SCANDAL ROCKS TEXAS COLLEGE

NOTED BANKER OUSTED AFTER FUND SHORTAGE

FOUND UNCONSCIOUS IN HIS ROOM; DOCTORS FEAR CONDITION SERIOUS

By United News. KANSAS CITY, Mo., April 14.—John M. Moore, president of the Fidelity National bank and one of the best known bankers in the southwest, was removed by the directors of the bank after a \$600,000 shortage had been found in his accounts.

After an all morning consultation the directors issued a statement in which they assured depositors that the institution was solvent and there was no cause for uneasiness.

The shortage in the bank was discovered March 31 by National Bank Examiners for the Tenth Federal Reserve district when they made their periodical examination, unannounced.

Questioned at that time, Moore was unable to make a satisfactory explanation according to the directors. That same evening Moore was found unconscious in his luxurious apartment in the Sophian Plaza by his wife who returned to the city from an out-of-town visit, and found one door to a room in the apartment locked.

At the bank she was told her husband had started home early in the afternoon. Mrs. Moore summoned a physician and Moore was found unconscious on the floor. News of his illness has been carefully guarded.

The bank directors did not explain in their statement the manner in which Moore's shortage was incurred. It was rumored in financial circles, however, that the banker had invested heavily in a ranch in Texas, the location of which could not be learned.

Moore lies critically ill at his apartment, according to Dr. W. L. McBride, his physician, who said Monday he has been treating the banker for diabetes for many months. Reports from the bedside said Moore was in a state of coma all day regaining consciousness only at intervals.

Moore began his banking career in Wichita Kansas in 1887. He was first western manager for a farm loan company there. He was born in Shelby county, Kentucky. After serving several years with the loan company in Wichita, Moore was elected cashier of the Fourth National bank there and came to Kansas City in 1908 to accept the vice-presidency of the Southwest National bank. He organized the National City Bank which was merged with the Fidelity Trust company in 1919.

FORMER S. P. ENGINEER FOUND DEAD IN GARAGE

By United News. SAN ANTONIO, Texas, April 14. B. W. Wyatt, 55, former Southern Pacific engineer was found shot to death in his garage Monday. A shotgun was on the floor near the body.

Wyatt is said to have been ill and despondent. He is survived by a widow and several children, including a son at the University Medical School in Galveston.

PROBE IN DEATH ALBUQUERQUE MAN OPENS

By United News. LARNED, Kan., April 14.—Authorities Monday plunged into the investigation of the circumstances surrounding the death and burial of E. T. Eggleston, wealthy confectioner, eight years ago after Mrs. Laura Eggleston, his first wife, accused Mrs. Eggleston, his widow, of poisoning him.

Mrs. Mary Eggleston has been arrested on charges of plotting to poison the former Mrs. Eggleston and David Ely, wealthy real estate operator with whom she was friendly.

Ely admitted he recently made out a will in which he left the widow \$30,000.

Details of Eggleston's death are now recalled, although they passed unnoticed at the time. After his death in Albuquerque, his body was brought here in a steel coffin. At the time of burial it was placed in a powerful steel vault buried beneath a heavy casing of concrete which was poured over it.

The first Mrs. Eggleston said she married Eggleston when he owned only a small peanut and candy store in Larnard. She helped him to accumulate a fortune and then divorced him, according to her story to county attorney Roberts, because she believed he was drugging her food.

After Eggleston's death it was revealed he left an estate valued at \$350,000 and had cut off his former wife with an allowance of \$100 a month. He had married shortly after the divorce and it was the second Mrs. Eggleston's desire to stop this allowance that prompted her to plot her death, the woman told authorities.

She told of several threats on her life and on one occasion when a man knocked at the door of her home and pointing a revolver at her said: "You have just long enough to say your prayers and then I'm going to kill you."

Mrs. Eggleston said she walked toward the man and he fled in an automobile.

MAIL FRAUD CASE SENTENCE IS IMPOSED

By United News. HOUSTON, Texas, April 14.—John DeBruyes was sentenced Monday morning by Federal Judge Hutcheson to pay a fine of \$250 and serve one day in the custody of the United States marshal.

Final sentence for Lewis, Pardue and others, who either pleaded guilty or were convicted in connection with the mail fraud cases of the Old Dominion Oil Company will be imposed on May 8, the court announced.

The DeBruyes sentence is the lightest so far imposed in any mail fraud case. Testimony disclosed that he had only written letters for the company at so much per letter.

"I only ask that you search my heart in passing sentence," DeBruyes told Judge Hutcheson. He had been found guilty of conspiracy to use the mails to defraud with the jury urging a "light sentence."

"I am not the great searcher of hearts," I can't do that," the judge told him.

"Gentleman's Agreement" Touching Japanese Immigration Abolished by Senate; Total Exclusion by Law Seems Probable

By THOMAS L. STOKES (UN Staff Correspondent) WASHINGTON, April 14.—The senate, roused to fever heat over the effort of Ambassador Hanahara of Japan to influence immigration legislation, has voted to abolish "the gentleman's agreement" which has been in force since 1907, and is expected to insert a provision in the immigration bill which will exclude Japanese by law.

Under the "gentleman's agreement" Japan was allowed to carry out exclusion of her nationals in Japan, without any interference by the new immigration bill providing continuance of the "gentleman's agreement" was defeated by the senate Monday afternoon by a vote of 76 to 2 at the end of a succession of heated protests against the action of the Japanese ambassador which was characterized as a "veiled threat" by Senator Lodge, republican leader and Senator Reed of Pennsylvania, a member of the immigration committee, and bitterly assailed by other senators.

The senate now has before it an amendment offered by Senator Shortridge of California which would definitely exclude Japanese by law. From the sentiment expressed on the floor Monday, it appears likely that this amendment or a similar one will be included in the senate measure. Such a provision is contained in the house bill.

The action Monday was taken in the face of the express wish of Secretary of State Hughes "that the gentlemen's agreement" be continued. Hughes called at the white house late Monday afternoon as the movement in the senate gained strength to confer with President Coolidge.

When the provision in the bill providing continuance of the agreement was reached Monday, Senator Lodge asked that the senate go into executive session. There he made an effort to have consideration of the section and a vote taken behind closed doors. He was defeated and when open session was resumed, Senator Shortridge opened the debate, urging acceptance.

SELF-DEFENSE DEPUTY KELLY BE PLEA OF SLAYER ARRESTS TWO BOOTLEGGERS

By United News. LOS ANGELES, April 14.—Mrs. Margaret Willis, who confessed to killing Dr. Benjamin Baldwin, putting his body in a trunk and hurling the improvised casket into a canyon near the city, will plead self-defense to the murder charge, S. H. Hahn, her attorney said Monday night.

An all day investigation failed to shake the story of the stoical slayer from her original confession—"I killed him because he tried to attack me. I would do it again."

A charge of murder may be filed against Bert Webster, carpenter, who helped Mrs. Willis dispose of the body two days after the slaying. Webster, who Mrs. Willis said was simply a friend of hers, admitted "the feeling between myself and Mrs. Willis was one of love."

The police don't know what to do with Harold, Mrs. Willis' 13-year-old son. His father was a racing driver killed in Kansas City and his grandmother lives "some place in Missouri." Temporarily is being kept by kind hearted officers at the Hollenback Station.

ONE KILLED, TWO HURT IN FALL OF PLANE

By United News. DALLAS, Texas, April 14.—Hunter B. Temple, 17 year old student of Southern Methodist University was killed in an airplane crash near the campus of the school at 6 o'clock Monday afternoon and two other occupants of the plane, Miss Annie Louis Shaw, 18, also a student at S. M. U. and E. A. Stuart, 20, were seriously injured.

The plane was returning to the landing field north of the campus according to eye-witnesses, when a turn to the west was attempted. The plane went into a nose-dive and fell a hundred feet to the ground. Part of the machine was buried and gasoline drenched the plane but did not catch fire.

Hunter Temple, son of S. A. Temple, president of the Dallas Trust and Savings bank died soon after being rushed to Baylor hospital. He was a freshman.

Miss Shaw, of Ada, Oklahoma, was seriously injured, but may recover. There is a gash across her forehead and lacerations on her body.

The pilot suffered a broken leg and is delirious hospital attendants reported shortly after he was rushed there.

N. M. Convention in June. By United News. SANTA FE, N. M., April 14.—The democratic state convention will be held in Las Cruces June, according to announcement of the state central committee. Delegates will be chosen for national convention at that time.

PUBLIC TO SPEAK SENTIMENTS ON TRIP

At a meeting Monday night of the central committee, composed of representatives from several different organizations of the city, including the two Chambers of Commerce the Rotary and Kiwanis clubs and others, it was decided that the people of the city should have an opportunity to express their wishes on the matter of adequate representation for Lubbock at the sixth annual convention of the West Texas Chamber of Commerce, which meets at Brownwood on the 13, 14 and 15 of May.

Many meetings of the different committees have been held the past few days, some of which were more or less on the Q. T. owing to the fact that all plans are being arranged and completed before the proposition is submitted to the general public for their approval. This, of course, was not done, according to Secretary Davis, with the idea of keeping anything from the public or keeping anybody from working on the project who wished to, but is merely Lubbock's way of doing things. Sec. Davis intimated that within a very few days, the results of the secret workings of these committees will fall in a volley on the city some morning, and the whole thing will be wound up shortly.

It was granted for publication last night following the meeting that a committee, in addition to the many who have already been appointed, had been named, this committee to begin work shortly on the solicitation of tickets, which will of course be required before the Santa Fe will park one of their special trains in our yard. And, too, this train will be required before the Lubbock delegation can make an appreciable showing at the Brownwood convention. The committee who has this work in charge will storm the city one of these bright mornings with their ample corp of workers and by night fall it is believed that the work will have been completed.

It was pointed out at the meeting last night that the round-trip fare for the special train would be \$25.00, including Pullman berth there and back, and access at all times to the Pullman while camped in the convention city. These cars which will be in the "Pullman city" at Brownwood will have all modern conveniences, including lights, water and sanitary connections. In fact, it is expected that the "Pullman city," a temporary addition to Brownwood, will rival the city for brilliance and population.

It is expected that full particulars will be released to the public within the next day or two. In the meantime, we are advised that if anyone grows anxious and wishes to reserve his berth before the rush he can do so by getting in touch with the local offices of the Chamber of Commerce.

