WHEELER CHARGE CONTRADICTED

JAPAN WATCHES DEVELOPMENTS IN U. S. CONGRESS

MANY BLAME FOREIGN OFFICE FOR EXISTING CIRCUMSTANCES

TOKIO, April 17 (UN)—Japanese officials, press, and public Thursday night were calmly and expectantly watching Washington for further developments in the Japanese immigration situation.

Out of the turmoil which first resulted from the passage by the house of the Johnson bill has come a spirit of patience and compliance with the situation.

Some Japanese authorities go so far as to suggest that the foreign office may have been in some measure of blame; others that whatever action congress may now take will be the result of misunderstandings; still others content themselves with expressions of wounded surprise that the United States would take the trouble definitely to bar Japanese from entry.

Premier Kiyoura today indicated his belief that Ambassador Hanihara's letter had been misunderstood that a more significant construction was placed upon it than ever was intended by Hanihara, or dreamed of by the foreign office.

The premier reiterated previous statements by other government officials that while a Japanese exclusion act undoubtedly would affect Japanese-American cordiality, still he saw no reason why international friendship and sympathy while impaired, could not remain practically intact.

Chief comment by press and public revolves about possibilities of resignations in the foreign office, and the certainty that for congress to pass such a law will inevitably affect trade relations between the two countries.

Anti-government papers are criticizing the Kiyoura ministry more than they are attacking the United States. The newspaper Hochi carried an interview with Baron Funkoshi, a member of the house of peers, in which he holds the government partly responsible and urges immediate revision of the treaty with the United States.

This government is confident that Japan had no intention of conveying a threat in the note, it was stated.

This interpretation is the opposite of that made by Senator Lodge, majority leader, who declared:

NINTH NEGRO MET DEATH THURS. IN CHAIR

HUNTSVILLE, Texas, April 17.—Due to April 18 being Good Friday, Tom Curry, negro, sentenced to die tomorrow but the electrocution was moved up 24 hours.

The death house in the state penitentiary here is empty for the first time since last August. It is being cleaned and aired.

Curry is the ninth negro to be electrocuted since the chair was installed by the state. No white man has yet met death in this way in Texas.

Curry's body was interred in the penitentiary graveyard here Thursday afternoon.

AVALANCHE AUTO SHOW OPENS TODAY 2 P. M.

Ever plan for the Morning Avalanche Automobile Show has been completed and indications are that it will bring hundreds of people to Lubbock both today and tomorrow.

The show opens at two o'clock this afternoon, and promptly at that time the Western Star Orchestra players will start and will play until 4:30 o'clock in the afternoon, to begin again at 7:00 o'clock in the evening and play until 9:30 o'clock. This feature of the program will be enjoyed by everyone as the Western Star players are among the best in the country.

Twenty two different automobiles will be on display and there will be twenty-three displays, which will hold and attract the visitor for four times.

Never in the history of Lubbock has such splendid spirit of cooperation been shown between a show management and those interested in such event as has been shown between the Avalanche management and the automobile dealers in Lubbock.

Everyone has shown such interest in the success of the big show and all who visit the West Texas Gray building where it is being staged will be surprised and delighted with the amusement features.

British Flyer in Egypt
CARIO, Egypt, April 17.—The British round-the-world airplane which is attempting to beat the American fliers arrived here Thursday from Athens.

Last Member of Al Spencer Bandit Gang to Die in Electric Chair Friday Following His Conviction for Murder

LITTLE ROCK, Ark., April 17.—Joseph H. (Diamond Joe) Sullivan, one time member of a daring and ruthless bandit gang, at the mention of whose name the rugged western frontiersman trembled, cringed in the shadow of the electric chair at the state penitentiary here Thursday night.

This is his last night on earth. Friday he goes to his death in a man-made device, denied the right to die as his fellows in crime had died with their boots on.

As the prison clock ticked away the minutes and the hours and electricians made the most minute examination of each little part of the death chair to make sure there will be no slip-up, speculations rans wild within the "city of walls" as to how Sullivan will meet execution.

Those who know his past intimately up to the time he shot and killed his victim, believe he will be executed for his death sentence, declared "Diamond Joe" will go to the chair as he had lived—a coward. Others believe his last stand on earth will be one to wipe out past deeds which question is brave or under fire and he will meet the

FRANCE ADOPTS THAW IS ALMOST PRINCIPLE OF IGNORED ON PROPOSAL STAND

PARIS, April 17.—Working on the "speed up" program set by Brig. General Dawes, in tackling reparations, the reparations commission has formally approved the experts report within the limits of its jurisdiction and adopted the methods of solution proposed by the experts.

The commission decided Thursday to transmit the experts' conclusions to the governments concerned in order to make possible a speedy execution of the plan, and also to demand that Germany submit texts of decrees and bills necessary to carry out the experts' proposals.

Germany is also to be asked to designate German members for the committee on railroads and mortgages. The commission has decided to appoint allied members of the committees the experts proposed.

PRISONER SHOT IN ATTEMPT TO ESCAPE

HOUSTON, Texas, April 17.—Felix Rodriguez, about 21 years old, was shot down Thursday morning in about 10 o'clock as he attempted to make a get-away from the Blue Ridge State penitentiary farm about 15 miles out from Houston.

Rodriguez was serving a five year term for burglary having been sentenced from San Angelo, in Tom Green county. He was sent to the Blue Ridge farm on March 28 and according to officials there this was his second attempt to escape.

"Dog" Sergeant Felix Smith shot Rodriguez when the latter refused to stop, according to officials. The body of the dead prisoner was brought to Houston Thursday afternoon and is being held pending the arrival of his mother who is reported to be en route to claim it.

FINANCIAL EDITOR OF UNITED NEWS DIES
NEW YORK, April 17.—Will Johnson, until recently financial editor of the United News and veteran of many years on Park Row, the old newspaper center of New York, died Thursday at Sanger-ties, N. Y., after a short illness. He had remained at his desk until his physician commanded him to give up work and try to regain his health.

Johnson was an infantryman in the war. He will be buried in Brooklyn. He was unmarried.

MURDER CHARGE FILED AGAINST WEHMEYER

VICTORIA, Texas, April 17.—Irvine Wehmeier of Port Lavaca, was returned to Victoria today from Del Rio and charged with murder.

Filed against him in connection with the death of Miss Lasta Moore in this city last Thursday. He was later released on \$1,000 bond signed by his father, W. J. Wehmeier and J. B. O'Neill, banker of Port Lavaca.

Young Wehmeier who had been arrested and released in Victoria following the Moore girl's death said he had fled to Del Rio because he feared the wrath of her father. He was placed under arrest in Del Rio and returned to Victoria Thursday by Sheriff Huddell of Victoria county.

Dr. O. R. Stewart, who with Mrs. O. W. Raven were arrested Wednesday and charged with murder in connection with Lasta Moore's death Thursday waived examination and his bond was fixed at \$5,000 which he had not made up to late Thursday. Dr. Stewart had been held without bond until a conference Thursday between county and district officers concluded he should be allowed bail.

Mrs. Raven has not agreed to waive examination and is being held in jail.

Judge J. P. Pool, attorney for Dr. Stewart stated that he would make a statement as soon as his client was released on bond. The grand jury will convene here April 28.

STATE CLOSES TESTIMONY IN NEGRO CASE

DUNCAN, Okla., April 17.—The state concluded presentation of evidence late Thursday afternoon in the case of Marvin Kincannon charged with slaying Al Birch hotel keeper of Marlow, near here, last December in an attempt to chase Robert Jonnegan, negro out of town.

The testimony of several states witnesses pointed to Kincannon as the only one who was seen with a gun at the scene of the rioting. Walter O'Quinn, the state's star witness, and who is said to have seen the hotel owner shot down, testified Kincannon shot Birch when the latter attempted to defend the negro.

The porter was then dragged from a telephone booth where he was hiding and killed.

L. Clark, a hotel employee, testified Birch was unarmed. The widow of the slain hotel keeper was on the witness stand for more than ten minutes and testified she saw Kincannon with a gun in his hand standing over her husband's body.

There was a sharp tilt in the court over the testimony of Homer Steele, an important witness for the state who told of a gang plotting to "run the negro out of town." Marlow is one of the few towns in the state which bars negro population.

PREACHER ROBS CONGREGATION THEN DISAPPEARS
DALLAS, Texas, April 17.—If all God's chillun had wings the Rev. John Quincy Adams would be out of luck. But all of God's chillun at the Holy Pentacostal church here ain't got nuthin' any more, let alone wings to fly after the Rev. John Quincy Adams.

The pastor is charged with stripping his congregation of all their worldly possession in order to "finance the return of Christ." After the homes and furniture of all his parishioners had been sold and the proceeds turned over to him to give to Christ on Easter Morn, Adams vanished in a flivver.

CHARGE AGAINST SENATOR DENIED IN TESTIMONY

WASHINGTON, April 17.—After a day of corroborating testimony from a series of witnesses, the Borah committee closed its first session without evidence to substantiate the charge brought against Senator Wheeler, of Montana, that he used his influence to secure oil and gas permits from the interior department.

Following one another on the stand, Gordon Campbell, who was indicted with Wheeler; James H. Baldwin, the senators law partner, and Edwin S. Booth former solicitor of the interior department, testified under oath that Wheeler had never appeared before the interior department in connection with any leases or permits.

Campbell, an independent oil operator in Montana, and Baldwin declared that the firm of Wheeler and Baldwin had been engaged by Campbell solely for litigation in Montana courts. Booth corroborated the testimony of Campbell that Wheeler had arranged a meeting between him and Campbell in regard to oil lands, but declared that the Montana senator had never appeared at the department in connection with the oil man's business.

Senator Borah, of Idaho, chairman, adjourned the committee "subject to call," saying that the attention of Senators would be required in immigration legislation pending before the senate.

Though declining to comment regarding the day's testimony, Borah remarked significantly regarding Wheeler's arrangement of a conference for Campbell at the interior department "that we western senators have to run down to some of the departments every day on some matter for our constituents."

"This first day's testimony certainly negatives everything contained in the indictment," Senator Curaway of Arkansas, democrat, a member of the committee, declared afterward.

The testimony of Booth, regarded as the "star witness" was considered the most important of the day, as he was the representative of the interior department with whom any influence would have been used to run down to some of the departments every day on some matter for our constituents.

Wheeler told him, he said, that Gordon Campbell's properties were in a bad condition and that he desired to help him. The senator told him, Booth said, that Campbell had some oil lands in Montana but on inquiry Wheeler answered that he did not know where they were or what the serial numbers were. Wheeler then asked him, Booth said, if he would see Campbell when he came to Washington.

