas, I will offer for sale and sell at public auction for cash, all the right, title and interest of the said W. W. Royalty in and to said property.

Witness my hand this the 26th day of March, A. D. 1924.
H. L. JOHNSTON
Sheriff of Lubbock County, Texas. By Vernice Ford, Deputy. 128-4t.

Dr. Ferguson, Dentist, Conley Bldg., knows how to cure Pycorrhea, 297-30p.

SHOWELL WILL NOT CONTINUE HIS WORK HERE

Dr. J. L. Showell, rector of the Episcopal church of Lubbock, will not return to his charge here from Ocean City, Maryland, where he is visiting his parents following the funeral of his wife who died here Sunday morning. Occasional services will be conducted in the local church by Rev. Andrews, of the Plainview church and Rev. Etson, of the church at Big Spring.

Dr. Showell has a large following of friends in Lubbock, all of whom sympathize with him in the loss of his wife, and who feel that his giving up his work here is a loss to the church and to this community.

G. H. & S. A. To Use Block System
EL PASO, Texas, April 9.—The G. H. & S. A. railroad will begin the immediate installation of 110 miles of block signal system from a point near Ysleta to Hot Wells, according to J. W. Harshaw, division engineer. The work will begin about May 15 and will cost approximately \$310,000.

Sherrod Bros. Hardware Company

"Quality Merchandise at Reasonable Prices"

LOCAL C. OF C. MET IN REGULAR SESSION

An important meeting of the board of directors of the Lubbock Chamber of Commerce was held Tuesday morning.

It was a regular meeting and the manager had prepared the usual list of matters to be brought to the attention of the directors.

The action taken by the organization in getting up a list of delegates to go to the convention of the West Texas Chamber of Commerce Convention to be held at Brownwood May 13 to 15 was reported at this meeting, and a committee to work with the boys will be appointed at a future meeting.

The matter of securing a large express building for Lubbock through the cooperation of Chamber of Commerce officials with Express company representatives was deferred due to the fact that nothing had been reported by the committee.

A motion was made and adopted to invite the directors of the Texas Technological college to hold their meetings in Lubbock.

A motion was made to have the community auditorium moved to the fair grounds, but no further action will be taken until a committee was appointed to confer with church authorities on the matter makes a report.

Other timely and important matters were discussed and the meeting adjourned.

REPARATIONS PLANS ARE SUBMITTED.

cluding sale of railroad shares.

Third year, 1,200,000,000 gold marks, subject to contingent addition or reduction depending on condition of budget.

Fourth year, 1,500,000,000 gold marks, subject to addition or reduction.

Fifth year, 2,500,000,000 gold marks.

For operation after the fifth year, the experts have devised an ingenious scheme to increase the reparations payments in accordance with the ratio of increase in German prosperity. This will be reckoned by an index figure based on the per centage of increase in German population, in her railroad traffic, foreign trade, the consumption of tobacco, and the German coal expenditure.

Among the most important recommendations of the report is the declaration that Germany must preserve her economic unity and that the French and Belgians must re-

linquish their industrial hold on the Ruhr, although retaining their military supervision. The whole report is based on the assumption that Germany's economic independence will be restored and kept free from foreign interference.

The Dawes report opens up new avenues of international relations which unquestionably will have an important effect upon its reception in the European capitals.

There are to be international commissions for control of the railways, the proposed bank of issue and for supervision of revenue for reparations purposes. Over these commissions and coordinating their activities there is an "agent for reparations payments," a sort of dictator. It is proposed that an American participate in the board of directors of the new bank.

Significant in its relation to the French policy in the Ruhr and Rhineland is the committee's insistence that Germany must maintain her economic unity. Speaking of the limitations which have been placed on Germany's fiscal and economic rights in a part of her area the committee declares, "We have been unable to find any practical means of insuring permanent stability in the budget and in the currency under these conditions." The experts add:

"We have therefore been compelled to make the assumption that the fiscal unity of the Reich will be restored. Our whole report is based on this hypothesis.

The report declares, moreover, that although questions of military jurisdiction are not within their jurisdiction" our forecasts are based upon the assumption that economic activity will be unhampered by any foreign organization other than the control herein provided."

The committee goes on to assume, therefore, that existing measures insofar as they hamper that activity, will be withdrawn or sufficiently modified as Germany has put into execution the plan recommended."

Germany Says Ideas Workable But Details Omitted.

BERLIN, Germany, April 9.

Germany believes that the report of the experts committee contains the basic ideas and foundations of a workable agreement, but that details of payment must yet be worked out.

The United News is authoritatively informed that this is the attitude of the German government toward the report.

German officials declare that the report is "not unfavorable" and that it will mark a definite achievement for Germany if its recommendations are carried out. Germany objects to some conclusions of the report, but at the moment there appears to be good prospects that she will accept it.

Germany has read the report and is now thinking about it. Most of

the newspapers here, do not offer any comfort but the Deutsch Allgemeine Zeitung cautiously suggests that the sums mentioned by the experts approach the L no condonance assessment which has hitherto been regarded as unacceptable. The newspaper also suggests that the demands of the experts are heavy when analyzed from the viewpoint of "presumptiveness against German sovereignty."

It's editorial concludes with praise for the work of the American members of the commission.

The socialist newspaper Vorwarts declares "that reasonable persons" will fail to approve the principle on which the report is based and says that the fact that the design of the report does not have the unifying character of previous studies of the reparations questions represents a distinct advance.

Second Committee Reports.

PARIS, April 9.—The second experts committee, charged with considering means of estimating the amount of German exported capital and bringing it back to Germany, has presented a studied, dispassionate report with the following conclusions:

1. German capital abroad on December 31, 1923, totalled approximately six and three quarter billion gold marks.

2. The only way to prevent the exodus of German capital and to encourage the return of German capital now in foreign lands is to halt inflation in Germany in order to stabilize the currency and induce Germans to invest at home.

3. If the recommendations of the Dawes committee are put into effect this situation would be achieved, in the opinion of the second committee, and a considerable part of German assets now in foreign countries will return to Germany in the ordinary course of trade.

The second expert committee was headed by Reginald McKenna, director of the London City and

Midland bank and former British chancellor of the exchequer. Harry M. Robinson of Los Angeles, California, was the American member of the committee. Andre Laurent, Athalin, represented France; Marion Alberti represented Italy; and Albert E. Janssen, represented Belgium. The committee held 38 meetings in Paris and Berlin.

In probing German fiscal figures the committee unearthed fascinating details of Germany's war and post financial organization.

One of their most interesting discoveries was the fact that Germany acquired foreign assets of between seven and eight billion gold marks by the sale of mark bonds. The whole of this sum, in consequence of the final devaluation

Gained 60 Pounds

E. S. Hardy of Marshall, Texas, writes: "I had a bad case of Bright's Disease and was told that I would never be able to work. I lost flesh till I only weighed 140 pounds; my blood pressure was so high that I had to be careful of my exercise."

"I took Hobo Kidney & Bladder Remedy and I think I am entirely cured; the doctors say I am. I am running a locomotive engine every day and weigh 195 pounds. I feel free for the suffering of others, and it does me good to inform others of the faith I have in Hobo Kidney & Bladder Remedy."

For sale by all druggists. Prepared by Hobo Medicine Co., Beaumont, Texas.