MEAT PRODUCTS BANNED BY TEXAS

EL PASO, Texas, April 14.—Texas has joined the general quarantine of states bordering on California, to protect cattle from the hoof and mouth disease. Mayor Dudley is in receipt of a copy of a proclamation issued by Governor Neff, from Dr. L. G. Cloud, state veterinarian of Texas.

The proclamation prohibits the other kinds of meat from California into and through Texas unless inspected and passed by the United States Bureau of Animal Industry. The prohibitory measure also includes hides, wool, tallow, and kindred products. Grain, straw, hay and fodder are under a complete ban and all fruits and vegetables must be approved by the state department of agriculture, before the shipment will be cleared through Texas.

DR. P. W. HORN TO SPEAK TO CLUBMEN

So interested are business men of Lubbock in having a large representation at the Brownwood convention of the West Texas Chamber of Commerce that their every thought seems to be toward encouraging attendance.

In an effort to better inform everyone of the importance of taking a large delegation to the convention the Rotary and Kiwanis Clubs will devote their entire programs to this timely subject when they meet Wednesday and Thursday, respectively.

The following program has been arranged, and every effort will be made by the club secretaries to encourage a large attendance at both luncheons.

Why We Should Go to Brownwood—Walter Posey. Plans of the Committee—Edgar Inmon. Advantages in Attending Convention, and Why We Should Have a Large Attendance—Dr. Paul W. Horn.

JUDGE McDOWELL OF 60TH DISTRICT DIED VERY SUDDENLY MONDAY

By United News. BEAUMONT, Texas, April 14.—E. A. McDowell, judge of the sixth district court here, died suddenly Monday morning.

Judge McDowell has been one of the picturesque figures in Texas politics and was widely known as a jurist. He was a candidate for attorney general on the Clark ticket in the memorable Hog-Clark fight in the early nineties.

Judge McDowell was 64 years old and a native of Mississippi, coming to Texas when a young man. More recently Judge McDowell attracted national attention by his fight on the Ku Klux Klan.

S. M. U. STUDENTS STAGE BOOZE PARTY IS CLAIM

MANY STUDENTS FACE FEDERAL PROSECUTION AND EXPULSION

By United News. DALLAS, Tex., April 14.—Scores of students are facing federal prosecution and expulsion from school and the hitherto unblemished and fair name of peaceful Southern Methodist University has been marred with scandal as a result of a wild booze party held at a dancing pavillion on Savage Lake near here.

Each hour brings forth new and spicy details of the party, participated in by more than forty students and automobile loads of factory workers, stenographers alleged "street walkers" and girls of questionable character, whom the students brought as "special guests."

David Coffman, United States District Attorney, however, feels he needs very little new information, and will present the evidence he already has before a federal grand jury scheduled to meet next week.

Given By Fraternity, Claim. The party, according to Coffman was given by a campus drinking fraternity responsible for the publication of "The Dinkey," an outlawed fraternity magazine, which was too spicy to suit the taste of the school censors.

At the door of the pavillion, Coffman said, a student told guests the "bad news" which included a small admission fee and then the real jolt—the price of a quart of liquor.

The "special guests" whom the students had picked up in downtown hotels, and rooming houses, had arrived early and the evidence Coffman has points to the fact that they were well under the influence of the "admission fee" when the purely innocent co-ed arrived.

The co-ed took one look and many fled. Others who stayed reported to indignant mamma and papa that they had suffered on-sets at the hands of the drunken students and one co-ed said she was beaten and forced to walk home.

Empty Liquor Bottles Found. Empty liquor bottles were strewn about the floor and the dancers often were forced to kick them aside in order to find room to shuffle their feet, federal agents learned.

The demand for prosecution has become so emphatic by parents of the co-ed that local police have begun an investigation and reported Monday night that the names of the ringleaders of the party were in their hands. A general exodus of students is reported. Many were absent from their class rooms Monday and more were expected to be conspicuous by their absence Tuesday.

"We will ask the indictment of the students on charges of violating the liquor law," said Coffman. "We have evidence to prove that they have driven about with liquor in their cars, and that there was plenty of booze at the party."

Police questioned five girls from a downtown hotel who had attended the party and say the girls admitted they had been handed none too gently by the students and one girl even went so far as to declare "we were treated as if we were cattle, and not women."

Reform Wave Sweeps School. A reform wave swept over the University late Monday upon the return to the school of Dr. C. C. Seletman, its president. Promising that "strict disciplinary measures would be taken against the offending students, he said: "There will be no repetition of an affair of this kind at this school. It is disgraceful and we will investigate the affair and see that all the guilty are punished."

THE WEATHER. WEST TEXAS: Fair tonight and Tuesday, cooler Panhandle Tuesday.

Just Folks by Edgar A. Guest

ACCORDING TO THE GOSSIP Her husband had been dead a year. Today she flashed a scarlet hat. And all the neighbors smiled at that. And even grandma said: "Oh dear. It may be right, it may be wrong. Young widows never mourn for long!"

Flesh colored stockings Mrs. Brown Observed on her the other day. And months ago she changed to gray. The color of her mourning gown. Said old Aunt Agnes, with a smile: "A broken heart must be in style."

(Copyrighted 1924, by Edgar A. Guest)

CALL FOR A WEST TEXAS HISTORICAL ASS'N.

The signers hereof after months of consideration and after consultation with numbers of citizens of West Texas who are interested in its history and its welfare, have reached the conclusion that a West Texas Historical Association is one of the pressing needs of our section.

Never before has so much interest and thought been given to the history of West Texas at this time; and never before has there been such a crying need and demand for facts about the history of this section of Texas.

Our section has a glorious past. The story of its settlement, the problems and hardships of its pioneers, their struggle with the Indians, their victorious fight for law and order—all these are history, as interesting as can be found in the annals of any people. And yet few of our own people know anything of even the fundamentals of that history. Children are growing to manhood and womanhood along some of our historic roads and trails without knowing even their historic names or the part these routes have played in the development of an empire.

Source materials are daily going to waste or are being destroyed because persons do not realize their value; and the men and women who helped make and develop the West are fast dying, taking valuable historical facts to the grave with them. Our people make history in the future, our country may pass thru crises which leave behind them many a problem for the historian to work out and many a tale with which he can thrill his readers. But one fact is certain. Our country can never again be a frontier. Myriads of people may live here during the ages that are to come, but it was given to a few men and women of one single generation to see this country in its virgin condition and to turn it into a land of homes, schools, and churches thru their energy, faith and courage.

This generation of pioneers is fast passing away. As pioneers they can have no successors. They were too busy to write their history, or even keep a full record of their achievements. But there is much material yet to be had. Some of those who helped make the way for us are yet with us. Surely we ought not to lose any time in engaging in a concerted effort to preserve what still remains of the records of an interesting and thrilling past.

A call is hereby made for all persons interested in the history of West Texas, to meet at the court house in Abilene, 3:00 o'clock p. m. on Saturday, April 19, 1924, for the purpose of organizing a West Texas Historical Association.

- R. C. Crane, Sweetwater.
- J. M. Radford, Abilene.
- Mrs. Dallas Scarborough, Abilene.
- B. E. McGlammy, Abilene High School.
- W. C. Holden, McMurry College.
- L. G. Kennamer, Abilene Christian College.
- Rupert N. Richardson, Simmons College.

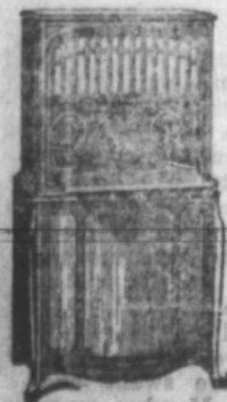

ATTENTION LADIES!

Our representative, G. H. Landrum, will be in Lubbock one day only, at 1010 Main street, Tuesday, April 15th, with a complete line of drapery materials.

Will be glad to show you and will also offer suggestions on furnishing your new home. Phone No. 888. POINDEXTER FURNITURE & CARPET COMPANY 1441p Fort Worth, Texas

You can pay a singer out \$3.00 per month, without interest. Balcony of Texas Furniture Company Singer Sewing Machine Company. Phone 97. 127-4f.

RADIOLA Super-VIII

Gets long distance with no antenna and no ground connection.

Completes—as you see it. No connections of any kind. Loudspeaker specially built in. Space for batteries inside. An improved Super-Heterodyne receiver of unprecedented performance. Simple to operate. In a beautiful cabinet. With 6 Radiotrons UV-199.

Entirely complete except batteries \$425

R. H. Martin Radio Equipment Co.

TEACHERS COLLEGE TRACTOR SCHOOL WILL BEGIN WEDNESDAY

CANYON, Texas, April 14.—The regular tractor school of the West Texas State Teachers' College will begin Wednesday afternoon, April 15. Mr. R. Bergfeld, Jr., of the Allis-Chalmers Mfg. Co., will have charge of the field work the first day of the school.

The school will continue each Wednesday afternoon until the first of June, with a different company represented at each demonstration. This is the same method which was followed last year, and it is considered more satisfactory than the old method of having many different companies demonstrate their machines before the students at the same time.

There are seventy students in the West Texas State Teachers' College who are specializing in agriculture, and it is the plan of Professor Phillips, who has charge of the Agricultural Department, to have a representative from each tractor company which is doing business in this territory spend one Wednesday afternoon at the college demonstrating the advantages of their particular machine before the students, and such farmers as may care to attend. Those interested in any particular line of tractors should write Mr. Phillips for the date or which such line will be demonstrated.

RETAIL MERCHANTS ASSOCIATION TO MEET AT TYLER

Plans for members of the Lubbock Retail Merchants' Association to attend the 24th annual convention of the State Retail Merchants' Association, to be held at Tyler, May 19, 20 and 21, have not been made as yet, but the consensus of opinion among the officers of the local association is that at least one representative from here should attend the convention.

The local association is doing everything possible to aid its members in handling open accounts, and urges that all new comers to Lubbock should establish their credit rating through the association.

TWO HUNDRED WILL ATTEND CONVENTION FROM SLATON

SLATON, Texas, April 14.—Hon. R. A. Baldwin, Unit Director of the West Texas Chamber of Commerce at Slaton made the statement today that more than 200 business men from this city will attend the sixth Annual Convention of the West Texas Chamber of Commerce, to be held at Brownwood this year. Also this city will select a Duchess and a Maid of honor. The delegation will go either by special train or in an automobile caravan.