On a question from Senator Borah, Booth stated that this had nothing whatever to do with the oil lands, but was a "private business matter" in which Wheeler asked his assistance of his friend. Wheeler never returned to his office, leaving soon afterward for abroad, the witness added and said that the senator had never appeared before the department or solicited aid in the cases.

Booth said he had a conference with Campbell and took up his cases with him and advised him to get a lawyer, who was familiar

(Continued on page 12)

PECOS WILL AUTOMOBILE TO BROWNWOOD CONVENTION

PECOS, Texas, April 17.—The Pecos delegation to the Sixth Annual Convention of the West Texas Chamber of Commerce will go by automobile. D. W. Boseman, president of the Pecos Chamber of Commerce made this announcement today. The Duchess for Pecos will be selected next week.

COMMITTEE IS ADJOURNED "SUBJECT TO CALL" BY CHAIRMAN

WASHINGTON, April 17.—After a day of corroborating testimony from a series of witnesses, the Borah committee closed its first session without evidence to substantiate the charge brought against Senator Wheeler, of Montana, that he used his influence to secure oil and gas permits from the interior department.

Following one another on the stand, Gordon Campbell, who was indicted with Wheeler; James H. Baldwin, the senators law partner, and Edwin S. Booth former solicitor of the interior department, testified under oath that Wheeler had never appeared before the interior department in connection with any leases or permits.

Campbell, an independent oil operator in Montana, and Baldwin declared that the firm of Wheeler and Baldwin had been engaged by Campbell solely for litigation in Montana courts. Booth corroborated the testimony of Campbell that Wheeler had arranged a meeting between him and Campbell in regard to oil lands, but declared that the Montana senator had never appeared at the department in connection with the oil man's business.

Senator Borah, of Idaho, chairman, adjourned the committee "subject to call," saying that the attention of Senators would be required in immigration legislation pending before the senate.

Though declining to comment regarding the day's testimony, Borah remarked significantly regarding Wheeler's arrangement of a conference for Campbell at the interior department "that we western senators have to run down to some of the departments every day on some matter for our constituents."

"This first day's testimony certainly negatives everything contained in the indictment," Senator Curaway of Arkansas, democrat, a member of the committee, declared afterward.

The testimony of Booth, regarded as the "star witness" was considered the most important of the day, as he was the representative of the interior department with whom any influence would have been used to run down to some of the departments every day on some matter for our constituents.

Wheeler told him, he said, that Gordon Campbell's properties were in a bad condition and that he desired to help him. The senator told him, Booth said, that Campbell had some oil lands in Montana but on inquiry Wheeler answered that he did not know where they were or what the serial numbers were. Wheeler then asked him, Booth said, if he would see Campbell when he came to Washington.

On a question from Senator Borah, Booth stated that this had nothing whatever to do with the oil lands, but was a "private business matter" in which Wheeler asked his assistance of his friend. Wheeler never returned to his office, leaving soon afterward for abroad, the witness added and said that the senator had never appeared before the department or solicited aid in the cases.

Booth said he had a conference with Campbell and took up his cases with him and advised him to get a lawyer, who was familiar

BALLAD OF MODERN LIFE

Dinners and dances and plays to see,
So do the swift nights pass away
A picture show with the children
Three,
Tomorrow at auction bridge we
play;
Home we come at the close of day
And out again at our topmost
speed,
And I look at my books on the shelf
and say:
"When does a fellow get time to
read?"
The strain is as tense as a strain
can be,
No wonder the hair on my head
turns gray.
"Tonight we go to Green's says
she—
Always, it seems, there's a party
gay,
Though home is the place where
long to stay,
What can you do when your good
friends plead?
Books, you stand in a brave as-
ray—
When does a fellow get time to
read?
Time was life left us a little free,
Asking no more than our strength
could pay,
There were restful nights in the
past when we
Were never urged from the hearth
to stray;
But the soul now chafes in its
weary clay,
On dinners and dances it now
must feed,
And my books are only a vain dis-
play—
When does a fellow get time to
read?
L'Envoi.
Writers of books, perhaps there
may
On your printed pages be truth
I need,
But with life so filled, will you
tell me, pray
When does a fellow get time to
read?"

Avalanche Automobile Show Opens To-day, 2 P. M. Be There!

LOCAL STOCKJUDGING TEAM IS ENROUTE TO COLLEGE STATION TO ENTER THE STATE CONTEST

Ray C. Mowery, accompanied by his stockjudging team composed of Orval Burroughs, Melvin Dow, Will Hart and Roy Hunt, left Wednesday morning at four o'clock in his car for College Station where they will enter the state stockjudging contest.

Enroute to College Station they will stop at the C. M. Largent & Son ranch near Merkel where they will practice judging Herefords and hogs for one half day, and will also stop at Waco where they will spend about one half day judging dairy cattle and hogs.

This team won the district stockjudging championship at Canyon in which sixty three contestants entered, and all indications are that they will make a good showing at the state contest.

Mr. Mowery pointed out Wednesday that the boys are entering this contest for more than the honor of winning, and said that it was his

opinion that if winning is the only valuable feature of the contest, it would be better if it had never been started. He pointed out that by the boys attending the contest and becoming acquainted with other boys of the state who are entered they take more than usual interest in their work, whether they win in the contest or not. "Only one team can win first place and it would be mighty bad if all those losing teams couldn't get something out of the contest, and thanks to the A. & M. college management it is so arranged that every boy who attends a state contest becomes just that much better student," Mr. Mowery declared, pointing out that all but one of his 1923 team members are now in college and said he believed it was because they had gained some confidence in themselves and a better understanding of what is expected of them in school men, instructors and judges at the state contest last year.

LUB-TEX COMPANY WILL STAGE BIG AUTOMOBILE PARADE IN CONNECTION AVALANCHE AUTO SHOW TODAY

F. W. Koch, assisted by R. E. Slaughter, both of whom represent the Willys-Overland Company are working in cooperation with Newman F. Payne, manager of the Lub-Tex Motor Company in putting over a big automobile parade today at one o'clock which will be a part of that company's contribution to the Morning Avalanche automobile show.

One very interesting feature of the parade will be the "branch overland" that will lead the parade. So capable is this "branch" in imitating the rough and ready wild horse so well known to the southwest, that a regular cowboy saddle will be used to ride it. Mr. Koch, who has had no little experience in "pulling leather" will occupy the saddle in the parade, and as the Overland "branch" has all the tricks and sideways of a bucking horse this feature of the parade will reveal the rodeo days on the plains. The Overland has state fair or great rodeo stages in been a feature at practically every the United States in recent years, and the people of the south plains will be pleased with the opportunity to witness its antics.

The car will be kept running incessantly on the streets of Lubbock today and Saturday and an invitation is given everyone who might be willing to try his luck at riding it.

Between seventy-five and one hundred school girls will be in the parade and will give Willys-Overland yells and parades on popular songs. The champion song parade of "Barney Google" is a knock out. These yells and songs will be given under the directions of Mr. Koch.

Immediately following the parade an Overland will be driven over the steps constructed on a vacant lot near the Lub-Tex building. The carpenters built these steps at a forty five per cent grade, and much interest will be shown in this feature.

EXPLOSION ACCIDENT MAY BE FATAL TO LOCAL MECHANIC

Mrs. Grace Blankenship of Flint, Michigan, is here visiting her son, Winfred Tatum, who was seriously injured in an explosion at the plant of the Texas Utilities company here on the afternoon of February 22.

The explosion of gas in a heavy brass pipe blew it into fragments, a piece of which was blown into Tatum's right foot, causing serious injury.

He was rushed to a local sanitarium where every aid was given him and after three weeks he was able to be about, but later an infection developed and he was returned to the sanitarium.

A dangerous case of blood poisoning threatened the young man's life for a while but reports from the sanitarium Thursday were to the effect that the poison had been localized and though his condition was serious some hopes are held for his recovery.

LARGEST NUMBER OF BANDS TO ASSEMBLE AT BROWNWOOD

BROWNWOOD, April 17.—Probably the largest open air band concert ever held in the United States and probably the largest number of bands ever assembled in the country, will be in Brownwood for the annual meeting of the West Texas Chamber of Commerce, which meets here May 13, 14, and 15, according to G. Ward Moody, secretary of the Texas Band Teachers' Association, under whose auspices the band contests will be held. Mr. Moody was here this week making arrangements for the contests.

Plans have been made, Mr. Moody said, whereby the bandmasters and directors will have several group meetings during the convention in which band problems will be discussed. There will also be a committee appointed for the purpose of settling any discussion concerning the contests which might arise.

TRAIN SCHEDULE CHANGED FOR CONCERTS

This has never been done before at the annual band contest, Mr. Moody said.

There will be in the neighborhood of fifty bands here Tuesday, May 13, according to Mr. Moody. Included among those which have announced they would be here are the North Texas Agricultural College of Arlington, the John Tarleton Agricultural College of Steph Comanche, Plainview, Weatherford, Enville, Stephenville, high school, Coleman, Sweetwater, Lorenzo, Brownfield, West Texas State Teachers College of Canyon, Colorado, Hastings, Memphis, two from Mineral Wells, San Antonio, El Paso, Whitney, Alvarado, Dallas, T. C. U. Band of Fort Worth, Simmons College Cowboy Band, Sherman, Greenville, San Angelo, Vernon, Croos Plains, Granview, Stamford, Waco, Jayton, Breckenridge, Dublin, Brady, Lamesa, and others. Saxophone Bands will be here from Weatherford, Southland, and Ballinger.

It is thought that this will be the largest number of bands ever assembled in the entire United States.

THREE KILLED IN FALL FROM GUY ROPE OF DIRIGIBLE

ROME, April 17.—Two soldiers and a mechanic were killed Tuesday when, after being carried into the air hanging to the guide ropes of a runaway dirigible, they lost their hold and crashed to the ground.

The dirigible broke her moorings when struck by a sudden gust of wind. The men who were killed had seized the guide ropes in an attempt to hold the craft to the earth. Members of the crew who were aboard the runaway craft succeeded in getting the airship under control and returning it to her hanger safely.

SLATON MAN WILL BE TRIED FOR MURDER SOON

J. R. Walker, charged with murder in connection with the killing of J. S. Lanham at Slaton at noon of October 10, 1923, will go to trial in the Lubbock district court which convenes here April 28.

Walker and Lanham engaged in an argument, and in a hand to hand fight that ensued, Lanham was killed with a pocket knife.

TRAIN SCHEDULE CHANGED FOR CONCERTS

The following circular letter which has just been received by the Morning Avalanche is of special interest to all local people contemplating attending the concerts given at Amarillo on the 3rd of this month by Gall-Curei and on the 25th by Tito Schipa.

This arrangement in train schedules will make it possible for Lubbock people who attend the concerts to return to their homes here without any unnecessary waiting at Amarillo following the concerts.

The letter is as follows:

April 17, 1924.

"Will you please announce to your people through the columns of your paper that the Santa Fe train which leaves Amarillo at 10:00 p. m. will be held thirty minutes on April 23rd and 25th, 1924, and will leave at 10:30 p. m. This is to accommodate any who wish to use that train to return from the concerts given on the 23rd by Gall-Curei and on the 25th by Tito Schipa. The concerts will begin promptly at 8:15 p. m. and will be through in time for patrons to board that train.

Thanking you, I am
Yours very truly,
EMIL P. MYERS

NEW SLIPPERS ARRIVED FOR EASTER

Two new arrivals in ladies' slippers are placed in stock this morning—two styles that will make excellent Easter items for those who want the latest—the most correct—the newest in footwear. Choose your slipper today, before sizes are broken, and be assured of the exact fit you desire.

A new strap pattern, exactly as illustrated, made from high grade satin, with a new round toe last, cut outs on the side, attractive panish heel, a style that is extremely new and one that is very dresy. The price is **\$8.50**

A PRETTY BLACK SATIN STYLE

White pumps will set off many Easter Costumes. This new arrival is entirely different in pattern, with a very light strap at throat and ankle, also cut out at the side and with a two-inch Spanish heel. The stock is the finest White Kid leather, and all sizes and widths are to be had. The price is **\$11.00**

POPULAR PATENT PUMPS

A most attractive Patent style is also shown, a number we have had for several weeks, but a style just as new and correct as shoes just arriving. With a short vamp and a round toe, in a onestrap pattern it is a decided success with the light colored hose in vogue. The price is **\$13.50**

"ON TO BROWNWOOD" IS CRY OF THE KIWANIS TRIBE IN LUBBOCK; GOOD TALKS FILLED LAST PROGRAM

Lubbock Indians have changed their war cry, and now by getting within hearing distance of any member of the Kiwanis tribe one can hear something about "On to Brownwood."

Especially was this the case Thursday at noon when the Indians gathered at the Armory building for their weekly luncheon. A splendid feast was prepared by the ladies of the First Methodist church, and a program in which able speakers appeared had been well arranged.

Walter Posey, forceful speaker and a member of the Rotary club, who had spoken to the membership of his organization Wednesday, was on the program; to the Kiwanians "Why We Should Go to Brownwood."

Mr. Posey urged that a large delegation represent Lubbock at the West Texas Chamber of Commerce convention to be held there May 13th to 15th, inclusive, and recited the splendid work that has been accomplished for West Texas and, in fact, all of the state, thru the efforts of the management of the West Texas Chamber of Commerce which he described as an agency working for the best interests of every community in West Texas which is void of any sectional prejudices.

Mr. Posey doubtless started something when he insisted that a good way to getting a big delegation to represent Lubbock at the convention would be for the Kiwanians to "sell yourselves a reservation to go to Brownwood and give yourself a little vacation."

Dr. P. W. Horn was called to Fort Worth to attend a business meeting and left home Wednesday evening. A letter which he addressed to President Wilson of the club was read in which he expressed disappointment at being unable to meet with the Kiwanians and in which he urged a large delegation to attend the Brownwood convention.

Edgar J. Lamon, member of the board of directors of the Junior Chamber of Commerce, outlined the plans for Lubbock's participation in the convention activities, and insisted that a delegation of at least 250 local citizens attend. He pointed out that if any business men in Lubbock feel that they do not have time to attend the convention they should send a representative of their business.

He told them that committeemen from the Junior Chamber of Commerce will call on them in the very near future to get a check and your names on the dotted line, and asked them to sign up without delay and without any necessity of argument on the part of the solicitors. He commended the "On to Brownwood" committee of the Kiwanis club and assured his hearers that their efforts have been well directed. This committee is composed of Louis F. Moore, L. H. McLarty and Lonnie Montgomery.

Dr. J. C. Hardy, president of Baylor College for Women, at Belton, was among the guests and when called upon for a short talk, responded in a most fitting manner, commending the progressiveness of Lubbock's citizenship and expressing continued faith in their ability to build a great city here. He declared that the establishment of the Texas Technological college was one of the greatest forward moves that has been made in the South in recent years, and assured the Kiwanians that West Texas had the good will and could depend upon assistance from every loyal Texan in making that institution one of great importance to the entire state.

The Kiwanians were delighted with two numbers rendered by the quartet composed of Messrs. Hol-

land, Wendell Gunn and Brooks. These gentlemen are recognized entertainers and their presence at the luncheon was a source of entertainment for everyone present.

The following guests were present: W. E. Innon of J. T. Trigg; G. A. Gunn of M. L. Brooks; L. L. Wendell of I. F. Holland; W. B. Winters of Frank A. White; G. P. Kuykendall of Chas. H. Boston; H. H. Halsell of B. Sherrard; Mrs. R. I. Wilson of R. I. Wilson; H. B. Carroll of J. T. Collier; T. J. Hubbard of W. W. Royalty; Dr. Mallard F. Swart of J. C. Anderson; Jed Rix of Dr. G. C. Castleberry; Paul Barrier of Raymond Barrier; Dr. Hardy of T. W. Sawyer.

EMISSION BANK WISE SCHEME IS CLAIM

By FRANK A. VANDERLIP
Written for United News
(Copyright, 1924, By United News)
WASHINGTON, D. C. April 17.

Recognizing that Germany is politically bankrupt, the Dawes committee has set up an exceedingly wise and complete scheme for the organization of a new bank of issue.

The management of the bank, largely in German hands, is controlled by a board of 14 members, one half chosen, one each from British, French, Italian, Belgian, American, Dutch and Swiss nationals. This brings outside political strength into the management, precisely as essential as outside financial loans.

A sound procedure is laid down governing the issue of currency. The proceeds in money and gold back of issues, the character of loans the bank may make and the methods for redeeming the notes are sound. It is essential to the practical working of the plan that the German government pledges itself to no further issues of paper money but that it grant to the new bank the exclusive function of issuing paper money. That is what the plan proposes.

Measures must be taken by the German government and approved by the German parliament to set up this bank. By this means the political power necessary to safeguard the future issues of money is drawn from the seven nations on the board of management. It then follows that expenditures must be cut down and taxes raised until the budget is balanced. Any deficit must be met by loans rather than by fresh paper issues. Here is the only sound basis for the rehabilitation of Germany. The conclusions of the committee were inevitable. They have been presented with a clarity and scientific working out of detail that merits complete concurrence and unbounded commendation. A clear understanding of the principles of our own Federal reserve system is evident in the plan.

The provisions for redeeming notes are sound and practical. It is provided that notes be redeemed either in gold or in demand drafts payable in gold or foreign currencies. The further provision, essential under existing conditions, is that at the inception of this rule of convertibility of the notes may be temporarily modified by an affirmative vote of every member but one of the managing board.

This may appear to open the door at the very beginning of the bank's career to an issue of notes that are not clearly redeemable on demand. It is, however, an essential provision and safeguarded with care and wisdom.

HIGHWAY NUMBER SEVEN WILL SOON BE COMPLETED

Lubbock business men are generally pleased with the fact that the strip of Highway No. 7 between Lubbock and Littlefield and which traverses the northeast corner of Hockley county is about completed, and will be ready for use by the 15th of May.

All culverts on the highway have been completed except the big one that will be built across the Yellowhouse draw, and work on this project is well under way, with a crew of men with teams working regular shifts.

B. K. Garrett, highway engineer, who has been at work on that job but who recently accepted a position with the Highway Department in this department, stated that when completed this highway will be among the best to be found in West Texas.

Mr. Baker is now in Lubbock with Chief Engineer R. W. Baker, and has charge of maintenance of highways in the south half of the Lubbock district.

DALLAS MAN IS WELL PLEASSED WITH LUBBOCK

R. A. Hall, sales agent for the Dickinson Fuel Company, of Dallas, was here Tuesday looking after the interests of his company.

Mr. Hall expressed himself as being mighty well pleased with Lubbock and stated that it was his opinion that she has "all the earmarks of a real city."

He commended the progressiveness of Lubbock people and said the local sanitarium and hospital and the other modern institutions of this city are in his opinion far ahead of anything to be found in Texas in towns even much larger than Lubbock.

Mr. Hall is a real booster, and says are glad for him to have become acquainted with Lubbock.

RIO GRANDE RIVER IS THREATENING MARCIAL

SANTA FE, N. M., April 17.—The Rio Grande river is rising rapidly, and threatens San Marcial with another disastrous flood according to Deputy State Engineer George M. Neel.

The report states that the river is rushing into the old channel and backing up into the town. A rise of four feet at Bucham west of Santa Fe in the last month is reported.

All streams in the northern part of the state are reported high.

TOURISTS FROM CALIFORNIA FUMIGATED

EL PASO, Texas, April 17.—Dr. W. R. Gidson, of Chicago, the first automobile tourist to run the hoof and mouth disease quarantine at the Arizona line reached here Tuesday night and left Wednesday on his way home. His automobile and everything he had went through a fumigating process at the Arizona line and all foodstuffs and fruits were taken from his car and destroyed.

Dr. Gibson said the dogs, cats and other pets were absolutely prohibited and were killed by the officers. Many tourists rather than part with their pets returned to California.

According to W. S. Dawson, general freight agent of the El Paso and Southwestern the Imperial Valley of California will ship a record crop of cantaloupes, if the dread disease does not prohibit that section. The crop is estimated at 15,000 car loads, he stated. Last year 10,480 cars were handled through El Paso.

The Texas quarantine bars all products of the soil from California through Texas, without approval of the United States Bureau of Animal Industry. This would shut out the melon crop from California, should the disease appear in the Imperial Valley.

Tourists report that Arizona will not lift the strict quarantine regulations on automobiles until the state constructs fumigating plants on the border sufficient to fumigate all cars.

PLAN FOR AUSTRALIAN CRUISE IS CONSIDERED
By United News
WASHINGTON, April 17.—The Navy Department has under consideration a plan to send the entire American Fleet on a cruise to Australia next year, it was learned here Wednesday. Under the suggested plan, the fleet would be concentrated at Hawaii and then make the cruise across the Pacific. The plan, it was said, has been under consideration for some time.

BIG Y. M. C. A. DRIVE BEGINS AT HOUSTON

HOUSTON, Texas, April 17.—Two divisions, composed of 20 teams, five men each, will begin the first big membership drive in ten years by the Y. M. C. A. here tomorrow. The drive will continue for three days, according to F. C. Fields, associate general secretary. Fields said the "Y" now has a membership of 2,400 and is able to take care of 3,200 members.

QUALITY and STYLE IN MEN'S CLOTHING

You've a thousand opportunities to buy clothing—but, just one place to buy the kind that most men prefer—
Just note the Lines!