C. OF C. CONVENTION WILL BE ADDRESSED BY MRS. WARNER

BROWNWOOD, Texas, April 14.—Interest in the creation of a number of State Parks in Texas, which recently has commanded a prominent position in Texas, following the committee's tour of the state in the interest of selecting and naming park sites, will be the subject of an address to be given by Mrs. Phebe K. Warner, of Claude, Texas, during the annual convention of the West Texas Chamber of Commerce, which convenes here May 13, 14 and 15.

Mrs. Warner is well versed on this subject, having written extensively along this line. She is a writer of merit, her stories having appeared in a number of Texas publications. She has been closely associated in the work of setting aside state parks and will give her views of the question here during the convening of Texas' biggest convention.

REASON SO MANY "PIMPLE CURES" FAIL

Salves and lotions come and go, one after the other, hoping to hit the right thing which might cause them to get results for people who suffer from skin troubles. Most of these concoctions don't even heal the outward effects, much less take away the cause of the disease.

Do you think so little of your delicate skin as to allow yourself to become the subject for these experiments? By all means use only the thing which has stood the test of time and public opinion. Black and White Ointment has not only stood this test, but you are sure of it—when you know that it is selling at the tremendous rate of nearly two million packages a year.

The way it is economically priced, in liberal packages, has helped to make it so popular, along with its dependability. The 50c size contains three times as much as the 25c size. All dealers have it.

MODART CORSETS Front Laced

BRING YOUR CORSET TROUBLES TO MRS. WILSON

Corset fitting has become a science. No one today would think of buying a pair of shoes or a new dress without a fitting. It is the same with corsets. Every figure requires a different type garment and it is a study of this difference that makes correct corset fitting.

LET OUR EXPERT CORSETIER HELP YOU

Our Mrs. Wilson has just returned from a weeks intensive training in the scientific fitting of corsets. During this time, every phase of this science was gone into. The proper type, the proper height, the correct weight—in fact, a study of corsets for every type figure to give correct fitting and comfortable wear. She will be very glad to give you the benefit of this training if you will let her help you with your corset problems.

MODART CORSETS

These corsets are most popular today. Front lace styles are shown in the complete range of sizes and styles to fit all figures. With the complete assortment available we are sure Mrs. Wilson can supply you with just the corset you require.

Hemphill-Price Co.

OKLAHOMA COUPLE MAY LOCATE IN LUBBOCK

G. M. Parrish and wife, of Idabel, Oklahoma, are here prospecting with the view of locating in Lubbock. They arrived Sunday morning and as they have several acquaintances here they will spend some time in this vicinity.

They are favorably impressed with the appearance of Lubbock and the progressiveness of the people of the South Plains country.

Mr. Parrish was at one time in the grocery business in Oklahoma.

WICKS WILL ATTEND CENTENNIAL MEETING

RALLS, Texas, April 14.—A county convention was held at the courthouse in Crosbyton Saturday at which time Attorney L. A. Wicks, of Ralls, was elected to represent Crosby county at the Texas-Centennial District Meeting which will be held at Lubbock, Saturday, April 19th.

ALBANY TO SELECT DUCHESS FOR WEST TEXAS CONVENT'N

ALBANY, Texas, April 14.—G. B. King, Secretary of the Albany Chamber of Commerce, announced today that at the regular weekly luncheon of the Albany Chamber of Commerce, to be held Tuesday, April 15th, selection of a Duchess and Maid of Honor to represent Albany at the Sixth Annual Convention of the West Texas Chamber of Commerce will be made. Albany contemplates sending a large delegation by automobile to the Brownwood convention.

WEST TEXAS TEACHERS COLLEGE BAND TO BROWNWOOD.

AMARILLO, Tex., April 14.—Announcement is made that the West Texas State Teachers' College Band of Canyon will be the official band to accompany the Amarillo delegation to the Sixth Annual Convention of the West Texas Cham-

ber of Commerce at Brownwood, May 13, 14 and 15.

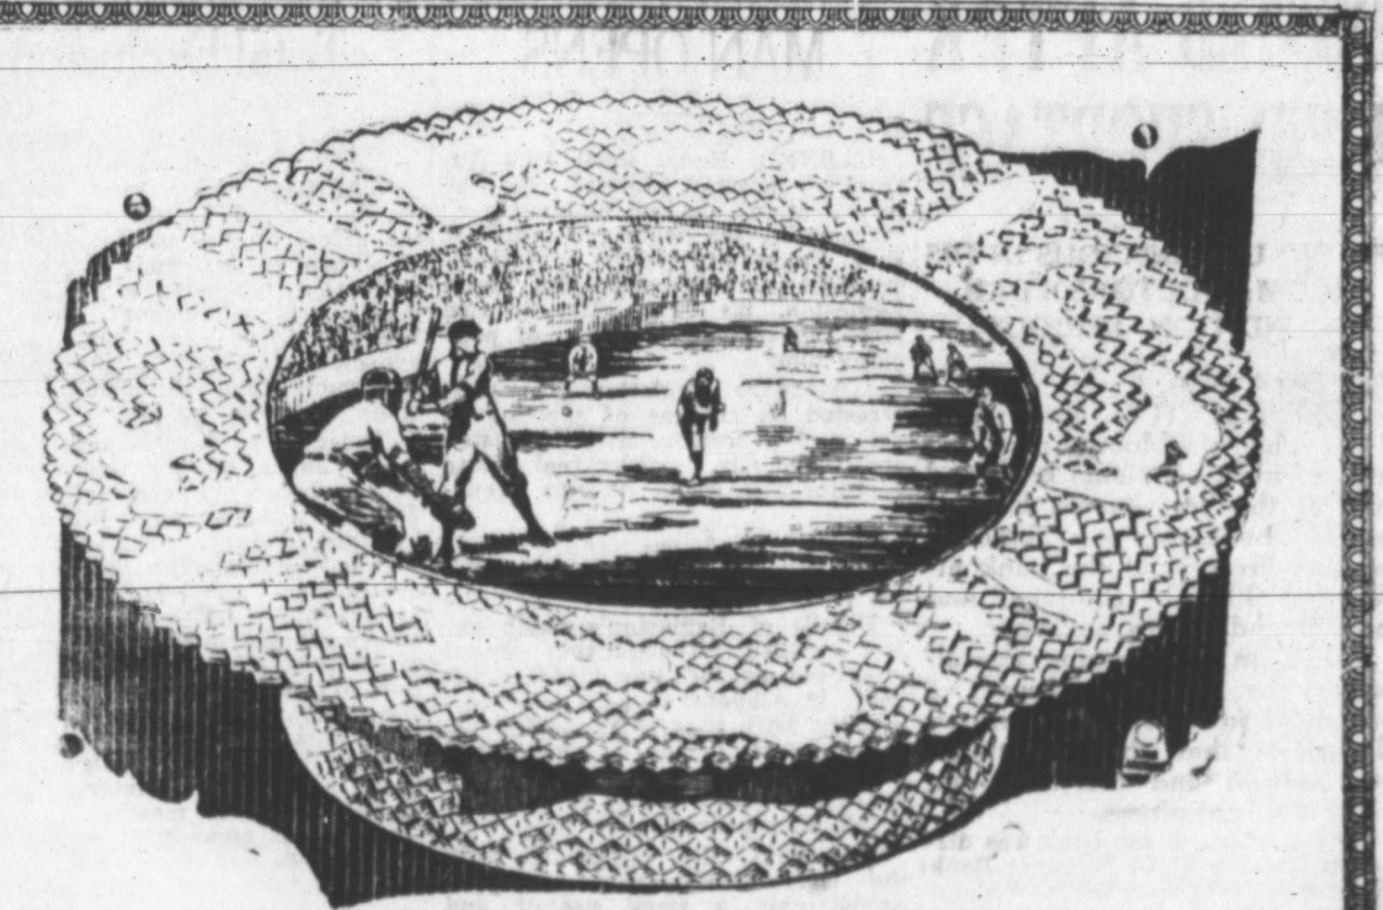

VARIETY STORE CHANGES OWNERSHIP MONDAY

TAHOKA, Texas, April 14.—A deal was closed here last week whereby H. B. Stratton becomes the owner of the Stevenson Variety Store. Mr. Stevenson came here about a year ago, and has made an eminent success in his line, and we regret to lose him and his family from our town.

ADVERTISING MAN ON JOB AGAIN MONDAY

S. H. Kennedy, one of the advertising men of the Morning Avalanche, was able to be on the job Monday morning following an illness of several days.

His absence from the office was keenly felt by all members of the force who were genuinely pleased to see him on the job Monday.

EASTER TIME IS STRAW HAT TIME

Our Spring Straws are Ready

Here they are in a large and varied assortment, the new straw hats for 1924. With Easter but a few days away, you will be wanting to make your selection now. Never has our assortment included so many new ideas—never have shapes been so assorted or weaves so wide in variety. There are soft brims and stiff brims, high crowns and low crowns, rough weaves and smooth weaves—in fact, hats of every description that are made of straw. Buy your new straw today from this lot, priced from—

\$2.50 to \$6.00

150 DALLAS TRADE TRIPPERS WILL MAKE TOUR OF SOUTHWEST AND WILL SPEND THE NIGHT OF MAY 5TH HERE

One hundred fifty strong, a party of Dallas business and professional men, traveling in a special train, will arrive in Lubbock on May 5th, at 3:50 p. m., for over night visit with our citizens. The occasion is the twenty-third annual Good-Will Tour of the Dallasites to points of interest in the Southwest Trade Territory. This year the party is endeavoring to stop at as many cities and towns in West Texas as its seven day schedule will permit.

Knowing the reputation of our business men for hospitality, the Dallas party is looking forward with keen interest to its brief call here. A letter received from General Chairman, C. L. Norsworthy, announces the time of the train's arrival and expresses regret that owing to the large territory to be covered the party will not be able to spend a longer time in our city. The trip will embrace 2,026 miles, the longest and most important ever undertaken, and stops will be made at 69 West Texas cities, Mr. Norsworthy said.

The purpose of the tour will be to bring about a closer relationship and understanding between our merchants and the all-as wholesales and manufacturing market. Members of the party will call personally at our business houses to meet our merchants and extend to them an invitation to visit the Dallas market and avail themselves of the service it affords to its patrons. The party will be made up largely of the executive officers of the large banks, jobbing houses and manufacturing concerns in Dallas. Each individual will be loaded with sovelty souvenirs and will be anxious to renew old acquaintances and make new friends. Every effort will be made to develop commercial and industrial contact and the men

from "The City of the Hour" are full of enthusiasm concerning the development possibilities of West Texas—"The Bread Basket of the Nation."