FASHION PARK SUITS

STACEY - ADAMS SHOES

It really costs you less to buy the best clothing. About one-half of the pleasure in wearing new clothes comes from the knowledge that no one has better fabrics, better style or bought at more conservative prices!

The Man's Store wouldn't handle clothes of doubtful value. You men already know the lines this store has featured in the past. The only way we would change would for us to be convinced that there were made clothes which were superior to those which we now sell.

WILSON BROS.—
Ties
Shirts
Underclothing

We know that even if a man wants to save—he'll remember first where he purchased the clothing that gave him the most satisfaction, and he will come back. You'll find all that's new and good for men's wear, displayed at our store for Easter.

JONES BROTHERS

100% QUALITY

if it was only a handkerchief, or a shoe string, this store would try to buy the best handkerchief and shoe string sold and then we'd sell them at conservative, sensible prices

EASTER BUYING PAYS, IF MONEY IS WISELY SPENT

By HEDDA HOYT

Fashion Editor of United Press. (Written for United Press) Now's the time that Father is treated like a king.

The reason for this being: The time is coming spring! He's buying Esther's Easter gown.

A fan for sister Fanny. A Bertha for young Bertha Ann. A Georgette for Georgianna.

He pays a bet for Betty Jane. Agrees to finance Nancy. For little Hattie buys a Hat.

A Vest for Vesta Pansy. He's loosened up for Sister Lou. He's given Grace an I. O. U.

But the dose that was the bitter pill.

Was paying Barbara's barber bill. (And Solomon in all his glory, not one of them was arrayed like these!)

How many fathers have felt that way when they regarded their offspring on Easter Sabbath? How many hearts have been proud and happy on Easter day, regardless of "fattened pocket books?"

When I see the happiness in the eyes of the little children on Easter Sabbath the thrill of their fresh pink hair ribbons, their new Spring shoes and their trimmed-over hats I feel sure that the money spent on the renewal of the Spring wardrobe is money well spent.

Often the families of moderate means are large and Easter bedecking means a sacrifice on the part of the parents, but it occurs to me that the sacrifice is well worth while.

Buy Lasting Goods. Buying Easter garments which will be of use throughout the Spring and Summer season is a better investment.

Over-dressy effects which were popular some years back are no longer the fashion. The little miss of today wears a simple tailored suit, with a pretty blouse and street hat, to a party, filled gown and a lay-in for Easter.

She selects something which will be suitable for every day of the week, something of which she will not tire.

The logical thing for the slender miss is the tailored-suit of boyish lines, varieties of which may be seen in the department stores and shops. There are many types of girls, however, who should not attempt the tailor. To begin with, the over-plump person looks anything but rakish in a mannish tailored suit. A pink and white forget-me-not type of girl is likewise lost completely in the swaggers of the tailor. Those who are

inclined to assume the mannerisms of a man made decidedly unattractive when wearing mannish collars, swagger sticks and derby hats. Women who cannot appear well groomed in a tailored suit appear shabby in garments whose they cannot wear in their correct dress. Earrings, pearl necklaces, georgette blouses and such miss the entire idea of the tailored vogue.

For Large Women. For those of mature proportions the long coat or wrap and one-piece dress offers both style and utility. Large women often wear dressy types of garments better than they do tailored types and the long coat is certainly more dressy than the suit, since an assortment of wraps may be worn beneath it.

For the most of the Spring coats and wraps extend about the collar and down the front, close to the hem in many instances. Coats such as these will be of use in the Fall months.

Short fur coats will undoubtedly be worn by many of the smart women on Easter, but unless one can afford to purchase a cloth garment later it is foolish to have one of these, as the warm months are upon us before we realize it.

Fur neckpieces, long the other hand, will be worn all during the Summer months as they have been in previous seasons. Small skins such as mink, squirrel and ermine chokers, are preferred during the year. Small foxes are still used, although large skins as a rule are not as popular as small ones. A large person, of course, can wear a large furpiece better than she can a small one so she must disregard the vogue to some extent.

Makes You Feel "Cheap" Nobody knows better than the boy or girl who has been slighted time and again by their supposed "best friend" how humiliating it is to have to stand for such "cutting" things when they know they can expect nothing more as long as they don't look attractive on account of a pimply, blotchy or rough skin.

But such heartaches don't have to be put up with. Any boy or girl who is troubled with these skin troubles can get rid of them if they will just use Black and White Ointment. The fact that Black and White Ointment sells at the tremendous rate of nearly two million packages a year shows how popular it is.

It is economically priced, in liberal packages. Any dealer can supply you with it. The 50c size contains three times as much as the 25c size.

CONTRACT LET ON WILSON BUILDING

John Gehl, local contractor, started work yesterday evening on a fireproof building at the corner of 18th street and Avenue H for R. L. Wilson of the Wilson Abstract Company.

This building will be completed at a cost of approximately \$25,000 and many who have viewed the plans have expressed the opinion that it is the most modern home ever built in Texas for an abstract office.

Despite the size of his abstract business, Mr. Wilson hopes to have a number of offices to rent in this building as there will be 8 offices or small mercantile rooms on the first floor and ten offices on the second floor.

The building will be constructed of reinforced concrete and hollow tile, and the foundation will be built to accommodate four or five stories. A 15 by 24 foot basement will contain a modern steam heating plant which will be a most valuable feature of the building.

The roof of the building will be so constructed that by tearing away only a small portion of it, the remainder will be used as the floor for the third story when the building is enlarged.

This building will be 26 by 125 feet, two stories high and special attention was given the lighting features, as practically all windows are double size and the trimmings will be of an attractive and substantial material.

One very unusual feature of the Wilson Abstract Company is the fact that though it has been established in Lubbock twenty-two years, it has managed to build only two new buildings and the improvement made by Mr. Wilson at this time prove that he does not contemplate making any change in its operation for many years to come.

REV GORDON WILL PREACH FOR METHODISTS

Rev. Gordon, pastor of the Post City Church will preach at the Methodist church in this city, Sunday at the morning and evening hours. Rev. Gordon is a pleasing speaker and you will enjoy hearing him preach.

The successor to Dr. Ferguson has not yet been announced, but the regular services will continue to be held under the direction of the presiding elder till the new pastor arrives.

SANITARY OFFICER DE CLARES WAR ON MOSQUITOES

By United Press

DALLAS, Texas, April 17.—Following the report of the first case of mosquito bite here, Sanitary Officer Thomas S. Moore has declared war on the insects.

Equipped with oil-spraying machines, a special mosquito crew is making daily rounds of the city, covering all water holes and other breeding places of the malarial carriers.

Street Commissioner Wylie, joining in the anti-mosquito drive, has planned a tin can day when all citizens will be urged to assemble their old cans and to her worn out receptacles for the garbage men to haul away.

NEW GOVERNMENT FOR PHILIPPINES PROPOSED

By United Press

WASHINGTON, April 17.—A compromise Philippine measure providing a new system of government has been prepared by Representative Fairfield of Indiana, chairman of the house insular affairs committee. The plan was laid before President Coolidge Monday for consideration. Fairfield proposes to allow the Philippines to elect their own government, to install an American high commissioner to regulate the affairs of the insular government, and to permit a plebiscite at the end of 25 years under which the natives will choose their own form of government.

HOUSTON MAN FINED AND JAILED FOR SENDING "KLAN" NOTE

By United Press

HOUSTON, Texas, April 17.—Harry C. Bailey was fined \$250 and sentenced to 30 days in jail Tuesday by Judge Murray B. Jones in county court here after Bailey had pleaded guilty to sending a "Klan" note to Clifford Vick.

The letter was signed "The Big Four, Harris County Klan." Judge Jones, who imposed the fine and sentence is a klanman. He was elected on the county klan ticket two years ago and last year was defeated for mayor of Houston as a Klan candidate.

MRS. JAMES L. DOW UNDERGOES OPERATION

By United Press

Mrs. James L. Dow is in a local sanitarium where she underwent an operation Thursday morning. At the time this is written, Thursday evening, she is resting as well as could be expected, and while the operation is of quite a serious nature, we have every hopes for her speedy recovery, barring any serious complications.

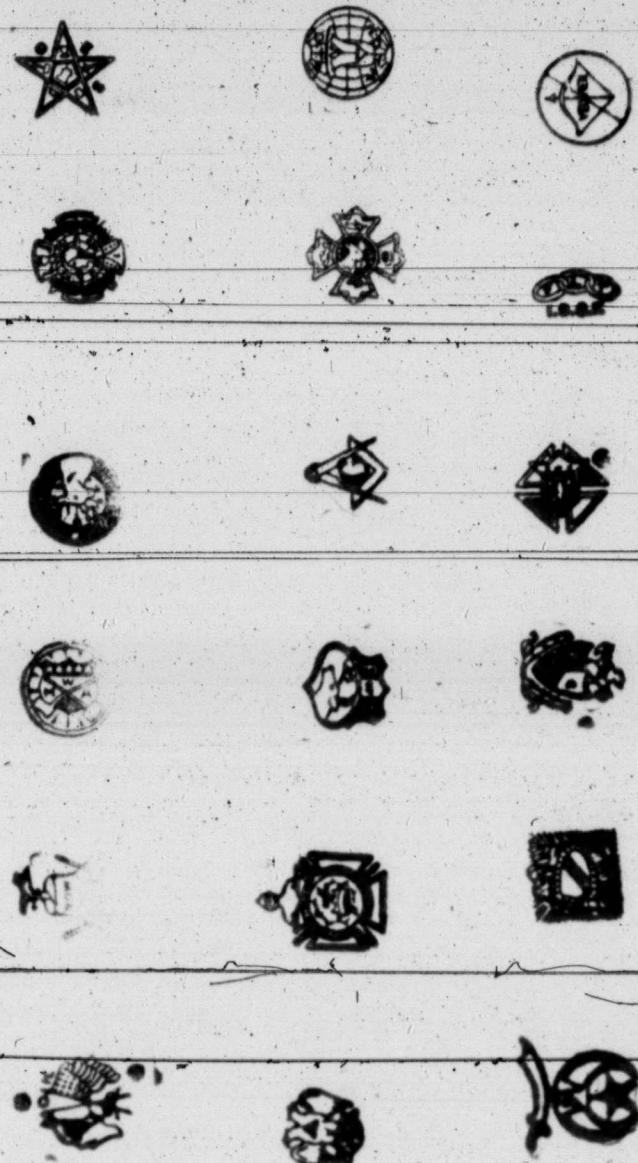

MEXICAN MERCHANTS PROTEST INCOME TAX

JUAREZ, Mexico, April 17.—Merchants of Mexico are making various protest over the income tax law and declaring that 25 per cent of the money will be spent in making collections. Juarez business men were notified to file copies of their pay rolls not later than April 15.

The government tax on real estate in force since October 11, 1922, has been repealed, according to advices reaching Juarez. The Juarez chamber of commerce fought this tax.

TEXAS IS GOING AFTER COTTON MILLS

Many people don't know that there is at this time, considerable activity in the establishment of textile mills in Texas, and comparatively speaking in accordance with the size and importance of the State of Texas in the growth of cotton, there is little headway however, according to the statement recently sent out by the Dallas Manufacturing Association, some very creditable showings. The association says:

Textile fabrication began in Texas in a very small way more than a quarter of a century ago. Growth has been slow but substantial. At the beginning of 1924, plants were in operation in Texas at Belton, making hosiery yarn; Bonham, sheetings; Brenham, duck; Corsicana, duck; Cuero, duck; Dallas, duck, and osanburgs; Denison, duck; Gonzales, duck; Hillsboro, duck; Houston, camel-hair cloth; Itasca, ratines; Kingsville, yarns; McKinney, cottonades; New Braunfels, gingham; Rock sheetings; San Antonio, osanburgs and wide duck; Sherman, duck; Waco, denims and twine; Waxahatchie, duck; West, duck. In addition to these, El Paso is now building a mill of 5,000 spindles. Dallas has a new \$1,000,000 plant that has just begun operation with 10,000 spindles. Mexia is organizing a mill with 5,000 spindles. Houston reports a large blanket mill under way. The Dallas plants are now operating 26,000 spindles. Houston has the largest single plant in the State. The cotton mill, however, is not necessarily a city institution. In the Southeastern States scores of towns of from 1,500 to 2,000 people owe their every existence to a cotton mill. How much more favorable, than, is the situation in the Southwest where we grow nearly one-half of the American supply of cotton? Every village, town and city in this State will do well to investigate its local possibilities. In the train of the cotton mill are perhaps fifty smaller allied industries. These manufacturing plants will spring up of their own accord when the textile mill has arrived. One of the crying needs of Texas today, according to mill operators, is a dyeing and finishing plant. Virtually all Southwestern mills make only the coarser grades of cloth. With a well appointed finishing plant in operation their field of activity can be quadrupled at small cost. If Texans will put their shoulder to the wheel the next decade will see this State supplying all grades of cotton cloth to the entire world.

We have for several years contended that the South Plains is the place for the erection of one of the biggest cotton mills in the Southwest, and we are still of that opinion, and believe that it will be done in the near future, but now is the time to get started on a project of this sort, and let it run along hand in hand with the development of this great country, which is destined to be one of the greatest cotton producing sections of the world.

THE DAWES REPORT

The plan evolved by the Dawes committee, which for three months has been studying the German reparations question, offers a practical solution of the European financial tangle and means to establish peace. This unanimous report was made by experts from five nations—France, Great Britain, Italy, Belgium and the United States.

The Commission recommends relief for Germany for two years from reparations payments, which will be taken care of by a foreign loan and a tax on industries. Also the committee recommends the return to Germany of economic control of the Ruhr, and the Rhineland, and calls for the return of hidden hoards of German gold and the creation of a gold bank of emission, which shall to a large extent be under control of the Allies. Germany must increase taxes—she must bring them at least up to the amount that France and Great Britain are paying. The committee has fixed for Germany a prosperity index, by which the amount of payments will be fixed. In other words, she is not going to be forced to pay the pound of flesh.

France seems to be inclined to accept the Dawes report and England and Belgium are pleased. The attitude of the German industrialists indicates a purpose to contest it.

The plan of the Dawes committee is thoroughly sound and feasible. The German people have been the tools of the militarists and the industrialists. They have been exported on every side. Here is a way out of all their difficulties. If they refuse they will sacrifice the moral support of the world.

According to Leonard Wood, Jr., the oil interests offered to nominate his father in 1920 if he would allow them to name the Secretary of the Interior and his father repudiated the proposition. Whether Fall was precisely the Secretary of the Interior the oil interests wanted, he no doubt served the purpose satisfactorily enough when he leased the oil lands to Doheny and Sinclair.

WHAT BECOMES OF YOUR INCOME TAX CHECK.

What becomes of the vast sums of money collected annually from the American people in the form of income taxes? How and by whom is it all handled? What happens to the taxpayer's check from the time it leaves his hands till it arrives in the Treasury of the United States?

There was a total of \$1,691,089,534.56 collected in income taxes on a total of 7,714,825 returns filed for the fiscal year ending June 30, 1923.

Sixty-five collectors, representing that number of collection districts in the United States, took care of all of that money and a large part of the returns.

Your check, when it arrives in the hands of the collector of your district, has the following adventures:

When the returns, accompanied by the remittances, are first received, they are promptly stamped with the date of receipt and sorted according to their form groups.

There are three major groups of forms: Form 1120 is the form for the filing of income returns from corporations. Forms 1040 for individuals whose income exceeds \$5,000 or is derived from business, and Form 1040A for individuals whose income is less than \$5,000 or is derived largely from salaries or wages.

The collectors send all the returns filed on Form 1120 and all those filed on Form 1040, whose income is \$15,000 or over, to the Bureau of Internal Revenue for auditing and retain all other returns in their own offices for auditing there.

After the returns are segregated into the proper classes, serial numbers are assigned and affixed both to the returns and the remittances. The remittances are then detached and the returns sent to a billing machine operator, who prepares assessment lists, tax bills, index cards and mailing addresses at the same operation.

When this has been completed the payments are posted to the lists by bookkeeping machines and the remittances are deposited in a designated Federal Reserve Bank or National Bank.

The bank issues a certificate of deposit to the collector and prepares a daily transcript of the United States Treasurer's general account, giving the Treasurer credit for the amount deposited.

Your check has then become a part of the United States Treasury and is used when necessary to help make up one of the numerous appropriations which are voted by Congress or ordered by appropriations committees with the proper authority.

In the event that your return, when audited, proves to have been too much, you are either credited with the excess amount or are given a refund. If you have made a mistake in your return and the auditing shows that you have filed a return for less than you should have you are assessed for the amount and charged 6 per cent interest, unless it proved that your return was fraudulent, in which case you are subject to a fine and a penalty.

SAFETY AT THE THROTTLE

In these days when the streets are filled with high-powered motor vehicles and the newspapers daily carry lists of traffic casualties, much is heard of "death cars." When an intoxicated or reckless driver is at the wheel, it is no exaggeration to speak of "Death at the Throttle." The more alarming these thoughts are to the public, the better. It is time the public were alarmed over conditions that caused more deaths last year than German bullets did to the American forces during the World War.

It is to be recognized, of course, that carelessness or thoughtlessness on the part of pedestrians was responsible for some of these mishaps—there are situations in which it is impossible to protect an absentminded person.

The moral law makes us our brothers' keepers at all times, and its penalty is mental suffering for those who ignore it. The safe rule is to run no unnecessary risk anywhere with danger. If you are a motor driver make up your mind now that you are going to represent Safety instead of Death at the Throttle.

THERE'S NO GLORY IN WAR

Dr. David Starr Jordan, president of Stanford University, takes a decided stand against the militarists who would instruct the students of the nation in the art of war. Dr. Jordan asserts that "Public opinion must become as high and as fine as is most private opinion as to the necessity for perpetual peace. In the schools of today, is the hope of the future. Education is the only certain way out of the present dilemma. The present generation controls the immediate future, but little children control the long future. Both must be educated, and the best line of education for peace is in the study of history. War should be taught as it is and not glorified."

"Cuba is not the only Latin-American country where the revelations at Washington are baking a bad impression, but the sure way to make the impression worse would be to cork up the mess instead of cleaning it up.—Springfield Republican. In this country, strange to say, those who have uncovered the mess are more denounced than the mess itself.

MARKETS

SLOW TRADING IS FEATURE OF STOCKS

By EDWARD J. CONDLON (UN Financial Editor)

NEW YORK, April 17.—Thursday's stock market hardly afforded a fair test of the opposing forces, inasmuch as the general exodus on Wednesday night of many traders who do not intend to return until Monday morning, left leadership in the hands of a few, and rather weak hands at that, judging from the ebb and flow of price.

Secretary Mellon's reference to the slower market for the products of New England textile mills brought on a flurry of selling in American woolen, forcing the common stock down to a new low for the year.

Much of the buying was rightly attributed to covering by tired shorts who were unwilling to risk the change in the complexion of affairs which may come between now and the opening of the market on Monday.

In the commodity markets, fluctuations were carried on in true pre-holiday style. Cotton sold off at the close after showing fair advances at the start under influence of a firm market in Liverpool.

Higher prices for grain, coffee and sugar more than offset any influence the dip in cotton might have on the stock market.

Foreign exchange continues to show a healthy tone.

MAN TAKING TREATMENT FOR BITE OF SKUNK

EL PASO, Tex., April 17.—Bitten on the foot by a skunk which got into his bedclothes while he was sleeping in the open, on a ranch at Magdalena, N. M., of the Red River Land and Cattle company, W. W. Benton, was taking pasteur treatment here, Thursday. Benton said that skunks were more apt to go mad than dogs and he was taking no chances. The animal was shot by a companion and the head brought here for examination but no reports has been made.

VOTE DEMANDED ON SHOALS PROPOSAL

WASHINGTON, April 17.—The Muscle Shoals situation has reached a crisis. Proponents of Henry Ford's offer for the huge southern power and nitrate plant are determined to obtain a vote on the question in the near future. Opponents, led by Senator Norris, of Nebraska, have signified their willingness to submit to a showdown any time Ford's adherents desire.

Further consideration of the McKenzie bill, providing for acceptance of the Detroit manufacturers bid would be useless, Senator Underwood, of Alabama, declared Thursday.

The bill "cannot be changed in any way so we should bring it to a vote," he said. Norris declared he would do nothing to prevent a vote on the proposition," he explains the agriculture committee now was holding hearings on Muscle Shoals legislation and had numerous proposals before it.

Meanwhile at the committee hearing, the Hooker-Atterbury-White offer which provides for a 50 year lease on all property and joint ownership of capital stock between the government and the corporation with the corporation controlling the company, occupied the center of the stage.

Elton Hooker, who would head the proposed company, declared he wanted to go into Muscle Shoals "not for the profit that is in it, but for the pure joy of achievement." He said if Ford could make fertilizer cheaper than his company could, he gladly would withdraw his bid.

MORGAN REFUSES COMMENT ON RUMORED REPORT

NEW YORK, April 17.—J. P. Morgan and company refused to comment on a report that the French government has repaid a portion of the \$100,000,000 borrowed from a group of American bankers headed by Morgan. Other banks concerned in the transaction stated positively Thursday that a portion of the money had been repaid, according to the Dow Jones financial agency.