Mr. Norsworthy especially requests that, if practicable, our school children be on hand to greet the party at the depot. He promises that no child will go away empty handed.

A magnificent uniformed band of twenty pieces will accompany the Good-Will party and will render a short concert during their stop. No effort or expense has been spared to make this the greatest Good-Will Tour Dallas has ever undertaken.

Local Chamber of Commerce officials will make arrangements to have the train met by a committee of local business men who will welcome them to Lubbock and show them every courtesy while they are here.

S. S. TEACHERS HAVE COMPLETED WORK IN CLASSES

The Sunday School Training Course for teachers closed here Saturday morning after a six days session at the First Methodist church. There were four courses taught during the week, with each student taking only one of the twelve units of instruction. Twenty students were granted certificates Saturday morning which will pass them into higher grades at the next session of the training classes.

The four units were taught by the following instructors: Rev. W. H. Terry, conference Sunday School Secretary of the Northwest Texas Conference; Rev. A. L. Moore, presiding elder of the Stamford district; Rev. H. C. Ratliff, of San Antonio, who is Sunday School Secretary for the West Texas Conference; and Prof. Mims, of Las Vegas, New Mexico, who was recently elected to the faculty of the Clarendon College.

Several who attended the classes will continue the courses by correspondence, and several who had taken units prior to this session are now better prepared to each without further instructions.

The purpose of conducting the class was to train the teachers in charge of the Sunday School classes to better instruct their students.

REV. B. W. DODSON PREACHED HERE SUNDAY

Rev. B. W. Dodson, pastor of the Methodist church at Slaton, spent Sunday in Lubbock, filling the pulpit at the First Methodist church both morning and evening. Rev. Dodson, it is said, brought very able messages to the people who were in attendance. Great crowds attended the services both morning and evening.

Rev. Dodson is one of the great preachers of West Texas.

ATTENTION LADIES!
Our representative, G. H. Landrum, will be in Lubbock one day only, at 1010 Main street, Tuesday, April 15th, with a complete line of drapery materials. Will be glad to show you and will also offer suggestions on furnishing your new home. Phone No. 888. POINDEXTER FURNITURE & CARPET COMPANY 1441p Fort Worth, Texas. Subscribe for the Avalanche.

PROGRAM ANNOUNCED FOR THE MOSIAH CERMONIAL

FORT WORTH, Texas, April 14—Plans for the holding of Mosiah Temple's spring ceremonial which will be held Friday, April 25 have progressed far enough for the program for the day to be announced which will be as follows:

7-11 a. m.—Novices register, records office, 804 1/2 Houston St.
11 a. m.—Parade, leaving Burnett park.

12 noon—Refreshments for long trip across the desert for Nobles and novices at mosque, Lake Worth.
1:30 p. m.—Band concert by Mosiah Temple's famous concert band, under direction of L. Cecil Meadows.

2:30 p. m.—First and third section, Farming of caravan.
3:30 p. m.—Fireworks, fun, frivolity and mean tricks being played on unsuspecting novices.

4:30 p. m.—Arrival of caravan at the sacred city of Mecca.
8:30 p. m.—Informal dance for the Nobles and their Ladies at the mosque, Lake Worth. Music by an augmented orchestra.

Visiting ladies will be registered by the ladies' entertainment committee at the Texas hotel during the morning.
W. W. Rahl, Grand Saline and A. A. Diehl, Abilene, have filed their names with the ring committee and state they are in the race for the Shrine ring to stay. Diehl is also running for the state legislature from Van Zandt county, so he will have his hands full. The Shrine ring is given to the most popular novice in each class and Chairman R. L. Carnike announces that he expects the race to be quite spirited with six or eight candidates for the honor.

Nobles who attend the spring ceremonial can be assured they will see the biggest and best ceremonial they ever attended for the sands will be of the proper temper, as the fires will be started in the furnaces in ample time to make the novices step high, wide and handsome.

Mosiah Temple's famous glad-hand committee will be on hand all day to greet the out-of-town Nobles and care for their wants. The slogan for the day will be, "If you don't see what you want, ask for it."

It is expected the class of novices will number well over 10 so the camels will have plenty of fodder for their ravenous appetites the day of the ceremonial.

How Does Home Look to Tired Eyes?

DAYS end... home from work weary man... a rest well earned... that's the time when a bright, attractive home means everything to tired eyes and ragged nerves.

Whether it is a mansion or a cottage there can be no real rest or comfort in the midst of worn or dingy furniture and woodwork. Use Devoe Aquaspar Varnish and make the disquieting, drab surfaces cheerful and attractive.

Devoe Aquaspar Varnish is easy to apply and dries with a brilliant lustre. It is extremely durable, and best of all is waterproof. This means that it will not turn white, blister or crack under the severe extremes of hot or cold water.

This Coupon is Worth 40 Cents

Fill out this coupon and present it to us within 30 days. We will give you Free a 40 Cent can of any Devoe Paint and Varnish Product you want, or a reduction of 40 Cents on a larger can.

PASSING THE BUCK.

The Avalanche has received a communication from a Lubbocker, who lives on Broadway or at least has property there, wanting to know a lot of things that the balance of us would like to know, and which information we will get sooner or later, and the Avalanche will endeavor to inform this reader through the columns of the paper as soon as we can. This reader says, "I have watched with close interest everything printed regarding the paving, but why cannot we get something on this in terms which the average man can understand covering the details; especially as to what width it is determined to pave the different streets; in my case, Broadway, but others on other streets are equally interested. Personally, I have made many inquiries, but seems there is nothing definite on it. Next after naming the width of the proposed paving, what is it going to cost the average home owner with his fifty-or-seventy-five foot lot-including the curbing?"

"If you can give us an approximate figure on the above, I believe your article will be read with as much or more interest than anything you could devote the space to.
"Next, I would like to bespeak your influence and effort toward getting the paving on Broadway to cover the entire width of street. To me it seems a shame to spoil as fine a street as this is, by cutting down the width by narrowing paving. This street is already carrying heavy traffic and with opening of the college, will be much heavier. Should we pave it only part way now, it will be necessary in near future to widen the paving with the added expense of tearing out and rebuilding the curb. As owner of two lots on Broadway, I prefer paying the additional expense and paving it same width as down town. And believe the majority of home owners will agree likewise if put before them in right light. I do not wish to be quoted personally in the matter, but would like to get your interest in the matter."

What we do not understand about folks is, that they are averse to using their name in the matter. The writer is a property owner, and has a right to know what the paving is going to cost, and how it is to be put down, but as this writer so desires, we will never let anyone know who it was that was asking for information that he was entitled to, but did not have the courage to say so, except to the editor-who he requests to go in between him and all danger of criticism and find out.

We agree with the writer that the people should know, the very things that he is talking about, and we believe that too much public work is done without giving the people interested, the information that they should really have. The public would have a more friendly feeling toward public officials, and the people in general would be better satisfied.

GOOD LOSERS.

A dispatch from Canyon, reporting the results of the interscholastic league meet there, contained the following paragraph that appeals to us: "One of the most conspicuous features of the Interscholastic League Meet which took place here Friday and Saturday, was the sportsmanlike spirit of the young people who took part in the contests. Almost without exception, the decisions were accepted cheerfully and the boys and girls who lost, quickly hid their own disappointments and joined in the joy of the fortunate contestants. This fine spirit manifested by the boys and girls of the twenty-one counties that make up this interscholastic district, makes it very easy to predict that the citizenship of this section will constantly grow in its sense of justice and fair-play—that the truly American spirit will continue to be the spirit of the plains country."

This is one of the outstanding characteristics of West Texas people. This was very forcefully proven in the recent contest for the location of the Tech College. The West Texas applicants were recognized as "good losers" to a man. Quite a number of West Texas towns were in the race for the college, and every one of them believed they had the very best location, the best proposition and all that, but when it was finally settled, and the location was announced, they each accepted the decision of the committee in a sportsmanlike manner, and were quick to send congratulations to the winner. The manner that characterized the spirit of the losers, was noticed and often commented on, and it was the phrase that was made by the late Mayor Spencer, that has caused Lubbock people to earn for themselves the reputation of being "good winners," for it was this that he urged from the time the location was announced and the people of Lubbock have been doing their dead level best to live up to that principle.

This is one good reason why Lubbock people should go to the Brownwood convention in large numbers, to prove to the people of the west that we are not at all selfish with the honors, and that we want the people throughout the West to understand that while the college is located at Lub-

bock it is their college as well as ours. It is an institution paid for out of public funds and their money is invested in it, the same as ours, except the little additional money we were glad to invest in it to have the honor of having this great institution located here. Anyway, we propose to be as good winners as the other fellows were good losers.

MORE THAN A BILLION DOLLARS FOR ONE ACT OF CONGRESS.

The sixty-eighth congress has been convened four months. The average expense of running the government is \$10,000,000 a day. This money comes principally from the pockets of the business men and citizens.

After 121 days at 10,000,000 a day, we have passed one appropriation bill. Does anybody care? Not a tinker's dam. The political coyotes have exhibited themselves in action—a new sensation every day. Indictments, resignations, talk of impeachments, private characters assaulted, general destruction and a disgraceful party scramble for advantage has aroused the public cheer.

Has leadership vanished from the earth? Have both the party in power and the party out of power become paralyzed by the monotonous march to the machine tom tom? Have we become so sordid, so pleasure crazed, so selfish, so sodden that we don't care what happens in village, county, state or nation so long as we can turn the tide to personal advantage and find our joy in gloating at character assassination?

John wants a contract to build catch basins in the village or haul the official garbage. Result? Silence of his soul and a vote for the gang. Bob wants to swing a few road contracts in the county or state and get a rake off—result? Tries to silence or prostitute the press, mislead the people and make them like it. Dick would exploit the nation by slipping over a special tariff schedule—call in Wall Street to ruin whatever opposition appears. Wrap the American flag around the building of "American industry" and make the people cheer. Have the people become so brow-beaten that they dare not even whisper, or are they so self interested that they will not stand up?

One hundred and thirty-six years ago Washington wrote to Lafayette: "The greatest danger to this new republic will be the listlessness of the voters."

Think it over. The answer of course lies in the ballot, a ballot not aimed at the destruction of this party or that but one aimed at placing in office men who really represent a virile Americanism, men who will answer publicly for their activities and their votes, men who are not afraid to be heard.

GRADE-CROSSING PSYCHOLOGY.