TWO PLEAD GUILTY TO TRANSPORTING STOLEN AUTO

EL PASO, Tex., April 17.—Ralph Kelly, and William McCoy, sentenced to one year and a day in Leavenworth prison Thursday by Federal Judge W. R. Smith and sentence deferred on Clea Saunders, a pretty and attractive blonde. The three were charged with transporting a stolen automobile from Salina, Kan., to El Paso. The girl declared she rented the car, but did not know it was going to be stolen.

SPORT NEWS

SCHOOL STUDENTS WILL CONTEST FOR VARIOUS CHAMPIONSHIPS IN SCHOOL ACTIVITIES TODAY AND SAT.

More than five hundred school students will contest here today and tomorrow in the Lubbock District meet of the University Interscholastic League.

Superintendent M. M. Dupre, of the Lubbock City Schools, has arranged every possible entertainment for the hundreds who will be here for the two days, and efforts will be made to provide room and board accommodations for just as many of the visitors as possible.

Much interest will be shown in all of the contests, due to the fact that liberal rewards and beautiful loving cups will be given winners in practically all of them.

The program for the two days follows:

- Friday, April 18, 1924.**
- 1:00 o'clock, General meeting, High School Auditorium.
 - 2:00 o'clock, Class A, Track Meet, Fair Park.
 - 2:30 o'clock, First Preliminaries in Tennis, High School Courts. (Tennis will be continued all afternoon and all day Saturday.)
 - 2:00 o'clock, First Preliminary in Debate, High School building.
 - 3:30 o'clock, Second Preliminary in debate, High School building.
 - 5:00 o'clock, Third Preliminary in Debate, High School building.
 - 2:00 o'clock, Preliminaries in

GREAT PLAINS TRACK MEET AT CANYON APRIL 26

CANYON, Texas, April 17.—The Great Plains Track and Field Meet for this year will be held at Buffalo Park, Canyon, with The West Texas State Teachers' College as host, on April 26, New Mexico Military Institute of Roswell, Montana College, Las Vegas, Southwestern Teachers' College, Weatherford, Okla., Clarendon College, McMurry College, Abilene, Wayland College, Palmyra Junior A. & M. Goodwell, Okla., will be represented. The Weatherford aggregation holds the cup from last year.

The Buffaloes have the strongest track team of their history and expect to win their share of the first prizes.

LUBBOCK BEATS LITTLEFIELD THURSDAY

LITTLEFIELD, April 17.—Hills when hits meant runs, the Lubbock high school Westerners, although with several errors charged against them, played a consistent game of baseball here today, and defeated the local lads, 9 to 8, in the second game the two clubs have had this year.

The Westerners driving steadily on at all times and apparently undismayed by the sudden attacks of the local lads, went first into the lead and then behind again. The locals, assisted by errors and base hits, scored a total of three runs in their half of the opening session after the visitors had counted one. Then for three innings they were unable to score. In the fifth they jumped on the offerings of Williams for six hits and five runs, taking a lead on the exhibition that the visitors did not overcome until the eighth. Beyond this Williams tightened, giving up only three hits and Littlefield could not score.

Errors on the part of the Westerners were costly.

The Box score:

SOX MANAGER UNDERGOES OPERATION ON RIGHT EYE

By United News.
CHICAGO, Ill., April 17.—Frank Chance, White Sox manager, has been operated upon in Mercy hospital for what is characterized as "sinus trouble."

Six incisions were made under his right eye, and his physicians expect that he will have to undergo another operation. There is considerable conjecture among both Chance's friends and his physicians as to just what his condition may develop into and how long he will have to remain in the hospital. So far Chance has been unable to take charge of the White Sox and some of his friends believe that he will not actually handle the managerial reins this season.

Chance believes he will be up and out in a short time. His physician, Dr. Musgrave, says he must remain in the hospital indefinitely.

REBEL SOLDIERS WRECK PUMP STATION OF MEXICAN R. R.

By United News.
JUAREZ, Mexico, April 17.—The pumps and boiler of the Borjas Pumping Station on the Parral and Durango railroad, was wrecked Monday by about sixty Villistas, according to information reaching Juarez Thursday.

General Roman Lopez, commander of the fifth military zone has ordered troops in pursuit.

The Villistas have broken up into small groups, military officials say that is no danger to the government, but are capable of doing considerable damage to private property.

The military authorities have received a report that twenty-two horses, 14,000 rounds of ammunition and 54 guns have been seized at Alamo Alto.

General Mario R. Rendon, Severo Roza, and Alfredo Saucedo,

were among rebels captured and executed near Palmar Tamulipas.

REMAINS OF ACCIDENT VICTIM SHIPPED TO HIS BROTHER

The remains of R. L. Young, who died here at eight o'clock Wednesday evening of injuries received when he was run down by an automobile at the corner of Broadway

and Avenue I Tuesday afternoon at 2:45 o'clock, were shipped to his brother, J. R. Young, of Gainesville, Georgia, last night by the Simmons Undertaking Company.

A telegram instructing Mr. Simmons to ship the remains to that place was received Thursday afternoon.

Mack Bell of the Grovesville community, attended to business interests in Lubbock Wednesday.

Rev. Jack M. Lewis, pastor of the First Presbyterian church, left first of the week for El Paso, where he will spend about ten days taking the degrees in Scottish Rite Masonry.

George Ater, local young man, has accepted a position with the Bowen Drug Co., at the present time.

OBITUARY

Mrs. Lillian Eubanks
At the request of her pastor, Rev. F. R. Pickens, I will give a more extended notice of the life of Mrs. Lillian Eubanks, nee, McCarty. Her home came in the year of 21 years, 1 month and 28 days, which on April 3rd, 1924 ended the career of one whose useful life was really exceptional from early childhood. She has had a faithful christian life and was very active and efficient in Christian work. In thought and purpose, she lived on a plan much higher than the common level on which too many young people are content to stand. She did not live in vain, doubtless scores of aspiring youth will now her worthy character, emulate her virtues, and fashion their lives after her chaste and noble examples. Her influence, from the time she was a little girl in her teens has been so interwoven and entered into the shaping of social, moral and religious ideals in the Westport community, that she will not be soon forgotten. Today, her parents, her brothers and sisters are heart-broken, a fond husband mourns, two little motherless ones left to the care of others and the whole community bathed in tears, gazing upward and silently whispering, "Lillian, oh sweet Lillian watch and wait at the beautiful gate for we are coming too."

D. C. Ross, a former pastor.

RAILROAD URGES REDUCTION IN TAXATION

By United News.

TOPEKA, Kan., April 17.—Concrete roads and bus lines have so menaced the financial future of electric railroads operating in the state that Bruce Cameron, attorney for the Joplin-Pittsburg Inter-urban railroad company, Tuesday filed an application before the state tax commission here asking for a reduction in taxation of his company's properties.

Due to the competition with bus lines the company has been unable in the last year to meet tax bills amounting to \$67,000, according to Cameron. The tax commission has been requested to reduce the Joplin-Pittsburg road from \$1,400,000 to \$100,000 for taxation purposes.

The city of Emporia is now being served by bus line, because of the failure of the street car company to meet competition of these lines, and Cameron expressed fear of his company following that of the Emporia company unless granted help from the tax commission. The Joplin-Pittsburg lines run parallel with hard surfaced roads for 26 miles.

COLLEGE BAND WILL REPRESENT STEPHENVILLE AT BROWNWOOD

BROWNWOOD, Texas, April 17.—The John Tarleton Agricultural College cadet corps, the military band from that institution, and the Stephenville High School Band will represent Stephenville in a most creditable manner, according to information received by the West Texas Chamber of Commerce headquarters here today from D. G. Henswell, director of the military organization.

The John Tarleton band will arrive in Brownwood Sunday before the convention opens and precede the arrival of the cadet corps. The trip will be made in a freight truck, according to the information which reached here today. The band will bring as its sponsor, Miss Parilla Gibbs.

When the cadet corps arrives the students will be under a regular officer in charge and will make camp, where they will stay while here. The necessary tents and other things will be brought with them to make a military camp.

MELVIN CITIZEN HAS LAND NEAR LUBBOCK

John A. Broman, of Melvin, Texas, who bought a large tract of land six and a half miles west of Lubbock several months ago, is here and having a part of the land put into cultivation.

Due to the fact that he got a late start breaking the land, Mr. Broman is making every effort to rush the work at this time and hopes to have the land all in good shape within another week or ten days.

TO ATTEND MEETING OF UNION AT PORT ARTHUR

F. O. Kelly, secretary of the local carpenters and joiners union, will leave this morning for Port Arthur, where he will attend a conference of representatives of the American Federation of Labor.

Mrs. Kelly and the children will accompany him on the trip as far as Big Spring where they will visit with her parents for several days.

REBELS GET MUCH LOOT IN RAIDS ON TRAIN

JUAREZ, Mexico, April 17.—In raids on trains of the National Railways of Mexico, revolutionists have secured 273,368.68 pesos (approximately \$136,684.34) according to figures issued by the railroad company. The whole amount was

to El Paso, were held up in Chihuahua, 4 Villistas obtained \$3,249.28 pesos during January and in February got 4,928.51 pesos from express strong boxes.

The statement says that Marcial Cavazos shot the largest amount at Aragon on January 17—50,580 pesos.

SAN ANGELO SELECTS DUCHESS TO BROWNWOOD CONVENTION

SAN ANGELO, Texas, April 17.—Miss Louise Marsh will be Duchess and Miss Margaret Harris Maid of Honor for San Angelo at the Sixth Annual Convention of the West Texas Chamber of Commerce.

STOUT JACKSON AND MOORE'S FOLLIES WILL BE MAIN ATTRACTIONS AT SENIOR CARNIVAL THIS EVENING

Friday evening will be a happy one for the Lubbock people who will attend the Senior Carnival at the high school campus.

Stout Jackson, owner and actor in the "World's Greatest One Man Show," will be one of the entertainers at the carnival while Moore's Follies will be a feature that will attract all who witnessed their performances at the carnival conducted several weeks ago.

All proceeds will go to the fund for the 1924 Western annual of the high school, and it is hoped that a goodly sum can be raised for this purpose.

Tommy Moore and Gaylord Hankins have management of the carnival in charge and they will assure all who attend a full dime's worth of fun for every dime invested and besides they also assure those contemplating attending the carnival that it won't take a whole flock of money to see a great show.

GERMAN PLANS OUTLINED BY CHANCELLOR

By Ferdinand Jahn
(UN Staff Correspondent)
(Copyrighted 1924 by UN)

BERLIN, April 17.—Just what Germany envisaged in accepting the experts report in principle has been outlined to the United News by Chancellor Marx in an exclusive interview, the first he has given since Germany accepted the report.

Outstanding reports in the chancellor's assertions are:

1. Germany expects "complete and unrestricted disposal over the whole Reich territory without the boundaries set by the treaty of Versailles," if the amounts demanded by the experts' terms are to be achieved.
2. The chancellor suggested that fulfillment of the report would be endangered "if the immediate threat of disturbing interference continues to exist—whatever may be the form the threat takes."
3. "Unconditional and permanent guarantees for the fulfillment of the plans provisions are demanded from Germany and they will be granted," Marx said, adding "hence I deem it not proper if Germany wants to see that it will not be threatened with military interventions, which even with the best of intentions of fulfillment, would form a serious hindrance to an attempt to convert the plans into deeds."

The chancellor voiced marked approval of the mainlines of the report, however, in discussing the experts' work.

"The report of the experts' committee in which, as the German nation thankfully recognized, American representatives played the most prominent part is undoubtedly the most promising attempt to solve the reparations problem, which has

POLICE DOUBT CONFESSION OF VETERAN TO MURDER OF AVIATOR

By United News

PORTLAND, Ore., April 17.—Earle Remington, prominent Los Angeles aviator and manufacturer who was murdered February 15, 1923, at his home in that city, died at his hands Lawrence Aber, world war veteran, who surrendered himself to Portland police, declared today.

While frankly skeptical of Aber's story, in view of his admission that he is "probably burghouse" police are at work checking back on the details of the story related by the veteran of the Canadian and American armed forces.

Aber, 32 years old and told Captain Detectives Barker he was an inmate of the sawtooth sanatorium near Los Angeles at the time he and two other inmates committed the murder of Remington.

Remington's persistent sale of liquor to inmates of the soldiers home was given by Aber as his motive for the act.

FORMER CABINET OFFICER DECLARES McADOO NOT ACCEPTABLE NOMINEE

AUSTIN, Tex., April 17.—Albert S. Burleson, postmaster general in Woodrow Wilson's cabinet Wednesday, issued a statement in which he declared that his cabinet colleague, Wm. G. McAdoo is not an available candidate for the democratic nomination by president-elect Hoover.

"I agree with Governor Neff that the disclosures growing out of the Teapot Dome scandal have destroyed Mr. McAdoo's availability as a candidate, though I shall not go so far as to say that if nominated it would be impossible to elect him. Every thoughtful democrat, however, must know that it would make his election doubtful."

Mr. Burleson favors the nomination of Senator Underwood. The former cabinet officer says he is not in politics, that there is no office he wants, none that he would have but admits that he is "not in sympathy with Mr. McAdoo's candidacy."

W. B. THORP MOVED TO FARM HOME THURSDAY

W. B. Thorp moved Thursday to his farm home southeast of town and which adjoins the townsite and will have a part of the farm cultivated this year.

Mr. Thorp retains his interest in his business here, and will be active in its management.

PLANT A TREE!

SUIT FOR DAMAGE IS FILED BY TENANT

By United News

CHICAGO, Ill., April 17.—A landlord here may be forced to pay \$10,000 to the widow of a tenant who died of pneumonia in his apartment.

Several witnesses testified Tuesday that the tenant, Kurt Bornholdt, was frequently complained bitterly of the cold to the landlord, and janitor.

Despite their complaints they testified the flat remained very unheated all winter, until Bornholdt contracted pneumonia and died.

Judge David trying the case, declared at its inception that the outcome would establish a country-wide precedent concerning the responsibility of landlords to keep their apartments heated and would have a tendency to help under landlord and tenant relations.

Lee Biluet, janitor, testified that he had heated with the landlord's S. T. Butler, by order coal without avail.

The case is complicated by the fact that Butler is now confined in an insane asylum, and that his trustees and Mrs. Laura McIntosh, who leased the building from him, are co-defendants.

PIONEER MITCHELL CO. CATTLEMAN DIES AT COLORADO

COLORADO, Texas, April 17.—J. C. Prude, 67, pioneer Mitchell county cattleman and banker died at his home here.

Mr. Prude has been a citizen of Colorado during the past forty years. He owned ranch property in Brewster and Mitchell counties and had been a member of the board of directors of the Colorado National Bank many years.

He is survived by his wife and four children. The deceased was prominent in affairs of the Episcopal church and was one of the charter members of the church at Colorado, organized many years ago.

TEACHERS, PATRONS AND TRUSTEES MET AT SHALLOWATER; DISCUSSED MAJOR PROBLEMS OF CO. SCHOOLS

The Lubbock County Patrons, Teachers' and Trustees' Association held at Shallowater on the 11th was voted a great success by every visitor present.

Supt. Pevehouse had arranged a program which was instructive, entertaining and inspirational to all. Such programs are very helpful to all concerned and should be arranged as often as practicable. The different communities should arrange to invite these conventions, as so much benefit is received by the community that is host to them.

Supt. I. Johnson of Shallowater gave a hearty welcome to all visitors and made it clear that his people were happy to have and entertain that we all were placed at perfect ease from the first.

Response of welcome was made by Supt. C. L. Sone of Slaton. In this short talk he magnified the functions of the Rural High School and stamped the proposition of the seven months term as an epochal period in our history and gave to King Cotton.

County Agent Eaton gave a fine talk on balanced Agriculture. He made a warning prophecy of the collapse of the cotton industry when production should exceed demand. This, he said, would occur sometime, and then the only men who would survive would be the ones who have been wise enough to have a diversified acreage the year the calamity hit. He also pleaded for the long term schools.

Miss Eva Landers next presented her Primary pupils in a song. They showed fine training and reflect a credit on their splendid teacher.

M. L. Brashears, trustee from Acuff, that progressive community east of Lubbock and north of Slaton, discussed the duties of the School board. He made a fine analysis of these duties. He pointed out the importance of the school for agricultural interests and insisted on as long continuous term as possible.

Old fashioned hospitality was again exemplified by the good natured hospitality which we were called to a wonderful spread of the best things to eat anyone ever saw. For many years we have been used to community feasts and we believe this to be one of the best.

Mrs. Frank Bledsoe announced the General Federation of Women's Clubs at Lubbock May 5, 6, and 7. She stated that three hundred delegates were expected and that entertainment would be furnished by the various clubs of the county.

Mr. T. J. Richardson, Pres. of County Board talked upon the selection of teachers. He set a high standard for them. He is good enough to say that he believes that Lubbock County teachers measure up to his ideal in most cases. He pleads for co-operation between teachers and trustees in the management of our schools. He believes that Athletics is given too much time in some of our schools. He is very charitable in his views, however, and merely asks for a close investigation of his suggestions.

Bailey and Edna Ireland gave some concert numbers on the Saxophone and piano. They were repeatedly encored. Shallowater should be proud of her artists in the musical line.

"Kentucky Philosophy" of the stolen watermelon was read by little Miss Minnie Carter. A splendid impression was given in this selection to the delight of the audience.

Supt. Pevehouse made an address on the Biggest Needs of the Rural Schools. His speech was good and carried the sympathies of the audience with him. Continuous session and continuous attendance he placed as the biggest need. He thought it unfair to hold back the punctual pupils while the teacher gave individual coaching to the pupil who was careless about attendance.

The next great need, he said, is to have "real teachers" and real trustees. The teacher who teaches for love of the work and love of the pupil, uppermost in his mind is the only one who will surely build up the character of our young people and inspire them to accomplish things. The trustee who thinks of his duties as more than finding a teacher and signing vouchers will assist in building up our school systems along the rural communities.

The third great need suggested by Mr. Pevehouse was the laying of a comprehensive program of school affairs in each community by those in authority and putting that program as the chief affair of all the people. Let everything be secondary to that.

The fourth need is to make the school work, school play and school activities so attractive that our young people will find their chief delight to be in school all the time.

Judge Moore gave a fine talk on the benefits of schools and education. He complimented the Shallowater people for their progressiveness and accomplishments in school matters.

It will be remembered that Shallowater won the County Championship among all class B schools. It is a well balanced school, giving a fair attention to all departments of school activities, literary and physical training. An inspection of the class room by the writer impressed him with the efficiency of the teachers and the energy and progress of the pupils. From such communities, led by such competent teachers and school officials are coming those who will consti-

tute the leadership of our country. May their numbers increase.

"EAGLE'S FEATHER" PROVES THRILLER

A thrilling Metro picture full of delightful incident and fine action came to the R. & R. Theatre last night. It is called "The Eagle's Feather" and is a picturization of Katherine Newlin Burt's famous story of the same name which appeared in Cosmopolitan magazine some time ago. The story was read by millions of people and its picturization will undoubtedly be enjoyed by as many more for it deviates in no essentials from the great charm and sentiment of the original story.

"The Eagle's Feather" tell the story of a hard, unsentimental woman who scorns men and love and is known as the "biggest man in Bear Valley." But there comes a time when a newcomer on the ranch just returned from the war strikes her fancy and Della, the scornful of men, finds that Fate has played her a cruel trick. When she craves for love it is to her niece, a frail, beautiful girl, wholly feminine, that the man turns to with love, and she must acknowledge her only defeat and that at the hands of the sex she has despised all her life.

BLED SOE WILL RETURN TODAY FROM AUSTIN

Senator W. H. Bledsoe is expected to return to his home here today from Austin where he argued the case of Good and Tom Ross in the court of criminal appeals Wednesday.

Ross and Good who were convicted on joint charges of murder in connection with the shooting death of cattle inspectors W. D. Allison and H. L. Roberson at Seminole on the morning of April 1, 1923, are now in the Dallas jail sentenced to serve terms in the state penitentiary, and the outcome of Senator Bledsoe's efforts at Austin Wednesday will determine their fates.

If the decisions of the appeal courts are reversed by the trial court at Austin the cases will be reset for trial.

They will be temporarily saved from the penitentiary, however, by a motion for new hearings which their attorneys will file with the appeals court if that court affirms the decisions of the trial courts, and will therefore be saved from entering the penitentiary until that motion has been acted upon both by the appeals court and through the channels of law it would pass if granted.

These cases have attracted international notice because of the incidents leading up to the death of the cattle inspectors and because of the almost universal popularity of all principals.

The defendants were convicted on indictments of the murder of H. L. Roberson in the Lubbock district court, and later received like sentences for the alleged murder of W. D. Allison when this case was tried in the Taylor county district court at Abilene. There were gentlemen and other prominent citizens from all parts of Texas in attendance at the trials, and practically every big newspaper in the states featured the news incidents of the trials.

FARMING, LIVESTOCK AND POULTRY TO BE TALKED

BROWNWOOD, Texas, April 17. - Agriculture, live stock and poultry talks will feature a group meeting during the annual convention of the West Texas Chamber of Commerce to be held here May 13, 14, and 15, according to the program which is now being closed by the central committee of the convention.

Exhibit Manager B. M. Whittaker of the West Texas Chamber of Commerce will preside in the group meeting. Following the half dozen talks there will be a roundtable discussion.