When ill, people will spend weeks or months in bed and money for doctors, nurses and medicine, with the hope of saving their life.

But, judging from the number of grade crossings accidents, many of them place their life in imminent peril by dashing across the track in front of a fast-moving train and even into the train rather than spend 10 seconds waiting for the train to pass. The psychology of this is not easily discernible. It is evident, however, that not grade crossings, but carelessness in effecting a crossing is the seat of trouble.

Many devices have been installed for protection of the public at grade crossings but the most effective safeguard is for drivers of autos to stop, look and listen. North Carolina enacted a law requiring autos to stop before crossing and in six months with this law in effect, in spite of increase in registered autos, grade crossing casualties on the principal railway system of that state were reduced 50 per cent, fatalities being 4 instead of 8, injuries 11 instead of 22.

When it is considered that such a law is intended to safeguard the drivers of autos against injury or death at crossings, it would seem that they above all others should favor its enactment.

If the "stop law" effects such a reduction in North Carolina, how much greater would be the saving of life from passage of a similar law in all states.

THE SOUTH PLAINS DRUGGISTS.

In behalf of the people of this city, the Avalanche extends to the visiting druggists a most cordial welcome to our city to day as they assemble here to attend the Retail Druggists Association which will go into executive session this afternoon. We are glad you selected our city as a place to meet today, and we hope you will enjoy your visit to Lubbock.

We are sure that you will be cordially greeted at any business house in the city, and especially you find a bunch of regular fellows in the drug business in our city. They are wide-awake, progressive and congenial, and they will be as one in their welcome to you.

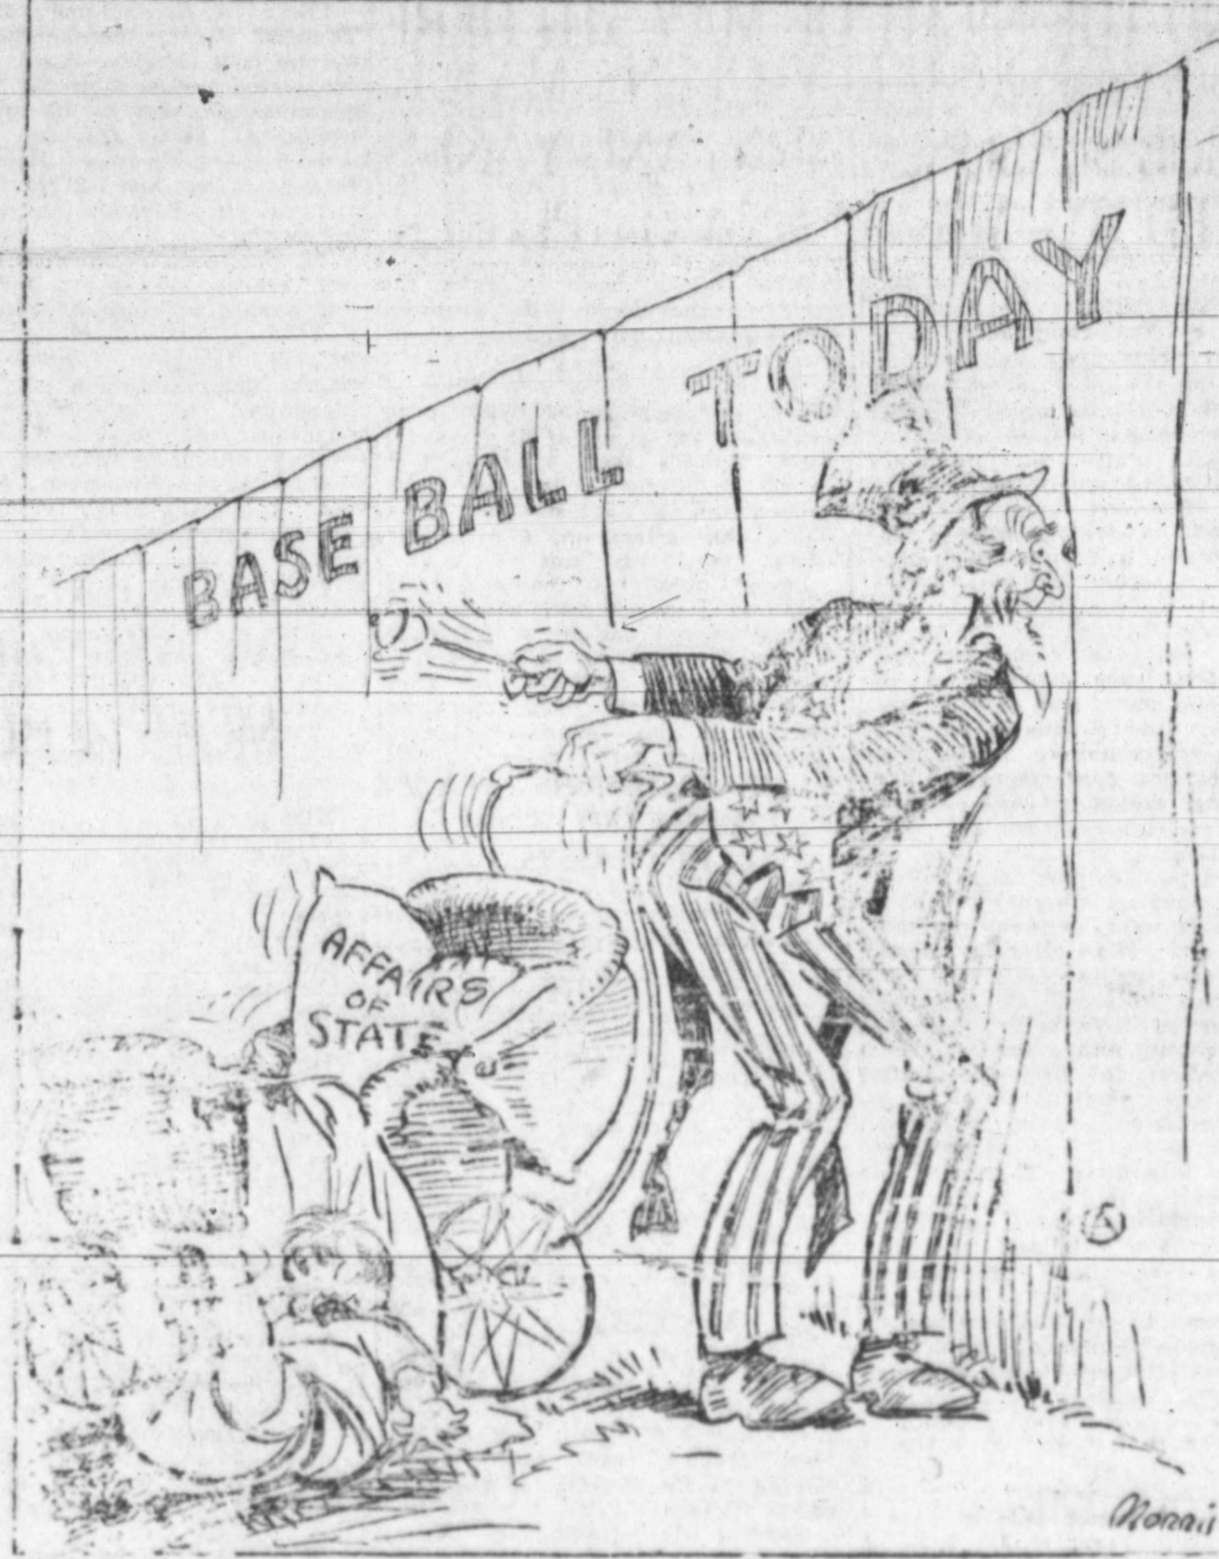

Lubbock, as you well know, is fast becoming a wholesale center and you will no doubt have more or less business with the druggists of this city, and we are sure that you will find in them a real high type of business men, and an honor to the fraternity.

THE POLITICAL VAUDEVILLE.

Our readers may tire of our frequent mention of the extravagant manner in which the affairs of this nation are carried on, but we are absolutely disgusted with the whole affair. The people of this nation are witnessing the greatest mudslinging contest that has ever been waged in national circles and over national affairs, and we believe that average American citizen is thoroughly disgusted with the overdone partisan politics. If half the charges are true, why are the accused not punished. We actually believe that if this rottenness continues that it will cripple or even destroy prosperity, as it will destroy the confidence of industry and have a tendency to slow down all industrial activities. What a price to pay for political vaudeville.

MARKETS

GERMAN ACTIONS HAVE SLIGHT EFFECT

By EDWARD J. CONDLON (United News Financial Editor.)

NEW YORK, April 14.—To say that the stock market Monday failed to take cognizance of the acceptance by the German government of the Dawes report in principle would be under-stating the fact. The market did take note of the German acquiescence to the report, but only to the extent of glancing back a few days to the bull markets of earlier in the month, during which time, it is now believed, the market fully discounted the effects of this report.

Certainly professionals bearishly inclined met with little resistance. After hammering the steels and motor shares last week on the news of curtailment, the attack shifted to the oils, Codsen, Marland and Houston touching new lows for the year. American Can lived up to its reputation as the football of the industrials by leading in a short-mid-day rally on the news from Berlin, of the German acceptance of the Dawes report, only to slip back in the later dealings.

The new highs for the year for both French and Belgian exchanges today came as the direct result of the cables from Berlin. The smoothing of the path for the reparations commission, is, of course, hastening the day when substantial payments will be paid by Germany.

The decrease in cotton consumption during March, according to the bureau report at the opening Monday morning, was about in line with expectations. The total consumed during the months ran some 484,000 bales as against 308,000 for February. Weak cables from Liverpool coupled with late southern selling forced the market 45 to 100 points lower at the close, with the final tone decidedly weak.

Table with 2 columns: New York Cotton (Jan. Mar. May, July, Oct.) and values for Open, High, Low, Close, Y.-Close, and Tone.

Table with 2 columns: New Orleans Cotton (May, July, Oct., Dec.) and values for Open, High, Low, Close, Y.-Close, and Tone.

Table with 2 columns: Liverpool Cotton (May, July, Oct., Dec.) and values for Open, High, Low, Close, and Tone.

PRE-EASTER DEMAND FOR EGGS BRING BETTER PRICES

CHICAGO, April 14.—Seasonable weather over a wider area has brought more eggs to market. Easter demand has brought additional buyers into the market and values are a little firmer than the closing prices of last week.

An increasing demand for live poultry is noted, both for current use and for the approaching Jewish holidays. Market quotations are about the same as a week ago, but extra fine carlots of large live fat hens demand a premium. The dressed poultry market presents a different phase. Large, heavy, dressed fowl are selling at a discount compared with lighter weights, as they are too heavy for family use. There is a large supply of poultry in storage to supplement current offerings.

At this time of the year when the care of little chicks presents so many problems, the following item will prove of interest:

"There are being noted frequent instances in which earlier hatched chickens show tendency to leg weakness and do not continue to grow as they should. Though sour milk or buttermilk, succulent green feed, exercise and ample direct sunlight are important, the difficulty may be remedied or avoided by including in the feed cod liver oil, says the U. of N. Agricultural College poultrymen. The practice of feeding cod liver oil should be followed, especially if because of weather conditions one is obliged to keep the chicks confined and in that way restrict the amount of direct sunlight which is so essential for normal growth."

"Cod liver oil should be fed at the rate of three pints to one hundred pounds of mash. The oil should be thoroughly rubbed into the mash and only quantities such as can be used up within ten days should be mixed."

A weak and lower cheese market has brought about the diversion of a large supply of milk from cheese factories to the creameries and this is reflected in the increasing receipts of whole milk butter.

Under pressure of heavy supplies, the butter market continued to sag. The Chicago market on 80 score standards reached the lowest point of the season—37 cents on April 9, a decline of 3 1/4 cents from the quotations of April 4.

Fort Worth Livestock. TUESDAY FORMALLY OPENS MAJOR LEAGUE SEASON; GIANTS AND YANKS SLATED TO WIN PENNANT—PEGLER

By WESTBROOK PEGLER (UN Staff Correspondent)
 NEW YORK, April 14.—Following the spring parade of the stockholders, an artistic allegorical pageant, sixteen major league ball clubs will resume what are commonly known as hostilities in eight cities Tuesday afternoon, amid noise, music and general merrymaking. The customers will make the noise, the cash registers will make the music and the stockholders will make merry.

Connie Mack, of the Philadelphia Athletics, will appear in the pageant as "the spirit of the century plant," an extremely patient, silent, and deliberate vegetable, which, like the Athletics, does not do a thing except once in 100 years.

Uncle Charlie Ebbetts, owner of the Brooklyn Dodgers, known as the padrewiski of the cash register, is said to be cast as the "half-soul of liberality" and the leading economists of the city are hopeful that he will give a recital of the famous Magnates Symphony. "Every bit, added to what you've got," is an added musical treat.

The National Association of those who have fought with John McGraw has bought a bank of seats near the third base line at the Polo Grounds and will send a cheering section to applaud John J. McGraw, who is now a stockholder, when he appears in "the spirit of gentleness."

In addition to all this, there will be a first ball-throwing event in each of the eight cities. Clark Griffith, of the Senators, has signed an athlete named Calvin Coolidge, who has never thrown out a first ball before. He will snap the presidential soupbone before the game between the Senators and the Athletics. In New York, Mayor Hylan, a veteran first ball pitcher, will try to break his own record of 12 feet 8 inches, a sensational heave for a first ball pitcher.

The baseball schedule of the day is as follows:

The dismal Dodgers of Brooklyn vs. the Giants at the Polo Grounds.
 The Pirates and Reds at Cincinnati.
 The Cubs and Cardinals at St. Louis.
 The Boston Braves and the Phillies at Philadelphia.
 American League:
 The Yankees and Red Sox at Boston.
 The Athletics at Washington.
 The Cleveland Indians and the Tigers at Detroit.
 The St. Louis Browns and the White Sox at Chicago.

Although some baseball players are quite life-like, the game itself is different from life in general in one important respect.

A hopeless ball club such as the Phillies or Dodgers always gets another chance to make the same mistakes over again and at this time of the year when all clubs have a standing of .000, the worst are like the best. John Heydler, president of the National League always issues a statement shortly before the start of the season in which he comments on the growth of interest in the game and leads up to the climatic declaration that the weaker clubs have been made stronger during the winter, for which reason the contest is certain to be more spirited. In a figurative sense this may be true for the fragrant camembert, as it becomes worst, also is said to have become stronger.

The Boston Braves are the only club in the National League who will enter competition showing improvement. They gained a great shortstop in Beauty Bancroft and two competent journeymen outfielders and hitters in Casey Stengel and Bill Cunningham through a deal with the Giants.

The Cincinnati team which finished second or two consecutive seasons, out rushing the Pirates in the last few weeks each time, is stronger where extra strength was needed. Two gifted minor league pitchers, Jake May, of Vernon, and Tom Sheehan, of St. Paul, and a throw-away star of the American League, Carl Mays, have been recruited to the roster.

The Pirates, a first division club were accused of singing too much in those two seasons.

Composed of musical young men,

WILSON HIGH SCHOOL PLAYS HERE TODAY

Wilson high school, who, in the first game of the season for the local lads, held them to a tie of five in a seven inning contest, will be here this afternoon, and will meet the local lads at the Merrill park for the second official interscholastic League game of the season.

The local lads have been working hard for a week in preparation for this game, and for the District Meet which opens here Friday. This will be the last game to be played here before the District Meet opens.

The game will be called about 4:15 p. m.

the Pirates, according to widespread report in the baseball community, cared more for the sounds of their voices harmonizing under the showers than for the thunders, they are called, popular acclaim. They were more eager to get thru work and into the bath than to fight it out with the Reds, who have no ear for music. As Rabbit Maranville was choir master of these harmonious absolutions, Barney Dreyfuss, owner of the Pirates, tried to peddle him during the winter. Nobody wanted to buy an expensive tenor shortstop, however, so Maranville remains a Pirate, but only as substitute.

The Giants naturally are chosen to win the pennant again. The only question in the American league is "where will the rest of them finish?" Because the Yanks, although ageing now, are still good for one more season at their best. Babe Ruth continues to avoid the moonlight which so dazzled his eyes a few seasons ago that he couldn't see by day. His reform, if not permanent is at least prolonged.

Detroit, Cleveland, and Philadelphia, in the order named, appear to be the other first division teams in the American league. The White Sox have never recovered from the shattering effect of the blast of 1920; the Red Sox have never recovered from Harry Frazee; and the Browns will need some time to recover from George Sisler's attack of influenza.

As to the Senators, they have always been merely a supporting cast for Walter Johnson.

to take both first place and other positions which count for points.

All in all Friday morning will bring several hundred school students to Lubbock, and in addition to this, many of their parents will accompany them. This, in connection with the Automobile Show being sponsored by the Avalanche, will give Lubbock two of the fullest days, and two days of the best entertainment that has been offered in a long time.

to Comiskey Park to watch the Sox and lecture them a little, Chance has gone to Mercy Hospital for treatment. Physicians do not believe his condition is serious and there is a bare possibility that he will be able to attend the game if the weather is warm enough. But he must remain in the hospital several days.

Following a two-hour practice at the Southside Park Monday morning, Johnny Evers dismissed the players and went to call on Chance.

Chance's face beamed after Evers told him about the snappy practice and his belief that the Sox would beat the Browns in the opener.

PLANS COMPLETE FOR DISTRICT MEET HERE

With the District track and field meet due to convene here next Friday for a two-days session, at which time contestants will be decided to represent this district at the state meet, things are beginning to hum around the local high school, and the cinder path hounds are putting in long hours each day in intensive training.

The meet this year promises to be one of the greatest—in fact, the greatest—that has ever been held in the history of high schools in West Texas. Schools in Class A, Class B, and rural, will be here from all parts of the plains territory, and from all reports they are coming with some of the best drilled teams ever put on the track by them.

And the local team is going to be no exception to the others, either, for in the fifteen or twenty men who have been training for the past several weeks, Lubbock high has one of the best all-round track and field squads that ever circled the path. Several new forces are seen in the squad, including one or two who came here from other schools, and who in their former locations have hung up some good records.

From two to four men will be entered in every event, according to Coach Lawrence, depending somewhat on the race and its merits being contested. In most of the events, coach has very little worries—in fact, he has not a single entrant in which he fears less than runner-up positions, and in most instances, he of course, is expect-

LAW SUIT LOOMS AS DISPUTE FOR CARPENTIER'S SERVICE THICKENS

By United News
 NEW YORK, April 14.—The rival business houses which are bidding for Georges Carpentier's services may go to law for a decision as to whether Carpentier shall be allowed to fight Tommy Gibbons in Michigan City, Ind., before he fights Gene Tunney in New York.

Eddie Kane, manager of Gibbons, and Jack Curley, agent for Carpentier are on the Levithan bound for Paris to interview Carpentier's manager, Francois Deschamps, hoping that he will decide in favor of the Michigan City date.

Hearing of this, Billy Gibbon, manager of Tunney, cabled Deschamps Monday, threatening a court suit to "queer" the fight game in Indiana, if Carpentier should decide against Tunney.

Curley, claiming to have the right to make contracts in Carpentier's behalf, engaged Georges to fight Gibbons at Michigan City on May 31. Later Gibbons claimed to have an agreement with Carpentier to fight Tunney here June 16. Gibbons insists that Carpentier must not fight any one else in the meantime.

Use Window Shades to Tone the Light

You know how harsh and uninviting a room is when lighted directly by a frosted bulb from the ceiling. At atmosphere of harmony and restfulness is magically produced in this same room by simply substituting a number of softly shaded lamps in place of the glaring electric bulb.

In this same way window shades, if properly selected, soften and tone the sunlight, spreading a lovely mellowness over the room. We carry a variety of beautiful tone colors in

Columbia
 GUARANTEED
 WINDOW SHADES and ROLLERS

These colors tone the light, throwing a glamour over the furnishings and weaving everything in the room into a pleasant symphony of colors. Ask to see some of them the next time you come in.

Send your name and address plainly written together with 5 cents (and this slip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing Chamberlain's Cough Remedy for coughs, colds, croup, bronchial, "flu" and whooping cough, and tickling throat; Chamberlain's Stomach and Liver Tablets for stomach troubles, indigestion, gassy pains that crowd the heart, biliousness and constipation; Chamberlain's Salve, needed in every family for burns, scalds, wounds, piles, and skin affections; these valued family medicines for only 5 cents. Don't miss it.

WEAK AND NERVOUS

Georgia Lady Says She Has Grown Stronger by Taking Cardui—Thoroughly Convinced of Its Merits.