Col. C. C. French, industrial manager of the Fort Worth Livestock Company, will deliver the opening address on livestock and agriculture. This will be followed by a talk on cotton seed breeding by A. K. Short of the Texas A. & M. College. Of interest to the agricultural men will be the address by R. E. Dickson, superintendent of the Texas sub-experiment station at Spur, on the selection of sorghum seed.

The sheep and goat raisers will come into their own when B. Young blood of the Texas A. & M. college and an active member of the Texas Sheep and Goat Raisers Association, delivers a talk along the lines of this industry in relation to prosperity to West Texas.

The poultry raising question will be discussed by F. W. Kazmier of the Universal Mills of Fort Worth.

This group meeting is one of the four to be held during the convention and is being conducted in the interest of many livestock raisers, agriculture producers, and poultry raisers who are expected to be here.

BUILD A HOME

WILLYS-KNIGHT

PROGRAMME

FOR TO-DAY

PARADE

Traversing the principal streets of Lubbock and beginning promptly at 1 o'clock, the Lub-Tex Motor Company will stage a novel parade. We insist that the parade will be novel, unusual and worth your time. Remember, it starts at 1 o'clock.

STEP CLIMBING

In the afternoon we drive an Overland automobile up steps of a 42 per cent incline. You will note the construction of steps and platform on vacant lot just east of Lub-Tex Motor Company building. While attending the South Plains Automobile Show please keep these events in mind.

OVERLAND BRONC

To further demonstrate features of the Overland we will exhibit today and tomorrow the "Overland Bronc" and we assure that this demonstration will be both amusing and convincing.

"OCEANS of POWER"

You will never appreciate just what this expression means unless you own an Overland automobile or see the demonstrations that will be made today and tomorrow.

Lub-Tex Motor Comp'y.

THE HOUSE OF MOTOR SERVICE

Don't fail to attend the South Plains Automobile Show, which opens today promptly at 2 o'clock. You will find many good cars and entertainment at the event. We, as Willys-Knight and Overland distributors, welcome the comparison of our cars during the show.

FARMERSVILLE GROWERS SET MILLIONS OF ONIONS

FARMERSVILLE, Texas, April 17.—Farmersville, with its patches, is competing with Fort Worth and its stock yards for civic distinction.

"The Texas-Packing Town" has no soft scented advantage when onions are brought into play, the farmers in this section claim.

Farmersville growers at the same breath announced they had just set the three-millionth Bermuda onion plant. The onion growers are planting 30,000 sets to the acre, and the yield averages 120 bushels each acre. One farmer alone laid out half a million sets, and he lives on his own farm.

Some of the growers planted cotton and onions on the same tracts. It keeps the boll weevil away if reported.

CANYON TEACHER TO STUDY AT CHICAGO UNIVERSITY

CANYON, Texas, April 17.—Miss Mary L. Clark of the Teachers' College faculty will be absent on leave for the 1924-25 session to study at the University of Chicago. Miss Cozette Howell, daughter of Mr. and Mrs. A. W. Hamill, of Canyon, will fill Miss Clark's position as school instructor during her absence.

THREE NEW BRICKS ARE PLANNED FOR LAMESA

LAMESA, Texas, April 17.—W. D. Adams is moving from the lots one block north of the square to the old court house that is now being used for a rooming house and there will be erected three brick business houses on these lots. This will complete all the space on the street north of the square.

FORTY BILLS RETURNED BY DAWSON CO. GRAND JURY

LAMESA, Texas, April 17.—Clark M. Mullican, district judge, has called court together at Lamesa on Monday the 15th to begin the third week. The grand jury has been in session two weeks and has found more than forty bills.

LITTLEFIELD ELECTS SOME TEACHERS FOR NEXT TERM

LITTLEFIELD, Texas, April 17.—At a meeting of the School Board last night, practically all of the present teachers were elected for next year. There are twelve teachers in the school now and five more will have to be added for next year, making seventeen.

The school has had a very successful year and will close the nine months term May 16.

THREE YOUTHS INDICTED IN SLAYING NEGRO GIRL

HOUSTON, Texas, April 17.—Bob Criss, Leo Day and John Thiel, Houston Heights boys were indicted Wednesday by the county grand jury for murder in connection with the killing of Drushehl Robinson, 14 year old negro girl.

A rock was thrown at negroes getting off a street car at the end of a Heights shuttle line four weeks ago. It struck the girl in the head. She died several days later.

QUANAH WILL ATTEND BROWNWOOD CONVENTION

QUANAH, Texas, April 17.—F. W. Kennerly, director of the West Texas Chamber of Commerce and president of the Quanah Chamber of Commerce, announced today that Quanah would go to the Sixth Annual Convention of the West Texas Chamber of Commerce at Brownwood in special pullman cars. The Quanah delegation will be much larger than the delegation was that went to San Angelo last year.

MINERS AND OPERATORS FAIL IN AGREEMENT

KANSAS CITY, April 17.—Not even a slight ray of hope that the miners and operators were scale committee were nearing an agreement in their negotiations, was forthcoming as their daily meeting adjourned Thursday.

John L. Lewis, president of the United Mine Workers of America, is here and some hopes are being pinned upon his intervention in the deadlock of nearly two weeks, for an early settlement.

More than forty thousand bituminous miners in the southwest are idle, and only a few independent mines in Missouri, Kansas and Arkansas are reported in operation.

LACK OF COMMON HUMAN QUALITIES IN COOLIDGE GIVES RISE TO UNUSUAL PROBLEM IN COMING CAMPAIGN

WASHINGTON, April 17.—Some personal peculiarities in President Coolidge have given rise to unusual problems in the matter of stage management during his coming campaign.

A large number of the advocates are unresponsive to weighty discussion of political issues and must be reached through eye and ear entertainment.

The public takes its presidential candidates to show the common human qualities. It likes human interest, cynics call it vaudeville in its politics. It is therefore necessary to get out in sharp relief the human side of a candidate.

Wilson, on the other hand, had an innate contempt for the tricks of the political impresario, but his brilliant intellect gave him a certain amount of compensating prestige.

But Coolidge is going to be more difficult. His own inclination is to sit at his desk throughout the campaign and carry on his work as usual, making only an occasional out-of-town address. But this program lacks the action which his managers want.

It has been agreed that Coolidge will make a barnstorming tour. He is not a natural stump speaker and does not relish the usual political speech. Instead, he will make a number of addresses over the radio. His voice is well adapted to aural transmission and the effort is not so taxing as addressing mass meetings in large halls or out of doors.

Then there is the question of handshaking. Coolidge does not relish this fatiguing chore as is indicated by his action Thursday when several hundred eager tourists augmented the usual noon day quota of handshakers at the White House offices.

Discovering the unusual size of the throng outside, Coolidge ordered the secret service men to hustle the visitor through his private office, single file so that they might see him. But he remained seated at his desk. He looked up from his work and greeted the throng with a hurried glance.

Handing used to say that he could make more votes by shaking hands with a thousand people than by making a speech to them. His endurance as a handshaker was one of the causes of his personal popularity. But Coolidge is not disposed to encroach this form of exercise, though his managers wish he would. It is probable that Mrs. Coolidge will be pushed to the

front when the campaign warms up. She is unusually vivacious and has a captivating personality.

WHEELER CHARGE CONTRADICTED

(Continued From Page 1.)

with department affairs, and suggested one. That was the last he had seen of the oil operator, he stated, until he met him at the Capitol Thursday. Booth is now a collector in the department of justice, having left the interior department last year.

Campbell told of seeing Wheeler about a month ago asking the senator to see if the interior department could stop a bank which was about to foreclose on him and have the money pulled out of an oil well on government land.

Booth then read a telegram, identified by Campbell as Wheeler's reply.

"We have taken up matter with department," it said. "Am advised government cannot intervene."

Card of Thanks

We wish to express to our friends our deepest appreciation for their kindness and sympathy to us in our recent bereavement. Especially do we appreciate the flowers and many many acts of kindness, all of which has been a comfort to us at this time. May God's richest blessing rest upon each and all of you is our prayer.

Mrs. C. N. Ferguson,
Mr. and Mrs. Chas. Ferguson,
Mr. and Mrs. H. A. Ferguson,
And Children.

ORPHANS HOME COMMITTEE REPORTS

The Board of Directors of the West Texas Children's Orphan Home appointed a committee to solicit funds for the purpose of erecting a substantial building. These committees have been out two days and have met with splendid success. The public has been kind and courteous and have given us their hearty co-operation, which is greatly appreciated by the Board of Directors.

The results of the first day's work amounted to \$1,166.00, and the second day \$1,655.50, making a

total for the two days of \$2,821.50. On account of so much preparatory work the committees have not had a chance to see but few people. The committees will continue their work until the people of Lubbock will have had an opportunity to subscribe to this worthy cause.

If this committee fails to see you, it will be greatly appreciated if you will look up one of the committeemen, and give in accordance with your desires. The following have subscribed the amount opposite their names:

First Day	
H. H. Hulsell	\$300.00

JAPAN WATCHES DEVELOPMENTS IN U. S. CONGRESS

(Continued From Page 1.)

closed in senate debate this week that the note of Ambassador Hanihara constituted a veiled threat to the United States.

The real purpose of the note in the opinion of this government, was to state the terms of the gentlemen's agreement and to offer to

modify it if the United States so desired.

There is no reason to state that this government cannot conceive of Japanese seriously thinking of war with the United States in view of the disaster occasioned by the recent earthquake and in view of the disparity in military strength.

President Coolidge has reached no final decision as to whether he will approve the immigration bill with the Japanese exclusion provision included, but indications are that he will sign it, perhaps signing at the same time a statement to mollify Japanese resentment.

Hanihara's phrase, "grave consequences" which caused such stir when read with its context, meant that grave consequences were feared to the friendly relations between the two governments, it was stated. No similar meaning was seen in this use of the phrase by American officials.

Ambassador Hanihara, it was explained, wrote his note to clear up the uncertainties surrounding the gentlemen's agreement. The house in debating the immigration bill, questioned the existence of the agreement, saying its terms had never been made public. The provisions, it is understood are embodied in a voluminous correspondence extending over a year.

Hanihara summarized this correspondence into a brief document and performed a useful service in so doing, it was stated.

The senate adopted an amendment to the immigration bill fixing the quotas at one percent of the 1910 census which would have in effect perpetuated the present law.

Later the senate adopted the Harrison amendment which would base all quotas on the 1890 census, thus overturning the action taken earlier in the day. Senator Harrison hopes to change the one percent limit to 2 per cent.

We will pay 17 cents for heavy hens the rest of this week. Lubbock Poultry and Egg Company. 145

Just Like Dad's Auto
Old Lady Visitor—"Did you have a good time in the country—learn to milk cows, etc?"
Little Tom—"Yes-um—first you

catch the cow—take her in the garage—give her some breakfast food and then drain her crank case."