Clyattville, Ga.—In a statement which she gave at her home on R. F. D. 1, here, Mrs. T. A. Copeland said: "I have, I believe, avoided a good deal of suffering by the use of Cardui, and am thoroughly convinced that it has been of great benefit to me.

"Before the birth of two of my children, I grew so weak and nervous I could hardly go, and suffered . . . I had a friend who told me of Cardui, so the next time when I grew so weak and run-down I began to use it. I used it three months. I grew stronger and less nervous. The baby was stronger and a better baby, and I really believe it was because I built up my strength with this splendid tonic.

Cardui has been in successful use for more than forty years. Thousands of women have written to tell of the beneficial results obtained by taking Cardui, and to recommend it to others.

It is a mild, harmless, purely vegetable medicinal preparation—a product of practical experience, scientific investigation and pharmaceutical skill. Sold everywhere. NC-159

As They Come and Go

HOW, WHY, WHEN AND WHERE

T. B. Smith, of Ryan, Oklahoma, was in Lubbock Monday visiting with friends and prospecting. Mr. Smith stated that he might decide to come to Lubbock to make his home later on.

Ed E. Weaver, of Texarkana, candidate for State Railroad Commissioner, spent Monday working in the interest of his candidacy in Lubbock.

J. E. Patillo, business man of Lorenzo, was looking after business interests here yesterday.

Mr. Thomas of Wynnewood, Okla. has recently moved with his family to this city and expect to make this city their home. We are glad to welcome this family to our city.

E. B. Tabb, of Brownfield, attended to business matters in Lubbock Monday. Mr. Tabb reports things O. K. in his section.

W. M. Strother, of Altus, Okla., passed through Lubbock Monday on his way to Meadow, where he will spend some time looking after business interests.

A. B. Ater of this city, left Monday for Sweetwater, where he will spend some time visiting.

Harvey P. Lynn, of San Angelo, representing the United States Rubber Company, covering a large portion of West Texas, spent the weekend in Lubbock looking after business for his company. He left Monday for Seagraves.

Mr. and Mrs. George Coleman, who came in Friday of last week from Hillsboro and buried their little son in the Lubbock Cemetery, will remain in this city for an indefinite time, and will probably make their future home here.

J. L. Tunnell, and family, of Slaton, spent the day visiting with W. B. Copeland and family Sunday.

Claud E. Harding, accompanied his family home from Plainview Saturday, where they had been visiting him. He remained in Lubbock until Monday afternoon.

L. C. Boyd and son, of the New Hope community, were in Lubbock on business Monday. They report a good rain and will, this week, begin the planting of their feed crops.

Rev. Leverage, pastor of the First Methodist Church at Ralls, was here Monday looking after business.

H. E. Logan, prominent attorney of Arkansas City, Arkansas, is here on a prospecting tour of the Plains and will probably locate in Lubbock.

L. C. Boyd, who resides near Slaton, was here transacting business Monday.

E. L. Alford, of four miles west of Lubbock was in town Monday.

Rankin Dow, who is attending the West Texas Teachers' College at Canyon, spent the week-end here with home folks, and returned Sunday to his studies. He's making splendid progress in his studies, and is well pleased with the Canyon school.

R. B. Haynes, editor of the Hockley and Cochran County News, visited his family at Tahoka Sunday.

District Judge Clark M. Mullican left Monday morning for Lamesa where he will work in the third and final week of the April term of the district court there. Several liquor cases are to be tried this week.

G. H. Landrum, representing the Pindexter Furniture and Carpet Company, of Fort Worth, arrived in Lubbock Monday and will spend today here in the interest of his company.

Helen Hubbard Swift, district home demonstration agent, passed through Lubbock Sunday enroute to Crosbyton where she will conduct demonstrations in interest of the county home demonstration agent's activities in that county.

W. J. Peoples, of the Ralls section was a business visitor in Lubbock Monday. He reports a great prospect for the coming year.

W. R. Guinn, of the Slaton section, was in Lubbock on business Monday.

Uncle Josh Clark and wife, of Comez, passed through Lubbock Monday enroute to Brownwood and other points south and east, where they will spend quite a while visiting their sons and daughters.

Mrs. A. M. Eubanks, who has been spending a few days with her husband, who is a worthy employee of the Avalanche Publishing Company, returned Monday afternoon to Canyon, where she is attending the West Texas Teachers' College.

Chas. Graham, of Fort Worth spent Monday looking after business interests in Lubbock.

G. M. Gameney, dry goods merchant of Ralls, spent Monday visiting and attending to business interests in Lubbock.

W. L. Copeland, of Stamford, with his son, W. B. Copeland and family of this city left Monday on their return home.

J. F. Courtney and family visited with W. B. Copeland and family in this city.

Mrs. E. W. Dodson came up Sunday evening, accompanied by her son from Slaton, and attended services at the Methodist church. Rev. Dodson who had spent the day here, returned home with them.

W. L. Patillo, real estate man of Lorenzo, was here looking after business matters Monday.

R. W. Harrist and wife, accompanied by their daughter, were here from Slide, Monday.

Rev. Chas. W. Ferguson is here this week packing his father's books and office fixtures, preparatory to moving them. Rev. Ferguson has been at Booker, on the North Plains since conference last fall but has been assigned a work in Fort Worth, and will move there in a short time.

Fred and Grand Shell, cotton men of Dallas, of the firm of Shell Bros., were here Monday looking after business matters.

T. J. Pierce, well known real estate man of Brownfield, was here Monday. Mr. Price is one of the veteran real estate dealers of that place. He went to Terry county twenty years ago, and was for a number of years county clerk there.

Rev. J. E. Eldridge, pastor of the Methodist church of O'Donnell was here for a while Monday, looking after business matters.

Mr. and Mrs. T. E. Sawyer, of Idalou were here Monday.

Mr. and Mrs. E. P. Earhart of this city left Monday for Arizona where they are going to visit with a son who is in that state seeking better health.

E. E. Wilson, of Slaton, was a business visitor in Lubbock Monday. Mr. Wilson is a candidate for commissioner of precinct No. 2 Lubbock County.

PURDY'S PHILS
Soon now the boys will be catching nine-inch fish which will be six feet by next fall.

FARMERS URGED TO TEST COTTON PLANTING SEED
S. E. Cone, local seed and grain dealer, insists that farmers should be very careful to have all cotton seed tested for germination before planting, due to the fact that tests he has made just recently with the electrically heated germination test at his office, reveals the fact that a great deal of the seed will not germinate more than four to six per cent, while in some cases the germination is as high as ninety per cent and better of gin-run seed that were saved at the very beginning of the picking season.

It would be nothing short of tragic for a number of Lubbock county farmers to plant seed of low germination percentage and fail to make a good crop because they didn't take

the necessary cautious steps of making germination tests. It is extravagance for any farmer to plant seed of low germination when seed of a high germination percentage are available, and it would be a big risk for any Plains farmer to overlook the necessity of making these important tests before going to the trouble and expense of planting his field. If the seed test good, very well. If they don't it's not too late to save the opportunity of making a crop by buying good seed and the investment will be worth making.

METHODIST PLAN \$50,000 BUILDING AT AUSTIN

AUSTIN, Texas, April 14.—Extensive plans which call for the construction of a \$50,000 building to house the Wesley Bible Chair at the University of Texas, the addition of an auditorium to the University Methodist church, and the purchase of three lots adjacent to the present location of the church have been announced by Rev. D. E. Hawk, presiding elder of the Austin district of the West Texas Methodist Conference. A total amount of \$500,000 will probably be spent on religious buildings at the University during the next year by the Methodist denomination. It is stated.

Architects are now at work preparing the plans for the Wesley Bible classes are taught for which students receive degree credit in the University. Actual construction will be begun within a short time, and the ceremony for laying the corner stone will be held May 7.

The former extent of the University Methodist Church property has been enlarged by the purchase of three lots at a cost of \$15,000 and it is planned to build within the next three years a three-story building costing a quarter of a million dollars. The new building will be known as the Methodist University Center and will be constructed especially for the benefit of University students. Funds for the immediate construction of an addition to the University Methodist Church have been appropriated by the general board of church extension, and work costing \$30,000 will be started this summer. The addition will be in the form of a two-story wing east of the church and will enlarge the seating capacity 900 to 1,250 persons. The community building will have a roof garden, a gymnasium, reading and Sunday school rooms, and an auditorium with a seating capacity of persons.

The Young Men's Victory Class of the Baptist Sunday school which met at the Lyric theatre Sunday morning was well attended and unusual interest was shown in the services.

G. W. McDonald, dean of Wayland College, at Plainview, spoke to the young men for a few minutes. He also preached at the regular service hours at the Baptist church.

Rev. B. W. Dodson, pastor of the First Methodist Church, of Slaton, preached at the local church at the regular morning and evening service hours and was heard by large congregations at each service.

Dr. Dodson is one of the well known preachers of this section and has a large following of friends throughout the plains section.

The Sunday school was the largest we have had for some time and there was much interest shown in every department. Each class showed a renewed interest in their work, and in fact, every officer and each individual seemed to have a spirit of optimism, and renewing of energies and the outlook for a wonderful increase in the attendance is very favorable.

The superintendent announced that only a few more were needed

HUNDREDS WILL ATTEND AUTO SHOW HERE

Hundreds of people will be in Lubbock Friday and Saturday to attend the Morning Avalanche Automobile Show which will be held at the West Texas Gray building on Main street, and they are assured of enjoying their visit as every arrangement for their entertainment has been made.

An unusual number of fine automobiles will be displayed, and with the Dean Floral Company workmen in charge of decorations, the building will be attractive throughout.

AT THE CHURCHES

VICTORY CLASS SERVICES WERE WELL ATTENDED

The Young Men's Victory Class of the Baptist Sunday school which met at the Lyric theatre Sunday morning was well attended and unusual interest was shown in the services.

G. W. McDonald, dean of Wayland College, at Plainview, spoke to the young men for a few minutes. He also preached at the regular service hours at the Baptist church.

Methodist

Rev. B. W. Dodson, pastor of the First Methodist Church, of Slaton, preached at the local church at the regular morning and evening service hours and was heard by large congregations at each service.

Dr. Dodson is one of the well known preachers of this section and has a large following of friends throughout the plains section.

The Sunday school was the largest we have had for some time and there was much interest shown in every department. Each class showed a renewed interest in their work, and in fact, every officer and each individual seemed to have a spirit of optimism, and renewing of energies and the outlook for a wonderful increase in the attendance is very favorable.

The superintendent announced that only a few more were needed

to put the attendance over the six hundred mark, and he expected to more than reach that number next Sunday. He also stated that the goal for the next two months was 1,000 in attendance, and was confident that this figure would soon be reached.

The primary department will have an Easter-egg hunt next Friday afternoon from four to six, and the entire membership of that department which is over a hundred are urged to attend.

The pipe organ music was greatly enjoyed, and a large number of out of town people were in attendance upon the service, as well as a good representation of members of other churches. We are always glad to have you at our church. Come again. Church Reporter

LUBBOCK PEOPLE WED AT TAHOKA SUNDAY

TAHOKA, April 14.—Mr. R. J. Johnson and Miss Francis Johnson,

both of Lubbock, were united in marriage here last night at eleven o'clock at the Methodist parsonage. Miss Johnson formerly lived at this place. They will make their home in Lubbock.

COTTONSEED MEAL and HULLS

There is no question but that cottonseed meal grows in popularity as its intrinsic value becomes known. There is no foodstuff known that will place the same amount of fat on cattle within so short a time as cottonseed meal combined with cottonseed hulls, and this fact is recognized wherever this feed is used. When fed to dairy cows, its use increases the quantity of milk, improves the color, and the cream therefrom makes richer and better butter.

PLANS FOR WEST TEXAS ORPHAN HOME

The West Texas Children's Orphan Home is to be a reality. The Board of directors, consisting of leading business men, Monday morning at the City Drug Store, met and formulated plans for the erection of a \$40,000 building program. The home is located at Lubbock, two miles south of the courthouse on the Lubbock-Tahoka road, and actual work has already begun. Excavations for the basement and the foundation has been completed. This home belongs to the people of West Texas, with Lubbock taking the lead. A committee soliciting funds will call on you soon, treat them courteously, give them a liberal subscription and let them pass on for they too, are busy men. We are asking the people of Lubbock for one-fourth of the total amount, which is \$10,000. Lubbock has never failed to put over every worthy enterprise, and they will not fail in this. It is surely a greatly needed institution.

If this committee should not happen to see you, fill in the blank below and mail it to the secretary.

WEST TEXAS ORPHAN HOME

I hereby agree to subscribe the amount below for the purpose of building, equipping and maintaining a modern fireproof home for the orphan children of West Texas, located at Lubbock. Payable as follows:

Cash, 1 Mo. _____

LUBBOCK COUNTY POLITICAL CONFERENCE MEETS SAT.

The Lubbock County Farm Labor Political Conference meets at Lubbock at the courthouse, Saturday, April 19th. There is a strong sentiment among the members of the organization that the conference endorse candidates for county offices, at that time. It is very important that all crafts and affiliated locals be present.

It is quite likely that J. Lee Tappley, president of the State Conference will be with us at this meeting.

G. A. GRAHAM,
 Chairman Lubbock F. L. P. C.

OBITUARY

In Memory of Mrs. R. D. Williams. Mrs. Lola Mae Williams, wife of R. D. Williams was born in Williamson county December 12, 1892. During her childhood she accepted Christ as her personal Savior, and became a member of the Methodist church of which her parents, Mr. and Mrs. J. H. Holt were members. It was her privilege to know many years of active service in this church.

On June 12th, 1907 she was married to R. D. Williams then of May, Texas. To this union was born two children, a boy and a girl, who are now living with their father.

Thru all the years she was a devoted follower of Christ, what a good Christian she was and how full of kindly deeds was her entire life. To know her was to love her.

How richly God had endowed her with the capacity for making and holding close friends. And altho, nearly every acquaintance of hers became her friend, yet truly it can be said that it remained for only her very closest friends and relatives to really know what a sweet Christian character she was.

How the writer, with the others, who knew her well, treasures the memory of her noble unselfish life. May we keep the faith, as she has kept it, until we strike hands with her again in the Glory world where Christ has gone to prepare a place for all who love Him and keep His commandments.

Like her Savior, she desired not to be ministered unto, but to minister.

The ever increasing freshness and vigor of her Christian zeal attested the fact that as she neared the end

of life, the sweeter it grew to her and her way, like the path of the just, grew unto the perfect day.

For her, at evening time there was light.

A short while before she passed away she came to realize that she was going Home and kept asking: "have you sent the message that I am ready to go?"

And as the end came she said: "Will you all kneel by the bed while I go to sleep?"

Oh, how the husband and children and all the loved ones shall miss her thru coming years, but how cherished will be her memory.

The power of her Christian life will continue to be felt as a Heavenly benediction upon all who come within the range of her influence.

—A FRIEND.

"GENTLEMEN'S AGREEMENT" IS ABOLISHED BY SENATE

(Continued from page 1)

of his amendment.

In the debate which followed, frequently indignant, with many heated outbursts, one senator after another protested that recognition of the "gentlemen's agreement" after the letter of the Japanese ambassador, would threaten the sovereignty of the United States. No nation could be allowed, it was declared several times, to try to shape legislation in the United States to tell this country whom it should admit and whom it should keep out.

Senator Sterling, republican, of South Dakota, alone raised his voice against the general sentiment, declaring that he could not construe anything the Japanese minister had said as being a "veiled threat," or as pointing toward war between the United States and Japan.

"If we are going to exclude the Japanese, let's go ahead and exclude them," he said "but let us not use the letter of the Japanese ambassador as a pretext."

Senator Pepper of Pennsylvania declared that Japan had broken the agreement by her own action, through the letter of the ambassador and Senator Dill, Washington, said that the letter had brought the issue directly to the senate and it should be settled definitely now.

He took the position that continuation of the "gentlemen's agreement" which Hanahara said brought only 146 Japanese into the country in a year, opened the door for a fixed policy of admitting Japanese despite the small number which the ambassador said entered under its provisions.

Senator Shortridge, beginning debate when the doors were thrown open after the executive session, said that Japan had "insolently and impudently" demanded that America surrender her sovereignty in a domestic matter.

Senator Lodge, who followed him, declared that he had always been

"very friendly" to the Japanese people. "I have tried to do everything in my power to promote good relation between their country and ours," he said. "I think that may be said to have been shown in the negotiation of the treaties of the Washington conference. I had intended to do all in my power to make the legislation in the present bill as easy for them and for their feelings as possible.

"But the question of immigration—and I am only about to repeat what has often been said—is perhaps the greatest of fundamental sovereign rights. If a country cannot say who shall come into the country, it has ceased to be a sovereign country, it has become a subject country.

"I regret to say that the letter addressed to our state department by the ambassador from Japan seems to me a letter improper to be addressed by the representative of one great country to another friendly country. It contains, I regret to say, a veiled threat.

"The United States cannot legislate by the exercise of any other country of veiled threats. Owing to this, what we are now doing, therefore, assumes the character of an international precedent and I think it should be understood by the whole world that the United States alone is to say who shall come into the United States to form part of its citizenship."

Senator Reed, of Pennsylvania, reiterating Lodge's statement that the letter contained a "veiled threat," declared that the action of the Japanese ambassador "means the waste of 20 years of excellent diplomacy; it means the waste of all that came out of the arms conference."

A vote is expected to be taken Tuesday, on the amendment by Shortridge.

Republicans in a party conference Monday decided to vote a one per cent quota on the basis of the 1920 census as a substitute for the 1890 census basis in the Reed immigration bill. The general legislation was considered at the conference Monday before the Japanese section was taken up on the floor.

LUBBOCK WILL BE HOST TO DRUGGISTS OF THE PLAINS

More than forty South Plains druggists are expected to arrive in Lubbock today to be in attendance at the meeting of the South Plains Retail Druggists Association which will be held this afternoon beginning at 2:30 o'clock.

The committee on arrangements had not definitely decided upon a place to meet yesterday but stated that the armory building will probably be the place.

Local druggists will display their abilities as glad hand artists as

they are eager to have their fellow druggists meet here regularly and will do everything to show them a good time today.

The program will be climaxed with a banquet at the new Texas Cafe this evening.

LOCAL TELEPHONE CO. BEGIN LINE EXTENSIONS

With an ample supply of cable and other materials at hand, a large crew of workmen employed by the Southwestern Bell Telephone Company started work Monday morning making line extensions that will make it possible for the company to give practically every resident of Lubbock telephone service.

The company is carrying on one of the most extensive building programs that has been launched here for some time, and one that will mean much to Lubbock.

SPECIAL COURSE TAKEN BY LOCAL SALESLADY

Mrs. Ed Wilson returned to Lubbock Saturday from Fort Worth where she completed a course in scientific corset fitting under the instruction of experts in this art from the Modart Corset Company.

This course proved very interesting as well as very instructive according to Mrs. Wilson, for it included practical work as well as all the correct theories of corset fitting. Salesladies from all sections of the state were students in this school, making it possible for them to apply their newly acquired information in fitting each other during the course.

Mrs. Wilson has charge of the corset and underwear section of the Hemphill Price store.

WAYLAND PROFESSOR FILLED LOCAL BAPTIST PULPIT LAST SUNDAY

Professor McDonald, Dean of Wayland College, returned home Monday. Prof. McDonald filled the pulpit at the First Baptist church of this city, both morning and evening. Prof. McDonald is an able speaker and no doubt his large congregation was much edified by his messages.

EXPERT'S REPORT BE ACCEPTED BY GERMANY

(By FERDINAND JAHN)

United News Staff Correspondent. BERLIN, April 14.—The German foreign office stated Monday that Germany had decided to accept the expert's report in principle, but formal announcement has been deferred due to points raised by Bavaria.

The cabinet decided Friday to accept the report after a conference with the state premiers. The conference of the premiers was regarded as more or less of a formality, at which the stamp of approval would be placed on the cabinet's acceptance by the various units of the reich.

Apparently, the premiers voted

almost unanimous approval of the document, for before the conference had ended the foreign office reported that acceptance had been agreed upon. Certain points were raised by Premier Von Knilling, of Bavaria at the last moment, however, and the cabinet decided to discuss them at a meeting Tuesday, thus holding up announcement of full approval of the report.

SOLDIER BONUS PROBABLY BE TAKEN UP WEDNESDAY

WASHINGTON, April 14.—The way has been prepared for the soldier bonus bill in the senate and it will be taken up in the next few days, probably on Wednesday.

The senate finance committee voted to give the bonus priority over the tax bill at a meeting Monday. Senator Jones, of New Mexico was the only democrat present to vote. The question of priority of the two measures was presented to a republican conference Monday, but no action taken.
